### HEADLINES of the WEEK

As Compiled by the  
Grosse Pointe News

**Thursday, January 2**  
**VENEZUELAN AIR FORCE** units revolted Wednesday and sent warplanes thundering over Caracas, the government seat of President Gen. Marcos Perez Jimenez, who announced Wednesday night that four powerful columns were marching on Maracay, the rebel base 50 miles west of Caracas.  
The President said the Government hoped to put down the rebellion within a few hours. He warned the airmen to abandon their fight or face annihilation. Argentine sources said they considered it only a matter of hours until Perez Jimenez is overthrown. They said the Navy is on the side of the rebels.

**Friday, January 3**  
**MOVING TO BAIL** the State out of financial straits, Gov. Williams Thursday called for a boost in the States' intangibles tax to produce an additional 21 million dollars a year.  
The Governor proposed to bring Michigan's tax on intangible property, such items as stock, bonds and mortgages, into line with about double those charged in this state.  
Williams produced figures showing that the State faces a deficit of nearly 33 million dollars in the current fiscal year. By boosting the intangibles tax and by "recapturing" 10 million dollars in idle money from sources such as the World War II bonus fund, he said, the state should be able to wind up the year with a balanced budget.

**Saturday, January 4**  
**THE ARMY DISCLOSED** Friday that it has awarded a contract to Chrysler Corp. for production of the 1,500-mile-per-hour Jupiter rocket. The Jupiter, now being made virtually on a hand-tailored basis at the Redstone Arsenal, in Huntsville, Ala., has been fired with varying degrees of success the full distance in recent tests from Cape Canaveral, Fla.

**Sunday, January 5**  
**GOV. WILLIAMS** will open an angry legislative battle over new taxes next Wednesday by proposing a drastic \$12 million levy against all bank accounts, thus hitting about 3,500,000 individuals and corporations.  
The scheme, expected to be smothered quickly by Republican majorities in the House and Senate, is part of the governor's program to double the tax on intangible property.

**Monday, January 6**  
**TORRENTIAL DOWNPOURS**, continuing into the fourth day, flooded parts of the lower Rio Grande Valley of Texas Sunday, forcing evacuation of more than 1,500 persons. Up to 20 inches of snow paralyzed broad stretches of Western Texas.  
Hardest hit by the rains was Edinburg in the lower Rio Grande Valley, where an estimated 800 persons fled their homes. The Red Cross said 71 city blocks were under water. Emergency evacuation centers were set up in a night club and in an elementary school. The Air Force rushed in cots and blankets.

**Tuesday, January 7**  
**SOVIET RUSSIA** has shot a man-carrying rocket 186 miles into the air and the man parachuted back to earth, reliable sources said Monday. If true, it may be an even more dramatic scientific achievement than the launching of Sputnik I and the dog-carrying Sputnik II last fall.  
**Wednesday, January 8**  
**WHILE CAPITALS** of many nations buzzed with speculation the Kremlin kept silent on unofficial reports that Russia had fired a man-carrying rocket 486 miles high and got the passenger back to earth. The official blackout aroused speculation that the rocket experiment, if it did happen, might not have been a complete success. Soviet officials in both Moscow and London denied the report, indirectly, but firmly.

### First Babies Born in Pointe in 1958

Here are the first infants to make their bow into the world in Pointe Hospitals in the new year. Top photo: HAROLD JOHN BUNGE, the only boy of the trio, had the honor of arriving first. He was born at Bon Secours at 12:59 a.m. He is the third child of MR. and MRS. RICHARD H. BUNGE of 20217 Valera, St. Clair Shores. Nurse is THERESE PERRY.  
Lower left: — CATHERINE ANN TOCCO made her bow at St. John Hospital at 2:15 a.m. and is the daughter of MR. and MRS. JOSEPH TOCCO, of 5718 Buckingham. Lower right: — DEBORAH ANN GRAZIOSI was the first at Cottage hospital arriving at 10:44 p.m. She is the daughter of MR. and MRS. CONRAD GRAZIOSI of 13652 Linnhurst.

### Farms Sets Stage for Plan Group

**Council Authorizes Resolution for Creation of Advisory Body**

The Farms council on Monday, January 6, authorized a resolution which will create a seven-man Advisory Planning Committee for the city.  
City Attorney Thomas Tilley drafted a rough resolution and proposed duties of the commission and presented it to the council. At the next meeting of the city body, he will bring back the resolution with recommended changes made by the council.  
**Will Submit Names**  
Also at the next meeting, councilmen will submit the (Continued on Page 2)

### Many Unusual Displays Added to Pointe's Beauty During Holiday Season

**Project of Garden Council to Make Christmas Bright But Beautiful Met with Outstanding Success**

By Mrs. H. Ray Will  
The Grosse Pointe Garden Club Council wishes to express its appreciation to the hundreds of Grosse Pointers who responded to the "Christmas—Bright but Beautiful" suggestion in their lighting displays this holiday season.  
The Pointes were never more beautifully lighted. The public buildings, the churches, the business districts, the municipalities, the homes,—all reflected the Yuletide spirit and showed careful planning and ingenuity. There was everything from spectaculars to a single star with its message of Peace. The committee of women who drove around marking outstanding displays were overwhelmed by the great number which merited commendation.  
**Many Floodlights Used**  
The increased use of floodlights and indirect lighting gave unusual and lovely effects, highlighting doorways, trees, and figure groupings. There was movement and sound. The trimming and lighting of deciduous trees and evergreens was often breathtaking. Beautifully decorated trees within the homes were so lighted from inside that the passerby could fully appreciate them.  
There were more figure groupings both gay and spiritual. The use of gold and silver, white, blue and green gave a fairy appearance to the whole street. Many followed a single color scheme throughout. Balconies were festooned, some with a jolly Santa, some with a religious theme.  
The doorway treatments, especially in the modern homes with double doors were particularly beautiful. Unusual materials with floods to bring out color contrasts and shadows made most artistic effects. In most of the displays, the committee felt there was improvement in balance and use of color, and were happy to see the trend towards the spiritual display.  
**Wasn't a Contest**  
The Lighting Project of the Garden Council was not in any sense a contest, but an effort toward education in better use of color and line. The Council (Continued on Page 2)

### Young Vandals to Stand Trial in Circuit Court

Three teenagers charged with malicious destruction and larceny, waived examination when arraigned before City Judge Douglas Paterson, in the Park Municipal Court, on Monday, December 30.  
Judge Paterson, presiding in the absence of Park Judge C. Joseph Belanger, continued personal bonds for the youths and released them to their attorneys until directed to appear in Wayne County Circuit Court for trial.  
Accused are Kenneth Laudon, 18, of 20920 Ridgemont; Michael Forton, 19, of 665 Philip; and Thomas Armstrong, 18, of 417 Chalmers, all of Detroit.  
A fourth youth, Philip Byerly, 17, of 300 Ashland, Detroit, was not involved, according to

### Park Infant Dies in Crib

A two-month-old Park baby was found dead in its crib on Monday, January 6, of possible suffocation.  
Dead is Susan Joyce Warmbold, daughter of the Robert Warmbolds of 830 Whittier.  
Park authorities said that the mother, Mrs. Warmbold, discovered her daughter dead when she was going to feed the baby about 7:30 a.m.  
The body of the infant was taken to Children's Hospital in Detroit, where an autopsy was to be performed and the cause of death determined.  
The report is still pending.

### Police Seek Active New Year Thief

**Farms Authorities Sifting Clues in Three Burglaries And One Attempt**

Farms police are busy seeking clues to three burglaries and one attempted burglary, all of which took place on Wednesday, January 1. Thieves netted a fur piece and jewelry valued at a total of \$605, and \$22 in cash.

The detective team of Sgts. Jack Paisley and George Van Tiem, said the first report came from Miss Martha Haag of 158 Ridge road, who stated that while she was watching television, some one entered her room and stole \$200 in jewelry, and her wallet containing \$12 in cash, personal papers and a house key.  
**Wallet Found Later**  
The wallet was later found on the third floor of the building, a nurses' home, the money gone.  
She said that she had left her room door slightly ajar, and had gone to the first floor to watch TV, and when she returned, found the door wide open, and the items missing.

Miss Haag told Paisley and Van Tiem that missing were the cash, a brown leather gold-trimmed jewel box containing a lady's gold diamond ring valued at \$50, a lady's watch, worth \$55; a heavy silver necklace and matching bracelet, which cost \$35; and a yellow gold necklace valued at \$10.  
**Grill Burglarized**  
The second burglary was discovered by police making a routine check of business places, and who found the Farms Grill, 18884 Mack, had been broken into. Entrance was gained by breaking the glass of the rear door of the building. All that could be found missing was \$5 in nickels and dimes.

Paisley and Van Tiem said that burglars also broke into the home of Mrs. Sara Brant, 333 Hillcrest, and took a jewelry box and valuables worth \$330, a brown squirrel fur neckpiece valued at \$75, and \$5 in pennies from a black metal cash box.  
The officers said that reported missing, besides the fur piece and cash, were the jewel box in costume jewelry, costing \$45; two lady's diamond rings, worth \$100 each; a man's yellow gold ruby ring, value, \$75; a baby's yellow gold ring with two small pearls, valued at \$10, and a lady's antique yellow gold watch on a two-foot long chain, no value given.

### Window Jimmied

Entrance was gained by forcing a side window frame with a jimmy bar and breaking the glass near the latch, the officers said.  
The attempted breaking and entering was at the home of Willis J. Gray, 337 Moross road, where the burglar failed to enter the house because of a bolt-type lock.  
Gray came home about 10 p.m. in the evening to find the glass of the rear door broken and jimmy marks evident on the door.  
The Farms detectives said that the jimmy marks at both 333 Hillcrest and 337 Moross were apparently made by the same man. A suspect in the case is being sought for questioning, the officers added.

### Nab Teenager After Chase

Two Park policemen recovered a stolen car on Monday, December 30, and several minutes later arrested a youth for investigation of a possible breaking and entering after firing a warning shot into the air when the boy refused to stop.  
Sgt. Anthony Walsh and Patrolman John LaPratt, while making a routine check of cars in the parking lot of the Ice Fair, Clarvevoix and Wayburn, recovered a car reported stolen from Harper and Mt. Elliot, Detroit, on December 28. The automobile was left in the lot by the thief.  
After calling the station to pick up the car, the officers noticed a 19-year-old youth walking in the alley at the rear of the Ice Fair. Because of the hour, 1:40 a.m., the policemen, thinking the youth might have been up to no good, called to him to stop.  
The teenager, whose name was withheld, took off down the alley, the officers pursuing on foot. When another call to halt did not bring any results, Patrolman LaPratt fired a shot into the air. The boy stopped.  
At the police station, the teener said he had been in a bar with another youth, and had been drinking. He said that he ran because he was afraid the policemen would smell the odor of alcohol on his breath.  
Park Police Chief Arthur Louwers said the youth was released after further questioning, but not before he had given the name of the bar.  
The chief said that charges will be filed against the Champs Lounge, 15007 Charlevoix, with the Liquor Control Commission, for serving drinks to minors.  
He said that this is the second charge against the bar in a short period of time. A hearing is pending for permitting gambling on the premises.

### Science Cart Spurs Students' Interest In Pointe Schools

**Teachers Also Enthusiastic About Mobile Equipment Which is Built in Local Maintenance Shops**

Editor's Note: This is the fourth in a series of articles dealing with our Grosse Pointe School system and its current mathematical and science programs — in all age levels. This week's article is written by a member of the system, John E. Heifrich an Assistant-Principal at Poupard School.  
The Science carts, about which he writes, are partly his inspiration, and innovation. He converted the idea into a reality along with two of his, then, fellow teachers at Monteith School: Frank Bozarth and Jack Darvill. That first cabinet, which they made, has been in use two years. There are others in existence now, one at Barnes, another at Kerby, and a third is in the process of being constructed for Poupard School.  
Each cart differs somewhat from its predecessor, answering its school's individual needs. The Pointe's school system's maintenance staff does the actual construction work. Other buildings might (Continued on Page 2)

### Save \$418 By Delaying New Light

**Traffic Signal at Kercheval and Hall Place to be Replaced**  
A two-month delay in the installation of a new traffic light at Hall place and Kercheval saved the Farms an estimated \$418 in costs, it was brought out at the Farms council meeting on Monday, January 6.  
On October 21, City Manager Sidney DeBoer and Police Chief Walter Hoyt made a study of a possible change of the signal light and offered recommendations to the council. The estimated cost of the project, at the time, was \$1,128.

### Council Approves

The council approved the replacing of the present flashing red, for traffic leaving the alley, with a three-phase red, amber and green section.  
Two "Walk - Don't Walk" signs will be installed, one on each side of the alley. It is believed that these will benefit pedestrians.  
The signs will work in conjunction with the lights controlling vehicle traffic.

### Thurber Named U. of M. Regent

Donald M. D. Thurber, of 798 Neff road, has been appointed a regent of the University of Michigan by Gov. G. Mennen Williams.  
Mr. Thurber, 39, who is unmarried, is associated with Michigan Rotary Press, and was an associate of the late Elmer Moody when Moody bought that company several years ago.  
He is a graduate of Harvard University, class of 1940.

### Girls Have Close Call When Truck Jackknives

Two young women escaped possible serious injuries or death on Thursday, December 2, when their car was struck by a jackknifing truck-trailer while driving on Lake Shore road.  
The truck driver, Robert Cureton, 49, of 8227 Colfax, Detroit, was issued a ticket by Shores police for not having his vehicle under control and causing an accident.  
Betty Ann Warmus, 17, of 21201 Bon Brae, driver of the car; and a passenger, Betty Buban, 18, of 20918 Bon Brae, both of St. Clair Shores, were traveling north on Lake Shore, when the accident happened.  
A police report disclosed that the girls were traveling in the left hand lane, and Cureton, in the right lane, when the truck driver suddenly applied his air brakes to avoid hitting a parked car.  
The move caused the trailer to jackknife and the rear end slammed into the right side of the car. Skid marks from the right side of the pavement to the point of impact in the left lane measured 50 feet; and six inches, the report revealed.  
Police said it was a miracle the trailer did not tip over onto the automobile. In spite of the damage to the car, it was driveable, it was said.  
Cureton will appear in Shores traffic court on February 24.

### Six Killed In Traffic During 1957

**Total of 1,094 Mishaps Recorded by Departments 295 Suffer Injuries**

The Pointe police departments recorded 1,094 reported traffic accidents during 1957, in which six persons died, and 295 others suffered injuries.  
The accidents ranged from minor bumps to heavy damage; and the injuries from bruises and scratches to critical.  
The accident figure might have been higher, but it is believed that a percentage of motorists involved in collisions did not make reports.

### Breakdown of Mishaps

The following is a breakdown of the traffic picture as received from each police department:  
Park: total number of accidents, 289; persons killed in traffic, two (one motorist and one pedestrian); non-fatal (injury accidents) 83; number of persons injured, 177; property damage (cars and others), 199; accidents involving collision between cars and bicycles, 13; and cars and pedestrians, eight.  
City: accidents, 211; no persons killed; persons injured, 58; property damage, 376; car and bike collisions, three; and car and pedestrian, two. In the property damage, 407 cars were involved, 16 of which struck fixed objects.  
Farms: accidents, 311; non-fatal; persons injured, 65; property damage, 269; car and bike, eight; and car and pedestrian, five.  
**Two Killed in Shores**  
Shores: accidents, 72; persons killed, two (one car involved; crashed into tree on Lake Shore road); persons injured, 17; property damage, 44; no car and bike; and car and pedestrian, one.  
Woods: accidents, 211; persons killed, two (a motorist and a pedestrian); non-fatal accidents, 27; persons injured, 34; property damage, 182; car and bike, 13; and car and pedestrian, five.  
The accidents and injuries in the overall figure, include those involving bicycles and pedestrians.  
The safety officers of each of the departments are of the opinion that most of the accidents are rear end collisions, and about 82 percent of all accidents are caused by cars following too closely.

### Farms Submits Building Report

In his December building report, the final one for 1957, Farms City Engineer Murray M. Smith told the Farms council on Monday, January 6, that the value of all types of construction permits for the year exceeded the \$2,500,000 mark.  
He said that 173 permits were issued during the year, and they are valued at a total of \$2,541,434. Of this number, four were for non-assessable property, which totaled \$334,234.  
Thirty-five residential construction permits granted are worth \$1,424,000; four for business places, \$351,000; and 130 miscellaneous, \$432,200.  
There were only three residential permits handed out during December, and these are worth \$106,000. Two miscellaneous permits came to an even \$9,000, making a total value of \$115,000.  
Last month saw no permits issued for business or non-assessable buildings.  
One permit was issued for a residence at 425 Barclay, which will cost \$35,000; one for 202 Lakeview, to cost \$31,000; and another for 35 Newberry, for \$40,000.  
A garage demolition permit was granted for 197 Muir road.

### REPORTS VANDALISM

Mrs. Samuel Prete of 10276 Harvard, Detroit, complained to Park police on Monday, December 30, that someone had broken into her new home at 1205 Three Mile drive. The house was not yet furnished but vandals caused about \$200 in damage to pipes and wiring and the fireplace.

# Science Carts in Schools Plan Group

(Continued from Page 1)  
obtain a science cart by re-equipping them from the school budget.

Pointe parents should be grateful for men like Mr. Helfrich and his associates for their inventive, productive minds—and the fruits from which their children reap great educational harvests.

enthusiasm and effectiveness of both teacher and pupil. Because we feel that children should be given a chance to manipulate the tools of science as well as read and talk about it—we acted!

First, we asked teachers how satisfactory they found the science materials contained in a commercial kit already on hand. The following were indicative responses: (1) Not enough different kinds of equipment was available. (2) The kit became cluttered too easily. (3) Expendable supplies were quickly depleted. (4) It did not contain enough equipment for several rooms at the same time. Of course there were some advantages: (1) It was easily transported; (2) It was not too costly; and (3) It was already assembled. But these advantages were not great enough to offset the disadvantages.

### Needs Well Defined

The concept of a science cabinet on wheels emerged and our thinking began to revolve around this idea. Our needs in a science cabinet were few, but fairly well defined. First, it had to be easy to move from room to room as our classrooms are self-contained and science is taught in regular classrooms. Second, it had to be safe. Third, it had to be large enough to hold all of the necessary equipment things such as gallon jugs, microscope, ring stand, etc. Fourth, it had to provide suitable work space for the children who were using it. Finally the cost had to be reasonable.

After investigating existing commercial models, we found that the cost would not be justifiable for our elementary schools. This led us to the next best course of action. We decided to build one ourselves.

### Better Than Expected

We talked to teachers and administrators and came up with minimum specifications considered desirable. Taking the teachers' ideas we drew up the plans, sent them to our maintenance shop, and waited for the fruits of our labor. In a short time our science cabinet arrived. It was more than we had anticipated!

The top was covered with sheet asbestos making it fire-proof. The entire cabinet was suspended on casters which made it so easy to move that children could take it from room to room. The drawers were deep and partitioned, making their contents easily accessible. There was also space provided for a portable methane series gas bottle which would be the source of gas for the bunsen burner.

The cost of the cabinet would run approximately \$75, including labor. Incidentally, this cost could be reduced considerably if there were some teachers, parents, or administrators around who were handy with tools.

### Children Amazed

You can imagine the impact this type cabinet had upon science-minded children. They would gather around it in various rooms where it was on display during the noon-hour and gaze awe-struck for minutes at a time. Teachers were bombarded with questions asking "when would they be using the new science cabinet." This enthusiasm soon spread to the teachers and the demand for the cabinet grew. Teachers who had previously sidestepped science were now reading "on their own" that Johnny might have his insatiable appetite for science satisfied.

Thus, with the addition of a cabinet for the primary purpose of providing equipment where it was needed when it was needed, the whole science program received a shot in the arm and was vitalized to a noticeable extent.

If things don't come your way check and see if you are on the right road.

names of civic-minded persons who might be interested in serving the city as members of the committee.

The Farms has never had a Planning Committee, since all duties usually delegated to such a body were absorbed by the council.

Instrumental in bringing the matter to a head was the Grosse Pointe Property Owners Association, whose president, Robert J. Byrnes, asked that the council consider the formation of a commission. Letters were sent to the council, urging that it take the necessary steps in creating this body, so that the council will be relieved of the burden, and that capable men, not members of the council, can help in the future of the city.

The Association's secretary and executive director, Paul R. O. Marden, attended a number of meetings held by the Farms, to follow the progress of his agency's suggestions. He expressed gratification at Monday's meeting, when he told the council that it was "taking a great step forward."

Marden said that a poll was taken among the Farms members of the Association and that 99 percent of the membership favored a city Planning Commission.

The Association outlined specific areas of planning for consideration of the committee, which the city attorney incorporated in the resolution which was approved by the council. They are:

1. The development of new plats and subdivisions, including the probable future development of the large lake shore properties.
2. The possible future development and improvement of the business districts along Mack and Kercheval.
3. The possible necessity for amendments to the present City Zoning Ordinance, both in terms of a possible major revision as well as minor amendments from time to time.
4. Off-street parking and traffic problems.
5. The necessity for widening, extending, or vacating existing or future streets and alleys.
6. Future water needs of the city.
7. Development and operation of recreation areas in the city.
8. Beautification of the city.
9. Possible necessity for enlarged municipal offices and other city facilities.
10. Possible impact of future trends and developments upon the city, such as the effect of the St. Lawrence Seaway on the community shore line.
11. Any other matter requiring advanced planning and considerations by the city.

# Many Unusual Yule Displays Seen

(Continued from Page 1)  
feels that it has been most worthwhile and gave joy and the warmth of Christmas both to those who responded and to all who saw.

The committee would like to mention a few outstanding displays. There were many beautiful trees, besides those we have enjoyed for many years. The Fairyland tree at Lakeland and Maumee with its glass prism ornaments, colored with flood lights. At 615 Pemberton there was a life-size "gun drop tree." At 729 Lakepointe, a modern "Sugar plum tree." Another at 504 Pemberton was a stylized blue tree with large disc ornaments. Unusual floodlighting of a willow tree was to be seen at 753 Middlesex. Hundreds of tiny lights replaced the spring-time blossoms of a dogwood tree at 1047 Whittier. At the end of Lakecrest was found a study in shadows, where an immense tree was hung with Christmas balls and a large spotlight was directed skyward.

### Many Jolly Santas

For the youngsters there were many Jolly Santas, on balconies, on doorways, on lawns, some with chubby reindeer and sleighs. There were snowmen on lawns. Some of the very interesting were at 1030 Berkshire, at 1022 Buckingham where five saucy reindeer were admiring a big Christmas tree. Did you see where Santa left his sleigh at the foot of Grand Marais or the two Snowmen on St. Clair at Maumee who are keeping guard at a white cottage with a picket fence? Another Jolly Santa, complete with sleigh and reindeer, appeared on Morningside and Hawthorne. Then on Touraine was a real old sleigh brimming over with packages.

There were many lovely tableaux — of Carolers, or

Nativity scenes, some on fastened replicas of musical doorways, some on lawns. On Kenwood court the procession on the lawn among the pines, was a neighborhood attraction. On the corner of Morningside and South Renaud, Christmas Carolers were spotlighted on an upstairs balcony. At 675 Balfour, "gothic arches", carolers and candles show excellent planning of overall house and grounds.

### Great Variety Noted

To list all the beautiful doorways and homes where the lighting of trees, candles or greenery compliment the doorway would be almost impossible. To give an idea of the variety and unusual ideas, a few are mentioned. In Deeplands, two Christmas tree designs in front windows with lights forming English trimmed formal trees. The double doors had two tall potted trees formed of ornamental fruits and nuts. There were many other well-designed doors in Deeplands.

### HEADLIGHT STOLEN

Paul R. O. Marden, 17590 East Jefferson avenue, reported to City police last Sunday, January 5, that sometime between 7 and 9 o'clock the previous evening, while parked in front of 512 Rivard boulevard, someone stole a sealbeam headlight from his car.

*Cadillac*

*It Says "Greatness"...in Any Language!*

Wherever highways exist and motor cars are known, the name "Cadillac" signifies but one thing—the leader in its field.

For the motor car that has borne that distinguished name for the past fifty-five years has been so well designed and so soundly crafted that it has become a universal synonym for everything good and fine and desirable in a manufactured product.

And never have these virtues been more evident than they are in the Cadillac car for 1958.

A single glance at the new "car of cars", for example, reveals a grace and majesty never before attainable in automotive design.

A brief journey at the wheel provides irrefutable proof of the magnificent strides forward that have been made in Cadillac performance and in Fleetwood coachcrafting.

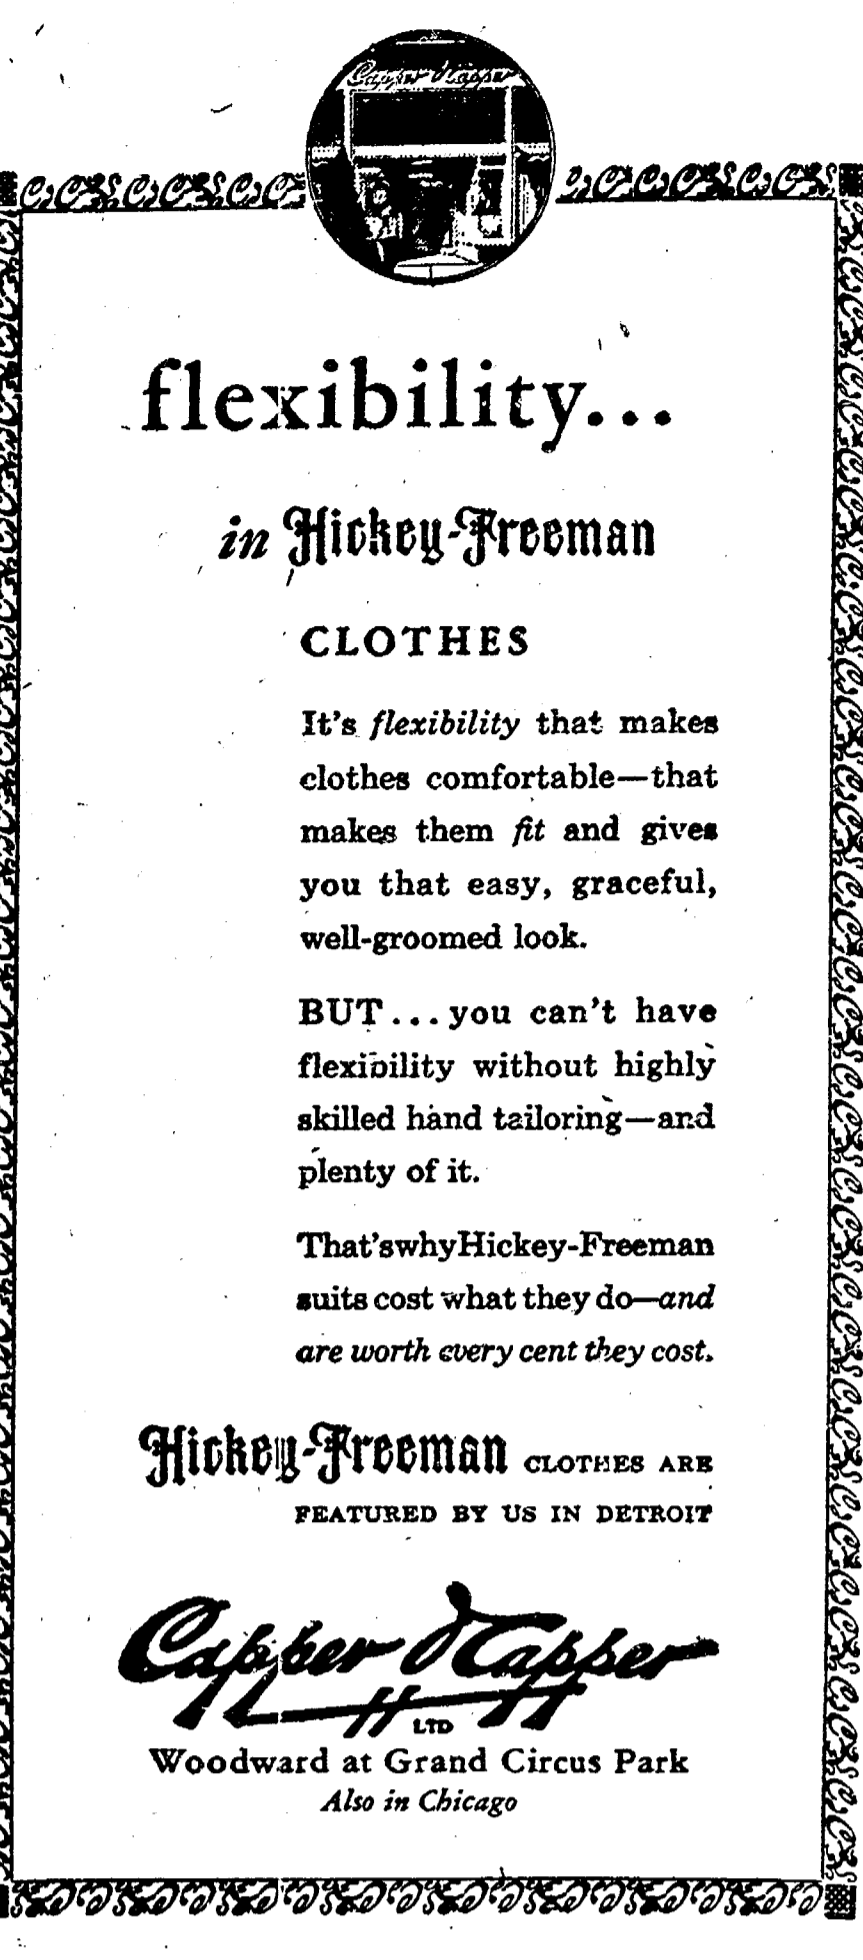

And a study of the facts about Cadillac economy indicates a soundness of investment beyond anything in Cadillac's past.

Have you as yet inspected and driven a 1958 Cadillac? If you haven't, then you should make arrangements to do so very soon.

Whatever your favorite among Cadillac's wide selection of models, which includes the distinguished Eldorado Brougham, you will find it a rare masterpiece in everything a Cadillac can be.

New Addition to Science Teaching

Newest addition to the Pointe's elementary education picture is the Science Cart, featured above. An innovation created by some of our young, thinking teachers, it has proved to be a great asset to modern teaching methods. Hand-constructed, and built on casters, it readily houses most of the scientific equipment used in elementary grades and is easily moved from room to room. Children are delighted with the mobile laboratory, and teachers are grateful for the availability of scientific supplies.

Two Injured As Hoodlums Crash New Year's Party

Two persons were injured when several unknown, bottle-swinging young hoodlums disrupted a New Year's party in the Woods in the early hours of Wednesday, January 1. A police report disclosed that the party was being held in the home of Tom Millington, 1718 Stanhope, and that about 24 guests were present. About 1 a.m., two 19-year-old boys came to the side door and went down into the basement where the party was going on. When asked what they were doing in the house, the youths answered, "Isn't this an open house party?" Millington asked the boys to leave, and followed them outside, with two other guests accompanying him. As they neared the sidewalk, police

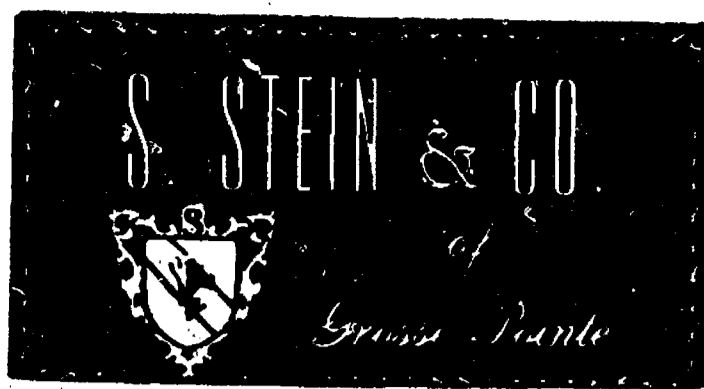

said, three other young men jumped out of a parked car, with beer bottles in their hands, and a fight started. Millington was hit below the left eye by one of the young hoodlums, and Michael Kroce, 45, of 7923 St. Paul, Detroit, was struck on the back of the head. They were hit with bottles. The boys jumped into their car and escaped, but not before they smashed three windows of an automobile parked in the Millington driveway. Police, who were called when the ruckus started, were unable to locate the boys. No description could be given of the youths, who were said to be riding in a red and white Plymouth. Police found a felt hat, believed to belong to one of the boys.

Elect Officers At St. James

The newly elected officers of St. James Lutheran Church, McMillan at Kercheval, were installed before the altar by Rev. George Kurz during the 11 o'clock service on Sunday, January 5. The following men were chosen to serve their church: President, Lemuel H. Stephenson; vice-president, John Egan; treasurer, David DeMers; financial secretary, Fred Martin; recording secretary, Earle Miller; elders, Gerald VanRiper, Fred Carnarius; trustees, Walter Wilson and Fred Schriever. Men remaining in office, having been elected for a three year term, are: elders, Harold J. Meinke, Arthur Wible; trustees, Douglas Graham and Irving Bopp. Thomas Couser will continue to serve as superintendent of the Sunday school.

Street Lighting Project Pushed

A construction crew has moved into the city to continue operations in the installation of the modernized type street lights ordered several years ago in accordance with a plan for the progressive accomplishment of providing the latest type of ornamental, overhead lighting.

To date a number of streets have been so improved—Jefferson, Maumee, St. Paul, Kercheval, Waterloo, Charlevoix, Chalfonte and Goethe. Also bearing the "New Look" are St. Clair, Cadieux, Neff, Lakeland, Washington, Rivard Boulevard, Roosevelt Place and others. Scheduled to be completed during early 1958, are Loraine, Lincoln, University place and Fisher road, which latter is to be a joint pact with the Farms.

Along with the overall plan of new installations, certain corrective items have been attended to and the City lighting pattern is uniformly adequate and quite effective.

A lot of people spend more money trying to keep up appearances than they spend to live.

Family Night Swimming Draws Many to School

Family night swimming got under way Monday, January 6, at the Pierce Junior High School pool. The attendance was good and a number of parents and their children spent a pleasant hour and a half using the fine facility.

"We feel that we had a good representation for opening night," said Superintendent James Bushong, "and from all reports most everyone thoroughly enjoyed themselves. We hope that this type of swimming opportunity will grow still more popular and that as many residents as possible will be able to take advantage of it. A similar family night swim will be offered starting Friday, January 10, at the Parcels Junior High School pool from 8 to 9:30 o'clock."

Upwards of 4,000 persons, including the public school children who swim in their physical education classes, are now using the pools weekly. School officials expect that this number will continue to grow even though most periods are now filled.

If conditions become too crowded at the present family swim times they are prepared to augment the offerings by rearranging the present schedule. If other nights than Mondays and Fridays are desired by enough residents for family night swimming the Board of Education has announced its willingness to make them available.

"The fullest possible use of our public school facilities is our goal," the superintendent stated. "Last year, before the community swimming program was enlarged through the addition of the new swimming pools, our school buildings were used by community groups on approximately 275 occasions for a total of nearly 11,000 hours. These figures do

not include use of our facilities by the Adult Education groups which numbered over 100 sections and a total of 2,400 persons. Nor do the totals mentioned include the use of the public library facilities by many groups. All in all, I would estimate that from 8,000 to 10,000 persons use the public school facilities weekly for out-of-school activities. That represents excellent utilization of our buildings, but we hope to do even better as our program continues to expand and grow."

Residents of the community who plan to attend either of the family night swims are reminded that no registration or prior enrollment is required. At least one parent is to accompany their child, or children, and mothers and daughters are requested to bring and wear bathing caps. All who plan to swim, or adults accompanying small children to pool-side, are required to shower prior to entering the pool area. Spectator space for

POLICE ACHIEVE GOAL

The Michigan State Police closed their year's activities with a report that the state had well achieved its 1957 goal of a saving of 10 per cent in lives lost in traffic accidents. Projected figures show that 1,545 persons were killed, a reduction of 202 or 11.6 per cent below the 1956 figure of 1,747. There were 59,500 persons injured and 192,500 accidents, reductions of 2.7 and 2.8 per cent respectively.

LOSES WRIST WATCH

Mrs. Alice A. Tucker of 76 Kerby road reported the loss of an expensive wrist watch to Farms police on Monday, December 23. She said the item had four diamonds on each side of the face, and had a black-cloth band with a gold catch. On the back of the watch is the inscription "ATA." The piece, valued at \$307, is believed to have been lost in the vicinity of Grosse Pointe boulevard and Kerby.

HOW TO PROFIT THROUGH TAX EXEMPTION

With today's high tax levels, investors in medium and high tax brackets are turning to tax-free Municipal Bonds for income that they can keep.

If you have a taxable income of \$10,000 or more, you may be well repaid by investigating the advantages of tax-exempt State and Municipal Bonds. For instance, if you file a single return on a taxable income of \$14,000, you would have to receive a dividend return of 7.45% on a taxable security in order to equal the yield from a 3.50% tax-free Bond. It's something to think about!

Our New Booklet, "How To Profit Through Tax-Exemption" explains in plain language your need for tax exemption, tells how much these high-grade investments can be worth to you. There's no obligation. Send for copy today, or phone

**OFF TO POOR START**  
The French religious painter, Georges Rouault, came from a family so poor that when he was young, he could not even afford to buy drawing paper. Yet, at the age of four, he dreamed of being an artist. His first pictures were done in chalk on the kitchen floor.

**Library Lists Available Films**

The following 16 mm sound films will be available from the Grosse Pointe Public Library, January 2 to 31. Patrons are invited to reserve the films for showing to organizations, clubs, church groups, and home audiences. Further information concerning these and other films which will be available in succeeding months may be obtained by calling the Film Counselor, Central Library, TUxedo 4-2200.

"Holiday at School" (20 minutes, color). The breathtaking grandeur of the Canadian Rockies is the setting for the University of Alberta's Banff Summer School, where music, art, drama, and French are taught through doing. Festival week culminates a month of study, with outdoor recreation, hiking, cycling, riding, and swimming to pack the moments between classes.

"The Kitimat Story" (34 minutes, color). The complete story of the survey and construction of the first phase of the Kitimat development, including the building of the Kenney Dam, driving the ten-mile tunnel, excavating the powerhouse cavern, erecting the transmission line, and the installation of the first two smelter units at Kitimat, home of the Aluminum Company of Canada, Limited. This film is a "natural" for anyone who likes engineering and building on a grand scale.

"North to Hudson's Bay" (11 minutes, color). Setting out from Winnipeg on a comfortable excursion train, the camera carries us across wheatlands, past lakes, into famous mining towns, and over muskeg to the port of Churchill. Here the modern explorer is introduced to local wildlife—ptarmigan, caribou, and white whale—and learns about the commercial and scientific activity in this most northerly of major Canadian ports.

"Ski Skill" (10 minutes). The camera joins a gay skiing party, accompanies them to a lodge in the hills and finally whizzes down a hill at 50 miles an hour. It also records a skiing lesson, with different movements demonstrated by an expert: the snowplow, the sideslip, the Christiania, the Ruade, and others. Jumping, slalom, and cross-country are shown, and the film comes to a climax with a breathless down-hill run.

**Shores Traffic Violators Pay**

Richard P. Randall of 2532 W. Grand boulevard, Detroit, was found guilty of violating the State Drunk Motor Law by Shores Judge John Gillis on Monday, December 30, and was fined \$125. In addition, Randall's driving privileges were suspended for 90 days. The convicted man was arrested while driving on Lake Shore road.

Also paying a heavy fine was Henry Kienoski of 22817 Doremus, St. Clair Shores, who was convicted of reckless driving and driving while under the influence of alcohol on Lake Shore. He paid \$87.50.

Roscoe Erbe of 20150 Thirty-one Mile road, Romeo, was found guilty of improper lane usage and causing an accident and paid a fine and costs of \$10.

Marian Louise Fraser of 16561 Lawton, Detroit, was found guilty of speeding on Lake Shore, and paid a fine and costs of \$12.50. Mary Jean Petersen of 921 Vernier road, failed to appear in court on a Vernier road speeding charge and a warrant was issued for her arrest. A warrant was also issued against James A. Bishop of 13725 La Salle, Detroit, who did not show up to answer for speeding on Lake Shore.

Speeding on Lochmoor boulevard cost Joseph White a fine of \$20 after he was found guilty of the offense. Roy Lehl of 45584 N. Branch drive, Mt. Clemens, was found guilty of speeding on Lake Shore and having no car registration on his person. He paid \$10.

**Trombly PTA to Hear Dickey**

It will be Dad's Night at the Trombly School PTA on Monday, January 13. Dr. Otis Dickey, assistant superintendent, Grosse Pointe Public School System, will be the guest speaker on the topic, "Recruitment of Teachers."

The recruitment and selection of professional personnel is a key responsibility of school officials. Dr. Dickey is responsible under Superintendent Dr. Bushong for the administration of professional personnel work in the school system.

Parents are cordially invited to visit in the classrooms to see the children's work and to talk with the teachers prior to the general meeting in the auditorium at 8:15 p.m.

Room Fathers and male members of the PTA executive board will be hosts for the evening both in the classrooms

together with Mrs. Warren Trafton, Mrs. Edward Callahan, and Mrs. Thomas Swegles. Mrs. George Baer and Mrs. Peter Kirsten, social chairmen, are planning a special festive board that is sure to delight the male appetite.

**Ticket Youths After Accident**

A driver and his passenger, both 19 years old, were arrested by Woods police on Wednesday, December 25, following a drinking spree and a fiery accident.

Arrested were William C. Riley of 15010 Hubbell, Detroit, the driver, and Joseph Galaeoti of 22158 Normandy, East Detroit.

Riley was ticketed for not having his car under control and for violation of Woods Ordinance 85, possession of alcoholic beverage; and Galaeoti was issued one for possession.

The youths were charged on complaint of Miss Connie Danta, 17, of 22605 Arcadia, St. Clair Shores, who told authorities that she was visiting at 1324 Vernier road. She said she was looking out of the window when she saw Riley's car swerve and run into the rear of her automobile and burst into flames.

Police extinguished the fire at the scene, and found that both boys were under the influence of alcohol.

Miss Danta said she saw one of the youths toss out a bottle from the car following the collision. A search by the officers located a full pint of whiskey, the seal still intact, on the shoulder of the road across the street.

Riley said he did not know what had happened. The front end of his car was completely damaged and had to be towed away.

The two boys were scheduled to appear before Woods Judge Don Goodrow on Saturday, January 4.

Please Bear With Us

If you think you've been reading quite a deal of stale news in this issue, you are absolutely right. We hope it has been diluted by enough current information to make it passably acceptable.

One of the bug-a-boos of the newspaper business is that as soon as the heavy Christmas advertising splurge ends, the size of the paper shrivels almost to the vanishing point.

We have tried to save all the accumulated items from the past two weeks and print them in this issue even though many of them may be a bit stale.

Letters to the Editor

Dear Editor: January 3, 1958

We know you will be pleased and interested to know that largely through the splendid cooperation of organizations such as yours the Detroit Post Office has just completed the most successful Christmas season in its history.

The care on the part of mailers in the preparation and early mailing of their parcels and Christmas cards, in response to our urgings, enabled our employees to provide the best in service with a savings to the taxpayers in excess of one-quarter million dollars in operational costs in December 1957, as compared to December 1956.

This fine response by the public is a compliment to civic-minded owners of various public information media who made generous use of their facilities toward obtaining public cooperation with the Post Office.

We are fully aware that Detroit area newspapers play an important part in the success of our operations, not only at Christmas time but throughout the year; therefore, may we express our most sincere appreciation for your cooperation during 1957.

Very truly yours, E. L. BAKER, Postmaster.

Dear Sir:

To our NEWS want-ad concerning a Timex watch—"small boy's Christmas gift"—we received just one answer. But I think you will be interested in the details.

Before our paper had even arrived Thursday morning, a voice on the phone was saying, "I happen to have a Timex watch which has never been used. And we'd love to give it to your little boy if his isn't found."

It happened that the watch had already been recovered. But, besides teaching "small boy" to keep his proud possession strapped to his wrist, the incident, climaxed as it was by the extreme thoughtfulness of a Mrs. Bowen of Fisher road, is—we think—a memorable ending to the Christmas season.

Sincerely, BARBARA R. THOMPSON

"Yes, Linda, there is a Santa Claus."

It was a thrilling saga... exciting to follow the butterfly net and the \$100 into the clutches of Grosse Pointe Woods and the surgeon-journalistic scalpel which cut it loose for Linda.

A wassail bowl and the holy wreath to the News for straight thinking and straight acting. Perhaps even from this distance you can next save the old Detroit City Hall.

ADMIRER.

Letter to the Editor:

Dear Sir:

It wonders me—as the Dutch say—that Grosse Pointe lags in its "good works." I refer to the present action being considered by Detroit Council, of abolishing work on Sunday. This would apply to real estate offices and open houses, of course.

I have admired the Catholic

Church for its stand on this matter in various issues of its press.

Also the west side realtors have made their weeks into 6-day matters. Grosse Pointe, on the other hand, neglects to think about it all. I asked the Grosse Pointe Business Men's Association in a letter a year or more ago if they did not think it a reflection on the high standards of self-respecting G. P. that real estate operations were so blatant here.

In a community like the five Pointes who pride themselves as being just better than any other spots, would it not be in order to give the dignity and Christian restraint back to Sunday? Surely our public citizens could accommodate themselves to a 6-day business week.

Standard Bearer, ANNE PARKER, 702 Notre Dame.

To the Editor:

Congratulations on the editorial, "This Makes Sense."

Young drivers will learn responsibility by agreements with their parents to pay for the first fifty or one hundred dollars of damage caused by them to the family car.

Patrolman George Blair and Police Chief Arthur E. Louwers of Grosse Pointe Park are to be complimented for their constructive proposal and for its publication in the Michigan Police Journal.

May I suggest that, since collision insurance is usually written with a deductible of fifty or one hundred dollars, the young driver might well agree to pay up to the amount of this deductible. Any additional damage to the car would be paid by the insurance company.

The Governor has appointed a commission to study the problem of the uninsured motorist. A subcommittee has reported that a major need for protection against injury and property damage to members of the public is "an effective action in driver licensing procedures." The subcommittee recommends:

"That no vehicles be registered to unlicensed motorists, or, if the owner does not intend to drive the car, an affidavit be furnished that it will not be driven by an unlicensed person. Operation of a car by an unlicensed driver would then result in suspension of registration."

Automobile owners in Detroit and suburbs enjoy liability insurance rates much lower than those in most metropolitan areas. Let's keep these rates as low as possible by holding automobile injuries and property damage to the practical minimum.

Respectfully, George M. Zimmerman

Self-propelled missiles went into combat for the first time Jan. 11, 1944, when two torpedo bombers from a Navy escort carrier attacked a German U-Boat with rockets fired from their wings.

A. PRYOR

"There's a path that leads to Nowhere In a meadow that I know, Where an inland river rises And the stream is still and slow; There it wanders under willows And beneath the silver green Of the birches' silent shadows Where the early violets lean."

(Corinne Robinson)

Hello all! Well, a lot of things happened over the holiday... so here goes. The first on the agenda is the woman who had hired a new general maid and during the rush of Christmas shopping etc., told the gal to be sure to take down all phone messages very carefully.

Another domestic note concerns a cook who had been with her employers for almost a year. At Christmas time they gave her a nice apron as a gift. Cookie took a dim view of THAT one... so when she was stuffing the turkey for the family dinner on Christmas day, she stuffed the apron in the turkey along with the dressing!

Then there is the little hausfrau who gave her first largish party this New Year's eve... a rather new comer to GAUCHE POINTE... with dough but not much "know how." The party was slow getting under way and the hostess was feeling more uncomfortable by the minute.

Still on the holiday scene... Another Grosse Pointe couple gave a wing-ding on the "eve" and rented three musicians from a downtown agency. The host of the party... nervously pacing around downstairs before the festivities started... was told by the temporary butler, that the "Musicians Had Arrived!"

We love this true tale about a young man arrested for drunk driving for smacking his car into a (fortunately for him) STANDING freight train. When asked where on earth he was looking that he didn't see it there... he replied: "Well, I did just like they say, I slowed down and looked to the left, then I looked to the right. Nothing coming so I went on. I just didn't look AHEAD." Har, Har.

The following letter... written by a guy who sent copies to his friends at New Year's time, speaks for itself.

Well, here it is the end of another year when I usually take time out to write a few letters to my good friends; the time when I remember all the good things, and indulge myself to the extent of getting a little sentimental.

It's a snowy evening, the doorbell rings intermittently—but here in my den it's cozy and comfortable. I'm sitting before a nice open fire with my typewriter, sort of half listening to the Hi-Fi and slowly sipping a nice very dry double Martini. I only wish you were here, but since you are not, the least I can do is to toast your health and happiness, so time out, old pal, while I bend my elbow to you.

I just took time out to mix another Martini, and while I was out in the kitchen I thought of all the time I would waste this evening if I went out to mix another drink every once in a while, so I just made up a big pitcher of Martinis and brought it back in with me so I'd have it right here beside me and wouldn't have to waste time making more of them. So now I'll all set and here goes. Besides Martinis are a great drink. For some reason they never seem to affect me in the slightest. Can drink them all day long. So here goes.

The greatest's think in the whole word is feidnship. An believe me pal, you are the greatest pal anybody ever had. Do you remember all the swell times we had to gether pal? The wonderful gin games. I'll never forget the time we were schneidered and youi wood'n know. Ha. Ha. Boy hwo we daughed in we. Nvder did get on the about it once in while. No as muhc as I usd to. But what the heck! after all you stillmy bes old pal. An if a guy canot hav a laughn on a good freind one in a while wait the heck.

Dam pitcher was empty so I jus wen outanmade another one and I sure wish you weer here al pal to help me drink the Martoni because they are simply deliucius. Pardon me while I lif my flass to you good health once more because you the the bests pal I got. What Goes On at Your Library

By Jean Taylor

"You don't have to know the language. There is always someone about who can speak English." We have heard this comment from travelers, times without number. It's valid enough of course; you usually can find someone who knows English, in whatever corner of the globe you may be, but your trip will be twice as much fun if you can speak, however haltingly, in the tongue of the people who serve as your hosts.

We say this with a full heart. On a last summer's jaunt, we had carefully boned up on Spanish, and had ignored our German completely. This we lived to regret when we found ourselves for several days in a Salzburg hospital where no one spoke a smidgen of English, and our German was limited to "Guten Morgen" and "Danke Schon." Such kindness we have never met with, but we were frustrated in trying to get our appreciation across to those wonderful people who cared for us.

Even if the pronunciation and grammar leave much to be desired, we discovered any native will respond with added warmth to a phrase in his mother tongue.

Language study has taken great strides in the last decade or two. No longer do you grapple with such interesting tidbits as "The little boy's round red hat is on his grandmother's long oval table." Today there is the practical approach and so many aids to help you.

Among the many books at your library on this subject are four excellent volumes in the Holiday Magazine series edited by Mario Pei, Getting Along in French, Getting Along in Italian, Getting Along in German and Getting Along in Spanish.

These books grew out of Professor Pei's articles in Holiday on the principal languages of the world. They comprise the opening chapter in each "Getting Along" book.

The novice learns how to find a good hotel, to order food, to make arrangements, to take care of emergencies, etc. The guide to pronunciation is given in easy-to-follow syllables, and the sections on grammar and syntax are simple and clear. There is a two-way vocabulary.

Margarita Madrigal has also three books giving a simple self-teaching method of conversing in various languages, Invitation to Portuguese, Invitation to German and Invitation to French. These employ the visual-method through pictures and diagrams.

But perhaps the greatest

help of all in mastering a foreign tongue can be had from the language records. The Central Library has the Holt Spoken Language Series in French, German, Italian and Spanish. French and Spanish records are available at the Woods and Park Branches as well. This series of language courses for beginners was developed for the United States Armed Services, and consists of six LP records for each series.

There is no royal road to linguistic proficiency, but if you are planning a trip this summer, next year or ten years from now, it is never too soon to start studying.

Buona Fortuna, Buena suerte, viel gluck, bonne chance and Good Luck!

Cinema League Meets Tonight

"Improving Home Movies with Better Composition" is the topic being featured at the Grosse Pointe Cinema League's regular meeting this evening, Thursday, January 9, at 8 o'clock at the War Memorial Center.

Program for the evening is under the direction of Mrs. Pierre Palmentier, League president, who explained that it will be an audience participation project.

League members will illustrate good and bad composition points with colored slides. This evening's program is one of the League's many education workshops held throughout the year. The session is open to the public without charge.

Party at Central YWCA Attracts Many Pointers

The Central Branch of the YWCA was the setting for a pink and white tea on Sunday, January 5, given in honor of those donors who made possible the new furnishings of the Central Branch lobby.

The tea, under the chairmanship of Mrs. H. Ray Will, 283 Hillcrest road, included many local Pointers. Mrs. John J. O'Brien helped pour, and other Pointers who attended were Mr. and Mrs. Frederick B. Slocum, Mr. and Mrs. Wallace Brownson, Mrs. Leonard Slovin, Mrs. William E. Chase, and Miss Gertrude Schwartz.

NEW DRESS

It seems that the only thing new under the sun is the methods of distorting the truth.

Basic Steps In Diagnosis

By FRED M. KOPP, R.Ph.

When you consult a doctor about a serious condition he usually advises a blood test, urine analysis, X-rays or fluoroscopes of the area in which pain is felt. It may even be necessary to take one or more tests that will show if certain areas or organs are affected.

While this involves more expense and time in the beginning it means surer and swifter control of the illness. In the long run it is less costly in time and health than the methods doctors had to follow before the development of these valuable aids.

This is the 664th of a series of editorial advertisements appearing in this paper each week.

**Dr. Montagu To Give Talk**

Dr. Ashley Montagu, anthropologist-sociologist, will discuss "The Natural Superiority of Women" when he speaks at Detroit Town Hall at 11 a.m. Monday, January 13, in Ford Auditorium.

The doctor skyrocketed to fame with this subject when appearing on the "64,000 Question." Since then he can be seen weekly on the Arlene Francis "Home" show where he's tackling any question on the feminine sex.

He is well-known to psychology students for his studies on the human fetus and in the field of race relations; to anthropology students for his most recent book, "Man; His First Million Years."

Dr. Montagu has held professorships at Rutgers, New York University, Harvard and Ohio State University.

Tickets are available through Grinnell's, WO. 2-1124, or at the auditorium the morning of the lecture.

On Jan. 7, 1945, U.S. battleships, cruisers and destroyers, aided by aircraft from escort carriers, opened the bombardment of Lingayen, Philippine Islands, opening the way for amphibious troops to sweep down the plain of Bataan to Manila.

**Car Demolishes Parking Meters**

New Year's Eve was relatively quiet for City police and they were just heaving a sigh of relief for their clear slate when—about 7:40 the next morning—a patrolman on duty in the Village reported four parking meters had been run down and completely destroyed, on Kercheval just east of St. Clair.

A couple hours later Charles Renner, of 20917 Hampton road, in Harper Woods, phoned in a witness report. Renner, a Grosse Pointe Park Cab driver, told police that he had seen an Olds tu-tone, ivory top and green bottom strike the meters at about 7 that morning. The avenger-auto then proceeded west on Kercheval at a high rate of speed, going through two red lights.

A description of the car was put on the general police broadcast and within minutes the station had a phone call from the party involved. Michael Mobil Bolus, of 1449 Van Dyke, in Detroit, was ordered to make a report, in person, to City police.

## Royal Ballet Travels Heavy

When the Royal Ballet Company (former Sadler's Wells) 'Special' train of 17 cars pulled into Detroit for its opening performance at Masonic Temple on Tuesday, January 7 little was in evidence of the hundreds of man hours which have gone into making the move possible.

During the coast-to-coast tour of 17 major cities in the U.S. and Canada, nearly 17 different railway systems will be involved. Each will have one specific agent assigned to make all necessary preparations for the arrival and departure of the ballet special which transports the 150 persons of the company.

## Drama Course Offered Adults

A ten-week course in Dramatic Appreciation and Criticism is being offered by the Department of Community Services of the Grosse Pointe Public School System to begin on Tuesday, January 21 at 7:30 p.m.

Instructor for this course will be Russell McLaughlin, well known in Detroit as a drama and music critic. Mr. McLaughlin is a native of Detroit, and studied at Cornell University and the University of Michigan. He also attended Wayne State University, where he earned his MA and LLB degrees.

In addition to his newspaper work, Mr. McLaughlin taught in the field of dramatic appreciation and criticism at the University of Detroit and New York University. He is the author of two books, several one-act plays and four full length plays, one of which is currently under option for Broadway production, having had a summer stock tryout in a Vernon summer theater last August.

This offering will include lectures on the English-speaking theater, as literature and as a social farce. Four of the ten meetings will be devoted to attending professional performances of plays current in Detroit. Classes preceding and following theater attendance will feature discussions and critiques of scheduled plays.

Emphasis will be placed on historical background of the modern theater; the contemporary stage's recreational value and power to meet its present-day competitors. Notable guest speakers representing varying facets of theatrical life will be presented. Reservations must be made in advance for this series. Please call the Department of Community Services, 43 Grosse Pointe Boulevard, at TU 5-3808 or TU 5-0721.

## Alumnae of Pi Beta Phi Meeting on January 13

The Grosse Pointe Alumnae Club of Pi Beta Phi sorority will hold its January meeting this Monday night, January 13, at the home of Mrs. Carl Meier, 1898 Lochmoor.

The meeting will begin at 7:30 instead of the usual 8. The evening's program has been planned by the Michigan Consolidated Gas Company and is titled, "Spot Light on Entertaining." For further information call TU 4-0761.

## Drunk Driver Given Ticket

Allen O. Banner, 42, of 1211 Maryland, accused of driving while under the influence of alcohol, was arrested by Park police on Saturday, December 21, after almost causing an accident.

A police report disclosed that Banner was seen driving south on Lakepointe by Cpl. Gordon Duncan, between Charlevoix and Vernor, and going from one side of the street to the other.

At one time, it was said, Banner almost forced an oncoming car onto a lawn when the driver swerved to avoid a collision.

Banner was seen turning from Charlevoix onto Lakepointe and going toward Vernor. He turned west on Vernor, and stopped in the middle of the block, over the center line, between Lakepointe and Maryland, causing eastbound traffic to swerve to avoid an accident.

Cpl. Duncan stopped the errant driver at Vernor and Wayburn, and took him to the station, where he was issued a ticket for driving while under the influence of liquor.

# 75 YEARS—AND STILL

(The happy way to shop)

Through the years she's known many Kroger employees.

Even those who couldn't wait, she still remembers fondly because everyone at Kroger was a friend... someone who went out of his way to make her feel at home.

Times changed and so did "Krogering"... "the fun way to shop" but those 75 eventful years never altered our lady's opinion; in fact now she enjoys her Krogering more! What she likes best is that she's among friends... her Kroger good neighbors who continue to offer the traditional service she appreciates. On top of it all she now gets Top Value stamps!

Last year was Kroger's greatest by far in sales and 1958 promises to be even greater, for '58 is our Diamond Anniversary year. Discover the fun and savings advantages that are exclusively yours when you go Krogering.

## Grosse Pointe News

### From Another Pointe of View

By Patricia Talbot

Society in general seems to be exhausted after one of the gayest holidays in many a season and few of the local residents have even made plans to go south.

Tuesday night, however, the William Clay Fords flew to Pebble Beach, Calif., to participate in the annual golf tourney which Bing Crosby presents. At this one Bing is introducing his bride, the former Kathy Grant, a Hollywood starlet.

Looking toward the other coast and beyond are William Whittingham and Ken Rice. They are both just back from a stint in Japan with the Army and before settling down to make their fortunes will take a four month recess.

They will sail February 8 for Naples and plan to see all that's worth seeing in Europe with England the last country on their itinerary.

### Report from the Orient

Mrs. Windsor Davies caught Asian flu right in Singapore, on its home ground. But she doesn't really mind convalescing for she has the most fabulous memories of a trip to the Orient.

She and Dr. Davies flew out to Honolulu last month to attend a Pan-Pacific Surgical Meeting and then went on to Japan, which they loved, stopping off in 11 cities.

Hong Kong and Bangkok were also on their route before the Singapore flu episode. In Manila Mrs. D. was appalled at the ruins left from the War, rather a memorial to the past. The Davieses also did some island hopping stopping at Wake. They were home in time for the holidays on Audubon road.

### Sun Valley and The South

At last the snow has come up North to the delight of all the Otsego regulars. The Frederick S. Fords, Jr., were there last week with their children as were the Charles B. Johnsons, Jr. and the Dan Johnsons.

The Fords are waiting eagerly for their annual jaunt to Sun Valley which this year will be in mid-February. Both expert skiers, they won't need to worry about snow there.

But the John Gordon Hills have Florida on their minds. They will pack up and be off from their Cloverly road home about January 23. Daughter Jody will not join them at Boca Raton for she is tied to her classes at Smith. But she has tentatively planned to soak up some sun in Nassau with like minded classmates during the spring recess.

Also thinking about Florida is Mrs. A. J. Fisher, Jr., who is currently convalescing from virus pneumonia. The Fishers will probably be leaving soon for Palm Beach where they usually spend part of the winter.

### St. Matthew's Women's Club to Hold Luncheon

The St. Matthew Women's Club is sponsoring a Baked Ham Luncheon and Card Party, Thursday, January 9, at 12:30 p.m. in the Church Auditorium.

There will be attractive prizes. The charge will be \$1.35. For reservations please contact: Mrs. George Eno, TU 2-3968; or Mrs. John Murphy, TU 1-2558.

### Miss Gardner To Be Married

From Washington, D. C. comes news of the engagement of Suzanne Gardner, daughter of Former Ambassador to Cuba Arthur Gardner, and Mrs. Gardner, and Frank Reynolds MacLear.

The couple will be married March 22 in Palm Beach where the Gardners, former Pointers, have a winter home. The bride-elect was graduated from Miss Porter's School and Briarcliff Junior College. She made her debut in 1953 and lived in Paris from 1955 to 1956. She is a member of the New York Junior League.

Mr. MacLear is the son of Mrs. Allen MacLear, of New York, and the late Mr. MacLear. He is an alumnus of the University of Michigan and did graduate work at the University of Geneva. He is a member of the Royal Ocean Racing Club of Great Britain, Trans Pacific Yacht Club and Corinthians Club.

### Plan 'Coffee' After Concert

Something new has been added! Following the Grosse Pointe High School Band concert on January 12, the mothers of band members will be hostesses at an informal "Coffee hour" for all who attend the concert.

Recently a group of band mothers put their heads together to plan a "little something extra" in connection with the program. They felt that since most parents and friends visit for a while after the concert, it would be more pleasant to do so over a cup of coffee and a light snack. Punch will also be served to band members and children in the audience.

The committee in charge of this first "post-concert coffee hour" consists of Mrs. Daniel Murphy, chairman planning committee; Mrs. John Blair, food; Mrs. Chester Perry, tickets; Mrs. James Zinn and Mrs. J. D. Wieland, telephone committee; Mrs. James Dodge, decorations; and Mrs. Earl R. Zuehlke, publicity. All the band mothers are helping in this project.

It is hoped that this will set a precedent for future concert dates and that everyone will have an enjoyable afternoon.

The program will begin at 3 p.m. in the Parcels Auditorium followed by "coffee" in the gym. Tickets may be obtained from any band member or at the door. The fee is 50 cents for adults and 25 cents for children. Everyone is welcome.

### Short and to the Pointe

MR. and MRS. FREDERICK H. CURTIS, of Yorkshire road, will leave Sunday for their winter home in Palm Beach.

MR. and MRS. ALAN P. MAHIN, of East Lansing, announce the birth of a son, ALAN BENNETT, on December 10. Mrs. Mahin is the former JANE HARPER, daughter of the ANDREW B. HARPERS, JR., of Moran road.

### Paddock-Watling Vows Exchanged

Couple Wed in Afternoon Ceremony Saturday in Christ Church; After Reception at the Little Club, Leave for Hawaiian Wedding Trip

Given in marriage by her father, Christine Locke Watling spoke her marriage vows Saturday afternoon in Christ Church to Peter Bulkley Paddock.

The bride is the daughter of Mrs. Charles Beecher Warren, Jr., of Washington road, and John Wright Watling, of Santa Barbara, Calif. Her husband's parents are Mr. and Mrs. Benjamin Henry Paddock, of Ridge road.

Candlelight peat de soie was the bride's choice for her wedding gown which was fashioned with a scoop neckline embroidered with tiny pearls and lace. A cap of heirloom lace held her short illusion veil and she carried Eucharist lilies.

The bridal attendants were gowned in silver green satin with pale green velvet caps accented with lilies of the valley.

They carried Roman hyacinths, white sweetheart roses and ivy. Pamela Waterman was maid of honor and the attendants were Ann Sherry, Virginia Evans, Susan Demler, Virginia Backus and Anne Breckenridge, of Santa Barbara, Calif., and Fay Fuller, of Dalton, Pa.

Benjamin H. Paddock III was his brother's best man and the ushers were John H. Watling III, C. Henry Buhl, Jr., of New York, Malcolm Sutherland, Peter Van Osdol, Henry M. Woodhouse, Jerome C. Earl, Waldo Brown, of Boston; Geoffrey Nunes, of New York; Robert Worth, of Greenville, Del., and Richard Gillespie, of Bryn Mawr, Pa.

For her daughter's wedding and the reception which followed at the Little Club Mrs. Warren chose a gown of turquoise Chantilly lace and peau de soie. She pinned white camellias to her purse. Mrs. Paddock was in navy blue de soie with white orchids.

Following a wedding trip to Hawaii the newlyweds will make their home in Cincinnati, O.

Old Timers are asked to get in touch with Girl Scout headquarters at Woodward 1-8921, or with Mrs. Theodore W. Layle of 12801 Santa Clara. Mrs. Layle is in charge of a dinner at St. Johns Episcopal Church, Woodward and Montcalm on Jan. 13, 1958.

Mrs. Cooksey's committee is gathering material for a book on the history of the Council. The dinner is being held to get together the Girl Scouts of from 25 to 40 years ago. From them the committee hopes to obtain facts and anecdotes for the book.

### Party Planned By Newcomers

A court whist party will be held by the Grosse Pointe Newcomers Club on Friday at St. Michael's Church at 8 o'clock.

Chairmen of the festivity are Mr. and Mrs. Philip Ramsdell, of Meadow lane, Mr. and Mrs. Clark Pearson, of Chalfonte road, and Mr. and Mrs. Ed Callahan, of Lakepointe avenue.

Refreshments will be served after a short business meeting at which time new members will be introduced.

The only easy money most men get their hands on is what they borrow back from their wives.

## Center to Sponsor Gourmets' Course

Secrets of Foreign Foods to be Disclosed at Wednesday Night Classes Starting January 22

One of the most enthusiastic responses ever to greet a War Memorial program has resulted from the announcement of the Center's Course in Foreign Foods. It begins Wednesday night, January 22, at 8 o'clock and continues each Wednesday night through February 12. It is open to both men and women, but is limited to 100 so hurry to enroll (TU. 1-7511) if you are interested. It's \$7 for the four sessions.

Small wonder there is such interest since some of the city's finest restaurateurs, their chefs and secret recipes will be involved plus the distinguished presence of some of the Pointe's best-known and dedicated amateur gourmet hosts and hostesses.

Mrs. Harold Tyree of Provençal road together with Pointer, Mrs. Joan Lee, owner of the Pontchartrain Wine Cellars and her chef will lead off January 22. Following will be Les Gruber, owner of smart London East with his chef; Mrs. Sjunneson and her staff of experts in Swedish recipes from the Stockholm; Mario Lelli, owner of the fine Italian restaurant under the same name on Woodward; all to be accompanied by such well-known Pointe cooks and hosts as James W. Lee II, Chet Sampson, and the Center's own Mrs. Francis McGinty.

In Mrs. Tyree, who has been invaluable in coordinat-

ing the course, and in Mrs. Lee who has been gathering recipes in Europe for the past five summers, the Center has two distinct luminaries for opening night.

Mrs. Tyree, leading exponent of the art of preparing French dishes, will begin the course with a demonstration of the Roulage Leontine, a chocolate omelet-type of pastry made famous by Dione Lucas with whom Mrs. Tyree studied in her French Cooking School in New York. Mrs. Tyree further perfected her favorite avocation at "L'Ecole Des Trois Gourmandes" in Paris.

Mrs. Lee is the daughter of Harold Borgman, who operated the continental-style bistro, The Pontchartrain Wine Cellars in Detroit from World War I until his death in 1951. From her father Mrs. Lee inherited the Pontchartrain and with her mother now operates it at its new location on Larned—a move made necessary by the building of the Civic Center.

Since being in command at the Pontchartrain, Mrs. Lee has spent every summer in Europe where she tries all the specialties of the best restaurants "cajoles the chef into letting her in on his little secret" and adapts them for use here in Detroit. Mrs. Lee is only the second woman in the world to be admitted to the ranks of the "Bordeaux Comanderie Du Bon Temps," a society of wine lovers. An exponent of the use of wines to augment her cuisine, she is an expert in the field.

This past summer Mrs. Lee worked several months observing operation and management and familiarizing herself with the cuisine of one of the most famous of French restaurants the "Coq Hardi" operated by former French chef M. Francis Bonnerue just

outside Paris. Fresh from this experience, she comes with her chef to Grosse Pointe to share her secrets in the recipe and demonstration preparation of "Bouillabaisse Mar seillaise" and "Omelette Lorraine." This latter dish is versatile and Mrs. Lee will point out its many uses.

Lt. Charles Wilkes, commanding a Naval expedition to the South Seas and Pacific Ocean, on Jan. 19, 1840 discovered a land mass which is now known as the continent of Antarctica.

## AAUW Groups Plan Meetings

The Music Group of the AAUW will meet at the home of Mrs. John D. Jakle, 286 McKinley road, on Monday, January 13. Mrs. John P. Thomas and Mrs. Edward F. Suits will assist her as co-hostesses. The day's subject will be "Ludwig Von Beethoven and the Sonata Form of Music." Miss Virginia Becker will discuss terminology. Mrs. Jakle will speak on the sonata form of music, and Mrs. James H. Graves will give current events. A special treat will be Mrs. John Marshall's playing the Pathétique Sonata by Beethoven.

Mrs. E. Russell Sluggett will have the Tuesday Evening Group of the AAUW at her home, 376 Washington road, on Tuesday, January 14. Mrs. H. F. Vieweg will be her co-hostess. Mrs. Donald Seifert will present the evening's program "Book Talk," based on short reviews of several books.

The Education Group of the AAUW will be meeting Wednesday, January 15, 8:00 p.m., at the home of Mrs. Thomas G. Estes, 22943 Colony road, in St. Clair Shores. Miss Virginia Johnson is in charge of the evening's program "Who Should Go To College?"

The AAUW's General Meeting and Fellowship Tea will be held Thursday, January 16 at 8:02 Pemberton road. The time is 1 p.m. The Fellowship Committee will join with the Status of Women Group to present a special program. Grantees have been invited to attend. Mrs. Albert D. Conkey will be the hostess, in her home. Assisting her will be Mrs. John M. Vanderbelt, chairman; and Mesdames Ivan Kirilin, Richard Mertz, Raymond W. Sarber and Tom Murray-White.

Mrs. J. W. Harrison, program chairman of the day, will present two speakers. Ernest Bridge, using "Juvenile Delinquency and the Function of the Juvenile Court" as his topic, has been connected with this court for 29 years and is at present its Registrar. Mr. Bridge is a graduate of the Detroit College of Law, a member of City of Detroit Youth Commission, and a board member on both the Church Youth Service and Children's Aid Society.

The second speaker, Miss Margaret Conway, is Chief of Women's Division of the Detroit Police department, having been in police work for 20

## Mrs. Charles Leonard Myers

At a Saturday morning ceremony in St. Clare of Montefalco Church, CAROLYN ANN PIOTROWSKI spoke her marriage vows to Mr. Myers. She is the daughter of the Cass Piotrowski, of Grayton road, and his parents are Mr. and Mrs. Cletis L. Myers, of Birmingham.

## Woman's Club Meets Jan. 15

Members of the Grosse Pointe Woman's Club will hold their January 15 meeting at the Memorial Center at 1 o'clock.

Mrs. J. W. Harrison, program chairman of the day, will present two speakers. ## Glazars Return to Home From Caribbean Cruise

Dr. and Mrs. Vincent J. Glazar will return to their home on Neff road this week after a Caribbean cruise which followed their wedding December 28 in Our Lady Queen of Peace Church.

The bride is the former Ellen Ann Smith, daughter of the William Bernard Smiths, of Chandler Park drive.

## Painters Form Exclusive Club

A group of local women claim membership in an exclusive, "strictly amateur," association quaintly named "The Pointe Painters." The group began five years ago with a handful of members, just six in all. Today they number 15.

The common denominator for these women is a sincere interest in painting. Talent need not necessarily be a prerequisite for membership. Indeed, many are beginners with no previous training. Of course there are others who had some painting experience in college and are just finding time to develop their talents now that their families have grown up.

They meet every Monday at their own little studio, "The Paint Box," located at 5312 Altair road, and paint together as long as time, and individual schedules, permit. Because each member has her own key, they are free to use the place anytime. A kitchenette at the rear of the store enables them to prepare snacks and tea for callers.

Mrs. Lucie D. Wetzel is president of the local Rembrandts. She calls a formal meeting once a month, but the group gathers frequently on an informal basis for teas at each other's home, or in The Paint Box. Twice a year they have a party for their husbands and friends and exhibit the fruits of their brush and palette.

Those who enjoy membership in this unusual club are Mesdames Richard Dirksen, Peter Gallette, Wilfred Livermore, Wayne Long, George Bigley, Gene Charles, Robert Howard, Robert Kemp, Robert Strange, Norton Waldridge, Fred Wolf, Alfred Harms, Philip O'Connell, Earl Card-off and Mrs. Wetzel.

## Medical Society Women To Meet on January 10

The January meeting of the Women's Auxiliary to the Wayne County Medical Society will be held at the Women's City Club on Friday, January 10th, at 12:30 p.m.

Mrs. Kay Savage, author of the cook book, "Cooking With Flowers," will be the speaker. Mrs. Savage said her flower recipe interest started with President Eisenhower's Beef-Vegetable Soup in which nasturtiums are one of the ingredients.

Mrs. C. Allen Payne, president of the Auxiliary to the Michigan State Medical Society, will be an honor guest at this meeting. Mrs. Milton R. Weed is chairman of the Day.

## Newlyweds Travel South after Nuptials

Carolyn Ann Piotrowski and Charles Leonard Myers Married Saturday in St. Clare of Montefalco Church; Reception at Detroit Yacht Club

A reception at the Detroit Yacht Club followed the Saturday morning wedding of Carolyn Ann Piotrowski and Charles Leonard Myers in St. Clare of Montefalco Church.

The bride is the daughter of Mr. and Mrs. Cass Piotrowski, of Grayton road, and her husband's parents are Mr. and Mrs. Cletis L. Myers, of Birmingham.

She chose a wedding gown of white taffeta designed on princess lines, the bodice trimmed with Alençon lace and pearls. A small crown of orange blossoms caught her fingertip veil of illusion and she carried white carnations and pink sweetheart roses.

Ruth Piotrowski was her sister's maid of honor and the bridesmaids were Nancy Lemke and Meg Morang.

## Two Pointe Girls Help Plan Marygrove Prom

The frosty winter-white Marygrove College campus will be reflected in the decorations of Alumnae Hall on Friday evening, January 17, when the junior class presents its annual J-Prom, this year entitled "Snowbound."

Two Pointe girls, Barbara Lemhagen of 1200 N. Oxford road, and Sue Halliday of 1264 Buckingham, are working with arrangement committee for the semi-formal affair.

Crisp looking snowmen, surrounded by sparkling snowflakes will be found in the spacious campus ballroom as the girls and their escorts dance to the music of Fred Netting and his orchestra.

They were gowned alike in iridescent turquoise taffeta and carried tinted carnations. John J. Meyers was his brother's best man and the ushers were James McGee, Joseph Gerber, Thomas Kazmierzak and Carl Neilson, of Ann Arbor.

Mrs. Piotrowski greeted guests at the reception in rose lace over satin with a matching hat. Mrs. Myers was in beige lace over satin with a matching hat. Both mothers wore orchids.

After a wedding trip to Florida the couple will make their home in Dayton, O.

## Welcome Club Plans Lunch

The regular monthly luncheon for members of the Welcome Wagon will be held Thursday, January 16 at the War Memorial at noon.

After luncheon Mrs. Louis Hopping will speak on the art of cake decorating and illustrate her talk with slides. Reservations may be made with Mrs. Winifred Kindl, ED. 1-7743, or Mrs. Mary Wallace, TU. 5-5846.

## Miss Graham Weds Herman W. Gorenflo

Pair Speak Vows Saturday in Christ Church With a Reception Following at the Whittier; Will Live in St. Clair Shores

At a candlelight ceremony in Christ Church Saturday Donna Graham, daughter of Dr. and Mrs. Donald S. Graham, of Merriweather road, was married to Herman William Gorenflo.

For her wedding the bride chose a gown of de-lustered satin fashion with a scoop neckline finished in a deep border of applied Alencon lace. Motifs of the lace trimmed the princess styled skirt which swept into a cathedral train.

Her fingertip veil of silk illusion was held by a satin pill box trimmed in seed pearls. Her bouquet was of white roses and stephanotis with trailing ivy.

Sue Gorenflo was maid of honor and the bridesmaids were Lynn Eskridge, Irene Stemple and Elaine Froberg. They wore Chantilly lace gowns, the honor attendant in champagne, the bridesmaids in mint green. A matching satin bowknot with hem length streamers accented the bouffant skirt. They wore matching headbands and carried red roses and ivy.

Jan Richards, the bride's cousin, came from Birmingham to be flower girl. Her frock was of mint green taffeta and she carried red roses and ivy. The bridegroom, son of the A. H. Gorenflos, of University place, asked Daniel Schaitberger to be best man. Ushering were Tom Waterfall, Charles Jaquish, William Osband and Robert Soeberberg.

For her daughter's wedding and the reception at the Whittier Mrs. Graham wore an emerald green silk peau de soie sheath with a matching hat and white orchids. Mrs. Gorenflo was in rose beige Alencon lace over taffeta with a turquoise beaded hat and her flowers were cypripediums.

When the newlyweds left on wedding trip to Upper Michigan the bride was wearing a gray tweed suit with black accessories. They will make their home in St. Clair Shores.

Grand Marais Garden Club to Meet Monday

The Grand Marais Garden Club will hold its next meeting on Monday, January 13, at the home of Mrs. Leo Luke, 275 Merriweather road. They will convene at 1 p. m. Mrs. Poleo will be the guest speaker.

Folks are already looking up places they can't afford to spend next summer's vacation.

## Gridiron Star Weds Pointer

Eight fellow gridiron players formed a guard of honor when former halfback of the University of Michigan team, Mike Shatusky, wed college classmate Janet Ann Mabarak recently in St. Clars of Montefalco Church.

The bride, daughter of the Beshara Joseph Mabaraks, of Three Mile drive, wore a chiffon wedding dress, an orange blossom crown and a veil of silk illusion. She carried white carried white orchids, stephanotis and ivy.

Her sister, Nora Mabarak, was maid of honor. Two other sisters Juen and Helen Mabararak and Joan Resseguie were bridesmaids. They wore wine velvet and carried pink carnations.

Richard Shatusky was his brother's best man. They are the sons of Harry Shatusky, of Menominee, and the late Mrs. Shatusky. Ushering were Anthony Maharak, John Farley and Robert Trautner.

Following a reception at the Whittier the newlyweds left for New York. They will live in Ann Arbor and continue their studies.

## Christ Methodist Church Society Meeting Today

The Woman's Society of Christ Methodist Church will meet January 9 in Fellowship Hall.

Miss Betty Roberts will have as her topic "A Trip to the Orient," illustrated with Figures and Symbols. Mrs. N. L. Boxwell will conduct the worship service. Miss Jean Monks will furnish the music for the program.

Luncheon will be served at 12:30 by Circle Four.

## Plan Parties At Lakepointe

Lakepointe Country Club members are looking forward to an active program during the coming weeks, which a number will be fitting in with departures for Florida and other points South.

The club's annual meeting is slated for January 23 when it is expected plans for the proposed swimming pool and other improvements will be ready for announcement. These important plans have been delayed for many months because of the local drainage problem and route of the Expressway through the area. President Louis G. Palmer is expected to announce definite starting dates at the meeting.

There will be two Saturday buffet-dances parties during the coming week, one on January 18 and another on February 1. Something new will be added for the Sunday night family dinners. Club Pro John Dalrymple has been assigned to have some short golf films for the adults and comedies for the youngsters. The movies will be shown early in the evening so the children can be gotten home early.

A large group of Birmingham residents will hold a dinner dance at the club January 11.

**LOSES DIAMOND RING**  
Mrs. Frank Wade of 267 Moran road, told Farms police on Saturday, January 4, that she lost her diamond ring, valued at \$330. She said the ring was of yellow gold with four diamonds. She did not know where it was lost, she added.

## Mrs. Herman W. Gorenflo

At a candlelight ceremony Saturday in Christ Church, DONNA GRAHAM, daughter of Dr. and Mrs. Donald S. Graham, of Merriweather road, was married to Mr. Gorenflo, son of the A. H. Gorenflos, of University place.

## Voters League Meets Friday

Coming to the Pointe tomorrow is Mrs. Robert Tousey of Dearborn, who will be the guest speaker at the general meeting of the League of Women Voters, to be held at the War Memorial Center at 1 p. m., Friday, January 10.

Mrs. Tousey is at present public relations director on the State Board of the League. She was formerly a member of the Speech Department at Wayne State University. The

topic of her speech on Friday bears the provocative title, "You Are Public Relations." League members, friends and guests from other women's groups in the Pointe are looking forward to this stimulating talk by the dynamic and charming Mrs. Tousey. The meeting is open to the public, as are all league meetings, and guests will be welcome. Tea will be served following the meeting.

On hand to introduce Mrs. Tousey will be the chairman of the day, Mrs. John Remillet, of the Grosse Pointe League. Mrs. Tom Mason, membership chairman, and her corps of hostesses will be at the door to greet the members and guests. President of the Grosse Pointe League, Mrs. Frank Housmann, Jr., will entertain Mrs. Tousey at luncheon, preceding the meeting.

## Gamma Phi Beta Grads To Hear Ray Henstock

The Detroit alumnae of Gamma Phi Beta will meet for luncheon on Saturday, January 18, at the Women's City Club at 12:30 o'clock.

Ray Henstock of the Detroit Garden Center will speak on "Care of Flowers and Shrubs." Among those present from Grosse Pointe will be Mrs. Allen Ray Wilson, Mrs. Russell Welchli, Mrs. Ray Sibbert, Mrs. Jack Mills, Mrs. Ethelbert Spurrer, Mrs. R. E. Anslow, Mrs. Glenn Gessell and Mrs. John Shepherd.

## AWVS Metropolitan Unit To Hold Luncheon Meeting

The American Women's Voluntary Service, Metropolitan Unit, will hold its annual meeting and election of officers Tuesday, January 14, at the Woman's City Club.

Luncheon will be served at 12 noon, and reservations must be in by noon of Monday, January 13. The regular meeting will follow the luncheon, at 1:30 p. m.

**NO FUTURE**  
Side-stepping responsibilities is one sure way of ending up permanently on the sidelines.

## Center Offers Dance Classes

The Grosse Pointe War Memorial's popular Ballroom Dancing Classes under the direction of "Aunt Marge" and "Uncle Bill" Wilson will resume January 10.

Following the big Christmas Party for the combined classes the Wilsons fled to Florida, but they are returning invigorated to greet the first class of fifth and sixth graders at 4:30 p. m. Friday, January 10. Altogether there are six classes for grades 5 through 9 held at the Center Friday afternoons and evenings, Saturday afternoons and Monday evenings. Some are for real beginners, others are for more advanced and older boys and girls. All lessons come in a series of 15 hours of instruction for \$15.00 and again the spring will be climaxed with a big combined orchestra party given free of charge by the Center.

Because the classes fill rapidly advance enrollment at the Center is advised as soon as possible.

## Andre Audoli Will Conduct

Andre Audoli, president and conductor of the Concerts Classiques de Marseille, will guest conduct the Detroit Symphony Orchestra's concert Thursday at 8:30 o'clock and Friday at 2 o'clock in the Ford Auditorium.

Mr. Audoli's program will include J. C. Bach's "Sinfonia," Beethoven's Symphony No. 5 in C minor, Gaston Brenta's "Arioso et moto perpetuo," and Moussorgsky's "Pictures at an Exhibition."

Paul Paray discovered Audoli's talent for conducting many years ago in Europe and led to his American debut with the Detroit Symphony last season. At 18, the young musician won first prize at the Paris Conservatory, a year later he won the Grand Prize. He studied with Isidor Philipp, Roger Ducasse, Lucien Capet and Maurice Emmanuel.

Audoli has been president of the Marseille Orchestra since 1938. He is a member of the Jury of Judges of the Paris Conservatory, the Grand Concours International, the Legion of Honor and the Academy of Marseilles.

## New Year Toasted Lavishly at GPYC

Traditional Streamers and Balloons Decked Festive Club For Night Long Party; Robert F. Webers Entertain Before Dance

Canopies of multi-hued streamers, myriad clusters of balloons, and star-shaped lights decorated Grosse Pointe Yacht Club's ballroom and main dining room for GPYC's big formal New Year's Eve celebration.

Groups gathered all through the evening, just so long as they were there in time to dance in the new year and greet the infant 1958 with noisemakers, traditional fancy paper hats and serpentine streamers.

It was all very jolly, what with dinner to 1 o'clock, dancing to the Rodney Davis and Arthur Quatro orchestras, and breakfast from 1 to 4 a. m.

Robert F. Weber, GPYC's vice commodore for the coming year, and Mrs. Weber (she was stunning in tiered red lace) arrived late after entertaining at a 7 to 10 o'clock open house party in their home on Lake Shore Road. They joined members of GPYC's Tuesday night bowling league and a few other friends—the party of 36 had tables in the ballroom.

## Beavers to Honor Wives at DAC Gala

Hawaiian Theme Set for this Year's Part, January 18; Hebert W. Hart in Charge of Entertainment For Buffet and Poolside Dance

The DAC Beavers, energetic swimming group of the Detroit Athletic Club, have plans completed for their annual formal party to take place at the downtown clubhouse on Saturday evening, January 18.

The 1958 version of the yearly festivity which honors the Beavers' wives will be an Aloha Party. Hawaiian decorations are to transform the natatorium where a 7 to 9 o'clock cocktail fete at the poolside will inaugurate the big evening.

Grosse Pointer Hebert W. Hart, Beaver entertainment chairman, and his committee have arranged for Hawaiian music by Chuck Leonard and his Strollers during cocktail time. Also there'll be leis of fresh flowers flown in from Hawaii for the party-goers to wear.

The committee aides include Mrs. Hart, Mrs. Roy Fruehauf, Henry Forster, Jr., William N. Femming and J. D. Richardson, Jr.

At 9 o'clock, dinner and dancing will take over. The sumptuous dinner, served buffet fashion, will be in the

## GPYC Party

(Continued from Page 13)  
In the group were Mr. and Mrs. William A. Ternes, Mr. and Mrs. Thomas Fox, the George Giffillens, Jr., Paul L. Barkers, Carl G. Andersons, E. M. Gregors, Jr., Robert Nixons, Howard Shaws, Rex Brophys, Joseph Caskeys, Paul Morelands, Jack Henrys, Arthur Bartholomews, Jr., Mr. and Mrs. T. A. Jacob, Mr. and Mrs. George Brooks, Mr. and Mrs. Calvin Gauss, Jr. and Mr. and Mrs. Charles W. Gauss II.

Beautiful was Mrs. Carl A. Zimmer's floor-length ballgown of pastel blue satin with huge satin pouf at the side. She and Mr. Zimmer were in a group with GPYC's immediate past commodore, Stark Hickey, and Mrs. Hickey, the S. J. Menzels, John Wilts, Cletus Wellings, William Packers, Maurice Clausens, Charles DeVliegs, and Russell VanHoutens.

The Emmett J. McNamaras entertained at early cocktails in their Shoreham Road home. Mrs. McNamara wearing a floor-length satin ballgown in cream color, the front panel embroidered with seed pearls, gold sequins and tiny rhinestones. Their guests at this preliminary fete and later at GPYC were their house guests, the Harold Gartleys, of New York; the R. C. Somerville, Robert Lunds, William M. Schmidts, and John Cupiaks.

Mr. and Mrs. Gordon McCabe's guests were the Jack A. Frosts, of Washington, Mich.; the Elmer Bradys, Paul W. Smileys, and Andrew Davisons — Mrs. McCabe's draped yellow chiffon evening dress was ballerina length.

With Mr. and Mrs. James H. Quello (she was in a floor-length ballgown of royal blue Italian silk) were the Clement A. Pennells, Charles Wainmans and William G. Sieberts.

Mrs. Alfred J. Dalton chose a floor-length gown of champagne-hued peau de soie embroidered with tiny iridescent shells. The Daltons were in a group with the L. Jerome DuMahauts, Irwin Kunerths, Mrs. William Besancon, Mrs. Thelma Tevis Schneider, the George Berbynuks, and the William L. Warrens.

Yet another group in the throng of merry-makers were Mr. and Mrs. Claude R. Brooks, the C. M. Verbiests, the Hubert Verbiests, the Joseph Schrages and Mr. and Mrs. Oliver Dewey Marcks.

### TRAFFIC TOLL CUT

Provisional figures compiled by the State Police show that Michigan completed the year 1957 with 221 fewer traffic deaths than in 1956. This was well beyond the goal to save 174 lives, or 10 percent under the total of 1,747 who were killed the preceding year. While the provisional figure is subject to adjustment downward with the receipt of delayed reports, the final saving is expected to be in excess of 200. Deaths in 1957 now total 1,526.

## Children's Art Class Forming

"Art for Fun" is the way the Children's Art Class at the Grosse Pointe War Memorial Center is being listed. Classes will begin Saturday, January 18, and will be held from 10:30 a.m. till noon and again in the afternoon should enrollments make it necessary. The age grouping is 7 to 12 and no more than a dozen will be enrolled in one class. Ten weeks of instruction are offered for \$15 plus \$1.50 for materials.

The Center has obtained the services of Mrs. Margherita (Mickey) Loud as instructor. Mrs. Loud majored in art at Sarah Lawrence and George Washington University. She continued her study at the Corcoran Art School and with the Art Students League.

A mar. might think he is killing time, but sooner or later time puts him out of the running.

## From Another Pointe of View

They Were at the Rose Bowl

A special Christmas present was the Ernest J. Collinses, trip to the West Coast. They left on December 28 and just arrived back in their Lincoln road home.

Disneyland, Hopalong Cassidy and the Mark Hopkins were all high marks on their trip. They spent New Year's Eve at the Coconut Grove and ogled Mickey Rooney at an adjoining table. Climax to their jaunt was the Parade of Roses and the Oregon-Ohio State game on New Year's Day.

## Telephone Bridge

More charitable ladies have offered their homes for the Cottage Hospital's Telephone Bridge on January 16. Money raised, (and they expect to make \$1,000), will go toward the new gift shop they have just equipped.

Among those serving dessert before the bridge begins will be Mrs. Clarence Maguire in her Lochmoor boulevard home, Mrs. J. Alex Gordon, of Kenwood court, Mrs. Cameron Waterman Jr., of Touraine road, Mrs. Lester Elliott, of Touraine road, Mrs. V. R. Donnelly, of Neff road, and Mrs. George Christiansen, of Vendome road.

More notes for the stay at homes . . . the Fine Arts production on January 24 and 25 . . . Theater Arts on January 17 and this Saturday night the David Boyntons are having guests for a wild duck dinner at the Hunt Club.

## Birthdays with an Added Touch

Alfred F. Steiner II was host at a gala swimming and luncheon party last Saturday to mark his 10th birthday. He is the son of the Wilfred A. Steiners, of Westchester road.

On the guest list were Deborah Alcott, Steve Bruno, Dudley Callahan, Charles Huber, Donald Lindley, Cleo Lonesk, Edmund Neeme, Betsy Peabody, Bob Shepard, Lee Shepard, Susan Simson, John Balcer and Barbara Warmbold. This aquacade went on at the Detroit Yacht Club.

Mrs. Perry TeWalt has solved the problem of spills and messes at second grade parties. When the small ladies arrive for her daughter Ellen's birthday festivity on January 24 they will be given box lunches which they may eat while sitting on the floor and take in the surprise entertainment.

## Miss Judson To Be Married

From Glenview, Ill., comes news of the engagement of Joyce Judson, daughter of Frank H. Judsons, to John A. Kelly, Jr., son of the John A. Kellys, of Oak Park, Ill.

Miss Judson was graduated from the Grosse Pointe High School and the University of Michigan where she was a member of Kappa Alpha Theta.

The Judsons formerly lived in Grosse Pointe Farms.

Mr. Kelly also was graduated from the University of Michigan and from the University of Michigan Law School. He is a member of Sigma Alpha Epsilon and Phi Delta Phi. A spring wedding is planned.

## Betrothal Told

MR. and MRS. WALTER FRIZZELL of McKinley avenue announce the engagement of their daughter, MARY ELIZABETH, to David W. Ogilvie, son of Mrs. Frank Rotliers of Detroit. A July wedding is planned.

Things come very quickly to the man who refuses to wait.

## Park Garden Club to Meet

The January meeting of the Grosse Pointe Park Garden Club will be held on Monday, January 13, at 12:30 at the home of Mrs. J. T. Huette of Yorkshire road.

Following the luncheon, Mrs. Huette, president, will preside at the business meeting.

The subject for the afternoon program will be "Gardening in the Winter Months."

## College Women's Club Marks Twelfth Night

The annual Twelfth Night party of the College Women's Club will be held at the Yorkshire road home of Miss Evelyn Rink at 8 o'clock on Friday.

Mrs. J. T. Carrite, of Pleasant Ridge, will address the group on "Flowers of the Bible." Refreshments will be wassail and a Twelfth Night cake.

Freedom is an achievement—and like any other achievement it can be lost by indifference.

## Kay Gerred to Marry Edward Hahn Sichler III

Mr. and Mrs. M. S. Gerred, of Lansing, announce the engagement of their daughter, Marilyn Kay, to Edward Hahn Sichler III, son of the Edward H. Sichlers, Jr., of Mt. Vernon road.

Mrs. Gerred is a senior at the University of Michigan where her fiance is a graduate student in the School of Business Administration. He is a member of Theta Delta Chi. A late summer wedding is planned.

## Garden Club Meets Jan. 14

The Grosse Pointe Farm and Garden Club will hold its annual meeting at the War Memorial Center on Thursday, January 14, at 1 p.m.

Hostesses will be Mrs. John Crawford Frost, Jr., and Mrs. John Veech. Subscription luncheon is \$1.90.

The only reason some people give good advice is that they have no use for it themselves.

## Blue Devil Skaters Lead In Hockey League Battle

As the halfway mark nears in the Ice Flair Winter Hockey League race, the Blue Devils still are leading the pack by a slim one point margin over the second place Rockets. Both teams have lost one game, losing to each other. The Rockets were held to a tie earlier in the season by the Pointers, which accounts for their second place standing.

The Blue Devils clung to their lead by trouncing the resurgant Warriors 7-1 on Sunday, January 5, behind Ronnie Gouin's second "hat trick" of the season. Park Malcolm scored twice and Jim Brown and Dave Cook netted the other two goals to hand the Warriors their sixth defeat of the season. The loss snapped a two-game Warrior winning streak.

The second place Rockets kept right on the Devils' heels as they downed the Rangers 6-3 as Bill Cook rifled home four goals and added an assist. Cook's spurge enabled him to move into first place in the scoring race. Dave Cook, of the Blue Devils and no relation, holds down second place in the race two points back.

Fourth place Golden Eagles missed a chance to move into third place when their last period rally was thwarted by the Pointers 5-3. The Pointers went into the third period holding a 5-0 lead when the Eagles caught fire and roared back with three goals in five minutes but went down to their third defeat when the clock ran out.

In this game Murray Robertson, well known in Grosse Pointe for his efforts in organizing the City-Park Little Football League, made his debut as coach of the Golden Eagles.

The regular season schedule is comprised of 20 games. A two-game elimination tourna-

## Jim's Keglers Cling to Lead

League-leading Jim's saw their lead whittled to a half point last Friday, January 3, when fifth place Piche grabbed two points and second place Beaupre swept three points from Custom Two in the Grosse Pointers Bowling League.

Heidi dropped into a two-way third place tie with Kopp's when the latter scored two points over Heidi.

J. C. Music continued its surge to the top by taking two points from Stapleton and vaulted into a two-way tie for fourth place with Piche.

Fox, long a cellar dweller early in the season, nipped Lakepointe for three points and jumped into a two-way tie for fifth place with Lusch who dropped three points to last place Custom One.

Don Buffa notched the high single game of the night, 246, to post the high series for the evening at 595. Two hundred-plus scores were posted by Harold Lanstra 221; Fred DeBusscher 211; Bill Gianos 205; Frank Walsh 204; Sam Dinto 204; Harold Beaupre 200-207 and Walt Theressen 200.

## Blue Devil Captains Spark Drive

Sparked by the stellar play of their co-captains BRUCE "BULLDOG" BOARDMAN, left, and "TORRID" TOMMY WOODRUFF the Grosse Pointe Blue Devils are undefeated in five games to date. The Devils will risk their perfect record when they swing back into action Friday, January 10, when they entertain the Monroe Trojans. Currently the Devils share the Border Cities League lead with defending champion Highland Park.

Powell, a truck driver, entered the Army in August 1955, completed basic training at Fort Leonard Wood, Mo., and arrived in Germany in October 1956.

The 19-year-old soldier is a 1954 graduate of Grosse Pointe High School.

## Friars' Victory Is 20th Straight

The undefeated Austin Friars gained their twentieth straight Central Division victory by smashing Cathedral 64-29, before a small crowd in the latter's gym Friday, December 20.

The return of four members of the Friar squad who, for various reasons, had been either ineligible or injured during the early season sparked the attack. One of the returnees, Tom Pine, was especially impressive with 10 points.

The game was practically no contest almost from the start as the Friars raced to a 14-4 first quarter lead and pulled farther ahead to lead 31-12 at half time.

The Friars made their worst showing of the year in a ragged third quarter marked by numerous misplays. However, they rebounded from the depths of mediocrity to become once again the type of team that Coach Chuck Hollosy has made famous in Michigan court circles. With inhuman precision, the Friars scored at will, outscoring the Wildcats 24-5 in the fourth quarter, to post a 64-29 decision.

Austin's remarkable captain, Dave DeBusschere, led all scorers with 27 points. Austin's senior guards, Paul Kasper and Paul Miller, chipped in 8 and 6 points respectively. Kasper's brilliant outside shooting kept the Cathedral defense from swarming on the talented DeBusschere. The Friars next game will be against Salesian, January 7.

Three new teams, Grosse Pointe Congregational, St. Clare and Our Lady Star of the Sea, will expand the league to nine teams. All games will be officiated by paid officials.

### TURNABOUT FAIR PLAY

Gen. Hans Speidel, German soldier-scholar, in his new role as Commander of the Ground Forces of the North Atlantic Treaty Nations in Central Europe, now has under him troops of the nations which defeated him 13 years ago in World War II when he was one of the officers opposing the Allied invasion of Europe.

## Recreation Keglers Take First Half League Honors

After closing out the first half season in the Grosse Pointers Bowling League with a three-point spurge which netted them the title the Grosse Pointe Recreation keglers tumbled to second place in the opening night, January 3, of the second half season.

The champs snatched three points from Cramer as did Goebel over Cox and Baker. Larry's also grabbed three points from Woods to create a three-way tie for second place.

Wigle and Adam Simms, who finished second and eighth, respectively, in the first half season, scored four point sweeps to deadlock for first place. Wigle defeated Belding and Simms whipped Revere.

A three-way tie exists for third place between Woods, Cox and Baker and Cramer while Revere and Belding are

deadlocked for the basement spot.

Ten 200-plus scores were posted with Gil Sarkison leading the way with games of 213, 212. Jim De Smedt posted the high single game of the night with a 224 and was followed by Wally Buehler 218; Bruce Warren 205; Jim DeYonker 204; Ernie Borg 203; Andy Carroll 202, Art Neate 201 and Frank Campbell 200.

**When the POINTE was growing up...**

By Pat Talbot

Winds were bitter, snow deeper and more constant, transportation always a problem in bygone winters when the Pointe was growing up.

All of the broad flat point lying east of Jefferson avenue named Grand Marais was under ice. The vast wasteland was not reclaimed until the turn of the century at about the same time that business men were clearing the valuable lumber from the shoreline.

In the winter from the Fox Creek to Vernier road there was ice skating and boating on the river. On Vernier road near the lake as many as 5,000 would gather on a week-end to watch the ice boats, Hermes, Aldina, Lone Star, Hornet, Norsemen and others compete in thrilling races.

Before 1871 when the Morans reclaimed the 900 acres of the Grand Marais by throwing up a dike and using a steam pump the only passable street to the lake was Trombley road which was constructed on a raised dike. During the storms and thaws of those 1850 winters wagons could not travel regularly between the outskirts of Detroit, near Mount Elliott and the farmlands in the Pointe.

Even adventurous lads of the mid eighties were afraid to pass the haunted house which was on the outskirts of the Pointe where Hillger avenue in Detroit now stands but which was then part of our township.

The prosperous Chauvin farm stood there for many years and in an old ramshackle building one Charles Chauvin led for many years a solitary existence, supposedly guarding his great wealth. One cold dark night he was murdered for the money reputedly hidden in his house and from then on the house was "haunted" and none of the young bucks of the day would go near it.

In spite of the isolation from town, winter in the Pointe one hundred years ago had its charms for the farmers. Winter was their easy time, after feeding the stock and tending to their few chores they could sit about the fire and swap tales about the old days when the Indians roamed the woods and life was a frightening struggle.

Tecumseh and Pontiac were intimate memories to these Pointers the one fighting the Americans the other the English, but the French were usually on friendly terms with the savages who had disappeared by 1850.

## who, where and whatnot

by uhoosiz

Everyone agreed that the Paddock-Watling wedding last Saturday was the grandest in a long while. The bride, a real brunette beauty, in her candlelight peau de soie gown looked as radiant as a bride should be.

Everyone donned their best for the reception at the Little Club after the five o'clock ceremony. Among the many glimpsed were Mr. and Mrs. Hudson Mead, Mr. and Mrs. Edward A. Skae, the George N. Munros III and the J. L. Hudsons II (Mrs. H. very luscious in paler than emerald green satin).

Mrs. Edsel Ford was there. Her black suit was trimmed in ermine and Mrs. Ernest Kanzler had on the most stunning shocking pink hat, a small one perched on her blond curls and sweeping dramatically to the side. Mrs. Lowry Krammer wore black with a wide boat neckline, lovely detail scrolling the net facing, the skirt very bouffant.

One of the Pointe's most gorgeous matrons, blond Mrs. Alfred R. Marks is wearing the most unusual coat, just perfect for her fine drawn features. A golden brown full length American otter, the collars and cuffs are of pastel beige mink.

Another clever chapeau was worn by Mrs. Sherman Fitzsimons at a recent party. The cloche is of green leaves accented with green glitter and one red rose.

And here is a recipe idea for cocktail hostesses who are fatigued with potato chip dips. Dr. and Mrs. Albert D. Ruedeman, Jr., gave a party at the senior Ruedemans recently on Three Mile drive and the chief hor d'oeuvres were venison meat balls in a yummy barbecue sauce. Dr. Ruedeman is an accomplished hunter and the venison was the remains of a fall hunting trip.

Last week-end was the opening of the big ski season and most of the Pointe's avid followers of the sport checked in at Boyne or Otsego for their first slaloms. The Peter Finks were at Otsego, Mrs. F. very attractive bundled in a maroon and white parka and matching ski pants. John Stroth was there but left on Saturday for THE WEDDING. At Boyne were Clune Walsh and his fiancée Lynn Bennett, Linda Hart and Bob Kratzet. Skiers are anticipating the climax of their winter February 8 at Otsego's Tyrolean Ball.

A gracious tradition continues in the John Gordon Hill home on Cloverly road. Every Twelfth Night is a family occasion and the old fashioned greens and Christmas decorations are taken down with much ceremony. Mrs. Hill carefully packs away for another year the unusual sleigh bells on their worn leather strap, a gift of old friends, which she uses every year on the Tudor door, and the delicate snow scene on the mantel with its expressive figurines, a gift of her mother.

### PILFERINGS

Judge: "What's this man charged with?"  
Arresting Officer: "It sounds like seltzer water, your honor."

Weatherbeaten: Think how a mother kangaroo must feel on a rainy day when the kids can't play outside.

Take winter as you find him, and he turns out to be a thoroughly honest fellow with no nonsense in him, and tolerating none in you, which is a great comfort in the long run.

DR. EDITHA STERBA, OF WHITTIER ROAD

Some harrassed mamas were happy to see the end of the holidays just because it meant their offspring would return to school and this is an attitude Dr. Editha Sterba understands. As a psychoanalyst she deals primarily with family problems and with a colleague, Dr. Alexander Grinstein, has recently written a book, "Understanding Your Family."

Dr. Sterba and her husband, Dr. Richard Sterba, also a psychoanalyst, met and married in their homeland, Austria. She was educated in psychology and music at the University of Vienna. Her interest in the failures of school children led her to the study of psychoanalysis and she studied at the Vienna Psychoanalytic Institute. There, with the famous Anna Freud, she founded a children's seminar, of world wide repute, in the late 1920's.

**Hitler Drove Them Out**  
When Hitler and the Nazis took over Austria the Sterbas found life and study unbearable, their analytic ideas on the family not at all in sympathy with the Fascist rulers. They came to America in 1939 and right to Grosse Pointe with their two daughters, Monica and Verena, who both became students at the old Grosse Pointe Country Day School.

Dr. Sterba does her consulting at offices in Indian Village and she is also research director of the McGregor Health Center, which does rehabilitation work. She has been called in by many Detroit social agencies to deal with family problems and she also teaches classes in psychology at Wayne State University.

About her own community she speaks in glowing words. "The Grosse Pointe school system is extremely sensitive to family problems. The visiting teacher program is excellent." Dr. Sterba has often been consulted by local teachers and principals about difficult family problems in connection with students.

**Begin With Toddlers**  
She believes suburbs like the Pointe often have discipline problems with youth because parents, trying to follow progressive education methods, are afraid to set up necessary

controls. Unless a child is taught discipline, which he really wants and needs, in the pre-school years his school career is apt to be fraught with tension and tragedy.

As children mature, often the mother refuses to release them to their adult life because she in turn feels rejected. Her husband has been busy with his professional and social interests and she is alone. Dr. Sterba feels the solution to this family problem is a part time job for mother while the children are growing up. She herself always spent a great deal of time with her daughters.

Although she has an excellent housekeeper, who came with her from Austria, she always devoted time to her children. When they were babies she was the one who gave them their baths. When they grew older she spent every summer vacation with them at the Sterba's lodge in Vermont where she likes to lead a more social life, cooking and giving parties. As a family the Sterbas enjoy riding together and the youngest daughter, Verena, is quite an equestrienne.

**Daughter Follows Psychology**  
Both the girls were graduated from Sarah Lawrence College. Monica is now married and lives in Switzerland. Her sister, who majored in psychology, in with Travelers Aid in New York, and appears on TV, her mother fondly reports.

With the girls away from home, following their own pursuits, Dr. Sterba has more time for the studies and interests she shares with her husband. They recently collaborated on a book on Beethoven and his nephew, which has been well received in America, England and

France and is now about to go into a Spanish printing.

Although the book was written in German it has not been printed in that country since it debunks a national hero. Beethoven has always been a figure of great interest to the Sterbas, who cherish a letter written by the maestro in 1823, which hangs on the wall of their den along with other priceless art treasures.

**Music Their Avocation**  
They continue their musical studies. Dr. Richard Sterba is an accomplished violinist and plays with a local string quartet and at the Marlborough Festival in the East during the summer. His wife is a pianist and has once again taken up practicing which she could not find time for when the girls were little. During the evenings and week-ends the Sterbas are working on another book, a psychoanalytical study of Michaelangelo. They both have had many articles published in professional journals.

Dr. Sterba has written a clear and practical book on family living which reflects her own professional training and experiences. Privately she has shown how to build a happy home, avoiding many of the common tensions and conflicts, achieving success in many rewarding fields, but most important, living and loving as a happy wife and mother.

### Center to Show Satellite Movie

As a public service, the Grosse Pointe War Memorial Association in conjunction with the 9603 Air Force Reserve is presenting to the public free of charge on Wednesday evening, January 15, at 8 o'clock, the most eminent satellite authority, Dr. Werner Von Braun in afilm originally presented to the War College entitled "The Challenge Of Outer Space".

In this film, which is couched in terms the layman can understand, Dr. Von Braun explains the theory behind satellites and discusses their designs. He shows how they may be launched where placed, and how they may be controlled. He elaborates on their usefulness both in peace and war.

Accompanying the film will be Captain Robert W. Weber of the 9603 Air Force Reserve and Chrysler Missiles who will answer any questions on the mechanics or general electronics of missiles and explain this field to the extent which military classification allows.
