## HEADLINES

of the  
**WEEK**  
As Compiled by the  
Grosse Pointe News

Thursday, April 7

**FLOODWATERS SURGING** to a 100-year high marks Wednesday ravaged scores of Appalachian communities. The runaway waters trapped and drowned some victims as they tried to flee, inflicted tremendous property damage and triggered food, shelter and health emergencies. The rampage of mountain rivers and streams, and the torrential rains that triggered the floods, left at least 19 persons dead and drove about 21,000 from their homes in six southeastern states.

Friday, April 8

**ISRAELI PRIME MINISTER** Yitzhak Rabin resigned Thursday night as head of the ruling Labor Party and said he will not run in national elections scheduled for next month. He made the surprise announcement amid a growing scandal over a secret U.S. bank account. Rabin, 54, revealed his withdrawal in a nationwide radio and television interview and called it a "sad end." The move plunged the nation into fresh political turmoil before new national elections May 17.

Saturday, April 9

**THE MINNESOTA SUPREME** Court ordered two state agencies Friday to issue permits requested by Reserve Mining Co. for a taconite tailing disposal system at the Milepost Seven site preferred by the company. The decision could signal an end of a long legal battle in which the governments of Minnesota, Wisconsin and Michigan, along with the federal government, have tried to halt Reserve's dumping of taconite wastes into Lake Superior. Attorney General Warren Spannaus said he would have no announcement until Monday on whether the case would be appealed to the U.S. Supreme Court.

Sunday, April 10

**THE UNITED STEELWORKERS** Union accepted a new three-year contract offer from the nation's big 10 steel-makers Saturday despite sizable opposition that embarrassed retiring union president I. W. Abel. The contract was ratified in a 193-99 roll call vote of local union presidents in the basic steel industry, reversing an earlier rejection vote of 148-143. Rank-and-file ratification of the pact is not required under the steelworkers' union procedures.

Monday, April 11

**PRESIDENT CARTER** said Sunday he ordered the seizure of a Soviet trawler off New England late Saturday after warning the Soviet Embassy that the U. S. would no longer release Russian trawlers violating fishing rules within the new U. S. 200-mile limit. The seizure was the first under the new Fishery Management and Conservation Act of 1975, which took effect March 1. The law bans foreign vessels from fishing for certain species unless they have permits. The trawler was scheduled to arrive in Boston Monday and was placed under the custody of the U. S. attorney.

Tuesday, April 12

**HIGH WINDS** and warm temperatures Monday forced cancellation of burning permits in the northern half of Michigan's Lower Peninsula. The Department of Natural Resources acted as field fires swept through parts of the state, fueled by strong winds and near-drought conditions. Already this year, forest fires have consumed more than 10 times as much land as last year at this time, according to the DNR.

## Central Library Guttled by Fire

Photo by Tom Greenwood

Looking at the charred interior of a janitorial office at the central branch of the Grosse Pointe Public Library, 10 Kercheval avenue, it's hard to believe that things could have been worse. The fire, which started in an electrical

control panel, melted a water pipe and was eventually put out by the resulting steam. Officials hope to reopen the library by Monday, April 18.

## GP Central Library Hit by Fire

**Blaze, Which Starts in Electrical Panel, Causes Heavy Damage to Interior But Books Okay**

An early morning fire that started in an electrical panel in a janitor's office caused extensive damage to parts of the Central Library, 10 Kercheval avenue.

Damage to the books in the main portion of the building was averted when a one and a half inch water pipe burst from the intense heat, preventing the spread of the blaze and eventually extinguishing it.

Farms fire officials believe the fire started about 1 a.m., Saturday, April 9, but wasn't reported until 3:30 when Farms Police Officers Don Pilon and David Beekman discovered water running from beneath the front and rear doors of the building.

**Soggy Greeting**  
Responding Farms firemen, led by Lt. Arthur Turner, broke through the front door of the library and were greeted by a water soaked and smoke stained interior.

Water covered the entire floor of the building and glass panels near the rear of the structure were stained and covered with soot. The janitor's office was charred, with cracks caused by the inferno lacing the walls.

A wall phone across the hall had melted and then cooled into a drooping caricature of itself. A wooden

## GP Woods Commission to Investigate Possibility Of Fishing Dock at Park

**Council Asks Citizens Recreation Group to Explore Feasibility of Structure after Question of Fishing Pier Is Raised by Senior Citizens**

By Roger A. Waha

The question of a fishing pier at the Lake Front Park was once again discussed by the Woods Council at its regular meeting Monday, April 4, in relation to a Senior Citizens Commission recommendation that the council appropriate sufficient funds to build the structure for the use of all Woods citizens.

At the same time, the council unanimously concurred in a Committee of the Whole recommendation to refer the possibility of a proposed fishing dock, in lieu of a pier because of cost factors, to the Citizens Recreation Commission for its study and recommendation.

The last time the fishing pier issue came before the council was last summer when the solons voted 4-3 not to place this subject on the November election ballot.

**Concern over Costs**  
Considered at that time was a motion which would have placed a referendum question on the ballot asking voters if they were willing to pay an additional mill for one year for the construction of the pier.

If the motion had passed and if the voters had approved the question, the one mill would have raised around \$160,000 which would have went along with some \$100,000 tentatively set aside from the Lake Front Park bond issue at that time. The estimated, total cost of that project would have been around \$260,000, including engineering and contingency

fees.

Early last year, the council authorized City Engineer Larry Pate to formulate engineering plans for a proposed pier and to research the project. The ultimate result was a cost estimate of some \$250,000, plus a concern, if enough monies weren't available, that costs would increase if the project faced several construction phases.

Since the council vote nixing the ballot proposal, the question of a fishing pier remained in limbo — until the recommendation from the Senior Citizens Commission.

**Reviews Situation**  
Further reviewing the overall situation, Councilman Ronald R. Kefgen, chairman of the Parks and Recreation Committee, said the fishing pier question was considered by the Citizens Recreation Commission. The group was in the process of making a recommendation when Mr. Pate's report came to the fore.

## Cutting Costs Draws Praise

Cottage Hospital has again received a Certificate of Recognition from the American Hospital Assoc., (AHA), acknowledging its efforts to effectively monitor costs.

More than 3,000 health care institutions participate in the program of sharing cost and productivity data as a means of evaluating their own cost effectiveness.

Cottage Hospital has been taking part in the AHA-sponsored program for more than 10 years.

"We have found the information supplied to be an excellent management tool for appraising our cost containment efforts," says Cottage Administrator Ralph L. Wilgarde.

"By the sharing of data with other health care institutions, we are better able to provide effective cost containing procedures," he added.

## GPF Okays Two Police Contracts

**Mediator's Proposal for 1976-77, 1977-78 Accepted by Council at Monday's Meeting**

By Tom Greenwood

A mediator's proposal for final settlement for 1976-77 and 1977-78 between The Farms and the Grosse Pointe Farms Police Officers Assoc., (GPFOA), was accepted by the Farms Council at its regular meeting Monday, April 11.

The proposal, which covers patrolmen and corporals, was accepted earlier by members of the GPFOA.

Terms of the agreement for the 1976-77 contract, (retroactive to July 1, 1976), call for a basic wage of \$16,900 for patrolmen and \$18,000 for corporals. The previous wage had been \$15,800. Longevity pay was increased by \$50 at each step and holiday pay received an increase of \$50.

The second part of the agreement, covering 1977-78, calls for a wage increase to \$17,900 per year for patrolmen and \$19,000 for corporals. Patrolmen and corporals will receive one additional personal leave day effective July 1, 1977, and chargeable to sick leave.

**Both Sides Happy**  
A 60-40, (Class I), dental plan with a maximum of \$1,000 per person per year will become effective January 1, 1978. The city will pay up to a two person rate, (such as husband-wife).

The cost-of-living allowance agreement under the contract is based on a maximum of 12 cents x 1,000 hours of actual work performed between January 1-June 30, 1978. Under the agreement, each officer could receive a maximum of \$120, paid in a lump sum prior to March 31, 1978.

Both sides appeared to be pleased with the contracts. "We feel this was a reasonable settlement," City Clerk Richard G. Solak said. "It's fair to us and fair to the officers. We're especially happy that it's a two-year package."

Patrolman Clarence Reichling, president of the GPFOA, said "We're generally satisfied with the contracts. You can always hope for a little more money, but, overall, it's a very acceptable agreement. The men are happy with it."

## Pair Nabbed In Robbery of Jewelry Store

**Alert Citizens Aid Police in Apprehension of Suspects after Holdup in Woods; Articles Valued at An Estimated \$123,000 Recovered**

Two men, who allegedly held up the Lochmoor Jewelry, 20926 Mack avenue, moments after the store opened on Good Friday, April 8, were apprehended minutes later by police and over 230 articles, including rings, bracelets and watches, with an estimated, total value of \$123,000, were recovered.

One suspect, later identified as Nathaniel Griggs, 26, of 3532 Beaubien, Detroit, was arrested while hiding in some bushes near the Grosse Pointe Baptist Church, while the second suspect, Nick Rudolph Roberts, 25, of 3480 St. Antoine, Detroit, was apprehended while riding a southbound SEMTA bus along Mack avenue.

An estimated total of 20 police officers from The Woods, Harper Woods, Farms and Shores, along with some alert assistance from citizens, led to the apprehensions.

**Examination Scheduled**  
Both Griggs and Roberts were arraigned before Woods Municipal Judge J. Patrick Denis on Saturday, April 9.

Griggs is charged with two counts of robbery armed, one count of possession of a firearm in the commission of a felony and one count of felonious assault, (i.e., for allegedly pulling a gun on Woods Cpl. Thomas Kerling). Roberts is charged with two counts of robbery armed and one count of possession of a firearm in the commission of a felony.

Pleas of not guilty were entered for both suspects and the pair are being held in the Wayne County Jail in lieu of \$35,000 bond, two sureties or 10 percent cash pending their scheduled examination date of Wednesday, April 20, police said.

The incident unfolded when the suspects asked an electrician, who was doing work at the jewelry store, when the establishment was going to open. This occurred minutes before business hours.

## Kindergarten Sign Up Set

Plans are already underway at Mason Elementary School for the 1977-78 school year and Tuesday-Wednesday, April 26-27, have been set aside for kindergarten registration.

William Mestdagh, Mason principal, suggests that parents with prospective kindergarten students register their children at the Mason library, 1640 Vernier road, between 2:30 p.m. on Tuesday, or between 9:30-10:30 a.m. on Wednesday.

A child is eligible for kindergarten next fall if he or she attains the age of five years on or before this December 1. A birth certificate is required at the time of registration.

## North High's Student Paper Falls on Hard Times

For most of the students at North High School, there's still at least two months left before school lets out.

But, for the young journalists working at "North Pointe," North's weekly student newspaper, the semester may already be over—unless they get the support they need from the student body, parents and community to keep on publishing.

"North Pointe," which has won numerous awards including a Columbia University Scholastic Press Assoc. first class rating this year, is simply out of money.

The staff has been hit with three printing cost hikes this year alone, and its \$6,000 annual allotment from the Board of Education is just about depleted.

## Pointes Eye Freedom Of Info Act

**Woods Council Adopts Guidelines, Revises Fees in Relation to New Law**

By Roger A. Waha

The Freedom of Information Act, which became effective yesterday, April 13, was viewed by the Woods Council, who adopted guidelines in relation to the law at its regular meeting Monday, April 4.

Under the act, records retained by a public body may be inspected by any person, who's also entitled to receive copies of the record upon payment of a reasonable charge.

According to the law, a request for a record may be made orally or in writing and a response must be given within five business days unless there are unusual circumstances that make it difficult to obtain the record. If there are such circumstances, an additional 10 business days is allowed.

**Revisions Needed**  
The act also notes that a public body must respond to a request by either granting it or issuing a written notice explaining the reasons for denial.

In commenting about the provisions of the law, City Administrator Chester E. Petersen said, "I don't foresee any problems. Our city has always considered that anything of public record should be available for inspection or by having copies made."

"One difference for us is that we have updated some of our charges for copies or have made charges for copies that perhaps were distributed without any cost" (in the past). Citing the increasing costs to comply with the act, Mr. Petersen said it was necessary to have some revisions in this area.

In a memo to the council, Mr. Petersen noted the act will require the furnishing to the public, upon request, of many types of information and records held by the city.

"Since the act permits the charging of a fee under most circumstances, a new and revised fee schedule has been prepared," he said.

## Solons Okay Choice of Committee

**Parkins, Rogers and Associates, Inc., Receive Nod of Six Firms Considered**

By Roger A. Waha

The firm of Parkins, Rogers and Associates, Inc., was unanimously selected by the Woods Council at its regular meeting Monday, April 4, as the planning consultant for the city, based upon a recommendation of the selection committee made up of five officials, who considered a total of six planners for the position.

Given the responsibility to screen, interview and recommend a consultant, the committee comprised of Councilmen George S. Freeman and George Cueter and Planning Commissioners Peter Gilezan, Robert Trinklein and John Kennedy, recommended that the firm be engaged to perform work toward updating the city's zoning ordinance and preparing a land use plan.

Mr. Freeman's motion to concur in the committee's recommendation stipulated that the estimated cost for the work, i.e., updating the zoning ordinance, \$4,400, and formulating a land use plan, \$9,200, be considered for incorporation in the 1977-78 fiscal year budget.

**Set to Go**  
This means while the firm has been named, it isn't officially hired as yet.

**Decidedly pleased** upon learning of his firm's selection, Brandon M. Rogers, executive vice-president and a Farms resident, said, "We're all set to go. I'm greatly heartened and looking forward to another personal involvement."

Indicating a specific work program remains to be started, he said the overall scope would be a two-pronged attack to strengthen the city's zoning policies and to look into its future regarding a land use plan.

"We still need to work out work phasing and staging, and it's a matter of negotiations at this point," noted Mr. Rogers, who also said his firm's selection offered as much of a challenge to him as to the city.

In commenting upon the firm's selection, City Administrator Chester E. Petersen stated, "There's definitely a need for a professional planner within the community. The firm of Parkins, Rogers and Associates is well qualified in my opinion to perform such a service."

He added now it's a matter as to what the council will establish as priority needs in the 1977-78 fiscal year budget.

In recommending the firm, the committee considered

## Rummage Sale Helps Retarded

The Grosse Pointe Assoc. for Retarded Citizens will hold its second annual rummage and bake sale on Saturday, April 23, at the Eastern Unit of the Wayne County Assoc. for the Retarded, 9200 Connor, one block north of Harper.

Goods will be on sale from 10 a.m.-4 p.m. Discards that are especially needed are portable furniture, small appliances, machines, tools, children's clothing, games, household dishes and glassware, according to group president Ray Costan.

Pointers who wish to contribute to the fund raiser may call Dolores Powell at 884-7101, or the Eastern Unit at 839-3144. Donations may be delivered directly during sale hours.

Proceeds from the sale will go toward continuation of the summer program for the retarded in The Pointe.

The summer program has been funded by Wayne County school system in past years, but this summer, the county will not underwrite its cost.

**RECEIVES APPOINTMENT**

Painter George M. Houchens was recently appointed manager of information services for Gelman Instrument Co. A graduate of Wayne State University, Mr. Houchens has been active in the Drug Abuse Crisis Center, Harper Woods Civil Service Commission and parent-teacher organizations.

**Wins Award**

Kathleen A. McCleary, of Handy road, has been awarded a Uniroyal Merit Scholarship to study Liberal Arts. Miss McCleary is active in the Pointe Players, National Honor Society, Latin Club and Foreign Exchange Club. She qualified for her honor through National Merit Scholarship competition.

**'Creative' Days Set for Kids**

"Saturday Creative Experience," a five-session workshop open to any talented Pointe children in grades one through eight, will begin on Saturday, April 23, at the Grosse Pointe Academy, 171 Lakeshore road.

The workshop is aimed at helping children explore various art media and develop artistic skills and techniques. Margaret Hall and Robin Stallworth will conduct both a morning, (from 9:30-11:30 a.m.), and an afternoon, (from 12-2 p.m.), session.

Children will receive individual and group instruction in brush skills, pen and ink, pastel felt pen, charcoal, pencil and conte crayon with emphasis on drawing, painting and design.

All materials and supplies are included in the \$35 fee. For registration and more information call Dorcen McPhail at 888-1221.

David Owens, tennis professional at the Grosse Pointe Hunt Club, announces the opening of "The Lob Shop" featuring a complete line of top professional tennis apparel and equipment—recommended and fitted by an experienced tennis professional. Plus lessons available from the club professional.

**GPW Eyes Fishing Dock**

(Continued from Page 1)  
"The council felt it wasn't worthwhile because of the estimated cost of \$250,000 with the possibility, if the project went in stages, it would cost more than that. We also didn't have that much money available at that time, (around \$115,000 in bond issue monies wasn't committed), and there were other jobs that were needed at the park," he said.

So when the question came up again, the council discussed the possibility of a fishing dock rather than the more expensive pier. "This is certainly a possibility and it would be cheaper than having a pier, which would extend some 300-500 feet out into the lake," continued Mr. Kefgen.

At the same time, such important questions as needed dredging, sheet piling and necessary approval from the Department of Natural Resources would have to be explored in relation to a dock. Specific cost figures also would be needed for the council's consideration.

**On Dim Side**  
Doubting that a dock would even be built this year, Mr. Kefgen said, "I want a solid

turn-key figure. We just don't have the bond issue monies available" (right now). He estimated around \$50,000 or less remains uncommitted at this time.

Cost estimates mentioned at the council meeting ranged from as low as \$10,000 to as high as \$90,000 for a fishing dock. For his part, Mr. Kefgen felt the former figure was "way too low" while indicating a dock could cost between \$75,000-\$100,000.

And considering other priorities in the city, such as storm sewer relief in certain areas, and the estimated amount of monies left in the bond issue, the possibility of a fishing dock, at least this year, appears on the dim side for Mr. Kefgen.

He added that a proposed dock would probably be located at "the point" near the old swimming pool site, if it becomes a reality.

**Prudent Thing**

Meanwhile, Irene Sutton, chairman of the Senior Citizens Commission, said the group issued its recommendation because "as far as we knew, we had money available in the improvements fund," while adding she was under the impression the proposed fishing pier was a definite must, (as a consideration at bond issue time).

At the meeting, Councilman E.D. Grady indicated that such a structure might have been considered for future phases but that it wasn't an initial priority in the bond issue like, for example, the construction of the new swimming pools.

In any case, Mayor Benjamin W. Pinkos, in citing the cost estimate of a new pier by Mr. Pate and the council's overall feeling that it shouldn't be pursued because of the expense, noted that the further investigation of a fishing dock was the prudent thing to do at this time.

And that possibility is what the Citizens Recreation Commission is going to explore.

**Library Fire**

(Continued from Page 1)  
chair sitting beneath it was undamaged by the blaze.

The thick brick walls of the office and a fire door helped prevent the fire from spreading. A hallway above the office was damaged when the heat caused the tiles to buckle and melt.

**Eye Reopening**  
It is believed the fire damage will run into the thousands of dollars, although insurance adjusters inspecting the building on Monday, April 11, declined to estimate the loss.

William Peters, director of public libraries, was very concerned about the fire but felt the damages could have been worse. "Mostly, as far as the books are concerned, all they'll require will be a good vacuuming. Although no fire is good, this one could have been worse if that water pipe hadn't broken."

Mr. Peters has reassigned the central branch personnel to the Woods and Park branch libraries, which will now open at 10 a.m., (instead of 12:30 p.m.), for the balance of the week of April 11.

Library officials hope to have the main branch reopened by Monday, April 18.

## Merger Plan In GP City At Standstill

Municipality Still Must Win Legal Right to Force Police Training on Firemen

By Susan McDonald  
It's been six months since the City Council passed a law to consolidate its police and fire forces—yet, during that time, there have been few changes in the small community's public safety operation.

A new public safety director, retired Detroit Inspector Bruce Kennedy, has been hired, and police have begun to take training in firefighting skills. But, until the City can win the legal right to force police training on their firefighters, the consolidation plan will go no further.

The City has been tied up in arbitration, circuit court and Michigan Employment Relations Commission hearings since last summer by firefighters opposing the consolidation plan. And the strains on both the city administration's time and budget are beginning to be felt.

The various court battles "have taken a substantial amount of legal and administrative time," said City Manager Thomas Kressbach.

"There's no question that a number of other matters have been placed on a back burner as a result of all this." The council approved the recommendation of the Citizens' Research Council of Michigan to consolidate their departments last October.

The Research Council conducted a study of The City's facilities and force and concluded the municipality could save \$80,000 in salaries with a joint public safety department.

**Argue Case**  
Arbitration proceedings, before Inkster attorney Mario Chiesa, began last August but final arguments and rebuttals have to be made.

Mr. Chiesa said that he hopes the next meeting, scheduled for Saturday, May 7, will "wrap it up."

In the meantime, The City is under orders of a Wayne County Circuit Court judge not to implement the consolidation plan in any way that will effect firefighters until the arbitration hearings are concluded.

In more than one hundred hours of testimony, the firefighters have argued their case against forced consolidation from a variety of standpoints, including testimony from occupational physiologists, fire science professors, a national consultant in firefighting and local fire chiefs.

City Finance Director Dennis Foran, Citizens' Research Council consultant Glen Leonard and an Escanaba public safety director have testified on behalf of The City.

Whatever the arbitrator's final ruling, there's a strong possibility that one side or another may appeal the case in Wayne County Circuit Court as well.

## Chamber Music Concert Slated

The last concert for this season will be presented by the Chamber Music Players of Grosse Pointe in the Fries Ballroom of the War Memorial, 32 Lakeshore road, on Sunday, April 17, at 2:30 p.m.

The program will open with Reverie and Petite Valse by Caplet, Rondo Pastorale from Sonata in D Major by Hummel and Allegretto Grazioso by Burton, performed by flautist Debra Kuick, with Fontaine Laing at the piano.

Mezzo-Soprano Viola Meredith will sing a group of solos by Ravel, Faure, Carpentier and Vaughn Williams. She will be accompanied by pianist Alma Exley.

Lee Noble, clarinetist, Stanley Scottford, violinist, and Helene Vabolis, pianist, will then perform the Keggelstadt Trio in E Flat Major, Kochel 498, by Mozart.

The Woodwind Quintet No. 1 in E Flat Major by Peter Muller will bring the program to a close. Performers are Fred Brufordt, flute, John Aversa, clarinet, John Gajec, oboe, Mike Wieland, bassoon, and Dr. William Baker, French horn.

Mrs. Edward Wilson will be in charge of refreshments. The concert is open to the public, and there is an admission charge of \$1.

## 'Nitwit' Picks Wrong Banks

It was just one of those days for a man caught trying to pass one of 12 checks stolen from a doctor's office in The Farms.

According to police, who called the man a "nitwit," the suspect recently attempted to pass a \$500 check on the doctor's account at the Detroit Bank and Trust Co. at Mack avenue and Hillcrest road.

The teller refused. The man then tried again at the Woodward avenue and Milwaukee road branch of the same bank. He was once again refused, but this time the teller held onto the check and the suspect's driver's license.

He fled, but a short time later called and complained to a bank official that the teller had kept his license and the check. He was told to "come on down, we'll take care of it."

When he showed up, he was promptly arrested by Detroit Police.

the preceding year show a very encouraging gain of \$11,567.77, plus an increase of 308 donors, officials report. The Center needs \$145,000 to balance its budget for the fiscal year August 1, 1977-July 31, 1978. The target date to achieve this goal is Memorial Day, May 30.

**Only One-Fourth**  
The \$145,000 figure represents little more than a fourth of the Memorial's budget, with the remaining three-fourths coming from fees for services, classes, cultural events and activities and from income earned by a small invested endowment.

It keeps its fees as low as possible so that all citizens of The Pointe may participate.

In addition, there are many free events scheduled at the Center which also maintains a free hospital equipment loan closet, a community blood bank for free loan in case of emergency and has volunteer services for cancer, Children's Hospital and braille transcription.

The grounds and buildings of the Memorial Center at its lakefront location were outright gifts to the community, costing the citizens nothing.

**No Tax Funds**  
Some 250,000 come to the Center annually. There are activities and educational experiences for every age group from youngsters to senior citizens.

The Memorial preserves for The Pointe a community living room in one of the last remaining lakeshore mansions which is augmented by modern facilities where citizens can carry on the way of life which Pointers, whose names are on the bronze plaques in the foyer, fought and died for, officials say.

The Memorial takes no tax funds or United Foundation monies, earning three-fourths of its maintenance. The support of the citizens of all the Pointes is sought and needed in whatever amounts they feel they can give, and the Center deserves.

The volunteer Board of War Memorial Center is extremely grateful for the response and support received so far and urges all citizens to join in the family participation.

## Mason School Gets Big Gift

The Board of Education accepted a \$4,500 gift from the Ludington News Co. at its Monday, April 4, meeting.

The donation is earmarked for Mason Elementary School for the purchase of 2,000 paperback books and book racks for the school library.

The gift was given by Ivan Ludington in the name of Sen. Joseph Snyder, (Dem.-26th District).

## JOINS SYSTEM

The City Council voted Monday, March 24, to join a reciprocal retirement agreement with 217 other city governments. The agreement will preserve the retirement system service credits for public employees who transfer between units of government. Benefits paid would be based on actual service with the city. City Manager Thomas Kressbach said the agreement will be beneficial to the municipality as an employer as well as employees hoping to transfer to The Pointe.

# Officials Discuss Freedom of Information Act

(Continued from Page 1)

With one exception, the content of the schedule was approved as submitted to the council. The only change incorporated at the meeting was for a copy of the UD-10 accident report via the public safety department. It was slashed from \$10 per page to \$5 per page.

City Attorney George Catlin felt that the \$5 figure was more justifiable under the statute and would cover the time needed to gather, xerox and mail such a report.

The fee guidelines are broken down by department and include those of the city clerk, finance, tax, parks and recreation and public safety departments.

Under the city clerk classification, agendas of all council, committee of the whole and planning commission meetings are free of charge as they have been in the past, while minutes of these public bodies will be available at 10 cents per page. They were free of charge before.

**Cities Public Relations**

Copies of death certificates will remain the same, i.e., the first copy, \$2, and each additional one, 50 cents.

For those requesting a list of voters in one of the city's 12 precincts, the price was upped from \$2 each, (\$24 for all precincts), to \$5 each, (\$60 for all precincts). Payment in this case must be in advance so there's no wasted effort.

Meanwhile, citizens wishing copies of ordinances, (excepts from the city code), will be able to obtain them free of charge. Mr. Petersen, in his memo, said, from a public relations standpoint and as an aid in informing the citizenry about city laws, it's unwise to charge for such copies.

Under the finance department classification, a copy of the detailed budget would cost \$1 per page. Copies al-

ways are available at the front desk for viewing with an excerpt, or the entire document, available for purchase. An entire budget contains 50 pages double-sided and would cost \$100.

As for water bill records and a field sheet of an assessment, for instance, a citizen may only view his own water bill and field sheet.

Under parks and recreation, the rate for a duplicated park pass was increased from \$1 to \$2, and, under public safety, a form letter verification of theft/fire reports was hiked from \$2 to \$10 per page because, officials said, it was a time-consuming operation.

**Won't Be Different**

Officials in the other Pointes don't foresee any big problems at this time in complying with the law.

Stressing that public records in his city always are available, Park City Manager Robert A. Slone said his community began complying with the measure at the first of the year. It won't be any different than it has been before regarding our operation, he stated.

While specific fees for certain documents haven't been set as yet, he indicated that council minutes are available at the tentatively scheduled price of \$1 per set, no matter if one set has three pages and another, five pages.

Pending specific citizen requests for certain documents, a fee will be determined at that point depending on what it takes to research and/or copy such items, he indicated.

Residents wanting copies of The Park's ordinance books would have to pay \$2 but, now, the books are being reprinted and when that work's complete, a new fee will have to be set, (in consideration of necessary cost factors).

**Could Revise Fees**

For his part, City Manager Thomas Kressbach of Grosse

Pointe City said all such information has been available to residents in the past and he expects no substantial difference now that the new law is effective.

"We'll have to see what types of items people request. If it involves administrative time and cost we may have to establish a specific fee schedule," he said, while noting documents are handled on an item-by-item basis.

Emphasizing the city is open about its records, Mr. Kressbach said it will cost a citizen 25 cents per page for the xeroxing of council minutes. At the same time, copies of the budget and portions of the city's ordinance code are available at municipal offices for inspection, while officials are willing to xerox a page of these items as needed for residents.

Farms City Clerk Richard G. Solak felt some revision of fees may ultimately have to be considered toward encompassing types of material requested by citizens. "We'll have to look at costs and personnel time in relation to requests," he stated.

At this time, the city charges 25 cents per page for council minutes.

The NEWS was unable to contact either Shores Village Superintendent Thomas K. Jeffers or Village President Gerald C. Schroeder regarding the new law as both were reportedly out of town last week.

**Exempt Material**

Under the provisions of the

law, a variety of records are exempt from disclosure including the following:

Records constituting a clearly unwarranted invasion of privacy; investigating records compiled for law enforcement purposes; records exempt by statute; and records exempt under the Federal Family Educational and Privacy Act.

More include exempt records furnished by one public body to another; attorney-client privilege; bid proposals; real estate appraisals; test questions and answers; adivisory communications within a public body or between public bodies; law enforcement communication codes; and records of a police agency that would interfere with law enforcement or endanger a law enforcement officer, among others.

The public body must separate exempt and non-exempt material and must furnish the non-exempt material upon request.

A spokesman in the attorney general's office in Lansing indicated that all records are open to the public under the law unless they fall into the exempt material category.

He added that no criminal penalties are provided under the law. However, the act permits a person to file suit to force an agency to release a record which should be open. If that person is successful in his court battle, he can recover attorney fees and court costs.

Paper Hits Hard Times

(Continued from Page 1)

First, the "North Pointe" staff is asking a special favor of its regular advertisers in the form of a slightly higher ad rate for the special issue.

Co-editor, Bob Evanski, has distributed patron sheets to students in the hope they will donate \$1 for student patron status and \$2 for special student. Their names will be listed in the late April "North Pointe."

"I wouldn't say the response is overwhelming," said Miss Rowe, "but it's hard for the students—they're used to getting the paper for free."

The last aspect of the fund raising campaign is an appeal to parents, also in the form of a sponsor program.

For \$5, one can be listed in the special edition as a patron. For \$8 or more, one becomes a special patron.

Although Miss Rowe admits "it's very hard for us to reach parents," the staff has high hopes for the campaign.

Contributions should be made out to "North Pointe," and sent to the North Pointe Staff, 707 Vernier road, Grosse Pointe Woods.

Grunyons Set Center Sing

The Grunyons, Grosse Pointe's own Whiffenpoofs, will appear in concert in the War Memorial's Fries Building on Monday, April 25, at 8 p.m.

Given in connection with the Center's Annual Family Participation Drive, the event is free and the public is cordially invited to attend.

The group is preparing this concert as a certain raiser to its 10th annual participation in the musical parade of similar groups at Greenwich, Conn. The Grunyons have been organized 20 years and this year's concert will feature the best numbers of each of those years.

## Flooding Report from City Engineer Viewed in Woods

By Roger A. Waha  
A letter citing the agreement of a citizen's committee with City Engineer Larry Pate's recent engineering report on storm water run-off and basement flooding was viewed by the Woods Council at its regular meeting Monday, April 4.

The communication from M. J. Messerschmidt, on behalf of the northeast area group, also contained several additional recommendations for the council's consideration. Jim Gilleran spoke on behalf of the committee at the meeting.

In his report, which was released in February, Mr. Pate's recommendations included the diversion of surface water run-off from roof conductors to ground surfaces, i.e., diversion of flows from downspouts, plus the initiation of three sewer projects in an attempt to alleviate flooding conditions which affected various sections of the city last July 28, 29 via a heavy rainfall.

Two of the sewer installation projects were proposed for the southerly end of the city and the other for the northerly end. The estimated cost of the proposed projects reaches \$389,100 for the northeast section and \$22,500 for the southwest end, according to Mr. Pate's report.

In his letter, Mr. Messerschmidt suggested that the Pate Plan be implemented in several stages. Stage one would be the construction of a new storm sewer on Van K and Briarcliff, while stage two recommended that all catch basin inlets in the city be of the "restricted type," i.e., allowing the street to act as a reservoir.

Stage three eyes the disconnection of drain tile behind curbs in the area, while the fourth stage recommended a tie-in of the present sewer system, terminating at the intersection of Van K and Perrien place, to the adjacent storm sewer system at North Rosedale, to provide for a relief situation.

The final stage suggested was the disconnection of the front downspouts on all buildings in the northeast section. The committee felt that this stage be implemented only if all other avenues fail.

During the course of the discussion, City Administrator Chester E. Petersen recommended that disconnection of the front downspouts should actually be implemented first.

In relation to this, he told the NEWS that homes in the northeast area of the city will be sent a letter recommending this mode of action to help alleviate an individual home owner's own potential flooding problems, including the prominent one of water in basements.

In relation to "restricted type" catch basins, Mr. Petersen said all catch basins in the northeast section are of this type, where openings in the basins restrict the flow of water so it will not

run in too fast and overload the system.

He indicated personnel are checking the entire city toward making all such basins the "restricted type." About 80 percent of such basins in the community are of the "restricted type," and, hopefully, the other basins will be converted within the next month, he added.

As for the disconnection of drain tile behind curbs and the proposed sewer system tie-in, Mr. Petersen was asked to further explore these areas with Mr. Pate.

In a final note, the council on Monday, March 21, unanimously approved a resolution authorizing the Wayne County Drain Commissioner's Office to apply for federal funds to construct a relief drain from the Milk River Drain to Woods lane, i.e., in the northeast area. The estimated cost of this project is around \$75,000, including engineering and contingencies.

## Folk Guitar Classes Set

Both beginning and intermediate folk guitar classes will be held at the War Memorial this spring with Alexander Suezek as instructor.

Classes will be held Monday, April 18-June 20, with beginners meeting from 8:45-9 p.m. and intermediate students from 8-9 p.m.

The fee is \$22 for 10 weeks. Mr. Suezek taught folk guitar at the Center for more than a decade. A Harvard graduate and publisher by career, he is a troubadour and guitar instructor by avocation and has taught guitar to thousands of Pointers of all ages.

Using a method of gradual mastery of ever more complicated chords, Mr. Suezek teaches his students to accompany themselves and others in the songs of many lands.

He also is a collector of songs in nine languages.

Failure is no excuse to quit—the future always remains.

### GPW Approves Pair of 'Recs'

Two recommendations from City Comptroller-Assessor Frederick G. Hornfisher were unanimously approved by the Woods Council at its regular meeting Monday, April 4.

One was in relation to acceptance of a quote from the Square Deal Heating and Cooling Inc., of Detroit, in the amount of \$1,350 regarding the replacement of a defective condenser in the municipal building's air conditioning unit.

Mr. Hornfisher also suggested that the monies be charged to the city building and grounds account in the Department of Public Works budget.

The other was his recommendation that the city's present contract with Coopers and Lybrand be extended an additional two years, to June 30, 1979, at the same cost to the community of \$9,000 per year.

This is the final year of the firm's original three-year contract with the city for its annual examination of the municipality's financial statements.

### Robbery Suspects Nabbed in Woods

(Continued from Page 1)  
When the business did open, both men entered, forced two employees and the electrician to lay on the floor, while tying the hands of a customer, took the articles and then made their escape, according to police.

However, moments before the pair entered, an employee called the department to report the suspicious acting men based upon the information shared by the electrician.

**Chase Ensues**  
While responding to the scene, Cpl. Kerving received information that the wanted car was previously seen on Hawthorne road west of Mack. While a check of this area met with negative results, he observed a man wearing a white hat walking along Mack in the area.

Continuing to the store, Cpl. Kerving turned onto Hampton and a Harper Woods citizen said, "That's their car, the one in the white hat just got on a bus and the other one is in the store."

After exiting his auto, the corporal spotted the suspect, (i.e., Griggs), exit from the rear of the Lochmoor Lounge, 20934 Mack, carrying a plastic bag. He asked the suspect about the wanted car nearby and requested some identification. The suspect then placed the bag near the car and started to apparently reach for some identification.

Cpl. Kerving then asked what was in the bag and, at this point, the man started backing up and pulled out a gun. As the corporal drew his service revolver, the suspect ran to the rear of the Indian Village Cleaners, 20948 Mack, where he dropped his gun.

The chase continued to Roslyn road, between homes in Brys drive, (where the corporal fired a shot at the fleeing man), to Aline drive and ultimately to the church where the suspect was apprehended in the shrubbery. Meanwhile, Officer Thomas Hunke, who monitored Cpl.

Kerving's broadcast and the information revealed by the citizen, stopped the bus in front of departmental headquarters along Mack. As the man, (identified as Roberts), exited and placed himself in the spread eagle position against the bus, the broadcast of the robbery armed at the store was given.

**Citizens Praised**  
An examination of the bushes where Griggs was hiding revealed nine envelopes containing such articles as watches and rings, police said, while a check of the plastic bag revealed the other items, several of which were valued at over \$1,000 each. A total of \$50 cash also was taken in the robbery and this money was recovered.

Woods Det. Thomas Podeszwick, who was one of the officers at the scene, said, "If it wasn't for the citizens, there would have been no arrests. Original citizen contact alerted us to the situation." He then cited the electrician, the employees and the citizen in the street, all of whom were aware of the suspects walking and driving in the immediate area.

Echoing the detective's feeling was Woods Public Safety Director Henry Marchand, who cited the citizens for their involvement in aiding police.

### Lady Puts 'Bite' On Purse Thief

A Detroit woman, who walked from Detroit into The Park, was accosted and robbed of her purse at knife point on Monday, April 11, at about 12:15 a.m., said Park Lt. Gordon Duncan.

The woman told police she was walking at Ashland and Jefferson, Detroit, and was crossing to Barrington, when she heard footsteps, looked behind her and saw a man following her.

As she walked faster, the man kept pace, overtook her and put his hand over her mouth — and she bit him.

The woman said she saw a knife in her assailant's hand and heard him say, "Give me your purse." She said she reached in to extract her wallet, but the robber demanded her entire purse, which she gave him.

After grabbing the item, the thief ran off, going north on Wayburn from Jefferson, and disappeared. The purse snatch victim told police that while the robber got her purse, that was all as she had nothing of value, not even a cent, in it.

The thief was described as black, between 23-25 years, about 5'6" tall and weighing about 175 pounds.

### Board Grants Sabbatical Bid

By Susan McDonald

The Board of Education narrowly voted to grant its first teacher sabbatical since 1971 at its Monday, April 4, meeting.

The lucky recipient of the one-year leave is Francis Granger, a French instructor at South High School, who has been with The Pointe system for 15 years.

He said he plans to live in France and attend a university full-time during his year off. Although he hasn't yet

picked the school he will attend, he has decided to take courses leading to an MA in humanities.

Mr. Granger, who already holds an MA degree in French, said he chose the humanities course because it would "most enrich the classroom experiences I can provide students in the future."

The sabbatical was recommended by Superintendent Dr. William Coats and approved by a 4-3 vote.

Trustee William Huettman, who voted against the sabbatical, said he believes "there are other things in the school system I consider more worthy of our dollars." Joan Hanpeter, who also nixed the request, said "We have more urgent instructional priorities."

Board President Robert Warner also voted against the leave.

Trustee John Bruce argued in support of the leave, saying the sabbatical is a good way to improve staff qualifications.

"We do aspire to academic excellence here and sabbaticals are one means by which our staff can improve," he said.

The leave will cost the system between \$8-\$10,000.

Others voting in favor of the sabbatical were William Fleming, Laurence Harwood and Melissa Maghielse.

### State Has Fine Skiing Season

Record snowfalls and a lack of both at popular western U. S. ski centers, kept Michigan's ski resort operators smiling all the way to the bank this season, according to Automobile Club of Michigan.

Forty-two of 59 Michigan ski lodge owners recently polled by Auto Club cited more snow earlier, the deepest accumulations and best conditions for many areas in nearly two decades and a surge of new and out-of-state skiers as major contributors to the average 20 percent jump in crowds and profits over last season.

The increase helped boost the state winter sports industry's share of the tourist dollar by almost three percent, to nearly \$722 million, Auto Club stated.

"A lack of snow at Colorado and California ski resorts helped keep Michigan skiers home and attracted large numbers of Illinois, Indiana and Ohio skiers who normally would have traveled west over Christmas and New Year's," stated Joseph Ratke, Auto Club touring manager.

## Rockies Visited in DIA Movie

Don Cooper, the Alaska Lumberjack, tours the west's outdoor vacationlands from Mexico to Alaska in his color movie, "Rocky Mountain Adventure," to be shown for the World Adventure Series Sunday, April 17, in the Detroit Institute of Arts auditorium, at 3 p.m.

Mr. Cooper drives a home-made motor home north from Juarez to El Paso and across the New Mexico border with stops at White Sands National Monument, ancient Indian cliff dwellings, Taos Indian pueblo, Santa Fe and Old Fort Union.

Traveling north into Colorado, he shows the popular narrow gauge train ride from Durango to Silverton, the majestic Rockies, a horse roundup and all-girl rodeo in Wyoming and the famous Oregon Trail with closeups of moose and beaver.

He also hikes through Yellowstone, shows Earthquake Lake, a Montana cattle drive, Waterton Park across the border in Canada, the Edmonton Trail and towering Canadian Rockies.

In Alaska, he camps in Mt. McKinley National Park with its grizzly bears, black fox, caribou and other wildlife.

For tickets, call the World Adventure Series, at 832-7676, any day between 9:30 a.m.-5 p.m.

## Film on 'Corrie' Slated April 17

"Corrie: Behind the Scenes with The Hiding Place," a new full-length color release from World Wide Pictures, will be shown at Ebenezer Baptist Church, 21001 Moross road, on Sunday, April 17.

A single showing is scheduled to begin at 6:30 p.m. There's no admission charge.

"The Hiding Place," a true story filmed in Holland and other European locations, is based on the experiences of Corrie ten Boom, who, with her family, provided refuge for countless Jewish families during World War II.

## Emergency 'E' Cards Ready for Distribution

By Roger A. Waha

An estimated 1,500 red Emergency "E" cards, courtesy of the Kiwanis Club, were scheduled for distribution to police departments in all the Pointes and Harper Woods earlier this week as part of the community-wide outreach program on the subject of child molesting and school safety in general.

The program is being coordinated by the Youth Service Division, (YSD).

As part of the overall plan involving the school system, PTA-PTO representatives and local police departments, the distribution of the "E" cards will be handled by each department upon request of PTA's and PTO's, said YSD Det. Patrick Fagan.

The PTA's and PTO's are in the process of recruiting drives to obtain participants in the program, with those taking part, (after a criminal record check is conducted by police), placing the "E" card in front windows. Homes displaying the cards will be places of safety for a youngster in danger.

At the same time, an outgrowth of the Thursday, March 31, meeting in The Woods, which was attended by an estimated 40 educators and police officers, was a directive that the YSD would formulate a suggested policy and procedures in the area of child safety toward establishing an overall program in the community.

Det. Fagan, who's working on the guidelines, said he hopes the manual will be completed by the middle of next week. After a review by YSD officials, it is scheduled to be presented to all local police departments and to PTA-PTO presidents for their consideration.

Currently in its rough draft stages, the detective stated

### OLDANI RETIRES

William J. Oldani, of The Park, has announced his retirement from the position of assistant general counsel for General Motors Corp. Mr. Oldani, who joined GM 35 years ago, is well-known in the Detroit area as a high school football and basketball official. He attended the University of Notre Dame and the University of Detroit.

the booklet will contain information for a fan out system, (thus incorporating the school and home phones of all principals, plus the home phones of PTA-PTO presidents), missing person information forms for local police departments and a procedure to follow in the event a child is reported missing beginning with the initial call to a department's clerk-dispatcher.

In relation to the booklet, Det. Fagan stressed that such policies are pretty much in effect now with this aspect of the program already in gear, the manual notwithstanding.

He indicated the booklet is designed to serve as a guide regarding the operation of a child safety program in the community. A big emphasis in this respect is placed on the cooperation between the schools, police and citizens toward making, and keeping, the program viable.

As the program changes, Det. Fagan stated amendments and supplements will be provided to the manual as necessary.

Meanwhile, Woods Traffic Safety Officer Paul Crook, who, like Det. Fagan, cited a temporary slowdown regarding contacts because of Easter vacation, said the Emergency "E" program concept has been discussed with Harper Woods police officers and they have expressed an interest in participating.

At this point, Officer Crook is awaiting contact from that department on the number of "E" cards and pamphlets, (on the child molester), it will need.

A total of 6,500 pamphlets were printed as an aid to parents and already some 1,425 have been distributed to schools requesting them. The cost for this printing came from the YSD's current fiscal year budget.

As the program continues to move forward, school-oriented groups and organizations are invited to call the YSD, not only for obtaining pamphlets, but also toward having a YSD detective speak on child safety. The division's number is 886-2908.

## Woods Okays Flower Sale

The Woods Council unanimously concurred in a recommendation of the Beautification Commission, permitting the group to sell, and advertise, flowers on municipal building grounds May 21.

This action was taken at the regular meeting Monday, April 4.

Jean Rice, recording secretary of the commission, said such flowers as petunias and marigolds will be sold. The monies will go into a fund to be utilized for the purchase of flowers for the elevated bed in front of city hall, and for annuals at the Mack avenue-Vernier road intersection flower beds.

"I was in London when I first heard of Dinah Slade. She was broke and looking for a millionaire, while I was rich and looking for a mistress. From the start we were deeply compatible."

With these words, Susan Howatch, one of the authentic storytellers of our time, begins her sweeping and astonishing new novel, a book that for sheer power, drama and narrative urgency transcends even *Penmarric* and *Cashelmarra*, both worldwide successes.

With the same skill that enabled her to bring the nineteenth century so vividly to life in *Penmarric* and *Cashelmarra*, Susan Howatch has recreated the period from 1922 to 1940 in *The Rich Are Different*. The luxury of the twenties, the agony of the crash, the gathering storm of war, all form the background against which the characters of her novel play out their lives, from generation to generation, in a book that will not only confirm but enhance Ms. Howatch's unique reputation and astonishing record of success.

## Planning Consultant Selected by Woods Council

(Continued from Page 1)

several factors, according to Mr. Gilezan, including the consultants' familiarity with The Pointe area.

"We interviewed six high quality planning consultants with in-depth presentations being made and long deliberations with each firm ensuing," he said.

"Because of the firm's familiarity with the community and the work of the firm and Mr. Rogers with our sister cities of Harper Woods, Grosse Pointe Farms and Grosse Pointe City, we took a unanimous position on this and felt it was essential to get it, (i.e., the recommendation), before the council."

Stressing the need to have a definite plan in hand so officials are able to speak more forthrightly to issues which come before them month after month, e.g., rezoning questions, parking considerations, senior citizens housing, et al., Mr. Gilezan stated the planning consultant will operate within the proper environment, (i.e., receiving guidelines from the Planning Commission and the council), toward serving the city on a short and long term basis regarding the definition of goals.

Mr. Cueter indicated the selection committee picked out around seven main areas for consideration and this was what Parkins, Rogers and Associates addressed themselves to regarding its bid on the proposal.

**Perimeters Set**

He then cited the firm's estimate toward completing the work program: four months to update the zoning ordinance and six months to develop a land use plan,

(with the possibility the times may run concurrently).

In response to a question from Mr. Petersen that the committee's original charge was to focus upon the zoning ordinance and land use plan only, Mr. Gilezan replied, "Early on in the discussions it became obvious that parameters should be established. This led to the development of several points, (e.g., senior citizens housing, future redevelopment of the Seven-Mile area), we believed to be major concerns of the city."

"We attempted to define these for the consultants regarding the zoning ordinance and land use plan."

Echoing this statement, Mr. Kennedy said, "The seven issues have been strong problems in the city and were necessary in relation to land use and the development of the zoning ordinance. We didn't vary from our assignment."

Mr. Cueter also noted that all six consultants interviewed addressed themselves to the same questions—update the ordinance and develop a land use plan at the same time. "This is how the seven areas came to be," he said, while adding the Parkins, Rogers and Associates estimate of \$13,600 incorporates work in all of the areas.

**Planner Needed**

Other comments from the council were favorable toward hiring a consultant for the city.

Based upon his experience as a Planning Commissioner, Councilman John Sabol said officials often faced problems that they were not capable of solving, while indicating a firm, through its guidance, could accomplish various objectives.

Meanwhile, Councilman E. D. Grady, a former member of the Planning Commission, stated it's a great advantage to have a planner for both the council and the commission regarding long-term objectives and ensuring decisions to avoid inconsistency and expediency.

Mayor Benjamin W. Pinkos, in responding to a substitute motion by Councilwoman Joan M. Mullan to refer this matter to the Committee of the Whole for further study, said, "I feel a planning consultant is needed and I will go along with the recommendation. I don't feel a Committee of the Whole discussion will have a big impact on the recommendation."

Mr. Mullan, who immediately withdrew her substitute motion, stated, while she had no objection to the recommendation and felt the committee did a wonderful job, she wanted to hash the matter out further at committee level).

**Main Areas**

Councilman Ronald R. Keigen asked if the committee decided to make its recommendation after each candidate submitted a firm financial proposal, and Mr. Gilezan said this was the case, that committee members were aware of cost factors and that the firm of Parkins, Rogers and Associates

was the low bidder.

Main areas of focus as confirmed by Mr. Rogers in a communication to Mr. Petersen on February 28 view a complete updating of the zoning ordinance with special attention to the following:

★ Multiple housing regulations.

★ Sign regulations, (types of signs permitted).

★ Off-street parking regulations for both residential and commercial.

★ Recreation vehicle and mobile home storage regulation.

★ Architectural control and quality regulations for Mack avenue.

Under the land use plan, Mr. Rogers eyes the following areas:

★ Analysis for the multiple dwelling market in the city, i.e., work to prepare a land use plan which would reflect desirable goals and objectives for land use development and housing types in the city. The multiple housing market would be thoroughly examined in relation to present and expected future population needs.

**Key Points**

★ Senior citizen housing analysis, i.e., the examination of population characteristics in the socioeconomic profile analysis and relate same to a balanced land use plan based upon projections of different types of land use and of "population components in the city."

★ Seven-Mile and Mack analysis and future redevelopment.

In the firm's proposals to the city for zoning and planning services, many key points are discussed.

Under "planning standards" — "We feel that the zoning ordinance can be revised to encourage modern development practices by offering incentives to landowners and developers to provide imaginative site planning and good architectural design in consideration of city approval of new types of land uses and their intensity of development."

"We would, therefore, thoroughly examine the present city zoning ordinance and make recommendations on desirable minimum regulations for open space, off-street parking and loading, building height, rights-of-way and site plan review."

Under "permitted uses in zoning districts" — "Concerning the zoning districts themselves, we would evaluate the suitability of the various permitted and conditional land uses in existing districts and

also the need for any new zoning districts to achieve adequate control of future development in the city."

**Woods Developed**

Under "multiple housing standards" — "Even though there are a number of two-family and multiple dwelling structures in the city today, there is likely to be increasing demand in the future for additional, efficient multiple housing for young families, single persons, the elderly and others."

"The location of such housing must be carefully planned so as not to disrupt the stability of existing single-family neighborhoods."

Under "consideration of legislative and legal restraints on zoning" — "Since the city council can adopt most any kind of standard it desires in its zoning ordinance, we feel it is incumbent upon the planning consultant to recommend planning standards and for the city attorney to approve the legal form and content of the ordinance, consistent with the state statute . . . and court decisions recently handed down, so as to minimize litigation and adverse court decisions."

As for the proposal to prepare a city land use plan, the firm says, "The City of Grosse Pointe Woods is nearly completely developed . . .

"We firmly feel that a built-up, stable community, such as Grosse Pointe Woods, must exert concerted planning and zoning efforts to maintain the quality of its living environment, more than in a partially developed community with options for new urban development techniques and housing styles."

**Keeping Aware**

Continuing, the firm notes, "There is a need to prepare, in our opinion, a land use plan for the City of Grosse Pointe Woods to keep city officials and the public aware of changing population and economic conditions and development opportunities in the city."

The firm feels there must be an evaluation of housing quality and neighborhood environment, and a long-range consideration of the needs of merchants, professional people and public and semi-public uses for future parking and loading and beautification efforts.

"A land use plan can set standards for maintenance and upgrading of both residential and non-residential land uses," the firm says, and it "must reflect desirable goals and objectives for land use development and

housing types in the city."

Under "goals and objectives" — "The firm says it would assist the city in preparing a statement of goals, assumptions and constraints to express the major policies, plans, projects and proposals which express the direction in which the city will move."

On a land use plan itself, the firm says it "can and should serve to guide day-to-day zoning and development decisions and indicate to the public the official city policy on future land utilization within the city."

In a letter to Mr. Petersen dated January 7, Mr. Rogers cited his firm's qualifications for the selection committee's consideration.

**Vast Background**

"We have the necessary experience and qualified personnel, and detailed technical knowledge and understanding of your community and its problems as well as extensive experience in the Grosse Pointe area," he said, while noting the firm has served as planning consultant to municipalities in the vicinity of The Woods since 1953 as well as throughout Michigan and nationally.

The firm was appointed as planning consultant to the City of Harper Woods by that city's first council in 1953, and has served as consultant continuously for Grosse Pointe City since 1966. It also prepared the officially adopted, (as an ordinance), land use plan for The Farms in 1972, and is serving such communities as Allen Park, Lincoln Park, Southgate, Dearborn Heights, Port Huron, Bay City and Muskegon.

Mr. Rogers would be the planner-in-charge of the program in The Woods, both for the technical aspects and the educational presentation work at workshops before the Planning Commission and council and at public hearings.

Other firms considered by the committee include Johnson, Johnson and Roy, Inc., of Ann Arbor; Vilcan Lenan and Associates, of Southfield; Gerald Luedtke and Associates, Detroit; Community Planning Consultants, of Warren; and Community Planning and Management, of Utica.

## GP Park Group Keeping Busy

The Grosse Pointe Park Civic Assoc. is making plans for a variety of activities as the warm weather approaches.

A community garage sale is scheduled to be held sometime this spring. Sales tables will be available for a small rental fee, while movies will be shown for the youngsters. A small admission fee also will be charged.

In June, the association will hold its second annual square dance, the proceeds of which will be utilized for another gala Grosse Pointe Park Fourth of July celebration.

The association is asking all Park residents to provide financial support for the non-profit community group.

Monies will be used for the purpose of sponsoring community projects and events and disseminating important information of community interest. Membership dues are \$5.

Checks should be made payable to the Grosse Pointe Park Civic Assoc., 15439 Windmill Pointe drive, Grosse Pointe Park 48230.

Names and addresses should be included with membership checks.

## Utility Taxes Eyed by Nedzi

Legislation creating a deduction for utility taxes under the federal code was introduced by Congressman Lucien N. Nedzi, (D-Michigan), last week, according to a news release from his office.

Presently taxpayers who itemize deductions on their federal income tax returns may deduct state and local

real property taxes, income taxes and general sales taxes.

Utility taxes are not deductible except in instances where the Internal Revenue Service determines they are actually an application of the general sales tax on goods and services in the taxing unit.

The City of Detroit utility tax is not deductible under present regulations.

"The original intent of the Congress in establishing deductions for state and local taxes was to prevent an unfair burden on taxpayers," Mr. Nedzi said.

"Consumers are feeling the bite utility taxes take out of their income as utility bills soar. To deny them a deduction for utility taxes, while allowing one for other state and local taxes is inequitable."

## GP Community Chorus Has Rich Background

The Grosse Pointe Community Chorus will begin its 25th year Sunday, April 24, with its annual spring concert, traditionally held at Parcels School, 20600 Mack avenue. The event begins at 3 p.m.

It all started one evening early in January 1953 when Malcolm Johns, then organist and choir master at Grosse Pointe Memorial Church and assistant professor at Wayne University, and his wife, Marian, were having a case of post-holiday blues. "Why don't we have a chorus?", Marian said. They called a few friends, set up a meeting and the project was launched with enthusiasm and efficiency.

Eighty-eight people showed up ready to sing at the first rehearsal on February 4, 1953, and soon 104 voices were joined together in harmony to present the first concert that May. There were no try-outs or auditions, as this group was established for the enjoyment of all those who "just like to sing."

Frank Sladen Jr. was elected first president, his wife, Elizabeth, accompanied the chorus, and James Lafer, as president of Parcels Junior High School, offered to arrange for weekly rehearsals in the school choral room.

Soon there were the beginnings of a music library which has since grown to the extent that this collection is now available to churches, schools and choral groups and is kept at the Grosse Pointe Public Library.

The chorus flourished under the leadership of Mr. Johns and his officers, and in December 1954, performed the Christmas section of Handel's Messiah with the newly formed Grosse Pointe Symphony, whose organization was a "sparked" by the success of the chorus.

In 1955, two years after its inception, the chorus was described by one reviewer as a singing organization "clearly showing itself to be not only a means of providing a highly pleasant and enjoyable musical experience for those who flock to hear its concerts, but also a most worthwhile addition to the cultural life of the Grosse Pointe communities."

Mr. Johns continued to build the enthusiasm and artistry of the chorus until June 1957 when his professional schedule became too heavy to include the direction of the group. He relinquished the baton to Dr. Donald Simmons, the choral instructor at Parcels Middle School and youth choir director at Grosse Pointe Congregational Church.

He continued the traditions of the chorus and expanded its repertoire and music library during his seven years as director. In December 1964, Dr. Simmons moved on to a greater challenge at Ohio State University and passed the baton on to Richard Johns, (no relation to Malcolm), choirmaster of the Grosse Pointe Woods Presbyterian Church, who engages in music as an avocation.

Over the years, several patient accompanists have lent their helping hands, including Milton Setzer, Jerry Hughes and, presently, Janet Young.

Chorus history shows a 1955 premiere performance of a new group of carols by Alfred Burt with words by Wihla

## GP Park Firefighters Have Busy Easter Day

Park firefighters were kept busy Easter Sunday, April 10, as alarms were received on a house, car and motorcycle fire.

The house fire, of an unknown origin, resulted in a woman occupant suffering first degree burns about the face, smoke inhalation and lacerations of the hands, apparently caused when she broke a window to let in fresh air, according to information released by Fire Chief Phillip Costa.

The first alarm on the house fire came in at 8:10 a.m. and all department personnel and apparatus responded to a four-family unit at 1088 Beaconsfield. The City dispatched three men and a fire truck to assist.

On arrival, the firefighters found a "going fire" in a bedroom of the lower right

who, over the years, have sung to audiences averaging approximately 600 people per concert, or more than 30,000 listeners.

Annual spring and Christmas concerts are further enhanced by guest performers, who have included members of the Detroit Symphony Orchestra, talented solo singers from within the chorus, dual piano performances by the accompanist and guest pianists, folk singers, bell ringers, a Bavarian band, Grosse Pointe's own Grunions and many talented young high school students, thereby contributing to the continuation of their musical career.

Traditionally, concerts are followed by a reception for

chorus and audiences with punch and cookies donated by chorus members.

With the fine cooperation of the Grosse Pointe Board of Education, the chorus hopes to continue its service to the community — giving pleasure to the participants and entertainment to audiences for many years to come.

**Wine Lines**  
by John Lundberg

How does the pink get into pink champagne? Most likely it is produced by the addition of some red wine that comes from a region near the champagne vineyard. Sometimes, it comes from leaving the skins in the fermenting vat for a little longer than is usual. Most champagne is white, though, because it comes from grapes that may be red on the outside but are white on the inside. If it is made from an all white grape, it is labeled blanc de blancs and generally has a lighter taste than other champagnes and is very pale. Pink champagne is also lighter and dryer than regular champagne, and these light wines are usually more expensive than the regular old champagne. These days, light champagne is in vogue, wine people say, but experts agree that good wine is a matter of taste.

Good wines and good champagnes are yours for the choosing at PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626. We have over 20 different brands of champagnes as well as an outstanding selection of domestic and imported wines. And you can save 10% off our already low prices when you buy by the case. Hours: 10-10 Mon.-Thurs.: 10-11 Fri., Sat.

**WINE TIP:**

## Cinema League Meets April 18

Robert Matthews will present his films "Button Willow" and "Galloping Goose" at the Monday, April 18, meeting of the Grosse Pointe Cinema League in the War Memorial's Fries Auditorium, 32 Lakeshore road, at 8 p.m.

These 16mm color movies were filmed last fall on a motor trip through the states of New Mexico, Arizona, California, Utah, Colorado and South Dakota.

The audience will first see views of the badlands of South Dakota where erosion has exposed strata of varicolored earth and rock.

Following will be the spectacular scenery of Arches National Park in Utah. Here, erosion has carved openings into hundreds of vertical slabs in this redrock country. Enlarged by weathering, these openings are classed as arches, and have spans up to 291 feet and heights of up to 105 feet.

Additional unique rock structures, including balanced rock, also will be viewed.

Thousands of the giant Joshua trees, a species of Yucca in the lily family, are seen at California's Joshua National Monument. The country's greatest concentration of these giant plants is here, and many mature Joshuas of from 10 to 40 feet high will be presented.

The second film to be shown by Mr. Matthews is "Galloping Goose," named after the odd, hybrid conveyance used for years on Colorado's narrow-gauge railroads for carrying light freight and a few passengers.

These vehicles, one of which is seen on display at Delores, Colo., began life as Pierce-Arrow and Packard cars, and were later modified by installing railroad wheels on the axles and replacing the regular bodies with large wooden structures for freight and passengers.

The audience will visit Colorado's Great Sand Dune National Monument where some of the country's greatest sand dunes are located. Rising to heights of 700 feet in places, the dunes are unique in that they are confined to this small area, hundreds of miles from any other similar dunes.

At Mesa Verde National Park, the film will show views of the numerous cliff dwellings, structures built into the faces of sheer cliffs where their occupants, the Basketmaker Indians, lived and worked. The dwellings were built after 1200 AD for protection from hostile warriors and from the weather.

In the southwest, scenes of the U. S. Air Force Academy, the Petrified Forest

and Bryce Canyon National Park also will be shown.

The fall colors in all their splendor and the snow-capped mountain peaks will be presented often in both of Mr. Matthews' films.

The public is invited to attend this program without charge. A reception for Cinema League members and their invited guests follows the presentation.

### Know Your Schools

By Dr. William Coats,  
Superintendent of Schools

The impact of the administrative realignment which was approved last fall by the Board of Education is beginning to be seen. As one example, I cite the work in elementary curriculum being spearheaded by Dr. Alfreda M. Frost, director of Elementary Education, building principals and members of the teaching staff.

Last week in this column I indicated that goals and objectives have been identified in 23 specific areas. At last count, there were 15 committees organized to delve into the elementary curriculum.

Dr. Sally J. Bell, principal of Defer, heads the Language Arts group concerned with listening and usage in grades three-six. Working with her are Carolyn Zysk and Phyllis Hewitt of Ferry School, Jean Snell of Maize, Jean Goodwin of Poupard and Rita Flaherty of Kerby.

Donald Bassett, principal of Maize, heads the Literature Committees reviewing the fifth and sixth grade curriculum. Others working on these are Nancy Kline and Ernest Alden of Defer, Charles Stewart of Poupard, Jean Rusing of Mason, Dyane Apkarian of Ferry and Juanita Arndt of Trombly.

Providing additional input for this group are Sandy VanDoren and Linda Grant, members of the Inter-Faith Education Task Force.

Dr. Eric Follo, principal of Trombly School, heads two committees charged with reviewing the Social Studies curriculum, a fourth grade group examining "Native American and Michigan History" and a fifth grade group concerned with "Michigan Today."

Dr. Follo's assistants are Mary Ellen Floer and Nancy Hogan of Maize, Thekla Abels of Poupard, William Raupagh of Monteith and Vivian Putrycus and Linda Schoonbeck of Defer.

A committee working on the implementation of the Metric System is headed by Ferry Principal John Rohrer. District-wide representatives of the teaching staff under his direction are Betty Durkin of Poupard, Barbara Thompson of Maize, John Leppiaho of Mason and Wayne Bolden of Ferry.

Jay Flowers, principal of Richard, heads a committee concerned with "Reading Follow-up" in grades one-six. Working with him are teachers Ann Curtis of Defer, Marianne Parthum of Trombly, Earlene Lopoccola of Barnes, Dolores Maddock of Ferry and Marcia Kearney of Monteith.

The Handwriting Committee, headed by principal Edwin Wendt of Poupard, numbers among its members Irene Lowther of Barnes, Shirley Kirk of Defer, Mary Jo Dillaman and Norma Stephenson of Ferry and Joan Kubista of Mason.

Barnes principal Jack McMahon and his committee of teachers are concerned with the Spelling Program in grades one-six. Six teachers working on this project are Regina Gersch and Margot Kahl, Ferry, Virginia Johnston, Defer, Thelma Grandia, Poupard, Rosalie Bryk, Barnes, and Jean Palazzolo, Monteith.

The Health Committee chaired by principal William Mesdagh of Mason has four teachers on it. They are Jean Pattinson of Maize, Marjorie Angyal of Richard, Nancy Salamas of Trombly and Bernard LeMieux of Richard and Poupard.

At work on the Mathematics Curriculum is a committee of seven headed by John Rohrer, principal of Ferry. Working on this important area are Eleanor Obermeyer and Edward McKeehan of Maize, Bethany Trusty of Ferry, Marion Rose of Kerby, Shirley LaJoy of Defer, Carolyn Smith of Barnes and Loretta Dunec of Richard. **Drain Meeting Notice Filed**

A notice viewing the maintenance cost of the Milk River Drain, an inter-county drain located in Wayne and Macomb Counties, and in the cities of Grosse Pointe Woods, Harper Woods and St. Clair Shores, was unanimously received and placed on file by the Woods Council at its regular meeting Monday, April 4.

The notice, for a meeting of the Inter-County Drainage Board for the Milk River Drain, views tentatively re-apportioned costs for each community, the county and the state. It will be held on Thursday, April 28, in the Harper Woods City Hall, 19617 Harper Avenue, at 10:30 a.m. for the purpose of hearing any objections to the re-apportionments.

The re-apportionment of maintenance costs is based upon the transfer of jurisdiction over part of Vernier road from the state to the City of Harper Woods thereby changing apportionments to that city and the state.

The Woods' apportionment of the total percentage of cost, 60.499831 percent, remains the same. The percentages of Wayne County, on account of drainage of county highways, 1.673702 percent, and the City of St. Clair Shores, 41.8933 percent, also remain the same.

However, both Harper Woods and the State of Michigan have small percentage changes. As proposed, Harper Woods will be 35.107571 percent, while the state, on account of drainage of state highways, will be 2.299963 percent.

## Letters to the Editor

To the Editor:

Many, many thanks are in order to the "Grosse Pointe News" for the wonderful opportunity provided for the Northeast Guidance Center—the annual "Guidance Gazette" supplement which appeared with the March 24 edition.

Each year the "Gazette" becomes a more and more important part of the Assistance League's effort to promote knowledge of the center and to raise funds for it.

The business community has continued to support this very worthwhile project by their ever increasing donations and advertisements. We know that they are contacted by numerous groups, so we

are especially grateful that they have chosen to support us.

Bill Adamo, advertising manager of the "Grosse Pointe News," has been our "guiding star." Each year he is most patient and proficient in working with our volunteer staff.

I also wish to publicly thank our chairmen this year who have all done a remarkable job — Flo Kliber, Sid Burrows, Elsie Horvath, Marion Lisotto and Beverly and Roy Leinweber.

For the seventh year, the "Grosse Pointe News" has made a positive community contribution by promoting good mental health through the "Guidance Gazette."

Very sincerely,  
Mrs. Thomas G. Arndt,  
President,  
Assistance League to the Northeast Guidance Center

Sleepless nights have a way of magnifying trifling doubts into insurmountable obstacles.

Both the moonstone and the pearl serve June as her birthstone. Their sentiment is wealth, and Orientals have said they are lucky stones which bring happiness to lovers. Moonstones come from the silicate mineral feldspar. They take their name from the blue glow they emit which looks like moonlight. Often they are too soft for rings, but are admirably suited for necklaces and pins. The pearl is well-fitted as one of June's birthstones because that is the month of weddings, and pearls are often given to brides. Pearls are either natural or the less expensive but beautiful cultured ones. They come in a variety of colors — white is the symbol of idealism, pink of beauty, gray of contemplation.

VALENTE JEWELRY, 16601 East Warren at Kensington, Detroit, 881-4800, carries a good selection of stones of all kinds to suit your personal tastes and budget requirements. We have a wide variety of dinner rings, many with genuine stones. We also have on display, art objects and antique jewelry, some dating back to the 14th and 15th century. We invite you to come in whether you are presently contemplating the purchase of a piece of fine jewelry or not.

### GEM FACT:

A good cultured pearl necklace should be guaranteed to last a lifetime or more with ordinary care.

## WCCC Slates Six Classes

Spring semester courses will begin meeting the first week of May in The Pointe with six new classes offered by the Wayne County Community College, (WCCC), community service department.

All classes will meet at Grosse Pointe Memorial Church, 16 Lakeshore road.

"Assertiveness Training for Women," aimed at developing skills to preserve and protect women's rights, will meet on Tuesdays, May 10-June 14, from 6:30-9:30 p.m. The fee is \$17.

"Beginning Genealogy," a course to help students trace their American ancestry through a variety of sources, also will meet on Tuesdays, May 3-June 28, from 7-9 p.m. The course charge is \$15.

On Thursdays, May 5-July 7, "Comprehensive Self Defense for Women" will meet from 9 a.m.-12 noon. The fee for this course, aimed at developing physical, mental and emotional approaches to self defense, is \$22.

"Conversational Spanish" will cost \$21.50 and meet on Tuesdays, May 10-June 28, from 7-9 p.m.

The "Rapid Reading" course's \$91 fee includes a guarantee to more than double a student's original reading rate. The class meets on Mondays, May 2-July 18, from 6:30-9:30 p.m.

For a charge of \$20, WCCC offers a "Silk Screening Process" course on Thursdays, May 5-June 16, from 9-11:45 a.m.

Students may register for the classes at the WCCC Community Services Office, 4612 Woodward, between 9 a.m.-5 p.m. or at the first scheduled class. There are no class fees for retired persons over 55 years or for anyone over 60-years-old.

Anyone may register, regardless of their educational background or age. For more information, call 832-4750.

## Austin Tops In Forensics

Austin Catholic Prep School recently hosted district competition in the Michigan Forensics League. Austin students won every category but two in the meet, competing against schools such as Dominican, Northern, Servite and De La Salle.

Taking honors in the informative speaking category were Ray Mui, first place, and John Maksym, second. A first in serious interpretive reading went to Art Solky, with Joe Surmont taking third place.

Gene Belanger was judged best in the humorous interpretive reading category. Rudy Mui took second in that competition.

Best storyteller at the meet was Robert Steiber, with Donald Schmid taking second place. Tim Ruwart and John Lesow won first and second place, respectively, in the oratory division.

In the category of boys extemp, Ted Gebauer and Mike Stone took first and second place, respectively. David Applegate won a third in radio broadcasting.

The team of Thomas Shea, Ralph Basile, Jerry Antonelli, James Moran and Kevin Bach were judged best for the reading of "The Terror of Bexhill — on Sea."

## Eight Seeking Board Posts

There will be a full slate of eight candidates seeking two Board of Education posts in the June 13 annual elections. The terms of Laurence J. Harwood and Melissa B. Maghielse will expire on June 30.

Mr. Harwood will seek reelection for another four-year term. Mrs. Maghielse will not run.

Other candidates include Park residents Anne Ardussi, Dorothy M. Kennel and Paul D. McCarthy. Candidates from The Woods are Richard D. Robbins and Paul M. Quint. Frances Twiddy, of The City, and Barbara Youngs, of The Farms, also will run.

Superintendent of Schools Dr. William Coats will host an informational meeting for all the candidates in the Board Offices, 389 St. Clair avenue, on Monday, April 18, at 4 p.m.

"We appreciate the candidates' interest in the important civic responsibility of serving the Board of Education," Dr. Coats said.

At the meeting he hopes to "help familiarize the candidates with the operation of the school and library systems, as well as the more important issues and concerns facing our school system."

## Kids Take Part in Art Contest

Photo by Tom Greenwood

The theme was animals and the response was terrific. Surrounded by just a portion of the 100 entries in the Village Bakery sponsored art contest, MARIE BRABB checks a list of winners. The drawings will remain at the shop until Monday, April 18. Open to children three-18, the contest was directed toward all area students.

## Village Bakery Sponsors Successful Art Contest

By Tom Greenwood

A visitor to the Village Bakery can quiet a raving sweet tooth and satisfy artistic cravings at the same time, thanks to an art contest sponsored by the pastry shop.

The theme of the contest was animals, and it was open to all area students between the ages of three and 18. Over 100 etchings, drawings and sketches now adorn the bakery's walls. Naturally, some of the art work is childish, while other efforts show imagination and talent.

"Even Picasso had to start some place," said Marie Brabb, manager of the store, so we decided to run this contest to show off local talent. Our customers have really enjoyed it."

The contest was broken down into four categories: ages three to eight; nine to 12; 13-18 and "Most Creative." Judging the contest were Tom Omolet, Louise Nobili and Paolo Coppini, all instructors at Sacred Heart Academy.

"They took their job quite seriously," said Mrs. Brabb. "They didn't just rush in and pick some winners. They walked up and down before the pictures, studying each one before announcing their decisions. It took them over two hours."

In the three-eight-year-old category, the first and second place winners were Meghan Schulte, 4, and Holly Babish, 8, respectively. Darby Dettlinger, 9, and Brooke Reuther, 12, won first and second place honors, respectively, in the nine-12 division, while Donald Paynter, 16, and Mary Proffit, 13, won in the 13-18 category.

Scott Tyler, 12, and Lizzy Benz, 12, were the winners in the "Most Creative" division.

Prizes donated by local businesses included tennis rackets, clothes, viewmasters, stuffed animals, hats, candy, frisbees, watchbands, macrame sets, embroidered pillows and for at least one grateful father, a free haircut.

First place winners in the contest will receive huge party trays of pizza to help celebrate their accomplishments.

Actually, it's an accomplishment just locating the Village Bakery. Opened for just over a year now, the shop is tucked into a little corner behind Nature's Best Health Food Store, away from Kercheval avenue.

With classical music filling

the air, and customers quietly discussing philosophy at small tables, the shop seems more like a coffee house than a bakery.

The atmosphere is relaxed, as adults freely mingle with local students popping in and out for soft drinks and doughnuts. Regular patrons have their own coffee mugs on a shelf, ready to be filled when they walk in. Everyone seems to be on a first name basis.

"We try to provide an atmosphere as well as good food," said Mrs. Brabb. "I think that's one reason why we're so popular with the kids. Nobody hassles anybody."

The pictures will remain at the bakery until Monday, April 18.

## Insects Subject Of Garden Talk

"Insects, Insecticides and Fungicides" will be discussed by Gerald E. ("Jerry") Draheim, when the Men's Garden Club of Grosse Pointe holds its regular meeting Thursday, April 21, at the Central Library, 10 Kercheval avenue. The meeting is set for 8 p.m.

Born and raised on a Wisconsin dairy farm, Mr. Draheim received a Bachelor of Science degree in Floriculture from the University of Wisconsin.

After graduation, he joined Holton and Hunkel Co. of Milwaukee as quality control director. His responsibilities included all disease and insect control for flower crops grown under 650,000 square feet of glass.

His employer was the largest greenhouse firm of its kind east of the Rocky Mountains.

In 1970, he joined the Michigan State University Extension Service and has been working in Wayne County as Horticultural Agent.

His activities include nursery and landscape programs, home owner horticultural problems, garden centers, sod production and greenhouse crops.

He also is involved in ecology work, and carries on the Greenhorn Ecology program in Wayne County.

All male gardeners in the area are invited to attend.

This old world is filled with all manner of men-endowed with all manner of manners.

## From Another Pointe of View

By Janet Mueller

How about a color tour of Michigan next fall aboard a private plane, with a lunch stop on Mackinac Island?

It's a possibility . . . if your bid for it is top at Action Auction '77, the Grosse Pointe Academy's popular, annual fund-raiser.

Action Auction gets underway a week from tomorrow, Friday, April 22, at 5:30 o'clock at the Grosse Pointe Yacht Club.

Larry DuMouchelle, Detroit's busiest auctioneer, foresees the heaviest action in the Auction's eight-year history due to the unique array of items up for bid.

They range from a Day with the Red Wings to a Five-Day Trip for Eight aboard a Ford Freighter to a chance to play in the J. P. McCarthy-P.A.L. Golf Tournament.

They include the use of vacation houses in such spots as Palm Springs and Pompano, Hilton Head Island and Harbor Springs, plus a Ski Weekend at Sugar Loaf and a Tennis Weekend at Boyne Mountain Lodge.

Now those are all "biggies" . . . but there's lots to bid on in the less-than-superduper category, too, for values range from \$50 to \$5,000. Actually, it's fun just to BE there.

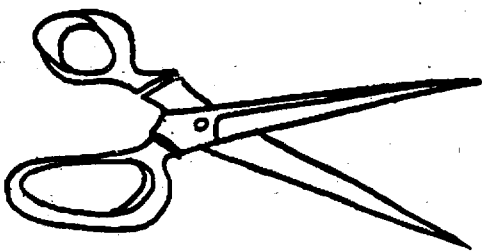

To insure that guests are in the mood for bidding at the live auction, over 100 items will be offered in a write-in auction during cocktail hour.

General chairmen of Action Auction '77 are Mr. and Mrs. Peter O'Rourke. Honorary chairmen are Mr. and Mrs. Emmet E. Tracy.

Party proceeds, (general admission is \$15; Doreen McPhail, 886-1221, has reservation information), go to support the Academy, which offers a unique educational experience to students in the Greater Detroit community.

### Josiah Harmar DAR Will Meet April 16

Members of General Josiah Harmar Chapter, Daughters of the American Revolution, gather for their regular monthly meeting this Saturday, April 16, at the Livonia home of Mrs. R.M. Stewart who will be assisted by co-hostesses Mrs. Donald Ryder and Mrs. Florence Davis.

Tea will be served at 12:30 o'clock. Following a business meeting, Miss Annabel Miller, chairman of Josiah Harmar's motion picture and television committee, will review the new book "Gods of the Antenna."

### Book Review Group to Meet

Members of the Book Review Group of Grosse Pointe Memorial Church will meet next Tuesday, April 19, at 1 o'clock following the regular Tuesday Women's Association luncheon at noon in Fellowship Hall.

John Wooley, business editor of the Detroit Free Press, will review "The Gamesman" by Michael Macoby, a study of leadership in business. All interested persons are invited to attend.

High School East graduate, son of the CHARLES R. MENAGHS, of Blairmoor court, has maintained a 4.0 average for all his major

academic courses, and has been cited for research work on several independent projects. (Continued on Page 28)

## Pro Musica Plans A Birthday Party

Three Musical Performances to Be Featured During 50th Anniversary Celebration; Champagne Reception, Dinner and Afterglow Scheduled

To celebrate 50 years of programming classical musicians into the Detroit-Windsor metropolitan area, Pro Musica plans a birthday party Friday evening, April 22, at the Grosse Pointe War Memorial. Reservations are available to members and the public.

The party will feature three musical performances. Pianist Ralph Votapek, winner of the 1962 Van Cliburn competition, will give a short concert, including some of Gershwin's arrangements of his own music. Violinist Gordon Staples, concertmaster of the Detroit Symphony, will play a Bach Preludium.

For the after glow, Pro Musica President and Mrs. Alex Suckek will play Viennese songs.

The entire party, champagne reception, dinner and three musical performances, is offered at \$15 per person. Checks should be mailed to Pro Musica, 20114 Stratford road, Detroit, Michigan 48221.

Pro Musica began in 1927 with two concerts by performers-composers Bella Bartok and Maurice Ravel. For 50 years, through depression, wars and recession, it has brought modern composers and notable solo artists and ensembles into Detroit for three concerts a year at the Detroit Institute of Arts.

Such composers as Respighi, Prokofiev and Poulenc have appeared before Pro Musica.

The list of solo artists and ensembles is nearly as impressive, with William Prim-

rose and Claudio Arrau, the Juilliard and Guarneris String Quartets making their initial appearances in Detroit for Pro Musica.

No concert tickets are sold at the door, but memberships are available at \$15 each for the season. Memberships include admission to three concerts yearly and to the artist's reception after each concert.

Ralph Votapek, born in Milwaukee in 1939, has enjoyed a front-rank position among concert pianists since his victory in the First International Van Cliburn competition.

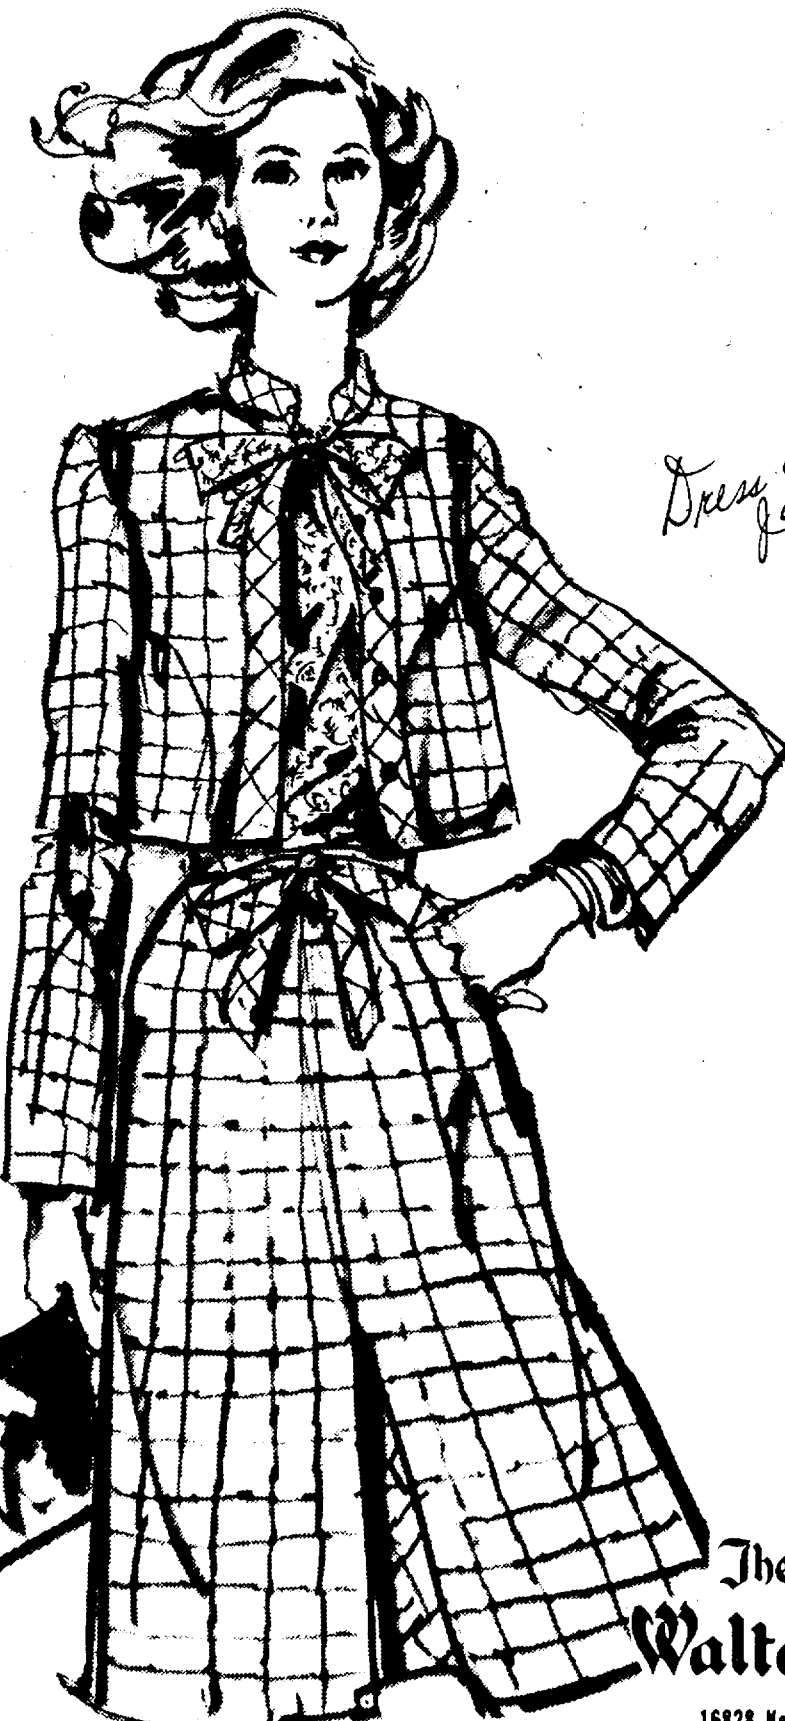

Now a veteran of annual American tours, he divides his time between performing in North and South America and his role as artist-in-residence at Michigan State University.

His appearances in the United States have included performances with the Chicago Symphony and the Boston Pops.

In January, 1975, Mr. Votapek was invited by the Russian Government to tour the Soviet Union. He performed in major cities both in recital and with orchestra, with outstanding success.

Mr. Votapek began his musical studies at the age of nine at the Wisconsin Conservatory in Milwaukee. He later studied for four years at (Continued on Page 19)

## Florida Rites for Sally Begg

Sally Begg, daughter of Mrs. C. Brooks Begg, of Lakeland avenue, and the late Mr. Begg, was married Thursday, March 17, in Vero Beach, Fla., to J. Mercer Garnett, of New York City, son of Mrs. George Strong, of Chestnut Hill, Pa., and Muscoe R. H. Garnett, of Loretta, Va.

Sally is employed by Readers Digest, in the Art Department of the Great Books Division. Her husband is a vice-president of Marsh and McLennan, Inc. They will make their home in New York City.

## Five Pointes Club to Meet

Mrs. Andrew Campbell will open her North Oxford road home Monday, April 18, at 12:30 o'clock for Five Pointes Garden Club's annual meeting and luncheon. Officers for 1977-78 will be elected. Mrs. James Lindsay will assist the hostess.

## Ewing-Giffin Vows Spoken

It was a family wedding for Helen (Mrs. Paul S.) Giffin and Dr. C. Herbert Ewing Saturday, March 26, in Mrs. Giffin's Moran road home—but one could hardly call it "small."

Her three daughters were there, with their husbands and families. Mr. and Mrs. Reg Norris came from Grand Rapids, with Pam and Scott. Mr. and Mrs. Clint Boughan from Palos Park, Ill., with Karen and Glenda, and Mr. and Mrs. Robert A. Collins from San Antonio, Tex., with Susan and Martha.

Also on hand to uphold the distaff side of the match were Helen's brother-in-law and sister, Mr. and Mrs. Thomas Whinery, of Grand Rapids.

As for Dr. Ewing: he may be one daughter short of his bride's three, (Jean Norris, Susan Boughan and Betty Collins), but he has the edge in grandchildren.

The former Mary Lou Ewing and her husband John Herrold, who live in Birmingham, have six, and two of them are married, and they all came to the wedding: John and Ann, Cathy and Gary, Susie, Chuck, Jim and Mary.

Dr. Ewing's other daughter, Jackie, and her husband, Willis Lamer, who live in Walnut Creek, Calif., decided to leave their five at home—after all, it's almost a transcontinental trip—but the California Five kept abreast of everything that was going on while it was going on, via telephone.

Grosse Pointe Memorial Church's Dr. Ray Kiely presided at the ceremony.

Dr. and Mrs. Ewing have returned from a Caribbean cruise, and are making their home in his home in University place.

## Preview Benefit Gown

MRS. FRANK A. GERMACK, JR., (left), and MRS. JEROME P. JOHANNIGMAN, committeewomen for the Celebrity Fashion Show to be held at the Detroit Plaza Hotel next Tuesday, April 19, examine a dress designed by Dominic Rompolo for Mrs. Jimmy Carter. Holding the coat-and-gown ensemble is BETTINA of North Park Place, who is staging the fashion presentation for the American Lung Association. Among other designers to be represented are Oscar de la Renta, Mac Tax of Paris and Malcolm Starr. Television and media celebrities will be modeling. Mrs. Charles A. Barlow is chairman of the luncheon benefit for which tickets, at \$10 per person, may be obtained by contacting Mrs. John H. Ganschow, 355-0282, or Mrs. Harry Fellers.

## 'Inside' Talk For Alliance

The Development of French Interiors through the Ages will be William J. Herman's topic when he speaks to members and guests of the Alliance Francaise de Grosse Pointe Tuesday evening, April 19, at 8 o'clock at the Grosse Pointe War Memorial.

Mr. Herman, from the J. L. Hudson Interior Studio, will include furniture styles from the Renaissance through the Empire periods in his discussion.

Textiles run the gamut from tapestries to brocades to damasks to toiles. Fabric samples and slides will highlight his program, and he will also touch on accessories.

Mr. Herman, who has a Masters degree in Interior Design from Michigan State University, has been with the Hudson Studio for six years.

Mrs. Elmo Joseph, Mrs. Walter E. Forster and Mrs. Pol Raynal are hostesses for this program, offered free to members. Non-members will be asked for a \$1 donation. Light refreshments will be served.

## Parker-Goodrich Rites Stated in September

The engagement of Cynthia Ann Goodrich and University Liggett graduate Gary H. Parker has been announced by her parents, Mr. and Mrs. Earl Goodrich, of Marshall.

Both the bride-elect, a Marshall High School alumna, and her fiancé, son of Captain and Mrs. Henry Parker, of Woodcrest drive, Harper Woods, are students at Michigan State University. She is a junior, he a senior.

A September 3 wedding is planned.

## Jan Describes Indian Travels

Mrs. Charles Wright, III, of LaSalle place, will relate her experiences on a recent visit to India and Nepal next Monday evening, April 18, at 8 o'clock at Grosse Pointe Memorial Church.

The itinerary, designed by Interpretation Through Travel, the official travel program of the United Presbyterian Church, was a month-long adventure taking the group beyond large cities into the heart of this exotic and troubled region.

Participants visited churches, community health projects, schools and social service centers, frequently staying in missionary homes; this afforded them the opportunity to meet many people who live and work in the area, including Mother Teresa who has become so famous and beloved in Calcutta.

"The whole experience and adventure was a revelation to us," says Jan Wright. "We saw the beauty and the squalor of the land and were fascinated by the people we met and the cultural differences in the villages and cities."

The group utilized just about every known means of transportation, travelling by plane, bus, Land Rover, steam-powered and electric trains. Jan even rode an elephant.

The program is free and open to the public.

## BYC Wives 'Fitting Out'

Bayview Yacht Club ladies, not to be outdone by husbands who are readying their boats for launching and fitting out for the sailing season, plan to do a bit of fashionable fitting out for the summer themselves at their sixth annual luncheon and fashion show.

The party, featuring clothes by Himehoch's, is planned for Tuesday, April 26, at BYC where the menu will feature seafood salad on pineapple, blueberry pecan rolls and chocolate rum parfait.

The event is traditionally chaired by the Commodore's wife, who this year is Mrs. William McGraw. She expects a capacity crowd of over 200.

to "Glide into Fashion." Decorations chairman Mrs. Bud Knuth and her committee members, Mrs. Cletus Werthmann, Mrs. John Pappas, Mrs. Fred Rozelle and Mrs. Jim Schudel, promise hanging baskets and centerpieces of fresh daisies.

The pastel blue and yellow programs were designed by program chairman Mrs. Donald Landers. Overseeing the handcrafting of party favors are Mrs. Burt Jones and Mrs. Arnold Fuchs.

Prizes are the responsibility of Mrs. Bud Diks. The flyer announcing the party, included in Bayview's April mailing, was executed by Mrs. Ed Zemmin.

Mrs. William Burt, reservations chairman, is keeping tabs on telephone requests and seating arrangements.

Mrs. Richard Grow is in charge of the corps of Bayview models, including the Mesdames Gerald Clixby, William Connolly, Gloria Jean Hunt, Charles King, Bud Knuth, Jr., Landers, Schudel and Werthmann, Mrs. Grow herself, Mrs. Lawrence Oswald, Mrs. Edward Stroble, Sue Thompson, Mrs. Charles Tompkins, III, and Mrs. Thomas Willmore, III.

Elysee make-up representative Joan Blonski will be on hand backstage. Guest pianist Sylvia Ebnough will provide the on-stage music.

Mrs. Ralph Burton is serving as finance chairman. Mrs. Donald Smith is handling publicity.

## Spring Is Busy Time For Alpha Zeta Chapter

The Alpha Zeta Chapter of Beta Sigma Phi sorority, which initiated two new members, Brenda Wallyn and Joy Chapman, Tuesday, April 5, will present a Flea Market, under the direction of the ways and means committee, this Sunday, April 17, from 8 in the morning to 5 in the evening at the Domes near the intersection of Groesbeck highway and Hall road.

Proceeds from the project, which is open to the public, will be used for community service, one of Beta Sigma Phi's many goals.

Founders' Day will be celebrated Thursday, April 28, with a dinner at Lochmoor Club.

May activities include the traditional Mother's Day luncheon and a members' road rally, planned for the latter part of the month.

Alpha Zeta's kept busy through the winter, with a January mystery trip to Frankenmuth and a February Valentine's Day dinner and dance at the Gourmet House.

March programs included a card party, at which Delta Zeta entertained Phi Gamma Iota, and a luncheon and fashion show at Mercy College benefitting the Myasthenia Gravis (nerve disease) Society.

## To Mark May Fellowship Day

May Fellowship Day will be celebrated Friday, May 6, by Church Women United of Detroit at Holy Communion Church in Whittier avenue, Detroit.

Theme for this year's service is "Gifts to Claim," to be explored in three facets: The Gift of Extravagance, which is part of God's Grace; the Gift that Enables Us to Risk Vulnerability, which is part of God's Gift of Faith; and the Gift of Mutuality, which is part of God's love.

Women in local units will explore ways of relating to other human beings in new ways, through the church, the neighborhood, the town and the international community, emphasizing awareness of underlying values and choices.

Registration is set for 9:30 o'clock. Keynote speaker will be The Reverend Kenneth Kettlewell, of First Presby-

terian Church, Detroit, known throughout the metropolitan area for his slide presentations on his world travels.

Mr. Kettlewell's theme for the May Fellowship will be "Things That Money Cannot Buy."

Special music will be provided by Mrs. Charles Heidt, of Plymouth, and luncheon will be available, at \$2.75 per person. Further information may be obtained and reservations made by calling 831-5091, Mondays or Thursdays.

The first May Fellowship Day was held in 1933. Since then, it has been traditional for Church Women to come together on the first Friday of every May to emphasize the creative and healing relations that are possible among people in the 2,000 communities where Church Women United is organized in local units.

ing at the Detroit Plaza Hotel this spring, although it certainly seems that way.

The fact is: everybody wants to see Detroit's new showplace-in-the-heart-of-a-showplace, so many organizations have arranged to meet/lunch/dine down at Renaissance Center, among them the Women's Committee of the American Lung Association, which will present its Celebrity Fashion Show next Tuesday, April 19, in the Detroit Plaza's Mackinac Room.

Celebrity models will show clothes by celebrity designers. Celebrity judges will vote an "In Fashion" award to the most fashionable women in attendance, (bright but soft pastels should put you in the running, according to Marji Kunz, who'll commentate the fashion presentation by Bettina of North Park Place).

Mrs. Charles A. Barlow is chairman of it all, assisted by the Mesdames Frank S. Marra, Roy A. Fruehauf, William Bundesen and Edye Longyear, plus Mrs. Harry Fetters and Mrs. John Ganschow, in charge of reservations.

The next day, Wednesday, April 20, the League of Catholic Women will stage its third annual luncheon and fashion show in the Detroit Plaza's Grand Ballroom.

"Her Helping Hands" begins at 11 o'clock with cocktails, followed by luncheon at noon and a parade of clothes by Himelhof's. Proceeds go to the agencies operated by the League: Barst House, Casa Maria, Casgrain Hall and Project Transition.

Among those serving on Mrs. Christopher Rambeau's party committee are Pointers Mrs. A. S. Bush, Mrs. Leo Marx, Mrs. Mary Shelby and Mrs. C. Bradford Lundy.

Information on tickets for "Her Helping Hands," at \$10 general admission, \$25 patron, may be obtained from League secretary Shirley Campbell, 831-1000.

Members of the Mount Holyoke Club of Detroit will greet Dr. David Truman at the Detroit Plaza the following Wednesday, April 27.

Dr. Truman, president of Mount Holyoke College, is coming from the South Hadley, Mass., campus to address local alumni and friends. Mrs. Elisio Vieira, of Bloomfield Hills, is in charge of reservations for the 6:30 o'clock dinner.

Among those assisting her are a trio of Pointers, Mrs. William Salot, Mrs. David Wenzler and Mrs. John Mozena, plus club president Mrs. Ugo Ippolito, of Birmingham, Mrs. Garvin Bowden, Jr., also of Birmingham, and Mrs. Don Cargill, of Bloomfield Hills.

## A Happening in Ohio

Paulette Karen Krestel, mezzo-soprano, daughter of the Robert D. Krestels, of Vendome road, will present her senior voice recital this Sunday, April 17, in Oberlin Conservatory of Music's Warner Concert Hall, Oberlin, O. A reception will follow the performance.

Paulette's sister, Sherylle Krestel, is a student at Ohio Wesleyan College, Delaware, O.

## Woman's Club Election Set

The Grosse Pointe Woman's Club has scheduled its annual meeting and election of officers for next Wednesday, April 20, at 12:30 o'clock in the Grosse Pointe War Memorial's Crystal Ballroom.

At this members-only session, program chairman Mrs. Lloyd A. Beemer will present Lou (Mrs. Aaron E.) Wilcox, of Loraine road, a past-president of the Detroit Review Club whose hobby for the last 30 years has been astrology.

Lou has read the stars for many theatrical celebrities, local and national. Among her other distinctions is having engineered the nation's largest CARE party.

The title of her presentation for the Women's Club next Wednesday is "Star Talk."

Tea hostess Mrs. J. Alex Gordon and co-hostess Mrs. A. Hazen Keith have selected Old-Fashioned Spring as their table theme.

Assisting them on the tea committee are the Mesdames Leo Cowling, Martin Daher, Jack Lefebvre, Donald B. McPhail, Stuart Micklethwaite, Reginald Roddis, Lawrence G. Putnam, Clifford Sadler, Robert Schellig and Cecil Shuert.

More are the Mesdames David Sicklesteel, Harry Sine, Gordon Skinner, Ray Smith, Robert W. Smith, Edward D. Trowbridge, Hans Walgenbach, M. L. Van Dagens, Earle W. Walke, John W. Murphy, Bernard J. Rosso, Ebert O. Warren and Robert K. Whiteley.

## Pointe Garden Club to Meet

Program chairman Mrs. Joseph Smith has invited Harold Wick to share his experiences on "Growing Vegetables in the Home Garden" at The Pointe Garden Club's meeting Monday, April 18, in the Moran road home of Mrs. Peter Higbie, who will be assisted by co-hostesses Mrs. J. ## Girl Scouts Slate Annual Meeting

Pointe Cadettes Among Those to Be Honored As Recipients of First Class Award, Girl Scouting's Highest Honor

"The spotlight will be on our Scouts: their achievements, experiences and upcoming projects," said Mrs. Thomas E. Coulter, of Westchester road, president of the Girl Scouts of Metropolitan Detroit, in announcing the program for the Detroit Girl Scout Council's annual meeting.

It's set for next Wednesday, April 20, at 8 in the evening in Room 2040 of Cobo Hall.

It's open to all Scouts, parents and friends in the GSMD Council area, which covers most of Wayne county.

More than 120 Cadette Scouts, including Pointers Gina Caramagno, Annmarie Monahan, Carolyn Pentis, Cathy Quinlan, Kelley Rogers and Susan Schnitzer of Troop 2367, will receive special recognition for earning the First Class Award, highest honor girls can receive in Scouting.

The awards will be presented by Mrs. Alexander Fuller, of Detroit, GSMD vice-president, and Senior Scout Pat Holden, of Livonia.

The invocation will be given by Cadette Scout Brenda Klein, of Harper Woods, a recent recipient of the Catholic Youth Organization's Marian Award. Senior Scout Kristin Washington, of Detroit, will conduct the flag ceremony.

The program will feature travel reports from three girls who attended Girl Guide/Scout international opportunity events last summer: Nannette Brown, who traveled to Europe, and Joy Perlove and Barbara Wall, who were in Africa.

Mrs. Robert G. Smith, of

Dearborn, GSMD vice-president, will present a special certificate to Detroit's Senior Troop 782, recently awarded a Reader's Digest Foundation grant to help finance an upcoming community clean-up.

Guest speaker Cynthia Jo Wisniewski, an officer of the Detroit Police Department and the United Foundation's 1976 Miss Torchy, will talk on "Girl Scouts and the Chal-

lenges of Today's Youth." Other items on the agenda include the recognition of several outstanding adult volunteers and election of GSMD officers, board members and nominating committee members.

## Offer Leadership Training Institute

'Gamesmanship for Vital Groups' to Be Theme of This Year's All-Day Program Designed to Aid Organization Members and Officials

The 35th annual Program Planning and Leadership Training Institute, Gamesmanship for Vital Groups, will be presented Wednesday, May 4, from 8:45 in the morning to 2:45 in the afternoon at the Rackham Educational Memorial Building in Farnsworth avenue, Detroit.

The Institute, an adult education endeavor geared to the leadership needs of organization officers, chairmen and members, is co-sponsored by 26 metropolitan Detroit groups.

Dorothy Moore, representing the Campfire Girls-Detroit Area Council, heads a program committee which has planned the series of sessions to help people gain confidence in their organizational abilities.

Specialists in the fields of publicity, program resources, parliamentary procedure, fund-raising and other subjects will lead the workshops.

"In addition to telling about program methods and resources, we've treated the entire Institute as an opportunity to demonstrate a variety of participation techniques which could be used in all groups," says Miss Moore.

The morning program will feature mixers with prizes beginning at 9 o'clock, a welcome and introductions by general chairman Mrs. Elmer Bame, of Doyle court, representing the Council of Lutheran Women, and six leadership workshops.

Six concurrent roundtable discussions, (to participate in), and six showcase presentations, (to view), will be available during lunch break.

Each of the seven afternoon workshops on program planning will be offered twice, and the last 15 minutes of the day will be devoted to a

physical fitness session so all participants may leave feeling physically as well as mentally refreshed.

Among those assisting Miss Moore and Mrs. Bame are Mrs. T. W. Huebenthal, of Fisher road, treasurer, representing the Southeastern Michigan Chapter of the American Red Cross, and past-general chairman Mrs. Harold E. Miste, of Stratford place, responsible for budget and hospitality, representing the Auxiliary to the Salvation Army.

Mrs. Peppino Tedesco, of Devonshire road, representing the Women's Auxiliary to the Detroit Federation of Musicians, Local #5, is arrangements chairman. Handling registrations will be Marian Young, of Yorkshire road, representing the Detroit Public Library.

Other officers who have accepted major assignments for this year's Institute are Mrs. Vincent Hillebrand, representing the Council of Catholic Women, Archdiocese of Detroit, Rita Hoban, from Wayne State University, and Mrs. Clarence McInerney, representing the Federation of Women's Clubs of Metropolitan Detroit.

Registration fee is \$2.50 per person. An optional bag lunch is available at \$1.50 per person. Reservations deadline is next Wednesday, April 20.

Reservations may be made by mailing checks and stamped, self-addressed envelopes to Miss Inez I. Morrow, 4820 Nottingham road, Detroit, Michigan 48224.

## Plan Lutheran Women's Day

Theme for this year's American Lutheran Church Women's Conference Convention, to be held Thursday, April 28, from 9 to 2:30 o'clock at Westminster Church, Hubbell at Outer drive, Detroit, is "Fulfilled—Fulfilled."

The morning session will feature Lorri Carlson, well-known Christian lecturer who has been an associate editor for Eugenia Price and editorial consultant to Rosalind Kinker, and has worked with the Billy Graham organization in the area of counseling at Crusades, who is coming from Chicago to speak on "Fulfilled."

A mini-concert on the pipe organ is scheduled during lunch break. Highlight of the afternoon will be a Communion Worship Service.

Information on tickets at \$3.50 per person, including morning registration with

## Review Club Keeps Busy

A train trip to Toronto, an annual meeting, a new members' luncheon — all are on Detroit Review Club's April agenda.

The four-day Toronto excursion begins today, when members board the Canadian National Railway at Walkerville.

In Toronto they'll sightsee, shop and enjoy an "opening dinner" at Ed's Warehouse, where there is a delightful collection of Chinese art, crystal, antique iron toys and Victorian memorabilia.

The group, including many Pointers, will return Sunday, April 17.

Mrs. H. Lloyd Patterson, DRC past-president, is in charge of the Toronto minivacation. Miss Vera Brown,

coffee and doughnuts and luncheon at noon, may be obtained by contacting Marie Zeller, 885-5052, Carol Saunders, 647-5431, or Betty Orr, 474-1205.

DRC president, will act as official hostess.

Machus Sly Fox Restaurant in Birmingham will be the setting for DRC's annual meeting at 10:30 o'clock Tuesday morning, April 26. The new members' luncheon and a musical program will follow. Mrs. N. Conner Gunn is chairman of the day.

Among those to be honored are six Pointers who have joined DRC during the past year: Mrs. Robert W. Kefgen, Mrs. Stephen T. Moreland, Mrs. James Mullaney, Mrs. George Reed, Mrs. F. J. Robinson and Mrs. Edwin Wendt.

Others are Miss Marguerite Mohn, Mrs. R. C. Orr, Mrs. Fay Wilkinson and Mrs. Robert C. Young.

Membership chairman and vice-chairman are, respectively, Mrs. Allyne Litchfield and Mrs. George Sibilsky.

Mrs. Gunn will introduce the musical program, featuring Jean Schirmer, soloist, and Dorothy Rice, pianist.

## Dionne to Sing At Final Pops

Recording star Dionne Warwick takes the stage with the Detroit Symphony Orchestra for the season's final pair of Weekender Pops concerts tomorrow, Friday, April 15, and Sunday afternoon, April 17, at Ford Auditorium.

Principal Pops conductor Richard Hayman will be on the podium Friday evening at 8:30 o'clock and Sunday at 3:30.

Miss Warwick began studying music and performing with her gospel-singing family at the age of six. She started her professional career as a member of a background chorus in New York recording studios, where she was discovered by Burt Bacharach and Hal David.

Her string of Bacharach-David hits in the 1960's established her as one of the top contemporary female vocalists of her era.

With four gold albums, a Grammy Award for "Do You Know the Way to San Jose" and numerous gold singles to her credit, Miss Warwick is one of today's most versatile performers.

In one year she received top rating in Cash Box Magazine's annual poll in both the rhythm-and-blues and pop categories, while winning accolades as a jazz singer of unrivaled ability.

Her 1975 recording of "Then Came You" with the Spinners was certified gold and brought her another Grammy nomination.

Her current album, "A Man and a Woman," with Isaac Hayes, hit Billboard Magazine's charts last month with a "Star Performer" rating.

These Weekender Pops concerts will mark Miss Warwick's debut with the Detroit Symphony.

Tickets for the Friday and Sunday performances are available at Ford Auditorium box office and all Hudson's and Ward's ticket outlets at \$7.50, \$6 and \$4.50.

## Church Groups Slate Meetings

The Women's Association of the Grosse Pointe Congregational/American Baptist Church's Rachel Group will meet Tuesday, April 19, at 7:30 in the evening at the church, where the owner of Health Supreme will lecture on good nutrition and show some products from his store. Recipes will be distributed and health food refreshments served.

The other four Women's Groups have scheduled their meetings for the following Tuesday, April 26.

Lydia Group convenes at the church at 9:15 in the morning for coffee and a short meeting, followed at 10 by a visit to the Grosse Pointe Florists in Kerby road for a tour and program. Mrs. Dudley Arnold is hostess for this meeting.

Mary Group members, bringing brown bag lunches, will meet at the church at 11 in the morning. Co-hostesses for the day are Mrs. Ernest Grevenmeyer and Mrs. Noel Wooten.

Naomi Group, under co-hostesses Mrs. Charles Gibson and Barbara Burke, meets for a brown bag luncheon at 12:30 o'clock at the church. After luncheon, members will work on a friendly service project.

Mrs. Walter Frizzell will open her Willison road home to Sarah Group at 12:30 o'clock. Her luncheon co-hostesses are Mrs. Howard Price, Mrs. Ralph Thompson and Mrs. Clayton Strange. Mrs. Robert Choate will give a book review.

## Star of Sea Teens Ready to Walk

Photo by R. G. Sheuett

Posing with ALTO REED, lead saxophonist with Bob Seger's Silver Bullet Band, who holds March of Dimes Poster Child DEBBIE OTT on his lap, are Our Lady Star of the Sea High School students, (left to right), KATHY SHIELDS, BERNIE DENNEHY, PEGGY PETERS, AMY ALLISON, RUTHIE DOLLARD, JEANNE PUCHER, NORA DEM-

MEHY and MARTHA LYNCH. The girls were among over 600 senior and junior high students from Wayne, Oakland and Macomb counties who participated in the mid-March Teen Kick-Off for the 1977 March of Dimes Walk-A-Thon, set for Sunday, May 1, at Belle Isle, Stony Creek and Pontiac.

During the presentation at Detroit's Rackham Memorial, the teens previewed the Superwalk '76 film and Superwalk '77, a color slide presentation featuring Seger, honorary chairman of Superwalk '77.

Celebrities present included Reed, Detroit Lion great Charlie Sanders, Superwalk campaign chairman, and

WDRQ radio personalities Zak Burns and George Moore. Superwalk '77 promotional materials were distributed for each school. The 20-mile hike, largest walking event in the country, is designed to raise funds to assist the March of Dimes in its efforts to eliminate birth defects and improve the quality of life for all children.

## Women Accountants to Meet for Dinner

James W. Karling, CPA, will discuss "Hospital Accounting: Past, Present and Future," at the American Society of Women Accountants' dinner meeting Tuesday, April

26, at Carl's Chop House. The evening begins with cocktails at 5:30 o'clock. Dinner is scheduled for 6:30, with the program following.

Mr. Karling, who manages the Medicare audits of approximately 60 hospitals throughout the state, holds a Bachelor of Business Administration degree in Accounting from Western Michigan University and a Master of Business Administration in Finance from the University of Detroit.

As director of Health Care Services for the Michigan offices of Arthur Young and Company, (he is a partner in the Detroit office), he has direct responsibility for annual audits and related services for approximately 17 hospitals.

He also serves as an adjunct professor at the University of Detroit's Graduate School of Business and Administration.

Dinner reservations may be made by calling 776-0143.

On the basis of available evidence there is little doubt that many individuals are not eating the recommended amounts of essential nutrients for optimum functioning of the human body. In some cases this is due to lack of knowledge about the nutritional needs of one's body, and in still other cases to a failure to apply the information to meals prepared or bought ready-made. Many individuals recognize that their diet is not adequate, but they are unable to select a plan for a well-balanced diet. There are many nutrition aids and books on the market to help them.

Quality vitamins and food supplements to help you maintain a well-balanced diet are available at DEVONSHIRE DRUGS, 16037 Mack on Tiffany Lane. Our friendly pharmacists are always happy to answer questions on non-prescription or prescription health aids and medications. Bring your prescriptions to DEVONSHIRE DRUGS for prompt, dependable service! We also carry greeting cards, health and beauty needs, fresh Sanders candies, and a full inventory of liquor, beer and wine. Call us at 881-0178; we offer free prescription delivery. We are open Mondays through Saturdays from 9 A.M. until 9 P.M.

## Kerval to Sing French Songs

French balladeer Serge Kerval will present an afternoon of songs beginning at 2 o'clock this Sunday, April 17, at the International Institute where, post-recital, a cash buffet will offer crepes, cheese feuilleté, Quiche Lorraine, wine and pastries from the kitchen of Yvonne Gil, owner of Birmingham's "Twenties."

The program is part of the exhibition "French Culture and America," on display at the Institute through April, featuring treasures from the personal collections of members of the Alliance Française de Detroit and the French Women's Benevolent Club plus contributions from New York's Federation of French Alliances.

Ticket arrangements for Sunday afternoon may be made by calling the International Institute, 871-8600. Admission is \$3 for the public, \$2 for members of the Detroit Alliance upon presentation of membership cards.

Tickets will be held at the door.

Kerval, a recipient of the Grand Prix from the Academy of French Records, (it's equivalent to an American Grammy), will include old ballads of France, French Canada and Louisiana plus some of his own compositions in his program.

He is a graduate of the Paris Conservatory of Music who began his career in the cabarets of Montmartre and the Left Bank. His study of French songs originating in the Acadian settlements and still sung in Nova Scotia, Quebec, Maine, Vermont and Louisiana resulted in a 1975 invitation from the Governor of Louisiana to tour his state.

The tour, under auspices of the French government, culminated in a well-received New York City recital.

The exhibit "French Culture and America" features art objects, silver pieces, china, tapestries and documentation dating from the Middle Ages to the present.

## Slatkin Debuts with Symphony

Leonard Slatkin, one of America's fastest rising young conductors, makes his debut with the Detroit Symphony Orchestra tonight, Thursday, April 14, and Saturday, April 16. Pianist Jorge Bolet will be guest soloist for the 8:30 o'clock concerts at Ford Auditorium.

Maestro Slatkin, principal guest conductor of both the Minnesota Orchestra and the St. Louis Symphony Orchestra, has selected for his program Carter's "Holiday Overture," Franck's "Variations Symphoniques," Weber's Konzertstueck in F minor and the Shostakovich Symphony No. 10.

Bolet, whose last performance with the DSO was in 1974 in the Liszt E-flat concerto, will be featured in the Frank Variations and the Weber Concert Piece.

Tickets for the Thursday and Saturday evening concerts are available at Ford Auditorium Box Office, all

Hudson's and Ward's ticket outlets.

Leonard Slatkin, 32, has made his professional conducting debut in Carnegie Hall.

His debut with the DSO in this pair of concerts is part of a demanding guest conducting schedule that will include nearly every major orchestra in North America by the end of this season.

The young American maestro has conducted extensively in Great Britain, and recently made his conducting debut in the Soviet Union. He will conduct at the Vienna Festival in June, and in November will appear with the Concertgebouw Orchestra in Amsterdam.

His teachers have included his father, violinist-conductor Felix Slatkin; Walter Susskind, then music director of the Aspen Music Festival and School; and Jean Morel, of the Juilliard School of Music.

## Insurance for Singles Will Be Program Topic

Bethany East, an organization for divorced and separated Christians, will present guest speaker David C. Lincoln, from the Prudential Insurance Company, at a general meeting Friday, April 15, at 8 o'clock at Saint Peter's Social Hall in Vernier road, Harper Woods.

Mr. Lincoln's talk on Insurance and the Single Person will follow a half-hour of conviviality, for which participants are requested to bring their own refreshments.

The program is open to non-members at \$1.50 per person. Further information may be obtained by calling 885-1750, 469-7131, 792-4958 or 881-8453.

## To Feature Country Fair at Goodwill

The Women's Association of Goodwill Industries will present its annual Country Store Spring Fair next Wednesday, April 20, in the Goodwill building, Brush street at East Grand boulevard.

The public is invited to browse and buy from 10 in the morning to 3:30 in the afternoon. Counters and shelves will be stocked with handmade bazaar items, collectibles, attic treasures, baked goods, flower arrangements and live plants, jewelry and boutique items, and there'll be surprise Grab Bag packages hanging on a hat tree.

"Hats" is the decor theme this year. Each Association member saleslady will be wearing a hat.

Supervised free parking is available at the Goodwill lot, in Milwaukee between John R and Brush streets.

Card games will be available for those who wish to relax between shopping forays.

Mrs. A. Warren Brock is general chairman of the fair. Mrs. Elroy Scheifele, Association president, is honorary chairman. Co-chairmen are Mrs. David C. Farlow and Mrs. James Wellons. Anne Campbell has written her

traditional poem in honor of the spring event.

Proceeds from this and other Women's Association projects are used to provide personal services to the handicapped employees of the League for the Handicapped, Goodwill Industries.

Membership in and attendance at regularly-scheduled Association meetings are open to any persons interested in providing testing, training and employment for handicapped people.

**TRAVELWORLD**  
By DICK D'ANDREA

The new type charter flights (OTC — One Stop Charter) may be the best thing that's happened to your travel plans in the past 20 years. But, before you go, ask yourself some basic questions. Can you make travel decisions from two weeks to two months in advance. Most programs require advance reservations and payment 16 to 65 days before departure. Can you tolerate full planes and tour buses? Costs are spread over full load factors. This type of vacation might not be as individualized as you would like, but the dollar savings are substantial.

The Spring and Summer OYC Charter Programs to Hawaii, Caribbean and Europe are now available. Full color brochures may be obtained by stopping at TRAVELWORLD, 21127 Mack, (North of Vernier). Open 9 to 7 daily, Thursdays 'til 8 p.m. Sat and Sun. 10 a.m. to 2 p.m. or call 882-8190.

## Chrysanthemum Society to Present Panelists

A panel discussion, "All Phases of Growing Chrysanthemums," will be featured at the Greater Detroit Chrysanthemum Society's next meeting, scheduled for Sunday, April 17, at 2 in the afternoon in the Community Room of the Tel-Twelve Mall.

Panelists will be Charles Mishakis, of Southfield, Accredited National Judge, Ralph Carter, of Dearborn, an experienced grower, winner of many trophies, and Mr. and Mrs. Paul E. Ma-

chuga, of East Detroit, both permanent Master Judges of the National Chrysanthemum Society.

The meeting is free and open to the public.

## Lansing to Be Scene Of Phi Mu State Day

Detroit Phi Mu Alumnae will join collegiate and alumnae groups throughout the state in Lansing Saturday, April 23, for Phi Mu State Day.

Registration, receptions and workshops will be held at the sorority house on the Michigan State University campus. Luncheon and the afternoon sessions will take place at Long's Convention Center.

Ann Byrd, of Storm Lake, Iowa, National Council collegiate vice-president, will talk on Phi Mu's growth and status nationally. MSU's Kay Stackhouse, National Office collegiate development director, will conduct a session on the general health and well-being of the Greek System.

Linda Lindgren, of Orchard Lake, district collegiate director, and Gail Highland, of Bloomfield Hills, will direct the alumnae workshops.

Reservations may be made by contacting State Day chairman Annette Yasin, of Rochester, 651-6327.

Phi Mu's two Michigan collegiate chapters, with 100 members, are located at MSU and Western Michigan University. The state has four alumnae chapters, representing 750 members.

## Invite Catholic Women to Share Their Ideas

Catholic Women from seven Vicariate areas will meet for an exchange of ideas about common concerns and to learn techniques for problem-solving leading to more active, personal involvement in their communities Saturday, April 16, at Saint Peter Parish School in Vernier road, Harper Woods.

Registration is set for 9 in the morning, dismissal for 2 in the afternoon. A \$1 donation for luncheon expenses will be accepted at the door. Advance reservations are requested in order to adequate plan facilities and lunch; accepting them is Mrs. John Pflaum, Detroit-Grosse Pointe Vicariate area president, 886-7876.

Reservations may also be

made with Detroit Council of Catholic Women representatives in each parish.

The meeting, open to all interested women, is sponsored by the Regional Council of Catholic Women's groups. Coordinator is Mrs. Bernard LaBoe, of Harper Woods, region vice-president, assisted by the Vicariate area presidents including Mrs. Pflaum, Mrs. Marcus Randall, representing the East Side, Mrs. Mary La Budie, Gratiot area, Mrs. Edward Gocowski, North Central area, and Mrs. Nora Shonk, West Side Inner City, including the Core City and downtown.

The program will feature parish women involved in successful group action programs, who will serve as

panelists in concurrent Share Shops offered in morning and afternoon sessions.

Assisting them will be Sister Mary Cecilia Begin, RSM, of Madonna Parish's pastoral team; Monsignor William F. Lynch CCW/AD priest moderator of Our Lady of Good Counsel Parish; The Reverend Ronald Thurner, vicar, Gratiot Area Vicariate, pastor of Saint Ignatius; The Reverend John Wilkewicz, pastor of Saint Thomas the Apostle; Phillip O. Tanguay, delegate for the laity, Archdiocese of Detroit; and Dennis Hertel, (D), State Representative, 12th District.

Share Shop topics will deal with common concerns in relation to the church, touching on personal, family, parish and ecumenical faith life, church structures and goals, retreats, et al., and the family, with emphasis on pre-

serving Christian family life and values and ethnic and neighborhood pride and values, teaching morality and preventing crime.

A Community workshop will focus on caring for the sick, lonely, poor and troubled, correcting injustice and performing community service.

Another group will concentrate on Legislation, covering bus tours, consumer protection, good citizenship and becoming familiar/comfortable with the legislative process.

The International workshop will concern itself with developing a Christian "world-view," the United Nations, foreign students and missions; the workshop on Organization will develop self-confidence and leadership abilities, effective goals, active membership and Parish Council/Commissions.

## MACLD to Present Workshop Program

The Detroit Chapter of the Michigan Association for Children with Learning Disabilities, Inc., will sponsor a workshop program Saturday, April 23, from 8:30 to 4 o'clock at Epiphany Lutheran Church in West Seven Mile road, Detroit.

HELP (Help Erase Learning Problems) will feature Nora Martin, Ph.D., Special Education professor at Eastern Michigan University, as keynote speaker. Her address, "Dealing with Feelings," is scheduled to begin at 9:15 o'clock.

Literature tables, coffee and doughnuts will be available during the registration period, which starts at 8:30 in the morning. Thirteen workshops will be presented during the day, and Detroit

Public School professionals will form a discussion panel focusing on basic programs and supportive services provided to the appropriately identified LD child in the Detroit System.

Panelists include Andrea Brown, LD supervisor, Ann McCarthy, director of Psychological Services, Dr. Ted Mandell, supervisor of the Communications Disorders Program, Milton Weiner, director of School Social Worker Service, and teachers Marilyn Smith and Carol Heckman.

Cost of the workshop day is \$3. Participants are requested to bring bag lunches. Coffee and tea will be provided.

Further information may be obtained by contacting Karen Rodenbach at 839-8125.

## Let's Talk Real Estate

by John E. Brink

Each year around this time the talk begins. The annual amazement at the rising prices never ceases to overcome even the Real Estate Industry! We all know it will be there and we never seem to quite realize that it has arrived until we sell a house that we sold just a year ago.

Last year, we sold an elegant house for \$90,000.00 and we really felt the sellers received top dollar. This year, the same house is back on the market at \$112,000 and we feel it will sell close to the asking price. Part of this inflation and part of it is because the new owners invested in new decorating. The fact is, the house is on the market at \$22,000 more than it was last year!

When all this occurs I get a warm solid feeling about the industry in which I make my living. We have one of the commodities to sell. Our purchasers are buying with security and our sellers are realizing a fine appreciation on their investment.

This all ties in with our Grosse Pointe Real Estate Co. Community Development Program (cul-de-sacs!) We're saying that while we are enjoying a fine appreciation on our property, there can be even more dividends. It's possible to enjoy safer streets. It's possible to enjoy a more beautiful Grosse Pointe. It's possible for all of our Pointes to enjoy equal property value. It's possible to enjoy as high as a 30% appreciation in our property value. We know our community is behind us so far because we can read their views in the questionnaire they are returning to us. Time is our only problem. Many people are screaming for our questionnaire and brochure—and they'll get them just as soon as we can get to them! It's very gratifying to be the sponsor of such a great idea. Don't forget, however, we do sell Real Estate and if you're thinking that way please try us, too. 882-0087 Okay?

## Pro Musica Party

(Continued from Page 13)

Northwestern University and two years at the Juilliard School of Music. His principal teachers were Rosina Lhevinne and Robert Goldsand.

His New York debut at Town Hall in 1959 was a result of the Naumburg Award which he won that year.

Gordon Staples frequently appears as soloist with the Detroit Symphony Orchestra. He plays the world-famous "Salabue" violin made in 1779 by Giovanni Battista Guadagnini in Turin.

He has concertized extensively in the United States, Canada and Latin American countries, and has been soloist with the New York Little Symphony, the New Orleans Philharmonic and the Vancouver Symphony.

He joined the Detroit Symphony in 1955, coming from the New Orleans Symphony where he had been concertmaster. He became concertmaster of the DSO in 1968.

Mr. Staples' concert career began at the age of 13. At 14, he was staff soloist for the Canadian Broadcasting Corporation, performing weekly over the Trans-Canada network. He is a graduate of the Philadelphia Academy of Music, where he studied with Jani Szanto, and later continued his studies with D. C. Dounis in New York City.

Alex Sucek works as an editor for Ceco Publishing. His wife, Marybelle, teaches speech at Wayne State University's College of Lifelong Learning. Much of their leisure time is devoted to music.

Alex teaches guitar at the Grosse Pointe War Memorial; founded and co-directs the Grosse Pointe Summer Music Festival and organizes the annual Viennese Ball at the War Memorial, for which he put together the Strauss Orchestra.

Alex plays guitar, Marybelle accordion, both tradi-

tional instruments for Viennese songs. In their travels, the Suceks have visited Vienna and sought out "lieder" music to bring home.

They have performed at the Viennese Ball, and play frequently for friends.

Pro Musica's 50th birthday party will begin with a champagne reception, followed by

Mr. Votapek's performance and dinner, after which there'll be a "Recollection of Pro Musica's History" and recognition of honored guests, hosts, committee and 25 and 50-year members.

Mr. Staples is scheduled to play the dedication prior to announcement of the 1977-78 season and a brief annual meeting and election of officers. The party closes with an afterglow of Viennese songs by Alex and Marybelle Sucek.

Hosts and hostesses for the champagne reception are Pointers Mr. and Mrs. Man-

## GP Theater Cites Needs, Including Rehearsal Space

Grosse Pointe Theater's (GPT), Showcase production of "One Flew Over the Cuckoo's Nest," running at the Fries Auditorium, 32 Lake-shore road, Wednesday-Sunday, April 27-May 1, presents something of a paradox.

Though good seats are still available, the controversial but moving play is already assured of being seen by a wide and varied audience in the group's history.

Besides its regular run, it will be presented to the Community Theatre Assoc. of Michigan at its spring convention in Grosse Pointe Friday-Sunday, May 6-8.

The current production of the 1963 Broadway play on which the smash-hit movie was based promises to be outstanding, according to the group.

Yet "Cuckoo's Nest" has spotlighted two persistent

problems faced by the GPT. The first is that many of the group's regular patrons are not attracted to intense modern drama or "adult" theater—both of which describe "Cuckoo's Nest" perfectly. Thus, while the season itself is a near sellout, a sizeable quantity of tickets is still available.

Tickets can be had for the asking—and \$3.75—by calling the GPT box office at 881-4004 or by mail at 32 Lakeshore, enclosing payment, a stamped return envelope and two choices of dates.

The second problem, now being studied by GPT, is far more important: a growing need for additional space, primarily for rehearsals.

The addition of Showcase Theatre, designed to expand the scope and appeal of GPT productions, creates an over-

lap of rehearsal schedules. Extra space is therefore necessary, even when regular rehearsals do not present a problem.

This has usually been the case, thanks to local schools and churches — especially Saint Michael's Episcopal Church in The Woods, whose kind cooperation has helped make the church a GPT "home away from home."

Yet scheduling snags are a frequent problem. GPT has considered a variety of solutions for several years, from rental to outright purchase of its own storage and rehearsal facilities.

The organization would be interested to hear of any appropriate space which might be available in or near Grosse Pointe. "Appropriate" means at least two rooms, (preferably three), one of which is at least 1,400 square feet in size.

Interested parties may write the GPT or call 881-7372. Any helpful information or suggestions will be welcome and greatly appreciated.

The big difference between safety and an accident on the nation's highways is you.

## GP Blues End Hockey Season

The Grosse Pointe Hockey Assoc. Mite Division Blues recently finished another successful season. Sponsored by Grosse Pointe Florists and coached by Bob Nesler and Ralph Barbier, the Blues gave its fans much to cheer about this year.

The team's leading scorers were Mark Nesler, David Stroebe, Kim Bassett and Mike Fulgenzi. The Blues' offensive machine also included Kevin Tisdale, Jamie Parker, Michael Crane, Sandy Jaques, Scott Adlhoeh and Kevin Nesler.

The team's goaltending was solid during the 1976-77 campaign. Ralph Barbier Jr. and Matt Frame handled most of the duties. Barbier had six shutouts and allowed only three goals during 17 periods

of playoff hockey.

Billy Adlhoeh led the strong defensive corps. He was ably assisted by Pahl Zinn, Mike Murphy, Danny Adrian and Robby Kinnaird.

The Blues racked up a 17-3-4 record for the year.

**FIRST OFFERING**

A happy cheerful four bedroom family home on a cul-de-sac! Beautifully decorated with Mutschler kitchen. Family room large and overlooks the neatest rear yard! Priced in sixties.

**FIRST OFFERING**

Five bedrooms and three full baths—and that's not all! Two of these bedrooms form their own private suite with bath, giving a grandmother or brother or sister a place to live with you in complete privacy. Beautiful home for growing family. You will be thrilled with the condition and quality work it surpasses anything in its price range. Being offered at \$57,000.

**ABOUT OUR ERA WARRANTY**

Our ERA one year \$100 deductible warranty is protection when you need it most. It's assurance you are purchasing that everything is in proper working order. Look at these benefits:

1. The central heating system.
2. Wall and floor heating units.
3. All types of hot water heaters.
4. All types of water softeners.
5. The electrical system.
6. All types of central air-conditioning.
7. All built-in appliances.
8. The plumbing system within the house.
9. Accessible duct work.
10. Plumbing fixtures.

**3 BEDROOM—LOW 30's**

You'll find this very realistically priced. We urge your personal inspection. Two bedrooms plus a TV room on first floor. Third bedroom on second floor plus plenty of space for two more bedrooms. Act now!

**"LOTS OF ROOM"**

You want space? You need price? Here it is \$42,900 Master bedroom has lovely fireplace. Living room with fireplace. This is a bargain home—underpriced in Grosse Pointe Park. See for yourself.

**SMALL FROM THE OUTSIDE**

But oh so charming and amazingly spacious inside! Cape Cod design allows little dormer alcoves that make bedrooms so interesting. Huge living room with brick wall fireplace. Private library covered with bookshelves. The family room adjoining the kitchen has corner fireplace. Priced realistically for house of this calibre.

**BEAUTIFUL STREET**

Because all houses are in keeping with each other. You'd be proud to live in any of a number of these beautifully maintained homes. This 3 bedroom Colonial is great but when you walk into the family room you feel like you are in a king's home. Owner transferred, desires to sell now. Why not look at it—make us an offer and maybe you'll be in your wonderful new home in just a few weeks.

**CONDOMINIUM IN GROSSE POINTE CITY**

When you're ready to sell your family home and put the normal worries and maintenance problems in someone else's mind you look for that certain special condominium which has the prestige location in Grosse Pointe. Trouble is there are so very few. This is what you are looking for who assure you Better act fast. We'll take your home in trade if need be.

**GORGEOUS WHITE**

Seems to come to life as you stroll through this truly mansion-style lovely home. Huge rooms all with high ceilings. There's probably more fireplaces than you would ever order but they are a warmth that isn't available today. A Gatsby sun-room overlooks view of lake and seems eternally bedrenched with sunlight. A great home to call your residence. Priced high!!

**5/5 FLAT**

You could live in half of this and let the rent make all of your payments. This is the way smarter more thrifty buyers are thinking today. Then they never sell it. They use it as a retirement investment and they live happily ever after. It's true and it's wise!

**CONDOMINIUM—4 BEDROOM, 2 BATH**

This is what people who are selling their larger homes are buying today. They put the normal worries in the hands of the officers running the group. This is an exceptional home. There is a special feeling given off by the fantastic paneling and beams. Very tastefully done. Priced right in the fifty plus range.

**TWO BEDROOMS "IN" STREET**

They buy them, fix them up, make dream homes of them, sell them, make a lot of money, buy another home, etc. They are the foundation of our Grosse Pointe young buyers group. We couldn't do without them. So come on, bachelor or bachelorette, young couple—who ever you are. This tiny home needs some love right now.

**NEEDS WORK**

but potential is there. 3 bedroom Colonial with country kitchen. Fireplace in family room which is bricked and beamed. Living room with fireplace also. New carpets and paint would do the trick. Priced 50's.

**PRECIOUS RANCH**

Only two bedrooms but beautifully proportioned rooms make it all worth while. House is superb condition, beautifully maintained. Just the perfect home for the couple or the older who are moving down to smaller quarters. Special street.

**NEWER COLONIAL**

It's the newer feeling you're searching for—and if you're willing to pay just a little more—this is it! Attached garage, four bedrooms, naturally a family room. Large lot—ready for you to move into this week if you like.

**VACANT PROPERTY**

Lots on which to build are becoming extremely scarce and prices are going rampant! If you are considering building in the next few years, it would be wise to plan now to buy your location—otherwise you'll be building somewhere other than our Grosse Pointes. These lots are available. We urge you to act fast.

THINKING OF SELLING  
THIS SPRING!

THE PRIME TIME IS NOW!!

You couldn't pick a better time to bring your home onto the market; or a better firm than Strongman, Kelly & Associates to represent you. The market is active, and houses that are properly marketed are selling well. But the intelligent marketing of a home is not something that all brokers and salespeople can do properly. If you value the equity your property represents, wouldn't it be wise to consider a marketing program designed to sell your house, conveniently, quickly and for a top market price?

## Pointers of Interest

MRS. HARRY D. ANDERSON, OF WARNER ROAD, WITH HER CHILDREN: WILLIAM, STEVE AND LEEANNE DEOLA

By Janet Mueller

At two-and-a-half, Anne Anderson was on points. She had the curls, and the smile, and the tiny, pink toe shoes, and how she danced! Well ... she's still dancing: up a storm, in fact, kicking her heels as a member of the chorus line in "Anything Goes." Project HOPE's big spring benefit.

The Cole Porter musical will be presented April 28, 29 and 30, Thursday, Friday and Saturday evenings, in Oakland University's Varner Hall. Curtain time is 8 o'clock.

Director is Edgar A. Guest, III. All members of the cast belong either to the Women's Division for Project HOPE or the HOPE League.

So, three evenings a week, at the minimum, Anne Anderson has been heading out Birmingham way, (cast members come from all over the metropolitan area, but the North End has the body count edge, so the North End is, naturally, where rehearsals are scheduled), to practice her routines.

### She Loves It

She loves it. At two-and-a-half, (see picture at right), she loved it. That's when she began dancing lessons, and she took them for 13 years. "My mother thought I was going to dance with Sadlers Wells," Anne thought she might, too, but just in case the ballet didn't pan out, she resolved to be ready for anything.

She took dramatics, tap and acrobatics. She took singing and piano. She took ice skating at Olympia, roller skating at Arena Gardens, and she loved every minute of everything, for Anne's mother was no Svengali: this Trilby was determined to do her thing.

"I'm so glad I had all that exposure. I want my children to have it, too."

Exposure — that's the key word. If Steve Deola, 14, William Deola, 12, or Leeanne Deola, 10, all students at the Grosse Pointe Academy, decide, after exposure, that they want no more of something, that's their decision.

But without the exposure, there's no decision to make.

Anne loves being with her children, playing with them, talking with them.

### Harry Is Supportive

"I appreciate the fact that Harry realizes how important my family is to me, and that we all do things together," she says. Harry, a division president with McLouth Steel, has five children, two out of college and three in. "The only thing that saddens me," Anne says, referring to her five step-children, "is that I don't see them as often as I'd like."

She golfs with Steve and William on the Country Club's nine-hole course. She plays tennis with the boys and Leeanne. "I was an avid skier, but I had a bad fall, and

quit downhill. Now I cross-country while the kids ski."

Anne Anderson has always tended to run heading into life. She was out of high school at 16, married before she was out of college. She won beauty contests and scholastic writing contests. In high school she was on the swimming team; at the University of Michigan she was a MichiFish, (member of the balletic swimming corps).

Before the children, she taught for five years. Her grades were the third and fourth, at Poupard and Kerby Schools. While teaching, she worked on her Masters degree in Psychology, and began to do a bit of volunteering.

### Bit Becomes Bite

That bit became a bite. "They nabbed me when I was 20," Anne says, looking back on what became virtually a second career as a Volunteer's Volunteer. She worked for the Junior Women's Association for the Detroit Symphony Orchestra for 10 years, chairing a Christmas Walk among other projects.

She was a member of the founding committee and helped write the by-laws for the Assistance League to the Northeast Guidance Center.

She served on the board of the TB and Health Women's Committee, (it's now known as the National Lung Association), and is among the current, one of the original, board members of the Boys Clubs' Women's Committee.

She's worked for the March of Dimes and for the Grosse Pointe Academy's Action Auction.

Her interests are catholic, matching her talents. She was the fourth woman elected to membership in the Economic Club of Detroit.

### Likes Calligraphy

She's always been a voracious reader. She's tried her hand at decoupage, needlepoint and quilting, has taken several courses in flower arranging and is especially interested in calligraphy. She's taken two classes in calligraphy under Dr. William Bostick.

She's taking public relations courses at Rackham now.

And she's dancing again, and singing, in the chorus line of "Anything Goes."

For years, the Women's Division for Project HOPE's big fund-raiser was a formal party, a ball, and it was always a good, fun party ... but there comes a time when

it's time to try something new.

So this year it was decided to "go Broadway," and letters were sent to every Project HOPE member, and to little theater groups all around town, saying "this is what we're going to do, and these are the audition dates, and we'd like it very much if you'd come and try out."

They came. Roles were assigned, rehearsals scheduled, performance dates set. So were ticket prices: \$10 general admission, \$50 patron, including supper and cocktails at Meadow Brook Hall following each performance. Ticket information is available by calling 553-0587 or 277-5715.

### Into the Chorus

Anne Anderson went into the chorus. Penny Simon was selected to play one of the "Angels." George Simon signed on as Captain of the Ship.

Other East Side HOPE members took on behind-the-scenes chores. Edey (Mrs. Donald C.) Longyear accepted the responsibility of collecting a corps of ushers and assigning them to various performance nights. Esther (Mrs. Thomas) Girardy agreed to handle the dinner arrangements.

As usual, Pat (Mrs. Charles A.) Barlow lent a helping hand wherever it was needed.

Hattie (Mrs. Arthur A.) Pfannenschmidt, Project HOPE Women's Division president, looked on in delight. If anything, "Anything Goes" was going to be bigger and better than the traditional balls — and since those balls had always been big, beautiful and successful, that was saying something!

General chairman of the project is Pat (Mrs. Robert) Mulligan. Producer is Roxie (Mrs. Earl E.) Weston. Judie Gochil is cast in the lead role of "Reno," originally played by Ethel Merman.

Dennis Daugherty is doing the choreography.

### All for HOPE

All proceeds go to Project HOPE, (Health Opportunity for People Everywhere), the principal activity of The People-to-People Health Foundation, Inc., of Washington, D.C., an independent, non-profit corporation dedicated to teaching modern techniques of medical science to medical, dental, nursing and allied health personnel in developing areas of the world.

Project HOPE began in 1958. The S. S. HOPE, world's first peacetime hospital ship, sailed on her maiden voyage in 1960. She was retired in April, 1974, when it was determined that the Project had outgrown the ship; operating from a ship limited HOPE to those countries which pos-
