## ARREST SUPERMARKET BANDITS

### Blue Devils Set for State District Tourney

—Picture by Fred Rummey

Putting the misfortunes of the Border Cities League race behind them the Grosse Pointe Blue Devils are set for the 1959 State District tournament to be held at East Detroit starting March 3. The Devils were runners-up to Austin in the 1958 tournament. Austin then went on to capture the State Class A title. Shown left to right:—TOM ANDRIS, BILL HOOTH, BOB HUNT, LARS ANDERSON, RON

LINCLAU, REM PURDY, JERRY GERICH, TED STANLEY, RON SCHRAM, DAVE VEENENDAAL, JON RICE, RON HARPER, CAPTAIN LARRY BRUZZESE, JIM HOWARD and AL LANG. Kneeling, Student manager PETER NESS, COACH HOWARD MACADAM and Student manager DICK GROAT.

### Four Pointes Take \$124,613 Parking Meter Collections

Revenue Used for Maintenance and Improvements Of Facilities for Local Shoppers; Fines Go Into General Funds

The more than 2,300 parking meters and parking spaces in the four Pointes having business districts, brought in a total of \$124,613 in revenue during the calendar year of 1958, according to official reports.

Fines paid for overtime meter parking are listed separately from the monies collected from these devices, and are not included in the total revenue.

The parking spaces are listed as such in the City, where a business establishment pays for the parking of its customers.

The only Pointe not having a business district is the Shores, which is strictly a residential community.

The Park, according to City Comptroller Nunzio J. Ortisi, has 208 on-street parking meters which last year netted the city \$14,716.78. There are no off-street parking lots within the city limits, except at the waterfront park, but parking here is free.

Fines Not Totalled

Police Lt. Gerald Kesteloot stated that there is no way of knowing how much was collected in fines, since all monies collected in this manner vary, and are lumped together with other violation fines, and then turned over to the city treasury. During 1958, he said, police issued 3,493 overtime parking meter tickets, of which about 10 percent were cancelled for legitimate reasons.

Fines for overtime parking in the Park are a minimum of \$1, if paid within 72 hours, after which the fine is \$2.

According to the Park City Charter, all monies collected from meters and fines are turned over to the city treasury. (Continued on Page 2)

### Three Nabbed For \$10,300 July Robbery

Pair Confess to Theft and Name Former Store Manager as Brains Behind Plan

The arrest of three Detroit men, including the former manager of a Woods supermarket, by Woods and Detroit police, cleared a \$10,300 robbery of the market that took place on July 31, 1958.

Being held for investigation are, Louis E. Pearson, 25, of 13911 Averhill, the former manager and said to be the mastermind in the crime; Robert E. Curlee, 22, of 15601 East Seven Mile road; and James Woods, 22, of 12927 E. Canfield.

Woods Det. Sgt. Walter O'Dell and Det. Leroy Tobian said that Curlee and Woods were arrested by Detroit Patrolmen Paul Ireland and David Sullivan of the Conner Station, 15th Precinct, on Sunday, February 22 at 8 p.m., while Curlee and Woods were in the act of trying to break into a Mack avenue gas station in Detroit.

Pair Break Down

The two suspects were turned over to Detroit Dets. Peter Schmidt and Anthony Otis, who questioned them on the attempted breaking and entering.

The Woods detective team said that while being questioned, Curlee and Woods broke down and confessed to the July 31 holdup of the Food Fair Supermarket, 20382 Mack avenue, and implicated Pearson.

Pearson was arrested by the two Woods officers at the Chatham Market, 13800 Kelly road, Harper Woods, where he was employed, on Monday, February 23, at about 6 p.m., after Curlee and Woods signed a written statement implicating Pearson.

Pearson refused to admit being involved, and refused to make a statement, O'Dell and Tobian said.

The Woods detectives said that Curlee and Woods told them that they each received \$2,700 as their share of the loot, and that Pearson kept the rest for himself.

Hide Out in Mexico

Woods stated that he spent some of the money in Mexico, where he stayed for one and half months after the hold up, spending more than \$700 there. Woods stayed at home.

The two men arrested in Detroit told the Detroit detectives and O'Dell and Tobian that the hold up had been planned by Pearson about three weeks prior to the execution of the crime. The three met for several days to go over the plans, it was said.

Two days before the crime was committed, the two told police, they again went over the plans. Pearson was to turn the parking lot flood lights off before the market closed if everything was all right.

On the day of the holdup, (Continued on Page 8)

### Arrest Teeners As Car Thieves

Four 15-year-old Pointe boys, two each from the Park and the Farms, wanted to attend a basketball game in Ann Arbor on Saturday, February 21, so they "borrowed" a car for the trip.

Park Police Chief Arthur Louwers said that the car belonged to Ray Patterson of 15801 1/2 Windmill Pointe drive, who reported his car missing at 8:37 p.m. A police teletype was sent to all points.

At 10:32 p.m., the chief said, information came from Ypsilanti Police Department, stating that the four boys had been arrested, and the car recovered.

The four teenagers were turned over to Park authorities for disposition of their case. Chief Louwers said that the boys checked parked cars until they found one with a key still in the ignition, which happened to be Patterson's.

### Burglars Pay Visit to Two Park Doctors

Neighbor's Delayed Call in One Case Gives Thief Chance to Escape

A doctor's office and a doctor's private residence, both in the Park, were broken into and ransacked on Tuesday, February 17, and Wednesday, February 18, respectively, according to Park police.

The office was that of Dr. E. J. Hammer, of 905 Berkshire, located at 16616 Mack avenue, and the home was that of Dr. Hubert Knoch, 858 Barrington.

Cpl. Charles French, assigned to the Detective Bureau, stated that the burglar who invaded the office of Dr. Hammer apparently must have been a professional.

Drilled Around Lock

He said the thief entered the building by drilling 10 holes around the rear door lock and then punching out the lock. When the burglar left, the corporal said, he placed a real estate sign against the door to cover the hole.

The thief ransacked the office, Cpl. French said, but netted only \$10 in silver, taken from a cardboard box.

At Dr. Knoch's home, Lt. Arnold Hough and Cpl. French stated a woman neighbor's delay in calling police prevented the burglar being nabbed in the act. The neighbor called the doctor, who in turn called the police.

According to the two officers, the neighbor noticed the side door of the Knoch residence open and went to check, since she knew the Knoch family was not at home.

Heard Noises

The woman noticed footprints in the snow in the driveway and heard a noise in the Knoch home. Thinking the family's pet cat was making the noise, she called to it and heard a louder noise, as if something was dropped. She closed the door.

She returned to her own home and called Dr. Knoch at his office. The doctor notified police who arrived too late to apprehend the burglar.

The neighbor told police that after making the phone call she looked out of her window and noticed a man climbing from between the two houses. The man fell on the (Continued on Page 2)

### High School Concert Band Rates High in Competition

The Grosse Pointe High School Concert Band, under the direction of their new director, Richard H. Snook, participated in the Southeastern District Band competition festival in Birmingham last Saturday, February 21.

The band was one of two in the entire district to receive first division ratings from all four judges. As a result, they are qualified to participate in the State Competition Festival on April 18.

The musicians performed three compositions, in addition to two sight reading selections. The three prepared pieces were "Alba Sentimentale" by Fasoli; "Prelude for Bank" by Johnson; and "Canzona" by Mennin.

Following the competition, one of the judges, Dr. Owen

### Center Plans Course for Gourmets

First Session Scheduled for Tuesday Night, March 3; Mrs. Hering to Lead Off

The War Memorial's popular Gourmet Course, which always is a sell-out affair, begins this coming Tuesday night, March 3, at 8 o'clock, in the Center's library.

First person on the program will be charming and talented Mrs. Jane Porter Hering, who retired after 19 years as manager of the Women's City Club to become the wife of John F. Hering, president of the Charles W. Warren Jewelry Company.

For the first dozen years of her association with the Women's City Club, Mrs. Hering was directly in charge of food. So outstanding did this operation become that Mrs. Hering was elected president of the Michigan Restaurant and Caterers Association and later president of the National Restaurant Association. She continued to serve in this field on a volunteer basis as canteen chairman and volunteer chairman of the Detroit Branch of the American Red Cross.

To Do Famed Dressing

One of the recipes made famous by Mrs. Hering while at the City Club was her celery seed dressing, which recipe she will share with the audience and prepare for them. She will also demonstrate. (Continued on Page 2)

### Third Concert of Season To Be Presented on Sunday By Pointe's Own Symphony

Community Orchestra to be Heard in Parcels School Auditorium at 3:30; Mary Morris To Be Piano Soloist

Now in its sixth year, the Grosse Pointe Symphony Orchestra will present its third concert of the season Sunday afternoon, March 1, at 3:30 in the Parcels School Auditorium.

The orchestra has grown in stature as well as in prominence since its first concert in March of 1954. It is acclaimed as one of the finest organizations of its kind for a community the size of Grosse Pointe. It is sponsored and supported primarily by the membership in the Grosse Pointe Symphony Society.

The Society's Aims

The Society's aims and objectives are: 1. To maintain a symphony orchestra in the Grosse Pointe Communities as a Community project. 2. Dedicated to offer a full season of

### Park Purchasing Six Police Cars

The Park council approved a low bid of \$5,098.40 for six new police cars on Monday, February 23.

The low bidder was the Fisher-Record Motor Sales, of Kercheval, which promised delivery of four two-door vehicles, and two station wagons. The police department will equip the latter two with stretchers and other emergency equipment to convert them into scout car-ambulance units.

The bid figure quoted is after trade-in allowances were made on present police cars.

### Park Council Joins Protest Against Water Diversion

The Park council, at a regular meeting held on Monday, February 23, felt that the Park, as a waterfront community, would be effected by the diversion of Lake Michigan water by Chicago, and approved a resolution protesting such a diversion.

Mayor Kenneth Cunningham presented a letter addressed to him from Traverse City Mayor J. H. Stevens, urging the Park council to call upon its citizens to write their representatives in Congress to protest the diversion, which would not only benefit Chicago alone, but will also "depress Lake Michigan water levels and further increase damage to property, and to Michigan's resort industry. (Continued on Page 3)

### Pointes Share \$61,875 from State Fund

Park, Woods to Get Biggest Slice as in Previous Quarterly Collections

The State Highway Department has begun the distribution of Motor Vehicle Fund Collections for the fourth quarter of 1958 to the counties and incorporated cities and villages, with the Pointes' share to be received amounting to a total of \$61,875.

Net receipts of the Motor Vehicle Highway Fund for the fourth quarter amounted to \$42,002,471.67, an increase of \$487,810.50 over that of the fourth quarter of 1957, according to information released by the State Highway Department.

Collected \$43,202,509

Gross collections for the fourth quarter of 1958 came to \$43,202,509.17, from which was deducted the Secretary of State's collection costs amounting to \$1,200,037.50.

Again, as in previous quarterly distributions, the Park will come into the largest share in the Pointe, receiving \$18,577.98; the Woods, next, with \$16,959.55; then the Farms, \$15,021.81; the City, \$9,262.80; and the Shores, \$2,092.90.

All state gasoline, weight and diesel fuel taxes, and a small amount of miscellaneous fees collected under Acts 153 and 262 of the 1957 Legislature, which combined Act 51 of 1951 and Act 87 of 1955, are deposited in the Motor Vehicle Highway Fund.

Helps Build Roads

After deductions for non-highway uses and collection costs, 47 percent goes to the State Highway Department for expenditure on state trunkline highways in both rural and urban areas; 35 percent to the counties for county roads; and 18 percent to incorporated cities and villages for their roads and streets.

Under this formula, the Highway Department will receive \$19,741,161.69 as its share of the fourth quarter collections; the counties, \$14,700,865.08; and incorporated cities and villages, \$7,580,444.90. Wayne County's share of the collections will be \$2,939,008.

REPORTS LOST PURSE

Mrs. Helen Hill of 215 Cloverly told Farms police on Saturday, February 14, that she lost her purse, last seen at the Country Club of Detroit. She said it contained \$80 in bills, a driver's license and a downtown charge plate.

Ryan, who told police he had been in South Dakota since the 1957 date, ostensibly looking for a job, was unable to pay the fine and was remanded to the Wayne County jail to serve the 10-day sentence.

### ADLINES

of the WEEK  
Compiled by the Grosse Pointe News

Friday, February 19  
LEGAN HOUSE Republican attempt Wednesday to place a one-cent increase in the sales tax on the ballot.  
Republican-sponsored constitutional amendment ran solid wall of Democratic opposition. The vote on amendment was 52 for and 48 against.  
(As an amendment, proposal needed a two-thirds vote for approval.)  
TOP indicated it would meet next week for passage of a resolution, probably Tuesday. That party probably will vote on the sales-tax proposal attempt to give taxpayers a say in deciding where the money should go to ease the State

10. President George Wednesday signaled of a serious bid by a million-member led for a shorter work week of the federation's council are meeting. The council indicated the program this week with labor's friends press for a cut in the 40-hour work week. The union urged the State's 133 affiliated to make the shorter week a prime objective. The labor is also pushing for a "wage increases by workers."

**ESTIMATED FIRE LOSSES**  
 Estimated fire losses in the United States during January amounted to \$112,983,000, the National Board of Fire Underwriters has reported. This loss represents an increase of 13.1 percent over losses of \$99,916,000 reported for January 1957, and an increase of 12.4 percent over losses of \$100,523,000 for last December, 1957.

**HURT IN HOME**  
 Kenneth Lambrecht, 12, of 1039 Beconsfield, accidentally cut his left hand with a knife on Wednesday, while he was in the kitchen of his home. He was taken to Bon Secours Hospital by Park police. Four stitches were used to close the wound.

**Parking Meter Collections**

(Continued from Page 1)  
 ury and put into a general revenue fund.  
**City Has 1,200 Meters**  
 The City claims 1,200 parking meters and spaces, from which was collected the staggering figure of \$68,000, according to Deputy Clerk Neil Blondell.

There are two parking spaces behind the two Jacobson's stores in Kercheval avenue, he said, and the company assumes the parking fees for those parking there, which comes to about \$5,000 a year. The revenue from the meters and spaces, the deputy clerk said, definitely is used for the maintenance of, and the improving of parking facilities in the community.

Fines range from 25 cents to \$2 for overtime parking. The 25-cent fine is applied to those who pay the penalty within one hour from the time tickets are issued. After 24 hours, the fine becomes \$1, and any time after that, it is \$2.

**Over \$8,000 in Fines**  
 In 1957, Mr. Blondell stated, the 25-cent fines brought in \$2,473.75; and the \$1 and \$2 fines totaled \$5,845, all of which go into the general city fund.

The meters and off-street parking lot improvements were paid for through a bond issue of \$380,000 approved by the voters in 1955, which is being paid off from the meter revenue.

**Farms City Clerk Dawson** Nancy said that the Farms' 487 meters all over the city brought in \$23,289 last year, with the average monthly collection set at \$1,940.75.

The meter revenue is split; 50 percent goes towards payment of the meters, and the balance is used for the maintenance of the meters and municipal parking lot, the largest of which is located in the Kercheval-on-the-Hill business district.

**Owe \$7,900 on Meters**  
 Mr. Nancy said that as of February 1 of this year, the city still owed \$7,900 on 259 meters.

Meter fines, if paid within 24 hours, are 50 cents, which the violator can put into a ticket-envelope, and drop into a container conveniently located at spaced intervals on parking lots and streets. After 24 hours, the fine becomes \$2.

Police Chief James Furlon said that the 50-cent fines last year came to \$518.50; and the \$2 fines, about \$3,000. These go into the general city fund.

The Woods collected \$14,826.82 from its 411 on-street and three off-street parking lots meters, stated City Comptroller Gerald J. Lonergan.

**Average Income Lower**  
 Mr. Lonergan said that the average annual income from the on-street meters comes to \$36.60 a meter; and from lots 1, 2 and 3, \$17.50, \$14.50 and \$8, respectively.

The purchase of the meters and the development of the parking lots, which have 18, 20, and 20 meters, respectively, was carried out from funds borrowed from the Municipal Improvement Fund.

The city finished payment on all meters in October 1957, the city comptroller said. Approximately one-half of the total meter revenue, after this date, has been made available to repay the \$74,804 advanced for lot purchases and construction costs.

He said that at the present level of income, approximately 10 years will be required to repay the money advanced from the Improvement Fund.

The fines are turned over to the city treasury and put into a general city fund, and the balance of the revenue not going towards the repayment, is used to maintain the meters and for parking improvements.

**Burglars Visit Doctors**

(Continued from Page 1)  
 slippery walk and got up and continued walking away.

She said she returned to the doctor's house and found the door wide open.

**Pried Window Open**  
 Lt. Hough and Cpl. French said that the prints in the snow led to the rear basement window where evidence showed the window had been pried open, giving the thief access to the house.

Mrs. Knoch told the officers that the upstairs bedrooms had been searched by the robber, but all that appeared to be missing were two compact and a fountain pen. Two suitcases in a storage room had also been gone through but nothing taken, she said.

A table model television set and an electric clock, with plugs pulled from sockets, were close together, indicating the possibility that the burglar had planned to take them.

The lieutenant and corporal followed the footprints in the snow from the side door of the doctor's home to the back yard, north between two houses, and noticed where the man had fallen in the snow. At Fairfax, the officers lost the trail.

**Chief Repeats Request**  
 When the report of the last breaking and entering was placed on his desk and read, Park Police Chief Arthur Louwers reiterated a statement he made many times before, and that is, that residents call police anytime anything looks the least suspicious.

"If this woman had called police when she found the

door of Dr. Knoch's house open," Chief Louwers said, "chances are the thief might have been captured in the act. I repeat a statement I have made so many times, and that is, residents should call police whenever they notice anything suspicious.

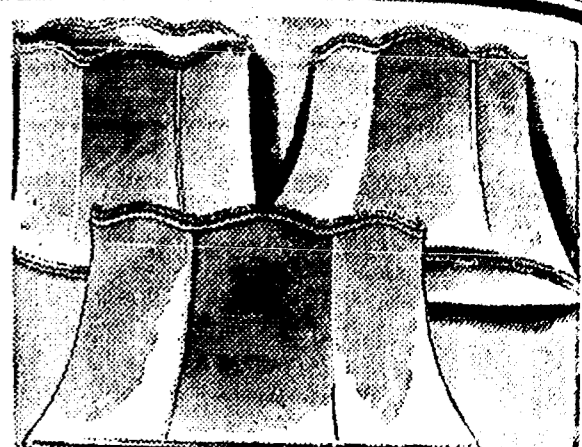

"It does not matter if police are sent on a run that might not result in anything. What matters is that a call could result in the prevention of a crime, or the apprehension of a criminal in the act of a crime. Citizens must not feel that they should not bother police with something that might not be important.

"Again, I repeat, police authorities would much rather answer a thousand calls that would produce nothing, rather than have the people feel they ought not call police because they feel the matter is too trivial for police investigation. Call your police department, that's what we are here for."

For the second straight year, a University of Michigan law student has been chosen to serve as clerk to a U.S. Supreme Court justice, one of the highest honors accorded college law graduates.

**Dominican High Dads Meeting on March 4**

The Dominican High School Father's Club will hold its monthly meeting on Wednesday, March 4, at the Dominican High School. Members are asked to attend the business which will begin promptly 8 p.m., after which there will be a brief entertainment program.

### Owner-Dog Training Class Offered by Schools

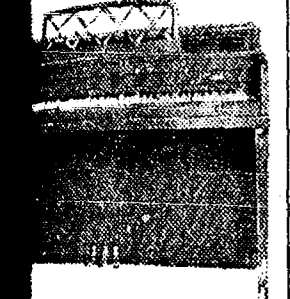

Dog training classes for canine citizens of Grosse Pointe are being offered by the Department of Public Services of the Grosse Pointe Public Schools. All owners are being invited to attend the initial meeting for this series to be held at the Grosse Pointe High Auditorium on Tuesday, March 3, at 7:30 p.m.

The meeting (no dogs) will be held in the auditorium. The owners will be given information on proper equipment and proper registration for the ensuing term to which the owners are invited to bring their dogs.

The training program was developed eleven years ago and is available to the residents of Grosse Pointe School districts.

### School Band

(Continued from Page 1) The band will be assisted by a guest artist of recognized merit—Mary Norris, pianist. She will be featured in the Beethoven Piano Concerto No. 4.

#### Impressive Record

Included among Miss Norris' impressive list of credits is a national piano award at age fifteen, and later instructions under David Saperton at the Curtis Institute in Philadelphia. She made her Eastern debut as soloist with the Philadelphia Orchestra, and has since appeared many times as soloist with other major orchestras. While still students at the Curtis Institute, she and Albert Tipton began to appear regularly together as duo recitalists and with cello as a trio.

Currently she is soloist with her husband's (Albert Tipton) chamber orchestra in their concert tours and performs with him at the Aspen Music Festival in Colorado each summer.

As has been the custom in the past, the Grosse Pointe Symphony Society's Board of Directors cordially invites the public to attend a reception following the concert to meet the orchestra members and the guest artist.

Included among the directors are Miss Camilla J. Ayers, Mrs. Robert P. Armstrong, Mrs. Bogdan Baynart, J. Leslie Berry, Mrs. Winfield S. Jewell, Jr., Jerome E. J. Keane, Thomas W. LeClerc, Mrs. Arnold W. Lungershausen, George F. Mehling, Mrs. Reginald T. Murphy, Thomas Nestler, Mrs. Don J. Nigro, Mrs. John C. Purcell, William R. Ryburn, Mrs. Gerald L. Stoetzer, Mrs. Flavio Vancicelli and Mrs. Neil J. Whalen.

Tickets for adults are \$1.50, students \$1.00. They may be obtained at the box office Sunday afternoon or by calling TU 2-6709.

The Navy's newest floating airfield, the aircraft carrier USS Independence, is equipped with two special food shaping machines that will automatically shape up to 2,400 hamburgers an hour, coffee urns will make up to two gallons per minute, and automatic potato peelers are estimated to peel 1,000 potatoes an hour.

### She'll Draw Ticket

PAULA RUSSO, the charming daughter of Mr. and Mrs. Paul Russo of Kensington road is shown viewing one of the two smart television sets which her father's company, the Grosse Pointe Valet Cleaners, will award to lucky ticket holders on Monday, March 16. The tickets were distributed free to all residents of Grosse Pointe. Paula will make both drawings, the first being at 5 p.m. at the company's main store, 17854 Mack and the second at 6 p.m. at its branch store, 21155 Mack in the Woods. Paula told the photographer: "I can't wait to see who wins".

### Teen Prowlers Given Probation

Farms police marked a case against two youthful prowlers as closed on Tuesday, February 17, when the outcome of a Wayne County Circuit Court trial became known.

The youths, Donald Osmulski, 18, of 1236 Holcomb; and Larry Wright, 17, of 3827 Beniteau, both of Detroit, charged with attempted breaking and entering, were sentenced to two years probation, and ordered to pay court costs of \$50 each, by Circuit Judge Frank Fitzgerald on Friday, February 13.

Osmulski and Wright were arrested by Farms authorities last October 6, minutes after they tried to break into the home of Mrs. George K. Peels of 449 Allard.

Mrs. Peels, hearing a noise at the rear of her house, went to investigate, and the youthful, would-be burglars fled, to be arrested on Chalfonte, between Barclay and Cook roads about five minutes after the woman called police.

### Park Protests Water Request

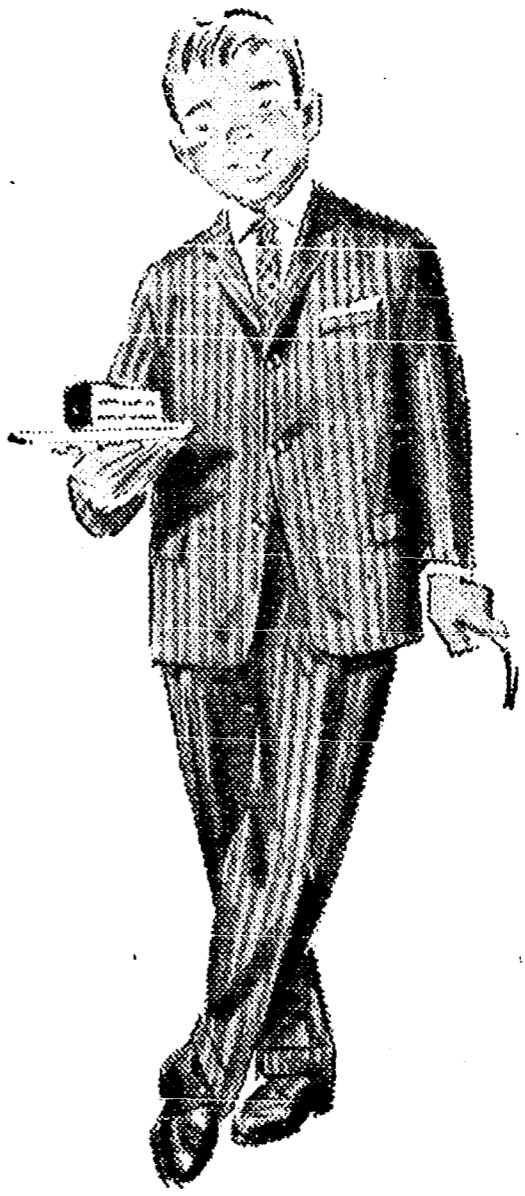

(Continued from Page 1) tion of water from Lake Michigan by Chicago.

"We can ill afford to be apathetic or complacent about this shameful waste of our most vital natural resource.

"I urge you to use your good offices in transmitting this information to your local editor, requesting him to give publicity to the water diversion matter, and asking local readers to write to their Representatives and to our Senators. The important thing is to get the water diversion problem to the attention of the people and induce them to write to Washington."

The letter, along with an editorial from the Traverse City's local paper, The Record-Eagle, stirred the Park Council into unanimously approving the protest resolution.

### Yes! HUSKY BOYS can wear natural shoulder SUITS handsomely!

Boys of greater weight and size will be delighted with the handsome natural shoulder styles we have created for them. And parents will appreciate that we offer the same individualized and careful fitting service on a boy's suit as we do on a \$100 man's suit. ## St. Paul Students Entering Exhibit

By David Ayrault  
Science-minded students of St. Paul High School are completing projects that they hope will be worthy of exhibit at the Metropolitan Detroit Science Fair. Last year St. Paul had four entries in this Science Fair and all four won places among the top 10 entries in the fields of Chemistry, Biology, Physics, and Engineering.

This year, St. Paul has hopes of being even more successful in the Detroit Science Fair and of entering the National Science Fair. These hopes are based mainly on Dave Evans and Tom Dembek, two of the four winners from last year. Before any entry can enter the Detroit Science Fair, it must rank very high in the St. Paul Science Fair, which is to be held Saturday, February 28, from 1 p.m. to 7 p.m. and on Sunday, March 1, from 8 a.m. to 7 p.m.

All entries, which range from the Solar System to the Structure of the Eyeball and from Bacteria Cultures to the Telegraph, have the potential of becoming prize winners. Those who have already finished their project are smoothing out last-minute details. Those who have not yet finished are working furiously to complete entries before the February 28 deadline.

In addition to the first and second place ribbons, a special award will be given to the "most interesting exhibit," to be determined by the ballot of all the adults who attend. Science-minded students of St. Paul hope their arduous work has not been in vain. All are invited to attend the Science Fair, which the students hope will prove interesting and educational.

**WAYNE GIVEN \$265,000**  
Gifts and grants totaling \$265,000 were accepted by Wayne State University's Board of Governors at its recent December meeting.

The National Science Foundation (NSF) gave \$131,800 for research and education. This will support training institutes in radiation biology and mathematics, to be conducted next summer for selected Detroit-area high school teachers. Another \$50,000 of the NSF total will support research into optical rotatory dispersion data by Dr. Carl Djerassi, professor of chemistry in the College of Liberal Arts.

The U.S. Public Health National Institute of Health, gave \$105,328 to continue two research projects on cancer at the department of pathology of the College of Medicine. Other grants to support research and training at the College of Medicine included \$7,224 from Harper Hospital, \$5,000 from the Squibb Institute and \$2,500 from Difco Laboratories.

**CITY CLERK INJURED**  
Farms City Clerk Dawson Nacy slipped on the ice in front of his home, 367 Hillcrest, on Tuesday, February 10, and suffered a cut over his right eye. He was taken to Cottage Hospital by police, where five stitches were needed to close the wound.

## OBITUARIES

**ARTHUR PELKEY**  
Mr. Pelkey, of 71 Lakeview road, died on Sunday, February 15. He is survived by his children, Mrs. Russell Roland, Orville, and Mrs. Willard Allor. He also leaves six sisters, two brothers, and 11 grandchildren.

Funeral services were held Wednesday, with burial in Wolverine, Mich.

**ALEXANDER S. LYNCH**  
Mr. Lynch, of 451 Lexington road, died on Sunday, February 22. He was the husband of the late Ella Lynch; and is survived by a son, John C., of Seattle, Wash., and a sister, Mrs. Herman Everitt, of Thanesville, Ont.

Funeral services were held Wednesday, with burial in Forest Lawn Cemetery.

**MARY VAN GOETHEM**  
Mrs. Van Goethem, of 1343 Nottingham road, died on Sunday, February 22, at the age of 85. She was the wife of the late Alphonse Van Goethem; and is survived by a stepson, Walter L.

Funeral services were held Tuesday, with burial in Mount Olivet Cemetery.

**FRED VINAL**  
Mr. Vinal, of 943 Washington road, died Friday, February 20. He is survived by his wife, Anna Mae; and a daughter, Mary.

Funeral services were held Monday, with interment in McKeeseport, Pa.

**ERNEST WOODCOCK**  
Mr. Woodcock, of 950 Pemberton road, died on Friday, February 20. He is survived by his wife, Margaret; a son, Leonard; and daughter, Mrs. Jay McCormick.

Funeral services were held Monday, with burial in Holy Sepulchre Cemetery.

**C. ROY DEGALAN**  
Mr. DeGalan, 70, of 1021 Yorkshire road, died on Tuesday, February 24, in Bon Secours Hospital following a brief illness. A resident of the Detroit area all his life, he was graduated from the University of Detroit in 1909.

Mr. DeGalan was associated with the Security Columbian Bank Note firm, of Chicago, for 38 years. He was District Manager of Detroit for the

company, and worked until the time of his death.

Surviving are his wife, Helen; and children, Valerie, John B., Mary Elizabeth and Thomas. He also leaves a brother, Frederick S., and sister, Mary E.

Funeral services will be held tomorrow, Friday, 9:30 a.m. at Verheyden's Funeral Home and 10 o'clock at St. Clare Church. Burial will take place in Mount Olivet Cemetery.

**GRACE D. BOYCE**  
Mrs. Boyce, of 1444 Somerset road, died on Monday, February 23, at the age of 58. She is survived by her husband, Eugene S., and a sister, Mrs. Clara Horan, of Pittston, Pa.

Funeral services were held Wednesday, with burial in Mount Olivet Cemetery.

**ALICE MOSSNER**  
Mrs. Mossner (nee Sams), of 1153 Lakepointe, died Monday, February 23, at the age of 74. She was the wife of the late Charles C. Mossner, and is survived by her children, Earl, Mrs. A. P. (Phyllis) Barranco, and Mrs. H. E. (Florence) Hinks. She also leaves five sisters, five brothers and nine grandchildren.

Funeral services were held Wednesday, with burial in Forest Lawn Cemetery.

**DOROTHY H. LEWIS**  
Mrs. Lewis, of 444 Moran road, died on Wednesday, February 18. She is survived by her husband, Earl J., and sons, James E. and Richard J. She also leaves her mother, Mrs. Catherine Harder, and a brother, Neil Harder.

Funeral services were held Friday, with burial in White Chapel Cemetery.

**MANY LOSE LICENSES**  
Licenses of more than 20,000 Michigan motorists were suspended or revoked last year by the Driver Improvement Section of the Department of State, according to figures released this month. Driver license administrators conducted hearings for 34,229 motorists, who were called in to account for their poor driving records. Of this number 20,086 lost their licenses. Licenses of another 17,000 drivers were automatically suspended or revoked under provisions of the Financial Responsibility Law.

## Symphony Concert Sunday

(Continued from Page 1)  
Other students contributing fine performances to the Festival from the High School were Sherry Leslie, who won a Superior rating for her rendition of Cecile Chaminade's "Sonata for Flute," and Dottie Hall, who had a rating of Excellent for her solo "Fantasia et Rondo, by Carl Maria von Weber."

Richard Snook is the instrumental music director at Grosse Pointe High School.

Nowadays about the only time a pedestrian has the right of way is when he is placed in a waiting ambulance.

Another first division solo winner was Glenn Kalember, who performed the third movement from Mozart's "Concerto for Horn."

Combining talents, Judie Henderson and Kay Wunsch, both seniors, merited first division ratings for the "Duet for Unaccompanied Flute and Oboe."

Another joint effort, by the High School's Brass Trio, brought one more first division score from the judges. Ross Mulholland, Dan Murphy and Glenn Kalember performed the difficult "Sonata for Trumpet, Trombone and Horn," by Francois Poulenc.

**MOST ELIGIBLE**

for **ECON-O-CHECKS** (20 for \$25)

Like most homemakers, you are probably busy to spend time running around paying bills by cash. What you need is the convenience of a checking account for household bills. Right! Then **ECON-O-CHECKS** are tailor made for you. In fact, for anyone who writes twelve checks a month and wants to maintain a moderate bank balance. Here's why: For only \$2.50 you get 20 personalized checks bound in a wallet-type, purse-size carrying case—plus a check register. AND, there is no basic service charge, no charge for deposits and no minimum balance is required. Isn't the checking convenience and economy you want? Many married couples find that an **ECON-O-CHECK** account plus a regular checking account is the ideal way to keep bookkeeping straight and budgeting simple. Ask about an **ECON-O-CHECK** account at any of the 63 Detroit and suburban offices of National Bank of Detroit.

More friends because we help more people

### Election Held By Young Dems

one-vote margin over Pat Donahue. Donahue was subsequently elected first vice-president.

Other officers are Fred Metry, second vice-president; Jim Mann, treasurer; Mike Ward, corresponding secretary; and Joanne Wohlford, recording secretary.

Plans were laid for future meetings which are to include a bi-partisan panel discussion of "The Function of Politics in Everyone's Life," a "Meet Your Candidate" meeting, and social functions including dances and picnics.

President Saylor stated that membership is open to men and women of the Pointe between 21 and 35, regardless of political affiliations. The next meeting, a mixer, is scheduled for Tuesday, March 10, 8:30

### Shores Traffic Violators Pay

Ed Cross of 470 Philip, Detroit, was found guilty of driving while his license was revoked, and for having insufficient lights on a trailer attached to his car, when arraigned before Shores Judge John Gillis on Monday, February 16.

A fine of \$100 was levied against Cross, whose driving privileges were revoked an additional 60 days, and he was placed on probation for one year.

John L. Aisup of 26727 Waldorf, Roseville, was found guilty of reckless driving on Lake Shore, as was John Sokolyk of 13414 Camden, Detroit. Both faced Judge Gillis on separate charges, and each paid a fine of \$50.

Walter Britz of 33 West Pleasant, River Rouge, paid a fine of \$25, after he was found guilty of speeding on Lake Shore.

Emil K. Kaurischill of 540 McDougall, Detroit, was assessed court costs of \$7.50, and put on one year probation for not having his car under control and causing an accident at Lake Shore and Vernier road.

Thomas G. Kennedy of 3230 Tuxedo, Detroit, was found guilty of speeding on Lake Shore, and paid a fine of \$15.

A \$15 fine was also levied against John W. Holder of 22968 Maxine, St. Clair Shores, who was found guilty of speeding on Lake Shore.

A charge of not having her car under control and causing an accident at Lake Shore and Vernier, was dismissed for Katherine L. Hale of 20622 Wedgewood, because of lack of witnesses.

Bryce E. Riley of 1245 Chalmers, Detroit, whose driver's license was revoked by the Secretary of State, shortly after he was ticketed by Shores police for speeding on Lake Shore, was found guilty of the speeding charge, and paid a fine and court costs of \$17.50.

Bruce W. Carrigan of 5419 Campbell, Dearborn Township, was found guilty of speeding on Lake Shore and paid a fine and costs of \$17.50.

Thomas H. Schalm of 90 Scott, Mt. Clemens, forfeited a bond of \$80 for failing to appear before Judge Gillis at an earlier date on a charge of speeding on Lake Shore. The bond forfeiture followed his arrest by Mt. Clemens police, who found Schalm was wanted on a warrant by Shores authorities.

George W. Long of 638 Fairview, Detroit, was found guilty of speeding on Lake Shore and paid a fine of \$35.

is the ultimate in stereophonic high fidelity sound. The superlative "all-in-one" instrument was created by Stromberg-Carlson to give you the full realism of living-room sound from the new stereophonic records. . . . your regular LP records will be enhanced in a new realism never before possible. ### To Preach

Guest minister at the Grosse Pointe Memorial Church on Sunday, March 1, will be the REV. THEODORE F. ROMIG, D.D., Secretary of the Division of Ecumenical Personnel of the Commission on Ecumenical Mission and Relations of the United Presbyterian Church in the U.S.A. Dr. Romig will preach at both the 9:30 and the 11 o'clock services.

Since his election in 1955 to his present strategic post, Dr. Romig has been sent on significant missions to Africa, Latin America, and Asia to further the developments of ecumenical personnel.

Dr. Romig was born in Taining, China, the son of Presbyterian missionaries, and spent the early years of his life in that country. He came to the United States for his education at Wooster College and McCormick Theological Seminary. The honorary degree of Doctor of Divinity was conferred upon him by Duquesne University. After serving as a pastor in the Synod of Iowa until 1938, he sailed for China as a missionary.

Dr. Romig's assignments in China included service in Hunan Province, where he worked with rural churches scattered over an area of 10,000 square miles; pastoral ministry in Nanking; and teaching in Nanking Theological Seminary. The Communist occupation of China made it necessary for him to leave China in October, 1949. Upon his return to the United States, he carried out special assignments for the International Missionary Council and the World Missionary Conference. In 1951 he became Professor of Missions at McCormick Seminary.

### FRONTAL ATTACK

The man who fights with his back to the wall gives his enemies little chance to attack from the rear.

### Trombly PTA Meets March 2

The Trombly School Parent-Teachers Association meets in the school auditorium at 8:15 p.m. on Monday, March 2. Mr. Irving Jorgenson, program

chairman, has invited Dr. James Bushong, Superintendent of Schools, as guest speaker. Mrs. Henry Domzalski and Mrs. Richard Royer, Social Chairmen, together with Room mothers, are planning and arranging a social hour to follow the auditorium meeting. University of Michigan students receiving degrees at the end of the fall semester numbered 1,310.

Friday night until 9 p.m. and all day Saturday

Ed Smith, who will manage the local office, invites "Pointers" to stop in and pick up a free get-acquainted gift.

The Associates firm is one of the Nation's largest consumer finance companies.

### PONTIAC NAMED CAR OF THE YEAR

## "Pontiac with wide-track wheels is the best combination of ride... handling... performance and styling of any '59 car"

—The Editors of Motor Trend Magazine

In making its annual automotive award, the staff of Motor Trend Magazine, leading automotive publication, tests and evaluates all new cars. Here are quotations from the April 1959 issue:

"The stability of the 1959 Pontiac is the outstanding automotive advance of the year. Everyone considering a new car should experience it."

"It's the best balanced passenger car in America. We firmly believe that in moving the wheels farther apart, to develop the widest stance of any American car, Pontiac has created an entirely new sense of balance and handling security."

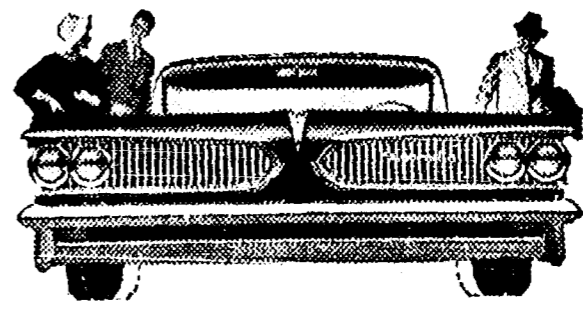

"Pontiac's lines are clean, simple and beautiful. It has a fleet look, a trim appearance. The wide wheel design contributes greatly to its

over-all integrated styling. Any comparison with narrower track cars readily shows the difference."

"For the economy-minded, an efficient new engine. The new 420E Tempest economy engine offers remarkable performance along with exceptionally high mileage while operating on regular grade gasoline."

"Pontiac is again tops in performance, based on our extensive road testing. Acceleration is outstanding, yet the engine is unusually quiet and smooth."

Your nearest Pontiac dealer will be glad to let you road-test this award-winning automobile on your own. You'll see why it's the year's most talked-about car!

**THE ONLY CAR WITH WIDE-TRACK WHEELS**

Wheels are five inches farther apart. This widens only the stance, not the car. Pontiac takes a better grip on the road, hugs tighter on curves and corners. Sway and lean disappear, ride is smoother, balanced, steadier. Handling is easier. You drive with a new confidence, a comforting security. Pontiac gives you roadability no "narrow gauge" car can offer.

### Western—In Grosse Pointe!

It's the Wagon Wheel, the store of Western Wear. Barbara Van Ryssegem and Bernice Prior, two charming young ladies, operate this attractive store where everything Western, particularly Square Dance clothes and accessories, are sold. Their husbands,

Bud Van Ryssegem and Larry Prior are also often pressed into service here, because it is a busy store. Bud is a square dance "caller", and a good one and so he is usually in Western togs which gives customers a good idea of what's being worn.

#### MSU Offering Course Here

"Square dancing is excellent diversion and loads of fun. It helps to keep you young", these enterprising girls will tell you. They emphasize that authentic Western wear lends much to square dancing, which in turn is busy America's number one dispenser of "tension" and "nerves". It is rather evident that square dancing parties are becoming more and more popular.

The Wagon Wheel store is at 20445 Mack avenue, in the Woods.

A Michigan State University liberal arts course "The Cold War—the War for World Supremacy" is being offered by the Department of Community Services of the Grosse Pointe Public School System. Beginning on Thursday, March 5 at 7:30 p.m., the course will continue for a 10 week period under the auspices of the M.S.U. Program of Liberal Arts Education for Adults.

The course will consider such aspects of the cold war as America's role in world politics, the challenge of Soviet communism, the conduct and control of American foreign policy in the United States and Europe. Included in these discussions will be the economic aspects of the U.S. foreign policy, defense policy and arms control.

Dr. Harold K. Jacobson, assistant professor of political science at the University of Michigan, will conduct the course. Dr. Jacobson received an A. B. "With Distinction" from the University of Michigan and his M.A. and Ph.D. from Yale University. In 1953 he was named a Kent Fellow by the National Council on Religion in Higher Education and an Overbrook Fellow by Yale. He served as a staff writer for "Religion at the News Desk," a syndicated radio program, and for two years was a member of a panel which interpreted news for KTRH, KLBS and KUHT-TV in Houston, Texas.

Professor Jacobson is a member of the American Political Science Assoc., Southwestern Social Science Assoc., and Midwest Conference of Political Scientists, among others. He is a committee member of the U-M faculty Political Science Department's Curriculum, Roundtable and Teaching Committees. He has been a departmental adviser, foreign service adviser, administrative assistant to the

### Panama Honors Three Pointers

Three Grosse Pointe area men, Harry Parke, president of Parke, Davis Company, of 610 N. Main St., and two other men, Parke Jeeves, vice-president of Parke, Davis Company, and William W. Jeeves, director of the Western Hemisphere Division, 917 Lincoln road, were honored by the Order of Vasco Nunez de Balboa, from the Panamanian government here recently.

ever a crisis has arisen." The Parke, Davis group, including Loynd, Bundsen and Carl Johnson, vice-president, advertising and public relations, of 15725 Windmill Pointe, Grosse Pointe Park, were in Panama following their participation in opening ceremonies of Parke, Davis' newest Latin American branch in Bogota, Columbia. Jeeves received his award in absentia.

Panama's finance minister, Fernando Eleita made the awards as "an expression of gratitude for the large quantities of medicines that the world-wide pharmaceutical firm has donated to Panama, and the willingness of its executives to extend aid when-

### Dr. James Adams To Speak Here

Dr. James Luther Adams, Professor of Christian Ethics in the Harvard Divinity School, will be the principal speaker at the Winter Conference of the Michigan Area Council of Liberal Churches, to be held at the Grosse Pointe Unitarian Church, February 27 and 28.

Dr. Adams has had a distinguished career in the ministry and in academic work. He has a particularly strong interest in the application of religion to social life, and has always maintained an active interest in the public affairs of his community, state and nation.

During the past year, Dr. Adams travelled extensively in Japan, Burma and India, lecturing before learned societies, college communities and religious groups. In his younger years, Dr. Adams lived for a time at the famed Maria Laach Benedictine Monastery in Germany.

During the 1930's, he studied at the universities of Heidelberg, Marburg and Strasbourg (France). At one time, when he was investigating the relationship between religion and fascism, he was taken into custody by the Nazi Gestapo, but was later released.

Dr. Adams holds a number of academic degrees. He is a Fellow of the American Academy of Arts and Sciences, and serves on the state board of the American Civil Liberties Union. He is currently serving as co-director of a Seminar on Theology and Law offered to students of the Harvard Law School and the Harvard Divinity School.

At the first session at 8:15 p.m. Friday, Dr. Adams will speak on "Religious Liberals and the Non-Christian Religions." During the Saturday morning session, which will start at 10 o'clock, he will discuss "Religious Liberals and the Urgent Public Questions" and at the concluding meeting Saturday afternoon, scheduled for 2 o'clock, his address is entitled "Religious Liberals and Ritual, Ceremonial and Symbol." In each instance, a discussion period will follow the address.

Interested individuals are cordially invited to attend any one or all of the sessions.

### Foreign Policy Talks Planned

Speakers for a three session community workshop on Foreign Policy, to be held in the High School Annex Auditorium (Old Country Day School), 43 Grosse Pointe boulevard, have been announced by Mrs. George Brown, president of the League of Women Voters of Grosse Pointe, and the Department of Community Services of the Grosse Pointe Public School System, sponsoring organizations.

Russell Barnes, foreign affairs commentator for the Detroit News, will open the workshop on Thursday, March 5, at 8 p.m., when he will speak on "The Russian Challenge at Berlin." Mr. Barnes is former director of Psychological Warfare Branch Staff Section of Allied Forces Headquarters, Mediterranean Area, World War II.

On Thursday, March 12, at 8 p.m., George Donat, economist and director of overseas marketing service for Parke, Davis Company, will speak on "U.S. Foreign Policy — Its Economics".

On March 19, also at 8 p.m., "The Western Alliance: Its Problems and Prospects" will be discussed by M. John Wechsler, Dean of the Consular Corps of the Canadian government and Jean Paul Desparmet, French Consul.

This workshop is presented to the community as part of the League's program of Action in the Community, according to Mrs. James Graves, chairman of the Foreign Policy Study Group, which has planned the program. The public is cordially invited and urged to attend.

at Wayne State University, will speak on "The Soviet Union".

### Booklet Planned By Rocket Club

Grosse Pointe High School's rocketeers, in their two year history, have successfully launched over 25 rockets, the highest altitude reaching a little more than a mile.

Now the group, known officially as the Grosse Pointe Rocket Society, is undertaking another kind of project—based on knowledge gained within the realm of their own experiences.

The students, aided by their faculty sponsor, Jay Grosmark, are in the process of compiling data for a booklet, which they hope to have ready for publication by June.

Each club member has been assigned to tackle a chapter. Vital subjects such as new fuels, radio tracking, ignites, etc. will be covered. In addition they plan to include pictures and diagrams in the booklet.

### STAMP EXHIBIT PLANNED

The 45th Annual Exhibition and Bourse of the Michigan Stamp Club will be held at the Hotel Fort Wayne, 408 Temple avenue, in downtown Detroit, on Saturday and Sunday, February 28 and March 1.

### Supermarket Bandits Arrested

(Continued from Page 1)  
Curlee and Woods waited in a car across the street from the supermarket, the police said, and at closing time, Pearson turned off the lights.

Hamlin's, Inc.  
89 Kercheval

24 HOUR SERVICE  
17400 LIVERMORE ST. METROVILLE • DR 3-7896  
15304 KERCHEVAL ST. BLOOMSBURG • TA 2-1970

**Wore Bag on Head**  
Curlee, with a paper bag over his head, slitted at eye-level, so he could see, entered the market, while a stockboy, unaware of the impending robbery, was in the back of the store. Woods waited outside with the car motor running, acting as a lookout.

As Curlee entered the store, Pearson called to the stockboy, Sam Bracaleone, 17, of 4004 Buckingham, Detroit, to come to the front of the store, where, under threat of a gun, he was tied up with a plastic clothes line.

Curlee then tied up Pearson, it was said, but very loosely, after which he scooped up the days receipts, \$10,300, in a bag, and fled.

**Delays Report of Theft**  
Pearson easily worked himself loose, Sgt. O'Dell and Det. Tobian said, but waited 15 minutes, to give Curlee and Woods a chance to escape, before turning in an alarm.

The loot was originally kept in the basement of Curlee's home, 1302 Beaconsfield, where he lived at the time, then a few days later, it was transferred to Woods' home.

Later, the money was given to Pearson, it was said, who about three or four days after, met with Curlee and Woods at a restaurant at Fourteen Mile road and Jefferson, where the latter two were handed their share of the loot, and each went their separate ways, never meeting again until they were arrested.

Sgt. O'Dell and Tobian said the three men were taken to the Wayne County Prosecutor's Office yesterday, February 25, to make a statement, and where a warrant was sought charging the three with armed robbery.

None of the loot has been recovered, the officers said.

#### 20,086 LOSE LICENSES

Driver license administrators of the Driver Improvement Section of the Michigan Department of State, during 1958, conducted hearings for 34,229 motorists, who were called in to account for their poor driving record. Of this number, 20,086 lost their driving privileges through license suspension, or revocation.

### To Be Cited For Part in Nabbing Pair

**Detroiters Identified By Gas Station Attendant After Theft of \$117**

Two Woods policemen will be given citations for their alertness in the performance of their duties which resulted in the apprehension of two bandits on Saturday, February 21. Director of Public Safety Vern C. Bailey disclosed that Sgt. Henry Marchand and Patrolman Donald Collins will be cited for their part in the arrest of two Detroit men, wanted by St. Clair Shores police for the armed robbery of a gas station in their community.

Arrested were McKinley Lee, 25, of 5623 Fifteenth street; and James Ellis, 32, of 5228 Stanton, who were turned over to St. Clair Shores authorities after being booked for investigation of the armed robbery.

**On Routine Patrol**  
A Woods police report revealed that Sgt. Marchand and Patrolman Collins were on routine patrol on Mack avenue when a general police broadcast came over their scout car radio, asking area police to be on the alert for two suspects believed to have robbed a gas station at Nine Mile road and Jefferson in St. Clair Shores.

The two officers spotted a car traveling north on Vernier road which answered the broadcast description. With the scout car crew watching, the suspect car turned right onto Mack, then left onto Anita.

When the suspect vehicle turned onto Anita, the two Woods officers gave chase. At Helen, the other car turned left onto that street, running a stop sign, and then turned right onto Vernier road. Lee and Ellis were stopped on Vernier, just east of Harper avenue.

**Pair Handcuffed**  
They were ordered out of the car and searched, after which they were handcuffed.

Sgt. Marchand searched the suspects' car, and found \$117 in cash in the back of the arm rest of the front seat, on the passenger side of the car.

St. Clair Shores police arrived at the Woods station with the gas station attendant, who identified Lee and Ellis as the two who had held him up.

The two Detroiters were turned over to the St. Clair Shores authorities.

Director Bailey said that the two officers of his department showed initiative and alertness to duty, and that he will recommend them for a citation.

Before leaving the Woods station, Lee found he was in trouble in the Woods, too. He was given a ticket—for ignoring the stop street sign.

### Improper Turn Causes Tangle

A woman driver making an improper left turn on Friday, February 21, produced three damaged automobiles and a ticket for herself for the violation.

Mrs. Shirley D. Benn, of 26808 Normandy, in Roseville, was driving west on Rivard boulevard when she attempted the illegal turn in front of 299 Rivard. Harold R. Boyer, of 17700 East Jefferson, who was right behind her, damaged the front end of his brand-new station wagon as he slid into her. Also hit was a car owned by Patricia J. Thrasher, who lives at the 290 address. The car was parked at the curb in front of her house.

Mrs. Benn agreed to take care of damages to all three vehicles.

### Pointe Business Notes

The Standard Accident Insurance Co. of Detroit, one of America's pioneering business firms, is observing its 75th anniversary this year.

Capt. J. T. Patton, of Detroit, landed a muskellunge in Lake Huron one day and found that the fish had two rusty hooks imbedded in its mouth. Capt. Patton's companion, Clifford F. Lovell, also of Detroit, remarked, "What that old fellow needed was accident insurance."

The subsequent conversation led to the incorporation of the firm by Capt. Patton, Dexter M. Ferry, its first president, and 12 other prominent Detroiters on May 29, 1884.

Ferry's son, Dexter M. Jr., is now chairman of the board of Standard Accident as well as the Ferry-Morse Seed Co. L. K. Kirk is president of the insurance firm.

E. H. Meyers, Jr., C.L.U., of Country Club drive, Grosse Pointe Woods, General Agent in the Detroit Agency for The Fidelity Mutual Life Insurance Company, has been awarded the Company's Agency Building Award for 1958, according to an announcement by E. A. Roberts, President of the Fidelity Mutual.

Given each year in recognition of agency development during the preceding calendar year, the award identifies the agency as a progressive growing organization among the Company's General Agencies. Qualification is based on added manpower and certain minimum attainments in new life insurance sales.

Mr. Meyers has qualified for this Award every year since its inception.

Promotion of H. J. Slekman, of 320 Kerby road, to manager, market development and research, was announced by the Metallurgical Products Department of General Electric, Detroit. Slekman formerly was manager of applied mechanics engineering.

He becomes responsible for product planning, market research, and sales development of new carbide products.

The author of many articles and papers in the metal-cutting field, he has wide experience with experimental engineering in machineability techniques.

A graduate of the University of Cincinnati with a bachelor of science degree in metallurgical engineering and the University of Michigan with a master's in business administration, he is a member of the American Society of Tool Engineers and American Society of Mechanical Engineers.

R. G. Madill, 830 Washington road, has been appointed Eastern District Sales Manager for the Commercial Container Division of Ball Brothers Company, Muncie, Indiana. His headquarters will be in the Ball Brothers Company offices, 99 Park avenue, New York City.

Prior to his recent assignment, Madill had been manager of the Ball Detroit sales office for nearly four years. He was a Ball sales representative in Chicago before being transferred to Detroit.

President Neil C. McMath of Whitehead & Kales, Detroit's pioneer fabricators and erectors of structural steel, announces the election of S. E. Hebert to the board of Directors. Mr. Hebert has lived in Grosse Pointe Woods for the past two years at 622 Fairford.

His connection with Whitehead & Kales dates back to 1915. He has been a vice-president for the past four years.

### Groups to Be Formed To Discuss Foreign Policy

Grosse Pointers will have an opportunity to register their opinion on Foreign Affairs directly with the Department of State. Discussions on nine selected topics concerned with U.S. Foreign Policy will be arranged for small groups of men and women during March and April.

These will be based upon informative material prepared by the Foreign Policy Association.

Both the Grosse Pointe Library and the Grosse Pointe War Memorial have agreed to make space available, but other groups, churches and clubs are urged to avail themselves of these carefully prepared information kits which include nine fact sheets and eight opinion ballots.

Registration for those interested will be held at the Community Services Building of the Grosse Pointe Public School System, 43 Grosse Pointe Boulevard (Old Coun-

try Day School Building) on the evening of March 10 between 8 and 9 o'clock. Complete course kits (\$1 per kit) will be available at that time for other organizations interested.

This program is being sponsored by a number of Grosse Pointe civic groups and by the Department of Community Services of the Grosse Pointe Public School System. Inquiries both as to the use of these kits and registrations of interested group participants may be directed to the office of Forrest Geary, Board of Education, TUxedo 5-3808.

#### PLEADS GUILTY

At the Tuesday, February 10, session of Traffic Court, Maurice E. Dubois, of 905 Vernier, pleaded guilty to driving through a stop sign — which violation resulted in an accident—and agreed to pay the fine of \$25 which was decreed him.

**MOWER STOLEN**  
Larry Gentile of 289 road, reported the theft of a lawn mower from his home to Farms police on January 29. The mower valued at \$30.

  - 8:30 p.m. Adults
  - Tuesday nights 8:15 p.m. Adults only

Detroit Traffic Record Lauded

Detroit's traffic record in 1958 was the finest the city has ever compiled since the Detroit Police Department began maintaining complete accident statistics in 1922, according to William H. Polkinghorn, police department director of traffic.

The 156 traffic fatalities last year compared with the previous low in fatalities of 160 in 1944, a wartime year when motor vehicle travel was reduced to a fraction of what it is today because of gasoline and rubber restrictions and the actual number of vehicles registered was about half of what it was last year.

Personal injuries were also down. In 1958, 18,131 persons were injured compared with 17,074 in the previous year. Property damage accidents were considerably below what they were in 1957, 46,540 to 56,274.

There were many factors responsible for this excellent record, Director Polkinghorn said.

"The work of the agencies working actively in the field, such as the Traffic Court, the Department of Streets and Traffic, the schools, the Traffic Safety Association and, of course, the enforcement efforts of our police officers spearheaded the program," he said. "Newspapers, radio, television and other media contributed importantly to informing the citizens of the traffic accident problem.

The vast number of good drivers in Detroit who voluntarily observed the traffic laws and who exhibited an admirable sense of courtesy and decency behind the wheel was a most important factor," he continued. "And so was the performance of Detroit pedestrians, who practiced safe walking habits.

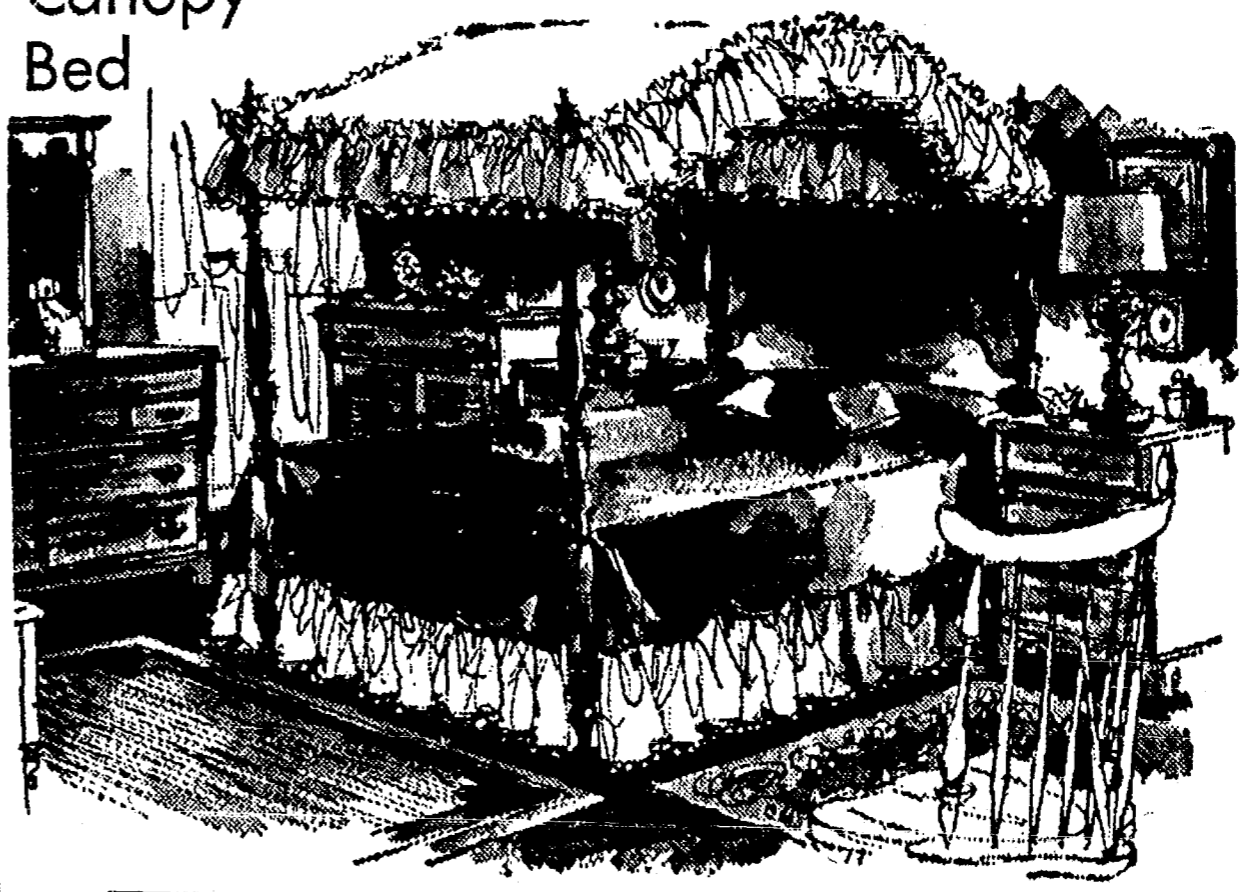

"All in all it was a year that Detroit should take pride in," he said.

Truth is the hub around which the wheel of life revolves.

People who fear censure very seldom rise above criticism.

In order to make his point a good speaker must drive it home.

Cause for Alarm and Action

The council of Grosse Pointe Park has officially gone on record as protesting Congressional legislation which would let Chicago take an additional 1,000 cubic feet of water per second from Lake Michigan. This would make a total diversion of 2,500 cubic feet per second. There is a story on page one of this issue telling of this action. This paper has also been requested to publicize the efforts of Chicago in an effort to arouse the residents to file protests with their representatives and Senators against approving such legislation.

Probably the best way to give our readers a picture of the existing threat is to publish a letter written by the city manager of Traverse City, Mich., to Jay Smith, editor of the Record-Eagle of that city. It may rouse many Pointe citizens to contact their elected Congressmen and Senators. The letter follows in full.

CITY OF TRAVERSE CITY MICHIGAN

August 11, 1958

Dear Jay:

I just read that the Senate subcommittee approved the water diversion bill passed by the House and I'm madder'n h---. This just isn't right! I thought we had a chance in the Senate, but I guess other considerations take precedence over the preservation of the country's natural resources and the welfare of fifty million Americans and Canadians in the Great Lakes area. What a distorted sense of values.

This is serious enough to call for a March on Washington.

I wonder if the politicians down there know or have ever tried to figure out just how much water 2,500 cu. ft. per second amounts to? It's deceiving to talk about 2,500 cu. ft. of water and stop there! Certainly, someone, somewhere must have converted this innocent little figure to quantities that people can appreciate and visualize. If they haven't, they have been derelict—certainly they haven't been straightforward about it.

Look Jay: 1. 2,500 cu. ft. of water per second is more than a million gallons a minute; 67.5 million gallons an hour and more than 1.6 billion gallons a day!

2. Under the new authorization Chicago will divert, every day, four (4) times the water that Detroit uses (about 400 million gallons per day) for all purposes. In about six (6) hours, Chicago will "flush down the sewer ditch" as much water as all of Detroit uses in one (1) day.

3. One billion 620 million gallons of water per day will fill a trench 30 feet wide to a depth of 10 feet and extending a distance of 204 miles or the distance from Traverse City to 4 miles this side of Kalamazoo.

4. In 15 days, Chicago's diversion of 216 million cubic feet per day would make a river 20 feet wide and 10 feet deep all the way across the United States (3,000 miles)—in just 15 days!

5. Let's go a little further. We found that in one day we could build a river 204 miles long with Chicago's unique and unorthodox sewage treatment "process."

6. It's 25,000 miles around the earth at the equator. In about 123 days, Chicago's daily diversion of Lake Michigan water would extend our imaginary river all the way around the earth (20° wide x 10° deep). Imagine this! In just about 123 days.

7. In one year — just one year's water "grab"—this river would wind itself around the earth 3 times. Or, if you prefer, we could have a river 80 ft. wide, 10 ft. deep and 25,000 miles long—in one year. (It's gotta be a leap year, though).

8. At the rate of 2,500 cu. ft. of water per second, an area of 7.8 square miles would be covered with one (1) foot of water in 24 hours.

9. In other words, the amount of water Chicago will take from Lake Michigan in one day, under the new authority, would virtually cover the incorporated area of our City to a depth of one foot.

10. In 31 days, the amount of water diverted would inundate Traverse City to a depth of 81 feet, covering virtually every home in the City and the downtown section to the height of the new street lights.

11. The entire United States uses, for all purposes, in one

day, only 143 times as much (231 billion gallons) water as Chicago will drain out of Lake Michigan in one day.

12. The nation's entire industry uses 80 billion gallons of water per day which is only 50 times more than Chicago will waste every day. Her water diversion for only one (1) minute would process almost 19 tons of steel or rubber; 28 tons of craft paper pulp; wash 12.5 tons of laundry or test 22 aircraft engines—that is ONE (1) MINUTE of water diversion (1,125,000 gallons).

13. The amount of water Chicago will drain in one day would last Traverse City almost 1.5 years at our average rate of 3 million gallons per day. In 3 minutes they will take enough water to supply our entire City for one day.

14. The one-day Chicago diversion is equivalent to 8 times the average aggregate daily water requirements, for all purposes, of Michigan's ten largest cities, excluding Detroit. Less than 3 hours of diversion would be enough to supply these ten cities for one day.

15. The 1,620,000,000 gallons of water Chicago will take each day would weigh more than 13 billion 500 million pounds or 6,752,000 tons.

16. The purpose of this analysis is to make our people realize how much water 2,500 cubic feet per second is and, while it may be irrelevant, this weight (almost 7 million tons of water per day) translated into coal supply, would meet the requirements of the City Light & Power plant for about 335 years, at its present rate of use.

Jay, 2,500 cubic feet of water per second is an innocent little figure as we read it and dismiss it without converting it into more familiar terms.

Most of the 50 million people in the Great Lakes area have expended millions upon millions of dollars to treat their sewage and return it to the public waters in a clean, safe condition. We've met our moral obligation. Where is Chicago's sense of duty and moral responsibility?

As of 1955, it is estimated that 40 million Americans are face to face with water problems of either quantity or quality or both — and YET, Chicago wants to pollute 7 million tons of it every day of the year.

In one area I heard about (there may be others) an industry has to use sewage plant effluent (treated sewage) for its processing or cooling water—this is good and safe and it represents conservation in the finest and most commendable sense of the word—BUT Chicago is getting ready to pollute over a million gallons of beautiful Lake Michigan every minute of every day every year—and for what purpose? To dilute its sewage and pass it on down the river to its neighbors. Shameful!

I've always liked Chicago and being realistic, I've known that, inevitably, some part of it must be unclean but I swear I never dreamed it was so unclean as to need 7 million tons of water every day to cleanse itself.

I had to blow my top some place, with some one, and you have always been so charitable as to give me your ear. Thanks—a million gallons worth every minute.

Respectfully yours, N. G. Damoose, City Manager.

Grosse- Exaggerations A. PRYOR

"I slept and dreamed that life was Beauty; I woke and found that life was Duty; Was then thy dream a shadowy lie? Toil on, sad heart, courageously, And thou shalt find thy dream to be A noontide light and truth to thee." (Ellen S. Hooper)

Viva La Mexico

A group of sportsmen (local) who fish for things, hunt for things and shoot things, planned on a shoot in Mexico, so they contacted a friend who lives near there to investigate the deal and make arrangements for them. Following is the letter they received from that worthy, sometime later.

"Dear Hunters: "After plowing through three days of mud in Mexico attempting to make arrangements for your shoot, I found every possible obstacle to prevent the trip. After spinning my wheels for three days over there, I finally got an interview with the General who said he would not issue any permits and that any necessary papers would have to go through the channels of the Mexican Consulate.

"I went to the Mexican Consulate who told me it would be necessary to get a letter of character reference for each person going on the hunt, from the Cameron County Sheriff, or the Sheriff from their own locality. I arranged for the letters with the Cameron County Sheriff recommending each one of the individuals (25) who were booked to make the trip!

"I also sent up 25 applications to be filled out by the individuals prior to going into Mexico. It was also necessary to get FOUR photographs of each person and then each one would have to sign an application for gun permits, which had to be signed IN PERSON and in the presence of the Consulate. This was impossible, unless the entire schedule was changed, since the men were due to arrive in Texas on a Sunday... at which time the Consulate would be closed. The flight had no lay-over in Brownsville sufficient enough to execute gun permits.

"In addition to the above, General Santos, who has been in a position before to okay anything, is absolutely out of politics... and can do nothing for you.

"Accordingly, I decided you had better call the whole thing off. I have approximately \$500.00 worth of shells on hand which I HOPE to be able to return." Yours truly, Clarence.

(Hunting anyone? In Mexico, that is???)

Radio Announcer Division

A young man boarded an elevator in the RCA building in New York and told the girl operator: "I wa-wan-wan-t-t-t-o g-g-g-g-o to the f-f-f-four-t-tenth floor." The girl said that was the floor of NBC radio and TV. The stuttering one told her (in a minute and a half) that he KNEW that. He added, as they wended their way to the fourteenth floor... that he was going to apply for a job as an announcer.

The gal let him off at the proper floor... then whisked down to the main floor again. On her next trip up, she found the young man standing there waiting for the elevator to take him down. Asked the operator: "What's the matter, didn't you get the job?" To which he replied: "N-n-n-n-o, Th-th-th-they d-d-d-d-d-d-n't want anyone un-un-un-der f-f-f-ifty!"

Las Vegas

A Grosse Pointer made his first trip to La Vegas recently and had a rather amusing and enlightening experience. He had no sooner arrived in his room at the hotel, when he told the bell hop to bring him a bottle of gingerale and some ice. When the boy returned with same, our hero handed him a dollar bill and magnanimously added: "Keep the change." The bell hop looked at the dollar bill and replied: "Listen Mister, out here a dollar bill is CHANGE!"

Sick Joke

Castro's shooting parties have brought forth the usual plethora of gags about same. The latest is a cartoon showing three standing against the wall facing the inevitable firing squad. As the leader of the latter calls out "Ready—Aim—" One of the victims, hands raised in air, mumbles to the companion next to him... "Now listen, here's the plant..." BANG!!

Groucho

In case you missed it, we read someplace that Groucho, intends to stay on the air until he has to be wheeled to the microphone. Of all the quiz shows, his seems to go on forever. The comment he made was that people LIKE quiz shows and he thinks a lot of them will come back. He has an idea for a brand new kind which is... a Quiz about Western Movies. He adds: "The thing that is different is that any contestant missing the answer, will be hanged."

He also said he thought his show stood up because he didn't have any sponsor trouble... in fact they don't even look at the show. He wondered who knows who sponsors what ANYWAY... and that when you ask most people who the sponsors are on a certain show, they automatically say "Jello"... no matter WHAT show it is. He goes on with: "Maybe it would be a good idea for EVERY show to have Jello for a Sponsor. That is what most sponsors have for spines... Jello."

Fewer Babies Born in 1958

Fewer babies were born in Detroit this year than in any of the four preceding years according to estimated figures, and the birth rate is lower than during any year since 1954, Dr. Joseph G. Molner, City-County Health Commissioner, states.

The number of births here for 1958 is estimated as 58,700 and the birth rate 30.9 per 1,000 population. Last year there were 61,872 births and a birth rate of 32.4. There was a corresponding drop in the birth rate both in Michigan and throughout the nation. Of the new babies born in Detroit this year, approximately 40 per cent had mothers who lived outside of the city.

There were approximately 600 fewer deaths from all causes in Detroit this year than last and the death rate is estimated as 8.8 per 1,000 population compared with 9.1 in 1957.

The death rates for both mothers and babies improved over those of a year ago. The infant death rate is 25.8 per 1,000 live births, compared with 26.8 last year. The maternal death rate is 5.5 per 10,000 live births compared with 6.0 last year.

As usual heart disease led the 10 principal causes of death and claimed approximately twice as many lives as the next leading cause—cancer. Pneumonia and influenza moved up from seventh place to sixth; probably this was due to the Asian influenza outbreak.

Diseases of early infancy dropped from third to fourth place and diabetes from sixth to eighth place. Tuberculosis is not included in the ten leading causes of death for 1958. For the second time in four years it was replaced by suicide. There is an estimated 170 deaths from tuberculosis compared with 203 last year. It is now in 11th place.

About 475 new students entered The University of Michigan for the spring semester.

Memorial Center Schedule

FEBRUARY 26 - MARCH 5 - OPEN SUNDAY 12-5 TU 1-7511

\*All Center Sponsored Activities Open to the Public NOTICE: Please call for lost articles at the office. They will be held for 30 days.

Grosse Pointe Garden Center Room and Library closed Feb. 5 and opening March 24, with the exception of Fridays when a consultant will be on duty from 2 to 4 p.m. (Call TU 1-4594).

Hospital equipment available for free loan — crutches, wheel chairs, heat lamp and hospital beds. "Blood available to Grosse Pointe residents in case of accident or emergency—free of charge."

Thursday, February 26

- Junior League Glee Club — Rehearsal — 9:30 a.m. \*American Red Cross Braille Transcription Class—Miss Ella McLennan—Instructor—10 to 11 a.m. \*Children's Art Class—Margheritta Loud—Instructor—3:45 to 5:15 p.m. \*Ballet Classes—Mary Ellen Cooper — Instructor — 4 to 7:30 p.m. \*Fencing Class — Istvan Danosi — Instructor—7:30 p.m. \*Grosse Pointe Cinema League presents two color films, "Northwest National Park" and "River of No Return," by Larry Summerfield, official A.A.A. photographer. The public is cordially invited free of charge—8 p.m.

Friday, February 27

- \*Adult Art Classes—Emil Weddige—Instructor—9:30 to 11:30 a.m.; 12:30 to 2:30 p.m.; and 3 to 5 p.m. Grosse Pointe Real Estate Women — Luncheon and Meeting—12 noon. \*Ballroom Dancing Class—Mr. and Mrs. Bill Wilson—Instructors—4:30; 5:30; 7 p.m. and 8 p.m. \*Memorial Bridge Club—Duplicate Bridge—Mr. and Mrs. Andrew Walrond—Directors—7:30 p.m. \*Youth Council Dance following Grosse Pointe High School basketball game with Royal Oak—10-12 p.m.

Saturday, February 28

- \*Ballet Classes—Mary Ellen Cooper—Instructor—9:30 a.m. to 3:30 p.m. \*Children's Theatre—Mrs. Syd Reynolds—Instructor—10 to 12 a.m. and 1 to 3 p.m. Grosse Pointe Newcomers—Rehearsal—1 to 4 p.m. \*Ballroom Dancing Class—Mr. and Mrs. Bill Wilson—Instructors—3:30 p.m. Yearlings Square Dance Group — Square Dance — 8:30 p.m.

Monday, March 2

- Elizabeth Bowen Art Class—9:30 a.m. \*Cancer Information and Service Center—Service Work — 10 a.m. to 3 p.m. The volunteer workers are urgently in need of clean white material to carry on their work—anyone having old sheets, tablecloths, shirts or the like is urged to press the material and drop it by the Center to aid this worthy endeavor. Rotary Club of Grosse Pointe—Luncheon and Meeting —12:15 p.m. \*Memorial Bridge Club—Duplicate Bridge—Mrs. Andrew Walrond—Director—1 p.m. \*Ballet Classes—Mary Ellen Cooper—Instructor—4:30 to 7:30 p.m. \*Dale Carnegie Leadership Training—Class—7 p.m. \*Ballroom Dancing Class—Mr. and Mrs. Bill Wilson—Instructors—7:30 p.m. Recovery—Meeting—8 p.m.

Tuesday, March 3

- \*Service Guild for Children's Hospital—Service Work—10 a.m. to 3 p.m. \*Children's Art Class — Margheritta Loud — Instructor —3:30 to 5 p.m. Grosse Pointe Optimist Club—Meeting and dinner—6:15 p.m. Exchange Club of Grosse Pointe—Meeting and dinner —6:30 p.m. Kiwanis Club of Grosse Pointe, Inc. — Meeting and dinner — 6:30 p.m. \*Sea Explorer Ship 690 — Meeting — 7:30 p.m. \*Grosse Pointe Men's Chorus — Rehearsal — 8 p.m. \*Gourmet Course. Well known Detroit professional restaurateurs accompanied by prominent and dedicated amateurs will present secret specialties of their cuisine which you can prepare in your home. The evening will include a tasting table. Charge is \$7 for four Tuesday evenings. Presentation ending March 24. Enrollment is limited to 100—8 p.m.

Wednesday, March 4

- District Nursing Society—Tea and Meeting—11 a.m. Grosse Pointe Woman's Club Bridge Group—Bridge—1 p.m. \*Grosse Pointe Garden Center and Grosse Pointe War Memorial—Lecture—2 p.m. \*Ballet Classes — Mary Ellen Cooper — Instructor — 4 to 9:30 p.m. \*Memorial Bridge, Mr. and Mrs. Andrew Walrond — Directors—7:30 p.m. \*Coast Guard Auxiliary Flotilla 12-12—Class—7:30 p.m. 9603 Air Force Reserve—Meeting—8 p.m.

Thursday, March 5

- Junior League Glee Club—Rehearsal—9:30 a.m. \*American Red Cross Braille Transcription Class—Miss Ella McLennan—Instructor 10 to 11 a.m. Welcome Wagon Club of Grosse Pointe — Coffee, Fashion Show and Bridge—11 a.m.—Reservations Chairman, Mrs. Charles Fisher, 808 Harcourt, VA 1-9561. \*Children's Art Class—Margheritta Loud—Instructor—3:45 to 5:15 p.m. \*Ballet Classes—Mary Ellen Cooper—Instructor—4 to 7:30 p.m. Grosse Pointe Chapter D.C.A.A.—Meeting—7 p.m. \*Fencing Class—Istvan Danosi—Instructor—7:30 p.m. Parke Davis & Company Bridge Group — Cards — 7:30 p.m. \*Grosse Pointe Men's Chorus—Sing and Cards—8 p.m.

Two Cars Tangle On Mack Avenue

A call from Andrew Donato to Grosse Pointe City police at 5 p.m. on Tuesday, February 17, informed them of an accident that had occurred at the corner of Mack and Loraine avenue.

According to Donato, who lives at 19037 Morningside, East Detroit, he was driving east on Mack and had slowed down for a car making a left-hand turn off that street's east-bound lane. As he did so, he was hit from behind by a less-alert driver.

Peter J. Casado, of 300 Darwin Court, was the offender. He was ticketed for not having his car under control and must make the trip from his home in Port Huron for his February 24 court date.

DECIDING FACTOR

The reputation of a man depends a great deal on whether he has good friends or bad ones.

LITTLE TRAVEL

Highway accidents would be cut to a minimum if everyone went on a pay as you go plan.

What Goes On at Your Library

By Jean Taylor

It is time for a revised edition of "Who's Who in Your Library." There have been a number of changes in personnel during the past six months, and we'd like to bring you up to date.

One of the pleasant aspects of working in a comparatively small library, is the personal element, which obviously cannot be as pronounced in a large system. Everyone gains, we feel, when the system is sufficiently small so that both the borrowers and the staff members who serve them are considered as individuals rather than as "that man who is fluent in five languages," or "that dark-haired woman behind the desk."

At Central's charging desk, the focal point of library service, you will miss a familiar face or two. Mrs. Jay McCormick is on maternity leave at present, but we are glad to say she will return to us later.

We were sorry to lose a valued staff member in Mrs. Robert Winter, formerly Mrs. Frederick Stevens. Mrs. Winter has been with us for three years, and we are delighted that her recent marriage will not take her far afield. We first knew her and her family as borrowers at the City Branch Library, and now she reverts to becoming once more a library user, viewing procedures from the outside looking in—much wiser, she tells us, in her knowledge of the inner workings of the organization.

You will find two new faces at Central's desk since our last "Library Who's Who." Mrs. Enrique (Myrtha) Elizalde joined our staff last December. A native of Buenos Aires, she attended the University there before coming to Detroit with her husband, who is interned at St. John's Hospital. Myrtha's father, brother and husband all belong to the medical profession. We are fortunate in having this interesting, alert young woman on our staff. If

you have difficulty reading any Spanish, Myrtha is the one who can guide you straight.

Also, at our Central is a staff member of weeks only, Miss Anne Knight. A young and commercial art and temporary replacement library until April, she plans to be married days after her assignment with us is completed. With her desk on a cony overlooking the Central reading room, Anne Macdonald came in the New Year, as usual, to replace Mrs. Forrester, who is now at Central Office of the Schools. We are glad to have her. She uses our library, so we will not lose touch. Mrs. Donald was formerly secretary to Mr. William H. City Administrator of Grosse Pointe Woods. Aside from duties at the library, she keeps her busy, she is on the home front with three children: Billy, Sandy, eleven, and Annie, sixteen.

Tom Tripp, our new addition to the staff, has been with us ten days. Mr. Tripp is his A.B. from the University of Michigan, and his L.S. from Western Michigan University. Formerly an assistant with the born Public Library, he serves as Film, Readers' Adviser, and Reference Assistant. An artist and organizer, he has a bachelor's degree in history of music, and notes next to books of his major interest.

We have a staff with it is fun to work, invite everyone who works, goes to school, properly in Grosse Pointe make use of our library facilities. We should know you, and we should you to know us.

Letters to the Editor

806 Notre Dame Grosse Pointe 30, Michigan February 12, 1958

Dear Sir: Your news columns recently carried an exchange of correspondence between George de Caussin, Fire Chief of Grosse Pointe Park and Lloyd E. Falles, consultant of School Organization and Plants, Michigan Department of Public Instruction, with respect to responsibilities for fire safety in the Grosse Pointe schools. I am the Chief for his concern, but the entire exchange was so involved with technicalities that any real impact on school fire safety was sadly missing.

To the school administrators, fire Officials, and parents in Grosse Pointe I would like to say that each individual's mirror contains the real criterion of responsibility. If each person on the morning after the life of a child is lost in a needless fire can look into his mirror and say "I honestly did everything I could possibly do to prevent this," the question of responsibility has been solved. As a comparative newcomer to Grosse Pointe, I have no adequate measure of the fire safety of the Grosse Pointe schools. As a matter of fact, as a parent, I could not tomorrow morning pass the test I have just suggested. It may well be that I am writing this letter to ease my own conscience.

The point I am building up to, however, is that there are very simple tests by which a fair degree of fire safety can be measured. These have been

spelled out by the Fire Protection Association literature and news which accompany this. These points are as follows:

Are stairways unobstructed as was demonstrated in a school where they were not enclosed.

Are there enough fire extinguishers?

Is the interior finished with combustible materials, both the hospital fire at Effingham and the Chicago school tragedy known to have contributed materially to the rapid spread of fire.

Are combustible materials safeguarded? housekeeping is the key to preventing the start of fires.

Are proper fire exits held? Is there an exit plan to call the fire men? Prompt detection, fire, notification of the department and evacuation of buildings are entirely vital to life safety.

Too often fatal fires have been found to have developed in an atmosphere of complacency characterized by the statement: "We haven't had a fire in years; there really is no problem." May I suggest if there is any question ever as to the safety of any of the Grosse Pointe schools, those responsible in one way or another to the safety and welfare of the students should collaborate in determining how the schools measure up to the points enumerated by the National Fire Protection Association.

Woods Woman Loses Ring

A valuable platinum-diamond ring, was reported lost or stolen to Woods police on Wednesday, February 18, by Mrs. William F. Heyd, Jr., of 20860 Maple Lane.

Mrs. Heyd said the ring, valued at \$1,500, was last seen in her kitchen at about 4 p.m. the previous day, when she took it off her finger.

She said she did not miss the ring, which has three mounted diamonds, until she looked for it to replace it on her finger.

Police are investigating to determine if the piece was stolen, or mislaid.

REPORTS LARCENY

Milas Dean of 294 Ridgemoor, St. Paul basketball player, complained to Farms police on Sunday, February 1, that while he was practicing in the Grosse Pointe High School gym, someone took his driver's license and two dollars from his wallet in the high school locker room.

Some people seem to that prescriptions are outrageously priced. The year of the matter is this: the average American bought about 3 prescriptions for a total of around \$7.50. An average person would pay less than \$3.00 per prescription. Sure someone is getting a lot. So do tell us what for the same name brand has a professional grade of drugs and is priced this. They are you this. They are priced. You get what you pay for. We are pleased to serve you. This is the rapid of Editorial advertising appearing in the paper.

In case you think you might be

By Fred Kopp, Jr. Some people seem to that prescriptions are outrageously priced. The year of the matter is this: the average American bought about 3 prescriptions for a total of around \$7.50. An average person would pay less than \$3.00 per prescription. Sure someone is getting a lot. So do tell us what for the same name brand has a professional grade of drugs and is priced this. They are you this. They are priced. You get what you pay for. We are pleased to serve you. This is the rapid of Editorial advertising appearing in the paper.

### Great Books Foundation Asks Funds to Continue Program

Pointe, as in hundreds of other communities in the State of Michigan, men and women are taking the time to read and think about the books of the West. They are reading such classic books as Plato, Aquinas, Mark Twain, Melville, and St. Augustine.

Every two weeks the Grosse Pointe groups meet in the Central Library for informal two-hour discussions of the basic issues raised by these books. They are in the second and third years of the progressive reading program. Walter Gibbs, Jr., Mrs. Hunter Connolly and Mrs. Jack Frey are localities who serve as discussion leaders, catalytic agents,

asking questions to stimulate analysis and thought.

For 12 years the Great Books Foundation has offered its reading-discussion program to the public, free of charge. Today some 35,000 men and women are taking part in more than 2,200 groups. In the Detroit area, alone, there are some 54 groups with about 1,000 participants.

The Foundation has always operated on a shoestring and in the red. It has a history of doing more than it can afford to, in order to make its program available to thousands who have eagerly enrolled. Its phenomenal growth has kept the Foundation insolvent.

Now the Foundation has an opportunity to both grow and become solvent. The Fund for Adult Education has pledged one-half million dollars, and the Old Dominion Foundation \$150,000, on the condition that the Great Books Foundation, within itself, obtain \$350,000 to

make up the difference between one million dollars. It will take that much money to support the program for the next 10 years, at which time its projected growth will make it self-supporting.

Much of this support must come from participants within the program, and they are already responding with heartening results. Because it expresses the best traditions of democratic life, it is felt the Foundation merits widespread public backing.

A local goal of \$12,000 has been established for the Detroit area. Contributions may be sent to Walter Gibbs, Jr., 501 University place, Grosse Pointe 30—or to Frank F. Butler, 23003 Saxony, East Detroit. Any and all contributions will be gratefully received.

**INSURANCE PAYMENTS**

Michigan families received \$122,497,000 during 1958 in death benefits from their life insurance companies, the Institute of Life Insurance reports. These payments were made under 68,428 policies. The 1958 death payments compare with \$116,871,000 the year before, under 65,520 policies.

### Church Council Sends Message

"The Detroit Council of Churches, composed of 770 local parishes and congregations and 34 denominations, calls upon its constituents and other citizens to look upon the arrival of a New Year as a time of serious self-examination and re-dedication. It is by no stretch of the imagination an occasion for irresponsible indulgence and reckless revelry." These are the opening words of a statement just issued by Dr. Paul T. Rankin, the Council's president, and Dr. G. Merrill Lenox, executive director.

"At a time of internal tension and repeated international crises," the statement declared, "all Americans should at the close of 1958 be humbly thankful to God for material and spiritual blessings and penitent for their individual and corporate transgressions."

"We earnestly appeal for a saner approach to the coming of a new cycle of time which God in His infinite mercy has provided for us," the resolution continued.

Keep a smile on your face—you're in danger when you lose it.

It's a fact that fortune or misfortune is no respecter of persons.

The man who wants the right of way insists he gets it right away.

The lack of foresight is often demonstrated by the after effects.

**SHIVER FOR ART**—Combining classical ballet with a classic civilization, these dancers with the San Francisco Ballet rehearse on a hilltop in Athens, Greece, as the Acropolis looms in the background. In the top picture, four of the girls seem unwilling to suffer the cold weather for art, and they wear coats over their costumes. Later, as the lower photo shows, they were apparently overcome by their artistic surroundings and doffed their wraps in honor of Terpsichore, the muse of the dance.

**BIG BLOWOUT**—Lighting the candle atop a 2,400-pound tire "birthday cake." Frank Herzegh opens an unusual anniversary celebration in Miami, Fla., as three-year-old Charity Johnson looks on. The "cake" marked the tenth anniversary of the tubeless tire, engineered by Herzegh for the B. F. Goodrich Company and first introduced in Miami.

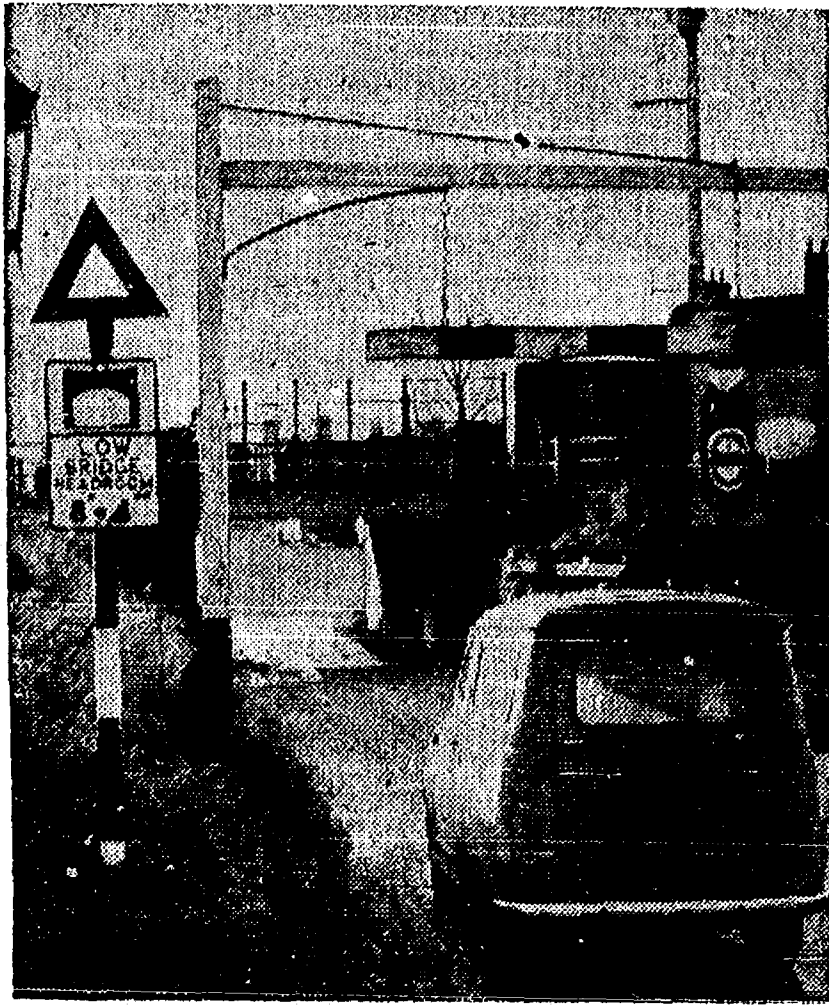

**GIRAFFE FOR JETS**—This hydraulic lift will be used by United Air Lines for inspection and maintenance of DC-8 jet aircraft tail sections. Called a "giraffe," it unfolds like a jackknife, hoisting mechanics up to 50 feet. The DC-8 tail seen here is 29 feet high. By comparison, the DC-8 tail rises to 42½ feet—equivalent to a four-story building.

**HIGH CASTE CANINE**—A rare delight for dog lovers is Princess Panyau, protectively cuddled in Devonport, England, by her master, Leading Seaman John Trigg. Princess Panyau is a Japanese Akita, said to be one of the rarest breeds of dog in the world. Trigg, 28, brought the dog from Japan.

**NICE SQUEEZIN'S**—Called the "Champagne Blonde" because she shampoos her hair with the stuff, Cindy Robbins gets down to the business of wine-making by trampling a vat of grapes. She did her stomping in the California Napa Valley, where she made her motion picture debut opposite Rock Hudson in "This Earth Is Mine," a saga of a wine dynasty. Cindy had to bathe in a special chemical formula to remove the deep purple stains from her feet after her squeeze play.

**HIGH SIGN**—Whether there's room at the top is the question answered by this strange road marker in front of a low bridge at Norfolk, England. Trucks that can't get under the striped bar of the sign won't be able to squeeze under the bridge in background. The worn bottom edge of the bar seems to indicate that a lot of trucks didn't make it.

**SLEEPYTIME GAL**—This car-top bed, called the Mo-Bed, seems to be just the cup of tea for Miss Lucy de Winter, who is trying it out at the Camping and Outdoor Life Exhibition at London's Alexandra Palace. The invention of T. W. Lightfoot, a trailer dealer, the Mo-Bed sleeps two and can be folded flat during the day and left on top of the auto while traveling. This doesn't do much for the car's lines, but it's a fine way to air the bed.

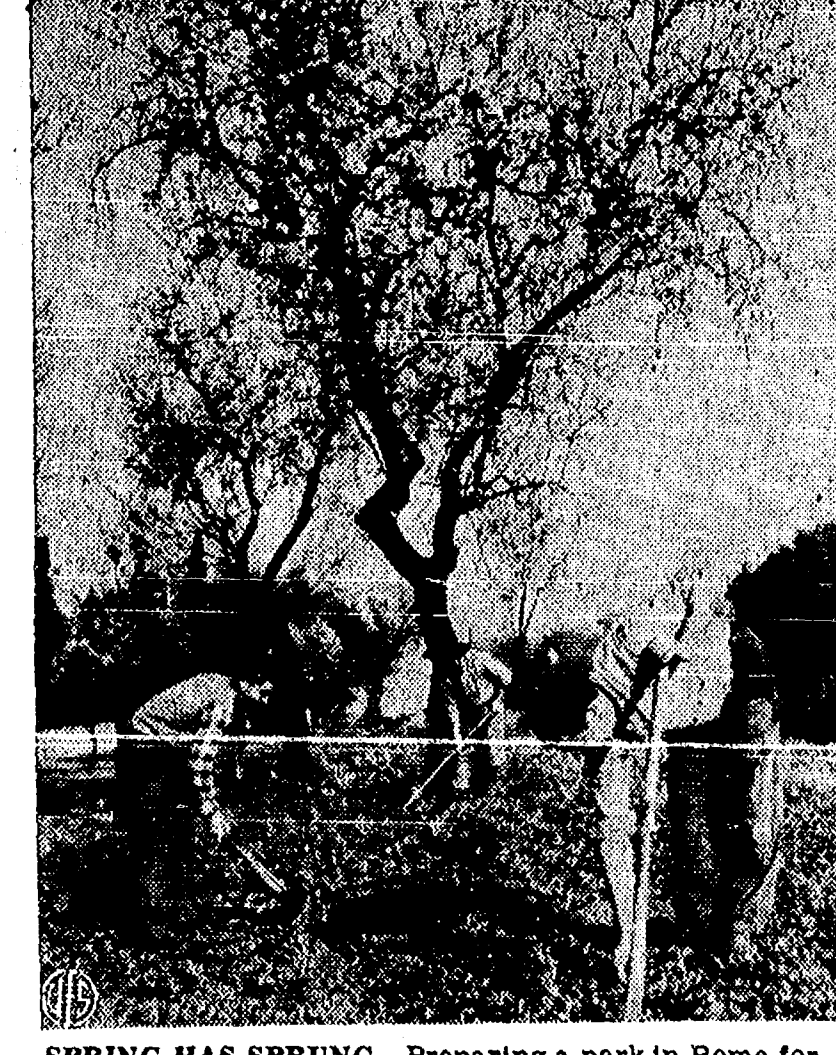

**MOTHERLY ADVICE**—Apparently getting some advice from mother, actress Julie Payne (left), 18, pays attention as her mother, actress Anne Shirley, visits her on a set in Hollywood. Julie's father is also an actor—John Payne. Julie was rehearsing for "Premonition," to be telecast on ABC-TV's "Alcoa Presents." The show will mark Julie's acting debut, March 10.

**AND CAN'T WALK HOME**—Yolanda Garcia, 4, one of some 600 flood victims in Fremont, O., who still could not return to their homes, looks at a pile of shoes donated by suburban Cleveland Junior Chamber of Commerce groups. Nearly six tons of shoes and other clothing items were donated.

**STORM OF PROTEST**—A blizzard of paper falls from the upper balconies of a Rome theater during the premiere performance of the controversial wartime play, "Romagnola." The pamphlets, along with rotten eggs and overripe fruit, were hurled by Fascist "Youths of the New Order" in protest against the Luigi Squarzina play, which attacks the dictatorship of Mussolini. More than 30 demonstrators were arrested by riot police after the outburst.

**SPRING HAS SPRUNG**—Preparing a park in Rome for new flower beds, these communal gardeners work beneath a blossoming almond tree. From the looks of the tree and the uncoated gardeners there doesn't seem to be any doubt that spring has arrived in the Eternal City, no matter what the calendar says. In fact, the midwinter weather has been so mild that Romans have taken to leaving their coats at home.

**RIDING HIGH**—Riding high, the passenger (right) on this becha (three-wheeled cycle) in Jakarta, Indonesia, sits on a pile of vegetables as he rides to his destination. Besides getting a good view from his high perch, the heap of greens provides a "deep-cushioned" ride. These one-man-power bechas are the main means of transport in Jakarta.

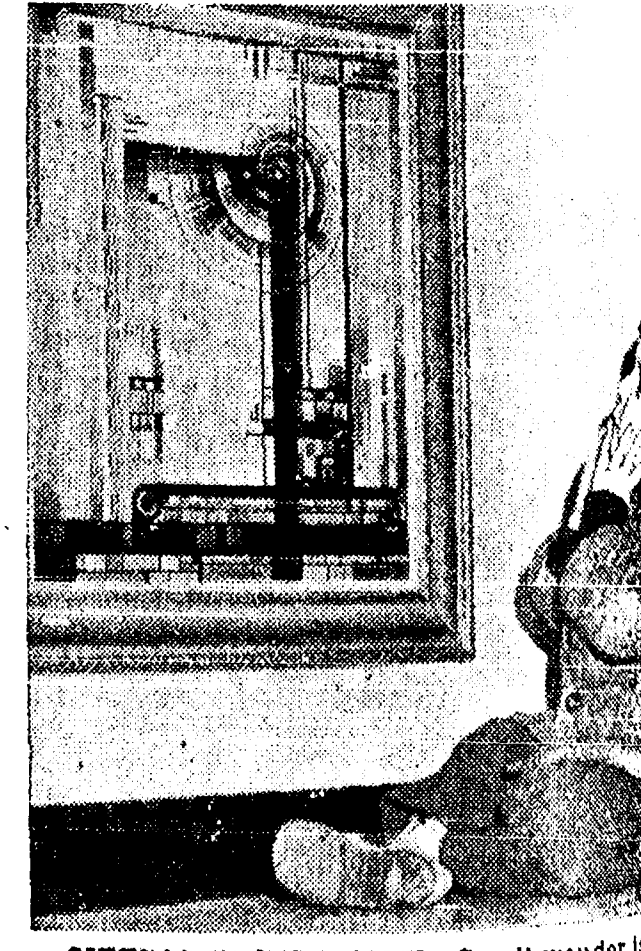

**STEEL SNACK**—Sitting behind a table on which his field-stripped M1 Garand rifle, Pvt. James Ball swallows a cleaning rod, to make sure he lost any of his civilian skill. Pvt. Ball was a professional sword swallower before joining the Army in Korea, he has to content himself with rifling an occasional Japanese officer's sabre. He shows his talent honestly—his mother, using the pen name of Estelline Pike, is a sword swallower in New York City.

**CLIMBING CANINE**—Under the watchful gaze of trainer Stacy Hall, this dog named Silver at the Museum in New York City climbs a pole with the agility of a—pardon the expression—cat. Hall claims the one-year-old dog can also walk a 1½-inch board blindfolded and turn around halfway.

**HANDY IDEA**—Using a cigarette pack for a comparison, unemployed clock maker Bob Jordan shows off his new invention—clock hands that can be adjusted by themselves—in Atlanta, Ga. Each plastic hand has an attached clock mechanism. It operates a balance to swing each hand into the proper position. There are no gears connecting the two hands. The hands can be nailed to a wall and surrounded by numbers. Jordan says the invention will save time hanging from a finger.

**SITTING IN JUDGMENT**—Small wonder is the face of 3½-year-old Eric Thomas Kaye, who makes up his mind about abstract art at Bergen County Museum, N. J. He's pondering a painting donated by the Gruys of Ridgewood, N. J., displayed as part of the Bergen County Artists Guild exhibition.

### Brownies Helping Goodwill Industries

IN THE BAG—Brownies of troop 1409 hammed it up a bit when asked to pose for a picture publicizing the Girl Scout-Brownie clothing drive on behalf of Goodwill Industries. MRS. J. O. Reed, 448 Lincoln road drops her daughter JAN into a bag. It is apparent that JAN and her friends know that a Goodwill bag is made for a more serious purpose. Left to right: LAURIE HEGLIN, 773 Rivard; JAN REED (in bag), VIRGINIA BROWNELL, 836 Lincoln; NANCY MacKINNON, 394 Rivard; KIM WILSON, 706 Rivard.

### Mothers Take Jobs To Aid Ball League

Mothers were officially recognized in the Grosse Pointe Woods-Shores Little League when six women were elected to the 1959 Board of Governors. Breaking tradition to bring the "fair sex" to the inner councils was accomplished without opposition at the election last fall, and already the new Governors are taking over their duties on a full-time basis.

Two of the ladies were elected officers. Mrs. Jeanne Leroy of 1434 Alime was elected treasurer, and Mrs. Harriet Wright of 1629 N. Renaud became secretary.

Mrs. Jody Lueckhoff of 2105 Brys is assisting her husband in handling all the equipment. This entails inventory of used equipment, repair of damaged helmets, masks and other items, as well as ordering all the new equipment required for the coming season.

Mrs. Nancy Brownscoble, 1728 Roslyn road is chairman of the Registration Committee involving registration of the new boys as well as the assignment of all players to the various teams. She is assisted by Mrs. Margaret Towar of 19276 Raymond.

Mrs. Connie Frederick, 1344 Torrey road, is co-chairman with Robert Smith of 1702 Newcastle road on the all-important Sponsors committee.

"All of the mothers on the board are enthusiastic about their responsibilities," Mrs. Frederick stated recently. "We don't intend to take over the Little League, but we have a place in certain areas where we can be of service."

"And," she added, "we are getting things done! All of us are vitally interested because all of us have boys playing baseball, and some of our husbands are active managing or coaching teams. In addition to the organization and routine work, we feel we can be helpful during the season in the parental relations because we can understand and appreciate the mother's point of view in regard to personal problems with their boys."

"But the Little League is a man and boy organization and we don't intend to interfere or tell them how to play ball. We're just having a good time helping out."

"The mothers have been playing a big part in our Little League activities," according to Robert Ketgen, presi-

dent of the league. "We felt that they should have representation on our board of governors because they are so involved in our program throughout the season. Moreover, the mothers have been doing the work of washing the uniforms, preparing and serving meals at odd hours, and having their own schedules disrupted by the demands of the boys to get to practices and games on time."

"And we have problems," he added, "that concern the health and mental attitude of our boys that require the advice of the mothers who are meeting these problems every day. We know that the women are going to bring invaluable assistance to our program, and their interest and energy are already being felt."

Mrs. Brownscoble emphasized the importance of boys wanting to join the Little League to register on March 6 at the Parcels Gym between 6 and 9 p.m.

"There is only one registration," she said, "and if the boy cannot sign up at that time there will be no further opportunity. If he cannot present himself, a parent may sign up for him in the event of illness."

Requirements for registration include the \$2.00 fee and presentation of his birth certificate as evidence of his correct age.

Mr. Ketgen reported that the Woods-Shores League will have the biggest enrollment in its history. Last year there were 600 boys actively engaged in baseball in this league within the age range of 8 years to 12.

"If we can obtain the continued fine support of the sponsors who largely finance our operations," Mr. Ketgen added, "we will take all the boys who want to play ball. We have limitations on the number of fields that we can use, but by tight scheduling we can handle the large new crop of boys who will play for the first time."

### From Another Pointe of View

By Patricia Talbot

For three years in Great Britain with Strategic Command (SAC) Major and Mrs. Robert Behr returned to the Pointe for a brief visit before returning to their new post, Omaha, Neb.

They are staying with Mrs. Behr's father, Norman Stephens, and Mrs. Peters. With them are sons, Freddie and Bob, young men with the British accents, who have been studying Greek and solid geometry in British elementary schools.

The Behrs drove from New York in the new Healy convertible, which they bought abroad. They are also the proud owners of a British Vauxhall in the new Air Force post.

In Paris the fabulous European trip sponsored by the English Speaking Union Group came up a few days ago. Fine Arts members who also belong to the group decided to hand together to get aboard the ship.

The English Speaking Union has been bringing to the War Memorial for some years now, some prominent British Parliamentary Arts president, John Kinsey, organized a trip to join the PAM flight. The Raymond J. Duffys, Victor Briedenbachs, the Sterling Sanfords and W. Coes will fly off with about 60 other members about April 18. First stop is Paris with Lonsells and Rome among the cities to be visited during the three week trip.

### Amateur Boards

The Arts members are busy right now rehearsing for March 20 and 21 musical, "Brigadoon," with Richard K. Simonds in the lead role of the Scot. Harold O. Love is producing the show.

On the amateur theatrical circuit is the "Wiz-biz," scheduled for March 13 and 14 performances. Players by the Theater Arts. This year for the first time, because of the nature of the play, parents are invited to bring their children to the Saturday production.

### Have Full House

Preparing for a busy week-end are the Harry W. of Touraine road. They will welcome their new Pope, of New York for a visit.

Kerr will give a small luncheon at the Country Club on Friday for her niece, who has just returned from a fascinating stay in Italy, where she was taking a course at the University of Turin.

Checking in this week-end at her parents', will be John Russell Lee, who will be resting between his trips from Atlanta, Ga., to Chicago. Her husband will be over the week-end.

Kerr returned recently from a trip to Norfolk, Va., to see her son-in-law and daughter, Mr. John A. Worden, and new grandson, Tommy. She is entertaining the family the Kerrs will have a gala February Party, the So-

(Continued on Page 16)

### Short and to the Pointe

MR. and MRS. FRANCIS H. BOURKE, of Rivard boulevard, are leaving for Puerto Rico and will also go on to Guadalupe and Barbados before returning home.

MR. and MRS. PHILIP IRA WORCESTER, of Vendome road, have returned from a visit to their son-in-law and daughter, the JOHN O. HASTINGS, of Indianapolis, Ind.

Vacationing in Puerto Rico, Antigua, and Barbados are MR. and MRS. RALPH W. SIMONDS, of Beaupre avenue.

MRS. LAWRENCE GOTT-FREDSON, JR., of Washington road, will leave March 1 to visit former Pointers, the TED GRACES, now of Altadena, Calif.

Meeting daughter, JUDY, in DelRay, Fla., for her spring vacation from Wheaton College, Norton, Mass., will be the HERMAN L. WECKLERS, of Edgemont park.

MR. and MRS. WILLIAM DUPONT DAHLING, of Hawthorne road, announce the birth of a son, RICHARD PRIDDIE, on February 12. Mrs. Dahling is the former NENA CUNNINGHAM.

The FRANK A. CARLSONS, of Hartsdale, N.Y., are house hunting here. Mrs. Carlson is the daughter of the FRANCIS M. DEWEYS, of Lakecrest lane.

LINDA BENNETT, daughter of the JOHN W. BENNETTS, of Fisher road, a student at Stephens College, Columbia, Mo., has been initiated into the Prince of Wales Riding Club.

MR. and MRS. LEO J. FITZPATRICK, JR., of Hillcrest road, announce the birth of a daughter, PATRICIA LEONARD, on February 18. Mrs. Fitzpatrick is the former ELIZABETH CLARK LEONARD.

RONALD H. MONAHAN, son of the FRANK M. MONAHANS, of Nottingham road, and MARJORIE JANE RICHARDS, daughter of DR. and MRS. DAVID H. RICHARDS, of Cloverly road, have enrolled at Hillsdale College for the second semester.

MRS. ALFRED G. GLANCY, JR., of Lakeshore road, has been attending the national American Cancer Society Crusade meeting in St. Louis, Mo.

Honoring their husbands at a gala February Party, the So-

ciety of Engineer's Wives will hold a Smorgasbord dinner dance at Dannebo Hall in Hancock avenue on Saturday, February 28. Husband's pictures, sketched by a famous artist, will be presented to all wives as a memento of the occasion. MRS. DALLAS E. NEWKIRK, of Roslyn Rd. and MRS. FRANK KOMERSKA of Alford road will act as hostesses.

Five students from the Pointe are participating in the 75th anniversary Festival of Arts at Ferris Institute, Big Rapids, Mich. They are RONALD ALLAIRE, CHARLES BACKOFF, DONNA CHUTORASHI, RICHARD MATIS and JAMES ODERFER.

ISABEL SEYMOUR, daughter of the BARTHOLOMEW A. SEYMOURS, of Edgemont park, is vacationing in Hawaii with Barbara Birmingham, of O'Neil, Neb. When she returns on March 21 she will join her parents at their winter home in Vero Beach, Fla.

Planning a European trip toward the end of March are the HARRY F. MACKAYS, of Rivard boulevard. They will fly to Paris and motor through France, Italy and Switzerland, sailing home from England.

Directors of Newton College of the Sacred Heart will gather at Newton, Mass., for a board meeting this Saturday before the Father-Daughter Weekend of campus. JOHN T. CANNIFF, of Lakeshore road, and THOMAS J. FITZGERALD of Lewiston road, whose daughters, ANNE CANNIFF, and DEBORAH FITZGERALD, are both juniors, are directors of the college.

WILLIAM H. ENGEL, of Yorkshire road is in New York to attend a major concert of his protegee and former pupil, CHARLES TREGGER, nationally known concert violinist who played his first solo in Grosse Pointe Memorial Church in 1946; at age 11.

PERRY A. PENZ, son of MR. and MRS. PERRY PENZ of Harvard road, has been named to Brown University's Dean's List for his high scholastic

standing. A graduate of Grosse Pointe High School he is a candidate for the Bachelor of Science Degree in Physics in the Class of '61. Perry is a Francis Wayland Scholar, an honorary scholarship awarded for outstanding academic achievement.

present spring concerts throughout the country.

MARGARET GAY MERCER, daughter of the EDWIN J. MERCERS, of Washington road, and ANNE E. WELLS, daughter of MR. and MRS. C. T. WELLS, of Handy road, will participate in the Italy Day Shows at Smith College, Northampton, Mass.

THE WESTERN COLLEGE ALUMNAE CLUB held a business meeting Wednesday at the Newberry place home of MISS ELIABETH PRESCOTT.

A daughter, ELIZABETH LAMB HOLM, was born January 26 to PROFESSOR and MRS. DONALD S. HOLM, of Columbia, Mo. Mrs. Holm is the former MARYLYNN LAMB, daughter of the ERN-

## Harper-Owen Vows Exchanged at Home

**Bride Wears Antique Satin and Heirloom Lace for Saturday Rites; After a Trip to St. Croix Newlyweds Will Live in New York**

The Rev. Frank Pitt came from Ann Arbor to officiate at the Saturday home wedding of Mary Owen, daughter of the John Owens II, of Stephens road, and William Taylor Harper, of New York.

The bride wore a gown of antique satin with a shower of tiny pleats below the waistline and a skirt which deepened into a cathedral train.

Her heirloom veil of net and lace was worn by her maternal grandmother, Mrs. Fremont Woodruff at her wedding. She carried Eucharist lilies and tiny ivy.

Mrs. James C. Frye, the bride's twin sister, was her only attendant, in deep coral tissue crepe. Her flowers were cymbidium orchids and ivy.

George E. Mayer, of Cincinnati, was best man for the bridegroom, son of Mrs. McClelland M. Harper, of Cincinnati, and the late Mr. Harper.

Mrs. Owen wore a short light blue lace frock embroidered with navy blue net and she pinned a white lily on her purse. The bridegroom's sister, Mrs. Fred Bimel, was in beige lace and

taffeta and orchids.

When the couple left on a wedding trip to St. Croix the bride was wearing a navy blue ensemble with matching accessories. They will make their home in New York.

### Catherine Crowe to Wed Dr. Petz on June 13

Catherine Angela Crowe and Dr. Thomas J. Petz have set a June 13 wedding date. Their engagement was announced recently at a dinner by the bride-elect's parents, the William T. Crowes, of Merriweather road.

Dr. Petz is the son of Mrs. Arthur J. Petz, of Royal Oak, and the late Mr. Petz.

### STORED SUNSHINE

A reputation for paying his bills is the most valuable asset any man can lay up for a rainy day.

## Short and to the Pointe

(Continued from Page 13)

EST P. LAMBS, of Audubon road.

MR. and MRS. MARCUS W. SMITH, of St. Clair avenue, announce the birth of a son, MARCUS, JR., on February 22. Mrs. Smith is the former JOAN FITZSIMONS, daughter of the SHERMAN J. FITZSIMONS, JR., of Stephens road.

JFREY M. HUDSON, son of DR. and MRS. JAMES STEWART HUDSON, Lathrop road, has been pledged to Delta Psi, one of 10 national fraternities on the Trinity College, Hartford, Conn., campus. Hudson, a sophomore, prepared for Trinity at the Hotchkiss School, Lakeville, Conn., where he was a cheerleader and on the reception committee.

MR. and MRS. MICHAEL R. GROW, of Kalamazoo, Mich., announce the birth of a daughter, KIMBERLY ELIZABETH, on February 4. The mother is the former EMILY FROLUND, daughter of the NELSON FROLUNDS of Hawthorne road. MR. and MRS. J. ALFRED GROW, JR., of Bishop road, are the paternal grandparents.

ROBERT G. EDGAR, of Washington road, will leave Saturday for a month's travel in Europe, which is to include two weeks of skiing in Kitzbuhl, Austria.

### Mrs. William Taylor Harper

—Photo by Gene Butler

MARY OWEN, daughter of the John Owens III, of Stephens road, was married Saturday in her parents' home to William Taylor Harper, of New York, son of Mrs. McClelland M. Harper, of Cincinnati, O., and the late Mr. Harper.

### Raetzl-Stebbins Vows Exchanged

Mrs. Rosaline C. Raetzl, of Hampton road, was married recently to Louis F. Stebbins, of McKinley road, in St. Joan of Arc Rectory.

The new Mrs. Stebbins wore a beige lace gown trimmed with satin and a hat to match. Her flowers were tiny pink rosebuds.

Her sister, Mrs. Evelyn Simmons, was her only attendant and Gil DeSandy was best man.

Following a trip to Miami, Havana and Nassau the couple will be at home in Hampton road.

### Brownell School Meeting Tonight

A special meeting for parents of this year's eighth grade students at Brownell Junior High School will be held tonight, February 26, at 8 p.m. in the School auditorium.

Miss Virginia Hoetzle, Dean of Girls, and Owen Middleton, Boys' Dean, will address interested parents on fall enrollment procedures for ninth grade pupils, plus educational and vocational planning. In addition there will be discussion of the factors involved in the selection of a curriculum—such as an individual's abilities, his interests and particular likes and dislikes.

To accommodate those parents who may wish to discuss the outlined program in more detail, Charles Saltzer, Principal; and Margaret Lingco, Otto Len and Robert Clark, Counsellors, are prepared to meet with them immediately following the formal addresses.

Mrs. William Frederick, social chairman, has arranged a refreshment hour in the cafeteria at the close of this special meeting.

A hustler is never satisfied with the things that come to those who wait.

MR. and MRS. RICHARD JACKSON, of Dearborn, announce the birth of a daughter, MARY SUSAN, on February 18. The mother, who is the former MARY JO TROMBLEY, is the daughter of the ROBERT TROMBLEYS, of Rivard boulevard.

MRS. HAROLD E. SIEBERT, of Grand Marais boulevard, has returned from a month's vacation in California where she visited her son-in-law and daughter, Major and Mrs. Andrew R. Clark, of Riverside.

VINCENT DEPETRIS, of Hampton road, will speak to the Greater Detroit Chapter, National Chrysanthemum Society on March 8 at the Detroit News.

### Detroit Sorosis to Hear Folk Music on a Harp

Detroit Sorosis members will hear Miss Arline Schindler play Folk Music on a harp Tuesday afternoon at the monthly meeting.

Mrs. Arthur H. Smith will open her Roland road home for 12:30 o'clock luncheon. Miss Schindler is with the Detroit Board of Education and this is a return engagement for her with Detroit Sorosis.

The man who loses his money and retains his friends is a wonder.

### AAUW Groups Plan Meeting

The Recent Graduates group of the AAUW, Grosse Pointe branch, will meet on Tuesday, March 3, at 8 p.m. Mrs. R. E. Roddewig, of 1640 Roslyn road, who will be the evening's hostess, will be assisted by Betty McManus, Mrs. Robert Goodspeed and Mrs. Robert Schueler. Mrs. Sterling S. Sanford will present her impressions of "Broadway, 1859."

Meeting for the reading and criticism of manuscripts will be the Creative Writing group on Wednesday, March 4, at 12:45 p.m. Mrs. E. H. Bahn, of 1386 Grayton road, will be hostess for the evening.

A decoupage workshop will engage the activities of the Studio Arts group who will meet on March 4, 7:45 p.m. at

the 215 McKinley avenue of Mrs. L. H. Orebaugh. Mrs. C. G. Turrell, the moderator for the national Relations which will present "Viewpoints on the East." Members will meet at the home of Mrs. Wells, 287 Cloverleaf. Wells will serve a luncheon, assisted by Mrs. Ford. Serving on the will be Mesdames Edgar, M. L. Van Dagens, H. Hill, V. H. Moore and Thomas.

Peck's Home badly in need of an infirmary and auxiliary hopes to provide one on Lakeshore road.

Peck's Home badly in need of an infirmary and auxiliary hopes to provide one on Lakeshore road.

## Children's Art Course Offered

The Grosse Pointe War Memorial Association in cooperation with the Extension Services of the Detroit Institute of Art is again presenting an Art Course for children ages 3 to 5 and their mothers. The classes will begin at the War Memorial Center, 32 Lake Shore, on Friday, March 6, at 10 a.m. The course will continue for eight Friday mornings plus a morning at the Museum.

The course will be taught by Mrs. Chris Komp who has been associated not only with the Museum's Extension Service but the Detroit Public Schools, the Turners' organization and Wayne State University Art Education as well. The mother of three small children herself, Mrs. Komp understands how to bring art to this age level.

Assisting Mrs. Komp in every way possible, William McGonagle, Curator in charge of Extension Services, will bring to the class appropriate items from the Museum's collection as well as stories and films from the Museum's library which will interest the children.

The mothers are an integral part of the class and work in smocks right along with the children. They paint to music, make wire sculpture, do buttermilk pastels and make collages. The class is limited to 20. Call TU 1-7511 to enroll.

## Healy's Pointe Manager

MISS LEONA GREENE is shown here in the Grosse Pointe store of D. J. Healy Co. of which she became Manager on Monday. Miss Greene, who introduced many features in personal shopping in the Healy shops has managed the company's Highland Park, Grand River, Boulevard and Birmingham stores through the past 20 years. The announcement was made by Mr. Healy Sharkey, President of the Company. Former Manager, Robert Peterson, goes to the main store.

## Localites Trek To Sun Resorts

Pointers are on the move in search of sun hoping when they return home to find spring has finally arrived.

On Waikiki Beach in the Hawaiian Islands after a cruise of the South Pacific are the John Mulford, of Provençal road.

Mr. Mulford, a field representative of the Cranbrook Institute of Science, has been photographing volcanic phenomena in the South Pacific and will show his films and lecture at the University of Hawaii and the Adventurer's Club there. The Mulfords will sail for home March 22.

Visiting the Ford plants in Sao Paulo, Brazil, are the Henry Fords and son, Edsel, of Lakeshore road. They will also visit Rio de Janeiro and Buenos Aires during the three week trip.

The Allan Sheldens III are home in Provençal road after a jaunt to Phoenix, San Francisco and Palm Springs. With them were the Cyrus Fultons, of Lancaster, O.

Mrs. Laura B. Higbie, of Edgemere road, is back from a trip to New Orleans where she was joined by her son-in-law and daughter, the Julian Kinzies, of Richland.

On March 12 the Nelson Hollands, of Cambridge road, will leave for Hobe Sound, Fla., where they will be the guests of his brother-in-law and sister, the John B. Fords, Jr.

## Fabian of the Yard To Appear at DAC

Famous Former Detective Superintendent of Scotland Yard to Speak at Celebrity Luncheon on March 4; Police Commissioner Hart to be There

Capt. Robert Fabian, of Scotland Yard, Great Britain's most famous detective, will appear at the stag celebrity luncheon March 4 at the Detroit Athletic Club.

Luncheon will be served at 12:15 o'clock to members only (no guests allowed because of the great crowd expected), and Capt. Fabian will speak on the famous crimes he helped solve during his tenure as Detective Superintendent of Scotland Yard, at 1:15 o'clock.

Among those with reservations are Police Commissioner Herbert W. Hart, DAC directors John W. Southworth, W. Harold Lightbody and Tal-

Mrs. Emmet Tracy. Others are Mrs. Ray Whyte, Mrs. Thomas Keating, Mrs. William Earl, Mrs. Emmett Eagen, Mrs. Edward McIntosh and Mrs. Evan Bayne.

### INJURED AT SCHOOL

Neal Bell 16, of 1470 Torrey road, cut his right thumb on a band saw in the Grosse Pointe High School workshop, on Tuesday, February 17. He was taken to Cottage Hospital by Farms police, where the wound was treated, after which he was released.

On our gloves . . .

## Guild to See Films on Japan

A trip to Japan with slides will be the subject of a travel talk by Mrs. Hugh White at the monthly meeting of the Women's Missionary Guild, Wednesday, March 4.

The luncheon at noon, and meeting at 1 o'clock will be held at the First English Ev. Lutheran Church, 800 Vernier road.

Mrs. White is the wife of Rev. Hugh C. White of the Grosse Pointe Methodist Church, 211 Moross. Both have recently returned from Mike, Japan, after establishing a church there. News of the ground breaking for a new church to be built with the donations from the Grosse Pointe Methodist Church various organizations, from lectures, and personal donations, has been received.

Pastor Paul F. Keppler, of First English, will continue Bible Study on Paul's Letter to the Ephesians.

## Kappa Alpha Thetas Plan Dinner Meeting

Detroit Alumnae Chapter of Kappa Alpha Theta will have a dinner meeting on Monday, March 2, at 7 p.m. at the Iroquois avenue home of Mrs. James E. Hancock.

For reservations call Mrs. Louis D. Stern of E. Jefferson or Mrs. Floyd E. Strath of Audubon road.

The program will be centered around the speaker, Miss Mary Lee Nicholson, associate professor of sociology of Wayne State University, and her work in a Berlin Neighborhood Center as a Quaker appointee.

She uses a quotation from Blake as the theme of her talk: "He who would do good to another must do it in minute particulars."

The first Parisian fashion model was a doll. The World Book Encyclopedia reports that six hundred years ago the French sent these "fashion babies" to other lands to display the latest dress and hair styles.

# Society News Gathered from All of the Pointe

## Jane Ottaway Sets Her Wedding Date

Will Marry Peter Anthony Dow in Grosse Pointe Memorial Church on March 21 with Reception at the Country Club; Parties for Bride-Elect Begin

A reception at the Country Club will follow the March 21 wedding of Jane Ottaway and Peter Anthony Dow in Grosse Pointe Memorial Church.

The bride-elect, daughter of Dr. and Mrs. John P. Ottaway, of Touraine road, has asked Mrs. David B. Stackpole, of Providence, R. I. to be her matron-of-honor.

Mr. Dow's sister, Mrs. Peter Ashurkoff and Mrs. Michael Moskow, of Chestnut Hill, Mass., will be bridesmaids.

Bryden Dow will come from New York to be his brother's best man. They are the sons of the Douglas Dows, of Seminole avenue.

Ushering will be Carl Eckert, Barrett Wayburn, of Bloomfield Hills; Frederick Fordon, John Ottaway, Stewart Dow and Peter Ashurkoff.

Mrs. Leonard Heath, Mrs. Carol Kennedy and Mrs. Harold Mack have already given a tea and shower for the bride-to-be at the Boat Club.

## Youth Council To Hold Party

The Youth Council of the Grosse Pointe War Memorial is having a "couples only" party following the basketball game with Royal Oak this Friday from 10 to 12 p.m. The same dress worn to the game will be appropriate for the dance.

Refreshments and records will be the bill of fare for the evening. Sandwiches of various sorts, cookies and Cokes and Vernors will be included in the price of admission which is \$1 per couple. Popular platters will be spun by a student disc-jockey.

Special school days decorations are being prepared by Lisa Robinson and Dianne McAlpine. Co-chairmen Fran Martin and Jan Root promise everyone a good time and cordially invite all Grosse Pointe any of the Pointe's public, private or parochial schools.

## John Abbott To Claim Bride

Sharon Valerie Morrison, daughter of Mrs. Honert Morrison, of Detroit, will be married in late March to John S. Abbott, son of the Arthur James Abbotts, of Cranford lane.

The bride-elect is an alumna of Michigan State University and a member of Kappa Delta and Kappa Delta Pi.

Mr. Abbott was graduated from Kalamazoo College, Detroit College of Law and the University of Michigan Law School. He is a member of Sigma Chi and Delta Theta Phi.

## String Quartet At Art Institute

The Budapest String Quartet, which will appear in concert in the Auditorium of the Detroit Institute of Arts at 8:30 o'clock March 4, holds first rank, according to critical opinion, in the field of quartet literature, acknowledged to be the purest form of instrumental music since the days of the illustrious "Papa" Haydn.

To the musical "gourmets," experts in selecting only the best and finest in the tonal art, the appearances of this superbly-gifted foursome are the occasions for feasts of the finest musical fare.

The Budapest Quartet plays with the profoundest understanding of their scores, the subtlety of teamwork and an almost incredible matching of tone.

Their playing has always earned them unanimous praise for sheer perfection and their splendid recorded performances have recently sold to the lively tune of about 300,000 records per annum. They include the complete string quartets of Beethoven as well as those of other masters.

The Budapesters have played all the Beethoven quartets (in a series of five concerts) many times in New York and Washington and have presented them with equal success in principal cities from coast to coast.

During the Mozart bi-centennial year (1956), they played and recorded 10 of Mozart's quartets and, with Walter Trampler as second viola, all of the quintets as well.

Seats for the Detroit appearance are on sale at Grinnell's Downtown Store and also at the World Adventure Office at the Detroit Institute of Arts.

More than \$358,000 was raised by the capital gifts program of The University of Michigan Development Council during 1957, an increase of nearly 50 per cent over 1957.

## Welcome Wagon Club Staging Show

The Welcome Wagon Club of Grosse Pointe will be holding a fashion show at the War Memorial Center on March 5. Among those helping

plan the event are, left to right: MRS. GEORGE A. DAVIS, MRS. GILBERT PARTRIDGE and MRS. W. HAMILTON NIVEN.

## Winners Listed By Bridge Club

Grosse Pointe Memorial Center Bridge Club winners have been announced.

February 16 — North and South, Ethel Cardoze and Peg England; Mary Hentgen and Isabelle Hollinger.

East and West—Eileen Bradley and Neil Pethick; Vivian Champion and Betty Tuer.

February 18 — North and South, Marie VerLinden and Albert Boelens; Mr. and Mrs. Francis Christensen.

East and West—Kay Salerno and Audrey Burnham; Dr. W. G. Belanger and Dr. C. J. Pollina.

February 20 — North and South, Alice Young and Audrey Burnham; Beulah Cress and Earl Gurnack, Sr.

East and West—Daniel Hodgman and Earl Gurnack, Jr.; Mr. and Mrs. Melvine Lenchus.

## Crosby to Talk at Town Hall

The noted television critic, John Crosby, will discuss "What Ails Television" when he visits Detroit Town Hall at Ford Auditorium on Wednesday, March 4.

His 11 o'clock lecture will be followed by a speakers luncheon in the auditorium reception hall.

In addition to writing his syndicated column, which appears locally in the Detroit Free Press, Crosby is a frequent visitor on television programs. He was seen recently on the Arthur Godfrey Show.

A witty and sometimes acrimonious critic of television and its performers, Crosby has done much to raise the standards of the industry.

Lecture tickets are available through Grinnell's, WO 2-1124. Luncheon reservations must be made through the Detroit Town Hall office in the Kales Building.

A capital friend is one in whom we invest some of our interest.

## Dance Planned By Center Club

It is a well known fact that the month of March has 100 days. To relieve the tedium of waiting for a spring which never seems to come, the Center Club of the Grosse Pointe War Memorial is planning a dance Friday evening, March 6, from 9 to 12 o'clock.

All young single business and professional people in the Grosse Pointes are cordially invited. The age grouping includes the twenties and thirties.

Bill Kniceley's orchestra will play for dancing throughout the evening, and refreshments will be served during and after intermission. Special decorations will brighten the occasion and there will be informal entertainment when the orchestra takes a break.

## Catholic Women to Hold Convention on March 16

The 21st annual day convention of the Detroit Archdiocesan Council of Catholic Women will be held March 16 at the Statler-Hilton.

Archbishop John F. Deardon will celebrate Mass at St. Aloysius Church to open the day which will be climaxed by an evening dinner session at which he will speak.

Mrs. Cyril Kruger, East Central Deanery, invites women of the local parishes of St. Paul's on the lakeshore, St. Clare of Montefalco, St. Ambrose, and St. Philomena to attend.

### HOUSEHOLD HINT

Check the labels when you buy a sweater. If the label says "Dry clean only," you should follow that advice. The dye used on the sweater may not be permanent to washing, and an uneven color might result if you try to wash it at home.

## From Another Pointe of View

(Continued from Page 13)

a few weeks to prepare for their mid-March trip to Jamaica.

### Arizona Vacation

Also planning a mid-March "get away from weather" vacation are the David Gambles, of Kenosha, Wis.

They have reservations at the Royal Palm Phoenix, Ariz., for a few weeks. Joining them will be Don Giles, of Louisville, Ky., a frequent Pointe visitor.

En route home the Gambles will stop in Oklahoma City to see Mr. and Mrs. G. W. James, who stay near them at Harbor Point.

### Rev. Ketchum To Return

The many friends of the Rev. Paul Ketchum, former associate minister at Grosse Pointe Memorial Church, will be happy to know he is coming from a new church in Elliot, Mass., on the week-end of April 12-13.

He will officiate at the wedding of Anne McKnight, daughter of the Horace E. McKnights, of Touraine road, and William E. Farquhar.

The prospective bridegroom is a former president of Tuxis, the young people's church group Mr. Ketchum directed for many years. Mr. Farquhar is the son of the James Farquhars, of Kerby road.

### Social Trivia

This Saturday evening the David Turners invited 30 friends to cocktails and dinner to chat and bowl scores. This group bowls every Sunday together during the winter.

On March 4 Bobbie Stroh, son of the Eric Stroh, will mark his first birthday and his mother will have a party to celebrate the occasion.

Small chums and their mamas are invited to the tots' naps to have cake and fruit juice (ice cream too much of a task for these toddlers).

Off to Nassau to follow the sun are the Paul Scherers, of Lakeshore road, for a few weeks.

### Tips to Gardeners

A special nod to new home owners is being given by the Grosse Pointe Garden Center when it presents the third in a series of spring lectures Wednesday evening, March 12, at 8 o'clock.

Mrs. Lewis Dibble, who was the speaker at the Farm and Garden meeting recently at Mrs. C. D. Dodenhoff's, will talk on "Landscaping of Gardens."

Temperament is the polite name given to pure cussedness when it happens to be one of our own faults.

Half of the people of the world don't know what are licked—and the other half are licked before they start.

## Elizabeth Arden's FIRMO-LIFT

## Theater Party University Club

Dinner at Club Precedes "My Fair Lady" at This Thursday Evening; On the Calendar First "Fathers and Children" Gala

There are still many members of the University who have yet to see that popular musical "My Fair Lady" now playing at the Riviera Theater.

Thursday night painters will join a club for a dinner before board-which will take the adaptation of Bernard Shaw's "Pygmalion."

Those with reservations include C. A. Norton, Harry Wood, C. B. Harry Stahl, Henry J. John Sweeney, Tracy, Dr. C. J. Wil-son, M. G. Vaughn.

to Hold at Sale

Members of the Louisa Chapter, Daughters of the American Revolution, will have a "Closet Sale" at the Newberry House on 10 until 4 o'clock.

PEO Sisterhood Plans Election of Officers

Chapter AD of the PEO Sisterhood will hold its annual election of officers this Monday evening in the Roland road home of Mrs. A. H. Smith.

HOUSEHOLD HINT

Ever wonder why wool keeps you warm in winter? It is because each tiny fiber has a "permanent wave" which traps pockets of air that insulate against the cold.

It wasn't hard for a fashionable man to trip over his own feet during the Middle Ages. The World Book Encyclopedia says that one kind of a shoe had a pointed toe so long that a chain had to be used to hold it up so the wearer could walk.

# Healy's

## Musicals Plans Next Concert

Tuesday Musicals' next morning concert will be Tuesday, March 3, at 10:30 o'clock in the Detroit Institute of Arts Lecture Hall.

Members performing on the program will be Ruth Burczyk, Carolyn Jewell, Vittoria Bini, and Margaret Clifton, pianists; Helen Smith and Leona LeBlanc, vocalists; and Esther Johnson, violinist.

Ann Daldia and Lotta Winkler, violinists, and Helen Dudeck, cellist, will play in an ensemble group.

## Daughters of Colonial Wars to Hold Election

The annual luncheon-meeting of the Society of Daughters of Colonial Wars, State of Michigan, will take place Tuesday, March 3, at the Rackham Building, Detroit, with luncheon set for 12 noon.

The president, Mrs. Marvin L. Hoagland, of Dearborn, will preside at a Council meeting before luncheon, and the business session following luncheon, at which officers and chairmen will review their year's work and a new staff of officers will be elected.

Delegates and alternates will also be elected to represent Michigan Daughters at the annual assembly of the National Society, April 17-19, at the Mayflower Hotel, Washington, D. C.

Speaker of the day will be the society's flag custodian, Mrs. Ambrose E. Trubey, of Stephens road, who will show slides of "Historic Houses in Detroit and Vicinity."

## District Nurses Plan Meeting at Center

The District Nursing Society will meet Wednesday at 11 o'clock at the Grosse Pointe War Memorial.

Hostesses for the meeting will be Mrs. H. J. Cupper and Miss Mary Mason.

## HOUSEHOLD HINT

Use a plastic clothes basket in your child's bedroom or playroom to keep toys collected. Michigan State home economics specialists say it is lightweight and the handle makes for easy carrying by parent or child.

The term "pin money" comes from the time when pins were scarce and valuable, and were sold only on the first two days of the year. According to The World Book Encyclopedia, wealthy women flocked to the shops to buy the pins with money provided for this purpose by their husbands.

University of Michigan faculty members have received 54 grants totalling \$82,058 for research projects from the Horace H. Rackham Fund and the Faculty Research Fund.

## Engaged

A June wedding is planned for CAROL JOAN VESTAL, daughter of Mr. and Mrs. Yeatman Vestal, of Brys drive, to Hubert M. Allen, son of the late Dr. and Mrs. C. I. Allen, of Clarkston, Michigan.

Carol is a graduate of the University of Michigan and is affiliated with Kappa Delta. Mr. Allen is also a graduate of the University of Michigan, is affiliated with Alpha Sigma Phi and is now studying at W.S.U. College of Medicine.

## Communion Breakfast Planned by Auxiliary

The annual family Communion breakfast sponsored by the Christian Brothers Auxiliary will be held this year on Sunday, March 8, at St. Joseph's Church, 1833 Jay avenue, at 8:30 in the morning.

Breakfast will be served in the cafeteria following Mass. Chairmen of the event are Mrs. Raymond Jungwirth and Mrs. Raymond Middell.

## Lutheran Church to Mark First Anniversary Sunday

Mt. Olivet Lutheran Church, Radnor at Mack, will celebrate its first anniversary in the new church on Sunday.

Following the 10:45 o'clock service, with a guest pastor preaching the sermon, the Ladies Aid Society will serve a meal.

This Friday the church will hold its annual Father and Son Banquet at 6:30 o'clock. For tickets call TU 5-3023.

## Dinner to Be Held At Calvary Lutheran

The Stewardship Program at Calvary Lutheran Church, Gateshead at Mack, will be concluded this weekend with a congregational dinner for all confirmed members on Friday, February 27, at 6:30 p.m.

William Penske, well known Lutheran layman and former East Side businessman will be the speaker.

On Sunday, March 1, at 11 a.m., Pastor Harold E. Schroeder will conduct a special Stewardship service where he will commission visitors for an every-member visit during the following week.

## Clark Women To Hear Chorus

The regular meeting of Clark Women's Club will be held in Fellowship Hall of Christ Methodist Church at 1 o'clock on March 2.

A musical program has been planned by Mrs. Jack Thorpe and Mrs. Grace Robinson of Shoreham road. Mrs. E. R. Ross will show slides on "Highlights of Stephen Foster's Life" and will narrate while the Clark Choral Group furnishes the musical accompaniment.

A tea has been arranged by Mrs. Robert Morgan. She will be assisted by Mrs. L. E. Borden, Mrs. Richard Johnson, Mrs. Mack Monroe, Mrs. G. E. Moore, Mrs. Norman Miller, Mrs. Kenneth Newton and Mrs. Harry Sainsbury.

On March 11 the club will have a book review at the home of Mrs. Walter Tomic on Balfour road. Mrs. Mack Monroe as chairman plans to have Mrs. C. H. Marlar of the Story Tellers League as the speaker.

## Mrs. S. M. Huestis Plans Empire Daughters' Party

Members of the Princess Beatrice Chapter, Daughters of the British Empire, will be entertained Monday at 12:30 o'clock in the Grand Marais boulevard home of the regent, Mrs. S. M. Huestis.

Following luncheon there will be a business session and plans will be made for an April party to benefit the club's several projects.

The program for the afternoon will be under the chairmanship of Mrs. L. G. DeSpelder and will feature fashions over the years, with many costumes modeled by members.

## HAS HEART ATTACK

Park police transported Mrs. Vivian Northrup of 824 Three Mile drive to Bon Secours Hospital on Monday, February 16, when she suffered a heart attack at her home.

## Girl Scouts Set For Cookie Sale

From Friday, March 6, through Saturday, March 14, Intermediate and Senior Girl Scouts will sell boxes of cookies in neighborhoods and at booths in local places of business. Price is 45c per box or \$5.40 per case of 12 boxes, tax included.

In addition to those two standards of excellence, the crisp chocolate-vanilla Creme Sandwich and the chocolate Mints, a third and new kind is offered this year—Chocolate Chip.

Nation-wide in scope, this annual cookie sale has served to establish a fine relation between communities and their Scouts, providing the public an opportunity to assist and receive a good product in return.

Look for next week's follow-up article in the news explaining the need for this sale over and above the Torch Drive allocation and the breakdown and uses of the cookie profit.

## East Side Chi Omegas To Meet at Mrs. Kramer's

Mrs. E. F. Kramer, of Colonial court, will open her home March 4 for an East Side meeting of the Detroit Alumnae Chapter of Chi Omega.

Mrs. Robert Poole, of Stanhope road, will be chairman. Following dessert, to be served at 8 o'clock, members will see a demonstration of the unique uses of electricity in the home.

## Elizabeth Cass Chapter To Meet at City Club

Elizabeth Cass Chapter, Daughters of the American Revolution will hold their meeting at the Woman's City Club on March 2, 1959. The guest speaker will be Mrs. Laura C. Cook, who will give a talk on Jamestown. Mrs. Cook is the Honorary State Regent and Past Organizing Secretary General.

## Methodist Women Play Lenten Dinner

Woman's Society to Hold Lenten Dinner Wednesday At 7 O'clock; Tuesday Society Will Have Luncheon And Hear Review of "Doctor Zhivago."

The Woman's Society of the Grosse Pointe Methodist Church will hold a "Meal In The Upper Room," the first Lenten dinner of the season, on Wednesday, March 4, at 7 o'clock, at the church in Moross road. All adult church members are urged to attend and partake of an unusual and inspirational experience.

This is one of the most impressive services of the Lenten season, because it commemorates the last Supper which Christ ate with His Disciples the evening before His crucifixion.

The food is planned as nearly as possible like that of the time of Christ, and the entire meal is eaten in silence except for the reading of Scriptural passages and the singing of chants by those designated.

The menu will consist of food like that served at the time of Christ: lamb, rice, cheese, spinach, olives, dates, figs, nuts, oranges, grapes, unleavened bread, and communion wine.

These foods will be served in the utensils of the times—wooden bowls and brass plates. The only table decorations will be brass seven-branch candelabra, symbolic in the Jewish faith. The meal will be eaten by candlelight.

The guests will first gather in the Church Sanctuary, for a few words of preparation, giving the Biblical background for participation in the meal, and establishing a devotional atmosphere.

Then the guests will go to the community room to be seated at the long white tables and will remain in complete silence throughout the meal. To insure an uninterrupted religious atmosphere, no one will be admitted after the

## TIRE, WHEEL STOLEN

A tire and wheel were taken from the trunk of her automobile, on Monday, February 16, according to Mrs. Clark Webster of 24417 Star Valley, St. Clair Shores. The theft was reported to Farm authorities.

## CAMP CHARLEVOIX

"A Character Camp for Boys" at Charlevoix, Michigan 34th Season Boys 7-16

Now accepting enrollments for this summer, 1959, and for 1960.

The camp with Dude-Ranch features. Riding, riflery, sailing, tennis, canoeing, all athletics, archery, crafts, swimming, tutoring, over-night trips. A mature staff of sixty.

Boys from many states, plus foreign countries. Grosse Pointe enrollment limited. Call now for an appointment.

# SPORTS POINTES

by FRED RANNELLS SPORTS EDITOR

## Highland Parkers Wreck Devils' Chances Once More

Grosse Pointe's title sharing hopes went down the drain last Friday, February 20, when favored Highland Park tripped the Pointers 57-47 and practically locked up its tenth straight Border Cities League title in as many years.

The Blue Devils had a glimmer of hope had the Parkers slipped on their own small court that night. This would have put the Pointers one game behind the Polar Bears with one game remaining on the 1958-59 schedule.

The Devils will tackle second place Royal Oak, who tripped Fordson on the same night, in the final game of the season. This will be a MUST game if the Pointers hope to finish in at least a tie for third place. A defeat in the final game and a victory for Fordson, which seems almost a certainty as the Tractors play last place Wyandotte in the final game, would push the Devils into fourth place in the final standings. This would be the lowest finish for the Pointers since Coach Mac Adam took over the reins eight years ago.

### Aorns Hang On

In other league action Royal Oak remained in contention for at least a share of the title by defeating Fordson in overtime 58-51. Wyandotte and Monroe waged a battle for the basement and the Trojans came out on top with a 44-42 win to move into a two-way tie for last place with Wyandotte.

Royal Oak is the only team left that threatens Highland Park's league domination. The Aorns must defeat the Blue Devils in the final game of the season while last place Monroe is upsetting the league leaders. This would produce a script fitting for a movie thriller but on past performances Highland Park is a top-heavy favorite to tumble the Trojans.

Highland Park jumped off to an early lead, which it never relinquished but was pushed by the Devils until the final minutes of play. The Parkers held a 19-10 lead at the end of the first quarter and a narrow 28-26 lead at halftime.

### Anderson Pulled

The effectiveness of Lars Anderson, the Devils' usual high point man, was hampered when he picked up four personal fouls in the first half and Coach Mac Adam elected to pull him from the game and save him for the late stages. Rem Purdy, recently returned from the injured list, replaced Anderson but the four week layoff was too much for him to overcome.

Paced by Longworth Mapp, who notched 25 points for game honors, the Parkers

moved into a commanding 35-26 lead early in the third period. The Devils' chance of catching up were hampered by several uncalled fouls which the Parkers took full advantage of and packed their lead from the charity line. In all Grosse Pointe had 21 fouls called against it as compared to the Parkers' 10 throughout the game.

The whistle tooting prevailed throughout the fourth period turning the contest into one of marching up and down the court by the two teams to the foul line.

Highland Park held a six point lead with four minutes remaining and Coach Jim Wink ordered his team to go into a stall. The stall worked effectively with the veterans working the ball.

Junior forward John Bradley upset this defensive maneuver by shooting every time he got his hands on the ball.

This gave the Devils an opportunity to score but the referees persisted in calling the Devils for infractions which wrecked their chances for a late winning rally.

## Tied for Lead In Church Loop

By George Vande Bunte

Standings made no difference to cellar-dwelling Grosse Pointe Methodist as they edged league-leading Grosse Pointe Congregational in the senior division of the Grosse Pointe Church Basketball league.

From the first quarter it was evident that the game would be no pushover for Congregational as it ended in a 9-all deadlock. Congregational edged ahead, however, in the second quarter with baskets by Jack Whitney and Lee Schlorff to an 18 to 15 lead at the half.

But Methodist stormed back in the third period under the leadership of Tom Munson and Tom Thompson with 13 points as Congregational managed 7. Desperately, Congregational fought back in the fourth period, but as the final buzzer sounded they were one point short.

Munson bucketed 11 points for Methodist while Whitney shot 15 points for the victors.

Christ Church beat Grosse Pointe Memorial 26 to 23 and so landed in a tie with Congregational for first. Although behind after an 11-2 third quarter, Christ Church countered with 11 points to land the win.

In the other Senior Division game played, St. Paul beat St. Clare.

Our Lady Star of the Sea clung to first place in the Junior Division as they beat Grosse Pointe Memorial 28 to 15. Off to a roaring start, the score was 18 to 4. Memorial then buckled down but, although outscoring Our Lady in the last half, couldn't catch them. Bob Sanford led the victors with 12 points while Jim

Moore dropped in 10 points for Memorial.

Grosse Pointe Woods Presbyterian rolled over Christ Church, 28 to 8, in a tiebreaker. Terry Goll and Gary Spade each tossed in 8 tallies for scoring honors.

Rounding out the Junior Division, St. Paul beat St. Clare, 29 to 16.

In the Freshman Division, Grosse Pointe Methodist beat Grosse Pointe Woods Presbyterian, 16 to 19.

John Gilmore was high man for Woods with 8 points while Tom Reed shot 8 for the losers.

In the other Freshman Division games, Christ Church beat Our Lady Star of the Sea, 15 to 12, and Memorial played to a 38 to 17 victory over St. James.

## Devil Swim Team Beats Parkers

The Grosse Blue Devil swimming team closed out the 1958-59 home schedule with a 52-40 victory over Highland Park Friday, February 20, and remained in sole possession of second place in the Border Cities League race behind unbeaten Monroe.

Because the championship was out of reach, Devil fans stayed away in droves and the meet was held in comparative secrecy and only the REAL swim fans were on hand to see the Pointers perform.

Highland Park proved surprisingly strong and although it didn't threaten the Devils at any time during the meet, it made it interesting by splitting the first places in the ten events right down the middle. Actually, the Pointers should have taken six firsts but a disqualification in the final relay event cost them another eight points.

The Devils didn't take any chances and jumped off to a big lead by sweeping the 40-yard freestyle and the 100-yard butterfly events to take a 16-2 lead. From there on it was a downhill ride with the Polar Bears pushing the Devil side all the way.

The Devils will close out the BCL dual meet season against Royal Oak on Friday, February 27, and then prepare for the State meet which is scheduled for East Lansing March 13-14.

Backstroke Mike Bremer fell on the ice and broke his left ankle in five places and will be lost for the balance of the season. Bremer's loss will seriously hamper the Devils' medley relay team which Coach Paul Wheeler was counting heavily on for points in the State meet.

### SUMMARIES

40-yd. freestyle: Gregory (GP); Pattee (GP); Bogretto (HP). Time: 19.2.

100 yd. butterfly: Carne (GP); Boyer (GP); Haislip (HP). Time: 60.4.

200-yd. freestyle: Pitton (HP); Mehl (GP); Mertz (GP). Time: 2:05.5.

100-yd. backstroke: Hill (GP); Judson (GP); Jouppi (HP). Time: 1:02.6.

100-yd. breaststroke: Law (GP); Kolbe (HP); Kothe (GP). Time: 1:09.7.

100-yd. freestyle: Pitton (HP); Aronson (GP); Ohran (GP). Time: 56.0.

Diving: Kalish (HP); Tyrrell (GP); McCormick (HP). Points: 46.6.

120-yd. ind. medley: Kolbe (HP); Boyer (GP); Haislip (HP). Time: 1:16.3.

180-yd. medley relay: Grosse Pointe (Hill, Law, Carne, Judson). Time: 1:23.9.

160-yd. freestyle relay: Highland Park (Bogretto, Bennett, T. Pitton, M. Pitton). Time: 1:16.8. Grosse Pointe 1:13.8 disqualified.

## BYC Bowlers Take Tourney

Detroit Yacht Club bowlers donated the first annual Detroit River Yachting Association Mixed Doubles Bowling Tournament held in Windsor, Ontario, last Saturday, February 21, under the capable direction of chairman Charles Gray and co-chairmen Mary Lou Reddin and Danny Bell.

The BYC bowlers won six of the nine events. Midge and Eddie McGrath captured the doubles prize with 171 pins over average. Marianne Moran took the ladies high three game series with a 528 and Bill LaLonde, of Windmill, Y. C., won the men's high three series with a 579.

Rosemary McPherson topped the ladies' with a high single game of 208 and visiting Commodore Wallace Burke of Westlake Yacht Club won the men's singles with a 213.

Louise Fogarty posted the high over average score for the ladies when she rolled 96 pins over her 102 average. John Gould topped the men in this event with 61 pins over his 151 average.

Heinie Schuck of Edison Boat Club earned the dubious honor of being the low man on the totem pole with 91 pins UNDER his 162 average.

**SPORTSMEN**

Rifle ranges, skeet, trap, and pistol shooting within 25 minutes drive of G.P. Pointe. Gun shop carries complete line hunting equipment and clothing. Telescope and iron sights sold and installed. Experts on hand at all times to "sight in" your rifle or to help you decide on your hunting equipment.

## North Star Champions Honored at Ball

The 1958 trophy winners of North Star Sail Club received their awards at the annual Commodore's Ball, which also honored outgoing Commodore Ed Ochs and incoming Commodore George N. Smith, Saturday, February 21. Trophy winners shown left to right, front row: HENRY HEDGSON, DAN HOLKA, ARNOLD JOHNSON and PAUL KOHLER. Back row: MALCOM OTIS, MIKE KERZKA and JOHN WARE.

## Boat Banter

Defending champion Pointer Eddie Grant successfully retained his DN-60 title for the William E. Scripps Trophy over the weekend of February 21-22 during the running of the Garwood Iceboat regatta held on Lake St. Clair. Bill Sarns, of Mount Clemens placed second and was followed by the DN International champion Skip Boston, of St. Clair Shores. Eighteen skippers vied for the coveted honor. Grant compiled 77 points to Sarns' 69 and Boston's 63.

Bill Sporer was one of the hardluck guys of the series. Sporer was leading the series on Saturday when he hit a non-racer and smashed up his boat in the third race. He was forced to withdraw when it was discovered the boat could not be repaired.

Also in the third race Harold Kowitz was hit by John Whifton when he became involved in a port and starboard tack situation. Later Whifton was protested out of the third race because of illegal runners. He was holding down third place in the series at that time. Kowitz was in third place when he fouled out.

Remi De Blaere was protested because he was seen dragging his mainsheet and Dick Wessenberg was tossed out for illegal runners.

In the Garwood regatta visitor Stan Johnson of Lake Geneva, Wisconsin, took home the top prize with a total of 60 points. Wally Cross of Bayview Yacht Club was second with 57 and Jute Vandervale of Mount Clemens was third with 41.

Ice conditions were good for Saturday's races but the final two races in both the Scripps and Garwood events were sailed in slush and soft ice.

Weather permitting, the Northwest regatta will be held next weekend, February 28 and March 1-2, at Gull Lake in Kalamazoo, Michigan.

North Star "hardware sailors" completed their 20 race season with the final three heats being sailed following the climax of the Scripps Trophy event.

Based on lowpoint score Remi De Blaere took the Club and Overall season championship. The overall season championship is open to outsiders. The standings are as follows: (Asterisks denote North Star boats) \*DeBlaere 17, Ed Grant 22, Harold Kowitz 32, Frank Whifton 74, Lorne Sherry 98, John Whifton 100, Nick Spilis 101, Chuck Grant 130, \*Bill Sporer 131.4, \*Phil Gentile 135, \*Leon Templin 141, Skip Boston 161.3, Tom Hanson 189, \*Ralph Templin 202, \*Horace Liston 239, \*Fred Kagel DNQ, \*Bill Sarns, Ronald Pollin DNQ and \*Jack Vallad DNQ.

## Devil Reserve Swimmers Conquer Fordson Twice

Grosse Pointe's reserve swimming team continued along the winning trail with a double victory over Fordson on succeeding weeks. In the first meeting the Devils squeaked past the Tractors 49-47 Wednesday, February 11, and came back a week later to take a 52-43 win in their own pool.

In the first meet the Devils could only manage four first places in the ten event meet but came through with enough second places to offset the Tractors' six first places.

Through the first five events the meet was close with the Devils trailing 22-23 after the Tractors slammed the 100 yard breast stroke event. From there on it was all Grosse Pointe. Dawes and Johnson pushed the Pointers into a 30-24 lead when they slammed the 100-yard freestyle and LaBlonde padded the margin with a win in the diving.

Measel and Gauss placed first and third in the individual medley to give the Devils a 10 point margin which was enough to offset the Tractors' double win in the final two relay events.

The return meet saw the Devils capture six first places. Up to the diving event the Devils held the lead but in this event the Pointers forfeited all eight points which enabled Fordson to take the lead for the first time, 34-28.

The Tractor lead was short-lived when Measel and Platt slammed the individual medley and the Devil relay teams climaxed the meet with victories for the 9 point winning margin.

SECOND MEET  
40-yd. Freestyle: Hammond (GP); Waite (GP); Swin (F). Time: 3:18.0.  
100-yd. Butterfly: Measel (GP); Gauss (GP); Jacobs (F). Time: 1:05.3.  
200-yd. Freestyle: LaForest (GP); Smith (F); Post (GP). Time: 1:22.0.  
100-yd. Breaststroke: Dyer (F); Beckenhauer (GP); Wehning (GP). Time: 1:15.2.  
Diving: Grosse Pointe Forfeited all 8 points.  
120-yd. ind. medley: Measel (GP); Platt (GP); Dickey (F). Time: 1:22.0.  
180-yd. medley relay: GROSSE PTE. (Post, Beckenhauer, Gauss, LaForest). Time: 1:30.2.  
160-yd. Freestyle Relay: GROSSE PTE. (Waite, Davis, Westcott, Hammond). Time: 1:22.0.

Maple Lanes made the biggest jump from sixth to third place by taking three out of four from Atwell.

Following were the teams having a three to one advantage: G. P. Woods over Belding, Cox and Baker over Cramer, G. P. Pharmacy over Wigle, and Adam Simms over Barrett's.

Goebel One and Mack-Prestwick split their games two and two as did Larry's and Kennelly.

200 scores:—Don Sarvis 246, Dick Stehlin 239, Mel DeCoker 232-204, Gaines King 231, George Somerville 229, Al Stawarz 220, Mel Young 219, Swede Janson 215, Jim Deets 213, Jack Leithausner 210, Bruce Morris 203, Ernie Nierath 200.

Three of Grosse Pointe's outstanding girl natators will vie for honors in the forthcoming Women's Midwest Conference Swimming Championships to be held at Fitzgerald High School, 23200 Ryan road, Warren, Michigan, Saturday, March 7.

Eileen Cross will lead the Pointe contingent, which includes her sister Kathy and Marilyn Burns. Eileen is the current Michigan AAU record holder, for girls under 16, in the 100 yard butterfly, 200 yard individual medley and 200 yard free style events.

The meet will bring together swimmers from six clubs in the Midwest. They are: American Turners-Detroit, which will be represented by the Pointe mermaids, Ann Arbor Swim Club, Chicago Lake Shore, Etobicoke Memorial Aquatic Club, Toronto, Canada, Green Bay Y.M.C.A., Green Bay, Wisconsin and Riviera Swim Club, Indianapolis, Indiana.

The Midwest Conference was set up to provide the caliber of competition women swimmers need throughout the year. These same women swim in national competition and some go as far as to represent the United States and Canada.

It was the idea of Doug Scott of the Green Bay Y.M.C.A. and interested several other clubs in the league arrangement. This occurred four years ago and the league has been flourishing ever since and reaches its peak this year with the Midwest Championships which will be held here.

## Consolation Tournament Won by Austin Friars

The Austin Friars won the consolation tournament of the Catholic League. This success avenged tournament defeat at the hands of Holy Redeemer who went on to take the Catholic League title. Impressive victories were over All Saints, 62-50, Ann Arbor St. Thomas, 71-50.

The All Saints game quickly showed that the Friars were sick of their taste of defeat. The Friars led 22-10 at the end of the first period. Of these 22 points, Tom Pine had 15. The leadership that the Friars had in Dave Debuschere seemed to be back in the person of this co-captain and forward. He was hitting with deadly accuracy, and was very successful under the boards.

The Saints fought back to a one point deficit, 29-28, at halftime. But the Friars must have been reminded of what the Saints did two years ago. At that time they gradually pulled a lead and stalled to keep it in a Catholic League Final's upset. This time it didn't happen. Junior center Bill Fitzgerald shared honors with Pine as the Austin squad posted a 68-49 success.

St. Thomas offered first period resistance. The lead changed hands several times, then Austin piled up a ten point half-time advantage, 37-27.

Unusual for Austin, the shortest player to start the fourth period was 6-2 Gary Ruperich. Ruperich and Pine held the guard positions while Juniors Fitzgerald, Bob Brinkman and Paul Zosel filled the other positions. This quintet made the future look bright for Austin. It was reminiscent for the guards; they held those positions as reserve sophomores.

The next game for the Friars will be the opener of the state tournament. The game will be played Tuesday, March 3. The first contender to challenge

## GPUS Ends Fine Season Winning Tourney Honor

Last weekend, February 20-21, the Grosse Pointe University School Knights went down to Maumee, Ohio, to play in the Maumee Valley Invitational Tournament. The trip turned out to be very successful for the Knights, who beat Detroit Country Day School, 69-38, on Friday night, and Park School of Indianapolis, Ind., 62-59, on Saturday night to take the title of "Tournament Champion."

Friday, February 20, G.P.U.S. beat D.C.D.S., 69-38, and Park School beat Maumee Valley Country Day, 50-38. Saturday, February 21, D.C.D.S. beat the Knights beat Park School, 62-59, for the tourney championship.

Friday's game was an easy one for G.P.U.S., as they beat the Country Day Yellow-jackets for the third time this year. Dick Johnson played an outstanding game for the Knights, scoring 19 points, while hitting on 84 percent of his shots. George Haggarty and Bob Wood, who both sat out a good deal of the game, scored 15 and 14 points respectively. Gordie O'Brien hit on all four of his shots and scored 8 points for a 100 percent shooting average from the floor.

Coach William Bellows emptied the bench, which had been stocked with reserves who were making the tournament trip as a reward for a good season with the JV's.

Saturday's game with Park was a tough, sea-saw battle, that saw the Knights come from behind in the second half to win by the score of 62-59. Park seemed to hang on to a slim lead throughout most of the first half and led, 29-27, at halftime. The teams seemed to "trade baskets" all during the third quarter, but as the buzzer sounded, G.P.U.S. had moved into a 40-40 deadlock with the Hoosier team.

The fourth quarter produced the same tense atmosphere until the end, when the Knights amassed a "comfortable" three point lead and won, 62-59.

George Haggarty was the big scorer for the Knights, with 18 points. Bob Wood was second for the Knights, with 15 points. Wood also played a fine defensive game and pulled down 8 rebounds. Jack Pingle scored 9 points, Dick Johnson had 8 points, and O'Brien and Bruce Birgbauer had 6 each.

The victories were great team efforts, highlighted by superb play-making, passing, and rebounding. But added to the team's honors, two G.P.U.S. boys received special commendations for fine play in the two games. Captain Bob Wood and George Haggarty were named to the "All-Tournament" team, and, to add even more icing to the cake, Haggarty received the trophy for being the tournament's "outstanding player." Another boy from the Detroit area, Country Day's Tom Derlieth,

was also named to the "Tournament" team.

For these six senior day night's game was last for G.P.U.S. The Jack Pingle, guard, forward; Richard O'Connell; George Haggarty; Gordie O'Brien; and Captain Bob Wood.

The tournament gave the last two of a very full season for the boys who won twelve and a half points for the season's points for thirteen. George Haggarty was with 179 and Dick Wood 106.

The scores of the games before the tourney were:

GPUS 53—Lamphar  
GPUS 43—Huron  
GPUS 36—Lamphar  
GPUS 50—Detroit  
Day School 25  
GPUS 74—Oak Park  
L'Ansse Curve 45  
GPUS 57—Maumee  
Country Day 52  
GPUS 57—L'Anse  
GPUS 41—Oak Park  
GPUS 69—Detroit  
Day School 45  
GPUS 50—Cranbrook

## St. Paul Taut Defeat Sales

St. Paul's swimming up with their best performance of the year last February 19, and Salesian by a score of 40-30 in Grosse Pointe High.

Competitive Examinations

for applicants for scholarships next year will be held at the school on Saturday April 11. These are open to students who will be entering the 7th, 8th, 9th, or 10th grades in September, 1959.

Among students whose handiwork has been displayed in the G.P.U.S. library

showcases recently in a display of "homemade" musical instruments are Marian Gram, Martha Morrison, Lynda Bacon, Paula Fischer, Peter Cinelli, Fred Sibley, Mike Matthews, Bobby Hughes, Harry Campbell, Charles Turner, and David Harris.

This year has been a "fabulous" success for the G.P.U.S. skating rink.

Uninterrupted skating has continued since before Christmas through January and till this writing in February. There has also been much ice all around the school grounds and not confined merely to the rink.

Congratulations are in order for Coach William Bellows, Captain Bob Wood, and the Knights' basketball team of G.P.U.S.

for a remarkably successful season. The team won 12 games, lost only one. At the Maumee Valley, Ohio, tournament last week end, G.P.U.S. emerged the victor by beating Detroit Country Day School and Park School of Indianapolis, Ind., on successive nights.

In Ice Show at Olympia

BLONDE SANDY CULBERTSON catches the soaring exuberance of the show in this candid shot from the fabulous, all-new Ice Capades of 1959 which will be at the Olympia Stadium from February 26 through March 15.

Pointe Ski Club Holding Party

The Grosse Pointe Ski Club, Frank McBride, Jr., president, finds that interest still abounds. At the last meeting at the Grosse Pointe War Memorial late comers had to be turned away while the hall was jammed to see movies of "Sun Valley," listen to Jens Olsen, head of the District Ski Patrol and see Norm Archer's and Margaret Rice's ski togs in a style parade staged by Muriel Gillette.

A ski trip to Mt. Holly was the activity scheduled this week. Now on this coming Tuesday evening, the Ski Club is having a party at the Grosse Pointe War Memorial featuring ski movies, socializing, refreshments and most important finalization of plans for their ski week-end at Harbor Springs which will take place the 27th of February through the 1st of March.

The ski week-end will include skiing at both Nub's Nob and Harbor Highlands. It will include round trip bus transportation, six meals, two nights' accommodations in rooms for four with private baths, and all ski charges including chair lifts for advanced skiers.

The very low, all-inclusive cost will be \$33 for advanced skiers, \$30 for beginning skiers and \$25 for non-skiers. All adult Grosse Pointe skiers are welcome.

General Motors Proving Grounds have logged more than 200,000,000 miles of automotive testing - equal to 422 round trips to the moon.

St. Clair Inn and Country Club

Clothes Serve Many Purposes

Clothes don't make the man, a wise person once said, but they probably save the wearer a lot of trouble, according to a Michigan State University researcher. Dr. Arthur M. Vener, assistant professor of social science, pointed out the difficulties which might arise on a simple shopping trip without the use of clothing to serve as human guideposts.

"The trouble you might have," he said, "would be in telling who is who. You would not know salespersons from customers. The floorwalker would not even have a button-hole, much less a carnation. Unless you saw a policeman directing traffic, you would not have any idea who he was. If you went into a restaurant, how would you identify the waitresses?"

Clothes are useful in helping people determine the job, social status and traits of a stranger, Dr. Vener added.

FOR BUSINESS CONFERENCES THAT "CLICK!"

Business and industry are finding ST. CLAIR INN the ideal place for sales meetings, personnel training sessions and executive conferences - ranging from one-day programs to week-long affairs.

Only 50 miles from Detroit on the beautiful St. Clair River, the Inn gives business and industrial groups EVERYTHING NEEDED for successful meetings.

Facilities include overnight accommodations for 130... air-conditioned conference rooms... fine food and cocktails... and, in season, heated swimming pool, 18-hole golf course and boat docking space.

For help in planning your upcoming meeting, contact Creighton Holden, General Manager. He will meet with you at your offices or escort you on a tour of the Inn's facilities.

St. Clair Inn and Country Club

"We recognize the factory hand by his work clothes, the executive by his suit, the student by his slacks and sweater. If an old man wears loud, sporty clothes, we might think he is a little odd. A dirty, rumpled, patched suit indicates a bum. A clean, neat fashionable suit might indicate an advertising executive.

IS THIS TRIP NECESSARY?

Who, would you say, are the most important people in our town? The young people? We like to think it is for them we are building the town and that they are the ones who will build the town tomorrow.

But will they, the young people of your acquaintance, be here tomorrow? Very largely that depends on the opportunities, the job opportunities, here at home.

The next time you hear of a young man or young woman leaving for an opportunity elsewhere, ask yourself: Is this trip necessary? It's not practical to expect each of us to start a business or manufacturing operation just so

our own sons and daughters will have work. What we can do, though, is to contribute our efforts to attracting new industry here and to help existing industry to expand locally. We can let everyone know of our town's industrial advantages. We can show our appreciation of present industry and see that its needs are met.

If we do these things, we'll be making opportunities here at home, and that's the right place for opportunities anytime.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

said the company will carry its appeal to the U. S. Supreme Court, on the basis that the decision is in "violation of both the State and Federal Constitutions."

**Saturday, February 21**

**FOUR NEAR COLLISIONS** this week between airliners and military planes were to be investigated today, Saturday, by the Federal Aviation Agency.

Senator Monroney (D), of Oklahoma, chairman of the Senate aviation subcommittee, urged disciplinary action against pilots, either civilian or military, who he said might be responsible for this week's close calls.

The FAA announced that an air traffic controller at Indianapolis (who remains unidentified) "has been removed from control duties pending a more complete investigation." This was in connection with a near miss Friday between a Capital Airlines constellation carrying 32 persons and an Air Force C123 cargo plane. Both pilots had to take "evasive" action.

**BRITISH PRIME MINISTER** Macmillan arrived in Moscow Saturday for a meeting with Premier Khrushchev, which the Soviet press believes might ease the threat of war.

Khrushchev and Foreign Minister Gromyko were waiting to greet Macmillan and Foreign Secretary Lloyd. Macmillan went promptly to the Kremlin for a meeting with Khrushchev, while Lloyd visited Gromyko at the foreign ministry.

**Sunday, February 22**

A 1959-60 BUDGET calling for \$124,669,000 in local property taxes was recommended Saturday to Mayor Miriani by the Detroit Budget Bureau.

The proposed tax levy is identical to that in the current budget, which runs through June 30; therefore it would mean keeping the present tax rate.

Budget Director Edward J.

**ROBERT SHAW WORKSHOP**

Robert Shaw, director of the Robert Shaw Chorale of concert, radio and television fame will be presented in a Choral Workshop at Wayne State University, Saturday, March 14, at 9:30 a.m. The workshop is sponsored by the Guild of Church Musicians, a Department of the Detroit Council of Churches. Complementary tickets can be secured by church musicians at the Detroit Council of Churches office.

**NOTICE OF SPECIAL ELECTION**

TO THE QUALIFIED ELECTORS OF THE VILLAGE OF GROSSE POINTE SHORES:

PLEASE TAKE NOTICE that a Special Election will be held in the Village of Grosse Pointe Shores, Counties of Wayne and Macomb, Michigan, on the 16th day of March, 1959, from 7:00 o'clock a.m. until 8:00 o'clock p.m., Eastern Standard Time, there will be submitted to vote of the qualified electors of said Village the following propositions:

1. Water Bonding Proposition:

Shall the Village of Grosse Pointe Shores, Counties of Wayne and Macomb, Michigan, borrow the sum of not to exceed One Hundred Forty Thousand (\$140,000.00) Dollars and issue general obligation bonds of the Village for the purpose of paying for the Village's share of the cost of acquiring and constructing additional water mains in the Village of Grosse Pointe Shores, together with necessary appurtenances and attachments, one such water main to be built in conjunction with the City of Grosse Pointe Woods, from Harper Avenue and Base Line Road (in Harper Woods) in an easterly direction but on a course parallel to Vernier Road, through Grosse Pointe Woods and into Grosse Pointe Shores, connecting to existing water mains in Lake Shore Road, and the balance of said water mains to provide water main loop connections between existing dead end mains in the village?

2. Department of Public Works Garage Bonding Proposition:

Shall the Village of Grosse Pointe Shores, Counties of Wayne and Macomb, Michigan, borrow the sum of not to exceed Fifty Thousand (\$50,000.00) Dollars and issue general obligation bonds of the Village for the purpose of paying the cost of constructing a Department of Public Works Garage in the Village?

Only those qualified and registered electors who have property in the Village assessed for taxes, or the lawful husband or wife of such persons, are qualified to vote on the above bonding propositions.

The Village Council has estimated the Village's share of the cost of said additional water mains, together with appurtenances and attachments, to be \$140,000.00 and has estimated the cost of said Department of Public Works Garage to be \$50,000.00.

The place of election will be at the former Vernier School, 36 Vernier Road.

This Notice is given by authority of the Village Council of the Village of Grosse Pointe Shores, Counties of Wayne and Macomb, Michigan.

Clifford B. Loranger  
Village Clerk

Nowak said the budget makes no allowances for pay raises. This is a policy matter reserved by the Mayor and City Council, he said.

**BRITISH PRIME MINISTER** Harold Macmillan pleaded with Nikita Khrushchev Saturday for East-West agreement, lest the great powers commit suicide by "miscalculation or by muddle."

In Washington, officials were looking forward to a visit by Macmillan around mid-March, to report on his Moscow talks. In addition to President Eisenhower, Macmillan plans to also give an account to French President Charles de Gaulle and West German Chancellor Konrad Adenauer.

Macmillan and his foreign minister, Selwyn Lloyd, have been receiving the red-carpet treatment since their Saturday arrival in the Russian capital.

**MICHIGAN DEMOCRATS** Saturday nominated 14 pre-elected candidates for the April election. Convention managers produced a balanced ticket which includes three incumbents; two women and one Negro.

Four Detroit men, prominent in civic and political affairs, are among the six candidates chosen for the new Wayne State University Board of Governors.

**Monday, February 23**

**MORE THAN 1,800 EMPLOYEES** of the Ex-Cell-O Corp. Sunday afternoon ratified, almost unanimously, a contract with the company which ends their 126-day strike, the longest in Detroit history.

The employees are members of UAW Local 49, which went on strike Oct. 20 after the company canceled the union contract. The ratification came at a meeting in the Cass Tech. High auditorium after bargaining sessions which began Saturday morning and ended only a few minutes before the mass meeting.

The three-year contract for the tool-making company, which expires March 31, 1962, is patterned after that offered by the Big Three automotive companies and offers cost-of-living and annual improvement factors.

**THREE THUGS LURED** Mayor Sheldon Smith, of Greensburg, Ind., to his downtown office Saturday night and methodically sliced his face, hands and body with a double-edged razor blade.

The 39-year-old former chairman of Indiana Young Republicans, also judge of the Greensburg City Court, was reported in fair condition. He was able to call police before he collapsed.

Both assailants were unknown to Smith, who told police one of them had snarled "You sent up my buddy, and you're going to pay for it." Smith was enticed to his office by answering a request for help on an income tax return.

**FLINT (MICH.) BUSES** will begin running again at 4:30 a.m. today, Monday, but if the

Flint City Commission, which meets Wednesday, doesn't give the coach lines more money, the new contract will be ripped up Friday.

The 123 bus drivers and maintenance men struck Thursday morning, stranding 20,000 daily passengers, including 2,400 school children.

**Tuesday, February 24**

**THE AFL-CIO MADE** its first break, Monday, in its 14-month-old policy of shunning direct war with the outcast International Brotherhood of Teamsters.

The Executive Council authorized the chartering of a catch-all local in Puerto Rico to sign up truck drivers, warehousemen, and other island workers. The move represents a frontal challenge to James R. Hoffa, Teamsters president, who has recently begun a ma-

job campaign to bring these workers into his union. It has been said that Hoffa will not allow the conflict to (Continued on Page 23)

## SUMMARY OF MINUTES

FEBRUARY 16, 1959

Meeting was called to order at 8:00 P.M.

Present on roll call: Mayor William F. Connolly, Jr., Councilmen Henry E. Bodman, II, J. Lawrence Buel, Jr., William G. Butler, Richard L. Maxon, and Edward C. Roney, Jr.

Absent: Councilman William G. Kirby.

Mayor William F. Connolly, Jr. presided.

Councilman Kirby was excused from attending the meeting.

Minutes of the regular meeting of February 2, 1959, were approved as submitted.

The following reports were ordered received and filed:

Police, Fire and Building Department Reports for the month of January 1959.

Fire Department Report to the State Fire Marshall for the calendar year 1958.

A report and recommendation of the Advisory Planning Committee relative to a tentative master plan for the future development of the Lake Shore Road properties was received, and the Mayor was requested to write a letter to the Lake Shore Road property owners advising them of the tentative plan, and requesting them to meet with the Advisory Planning Committee to discuss the plan and give the Committee the benefit of their thinking in connection thereto.

An Outdoor Swimming Pools Ordinance was enacted.

Communications were received from the attorneys representing the Grosse Pointe Club and the Grosse Pointe Memorial Church requesting the Council to approve the acquisition of certain state owned lake bottom lands.

Acting on the recommendation of the City Attorney, the matter was referred to the Zoning Board of Appeals, for hearing on March 16, 1959.

Action regarding a recommendation made by the City Manager to employ a Commercial Appraisal Company to appraise City buildings and contents for insurance purposes was deferred to the meeting of March 2, 1959.

Approval was given to employ Virginia B. Green in the Administrative office to fill a vacancy.

The City Manager was authorized to poll the members of the Council by telephone regarding the awarding of a bid for spraying Elm trees for Dutch Elm disease, which bids will be received on February 19, 1959.

Approval was given to pay Beaudette and Beaulieu, the sum of \$1,332.50, in payment of their contract to install boathouse lockers at the Pier Park.

The City Manager was instructed to write Mr. Roland Gray, advising him that the Council is willing to meet with the merchants in the Kercheval Avenue business district to discuss various ideas, which the merchants hope will bring additional business.

Various items of unfinished business were discussed, several of which were determined by the Council as matters which should be omitted as items of unfinished business.

On proper motion made, supported and carried, the meeting adjourned at 9:40 P.M.

## Notice of Ordinance Adoption

Code No. 11-07

### Outdoor Swimming Pools Ordinance

Ordinance No. 136

**AN ORDINANCE REGULATING THE CONSTRUCTION, MAINTENANCE AND USE OF PRIVATE SWIMMING POOLS AND PROVIDING PENALTIES AND REMEDIES FOR VIOLATION THEREOF.**

The City of Grosse Pointe Farms Ordains:

**SECTION 1.** It is hereby determined that outdoor swimming pools endanger the public safety unless properly constructed.

**SECTION 2. Definition:** The term "Swimming Pool" as hereinafter used shall mean any structure or container, either above or below grade, designated to hold water to a depth of greater than eighteen (18) inches when filled to capacity, and intended for immersion of the human body whether swimming or wading or both.

**SECTION 3.** It shall be unlawful for any person to construct or maintain an outdoor swimming pool without first making application to the City Engineer and obtaining a permit therefor.

**SECTION 4.** Such application shall show the name of the owner, the location of the proposed swimming pool, information showing the size, depth and capacity of such swimming pool and shall be accompanied by a copy of the plans of the swimming pool, which plans shall remain on deposit with the City Engineer, and an application shall also provide such other information as is deemed necessary by the City Engineer for the protection of the public health and safety. There shall also be filed with the City Engineer a plot plan of the proposed swimming pool showing the location of the swimming pool, the full information as to the type, height and location of fence surrounding such swimming pool and the number of gates therein. Such plot plan shall also remain on deposit with the City Engineer.

**SECTION 5.** All swimming pools shall be completely enclosed by a substantial wall or fence of not less than four (4) feet in height. All openings in such wall or fence shall be equipped with gates having self latching "closing devices with the latch on the inside of the gates so that it is not readily accessible for children to operate. All existing swimming pools shall be enclosed by a fence or a wall as herein required within ninety (90) days after the effective date of this Ordinance.

**SECTION 6.** No electrical service conductors or overhead wires shall be located above any swimming pool. All swimming pools having a side wall of three feet or more in depth shall have one (1) permanent light used to illuminate any swimming pool. Such light shall be arranged and shaded as to reflect light away from adjacent premises.

**SECTION 7.** No swimming pool shall be constructed in a front yard or in or over an easement.

**SECTION 8.** There shall be no direct cross-connection with the City water supply and the water supply of the pool. There shall be provided an air-gap delivery connection at least six (6) inches above the flood level of the pool or make-up tank.

**SECTION 9.** An appeal to the Council may be taken from any action of the administrative officers of the City denying a permit for a swimming pool. Appeals must be in writing and filed within ten (10) days after the decision appealed from is mailed or otherwise communicated to the appellant. The Council may upon appeal reverse, modify or affirm the action of the administrative officers. The Council may also, upon any such appeal, in its discretion, reduce or modify the requirements of this Ordinance in individual cases, where it determines that such action will not impair the general effect and intent of this Ordinance, and (a) where there are practical difficulties or unnecessary hardships, in compliance with the provisions of this Ordinance, or (b) where such modification will not jeopardize the public health, safety and general welfare.

**SECTION 10.** A person violating any of the terms or provisions of this Ordinance shall upon conviction be subject to a fine of not more than \$500.00 or imprisonment for not more than ninety (90) days, or both in the discretion of the Court. Each act of violation and every act upon which violation shall occur shall constitute a separate offense.

**SECTION 11.** Any swimming pool constructed, altered or maintained in violation of any provision of this Ordinance shall constitute a nuisance, and the City Engineer, in addition to the penalties hereinbefore set forth, may institute any proper action for the abatement of such nuisance.

**SECTION 12.** If any provision of this Ordinance shall be held invalid, the remainder of the Ordinance shall not be affected thereby.

**SECTION 13.** This Ordinance shall take effect thirty (30) days after its enactment or upon publication whichever is later.

Enacted: February 16, 1959.

**DAWSON F. NACY, CITY CLERK**

Sports Car Show Draws Many Women

Just as many women as men seem to be interested in sports cars these days, is attendance at the big show now in progress at the Henry Ford Museum in Dearborn is an criterion. The display has been extended to March 1. There are more than 50 models of high performance cars designed for competitive driving, representing a total value of more than half a million dollars.

Ford Exhibits Big Attraction

Greenfield Village and Henry Ford Museum in Dearborn, which set new yearly, monthly and daily attendance records in 1958, has been selected as Michigan's fifth top attraction in a survey of University of Michigan faculty and staff.

Included in the survey were those who have either worked throughout Michigan or who have taken a keen interest in the state. Almost since its inception in 1928, the 200-acre village and accompanying museum have held a top spot in national ratings.

During 1958 three new attendance records were set. In the first 11 months, village officials point out, nearly a million persons (907,741) visited the famed site. In August, a new monthly total of 225,413 was set, and at the annual Old Car Festival in September a new daily record — 14,611 — was set.

In all, some 14 million persons have visited the museum and village since its founding by the late Henry Ford 30 years ago. They have come from every state in the union and every province in Canada.

Located just 15 miles from downtown Detroit, the museum and village are non-profit, educational institutions for the preservation and display of historically significant technological, educational and artistic Americana.

Outstanding in the museum is the eight-acre main gallery which includes agricultural implements, steam engines, airplanes, fire engines, circus wagons, more than 175 early automobiles, carriages, and sleighs, and 12 steam locomotives, including a huge 600-ton Allegheny of 1941.

In the adjoining village there are nearly 100 famous homes and workshops, transported from their original foundations elsewhere in the U.S. Both the museum and village are open to the public year around.

Highway Deaths Decrease Again

Michigan wound up 1958 with a better than 10 percent reduction in highway deaths for the third consecutive year, according to a provisional report by the State Police.

December deaths totaled 120, which brought the year's toll to 1,342. This was a saving of 195 lives, a reduction of 12.7 percent under 1,537 in 1957. The December toll was 37 below the total of 157 who died in the same month of 1957, a reduction of 10 percent.

While the provisional figure is subject to adjustment upward with the receipt of delayed reports, even if it reaches the 1,375 death toll previously predicted for 1958 it would still represent a 10.5 percent reduction.

The New Year's holiday brought nine traffic deaths from 6 p.m., December 31, through midnight, January 1. During the same 30-hour period last year, only three persons were killed. Sleet and ice storms in various parts of the state contributed heavily to the increase. Two deaths occurred in the city while seven were on rural highways.

"Motorists are to be congratulated on their outstanding driving performance last year, said State Police Commissioner Joseph A. Childs. He credited the lower death rate to continued efforts in carrying out the safety measures which proved successful in decreasing deaths and injuries in 1958 and 1957.

These include increased traffic enforcement strength, more rigid driving license regulations, highway improvement, a public education program through the press, radio and television and greater safety-consciousness on the part of drivers and pedestrians.

Further reduction of the death toll, however, may become more difficult. After three consecutive years with a reduction of more than 10 percent each year a leveling off period or point of diminishing return may be reached unless there is even greater effort. This is particularly true because of an expected increase in drivers, cars and miles traveled.

Estimated miles traveled in 1958 was about 29 billion, which was less than a one percent decrease under last year despite the recession. The number of vehicles registered was down three percent, but the number of drivers increased 11 percent.

The year started with a record of five consecutive months in which less than 10 persons died each month. The year before there was only one such month, February, when 98 were killed. Only September and November had higher death tolls than the same months of the preceding year.

Locks Attract Many Tourists

More shipping tonnage passes through the Soo Locks during the average eight months season than the combined tonnage passed by the Panama and Suez Canals in one year.

So it's no wonder that the locks were picked as the state's third top tourist attraction in a survey of University of Michigan faculty and staff members, ranking behind the Mackinac Bridge and the colossal Rouge auto plant.

This area of the St. Mary's River between Lakes Superior and Michigan long has been historically important. Before the days of the locks, the Ojibwa Indians called the spot Bawating, "The Rapids," according to Associate Prof. Harry Benford of the Department of Naval Architecture and Marine Engineering.

In 1871 it was claimed for France, and not quite a century later, in 1872, the British took over. The flag of the United States was raised in 1820, replacing this last British flag on U. S. soil.

Pioneers portaged their canoes around the rapids until the Northwest Fur Company built a small lock on the Canadian side in 1797. During the war of 1812, U. S. troops destroyed this lock and vessels were again portaged until 1855 when the state locks were opened with Congressional aid.

The first vessel through the locks was the brig "Columbia" with 132 tons of iron ore on board. Now about 90 ships a day, about 70 of them freighters, use the locks. A modern freighter carries about 16,000 tons — equal to 300 railway carloads. Total tonnage for the locks' first 10 years was in excess of four billion tons.

Of course the reason for the locks is that the natural rapids between Lakes Superior and Michigan have a fall of 21 feet and sometimes a velocity of 24 miles per hour, about twice the speed of the faster freighters.

And without these locks the vast area surrounding Lake Superior would be without water transportation to the other Great Lakes. Their importance to the nation's economy is indicated by the fact that approximately 85 percent of the iron ore produced in the United States is transported to the steel mills via this route.

Headlines

(Continued from Page 20) be conducted on a localized basis, but will retaliate with raids on federation affiliates in all parts of the United States.

A SERIES OF POLICE RAIDS along the lower east coast of Florida failed to land elusive Russell Trilek, missing River Rouge gambling-graft conspiracy suspect.

The search, spearheaded by Wayne County Assistant Prosecutor Alfred A. Goldfarb since February 13, is being intensified because examination of Trilek and eight other defendants is scheduled for Thursday in Common Pleas Court.

Although the 52-year-old prime suspect was not caught in the Florida raid, friends are known to have harbored him in that state and are being questioned as to his present whereabouts.

HOUSE REPUBLICANS MONDAY lost an attempt to place an income tax question on the April ballot. Four Republicans joined 7 Democrats in voting against a constitutional amendment sponsored by Rep. Louis C. Crampton.

The amendment would have cleared up any constitutional question about the legality of a graduated personal income tax such as the one proposed by Gov. Williams.

Republicans produced 47 votes for the amendment—27 less than needed.

Wednesday, February 25 AFL - CIO LEADERS emerged with an uneasy truce Tuesday, after a revolt led by Walter Reuther against AFL-CIO President George Meany's one-man direction of federation policies. Though it wasn't exactly clear who was the victor, Reuther and other leaders of the former CIO felt their voices would be better reflected in the future policies of the merged, 14-million-member organization.

Two G.P.U.S. girls were among those to win the honor of having their work displayed in the annual Southeastern Michigan Regional Art Award Exhibition. The girls were Marilyn MacFarlane, of the 8th grade, and Banu Pektas, of the 12th grade.

Miss Pektas, as mentioned above, is an American Field Service student, visiting the United States this year from Turkey. Her American "parents" are the Hervey Parkes, of University place. The exhibit of the two girls' works and those of all award winners may be seen in Crowley's auditorium through March 7.

The members of Coach Al O'Connell's varsity baseball team have voted to return once more during the late-March-early April spring vacation to the Bill Vidon Baseball School in Tampa, Fla. Last year's varsity took the trip and was the first G.P.U.S. squad to do so. Some 10 or 12 boys will make the trip this year. They will travel by train.

Jeffrey Miro, of the junior class, has been elected editor-in-chief of The Periscope, the G.P.U.S. newspaper. Mr. Miro's former post was sports editor.

(Continued from Page 19) outstanding work in inter-group relations by the Chamber of Commerce of that city.

Two G.P.U.S. girls were among those to win the honor of having their work displayed in the annual Southeastern Michigan Regional Art Award Exhibition. The girls were Marilyn MacFarlane, of the 8th grade, and Banu Pektas, of the 12th grade.

Miss Pektas, as mentioned above, is an American Field Service student, visiting the United States this year from Turkey. Her American "parents" are the Hervey Parkes, of University place. The exhibit of the two girls' works and those of all award winners may be seen in Crowley's auditorium through March 7.

The members of Coach Al O'Connell's varsity baseball team have voted to return once more during the late-March-early April spring vacation to the Bill Vidon Baseball School in Tampa, Fla. Last year's varsity took the trip and was the first G.P.U.S. squad to do so. Some 10 or 12 boys will make the trip this year. They will travel by train.

Jeffrey Miro, of the junior class, has been elected editor-in-chief of The Periscope, the G.P.U.S. newspaper. Mr. Miro's former post was sports editor.

Across the street from the television studios of WWJ-The Detroit News, were three members of the G.P.U.S. faculty, who were busy serving as readers in the annual Scholastic Writing Awards contest sponsored by the Detroit News. Mr. Wellington Grimes was reading in the field of senior essays, Mr. Donald Roberts in literary articles, and Mr. John Conley in journalism. Teachers who take part in this annual reading activity generally feel it to be a very worthwhile professional experience since they come to know and work with other teachers in the same field for two or three successive Saturdays and to read the work of students from all over the metropolitan area. Material submitted comes from public, private, and parochial schools.

Joseph Gratzner Claims Bride Making their home in Los Angeles, Calif., after their recent wedding here are Mr. and Mrs. Joseph Gratzner.

The bride is the former Carol Jean Holstein, daughter of the Karl Holsteins, of Balfour road. Her husband's parents are Mr. and Mrs. Mathias Gratzner, of Bedford road.

NOON LENTEN SERVICES A noted bishop of the Christian Methodist Episcopal Church, Bishop B. Julian Smith of Chicago, will be the Detroit Council of Churches Noon Lenten speaker for the week beginning February 23. These services are held daily at Central Methodist Church, Woodward at Grand Circus Park, from 12:10 to 12:50 p.m. WWJ broadcasts the message by transcription each evening at 7:15 p.m.

Ford Exhibits Big Attraction

Greenfield Village and Henry Ford Museum in Dearborn, which set new yearly, monthly and daily attendance records in 1958, has been selected as Michigan's fifth top attraction in a survey of University of Michigan faculty and staff.

Included in the survey were those who have either worked throughout Michigan or who have taken a keen interest in the state. Almost since its inception in 1928, the 200-acre village and accompanying museum have held a top spot in national ratings.

During 1958 three new attendance records were set. In the first 11 months, village officials point out, nearly a million persons (907,741) visited the famed site. In August, a new monthly total of 225,413 was set, and at the annual Old Car Festival in September a new daily record — 14,611 — was set.

In all, some 14 million persons have visited the museum and village since its founding by the late Henry Ford 30 years ago. They have come from every state in the union and every province in Canada.

Located just 15 miles from downtown Detroit, the museum and village are non-profit, educational institutions for the preservation and display of historically significant technological, educational and artistic Americana.

Outstanding in the museum is the eight-acre main gallery which includes agricultural implements, steam engines, airplanes, fire engines, circus wagons, more than 175 early automobiles, carriages, and sleighs, and 12 steam locomotives, including a huge 600-ton Allegheny of 1941.

In the adjoining village there are nearly 100 famous homes and workshops, transported from their original foundations elsewhere in the U.S. Both the museum and village are open to the public year around.

Estimated miles traveled in 1958 was about 29 billion, which was less than a one percent decrease under last year despite the recession. The number of vehicles registered was down three percent, but the number of drivers increased 11 percent.

The year started with a record of five consecutive months in which less than 10 persons died each month. The year before there was only one such month, February, when 98 were killed. Only September and November had higher death tolls than the same months of the preceding year.

Jeffrey Miro, of the junior class, has been elected editor-in-chief of The Periscope, the G.P.U.S. newspaper. Mr. Miro's former post was sports editor.

Highway Deaths Decrease Again

Michigan wound up 1958 with a better than 10 percent reduction in highway deaths for the third consecutive year, according to a provisional report by the State Police.

December deaths totaled 120, which brought the year's toll to 1,342. This was a saving of 195 lives, a reduction of 12.7 percent under 1,537 in 1957. The December toll was 37 below the total of 157 who died in the same month of 1957, a reduction of 10 percent.

While the provisional figure is subject to adjustment upward with the receipt of delayed reports, even if it reaches the 1,375 death toll previously predicted for 1958 it would still represent a 10.5 percent reduction.

The New Year's holiday brought nine traffic deaths from 6 p.m., December 31, through midnight, January 1. During the same 30-hour period last year, only three persons were killed. Sleet and ice storms in various parts of the state contributed heavily to the increase. Two deaths occurred in the city while seven were on rural highways.

"Motorists are to be congratulated on their outstanding driving performance last year, said State Police Commissioner Joseph A. Childs. He credited the lower death rate to continued efforts in carrying out the safety measures which proved successful in decreasing deaths and injuries in 1958 and 1957.

These include increased traffic enforcement strength, more rigid driving license regulations, highway improvement, a public education program through the press, radio and television and greater safety-consciousness on the part of drivers and pedestrians.

Further reduction of the death toll, however, may become more difficult. After three consecutive years with a reduction of more than 10 percent each year a leveling off period or point of diminishing return may be reached unless there is even greater effort. This is particularly true because of an expected increase in drivers, cars and miles traveled.

Locks Attract Many Tourists

More shipping tonnage passes through the Soo Locks during the average eight months season than the combined tonnage passed by the Panama and Suez Canals in one year.

So it's no wonder that the locks were picked as the state's third top tourist attraction in a survey of University of Michigan faculty and staff members, ranking behind the Mackinac Bridge and the colossal Rouge auto plant.

This area of the St. Mary's River between Lakes Superior and Michigan long has been historically important. Before the days of the locks, the Ojibwa Indians called the spot Bawating, "The Rapids," according to Associate Prof. Harry Benford of the Department of Naval Architecture and Marine Engineering.

In 1871 it was claimed for France, and not quite a century later, in 1872, the British took over. The flag of the United States was raised in 1820, replacing this last British flag on U. S. soil.

Pioneers portaged their canoes around the rapids until the Northwest Fur Company built a small lock on the Canadian side in 1797. During the war of 1812, U. S. troops destroyed this lock and vessels were again portaged until 1855 when the state locks were opened with Congressional aid.

The first vessel through the locks was the brig "Columbia" with 132 tons of iron ore on board. Now about 90 ships a day, about 70 of them freighters, use the locks. A modern freighter carries about 16,000 tons — equal to 300 railway carloads. Total tonnage for the locks' first 10 years was in excess of four billion tons.

Of course the reason for the locks is that the natural rapids between Lakes Superior and Michigan have a fall of 21 feet and sometimes a velocity of 24 miles per hour, about twice the speed of the faster freighters.

And without these locks the vast area surrounding Lake Superior would be without water transportation to the other Great Lakes. Their importance to the nation's economy is indicated by the fact that approximately 85 percent of the iron ore produced in the United States is transported to the steel mills via this route.

Jeffrey Miro, of the junior class, has been elected editor-in-chief of The Periscope, the G.P.U.S. newspaper. Mr. Miro's former post was sports editor.

## When the POINTE was growing up...

By PAT TALBOT

Those little packets of seeds which can grow into beds of marigolds or zinnias are responsible for one of Detroit's greatest turns of the century fortunes.

On the west side of Brush street between Croghan and Lafayette avenue was built the D. M. Ferry Seed Company, offices and warehouse, in 1881.

Dexter Mason Ferry, founder of this fortune, was born in Lowville, N. Y., in 1833, his father a wagon-maker. At the age of 16 he began his career by working on a neighboring farm for \$10 a month while attending district schools.

He came to Detroit in 1852 to work in the wholesale book and stationery house of S. D. Elwood and Co. Four years later he helped organize the seed company with M. T. Gardner whose interest was purchased in 1865. In 1879 the business became the D. M. Ferry and Company.

On the seed farm which furnished the business, now nation wide in importance, in the 1880's during a single year 35,000 pounds of onion and 93,000 pounds of beet seed were grown.

Over 80,000 merchants purchased seeds from this company and in 1883 50,000,000 packages of seed were mailed out from the Brush street warehouse.

Mr. Ferry was a public spirited citizen, serving on the board of Park Commissioners, (he made valiant efforts to stop the sale of intoxicating beverages on Belle Isle), a member of the Board of estimates and as an active GOP worker, serving on state committees, and as delegate to the conventions.

Mr. Ferry had many interests besides the seed company, including the First National Bank, several insurance companies, Harper and Grace Hospitals, the Woodward Avenue Congregational Church and Olivet College.

The founder died in 1907 leaving a son, who purchased land from the old Bewick estate at Jefferson and St. Clair avenues and moved to the Pointe about 1915. Old time residents remember when the long avenue of trees leading to the Ferry mansion on the lake was planted.

The Ferrys have done much for the Pointe, although they are too modest to claim this area's thanks. They gave the entire Central Library building to the city and also the ground on which the Neighborhood Club stands. D. M. Ferry, Jr., continues to live at the family estate and his son Hawkins Ferry has done valuable historical work in connection with old Grosse Pointe homes.

## who, where and whatnot by whoozit

We wish we'd had this hearts and flowers information in time for Valentine's Day. Did you know that Police Chief Tom Trombly's middle initial stands for Valentine because that was the day he was born?

Political discussions can upset the most charming dinner parties and hostesses do their best to keep such exchanges at a minimum. Richard Turner in discussing a political candidate with a friend kept his adverse opinion well under control summing up with: "The only reason you want to vote for him is that he was in the upper 9/10 of his class."

Pointers have dusted off their golf shoes for stepping about our ice covered streets, but the residents of 274 Touraine road have gone the golfers one better. As a gesture of princely consideration they have spread a red carpet up the sidewalk to their front door. Visitors get the royal treatment and no spills.

Envy of the teen age set are Kyp Pritzel and Tom Shannon, Brownell Junior High School students, who are regulars on the TV show, Detroit Bandstand. Tom celebrated his birthday (he's a Leap Year boy) on the show Saturday. This is the most for the rock and roll group and many were the sighs when Bandstand m.c. Dale Young turned up at the Neighborhood Club frolic last week.

Visitors to the Richard H. Webbers' Lakeshore road estate are charmed by the dozens of glass protected bird feeders hanging like mobiles from the tall fir trees behind the mansion.

Mrs. Helen Livingstone Howard is gracing the Detroit Art Institute staff in the promotion department.

### PILFERINGS

Here is a typical Boston story culled from Cleveland Amory's writings. It seems a Cabot was strolling across Boston Common one day when approached by a drunk and asked for a quarter. "Certainly not, my good man, you've been drinking," said Mr. Cabot. "If I hadn't been I would never had the nerve to approach someone like you," was the panhandler's reply.

And here is a turn of the century definition of a mansion from Boston: any house with a back stairs.

A girl in Iowa won a \$6,000 judgment for "breach of promise" when her fiance died before the wedding.

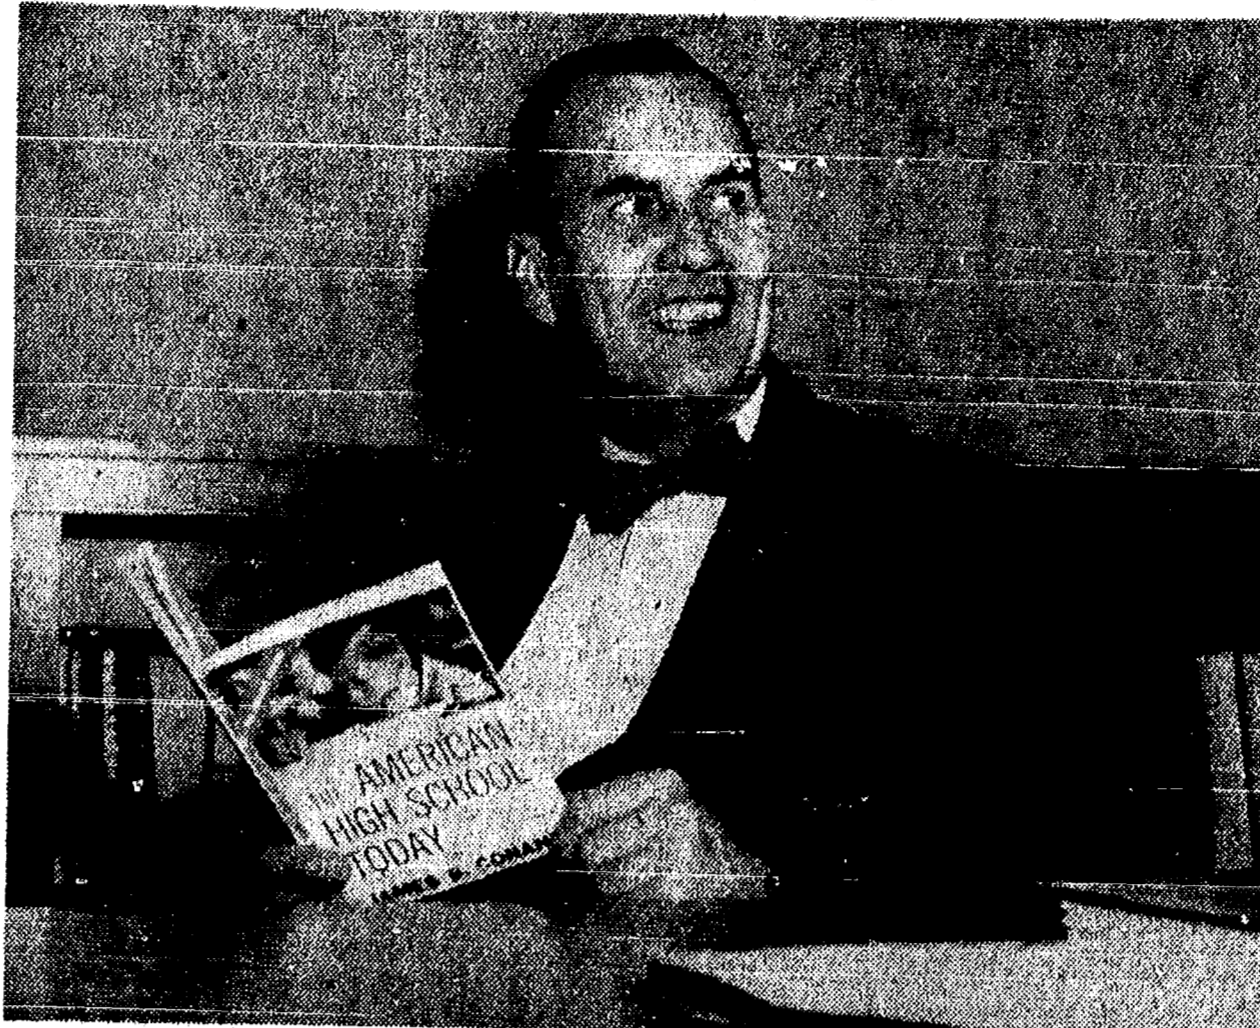

Two gushing society women were having tea one afternoon.

"I'm hiring a new cook tomorrow," exclaimed the first matron.

"Isn't that just too thrilling," said the second. "What are you going to wear?"

Give some people an inch and they act like a ruler.

## Pointer of Interest

DR. H. LEROY SELMEIER OF OXFORD ROAD  
By Patricia Talbot

If your elementary school child is studying atoms from a new science book or learning French, Spanish or German the man to thank for these new texts and curriculum developments is Dr. H. Leroy Selmeier.

For 11 years Dr. Selmeier has been the Director of Instruction for the Grosse Pointe Public School System. Any changes in curriculum, all new text books, the instructional budget, and teacher problems receive his attention.

Last week Dr. Selmeier added new laurels to his impressive crown. On January 30 he received the Dr. James B. Conant report on the American High School Today. Before the School Board meeting on February 9 he had completely digested this report, evaluated it in terms of our school situation, and presented his findings at the meeting.

Classroom vs. Administration  
Several years before he assumed his present position Dr. Selmeier was at a teachers' departmental meeting. The five or six teachers gathered were discussing their futures. All of them were convinced they wanted to be classroom teachers that this was where the real challenge lay. Today all of these teachers hold administrative posts, all in the Grosse Pointe System.

As Dr. Selmeier points out in a classroom a teacher may become intimately acquainted with perhaps 150 students, and so influence their education. In an administrative post this same influence can be extended to perhaps 20,000 pupils.

He misses the contact with individual students which he had as a social studies teacher at the High School but he keeps in close contact with all students through their teachers.

From Louisville to Yale  
Dr. Selmeier was educated in Louisville, Ky., and then came to the University of Michigan. His first teaching post was in Mt. Clemens. He left that position to take graduate work at the U. of M. This was interrupted by the

depression years and he was fortunate to find a job in a small school in Gibsonburg, O. He came to Grosse Pointe in 1934 and has been here ever since, except for a period when he left to get his doctorate at Yale University.

He interviews book salesmen, co-ordinates and plans the curriculum of the schools under Dr. James Bushong, and assists teachers. Teachers are hired by Dr. Dickey, but Dr. Selmeier helps them adjust to their new classroom and aids experienced teachers with problems.

Teaching in the Summer  
In order not to lose that intimate experience with the classroom he has taught teachers and principals during the summer months, at San Jose State College in California and the University of Maine, a real busman's holiday. Last summer he was only away from his desk in the Board of Education Building for one week.

Before the Russian Sputnik the Grosse Pointe School System had begun to reconsider its science program in the elementary schools. A revision was called for and had begun before Sputnik was launched. Because of all the excitement about education a crash program in science was initiated and by working through the summer Dr. Selmeier was able to completely revise the elementary school's science program, grade 1 through 6.

Last summer Dr. Selmeier had little time for bridge or golf, his favorite leisure activities. His family in Oxford road saw little of him either. The Selmeiers have two sons, Bill, a High School senior destined for his father's alma mater at the U. of M., and Kip, a tenth grader, whose school choice is still in doubt.

Report Confirms Work  
Dr. Selmeier's estimate of the long awaited Conant report is that it affirms many of the things which the Grosse Pointe School system has been doing. He sincerely believes that our schools "provide a good general education for all pupils as future citizens of democracy, provide elective programs for the majority to develop skills and educate adequately those with a talent for handling advanced academic subjects, particularly foreign languages and advanced mathematics."

In his brand new office, with the sunshine yellow walls and executive beige leather chairs and conference table, Dr. Selmeier is far from complacent about his work or the school needs of the Pointe's young, although he is proud of the Pointe's record.

Like other members of the school administrative staff he is primarily interested in providing the most qualified and inspired teachers, the most

worthwhile curriculum and the best atmosphere for education possible.

Education in all its phases is a challenge to Dr. Selmeier, who will continue to work to give your boys and girls the best academic environment available so that they will continue to go into this demanding world with the schooling fitting them for their tasks, far ahead of most graduates in this country.

## Experts Studying Keweenaw Snow

If you think your sidewalks get snowy, consider Michigan's Keweenaw Peninsula.

This narrow strip of hilly land jutting into Lake Superior and representing the most northern part of the state, receives more snow than any other point east of the Rockies with the exception of certain local areas in New England and New York.

In the three months of December through February, snow falls an average of 62 days—or more than half the time. In January, 1950, alone, more than nine feet came down in the Calumet area of the Peninsula.

This abundance of snow tends to draw skiers as well as snow plovers. In the case of The University of Michigan, it has attracted meteorologists to Houghton to study the effects of the weather on snow after it has reached the ground.

The researchers want to learn how to predict accurately the condition of the snow in any part of the world through knowledge of weather conditions rather than having observers there to examine the snow.

The study is being done through the University's Willow Run Laboratories for the U. S. Army Snow, Ice and Permafrost Research Establishment. Obviously the Army could use such information when trying to decide if snow in some remote spot could support vehicles.

Why does the Keweenaw Peninsula get so much snow? Very cold air coming down from the polar regions passes over Lake Superior which, because it never freezes over, is comparatively warm. The air gains heat and moisture as it passes over the lake and gets a push upward by the ridges on the Peninsula which range up to 900 feet above the lake.

Air already unstable and forced to rise above the ranges will continue to rise of its own accord as long as it is warmer than surrounding air at the same levels. The result is cumulus clouds and typical snow-squall conditions.

The snow study is one of the more complicated meteorological investigations and falls into a branch of the science called micro-meteorology. It's complicated because sun, wind, clouds, ground, snowfall, soil moisture and other conditions, and combinations of conditions, all have an effect on the snow.

But the meteorologists are not worried, for in this land of Paul Bunyan prodigious snows—and feasts—are commonplace.

## Good Taste

Favorite Recipes of People in The Know

Contributed by Mrs. Joseph W. Caskey  
**CAESAR SALAD**

- 2 cloves of garlic
- 1/4 cup olive oil
- 2 cups croutons
- 1 head of lettuce
- 1 head of romaine
- 2 heads of Bibb lettuce
- 1/2 cup Parmesan cheese
- 1/2 cup Roquefort cheese—raw egg
- 1 Tb. Worcestershire sauce
- 1/2 tsp. salt
- 1/4 tsp. pepper
- 6 Tb. salad oil
- 3 1/2 Tb. lemon juice

Make garlic oil by soaking cloves in olive oil several hours before you prepare salad. Tear lettuce into salad bowl. Add cheeses, then seasonings, salad oil, lemon juice, Worcestershire sauce. Add croutons which have been soaked an hour in garlic oil. Add raw egg and toss until every leaf is coated.

## Babe Ruth Loop Holds Election

Officers of the Grosse Pointe Woods - Shores Babe Ruth Baseball League were elected for the 1959 season at a meeting recently.

Vance D. Powell was elected president, Arthur Douthy vice-president, John J. Chown secretary and James G. Gilmore treasurer.

Additional members of the board of governors are Andrew J. Balas, Raymond Hewlett, Sam Kiewitney, Bernard Leineman, Melvin Neumann, Dave Padilla, Earl Lowry and Ernie Whitney.

With the ever-increasing number of boys graduating from Little League baseball programs in the Woods and Shores, the Babe Ruth league is expecting the biggest season in its history. Babe Ruth ball is for boys who have passed the maximum age limit, 12 years old, in Little League competition, and takes care of youngsters' baseball needs from 13 through 15 years old. However, Little League experience is not necessary to make a boy eligible for the Babe Ruth ranks.

With spring just around the proverbial corner President Powell said "An announcement for tryouts for new boys will be forthcoming as soon as the weather breaks."

## State's Desert Big Attraction

The Sahara Desert may be majestic but Michigan's "desert" has one great advantage over the Sahara—the cool, deep, beautiful and blue waters of Lake Michigan.

Of all the sand dunes along the Michigan coastline, Sleeping Bear is the favorite. It, and western Michigan sand dunes in general, have been chosen as the state's fourth top attraction in a survey conducted among faculty and staff at The University of Michigan.

Associate Prof. Douglas D. Cray of the U-M Department of Geography often spends his vacations in the sand dune country with his wife and children. His remarks about this natural wonder:

"Sleeping Bear Sand Dunes, in addition to being among the world's largest shifting sand hills and spectacular in

"Vanity Fair"... the lovely white wrought dressing table... glimpsed at The League Shop... shelves to hold Milady's cosmetics... truly a beauty bough for a powder room!

Swedish "cut up"... newly arrived at The Shop! A set of cutlery... six pieces that include... knife and a handy meat cleaver... neatly arranged good looking cutting board!

Opportunity knocks... Here's a chance to your home many advantages via the sale at maker's Studio... Mack Avenue. Everything on floor... including lamps, upholstered pieces and orator accessories are greatly reduced... up to 50 per cent.

"The flowers that bloom in the spring... are blossoming at Jacobson's Home Decorative Shop now. These life like wonders are made of plastic because they are tumbled... it is easy to maintain "just-picked-freshness." They emulate the garden varieties to perfection and are fragrantly yours... round!

their own right, are also lots of fun. "Dune rides in cars especially equipped with oversize balloon tires are an exciting experience, and sand skiing is popular.

"The top of the dunes area is barren, sandy wasteland and one can imagine himself in a remote desert region."

Professor Cray says the dunes have been formed by wave action from Lake Michigan, which undercuts the bottom of the bluff loosening the materials above. Westerly winds from the lake then carry the sand upward in violent updrafts, depositing it on the lee side—protected from the wind—at the top of the bluff.

Although there is no confirmation, legend has it that Sleeping Bear Sand Dune may have been named by Indians who visualized a sleeping bear shape in the dunes.

Still another northern Michigan tale is told of a great forest fire in Wisconsin which is responsible for the name.

It seems the fire forced a mother bear and her cubs to
