## Hunt Club's Horse Show Opens Today

37th Annual Exhibition Attracts Over 300 Animals in 80 Events

Grosse Pointe Hunt Club's 37th annual horse show, its first under the lights, is in progress this weekend at the Cook road grounds. More than 300 horses from all sections of the country are competing in the 80 classes.

Presented for the first time since before the war are several classes for polo ponies, bringing to memory the thrilling polo of the thirties at the Country Club and the Hunt Club's Cook Field. The junior show opened the exhibition on Thursday, with a luncheon given in the Grosse Pointe Yacht Club after the morning show. Friday, Saturday and Sunday shows will be afternoon and evening. A supper dance after the Saturday evening performance and a buffet supper and cocktail party by President and Mrs. E. C. Putnam are among the festivities.

Among the patron boxholders are Mrs. H. S. Rounds, Joseph A. Vance, Jr., George Trendle, Miss Sylvia Cartwright, William K. Allen, Ted Gorenflo, Mrs. Horace E. Dodge, J. J. Marshall, C. K. Lysinger, J. Gordon Hill, Ralph Fordon, Mrs. Glendon Roberts, Harry R. Fruehauf, Harvey C. Fruehauf, Dr. Arthur W. Bull, Miles Culehan, Claude L. Cray, Emory B. Hatch, Mrs. E. P. Hammond, John Mulford, George Christensen, Eugene Dupont III, John Sutton, Jr., Charles Verheyden, Mrs. J. Deane Rucker, Elliott Nichols and Jack Widmerman.

The regular monthly meeting of the 33rd Division War Veterans Association of Detroit will be held at Nicky's Bar, 1800 Puritan at Twelfth, on Fri., June 25 at 8 p.m.

## Park Garden Club Suggests Ways to Improve Village

A letter from the Civic Beautification Committee of the Grosse Pointe Park Garden Club, signed by Mrs. Frederick Jones of York-shire road, chairman of the committee, and addressed to President Homer C. Fritsch, was read at the meeting of the Board of Commissioners on June 14.

The letter recites at some length the study the committee has given to the matter of village beautification and embraces several concrete suggestions for the attention of the village authorities. These are divided into two main divisions; those suggested for immediate or short range improvements, and those for long ranged improvements.

President Fritsch remarked that it was refreshing to find that a group of civic minded citizens was at work on the general subject of the improvement and beautification of their village.

As the program suggested for the Park is of deep interest to all its residents and parts of it bear directly on the appearance of the Pointe community as a

## Pointe Students Get Behind Memorial Fund Drive; Give \$2,055, With More to Come

The school children of the Pointe have indicated their interest in the War Memorial campaign by donating an amount that is particularly gratifying, especially since the drive was conducted at a time when approaching graduations and examinations disrupted the regular schedules and afforded little opportunity for an organized solicitation to be carried on.

To date the sum of \$2,055.24 has been turned in by them. Grosse Pointe High School students dug down in their pockets and produced \$1073.28 as the first installment on their voluntary goal of \$3,000. The balance of the pledge is to be raised when school reopens in the fall. Of the amount already given \$150 was raised by the Hi-Y Club at a "Dip 'n' Dance" party.

Well over 90 percent of the total student contribution was derived from relatively small gifts. Many students did special work to earn money for their contributions. Others used their lunch money to make their donations.

A breakdown of the total received from the other Pointe schools showed that Defer students gave \$60; Kerby, \$60; Maire, \$100; Mason, \$50; Parcels, \$80.95; Richard, \$200; Trombly, \$135; Vernier, \$70.71; Pierce Junior High, \$225.30.

The only report which has come in from the Pointe's parochial schools so far is that of St. Clare de Montefalco. The students there contributed \$58.17.

## Reckless Driver Irks Neighbors

Residents of the 900 block of Nottingham are highly incensed at the reckless driving being done by a young man who is a frequent caller in the block. He has been driving a '48 Buick convertible and a '48 Chrysler sedan.

Several of the residents have informed the police they will be willing to sign complaints against him.

John Marshall, a colored man who was unhappily caught with 30 rubbish bags which belonged to the City of Grosse Pointe, was fined \$10 and \$5 costs for his failure to make a nice distinction in property ownership.

Earl W. Belson, of 1121 Roxbury, for a stop law violation paid \$5 and \$5 costs.

Francis X. Siefert, Jr., of St. Clair Shores, was fined \$20 and \$5 costs for reckless driving. Siefert figured in the serious automobile accident at the corner of Jefferson and Lincoln some time ago in which four persons were more or less seriously injured. One young woman in the company was hospitalized for several days.

## Better Bus Service Due On June 18

Rate Increase to Be Allowed as Soon as Changes are Made by Company

The long drawn out discussions between the Grosse Pointe Municipalities and the Lake Shore Coach Lines, Inc., over fare increases and improved service, will be finished within a week.

A contract covering all items in dispute has been drawn up to which all of the Pointe communities and the bus company have agreed and its provisions will be in force. The details of this agreement have been previously published, and immediately after the closing of the schools will be in effect.

The fare increase issue which is still pending before the State Public Service Commission at Lansing, has not yet been acted upon by that body but will doubtless be approved as soon as the local authorities signify their acceptance of the increase without official protest.

The local authorities have continuously taken the position that they would not agree to the increased fares until these improvements in service were in effect. These improvements include additional buses during the hours of heavy traffic and the changes of routings of buses to provide better accommodations for the riding public.

The bus officials promised some time ago to make these changes as soon as the school year ended. When they have been made, the contract which is already drawn will be signed and that is scheduled for the present week. The effective date agreed upon by both the municipalities and the bus company was June 18.

At the Park Council meeting on June 14 Commissioner Karl B. Goddard, who was represented the Park in these negotiations was authorized to sign for the municipality. Similar action has been taken or will be taken at an early date by the other Pointe municipalities.

## Pointe's Swim Ban Lifted When Tests Show Water Safe

Farms Takes Initiative in Reopening of Beaches After Samples Indicate Pollution Has Been Cut to Minimum

All of Grosse Pointe's swimming beaches with the exception of that of Grosse Pointe Woods, are opening on schedule this week and it is believed there will be a full summer of safe swimming ahead for the residents. The Woods is in the process of chlorinating the waters of its beach and when this project is completed, swimming is expected to be allowed there also.

The Parks is busy installing the pump which will provide the chlorine to purify its pool and this work is expected to be finished and the pool filled before the weekend.

Much credit must be given the Farms officials for the prompt opening of the Pointe beaches this year. Erroneous rumors had been circulated that pollution still existed at all the beaches along the Lake St. Clair shore and that swimming was to be banned at all points excepting Grosse Pointe Park, where there is an enclosed pool with a chlorinating system.

The Farms, through its equipment at the pumping station, has a daily record of the purity of the water. Village Engineer Murray Smith knew that Macomb County had stopped dumping into the lake on May 20 and was using the big interceptor sewer. As soon as the interceptor is used the pollution decreases.

Tests made by the Farms on June 2, 3, 4, 7 and 9 showed that the highest rate of pollution at the Farms beach was a 460 coli index on three days, a 43 on another and a 240 on another. The State Board of Health declares that a coli index of 2400 is considered moderate pollution and indices below that figure are considered safe for swimming.

With these remarkably pure tests taken, the Farms decided there was no reason why swimming should not be allowed. A special meeting of the board of trustees of the village was called for 6 o'clock last Friday night and Dr. Thomas Davies, Township Health Commissioner, was asked to attend.

Two resolutions were passed, the first authorizing the official opening of the Farms beach waters for swimming on the scheduled date of June 15, and the second giving Engineer Smith the authority to ban swimming whenever the tests show sufficient pollution, and to remove the ban when the pollution has decreased sufficiently to make the waters safe for swimming.

Dr. Davies approved of both of these steps and then asked the Farms to cooperate with him by making voluntary tests of water at the City, Shores, Woods and Park beaches to see if the water there was safe enough to allow swimming.

Dr. Davies said he had been unable to get the Wayne County Health Department to make analyses of water samples for him and the Farms is the only one of the Pointes which has the equipment to make such tests.

Mr. Smith and Dr. Davies collected samples at the other beaches.

## Few Reports Received At Headquarters

Leaders Express Confidence as First Scattered Returns Total \$105,532

With the concentrated canvass for funds for Grosse Pointe's War Memorial scheduled to close on June 15, very limited returns which were available at the time the NEWS went to press created an air of optimism at campaign headquarters. The very few scattered reports from only three or four of the special solicitors indicated that \$105,532 had already been turned in.

Algo: Sheldon, chairman of the campaign, said, "The citizens of the community are giving real thought to the size of their personal contributions on behalf of this splendid memorial project. To me, this is an indication that we can expect full participation by all Pointes. Unfortunately, it has slowed up our solicitors, who must make call-backs to pick up the gifts, and as a result they have not been able to complete their assignments and turn in their reports in the allotted time.

Mr. Sheldon appealed to the workers to finish their jobs and get their reports into headquarters as soon as possible. Anyone who has not been called upon is urged to call campaign headquarters, TU-EX 2-7400, and a worker will be sent to his home.

Among the gifts which were reported just before the NEWS went to press was one for \$3,000 from the Josephine and Ernest Kanzler Fund, Mrs. Fred T. Murphy also donated \$3,000. Robert Tannahill has given \$2500, Howard Walton, \$1,500; Mrs. John W. Staley \$1,000; Burns Henry, Jr., \$1,000; Leo Fitzpatrick, \$1,000. Dr. Marian Fitzsimons, who lives in Indian Village, contributed \$1,000.

The Grosse Pointe Lions Club has made a contribution of \$1,000 and the Grosse Pointe Bank leads the procession of local corporations or business donations with \$1,000.

The Neighborhood Thrift Shop, which contributes so much to community life, particularly in its donations to the maintenance of the Neighborhood Club, has given \$500. The Grosse Pointe Friends of the Library Association has announced it is turning over practically every cent in its treasury to the Memorial Fund. This amounts to over \$300.

It was stated that complete returns from the concentrated canvass may not be in for another week or 10 days. The long Memorial Day holiday weekend which came just as the drive was officially getting under way, delayed many of the workers.

Graduations at schools and colleges throughout the country have taken many residents out of the Pointe for varying periods and volunteer solicitors have not had time to contact many of these.

Residents who have already left for the summer and have not been solicited will probably be contacted by mail, or personally upon their return to the Pointe.

The campaign organization is determined that every cent of the community shall be given the opportunity to contribute to this project which should be a direct appeal for every Pointe.

## High School To Graduate 264 Tonight

Commencement Exercises To Be Held on Lawn in Front of Library at 8:15

Grosse Pointe High School's class of June '48, consisting of 264 seniors, will be presented with diplomas on the lawn in front of the school library, tonight, June 17, at 8:15 o'clock.

The traditional formal commencement exercises will be witnessed by the friends and families of the graduates. Since there will be a limited seating capacity for the commencement exercises, only ticket-holders will be admitted. An invitation does not assure the holder of a seat.

Three student speakers will discuss "Your Future and You," Ted Ostus will speak on "Personality Defined," Eunice Jodar will have "Personality Designed" as the topic for her speech, while Mary Bond Oleri will speak on "Personality Declared." The speeches will be presented in this order.

Pat Mann, graduating music student, will be accompanied by her mother in a flute solo entitled "Concertino."

Vocal numbers consisting of "Barcarolle" from "Tales of Hoffman" by Offenbach and "Enough to Know" by Ogden will be presented by the Girls' Glee Club, under the direction of Mr. J. F. Finch. The Glee Club will be accompanied by Ginny Grasse, AIA.

W. R. Clemons, principal of Grosse Pointe High School, will announce the class honors, while John R. Barnes, superintendent of schools, will present the diplomas to the graduates.

Martin Appointed City Policeman

Blair Martin, aged 25, of 1260 Beaconsfield, has been appointed a member of the Grosse Pointe City police department, taking the place of Arthur Beaume, who resigned last February.

Blair is a graduate of the Grosse Pointe High School in the Class of '41, since which time he has put in three years of service in the U. S. Navy. His wife died in July '47, leaving him with two small children, a boy and a girl.

## Interest in Theater Brings Flow of Unsolicited Gifts

Grosse Pointe's new community theater, which has grown so rapidly since its inception two months ago, has begun to receive a mounting volume of free-will unsolicited gifts and loans of costumes, hand properties, and other paraphernalia from people anxious to see the project succeed.

The property owner in question said the assessment on his property of \$7,000 was too high.

The members of the Board of Appeal, collectively and unanimously, offered to give him \$16,000 for his place.

He left in high dudgeon and the work of the Board of Appeal for the season of 1948 was quickly and satisfactorily closed.

BUSES TOO SPEEDY  
Residents of Moross road have complained to the Farms police about Lake Shore Coach Lines buses speeding on that street. The police have taken the matter up with John Tierney, manager of the bus concern, who has promised to slow down the fast drivers.

HUBCAPS STOLEN  
Two front hubcaps were stolen from a 1948 Hudson owned by L. G. Stroud of Dickerson avenue, Detroit, he told Farms police. The car was parked in the Punch and Judy parking lot on the night of June 12 when the theft occurred.

## Dogs Destroying Pointe Gardens

Complaints of dogs running at large which are destroying pet lawns and gardens in the Pointe, take on a new meaning with the advent of the growing season.

Vegetable and flower garden operators are complaining bitterly of the destruction of some of these destructive wanderers. Such complaints have come into the City police station from Riverdale, Notre Dame and Charles place in particular. Owners of dogs which have a special penchant for digging are requested by the police to keep special watch on their animals for the next few weeks.

POOL PUMP ARRIVES  
The big agitating pump for the Park swimming pool was arrived on June 14 is being installed. It will pump 3,000 gallons of water per minute and introduces sufficient chlorine into the pool to make it absolutely safe for swimming.

All loans and gifts are gratefully acknowledged.

Shoes of the 1919 period are particularly hard to find," says Mr. Robert Dwyer, head of the costume committee. Persons having any articles of apparel to give or loan to the theatre should

Auto Club Procrastination In Building New Clubhouse Rapped By Park Commission

The Board of Commissioners of Grosse Pointe Park is growing restive over the long delayed appreciation of the new building of the Automobile Club of Michigan which was promised as long ago as February 1946. The club has asked for permission to erect a building at the northwest corner of Somerset and Jefferson, which was in the restricted residential zone. To accommodate the organization the village amended its zoning law.

The owners of the development also agreed to erect an attractive single family dwelling house directly across Somerset, which was to act as a permanent barrier between the club property and the residential area farther east. This was largely to meet the arguments of the property owners that the permission given the club to build would be the entering wedge for further commercial developments in that section.

Now, with more than two years passed and no clubhouse in sight, the Board of Commissioners want to know, how-about-it?

It was the subject of a lively discussion at the council meeting on June 14. It was decided to write to the Auto Club and get some authoritative expression from it as to its intentions. Officials of the club said some time ago they desired to postpone construction for a while to see if building costs would drop.

This leisurely decision on the part of the club doesn't suit the humor of the Board of Commissioners. They listened patiently to the importunities of the Club officers to grant the permission.

Mack Widening Affects Zoning

The Park Council at its meeting on June 14, gave permission to Norman McNamara to go ahead with his projected building at 16318 Mack avenue near Noltingham.

Mr. McNamara plans to erect a store property with dwelling quarters on the second floor and found that the cutting off of 27 feet from the front of his property by the widening operations on Mack avenue had left him a little short of the required number of square feet for either living space or parking facilities according to the Park's zoning regulations.

In view of the conditions for which Mr. McNamara was wholly irresponsible the council decided in fairness to unbend a little on the strick letter of the local regulation and gave him the green light.

They even made a radical amendment to their zoning law to enable it to go ahead and are in no mood now to let the matter drag along indefinitely. The Club is to be notified to this effect.

Tangle on Fisher Involves 3 Cars

A three car tangle at Fisher avenue and St. Paul resulted in damage totaling about \$300, equally divided, at 4 p. m. on June 14.

Mrs. Hilda Suszek of 591 Fisher, driving north on that street, stopped her Buick station wagon to allow another car to make a left turn into St. Paul.

A 1947 Chrysler driven by Bernardine Beaudain of St. Clair Shores, came to a stop behind Mrs. Suszek before it was rammed by a 1947 Ford driven by Allen Bryant of 682 Lincoln road. Bryant assumed the blame for the crash.

Flight of Car Thief Spragged

Word was received at the Maumee police station from the Farms police on Friday afternoon, June 11, that a car had just been stolen from Kercheval avenue and Hall place. Shortly after City Patrolmen Manuk and Allor located it in front of 593 Rivard.

A maid employed at the house said she saw a young fellow turn into the driveway of the house apparently to turn around and in backing out he struck a fire hydrant. He then abandoned the car and ran away. The rear fenders were damaged.

The police turned the car over to the owner, Marjorie H. Oberbauer, of 835 Edgemont.

FOUR NEW BRIDGES

In anticipation of the paving work that is about to start on Anita, Hawthorn, Hampton and Roslyn, the Woods village will build four small bridges where these streets pass over the Girard Drain. All of this paving is west of Mack. The estimated cost of the bridges is \$3400.

Observe Golden Anniversary

MR. AND MRS. CHARLES MOESTA received relatives and friends at a reception in their home in Cadillac boulevard on the night of June 15 in celebration of their Golden Wedding anniversary. Mrs. Moesta was born in Grosse Pointe and Mr. Moesta at East Grand boulevard and East Jefferson. They have one son, Waldemar C. Moesta, two grandchildren, Rodman C. and Marianne, and one great grandchild.

Schools Providing Program Of Supervised Recreation

The Grosse Pointe Board of Education will provide a program of supervised recreation activities at the Trombly, Defer, Maire, Richard, Kerby, Mason and Grosse Pointe High School playgrounds during the summer vacation period.

The playground season will open on Monday, June 21, and extend through Friday, August 13. The Defer, Trombly, Maire and High School centers will be supervised from 9:15 a.m. to 12:30 p.m. The Defer, Trombly, Richard, Kerby and Mason centers will be supervised from 1:15 p.m. to 4:30 p.m. The Defer, Trombly, Maire, Richard, Mason and High School centers will be supervised from 6:15 p.m. to 9:15 p.m.

Children will find several types of worthwhile activities being carried out that will be of particular interest to them. Included in the program will be handicraft, a story period, circle games, soft ball, hard ball, kick ball, croquet, horseshoes and tennis instruction. Special events will be planned each week and will include picnics, doll shows, costume parties, treasure hunts, etc.

The supervisors selected to conduct this program have all had previous experience in planning or participating in leisure time activities.

Parents may enroll their youngsters at any time without charge. If possible, particularly in the case of children of early elementary school age, it would be desirable if parents accompany their children to the playground the

Thefts Disclosed At High School

A series of thefts at the Grosse Pointe High School was disclosed on June 14 when Detective Sergeant George Champine of the Farms police was called to investigate a breaking and entering at the Industrial Arts Building and Book Store. Assistant Principal Charles Saltzer said that two sets of keys to the building had been stolen recently and between June 1 and 14 a number of robberies had taken place.

A total of \$57.02 had been stolen from four homerooms. Missing from the book store were a gold and blue pin and a mechanical pencil. A set of the stolen keys was found in the library. Mr. Saltzer said the locks would be replaced. A set of finger prints has been found by Sergeant Champine.

# Knowledge of Magic Pulls Theater Group Out of Hole

By a G. P. Theatre Reporter  
The drama of theater is not all "on stage" or in rehearsal. Members of the Grosse Pointe Theatre added a dramatic chapter to their meteoric history last week in the back-stage department.

Sunday, June 16, the theatre was planning to rent at least one of the sets for its forthcoming production of Clarence; and it hadn't quite decided from whom it was going to rent. The play will be presented June 24, 25 and 26 in the Pierce School.

Then entered Malcolm McGregor Barnum, back home on York-shire road, between terms at the University of Michigan—two whole weeks to kill. "Why don't you build your set?" he asked

the managing director, Russel Werneken.

"Too expensive," Werneken said. "Besides, we don't have the space to build it, and our personnel are too busy in other departments."

But Mac spoke to the general meeting of the theatre on Sunday afternoon, asked their help in solving the supply, the space and the "labor" problems. A few suggestions went in the suggestion box.

Noon, Monday, he called Mr. Werneken to say he had the key to the gymnasium of the Grosse Pointe Memorial Church. Next day, he said he'd been given the name of a lumber yard that would provide lumber at wholesale

prices, a place to get muslin at a drastic discount, and a "hot lead" on paint at cost. His father, an officer of the Detroit Automotive Products Corporation could spare a truck once in a while. "If we're going to do it, I've got to get started now," he insisted.

"What do you think of the flats at the Pierce Auditorium?" Werneken asked. "We have permission to paint them and use them. Won't they work for the second set?"

"Yes, they're fine. Saw them today. Mr. Levitt (the principal of Pierce Junior High School) gave me the key to the auditorium and says we can move the flats to the church gym tomorrow."

"And you still want to build the first-act set?" asked Mr. Werneken, a little breathless.

"How much were you going to spend for renting scenery?" asked Mr. Barnum.

"We allowed \$170 in our first

budget, but we could go to \$200." "Give me \$150 and we'll build it," Mac said.

Conferences with the co-directors of the play, Richard Forsyth and Dallas Chapin, followed. The high school flats were moved. It was now Friday morning; and Mac phoned Werneken again; "Lumber's ordered; but I can't get a truck today. Hafta get that lumber right away; and if it keeps raining, we'll have to have a covered truck."

"I bought an old—a very old—panel truck yesterday. It's ready to pick up today; but it might not be ready until ton late in the afternoon. Where is that lumber yard, again?"

"Way over on the west side."

Mr. Werneken called the used car lot, went there by taxi and bus, signed papers, and headed west, wondering just how many months or years it had been since that truck had been on the road.

The lumber was in the church gymnasium at 8 o'clock that night.

Muslin, hammer, nails—and most important of all, people were in the gymnasium part of that night and all of the next day. All the flats of the first-act set were finished and ready for painting by 10 o'clock that night—and that included time out for some publicity pictures to be taken, complementarily, by Paul Gach.

Helping this latter-day three-acting circus manager—Grosse Pointe's own Mr. Barnum—were: Mrs. Frank Pitt, Miss Marian Getler, Mrs. George Hall, Raymond Fuller, James Ryan, Miss Jane McClure, Miss Sarah Ann Griffith, Miss Marty Emerson, Miss Marilyn Cousins, Miss Isabelle Ward, and Larry Verdier, all of the Pointe; and a visitor from the west side, Joe Greenhoe.

The managing director again: "And how much have you spent so far, Mac?"

"About sixty dollars," came the answer. "But gee, we gotta get moving: all the painting to do. I told everybody to bring a big paint brush tomorrow . . ."

Just about then, we decided to ask some questions about Mac, who, needless to say, is scenesigner and stage manager for Clarence.

The answers?—He just finished his junior year at the U. of M., majoring in speech and economics. The speech department puts on six major and six minor productions during the school year. Before that, Mac produced, directed and presided over variety shows for the navy—a different show every two weeks.

"Anything else?" we asked.

"Don't think so," said Mac, adding casually, "except that I used to fool around with magic a good many years ago."

Whereupon we said, "Thanks, Mac, we'll try to place a story," and hung up, saying to ourselves, "It looks to us as if he's still fooling around with magic."

# Swimming

(Continued from Page 1)  
Saturday morning and the Farms ran the tests during the weekend. Dr. Davies told the NEWS on Monday morning that he is now making arrangements to have regular tests made at other laboratories so he can keep a close check on the water pollution at the Pointe beaches.

The resolutions passed by the Farms trustees mean that the village has virtually taken over the matter of banning or permitting swimming at its own beach, and will be governed solely by the result of the daily tests.

Mr. Smith said the tests made were of samples taken close to shore, which would normally have the highest bacteria content. He pointed out that the State Department of Health has always been fully satisfied with the ability of the Farms to test its own samples.

Following the action of the Farms, a special meeting of the Township Board was called for early Monday morning, at which approval was granted for the opening of the other beaches, excepting the Woods.

The Farms officials have again been assured by Drain Commissioner Harper of Macomb County that the interceptor sewer which keeps both storm drainage and sewage out of the lake, will be used during the summer swimming season, excepting when a very heavy rain might make it impossible to handle the excessive amount of drainage through the interceptor alone.

The samples taken at the Farms pier have been so good that the plan to chlorinate the water there has been abandoned, at least for the present. During the spring the village constructed a sewer line from the pier back to connect with the Lake Shore sewer, which eliminates the pollution that formerly came from the septic tanks used at the pier.

The subject of lake pollution coming from Grosse Pointe Shores was also discussed at the Farms meeting. It was stated by Mr. Smith and Dr. Davies that if the Shores had a sewer system instead of allowing its septic tanks to drain into the lake, the pollution would be lowered still more.

Despite this pollution the Shores has reportedly taken four samples which have tested perfectly safe for swimming. It was also stated that Detroit is getting good tests from samples taken at Belle Isle.

# Garden Club

(Continued from Page 1)  
lots shielded from Jefferson by a green buffer strip.

2. Purchase, as soon as feasible all vacant property on both sides of Jefferson within village limits, to be planted over a period of time to trees and shrubs to make a protective green belt. To expedite this, the Village should also establish its own nursery for the propagation of trees and shrubs for this use. Such a green belt would not only protect residences on side streets north and south of Jefferson from the noise and dirt of traffic, but would protect and maintain property values and improve the looks of our main street.

Experience in other cities shows that such frontage is seldom used for residences, and is a poor investment for business, since modern planning should provide off-street shopping centers—with parking facilities—rather than inconvenient and unattractive ribbon developments such as we have on Kercheval.

3. Purchase, or designate for purchase, lake front property now available for extension of our village park.

While we realize that our last three points are necessarily long range, we urge you and the gentlemen of the Town Council to consider both our short and long range suggestions when setting up a list of priorities for village improvement. Now that our sewers are paid for, the next logical step, it would seem to us, is a long range plan for beautification which is, in the long run, an economy. Also, "seen" improvements are always more cheerfully paid for by property owners.

Respectfully submitted,  
Mrs. Frederick G. Jones

The reading of the communication started a lively discussion among the Commissioners. It was mentioned that some of these suggestions were already in progress of fulfillment and others are in mind.

President Fritsch said that inasmuch as the letter had been addressed to him he would undertake to answer it on behalf of the board. All of the commissioners deeply appreciate the interest of the committee in the aesthetic and practical improvement of the village.

# Nature Lovers Plan Institute

A field institute in plant and animal ecology, sponsored by the Detroit Audubon Society and the Michigan Association for Native Plant Protection, Southeastern Chapter, to take place during the week of June 20-26 at Dodge Park No. 10 near Highland, Michigan, has been announced.

The purpose of the institute is to train leaders and teachers in the field of nature study and science. Housing is obtained for some 20 persons in a state park dormitory, while others may bring their own camping equipment.

Expert field leadership will be furnished by some of Michigan's leading field naturalists. There will be field trips, illustrated lectures, campfire programs, and of course a lot of fun. The whole program is being encouraged and strongly supported by the Michigan State Department of Conservation at Lansing, the Michigan Audubon Society and the Michigan Association for Native Plant Protection.

The camping area adjoins the new Highland State Park, eleven miles west of Pontiac, and consists of some 4,000 acres of public lands including the famous Edsel Ford Estate. The whole area

is rich in the natural flora and fauna of Michigan.

Costs will be at a minimum, and for further information the director should be contacted. Mrs. Hazel Messner, 308 McKinley, Grosse Pointe. (phone TU. 2-2348)

The big Detroit sewer project which has been underway in the Park for many months has progressed to a point where connection is about to be made with the Cadieux sewer.

This operation, will add about 45 more days to the estimated time of the whole project. The contractors have notified the village of the probable interference of street service during the period of construction but the village has suggested that they acquire private abutting property either by purchase of lease to obviate the interruption of street traffic.

## Reception to End Full Year For High School's Mothers

Following the Commencement program of the Senior Class tonight, the graduates, together with their parents and friends, will be guests at a reception given by The Mothers' Club of Grosse Pointe High School. The Social Manro as chairman, will be in charge of refreshments. Mrs. Charles Lord, president, and members of the hospitality committee with Mrs. Paul Thompson as chairman, will be on hand to welcome the guests.

This event will bring to a close an outstanding year of activity and accomplishment of the Mothers' Club. The interest and support of the many new members, as well as the excellent cooperation of past members and friends in the community, has made this possible. As a Parent-Teacher organization, the club has served well. The openhouses, individual class gatherings, the Commencement receptions, in addition to the regular meetings, have been a real help to parents and teachers and of benefit to the students.

The income from membership dues, Neighborhood Groups, the annual card party and the sponsorship of two performances of Pointe Player plays has enabled the Mothers' Club to extend its scope of interest and helpfulness. Five Girl Scout Troops have been sponsored and a generous contribution made to the Grosse Pointe Girl Scout Council. A juke box has been enjoyed by members of Blownell and the high school. A gift, this year of the club. A five hundred pledge has been made to the War Memorial Library Fund.

As a part of the regular Commencement program, announcement will be made of seven scholarship awards. These are in amounts of two hundred and three hundred dollar grants—a total of nineteen hundred dollars.

Helping graduates who need financial assistance to further their education, has long been an important phase of Mothers' Club interest. The first scholarship aid was given in 1931. The amount allotted this year brings the total to \$16,300 which has

been shared by seventy-six students. The following factors form the basis for selection:

1. A scholastic record of approximately B or better (2.00).
2. A good extra-curricular record.
3. Need for financial assistance. Such need will be assumed to exist if, without the scholarship, the student by going to college places a real financial strain upon his family, or if, without the scholarship, he would need to spend too much time in self-support. It is advisable that the student have sufficient financial resources so that he will not need to work toward self-support during his first year in college.
4. Sound character and leadership record.
5. Definite promise of college success and future civic usefulness.

### Have Front Row Seat at Rescue

Farms Police Officer D'have-lunge in Lake St. Clair Monday afternoon.

The caretaker of the Alger House Museum called the police to say he had heard someone out

in the lake shouting for help. D'have-lunge responded and enlisted the aid of Mr. Dean and his boat, moored at the Little Club dock.

The Coast Guard picked up the two men before the Pointers could get to them. They were Arthur Smith of Piper boulevard and William Campbell of Emerson, Det. Smith hooked a 38-pound muskie and in trying to land him the boat upset.

Smith swam after his catch and held on to him until the Coast Guard effected the rescue.

### Kiwanis to Hold Golf Tourney

### Kind-Hearted Driver Makes Vain Attempt to Save Dog

The maiming or killing of dogs on the streets of Grosse Pointe is a common occurrence but it is unusual when the driver of the car stops and tenderly takes the injured animal into the car and makes every effort to get quick aid.

Such an incident happened on the morning of June 9, when Mrs. Herman H. Swierkos, Jr., of 902 Drexel, struck a young male cocker spaniel at the corner of Jefferson and Yorkshire.

In trying to avoid hitting the little animal, Mrs. Swierkos ran her car sharply against the curb but the dog apparently became bewildered and failed to move quickly enough to escape.

Mrs. Swierkos picked him up and placed him in her car and hurried to the Park police station where she knew a veterinary could be quickly summoned.

Sergeant Mead examined the dog and phoned at once for Dr. O'Neil, but by the time the doctor arrived he was dead.

His license showed he belonged to Mrs. W. Leach of 869 Whittier. Mrs. Swierkos called Mrs. Leach personally on the phone and explained the details of the accident. Mrs. Leach thanked Mrs. Swierkos for being so considerate as to call her and for the efforts she had made for his treatment.

She exonerated Mrs. Swierkos from any blame for the accident. She said the dog was only two years old and had always been kept closely at home.

He was deadely afraid of automobiles and she could understand how he would be terrified when he saw one bearing down on him and would fail to help himself.

### Wayne to Honor Mrs. Joy, Dodge

Two Pointe residents, Mrs. Helen Newberry Joy and Joseph M. Dodge are receiving honorary degrees at Wayne University's commencement exercises tonight, Thursday, at 8:15 o'clock.

Mrs. Joy has been prominent in patriotic and philanthropic activities on a local, state and national level. She has been a benefactor to the community for many years. A charter member of the Detroit Chapter, American Red Cross, and head of the occupational therapy division of that organization, she has been president, secretary and treasurer of numerous civic, patriotic and philanthropic groups.

Mr. Dodge has long been one of the outstanding bankers of the Detroit area and has held important roles in postwar economic rehabilitation in the United States and Germany and key positions on governmental boards and commissions.

The honorary degree of doctor of laws will be conferred on both.

From what we hear a Wayne County man recently dug up some money that had almost decayed; he left it in the ground too long.

## From Another Pointe of View

by Jane Schermerhorn

As a matter of established record... the wonderful horse show going on this week-end (afternoon and evening through Sunday) at Grosse Pointe Hunt Club...

Is the second largest in the United States (300 entries from all over the country)...

In the judgment of Pointers... Mr. and Mrs. Karl Lysinger... this same horse show tops all others in the world...

Enthusiastic crowds... veddy blue blood horses... are bearing our fellow townsmen out...

Practically everyone to whom we've talked this week has been planning at least one afternoon and evening at the horse show...

To an old society editor... it sounds offily good to have the G. P. Hunt Club one more a busy center of activity... offily good to see the barn red and white trim about the place... blooded horses collecting ribbons... and topflight folks having fun...

### MEMO FROM MR. L

We're leaving it to you... to hurry out to the Hunt Club to enjoy the doings...

En route... maybe you'd be interested in a note we coaxed from Champion Hunt Club Drum Beater Lysinger:

"Back in 1911 when people were still yelling 'Get a Horse!' every time an automobile rattled down the street, a group of men got together in Grosse Pointe and did just that. They organized the Grosse Pointe Hunt Club and every year since that time there has been a horse show over on Cook road.

"There were some lean years and two wars when the show was reduced to a one-day event simply to carry on the tradition. This year's show, now in progress is the 37th in a row, the oldest horse show in the United States. With more than 300 horses putting on the feed bag out there this week, it is truly a 'million dollar show'.

"Those early founders of the club were men of considerable stature in the community. They rode hard and they build Detroit while they were doing it. First master of the hunt was the late Burns Henry. The late Colonel Frederick M. Alger, Russell A. Alger and E. P. Hammond were among others whose names come immediately to mind. There was Vincent Corbett, too. He is one of the few left of the group and every day sees him on his horse. Nineteen, circling the Country Club trail.

### THE NAMES THEY CHOOSE

"Horsemen are fond of believing that theirs is a special kind of insanity that makes for an interlude of peace and relaxation in a mad world. The very names they pick for their horses indicate the dreamy character of their approach to a rather strenuous relaxation.

"There's Jeanne Vance's Lady Bangit, for instance, and Dick Fruehauf's Good Deal, and Tony DiMarco's Tinker Toy and Gloria Roberts' Three Stockings, Janet McHattie's Miss Pippin, and Mary McKay's Nightingale's Melody; Cloud L. Cray's Harmony and Club President E. C. Putnam's Captain Joe and Romper; Ralph T. King's Final Answer; Mrs. J. Deane Rucker's War Fever and Mrs. James A. Blackwood's Bobbie Pin. Then there's Mrs. A. E. Rueben's just plain Horrie which is probably what she called her first one as a child.

Besides all the out of town owners, all the familiar ones from the Pointe, Bloomfield etc. will be at the Hunt Club through Sunday... putting on this Million Dollar Show... so we'll see you there!

### EMMA WILLARD ALUMNAE MEET

The John Gordon Hills will be there to see their little daughter on Thursday (today) which brings to mind that Mrs. H's Emma Willard Alumnae Association met this past Wednesday out in Birmingham at the home of Mrs. Edward E. Rothman...

Miss Anne Wellington, head mistress of the school, came on from Troy, N. Y. to be guest of honor... at the luncheon...

She showed sound movies of activities at the school... Also marking the alumnae's get-together... Alumna Mrs. Hubert Noble donated a silver bracelet which she had made... this was raffled off during the afternoon to swell the alumnae's scholarship fund...

### WEST POINTER HOME

Tyree... son of the Harold B. Tyrees of Provencal road... Tyree... son of the Harold B. Tyres of Provencal road...

Tom became a lieutenant in memorable exercises at the U. S. Military Academy last and then hurried back to the Pointe for two months of wonderful holiday (rather, furlough).

### PARTIES AND VISITORS

Week-end fun... will include the party Harry Rust will give this Sunday at his home on East Jefferson avenue...

Cocktails and a buffet supper for a group of his pals... A 24 hour visitor to the Pointe this week... was Mrs. Henry

Guests included MARYLYN WOOD, JUDY MUELLER, BETH VERBIEST, PAULA WALKER, ANNA PETZOLD, PATSY MURPHY, JOAN FISHER, KAREN CHRISTIANSON and CAROLYN FRUEHAUF.

First anniversary of the wedding of the junior WENDELL ANDERSONS was June 14, but Wendell was busy with exams preceding his graduation from Yale on June 21. After commencement the couple will fly to Cat Cay in the Bahamas to visit the senior WENDELL ANDERSONS of Vendome road.

MRS. RAY E. DANAHER left her Lake Shore road home last Tuesday to visit her son-in-law, ENS. JAMES W. BOLDING, JR., USCG, who is stationed at Cape May, N. J., and her daughter, MRS. BOLDING.

A luncheon and miscellaneous shower last week honored BARBARA ANN BLAIR, bride-elect of DONALD ROBERT WOLLENZIN. Hostesses were Barbara's aunts, MRS. CHARLES FREIBURGER of Neff road and MRS. EDWARD KORFF.

Weekend guests of the WESLON SEYBURNS in their home on East Jefferson avenue were their son-in-law and daughter, MR. and MRS. CHARLES APPLETON MEYER, of Highland Park, Ill.

Saturday evening MR. and MRS. PAUL A. SHIPMAN gave a dinner, in their Merriweather road home for the JOHN M. BLOOMS, visiting from Los Angeles, Calif. A farewell dinner, at which MR. and MRS. HOWARD B. KNAGGS were hosts, also feted the Californians.

MRS. ERIC T. RANSTRUM of Mt. Vernon road and MRS. ANDREW W. BARR of Merriweather road motored to Massachusetts Thursday to attend their class reunion and the 50th anniversary celebration of the founding of Miss Hall's School at Pittsfield. Mrs. Ranstrum will remain for 10 days at Huntington, Long Island, as a guest of the RAYMOND DE CLAIRVILLES. MR. RANSTRUM will make the trip East to accompany her home.

Among the parties given by Grosse Pointe High seniors was the Tuesday luncheon at which MARY ELLEN ANTRIM honored classmates PEGGY HATCH and CECILY WADE, who are leaving the Pointe for the summer. Peggy will leave June 21 when the Hatch family moves to a Montana ranch, and Cecily will spend the summer in Sweden.

MR. and MRS. ALVIN G. SHERMAN, who have sold their Balfour road home, will move to Kokomo, Ind., early next month.

Last week MR. and MRS. JOHN W. MULFORD of Provencal road, went to Washington, D. C., to meet their daughter, JOAN, who returned to the Pointe with them.

FREDERICK J. GRIFFITHS dropped in from Washington last week to visit his parents, the ALBERT A. GRIFFITHS of Edgemore road.

CAPT. and MRS. DAVID DWIGHT DOUGLAS entertained last week at a dinner in their home in Rathbone place for an out-of-towner, MRS. ALBERT B. HILTON, of Beverly Hills, Calif.

Her Easter jaunt completed, MRS. LEAVITT JAMES BULKLEY is once more in her Edgemont Park home. The trip included a visit with her son, JAMES, at Princeton, and another with CAPT. and MRS. ALEXANDER S. WOTHERSPOON in Washington.

MRS. C. G. LE SUEUR of Burns drive gave a luncheon and bridge party Friday for a former Pointer, MRS. WILLIAM HOUSE, visiting from Fort Leavenworth, Kan. Completing the foursome were MRS. LOREN JENKS and MRS. LEWIS P. KALB.

MARGARET ANNE MCKEAN was graduated Monday from Connecticut College at New London, Conn. On hand to extend congratulations were her parents, the ROBERT E. MCKEANS of Yorkshire road, her brother GEORGE, and sisters, MARY and PATRICIA.

MR. and MRS. PIERRE J. FONT came from Chicago recently to be the guests of Mrs. Font's parents, MR. and MRS. MURRAY NORTHRUP of Three Mile drive, and to have their daughter, DIANNE, christened by DR. FRANK FITT in Grosse Pointe Memorial Church.

The LEWIS P. KALBS of Washington road have left to spend two weeks at the McFadden Deauville Hotel in Miami Beach.

Accompanied by MRS. HAMILTON R. JAMES, of Grosse Ile, MRS. C. THORNE MURPHY of Rivard boulevard motored to attend the graduation of her son, BILL, from Lawrenceville School in Lawrenceville, N. J., last week. After the exercises Mrs. M. and Bill hurried back to greet MIKE MURPHY, just home from Fountain Valley School, Colorado Springs, Colo.

## Barbara Ann Wicking Weds Webster Knight

Couple Fly to Bermuda for Honeymoon Following Ceremony in Home of Bride's Parents and Garden Reception

Barbara Ann Wicking, daughter of Mr. and Mrs. Bert Harrison Wicking of Trombley road, and Webster Bonham Knight III were married Saturday afternoon at an all white wedding in the Wicking home. Dr. Frank Fitt performed the ceremony and stately ivory tapers formed the background for the nuptial scene.

Mr. and Mrs. Webster B. Knight, of Port Drive, Grayhaven, are the bridegroom's parents.

Given in marriage by her father, the bride chose an heirloom gown of ivory embroidered organza fashioned along princess lines. A fingertip veil of illusion fell from the rose pointe poke bonnet trimmed with orange blossoms of seed pearls, which had been worn by four generations of brides.

Barbara carried white orchids and lilies of the valley on her prayerbook, which was given to her when she graduated from high school by the late Mrs. Frank Scott Clark and Miss Annie Ward Foster.

The bride asked her sister, Buffy, to be her honor maid. Buffy wore a white silk crepe gown, Grecian style, and carried a colonial bouquet of vermilion rosebuds.

The bridesmaids, who carried similar bouquets of American Beauty roses, wore white chiffon gowns made like the maid of honor's. They included Cynthia Vessler, Billyann Clippert, of Grayling; Patricia North, of Glen Ridge, N. J., and Josephine Collins.

Performing the duties of best man was John Penberthy, and Bert H. Wicking, Jr., Robert Smith, Ted Kratzel, George Stroth, Douglas Donald and Donald Frank, of St. Louis, Mo., seated the guests. Small King Knight Clifford, of Battle Creek, was his uncle's ring bearer.

Mrs. Wicking chose a gold silk crepe for her daughter's wedding, and she wore bronze and gold cybotium orchids. The bridegroom's mother wore pure silk Sophie original of dawn blue with deep purple orchids.

A reception in the Wicking garden followed the wedding. The newlyweds then left to fly to Bermuda for an extended honeymoon. When they return early in August, they will move into their new apartment in the Pointe Gardens.

## Tau Beta Meets Friday, June 18

The June meeting of Tau Beta will be held on Friday, June 18, at the home of Mrs. Standish Backus of Lake Shore road. The speaker will be Renville Wheat, a member of the Citizens Survey Committee of Metropolitan Detroit. He will give a summary of the community survey recently conducted by the Community Chest.

Mrs. Harry Kerr, chairman of the Tau Beta camp, will give a report on the camp which opened Monday, June 14, for ten weeks. The organization acknowledges the time and materials donated by the Hamtramck Rotary, Kiwanis and Optimist Clubs in painting the camp buildings.

## Mrs. H. E. Reilly Guest Of Theodore D. Buhls

Arriving in the Pointe tomorrow will be Mrs. H. E. Reilly of Brooklyn, New York, who will be the house guest for two weeks of her daughter and son-in-law, Mr. and Mrs. Theodore D. Buhls of Ridge road.

The Buhls will entertain at an informal supper to honor their guest on Saturday evening on the occasion of her 76th birthday. Among the guests will be Mrs. Nobel C. Banks of Palm Springs, California who is visiting her daughter and son-in-law, Mr. and Mrs. Chisholm N. Macdonald of Mrabeau place.

## Gloria Ann Rewoldt Bride of Dr. Whelan

### Copper Harbor Picked for Honeymoon Following Ceremony in Christ Lutheran Iroquois Avenue Church

Dr. and Mrs. Joseph Leo Whelan are honeymooning at Copper Harbor, Mich., following their wedding last Saturday, June 12 at Christ Lutheran Iroquois Avenue Church.

The former Gloria Ann Rewoldt, daughter of Mr. and Mrs. William John Rewoldt of Sunningdale drive, and Dr. Whelan, son of Mr. and Mrs. John Gorman Whelan of Minneapolis, repeated their vows to the Rev. Harry E. Olson at 4 o'clock in the afternoon.

Cibotium fern and white peonies banked the altar for the rites, with many tapers glowing in cathedral candelabra. Additional tapers, tied with satin ribbon and fern, gleamed at each pew on the aisle down which the bridal procession passed.

Satin in palest ice blue shade fashioned Gloria's wedding dress. The bodice was designed with inset yoke of net, and an off-shoulder line bordered with satin petals. The petal motif was repeated in the graduated peplum over the full skirt, which ended in a wide, circular train.

Her matching veil, fingertip length, was held by a scalloped coronet of illusion bound with satin, and she carried a loose arrangement of calla lilies, tinted pastel blue, combined with trailing ivy.

LaVonne Haslett, as the bride's only attendant, was in satin of a deeper ice blue, with cap sleeves and a slight train. She wore a coronet of blue cornflowers and ivy to match her bouquet.

Dr. John Perkins of Middletown, Ohio, served as best man. Seating guests were Dr. Charles G. Killens, Dr. Charles J. France, Dr. Henry Hartke and Dr. John G. Bielowski.

For her daughter's wedding, Mrs. Rewoldt chose a floor-length dress of navy blue sheer with a deep taffeta flounce. Navy lace draped her small hat, of pastel pink straw, which was complemented by her corsage of pink shattered carnations.

A reception took place at the Grosse Pointe Yacht Club. Ferns and tall standards of pastel blue calla lilies formed a background for the bride party who received in the main lounge. At the opposite side of the room was the bride's table, centered with the tiered wedding cake.

## Prince Bertil Feted in Pointe

A tea Saturday afternoon in the Bishop road home of Mrs. Otto Lundell and a dinner dance given by Mr. and Mrs. Henry Ford II that evening welcomed His Royal Highness, Prince Bertil, of Sweden, upon his arrival.

Hosts with Mrs. Lundell were her son, Arvid Lundell, and Swedish Vice-Consul Carl Berglund and Mrs. Berglund.

The Grosse Pointe Club was the scene of the Ford party to which 140 guests were invited. Mrs. Ford's brother-in-law and sister, Mr. and Mrs. Raymond P. Sullivan, of New York, came for the event and to be weekend house guests in the Ford home on Provencal road.

## Parties Feteing Nancy Stocking

Pre-nuptial parties are underway for Nancy Ann Stocking, daughter of Mrs. Charles D. Stocking of Westchester road, and the late Mr. Stocking. Nancy will become the bride of George O. Young, Jr., on June 19. Mr. Young's parents are the George Youngs of Somerset road.

This evening Mrs. William D. Bauch, of Columbus, O., has planned a dinner party in Nancy's honor at the Rivard boulevard home of her mother, Mrs. James Armour. The rehearsal dinner for 35 guests will be given at the DAC Friday by Mr. and Mrs. Gerald L. Smith, of New York.

Parties for the bride-elect have also been given by Margaret Walsh of Maryland avenue, Betty Lou Orth of Trombley road, and the spinster dinner was hosted by Nancy's sister, Mrs. Andrew J. Miller at the Stocking home.

Jeanne Drawe is to be honor maid in the wedding party while Betty Lou Orth, Margaret Walsh, Carol Kropp, Mrs. William D. Bauch and Mrs. Andrew J. Miller will act as bridesmaids.

Nelson Korte will be Mr. Young's best man. Donald Staub, Thomas Anderson, Bruce Norton, Dr. R. J. Reichling, Jr., and William Walsh will seat the guests.

## Cecelia Justice To Wed in Fall

A surprise announcement awaited guests who attended the Saturday afternoon cocktail party in the Neff road home of Mr. and Mrs. Clarence M. Justice.

The event served the twofold purpose of welcoming home their daughter, Cecelia Champan Justice, who has been a member of the military government staff in Germany, and of revealing her betrothal to Philip Hathaway Clark II.

The bridegroom-elect, who is still in Berlin, is the son of Mr. and Mrs. R. Philip Clark, of Orchard Park, N. Y. The couple plan an autumn wedding here, after which they will return to Germany.

Cecelia was affiliated with Theta Sigma Rho sorority at National Park College in Forest Glen, Md. Her fiance attended Hamilton College.

## Luncheon Closes Club's Season

Mrs. Frank Quail, Jr., of Balfour road, was hostess Friday for the luncheon and annual meeting at which the Pointe Garden Club closed its eighth year. Mrs. Hansel Dwight Wilson presided at the business session.

Mrs. C. Bayard Johnson, Mrs. Richard A. Forsyth, Mrs. Watson Beach, Mrs. Wendell Wheeler, Mrs. Arthur Sutherland, Mrs. Hubert D. Schmitz, Mrs. R. Gervays Grylls, Mrs. Frederick J. Stevens and Mrs. Robert W. Conder presented reports.

Following the meeting the group toured the gardens of Mrs. John French, Mrs. Standish Backus, Mrs. Ralph Booth, Mrs. Raymond Dykema and Mrs. Dexter M. Ferry.

Constant complaint is the poorest sort of pay for all the comforts we enjoy.—Franklin.

## Meeting Held In Mack Home

Mrs. John Mack opened her Lakeland avenue home last week for the annual June meeting of the board members of the Neighborhood House.

The summer recreation program at Neighborhood House was discussed with Mrs. Muir Lind, chairman, presiding. Initial plans were made for the Donation Tea and Fashion Show to be held at the Alger Branch Museum on October 13. Mrs. Crawford Frost was named general chairman of the tea. Mrs. Ezra Lockwood will assist her.

Board members attending included Mrs. Arnold F. Malow, Mrs. Donald C. Stevenson, Mrs. C. Bayard Johnson and Mrs. G. Hubert Noble.

Those who complain most are most to be complained of.—Matthew Henry.

## Lois Olive Woerfel Weds Allan Meissner

### Young Couple Honeymooning in Wisconsin Following June 12 Ceremony in Presbyterian Church of the Covenant

Mr. and Mrs. Allan F. Meissner are honeymooning in Wisconsin following their Saturday wedding at Presbyterian Church of the Covenant. Mrs. Meissner is the former Lois Olive Woerfel, daughter of Mr. and Mrs. Lester O. Woerfel of Seyburn avenue. The bridegroom is the son of Mrs. F. J. Meissner of Bishop road and the late Mr. Meissner.

Blush pink marquisette over white slipper satin was the bride's choice for her wedding gown. Lace edged the marquisette yoke and the long sleeves were pointed at the wrists. Ruffles fell from the long torso bodice into a fan-shaped train, and her blush pink English illusion veil fell over a small hat of illusion. Cascaded white carnations, orchids and stephanotis formed the bridal bouquet.

Mrs. Russell, as matron of honor, wore a pale orchid marquisette gown. Her blush pink headpiece was matched by a cascade of pink carnations.

The six bridesmaids were gowned like the honor matron, but in a deeper shade of orchid. They carried orchid-tinted carnations. Mary Ann Lane, Lila Hutcheson, Mrs. Julius Pising, Mrs. John Anthony, Ruth Liggett and Wilma Ingram were the attendants.

Chrissy Herbert, small cousin of the bride, was flower girl. The bridegroom asked James Northrup to serve as his best man. Ushers included Russell Woerfel, Don Moore, Louis Charvet, Arthur Howell, Andrew Lemke, Jr., and William Hammond, of Battle Creek.

A coal crepe dinner dress was worn by the bride's mother, and Mrs. Meissner chose an aqua gown of marquisette. Both wore orchid corsages.

A reception at the Whittier Hotel followed the ceremony. When the couple left on their wedding trip, the bride wore an orchid dress with white accessories.

Upon their return they will make their home in Bishop road.

## Fosberg-Reed Vows Exchanged

A former Pointer, Richard Reed, son of Mrs. William G. Reed, of Sanford, Me., claimed Elizabeth Fosberg as his bride Saturday evening at a ceremony at the First Presbyterian Church of Ann Arbor.

The bride is the daughter of Mr. and Mrs. William C. Fosberg. Mr. Reed made his home with his sister, Mrs. Leon D. Ratcliffe of Oxford road, while he attended Wayne University.

Mrs. Carter Sparks of Jackson, Mich., was matron of honor. Gail Godfrey, of Sault Ste. Marie, and Shirley Hogan, of Ann Arbor, were the other attendants.

Louis Fourie, of Mossel Bay, South Africa, performed the offices of best man. Ushers were Frederick Jeffers of Birmingham, and Robert Laidlaw, of Tecumseh.

Mrs. Reed, who was graduated from the University of Michigan in 1946, was a member of Kappa Delta sorority. Mr. Reed, who was graduated from the university in 1945, is attending the U. of M. Dental School. He is affiliated with Delta Sigma Delta.

The couple will make their home in Ann Arbor until Mr. Reed completes his course.

## Parties Planned For Horse Show

The 37th Annual Horse Show of Grosse Pointe Hunt Club will be held today through Sunday at the club on Cook road.

Included on the week end program are a Thursday luncheon at Grosse Pointe Yacht Club in honor of visiting juniors; the Hunt Ball Saturday evening, and the buffet supper and cocktail party Club President E. C. Putnam and Mrs. Putnam will give Sunday evening in their home on Sunningdale drive.

Boxes have been reserved by the Putnams, Mrs. Horace E. Dodge, Mrs. Frederick Parker, Jr., J. A. Vance, Jr., Miles Cuihan, Elliott S. Nichols, Mrs. J. Deane Rucker, Charles Verheyden, J. A. Markley, George Trendle, J. J. Marshall and Mrs. Eugene du Pont.

## Mollie Lester Bride Of George J. Beyer

### Two Pointe Families United at Ceremony in Faith Lutheran Church; Couple Motoring Through Great Smokies

Faith Lutheran Church was the scene of the candlelight service Saturday evening, June 12, at which Mollie Lester and George J. Beyer were married. The Rev. Charles Lange and the Rev. Charles Scheid officiated at the wedding.

Parents of the newlyweds are Mr. and Mrs. Don T. Lester of McKinley road, and Mr. and Mrs. Fred W. Beyer of Oxford road.

Given in marriage by her father, Mollie wore a gown of candlelight satin with long train. The sweetheart neckline was bordered in seed pearls and the long full sleeves were puffed to the elbow. Fine heirloom lace trimmed the court train belonging to Mrs. Douglas Campbell. The bride's fingertip veil fell from a low crown of matching satin, and her cascade bouquet was of gardenias and Esther Read daisies.

A cousin of the bride, Virginia Lee Raabe, of Morenci, Mich., was honor maid. Her orchid taffeta gown was fashioned with sweetheart neckline, cap sleeves and caught up with a drapery at the side. She wore an orchid bonnet headpiece and matching mitts, and carried a colonial bouquet of pale pink carnations centered with white daisies.

The bridesmaids were gowned identically to the maid of honor and they carried pink carnations. They were Jane Wallace of Pleasant Ridge, Mich.; Mary Caroline Wade, and Mrs. Herbert W. Lester.

George asked his brother, Fred, to be his best man. Glenn Halford, Herbert W. Lester, the bride's brother; Douglas Mackenzie and Arthur C. Beaumont, Jr., were ushers.

For her daughter's wedding, Mrs. Lester selected a powder blue crepe gown with which she wore a cloche of purple lilacs. On her purse she carried a small cluster of purple delphinium. The bridegroom's mother wore a chiffon print with matching pink and green maline hat. She wore a corsage of pink roses.

Following the reception at Lochmoor Club, Mr. and Mrs. Beyer left on a two weeks motor trip through the Great Smoky Mountains. For traveling, the bride wore a colonial brick gordinette suit with navy accessories and a white orchid corsage.

She is the bride-elect of Donald Philip Frank, son of Mr. and Mrs. Philip J. Frank, of St. Louis, Mo. Two weeks previous to the announcement, Cynthia was graduated from Stephens College.

Her fiance, a graduate of the University of Missouri, has been assistant history instructor at his alma mater for the past year. For the party Sunday Cynthia wore a handknitted suit dress of pale blue and a white orchid.

MORE VANDALISM  
M. H. Becker, of 16900 E. Warren, Detroit, who is building a house at 1126 Whittier, reported to the Park police on June 11 that some young vandals had broken several windows in the new house. Mr. Becker had neglected to place the property on the watch list during its construction.

## The Vandenberg Declaration

The resolution passed by the United States Senate on Friday, June 11, committing this country to a policy of extending military aid to defensive alliances formed among the World's free nations, is the most radical departure within the national life of the American people in their relations with foreign countries since President Monroe inserted a few lines in his message to the Congress on the state of the union on December 2, 1823.

That was merely the opinion of a President, wholly without official fixation as a principle of our foreign policy, and at most recommended our future attitude towards attempt to reintroduce, by conquest or colonization, the monarchic system in the Western Hemisphere.

The Vandenberg Resolution, which passed the Senate by the impressive vote of 64 to 4, covered the whole world in its scope wherever freedom is threatened by despotism and dictatorship.

While its immediate impulse was to supplement the economic help we have already promised to the well nigh ruined nations of the free world, to strengthen their confidence in the help we have already promised by indirection, its implications project far into the future of our national life, and ranges us directly on the side of true democracy wherever it struggles to endure.

That this expression comes from the only branch of our National Legislature which holds the constitutional treaty-confirming function, gives it added significance.

It displays a row of teeth to totalitarians and dictators throughout the world, which they cannot fail to see and understand.

That such a declaration emanated from the United States Senate in the midst of a presidential election year and was enacted by an overwhelming non-partisan vote gives concrete evidence of its earnestness and reality.

It is simple, direct and meaningful. It pledges our physical might to the defense of freedom and is a warning as clear and explicit as the English tongue could convey to Russia or any future would-be conquering state. It is as clear as the "unfriendly act" line in President Monroe's message one hundred and twenty-five years earlier, and we venture to predict that the Vandenberg Resolution will be as often quoted in the future and as effective in its impact on foreign thinking as the earlier declaration.

It will be approved by the great rank and file of the American people who are in no mood to see the things for which they fought two great wars in a single generation, with all of their entailed sacrifices of blood and treasure, come to naught for want of an effective follow through.

In one great declaration our Senate has accepted for us, formally and officially, the responsibility of moral and political leadership of the free peoples of the world wherever their rights and freedoms are threatened.

Chalk up on history's scroll the second great pronouncement of the American Commonwealth as it faces the world of today and tomorrow.

## The Union's Obligation

At the breaking out of World War II the two great labor unions in this country gave pledges to the Nation through their respective heads, Presidents William Green and Philip Murray, that "strikes were out, for the duration."

Technically this pledge was kept, at least to the extent that no large scale strike was authorized. There were, however, an infinite number of unauthorized or wildcat strikes even during the height of our war effort. Some of these unauthorized strikes involved as many as 10,000 employees in a single instance.

With the end of the war many great strikes occurred involving all of the employees in entire industries. These were met and settled in successive waves of demands for higher wages to keep pace with the advancing living costs. All the time that these great strikes have arisen, been negotiated and settled, there has been and still continues a drum fire of unauthorized strikes, the effect of which has been to keep out of employment often many more workers than the handful originally involved.

This situation poses the urgent question: If the unions are the universally accepted agency of both workers and employers for the consideration and settlement of wages and conditions of employment, why should not the unions hold and exercise the power to prevent unauthorized strikes? The union leaders can do so if they wish to. The removal of union protection alone would be effective to prevent a comparative handful of employees from disrupting the productive mechanism of an entire plant, to the loss both of worker and employer.

The employer has the right to expect that when a contract has been entered into for a specified time between him and his employees it covers all the conditions of employment and he is to be relieved of the hazard of disruption of production at the whim of a small segment of his workmen, often over some trivial cause wholly removed from the general concern of the great body of workmen.

If the unions cannot guarantee the carrying out of their contracts they have failed in the great purpose which justifies their existence.

Unions are absolutely necessary to the conduct of industry in the scale to which it has now grown. It is only through the representative system among workers and the collective bargaining method that workable and mutually advantageous relations can be maintained between worker and employer.

In the main this system has worked well but it still remains for the unions to clear up some of the loose ends in this relationship. The employer has the right to have binding assurance of the uninterrupted carrying out of the contract in which he has entered with his employees. It is necessary to both sides that this should be so. The answer lies in the hands of the unions themselves through their leaders.

Failure to make good on their covenants would inevitably undermine the whole union system and it would fall a victim of its own weakness.

After that there is nothing left but industrial anarchy.

## Grosse-Exaggerations

A. PRYOR

"Give what you have. To some one, it may be better than you dare to think."

(Henry Wadsworth Longfellow)

There are times when we would like to take a goodly share of our local citizens and put a harmless stick of dynamite under them to wake them up. We are referring specifically to the number of people who have shown complete disregard of the War Memorial and what it will mean to the Pointe and ALL Pointers. There is no plea, no explanation, no "drive," no history of the War Memorial that we can write here that hasn't already been written fully and lucidly in the editorial and news pages of the Grosse Pointe News. Our personal and individual gripe here... is the fact that too many people who should be civic minded enough to be proud of the fact that at LAST the Pointe is going to have something of its own... something they can share in proudly... are not only shirking a duty, but are brushing the whole thing off as lightly as they would slam the door in the face of a panhandler. We are proud of the citizens who have given and are giving their time AND their donations to the War Memorial. We are equally ashamed to be a community neighbor to those who are ignoring this honored project.

If we have any dynamite left, we are going to put it under the Pointers who are ignoring our efforts to establish a local theatre here. The Grosse Pointe Theatre (as the organization is called) has put a lot of work and effort into making a success of this community theatre idea and the plays it intends to produce are no Class B stuff. For instance, on June 24th, 25th, and 26th, it is giving us that familiar classic, Booth Tarkington's "Clarence." Instead of entertaining junior by sending him to the movies to see Pearl White's counter-part hanging by her teeth from a railroad trestle, you might better make a family night of it and go to see "Clarence" and support your local theatre group while enjoying yourself. Every national magazine is full of pictures and stories about summer theatres from Maine to Five Forks; crowds of locals fighting to get seats and even hanging around the barns to paint scenery or sell tickets. Here we have a splendid cast, experienced people in stage production and a comfortable place in which to see the play... Pierce Junior High School auditorium, without a cow smell in sight. And what do we do about it? So far... not nearly enough.

If you've ever eaten soft shell crabs... particularly if you've SEEN them before eating them, you ought to get a giggle out of this true story told us by a man whose wife is recuperating at a hospital. It seems Madame's appetite is on the picayune side, so the hospital dietitian was sent to ask if there was anything special she felt she'd enjoy. Yes there was. Madame said she would like soft shell crabs then... when and anytime. The following morning, the dietitian returned to report to the patient... "I have ordered a crab for your dinner."

Well, anyone who has eaten soft shell crabs knows that you don't serve JUST ONE CRAB... any more than you would serve just one lima bean. Not even to an invalid! Madame's face fell down to here as she murmured "ONE crab?" The dietitian allowed as how she wasn't up on crab lore—cooked or otherwise—but she certainly thought ONE crab would be enough for anyone. After it was explained to her that any normal person usually sits down to a plate of six to ten of the little 'things, la dietitian broke down and said, "Very well then, I'll call the market and order another one."

Our heroine fell happily asleep anticipating her two crabs which are (to say the least) better than none. A short time before her dinner was to appear, however, a nervous nurse rushed in to tell the patient that she wouldn't have the crabs after all because one of the cooks in the kitchen had thrown them in the incinerator! The story that finally came out was this. When the fish order for the hospital arrived, the cook in question opened the case preparatory to dumping its contents into the deep freeze. Suddenly the kitchen help was startled to hear the cook let out a spine-chilling scream. When they looked in her direction, they saw a very white-faced and scared woman rushing toward the incinerator, gingerly holding two squirming objects from the ends of her fingers. Uh-huh... they were Madame's live crabs... a phenomenon the cook had never witnessed before in her life. She went about babbling incoherently about having to throw ALL the fish away because some "vermint" had gotten into it. "Live vermint"... she said. Fortunately, she was stopped from discarding all the patients' dinners... stopped by one of the doctors who was sent to revive her. But Madame will have to wait until she returns home to have her soft shell crabs. The head cook won't have nothin' to do with "them awful creatures."

## Nomination Chances

With the opening of the Republican National Convention only a matter of hours away there is still nothing in the picture, so far as discernible by the general public, that indicates that any one of the announced candidates will go into the actual battle with enough strength to act as a magnet to attract the unattached delegate vote.

It still looks like a carrying on of the legend of the small smoke filled room where deals, trades and promises will be the determining factors in capturing the prize. Dewey will apparently head the first roll call but still be far short of the needed majority.

The belief is that both he and Taft are all-or-nothing candidates. Stassen's ultimate position is not so clear. His decision to accept the nomination for the Vice Presidency could easily be the determining factor. If all three of them settle down to a fight-to-the-end battle, Senator Vandenberg, who has apparently made no fight at all, looms as the best bet as a compromise candidate. It is probable that his courageous fight for the restoration of the cuts made in the European Recovery budget will strengthen rather than weaken him, despite the questioning comments of some current broadcasters.

The general impression among the rank and file of the people this year is that our looming foreign relations are the big end of our national questions; that our domestic problems will somehow adjust themselves.

Vandenberg's preeminence in this field brings the presidential focus on him in stronger light than ever.

## The Ole Swimmin' Hole

The youngsters of the Pointe, and not a few adults, will give a cheer over the elimination of any ban on swimming at the public beaches with the opening of the season.

Warm weather is apt to start in any time and the youngsters just out of school would have been bitterly disappointed to have been confronted by the odious "No Swimming" sign at the 'Ole Swimmin' Hole! The authorities are satisfied that the more frequent and effective tests of water conditions will be a sufficient safeguard to take prohibitive measures should it later become necessary.

### SHORT TAKES!

Harry Richman, standing at the bar of the Riviera with his pretty bride, was being heckled by a patron who complained that he had come three times to hear him sing and never once had he obliged with "Walking My Baby Back Home." Just then an attractive woman stepped up, heard the complaint and started bawling out the customer.

"Stop bothering Harry," she warned. "Look at him—he's tired. He's working too hard. If you want that song—I'll get Harry's straw hat and cane and I'll sing it for you. I can do all his songs. Wanna hear me?" Mr. Richman tilted an eyebrow. The pretty Mrs. Richman also tilted an eyebrow. But the obliging and attractive young woman held her ground, waiting for the customer's decision. It was Hazel Forbes, the ex-Mrs. Richman.

Joey Adams, who cuffs the formidable ex-champ, Tony Canzoneri, around during their act, has discovered that there are two cities where the little by-play continues to be misunderstood—Detroit and Chicago. In both places, Adams has been threatened by earnest and loyal fans who remembered the fighting Canzoneri of old—and one time, Tony had to step up and battle along with Joey when three Detroit citizens decided Joey had lived long enough.

A professional collector of stamps has kindly donated these fragments of information for the column: The stamps the U. S. puts out are considered the most colorful and unimagative in the world... Oddly enough, San Marino, which supported the Axis during the war, was the first country to issue a Roosevelt commemorative stamp... The Spanish government issued a "Quinta de Goya" featuring the nude "Duchess." Nearly every other government has labelled the stamp obscene—and banned it... The Tibetan government prohibits its citizens from writing outside their country. That makes a "cancelled" Tibetan stamp pretty much a rarity—and therefore highly valuable... A few South American countries (Venezuela and Honduras) make collectors' items "on order." That is, they'll make any mistake desired—such as in-

verting the picture, perforating or even performing plastic surgery on the face of the stamp... Russia's new racket is issuing sets commemorating Lenin—just to grab collectors' dollars. Russia has issued 400 stamps in the past eight years.

Add Street Information: 56th street between 6th and 7th avenues is dedicated to the dance. Located on this stretch are the studios of Fokine, Gertrude Hoffman, Eugene Loring, Chester Hale, Jose Limon, Paul Haakon, Yeichi Nimura, Agnes De Mille and Vera Nemtchinova. In addition, many famed dancers have residences in this block.

Helen Hayes recalls that once she was always terrified when in playing the role of Portia in "Merchant of Venice," she came to the famed "Quality of Mercy" speech. People coughing in the audience would throw her—and in between she always seemed to sense the speech was so well known, that practically everyone was repeating it with her. Miss Hayes' mother was usually upset with her—chiefly because of coughing among the audience.

"It would throw anyone," she remarked. There came the opening performance of New Orleans. Miss Hayes decided she would ignore both folks repeating lines with her—and the coughing. She was beginning to feel elated when she heard no buzz from the front—indicating that her delivery was going over well. Then suddenly there was a whooping and hacking—and she felt like fleeing into the wings. She hurried up the speech, determined to get it over with.

After the performance, her mother came backstage—glowing. "You were wonderful—you have never been better," she said. "Especially in that mercy

speech." Miss Hayes sniffed: "I would believe you—but you know as well as I, it was a flop. Did you hear that terrible sets commemorating Lenin—just to grab collectors' dollars. Russia has issued 400 stamps in the past eight years."

"It did," confessed her mother. "I almost strangled trying to check myself—but I couldn't—just couldn't stop coughing." (Distributed by King Features Syndicate)

## The Common Cold

FRED M. KOPP, R. Ph.

Working fast and with great resources, scientists discovered the secret locked up in the atom. Such furious energy could also unlock the secret of respiratory ailments and save mankind from one of its most destructive and expensive maladies—the common cold.

That will happen some day. Until it does, the safest plan is to guard against a cold. Great fatigue, undue exposure, improper diet, these weaken the human system to the point where what is known as the common cold attacks and all too often leads to serious and fatal consequences.

Your doctor will advise you how to prevent taking cold. His advice is worth the price many times over, will save you lost time, weakened resistance, and disagreeable suffering.

## NOTICE

On Thursday, June 17, 1948, the new summer schedules will be operated on all routes. Certain changes have been made to provide more frequent "through service" during the morning and afternoon rush periods. Summary of changes are as follows:

**Jefferson Beach Route:**  
Effective June 17, 1948, twenty minute "through" service from Jefferson Beach to Grand Circus Park, from 6:40 a. m. to 1:00 p. m. Leaving Grand Circus Park every twenty minutes from 6:40 a. m. to 12:00 o'clock midnight. Last coach leaving Grand Circus Park via Jefferson at 12:30 a. m. First coach westbound at Grosse Pointe High School at 6:35 a. m. Next coach at 7:00 a. m. and every twenty minutes until 3:15 a. m.

**Charlevoix Route:**  
Fifteen minute service from Grosse Pointe Woods to Grand Circus Park, Detroit, from 6:30 a. m. to 7:20 p. m. via Charlevoix, and during the morning rush period from 6:47 a. m. to 8:56 a. m. another fifteen minute service will originate from Chalfonte and Seven Mile Road, thereby rendering a seven and one half (7½) minute service via Charlevoix route to Grand Circus Park west of Seven Mile Road. Leaving Grand Circus Park at 3:08 p. m. a seven and one half (7½) minute schedule via Charlevoix to Seven Mile Road.

**Kercheval Route:**  
Additional extra trips have been added to give more direct service from Lothrop to Grand Circus Park via Kercheval from 7:30 a. m. to 8:30 a. m. and in the afternoon rush period a fifteen minute direct service from Grand Circus Park via Kercheval will be operated from 4:00 p. m. to 6:30 p. m. instead of a half hour service as heretofore.

We sincerely hope that the revised schedules will prove satisfactory to all our patrons, and should we find a greater demand for service than we now anticipate, additional service will be added to correct any situation which may arise, as our fervent desire is to render to our patrons safe, courteous and dependable coach service at all times.

After the Newport-to-Bermuda races, in which JOHN will sail on his father's Royono, MR. and MRS. JOHN B. FORD III plan to take off on a Honolulu vacation.

Saturday arrivals from their

Los Angeles home were MRS. CARL FREDERICK BREER and four-month-old CARLA. They'll be joined shortly by MR. BREER to spend the summer with his family, the CARL BREERS of Windmill Pointe drive.

### Robert Oddy to Marry Barbara Lillian Groves

The First Presbyterian Church in Ann Arbor will be the scene of the afternoon ceremony on June 26 at which Barbara Lillian Groves and Robert K. Oddy exchange their nuptial vows.

Mrs. Thomas F. Lacy will be matron of honor and Joan Glidden, of Evanston, Ill., will be honor maid. Bridesmaids will be Sally Preiks, of Pana, Ill., and Martha Peet, of Ann Arbor.

The bridegroom, son of Mr. and Mrs. William C. Oddy of Three Mile drive, has asked James M. Northup to be his best man. Wilfred Boerner, Charles H. Ohlsson, Glen Friedt, Jr., and Robert E. Dull, of Ann Arbor, will usher.

Miss Groves is the daughter of Mrs. Benjamin E. Groves, of Ann Arbor.

### HOSTILITIES CEASE

A call to the Park police of "family trouble" at a home on Maryland avenue on Monday night, June 14, took two police officers to the scene of battle hurriedly. The entry on the police blotter says succinctly "there will be no further hostilities; Mrs. X has moved out bag and baggage."

Too much cannot be done towards guarding and guiding well the germinating and inclining thought of childhood.

This motoring miracle happens to you!

Go ahead! Trust your own eyes!  
There's magic, Mercury magic, in the longer, lower, wider lines... magic that provides more sitting room up front, more baggage room behind. You'll find this big-family comfort in all body styles, including Mercury's all-new Six-passenger Coupe and Six-passenger Convertible.

There's magic at your fingertips!  
Take the wheel in your hands... feel the sureness, the "sweetness" of balance that spell safety and confidence! Here's low-slung roadability actually built in—no "over-steering" on curves or on straightaway.

Press toe... Presto!  
Those are new super-brakes responding to your slightest pressure, bringing your big, beautiful car to a swift, sure, yet gentle, stop. Well! No... you know why they're saying "Mercury is all-new." Visit your dealer—see for yourself!

How it's and believe it!  
Smooth power. Silent power—mounted to a fine-car purr so soft you'll look at the switch to see if it's on! Power that surges at a toe-touch to meet any emergency! A great new 8-cylinder, V-type engine built and designed exclusively for Mercury!

Sit back on that magic carpet!  
All-new suspension springs (along with super-balloon tires on wider, safer rims) will cushion your ride. New, wide, "comfort-ome" seats will cushion you, very personally. Weather? Mercury gives you leakproof, fog-free "Finger-tip Weather Control." That's what you call solid comfort!

### Old Water Main To Be Replaced

The old steel water main along Somerset near Jefferson has broken and rusted away until it is useless. The Detroit Mortgage and Realty Co. which has recently acquired the subdivision has wanted the village to put in a six inch cast iron main, but Village Manager Everitt B. Lane has demurred on doing this wholly at the village's expense. An arrangement has finally been arrived at whereby the village will put it in and bill the company. The arrangement was approved by the Council at the meeting on June 14.

There'll be no 10 o'clock shadows at Briggs Stadium this season. The world's most modern lighting system brings night baseball to Detroit—the kind of lighting you'd expect in the finest ball park in America. Bright enough for a batter... yet free from the glare that can cause an outfielder to lose a high fly.

In planning the Stadium's new lighting, engineers worked a double play to insure dependable illumination. In addition to the underground cables carrying electricity to the eight light towers, a standby system of overhead wiring has also been installed. It's another example of how electricity can be almost as effective—and almost as reliable—as the sun itself.

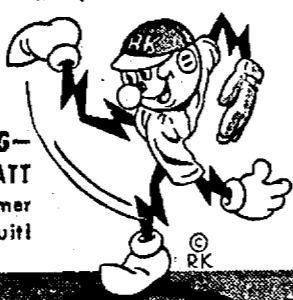

#### BRIGGS STADIUM LIGHTING FACTS

The Stadium's lighting plant includes 1378-1500-watt and 18-1000-watt floodlamp bulbs.

Tigers have 14 night games scheduled as follows:

June 15, July 30 (Athletics); June 16, July 27 (Red Sox); June 25, Aug. 3 (Yankees); June 22, Aug. 6 (Senators); June 30, Aug. 9 (Indians); July 7, Aug. 20 (Gowans); July 9, Aug. 17 (Chicago).

—Dottie Detine

We'd just finished translating Dottie's childish scrawl-like ants walking backwards—when her voice came over the phone—hot from Hollywood. Hot and luscious on the line.

"Well, Beautiful, how are you feeling?"

"If I felt any better, I'd be dangerous," she trilled.

"You're dangerous, as it. And you're picking up that dear old Hollywood habit of telephoning all over the map. Where are you?"

"Stop worrying I'm at The Macombo, and Louis is putting it all on the check—"

"Not your loopy Uncle Louis?" we asked.

"No, Louis, the headwaiter here. You know Louis. He's sensational—"

"We don't know Louis. We don't know anyone at The Macombo—"

"Oh yes, pet, you'd recognize everybody. They're all here. The Glitter Sitters. Gene Tierney is at the next table, all in white crystal, with one huge red, red rose in her pearl choker. Everybody out here seems to have a mania for looping or twisting things in their pearls. Barbara Bel Geddes is wearing simply yards of pearls all intertwined in a rolled silk scarf—"

"But what is Dottie doing?"

"Everything and everybody, pet. Your little old Girl's Town is the most contrary spot I've ever seen. I mean it's so different from what I notice most of and from what I expected it to be. The studios seem to run like fabulous factories. And I notice most of the drinking in the night clubs is done by the sightseers and not by the stars. Not by the movie men, either. It's all strictly business, before, after and during pleas-

ure. Did you know that Lana Turner held up her honeymoon for ten days until Don Lopez had finished all the dresses in her trousseau?"

"This Glammer must be an awful grind."

"Listen, pet, I met your friend Anita Colby yesterday and we had the most sensational talk. She's the brainiest beauty out here, and sort of big-sisters all us girls. And when you get discouraged she's right there with the courage. She remembers how June Lockhart just had a few shots in 'T-Men' and then hopped to New York, and was sensational in

"Love or Money." It bucked me up all right, but somehow I still feel a little sad—  
"Sad?" We echoed. "I thought you felt sentimental—"  
"Well, I do—only—"  
Was that a muffled sob from Dottie?  
"Why, you poor kid. You're lonesome. You're homesick—that's what?"  
"Why do you suppose I had to call up and hear your voice, you old dear? But I'm all right now. Really I am. I'll just keep a stiff upper lip and not be a drip, and give a big hip-hip for Hollywood."  
"That's the spirit. And don't take any of those Hollywood nickles."  
"I won't pet. I'll hold out for some real cute loot. Bye."

And from the East Coast comes The Word that the Straw Hat circuit is going Top Hat. In fact lots of the summer theatres are setting up in town rather than country. The lake is higher and that naturally appeals, with the soaring cost of production. Helen Hayes wowed 'em in Washington with her favorite revival of "Alice-Sit-by-the-Fire" opening at the Olney Theatre. And incidentally, little Miss Hayes gave a quiet lesson in tolerance by insisting on the non-segregation policy. She has consistently refused to play The National Theatre, where segregation still exists. And due to her determination and that of other stars, The National will become a film house in August. Miss Hayes meanwhile will be sailing for London to play the lead in "The Glass Menagerie."

Had a very de luxe plea from Gertrude Lawrence to support the American Theatre Wing in its continued effort to entertain the occupation troops... Gertrude, incidentally, flew over from London to receive a Doctor's Degree from Ithaca College... Doctor of Fine Arts... and isn't that an imposing title to keep among her souvenirs?

### Gardeners Hold Annual Meeting

The annual meeting of the Grosse Pointe Branch, National Farm and Garden Association, will be held at 11 o'clock Monday June 21 at the home of Mrs. Henry P. Williams, 344 Provincial road.

Luncheon will follow the meeting with Mrs. John R. Keyes assisting the hostess. Mrs. Lynn McNaughton will speak on "Fragrance in the Garden," and the group will inspect Mrs. Williams' gardens.

A prize will be given for the most helpful suggestions regarding a new design for the year-book and for special programs.

Mrs. A. D. LeFerte is corresponding secretary of the National Farm and Garden Association.

Dr. and Mrs. George C. DeSmyter of Neff Rd., entertained at a buffet supper for 30 people Sunday, June 13, in honor of the doctor's parents Mr. and Mrs. Rene C. DeSmyter who left on Monday June 14 on an extended air tour of Europe.

Their trip will include stops at Gander, Shannon, Brussels, Paris, Geneva, the French Rivera, Rome, Madrid, Lisbon, Azores and New York.

## Tennis Lessons Given Free To Pointe's Young and Old

A program of tennis instruction for children and adults of the community will be provided this summer among other activities sponsored by the Grosse Pointe Board of Education.

Charlie Falms, who has just finished his second year as a member of the Georgetown Uni-

versity varsity tennis team, will be the instructor, assisted by Roland Gray of Gray's Sport Shop. Mr. Falms was the Club Champion of the Detroit Country Club, in singles and doubles in 1946, runner-up in singles and champion in doubles in 1947. At Georgetown Falms played No. 3 singles and No. 1 doubles during the 1948 season. Georgetown annually plays many of the strongest university teams in the east. Such teams as Navy, Maryland, V.M.I., Washington and Lee, William and Mary and Dartmouth appear on the schedule.

The program of instruction planned will provide an opportunity for both children and adults to learn the proper fundamentals of tennis, the grip, forward and back hand strokes, service, footwork, net and position play.

The schedule of instruction by age groups starting Monday, June 21, will be as follows: Monday, Wednesday, and Friday at Grosse Pointe High School - 1:30 to 3 p.m. for boys and girls under 13 years; 3 to 4:30 p.m. for boys and girls under 17 years of age.

Thursday at Defer School - Kercheval and Nottingham - 1:30 to 3 p.m. for boys and girls under 13 years; 3 to 4:30 p.m. for boys and girls under 17 years of age. Tuesday at Grosse Pointe High School from 6:15 to 9:15 p.m. includes all players 17 years of age and over.

Players must furnish their own racquets and at least one ball. Rubber soled shoes must be used on the courts.

There will not be a charge for this instruction.

It is advisable to register in advance for instruction by calling the Grosse Pointe Board of Education, Niagara 2000, Extension 25.

### Terrier Plays Rough With Meter Reader

Herbert Hungerford, a meter reader for the Michigan Gas company went into the basement of the home of the A. P. Stewart family at 837 Loraine, on the morning of June 14, and was received by a toy terrier who took a nip of the calf of his right leg. The family has been instructed to keep the bloodhound under strict surveillance for the next 12 days.

Rain and Fluky Wind Force Judges to Shorten Courses

Several Regular Winners Find Selves in Rear; Al Grundy Suffers Major Upset When Bill Berry's Boat Wins

By Fred Runnells

A light east wind which faded early in the afternoon and then put in a return engagement from out of the north-east, accompanied by a chilly, drizzling rain, made life miserable for the sailors aboard the more than 100 sailing yachts which sailed around their respective triangular courses in the Bayview Yacht Club regatta last Saturday, June 12.

The disappearance of the breeze forced the judges to shorten the courses of many of the last classes to start, in order that they might be able to finish before the 7 p. m. time limit.

The fluky Zephyrs played tricks on the skippers and several of the regular winners found themselves watching the usual also-rans get the winning guns. Al Grundy suffered the major upset of the day when his "Joal" finished second behind Bill Berry's "Fyrvaapligen" by fifty seven seconds. It was Grundy's second loss in four years of DRYA competition.

Charley Dodenhoff's "Medio", a 40-foot Owens Class B Cruising sloop had her greatest day when she made the fastest corrected time to win the Barnacle Trophy. "Medio" beat such sailing queens as "Blitzen", "Last Straw", winner of the opening regatta, and Toots Gmeiner's New York 32 "Apache", five time winner of the DRYA championship.

Detroit Yacht Club's red-hot CK-team of Per Valbo and the two Menos, Fred II and Freddie III, finished third, fourth and eighth for 24 points to capture the cat boat class team event. Detroit Boat Club was second with 22 points. St. Clair annexed 21 and Edison had 11.

Gordon Saunders and Bruce Tappan had reason to be sorry when Charley Beck brought his eight meter "Conwego" out of retirement to get the winning gun one minute and 10 seconds ahead of their "Armida". It was "Conwego's" first race since 1946 and she looked beautiful with her new sail plan.

Canadian Bill Walker couldn't get out of the habit of winning and again led the Stars home with a 13 minute margin over the writer's "Brat". Bill Douglas' "Mondovi" and Jack Tighe's "Old Crow" followed in that order.

Hank Cawthra slithered his "Eel" home ahead of three other 210's in that class.

Phil Kurtz of Crescent turned in a magnificent job of beating the biggest Lightning to date and Morrill Dunn, the grand daddy of the local sailors (he's well over 80) kept his record clean with his second consecutive win of the season in the C class.

Bob Jenks squeezed out a close one in the Lawley 110 class by leading Don Hanna over the finish line by less than a minute. Bob Gregg finished third, two seconds behind Hanna.

Other winners were: Ted Kuhn, L class; Cruising A, Charley Buysse; Ray St. John, 30 Square meter; Carl Heinrich, Club Sloops; Joe Matte, International 14.

St. Clair Yacht Club will be the host club at the next DRYA regatta to be held Saturday, June 26.

Pointer Pinkston Kept Busy Arranging Olympic Tryouts

Clarence Pinkston of the Nelf Road Pinkston's, is the busiest man in town these days handling the multitudinous details for the Olympic swimming and diving tryouts at the Brennan pool in Rouge Park next month, July 6-11. He is director of the events.

Pointers are particularly swindled. Grosse Pointe High School always has had outstanding teams under the able direction of Coach Frank Banach who has been at the helm for the past 20 years. The Grosse Pointe Yach Club also has been tops in inter-club competition.

Many members of the Detroit Athletic Club who live in the Pointe have followed the proteges of Pinkston as coach of the D.A.C. where he has developed national individual and team title holders.

More than 500 entries are expected, a number that would break all Olympic trial entry lists.

Swimmers from all over the

country and the Hawaiian Islands will be here.

Girl swimmers include such great stars as Ann Curtis, Zoe Ann Olsen of San Francisco, Sue Zimmerman of Seattle, Vickey Draves, Marjorie Gestring and Muriel Mellon of Los Angeles, Kathryn Rawls of Miami, Marie Corriden of New York and Detroit's own Norma Johnson and Ginny Fitzgerald.

The men are headed by Bill Smith of Ohio State, Allen Stack and Allen Ford of Yale, Joe Verdeur of Philadelphia, Lee Sala of San Francisco, George Hoogerhyde of Michigan State, Bobby Sohl, Dick Weinberg, Charley Moss, Gus Stager and Matt Mann II of the University of Michigan, and Bob Gibe of the D.A.C.

Tickets are on sale at the downtown offices of the Edison Co., Bell Telephone Co., Michigan Consolidated Gas Co., and the information booth across from the City Hall on Campus Martius.

Tickets are priced from \$1.20 to \$2.40 for individual shows or \$12.00 for a book for the four day affair. The book saves you about \$7.00.

There will be a run on tickets as the eventful day approaches, so get yours early and be sure to see these great national swimming stars.

Suspicious Pair Held by Police

Park Patrolmen Barclay and Johnston picked up two young men they found under suspicious circumstances in the Pemberton-Lakepointe area south of Jefferson on June 14.

When taken to the police station and separated they gave entirely different and conflicting stories of their presence there. They were held for further examination and for a checkup with the Detroit police. Their names and addresses are duly entered on the Park police docket but will not be published unless specific charges are lodged against them.

Legion Nine Both Wins And Loses

Tom Boyd's Outfit Captures Non-League Tilt But Drops Important One

By Fred Runnells

Grosse Pointe's American Legion baseball team, sponsored by Tom Boyd, played two games during the past week and as luck would have it won the non-league tilt and dropped the game that counted.

Friday, June 11, Grosse Pointe defeated Ann Arbor's Legion team, 3-0, on an unearned run in the fifth inning.

With two out in the fifth inning Bob Green singled to center, stole second and went to third when the catcher's throw sailed into centerfield. He scored on a passed ball for the only score of the game.

Bob Ruck and Bob Hafer, both recently acquired from Grosse Pointe High's baseball team, shared the mound duties.

Ruck hurled the first three innings for the Pointers and allowed no hits, struck out five and walked none.

Hafer pitched the last four innings and gave up one hit while striking out one and walking none.

Denhourer went the distance for the Ann Arbor team and allowed four hits, struck out 13, walked none and was charged with an unearned run.

Last Sunday, June 13, Grosse Pointe tangled with Red Arrow and dropped a 5-2 decision and dropped to third place in the Southern Division of the league.

Red Arrow got to Bob Ruck in the first inning when Rutter, first man up, singled to center. Ruck appeared untruffled when he struck out the next two men and the Red Arrow rally seemed ended. But then Ernie Loth banged a long ball between the right and center fielders for a home run, to give his team a lead it never relinquished.

Ruck settled down to some serious pitching for the next four innings and limited Red Arrow to a lone single, but then the roof caved in on him in the big sixth inning when Red Arrow scored its final three runs.

Ruck walked Rutter to open the sixth. Budnick drove out a single and Fachie walked, filling the bases. Loth then collected his second, hit of the day, a single, which scored Rutter and Budnick with Fachie going to third.

Ruck then walked Schultz filling the bases again. At this point Coach Desrocher lifted Ruck and sent in Edsall to put out the fire. Edsall struck out the next two men but a walk forced in the final run, which was credited to Ruck. Edsall then struck out the next batter to end the inning.

Grosse Pointe scored six runs in the seventh and eighth innings.

Ron Knope, leading off in the seventh, doubled for his second hit of the day. Green hit an easy grounder down third base and Budnick scooped it up and had an easy out in front of him, but threw the ball high over the first baseman's head and Green was safe on the error. Knope going to third on the misplay.

Green stole second and Loth, in his attempt to cut him down, threw the ball into center field and Knope trotted home from third for the Pointer's first run of the game and Green reached third. Edsall struck out to end the inning.

In the eighth Russ Gregg opened with a single. Pierce struck out, but Bayard Johnson moved Gregg down to second with a single. Winkler grounded out. Knope batted out his third hit, a double, for a perfect day at the plate, scoring Gregg. Johnson was thrown out at the plate when he attempted to score from first on the hit.

Grosse Pointe now has a record of three wins, two losses and one tie.

The Pointer's next game will be played Sunday, June 30, against Briggs at Waterworks Park.

Boat Banter

By Fred Runnells

The feud between the 210 and Star fleets slowly is reaching the sizzling point and it shouldn't be too long before these two fleets get together in a few match races to determine which is the faster. That is, if the 210 boys will pick up the challenge and come out and play.

The second encounter of the season took place last Saturday during the Bayview Yacht Club regatta with Bill Walker's "Thistle" nudging Hank Cawthra's 210 sloop "Eel" by 25 seconds on elapsed time.

Contrary to reports of Paul Chandler and George E. Van, yachting editors, who in their stories in last Sunday's papers said the 210 class beat the Stars by 19 minutes.

The truth is Bayview's race committee moved the 210 class starting time 15 minutes ahead of the Stars. Could it be the 210 boys requested this so they would be sure to cross the finish line ahead of the Stars?

Cawthra's "Eel" finished at 4:29.12 and Walker's Star crossed the line 14 minutes and 35 seconds later at 4:43.47. By simple subtraction one can see the 210's failed by 25 seconds of saving their fifteen minute start.

It hardly seems possible that a yachting editor, who incidentally doesn't sail or sail on a boat during regattas, could possibly make the same mistake in two attempts such as Chandler has.

In the opening regatta of the season Chandler wrote a two column article saying the 210 class was the fastest. After his error was pointed out to him he penned a tiny retraction and buried it way back on the fourth sports page of the June 6 Sunday paper.

At the start of the season rumors were floating around about the huge Lightning class fleet that would compete in local regattas. To date the best this class has had at the starting line is 18 boats.

In the Detroit area there are three separate Lightning fleets, the biggest being moored at Crescent Sail Yacht Club which incidentally gave the fleet its start here. The Crescent fleet boasts of 25 boats.

The Detroit River Star Fleet will swing out for its annual summer dance at Crescent Sail Yacht Club Saturday June 19 and celebrate its twenty seventh year of existence here.

Dave Wesley christened his new Penguin class sail boat last Sunday, June 13 and an unlucky June 13 it was... for him. Dave spent all last winter building his pride and joy and was much enthused over the prospects of sailing a boat for the first time. Several veteran tars gave Dave a long lecture about how to sail before he cast off. He sailed directly out from Crescent in the puffly off-shore breeze for about 100 yards. Suddenly a shift of wind jibed his main around and Dave became a member of the Hell Divers. Hilarious onlookers went to the rescue and pulled boat and skipper back to port. Whata way to embark on a sailing career.

George E. Van will fly to Newport the latter part of this week to take part in his first Bermuda race, which will start June 19.

Bryant Hurls Second No-Hit Game in Beating Shamrocks

High School Moundsman Compiles Records of Fanning 33 in 15 Innings While Allowing Single Hit in Federation Games

By Joe Fromm

Allan Bryant, local pitcher of renown, pitched his second no-hit game of the season and the third in his career a week ago Wednesday as his team, Helin Juniors, went on to defeat the Shamrocks, 17-0, in a Detroit Baseball Federation Class D game.

Sunday, Helin captured its fourth straight game in defeating the Highland Park Optimists, 5-1 behind the pitching of Ken Christianson. The team record now stands at five wins and five losses.

Bryant set down the Shamrocks without a hit in the seven innings played. He struck out 16, walked six, hit one batter. Earlier in the year Bryant, while in the uniform of Grosse Pointe High School, defeated Fordson without a hit.

Bryant also pitched a no-hit game last year for the Grosse Pointe News team in the Grosse Pointe League, Class E. Four days before Bryant's recent masterpiece, the youthful pitcher held the Teamsters to one lone hit in eight innings.

Bryant's record with Helin to date is two wins and no losses. He has fanned 33 batters in 15 innings, giving up only one hit in the time. Besides holding the Shamrocks without any hits, Bryant collected two himself at the plate.

The ace hurler, however, was outdone by teammate Joe Hipfel, who collected four hits in five trips to the plate, and Ted Mumford, who blasted out two consecutive triples. Leroy Guaresimo also got two hits.

Hipfel again was the spark as Helin won its fourth in a row Sunday 5-1. Hipfel hit a home run and a single and was robbed of another homer when the umpire called the ball foul, that was actually fair.

John Jervis, Ken Christianson, and Sopko also collected two hits each. One of Sopko's was a double that came with bases loaded. Helin took the lead in the first when Hipfel singled, took second

Piel Again Eyes Sheriff's Office

Henry W. Piel, the former Chief of Police in Grosse Pointe Park, called on his friends in the Pointe last Thursday. Since Chief Piel gave up his post with the Park police department on April 1, 1946 he has been taking things easy. He spends much of the hot weather season at his summer home on Lake Huron and winter usually finds him in Arizona or Florida.

Two years ago he tried for the Republican nomination for sheriff and was only 9,000 votes behind the winner, which is not a bad showing for the great vote cast in Wayne county. This year he is tempted to try it again. His many friends tell him that it will take only a little more pressure to land him on top this year. Two years ago he did not carry on an especially aggressive campaign, but promises more steam this year.

ODD FACT

The asparagus man in Cham-paign, Ill., planted three years ago is now coming up and splitting the asphalt and gravel driveway he has since built on top of the patch.

Farms Attempting to Form Baseball Loop for Juniors

By Joe Fromm

The Grosse Pointe Woods Junior Baseball League has added two more teams this year to make a six team league for young boys of junior high school age. The league was organized last year and was very popular.

Efforts are being made by baseball enthusiasts in Grosse Pointe Farms to organize a similar league. Coaches are needed before the setup can be finished. The plan is to follow the Woods League, which divided the village geographically.

Anyone who is interested in baseball in the Farms should feel it his duty to take part in recreation for the younger children. Interested persons should contact George Neirneck at NI. 6159.

The Woods League will not be able to start play until the beginning of July. Mason Field, used by the league, is being fixed now and will not be ready until then. The field is being leveled and a drainage system installed.

Four teams from last year will represent the Woods and two new teams will come from Gratiot Township and Grosse Pointe Shores. Vic Halberg will coach the Shores team, which will be known as the Broncos; Harold Broquet the Wolves from Gratiot Township.

The four Woods teams and their coaches are: Bears, Dave Martin; Tigers, Don Rinehart; Lions, Lawrence Marr; and the Cubs, Dr. R. F. Bledsoe and Tom Clark.

Each boy will purchase his own shirt and necessary equipment. Games will be played at Mason

Deadline Nears For Net Tourney

Saturday, June 19, will be the last day to register for the district qualifying rounds of the National Junior and Boys Tennis Championships to be held at the Neighborhood Club, June 22 through 27.

The tournament is open to boys from 15 to 18. To enter a boy cannot become 16 on June 19 for the junior division, or 19 in 1948 in the senior division.

Registrations should be made at the Neighborhood Club. Either a United States Lawn Tennis Association card or a driver's license is necessary for registration.

There will be singles in the junior tournament and singles and doubles in the senior division. Winners will be determined by the best two out of three matches.

Qualifiers will be eligible to compete in the National Tournament to be held in Kalamazoo, August 2 through 7.

Navy Raft Cast Ashore in City

Patrolman Johnston of the City police, while making his rounds at 1:30 o'clock in the morning of June 13 found a rubber life raft on the beach at the foot of Lake-lake.

It was a five-passenger contrivance and markings on it indicated it belonged to the U. S. Navy Air Force.

The story of how it came to be floating around in the lake has not yet been cleared up.

### Charleston Offers History And Tradition to Tourists

By The Old AAA Traveler  
Ancient Charleston has been called the city of cobbles and camellias, just as it has been called the "most southern" of all southern cities, but of one thing you may be certain—there's only one Charleston and it's utterly unforgettable. Charleston is rich

in history and legend, beautiful in its architecture and magnificent gardens, and the visitor will depart from the old town with the feeling that he or she has been living in a bygone age.

The history of Charleston goes way back to 1670, when it was Charles Towne, the first permanent settlement in what now are the Carolinas. That little colony was augmented by Scotch and Irish settlers, Huguenots, Palatine Germans, Acadians, and French refugees from Santo Domingo. By 1775 it had become one of the most important seaports in the American colonies. Here the first independent government established in America was set up by the Provincial Congress in 1776 and South Carolina passed the first Ordinance of secession in a state convention held at Charleston in 1860. The first gun of the war was fired in Charleston harbor on a vessel bringing supplies for Fort Sumter.

Charleston today is one of the country's top-flight vacation objectives, partly because of its history, but mainly because of its

old gardens and its unforgettable highlights in the downtown area. Here are some of the gardens you'll see when you're exploring the old town:

Magnolia Gardens, dating back to 1676, now cover 25 acres, with magnificent displays of azaleas, camellia japonica, fine specimens of the Magnolia Grandiflora, from which the estate was named and many other flowers.

Middleton Place Gardens are the oldest formal gardens in America, dating from 1741. They were begun in that year by Henry Middleton, later President of the Continental Congress, who sent to England for a landscape gardener to direct the activities of 100 slaves. The work is said to have lasted ten years and the garden became famous, even in England, before the Revolution. An early Middleton procured through his friend, Andre Michaux, celebrated French botanist, the first Camellia Japonica ever brought to this country. Over four plants set out by Michaux, three still live and bloom after more than 150 years.

Cypress Gardens were part of the rice plantation of Sir Alexander Nesbit of Dean, in 1750. The place was abandoned for nearly a century and giant cypress trees and other tropical vegetation produced in the fresh-water lake on the estate, an almost impenetrable water forest.

In the downtown area you find such highlights as: Marion Square or Citadel Green, containing monuments to John C. Calhoun and Wade Hampton, and the Horn Wall, only remaining section of the bastion system of colonial defense works.

Pringle House, 27 King St., built about 1765 by Hides Brewton. Occupied as headquarters by Lord Cornwallis in 1781-82 and by the federal commander in 1865.

In Battery Park may be seen cannon and other relics from all American wars and monuments to the defenders of Fort Moultrie and Fort Sumter. The park overlooks Charleston harbor at the confluence of the Ashley and Cooper Rivers.

St. Michael's Episcopal Church, corner of Broad and Meeting Sts., was built in 1761. Its bells have crossed the Atlantic five times. The pew reserved for the use of George Washington and the Marquis de La Fayette on their several visits to Charleston is of interest.

St. Philip's Church was completed in 1838. The chimneys were cast into Confederate cannon in 1863 and were never replaced. In its two cemeteries lie many distinguished South Carolinians, among them John Caldwell Calhoun, vice-president of the United States, and Edward Rutledge, signer of the Declaration of Independence.

The Old Pirate House is said to have been the headquarters for early 18th century pirates operating off the Carolina coast.

The Huguenot Church stands on the site of the original Huguenot place of worship, built about 1684. This building dates from 1845. For 150 years services were conducted in the French language, according to the liturgy of the French Protestant Church.

Dock Street Theater is a reconstruction of the original theater which was the first playhouse in the country especially constructed for visiting companies of players. For its dedication in 1937, "The Recruiting Officer" by John Farquhar, the play with which the original theater was opened, was presented again.

"Cabbage Row" is the original of Du Bois Heyward-George Getshwin opera "Porgy and Bess." In the Old Exchange Building the Provincial Congress assembled in 1776 and set up the first independent government in America. The martyr Isaac Hayes was imprisoned here by the British in 1781.

These, of course, are just a very few of the many Charleston highlights, but they give you an idea of what you'll find when you visit the ancient city of cobbles, stones and camellias.

### Methodist Men To Hold Social

The Men's Club of the Grosse Pointe Methodist Church, under the presidency of Hugh Deifs, is sponsoring its annual ice cream social to be held on the Church Building site, Moross near Kercheval, on Wednesday evening, June 23 at 7:30 o'clock.

The feature of the evening will be ice cream and home made cake, furnished by the ladies of the church.

Clarence Slocum is in charge of arrangements. The public is cordially invited to this affair.

### Two Drivers Pay Fines in Court

In Park Traffic Court on June 9, Judge George Beauchamp had only two cases to settle. These were Damiano Zechi, of 15164 Harding Detroit, for failing to stop at a stop sign at Charlevoix on May 22, causing an accident, was fined \$15 and \$6.10 costs.

Rex E. Johnson, of 1438 Woodbridge, for passing a red light, paid \$5 fine and \$5 costs.

### Lane Given Permission To Buy Water Meters

Manager Everitt Lane of the Park village asked permission of the council at the meeting on June 14 to place a blanket order now for the water meters the village will need during the year, to be delivered as ordered.

This is to protect the village against a possible rise in price. At present prices the entire order for the year will total about \$4,300.

He also wanted authority to order 20 1-in. meters and 14 3/4-in. meters at once at a cost of \$992. Both authorizations were granted.

### Two Pointe Boys Get Degrees at Kenyon

Two Grosse Pointe boys who finished their undergraduate work in February returned to Kenyon College, Gambier, Ohio, to receive their A. B. degrees at the one hundred twentieth commencement on June 14.

William A. Cole, 423 Manor, Grosse Pointe Farms, was awarded a degree in political science. While at Kenyon he was a member of the basketball team, and had held the offices of president and secretary of his fraternity, Psi Upsilon. He was a member of the Rifle Club and the Chess Club and was on the staff of the College newspaper, the "Kenyon Collegian."

Stanley R. Day, who was also a member of Psi Upsilon, received this degree in economics. His father, Ray E. Day, 53 Cloverly road, Grosse Pointe Farms, was in Gambier over commencement week-end.

### VALUABLE CAMERA STOLEN

A German camera valued at \$100 was stolen from the Grosse Pointe High School locker of Lee Eskridge of 260 Merrimweather road sometime around the first of the month. Farms police were informed on June 12.

### Crash Blamed On Bad Brakes

Gustaf Denolf, of 1444 Wayburn, attempting a right turn south onto Somerset from Mack on Saturday afternoon, June 12, struck a '47 Pontiac owned and driven by Mrs. Laura Krause of 3959 Nottingham. Mrs. Krause had stopped her car on Somerset close to Mack.

Both cars were seriously damaged, but drivable. Denolf got two tickets, one for driving without due care and caution and the other for faulty brakes. His car was stored in the rear of the Park Municipal Building as unsafe for further driving until the brakes were repaired.

### Town Club Entertained At Gayard Lafer Farm

Colony Town Club members motored out to the Lafer farm near Oxford Tuesday, where Mrs. Gayard F. Lafer was hostess to the group.

Mrs. Donald Melville of Edgmont Park, newly elected club president, has named four committee chairmen for the year. Mrs. C. George LeSeur will have charge of social activities; Mrs. Philip C. Baker, membership; Miss Helen Gregory, Monday sewing group, and Mrs. Joel L. Leete, cancer patients' aid and loan closet.

Mr. and Mrs. Wilfred V. Casgrain, Miss Helen Copley, Dr. and Mrs. Frederick Collier, Henry S. Booth, Frank Atwood Almy and Mr. and Mrs. Clyde H. Burroughs also assisted.

The smaller the drink, the clearer the head.—William Penn.

### Party to Honor Mason Teachers

The Room Mothers of the Mason Parent-Teacher Association have invited the staff of Mason School to luncheon at the Grosse Pointe Yacht Club on Thursday, June 17. This culminates a year of close cooperation between the home and school through the Room Mothers.

Mrs. Harriett Gaddy, chairman of Room Mothers, and her committee raised \$780.00 this year. Much of this was contributed to the school for additional play ground equipment.

### Valparaiso Guild Plans Meeting in Pointe Home

Mrs. Paul Diederich, 865 Trombley road, Grosse Pointe, will open her home to the Detroit chapter of the Valparaiso University Guild for a tea and book review on Tuesday, June 22, at 1 p. m. This event will close the year's activities for the Guild, which aids Valparaiso University, Valparaiso, Indiana, owned by the Lutheran University Association.

Assisting at the function will be the program committee, headed by Mrs. Calvin J. Gauss, and the hostess committee, chairman, Mrs. George Otte. The reviewer is Mrs. Joseph Eckert. A voluntary collection will be accepted.

At the annual meeting June 7, the following officers and directors were elected: Mrs. G. T. Otte, reelected president for a second term; first vice-president, Mrs. Herbert J. Borchert; second vice-president, Mrs. Harold Graubiller; recording secretary, Mrs. Warren Lammer; corresponding secretary, Mrs. Leonard Oehmke; financial secretary, Mrs. A. O. Kampe; treasurer, Mrs. Arthur Ruff; directors, Mrs. Charles Kamin and Mrs. Otto Baetz.

### Anna Marie Weir Bride of William L. Martin

Anna Marie Weir became the bride of William L. Martin Saturday morning at a ceremony at St. Paul's Catholic Church. The bride is the daughter of Mr. and Mrs. James P. Weir of Merrillweather road, and Mr. and Mrs. Lyle Martin of Audubon road are the bridegroom's parents.

Mrs. Woodward Miller was her sister's matron of honor. Jane Garvin, Margaret Martin, sister of the bridegroom, Mary Catherine McGill and Evelyn Cuslin were the other attendants.

Williams asked his brother, Richard, to serve as his best man. Seating the guests were another brother, Thomas, James Bischoff, Edgar Meathe and Charles Weir, brother of the bride.

The couple are honeymooning in Atlantic City.

### Scavenger Party Given By Barbara Wescott

Searching parties set out from the Westcott home on Trombley road Monday evening when Barbara Wescott was hostess at a scavenger party. Her date was Gene Lehmann.

### Expectant Fathers Become Prepared

While MICHAEL SIBAL, right, proudly exhibits his certificate of proficiency in handling babies, EUGENE HENDERSON puts the finishing touches on a job to arranging a pair of three-cornered pants. The class for expectant fathers has been conducted in the home of MRS. ADAH MORGAN, left, of Hunt Club drive, Grosse Pointe Woods. MISS MARGARET GEIERMAN of the American Red Cross, sponsors of the course which was completed last week, looks on approvingly.

Wanted: 167,000 signatures to petitions for a November ballot on Governor Sigler's program for state government reorganization. That's the latest news at Lansing.

It comes from the newly formed Citizens' Committee for Better Government, headed by Laurent K. Varnum of Grand Rapids, president. Varnum is a past president of the State Bar of Michigan.

Petitions would place before the Michigan voters a new amendment to the state constitution. This amendment would require merger of the state's 100-plus state agencies and departments into not more than 20 state departments. The governor would have the right to appoint all department heads. They would serve at his pleasure.

What are these state units? Here are a few examples: Conservation, labor, agriculture, aeronautics, banking, highway, health, economic development, public instruction, insurance, apple, cher-

ry, corporations and securities, crippled children, historical, Mackinac Island, tourist council, public service, safety, racing, teachers' tenure, unemployment compensation, waterways, workmen's compensation, tuberculosis, liquor control, stream control, municipal finance, two state fairs, labor mediation, and office, libraries, plus a long list of examining and licensing boards.

The Citizens' Committee proposes to center its reform efforts on one amendment.

Left for future consideration—unless present plans are changed—are other reforms, rejected by the legislature during the 1948 special session: (1) Four-year term for state elective officials; (2) Power for the governor to appoint attorney general and the secretary of state.

Governor Sigler's changes of mind leave both of these reforms up in the air. They may not be revised later. Some mention has been made of the possibility that the governor should appoint all officials except the auditor general.

Assuming that 167,000 persons can be induced to sign the petitions—and some citizens have been known to sign petitions without knowing what they proposed—then Michigan voters would be asked to judge the following constitutional changes at the November election:

- (1) Should a convention be called to revise the state constitution?
- (2) Should the sales tax di-

version amendment be repealed?

(3) Should present constitutional limitations be removed from salaries of state officials and state legislators?

(4) Should Michigan 100-plus state agencies be merged into not more than 20 state departments whereby the governor would appoint all department heads?

With these proposed reforms, Michigan voters will have plenty to decide in 1948.

Rebuffed by the state legislature which flatly rejected his leading reforms, Governor Sigler has announced he would take the issue direct to the people.

The legislators' decisions indicate that the debate will be vigorous. More centralized power in the hands of the governor will be contested within his party. Not even the governor's so-called "cabinet" is unanimous in its support. The fight will be lively.

### Liggett Seniors Prom Hostesses

Liggett seniors gathered for their prom Thursday night in the Ridge road home of Edna Skelton. Edna was escorted by Cabell Morris and Ceano Noack, dance chairman, was Ted Merrill.

Other couples were Julie Blossom and Phil Casgrain, Annie Foy and Chuck Sullivan, Helen Wilson and Warren Babcock, Pat Lovejoy and Bud Witbold, Franzy McMahon and Frank Wilton.

Grace Roehm was escorted by Grant Kirsten. Sue Brossy went with Bud Howlett and Gail Richardson's date was Bob MacKenzie.

### Patricia Blackwood's Engagement Announced

Formal announcement of Patricia Katherine Blackwood's engagement to George Murry Brooks is made by the bride-elect's parents, Mr. and Mrs. Alexander Davidson Blackwood of East Outer drive.

George is the son of Mr. and Mrs. Claude R. Brooks of Berkshire road. Saturday, Sept. 11 has been chosen by the young couple for their wedding day.

Patricia graduated from Denison University at Granville, Ohio, where she was affiliated with Delta Delta Delta sorority. Her fiance attended Michigan State College and is a member of Delta Sigma Phi fraternity.

### Of Interest To Veterans

Home, farm or business loans negotiated under guaranty provisions of the G. I. Bill may be repaid any time before their due date without premium or fee, loan guaranty officials at the Veterans Administration Branch Office in Columbus, O., explained.

Although a G. I. loan contract calls for amortization in specified monthly payments over a certain period of years, the law permits a veteran to repay the loan before its due date by increasing payments or by making a large cash payment at any time.

Repayments may be made without premium or fee for all or any part of the indebtedness. Advance payments must not be less than the amount of one installment or \$100, whichever is the lesser amount.

Advance payment will result in substantial savings in interest, VA said.

The duration of any G. I. loan depends upon terms of the contract between the veteran and the lending institution. The maximum limits for repayment are 25 years on home or business real estate loans, 40 years on a farm real estate loan and 10 years on a non-real estate loan. However, the contract may call for repayment of the loan within a lesser period of years, depending on conditions and the lender's judgment. The loan must be repaid within the time limit specified in the loan agreement.

Veterans wearing artificial limbs have in their possession a Prosthetic Service Card issue by the Veterans Administration, officials at the VA's branch office in Columbus, O., said today. This card enables the amputee-veteran to get immediate repair service at government expense up to \$35 without prior approval of VA.

Q. How long must a veteran of World War II be totally disabled to be entitled to a waiver of premiums on his National Service Life Insurance?

A. A veteran must have been totally disabled for six or more consecutive months before he makes an application for waiver.

Q. I am attending school under the educational provisions of the G. I. Bill. Am I eligible for a loan guaranty while attending school?

A. Yes.

Q. In determining eligibility of parents for death compensation as dependents of a deceased veteran, are proceeds of National Service Life Insurance considered as income?

A. No.

Any fool can tell the truth, but it requires a man of some sense to know how to lie well.—Samuel Butler.

### BAHAI A World Faith

There is but one source of human brotherhood—the worship of God through the same prophet, the knowledge of God through the same revelation.

While political, racial and economic bonds are inadequate and temporary, revealed religion holds sway for a thousand years.

Now is the time for brotherhood between the religions and not merely a fraternity within each separate faith. Baha'ullah has brought the Faith which for the first time makes world brotherhood a fact and not an empty phrase.

## Rose Gardens Have Beauty Year-Around

A rose garden can be beautiful not only at blooming season, but all year round. The secret is to fill out the design of your garden with borders, walks, backgrounds, and supporting plants, according to Florence Holmes Gerke, landscape architect of Portland, Oregon, who gives you pointers on planning an eye-filling rose garden, in McCall's for April.

"First on the list, make a good basic design for your garden. The pattern made by walks, borders and supporting plants not only adds to the beauty of the roses, but creates a pleasant picture when the roses are out of bloom.

"Next, make your roses a part of your general garden plan rather than its only attraction. Edge the rose beds with low growing plants — small bulbs, violas and arabis and miniature roses. And use shrubs and trees for a background.

## Cooking Hint Adds Flavor To Many Foods

If you're looking for a way to get more milk in your family's diet in an easy way, your answer may be the use of dry skim-milk in many recipes. It is a cheap source of good protein.

Using dry skim-milk gives a fine flavor to many foods and puts minerals and vitamins in your diet inexpensively, advises Pauline Paul, research professor in foods and nutrition.

Using various amounts of the dried milk in hundreds of recipes has convinced home economists that it is a very practical item for every housewife to add to her grocery list. It is easily stored and convenient to use. Keep it in a tightly closed container in a cool place and it is ready for your use in soups, meat dishes, breads, and desserts.

Usually you can use it dry and mix it with the dry ingredients. In a few cases you will need to return it to a liquid by adding water and use as ordinary milk. Some recipes will use enough dry milk to increase the food value over six or eight times, using fluid skim-milk. One ounce is equal to 1 cup of fluid skim-milk. Since it contains no fat you will want to use foods to replace the fat you would get from whole milk. Using butter, eggs, cheese, green vegetables, carrots, liver, sweet potatoes and yellow corn will give you a good balance.

It would be ideal if your child had some meat or fish each day. He should have one egg a day. Also include three to four cups of milk and he will have sufficient protein.

You can substitute beans or cheese for the meat or fish but don't substitute for the milk. Milk is the most important source of calcium that he has. He needs the calcium for the growth of his bones.

## Child Needs More Protein Than Parent

Your child needs more protein for each pound that he weighs than either his mother or father do.

Emma DuBord, home demonstration agent, reminds us that children grow continually and need protein for growth. His small size doesn't mean that he doesn't need much. Some protein foods are recommended to best meet your child's needs. Milk, eggs and meat are three of them.

## Fruit Betty

2 cups stewed dried fruit  
1/4 cup butter or margarine  
1 cup fine dry bread crumbs  
1/2 cup brown sugar, firmly packed.

1 teaspoon cinnamon  
1/4 teaspoon salt  
1 cup finely diced apple

Cut stewed fruit into medium-sized strips with scissors. Melt butter or margarine in saucepan; stir in crumbs, sugar, cinnamon and salt. Grease a flat baking dish (about 10" x 6"); put a layer of the crumb mixture in it. Put stewed fruit and apple over crumbs; top with a generous layer of crumbs. (They make a crunchy topping.) Bake in moderate oven 350F, 45 minutes. Serve with cream. Plenty for 6 people.

Tom Boyd, genial automobile dealer who has been associated with the Ford Motor Company for 32 years, is looking forward to Friday, June 18, at the high light of his career. He will unveil the new Ford cars for his many Pointe friends at his sales and service headquarters at East Jefferson and Nottingham.

"They're by far the greatest cars Ford has ever made," says Mr. Boyd. "I'm so pleased I'm going to throw the biggest party I ever gave."

The Boyd showrooms will be open from 8 a.m. to 11 p.m. on Friday. There will be a continuous program all day long, with refreshments and music from 7:30 p.m. to 11 p.m. Door prizes will be provided for all.

The Boyd building has been readied inside and out for the great occasion. The new Fords will be beautifully displayed, even to having one of them raised on a hoist so the public can easily see the brand new spring suspension and frame this new car has introduced.

## Salon to Restore Noted Painting

The fame of the restoration department of the Pointe's de Grimme art salon has been heard by the home offices of the New York Central Railroad in New York.

Joseph deGrimme has received a letter from General Superintendent Mitchell, saying the company would like to have a valuable painting restored.

"Sidewalks of New York 1820", which has been in the Empire Express car Hamilton Fish, is being sent on for the Kercheval avenue gallery to restore.

## Merchants Aid Pointe Theatre

The active cooperation of business concerns is one of the factors indispensable to the successful operation of a community theatre. Only by securing necessary materials at cost, at a discount or as a gift or loan can a community theatre's production budget remain low enough to insure low box-office prices.

Denler & Co. of 77 Kercheval avenue is one of the first local concerns to participate actively in the production plans of Grosse Pointe's new community theatre. William Denler, owner and founder of the interior decorating company, has undertaken to supply all furnishings for the two interior sets of "Clarence", the premiere show of the Grosse Pointe Theatre.

"Clarence" plays for three nights in the Pierce Auditorium beginning June 24th.

Several other retailers and wholesalers who wish to remain anonymous have granted the Theatre generous discounts.

Among them are a lumber company, an art supply store, an office supply company, a paint store and a printing shop.

Other community theatre's throughout the country benefit similarly; but the merchants find that they benefit too. Russel Werneken, managing director of the Grosse Pointe Theatre points out. A mention on the program not only enhances the good-will of the public towards the concern; but the theatre, by its very nature, provides an effective, and even glamorous medium of displaying certain products.

## Patrick Duggan Serves 25 Years

Patrick J. Duggan, East Side specialist in real estate with offices at 16325 Mack avenue, has recently been awarded a Certificate of Distinguished Service by the Michigan Corporation and Securities Commission.

Unusual Window Display

If you think bubble baths are something you should see Super Suds bubbling in the special window display at the Nightingale Market, Mack at Manistique. Unable to display a full sized box car or 15 ton truck such as Life magazine recently used to prove that one package of Super Suds would fill either one, Ernest Nightingale, and the soap manufacturers got together and produced a miniature sized truck in which a single tablespoonful of Super Suds is used. Thrifty soap-wise women are being attracted by the unusual display, which will be at the store for a full week.

Saks 5th Opens Petoskey Store Saks Fifth Avenue announces the opening of its new shop in Petoskey, Mich., will take place this Saturday, June 19. The establishment will serve the great resort center of Northern Michigan. Over 4,000 See Scouts' Circus

Despite showers which damped spectators and participants alike, more than 4,000 children and adults stayed on to enjoy the mammoth District III Cub Scout Circus at Denby High School on Saturday, June 12. The busy Midway attracted the early comers who visited the score of sideshows and exhibits which surrounded the entire football field, and the usual wild men, animals, strong men, dog-faced boys, hula girls, and bearded ladies delighted the customers. The three refreshment stands did a land office business while Refreshment Committee Chairman Joe Oldani watched 250 gallons of fruit juices, 4,000 ice cream sticks, 4,000 packages of potato chips, and 2,000 boxes of crackerjack disappear like magic, and then had to send out for additional supplies. Three thousand bleacher seats provided by Grounds Committee Chairman Don Cafferly were swarmed under by the eager throngs and the open ends of the field were packed solidly with standees. A twenty-four piece Police Band led the giant Circus Parade and then furnished fine music for the main ring show. Ring Master Floyd Passarelli introduced twenty-one main ring attractions during the course of the show and the acts put on by the several hundred Cub Scout performers held the interest of the enthusiastic audience for the entire two hours of the "Big Top" program. The District III Cub Scout Circus was very obviously a huge success. Chairman Dayton Dailey, Past Chairman Leonard Galbraith, Treasurer Stan C. Smith, and the other committee members previously mentioned found their careful planning and hard work paid off in a highly enjoyable afternoon for Cub Scouting and its many friends in the East Side communities.

Harold B. Tyree Gets Edison Job Harold B. Tyree, of Provencal road, Grosse Pointe Farms, assistant to the president, has been made responsible for all of the Detroit Edison Company's transactions with unions, according to an announcement by James W. Parker, president. In announcing Mr. Tyree's new duties, a company notice says, "Responsibility for this relationship is delegated to an assistant to the president, who will have charge of contract negotiations and interpretations, grievance handling, and dealings with government agencies concerned." Mr. Tyree came to the company in 1919 and for the past six years has been concerned with labor matters as an assistant to the president. Prior to that he was fuel purchasing agent and later supervising engineer of the research department. He was born in Huntington, West Virginia, and attended V. M. I. and Ohio University. During the first World War he was a captain of infantry. In World War II he was chief of the tank and automotive section, Detroit Ordnance District and later consultant to the chief, industrial section.

### PERSONAL APPEARANCES

MRS. JOHN GORDON HILL, setting off her dark good looks with perfect Summer white a recent June afternoon. Looking that swish in a two piece white pure silk. Frock was white and fashioned with vest effect bodice, high pointed collar. The flame red jacket was lined in apple green silk and she wore one of her favorite tiny white straw chapeaux with cluster of red cherries at one side.

MRS. CARROLL MCGREGOR BOUTELL attended a recent afternoon "do" in a stunning frock of navy sheer. Plain fitted bodice drew attention to the high style full skirt which was achieved in bands of shirred blue sheer alternated with narrower bands of the plain material. With this a chic white bell-shaped straw hat dramatically draped in large mesh navy veil.

MRS. GEORGE BACKUS HEFFERAN who has "Junior League" looks was a fashion favorite lunching in the Terrace Room with friends. Her navy suit was yeddy simple. The white blouse, worn with it, contrastingly fancy. She wore a turned-up-brim on her navy hat and the edge of the brim was piped in stark white. Elegant white wings trimmed the hat and she wore sable scarfs over her shoulders.

MRS. ALFRED L. MARKS lunching in town chose to let those marvelous tassy locks fly unadorned by hat or ribbon. We lo-o-o-d her black and white printed skirt, long and moderately full, which was worn with solid black jacket top. Deep jacket cuffs were of the black and white printed material.

### PILFERINGS

"I'm brave Hawk," said the Indian Chief, introducing himself to a paleface. "This is my son, "Fighting Bird. And there," he added with pride, "is my grandson, B-29."

An elderly patient told his doctor: "As we have known each other so long, doctor, I do not intend to insult you by paying my bill. But I have left you a handsome legacy in my will."

Said the M.D.: "That's very kind of you, I'm sure. By the way, just let me have that prescription again. There's a slight alteration that I want to make in it."

One day a little old lady in her seventies came into a doctor's office for a consultation. She expounded all her ailments, real and imaginary, but seemed most concerned about a recurring dream in which she was pursued by a personable young man whose intentions seemed, to say the least, dishonorable. The doctor was properly sympathetic, and advised her how she might sleep more soundly. In a few days she returned, still weeping.

"Don't tell me you aren't sleeping better nowadays," teased the doctor.

"Oh, I'm sleeping just fine," the patient replied, "but to tell the truth, doctor, I miss that young man!"

A well known magazine offered a prize to the author who submitted the best short story with dramatic content.

This is the story that won the prize: Elvina Parker received a telegram from her brother, who was accompanying her husband on a big game expedition in Africa. The telegram read, "Bob killed lion hunting—Fred."

Elvina, overcome with grief, wired back: "Send him home—Elvina."

Three weeks later, a large packing case arrived from Africa. Inside was a lion. Elvina sent a telegram: "Lion received. Must be mistake. Send Bob, Elvina."

Back from Africa came the reply: "No mistake. Bob in lion—Fred."

## Pointer of Interest

BOB MESSNER

DONALD COREY

by Kitty Carney

"W. died the night of the 27th..." has a solemn ring, but to two Pointe boys it means not the death of a person, but the death of an experiment. Bob Messner and Donald Corey, 8-A students at Brownell Junior High, are partners in a unique business—that of crow raising.

The quotation above is from the log in which they record the weight and behavior of their baby crows. Each bird is identified by a letter (as "W") representing a color (White), and a narrow strip of white is attached to its leg. From the material which they compile, Bud 'n' Bob hope to write an article for one of the nature magazines.

The hobby officially began early in January of this year, when a black crow came to the door of the Messner home in the wake of a snowstorm. The bird was almost frozen, which is the only reason, says the young Messner expert, that it accepted the hospitality which they extended on their doorstep in the form of grain.

Banjo, as the crow was named, became a part of the household, and the local interest in crows stems from his arrival. When acquaintances showed an interest in Banjo and the tricks he performed, Bob and his friend Bud decided that making pets of baby crows in order to train and sell them would be a profitable venture.

**Crow Search**  
Since the foremost problem

was to get the crows, the boys consulted Bob's parents, Mr. and Mrs. Clarence Messner. Delighted with the boys' idea, the Messners, both of whom are prominent in the natural science field, agreed to help them. The group has spent most of its spare time since with birds.

Saturdays, Sundays and often-times during the week they drive through the country until they find a likely wooded site. Then out comes the boys' equipment, rope ladders, because crows usually nest in very high trees, safety belts and sharp climbers like those worn by telephone repairmen. When they sight a crow's nest, the boys climb up to it to look for the baby birds.

Although they find dozens of nests, their work is made harder by two facts: (1) they must wait until the baby bird is feathered out or it will soon die; (2) crows, because they are nuisances, are not protected by law. The second factor both hinders and helps the young searchers. It hinders because the eggs in crows' nests are often destroyed

before the boys can return, but it is an aid, too, since they are free to search for the birds.

### Making Pets

While Bud and Bob trained and sold the birds which they found so far, the orders on hand for pet crows are more than they can supply. However, they continue to walk miles searching for nests and climbing up trees with their 20 and 60-foot ladders. The rope ladder idea, they got from reading the works of Charles Broley, nationally known naturalist.

Bob, 14, and Bud, 13, are "A" students and both are in the school band. Bob, who plays the trombone, was at Interlochen last summer, and Bud is a flutist. This summer the Messner family will tour Michigan state parks with the Traveling Nature Center lecturing and showing exhibits. But the two boys will not discontinue their hobby. Tentative plans for the fall even involve a "worm farm" to supply food for crows purchased by their customers.

They agree that Banjo, the bird responsible for their present endeavors, will not be sold. From the crow's actions it is easy to see that Banjo would be of little use to anyone else. He has eyes only for his saviours—Bud 'n' Bob.

## Pointe Counter Points

by C. M. C.

Vacation beckons and Pointers are hastening to answer the call. Few remain who have not laid plans for that all-important summer project. East, West, North, South, to cottage or resort... the location matters little... it's the vacation itself that counts. And what could put anyone in a better traveling mood than a s-p-a-n-k-i-n-g new piece of luggage? Whether you need wardrobe or train cases, the handsomely styled luggage from JACOBSON'S will put you right in the vacation groove.

JACOBSON'S have fine selections in these five sizes—wardrobe, weekender, pullman, train and hat and shoe case. Compartments for your shoes line the sides of the last bag leaving scads of room in the center of the case for milady's bonnets.

The famous shock-proof edge which adds years of wear is a feature of Mendel luggage available at JACOBSON'S. One of the oldest manufacturers in the business, Mendel has constructed fine pieces of luggage with leather-covered resilient molded rubber cushioning at the ends to protect them against damage en route to their destination. Mendel pieces come in typical travel shades—Cuban tan or Bermuda blue, with tan and navy leather binding respectively.

Dark green, red or brown, in either leather or alligator, binds the beige-toned Kessler luggage. If your trip is to be long in distance or duration examine JACOBSON'S wardrobe cases designed to carry your clothing with a minimum of wrinkling. The weekender and pullman bags are available in any of several popular sizes. A brown leather set pressed so that it closely resembles alligator is also tops on the Kessler travel parade. The inside lid of the compact train case is a hand mirror, and all the small essentials for use on the train will fit in nicely besides.

Among the many other handy "travelers" from JACOBSON'S are easy-to-carry inexpensive hat boxes in 12, 15 and 18-inch sizes. You may choose from navy, green, red, brown or black. Plaid or plain travel umbrellas, small enough to fit into even the smallest of your bags, are also good travel companions. Pick out your piece of luggage at JACOBSON'S and you'll start that vacation in regal style.

"The flowers that bloom in the spring tra-la..." are blooming now in the Kercheval avenue shop of PASELK, Grosse Pointe florist. And these same blossoms will soon be gracing the homes of the Pointe's summer debs, who know just where to turn when time comes for artistic floral arrangements.

A brief consultation with PASELK always solves decoration worries of the Pointe hostess. The eminent florist is glad to create a centerpiece, background or floral theme to suit any occasion.

Summer wraps, for day or evening wear whenever a chilly breeze blows up, are n-e-w-s of the hour at WALTON-PIERCE'S GROSSE POINTE BRANCH. All shorties, the coats are dressy or tailored as the junior miss desires. A rich-looking aqua imported tweed first caught our attention... it had a collarless round neckline and three gold-trimmed buttons paralleled each of the vertical slash pockets.

Very unique was the soft green shortie which buttons right up to the tip of the pointed collar, giving a draped turtle-neck effect. There is plenty of fullness at the armholes to allow for full summer gowns. Two charming cherry reds are: one with tailored jacket front tying at the waist, which surprises you with its stunning cape back... and another boxy jacket, one button only at the neck, with turnback cuffs held by one material button.

Equally at home with sailing or evening attire is a tailored navy number. Wide rounded rever collar, hammered gold buttons and white-edged slash pockets are among the attractive features.

A "must mention" was WALTON-PIERCE'S white eyelet cotton dress over a robin's egg blue taffeta slip. It had a princess line torso, flared skirt and the eyelet collar ended in front in a blue taffeta bow.

For distinctive apparel all the year around, visit WALTON-PIERCE either in Grosse Pointe or downtown in the Women's City Club.
