UGANDA HELD 300 Britons hostage Wednesday and said their fate depended on President Idi Amin's safe return from his reported trip to attend the Commonwealth Conference in London. An order barring all Britons in Uganda from leaving the country was issued by Vice-President Gen. Mustafa Adrisi and broadcast on Kampala radio. The broadcast was monitored in Nairobi, Kenya. Despite the broadcast in Kampala, a Ugandan spokesman in London said the 300 Britons in Uganda "are in no physical danger," and he denied any link between their restriction and the commonwealth summit.

THE HOUSE WAYS and Means Committee smashed the gas tax hike and small car rebate sections of President Jimmy Carter's energy conservation program Thursday. The panel voted 27-10 to kill Mr. Carter's proposal for a gasoline tax increase to discourage consumption while it voted 31-5 to kill a rebate plan that would have given up to \$500 to purchasers of energy-efficient automobiles.

DUTCH TROOPS BACKED by F104 Starfighter jets Saturday stormed a hijacked train and an elementary school to end a 20-day siege in which South Moluccan gunman held 55 hostages. The Dutch Justice Ministry said six terrorists and two hostages on the train died. Less than an hour after the attack, streams of ambulances began ferrying survivors to a special medical reception post at the Academis Hospital at Groningen. At the school, at least four armored cars were engaged in the assault and automatic weapons fire was heard. Marines were later seen at the school raising their fists in a gesture of victory and shouting, "Hurray, hurray."

Sunday, June 12
WITH THE FBI IN a helicopter, searchers using a commando tracked down one of James Earl Ray's fellow escapees Saturday and continued their hunt through a snake-infested mountainside for the convicted killer of Dr. Martin Luther King. Ray escaped Friday night with five other prisoners from Brushy Mountain State Prison, located about 40 miles northwest of Knoxville, Tenn. The search for the prisoners still at large shifted to new areas Saturday night, but remained concentrated within the 10-mile radius of the prison, where officials feel they are hiding. Ray was ultimately caught on Monday morning.

A PROUD PRESIDENT Carter welcomed his wife, Rosalyn, home Sunday from her seven-nation tour of the Caribbean and Latin America, obviously pleased with the results of the trip and the first lady's success as a fledgling diplomat. The president said at Andrews Air Force Base that Mrs. Carter had handled the role of official envoy "almost, I think, with perfection."

NOWHERE IN THE Great Lakes surrounding Michigan can a fisherman eat his catch, said a report on the state's water quality made public Monday. A map included in the report shows that every inch of the Great Lakes falls under one warning or another against eating certain fish. Prepared by the Department of Natural Resources, the report concludes that levels of the toxic insecticide dieldrin are increasing and now exceed the federal safety guidelines in Lake Michigan chubs and trout.

Detroiters Plead Guilty to Robbery at Lochmoor Jewelers

Two Detroit men pled guilty to charges stemming from the holdup of the Lochmoor Jewelers, 20286 Mack avenue, on April 8, and were sentenced to two years in prison. The men, Nathaniel Griggs, 26, of 3532 Beaubien, and May 10 to one count of robbery armed, (R/A), and was sentenced to five to 15 years in prison. He also pled guilty to possession of a firearm in the commission of a felony and was sentenced to two years in prison.

Articles Recovered
With these actions, Woods Det. Thomas Podeszwick said the case was cleared and closed.

In the incident, over 230 articles, including rings, bracelets and watches, with an estimated total value of \$123,000, were taken and ultimately recovered by police. Griggs, after being pursued in a foot chase by Cpl. Thomas Kervin, was arrested while hiding in some bushes near the Grosse Pointe Baptist Church, while Roberts was apprehended by police while riding a southbound SENTA bus along Mack avenue.

Police also praised several watchful citizens for their assistance in the case.

Steiner Seeks Hearing On Repaving Lakeshore

Ervin A. Steiner Jr., Wayne County Commissioner from the Pointes, demanded last week a road commission hearing on the county road agency's refusal to pay the cost of resurfacing Lakeshore road.

Mr. Steiner requested by letter that the three-member Board of County Road Commissioners hold a meeting to hear officials of The Farms and The Shores present their cases, according to a release from his office.

At issue is the financial responsibility for the generally acknowledged need for resurfacing of Lakeshore between Moross and Vernier roads. The road commission has insisted that the two Pointes pay one-third of the nearly half-million cost.

Price tag set for the project by the road commission is \$489,000, with The Shores being asked to pay \$116,000 and The Farms, \$47,000.

Mr. Steiner said he believed a hearing before the board could break the impasse "if the road commissioners will listen to reason."

He stated, "Just three years ago, the road commission paid the full shot for resurfacing of Lakeshore be-

Woods Council Votes To Rejoin Michigan Municipal League

Pros and Cons of Association Membership Discussed by Solons; Final Tally Is 4-2

By Roger A. Waha
After paying membership dues to the Michigan Municipal League, (MML), for around 30 years, and after voting in February to cease participation in the association for 1977-78, the Woods Council rescinded its previous action and decided to rejoin the MML.

The vote to pay the membership fee, retroactive to this April 1 and continuing through March 31, 1978, in the amount of \$2,610 was 4-2. Those voting to rejoin the MML at the regular meeting Monday, June 6, included Mayor Benjamin W. Pinkos and Councilmen George S. Freeman, George Cueter and E. D. Grady. The councilmen nixing the motion were Ronald R. Kefgen and John Sabol.

Calls Meeting
When the council voted 4-1 not to participate in the MML, the overall consensus at that time was that the city wasn't receiving the services it was paying for. When that vote was taken, only Mr. Cueter voted against withdrawal, while Mr. Pinkos was out of town and Mr. Grady had yet to be appointed to the council.

Mr. Pinkos, who was unhappy with the council's decision not to renew the city's membership, ultimately called a Committee of the Whole meeting on Wednesday, May 25, to consider the merits of MML membership as presented by John M. Patriarche, director.

After the meeting, the mayor said Mr. Patriarche enlightened everyone as to the information available through the association to the council including ordinances on a variety of subjects from many cities, the availability of various publications on municipal government, along with workshops and other conferences.

For City's Good
Obviously pleased with the council's decision to rejoin, Mr. Pinkos said, "It will be for the good of the city. I don't care so much about conventions, particularly national conventions, but the council can take part in workshops within the state."

On the other hand, both Mr. Kefgen and Mr. Sabol felt otherwise, with the former stressing his decision was basically a matter of "personal philosophy," and the latter feeling the city wasn't receiving that much value for its money.

"It really isn't the money, it's the principle," said Mr. Kefgen. "There really isn't any benefit for the City of Grosse Pointe Woods at all" (in rejoining).

GP Woods, Seniors See Eye to Eye

Understanding Reached Between Citizens, Council in Relation to Activities

By Roger A. Waha

Woods senior citizens have expressed pleasure over an understanding, which was reached with the council at its regular meeting Monday, June 6, that all seniors' activities are under the auspices of the parks and recreation department.

While the city had earlier budgeted a total of \$3,000 for fiscal year 1977-78 for seniors' activities under recreation, and had approved late last year the sum of \$1,500 for the last six months of fiscal year 1976-77, a concern remained apparent on the part of the citizens.

This was in relation to the seniors' group which meets twice a month at North High School and the feeling that others considered the group as a private club.

Most Satisfying
Such is not the case and an estimated 20 citizens attended the meeting to make that point.

While there have been some problems in the past on the communication front between the citizens and the city, an overall feeling on the part of some seniors was that the parks and recreation department should, in fact, direct seniors' programs.

One of the strongest proponents of this approach was Senior Citizens Commission Chairman Irene Sutton, who's also president of the group which meets at North High.

She told the NEWS, "I'm happy to get this matter settled once and for all. For three years we have been going back and forth."

"It's the most satisfying thing that's happened to us—to be recognized by our city."

In noting many seniors have been fighting for this for a long time, she cited the interest and fine cooperation of Parks and Recreation Director Donald J. Hallmann in the planning of activities.

Part of Program
After some 15 minutes of discussion between the seniors and members of the council toward clarifying the former group's request in everyone's mind, the understanding was reached.

Councilman George Cueter, an "ex-officio" member of the Senior Citizens commission, stressed that the citizens

Punch and Judy Discussed at Big Gathering

Over 100 Persons Attend Meeting Called by Unity Church to Discuss Future Hopes of The Theater; Farms Council to View Matter on June 20

By Tom Greenwood
It almost seemed like old times as people once again filled the Punch and Judy Theater. But this time they came as concerned citizens and not as movie patrons. The Thursday night, June 9, open meeting was conducted by members of Unity Church, prospective buyers of the nearly half-century old movie house. They came to discuss future hopes for the theater and to answer questions from the crowd.

Present on stage were Jack Boland, minister of Unity Church, Wes Wallin, associate minister, Robert G. Edgar, current co-owner of the Punch and Judy, Bob Sidel, architect with Jahr Associates, and six members of the church's board of directors.

Numbered among the directors were Pointers Jack Campbell, Otto Schlager and George Hansen. According to Rev. Wallin, the remainder of the directors live in St. Clair Shores.

Others present among the 100 plus members of the audience were Farms Councilmen James Mast, Lloyd Semple and Jack Cudlip.

Return to Roots
Before opening up for questions, Rev. Boland gave a brief history of Unity Church, saying it was a Christian organization with beginnings nearly 100 years ago in Kansas City, Mo. Each of the Unity Churches are autonomous and number about 50 throughout the U.S., he said.

He stated this chapter was founded in Grosse Pointe in 1950 as an outgrowth of a larger church from the Palmer Park area of Detroit.

"We've been looking for property in Grosse Pointe for the past four years," said Rev. Boland. "We've been unable to find anything to fit our needs until the Punch and Judy opened up. It's ideal for us. It will enable us to return to our roots."

Rev. Boland said the church had used the War Memorial for its services until 1970, when it moved to its present location at 14843 Coran, Detroit, "because it would allow us to worship in our own building."

He said the church hopes to use the theater for services on Wednesday evenings and for two services at (Continued on Page 2)

GPT Reports Time Change

Grosse Pointe Theater, (GPT), cautions that a change in curtain time for today's, (June 16), performance of "Cabaret" is taking place.

Because of high school graduation and the prom at the War Memorial, (originally scheduled for Thursday, June 9), the show will start at 7:30 p.m. rather than the time printed on the tickets which is 8:30 p.m.

The show will end its 10-performance run, thus concluding the current GPT season, on Saturday, June 18.

State Urged to Mandate Programs for Retarded

By Susan McDonald
The Board of Education joined several other local school districts this week in urging the state to mandate and pay for year-around educational programs for the retarded.

The Board passed a resolution at its Monday, June 13, meeting calling for legislative backing of 12-month, fully-funded programs for the trainable mentally impaired. The document cited the importance to such citizens of a "continuity of instruction designed to prevent regression."

The resolution was passed at the insistence of the Grosse Pointe Assoc. for Retarded Citizens.

That group has seen its own summer program for trainable mentally impaired citizens threatened in recent years because of the state code.

The code now mandates that local districts provide only eight months of instruction for such persons each year. Because of that rule, the Wayne County Intermediate School District discontinued funding for any 12-month programs, such as The Pointes.

The summer program here was salvaged with the help

Pair Take Four-Year Board Seats

Dorothy Kennel Runs Close Third, Fran Twiddy, Fourth; Under 30 Percent Vote

By Susan McDonald
Voters awarded four-year Board of Education seats to incumbent Laurence Harwood and Ann Ardussi in the annual election Monday, June 13.

Teacher-supported candidates, Dorothy Kennel and Fran Twiddy, were close behind, with Mrs. Kennel just 197 votes away from a Board seat.

The final count showed Mr. Harwood on top with 2,952 votes, (about 27 percent). Mrs. Ardussi, who linked her campaign with the incumbent's, was second with 2,549 votes.

Mr. Harwood found the voter support he received gratifying. "I have a lot of people to thank for this," he said. "But I want to give credit to all the people who worked on my campaign."

Expresses Pleasure
A retired business executive, Mr. Harwood campaigned among senior citizens a great deal, visiting The Woods' nutrition site and Neighborhood Club senior activities.

Mrs. Ardussi is a housewife who has been very active in school functions as a parent. Caught up in the whirl of celebration parties and an early Tuesday morning, June 14, meeting, she said she hadn't really had time to analyze the vote.

"We've just been rejoicing and enjoying it so far," she said.

Several Board members unofficially expressed their pleasure at the election results as the tallies came in to administration offices Monday evening.

The mood was a bit different among some of the defeated candidates, however.

Last minute charges of conflicts of interest and implications they were backed by the Michigan Education Assoc., (MEA), obviously angered and disappointed ex-teachers Mrs. Kennel and Mrs. Twiddy.

Charges Distortions
"Despite my frank and honest statements, there were deliberate misrepresentations and distortions made in the press and at public meetings during the last week of the campaign," Mrs. Kennel charged.

Exchange Day Proves Costly

The Woods ran up a total bill of \$2,006.45 this year for Mayor's Exchange Day expenses, according to a report from city offices.

At its regular meeting Monday, June 6, the council approved the record of expenses of Councilman George S. Freeman, who acted as the city's host for the exchange, in the amount of \$1,800.12.

The Woods exchanged officials with Southaven, Mich., last month.

According to the list, of the \$1,800.12 figure, the expenses for the city included \$984.43 for dinners at the Lochmoor Club which broke down as follows on the total charge front: 32 dinners, \$533.12, and 32 dinners, \$133.28. Beverage totals as listed reached \$246.63 and \$71.40.

Other amounts included Huck's Lakeshore for dinner, \$305.25, Sinbads for lunch, \$69.15, and host expenses, \$104.51. Mr. Freeman incurred \$200.61 in expenses for entertaining at his home.

The council also approved the expenses of Councilman John Sabol based upon his visit to Southaven in the amount of \$155.

One source indicated that this year's total was higher than in past years for Mayor's Exchange Day.

Punch and Judy Subject of Big Meeting

(Continued from Page 1)

9 and 11 a.m. on Sundays.

"We don't think this would
cause any parking problems
because these are tradition-
ally light periods in this area.
On Wednesdays, only one
restaurant, one drug store
and the library are open. On
Sundays, people are either
in their homes or at church
at these times. We see no
conflict."

Mr. Boland stated the 9
a.m. service the previous
Sunday was attended by 240
persons, while the 11 a.m.
worship numbered 260. He
said both services averaged
four black members in at-
tendance. "I only mention
that because it has been an
area of concern," he added.

According to church re-
cords, there are 452 persons
listed as members, 11 of
whom are black. The church
numbers 94 Pointers on its
rolls.

Mr. Boland said the
church plans to only pur-
chase about half of the one-
block area, "just the two-
story sections of the prop-
erty."

He stated Unity has volun-
tarily offered to enter into a
contractual agreement with
The Farms to reimburse the
amount of tax money the
city would lose if the prop-
erty enters the tax free rolls.

"This applies only to two
down and one upstairs stores
the church would utilize as
offices," confirmed Rev.
Wallin. "The auditorium it-
self would remain tax-free
since this would serve as
our sanctuary."

Groups Are Welcome

Contacting by the NEWS,
Farms City Attorney George
McKean said he has heard
such a proposal was to be
made, "but that no one has
contacted me directly yet,
although this would have to
come before the city council
first before I would investi-
gate it."

According to Farms City
Comptroller Carol Lock, two
Farms churches in the past
have contributed to the city
coffers on a "strictly volun-
tary and non-contractual
agreement of what they think
is fair to contribute."

Rev. Boland also said
civic groups would be al-
lowed to use the church and
its auditorium for special

events. "This beautiful build-
ing was constructed to pre-
sent plays, speakers, concerts
and meetings in its original
design," he said.

"We want to recondition
this landmark and by all
means allow community
groups to use it. If the com-
munity would like to share
the building with us, we
would welcome it."

Rev. Boland then turned
the stage over to Mr. Edgar,
who gave a brief recitation
of efforts to find buyers for
the theater.

"We bought the building in
the hopes of making it a
going concern as a movie
theater," he said. "We re-
duced the prices but still no
one came. We approached
over two dozen theater peo-
ple, but only two showed any
interest. When it came to
signing the contract, they
both backed out."

Only Viable Offer

"We were also approached
by persons wishing to use it
for rock concerts, occasional
movies and Christmas pro-
grams. All on a once-in-a-
while basis. They couldn't
understand why we turned
them down. An enterprise
this large cannot exist on a
once-in-a-while basis. It loses
too much money that way."

Mr. Edgar pointed out the
theater has competition from
three major double movie
houses in the area. "We just
don't think anyone around is
interested in running it as a
movie theater. The only vi-
able offer we had was from
the Unity Church."

After resuming his seat,
the speakers fielded ques-
tions from the audience.

Questioned about parking
space, Rev. Boland said a
survey had been taken show-
ing 572 available parking
spaces in the immediate area
"not counting spaces in
front of residences. With an
average of 250 persons per
service, we don't feel park-
ing would be a problem."

"The city computes one
parking space for every three
seats in a church. By their
figures we would need less
than 100 spaces per service.
That would still leave over
400 in the general area of
the theater."

Another resident voiced
fears the use of the theater
by community groups would
subtract from the function of

the War Memorial's Fries
Auditorium.

Rev. Boland said the offer
was made in a community
spirit and was never meant
to "advertise the church as
an outlet for community
groups. And we would only
allow it to be used if the
Farms Council approved."

Groan at Thought

A member of the board of
directors also pointed out
that the War Memorial is
supported by public funds
and rents collected by the
Center were extra income.

"If the War Memorial had to
exist on rents alone, it would
collapse," he stated.

Two women in the audi-
ence stood up and said they
approved of the use of the
theater for community
groups, saying the space
was needed because of wait-
ing lists at the Center.

A member of the Grosse
Pointe Village Merchants
Assoc. asked why the thea-
ter couldn't be used as retail
shopping area.

Mr. Edgar replied the cost
of renovating the building
would be over \$1 million. "It
would be cheaper to tear the
building down and start from
scratch rather than renovate
it," he said.

John Dawson's
Bravery Lauded

Farms Police Chief Robert
K. Ferber recently thanked
John Dawson, of 16861 Bar-
berry, Southgate, for his ef-
forts in aiding a motorist
whose car had plunged into
Lake St. Clair the night of
Friday, June 3.

According to police reports,
the car went into the lake
and Mr. Dawson swam to the
submerged vehicle to aid any
passengers who may have
been inside.

"While the driver was the
sole occupant of the vehicle
and had safely swam to
shore, it does not negate
your life saving actions,"
said Chief Ferber. The chief
went on to thank Mr. Dawson
on behalf of the police de-
partment and the citizens of
The Farms.

Chief Ferber also submit-
ted Mr. Dawson's name to
the Grosse Pointe Lawyers
Wives Assoc. as a nominee
for its Annual Citizens
Awards, which will be pre-
sented in May 1978.

Request for Special Park Privileges Denied by GPW

By Roger A. Waha

Despite taking a sympathetic tone to a request for special privileges in using the Lake Front Park, the Woods Council at its regular meeting Monday, June 6, denied the bid of a teacher of five Laotian children for utilization of the facility.

The vote was 5-1 with Councilman E. D. Grady nixing the motion to deny.

In a letter to Mayor Benjamin W. Pinkos, Mrs. Charles E. Sweet Jr., of Hampton road, who works as a reading specialist at the Goodale Elementary Junior High School, Detroit, asked if the five children, in grades three, four, five, seven and eight, could join her family at the park during weekdays.

Mrs. Sweet is tutoring the youngsters during her lunch hour and after school, helping them with their English. She said she needed to continue working with them during the summer to assist the children in catching up with their American peers.

The children's family has been sponsored by Saint George Episcopal Church, Warren, with the youngsters living with their parents after being brought from Laos via the U.S. government, she added.

GPW Accepts Resignation

The Woods Council unanimously accepted with regret the resignation of Joan M. Mullan from the governmental body at its regular meeting Monday, June 6.

As part of his motion, Councilman George S. Freeman said he was sorry to see Mrs. Mullan leave the council, and requested that she receive an appropriate plaque for her service to the community.

Mrs. Mullan, 41, who was first elected to the council in November 1973, submitted a letter of resignation, dated Thursday, May 26, in which she said her reasons for resigning are "multifaceted, some of them personal, some of them philosophical."

She also indicated that the position took quite a lot of her time, (she has five children).

She was elected to fill a two-year unexpired term in November 1973 and was then re-elected for a four-year term in November 1975. The latter expires in November 1979.

As for the possibility of appointing someone to fill her unexpired term, (up to this November), Mayor Benjamin W. Pinkos said if the council doesn't appoint someone within the next month, no such action will probably transpire.

Another consideration, he noted, depends on the nature of pressing problems which might face the council along the way, and the possible necessity of appointing someone to give the body the proper representation in dealing with them.

In a final note, Mr. Pinkos indicated that someone should be appointed as the council representative to the Beautification Commission to replace Mrs. Mullan. It's possible that such action will take place within the next few weeks.

ULS Notches Ninth Crown

The University Liggett School, (ULS), varsity tennis team won its sixth consecutive, and ninth in the last 12 years, State Championship in Holland, Mich., in recent action.

The Knights totaled 28 out of a possible 29 points. Detroit Country Day School finished second with 22 points, and Battle Creek Springfield was third with 12.

ULS won four of the seven flights and were runners-up in the other three. The runners-up were Thor DeBryn and Jeff Logan in singles, and Herb Hagermoer and Doug Rose in doubles.

The flight winners were Paul Van Walleghe and Drew Mascarin in singles, and the doubles teams of Rick Fruehauf-George Peck and David Buhl-John Hastings.

The Knights compiled a 14-2 dual match record this spring. During the last four years, ULS's regular season record is 81-7.

The Knights also captured the Regional Championship for the 11th time in 12 years. In doing so, they won six of the seven flights and scored 27 out of a possible 28 points.

In their Class A Invitational, the Knights scored 21 out of 24 possible points to win the tournament for the third year in a row. They also won the Metro Conference Tennis Championship for the fourth consecutive year by out-pointing Cranbrook, 16-12.

Meanwhile, the junior varsity team notched an 18-0 season.

Woods Rejoins MML

(Continued from Page 1)

Indicating his decision was mainly based on his own personal observations, Mr. Kefgen said he felt varied meetings, workshops, et al., only gave certain city officials from all over the state an opportunity for a "joyride."

At the same time, he said the National League of Cities convention, which draws representatives from all over the country, is usually held in a "terrific pleasure spot."

Repaving

(Continued from Page 1)

facing of Lakeshore in The Park and the City of Grosse Pointe. In view of that, it is an injustice to expect The Farms and Shores to shoulder a major portion of the cost.

"It is a further injustice in view of the fact that residents of The Farms and Shores are in the minority among the users of Lakeshore. Everybody from Detroit to Mount Clemens uses Lakeshore. It is a major state trunkline road. Therefore, the state gasoline and weight taxes which are received by the road commission should be used for this project."

The road commission bases its demand for cost-sharing by the two cities on a resolution adopted by the road board in late 1975. The resolution declared that local communities would be required to pay one-third of the cost of such projects due to a shortage of road maintenance funds.

Mr. Steiner likened the resolution to "passing a law which makes something illegal after the fact — and that is unconstitutional."

He explained, "Residents of these two communities have been paying their road taxes for 30 years while other areas have been enjoying the benefits of those taxes in road improvements. Now that we have a serious problem in the Pointes, we are told that we have to pay plenty to have our problem corrected. It is clearly unfair and inequitable."

Mr. Steiner noted that the road commissioners recently reviewed the issue at his request, but without officials of the two cities being heard.

"I believe the duly chosen representatives of the people of Grosse Pointe Farms and Grosse Pointe Shores have convincing arguments to present, and that the Board of County Road Commissioners has an obligation to hear them," he wrote in requesting another hearing.

Mr. Steiner recently suggested that motorists whose cars are damaged by Lakeshore potholes file damage claims with the road commission.

"Hanpeter, according to former GPAC chairman Carl Lord.

Mrs. Kennel, who was named in the advertisement referred to above, says she never accepted GPAC funds for her campaign and strongly resents the implication that she did.

In addition, Mrs. Kennel noted that the advertisement, though signed by five citizens, did not carry the mandatory statement explaining who paid for its placement in the paper.

"I have no intention of pressing charges on this," Mrs. Kennel said, "but I do feel very strongly that there should have been some explanation of who paid for the ad."

In fact, most of the eight candidates in the recent election ignored the requirement that advertisement sponsors be identified in the text of the ad, along with an address.

Barbara Youngs' and Richard Robbins' ads met the requirement partially, as did Mrs. Kennel's. The other candidates' ads carried no such identification, although in most cases there was no doubt as to who financed them.

The new law, (Public Act 388 of 1976), took effect on Wednesday, June 1. It also requires that every candidate form a candidate committee, open a bank account and appoint a treasurer. A statement of organization must be filed by Monday, June 20, as well.

Woods Okays License Change

The Woods Council unanimously voiced no objection to an application for a drop partner license to the State Liquor Control Commission from John Dinkel, regarding dropping Samuel Attard as a partner from the 1977-78 SDM license located at 21020 Mack avenue.

This action was taken at the regular meeting Monday, June 6.

SDM licenses permit the sale of beer and wine for consumption off the premises only, while SDD licenses permit the sale of alcoholic liquor, other than beer and wine under 16 percent alcohol by volume, for consumption off the premises only.

Three 17-year-old girls were bound over to Wayne County Circuit Court for trial on robbery charges. (R/A) charges for their alleged involvement in an incident on Wednesday, June 1, reported Woods police.

This action was taken at the Wednesday, June 8, Woods Municipal Court examination of Sheryl Lynn Woodring and Sandra Lynn Brasure, both of Roseville, and Laure Ann Trexler, of Fraser.

Bond in the amount of \$5,000 cash, two sureties or 10 percent on each defendant was continued and their circuit court pre-trial conference date has been scheduled for Thursday, July 7.

The girls are accused of robbing a Detroit man of his wallet containing around \$13 in cash after he picked up the hitch-hiking trio in Detroit and drove to the rear of Parcels School, 20600 Mack avenue, to drop them off. After escaping from the car, he ran to the Jack in the Box restaurant, 20599 Mack, to call police.

Police said a night stick and pocket knives were allegedly utilized by the girls in the robbery.

Harper Woods police arrested the trio a short time later after Woods police broadcast a description of the suspects and the car. Woods officers discovered the vehicle left in front of a Christine court residence.

"How and When you call Long Distance can make a big difference in savings..."

Be sure you know all the ways you can save on long distance. Most people already save by dialing direct, instead of going through the operator. And, on calls within Michigan, you can save most by calling weekdays after 5 p.m. or on weekends till 5 p.m. Sunday. You save when you dial direct on out-of-state calls, too. Check the front pages of your telephone directory for the best times.

When you want to dial direct, but don't know the number, you can receive long distance directory assistance by dialing 1, plus the area code of the city you want to reach, plus 555-1212. You'll find a listing of some distant city area codes in the front of your directory. If you have any questions, just call your local Michigan Bell business office, also listed in the front of your telephone book. We're ready to help.

YSD Detective Nabs Prankster

An 18-year-old Woods youth, who was allegedly carrying a baby food jar containing gunpowder on the North High School campus, will have his case reviewed by Woods City Attorney George Catlin this week, reports Youth Service Division, (YSD), Det. Wayne Baum.

The boy was spotted by the detective Thursday afternoon, June 9, turning to the flag pole area of the school. During the day, Det. Baum said there had been many firecracker explosions in the area, and other pranks were being played.

Noting the boy ran in such a manner that he was concealing something in his coat, the detective stopped him and discovered the jar. The youth told him it was for a prank.

With that, the jar was confiscated and school officials suspended the boy for an indefinite period of time.

After contacting the youth's mother, the detective reported she said gunpowder is kept in the home as her husband utilizes it to reload shells.

A test was conducted on the substance which, Det. Baum said, proved it to be very explosive.

Coast Guard Presents Advice on Boat Safety

By George Polgar Jr.
Marinas up and down Lake St. Clair are buzzing these days. After a long winter in drydock the local pleasure craft armada is ready for launching.

While summer boaters are feeling the exhilaration of that first turn around the lake—wind and water whipping up over the bow—the basic rules of boating safety should not be forgotten.

Aside from occasional changes in specific regulations pertaining to boat operation, common sense is the main factor in boating safety.

"A careless boater is an accident waiting for a place to happen," said Coast Guard Auxiliary Public Education Officer Del Younglove.

Before setting out on a cruise, boat owners should be sure to have enough life jackets to go around. One jacket for each passenger or, on larger cabin cruisers, one jacket per berth is required.

Life jackets must be Coast Guard approved and must be provided to passengers in the appropriate sizes. When carrying children, having a dozen adult life preservers will not do.

Just having the life jackets on board is not enough to satisfy the law either. If a boat is found to be carrying life jackets still wrapped in plastic, the operator is subject to a \$500 fine. The law states that the necessary life preserving gear must be readily available.

Larger boats also are required to be equipped with at least one throwable flotation device.

Another big problem during boating season, according to Coast Guard Operations Officer Linda Heasel, is overloading and uneven loading.

"Just looking out the window here this morning I saw the prime example of careless boating. A boat was anchored out in the river and five people were all sitting on one side with the other end lifted clear out of the water," she said.

Because capsizing incidents caused by overloading are so frequent and dangerous, most newer boats have weight capacity limits printed on them. The weight limitations vary from boat to boat depending on size, construction, engine and gas tank sizes.

Refueling stops are another dangerous area of recreational boating. Most boat explosions take place during or shortly after refueling stops,

according to Ms. Heasel. "When refueling the main tanks of a boat, everyone should be off the vessel. Any enclosures on the craft that could possibly bottle up gas fumes should be sealed tight during fueling and should be completely aired out before getting under way," she said.

Filling smaller portable gas containers requires similar handling precautions. "Portable gas tanks should always be taken off the boat for refilling, and the gas pump nozzle should be touching the tank opening," explained Ms. Heasel.

The reason for this attention to detail is to avert the possibility that built up static electricity can create a spark and cause an explosion. Touching the pump nozzle to the can grounds the equipment.

For those who believe that rules are made to stop people from having fun, here is a good one. Sitting on the bow of any boat that is not specifically designed for bow seating can result in a sizable fine.

If all these things seem too simple or petty to bother with, a perusal of the accident and fatality statistics among pleasure boaters may underscore the importance of simple safety measures.

There are an estimated 595,000 registered pleasure boats in Michigan and on an average year there are as many as 70 deaths associated with boating mishaps.

Nationally, almost 1,300 people lost their lives in pleasure boating accidents in 1976. There were 7,199 reported accidents involving private boaters with total property damages amounting to \$14 million in the same year.

The prospect of going out on a pleasant cruise and ending up a statistic should be a sobering thought.

And speaking of sobering thoughts, when venturing into Canadian waters beware of strict controls on the use of alcoholic beverages in boats. Carrying booze in open boats is banned. It may be consumed in enclosed areas of larger vessels.

The Coast Guard Auxiliary offers courtesy boating equipment examinations on request. These inspections hold no penalties and are merely to instruct boaters of potentially hazardous conditions existing on their crafts. To make arrangements for such inspections and for general information about boating, call the Coast Guard Auxiliary Greater Detroit Division at 851-1248.

JC Auxiliary Aids Hospital

The members of the Grosse Pointe Jaycee Auxiliary recently presented Bon Secours' new Pediatric Wing with a check for \$1,000.

This money was raised by holding an Art Auction, co-chaired by Anne Billu and Carolyn Levin, at the Grosse Pointe Yacht Club earlier this spring.

This new Pediatric Wing is beautiful, modern, colorful and efficient, says the auxiliary. It has been designed to make the children feel more relaxed and comfortable during their hospital stay.

There is even a Mickey Mouse telephone for the children to use to call their parents.

Mrs. Levin wanted to donate the \$1,000 to pediatrics because "it's a form of insurance."

"When your child is ill you have a choice of doctors and hospitals, but you cannot do anything about the building itself and the way it is decorated," she said.

"By working for a cause like this one, I felt we could do something for all the children in our area. It is a little insurance that the hospital will be that much better than it already is."

May Proves Busy Month For Youth Service Division

A total of 85 complaint reports were forwarded to the Youth Service Division (YSD), for investigation last month, making the total for the year to date, 304. The total for the same period last year was 281.

"This was a heavy month for case incidence, both in comparison to last month and to May 1976. The more serious types of crimes—larceny, burglary, robbery and violation of controlled substances—were up substantially in incidence rate," says the YSD.

Larceny cases, totaling 25, burglary, six, robbery, three, and violation of stolen property laws, one, involved 40 male juveniles and one female juvenile.

Frequent types of offenses of this nature included purse snatchings, shoplifting, theft or attempt theft of bicycles and breaking and entering

for the purpose of stealing money or easily disposed of articles, e.g., jewelry and cameras.

Violation of controlled substances totaled 10 reports, while one case each of reports of controlled substances and beer, minors in possession of alcohol, drunkenness and driving under the influence of liquor were received.

Twenty-one male juveniles, one male adult and three female juveniles have been identified in nine marijuana incidents.

Runaway reports reached seven and involved six boys and one girl. Of these, three boys and the girl were self returned to their homes, while one boy was arrested and turned over to the Wayne County Juvenile Home and two boys were apprehended and turned over to their parents.

One application for petition was filed with the Wayne County Juvenile Court in May and, so far, no court action has been taken.

Finally, eight boys and one girl were placed on the division's counseling program during the month. The period of counseling is generally once a week for six months.

YSD counseling is indicated for first offenses of larceny, violation of controlled substance use or illegal use of alcohol, malicious destruction of property, et al., or continuing and unresolved problems at home or in school.

REAPPOINTMENT PAIR

Mayor Benjamin W. Pinkos and Councilman Ronald R. Keegan were unanimously reappointed director and alternate, respectively, by the Woods Council to the Grosse Pointes-Clinton Refuse Disposal Authority. This action was taken at the regular meeting Monday, June 6.

Man Accused Of Forging Tab

Ralph J. Micallef, 30, of 938 Beaconsfield avenue, may face a possible four-year prison sentence and it all started because he failed to stop for a stop street, according to information released by Park Police Lt. Gordon Duncan.

The lieutenant said that Micallef does not face the possibility of going to prison because of the traffic violation, but because he counterfeited a 1977 license plate tab, which, under Michigan law, is a felony.

At 1:28 a.m. on Wednesday, June 8, Micallef was observed failing to stop for a stop street on Beaconsfield at Vernor by Cpl. William Furtaw and Officer Randall Cain, who were patrolling in the area.

Micallef was ordered to halt by the officers and his operator's license and car registration were demanded and handed to the officers.

The officers stated the driver's license was in order, but the registration was for 1976 plates. Cpl. Furtaw, who took a glance at the rear plate where the current tab is in the upper right hand corner, had to look twice.

For he saw a tab with the number "77" in red. It did not require a closer look to realize that the tab was a fake.

Micallef was taken to the station where he disclosed he was out of work and had to do something, according to Lt. Duncan, because his car insurance was too high and he could not afford to pay it so he made out the tab by hand.

A warrant was obtained from the Wayne County Prosecutor's Office charging Micallef with forgery. He was released on his own recognizance pending further disposition in the matter.

Bon Secours Exec Honored

Barry Spero, executive director of Bon Secours Hospital, was recently elected to the board of directors of the Greater Detroit Area Hospital Council, (GDAHC), for a two-year term.

Since 1972, Mr. Spero has been active in the council, and for the past four years,

has served as president of the council's Northeast Exchange Group which meets regularly to probe the health care needs of the northeast Detroit area.

Before joining Bon Secours in 1971, Mr. Spero acted as the vice-president and director of Hospital Affiliates, Inc., based in Nashville, Tenn. In this position, he was responsible for managing a network of hospitals in 11 states.

The GDAHC has assisted Bon Secours for more than two years in a program called MIRC, (Management Improvements to Reduce Costs).

This project, which tests the application of modern management techniques to the hospital field, resulted in Bon Secours' showcase system of patient admissions.

MIRC analysis enables Bon Secours to anticipate, on any given day, the number of admissions and discharges. This reduces costs, while increasing patient service. Patients are no longer forced to wonder when a bed will be available, and lack of bed space now rarely cancels scheduled surgeries.

For 20 years, the GDAHC has offered diverse resources to metropolitan hospitals and almost half of Michigan's 200 hospitals are now council members.

Twenty-two staff consultants are available to provide assistance in the improvement of hospital management and planning. They offer consultations in finance, community relations and also conduct feasibility studies which increase the effectiveness of long-range health planning.

wanted to be recognized no matter where they met, (i.e., at North High, the Lake Front Park, et al.). They are still Grosse Pointe Woods senior citizens, he said, the name of the group which meets at the school notwithstanding.

Mayor Benjamin W. Pinkos, in further clarifying the matter, stated the seniors want all their activities to be controlled and administered by the parks and recreation department, thus making the group part of the city's recreational program.

The mayor added he was very pleased the understanding was reached. "All they wanted was to be recognized as a part of the recreational program in the city. They had felt that they had been left out before and they are now happy."

"They should be a part of the City of Grosse Pointe Woods."

of donations from the Neighborhood Club and the parent's group.

A long-term solution to the problem, according to the Assoc. for Retarded Citizens past-president Ray Costan, is to pass a law calling for a 12-month instructional year. Delighted at the Board's action, Mr. Costan said, "The program they are endorsing would be invaluable to our kids."

"We need the help of all school boards in this effort, as well as city councils."

The local Assoc. for Retarded Citizens is made up of about 70 Pointe parents. For almost a decade Pointe schools have provided a summer program for their children, free of charge.

This year, however, because of the loss of county aid, the program has been forced to drop the free transportation and has begun charging a \$75 tuition fee. As a result, according to Mr. Costan, enrollment has dropped considerably.

St. Paul Offers Parent Course

Saint Paul Evangelical Lutheran Church, 375 Lothrop road, will host a summer course in parent effectiveness training skills.

The seven-week class will meet one night a week beginning in mid-July.

Tuition is \$15. Students also are required to purchase "Parent Effectiveness Training" by Thomas Gordon.

Punch & Judy Theater 1930-?

THE PUNCH & JUDY THEATER DOESN'T HAVE TO DIE

It does not have to suffer the fate of the wrecker's ball. It can be saved. A proposal which will save the PUNCH and restore it to its original condition is the subject of a Public Hearing to be held in the Grosse Pointe Farms Council Chambers at 90 Kerby Road, at 8 o'clock, Monday evening June 20th.

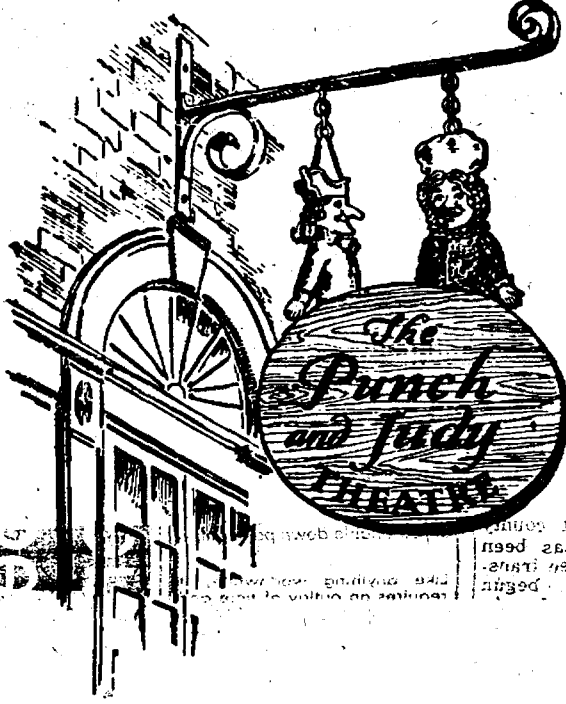

If you are concerned about the future of a Grosse Pointe landmark contact these Farms Council members immediately, and attend the Public Hearing next Monday and voice your concern.

The PUNCH is still alive. Its survival or death will be the decision of the Grosse Pointe Farms City Council. Will it be savior or executioner?

JANUARY 29th 1930

AN IDEAL The Punch and Judy Theatre stands today the materialization of all that which its creators could humbly conceive desirable . . . an intimate, hospitable and friendly playhouse! That its final shaping into mortar, brick and paint so nearly approximates the dream of its originators affords a warm glow to the hearts of those who zealously labored for its being.

POLICY The Policy of the Punch and Judy Theatre is that here, on the screen and from the perfect sound apparatus, there shall never assail you a subject which may be out of accord with the high purpose of those who made the Punch and Judy possible. We pledge that we shall afford you the finest in Pictorial Dramatizations, and the most aesthetic as well as the most constructive in music. For it is and shall be our policy to maintain at all costs the high intentions of those who built this Theatre.

THAT YOU MAY MEET, RELAX, LAUGH AND LEARN!

From the meeting caves of early man, through Parnassus, Athens, Rome . . . the Theatre, more than all else, has lived to classically signify the unfolding of time.

But, more than that, the Coliseum, the Shakespearean, the Provincetown . . . these and others, attest that the Theatre of man has ever been the motivating force to the finer things . . . the inspiration to laugh, to live, to learn and give!

Cognizant of these facts, those who dreamed, designed, erected and now present to you this Theatre . . . The Punch and Judy . . . have enjoyed inspired hope that here you too may enjoy surcease from the work-a-day tasks and find pleasurable edification.

Woods Decides Fee for Pool

A fee of \$26 per day for the use of the Lake Front Park swimming pool will be charged to the Grosse Pointe Swim Club, as the Woods Council approved this amount at its regular meeting Monday, June 6.

The club was formerly charged \$25 per non-resident for the season.

Parks and Recreation Director Donald J. Hallmann in a memo to City Administrator Chester E. Petersen reiterated his support for the use of the facility on the club's part, suggesting the need for the fee change.

"Considering the personnel I will have to have on duty for the early morning hours, (6 to 8 a.m.), the cost of such things as water, chemicals and electricity, this nominal fee will enable the city to break even financially," said Mr. Hallmann.

"All positive youthful endeavors should be encouraged and the coordinated efforts that the Grosse Pointe Swim Club has proposed to improve the swimming prowess of the youngsters in the Grosse Pointe area is a long-needed venture and I am dedicated to the idea that it should succeed.

"However, I am also hopeful that the club members can appreciate our financial problem and budgetary responsibilities and will understand the necessity for the change," he added.

The council approved the use of the pool by club swimmers at its May 12 meeting. Utilization is scheduled to take place June-August during the aforementioned two-hour time slot.

Recycle Cans At Eastland

R. J. Woosley, district manager for Reynolds Aluminum Recycling Co., notes summertime is the peak period for recycling.

This is due in large extent to out-of-school students who pick up cans and other clean household aluminum, earning money in the process.

Mr. Woosley says trucks will continue their visits to the four Detroit area shopping centers in June.

The schedule for the Eastland Shopping Center, 18000 Vernier road, Detroit, (parking lot five-rear), is from 10 a.m.-12 noon on Tuesdays, June 21 and 28.

Reynolds pays 17 cents per pound for aluminum beverage cans and other clean household aluminum items such as pie plates, foil, frozen food and dinner trays and dip, pudding and meat containers.

Other items including aluminum siding, gutters, storm door and window frames, and lawn furniture tubing, also are worth 17 cents a pound if properly prepared.

This aluminum must be free of all foreign materials, cut to lengths not exceeding three feet and should not be mixed with cans.

Reynolds, in the 10 years since the program began, has collected almost eight billion cans and paid the public more than \$50 million for its efforts.

Club Offers Play Camps

The Neighborhood Club has announced that it still has some openings for pre-schoolers, ages two and a half to five, for its summer tot and play camp programs.

For children who will be attending kindergarten in the fall, the play camps offer a variety of activities, both in and out of doors, featuring games, arts and crafts, music and stories.

Openings are available for this age group in the second session, July 19 through August 12. The camp meets on Tuesdays, Thursdays and Fridays from 12 to 2 p.m. The fee is \$30.

For younger pre-schoolers, the tot camps offer a fun, group experience in a safe, nursery school setting, the club says.

Morning camps are available for the second session only, July 18 through August 12. One camp meets Mondays and Wednesdays from 9 to 11 a.m. for a \$20 fee, and another meets Tuesdays, Thursdays and Fridays from 9 to 11 a.m. for a \$30 fee.

Limited afternoon openings also are available in a six-week camp, beginning June 20 and ending July 27. This camp meets on Monday and Wednesday afternoons from 1-3 p.m. The fee is \$30.

All camps meet in the club's nursery school facility, 17150 Waterloo avenue. Each camp is limited to 25 children, with a staff-camper ratio of one to five.

The camps will be directed by Ms. Sydney Schurr, a full-time nursery school teacher. Nancy Malefyt, a certified teacher in elementary education, also is on the staff.

The Neighborhood Club preschool program is fully licensed as a Child Care Center in accordance with Act No. 116, Public Acts of Michigan, 1973.

Woods Okays Sewer Line

The Woods Council approved a sewer connection from the Lochmoor Country Club to the Vernier road drain at its regular meeting Monday, June 6.

John DeBusscher, of the city engineering firm of Pate, Hirm and Bogue, Inc., said the plan was submitted to Salvatore and Sons, Inc., the low bidder on the sewer and water main installation project.

A construction cost also was requested as an addition to the firm's contract, he noted. The quoted lump sum cost to complete the sewer connection was \$1,860, and this amount was okayed by the council.

City Administrator Chester E. Petersen indicated that a state contractor, who supervised the widening of Vernier road, had to disconnect the line, while citing his feeling and City Engineer Larry Pate's that the use of a six-inch pipe for reconnection purposes would not affect an overburdening of the sewer system.

"We have an obligation to reconnect the drain," he noted, in reference to the city's role in the initial disconnection process.

The final vote of approval was 5-1 with Councilman John Sabol nixing the motion. He originally suggested the possible use of a shut-off valve, acting as a reservoir, to hold water on Lochmoor Club grounds to avoid a potential overloading of the system.

PARK USAGE GRANTED

The Woods Council unanimously approved a request from the Grosse Pointe Merchants Assoc., Inc., to utilize the Lake Front Park during a July weekend night for a picnic. This action was taken at the regular meeting Monday, June 6.

Meeting Slated To Air Problem

A concern on the part of some Hidden lane residents over the erosion of the embankment alongside the service drive at North High School will lead to a meeting between Woods and school officials toward solving the problem.
At its regular meeting Monday, June 6, the council heard a plea from Jack M. Thorpe, of Hidden lane, for assistance in resolving the situation which, he said, affects many homes on the north side of the street.
The specific location in question is bounded by a fence, and another citizen said he has lost three feet of grass in his back yard because of the erosion, while expressing his appreciation for the council's initiative.
City Attorney George Catlin said the matter was primarily a civil problem between the property owners and the parties alleged to have caused the erosion.
However, in an attempt to come to a meeting of minds, it was suggested that city officials arrange a session with school representatives toward negotiating a successful resolution to the problem.
City Administrator Chester E. Petersen said the meeting should be held sometime this month.
It was indicated the erosion in that immediate area has been apparent for several years and has become worse.

Theater Glass Injures Patron

An 8' by 8' plate glass at the Esquire Theater was so clean that a male patron thought it was an opening and walked through, breaking the glass and cutting himself seriously.
On Saturday, June 11, Raymond Irvin, 50, of Wayburn avenue, was leaving the theater at 9:05 p.m., and, assuming that the center of the lobby leading into the street was an opening, walked through the glass.
A large piece of the shattered glass fell above his right knee, cutting through his skin, while other pieces fell across the knuckles of his right hand and between the fingers.
Mr. Irvin, bleeding profusely, was conveyed to Bon Secours Hospital by Park firefighters in the emergency ambulance. At the scene and en route to the hospital, the firefighters applied compresses in an effort to stop the flow of blood, but were not entirely successful, according to Fire Chief Phillip Costa.
At the hospital, doctors were able to stem the flow and used a number of stitches to close the wounds, the chief said.
Officials surmised that the plate glass, located between the entrance and exit double doors leading to the street, was so clean that Mr. Irvin apparently assumed it was an opening and walked through it before realizing his mistake.

Quartet to Vie for US Title

The Pointe's own Foreign Policy quartet, including John Wearing, lead Russ Seely, baritone Don Humphries and bass Tom Hine, will travel to Philadelphia next month to compete for the title of International Champion Barbershop Quartet.
They will compete with the top 48 quartets and 15 choruses in the nation, all members of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America.
The society is the world's largest singing fraternity, boasting of 38,000 members in 700 chapters. Groups will be judged on sound, interpretation, arrangement and stage presence.

As you are sitting there in your easy chair, after having soaked up a nice meal of starches and fatty foods, and having eaten that wonderful dessert, try to listen for your breathing, or your heart beating, or your brain and kidneys working. You probably can't hear much different than you usually do, but your diet and way of life has taken its toll. It is not entirely your fault. It is the way of modern life — the automobile swept us off our feet, and our bodies have not been the same since. More of us have jobs that require little exercise, and our bodies feel this. Lack of exercise, combined with a tendency toward fatty foods and cigarettes, leads to the clogging of those earlier mentioned heart, lungs, brain and kidney. So, it would not be a bad idea to work up, gradually, and reasonably, an exercise program that will keep your body going better.

Window Repair and Maintenance

by John Lundberg

When you go vegetable or fruit shopping, most of the time you want to be careful you don't buy anything that is overripe. But, if you are a wine grower in Germany, your favorite grapes would be overripe and covered with mold. Doesn't sound too appetizing, does it? Well, these are prized grapes. The mold eats away the skin of the grape causing the water inside to evaporate. All you have left then is a delightful drop of juices, very rich in sugar, which will give you a wine especially noted for its bouquet and quality. Of course, the other grapes are not thrown away, but they are not used for the most famous and expensive wines. I would still recommend watching out for mold on your produce, but keep in mind that sometimes it can give wonderful taste to your wine.

You'll find wonderful wines to suit your taste at the complete party shoppe, PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626; we feature a full selection of imported and domestic wines for you to choose from. Why not surprise Dad on Father's Day with a bottle or two of his favorite wine, or perhaps he'd prefer one of our unusual gift baskets. Open: 10-10 Mon-Thurs; 10-11 Fri, Sat.

NHS Netters Sixth in State

North High School's varsity tennis team ended its most successful season in the school's history by placing sixth in the Class A State Finals in Midland on Saturday and Sunday, June 4 and 5.

The team's finer accomplishments this year include winning the Bi-County League, the Bi-County League championships, the state regionals and being ranked in the top 10 of the Michigan High School Coaches Poll.

At the state tourney, all the Norsemen played tough including number three singles player Bill Thompson and the number one doubles team of Jeff Jaskolski and Bill Waldeck.

Number one singles player Bill Vanderhoef, number two singles player Jeff Woodbury and number three singles player Joe Sehee all advanced to the quarter-finals before losing in tough matches.

North's number two doubles team of Stu Pack and Mike Ricard and the number three team of Paul Brown and Rainer Schmidt advanced all the way to the semi-finals before losing to the Class A state champs, Kalamazoo Loy Norrix.

At the Awards night, Monday, June 6, the team presented the MVP trophy to Vanderhoef and to the doubles team of Schmidt and Brown.

Coach Ken Gutow said that since the nucleus of this team is so young, he promises to bring a state championship to North within two years.

Ruth Loop Title Won by Tigers

By Rick Thomas

Starting the second half of the Grosse Pointe Babe Ruth season, the D. M. Egan Tigers rolled to a 16-8 victory over the Northdurt Red Sox Saturday, June 4. Three days before, the Tigers fought to a 5-2 win over the Burger Chef White Sox to claim the first half championship.

The White Sox themselves had to defeat the Metro Club Indians, 3-2, earlier the same day to earn the right to face the Tigers. In this final match, Greg Lapinski provided the punch the Tigers needed to beat the Sox with three perfectly executed bunts.

In other second half action, Erwin Yee, John Baldyga and John Cammett all had two hits to power the Indians to a 8-4 win over the Kotlar Yankees on June 4. Mike Mahon took the win scattering six hits, two by the Yank's Rich Harrison.

The Indians also took three first half wins earlier in the week. On Monday, May 30, the Tribe handed the Tigers a rare loss as a pitcher's duel ended in the ninth inning when Mike Smith singled in the winning run.

It was this victory that enabled the Indians to tie the Tigers and White Sox for the first half crown, making a playoff necessary.

On Saturday, May 28, the Indians beat the White Sox, 10-7. Baldyga and Tom Borland each had three hits, while Cammett had two. Tom

Our good judgment comes from experience—poor judgment is what gives us the experience.

Martinelli and Rex Ciavola had two hits each for the Sox.

Finally, the Indians shut out the Yankees, 5-0, on Wednesday, May 25. Cammett and Borland combined for a two-hit pitching performance. Borland helped himself with a triple and a single, while Yee also contributed two hits.

Some of the most glamorous recipes involve the simple addition of fruit to meat cooking. Beef short ribs are delicious with the addition of a 12-ounce jar of pineapple preserves. Place the ribs in a Dutch oven, add ½ cup of water; cover simmer until tender, drain. Combine the pineapple preserves with one cup chili sauce and ½ cup of vinegar and coat the ribs. Grill for 15 to 20 minutes, brush with the sauce and turn frequently. Serve remaining sauce with the ribs.

Let's Talk Real Estate

by John E. Brink

Real Estate is a strange and fascinating business. Its "slow" time comes unexpectedly and like the changing winds, before you realize it, you're in the middle of a sales surge that leaves you breathless!

When business is roaring houses are sold before they reach the market. If a house is on the market more than a week customers wonder what's wrong with it! It's during these times that a very rare buyer takes over. This is the buyer who remains calm and studies each house. He hopes he'll find one that has the potential he is looking for but isn't there now. He looks for the house with worn carpets, cracked walls, old kitchens—things that are superficial and low cost to fix. He realizes that he's going to put in new carpet and repaint anyway—so why pay for someone else's taste!

Generally a "troubled" house will reflect its problems in the asking price plus a penalty. This means if it takes three thousand to put in super saleable condition—you could get an extra six thousand for it if you fixed it up. We, at Grosse Pointe Real Estate Co., 882-0087 love this type buyer because he's creative and can take advantage of our free on-staff designer. He appreciates our ability to put him in contact with a plumber or electrician or carpenter who will charge you what normally he charges a contractor (The contractor puts his profit on top of that). Enough of this... why not call us now and let's see if we can't find you a house you can have fun with!

Jaycees, Auxiliary Hold Annual Awards Banquet

The Grosse Pointe Jaycees and Grosse Pointe Jaycee Auxiliary recently held their annual awards banquet and installation of new officers.

This year, they made it even more festive by adding wife's appreciation to the list, and all the lucky ladies present received gifts from their escorts.

Among the guests were Vanessa Helen, Miss Grosse Pointe 1976-77, and Debbie Lisotto, the new Miss Grosse Pointe 1977-78.

After dinner, Terry Ann Dorn, auxiliary president, gave awards to several hard working auxiliary ladies, and the new officers were installed.

Jim Pattee, outgoing Jaycee president, made several award presentations. First and foremost was the JCI Senator award, which was given to Charles "Rie" Rutan. It is the highest Jaycee Award given.

It was presented for his past service as state chairman, Reyes Syndrome 1976-77; Michigan Jaycee State vice-president, 1976-77; Grosse Pointe Jaycees Chapter president, 1974-75; and internal vice-president, 1973-74.

Other awards included the Presidential Award of Honor which was given to Wally

Helin, Jaycee of the Year, Don Diedo, Keyman Award, John Chouinard, Director of the Year, Craig Hollidge and Officer of the Year, Mike Kastner.

More are Spoke of the Year, (first year Jaycee award for outstanding involvement), Gary Marowski; Spark of the Year, (given to a Jaycee after his first year for outstanding involvement), Brian DeFour; Chairman of the Year, Carter Billiu, for the Miss Grosse Pointe Pageant; Project of the Year, Monte Carlo, (chairman, Louis Zedan); and Committee of the Year — Membership, (chairman, Mr. Rutan).

Alerting parents to Reyes Syndrome is one of the pet projects of the Grosse Pointe Jaycees. Present at the dinner was Dr. Edgar Arcinue, director of the Reyes Syndrome Research at Children's Hospital, who's also a member of the Jaycees. His wife is Dr. Lucy Arcinue.

New officers for 1977-78 are Mr. Helin, president; Mr. Pattee, past president; Mr. Hollidge, administrative vice-president; Mr. Marowski, internal vice-president; Mr. Diedo, external vice-president; Don Martin, treasurer; and Peter Levin, secretary.

Playoff Seen In Park Loop

By Carol Yott

The Park Babe Ruth League recently began its first season with nine teams divided into Eastern and Western Divisions.

The Western Division first half champions are the Astros with a 7-1 record. The other teams finished as follows: Cardinals 4-3; Braves 3-4; and Padres, 3-5.

The Eastern Division first half championship is deadlocked between the Mets and Phillies. The playoff game is scheduled for Sunday, June 26. The remaining teams finished as follows: Giants 4-4; Expos 2-6; and the Dodgers, 2-6.

A few brief highlights of the season included the grand slam home run by Tom Emmerick on opening day, the no-hitter pitched by Shawn Drummey against the Mets and the pitching duel between Chris Ellis and Matt Reno of the Astros with Reno finally downing the Braves 3-2.

THE IMPORTANCE OF LOCATION

Any Realtor will tell you that the three most important factors concerning the value of a house are: "Location, Location, and Location." Unfortunately, most home buyers ignore this important advice.

Location is especially vital when buying a house for maximum resale value. Statistics say that you will be reselling your home long before the final mortgage payment is in the mail. Therefore, take a long, hard look, not only at the present, but the future prospects for the community and immediate neighborhood.

Select a location where raw land and house values have an increasing price trend. Especially check into the zoning laws for any unfavorable change which could cause a depreciation in the value of the neighborhood and the resale price of your home in the future.

Remember — you can remove, replace or remodel a house, but you can never change the location. So choose carefully.

Hearing Date Set in Woods

A board of appeals hearing date of Monday, June 20, was unanimously approved by the Woods Council at its regular meeting Monday, June 6.

The date was set at the request of Mark Gregory, of Deeplands road, who wishes to add a Florida room to the east side of his house. Building Inspector Earl Wakely denied Mr. Gregory a building permit to a deficiency in rear yard requirements.

In a letter to the council, Mrs. Linda Gregory said the immediate neighbors have all consented to the addition after looking at the blueprint of the plans. She also indicated the president of the Deeplands Home Owners Assoc. gave his approval, too.

Punch Can Be Saved

If the Punch and Judy Theater becomes an acre of asphalt, Grosse Pointers have no one but themselves to blame. Members of Unity Church hope to buy the movie house that, with luck and logic, will be around to celebrate its 50th anniversary this coming January.

Unfortunately, rumor, innuendo and simple misunderstanding about Unity and its members have caused many citizens to view them as some hippy-dippy cult "into" exotic worship. The truth is that Unity Church is a Christian organization that began about 100 years ago in Kansas City, Mo.

This particular chapter was founded in The Pointe in 1950, counts many Pointers on its rolls and, for years, held services at the War Memorial. After four years of searching for property in The Pointe, the church has made a bid on the Punch and Judy, closed as a movie theater because of poor attendance.

Unity Church has tried to be open and above board in its dealings all the way. Look at the facts. Their chapters lists 452 members on its rolls, 94 of whom are Pointe residents.

Eleven of their members are black, and let's face it Pointers, race is a concern here, thanks to rumors founded and spread by a "Hill" merchant. According to church information, they average about 250 persons per Sunday services, held at 9 and 11 a.m. These services usually include four black worshippers per session.

So, a mass invasion of The Pointe by black Detroiters intent on integrating through insidious worship is not the case.

The church has volunteered to enter into a contractual agreement with The Farms to reimburse the city for tax money lost when portions of the property enter the tax free rolls. Other churches here have volunteered to contribute to city taxes, but none intend to sign a contract to do so.

The church has offered community groups the use of the theater on a "cost only" basis, not in an effort to steal thunder away from the War Memorial, but in an extension of community spirit. They intend to hold services Wednesday evenings and Sunday mornings, traditionally light periods of business and traffic in that area.

Parking should be no problem. A survey shows 572 parking spaces near the theater. The church projects needing only 100 of those spaces per service.

The group has offered to buy the theater, hold services only twice a week, voluntarily make up lost taxes, open the theater to community groups and renovate The Pointe landmark in an effort to stop its current deterioration.

What's wrong with that?

Let's look at some more facts. The Punch and Judy lost money as a movie theater the last few years it was open. When a local realtor bought it and reduced admissions, it continued to lose money. Pointers who professed to love the old theater refused to patronize it.

On January 16, 1977, the projector was shut off, the doors were locked and the theater sat empty, a sad end to 49 years of service to the community.

Unfortunately, empty theaters collect nothing but dust. Cash flow is the name of the game. None was coming in, yet insurance, taxes and utility bills still have to be paid. Put on the market, the theater received little attention from prospective buyers.

Groups tried to use the theater on a once-in-a-while basis for plays, speakers and rock concerts. There's no money there. A local leading savings and loan company turned down financing for the theater. Architectural firms inspecting the site declared it would cost at least \$1 million to renovate it for use as retail shops.

The theater sat friendless until the Unity Church attempted to rescue it from the wrecker's ball. Grosse Pointe isolationism stiffened and fears mounted about these "outsiders."

They're not invaders, nor are they cult worshippers. They don't run barbecue joints during the day and roll in the aisles at night. They're Christians hoping to return to the city where their church was founded.

Make no mistake about it. If the theater isn't sold, or if a sugar daddy doesn't appear waving his magic checkbook, the building will be torn down.

Pointers face three choices concerning the Punch and Judy. Let it stand vacant and watch it deteriorate until it's torn down. Tear it down and stand crying as a parking lot is erected, or sell it to Unity Church and give it a new lease on life.

The fate of the theater comes before the Farms Council on Monday evening, June 20, at 8 p.m. Be there and let your opinion be known.

Last year it was Rose Terrace. This year it could be the Punch.

Merchants Aid Senior Citizens

The Grosse Pointe Merchants Assoc. presented checks of \$1,000 to two organizations at a luncheon Friday, June 10, for their work in helping senior citizens.

Grosse Pointe Pharmacy's Bob Hill, a member of the association's board of directors, said a \$1,000 check was presented to Maureen DeFour, director of volunteer services at Bon Secours Hospital, for the hospital's meals for the homebound program, while a second check was given to John Bruce, executive director of the Neighborhood Club, for the organization's efforts toward coordinating seniors' activities in The Pointe.

A total of around \$2,800 was obtained from the association's Poor Man Dinner Auction at the Grosse Pointe Hunt Club last month. At this

event, Mack avenue merchants donated various articles for the auction with the monies being put into a separate fund for the use of senior citizen projects, noted Mr. Hill.

The remaining \$800, he said, will be distributed at a later date.

Association members considered requests from various groups for senior citizen-related projects before making their decision.

Letters to the Editor

To the Editor:

There was a bit of sadness in the naive of Mrs. Joan Mullan's letter of resignation from the Woods Council as reported in the NEWS, (June 2).

Mrs. Mullan says she has been fighting "politicians" and "bureaucrats" for years and that she was deserted by her constituents when "tyrannizing" issues were on the agenda. Finally, she says she is "one who asks nothing of government but to be left alone." Incredible!

I have never been a public official and I can be as critical of government as any voter, but the sing-song tirade against politicians and bureaucrats is hardly productive—in fact, it sounds very much like the sing-song rhetoric of a politician.

My observation of the human equation is that he or she aspiring for political power tends to equate his or her special interest—that is, self-interest—with statesman-like concern for the general welfare of the community, but nearly always views the opposition as self-serving politicians and bureaucrats. Is it really that simple?

As for "one who asks nothing of government but to be left alone" I can only offer a couple of hunches, since I do not know Mrs. Mullan.

My first hunch is that she would be the first to go to the government for help and protection if someone, to illustrate, proposed building a gas station or a bowling alley next door to her.

My second and more general hunch is that "one who asks nothing of government but to be left alone" is already benefiting to the fullest under our system of government. Not everyone is or can be in that position.

Mrs. Mullan should be commended for her initiative and her spirit, and I would hope others would not be discouraged by her experience.

Our system of government at all levels rejects, (so far, most of the time), any individual, regardless of persuasion, who would use the political process to take over.

Would we want it any other way? If so, what are the alternatives?

Sincerely,
Howard Hush,
Of Allard avenue,
Grosse Pointe Woods

We, the residents of Fisher road and McKinley, are unalterably opposed to the proposed change of zoning to permit the Unity Church to convert the Punch and Judy theater to its use as a church.

Grosse Pointe Farms has seven large churches within its 2.7 mile radius. We do not feel that we should assume another tax free edifice.

The present membership of the Unity congregation is 600 and growing. This would bring congestion into our little area on Sundays, Wednesday evenings and holidays, and would remove the tranquility that we have so long enjoyed on the weekends.

The transfer of this property would effectively seal any continuity of the commercial strip on Kercheval known as "The Hill." It would also remove several of the little shops that would be included in the sale, that are now on the tax rolls.

Over 80 percent of the congregation of the Unity Church comes from the Gratiot and Seven Mile area, where their present church is located, and as far away as Livonia. They have included the parking areas of the schools, the library, Fisher and McKinley, in the count of available spaces for their use.

Grosse Pointe does not need a "Store-Front church" image, and such a move, in our opinion, would bring a drastic change in all of the

Grosse Pointes and an immediate decline in property values.

This matter will come before the Grosse Pointe Farms Council, City Hall, 90 Kerby road, on Monday, June 20, at 8 p.m.

S. Jane Howe

(Editor's Note: This letter was addressed to the Farms Council, with a copy being sent to the NEWS).

As a member of Unity Church and a resident of Grosse Pointe I wish to express my sincere and earnest support for Unity's purchase of the Punch and Judy Theater.

I know that Unity would be a definite asset to the Grosse Pointe community as it is a very beautiful spiritual organization, based on the teachings of Jesus Christ, touching and changing the lives of many people.

Unity teaches and gives principles to live by through which people prosper, grow and become more successful, productive and happier individuals.

I truly hope that you will favorably consider Unity's desire to purchase the Punch and Judy Theater as it will add zest and vitality to the community.

Sincerely,
Josephine E. Tatham,
Of Grayton road,
Grosse Pointe Park

To the Editor:

Having a home of our own in Grosse Pointe has been both a privilege and a pleasure. We built our first home in Grosse Pointe Farms in 1928. It was located on McMillan road near the intersection of Moran, it was only the second house built on McMillan so you might call us pioneers to Grosse Pointe.

We are and have been members of the Unity Church since 1945. Their teachings have been both inspirational and most helpful in our spiritual lives.

We are concerned because of the opposition of Unity purchasing the Punch and Judy Theater for its new church. Many of our Grosse Pointe friends are members of Unity, and all of the members are fine intelligent people.

Unity would be helpful to many people in the Grosse Pointe area. Certainly far better than having our children seeing X-rated movies, the thought of which caused so much apprehension among our residents.

Hopefully, Unity in Grosse Pointe will become a reality.

Sincerely,
Wayne H. McCarty,
Of University,
Grosse Pointe City

Jewelry follows fashion trends along with all accessories. But it is not only the styles of a given piece that change with the times, different jewelry items come in and out of vogue. This year, fashion has taken a major stride toward the feminine look in women's clothing. Peasant flounces, country florals and soft knits all require dainty accessories. Hair is now gently styled to complete the pretty picture. Do you remember when women wore combs in their hair? All combs are back, and not just the tortoise shell variety. Some combs have decorative tops, ranging from gingham bows to real feathers.

Seven of Grosse Pointe's loveliest gardens will be open Friday and Saturday, June 24 and 25, for the Grosse Pointe Garden Club Council's annual Garden Tour.

That's not counting the Grosse Pointe Garden Center's exquisite Trial Gardens, on the lakeside lawn at the Grosse Pointe War Memorial. Mrs. Richard P. Joy, III, will be hostess there.

Mrs. John Malcolm and Mrs. H. A. Powell are co-chairing this year's tour, with Mrs. Donald Flinterman and Mrs. J. Lane Donovan in charge of tickets. They're \$3 each—a bargain, considering the number and variety of this year's gardens, AND the fact that with the tickets comes a very good brochure, complete with map, telling you how to get from one garden to another, and what to look for once you get there.

Tickets will be available at each garden June 24 and 25, during tour hours, (1 to 5 o'clock both afternoons), but getting them in advance is a Very Good Idea. For one thing, you'll start out armed with the map...

Numbers to call for further information are 882-0857 and 886-9327. But before you call, read on: the bit of further information following may save you telephone time.

Every Garden Club in the Council helps out on this annual fund-raiser. The Village Garden Club, Mrs. Robert Everett, president, and The Little Garden Club, Mrs. Eugene Timm, president, have been assigned to the Francis Garden in Hidden Lane.

The Windmill Pointe Garden Club, under Mrs. Erik Erikson and Mrs. George Johnson, and the Grosse Pointe Garden Club, Mrs. Merlin Cudlip, president, will be stationed at the Rieser Garden in Woodland Shore drive.

Fete Thompson Home's Ladies

Traditionally, the board of trustees of the Thompson Home, that venerable, beautiful landmark in West Hancock street, Detroit, fete the retired ladies who make the Home their home at a June luncheon.

Setting for this year's party last Tuesday, June 14, was the fascinating residence of The Honorable and Mrs. G. Mennen Williams in Tonnancour place.

Mrs. John C. Bayne, current president of the trustees, was head hostess. The luncheon was planned by an entertainment committee including Mrs. George B. Hefferan, chairman, Mrs. Robert McKean, Mrs. Cyril H. Moore, Mrs. J. Jenness Newcomb, Mrs. J. Vernon Davis and Mrs. David Viger.

Mrs. Moore and Mrs. Newcomb were responsible for table seating and place cards. Mrs. Charles W.

Adams, the board's corresponding secretary, wrote and sent the invitations.

Mrs. Viger arranged for the flowers. Individual gifts for the residents — needle-point picture frames in lovely colors — were done by Mrs. Hefferan, Mrs. Irving Book, Mrs. Adams, Mrs. Martin Hayden and Mrs. John Longley.

Mrs. Williams covered the dining room table with a favorite silk cloth from Kashmir. The smaller tables, placed in various rooms, were covered with flowered cloths and centered with flower baskets.

Pre-luncheon punch was served downstairs in the Williams' African Room. Upstairs, the guests dined on salad, asparagus, sherbert and other goodies as they admired the ever-changing panorama of Lake St. Clair.

The Bruce E. Ansons

Setting for the wedding of CHRISTINA LYNN ZAMPICH, daughter of Mr. and Mrs. August Zampich, of Nottingham road, and Mr. Anson, son of the Milo Ansons, of Fenton Lake, Sunday, December 26, was Addison Oaks, Oxford.

Winter Wedding For Miss Zampich

Bruce Edward Ansons Are at Home in California, Where She Has Resumed Studies Toward a Doctorate in Psychology

At a candlelight ceremony the day after Christmas, Sunday, December 26, at Addison Oaks, Oxford, where a buffet dinner in the main dining room followed the rites, Christina Lynn Zampich spoke her marriage vows to Bruce Edward Anson.

At the piano was Virginia Morganthaller, a former piano teacher of the bride. Mark Dennison played the flute. Soloist David Steinhart accompanied himself on the guitar.

The bride, daughter of Mr. and Mrs. August Zampich, of Nottingham road, and the bridegroom, son of Mr. and Mrs. Milo Anson, of Fenton Lake, vacationed in northern Michigan and are residing in Rosemead, Calif.

Christina has resumed studies toward her Doctorate at Rosemead Graduate School of Professional Psychology. Bruce has returned to his work as a chef at Los Angeles' Biltmore Hotel.

For the 4:30 o'clock rites at which The Reverend John Ludlam presided, the former Miss Zampich chose an Em-

was dressed identically, but her floral print flowed over a tangerine undergown. Both dresses were sashed in the print material.

Mums and daisies dyed to match the print, pine foliage and holly rimmed the hurricane candleholders carried by both attendants.

Bradley Anson was best man for his brother. Guests were seated by the bride's cousins, Bruce, John and James Paul, former Point-

ers who now reside in Romeo.

Marabou accented the neck and wrists of the bride's mother's long-sleeved, pale blue knit. The bridegroom's mother's gown featured a shirtwaist bodice styled with long, sheer sleeves, and an accordin-pleated skirt, in a pink polyester knit.

Their corsages were fashioned of gardenias and stephanotis, with pine and holly accents.

MCF to Offer Breast Exams

Breast examinations will be offered as a free service of the Michigan Cancer Foundation East Service Center next Thursday, June 23. All area women over 40 years of age are invited to make appointments.

The examinations will be conducted by a trained nurse-examiner from 8:30 to 5 o'clock at the Center, located at 21312 Mack avenue in Grosse Pointe Woods.

The examination includes a thorough physical palpation of the breast, a complete family medical history and instruction in the life-saving technique of Breast Self-Examination.

"If every woman would practice BSE on a regular basis," says Patricia Sullivan, R.N., manager of the MCF's Breast Cancer Detection Center, "more cancers could be found in their early, curable stages."

Women interested in having a breast cancer examination should make an appointment by calling either the MCF East Service Center, 881-2413, or the MCF Macomb Unit office, 468-0551. Appointments will be scheduled on a first come, first served basis.

The East Service Center will be providing breast cancer examinations on a monthly basis. Other screening services will be added in the future.

The Center is a service of

Cancer Action Now, the citizens' action campaign against cancer, co-sponsored by the American Cancer Society and the Michigan Cancer Foundation and funded by the National Cancer Institute and the United Foundation.

Receiving a Varsity C for participation on this year's Columbia University swimming team was Pointer PETER H. JOOS.

Miss Smith Bride Of James Wagner

John Wagner Is Best Man for His Brother; Pair Vacation in Canada, Are at Home in Ypsilanti

At home in Ypsilanti where he teaches music and she is completing work at Eastern Michigan University toward her degree in music are Mr. and Mrs. James Hoyt Wagner, who vacationed in Canada following their mid-May wedding.

Mrs. Wagner is the former Ruthann Smith, daughter of Mr. and Mrs. Royce Smith, of Belleville.

Mr. Wagner is the son of Mr. and Mrs. Lawrence Wagner, of Newcastle road.

The 5 o'clock ceremony Saturday, May 14, in Ypsilanti's Apostolic Faith Church was followed by a reception at the Methodist Church, Belleville.

The bride wore a lace-trimmed gown of white tulle and carried white carnations and tea roses.

Her attendants, in pink floral frocks, carrying blue

carnations and tea roses, were two sisters-in-law, Mrs. Richard Smith, honor matron, and bridesmaid Mrs. Paul Smith, and a cousin, JoAnn Fitcher, also a bridesmaid.

John Lawrence Wagner was his brother's best man. Ushering were Joseph Michael Wagner, another brother, Paul Smith, the bride's brother, and Peter Koste.

The mother of the bride wore blue and white chiffon. The bridegroom's mother selected green and white cotton. Both mothers chose white orchid corsages.

Engaged

The engagement of MARY ELIZABETH REARDON and James Alan Norburg has been announced by her parents, Mr. and Mrs. John J. Reardon, of Chalfonte avenue. An August wedding is planned.

The bride-elect was graduated from Grosse Pointe North High School and holds a Bachelor of Business Administration degree from Western Michigan University, where she majored in Marketing.

Her fiancé, son of the Sheridan Norburs, of Grand Rapids, was graduated from Grand Rapids Union High School. He, too, holds a Bachelor of Business Administration degree from WMU, where he majored in Marketing and affiliated with Delta Upsilon fraternity.

Viviani-Bleggi Betrothal Told

Mr. and Mrs. Nicola Bleggi, of Southfield, have announced the engagement of their daughter, Karleen Ann, to Anthony Joseph Viviani, son of Mr. and Mrs. Mario Viviani, of Anita avenue.

Miss Bleggi holds a degree in Learning Disabilities and Home Economics from Madonna College. She is certified to teach in secondary and elementary schools.

Her fiancé holds a degree from the University of Detroit, where his majors were History and Philosophy.

They plan to be married next June, at Detroit's Holy Family Church.

Wathana Set For Summer

Camp Fire Girls Detroit Area Council has begun registrations for 1977 summer camping sessions at the Council's Camp Wathana.

Wathana programs begin Tuesday, June 21, and continue through Saturday, August 20.

The 380-acre camp, located near Holly close to I-75, is open to all girls ages seven to 17, whether or not they are members of Camp Fire.

Camp Wathana includes a lodge, dining hall, cabins for sleeping, bathroom and shower facilities. A spring-fed lake provides swimming, fishing and boating.

A newly-produced brochure, "Wathana 1977," contains complete information on the seven session times offered: dates, program content for various age levels, registration information, lists of campers' needs and fee schedules. A registration card is enclosed in each camp brochure.

"Wathana 1977" is free through the Camp Fire Girls office in West Warren avenue, Detroit, 833-2670.

Along with the traditional resident camp experiences of swimming, horseback riding, nature crafts, archery, hiking and fishing, several more unusual offerings are available at Wathana this summer.

"Grandma and Me" is open to girls of Blue Bird age, (seven to eight years), and their grandmothers or grandmother - substitutes. Grandmas will be housed in cabins adjoining their granddaughters. There will be joint activities as well as separate ones for each generation.

"Midnight Madness" promises to turn night into day for girls ages 12 and 13.

The James Wagners

Married to Mr. Wagner, son of the Lawrence Wagners, of Newcastle road, Saturday, May 14, in the Apostolic Faith Church, Ypsilanti, was RUTHANN SMITH, daughter of the Royce Smiths, of Belleville.

Elizabeth Parcells to Sing

(Continued from Page 15) Memorial Hospital and the Thumb Council for the Arts.

Mrs. Russell H. Lucas, of East Jefferson avenue and Huron City, Miss Parcells' paternal grandmother, conceived and developed the museums at Huron City on property where her grandfather, Langdon Hubbard, built Seven Gables in the mid 1850's.

The home was willed first to Mr. Hubbard's daughter, Mrs. William Lyon Phelps, wife of famous Yale professor "Billy" Phelps. Now it belongs to her niece, Mrs. Lucas.

The traditional Phelps-Guest Days, started when Professor Phelps and Edgar A. Guest were living, are red-letter annual events in Huron City. Mrs. Lucas is the gracious hostess, assisted by the Charles A. Parcells family and other descendants of Langdon Hubbard. "Bud" Guest follows his famous father as genial host.

Now the great-great-granddaughter of Langdon Hubbard will appear as distinguished young soloist at the Huron City Church where she has been singing all her life in the summertime, then at Grosse Pointe Memorial Church just before she leaves for another summer at Tanglewood, the Berkshire Center's summer festival in Lenox, Mass., where she will make her solo debut with the Boston Symphony.

Last summer, when New York Times music critic Donald Henahan reported from Tanglewood, he said that Elizabeth Parcells, "gave a superbly articulated, precise."

Campers start their day at noon with lunch, cooking breakfast at midnight and sacking out at 3 in the morning.

"Horseback Riding" allows campers a chance to both ride and learn the duties of a stablehand. This special, two-week program for girls 14 and over begins August 7.

"Pottery Workshop," in conjunction with Camp Fire Girls' 1977 National Art Competition, is a special four-day program for girls of all ages. Campers will use natural clay from Wathana as well as potter's clay, and will fire objects in a camper-made fire pit.

"Counselor - in - Training" programs provide on-the-job experience for girls who have completed the 10th grade and want to develop counselor leadership skills.

Camp Wathana emphasizes camper - planned programs. Youngsters of similar ages from across the community share a cabin with a well-trained counselor. Girls plan their week of activities with their counselor, slating in whatever they wish to do.

There are no bells to signal the beginning and ending of structured activity periods.

The Detroit Area Council is participating at Camp Wathana in the Federal Summer Food Service for children. Camp fees include no charge for food for all children aged 18 and under.

Camp Fire Girls Detroit Area Council is a Torch Drive agency serving 5,000 girls and adults in the tri-county area. Camp Wathana, owned and operated by the Council, is open 12 months a year for a variety of camping programs.

Fall Bride

Photo by Collingwood Studio. Wedding are being made by and Steven Charles Brooks whose engagement has been announced by her mother, Mrs. Jean Schuder Stronski, of Buckingham road.

The bride-elect is also the daughter of Dr. Gerald Stronski, of Vernier road. Her fiancé is the son of Mr. and Mrs. Jerome P. Brooks, of East Detroit.

Duo to Serve Harper-Grace

Two Grosse Pointe residents, Mrs. Alfred R. Glancy, III, of Cloverly road, and Lloyd A. Semple, of Cambridge road, have been elected trustees of Harper-Grace Hospitals, which operates the 999-bed Harper Hospital in the Detroit Medical Center and the 425-bed Grace Hospital in northwest Detroit.

Mrs. Glancy is chairman of the board of the Music Hall Center for the Performing Arts, a trustee of University Liggett School and a member of the advisory board of the Detroit Orthopaedic Clinic.

She also serves on the board of the United Foundation.

Mr. Semple is a partner in the Detroit law firm of Dykema, Gossett, Spencer, Goodnow and Trigg.

He is a member of the Grosse Pointe Farms City Council, president of the Kerby School Parent Teacher Organization, president of the Yale Alumni of Michigan and president-elect of the Michigan Interclub Swimming Association.

He also is a director and secretary of the Detroit Zoological Society.

At the annual meeting of the board of trustees of Harper-Grace Hospitals, six trustees, including Pointers Andrew W. Barr and Robert B. Semple, (the father of Lloyd Semple), retired from active status on the board and became trustees emeritus. The other retirees are Ray R. Eppert, William T. Gossett and George Russell, all of Bloomfield Hills, and Douglas F. Roby, of Ypsilanti.

Adding an international flavor to the guest list were Dirk Pauls, from the German Consulate in Detroit, and Christopher Crabbe, first secretary of the British Embassy to Nairobi.

Mr. Adler, toastmaster for the evening, made a special presentation to the Basharas, as did Don and Marge Wood. Special recognition was accorded to Bill Beckenhauer, Jr., and his wife Billie. Bill is Lochmoor's fourth Honorary Life Member.

Also singled out for special tribute were the many past-presidents in attendance: Ken Beardsley, (1941-42), Dr.

John Pagel, (1951), Gordon Skinner, (1958), Tom Moran, (1961), Fred Bens, (1967), Bob Grow, (1969), Don Dykstra, (1970), Sam Nicholl, (1971), Ned Macaddino, (1972), Bill Schuatz, (1973), Tom Russell, (1974), George Kramer, (1975), and Don Wood, (1976).

Accentuating the red-and-white decor theme were table centerpieces of three candles surrounded by white daisies, baby's-breath and red carnations.

The French dinner service was complimented by candlelight and the background music of harpist Nadia Marks. Guests danced to music by Tom Naso.

Pointers to Participate In Visit of Patriarch

His Beatitude, Elias IV,
Patriarch of Antioch and all
the East, will be the honored
guest of the Society of Ortho-
dox Youth Organization's
(SOYO), Midwest Region's
30th Annual Parish Life Con-
ference Wednesday-Sunday,
June 22-26, in Detroit.

Christianity was first
brought to the City of Antioch
in the year 34 by the
Apostles Peter and Paul, and
it is recorded in scriptures
that it was in Antioch that
the followers of Jesus were
first called by the name
"Christian."

His Beatitude is counted as
the 184th successor to the
throne of Sts. Peter and Paul.
The See of His Beatitude is
one of "five" of the ancient
thrones of Christendom and
exercises religious and moral
leadership over the second
largest body of Christians in
the world — the 300 million
Orthodox faithful.

Several thousand Ortho-
dox reside in the Detroit
metropolitan area, and many
will participate in welcom-
ing His Beatitude in his first
Archpastoral visit to the
United States and the North
American continent. Saint
George Antiochian Orthodox
Church will host the affair.

Among the Pointers who
will be on hand to welcome
the conventioners to the con-
ference is Judge George
Bashara Jr., master of cere-
monies at the grand banquet,
to be held at Renaissance
Center's Plaza Hotel.

Others include Mr. and
Mrs. Fred Metry, who partici-
pated in planning the Par-
ish Life Conference, and
Susan Lakis, chairperson of
Awards Breakfast for SOYO,
to be held June 25 at the
hotel.

His Beatitude, Elias IV,

Artists Market Show to Open

The Detroit Artists Mar-
ket's midsummer presenta-
tion of Art for New Collectors
opens Friday, June 24, with
a 4 to 6 o'clock reception,
and will run through July 31
at the gallery in Randolph
street, Harmonie Park, where
regular hours are 10 to 5
o'clock Monday through Sat-
urday.

This mixed media show
specifically geared to en-
courage collection of origi-
nal works by Detroit-area
artists, will feature oils,
watercolors, prints, draw-
ings, jewelry, ceramics, glass
and weaving, all priced at
under \$100.

born in Arsoun Al-Matn,
Lebanon, received his theo-
logical training and degree
from the renowned Academy
of Halki. The degree was
conferred upon him in 1939.
He was ordained to the holy
priesthood in 1941.

After serving a pastorate
in Rio De Janeiro, Brazil, he
was elected by the Antiochian
Holy Synod to occupy the
Metropolitan Throne of Allep-
po, Syria, in 1950. On Sep-
tember 25, 1970, he was
elected to the Patriarchal
Throne and was officially en-
throned at the Patriarchal
Cathedral of the Dormition
in Damascus, Syria, two days
later.

Since his enthronement,
His Beatitude has visited
sister Orthodox Churches of
Greece, Romania, Bulgaria,
Cyprus and Russia.

His Beatitude, who resides
in Damascus, is expected to
arrive in Detroit on June 22.
In honor of this historic
visit, 1977 has been proclai-
med as a "Holy Year" through-
out North America and is
being observed by seven mil-
lion adherents to the ortho-
dox faith throughout the
United States.

Perch Fishing Good in Pointe

Revitalized perch fishing
in the Pointe area is high-
lighted as a family fun sport
in the June "Motor News"
magazine, Automobile Club
of Michigan Grosse Pointe
Manager John Anderson re-
ports.

"Public piers and boat
liveries are expected to be
crowded this summer and
fall with thousands of persons
coming after perch with
everything from simple hand-
lines to exotic fishing outfits,"
the Auto Club's reader-mem-
bers are told in an article
entitled, "The Perch Are
Running."

"The public docks in the
Grosse Pointes are usually a
spot for good catches of
perch," the magazine says.

The alewife became the
perch's chief competitor for
food, and intense gill netting
further cut the resident perch
population.

But gill netting for perch
has been banned along
Michigan shores and salmon
are helping to control ale-
wives.

Those factors have helped
replenish the once-large
schools of perch that roamed
Lakes Michigan and Huron,
the article notes.

Concert Band Opens Festival

The Detroit Concert Band,
which opens the Grosse
Pointe Summer Music Festi-
val on Wednesday, July 6, is
internationally renowned for
its very special musical qual-
ities.

Critics and musicians in
America and Europe have
admired this group's crisp
coherence, tonal color and
musical taste.

The John Philip Sousa qual-
ity is what his band has un-
der the leadership of Leonard
B. Smith, according to BBC
producer Kenneth Corven.
It's a quality of refinement,
of shading and expression,
brilliance, dash, splendor of
effects and showmanship that
sets it apart.

Versatility counts, too, and
the band has a tremendous
repertory of more than 1,200
compositions ranging from
classics to pops.

The July 6 program, for
example, will include works
by Berlioz, Mendelssohn and
Tchaikovsky, as well as
George Gershwin and Percy
Grainger, and, of course,
marches by Sousa.

The concert will take place
on the lakeside terrace of
the War Memorial Center,
32 Lakeshore road, at 7:30
p.m.

Since the entire festival in-
cludes opening the grounds
of the center for picnics pre-
ceding the concerts, festival
patrons are encouraged to
come as early as 6 p.m. to
have supper by the gardens
and the lake.

Tickets and additional in-
formation are available by
calling the Center at 881-7511.

Reports Theft Of Car Radio

Shores authorities took a
report from a resident who
disclosed that sometime dur-
ing the night, an unknown
person entered a leased car
in his driveway and stole a
factory-mounted stereo radio
valued at \$233.

The incident was reported
on Saturday, June 4, by
Edmund George Jacoby, of
North Deeplands road.

Mr. Jacoby said he had
leased the automobile, a 1977
model, from a Romeo agency
and had parked it in the cir-
cular driveway in front of
his house at about 8:45 p.m.
the evening before.

At 8:35 a.m. on Saturday,
he said, as he entered the
car, he discovered the dash-
board ash tray on the floor
of the auto and the radio
missing.

Public Safety Officer Harry
Hamilton, who took the theft
report, and who examined
the car, said there were no

marks to show that the
mounting had been cut or
pulled.

Whoever committed the
theft, apparently knew the
exact procedure of removing
the item, he pointed out.

At 10:30 a.m. Saturday, Mr.
Jacoby called The Shores
station to reveal that the thief
also had syphoned about 15
gallons of gas from the car's
tank.

sis Society announced that

dontic training at the Univer-
sity of Michigan, and has
practiced in the Pointe area

Doctors Find T&C A Fitting Project

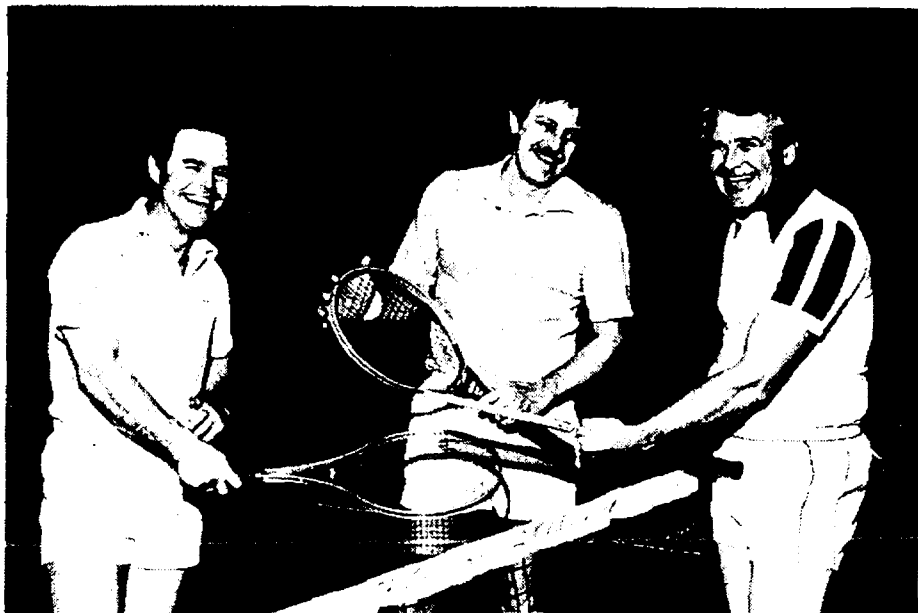

Photo by R. H. McKendrick

Looking very fit are DR. VOLLRAD J. VON BERG, DR. CARL E. REICHERT, JR., and DR. G. RICHARD JONES, (left to right), who share two common interests: tennis and Children's Hospital of Michigan. The local medical trio is taking a break from a workout on the courts to look ahead to fall, and the 10th annual Tennis and Crumpets tournament, in which they'll all be playing.

This year's T&C proceeds will complete a five-year, \$200,000 pledge to the Medical Cardiology Suite in Children's Hospital, and will go to support Children's Poison Control Center which, since 1963, has provided a lifeline for frantic parents, baby sitters and grandparents.

No charge is made for information dispensed by the Poison Control Center, and financial support is needed if Children's is to continue this vital community service. T&C matches are being scheduled this year for the weekend of September 24 and 25, with superfinals to be played October 1. The tournament is open to everyone who enjoys tennis and helping children. Further information may be obtained by calling TUXEDO 4-4486.

Tennis and Crumpets, Inc., is dedicated to the needs of children and the promotion of tennis as a means of raising funds.

It was started in 1967 under the leadership of Mrs. David S. Summers, of Whittier road, who looked to the City of Los Angeles, which annually holds a city-wide tournament to raise funds for its Tracy Clinic, for her T&C model.

The original small group of young women pledged a \$20,000 Playroom for the new Children's Hospital of Michigan.

The first year realized a net profit of approximately \$4,000, with 250 players and 500 people attending the dinner-dance following the tournament.

In the fall of 1968, Tennis and Crumpets was incorporated, having completed a second tournament with 375 players, a slightly higher profit and increasing costs and responsibilities.

The next year, 1969, saw a large expansion in the Grosse Pointe area. It was decided to print a program with patrons and advertising, resulting in a net profit of well over \$13,000.

That same summer several courts in the Birmingham-Bloomfield area were organized, resulting in an interchange of play and spreading enthusiasm for a common goal: 562 players participated in the tournament, and the organization was able to complete its \$20,000 commitment for the Playroom.

The board of directors then decided to underwrite the cost of a Cardiac Operating

Room, (\$50,000), and at the same time sought help from the Birmingham-Bloomfield area, requesting Birmingham-Bloomfield to hold its own separate tournament and party.

The summer of 1970 saw 728 players participating in the Grosse Pointe area, 250 in Birmingham-Bloomfield, the tournaments running simultaneously but separately followed by two very successful parties, at the Country Club of Detroit and Pine Lake Country Club.

In January of 1971 Tennis and Crumpets was able to present a check for \$20,000 towards the Cardiac Operating Room.

In 1971 Birmingham-Bloomfield expanded its efforts to raise money by also seeking patrons and adds for the program. Mrs. Walter B. Ford, II, and Mrs. Lynn A. Townsend were honorary chairmen of this joint effort. At the same time Dearborn was incorporated into the organization, under the chairmanship of Mrs. Lincoln Solberg.

The end result of the 1971 tri-area venture was overwhelmingly successful. Tennis and Crumpets presented a check in the amount of \$24,628.34 to Children's Hospital.

To date T&C had given more than \$64,000 to the hospital, which opened the doors of its new building in January, 1971.

The \$50,000 pledge to the hospital was completed in 1972. T&C also was able to donate a cardiac pump for the Cardiac Operating Room, and to undertake still another pledge: \$50,000 for equipment and research in the Burn Unit.

In 1974 T&C introduced the superfinals, a tournament in which winners from all areas compete. A check for \$45,179.63 paid off the balance owing on the Burn Unit pledge, (\$8,551.98), with \$36,627.65 going toward a new goal: a \$200,000 pledge over a five-year period for the Medical Cardiology Suite.

In 1975 Grosse Ile was incorporated into the organiza-

Over 3,700 tennis players participated in the 1976 tournament. T&C's contribution to the hospital was \$77,250, bringing to a total \$170,806.92 paid toward the \$200,000 pledge for the Medical Cardiology Suite made three years ago.

sembled the fact sheet information. Mr. Nixon, husband of Trowel and Error's chief executive, did the map.

Tour treasurer is Mrs. Henry Ledyard. Mrs. David C. Lowe is handling publicity, and committee members-at-large Mary Lou Boresch and Miss Christine Edwards are filling in all over the place.

So . . . everything's organized, everyone's assigned, the 1977 Grosse Pointe Garden Club Council's June Garden Tour promises to be perfectly beautiful—now IF ONLY the sun will shine, soft breezes blow, both afternoons. We're keeping our fingers crossed.

A beautiful garden is beautiful in the rain as well as in the sun, but sun is really much nicer for a garden tourer's purposes.

Now to end this column item on a practical note: there'll be restrooms available at the Grosse Pointe War Memorial, where the Trial Gardens are.

A Very Special Birthday Girl

Once upon a time, there was a little girl named Marie Louise Anderson who loved flowers, and trees, and all living, growing things. She still does.

She was born, fittingly, on the first of June, when gardens are just beginning to come into their full, summer lushness. Like a hardy perennial, she's flourished ever since.

Marie Louise is celebrating her 90th birthday this year. In Grosse Pointe, that's about as great a celebration as Queen Elizabeth II's Silver Jubilee is in England.

There've been parties and get-togethers and congratulatory cards and telephone calls. On the Birth Day itself, "Miss Grosse Pointe Garden Center" was a most surprised guest of honor at cocktails and luncheon at the Little Club.

Hostesses were the Garden Center's trustees, who lifted their glasses in a toast to their first president, membership chairman from the Garden Center's first year until this year.

Saturday, it was Miss Anderson's neighbors' and friends' turn to pay homage to this Very Special Birthday Girl via an Open House in Cranford lane.

The guest of honor, in a long, silky gown, was a peach rose with a sunflower smile. The champagne flowed, the guests stood shoulder-to-shoulder, and so what if there were a few sprinkles falling in the garden?

Rain is God's way of kissing flowers. How nice of Him to send kisses down on Marie Louise's birthday reception.

Two-Day Rose Show to Open

The Grosse Pointe Rose Show, highlight of the year for the Grosse Pointe Rose Society, opens tomorrow, Friday, June 17, and will run through Saturday, June 18, at the Grosse Pointe Central Library, Kercheval avenue at Fisher road.

Vases, entry tags and assistance in entering blooms will be provided. She's a Talented Lady As Well As an LPN. You all know—since you all read last week's article on the Arts and Crafts Show featuring Cottage Hospital employees—that Betty Bultink is a talented lady, winner of the Best in Show trophy for her charcoal drawing, but she's NOT, as reported last week, a nurse aide. She is a LPN, (Licensed Practical Nurse), and would like the record set straight. Consider it set.

Friday hours are 1 in the afternoon to 5 in the evening. Saturday hours are 9 in the morning to 3:30 in the afternoon. Residents of Grosse Pointe, Harper Woods and St. Clair Shores are invited to bring their blooms to the non-member section. The show is NOT open to members of any Great Lakes District Rose Society other than Grosse Pointe.

The show will be judged by accredited American Rose Society judges. Stems should be at least 12 inches long.
