Fore Rubber from Pointe's Badly Needed

Officials in Charge of Collection Hope for Whitewash Finish of Drive

Rubber! RUBBER! RUBBER! The President of the United States regards the rubber situation in this country as serious enough to make it a subject of a special appeal to the people of America.

Not only is it fast becoming one of the most critical problems of the war, but it is also one of the most important. There is no other source of supply for it in this country, and it is essential to our national defense.

It is the duty of every citizen to do his part in the collection of rubber. This is a task which every citizen can give help with a minimum of effort.

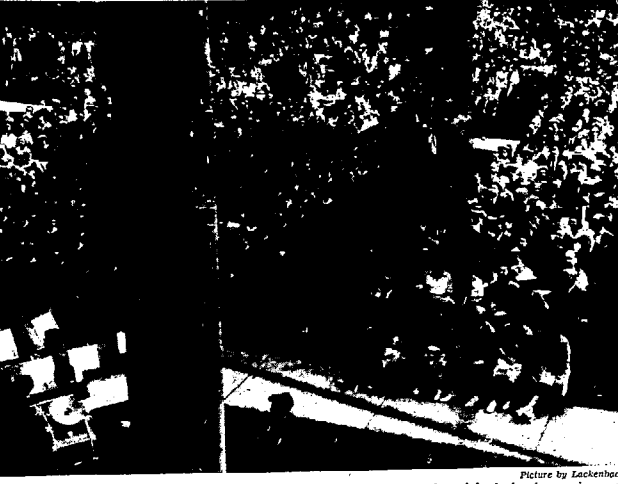

Hard to Guess Weight Mr. Elworthy says that substantial quantities of waste rubber are being collected in the area.

Nothing from a baby's rubber nipple to a fifty-pound roll of rubber, the supply of material is out and taken to a nearest local gas station.

"Believe me, I put those words into my mouth." The language referred to is as follows: "Pay no attention to the mail and I know," Rabaut added.

Day Camps Start 10th Season Here

Nancy Paddock's day camps, Camp Paddock and Camp Corral, starting their 10th season, are having a great time in the life of many parents who find their days taken up with work connected with the camps.

Many mothers who previously had plenty of time to devote to their children during the long vacation period, now are so engrossed in war work that they are grateful to have a few camps to fall back on.

Children are taken from two and a half to 12 years of age. They have six or seven full days. Swimming, horseshoe riding, baseball, tennis, and all sorts of games are taught by youngsters in a program that is patterned closely after that used by away-from-home camps. Fourteen junior and senior counselors handle the many details.

This year, Mrs. Paddock has added a large truck to her equipment to take care of the transportation problem which has become a great problem. Arrangements may be made to have the children called for and delivered. The truck has ample seating facilities and a canvas top for inclement weather.

ONE cost that has really hogged...
ELECTRICITY is 46 per cent cheaper TODAY!

Because of half-a-dozen rate reductions since 1921 and greatly increased use, the average price per kilowatt-hour paid by our residence customers for electricity has come steadily downward. It is 46 per cent less today than in 1921—nearly halved.

The record above shows how the average cost has dropped in the last 20 years—from 6.13c per kilowatt-hour in 1921 to 3.25c per kilowatt-hour in 1941. In July of last year—a year when most other living costs were rising—residential electric rates were again reduced, in keeping with our policy of cutting rates voluntarily whenever conditions permit. As a result, the dollar you spend for electricity buys more today than ever before. It is one of your biggest dollar's worth of comfort and convenience in the family budget.

Your electric dollar buys the services of dozens of household servants: refrigeration, washing, ironing, lighting, vacuum cleaning, radio, toaster, percolator, food intercooler, electric shaver. In many homes it also provides electric cooking, dish-washing, furnace fan or oil burner, attic fan, kitchen fan, heating pad, sewing machine, teakettle, waffle iron, vacuum, bathroom heater, etc.—as many as fifty electric servants. The list is not complete. Tomorrow's uses of electricity will add many more, as yet unknown. Our job is to help you enjoy these to the fullest at the lowest possible cost. The Detroit Edison Company.

Finds \$1,000 In Gutter

Picture by Lockenboch
CLINTON, 60, of 792 St. Clair avenue was walking that street on his way to work in the Municipal building City of Grosse Pointe Tuesday afternoon. Just at the corner of Kerecheval and St. Clair, Clinton spotted a folded piece of paper lying in the gutter.

Clinton picked up the paper and, to put in his words, the roll collapsed.

It was a \$1,000 War Bond, purchased in 1941 and, as it developed, lost the day before by Mrs. Bonnie Pottinger, a nurse, who lives at 1045 Whittier. Clinton notified Grosse Pointe City police, who immediately contacted Mrs. Pottinger, "pretty near collapsed," because she believed the bond still in her purse.

Clinton told the News he has lived in Grosse Pointe since 1919, in that year lost the right of his left eye in an accident in which mortar plant which enemy dust fell in his face.

Wednesday, Mrs. Pottinger produced the proper identification on the bond and stated she would reward Clinton.

With the Boys In the Service

Ensign James Johnston of Neff road, who has been on a tour of duty overseas, returned to the Pointe Sunday for a furlough.

William H. Clark, son of Mr. and Mrs. Wm. H. Clark of Moran road is another local boy who has received early recognition of his military adaptabilities by advancement from buck private to corporal. He received his promotion on June 12 at Fort Ord, California, where he is now stationed.

He conveyed the information in a telephone message to his parents Sunday night and his father agreed that the word from his boy with the knowledge of creating advancement would probably be the most welcome Father's day gift he could have received.

With the boys in the service, it is in fine line and getting good food. The message to his father was naturally interrupted for a word to Mother when he told her "don't forget to notify General and Mother of my change of address, because I don't want one issue delayed."

PRIVATE HARRY F. EDMOND

of Moran road, writes from Fort Knox, Ky. that he'll be home in a few days. He is in the 8th Battalion, AFRTC, U. S. Army, at Fort Knox.

Charles F. Stephenson, 21

years old, son of Mr. and Mrs. Wm. H. Stephenson, of 259 McKinley Road, has been enlisted in the U. S. Naval Reserve at Detroit.

Stephenson passed his physical before the Naval Aviation Cadet Selection Board at Detroit and was administered the oath June 5, 1942. He is now waiting a letter to active duty.

As a Naval Aviation Cadet, Stephenson will leave first for flight training at Pensacola, Fla. (Naval City, La., where for three months he will be given intensive physical training by the company of flight work. He then will be transferred to a Naval Reserve Aviation Cadet School at Detroit and will receive his Navy Wings and will be commissioned Ensign in the U. S. Navy.

Stephenson attended Wayne University previous to enlisting in the Navy. He has completed primary C. P. T. training course.

Discussion Held By Baha'i Group

Baha'is from the Pointe and their friends were among the several hundred who attended the second of a series of discussions on "Preparing the World for Tomorrow," held in the Tuller hotel in Detroit last Sunday night.

The subject was "The World To Be—Are We Ready For It?" The discussion this Sunday, June 22, will be on the subject "The Master Key to the New Life."

Concurrent with this conference are the two days of a session at the Baha'i School which is attended by Baha'is and their friends from many states. The public is invited to visit, and to see as well the new public library recently established there.

Men who must find a niche in the business and industrial life of our country with the least possible delay and with the least disturbance. He recalls the problem of this character that confronted the country at the end of the other war and believes that his knowledge of the problems that arise then, which are vivid with him as a returned veteran of the A. Farms Labor Trouble Eases While Negotiations Go On

Danger of Immediate Strike Believed Averted as Special Committee Meets to Discuss Pay Increase Demands

Negotiations are continuing this week in Grosse Pointe Farms, where a threatened strike of highway, labor, and maintenance employees for a wage increase has caused a special committee of village trustees to meet with representatives of the AFL Local 77 in an effort to iron out difficulties.

The danger of an immediate strike has passed, it is believed, but the Farms council is expected to meet sometime next week to make an official decision on whether or not a pay raise will be given to the workers.

The AFL Local 77 also requested the Farms for the right to represent the workers for the working agreement. This effects the seniority, hours, etc. But refused to comment on what the decision of the committee would be on this request of the Union.

The village employees have asked the council for a pay increase of \$300 per year per man. There are 27 employees, according to Farms officials, effected under this request. The wage increase

Secretaries Hold Annual Elections

The Grose Pointe Public Schools Secretaries Association held its final meeting for the year on Tuesday, Officers for the forthcoming year were elected. They are as follows: president, Margaret Lock; vice-president, Luella Appel; secretary, Mary McElroy; treasurer, Flora Soasi.

In the fall the girls are planning to give a benefit bridge party and using the money to aid underprivileged children in going to camp in the summer time. The girls also voted to make a magazine and send them to the U.S.O. on every other Saturday. Knitting sweaters for the Red Cross is another one of the many things the Association is doing to try and help win the war.

After the meeting adjourned, the girls had a picnic at Belle Isle where potato salad and hot dogs were served. The main feature of the evening was a shower for Mrs. Grace Farley.

Mrs. Barley is planning on joining her husband who is serving in the United States Army on the west coast.

The girls in the Association are planning on getting together during the summer months for swimming parties, a trip to Bob-lo and more picnics.

The next regular normal meeting will be held on the third Monday in September.

Patriotic Women Needed To Do Important War Work

Volunteer women workers who can devote time next week to a very important part of the war program are very badly needed.

The Pointe's new ration board has asked the AWWs to supply 80 women per day, next Monday through Friday to work at the three local temporary branches which will be opened to handle the rationing of sugar for canning and preserving purposes. The hours will be 9 a. m. to 3:30 p. m. and two shifts will be used, from 9 to 12:30 and 12:30 to 3:30.

The American Women's Voluntary Services is asked to supply help for all manner of war projects, but due to the fact that the local board has just been established and was unable to hold its first meeting until Tuesday, this request gives the AWWs very little time to fill the order.

Every woman who can devote all or part of next week to this important task is urgently requested to get in touch with the AWWs at its new quarters in Neff Hall, next to the municipal offices on Maunee avenue in the City of Grosse Pointe. The telephone number is TUxedo 1-1050.

All volunteers are asked to attend a meeting at 2:30 o'clock Friday afternoon, June 26, in Room 114 of the High School building, for instruction.

Parties Precede Douglas Wedding

Preceding the marriage on Saturday afternoon of Martha Douglas and William E. Weis, Jr. a lively round of functions are planned in honor of the couple. The social prominence of the two families has brought to the Pointe a large group of wedding party members and friends of both families.

This afternoon the Douglas Campbells will entertain at cocktail hour to be followed by a dinner given by the Harold Boyers in the Little Club.

Lee Pauli, of Wheeling, W. Va., best man, relieves the bridegroom of the accepted responsibility of carrying on the bachelor luncheon. This too will take place in the Little Club. At the same time Mrs. William Harts entertains the bridesmaids at luncheon in her home.

Preceding the rehearsal dinner, at which the bride-elect's parents, Commander and Mrs. D. Dought Douglas, will be hosts in the Little Club, Mrs. George N. Munro, one of the bridesmaids, will entertain at cocktails.

Mrs. Russell A. Alger will give a buffet luncheon in her home for the bridal party and out of town guests just before the ceremony. The largest group of out of town guests will come from Wheeling. This company is expected to number more than 30.

Among those expected from other points are George K. Ward, Sgt. William E. Sargent and Mrs. J. L. Belin, Jr., of Minneapolis and Everett Weeks of Des Moines, Ia. If Lieut. Bill Joy can get leave he and his wife, Mildred, will be here too. There will be a few disappointments in the whole wedding party if the military straps fail to look with a kindly eye upon such an important and reasonable request.

Catholic Women Salvage Records

The Detroit Council of Catholic Women, which numbers 100,000 Catholic women of the Detroit Archdiocese, is conducting a drive to salvage old newspaper records. These records, which contain materials that are now scarce, may be reproduced.

Proceeds from the sale of those collected will go toward financing the council's all-out program of wartime activities, which includes an intensive campaign, under the direction of Mrs. Henry Ford, Jr., to collect honors for the Red Cross; recruiting and training hostesses for USO centers and navy cadets; furnishing army equipment and with religious books, magazines, games and sports equipment to be sent to the United States service men; and also to their responsibilities to the post-war world.

The drive to salvage old records extends into every Catholic parish and Catholic women's organization of the Archdiocese of Detroit. Mrs. Harry Lombard, president of the Detroit Council of Catholic Women, has announced that the condition of the records is not important—whether cracked or broken ones are entirely acceptable.

Collection centers have been established in every Catholic parish—usually the parish social hall or the school basement. Club houses of most Catholic Women's organizations are also collection spots. Persons having old records to contribute may take them to any of the centers mentioned, or to the Council's Headquarters, 1234 Washington boulevard, Detroit. A telephone call to Cadillac 6015 will bring pick-up service for large quantities.

Miss Smith Bride of Jackson Man

Margaret Elizabeth Smith, daughter of Mr. and Mrs. Earl H. Smith of Bedford road, and Thomas L. Hackett, son of Dr. and Mrs. Thomas E. Hackett of Jackson, Mich., were married Saturday afternoon in St. Clare de Montefalco church.

The Rt. Rev. Msgr. John Hackett, brother of the bridegroom, of Kalamazoo, Mich., officiated.

The bride wore a gown of white satin and net. Her veil was of Illusion tulle and she carried an arm bouquet of white garden flowers.

Mrs. Howard Hackett, of Jackson, was the maid of honor and the bridesmaid was Mary Elmer Barry. They wore blue net and lace frocks, carrying garden bouquets.

The best man was Kenneth E. Smith of St. Louis, Mo., brother of the bride, and seating the guests were Howard Clark and Dr. Larry Drake.

When the newlyweds left on their motor trip in the South, the bride wore a navy and white ensemble.

Many Pointers at First Boat Club Splash Party

The first splash of the season at the Detroit Boat Club on Belle Isle drew many Pointe members and guests Tuesday night.

Swimming races and a diving exhibition featured the program, with dinner being served buffet style on the lawn from 8 until 8:30 o'clock. Dancing followed until 12:30 a. m.

There will be a regular Saturday night dance at the club this week.

Most of the theaters in the area have now requested that the girls be on hand whenever an aviation picture is shown, and this program is being enlarged.

When an aviation picture was shown at one of the Eastside theaters, two of the girls set up a table in the lobby and answered all questions fired at them in connection with the cadet recruiting work. Another, in AWW uniform, sold war stamps and bonds.

The idea was so successful that

A special meeting of the Senior class (girls over 21), has been called for tonight, Thursday, June 25, at 8 o'clock in the Neighborhood club.

Canzler Stresses Importance of Creating War Nurseries

Plans for cooperation with the County program for the care of children whose mothers are in the defense industry workers made last week by Ernest Canzler, chief director of the War Production Board, in a speech before the Wayne County Board of Health.

Dr. Paul L. Esert, superintendent of schools, said that if the Wayne County Board of Health should like to urge your full cooperation in this program, it is necessary for more women to take place in industry.

Too, that many of these women will find it very difficult, if impossible, to enter the market if no facilities are available for the care of their children during the day," Mr. Canzler said.

Probe Local Needs

Working with the Wayne County Board of Health, the Council on Defense, the Grosse Pointe Council on Defense, and the Council on Children has begun investigation of local needs. This committee is making a survey of the need for day care of children in Grosse Pointe's women war workers.

Further information may be obtained by sending a postcard addressed to "Day Care of Children," 389 St. Clair, Grosse Pointe.

In Detroit, the Arsenal of Defense, employs more defense workers than any other city in the area. Hence the problem of day care for the children of defense workers is proportionately greater than any industrial area in America.

Council Attacks Problem

The Wayne County Council for Defense is now working on a plan to determine the need for day care facilities available in the various districts throughout Detroit.

Mrs. Schemm also reported that Dr. Winthrop Phelps of Baltimore, nationally known authority on cerebral palsy and our consultant for such cases, made his semi-annual visit to the Hospital School, where he held a one-day clinic on May 28th.

A new departure in services for the group of patients was the organization this spring of a Clinic Parents' Club. This club meets at frequent intervals for the purpose of gaining information, instruction and a general background for the treatment and care of their children.

Miss Beatrice Wade, director of the School of Occupational Therapy at Michigan State Normal College at Ypsilanti, has asked that our organization take students this summer for practical experience and regular students as soon as they are ready.

Bob Hope Battles Spies

Punch Bringing London War Film

Played against the background of bomb-ravaged London in September, 1940, "Confirm or Deny" which plays at the Punch and Judy Friday and Saturday is the thrill-packed story of a newspaper man who gives up the security of a lifetime for love of a girl.

Don Ameche is starred as the Yankee news scribbler, representing a large American syndicate in London. Playing opposite him is lovely Joan Bennett in the role of a courageous English girl whose love for her country surpasses her love for the Yank.

A tip notch supporting cast includes Fanny McBrethwell as the plucky English lad who scoops the word; John Loder as the British censor fighting the war's strangest battle 300 feet underground; and a host of others including Eric Blore, Raymond Walburn and Arthur Shields.

Spencer Tracy and Katharine Hepburn lend their respective talents in "Woman of the Year" which plays at the Punch and Judy Theatre Sunday and Monday. It sports editor on the same metropolitan daily. They clash immediately and by their very differences find interest in each other.

The girl dummied in her column that dummied is abandoned for the duration of the national emergency which brings a swift rebuttal from Tracy. Raymond is silenced only when Reginald Owen, as the managing editor, orders an armistice. In the interval of peace a series of events arise which brings about a marriage and an inevitable clash between husband and his career wife.

Aherns Beguiling Royale Patrons

Will and Gladys Ahern, the top twirling comedians at Club Royale this week, are giving many a patron lots of fun and talent for their money. Will performs intricate rope tricks while keeping up a steady line of amusing patter, and pretty Gladys Ahern rounds out the act with her dancing.

Margery Daye is an acrobater with plenty of speed and skill. Pancho and Dolores offer pleasing ballroom routines in handsome costumes. Toni Hart, the intimate singer from the Camelina House in Chicago, was many friends with her smiling eyes and splendid presentation. The Pan American Dancers shumba through an opening and closing number to frame the show. Carl Bonner continues to tease, with Bill McCune and his orchestra staying on.

Will Represent Pointe at Library Conference

Grosse Pointe will be represented at the annual conference of the American Library Association in Milwaukee, June 25 to 27. Delegates from the public library staff will be Miss Florence Stevens, Librarian, and Mrs. Helen Foster.

Miss Stevens is vice-chairman of the Small Libraries Round Table and a member of the Committee on Reorganization.

"Winning the War and the Peace" is the theme of the conference which will be attended by approximately 2000 librarians, trustees and friends of libraries from all parts of the United States, Canada and Latin America.
