THE UNITED AUTO Workers, (UAW), executive board shelved indefinitely all possibilities that the union considered in re-affiliating with the AFL-CIO. After more than three hours of deliberation yesterday, the 25-member board voted unanimously not to call a special convention to vote on a merger with the labor federation that they withdrew from nine years ago. UAW President Douglas Fraser said after the meeting, "This, (the vote), rules out any effort toward re-affiliation for the foreseeable future."

THE STATE SUPREME Court yesterday threw out local obscenity ordinances, leaving Michigan without any anti-pornography laws. This legalizes the sale of smut, said lawyers on both sides of the issue. East Detroit assistant city attorney Joseph Mihelich, said, "The court said the state law pre-empted local ordinances, yet that same court effectively threw out the state statute two years ago." The Court threw the law out by a close vote of 4-3.

THE SENATE last night passed a bill to increase the minimum wage from \$2.30 per hour to \$3.40 in four annual steps by 1981. The vote was 63-24. The bill will now go to conference with the House, which passed a bill on September 15 raising the wages in annual stages to \$3.05 an hour in 1980. The senators rejected proposals to permit employers to hire teenagers and the elderly at wages below the minimum. But, the law does exempt small businesses, having less than \$275,000 in gross sales on July 1, 1978, and less than \$325,000 on July 1, 1980.

DEMOCRATIC REP. Bob Carr of Michigan, one of 38 opponents in Congress of the B1 bomber, sent a letter to President Jimmy Carter asking him to clarify his objectives on the development of the B1. In the President's reply, which Rep. Carr released yesterday, Mr. Carter affirmed his opposition to full-scale development of the B1 bomber. Confusion over which weapons system the administration favors stemmed from the Defense Department's willingness to go along with spending \$20 million to study the FBII aircraft, which also is a strategic bomber.

"NEWS DAY," a Long Island, N.Y., newspaper, reported yesterday that more than \$1 million in federal savings deposits—an unusually large amount—was placed in Bert Lance's National Bank of Georgia earlier this year. A treasury department spokesman in Washington said the funds referred to did not belong to the government but were put on deposit at the bank by federal court-appointed bankruptcy referees.

THE SOVIET SPACE mission, Soyuz 25, had to give up attempts to dock with a space station earlier today. The two Russian cosmonauts, both first-time space travelers, maneuvered their craft within 393 feet of the Salyut 6 orbiting space station yesterday before returning to earth. Soyuz 25 was lofted into orbit last Sunday with some fanfare. The flight came just 20 years after the Soviets inaugurated the space age in 1957 with the launch of Sputnik, the first man-made earth satellite.

Center Point Gears for Training

High School, College Age Volunteers Needed for Program Which Begins October 19

The Center Point Crisis Center has been offering services to people in need of help with personal, social and medical problems since 1971.

Currently, Center Point is gearing up for its fall counselor training program, and is in need of high school and college age volunteers.

The counselor training program begins Wednesday, October 19, and will run through Thursday, November 17. Most of the volunteers are students, so classes will be given on weekday evenings.

Skill Building
The training consists of a 20-hour workshop in emphatic listening skills, sessions in values clarification and problem solving methods.

Prospective counselors are required to successfully complete 50 hours of cognitive skill building as well as several weeks of "on the job" training.

Center Point is looking for people with career interests in the fields of guidance counseling, social work or applied psychology. Volunteer work as a para-professional counselor can provide meaningful experience to anyone entering the helping field, the crisis center says.

Interested persons may obtain further information on the training program by calling Center Point at 881-7744. (Continued on Page 6)

Decline in Enrollment Provides Dividends for School Administration

Director of Personnel Kennedy Says System Is Better Off Because of Reduction of Class Sizes, Strengthening of Special Education Programs

By Susan McDonald

A drop in enrollment of 518 students has allowed the public school administration to reduce staff by a dozen teachers while maintaining or improving class sizes this year, according to Director of Personnel Lawrence Kennedy.

The annual fourth Friday count of students shows a 4.8 percent drop in enrollment, to a low of 10,212 students this year. The ratio of professional staff per 1,000 students was improved over last year from 57 to 58.54 professionals.

"We're better off, basically, because we've reduced class sizes and beefed up our special education programs," Mr. Kennedy explained.

Cities Improvement
"We think we've improved at all levels. Classroom sizes should either be equal to or better than last year's," he added.

Elementary classes contain an average of 25.3 students, a slight improvement over last year. The largest improvement was made in the first grade, where there's an average of two less children per class. However, grades three and four and kindergarten show fractional increases over last year.

While some classes are larger in the middle schools, Director of Secondary Education Robert Welch points out that in academic subjects such as math, foreign language, science and English, the trend is toward smaller groups of students. With very few exceptions,

high school sections contain less students this year than last year.

This is the first semester the schools are working under a "ceiling" to class sizes, approved by the Board of Education and teacher's union in the three-year contract signed last year.

Grieve If Necessary
In that contract, the Board agrees to "exert reasonable efforts to effect elementary and secondary class sizes not greater than average class sizes . . . which prevailed during the 1975-76 school year."

The contract also provides for teacher grievances of class sizes. Grosse Pointe Education Ass'n. President Jan Greene said where the union finds violations, they will grieve them.

The general enrollment information the fourth Friday count provides shows the trend of decreasing enrollment continuing. Every school in the district serves fewer students this year.

The entering kindergarten class totals just 463 students and is the smallest in at least 20 years, according to Pupil Personnel Director Reginald Sienkiewicz. In comparison, the graduating class this year will be about 1,010.

North High School's population dropped by 120 students. (Continued on Page 4)

Teacher Files Race Discrimination Complaint after Promotion Denial

By Susan McDonald

The Michigan Civil Rights Commission is investigating a charge of race discrimination filed against Grosse Pointe public schools by a 10-year veteran of the teaching staff.

The charge was filed this June by Barnes Elementary School instructor Carey Morton, one of two blacks employed in the school system.

The Civil Rights Commission is presently investigating the complaint, and according to staff there, will seek to bring about a compromise solution before it considers recommending a formal charge of discrimination through the state attorney general's office.

Wants Redress
School officials say they have been advised by their attorneys not to discuss the case.

Mrs. Morton said she filed the complaint after she was denied a promotion to the job of first assistant in the elementary school this spring.

One of 19 applicants for 10 first assistant positions, Mrs. Morton feels she was denied the job because she is black, and says that her qualifications exceed those of some of the persons who did receive the promotion.

"I really don't want to say anything more than that," Mrs. Morton said. "I've tried to make my feelings known to the administration in the past and I've been ignored."

A Fair Process
Mrs. Morton alleged that she has had a problem with the school administration for several years. But she added that her relationships with parents and children in the community have been "great."

"I have great respect for the parents I've come in contact with, my problem is with the school administration," she said.

Superintendent Dr. William Coats would only say that he believes the process used to screen applicants was a fair one.

The first assistant position involves acting as the lead teacher in the absence of the building principal, providing support service to the principal and aiding in evaluation and counseling of students. (Continued on Page 2)

Self-Service Station Bid Eyed in GPW

Council Scheduled to Consider Request of Marathon Oil Co. on October 17 But Permission Appears Dim after Solons Delate Proposed Law Regulating Such Establishments

By Roger A. Waha

The fate of a self-service gasoline station, as proposed by the Marathon Oil Co. at the corner of Mack avenue and Allard, appears dim as the Woods Council at its regular meeting Monday, October 3, deleted, at the second reading stage, an ordinance providing rules and regulations concerning the construction, alteration, maintenance and operation of such stations.

As for the proposed station itself, the council, which tabled action on the bid at its September 12 meeting, once again tabled further action at its Monday, September 19, session pending the receipt of plans incorporating suggested changes from the solons.

The council is now scheduled to consider this matter on Monday, October 17.

Black Picture
However, with the deletion of the proposed self-service gasoline station law, one official stated that the council, sitting as the Board of Appeals, would probably not grant Marathon's bid for the station, (which would be the first such establishment in The Woods).

At the same time, it should be noted that the deletion action doesn't officially kill the request although the picture still looks bleak for Marathon.

In the course of discussions with Ray Sheldon, of Marathon, the council expressed some concern over a variety of areas including safety factors, potential effects in relation to traffic flow and/or congestion, hours of operation, (e.g., a 24-hour operation was one concern), possible noise, lighting and aesthetic factors, plus the need of some council members for more complete plans.

The Planning Commission at its July 26 meeting recommended approval of the self-service station providing four changes be made to the plans. (Continued on Page 6)

Club Slates Seniors' Night

A senior citizens' activities night, co-sponsored by the Neighborhood Club and the Department of Community Services, has been scheduled for Saturday, October 22, at Brownell Middle School, 260 Chalfonte avenue.

Those participating should use the entrance from the rear of the parking lot.

The evening will begin with a light lunch at 6:30 p.m. Activities will include square and ballroom dancing, swimming and cards. The price is \$3 per person and \$5 per couple for the meal and activities.

Reservations are required by calling 885-3808 or 885-0271 before Tuesday, October 18.

Industrial Arts Facility At South Focus of Study

By Susan McDonald

The school administration began this month to address the task of improving the industrial arts facility at South High School with letters of inquiry to 10 local architectural firms.

The school system plans to undertake a major study of the building for use in considering a remodeling or new construction project. This year's budget contains a \$15,000 allocation for the study.

Teachers, students and parents have long complained about the inadequate facility at South, which houses the auto, metal and wood shops. About 600 students use the building each year.

GPW Eyes Brys Drive Problems

City Takes Steps to Alleviate Citizens' Concerns over Traffic, Alleged Lack of Enforcement

By Roger A. Waha

In an effort to solve the problems plaguing citizens who live in an area encompassing Brys drive and Old Eight Mile road, The Woods is moving on several fronts toward alleviating resident concerns over heavy vehicular traffic on their streets (including commercial), and ensuing safety factors, accompanying noise and pollution, along with an earlier complaint over an alleged lack of police enforcement.

An estimated 70 citizens appeared before the council on September 12 demanding action, while around 30 residents attended the Monday, October 3, session to find out what is being done or what will be done.

(This situation as indicated by the citizens has been consistent for some time as in December 1975 a similar group addressed the council.)

Points of Action

A review of action already taken after the meeting of the 12th, along with future plans, was given by City Administrator Chester E. Petersen. The latter included setting the target date of November 21 toward studying all necessary information obtained, plus the possible consideration of further avenues of action.

Two days after the meeting of the 12th, Mr. Petersen issued a memo to the public safety department directing that immediate action be taken on the following:

"Arrange a meeting with various representatives of The Woods and the Cities of Harper Woods and St. Clair Shores to review the problems of these two streets and to report any recommendations. (Continued on Page 4)

GP Youths Accused In Incident

Shores and Woods Boys Scheduled to Stand Trial in U.S. Court, Eastern District of Michigan

A Friday, September 30, kidnapping of a Harper Woods youth by two Pointe teenagers, moved from Michigan's jurisdiction to that of the federal government when the kidnappers forced their victim to drive them over the Michigan-Ohio state line.

Harper Woods Police Chief Nicholas Mayer said that a warrant was issued for the arrest of Allen Eugenio Beno, 18, of The Shores, and Steven Paul Brissan, 17, of The Woods, charging them with kidnapping under a Michigan statute.

However, Chief Mayer said, when Beno and Brissan forced their victim, Jeffery G. Niedermaier, 17, of Harper Woods, to cross into Ohio, the matter came under federal jurisdiction.

State Hearing

The pair, accused of abducting Niedermaier as he was driving home from his job at an Eastland Center restaurant, were arrested in a home near Pompano Beach on Wednesday, October 5, by FBI agents of the Miami, Fla., office, according to information released by a Detroit FBI spokesman, who asked that his name be withheld.

The spokesman said that Beno and Brissan were taken before U.S. Magistrate Peter Palermo in Miami, who set a bond of \$15,000 each, and ordered the two held in the Dade County Jail.

"To the best of my knowledge," he said, "they are still being held because they could not make the bond. It will be several weeks before they are returned here by U.S. marshals to stand trial in United States Court of the Eastern District of Michigan. Their preliminary hearing will be held in Miami sometime this week."

The FBI spokesman said the trial will be held in Michigan because that is where the accused teenagers are charged in the federal warrants to have committed the crime.

Able to Tell

FBI agents said the kidnapping episode began on September 30 when Beno and Brissan, who were unknown at the time, allegedly forced their way into Niedermaier's car when he stopped for a red traffic signal light at Vernier and Harper, Harper Woods.

A co-worker of Niedermaier saw the incident and followed behind the victim. (Continued on Page 2)

John Hammel Set to Retire

One of the school system's most popular principals, John Hammel, announced Monday, October 10, that he will retire from his position at Monteith Elementary School on December 31.

Mr. Hammel, of Hunt Club drive, joined the system 37 years ago as a teacher intern at Mason School.

The Board of Education accepted the early retirement with regret and lauded Mr. Hammel for his "many important contributions to education, locally and nationally."

The announcement was made at the Board's regular meeting on Monday.

Mr. Hammel is extremely popular with parents and students in the system because of the individual attention he gave, and the sensitivity he showed, to all of his students' needs.

In addition to Monteith, he served as principal of Maire, Poupard and Vernier Schools.

He is a native of Buffalo, N. Y., and received his undergraduate degree from Buffalo State University and his Master's degree from Wayne State University.

Proposals Eyed In GP Woods

Proposals for the winterizing and cleaning of the Lake Front Park pools, the purchase of office furniture for the public works department and for a proposed traffic study of Vernier road were considered by the Woods Council at its regular meeting Monday, October 3.

On the pool work, the council, based upon the recommendation of Parks and Recreation Director Donald J. Hallmann, accepted the low quote of the B and B Pool Service and Supply Co. in the amount of \$4,850.

For the office furniture, the solons, based upon the recommendation of City Administrator Chester E. Petersen, accepted the quotation of Buckland Van Wald, Inc., in the amount of \$1,634.05 for a variety of desks, chairs and other items, plus the quotation of the Lewis Office Furniture Co. in the amount of \$955 for five legal file cabinets.

The grand total of \$2,589.05 will be paid from the municipal improvement fund.

Meanwhile, the council denied the bid of Reid, Cool and Michalski, Inc., for a traffic study at the intersection of Vernier road and the North High School drive inasmuch as the city has already engaged the services of planning consultant Brandon Rogers, who will include this item in his traffic study segment of his report to the city.

The overall fee quoted by Reid, Cool and Michalski for its proposal for \$3,900.

Kidnapping Case

(Continued from Page 1)
and his alleged abductors to a gas station in Hazel Park. Niedermaier was able to yell to his friend to call police before he was forced to drive south on I-75. The friend notified Hazel Park authorities, who in turn relayed the information to Harper Woods police.

Detroit police, Wayne County authorities and state police in Michigan, Ohio and Kentucky were alerted to be on the lookout for Niedermaier's car.

About six hours later, in Glendale, O., approximately 30 miles from Cincinnati, O., Niedermaier was able to talk his captors into leaving his car and let him go free.

Niedermaier said that he had never seen his abductors before his kidnapping.

Wasn't Harmed
"I was surprised and scared when they forced their way into my car," he said, "but they did not harm me, just ordered me to continue driving. They did not have any weapons. They did make several verbal threats while we were on I-75, but never carried them out."

"But, I sure was scared. It was a trying experience and I am happy it all ended the way it did, to say the least. I drove all the way back home in my own car."

An FBI official said that the kidnapping incident was not released until Tuesday, October 4, because if it was publicized, it might make apprehension of suspects Benoit and Brissson more difficult.

FBI agents, who arrested the pair, said that the two were not armed and surrendered without a struggle. It was said that Benoit and Brissson went to Florida to look for jobs, but it was not known how they got there after leaving their victim in Ohio.

Woods Det. Lt. Jack Patterson said there is nothing that can be released regarding Benoit and Brissson, other than that the pair have no court convictions as adults. Both reportedly have extensive juvenile records, according to the Youth Service Division office.

Conviction on federal kidnapping charges can mean up to life in prison.

Chief Mayer said since the FBI now has jurisdiction in the matter, it will not be necessary for his department to seek extradition, through a Michigan court, to bring Benoit and Brissson back to the state.

The Detroit FBI spokesman said that agents of the Federal Bureau of Investigation are not charged with the duty of bringing Benoit and Brissson back to stand trial in Michigan.

This is the job of the U.S. Marshal's Office, whose officers can bring the pair back without the formalities of extradition proceedings because the two are accused of a federal crime.

While some trustees expressed concern about a potential conflict of interest should the firm become involved in bidding on the project, Mr. Fleming said he saw no problem with the situation.

In fact, Mr. Fleming said he specifically requested his firm be invited to participate in the project.

"I don't see any reason that Smith, Hinchman should be automatically dropped from consideration for school projects just because I am on the Board," he said.

Mr. Fleming noted he would refrain from voting or discussing the project with the Board until an architect is selected.

He added the firm may not even be in a position to do the project at this time.

Other firms invited to participate were Ellis-Naeyaert-Genheimer Assoc., Inc.; Jason Christensen Associate Architects; Albert Kahn Assoc., Inc.; William Kessler and Assoc., Inc.; Kissinger-Holzhauser, Inc.; Siegal-Tuomaala Assoc.; Wakely-Kushner Assoc. Vasse Named To Cottage Post

Gregory J. Vasse, who spent last summer as an administrative resident at Cottage Hospital of Grosse Pointe, has returned to take a position as assistant administrator, according to Cottage Administrator Ralph L. Wilgarde.

He becomes the second assistant to Mr. Wilgarde and fills the vacancy created when Peter C. Seidel resigned in September to accept a position in southern California. The senior assistant administrator is William B. Rudasill, who came to Cottage Hospital from Washington, D.C., in 1969.

Mr. Vasse was graduated this past May with a Master's degree from the Cornell University Graduate School of Business and Public Administration, Ithaca, N.Y. He also was awarded a certificate from the Sloan Program in Hospital and Health Services Administration.

He took his undergraduate work also at Cornell and was active in Kappa Alpha fraternity and intramural athletics. After receiving his BA degree in 1969, with a major in anatomy and physiology, he spent five years in the U.S. Navy, serving in the hospital corps.

Five Candidates Share Views with GPW Seniors

By Roger A. Waha

Woods senior citizens welcomed five of eight candidates in the November 8 election at their meeting Thursday afternoon, October 6, in the North High School cafeteria.

Irene Sutton, chairman of the Senior Citizens Commission, said all the candidates were contacted for the forum which gave seniors an opportunity to meet the contenders and learn more about their background and qualifications for office.

Those in attendance included incumbent Mayor Benjamin W. Pinkos and challenger William Wilson, who are vying for a two-year term, Robert E. Novitke and Arthur J. Kuehnel, who will face each other for a two-year council term, and incumbent Councilman John Sabol, who is seeking a four-year term.

Mr. Sabol is one of four candidates eying three vacancies on the council for four years. Incumbent E. D. Grady and challengers Thomas Fahrner and David McQueen were not in attendance. Mr. Grady sent a note, read to the seniors, saying he was out of town, while Mr. Fahrner's office reported he was on vacation last week. Mr. McQueen also was out of town at the time the forum was held.

Each candidate gave a brief background of himself with several answering questions posed by the seniors.

Mr. Pinkos, who has been involved in city government for over 20 years as a planning commissioner, councilman and as mayor, felt there has never been better leadership in the community as there is now.

Stressing citizen participation, through the development of such groups as the Senior Citizens, Citizens Recreation and Beautification Commissions, the mayor said his post takes a great deal of time, time which he has to give as his three sons also work him in his business, (American Metal Processing Co.).

Mr. Wilson, who has lived in The Woods for 37 years, works in quality control management at Standard Forge.

In viewing senior citizens housing, Mr. Wilson cited a need for a complex, if not a large one because of a lack of vacant property in the city, at least one on a "mini-peninsula."

Noting the area of Vernier and Morningside contains the most vacant property in the community, he felt an ex-

ploration of potential locations for seniors' housing and costs involved should take place.

Saying he was disturbed over certain areas of blight in the city, citing as examples a condemned home in the Vernier-Morningside area and a boarded up residence in Brys drive because of a fire, ("which looks like a HUD home in Detroit"), Mr. Wilson said a stricter enforcement of zoning regulations was needed.

In response, Mr. Pinkos stated there was no blight in the city but agreed with his opponent on the need for a home maintenance standards ordinance which is currently being considered by officials.

"The Woods is cleaner and more beautiful than ever before," emphasized Mr. Pinkos. Meanwhile, Mr. Novitke, an attorney who has lived in The Woods for some six years, said, while he wasn't as familiar with the issues as some of the other candidates, he wants to learn more about them and keep all lines of communication open.

Stressing the need to maintain the home rule concept of government, Mr. Novitke, in viewing senior citizens, felt they were not getting the full voice to which they are entitled at all levels of government. He also said he is a firm believer in fiscal management.

For his part, Mr. Kuehnel, who has lived in The Woods for 20 years, said he was all for the seniors.

Prior to his current term on the council, Mr. Sabol, who works for the Chrysler Corp. in the area of cost planning, was a member of the Planning Commission.

Alluding to his employment, he stressed the need of keeping costs down and not raising taxes. Mr. Sabol also felt he played an important role in reducing costs during the council's discussions toward setting up the city's fiscal year budgets.

In his letter of regret to the seniors, Mr. Grady said he appreciated his invitation to the recently held Senior Citizens Day at the Lake Front Park, while indicating he would be happy to meet with the seniors at any time.

Our high-interest certificate savings accounts help you earn extra money by waiting.

Pretend it's six years from now.

You go to your desk drawer and look at the six-year certificate savings account you opened back in 1977. Remember the \$1,000 you took to First Federal Savings of Detroit? Well, now it's \$1,584.00. And all you had to do to get that additional \$584.00 was wait.

Of course, if you'd rather pretend it's four years from now, or two and a half, or even just one, we can show you plans that still will turn your money into more than you might have thought possible.

And remember, too, that you can have certificate savings accounts in addition to your regular savings account (which earns 5 1/4% per year daily interest, paid and compounded quarterly). In fact, that's how many people get the money to open a certificate savings account. They save for it.

What's more, at First Federal, certificate savings accounts can entitle you to a number of special services, many not available anywhere else. We think you should know about these things because we know that money is important for you.

So don't wait to find out.

We know what money is for.

Brys Drive Problems Viewed

(Continued from Page 1)

As a result, Mr. Petersen suggested the city shoot for the November 21 date for a full report.

Last week, traffic counters were placed at six locations in The Woods, and Mr. Petersen has requested that daily reports of violations issued in the immediate area be given to him.

On an information sheet for all officers, Traffic Safety Officer Paul Crook said AAA counters have been placed on East Eight Mile east of Harper, and west and east of Canton, on Canton between East Eight Mile and Roslyn road, on Brys between East Eight Mile and Harper and on Roslyn between East Eight Mile and Canton.

At the same time, Mr. Petersen said the city also will put out its own counters in areas of need.

Saying he personally met to discuss the situation with Mr. Rogers and Officer Crook last week, Mr. Petersen also stated the city has obtained an aerial photo of the location, (including the three cities), so Mr. Rogers can have a visual idea of the area.

Need All Input

"We're sorry it takes this long to do this," said Mr. Petersen in acknowledging citizens' requests for quick action, "but there is no other way. We need all the data and input first."

And, not without a touch of irony on the enforcement front, he added that an area citizen was even issued a ticket for allegedly running a stop sign last week.

At the meeting, Mayor Benjamin W. Pinkos also al-

luded to the concerns for swift action. "We will try to do everything we can. Maybe it's not as quick as we would like or as the residents would like," he said.

Noting that Brys drive, a residential street, was never meant to carry the volume of traffic coming from Eight Mile, a citizen stated the council has the power to give Brys some relief.

Possible solutions might be, the mayor said, to have a one-way or a dead-end street.

"But we have to determine if this is the proper thing to do pending the results of the studies and recommendations. Traffic counts could indicate what our future action will be," emphasized Mr. Pinkos.

"The council cannot take any action until we have the proper information before us."

And if all goes well, that could be on November 21.

Enrollment

(Continued from Page 1)

dents this year to 2,062. South's enrollment of 2,300 represents only a 31 student drop since last year.

That enrollment trend was subject of discussion at a recent Board meeting where trustees expressed some concern about the fact that while the older facility, (South), is still overcrowded, North may be under-utilized.

The possibility of altering the boundaries between the two high schools or alternate plans to shift enrollment to North were discussed by the trustees, but no agreement was reached on a program.

Mr. Sienkiewicz said a census taken last May showed there may be a possibility enrollment will increase in elementary levels in the next few years. The census showed a 13.7 percent jump in the number of children in The Pointe under one-year-old.

Another census will be conducted May 1978, Mr. Sienkiewicz said, and will confirm or deny the trend.

GPF Improves Kerby Field

Farms Councilman Joseph Fromm recommended to the council at its meeting on Monday, October 3, that it approve a 42 percent increase in the cost involved in improving the baseball diamonds on Kerby Field.

The improvements being made include new dugouts and an extension of the fences on each sideline from the dugouts toward the outfield.

The Babe Ruth League is handling the work with monies granted by the council in the 1977 budget.

The additional cost recommended by Mr. Fromm is for making the dugouts larger and extending the fence. Approximately \$500 more is needed for the dugouts and \$375 for the fence extension.

This increases the original cost of \$2,000 by 42 percent.

"The league is willing to finance both items until the 1978 budget, but would like approval to proceed at this time," noted Mr. Fromm in a memo to the council.

The council could not allocate monies from the 1978 budget when, at this time, the budget is not yet set up. But the solons did agree with Mr. Fromm's recommendation.

City Manager Andrew Bremer was asked "to attempt to put the request of the \$875 into next year's budget."

People who worry about the past are only placing a chattel mortgage on their future.

Former President Dedicates Center

Former President GERALD FORD, (center), dedicated the Benson Ford Education and Research Center at Henry Ford Hospital Friday, October 7. To the president's left is BENSON FORD, of The Shores, hospital board chairman, while to the right is CARLTON HIGBIE, of The Farms, the hospital's board president.

By Wendy K. Settle

"Dedication of the Education and Research Center in Benson Ford's name is a fitting tribute to his long term involvement in bettering health care services for the people of Detroit," the event program said.

The seven-story addition to the hospital is constructed of limestone and glass. Construction of the building started in 1974 and was completed this August.

The facilities in the center increase the hospital's medical research capacity by 150 percent.

Benson Ford is the grandson of Henry Ford, who founded the hospital in 1915. He is the president of Ford Motor Co. and chairman of the company's dealer policy board. Mr. Ford has been a member of Henry Ford Hospital's board of trustees for more than 30 years. He was president for 20 of those years and has been chairman since 1974.

President Ford jokingly referred to the number of "Fords" at the dedication. "I'm sorry to say we are not related. But, if we were, I'd be very happy to say at least one side of the family was a success," he said.

Over 1,200 people attended the ceremony, held under cool but sunny skies. After the official dedication, media representatives along with the former President were taken on a tour of the new building.

During President Ford's visit to the center he met with three patients of the scoliosis clinic, Ruth Ann Poole and Diana and Aaron Scott. Scoliosis is a spinal

curve disorder. Major research in scoliosis is being done at the Benson Ford Center.

Henry Ford Hospital is a private, non-profit 1,050-bed hospital, a research center and a teaching institution affiliated with the University of Michigan, Gerald Ford's alma mater.

Others attending the dedication ceremony included John Cardinal Dearden, Archbishop of Detroit; Mr. and Mrs. Walter B. Ford, hospital board member; Henry Ford II, chairman of the board of Ford Motor Co.; Mr. and Mrs. Paul Alandt; Mrs. William Clay Ford; Richard Simmons, deputy mayor of Detroit; and Benson Ford Jr.

GPF Citizens Request Wall

The Farms Council at its regular meeting on Monday, October 3, discussed the possibilities of closing off the alley, which runs behind the commercial businesses in Mack avenue and adjoins Belanger avenue, by building a brick wall along the opening.

The idea was presented to the council by Belanger avenue resident Michael Proffitt, who started the wheels rolling earlier when he submitted a petition signed by 36 citizens who are in favor of building the wall.

"People come out of those bars and use our street, (Belanger), as a main thorough-

Parking Restrictions Sought by GPW Citizens

By Roger A. Waha

The restriction of parking on the north side of Hawthorne road between Mack avenue and Goethe avenue will apparently become a reality, pending further investigation by the public safety department, based upon the request of citizens to the Woods Council.

A petition citing the residents' concerns over safety factors due to congestion and daily and Sunday all-day parking by patrons of commercial interests was viewed by the council at its regular meeting Monday, October 3. The citizens requested the installation of no parking signs from 9 a.m. to 6 p.m. except Sundays to alleviate the situation.

These included that the top of the building and the canopy top be constructed with a mansard-type roof with aluminum shingles with an angle and that landscaping be added along the station's property edging both Mack and Allard.

Mr. Sheldon told the council on the 19th that this type of station has been tested by the State Fire Marshal's office for several years and that it is not a new idea. The state fire marshal's division has issued regulations governing this type of station,

Found Guilty In Party Case

Timothy R. Brouillard, 18, was found guilty in the City Municipal Court Wednesday, September 28, of resisting arrest in a case stemming from an out-of-control graduation party held last May in Neff road.

Brouillard, of Bedford road, will be sentenced on November 23 by City Municipal Judge Stan Kazul. He faces a maximum of 90 days in jail and \$100 fine.

City Sgt. Duncan MacEachern suffered a severely injured hand, that left him out of work for three months, when he struggled to restrain Brouillard last May 21, police said. Sgt. MacEachern was injured when he tried to fend off a blow from Brouillard, according to the police report.

The sergeant has had three operations on a splintered bone in his hand since the incident and expects to schedule another one soon.

He was one of three City officers who were called to break up a party of about 200 persons, many of whom had moved out into the street at about 12:30 a.m. on the 21st.

Three youths were arrested at the scene when they refused to clean up beer bottles and debris left on neighbors' lawns, according to police.

Charges against two of the youths were eventually dropped. Brouillard was initially charged with assault as well, but that charge also was dismissed.

Schools to Test Four-Year-Olds

The public schools will conduct a free, voluntary pre-school screening clinic, beginning Monday, October 18, through Friday, November 11, at the administration building, 389 St. Clair avenue.

The tests are offered to all children in the district who will be four-years-old on or before December 1, 1977. The tests will assess the children's development in the areas of speech, language, vision, motor coordination, hearing, reasoning, perception and general intellectual maturity.

On the basis of the tests, the schools' pupil personnel department may recommend one of several special programs for children to prepare them for entering school next fall.

For students in need of remedial assistance, the schools offer a pre-school education program, pre-school speech and language program and developmental kindergarten classes.

The tests will be conducted by psychologists and speech correctionists, assisted by volunteers from the Delta Gamma Sorority Alumnae, who will perform a state-approved vision examination.

The schools have sent out notices of the clinic to parents of four-year-olds identified in last May's census. Parents of four-year-olds who moved into the system since May should contact the schools at 885-2000, extension 25, to make an appointment.

KELLY ELECTED

Girl Scouts Hold Workshop

Girl Scout Neighborhood 115, which services scouting at Mair, Richard and St. Clare Schools, hosted an outdoor workshop Wednesday, October 5, from 12:30 to 3 p.m. at the home of Mrs. Donald Unger, of Harvard road.

A flyer announcing the workshop was designed by Mrs. Leslie Sanders, junior leader.

Upon arrival, after registering with Mrs. George Maghielse, troop consultant, the leaders visited a craft display manned by Mrs. Ronald Lucas, chairman of the Leader Resource Center at Brownell School.

They then proceeded to the Religious Award table where information was given by Mrs. Fred Lewis, former Girl Scouts of Metropolitan Detroit board member, and Mrs. V. Nickoloff, former Neighborhood 111 chairman.

Mrs. Robert Carion, troop organizer, was on hand to help each person cook their Angel's Halo.

Seventy-eight adult Girl Scouts, from the Grosse Pointe and Harper Woods area, rotated through several interest groups.

These included International Friendship, led by Mrs. Unger, First Aid, led by Mrs. Donald Gilbert, former Girl Scouts Metropolitan Detroit board member and

Games and Songs, led by Mrs. Michael Raymond, a junior and cadette leader.

Outdoor Skills, which included knife handling, was given by Mrs. Robert Brackett, troop consultant; Knots by Mrs. Edward English, neighborhood 116 chairman, and Girl Scout Techniques for preparing, lighting and maintaining a chimney stove charcoal fire by Donald Unger, associate member.

Mrs. Terry Edwards, neighborhood 113 chairman, photographed the workshop activities.

Thirty-three new leaders from the Grosse Pointe and Harper Woods area were honored by receiving the World Pin, which is symbolic of the World Ass'n. of Girl Guides and Girl Scouts.

The pins were presented by the six neighborhood chairmen and Mrs. Thomas Rochford, chairman for the Grosse Pointe and Harper Woods Scouting area.

There are 2,300 girls and adults involved in scouting in the Grosse Pointe and Harper Woods area. Girls number 1,800 and adults number 500 as of last month.

The Girl Scouts are active in all public, private and parochial schools, including the Children's Home of Detroit.

Life seems flat only to those people who expect it to be a continual round of pleasure.

Police Handle Battling Driver

Joseph James Boitos, 18, of 22824 Newberry, St. Clair Shores, who fought to keep Shores public safety officers and a Farms police officer from handcuffing him, fought them again at The Shores station to prevent having the cuffs removed, according to an official report.

Boitos was charged with driving while under the influence of liquor and was scheduled for a court hearing yesterday, October 12.

Shores PSO Gary Mitchell was on routine patrol shortly after midnight on Friday, October 7, when he observed a car traveling south on Lakeshore road containing three persons, Boitos and two male passengers. The officer, using the new moving radar, clocked Boitos' speed at 55 mph. Lakeshore is zoned for 35 mph speed.

The officer activated his scout car flasher, gave chase and observed Boitos moving from one lane to another passing other traffic without attempting to slow down. PSO Mitchell then activated his siren, but Boitos continued his speed and changing of lanes, and the officer broadcast that he was in pursuit.

As the chase neared Provençal road, Boitos slowed and then stopped in front of 383 Lakeshore. The Shores officer ordered the two passengers to exit their vehicle and to place their hands on the roof of the auto. The order was complied with, but Boitos jumped out of the car with his fists clenched and refused to place his hands on top of the vehicle.

At this point Farms Cpl. Otto Glanert arrived at the scene to assist and requested the man to comply with the order, which was refused. The driver stood on the spot with eyes defiantly glaring and his fists raised, police said. The corporal swung the man around and onto the trunk lid of the stopped car and searched him for possible weapons.

Boitos resisted and Cpl. Glanert, with the aid of PSO Mitchell, put his handcuffs on the arrested man and placed him in his scout car. Shores PSOs Daniel Healy

and Michael Kortas then arrived. The driver and his passengers were taken to The Shores station, where the passengers were released without charge after presenting their identification.

Boitos, who was still held, became combative and wanted to fight all the policemen present. His offer to do battle was ignored. The officers said that the man appeared to be intoxicated.

When one of the officers sought to remove the handcuffs, Boitos struggled to prevent him, and it took four policemen to hold the man before the cuffs could be removed and he was placed in a cell. He was not harmed in the struggle.

When informed of his rights to a breathalyzer test and that he could have his operator's license suspended if he refused, Boitos agreed to take the test. Shores Cpl. Daniel Fronczak, who is certified to administer such tests, was called from his home at 1:30 a.m.

When the corporal arrived and the accused man was taken from the cell, the man again became belligerent and offered to fight PSO Mitchell and Cpl. Fronczak, taking a swing at the latter but missing, according to the report.

The result was the Boitos was returned to the cell and held until a relative arrived to post a bond of \$150.

GP Woods Man Dies from Burns

A 24-year-old Woods man who set himself on fire last week died from his burns on Tuesday, October 4, at Detroit General Hospital.

After discussion with neighbors and witnesses to the incident, St. Clair Shores police concluded that the man, Peter Reberry, of Hampton road, had apparently committed suicide.

Police said Reberry met his girlfriend at a bus stop on Monday, October 3, but after talking with her for a few minutes she turned and walked away from his car to her home down the street.

Reberry apparently started up his car, doused himself with gasoline and, as he passed the girl on the sidewalk, lit a match, police said. All the car doors were locked, and the explosion blew the auto windshield out.

Neighbors on St. Joan street rushed to the scene and used a garden hose to douse the flames. Police said they found a half can of gasoline in the car.

Home Buyers Deserve Expert Help...

...they can count on Detroit & Northern

Because we specialize in home financing, you get the best help available when you talk to one of our home loan specialists. He'll tell you about our many loan plans and options and how to determine how costly a home you can afford. At D&N there is a loan plan right for every budget. We have the popular conventional loan, as well as FHA and VA loans for those who qualify. Our home loan rates are competitive, but beyond that, the home buyer can expect much more at D&N.

Several Options...
We've been lending money to home buyers since 1889, and our experience shows in the service we render our customers. For example, at D&N we have several term options to help meet each borrower's particular needs. The term of the loan, along with the down payment amount and interest rate determine your monthly payment. Depending on the age and condition of the home, a term of up to 30 years may be selected. Ask a D&N home loan specialist to explain how your monthly payment is affected by the term you choose.

For your security, D&N offers mortgage life insurance. This protection provides for the full payment of your loan in the event of death. Disability insurance is available, too, providing for the payment of your monthly loan if the family breadwinner should become disabled.

Loan Payment Convenience...
In addition to security, D&N offers some real conveniences, too. To make your monthly payment as easy as possible, we have a plan called "Transmatic." With this plan, your mortgage payment is automatically deducted from your checking account and transferred to D&N on a set date each month. Using the "Transmatic" plan, you needn't worry about forgetting to make a payment when you are on vacation or out of town. A special trip and writing an additional check each month are eliminated when you choose "Transmatic."

Handling Details...
Many of the details involved in closing the deal will be handled by Detroit & Northern. We will arrange for an appraisal of the property, which will assist in determining the amount of the loan. If a survey is required, D&N will arrange for it. In addition, we can arrange for title insurance. D&N will perform the routine credit checks and handle the recording of your purchase. At the "closing," Detroit & Northern will assemble the various mortgage and legal documents and review them with you.

Continuing Service...
After receiving your Detroit & Northern home loan, you will enjoy the continuing services we provide homeowners. D&N will handle the payment of your property taxes, hazard insurance, mortgage life and disability insurance. For your records at the end of each year we will send you an analysis of your escrow account and a statement outlining each financial transaction.

AT DETROIT & NORTHERN YOU ARE CONSIDERED A FRIEND AND NEIGHBOR. WE VALUE YOUR BUSINESS. BEFORE BUYING A HOME, SEE A DETROIT & NORTHERN HOME LOAN EXPERT. HE'S A PROFESSIONAL.

East Coast Tennis Pro Joins G.P. Indoor Tennis Club

The Grosse Pointe Indoor Tennis Club begins its seventh season at 4849 Canyon Avenue with Jeff Sturman joining Anita Sohaski at the teaching duties. Mr. Sturman comes from Woodbury, Connecticut and will be introducing new programs as well as new teaching methods to the tennis elite. "We hope to create more Club activity for all levels of play and introduce the "inside-out" teaching method of stroke technique. Playing Pros such as Guillermo Vilas, Vitas Gerulaitis, and Wimbledon's Junior Wonder, John McEnroe use it with great success. The teaching method is very effective for beginners because of its simplicity while advanced players find it fast and efficient," says Sturman.

Jeff played Junior tennis in the Waterbury area of Connecticut and played for the University of Denver in College. He was Mattatuck Community College State Champ in singles and doubles and has appeared on television in Connecticut as WTNH T.V.'s Tennis Consultant on instruction.

Sturman Co-Heads the tennis program with Anita Sohaski, long time Pro with the Grosse Pointe Indoor Tennis Club.

Some Grosse Pointers may remember Jeff's father, Dr. Robert H. Sturman from his high school basketball days at Grosse Pointe South. Dr. Sturman and his wife, Gloria live in Woodbury and he practices neuro-surgery in Waterbury, Connecticut.

That old adage might have made sense fifty years ago, but times have changed. A lot.

Think what it would be like to buy a house without a mortgage loan. A car without an auto loan. Picture yourself at some far away vacation spot without one single charge card. Or, for that matter, on a shopping trip around town. It's pretty hard to do.

Simpler is better.

Stop in at your nearest NBD office and we'll show you how credit can make your daily life a lot simpler.

We'll tell you about NBD's "social security cards," Master Charge and VISA. They're the two most widely accepted travel and entertainment cards in the world. And they may be the only charge

An idea whose time has gone.

cards you'll ever need.

You'll learn about Checkmate and Instalene, simple interest loans you can actually approve yourself.

NBD Checkmate is a line of credit that lets you write checks for more than your checking balance. So when a sale comes along you'll never have to be caught short.

Once you have Instalene, you can write yourself a loan. Just fill in the amount on your Instalene request form, hand it to any National Bank of Detroit teller and you've got the money you need. Instantly.

As we said, both are simple interest loans, so you can reduce interest charges by paying ahead of schedule. Or, take advantage of minimum monthly payments.

Give yourself credit.

At NBD we know what credit can do for you. We know it can help you get more enjoyment from today. And help you prepare for a more secure tomorrow.

South High Girls Swim to Victory

The South High School girls swim team, highly acclaimed throughout the state, set two new pool records in downing the Shamrocks of East Detroit in a dual swim meet Thursday, October 6. Their record now stands at 1-0 in the Eastern Michigan

League, (EML), and 2-0 overall. South was led by Megan Montagne, Sara Brieden, Kathi Erley, Kiti Hubbard, Tricia Richardson and Debbie King. Each had two victories. Pool records were established by Megan in the 60-yard freestyle with a time of 30.5 seconds and by the 400-yard freestyle relay team, made up of Megan, Sara, Kathi and Debbie, at 3:48.5. By placing one-two in nine

of 11 events, South totaled 70 points to East Detroit's 13. Much credit should be given to the remainder of South swimmers who contributed to the team's depth. The next meet will be against Sterling Heights Stevenson at home Thursday, October 17. South is favored to win the EML championship again this year, an award they have coveted for the last three years.

This year's team promises great success with a team which lost no seniors from last year and placed fifth in the state championships held at Mount Pleasant.

Paul Faces Stiff Aciton

Paul Van Walleghem, son of Mr. and Mrs. George Van Walleghem, of Coventry road, and a member of the University Liggett School tennis team, will be playing in the Realty World Classic at Macomb Community College on Saturday and Sunday, October 15 and 16.

Paul will be competing against four of the nation's top tennis players, John McEroe, Van Witsky, Elliott Teltcher and John Austin. He was selected to play through qualifying rounds which started last month.

Nets Big Score in South Victory

South halfback JOHN HARTMAN, (left), starts his 45-yard run to score the Blue Devils' only touchdown in a 7-6 win over Mount Clemens. The blocking was the secret of the play, leaving Hartman wide open. He dashed down the field untouched, pursued by only one Mount Clemens player seven yards behind him.

Homecoming Week Capped with Win

By John Rothenberg
The South High School varsity football team pulled off a last minute victory on Saturday, October 8, by nipping Mount Clemens, 7-6, after a big homecoming week. The Blue Devils walked into the game with an impressive 4-0 mark for the season.

For two weeks they have been ranked number one in the Metropolitan Area of Detroit, and number 10 in the state, (Class A division). Mount Clemens also has an impressive team. Head coach Dick Chapman has trained the Bathers into a Class A squad. The Homecoming game was a sellout. The weather held out, but the question was, would the Devils remain unbeaten?

it away. South bobbled the ball and wound up on their own 13-yard line. After a few quick plays by the quarterback to halfback John Hartman, they had a first down, but bad luck came to the Devils and a fumble occurred. The alert defense of Mount Clemens recovered on the South 13-yard line.

The Devils held up and the Bathers could not score. An incomplete pass and tight defense stopped them. South got the ball again, and their progress again was stopped via an interception by Mount Clemens.

The second quarter came and the war rattled on. Mount Clemens looked like they would score, it was fourth down and two yards

to go. George Tyler, a halfback for Mount Clemens, pushed ahead to give them a first down. The Devils defense did hold up, and in the process, recovered a Mount Clemens fumble. Offense and defense for both teams were excellent. George Tyler, halfback for the Bathers, continually hit the Blue Devils with three- and four-yard gains. Hartman and Jim Kovanda were responsible for the excellent defense on the part of the Blue Devils. Mount Clemens looked tough at the end of the half. Quarterback Steve Stark completed one pass for 15 yards, and George Tyler perfected an end around sweep for 12 yards.

(Continued on Page 11)

With a fired up offense, the Devils looked as though they could score. But the superb defense of the Bathers stopped them and the Devils had to punt it away. After a few series of downs by each team, and no progress, the Bathers also kicked

In most wine regions of the world, the grape harvest takes place at the same time, in late September or early October. The exceptions are in wine growing regions of the southern hemisphere, Chile, Australia, and South Africa, when the vintage takes place in March. Then the process is the same all over the world. The grapes are pressed and left to ferment into wine. The fermentation process usually stops itself at 14% alcohol. By law, 14% is the legal upper limit for table wines, but most wines we drink actually contain 11 to 13% alcohol.

Enjoy wine on your table frequently; stop by PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626 and choose from our fine selection of imported and domestic wines. We also carry a full stock of imported and domestic champagnes and beers as well as a complete selection of distilled spirits. Free delivery service. Hours: 10-10 Mon-Thurs; 10-11 Fri, Sat.

North Remains County Champs

By Karen Nickoloff

This past week brought additional victories to the North High School cross country team.

On Tuesday, October 4, the Harriers competed in a tri-school meet. In the varsity race, North's runners finished in the top five places for a total of 15 points. Sterling Heights was second with 52 points and Warren Cousino was third with 68 points.

Jim Schmidt led the way with a time of 15:14, a new course record. Ed Hammer was second at 15:20; Steve Brandt, third, at 15:22; Dave Denis, fourth, at 15:45; Wright Wilson, fifth, at 15:47; Dave Hofmann, seventh, at 16:06; and Paul Lewis, 15th, at 16:42.

The junior varsity team also won with a perfect score of 15 points. Sterling Heights had 60 points and Warren Cousino was third at 63.

Competing against 21 runners, North's seven JV runners finished in the top seven. Winning with a time of 16:22 was John Bucacink. He was followed by Steve Lugo at 16:25; Chris Lynch, third, at 16:27; Ron Fergle, fourth, at 16:37; Dave Schepke, fifth, at 16:54; Dan VanVliet, sixth, at 17:04; and Brian Kennedy, seventh, at 17:11.

In the open division, the harriers did an excellent job. Jerry Stitzel was first at 16:49 followed by Tom Fenton at 17:03; Keven Burns, 17:29; John Rosculet, 17:41;

Homecoming

(Continued from Page 10)
At the half, it was scoreless.

The third quarter was more of the same, good offense and good defense. There were two fumbles and two sacks with one of the sacks by Hartman.

In the fourth quarter both teams exploded. Mount Clemens went to the air, and completed. In the next few plays the Bathers found themselves on South's one-yard line and Tyler scored. The extra point was stopped by a good defense.

But you can never be sure you have beaten the Devils. With about eight minutes left, a quick pass was thrown to Hartman. After a few quick moves and a 45-yard run, South was on the board. The extra point was kicked by John Erley and South won.

Jim Vermuellen, 17:47; and Bob Arbaugh, 17:54.

On Saturday, October 8, the harriers traveled to a wet Rouge Park to take part in the Wayne County championships.

With eight teams competing, North upheld its defending championship with a total of 19 points. Coming in second was Northville with 55 points and Dearborn Edsel Ford was third with 77.

Denis won the varsity race with a time of 15:13. Brian Turnball of Northville was second at 15:14. Coming in third was Brandt at 15:16, while Schmidt was fourth at 15:22.

Tying for fifth was Hammer and Wilson, both at 15:37. Lewis was seventh at 15:49 and Hofmann was 10th at 16:01.

In the junior varsity division, North won with 17 points. Second was Bishop Borgess with 59 points and Edsel Ford was third with 70.

With 63 runners competing, Lugo finished first with a time of 16:28. Bucacink followed closely at 16:42; Stitzel was third at 16:46; Lynch, fourth at 16:53; VanVliet, seventh, at 17:06; Rosculet, ninth, at 17:24 and Marc Rolan, 16th, at 17:52.

In the open race, Schepke finished second at 16:43, Fergle was fourth at 16:53 and Kennedy, fifth, at 17:02.

Coach Tom Gauerke was very proud of the teams' performance especially considering the wet weather conditions.

The next scheduled meet for the harriers is Tuesday, October 18, against Lakeshore. The race begins at 4 p.m. on Vernier Hill.

Lochmoor Eyes Net Tourney

The Lochmoor Club, 1018 Sunningdale drive, is hosting the Michigan Open Men's Doubles Indoor Professional Tennis Championship Friday through Sunday, October 28 to 30.

The tournament is sanctioned by the United States Tennis Ass'n. and the Southeastern Michigan Tennis Ass'n. The purse is \$1,500.

This tournament is open to the public with food and beverages.

Tickets range from \$1 to \$6 with a special "all events" ticket at \$10. Tickets are half price for those 18 years and under. Advance tickets are available by calling 886-1010.

Qualifying rounds begin on Friday at 7 p.m. on all four Boltex courts. Saturday matches begin at 9 a.m. and run until 1 p.m. with a brief intermission. Semi-finals will begin at 11:30 a.m. on Sunday with the finals scheduled for 4 p.m.

So far, some of the entries include Jon Hainline, Lochmoor's tennis professional, teamed with Brian Marcus. These men are ranked second and third by the Southeastern Tennis Ass'n.

John and Tony Lamerato from Dearborn Racquet Club, Jerry Karzen of Chicago and Mike Ware, assistant tennis coach at the University of Michigan, Rudy Hernando and Mark Landman from Dearborn, and John Trump and Bill Struck from Wimbledon Racquet Club also are scheduled to participate.

This is basically a tournament for professionals, although superior amateur players also will participate. Amateur players such as Paul Van Wallegheem of Grosse Pointe, Ted Kaufmann of Toledo and Mark Pinchoff of Keego Harbor will be competing.

James Bruno won the men's singles title for the third straight year. His steady play and well-placed lobs defeated Dennis Velie, 6-0, 6-4, in a slow paced match.

Mr. Velie then teamed with Brian Molloy to defeat Mr. Bruno and Peter Shields in the men's doubles event, 7-5, 6-4.

Mr. and Mrs. William Kohr bested Dr. Robert Scherer and Mrs. Diane Kurtz, 6-4, 6-0, in mixed doubles. Mr. Kohr was particularly effective and played some of his finest tennis, says the GPHC.

Mrs. Joan Stanczyk was too strong for last year's women's single champion, Mrs. Sandy Moisides. Mrs. Stanczyk won handily, 6-1, 6-0.

She then teamed with Mrs. Suzie Shields to try to stop the Kohr-Brucker express in women's doubles. However, Mrs. Betty Kohr and Mrs. Doris Brucker dominated the competition as they did last year winning the finals, 6-1, 6-4.

The club also had its junior championships in conjunction with the adult tourney. Winners in various categories included Gar Knight, Ramsey Gouda, Lisa Black, Laura Hackman, Bill Kohr Jr., and Allen Hackman.

What is good health all about? Well, for one thing, it can't be had without a little bit of care and watching, though a great deal is not required. It can't be had by taking a little pill and then forgetting all about taking care of yourself in any other way. It does involve dressing the right way for the weather and making sure you get enough sleep. Part of it, too, is emotional. Usually, a happy person is a healthy person, and it is not just a coincidence. But, most important is diet and exercise. Pay attention to what you eat and what you should be eating, and make sure you take that body of yours out for a walk or a bike ride regularly.

You'll find the foods you should eat at VIM & VIGOR HEALTH FOODS, 21151 Mack, 886-9466. We specialize in health foods, vitamins, minerals, food supplements and special foods, and our wide inventory includes cold-pressed non-hydrogenated cooking oils; goat's milk, yogurt and cheese; and health breads made of all natural ingredients. Concerns over Dutch Elm Disease Shared by Experts

Two tree service experts are of the opinion that the precious elms not touched or killed by the dread Dutch Elm Disease should be sprayed at least twice a year if the elm bark beetle is to be at least effectively controlled.

Larry Shock, of Shock Brothers Tree Service, Warren, whose firm does most of the elm spraying in The Pointe, and Ernie Smallridge, of the Cal Fleming Landscaping and Tree Service of Detroit, the company's expert on elm disease and its control, viewed this disease.

Both firms contract to spray both publicly-owned and privately-owned elms, not only in The Pointe, but in other communities.

These two experts were steadfast in their opinion of two sprays a year with methoxychlor, a much lesser toxic chemical than DDT, which the Michigan Department of Agriculture, (MDA), ordered discontinued several years ago because of its deadly effect on bird life.

Donald L. Parrott, of Harvard road, who has expressed concern regarding two sprays a year, feels that if private owners should request this service, it should be done on both public and private elms on a city-wide basis.

He has gone through considerable trouble and expense to investigate the problem because of his concern for the beautiful shade trees, even to the extent of traveling to Lansing to talk to Robert L. Fitzpatrick, supervisor of the MDA.

Mr. Parrott, on recommendation of the supervisor, wrote to, and received literature from, the Great Lakes Forest Research Center, Canadian Research Forestry Service, Sault Ste. Marie, Ont., and also to Michigan State University, from which he received a bulletin on the blight.

The bulletins received from both the research center and MSU indicated one spray a year with methoxychlor is adequate, giving the trees 150 days of protection, or through mid-August if the spray is applied as close to bud opening as possible.

Mr. Fitzpatrick stated he had given a cursory examination of several labels for their direction for treatment, and all indicated that one treatment a year was sufficient. Two treatments would be a label violation subject to misuse enforcement by the Environmental Protection Agency, (EPA).

However, there seems to be a dispute who has control over the enforcement of label control, the state or the federal government, according to the survey made by Mr. Parrott.

Mr. Shock and Mr. Smallridge, who expressed as much concern for the elms, pointed out that there is no law that requires one spray a year, although no community in the state, at least those that they service, spray more than once. This is done during the dormant stage, (before the trees begin to bud).

The Park and The Woods spray their own, (public), elms. The City, Farms and Shores contract their work to the lowest bidder. All have ordinances requiring property owners to have their own trees sprayed. They also must present an affidavit to the city that this has been done, otherwise they would be subjected to penalties.

The tree experts point out the elm bark beetles breed twice a year, early in the spring or about May 10, when the eggs, laid by the female the previous fall, hatch and the larvae begin to feed on the bark. In the two cycles, when the larvae become full grown beetles, and mate, the females lay their eggs and die.

After the larvae eats its way out of the bark and become large beetles, they fly to a healthy elm tree. About two or three weeks later, these insects breed, the female lays its eggs sometime during the second week of September and the larvae lies behind the bark until the following spring.

Mr. Shock and Mr. Smallridge said the first spray is most important because the dormant spray must be full strength. If the weather interferes with the spraying program and the leaves begin to enlarge, then the spray chemical must be diluted. Because of this, more of the chemical must be used, which is not so effective.

They said all sprays must be inspected and approved by the MDA before application.

Mr. Parrott obtained copies of various articles from Mr. Fitzpatrick's files and Michigan's Pesticide Control Law. He said from the documents obtained, he learned the following:

1. Michigan Law requires that label instructions be followed, P.A. 171, Section

Elm Report Eyed in GPF

Farms Director of Public Service John A. Defoe recently presented the Farms Council a Dutch Elm disease report for this year.

This report is the result of a survey conducted by Mr. Defoe's department. The survey is done twice a year and, in all cases where there is not conclusive evidence of Dutch Elm disease, samples are taken to Lansing for further analysis.

The report stated the following:

- Number of trees infected with the disease and removed, private property, two, city property, none.
- Dead and dying Elms, private, 67, city, 11.
- Total Elms removed, private, 69, city, 11.
- Elms sampled and found negative, private, one, city, none.

Mr. Defoe said the number of Elm trees left in The Farms after the September report are approximately 2,500 city trees and 2,000 private trees.

In the 1977 report, the total of both city and private trees lost is 80. In 1976 the total was 66.

The worst year for the disease was 1969, when 197 trees were lost to Dutch Elm disease.

ing tackles. Ottom then blocked a Lancer punt, but the green and gold failed to capitalize as they fumbled the ball back to L'Anse Creuse.

The fourth quarter proved to be penalty after penalty. But a 14-yard punt by Stafford scored his second touchdown of the game after North received the ball on an interception by Pierick.

Stafford was the leading rusher of the game with 96 yards.

Running Game Nets NHS Win

By Joe Sarye

After losing two straight, the North High School varsity football team bounced back with a 21-6 victory over L'Anse Creuse on Saturday, October 8.

Again, bad field conditions hampered the game, but this time the Norsemen looked sure-footed in the mud and opened up the scoring on a 40-yard drive.

Tight end Paul Radman scored a touchdown for North on a pass from quarterback Harry Gemuend. The point-after attempt by Karl Tech put North ahead, 7-0.

Later in the first quarter, the L'Anse Creuse defense forced the Norsemen to punt, but the Lancers dropped the ball on the 40-yard line and Scott Engel picked up the fumble for North.

Gemuend soon connected with Rich Vermeulen for 24 yards and running backs Steve Arthur and Bruce Stafford brought the Norsemen inside the Lancer five-yard line. It looked like North would dominate the game but Tom Cook of L'Anse Creuse picked off a Gemuend pass on the three-yard line and ran it back 97 yards to narrow the score to 7-6. The two point conversion was unsuccessful.

The second quarter developed into a defensive battle with fine performances coming from North's defensive line. However, after receiving a punt on the 50-yard line, the Norsemen offense began to roll again.

The Lancers were fooled on a 19-yard draw play run by Arthur. This brought on a pass attempt from the 21-yard line but again, it was intercepted on the five to halt another possible score for North.

In the third quarter, L'Anse Creuse suffered several penalties and were dropped back to their own seven-yard line. North forced a bad punt and found themselves with excellent field position inside the Lancer's 15.

Stafford finally broke through for a 14-yard touchdown to give North a 13-6 lead. Tech then added the extra point to make it 14-6.

North's defense again turned in some fine performances following the kickoff with John Pierick, Clay Ottom and Rick Stratelak contributing.

The purchase of a new home or the selling of your current home represents a major decision and a major event. In your life. Because of the thousands of dollars involved it is certainly a step to be taken with the best professional advice and assistance available. Why do we at Grosse Pointe Real Estate Co. feel that we can provide this advice and assistance?

Step one begins with the appraisal and determination of the sale price. The method used helps the owner understand exactly what the appraisal represents and where the home value stands in relation to other homes currently on the market.

Immediately after the listing we assure that the home is brought to the attention of all area brokers and begin an extensive advertising campaign. Grosse Pointe Real Estate Co., a member of Electronic Realty Associates (ERA), can offer a service not available through other area brokers. We present your home electronically to thousands of associates nationwide. With the hundreds of executives being transferred daily this exposure greatly increases the possibility of selling your home.

As a member of ERA, we can also offer any prospective purchaser a warranty on your home. This warranty protects the buyer against any accidental failure of the plumbing, heating or electrical systems of your home. This added feature may be just enough to convince a buyer to purchase your home. No other broker in the area can offer this warranty.

Finally, it comes down to people. We feel we have a staff that offers the personal professional approach that you demand and deserve. They will keep you informed weekly on the activities in your behalf, they are available at all times to answer any questions you may have. They are people who by interest and training want to assure you the best possible return on your investment.

Letters to the Editor

To the Editor:
Dear Friends and Neighbors: I take this occasion to thank you. I cannot personally express my deep personal gratitude to you because I do not even know who all of you are. But I have seen you in church, in school and in other places.

I refer particularly to Grosse Pointe Woods public safety officers and the surrounding communities' fire departments, friends and neighbors in Prestwick, Fleetwood and Lakepointe roads, my co-workers in the Grosse Pointe Public School System, the principals, faculty, student body and parents club of North High School and the Board of Education.

You are this community and you have given me love and sympathy.

Thank you from the bottom of my heart for you have raised my spirits in this hour of deep despair.

ULS Offers Two CPR Workshops

Upon successful completion of the course, students will receive certification from the American Red Cross.

Open to all members of the community who are at least 13-years-old, two sections of the course will be offered.

Section A will meet on Saturday, October 22, from 9 a.m. to 5 p.m. Section B will be offered on Saturday, October 29, from 9 a.m. to 1 p.m. and Sunday, October 30, from 12 noon to 4 p.m.

A small fee will be charged to cover texts and materials. Each class is limited to 10 students, therefore early registration is advised.

Contact Mrs. Judith Corliss, at 834-3477, after 6 p.m. or on weekends for more information.

Woods Sets Hearing Date

A public hearing date of Monday, October 17, to consider the request of the Grosse Pointe Hunt Club to construct two platform tennis courts was set by the Woods Council at its regular meeting Monday, October 3.

The Planning Commission at its Tuesday, September 27, meeting recommended approval of the proposed construction and the site plan to the council.

Know Your Schools

By Dr. William Coats,
Superintendent of Schools

One of the most frequent questions asked by citizens during this time of year involves the issue of class size. In an earlier column, while commenting on recent research on class size, I indicated my own view by stating:

"Regardless of research on the topic, we know that small enrollments are preferable to large enrollments in terms of the important issue of classroom management and the ability of teachers to individualize and to personalize the teaching-learning process."

"Therefore, we will continue to strive for class enrollments which are as favorable as possible, given the realities and constraints placed upon us by our financial circumstances."

Also, class size is addressed in the current master agreement between the Grosse Pointe Board of Education and the Grosse Pointe Education Ass'n.

That portion of the contract relating to class size states:

"The Board recognizes that there are certain standards as relate to class size which are desirable even though there is no empirical evidence which would support a given class size as universally best."

"Therefore, the Board pledges to exert its every influence, as it has been doing, to alleviate overcrowding of classes. Insofar as the community permits, the Board will continue to seek funds for additional staff and additional teaching facilities to meet increased enrollments and eliminate abnormally large classes."

"The Board agrees that it will exert reasonable efforts to effect elementary and secondary class sizes not greater

than the average class size by subject area and level which prevailed during the 1975-76 school year. This provision shall also be applicable to counselor pupil ratios."

"If, in the opinion of the association, there is an increase in class size resulting from the failure of the Board to exert such reasonable efforts as required by this provision of the procedures provided under Article IX, (Grievance Procedure), shall apply."

Our overall elementary class average for the current year is 25.26 pupils. This represents the most favorable situation we have had within the last 20 to 25 years—perhaps longer.

At the high school level our current overall average of 28.05 students, (excluding music and physical education which are expected generally to be somewhat larger), is approximately the same as in the past.

Our overall staffing ratio, based on preliminary figures, shows that we currently employ 59.8 professionals per thousand students, as compared to 57.1 last year—a definite improvement which will benefit the instructional program.

School Board Lauds 66 For Volunteer Service

The Board of Education honored 66 of its hardest workers for their efforts on millage campaigns, student activities, parent organizations and in classrooms at the fourth annual volunteer awards program Monday, October 10, at North High School.

The workers were nominated for the awards by various citizens in the school district and were judged not only by the amount of time devoted to the job, but also by the extent of responsibility carried in the position. Nominations were screened by a seven-member awards advisory council. Recipients were awarded signed certificates of merit and were named in a resolution of

What Goes On at Your Library

By William T. Peters,
Director of Public Libraries

The glamorization of today's sport hero has made the more gifted or brazen ones richer than kings and more visible than presidents.

Super-stars have discovered that one way of adding a bit more money to already swollen wallets is to write a book about how they overcame the odds and achieved fame. Now time, to say nothing of ability, doesn't allow them to sit down and write a book, so with a single exception the books reviewed here are co-authored.

Muhammad Ali with Richard Durham, THE GREAT-EST: My Own Story, (Random House, 1976), is written by Richard Durham, a professional writer who has known Ali for more than 20 years. The writing is in keeping with the picture most people have of the heavy-weight boxing champion. Ali's strong religious convictions are made known throughout the book.

Written with a surprising amount of warmth and tenderness, at times the book is even sentimental. It probably comes close to revealing the

real man while keeping the legend alive.

In the summer of '76 the Detroit Tiger baseball organization came up with a new player. A 21-year-old right handed pitcher with only two years experience in the minor leagues named Mark Steven Fidrych won 19 games while losing nine. He was a joy to watch. He talked to the ball. He picked up the nickname "Bird." Thousands of fans packed Tiger Stadium to see this baseball phenomenon.

Mark Fidrych and Tom Clark, NO BIG DEAL, (Lippincott, 1977), is the story of this remarkable athlete. Tiger fans will enjoy the adventures of Mark as he progresses from an unknown pitcher to become a national celebrity. Much of Fidrych's innocence and exuberance comes through as the book is written from tapes Tom Clark made while interviewing him.

Pictures of the 1976 Tigers and a number of charts add interest to the book.

Bill Bradley, LIFE ON THE RUN, (Quadrangle, 1976). No co-author is needed by the Rhodes Scholar and All-American basketball player. After graduating from Princeton, Bradley spent two years at Oxford as a Rhodes Scholar, then he signed with the New York Knickerbockers.

Using 20 days of a season as his framework, Bradley moves back and forth through his life and nine-year professional career to write of the inspiring highlights, the relentless routine, the gritty realism of a professional athlete. He takes us on the court, and in the locker room in this very special book.

While there is warmth and compassion, sentimentality is lacking as Bradley knows all about the mythology and facts of being a celebrity.

Dave DeBusschere, Willis Reed, Walt Frazier, Jerry Lucas and other basketball greats are here. Great reading.

A man on the run is Minnesota Vikings' quarterback Fran Tarkenton.

In TARKENTON, by Jim Klobuchar and Fran Tarkenton, (Harper and Row, 1976), Sunday afternoon professional football comes to life. It offers personal portraits of some of the great players, coaches and owners.

Tarkenton identifies the best and the dirtiest players; recreates the longest day of his life, a playoff football game; describes the Super Bowl syndrome; tells of his high school and college days in Georgia; and puts the reader in the middle of the huddle and the locker room that have served as his habitat in a record-breaking 15-year career.

While the library is filled with sports books, reading should take second place to doing. Of course, one of the most popular winter sports is taking a plane to Florida.

Shores Youth Critically Hurt

Daniel Lynch, 18, of Ballantyne road, crashed his car into a tree in Provençal road on Friday, September 29, at 11:21 p.m. He was unconscious when found, and remains in a coma at Harper Hospital where he is listed in critical condition as of Monday, October 10.

Mr. Lynch was driving his 1970 BMW north on Provençal road when he failed to negotiate the curb. His car swerved off the road, then swung across the thoroughfare and hit the tree broadside in front of 290 Provençal.

Farms Cpl. Otto Glanert and Patrolman Clarence Reichling answered the call and notified the fire department for assistance.

The Farms ambulance arrived with Firemen Robert Gmerek and John Fischer. It was accompanied by a ladder truck and Sgt. Thomas Chappell and Donald Easton.

The car was wrapped around the tree with the driver pinned inside. It took firefighters over 15 minutes to pry Mr. Lynch from the wreckage.

He was transported to Cottage Hospital. At 9:30 a.m. the next day, Mr. Lynch was taken to Harper Hospital's intensive care unit.

Starry Celebration For Navy League

Gerry Fisher to Be Honored at Women's Council's 35th Birthday Party; Lou Wilcox Will Talk on Astrology

The Detroit Women's Council of the Navy League of the United States has chosen next Thursday, October 20, for something different in the way of fund-raising: a Zodiac Benefit Brunch and Bridge Party, starting at 11:30 o'clock at Lochmoor Club.

In charge of it all is Mrs. Aaron E. Wilcox, of Loraine road, a vice-president of the Council, who will also be the expert during the talk on astrology.

The Detroit Council was "born" under the sign of Libra, in October of 1942, and this October the Council is honoring Mrs. Thomas K. Fisher, who was instrumental in its organization.

Mrs. Fisher in 1942 was Geraldine Marcoux, appointed Miss United States Navy by then-Secretary of the Navy Frank Knox.

"My duties consisted primarily of public relations work," Gerry Fisher says.

"I traveled around the country during World War II, giving speeches and selling war bonds and planning balls for Navy Relief."

While in New York, Mrs. Fisher became interested in the Navy League for Women and its work for the Navy. "The Navy League was referred to as the 'Civilian arm of the Navy,'" Mrs. Fisher recalls. "When I returned to Detroit, I brought back the charter which enabled Detroit women to form their own council."

Serving with her on the first board were Mrs. Richard Brodhead, wife of the captain in charge of the De-

troit Naval Armory; Mrs. Charles Gittlin, Mrs. Dwyer Kinnucan, Mrs. Charles T. Fisher and Mrs. Walter O. Briggs.

The Detroit Council began a number of projects for Navy personnel stationed in and around the city.

"We also gave a Navy Ball each year," Mrs. Fisher notes. "The proceeds went to worldwide projects which benefited the Navy, Coast Guard or Marines."

The Detroit Men's Council was organized in 1950. Gerry's husband has served as its president as well as president of the state organization.

She has twice been chairman of the Navy Ball, and has served the Women's Council in other capacities throughout the years.

Other early Women's Council members were Mrs. Edsel Ford, Mrs. Louis Braun, Mrs. Richard Joy, Mrs. Allan Whittington, Mrs. James Murfin, Mrs. Ernest Wemp, Mrs. Stuart Irwin, Mrs. Robert Kales and Mrs. Sidney Chapin.

According to astrologer Lou Wilcox, Mrs. Fisher, a charming Gemini, has planets in her horoscope indicating public relations ability and the fixity of purpose necessary to get things done.

Dinner Meeting Slated By Pi Lambda Theta

The Detroit Alumni Chapter of Pi Lambda Theta, an honors association for women in education, will hold a dinner meeting at Kingsley Inn tomorrow, Friday, October 14, starting at 6:30 o'clock.

Wayne State University's Dr. Cynthia Colvin will speak on "Motivating the Under-Achiever." Interested educators may call Marge Drummond, chapter treasurer, 881-4719, for further information.

The pottery was founded by Mary Chase Stratton, originally from Hancock, in 1909. Mrs. Stratton rediscovered old Persian formulas for producing iridescent glazes. Many public buildings and private houses are decorated with fine examples of her tiles.

Grosse Pointe Chapter Quester member Lillian Pear, of Trombley road, has published a scholarly and beautifully-illustrated history of Pewabic Pottery, its people and its products.

Luncheon at the Detroit Boat Club, sponsored by Miss Mary Coyne, will follow the tour.

Dolls Are A Window on The Past

Holding an antique doll, (circa 1863), which has been in her family for four generations is MRS. JAMES LAFER, JR., (left). It was given to Margie's great-great-aunt Anna Howell Kennedy by a grateful Oliver Wendell Holmes. After the Battle of Antietam, as the story goes, Anna, then seven years old, and her mother found Holmes' critically wounded son, Captain Oliver Wendell Holmes, Jr., on their doorstep and nursed him back to health. The doll was a gift from the famous author and jurist to show his appreciation for their kindness. MRS. ROY LEINWEBER, (right), holds a porcelain reproduction of "Dream Baby." The original was made in Germany in the early 1900's. The dolls are two of hundreds, antique and contemporary, on view at Jacobson's during the Doll Fair which continues through this Saturday, October 15.

Wherever possible, both partners in the remarriage process should attend.

The series will be held at Miller Hall, behind Christ Episcopal Church in Grosse

Joseph Roletier is coming from the Boehm Studios in Trenton, N.J., to introduce Boehm porcelain sculptures duplicating originals from the collection. Three Choices Are Available

Does the idea of a dozen budget envelopes throw you into a panic? You can learn about a variety of budgets and how to make one suitable to your needs in a workshop, "Financial Management," presented by Choices Women's Center, Hampton near East Jefferson and Alter road.

A step-by-step review of

how to allocate total income will be discussed by Ilze Willison on Wednesdays, October 19 and 26, from 9:30 to 11:30 o'clock.

Tip sheets on how to save money and beat inflation will be passed out.

Mrs. Willison has conducted previous workshops on this subject for Choices, and is back by popular demand. Cost is \$8.

Another workshop — "Thinking About A Job?" — may supply the answer to filling those budget envelopes.

According to the Department of Labor, nearly 50 percent of the working population are women. Before entering the job market, women need to answer important questions: "What are my skills?" "What time can I give?" "Will my family help?" "Do I need more training?"

This four-session workshop beginning Thursday, October 20, from 1 to 3 o'clock, offers women an opportunity to examine skills, preferences, values and personal resources, and to become familiar with a variety of vocational material through self-directed explorations and planning for job goals.

Preparing a resume also will be discussed. Led by Betty Williams who had her training at the Continuum Center, Oakland University, the workshop will cost \$12.

For those women who have made a job decision, Shirley Piku, Choices staff, will conduct a one-session "Resume Writing" workshop for a fee of \$5.

Andover Film Show Is Slated at The War Memorial

"In Their Time: Andover 200," a new documentary film about the nation's oldest incorporated boarding school, Phillips Academy in Andover, Mass., will be shown Tuesday evening, October 18, at the Grosse Pointe War Memorial, as part of a national effort to bring news of the school and its role in adolescent education to the Andover

family and the public. Phillips Academy celebrates its bicentennial in 1978. It is a coeducational, integrated, nonsectarian residential secondary school.

In 1973 it merged with adjacent Abbot Academy, the oldest chartered girl's school in New England; Abbot Academy's 150th anniversary is in 1979.

There are 113 Phillips Academy alumni and 35 Abbot Academy alumnae in the Detroit area, where the film will be sponsored by the Andover Bicentennial committee whose chairman is Carlton M. Higbie, Jr., of Kenwood road.

Mr. and Mrs. William Dahling, of Hawthorne road, are co-chairmen for the film screening.

Committee members include Mrs. F. James Robinson, II, Mrs. William S. Hickey, Mrs. Edward E. Donaldson, Mrs. Henry M. Jewett, II, Mrs. Henry Earle, III, Mrs. David M. Gaskin, Mrs. W. Gerald Warren, Mrs. Henry M. Woodhouse and Sidney R. Unoskey.

Andover's headmaster, Theodore R. Sizer, and Joshua L. Miner, director of admissions, will be present at the showing.

Mr. Sizer is the former

dean of the Harvard Graduate School of Education. Mr. Miner is one of the founders of Outward Bound in this country.

"In Their Time" portrays contemporary Andover through the eyes of a handful of its students as they experience it in their daily lives: in the classroom, on the athletic field... with their teachers, coaches and friends.

The 45-minute film was made for Phillips Academy by producer/director Joyce Chopra in collaboration with playwright Tom Cole, under auspices of Education Development Center, Newton, Mass.

Chopra's recent films, "Girls at 12" and "Clara and Albie," for an experimental curriculum project, "The Role of Women in American Society," have won national acclaim, as has her "Joyce at 34."

Cole wrote "Medal Honor Rag" which was produced off-Broadway in the spring of 1976.

Education Development Center, which is distributing the Andover film nationally, is a curriculum development organization that has to its credit some 800 films, depicting different approaches to teaching and learning.

Bethany Schedules October Meeting

Bethany, an organization for divorced and separated persons, will hold its monthly meeting Friday, October 21, starting at 8 o'clock at Saint Peter's Social Hall in Vernier road, Harper Woods.

Featured, in lieu of a speaker, will be a sing-a-long with Father Jim and Company. A \$1.50 donation covers wine, cheese and snacks. Further information may be obtained by calling 792-4958, 465-0921, 527-3587 or 881-8453.

Pretre to Debut with Symphony This Week

French conductor Georges Pretre makes his debut with the Detroit Symphony Orchestra at Ford Auditorium this week, joined by violinist Pinchas Zukerman for three concerts: tonight and Saturday evenings, October 13 and 15, at 8:30 o'clock and Friday, October 14, at 10:45 in the morning.

Friday morning's NBD Coffee Concert will be preceded by a complimentary coffee hour beginning at 9:30 o'clock.

At 10:15, the audience will

be given a special treat when Zukerman discusses his life and music on stage in a Meet the Artist interview, a new feature of this season's Coffee Concert series.

This is the opening concert in the Coffee II series. Season tickets for the five-concert package will continue to be available until this afternoon.

Pretre comes to Detroit with a record of enormous public acclaim for his conducting engagements throughout Europe and with many of the leading orchestras in North America.

Tickets for this week's concerts are available at Ford Auditorium box office, 961-0700, all Hudson's and Ward's ticket outlets.

AGENTS PREFER CRUISING—SO SHOULD THEIR CLIENTS

It seems that at long last at least an inkling of proof has leaked out supporting what was so long suspected—that travel agents, given a free choice of a vacation for themselves, would overwhelmingly select a cruise. According to the International Passenger Ship Association (IPSA) which had the survey made, 86% of the agents chose a cruise over a resort vacation, an air tour or a motor trip. And that fact, said IPSA, shows that travel-perceptive agents themselves realize the unique travel product that a cruise is. Cruising is 'the' package vacation—one price does it for accommodations, travel, food and entertainment. Add to this only the drinks you want to drink and the ship or shore shops you want to shop.

While we offer a variety of destinations, itineraries, and sailing dates, we realize your personal tastes must be taken into consideration. For that reason we recommend that you spend a few minutes with us. We can help you decide which is the best cruise for you; which stateroom best meets your needs; which time of year best fits your plans. Call the Cruise Desk at TRAVELWORLD, 882-8190.

Summer is already a distant memory for members of the Grosse Pointe Farm and Garden Club, who've crammed a full fall schedule into a single month . . . and they're not through yet!

First they were busy with September's highly-successful Horticulture and Bonsai Show in the Grosse Pointe War Memorial's Fries Ballroom.

Last week, their executive committee gathered for coffee at the Vendome road home of Mrs. Arthur R. Seder, the club's president, and just this past Monday, further down the block, some 60 members arrived at Mrs. Thomas F. Morrow's home for their first regular meeting of the season.

Mrs. James B. Lewis and Mrs. J. Warren Johnson assisted Thirza Morrow in a program using slides of the Bishop's Garden at the National Cathedral in Washington, D.C.

Liggett Splits Soccer Matches

By Mike Merlo
University Liggett School, (ULS), produced an excellent showing against Rooper by defeating them 3-1 in soccer action last week. Unfortunately, they also were downed by Greenhills of Ann Arbor, (the second ranked team in the State), by a score of 4-0.

The week's results were typical of the season in which ULS stands at 4-4-1. In the game against Rooper, John Kavados, Jason Eckelman and David Pierce each drove home a goal to give ULS the victory. Against Greenhills most of the time ULS fought desperately to keep the ball out of their own end.

On Tuesday, October 11, ULS played Maumee at home, and on Friday, October 14, ULS will play Southfield Christian.

CITY OF Grosse Pointe Farms MICHIGAN SUMMARY OF THE MINUTES October 3, 1977

The Regular Meeting was called to order at 8:00 p.m.

Present on Roll Call: Mayor James H. Dingeman, Councilmen Harry R. Fruehling, Jr., Jack M. Cudlip, Nancy J. Waugaman, Joseph L. Fromm and W. James Mast.

Those Absent Were: Councilman Lloyd A. Semple.

Also Present: Mr. John K. Renke, II, representing the City Attorney.

Mayor James H. Dingeman presided at the meeting.

Councilman Semple was excused from attending the meeting.

The Minutes of the Closed Meeting which was held on August 29, 1977, were accepted as submitted. The Minutes of the Regular Meeting which was held on September 19, 1977, and the Minutes of the Closed Meeting which was held on September 19, 1977, were both accepted as corrected.

The Council adopted a resolution approving the proposed division of the property located at 141 Lake Shore Road, owned by Mr. Frank Aragona, into three parcels; one parcel containing his existing residence, and two vacant parcels.

Following a Public Hearing concerning the matter, the Council adopted a resolution granting the appeal of Mr. Karl W. Mantyla and Ms. Ann Huber Maurer, thereby authorizing the issuance of a Permit for the construction of a five-foot stockade fence on their property located at 304 Beaupre Avenue.

The Council adopted a resolution scheduling a Public Hearing before the Zoning Board of Appeals at 8:00 p.m. on Monday, November 7, 1977, for the purpose of hearing the appeal of Mr. A. G. Schable from the denial of the Building Department to issue a Permit for the construction of a dormer on his home located at 405 Mt. Vernon Avenue.

The Council adopted a resolution, subject to the City Attorney's concurrence, approving the proposed revised Agreement between the City and the Watkins Harding Company, concerning parking space requirements for the Wellington, Ltd., located at 18450 Mack Avenue.

The Council adopted a resolution increasing the hourly wage for Election Inspectors to \$2.30, thereby conforming with the minimum wage established by the State.

The Council adopted a resolution requesting that the Administration attempt to include an expenditure of \$875.00 in the 1978-1979 Budget to reimburse the Babe Ruth League for the costs involved in increasing the size of the approved dugouts at Kerby Field and extending the sideline fences to approximately in line with second base; such improvements being desirable for the comfort and protection of both the players and spectators.

The Council adopted a resolution approving the quotation of Shock Brothers Tree Service for applying dormant Elm tree spray to Elm trees within the City during the Spring of 1978, at the same costs as the spraying which was done in 1977; that being, \$4.00 each for trees on City property and \$8.00 each for trees on private property, and two Dutch Elm Disease Surveys at a total cost of \$250.00; the Council having first determined that the foregoing quotation is highly favorable, and therefore, no advantage to the City would be gained from the solicitation of competitive bids.

The following Report was received by the Council and ordered placed on file:

A. The Summary portion of the Grosse Pointe Youth Services Division's Report for the month of August, 1977.

The Council adopted a resolution in support of House Bill No. 4297, which would exempt refuse disposal authorities from annual surveillance fee assessments.

The Council adopted a resolution authorizing the Administration to solicit a bid from the Michigan Mutual Insurance Company for furnishing the City with General Liability and Umbrella Liability Insurance coverage.

The Council adopted a resolution closing the meeting at this point for the purpose of discussing proposed property transfers.

Upon proper motion made, supported and carried, the meeting adjourned at 10:15 p.m.

Richard G. Solak City Clerk

ULS Takes 19-0 Victory

By Mike Merlo
University Liggett School, (ULS), led by Will Hummel's two second period touchdowns, defeated Bloomfield Hills Cranbrook, 19-0, in a

Metro Conference game on Friday, October 7, at ULS. Hummel ran 70 yards with an intercepted pass for his first touchdown, and drove three yards for his second. Overall, Hummel gained 134 yards on 17 carries. John Doerer rammed his way past the Cranbrook defense in the final quarter to insure the victory for ULS.

This win gives the Knights a 3-1 conference record. They are 4-1 on the season. The loss leaves Cranbrook with a 2-2 season mark.

On Friday, October 14, ULS will host Lutheran West High School at 4 p.m.

At the junior varsity level, ULS lost to Roseville Baptist, 14-7. Their record is now 2-2.

Fashion Coverage . . . The Walton-Pierce ad in this issue shows a classic black wool wrap coat. It is from a collection of fall-winter coats . . . untrimmed and fur trimmed. Count Romi all weather travelers come with natural raccoon and cozy pile linings or they come in a water repellent velvety fabric in black or plumb or to order from swatches. Fox is very much in the fashion picture. Soft, natural Norwegian fox sets off the softness of a gray brushed tweed double breasted coat styled with a self belt and self banding on the sleeves. Blue fox collars a single breasted gray alpaca and wool coat. Natural beaver, deeply notched collars a fitted, double breasted winter blue coat. The collar is easily removed for cleaning. A luxurious opposum collar is notched and extended to the waist of a fitted black wool coat with a defined waistline and a flared skirt. If you like capes, there is a cut of gray herringbone tweed. The collar is edged with black braid and the black braid accents the lines of the cape in front. In the Millinery Department, you'll find great fur hats in fox, mink, opposum . . . or Mrs. Creeger will create a fur hat to go with your fur trimmed or fur coat. Wonderful knit hats and scarves! The Planned Parenthood League's Holiday Mart promises to be bigger and more exciting than ever this year, and after 19 years of success, that's saying something.

As usual, the Mart will offer Detroiters a chance to browse through the stock of some of the most exclusive shops in the country. It's a great opportunity to clear some names off the Christmas list, with style.

This year there'll be close to 30 shops represented in Mart booths. Charlotte Ford's Cache Cache collection will be there from New York, along with antiques from Danielle of Delray in Florida. The Collection's crafts from St. Louis, Mill House's French and Portuguese faience from Connecticut and Leron lingerie and linens from New York.

The Spice of Life There'll be enough variety to satisfy even the wildest Christmas fancy — from battery-powered electric mittens, Italian leather shoes and gourmet foods to tennis and ski wear.

And, of course, there'll be Christmas decorations flown in from Honolulu by Emgee Corp., which specializes in wooden ornaments.

The Mart even has a new location this year, moving from the Sentinel Building in East Jefferson Avenue, which has been home for the past few years, to — what else? — the Renaissance Center, in the Plaza Hotel's Renaissance Ballroom.

There's yet another feature to the Mart this year — a special, patron-only cocktail party on opening night, Tuesday, October 18, from 5:30 to 8:30 o'clock.

The party's designed as a special treat for those patrons, friends, sponsors and benefactors who do the most to fund the Planned Parenthood League's work in the tri-county area with donations of from \$50 to \$500.

There'll be refreshments, entertainment and a ceremony honoring eight persons who have been long-time supporters of the League's efforts.

Two Days for Public For the general public the Mart will open on Wednesday and Thursday, October 19 and 20. Hours on Wednesday are 10 to 8:30 o'clock and Thursday, from 10 to 5 o'clock. Admission is \$3.

When the doors open Tuesday night there'll be two familiar faces greeting guests and scurrying about tending

to the thousands of last-minute details that always seem to pop up.

The Mesdames Miles O'Brien, Sr., and William Tost have been involved with the fund-raiser from the start, back in 1958 in the downtown Veteran's Memorial building, and they know how to make a mart work.

The pair have handled every imaginable job in the past from set-up chairman, to organizing exhibitions, right down to tearing the stands apart, and they've learned a lot of lessons along the way.

They both recall with a groan the year they were still "fresh" at the Mart business.

Left With Clean-Up "All our energies back then went into setting things up, and by the time it was all over there were only four of us left to tear everything down."

"What a dreadful job. We made sure that never happened again," said Mrs. O'Brien.

This year, the two old hands are sitting back, letting the dozens of other League volunteers handle the big jobs and keeping a close eye on the details themselves.

"We've been at it for so many years now, they've made us Mart historians," says Mrs. Tost.

It's never any problem finding volunteers to work at the Mart, to assist the professional sales people in individual booths or pass out drinks and act as hostesses.

A "Fun" Assignment

"It's fun to work the Mart," says Mrs. O'Brien. "It's always a marvelous chance to see your friends, get your Christmas list in order and have a great time doing it."

Dozens of Pointers are involved in the fund-raiser this year, starting right from the top.

Co-chairmen are Pointers Mrs. Robert E. Valk and Mrs. Elliott H. Phillips. Mrs.

George R. Fink is in charge of patrons and Mrs. William W. Cunningham is taking care of opening night activities.

Other Pointers working on the Mart are the Mesdames Harvey C. Fruehauf, Jr., Thomas W. Smith, Andrew H. Barr, Averil L. Cohn, James E. Durnham, William C. Ford, W. Warren Sheldon and Gordon A. Weller.

More are the Mesdames John C. Emery, Jr., Cameron Merrill, Henry Wineman, II, David E. Halter, Cyril J. Edwards, Jr., Peter Stroth, Charles A. Bigelow, William C. Cox, Jr., Gordon T. Ford and George H. Zinn, Jr.

A Great Fund-Raiser Since its inception, the Mart has raised more than \$350,000 for Planned Parenthood. This year the fund-raisers hope to contribute \$40,000 of the League's half-million dollar budget.

The League is a private agency, and gets no government funding. It depends on charges to patients, fund-raisers, (of which the Mart is the largest), and private donations.

It's all for a good cause and one that both Mrs. O'Brien and Mrs. Tost believe in strongly.

"It's amazing, even today, the incredible ignorance the League still runs into about family planning," said Mrs. Tost. "Rich women have had birth control information available to them for years, but it's important that all women have it."

In addition to birth control, always provided under a physician's supervision and

So were Count and Countess Tom Wachtmeister, well-remembered for their visit in April of last year, when they accompanied Sweden's then-bach-elor king on his visit to Detroit.

Occasion was the "Swedish Musical Odyssey" featuring the Detroit Symphony Orchestra conducted by Ulf Bjorlin, of Stockholm, and Sweden's famed ballad singer Sven-Bertil Taube at the Music Hall in late September.

The concert, a salute to Sweden's participation in the America's Challenge Cup, was sponsored in Detroit by the Atlas Copco Group whose chairman of the board in Sweden, Peter Wallenberg, also was there. Mr. Wallenberg hosted a large dinner at the Detroit Athletic Club following the performance.

Calling All Writers!

Representing Grosse Pointe at the 16th annual Craftsmanship of Creative Writing Conference, scheduled for Saturday, October 22, at Oakland University will be Diane Pawlowski, a mother of four, who has published over 700 articles in newspapers, as well as free-lancing for national publications.

Her talk, "Do Disturb: Writer at Work," is a step-by-step account of how an article is born.

Diane is one of 27 speakers, including such celebrities as Judith Guest, author of the best-seller "Ordinary People," and "Deathwork" author James McLendon, keynote speaker, to be featured at the all-day conference this year.

The program is open to novice and established writers at \$16 per person, with lunch optional at \$4. Some 400 are expected to attend. Brochures with a listing of the staff and scheduled sessions are posted at the Grosse Pointe Public Library.

The Detroit Women Writers, originators of the conference, have worked closely with Oakland University in all stages of its planning and execution. Hostesses from this area, all members of DWW, include Mrs. Frank Boyer, Mrs. Eugene Cadieux, Mrs. DeHull Travis, Mrs. W. H. Hoffman and Mrs. Edward Wunsch.

Gerry has planets in the sign of Cancer, a sign geared to the affairs of women and the general public as well as executive roles in business.

There is great compatibility in her chart to that of her husband, born under the executive sign of Cancer, (Jupiter is now in this sign, for the first time in 12 years!).

Those born in the sign of Cancer have great empathy, and both Geminis and Cancers are popular with their peers and family.

Mrs. George A. Belleau, current president of the Detroit Women's Council, will be official hostess at the brunch and will present a parchment scroll to Mrs. Fisher in recognition of her organizing ability and interest in the Council throughout the years.

Mrs. Emil Grob, a vice-president, is sponsor for the Lochmoor Club benefit.

Others on Mrs. Wilcox's committee include Pointers Mrs. Paul Grubbs, Mrs. Robert Kales and Mrs. Jean Kirkman. In charge of ticket sales are Mrs. Frank Nair and Mrs. George Johnston.

Other committee members are Mrs. Walter Borland, Mrs. Maurice Castle, Mrs. John Lavrakas, Mrs. Roger Harter, Mrs. Roy Whitlock, Mrs. James Houlihan, Mrs. Charles Hauer, Mrs. James Hannan, Mrs. Alfred Finster, Mrs. Frederick Woelkers and Mrs. Ralph Maxon.

Donations and money earned at the benefit will go toward the Sea Cadet program, especially dear to the hearts of members of the Detroit Women's Council which celebrates its 35th birthday at the Zodiac party.

'Body Language' Could Tell You're in Trouble

Body language means different things to different people.

To some, it is a way of interpreting what other people are thinking or feeling in a given situation; to a physician, it contains a host of signals and signs which help to tell if a patient's mind and body are healthy or not. Your own personal body language tells you many things every day.

Because of certain internal signals, you become aware that you are hungry or thirsty, or that you must rest. An unusual pain, or rash will send you to your physician, who will interpret the signal to determine what is wrong.

The body has sophisticated mechanisms, much more complicated than any computer, able to send out many signals which tell much about what state it is in at the moment.

If you know how to interpret the signals correctly, they may even tell you of an impending stroke.

According to Dr. Sol Pickard, Henry Ford Hospital cardiologist and president of the Michigan Heart Association, "a stroke is damage to vital nerve cells of the brain from a hemorrhage or an abrupt cutting off of the supply of oxygen-rich blood."

It may be minor or massive. How a person is affected by it depends upon what part of the brain was injured.

"Results may be a loss of speech, partial paralysis or even total loss of body control. The effects may be temporary or permanent."

"Stroke is not always a disease of the aged, but may strike young people."

While many people believe a stroke is a very sudden occurrence, one that hits without warning, Dr. Pickard says the body can and often does send warning signs of an impending stroke:

• A sudden, temporary weakness or numbness of the face, arm or leg.

• Temporary difficulty or loss of speech. Or trouble understanding speech.

• Sudden, temporary dimness or loss of vision, particularly in one eye.

• An episode of double vision.

• Unexplained headaches, or a change in the pattern of headaches.

• Temporary dizziness or unsteadiness.

• A recent change in personality or mental ability.

If a person experiences one or more of these seven signs, Dr. Pickard says, he should seek medical advice promptly.

Research and experience have brought many changes in therapy and treatment for stroke.

Many stroke patients who once would have been considered hopeless and helpless now can be helped back to a much more normal and productive lifestyle, through therapy and self-help techniques.

Another innovation of recent years which has brought about sometimes dramatic improvement is the organization of stroke clubs for both education and recreation for stroke patients and their families.

Sixteen such clubs have been instituted by the Michigan Heart Association and other agencies throughout the state. One meets at Cottage Hospital.

More information on risk factors and warning signs of stroke, its effects on both patient and family and its myriad treatment techniques may be obtained from any office of the Michigan Heart Association, a United Way Agency.

Shores public safety officers are investigating the theft of a 12-foot aluminum boat from the rear of an area between 842 and 844 Lakeshore Road. It was reported taken on Tuesday, September 27.

The report of the missing boat was made by the owner, Mrs. Angela Lohman, of Lakeshore Road. Her son, Kris, 12, told PSO John Trevillian that the craft was pulled up onto dry land, where the water had receded.

There was no way that it could have floated away from the dry dock mooring, it was said.

Kris told the officer that the boat had been pulled on the sand bar at the rear of 842 Lakeshore, and did not know it was missing until a neighbor had inquired about its whereabouts. It was last seen on Monday, September 26, the boy said.

Inquiries were made by the public safety department to the St. Clair Shores based United States Coast Guard, near Nine Mile road, and at the Grosse Pointe Yacht Club, but no one reported seeing a boat adrift, or reported that one had been recovered.

Kris, who said the craft was valued at \$270, said he can identify the boat if it is found. It had no outboard motor attached.

Card Luncheon Slated By Monastery Guild

The annual luncheon and card party sponsored by the Monastery of the Blessed Sacrament Guild will be held next Wednesday, October 19, at 12:30 o'clock at Divine Providence Hall in Farmington.

Prizes will be featured. Tickets are \$4 per person and may be obtained in the Grosse Pointe area by contacting Mrs. John Trost, 881-6833.

Set Coronation Mass Oct. 23

Mozart's Coronation Mass will be presented Sunday, October 23, at 10:30 o'clock at Old Christ Church, Detroit, by the choir and orchestra under the direction of Dr. Malcolm Johns, organist-choirmaster.

Dr. Samuel S. Johnston, rector, assisted by Dr. Frederick Burnham and The Reverend Nancy H. Sargent, will preside at Morning Prayers.

Soloists from the choir will be Jeannette Dagger-Haviras, Eleanor Felver, Gene Wabeke and Carroll Strickland.

Mozart composed this joyous music in 1779, at the age of 23, for a small church near Salzburg, Austria. The congregation had commissioned him, as was the usual custom, to write the music for one of its Sunday celebrations.

The Coronation Mass is scored for a large wind section, tympani and strings, except for violas which were considered too worldly for church use. Each summer, its performance at the Salzburg Dom marks the beginning of the world-renowned Salzburg Music Festival.

Old Christ Church, an historic Detroit landmark, is located in East Jefferson Avenue at the Chrysler Expressway, adjacent to Renaissance Center. Parking is available on Woodbridge, at the rear of the church.

86 Cases Given YSD in August

A total of 86 cases were referred to the Youth Service Division, (YSD), during August, making the total of actual incidents through the month, 554. The total for the same period last year is 507.

Larceny reports, reaching 20, led the list. With related categories, burglary, two cases, auto theft, one, possession of stolen property, three, unlawful taking and using, one, and attempt bicycle larceny, one, the total of male juveniles involved was 38, plus one male adult. In four unsolved cases, persons involved are unidentified.

Numerous larcenies from vehicles were reported, otherwise the types of incidents were diverse, e.g., breaking and entering with larcenies from occupied dwellings, and purse snatchings.

The second category of highest incidence were malicious destruction of property reports, totaling 11. All cases are yet unsolved, the subjects involved not identified.

A total of 10 violation of controlled substances incidents were reported, along with one unlawful use of alcohol case. Of the former, seven marijuana or hashish incidents involved three male adults, 10 male juveniles and two female juveniles.

"Recently two incidents of abuse of hashish oil were received by YSD, which may mean that the oil is becoming more available in the area," the division says.

"Oil is a concentrated extraction from the sap of the marijuana plant, (cannabis sativa), and has a high content of THC, (tetra-hydrocannabinols), the chemicals which affect the pleasure centers of the brain and which are fat soluble and become a part of the fatty tissue of body cells."

Runaways, totaling seven cases, involved five girls and two boys. The boys and one girl returned to their homes voluntarily, and their parents stated the problems have been resolved. Two of the girls were apprehended by police and turned over to

Asphalt Out For Sidewalks

An ordinance amending the city code deleting asphalt as a permitted material for sidewalks was unanimously approved by the Woods Council at its regular meeting Monday, October 3.

The affected section views driveways to be constructed and says it shall be the duty of the property owner abutting upon any paved street, where a side drive has been provided for such property, to construct and install a driveway of concrete or asphalt between the sidewalk and curb of such street.

It also notes that driveways from the curb to the lot line shall be at a grade as established by the city engineer and to such engineering specifications as established by the city.

No property owner shall install or permit the installation of asphalt so as to cover the sidewalk.

The main reason for this amendment was the concern of city officials over the fact that asphalt, when wet, is more slippery than cement.

Reunion Slated For DCL Class

The Detroit College of Law's, (DCL), class of 1972 is hosting a reunion on Saturday, November 5, at the Detroit Boat Club on Belle Isle.

Graduates from the classes of '71 and '73 also are invited to participate in the reuniting of classmates.

Brownell Plans Parents Night

There will be a Back-to-School Night at Brownell Middle School, 280 Chalfonte avenue, on Tuesday, October 18, at 7:30 p.m.

Parents will meet their children's teachers and learn about the curriculum. They will follow their child's day and go from class to class in the order their child does it.

In past years, parents and teachers alike have found this program to be a wonderful opportunity to become better acquainted with the school program and each other, sources say.

Refreshments will be served at the end of the evening.

their parents or guardians.

Meanwhile, two girls are still missing from their homes, but have been located to the satisfaction of their parents. At present, no further YSD assistance has been requested.

Eleven petitions were filed with the Wayne County Juvenile Court, and five have received formal court action to date.

Woods Okays Park Request

The Woods Council at its regular meeting Monday, October 3, unanimously granted a request from Flotilla 12-11 of the U.S. Coast Guard Auxiliary to utilize the Lake Front Park for its annual frostbite outing, a combination cookout-potluck dinner.

The bid, from Richard V. Olson, of Holiday road, vice-flotilla commander, was for the afternoon and evening of Saturday, October 22.

"The anticipated attendance would be 40 persons, approximately 10 percent would be Grosse Pointe Woods residents. All those in attendance will be members and their spouses, there will be no children," he said in a letter to City Administrator Chester E. Petersen.

Tree Spraying Set in Farms

For the second year in a row, without taking bids, the Farm Council has employed Shock Brothers Tree Service to spray the elm trees in the city next spring.

The council unanimously voted to have the company do the spraying at its regular meeting on Monday, October 3.

"Shock Brothers have been spraying The Farms' elm trees for at least the past eight years," said Police Chief Robert Ferber.

The company buys the materials they need in the fall when the prices are the lowest. They store them through the winter and are guaranteed by the council's vote that they will do the job in the spring.
