## HEADLINES of the WEEK

A STATEMENT ISSUED by the Defense Department in Washington disclosed that the Army launched a balloon satellite, but failed to put it in orbit. A similar statement was released by the International Geophysical Year Committee. The spectacular launching appeared to be perfect from the ground and the Army said the missile was on its planned course when the first stage burn-out came at the calculated time. However, 10 seconds later, when the rocket was due to ignite, the signals failed and it is not known what happened to the satellite.

TRAGEDY STRUCK in Springhill, Nova Scotia, when an upheaval of rock deep underground shattered part of a coal mine, trapping 146 miners. The latest disaster followed two others earlier in the day in Kingwood, W. Virginia, and Shippingport, Pa., where six persons lost their lives and one was injured.

Saturday, October 25

DETROIT CATHOLICS mourned their archbishop, Edward Cardinal Mooney, who died of a heart ailment at the Vatican, less than an hour before he was to take part in the conclave to elect a new pope. He was 77 years old. He was the second cardinal to die since the death of Pope Pius XII. Mooney's death cut the number of cardinals to 53. The number had been dropped to 54 on October 17, when Cardinal Constantini died during the period of funeral services for Pope Pius who died on October 9.

Sunday, October 26

PRESIDENT EISENHOWER challenged Russia to join with the United States and Britain in a one-year ban of nuclear weapons tests starting this Friday. He reaffirmed American-British readiness to abandon further tests for a full year trial period while East-West diplomats attempt to negotiate some form of inspection system. The President said that it is up to Moscow to end its current series of tests by Friday as a step to world disarmament.

Monday, October 27

FIFTY-ONE CARDINALS of the Roman Catholic Church balloted four times yesterday, but failed to elect a successor to the late Pope Pius XII. They were to assume their deliberation today, in the secrecy of the Sistine Chapel, Vatican City. A smoke signal meant to tell the world of the outcome of the voting, also did not succeed. A white smoke was sent up, indicating that a new pontiff had been elected, but later, it was disclosed that this was a mistake, and that the smoke should have been black, meaning that a new pope had not yet been chosen. The Cardinals have been in conclave since 6 p.m. Saturday.

Tuesday, October 28

THE SOVIET UNION turned down a United States and British proposal to suspend nuclear tests for a period of one year. Soviet Deputy Foreign Minister Valerian Zorin informed the UN political committee that the refusal of America and Britain to stop tests unconditionally left his country free to continue its own tests. He said that Russia will continue testing until it fires off an equal number of nuclear weapons that the two Western nuclear powers fired since last March.

Wednesday, October 29

THE SECRET CONCLAVE in the Vatican City ended when the College of Cardinals elected an Italian, Angelo Cardinal Roncalli, as the 262nd Pope of the Roman Catholic Church. He will reign as John XXIII (23d). The new pontiff succeeded Pope Pius XII, who created him a cardinal on January 12, 1953. The new leader of the Roman Catholics is bald headed and benign looking, and has been one of the most popular prelates in Italy.

## Park's Renovated Pool Near Completion

A workman is shown putting the finishing touches on the white Medusa cement flooring of the Park's waterfront park pool, which when completed will have a 10-lane, 25-meter length racing section at its east end. The regular swimming area will have every device needed to safeguard the swimmer, including wall hand rails and buoys. The sand beach area will be 100 feet deep and 320 feet in length. An eight-inch

high roll-moat edge (in the foreground) has been designed to prevent the sand from filtering into the pool. Other features yet to be constructed including diving platforms and kickboards. The project is scheduled to be finished by December 1. The pool capacity will be one million and a half gallons of water with the depth tapering to maximum of six feet. The cost of the renovation is \$45,652.

## All Pointes Go to Polls Next Tuesday

Deadline for Absentee  
Ballots Set for 2 O'clock  
Saturday Afternoon

Qualified registered voters of the Pointe are reminded by their respective city clerks that applications for absentee ballots will be accepted up to 2 p.m. on Saturday, November 1, for the November 4 election, which will be held from 7 a.m. to 8 p.m.

All city offices will be open until the 2 p.m. deadline, the city clerks said, and those in the offices before the doors are closed will be taken care of.

These ballots will be accepted up to the 8 p.m. poll closing time on Tuesday.

Voters will go to the polls throughout Michigan to elect state and county officials, and a United States Senator and Representative in Congress.

In addition, Michigan voters will ballot on whether to hold a convention for the purpose of revising the State Constitution.

On the county level, besides voting for officials, electors will have a say on whether to make an amendment to authorize the county treasurer to designate banks through which county taxes will be levied in Detroit, and a say on the three county propositions.

The only Pointe that will have a local issue is the

## Special Programs Provide Talented Students Chance To Accelerate Progress

Honor Selections Established at High School To Permit  
Academically Inclined To Perform  
To Full Capacity

"Opportunity for academically talented students has again been expanded at the Grosse Pointe High School," Dr. James W. Bushong, Superintendent of the Grosse Pointe Public School System, announced. "More than 400 of our academically talented students are now enrolled in special Honors sections.

This represents an expansion of our established program of providing every student with an opportunity to perform up to his capacity," he said.

"In addition," Dr. Bushong stated, "a very special program of acceleration in the field of mathematics has been started this fall in each of our junior high schools. Approximately 10 per cent of each grade has been enrolled in special sections wherein the pupils may cover the subject matter of arithmetic and algebra more rapidly than in the usual classroom. In the near future we expect to announce classes of this type in other subjects. We hope that the more able students will be challenged to do their best at all times."

Much Work Involved

Superintendent Bushong went on to indicate that considerable study and work had been put into formulating this expanded program for what many people call the "gifted" students. One of the first problems met had been that of identifying which students should be placed in these special or "honor" sections.

Last spring all teachers had cooperated with the Department of Instruction in listing the students whom they felt had superior abilities. Factors such as achievement as indi-

## Wild Dog Shot By Patrolman

A dog, classed as wild by Park police, was shot and killed by Patrolman Thomas Fraser on Thursday, October 23, at Three Mile drive and Jefferson.

The animal was owned by no one, Park authorities said, and has been evading capture for a number of weeks. It was a mixed breed.

Patrolman Fraser shot the animal on orders from his superiors, when it became apparent the dog was becoming too wild, and might be a menace to the people of the community.

Det. Sgt. Walter O'Dell and Det. Leroy Tobian said that the thieves entered the house by cutting the screen of the rear door and breaking the door glass.

They said that a woman neighbor reported a white and red car with four persons in it, believed to be boys, was cruising

## Park Spends \$45,652 to Improve Pool

Laned Racing Strip Is  
Feature of Renovated  
Swimming Area at  
Lakewood Site

When the Park's swimming pool renovation at the waterfront park is completed about December 1, it will give the Park the only municipally-owned pool in the Pointe with a racing strip built according to AAU specifications.

Herbert Heger, head of the Public Service Department, said that one of the main features of the renovated pool is that the purity of the water can be controlled, that is, the old water can be drained out and fresh chlorinated lake water pumped in, after the bottom of the pool has been scrubbed and cleaned.

He said that the newly poured concrete base of the pool, has been topped by an inch and half of white Medusa cement, which, with the clear water, will make objects and swimmers better able to be seen by lifeguards, especially if swimmers should sink to the bottom.

Another good feature, Heger said, is that at the east end of the pool, there will be a 10-lane, 25-meter racing strip, which will be used only for racing events. It will have diving platforms and kickboards, and will be completely isolated from the regular swimming area by a four-foot wall and a chain link fence.

The cost of the renovation is \$45,652, which includes the installation of 500 feet of wall hand rails, and buoys for the safety of those using the swimming area, and pipes and other

## Woods Firemen Have Busy Hour

Woods policemen, who are also firemen, answered two fire alarms within less than an hour on Thursday, October 23.

The first call came from the home of Herman Harschman, 1703 Manchester, at 7:09 p.m. where the entire upper rear section of a garage was on fire. This was put out with a booster hose.

Officials said that the fire originated on a shelf at the rear of the garage, which contained paint and a gallon of gasoline. They said it must have started by spontaneous combustion.

At 8:02 p.m., the firemen were called to the home of Stanley Craft, 2218 Hawthorne, where a television set was reported on fire. The set was taken outside by the firemen, who doused it with a hand extinguisher.

## Halloween Parties For Pointe's Youth To Be Held Friday

Four Separate Events Being Staged in High School and  
Three Junior Highs, Dancing, Stage Shows and  
Movies Being Offered

Grosse Pointe's 19th annual Community Halloween Celebration will take place tomorrow night, when parties will be held at Grosse Pointe High School, Parcels Junior High, Pierce, and Brownell.

Those attending the party at Grosse Pointe High School will dance to the music of Warney Ruhl and his band and the Fenby-Carr Orchestra, both featuring good vocalists, and the latter being noted for its comedy routine. Earle Perkins and his orchestra will play at Parcels. Frank Bridges and his band will be at Brownell. Dave Farley and his band will entertain at Pierce.

Junior High programs will be from 7:30 until 11 p.m. The program at the High School will begin at 7:30 and continue until midnight.

Many Stage Acts

In addition to dancing, there will be professional stage acts at all four schools. These will include: the Miller Brothers, teenage guitar and drums combo; Jim Stoner, pianist and folk singer; the Dorothy Ashby Trio, featuring a swing harp; Paul Lemmon, comedian and impersonator; Buddy Hill, teenage trumpet sensation; Tom Barrett, dancer; the Williams Twins, a trampolines act; Chuck Miller, singer, pianist, and recording artist; the Ski Brothers, singing combo. Mr. Forrest Geary, Chairman of the Halloween Committee announces that other acts will be added to complete an evening of fun and entertainment for all.

The movie program consists of cartoons, featured shorts, and full-length double features at each of the four schools. Students at the High School will see, "Marjorie Morningstar" and "Abandon Ship." At Brownell, "Fearless Fagan" and "Thirty Seconds Over Tokyo." At Pierce, "Hellcats of the Navy" and "The Day the Earth Stood Still." At Parcels, the movies will be "Solid Gold Cadillac" and "The DI."

Tickets are available this week at all junior and senior high schools for 25c. Admission at the doors will be 50c.

Many Helped Plan

The joint efforts of many students, interested adults, and civic organizations combine to make the 1958 Community Parties bigger and better than ever.

Arthur C. Danneker and the finance committee receive contributions from individuals and organizations to help cover the cost of the parties.

Volunteers are still needed for supervisory posts at the Halloween parties. Chairmen of supervision are: at the High School, Milton Zuehlke; at Parcels, Rex Johnston; at Pierce, J. Dunton Barlow; at Brownell, John Cudia. Anyone wishing to volunteer their services should call Mr. Forrest Geary at TU 5-3808 or TU 5-0271.

The police departments of the Grosse Pointes will be working extra duty to provide all possible safety measures.

## Second Victim of Accident In City Dies of Injuries

Albert N. Mantz, 21, of 12214 Stringham, Detroit, who was in a critical condition in Bon Secours Hospital following a car accident on October 17, died of injuries on Saturday, October 25, becoming the City's second traffic casualty.

The first to die as a result of the accident, was Joseph Frabotta, Jr., 22, of 3406 E. Alexander, Detroit, who was with Mantz at the time their car smashed into a tree at Mack avenue and Neff road. Frabotta died of injuries several hours after being taken to the hospital.

Since the accident, Mantz was kept on the critical list and was not expected to live.

City police authorities said that now it may never be known who was driving the

## Park Firemen Reach Crash Scene First

Secours Hospital Alerted  
As Soon As Nun Saw  
Falling Bomber

The Pointe played a part in the terrible air tragedy Friday afternoon, October 24, when a flaming British jet bomber crashed and exploded in Detroit, at Ashland and Harbor Island, just over the Park-Detroit line, taking the lives of six crew members aboard.

Park firemen, with all equipment, and two Park police ambulances were the first at the scene, minutes before Detroit firefighters and policemen arrived.

Bon Secours Hospital called all available doctors and nurses, when a nun at the hospital witnessed the plane falling in flames, ready for any emergency and to take care of any possible victims of the disaster.

One Park policeman was credited with keeping vehicular traffic clear at Korte and Ashland to the river, making it possible for Detroit firemen and equipment to enter the area from that point.

Park firemen and those of Detroit, battled fires caused by the exploded plane which destroyed three homes and damaged at least a dozen others. The firefighters of the two cities fought side by side for about an hour with Detroit equipment, before the Park firemen returned to their station house.

Only two persons were taken to Bon Secours. One, Mrs. Otto Ewald, 65, of 179 Ashland, the most seriously injured, with third degree burns on her right arm, face and back, was transported to the hospital by Park Police Sgt. Hazen Hennig, when neighbors rescued her from her burning home, one of the three houses destroyed.

The Park firemen, under the command of Chief George DeCausin, who were at the scene of the disaster, aiding their Detroit colleagues, were: Sgt. Paul Wernet, Engineer Francis Skiffington, and Firemen William Hunt, Joseph Kolley, David Taylor, Donald Ryde, Paul Bagger, William Hiner, Michael Clancy, Clarence Klovski and Philip Costa.

Keep Back Curious

The Park police officers were Lt. Gerard Kesteloot and Sgt. Hennig, both of whom were driving ambulances, and Patrolmen George McDowell and William Crandall, in scout cars. Other police personnel were ordered to the scene by Lt. Kesteloot to try to help keep back the hundreds of curious, and to keep vehicular traffic moving. When Detroit police arrived, the Park officers returned to their community to unsnarl traffic jams on Jefferson and side streets, as more and more people and cars packed the area.

Park patrolmen who were attending a police school session in the Park Municipal Building under the instructions of Park Police Chief Arthur Louwers, were dismissed from class and dispatched to the scene by the chief, to aid in the controlling of traffic.

Following the crash, Chief Louwers personally called every man of his department who was on leave or off duty and ordered them to duty in the control of traffic near the scene of the disaster and in the side streets of the Park.

The men worked 10-hour shifts, the chief said, all Friday night, and all day Saturday and Sunday, directing traffic as the curious continued to arrive at the scene in droves.

The lieutenant said that Patrolman McDowell, who took up a duty station at Korte and Ashland, is credited with keeping traffic moving and people off the street from that point, making it possible for Detroit emergency crews, once they passed the congested areas, to enter Ashland, from Korte, with a minimum of trouble.

Whole Staff Ready

Sgt. Hennig said that when he took Mrs. Ewald to Bon Secours, he was amazed to

(Continued from Page 1) car was going that fast. It is possible that the needle could have been jarrd to that point, the police said.

It was stated in a police report that the vehicle was going at an excessive rate of speed, traveling north on Neff, from Detroit, crossing Mack to Neff road in the City, and hit a tree about a 100 feet from the corner.

An hour before the accident, the two men were at a restaurant at 17447 Mack and, according to a waitress, Agnes Perante of 481 Dixiel, Detroit, the two were alone and in a happy frame of mind. It appeared that the men had been drinking heavily, it was said.

Mantz's girl friend, Rosemary Lilly, of 12153 Wade, Detroit, had been with Mantz and Frabotta, and was taken home shortly before the men went to the restaurant.

### Lt. William McCaffrey Finishes Army Course

FORT BENNING, Ga. (AHTNC)—Army 2d Lt. William J. McCaffrey, son of Mr. and Mrs. Milton F. McCaffrey, 40 Roslyn Rd., Grosse Pointe, Mich., recently completed the eight-week officer basic course at The Infantry School, Fort Benning, Ga.

Designed for officers who have not served with troops, the course gave Lieutenant McCaffrey instruction in the duties and problems of an infantry unit commander.

The 23-year-old officer is a 1952 graduate of Bullis High School, Silver Spring, Md., and a 1958 graduate of the U.S. Military Academy, West Point, N.Y.

### Pointers Help Out in Air Tragedy

(Continued from Page 1) find the hospital personnel assembled and equipment ready and waiting to care for possible disaster victims.

"I saw at least nine doctors and a dozen nurses ready and waiting at the emergency entrance," the sergeant said. "I was amazed to see them there, and to know that they were called within a matter of minutes after the plane crash. One of the nuns witnessed the plane falling in flames and heard the explosion as it hit the ground. The hospital was after on-duty personnel were alerted and every off-duty doctor and nurse was called. It is really wonderful to know how quickly the hospital staff can work in case of disaster."

The bomber's routine flight was going according to plan, when the pilot of the four-engine Royal Air Force Avro Vulcan radioed "Mayday," the international distress signal, at 3:40 p.m., as it was passing over the Park.

The Park fire station log showed that that was the exact time the city's firemen began to roll out their fire trucks and equipment and were rushing to the scene.

Fireman Ryde and Skiffington looked out of the station window when they heard the roar of the falling plane, and witnessed the first explosion in the air as the aircraft burst into flame.

Fireman Ryde shouted, "That plane is in trouble and looks as though it is going to crash!"

Without waiting for an alarm to come in, the firemen donned their firefighting gear and were on the trucks and on the way, with police ambulances and scout cars trailing.

At first, it looked as though the plane was going to crash into the Park's waterfront park, but when the firemen arrived at Pemberton and Windmill Pointe drive, they saw that the plane had crashed on Ashland and Harbor Island near the Detroit River. There was a second explosion.

With sirens screaming, the Park fire trucks went down Alter road, turned onto Korste, then onto Windmill Pointe to Ashland, where the local firemen met the Detroit fire equipment and police arriving at the scene. This was at 3:43 p.m.

Help Detroit Firemen Leaving their fire trucks, since Detroit had a number of its own, the Park firemen assisted their Detroit colleagues in unloading fire hose and equipment, attaching the hoses to water hydrants, and for an hour, the men of the two departments fought the flames until they were brought under control, after which the Park men returned to their station house.

Lt. Kesteloot and Sgt. Henning were leaving the scene, after Detroit police arrived, when an Ashland resident who aided in the rescue of Mrs. Ewald, approached the sergeant and requested aid in taking the badly burned woman to a hospital. The officer took Mrs. Ewald to Bon Secours.

The scene of the crash was one of devastating horror. The plane, trailing smoke and flames, soared low over Ashland from the northwest, in

an apparent effort to reach the river. Witnesses said that the plane hit the top of two tall trees and exploded.

Flaming wreckage hit the corner of a home at 187 Ashland, setting it afire, then ripped completely through 179 and 175 Ashland.

Crew Blown to Bits The explosion showered a seven-block area with red hot metal and blazing fuel. The plane crew was blown to bits. Parts of their charred bodies were found in the seven-block area. Some debris landed on the lawn of Marine Hospital, a short distance away.

Two priests from St. Ambrose Church, Hampton and Wayburn, Frs. Thomas P. McWilliams and William Pettit, were at the scene within minutes after the crash. Fr. McWilliams administered the last rites to remnants of one of the plane crew.

Three nuns from St. Ambrose School were also at the scene to see if they could be of help in any way. Park police gathered fragments of burnt flesh and bones, and twisted metal in a bushel basket, taking them to their station, where the grim remains were tagged by Det. Lt. Stanley Enders, and later turned over to Selfridge Air Force authorities.

Amazingly, no other persons were killed or critically injured. The three homes were completely destroyed, a dozen set afire, and scores of homes were damaged by the force of the explosion.

Lt. Kesteloot said that the only home in the Park that

reported any damage was that of 501 and Mrs. Clarence J. Wass, Mr. Barrington, where it was found that several windows were shattered, and a garage door blown off its hinges.

Judge Sees Disaster Circuit Judge Carl M. Weideman, was working on the second-floor terrace of his home, 15451 Windmill Pointe drive, seven blocks from the crash, when he heard a tremendous explosion and saw flames that seemed to shoot a thousand feet into the air, and then saw a mushroom cloud "just like an atomic bomb." He said pieces of debris landed in his yard.

Mrs. Alfred M. Cousins of 805 Bedford, said she looked up and saw "a blaze of fire."

"It sounded as if it would take the roof off the house," she said. "The plane went over like a thunderclap and then burst into a big ball of fire."

London officials said the plane, on a routine training mission, also was carrying a good will message from the Mayor of Lincoln, England, to the Mayor of Lincoln, Neb. Aboard the ill-fated bomber were, Flight Lt. John Wilmoughby Moore, pilot; Flight Lt. Brian Peacock, co-pilot; Squadron Leader H. J. Scull, navigator; Flying Officer A. D. Baker, electronics engineer; Flight Lt. James Donald Watson, radar navigator; and Chief Technician E. C. Evison, maintenance crew chief.

See Long Investigation A Royal Air Force investigation group arrived from Britain, sent by the Ministry

of Transport, to investigate the cause of the tragic crash. One source said that it will probably take days or weeks before the investigation is completed.

On Friday, Park officials made their waterfront parking lot available to Selfridge Air Force officials, who landed a small helicopter on the lot, when they arrived to conduct

an initial investigation of the crash.

On Saturday, the Park's municipally owned parking lot, across from the waterfront park, and located in Detroit, was also made available to Air Force officials. A huge sign, painted on the ground, read "U.S. Air Force." Top Air Force officers landed a big copter on this lot, on returning to continue their probe.

# Why new 1959 Cars of The Forward Look can do what they look like they can do

The smell of a new car is heady stuff. And when it's a new 1959 Car of The Forward Look, the beauty of it makes it tough to be hard-headed. But the best part comes next—These cars are engineered to be driven. At their best when they're in motion as your hand and foot command! Here's why they can do what they look like they can do:

All the controls are at your fingertips. The pushbutton driving controls are all in one handy cluster of buttons, just under your left hand. (Easy for you to get at—keeps your right hand on the wheel. And the youngsters can't reach 'em!) Another set of buttons to your right controls the heater and air conditioning. And instruments on the new panel are where you can see them, without looking too far away from the road.

Touch the button—and go! Pushbutton Torqueflite controls are simple, mechanical and proved by over 15 billion miles of driving.

The steering works for you full time. We call it Constant-Column full-time power steering, because it doesn't just "cut in" at sharp turns, the way some power steering does. Ours helps you all the time, so you have a constant, steady "feel of the road." It makes these the best-driving cars in America.

They don't bob their noses or scrape their tails when you stop and start fast... and they take corners flat and steady as if they were on rails. Only the cars from Chrysler Corporation have Torsion-Aire Ride. It gives you a firm, sure-footed ride, even over railroad tracks and rough country roads. (For '59 you can get The Forward Look cars with added air units in the rear. This gives you automatic leveling—so even if you have a heavy load in back, the car rides level.)

The seats swivel to let you in and out. These are the easiest cars you've ever seen to get in and out of. As you can see in the picture, the seats turn like an office chair, on noiseless nylon bearings. They lock in place while you drive—and adjust to suit your driving comfort. Our new, roomier body design for '59 gives you extra head and knee room besides—especially in back.

Constant-Control Power Steering Steering that works for you full time never has that "on-and-off" feeling—makes parking easier than ever before.

New swivel seats, available only on Cars of The Forward Look, make them the easiest cars to get in and out of you ever saw

Mirror and headlights adjust themselves for night driving. You've never driven a car that did so much to make you feel secure at night! The headlights dim automatically from up front. And the rear-view mirror adjusts itself electronically to take the glare out of lights coming at you from behind.

A few of the other safety features: an outside fender mirror you can adjust from inside the car... electric windshield wipers that don't stop to a gasp on hills or when you step out to pass... Safety-Rim Wheels designed to keep the tire from jumping the rim if you ever have a blowout.

Compound windshields that sweep all the way across and curve up into the top of the car, so you have clear, unobstructed vision—can even see overhead signals. And there's safety glass in every window.

New power up front—and brakes with the muscle to hold it. You may remember that Chrysler Corporation cars walked off with top performance honors in the famous Mobilgas Economy Run for the past two years straight—with every other major car in America pitted against them. The new '59 models are available with new engines—even better than those that set the pace in 1957 and 1958!

And they've got the brakes to go with 'em—Total-Contact brakes. Two hydraulic cylinders up front, where other cars have only one. And the brake makes contact all the way around the drum—not just part of the way, as in other cars. Touch the brake pedal—and you STOP.

The Look that started the trend is handsomer than ever in cars of The Forward Look for '59. There's no mistaking them on the road, with their true aerodynamic design that helps keep them steady on the road.

And to protect their looks, new "Lustre-Bond" super-enamel finishes, so tough and glossy, a light wash and wipe makes your car look like you spent the whole weekend polishing. Inside—new textured upholstery is more durable and beautiful than ever before.

And the quality of workmanship built into these cars is apparent everywhere you look—inside and out. America's biggest, best-looking wagons. We build our wagons family-size, with more sitting and carrying room than any others.

More Chrysler Corporation pioneered features too—third seat that faces back, spare tire hidden in the fender, window that rolls down into the tailgate, seats that fold flat to the floor in less time than it takes you to read this sentence.

True aerodynamic styling not only sets the pace for design but also makes a real contribution to your car's driving stability on the highway.

More room to sit, more room to carry things than any other station wagons on the road.

Take a new 1959 Plymouth, Imperial, De Soto, Chrysler or Dodge and put it through its paces. Pick the roads you know are toughest. One drive will convince you—these are the cars that can do what they look like they can do!

### Halloween Twist Helps Children

Trick or treat is America's traditional Halloween prank. A refinement of this practice has developed into a collection of pennies for needy children. Perhaps the most spectacular form of internationalism among our younger set is the trick or treat for the United Nations Children's Fund.

In 1950, Philadelphia Sunday School pupils decided they could do something more constructive on Halloween than overturning garbage cans. They sent their treats to UNICEF.

The idea has spread. Last Halloween American youngsters raised a million dollars for child health programs, vaccines and medicines, vitamins and milk.

This Friday youngsters for St. Joan of Arc's as well as St. Clare's will carry cartons for contributions to the United Nations Children's Fund.

The adults of the community knowing the importance of their endeavors are expected to respond wholeheartedly.

### Introducing Pointes Newest Teachers

PRINCIPAL JERRY J. GERICH (far right), of Grosse Pointe High School briefs newcomers to his staff. Seated from left to right are:—MISS ESTELLE GRIFFITHS, MISS MARIE ONEST, MISS MARY WOODMAN, MRS. ANNA BELLINGER, MRS. GERALDINE BERTOVICK and MRS. PATRICIA LIPSKI. From the left standing are:—

Miss Estelle Griffiths, teacher of English, was born in Reading, Michigan. She took her degrees at Hillsdale College and the University of Michigan. Her teaching experience includes service in Michigan and Arizona schools; teaching in Mexico City and Caracas, Venezuela. She also taught in the Army Overseas program in Germany and Italy. She served one year as Executive Secretary of the Girl Scouts. Affiliated with Kappa Kappa Gamma and the DAR, Miss Griffiths finds Grosse Pointe an enjoyable place to teach.

A native Pennsylvania, Marie A. Onest, teaches Business Education at the High School. Cranestown, Pennsylvania is still home when not teaching. Degrees were awarded by Indiana State Teachers College in Indiana, Pennsylvania State University. Her previous teaching experience included service at the Harbrack High School in Brackbridge, Pa. She is a member of Zeta Tau Alpha, Delta Pi Epsilon, business honorary, and several professional associations.

Mary Woodman also teaches Business Education at the High School. A native of Iowa, she received her degree from the State University of Iowa where she was active as a bagpiper in the universities famous all girl Scottish Highlanders. Her travels with this unit included a tour of Northern Scotland and the Tournament of Roses in Pasadena. On campus, besides serving as first piper, she was a chairman of the University Sing. A member of Chi Omega and of a business honorary, Pi Omega Pi, Miss Woodman is just embarking on her teaching career. No stranger to the Detroit area, she worked aboard the S. S. Aquarama in the summer of 1957.

A teacher of English, Mrs. Anna Bellinger was born in Minnesota. She was educated in Michigan public schools,

however, graduating from L'Anse High School. After attending the American Academy of Art in Chicago, she worked as a commercial artist for several years. Mrs. Bellinger earned her degrees from Northern Michigan and the University of Michigan and has taught in Manistique and Marquette. Her family includes a daughter and two sons. She enjoys drawing and painting, outdoor camping, and amateur geology.

Born in West Branch, Michigan, Mrs. Geraldine Bertovick now teaches English at Grosse Pointe High School. She earned degrees at Central Michigan College and the University of Michigan and is doing advanced graduate work through Michigan State. Study was also accomplished at Wayne and Northwestern. Mrs. Bertovick previously taught in West Branch, Rose City, Saginaw and in the Speech Department of Michigan State University. Active in professional organizations and speech honoraries she is affiliated with the Michigan Speech Association, Pi Kappa Delta, and Kappa Delta Pi, as well as having served as editor and writer for several professional publications. While in college she participated in debate and oratory and has since coached many prize-winning students in these activities. A sixteen year old daughter attends Grosse Pointe High School.

Married to a graduate of Grosse Pointe High School, Mrs. Patricia Lipski finds teaching tenth grade English here a real pleasure. Now the mother of three children, the former Pat Webb was born in Detroit; graduated from Cooley, and took her degree at Albion College. While in college she was elected to Theta Alpha Phi, national dramatics honorary, and was the first female in the history of the school to win a varsity "A". She won it as a pioneer girl cheerleader. Her teaching experience included substitute

JAMES REGHI, NEIL SUOMELA, W. WARD CHRISTLIEB, HOWARD THOMPSON, JOHN SCHWAN, RICHARD SNOOK. These twelve teachers bring a varied background of training and experience to the Pointe Public Schools and are helping to strengthen an already strong teaching staff.

Engineers. At Central he participated in track and was a member of Sigma Tau Gamma and Alpha Psi Omega, a national honorary. Prior to coming to Grosse Pointe, Mr. Suomela taught in Coleman and Midland, Michigan. He likes to hunt, fish, bowl and golf. For hobbies he indulges in furniture building and other handicrafts.

W. Ward Christlieb teaches Latin at Grosse Pointe High School. He was born in Kalamazoo and educated in and near there. A graduate of Western Michigan and the University of Michigan he specialized in Classical Studies and was elected to Kappa Delta Pi, a national honorary. In 1957 he was one of 30 outstanding students chosen in the U.S.A. and Canada to study at the American Academy in Rome. Before coming to Grosse Pointe Mr. Christlieb taught in Ludington High School. He likes to dig in the soil and to grow flowers, trees and crops on the old family homestead near Kalamazoo when his duties permit.

Grosse Pointe High School's new chemistry teacher, Howard K. Thompson, was born and raised in Benton Harbor, Michigan. He is a graduate of Michigan State University where he was active in the Men's Glee Club, accompanying it on tour. Upon graduation Mr. Thompson was commissioned a Second Lieutenant in the U.S. Army and served on the staff of the Army Ordnance School, Aberdeen, Maryland. The Thompsons reside in Lake Shore Village and are the proud parents of a baby daughter, born July 5, 1958.

### Talented Students Given Opportunity

(Continued from Page 1)  
 cated by previous grades or marks, teacher opinion of student abilities, intelligence quotients, reading ability as determined by previously used standardized tests, verbal and abstract reasoning scores on differential aptitude tests, as well as other specific talents were all weighed in the process. All students who were listed for one or more of these areas were considered for the special program according to Dr. Bushong.

**Project Encouraged**  
 The chief provisions for better students in the elementary schools have often been called enriching activities. Here the teachers have encouraged the more able pupils to undertake special projects or to engage in a greater variety of experiences. In some instances, selected students of several grades have been brought together to learn skills and subject matter which was not possible within the time available for study by most children.

Dr. Bushong went on to point out how broad the senior high school honors program had become. Twenty different teachers were now working with 32 honor sections of students distributed through the department of English, Mathematics, science, foreign studies and the various social languages. Normally the required course of study is covered more rapidly than in other sections because such students require less drill and repetition. Working at a faster rate, yet well within the capabilities of each student, these classes are often able to study areas for

which time would not otherwise be available. At the same time the superior abilities of these students may be used for the benefit of the entire student body. An example of this was in the survey of library resources conducted by an English honor class. As a result of their intensive effort, a larger bibliography of the available resources was available for every one. Meanwhile, very desirable skills in the use of reference materials had increased the competency of the more talented students. Such abilities increase the chance of these students for success in college and other educational programs.

An extension of the opportunities for junior high school mathematics students was recently outlined by Dr. H. Leroy Selmeier, Director of Instruction in the Pointe's public schools, at a meeting of parents held at Parcels. He said that up to 10 per cent of the students of each grade in each of the three junior highs had the opportunity of progressing at a greatly accelerated rate through the usual mathematics subject matter of the 7th, 8th, and 9th grades. He indicated that while these pupils were already learning the skills at a more rapid rate, a careful check was being made to determine that the rate of progress would not sub-

ject any pupil to undue stress or burden.

Dr. Selmeier explained to the assembled parents that this program would probably enable the present 7th grade pupil to complete all of the present secondary mathematics courses before the end of the 11th grade. Since this would be a full year ahead of the normal schedule, these boys and girls would have an opportunity to go on to analytic geometry, an introduction to calculus and other advanced fields. Quite probably, as he pointed out, this could result in some students being given advanced standing when they enroll in college. This would enable them to take advanced work or otherwise include studies not normally possible. Opportunities for accelerated mathematics programs have also been developed in the 8th and 9th grades and advanced courses are being prepared for them.

"We are confident that more of our bright students will reach their peak in this program achievement-wise and be better citizens for it," Dr. Bushong concluded. "Some authorities assert that the forward progress of mankind rests largely on the shoulders and brains of the top one or two percent of our population. I agree with this to a large extent and feel that our program for the talented student will help civilization advance in a safe and sound manner."

### Park's Swimming Pool Improved

(Continued from Page 1)  
 equipment that can be attached to a filtering plant in the future, without any trouble. At present, the water is chlorinated and recirculated by a pump at the west corner of the pool. Heger said that about 90 percent of the project has been completed to date, and that work on the pool was started about seven weeks ago.

He said that an eight-inch high roll-moat, at the point touching the beach, and designed to prevent sand from filtering into the pool, is part of the concrete flooring.

The beach itself will be 100 feet wide and 320 feet long, and will have enough sand to give "it that seashore effect" as Heger put it. A public address system will be installed near the judges' stand near the racing strip, which can be used to announce the swim events and the winners. Also, the system will be used by the lifeguards, instead of the present outmoded megaphone, in issuing warnings to errant swimmers.

The wall around the pool and the cement flooring has been completely sealed so that

water cannot seep in or out of the pool without the aid of the pump.

The pool will hold a million and a half gallons of water,

Heger said. The pool can be pumped out, cleaned and refilled with clean chlorinated water within about 24 to 30 hours, he said.

### Many Pointers Help Plan For Children's Book Fair

By Christine Fuller  
G.P.H.S. Journalism Student  
A group of Grosse Pointers have been working diligently for months helping to organize Detroit's fifth annual Children's Book Fair, which will be held at the Detroit Historical Museum at Woodward and Kirby, November 1-16, with the exception of Monday's.

Mrs. Charles Burgess is the general chairman. Working with her are Mrs. Albert Conkey, Mrs. Henry Cope, Mrs. Isabell Hollinger, Miss Jean Taylor, Miss Doris K. Trot, Mrs. Aaron E. Wilcox, Mrs. William J. Wills, and Mrs. Edwin L. Yates. All are from Grosse Pointe.

Books on a wide variety of subjects, from Fairyland to Outer Space, will be on display on the opening day, and other Saturdays, from 9 a.m. to 6 p.m.; on Sundays, from 1 to 10 p.m., and on Tuesdays through Fridays, from 9 a.m. to 10 p.m. It should be noted that the Fair will be closed on Mondays, November 3 and 10.

Along with browsing among the books, a trip to the Fair will include meeting well known authors and illustrators, and seeing plays, puppet shows and motion pictures, all of which will add up to a complete, fun-filled, inspiring, and educational adventure.

Hundreds of children and their parents from the Grosse Pointes are already planning to join the thousands of people in the Detroit area who will attend the Fair. Predictions are that last year's record attendance of 50,000 will be topped.

Books to suit the needs of every child will be on display. The list has been carefully compiled by experts in the field. These listings will be distributed at the Fair to aid both parents and children in their selections of books, both from libraries, and in their purchase for gifts or for private use.

A local author, Miss Elizabeth Howard, will speak at the Fair on Friday, November 7, at 10 a.m., and 1:30 p.m., and on Tuesday, November 11, at

10 a.m. Miss Howard has written several books. Her first was "Sabina," and her latest is "A Girl of the North Country."

A native Detroit, Miss Howard's family came here 150 years ago. She graduated from the University of Michigan, and studied school library work at Wayne State University. She taught history for two years before deciding to write professionally, which she now does, full-time, in her Grosse Pointe home.

On Wednesday, November 5, at 2 p.m., Elizabeth Enright will be the speaker. A native New Yorker, she is the author of "Thimble Summer" and, more recently, "Gone Away Lake."

Genevieve Foster, who wrote "Catherine the Great," will speak at the Fair on Wednesday, November 12, at 10 a.m. and 2 p.m. An artist as well as an author, Miss Foster illustrates her books.

The writer of "Old Jules," Mari Sandoz, a Nebraskan, will appear for lectures on Friday, November 14, at 10 a.m. and 1:30 p.m.

Other well known persons scheduled to make appearances at the Children's Book Fair include Monroe Leaf, author and illustrator; Edward Eager, author; and Mary Silvia Cosgrave, editor of children's books.

For Grosse Pointers who are interested in broadening their children's educational scope there is no finer opportunity than this unusual and fascinating Fair. The marvelous displays of new books, the presence of authors, the interest of so many people who will be in attendance, all are certain to stimulate their desire to read. And, of course, there is no better way to learn than through books.

A visit to the Children's Book Fair is an experience no one ever will forget. It is stimulating to everyone who goes. Students who attended five years ago still remember this memorable occasion, and it undoubtedly will live in their memory the remainder of their lives.

To arrange a tour of the Fair for a class, a club, or Scout troop, contact the Detroit Historical Museum by letter, or telephone TE 3-5410, between 8 a.m. and 4 p.m., Mondays through Fridays. There is no admission charge.

So, high ho, come to the Fair! You'll enjoy every minute of the trip. It's truly worth attending.

These sessions which will last for one hour, will be devoted to a study of the Book of Philippians. Members of the community are welcome.

### Pharmacy Seldom Seen by Patrons

While compounding a prescription at Cottage Hospital, S. A. Macy, pharmacist, weighs one of the dry ingredients on the torsion balance. Sensitive to 10 milligrams or one

three-thousandth of an ounce, the scale assures extreme accuracy in preparing medications. It's part of the facilities at the hospital's remodeled pharmacy.

One of the most attractive, compact and efficient pharmacies in the Detroit area is seldom seen by drug store patrons. It fills some 45,000 prescriptions a year for customers who never enter the door. And the term of their patronage is strictly limited. This model apothecary shop, at Cottage Hospital of Grosse Pointe, serves in-patients at the institution.

But let S. A. Macy, pharmacist, tell about it: "As

the hospital's rate of occupancy and patient turnover increased," he explained, "we needed a more up-to-date pharmacy to give prompt prescription service and to take care of future expansion in bed capacity. But it had to be contrived in the existing 340 square foot space."

**Complete Remodeling**  
This called for a complete remodeling job. So a new installation was designed. White enameled metal and wood cabinet, drawer and shelf units, set off by black counters, were installed along much of the wall surface of the two rooms. Remaining wall area is painted a fresh, pale green.

A unique feature — and Macy's pride — is the biological refrigerator, "probably the most modern in the Greater Detroit area." He's even prouder that it was built and installed, to his specifications, by the hospital's engineering staff. This refrigerator for perishable pharmaceuticals appears to be a stainless steel wall cabinet with sliding glass doors. But a closer look reveals a fan circulating air that is chilled to 40° F. All stock is visible on specially designed glass shelves and easily accessible.

"Unlike a conventional, deep refrigerator with a solid door," Macy pointed out, "in this 33 cubic foot unit, stock depletion is immediately apparent. The torsion balance for weighing dry materials used in compounding prescriptions, is sensitive to 10 milligrams or about one three-thousandth of an ounce. However, more prescriptions are filled from pharmaceutical prepa-

racist is on call for emergency service after hours and the dispensary is accessible to authorized personnel.

As now set up the pharmacy could handle prescriptions for more than twice Cottage's 103-bed capacity.

Macy came to Cottage Hospital two years ago from the retail field. A pharmacy graduate of Wayne State University, he lives at 1154 Beaconsfield avenue, with his wife, the former Genevieve Waite, and their two children, Jay, 17, and Jacqueline, 15.

**Happy as Housewife**  
In his remodeled pharmacy as trim as a ship's galley, Macy is as happy as a housewife with a dream kitchen. He offers to show his color movies made before and after the renovation.

"But like much of the hospital's improved facilities," he observed, "it couldn't have been accomplished without the help of one of our good friends in the community. The pharmacy remodeling was made possible through a bequest from the late Mrs. John S. Newberry, donor of Cottage Hospital's beautiful Nurses' Residence.

### For Academies To Hold Exams

Congressman Louis C. Rabaut (D. Mich.) announced today that on November 17 a U. S. Civil Service Designation Examination will be held for young men desiring to enter the Military, Air Force, and Naval Academies.

Mr. Rabaut explained that it is necessary to hold this second Civil Service examination for boys wishing to compete for nominations to the academies for the classes entering in July of 1959, since his vacancies far exceed the number of applicants who competed in the July Civil Service examination. It is Mr. Rabaut's wish that every young man from

the Fourteenth Congressional District who aspires to a military or naval career will avail himself of this opportunity to obtain one of the finest educations in the world.

Anyone who desires additional information is urged to write immediately to the Con-

gressman's Washington office at 1232 House Office Building, Washington, D. C.

**New Trophy Put in Competition**

Powerboat racing enthusiasts got a new trophy to compete for when Grosse Pointer **ROBERT B. EVANS**, right, placed in the custody of the Detroit Yacht Club the Robert Beverley Evans Trophy. The new trophy, accepted for DYC by **COMMODORE CHARLES S. TOMPKINS**, left, and **COMMODORE F. C. JENSEN**, will be awarded annually to the owner of the boat setting during the year a new water speed record.

Mr. Evans explained that the new trophy is not for "unlimited" boats alone, as they are restricted to propeller driven craft, but is to be competed for by any true boat with a water rudder.

A replica of the trophy was presented to the present world water speed record holder, Donald Campbell, at a ceremony in London on August 22 which was attended by British racing notables and the press. Mr. Campbell set the world record with his Bluebird with a speed of 239.07 MPH on Lake Coniston in north England.

At the London presentation, Mr. Campbell announced that he will attempt to beat his own record next month and that he will come to the United States during 1959 in an attempt to set a 300 MPH mark.

The Evans Trophy is a two-foot-high replica in silver of the United Nations building in New York City.

Around the plinth of the trophy are solid silver models of American and British motorboats that have held the water speed record over the past 20 years.

At the base of the trophy is inscribed its purpose — "Dedicated to the advancement of marine development and the cause of world wide understanding through the promotion of the sport of powerboat racing."

"This trophy is symbolic of the certain fact that motorboating is an international sport that brings countries together," Mr. Evans said.

He named as trustees of the trophy, the following powerboating group: The Commodore of the Detroit Yacht Club, Edward S. Evans, Robert Beverley Evans, Edwin O. Bodkin, Sam Hudson, Frank Scott Hedge and Leonard Thomson.

Mr. Evans, whose home is at 984 Lakeshore drive, has for many years been active in power boating in the Detroit area. He has been commodore and finance chairman of the Detroit International Regatta Association which sponsors Harmsworth, Gold Cup and Silver Cup Regattas in Detroit. He has designed and raced his own power boats and is credited with introducing high speed hydrofoil boats to the U.S. in the 1930's when his Miss US III exceeded 90 MPH in trials at the Detroit Yacht Club.

**Cub Scout Pack Recruiting Boys**

Cub Scouts everywhere have begun another active year together. Cub scout pack No. 39 held its first meeting this month in the Barnes School auditorium and once again had the opportunity to discuss achievements and activities of various dens, became acquainted with new friends and at this meeting the new den mothers were introduced.

Den 1 — Mrs. Wilbur S. Harding; Den 2 — Mrs. Louis H. Curl, Jr.; Den 3 — Mrs. James H. Stone; Den 5 — Mrs. C. A. Nolte; Den 7 — Mrs. John Elias. Mrs. C. A. Nolte will succeed Mrs. W. Ballou as chief den mother in February. Mr. Stanley Maples is holding the Webelos Den meeting at his home, 44 Fontana lane, instead of at the school.

Two dens are open at this time awaiting recruits who will join to become Cub Scouts of America. Welcome are any eight-year-old boys and his parents to inquire about joining from recruiting officer — Mr. Anthony Quasarano, 19999 W. Williams court, TU 1-7982. At the next park meeting, Friday, November 21, this new group will be inducted officially and should get applications in as soon as possible.

At Cub Scout Pack meetings, the boys attend with both parents if at all possible.

There is a trophy for best attendance. One father from each den is specifically invited to attend the committee meeting each month. This is the way to prepare future projects and continually receive new ideas. The committee is well established at this time and duties are minimal and rewarding.

Cubmaster is Burke Fossee; Committee Chairman, John Elias; Recruiting, Anthony Quasarano; Treasurer, James Prendergast; Secretary, P. Saverino; Program Chairman, Edward Diedo; Ways and Means, Mrs. M. Daher; Institutional Rep., Ray McArthur; Publicity, Mrs. R. J. Griffin.

ANSWER TO QUESTION 3

While I do have some very definite opinions on the present inadequate and inequitable method of financing State services, I prefer, to first, study the report of the Legislative Tax Study Commission, now in progress. This Commission is composed of some very capable people in the field of taxation and I feel their report will have an important bearing on this problem.

ANSWER TO QUESTION 4

I am in favor of reviewing the entire Constitution of the State of Michigan and re-arranging it to conform with the requirements of the people in this the second half of the twentieth century.

ANSWER TO QUESTION 5

I would favor the Constitutional Convention—only if the delegates to this Convention are chosen in such a manner as to equitably represent all of the people of the State of Michigan. To demand less than this would lay open the way to continued inequalities and unnecessary expense.

ANSWER TO QUESTION 6

In carrying out the duties of my office, which includes the releasing of funds to every Department in State government, I have an opportunity to become familiar with the duties and responsibilities of each of these departments. As I review these, it seems that the field of agriculture has fared rather badly legislatively in the immediate past and legislation would be most helpful in this area.

Republican Candidate

ALLAN G. WEATHERWAX, Republican, Jackson, 51. Flint Central High School; Detroit Institute of Technology, Pharmacist. Previous positions: Supervisor Metropolitan Township of Summit, Member Lions Club (past President) and Recreation Association. Present Chairman Jackson County Board of Supervisors.

ANSWER TO QUESTION 2

Michigan has a high level of service in education, mental health, public health and other fields compared with surrounding states. I believe that a thorough survey should be made of public services to pin-point need areas into which the State should move for the benefit of the community. For example, I believe that a program for the aged citizen should be developed but along lines which will retain the independence and self-respect and dignity of the beneficiaries. Educational facilities must be expanded to meet growing needs of our communities. The mental health program should emphasize early detection and treatment of mental disturbance, not mere institutionalization. I am convinced that a reassessment of administrative functions and a consolidation of some activities which are inter-related could save a great deal of money which might be turned to better purposes—such as expansion of child guidance and adult mental health clinics.

ANSWER TO QUESTION 3

At present, Michigan has a hodge-podge tax structure which has grown like topsy through the years without rhyme or reason. For too long a time, tax programs have been so imbedded in politics that progress along modern lines has been almost impossible. All of us are aware of the number of crisis which have arisen in state financing, of the fact that in 6 of the last 10 years the State had an operating deficit, of the fact that we no longer have a temporary problem than it is right back with us. I believe that Michigan needs a new tax structure in which state and local units of government both share equitably. The lines of responsibility between the state and local governments for various public services must be drawn clearly, and then a tax structure devised to permit each to perform its proper functions. The State Tax Study Committee is expected to report its recommendations to the 1959 legislative session, and I shall judge those recommendations on whether they are equitable to all taxpayers, provide stability in the tax system, are adequate to cover the needs for public service in future years as well as today, and integrate the needs of both state and local governmental units. In view of the Tax Study, it would be presumptuous of me to attempt to state a specific tax program at this time.

ANSWER TO QUESTION 4

There are many areas in which the Constitution could be improved. At the present time, there are conflicting and contradictory provisions in the Constitution and it has been cluttered up with amendments until it resembles more a hodge-podge of laws than a basic document spelling out fundamental rights and principles. Language in the Constitution relative to taxation is unclear and has been the subject of a great deal of argument. I think this language should be clarified. Some sections relating to local government powers and responsibilities should be revised to enable our local governments to live up to their proper roles in this modern day. A great deal of government revision, particularly on an administrative level, could be accomplished through constitutional revision.

ANSWER TO QUESTION 5

I favor the Constitutional Convention method of up-dating our Constitution because I feel it is the most effective method. The Constitution could be amended piecemeal, but this would take considerable time, effort and expense. After 50 years, the people of Michigan should have a Constitutional Convention which would review the entire Constitution. The Convention, of course, has several avenues open to it—it could recommend an entirely new Constitution, or it could recommend a series of changes. But at least the entire document would be reviewed at once so that the end result would be integrated. Whatever is determined upon by a Constitutional Convention must be submitted to the people for their approval or disapproval. The people are the final judges, and I think they should have the opportunity to vote on a revised Constitution.

ANSWER TO QUESTION 6

I am interested in all phases of State government, but particularly those which relate to State finance, and the handling of the people's money. I believe that reorganization of the administration of State government would save money and provide more efficient service. For example, at the present time 9 state agencies are involved in the administration of Michigan's tax laws and revenue collections. There are several different agencies involved in the management of state-owned hospitals, public health services and hospitalization of state patients. Labor laws are administered by several different boards, bureaus and commissions. I believe a great deal could be done to simplify governmental operations and increase their effectiveness by reorganizing administration.

OFFICE OF AUDITOR GENERAL

Democratic Candidate

FRANK S. SZYMANSKI, Democrat, Detroit, 34. Northeastern High School, Detroit; B.S. University of Notre Dame; M.S. University of Notre Dame; LL.D. University of Detroit. Previous positions: Vice President F. H. Midway Construction Co.; Vice President, St. Lawrence Agency, Inc.; Five year professional football; technical chemical control chemist; hearing examiner, Michigan Liquor Control Commission. Member, Knights of Columbus, Elks, Moose, Van Dyke-Harper Businessmen's Association, Polish Century Club, Amvets. Auditor General, June, 1956, to present.

ANSWER TO QUESTION 2

This question is a rather general one and generally speaking I would agree that the services are adequate in certain areas. However, I feel that the State could do a great deal more in the field of education and also in the field of mental health. I also feel that the State should make larger appropriations to the Economic Development Commission and also to the Tourist Council to promote the tourist industry. I am sure that these investments would pay off handsomely to the State tax situation.

ANSWER TO QUESTION 3

First of all, I believe that the business activities tax which Michigan has, and since Michigan is the only State in the

Union with this tax, is not a proper method of taxation. I also feel that the sales tax makes the low wage earner share too much of the burden of taxation. I am sure that there are better and more equitable ways of financing State services and an increase in the intangibles tax to a level equal to some of the intangibles taxes in States in our neighboring communities would be a good way of increasing revenues.

ANSWER TO QUESTION 4

I believe our Michigan Constitution can be improved so that there will be equal representation, both in the Senate and in the House of Representatives. At the present time some State Senators represent as high as four times as many people as other State Senators who have an equal voice in the Senate. I also feel that there should be less dedicated taxes and that the taxes collected in these dedicated fields should go into the General Fund so that the State Treasurer could have more flexibility in the operation of his office.

ANSWER TO QUESTION 5

I favor the Constitutional Convention method of up-dating our Constitution. However, I do feel that there should be better machinery in the election of members to the Constitutional Convention. In this area I feel that if the members to the Constitutional Convention were elected on the basis of the senatorial seats, as is presently contemplated, the membership to the Convention will not be a representative membership of all the people of the State of Michigan.

ANSWER TO QUESTION 6

Our investigations in the past have indicated that legislation should be passed to more properly police the activities of the justices of the peace. I am also interested in legislation which would help promote our second largest industry which is the tourist industry and which nets approximately \$37,000,000 a year in taxes. I do not feel that a direct tax on the tourists who visit our State is a proper one. However, we should encourage the tourist industry and the indirect taxes paid by the tourist would be of particular benefit to the State of Michigan.

Republican Candidate

JOHN V. CLEMENTS, Republican, Baraga. Did not reply.

OFFICE OF UNITED STATES SENATOR

Democratic Candidate

PHILIP A. HART, Democrat, Lansing, 45. A.B., Georgetown University; J.D., University of Michigan Law School. Practicing attorney until entering government service; no private legal practice since entering government. During World War II served in U. S. Army Infantry in Europe; received Purple Heart, French Croix de Guerre, Bronze Star, etc. Michigan Corporation and Securities Commissioner, 1949-51; Michigan Director, Office of Price Stabilization, 1951-52; U. S. District Attorney, Eastern Michigan District, 1952-53; Legal Adviser to Governor Williams, 1953-54; Lieutenant Governor, 1954 to present.

ANSWER TO QUESTION 1

Since 1949 have served in a variety of responsible state and federal government positions (see above). My responsibility as Lt. Governor, in addition to serving as President of the Michigan Senate, has included service as Acting Governor while Governor Williams visited the Near East in 1955 and Latin America in 1956. Have travelled extensively, in all parts of the state, at personal expense, inspecting state institutions and conferring with a wide variety of groups and individuals interested in public matters.

ANSWER TO QUESTION 2

Aspects of U. S. foreign policy with which I am in most agreement: (a) the continuing effort, since the announcement of the Truman Doctrine and the formation of NATO, to stem the tide of imperialist expansion by the Soviet Union; (b) the equally important effort, since President Truman's "Point Four" pronouncement, to offer effective technical aid to the underdeveloped nations of Asia, Africa, and Latin America, so as to help eliminate poverty, disease, illiteracy and hopelessness.

Aspects of U. S. foreign policy of which I am most critical: (a) the self-righteous and negative approach of Secretary Dulles, as exemplified in eagerness to offer armaments to neutral Asian nations but complete failure to develop imaginative non-military programs to win the lasting friendship and support of those and other uncommitted nations; (b) the Eisenhower Administration's failure to devise a program to promote stability and economic progress in the Middle East, where Communism now stands to make great gains and our democratic ally, Israel, is still in a precarious position; (c) the Administration's lack of urgency throughout most of its term in office, in pushing for a world-wide system of carefully inspected disarmament; agreement upon such a system should be a primary goal of our foreign policy, if we are to survive; (d) the Administration's failure to take the lead in efforts to strengthen the United Nations, by such possible moves as the creation of a permanent UN police force made up of troops of smaller nations, and the launching of a large-scale world-wide attack on poverty and disease, financed by all UN members; and (e) the Administration's failure to be candid with the American people—the failure to bluntly inform our people of the seriousness of the life and death competition between democracy and Communism which seems bound to be our lot throughout the remaining decades of the 20th Century.

ANSWER TO QUESTION 3

It is difficult to single out a short list of domestic issues more important than others, but those in which I am especially interested include: (a) legislative steps to assure an end to the recession, and the future maintenance of full employment; particularly, construction of schools, hospitals and housing; (b) a variety of needed measures to aid smaller businesses; to win their fight to remain a vital part of the U. S. economy; federal taxation, purchasing and regulatory policies so as to encourage rather than discourage small business; (c) passage of legislation still needed to assure the full civil rights of all Americans, regardless of race, religion or national origin—a federal FEPC is perhaps foremost among such legislation, and a change in the Senate rules so as to control the filibuster will be needed to secure its passage; (d) improvements in our social security system, so as to enable senior citizens to more fully enjoy their years of retirement; and (e) passage of every sound proposal for promoting economy and efficiency in the federal government without curtailing needed programs or services.

Republican Candidate

CHARLES E. POTTER, Republican, Cheboygan, 41. A.B., LL.D. Eastern Michigan College; LL.D., Hillsdale College. Administrator of Bureau of Social Aid, Cheboygan, 1938-42. World War II, 1942-48; seriously wounded three times; awarded Silver Star, French Croix de Guerre with Silver Star, and Purple Heart with two clusters. Wrote manual on community planning for severely disabled veterans, used in many states. Vocational Rehabilitation Advisor, Department of Labor, to coordinate civic, state and departmental agencies in rehabilitation of physically handicapped, 1948-47. Representative in Congress, 11th District, Michigan, 1947-52. United States Senator, 1952 to present. Senate Committees: Appropriations; Interstate and Foreign Commerce. Member, American Battle Monuments Committee, Republican Policy Committee. Member of Board of Directors, National Rehabilitation Association. While a member of the House of Representatives, served on House Committees on: Merchant Marine and Fisheries; Un-American Activities; Education and Labor.

ANSWER TO QUESTION 2

The U. S. Foreign policy should be flexible in order to meet the many complex international problems that challenge the peace of the world. One of the aspects which I have supported has been our Mutual Security Program, which is composed of military assistance, defense support, development loan and technical assistance. The development loan program which is a program that I helped to initiate, I believe is one of our best programs to aid the peoples of the under-developed nations of the world. Our technical assistance program generally has been outstanding. In discussing an issue as broad as foreign policy it is always easy to pick out points particularly with hind sight upon which we could be critical but on the

whole I believe our foreign policy has been good and it is a program which I have supported.

ANSWER TO QUESTION 3

I am particularly interested in the full development of the St. Lawrence Seaway potential by having our connecting channels developed as quickly as possible. I am very desirous of having the Department of Defense reorganized so that our military will be flexible enough to meet present day military problems should they arise. I wholeheartedly support programs which will enhance our trade with other nations. I have led the fight in the Appropriations Committee and on the floor of the Senate for additional funds for medical research. These are a few of the many domestic issues which I am particularly interested in.

OFFICE UNITED STATES CONGRESS, 14TH DISTRICT

Democratic Candidates

RABAUT, LOUIS C., Democrat, age 71, 1015 Three Mile Drive. A.B. 1909, Detroit College; LL.B. degree 1912, Detroit College of Law; M.A. degree 1912, University of Detroit. Now serving as U. S. Congressman, with 22 years experience.

ANSWER TO QUESTION 2

Our country's foreign aid program has been one of our most important weapons in the effort to restore the economic health of the world and keep it from falling under Communist influence and control. In a program of this size, dealing in so many areas, some mishandling and waste is almost expected to occur. But these faults should not blind us to the fact that the overall record is remarkable. American aid has accomplished much good and at the same time it has helped us—every dollar we spend has contributed directly and indirectly to our own defense and well-being. I favor extending the Reciprocal Trade Agreements for a period of three to five years with lower tariffs. The Soviets have told us that they are out to defeat us in world trade and, therefore, we cannot afford to build up a wall of tariffs and quotas and expect to compete in the world market. Our actions now should be such as to keep pro-western governments allied to the status to which they are devoted, and further concessions to the Soviets should in every instance be denied. It is time to call a halt to governments that have little respect for their truthfulness to sister nations. This is a serious statement, but the world situation is grave.

ANSWER TO QUESTION 3

I am particularly interested in legislation to bolster our economy; increase opportunities to work resulting in an increased purchasing power for the people. With an increasing population we must strive to keep pace for the necessities of a marching progressive America. I strongly favored the removal of the excise tax on automobiles. I was certain it would have stimulated sales, created jobs, and would have assisted the dependent industries such as glass, rubber, steel, fabrics, hardware, etc., which were showing downward reflections in their own economy which resulted from the fall-off in automobile sales. The Highway Program, of course, will be productive of much good from many angles and the school program is very much entitled to a consideration greater than it is receiving in the Congress. As you know, I am not a member of the House Education and Labor Committee, but will be ready to help if the legislation ever reaches the Appropriations Committee on which I serve. I also favor the Area Redevelopment Program designed to alleviate conditions of substantial and persistent unemployment and under employment in certain economically depressed areas. This proposal is presently in the Rules Committee, but I am hopeful it will be passed before the closing of this Congress. I also favored an increase in the income tax deductions, and the adoption of a Food Stamp Plan for the distribution of surplus commodities to the needy and indigent.

Republican Candidate

MRS. LOIS V. NAIR, Republican, 54, 8120 E. Jefferson. Graduate Beaver College, Pa. Taught 2 years. Precinct Delegate, delegate to State Convention, alternate to National Convention, Vice-Chairman Wayne County Republican Committee 1954; acting chairman of same for 6 months. Chairman Wayne Co. Republican Committee, 1956 and resigned to run for Congress.

ANSWER TO QUESTION 2

The most vital issue confronting the U. S. Congress as of now is the peaceful settlement of the Mid-Eastern and Far Eastern crisis and the support of President Eisenhower's forthright measures to insure that peace against further communist infiltration and aggression. This would apply to future entanglements of this same nature. Appeasement has gotten us nowhere. We must mend our fences in the Latin Americas to insure strengthening this hemisphere. Diplomats must be trained to understand problems of all the people—not just in certain inner circles.

ANSWER TO QUESTION 3

Of equal importance and vital to the United States in the years ahead will be a program to cut inflation. We must start stabilizing our national economy. The monopolistic power of the labor bosses must be halted, just as we have the industrialist. Union members must be protected from corrupt, coercive labor racketeers. Integrity in unions, as well as in government and industry. A review of our present tax structure waste in government curtailed. There should be a long range review in order to give an income tax cut across the board. Until we can have a greater relationship between taxes and incentive, fewer new projects and industries will be forthcoming. Incentive made this the greatest productive country in the world. I am not interested in seeing our exchange our Free Enterprise system for a planned economy. I agree with President Eisenhower that "in all those things which deal with people, we should be liberal, be human. In all those things which deal with the people's money or their economy, or their form of government we should be conservative."

OFFICE OF MICH. STATE SENATOR - 1st DIST.

Democratic Candidate

HAROLD M. RYAN, Democrat, age 47, 3610 Bedford. Attended Michigan State University and University of Detroit. Attorney, Assistant Prosecuting Attorney 1945-46; State Senator 1948-58. Member Grosse Pointe Lions Club, U. of Detroit Alumni Association; Detroit Polio Foundation, Carmel Hall Guild, Grotto Ave. Improvement Association, Community Home Owners. Feels that he is qualified by service as State Senator for the past 10 years, education, training as a lawyer and public official, and a willingness to be of service.

ANSWER TO QUESTION 1

In many areas, the services provided by the State of Michigan are adequate; but in other important areas a lot is left to be desired. For example, in the field of mental health, public health, general education, state hospitals, and penal institutions and corrections the services are inadequate.

ANSWER TO QUESTION 2

The practice of earmarking the distribution of public funds based on a per capita basis and not on a basis of actual need, should be abolished. This action would eliminate the need of adopting new state taxes, and at the same time provide additional funds to finance better and improved state services.

ANSWER TO QUESTION 3

(a) Finance and taxation; (b) Local government and home rule provisions; (c) Improved judicial system; (d) Education; (e) Legislative representation; (f) Authority of Executive Department.

ANSWER TO QUESTION 4

I do not favor the present method of revising the Constitution; but the need for revision is so urgent that it outweighs preference as to method. The best interest of the general public is paramount.

ANSWER TO QUESTION 5

(a) Mental and Public Health; (b) Standards and conditions

of employment; (c) Educational services and facilities; (d) Water and drainage matters; (e) Protection of civil liberties; (f) Revision of penal system; (g) Problems of senior citizens.

Republican Candidate

CHARLES LASKY, Republican, 14942 Collingham Drive, real estate broker, Assistant Chief Clerk Detroit Traffic Court, 1936-46. Secretary Detroit Board of Assessors, 1950 to Feb. 1958. President Home Owners Association.

ANSWER TO QUESTION 1

With changing times—need and necessity change. I prefer common sense legislation, particularly that which is for the benefit of all the people and not for any one segment of our state's population.

ANSWER TO QUESTION 2

I'd be inclined to meet the methods of financing state services when confronted with the situation, based on (a) need; (b) the ability of business and industry to pay increased taxes for additional services.

ANSWER TO QUESTION 3

With duplication of services existing in our State, County and City government operations, that wherever possible combine such services that will tend to reduce overhead operating costs and thereby result in saving tax dollars.

ANSWER TO QUESTION 4

I favor the Constitutional Convention. Antiquated laws that have no bearing on our present needs should be eliminated and our constitution streamlined and modernized.

ANSWER TO QUESTION 5

Due to previous experience in Traffic Court and City of Detroit Assessors Office, I am particularly interested in taxes and traffic.

MEMBER MICHIGAN STATE LEGISLATURE

Democratic Candidate

RICHARD PATRICK DONAHUE, 26, LL.D., University of Michigan, engaged in private practice of law, active in Democrats organization, member of state and local Bar Associations.

ANSWER TO QUESTION 1

I think that Michigan has not shouldered its responsibilities any better than our neighboring states. THAT is the real reason the bureaucracy in Washington continues to grow. The people see the need for better education, better mental health programs and better roads (as do impartial and non-partisan educators, traffic safety officials and Probate Judges) and when the state does nothing they turn to Washington, or worse yet, just give up in disgust. We should not judge the adequacy of our services by comparing ourselves to our neighboring states. Rather we must use as a yardstick the needs of the people. So long as potentially dangerous persons cannot be committed because of lack of facilities; so long as Russian education can furnish the Red Army with Sputniks and rockets that outperform our own; so long as unsafe roads result in needless traffic deaths and lesser family tragedies, I don't see how anyone can label the state's services as adequate.

ANSWER TO QUESTION 2

In general, I am in favor of a pay-as-you-go policy whenever possible. However, we must also recognize that there will be times when it will be to the best interest of the people to go into debt, either to finance an emergency program when needed, or to invest in a program that will pay long-range dividends. To illustrate the former, we need look no farther than the current polio epidemic. A good illustration of the latter is furnished by our investment in new highways and port facilities. The money spent now on these projects will stimulate our economy enough to pay back the interest costs many times over.

ANSWER TO QUESTION 3

I think that it is generally conceded that the practice of allocating tax monies by Constitutional directive is absurd. I believe that the people and their elected representatives can be trusted over the years, to establish a reasonable priority for the services that the State can and should provide. I also think that if we are to practice the precepts on which this country was founded, there should be some guarantee of reapportionment so that our legislature will be truly "representative" of the people. "Taxation without representation" started a war many years ago; the principle is still the same; the practice still as unjust, undemocratic and (philosophically speaking) un-American.

ANSWER TO QUESTION 4

Needless to say, this is not the perfect way, but it does provide an opportunity to review all the problems facing our state today, and examine the various ramifications that a particular solution would have in other areas. The danger in piecemeal changes is that we are apt to lose "the big picture" and not achieve a balanced reorganization. I frankly do not like any method of representation where acreage rather than people is the determining factor, but I am hopeful enough attention will be focused on the convention to deter any attempt to slant the new Constitution to favor the few as against the many. This type of action is not in keeping with our American political philosophy, and should be recognized and labelled for what it is.

ANSWER TO QUESTION 5

I am particularly interested in schools and education; aviation and airport development; a reorganization of our present tax structure (to eliminate the multitude of special funds); and the long-range implications of the St. Lawrence Seaway, atomic power and automation to the economy of Michigan.

Republican Candidate

ROBERT E. WALDRON, Republican, age 38, 532 University; A.B., Dartmouth College; LL.B. University of Michigan law school; State Representative 1954 to date; active in Republican affairs in 3 Congressional Districts in Wayne County since 1949. Partner in firm of Waldron, Brennan and Maher. In practice of law since 1949. U. S. Army Air Force (Captain) 1942-46. Defense instructor, Briggs Mfg. Co., 1941-42. Member Detroit, Michigan and American Bar Associations. Chairman of Wolverine Boys' State. Banquet of Champions (Youth Work); PTA Maire School. Believes his education in business, engineering, law and broad political experience and law practice, plus 4 years as State Representative qualify him for the office.

ANSWER TO QUESTION 1

Adequate. The answer to this must be relative. Relative to surrounding states with which we must compete, our services are certainly adequate. Relative to our budget and possible revenue, they are adequate. The state should not provide new services until it is fully shown that they are necessary and beyond the capabilities of local governments. There are some areas, such as corrections, higher education and conservation, where we have adequate services today, but where, without expansion, we will not have some few years from now.

ANSWER TO QUESTION 2

The usual method of financing state services is through taxation. This must be done with a view to Michigan's competitive position for jobs and industry. A tax which increases the price of our products over the products of other states can deter our total progress. Certain service fees or user taxes are fair such as park fees and gasoline tax, but we should avoid taxes, like the intangibles tax, which discourage investment and are difficult to collect.

ANSWER TO QUESTION 3

There is enough legislative, executive and judicial power in our Constitution. The area of improvement lies in better balancing their power to promote: (a) Proper Citizen Audit (understanding); (b) More efficient operation; (c) Michigan's self-sufficiency so that we can run our state government with-

out running to the National Government. Recommendations:

- (1) Legislative auditor responsible to the legislature to insure executive performance;
- (2) Four year terms for Governor, Lieutenant Governor, Administrative Board and, possibly, Senators;
- (3) Increase Governor's power of investigation and removal;
- (4) More exempt Civil Service positions;
- (5) Attorney General appointed by Governor;
- (6) Improve or repeal dedicated tax service provisions in the Constitution;
- (7) Strengthen Article X Section 7 on State equalization to better enforce it.

## ANSWER TO QUESTION 4

Yes, Our present Constitutional Convention method is sound and has safeguards which tend to protect minorities. The advantage of a Convention is that the whole document can be reviewed and kept in balance thus preventing conflicting sections and policy. The disadvantage is that sweeping changes could be made and sold without sufficient study by the voters. The question to the voter is: "Is our Constitution outdated enough to require complete review?"

## ANSWER TO QUESTION 5

THE QUESTION OF CALLING A CONSTITUTIONAL CONVENTION. The proposal as it will appear on the ballot is: "Shall a convention be held to consider revision or amendment of the Michigan Constitution for subsequent submission to the electors of this state for approval?"

I am interested in (1) Competitive tax structure for state; (2) Honestly balanced budget; (3) Workingman's bill of rights; (4) Further government reorganization; (5) Defining state responsibility in education; (6) Mental health research; (7) Corrections.

# G.P.U.S. News Notes

An innovation for the Upper School faculty at Grosse Pointe University School this year is the establishing of a series of monthly afternoon school hours to be held in the school library. Coffee and cookies will be available from 2:30 until 4:30 for teachers who are invited to come in during their free periods.

The purpose of these informal sessions is to remind everyone of work being done not only by the library but by the art and music departments as well and to present exhibits and displays of current activities in those fields.

Under the editorship of Paul Sparr, '59, the school paper, "The Periscope," is appearing in two formats: one is its traditional form — big white paper, with photographs, and the printing done in the school printing room; the other is done on the fast duplicating machine and on regular 8x11 paper. The "traditional" copies are to appear every three or four weeks; the "duplicated" copies are expected to become a weekly.

Their role will be to describe the more immediate news—sports, assemblies, etc., before it gets too ancient. The regular "Periscope" will deal with more long-range and academic matters.

Recent chapel assemblies have been led by John Graham, of the faculty, by a group of 11th grade girls composed of Bonnie Blain, Julia Ferry, Helen Jinks, and Ann Tilley, and by senior George Hagarty and Peter Kross.

The McKnight & McKnight Publishing Co., of Bloomington, Ill., telegraphed Samuel C. Beeler, head of the Industrial Arts Department, last week to inform him of the good news that his recently published book, "Understanding Your Car," has gone into a second printing.

An article that Mrs. Jane Bacon, director of the G.P.U.S. Nursery School, wrote about the nursery school exhibit held last year at J. L. Hudson's has been accepted for January publication by the "Independent School Bulletin," the national magazine of America's independent schools.

In the area of alumni news G.P.U.S. has learned that at the opening convocation of Wellesley College Judith Dieckhoff, '37, was awarded Freshman Honors, dickered Strother, '58, who won Class C All-State honors as a center on last year's G.P.U.S. football squad, is a candidate for a position on the 1958 Yale Freshman Football squad.

Attending a Mid-West Red Cross conference on Sunday, October 12 at Lansing were co-presidents of the G.P.U.S. Junior Red Cross Council Chip Munger and Sarah Strother with Sharon Sanders, representative for Lower School activities. John Conley, teacher-sponsor, also attended and participated in a panel devoted to various phases of Red Cross work in the school and community.

College representatives are visiting G.P.U.S. these days, sometimes two or three per day. Some of the institutions represented in the last week or two are Lawrence College, Wells, University of Chicago, Skidmore, Bucknell, Jackson, Chatham, Dartmouth, Rollins, Colgate, Centenary, University of Denver, and Tuft.

The Girls Field Hockey team has so far won all of its games, beating the Convent last Friday, 3-2. Gay Bacon scored two goals and Sally Lewis one. One interesting feature of the game was the sizeable representation of boys who turned out to watch the

contest. They were able to be present because that afternoon was an open date for the football team; usually the football and field hockey games are being played at the same time. The boys took full advantage of their opportunity to attend by leading cheers with great gusto and by carrying Coach Muriel Brock off the field on their shoulders when the final whistle had sounded.

Andries Cole, head of the science department, has long been interested in the geography and history of the Grosse Pointes and surrounding area. He has completed a dissertation on land use in the Pointe area for graduate work at Wayne State University. Last Wednesday he addressed the Upper School on the historical background necessary for an understanding of current moves to merge the Farms, City and Park.

Attending a planning meeting last week of the Detroit Junior Round Table were Darcy Chandler, Glynn Conley, and Irving Smekler. They met with other high school students from all parts of the metropolitan area to discuss preparations for the annual Institute for Democratic Living to be held at the Rackham Building, Saturday, November 8.

On October 17 and 18, Miss Elizabeth Ferguson, Head of the Foreign Language Department at Grosse Pointe University School, attended the organizational meeting of the Michigan Classical Conference on the campus of Michigan State University. 128 teachers and professors of Latin and Greek voted on a constitution and officers (president, Miss Eunice Kraft, of Western Michigan College), and made arrangements to take a census of all the teachers of Latin in Michigan. Plans for a classical newspaper and a state Latin contest were also discussed.

The G.P.U.S. Dramatic Society, called the Proscenium Society, is preparing a student talent show, with acts to be drawn from grades 7 through 12. Tryouts will be this week.

The United Foundation drive began at GPUS with considerable vivacity in the form of a series of magic acts presented by Mr. Harry Bradshaw, of the Detroit UF volunteer personnel. In the course of the week also Mr. Chandler made the UF the theme of his chapel talk; David Olen, president of the Student Council, gave his senior speech on that topic; and the Student Council also held a help-period assembly on the "Give once for all idea. Competitions are proceeding among the classes, too, with one night free of homework promised to the class that wins by giving the most to the United Foundation.

The 7th and 8th grade girls and boys are busily practicing for their operetta on Friday, November 21. Its title is "The Singing Freshman." The performance is under the joint direction of Mrs. Eleanor Munger and Mr. David Arner.

Undergraduate students actively participate in medical research at The University of Michigan.

# Judge Belanger Reports On Traffic Conference

Park Judge C. Joseph Belanger's report of a Traffic Conference he attended at Northwestern University, Chicago, Ill., from October 13 through 17, was received by the Park Council on Monday, October 27.

The Conference was sponsored by the University's School of Law in cooperation with the American Bar Association and the school's Traffic Institute, and was attended by judges from practically every State in the Union and Canada.

In his report, Judge Belanger disclosed that the program was developed in response to practical demand and in recognition of the fact that safety of traffic and traffic safety are necessarily the concern of agencies, coordinating their efforts in balanced public demands.

The Traffic Institute conducted a large number of traffic court conferences in direct cooperation with the Traffic Court Program of the American Bar Association, designed for judges connected with the prosecution and adjudication of traffic court cases.

The Conference included detailed discussions of criminal law and rules of evidence in traffic cases, practical applications of controls in traffic law enforcement, policies in the penalization of traffic violators, laws of arrest, the use of complaints in traffic cases, charges of driving while under the influence of liquor, the physical appearance and arrangement of courtrooms, public support for the courts, protective and educational penalties, traffic violation bureaus, demonstration and explanation of radar and electrical timing devices and all other matters connected with them.

"This Conference is of invaluable aid to one conducting a court of our character," the judge said, "inasmuch as there is an annual increase in the number of citizens who observe the American system of justice, only through their appearance in the form of a traffic ticket.

"If the citizen is fortunate enough to be cited to one of the better traffic courts, the experience will be worthwhile and beneficial. If cited to one of many unenlightened traffic courts, this contact with the law will be extremely disappointing." Judge Belanger pointed out.

He said that traffic violators in great numbers have first hand knowledge of the operation of traffic courts, which to

them is the judicial system because they rarely see any other court. Since millions of people come to traffic courts every year, either as defendants or witnesses, it is extremely important that every manner of intelligence be used in the operation of those courts.

The improvement of the traffic court and their direct relation to safety in driving is one of the major aims of the Conference, he added.

A coulometer is an instrument for measuring the amount of electricity passing through a circuit.

# Christ Lutheran Church Bids Friends to Dinner

The annual fall dinner and bazaar at Christ Lutheran Church, Iroquois avenue at E. Vernor highway, will be held on Thursday, November 6. The Ladies Aid has planned a very interesting day beginning with luncheon served at 12:30, followed by the "Bazaar Bazaar" at which no article exceeds \$2.00 in price.

Dinner will be served from 5:30 until 7 o'clock and all friends of Christ Church are cordially invited to attend and bring their families. Ticket reservations may be made by calling Mrs. F. J. Holtz, Jr., TU 2-8395 or the church office WA 1-2667.

# First Musicale Concert Tuesday

The first morning concert of the season for Tuesday Musicale members and friends will be held Tuesday, November 4, at 10:30 o'clock in the Lecture Hall, Detroit Institute of Arts.

Those appearing on the program are Ruth Burczyk and Emily Gilmore Stevens, pianists; Geraldine Gilbert, soprano; and a string quartet including Lucille Zocharski, Florence Morgan, Lotta Winkler, and Louise Bradley.

Jean Ground is chairman of the day and Virginia Pearson is general program chairman.

### TAXPAYERS—

Look at these 5 proposals that hit at your pocketbook

If you wish to accept these additional tax burdens — vote

on the 5 proposals — but if you feel that you, as a taxpayer, are already overburdened — vote

YES

NO

*Will you encourage deficits in County finances?*

Proposition No. 1 before the voters of Wayne County asks a special tax increase of 30 cents for each \$1,000 of assessed valuation for the next five years to pay off debts our county government has accumulated. Over this five year period taxpayers would pay the county \$12,500,000 for its debts if this proposal passes.

If you think the taxpayers of the county should come to the rescue and dig into their pockets to pay for the county's overspending, Vote YES.

If you think the county should operate within available funds without tapping the taxpayers for extra money now and in the future, Vote NO.

*Should Wayne County taxpayers build docks?*

Two propositions appear on the November 4 ballot to provide public financing for construction of Wayne County port facilities.

Proposition No. 2 would authorize a bond issue of \$7,100,000 to build public docks. Only property owners can vote.

Proposition No. 3 would authorize a special tax increase of more than \$900,000 annually for the next 17 years to retire the bond issue. All electors may vote.

If you feel Wayne County taxpayers should bear the cost of dock building, Vote YES.

If you feel users of port facilities should bear the cost of dock building, Vote NO.

*Should Detroit taxpayers foot DSR bills?*

Two Charter Amendment proposals before Detroit voters November 4 are designed to eliminate payments by the Dept. of Street Railways of school and city taxes and payments for certain services performed for the DSR by other city departments. It would shift charges totalling \$700,000 from the fare box to the taxpayers.

When the city took over private transit lines, it was clearly provided in the city charter that the DSR should pay its own way. These proposals would open the door to further subsidies of the system by the taxpayers.

Charter Amendment B (Parts 2 and 3) will result in an annual tax loss to the schools, \$980,000 and to the city, \$320,000.

If you feel this stop-gap measure is a satisfactory answer to the problems of the DSR, Vote YES.

If you think Charter Amendment B is not the answer to the plight of the DSR, Vote NO.

### Hunters Invited To Duck Display

Duck hunters: Know your ducks. Michigan nimrods planning to scout the skies for ducks during this season, have been asked to join the current nationwide campaign: "Know Your Ducks." It's sponsored by the U. S. Fish and Wildlife Service through state game agencies such as the Michigan Department of Conservation.

To do its part in the campaign, The University of Michigan Exhibit Museum has invited duck hunters to visit a display of "Michigan Ducks"—mounted specimens of the 25-30 ducks found here—on the Museum's third floor.

New Conservation Department duck hunting regulations this year affect three species of ducks. Shooting more than the limit is unlawful.

Previously, there had been no bag limit (other than the regular four-day over-all limit) or redhead and canvas-back ducks.

This year, hunters will be allowed only two redheads or two canvasbacks, or a combination of one each, per day. The season is closed entirely on wood ducks.

Besides the four-day limit, a hunter is not allowed to keep more than eight ducks in his possession at any one time. In other words, no "stockpiling" is allowed.

Duck hunters may browse among the life-like ducks at the Museum any weekday and Saturday from 8 a.m. to 5 p.m. or on Sundays and holidays from 2 to 5 p.m.

The exhibit is located on the corner of N. University and Washtenaw avenues, Ann Arbor.

### Jeanne Whittaker Serves With Red Cross in France

Jeanne Whittaker, daughter of Dr. and Mrs. Alfred H. Whittaker, 17000 East Jefferson, has arrived at Chaumont, France, where she will be on the staff of the American Red Cross Recreation Center.

At the request of military duty recreation for members of the military and their families, the Red Cross has established six centers in France and North Africa where trained staff personnel working with volunteers, plan leisure activities making use of local resources. The program has been effective in developing better understanding between the local population and the American servicemen.

Young women who have had experience in the Red Cross clubmobile program in Korea are accepted for this additional two-year service assignment.

Miss Whittaker spent a year in Korea, then several months working with the Detroit Department of Public Welfare while awaiting the current assignment. During the months

### Book Fair Opens On November 1

Detroit's fifth annual Book Fair is scheduled for November 1-16 and a gala occasion it promises to be.

Held in the Detroit Historical Museum there will be something of interest for boys and girls of all ages from pre-school through Junior High. The program includes story telling, talks by outstanding authors as well as science talks and demonstrations.

During the school day special programs are planned to which teachers in the schools of Metropolitan Detroit may bring their classes, by appointment. Arrangements for this may be made by telephoning TE 3-5410, 8 a.m. - 4 p.m. Monday through Friday or by writing to Book Fair Reservations, Detroit Historical Museum, Woodward at Kirby, Detroit 2, Michigan.

Sponsored by the Detroit Federation of Women's Clubs, Detroit Historical Museum, Detroit Council of Parents and Teachers, Detroit Free Press, Detroit Parochial and Public Schools, Detroit Public Library, Wayne State University, and the Children's Book Council, much thought and effort has gone into this worthwhile project.

There are books, both old and new attractively displayed and a trip to the Book Fair will be a stimulating adventure for the entire family.

### Sixth Term Sought By Harold M. Ryan

Harold M. Ryan, State Senator First District, who was voted an outstanding legislator by the newspaper reporters covering the Lansing scene, is seeking reelection for his sixth term. During the ten years he has been in Lansing he has written and sponsored many important bills, some of which have received national recognition.

He is the author and pioneer of original legislation requiring automobile driver education and training in all High Schools, upon which the 1955 Michigan Law is based.

"Folks don't want welfare . . . they want jobs." This is the remark heard most frequently by Lois V. Nair, Republican nominee for Congress in the 14th District, whose crusading silver trailer has visited all areas of the District during the past 10 weeks.

Lois V. Nair, a former schoolteacher, Wayne County Chairman and Civic leader, has three grown children and five grandchildren. She is endorsed by many leading civic, religious, fraternal, and women's groups including the Steuben Society of America and the Detroit Citizens League.

### Judge Ernest Boehm Seeking Re-Election

Probate Judge Ernest C. Boehm, who recently was appointed Judge by Governor G. Mennen Williams, and who is up on Tuesday, November 4, for reelection to the office of Judge of Probate, received all of his schooling in Detroit but because of the slimness of the family budget, he went to work early in his youth, working his way through high school by serving factory lunches and through law school by working days and studying nights.

Judge Boehm is a former Judge of the Detroit Common Pleas Court, has served as Assistant Prosecuting Attorney for 14 years—nine years as a Circuit Court felony-trial lawyer and five years as chief of the Circuit Court Criminal Division.

### Honey Baked Hams Now Home Delivered

Honey-baked, hickory-smoked hams, attractively sliced, packaged and ready for the table, are among the newest food features in fine eating, and delivery—can be had direct to the Grosse Pointe customer's door on Fridays.

Each ham, weighing from about nine to 13 pounds is sliced by the Honey Baked Ham Company's own patented spiral slicer, leaving the bone in the ham and giving it the same appearance as a ham which has not been sliced. It retains all its rich moisture and is so easily served.

Wrapped in heavy aluminum foil and packed in a solid carton, the ham is ready for delivery . . . and ready to be served. The ham can be easily heated when desired.

The Honey Baked Ham firm, now in its 30th year, can be phoned by Grosse Pointers for Friday deliveries—UN 2-8622.

in home after home after home...

there's always plenty of hot water

the new electric water heater way

In home after home there's a new electric water heater. And the families in these homes enjoy all the hot water they want.

You can be confident that an electric water heater, plus Edison's new Super Supply Plan, will provide round-the-clock hot water for all your family's needs, too. Then you can plan your day more efficiently—do the laundry, wash dishes, schedule showers when you want to.

Here's the convenient, modern way to **GET IT HOT . . . GET A LOT** for an operating cost as low as \$3.88 per month.

Only electric water heaters give you all these important advantages:

- ☑ Efficient—the heat goes into the water
- ☑ Install anywhere—need not be near a chimney
- ☑ Long life—meet Edison's rigid standards
- ☑ Automatic—all the time
- ☑ Fast—new, more efficient heating units
- ☑ Outer shell—cool to the touch all over
- ☑ Edison maintains electrical parts without charge
- ☑ Safe—clean—quiet—modern

**Symphony Aids Sponsor Play**

The Junior Women's Association for the Detroit Symphony Orchestra will sponsor two Detroit performances of the Broadway comedy hit "Two for the Seesaw," on opening night, November 17 and again on November 22 at 8:30 p.m. at the Shubert Theatre.

Mrs. William C. Restrict Jr. will head both theater parties for the benefit of the Detroit Symphony Orchestra's maintenance fund. Her vice-chairman will be Mrs. Thomas T. Restrict.

The novel two-character play, a sophisticated satire on April and December love, will feature Jeffrey Lynn and Ruth Roman.

Chairmen working on pre-show dinners, cocktail parties and ticket sales are Mesdames Robert L. Burton, Homer B. Pharis and L. Gerald Robinson.

Mrs. Willard W. Wicklund will head a reservation committee including Mesdames Robert E. Cain, Kenneth M. Chakiris, Julius A. Clauss, Jr., Ralph G. Hesler, W. H. Katzenmeyer, David H. Livingston, Richard C. Lutey, William H. Opfermann, Frederick Stewart, Leonard L. Veatch and Dale G. Wheaton.

**Clark Women's Club To Hear Famed Writer**

The Clark Women's Club will hold its next meeting on November 3 at 1 o'clock in the Christ Methodist Church parlors. Mrs. Jack Thorpe, program chairman, has obtained as her speaker, Mrs. Blinor K. Rose, a syndicated writer whose "Lifelines" appear daily in the Detroit News.

Mrs. Rose has had her poems published in the Christian Herald, The Saturday Evening Post and in The Readers Digest. She is the mother of teen-age children and is a delightful speaker.

Guests will be very welcome. Tea will be served with Mrs. Frank Shepherd in charge. She will be assisted by Mrs. Wells T. Bray, Mrs. A. J. Chapp, Mrs. Ralph Smith, Mrs. E. L. Wood, Mrs. Milton Vokes, Mrs. B. H. Stickney, Mrs. Herbert Arbogast and Mrs. Lenora Reigel.

A coot is an aquatic bird found principally in South America.

**Sororities at Albion Pledge Five Painters**

Five residents of the Grosse Pointe area have just been pledged to national Greek letter sororities at Albion college, according to an announcement made by Dean of Women Audrey K. Wilder of the college.

Pledged to Delta Gamma is Miss Diane C. Deubner, daughter of Mr. and Mrs. Howard Deubner of 142 Muir; to Delta Zeta, Miss Dorothy L. Jerome, daughter of Mr. and Mrs. Paul F. Jerome of 810 Bedford; to Kappa Delta, Miss Audrey J. Lapham, daughter of Mr. and Mrs. Warren E. Lapham of 529 Notre Dame; to Zeta Tau Alpha, the Misses Carol E. Butcher, daughter of Mr. and Mrs. John H. Butcher of 2150 Beaufait, and Lynne A. Dougherty, daughter of Mr. and Mrs. Franklin Dougherty of 1851 Country Club.

**GM PRODUCTION FIGURES**

General Motors produced 92,151 passenger cars and trucks in the United States and Canada during September, 1957, it was announced. Of the total vehicles produced by GM during September, 73,665 were passenger cars and 18,486 were trucks.

Mayor Greet Judge Sexton

Judge James H. Sexton, celebrating his 35th year in the Wayne County Probate Court office, is this week receiving the well wishes of friends and associates. Shown here at left, extending congratulations, is Mayor William F. Connolly of Grosse Pointe Farms who lauded the Judge for his distinguished service in this highly particular branch of our judicial system. Connolly pointed out that Detroit Newspapers have said that Judge Sexton is unmatched in experience and knowledge of the Probate Court and its problems.

**Coterie to Hold Dance at Center**

Coterie, the married people's group at the Grosse Pointe War Memorial, is planning its second party of the season, a dance featuring Frank Bridges' orchestra. The date will be Saturday evening, November 8, from 9 to 12 o'clock.

President Jack Whiteley hopes all couples will arrive early because, as he put it, the orchestra gets lonesome between 9 and 9:30.

Special decorations and fine refreshments are being arranged to add to the pleasure of the evening. Some 250 invitations have been mailed, but all Pointers and their friends are welcome whether registered with Coterie or not.

**29 Pointe Students Enrolled at Albion**

Twenty-nine residents of Grosse Pointe are among the 1387 students enrolled at Albion college for the fall semester, according to Albion registrar Marvin F. Pahl. They are the following:

Thomas R. Allmand, 26 Newberry; Duane A. Ashley, 940 S. Oxford; Jeffery W. Barry, 757 Westchester; Lisbeth A. Bischoff, 1359 Cadieux; James F. Brown, 1007 Yorkshire; Gail L. Burns, 1925 Huntington; Carol E. Butcher, 2150 Beaufait; Ken R. Daley, 1013 Balfour; Diane C. Deubner, 142 Muir; Lynne A. Dougherty, 1851 Country Club.

The rest continues with Robert W. Franse, 321 Merriweather; Robert A. Hackathorn, Jr., 37 Hawthorne; Carolyn M. Hallenbeck, 85 Handy; Thomas C. Harrett, 1128 Wayburn; Dorothy L. Jerome, 810 Bedford; George G. Jerome 40 Renaud Rd.; Richard A. Kinder, 17225 E. Jefferson; Earl M. Krieg, 757 Middlesex; David G. Lamb, 820 Westchester; Audrey J. Lapham and Carol R. Lapham, 529 Notre Dame.

More are J. Andrew Leitch, 1320 Berkshire; Donald G. Lockwood, 316 Moran; Priscilla P. Lyall, 1308 Roslyn; Barbara S. Maynard, 714 Lakepointe; Julie E. Michel, 341 Touraine; Mrs. Carole A. Sussex, 1051 Audubon; Elizabeth J. Turrell, 734 Barrington; William Winfield, 515 University Place.

**GP Newcomers To Hold Bridge**

The Grosse Pointe Newcomers Club will hold a progressive bridge party on Friday evening, November 7, at 8 o'clock.

Mr. and Mrs. Clark Pearson, chairmen of the committee planning the party, will open their Chalfonte road home to the club.

Other homes of members which will be open include those of the Dr. and Mrs. Joseph Perry, Mr. and Mrs. Rick Reckford, Mr. and Mrs. Vernor Morris and Mr. and Mrs. William Thomas.

Following the bridge the group will gather for a short business meeting at which time new couples will be introduced and refreshments served.

**Young Adults To Hold Class**

The young single adults at the Grosse Pointe War Memorial are holding their second party of the season at 32 Lake Shore on Friday, November 7, from 9-12 p.m. The dance will be known as "The Harvest Moon." It will feature a brand new orchestra, Dick Ween's. Refreshments will be served as usual at candlelit tables in the main dining room.

The Center Club committee under the Presidency of Dick Gale has addressed some 300 cards of invitation to young single business and professional people in the area. Any who are not yet on the mailing list are cordially invited to come and join the group.

The decoration committee working with Jean Marshall is busy making moons with happy couples on them, scarecrows to stand in the stag line between corn stalks, puritan hats and muskets to give a Thanksgiving touch along with turkeys.

Over one hundred and sixty enjoyed the opening party last month which featured a name mixer and hula-hoop contest. More fun is promised on Friday, November 7. It should be one of those circled dates on the calendar.

**St. Philomena's To Hold Dinner**

The Ladies of St. Philomena's Altar Society are again holding their annual Roast Beef Dinner on Sunday, November 2.

Mrs. Sal Salerno, chairman of the event, announces that a delicious meal with all the trimmings will be served from 1:30 to 5:30 p.m. in the Church Hall, located on Marseilles street near Mack avenue.

Helping with the arrangements for the dinner are Mrs. William Reed and Mrs. Robert Duross, co-chairmen of the dining room; Mrs. Frank Galda and Mrs. H. Meabrod in charge of food preparation; Mrs. Thomas Duffield in charge of terminating details.

Tickets will be on sale that day at the Church Hall with prices of \$1.50 for adults and 75 cents for children.

**Alumnae of Chi Omega To Meet November 5**

The Detroit Alumnae Chapter of Chi Omega will hold its next meeting on Wednesday, November 5, at 8 p.m., at the Yarncraft Shop in Fisher road.

Following a program at the shop, refreshments will be served at the home of Mrs. Jack P. Gierman in Fisher road, who is the hostess. Mrs. Richard Piper, of Stanhope road, is the chairman.

Reservations may be made by calling Mrs. Gierman.

## A. E. Beaupres Wed 55 Years

Mr. and Mrs. Albert E. Beaupre of Kerby road celebrated their 55th wedding anniversary on Tuesday, October 21.

A pre-anniversary party and buffet supper honoring the couple was held in the home of a son and daughter-in-law, Mr. and Mrs. Albert Beaupre, of Ridgmont, on Saturday, October 18, which was attended by the elder Beaupres' seven other children and their families.

Mr. and Mrs. Norbert Barba of Kerby road, close friends of the family, were the only non-relatives present to pay honor to the senior Beaupres.

Other members of the immediate family present were: Mr. and Mrs. James Claycomb of Kerby road; Mr. and Mrs. Marvin Beaupre of Ridgmont; Mr. and Mrs. Kenneth Beaupre of St. Clair Shores; Mr. and Mrs. W. J. Beaupre of Berkeley; Mr. and Mrs. S. M. Davison of Jackson.

Also, LaVern Beaupre of Kerby; Mrs. R. A. Grimmer of Milwaukee, Wis.; and 32 grandchildren and 11 great-grandchildren.

The elder Beaupres were married in St. Paul-on-the-Lake-Shore on October 21, 1903, the same church in which both were baptized and made their First Holy Communion.

## Pointe Y Teens Answer Call

Three prominent Detroiters who have made significant contributions to the youth of the community will be named honorary Y-Teens at the annual Y-Teen Roll Call at Central Branch YWCA Saturday afternoon (Nov. 1).

They are Mary V. Beck, president of the Detroit Common Council; Myrtle Labitt, women's editor of CKLW; and Don Large, music director of WJR.

In a formal ceremony, Rosemary Guajardo, 574 South Green, president of the Metropolitan Y-Teen Council, will present each of the persons honored with a Y-Teen pin and a lettered scroll citing the civic contribution being recognized.

On hand to welcome them will be Fran Harris, women's editor of WWJ, and Larry McCann, WXYZ-TV announcer, who were similarly honored at last year's Y-Teen Roll Call.

Officers and delegates of the 72 Y-Teen clubs in senior and junior high schools throughout metropolitan Detroit will attend the Roll Call to officially welcome new girls into their clubs and to join in a club competition for "Miss Hobo of 1958."

Y-Teen officers and delegates attending the Roll Call from Grosse Pointe will include: Nancy Ruby, 16826 St. Paul; Polly Walker, 1902 Huntington; Liz Deal, 1040 Wayburn; Joyce Renter, 165 McKinley; Sandy Craig, 1712 Hollywood; Janice Richter, 421 Moran road; Edith Morris, 673 Washington; Joan Austin, 862 Nottingham; Andrea Smart, 764 University place, and Kathi Endres, 1466 Hampton; Diane Gierman, 811 Fisher road; Beth Ramsay, 346 Hillcrest; Trudy Proefke, 19856 E. Ida lane; Carol Banker, 1346 Bishop road; Carla Walsdorf, 19934 E. Williams court; Judy Henderson, 58 Meadow lane; Sue Williams, 15225 Essex road.

Thirty-two town-fire schools and four industrial fire training classes were conducted by the University of Michigan Extension staff this year.

## Bergen Evans To Give Talk

Dr. Bergen Evans, Professor of English at Northwestern University, radio, and TV star, will speak at Detroit Town Hall in Ford Auditorium, Wednesday morning, Nov. 5, at 11 o'clock. His subject, "On Being Funny" will be a witty and amusing discussion of humor.

Dr. Evans conducted the television program, "The Last Word." He also wrote the intricate questions used on "The \$64,000 Question" and "The \$64,000 Challenge."

As author of "The Natural History of Nonsense," and other books, Dr. Evans has gained a reputation as a debunker of popular fallacies. His latest book, "A Dictionary of Contemporary Usage," is used as a textbook in intermediate schools and colleges.

Tickets for the lecture are available at Grinnell's, or at Auditorium, morning of program. Special student rates are offered.

Since 1940, newspapers have maintained a constant level of popularity. Newspaper circulation has virtually paralleled the growth of households in the United States.

## Bishop's Wife To Speak Here

Mrs. Richard Emrich, wife of Bishop Richard Emrich, will be the guest speaker at the monthly meeting of the Woman's Auxiliary of St. Columba Episcopal Church, East Jefferson at Manistique, on November 5.

She will speak on her experiences in England where the bishop attended the Lambeth Conference at Lambeth Palace this summer.

The day will begin with a choral communion at 10:30 o'clock followed by a bible study class at 11:15 o'clock and luncheon at 12:30 o'clock. Mrs. Emrich will speak at 1:15.

Reservations will be taken by Mrs. William Munro, Jr., TU 5-1550, through Monday.

## Milk Fund Association To Meet at Devon Gables

The Milk Fund Association of the House of Providence will meet Tuesday at 12:30 o'clock at Devon Gables. Mrs. Daniel Cohan will be hostess.

Over-all demand for engineering graduates probably will be somewhat higher next year, a University of Michigan official reports.

## Minnesota Women Plan Club Meeting Nov. 7

The University of Minnesota Women are having a luncheon at the home of Mrs. Arthur Burry, of Coyle avenue on Friday, November 7th at 12:30 o'clock.

Her co-hostesses are Mrs. Merl Baker, Mrs. Gilbert Crandall, Mrs. Mel Elmquist and Mrs. Jackson Turnacliff.

Mrs. Alan Stanley is bringing her unique Christmas decoration ideas and will conduct a class for making them.

## Barnes PTA To Hold Sale

Voters at Barnes School in Grosse Pointe Shores will have a special treat when they leave the booths on election day, Tuesday, November 4, as they will be able to buy a snack or a whole raft of delectable baked goods, candied apples, brownies, cakes, pies from the PTA mothers as well as coffee and doughnuts. The bake sale will go on from 8 to 8 o'clock, as long as the booths are open for voting.

Halloween Safety

October 31 will be celebrated by the kids in our Grosse Pointe cities with ghosts, clowns, and goblins cavorting during the early part of the evening.

The Police Departments of the Pointe will be out on the streets with 100 per cent manpower. All leaves have been cancelled for the protection of the kids. Police Patrols have been alerted to the traffic violator and to the pervert.

If you, as a motorist use the streets on this night, please remember that kids are impulsive. Please exert extreme caution on all residential streets and for that matter on all streets. Watch out for the goblins who are apt to dart out from behind parked automobiles. An accident, even if you are not at fault, is no consolation. A crushed and broken child's body can never be erased from memory. If there is any doubt in your thinking, ask any "Cop" who has had to pick up a broken body, even he cannot forget.

Parents of children must assume their own responsibilities for the protection of their children. Make sure that an adult accompanies children on their "trick or treat" travels. Do not under any circumstances permit a child to go out alone.

The Police will be on duty and with the help of the parents, this again can be another safe Halloween. —The Grosse Pointe Police

Belles and Ballots

The Grosse Pointe League of Women Voters works the year 'round in the belief that an informed electorate is the greatest guarantee of good government. This year the League has prepared and purchased two pages in this issue of the Grosse Pointe News. On Pages 8 and 9 you will find a non-partisan guide to candidates in the coming election.

We, and the League, ask you to study this information. Then, next Tuesday, vote for the candidates of your choice. And remember, this valuable League work can only continue with your active support and financial assistance. You can help pay for this, and future ads, by mailing a contribution to the League office at 32 Lakeshore Road, Grosse Pointe Farms 36.

Additional recommended reading for all voters is a booklet which is getting fairly wide circulation now and causing considerable comment. Entitled "Meet the Man Who Plans to Rule America," it tells the story of Walter Reuther and his ambitions. It is written by a life-long Democrat who sees the Reuther threat as the main issue in the present election. It makes frightening reading.

The author, Joseph P. Kamp of Westport, Conn., wrote identical letters to President Eisenhower, Vice-President Nixon and Republican National Chairman Mead Alcorn, calling attention to the threat. He pointed out that Reuther and his labor-boss political machine is backing hundreds of candidates and supplying leadership and millions in money and manpower for the purpose of controlling the next Congress. Mr. Kamp states that if Reuther can get control of the next Congress it would be difficult if not impossible to prevent him from capturing the Presidency by proxy in 1960, which would mark the beginning of a Reuther-dominated Socialist-Labor Government and bring about the destruction of our Constitutional Republic.

Letters to the Editor

To the Editor:

Having been a resident of Grosse Pointe Woods for many years, I am very proud of our community, but lately have found that some of the newer residents are not very considerate of their neighbors.

The City of Grosse Pointe Woods has a wonderful service whereby leaves are swept from the curbing, also any leaves, etc. are picked up each week. Still, with this service we have neighbors who continue to burn leaves in their backyard as well as in the front of the house. Burning in the front is not too bad, but when they start burning in the backyard, especially when other neighbors have clothes hanging on the line, well, to us that is being very inconsiderate.

These are the same thoughtless people who open their door and allow the dog to run loose all day. They have no pride in a nice community and are ruining it for us who have worked to build up our property.

Disgusted

Dear Sir:

I thought your readers would like to hear of a very pleasant experience of mine that happened this past Monday.

At Lakeshore drive and Lochnoor boulevard, my car had a flat tire. A cruising scout car saw my predicament and came to my assistance. He (the officer) called the station and had them call the garage. During the fifteen minutes it took the service man to come, no less than ten drivers stopped to help me.

Most pleasing of all were two teen-age boys — but of course, truck drivers — (who are known for their courtesy — and they, too, were both young and elderly), and even a gentleman in a Cadillac with a perky French poodle. He was going in the opposite direction but came back to see if he could call the garage for me. In the meantime, the policeman came back to check and see if the tow car had arrived yet.

I think that this proves that most people are thoughtful of others. It made me very happy with my fellow men.

Mrs. N. G. Miller 543 Hollywood road

To the Editor: Last night I showed my movies of the World's Fair of Brussels, Belgium, at the Memorial Center of Lake Shore Drive. By the time I arrived there last night at a quarter of eight the place was already crowded beyond the seating capacity of the room so I promised to make a succeeding run, also utilizing the full seating capacity.

This is the first time I have ever found occasion to run a film twice during the same program due to an overflow crowd. There were 2,000 feet, a 55 minute reel in 16-mm color.

With full justice to the Grosse Pointe Cinema League, sponsors of the evening I believe your publicity item in your well-read newspaper during the week was greatly responsible for this superb attendance and I wish to thank you for it.

Yours very truly, Charles Healin

Gourmet Department

Now that we are able to buy fried caterpillars in wine and such delicacies as creamed octopus, the menu we received in the mail from a restaurant in Maine whose advertising blurb is: "Meals for the unbalanced home" . . . is right up our alley.

Some of the specialties to take home are "RETS-BOL" which sounds Swedish but is really lobster spelled backwards; "Toasted Barnacles" crispy, crunchy and in a barrel to be kept on the bar; "Silent Celery" (made of sponge rubber) and clam and lobster shells for your garbage can . . . to impress the neighbors!

Some of the menu items are: Imitation black pearl cocktail . . . 15 cents Matched black pearl, vinaigrette . . . \$1,500.00 Breast of Pheasant, minus da bra . . . \$3.50 Ragout a la Mink en Deepfreeze . . . \$1,200.00 Octopus au Gratin with apple in mouth (for 8) . . . \$50 Saddle of Mule with stirrups . . . \$1.75 And on and on and on. Appetizing, what???

The Brussels Fair

Our overseas spy tells us while he was in Brussels and before he had been to the Fair, he overheard an English woman talking about some of the displays and was fascinated when he heard her remark that she was astounded over the display of American coffins at the Fair. Our hero could hardly WAIT to get there . . . at which time he immediately inquired about the coffins. No one knew nuttin' . . . but he didn't give up. He covered every inch of the American "display" and finally found what he was after. It seems we had a line of coffin-like boxes standing on end . . . in each one an American sports outfit . . . baseball suit, football costume, ice hockey outfit, etc. tsk, tsk, tsk.

Outer Space

A rocket was shot from the launching pad . . . it went through its first stage, then soared on to newer heights on the second stage and so on . . . the nose cone FINALLY coming to earth with a crash in the sea. Our Navy Ship retrieved the cone, hauled it on deck, opened it up and out popped two white mice . . . pretty frisky. After a deep draught of air . . . one mouse says to the other: "Well, WHAT did you think of THAT?" Mouse number two thought a minute, then answered laconically, "Well it's better than cancer!"

Joke

Why did the little boy throw an onion into the river? Give up? (He wanted to see the bidge over the river Kwai) And don't bother to write asking us to explain!

Poodles

In this doggy community of ours even the Poodles make news. There is one family of poodles who are slowly driving their owners to drink. They started with one innocuous French Poodle who shortly got into a romantic mood and presented the family with four puppies . . . the first of which was born on the lap of a guest who was sipping a pre-dinner cocktail. A lady guest, no less!

Time marched on . . . the four poodles grew up to be nice healthy debutantes . . . then they "came out" and were soon to meet various Pointe poodles. Last week, one of them divided to give birth to 6 puppies while the family were embroiled in the hectic of a wedding reception at their home. Since no one even knew that the poodle was ENGAGED . . . it came as quite a shock when she produced puppies! The last bulletin advises us that the pups are sort of white with flat hair. Whatever they are . . . they are NOT poodles . . . so that father had better get out of town!

Offer Radio-TV Show at Center

The Pointe's talented Mrs. George Tait (Joan) Hall will reproduce an evening of her radio and TV highlights at the Grosse Pointe War Memorial Center Thursday evening, November 6, at 8:30 o'clock. The public is cordially invited without charge.

Featured on the program will be her interview with Mike Wallace on the subject of "American Women" and the film "Man With Wings," the life and work of Leonardo da Vinci, which Mrs. Hall produced for TV's channel 56. On display will be models of da Vinci's inventions which are now being shown to special groups at the G.M. Technical Center.

Mrs. Hall will also bring her audience the thrills and special moments of her week's broadcast at C.B.S. when she won a contest to represent the

State of Michigan on the network. She appeared regularly for the week on the Ladies Day program over W.J.B.K. While working at C.B.S. Mrs. Hall rubbed shoulders with all the stars and executives and got an intimate knowledge of the behind-scenes activities of that nerve center of network radio and TV.

Perhaps the greatest thrill of her life came on the 25th Anniversary of the Art Linkletter's program where all the C.B.S. brass were present, which was M.C.'d by Walter Cronkite and included as speakers Sam Levinson, Art Linkletter and Joan Hall.

While pursuing theater courses at Wayne State University Mrs. Hall became an enthusiastic promoter of educational TV which she insists is far from a dry classroom.

What Goes On at Your Library

By Jean Taylor

The Public Library will observe National Book Week, November 3-8, with special programs for children, and displays of books for all ages from pre-school through eighth grade.

Under the direction of Mrs. Syd Reynolds, the Grosse Pointe Children's Theater will present the play "The Emperor's Daughters" for boys and girls of elementary and junior high school age. This program will be at the Central Library on Thursday, November 6, at 4 p.m.; at the Park Branch, Friday, November 7, at 7:30 p.m., and at the Woods Branch, Saturday, November 8, at 10:30 a.m. There will be no charge.

This is the fortieth observance of Book Week, which came into being before hucksters, the country over, initiated weeks for every item from turnips to peanuts. Librarians are hucksters, too. We believe in our wares, and happily point up the best in books for children during the week set aside for this purpose.

Among this year's rop are many with interesting text, beautifully designed and illustrated. Since space permits us to mention only a few titles this week, we are listing some which the very young will enjoy.

CHOUCHOU by Francoise. A small donkey's lot is not always a happy one, as Chouchou discovers. He is rescued

Driver's Excuse Flat As Tires

Joseph A. Brunelle, 37, of 7260 Packard, Warren, arrested by Shores police for reckless driving on Lake Shore, gave authorities the explanation that he was headed home, an excuse that was as flat as two of the tires on his car. He was stopped while going in the wrong direction.

Brunelle was arraigned before Shores Judge John Gillis on the day of his arrest, Thursday, October 16, and was found guilty as charged. He paid a fine and court costs of \$107.50.

Patrolman James Jurack, who took Brunelle in custody, stated in his report that he witnessed Brunelle driving south on Lake Shore road on two flat tires. The motorist lost control of the car which swerved and went over the curb.

At the station Brunelle became belligerent and began to swear and yell, claiming he did not know about the flat tires. He was locked up until his arraignment.

Patrolman Jurack's report went something like this:

"While patrolling on Lake Shore, saw car traveling south on Lake Shore on two flat tires. I saw the car hit the curb, and ordered the driver to pull over. He said he did not know he had two flat tires."

"Said he was going home (wrong direction), ran up curb (south of Clairview), driving 1950 Dodge (junk), two of the tires were no good, and the spare tire, (flat)."

Passenger cars in the U. S. travel an average of 9,359 miles per year. Passenger car advertisers invested over 13 per cent more in newspaper advertising in 1957 than the previous year.

from his sorry plight however, by the children of the small French town. This has the characteristic pictures in soft colors which have made the earlier books by this author-illustrator favorites.

UMBRELLA by Taro Yashima. Both pictures and text convey the delight of a three-year-old Japanese girl with her first umbrella and red rubber boots. Sensitively portrayed, this is a work of art.

THE HOUSE THAT JACK BUILT by Antonio Frasconi. The traditional nursery rhyme is given in both French and English. Colored wood-cuts lend interest to a beautifully designed book. An earlier book by this author, SEE AND SAY, is a simple picture book in four languages.

THE SNOWSTORM by Selma Choniz. This is the third book which combines the work of this author with that of the illustrator, Alois Carigiet. A BELL FOR URSLI and FLORIANA AND THE WILD BIRD are earlier successes. The text of this latest book is in rhyme translated from the German, and it suffers in the translation. The pictures however, transport you to the exhilarating atmosphere of the Swiss countryside, making it a beautiful book despite the somewhat stilted text.

A FRIEND IS SOMEONE WHO LIKES YOU by Joan Anglund. There is an old-fashioned delicacy about this tiny book, with its small detailed drawings. It expands a child's world by showing him that animals as well as people can be friends.

THE WONDERFUL EGG by Dahlov Ipcar. A picture book presentation of dinosaurs and brief text.

THE FROG IN THE WELL by Alvin Tresselt. When his well runs dry, the frog sets out to see the world. Roger Duvoisin's pictures are well matched to the text.

NO FIGHTING, NO BITING by Else Minarik. An easy to read book about two little alligators, nicely illustrated by Maurice Sendak. The author's earlier book, LITTLE BEAR, is also excellent for beginning readers.

THE SMALL ONE by Zhenya Gay. The story of a curious and brave little rabbit. The appealing drawings portray Small One and his family in a charming natural setting.

Sharp Relief

by Fred Kopp, R.Ph.

Midwives used to put a knife under the bed to "cut the pain" of childbirth. Sounds foolish, nowadays. But then, we're lucky. We have many wonderful pain-relieving drugs . . . other powerful medications, too. When you're ill, take advantage of the newer, effective medicinals. Seek your physician's advice . . . he's the only one qualified to prescribe for your health. Then, if he recommends medication, come to us for prescription service.

## Grosse Pointe News

### From Another Pointe of View

By Kitty Marriott

Goblins, ghosts, witches and other spooky fare will be in order this week-end when the young set don costumes for the annual trick and treating.

When you've past the grammar school age such door to door begging is considered strictly for the younger set but Halloween parties have their own special magic for older brothers and sisters.

Out at the Andrew C. Reids' home in Pear Tree road there will be a costumed gathering on Friday evening. Son Bob, a student at the University of Detroit Law School has invited his cronies to a party, guests bid to come as their favorite song title. Program of the evening will be charades, for which the costumes will add the distinctive touch, and a late supper around the pumpkins.

### Bus Load of Fans

Football fans are very active with the gridiron season just about at its height. Inviting a large group to board a bus to Ann Arbor seems a favorite way of sharing the fun.

Next week-end, November 8, a score or so will report to the Frederick W. Pearce, Jr. home in Chalfonte road with their box lunches to board the bus for the U of M-Illinois game. The whole trip was organized by the Allan Schildmanners, who will have moved to Lochmoor road from Wilmette only two days before the football pilgrimage. Mr. S. is a rabid Illini fan and a trustee of the college. After the game the Peaces will have a buffet supper.

Boarding the bus will be the Robert Bacons, the Sydney Terrys, the James Tracys, the Jack Sturtevants, the James Allens, the Charles MacMahons, of Birmingham, the Carl Scotts, Mrs. William Delbridge, (Mr. D. will be away on a business trip), the George William Duffields, the Edwin Chamberlains, the Robert S. Lauries and the Henry S. Reynolds.

### Indian Minister Dinner Guest

Mr. and Mrs. Reynolds are anticipating a very exciting dinner guest on Monday evening, Dr. N.G.D. Joardar, who will speak at the Central Methodist Church on the needs of the world and the Christian answer later that evening.

Dr. Joardar, a prominent Brahmin and friend of the late Mahatma Gandhi, is an ordained Methodist minister, who has just returned from an extensive trip through Russia and the Far East. He has taught at Yale, American University and Georgetown.

He will be speaking under the auspices of the Koionia Foundation, a non-profit Christian training center in Baltimore. His broad background enables him to report on the rapidly shifting world situation from the standpoint of the spiritual, cultural and economic needs of the various Asiatic countries. Also speaking at the Methodist Church, and dinner guests at the Reynoldses, will be M. Glenn Harding, who has served this government in the Near East, and Alma B. Kerr, who helped establish a self-help project in Lebanon for 12,000 refugees.

### Backuses Here

Flying home to Santa Barbara, Calif., Monday were Mrs. and Mrs. Standish Backus, Jr., who were here on a brief visit with Mr. Backus' mother, Mrs. Standish Backus, of Lakeshore road.

They were en route home from an exhibition of Mr. (Continued on Page 19)

### Private Showing To Precede Exhibit

Mrs. Edward A. Wishropp, Mrs. J. Crawford Frost, Jr., And Mrs. Frank B. Ware, General Chairmen of Black Tie Event November 24

With Grosse Pointers Mrs. Edward A. Wishropp, of Kenwood court; Mrs. J. Crawford Frost, Jr., of Merriweather road; and Mrs. Frank B. Ware, of Washington road, as general chairmen, "The Sense of Splendor," an elegant collection of Italian Grande Couture, will be presented in the Great Hall of the Detroit Institute of Arts at 8:30 o'clock on the evening of November 24.

The private showing is under the personal supervision of Miss Virginia Devoy, currently in Manhattan to make final arrangements of important details.

Shortly to be mailed are 1,000 invitations to purchase tickets for this outstanding, black-tie event and only the first 350 to be reserved (each ticket admits two persons) will be honored. Admission is a ten-dollar membership in the Founders Society, purchased after November 3.

The fashion show will follow the preview of "Decorative Arts of the Italian Renaissance" by exactly a week, the evening of November 17 being the occasion of an invitational dinner and reception sponsored by the Women's Activities Committee of the Founders Society.

The exhibition of decorative arts, covering the period from 1400 to 1800, is the most comprehensive of its kind ever to be held in Europe or America. Open to the public beginning November 18 and extending through January 4, it will include some 400 objects representing the 200 years of the best Italian craftsmanship with pieces of great value never before lent outside European and American museums and private collections. The gold, furniture, manuscripts, book bindings, textiles, sculpture, ceramics and other exquisite art forms are conservatively

## Mistletoe Mart Chairman Honored

Women of Grosse Pointe Congregational Church Gathered for Tea in Merriweather Road Home of Mrs. Edward C. Stanley, Chairman of Bazaar

Christmas literally jingled its way into the home of Mrs. Edward C. Stanley of Merriweather road last Monday. A tea was held from 1 to 3 o'clock honoring the chairmen of all the various committees working on the "Mistletoe Mart," the Christmas fair staged every other year by the Women's Association of Grosse Pointe Congregational Church.

This year's bigger-than-ever Mart will be held Thursday, November 20th, from 10 to 9 o'clock at the church, 240 Chalfonte.

Mrs. Stanley, general chairman of the Mart, gave Mrs. Stanley Smith and Mrs. Joseph Barkley, co-chairmen of the Christmas Decorations committee, free rein to turn the Stanley home into a Christmas wonderland displaying all the committee's imaginative handiwork for the pleasure of the tea guests.

Presiding at the tea table were Mrs. Kenneth Koppin, president of the Women's Association of the church, and Mrs. John Norris, publicity chairman of the Mart.

And glittering above the tea table was a Christmas tree star, whose five branches made of miniature Christmas trees met in a styrofoam center studded with varicolored ornaments. On the mantel were small Christmas trees sheathed in gold wire (which might have seen the bottom of a pan had they been sent to the kitchen first) and dotted with gold ornaments.

On a sideboard a fat brandy snifter had been turned into a jolly replica of that old gent himself. Santa Claus, whose classic features had been created from styrofoam, felt, cotton, and sequins, from his tasseled hat down to his black boots. The purpose of which was immediately obvious when you noted his tummy had been filled with colorful Christmas candies.

From every doorway swung one of the committee's beautifully executed kissing rings or kissing balls, fashioned from frosty white, gold, silver, and pastel-colored wire and decorated with ribbons, bells, and small birds.

And covering every floor knob was a saucy Santa face, crocheted in traditional Christ-

mas colors. Hanging from the mantle in decidedly not traditional designs were felt Christmas stockings for every member of the family, cowboy boots for father and son, high-button shoes for mother and daughter, and booties for baby.

Mrs. Stanley stressed that all of the decorations represented will be available at the Mistletoe Mart November 20 plus an endless variety of others.

Present at the tea were all the hard-working chairmen of the Mistletoe Mart committees, and the group included Mrs. Loyd Weed, Mrs. James Huntington, Mrs. Paul L. Kolvoord, Mrs. Donald Carson, and Mrs. A. V. Fraser.

Others seen were Mrs. Sam Toepel, Mrs. Alfred R. Tapert, Mrs. Loren Raymond, Mrs. James Bushong, Miss Glenn Wilkerson, Mrs. Philip Jennings, Mrs. John Ramsay, Mrs. John Henderson, Mrs. B. A. Bates, Mrs. George Helm, Mrs. Adam Cook, Mrs. Edward Cooper, Mrs. Wayne Osborn, Mrs. Hubert Northrup, and Mrs. Stanley Lindow.

Other chairmen present were Mrs. Norman Matthews, Mrs. Edward Weber, Mrs. Kenneth Wheeler, Mrs. Jerrold Lundale, Miss Catherine Beattie, Mrs. Harcourt Caverly, Mrs. Edgar Gore, Mrs. Roger Preston, Mrs. George Brigham, Mrs. William Hulswit, and Mrs. Edward Kothe.

Also at the tea were Mrs. Howard Emerson, Mrs. William Arbaugh, Mrs. Robert Hannah, Mrs. Robert Matheson, Mrs. Roy Norton, Mrs. John Baker, Mrs. Fred Jahn, and Mrs. William Geer.

The University of Michigan has granted more than 20,000 doctoral-level degrees, according to statistics recently redeveloped by the U-M Office of Registration and Records.

## Detroit Yacht Club Holds Harvest Party

Mrs. Carl Habermas, social chairman of the Detroit Yacht Club, and her committee decorated the club with pumpkins and harvest accessories Friday, October 17, for the Harvest Party.

Cocktails were followed by dinner and dancing to the music of Art Baker's orchestra.

The following day the DYC Sailorettes concluded their season with a banquet in the Harmsworth Room. Mrs. John Dietiker and Mrs. Edward Christian were party co-chairmen.

A week-end guest at a loss for a little something to tuck in his suitcase might remember that a deck of cards makes a good bread and butter gift.

## Christ Child Ladies To Hold Carnival

Proceeds from Bazaar at Latin Quarter and Evening Cabaret Party Will Benefit New Christ Child House, A Temporary Shelter for Children from 3 to 12

The results of seven busy months for Christ Child Society members will go on display Friday, November 7, in the winter wonderland of their 7th Annual Winter Carnival at the Latin Quarter. The day officially opens with a bazaar, fashion show and tea from 1 to 5 o'clock, but that is the climax of many advance sales activities.

The ladies of the Society have been quietly selling baked goods to neighbors and friends, a white elephant booth has been active in the basement of Mrs. Everett Scranton where she has been selling the larger items which are too difficult to transport to the Latin Quarter, the Society's own design Christmas cards and engagement calendars have been selling for months, and an advance sale for boutique items was held at the new Christ Child House, to list a few among many preliminaries.

Society President Mrs. T. J. McCarthy, Jr., commented that she is continually amazed at the way members not only take responsibilities for chairmanships, but work in addition on each others' booths. An outstanding example is Mrs. Hugh E. Rutven, general chairman, who has also baked pies for the baked goods booth, read proof on the program, and contributed to many other booths as well.

Cochairman of the event, Mrs. Eugene Freitas, with special responsibility for the entire evening portion—has been working on decorations for the tea tables and stage besides her other duties.

The general co-chairman in charge of the afternoon affair is Mrs. Robert Hammel. The winter wonderland theme for this will be carried out in colors of pink, silver, aqua and turquoise, with dancing school students costumed as snow fairies to lead the children of members through their fashion show paces. Members will model the adult clothing. A string orchestra will play for the show and lyric soprano member Miss Rosemary McGann will sing. Mrs. James Lemhagen is chairman of the fashion show.

The tea is catered by members themselves, and Mrs. James Shields, tea chairman, has guided the production of over 9,000 food items which are now waiting in home freezers.

Work in many fields of human endeavor—manufacturing (especially for the handicraft booth headed by Mrs. Robert Gabriel), purchasing, food catering, advertising (program advertising is chairmanned by Mrs. Wilbur P. Kay and Mrs. Lee Keating), printing, art and layout directed by program chairman Mrs. George A. Cooney, and, of

course, sales—takes place in carnival preparation.

Even the husbands pitched in with their specialties—John J. Ryan cut countless plywood pieces of crayon and lollipop boxes for the handicraft booth group to assemble and decorate; Gerst W. Weaver (his wife is financial chairman) made 18 cradles for doll booth chairman Mrs. Frank Kaiser to add to her stock—plus all the hours of baby-sitting, secretarial help loaned, moving of heavy supplies and the all-important moral support.

Baked good chairman Mrs. Walter VanOethem, Jr., heard all "yes's" to her requests for contributions, and has built her stock in professional style based on records of previous years. It appears that the all-American favorite of pie is still number one with carnival patrons. Number two is nut bread, with cakes taking third place.

Other booths at the carnival will include ones for candy (fudge sauce made in quantity under the direction of Mrs. Alfred Sawaya), surprise packages, a booth for the engagement calendars and Christmas cards, and a "something for everyone" family corner assembled as one of their own projects by the Birmingham group (the family corner chairman is Mrs. Lloyd Diehl, Jr.).

The evening cabaret party will be held from 9 to 1:30 o'clock also at the Latin Quarter with Fred Netting's orchestra playing for the dancing and Janie Palmer on the vocals. A feature of the evening affair will be the auction of an all-expense week-end at the Waldorf trip to New York for two, with airline transportation included. Tickets to two Broadway productions are also part of this special project arranged by Mrs. Charles T. Stewart of the Birmingham group.

General chairman for the day's activities from the Birmingham group is Mrs. Harold E. Mountain, Jr., and her co-chairman is Mrs. James D. Schmidt.

Proceeds from this day-long event are the main source of support for the society's new Christ Child House, opened this last spring. Since 1948 the society has owned and operated the only temporary shelter in Detroit for children from 3 to 12, of any race, color or religion. Through no fault of their own they have become court cases and the only alternative for the seven social

## Lochmoor Expects Halloween Guests

Annual Costume Party to Be Held November 1 at Club with Dinner at 9 O'clock; Mr. and Mrs. Robert Cunningham, Chairmen

Goblins, black cats and witches will pay a belated visit to Lochmoor Club as members gather for the annual Halloween costume party on Saturday, Nov. 1st.

Always the club's zaniest affair, this year's party will be sparked with plenty of "corn", so say the committee workers. They are literally converting the club's main lounge into a spooky cornfield through which

the guests must shudder their way to join the other merry-makers.

To add an even eerier note the field will be darkened to a near pitch blackness in the hopes of encouraging the hidden ghosts and hobgoblins to make their shadowy appearances to the accompaniment of terrifying screeches and howls.

## Tea Pays Honor To Gray Ladies

The Bon Secours Hospital entertained the Gray Ladies of the American Red Cross, who serve the hospital, at a tea on October 15. Miss Carole Schivone, assistant director of nurses, poured.

Sister Francis Helen spoke on behalf of the hospital and expressed the appreciation of the entire staff for the faithful services rendered by the Gray Ladies to the hospital and its patients.

This was also the occasion of the first annual meeting of the Gray Ladies of Bon Secours Hospital which was conducted immediately following the tea. Mrs. Frank H. Rossier, liaison officer, presided and on behalf of the American Red Cross presented Mrs. O. J. Beausoleil, who resigned as chairman, with a past chairman's pin in recognition of her chairmanship.

The resignation of Mrs. Beausoleil, who was the first Gray Lady chair, of Bon Secours Hospital, was accepted with regret, but with the realization of the demands upon her time as a housewife and mother.

Mrs. Rossier announced the appointment of Mrs. William Moellering, who has been acting chairman for some months, as chairman; Mrs. Douglas Leo Paterson as secretary; and Mrs. Beausoleil as second co-chairman. Subsequently, Mrs. Walter W. Ruch has been appointed first co-chairman.

1910 was the first year in this country that automobiles were offered to consumers "completely equipped." In 1957, makers of automotive parts and accessories increased their advertising in newspapers by 141 per cent over the previous year.

## Theater Party To Aid Seminary

To benefit the Augustinian Seminary, now under construction, ladies of the Archconfraternity of St. Clare of Montefalco Church, will present a Theater Party on Wednesday evening, November 19, at the Esquire Theater.

Theater-goers will see the movie, "Deep In My Heart," which stars Jose Ferrer and Betty Cloney, and features the music of Sigmond Romberg. The time is 8:30 p.m.

Rev. James D. Clark, O.S.A., is honorary chairman of the Benefit, and his committee includes the officers and Board of the Archconfraternity.

On the ticket committee are Mrs. Michael Chagot, Mrs. Clayton Alandt, Mrs. John Slewin and Mrs. Earl Ploof. Mrs. Gerady Grout has charge of the patron list, and will be assisted in setting up the printed program, by Mrs. John Flannery.

Others serving are Mrs. Basil Cunningham, Mrs. Edward Schott, Mrs. Leon Verhaeghe, Mrs. Robert Squires, Mrs. Clement Simon, Mrs. R. Lowke, Mrs. Philip Gillis, Mrs. Louis Rabaut III, Mrs. Steven Waligore, Mrs. John Galbo, Mrs. R. M. Hoffman, and Mrs. Caspar Arena.

Still others are Mrs. M. Baro, Mrs. Thomas McCarthy, Mrs. Arthur Fushman, Mrs. L. J. Steiner, Mrs. John McGrath, Mrs. Louis Koenig, Mrs. Joseph Ferris, Mrs. Gordon Nelson, Mrs. Joseph Feist, Mrs. Joseph Lemke, and Mrs. Alois Ptach.

The new Augustinian Seminary will serve to train and educate young men from the Detroit area, for the religious priesthood. These Augustinian priests serve at St. Clare Church, Austin High School and St. Augustine's Church, in Detroit.

## Lutheran Missionary Guild to Have Luncheon

The Women's Missionary Guild of the First English Evangelical Lutheran Church, Grosse Pointe Woods, will meet on Wednesday at noon for luncheon, which will be served by the Unity Circle.

Mrs. Erwin DeBandt, president of the Detroit East Side Group of the Women's Missionary Federation, will be the guest speaker.

## Mrs. Alfred H. Schrashun

CAROL EVANS WATKINS, daughter of Mrs. F. W. Evans, of Neff road, and the late Dr. Evans, was married Friday in Christ Church to Mr. Schrashun, son of Mrs. A. H. Schrashun, of Cadieux road, and the late Mr. Schrashun.

## Harmonie Plans Saturday Party

A card and dancing party will be this week Saturday's attraction at the Harmonie on November 1, starting at 8 o'clock, members and guests will make up their own foursomes and play the games of their choice. And dancing for those who wish, any time after 9. At 11:30 there will be a "snack intermission."

November's event planned especially for the club's feminine contingent will be its annual fall fashion show of costumes for all occasions, on Thursday, the sixth. Presented by Annis, it will be preceded by a luncheon at 12:30. After the style show, cards will be available; and there will be prizes for all winners.

Both of these parties are being arranged by a large committee headed by Mrs. Ernest W. Nigg, of Balfour road. Included in it are five other residents of the Grosse Pointe area: Mrs. John F. Beyer, of Hollywood road; Mrs. Phillip F. Greco, of Somerset; Mrs. Nurton D. Jones, of West Kings Court; Mrs. Alfred H. Mitschke, of VanAntwerp; and Mrs. Albert A. Schlorff, of Balfour.

In 1922, several makes of cars introduced gasoline gauges on their instrument panels. Last year, gasoline and oil advertisers invested over \$30 million in newspaper advertising.

## AAUW Slates Week's Events

The American Association of University Women had a busy week coming up with the various groups slating special meetings.

On Tuesday Mrs. Thomas L. Rice will be hostess in her St. Clair Shores home to the Recent Graduates Group. Her co-hostesses will be Mrs. W. James Nast, Mrs. William W. Killebrew and Mrs. Paul F. Reed. Miss Emily Harding and Miss Thelma Grandia will lead the discussion, after the program, "Detroit in the Past."

The Studio Arts Group will do enameling on copper at the McKinley avenue home of Mrs. Lowell H. Orebaugh at 7:45 o'clock on Wednesday.

Next Thursday, November 6, the International Relations Group will meet at 1 o'clock at the Pemberton road home of Mrs. Albert Conkey. Mrs. F. Gaynor Evans will assist.

Mrs. R. W. Cunningham will talk on "Our Foreign Policy Toward Canada" and Mrs. Wallace Temple will speak on "Our Foreign Policy Toward Latin America."

## Schrashun-Watkins Rites Read Friday

Pair Speak Vows in Christ Church; After Reception in the Neff Road Home of the Bride's Mother, Mrs. F. W. Evans, Newlyweds Leave for Jamaica

Carol Evans Watkins and Alfred Howard Schrashun exchanged nuptial vows Friday afternoon in Christ Church with the Rev. Erville Maynard officiating.

For her wedding the bride wore a peacock blue beau de soie gown with a matching veiled head band. Her flowers were spray orchids. She is the daughter of Mrs. F. W. Evans, of Neff road, and the late Dr. Evans.

Mrs. John B. Watkins was the bride's only attendant in a multicolored silk print and a gold hat. Her flowers were chrysanthemums. James M. Robb, Jr., was best man. Ushering were Theodore A. Gamble, of St. Louis, Mo., and Ward A. Detwiler, II.

The bridegroom is the son of Mrs. A. H. Schrashun, of Cadieux road, and the late Mr.

Schrashun. Following a small reception in the home of the bride's mother the couple left for Jamaica. When they return they will make their home in Kenwood court.

## Alpha Delta Pi Plans Benefit Tea Next Month

A Mothers' Club meeting of the Gamma Omega Chapter of the Alpha Delta Pi National Sorority was held recently at the Balfour road home of Mrs. J. W. Harrison.

The group met to plan a benefit tea for all active members late in November.

## Barbara Ruth Ball Weds Lt. Fochtman

Leave for West Coast Where Lieutenant Is Stationed On Whidbey Island, Wash., with the Navy After Rites Saturday in First Presbyterian Church

Barbara Ruth Ball spoke her marriage vows Saturday in the First Presbyterian Church to Lt. (j.g.) Robert Gurden Fochtman, USN with Dr. Ailan MacLachlan Frew officiating.

For her wedding the daughter of the Benjamin Balls, of Mapleton road, chose a gown of silk taffeta and Alencon lace, ballerina length with long sleeves and a Peter Pan collar. A Juliet cap of lace held her double tiered veil of illusion and she carried gardenias, stephanotis and ivy.

Mrs. Harold Probert was her sister's only attendant in iridescent green taffeta made with a bell shaped skirt. Her bouquet was of Fugi mums and yellow roses.

The lieutenant, son of the

Raymond Fochtman, of Petoskey, asked Xenophon Mitchel, of Saginaw to be his best man. Ushering were Harold Probert and Raymond Fochtman, Jr.

The couple left for the West Coast after the ceremony where they will live while the bridegroom is on Naval duty at Whidbey Island, Wash.

## AAUW Offers Fellowships

The American Association of University Women is again offering Fellowships for advanced study to American women who show distinction or promise of distinction in their chosen fields. The amounts range from \$2000 to \$4000 and may be either National Fellowships for use in the Universities of our own country or International Fellowships for study in a country other than the candidates own.

The primary interest of AAUW is the advancement of knowledge and the advancement of women. It was because of this interest that the Fellowship Program was instituted in 1890 when a handful of determined women gathered together \$500 and sent the first Fellow on her way to advanced study, a thing then practically unknown to women. Now, 64 years later, it has multiplied many times and has gained the respect of the academic world both here and abroad. AAUW Fellows have made

outstanding contributions in fields of Medicine, Science, Government and the Arts.

The Grosse Pointe Branch of AAUW last year contributed \$1350 to this Fellowship Fund. For the past several years we have met our obligations partially through our Children's Theater Project by which we sponsor two children's plays. In this, our contribution is two-fold. Not only are we opening a field of advanced study to some deserving woman but these very excellent plays are made available to the children of the community at a very reasonable price.

The Grosse Pointe Branch will welcome applications from women in the community who believe they are eligible for one of these Fellowships for advanced study. For information call Mrs. Sheldon Drennan, 26 Lakecrest Lane, TU 2-8984. The deadline for application for next year is December 1, 1958. Successful candidates will be notified not later than March 1, 1959.

## Alice McElvenny To Speak Vows

Mr. and Mrs. Ralph Talbot McElvenny, of Cloverly road, announce the engagement of their daughter, Alice Talbot, to Theodore Oldhan, son of Mr. and Mrs. Harry Oldhan, of Clarksburg, Cal.

The bride-elect was graduated from Grosse Pointe Country Day School and Vassar College. She made her debut in June of 1954. Alice is now doing graduate work at the University of California.

Mr. Oldhan is also at the University of California, where he is a member of Kappa Sigma fraternity.

## Hosts at Party After Symphony

The Bogdan Baynerts entertained 40 guests at cocktails Sunday, October 19, in their Hidden Lane home to honor the soloists and conductor who appeared earlier that day in concert with the Grosse Pointe Symphony Orchestra.

Alice Lungershausen, harp-sichordist, and Maria Roumell, soprano, were the spectacular artists with the Symphony and Henri Nosco its conductor.

The Board of Directors of the Grosse Pointe Symphony Society were among the other guests present, namely: Miss Camilla Ayers, Mr. and Mrs. J. Leslie Berry, Mr. and Mrs. Jerome Kearne, Mr. and Mrs. Mehling, Mrs. Reginald T. Murphy, Mr. and Mrs. Purcell, Mr. and Mrs. Gerald Stoetzer, Mr. and Mrs. Whalen, Mr. and Mrs. Thomas LoCicero and Mr. and Mrs. Thomas Nester.

## HOUSEHOLD HINT

When using a clothes dryer, do not overdry laundry, advises Ruth Kettunen, extension specialist at Michigan State University. Overdrying tends to "set" wrinkles, make garments harsh and cause shrinkage. Knit garments tend to shrink more than others. They may be purchased a size larger to avoid this hazard.

## Nuptial Vows Said By Sandra Smith

Sandra Suzanne Smith wore crystal white peau de soie for her marriage Saturday in Our Lady Star of the Sea to Dr. Samuel F. Solomon.

The bride, daughter of the Ralph H. Smiths, of Champine place, chose a gown designed with an Empire bodice accented with Alencon lace. Two garlands of the lace swept down the back of the bell shaped skirt into the chapel train. A cloche of lace held her tiered veil of illusion and she carried a prayer book and rosary with ivy, stephanotis and phyllis orchids.

Mary Jo Hillebrand was maid of honor and the bridesmaids were Diane Spansky, Beth Perry, Becky Perry and Mary Ann Solomon. They wore bell shaped frocks of cerise velvet banded with draped satin and white petal bandeaux. Their bouquets were of pink Fugi mums.

Jack Solomon was best man for his brother. They are the sons of the Frank Solomons, of Bedford road. Ushering were Dr. Francis Blake, John H. Smith, Joe Solomon and Robert Marsh.

For her daughter's wedding and the reception at the Detroit Yacht Club Mrs. Smith wore a gown of silver blue peau de soire with matching accessories and pale pink cymbidium orchids.

Mrs. Solomon was in rose lace over beige taffeta with matching accessories and cymbidium orchids.

## Austin High Plans Friars Fall Fiesta

Mothers and Dads Clubs Jointly Sponsoring Big Event To Raise Funds for Friary; Fun Promised All Age Groups

A "Friars Fall Fiesta" will be held Saturday, November 8, at Austin Catholic Prep School, 18300 E. Warren. Hours will be from 10 a.m. to 10 p.m.

This is a joint undertaking of the Austin Mothers and the Dads Clubs, with an assist from the priests and the boys of the school, and the alumni. Proceeds from the Fiesta are to be used for the Austin Friary.

Mrs. Edward Ellis, Mrs. Thomas LoCicero, William Fitzgerald and Peter Ruprich, chairmen of the Fiesta, and their committees have been working since July hoping to make this an outstanding family affair.

Mrs. Russell Lewis and Mrs. Larry Koenig are chairmen of the White Elephant Shop. Mrs. Peter Ruprich is chairman of the Special Events Booth. Baked goods chairmen are Mrs. Victor DeSchryver and Mrs. John Motschall.

Light refreshments will be served throughout the day by Mrs. Francis McDonald and Mrs. Kenneth Zosel. Chairmen of publicity are Mrs. William Bickel and Mrs. William Sakalas.

In charge of arrangements is Mrs. Louis Decker. Mrs.

Elwood Wachter, Mrs. Ray Carnaghi, Mr. Marvin Brinkman and Mr. Vincent DeCorte are the financial committee. Special solicitor is Tom Gallagher. Ray Carnaghi is chairman of games where patrons of all ages, from 3 to 103 will have an opportunity to prove their skill. Chairman of booths is Chas. J. Hitt.

The construction of the Austin Friary is a tribute to the loyalty, labor and largesse of the many friends and benefactors of Austin. The need for a priest faculty residence was recognized from the very beginning of the school, since the Fathers were forced to live in four different places around the city.

The Dads Club spearheaded the drive for funds, assisted by the other school organizations and the priests. Work on the friary was begun in the spring of 1957 and the Fathers moved into their new home in June, 1958.

## Sarah Schemm Sets December 27 Date

Will Marry Dr. John F. McDermott, Jr., in S.S. Peter and Paul Church; Parties for Bridal Pair Began Several Weeks Ago with a Luncheon

Sarah Noble Schemm, daughter of the George A. Schemms, of Maumee road and Dr. John F. McDermott, Jr. have set their wedding date, December 27th at high noon, in SS. Peter and Paul Church.

Edward L. McDermott of West Hartford, Conn., will serve his brother as best man. Edward J. Daly, Jr., and Joseph Kane, also of West Hartford, will usher, as will William L. Moll, Edward Gushee, Jr., Emmet E. Tracy, Jr. (all of Detroit), R. Timothy Leedy and Dr. George W. Schemm (a cousin of the bride), both of Ann Arbor, and Donald Miller of Chicago.

The bridesmaids will be Barbara Czachorski of Grand Rapids, Mrs. William Rosser of San Francisco, Mrs. Conrad J. Clippert III, Miss Elizabeth Moll and the bride's two cousins Margaret Goodenough and Eleanor Spicer. Mrs. Gordon R. Maitland, Jr. will serve as matron of honor.

### Anniversary in New York

Off for New York today will be the David Gambles, of Renaud road, to celebrate their wedding anniversary with a few weeks of theater going and shopping.

They will be home in plenty of time for final rehearsals of the fall Fine Arts production, "A Visit to a Small Planet", November 21 and 22 at the Players. They are both members of the cast.

Also in rehearsal right now are the four members of the Barbershop Quartet and Mrs. Henry Klein, who will perform November 29 at the dinner dance planned by the Women's Auxiliary to Cottage Hospital at the Hunt Club. Members of the male singing group are Bill Dennes, LeRoy McKinney, Jack Muldoon and Don Bliss, with Dr. Chet Bogan doing the sparkling musical arrangements.

### Celebrity Series Star

Charles J. Duveen, Jr., scion of a famous European art dynasty will be the Celebrity Series speaker on November 13 at the Esquire Theater. Art expert Mr. D. may be but he is also a distinguished airman having renounced his British citizenship, and his claim to the family title, to serve with the US Air Force. He is much concerned with the present generation's lack of interest in antiques as part of daily living. He wants great works of art to be lived with, not relegated to museums.

Invited to luncheon with the talented art authority after the lecture, at Al Green's are E. P. Richardson and William A. Bostwick, of the Detroit Institute of Art, Mrs. Edsel Ford, Mrs. Frederick M. Alger, Jr., and the Ernest Kanzlers. Proceeds from the lecture series are earmarked for Bon Secours Hospital.

Another local hospital preparing for a huge annual fund raising effort is St. John, where the women of the auxiliary are whipping plans into shape for the White Christmas Ball at the Grosse Pointe Yacht Club on December 13. Mrs. Claude Griener and Mrs. Hamilton Kotcher are chairmen of this benefit, always noted for the lovely silver and white holiday decorations done by members of the auxiliary.

## Methodists Plan For Two Events

The Woman's Society of the Grosse Pointe Methodist Church will hold a general luncheon meeting on Tuesday, November 4, at 12:45 o'clock in the church Community Room in Moross road.

Guest speaker for the event will be Rev. Janis Laupmanis, pastor, Redeemer Methodist Church, Harper Woods, speaking on "Life Behind the Iron Curtain."

Mrs. Robert Callaway will present the devotions for the meeting. Hostess Circle for the afternoon will be the Naomi Circle, with reservations being received by Mrs. Kenneth Cook, TUxedo 4-2001.

There will be a nursery provided, free of charge, for pre-school children of luncheon guests.

The Woman's Society announces its annual Bake Sale to be held on Saturday, November 22, at Jacobson's in the Village. Hours of the sale will be 11 to 3 o'clock.

Mrs. Robert Nelson is chairman of the event.

Cotton culture is thought to have originated in India about 1500 B. C.

## McKees Will Visit Florida, California

Mr. and Mrs. Max B. McKee of Lake Shore road have set November 15 for their annual departure to warmer climes. They will be at Miami Beach, Fla., until the Christmas holidays, at which time they will join their son-in-law and daughter, Mr. and Mrs. John E. Grout, and their three youngsters in LaJolla, Calif.

From there, the McKees will go to the Tennis Club at Palm Springs until March 1. Before they leave Grosse Pointe however, they are getting acquainted with their granddaughter and Mrs. McKee's namesake, Margaret Sullivan McKee, born October 14 to the Robert S. McKees, of Birmingham.

A weekend trip nearer home was on the schedule for Mr. and Mrs. Daniel R. Simmons Jr., of Lincoln road, who were at the St. Clair Inn with Mr. and Mrs. John Massey, Mr. and Mrs. Jerome C. DuCharme, Mr. and Mrs. Cyril J. Edwards Jr., and Mr. and Mrs. Lawrence Godfredson Jr.

Mr. and Mrs. Carsten Tiedeman of Kenwood road have taken their house guests, Mr.

and Mrs. Alfred Jones, of Sea Island, Ga., to their duck marsh near Tibbury, Ont.

Home from Huron Mountain, Mr. and Mrs. William P. Harris Jr., of Ellair place hope to go to Washington early next month for the pre-Broadway showing of their daughter Julie Harris' new play, "The Warm Peninsula."

They expect Julie, her producer husband, Manning Gurnian, and their small son Peter, to be here the first two weeks of December for the play's Detroit run.

Mr. and Mrs. Abram vander-Zee have returned to their South Deeplands home after a week in New York, and the Philip I. Worcester of Vendome road are back from a 10-day tour of northern Michigan.

## Devils Stay Tied for Lead By Conquering Wyandotte

Grosse Pointe's once-beaten Blue Devils spotted once-beaten Wyandotte two early touchdowns and then roared back for three of their own to win 19-12 on the rain soaked local gridiron last Saturday, October 25.

This was a do-or-die struggle for both teams, with the winner moving into a three-way deadlock for first place for the Border Cities League title. Both teams knew they had their work cut out for them before the game got underway, as both Fordson and Royal Oak had won their games against Monroe and Highland Park, respectively the night before.

**Off To Fast Start**  
Under overcast skies threatening rain at any time the Bears ran circles around the Devils and chalked up two fast touchdowns in the first thirteen and a half minutes of play and the Devil fans sat stunned in their seats. They couldn't believe their eyes or the scoreboard.

Completely humiliated by this sudden turn of events, the Devils regrouped their forces and drove 79 yards for their first of three touchdowns, which came six minutes and 16 seconds after the second Wyandotte score. End Chuck Hanneman missed the extra point from placement.

Two minutes and thirty seconds later the Devils tied the score as the result of a recovered Wyandotte fumble and a beautiful pass-run play by halfback Ron Harper, which covered the final 34 yards. Hanneman split the uprights to put the Devils out in front 13-12, a lead they never relinquished.

**Hoye Gets Clincher**  
The Pointers' clincher came 23 seconds after the start of the final quarter when halfback Butch Hoye dove over the 40 yard line to a 45-yard drive. Hanneman missed his second conversion of the day which was a complete turnabout from the week previous when he booted five extra points in the Monroe game.

Here is how the scoring went:  
Wyandotte's first touchdown was set up when quarterback Nagy intercepted Nicholson's pass on the Wyandotte 44 and returned to the Devil 45. Nagy then flipped a 20-yard aerial to end Malicki, who was pulled down from behind by halfback Bill Hooth on a driving tackle on the Devil 7. Two line plays failed before halfback Winn circled left end for the first touchdown of the day with 38 seconds left in the first period. A bad pass from center fouled up the try for the extra point and the Bears were out in front 6-0.

The second Bear touchdown was set up on the kickoff, which was short and taken by end Chuck Hanneman on the Devil 30. With hordes of Bears swarming down on him, Hanneman attempted to lateral but his loss went wild and Wyandotte recovered on the Devil 24 with 13 seconds remaining in the first period. Two unsuccessful line plays and a fifteen yard holding penalty pushed the Bears back to the Devil 37 as the first period ended.

**Passes Pay Off**  
Nagy flipped a flat pass to Winn who went to the 20 before being brought down by Mike Carrier. Nagy then rifled a bullet pass to his favorite receiver, end Exner, on the goal line after a minute and a half had elapsed in the second quarter. Another bad pass from center nullified the extra point and the Bears appeared to have a comfortable 12 point cushion early in the game.

At this point the Devils came to life and began to outpace the Bears' forward wall after Butch Hoye had brought the Wyandotte kickoff out to the Devil 21 from the 7. Fourteen plays later Hoye bulled his way over the goal line from four yards out carrying three defenders on his back with 4:24 left. Hanneman missed the extra point from placement. In this 79-yard sustained drive, a razzle-dazzle pass play electrified the crowd and nearly stopped the drive. Nicholson pitched a pass to end Larry Bruzzese which was tipped by Nagy out of his reach and Wyandotte's Malicki grabbed for it. But the ball bounced high in the air again and this time Bruzzese caught it on the Bear 49.

With their lead threatened the Bears began to drive towards the Devil goal line after the kickoff but the hard charging Devil line rushed quarterback Nagy time after time and finally forced him to fumble and tackle Tom Standt for recovered on the Bear 34.

**Pull Picture Play**  
The picture play of the afternoon came on the first play when Nicholson flipped a 10 yard pass to halfback Ronnie Harper on the Wyandotte 24 near the sideline and Harper tight-rope down the stripe to score. Hanneman split the uprights to give the Devils a 13-12 lead at half-time.

The cold drizzle stopped long enough for the Devil band to stage the Dad's Day ceremonies but as the teams took the field for the start of the third period the northwest wind swept rain across the field into the faces of the Wyandotte team. These conditions hampered both teams and neither dared risk any fancy ball handling or passes. The center of the gridiron took a beating as they battled back and forth between the 40-yard lines.

A Wyandotte punt was grabbed by guard Mike Carrier on the Devil 45 and from that point the Devils drove in for what proved to be the winning touchdown. 23 seconds after the start of the final period, Butch Hoye smashed over from the two yard line. Hanneman's kick was wide and the Devils held a precarious 19-12 lead.

**Nicholson Is Leader**  
In this 55 yard sustained drive quarterback John Nicholson spearheaded the attack with bull-like rushes through the line. Halfback Ron Harper slashed around the Bear end behind the magnificent blocking of Mike Carrier, who three times shook ball carriers loose for long gains as he cut Wyandotte defenders down. One time Carrier took two would-be tacklers out of the play with the prettiest cross body block witnessed on the Pointe field in a good many years.

Grosse Pointe lost another touchdown, five minutes from the end of the game, when center Dave Leone lost his temper and was charged with a 15-yard personal foul penalty with the ball on the Wyandotte half foot line. Leone's foul was aggravated by repeated fouls committed by the Bear center which were caught by the officials but the penalty was not fifteen yards but only half the distance to the goal line. On both occasions the penalty was only a half yard.

The penalty put the Devils back on the Bear 15 and Nicholson was forced to go to the air. His second pass was intercepted by Malicki who raced to the Wyandotte 43 before Carrier cut him down with a driving tackle that saved a touchdown.

**Half Air Attack**  
The Bears took to the air with four minutes left. The Devil defense withstood the test and Chuck Hanneman stopped the threat by nailing Exner for a 16 yard loss on third down and forced the Bears to punt. Hoye took the kick on his own 10 and raced back to the Devil 22.

Determined to control the ball, Nicholson elected to stay on the ground and the Devils smashed down the field on the quarterback sneaks of Nicholson and the end runs of Harper behind the interference provided by Mike Carrier. The clock ran out before the Pointers could fashion another touchdown and the game ended with the Devils in possession on the Wyandotte 32.

**Chips Are Down**  
Grosse Pointe will travel to Highland Park to tackle the winless Polar Bears under the lights on the latter home field Friday, October 31. On the same weekend Fordson and Royal Oak will meet. If these two teams play a tie game and the Devils beat Highland Park the Border Cities League crown will be Grosse Pointe's for another year.

If Grosse Pointe loses, the winner of the Fordson-Royal Oak game will claim the championship.  
If Grosse Pointe wins and the Fordson-Royal Oak game goes in favor of one or the other then the Devils will be forced to share the title.  
It will be "blue chip" weekend in the Border Cities League.

Under the sponsorship of the International Cooperation Administration, The University of Michigan trains highway construction and motor fleet technicians in Mexico City.

## Crown Won By Cavaliers

The St. Ambrose Cavaliers cleared the last hurdle to the East Side First Division football title with a lopsided 38-12 pasting of St. Anthony last Sunday, October 26.

The victory not only gave the Cavaliers a perfect 6-0 record for the season but it qualified them to meet the winner of the U of D-De La Salle game which will be played next Sunday, November 2.

League Director Sam Madden declared U of D would meet the Cavaliers in the first playoff game for the Parochial City Championship, regardless of the outcome of the De La Salle game. De La Salle has been beaten by Austin and Austin in turn beaten by U of D handily.

**Waste No Time**  
The Cavaliers wasted no time in getting a score on the board. They took the opening kickoff and drove 60 yards in six plays to score. The extra point was nullified due to a St. Ambrose penalty and the second attempt missed.

Sophomore Bill Fournier banged over from the two for the second touchdown in the second quarter to give the Cavaliers a 12-0 lead. Fournier notched his second score of the day when he raced 24 yards early in the third period and Joe D'Angelo ran over for the extra point to raise the score to 19-0 in favor of the Cavaliers.

Minutes later Jim Laskowski intercepted a Teton pass and ran 51 yards before being hauled down on the St. Anthony 21. Three plays later Jim rambled 15 yards for the fourth score of the day. Lampredies flipped a short pass to Currie for the extra point.  
On the last play of the third period Ken Morsch passed to Bernard Bak for a 15 yard St. Anthony touchdown.

**Drive 71 Yards**  
St. Ambrose got this score back in a hurry when they drove 71 yards in three plays. A 50-yard pass from Lampredies to Norm Cure electrified the crowd and highlighted the drive.

Riding on a comfortable cushion the Cavaliers didn't let down for one second and drove to the Teton 10 where Laskowski notched his third touchdown of the game.

Teton quarterback Ken Morsch covered 9 yards for St. Anthony's final touchdown but the Cavaliers got this one right back when they drove 63 yards, after the kickoff, to pay dirt in two plays. A 68 yard aerial from Mike Tank to Norm Cure was the big gainer.

Despite the muddy condition of the field the Cavaliers amassed a total of 417 yards rushing as compared to 200 for St. Anthony.

The Cavaliers will be idle next weekend but you can bet that Coach Tom Boisture will have his squad in the stands to scout the Cubs of U of D in the De La Salle game next week.

**Little Gridders Divide Honors**  
Honors were about equally divided last Sunday, October 26 between the Rams and Lions of Grosse Pointe when the three teams, Freshmen, Junior Varsity and Senior Varsity met at Neighborhood Field in Little League football contests.

The results: Ram Freshmen 0, Lions Freshmen 0; Ram Junior Varsity 0, Lions Junior Varsity 7; Rams Senior Varsity 13; Lions Senior Varsity 0.

Linebackers Chris Zens and Chris Sandler did an outstanding job for the Rams Freshmen.  
Waging a terrific but losing battle on defense for the Rams Junior Varsity were John McMillin, Rick Kurtz and Jim Zimprich. Out of the game because of an injury but missed because of his excellent kicking throughout the season was Rick Stander.  
Dan Engel did a great job on the offense for the Junior Lions.  
Good line play for the Rams Varsity marked Terry Mullen, Don Law, Andy Kimmel and Bob Woodard. Quarterback Buzz Bartholomew called signals faultlessly.  
Terry Marr and Mike Bielawski starred for the Lions Varsity.

## Led Lakers In First 'A' Season

COACH EDDIE LAUER, left, and co-captains JOE LAUER and FRAN LABADIE led the St. Paul Lakers to a winning season the first year the little school in Grosse Pointe Boulevard was entered in the East Side First Division of the Parochial League. The Lakers tumbled St. Stanislaus 27-0 in the final league game for a record of three wins, two losses and one tie, which gave the Lakers third place.

## Goebel Keglers Take Loop Lead

At the close of half of the first half, Goebel No. 1 regains the lead in the tight race of the Grosse Pointe Business Men's Bowling League. Only six points separate the first ten teams.

Four teams made sweeps of their matches. Goebel No. 1, aided by Ray McDonnell's 597 series, moved back to first place by defeating Cox and Baker.

Larry's moved up two notches to fourth place by whipping Adam Simms. Jim De Smedt rolled 565 for Larry's. John Vance had 529 for Adam Simms.

G.P. Woods led by Bruce Warren and a 589, swept their match with Beaconsfield-Kercheval. This moved the Woods to sixth place.

Goebel No. 2 jumped two places to seventh as they breezed past Mack-Prestwick. John Zamiska shot 576 for Goebel No. 2. Jim Stafford's 538 was high for the losers.

Belding over Cramer and Barrett's over, Bruce Wigle won each three point winners. Kennelly against Maple Lanes and G.P. Pharmacy against Atwell split their matches. John Hotia of the Pharmacy had the night high series of 599.

**200 Scores**—John Zamiska 233, Mel Persky 224, Cy Van Fleetan 223, Bruce Warren 222, Harry Rudge 220, Jim Stafford 219, John Hotia 212-208, Norm Fisher 212, Tony Russo 211, Ange DeGeorge 211, Dwayne Van Dresser 208, Jim DeSmedt 205, Ray McDonnell 204, Pete Kosmos 201, John Hall 200.

## Overseas Mail Advice Offered

In anticipation of the increased mailing of parcel post packages to other countries during the coming holiday season, Postmaster Edward L. Baker points out mailing deadline dates which prospective mailers should adhere to for assurance of delivery before Christmas.

"Because of the long sea transit time involved, customs inspections, and other formalities to which parcels may be subjected in the countries of destination, it is recommended," says Mr. Baker, "that mailings be made as early as practicable to assure delivery by Christmas Day."

Senders can be reasonably sure that parcels mailed not later than the dates shown below will reach their destination before Christmas.—South and Central America, Nov. 10; Europe, Nov. 10; Africa, Nov. 11; Near East, Nov. 1; Far East, Oct. 15.

## Devil Reserves Beat Royal Oak

Coach Ole Olson's Grosse Pointe Blue Devil reserve football team knocked off its second BCL foe and third enemy of the season last Wednesday, October 22, on the local field when they tumbled Royal Oak 18-0.

The first half was scoreless as the two teams felt each other out. But then in the third period the Devils began to roll. Jim Foster, who regularly plays guard, but when that extra yardage is needed on fourth down is switched to fullback, grabbed the pigskin and bulled his way 13 yards for the first score of the game to climax a 45 yard sustained drive. Lou Ewald's pass to end Mike Miller went astray and the Devils held a 6-0 lead going into the final quarter.

A 30 yard pass from quarterback Randy Allardyce to Mike Miller was the picture play of the day as Miller took the ball on a dead run on the Acorn 10 and raced into the end zone surrounded by three of his own blockers. The play covered 40 yards and climaxed a 55 yard sustained drive early in the final period. Foster's line plunge failed for the extra point.

Late in the final period the Devils appeared to be biding their time when all of a sudden they caught fire on their own 30 and smashed to the Acorn 45. At that point Allardyce fooled the opposition completely with his quarterback sneak and broke into the clear and raced 45 yards for the final score of the day. Jim Zinn's try from placement failed and the Devils wrapped up an 18-0 win over the reserves of the only BCL team to take the measure of the Devil varsity this year.

Jim Foster, Jim Kelp and Mike Miller were outstanding on defense while end Ken MacDonald and Allen Andrews starred on offense. MacDonald intercepted three Acorn aeriels and Andrews intercepted a Royal Oak pass and ran it back 50 yards to kill the only Acorn threat of the afternoon.

## Lt. Bruce Coleman Stationed in Japan

Second Lt. Bruce Coleman, 23, of 1263 Hampton road, is now stationed at Misawa Air Force Base, some 200 miles from Tokyo, in Japan.

Lt. Coleman, the son of Mr. and Mrs. Kenneth W. Coleman, received his commission through the Air Force ROTC program at the University of Michigan and went on active duty on Sept. 13, 1958.

Lt. Coleman is a January, 1953, graduate of Grosse Pointe High School and has received two degrees from the University of Michigan, a B.S. in industrial engineering in June, 1957, and a Master's in business administration in June, 1958. From June, 1958, until his call to active duty, he was employed by a chemical company as a special assistant to the vice-president in charge of sales, working out of the firm's central offices in Cambridge, Mass.

Lt. Coleman's duties at Misawa AFB include those of Base Morale Officer and the director of the officer's club. His tour of overseas duty is expected to continue for 18 months.

In 1922, the first balloon tires were introduced on U.S. cars. The tire and tube industry in 1957 increased its investment in newspaper advertising by 39 per cent over the previous year.

## Visitors Capture Lightning Series

Bayview Yacht Club Lightning sailors proved to be gracious hosts to their guests over the weekend of October 25-26 in the first annual Fall Series held on the Detroit River.

Out of towners took the first three places in the three race series sponsored by local club. Herm Nickles, boat builder of renown from Fenelon Lake proved he could sail the tricky currents of the Detroit River with the best of them and took the series and the Fuchs Cup with a total of 63 points.

Bill and Ed McKinley of Tawas Bay Y.C. placed second with 62 points and Bud Nelson of Toledo Y.C., sailing the first all fiber glass Lightning ever built, was third with 60 1/2 points.

Henry Cawthra of Crescent Sail Y.C. and two time Lightning National champion tied with Wes Weidrick of Bayview but was awarded fourth place via the horse race method of breaking ties in series racing.

Sailing in forty degree temperature the 23 skippers and their crews almost froze before the final race was completed but all said they would return again next year for this last race of the season.

Vic Carpenter came all the way from St. Petersburg, Florida, for the event and said after it was over: "I'm going back as fast as I can get there—I'm frozen to the bone."

Other point winners are as follows: Matt Goodwin 58; Richard Dickman 57; Vic Carpenter 49; Burt Jones 41; Al Berg 39; Mark Auer 34; Bob Zeiser 27; Tom McDermott 24; Tony Elshot 23; Chuck Elbery 23; Fred Wilhelm 22; Warren Jones 20; Jim McKinstry 16; Phil Smith 16; Don O'Neill 16; Bud Arkilian 15; Jim Kohls 14 and Jim Keller 6.

## Yachtwomen to Give Dinner Dance Nov. 8

The Yachtwomen are celebrating their 10th anniversary with a dinner dance at the Whittier on November 8.

Their guests will be Commander and Mrs. Lawrence Rice of the Grosse Pointe Power Squadron, and Commander and Mrs. George Cooper of the Detroit Power Squadron. Several of the original members who organized the group in 1948 will be present.

A large number of the Yachtwomen live in Grosse Pointe and are very active in various projects. Mrs. Robert Gilstorf is this year's president. In April they had a very successful Fashion Show at the Grosse Pointe War Memorial to raise funds to send boys to New London, Conn., for Academy Week.

## St. Paul Lakers Swamp St. Stanislaus by 31-0

The high flying St. Paul Lakers rode herd on the St. Stanislaus Broncos last Sunday, October 26, for 48 minutes and came off with a lopsided 31-0 victory on Jayne Field.

Buck as they would, the Broncos could not shake loose the tenacious Laker defenders while the St. Paul ball carriers broke free for touchdowns in all four quarters of this league game that gave the Lakers third place in the East Side First Division of the Parochial League race.

**Joe Lauer Big Star**  
Halfback Joe Lauer was the big offensive star as he paced the Lakers with three touchdowns. Lauer scored early in the first period on an end run and Marty Peters' conversion was good to put the Lakers out in front, 7-0.

End Tim Hutton powered his way for 30 yards early in the second period for the second touchdown and later in the same period Lauer smashed over center to notch his second score of the day. Both conversions were missed and the Lakers held a 10-0 lead at half-time.

Butch Cobb bulled his way through center for the fourth score and again the extra point was missed in the third period. Joe Lauer climaxed a won-

derful day for the St. Paul fans when he raced around end for his third and the final Laker touchdown late in the fourth quarter. The extra point was missed again but the Pointers didn't need it.

In the final period the Lakers did everything but run the Broncos out of the stadium. Co-Captain Fran Labadie picked off a deflected St. Stanislaus pass and rambled 60 yards before being brought down from behind.  
Earlier in the last period the Lakers missed a touchdown when a Laker back fumbled on the Bronco two yard line. At this point the Broncos almost averted the shutout when the Laker opponent piked up the loose ball and raced 55 yards before being brought down from behind by a beautiful diving tackle by Dick Chouinard.

The Lakers will round out their 1958 schedule on Friday, October 31, when they hope to trip up second place St. Catherine under the lights. A victory over St. Catherine will not enable the Lakers to move any higher in the final league standings but would add to the gaining prestige of the Lakers as St. Catherine lost only to champion St. Ambrose.

Earlier in the season the Lakers dropped a 13-12 decision to St. Ambrose which was the closest margin of victory the Cavaliers enjoyed in six games.

**Use Tea Cloth To Teach Math**  
Mathematics students at Parcels Junior High School in Grosse Pointe are engrossed with the idea and theory of prime numbers at the present time. To aid them in their study of these numbers, whose chief characteristic is that they are divisible only by themselves and by unity, many materials have been collected.

One of these is a tea cloth woven to represent the distribution of all prime numbers between zero and one hundred around the axis of a graph. Designed by a Dutch engineer, with a strong leaning towards mathematics, the cloth was recently featured by "Fortune" magazine.

The tea cloth is the property of Mrs. Eldon Jones of Hollywood road whose son, Brian, is a student at Parcels. Its design results from a method developed 2,000 years ago by a Greek mathematician, Eratosthenes of Alexandria, to represent prime numbers. The display may be viewed at the Woods Branch public library through October 25.

The mathematics teachers in the Pointe schools are constantly on the alert to use the newest of modern mathematics as well as that of ancient times. Old ideas and principles often fit in perfectly with new concepts and practices. The teachers point out that amazing relationships can often be shown to exist between certain phases of such diverse fields as military tactics and experimental agriculture; between cost accounting and the production of a TV program; and many, many more.

They state that many elements are fundamentally the same in all of these areas and that they are able to keep most students' interest at a high level when they inject modern terminology and current applications into the course of study.  
Many of the Grosse Pointe mathematics teachers are now enrolled in a college course in modern mathematics being offered locally by the University of Michigan. It is felt that this is an important means of keeping abreast of modern developments and will help insure that today's students will be prepared for tomorrow's problems.

Center to Show Movie on Dance

Pointers will have the privilege of attending free of charge, an especially fine program featuring Martha Graham's film, "A Dancer's World" with introduction and commentary by Ruth Murray.

Martha Graham is recognized by even such an eminent authority as Agnes de Mille as being the foremost figure of this century in the world of modern dance.

In her film, "A Dancer's World," Martha Graham is the narrator, the picture opening with her making up in the dressing room for the role of "dancer of night journey" for which she is famous in "Oedipus."

Introducing and commenting on the film will be one of Detroit's own luminaries, Ruth Murray, Head of Women's Physical Education at Wayne State University.

In 1927, Miss Murray originated the Wayne University Dance Group the direction of which she relinquished only in 1954 when she became Head of the Physical Education Department.

After another three weeks of rigorous flight training, Denis was advanced to flying jet planes, his parents were informed by Capt. Robert M. Ware, USN, Denis' commanding officer, thereby completing a big step toward becoming a naval aviator.

More than two-thirds of the students registered for University of Michigan Extension courses in Flint were graduate students this year.

George Melachrino Bringing Orchestra

George Melachrino, talented creator of the famous "Melachrino Strings" and "Mood Music" and who will appear at Masonic Temple with his orchestra at 8:20 p.m. on Friday, November 7, was born in London in 1909, of Greek parentage.

He started his musical career on the violin, while a small boy, under the tutelage of his grandfather, He later attended England's Trinity College of Music, specializing in chamber music.

He aspired to a concert career, but necessity required him to make a living as a theatre musician. At the age of 18, Melachrino became a member of the orchestra at the Savoy Hill Theatre in London. Here he did the arrangements as well as playing oboe, clarinet and saxophone.

In 1939, he decided to form his own orchestra and secured an engagement at the famed Cafe de Paris from which he broadcast over the BBC World War II interrupted this venture and Melachrino dis-banded his orchestra to join the British Army, where they made him a cook and later a military policeman.

Melachrino's talent was soon discovered and he was appointed Musical Director of the British Band of the Allied Expeditionary Forces, which boasted some of the finest instrumentalists in the country.

Retired Men's Club Meets at Hannan 'Y'

The Detroit East Side Retired Men's Club has been organized, not only to provide recreation for retirees, but to help them to retain their interest in what is going on around them.

The club, which has members from the East Side of Detroit, Grosse Pointe and other nearby communities, meets every Thursday morning at the Hannan Branch of the Y.M.C.A., corner Jefferson and Garland.

Interesting travel pictures help to retain interest in various parts of the world, and cards, chess, checkers and other games provide recreation.

Periodically trips are arranged to visit well known industrial plants and other points of interest. A recent trip was through the U.S. submarine at the Naval Armory. Plans for the winter include discussions on gardening and other subjects of interest.

To arrange for an initial visit to the club, phone Mr. Winch, TU 1-1678.

Police Ticket Two After Crash

Two drivers were ticketed by Park police on Saturday, October 25, following an accident in which one driver lost control and knocked down a fence and ran into a house at Charlevoix and Harvard.

One of the drivers, Betty Jane Ball, 37, of 1387 Maryland, whose car rammed the house, 1386 Harvard, was taken to Bon Secours Hospital by police ambulance for treatment of an injured neck.

Police said that the woman was going east on Charlevoix, when her car was hit on the right side by a truck driven by Robert Neugebauer, 23, of 24625 Beck drive, East Detroit.

Neugebauer was stopped for Charlevoix, police said, headed north, and when he started up again, he ran into Mrs. Ball's car, causing her to lose control of the vehicle, hitting the fence and the house. Several bricks were knocked loose from the building, the report revealed.

Neugebauer was given a ticket for pulling in front of moving traffic, and Mrs. Ball was issued one for not having her car under control.

He is a 1955 graduate of Grosse Pointe High School.

McKay Padmos Wins Cook Memorial Award

Beaconsfield, of 892 Beconsfield, was presented the first L. David Cook Memorial Award at the annual meeting of the Detroit Section of the National Association of Corrosion Engineers.

Padmos, a June, 1958 graduate of Wayne State University's College of Engineering, received the award on the basis of his research in corrosion.

The L. Davis Cook Memorial Award was established by an initial grant of \$1,000 from Mrs. Cook and the Detroit Section of the N.A.C.E. to the department of chemical and metallurgical engineering at Wayne State.

The grant was made following Cook's death in an airplane collision. It provides for the annual selection of a chemical or metallurgical engineering graduate whose research in the field of corrosion is considered meritorious.

Fire Damages Woods Garage

Thomas Sheahan of 1993 Van Antwerp, was lucky he did not have his car in his garage the night of Monday, October 27.

The garage was on fire, but Sheahan was asleep and did not know of this until he was awakened by the noise of Woods firemen, who were putting out the blaze.

The garage and its contents were badly damaged, officials said.

The fire was started by spontaneous combustion from paints at the rear of the garage, the officials said. The amount of the damage is not known.

Three Homes Burglarized

(Continued from Page 1)

ing up and down Oxford, just before the burglary.

Howell left his home at 5:30 p.m. and returned about four hours later, and found his house had been entered.

The two Woods officers said entrance into the Howell home was gained in the same way as that of Schisler and that the Howell house was also ransacked. As far as could be determined, the policemen said, all that was taken were two fall trading stamp books.

In the Farms, Det. Sgt. George Van Tiem said that he was called to the home of the William McKees, 458 Belanger, by Elmer Labadie, of 462 Belanger, who stated that he thought there was something wrong at the McKees residence.

Arriving at the scene, the officer found that the house had been thoroughly ransacked. It appeared that the thieves were looking for money, since they searched through dresser drawers and even stripped the beds in the upstairs bedroom.

Sgt. Van Tiem said that the thieves made four attempts to enter the house, before finally succeeding. The first was made at the milk chute, the second at the kitchen window on the

east side of the house; the third by cutting the screen of the rear door and trying there; and the fourth and successful try, at the kitchen window on the north side of the house off the porch.

The officer said that a flat tool was used to force the window through which entrance was gained.

Van Tiem said the McKees were absent from their home at the time he arrived to investigate, and they were informed of the breaking and entering on their return.

The officer said that the thieves went through a cabinet in the living room and one in the dining room, and then ransacked the second floor bedrooms.

A thirteen-year-old boy told police he saw two persons wearing hats and dark jackets near the Taylor Hall residence, 463 Belanger, but when these men saw him and several boys he was with, they fled over the Halls' back yard fence.

A short time later, the boy said, he saw a two-tone car driving by slowly and looking at the McKees residence.

The McKees' daughter, Janet, 17, came home and discovered that a revolver was miss-

Nelson to Tell Of World Tour

Grosse Pointe High School's much travelled speech teacher and dramatic coach, Frederick B. Nelson, will be featured on the Memorial Center's "Meet the Travelers" series, Wednesday evening, October 29, at 8 o'clock.

The public is cordially invited from her father's bedroom. This was later found under the living room couch by Mrs. McKee, where it was apparently tossed by the burglars, Van Tiem said.

This past summer was the second time Mr. Nelson has travelled around the world with a University group from Wisconsin. This time the tour included such interesting highlights as East Berlin, Russia, and two safaris in Africa. In addition, Mr. Nelson took several side trips on his own, such as a visit to the Oracle of Delphi and a tour of Benares in India.

Because of limited space, Mr. Nelson's audience must be held to 175.

DOES YOUR TOWN HAVE GROWING PLANS? Tomorrow's industry wants to be in tomorrow's town. A good reason for you to take an active interest in community planning today. Providing you are interested in seeing new industry come and present industry stay and expand. Every town should plan for orderly growth and development, but the town that would attract industry must do so. Your town needs a municipal planning commission, a comprehensive community plan, good zoning. soundly programmed public improvements, a building code, expert attention to the parking problem, etc. Your town needs these things, and your municipal officials need your encouragement and help in the efforts they are making to get them. It's no trick to be yesterday's town, but if you're going to be today's town, you've got to work at being tomorrow's. Join hands with your local industrial development organization and the Michigan Economic Development Department to make your community prosper. This ad is published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department. A  
 TRADITION  
 of...  
*Quality*

**TYPESETTERS  
 TO THE TRADE**

There's a "point" of quality in the newspaper case that Abbe uses for its customers. If it's well-fitted and set to fit the form then you know that craftsmen have been a-working. The tempo of printing is not always judged by ink, presses and paper, but by that *extra* something that the artisan puts into his work. Newsprint

needs quality craftsmen to dress it up and put extra life into your sales message. After all, almost all builders use bricks, lumber and stone, but it is unusual when two builders put that same "oomph" into the building. Abbe will put that "flare" into your newspaper, Mr. Publisher. So, why not call Abbe Press immediately?

John Anderson's recent wedding to Hungarian born Liza Ferraday, recalls a list of the Pointe's foreign marriages in the early days of this century when American heiresses carried off many a title from Europe.

Amy McMillan, daughter of Senator and Mrs. James McMillan, of Lake Terrace, met Sir John Lane Harrington in Washington when her father was serving there. He had won great distinction in Abyssinia and was British minister there. After his retirement from the Foreign Service the Harringtons lived in England until his death when Lady Harrington returned to the Pointe each year to visit her nephew and his wife, the James Thayer McMillans.

While visiting her girlhood playmate in Washington Maud Cass Ledyard, daughter of the Henry B. Ledyards, met a young secretary in the German Embassy, Baron Clemence von Ketteler. They were married here in a brilliant ceremony at St. Peter and Paul Church and soon after the Baron was made ambassador to Mexico then to China. He died during the Boxer rebellion in the Orient, by his self sacrifice, saving the lives of all the other foreign representatives in Peking. Baroness von Ketteler lived for many years in her villa outside Florence, Italy.

The wedding of a del Monte, Julie DuCharme, and the Duke Marigliano del Monte, a charming Italian nobleman, was followed by a reception in the gardens of the Cyrus Lothrop home on Lakeshore. The hosts were the bride's brother-in-law and sister. After the death of her husband the Duchess returned to the Pointe for many visits.

Another McMillan miss to marry a foreign peer was Gladys, who became Countess Cornet de Ways-Ruart, of Brussels. The Count was burgomaster of a little town near Waterloo where his family chateau was situated. During World War I he was taken prisoner by the Germans who occupied the chateau. The Countess was treated with consideration by the Germans but worried about her husband who was sent to a camp behind the lines.

In 1908 Mary Newland, daughter of the Henry Newlands, owners of Bellehurst on the lakeshore, met Count Menno Limburg Stirum, of Germany, while staying with friends at St. Moritz. They were married in Detroit but lived abroad with their three daughters in Baden-Baden and Geneva.

These tales of romantic foreign alliances would not be complete without a priceless and typical story concerning the late Mrs. Henry B. Joy, who as Helen Newberry was traveling in Germany with a party of friends. She met a prince who was much impressed with her charms and cabled a member of her traveling party: "I would wed Miss Newberry. Will she come hither or shall I go hence?"

Evidently he was much too impressed with his own charms for the delightful Miss Newberry came home to marry a plain American, Henry B. Joy.

There are meetings and teas . . . and more meetings and teas these busy fall days. Pointe leddies would have to be bi-located to attend all on their schedules.

Just a few who've been greeting "Madame Chairwoman" at recent events are: Mrs. Carl A. Zimmer, wearing exquisite black sheath dress with wide collar band of pink satin and ever-so-tiny hat pink feathered hat with bird's head over one eye.

Likewise, feathered hats were choice of Mrs. Henry B. Joy Jr., and Mrs. Ted Whittlesey. The former wore small black feathered chapeau and blue tweed sheath dress, the latter a black wool sheath.

Mrs. Eldon C. Baumgarten donned red sequined headpiece to match her red wool sheath . . . Mrs. Clarence Fox also favors red this year, wearing a lovely red silk frock to one gathering, and Mrs. Robert White had on handsome outfit in yellow cashmere. An olive green cashmere dress and jacket were worn becomingly by Mrs. Arthur Pfannen-schmidt.

New residents of the Pointe can be watching the mails for their invitations to a Newcomers Tea, which Cottage Hospital and the Woman's Auxiliary thereto will sponsor in November at the nurses' home in Ridge road.

### PILFERINGS

Sez Bennett Cerf: O is for the octopuses who strolled Lovers' Lane arm in arm in arm in arm in arm in arm.

The village blacksmith hired a new assistant. "Now, listen carefully, and I'm sure you'll do all right," the blacksmith told the nervous young lad. "I'll take this horseshoe from the fire and put it on the anvil. When I nod my head, you hit it with the big hammer."

The youth did just as he was told. Now he's the village blacksmith.

Talma, Napoleon Bonaparte's favorite actor, was famous for his ability to improvise lines when something went wrong with a scene. Once, the script called for him to fight a duel with pistols. His opponent, playing a dastardly villain, was supposed to fire prematurely, and Talma was to fall mortally wounded.

However, the stage pistol in the hand of the other actor failed to go off. Having pulled the trigger several times, now thoroughly bewildered villain, Talma and gave him a violent kick.

The great actor was equal to the occasion. With his usual presence of mind, he clapped his hand to his forehead and exclaimed: "Mon Dieu, his shoe was poisoned!" Then he collapsed upon the stage.

Mrs. C. was bathing her new baby with her neighbor's five-year-old Donna an interested onlooker. Donna was clutching a doll that had lost an arm and a leg. "How long have you had your baby?" asked Donna. "Three months," Mrs. C. replied. "My, you've kept it nice," her small visitor commented.

## Pointer of Interest

MRS. EDWARD S. EVANS, JR., OF OLDBROOK LANE

—Picture by Fred Runnells

By Patricia Talbot

The lady with the countless lists, that's what chairman Mrs. Edward S. Evans, Jr., who is general chairwoman of the largest church Christmas Fair in the Pointe this fall.

Charming, well groomed Mrs. E., manages her tremendous task as organizer for the Christ Church Fair, November 13, with poise and efficiency. At 9 o'clock in the morning when many a lady is thinking about her second cup of coffee Mrs. Evans is up, dressed in her impeccable taste, and settling down on the phone for a dozen committee chairman.

And how was she selected for this co-ordination job? For many years she has worked on Christ Church Fairs, as vice chairman, four years ago, and antique booth chairman two years ago. Christ Church gives the Fair every other year, alternating with Grosse Pointe Memorial Church. As proof of Mrs. Evans' great efficiency, this year there will be no antique booth. It's too difficult to handle. When she was managing antiques she journeyed all over the East collecting rare items for the Fair.

### Antiques Her Hobby

Antiques are her hobby and her lovely home in Old Brook Lane, decorated in soft greens and blues, is a charming background for the family heirlooms she has arranged with loving care. In the polished window dining room is a bowled table of unusual design, two half moons and a drop leaf put together. Rare floral prints are hung on the walls with family portraits.

Mrs. Evans' other interest is her garden, a miniature English walled garden, which was laid out by a landscape expert. She is first vice-president of the Garden Club of Michigan and spends a great deal of time weeding, pruning and seeding before she leaves with her family for Pointe aux Barques where they spend each summer. The Evans' have three children, Ginny, a post doc, who is helping her mother's Fair work by stitching away at needlepoint chair covers; Ned, a student at the University of Michigan and Johnny, a GPUS pupil. The whole family spend spring vacations at Sea Island, where Mrs. E. finds antique hunting successful.

Middle of Night Notes  
All thoughts of vacations are far away now. She is so engrossed in her Fair chair-

manship that she often wakes up in the middle of the night and jots a note on the memorandum pad she keeps at her bedside for such emergencies. No easy volunteer task now in these last few weeks before November 13 she finds she has a full time job.

Not content with checking all the arrangements for staging, securing hostesses, sending announcements, and committees' progress she invited the Christmas decorations group to meet in her basement. She herself works on decoupage while watching TV because she says television viewing hardly engages her full attention. She doesn't have much time for her antique china dog collection, flower arranging, her garden or her board meetings at the Neighborhood Club. Mrs. Evans loves to shoot, too, but the duck marsh won't see much of her until after November 13.

### Proceeds From Fair

Proceeds from the Fair, and they are quite respectable, support the Women's Auxiliary for two years, St. George's Mission in Centerline and the Diocesan Cathedral Building Fund. After the Fair is over she will still have to get off a huge report and attend the post-Fair sale in December. She is very faithful to the Women's Auxiliary which meets the first Tuesday of every month in Miller Hall and especially enjoys the speakers on family living.

Her praise for all the Fair workers is unstinting and she insists her job is made so much easier because of the dedicated ladies who chair such booths as House Beautiful, Kitchen Corner, Treasures of Tomorrow, Tots and Toddlers, Wonderland and Knitting, to name just a few. Along with the decoupage work she has worked on arts and crafts and flower arrangements, her own specialty. Some of the ladies have

## Drive Launched By Thrift Shop

The Neighborhood Thrift Shop on the corner of St. Clair and Waterloo opens its annual drive for toys on November 1 and it will continue until Thanksgiving.

Mrs. Richard Joy, III, is to be chairman of the drive and assisting are Mrs. Robert Cudlip and Mrs. Laurence Higbie. Parents come from far and wide to buy these Thrift Shop bargains. The sale makes it possible for many to have a happy Christmas morning. Only through the generosity of Pointers is it possible for us to have these toys for sale.

If you have any toys, please bring them to the Neighborhood Thrift Shop or call TU-xedo 5-0773 and a driver will be sent to your home to pick them up.

### GOOD OLD BARBER SHOP

World champion barber shop quartets will be featured at Fry and Edsel Ford Auditorium Saturday evening, November 1, when the Detroit chapter of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, Inc., holds its 18th annual quartet concert.

### LEMON STICKS

Contributed by Mrs. Thomas Sellars

- 1/2 cup butter or margarine
- 1/2 cup confectioners sugar
- 2 eggs, separated
- 1 cup flour
- 2 tsp. grated lemon rind
- 1/2 cup sugar
- 1 Tb. lemon juice
- 1/2 cup chopped nuts

Cream butter and confectioners sugar. Add egg yolks and beat until light. Stir in one cup of flour and grated lemon rind. Mix until smooth and spread evenly in bottom of ungreased 13 by 9 inch pan. Bake 10 minutes in 350 degree oven. While this is baking beat egg whites until stiff, gradually adding 1/2 cup of sugar. Beat in lemon juice and fold in nuts. Spread meringue topping over baked mixture and bake 25 minutes longer. Cool slightly and cut into 3 by 1 inch strips. Makes 32 strips.

## Pointe Counter Points

The modern sorceress . . . knows the power of beautiful eyes . . . and the secret of achieving them! She begins at the beginning with Special Ardena Eye Lotion and Crystal Clear Eye Drops to bring added sparkle, while soothing and protecting the eyes. She also uses deft touches of Ardena eye make-up by day . . . adds glamour extras, especially created for nighttime witchery . . . at Trail's.

"Trick or treat" . . . Jacobson's picks up the Halloween theme with a treat for you and the children. Refreshments will be served in The Youth Center, second floor. In The Sports Department, main floor, cider and doughnuts for a welcome snack.

Window Shopping . . . is an experience at The Dants this week. Fine Spode china is dramatically displayed. Included are antique, original pieces that tell the proud history of fine craftsmanship. Be sure to drop in and see the wonderful selection of spode patterns. Some of my favorites are Kent, Dimity and Chatham . . . but you'll have preferences of your own.

When Halloween fun is over . . . the next date to mark in your memo book is November fourth. Lester Weiss, representative for Major Leather Fashions will bring his trunk collection of leather coats to D. J. Healy on that day . . . see a wide selection of styles and beautiful colors . . . informally modeled.

Cast a spell! Right in your own home with the charming prints from The League of Women Old maps of Lower Saxony, Sweden and Italy in handsome frames make perfect foils for paneled rooms . . . while the very new Dessan foils are quite French with an unmistakable aura of gaiety about them.

Conjure a vision of a decorator! He's part magician . . . detective . . . mind reader . . . all in one . . . then too, he can save you money by helping you achieve the results you want with no costly mistakes. At Wanamaker's Studio on Mack Avenue . . . you'll find just such . . . magic-makers.

If he's hinting for shirts . . . he's hinting for Hathaways. In giving a Hathaway . . . you give more than a shirt. You give an idea . . . quiet luxury and perfect taste. Fine fabrics from every corner of the world . . . immaculate cut and styling! Find these wonderful . . . wearable shirts at Proper's . . . for nineteen years a Grosse Pointe tradition.

A charmed life . . . is what the permanent designs created by Charvat the Florist will lead in your home . . . from now on. Dried arrangements with a feeling of fall . . . are lovely and apropos. Also available are lasting floral delights in pink or white to suit milady's taste and color scheme.

Wizardry by the clever Swiss . . . Glen Cotohna sport shirts . . . woven of the finest cotton, yet they are full bodied and come in the subtlest tones of green, brown and red . . . either stripe or check . . . at Kilgore and Hurd.

En route . . . the chess player will appreciate a good looking magnetic chess set. Comes in a thin red leather case . . . twelve-fifty, also at Kilgore and Hurd.

The magic . . . of coordination is a potent wardrobe builder! At Jacobson's Sportswear Department, you will find well matched two and three piece ensembles that take you fashionably through day and evening. For morning there's a chic camel toned skirt and jacket . . . mated to a camel and white patterned blouse. Shaggy wool tops and skirts present a complete style picture . . . as do the self-trimmed sweaters and skirts . . . many of which arrive at a cocktail party perfectly poised.
