of the WEEK

Thursday, April 14

PRESIDENT CARTER HAS decided to withdraw his \$50 per person tax rebate proposal, a key provision of his economic recovery package now before Congress, it was learned Wednesday. Administration sources said Mr. Carter felt the economy had recovered enough and that the rebate would be inflationary. Sources said the President acted on the advice of Treasury Secretary Michael Blumenthal, Budget Director Bert Lance and Charles Schultz, chairman of the Council of Economic Advisors.

THE COMMUNIST PARTY newspaper "Pravda" Thursday signaled Washington that the Soviet Union has no intention of discussing further the U.S. nuclear arms control proposals that were rejected during Secretary of State Cyrus Vance's talks in Moscow last month. In a long editorial, spread across two pages, the newspaper also said that the Carter administration's optimism about eventual Kremlin acceptance of the proposals was "in vain." It accused the Carter administration of ignoring "fundamental commitments reached by former President Gerald Ford and former Secretary of State Henry Kissinger."

Saturday, April 16

TRANSPORTATION SECRETARY Brock Adams said Friday there is a "realistic" possibility that all commercial air traffic between the U.S. and Great Britain could be grounded on June 22 unless the two countries reach a new air travel agreement by then. Britain has renounced a 31-year-old air treaty between the countries, saying it wants a larger share of the market now divided by the airlines of the two countries. Two American carriers handle two-thirds of the North Atlantic traffic while state-owned British Airways handles the remaining one-third.

Sunday, April 17

THE UNITED STATES has been keeping China informed about the "basic positions" discussed in arms control talks with the Soviet Union, President Jimmy Carter said in an interview released Saturday. The President also said he agrees with UN Ambassador Andrew Young's controversial statement that the presence of Cuban troops "stabilized the situation" in Angola, even though Mr. Carter still wants Cuban troops to withdraw.

Monday, April 18

PRIME MINISTER Yitzhak Rabin, toppled from power by a family financial scandal, told his cabinet Sunday he will turn over the Israeli government Friday to Defense Minister Shimon Peres, his successor as leader of the ruling Labor Party. Earlier Sunday, his wife was fined \$28,852 for illegally maintaining U.S. bank accounts. Rabin, who announced April 7 he was withdrawing as a candidate for re-election, told the cabinet he was taking an extended leave of absence.

Tuesday, April 19

PRESIDENT CARTER, citing the health dangers of dirty air, proposed Monday, tougher standards to control exhaust emissions than the auto industry wants. Mr. Carter rejected a plea by the industry and its political ally, the UAW, for a two-year delay in new rules to reduce the level of pollution from new cars and trucks. Instead, the President recommended only a one-year delay before a stricter standard for hydrocarbons takes effect with 1979 models, which will start to roll off assembly lines in the summer of 1978.

City Takes Charge of Vernier Road Beautification Project in Effort Toward Cutting Costs

By Roger A. Waha

The Woods Council, based upon a recommendation from the Beautification Commission, unanimously rejected all bids received on the "Veterans Memorial Parkway" project, (with the respective bid bonds being returned to the bidders), and authorized the city to act as general contractor.

With this action at the regular meeting Monday, April 18, City Administrator Chester E. Petersen was authorized by the council to solicit quotations from various contractors on several individual items which are to be included in the construction project.

These items include masonry walls, site lighting, flagpoles, landscaping, electrical service and water service.

Costs Would Fall
By soliciting quotations on each item individually, Mr. Petersen indicated the total project cost can be reduced substantially and, at the same time, the city would have the flexibility to delete certain items as necessary after quotations are received.

The council had authorized a maximum \$16,000 for the project to honor American veterans and to beautify the Vernier road islands at the (Continued on Page 4)

School System Slates Meetings with Officials On Subject of Vandalism

'Project Pride' Proving Successful So Far But Real Test Will Come in Months Ahead; Problems Inside High Schools Will Be Main Focus

By Susan McDonald

Last year the warm spring weather brought with it a rash of student vandalism and pranks to The Pointe. The unruly mood in the high schools culminated on June 1 when about 500 South students poured onto the school lawn and surrounding streets.

One police officer was injured in the ensuing ruckus when he was hit in the face with a balloon full of bleach. Several students were taken into custody as a result.

School officials, incensed at the outburst, wasted no time in embarking on a community-wide campaign involving school administrators, public safety and municipal officials.

Meetings Slated

Dubbed "Project Pride," the campaign focused upon the students themselves, according to Director of Support Services Ben Zenn. Although he's happy so far with the results, the real test will come in the months ahead.

This week, Mr. Zenn will begin meetings at both high schools with the principals, police chiefs and Youth Service Division, (YSD), detectives assigned to each school. "What we're after in these meetings relates specifically to the problems inside the high schools — the typical spring graduating class activities that lead to things like the South High incident last year," Mr. Zenn said.

"We want to stop the driving up and down Grosse Pointe boulevard, climbing the clock tower and releasing chickens in the hallways," he continued.

Although there have been a number of suggestions made about curtailing traditional graduating activities, (such as cap and gown day), at the high schools, no formal decisions on the subject have been announced by the Board of Education.

"Basically, we hope to handle this on a school-by-school basis," Mr. Zenn said. "We'll be working for tighter controls on kids getting out of class to avoid having students roaming around the halls, for instance," he said.

"The effort will have to involve the entire staff and administration along with the students."

School policy toward students caught in an illegal act will be consistent with past actions, according to Mr. Zenn. "We'll follow through on prosecutions and demand restitution when mandated."

"Project Pride" was launched shortly after the beginning of the school year with a series of meetings between school officials, including Superintendent Dr. William Coats, and student leaders, public safety and municipal officials as well as parent groups.

Efforts Successful

The first test of the project was the Halloween weekend when a newly-formed contingent of parent groups and auxiliary police guarded all school buildings, and a special effort was made to coordinate police patrols.

Their efforts were considered very successful. School officials reported that vandal (Continued on Page 6)

Rezoning Bid Nixed In Woods

Council Votes 5-2 to Deny Request of Citizens in Christine Court Area

By George Polgar Jr.

Residents of the Vernier road-Christine court area of The Woods have lost a skirmish in the community-wide battle to keep multiple family dwellings out of single family neighborhoods.

As the residents assembled for the Monday, April 18, public hearing to convince the council to halt the construction of two duplexes on a 68-by-230-foot lot in Vernier road, many suspected their pleas would do no good.

In the end the council denied the request by a 5-2 margin. The dissenting votes were cast by Councilmen John Sabol and George S. Freeman.

Mr. Sabol sided with the residents apparently because of the many problems that the duplexes would create in that already congested area, while Mr. Freeman was reaffirming his previous opposition to the plan.

Late Effort

Circumstances were stacked against the residents. Construction on the duplexes began weeks ago because the issuance of a city building permit was not held up pending the outcome of the public hearing.

The Woods Planning Commission recommended that the council allow the construction of the duplexes as the best utilization of the oddly shaped lot.

And, finally, the residents had organized too late. Though their petition for the hearing bore almost 70 names, only a handful turned out.

Even a supporter of their cause, Douglas Munro, of Anita avenue, said the neighborhood effort had been too little, too late. Mr. Munro was one of the organizers of formerly successful efforts to keep his neighborhood strictly single family.

The residents presented a case which listed grievances ranging from backyard flooding to child safety. They complained that the original decision to allow for multiple family zoning of the property had been bulldozed through the legal procedures without proper notification.

The city presented affidavits to prove that all the necessary residents were notified in 1974 and as the protesters denied that they had ever received notices, Mayor Benjamin W. Pinkos suggested (Continued on Page 2)

Punch and Judy To Have New Life As Church

Deal Underway for Purchase of Theater by Unity Church Group; Tentative Plans Also Call for Use of Building As Community Entertainment Facility

By George Polgar Jr.

Of all the rumors that have circulated about the fate of the Punch and Judy Theater—a Pointe landmark for almost 50 years—the most unlikely one is about to come true. The small, brick theater which conjures up matinee memories for many Pointers is going to be a church. Yes... a church.

According to Jack Boland, minister of the Unity Church, a deal, which has been struck for the purchase of the theater, will be finalized after city zoning restrictions are examined.

Part owner of the theater, Robert G. Edgar, has confirmed that the sale has been negotiated with the Unity Church—an autonomous congregation of the Missouri-based Assoc. of Unity Churches—but notes that the deal is still subject to approval based on zoning codes.

Explains Background

Farms Public Service Director John DeFoe reports he has set up a meeting with Mr. Boland to discuss the planned use of the theater for early next month.

"As far as I know, the deal won't be finalized until after that meeting," he said.

When the Punch and Judy changed hands late last summer the deal included the theater and the whole block of adjoining buildings. The Unity Church is now only acquiring the theater itself and the adjoining two story structure.

Aside from closing the deal, Mr. Boland has said he has two prime concerns at this point. He is eager for his prospective neighbors to understand first what the Unity Church is and what his plans are for the Punch and Judy.

"Now I understand that some of the rumors that have gone around have some people in the community concerned that we are some sort of strange cult," said Mr. Boland, who wears no clerical collar and introduces himself as "Jack."

Ties with Pointe

"The Unity Church has been around quite some time, about 100 years. And we're not strangers to The Pointe either. Our congregation was actually founded here in The Pointe in 1950. We moved over to a permanent facility in Detroit in 1970 and ever since we have been trying to find a way to come home, so (Continued on Page 8)

WINS AWARD

Thomas J. Burke, of Sheldon drive, was recently honored with a plaque and verbal tribute at the 92nd annual meeting of the Builders Exchange of Detroit and Michigan, held in the Detroit Plaza Hotel. Mr. Burke was honored for his "outstanding work on behalf of the exchange and the state's construction industry."

Child Safety Program Remains in Full Gear

By Roger A. Waha

The community-wide outreach program, coordinated by the Youth Service Division, (YSD), on the subject of child molesting and school safety in general remains in full gear.

Guidelines governing a suggested policy and procedures in the area of child safety toward establishing an overall program in the community are scheduled to be completed this week, said YSD Det. Patrick Fagan, who prepared the material. It will be made available to local police departments and to every school in the district no later than early next week.

At the same time, as part of the program, red Emergency "E" cards have already been distributed to local police stations. These cards, courtesy of the Kiwanis Club, will be available upon request from schools and PTA-PTO representatives. Citizens interested in participating in the "E" plan should contact their local school representatives.

(The concept will find residents placing the cards in their front windows, thus making their homes havens of safety for a youngster in trouble).

"We are driving to get at least three 'E's' per block in every home between now and the end of the school year," said Woods Det. Lt. Jack Patterson, YSD supervisor in the detective bureau. "If so, we'll be in good (Continued on Page 10)

Cost to Run Bureau Rises 7.74 Percent

Proposal Under Review by Pointes, School Board; Equipment Needs of Division Cited by Coordinator Petersen

By Roger A. Waha

The proposed 1977-78 fiscal year budget for the Youth Service Division, (YSD), which is currently being reviewed by the five Pointes and the school system regarding their participation in sharing the costs, shows a 7.74 percent increase over fiscal year 1976-77.

The budget, prepared by Woods City Administrator Chester E. Petersen, YSD coordinator, was recently sent to the division's board of managers, i.e., all Pointe city managers and a School Board representative. The proposal totals \$150,927 as against \$140,083 in fiscal year 1976-77. (In fiscal year 1975-76, it was \$128,198).

The bulk of the increase stems from salaries and wages, based upon the recent approval of the contract affecting public safety officers, (the YSD's four detectives are Woods officers), while a much smaller hike is reflected in utility costs such as telephone, electricity and gas, stated Mr. Petersen.

Breakdown of Costs

For example, salaries and wages, which make up almost 70 percent of the proposed budget, total \$104,367 in comparison to the \$94,898 amount for the current fiscal year.

In relation to cost containment efforts, Mr. Petersen said, "In order to hold down the increase in payments, (for the participants), we reappropriated a \$4,000 cash surplus from the current fiscal year."

The proposed allocation of contributions per community, based upon each municipality's current assessed valuation, shows the following: The Woods, \$39,170.60 or 33.48 percent; The Farms, \$29,108.85 or 24.68 percent; The Park, \$22,159.23 or 18.94 percent; The City, \$14,121.54 or 12.07 percent; and The Shores, \$12,436.78 or 10.63 percent. This total reaches \$116,997.

For the Board of Education, the salary of one officer, plus his fringe benefits, is placed at \$28,930, while its counseling service share is \$1,000. The Board of Education, Mr. Petersen noted, will pay 19.84 percent of the YSD's proposed budget total for the upcoming fiscal year.

Finally, the reappropriated cash surplus figure is incorporated in the overall total. Besides salaries and wages, the \$150,297 proposal includes (Continued on Page 2)

School Board Sets Meeting

The Board of Education scheduled a special meeting for Monday, April 25, to discuss reductions in staff, tenure charges against a teacher and termination of a probationary teacher.

The meeting will be held in the Board Offices, 389 St. Clair avenue, at 8 p.m. Director of Personnel Lawrence Kennedy said between 19-21 positions will be cut out of next year's budget due to declining enrollment. Pink slips will go out to about 35 teachers late in April, he added.

Tenure charges against social worker Lynn Adams were filed in late February. They are based on the Grosse Pointe Education Association's allegation that Mrs. Adams did not pay a \$10 special assessment for negotiations earlier in the year.

The general meeting is open to the public, although the probationary teacher and Mrs. Adams have the option of closing their hearings to the public.

Woods Okays Art Festival

The Woods Council at its Monday, April 4, regular meeting, approved a request to hold an art festival in Mack avenue.

Needles and Knots, Inc., 20958 Mack avenue, received permission to hold its third annual art festival in Mack between Hampton road and Brys drive on the east side and Ridgemont road and Brys on the west side.

The date of the event is July 30, (a rain date is set for July 31), from 10 a.m.-6 p.m.

Detroit area artists will display their works. The endeavor is planned to introduce the community to this area of Grosse Pointe and to stimulate an increased interest in local and traditional arts and crafts.

Shores Police Accuse Driver

Bryan David McMurray, 23, of 2429 Chesley, Sterling Heights, posted a total of \$196 with Shores authorities on Friday, April 8, before he was able to win his freedom pending a trial date scheduled for Wednesday, May 25.

McMurray, who was arrested by Public Safety Officer John Frasad at 3:05 a.m., was charged with speeding 45 mph on Lakeshore road, a 35-mile zone, and for operating a motor vehicle while his license was suspended. The bond for these offenses was \$150.

A teletype message sent over the Law Enforcement Information Network (LEIN), machine, brought back the information from the Secretary of State's Office in Lansing that McMurray was wanted on a moving traffic

violation warrant by Hazel Park police.

Shift commander, Sgt. James Jurcak, called Hazel Park authorities and was informed that that department's warrant was still in effect. Hazel Park police asked The Shores to obtain a bond of \$46 on their behalf, pending the man's appearance in Hazel Park's court.

PSO Frasad said he was on patrol on Lakeshore when he observed McMurray traveling at a high rate of speed on Crestwood drive. He then made a left turn onto Lakeshore from Crestwood and began speeding on that thoroughfare, police said.

The officer said he paced the motorist at about 48 miles an hour from Fairlake to the Village limits and into St. Claire Shores, before stopping the man at Jefferson and Nine Mile road.

Memorial Campaign Continues

Center Is Reaching Halfway Point of \$145,000 Goal; Follow-Up Letters to Citizens Mailed This Week

The Grosse Pointe War Memorial's 1977 annual Family Participation Campaign is close to the halfway point of its \$145,000 goal, which is needed to balance the budget for fiscal year August 1977-July 1978, report Center officials.

A total of \$67,692.77 has been received from 3,121 donors at this time, but \$77,307.23 is still needed with the target date being Memorial Day, May 30, when those who made the supreme sacrifice are honored on the lake side lawn of the Memorial.

The 4th Marine Air Wing Drum and Bugle Corps will fly in from New Orleans, La., especially for the occasion.

Hope Reminder Helps

So that a successful announcement can be made at this time, follow-up letters are being mailed this week to all Pointe families from whom the Center has not yet heard.

"It is realized that due to the severe winter many have lingered in the south and are just returning to their homes. It is hoped this reminder will coincide with their return," officials say.

As a special inducement for first time contributors, the Center adds it's offering free tickets to Grosse Pointe Theater's production of "One Flew over the Cuckoo's Nest."

Peace Church Hosts Speaker

Morley Fraser, assistant to the president at Albion College, will speak on Sunday, April 24, at Peace Lutheran Church, East Warren at Balfour, Detroit, at 7:30 p.m.

Mr. Fraser also is director of continuing education at Albion.

His topic is "Room at the Top." This service will climax an enthusiastic evangelism day at Peace, including a neighborhood walk-through and a potluck dinner.

Peace Church welcomes and invites visitors and participants for the day.

Center Point Seeks Aides

Center Point Crisis Center, 17150 Maumee avenue, is beginning its spring recruitment efforts for new volunteers to help fill vacancies in their counseling staff.

The counselor training program will consist of a 20 hour workshop in emphatic listening skills, sessions in values clarification and problem solving methods and classes in how to counsel individuals suffering from acute drug reactions, inter-personal conflicts and sexually related problems.

Prospective counselors are required to successfully complete almost 50 hours of cognitive skill building, in addition to several weeks of on-the-job training.

The training program is not geared toward those needing help with personal problems. The emphasis throughout training will be to produce qualified paraprofessional counselors who are interested in helping people experiencing an emotional crisis.

Anyone with career interests in the fields of guidance counseling, social work or clinical psychology is encouraged to apply.

Further information is available by calling Marianne Cook or Jim Tenbusch at Center Point at 881-7744 be-

tween 4-11 p.m. daily. Appointments for personal interviews should be made by tomorrow, April 22.

Paper Drive Set for Musicians

The North High School Band and Orchestra Parents' Club will hold a paper drive Saturday, April 23.

Newspapers, bundled or in paper bags, may be delivered to the school parking lot, 707 10 a.m.-4 p.m.

Somewhere between boyhood and manhood Tom Webber was trying to be himself... the nuns simply didn't see it that way.

The Education of Tom Webber

A Novel Set in Kalamazoo by POINTER-T. R. Peters, Sr.

A military school run by nuns was not the most congenial environment for Tom Webber. At 14, the freedom to be himself was all that counted. He was not disposed to let a little matter like school discipline stand in the way—or phony social values.

His scrapes with officialdom and the student aristocracy make thoroughly amusing reading. But it is poignantly clear that for all his mischief and defiance, Tom is groping meaningfully toward maturity.

west entrance to the city, (at the Harper Woods border), and east of the Vernier-Mack avenue intersection.

However, the council at its meeting Monday, April 4, learned that the total, estimated cost of the project was

some \$13,000 more than originally stipulated.

At that time, Mr. Petersen said the overall cost, including the previously considered low bid of \$19,265.79 from the Greater Detroit Landscaping Co., around \$6,000 for electrical services, \$2,648 in contingency and inspection fees and \$1,212 in landscape architects fees, would be \$29,126.

Priorities Viewed

With the city now taking charge, Mr. Petersen said he hopes to have quotes in the six areas for the council's consideration at its Monday, May 2, meeting. If the council accepts specific quotations, (pending priority and cost factors), he indicated it was possible that portions of the project could be completed within 30 days.

(A concern on the commission's part was a possible delay of Dedication Day, tentatively set for June 19, along with an official announcement of the project).

"If the total comes in too high, priorities will have to be set on those items," said Mr. Petersen. The council, then, would have to make decisions on what's to go and what's to wait.

The commission made its recommendation at its Wednesday, April 13, meeting. It requested that the city act as general contractor regarding parkway construction according to specifications and plans provided by landscape architects Eichstedt, Grissim and Young as revised by the city.

Meeting Stated

Cost options are scheduled to be reported to the commission at a special meeting on Wednesday, April 27.

The commission's final vote on the aforementioned recommendation was five for, none against, three abstentions and three members were absent.

Dr. Albert C. Howe, commission chairman, said he was personally pleased the city is taking over the project, although he expressed a concern over the potential delay in getting it going.

Saying he felt the commission was basically in agreement with the city taking charge, Dr. Howe said, pending specifics on cost figures, priorities in his mind include the masonry walls, necessary landscaping and a water tap at the west end toward the future development and irrigation of the island.

ELECTED TO POSTS

The Builders Exchange of Detroit and Michigan elected Pointers Ben W. Capp, of North Oxford road, and Vernon S. Glendening, of Webber place, as directors to serve three-year terms. The elections were held recently at the exchange's 92nd annual meeting held in the Detroit Plaza Hotel.

Schools Eye Personnel

(Continued from Page 1)

Members of the superintendent's cabinet first rated administrators on a five-point scale in 21 different categories.

Among the categories, developed by Director of Research and Development Roger McCaig, was performance in the areas of evaluation of staff, supervision of budget, follow-through on central office directives, involvement in school activities and communication with staff, parents and students.

The written evaluations were then compiled by Director of Instruction Dr. Joseph Spagnoli. They were followed by interviews of at least one hour, with Dr. Spagnoli, Dr. Coats and the staffer being evaluated present.

Dr. Coats will base his recommendations for contract extensions and merit pay raises on these conferences.

Although all the adminis-

trators have already been through this process in their interim evaluations, "based on the results, I felt comfortable extending contracts for relatively few," Dr. Coats said.

Area of Weakness

Evaluation of the teaching staff was the administrators' greatest area of weakness, according to Dr. Coats.

"Many administrators might disagree with the evaluations in this sense," he said, "we simply need more information on the staff than they've been giving us."

Dr. Coats said the categories of supervision of budget and knowledge of curriculum also proved to be weak points for many administrators.

All the administrators had two-year contracts extending through June 1978. Those who have been granted extensions are guaranteed a job through June 1979.

Cottage Hosts Lecture Series

Four spring programs in psychiatry will be offered by Cottage Hospital and the Detroit-Macomb Hospitals Assoc. as a joint continuing medical education endeavor. Each program carries two and a half Continued Medical Education Category 1 credits. The first of the programs will begin today, April 21 on the topic of "Acute Management of Toxicity and Withdrawal in Alcoholism and Drug Abuse." It will be conducted by Dr. Edward Domino, professor, Department of Neuropsychopharmacology, University of Michigan. On Thursday, April 28, "Alcoholism: Making the Correct Diagnosis," will be discussed by Dr. Melvin Selzer, professor, Department of Psychiatry, University of Michigan. Dr. Selzer is nationally known for his work on the connection between alcoholism and automobile fatalities.

The Wednesday, May 11, program on "Medicolegal Pitfalls in the Practice of Psychiatry," will be led by Dr. Samuel Shuman, professor of law, Wayne State University. Dr. Shuman is the legal counsel for the Michigan Psychiatric Society and is well known for his work on ethical issues in psycho-surgery.

The last program in the series on Thursday, May 19, "What Every Doctor Should Know about Forensic Psychiatry," will feature Emanuel Tanay, clinical professor of psychiatry, Wayne State University.

Each session will be held in the lower level board room at Cottage, 159 Kercheval avenue, from 7-9:30 p.m., and will carry a charge of \$25 each, payable to the Cottage Hospital Medical Staff.

Further information may be obtained by calling Assistant Administrator Peter Seidel at 884-8600, extension 321.

Troop 479 Cites Three Eagles, Former Leader

Boy Scout Troop 479, which meets in Parcels School, recently held a Court of Honor with relatives, friends and officials of the Detroit Area Council watching as the last of "Denny's Boys" received their Eagle Scout awards.

The highlight of the ceremony was the presentation by former Scoutmaster Dennis Crooks of scouting's highest rank, the Eagle Scout award to three scouts.

The recipients included Gary M. Shammass, 18, son of Mr. and Mrs. George P. Shammass, of Saddle lane, Michael G. St. Denis, 16, son of Mr. and Mrs. James E. St. Denis, of Hollywood avenue, and Michael A. Luberto, 14, son of Dr. and Mrs. M. A. Luberto, of Canterbury road. The three boys attend North High School.

Mr. Crooks served as scoutmaster from September 1972-September 1976 during which time 42 young men, under his direction and guidance, earned the rank of Eagle Scout.

The Detroit Area Council stated that this was an exceptionally large group of boys from one troop to receive this rank as less than one percent of Boy Scouts in the United States go on to become Eagle Scouts.

For Mr. Crooks' efforts in seeing that the young men obtained the required 24 merit badges while devoting many hours to service projects toward benefiting the community, school and church, he was awarded the Silver Beaver, which is scouting's highest award for a volunteer leader.

Gary Vasher became Scoutmaster of Troop 479 last September.

At the Court of Honor, the rank of Life Scout was presented to Tom Cyr, Dave Giar, Bob Grant, James Grant, Don Luberto and Mark Rolain, while the rank of Star Scout was awarded to Chuck Finley, John Kamm, Jerry Loughlin, Peter Mogk and Mike Przydatek.

The First Class Scout rank went to Hank Bonnah, Ted Binkowski, Dennis Cyr, Alan Guest, Jerry Loughlin, Pat Marlow, Pat Minturn, Eric Robbins and Scott Veenstra.

Thomas Berger, Todd Chaisson, Robert Luberto, Scott Sturgeon, Phil Ugorski and Sid VanAssche, received Second Class Scout ranking.

New Tenderfoot Scouts were Dave Sawchuk, Marty Shefferly and Jim Wensberg, while the rank of Scout was presented to Richard Crawford, Mike Rygiel, David Sheridan and Kurt Vining.

Service stars recognizing from one-six years of service with the troop were given to 50 scouts, while 53 scouts earned a total of 172 merit badges.

Arrangements for the Court of Honor were handled by the Eagle Scout mothers Mary Shammass, JoAnna St. Denis and Kathy Luberto.

Some men convince others without convincing themselves.

Mother expresses a wish and it's dad who pays the charges.

Don't be liberal beyond your means—it creates suspicion.

DIA Offers Alaskan Film

Don Cooper drives the famed Alaska Highway from Dawson Creek to Fairbanks in the World Adventure Series color movie, "Klondike Adventure—Alaska Highway to the Yukon," Sunday, April 24, in the Detroit Institute of Arts, (DIA), at 3 p.m.

Mr. Cooper, the Alaska Lumberjack, also takes a side trip to Alaska's Inside Passage and hikes the historic Gold Rush Trail of '98 from Skagway to the Klondike gold fields.

He shows road conditions, accommodations and wildlife along the Alaska Highway. He gets trapped in a blizzard atop Chilkoot Pass, shoots the treacherous Miles Canyon rapids and films a savage battle between two giant brown bears.

For ticket information and a free illustrated brochure, phone the World Adventure Series at 832-7676 any day between 9:30 a.m.-5:30 p.m.

Vandalism

(Continued from Page 1)
ism was "markedly reduced" in 1976, as compared to 1975. Only two minor incidents were reported over the Devil's Night and Halloween weekend involving school buildings.

"Overall, the entire year has been a good one in terms of vandalism," Mr. Zenn said. "With one major exception, the incidents have been limited to some minor glass breakage."

That "exception," the flooding of a South High boiler room via an open fire hydrant, cost the school system \$30,000. The average cost of vandalism per year to the system has been estimated at \$27,000.

Although the schools may have fared well this year, on a city-wide basis vandalism has increased. YSD officers arrested 127 youths on vandalism charges in 1976 and received reports on a total of 120 incidents.

Only 116 cases were reported the year before. The largest increase took place in The Woods, with a total of 61 reported cases followed by The Shores with three. The Farms, Park and City, on the other hand, reported slight decreases in vandalism.

A Rather Important Riverfront Restaurant

Both the artifacts that surround you and the culinary mastery you are about to enjoy have been collected over many years and thousands of traveled miles. The barrels, harpoons, and cargo gear were procured from actual shipping ports. We've adopted superb recipes from around the world and, in some cases, actually improved upon them. Many dishes are purely original creations of my galley staff. Together, they employ their collective skills and talents to bring out the peak of excellence in our freshest seafood, fowl, prime steaks, and chops.

Specialized cooking, as with any fine work of art, takes time. So, relax, stroll through Jerry's and take in the view while enjoying a mug of beer or glass of wine.

HARKNESS PHARMACY
Pharmacy Footnotes

HARKNESS PHARMACY

An occasional loss of sleep happens to everyone and is nothing to fear. Research indicates that normal adults suffer no major physiological change after as much as 200 hours of induced insomnia. Normal sleep, however, does provide a great margin of safety. The physically well person, therefore, need not be worried that occasional loss of sleep is necessarily harmful to his health or to his efficiency. It is the continuous loss which produces chronic fatigue and can be harmful.

Personalized service by professional pharmacists is available at HARKNESS PHARMACY, 20315 Mack Ave., at Lochmoor Blvd., Grosse Pointe Woods. We offer prompt, dependable prescription service as well as a complete line of all health and beauty aids. Our staff works closely with your doctor to make sure we have the latest medications available when you or your family needs them. Visit HARKNESS PHARMACY for greeting cards, all types of health and beauty aids, a full line of liquor, and Whitman candies. Call us at 884-3100 for free prescription delivery. We are open daily from 9 A.M. until 9 P.M., and on Saturdays from 9 A.M. until 5 P.M.

Request for Bus Shelters Denied by Woods Council

A request from SEMTA, (Southeastern Michigan Transportation Authority), to the Woods toward participating in its bus shelter program this year was unanimously denied by the council at its regular meeting Monday, April 4.

Under the program, SEMTA purchases and installs the shelters, while participating cities agree to maintain them. The enclosures are constructed of aluminum framing with lexan wall panels mounted on a concrete base pad. They also contain unbreakable transparent walls for maximum visibility.

Over 30 municipalities have worked with the authority to provide shelters for their citizens, with SEMTA purchasing and installing 300 shelters over the past two years, said William V. Seifert, chief of engineering, in a letter to City Administrator Chester E. Petersen.

However, the council has nixed similar requests in the past and two of three groups, in recommendations for the solons' consideration, looked dimly on the shelters.

Both Public Safety Director Henry Marchand and the Beautification Commission turned down SEMTA's bid, while the Senior Citizens Commission felt the shelters would be useful.

While not being totally opposed to the enclosures, Director Marchand said what he has seen of them in Detroit and St. Clair Shores leaves a lot to be desired from the standpoint of beautification. "It appears that after the shelters are erected, they are left to accumulate debris, graffiti, crud and dirt," he stated.

The director felt there were only two locations within the city where the shelters could be utilized. One would be on westbound Vernier road, west of Mack, in front of the A. H. Peters Funeral Home, while the other would be on

northbound Mack, north of Vernier, between the drive ways into Joseph's service station.

"But I hesitate to recommend a bus shelter at (the latter) location as the shelter could obstruct the view of drivers exiting the gas station from the north driveway onto Mack," said Director Marchand.

Suggesting that some bus shelters in other communities be viewed before a course of action takes place, the director cited a "classic" in front of the Shores Madrid Theatre, "which was erected backward, apparently to protect the bus patrons from being splashed by passing cars."

The result, he noted, is that while waiting for a bus, "you have to sit with your back toward Mack and look over your right shoulder and backwards to see if any buses are coming."

Meanwhile, while the Beautification Commission felt there might be a need for such shelters in the future, it recommended that the request be denied, while feeling that a design could be found more in keeping with the early American flavor of the city.

The Senior Citizens Commission, on the other hand, recommended that shelters be located at Mack and Seven Mile road, Mack and Oxford road and at two locations at Mack and Vernier road, i.e., the northwest corner and the southeast corner.

Village Club Keeping Busy

Village Club seniors met on Wednesday, April 6, for Hound Dog Night, reports the Neighborhood Club. Henry Summerfeld spoke about politics in Washington and Lansing pertinent to seniors, while Ed Richards presented slides of previous group meetings.

Later, cards and conversation were enjoyed.

On Wednesday, April 13, club members visited Belle Isle. The Dossien Great Lakes Museum, Belle Isle Aquarium, Conservatory and new Nature Center were enjoyed by all.

The day trip to the Renaissance Center and Stroh's Brewery set for Tuesday, May 3, is filled and plans are being made for another trip to the Renaissance Center in the fall.

On Saturday, June 25, club members will attend a Tiger Baseball game.

The club's next general meeting will be Wednesday, May 4. A suitcase packing demonstration and slides of New England will be presented.

The Village Club also prints a free monthly newsletter which has items of interest for seniors in the area. Call Jon Austin at 885-4600 for more information.

Life is just one continuous cycle of getting and giving, and forgetting and forgiving.

PWP to Host Cancer Expert

Grosse Pointe Chapter #192 of Parents Without Partners (PWP), will hold its next general meeting on Friday, April 22, at the War Memorial, 32 Lakeshore road.

All PWP members are invited, as well as eligible guests, (widowed, divorced and separated). Custody of children is not a factor in eligibility.

The coffee hour, which begins at 7:30 p.m., will be followed by guest speaker Pat Judson, president of the Detroit Chapter of the Foundation of Alternative Cancer Therapy and editor of the FACT Metro Detroit Newsletter.

Mrs. Judson will present her views on a way of treating cancer other than surgery, radiation and chemotherapy.

The American Cancer Society and the American Medical

Assoc. disagree, PWP reports. She will bring with her people who have experienced remarkable cures from illnesses diagnosed as cancer and they will tell how it happened.

Mrs. Judson's appearance at the meeting does not constitute an endorsement of her views by PWP or the War Memorial, but represents a desire to hear speakers of national interest.

To maintain a non-partisan position, a representative of the American Cancer Society will speak on Friday, May 13. Members are urged to attend both meetings and draw their own conclusions.

An afterglow will follow the meeting, with place and directions to be announced.

Neither political party has acquired the ability to pass the gravy without spilling it.

"Tell me again, Larry, the bald detective with the dirty raincoat and the white bird on his shoulder...which channel is he on?"

The networks are all the same

The networks are like one big station: WNBCSABC.

When one network invents a new program, the others follow. Detectives chase detectives. Women with funny first names are appearing everywhere. Soon, there will be a bionic community. It goes on and on.

WNEW-TV doesn't have to play match-that-show in the national ratings game. We're a television station for the New York market alone. So we can give people a choice.

When "packaged" laughter is flowing on The Merv

Griffin Show. When the networks are playing cops-and-robbers, the real story is coming from Bill Jorgensen and his team on The 10 O'Clock News.

And when the network stations are giving New Yorkers the news an hour later, we give New Yorkers the choice of a program that's ahead of its time—Mary Hartman, Mary Hartman.

That's why, in New York, more homes tune to WNEW-TV than two out of the three network stations. And why we can offer Detroit advertisers a real choice in the New York market.

ATTEND CONFAB

North High School science department teachers, John Herrold, Art Weirle and Gordon Morlan, department chairperson, attended the 25th Annual Convention of National Science Teachers Assoc. in Cincinnati, O., Wednesday-Friday, March 25-27. Mr. Morlan stated that he and his colleagues felt that this was one of the most rewarding conferences that they have attended.

OUT OF THE BAG

It may be true that blood will tell and time will tell, but someone often beats them to it.

Punch and Judy to Have New Life

(Continued from Page 1)

Further emphasizing his congregation's ties with the community, Mr. Boland explained that four of the church's six board of trustees members are Pointers.

Described in Unity Church literature as a trans-denominational sect, Mr. Boland says the activity of his ministry is more teaching than ritual. His church operates a dial-a-meditation phone service which logs some 3,000 calls a day, as well as a cassette sermon network sending recorded teachings all over the world.

The local Unity Church reportedly has 300 members but draws as many as 600 people on Sunday services and regular Wednesday evening classes.

Mr. Boland is a licensed and ordained minister and has the authority to conduct all religious functions, (marriages, funerals, et al.).

Eyes Refurbishing

What does the Unity Church plan to do with the Punch and Judy when it isn't being used for services? Plenty, according to Mr. Boland.

"We want to give the Punch and Judy back to the community," he said. "It has great possibilities as a community activity center. The building itself is a magnificent structure and we want to restore it to its original condition."

Mr. Boland maintains that the refurbishing of the Punch and Judy is the most important ingredient in his formula for success. Reminded that the present owners had hoped to use the theater as a community forum but failed because of poor public response, the ambitious minister said that the present condition of the auditorium makes it unfeasible for maximum use.

"It needs a lot of work. It needs painting, new lighting and the stage needs reconditioning. We expect to spend \$50,000 to get the theater back into shape," said Mr. Boland.

When all the work is finished, Mr. Boland says he will welcome any suggestions from any responsible group about the use of the auditorium. Though the Unity Church is a non-profit organization, a system of rental fees will be set up with proceeds going to defray the costs of maintenance.

The fact that the church is a non-profit organization, and has the resources to push the Punch and Judy as a community entertainment facility, may be the key to the success that eluded the present owners.

"We had plenty of suggestions on how to use the Punch," said Mr. Edgar. "But most of the people came to us asking to use the auditorium for free or with half thought out ideas that we were supposed to organize. My partner and I are not theater operators and we just didn't have the time to invest."

As a commercial theater the Punch and Judy has come to the end of a long

GPW Improves Park Facilities

Three recommendations covering capital outlay expenditures at the Lake Front Park received the attention of the Woods Council, based upon recommendations from the Committee of the Whole, at a recent regular meeting.

Concurring in all the recommendations, the council first okayed the purchase of new mercury vapor lighting for tennis courts one and two at Lake Front, and that such expenditure be paid from the Recreation Construction Fund (i.e., bond issue monies).

At the same time, a proposal toward updating and/or purchasing mercury vapor lights for all tennis courts at

Ghesquiere Park be included in the 1977-78 fiscal year budget also was approved.

The final council vote was 6-1 with Councilman George Cueter nixing the motion. He felt the funds should come from the Department of Parks and Recreation budget rather than from bond issue monies.

Then the council voted 6-1 to purchase 10 windscreens to be attached to the ends of the tennis courts, facing the roadway, at Lake Front in the amount of \$1,883. The Department of Parks and Recreation was instructed to install the windscreens, the monies of which would come from the Recreation Construction Fund.

Mr. Cueter again voted against the request for the same aforementioned reason.

Finally, the solons okayed the asphalt resurfacing of parking bays located on the east and west side of the Milk River awarding the work to the Cooke Contracting Co. in the approximate amount of \$12,410.25.

This is an extension of the company's contract based upon earlier work on roadways at the park, said City Administrator Chester E. Petersen. The vote was 7-0.

CARTMILL ELECTED

George E. Cartmill, of The Farms, was elected as a new trustee of the Kresge Foundation. Mr. Cartmill is president and chief executive officer of the Harper-Grace Hospitals. He is presently a member of the board of directors of the Detroit Rotary Club and the Economic Club of Detroit. He also is currently vice-chairman, board of trustees, of Blue Cross and Blue Shield of Michigan. Among the numerous awards and citations he has received is the 1975 Distinguished Service Award from the American Hospital Assoc. and the Gold Medal Award for Excellence in Hospital Administration from the American College of Hospital Administrators.

Warmer Weather Brings More Activity for YSD

A total of 72 offenses were referred to the Youth Service Division, (YSD), for investigation and disposition last month. This was an increase of 18 over February's amount.

The total for the year through March is 159 cases whereas, for the same period last year, the amount was 164.

Violation of the Controlled Substances Act was the category of highest incidence last month as 12 cases were handled by the division.

Eight were marijuana or hashish incidents which involved two male adults and seven juvenile males, while two were synthetic drug cases involving one juvenile male and one adult female. Two other incidents were a com-

bination of the above and involved two adult males. One related case, drunkenness, involved two juvenile males.

Larceny, with 10 cases, was the second category of highest incidence. This classification, along with other related categories, i.e., burglary, five incidents, auto theft, two, violation of stolen property laws, two, and robbery armed, one, involved a total of 21 identified male juveniles and one juvenile female. Of these cases, six remain unsolved at this time.

Meanwhile, nine malicious destruction of property cases involved 11 male juveniles. Five of these incidents remained unsolved.

Runaway cases, totaling nine, involved three male juveniles and six female juveniles. Two of the girls and one boy returned home voluntarily, while four girls and two boys were arrested and returned to their parents.

Six applications for petition were filed with Wayne County Juvenile Court and five have received court authorization. These include such charges as robbery armed, conspiracy to robbery armed, larceny from an auto, possession of stolen credit cards and the breaking and entering of a commercial building, (vacant).

In its report, the YSD says, "With the coming of clement weather, male teenagers are seeking excitement. As might have been anticipated, two bomb threats were received by one of the high schools.

"The same mental vein, directly responding to the Oakland County crisis, probably triggered four incidents of possible child molesting. Two of these incidents have been cleared and are identified as acts of intent to frighten. Two incidents are unsolved and remain as possible attempts of child molesting."

Center Offers Buffets, Show

Special Theatre Buffets will precede Grosse Pointe Theatre's showcase production of "One Flew over the Cuckoo's Nest" in the War Memorial's Fries Theatre Wednesday-Saturday, April 27-30.

The production will be presented for the convention of community theatres to be held at the War Memorial and for the public.

The buffet includes a smorgasbord of hors d'oeuvres, a variety of salads and dressings including spinach salad with bacon, a selection of vegetables, seafood, roast beef and a dessert table, all for \$7.75, tax and service included. Reservations should be made in advance by individuals or parties of any number.

On Wednesday, May 4, Grosse Pointe Theatre will give a special complimentary performance of "Cuckoo's Nest" for new members of the Grosse Pointe War Memorial Assoc. only.

City Police Car Hit by Bullets

The City's own municipal offices were subject to an attack by vandals over the weekend when someone shot out the front passenger window of the police department's new patrol car.

The auto was parked along side of the municipal office building, 17147 Maumee avenue, when the incident occurred.

Police discovered the shattered window, and another pellet hole behind the rear door of the car, on Saturday, April 16, when the morning shift came on duty.

They said the damage must have been done sometime during the night. The glass was repaired at a cost of \$78. Police have no suspects in the case.

Club Slates Bike Program

The Neighborhood Club will sponsor its third annual Spring Bike Presentation on Tuesday, April 26, at 7 p.m. The free program will take place in the teen lounge at the club, 17150 Waterloo avenue.

The program is being co-sponsored with Jake's Bike Shop. They will send a speaker to discuss biking, bike touring, maintenance and conditioning tips. A movie also is tentatively planned.

The program will be the start of the club's spring biking season for teens and adults. Bike tours for teens, grades seven-12, are scheduled to begin Saturday, April 30, with a ride to Metro Beach.

Later trips include tours to Stony Creek Metro Park, the Belle Isle Marathon, a weekend bike camping trip and the Pedal to the Pines. Adults who are "in shape" are welcome to join the teens on these rides.

In addition to the teen program, the club also will be sponsoring a biking club for serious adult riders. Rides are scheduled for Tuesday evenings from 7-8 p.m. and will depart from the club.

We know what money is for and there's nothing wrong with wanting more than you have.

"Money can't buy happiness," the old saying goes, and we suspect that might be true.

We also suspect that money can't buy world peace, eternal life, or a puppy that never has an accident.

But it's too bad that so many people think about all the things money can't do. That makes them think there's no point in having any more than they have.

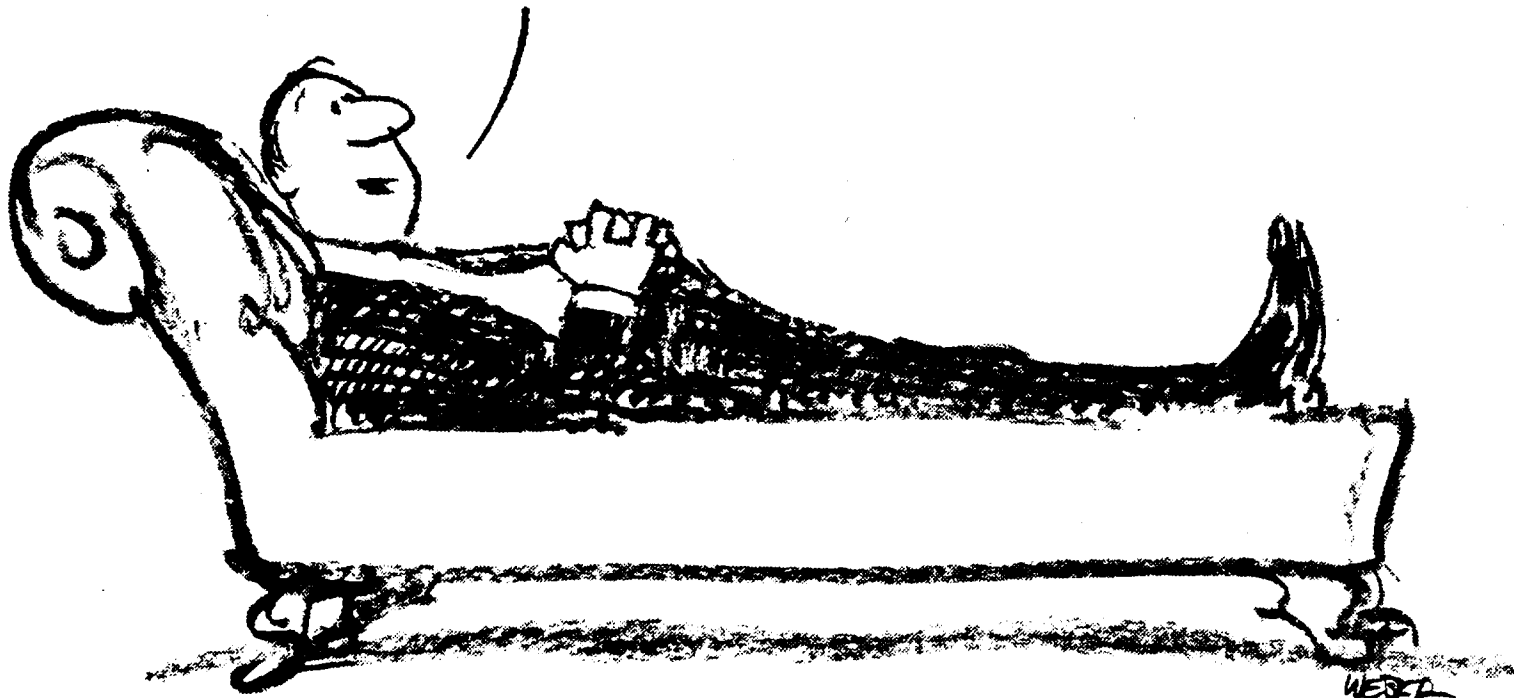

And, after more than 40 years of helping people save money, we see many of the things money can do. You know what money can do? It can help you buy things you need and want—now or in the future.

At First Federal, our job is helping people have more money than they have. We do that by offering a variety of savings plans, high interest rates, and many special services not available elsewhere.

We enjoy doing it. So if you want to have more, tell us. We'll show you how.

We know what money is for.

...NOT TO SQUANDER, YOU UNDERSTAND. I'D PUT IT TO VERY PRACTICAL AND WORTHWHILE USES. FOR EXAMPLE, WE HAVE THIS LITTLE COTTAGE ON A LAKE, AND THE KIDS JUST LOVE SPENDING THE SUMMER THERE. BUT IT NEEDS A LITTLE FIXING UP. I'D JUST LIKE ENOUGH EXTRA MONEY TO FIX UP THE COTTAGE. AND MOVE IT TO TAHITI.

Remember our Blessed Mother
during the month of May

THE ROSARY AND PEACE

Throughout the Christian centuries the Rosary — prayed devoutly — has brought many personal and public blessings from God.

Among the public favors is one which occurred in our own country: victory at New Orleans on January 8, 1815 — this in spite of the fact that our troops were hopelessly outnumbered: 6,000 Americans against 15,000 British.

General Andrew Jackson publicly acknowledged this great favor and personally thanked the nuns, women and children who had spent the previous night in a vigil of prayer, praying the Rosary, over and over again, before a shrine of Our Lady of Prompt Help in the Ursuline Convent.

The prayers of the Rosary could also be instrumental in obtaining, and keeping, peace in the world today. Christ's Mother — and ours — promised this.

Back in 1917 at Fatima, Portugal, when Russia was just a "little" nation and Communism was just budding politics, Our Blessed Mother warned us of coming dangers. She told us through three favored children — Lucia dos Santos, Francisco Marto and Jacinta Marto — that wars are a punishment permitted by God because of sin. And to offset evil, Our Lady asked for the amendment of our lives, for daily prayer — including the Rosary — for penance and reparation, and for consecration to her Immaculate Heart.

In fact, she stated: "If my requests are granted, Russia will be converted and there will be peace. If not, Russia will spread her errors throughout the world, provoking wars and persecutions."

Unfortunately, these foreboding conditions do now exist. The prayers of the Rosary, humbly offered to God through Our Blessed Mother, could help win — and keep — a just peace.

Let us all unite in offering God the prayers of

shape." At the same time, in emphasizing the necessity for cooperation, the lieutenant pointed out that the YSD is coordinating the program, not doing it, in citing the need for the schools and PTA-PTO representatives to actively pitch in.

In reviewing the proposed content of the booklet, Det. Fagan said the cover letter will emphasize a spirit of cooperation between the

schools, police and citizens in making the program an active one.

Besides featuring an organizational chart, four objectives will be cited including (1), establishing a uniform community child safety program in the Pointes and Harper Woods, (2), emphasizing the collaboration between police, schools and citizens, (3), providing certain facts concerning child safety toward assisting local police and the schools in coordinating their efforts in locating a missing child and, (4), to protect all youngsters.

The booklet will spell out the "E" program and explore the operational procedure in relation to acquiring the "E" cards.

It also will contain a suggested procedure to follow in relation to reporting a missing child, thus including a suggested missing person information form.

As part of this approach, an emphasis is placed upon uniformity in reporting, including a fan out system which can be instituted by a local police department via a call to a designated person at the missing child's school, e.g., the principal.

As for a fan out system, Woods Traffic Safety Officer Paul Crook, in an information sheet for all officers, focused upon such a system in his community.

He said a book will be kept at the clerk-dispatcher's desk containing the names and telephone numbers of persons responsible for the emergency calling list. If a child is reported missing after school hours, he asked that the principal of the school in which the child attends be called.

Then the principal will call necessary people toward initiating the fan out system. If the principal cannot be reached, the next person on the list, who's responsible for making the necessary calls, should be contacted.

Officer Crook added that discretion should be used before starting the fan out system.

Meanwhile, a list of school principals, with their names and phone numbers, along with PTA-PTO presidents, will be included for public, private and parochial schools in the booklet, noted Det. Fagan.

The detective also stressed the overall awareness con-

cept, saying all YSD detectives, for instance, are available to give presentations within the classroom and to adult groups and organizations on the subject of child safety.

Those who are interested in having one of the detectives address a group should call the YSD office at 886-2908 for further information.

At the same time, information also may be obtained on the distribution of pamphlets viewing the child molester and providing safety tips for parents. A total of 6,500 have been printed and around 1,500 have been distributed to schools requesting them.

As part of the total scope, an "eyes and ears" program is being considered. This would find all safely patrol youngsters being provided with a pencil and pad or card so they could mark down, as necessary, any suspicious activity, e.g., the license number of a car, in relation to children going to and from

school.

Finally, a massive personal safety educational program aimed at elementary school children across the state was announced last week by the Michigan Fraternal Order of Police, (FOP).

Part of this program includes the distribution of thousands of bumper stickers via FOP members, along with copies of a story booklet and an eight-page coloring book into schools throughout Michigan.

The YSD as part of its safety-oriented classroom program already utilizes the coloring book but Det. Fagan said the bumper sticker idea is something new, (on the local level).

"We'll cooperate and participate and include their suggestions into our program," he said, while adding as soon as Lodge #102 receives the stickers, they will ultimately be taken to all local police departments for distribution.

The public is invited to attend the festivities. Tickets for the banquet and show at \$7.50 may be obtained from the Center office.

Cancer Branch Offers Service

The American Cancer Society branch office located at Cottage Hospital, 159 Kercheval avenue, recently celebrated its one year anniversary. The branch, staffed completely by volunteers, has devoted much time and effort toward meeting the accomplishment of goals set forth by the metropolitan unit of the American Cancer Society. The Cottage Hospital branch, equipped to offer many services to the community, is open Monday-Friday from 9 a.m.-12 noon and from 1-3 p.m.

It handles the service needs of cancer patients and their families, including the distribution of educational material, dressings, medical equipment needed to care for patients in the home, information and referral guidance and transportation assistance. The "Living with Cancer" meetings have been most helpful for cancer patients and their families. This self-help group meets on the first Thursday of every month to discuss mutual problems being experienced as a result of the disease.

This program is directed by a volunteer registered nurse, who is trained in all aspects of the field. She is most willing to lend her knowledge and experience so that others might better understand cancer and what can be expected from it, officials say.

The Public Education Committee can arrange for presentations on most aspects of cancer, including films and speakers. These can be presented to school and church groups, as well as to clubs in the community.

A number of educational programs are available. The American Cancer Society conducts a breast self-examination program with the help of a volunteer registered nurse. Films are available which can be shown in conjunction with this particular program.

Grosse Pointe National Honor Society students have initiated a program of smoking awareness using the film "Huffless, Puffless Dragon" which has been well received by fifth and sixth graders in the Grosse Pointe elementary schools.

For several information on any of these services offered by the Cottage Hospital branch, call 343-9006.

GP Farms Sinks \$151,228 Into Kerby Sewer Project

By Tom Greenwood

With the purchase of 1,200 feet of sewer pipe and the payment of three invoices for labor costs, The Farms has thus far sunk \$151,228 into the Kerby road sewer repair project.

The council, at its Monday, April 11 meeting, approved the purchase of pipe from the Armco Steel Corp. at a cost of \$13,467. It also approved invoices of \$6,664.25, \$5,120.63 and \$4,780.65 from the Mancini Construction Co. for work done in connection with the sewer repair.

An estimated \$120,000 has already gone into labor and construction costs.

City officials believe the total cost of the repair work could reach between \$250,000-\$300,000.

An 87-foot section of sewer also has collapsed in Moross road, between Kercheval avenue and Country Club drive, according to City Comptroller Carol C. Lock. The trouble was first noticed about 10 days ago, but repairs on the sewer are nearly completed.

"We think the problem with the Moross road sewer dates back from the five inches of rain we received one day last summer," said Mr. Lock.

"The force of the rushing water drew sand and dirt in through cracks in the pipe. Because of this, a hole slowly formed and the pipe eventually collapsed."

"We believe other problems will be arising with sewers in The Farms over a long period of time. When they occur we'll fix them one at a time."

Time and labor costs on the Moross road sewer collapse have not yet been determined, according to Mr. Lock.

Home Buyers Deserve Expert Help...

...they can count on Detroit & Northern

Because we specialize in home financing, you get the best help available when you talk to one of our many loan specialists. He'll tell you about our many loan plans and options and how to determine how costly a home you can afford. At D&N there is a loan plan right for every budget. Our home loan rates are competitive, but beyond that, the home buyer can expect much more at D&N.

Several Options ...

We've been lending money to home buyers since 1889, and our experience shows in the service we render our customers. For example, at D&N we have several term options to help meet each borrower's particular needs. The term of the loan, along with the down payment amount and interest rate determine your monthly payment. Depending on the age and condition of the home, a term of up to 30 years may be selected. Ask a D&N home loan specialist to explain how your monthly payment is affected by the term you choose.

For your security, D&N offers mortgage life insurance. This protection provides for the full payment of your loan in the event of death. Disability insurance is available, too, providing for the payment of your monthly loan if the family breadwinner should become disabled.

Loan Payment Convenience ...

In addition to security, D&N offers some real conveniences, too. To make your monthly payments as easy as possible, we have a plan called "Transmatic." With this plan, your mortgage payment is automatically deducted from your checking account and transferred to D&N on a set date each month. Using the "Transmatic" plan, you needn't worry about forgetting to make a payment when you are on vacation or out of town. A special trip and writing an additional check each month are eliminated when you choose "Transmatic."

Handling Details ...

Many of the details involved in closing the deal will be handled by Detroit & Northern. We will arrange for an appraisal of the property, which will assist in determining the amount of the loan. If a survey is required, D&N will arrange for it. In addition, we can arrange for title insurance. D&N will perform the routine credit checks and handle the recording of your purchase. At the "closing," Detroit & Northern will assemble the various mortgage and legal documents and review them with you.

Continuing Service ...

After receiving your Detroit & Northern home loan, you will enjoy the continuing services we provide homeowners. D&N will handle the payment of your property taxes, hazard insurance, mortgage life and disability insurance. For your records at the end of each year we will send you an analysis of your escrow account and a statement outlining each financial transaction.

AT DETROIT & NORTHERN YOU ARE CONSIDERED A FRIEND AND NEIGHBOR. WE VALUE YOUR BUSINESS. BEFORE BUYING A HOME, SEE A DETROIT & NORTHERN HOME LOAN EXPERT. HE'S A PROFESSIONAL.

Film Features Disabled Child

A repeat showing of the nationally acclaimed film "Puzzle Children," starring Julie Andrews and Bill Bixby, has been scheduled for the auditorium of Saint John Hospital, 22101 Moross road, on Thursday, April 28, at 8 p.m.

The program deals with the identification, education and human relation aspects of the learning disabled child.

All interested residents are invited to attend the free showing.

NHS Students View Contest

Over 200 students from 35 metropolitan area high schools will watch Wayne State University, (WSU), civil engineering students demolish entries in the fifth annual model bridge and drawing contest at WSU Thursday, April 28.

Three students, representing North High School, under the direction of faculty advisors Tony Spadafore and Dean Balcarak, have entered the contest. The students include Gregory Stefanowski, James Maynard and Ronald

Mika.

The WSU student chapter of the American Society of Civil Engineers, (ASCE), sponsors the event to give the contestants exposure to the field of civil engineering while they have fun, further their education and perhaps win a cash prize or plaque.

Working alone or in teams, students submitted 154 bridges and sets of design drawings. The drawings are judged for neatness, detail and precision. Bridge strength is determined by pouring buckshot into a bucket suspended from the bridge center until it collapses.

NAMED TO PANEL

Director of Research and Development for Pointe public schools, Roger McCaig, has been named by the National Council of Teachers of English to its committee to develop an evaluation model of the writing of elementary school pupils. Mr. McCaig also will have published an article on standardized English tests in the May issue of "Language Arts."

Although the basswood bridges weigh no more than five ounces, the winning entries typically support more than 100 pounds before they fail. All models must be between 26" x 34" long and meet certain other specifications.

Model bridge testing will begin 9:45 a.m. in room 275 of WSU's Student Center Building.

Catholics Adopt Regional Plan

The implementation of a decentralization plan for the Roman Catholic Archdiocese of Detroit, which aligns vicarates, (clusters of parishes), into four regions has been approved by Cardinal John Dearden, Archbishop of Detroit. The projected date is scheduled for July 1.

The plan calls for the re-assignment of the four assistant bishops of the Archdiocese, one to a region, who will live and work with the priests and people of his respective region in an effort to provide increased spiritual leadership and improved communication. The assignments of the bishops will be made in the near future.

Cardinal Dearden first proposed decentralization for the Archdiocese last January, after consulting with the bishops, vicars, priest senators and the Archdiocesan Pastoral Council.

Several plans were considered and the one adopted calls for the vicarates to be aligned into northwest, northeast, west and south regions.

Through this plan, Bishop Thomas Gumbleton, Bishop Joseph Imesch, Bishop Arthur Krawczak and Bishop Walter J. Schoenherr will no longer have direct parish or office responsibilities downtown.

In this "moving out," they will better serve as the Cardinal's representatives and assume spiritual leadership on the scene and will reinforce, not diminish, the vicars' responsibilities by their presence.

The northeast region, 91 parishes, will include the east side, Detroit-Grosse Pointe, Grosse Pointe, North Macomb, Belle River and Port Huron.

'Kindergarten Roundup' Set

Our Lady Star of the Sea School will hold its "Kindergarten Roundup" on Monday, April 25, in the grade school, 467 Fairford road, at 7 p.m. Anyone interested in enrolling a youngster for this fall

is welcome to attend. Prospective kindergartners must be five years old by December 1 to qualify for enrollment.

Wine Lines

by John Lundberg

Wine-tasting is an art! First, pour the wine into a clear glass and hold the glass up to the light. The liquid should be clear, not hazy, and its color full and rich, not watery. Second, twist the glass around so that the wine covers the sides to release its bouquet. The best aromas are delicate and fragrant, not harsh. Take a small sip. Savor it. Let the wine react on your taste buds and inhale slightly to release the bouquet throughout. This process will give you the full flavor of a particular wine.

Wine appreciation can be a beautiful experience, and we at PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626 can guide you in the selection of the best wine to suit your taste. Our wide inventory also includes beer from all over the world, all types of mixes and liquors to make your favorite drinks, and a fine assortment of party snacks. Open: 10-10 Mon-Thurs.; 10-11 Fri., Sat.

WINE TIP:

Good California burgundy is great with camembert cheese.

Austin Hires Cage Coach

The Rev. Lawrence Dore, principal of Austin Catholic Preparatory School, has announced the hiring of Nick Rokich as Austin's new head basketball coach.

Merit Sparks Low Tar Boom!

'Enriched Flavor' tobacco seen as major factor in unprecedented smoker move to low tar.

Since its introduction, MERIT has become one of the most popular new cigarettes in twenty years.

A popularity largely responsible for a significant growth in low tar smoking.

The reason: 'Enriched Flavor' tobacco. Tobacco that delivers extra flavor without the usual corresponding increase in tar.

The kind of flavor smokers can switch to—and stick with.

Here are the taste-test results which show why smokers are switching to MERIT. If you smoke, you'll be interested.

100's: 12 mg. "tar," 0.9 mg. nicotine av. per cigarette by FTC Method.

Warning: The Surgeon General Has Determined That Cigarette Smoking Is Dangerous to Your Health.

Tests Prove Taste

MERIT and MERIT 100's were both tested against a number of higher tar cigarettes. The results proved conclusively that 'Enriched Flavor' tobacco does boost taste without the usual increase in tar.

Overall, smokers reported they liked the taste of both MERIT and MERIT 100's as much as the taste of the higher tar cigarettes tested.

Cigarettes having up to 60% more tar! Only one cigarette has 'Enriched Flavor' tobacco.

Know Your Schools

By Dr. William Coats,
Superintendent of Schools

In two previous columns I have discussed the goals and objectives of elementary education for our district during 1976-77 and I commented upon the work in progress under the leadership of Dr. Alfreda Frost, director of Elementary Education.

This week I shall begin to discuss plans for the maintenance and improvement of the middle school curriculum under the leadership of Robert Welch, director of Secondary Education.

Readers will recall that in the fall we reorganized our Department of Instruction to insure that our school district's instructional program was meeting the needs of our students and would continue to do so in the future.

Dr. Frost and Mr. Welch as our leaders in elementary and secondary instruction are spearheading the changes and improvements.

What are our plans for the curriculum in the middle school?

In December, following an assessment of current practices and based on staff input,

Mr. Welch presented a document, "Middle School Instructional Objectives for 1976-77," to all middle school administrators and department chairpersons.

This statement was designed to refine, outline and officially establish in greater detail the objectives which had been discussed previously at a variety of meetings.

Our middle school objectives fall into 12 categories including General, Guidance, English, Mathematics, Science, Social Studies, Art, Homemaking, Industrial Arts, Library, Music and Physical Education.

What are ways in which our staff members intend to implement goals and objectives in these areas?

Let's take Science as an example. One of the aims for the year was to select new textbooks for grades seven-eight. Department chairpersons, whose responsibility it was to meet this objective, were required to nominate representatives to evaluate textbooks using department selection criteria.

The committee was then to make a presentation on the choice of books for the district. This recommendation was submitted to the director of Secondary Education on December 23, 1976.

Another example is Social Studies. One of the year's objectives is to implement the new Scope and Sequence in Social Studies. Responsibility for getting the job done lay with department chairpersons.

Criteria developed to measure successful implementation of this goal include the following:

1. Submission to principals by teachers of overall yearly course outlines, with a report of any major departures made from these outlines.

2. Principals are to determine whether the outlines include all the required instructional units. If teachers propose changes in required instructional units, the principal must obtain approval from the Department of Instruction.

3. During the process of teacher evaluation, progress toward implementation of instructional goals will be assessed and appropriate observations made as necessary.

4. At the end of the school year, the principal has the responsibility of reporting the status of curriculum implementation to the Department of Instruction.

"It is the responsibility of appropriate middle school administrators to assist in the implementation of these objectives," Mr. Welch commented recently. "It is the responsibility of middle school department chairpersons to exert the leadership needed to realize these school system goals."

Letters to the Editor

To the Editor:

"New Lawyers Wives Event."

Such was the heading of a short article in (the) "Grosse Pointe News," (April 7 edition). Like contemporary poetry, the phrase is rich with ambiguities and demands what the "new critics" call an "explication." In friendly spirit let us attempt one.

First of all, what was it that was new? The lawyers? The wives? The event?

Clearly AN event was in the offing. That much was sure. But was it for the WIVES of new lawyers or for the NEW wives of (old?) lawyers? Were BOTH the wives and the lawyers new? And then "new" in what sense.

After reading further, one learns the correct answer: it is that a new event was being announced for a club made up of the wives of lawyers.

But wait! Still another complication arises. The purpose of the meeting was stated in a somewhat arcane fashion: it was to be held in order "to meet the lawyers whose wives their fellow members are."

How's that again? Is this a polygamous outfit? And anyway shouldn't it be "sister" members rather than "fellow" members? I shall consult my lawyer. Or, even better, his wife.

But, in any case, future events must be planned; so suggestions from readers might be welcomed. Here are some. Next time why not invite just the husbands of the doctors' wives? Or the sons of the bankers' mothers? Or the fathers of the judges' daughters?

Who can tell, for example, what benefits would accrue from appropriate kindnesses shown to the latter group when, in some future day, the wives' husbands plead their cases before the bar (of justice)?

In all couplings, however, one must urge adherence to the law, (IS there a law on these matters?), by whatever husbands are involved and,

most especially, by the lawyers' wives. Matrimony is falling into disrepute these days; so the lawyers' wives must be, like Caesar's admirable wife, above suspicion.

Uxoriously,
John Conley,
Of Three Mile drive,
Detroit

To the Editor:

We would publicly like to commend Dr. William Coats, superintendent of schools, for the fine job he is doing.

As parents, we have been trying for several years, (and several administrations), to be heard with respect to certain educational issues. When we pursued the matter this school year, Dr. Coats met with us quickly and responsibly. He is a concerned, informed and active listener.

It is heartening to observe that, in our opinion, he works efficiently, fairly and decisively. He leads when leadership is needed but knows when to delegate work to his fine assistants.

It is our hope that the community get to know and to appreciate our fine superintendent of schools. Indeed, the Board of Education made Mr. and Mrs. T. K. Ketchum, an excellent selection. Sincerely,
Of Beaufort road,
Grosse Pointe Woods

To the Editor:

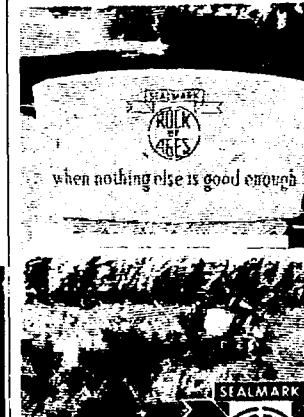

Tremendous is the only word to be said about the Cardiopulmonary - Resuscitation Program given by Bon Secours Hospital.

Reluctantly, we "dragged" our South High senior daughter and junior son with us, but there are no words to describe the elation and pride they felt when they, along with my husband and me, received our certification.

This is to express our deep gratitude to all the hospital's family health volunteers, who, for over three hours, gave us an experience which is priceless and unforgettable.

Personnel at Pointe Parks Prepare for Opening Day

By George Polgar Jr.

A few days of balmy spring weather is all it takes to make most people forget about one of the coldest winters on record. And for Pointers who have Lake St. Clair at their doorsteps, it is even easier.

Now that the frozen whiteness of the lake has given way to sparkling blue, Lakeshore road is crowded with bicyclists, pre-season sunbathers and scowling fishermen.

For the municipal park crews, the fair weather is a cue to start on the usual spring cleaning and maintenance in preparation for the summer swarms.

"We're just taking care of the usual things right now," said Bob Kuhn, superintendent of Neff Park in The City. "A little paint here and there, some landscaping and replacing some of those broken barbecue pits."

Visitors to Neff Park may notice some other improvements completed since last summer. Underground electrical lines have been routed to the open pavilion making it much easier to stage entertainment events.

Extensive repairs also were done on the ceilings of the bathhouse and damage caused by freezing temperatures has necessitated work on piping beneath the floor.

Neff Park will open on Sunday, May 1, but swimmers may have to suffer through a few sweltering weekends until the pool opens four weeks later.

At The Park's Windmill Pointe Park, superintendent Bill Star reports that his crew also is busy with the necessary pre-season chores.

Even though the park isn't open officially until Memorial Day, May 30, a morning visitor to the rows of empty boatwells will find a troop of anglers tending their lines in quiet contemplation.

"The fishing is usually pretty good out here," is the verdict from most of the fishing crowd. Even if the fishing is bad, one suspects they would still be out there just for the morning sun.

The only big project slated for Windmill Pointe Park will be next fall with the addition of 50 new boatwells.

The Farms Pier Park is slated to open on Friday, May 20, and pool facilities will be available as soon as the weather is warm enough and the summer staff is filled out with returning college students.

Park director Edward Lauer reports that his crews will have more pre-season repairs to do this year than usual because of the bitter cold this winter.

"There is nothing really major but we have a lot more of the minor type repairs this year," he said, while pointing to cracks in the paved areas around the docks. "One of the real problems people can expect this year will be the water level. If you look at the water marks on the moorings you can see the lake is down about 20 inches."

Though early reports predicted high water—possibly flooding—the marked drop is sure to cause problems for sailboats with deep keels.

"The low water is also going to surprise some of those boaters who go too close to the banks along the lake shore. There will be plenty of rocks sticking up that they never knew were there," said Mr. Lauer.

Disappointments also may be in store for skateboard riders but not because of low water.

"One thing we have to do this summer is ban skateboards from the park," said Mr. Lauer. "They may think it's fun riding up and down the pier but it's dangerous. A youngster racing up a dock can fall, knock his head on the pavement and fall into the water."

At The Woods Lake Front Park everything is about ready for the sun season crowds. The pool was cleaned and filled last week and the carefully manicured grounds are now awaiting the May 1 opening day. The pool opens on Saturday, May 28.

Bumping into a busy Don Hallmann, director of parks and recreation, the visitor is assured that "everything is fine, we're just about ready."

But Mr. Hallmann isn't just huffing and puffing from a brisk walk around the grounds. "Well, you know we just ran into the usual kind of problems you have when you have a lot of water, electricity and some sensitive plumbing all together. Dirty business," he explained.

Operations at The Shores park are apparently progressing toward the season opening but the NEWS was unable to track down anyone to talk to about it. The word is that Shores boaters can start using their moorings at the end of this week and that the rest of the park officially opens on Memorial Day.

All the parks will be offering the usual schedules of swimming instruction and competition as well as a variety of tennis tournaments, fishing rodeos and evening affairs. The Woods also will be publicizing a full slate of senior citizen activities to be held at the Lake Front Park.

In any case, don't believe the pessimists, winter is really over, so get out and limber up for the summer.

Silver is much less expensive than gold, platinum or palladium, yet it can be worked more easily by silversmiths into lasting pieces of jewelry art. Not only is silver beautiful and malleable, but it is very strong and will endure virtually forever without scratches or nicks. In fact silver items have been found dating back to the Bronze Age. Bowls, plates, tankards — every sort of piece has been made out of silver. And as early as Biblical times, weights of silver were used as currency. In the old Saxon era of England, the pound weight of silver was the original unit of value. But it was not until Spain conquered the Incan and Aztec civilizations that vast quantities of silver were transported back to Europe.

For gifts that are just a little bit different, come in and browse at VALENTE JEWELRY, 16601 East Warren in Kensington, Detroit, 881-4800. We carry a good selection of silver, diamonds, stones, watches, etc., and we give personalized attention to your selections. For someone not familiar with jewelry, knowing and having confidence in your jeweler is of the utmost importance. MasterCharge and BankAmericard welcome.

GEM FACT:

Be sure to polish your silver frequently, because silver's high sheen is one of its most striking qualities.

What Goes On at Your Library

By William T. Peters, Director of Public Libraries

The administration and library staff sincerely regret the inconvenience caused to citizens due to the fire at Central Library on Saturday, April 9. We appreciate the interest and concern so many have shown during this difficult period.

A friendship of many years will be celebrated next month when the Friends of the Grosse Pointe Public Library hold its annual meeting on Tuesday evening May 3, at the War Memorial, 32 Lakeshore road.

Like so many friendships, this one started when a small group of congenial persons found they had a mutual interest. Their interest was books in general and the Grosse Pointe Public Library in particular.

The group consisted of Dr. and Mrs. Alfred H. Whittaker, Marion K. Kellogg, Bert Wickling, Charles A. Parcels, Mrs. Charles A. Parcels, now Mrs. Russell Lucas, Mrs. Lloyd G. Hooker and the public library director, Florence H. Severs.

During the winter months of 1947, this group held a series of meetings at Mrs. Hooker's home.

Out of the meetings grew the idea to form an association to be known as the Friends of the Grosse Pointe Public Library for the purpose of providing a means for its members to enrich the cultural opportunities available to the citizens living within The Pointe School District.

By May 1948 the planning stage was over and formal action was taken when Articles of Incorporation were

NHS Thinclads Set Meet Mark

By Diane Marsteller

North High School's track team traveled to Ohio last weekend to compete with 235 teams from Michigan, Ohio, Indiana, Kentucky, Pennsylvania and Canada in the Mansfield relays.

The Norsemen tied for third with Ohio's Akron North with 32 points. The North thinclads scored all of their points in the distance events.

In first place was Gary Roosevelt from Indiana with 38 points. Second place went to Dayton Roth from Ohio with 36½ points.

On Friday, April 15, the Norsemen distance medley relay team set a new Mansfield record of 7:26.7 which is 3.2 seconds faster than the previous record set in 1972.

The relay team was composed of Dan Beck running the 880-yard leg in 1:56.2, Bob Roberts, the 220-yard leg at 2:23, Darrell Graham, the 440-yard leg in 5:15 and Bill Weidenbach, the mile leg in 4:16.7.

The four-mile relay team of Joe Ciavino, Ed Hammer, Mark Kennedy and Steve Brandt finished fifth at 18:07.1.

On Saturday, April 16, Norsemen thinclads competed in the two-mile relay with Ciavino, Hammer, Kennedy and Brandt finishing seventh in 8:07.1, a time that would have given the team a first place last year.

Weidenbach won the mile run in 4:15.7, while Beck was third at 4:17.2. Weidenbach also ran the 880-yard run finishing fourth at 1:55.2, and Beck was seventh at 1:56.6.

Coach Tom Gauker was extremely pleased with the team's performances, saying, "All the guys gave 110 percent."

The Norsemen will be competing today, April 21, at home against Roosevelt Brablee at 4 p.m.

Belgian Fest Cites Pointers

Hundreds of Belgian-Americans from all over the Detroit area, including many from The Pointe, gathered Saturday evening, April 16, at the Warren Chateau for a festive celebration of their ethnic heritage.

The evening of dining and dancing was organized by Robert DeVoss, the doyen of the Detroit Belgian community, to raise money to support the weekly Belgian radio hour which is broadcast live every Tuesday at 12 noon from the Cadieux Cafe. The program is carried by WIID radio, 1090 AM, based in Garden City.

Among the honored guests of the evening were Pointers Mr. and Mrs. Morris DeFour, and Charles Verheyden, who support the radio program as advertisers.

According to rough estimates, there are as many as 5,000 people of Belgian descent living in the Pointes.

Entertainment for the Belgian benefit event was provided by Joris Virilinde, a well known musician among area Belgians, and Roswitha, a popular songstress visiting from Europe.

WIID radio, which carries a full slate of ethnic programming, has solid support in The Pointe.

Rites in St. Paul's For Miss Donahue

She Speaks Vows to Michael Hollerbach at Noon Ceremony; They Vacation in Western Canada, Are at Home in Auburn Heights

Saint Paul's-on-the-Lakeshore was the setting for the marriage of Nancy Ellen Donahue and Michael D. Hollerbach Saturday, March 5. Father James Cronk presided at the noon rites. A reception at the Country Club of Detroit followed the ceremony.

The former Miss Donahue is the daughter of Mr. and Mrs. John D. Donahue, of Fair Acres drive.

Mr. Hollerbach, an accountant with Arthur Young and Company, is the son of Mr. and Mrs. Gerald Hollerbach, formerly of Kerby road, now making their home in Arnold, Md.

The bride wore an Empire-waisted, high-necked, jersey gown. Lace appliques and illusion accented her bodice. Scalloped lace trimmed her long sleeves and train.

Her handmade illusion mantilla featured matching appliques at the crown and a border of scalloped lace, and she carried an arrangement of roses, stephanotis, ivy and baby's-breath.

Maid of honor Kathe Eldredge and bridesmaids Patsy Nutter, of Del Mar, Calif., Mrs. James Boykin, of Fort Lauderdale, Fla., and Mary Louisignau, the bride's cousin, wore jade green jersey dresses accented with pastel green piping.

They carried bouquets of green and white carnations, yellow Sweetheart roses and baby's-breath.

Dave Jensen, of Winchester, Mass., acted as best man. Ushering were Jim and Tom Hollerbach, brothers of the bridegroom, Kevin Donahue, the bride's brother, Bob Grambo and Joe McMillan.

The bride's mother wore a

navy blue, floor length, silk dress. She chose a corsage of white Sweetheart roses.

The bridegroom's mother selected a street length dress of blue jersey. She pinned a corsage of white mums at her waist.

The bridegroom's grandmother, Mrs. E. P. Wright, of LaSalle place, wore a street length, sapphire blue knit. White gardenias formed her corsage.

The newlyweds have returned from a skiing vacation at Banff and Lake Louise, Canada, and are making their home in Auburn Heights.

Solos for this performance will be sung by members of both clubs. In addition, each group will perform separately during the first half of the concert, offering a variety of sacred and secular choral literature.

Charles Gleason conducts the Madrigal Club. Dalos Grobe is director of Orpheus Club.

Preparing Their AFS Festival Acts

Entertainment by American Field Service foreign exchange students and returned Americans Abroad students will be continuous at the AFS Festival of Nations, running this Saturday, April 23, from 10 in the morning to 9 in the evening at the Birmingham Masonic Temple. Getting ready to "ham it up" are SHEENA LIVINGSTONE, a Scotswoman who's attending Grosse Pointe North High School this year and living with the

Thomas B. Smith family in Hampton road, and South High student MARC BUDGE, from Australia, who's living with the Bruce Sanders family in Yorkshire road. Not pictured is Grosse Pointe's third AFS 1976-77 exchange student, University Liggett's Birgit Mahner, who comes from Germany and is making her home with the Lawrence French family in Lochmoor boulevard. Birgit will be performing at the Festival, too.

The Festival of Nations is the major fund-raising event of the Detroit Metropolitan AFS Board. Admission donation is \$1 for adults, 50 cents for children.

Inside the Birmingham Masonic Temple, 20 local artist-craftsmen will be demonstrating and selling wares ranging from Danish lace to pottery, glass animals, Japanese dolls and brush painting, scrimshaw and silver jewelry, weaving, batik, woodcrafts... and much, much more.

Many local AFS chapters will sell international/ethnic items, and there will be a sidewalk cafe.

Funds raised via the Festival of Nations are used in part for local field trips for students. The remainder is sent to AFS headquarters in New York for scholarship funds. In the past 18 years, the Detroit Metro Board has

raised over \$65,000 for scholarships.

AFS President Steve Rhinesmith and Lenore Romney, honorary chairman of the Festival of Nations, will be honored at a 9 o'clock coffee Saturday at the Birmingham Masonic Temple, preceding the Festival's opening.

Current Metro Board president Betty Steele, of Birmingham, is chairman of the event. Among those working with her are Pointers Mrs. J. A. Burwell, Jr., president of the University Liggett AFS chapter, serving on the place and exhibitors committee; Mrs. Daniel Beck, president of Grosse Pointe North High's AFS chapter, and Mrs. Sebastian Buffa, president of the South High chapter, on the decorating committee; and Mrs. Thomas Garred, on the publicity committee.

Hoag Exhibits at Lochmoor

Lochmoor Club has mounted a show of watercolor paintings by Barbara Hoag this month. Mrs. Hoag, born and brought up in Grosse Pointe, the daughter of Mason Rumney, an early Pointe mayor, recently relocated in Grosse Pointe Woods after 30 years in Connecticut.

The Sarah Lawrence alumna did not seriously apply herself to painting until she enrolled at the Silvermine Guild in New Caanan, Conn., under John Potter Wheat. She next studied with Jack Pellew.

Her recent work shows the influence of Charles Reid, her mentor at Studio II in Westport, Conn.

She has received many prizes in prestigious Connecticut shows. Since returning to Michigan she has been an active member of the Scabab Club; she carried off second prize in the club's Gold Medal Show this year.

Several of her prize-winning paintings are included in the Lochmoor display.

The Leland Galleries, Traverse City and Leland, Mich., have taken 20 of Mrs. Hoag's paintings for a show which has just opened and will run through the summer.

She is also represented in the Show of Paintings by Detroiters selected by the Spectrum Art Club of Toledo for its gallery, and participated in a group show last winter at the AAA Gallery in Detroit.

She has joined the Grosse Pointe Artists Association, the Detroit Artists Market and the Michigan Watercolor Society.

Grosse Pointe South High School student MEGAN GORMLEY, daughter of the JOSEPH N. GORMLEYS, of Cadieux road, has been nominated to compete for a Henry Wells Scholarship, highest honor Wells College can bestow upon entering freshmen.

Pam Says "Roll 'Em!"

Pam Candler, daughter of the Thomas E. Candler, of North Duval road, turned the tables on Norman Lear recently, putting him in front of the camera instead of behind it.

Pam, a Stephens College senior, videotaped an interview with the creator of "All in the Family," "Maude," "Good Times" and other popular television programs in his California office in mid-March. She and D. Doc Chaves, a '76 graduate of the Stephens Theatre Department, handled the cameras while Jan Evans, another Stephens senior, asked the questions. All three are editing the videotape now.

Its first public showing is scheduled for this Monday, April 25, at Stephens. The screening will be followed by a discussion led by two Stephens faculty members.

The interview with Lear centered on two points: Are his shows reflections of his personal philosophy and lifestyle? What are the problems and resolutions of his current struggle against the

Great TV Auction To Open April 22

Nine-Day Event to Be Broadcast Live over Channel 56 Offers Everything from Crock Pots to Dream Vacations

Everything, including the kitchen sink, goes up for bids when the annual Channel 56 Auction returns to Detroit television on Friday, April 22, at 7 o'clock. "The Great TV Auction" runs for nine madcap days, through Saturday, April 30, and will be televised live from the Channel 56 studios in midtown Detroit.

WJR's Marc Avery will kick off the 9th annual fundraiser for Channel 56, along with honorary chairman Wesley Johnson, of Ridge road, and general chairman Ilene Gold, an Auction veteran of five years.

Channel 56 volunteers, (called "go-getters"), have been combing businesses in the four-county Wayne, Washenaw, Oakland and Macomb areas in search of merchandise.

By showtime the station hopes to have amassed 7,000 items for the bidding pleasure of viewers in southeastern Michigan. Additional donations are always welcome.

An informal inventory of the Channel 56 warehouse, where goods are stored until airtime, shows that the cache rivals that of a well-stocked and diverse department store. "The Auction is like a huge department store sale that takes a year to crank up, then moves at a tremendous

pace for one week and raises a half-million dollars for public TV in Detroit," says Honey Friedman, Auction manager.

Viewers bid by phone on merchandise to be auctioned. The merchandise includes such practical wares as crock pots, coffee makers, jeans outfits, live plants, easy chairs, exercycles, sports gear, stereo systems, calculators, gardening tools, vacuum cleaners, office equipment, toys and musical instruments—and such top-of-the-line items as a 1977 automobile, a sailboat that car-tops easily for hassle-free weekend jaunts, a stunning gold and diamond ring, trips to Las Vegas, Montreal and Acapulco and a deluxe waterbed with fitted, wine-red satin sheets, (unusually brisk bidding is expected on the latter item!).

For art lovers, the Auction will feature works from some of the area's most prominent artists and craftsmen, including Nicholas Snow, Richard Jerzy and Leslie Masters.

Viewers can select from 700 art items to be featured, nightly during the nine-day event.

In addition there are once-in-a-lifetime opportunities, including dream dates with local celebrities, a chance to be a clown for a day with the Ringling Brothers circus, a stint at the Detroit Lions training camp, a helicopter ride with CKLW's Jo Jo Shetty and a private tour of the Detroit Zoo.

A Message to INVESTMENT-MINDED Women

Many of our clients are women, who came to us initially for advice on their investments. They are still with us because they have confidence in the integrity and competence of our Account Executives. And they appreciate the fact that we have conscientious concern for their specific financial requirements and objectives.

Some of these women want maximum investment security, others are interested in growth, and still others are concerned with income. We try hard to please them all.

If you are an investor, or would-be investor, we invite you to discuss your program with us — without obligation. You'll like the courteous way we treat you. (And by the way, some of our Account Executives are women.)

Ughi to Solo with Symphony

Violinist Uto Ughi will perform as soloist with the Detroit Symphony Orchestra in concert at Ford Auditorium Friday morning, Saturday evening and Sunday afternoon, April 22, 23 and 24.

Leonard Slatkin, the American conductor who made his DSO debut last week, will be on the podium for all three concerts.

Friday's NBD Coffee Concert at 10:45 o'clock is preceded by a complimentary coffee hour at 9:30 in the Ford Auditorium Social Room. Saturday's concert is at 8:30 o'clock.

Sunday afternoon's performance at 3:30 will be the last in this season's Kresge Family Concerts series.

Uto Ughi, who made his concert debut at the age of seven and has since distinguished himself as soloist with major orchestras on six continents, has performed with the Detroit Symphony once previously, in 1969. He was 25.

He will be featured this week in the Dvorak Violin Concerto in A minor, Opus 53.

Other works on the program are Jacob Druckman's 1976 composition "Mirage."

and the Sibelius Symphony No. 5 in E-flat major, Opus 82.

Tickets for all three concerts are available at Ford Auditorium box office, all Hudson's and Ward's ticket outlets.

Information on all upcoming DSO concerts is available 24 hours a day from the DSO Concert Line, 961-7017.

At 32, Leonard Slatkin is one of today's fastest-rising young conductors. He made his professional conducting debut in Carnegie Hall when he was 22, and currently holds two major positions: principal guest conductor of both the Minnesota Orchestra and the St. Louis Symphony Orchestra.

He recently was named music director of the New Orleans Philharmonic.

Maestro Slatkin's appearance in this series is part of a demanding guest conducting schedule that will include nearly every major orchestra in North America by the end of this season. He has conducted extensively in Great Britain and recently made his conducting debut in the Soviet Union.

He will conduct at the Vienna Festival in June, and in November will appear with the Concertgebouw Orchestra in Amsterdam.

His teachers have included his father, violinist-conductor Felix Slatkin, Walter Susskind, then music director of the Aspen Music Festival and School, and Jean Morel of the Juilliard School of Music.

He has made numerous recordings on the Vox, Warner Brothers and United Artists labels.

Uto Ughi undertook his first tour of the chief capitals of Europe when he was barely 15 years old. His international success as a concert soloist has continued uninterrupted ever since.

He has appeared with major orchestras on six continents, consistently receiving the highest critical acclaim.

Uto Ughi plays the "Van Houten-Kreutzer" Stradivarius, made in 1701 and once, according to a reliable tradition, the property of violinist-composer Rodolphe Kreutzer, to whom Beethoven dedicated the famous "Kreutzer" Sonata.

Jacob Druckman's "Mirage," commissioned by the National Endowment for the Arts and the St. Louis Symphony Orchestra, was completed in 1976. This is its first performance in this series.

Druckman, born in Philadelphia in 1928, is one of

Offer Free Testing At Healthoramas

Over 700 Volunteers, Plus Medical and Paramedical Personnel, Will Assist at Trio of Four-Day Programs This Spring

Tri-county residents again will have an opportunity to benefit from free health tests at United Foundation Healthoramas to be held this spring. Testing, sponsored by United Health Organization, a Torch Drive service, and Women for the United Foundation, will be available at the Southland Shopping Center in Taylor Monday, Tuesday, Wednesday and Thursday, April 25, 26, 27 and 28, and at the Tel-Twelve Mall in Southfield Monday through Thursday, May 9, 10, 11 and 12.

A third Healthorama will be presented in Detroit's Delray Community Health Center Wednesday through Saturday, May 18, 19, 20 and 21. Appointments, required for the Delray Center only, may be made beginning this Monday, April 25, by calling 842-6010.

William Harsen, Healthorama coordinator, notes that Healthorama has served nearly 50,000 people in the past nine years.

"Healthorama is not a

medical treatment program," Harsen says. "It is a medical screening program designed to detect early disease in persons who may be unaware of any health problem."

The tests detect signs of high blood pressure, cervical cancer, anemia, heart disease, kidney disease, hearing and vision loss. Tests for sickle cell anemia also will be given at the Delray site.

The battery of free health tests is valued at more than \$100 if taken privately.

More than 700 volunteer workers will help with the '77 series of tests, along with medical and paramedical personnel, hospital volunteers and student nurses.

America's foremost composers and teachers of composition. His many awards include the Pulitzer Prize.

Let's Talk Real Estate

by John E. Brink

The other day a very sweet little gal called to tell us that she was very much against our Cul-de-Sac program. She didn't see the logic of our promoting it or understand how in the world we felt it could help our community. She further said that she was happy with Grosse Pointe as it is and that she was completely satisfied with the value of her house. Her rationalization was based on our last week's column whereby property values were appreciating year after year and Grosse Pointe property was one of the best property investments around town!

When we asked if she had put her feelings into the questionnaire that we recently gave her with our Cul-de-Sac brochure she responded "no". This is where I blew my top! Our Community Development Program is for our COMMUNITY PEOPLE! We are doing this very costly project to help Grosse Pointers make their property more beautiful, safer and more valuable. Our survey to date indicates that we're on the right track. Other loyal and important individuals like Paul McCarthy, editor of the "Pointer" have made extensive studies on their own and have found that some of the finest streets and community planners agree with our Cul-de-Sac program.

Our desire, from a business standpoint, is to promote a program that all Grosse Pointe residents appreciate and understand. We naturally feel if we do a good job in your eyes that you will give Grosse Pointe Real Estate Co. and its associates an opportunity to help you in your future Real Estate transactions.

Incidentally, this is the season and if you're interested in selling it's wise to act now. Why not call us 882-0087 and hear our story of how to sell your home and get the most possible for it.

Slate Art Auction For Interlochen

Bidding to Follow Wine Tasting Preview Hour; Roger Rinke Showrooms Will Be Setting for Sunday Fund-Raiser

"Sold to the highest bidder!" will vibrate throughout the Roger Rinke Cadillac Company showrooms in Warren this Sunday afternoon, April 24, at the annual Art Auction benefit staged by Detroit-area Friends of Interlochen.

The fund-raiser helps provide scholarships for talented Detroit-area students qualifying as students at the Interlochen Center for the Arts institutions: the National Music Camp and Interlochen Arts Academy.

The Academy's educational programs prepare young people for careers in the visual and performing arts as well as creative writing.

A 2 o'clock preview hour is planned, featuring wine tasting and a variety of ethnic hors d'oeuvres.

The auction will begin at 3 o'clock, with Harry Weinsaft presiding. Coordinator Weinsaft promises opportunities to bid on a selection of almost 300 works in a wide price range. Traditional and modern offerings in all media will be presented, including Persian miniatures, contemporary lithographs, sculptures, acrylics, enameled and macramé. Paintings and prints are all custom framed, ready for hanging.

The art originates from artists, studios, estates, galleries and collectors around the world. A percentage of all sales will go to the benefit.

Highlighting the afternoon will be announcement of this

year's National Music Camp scholarship winners.

The Friends of Interlochen is a group organized to support and give financial assistance to Interlochen.

Joining hosts Mr. and Mrs. Roger Rinke, of Woodland Shore drive, in greeting guests will be the afternoon's general chairman, Mrs. Virginia Knox, of Dearborn, and Friends' co-presidents, each a husband-wife team, Mr. and Mrs. Edward S. Okuniewski, of Orchard Lake, and Dr. and Mrs. Hugh Yee, of Troy.

Assisting Mrs. Knox with benefit duties are ticket co-chairmen, Mr. and Mrs. Robert W. Bradley, of Three Mile drive, Mr. and Mrs. Samuel S. Klein, of Farmington, Mr. and Mrs. Albert H. Bell III, of Birmingham, Mr. and Mrs. John E. Caise, and Mr. and Mrs. John Edwards, all of Detroit, and Mrs. Alfred D. Moran, of Prestwick road, public relations chairman.

Among local supporters of the Interlochen benefit are Ruth (Mrs. Walter J.) Burczyk, concert pianist, a member of the National Music Camp teaching faculty, and Interlochen board trustees Edward P. Frohlich, Dean E. Richardson and Mrs. Joseph A. Vance, Jr., the Mesdames

Frohlich and Richardson and Mr. Vance.

More are Dr. and Mrs. Robert J. Crossen, Mr. and Mrs. Arnold W. Lungershausen and their daughter, Gail, Mr. and Mrs. Gerald L. Stotzer, Mr. and Mrs. James A. Wright and Mrs. Roy Zimmerman.

And, of course, Mrs. Frank Wellington Coolidge, Michigan's "Mrs. Music," now an Interlochen Advisory Board member, who has been actively involved in Interlochen affairs for many, many years.

Interlochen, now celebrating the National Music Camp's Golden 50th season, is widely recognized as one of

Federal Communications Commission's "family hour" designation?

Lear's vice-president of publicity, Barbara Brogliatti, was also interviewed. The project, arranged with the help of a member of Stephens' Television-Radio-Film Department advisory board, is supported by a grant from the Missouri Committee for the Humanities, Inc., the state-based branch of the National Endowment for the Humanities.

This isn't Pam's first practical experience in the communications field. She interned at an advertising agency, writing copy, designing layouts, planning television commercials and producing radio commercials.

She's currently producing a film through the Stephens Film Workshop, using a script she wrote herself, then revised, working with other students. The story centers around college life as revealed during a party.

As producer, she is responsible for all pre-planning, setting the shooting schedule, picking locations, coordinating actors and film crews and selecting extras. "Once the shooting is done, my part is finished," she explains. Until then, she's on the set every day.

She's been in front of the camera, too, as co-host of the March 26 Columbia, Mo., Easter Seal Telethon, interviewing persons who had donated time and skills to Easter Seals, persons calling the station to make pledges and children who had collected money in their neighborhoods to present on the air.

"It was very live and all the mistakes were evident—but things went smoothly." It was one of Pam's first experiences with live television.

We predict it won't be her last.

All Aboard the Merry-Go-Round

Merry-Go-Rounders climb aboard for their final dinner-dance of the season this Saturday, April 23.

Place is the Detroit Athletic Club, where the main dining room will be filled with flowers in keeping with an "April Showers Bring May Flowers" party theme.

Nina Santa is returning with her band to play for the dancing pleasure of members and their guests. Cocktails will be poured at 7, dinner served at 8:30, and a "surprise gimmick" is promised—we know no more about it than you, but we've been advised that it should prove great fun . . .

L.F.A. Society 13 Sets Card Party Fund-Raiser

Lutheran Fraternities of America Society 13 will present its annual fund-raising card party Tuesday, April 26, at the L.F.A. Hall in Aurora street, East Detroit, beginning at 8 o'clock.

Admission is \$2 per person. Refreshments and prizes will be featured. Further information may be obtained by contacting Wes Gerlach at 527-6169.

Spring Fashion Lunch For Hibernian Ladies

The Ladies Auxiliary of the Ancient Order of Hibernians will present a spring fashion show and luncheon Saturday, April 30, at Raleigh House in Southfield.

The social hour begins at 11:30 o'clock, with luncheon scheduled for 12:30 preceding a parade of styles from "Her Corner." Ticket information may be obtained by calling 255-3857 or 533-2344.

Browne to Talk to GOP Women

Councilman Ernest C. Browne, Jr., who has declared his candidacy for the Detroit mayoral race, will speak on the present and future "Spirit of Detroit" at a meeting of the Women's Republican Club of Grosse Pointe next Thursday, April 28, at the Grosse Pointe War Memorial.

Luncheon, at \$5 per person, will be served at 12:15 o'clock in the Crystal Ballroom. Reservations for it may be made and further information obtained by calling Mrs. Charles Begg, 881-5445, or Mrs. Arthur Getz, 882-8264.

Ernest Browne attended Detroit schools, received a Bachelor of Science degree from Wayne State University and is a graduate of the first program for Urban Executives at the Massachusetts Institute of Technology, (1969).

His 28 years of service in local government include 16 years in Public Health, five in the Budget Bureau and seven on the Detroit City Council.

He has been a trustee of St. Stephen A.M.E. Church since 1949, and is president of the Detroit Area Council of the Boy Scouts of America.

Councilman Browne is active in a number of service, fraternal, historical, government and veterans organizations, including the United Foundation, the March of Dimes, the Masons, the Detroit Historical Society, the Michigan Municipal League, the National League of Cities, the Michigan Commission on Criminal Justice and the American Legion.
