

BOARD VOTES ON TAX DATE

HEADLINES of the WEEK

As Compiled by the
Grosse Pointe News

Thursday, December 8

A HOUSE-SENATE conference committee tentatively agreed yesterday to impose a tax on gas-guzzling cars to begin with the 1979 models. The conferees also agreed to retain the present income tax deduction allowed for state and local gas taxes. House Speaker Thomas O'Neill, D-Mass., said there is not enough time to complete an energy program this year. The best that can be done, he noted, is to finish the conference work before President Jimmy Carter leaves on his post-Christmas foreign trip.

Friday, December 9

THE STATE DEPARTMENT of Natural Resources, (DNR), is proposing a \$10.1 million urban recreation program that would include new fishing sites along the Detroit River. The "action program" announced yesterday also would feature major improvements and expansions of parks in southeastern Michigan. A representative from the Governor's Recreation Advisory Committee said the program is "a commitment to improve the quality of life where people live."

Saturday, December 10

THE FIRST PLANEload of Americans released from Mexican prisons landed in San Diego, Cal., last night. Excited relatives crowded about the fence along the runway as 62 returnees filed off the jet from Mexico City. In the unprecedented inmate swap between the United States and Mexico, 35 American men, 26 women and one child born in jail, were sent home to the States. The group was the first of about 235 Americans expected to be transferred from Mexican to U.S. prisons in the next several months.

Sunday, December 11

A FLASH FIRE raged through a downtown Bay City hotel last night leaving at least six people dead, 11 more missing and 56 injured. The residents were forced to jump for their lives from windows and hurl children to safety in near-zero temperatures. State police and firemen are investigating the possibility that the fire in the Wenhonah Park Apartments was set deliberately. There were reports that residents smelled gasoline before the blaze broke out and the fire was seen to start at both ends of the building at the same time.

Monday, December 12

ISRAELI PRIME MINISTER Menahem Begin said yesterday in Jerusalem that the current split in the Arab world was not welcomed by Israel. He said the Jewish state seeks peace not only with Egypt but also with its other Arab neighbors, Jordan, Syria and Lebanon. Prime Minister Begin and visiting U.S. Secretary of State Cyrus Vance called for a healing of the Arab rift caused by Egyptian President Anwar Sadat's peace initiatives.

Tuesday, December 13

KING HUSSEIN of Jordan said yesterday that his country will not take part in the Cairo peace talks between Israel and Egypt that will begin tomorrow. The king made the announcement from the Jordanian capital, Amman, after a meeting with Secretary of State Cyrus Vance. Mr. Vance went to Amman to persuade the king to take part in the talks. Although the king will not be present at the Cairo talks, he did leave the door open to the possibility of attending a later conference, perhaps at Geneva.

Santa's Elves Hard at Work in Pointe

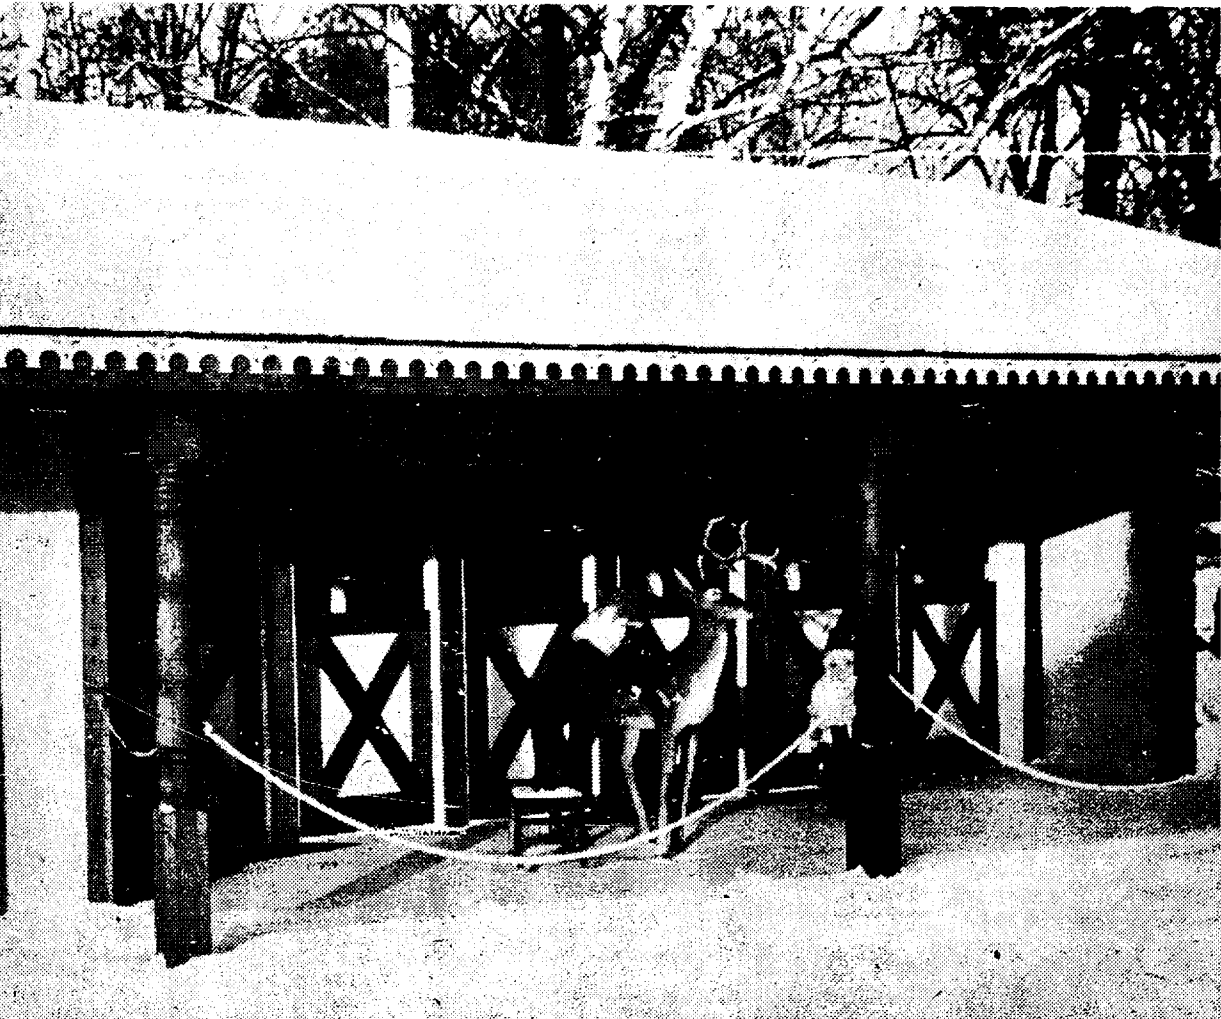

Photo by Wendy K. Settle

Santa's elves are working hard at their workshop in East Jefferson avenue in The City. The two above, grooming Dancer, are just one example of the many animated figures at Santa's Workshop. The workshop, on display at the Speersneider residence, is presented annually

by the Display and Exhibit Co. The public is invited to view the elves at work making toys, wrapping gifts, making their list and checking it twice. The workshop is open every day until Christmas, from 10 a.m. to 11 p.m. Parking is available in Alger place.

Delay Seen In Start of New Stand

Joint Project of Board,
North Boosters Club
Hit by Higher Than
Expected Costs

By Susan McDonald
The joint effort of the Board of Education and North High School Boosters Club to build a storage/concession stand at North's athletic field may be running into problems.

Bids on construction of the stand are running \$10,000 over the expected \$20,000 cost of the project. While the Board and boosters try to figure out who's going to pick up the extra tab, ground breaking on the project, which was expected to begin immediately, will probably be delayed.

Low Bid High
The stand is intended to serve the needs of the school system as a storage place for sports equipment, and the boosters as a permanent stand from which to sell refreshments at athletic events. The trustees agreed during school budget hearings in late summer to loan the booster's \$10,000 toward the project. The boosters were to supply the balance of the funds for the \$20,000 project. But the lowest bid on the project received by the Board (Continued on Page 2)

Pointes, Road Commission View Priorities, Problems In Removing Heavy Snow

Despite Fact That Winter Doesn't Officially Arrive
Until December 21, Hard Working Crews
Have Been Out in Force to Make
Travel Easier

By Barbara Sobczak
Last week's snowstorms brought joy to the hearts of children and skiers as the schools closed and the slopes opened. But even the young-at-heart discovered, as they do every year, that a winter wonderland loses its magic when you have to scrape, shovel and drive through the stuff.

Over 20 inches of snow has fallen already this winter. Make that this fall—winter doesn't officially arrive until Wednesday, December 21.

It's already here, though, for the snow removal crews of The Pointes. The local communities all have equipment and workers available or on call to see that the streets and sidewalks are as clear as possible.

Main Priorities
Main roads such as Vernier, Moross, Kercheval and Cadieux are top priorities for the public works departments. Some of the heaviest traffic, however, is along county roads for which the Wayne County Road Commission, (WCRC), is responsible. These include all of Mack avenue, Moross road north of Ridge road, Lakeshore road from Vernier to Warner road and Jefferson avenue from Fisher road to the Detroit city limits.

The decision to send out road crews is usually made by the city managers and the WCRC based on forecasts from the National Weather Service and information on road conditions from the public safety and police departments.

Generally salt alone can be used in two or three inches of snow or less. The salt will be less effective in melting when the temperature is below about 20 degrees.

Best to Wait
When plowing is necessary, the time of day and total amount of snow predicted are factors in deciding when trucks will be sent out. If the storm isn't expected to last too long it may be best to wait until all the snow has fallen before beginning plowing. As difficult as it is to drive through snow during rush hour, public works officials say it just isn't feasible or practical to try and clear the roads with heavy traffic. Workers are available at all times but the night hours are usually best for street-clearing with an attempt to have roads open by morning and the sidewalks clean in (Continued on Page 2)

Fire Completely Destroys Interior of Woods Home

A two-alarm fire, of an undetermined cause, completely destroyed the interior of a two-story home at 1740 Hollywood avenue last week, reported the Woods Public Safety Department. No one was seriously hurt in the incident. The blaze, which occurred Friday afternoon, December 9, originated in the wood paneled basement and swirled up the stairwell into the kitchen, hallway, sewing room area.

Around 20 firefighters, including men from The Woods, Harper Woods and Woods auxiliary officers, fought the blaze in eight degree temperatures, chilled by a 17-mile west, southwest wind. The men were at the scene for almost two hours before knocking out the fire. Upon arrival, the fire had already vented itself, said Cpl. Robert Setchell. A big problem was penetrating into the basement after first fighting the blaze in the kitchen area. "The fire in the basement made it difficult as the home was fully charged," he said. The house suffered extensive smoke damage throughout the structure itself wasn't badly damaged but most of its contents were destroyed. Two children of resident Frederick Damm were in the home at the time of the blaze. Cpl. Setchell said a daughter, in her late teens, exited on her own but a boy, in his early teens, exited and (Continued on Page 4)

GP Police Issue Snow Warning

Police and fire officials in all the Pointes again ask citizens to avoid piling shoveled snow around fire hydrants that may be on their property. Snow piles may hide the hydrants and, in case of a fire, may seriously delay firemen's response time leading to loss of life and property. (Continued on Page 4)

Park Approves Ambitious Tree Planting Plan

Citizens Can Participate in Program by Sharing
in Cost with City; Community Has Lost
120 Elms This Year

By James J. Njaim
Many residents have requested the replacement of elms lost to Dutch Elm Disease, plus the planting of trees where there had been none before. City Manager Robert A. Slone informed the Park Council on Monday, December 12. Because of this, the municipality will undertake an ambitious tree-planting program in the spring, with the city and home owners sharing in the cost.

The Park will pay for trees planted to replace removed elms from the public right-of-way, (between the curb and sidewalk). Where a tree is planted where one never existed on public property, the city and adjacent property owners will share the cost.

Mr. Slone recommended to the council, in the latter case, that the city and adjacent property owner split the cost of \$40. This would apply to such trees measuring two to two and one half inches in diameter.

However, Mr. Slone added, if the property owner requests a larger tree, balled and burlap-wrapped about three inches in diameter, the property owner would pay \$80, the difference between \$40 for a bare root and \$100 for a balled and wrapped tree.

Varied Replacements
He also recommended that if the property owner requests a larger wrapped tree, where a tree did not previously exist, \$80 would be assessed against the adjacent property owner. A large number of owners have presented such requests, Mr. Slone noted.

If property owners wish to plant trees on the public right-of-way, approval of the Public Service Department must be obtained after which a permit will be issued to the home owner. Mr. Slone said the city will participate financially in the planting of a tree, based on the following policy: The Park will pay up to \$40 for the replacement caused by the removal of an American Elm tree, and the city will pay up to \$20 for the planting of a bare root tree. (Continued on Page 4)

Important

A deadline change for all news and society copy, along with display and classified advertising, will be instituted for both the December 22 and 29 editions as the NEWS office will be closed on two Mondays, December 26 and January 2.

All news copy must be submitted by 5 p.m. on Fridays, December 23 and 30, respectively, while society copy must be in by 5 p.m. December 22 and 29, respectively. The display and advertising departments suggest an effort be made to submit all copy by 5 p.m. on both December 23 and 30.

Junior League's Efforts Pay Off with Amendment

By Wendy K. Settle
Charitable organizations will soon find it easier to get permits to hold fund raising events in The Farms as the council at its regular meeting on Monday, December 5, gave such groups the right of appeal if they are denied permits. The city manager makes the decision on all requests for permits. However, if a permit is denied, an organization can appeal to the council for a reversal. The council approved the amendment to the Charitable Solicitations and Events Ordinance at the request of the Junior League of Detroit. The Junior League had applied for a permit to hold its Decorator's Show House at 241 Lakeshore road but the bid was denied by City Manager Andrew Bremer. The request was denied because the Decorator's Show House would be open for three weeks and would be held during evening hours. The ordinance didn't allow events to exceed three days or be held after daylight hours. So, the Junior League went to the council early in November and asked for a variance to the ordinance. After numerous meetings between the Junior League, Farms police and the council, the ordinance was amended, not to change the requirements of the permits, but to give the right of appeal. Five minutes after the (Continued on Page 4)

Collection In Summer Approved

Trustees Await Input
from Municipalities
Regarding Payment
of All Taxes at
Once

By Susan McDonald

It's up to the cities now to rule on a request from the Board of Education that all school taxes be collected in the summer, a half-year earlier than the usual collection date.

School trustees voted 6-1 on Monday, December 12, to make the formal request to the six municipalities in the school system. The earlier tax date will save the schools about \$400,000 a year, according to Board figures.

The lone dissenting vote came from the Board's "senior citizens" representative, Laurence Harwood, who said the first year cost of the proposal would be too much for many citizens — especially seniors — to bear.

Discussions Help

Some of the Board members who had earlier expressed serious concerns about the cost to citizens of the switch in collection dates said Monday that new information on the subject had helped change their minds. Trustee William Huettnerman was one who previously felt the expense to taxpayers would be terribly high. But, after discussions with local accountant Michael Murray, of Hampton road, and several bankers, he was convinced that "the vast majority of citizens would not be affected by this."

Bankers told him that citizens who escrow their taxes through mortgage companies will have about 12 months to make up their payments for the earlier than usual collection, he said.

"I had assumed that residents would be asked to make up the money in their escrow accounts immediately. That is apparently not true," Mr. Huettnerman said.

Those taxpayers bound to suffer the most expense through a switch in the tax date are those without mortgages or escrow tax accounts — including many senior citizens.

Projects Eyed

But relief may be available for that group also, according to Superintendent of Schools Dr. William Coats. Under a state statute, persons 65 years of age or older whose income is \$10,000 a year or less, may defer payment of taxes at the local level until mid-February.

They will be able to avoid taking the money out of savings accounts to make the early tax payment.

Upon the recommendation of Dr. Coats, the monies gained through the change in the tax collection will be earmarked for badly-needed capital improvement projects throughout the school system.

"The extra funds will help us meet a number of critical needs in some of our older schools which we would not (Continued on Page 2)

Holiday Sing Has New Date

The Park Civic Ass'n. Holiday Sing has been rescheduled for Monday, December 19, from 7 to 9 p.m.

Residents of all the Pointes are invited to join the fun, meet Santa Claus and enjoy coffee, hot chocolate and Christmas candies at the Windmill Pointe Park bathhouse.

The sing was originally scheduled for Monday, December 5, but was cancelled when the season's first heavy snowstorm closed roads and made travel impossible.

Correction

The Grosse Pointe Academy boys soccer team finished its season at 4-0-2 and not 4-2-0 as reported in last week's story. "GP Academy Wins Titles."

It's Only Natural

by L.C. Termini, N.D.

Why should you try to keep your weight as close to normal as possible? Some of the answers are obvious. You usually feel better in general if you look better and you can generally do more if you are not over or under weight. Another reason is that you will most likely live longer. Metropolitan Life Insurance Company statistics show that people who are within 5% of their normal weight live longer than their overweight contemporaries. If you are overweight by 35%, you are really getting into the trouble zone for early death. So, to improve your whole outlook and future, keep your weight under control.

VIM & VIGOR HEALTH FOODS, 21151 Mack, 886-9466 is the answer to your health foods needs. We are also the answer to gift-giving problems for the natural foods buffs on your Xmas list; we feature a large inventory of natural foods, an extensive selection of literature and a fine beauty aids dept. Please accept our warmest greetings for a Merry Christmas and a happy harmonious holiday season. Open: 9:30-9 Mon.-Sat.; 11-5 Sun.

Priorities, Problems in Removing Snow Viewed

(Continued from Page 1)
time for children to get to school.

Although all the cities face the same basic situation, each encounters its own difficulties with snow removal.

Woods City Administrator Chester E. Petersen cited the problem of private plowing companies pushing snow back into cleared streets, particularly along Mack avenue. The city clears a five-foot wide area of sidewalk on Mack but the commercial establishments are responsible for their driveways and other areas.

Plow and Run

"They can dump the snow on the island on Mack, but it is against the ordinance to put the snow in streets," Mr. Petersen said. "We will be issuing violations for this."

The Park and City have similar ordinances but have experienced less of a problem. Warnings to offenders have generally been sufficient.

In The Farms, a law against the dumping of anything which might block streets or drains is interpreted to include snow, according to Public Works Superintendent Patrick Cosgrove.

"We have a problem finding and catching them," he said of offenders. "They plow the snow in the street and then they're gone."

There is no ordinance against this in The Shores, and Village Superintendent Thomas K. Jefferis also mentioned some difficulties.

"If we catch someone dumping snow in the street we tell them to clean it up," he said. "Usually, though, we can't find them and just have to go back and plow it again ourselves."

WCRC Director of Public Information Louis Sugo said that the commission hasn't noticed this problem.

"We're more likely to get a call from someone complaining that we've just plowed snow back into their driveways," he explains. "We can sympathize with them but there is really nothing we can do if we are going to keep the streets clear."

Thomas Kressbach, city manager of The City, mentions similar complaints but says, "No one has invented a way to clear the streets without getting some snow in driveways. Our residents have usually been most understanding about this."

Pointe officials say they think the WCRC has been doing fairly well in keeping their roads clear this year, although Mr. Jefferis feels they "aren't as prompt as usual."

The county roads in The Pointe are second priority after the freeways and main state arteries which the county commission also is paid to take care of.

Help Each Other

Responsibility for certain roads belongs to the county but local departments can, and do, sometimes get involved in work on these streets.

In The Farms, Lakeshore

can be particularly treacherous even without snow because of ice caused by lake water blown by heavy winds. The area is under the county jurisdiction but the Farms' Public Works Department will try to assist if notified of a dangerous situation.

"It's a reciprocal arrangement," according to Mr. Cosgrove. "We have, on occasions such as last Thursday, December 8, worked on stretches of Lakeshore and the Wayne County Road

Commission has helped us out at times." Trucks for The Shores have sometimes plowed portions of Lakeshore road since they must go on it to reach other streets and the crossovers.

This area of Lakeshore doesn't have the same problem with ice since the lake is further from the road but the curve near the Edsel Ford estate can be particularly slick and is a top priority for salting, said Mr. Jefferis.

GP Teachers Join Others

(Continued from Page 1)

rectors, Pat Laughlin, said that though attempts at regional bargaining are certain in the future, Local 1 is presently just an administrative unit.

No Machinery Yet

"We share information, train negotiators and guide political action," Mr. Laughlin said. "We're just beginning to look at unified bargaining, but we're still in the informational stages. The machinery has not been set up yet."

In addition to Grosse Pointe, school districts included in Local 1 are Anchor Bay, Armada, Chippewa Valley, Clintondale, Fraser, Lakeview, L'Anse Creuse, Mount Clemens, New Haven, Richmond, Romeo and South Lake.

Most of those districts are working under contract now. Grosse Pointe's three-year agreement, reached in fall of 1976 after a state fact-finder was called in, will expire in June 1979.

Regional or state-wide bargaining of teacher contracts has been a goal of the MEA since the firing of 184 striking teachers in Crestwood in 1974. Courts upheld the dismissals because state law prohibits strikes by public employees.

MEA officials say school boards will be less likely to fire a district's teachers if they know those in surrounding districts also may walk out.

Eyes Local Control

"All we're doing with regional bargaining is what school boards have been doing for years through their state and county organizations," Mr. Laughlin said.

"School boards have been getting together for years and deciding what they're going to pay teachers and what kind of roll-backs to ask for," Mr. Laughlin added.

Dr. Coats denied that school boards take a regional approach to negotiating local contracts. "Boards of Education do not coordinate bargaining. Our board members have never met for the purpose of being involved in regional bargaining strategy," he said.

"I believe regional bargaining further weakens local control of schools — the ability of boards to reflect their community's needs and aspirations. Much of what we're able to do in the classrooms is reflected in our contract with teachers."

Currently there are five regional bargaining groups in Michigan, most of them in either out-state areas or the upper peninsula.

Says It Helps

In western Wayne County, 18 MEA locals joined to bargain contracts this year. Director of that conglomerate, Ken Gabel, says all but one of the nine contract settlements there conform to previously agreed upon wage settlement patterns, involving an improvement factor and cost of living concept by the third year of the agreement.

"Unified bargaining has helped us," Mr. Gabel said. "We think that eventually it will greatly increase teachers' bargaining strength."

The legality of regional bargaining groups has been challenged by the northern Michigan Kalkaska Board of Education, as a violation of state labor laws.

The Michigan Employment Relations Commission ruled against the Kalkaska board, which appealed to the Michigan Court of Appeals. The higher court has not yet tried the case.

Summer Collection Eyed

(Continued from Page 1)

be able to tackle with our current budget," Dr. Coats said.

Among the projects included on his \$3.3 million "shopping list" are renovation of the industrial arts building at

South High School, roofing work at several schools and many repair and maintenance jobs.

The Board vote on Monday night now places the issue squarely in the hands of city councils in the five Pointes and Harper Woods, which have the ultimate authority to determine collection dates.

Need Agreement

Contingent on the Board request for the July 1 collection date is complete agreement of all six municipalities. Different collection dates throughout the school system would not be fair to citizens, trustees said.

The councils will probably begin their discussion of the issue after the first of the year. Although the schools have made inquiries about the council's position on summer tax collection, none of the municipalities have taken a firm stand on the issue yet.

(The Woods Council on Monday, November 21, did nix a proposal to collect half the school property taxes in the summer and the other half in December. The Woods has not voiced any opinion on collecting all school taxes in the summer.)

City taxes in The Pointe are already collected in the summer. Harper Woods collects school taxes twice a year, half in the summer and half in the winter.

Dr. Coats said he anticipates having some problems convincing municipalities to move to the summer collection date.

BE ON GUARD

When people speak to you in confidence, it is time to temper your own in the matter.

Delay Seen

(Continued from Page 1)
at its Monday, December 5, meeting was \$31,276 from the Charles Fromm Co.

Superintendent of Schools Dr. William Coats recommended at the meeting that the school system provide the extra \$10,000 for the project and, at the same time, supply another \$10,000 to South High for a similar building.

Need More Info
Trustees, however, said they needed more information on the construction costs and how they may be trimmed somewhat before deciding to commit the extra money to the project.

School Director of Support Services Ben Zenn said that will probably cause a delay in the start of construction. So far, about \$1,500 has been committed to the project for preliminary drawings from architects Stewart-Adams Associates, of East Detroit.

Plans call for a building of 48' by 25' with electricity and drainage facilities. It would be located near the playing field so that heavy equipment could be stored there and refreshments could be served to athletic fans at the games.

The boosters had hoped to have the building ready for use during the track season this spring.

Wine Lines

by John Lundberg

You might have seen the word "chateau" on a wine label and envisioned a large mansion standing amidst fertile vineyards. You might have the right image, but the chateau referred to might just be a farmhouse attached to the vineyard by ownership. What is important though is that, by French law, the chateau label guarantees that the wine was grown and bottled in a certain vineyard, and has not been cut with inferior grapes.

And you might find the solution to your gift-giving problems at PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626. In addition to our fine selection of imported and domestic wines for the wine buffs on your list, we also prepare gift baskets and will custom create one with the wines, cheeses and other items to suit the recipient and your budget. We take pleasure in wishing you a joyous Christmas and a bright new year. Open: 10-10 Mon.-Thurs.; 10-11 Fri., Sat.

WINE WISDOM:

Chateau wines are generally of higher quality than non-chateau bottled wines.

GPYC Elects New Board of Directors

Due to an error at the NEWS' print shop last week, the wrong picture of the Grosse Pointe Yacht Club's (GPYC) board of directors was used. Here is the new board, all of whom were elected after the club's recent 49th annual meeting. New club officers are, seated, (from left to right), secretary JAMES D. MITCHELL, vice commodore SHEL-

DON F. HALL, commodore JAMES L. TAYLOR, rear commodore PAUL A. EAGAN and treasurer GEORGE E. KRIESE. Standing, (from left to right), are new directors ROY E. BARBIER, EDWARD W. WILBERDING, JOHN C. WOODLE, JAMES R. DAOUST, JERRY K. GIRSCHNER and PETER E. O'ROURKE.

Santa Funday Set for Dec. 17

The young women at Our Lady Star of the Sea High School will entertain kids of all ages at their annual Santa Claus Funday, set for Saturday, December 17, from 10 a.m. to 4 p.m. Admission to the school, located at 487 Fairford road, will be 10 cents. There'll be games, prizes, baked goods and pictures taken with Santa himself for \$1. For more information, contact Mary Tredor or Cathy Francis at 881-5110.

Grads Invited To GP Reunion

The War Memorial will host a Christmas Reunion party for recent graduates of North and South High Schools on Tuesday, December 20, in the Fries Crystal Ballroom, 32 Lakeshore road.

All are invited to share a bit of nostalgia with high school friends. The ballroom will be decorated with special remembrances of proms, homecomings and activities from the high school papers.

Beer and wine will be for sale. Entertainment will be provided by Bill Long and interested persons are invited to bring their guitars to join in a sing-along.

The reunion begins at 8 p.m. Friends, 18 years and older, are invited. Reservations must be made by calling the center at 881-7511.

Tickets are \$1.

No New Leads In Arson Case

Nothing new has developed in the arson investigation being conducted by The Farms detective bureau, although Det. Earl Field noted that the list of suspects is still declining.

Police also reported that there has not been a large public response to the \$1,000 reward The Farms is offering for information leading to an arrest in the case.

Assistance from the Michigan State Crime Lab and the Youth Service Division is continuing.

Eleven fires were reported to have occurred between November 5 and November 19. Most happened in the Merriweather-Mount Vernon road area with garages being prime targets.

Ambulance Run Proves Big Pain

An ambulance run by Woods officers for an apparent heart attack victim proved a big problem in more ways than one Wednesday afternoon, December 7, as the man hadn't suffered an attack at all and a responding scout car was struck by another auto.

In fact, when Officer James Fowler arrived at the 79-year-old's Van K road home, he found the man dressed and waiting at the door for

the ambulance. When asked if he was suffering a heart attack, the man told the officer, "No, I have a four o'clock appointment at Saint John Hospital."

The man was then taken to the hospital by Shores ambulance, but not before being advised to call for a taxi when no emergency is occurring. (The Woods' ambulance was out of service with a mechanical problem that day).

Meanwhile, on the way to the call, Officer Michael Cavanagh was following Officer Fowler, with both scout cars having their emergency flashers on and sirens blaring.

While going northbound on Van K about 15 seconds behind Officer Fowler, a vehicle slowed down and pulled to the right in front of Officer Cavanagh. While the auto had its left turn signal on, the officer was under the impression it pulled over to let him pass.

However, after slowing to between 15-20 mph as he passed the auto, the car immediately turned left into the officers' path. Officer Cavanagh attempted to stop and avoid a collision without success.

No enforcement action was taken against the motorist, a 38-year-old City woman.

Police Survey Hill Parking

Farms Police conducted a survey on Tuesday, December 6, to determine who was using the 10-hour parking meters located behind the businesses in Kercheval on-the-Hill.

The survey was the result of several complaints which police received concerning South High School students parking in the spaces early in the morning. Employees on-the-Hill said there were no parking spaces left by the time they came to work.

Farms Police Chief Robert Ferber, stationed a police officer at the entrance of the parking lane from 7:30 until 9 a.m. That officer questioned every person who parked at the meters.

The most interesting fact resulting from the survey was that none of the parking spaces were being used by South students or employees.

There are 71 ten-hour meters. The officer reported, as of 7:30 a.m., four cars were parked in the lane. By 9 a.m., 59 cars had been parked. Fifty-eight of those 59 autos belonged to employees of the Hill district. The last car belonged to a volunteer at Cottage Hospital.

AFFIRMATIVE ACTION
 The U.S. Department of Labor's Employment Standards Administration administers and enforces affirmative action programs to provide equal employment opportunities for minorities and women, handicapped persons and Vietnam era veterans and disabled veterans who work or want to work for federal government contractors.

Room Rates Studied

(Continued from Page 1)
each institution without considering a number of important and related factors. One affects all of them directly, higher costs, and ensuing efforts toward keeping such costs in line.

Mr. Pryce, for instance, stressed that room rates reflect one thing — inflation. At the same time, in attempting to put the entire matter in perspective, he said such factors as the size and age of the facility must be considered, along with the level of care and teaching programs. Capital costs also play an important role.

(The budgets of each institution reflect to a good de-

gree some of these variables.) In the same vein, Mrs. Armstrong emphasized that room rates only reflect a small portion of what a hospital bill is all about. The greater portion of a bill encompasses such costs as X-rays, laboratory work, pharmacy, operation room fees, et al.

Would Do Diservice
"Third party payers, (e.g., the government, insurers such as Blue Cross), do not reimburse the hospital at a level they are charged," she said, while noting about 98 percent of costs are paid by third parties.

She said hospitals are usually reimbursed by third party payers at cost, with the institution not getting the money it bills.

Saying people must understand what hospitals have to do to stay in business, Mrs. Armstrong said while costs keep rising, hospitals are interested in keeping charges down. At the same time, she felt citizens do want the best possible health care and this does cost money.

The point all officials wanted to make is that to blankly compare room rates between various institutions, such as the trio of hospitals which serve The Pointe, would be doing a disservice to each.

For such a comparison merely touches the surface of what is a deep and often involved process of serving the public in a time of ever-increasing costs.

To Face Trial in Circuit Court

A 21-year-old Detroit man, who is charged with robbery, armed and assault with intent to murder stemming from an October 24 incident at the Eastland Shopping Center, is scheduled to face trial in Wayne County Circuit Court sometime in January, reported Harper Woods police.

point, forcing them to drive on the I-94 freeway and slashing the woman in the abdomen area.

After the auto struck the median, the fleeing suspect was apprehended a short time later by Harper Woods police in the area of Brys Park, St. Clair Shores.

The woman was treated at Saint John Hospital and ultimately released, while the daughter wasn't injured in the incident.

Fire in Woods

(Continued from Page 1)
then went back to try and rescue two pet cats, which perished, and was caught inside.

He was ultimately rescued after going out a bedroom window to a second floor porch.

The fire was doused with the booster line and a one and a half inch line. "The fellows did a fine job in knocking it down as it was going good when we got there," the corporal added.

The only reported injury occurred when Woods Fire-fighter Patrick DeVine was struck on the head, just above the left eye, by a falling object from the ceiling. He suffered a contusion to the area around the eye brow.

He added he was wearing the department issued fire helmet which afforded no protection to the face or the eyes.

Amendment

(Continued from Page 1)
amendment was approved, representatives from the Junior League approached the council and, under the new provisions in the ordinance, obtained permission to hold the Decorator's Show House.

Now that the League has its permit, the Love estate in Lakeshore road will be decorated by various shops. The Decorator's Show House will be open from next April 29 through May 21.

The council's decision opens the door for not only the Junior League, but other charitable organizations who may want to hold events of a similar nature.

Tree Planting

(Continued from Page 1)
or a balled and wrapped tree, where a tree did not previously exist.

A proposed plan in the tree planting will be published in the spring newsletter to Park citizens, so that those who do not know of the program may participate.

It was said that replacements can be of any number of species, including various types of locusts, maple and aspen, which are disease resistant.

The Park has lost 120 elms this year, has replanted 37 and will put in the balance by spring.

SEMCOC Lists Housing Stats

Building activity in some areas of The Pointe picked up slightly during the first six months of this year in comparison to 1976 levels, according to a report issued recently by SEMCOG, (South-east Michigan Council of Governments).

In The Woods, the number of housing permits issued between January and June 1977 was equal to the total number issued for all of last year. Permits were granted for construction of seven, single-family and four, two-family units in the city.

In 1976, The Woods issued a total of 11 permits, with only two applying to multiple family units.

Building in The Shores appears to be keeping at roughly the same pace for both years. Last year's Shores' permits totaled 21, while in

Hospital Gets Design Award

The design of an addition to Bon Secours Hospital, 468 Cadieux road, has netted architects at Rossetti Assoc. yet another honor, this one from the Detroit Chapter of the American Institute of Architects.

The announcement was made at the institute's annual honor awards banquet held Friday, December 2. In addition to its work on the hospital, Rossetti Assoc. was commended for its design of a Manufacturers National Bank building in Detroit.

Other firms winning recognition at the banquet were Smith Hinchman and Grylls, TMP, Rossen/Neumann, Charles Terrence, McCafferty and Assoc., Giffels, Christopher Wzacy, and Robert L. Ziegelman.

In 1975 the Masonry Institute of Michigan and the Michigan Society of Architects awarded Rossetti Assoc. the annual Design Honor Award in Masonry for its work at Bon Secours.

GATHERS DATA

The National Foundation-March of Dimes acts as a clearinghouse for birth defect data gathered in several European nations, Canada and the United States. Ten nations report quarterly to the NF on the incidence of specific birth defects.

Tree Lighting Set for Dec. 18

The Farms Annual Tree Lighting Ceremony will take place on Sunday, December 18, at the Farms Pier Park entrance beginning at 5 p.m. The event is sponsored each year by the Grosse Pointe Farms Boat Club.

The entire community is invited to participate and to enjoy coffee, cocoa and cookies provided by the club in the clubhouse after the ceremony.

The tree is a 38-foot tree of lights and is raised around the flagpole. It was designed by Bill DeGalan of The Farms and each year he and Jerry Janisse refurbish it and put it up.

It is made up of over 1,200 tiny light bulbs, each one painted by hand. This must be redone each year and the wiring must be carefully checked because of the scouring effect of the wind.

The tree is topped by a star of lights containing about 100 bulbs.

Farms Mayor James Dingeman and George Toy, commodore of the boat club, will preside at the ceremony. Leading the community sing will be the Saint Philomena choir.

For some guys fun begins where common sense leaves off.

SEMCOG Lists Housing Stats

Building activity in some areas of The Pointe picked up slightly during the first six months of this year in comparison to 1976 levels, according to a report issued recently by SEMCOG, (South-east Michigan Council of Governments).

In The Woods, the number of housing permits issued between January and June 1977 was equal to the total number issued for all of last year. Permits were granted for construction of seven, single-family and four, two-family units in the city.

In 1976, The Woods issued a total of 11 permits, with only two applying to multiple family units.

Building in The Shores appears to be keeping at roughly the same pace for both years. Last year's Shores' permits totaled 21, while in the first six months of 1977, 11 permits — all for single family units — were issued.

In the more densely developed Pointe communities, The City, Park and Farms, there were no major changes in trends.

Through June of this year, The City issued only one permit, (compared to nine for all of 1976). The Park issued three permits, (and 10 in 1976), and The Farms issued six permits, (10 were issued in 1976).

The SEMCOG report is a compilation of construction permits, and does not indicate how many homes were actually built during the periods measured.

The entire southeast Michigan area experienced an increase of almost 47 percent in the number of permits issued during the first half of 1977, as compared to the same period in 1976.

Most of the building activity took place in Oakland County. Sterling Heights led all communities in the survey in number of permits issued with 1,108.

SEMCOG reports a sharp increase in the number of multi-family units under construction. The total permits issued for that type of construction increased some 97 percent over the 1976 figures.

Besides Sterling Heights, the top 10 communities in building were Canton Township, Troy, Farmington Hills, Southfield, Livonia, Clinton Township, West Bloomfield Township, Westland and Avon Township.

Copies of the report, "Residential Construction in Southeast Michigan, First Six Months 1977," are available through SEMCOG by calling 961-4266.

Hospital Gets Design Award

The design of an addition to Bon Secours Hospital, 468 Cadieux road, has netted architects at Rossetti Assoc. yet another honor, this one from the Detroit Chapter of the American Institute of Architects.

The announcement was made at the institute's annual honor awards banquet held Friday, December 2. In addition to its work on the hospital, Rossetti Assoc. was commended for its design of a Manufacturers National Bank building in Detroit.

Other firms winning recognition at the banquet were Smith Hinchman and Grylls, TMP, Rossen/Neuman, Charles Terrence, McCafferty and Assoc., Giffels, Christopher Wzacy, and Robert L. Ziegelman.

In 1975 the Masonry Institute of Michigan and the Michigan Society of Architects awarded Rossetti Assoc. the annual Design Honor Award in Masonry for its work at Bon Secours.

GATHERING DATA

The National Federation of March of Dimes acts as a clearinghouse for birth defect data gathered in several European nations, Canada and the United States. Ten nations report quarterly to the NF on the incidence of specific birth defects.

Clown Corps Sets Luncheon

The Grosse Pointes Bicentennial Clown Corps and Big Boy will co-host a luncheon with Santa on Saturday, December 17, at the restaurant, located at Mack avenue and Eight Mile road, reports corps chairman Arthur J. Kuehnell.

It will be held from 12 noon to 2 p.m. Tickets are \$2 for adults and \$1 for children.

For further information, call Mr. Kuehnell at 881-8186.

Tree Lighting Set for Dec. 18

The Farms Annual Tree Lighting Ceremony will take place on Sunday, December 18, at the Farms Pier Park entrance beginning at 5 p.m. The event is sponsored each year by the Grosse Pointe Farms Boat Club.

The entire community is invited to participate and to enjoy coffee, cocoa and cookies provided by the club in the boathouse after the ceremony.

The tree is a 36-foot tree of lights and is raised around the flagpole. It was designed by Bill DeGalan of The Farms and each year he and Jerry Janisse refurbish it and put it up.

It is made up of over 1,200 tiny light bulbs, each one painted by hand. This must be redone each year and the wiring must be carefully checked because of the scouring effect of the wind.

The tree is topped by a star of lights containing about 100 bulbs.

Farms Mayor James Dingeman and George Toy, commodore of the boat club, will preside at the ceremony. Leading the community sing will be the Saint Philomena choir.

For some guys fun begins where common sense leaves off.

We have a private room available for your Christmas party! Call TU 5-9100 to make your reservation.

GOURMET TIP:

An angel cake will slice neatly without crumbling if you freeze it first, then thaw it.

FOP Sponsors President's Ball on Dec. 19

The Grosse Pointe Fraternal Order of Police, Lodge No. 102, will hold its 18th Annual President's Ball at the Grosse Pointe Yacht Club on Monday, December 19, starting at 7:30 p.m.

The affair will be a dinner-dance with the ticket price at \$15 a person, or \$30 a couple, according to Youth Service Division Det. Patrick Fagan, chairman and current

president, who will begin his third one-year term Sunday, January 1.

The admission price includes refreshments, dinner and dancing, with the music featuring The Elgins. Cocktails will start at 7:30 p.m., dinner will be served at 9 p.m., and dancing will be until 1 a.m.

The annual event is open to active members of the

lodge, retirees, comprised of Pointe and Harper Woods officers, associate members and guests.

Anyone interested in attending the affair should contact Park Police Lt. Gordon Duncan at 882-7400 for tickets.

Current lodge officers also include Park Patrolman Andrew Meeker, vice president, Woods PSO James Fowler, secretary, Lt. Duncan, treasurer, Woods PSO Stephen Petrik, conductor, and Shores PSO Michael Kortas, guard.

THE I.R.A. TAX BREAK!

If you are not covered by a regular pension plan, you can save a heap of tax dollars with a D&N Individual Retirement Account and enjoy numerous benefits as well. Why settle for less?

1 Tax-Deferred Deposits!

You can save up to \$1,500 per year or 15% of your gross annual income, whichever is less — and not pay income taxes on it until retirement. Housewife accounts are available, too, also tax deferred until retirement. A great tax break for you.

2 Tax-Deferred Interest on Savings!

Another tax break for you. The earnings on your I.R.A. account are tax deferred until retirement, too, when you're apt to be in a much lower income tax bracket and, thus, will pay less taxes. If you're serious about saving money, come in and see us.

3 High Rate of Return!

We offer a bonus for tax-savings-minded people — Our GIANT-EIGHT, a 3-year Savings Certificate that pays you an interest rate of 7.75% per year — and we'll compound your interest daily to give you an annual yield of 8.05% per year. Guaranteed.

4 Receive 1977 Tax Credit thru Feb. 14, 1978!

Your 1977 I.R.A. deposit can be made in 1978. Your 1977 tax credit applies to all Individual Retirement Account deposits made through February 14, 1978.

In addition to the benefits above, there are more good reasons to open your Individual Retirement Account at D&N:

1. **Low minimum deposit** — You may open an I.R.A. account with as little as \$1 and add to it in any amount at any time.
2. **New 3-Year Term** — A new 3-year term is available on 7 3/4% I.R.A. accounts at D&N.
3. **A record of earnings** — Each participant receives a statement annually which reflects all deposits and accrued earnings.
4. **Insured Safe** — I.R.A. accounts are insured safe to \$40,000 by a permanent agency of the U.S. Government and by the strength and experience of a pioneer Michigan financial institution.
5. **No Cost** — D&N I.R.A. accounts are still administered free. Shop and compare — you'll choose D&N.

Seek Suspect

Woods police are seeking this suspect who allegedly committed a larceny by trick last month at the Manufacturer's National Bank, Lochmoor Branch.

Police said the man, whose picture was taken by the bank's video equipment, turned over 12 rolls of \$10 quarter wrappers to a teller and received \$120. The teller didn't check the rolls for proper content, the bank's procedure.

They were later found to contain a minimum of two quarters and a maximum of metal washers with holes in the middle. The exact loss was placed at around \$114.

The deception was discovered when the same teller opened up the rolls in question at a later time to make change for a transaction.

The washers were discovered on Tuesday, November 22, while police were notified on Tuesday, November 29. In his report, Det. Thomas Podewick noted the reason for the lapse was because as soon as the washers were found, a report was filed with the bank's Loss Prevention Unit.

Branch personnel thought that unit would follow up by contacting local authorities but such was not the case. Upon learning this, the bank notified Woods police.

The suspect was described as white, in his late teens or early 20's, around 5'7" to 5'8" tall, between 145 and 150 pounds, of a medium build and with collar length blondish brown hair.

He was of a neat appearance and wore wire-rimmed glasses, shirt, sweater and sportcoat.

If citizens have any information on this suspect, who bank personnel said had conducted business before, they should call The Woods detective bureau at 886-2700.

Blaze Proves New Beginning

Bart Edmond, whose beauty salon, 21316 Mack avenue, was gutted and totally destroyed by fire late Sunday evening, November 20, has termed the disaster "a beautiful beginning" with "lots of good and lots of growing" being a prime result of the blaze.

He said many citizens and friends have contacted him, expressing their heartfelt wishes and sympathy over the fire. These expressions, he noted, have made the incident and ensuing transition easier to bear.

Through the courtesy of Darlene Doetsch of the Image Makers, 19887 Mack avenue, Mr. Edmond, assistant Helen Szulzewski and stylist Karla will set up holiday headquarters pending the grand opening on Monday, January 16 of his new salon at 31065 Harper, St. Clair Shores.

He said most of his staff, temporarily released, have given him a firm commitment to return when the business reopens.

Holiday Traveling Heavy According to Auto Club

The exodus of Michiganders to sunnier climates and northern ski lodges this Christmas-New Year's holiday may set a record as advance lodging and airline reservations are up 10 percent over last year, said the Automobile Club of Michigan in a news release.

Air space to Florida, California, Mexico, Hawaii and the Caribbean is booked for much of the holiday period. Lodging in those areas and at many state ski lodges is obtainable now only through cancellations.

"Persons making immediate reservations at popular hotels and motels across Michigan should find desired accommodations at all but Michigan's northern ski lodges which are filled between Christmas and New Year's Day," stated Auto Club World Travel Manager C. E. Stanbury.

Mr. Stanbury, who advised skiers without accommodations to seek reservations at motels in communities near major ski resorts, said that some northern cities are filling motel space for the holidays at a record pace.

"Motel space is at least 90 percent booked between Christmas and New Year's in Grayling, Gaylord, Petoskey and Cadillac and those areas should fill for much of the holidays," he said.

"Motel owners in other sections of Michigan expect heavy holiday pressure, but most operators do not anticipate filling. This includes the popular Traverse City area."

Approximately 3.4 million cars will travel an estimated 660 million miles in Michigan over the 78-hour Christmas holiday, which begins at 6 p.m. Friday, December 23, and concludes at 12 midnight Monday, December 26, and again over New Year's, which begins at 6 p.m. Friday, December 30, and runs through 12 midnight Monday, January 2.

During last year's 78-hour holidays, 17 persons died in Michigan traffic accidents over Christmas and 13 over New Year's.

"Between December 18 and January 3, Michiganders will find it difficult to obtain a ticket for air travel or book rooms at desired accommodations at warm-weather destinations," said Mr. Stanbury. "No matter where you

travel this holiday, confirm all reservations for air travel or rooms at least 72 hours before starting a trip. Persons without confirmed tickets for air travel still can arrive at airports at least two hours before intended flights depart and put names on standby lists," he continued.

Since some airlines have cancellation rates of up to 15 percent, many travelers stand a good chance of getting on intended flights. Auto Club does not recommend standby status for families.

To accommodate the expected holiday rush, some airlines have added flights. Delta has 1,000 additional seats to Florida while United will have 60,000 more seats to U.S. destinations between December 16 and January 3. "Florida tourism officials say seashore accommodations south of a line from Tampa to Jacksonville and within a 20-mile radius of Disney World are nearly sold out between December 15 and January 3," Mr. Stanbury said. "Disney World officials are expecting record crowds between December 20 and January 2."

Florida campground space also will be difficult to find, with nearly 80 percent of the 94,000 public and private campsites expected to fill for the holidays.

Only scattered areas of the Caribbean still have motel accommodations during the holidays.

BIRTH DEFECTS

Birth defects strike one of every 12 infants born each year in the United States, reports the National Foundation-March of Dimes. Every two minutes, a child is born with physical or mental damage.

Let's Talk Real Estate

by John E. Brink

If you purchased a home last year for \$60,000 it's probably worth \$65,000 to \$70,000 today! Now examine the facts. You probably put \$12,000 down and now if you sell, you can have a profit of \$5,000 to \$10,000! Invest \$12,000 and get back \$10,000!! That's pretty sharp investing.

Naturally, you would have had interest and taxes to pay, however, you could have easily made that and more from rental fees!

A way of comparing might be to see what your \$12,000 would grow to if it earned 7% in the bank. Your profit here would be only \$840. Serious investors say that the purchasing of Real Estate-looking for appreciation, is using leverage at its best.

What this all leads to is that a home owner who has owned his home for the past five years, probably has an opportunity to invest in Real Estate. He probably has enough equity to re-mortgage and put the proceeds into a second speculation house. This could be done under a favorable taxation which would allow you a benefit over the normal income tax.

We're serious and you'll find Real Estate is sound, stable and safe as far as speculative investing goes. If you'd like to explore the possibility of making your equity work for you, we have a wonderful staff of sales associates who can tell you more. Why not call us, Grosse Pointe Real Estate Co. 882-0087.

Conceived in Germany. Born in Japan.

Two famous names in 35mm photography have teamed up to bring you a limited edition camera. At a very attractive price. This Leitz/Minolta CL is a superbly crafted 35mm camera, small enough to fit in a jacket pocket. Yet, it's a giant when it comes to making great photographs.

Interchangeable lenses. The CL has a special bayonet lens mount that allows you to use many of the lenses in the famous Leica® M camera system. To start you off, the CL comes equipped with a 40mm f/2 lens. Also available is a 50mm lens.

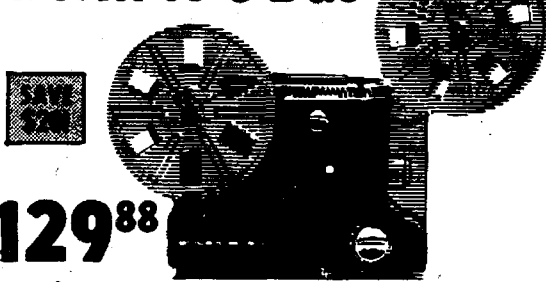

Another unique feature is that the exposure meter measures light selectively through the lens. Focusing is by double or split image matching.

Limited edition. Combining multiple lens use with selective metering makes the range find a very special camera indeed. There are only 4,000 cameras available in the U.S.A. They are warranted and serviced, if needed, by Leitz, the leading name in quality optics. The Leitz/Minolta CL. A one of a kind camera from two great camera makers.

319⁸⁸ with Rokkor 40mm lens and case!

Sony's EX Music System. Incomparable FM stereo, Tape Cassette and LP listening.

Sony created an EX-ceptional compact stereo that rivals any you've ever experienced. The design isn't just different—it's downright fantastic. With sleek, slim lines. And a smokey dark shading, including a smoked, hinged dust cover. And what looks good on the outside sounds even better on the inside. Like an FM stereo and FM/AM receiver. A fully automatic single-play turntable. With a DC servo motor. Automatic record size sensor for 12" and 7" records. A magnetic cartridge with diamond stylus. A built-in tape cassette recorder/player. All this great sound brought to the peak of perfection through Sony's new Sensi-Bass Speakers. That deliver more bass and greater response than you might expect from a compact. See and hear for yourself just how EX-ceptional the EX is.

ULS Presents Yule Concert

The University Liggett School Choral Society will present "ViValdi Gloria," on Tuesday, December 20, at 8 p.m. at the Middle School campus, 850 Briarcliff drive.

"ViValdi Gloria," a major 18th century choral work, will be presented with an orchestra and soloists. The Choral Society is under the direction of ULS faculty member Frederic DeHaven.

The group is made up of students, parents, faculty and their spouses. Pianist for the Society is Frank Corliss, a junior at ULS and a student at the Detroit Conservatory of Music.

Others performing will be the school's other vocal groups, "Les Jeunes Filles" and "The Dirty Dozen."

Tickets for the concert are available from Mrs. Horace Ford at 885-0299. Admission is \$3, student tickets are \$1.

Obituaries

MRS. MARGARET L. DEFOUR
Services for Mrs. DeFour, 60, of The Woods, were held Wednesday, December 7, at the Verheyden Funeral Home and Our Lady Star of the Sea Church.

She died Sunday, December 4, at Bon Secours Hospital.

Mrs. DeFour worked with the family's insurance and building company, The DeFour Agency. She was a member of the Council on Better Literature for Grosse Pointe, the Our Lady of the Sea Rosary Altar Society, the Daughters of Isabella K. of C. Gabriel Richard Council, the Grosse Pointe Women's Club and the Augustinian Seminary Guild.

She also was associated with many Belgium societies.

Mrs. DeFour is survived by her husband, Morris; three sons, Brian, Ralph and Wayne; one daughter, Mrs. Maureen Neuhaus; her mother, Maybelle Gekiere; one brother, one sister and five grandchildren.

Memorial contributions may be made to Our Lady Star of the Sea Church, the Augustinian Fathers, Our Lady of Sorrows or Father Tallieu Senior Citizens Residence.

Interment was at Resurrection Cemetery.

WILLIAM B. MAHONEY
Services for Mr. Mahoney, 86, of The Farms, were held Wednesday, December 7, at the Verheyden Funeral Home and Christ Episcopal Church of Detroit.

He died Sunday, December 4, at his home.

Mr. Mahoney was a member of the Senior's Men's Club of Grosse Pointe, the Marine Historical Society of Grosse Pointe, the American Legion and a life member of Palestine Lodge, number 357, F and AM.

Before his retirement in 1963 he was the vice-president and treasurer of the Hygeia Filter Co.

He is survived by two daughters, Mrs. Randall Hollinger and Mrs. Robert Young, seven grandchildren and two great-grandchildren.

Interment was at Evergreen Cemetery.

MRS. NANCY FOSTER GLASMEIER
Private services for Mrs. Glasmeier, 49, formerly of The Pointe, late of Thousand Oaks, Cal., were held Tuesday, December 6, in Thousand Oaks.

She died Thursday, December 1, at her home.

Mrs. Glasmeier is survived by her husband, Paul; two sons, Gregory and Mark; three daughters, Elizabeth, Amy and Mary Ellen; her mother, Mrs. Charles M. Foster; and one brother.

Memorial contributions may be made to Bon Secours Hospital.

Interment was at Assumption Cemetery in Simi, Cal.

MRS. GLADYS EATON
Services for Mrs. Eaton, 82, of The Farms, were held Saturday, December 10, at the Cathedral Church of Saint Paul. Arrangements were handled by the William R. Hamilton Co.

She died Thursday, December 8, at her home.

Mrs. Eaton was a graduate of Miss Porter's School. She was a member of the Garden Club of Michigan, the Country Club of Detroit, the Grosse Pointe Club and the Colonial Dames.

She is survived by her husband, Berrien; one son, Bar-

rien Jr.; one sister and two grandchildren.

Interment was at Elmwood Cemetery.

MRS. ANNE JUNGERT
Services for Mrs. Jungert, 76, of The Park, were held Friday, December 9, at the Verheyden Funeral Home and Saint Clare Church.

She died Monday, December 5, at Cottage Hospital.

Interment was at Mount Olivet Cemetery.

CHARLES G. FLEMION
Services for Mr. Flemion, 54, of The Woods, were held Saturday, December 10, at the Verheyden Funeral Home and Our Lady Star of the Sea Church.

He died Tuesday, December 6, at Saint John Hospital.

Mr. Flemion was the vice-president and sales manager of Lawson and Jones Lithographers, Detroit. He was a member of the Adercraft Club and on the board of directors of the Lochmoor Club.

He is survived by his wife, Elizabeth Ann; three sons, Charles, Steven and Marshall; two daughters, Mrs. Barbara Mills and Beth Ann Flemion; and five grandchildren.

Interment was at Holy Sepulchre Cemetery.

CARL E. RITTENHOUSE
Services for Mr. Rittenhouse, 65, of The City, were held Monday, December 12, at the Verheyden Funeral Home.

He died Thursday, December 8, at Bon Secours Hospital.

Interment was in Osgood, Ind.

JOHN C. FOUSE
Services, including a Mass, for Mr. Fouse, 73, of The City, were held Friday, December 9, at the Verheyden Funeral Home.

He died Tuesday, December 6, at his home.

Mr. Fouse is survived by his wife, Lillian Anne; one son, John; one sister and three grandchildren.

Until his retirement in 1967, Mr. Fouse was the assistant managing director for General Motors in Mexico.

Interment was at Mount Olivet Cemetery.

MRS. MARIE C. MARKS
Services for Mrs. Marks, 79, of The City, were held on Monday, December 12, at the Verheyden Funeral Home.

She died Friday, December 9, at Mount Carmel Hospital.

Mrs. Marks is survived by her daughter, Mrs. June Anderson Jr.; one sister; four grandchildren and five great-grandchildren.

Interment was at Arlington National Cemetery.

**Santa is coming!**

Santa has made arrangements with **DETROIT GAS BURNER CO.** to visit with your children and make a safety inspection of your heating unit.

One of Santa's helpers will accompany him. While Santa is inspecting your furnace, his elf will have a small present to present to the children.

When Santa is finished with the inspection, the children may talk to him about their Christmas wishes. Have your camera on hand, and make sure the children have their list ready. He is a very busy man and has many stops to make.

SANTA'S SAFETY CHECK

1. Check combustion for maximum efficiency.
2. Check flue pipe
3. Check pilot safety
4. Check air filters
5. Check blower belt
6. Check chimney for leaks
7. Check chimney clean-out
8. Check limit control
9. Check fan control
10. Check furnace for proper clearance of combustible materials.

Santa will leave a copy of his check list with a rating of good, poor or needs immediate attention with the homeowner.

The total charge for the visit and safety check is **\$24.95**

Please call early for your choice of appointment. Santa's headquarters is at

DETROIT GAS BURNER CO.

Maire Classes Visit Toronto

Maire Elementary School teachers George Goodwin, Guido Sabella and Ronald Ferguson led their sixth grade classes on a trip to Toronto, Ont., last month.

The group travelled by Canadian National Railway from Windsor and viewed the Toronto area from the Canadian National Tower.

The highlight of the trip was the visit to the Ontario Science Center where the students participated in many exhibits and demonstrations.

FLEC Gives Helpers Party

To thank the dedicated adults and young people who have volunteered countless hours of service to the Family Life Education Council, (FLEC), the organization's president Dr. Joseph M. Beals invited them all to a Christmas party at the Berkshire road home of Mrs. Mary Evelyn Self on Saturday afternoon, December 10.

Members of the board of directors welcomed guests and assisted Mrs. Self with the refreshments.

The volunteers help in one or more FLEC-sponsored programs including the Center Point Crisis Center, Dialogue, (an adult help line), and the Medical Clinic, (for young adults).

Many of the young people serve as peer counselors at the center after an intensive training period. Other teenagers are completing training so they may carry alcohol awareness information to Pointe school children.

GPW 'Update' Gets New Look

The new look "Update," The Woods' quarterly publication, will soon be in the mail to all citizens in time for receipt before Christmas. Formerly a four-page tabloid newspaper, the December edition will have a new format and be printed on a glossy stock.

E. McNamara noted the holiday edition will contain eight, magazine-size pages with the first containing the masthead and room for the mailing address and three others with calendars for January, February and March. The other four pages will feature a variety of news.

Information scheduled to be included in this edition is pictures of all the councilmen, stories on keeping calm when faced with a crime, City Treasurer Helen L. Fox's retirement, assistance given by local Girl Scouts in the beautification effort and the city's pedestrian safety award honor via the AAA, he said.

The council last month gave the green light to the new format, i.e., issuing a combined report and calendar for the first quarter of 1978 on a bid basis.

So the solons went this route as against having a separate report and a calendar for the entire year because of cost savings and a more current document.

Troy Oaks Graphics printed the new edition with an estimated 7,000 being set for distribution with about 6,740 being sent through the mail. The cost was placed at around \$1,110, not including first class postage.

'Living' Gifts Advice Offered

If a new pet is at the top of your Christmas list or if you're considering giving one to someone else, the Michigan Humane Society, (MHS), has some ideas which should be considered.

First, remember that you are giving a living, loving gift, says the MHS. A Christmas pet makes a wonderful gift, but be sure the recipient really wants him.

If you're sure a pet is the right gift, or that you really want one yourself this Christmas, what kind of pet is the next question.

The choice of a pet should suit the lifestyle of the recipient and vice versa. A hamster or tropical fish may bring far greater joy in the long run than a puppy or kitten.

If a puppy or kitten is the choice for a "living" Christmas present, it is far better to introduce the pet either before or after the excitement of Christmas morning. The confusion surrounding the opening of presents will only contribute to the animal's sense of insecurity in his new surroundings.

The MHS offers "gift certificates" to allow recipients of new pets from its shelters to come in after the Christmas spirit has somewhat subsided and pick the pet of their choice.

"Lastly, please keep in mind that the Christmas pet is a year round joy AND responsibility," says the society. "Long after the tree is down and the other gifts are broken or forgotten, your Christmas pet will be there—giving and receiving the greatest gift of all—love."

Clerk Explains Violation Fines

To clear up a confusion which may have existed in relation to the enforcement of defective equipment violations, Woods Court Clerk Dorothy Slocum gave a specific breakdown of procedures for all public safety officers.

All defective equipment violations have a set fine of \$10.

She said if a vehicle is repaired before the court date, the vehicle may be inspected Monday through Friday between 8:30 a.m. and 5 p.m. for a \$3 charge, which automatically waives the \$10 fine. The inspection is performed by a member of the department.

If the vehicle is sold, put in storage, et al., the defendant either has to pay the \$10 fine or appear in court on his or her court date and explain the situation to the judge.

Under no circumstances can the violation's office dismiss a violation for defective equipment, she added.

LIFE'S LIKE THAT
People are divided into two classes—those who accomplish things and their critics.

Girl Accuses Singer of Rape

A Park musician and rock singer was scheduled for an examination yesterday, December 14, on a warrant accusing him of criminally assaulting a 16-year-old Park girl. The assault was alleged to have occurred on November 16.

Accused is Michael Quatro, 34, of Pemberton road, who is charged in a warrant approved by the Wayne County Prosecutor's Office of criminal sexual conduct, third degree.

Quatro was arraigned before Park Municipal Judge John Urso within a few hours after the girl reported the alleged incident to police, and was originally scheduled for examination on Wednesday, December 7, but it was postponed.

Following the arraignment, Judge Urso, at the request of the accused singer's attorney, ordered the details of the alleged incident suppressed. Quatro remained free on personal recognizance.

However, the story leaked out before the suppression order was issued, and some details of the alleged rape were reported in the news media.

According to the girl, who is accusing Quatro, she was

hired by the musician-singer to clean his house. She claimed that on the first day she appeared for work, Quatro asked her to try on a see-through dress. She refused. The girl reported the alleged rape 12 hours after it was said to have happened.

Quatro is charged with third degree under the State Criminal Sexual Conduct Code rape section. It is one of the lesser charges under the code because no weapons or force is used, but conviction carries a maximum penalty of 15 years in prison.

SH Griddler Earns Honor

Ken Stockwell, 17, a senior at South High School, was selected to the "Detroit Free Press" Class A All-State first football team as a defensive end.

A third year starter and varsity letter winner at South, he has also won honors in the Eastern Michigan League and has been cited on a suburban and state level.

Interference with nature's plans nearly always brings a really disastrous reaction.

DOUBLE HITCH

A man may be self-satisfied, but it's the other fellow's opinion that really counts.

JOOS SWIMS AT COLUMBIA

Peter Joos, of The Woods, Catholic Prep graduate, is in his senior year at Columbia and swims in the individual medley and the backstroke.

Jim Oberliesen, Community Relations Manager, offers you this telephone tip:

"If you have a question about your phone service, your Michigan Bell Service Representative has the answer."

Ever have a question about your phone service...a question you never asked because you didn't know who to ask? Well, the answer is simple and easy to get. Just call your Michigan Bell Service Representative. You'll find his or her telephone number right on the front of your phone bill!

We call them Service Representatives because that's exactly what they do...represent Michigan Bell by serving you in any way they can. Service Representatives are thoroughly trained and qualified to answer just about any question you may have about your phone service from Michigan Bell. After all, service is why we're here.

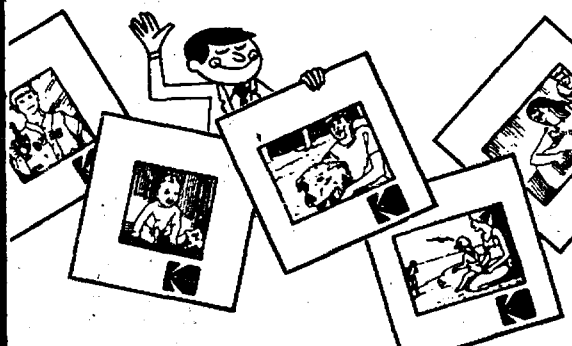

Michigan Bell... people who enjoy serving people.

LEASING SYSTEM**CPAs Suggest Year-End Planning to Cut Taxes**

Year-end efforts to minimize income taxes center this year on whether a taxpayer plans to itemize his deductible expenses or take the new standard deduction. That decision, says the Michigan Association of Certified Public Accountants (MACPA), in a news release, will determine which of a number of tax-planning options are available.

The CPA organization points out that the standard deduction for 1977 tax returns is no longer a percentage of income. Rather it is a fixed amount—\$2,200 for individuals and \$3,200 for

married couples filing joint returns. This represents a \$200 decrease in the maximum deduction for individuals and a \$400 increase for couples.

The CPAs suggest that taxpayers whose deductions are anywhere near the standard deduction should re-examine their method of claiming them, computing taxes both ways to determine which is better.

Anyone paying alimony will now be able to consider taking the standard deduction, for alimony has been changed into an adjustment, which means it no longer is affected by your method of taking deductions.

The CPA Ass'n. estimates that an individual with income of \$14,000 or more, and average deductions, as well as married couples at almost any income level who also have average deductions for their income brackets, may find it better to itemize.

Sometimes, they say, taxpayers benefit by taking the standard deduction one year and itemizing the next, bunching as many deductible expenses as possible in the years in which they itemize.

If for you this is a year to itemize, the CPAs advise that pre-paid interest can no longer be deducted entirely in the year of payment but only as it would come due if paid over the life of the obligation.

However, they say, there is nothing to prevent having medical or dental work you need performed and paying for it right away, making planned 1978 charitable or religious contributions now, or even paying some state and local taxes in advance.

If you are not covered by a pension or profit-sharing plan where you work, and decide to set up an Individual Retirement Account, you can defer the taxes on as much as 15 percent of 1977 income, up to \$1,500, by putting the money into such an account before February 14, 1978.

In addition, as long as you do not exceed the 15 percent limitation, you can now put an extra \$250 into your IRA for a non-working spouse.

If the spouse works and also qualifies for an IRA, the two of you can contribute a total of up to \$3,000 into separate IRAs.

If you are considering selling depressed stocks or other assets before year-end in order to offset gains or other income, remember there has been a change in the holding period.

To create a long-term capital gain or loss an asset must now be held for more than nine months, (in 1978 it goes to more than 12 months).

Up to \$2,000 of ordinary income can be offset by capital losses in excess of capital gains. This is an increase from \$1,000 in 1976. For 1978 and thereafter, the maximum income which can be offset increases to \$3,000.

If your employer underwithheld taxes from your salary this year and you expect to owe Uncle Sam substantial additional amounts, see if you can have extra taxes withheld from your final 1977 paychecks. That could help you avoid a penalty.

The CPA Ass'n. further advises to begin now to gather full documentation to support your deductions—especially those having to do with business travel or entertainment expenses.

Are there any tax changes expected in 1978 that would affect tax plans now? The CPAs, who keep a continuing professional eye on tax developments, don't think so. They look for no major tax developments to take effect before 1979, except possibly a reduction in rates to stimulate the economy.

The U.S. House Ways and Means Committee is not expected to come fully to grips with Carter administration proposals until spring, which makes it unlikely major new taxes will be imposed in 1978—especially since that will be a Congressional election year.

DOCTORS HONORED

Two Pointe doctors, Joseph Reed, of Lincoln road, and Frederick B. Watts, of South Oxford road, were awarded certificates of merit

for their exhibit "Urethral Abnormalities in Infants and Children," which won honorable mention at the American Urological Ass'n. meeting in Chicago recently.

PARTS &
ACCESSORIES****Yule Produces Best at North**

With today's feeling about "good-for-nothing" kids, Grosse Pointers should know there are some, at North High School, who are helping the less fortunate in their neighborhood.

For the past several years, the students have been providing Christmas dinners for needy families in the metropolitan east side, not just by dropping cans of food into a container, but by adopting a complete family.

The Adopt-A-Family program is organized through

the North's Student Ass'n. (SA), and its advisor, Don Dungan.

Both the SA officers and Mr. Dungan did much work to find families for all of the 75 homerooms at North. The families were found through Pointe elementary schools, the east side Detroit elementary schools and organizations such as the Children's Center, Well-Being for the Aged, Crossroads and others in the immediate area.

The program is not limited to just students and homerooms—everyone at North is helping out fellow neighbors, including the administrators, counselors, secretaries, custodians and hall monitors.

The program has been successful due to the fact that it is so personal. Homerooms pull together to make Christmas memorable for everyone in "their" family.

Besides providing a Christmas dinner, homerooms give toys and other gifts to the children.

**League Slates
Nostalgic Show**

The Grosse Pointe Cinema League will present "Union Pacific Steam Locomotive 8444," a 16mm movie by Emory Gulash, when it meets in the War Memorial's Fries Auditorium, 32 Lakeshore road, on Monday, December 19, at 8 p.m.

Mr. Gulash is not only a dedicated railroad buff, but also is an enthusiastic photographer.

The first half of this nostalgic program is a trip taken with the California Railroad Club, starting in Cheyenne, Wyo., there are beautiful scenic views including a climb of Sherman Hill.

Upon arriving at Laramie, Mr. Gulash joined the Rocky Mountain Railroad Club and made the return trip to Cheyenne via Denver, taking in the beauty of the Green River area as well as the spectacular views of Colorado.

The public is cordially invited to attend this program without charge. A reception for Cinema League members and their invited guests follows the presentation.

Failure to Stop Nets Violation

Thomas Mark Atkinson of Christine court was arrested by a Shores officer on Friday, December 9, and charged with failure to stop on a police signal, after an accident at Vernier and Lakeshore roads.

No one was injured in the mishap, according to a police report.

Cpl. Daniel Fronczak and PSO John Frasad were dispatched to the accident scene, adjacent to the Shores public safety station at 11:22 p.m., just as Atkinson pulled away from the curb and began to head west on Vernier.

Officer Frasad, who was in a separate police cruiser, gave chase with flasher and siren operating. Atkinson failed to heed the officer's signal to stop, but finally did so at Vernier and Morning-side. There was extensive damage to the front left fender of the man's car, with the fender rubbing against the tire and ultimately pulled

away from the wheel by the officer.

Approaching the driver, PSO Frasad asked him why he failed to heed the flasher and siren and his signal to stop. Atkinson stated that he had given his name and address and all information to the other driver, identified as Louis Peoples of Washington road.

Peoples was driving south on Lakeshore, with the green light in his favor, when Atkinson, heading north on the road, made a left turn onto Vernier and the two cars collided.

After giving Officer Frasad this information, Atkinson then drove away. The officer again gave chase, with lights and siren on, but the man failed to curb his car. Atkinson made a turn onto Christine court and pulled into the driveway of his property.

The Shores officer approached Atkinson before the man got out of his auto and informed him he was under arrest for failure to heed a police signal to stop. Atkinson was ordered out of the car and searched and taken to the station where he was issued a violation ticket for the offense.

Atkinson was required to post a bond of \$150 before he was released. He is scheduled for a court hearing on February 8.

Red Cross Sets Save-A-Life Day

In a concentrated effort to thwart an area-wide blood shortage during the holiday season, the Red Cross will sponsor Save-A-Life Day, Monday, January 2, from 10 a.m. to 4 p.m.

"We are urging every eligible donor between the ages of 17, (with parental permission), and 66 to give blood during this critical period," said A. William Shafer, MD, director, Southeastern Michigan Red Cross Blood Center.

"It is imperative that hospital patients get the blood they need during the holiday season."

Each year, scheduled blood donations during the week between Christmas and New Year's day are reduced because many industries and businesses close for vacation.

"Since a great amount of blood collected in our five-county area is provided by industry, this important source is lost during the holidays," Dr. Shafer said.

We are confident that members of the community will respond to this need and donate on Monday or sometime during the following week.

The Detroit Donor Center, 100 Mack avenue, Detroit, will be open from 10 a.m. to 4 p.m. on "Save-A-Life Day." To make an appointment, call the center at 833-4440.

Suspect Faces Circuit Court

A 19-year-old Woods youth was bound over to Wayne County Circuit Court for trial on a charge of breaking and entering, reported Woods Det. Charles Philip Hamel last week.

This action was taken at the examination of Anthony Schohl on Wednesday, December 7. The suspect, who is currently being held in the Wayne County Jail in lieu of \$25,000 bond, two sureties, or 10 percent, is scheduled to have his pre-trial on Thursday, December 22.

Charged with the break-in of a Vernier road residence on November 15, the suspect allegedly took over \$600 worth of articles including a stereo set, television set and a radio.

All the articles were recovered by police after Schohl was spotted at the front door of another Vernier home and subsequently apprehended at the residence where the items were found.

Kids Enjoy Variety Week

Eighth grades at University Liggett School, (ULS), recently participated in Variety Week at school during which history and English teachers presented mini-courses in a number of subject areas.

Offerings included Judaism, music based on the Old Testament, modern Israel, Crete and Mycenae, Pythian games, creative writing and poetry.

Coordinator of the program is Dave Backhurst.

Yule Service Set to Music

A special musical service of worship featuring selections from Handel's "Messiah" will be celebrated at Saint Paul Evangelical Lutheran Church, 375 Lothrop road, Sunday, December 18, at 11 a.m.

Choral selections will be sung by the Senior Choir under the direction of William Christofferson, choirmaster.

Soloists will be Albert Cain, of Yorkshire road, Mr. Christofferson, of Riva road, Norma Jacobs, of Lakeland avenue, N. A. Dine Hunt, of Neff road, and Betty Morris, of Lincoln road.

Organist for the special "Christmas Choral Service" will be congregational organist David L. Fox.

Members of the Chamber Orchestra are Helene and Ed Vabolis, Betty Peterson, Mary Eliason, and Stanley Scottford. Dr. Kenneth Lenz, pastor, will preach on "A Sign for Christmas."

The parish choir will be augmented by former members and seasonal singers. Members of the community are invited to attend.

Gets Probation In Assault Case

A 24-year-old Warren man who pled guilty to a lesser charge of attempt after being originally charged with assault with intent to do great bodily harm, was placed on three year's probation and sentenced to serve six months in the Detroit House of Correction, reported Woods police.

The man, Donald Michael Zielinski, was sentenced in Wayne County Circuit Court last month stemming from an incident which occurred in July.

At that time, he struck Officer Carl Schuster five times with a wooden stick after being chased through several yards, police reported.

The officer said Zielinski was first stopped after he and another man, who was later released, made trips from the side of a home in Vernier road at Charlevoix to their car.

FRANCE HONORS MOTT

University Liggett School language teacher Edward Mott has been recognized by the government of France for his efforts to promote French language and culture. French Consul General M. Yves Coffin presented Mr. Mott the Palmes Academiques. An instructor at Liggett for 17 years, Mr. Mott is serving on the board of the Michigan French Teachers Ass'n. Workshop Planning Committee and the Alliances Francaise of Detroit.

GRIFFIN ELECTED
Farms resident John C. Griffin has been named to the board of directors of Surry Federal Savings and Loan Ass'n. Mr. Griffin is a director of the Detroit Athletic Club and the Detroit Symphony Orchestra. He's a member of the President's Council at Marygrove College, Recess Club, Archives of American Art, Saint John Hospital Men's Guild, Country Club of Detroit, Beach Grove Golf and Country Club and Grosse Pointe Crisis Club.

Seniors Offered Foster Program

New opportunities to help mentally and/or emotionally handicapped children and young adults are available to senior citizens interested in participating in the expanding Foster Grandparent Program, said State Sen. Joseph M. Snyder in a recent news release from his office.

Sen. Snyder, who sponsored the Foster Grandparent Program legislation, said that the Michigan legislature authorized an appropriation of \$654,000 to expand foster grandparent services throughout the state beginning this October 1.

The expansion of the program will be financed by grants administered by the Michigan Office of Services

to the Aging, the senator explained.

The appropriation will support four totally new programs and an expansion of 72 new foster grandparents at the eight presently existing programs.

"The Foster Grandparent Program offers meaningful opportunities for senior citizens to give individual attention to handicapped children and young adults," said Sen. Snyder, the chairman of the Senate Mental Health Subcommittee.

Foster grandparents serve in a variety of settings which include institutions for the mentally retarded, pediatric wards in hospitals, institutions for emotionally disturbed and physically handicapped children, public schools, day care centers and private homes, among others.

Persons 60 and older with an income of \$3,260 or less are eligible to participate in the program. They serve four hours per day, five days a week, 50 weeks a year.

The foster grandparents receive a small non-taxable stipend, plus one meal per day, free transportation, annual physicals and orientation and training.

Those interested in participating or wishing further information may contact Jerry Simmons, Office of Services to the Aging, 300 East Michigan, Lansing 48909, (517) 373-8500, or the foster grandparent director in your local area.

Those in Macomb or Wayne Counties wishing further information may contact Paul Halvorsen or Rita Katzman at Catholic Social Services of Wayne County, 9851 Hamilton Avenue, Detroit 48202.

They also may be contacted by calling 883-2100, extensions 228 or 230.

Knights Play Two Thrillers

By Bill Fleischmann
The University Liggett School Knights brought their season record to 2-3 as they split decisions in two cliffhangers. They dropped the first game on Tuesday, December 6, to Ann Arbor Greenhills, 55-53, and then beat Cranbrook on Friday, December 9, by an identical 55-53 score.

In the Greenhills game, both teams played impressive basketball for the first half with ULS leading 24-23. In the third quarter, the pace picked up and Greenhills pulled ahead by one.

After falling behind by six in the fourth quarter, the Knights came back within two. Jack Roberts, who finished with 17 points, missed a 20 footer at the buzzer.

Against Cranbrook, the Knights played an inspired second quarter and outscored the Cranes 18-13 to go ahead 32-27 at the half.

Midway through the third quarter ULS slowed the ball down and dominated the boards to assure the victory. Dave George led all scorers with 19 points.

On Friday, December 16, at 8 p.m. the Knights take on arch rival Detroit Country Day School at home.

Eagles Clinch Soccer Title

The Grosse Pointe Eagles soccer team won the first place trophy in the age 10 and under soccer competition sponsored by the American Youth Soccer Organization, (AYSO).

The team was awarded its trophy at the AYSO banquet at Roma Hall on Wednesday, December 7.

The Eagles clinched the title for the fall season in Region 52 by defeating the Harper Woods 76's, 8-4. The team's record for the season was 7-1-1.

Coaches for the Eagles are Ray Tirilian, Jean-Claude Elie and Al McNeill.

Team members include Casey Quick, Benji Black, Kurt Hiescher, Bill Luberto, Jan Spitz, Marc Tirilian, Jeff Tokish, Colin McNeill, Steven Elie, Dan Spitz, Matt Dennis, Ken Werenski, Tom Mediodia, Jeff Koppitch and Bill Bock.

ULS Skaters Lose to Rivals

Putting together the potential of the University Liggett School, (ULS), hockey team continues to be a problem. This was evident on Sunday, December 11, when the Knights lost to their arch rivals, Detroit Country Day School, 6-4.

The Knights led 3-1 early in the second period only to have Country Day score four goals, with three netters in a three minute span.

ULS will have the chance to redeem itself today, December 15, at 7 p.m. when they play Lahser at home.

The next game will be on Saturday, December 17, at home against the first place team in the Metro Hockey League, Bloomfield Hills Andover.

Pastoral Care Topic at Confab

Bon Secours Hospital recently sponsored a pastoral care conference for area clergy and pastoral ministers who frequently visit parishioners in the hospital.

Coordinated by Bon Secours' pastoral care department, the conference offered interdisciplinary presentations on the medical, psychological and spiritual needs of patients.

The purpose of the conference was to provide ministers with a clearer understanding of the health care setting, patient responses to treatment and ways in which pastoral care can support patient rehabilitation.

The morning segment of the conference concentrated on the needs of coronary patients and their families. Dr. Hugh H. Henderson, cardiologist, gave an overview of the medical concerns which arise while treating patients afflicted with heart disease.

Pointing out areas where patients experience their greatest dangers and anxieties, Dr. Henderson stressed the importance of the emotional and spiritual support offered by pastoral care.

Immediately following a heart attack, patients are often beset by cycles of anxiety and depression and behavioral changes. These can sometimes be understood by the presence and encouragement of a trusted minister.

Pastoral care also is valuable in helping a family cope with the changes in life style resulting from heart attacks.

The more than 40 participants gathered for the conference and heard nurses, pharmacists, physical therapists, dietitians and respiratory therapists who work together with physicians toward patient rehabilitation.

The afternoon segment of the conference focused on

Susan Takes Tennis Titles

Susan Mascarini, of The Shores, won the singles and doubles titles in the United States National 14-and-under Tennis Championships.

The championships were recently held at the Briar-creek Racquet Club in Mount Clemens.

Susan, 13, an eighth grader at University Liggett School, was the top seeded singles player. She defeated second seeded Andrea Leand of Brooklandville, Md., 6-0, 6-1, for the singles title.

In doubles, Susan joined Andrea to defeat Lynn Lewis of San Diego, Cal., and Cheryl Jones of Los Angeles, 7-6, 6-0.

Susan has now won eight national championships and has been a runner-up in seven.

AUTOMATIC FLUE DAMPER GAS MISER
THE COST EFFECTIVE FUEL SAVER

FEATURING THE EXCLUSIVE "FUSIBLE SAFETY LINK"
SAVES UP TO 20% OF HEATING FUEL*

- Gas savings pay for installation in as little as one year.
- Minimum installation time. Adds only 1/4" to flue length. Visible indicator for damper blade position.
- Suitable for retro-fit or new installations.
- Installs without any tampering with burner operation or cutting into gas line.
- Tested and certified by a nationally recognized testing laboratory to comply with A.S.M.E. Z21.47 standard and B.O.C.A. M718.2.9 and M718.2.13.
- Accepted for all natural gas installations by Metropolitan Detroit and reciprocal communities.

*Savings will vary with field characteristics

HERE'S HOW IT WORKS
GAS MISER Automatic Flue Damper is normally in the closed position. When the thermostat calls for heat the damper opens automatically before ignition can occur in the combustion chamber. It cannot restrict the necessary flow of combustion by-products up the flue. When the thermostat is satisfied, the burner goes off, and the GAS MISER closes, trapping the residual heat in the combustion chamber. Heated building air losses through the diverter and out the chimney are eliminated and back drafts are positively blocked.

LET TAX DOLLARS HELP FINANCE YOUR RETIREMENT

Yes, you can have peace of mind and profit, too, by setting up a tax deferred Retirement Account here at Colonial Federal Savings.

You'll be happy to learn how easy it is to set up your own retirement program. And how profitable. Either an Individual Retirement Account (IRA) or, if you are self-employed, a Keogh Plan Retirement Account, will help tremendously increase your retirement nest egg by as much as 40%.

For your convenience Richard Fournier, V.P. and Thomas Bush, V.P. have reserved time to meet with you personally in your group discussion on retirement financing.

Put away before-tax dollars. Earn almost 8% tax deferred interest. Pay less income tax. Be protected by Federal Savings & Loan Insurance Corporation. Increase your retirement nest egg by as much as 40%. Past or future lump-sum pension or profit sharing distribution can be rolled-over into a tax deferred account. No fees. No costs.

Be sure you have all the facts and advantages. Call 886-1080 for a meeting with Mr. Fournier or Mr. Bush.

Campaign Act Loopholes Eyed

The Michigan Senate approved on Thursday, December 8 a package of 18 bills to plug a number of loopholes in the Campaign Finance Act passed last year.

The sponsor of the bills, Sen. John Hertel said in a news release there is a desperate need to clarify this law before potential abuse occurs.

"Only when this law began to be implemented did we realize some of the technical problems that could lead to the total circumvention of the intent of this act," he said.

Included in the package is a bill to provide penalties for a candidate who solicits or accepts an illegal contribution that he knows is an illegal contribution. The bill also requires that illegal contributions must be immediately refunded.

"To me it seemed unbelievable that we would make certain kinds of donations illegal and prescribe penalties for people making these donations, but not penalize those candidates who accept these illegal donations," added Sen. Hertel.

Certainly the responsibility for illegal donations has to be shared by both the giver and receiver. This bill treats both parties alike. They

would each be liable for jail terms or fines.

Another bill in the package requires gubernatorial candidates to provide necessary information on donations before they can receive state matching funds. Without the enactment of this bill, all a candidate had to do was to sign a statement that he had received sufficient donations and he could then collect \$50,000 in State funds.

A further provision of the legislative package deals with the process of candidates repaying loans they have received to finance their campaigns. The bill will require candidates to report the date and the amount of the loan, the date and the amount of any repayment, the total of repayments and the amount still outstanding.

"Unless we have a complete disclosure of all loans made to candidates, we will never know when a campaign loan is in reality an illegal campaign donation because there was never an intention by the lender or the borrower for the repayment of the loan," explained Sen. Hertel.

The entire legislative package is expected to get quick action in the Michigan House and be on the Governor's desk before the legislative recess for the holiday.

Rogers Named to State Post

Brandon M. Rogers, of Moran road, executive vice-president of Parkins, Rogers and Associates, Inc., planning, research and environmental design consultants, was reappointed to the State Board of Registration for Professional Community Planners by Gov. William G. Milliken earlier this month.

The reappointment, subject to Senate confirmation, has a term expiring on July 10, 1980.

In a letter to Mr. Rogers, the governor said, "I have every confidence that you will continue to derive personal satisfaction from this important position and that the State of Michigan will benefit from your experience."

Mr. Rogers, who is currently planning consultant for both The Woods and City, has been a member of the board since 1967 and is currently its vice-chairman.

He is a member of the board of directors of the Michigan Society of Consulting Planners, a member of the American Institute of Planners, American Society of Planning Officials, Michigan Society of Planning Officials, a member of the board of directors of the Family Service of Detroit and Wayne County, and is listed in Marquis — Who's Who in the Midwest.

PAL Offers Hockey Time

Pointe youngsters, ages five through 17, have an opportunity to participate in the Detroit Police Athletic League, (PAL), hockey program.

Interested youths may register at Heilmann Field in Moross and Morang roads until Saturday, December 31.

The league will have five travel and two midget teams, plus a squirt, pee wee and bantam team.

Further information may be obtained by calling 834-0264.

Know Your Schools

By Dr. William Coats,
Superintendent of Schools

Goal Number Five for our system for 1977-78 is to "involve people affected by decisions in the decision-making process."

Such a procedure just makes good sense and is something we always try to do. However, the fact that this is a Board-approved goal for the year means that we are trying extra hard this year!

It is difficult to involve everyone who should be involved in the ongoing and complex business of operating a school system.

One way is to convene a number of working committees of representative composition of both an internal and an external nature. We believe that this is an efficient vehicle for constituents and staff to make positive contributions.

For example, most recently, we convened a group of parents from whom we solicited suggestions on the current student grading policy at the high school level. Many of their comments were helpful and provided us with insights which assisted the staff in recommending changes in the policy.

Late in October, I held the first meeting of this school year with the Superintendent's Student Advisory Council, 10 students representing both high schools.

This group, which consists of the student association presidents, and a representative of each of the four high school grades, meets regularly to help me to get a perspective on student concerns and forms a link with both student bodies.

In no way is it intended to short circuit or circumvent the role or authority of the high school administration or staff. It simply supplements other regular channels of communication.

Another internal activity in which we engage staff members in the decision-making process is the Professional Study Committee, composed of teachers and administrators.

This committee meets regularly under provisions of the contractual agreement between the Board of Education and the teachers' union.

Agenda items at a recent meeting included discussions on the levels of film use, elementary school time allotments, elementary school objectives and projects in mathematics, art, testing, science, the Elementary Resource Teacher/Skills/Talent program, physical education, music and orientation of substitute teachers to new areas of the elementary curriculum.

Other items included a report from the chief psychologist on the new Learning Resource Centers in the five secondary schools this year, information on the Bilingual Education Program, the proposed 1978 foreign study trip, reporting to elementary parents and the proposed in-service training program for teachers in February.

In an earlier column I reported to readers on the various curriculum committees composed of staff members which were organized to study various issues and problems and to make certain recommendations at the elementary level: Language Arts—grades three through six; Listening and Usage; Literature—grade five; Literature—grade six; and Social Studies—grade four, Native American and Michigan History.

More are Social Studies—grade five, Michigan Today; Metric System—grades one through six; Reading Follow-Up—grades one through six; Handwriting—grades one through six; Spelling—grades one through six; Health—grades one through six; Mathematics—grades one through six; Instructional Time Allotments and Priorities; Report Forms; Math Testing—grades one and two; and Evaluation of Holt, 1977 Edition.

The preceding, a rather elaborate example of the involvement of decision-makers, (elementary teachers), in decisions about the schools' program and curriculum which will affect them, will show readers the extent to which we have gone and will go whenever necessary, to gather input.

The list of similar activities at all levels is virtually endless. Each high school generally has an active curriculum committee which involves both staff and students. Each elementary and middle school has parent involvement through PTO and other forums.

Although at the current time we are not employing a community-wide citizens' committee, we have benefited greatly from input prior to building projects, millage and bond campaigns, curriculum projects, to study and make recommendations on the athletic program and the communications program.

Another important dimension in the implementation of this goal will be the increased involvement of chairpersons in the middle and high schools as well as of the first assistants in our elementary schools.

We are deeply indebted to our fine citizens and staff for the projects. We shall be calling on them often as the need arises.

SH Honors Gridders

The South High School football team recently held its annual fall banquet in the South gymnasium. Awards were presented to the team as well as to individuals.

All players received medals in recognition of their efforts in winning the Eastern Michigan League, (EML), title.

South landed six spots on the EML first team. Quarterback Tom Nihem and half-back Pat Corbett, both seniors, were selected on offense. On defense, seniors Ken Stockwell, Tom Patzer and John Hartman, as well as sophomore Mike Bevier, reaped honors.

In addition, South placed six graders on the EML second team. Offensively, Kevin Rinke, center Mark Minkwicz and fullback Dan Schwarz made the squad. Tackle Frank Coates, line-

What Goes On at Your Library

By William T. Peters,
Director of Public Libraries

By Presidential proclamation, December 10 through 17 is Human Rights Week. President Dwight D. Eisenhower issued the first Human Rights Week Presidential proclamation in 1958, 10 years after the adoption of the "Universal Declaration of Human Rights" on December 10, 1948, by the United Nations' General Assembly.

The idea of the inalienable rights of the human being was written about and discussed by poets, philosophers and politicians in antiquity and in the middle ages.

Recognizing any area of individual freedom from state interference and the first codifications of some rights began to emerge in compacts between princes and feudal assemblies. The most famous and influential commitment of this kind was in the English Magna Carta, accepted by King John at Runnymede in 1215.

While far from any assertion of rights and liberties for all, it contained the seed of universal human rights and liberty.

Today in many parts of the Western World, and particularly in the United States, the concept of human freedom is accepted to the degree that writers can openly discuss and interpret freedom without fear of governmental reprisal.

Walter Berns, a professor of political science at the University of Toronto, is the author of numerous books and articles on constitutional theory. He wrote THE FIRST AMENDMENT AND THE FUTURE OF AMERICAN DEMOCRACY, (Basic Books, Inc., 1976).

He writes, "The core of what constitutes liberty for Americans today, especially for those who call themselves liberals, is embodied in the First Amendment."

The thesis of Professor Berns' book is that the US Supreme Court, in the name of civil liberty, is steadily eroding the conditions of civil liberty, to the point where it is appropriate to wonder about the future of liberal democracy in the United States.

Our courts of today have lost touch with Thomas Jefferson, James Madison and the other men of political genius who set the foundations of the American order. Walter Berns gives us a strict constructionist's view of the Constitution. This book is well worth reading.

Specific liberties have been the crusading concern of many. The right to vote is the subject of THE FIRST LIBERTY, (E. P. Dutton, 1969), by Marchette Chute. The book traces the right to vote through two and half centuries. It opens with the events that led to the formation, in 1819, of the first representative assembly in America. It closes with the aftermath of the Dorr War, which took place in 1842 and marked the last major attempt to deprive the white American male of the franchise.

We all know that the blacks and women were long denied access to the ballot box but we may not have known that the majority of men in the late 18th century still believed that the vote was a privilege, to be conferred only upon those who possessed enough money or land to be politically reliable.

This history of the right to vote in America, which ends in 1850, contains some strange and amusing facts like the time in the early 1300's in New Jersey when, because of a constitutional oversight, women briefly had the vote and the men in a hard-fought local election rushed home and put on skirts so that they could vote a second time.

A growing social concern within our society is the rights of children. In the book, THE CHILDREN'S RIGHTS MOVEMENT, (Doubleday, 1977), edited by Beatrice Gross and Ronald Gross, are over 40 articles by leading child advocates. Child abuse, foster home care, crime, oppression, suicide and many other concerns of and about children are addressed.

The book suggests some actions that adults should take to ensure the equal rights of children. The United Nations Declaration of the Rights of the Child is printed in its entirety and provides a foundation upon which to build.

A TIME TO SPEAK, A TIME TO ACT, (Simon and Schuster, 1972), by Julian Bond speaks of racism and its effect on millions of black people. The issues Mr. Bond raises in this book are not constitutional issues as the command of the Constitution is plain. They are not moral issues, nor are states' rights or national rights at issue. There is only one issue—the struggle for human rights.

Human rights may not be as self evident as the framers of THE DECLARATION OF INDEPENDENCE believed, for over 200 years have passed and the struggle goes on to ensure those unalienable Rights of Life, Liberty and the pursuit of Happiness.

I have talked to other seniors and they, like I, would never again vote for increased millage if this plan is brought about. Haven't they, the School Board and Mr. Coats, (Dr. William Coats, superintendent of schools), heard that President Carter would like to collect taxes on our interest in the banks quarterly, also.

I suggest the School Board, at the least, should keep their hands out of our near empty pockets.

Sincerely,
Edith (Mrs. Paul) Herrick,

What's New on THE HILL

By Pat Rousseau

Maria Dinon . . . tells us the cruisewear selection is very complete with short and long dresses in cotton and silk, golf skirts and tops and sport separates . . . all brightening the scene at 11 Kercheval.

Give Him . . . his favorite fragrance or discover one for him. Aramis, Pierre Cardin, Eau Sauvage? These and many more are found at Trail Apothecary, 121 Kercheval.

Waste Baskets . . . have never been so beautiful as those newly arrived at The Mermaid. Eighteen inches high with gardens of oriental flowers and birds or illustrations of Old World maps. Also see the charming bird seed containers with cardinals, blue birds or goldfinches and the colorful watering cans in two sizes . . . 75 Kercheval.

At William Denler And Company . . . 77 Kercheval there are elegant lacquer boxes, from India that would make delightful gifts. Many colors, designs, sizes and shapes . . . some to hold decks of playing cards.

Looking For Pillar Candles . . . with three wicks for your holiday centerpiece? Seasons of Paper has them. They also have pillars that are frosted and crystallized . . . tapers that are scented with bayberry, hollyberry, sandewood, peppermint and more . . . 115 Kercheval. Lots of candle rings too!

Holiday Special . . . 20% OFF wools and corduroy separates! Personalized lucite gifts can still be ordered for Christmas. Fashion gift idea . . . a stick pin and there are lots of them from which to choose at Personally Yours, 84 Kercheval.

Brighten The Holidays . . . with candles. There is a good selection of tapers and pillars in Christmas and decorator colors at the Top Shop in the League Shop, 98 Kercheval.

The Holiday Host . . . wears a handsome tartan plaid sport coat with matching slacks. He selected his from three tartan plaids sold separately or together at Carl Stern, 80 Kercheval.

Hamlin's Has . . . back in stock at last! Wallace Wafer Thin Chocolate Covered Mints in 8 oz. packages, 89 Kercheval, 885-8400.

Trim Your Tree . . . with the adorable, colorful yarn ornaments found at Azteca de Oro, 72 Kercheval. Reindeers, elephants, butterflies, birds and more hand-made in Mexico. Also hand-made in Mexico, are the beautiful fantasy tapestries suitable for framing. For the fashion wise, there is a new selection of sheer cotton embroidered blouses with a romantic Victorian look just the fashion to tuck into those festive holiday skirts. The blouses are nicely priced \$25-\$32. Open Monday and Thursday evenings until 9.

Soft Like Cashmere . . . but actually machine washable orlon knit shirt comes with a turtleneck and is \$20. Another version is styled with a placket front with collar and is \$22. Great gift suggestion from Picard-Norton, 92 Kercheval.

Taking The Children South . . . after Christmas? Young Clothes now has an excellent selection of swimsuits, trunks, coverups by Grace. (Love those brother and sister sets.) Also swimwear by Izod and Crystal Sunflower . . . 110 Kercheval.

Yule Season Hints Given

The Christmas tree is a beautiful symbol of the holiday season. But glowing electrical lights, fragile ornaments and dried out tree branches can be quite dangerous.

The Farms Fire and the Woods Public Safety departments have compiled a list of do's and don'ts for homeowners to avoid possible fire hazards and dangerous situations during the Christmas season.

The list of do's include the following:

- Be careful when buying your tree. Make sure it is fresh and keep it out of doors and in water or snow until it is set up in the house.
- The larger the tree, the greater the hazard, so don't buy a tree larger than you need.
- If you buy an artificial tree, be sure it has the Underwriters Laboratories, (U.L.), label. This insures that it's flame resistant.
- Place the tree away from doorways so it will not block exits and support it so it will not fall over.
- Check all lights for frayed wires and bad sockets. Only buy lights with the UL label and disconnect them when no one is around to watch.
- Keep the tree away from the fireplace.
- Use only non-combustible decorations, or when using combustible materials, be sure they are flame-proof.

- Place gift wrappings in a box and, dispose of them quickly as they could be accidentally ignited.
- When the tree becomes dry, dispose of it quickly and safely.

The list of don'ts are as follows:

- Don't overload electrical circuits or leave lights on when leaving the house or retiring for the night. They may overheat and cause a fire.
- Don't settle for the unknown. When buying electrical appliances of any type be sure they are tested and have the UL label.
- Farms Fire Chief Warren Schultz reminds citizens that smoke detectors make ideal gifts for yourself and your family.
- "Smoke detectors could save the life of you or your friends," Chief Schultz said. "Please take precautions to make this Christmas a safe and happy one."

Letters to the Editor

To the Editor:
I read the very informative article on the question of collecting all school taxes in the summer, (in last week's

issue of the NEWS). I am a senior citizen and am flabbergasted that the School Board is even considering it. It took a long time to convince senior citizens to vote more millage and now it looks like the Board might vote for a crackpot idea that will surely alienate these important voters and others also.

I have talked to other seniors and they, like I, would never again vote for increased millage if this plan is brought about. Haven't they, the School Board and Mr. Coats, (Dr. William Coats, superintendent of schools), heard that President Carter would like to collect taxes on our interest in the banks quarterly, also.

I suggest the School Board, at the least, should keep their hands out of our near empty pockets.

Sincerely,
Edith (Mrs. Paul) Herrick,

Christmas Tradition For Junior League

Volunteers Serve Holiday Meals at Pair of Parties Honoring Senior Citizens and Handicapped Individuals

The Junior League of Detroit annually hosts two Christmas parties, for the Adult Service Centers, Inc., (Butzel Family Center Branch), and the Detroit League for the Handicapped/Goodwill Industries.

This year's first party was to have been held last Saturday, December 10. Then came the snow . . . it's been re-scheduled for this Saturday, December 17. The second is scheduled for today, December 18.

The parties, honoring approximately 300 senior citizens and 250 handicapped individuals, feature full turkey dinners, entertainment and gifts donated by numerous public-spirited small businesses, corporations, clubs and individuals, as well as by the Junior League of Detroit.

At the Adult Service Centers party, entertainment will be provided by Les Cochons Bleus and by the seniors themselves, who will present a fashion show and a dance number and join in singing led by their own choir.

There will be, of course, a visit from Santa. Mayor Young's executive assistant, Ms. Arietta Douglas, will bring greeting from Coleman Young. Max Sosin, Detroit's Toastmaster General, will act as master of ceremonies.

Table favors have been donated by the Grosse Pointe alumnae of Sigma Kappa, corsages and boutonnières by several garden clubs, candy rolls by local area Brownie and Girl Scout Troops and decorations by Junior League volunteers.

League volunteers, assisted by Adult Service Centers staff, will serve the meal. Today's League for the Handicapped/Goodwill Industries party will be held at League/Goodwill headquarters in downtown Detroit. It, too, will feature Les Cochons Bleus of the Detroit Police Department, as well as Joe Vitale and his Quartet.

Mr. Vitale will double as master of ceremonies, introducing Santa Claus, Ray Lane of TV-2 and Mickey Stanley of the Detroit Tigers.

Decorations are traditionally provided by the Junior League Gardeners. Corsages are made and donated by several garden clubs. Candy rolls will be given by local Brownie and Girl Scout Troops.

The meal will be served by Junior League volunteers, assisted by members of the B'nai B'rith Women's Council of Metropolitan Detroit.

Adult Service Centers, Inc., formerly known as the Senior Center, was established in 1953 by the Junior League to provide recreation and rehabilitation for the elderly.

The Detroit League for the Handicapped, now combined with Goodwill Industries, was founded by the Junior League in 1921.

Committee members for (Continued on Page 23)

A NEW BEGINNING

This is the season for New Beginnings. Christmas has always meant a New Beginning to the entire world. New Year's means a New Beginning for everyone. Due to fire, insurance, extra expenses all must be worked out . . . restoring . . . putting-in-order so we can do business again. My assistant Helen Szulzewski, Karla and I will be working at the "IMAGE-MAKERS," 19877 Mack. You can phone 886-6060 and we will let you know where your hairdresser is working. A new beginning: we will all be together at Shore Center, Harper Avenue between 12 & 13 Mile Rd. Opening January 16th.

Merry Christmas, Bart Edmond

Choraleers Sing at LIT

The Choraleers, members of the Junior Women's Association for the Detroit Symphony Orchestra under the direction of Pointer Mrs. David Lindner, entertained yesterday, Wednesday, December 14, during noon hour at Lawrence Institute of Technology.

Their appearance was the result of a successful bid by Maurice Badgett, Jr., LIT Student Government social chairman, during the October Musical Marathon on Radio

Station WJR, a fund-raiser for the Detroit Symphony. The \$75 contribution to the DSO from LIT's Student Government funds in return for the Choraleers' services is part of the \$63,000 pledged by organizations and individuals throughout the metropolitan area. WJR donated 26 hours of air time.

Between 20 and 30 women rehearse weekly with the Choraleers. They will appear with the DSO next spring in a Sunday pops concert.

Fur . . . nothing finer!

Be an angel . . . give her one this Christmas.

Lenahan-Sus Betrothal Told

An early summer wedding is being planned by Lauren Carole Sus and Dan Lenahan whose engagement has been announced by her father, Arthur Sus, of Western Springs, Ill.

The bride-elect, who is also the daughter of the late Audrey Sus, is an alumna of Lyons Township High School and expects to receive her Bachelor of Arts degree in French this May from Hillsdale College, where she is president of Chi Omega sorority and a member of Lambda Iota Tau honorary literature society.

Mr. Lenahan, son of Mr. and Mrs. Denis Lenahan, of Crescent Lane, is a Grosse Pointe North High School alumnus and was graduated this year from Hillsdale College, where he affiliated with Tau Kappa Epsilon, with a Bachelors degree in Business Administration.

Regina High Mothers Hold a Holiday Sale

The Regina High School Mothers' Guild held its annual Christmas Boutique and Bake Sale last Tuesday, December 13, at Regina High in Kelly road, Harper Woods.

Mrs. Robert J. Heidt

In Saint Paul's-on-the-Lakeshore Friday evening, August 26, DONNA DELL DYKSTRA spoke her marriage vows to Mr. Heidt, son of Mr. and Mrs. George L. Heidt, Jr., of McKinley Avenue. The bride's parents are the Donald A. Dykstras, of Fontana Lane.

Rites in St. Paul's for Donna Dykstra

Newlywed Robert John Heidts Are Planning March Trip to Florida to Visit His Grandmother; Gourmet House Reception Follows Ceremony

Setting for the late summer wedding of Donna Dell Dykstra, daughter of Mr. and Mrs. Donald A. Dykstra, of Fontana Lane, and Robert John Heidt, son of Mr. and Mrs. George L. Heidt, Jr., of McKinley Avenue, was Saint Paul's-on-the-Lakeshore.

The Reverend Jerome Lemmer, S.J., and The Reverend James Cronk presided at the Friday, August 26, candlelight rites, during which the bride and bridegroom came down from the altar to kiss both sets of parents and present a red, long-stemmed rose to each mother.

The 6:30 o'clock ceremony was followed by a dinner reception at the Gourmet House.

The newlyweds are presently residing in Kalamazoo. They plan a March vacation to Disney World and Fort Lauderdale, Fla., to visit the bridegroom's grandmother, Katherine (Mrs. Joseph) Griffin.

For her marriage, the former Miss Dykstra chose a long-sleeved gown of white

nie DiCicco, Cathy Mascarin and Patti and Mary Jo Heidt, sisters of the bridegroom.

They carried delicate arrangements of ribbon, peach roses and baby's-breath.

George L. Heidt, III, was his brother's best man. Ushering were Tom, Jim and John Heidt, three other brothers. Donald R. Dykstra, brother of the bride, and Don Stanton, of Knoxville, Tenn.

The mother of the bride wore a floor length gown of yellow, tiered chiffon. She pinned yellow Sweetheart roses to her purse.

The bridegroom's mother chose long dress of peach Qiana, styled with a beaded waistline and featuring a matching, floor length coat. She carried a single, peach rose.

Qiana, featuring an Alencon lace bodice. Her cathedral length veil, trimmed with matching, scalloped lace, fell from a crown of white silk roses fashioned by her mother.

White Sweetheart roses, stephanotis and baby's-breath formed the bridal bouquet.

In peach Qiana, capelet frocks with matching roses nestled in their hair were honor maid Theresa A. Seghi, of Redford, and bridesmaids Mary Brady Browning, Con-

Holiday Dance For Villagers

Villagers Dance Club's annual Christmas dinner dance is set for this Saturday, December 17, at the Grosse Pointe Yacht Club, where a special intermission attraction will feature Ken Gugel and a partner demonstrating new disco steps and techniques, then teaching them to the Villagers and their guests, who are welcome at the party — if sponsored by a member.

Cocktails will be served at 7. Dinner at 8 will be built around New York strip steaks. Dancing to the music of Leo Marchionni's Quartet begins at 9:30 and will continue until 1 in the morning.

Alpha Mu Delta Holds Oriental Mix Potluck

Alpha Mu Chapter of Delta Kappa Gamma held an Oriental Mix potluck dinner early in November at Pierce Middle School.

Each member brought food or a handmade item to auction off after the dinner to add funds to the Golden Gift and Expansion Projects.

Members of the Golden Gift committee, Ginny Downs, chairman, and of the Expansion committee, Laura Mackeben, chairman, hosted.

Holidays Spell Danger If a Child Is Allergic

Christmas is the highlight of any child's year, but for those—one out of every four children—who have allergies, the holiday season holds hidden dangers, says Louis Sesti, R.Ph., executive director of the Michigan Pharmacists Association.

"I know that this is not the season to be a spoilsport, but parents of children who have allergies must be warned. If your child is allergic, beware of the holiday season."

During this joyous time, there are special parties with rich, gaily-colored foods, cookies, cakes and candies, all very tempting to any child, (or adult).

They are especially tempting to those who must live with a milkless, eggless or wheatless diet, or a diet that eliminates all three of these basic ingredients.

Remember to be cautious about fancy goodies with artificial coloring, as they can spell trouble to some allergic children.

The holiday nut bowl is a no-no for anyone sensitive to members of the legume family: peas, beans, peanuts, et al.

There is even some hazard for the party-goer who tries to pick out the "safe" nuts from the others in a mixed nut bowl, because the "safe" nuts may gather enough traces of allergen to bring on allergic reaction.

Children and adults allergic to milk and/or eggs will have to pass up the holiday eggnog, ice cream, cookies and cakes. Those who are sensitive to wheat will have to abstain from all the baked goodies, and even from the turkey dressing.

Food isn't the only cause of distress for the allergic during the holiday season. Christmas trees, smoke

from a yuletide log in an open fireplace and scents from hanging greens may cause distress to some people.

Even the gifts under the tree may make an unhappy Christmas for some children. A cuddly, stuffed animal toy can harbor dust and provide shelter to the tiny house dust mite.

For some severely allergic persons, scented soaps, colognes and perfumes cause trouble.

Possible allergic reactions can be avoided at home with little difficulty. Even a party which includes an allergic child or adult can be handled with grace.

Plan buffet style refreshments with special goodies for allergic guests offered alongside the "regular" treats.

It is never kind nor wise to say "Christmas comes but once a year, so anything goes." Help make this a happy holiday season for the allergic. Check first... then provide those special items that an allergic person can have.

Make it a happy holiday for all.

Pointer LLOYD C. NYMAN was among the board of trustees of the Methodist Children's Home Society recognized by MRS. WILLIAM B. MILLIKEN, the wife of Michigan's governor, for dedicated service to meeting the needs of Michigan children.

JOAN MACHAMER, daughter of Pointers DR. and MRS. HAROLD E. MACHAMER, is among 21 Earlham College students based in London, England, this fall for studies in psychology, sociology, literature, political science and literature.

Engaged

BARBARA MCSORLEY and Robert J. Karle whose engagement has been announced by her parents, Mr. and Mrs. Donald McSorley, of Kerby road, are planning a late May wedding.

The bride-elect, an alumna of Saint Mary of Redford High School, received her Montessori certification after studying at Siena Heights College. She expects to receive a Bachelor of Arts degree in Child Development from Marygrove College this spring.

Mr. Karle, son of the Jo-

Tri-Deltas Give Party at Children's Hospital

Every December, the more than 100,000 collegiate and alumnae Delta Delta Deltas across the nation work for their national philanthropy: the support of hospitals which focus research on childhood cancer, oncology and hematology.

The day dedicated to this activity is designated "Sleigh-bell Day."

In local recognition of Sleighbell Day, the Detroit-Grosse Pointe Alumnae Chapter of Delta Delta Delta held a Christmas party for youngsters at Children's Hospital Wednesday, December 7.

Forty patients, ranging in age from six to 13, were entertained in a fourth floor playroom. Highlight of the

afternoon was a magic show by Bob "Doc" White—who, when not performing—is a well-known athletic trainer at Wayne State University.

The show was followed by party food and favors for everyone. Mistress of ceremonies was Mrs. Nicholas Lindheim, of Yorkshire road.

She was assisted by fellow Tri-Deltas Mrs. Lester Elliott, of St. Paul avenue, Mrs. Sam Minnella, of Bournemouth circle, and Mrs. Donald Venderbush, of Three Mile drive.

Chapter president Linda Korver, of Lakepointe avenue, coordinated the event, with the cooperation of Ms. A. "Sally" Carpenter, Children's Hospital Child Life Life assistant.

seph Karles, of South Rosedale court, is an alumnus of Bishop Gallagher High School. He holds Bachelors

and Masters degrees in Social Work from Wayne State University, and is a Psychiatric Social Worker.

Winter Treat for Camp Fire Bluebirds

Grosse Pointe Camp Fire Girls will attend a Council-wide overnight Christmas outing at Greenfield Village Wednesday, December 28.

The two-day visit includes a tour of the seasonally-decorated village, a sleigh-ride, a swim in the pool and recreation in the gymnasium of the dormitory, (Lovett Hall), meals at Clinton Inn, and a tour of the Henry Ford Museum.

All buildings in the village are decorated in period style for the Christmas season. Hot cider and cookies are served at the Town Hall.

In the museum, many crafts and old-fashioned skills are demonstrated, and

Christmas decorations are in abundance.

Pointe Camp Fire Girls participating in the event are the Shining Rainbow Bluebird group led by Maureen Bruce, of Devon-

shire road. They include Erin Bruce, Elise Frakes, Emily Hoffman, Ruthie Markle, Kelly McAllister, Phaedra Robson, Sheila Anderson, Kim Wittman and Carolyn Anderson.

Holidays Turn You Blue? You're Not the Only One

By Katie Elsie
Dreaming of a blue Christmas? Few people do. Yet the "Christmas Blues" — unexpected depression amidst so much gaiety — are a very

real part of the season. Additional stress and pressure come along with the holiday round of festivities. Often it's hard to admit that one's heart just isn't in the

mood to celebrate. Dr. Max L. Gardner, Grosse Pointe psychiatrist, points out: "In the period between Thanksgiving and New Year's Day there are many people who experience what might be termed a 'Christmas neurosis' or holiday depression."

"This may be apparent as diffuse anxiety, feelings of depression, restlessness, irritability, helplessness, loneliness, nostalgia and a wish for the magical resolution of problems."

"These feelings usually

reach their highest level at about Christmas," Dr. Gardner states. "They may be very moderate in degree and only barely noticeable, or they may be so serious that they prevent participation in the festive season."

"Some reactions are so great that they must be regarded as an emotional breakdown."

Dr. Gardner feels there are several possible explanations for these reactions, but no specific cause. He conjectures that a few of the many possibilities can be illustrated as follows:

"Christmas is a traditional time for family gatherings and reunions. The hopes and expectations are that family discord will be resolved."

"When the reunion is not possible or the desired results are not obtained, the disappointment is great."

"Another possible reason for holiday depression is that we expect our wishes to be fulfilled," Dr. Gardner continues. "Gifts are given, and we are like children who expect that all their wishes will be granted. Reality often frustrates such desires."

Also, Dr. Gardner says, "Christmas celebrates the birth of a Perfect Child. It is possible that this may revive old feelings of sibling rivalry in some. They may remember the favored sibling and be reminded of their own inadequacies."

Dr. Helen De Rosis is a New York psychiatrist. She is co-author of "The Book of Hope: How Women Can Overcome Depression," (now a Bantam paperback).

Dr. De Rosis says: "One of the most depressed cases of all is the woman who plays 'Supermom' — she cooks, cleans, buys and wraps all the presents and then feels exhausted and begins to resent her family. She has established a rigid set of 'shoulds' for herself, and is doomed to be disappointed."

Another common cause of the Christmas Blues is the gap between reality and fantasy set up by the media.

A woman may feel she "should" be wrapped in a satin robe, sitting by a crackling fire and sipping mulled wine while she addresses her Christmas cards.

In reality she may be running around the house in a sweatshirt and jeans trying to get the kids in bed — and she hasn't bought her Christmas cards yet.

Or she may feel she "should" be chichi dressed, dashing merrily in and out of Christmas stores, then meeting old friends for an intimate lunch at an elegant restaurant. In reality, the babysitter didn't show up . . . or her car won't start.

Priscilla Klatt, a counselor at the Department of Pastor- (Continued on Page 32)

June Bride

Photo by Reed Studio
Mr. and Mrs. Irving T. Winkler, Jr., of Grayton road, are announcing the engagement of their daughter NANCY LEE to Albert D. Spalding, Jr., son of Mr. and Mrs. Albert D. Spalding, of Wyoming, Mich. A June wedding is planned.

Miss Winkler will be graduated in May from Olivet College with a degree in Accounting.

Phase I Plans Caroling Night

Phase I will go Christmas caroling at the homes of Pointe area shut-ins this Sunday evening, December 18.

Interested singles from 20 to 39 are invited to meet at 6 o'clock at Grosse Pointe Memorial Church, where refreshments will be served, post-caroling, around the fireplace in the lounge.

Other upcoming Phase I activities are a progressive dinner this Saturday, December 17, and a New Year's Eve Party. Information on these and other activities may be obtained by contacting Gust Jahnke at 882-5330.

No Phase I Sunday meetings will be held on either

Her fiancé, who holds a Bachelor of Business Administration degree from the University of Michigan, is currently enrolled at George Washington University Law School in Washington, D.C.

Voices Spoken in Honolulu

Former Pointer Mary Johnson Fowler and George Meade Holstein, III, both residents of Newport Beach and Palm Springs, Calif., were married Saturday, November 19, in Honolulu, Hawaii.

Prior to moving to California in 1968, the former Mrs. Fowler was active in Tau Beta Association, serving as its president, and was a member of the Harper Hospital Auxiliary and the Liggett School Alumnae Association board.

Melissa Fowler was her mother's maid of honor at the ceremony in Honolulu's Saint Clement's Episcopal Church. The Reverend Abraham Ikaka officiating.

Among approximately 30 guests at the reception following at the Outrigger Canoe Club were the bride's brother-in-law and sister, Mr. and Mrs. Roger S. Tuttle, of Lakeland avenue.

December 25 or January 1. Regular Sunday programs resume January 8.

Holiday Spirit Infuses Rehab

The Rehabilitation Institute Auxiliary is sharing its Christmas spirit twice this week, wrapping and hand-delivering a poinsettia to each patient and hosting a Christmas party at the institute.

This is the third year that the auxiliary has presented its holiday poinsettias, and the patients eagerly await their distribution.

The party is set for today, Thursday, December 15. Entertainment will feature the Saint James Youth Group and Friends, singing carols and selections from "Godspell."

The Rehab Institute is

part of the Detroit Medical Center complex. Many members of its auxiliary are Pointers, and doors are always open to new volunteers. Mrs. Perry TeWalt is current auxiliary president.

Ribbon Farms Meets Tuesday

A Christmas party and program is planned for members of Ribbon Farms Chapter of the Quilters when they meet at 12:30 o'clock next Tuesday, December 20, in the Hunt Club drive home of Mrs. Joseph Monterosso.

From Another Pointe of View

(Continued from Page 17)

performing department of the Zurich Opera Company.

It's been a good year for Betsy. In February she won the Donovan Award in the Grinnell Competition in Detroit. In March she placed third in the Metropolitan Opera National Auditions at New York's Lincoln Center.

Now she's coming home for Christmas, to solo for the first time with the Detroit Symphony in Ford Auditorium. "Hometown girl makes good, right?" Right!

She's worked, literally all her life, at making good. She's a pro, with a pro's background. Bachelors degree with honors from the New England Conservatory in 1974, (she was elected to Pi Kappa Lambda). Masters degree from the Conservatory in 1976.

A list of teachers that includes Willis Paterson, Elsie Inselman, Elizabeth Manion, Janice Harsanyi and, at the New England Conservatory, Mark Pearson. Teenage summers at Interlochen National Music Camp, and a high school diploma from the Interlochen Arts Academy.

For Betsy always wanted to sing, professionally. Malcolm and Marian Johns knew it when they got Betsy, at the age of 11, in the Grosse Pointe Memorial Church Choir.

Betsy had wanted to join the Memorial Church Choir even earlier, but the Johns—they're at Old Christ Church now—advised waiting for the appropriate age group.

They were right. They were also, in Betsy's own words, "the best thing that ever happened to me." They told Betsy to go slow, and she went slow . . . and, when she was ready, the Johns helped persuade Elsie Inselman to take Elizabeth Parcells as her, (Inselman's), first voice student.

Part of DSO Christmas Festival

The Messiah Singalong is part of the Detroit Symphony's 1977 Christmas Festival, which culminates with performances of the Nutcracker ballet, featuring Dance Detroit and special guest dancers Vanessa Harwood and Sergiu Stefanschi, December 28 through 31.

For those who prefer to listen to the Messiah rather than join in—and what's wrong with being "audience"?—there's a "regular" performance set for next Thursday evening, December 22.

Both the Singalong and the Standard Messiah will be conducted by Werner Torkanowsky.

Both will feature Elizabeth Parcells, along with Lorna Myers, mezzo-soprano, Vinson Cole, tenor, Thomas Paul, bass, and the Kenneth Jewell Choral.

Both begin at 8:30 o'clock, in Ford Auditorium. Tickets for the Singalong are \$5 general admission. Tickets for the "regular" Messiah are \$7.50, \$5.50 and \$3.50, with children 12 and under half-price.

Talent Runs in The Family

There's a strong artistic streak running through

(Continued on Page 32)

Sixth Sousa Album Is Out in Time for Christmas Giving

Two grants — one of \$5,000 from Ford Motor Company Fund and one of \$2,500 from Selmer Corporation of Elkhart, Ind. — have enabled the Detroit Concert Band to release the sixth LP album in its "Sousa American Bicentennial Collection" in time for holiday listening and giving.

In a letter to Dr. Leonard B. Smith, a Pointer, "We're delighted to have merited the support of these two great corporations and look forward to similar support from others who share our aims."

The grants put the 60-member Detroit Concert Band, (the only fully complemented all-professional concert band operating in the United States today), on its way toward completion of a unique and ambitious project begun in mid-1975: the recording for posterity of all 126 known John Phillip Sousa marches.

Volume VI, just released, titled "A Sousa Potpourri," contains 12 marches: Glory of the Yankee Navy, Atlantic City Pageant, Jack Tar, Ancient and Honorable Artillery Company, Who's Who in Navy Blue, Hands Across the Sea, High School Cadets,

Gallant Seventh, Bride Elect, Harmonica Wizard, From Maine to Oregon and Rifle Regiment.

Each album in the collection, produced by H & I Record Company, is priced at \$7.80 including postage and sales tax.

They may be ordered by sending a check or money order to Detroit Concert Band, 20962 Mack avenue, Grosse Pointe Woods, Michigan 48236.

Each album in the collection, produced by H & I Record Company, is priced at \$7.80 including postage and sales tax.

DSO Presents Holiday Pops Program

Richard Hayman, principal will appear at Ford Auditorium Friday evening, December 16, and Sunday afternoon and evening, December 18, with a special Christmas edition of the Weekender Pops series.

The Friday concert is at 8:30 o'clock. The Sunday concert is at 3:30 and 8:30 o'clock.

The program will include a number of traditional favorites, among them "Joy to the World," "Deck the Halls," "God Rest Ye Merry Gentlemen," "Hark, the Herald Angels Sing," "Silent Night," "Jingle Bells" and "O, Come All Ye Faithful."

In addition, classical selections such as Herbert's "March of the Toys from 'Babes in Toyland,'" Mozart's "Sleigh Ride" and Joplin's "Parade of the Wooden Soldiers" will be featured.

There also will be several special arrangements by Mr. Hayman, and the Rackham Symphony Choir will be featured in a medley: "The Many Moods of Christmas." This holiday edition of the (Continued on Page 24)

DBC Women Plan a Party

Angelic sounds will proclaim "peace on earth, goodwill to men" at the Detroit Boat Club next Wednesday, December 21, when the DBC Women's Committee hosts a Christmas party for members and their guests.

Entertainment will feature harpists Paula Pinterpe and Mary Morgan, from the University of Windsor.

Festivities begin in the holiday-decorated clubhouse with cocktails at 11:30 o'clock. Luncheon will be served an hour later.

Among those assisting chairman Mrs. Richard Shannon with the party planning are Pointers Mrs. Jack Mills and Mrs. Michel Skaff, Detroiters Mrs. Sterling Richhart and Mrs. John Parks and Mrs. Harold Jackson, of Windsor.

Mrs. Parks will lead the group in a Christmas carol singalong.

New Home Ready for Science Center

Move to \$5 Million Structure Begins Tomorrow; Space Theater Is Among Building's Highlights

The Detroit Science Center begins the task of completely transferring itself tomorrow, Friday, December 16, from the storefront at 52 East Forest avenue which has been its temporary home since 1970, to a spectacular, new building in the Detroit Cultural Center.

Today is the last day the storefront will be open to the public.

The move is expected to take several weeks. The \$5 million new building at the corner of Warren and John R street is scheduled to open in January.

A 9,000-square-foot former showroom has served for seven years as a pilot project for the new Detroit Science Center.

The project's success may be measured by its continued growth, from a first year of operation with 10 exhibits and a sparse 2,700 visitors to this year, when total visitor attendance is expected to reach more than 90,000.

The number of exhibits has grown to 45. Scientific demonstration programs now total 20.

The nearly 350,000 visitors served since 1970 comprised persons from all over Michigan and many other states. The great majority were children in scheduled classes from public, private and parochial schools in metropolitan Detroit and the Tri-County area, and from cities as far away as Grand Rapids, Saginaw, Lansing and Kalamazoo.

Many other visitors attended in family groups or as members of Boy or Girl Scout troops or church, civic and ethnic organizations.

A great number of Senior Citizen clubs also attended as groups. During the Bicentennial year, many of these banded together to raise more than \$6,000 from their limited incomes to be used for construction of the new exhibit on Meteorology to be included in the new facility.

The Science Center's popularity stems from its unique approach to science and learning.

Emphasis is on visitor involvement or participation in science rather than the more traditional method of presenting exhibits in glass cases.

Visitors push buttons, turn knobs and pull levers to make the exhibits work for them. These exhibits actively involve the visitor in the scientific process of discovery.

The new Science Center building adds a new dimension to Michigan and Detroit. Under construction for two years, it will considerably help ongoing efforts to upgrade the city's image locally and nationally. It adds to Detroit's attractiveness and its educational, cultural and entertainment facilities.

It was disconcerting prior to 1970 to acknowledge that Michigan and Detroit, with a growing and viable economy based primarily on science and technology, was the only one of 10 such metropolitan

sional depth are made possible through a 70mm Omnimax projector with a fish-eye lens.

The effect is to give spectators the illusion of being suspended in space.

The first program scheduled in the Space Theater is a film, "Cosmos," taken from the writings of Loren Eiseley. The film tells the story of man: midpoint between the atom and the stars.

Viewers will see time compressed — 5 billion years into 30 seconds — as they witness the violent formation of the planet earth.

"Cosmos" is an adventure for the senses, a production that will take viewers as close to underwater as they can get without getting wet, as close to the center of a fiery volcano as they can get without being incinerated.

In addition to the Space Theater, the ground floor is also the site of exhibit design and construction, visitor service areas, an orientation area for group visitors and administrative offices.

The exhibit floor on the top level provides a flexible area for the display of a wide spectrum of participational science exhibits in such areas as sound, geology, mathematics and space.

A demonstration theater allows visitors to participate in live as well as programmed audio-visual presentations on science topics.

The main floor, or plaza level, serves as a waiting and reception area, with ticket and gift counters. From here, visitors may take an escalator (Continued on Page 24)

Candlelight Rites For Miss Browne

Kalamazoo Is Home for Mr. and Mrs. James Alan Elliott, Whose Autumn Wedding Was Followed by Reception at Hunt Club

At a candlelight service Saturday, October 1, Karen Lee Browne became the bride of James Alan Elliott. Dr. Roy Hutcheons officiated at the 7 o'clock ceremony in Grosse Pointe Congregational Church.

The bride, daughter of Mr. and Mrs. William M. Browne, Jr., of Mount Vernon road, wore a gown of silk organza with a bodice and panels of Venice lace.

Her fingertip, illusion veil fell from a headpiece of matching lace. She carried a cascade of Eucharis lilies, stephanotis, baby's-breath and ivy.

Wendy Browne, honor maid for her sister, wore a floor

length frock of apricot print organza.

Bridesmaids, in Empire frocks of apricot jersey, were Lisa Fuller Shields, of Richmond, Ky., Joan Stewart, of Bloomfield, Janet Bauman, of Farmington Hills, Beth Chadwick, of Saranac, and Jackie Elliott, the bridegroom's sister.

They carried baskets filled with apricot roses and baby's-breath.

Jon Elliott was his

Greenfield Village Walk For Pi Lambda Thetas

The Detroit Alumni Chapter of Pi Lambda Theta, a national honors association in education, will take a Christmas Walk through the holiday-decorated homes of Greenfield Village Sunday, December 18.

The walk begins at 10:30 in the morning. It will be followed at 2 o'clock by luncheon at Dearborn Inn. Members and friends may make reservations by contacting Jean Wright, president, or Marge Drummond, treasurer.

brother's best man. They are the sons of Dr. and Mrs. C. S. Elliott, of Pigeon.

In the usher corps were Donald Conroy, Stanley Hurn, Robert West, Daniel Maxwell and Richard Eiserman.

The mother of the bride wore a gown of rust Qiana and pinned pale green cymbidium orchids to her match-

Mrs. James Elliott

Setting for the candlelight wedding of KAREN LEE BROWNE, daughter of Mr. and Mrs. William M. Browne, Jr., of Mount Vernon road, and Mr. Elliott, son of Dr. and Mrs. C. S. Elliott, of Pigeon, Saturday, October 1, was Grosse Pointe Congregational Church.

ing, rust purse. The bridegroom's mother selected a gown of cream and brown chiffon and a wrist corsage of cream cymbidium orchids. The rites were followed by a reception at the Grosse Pointe Hunt Club. The newlyweds are at home in Kalamazoo.

Out-of-town guests included the bride's grandparents, Mr. and Mrs. John C. Young, of Clearwater, Fla., her great-uncle and aunt, Mr. and Mrs. T. H. Bush, of Melrose, Mass., her uncle and aunt and cousins, Mr. and Mrs. William Foster, Kimberly and Jennifer Foster, of Youngstown, O., and the bridegroom's uncle and aunt, Mr. and Mrs. William Cravens, of Bloomington, Ind.

Also present were many of

the bride's cousins, including Mr. and Mrs. Eugene Smith and Vicki Smith, of La Port, Ind., Mr. and Mrs. Frederick Halbert, of Toledo, O., Mr. and Mrs. Bruce Kunkel, of New York, Mr. and Mrs. Robert Gabriel, Mark Gabriel and Mr. and Mrs. Joseph Kubit.

Mata Ends Three Weeks with Symphony

Eduardo Mata completes a successful three-week engagement as guest conductor of the Detroit Symphony Orchestra in concerts this evening, Thursday, December 15, and Saturday evening, December 17, at Ford Auditorium.

He will be joined by soprano Jessye Norman and the Kenneth Jewell Chorale. Both concerts are at 8:30 o'clock.

The program will include the overture to Beethoven's ballet "Prometheus," Wagner's "Wesendonck" songs and Ravel's "Daphnis et Chloé" ballet in its entirety.

In his mid-30's the Mexican-born Mata has already become one of the world's most sought-after conductors. This fall he assumed the post of music director of the Dallas Symphony.

He continues to maintain an active guest conducting schedule in the United States and abroad.

Jessye Norman will sing the five "Wesendonck" songs. Miss Norman is a native of Augusta, Ga. Since her operatic debut in 1969 she has been much in demand, both here and abroad.

The Kenneth Jewell Chorale will sing the wordless vocal sections in the Ravel ballet.

Tickets for these two evening concerts are available at \$9, \$8, \$7, \$6, \$5, \$4 and

\$3.50.

They may be purchased at the Ford Auditorium box office, (dial 962-5524 for Master Charge and VISA charge card orders), Hudson's and Ward's ticket outlets and the Detroit Tonight desk at the Plaza Hotel in the Renaissance Center.

A native of Mexico City, Eduardo Mata studied for 13 years at the Mexico City Conservatory as a student of Mexican composer-conductor Carlos Chavez.

He assumed leadership of the Guadalajara Symphony at the age of 22, then propelled the Philharmonic of the National University of

Mexico into one of the country's best orchestras.

He was recipient of the Elias Sourasky Prize in the Arts, the highest award of its kind presented by the Mexican government.

A popular podium guest around the world, he has appeared with most of the major orchestras of the United States and Europe and, in 1976, made a triumphant tour of Japan.

Last year Eduardo Mata undertook a worldwide conducting schedule of more than 70 concerts, including a tour of Mexico with the London Philharmonic, a tour (Continued on Page 25)

Society News Gathered from the Pointes

Boston-Edison Walk Slated

Detroit's Historic Boston-Edison District will welcome visitors Sunday, December 18, between noon and 5 o'clock. Six beautiful old homes, decorated for the holiday season, will be featured on the Boston-Edison Christmas Walk.

Included in the tour is the gracious Robert Williams home, built in the 1920's. Its entrance hall is tiled in white and black marble and features a Waterford crystal chandelier. Williams was a president of S. S. Kresge Company.

The 1918 Georgian-styled house built by G. H. Layng while vice-president of the Lincoln Motor Car Company is now furnished in that period's motif. Visitors should note the 18th century dining room sideboard as well as a dome mantel clock dating from 1732.

The Edward Fisher house was designed by Richard H. Marr with Venetian detailing, and is furnished with many of its original pieces. The sunroom, containing a wall fountain, looks out into an exquisite garden with several more fountains.

Each tour group will have a guide to point out architectural features and restoration progress. A between-the-houses shuttle bus also will be provided.

Science Center Has a New Home

(Continued from Page 22)

down to the Space Theater or an elevator to the exhibit hall.

The \$5 million cost of the building was funded by an initial \$2.5 million grant by the D. M. Ferry, Jr. Trustee Corporation. Income from this grant was used to start

the storefront project and to cover operations until this year.

Between 1970 and 1975, seven other foundations made contributions. They include Kresge Foundation, \$1 million; Ford Family Foundations, (four) \$450,000; Web-

ber Foundation, \$350,000; and the McGregor Fund, \$150,000.

In 1975, a Capital Funds campaign was conducted by Wilbur Mack, chairman of American Natural Resources Company, Roy Chapin, Jr., chairman, American Motors, and Robert Semple, chairman, BASF Wyandotte Corporation.

This campaign raised a total of \$1.3 million from business and industry.

The Detroit Science Center now had a total of \$5 million in cash and pledges, and it was decided to proceed with construction of the present structure in 1976.

When building bids were finally received, it was found they totaled more than \$7 million.

The board of trustees was forced to eliminate a number of items of equipment, some furnishings, extended parking, landscaping and some other features to keep the cost within the amount of funds available.

Steps are now being taken to raise the further \$2 million needed to restore the deleted items.

The long-range plans for the Detroit Science Center call for the erection of an additional 19 modules which, when completed, will provide a total of 490,000 square feet of space on the 7.8 acre site. The land is leased from

the City of Detroit, with an option to purchase.

The additional modules will increase the size of the Detroit Science Center until it is comparable to those of Chicago and Toronto, our two nearest neighbors.

Schedule Scandinavian Symphony Women's Tea

The Scandinavian Symphony Women's Association has scheduled a holiday tea, featuring a talk by Mrs. Michael Mozer on "The Superstitions of Gem Stones" as well as Christmas music, for tomorrow, Friday, December 16, at noon in the Beverly Hills home of Mrs. James Shank.

The symphony's Christmas concert held early in Decem-

ber at Southfield-Lathrup High School featured the combined choruses of Southfield High School, directed by John Cole, and Southfield Lathrup, directed by David Jorlett, in "And the Glory of the Lord" and the "Hallelujah Chorus" from Handel's "Messiah" and an interpretation of Robert Russell Bennett's "Many Moods of Christmas."

The orchestra, conducted by Valter Poole, opened with Mendelssohn - Bartholdy's Symphony No. 4 in A Major, ("Italian"). Also on the program were Borodin's "Polovetsian Dances" and the March from Dag Wren's Serenade for String Orchestra, dedicated in memoriam to John Soderberg, a 40-year member of the orchestra and its first chair cellist.

As always, the concert was followed by an afterglow in the school cafeteria and was preceded by an Artists Luncheon sponsored by the Scandinavian Symphony Women's Association.

The Scandinavian Sympho-

Concerts

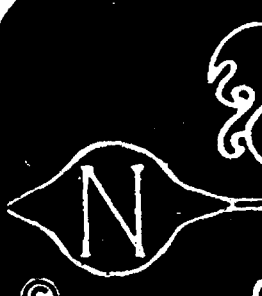

(Continued from Page 22)

Weekender Pops is part of the special DSO Christmas Festival, December 3 to 31.

Tickets are available for six performances of the "Nutcracker" ballet: Wednesday, December 28, at 8:30, Thursday, December 29, at 2:00 and 8:30, Friday, December 30, at 2 and 8:30, and a New Year's Eve performance.

ny's next concert, scheduled for February 25 at Southfield-Lathrup High School, will feature Music of Beethoven with Mischa Mischa-koff as violin soloist.

Ticket information may be obtained by contacting Mrs. William Jardine at 538-3393.

OPEN SUNDAY, 2-5

1154 ROSLYN, GROSSE POINTE WOODS — This immaculate brick, 1½ story will not last through this week — everyone's been waiting for this home. Features include 4 large bedrooms, 2 full baths, formal dining room, large kitchen with eating space, new roof, large lot, 2-car garage, full basement featuring a recreation room with wet bar. Built in 1950, excellent location, near all schools.

1600 ROSLYN, GROSSE POINTE WOODS — 3 bedroom, 1½ bath bungalow with dining room, natural fireplace, rec room with wet bar, 1½ car garage and priced in the \$40's. Occupancy at close!

491 RENAUD, GROSSE POINTE WOODS — Where dreams come true! Just a stone's throw from the lake is this gracious French colonial. Custom built with something for everyone. A great home for family and entertaining. Spacious rooms throughout with a feeling of elegance and pride of ownership. Paneled library with pegged floor, a fantastic family room complete with bar, electric drapes that open onto the beautiful gardens with full view of the heated pool, an unbelievable Hawaiian recreation room, games room, 2 dressing rooms with showers and a stairway to the pool. A very special home for very special people. One of the Pointes' finest.

569 COVENTRY, GROSSE POINTE WOODS — Just off Morningside — enjoy the coming holidays in this brand new builder's home. Center entrance brick colonial, featuring 5 bedrooms, marble foyer, circular stairway and balcony, large kitchen, family room with wet bar, 1st floor laundry, central air, tiled basement, carpeting allowance to enable purchaser to choose own color preference.

20062 WOODSIDE, HARPER WOODS — All brick custom built ranch, built in 1956, features include large country kitchen, family room, 3 large bedrooms, living room with natural fireplace, finished recreation room, 2 car brick garage, thermo windows, birch wood throughout, central air, gas FA heat, priced to sell at \$50,500.

23101 N. ROSEDALE, ST. CLAIR SHORES — near Grosse Pointe — 3 bedroom, 1½ bath brick ranch, featuring 2 fireplaces, family room, dining area, bedroom off master bedroom, recreation room, new roof, all aluminum trim, 2 car attached garage, built-ins in kitchen. Patio with BBQ, loads of closets and storage. Priced to sell and immediate occupancy.

BY APPOINTMENT, PLEASE

GROSSE POINTE WOODS — Custom built in 1961, 3 bedroom, 2½ bath, center entrance colonial, features family room with beamed ceiling, natural fireplace, formal dining room, living room with natural fireplace, country kitchen with all built-ins, 2 car attached garage, electric door, central air. Best of all, there is an assumable mortgage. Located between Morningside and Van K—Hurry for your personal inspection — \$84,500.

GROSSE POINTE FARMS — An exceptional offering for the family who appreciates custom features not found in most homes. Modernized kitchen with custom built maple cabinets, complete recreation room for entertaining, plus a large paneled family room — and for the warm weather — a concrete patio with gas BBQ and more. Near schools and transportation. Be in your new home for the new year. Priced in the \$60's.

GROSSE POINTE WOODS — Where else but in the Woods can you find an immaculate colonial such as this one? Features 3 good-sized bedrooms, 1½ baths, family room with natural fireplace, finished basement, 2½ car garage, built in 1962 and ready for occupancy. Large kitchen with built-in dishwasher, disposal. Priced to sell.

GROSSE POINTE FARMS — What everyone has been waiting for — an ultra-clean 3 bedroom, 1½ bath colonial, family room, large kitchen with lots of eating space, built-in dishwasher, disposal, stove and refrigerator are included. Rec room, 2 car garage, within walking distance to Farms Pier.

GROSSE POINTE WOODS — Everything that you've been looking for — now is on the market. It's your 3 bedroom all brick custom built home that features a living room bay window, plus "2" Tennessee ledge natural fireplaces. Enjoy the holidays in the formal dining room, or entertain in the recreation room. Near the schools and transportation. Price reduced to low \$60's. Don't wait too long.

GROSSE POINTE PARK — Located near Windmill Pointe Drive, this cedar shake colonial is a handyman's dream, built in 1926. Features living room with natural fireplace, formal dining room, good-sized kitchen with eating space, 3 large bedrooms, 1½ baths, 2 car detached garage. Priced in mid \$30's.

GROSSE POINTE PARK — Charming starter home features 3 bedrooms, formal dining room with natural fireplace, den, large kitchen, 2 car garage, large lot, near transportation and shopping. Priced in low \$20's.

CITY OF Grosse Pointe Farms MICHIGAN

Summary of the Minutes December 5, 1977

The Regular Meeting was called to order at 8:00 p.m.

Present on Roll Call: Mayor James H. Dingeman, Councilmen Harry R. Fruehauf, Jr., Jack M. Cudlip, Nancy J. Waugaman, Joseph L. Fromm, W. James Mast and Lloyd A. Semple.

Those Absent Were: None.

Also Present: Mr. John K. Renke, II, representing the City Attorney.

Mayor James H. Dingeman presided at the meeting.

The Council adopted a resolution accepting the low bid of the National Bank of Detroit for the purchase of \$375,000 of Sewer General Obligation Bonds, 1977 Series A, at a rate per annum of 4.125.

The Council adopted a resolution enacting Code No. 6-08, Ordinance No. 219, the "Alarm Regulation Ordinance", as amended.

The Council adopted a resolution enacting Ordinance No. 220, "An Ordinance to Amend Section 7 of the Charitable Solicitations and Events Ordinance Being An Ordinance To License and Regulate Charitable Solicitations and Events In The City of Grosse Pointe Farms, Michigan", as amended.

The Council adopted a resolution approving the request of the Junior League of Detroit, for permission to conduct their Decorators' Show House event at 241 Lake Shore Road, from April 29 through May 21, 1978, such permission being subject to certain stipulations and becoming effective upon the effective date of Ordinance No. 220 enacted upon this date, it being the determination of the Council that the conditions and requirements established under Ordinance No. 220 have been fully complied with by the Junior League of Detroit.

The Council adopted a resolution extending its approval as a member community, to the Grosse Pointe-Clinton Refuse Disposal Authority to issue revenue bonds in an amount not to exceed \$1,200,000.

The Council adopted a resolution approving the division of lots 223-228, Cloverly Road Addition, into two parcels in the manner set forth on the Certificate of Survey by Warner, Cantrill and Padmos, Incorporated, dated November 17, 1977.

The Council adopted a resolution directing the Administration to confer with the lessee of the Punch & Judy Theatre and develop an outline of events which can properly be held at the foregoing establishment.

The following Reports were received by the Council and ordered placed on file:

A. Police Department Report for the month of November, 1977.

Upon proper motion made, supported and carried, the meeting adjourned at 11:30 p.m.

Pointe Counter Points

By Pat Rousseau

The Long And Short of Holiday Dressing... seen at Walton-Pierce (open weekdays evenings until 9 till Christmas). A smashing Christmas red jersey long evening dress is styled with tiny straps, blouson bodice, accented with rhinestones. The skirt is a swirl of accordion pleats. Blouson for evening is stunning in black jersey, again with tiny straps, cut out stitching detail on the top and a long dancing skirt. The bare look for cocktails and partying is a delightful winter rose jersey dress with narrow pleating at the bosom and an accordion pleated skirt. Its coverup counterpart is of silver gray jersey with a double Peter Pan collar edged with white and accented with a rose. This bodice is blouson and the skirt is flaring. Chiffons come long and short and one charming long blouson is of the softest pink and blue print with a high neck, long sleeves and a matching scarf. Jerry Silverman's short ivory chiffon is trimmed with lace over cafe au lait. For cruise, Adele Simpson has designed a lovely out-to-dinner dress with a drawstring neck and long sleeves and selected the freshest print of turquoise and white. A silk tan print dress comes with a solid tan quilted sleeveless jacket and bands of narrow circle the hem. From Rona has come a white jersey cocktail dress with a smocked waist and elasticized long sleeves great for north now, south later. For south there's a new three piece pantsuit with a shrimp printed jacket and top over solid shrimp pants. Their new Wilroy cruise separates are arriving and it will be fun putting the look together. The colors are bright and the solids and patterns combine so well. By the way, there are six styles of totes from Geoffrey Beene and they're smart!

A handsome cabinet design by Coppes features white elm, burl, Bolivian rosewood or Pecky pecan center panels in solid hardwood frames of maple, cherry or oak finished to match or highlight the beauty of these exotic woods. These cabinets would add elegance to a wall of storage units in dining room, den or family room. See them at Mutschler Kitchens, 20227 Mack Avenue, 884-3700.

At the Notre Dame Pharmacy... there is a good selection of gifts from Mountain Rustic. They're handsome and handy... made of knotty pine with distressed finish. There's a good looking recipe holder stand with recipe cards, coat trees (both short and tall), key holders, magazine racks, and much more.

The Treasures of Egypt and the Land of the Pharaohs, plus options to Jordan, Jerusalem or Persia. All expenses except 5 meals, from New York at \$1,350 each. Travelwise Travelers Always Ask for Mr. Q., 888-0500.

Stocking Stuffers... many games and puzzles, note pads, soaps and bubble baths, candles, jewelry, sun catchers from the Squirrel's Nest, 19849 Mack.

Something Lovely... in a 100% wool Karastan rug? Come to Ed Maliszewski Carpet, 21435 Mack and see the great selection of solid colors and the wide variety of carvings including Greek Key or Twining Rope for borders or edges. You can almost custom design your own rug and there's only a five-week wait... 776-5511.

RON RUEL... says "The test of a good haircut is not how it looks as you leave a salon but whether its style holds as it dries naturally. If you can gently mold and style it back into shape with your fingertips then you have a next to perfect haircut." For a hair style that is the utmost in manageability see Ron Ruel at Ultima. Call 881-0182.

Mink coat for Christmas? Don't waste a day. See the new selection of beautiful fashionable mink coats at Sullivan Furs in Grosse Pointe, 20327 Mack... 885-9000.

GIVE A GIFT CERTIFICATE... For the "hard to find something for" person on your Christmas list. Remember too our January needlepoint and crocheting classes are filling up fast so sign up now at Fran Kirkland's, 16930 Kercheval in the Village. Open weekday evenings till Christmas.

Pointers of Interest

MRS. JERRY HODAK, OF MEADOW LANE, (LEFT), AND MRS. TERRY KASIBORSKI, OF NORTH OXFORD ROAD

By Janet Mueller

A call from Anne Anderson got Peggy Hodak into the Boys' Clubs of Metropolitan Detroit Women's Association. You don't say no to Anne Anderson. For Kathy Kasiborski, it was a case of proper timing—the association was organized the year she quit teaching school—and family loyalty: "My aunt, (Virginia Tompkins), was the first president."

They're both glad they said yes to the Boys' Clubs Women.

"They don't create things to use up their time," explains Peggy, who'd rather do than think about it. So would Kathy, who is the association's treasurer.

Have One Fund-Raiser The Boys' Clubs Women have one big fund-raiser a year: the Detroit Auto Show Charity Preview.

It's a black tie, (preferred), evening at Cobo Hall where the Detroit Auto Dealers Association presents its annual line-up of the year's new cars and trucks, domestic and imported.

It's a big thing in the Motor City. The 1978 Detroit Auto Show opens to the public Saturday, January 14, and will run through Sunday, January 22.

Charity Preview Night is Friday, January 13. All proceeds from \$12.50 per person preview night tickets purchased through the Boys' Clubs Women will go to set up a sports area, for basketball, baseball, hockey, at all at Camp Drusilla Farwell.

The clubs affiliated with Boys' Clubs of Metropolitan Detroit use the camp on Harsens Island all through the summer and during winter weekends.

Three Share Proceeds Boys' Clubs is one of three charities selected by DADA to share proceeds from the 1978 show. The others are the Easter Seal Society of Wayne, Oakland and Macomb Counties, and the Northeast Guidance Center. Each receives all proceeds from the tickets it sells.

The Boys' Clubs celebrated their 50th anniversary last year, but the Boys' Clubs Women's Association is very young.

"We were organized, really for the auto show," Peggy and Kathy explain. DADA offered the Boys' Clubs a chance to share in Charity Preview proceeds. Boys' Clubs needed a sponsoring organization to handle its preview night details.

That was three years ago. The Women's Association now has approximately 120 members, from all over the metropolitan area. Board meetings are held at the Boys' Clubs main administrative office in Livernois avenue. General meetings are held all over town.

Covers Metro Area The idea is to keep the association a metropolitan organization, with loyal supporters downtown and on the North, West and East Sides.

Stumped for ideas for that little token gift? Woods Optical Studios have items for eyeglass wearers. We have a large assortment of spectacle chains. Tiny pearls with gold links, colored beads, cords in nylon braid to name a few. Stop at 19599 Mack Avenue, 7 blocks north of 7 Mile Road, 882-9711.

You Can Build... fastening electric circuits with the new 10 in 1 Electronics Set. This completely safe kit has easy to follow directions and will captivate the building scientist. Available at THE SCHOOL BELL, 17010 Mack.

OLD FASHIONED RAG DOLL... dresses in pink dimity and straw hat for your favorite little girl at Two's Company, 399 Fisher Road.

Travel Gift Certificates... can be purchased for that last minute Christmas item through 21127 Mack, 882-8190.

If You're Planning A Small Party... for the holidays, whether for you, family or business, Perini's is an ideal place to have it. Perini's is also a great place to drop by after Christmas Shopping for a late lunch or early dinner. Two lighted convenient parking lots, 10721 Whittier

singing in the Saint Joan of Arc choir, working for the Boys' Clubs with the Women's Association.

And that's it. Kathy has no desire to do everything. She does want to do what she does well, and she does want to do what she enjoys, and S.K. (Since Kevin), her time has been at a premium, so she wants to make it count.

She also wants some time to herself. She's a golfer and cross-country skier. She loves doing artsy-crafty things, from quilting a clock for the living room mantel to sewing to needlepoint to crewelwork.

The Exact Opposite Peggy Hodak is exactly the opposite. Peggy has done one crewel piece: a logo for Jerry Schoenith for the grand opening of Jerry's Marine Bar at the Roostertail. It's still there, framed and hanging on the wall.

It was truly a labor of love, for Peggy could care less if she never has a needle in her hand again. She wasn't too crazy about picking one up in the first place.

But she'd do it for Jerry Schoenith. "He's like a member of the family," says Peggy. Before Jerry's Marine Bar opened, the Hodaks traveled around the country with Jerry Schoenith, testing seafood restaurants and helping to develop the Marine Bar's new seafood menu and decor.

"At the beginning, we were probably not the greatest seafood fans," Peggy admits. "Jerry (Hodak) had never touched an oyster."

Now he's wild about them. The two Jerrys and Peggy visited flea markets to pick up antiques for the Marine Bar. They visited display companies, and Jerry Hodak, dedicated amateur photographer, took a portfolio of ideas-for-the-Marine-Bar pictures.

Lead Different Life It was marvelous fun for all of them. Among the things Peggy and Jerry Hodak have always enjoyed is going out to restaurants. "My husband has a very different schedule, so we lead a very different life."

Actually, it's a very normal life: only the hours are different. Jerry Hodak works an eight-hour day, but his day begins in mid-afternoon. "I have him from 9 to 2 o'clock," Peggy explains. Before their daughters started school, Jerry probably spent more time with them than the average father, given his "average" schedule, is able to.

The three Hodak girls are Ann(e)—she recently added the e to her name—Mary and Jayne, ages 13, 11 and eight, respectively. Ann(e) is a Brownell student. Mary and Jayne are at Richard.

Normally, Jerry is home by 2 in the morning. Normally, he's not home for dinner—with the exception of Monday nights, when football

between Harper and Kelly. Call 371-2484 for party reservations.

Brighten Your Decor... for the holidays with a brand new lamp or lamp shades from Wright's Gift and Lamp Shop. About two hundred new lamps have been added to the selection and as you know there is a wide range of lamp shades. Remember Wright's is the Christmas place for Christmas cards, party goods and gifts... 18650 Mack Avenue next to the Grosse Pointe Post Office.

Choose Gifts For Men And Women... from the imported leather collection that includes briefcases, camera bags, tennis bags, luggage and purses at To The Point Interiors, 21431 Mack between 8 and 9 Mile Roads, 778-2440.

At Hartley's Country Lane... in our Christmas Boutique, you will find reminders of a bygone era in reproductions of antique porcelain French Dolls. Also you must see the musical new Country Girl dolls... all pre-named and dressed in fashions of yesteryear, 20641 Mack Avenue.

Have your gifts beautifully wrapped by Senior Girl Scouts, Troop 327 at Eastland Center. Their booth is near the J. C. Penney mall entrance.

Short and to The Pointe

(Continued from Page 17)

Selected Outstanding Airman of the Quarter in his unit at Tinker Air Force Base, Okla., was Airman First Class JEFFREY L. VAN ASSCHE, son of the FREDERICK M. VAN ASSCHES, of Ballantyne road. Airman Van Assche, an avionics inertial and radar navigation systems specialist with the 552nd Airborne Warning and Control Wing, honored for exemplary conduct and duty performance, attended Oakland Community College and Macomb Community College.

Receiving degrees during commencement exercises at Central Michigan University this past spring were SYLVIA A. HOENER, of Holiday road, who received a Bachelor of Science degree cum laude, with a major in History, DEAN C. METRY, of Bedford road, Bachelor of Science degree cum laude, with a major in History, and AMY A. ALFANO, of Hampton road, who received a Bachelor of Science degree in Business Administration, majoring in Business and Administration.

Grosse Pointe North High School 1975 graduate MARGRET MARTIN, daughter of MR. and MRS. ROBERT MARTIN, of Lochmoor boulevard, and Grosse Pointe North High School 1974 graduate TIM BROOKS, son of the EDWARD BROOKS, of Alaine drive, are Albion College students currently participating in off-campus study programs. Miss Martin is spending a year in Avignon, France. Mr. Brooks, a member of Delta Sigma Phi fraternity, is in New York City, participating in a fine arts internship program.

pushes the WXYZ-TV news schedule back.

So, instead of going out to dinner... "We're great going-out-to-lunchers." When Peggy and Jerry go to a party, Peggy often goes first, and Jerry meets her there.

All Part of Business What's it like being married to someone who is instantly recognizable? "I don't notice it," says Peggy. "To him, it's a business like any other."

"We've been married for 15 years, and he's always been in this business. He was in broadcasting in high school; we met in a radio-television speech class."

Through the years, she's maintained her own identity. Peggy Hodak, Person vs. Peggy Hodak, Wife of Jerry. Years ago, she joined the League of Women Voters, and she has kept very busy with League things.

"That's where I got my basic training." She has been president of the Warren L.W.V. and of the Metropolitan League, spanning five counties. Now she is president of the Grosse Pointe League.

Boys' Clubs is her only other major involvement. It figures. Like the League, it's a non-nonsense, working group, and "all the money we, (the Women's Association), raise goes directly to the Boys' Clubs."

The Boys' Clubs Women may have only one major fund-raiser a year, but they do it up brown. "Our women put in a lot of time, and I think they do an exceptional job."

When the Detroit Auto Show Charity Preview invitations had been addressed, at small sessions all over town, the call went out for envelope stuffers. Approximately 40 women showed up at Jerry's Marine Bar, where

From Another Pointe of View

the Parcels family, with talent cropping up in all generations. Consider Betsy's grandmother, the aforementioned Carolyn Hubbard Parcels Lucas.

Not only is she responsible for the restoration of Pioneer Huron City, a mirror of Michigan's early lumbering towns, as a memorial to her family, the Hubbards, who settled there, and a reminder to all the people of our state of "the way we were"—she is and has always been a poet: someone who translates the images in her brain into striking, beautiful, word images.

Mrs. Lucas recently published a new collection of her poetic thoughts, observations and images, dedicating it to Pioneer Huron City and to her family, past and present, and "the continuing love that we enjoy."

She called it "As Time Goes By." Here, from "As Time Goes By," is one of Carolyn Lucas' poems, particularly appropriate in this holiday season:

THE WORLD MUST LEARN LOVE

A bright star from above lends its radiant light
On God's promise of love; it is Christmas tonight.
Peace appears like a dove; angels chant from the sky,
But the world must learn love,
or the Christ Child may die.

Cure for Holiday Blues

(Continued from Page 20)

al Counseling in Detroit, is concerned with helping the depressed person.

Klatt says, "Giving in to the 'blues' means that a person becomes preoccupied with feeling sorry for himself or herself. This is very difficult for both the 'blues' person and the people he or she lives with."

How can a person cope with the Holiday Blues? "First," Klatt suggests, "acknowledge that you are feeling blue. This is called 'owning your feelings.'"

Then choose something definite to do. It can be a very simple thing like washing your hair or making yourself look good. Or it may be a definite choice to do something for someone else.

"The key word," Klatt emphasizes, "is choice." A person must make a conscious decision not to allow the blues to overwhelm him or her, and a conscious choice to do a definite action to pull himself or herself out of it.

"Often, this decision-making takes an act of courage and a display of real love and compassion towards oneself," Klatt continues, "because it involves choosing a positive good for oneself rather than giving in to negative feelings."

If you or somebody you know is experiencing the holiday blues this Christmas season, you may be interested to know about a choice of

action that is available all year round.

It's called Dialogue and is sponsored by FLEC, (Family Life Education Council).

Dialogue is an adult helpline which gives people the opportunity to discuss their concerns with sensitive, competent listeners over the telephone.

Dialogue is founded on the belief that "sharing the burden can lighten the load."

Dialogue volunteers are trained in the skills of active listening. They don't judge or give advice.

Through open discussion, they guide the caller in exploring his or her feelings about a problem in order to gain some insight into alternative plans of action.

It has been said that "the holiday blues are a medically recognized phenomenon that can afflict people with normally sunny natures as well as those who are clinically depressed."

So, if you are feeling "down" during this "happy" holiday season, you may take comfort in the fact that you are not alone.

And it isn't necessary to feel all alone. For a friendly ear and assistance in talking through your concerns, call Dialogue at 881-0270.

Dialogue's listeners are on the line Monday through Saturday from 9 to 3 o'clock, and evenings Monday through Thursday, from 7 to 9. All calls are confidential.

Jerry Schoenith hosted an envelope stuffers' luncheon.

5,000 Personal Notes

In three hours, 5,000 invitations were ready for the mail—and each had a personal note enclosed.

That personal touch is a trademark of the Boys' Clubs Women. They take a personal interest in their clubs. Peggy Hodak is in charge of a bus trip that will take association members to visit the clubs next spring.

"Last Christmas we had a wine and cheese party at the Holden Building with the mothers of the boys who belong there," Peggy recalls. "Those mothers are very involved; they put in a lot of volunteer time."

"Yes," Kathy nods. "And we helped them with their rummage sale..."

But the major help the Women's Association provides is monetary, and the Detroit Auto Show Charity Preview is the source of the association's available-to-help funds.

Tickets for the preview may be purchased through the Boys' Clubs of Metropolitan Detroit, 3826 Livernois avenue, 894-8500. The Women's Association also will be manning a table at Cobo Hall preview night, selling tickets to last-minute previews.
