THE WESTERN foreign ministers have offered a new, five-point truce proposal over Berlin which would include a freeze on Western troops in West Berlin in exchange for Russian agreement to the isolated city's freedom.

At present, the West has a 10,000-man troop garrison in West Berlin, 5,000 Americans, 3,000 British and 2,000 French. A swift agreement by the Russians is not expected, but it was thought that the Soviet diplomats were interested.

AN INVESTIGATION of the books and records of the Society of Survival International SOS has been ordered by the Corporation and Securities Commission. The SOS was organized last year to appeal to heart disease patients.

According to Commissioner Lawrence Gubow, the society asked to have its status changed to nonprofit. However, in pamphlets available at an address in the Penobscot building, the SOS has already been calling itself a nonprofit organization. "We have not, by any stretch of the imagination," said Dr. Joseph G. Molner, City-County Health Commissioner.

FOR THE THIRD straight year, Detroit has won the National Safety Council's highest award for traffic safety, the Award of Honor. In 1958, Detroit had a record low of 158 traffic fatalities. Out of this number, 81 were pedestrians. According to traffic experts, the expressway program has helped. It is estimated that it is five times safer to drive on the expressways than on the major surface streets.

PROVINCIAL POLICE were searching Bob-Lo Island, yesterday, for one of two bandits who escaped during a gun battle which followed a holdup attempt. The bandits, both masked and armed, walked into a police trap on the island, early yesterday. One of the men fled towards the Canadian shore in an outboard motorboat. Leslie Temsey of Amherstburg is under arrest as a suspect, Ontario police said. He answers the description of one of the men. The other, who may be wounded, escaped into the wooded northern part of the island, police believe.

Hunt Club's Horse Show Expected to Be Greater Than Ever; Opens June 18

Anticipate \$2,000,000 Worth of Country's Finest Animals Will Be Entered in Total Of 102 Scheduled Events

The 48th annual Grosse Pointe Horse Show, which will be presented at the club grounds in Cook road on the weekend of June 18-21, gives indications of reaching new summits in both quality and size.

The American Horse Shows Association has designated the Grosse Pointe event as an "Honor Horse Show," a distinction that is reserved for a mere handful of the foremost horse shows in the United States. This is the only major outdoor horse show in Michigan which has received this cherished accolade.

The show will be bigger than ever, with the number of classes increased from 88 last year to 102. Among the new competitions will be three and five-gaited stakes for Michigan-owned horses only.

The likelihood is that the number of horses entered will be up about 10 percent over last year. Officials estimate the value of the proud thoroughbreds that will take part in the show at upwards of \$2,000,000. Entries have already been submitted by outstanding stables from Illinois, Indiana, Kansas, Kentucky, Michigan, Minnesota, New York, Ohio, Pennsylvania, Virginia, Manitoba and Ontario.

Duke Coming Back The Duke of Paenian, the big brown gelding that won the hunter championship last year, is one of three mounts entered by Mr. and Mrs. John S. Pattoone of Middleburg, Va. The Duke, who stands 17.2 hands, is fresh from his exploits in the Devon, Pa. show, the biggest outdoor horse show in the country.

The sensational Windsor Castle, owned by Carl Miller, Jr. and ridden by professional Max Bonham, is another Devon champion who will seek new conquests here. Windsor Castle, accounted one of the great jumpers of recent years, won the jumper stake at Devon.

Belle of the Dell, the three-gaited beauty, and Socko, the five-gaited marvel, are among the eight splendid harness horses which will be brought here by the Dodge Stable of Castleton Farm, Kentucky. The Dodge harness horses rank with the best anywhere.

Other Great Stables Other great saddle horse stables are entered from Emerald Farms of Delaware, Ohio, Ottawa Creek Farms of Toledo and Mahogany Farms of Ann Arbor.

The jumper and hunter stables which have entered to date are equally noteworthy. Among them are the Man O'War Farms of Lexington, Ky., St. Jayne's of Park Ridge, Ill., and his brother George's, of Chicago, both top-flight exhibitors; Ten Pin Farm of Chicago; Mr. and Mrs. Victor Sifton's of Winnipeg, Manitoba; Waverly Farms from Warrenton, Va.; Linda Swanson's of Glenview, Ill., and Wentworth Farm of Chagrin Falls, Ohio.

Sent to Jail For Robbery In Shores

Pair Sentenced for Burglary of Dale Residence Last January 10

Shores Police Chief Fred Duemling disclosed on Friday, June 5, that the case against two Detroit men who invaded the Robert Dale residence, 500 Ballantyne, last January 10, was closed.

The chief said that the two, Walter Simard, 28, of 7452 Steger, and Donald E. Lisiewski, 28, of 17389 Mendota, pled guilty to a charge of armed robbery before Wayne Circuit Judge Frank Fitzgerald on Monday, June 1, and were sentenced.

Simard was placed on five years probation, and Lisiewski was sentenced to from 2½ to 7 years in Jackson State Prison.

Broke Into Home On the January date, the two convicted men broke into the Dale home, and terrorized Mr. and Mrs. Dale's daughter, Margaret, 15, and her friend Ann Cronenweth of 525 Sheldon, while ransacking the house.

Ann was visiting Margaret, who was baby sitting with her two brothers, Robert, 11, and Gary, 5, and sister, Barbara, 8.

The robbers were in the house about 10 minutes during which time they ransacked the house, after threatening the girls with a gun. The firearm was in the possession of Lisiewski.

Simard and Lisiewski took a valuable tape recorder and two girls' coats, and made a getaway in a battered old car.

Ran Red Light Simard, who was driving the car, was arrested by Detroit police at Six Mile road and Gratiot, when he ran a red light. His companion escaped. The recorder and coats were found in the car.

On January 15, Chief Duemling was notified that Lisiewski was arrested by Brownsville, Tex., police, and extradition proceeding were started to bring the man back to Michigan.

Armed with legal papers signed by Gov. G. Mennen Williams, Chief Duemling and Sgt. Charles Wenrich flew to Brownsville and returned Lisiewski to the state and to the jurisdiction of Wayne County.

The chief said that Lisiewski used a number of aliases, including these, James Lake, Jimmie Lane, Jerry Walker, Donald Randolph and Donald Fox.

Deviils Win BCL Trophy Once Again Grosse Pointe High School captured the coveted Border Cities League All-Sports trophy for the sixth consecutive year with a combined total of 147½ points annexed in the six major sports.

Although the Devils captured only the tennis championship, the Pointers shared the football title with Royal Oak and took second places in swimming, track and baseball. Basketball was the lowest finish, with the Devils taking fourth place.

The race was a close one all the way and was not determined until the end of baseball season. It was the Pointers' second place that wrapped up the trophy. Grosse Pointe trailed Royal Oak by 2½ points going into the spring sports season.

12-Time Winner The greatest winning margin was compiled by Fordson when the Tractors took the trophy with 162½ points in the 1941-42 year. Grosse Pointe's highest winning total (Continued on Page 10)

Alarm Boxes Not for Fun

Police and fire officials of the Park and City are anxious to meet the person with the morbid sense of humor, who turned in four false fire alarms on Friday and Saturday, June 5 and 6.

On Friday, all Park fire-fighting equipment were rushed to Yorkshire and Charlevoix, when an alarm was turned in from Box 88, and on the same day, one was turned in from Box 41, St. Paul and Lincoln, in the City.

The following day, two more alarms sent Park firefighters to the locations of Box 148, Balfour and Avondale and Box 132, Harvard and Maumee.

The officials warn all persons who think it is "fun" to send fire equipment and personnel on a wild goose chase that a city ordinance in each of the cities makes that "fun" very costly.

Persons arrested and convicted of turning in false alarms face a fine of \$100 or 90 days in jail, or both.

Nab Two Young Escapees After Series of Car Thefts

Two 16-year-old Wayne County School escapees, who started a Pointe crime spree on Monday, June 1, were captured by Park Police, when one of the youths stopped to take off his shoes to rest his feet.

The teenagers, both boys from Detroit, were arrested by Patrolmen Thomas Fraser and George McDowell at Whittier and Kercheval at about 11:30 p.m., shortly after a Park resident called police to report two suspicious-looking boys were seen trying to steal a car. The youths were taken to the station for questioning.

Park Police Chief Arthur Louwers said that the youths gave this version of the activities, following their escape from the Training School:

Dr. Whiteley Tops Ticket For Trustee

Incumbent Pongracz Unseated; Henry Haberkorn Wins One-Year Term

A mandate by the voters of the Grosse Pointe School District rejected an incumbent's bid for another term as a member of the Board of Education at an election held on Monday, June 8, and picked a newcomer to replace him.

Defeated was Edward Pongracz, who received 2,071 votes; and replacing him was Dr. Robert Whiteley, who polled the highest number of votes, 2,843. The term is for four years.

Retained on the board, also for four years, was Mrs. Ruth Goebel, who was given 2,260 votes.

Elected to fill the unexpired term of James W. Lee III, whose resignation created a vacancy on the board, was C. Henry Haberkorn, who received 1,584 votes. He will serve from July 1, 1959, to June 30, 1960.

He defeated B. Courtney Rankin, who got 1,490 votes, and Charles W. Zentgraf, who received 997.

Only 4,289 Vote According to official sources, 4,289 ballots were cast in the election, of which 200 were spoiled. There are more than 25,000 persons eligible to cast ballots, it was said.

In the light of the number that voted, the balloting was considered exceptional, in that it was more than double that of two years ago, when only about 1,800 went to the polls, school officials said.

This is the way the ballots went at each of the elementary schools, which served as polling places for the areas:

Burglar

been taken in a burglary of an East Detroit home recently.

The two policemen called Detroit detectives of the Fifth Precinct.

Goodrich was taken into custody by the Detroit police, and a search of the house was made.

The police officers said that the house was "loaded" with loot taken from all of the burglaries, with more found on the front seat of Goodrich's car, parked near his house.

All the stolen goods were impounded and held as evidence, and Goodrich was taken to the McLellan Station in Detroit, where he was extensively questioned.

The only Pointe break-ins the suspect admitted were those in the Woods and City. He did not operate in the Farms, it was said.

In his report, City Officer Van Tiem disclosed that Goodrich admitted taking a typewriter, dictaphone and a Polaroid camera from the beauty salon, the latter item which he sold; and a transilluminator, used in physical examinations, from the medical clinic.

City Chief Thomas V. Trombly said the report also revealed that Goodrich had broken into a business establishment in St. Clair Shores and took 15 bottles of whiskey, then went to the dock in the City's municipal park, and dumped the alcohol into Lake St. Clair because, the suspect said, "I don't drink."

In the Woods, Sgt. O'Dell and Det. Tobian said that all of the loot taken from the clinic in their city has been recovered, including \$300 worth of gold nuggets taken from a dental office in the building.

The other loot was a microscope valued at \$350, and a camera and equipment worth about \$250.

The officers said that there was about \$50 in damage done to the offices by the suspect as he ransacked them and that the safe that had held the microscope and picture equipment had to be replaced at a cost of \$185.

Chief Trombly and O'Dell and Tobian said that warrants will be sought against Goodrich, charging him with breaking and entering in the night time and larceny from buildings. A hold has been placed on the suspect by the two departments, and police of the other cities.

Goodrich, at least for the time being, is in the custody of Detroit authorities.

HIT AND RUN DAMAGE

Norma R. Phillip of 2032 Norwood, told Woods police on Saturday, June 6, that while her car was parked in front of 20323 Mack avenue, a hit and run driver dented the rear fender and broke off the tail pipe.

MacEachern went in the front door, Officer Behrendt went to the rear.

Proulx, the chief said, apparently heard MacEachern at the front, and ran to the rear; and as he burst out the door, Behrendt drew his service revolver and ordered the suspect to raise his hands. The prowler was handcuffed and taken to the station.

Capt. Andrew Teetaert obtained a warrant approved by the Wayne County Prosecutor's Office on Tuesday, June 9, charging Proulx with breaking and entering in the night time and for being in possession of burglar tools.

Chief Trombly praised the two officers for their alertness.

area and remained there until dusk.

Walking along, they saw two bicycles in front of 660 Washington, which they took.

They pedaled the bikes around the streets in the Farms, arriving at 172 Kenwood place, where they abandoned the two-wheelers and stole a car belonging to Alexander Elrick of 121 Muir road, which was parked there.

Driving down Jefferson, the driver of the car lost control while making a turn onto Balfour, running over the lawns of numbers 987, 978 and 970, causing damage to the lawns.

They abandoned Elrick's automobile at Balfour and Avondale, walked to 703 Berkshire and stole a car owned by Gladys Stohifer of 1308 Somerset. They left the vehicle in front of 1020 Whittier; walked to 1112 Devonshire and stole a car belonging to Henry J. Damm of that address.

The youths drove Damm's auto around the Park for a while, and then returned it to the front of the house.

They walked to 1130 Whittier and tried to steal another car there, but left, when they thought they had been seen. They walked toward Vernor, and two houses from the corner, one of the boys stopped and took off his shoes to rest his feet.

About this time, police received a call about the suspicious actions of the two youths, and they were picked up by Patrolmen Fraser and McDowell.

Chief Louwers said that all the cars were returned to the rightful owners, and clearance reports were sent to Farms and City police regarding the crimes committed in their communities.

He said the boys were sent to the Juvenile Detention Home to await transfer back to the Training School.

Chief Louwers said that charges of unlawfully driving away automobiles have been filed against the boys with Juvenile Court by his department.

Old Violation Ticket Costly

James E. LeMieux, 33, of 553 Newport, Detroit, personally paid an old speeding violation ticket at the Woods police station on Monday, June 1, and found it costly.

LeMieux, according to Police Sgt. Roland Symons, settled a ticket issued to him on August 16, 1955. This cost him \$25, the fine set by Woods Judge Don Goodrow, who told the police officer, over the phone, to collect that sum.

Sgt. Symons, on a hunch, called the Detroit Traffic Warrant Clerk, and found that LeMieux was wanted by Detroit police, who have a warrant for the man, charging him with driving without an operator's license.

LeMieux was about to leave the Woods station, when he was informed by the sergeant that he could not leave, that he was being detained for Detroit authorities.

Pointe Theater to Present 'Tender Trap' Four Times

First of four performances of the Grosse Pointe Community Theater's production of "The Tender Trap" will open at 8:30 p.m. Friday, June 19 on the Terrace at the Grosse Pointe War Memorial, 32 Lakeshore road.

Billed as the tenth anniversary production of the GPCT, "The Tender Trap" will also be presented on Saturday, June 20, and the following weekend, Friday and Saturday, June 26-27.

For the third straight year, the outdoor, June production of the GPCT is being co-sponsored by the Grosse Pointe War Memorial Association. Chairs will be set up on the lawn between the Terrace of the War Memorial and the lake, while the Terrace itself will be the spacious stage for the romantic comedy by Max Shulman and Robert Paul Smith.

Co-starred in the leading roles of "The Tender Trap" are two newcomers to the GPCT stage. Peter M. Roark, 1026 Nottingham, has the key role of Charlie Reader, the New York bachelor with a bevy of female admirers, while Jan Conway, 927 Lakepointe, has been cast as Julie Gillis, the young lady who has planned her entire life, including the acquisition of Charlie as her husband.

Roark, a free lance actor and announcer, has appeared on "Night Court" regularly as a policeman, has done motion picture work and appeared in a number of Broadway plays, and came to Grosse Pointe from Hollywood, Calif., where he appeared with the Ben Bard Players and the Players Ring.

Miss Conway, a striking blonde, is a student at Grosse Pointe High School and has appeared in school plays.

Backing up the stars is a cast of veteran Grosse Pointe Community Theatre players.

Al Bertel, 45 Radnor Circle, who won the GPCT's "Clarence Award" last year as the best supporting actor for his role of Sheriff Hartman in "The Front Page," plays Joe McCall, the married visitor who envies Charlie's harem and who has invented a cure for the common cold. Bertel, who played Capt. Queeg in the GPCT's production of "Caine Mutiny Court Martial" earlier this season and has appeared in a score of other GPCT productions in recent years, also had the lead in the Ixex presentation of "Light Up the Sky" last month.

Cast as Sylvia, the girl who plays the violin and first in Charlie's affections until Julie

comes along, is Mrs. Sally White, 5015 Lannoo, who directed the GPCT's previous show, "The Rainmaker." Mrs. White, whose husband has been elected the GPCT president for next year, has previously appeared in a variety of GPCT roles.

Charles W. Carson, 550 Parkview, Detroit, an advertising writer has been cast as Earl Lindquist, the lab researcher who has been conned into running tests on Joe's cold cure and bring his assistant, Julie, along for the ride. Carson, who will be the GPCT publicity man next year, appeared in "Solid Gold Cadillac" and "The Happy Time" this season, and "Desperate Hours" and "Philadelphia Story" last year.

Two of Charlie's female friends are played by Marie Lajoie, 8432 Jefferson, Detroit, and Jean Hawkins. Miss Lajoie, a photographer, has appeared in GPCT workshop productions of "The Crucible" and "Inherit the Wind" and has worked backstage on scores of shows. Tom Stein plays Sol, a beatnik trombonist.

Directing "The Tender Trap" is Mrs. Gerry Meyer, 768 Neff, an English-drama teacher at Brownell Junior High School, who was recently chosen "Teacher of the Day" in the Detroit area. She directed last year's outdoor Terrace production of "The Philadelphia Story" and has appeared on stage in "Solid Gold Cadillac" this year.

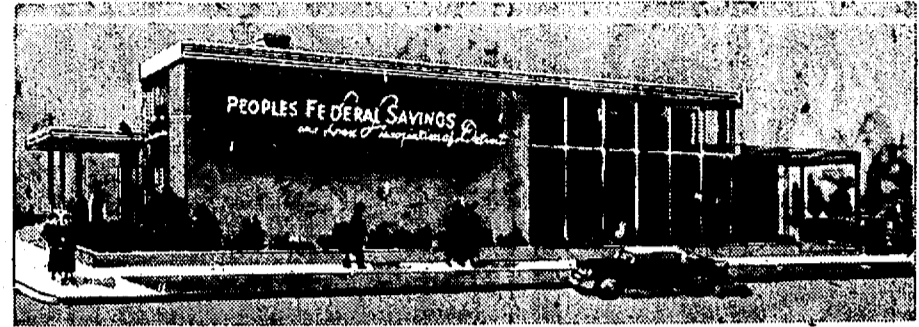

Mrs. Barbara Roney, 28106 Nieman, St. Clair Shores, who also appeared in "Solid Gold Cadillac" earlier this season and has played important parts

either back stage or on stage in virtually every GPCT production in recent years, is stage manager for "The Tender Trap". Mrs. Rickie Girodot, 1342 Beaconsfield, Grosse Pointe Park, is producer of the show.

Tickets for the "Tender Trap", priced at \$1.25 for adults and 75c for students, may be purchased at the Grosse Pointe War Memorial. A capsule version of two acts from Tennessee Williams' play, "Cat on a Hot Tin Roof" was presented during the GPCT's regular June meeting Monday night at the War Memorial. Directed by Pam Russell, the workshop production featured Diane Teske, Jack Donahie, Gene Van Buren and Elizabeth Elias.

Wide-Track Wheel design brings car and road into a new relationship. The wheels of a Pontiac are five inches farther apart. This widens the stance but not the car. There's a feeling of complete control, road-holding response. You're steadier, more secure,

Mother-in-Law Has Last Laugh

Entertaining a mother-in-law is at best a qualified pleasure, but for one Farms resident it resulted in an embarrassing encounter with the gendarmes on Sunday, June 7.

He had spent a long warm evening at the bridge table with his wife's aunt and mother, and after trying to help her make the house presentable for Monday morning, had partially disrobed and dozed off as he waited for his wife to set the breakfast table.

She then reminded him that mother-in-law's car being in the garage, his was at the curb and unlocked. The rest of the neighborhood had been asleep for hours, so our drowsy male plodded out through the darkness without bothering to add to his abbreviated attire. As he reached the curb, a late motorist approached the nearest corner, and, now fully awake and alarmed, he hastily ducked into his car until his path of retreat would be clear.

However, the "late motorist" happened to be a police car looking for prowlers, and the officers asked for his driver's license, which was only one of the items they discovered lacking.

His wife finally was called out with the license and more clothes, but finding him in the clutches of the law was just what his mother-in-law had for years predicted.

Park Police 'Give Away' Another Burglary Case

Park police "gave away" another breaking and entering case on Wednesday, June 3, after carrying out a preliminary investigation.

The burglary of the home of Mr. and Mrs. Joseph J. Bouffard, 865 Barrington, was turned over to the jurisdiction of Detroit authorities because entrance into the house was made on the Detroit side.

As in the case of Wayburn, Barrington homes are partially within the Park, and partially in Detroit. Barrington is south, and Wayburn, north of Jefferson.

All investigation reports and information pertaining to the breaking into the home, were given to Detroit police, Park Police Chief Arthur Louwers said.

witness said. He is being sought as a suspect.

On May 8, Beader's Hobby Shop, 14939 Jefferson, located at the northwest corner of Jefferson, was broken into. After taking a report and conducting the initial investigation, Park police discovered that the matter was not in their jurisdiction, since the entry into the shop was done on the Detroit side.

Entry was gained by breaking the glass of the rear door, just two feet beyond the Park city limit.

Chief Louwers said that \$30 was taken from the cash register, and nothing else seemed to have been disturbed.

He said that the thief entered the home by breaking the glass of the rear door, reaching in and unlocking the door.

Mrs. Bouffard told Park police that she had left the house earlier in the day, and when she returned she found that the house had been thoroughly ransacked.

The chief said that a small safety vault was opened with a pair of pliers. Taken from the safe was \$150 in cash. Also taken was a black-faced clock radio, valued at \$40.

Police canvassed the neighborhood in the event the burglar might have been seen entering or leaving the house.

One resident claimed that he had seen a man looking at the Bouffard house. He said that the man went to the rear of the house, and remained about 10 minutes. The suspect then left, and returned later and again went to the rear, and this time appeared to have stayed longer.

The suspect is described as being—Negro, about 40 or 50 years old, and at the time was wearing brown trousers, and a light tan sport coat. The man was at least six feet tall, the

Park Visitor Victim of Thief

A Wisconsin resident, visiting in the Park, lost all of his clothing to a thief who broke into his car during the night of Wednesday, June 3.

James Schlude of 132 E. Tobacco, Kaukauna, a guest at 1023 Beaconsfield, kept his clothing in his car parked in front of the house, Wednesday, he discovered the right vent window of his car broken, and the clothing missing.

The report of the theft was made by Dan Nelson of the Beaconsfield address.

Schlude reported the following items stolen, three men's suits, a topcoat, rain coat, sports coat, four trousers, seven shirts, a jacket and a bath robe.

Police said that the visitor valued his loss at a total of \$463.

The sting of defeat lingers long after the applause of victory.

REPORTS LARCENY Gerald A. Tominson of 3952 Elwood, Berkley, complained to Farms police on Wednesday, June 3, that four hub-caps were stolen from his car while it was parked in the lot of Harry Sufferin, Mack and Moross.

Students Stifle Stores' Salute

It was a gay avenue, Kercheval-on-the-Hill, early last Thursday morning. The colorful school pennants and mortar hats, on the parking meters waved gaily in the breeze. Kercheval-on-the-Hill merchants were congratulating the Grosse Pointe graduates. The whole plan was a smashing success. The kids took the hats and pennants off the meters and used them for souvenirs.

The University of Michigan has the nation's largest graduate program in nuclear science and engineering.

To a lady whose husband is about to buy their next fine car *We do not believe that your interest in cars lies only in how they look. Therefore we bring to your attention some of the womanly graces of a vehicle which combines fashion and function in a most unusual way.*

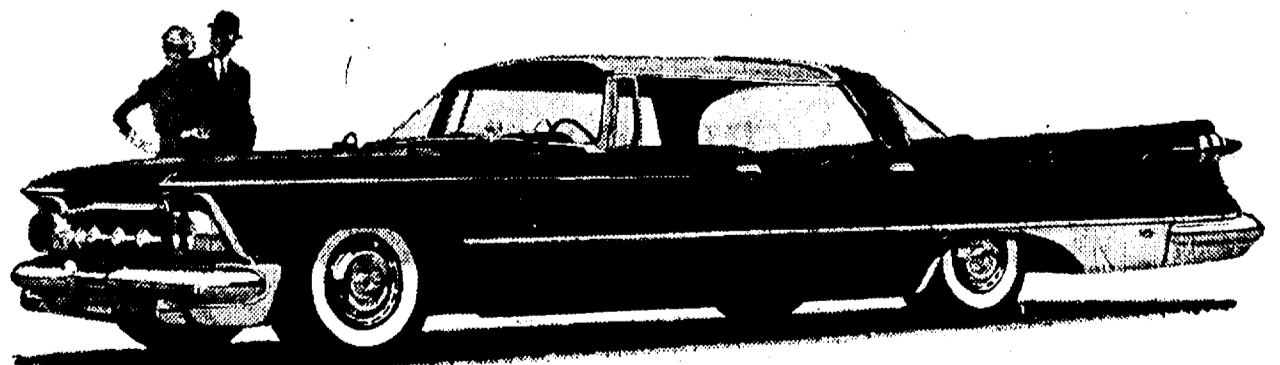

Calculated Simplicity . . . length without bulk, size without mass. Eminently acceptable, totally assured. In colors thoughtfully keyed to the shades you'll be wearing through the year.
Implicit Obedience . . . to make you a dextrous driver. No other fine car steers as easily, handles as gently.
Heavenly Space . . . for hat, legs, feet. You sit gracefully, head-high, imperially straight. Interiors of glove-soft leathers, textured tweeds, custom-woven broadcloths.
Enchanting Gallantry . . . specially installed swivel seats turn gently downward so you enter and alight gracefully, hat undisturbed, seams straight, hemline decorously in place.

Trusted Guardian . . . Auto-Pilot reminds you of the speed limit . . . and may be set to keep you at a steady pace, automatically, without a touch on the accelerator.

Fingertip Driving . . . pushbuttons move you forward and rearward. Pushbuttons control heater and air conditioner. Controls well in reach and self-explanatory.

We think you'll find such a car quite thrilling. It is immensely attractive, excellently tailored, finished, and appointed.

Its name is IMPERIAL. May we suggest that you and your husband compare it with the other two fine cars. We think you both will find the prospect of owning an Imperial delightful.

Park and Woods Cited for Safety

One of the most difficult safety citations that can be obtained will be awarded to the Park at a ceremony later this month, it was disclosed at a Park council meeting on Monday, June 8, by City Manager Robert Slone.

Outstanding Achievement Certificates for no traffic deaths, noteworthy performance in traffic safety activities and school traffic safety education, will go to the Park on a basis of a traffic inventory program sponsored by the National Safety Council.

Park Police Chief Arthur Louwers said that an award for school traffic safety is about the most difficult to get, and he gave credit for the honor to Patrolman George Blair, school safety officer.

"Patrolman Blair has worked hard in bringing safety education into all the schools in the Park," the chief said. "It is primarily through his efforts that our city has been recognized for this phase of

the program. He has done a magnificent job."

The Woods was also notified that it, too, will receive an Outstanding Achievement Certificate, according to Director of Public Safety Vern C. Bailey, who gave high praise to his school safety officer, Patrolman Jack Mast, for "a job well done."

Telegrams to Park Mayor Kenneth Cunningham and Woods Mayor Kenneth Koppin, from G. C. Stewart, executive vice president of the Safety Council, officially disclosed the coming awards, and that the two cities are in line for possible Engineering Enforcement and Court Awards.

The University of Michigan recently renewed accreditation of 73 high schools in its annual accreditation program, according to Kent W. Leach, director of the U-M Bureau of School Services.

Claims Filed Vs. Cary Estate

A claim of \$88,408 was filed against the estate of the late Walter E. Cary, by his second wife, Mrs. Henrietta E. Chisholm of 156 Ridgemont road.

Cary, a Republican Party power and insurance man, borrowed the money from her mother, Mrs. Althea C. Everard, in 1925, Mrs. Chisholm claims, and he was supposed to have signed a note promising to repay the loan at six per cent interest.

The note was turned over to Mrs. Chisholm in 1928, at her mother's death, as part of Mrs. Everard's estate.

At the time of Mr. Cary's death, in February of this year, about \$16,500 had been paid. Mr. Cary and Mrs. Chisholm were married in 1913 and divorced in 1931.

Claims have also been filed by three employees, two of them Pointers, who said that

Cary promised to remember them in his will. Paul C. Munkholm of 1127 Whittier road, has asked for \$50,000 and Miss Agnes Stechbart of 180 Huntington road has asked \$15,000. The original will provided for them in consideration for services, the employees claim, but they were cut off by a codicil.

The Manufacturers National Bank, executor of the Cary estate, objected to all the claims. The bank claims no liability.

The claims were ordered turned over to a referee, by Probate Judge Joseph A. Murphy, for arbitration.

Other claims were filed by Mrs. Lena Trewyn for \$40,000 and Mrs. Betty Mateff, owner of Riverside Florist. She said that Cary owed her \$5,930 for flowers delivered between May, 1957, and February, 1959.

Center Offers Art Exhibit

At a preview reception on Saturday, June 13, the Grosse Pointe War Memorial is presenting a group of paintings by the students in the art classes of Professor Emil Wedige. This promises to be an outstanding display for this community, emphasizing freedom of expression and design.

Many of the paintings will be abstract or nonobjective and will present new and individualistic viewpoints. They will emphasize texture and plastic quality, and have a wide range of beautiful colors.

The exhibit will be in the second floor galleries of the War Memorial and will remain through Sunday, June 27. The exhibit is open to all. This unusual display should appeal to a wide variety of tastes.

Rotary Boosts Foreign Study

The Grosse Pointe Rotary Club has received notification from its parent organization, the Rotary International, that the local club may sponsor candidates for advanced study

abroad this year. On alternate years, each Rotary Club is eligible to select and further the candidacy of qualified residents of their area.

A candidate must be between the ages of 20 and 29 years. He must hold a Bachelor's Degree or be in the final year of his undergraduate work. A good working knowledge of the language used in the country in which he intends to study is required. The candidate must be sound morally and spiritually, and reasonably fit physically.

It is the desire of the Rotary that a successful applicant for a fellowship be chiefly an "ambassador of good will" to the country of his choice. It is not important that the study undertaken lead to the completion of requirements for an advanced degree. He will serve as an interpreter of the thinking and way of life of his own country to the people of the country in which he will study and travel. It is hoped he will then be able to further international understanding by interpreting the customs and mores of the foreign country visited to his own people on his return.

Follow-Up to Bird Campaign

As a follow-up to the campaign recently conducted to obtain information on the extent of bird mortality here in connection with the DDT spraying program to combat Dutch Elm disease, we are glad to devote space this week to the following letter and enclosure from Edward P. Wright.

Dear Sirs: The enclosed comes from the London, Ontario, Free Press of Saturday, May 23, 1959. The appalling facts which are disclosed here, together with the obvious decrease in our robin population in the Grosse Pointe area, gives such significance to the enclosure that I hope you may see fit to reprint it in full.

The Grosse Pointe residents and the members of the various governing bodies in the Grosse Pointe communities should be aware of the fact that the compulsory, or voluntary Dutch elm spraying programs recently initiated ought to be reviewed, if it is not already too late, in the light of the information disclosed by the enclosed. It is much to be doubted and, if true, equally to be deplored, that the initiation of such programs, represents a considered decision in favor of the elm and against the birdlife.

Yours very truly, Edward P. Wright

Mostly Birds—DDT the Killer

"In five years, robins on a 185-acre tract were almost entirely eliminated by intensive DDT spraying." This was the startling sub-title of an article entitled "Insecticides and Birds" which we came upon this week in the January-February issue of Audubon Magazine. In the belief that readers of these notes will be as alarmed and interested by this account as we were, we have taken the liberty of gleanings these notes from it.

It seems that over the past five years officials of Michigan State University, at East Lansing, have been carrying out an intensive program of spraying aimed at controlling elm bark beetles (which transmit the casual organisms of Dutch elm disease) and for the control of mosquitoes. The spraying has included both the city of East Lansing and the campus of the university. The DDT has been applied aerially.

Dying robins were first noticed on the campus in the spring of 1955, the year following the start of the local Dutch elm disease program. The die-off continued each spring on a scale sufficient to attract attention of the staff and students of the university until, by the summer of 1958, the elimination of robins from the main campus and from some parts of East Lansing was virtually complete. Studies left no reasonable

What Goes On at Your Library

By Jean Taylor

We were in a throwing out mood the other day, and although we pride ourselves on not being a "saver" and on "looking back" infrequently, we discovered among our souvenirs some hilarious letters from young library borrowers. Included in the packet were a few short essays on the value of reading written by Boy Scouts for a reading merit badge. Since the writers are now all men of worth who would never recognize their own creative efforts—one lecture in English at an Ivy-league Eastern college—we feel free to pass along their advice.

"The Value of Reading: Reading helps to build up your career. It helps your scolarship and practically brings you up in the world. Without reading no man or woman can get by in this world. Famous men and women only were taught reading. Lincoln loved reading and passed his spare time in reading books. He walked mile after mile to get a book and that's why we Americans should follow after them."

"The value of reading is very great. When you have nothing else to do you can sit down and read a good book. This will not only be a good comrade but will better your brain to a good extent. It keeps you from going crazy with loneliness. When you are on a camping trip you will seldom find a better friend than in a good book. When you are tired and want relaxation you will seldom find more than in a good book outside of sleeping. You will also find things of great importance and use to you so I say read."

Letters to the Editor

To the Editor: I would like to take this opportunity to thank you for the cooperation of the Grosse Pointe News in my unsuccessful campaign for re-election to the Grosse Pointe School Board. Your endorsement of myself was a very gratifying experience.

Add One Scream Can you imagine pouring turpentine on an open cut? This was the favorite way to prevent lockjaw some years ago. Naturally, we wouldn't think of doing this now. But then, we're lucky. We have tetanus toxoids and antitoxins. Thanks to medical science, lockjaw need no longer be a killer. Previously, death occurred in 90% of the cases. Children, because of their affinity for cuts, sometimes pick up the tetanus germ. So, if there are young children in your family, be sure to ask your physician about preventive tetanus shots. It's always wise to seek your doctor's advice before using any medicines. And next time you have a prescription to be filled, think of us. From Another Pointe of View

By Patricia Talbot

An enterprising young man who wanted an interesting open air job this summer during his vacation from Colgate University has organized a series of canoe trips.

Dan Goodnow, son of the Nathan Goodnows, of Handy road, sent out brochures telling of his planned jaunts down the Manistique river. For seven years he has been a camper and knows all about canoeing, is a Red Cross swimming instructor, has even discussed meals with a dietician.

Beginning June 22 he will take six boys down the river for five days. Nine trips in all have been mapped out.

Some of the lads signed up for this different vacation are Alan Bethea, Jim Horan, Don Veech, Frank Wilberding, Jay Heaton, Mike Heaton, Mike Muer, Tom Fisher, Blay and John Schoenherr, Mike Hendrie, Larry Tom and John Drummy, Wally Auch and Rickey Becker.

Horse Show Gayety

All the exciting doings of the debutante season, plus her graduation June 17 from GPUS are not preventing Kry's Glancy from riding in the spring horse show.

Kry's, whose own debut will be a Christmas dance, will enter Mount Vernon College in Washington this September. This summer she hopes to ride not only in the local shows but as far afield as Virginia.

On June 18, the 48th Horse Show will be held at the Hunt Club and for the first time entries are being turned away because there will not be enough stalls to accommodate the horses.

Mr. and Mrs. Alfred R. Glancy, Jr. will have as houseguests for the show week-end, the Dana Durands, of Kansas City, Mo. They will also be hosts at a brunch on the final day of the show, Sunday, June 21.

Arizona Vacation

Now that her chore as publicity chairman for the Women's Auxiliary to Cottage Hospital is over for the season, Mrs. Richard S. Daley is taking a vacation.

She and Mr. Daley will motor to Scottsdale, Ariz., on June 20 to spend a month. Daughter, Karen, who is a student at Western Michigan University, will be spending the summer at the University of Mexico, improving her Spanish. Son, Kent, was graduated Monday evening from Albion College.

Mrs. Daley reports that the recent College Hospital Kitchen Tours raised \$2,200 to purchase electronic filters for the hospital.

Graduation Tour

With her teacher's degree tucked carefully away Judith Joyce can set out on her exciting graduation trip.

She will be graduating from the University of Detroit this Thursday and on Saturday will sail from Montreal on the SS Homeric for a tour of Europe.

Judith is the daughter of the Bryan Joyces, of Country Club lane. She will dock in home port on September 5.

One of the most lavish June debutante seasons in many a year opened Wednesday with a tea at which Mrs. Ernest W. Bradshaw introduced her daughter, Harriet.

The deb, who is a student at Wheelock College, received with her mother in the living room of their Bishop road home before a bank of yellow and white flowers.

Yellow, the bud's favorite color, was her choice for the organdy gown in which she greeted friends. The gown was trimmed with Chantilly lace and with it she carried yellow rosebuds and ivy.

Mrs. Bradshaw was in a delicate yellow lace over taffeta sheath. Her flowers were green orchids.

A silver wine cooler filled with yellow roses and wreaths of yellow and white flowers around silver candelabra carried out the decorative scheme.

Suzanne Sisman, Judy Weckler, Donna Woodruff, Catherine Devlin, of Grosse Isle and Lynn Hallett assisted at the tea. They wore stephanotis corsages.

Mrs. Bradshaw's assistants were Mrs. Alfred Schrashun, Mrs. Edgar Foster, of Evanston, Ill.; Mrs. Alfred Schrashun, Jr., Mrs. James B. Webber, Jr., Mrs. William C. Tost, Mrs. Herman Weckler and Mrs. Warren Sisman. They wore gardenias.

Sallie, the daughter of the Samuel H. Bells, of Chandler, Ariz., a student at the Master's School, wore a draped, flame colored chiffon gown. Margo, who just was graduated from the Master's School, the daughter of the William L. Crows, of Rye, N. Y., was in pink gingham with white organdy accents.

For her granddaughter's debut, Mrs. Baker wore a white cotton frock embroidered with blue flowers. Mrs. Ford was in a flowered green chintz. Mrs. Bell wore a taffeta gown with a skirt of

white organdy and Mrs. Crow was in a tropical print silk.

The debutantes received in the club living room which was decorated with fish nets, shells, surf boards and straw hats.

Black terra cotta tiered stands holding fresh fruit centered the supper tables covered with turquoise and yellow cloths and lighted with vesper candles.

Ushers for the dinner dance were Dan French, Harry Leyman III, of Cincinnati, Samuel Bell, Jr., Sandy and McIntosh Wiener, Fred Baker, Harry Cashen and Sam Daume.

South Sea Cruise For GPYC Members

When Grosse Pointe Yacht Club members have their annual excursion to the Old Club next Wednesday, June 17, they will have a party format completely different from the field day picnic of previous years.

The 1959 version is to be a Cruise to the South Sea Islands, and the island locale will be the Old Club's spacious grounds on Harsen's Island, St. Clair Flats—where gentle winds of a summer's day are reminiscent of soft ocean breezes in the balmy seas.

The romantic atmosphere of Hawaii is to prevail, according to Chairman Kendrick B. Brown and his committee aides including Joseph W. Caskey, Frederick K. Cody, J. Earl Fraser, Herbert W. Hart, Edward J. Schoenherr, Howard A. Shaw, and Stanley L. Willis.

The busy committee has everything in hand. The cruiser fleet carrying the excursionists will pull away from GPYC docks at 10:30 o'clock. Upon arrival at Old Club, they'll be greeted in the ceremonious spirit of the Hawaiian Islands by pretty hula girls who'll distribute leis and beachcomber's hats.

In advance of the cruise, the GPYC party committee will have its South Seas decorations of great fish nets, palm trees and exotic foliage in place around the Old Club docks, swimming pool and lawns, and also will have an outdoor dance floor constructed.

An al fresco luncheon is to be served at 12:30 o'clock in buffet fashion.

Inspiring the committee's invitation to adventure are such facets as a trampoline act and the water carnival with Dick Kimball and Kathy Hartwick performing from the high diving board; an Hawaiian trio's authentic Waikiki music for tea and dinner dancing; the fire and sword dance by Chief Tuave; the luau (dinner) featuring Hawaiian kau kau about 5 o'clock.

Mr. and Mrs. Maurice German will make the water journey to Old Club with a party of 11 on their cruiser Sno-Flake; the John Ruens will have a group of 10 on their Marion L II; the E. E. Lundbergs will have 10 on their Unaru; the Paul Morelands will be on their Miss Profit with four of their friends, and the Lawrence Reifs will have six on their Jancy-J.

Others are the Arthur M. Stringearis, on String-a-long Too; the Wayne Longs on Cum-a-Long; the Cletus Wellings on Balance Sheet, and the Bernard Ver Hovens on the B. J. V.

There are 21,000 high schools in the U. S. staffed with 483,000 teachers and attended by 7,800,000 students.

WATCH RACK

SOMEWHERE around the house, in a drawer or jewel box, dad or granddad has a pocket watch of sentimental value... a watch he prizes most highly. Now wouldn't it be nice if he could take this watch out of hiding and display it on this practical rack, and at the same time have a useful timepiece? Well, Warren's watch rack is just for that. It's a very novel gift. The picture tells the story. It's in the color of natural gold. The price, including federal tax, is only

Jean Marion Whitehurst, daughter of the Russell B. Whitehursts, of Pemberton road, was married Saturday in St. Martin's Church to Gerard Michael Haley, son of Mrs. Gerard Matthew Haley, of Windmill Pointe drive, and the late Mr. Haley.

For the rites, the bride chose a princess gown of white parchment taffeta with a scooped neckline

and an empire bodice. A seed pearl crown held her fingertip veil of illusion and she carried a white orchid, stephanotis and ivy with her prayer book.

Sharon Haley, the bridegroom's sister, was maid of honor and Ann Marie Hellstrom was bridesmaid. They wore ballerina princess styled frocks of white chiffon over green taffeta with chiffon headbows and circle veils. Their bouquets were of gardenias and ivy.

Charles E. Stumb, Jr., was best man and ushering were Harry Eger and Thomas Gibney.

After a reception in the Windmill Pointe drive home of the bridegroom's parents, the newlyweds left for Northern Michigan.

They will live in Grosse Pointe before the bridegroom resumes his studies at the University of Detroit.

The more than one hundred ballet students in the Grosse Pointe War Memorial's School of Ballet under the direction of Mary Ellen Cooper will take over the auditorium of Parcels Junior High School the night of Tuesday, June 16, at 8:15 to present an evening of ballet.

Miss Cooper has done all the original choreography for the production and designed the costumes which all the mothers have been working on for weeks. Even the very youngest in the performance have been giving assistance other than dancing. The Beginners Group made their own scenery for their folk dances of foreign lands.

Tickets for the Evening of Ballet may be purchased in advance at the Center or at Parcels Auditorium the night of the performance. Admission is \$1. In addition, there are a limited number of children's tickets (for ages 5 to 12) on sale at 50c.

Ferry School Pupils Present Play

"HMS Pinafore" was presented to a large and appreciative audience by Ferry School pupils last Thursday night. A brilliant cast headed by Andy Flintermann, Sherry Parmalee, Mark Weber, Diane Pinney, Randall White, John Kendall, Lynn Buegel, and Michael Jaglois performed the one-time Broadway hit to perfection. The students were all sixth grade pupils of Mrs. Mary Jane Better and Joseph Krutell both, of whom collaborated

with Miss Ann Carlson, Ferry music instructor, in producing the very entertaining show. They were assisted by Mrs. Spencer James, who coached the cast in dramatics and Mrs. Dorothy Hyne, physical education teacher, who did the choreography for the hornpipe dance. The scenery, props and costumes were outstandingly authentic. Miss Julie Juracek was in charge of make-up and prompt-

ING M. PITTMAN of Renaud road. Both boys were active in sports and in extracurricular activities.

ELSA PURDY, daughter of the REMINGTON J. PURDYS of Beaufore road, was graduated, June 8, from Ohio Wesleyan University in Delaware, Ohio.

DAC to Have Little Show

Detroit Athletic Club has scheduled one of its special two-night "Little Shows" for members and their guests this Friday and Saturday, June 12 and 13, to add a party fillip to week-end dinner and dancing.

Featured will be the baritone, Gary Mann, star of the Fran Allison television show and currently popular recording artist, who was a 1955 discovery of Arthur Godfrey. Topping Singer Mann's many supper club appearances was his recent six-weeks' stint at New York's Copacabana.

Dick Barlow and his orchestra will provide the music for dinner-dancing and accompaniment for the 9:30 p.m. little show.

Joseph E. Bayne, Leo Fitzpatrick and David C. Gillis are Grosse Pointers on the entertainment committee in charge.

Among Grosse Pointers to attend Friday are the C. A. Noltes whose guests will be the Richard Kendarians, and Judge and Mrs. Carl M. Weideman who will entertain the Dwight M. Nelsons, and the William Drevalts. The Ellsworth W. Allison will be hosts to the Phil H. Richeys of Bloomfield Township Saturday.

Order of White Shrine Will Hold Reception

The Order of the White Shrine of Jerusalem Eastern No. 35 will hold a reception on Monday evening, June 15, at Pillar Temple, 14529 Kercheval avenue, honoring their Supreme Appointees, Alma Thompson, Arnold Thompson and Tempa Sims.

Dinner is at 6:30 with a reception preceding the Ceremonial at 8:00. For reservations call Mrs. Bacheller, VA 1-9826 or Mrs. Fletcher, VA 4-2510.

MRS. ROSS WILKINS, JR. of Muskoka road, will attend her Wellesley College class reunion before going on to Brooks School to see her son, CHRISTOPHER, graduate.

It's all right to put your best foot forward, but give the other one time to catch up.

CAR LIFE

THE BEST CAR BUY IN THE U.S.A.

After testing all cars, the editors of CAR LIFE, America's foremost motoring magazine, chose **RAMBLER**

HERE'S WHY: "Rambler is a well-made, efficiently designed, comfortable car with outstanding structural strength and rigidity, smooth, quiet economical operation, outstanding maneuverability in traffic and parking, satisfactory roadability, ride and handling, competitive performance, good operating economy and very significantly low ownership costs—in short, it's our choice for overall best buy among U.S. cars."

- COST:** "... has a lower initial price, and on the basis of current figures will retain a greater percentage of its original cost than any other car anywhere near its price."
- STYLING:** "... has developed in just three years into one of the most attractive cars on the road."
- BODY DESIGN AND CONSTRUCTION:** "Most evident is the solidity of the unit-construction body. On the road there is never a trace of annoying body shake or vibration."
- INTERIOR:** "... an extremely comfortable car for all six passengers because the centers of both front and rear seats are not crammed down close to the transmission housing and driveshaft tunnel."
- HANDLING AND ROADABILITY:** "... amazingly responsive and maneuverable at moderate speeds."
- QUALITY:** "... gets high marks in quality of manufacture."

Your Rambler dealer will be glad to give you a reprint of the complete article.

AN EYEFUL—If you think South Pacific belles only dwell in adventure stories, take a good look at Marilu Saint Georges, a 16-year-old charmer who left her native Rapa-Nui (Easter) Island to find fame as an artist's model in Rome. She poses with a cat-eyed portrait of herself done by famed Roman painter Novella Parigini.

YANK PITCHER "CATCHES" SALK SHOT — An unusual scene took place in the New York Yankees' dressing room prior to a recent game when newly acquired pitcher Ralph Terry got his Salk polio booster shot from trainer Gus Mauch. Looking on are fully inoculated Yankees Bill Skowron and Hank Bauer.

MYSTERY SHIP—Missing with its crew for 16 years, this U.S. B-24 bomber is checked by one of the Air Force searchers who found it in the barren Libyan desert, 440 miles southeast of Benghazi. The searchers found no trace of the crew of the plane, which was last seen turning away from a bombing raid on Naples in 1943. The plane's radio was still in working order when found by investigators, who theorize that the crew bailed out some time before the four-engine bomber bellied into the flat sand waste.

FLIP TOP—Want your head handed to you? It happened to this display dummy which has a shopper spellbound in a Nashville, Tenn., department store. When the figure's head fell off, some wag stuck it on its hand, for an effective shopper-stopper.

LEATHER CONVERTIBLE—An all-leather ensemble that converts to an all-leather suit at the zip of a zipper is shown in luscious caramel suede by Castor of Paris. The self-buttoned topcoat comes in two parts that can be quickly separated to make a short, boxy suit jacket. The skirt is short, straight and slim.

CLEAN FISH STORY—Some of the world's most pampered fish live in an aquarium located at a new oil refinery near Toronto. In the 4,200-gallon aquarium, one of Canada's largest, the fish thrive in water purer than in their native habitat. R. J. Hull, president of Cities Service Oil Company, Ltd., said the aquarium was built to demonstrate the efficiency of the world's most-advanced water purification system — which takes water, after it has been used in refining oil, and returns it to Lake Ontario in a purer state than when it was removed.

WILDLY WOOLLY—Ready-to-wear designer Dela Pierre of Nice does a shaggy-girl story in this new coat from his fall and winter collection displayed in Paris. Done in stone-grey wool and nylon, the "short-haired" coat is collarless and pinched at the waist by a wide leather belt.

CRAFTY IDEA — Everybody's heard about the man who built a boat in his basement and then couldn't squeeze it through the door. But that story's been topped in Amsterdam, where a Dutch instrument maker named A. Raave built a sailboat in his attic. The craft might have stayed there until the building came down, except that a contracting company heard the story, knocked out a window and lowered the boat by a crane.

SEW BUSINESS—The show must go on, but not until Elisabetta Sansini (left) gets a few strategic stitches put into her costume in Rome, Italy. Wielding needle and thread is Maria Luisa Tonti at a school where future ballerinas learn not only dancing, but costume-fitting as well.

"MRS. NEW YORK"—Mrs. Jane Callender, 35-year-old homemaker of Williamsville, N.Y., will represent the Empire State in the 21st annual "Mrs. America" Homemaking Contest national finals at Fort Lauderdale, Fla., June 11-23.

SPACEBALL GAME—A ball game could be played on the moon by earthmen wearing this uniform demonstrated at the U.S. Naval Air Material Center in Philadelphia. The Mark IV "space" suit developed by B. F. Goodrich and the Navy has remarkable mobility even when pressurized. A baseball-fan scientist has estimated that a normal earth-type home run would travel about half a mile in the moon's weak gravity.

SPECIAL DELIVERY—The stork is too old-fashioned for these neatly boxed babies, who arrived in Portland, Ore., by airliner. They are waifs of mixed American and Korean blood, and were brought from the Far East for adoption through the work of Harry Holt, an Oregon farmer turned benefactor, who arranged for 121 of the youngsters to be flown in at once. While their fellow passengers snooze, the two babies in foreground make big eyes at the photographer.

LEAN-TO—The Leaning Tower of Pisa has nothing on these gravity-defying kids, who obviously ought to have fallen flat on their faces. The youngsters are actually trying to stand upright in the "Magnetic House" of the Goldpan Gulch section of Pleasure Island, a new giant amusement center opening at the Boston suburb of Wakefield, Mass. The house is really a giant optical illusion with a steeply-pitched floor given a level appearance by the artfully-angled walls.

HEN PICKED — Two birds in the hand are worth a strange adoption story for Mrs. Ellis Patterson of St. Petersburg Fla. She received a peacock egg from a friend and gave it to her pet bantam hen, Legsy, to hatch. Out came little Daniel Boone, who perches proudly on the back of his foster mother. A lover of wild birds since her childhood days in Ontario, Canada, Mrs. Patterson raises many injured or orphaned fledglings at the home she shares with her sisters, Mrs. B. H. Thomson and Miss Doris Coleman.

GALLANTRY IN ACTION — Barbed wire can't stop four-year-old John Sommers from doing the gentlemanly thing for his two-year-old sister, Carolyn, in Dallas, Texas. The kids cheerfully risk cuts and scrapes to get through the fence to where the grass is apparently much greener and the buttercups much yellower.

COOL, MAN, COOL—Iceberg temperatures, created by man-made ice on dry land at the U.S. Naval Air Material Center, Philadelphia, fall to chill HM 1/C Marion Myers in this demonstration of the new Mark IV suit. B. F. Goodrich engineers who developed the suit say it provides enough insulation to enable a man to survive an hour's immersion in Arctic waters in 60-below-zero weather.

Salubrious weather was what brought the first resorters to Grosse Pointe, but the natives could tell tales of winters which seem incredible to us, even compared to this past season.

On May 16, 1780 a Colonel DePeyster writing to a Colonel Bolton reported "After the most severe winter ever remembered, this is the earliest we think prudent to venture a vessel on the lake."

During the first year of the War of 1812, earthquakes tremoured in the Pointe all year long, ground erupting on the sparsely cleared farm land and in the surrounding forests.

In 1816 there was ice on the ground every month of the year; in April eight inches of snow.

Seven years later it was almost tropical, for flowers bloomed in January. In 1827 Lake St. Clair rose to such heights that several farmhouses and two church buildings were inundated. A few miles north of Grosse Pointe, at the point where the Huron and Clinton rivers converge, a whole community was wiped out.

Indian legend has it that the East Wind and West Wind fought for supremacy of Lake St. Clair and every seven years one of them emerges victorious for a while. That is why the water level is so low in varying years.

In 1837 a meteor fell in Grosse Pointe on Private Claim 239 then owned by J. B. Marsac, a pioneer name in our history. The property is now owned by Mrs. Benjamin S. Warren, of Lake Shore road.

Winters did not seem to get better as time wore on, for by 1859 that every month was not uncommon and on July 4 of that year a magnificent cherry and pear crop was killed by frost.

In 1886 just a month before the summer colony prepared to depart Detroit for a Pointe summer there was such a severe snow storm that drifts piled up against barns and farmers could not tend their stock.

In the winter the huge frame houses along the shore were completely battened down and only a few brave settlers every spent the entire winter here until well into the 1900's. The Brushes had their own power plant and they wintered in the Pointe as did the Woodbridges but most of the colonists waited until May 1 before moving into their summer homes.

The last recorded phenomenon concerns the meteor which fell on Chauvin property in 1901. The Chauvin homestead was on Jefferson between Notre Dame and St. Clair. The meteor was reckoned to weigh a ton and smoldered in the deep pit in the Chauvin yard for nine years, sight seers glimpsing it until 1910.

Mrs. Clyde D. Vortman has received the United Community Services highest citation, the Community Service Pin for five years as a volunteer Motor Aide dispatcher. This mother of three, who also gives time to the GPUS Mothers Club, Boy Scouts, Girl Scouts and the Old World Market, has put in countless hours on the telephone notifying drivers where and when to pick up patients and answering requests from health and welfare agencies.

Hollywood's Kleig lights will be turned on in front of the United Artists theater for a world premier on July 1. Mr. and Mrs. David Gamble are in on all the doings for the first showing of "Anatomy of a Murder", the film from the novel by Upper Peninsula Judge John D. Voelker.

John Sweeney's red schoolhouse on Mack avenue is a history-crammed building from the days when pinafores and bare foot lads learned their lessons. Before composer and conductor Sweeney made it his home, it had served as a church, so cold in winter the congregation had to stamp its feet to keep warm. Alger Sheldeng remembers riding to the schoolhouse on his pony, pausing by the back stoop to chat with teacher, Belle Prom, who taught there for decades.

Kills have taken over from Bermuda shorts for the fashion minded. Mrs. David Jensen was wearing an accordion pleated navy blue pair in the bank the other day, and Mrs. John Posselius donned a red plaid kilt for shopping.

Guests at the University Club jam session last week retired from the dance floor to watch the Charles E. Moshers performing every dance from mamba to the old fashioned jitterbug. Mrs. M. looked striking in a black crepe sheath and a new Italian bouffant coiffure.

Mrs. Donald Bay was surprised on her birthday last week by the dozen friends with whom she plays cards every now and then. The party was at Mrs. Gilbert Partridge's home. These ladies aren't bridge addicts. Their game is poker!

Company president to personnel manager "We must get some promising young men into the organization. It's the only way we can attract secretaries."

A Michigan State University student, engaged in a study of police work, called the police department to report that his book on criminal psychology had been stolen.

Humility is like underwear - essential, but indecent if it shows. Helen Nielsen.

A compromise is the art of dividing a cake in such a way that everyone believes that he has got the biggest piece. Ludwig Erhard.

If you have lilies of the valley you may be visited by a peacock. Mrs. Paul Long glanced out her window in Harvard road last week and saw a peacock munching in the flower bed.

The lost peacock belonged to Dr. and Mrs. Alfred H. Whittaker, of East Jefferson avenue, and after while she wandered home to greet her lost mate. The Whittakers wanted two tame peacocks which grace the lawns of their lakefront estate.

MRS. WILLIAM C. LOUD, JR., OF TROMBLEY ROAD

By Patricia Talbot

A talented artist with a very unartistic temperament is Mrs. William C. Loud, Jr., first prize winner in the Grosse Pointe Artists Show, which just closed at the War Memorial.

Mrs. Loud is a well organized, capable mother, teacher and civic leader who keeps her easel set up in the basement for the spare half hour during the day when she can paint.

She has been painting since she was five years old in Washington, D.C. An alumna of Sarah Lawrence College she received her degree from George Washington University, studied in New York at Columbia. A fine artist never stops learning and Mrs. Loud is now taking lessons from Emil Weddige, who has taught classes at the War Memorial.

Her Children Are Models. The mother of three children, Bruce, 9, Bonnie 11 and Bob, 14, she prefers to paint people and often uses her children as models. Her blue ribbon oil in the recent show, "Pase Natural" was a modern study of a bullfighter. Mexico has been the scene of many of her paintings. Her winning water color, "Monolo," was a delightful Mexican boy, with the large almond eyes which are one of her distinctive trademarks, as is the use of unusual yellows and browns. Beginning July 6, Mrs. Loud will teach a summer art class for children at the War Memorial.

Center Offering Talk on Hawaii

The "Meet the Travellers" series at the Grosse Pointe War Memorial will come to a fitting climax Wednesday evening, June 10, when the Center will present an illustrated talk on Hawaii, our 50th State by Virginia Dorian. The public is cordially invited without charge.

Mrs. Dorian is, most qualified to talk on Hawaii. She went there as an exchange teacher in 1953-54 and also did post graduate work in the university there. She has returned each summer since '54 and plans to go again this year. On each trip she has taken pictures and collected interesting material to be presented on the mainland.

When Mrs. Dorian was teaching in Hawaii she found all of her students were of Oriental extraction. A special school for native Hawaiian children was founded by the last of the Hawaiian rulers who married into a wealthy English family. Here all pure blooded Hawaiians may marry without charge and their board is taken care of, too.

The year Mrs. Dorian taught and studied in Hawaii she was lucky enough to find a charming duplex just a few blocks from the Royal Hawaiian and therefore quite close to Waikiki which she says means "water little" or smooth calm waters.

Through her pictures and talk Mrs. Dorian will of course, take her audience around the island of Oahu on which Honolulu is situated. There will be views of Pearl Harbor, blow holes, and punch bowl military cemetery built in an extinct volcano. Not only will there be fine panoramas of the modern bustling downtown Honolulu but fine shots of beach scenes such as the huke lea or community surfing with giant nets and of fish activity at the resort hotels. Also there will be scenes of rural activity such as sugar cane burning and harvesting.

The Louds have completely redone their modern colonial brick home. Mrs. Loud made the curtains and painted designs on the material. It took them six weeks to refinish and antique a grand piano.

Unlike many artists, Mrs. Loud believes in routine, is an impeccable housekeeper and a fine cook. The Louds love to entertain. She manages her art classes, her painting and Junior League work with gracious ease. The excesses of the artistic life are not for her. She has studied under many famous teachers and has discovered that the best artists are not always the best teachers.

A Free Half Hour
Her own personality is well suited to teaching for she understands people and has unlimited patience. Several years ago she felt she had to have four or five free hours before she could take up her own brush. Now she paints whenever she has a spare moment, usually when the children are in school. They have all attended her art classes but as a relaxed and intelligent mother she does not push them into her own hobby.

The Louds have vacationed in Mexico and the Caribbean where Mrs. Loud has found much inspiration for her painting. She does not sketch out ideas, but rather soaks in atmosphere and paints from memory when she is home.

Like many talented artists, Mrs. Loud's ability is not confined to one field, but unlike many artists she can manage all her activities with competence and grace, which makes her compelling work seem effortless as well as outstanding.

WINS ST. JOE LETTER
Bob Decker, sophomore from Grosse Pointe, was the starting third baseman for the St. Joseph College (Ind.) baseball team this season.

Decker, one of 12 sophomores on the Puma squad, scored six runs and drove in five and was third on the team with 11 hits.

Bob lettered in basketball and baseball at Austin Catholic High and is the son of Mr. and Mrs. Louis O. Decker, 427 Manor road.

Mr. Lee-Smith who formerly taught at the Center prior to going to New York has hosts of enthusiastic former students who will welcome his return visit.

Use 'Lectour' At Institute

Pointers Mrs. James Lofstrom and Mrs. Walter E. Simmons, along with Indian Villagers Mrs. Albert M. Mackey and Mrs. Theodore Sedwick, were co-chairmen of the large reception at which "Lectour" was introduced at the Detroit Institute of Arts, Monday evening.

The ladies and their committee received in the Rivera Court where huge blocks of ice (quietly melting into the fountain) spelled out L-E-C-T-O-U-R, the name of the system of broadcasts now installed in the museum to provide visitors at all times with guided tours. The service supplements, but does not replace, the regular general and special tours conducted by members of the staff.

The tiny (four-ounce) receiver set which the visitor rents for a fee of 50 cents has no knobs to control: allows one to hear tape-recorded talks in such galleries as: Baroque, Flemish, Italian, Chinese, American, Dutch, and Special Exhibitions (current).
