THE SHAH OF IRAN concluded his visit to Washington yesterday with a promise to seek a price freeze on world oil prices. The Shah announced at a news conference that he will seek the freeze when the 13-nation cartel of oil-producing nations meets next month in Venezuela. A White House statement released after the Shah's departure said, "President Carter again reaffirmed our support for a strong Iran, noting that Iran's security is a matter of highest priority for this country."

BECAUSE OF HIS PLANS to visit Israel on Saturday, November 19, Egyptian President Anwar Sadat has been denounced by his allies and deserted by members of his own cabinet. Sadat said yesterday upon his return from Damascus, "I am going ... and I always mean what I say." Within an hour, Sadat received foreign minister Ismail Fahmy's resignation. When the president named Mohammed Riad to succeed Fahmy, Riad refused the appointment in apparent protest over Sadat's plans. The Syrian government also sent out a statement rejecting Sadat's trip.

ARAB ANGER over Egyptian President Anwar Sadat's trip to Israel exploded yesterday with attacks on Egyptian embassies in three cities. One person was killed and 19 were injured. In Athens a mob of students in protest seized the embassy and fought a gun battle with Greek police. In Beirut, a rocket attack was launched killing a guard and blowing out windows in the embassy. This was followed by bomb explosions at the Egyptian state airline office in downtown Beirut and near the Egyptian Embassy in Damascus, Syria.

THE UNIVERSITY OF MICHIGAN and football coach Bo Schembechler are on their way to the Rose Bowl. Bo and the mighty men of Michigan defeated Ohio State yesterday, 14-6. Michigan's defensive plays were the major reason for the win before a record-breaking crowd of 106,024 at Michigan Stadium in Ann Arbor. In the final seconds of the game, fans ran onto the field shouting, "Rose Bowl, Rose Bowl" and "Good-bye, Woody!" This is the second year in a row that Michigan will play in the Rose Bowl. Last year they lost to the University of Southern California.

Monday, November 21

BOTH PRESIDENT ANWAR Sadat of Egypt and Prime Minister Menachem Begin of Israel expressed their heartfelt desire for peace yesterday. But the two leaders laid down sharply different terms for an agreement, indicating that the road to peace will still be long and hard. The major cog in the wheel may prove to be President Sadat's request for Israel to withdraw from all occupied Arab territories, including Jerusalem. President Sadat said in this address to the Knesset, "When the bells of peace toll, there will be no hand to beat the drums of war."

Tuesday, November 22

PRESIDENT ANWAR SADAT went home yesterday to Cairo and was welcomed by millions of cheering Egyptians who lined the route from the airport with flaming torches and chanted, "Ya, Sadat!" in pride and affection. Before President Sadat left Jerusalem, he went out of his way to assure Israel of its safety, offering "full security" in exchange for a peace agreement.

Popular Beauty Salon Guttled by Fire in Woods

A fire, which was reported at 11:30 p.m. on Sunday, November 20, completely gutted the Bart Edmond Hair and Skin Salon, 21316 Mack avenue. The blaze, of an undetermined origin, reportedly started at the front of the one-story building and worked its way toward the back. At the scene

GPW Salon Destroyed By Blaze

One - Story Structure Housing Bart Edmond's Guttled by Late Evening Fire On Sunday

One of The Pointe's most popular beauty salons was gutted and totally destroyed by fire late Sunday evening, November 20, when the blaze, of an undetermined origin, originated in the front of Bart Edmond's, 21316 Mack avenue, and diminished in intensity as it spread to the rear of the one-story structure, reported Woods authorities.

At the time the fire broke out, the building was vacant and no one was hurt in the incident.

Concerned over Customers

Woods Det. Lt. Jack Patterson, who was at the scene with investigators from the State Fire Marshal's Office on Monday, November 21, said the blaze was well underway upon the arrival of firefighters, who began their attack at the front of the structure and ultimately opened the back to help ventilate the area.

The fire was discovered shortly before 11:30 p.m. by Richard Monette, 17, of Yorktown road, who was on his

Great Chance Remains To Keep Austin Open

By Susan McDonald

Austin Catholic Prep School still has a "fantastic" chance of keeping its doors open next year despite the Augustinian decision to close it down, according to one of three Austin boosters who traveled to the Catholic order's Chicago headquarters last weekend to meet with school owners.

The three-man Chicago delegation represented the dozens of Austin parents and alumni who organized to save the 25-year-old institution shortly after the Augustinian Provincial Council announced plans to close it next September.

"The Provincial Council has given the go-ahead and their full cooperation," said

Woods Calls Special Meeting to Consider Bids for C Licenses

Hearing, Set for January 23, Will Give All Interested Businessmen An Opportunity to State Their Cases

In an effort to give those reported to be on a Class C liquor license "waiting list" a fair hearing, the Woods Council at its regular meeting Monday, November 21, unanimously called a special meeting for January 23 at which time all interested businesses will have an opportunity to present their case on the issuance of one additional license in the city.

This action was taken based upon Tuesday, November 8, vote of citizens supporting a ballot proposition, by a 2,937 to 960 margin, favoring the adoption of an ordinance amending a title of the city code. This provides that the council may approve or signify its approval of the issuance of one additional license in the community.

City Attorney George Catlin pointed out that the city currently has three such licensed establishments, (Nightgale Lounge, Lochmoor Lounge and the Grosse Pointe Woods Bar, all in Mack avenue), and the council has the authority to approve the issuance of a fourth license. Up to 15 licenses could be issued pending council approval.

Groundwork Laid

"The problem which confronts the council is the number of applicants on the 'waiting list' for a number of years, plus the potential number of new applicants," he said.

Ten establishments are currently on the "waiting list" according to information released by the city, with the council agreeing that the date of January 10 be the deadline for others to join the list.

Mr. Catlin recommended that a separate council meeting be called with all applicants and potential applicants "to ascertain if they are still interested, and then establish an orderly procedure for them to come before the council with their proposals," e.g., type of establishment.

At that time, the council will be able to consider the applicants based upon their presentations. The council could then recommend applying for a license.

City, Suburbs Panel Subject

A panel discussion on "Detroit and Suburbs: Conflict and Cooperation" will be held Monday, November 28, at the War Memorial, 32 Lakeshore road, at 7:45 p.m.

Panelists will include Pointe School Board Trustee Joan Hanpeter, Detroit Deputy Mayor Richard Simmons, Metropolitan Fund Vice-President Donn Shelton and attorney George Roummel.

Chairing the discussion of ways in which Detroit and its suburbs can work together to resolve mutual problems will be Ronald Haughton, vice-president of urban affairs at Wayne State University.

There is no admission charge and the public is invited.

The program is sponsored by the Grosse Pointe War Memorial Ass'n., Detroit Council for World Affairs and Wayne State University Center for Peace and Conflict Studies.

GPW Group Ready to Give Awards

Beautification Commission to Cite Businesses, Churches, Schools at Third Annual Event

By Roger A. Waha

Businesses, churches and schools will be honored with "certificates of appreciation" when the Woods Beautification Commission holds its third annual "Awards Night" presentation Wednesday, November 30, in The Woods council chambers at 8 p.m.

An estimated 100 certificates will be presented to those who have made an effort to improve the appearance of their property this year. At the same time, a special plaque will be given to the business whose property reflects an exceptional display of beauty, while six runners-up for the honor also will be cited.

This is a big night for the commission with chairman Dr. Albert C. Howe hoping for a good turnout from businesses, schools and churches, along with the citizenry, at the ceremonies.

Several Areas Viewed

Unlike the past two years, an "Awards Night" committee of four went throughout the community grading buildings and grounds on a point system basis, e.g., neatness, 10 points; building, greenery, awning and windows, five points each. Out of a possible total of 30 points, a business would need 20 points to receive a certificate.

The criteria used by the committee for neatness was the overall appearance of the entire setting, for building, its general appearance, for greenery, how well kept it is, for awnings, overall maintenance and cleanliness, and for windows, cleanliness and appearance of any window displays.

Dr. Howe said the key to the entire program is the interest and efforts made in the beautification area by the various entities. "We want to recognize people who are interested in their business and the city as a whole," he said.

In 1975 and 1976, over 80 such certificates were given, recalled Dr. Howe, who, in noting many more certificates will be presented this year than originally intended.

Arson Cited As Cause of Nine Fires in GPF

Blazes All Reported Within Two-Week Period with Garages Prime Target; Police Have Profile of Suspect

Police suspect arson as the cause of nine fires which have occurred in the Merriweather road-Mount Vernon road area in The Farms within a two-week period. All of the blazes are under investigation.

"They've been the kind of fires that just don't start by themselves. Someone is setting them," Farms Det. Earl Field said.

Police said that they do have a number of suspects. "We're running down leads on 30 suspects," said Chief Robert Ferber. "The person who's doing this is definitely emotionally disturbed."

Chief Ferber also noted other police agencies helping The Farms on the case are the Youth Service Division and the State Crime Lab, while extra patrols have been assigned in the area.

Others Assist

The first fire occurred on Saturday, November 5, at 12:30 a.m. Leaves and wood were set ablaze in a garage in Merriweather road.

The second fire was reported 17 minutes later when the roof of a house in Mt. Vernon road was found burning. Later that morning a baby-buggy was torched in a garage in Merriweather road.

Then, on Monday, November 7, another garage fire was reported in Cloverly road.

The rest of the week remained quiet until Sunday, November 13. At approximately 8:30 p.m. another garage in Merriweather road broke into flames.

The next fire occurred on Thursday, November 17, about midnight. An 18-foot boat stored in the backyard of a home in McMillan road was found burning. The fire was contained inside the boat under a tarp that had been placed over the craft for winter storage.

Traits of Suspect

The next night, Friday, November 18, two fires were reported. At 11:08 p.m. police arrived at a Mount Vernon road home to find the garage on fire with extensive damage resulting to a car and boat inside.

The next report came in at

Correction

Contrary to what was reported last week in the page one story, "New Policy on Grades Approved," teachers—not principals or other administrators—will make the final determination on grades when a student has received failing marks for three of five semester grades or has failed a required course project.

Principals, however, must approve the assignment of grades lower than the weighted mathematical average for the marking period.

GPW Offers Reward for Arsonist

Anyone Sharing Information Leading to Arrest of Suspect Will Receive \$1,000

By Wendy K. Settle

The Farms is offering a \$1,000 reward to any person submitting information leading to the arrest of the person or persons who have been committing the arsons in the community. Nine fires have been set in The Farms since Saturday, November 5.

The council approved the reward offer at its regular meeting Monday, November 21.

Residents from the Merriweather road-Mount Vernon road area where most of the fires have occurred packed the chambers.

The unanimous vote, which came under "other business" on the agenda, was the result of a plea from citizens and Police Chief Robert Ferber.

Appeal Bigger

"We need the citizens' help in this matter," Chief Ferber said. "But the reward is not geared toward the adults, it's directed toward the young friends of the arsonist. In the profile of the suspect, I said he has probably told one of his friends what he is doing. In turn that friend has probably told someone else. Those are the boys we're appealing to."

Chief Ferber spoke to the audience for about 10 minutes, explaining the profile of the suspect, the crime triangle and what they, the citizens, can do to prevent more fires and help the police.

A two-hour discussion followed between the chief, the residents and the council, during which Chief Ferber noted that the fires seem to be getting bigger and, if they continue, "There is the possibility that someone may be killed."

The person or persons committing the crimes have basically restricted themselves to garages but recently a house roof was set ablaze.

Hold on Tight

The residents asked what they could do if they saw a suspect or caught him in the act.

"Hold him!" Chief Ferber said. "Physically hold him and call us."

GPW Seeks to Alleviate Brys Traffic Problems

By Roger A. Waha

Based upon a report from its traffic safety officer viewing the Brys drive-East Eight Mile road area, the Woods Council at its regular meeting Monday, November 21, unanimously concurred with four recommendations toward alleviating heavy traffic conditions at that location.

In his report, Officer Paul Crook gave a breakdown of traffic counts, enforcement regarding the issuance of tickets and a meeting held Monday, November 7, between public safety officials, city planning consultant Brandon M. Rogers and representatives from the AAA and Harper Woods and St. Clair Shores Police Departments.

After much discussion, the

consensus of opinion of those attending the meeting of the 7th was the following:

1) East Eight Mile and Brys drive traffic volume was too high and the solution would be to reduce the volume by spreading it out over surrounding streets or to Harper avenue or Vernier road.

2) The majority of traffic using East Eight Mile and Brys is going to an area north of Vernier, east of Mack.

3) Part of the problem is the truck drivers and others, strangers to the area, who are looking for an Eight Mile road address. They do not know that Vernier is an extension of commercial Eight Mile.

City Okays Plans for Building

Efforts of Neighborhood Club Toward Serving Needs of Elderly Takes Big Step Forward

By Susan McDonald

The City Council gave enthusiastic approval to Neighborhood Club plans to build a center to serve recreation and social needs of The Pointe's senior citizens at the council's Monday, November 21, meeting.

To the clapping and cheers of dozens of Neighborhood Club supporters present at the meeting, the council unanimously approved three zoning variances to allow the club to expand its present building onto two lots in Waterloo avenue.

The proposed addition, designed by local architect H. Sanborn Brown, will include large activities rooms, recreation areas, meeting rooms and offices, all designed to accommodate the special needs of seniors.

Cites Initiative

Club officials will begin work to develop plans to raise funds for the building project this week, according to director John Bruce.

City Mayor John King applauded the club's initiative in seeking to serve The Pointe's large senior population.

Based on statistics gathered by the club, seniors make up an estimated 20 percent—almost twice the national average—of The Pointe's population. The club estimates there are at least 10,000 persons 60 years or older living in the five Pointes.

"We have been looking for a long time for something to do for our seniors," said Mr. King. He noted that, according to the club's figures, about 21 percent or almost 1,400 City residents are 60 years and older.

"On our small budget, we couldn't afford to do much for seniors. This project, however, should be a benefit to all the elderly residents and the community as a whole."

High Priority Needed

The proposed building will add 9,600 square feet to the club's current facility, 17150 Waterloo avenue, to accommodate club meetings, recreation programs, instructional

Hill Expansion Subject of Talk

By Wendy K. Settle

The Hill Expansion plan was the major topic of conversation at the Grosse Pointe Garden Club's meeting on Monday, November 21, when Shep Norton and Frank Sladen of the Hill Merchants Ass'n. discussed the plan at the Central Library, 10 Kercheval avenue.

Through the use of visual aids, Mr. Norton and Mr. Sladen explained the concept, reasons and value of the plan to club members.

When the presentation was over, a plea was made to the garden club for assistance in the planning and beautification involved in the project.

Since the club is presently involved in a beautification project in Lakeshore road which will last about two years, the ladies told Mr. Sladen that their project would have to be completed first.

Mr. Sladen, laughing, replied, "Well that's about when, (two years from now), we'll probably be getting started anyway."

The talk to the garden club was part of the ongoing program the pair are conducting to inform the residents about the Hill Expansion plan and to get feedback from the community.

The two merchants will continue their "information and opinion study" through spring when The Farms traffic study will be presented.

Woods Police Pick Officers

Members of the Grosse Pointe Woods Police Officers Ass'n. held an election of officers for the year beginning January 1 earlier this month, and Stephen Petrik was re-elected president for a second term.

Others selected include Det. Charles Philip Hamel, vice-president, John Harwood, secretary, and Michael Cavanagh, treasurer.

courses, social service offices and travel programs.

"We really must have the extra room if we're to offer a strong senior citizen program," Mr. Bruce told the council. "Our current building is used to capacity and presents some severe barriers to seniors, especially in the number of stairs."

Two of the necessary variances were approved without opposition. They included a reduction of the side yard requirement from 25 to 18 feet on the north end and a reduction from 25 to 3.6 feet of the south side yard.

The third variance, to reduce off-street parking requirements from 182 to 75 spaces, caused concern among some citizens and The City's planning consultant, Brandon Rogers.

Mr. Rogers made it clear to the council that a high priority must be placed on finding extra parking areas to serve the facility if The City is to avoid the kind of side street congestion that has plagued parts of the community, especially around Bon Secours Hospital, in recent years.

"I think parking is a seri-

ous problem that's not going to be washed away by approving a nice looking building that is going to serve a real community need," Mr.

ed, felt this was a positive sign in some respects.

"This indicates more activity and an awareness," he said. "If we get too exclusive we will disappoint and discourage people."

On the other hand, a few people have indicated the feeling that the commission may be spreading themselves too thin regarding the number of businesses receiving certificates.

In relation to this, Dr. Howe said next year the group may change its format of eligibility for the certificates, toward a more tougher criteria. Citing the current and past approaches of a general survey of small and large businesses, he indicated the possibility of placing businesses, for instances, in small, medium and large categories of competition.

If this approach became a reality, the criteria would go from the general to the specific.

The commission, which was initiated in the fall of 1974 and became a reality in the spring of 1975, has had an impact in the community. In the three years leading to this latest "Awards Night," Dr. Howe has seen some positive changes on the beautification front, since the first group of certificates was presented.

"Everything is definitely on the upswing. It takes time for people to become aware of what we're trying to bring in front of them," he noted, while citing the enthusiasm of many businessmen over "Awards Night" and the contagious feelings surrounding the presentations.

In relation to this beautification consciousness, he also praised the Grosse Pointe Merchants Ass'n., whose goals are similar to those of the commission.

Besides many merchants, city officials are scheduled to participate in the event, with council members, for instance, receiving special invitations by letter. Refreshments will be served after the ceremonies.

Staffing was one of the main reasons the Augustinian Fathers chose to close down the school.

Since 1972, the number of Augustinians involved in secondary education has dropped from 90 to about 60, according to releases from the council. That number was considered insufficient to staff all four Augustinian-operated schools, including one in Tulsa, Okla., and two in Chicago.

The order announced it would close the school on October 26. In addition to the shortage of manpower, it cited Austin's five-year decline in enrollment and the plentiful supply of seats in other local Catholic schools as reasons for its decision.

Enrollment at Austin now stands at 427 students and has dropped by about 30 students each year for the past five years.

Besides Mr. Lundy, other Austin supporters traveling to Chicago were Patrick Caron and Edward C. Roney Jr.

Rogers warned.

In defense of the reduced parking requirements, Mr. Bruce pointed out that through sensible scheduling of activities, congestion usually can be avoided. A study of the current parking facility shows the lot is often used to only one-half its capacity, he added.

Mr. Bruce announced the club's tentative plans to expand services to seniors this October. The building and activity proposals are the result of a year-long study of The Pointe's senior population and an examination of successful seniors' programs in other communities.

Neighborhood Club program director Jon Austin recently received a certificate in gerontology at the University of Michigan and helped develop the present senior activities, including the 600-member Village Club, during the last year.

The club has completed 65 years of operation in The Pointe and currently provides about 170,000 hours of recreation programs for a paid membership of about 6,200 persons.

which was previously run by the Sisters of the Sacred Heart.

A committee including parents, professionals and representatives from the Archdiocesan School Office will prepare a comprehensive proposal detailing their plans to operate the school to present to the Provincial Council.

The council has agreed not to lease or sell the property to anyone for 60 days while that report is prepared.

The council also granted the committee full access to Austin's financial records over the last five years, Mr. Lundy noted.

According to a letter sent out early this week to Austin parents, 22 of the 24 current faculty members have volunteered to remain with the school after it changes hands.

City Reports Two Burglaries

A University road couple arrived home after an evening out Friday, November 11, to find their house had been ransacked and a number of valuables stolen, according to City police.

Entry into the home was apparently gained through a rear door which may have been left open, police said.

Articles reported missing include a television, stereo turntable, receiver and speaker system, binoculars, travel checks, a pay check, savings bonds, a typewriter, bank book, jewelry and a small amount of cash.

Two days later, another citizen reported a Rivard boulevard home had been broken into and completely ransacked. The homeowners are out of town, and have

not yet determined what items are missing. Entry into that home also was gained through a rear door, police said.

Letting others do your thinking is just thoughtlessness.

Star of Sea Students Welcome 'Cookie'

Students from the elementary School of Our Lady of the Sea were delighted when the Cookie Monster from "Sesame Street" came to visit them. The children had sent out invitations to "Cookie" when they heard he would be in town performing at the Olympia, with the Ice Follies. "I couldn't resist those won-

derful, colorful invitations the children sent," Cookie nodded. So on Friday, November 18, at 11:15 a.m. he appeared to sing and dance and eat cookies, of course. And as he trotted off, blue fur flying, he left about 60 children smiling and happy . . . but fresh out of cookies.

Group Seeks Merchants' Help to Assist Retarded

By Susan McDonald
Groups working to aid the mentally retarded across the nation annually designate November as the focal point for their activities and, in Grosse Pointe, supporters have chosen this month to launch their first major fund-raising drive.

The drive is aimed at local businesses, which will be asked to become honorary members of the Grosse Pointe Ass'n. for Retarded Citizens, (GPARC), at a tax deductible cost of \$25 a year. GPARC President Hal Cornelius said letters should begin going out this week to local merchants asking them to demonstrate their community involvement by financially supporting GPARC and its goals.

The fund raiser is aimed at providing a financial back bone for one of GPARC's most important projects—the establishment of a residential care center for The Pointe's mentally retarded citizens.

Such homes generally house between eight and 16 persons, living in the community under the guidance of a team of social workers or trained educators.

Sheltered work programs, such as the one operated by the Wayne County ARC in East Warren avenue, provide daytime activity and some financial security to home residents.

Residential homes are considered by many to be the most functional and humane care institutions for older retarded citizens, and, at the same time, provide a solution for one of the most troubling problems faced by parents of retarded children, i.e., providing a long-term, secure place in society for their children to live out their lives.

Project chairman Ray Costan said GPARC hopes to raise \$10,000 seed money for such a home in about three years.

"This is just a beginning," Mr. Costan said. "We know it can be done because other communities have been very successful with this kind of fund raiser."

GPARC is made up of about 70 local citizens, most of them parents of a retarded child. They have lobbied and raised funds to support summer education programs for their children and revisions in the state school code to expand services for the retarded.

The national ARC organization in 1950 and has grown to include more than 300,000 members affiliated with almost 2,000 state and local units.

The national association has embarked on a new campaign this year to search for cures for mental retardation.

Suspect Faces Robbery Charge

A suspect in the October 23 holdup of Little Caesar's, 19619 Mack avenue, was arraigned on an armed robbery charge before Woods Municipal Judge J. Patrick Denis on Friday, November 18, after being selected in a line-up, reported Woods Det. Charles Philip Hamel.

On that date, Patrick S. Roelans, 19, of Detroit, was placed in a line-up of five males fitting the same general description of the suspect as given by the complainant. The line-up was held at the Wayne County Jail.

Upon being picked out by the complainant, the youth was arraigned and stood mute at his hearing with a not guilty plea being entered in his behalf by the court. Bond was set at \$5,000, two sureties, or 10 percent, with Roelans' examination date being scheduled for Friday, November 25.

The suspect is alleged to have held up the restaurant at gun point, taking an estimated \$210 in cash. Det. Hamel said he was stopped in the area right after the incident occurred by Harper Woods police with no evidence of the crime being found. He was then turned over to Woods police for investigation.

Seniors' Site Has Birthday

Senior citizens at The Pointe's Food and Nutrition Site, housed in the Grosse Pointe Woods Presbyterian Church, 19050 Mack avenue, and sponsored by Wayne County, will be celebrating the site's first birthday on Tuesday, November 29.

Site co-director Mary Alej, in assessing the group's first year of activities, said, "There's a lot of interest going on with the people realizing senior citizens around here have needs." One of several programs which the group has established is a telephone re-assurance program.

Besides a noon-time lunch for seniors 60 and over, meals for the homebound also is a key point of the program.

And as for meals, a total of 250 Thanksgiving dinners were served on Monday, November 17.

The man who trusts no one but himself should include himself.

Nine Fires in Farms

(Continued from Page 1)
11:59 p.m. when a garage in Lathrop road was found burning.

Twelve minutes later, (on Saturday, November 19), another garage in McKinley was torched.

Police have conferred with a criminal psychiatrist and have come up with a profile of the suspect. The 13 possible traits of the suspect include the following:

- Age 13 to 20.
- A white male who lives in the area.
- Travels on foot, alone.
- He has probably been recognized in the act by a neighbor.
- Uses readily available combustibles.
- He uses readily available accelerants.
- Uses matches.
- Sets fires so edifices

burn 15 to 20 minutes before they're noticed.

- He has a deep emotional problem, (i.e. schizophrenic).
- Is a vengeful person.
- His parents are probably aware of the problem.
- He has probably been treated in the past for emotional problems, but is not under treatment now.
- He has probably told a friend about what he is doing.

Offers Suggestions

Chief Ferber noted that the residents in the area should be aware of what's going on and how they can protect their property.

"There is in any crime, what is called a crime triangle," he said. "The points of the triangle are opportunity, desire and a victim. We can't control the desire but the residents can prevent the opportunity, thereby eliminating the victim."

He continued by suggesting five ways in which residents can protect themselves: 1) Turn on all exterior lights from sundown until 1 a.m.; 2) Lock garage doors; 3) Have broken doors repaired; 4) Remove all combustibles from garages; and 5) Notify police of all suspicious people in the area.

Council Approves \$1,000 Reward

(Continued from Page 1)
"Wouldn't the citizen then leave himself open to a lawsuit?" one person asked.

"Yes," the chief added, "but what is the alternative? If you use common sense and don't hurt him you will definitely have a legal leg to stand on. But if the citizens don't do anything about the problem, then the alternative is to live in fear for your property and maybe even your lives."

The organization of block groups was discussed, and many residents offered their time to help the police by patrolling their neighborhood. Chief Ferber offered to assign a liaison police officer to help the citizens form a block group.

One citizen noted, "I think the attendance here reflects the concern of the citizens in this matter. We're here to help stop this problem."

Information on any and all suspicious persons or incidents must be conveyed to the police.

Need All Info

"We need any information you, (the citizens), can give us," the chief said. "You don't have to give your name or address or anything, just tell us what you know or suspect. We'll follow up on it, and no one will ever know where the lead came from."

Citizens do not have to give their name in order to be eligible for the reward. If they wish to remain anonymous, they should make up a five digit number, keep a record of that number and all calls or letters should have that number for identification.

There are five conditions surrounding the reward including the following:

- 1) If identical information is received, the first person submitting the information will get the reward.
- 2) If the tip is received by mail, and the post marks have the same time, the reward will be shared.
- 3) Arrest and conviction must be made on the suspect.

4) No employee of The Farms or The Woods or a member of his family is eligible.

5) The Farms Council will make the final decision on the issuance of the reward. "This is a serious matter," Chief Ferber said in concluding his talk. "We're doing everything possible to stop this crime, but we need your help."

Dissent Follows GP Park Swearing-In Ceremonies

By James J. Njaim

Before the regular business of the Park Council on Monday, November 14, City Clerk Nunzio J. Ortisi administered the oaths of office to Mayor Matthew C. Patterson, who was re-elected to a two-year term, and to incumbent Councilman Douglas G. Graham, who was elected to a four-year term, and to newcomer Ann M. MacDonald,

who also will serve for four years.

Mrs. MacDonald took over the council seat vacated by Mrs. Camille Peterson, who did not choose to run again for personal reasons. The city election was held on Tuesday, November 8.

Councilman George J. Verdonck, who also was given another four-year term by Park voters, was unable to attend the ceremony or council meeting because of pressing business.

He can be sworn in at his convenience at the municipal building, 15115 East Jefferson, or wait until the next regular council meeting scheduled for Monday, November 28, at 5:30 p.m., noted Mr. Ortisi.

The city clerk said it is more than likely that Mr. Verdonck will be called to the municipal building to take his oath of office, so that he can assume his duties without interruption.

Mr. Verdonck, who has been councilor for finance for the past two years, was to have been re-appointed to that post by Mr. Patterson, but because of his absence and because he must first take the oath, this was postponed until the next council session.

While the mayor appoints the councilman for finance, with the approval of the council, the council nominates and voice votes on the post of mayor-pro-tem.

Councilman Charles S. Tompkins, presently holding the post, was nominated for another two-year term by Councilman Dr. Roger F. McNeill. The nomination was seconded by Councilman Clayton P. Alandt.

The mayor called for any further nominations and Mrs. MacDonald nominated Mr. Graham, who seconded the nomination himself. With no further names submitted, Mr. Patterson called for a vote, announcing that he will vote with the majority either way.

When asked for a legal opinion, City Attorney Richard Rohr ruled that the second nomination took precedence over the first under a city ordinance.

"When the mayor requested a roll call vote by Mr. Ortisi, Dr. McNeill, Mr. Alandt, Mr. Tompkins and the mayor voted against Mr. Graham.

When the mayor called for an adjournment of the meeting and announced that there will be an executive session in his office, Mr. Graham, apparently angered over the voting, got up and left the municipal building.

Clerk Thwarts Young Gunman

A 16-year-old male was thwarted in his attempt to hold up the Denby Cleaners, 15029 Kercheval avenue, on Wednesday, November 16, when a woman clerk ran screaming from the building.

The youth, rattled by the screams, fled the area without taking anything, said Park Police Lt. Gordon Duncan.

The lieutenant stated the youth entered the cleaning establishment at about 11:40 a.m. with a cape draped over his arm, asking the employee the cost of cleaning the garment. When she quoted the price, the would-be bandit stated it was too much, pulled out a revolver and announced a holdup.

The woman, on sighting the weapon, ran from the building screaming as loud as she could, apparently unnerving the gunman, who also fled the building, going west on Kercheval and then north on Wayburn before disappearing. A police search of the area was unsuccessful.

The clerk described the youth as black, in his teens, about 16 years old and 5'8" tall. He was of medium build and had "corn row" set hair and was wearing a three-quarter length off-white vinyl jacket and dark trousers.

Speed Reading Class Slated

Ways to read faster and remember more will be demonstrated in a Speed Reading Seminar at North High School, 707 Vernier road, on Wednesday and Thursday, December 7 and 8.

The two-hour seminar will introduce North students to the fundamentals of more efficient reading.

Applications are available in the counseling center at school.

Only a few more days now and there'd better be a Santa Claus.

Salon Blaze

(Continued from Page 1)
way home from a theatrical rehearsal at Austin Prep.

The boy's father, Leo, said his son spotted smoke and flames emanating from the building. "After coming inside, he was so excited he couldn't talk to me," said Mr. Monette. After calming down, the lad notified Woods firefighters, who responded to the scene along with personnel from St. Clair Shores.

Sgt. James Davidson said unfavorable wind conditions were battled by about 19 firefighters, (11 from St. Clair Shores and seven from The Woods), which, if a good attack wasn't made, could have played havoc with other businesses in the block.

As it was, all buildings suffered smoke damage, while the Michigan Cancer Foundation office next door to the salon also received some soot and water damage.

While visibly stunned by the fire which destroyed a \$600,000 per year business, owner Bart Edmond also was concerned over the needs of his customers. He quickly made arrangements to set up temporary headquarters, by renting space, through the courtesy of David F. David Salon, 20902 Mack.

"Closer Together" Mr. Edmond wanted to inform all his customers that he can still be reached at his old number, 888-6060, or by calling David F. David at 888-3050.

"There's nothing left, I've been burned out just like a cigarette," he said, while estimating the overall damage at around \$100,000.

His business has been in the community for eight years, and Mr. Edmond, in attempting to make the best out of a disheartening situation, noted, "Everyone from the whole industry, (i.e., local beauticians), have all come to my rescue. I hope to be back in business as soon as I can. Leon, (Leon Sehyon), offered his shop and so did David. I want to stay at the location to accommodate my clients."

Saying his staff of 35 employees including part-time help has just been wonderful, Mr. Edmond added this "terrible crisis" has "brought us closer together."

Offers College Test Workshop

A three-hour workshop designed to introduce high school juniors and seniors to the College Board tests will be offered Tuesday, Wednesday and Thursday, December 13, 14 and 15 at North High School, 707 Vernier road.

During the sessions students will have an opportunity to work sample problems and ask questions concerning the tests.

The final workshop for this school year will be offered in January. Students should sign up in the counseling center now to guarantee a place in the workshop.

GPW Abduction Attempt Fails

A 23-year-old Detroit woman, a nurse at Saint John Hospital, escaped unharmful after a man attempted to force her into his car at gunpoint after she arrived for work on the midnight shift late Tuesday evening, November 15, reported Woods police.

A suspect, who was arrested by the Oakland County Sheriff's Department over three and a half hours later, (early Wednesday morning, November 16), verbally confessed to the incident but wasn't picked out in a lineup Thursday afternoon, November 17.

As a result, Woods authorities have no case at this time, said Det. Lt. Jack Patterson.

The nurse told Officer James DaDeppo she parked her car in the hospital lot near the security guardhouse and walked toward the hospital. At this time, the suspect pulled up next to her, pointed a gun and said, "Get in the car."

She ran and hid behind a light pole and then dashed into the security office located by the emergency room.

The escaping suspect was last seen on the west side of the hospital parking lot traveling toward Moross road. The department subse-

quently received a message from the Oakland County Sheriff's Department saying a 21-year-old man was apprehended, for allegedly following another woman into her home and making advances toward her.

After his arrest, he admitted to having stopped a woman, (the nurse), and ordering her into his auto at gunpoint. He said the woman ran and he drove off with the incident occurring off of I-94 in a hospital parking lot.

The suspect was caught after a woman said he followed her into her home and made advances toward her with a gun in his hand. The woman's daughter was awakened by her yelling and called the Oakland County Sheriff's Department.

When authorities received the run, their car was only three houses away.

PWP Schedules Talent Auction

The next general meeting of the Grosse Pointe Chapter 192, Parents Without Partners, (PWP), will be held Friday, November 25, at the War Memorial, 32 Lakeshore road.

Coffee and conversation begins at 7:30 and the meeting at 8:30 p.m.

Program for the evening will be an auction of member talents, specialties and services to be carried out at some future time.

The pay is better if you try to get ahead — rather than even.

Bids will be taken for window washing, snow shoveling, house and car repairs, home cooked meals, baby-sitting, mending, light landscaping or whatever else may be offered.

This event is a repeat of last year's auction which proved to be fun for everyone participating and added funds to the family activity account.

An afterglow, place to be announced, will be held following the auction for services.

It is not necessary to be a resident of one of the Pointes to become a member of Chapter 192.

Discussion Set on Child Abuse

"Child Abuse-Neglect, Your Responsibility," will be the subject of a panel discussion sponsored by Bon Secours Hospital at the War Memorial, 32 Lakeshore road, on Tuesday, November 29, from 7:30 to 9:30 p.m.

Speakers will include Dr. Paul M. Zavell, a pediatrician at Bon Secours, Judge Y. Gladys Barsamian, of the Probate Court, juvenile division, Dr. H. Mark Hildebrandt, clinical associate professor of pediatrics at the University of Michigan Medical School, and Michael Fa-

bick, a Wayne County social worker.

Admission to the discussion is free, but reservations must be made in advance by calling 343-1668 or 343-1508.

Slowly, but surely, Americans seem to be becoming concerned about the nutritional quality of their food. The trend shows mostly in the increase in the consumption of foods thought of as 'healthy,' such as yogurt and cheeses. Another indication is the jump in the consumption of whole wheat flour. Whole wheat flour contains many nutrients that are absent in refined white flour. Since 1960 the yearly consumption of whole wheat flour by Americans has jumped 1200% from 1/2 pound per person to 6 pounds per person. That is a lot of vitamin B.

You'll find many foods high in nutritional value at VIM & VIGOR HEALTH FOODS, 21151 Mack, 886-9466. Board, NHS Booster Club Combine to Back Building

By Barbara Sobczak

Up to \$10,000 will be made available by the public schools for the construction of a storage/concession building at North High School, the School Board decided at its Monday, November 14, meeting.

The North Athletic Boosters Club, who will operate the concession stand, agreed to provide the additional funds needed for the construction, which is expected to cost about \$20,000. The building will be used to store large equipment close to the playing fields and also will house the refreshment stand.

At an earlier meeting, the Board said that the Booster Club would be asked to pay back the \$10,000 in two years unless the Board decides its financial condition warrants waiving this requirement. A gift of nearly \$7,200 from the Boosters to the North Athletic Department also was accepted at the meeting.

Preliminary drawings of the storage/concession structure provided by architects Stew-

art-Adams Associates, of East Detroit, were accepted and bids for construction are now being received. The Board will rule on these at its Monday, December 12, meeting and construction is expected to begin soon afterward.

According to Ben Zenn, school director of support services, the plans call for a building of 48 by 25 feet to be located next to the bleachers away from the varsity baseball diamond but near the track.

"We are hoping to do it in brick to match the high school if possible," he said.

A storage room of 36 by 25 feet would be used to store equipment which is difficult to carry from the school. According to Principal G. Bruce Feighner some items have been stored at Parcels School in the off season and in North's hallways when needed because there is no room.

Mr. Feighner said that the Boosters Club first suggested the building more than two years ago and has been working toward it since that time. Board Trustee William Huettnerman expressed support for the activities of the Booster Club in accepting its latest gift to the school but said he was concerned about possible inequities in the donations in favor of boys over girls sports.

"It doesn't seem like justice when only about \$1,200 out of \$7,000 goes to the girls," he said.

After several comments from citizens on this subject, Superintendent Dr. William Coats said the Board will make an effort to support equal distribution.

The donations accepted included \$1,760 for girls swimming, track and softball, and \$3,602 for boys basketball, wrestling, tennis, track, baseball and swimming. The rest went to various other uses in the athletic department.

Center Hosts Dorsey Band

The War Memorial's 1977 Lighter Side of Life series will come to a finale Thursday evening, December 7. By special license a subscription cocktail party will be held in the foyer of the Center's Crystal Ballroom, 32 Lakeshore road, at 6:30 p.m. Dinner will follow in the ballroom especially decorated for the holidays.

After the black-tie dinner, guests will adjourn to the Fries Theater to hear the Tommy Dorsey Band directed by Buddy Morrow in concert renditions made famous by Dorsey.

Following intermission, patrons will reassemble in the ballroom for a cabaret style with bar service, to participate in dancing to the big band sounds until midnight.

This evening is offered complete with subscription cocktail party, full course dinner, (tax and service included), concert and dance with bar service for \$18.50. One may attend the concert and dance only, (while places last), for \$9.50.

Both full evening and concert and dance only tickets are available in limited amounts at the Memorial office.

EARLY DEATHS
Sixteen newborns out of every 1,000 die before their first birthday, according to the National Foundation-March of Dimes. This means that some 36,000 infants die before they are 28-days-old and an additional 14,000 babies fail to live out their first year of life.

NHS Students to Visit Capital

Senior Mary Strek and junior David Joseph have been selected from a large group of highly-qualified students to represent North High School at the Presidential Classroom in Washington, D.C., this year.

Funds for the study session each student will attend come primarily from the Grosse Pointe Rotary Club.

During January and February, Mary and David will spend a week in the capital, attending group lectures, hearing speakers from various branches of government,

participating in small-group seminars and touring offices and buildings.

Students who applied for the scholarships were expected to have a grade point average of 3.2 if a senior or 3.5 if a junior.

The scholarships cover the cost of tuition for the classroom, and students provide their own transportation to and from Washington, D.C.

No man knows his best days until they're added to his past.

Parcels PTO Slates Bazaar

A varied selection of holiday gifts, handcrafted by dealers from throughout southeastern Michigan, will be featured at Parcels Middle School's fourth annual Holiday Bazaar on Saturday, December 3, from 10 a.m. to 5 p.m.

Needlework, ceramics, copper craft, jewelry, paintings, flower arrangements and baked goods will be offered for sale at the school, 20600 Mack avenue.

A light fried chicken lunch will be served from 11:30

a.m. to 1:30 p.m. Baby-sitting will be provided by Girl Scout Troop 327, while Boy Scout Troop 479 and their fathers will direct parking.

Funds raised by this PTO-sponsored event will be used to supplement education programs.

Bazaar chairman Marie DuCoin may be reached at 884-4075 for further information.

Well-laid plans for the future assure no regrets for the past.

Unemployment Bill Discussed

A bill which could involve extending unemployment benefits to non-teaching school employees for the summer, Christmas and spring vacations is currently under consideration in Lansing, Trustee Laurence Harwood reminded Pointers at the Monday, November 14, meeting of the School Board.

Mr. Harwood urged people to write to Lansing to ask that Senate Bill No. 714 be passed through the House as it stands.

There have been amendments proposed to the bill which could force the public schools to pay added unemployment insurance coverage for secretaries, custodians and other school employees.

These workers are already covered in case of layoffs but, not for the regular school vacations.

"This proposed change could cost Grosse Pointe more than \$20,000 extra a year and millions more statewide," Mr. Harwood said.

He added the long vacations, rather than a hardship, could be the most attractive part of a school job for some people.

"Many workers take such jobs just because they are only for 10 months a year," he said.

Anyone wishing to write concerning this issue should address letters to Rep. Daisy Elliott, House Education Committee, Room 112, State Capitol, Lansing 48909.

Park to Hold Holiday Sing

The Park will celebrate the Christmas season with a family Holiday Sing on Monday, December 5, from 7 to 9 p.m. at the Old Bathhouse on Windmill Point drive.

Santa Claus will be on hand to meet the children, and the Grunyns, a local chorus, will entertain at this event, sponsored by the Grosse Pointe Park Civic Ass'n.

You might think that one of the most sought after jobs in the world would be that of winetaster. But imagine trying to sort out and judge thousands of tastes a day. If you have ever tried describing the taste of an apple for instance, never mind the difference between two apples of the same type, you have a sense of the problem. To be a winetaster, you have to know wines almost by instinct, that is, if you want to do it for a living. But, for most of us, it is enough to know that it tastes good or it doesn't.

You don't have to be a professional winetaster to enjoy a winetasting party; we at PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626 will be happy to help you set up a winetasting party of your own—it's a great way to entertain for the holidays. And don't forget to pick up a bottle or two to compliment your Thanksgiving turkey; we feature a full selection of imported and domestic wines. Hours: 10-10 Mon.-Thur., 10-11 Fri., Sat.

Wine tasting parties are best when limited to a variety of one type of wine.

South Coach Sees Team Green But Competitive

By Wendy K. Settle

"South High has always had a good athletic reputation, and I think we're respected for our ability," said Chuck Hollosy, director of athletics at South.

Mr. Hollosy's interest in the athletic department is now being geared toward the varsity basketball team of which he is the coach.

"About 60 guys came out for the team this year," he said. "But I have to keep the squad between 12 to 15 players, so I had the hardest job a coach can have—when you have to start cutting."

Last year's team had a record of 13-8 and won the Eastern Michigan League championship.

"We were disappointed last year because we thought we should have had a better overall win record. But when you win the league championship you really can't complain," Mr. Hollosy noted.

This year's team is "pretty green," he said, even though six of the 15 players are seniors.

"Two of the six seniors are lettermen. The other four didn't play enough last year. That's why I say we're green. But the guys have got a real competitive spirit," he said.

There are four seniors from whom Mr. Hollosy expects consistently good play. They are forwards Gordie Erley and Tom Geist, center Jim Parsons and guard John Hartman.

"Hartman has good leadership on the floor," Mr. Hollosy added, "and you may re-

member Erley and Geist were on the football team. Parsons has been on the team since he was a sophomore.

"The team has good speed this year. And I foresee a real team effort to win these games. Physically we're not big, (the tallest man on the team is 6'7"), but I think we're capable."

South High's schedule for this year shows Highland Park, away, December 2; North High, away, December 6; L'Anse Creuse North, away, December 9; Notre Dame, home, December 13; Sterling Heights Stevenson, home, December 16; and Lakeview, away, December 20.

January starts out with Lakeshore, home, January 3; Port Huron, away, January 6; Port Huron Northern, away, January 10; Mount Clemens, home, January 13; North High, away, January 17; Roseville, away, January 20; East Detroit, away, January 24; L'Anse Creuse North, home, January 27; and Sterling Heights Stevenson, away, January 27.

The season ends in February with Port Huron, home, February 3; Port Huron Northern, home, February 7; Mount Clemens, away, February 10; East Detroit, home, February 17; and Roseville, home, February 24.

Local Churches Conduct Study

By Susan McDonald

Teams of researchers from 15 Point churches and religious organizations this month are wrapping up a comprehensive study of the community, from demographics to informal power structures.

The objective of the study is to help the churches better serve the community.

Almost 140 persons are participating in the study, sponsored by the Grosse Pointe Ministerial Ass'n.

They are examining seven major areas including The Point's population, physical setting, community services, economic structure, official policy making process, public opinion makers and the churches, themselves.

The project, according to Rev. Linthicum, of Grosse Pointe Woods Presbyterian Church, is aimed at giving the ministers a true understanding of the community they serve.

"The problem most people in most churches have is many pre-conceived and often incorrect ideas about the community they are in," he explained.

"I operate on the opinion that when a church is no longer serving the needs of all the people in the community, they will eventually be separated from that community and no longer draw members."

Although the facts and figures are just beginning to come in, Rev. Linthicum said there have already been some big surprises about the community and its needs.

"The researchers are discovering more poverty in the community than is generally supposed to exist," Rev. Linthicum said. "But, so far, the most astonishing statistic to come out of this is the tremendous growth of the senior citizen community."

Preliminary figures also show that about 60 percent of the community does not belong to any Pointe church, he said.

The project began last September and team working papers are scheduled for completion on Saturday, December 3. Based on those papers, the ministerial group will write a comprehensive report.

Rev. Linthicum said he has helped 134 communities conduct similar studies.

Jeanne Bocci Receives Honor

By Wendy K. Settle

Grosse Pointe is the home of one of the greatest long distance runners in the world. Jeanne Bocci, 34, of Grayton road, was recently nominated by area sportswriters and broadcasters for the "Sportswoman of the Year" award.

Although Mrs. Bocci didn't win the award, she considered the nomination alone an "honor."

"All the other nominees were professionals in their sport," she said. "I'm an amateur and I was honored to be up there with such respected athletes."

The other nominees were harness racing driver Bea Farber, 1976 Ladies Pro Golf Ass'n Rookie of the Year Bonnie Lauer, drag racer Shirley Muldowney, the winner, and University of Michigan women's basketball and softball coach Gloria Soluk.

Mrs. Bocci has been running since 1964, when she started jogging with her boyfriend, (now her husband), for exercise.

Since her unpretentious beginning, the 5'5", 120 pounder, has run in three Boston Marathons, (in last year's, she placed 37th in women's out of 3,500 runners), and last August she placed fourth in the world in the World Championship 10 kilometer walk race in Boras, Sweden.

"If I'm going to run, then I'm going to train. And if I'm going to train, then I'm going to race," Mrs. Bocci stated.

She runs 10 to 12 miles a day and on the weekends, 20 miles.

"Running is my life-style," said Jeanne, who even runs to work at North High School where she is a Dental Aide teacher and girl's track coach.

"It's about six miles to North from my house," she added.

Jeanne, the mother of a boy, Gerald, 7, and a girl, Geraldyn, 6, is a member of the Motor City Striders and is presently working on forming a running club for all Pointe high school girls.

The big question is what makes Jeanne run? "It's just my sport. And I really enjoy it."

The International Table Tennis Team Championships Friday, Saturday and Sunday, November 25 to 27, in Cobo Hall "D" will feature the participation of some Pointers.

All gate receipts from the event, which will run from 12 noon to 9 p.m. all three days, will be donated to Leader Dogs for the Blind.

Pointer C. Jack Persson will be one of several celebrities scheduled to participate in special celebrity table tennis matches on Saturday between 2 and 6 p.m. with spectators having the opportunity to challenge the participants by donating \$5 to Leader Dogs.

Pointer Bill Compton is in charge of the event, said Graham B. Steenhoven, who is handling publicity.

Lochmoor Chrysler-Plymouth, Inc., 18165 Mack avenue, and Pointe Dodge, Inc., 18001 Mack, will have two guest tickets available to the first 100 visitors on Friday beginning at 9 a.m.

Knights Seek Renaissance To Surpass Winless 1977

By Wendy K. Settle

The University Liggett School, (ULS), basketball team has been practicing since June with hopes of improving upon its 0-20 record last year.

Coach Joseph Haklin said, "This season is our 'round ball renaissance' and the kids are working hard."

"There's been a great increase in spirit, not only for the team but for the school in general. Every man on the team has a very positive outlook toward this school and the game. They are really working to decrease that losing gap."

ULS is in the Class D athletic division but because it is a member of the Metro Conference, most of the schools they play are in Classes C and D and are larger schools.

"Given the competition we play," Mr. Haklin said, "we do a good job. Many of our losses last year were only by three or four points."

The 12-man team is made up of seven seniors, four juniors and one sophomore.

The tallest player is senior David Gibson at 6'4". "I'm expecting a lot from Gibson. He's a forward and a consistently good shooter," Mr. Haklin noted.

Other players the coach is looking at are guards Carl Popkey and Herb Hagermose and forwards David George and Jack Roberts, all seniors.

"After a season like last year, people sometimes forget how to win. That's not going to happen here. We're shooting for a .500 season and I know it's possible," he said.

Mr. Haklin noted that the major problem ULS is working on is tightening up the defense. "We're going to stop those guys from scoring on us," he stated, while adding, "The offense has improved greatly. Of course, these kids have been practicing for six months."

The season starts on Friday, November 25, with Whitmore Lake at home.

The season continues with Maumee, away, November 28; Lutheran North, away, December 2; Greenhills, home, December 6; Cranbrook, home, December 9; Harper Woods, away, December 13; Detroit Country Day, home, December 16; and Waukegan, away, December 21.

Starting in January is Lutheran East, away, January 6; Lutheran East, home,

January 10; Lutheran West, away, January 13; Hamtramck, home, January 20; Greenhills, away, January 21; Maumee, home, January 24; Lutheran North, home, January 27; and Cranbrook, away, January 31.

In February it's Harper Woods, home, February 3; Detroit Country Day, away, February 7; Hamtramck, away, February 17; and Lutheran West, home, February 24.

Norsemen Working Hard To Rebuild Their Team

By Wendy K. Settle
This year's varsity basketball team at North High School is suffering from the "we lost a lot of good seniors" blues.

Coach Ray Ritter said the Norsemen lost seven of their eight first string players to graduation.

"This year's team is pretty new, and we don't have a lot of experience but we've got some real good young players coming up."

Last season's record was 9-3 and the team finished second in the Bi-County League.

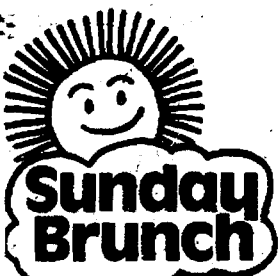

"I'd like to play at least 10 guys in every game this year, instead of having just five first stringers," Mr. Ritter said.

North has been practicing since Tuesday, November 1. After three weeks of surveying his crew Mr. Ritter commented, "We've got four really strong guards and three excellent forwards."

The tallest member of the team is 6'7".

Coach Ritter mentioned two goals he would like his team to achieve this season - winning the league championship again and making

a good showing in state competition.

"Anytime you start talking about anything but winning it seems rather trite. But I believe in the players placing team goals ahead of themselves. I think our guys do this. They work hard, and if they play as hard in the games as they have in practice, I wouldn't care if we never won a game... of course, I'd be disappointed," he said.

North's schedule shows Sterling Heights, home, November 29; L'Anse Creuse, home, December 2; South High, home, December 6; South Lake, away, December 9; Lake Shore, home, December 16; and East Detroit, away, December 20.

Protect Pets During Winter

Winter is arriving right on schedule, so the Michigan Humane Society reminds pet owners to think of winterizing their pets.

In most cases, it is perfectly all right for a dog to be kept outdoors during the winter months—if he is used to it. The average dog is able to acclimate himself to the weather, but on a gradual basis.

Naturally, a dog that is indoors most of the time shouldn't be put out for too long on a cold winter day. And, conversely, a dog with a heavy, thick coat would be most uncomfortable if made to stay indoors all day.

When a dog is left outdoors there is one requirement that must not be overlooked. It is most important that the animal has shelter available at all times.

Clean straw serves as an excellent bedding and insulation for a dog house. The straw should be changed frequently, as once it becomes wet, it loses its insulating qualities. The dog house should face south, as prevailing winds are from the west and north. A piece of old carpeting makes a good flap for the doorway to prevent drafts.

Other cold weather reminders from the society include the following:

- Feed your pets more often to provide extra energy during winter months. Such items as beef suet, meat or bacon drippings also are good additions to his winter diet.
- Frequently check the food and water you put outside to make certain it doesn't freeze.
- Be alert for toxic snow melting substances which could make him sick and sting his paws.
- Put a sweater on your dog when you walk him. It's not a silly idea as it will help keep him warm.

The society also is offering a free pamphlet on "The Care of the Outdoor Dog." Included in the pamphlet are plans for constructing a doghouse.

The brochure may be obtained by calling the nearest society shelter or by writing to the Michigan Humane Society, 7401 Chrysler drive, Detroit 48211.

Cub Pack 39 Opens Year

Cub Scout Pack 39 opened its 1977-78 scouting year with a pack meeting Monday evening, November 14, at Barnes School.

Cubmaster William Bauer led the meeting by introducing the new pack members from each den, and then presented awards earned last year to the following scouts: Weblo James Kozaruk, Bobcat and Wolf badges, Cub Jeff Bogdanski, Bobcat badge, Cub Scott Kozaruk, Bobcat badge, and Cub Matthew Malley, Bobcat badge.

Den leaders for Pack 39 include the following: Weblos Den, Michael Gaskin and Charles Pentis; Cub Den One, Mrs. John Kozaruk and Mrs. Richard Bogdanski; and Cub Den Two, Mrs. Donald Bassett, Mrs. Alex McNeill and Thomas Arndt.

At the meeting, the scouts and their families viewed a film on scouting, followed by games and refreshments.

PRENATAL CARE

Maternal malnutrition during pregnancy appears to be a primary cause of low birthweight, the nation's most common birth defect, says the National Foundation-March of Dimes. Early and regular prenatal care provides medical attention as well as nutritional counseling to help assure a healthy birth.

Schools to Provide Copies Of Assessment Test Scores

By Susan McDonald
At the urging of state officials, Pointe public schools plan to provide parents with copies of this year's state assessment test scores for students in the fourth and seventh grades.

Duplicate copies of individual test results will begin going out through the mails early next week, according to Director of Research and Development Roger McCaig.

This is the first time the State Board of Education has provided the extra copies of test scores for parents. They are doing it in the hope parents will become better informed about how their children are doing in school, according to State Superintendent John W. Porter.

The state exam, which was administered early this fall,

Chase Results In Two Tickets

A high-speed chase through residential sections of The City and parts of northeast Detroit resulted in two tickets for Glen L. Vandekerckhove, of Washington road, on Tuesday, November 15.

City police started after Vandekerckhove, 20, when they heard his squealing tires on Waterloo avenue near Notre Dame at about 7:30 p.m.

With lights flashing and sirens blaring, police pursued Vandekerckhove, who led them through stop signs at speeds in excess of 70 mph.

Vandekerckhove's car bottomed out on Marseilles road, near Warren in Detroit, and he nearly rammed a long string of parked cars, there for a church function, police said.

He then drove up to Warren, turned out his car lights, hit a curb and fled on foot down an alley, the report said.

Having recognized the man, City officers went to his home. There, the man's mother told police she had sent her son back to the grocery store to buy a leaner package of hamburger earlier that evening and hadn't seen him since. Police said they found some hamburger in Vandekerckhove's car, which they later impounded.

The next day police issued two tickets to the man, one for reckless driving and another for driving on a revoked license.

measures students' mastery of very basic skills in English and mathematics.

Fourth graders, for instance, were quizzed on their ability to tell time, count change, read thermometers and other "life skills" considered necessary for responsible citizenship.

As far as they go, the test objectives are very close to those stated for each grade by The Pointe school system, Mr. McCaig said. One exception is metrics, which is included on the exam but not yet taught in Pointe elementary schools.

The administration plans to introduce metrics into the elementary curriculum next semester. The subject is taught in the middle schools.

Because the test is very simple, it really doesn't provide much input for a system like The Pointe's, Mr. McCaig said, although the scores can help parents pinpoint certain trouble spots or weaknesses in students' abilities.

"The tests are so basic they aren't really much of an indicator of a student's success," Mr. McCaig noted.

In the nine years the state has been administering the test, local scores have always been within the top 10 for school systems in Michigan, and Mr. McCaig thinks this round of results will be even better than usual, although official rankings are no longer published by the state.

Average student scores in the fourth grade ranged from 100 percent on questions dealing with time, to a low of 34 percent on a question asking students to read negative metric temperatures. A majority of the scores were in the mid-90's percentile.

The state uses the test scores as a criteria for distribution of millions of dollars in compensatory education funds. This year, more than one-quarter million students took the exam in Michigan.

The program also will include works by Saint-Saens, Beethoven, Wieniawski, Sarasate and Debussy.

Burglars Visit Home in Shores

Shores authorities are investigating the break-in of the home of Frank Hedge, of Hawthorne road, which occurred on Saturday, November 19, sometime between the hours of 8:40 a.m. and 7:19 p.m. while the family was attending a football game.

The first to arrive at the scene was Public Safety Officer John Frasad, followed by Cpl. Daniel Fronczak and P.S.O. Ronald Klotz. In going through the house, the officers said, they found that it had been thoroughly ransacked.

Entry was gained by smashing the window pane of the door to the breezeway, then reaching in and unlocking the door.

Every dresser drawer in the bedrooms, all closet doors and doors throughout the house had been opened and were left open, the officers said. The burglar or burglars also went down into the basement where they opened tool bench drawers and even pried open a tool chest.

Det. Sgt. Frank Mustazza said that there was not a medicine cabinet and kitchen cabinets, which wasn't opened and contents ransacked.

The only items reported missing, he said, were several travelers checks taken from a dresser drawer. Nothing seemed to be missing from a purse that was dumped on a bed in one of the bedrooms, he said.

The sergeant said it appeared that more than one person was involved in the break-in because the methods of search in each of the rooms was different. The officer was of the opinion that the burglars were looking for money.

In the process of searching the house, the sergeant said, the thieves took time out to rifle a cookie jar in the kitchen and nibble on some cookies. There were cookie crumbs around the jar and on the floor, he said.

The greatest treasure of any democracy is human dignity.

Woods Police Arrest Youth for B-E

A 19-year-old Woods youth was arraigned on a breaking and entering charge for his alleged involvement in entering and removing from a Vernier road residence over \$600 worth of articles, which were subsequently recovered.

The arraignment of Anthony Schohl before Woods Municipal Judge J. Patrick Denis was held Wednesday, November 16. At that time, the suspect stood mute and a plea of not guilty was entered in his behalf by the court.

Woods Det. Charles Philir Hamel said bond was set in the amount of \$25,000, two sureties, or 10 percent, with the suspect being transported to the Wayne County Jail after the arraignment, in lieu of bond. His examination date is set for Friday, November 25.

In the break-in incident, which was reported Tuesday morning, November 15, the residence was entered when someone broke a pane of glass and unlocked the window leading to a bedroom.

Items reported missing included a stereo set, i.e., two speakers, turntable and receiver, valued at around \$400; a 19-inch television set, \$170; an AM-FM radio, \$90; assorted bottles of liquor and some frozen meat.

The suspect was arrested about two and a half hours later after patrolling Officer Robert Kwiatkowski, who had received information on the burglary from Officer Michael Giffer, observed the suspect standing at the front

door of another residence in Vernier road.

Remembering an earlier incident of an unwanted guest report, (Thursday, November 3), allegedly involving the arrested subject, the officer asked the station to contact the complainant, of that incident to ascertain if anyone had his permission to be in the home with negative results.

After latent prints ob-

tained at the burglarized home were revealed, via a cursory identification, to be the suspect's, police checked the residence a short time later, discovered the complainant at home and Schohl inside.

At the same time, the stereo equipment, television set, radio, some bottles of liquor and some packages of meat were found and confiscated as evidence.

St. Paul Plans Special Tour

It may sound a bit premature to be thinking about vacation plans for next summer, but in this case special preparations are necessary, says Saint Paul Evangelical Lutheran Church, if you have ever thought of seeing the Lands of Christ or the Cities of Saint Paul.

Pastor Paul E. Christ of Saint Paul, 375 Lothrop road, announces the formation of a special tour to these locations for next summer. The tour departs from Chicago on July 26 and lasts for 13 days.

It is special in many ways. The entire trip in the Mediterranean is aboard the cruise ship "Victoria." Several kinds of cabins are available and the ship features many other attractions, including sunbaths, swimming pools, theatres and restaurants.

It leaves from Athens and stops in Corinth, Crete, Alexandria, Cairo, Port Said, Jerusalem, Rhodes, Patmos, Ephesus, Haifa and Pergamem.

What is uniquely special about this tour is the presence of Dr. James Kallas, professor of religion at California Lutheran College. From the first meeting to the daily lectures, participants will be inspired by his words and knowledge, the church reports.

A world traveler and author, Dr. Kallas is listed in "Who's Who in American Education," "Who's Who in the West," "Directory of American Scholars" and "Dictionary of International Biography." He is a Phi Beta Kappa, Fulbright and Rockefeller Scholar.

Pastor Christ has studied under him and notes that Dr. Kallas' background includes being a missionary in Africa, Little College All-American and former pro-

football player with the Chicago Bears. "He is a warm, genuine, enthusiastic person of great knowledge and awareness," says Pastor Christ.

This vacation with a purpose will add depth and knowledge to your expanded spiritual and personal horizons, the church feels. Pastor Christ may be contacted for a brochure or for more information by calling 681-6670 or 823-4325.

YSD Receives Memorial Gift

The Youth Service Division, (YSD), office reported last week it was the recipient of a \$10 gift given in memory of a former Pointe youth who was killed in a highway mishap earlier this month.

This is the first time such a gift has been given to the division.

The donor, a friend of the youth's family, who now resides in Detroit, contacted the YSD to see if it knew of an organization or group oriented to helping young people. After learning more about the division's function, he decided to send the gift to the YSD in the boy's memory.

The donor, who also resides in Detroit, was raised in The Woods, the YSD office added.

PROMOTED TO V.P.

Mr. Anderson, a graduate of the University of Michigan, resides in the Park with his wife Suzanne and daughter Jeannette.

Johnstone Gets National Post

Grosse Pointe realtor Peter Johnstone was elected a director of the National Ass'n. of Realtors at a session of the association's 70th annual convention on Thursday, November 17, in Miami Beach, Fla.

Mr. Johnstone will assist in policy making for the national association, and in deciding the thrust of realtor programs.

The National Ass'n. of Realtors, headquartered in Chicago, Ill., has more than 500,000 members in 50 states, the District of Columbia, Puerto Rico, Guam and the Virgin Islands.

The car went over the curb, knocked down a sign, smashed into an Edison pole, shearing it from its base, ran into and broke off two parking meters, then continued to the south side of Jefferson coming to rest against the bank building, with apparently no reported damage to the edifice.

Lt. Duncan said the man was in no condition to be questioned, so it was not known if Johnson had been drinking or not. The accident occurred at 3:02 a.m., it was stated in an official report.

Johnson was issued a violation ticket for leaving the paved portion of a roadway and hitting fixed objects. A court hearing date is pending.

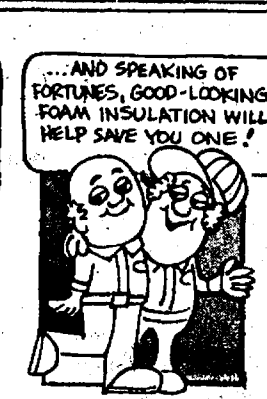

Many have open minds—open to ideas suiting their purpose.

Host of Friends to Greet Santa During Big Parade

Santa Claus is coming to town! And a host of friends are waiting to greet him in style with a parade on Friday, November 25, beginning at 11:30 a.m.

The parade will run from South High School in Fisher road to Kercheval avenue and then down through the Village to Kercheval road.

City police will block all streets along the route until the parade passes, and there will be no parking on Kercheval in the Village from 10:00 a.m. until the parade concludes at the Notre Dame entrance of Jacobson's, where Santa will take up residence with Mrs. Claus until Christmas.

The Grosse Pointe Village Ass'n. parade sponsors, assures shoppers that all other parking facilities in the Village will be open.

Leading the parade with sirens blowing, will be a staff car representing the Fraternal Order of Police followed by Grand Marshal Jerry Hodak, science editor, of WXYZ-TV, Channel 7.

The marching bands from North High and South High will herald Santa's arrival. A squad of cheerleaders from South will be present, as will the Blue Angels Junior Drill Team and Color Guard.

The well-loved "Disney heads," along with Rudolph and the eight other reindeer will be manned by members of the Grosse Pointe Theater.

The Grosse Pointe Little League Football Lions will march, as will several scout groups from Pointe troops.

The Grosse Pointe Hunt Club has provided two flat bed trailers which will be turned into decorative floats by the Village association. Others will include Jacobson's "Miss J" girls riding on a float representing the world.

Among the groups also scheduled to appear in the parade are the Family Life Education Council, the Assistance League from the Northeast Guidance Center, the Distributive Education Clubs of America from North High, a student group from Brownell School as "Santa's Zoo" and the Farms Fire Department.

Antique cars will be provided by Dr. John Bradfield, and County Commissioner Erv Steiner will be included in the festivities.

Clowns who are volunteers from the community, and the "Mole" from the Mole Hole, will be marching, too.

Marshals for the parade will be drawn from the Rotary Club and the Village association.

The final float carrying Santa and the authentic sleigh restored by Jacobson's, will be attended by Christmas Carol, who will guide Santa into Grosse Pointe... and into the excited hearts of all the little boys and girls.

Frances Wilson Accepts Citation for Her Husband

The Presidential Citation was presented at halftime during the Illinois College, (Jacksonville, Ill.), 1977 homecoming football game to Mrs. Hansel Dwight Wilson, of Neff road, to honor her late husband, a graduate of I.C.

Illinois College, founded in 1828 by Yale College, is the oldest college west of the Alleghenies. In preparation for the college's sesquicentennial celebration, Mr. Wilson's record proved to be the highest in athletic winning points of any graduate in the 150-year history of the college.

Mr. Wilson, who died April 10, 1975, in Grosse Pointe, was an outstanding Illinois College athlete and active on campus.

In 1917 he set the Illinois College record for the 880-yard run with a time of two minutes four seconds; that record was unbroken until 1936.

He was a member of the college's record-setting mile

relay team with a three-minute 38 2/5 seconds time—a record which stood until 1974. He also starred in football and basketball and was a member of Sigma Pi. He majored in Chemistry.

After college Mr. Wilson entered the insurance business, serving as a mortgage and property appraiser for the Prudential Company in Detroit. He later joined the H. M. Seldon Realty Company, serving that firm as vice-president for 25 years.

He was with the Holmes-Harmon Company, Inc., at the time of his retirement in 1971.

An active member of the Detroit Board of Realtors for many years, he had served on its board of directors and was an associate member at the time of his death. He had also been a member of the Detroit Mortgage Bankers Association.

In his honor, the Hansel Dwight Wilson, Sr., Memorial Track Award was initiated in 1976 at Illinois College by his son, Hansel Dwight Wilson, Jr., and Mrs. Wilson, Sr.

Mrs. J. C. Gottfredson

MARIANNE ROSE McNIECE, daughter of Mr. and Mrs. Walter McNiece, of Whittier road, and Mr. Gottfredson, son of the Robert Gottfredsons, of Grosse Pointe boulevard, exchanged marriage vows Friday, August 12, at the Grosse Pointe Academy.

Venice Lace Accents Silk Organza Gown Selected by Marianne Rose McNiece for Her August Wedding at Grosse Pointe Academy

At home in Ithaca, N.Y., where he is studying for a Masters degree in Business at Cornell University and she is working at Cornell's Research Center are Mr. and Mrs. James Carmody Gottfredson, who were married Friday evening, August 12, at the Grosse Pointe Academy.

Mrs. Gottfredson, the former Marianne Rose McNiece, daughter of Mr. and Mrs. Walter McNiece, of Whittier road, attended Saint Mary's College, Notre Dame, Ind., and was graduated from Michigan State University.

Mr. Gottfredson, who holds a Bachelor of Science degree from Boston College, is the son of Mr. and Mrs. Robert Gottfredson, whose Grosse Pointe boulevard home was the setting for the reception

following the 5 o'clock rites.

It was a garden reception. Inside the gazebo, decked with pink and white gingham ribbon, was a white wicker cart holding the wedding cake, decorated with flowers. Baskets of pink daisies, flown in from California by the bridegroom's parents, rimmed the pool and tent.

The Reverend Sidney MacNeil, of Boston College, presided at the marriage ceremony.

The bride wore a white silk organza gown, styled with a fitted bodice, Queen

Anne neckline and cap sleeves applied in Venice lace. Her chapel length veil of English net was trimmed with matching lace.

She carried an arrangement of white Sweetheart roses with a lily, stephanotis and baby's-breath.

Katherine McNiece, in white swiss eyelet lined in raspberry pink, carrying pink Sweetheart roses and baby's-breath, was honor maid for her sister.

Bridesmaids, dressed identically but carrying pink carnations and baby's-breath, with matching flowers in their hair, were Maria McNiece, another sister, Elizabeth Gottfredson, the bridegroom's sister, Kellie Davis, Judith Serene, of Philadelphia, Pa., and James Roberts, of Columbus, O.

Thomas Gottfredson was his brother's best man. Ushering were Robert, Michael and Peter Gottfredson, three other brothers, Walter McNiece, II, the bride's brother,

and James Crowe, of New York.

Lector was Robert Thibodeau, Jr. Flower girl was Serena Fitzsimmons, the bridegroom's cousin. Ring bearer was Matthew Fisher, his nephew.

The newlyweds vacationed in Bermuda.

Mrs. McNiece chose a chiffon gown floral-printed in lavender, hot pink, green and white for her daughter's wedding. She pinned an orchid to her purse.

The bridegroom's mother selected swirl-designed chiffon, in lavender and mauve. She wore a white gardenia in her hair.

Navy Captain (Ret.) and Mrs. Wilson Collins came from California for their granddaughter's wedding.

Among other out-of-town guests were Mr. and Mrs. Walter Peek, of New York, Mr. and Mrs. Leonard Obolator, of Lima, Peru, and Mr. and Mrs. Charles San'Angelo, of Philadelphia.

Calendar Sale For Girl Scouts

For the first time, Girl Scouts of Metropolitan Detroit are offering a choice of two different calendars as they launch their annual Calendar Sale throughout most of Wayne County.

In addition to the popular desk/wall variety featuring colorful Girl Scout photos, a handy new Pocket Planner will be sold.

The planner, six by four inches in size, is designed to be carried conveniently in a jacket pocket or purse. Each calendar is priced at \$1.

Monies raised via calendar sales benefit Girl Scouts of all ages. A small portion of the profits reverts to the Council to help maintain the high quality, year-round programs associated with Scouting.

The remainder goes to individual troops, so that local troop activities may be broadened.

Calendars are available from neighborhood Girl Scouts. Individuals who are not contacted by a Girl Scout and wish to order calendars may do so by calling the Girl Scouts of Metropolitan Detroit at 964-4475.

Dorati to Open Friday Series

Music Director Antal Dorati and the Detroit Symphony Orchestra will be joined by the Rackham Symphony Choir and the Old Christ Church Choir Friday and Saturday evenings, November 25 and 26, at 8:30 o'clock in Ford Auditorium for the first DSO performance of Charles Ives' Holidays Symphony.

Also on the program is Dvorak's Symphony No. 9, "New World".

The Friday performance marks the opening of the DSO's Friday Evening Series. It will be the first of two conducting appearances by Maestro Dorati on the four-concert series this year.

Each Friday evening concert is preceded by a prelude at 7:30 o'clock, at no additional charge; in tomorrow's prelude, soprano Elsie Inselman and pianist Muriel Kilby will present songs by Dvorak and Ives.

Boys' Clubs to Benefit from Auto Show

While most people were thinking about stuffing Thanksgiving turkeys, members of the Boys' Clubs of Metropolitan Detroit Women's Association were stuffing envelopes. There is one of the organizations which will benefit from January's Detroit Auto Show Preview, (the others are the Easter Seal Society and the Northeast Guidance Center), so, on behalf of the Boys' Clubs, some 40 dedicated Women's Association members including Pointers MRS. LEO MARX,

vice-chairperson, MRS. VICTOR WERTZ, chairperson, and MRS. ROBERT LYNCH, president of the association, (left to right), gathered for a pre-Thanksgiving envelope-stuffing party and luncheon on the waterfront, hosted by Jerry's Marine Bar. Not only did they stuff and address nearly 5,000 invitations, they wrote personal notes to friends urging them to support the project. Not pictured but also a vice-chairman is Mrs. Byron J. Nichols.

Soroptimists Keeping Busy

Twenty-five members and 15 guests enjoyed Grosse Pointe Soroptimists' New Member Brunch at the Grosse Pointe Hunt Club in early November.

They were entertained by a Soroptimist Cheer, given by new members Valerie Capper and Lynda Fentner who joined after last year's brunch.

Sustaining member Kathryn Gannon explained what Soroptimism is all about, how it was organized on a national level and what the international classified service organization for businesswomen is doing on local, regional and federation levels.

The Grosse Pointe Soroptimists hold a business meeting on the second Wednesday of each month and a program meeting on the fourth Wednesday of each month, both at the Grosse Pointe War Memorial.

Holiday Show at Pewabic

Michigan State University's Pewabic Pottery in East Jefferson avenue will be open to the public Sunday, November 27, through Saturday, January 7, at its professional and students present a Christmas show of ceramics.

A noon to 4:30 o'clock preview is scheduled for Pewabic Museum members and their friends this Saturday, November 26. Adult lifetime membership in the museum is only \$1. Children are admitted free.

Pewabic's new museum has three rooms devoted to displaying pottery and tile, including items with the secret iridescent glaze produced by Mary Chase Stratton, the pottery's artistic founder.

Pewabic ware was produced from 1903 until 1967, when MSU began renovating the historic site into an adult ceramic school offering avocational and credit courses.

The Christmas show's public opening will be noon to 4:30 o'clock Sunday. The show will continue during the museum's regular hours, noon to 4:30 Mondays through Saturdays.

Parking is free at the unique pottery across from Water Works Park.

Difficult decisions were being faced November 8 not only by voters at the polls but also by a trio of judges for the National Art Competition sponsored by Camp Fire Girls Detroit Area Council.

Out of nearly 100 ceramic pieces three Best of Show winners were finally selected, including Pointer Cheryl Rinke's "Bucking Bronco."

The winning entries will be sent to nationwide competition in Kansas City. Judges for the Detroit Area Council competition were Drs. Fred Attebury and Arthur Park of Wayne State University's Art Education Department, and Ms. Jeanne Bonfiglio, of Dearborn, a professional potter.

Camp Fire Girls, Inc. sponsors an annual National Art Competition. A new medium is selected each year, allowing for diversity of experience in the creative arts.

Previous media have included photography, printmaking, painting and fibers. The Detroit Area Council planning committee which arranged for a variety of learning experiences in ceramics for Camp Fire members was chaired by Arlene Schofield, of Farmington.

Tours of various local artists' studios as well as pottery workshops at Brightmoor Community Center were included in preparation for the competition.

Can you imagine life without the fork? Although rudimentary forks existed from the earliest of times, it was not until the Restoration that forks came into general use at the table. Queen Elizabeth had several forks in her palace, but they were used to serve fruit. Only one fork from before 1650 has survived until today. It has two prongs and a long flat handle with a square end. The fork did not become a regular table feature until many years after Charles II. However, one set of nine three-pronged forks has survived. The number of prongs on forks varied through the eighteenth century, with four prongs coming into vogue toward the end of this period.

For unique gifts that are just a bit different, shop at VALENTE JEWELRY, 16601 East Warren at Kensington, Detroit, 881-4800. We give our personalized service on everything from diamonds to antique jewelry. If you are planning to have dinner with friends or family this coming holiday season, bring your hostess a beautiful gift from VALENTE JEWELRY. MasterCharge and BankAmericard welcome. We're open from 9 'til 5:30 daily and Fri. eve 'til 7:30.

The Michael O'Berskis

Married to Mr. O'Berski, son of Dr. and Mrs. Elmer O'Berski, of Chalfonte avenue, Saturday, July 23, in the garden at the Pontiac home of her parents, Mr. and Mrs. Leslie Hudson, was SUSAN RUTH HUDSON.

O'Berski-Hudson Vows Exchanged

Bridegroom Serenades His Bride with Original Composition During Marriage Ceremony; Pair Are at Home in Lansing

Setting for the midsummer wedding of Susan Ruth Hudson and Michael John O'Berski was the garden at the Pontiac home of her parents, Mr. and Mrs. Leslie Hudson, where a reception followed the 4 o'clock rites.

The Reverend Gary Hawes, Michigan Christian campus ministry, presided at the Saturday, July 23, ceremony.

The bride and bridegroom wrote their own vows. The bridegroom composed an original song and sang it to the bride during the ceremony.

The bride wore a gown of tulle and polyester organza, trimmed in Venice lace and styled with a mandarin neck and chapel train.

Her headpiece was a scalloped mantilla of matching lace, from which her veil fell to fingertip length. She carried a white bible with Fujimura, daisies and stephanotis.

Carrying baskets of blue and white daisies complementing their mandarin-sleeved, blue voile frocks were honor matron Mrs. John Brickman, of Farmington, and bridesmaids Mrs. Robert May, of Southport, Conn., and Patricia Hudson, sisters of the bride, Ann O'Berski, the bridegroom's sister, and Jean Norris, of Pontiac, the bride's cousin.

Thomas O'Berski was his brother's best man. They are the sons of Dr. and Mrs. Elmer O'Berski, of Chalfonte avenue.

Ushering were Richard Porter, the bridegroom's brother-in-law, Scott Hudson, the bride's brother, Michael Andrews and Timothy Carpenter, of East Lansing.

Flower girl and ring bearer were Abigail and James Cosma, children of Mr. and Mrs. Eugene Cosma, of Bloomfield.

The mother of the bride wore a floor length, scoop-necked gown of green and white floral-printed voile. Her corsage was a white daisy.

The bridegroom's mother's gown, also floor length, was of lime green chiffon and featured a medallion print. Her corsage was a green cymbidium orchid.

The newlyweds vacationed for three weeks in California and the west. They are at home in Lansing.

Let's Talk Real Estate

by John E. Brink

When you plan to sell your home—how do you plan it? Do you pick up the phone and call the first name that comes to mind? Our guess is that you probably do. Now secondly do you ask the proper questions? One good one that is usually asked is what can we do for you?

After you have asked all your questions you should then add the answers up to see which company can give you the most exposure. Equally important with exposure is what can we offer this exposure that might be considered a fringe benefit. Well, take a look at Grosse Pointe Real Estate Co.'s fringe benefits:

1. ERA's one year conditional warranty—no other Broker offers this. Valuable? We just paid a \$3300.00 claim to some one who will say yes—very valuable!
2. Our staff designer at your service free of charge! He'll help you redo your kitchen, add a family room or even an extra bedroom and bath? He charges other clients hundreds of dollars for the same service, no other Broker offers this service.
3. National electronic multi-listing with over 5000 sales representatives. A picture of your listing can be shown through facsimile equipment to people all over the country who might be moving to Grosse Pointe. It's estimated that 40% of G.P. buyers are out of towners. No other Broker has this service.
4. If you want to add a family room or redo a kitchen in the home you purchase through us we'll contract the work in such a manner that it costs you about half the normal cost! No other Broker does this.
5. Community development interest is constantly in our minds and work. We created the Cul-de-Sac plan and are fighting daily to get it established in such a manner that it will not cost the home owners a penny. No other Broker has shown an interest in this plan or offered his service to support it.
6. Merchandising expertise talents that have proved successful. Grosse Pointe Real Estate Co., one of the newest Brokers in the G.P. area has grown to be one of the largest Brokers in less than five years. There must be a reason.

This is a great time to talk about the value of your home. You probably would be astounded to know the value of your property. Call us 882-0087 we're all experts and would welcome talking "house" with you.

Chaucer worried about the pleasures of eating, sighing "Oh Gluttony! It is to thee we owe our griefs." In our fashion-conscious modern world, we still worry about food. But food is not taken solely for survival, and inevitably, people will continue to take pleasure in it. The Chinese writer Lin Yutang had this to say: "If a man will be sensible and one fine morning, while he is lying in bed, count at the tips of his fingers how many things in this life truly give him enjoyment, invariably he will find food is the first one."

With a few swift lines, some dabs of eye shadow and a little putty, Mrs. Sidney Probert will create "characters" from the faces of Theatre Arts Club members who attend her seminars on stage make-up next month.

Mrs. Probert, an enthusiastic new member of the all-woman drama club, is a multi-talented lady who has studied anatomy, ballet, drama, journalism, modeling and make-up. Professionally, she has created make-up for both stage and television.

Coordinating the seminars are Mrs. Kenneth Locke, Theatre Arts' Forward Planning committee chairman, and Mrs. Ellwyn Gilbert, music and make-up chairman.

Two preliminary sessions covered the history of make-up, with demonstrations of various phases. Final sessions will take place in Mrs. Locke's Barclay road home next Thursday and the Thursday after that, December 1 and 8, starting at 1:30 both afternoons.

As an additional treat, Mrs. Probert will include tips on everyday personal make-up.

Two Musical Giants to Meet

Antal Dorati, whose debut as DSO music director was greeted by standing ovations from capacity crowds at the Beethoven Festival early this month, will conclude his first series of podium appearances with the orchestra this Sunday, November 27, in a concert that is being referred to as "a meeting of the musical giants."

At 3:30 o'clock Sunday afternoon, Maestro Dorati and the Detroit Symphony Orchestra will welcome renowned Soviet cellist Mstislav Rostropovich, Dorati's successor as music director of the National Symphony Orchestra, to the stage of Ford Auditorium for a performance of the Dvorak Cello Concerto.

Although Maestros Dorati and Rostropovich have been friends for years they have never before appeared together in concert. This performance, 10th in less than one month for the DSO's new music director, will be Maestro Dorati's last appearance with the orchestra until March.

The all-Dvorak program will include the Ninth Symphony, ("New World"), in addition to the Cello Concerto.

Proceeds from this special Challenge Grant concert will go toward the raising of

If you are not covered by a regular pension plan, you can save a heap of tax dollars with a D&N Individual Retirement Account and enjoy numerous benefits as well. Why settle for less?

1 Tax-Deferred Deposits!

You can save up to \$1,500 per year or 15% of your gross annual income, whichever is less — and not pay income taxes on it until retirement. Housewife accounts are available, too, also tax deferred until retirement. A great tax break for you.

2 Tax-Deferred Interest on Savings!

Another tax break for you. The earnings on your I.R.A. account are tax deferred until retirement, too, when you're apt to be in a much lower income tax bracket and, thus, will pay less taxes. If you're serious about saving money, come in and see us.

3 High Rate of Return!

We offer a bonus for tax-savings-minded people — Our GIANT-EIGHT, a 3-year Savings Certificate that pays you an interest rate of 7.75% per year — and we'll compound your interest daily to give you an annual yield of 8.05% per year. Guaranteed.

4 Receive 1977 Tax Credit up to Feb. 15, 1978!

Your 1977 I.R.A. deposit can be made in 1978. Your 1977 tax credit applies to all Individual Retirement Account deposits made up to February 15, 1978.

In addition to the benefits above, there are more good reasons to open your Individual Retirement Account at D&N:

1. **Low minimum deposit** — You may open an I.R.A. account with as little as \$1 and add to it in any amount at any time.
2. **New 3-Year Term** — A new 3-year term is available on 7 3/4% I.R.A. accounts at D&N.
3. **A record of earnings** — Each participant receives a statement annually which reflects all deposits and accrued earnings.
4. **Insured Safe** — I.R.A. accounts are insured safe to \$40,000 by a permanent agency of the U.S. Government and by the strength and experience of a pioneer Michigan financial institution.
5. **No Cost** — D&N I.R.A. accounts are still administered free. Shop and compare — you'll choose D&N.

Christmas Time Comes to Meadow Brook Hall

Christmas music will come to life in sight as well as sound when floral artists create interpretations of the theme, The Music of Christmas, for "Christmas at Meadow Brook Hall," Wednesday, November 30, through Sunday, December 4.

Each of the 19 Detroit-area florists has selected a room to decorate in Meadow Brook Hall, the 100-room mansion on the campus of Oakland University, Rochester, The floral designers will create individual holiday displays in the rooms as visitors tour the Hall.

Christmas at Meadow Brook Hall, an annual event, is open from 10 a.m. to 5:30 p.m. all days but November 30 when group tours are scheduled and the Hall will remain open for tours until 9 p.m.

In addition to floral displays, two ethnic organiza-

tions will create original displays: the Ukrainian Comfy Knitters of Dearborn Heights will interpret the Ukrainian song, "Carol of the Bells," and the Wavel "Polk Ensemble of Detroit" will design a display around "Good K Wenceslas."

Santa Claus will be waiting in Knoke Cottage for children, (or adults), who want to talk with him and tour the cottage, a six-room playhouse built in 1926 for the daughter of auto-pioneer John Dodge.

Knoke Cottage is a short walk from Meadow Brook Hall, the former home of Matilda Dodge Wilson, widow of John Dodge. The home was built in the late 1920's, requiring several years and several million dollars to complete. Original furnishings and works of art remain in the historic home, which is now operated by Oakland University as a cultural and

conference center.

Three special evening parties are being planned, and reservations are now being taken for the Patrons' Parties Thursday through Saturday, December 1 to 3. Guests will enjoy a reception at 7:30, dinner at 8:30 p.m., then a leisurely tour of the elaborately decorated rooms following dinner. Tickets are \$32.50 per person, (\$65 per couple), and reservations are limited to 200 for each evening.

Visitors to the Meadow Brook Hall Christmas event may also visit the Carriage House adjacent to the Hall. Food will be available in the

'Morning Sun' Returns to GP

The Youth Council will present the rock band "Bill Long and the Morning Sun" on Friday, December 2, at the War Memorial, 32 Lakeshore road.

It is making its fourth appearance at the Center. All prior performances have been sold out and the council hopes and expects to fill the house again.

The band has played two special Beatles Revival Shows for the Youth Council as well as their own combinations of old and new music.

The concert begins at 8 p.m. Tickets are \$2 in advance or \$1.50 for all council members, who will be selling tickets at the schools. They also may be purchased at the Center's office.

For more information, call the Center at 881-7511.

downstairs room and unusual candles will be displayed and sold in the loft.

All proceeds from the Christmas walk at Meadow Brook Hall are used for the preservation of the Hall and Knoke Cottage. No tax money is used for their operation, and all costs of maintaining and preserving them must be generated by programs in the Hall.

General admission for Christmas at Meadow Brook Hall is \$4, \$3 for senior citizens, children under 12 and groups of 20 or more. Knoke Cottage tours, including visit with Santa, are 50 cents per person.

To reach Meadow Brook Hall, take I-75 to the Oakland University exit 25 miles north of Detroit, drive to the campus entrance and follow signs from there to the Hall entrance on Adams Road, one-third mile south of Walton Boulevard.

For reservations or further information, call Meadow Brook Hall at 313/377-3140.

Scouts Collect to Aid Goodwill

Nearly 10,000 Detroit area boy scouts will be participating in an old clothing and newspaper drive on Saturday, December 3, as their annual good turn for the handicapped workers of League-Goodwill.

clothing and place them on their front porches by 9 a.m. on Saturday, December 3. Grocery or rubbish bags also may be used and newspapers should be tied in bundles or placed in bags.

Pointe scouts participating in the event include Troop 471 from Salem Lutheran Church in Detroit, Scoutmaster Bill Gracy; Troop 61 from Saint Paul on the Lakeshore, Scoutmaster Lee Roy Temrowski; Troop 479 from Parcels School, Scoutmaster Gary Vasher; Troop 156 from Christ Episcopal Church, Scoutmaster Dennis Crooks; and Cub Pack 481 from Kerby School, Cubmaster Clark Lawrence.

The Soft Flattering Look Of Chiffon is found in many dresses at Walton-Pierce. Featured in Harper's Bazaar this month is a romantic patterning of lilac on white chiffon. It is in the Posh ad in which Walton-Pierce has a credit. See it in the new cruise collection now. There is a sophisticated brown and black rose print chiffon cocktail dress with a cover up cape. It gives you two different looks and does come in more pastel tones too. A garden of bright flowers on red chiffon is styled with fashion's favorite blouson lines. There's a delicately printed navy chiffon. The top is softly gathered, the skirt is pleated with a deep flounce. A lovely lady look is created in brown chiffon. The top wraps and ties and the sleeves widen gracefully toward the wrist. For the holidays and south later is a great collection of jersey dresses. A tiny pleated, narrowly strapped white jersey is styled with a blouson top and slender long skirt. Also in white jersey... an evening pajama, pleated through the top with an elasticized waist, neckline and cuffs that shape the look. Incidentally the dress is nicely priced \$54 and the pajamas are \$62. For the holidays emerald green is an excellent choice and there are soft cocktail and long dresses in this jewel color. A stole shelters the shoulders of a long green jersey dress fashioned with a halter neckline.

"Coppes." The finest tradition of cabinet craftsmanship since 1876. Classic to contemporary, in your choice of mellow, handcrafted solid hardwoods with virtually unlimited wood hues and colors. See displays and door samples at Mutschler Kitchens, Inc., 20227 Mack Avenue, 884-3700.

Come with Carras to Mexico's famous Riviera where winter gives way to warm sun-flooded days sailing to Manzanillo, Mazatlan, Puerto Vallarta and Acapulco from \$598.00 each. Travelwise Travellers Always Ask for Mr. Q., 886-0500.

Just Received... exciting new styles for your holiday festivities... a red dinner suit with soutache braid. Also a luscious new Qiana dress with a wool coat in the new shade of banana for cruise wear. We think you'll love them. Don't miss the evening blouses to wear with your favorite skirt. Do enjoy shopping at Mr. Julian Fashions, 15114 Kercheval, 822-2818.

Pointer of Interest

DOROTHY MOONEY, OF WASHINGTON ROAD

By Wendy K. Settle

Dorothy Mooney is a direct woman. A sensitive woman, poised and self-confident. She is the true example of the "heart of gold" and the "guts to get it done." At age 50, Dorothy is basically a businesswoman. A Smith graduate, Dorothy has numerous interests. One of those interests is the Children's Home of Detroit, where she is president of the board of trustees and has been a member of that board for 13 years.

"There's something about giving service to other people," she says. "You learn about their needs and how to meet them. That is an important service to the community."

"There's a responsibility involved," Dorothy smiles. "But I don't consider myself a do-gooder... maybe I'm just a first-class sucker."

The Children's Home of Detroit, 900 Cook road, is 141 years old. It is a residential treatment center for children experiencing emotional disturbances.

Almost One on One Admission age is six through 12. At the present time, the 72-child capacity facility houses 66 residents. Running at 88 percent capacity, the home employs 64 staff members.

The private, non-profit corporation emphasizes the need to provide a campus type environment for neglected and dependent children.

Each child lives in one of six cottages on the 13-acre center. They go to school on campus or at one of the surrounding public schools and to most of the children, the center is home. It is a pleasant place, often quite unlike the insecure "homes" that they came from.

Contrary to what most people think, the center is not funded by the United Fund or Torch Drive.

"I don't know why, but a lot of people think that we're a Torch Drive agency," Dorothy notes. "Almost all of the funds that run this place are raised by the board of trustees."

Annual Drive Is On November is the month when the board conducts the annual fund raising program. "We send out over 3,500 letters appealing for help," Dorothy says. "The major function of the board is fund-raising and policy making."

Mrs. Mooney is also part-owner of C. M. Gallery in Kercheval avenue. She regrets that, because of her business, she can only spend about six hours a week at the home.

When the Children's Home of Detroit first began in 1836, it was known as the Ladies Orphan Asylum and housed children whose parents had died from the cholera epidemic that was sweeping the midwest.

Located in Jefferson avenue, in the old Cullen home, the asylum sheltered at least seven orphans of the plague

for resumes from people who might fit our needs. We received about five resumes from people interested, who lived in the area, and started interviewing."

None of these resumes were from Mr. Tammela. But one of the candidates who was interviewing knew Mr. Tammela and told him about the opening.

Was in Syracuse At the time, Mr. Tammela was living in Syracuse, N.Y. and was acting director of the Elmcrest Children's Center, an institution similar to the Children's Home of Detroit.

Moved Here in 1952 In 1952 the campus was built in The Woods and the center moved out of the city. Slowly the institution began to emphasize its work with the emotionally disturbed.

Many directors have led the home through the years. The newest director, H. E. Tammela, just started his duties on Monday, November 7.

Mrs. Mooney's search for Mr. Tammela is an interesting story in itself.

"We knew in July that our last director, (James Boomgard), would be leaving us in September," Dorothy says. "So that gave us about two months to find someone."

"We wrote to the Welfare League in New York asking

Concert

(Continued from Page 24) \$3 million in new funds required to qualify for a \$1 million matching grant from the National Endowment for the Arts.

Tickets are available at Ford Auditorium box office. Prices range from \$50 to \$750. A portion of the price of all tickets is tax deductible.

Purchasers of \$50 tickets will be invited to meet Maestro Dorati and Rostropovich at a post-concert champagne reception.

Rostropovich, universally hailed as "the world's greatest cellist," has appeared once previously with the DSO, on a Pension Fund concert program in 1975.

He originally had been scheduled to perform with the Orchestra in 1971, but the tour was cancelled by the Soviet Union when Rostropovich openly befriended dissident Soviet writer Alexander Solzhenitsyn.

Likes Winter Climate "The only criterion I had for relocating was to stay in a winter climate and Michigan certainly has that."

Mr. Tammela agrees with Mrs. Mooney that the Children's Home is a community service dedicated to helping the victims of broken homes and parental neglect.

"Some of the children are wards of the courts or have been referred to us by social service agencies and children's hospitals," Dorothy says.

"We have an excellent facility here," Mr. Tammela states. "And all of the people involved work very hard."

But all the hard work in the world doesn't always bring the dollars in.

Month for Thanksgiving November is a month for thanksgiving and appreciating all we have. Sometimes it is hard for people to understand or even realize that people are less fortunate.

The Thanksgiving appeal of the Children's Home of Detroit depends on people understanding other people's needs.

As Dorothy Mooney says, "You learn the needs and how to meet them." Isn't that what Thanksgiving is all about?

Whitney, of Vendome road, Mrs. Clyde Wu, of Audubon road, and Mrs. William Y. Gard, of Dean lane.

The music begins at 7 o'clock. A wine and cheese reception will follow.

The concert, sponsored by the Chamber Music Society of Detroit, will feature two former Detroit artists: violinist Richard Luby, a former student of Mischa Mischakoff, presently principal second violinist for the Rochester Philharmonic, and pianist Neal Stulberg, an ex-pupil of Mischa Kotler, now a graduate student in piano and conducting at the University of Michigan.

Their sonata recital will feature works by Mozart, Haydn, Prokofiev and Saint-Saens.

Tickets may be purchased at Wayne State University, Adler/Schnee and the Detroit Community Music School, located in the University-Cultural Center, serving some 800 metropolitan Detroit students regardless of ability to pay.

The school has provided high artistic excellence for more than 50 years. It offers classes and lessons for pre-schoolers through senior citizens.

Trinity President Visits Pointe

Sister Rose Ann Fleming, S.N.D., president of Trinity College, Washington, D.C., paid a flying visit to Michigan last week, and Mrs. Bartholomew, A. Seymour, one of Trinity's most distinguished alumnae, invited a group of fellow alumnae and Trinity friends to "meet the president" over cocktails.

Party setting was the Harbor Hill home Marcella shares with her daughter, Dorothy.

Among those present was another Seymour daughter, Isabel (Mrs. John W., Jr.) Fitzer, who was graduated from her mother's alma mater and is national chairman of Trinity's annual giving campaign.

Other Trinity alumnae on hand for the festive evening included Miss Kathleen MacHale, the hostess' sister, Mrs. J. J. Gorman, Mrs. Emil Berg and Nancy Edwards.

Next MACLD Meeting to Focus on Fathers

In keeping with its theme for the year, "Family Focus," the Michigan League for Children with Learning Disabilities will focus on Fathers at its meeting Monday evening, November 28, at 7:30 o'clock at Epiphany Lutheran Church in West Seven Mile road.

Speaker is Ezra Foner, Learning Disability teacher with the Southfield Public Schools. All interested fathers—and mothers—are invited to attend.

Further information may be obtained by calling 839-8125. The MACLD 1977 Christmas card will be on display at this meeting. Information on the cards, (\$5 for a box of 25), may be obtained by calling 885-7987.

Proceeds from MACLD's May art auction have been used to purchase two films: "You're Not Listening," on the early identification of learning disability, and "Why Billy Can't Learn," a treatment of adolescence.

The films are being shown to parent groups and at teacher's meetings in Detroit area schools. Information on them may be obtained by calling 372-3134.
