The above personnel are helping plan the maneuvers of a modern Army in an offensive counterattack on an aggressor force equipped with the newest weapons.

Thug Wanted By Shores Police Nabbed in Texas

Donald E. Lisiewski, 28, of 173889 Mendota, Detroit, wanted by Shores police for the January 10 robbery of the Robert Dales' residence, 500 Ballantyne, and the terrorizing of two girls, was arrested by Brownsville, Tex., police on Thursday, January 15.
Shores Police Chief Fred Duemling said that legal action has been set in motion to have Lisiewski, alias Donald Fox, plus a string of other aliases, extradited to Michigan for prosecution.
Unless Lisiewski waives extradition, it will be about two weeks before the accused man can be brought back to Wayne County, the chief said.
Lisiewski is accused in a warrant, along with Walter Simard, 28, of 7452 Steger, Detroit, of invading the Dale home with a gun and taking a valuable tape recorder and two girls' coats, after terrorizing the Dales' daughter, Margaret, 15, and Ann Cronenweth, 17, of 525 Sheldon, who was visiting Margaret.
Simard and Lisiewski ransacked the first floor of the house, pulling out chest drawers, searched closets and rooms, while forcing the girls to sit quietly at the point of a gun.
Ann's father, Russell Cronenweth, called the Dale house twice to find out why his daughter had not yet returned home, and each time the bandits ordered the girls not to say anything out of the way. After the thieves left, Ann (Continued on Page 2)

Five Pointes, and Neighbor Reach Accord

Councils Expected to Ratify Program Following Meeting of Chiefs and Managers

The city managers and fire chiefs of the five Pointes and Harper Woods reached an agreement on a formal plan of mutual fire aid following a meeting held at the Grosse Pointe Yacht Club on Wednesday, January 14.

All that remains now is that the agreement be ratified by the councils of the six communities, after which the "kinks", if any, will be left up to the fire chiefs to iron out.

The Mutual Aid Pact is flexible to the extent that it can be changed, if and when needed, as new roads and side streets are constructed in the Pointe and Harper Woods. This means that equipment and personnel of the fire departments other than that designated for a particular area, can be switched around with the possible changing of protection boundaries.

The proposed merger of the Park and City Fire Departments, presently under discussion by officials of the two cities, will not interfere with the over-all mutual aid pact.

Cancels Agreement

Park Fire Chief George deCaussin said the fire aid plan does away with the "gentleman's agreement" now existing between the six cities, making fire protection for the more than 75,000 persons in the Pointe and Harper Woods, more concrete.
"In an extremely bad fire, which is not likely, but always probable," Chief deCaussin said, "we will be able to muster nine pumps and three ladder trucks, all first class equipment, and approximately 90 men, with Detroit firefighters standing by if extra help is needed."

Specific boundaries and areas have been established, to which the fire equipment and men will respond on a second alarm. For example, if the City has a fire on the west side of Lakeland, and help is needed, the Park will be called to assist, and if on the side of Rivard boulevard, the Farms will respond.

The Mutual Aid Pact is set up in such a pattern, that no community that has all of its equipment at a fire within its boundaries, will be unprotected. Again, for example, if the City has a big fire, and responds with all equipment, the Park will fill in with its equipment at the City Fire Station, protecting the Park and the City.

Examples Listed

If, for instance, a large building, such as Bon Secours Hospital, should catch fire, the City, Park and Farms will send equipment on the first alarm. The Park will retain one pumper at its station house, giving a measure of protection to the Park, City and Farms.
On a second alarm, the Shores will send one piece of equipment, a pumper, the Woods will send two pumps, and the City will call all off-duty men.

Installing New Radio

Chief deCaussin said that until the new emergency radio system is completely installed, second alarms will be relayed through the various police departments, which, like the fire departments, will have indexed cards of locations in the Pointe and Harper Woods, for fast pinpointing of the scene of a fire.
Once the installation of the new radio system, termed a "one-party line" hookup, the relaying of emergency calls through the police departments will not be necessary, the chief said.

He said that each department will have its own receiver. (Continued on Page 2)

Park Police Give Aid to 1,230 Drivers

Students from Both Public and Parochial Schools Assisted in Training Courses

Park Police Chief Arthur Louwers' annual report to the city council and City Manager Robert Slone, included an item that the Park Police Department materially aided 1,230 Driver Training students at Traffic School sessions.

Three Park officers instructed the students during three sessions, according to the chief, by giving oral lessons in safety and showing slides. The officers are Lt. Gerard Kesteloot, Det. Lt. Arnold Hough and Patrolman George Blair, who is the city's safety officer.

In the report, Chief Louwers stated that the total of 1,230, represents students from both public and parochial schools who attended the Traffic School sessions as part of their Driver Training.

He said that students who failed to attend the regular classes met the requirement by attending one of the general session classes held once a month, which are open to the public.

Woman Felled By Kitchen Fire

A fire that is presumed to have started in a rubbish bag under the kitchen sink, was quickly and expertly handled by Grosse Pointe City firefighters before it turned into a major blaze.
A neighbor reported the fire at the 17221 East Jefferson residence of Dr. and Mrs. Charles T. Jenigen, at 9:18 Saturday morning, January 17.

Teen Prowlers Plead Guilty

Donald Osmulski, 18, of 1236 Holcomb, and Larry Wright, 17, of 3827 Benicote, both of Detroit, pled guilty to attempted larceny from a building, at a hearing before Wayne Circuit Judge Frank Fitzgerald on Tuesday, January 13.

The plea was accepted and the case referred to the Wayne County Probation Department for a pre-sentence finding. Bonds of \$100 each was continued.

Osmulski and Wright were charged, with trying to break into the home of Mrs. George K. Peets, 449 Allard, last October 6. They were frightened away when Mrs. Peets appeared on the rear porch to investigate noise made by the youths.
The teenagers were arrested by Farms police five minutes after Mrs. Peets called authorities on Chalfont, between Barclay and Cook roads.
At the time of their arrests, the youths admitted trying to break into the home, and that they tried to break into a house at 681 Hawthorne prior to trying to get into Mrs. Peets' home.
They also admitted to police that they came to the Pointe with the intention of finding a home to burglarize.
The original bonds of \$100 each was set by Farms Judge Grant E. Armstrong following an arraignment on October 8.

Michigan's Factories, Farms and Stores Depend on Trucks

Manufacturing, farming, the retail business — all have one thing in common: each needs transportation facilities.

And, since the motor truck provides fast, flexible, direct service unequalled by any other form of transportation, more tonnage is shipped by truck in Michigan each year. (Nationally trucks haul more than 3 times as much tonnage as all other systems combined.) Every truck you see on the road is working — working to help keep Michigan's economy humming, to help keep employment and sales high. There isn't a corner of the State that isn't served daily by trucks. And factories and shopping centers can be located anywhere and be assured of efficient truck service so long as they're on a road.

You see how vital trucks are to Michigan.

Five Aid Pact Approved

It was pointed out that according to the mutual aid plan, if a chief of the department called upon for help should respond with his men, he would be subject to the orders of the chief of the department in whose community the fire is being fought, and will relay all orders to his men from the chief in charge.

Chief deCausin added that the new pumper ordered by the Park, to replace an old 1929 pumper, will be delivered about the last week in March, or the first week in April, which will give the mutual aid partners fire fighting equipment second to none.

On Monday, January 19, the Farms and City councils approved the acceptance of the Mutual Fire Aid Pact, and authorized their mayors and city clerks to affix their signatures to the document.

The two councils favored the agreement as it stood, pointing out that the rough spots can be ironed out as time goes by.

Where the City council approved the pact without too much discussion, members of the Farms council discussed it for some time.

Councilman Edward C. Roney called for an amendment in the agreement, which would create a personnel squad, comprised of firefighters from each of the six cities, located in a strategic area, which could be sent to all fires without delay.

Kirby Against Delay
Opposing any delay in the signing of the pact was Councilman William Kirby, who stated that, in his opinion, the agreement should be signed without delay and without restrictions. The council's approval of the pact, as is, showed he won his argument.

The Woods and Harper Woods also held their regular council meetings Monday night, and each discussed the Mutual Fire Aid Pact.

The Woods council stated it favored the agreement, but referred it to the Public Safety Committee for further study. The committee will present its findings at the next council meeting, February 2.

Others In Favor
The Harper Woods council also expressed itself in favor of the pact, but held off signing it until it can be studied further. The issue will be

The Shores board of trustees met Tuesday night, January 20, and although the details of the meeting were disclosed at a time too late for publication, it was said before the meeting that the trustees favor the agreement and that there will be no opposition to affixing the official signatures.

The Park council will meet on Monday, January 26, with the Mutual Aid Pact foremost on the agenda. The council is highly in favor of the mutual aid, and approval is expected without any trouble.

COULD LOSE PATIENT
C. James Proud, president of the Advertising Federation of America, says: "Government officials who seek to tax advertising are like amateurs who try to remove an appendix. They are very apt to lose the patient. It is important to remember that advertising has traditionally been considered a cost of doing business, and not a product in itself. All businesses using advertising pay their fair and full share of taxes."

Young Teener Takes Pals For Outing in Stolen Car

City police officer Duncan McEachern has been commended for the apprehension of a stolen car — and the hoped-for reform of three Utica youths who were headed for serious trouble.

McEachern was cruising along Fisher road on Thursday, January 15, about 11:15 in the morning, when he noticed a car being driven in an erratic fashion. Suspicious, he hailed the vehicle over to the curb and discovered three boys, 14, 16 and 17 were the occupants.

Upon questioning the

youths, the officer noted that all appeared to be unnecessarily nervous. He decided to take them to the station for further query. There he turned the disposition of the case over to Capt. Andrew Teetaert.

Subsequent questioning by Teetaert revealed that the car was a stolen vehicle. The youngest of the trio admitted to taking it from the Chrysler Missile parking lot in Utica. Both of his companions maintained, steadfastly, that they had no knowledge of the theft but believed, as the 14-year-old had told them, that it was a relative's car.

In checking the license plates, police traced the vehicle's ownership to Richard M. Bakay, who lives at 2410 Zinow, in Hamtramck. Called at the Chrysler plant, Bakay checked the parking lot and reported that his car, in which he had left the keys, was missing.

The young thief admitted to "borrowing" a car from the same lot the Monday previous to his apprehension. As in the case of the Bakay vehicle, he had filled it with gas and oil and enjoyed a day-long drive — returning the automobile to the lot before it was missed by the owner. He had intended to take the same car, but not finding it, and seeing the keys in the Bakay vehicle, he took the latter instead. He claimed he'd every intention of returning it at the day's end.

Capt. Teetaert turned the trio over to Macomb County officials for further disposition of the case, following one of the stern fatherly lectures for which he is famous.

420 RE-REGISTER

Farms City Clerk Dawson Nancy informed the Farms council on Monday, January 19, that on December 12, notices of cancellation of voting registrations were mailed to 1,210 city residents who had not voted within the last two years. Of this number, he said, 420 renewed their registration, and 790 were dropped from the rolls.

Honored

A coveted award for outstanding civic contributions was made to ELAINE F. MURPHY (Mrs. Daniel J.) of 270 Williams, Grosse Pointe, by the Women's Advertising Club at its Fifth Civic Luncheon on Tuesday, January 20, at the Veterans Memorial Building. Mrs. Murphy was presented with an engraved, gold-finished tray and a key to the City of Detroit by Mayor Louis C. Miriani.

A psychiatric social worker who directs the Employee Consultation Center of the J. L. Hudson Company, Mrs. Murphy was honored for her dedication to community endeavors during the past fifteen years.

Born in Bad Axe, Mich., she attended the University of Michigan and completed her bachelor of arts degree in music and drama in 1930. The following year, she received a master of arts degree in sociology.

Prior to returning to U. of M. for her master's degree in social work, which she obtained in 1945, Mrs. Murphy worked with the Children's Center, Ypsilanti State Hospital, Detroit Orthopedic Clinic, Detroit Board of Education and Woman's Hospital. In 1944, she interested the J. L. Hudson Company in establishing a counseling service for employees. Regarded as the only counseling program of its kind in any retail setting across the country, Hudson's Employee Consultation Center, under Mrs. Murphy's direction, serves more than 10 per cent of the firm's employed population, including retirees, on personal and family problems.

In addition to her professional duties at Hudson's, Elaine Murphy has continually accepted civic responsibilities. An amazing woman with an abundance of vitality and interests, she has served numerous health and welfare agencies and to each she has contributed notably. Past contributions to com-

munity organizations (she is still active in many) include: past-president, Social Workers' Club of Detroit; past-president, Detroit Association for Adult Education; board member, Adult Education Association of Michigan; member, American Association of University Women, Parent-Teachers Association, Gerontological Society, Inc., Michigan Society of Gerontology.

Heading the list among her present assignments is being president of the Wayne County Chapter of the Michigan Society for Mental Health. Other current assignments include: member, Metropolitan Detroit Committee on Aging; United Community Services;

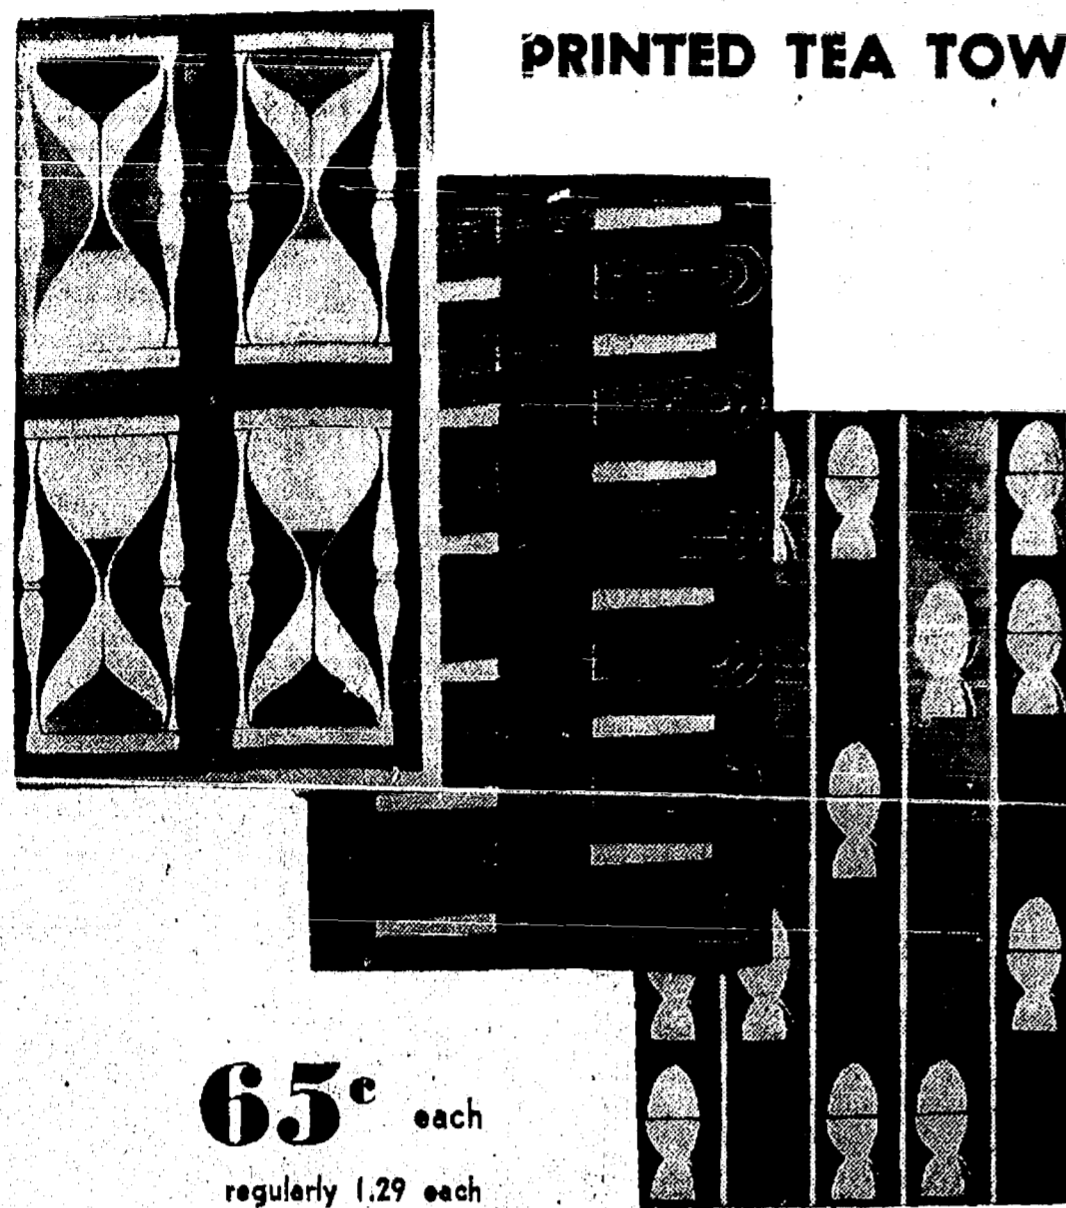

member, Committee on Adult Education and Policy Committee on Services, to Groups, United Community Services; member, Executive Committee, Michigan Society for Mental Health; board member, Travelers Aid Society, Detroit; board member, Cerebral Palsy Society; board member, Detroit Committee on Alcoholism.

When away from her demanding professional and civic responsibilities, Mrs. Murphy's greatest enjoyment comes from being with her family. Husband Daniel is with Michigan Bell Telephone Company in the Public Relations Department, daughter Marcia, 21, is a senior at University of Michigan, and son Daniel, Jr.,

16, is a senior at Grosse Pointe High School.

Pointe Theater Announces Cast for 'Gold Cadillac'

Selection of the cast for "The Solid Gold Cadillac," the satirical comedy about a little stockholder in a big corporation which will be the Grosse Pointe Community Theater's next presentation at Grosse Pointe High School February 6 and 7, was announced by Mrs. Betty Cook, 16720 E. Jef-

erson, who is directing the Howard Teichmann-George S. Kaufman farce.

For this spoof of big business, politics, TV commentators, newspaper reporters, the theatrical world and assorted performances which ran for 528 performances on Broadway in 1935 and was made into a movie, Mrs. Cook has assembled a talented cast of GPCT members from Grosse Pointe, Detroit, St. Clair Shores, Harper Woods and Warren.

Mrs. Rickie Girodat, 1342 Beaconsfield, will be starred in the role of Laura Partridge, a sweet-mannered and timid lady who upsets a big corporation's annual stockholders' meeting by asking the company's officers some embarrassing questions. Mother of three young boys, Mrs. Girodat has worked back stage this year, but was seen in the GPCT productions of "Man Who Came to Dinner," "Night Must Fall" and "Desperate Hours" during the 1957-58 season.

Making it a family affair, Mrs. Girodat's husband, Don, will be heard as the off-stage narrator, while another relative, Dave Girodat, 39 Lakecrest, will be seen as the Associated Press reporter in "Solid Gold Cadillac."

A GPCT newcomer, William Dennes, 202 Fisher road, will be seen as a former president of the corporation, who has had to leave it (and sell all his stock at a \$3,000,000 profit) in order to take a government post.

The four unscrupulous tycoons who are running the company in Ed McKeever's absence are to be played by George Wilson, of Harper Woods; Allen Hayes and Charles Carson, both of Detroit; and Hoyt Spicer, 831 Fisher road. All have appeared in GPCT productions during the past two years.

Three contrasting secretaries will be portrayed by Mrs. Gerry Meyer, 1234 Beaconsfield, a junior high school teacher; Diane B. Teske, Detroit, a music teacher at Lakeview Public School in St. Clair Shores; and Mrs. Barbara Roney, St. Clair Shores, a housewife and ex-nurse.

Others in leading roles include Edith Hakken, 1012 Kensington; John Butterfield, 970 Nottingham; Vance McDonald, Detroit; and Pat Dean, Warren.

Mrs. Cook, who is directing "Solid Gold Cadillac," has been secretary of the GPCT for the past year and has been active in the group from its earliest days. Producer of the comedy is Mrs. Jean Schrader, 185 McKinley avenue.

"Solid Gold Cadillac" is the product of Teichman, previously known as one of the country's outstanding TV writers and producers, and Kaufman, co-author of 40 outstanding American stage hits, including "The Man Who Came to Dinner," "You Can't Take It With You," which won a Pulitzer Prize, and "George Washington Slept Here."

In the Broadway production, the little stockholder's role was played by Josephine Hull as a timid and motherly old lady. When it was made into a movie, the role was fashioned to fit Judy Holliday. How Mrs. Girodat, who could fit the role either way, will handle it is a question intriguing GPCT play-goers.

Most of us get what we deserve—only the successful will admit it.

Reckless Drivers Pay Up in Court

Judge Douglas L. Paterson represented law and order in the Tuesday, January 13, session of Traffic Court in the City of Grosse Pointe.

He faced a relatively full agenda of delinquent drivers, most of whom were arrested during the recent holiday season.

First on the docket was Henry C. Konat, of 19285 Raymond, in the Woods. Konat was found guilty of speeding at 45 miles-an-hour in a 25 MPH zone, and fined \$10.

Marvin R. Matthews, of 1713 Aline, in Grosse Pointe Woods, charged with not having his car under control, was found not guilty and his case was dismissed.

The man whose Christmas Day was marred by his accident at Washington and St. Paul, Carroll Trego, was deemed guilty of entering an intersection without due caution. Trego, who lives at 1415 Parker, in Detroit, was fined \$20 by the Judge.

Jessie Rodgers Wilson, of 758 Washington road, paid a fine of \$10 when found guilty of driving without control of his car.

For interfering with moving traffic Richard J. Auble, who lives at 1083 Devonshire, was fined \$10.

A \$15 fine was handed James R. Kennedy of 8900 East Jefferson, Detroit, for driving out of control.

The heaviest sentence was meted Assad Youssif Amine. He lives in Detroit at 12593 Welshire. Judge Paterson found him guilty of not having his car under control, fined him \$35 and, in addition, placed him on three month's limited driving probation—which allows him use of his car only to and from his place of business.

Shores Traffic Violators Pay

Bernard C. Spade of 21630 Edgewood, St. Clair Shores, paid a fine of \$100 for reckless driving on Lake Shore road.

Spade was found guilty of the charge by Shores Judge John Gillis on Monday, January 12, during a regular court session.

Judge Gillis also found David M. Allard of 27486 O'Neil, Roseville, guilty of speeding on Lake Shore, and ordered the motorist to pay a fine and court costs of \$17.50.

Thomas Lanson of 23200 Euclid, St. Clair Shores, charged with violating Section II of Ordinance 60, which prohibits hunting within the village limits, was found not guilty and the case was dismissed.

Douglas D. Purcell of 7783 Faust, Detroit, was found guilty of speeding on Vernier road and paid a fine of \$25, and then ordered turned over to Detroit authorities on two warrants charging traffic violations in their community.

Harry P. Walsh of 21715 Ten Mile road, St. Clair Shores, paid a fine of \$10, after he was found guilty of disobeying a traffic light at Lake Shore and Vernier.

Eric Demrose of 1437 Somerset, accused of being a disorderly person, was found guilty and paid a fine of \$25.

Bachelors Lose Ski Equipment

The boys at "Shangri-La," the City's unofficial bachelor headquarters, at 17130 East Jefferson, are suffering from a siege of 'missingitis'.

On Wednesday, January 14, Bill West, of that address, reported to City police that a pair of Stein Eriksen skis, (valued at \$75), and two pairs of ski poles, valued at \$15 a set, were missing from the basement. They were last seen on the 10th of December. West said there was no sign of forced entry in the building.

The next day, a fellow-resident, Ed Donaldson complained that his skis were also found to be missing. They, too, had last been seen the 10th of last month.

Fraternal Order of Police Opposing Hoffa's Efforts

James Hoffa's efforts to unionize municipal employees, including policemen, will be opposed by the National Fraternal Order of Police, it was disclosed by officials of the Grosse Pointe Fraternal Order of Police, Lodge 102.

The Pointe FOP, both officers and members, expressed accord with a statement issued by the national organization on Wednesday, January 14, which denounced the Teamsters Union president's intention to inaugurate a drive to bring policemen into the union.

Speaking for the members of Lodge 102 were, Art Conlan, president; Steve Petrick, vice-president; Jack Mast, secretary; Charles Slusser, treasurer; Kenneth Metcalf, guard; and Henry Marchand, trustee.

To be sure that all members are familiar with the Order's policy in this regard, the position of the present FOP was issued to member organizations throughout the nation by National President Jack Dudek, through the following statement:

"The Fraternal Order of Police is an organization representing nearly 50,000 policemen in the nation. In order to justly and properly perform our duties as police officers, we must remain free of obligation to any group, association, or person. We must represent the city, or other duly constituted government.

PTA at Mason Meets Jan. 28

The Mason Parent-Teachers Association will meet at Mason School Wednesday evening, January 28. Rooms will be open for visitation at 8 o'clock. The business meeting will be held in the auditorium at 8:25. An interesting program has been planned for the evening. Mrs. Marie Moser, Mason's school nurse, will present a movie on vision and discuss school health. John Brubacher, principal, will speak on Grosse Pointe's educational philosophy, illustrating his talk with slides showing children in different learning situations. A discussion on these topics will follow.

At the end of the program the vision tester and audiometer, which the schools use to test children's vision and hearing, will be set up in two classrooms in order that parents may see how these machines operate, and if they wish, have their own vision and hearing tested.

Both of these subjects received high ratings on the program questionnaire sent to all Mason School parents last fall. Refreshments will be served by the room mothers after the program.

Accuse Farms Woman of Gyp

A warrant charging Mrs. Anne Leone Costrine, 35, of 334 Kerby, with larceny by conversion, was obtained by Detroit police on Saturday, January 17.

Detroit Det. Lt. Harold Thurko said the warrant was obtained in connection with a \$50,000 apartment house deal at Chalmers and Kilbourne, in which Mrs. Costrine is alleged to have received \$1,900 from a Detroit businessman.

The complainant is Dominic Palazzolo, 32, of 17892 Annott, Detroit, a coal dealer, who charged that a refunded check from Mrs. Costrine, for the \$1,900, when the real estate deal fell through, bounced.

The Farms woman, who operates a real estate brokerage at 18747 Mack avenue, denied Palazzolo's accusation, but did not talk further, stating the matter "was too involved to discuss now."

Palazzolo said he made a \$2,000 down payment on the apartment building, with payments set at \$350 a month.

He said that later he found the contract called for \$500 a month payment, and canceled the agreement to buy and demanded the return of his money. He said he agreed to let Mrs. Costrine have \$100 for her trouble.

Last December 14, Palazzolo stated, he received Mrs. Costrine's check for \$1,900, but the check was worthless.

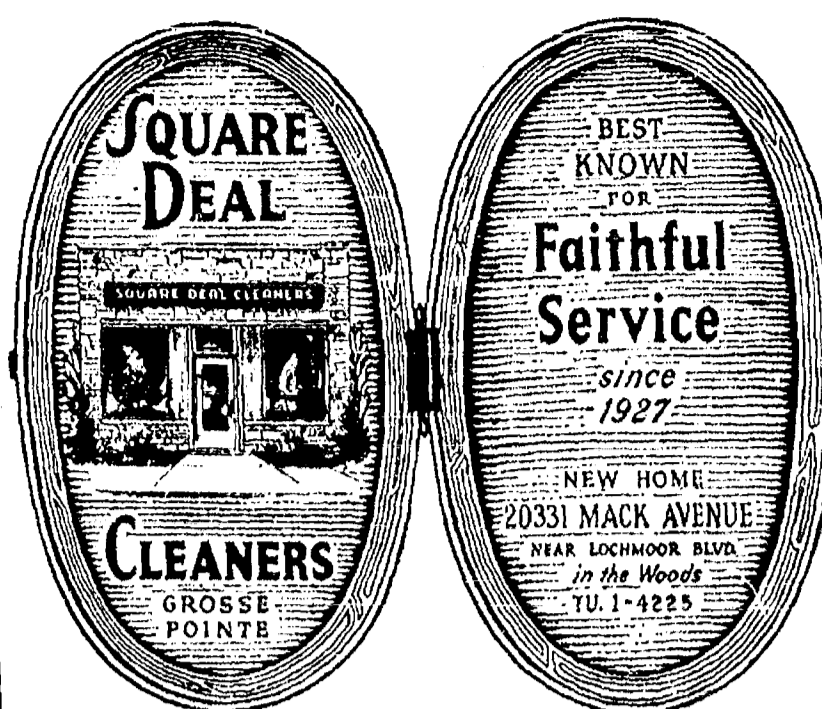

Lt. Thurko said that efforts to collect the money have since proved fruitless.

Support March of Dimes

With polio on the run, the Mothers' March in the January March of Dimes has a new appeal for all adults interested in building a healthier world for the children of tomorrow. Parents see this implicit promise in the broad goals of the National Foundation's newly-expanded program.

They are eager to rouse their neighbors to active co-operation and full-strength participation in the porchlight parade that has become the traditional climax to the March of Dimes.

The Grosse Pointe communities have always conducted a vigorous Mothers' March, which annually provided aid to polio patients and supported the research that produced the Salk vaccine. Many of these same mothers have been active in recent years in encouraging polio vaccinations for all members of all families.

Many remember the horror and haunting fear of polio close to their own homes, and have shared a personal stake in winning victory over this crippling disease.

Now, with the March of Dimes tackling other causes of crippling, there is a bigger stake on the health front. All Americans are familiar with the suffering caused by arthritis but many are horrified to realize it affects children as well as adults. Parents can imagine the anguish endured by other parents of children born with defects (congenital malformations), and their hearts go out to them. They will want to help finance research through the March of Dimes until the answers are found, even as the Salk vaccine was found in 1955.

Light the way for the Mothers' March this year, and join the March of Dimes toward greater victories.

Two Youths to Face Judge For After-Game Assault

Kenneth E. Hanson, 17, of 3242 Dolores, Warren, was charged with assault and battery by Farms police on Friday, January 16; and Thomas M. Pitton, 17, of 118 E. Grand avenue, Highland Park, was accused of aiding and abetting him.

Farms Det. Sgt. Jack Paisley and George Van Tiem said that the two youths were arrested following an assault on Bruce Boardman, 18, of 2025 Lennon, Harper Woods, who suffered a broken nose and a cut under the right eye, when Hansen struck him with a leather-covered pipe and chain.

Boardman was taken to Cottage Hospital where his injuries were taken care of, a police report disclosed. Seven stitches were required to close the wound under the eye.

Boardman told the Farms detectives that the assault took place just inside the gate on the grounds of the Country Day School. He said there was no reason for the attack.

Paisley and Van Tiem said that Pittman was charged with aiding and abetting because the pipe, about 16 inches long, and attached to a chain, belonged to him, and that he brought it along with him from his home. Pittman handed the pipe to Hansen, the detectives said.

The police team said as far as they could determine, the attack was unprovoked, and that Boardman in no way antagonized Hansen.

Young Boardman was taken to the hospital by his father, Charles E., after which police were called and the senior Boardman filed a complaint.

Hansen and Pitton will be arraigned before Farms Judge Grant E. Armstrong on February 11. Until that time, the youths were released on \$100 bond each.

The assault took place after the Grosse Pointe High School-Highland Park High School Basketball game, which Highland Park lost, 50-48.

Woods Council Loses H. C. Pratt

Councilman Harry Pratt resigned as a member of the Woods council on Monday, January 19, following a regular meeting of the city body. The resignation became effective immediately.

Pratt's tenure of office does not expire until April, 1960, therefore, the council appointed Benjamin Pinkos of 1924 Broadstone, a member of the Woods Planning Commission, to the post until the April 6 election, during which a candidate will be elected to serve the unexpired term.

Councilman Pratt gave his reason for leaving as that he is moving from the Woods to the Park, where he will take up residence at 873 Bedford road, with his wife, Elizabeth, and their two sons, Philip, 13, and Robert, 11.

The family will move from 1928 Raymond road.

Pratt has been a member of the Woods council since April, 1952. Prior to that, he was on the Planning Commission for three years during one of which he served as chairman.

The resigned councilman is an attorney for the Trust and Indenture Division of the Corporate Trust Department of the Detroit Bank and Trust company.

The council also accepted the resignation of Joseph Schwem of 1338 Hampton road, a member of the Planning commission; and appointed Robert Guenzel, Jr., of 1974 W. Kings court, to the Board of Review.

Rustic-Ana

A group of local people who have been spending the past few summers in a village in Maine, had a curious experience recently. One of the women in the party received a bill from a Maine country store . . . a bill she was sure she had paid before leaving the little town. However, knowing old Mr. Moses to be as honest as the day is long, she paid the bill without checking up in her account book and forgot about it.

A week or so later, she ran into one of the other members of the Maine vacation set, who said to her: "Something very strange has happened. I just received a bill from old Mr. Moses for a sum I'm SURE I've already paid." Heroine number one said the same thing had happened to her and why didn't they scan their check books and look into the matter. They did and conferred with each other as to what to do about it since the bills HAD been paid. It was finally decided they would write a joint letter to old Moze, telling him they had "caught him out" and ask for an explanation.

Within a week . . . back came a letter for each woman . . . in which Mr. Moses explained that they didn't really owe him the money. But he had come to like them so much that when they left he was lonesome. He went on to say that no one ever writes to him, so the only way he can be sure the postman will pay him a visit, is to send bills out to people. They either forget and pay them again (in which case he returns the check) OR they write to say he had made an error. But at least THEY WRITE and it helps pass the time! Cutest darn thing we've ever heard.

Felines

A local young married woman with a couple of children had been bugging her husband about wanting a cat for the kids to play with. He said ABSOLUTELY NO. . . he wasn't mad about cats and besides he couldn't afford to keep the cat after buying it. The situation sat like that for a couple of weeks when Madame announced one evening that she had been OFFERED TWO cats for free. They were expensive but the owner was looking for a good home and didn't care to be paid for them.

Dad fought the hard fight but lost, match! . . . so the cats were duly transported to the new home. One cat made himself at home, but the other chose to hide. This he did . . . in the fireplace chimney! The police and fire departments were called but could do NOTHING to extricate the cat. Having promised Pop that the felines could eat table scraps so he wouldn't scream about extra food bills. . . Madame nonetheless telephoned their former owner to ask what the cats liked to eat. She had a scheme. It seems they liked calves liver, raw steak (cut up, not ground), and pheasant was another delicacy they favored. Our gal settled for liver . . . setting out a tempting dish of it in the fireplace . . . after removing all the wood, paper etc. Two days went by and the liver still sat untouched, so it was obvious Mr. Cat decided to stay where he was. But no . . . not at all . . . somehow he had managed to claw his way to the roof and got out through one of the eaves the firemen had chopped into when they came to the rescue.

A neighbor reported the cat on the not-so-hot tin roof . . . so once again the firemen were called. When they started for the cat, he jumped into one of the chimneys on the roof. NOT the easy chimney that leads to the fireplace but the one that leads to the boiler . . . the one with an "elbow" in it. The cat did not land in the boiler so it was taken for granted he ended up in the elbow part.

A carpenter builder was called. He came up with a solution. Tear into the brick work and saw through until they reached Tabby. This done . . . the cat was retrieved and when Pop got out of the rest home, he forked over about \$750.00 for damages and repairs. But they DID get the cats for nothing!

Bird Life

For 10 these many years we have been searching for a bird feeding station that the squirrels couldn't get at. We have several in our back yard but they are always occupied by squirrels while the stupid birds are scrounging around in the snow looking for scraps. Well now . . . last November we saw a beautiful feeding station in a N.Y. catalogue. Glassed in side windows, patio, lights, electric stove, parquet floors. . . AND guaranteed to be squirrel proof. We bought it. We had it installed on an iron pipe in an isolated spot away from trees. We filled it with the most expensive bird seed available and sat at the window day in and day out waiting to see the lucky feathered friends at their happy feast. What happened? Exactly NOTHING. They flew around it and about it . . . scrambling around on the ground as usual, trying to dig through 5 inches of snow looking for food. How DUMB can you be?

Finally after ten days or more . . . we saw signs of life in the station! Did our eyes do us knavery? Rushing for the binoculars and thence to the window . . . we saw . . . a nice fat squirrel squatting in the feeding station eating his little heart out. Not only THAT . . . but the trick door that was supposed to keep him OUT . . . was closed indeed, with the squirrel inside! We had to do our parka and boots to go out and release him. The birds are still shunning the palace. It was probably invented by a squirrel. It is definitely NOT for the birds!

Wish WE had thought of it dept.

Woman Injured In 4-Car Crash

Mrs. Lucille L. Ruehle, 38, of 3310 Ashley, Detroit, suffered cuts about the mouth and left knee on Monday, January 12, when she lost control of her car and smashed into a parked vehicle.

Mrs. Ruehle was ticketed for not having her car under control, and then taken to Bon Secours Hospital by Park police for treatment.

The woman told authorities that she lost control of the car when she hit a patch of ice while going east on Mack, and her automobile skidded into the rear of a car owned by Andrew F. Cain of 19810 Alcoy, Detroit, which was parked at Mack and Whittier.

The force of the impact pushed Cain's car into that owned by Richard Spoul of 14284 Saratoga, which in turn slammed into one owned by Eda Rago of 12816 Elmdele, Detroit. Both cars were also parked.

Court date for Mrs. Ruehle is scheduled for February 11.

What Goes On at Your Library
 By Jean Taylor

Glancing through the Manchester Guardian recently, we were delighted to find "Love in the Mist" by Rosalie Parkard, among the several novels reviewed.

The author, now Mrs. Digby-Seymour, has lived in England for some time, but to us she will always be a gay young femme, who with her mother, Mrs. Edward Smith, both avid readers, made good use of the old City Branch Library. . . . Two of the many across-the-desk acquaintances we have prized over the years. The book, we understand, is to be serialized in The Ladies Home Journal and will appear shortly in an American edition.

The Manchester Guardian Weekly says of "Love in the Mist" . . . "This is on the face of it—and a pleasant enough face it is—just a bright cosy letter, a long female gossip of a sort that you can find on any tolerable woman's page. Yet there is more to it. The gusto is genuine, and there is a sardonic flicker under the make-up that maintains interest. It is an account of an American woman's reactions to life in London and in the North of England, with a brief trip home in between for morale-raising."

Among the most used books of reference in the library are "Who's Who" and "Who's Who in America." "Who's Who" lists and briefly describes living men and women of achievement in England and the Commonwealth. Some names of outstanding persons in America and in other parts of the world may be found here also, but it is preponderantly British.

"Who's Who in America" covers notable persons living in the United States and contains, as does "Who's Who," an obituary list for the preceding year.

Soon to appear on your library shelves is a recent book by Cedric A. Larson, "Who: Sixty Years of American Eminence." This tells how this fascinating book "Who's Who in America" came into being and how the names selected. This behind-the-scenes history is also that of Albert Nelson Meyer, founder of the publication. Wheeler Sammons, his successor. There have been thirty volumes since beginning in 1889 and Meyer's book shows the development of social trends, changing pattern of American leadership in those sixty years.

It is made clear that the selection depends on merit rather than on lineage, but standards of mission have changed since the early days when Mr. Marquis considered control overings. At first, more was given to educators and men, and less to business scientific leaders or to folk. Recently the scope broadened to include walks of life.

Generously sprinkled anecdote, you'll find the reading of you want to know what "Who's Who" is all about.

The gift problem for the man who has everything has been solved recently to satisfaction of everyone concerned.

A Grosse Pointe card is available to all live, work, own property, attend school in Grosse Pointe. Anyone living outside community, on payment of five dollars, may have which entitles the holder to borrow books.

At Christmas time, our nearest youngster, near the Woods Branch outside the limits of Grosse Pointe, decided his gift father would be a Grosse Pointe Library card. Then two other children bought cards as birthday gifts for their respective fathers.

Who uses the card? Of course, but we suspect Junior gets his of reading matter too, makes it even Steven, all, think of the fun had with the train he Junior!

Center Ski Club Proves Popular

Edward J. McInerney of 5072 Chatsworth, a Detroit Post Office employee for 33 years, was presented with a Superior Achievement Award, in the presence of his wife, by L. W. Hepp, Superintendent of Stations, Delivery, and Collections, and G. W. Cooney, Personnel Director, at the East Side P.O. Garage, 5441 Connor.

McInerney has serviced the Cadieux-Kercheval-Bon Secours Hospital area with Parcel Post delivery for years. In addition he delivers all mail to patrons living south of Jefferson between Bishop and Fisher roads. He has served as an acting supervisor during Christmas rush, Norman L. Bliss, Superintendent of Parcel Post Delivery states that "Mac" is the first Parcel Post carrier at the East Side Garage and about the tenth of 7000 Detroit Postal employees so honored.

Specifically the award consists of a Letter of Commendation from Postmaster General Arthur Summerfield, and a check for \$25. It is given to an employee who continually out-performs others in similar duties, and is respected by his superiors and fellow-workers for his accomplishments, abilities, loyalty, and excellent attendance record. "Mac" in addition has served as a goodwill ambassador for the Post Office Dept. in his dealings with patrons, as evidenced by their complimentary words and letters. It is recognition of faithful service by an employee often referred to as "of the old school," or more correctly, "Mr. Post Office."

According to one of his former employer brokers, Boutin is a specialist in counseling buyers on suitable building sites and aiding in the design of the custom-built home to fit the specific family's needs, desires and financial limitations to complete satisfaction.

In addition to servicing the Grosse Pointe, Eastern Detroit and suburban areas for the general sale or purchase of new, used and vacant, residential or commercial properties, Mr. Boutin states he will guide his experienced sales staff to include modernization of the older home or commercial building as well as aiding in the design of the new, for a more complete real estate service.

Mr. Boutin, as most have come to know him, is remembered for his many achievements in youth activities as a member of the Optimists' Club of Grosse Pointe. He was the founder of the Woods-Shores Little League Baseball program and subsequently became the league's president in its first year of organized activities in 1954.

He has also been active in other civic affairs. He recently entered his third three-year term as a Planning Commissioner for the City of Grosse Pointe Woods and presided as chairman of the commission during 1958. For more than a decade, during World War II, he also served Pointers as owner of a service station and garage at Beaconsfield and Kercheval in Grosse Pointe Park.

Talented Miss At Roostertail

Marge Hudson, of the Roostertail, who is serving as commentator in its series of Saturday noon fashion shows, will be remembered as a professional baton twirler. She has often served Detroit audiences as a master of ceremonies.

Too, it might be mentioned that she taught baton twirling for five years, has been a fashion coordinator and commentator on a free-lance basis,

working in various mediums—millinery, furs and ladies apparel. It's her smart fashion tips and charming "ad libs" that make her shows so unusual and interesting.

Saturday noons show, which begins at 1 o'clock, will feature ladies wear from Marge Fisher International Shop, which opened on the second floor of Higgins and Frank last September and which has attracted considerable interest with smart sports and casual wear. Much of the collection to be modeled is from Italy, England, France, Australia and Israel as well as from America.

In the January 24 show, Marge Fischer will present cruise wear and, as commentator Marge Hudson says, "Who knows, there might be the perfect outfit for that trip to the moon."

CAP Volunteers Help in Survey

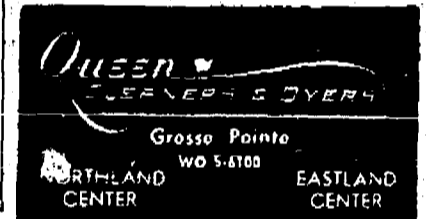

Air traffic at 250 airports in the U. S. has been counted and catalogued as part of a nation-wide aviation survey conducted January 8 through 11. Senior members and cadets of Grosse Pointe Squadron 6313-6 interviewed pilots landing or departing from Detroit City Airport during the four-day period.

Elwood R. Quesada, Administrator of the new Federal Aviation Agency, which replaced Civil Administration January 1, urged the Nation's aviation community to cooperate with CAP volunteers taking the survey.

Major T. C. La Forge, commander of Detroit Group 6313, assigned Captains G. Sanders and R. Reamore as project officers during the local survey. Captain Reamore, commander of the Grosse Pointe Squadron, said that information gathered will enable FAA to study today's air traffic problems throughout the country and help it plan air traffic control systems.

Operations of scheduled airliners and military aircraft will be obtained through other channels and integrated into data gathered by CAP. CAP volunteers were on duty 24 hours daily throughout the four days.

People who are their own worst enemy are always willing to forgive and forget.

Mr. Thomson told the NEWS Monday that between \$125 and \$150 in cash was stolen. He said four watches had been handled by the thief, but none was taken. Neither was any silverware or clothing stolen, indicating the burglar was interested only in money.

Mr. Thomson also said that two days previously a fishing shack he owns at the foot of 10-Mile road was entered by a thief and a quantity of fishing tackle was stolen.

Pointe Gets First Delivery of Mark IV

This spanking new Town Car, the Continental Mark IV, black sleek and magnificent, made its appearance in Grosse Pointe this week concurrently with the introduction of the new model at the Chicago Automobile Show. Photo was made a moment after the delivery coverlet was removed from the car on the grounds at the Frank Adam Lincoln Agency, 130 Kercheval. Hill Merchants gathered to view this

newest member of the Continental line. Shown, left to right are: EDWARD J. PONGRACZ, JR., CHET SAMSON, LEE McMONIGLE and ANTHONY COLETT. The car the first to be delivered to a customer anywhere, was purchased several weeks ago by a Pointe family now on a Southern cruise and accordingly it will remain at the Adam showrooms until the owners return on February 18th.

Thief Ransacks House in City

City police officers are investigating a breaking and entering complaint registered by Charles O. Thomson on Thursday, January 15.

Thomson, who lives at 790 Washington road, called the station at 10:44 that evening to report that his house had been forcibly entered in his absence and, from all appearances, thoroughly ransacked. He said that no one had been home from 8 until 10 that night.

Police, in investigating the call, found that a single pane of glass had been broken in the kitchen door and the spring lock released. The interior of the building was a shambles but, at first check, the only thing that appeared to be missing was a small cowhide purse containing \$18 and some petty change.

No footprints were found in the fresh-fallen snow, so officers assume the robbery took place earlier in the evening. A subsequent investigation is pending.

Mr. Thomson told the NEWS Monday that between \$125 and \$150 in cash was stolen. He said four watches had been handled by the thief, but none was taken. Neither was any silverware or clothing stolen, indicating the burglar was interested only in money.

Mr. Thomson also said that two days previously a fishing shack he owns at the foot of 10-Mile road was entered by a thief and a quantity of fishing tackle was stolen.

Symphony Hails Israel Republic

The Detroit Symphony Orchestra will salute the 10th anniversary of the founding of Israel Thursday, Jan. 29, at 8:30 p.m. in Ford Auditorium with an orchestral program under Paul Paray's direction.

The featured work will be Jacques Berlioz's "Van Riebeck" Symphony, a first American performance made possible through the cooperation of the Music Study Club of Detroit.

Farms Submits Fire Report

The Farms Fire Department answered 38 calls during December, seven of which were for five alarms to residences according to a report submitted to the Farms council by Fire Chief M. William Mason on Monday, January 19.

The gravest destruction was to the home of Dr. John H. Buell, 188 Provençal, which was completely ravaged by fire.

The chief's report disclosed that the estimated damage to the house and contents totaled \$235,000, as compared to the original estimate of \$258,000, given at the time of the fire.

The other calls to residences pertained to smoke odor in the house, oil furnace motor burning and other minor incidences, which caused no damage.

The department responded to 29 emergency calls, 10 of them with the department's utility vehicle, and 19 with the ambulance.

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

These are truly the days of the skier and skater, snow piled high, the first winter in many a year when men have to travel just an hour away from home skiing on the local slopes at Grampion and Mt. St. Ignace.

Down at the Farms pier of a Sunday a goodly group for the skating. Last week the Eric Strohs (the named Mrs. S. looking very fetching in knee sox and bulky gray and white diamond sweater), the Alan and Alec McColls, Joe Maycock, Jim Hicks, Peggy Land, Buffy Moll, Jackie Hosking and Wallie Toles, were twirling about the ice. Cocoa is the drink of afternoon after these skating gatherings.

Parents of GPUS students will be escorting their young to Otsego for a Valentines Day ski week-end in mid-February.

Dr. and Mrs. Charles Adams, the Otto Pongraces, Charles Goreys, the Gordon Woods and Dr. and Mrs. Charles Dodenhoff will be chaperoning their own on the slopes.

Next month the Jack Sturtevant and the George and Duffields have planned a ski week-end at the clubhouse near Grayling.

Another group destined to try their skis toward end of next month, this contingent at Boyne, are Warren Craumers, the David Jansens, and the Bert Books.

Bing Crosby

Homebound Pointers watching their TV sets on Monday saw William Clay Ford and Fred Kammer playing Bing Crosby's Golf Tournament on Pebble Beach. In the gallery, also recognized by television viewers were Mr. and Mrs. James J. Trudell, Jr. of Lincoln vacationing on the Coast.

Pointers are touting Jamaica this season as the spot to acquire a tan and dip in the surf. The John and Marys have reservations for that island and will be on their Pine court home shortly.

Leaving Saturday for Hollywood, Fla., are the Jack W. Parkers, Jr., of Washington road. Their trip include a side trip to the island of Eleuthera off Cuba, just to lunch at that gourmet resort French House. Then they will travel on to Jamaica for a longer vacation.

Tie Weekend

This week-end both Fine Arts and the Symphony are gala dates on the social calendar, both black affairs, too.

Mr. and Mrs. Charles W. Gauss II, of Whittier road, are giving a small dinner party before Fine Arts' performance of "Outward Bound" on Friday at the Players. There will be a repeat on Saturday evening.

Symphony Week has brought a lot of gaiety climaxed by the ball Saturday evening at the Whittier. Thursday Madame Paul Paray will give a luncheon for Mrs. Arvin L. Wharton, president of the Women's Association of the Detroit Symphony Orchestra and the presidents of Womens Associations visiting Cleveland, Toronto and Buffalo.

These symphony visitors will be staying with Mrs. C. Baker, of Oxford road, and Mrs. James F. Brown, of Buckingham road during the few days of their visit.

MSU Players Coming Feb. 7

"Utah Trail," an exciting juvenile play based on a true story of pioneer adventure in the 1850's, will be staged at Parcell's Junior High School on Saturday, Feb. 7, at 10:30 a.m. and 2 p.m.

Produced by the Michigan State University Players from East Lansing, "Utah Trail" is being brought to Grosse Pointe by the local branch of the American Association of University Women as a part of its children's theater program. Tickets are on sale now at Fromm's and Doubleday's in The Village, Punch and Judy Toys in the Farms, Harkness Pharmacy in the Woods, and Sullivan's Pharmacy in the Park.

"We are happy to be able to present this type of play," said Mrs. Edward Bunn, chairman of the AAUW Theater committee. "In this era of western show popularity, it presents a true picture of the excitement, adventure and hardships experienced by the early pioneers."

Highly recommended as good and exciting entertainment for youngsters, the story involves a 12-year-old boy's heroism in slipping past warring Indians to successfully save his family from disaster.

Purpose of the children's theater program is twofold, Mrs. Bunn explained. It offers children a top notch live show written and produced for them, and also, proceeds from the plays go into the AAUW Fellowship Fund which gives outstanding women college graduates an opportunity to do further study and research in their chosen fields.

The third in a series of talks on "Our Country's Presidents' Wives, 1900-1933," given by Mrs. Dwight Struthers, will be sponsored by the Women's Association of the Grosse Pointe Woods Presbyterian Church on January 27, in the dining room of the church at 1 p.m.

Tea will be served in the church lounge following the talk. The nursery will be open. Donation is \$1.00. All members and their friends are invited.

Wayne Theater Coming Jan. 31

Wayne State University Children's Theater begins its tour of the Detroit area at Parcels Junior High School auditorium on Saturday, January 31.

Running about an hour in length, it will be given three performances at 10 a.m., 12:30 p.m. and 3 p.m.

Each year the first performance of the Wayne State University Children's Theater is given in Grosse Pointe under the sponsorship of the Brownie Girl Scouts of Grosse Pointe. HOUSEHOLD HINT

Standby recipe for good cooks is white sauce according to the Detroit Consumer Marketing Information agent. It's always just on the tip of their wooden spoon. White sauce is a basic recipe for many dishes, both plain and fancy. You use it for cream soups, for creamed vegetables, creamed eggs and creamed fish. Use it for scalloped dishes, for casseroles, for souffles.

Of course, there's a thin white sauce, a medium white sauce and a thick white sauce. Thickness varies as you vary the proportions of flour and butter and milk. White sauce offers a way to get more milk into family meals. White sauce is thrifty because it helps foods go farther. It's also a way to combine several leftover foods—maybe tuna fish and green peas. White sauce is a standby with many good cooks. It can be one of your standby recipes, too.

Mrs. Hall Writes UCS Birthday Play

Authorship Will Also Narrate Program She Wrote for the 24th Anniversary of the Women's Committee of the UCS in Masonic Temple January 28

Twenty-four years of continuous, community effort will be observed by the Women's Committee of United Community Services when it convenes for its anniversary luncheon on Wednesday, January 28, at the Crystal Ballroom of Masonic Temple.

With the theme, "Family in Focus", the annual event will highlight the multi-efforts of the UCS Women's unit in encouraging women throughout the metropolitan area to accept full responsibility in communal service and in educating the community about the work and value of public as well as private health and welfare agencies.

George Edwards, Michigan Supreme Court Justice, will be the principal luncheon speaker. Formerly president of the Detroit Common Council and the Wayne County Probate Judge in charge of Juvenile Court before his appointment to the state bench in 1956, Justice Edwards will draw from his judicial experiences when he addresses the luncheon group of nearly 500.

Also featured on the program will be an original, dramatic production entitled, "Tintype '59", which will depict the strides made by the UCS Women's Committee in its various service projects. The production will illustrate how friendly visitors more than 300 strong, offer and provide friendship and help to the community's aged, ill and blind; how the Tribute Fund, a unique treasury built up from gifts donated in memory of friends or in honor of special occasions, is used to provide unfortunate individuals with wheel chairs, artificial limbs, fuel, clothing, hearing aids and other emergencies which community agencies are unable to meet; how Community Clinics are conducted in homes, schools and clubs to tell the full story of the validity and vitality of the community's health, welfare and recreational services.

Now entering its 25th year, the UCS Women's Committee has been in existence longer than any other group of its kind in the nation and has grown into one of the most widely active civic units in the metropolitan area. The committee's slogan—"membership belongs to every woman, who has an interest in the human needs of our city"—stimulated, in 1958 alone, the active participation of nearly 4,000 women in a wide variety of community projects.

Mrs. George T. Hall, of Washington road, is the writer and narrator of "Tintype '59" and Mrs. Frank Wylie, of Rivard boulevard, is producer and director of the program.

Appearing in the production will be Mrs. Edwin O. Bodkin, of Muskoka road; Mrs. Carl B. Grawn, of Yorkshire road; Mrs. Glenn M. Coulter, of Merriweather road; Mrs. Walker L. Cisher, of Devonshire road; and Mrs. Wallace M. Jensen, of Hillcrest road.

The Detroit Consumer Marketing Information agent says that broiler-fryer chickens may be cooked in almost any way because they are young and tender. Stewing chickens are older and should be cooked with moist heat to make the meat tender.

THE MOST IMPORTANT \$200 IN THE AUTOMOBILE WORLD!

It buys a Buick LeSABRE instead...

Look into this personally, before you buy a new car. For just about \$200 more than the price of the best models of the three leading low-priced cars . . . you can own a Buick LeSabre instead. Compare the manufacturers' suggested retail prices posted right on the cars in the showrooms, and you'll see this for yourself.

You could pick the LeSabre 4-door sedan pictured here . . . including Twin-Turbine automatic transmission, radio, heater, white sidewall tires, electric windshield wipers, direction signals, lighter, and automatic dome and glove compartment lights. Even with all that our statement will stand up.

PLUS NEW ECONOMY, HIGH TRADE-IN VALUE
The engineers planned to build noticeably better gas mileage into the '59 Buicks. Reports now in from owners, and careful competitive tests, too, prove they did a very successful job.

NOT "STRIPPED", BUT EQUIPPED AS YOU WANT IT
Sometimes you run into price comparisons where the higher-priced car has no extra equipment, and the other has lots of it. This is not what we mean here. We mean only \$200 more for a car fitted out the way you want it.

FURTHERMORE, YOU'LL OWN A BUICK
You'll have a fine car, with a fine-car ride, a true fine-car feel. You get a quieter, more substantial car. This year's Buicks have been judged the "outstanding" cars in their field in a recent poll of car owners.

Alongside all this, put the good trade-in value which the Buick name and Buick's successful new styling assure . . . and you can see why we say this \$200 difference in price is the most important \$200 in the automobile world today.
See your Quality Buick Dealer soon. Let him prove it in detail.

Blue Devil Ironmen Defeat Highland Park in Thriller

Underdog Grosse Pointe, fortified with five ironmen, edged past Highland Park, 50-49, in a thrill-packed game before a turnout crowd last Friday, January 16, in the Devils' gym. The victory enabled the once-beaten Blue Devils to move into a three-way first place tie in the red hot Border Cities League cage race.

It was obvious coach Jim Wink's Polar Bears were out to prove two things that night. First, the Parkers were seeking revenge for the defeat the Devils handed them in the last game last season which forced them to share the BCL title with the Devils. Second, the Bears were seeking to get back on the winning track from which they were derailed just three nights earlier, on their home floor, by Hamtramck. That was the first home floor defeat for the Parkers since 1951 when the Fordson Tractors turned the trick 55 games ago.

Game of Games Those who were turned away at the door, because the Devils' huge gymnasium was filled to capacity and the police department would not allow more spectators to enter because of fire regulations, missed the game of games that night in State Class A competition.

Fifteen times the lead changed hands and it was tied on ten occasions. This was a game of ironmen. Highland Park used only seven and the Devils stuck with captain Larry Bruzese, Lars Anderson, Bob Hunt, Ron Schram and sophomore Dave Veendaal, who was experiencing his first varsity starting assignment. This was discovered when Rem Purdy had broken his right elbow in the Ferndale game three nights earlier. Purdy will be lost for six weeks.

This bad news had a damaging effect on the team, but by some means coach Howard MacAdam rallied his charges long enough for them to prove to themselves they could take the Parkers. This was proven in the first period when the Pointers came from behind to take a slim 15-12 lead. Once ahead the Devils were not to be denied.

Big Fight All Way Had it not been for the Parkers' Jim Kourtakis, who annexed scoring honors with 18 points, the Devils could have wrapped it up by a comfortable margin. But it was a titanic struggle all the way. The Devils held command until the closing seconds of the first half when Dick Krivak, the Parkers' second highest scorer with 14, tied the count at 23-all. After 18 minutes of red hot basketball nothing had been decided and the two teams took the floor at the start of the third period all even.

Lars Anderson, who caged 11 points to tie with captain Larry Bruzese, put the Pointers out in front, and seconds later the Parkers tied it up again on Bill Sarver's basket. Throughout the third quarter the score saw-sawed back and forth until Dave Veendaal pushed the Pointers out in front 33-32 and then banged home two more points to give the Devils a 35-32 lead at the end of the period.

Show Great Poise Showing the championship poise that has enabled them to win or share the BCL title for the past nine years, the Parkers fought back and with about two minutes left Krivak tied the count at 40-40. This was the last bid the Parkers made. In the next 90 seconds captain Bruzese flipped in three all important free throws to give the Devils a lead they never relinquished. Bob Hunt stretched the lead only to see Kourtakis close the gap to one point.

Ron Schram added the big clincher to give the Devils a 50-47 lead and it came out of a scramble under the Parkers' hoop. Willie McIntosh cashed in the Parkers' last bucket with seconds left but not enough time to give the Polar Bears another crack at the Devils' hoop.

The Devils won the game at the foul line and captain Former Austin Cagers Doing Well at U of D Forward Dave DeBusschere, 3827 Courville, leads University of Detroit's freshman basketball team in scoring and forward Russ Schoenherr, 4175 Yorkshire, is third.

Friars Take League Title For 4th Year

By Bob Beattie

The Austin Friars clinched their fourth straight Central Division basketball title with comfortable victories over Notre Dame and U. of D. last week.

Playing before turn-away crowds both nights, the Friars raced to a 70-52 win over Notre Dame on Tuesday, January 13, and came back three nights later to tumble the second place U. of D. Cubs, 55-39. Three hundred spectators were turned away at the door of the Austin gymnasium, which seats 1,100. At U. of D.'s gym, which is twice as large, the late arrivals failed to gain admittance.

Austin chalked up a comfortable 22-18 lead in the first quarter against Notre Dame behind the sharpshooting of co-captain Tommy Pine and center Dave Miller. Gary Ruppich, the other Friar co-captain and junior guard Bill Hodgeman and Terry Brouillard rounded out the team effort.

Pine Stars Again Tommy Pine made another bid for All State honors in the U. of D. game when he collected 10 of the Friars' 21 field goals and played brilliantly under both backboards. Pine is in his senior year and is the only member of the 1958-59 squad who made the varsity team as a freshman. This 6' 2" forward has maintained a 20-point per game average so far this season and is one of the main reasons the all boy student body has not felt the loss of former star Dave DeBusschere who led the Friars to the 1957-58 State Class A championship.

Austin wasted little time bounding into the lead as four of the starters hit for 12 points as compared to the Cubs' five first period points. Displaying excellent teamwork the Friars moved to a comfortable 26-20 lead at halftime and then raced to a 55-39 decision behind the gifted talents of Pine.

Although the Friars still have four league games left on their schedule against teams they have already beaten handily in the first of home and home encounters, it appears the Friars have earned a berth in the Catholic League tournament which they won last year.

Chalking up the sixth win in as many league starts the Friars have now boosted their consecutive league winning streak to 35 games.

Both the Austin reserve and freshman teams took it on the chin losing to U. of D. The freshmen lost in overtime.

Bad Break for Blue Devils and Star

Grosse Pointe High School's once beaten basketball team captured a non-league victory over Ferndale, Tuesday, January 13, but lost the services of its veteran center REM PURDY when he broke his elbow. He will be lost to the team for at least six weeks. Junior Student Manager PETER NESS autographs the new cast as LARS ANDERSON, left, LARRY BRUZZESE and BOB HUNT, right, look on.

Boat Banter

By FRED RUNNELLS

The last of the Detroit River Yachting Association member clubs has effected the change of watch for 1959. Bayview Yacht Club was the last to hold its annual election meeting last Wednesday, January 14.

Pointers Arnold Fuchs, Ivan Ficus and Dr. Joseph Tapert were elected commodore, vice commodore and rear commodore, respectively. Three other Pointers rounded out the slate when Karl Ness and Charles Bayer were elected to the Board of Governors and will join carry over directors William Calder and Howard Girardin, both of whom reside in the Pointe.

Robert Grow was the third Pointer successful in the election, which was the largest in Bayview's history with 183 ballots cast, when he was elected to the control committee.

Coast Guard Flotilla 12-12 will again conduct a boat safety class at the Grosse Pointe War Memorial this winter. Registration and instructions will start on Wednesday, February 18. Because of limited facilities the Auxiliary is forced to limit the class to 100. Last year 250 boat minded people enrolled.

The instruction will consist of eight courses and will run for ten weeks. The last week the students will take an examination and will receive a certificate if a passing grade is made.

The instructors will include Commander Charles Austerberry (Navigation-charts), Training officer Jerry Austerberry, Al Gross (Rules of the Road), Bill Noah (Sailing), Wendell Phillips (Boat Handling), Bob King (Fire Equipment), Bob Pottery (Navigation), Paul La Fontaine (Knots and Splices) and Chief Swallow, a real Indian, (Aids to Navigation).

Classes will be held on Wednesday evenings starting at 7:30 o'clock each night.

All was hilarity at the Grosse Pointe Yacht Club during the annual initiation of the Grosse Pointe Power Squadron's neophytes Tuesday, January 13. Those initiated were: Arthur Armstrong, Tom Burke, Charles Brown, Roy Cobean, Lionel Cornwall, John Dempsey, William Dusse, Dr. John Eichelberger, Dr. John Essinger, Don Galvin, Jr., Fred Householder, Henry Joy, Ray Johnson, Jr., Joseph Kaiser, Don Kilgus, Charles Latourneau, James Nelson, Edward Osebold, John Rupp, Gilbert Stewart, William Schnell, Harold Smith, William Tarion, Clark Taylor, Dr. Rodman Taber, Melvin Van Dagens, Russell Walker and Max Wunderlich.

Belgian-Americans Elect Morris DeFour Morris R. DeFour, Grosse Pointe Insurance Agency head who resides in the Woods, was elected president of the Belgian-American Business Men's Association on Monday.

The association, which draws its membership from Metropolitan Detroit is located in the newly modernized Belgian Hall, 6590 Hurbit, Detroit.

DuFour succeeds retiring president George De Clerk of 1870 Ford Court, Grosse Pointe Woods. The organization is in its 31st year.

St. Paul Lakers Conquer Shrine and St. Catherine

By Fred Kotcher

The St. Paul Lakers racked up two more opponents in their headlong rush in the title race in the East Side First Division of the Parochial League last week.

Shrine was the first to feel the sting of defeat as they fell before the Lakers 66-61 on Tuesday, January 13, on the Shrine court.

The Lakers were slow to get started but once Dave Ayrault and Tommy Kolojeski softened up the Shrine defense with their long shots, the St. Paul team began to roll up a sizeable margin. This enabled coach Eddie Lauer to send in his reserves and this maneuver almost cost the Lakers the game. Shrine staged a late rally that threatened to sweep the reserves right off the court but Lauer rushed his varsity team back into the contest and averted an upset defeat.

Dave Ayrault paced the Laker attack with 22 points which was good for runner-up scoring honors behind Shrine's McLaughlin who posted 25 points for game honors. Kolojeski natched 19 for the Lakers.

Three nights later the Lakers tumbled St. Catherine 64-45 in the St. Charles gymnasium to boost their league record to 5-1 and a tie for second place with Servite.

The Lakers started fast this time and all 14 players on the St. Paul bench saw action. Again Ayrault led the Lakers' attack with 17 points for game honors. Joe Lauer notched 14 for runner-up honors. Oden was high for St. Catherine with 11.

The Lakers have four league games left on their schedule and have an outside chance for a share of the title, but they will need help from Servite who still has unbeaten defending champion Florian to play. A victory for Servite, which the Lakers defeated handily, over Florian could create a three-way tie for the crown. That is if the Lakers can complete their schedule without another loss.

St. Paul will tackle St. Anthony Friday, January 23, on the Grosse Pointe High court.

In the senior division, comprised of boys 12 to 14 years old, Grosse Pointe Memorial battled Christ Church to a 27-18 victory. The Memorial came from behind with a 13 point 4th quarter rally to win. Ned Bunn led Memorial with 7 points while Jim Courtney paced the losers with 9.

The other senior division game saw Grosse Pointe Congregational emerge victorious over St. Clare 41-20. Lee Schlorff sunk 16 points for scoring honors while St. Clare's Jay Bussse netted 8.

In the junior class Grosse Pointe Methodist ran wild as they beat St. Paul 74-14. Methodists' George Thompson and Tom Munson tied for scoring honors with 26 points. Not far behind was teammate John Peebles who collected 13. Opponent Mike Hendrie led his team with 6 points.

Rounding out junior division games, Grosse Pointe Memorial nudged Grosse Pointe Woods 29-19. Leading the victors, Jim Todd notched 18 points while Gary Spade paced the Woods with 11.

Pointers Have Close Call Against Parker Tankmen

Grosse Pointe ran into a surprisingly strong land Park swimming team, Friday, January 16, came off with a close 51-45 victory which enabled to cling to second place in the Border Cities title race.

Spectators were conspicuous by their absence. This was not by choice but by a ruling handed down from the Detroit Board of Education which condemned the Highland Park pool for spectator use.

Obviously the Blue Devils missed the crowd cheers and their performances were far below their usual standard as witnessed in the Devil national record breaking medley relay team which splashed to a slow 1:26.2 win. Their national mark stands at 1:22.6.

Split First Places The Pointers were able to take only five first places in the 10-event meet. However, the Devils were never behind at any time after Bill Pattee captured the opening 40-yard freestyle event.

Highland Park pulled to within three points of a tie when Jones and Kilpatrick slammed the diving and the Phil Bradford won the 120 yard individual medley over Cy Judson and Heath Boyer. At that point the Polar Bears trailed 37-35 with only the two relays remaining.

Mike Bremer, Jim Carne, Dick Law and Mark Gregory iced the meet with a win in the 160-yard medley relay and

Goebel Keglars Capture Honors

Goebel No. 2 won the first half championship in the Grosse Pointe Business Men's League by defeating Maple Lanes, three and one. As they started bowling on Thursday, January 15, Maple Lanes was leading by one point. At the end of the second game, each had won a point. Then Goebel No. 2 set a torrid pace to win the last game and total pins with record scores.

Maple Lanes: 828, 931, 900, 2659.

Goebel No. 2: 891, 866, 1070, 2827. The last two totals are new records.

Hal Nierath of Goebel No. 2 led the team with a new individual high single game of 270 in a second place individual series of 641. The 270 game is the second highest bowled in the history of this league, a 290 having been rolled a few years back.

Goebel No. 1 also set a second place team series of 2608 as they won 3 1/2 points from Kennedy. They tied the first game at 890 each.

Four point winners for the night were Beaconsfield - Kercheval over Cox and Baker and Adam Simms over Cramer.

Don Stange had a 605 series to give his G.P. Pharmacy team a three and one edge over Bruce Wigle. A 604 series by Bruce Warren gave G.P. Woods the same margin over Barrett's. Also winning three points were Atwell over

GPUS Knights Still Unbeaten

The Grosse Pointe University School Knights continued their winning ways last week by beating Detroit Country Day School, 50-25, and Oak Park, 74-60, to bring to their season's record to an impressive five wins and no losses.

Tuesday the Knights were not hitting too well, but they still managed 50 points, which was enough to beat the inexperienced Country Day team. Bob Wood sat out the third quarter but scored 19 points to

pany, Michigan District; and Parke, Davis & Company.

George R. Wallace, of 1518 Buckingham road, district sales manager, Pennsylvania Railroad, has been elected 1959 chairman of the Railroad Community Committee of Greater Detroit.

The Railroad Community Committee, a unit of the Eastern Railroad Presidents Conference, was formed some five years ago as part of the industry's "good neighbor" program in this area. Nine local railroads are represented on it.

L. C. Allman, president of the Allman Company, Detroit advertising agency, announced the advancement of John M. Klock to the post of vice-president. Mr. Klock, who resides at 16832 Cranford, will continue to function as director of media and research.

Increasing popularity of the compact Rambler caused 1958 sales in the Detroit zone of American Motors to climb 112.28 per cent over 1957 and to establish a new record, it has been announced by R. J. Goodyear, zone manager.

American Motors, which recently announced a 33 per cent increase in its production capacity to keep up with sales, currently is building cars on a two-shift six-day week basis.

J. Gregory Juliano has been named public relations director of The Michigan Bank, it is announced by John C. Hay, president.

The post is a new one in the bank's structure and was created to keep pace with the rapidly expanding growth of the bank, Mr. Hay said. The new position will be one of coordinating and implementing an overall public relations program for the bank and its branches.

Mr. Hay cited the growth in assets of the bank during the past three years from \$20,000,000 to \$138,000,000 and pointed out that "our forward planning includes a more comprehensive program of public relations."

Mr. Juliano has been with The Michigan Bank for the past five years and during that time has been an assistant branch manager, collection manager and in other capacities.

John G. Schafer has resigned as director of frozen food sales for the George A. Gardella Company to organize his own food brokerage firm, to handle frozen foods, specialty grocery products and non-food lines for distribution through super markets.

The new company began operations on January 1 and will be known as Food Products, Inc., with offices at 9141 East Jefferson avenue, Detroit 14, Michigan.

Not only has the number of people who are saving money increased, but the amount the average individual is saving has increased. James A. Aliber, vice-president of First Federal Savings of Detroit, cites as proof the gains in the average size of First Federal's savings accounts in the past five years.

"The average savings ac-

count five years ago was \$1,500; today it is \$2,175," Aliber said, "an increase of 45% in the period since 1953. An interesting sidelight, whether or not it is the major cause of the increase, is that one-third of our 113,000 savings customers are housewives."

Aliber said there was a net gain of \$2,600,000 in First Federal savings accounts in November, after deducting all withdrawals. This compares with a net gain of \$2,000,000 in November last year.

First Federal has 11 offices, including a branch at 17150 Kercheval in Grosse Pointe.

Appointment of James H. Quello as WJR Operations Manager and Reginald P. Merridew as Program Manager, effective January 1, was announced by Worth Kramer, executive vice-president and general manager.

In his new capacity Quello assumes expanded responsibilities as head of all WJR broadcast operations, reporting directly to Kramer. Merridew takes over direction of the 52 man WJR program department formerly managed by Quello.

Both men bring a wide range of broadcasting experience and public service activities to their new positions.

During his 11 years at WJR, Quello has served in various capacities as program and public relations manager, public relations and advertising director and as sales promotion manager. He started in radio in 1935 as a newscaster at WKAR, East Lansing, while attending Michigan State University.

He is president-elect of the 69 station Michigan Association of Broadcasters. He is serving his second term this year as President of the Detroit Housing Commission. On a state level, he is serving his seventh year as a member of the board of trustees of the \$50,000,000 Michigan Veterans Trust Fund.

Merridew comes to WJR from WJW, Cleveland, where he served as Managing Director since June, 1957. Previously, he served thirteen years at WGAR, Cleveland, progressing from chief announcer to production director to program director and to director of operations. He started in radio July 1, 1937, as a staff announcer at station WKOK, Sunbury, Pennsylvania.

Churches to Hold Evangelism Week

Grace United Church of Christ, Evangelical and Reformed, Lakepointe at Kercheval, is uniting with 12 other Churches of the Greater Detroit area in a week of Evangelism from January 30 to February 6.

The program will start with a Union Rally Sunday, February 1, at 7:30 p.m., at St. Matthew's and St. Peter's Church, 15325 Gratiot Avenue. Dr. Arthur M. Krueger, president of Lakeland College, Wisconsin, will give the address.

Dr. Harry Y. Weller, 223 Piper boulevard, is the chairman for this program at Grace. His plans are for a general church survey of the neighborhood which has been in progress this past week, a program of spiritual re-evaluation for the church as a whole, and a program of spiritual concern for the people in the neighborhood who are not now attending a church.

A special missioner has been selected for Grace, Rev. Irving Camerer of Parma, Ohio. He will conduct services every evening at 8 from February 2 to February 5. The public is invited to attend these services of inspiration.

Grace United Church of Christ, Evangelical and Reformed, Lakepointe at Kercheval, is uniting with 12 other Churches of the Greater Detroit area in a week of Evangelism from January 30 to February 6.

The program will start with a Union Rally Sunday, February 1, at 7:30 p.m., at St. Matthew's and St. Peter's Church, 15325 Gratiot Avenue. Dr. Arthur M. Krueger, president of Lakeland College, Wisconsin, will give the address.

Dr. Harry Y. Weller, 223 Piper boulevard, is the chairman for this program at Grace. His plans are for a general church survey of the neighborhood which has been in progress this past week, a program of spiritual re-evaluation for the church as a whole, and a program of spiritual concern for the people in the neighborhood who are not now attending a church.

A special missioner has been selected for Grace, Rev. Irving Camerer of Parma, Ohio. He will conduct services every evening at 8 from February 2 to February 5. The public is invited to attend these services of inspiration.

Conservation experts are constantly aghast at the havoc wrecked upon Michigan forests by the lumber barons of the gay nineties. But these enterprising gentlemen did make fortunes from our state's pine and hardwood and spent their fortunes lavishly in gracious living and civic endeavors.

One of the lumber leaders in the late 1880's was David Whitney, born and bred in Massachusetts, beginning his career in an Eastern lumber yard as a clerk. In three years this titan became superintendent of the yard and then severed his connection with the concern to set out on his own.

He came to Michigan in 1857 and began his own firm, buying and shipping lumber all over the country in conjunction with his brother, Charles Whitney. He became one of the most extensive lumber operators in Michigan and Wisconsin and soon was a millionaire.

He built a fleet of ships to ship lumber and then iron ore on the Great Lakes and made large investments in Detroit really. The building downtown which bears his name is on just one plot of commercial real estate he owned. He was a staunch Republican and an upright member of the Presbyterian Church.

But it is his descendants, (he died in 1900), who brought the Whitney name to the Pointe. David Whitney, his son, built a tremendous Greek revival home on the lakeshore, which was one of our outstanding mansions for many years. The white columned house was reached by a long winding drive, the long shuttered wings jutting out on either side of the impressive entrance. Photographs of the interior show impressive Oriental rugs, dark paneling and damask, a sunroom furnished with Victorian wicker chairs, rare plants and latticed window shades.

About five years ago there was a sale at the Whitney estate and the rare furniture and household effects were auctioned. Soon after the home was torn down. Now on the property, which is owned by Ernest Kanzler, (whose estate adjoins), stands a garage apartment over a converted stable and another large green frame barn.

In the center of the land is a plastered log cabin, sagging and disheveled, which must have belonged to some early pioneer. The long winding lane from the boulevard to the lake still bisects the estate, the ground empty and forlorn in the midst of the impressive maple trees.

On the gatepost etched in enduring stone, on wrought iron gates, is the title, Whitney, "Ridgmont", but all that is left of this once famous mansion is the log cabin, built long before the big house, and the two green wooden barns.

In searching Pointe family archives for Pointe historical facts, an invitation to visit Mrs. Veola Barlum McDonnell brought to light some fascinating views of the Alexander Lewis family, whose descendants still are prominent in this area.

Mrs. McDonnell's grandparents, the Thomas Lewises, were painted in 1863-4 and the imposing portraits of this Victorian pair hang in the dining room of her Harcourt road house. Thomas Lewis came from Canada with his brother, Alexander, to make his fortune in Detroit. Alexander was mayor of Detroit in 1876-7 and was an early member of the Pointe summer colony. His brother, Thomas, a bearded patriarch with a stern expression, selected Grosse Ile as his home and became known affectionately as "The Governor of Grosse Ile," where he had a stock farm.

Among the portraits in Mrs. McDonnell's home is a striking one of her aunt, Mrs. Lloyd Bowers (nee Charlotte Lewis), wife of Taft's solicitor general, painted in 1923 by that artist chosen by Presidents, Howard Chandler Christy.

And, speaking of artists... a modern day talent is that of Mrs. Peter Gallette, who took lessons at the War Memorial a few short years ago to fill her leisure hours. Her talent must be remarkable for, since April, she has sold nine of her oils and as a member of the Pointe Painters has shown many more.

A very artistic week this... in Friday's production of "The Curious Savage" by the Grosse Pointe Children's Theater will be seen a beautiful seascape painted by Dallas Hamilton. Her daughter, Wendy Hamilton, plays the role of a frustrated artist who can't paint, but triumphs in the climax of the play to produce a masterpiece. The canvas was painted by Dallas Hamilton especially for this dramatic evening.

Winter coats are brightening the fashion scene: not everyone chooses mink... Mrs. Ferdinand Cinelli shops in a striking deep brown leather greatcoat, belted in back and collared in mink... Mrs. John Murphy's boy coat is a heavenly heather flecked in white tweed, belted and double breasted.

PILFERINGS

A Dallas woman in Europe was overwhelmed when she first saw Germany's Black Forest. "Just think," she murmured to her husband, "Here we are in the land of Hansel and Pretzel."

At the end of his first week at Cheam boarding school, Prince Charles sat down with his comrades to write his first letter home. After he had completed it, he edged, flushing, to the master in charge.

"I know my mother is Queen," the embarrassed Prince said, "but how do I address the envelope?"

Dame Edith Sitwell and her brother, Sir Osbert Sitwell, gave a reading of their poems in Hollywood. Sir Osbert suddenly turned to the audience and asked, "Can you hear us?" One man answered, "No." Sir Osbert replied, "Then pay a little more attention."

Pointer of Interest

MRS. EDWARDS JURGES, OF LOTHROP ROAD By Patricia Talbot

When your only daughter wants to be a Brownie and there are no leaders available you quickly find yourself lured into the Scouting movement. Such was the experience of Mrs. Edward Jurges, who is now adept at sewing puppets, writing a play script and directing music.

Mrs. Jurges is co-leader of Girl Scout Troop 267 at St. Paul's School. This is her third year in scouting as she previously had many of her Scouts in Brownies. This season's project is the most ambitious yet, a complete puppet show featuring barnyard characters set to music.

The troop put on the show at their own investiture and did it again December 18 at St. Paul's, later at Our Lady Star of the Sea, the War Memorial and St. Joseph's Home for the Aged. The 22 girls will again give their puppet production for the Barnes School Cub Scout banquet, the Brownies at Ferry School and the Girl Scouts at Mason School. They hope to play to a paying audience soon and finance a Scout trip to Washington, D. C.

Do-It-Yourself Drama

Mrs. Jurges sewed the puppets, wrote the script, directed the actors and helped Robert Swick, who did the tape recording of the music. Proving that Scouting can bring out hidden talents, Mrs. J. admits she has never sewn before. Most of the engaging puppets were done at her kitchen table in the evenings. She received a great deal of help from Mrs. John Eagen in designing the colorful characters from stockings and bits of felt and material. There is a winsome yellow duck, a cuddly white lamb, a farmer with glasses and red yarn hair, a farmer's daughter with bead eyes and yellow pigtails and a hired man sporting a bow tie. All the puppets are stuffed with cotton, stiffened with cardboard and then decorated. The mouths all work by hand, which is quite a feat, even for professional puppeteers.

Back In The Dakotas

This taste for the dramatic and musical in Mrs. Jurges' life began back in her girlhood days in South Dakota, when entertainment was a rarity. She was inspired by Father Flanagan's yearly bus trip to her small town with his theater. He put on a show once a year, directed it, wrote most of it, even drove the bus. She eagerly awaited his yearly

dances with Lawrence Welk when that popular master of champagne music came to her town at the beginning of his career.

She thinks perhaps he danced with her at the one night stands because he liked her sister, but she treasures this youthful memory and wouldn't miss a Lawrence Welk show, even though she doesn't much care for television.

Creative Designer

When she is not busy with her puppet work, and preparations for Scout meetings, Mrs. Jurges works on jewelry, making attractive necklaces and earrings, and she has made 27 leather purses for friends, and still doesn't own one herself. In the summer with Scouting recessed Mrs. Jurges spends every good day down at the Farms pier, fishing for perch. She baits her own hook with worms, swears by this bait, even when all around her people are catching fish with minnows.

Scouting Full Time Job

Like many Scout leaders, she finds this activity a full time job. She takes her troop camping, Christmas caroling, hiking, cooking, and in the process learns new skills herself.

These long winter nights she is stitching away on new puppets, refurbishing the old characters, learning the script, lengthening the performance, revising, writing and generally preparing for the spring offerings.

Leaders like Mrs. Jurges, who give so unselfishly of their time and talent, are the real heart of the Scouting movement. Without them, girls who want the advantages which Scouting offers in learning responsibility, leadership, good citizenship, would not have the opportunity.

Child Authority To Give Talks

One of the nation's foremost authorities on Child Training, Sister May, I.H.M., Ph.D., of Marygrove College in Detroit, will give a series of six conferences, to be presented in course-form by well-qualified lay lecturers aimed to further educate today's parents in modern thinking about the upbringing of their children.

Geared to cover all ages, the course will commence on Monday, January 26, 11, and the five successive Monday night meetings, will be held in the gymnasium of St. Paul's, from 8 until 10 p.m. A fee of \$2.50 per family (to cover both father and mother) will be charged for the entire series.

RADIO STOLEN

Mrs. Roger C. Hubbard of 460 Rivard, personally reported to Farms police on Saturday, January 17, that while her car was parked in the municipal parking lot at the rear of the Kercheval business district, someone broke into her glove compartment and stole a transistor radio. Police found no evidence that the compartment had been forced open.

3 Cars Tangle At Intersection

Three St. Clair Shores residents, two "Bills," and three cars were involved in an accident at the corner of St. Clair and Jefferson on Tuesday, January 13.

William Lunsford, of 23148 Beverly road, in the Shores, was headed west on Jefferson and stopped for the traffic signal at that intersection. He was hit from behind by William Barnes, of 21518 Yale, of the same town. A third fellow, resident, Samuel Zerilli, who lives at 22420 O'Connor, in turn slammed into the rear of Barnes' vehicle.

Damage was minor to all three automobiles, and the trio agreed to settle their differences among themselves. City police consented, as there was no call for a ticket or court decision.
