

Woods Goes to Polls Monday to Vote On Beach Site and Sewer Projects

(Continued from Page 1)

bond issue to be voted on is for \$72,000.00, which amount includes the purchase price, \$2,000.00 for our pro-rated share of the 1946 taxes and for legal fees and \$10,000.00 for tree and shrub planting to form a green barrier between the park site and the Ford Estate. This last item is a part of the purchase agreement.

The Village Commission wants the voters to know all the facts before they make their decision on September 30. In order to help supply the most information possible, a brief summary is here presented of the more important items discussed regarding the proposed park site. Both sides of the arguments are stated, those against the proposition as well as those for it.

The following have been presented as facts and opinions against the proposed purchase:

1. That the site is not desirable because of the existence of a great deal of pollution in the water at the beach caused largely by the emptying of Milk River at the edge of this property and because of the proximity of the Nine Mile road drain, which serves East Detroit, Centerline and Warren, Michigan, and which discharges drainage and some sewage into the Lake near this point.
2. That the Michigan State Health Department has informed the Village that the site is "not suitable" for a bathing beach, giving as the main reason that Milk River serves as an outlet for storm water for Grosse Pointe Woods and that the storm water contains a percentage of raw sewage which may pollute the water at this site for some time after any severe rain storm and that it may be necessary on those occasions to prohibit the use of the water for bathing for some undetermined period of time after each such storm.
3. That the site is undesirable because it is outside of our own Village and in another municipality whose officials have informed us that they object to the purchase of the property by us because we are not residents and because we will have to pay taxes on the property and because we will have to pay taxes on the property and because we will have to pay taxes on the property and because we will have to pay taxes on the property.
4. That the site is impractical because it is at too great a distance, it being over 5 miles from the southwestern portion of our Village. That it is especially undesirable for children to travel that distance unaccompanied.
5. That the main reason for the promotion of this site is because of the boat docking facilities it will provide, and that it is unfair to saddle all the taxpayers with the cost of providing these docking facilities for a relatively small percentage of our residents.
6. That the development of our present park site on Mack Avenue between Kenmore and Huntington, with a swimming pool or pools is more practical for our purpose because it is our own Village and more centrally located and because there would be no pollution problems.

The following statements have been made in favor of the purchase of the site:

1. That it will provide a beautiful lake front park with all the advantages for developing it for the use of people of Grosse Pointe Woods for bathing, boating, picnicking and playgrounds and that no inland lake with swimming pools can ever equal

the scenic value, the outlook upon the lake, the cooling breezes or the general atmosphere at this lake frontage.

2. That on occasion there may be some pollution in the water at this site, but that the times that it would be necessary to prohibit bathing would be comparatively few and of short duration.
- (a). The State and Federal Governments are at present interesting themselves in clearing up the pollution in Lake St. Clair and that therefore the conditions should improve in the near future.
- (b). That during the same period of times that the beaches in St. Clair Shores were closed, tests were made of the water at this proposed site and that there was no serious amount of pollution present and that the conditions compared favorably with the other beaches along the lake in the Grosse Pointes and which were not closed.
- (c). That even though there is some minor pollution present it does not warrant giving up possibly the last chance to obtain some lake frontage for the Village of Grosse Pointe Woods.

3. That the fact that the site is in another municipality is no detriment because one municipality has the legal right to own property in another and it becomes tax free; that in this case it will be beneficial because the property will not be removed from our own tax rolls.
4. That the distance is not unreasonable far and that immature children should be always accompanied by others older and more mature to any park or recreational field of this nature and further that this spot is about the nearest obtainable piece of property available.
5. That the boating facilities for our residents will be an asset, but that the bathing and other aspects of the proposed park site are the predominant factors.

Further pertinent items of interest regarding this proposed park site are:

1. The property will be restricted for use by only Village of Grosse Pointe Woods residents and their guests if accompanied by a resident.
2. Power boats up to 5-horsepower will be permitted without mufflers and larger with suitable mufflers.
3. Any portion of the site may be used for other purposes if desired, but that the Village will have to provide for at least 30,000 cubic feet in the houses and will have 10 feet on each side of the lot line.
4. Among other things to be prohibited in the park are roller coasters, power driven merry-go-rounds and other mechanical amusement devices, a zoo, shooting galleries or the sale of liquor. If any restrictions are broken the property shall revert back to the seller or her heirs, excepting that the Village will have a period of 45 days to correct a breach of restrictions and this period can be prolonged by closing the park for all purposes until the condition can be corrected.
5. The beach can be partially readied for use by next summer by picking up the rubble on the shore, mowing some weeds, doing a little levelling and grading and erecting a comfort station and erecting a comfort station. Budget will be about \$5,000 per dressing room.
7. The increase in the tax year to pay the interest and principal on the bonds. This will amount to about \$1.25 per average home per year. The increase in taxes for any further development or improvements will depend on how rapidly the improvements are wanted and the methods used in financing them.

8. The authority to sell the park site on Mack Avenue at Kenmore has not been requested at this time because the market is rather unstable on vacant real estate and our bonding limitations will still permit us to finance the purchase of the lake front park site and the sewer improvement program without selling the present site. If the purchase of the lake front site is approved, authority can be given at the next regular Village election to sell the present site in whole or in part. Also a little more time will permit opinion to crystallize regarding the Mack Park site.

The foregoing facts and opinions are presented and publicized in order to be sure our people are well informed on all aspects of the proposition before voting on September 30.

It is requested that as large a vote as possible be cast in order to get a truly representative decision.

In order to approve the bond issue for the purchase, a two-thirds majority of those voting must be yes votes. In other words the voting must be 2 to 1 to approve the bond issue in order to carry the proposition.

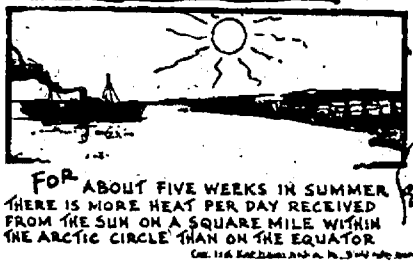

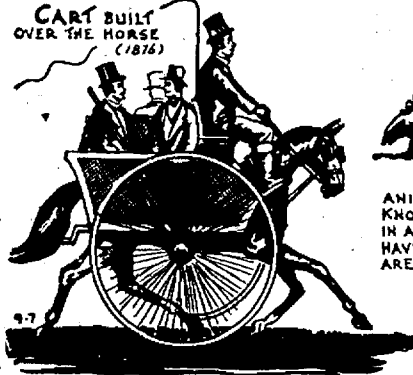

You must be a resident for at least 20 days before election, a properly owner or the husband or wife of a property owner and a registered voter to vote on this proposition.

The foregoing is prepared at the request of and in behalf of the Village Commission.

Alois A. Ghesquire,
Village President.

SCOTT'S SCRAP BOOK

By R. J. SCOTT

FOR EVERY LOWER ANIMAL THAT SCIENTISTS KNOW THAT LIVED ON EARTH IN ANCIENT TIMES, THERE MAY HAVE BEEN A HUNDRED THAT ARE NOT YET DISCOVERED

Pointers on Mexican Trip Find Loredo Interesting

The train ride from Detroit to Loredo is just like any other train ride in the States until you get into Texas. It wasn't long after we crossed the Texas border until we began to hear Spanish. At every stop after Texarkana, more and more Mexicans boarded the coach, and before we knew it Bob and I were foreigners. Everyone about us was speaking Spanish.

One very good looking Mexican gentleman dressed in faded blue dungarees had a large guitar with him. Bob and I referred to him as Pedro. We were hoping that he would play that guitar. Sure enough, as we were passing out of San Antonio, Pedro lifted his coveted guitar from the overhanging rack and began strumming on it. His face was a picture of pleased contentment. The Mexicans are a friendly people, and soon the coach was filled with the notes and words of Mexican folk songs. Everyone was singing.

The music was going full blast when a voice in broken English spoke in my ear, "Yoo uerstan?"

I turned and there behind us was a boy in my best Spanish I repeat, "A little."

Our new friend's name was Alfredo Sanchez. At first we tried speaking in English, but I soon realized that here was a good chance to try out my Spanish. I asked if we might speak in Spanish, and from there on we did.

Al explained that he had been in the States for six months. We wanted to know what he had done there and were very much interested to find that he'd worked in a circus as a tight rope walker. He was on his way to Mexico City to work in the circus and to study accounting in night school. His father was planning to buy out the circus and Al was going to do all the

Auto Thieves

(Continued from Page 1)

wedding guests in the Concordia Hall party. His car had been broken into and thoroughly ransacked of everything loose. An attempt had also been made at this place to break into another car. The left door handle was broken and an attempt had been made to kick in the window. A rubber heel had left an imprint on the dusty glass which clearly disclosed the mark "Big Four" on the shattered glass.

The reports from the University area were principally of white fims and hub caps stolen. Six different parties in this section had been visited by the thieves who might have been a Mexican "curement" squad operating for some fence specializing in hard-to-get auto accessories.

All of the thieving appeared to have been done between about 10:30 p.m. and about 1:30 a.m. Sunday.

The last complaint came into the City station at 2:05 o'clock that morning. This was merely from a belated discoverer. It was an hour or more earlier when Porter reported the quartet vanishing from the region when they saw he had seen them. The police believe all the stealing was the operation of a single gang.

We don't have to be good at everything but everything we do should be good.

by the Council, according to W. R. Cleminson, principal, come from 49 classes. Forty-three of the median scores (the score half-way between highest and lowest) were above the national median.

The official who interpreted the Grosse Pointe scores wrote Mr. Cleminson: "I should like you to know how stimulating it is to have the privilege of interpreting such superior results as we always receive from your school."

Nor does all the commendation come from away-from-home. Grosse Pointe High School teachers judge that their proteges do a good job too. Last year the junior high school division achieved the highest marks in its history—a total of 44 per cent of A's and B's in academic subjects. The senior high school students were right up there too with 41 per cent A's and B's.

When Grosse Pointe High School students get out of high school and go on to college, they consistently prove the superiority of their basic training.

At the University of Michigan, for example, Grosse Pointe students entering upon the recommendation of the high school in 1945 earned marks of which 58.3 per cent were A's and B's—the highest percentage of honor marks in history. Not one recommended student failed a single course.

The high school was successful in obtaining the first semester college grades of 96 recommended graduates who entered college in 1945. These reports came from 30 colleges and universities from coast to coast. The record of this

group was highest for any such study made at Grosse Pointe High School.

Fifty-seven and four tenth per cent of the grades were A or B, exceeding the honor grades of any other year; less than one per cent of the grades were failure and the average grade for the entire group was 1.594 honor points (B-) the highest average grade in the 15 years for which the study has been made.

Colleges of high rank attest again and again to the superiority of Grosse Pointe High School students. The situation is coming to be such that it's comparatively easy for graduates to qualify for scholarship grants

from institutions interested in attracting promising students. Harvard, Yale, Cornell, Vassar, Oberlin, Rockford, and Wellesley, besides the University of Michigan and other Michigan institutions, awarded scholarships to Grosse Pointe applicants last June.

Grosse Pointe students don't need to worry. Their high school education is of quality brand.

Woods Civic League Calls Mass Meeting to Discuss Purchase of Site for Park

Residents Urged to Attend Gathering in Mason School to Hear Both Sides of Matter to Be Voted on

Public interest in the proposed beach front park for the Woods is growing daily as the day of the special election for the bond issue nears.

This will be next Monday, September 30, with the polls open all day long, when the property owners or those who are husbands or wives of property owners, will pass on the bond issue. Unless the issue is approved the whole deal for the 43 acres of the Edsel Ford estate will fall through.

Thursday night at 8:30 o'clock there will be a mass meeting of Woods citizens in the Mason school which will be given over to a general discussion of the whole subject. All the residents of the village are urged to attend the meeting. It will be held under the auspices of the Grosse Pointe Woods Civic League and Rex Johnston, President of the League, will be the chairman. Free discussion of the matter will be invited. Doubtless many will wish to know what disposition is to be made of the tract in Torrey Woods which the village recently acquired and opportunity will be given to air this subject also.

Memorial Contest

(Continued from Page 1)

and women who did war service with a beautiful public library. The Pointe is woefully lacking in this and such provisions as have been made are not worthy of a community of this size and character.

Supporting the library suggestion it has been said that it might be located on the property belonging to the School District bounded by Grosse Pointe boulevard, Fisher road and Kercheval. In this event the cost of a site would be no immediate problem for the donors of the memorial and moreover its maintenance hereafter might be assumed by the School District.

The question of maintenance of the memorial, whatever form it takes, is of great importance. It is not the purpose of the Study Group to recommend some type of memorial the maintenance of which would call for periodic public solicitations.

Advocates of the field house plan argue that such a project would command a certain amount of supporting revenue. These also argue that it would be of a nature which would hold more appeal for the very element in our population which the memorial is intended to honor, and for their children coming after.

This claim however has aroused a lively discussion, the library advocates insisting that a large proportion of the service men and women would be better pleased in the long run with a beautiful public library contribution to the cultural growth of themselves and their children. The library scheme it is also argued would admit of expansion into a war museum and other associated developments where worthwhile manuscripts and souvenirs of the war period could be exhibited and preserved rather than lie unnoticed in the family attic to be lost entirely within the next one or two generations.

The Committee, acting as a sub-committee of the Study Group which has been named to examine these essays, letters and written suggestions in general is composed of Alger Shelden, chairman, Herbert Micou and Norbert P. Neff. Their findings will be announced in the near future.

It is urged that no haste be shown to dispose of the 42 acre Torrey Woods plot. Some even advocate that the entire plot be held by the village against the day of its growth into a much larger community. The Woods has the ground for expansion into a good sized municipality. There is already every indication that it is on the eve of a big growth. When this comes it might be found present day wisdom to have hung onto it.

Party Scheduled By Alger Post

The General R. A. & Colonel F. M. Alger Post No. 895, V.F.W., combined with the Ladies Auxiliary are holding their annual Post War Fund games party in the club rooms located at 17145 St. Paul avenue, Grosse Pointe, on Saturday evening at 8:30 p.m. The public is cordially invited.

LIGHT ON SUBJECTS

Two boys who were amusing themselves by flashing a light into homes on Kenwood road were picked up by Farms police on the night of September 21. They were given a lecture on ethics and sent home.

FORBIDDEN FRUIT

Two ripe tomatoes were thrown at the Freiman home at 422 Lothrop road on the night of September 18, the Farms police were informed.

MORE TROUBLE FOR TONY

Some large sized boys raised such a ruckus in Tony Koinis' candy shop at 15612 Jefferson around 1 o'clock Saturday morning that the police were called to quell the disturbance. When the police called however the disturbers had flown.

Park Officers' Duties Outlined

At the request of the Board of Commissioners of the Park, Village Manager Lane has prepared a digest of the duties of the various administrative officers of the village.

The creation of these offices is provided for in the village charter, but a complete codification of their duties as prescribed from time to time by the Board of Commissioners had never been reduced to detailed form.

This has now been accomplished by the manual which the manager has prepared, which the commissioners approved at the last meeting.

Bumper Rider Escapes Injury by Dad's Car

Constance Degnan, aged 8, of 800 Cadieux, perched herself on the rear bumper of her father's car as he was backing out of his garage on Sunday and got bumped off. Fortunately she scrambled out of the way before the wheels reached her.

She was taken to the Bon Secours hospital for examination, where it was found she suffered no further injury than a bad shock and a bruise. After a twenty-four hour rest and treatment she was sent home.

'Body' Floating in Lake Wears Overcoat of Seaweed

A body floating in the water off the Crescent Sail Yacht Club was reported to the Farms police on September 19. Officer Lester LaBroski and Boatswain Tom Porter of the club undertook to investigate the gruesome find. They went out into the lake in the club work boat.

Gingerly they approached. Whoever was floating casually about in the choppy waters of Lake St. Clair, was wearing an overcoat. Strange in itself for a balmy September day, but then, he or she might have taken the

fatal leap on one of those cold August mornings, of which there were so many.

The work boat drew up alongside the body and the men reached over to haul it into the boat. Before their very eyes the overcoat turned into sea weed . . . covering, not a body, but a huge hunk of beef, badly spoiled.

The police figure the beef was cast on the waters by some black market operator whose small conscience was big enough to keep him from trying to foist the over-hung piece on a meat-hungry conscienceless customer.

B. and E. Reported In Lake Shore Home

Mrs. A. C. Limbrock of 201 Lake Shore road, reported to Farms police on September 23, that a purse had been stolen from her home early that evening. The case is listed as a breaking and entering.

The report says Mrs. Limbrock left the purse on the table when she left to pick up her daughter at the Sacred Heart Convent. When she returned a few minutes later, it had disappeared. It contained her driver's license, some insurance papers, two keys and several dollars in cash.

Divided Christians have no answer for a divided world.

Ghesquiere Cites Necessity For Approval of Bond Issue To Finance Sewer Projects

Village President Calls Drainage Problem More Vital Than Purchase of Beach Site from Ford Estate

By ALOIS A. GHESQUIERE, Woods Village President

On September 30 a special election is to be held in Grosse Pointe Woods to determine whether or not Bond Issues are to be approved for two projects, one for the purchase of Park site and the other to make certain improvements in our Sewer and Drainage system.

Because of the keen interest in the Park site the Sewer Improvement program is apparently getting only secondary consideration. We wish to warn the taxpayers of the Woods that the Sewer and Drainage should get equal if not prior consideration to the Park Site because sewers have to do with the health and safety while the other is definitely a recreational program.

The proposed Bond Issue for Sewer and Drainage Improvements will amount to \$90,000 and will, if approved, pay for the following items of work:

1. The Village of Grosse Pointe Woods share of installing underground electric cables to serve the two pumping stations, \$25,000.
- The Detroit Edison Co. will expend about \$99,000 to make the installations of underground work and the joint project will protect the pumping stations from damage by lightning. Electrical storms have been the cause of most of our flooding troubles during recent years. This system has been recommended to us by our engineers as the method that will eliminate most of our lightning trouble. An alternate standby system of Diesel Engines as auxiliary power for the pumps was investigated, and an estimate of \$200,000 was submitted to install it, all of which would have to be paid by the Village. Because of the saving in cost and the assurance of earlier completion, the Village Commission decided on the underground cables.

2. To purchase and install an additional pump in the Torrey road Pumping Station, \$28,500. The southern portion of the village is developing very rapidly, a great many paved streets have been installed during the past two years and it is expected that as soon as building materials are a little more plentiful, a building boom will start in this area, all of which will cause an overloading of the existing pumps. This item is a matter of foresight inasmuch as it will be two years before the pump can be delivered and installed.

3. To make some improvements to the Marter Pumping Station both structurally on the intake and discharge outlet, and on the electrical equipment on the old pumps that were installed in 1928. \$11,200. This is to bring up to the efficiency of the station so that more water can be pumped during severe storms.

4. To install a cross-runs sewer on Charlevoix avenue from Brys drive to Anita avenue and which is to be connected into the Hollywood avenue main trunk to the pumping station, \$13,000.

This is to relieve more quickly during severe storms the water from the lateral sewers serving Brys drive, Roslyn and Hampton roads, Hollywood and Hawthorne roads and Anita avenue. On most of these streets the lateral sewers

Park Approves Sewer Projects

At the last meeting of the Park Council Manager Lane asked approval by the Commissioners for the extension of the present sewer work east on Charlevoix to the easement between Cadieux and Harvard.

The distance of the new extension will be 467 feet and the estimated cost is \$4,700. The commissioners approved the proposition. This means that this additional drainage area will be provided against the surface water trouble which has plagued that general section.

Mr. Lane reported that the favorable construction weather which has prevailed in recent weeks has enabled the work to be pushed with satisfactory speed.

He made another recommendation which will be pleasing to the residents in another area who have feared that their sewer needs were not receiving the attention deserved. He proposed that additional sewer drainage be made in the northwest district between Mack and Charlevoix and Wayburn and Somerset. The Commissioners also approved this additional work.

New Punishment For Delinquents

Township Supervisor Carl Schweikart, who is chairman of the Juvenile Detention Home Committee in the County Board of Supervisors, is announcing with much satisfaction that a regular school system is about to be established in the Home.

The plan will be supported by the City of Detroit and the County Board equally. A sufficient corps of teachers will be in charge to assure the maintenance of a regular curriculum of study. This means that these children who have been sent there for delinquency of whatever character instead of being kept in practical idleness will have their regular school duties enforced as in the case of ordinary public school attendance.

To have regular studies exacted from these young delinquents, Mr. Schweikart says, will contribute much to diminishing juvenile delinquency.

The only position worth seeking today is a position on the moral and spiritual battle line.

Improvement of our sewer and drainage systems will have to be maintained to avoid flooding during severe storms.

This Bond Issue will require a two thirds majority of those voting to carry it.

Licensed Driver of One Day Just Misses Killing Child

Shortly before noon on September 18 a car loaded with youngsters made an illegal right turn against a red light at Kercheval and Moross, narrowly missed a child wheeling her bicycle across the street with the light . . . then sped on. An indignant witness noted the license number and phoned it, with a description of the car, to the Farm. police.

Through the license, a woman on Chandler Park drive was questioned as the owner. She proved that the car in the case was not hers. An investigator was started under the direction of Sergeant Elmer Labadie, which led to an inspection of the cars parked at Grosse Pointe High. A car fitting the general description and with a license number almost identical with that reported, was discovered. Its ownership was traced and it was quickly established that a 16-year-old daughter of the family was a student at the school.

Under questioning she admitted that it was she who had just missed hitting the child, Cynthia Chalmers, 10, of 271 Moross. Five other teen age girls.

Robert Schuler, of 1320 Glover street, Detroit, for a speeding offense last February, paid a fine of \$10 and \$5 costs. Schuler had ignored police summons but ran into embarrassment with the state when he came to apply for renewal of his driver's license.

James S. Pastorino of 3719 Van Dyke, for failure to have car under control, causing an accident, paid \$10 fine and \$5 costs and was directed to make restitution for the damage caused.

Sherman S. Marsack of 1110 Vernier, pleaded guilty to causing an accident but sentence suspended as he is about to go into the army.

Ludwig Richart of 1026 Lakepointe, for causing an accident by not having car under control, had his sentence suspended with a \$5 cost and directed to make restitution.

Raymond Orgicichido of 3811 Burns drive, Detroit, for car not under control, resulting in accident, paid \$10 and \$5; and William Leslie Corvan of 848 Beaconsfield paid a like amount for the same kind of offense.

Air Mail Rate Drops Tuesday

Effective next Tuesday, Oct. 1, 1946, the Domestic Air Mail rate will drop from eight cents per ounce to five cents. Postmaster Huston announced today.

The five cent rate applies to mail to servicemen overseas, continental United States and possessions including Alaska, Canal Zone, Guam, Canton Island, Hawaii, Midway Island, Puerto Rico, Virgin Islands, and U. S. Naval Base Guantanamo Bay, Cuba.

"For only two cents more than the ordinary first class rate, a letter can now be sent by air, and thus save as much as four days in the time required for delivery," Huston said.

Quite Contrary

by mary madison

Next to a good five cent nickel, what this country needs is a good abdominal laugh. Not gags nor sharpies nor pistols, but plain old fashioned laughs. We are wise-cracking up.

This is not, mind you, merely our opinion or that of the Grosse Pointe News—because the G. P. N. is not responsible for our opinions, nor are we responsible for our own opinions, in ten cases out of nine. It's the theory of a brilliant young man—a Fugitive from a Radio Chain Gang. The Lord High Executive of Comedy, in an executioner's mood.

As he puts it, "I'm just the lad who toots around, yodeling Any Gags, Any Boners, Any Bofferos today!"

Actually, it's vastly more involved than that, what with every radio joke practically strangled by the red tape measure before it hits the air lanes.

"Is it true," we asked the Brilliant Young Man, "is it true all the humor is written for twelve year old minds?"

"Most of it is not only written for the twelve year old mind, but by the twelve year old mind," he told us, reaching for his snuff box of benzedrine. "I only wish we could hire enough twelve year old minds. You see, the public is glutted, surfeited and gassed to the gills by the old Bad Humor Man. We're round-shouldered with the weight of world problems. We can't just sit back any more and relax without tax."

"So a joke really has to jolt them instead of tickle them?"

"Right," said the B. Y. M. "We're up against four classes of listeners. The Blase Babies. The Junior Geniuses. The Harried Housewives. The Night Blooming Buzzards. The Blase Babies are sending in their own Cute Sayings to make a little safety-pin money. The Junior Geniuses are running their own quiz programs as big biz."

"And the Harried Housewives?" "Well, bless their hearts, what with the shortage of everything except work and trouble, they're on the mental borderline of sweet bells jingled out of tune, if you follow me—and you'd be a fool if you did follow me."

"But what type of humor still does the best rib tickling job of the aching American backbone?" we persisted.

"All the ratings hand it to the homespun saga of Fibber McGee and Molly, the old Bob Hope Chest of reheated chestnuts, and the Zanny Quizzes where the impromptu gags come from the audience performers."

"Breaking it down, there must be three reasons," we prompted.

"Basically, there's only one reason. These three top ratings all involve the listener in the Fellowship of Futility. I mean, Fibber McGee is invariably the victim of circumstances, Bob Hope poses as the dashing dope, and the quizzes are supposedly simple folk trying to corner the cash on amateur night."

"But with all this million dollar humor, people still aren't laughing?" we sympathized with him.

"Perhaps it's because it is million dollar humor. How long is it since you laughed out loud?"

"Last night?" "For heaven's sake—who at?" he jumped, with a contract in his voice, "but then I suppose it

Plan. Do you think we'll be expelled from Farm and Garden for being a vulgure on horticulture? m. m.

When men are governed by sound movies they will set up sound governments

"Fashionscope" To Aid Symphony

The list of ticket holders for "Fashionscope," the fashion show sponsored by the Women's Association for the Detroit Symphony is rapidly growing by leaps and bounds. The spectacle of glamorous fall and winter fashions will be presented on Oct. 3 at Music Hall. Chairman of this year's affair,

Mrs. J. Bertram Bell, is urging everyone to get their tickets early to avoid the last minute rush experienced before the fashion show last June.

Takers on the early bird advice include Mrs. John S. Newberry, Mrs. Fred T. Murphy, Mrs.

Fred Zeder, Mrs. Walter O. Briggs, Mrs. James O. Murfin, Mrs. William Beyster, Mrs. Benjamin C. Addison, Mrs. Harry Chisholm, Mrs. G. Leon Haywood, Mrs. J. King Harness and Mrs. Burt Craig.

War Assets Administration has more than a billion dollars worth of radio, telephone and other electronics equipment to sell. Experts in the industry are assisting WAA in setting up a nationwide sales program.

More Brides-Elect On Social Calendar

Engagements of Virginia Catherine Purdy to C. W. Weiler, Jr. and Sally Sherman to Richard Henry Wood Added To Pointe's Autumn Announcements

Two more brides-elect for the Pointe's social calendar this week.

Last Thursday evening, Mr. and Mrs. Raymond J. Purdy, who were celebrating their thirty-fourth wedding anniversary with a dinner at their Three Mile drive home, chose the occasion also to announce the engagement of their daughter, Virginia Catherine, to C. W. Weiler, Jr.

Charles is the son of Mr. and Mrs. Charles W. Weiler of Martindale avenue.

Virginia Catherine attended Sacred Heart Convent in Grosse Pointe and is a graduate of the Kingsmith School in Washington, D. C.

Charles, who was a lieutenant in the U. S. Navy for four years, is a graduate of the Foreign Service School of Georgetown University.

Then over last week-end, their friends were congratulating Sherman and Richard Henry Wood whose engagement was announced by her parents, Mr. and Mrs. Morgan J. Sherman of Meadow lane.

The betrothal was told at an open house which the Shermans gave on Saturday afternoon.

Bright red flowers spelled out the names of the engaged couple on the mantle in the Sherman living room.

Richard is the son of Rev. and Mrs. William R. Wood of Yorkshire road. He has now resumed his studies at Yale which were interrupted during the three years he served in the U. S. Army.

Dick also attended Kent School.

Directors Meet In Bodman Home

A crystal vase filled with colorful autumn flowers was the center of the lace and embroidered cloth on the tea table at the home of Mrs. Henry E. Bodman of McKinley road last Wednesday.

The occasion was the season's first meeting of the Board of Directors of the Franklin Settlement.

The business meeting which followed the tea was headed by Mrs. Bodman, president of the group, and Mrs. Leo Butzel, vice-president. Board members included: Mrs. Alvan Macauley, Miss Sarah M. Sheridan, Miss Gail Smith, Mrs. Charles Murphy, Mrs. R. E. Danaher, Mrs. William E. Scripps, Mrs. Alvin G. Sherman and Mrs. Edgar B. Whitcomb.

Others were: Mrs. Reginald MacArthur, Mrs. William Muir, Mrs. Wendell Anderson, Mrs. John Shallcross, Mrs. Benson Ford, Mrs. Louis Groch, Mrs. Stuart Courtis, Mrs. Harold Boyer, Mrs. Prentiss Brown, Mrs. Charles A. Dean, Jr., Mrs. Edsel Ford, Mrs. Emory M. Ford, Mrs. Ernest Kanzler and Mrs. James McEvoy.

St. Matthews Sodality And Club Giving Dance

On Friday night, September 27, the Young Ladies Sodality and Women's Club of St. Matthews Parish are holding a dance at the Parish Hall, Harper and Buckingham, from 9 p. m. to 12. There will be square and modern dancing.

Instructions in square dancing will begin at 8 p. m. Refreshments will be served.

College Bound

MISS PRIMY GROCH, daughter of Mr. and Mrs. Louis Groch of St. Paul avenue, has left to begin her freshman year at Smith College in Northampton, Mass. Primy was graduated from the Grosse Pointe Country Day School this year.

Clown Carnival Scheduled By St. Clare Junior Group

The St. Clare Junior Sodality is giving a dance, the "Clown's Carnival" on Friday, Sept. 27 at the St. Clare auditorium, Audubon and Charlevoix. Joe Mannino's orchestra will be featured with dancing from 9 to 12.

Greene-Brodhead Rites Solemnized

The marriage of Nancy Greene, daughter of Mrs. Guy Stevens Greene of Kensington road and the late Mr. Greene, to Richard T. Brodhead, Jr., son of Capt. R. Thornton Brodhead of East Jefferson avenue, and the late Mrs. Brodhead, was solemnized before the immediate families at noon Tuesday in St. Catherine's Chapel of SS. Peter and Paul Church.

Captain Brodhead was his son's best man and Mrs. Talbot Cummings was her sister's matron of honor. A breakfast in the Detroit followed the ceremony.

The bride wore a two-piece gold wool frock and carried a satin prayer book, which all the Brodhead brides have carried traditionally. It belonged to Dick's grandmother, the late Mrs. John V. Moran.

The young couple are motoring west on their honeymoon.

AMVETS to Give First Annual Columbus Dance

The date for the First Annual Columbus Day Dance, which is sponsored by AMVETS Theodore Snyder Post No. 2, has been set for October 12, 1946, at Gabriel Richard, Knights of Columbus Hall, located at 9375 Amity Avenue, one block north of Kercheval Avenue between Pennsylvania and McClellan.

Music will be provided by Tommy Marvin and His Orchestra, with dancing from 9:30 p. m. until 1 a. m.

There will be approximately twenty-five door prizes given away and added entertainment.

Maryhelen Meikle's Wedding Saturday

Daughter of the Peden A. Meikles of Muskoka Road To Wed Robert Carper at Ceremony in Christ Methodist Church

This Saturday evening, Maryhelen Meikle, daughter of Mr. and Mrs. Peden A. Meikle of Muskoka road, will become the bride of Robert LeRoy Carper, son of Mr. and Mrs. Clarence L. Carper of Hartsville, O.

The ceremony will take place at 8:30 p. m. in Christ Methodist Church, Haverhill and Warren, with Rev. Russell Hopkins officiating, assisted by Rev. Luther Butt.

Mr. and Mrs. Meikle will entertain the wedding guests at a reception in their home following the church ceremony.

The days preceding her wedding have been filled with many delightful parties honoring the bride-elect.

On Tuesday, Mrs. Carl Stieler entertained at an evening party and miscellaneous shower for Mary Helen at her home in Albion street. The day before, Mrs. Robert Johnston of Gray avenue was hostess at a "fruit cellar" shower.

Other parties which have complimented Maryhelen have been a dinner party in Windsor given at the Manor by her great-aunt, Mrs. G. J. Lackner. In addition to the dinner, the party was also a kitchen accessory shower and each gift was accompanied by an appropriate little poem. Bridge was played.

The Meikles will give the rehearsal dinner Friday evening in their Muskoka road home.

Present will be the immediate families and members of the wedding party.

Bob's sister, Marjorie Carper of Hartsville will be maid of honor and the two bridesmaids will be Mrs. Lois McDonald and Gwen Robinson.

Maryhelen will also have a junior bridesmaid. She will be her cousin, Elizabeth Oliver of Trenton, Ont.

Fred Godard of Akron, O. is to be Bob's best man and the guests will be seated by Graham Meikle, a brother of the bride-elect; William Wright of Columbus, O. and Robert Himmelright of Congress Lake, Ohio.

Following their wedding trip, Maryhelen and Bob will make their home this winter in Columbus where he'll be a junior at Ohio State University.

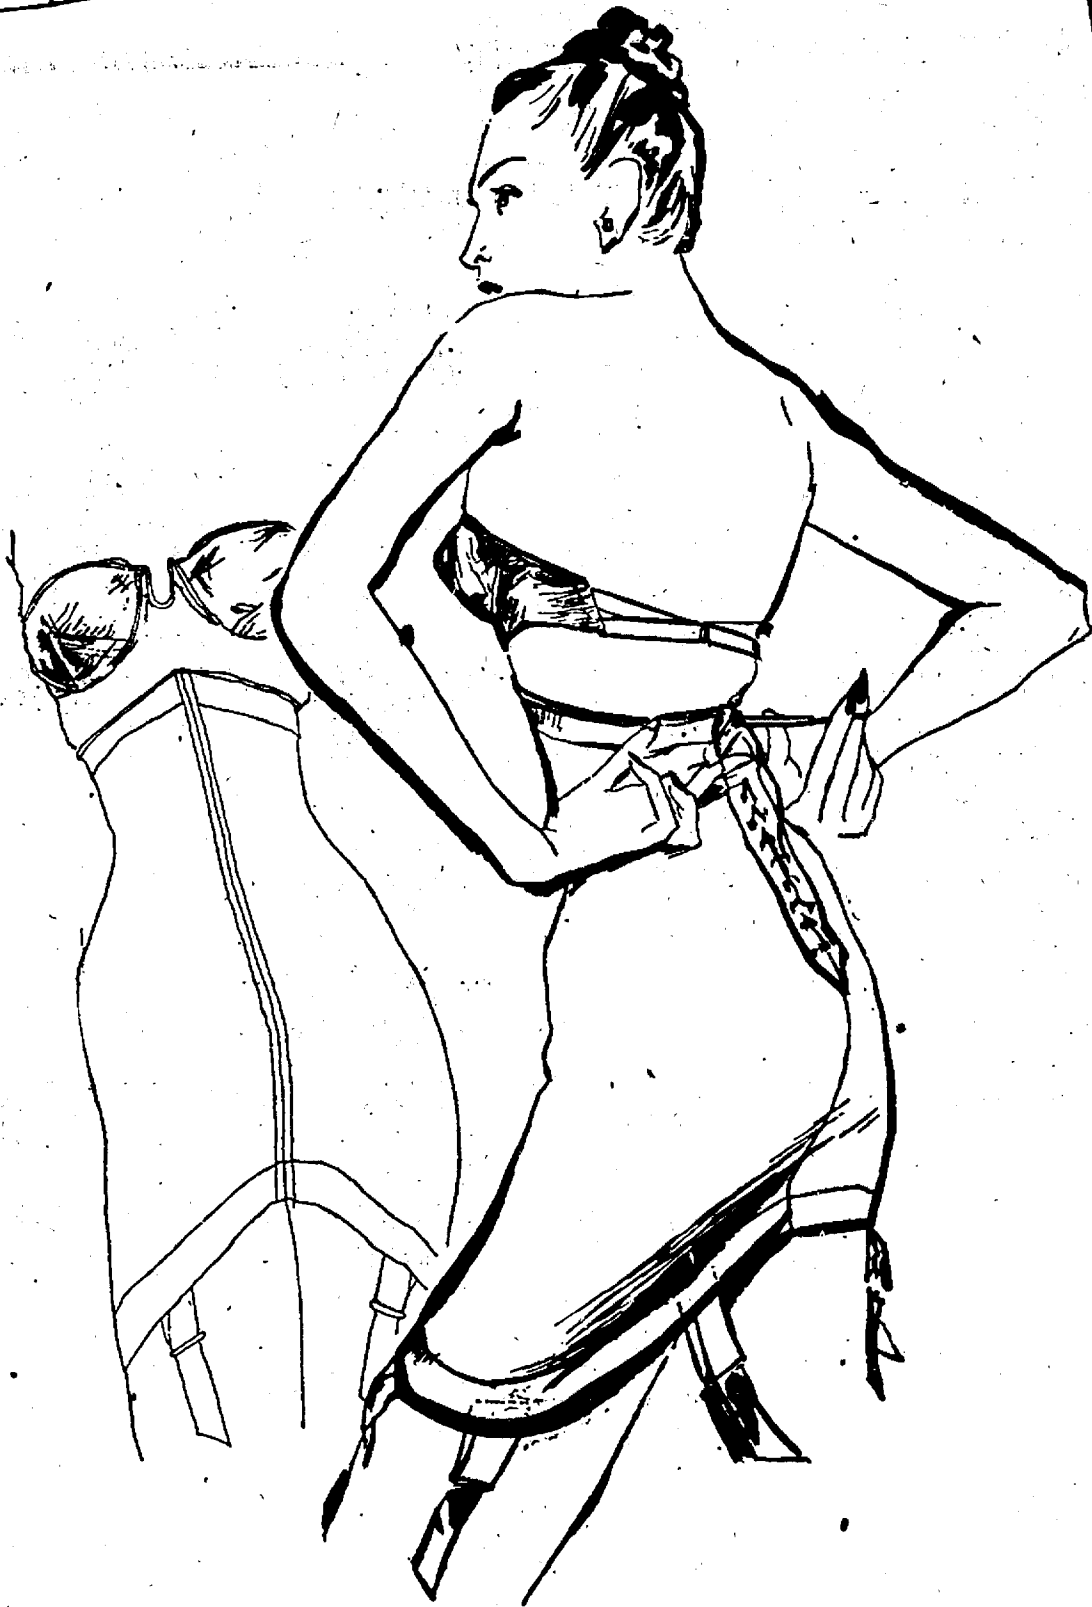

Frank Kuhns, Airielle, Return to Pointe Home

After touring the western part of the United States and Canada, Mr. and Mrs. Frank Kuhn and their daughter, Airielle, have returned to their home on McKinley road.

The Kuhns stayed at French River, Canada after visiting Banff, and Hood Canal, Wash. They also spent a few days visiting friends in Aberdeen, Wash.

SECOND AT LOTHROP - DETROIT

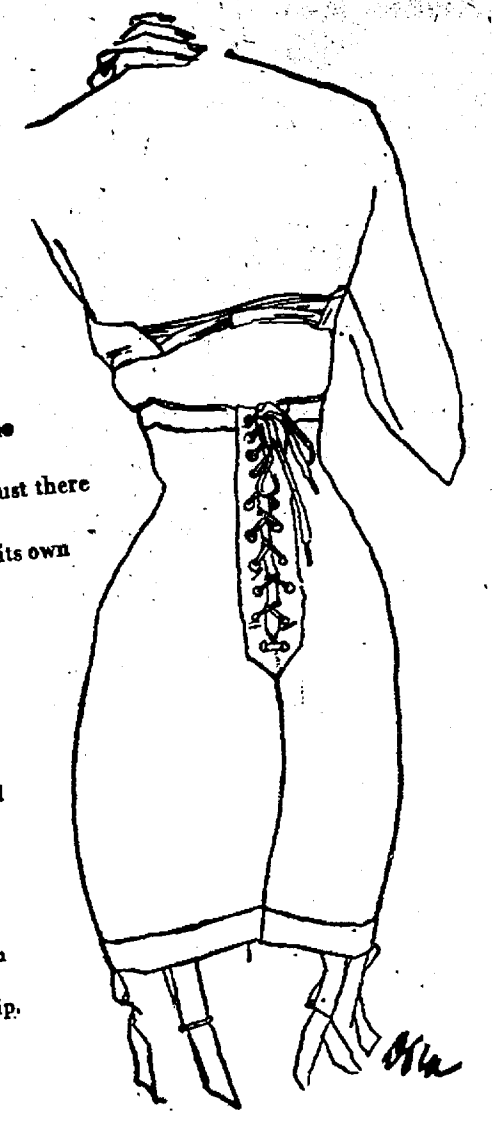

SAKS FIFTH AVE NEWS

the CURVE* and the CHRYSALIS

The Chrysalis is the Corset Salon's salute to the season. So called because it so closely, so like your second skin, follows the curve. Shaped in our own workrooms by our own designer. Hand-loomed elastic sleeked high over the ribs, fashioned so that no ring of flesh may flaw the line. And laced just there—a stratagem which pares your waistline to its own romantic minimum. From a collection of Corset Salon Exclusives, 89.50.

*The Curve is our figure of speech for the Fall '46 fashion figure. For feminine curves now undulate into a single long, lovely line; and the silhouette flows smoothly and silkily from the bosom, the waist, down and over the hip.

Hutchinson-Kalb Engagement Told

Wedding bells and more wedding bells for the Lewis Kalb family of Washington road . . . This time the news comes from Minneapolis where Mr. and Mrs. Merrill Hutchinson have announced the engagement of their daughter, Mary Ann to George Lewis Kalb.

Highlight behind the engagement story is that the pair met last June when they were both members of the bridal party of the Bill Kalb wedding.

Mary Ann attended Wellesley College. George attended Cornell University and entered the Army after graduation. He was released last spring after four years of service.

After their marriage in Minneapolis on Jan. 4, the pair will make their home here in Detroit.

Women Republicans Hold Fall Meeting

Committeeman Richard Durant Addresses Club At Gathering in Lewiston Road Home of Mrs. Charles A. Dean, Jr.

A group of enthusiastic women were on hand to greet Richard Durant, Committeeman for the 14th District, when he arrived to address them in connection with plans for the November election campaign.

The meeting was held at the Lewiston road home of Mrs. Charles A. Dean, Jr. on Wednesday, September 25.

Dr. Durant outlined his plans to bring forth the dormant vote, and the members expressed their willingness to assist in this work.

In his concluding remarks, Mr. Durant stated that the enthusiasm shown would, in a large measure, stimulate sufficient interest to guarantee a Republican victory this fall.

Plans Completed By Peggy Fenley

Peggy Fenley, daughter of the Greene Fenleys, Jr., of University place, has set Nov. 2 for the date of her marriage to Henry Vaughn, Jr., of Ann Arbor.

The ceremony will be held at 4 o'clock at Christ Church. Dr. Edmund Lee, Peggy's headmaster at Chatham Hall in Virginia, will assist at the rites. The reception will be held after the ceremony at the Fenley home.

Parties for the bride-elect began with a shower last Thursday when Shirley Young was hostess at a linen shower and tea in her Lake Shore road home.

Busy Peggy left over the weekend for Cincinnati, where she was in Patricia Pogue's wedding party on Tuesday, Sept. 24. Friends from way-back Cincinnati school days, Peg and Pat, also attended Smith College together.

Come and SEE!

First Meeting Held by AAUW

The International Relations Study Group of the American Association of University Women held its first meeting of the fall season last Thursday evening at the home of the chairman, Mrs. George Waldbott.

The topic for discussion was the organization of the United Nations led by Mrs. John R. Pear. Following this Mrs. Walter Bergman, former president and international relations chairman of the Detroit Branch of A.A.U.W., gave an interesting account of her work with UNRRA under the military government in Germany, where she has been since June, 1945.

Refreshments were served by Dr. Sadie Danforth assisted by Mrs. Abram Brown and Mrs. John Harding.

DR. A. R. SCHLENKERT has received his honorable discharge after serving three years in the Navy and he and Mrs. Schlenkert and their son, Arthur, have resumed residence at 271 Merrilweather road. He served the last two years in Virginia.

Dr. Schlenkert is resuming his dental practice at 1419 East Warren avenue.

WITH THE EIGHTH ARMY IN SAPPORO, JAPAN—SERGEANT MILTON A. MOTHERWELL, 34 year old Grosse Pointe Park, Michigan, paratrooper, with the 11th Airborne Division, has recently been promoted to the rank of Staff Sergeant in his unit. He is assigned to Company F, of the 187th Paraglider Infantry, stationed at Camp Siedenburg, near Sapporo, on Mokkaido, Japan's northern island.

Motherwell entered the Army at Fort Sheridan, Illinois, on the 27th of March, 1945, and after completing his basic training, joined the Paratroopers at Sendai, soon to qualify for the paratrooper rating with the No. 1 class of December 7, 1945. Motherwell left the United States on October 15, and joined the 11th Airborne Division unit at Sendai, Japan, on November 1st of 1946. He also attended the Field Artillery school at Fort Bragg, N. C.

Serving in the Pacific theater of occupation, Motherwell will soon rate the Japanese Occupation ribbon, to wear on his jacket, in addition to the Asiatic Pacific ribbon, when he returns to the States.

Prior to his enlistment in the Service, Motherwell attended the Michigan State Det. Inst. Tech. and was employed as Development Engineer. He plans to take a position as Sales Engineer upon his discharge from the Service.

S/Sgt. Motherwell's mother, Mrs. Mary Motherwell, lives at 1042 Lakepointe avenue in Grosse Pointe Park.

purpose of accepting duty in the AUS as a Chief Warrant officer. CWO Potter entered the army in March, 1941, at Detroit, and received his first appointment as warrant officer, junior grade, at Fort Riley, Kansas, in February, 1944, while serving with Headquarters, 16th Corps.

He went into the European Theater with the 16th Corps, a part of the 9th Army under General William H. Simpson, and took part in the crossing of the Rhine at Nijmegen, Netherlands. He returned to the United States in November, 1945, and has been stationed at the Ordnance Depot as a master sergeant since June of this year.

With his wife, the former Miss Henrietta Lewis of Detroit, and his daughter, Kathryn Sue, Mr. Potter now resides at 804 Argonne avenue N. E. in Atlanta. He will serve, in his new capacity as chief warrant officer, with the Ordnance Automotive School at this station.

Bremen, Germany — SECOND LT. RICHARD R. MOORE, son of Mr. and Mrs. Raymond C. Moore of 352 Moran road, Grosse Pointe Farms, Michigan, is presently assigned as a pilot and chief operations officer with the European Air Transport Service stationed at Bremen, Germany.

A member of the Air Forces branch of the Army of Occupation, Lt. Moore entered the service in July of 1942 prior to which he attended the United States Military Academy at West Point, New York. During a local football game at the "Point," Lt. Moore had an unfortunate accident in which he suffered a leg injury resulting in his discharge from the Academy.

He is the husband of Mrs. Margaret S. Moore, now residing at 327 Washington Ave., Pleasantville, New York.

Cub Pack 290 Holds Meeting

Cub Pack No. 290, Boy Scouts of America, of Grosse Pointe Woods, held its first meeting of the season, Fri. Sept. 20, at Mason School. Mr. Dougherty, president of the Mason School P.T.A., the sponsoring organization of Pack No. 290, was an honored guest. Mr. Dougherty presented the Pack charter to Mr. Al Wilson, chairman of the Pack Committee. Mr. Wilson then presented it to Mr. L. R. Montgomery, Cubmaster of Pack No. 290.

Marvin Schwem was awarded his Webelo, the highest award in Cubbing. D. McGuire was presented his Lion badge and Gold and Silver Arrows. He also received his Webelo. Best of luck in Scouting, boys.

Other awards were presented to Jim Snell, Doug McBride, an Bruce Schoefeld. All received Silver Arrows to their Bear awards.

One of the highlights of the evening was the awarding of the new baseball trophy to the championship baseball team. The trophy was donated by Joe Schwem, a man who has been a good Cub-parent, leader and coach. The trophy will be known as the "Joe Schwem Trophy" and will be a perpetual trophy. It was awarded to the "Wolves," champions of the 1946 season. They were coached by Bill Ferguson.

The evening ended with several reels of adventure movies, which made as big a hit with the parents as with the youngsters.

SAFE FROM ELEMENTS
Bicycle thieves are getting more considerate... at least some of them are. G. P. Zilly of 380 Merrilweather road, told Farms police he had found a completely strange one in his garage on the morning of September 21, evidently stored there against the weather by the young robber. On the night of September 24 another abandoned bicycle was found stuffed in the shrubbery at the T. D. Buhl home at 260 Ridge road. Protection... not so good.

ATLANTA ORDNANCE DEPOT, Atlanta, Ga. — JAMES D. POTTER, 1380 Wayburn avenue, Grosse Pointe, Michigan, has been discharged at this station for the

WHAT'S YOUR SCORE?
 TEST YOURSELF WITH THIS **QUICK CANNING QUIZ**

Based on questions frequently asked of Detroit Edison Home Service Advisors

- Can I use saccharine or brown sugar in canning fruit?
- Should I use plain or iodized salt for my canning?
- How much syrup should I make for a half bushel of peaches?
- Some of the pears I canned yesterday did not seal tightly. What should I do?
- Should I paraffin jelly immediately or wait until it sets?
- Some of my jars are only half full after canning. Should I open them and add more liquid?

BRING YOUR HOME-CANNING HEADACHES TO YOUR NEAREST EDISON OFFICE!

For individual assistance in your own particular home-canning problem, call your Detroit Edison office. An Edison Home Service Advisor will be glad to discuss it with you.

Service Advisor is ready to help you. There's no obligation—so call her today!

HERE ARE THE ANSWERS . . .

- Saccharine or brown sugar is not recommended for the canning of fruit; but honey or corn syrup may be combined with sugar in the making of syrup.
- Plain or iodized salt may be used in canning, although plain salt is generally recommended in the preparation of pickles.
- A half bushel of peaches will require 10 to 12 cups of completed syrup.
- Open jars, drain syrup. Heat syrup to boiling point and pour over fruit in jars. Use new lids and reprocess for one-half of the original time.
- Use paraffin immediately.
- Loss of liquid in a jar does not affect the keeping quality, provided the seal is perfect.

Admits Hitting Car Then Driving Away

Farms police questioned Mrs. Dorothy Limbock of 201 Lake Shore road, about an accident at McMillan road between Kercheval and Ridge on September 22. A car had backed into another, being driven out of the alley by John William Starret. He had obtained the license number after the offender had driven away from the scene of the accident. The Farms police report says Mrs. Limbock at first denied having been implicated, then admitted she had been she. She has been ordered to appear.

Dr. E. C. Van Hoet Has New Offices

Beginning October 1, Dr. E. C. Van Hoet, optometrist who has maintained offices for the last few years in the Ketry Building on Harper avenue, will have new offices at 16445 East Warren avenue, next door to the Alger Theater.

In addition to his own private practice, Doctor Van Hoet will handle the practice of Dr. E. C. Dr. Van Hoet, Tews, who formerly occupied this office but who has now left to live in the west.

Dr. Van Hoet says his predecessor's records will be maintained and accounts serviced.

STOP, STOP Discovery of a stop sign between the screen and front door of his home at 428 Madison, Grosse Pointe Farms, was reported to the Farms Police recently by Bert Hatcher. The sign had been stolen from the corner of Manor and Chalfonte.
