Thursday, June 11
THE "PIGGY BACK" income tax, backed by Governor Williams, was defeated for the second time, Wednesday, by a vote of 54 to 53. A positive vote of 56 was needed to pass the bill. Williams said that he will support a flat rate income tax proposed by Rep. Rollo G. Conlin, chairman of the House Taxation Committee.

Friday, June 12
BOSTON POLICE are searching for a mental hospital escapee, previously arrested for unsuccessful bombing attempts, in connection with Thursday's elevated train explosion. A bomb, planted in a public coin locker in the wooden station 35 feet above the ground, exploded with tremendous force, injuring 39 persons, some of them critically.

An area within 100 yards of the station in the North End of Boston, resembled wartime bombing ruins. Fire officials said that there had been some calls recently reporting bombs planted at the North Station, but nothing was found when the building was searched.

Saturday, June 13
SUSAN LAWRENCE, 14, missing for five days, was found Friday afternoon in a field at Nine Mile and Greenfield. She was dazed, suffering from shock and exhaustion, but her physical condition was "quite reasonable for a girl who had spent that many days outside," said staff doctors at Beaumont Hospital. She was found about 1:30 P.M. after being found by Bert Schultz, 40, of 1927 Heyden. "I saw her sitting in a field, her head between her knees," Schultz said. "She looked worn, dejected and forlorn." Susan had no recollection of the last five days and was vague about the few days before her disappearance.

Sunday, June 14
A WHITE MALE JURY brought forth a verdict of guilty against four white youths accused of the rape of a 19-year-old Negro coed in Tallahassee, Fla. The lives of the four were spared by a plea of mercy by the jury, but all four face a possible maximum sentence of life imprisonment.

Monday, June 15
CHARLIE MAXWELL was a Sunday hero again yesterday, when his three-run homer in the eighth inning gave the Tigers a 3 to 2 victory over the New York Yankees in the first game of the double-header. The Tigers were the winners in the second game by an 8 to 2 score. Frank Lary, the old Yankee killer, was the winner of the first game over Whitey Ford. Paul Foytack was the winner of the second game. By taking three out of four games in this series, the Tigers took over third place, only two games behind league leading Chicago.

Tuesday, June 16
A 15 YEAR OLD Macomb County boy confessed to the shotgun murder of his father, Sunday. Gary Smith ambushed his father, Carlos Smith, and then dragged his dead father face down through a plowed field. "I plugged him. The old man was always hollering at me. He was too strict."

Wednesday, June 17
A 15-YEAR-OLD BOY, Tuesday, admitted to the knife slaying of Patricia Jean Clouff, last month. Louis Roberts, of 218 Rosedale, was questioned soon after the killing, but a lie detector test on him was inconclusive at that time. He was picked up early Tuesday for further questioning. In his confession to Detective Sgts. John Rozek and Nicholas Manning and Detective Oliver Rowell, Roberts admitted to following the woman. He stopped her and tried to kiss her. When she screamed, he pulled out a knife and stabbed her. Then he fled through an alley and went home.

Easy on the Gas... the Kids Are Out of School

This first grade Trombly School class is typical of all Pointe students as they shout with joy over the ending of school and the start of summer vacation at a party given by Home Room mother, MRS. LEWIS PERRONE, left, and teacher MRS. ELEANOR POWLAK, right, on the last day. Although the kids are glad to be out of school they present a problem for the automobile drivers who traverse the Pointe streets. They must be extra cautious in watching for the little ones who unthinkingly dart into the street in pursuit of carefree play.

Burglar Gets \$400 Cash in Gas Station

Breaks Glass in Rest Room to Gain Entrance and Steal Two Boxes of Receipts
The thief or thieves who broke into the gas station at 15246 Kercheval, knew just where the previous day's receipts were kept.

On Saturday, June 13, John Luncford, owner of the station, opened for the day at 7 p.m., and discovered that a metal box and a cigar box had been pilfered and \$400 in bills and change gone. He told Park police that he had closed the station at about 10 p.m. Friday evening.

Entrance was gained into the place by the thief who broke the glass of the window of a rest room at the rear of the building, and then forced his way into the station proper by breaking the door leading to the front.

Park Police Chief Arthur Louwers said that nothing else was disturbed or taken. Several suspects are being sought, for questioning, he said.

MORE BOAT SPACE

The Farms will expend \$560.35 for four eight-foot sections of steel pier, to provide eight additional boat mooring spaces at the Pier-Park, and \$144 for eight buoys to go with the pier. The city council approved the costs Monday, June 15.

Hunt Club's Horse Show Attracts Finest Animals Here for Four-Day Stay

Expect Total of 400 Entries in 102 Classes to be Judged Between Thursday Morning and Close On Sunday Night
The 48th annual Grosse Pointe Hunt Club Horse Show is being held at the Hunt Club grounds on Cook road from Thursday morning through Sunday night.

The show is bursting at the seams this year with more classes and more entries than ever before. Early this week, club manager Carl Schilling announced that the maximum stall capacity of 350 horses had already been assigned. He didn't see where he could stable any more horses, since three big tents have already been erected to shelter the incoming stables from 14 states and the Dominion of Canada.

Car Knocks Boy Off His Bicycle

Walter Dossin II, 14, of 1015 Kensington, was knocked from his bicycle when a car driven by Katherine Broyles Kerr, of 1027 Harvard, pulled away from the curb and hit the bicycle.

The accident occurred Saturday, June 13, in front of 17145 Kercheval. Mrs. Kerr was ticketed for not having her car under control. Walter, was taken to Bon Secours hospital with an injured left knee and a further check up.

Possession of Fireworks Gets Youths in Trouble

Two 16-year-old Park boys were arrested by Park police on Friday, June 12, and charged with possession and selling of fireworks. The youths, according to Police Chief Arthur Louwers, made a trip to Toledo, and purchased a large amount of the fireworks and returned. They sold the contraband to children at different schools and at the waterfront park, the chief said.

Polio Report Submitted by Health Head

Dr. Thomas Davies Confident Pointe is Well Immunized Against Dread Disease
Polio appears to be on the wane in the Pointe, according to Dr. Thomas Davies, Pointe Health Commissioner, who disclosed that the number of cases has taken a decided drop since 1953. There have been no polio deaths since 1954.

There has been no report of polio cases in the Pointe this year as yet. Last year, the first case was made known on July 14. This is not the polio season, the doctor said, but it is hoped that the disease has been "pretty well licked" as a result of the recent immunization program. Detroit had five cases by last week.

The Pointe health officer, to illustrate the effectiveness of the immunization program, gave these figures to show how the number of cases dropped: **Report by Years**
In 1953, polio hit 53 persons, and of this number, 16 were infected with the paralytic type, resulting in one death. In 1954, there were 43 hit, of which 19 were paralytics. (Continued on Page 3)

Hit-Run Driver Nabbed by Police

John Miller Jr., of 395 Rivard boulevard, reported to the City police that his car, a 1958 Chevrolet station wagon, was hit by another car, while parked on the street in front of his home, Saturday, June 13. A neighbor, Mr. Charles Barton of 394 Rivard, saw the accident and gave the police a description of the car that hit Miller's car. Officers Edward Behrend and Blair Martin apprehended the car, a turquoise and green 1958 station wagon, at Bluehill and Mack. Alfred N. Nagy, of 10844 McKinney, Detroit, age 17, was the driver. He was accompanied by three other youths. Young Nagy was ticketed for a hit and run accident and the car, which belonged to his father, Mr. Alfred Nagy, was held for Mr. Nagy to identify. The damage to Miller's car was a deep indentation along the left side. Nagy's car had a damaged left bumper.

Farms Pays Off Big Debt For Drainage

Final Payment Made to Retire \$542,000 Worth of 30-Year-Old Bonds
The final payment of the Black Marsh Enclosure Sewer Bonds cleared the Farms of a huge debt contracted 30 years ago, it was brought out at a council meeting on Monday, June 15.

The initial amount of the debt was \$542,000 with bonds for that amount sold on June 1, 1929, following approval of local voters. The last payment which terminated the bond indebtedness was \$21,000, the council was told by City Clerk Dawson Nacy.

The Farms was the second Pointe to complete its obligation in regard to the Black Marsh Drain. The City will clear its two-bond issues debt in February 1960.

Paper Ran Coupons
In order to obtain a clearer picture, the NEWS, for a three-week period, printed coupons, requesting residents to fill them out, indicating whether or not they have seen dead birds that might have died as a result of the present spray being used.

Bird Lovers, Taking Advantage of the Coupons, Sent More than 100 Replies into the NEWS Office—letters were also written, adding to the complaint of the potency of the chemical.

Have Bird Cemetery
One mother called us as late as Tuesday, June 16, to disclose that her children found as many as 18 dead birds, and buried them in the back yard of her home. There are 18 little crosses to mark the graves. An extra cross marks the grave of a rabbit killed by the DDT, the mother added.

Flow Into Fox Creek
Running under the full length of Chalfonte, the Black Marsh Drain cuts diagonally across the City and the Park to Jefferson and Alter road in Detroit and empties out into Fox Creek, which is paralleled by Alter and Ashland street.

Pedestrians and Driver Blamed After Accident
Two young pedestrians, injured when they were hit by a car while they were standing in the middle of the street, were charged with interfering with moving traffic, and the driver was charged with not having his car under control.

Injured were William Lafer, 19, of 53 Oxford, who suffered head injuries, and Miss Eleanor Jacobson, 20, of 803 Berkshire, whose left foot was hurt. The driver was Clarence Wagner, 52, of 6006 Dickerson, Detroit. The accident took place at Kercheval and Lakepointe on Monday, June 8, according to a Park police report.

Lafer and Miss Jacobson were taken to Bon Secours Hospital for treatment, and Lafer was detained there until x-rays determined the extent of his injuries. Police said that Wagner was driving east on Kercheval, when he struck Lafer and Miss Jacobson, who were standing in the middle of the street, waiting for traffic to clear. They were knocked to the pavement. Wagner claimed the couple had stepped out from between two cars, and he did not see them in time to avoid running them down.

Garden Group Asks Farms For Change

Passes Resolution Suggesting Use of Chemical That Will Not Kill
The Farms council has decided to defer action on what steps to take regarding the type of spray to use, and whether it is feasible to spray elms during both dormant and foliage stages.

At a regular meeting held on Monday, June 15, the council placed on file, a letter from the Grosse Pointe Farm and Garden Club, in which the organization disclosed it has passed a resolution suggesting that the five Pointes use "Malthion" in the spraying of elm trees, rather than sprays containing DDT, to control Dutch Elm Disease.

Skip Foliage Spray
It was brought out at the meeting that a number of municipalities have maintained control of the disease with only the dormant spray, foregoing foliage spraying.

Mayor William Connolly suggested that the matter be tabled until the State Agricultural Department can present information on how best to handle the problem.

The DDT element in the sprays now being used, has created a controversy among a good number of Pointe residents, who claim that the chemical has caused the death of countless birds. At least, it is said, a marked absence of feathery creatures has been noted since the spray has been in use.

Two months ago a survey of the five Pointe city halls, disclosed a dearth of complaints pertaining to the toxic quality of elm spray killing the birds.

Even after the printing of the coupons was discontinued, letters continued to come to the NEWS office, some from older residents and some from little children, who state they have found dead birds of every species, shortly after the cities have completed their spraying programs.

Have Bird Cemetery
One mother called us as late as Tuesday, June 16, to disclose that her children found as many as 18 dead birds, and buried them in the back yard of her home. There are 18 little crosses to mark the graves. An extra cross marks the grave of a rabbit killed by the DDT, the mother added.

A campaign is underway by the Farms and Garden Club, and other organizations, to have the cities change the type of elm spray chemicals, something that will kill the elm beetle, but be harmless to birds and other creatures.

Michigan Synod Picks Newberry

A new Moderator to succeed Rev. Elmer J. Braden was chosen at the annual meeting of the Synod of Michigan, the United Presbyterian Church in the U.S.A., held at Alma College, June 8 to 11.

He is LaMar Newberry, Elder at Grosse Pointe Memorial Church. Mr. Newberry has been an active layman and has served on the general council of the Synod of Michigan.

REVOLVER STOLEN

Donald Rosatti of 311 Stephens road, informed Farms police on Monday, June 15, that a .38 caliber revolver and two boxes of shells were stolen from his car at St. Clair and Mack, on the Detroit side. He has a concealed weapons permit.

LARCENY REPORTED
Lawrence Reif, of 11 Fair Lake lane, complained to Shores police on Sunday, June 14, that an unknown person broke into his garage and stole a case of beer and a case of soft drinks.

Farms Pays Off Big Debt

Girard Drains, at a cost of more than 11 million dollars. Macomb County is also taking

part, since a section of the drain will benefit St. Clair Shores.
The Black Marsh Drain drains a major portion of the Woods and a part of the south end of Harper Woods; the Girard Drain drains a major area of Harper Woods, and a part of the Woods; and the Milk River Drain drains a part of the Woods and St. Clair Shores, while conducting all the storm water from the Girard and Black Marsh Drains to Lake St. Clair.

The total cost of this project will be shared proportionately by the State, Wayne County, the Woods, Harper Woods and St. Clair Shores, the latter paying its share on the Milk River Drain only.

APPROVE PAYMENT

The Farms council on Monday, June 15, approved final payment, amounting to \$1,186,277, to Teetaert and Wybo Construction Company, for the construction of drains and installation of trenches at Kerby Field.

Polio Report

(Continued from Page 1) and one death; in 1955 (the year young school children were first inoculated with the newly discovered Salk Vaccine), 20 cases, including one paralytic, were reported.

In 1956, the number of persons hit was three, of which one was paralytic; in 1957, it was seven with one paralytic; and in 1958, 12 cases, with three paralytics.

Dr. Davies said that he is confident that the people of the Pointe are well immunized against the dread disease, due to the gigantic immunization program carried out recently in the Pointe and other communities. He estimated that about 30,000 shots have been administered during the three clinics held in the Pointe area.

Shouldn't Delay
However, the doctor said, people who need any of the series of shots, and have not yet received them, should do so at once. They should not delay, he said.

"Everyone who protects himself," Dr. Davies said, "is protecting his neighbor. Family doctors, as well as others in the medical profession, are doing a tremendous job in trying to keep down the polio rate. They are always ready to give Salk Vaccine to anyone who wants it. People should take advantage of this, and see the doctor of their choice for the shots."

Keep Eye on Schools
He said that an eye has been kept on the school children in the Pointe, through periodic checks of schools, to make sure that the students have had their shots. Those who have not had shots, or have not completed the series, are encouraged to have their parents take them to their family doctors to have this done. Questionnaire blanks are provided for the purpose of determining which student has, or has not, been immunized, he added.

Station Wagon Cavalcade Leaves for West Saturday

On Saturday morning, June 20, the parking lot at Grosse Pointe High School will be witness to a scene which has been repeated for many years. Almost one thousand teenagers and adults will gather to see Chet Sampson's Western Tours take off.
They will include not only those taking the tour, and their parents, families, and friends, but many hundred "veterans" of the tours, who make a point each June of seeing the latest tours off for the summer.
The scene will be slightly different this year, however, as Chet Sampson will be one of those wishing the group "bon voyage," as Bill and Judy Winkler take over the summer tours. Having participated in them many times as staff members, they now take over as the directors.
It was exactly 20 years ago that Chet took off with the first teen-age tour, and it was also from Grosse Pointe High School that they started. Now 20 years later, he joins the four thousand veterans of the tours.
Next week, however, he will fly out to Hollywood to make the usual preparations there to entertain the group when they arrive on July 4, to check into the hotel, change

into fancier clothes mailed out to them, and begin a whirlwind, exciting visit to the movie and TV capital of the world. Tours to movie studios and to the homes of stars participating on several national TV shows, visits to the Hollywood Bowl, Disneyland, and the Moulin Rouge, and many more activities will await them.

Then, upon the return in late July of this group, Judy and Bill will take off a week later, on August 1, with a second group, made up of both boys and girls, for an identical tour of the national parks of the West.

The fleet of station wagons, with special trailers for cooking and clothing, will cover 7500 miles on each of the tours, and pass through 14 states and eight national parks. Except for Hollywood, sleeping bags will be the order of the day, and most meals will be prepared by the group in its own highly-organized kitchen. All equipment is open to inspection on departure day, as parents are most interested in learning how their children's needs will be cared for.

The girls and boys come from many cities, not only in Michigan, but from the East and Midwest, and the college-age drivers come from colleges in both the East and West, as well as from Europe, all adding greatly to the tours.

The man who has the right kind of religion never expects his wife to carry the load.

Form Ball Loop For Older Boys

Soon boys 16 to 19 years of age living in Grosse Pointe will have a chance to demonstrate their wares in organized baseball. They will do this through the newly formed Grosse Pointe League, founded by Jack Ramsdell.
Opening tryouts for the league's four teams will begin on June 21, at 2 o'clock, on Grosse Pointe High's main diamond. The managers, after several practices, will cut their rosters down to the maximum of 15 players.
The league will have only four teams to enable many games (20-30) to be played and to maintain a high class of player personnel, comparable to Fireman's and American Legion baseball.
Grosse Pointe High's varsity Coach Ed Wernet said: "Grosse Pointe League, if given favorable support, could develop into a farm system for our future varsity teams. I personally feel that it is just the thing that the Grosse Pointe area needs."

The board of directors, who will guide the league, are Bill Brown, Leo Collins, George Ewald, Bernard Kolojeski, Larry Gentile and Paul Tripp Jr.
Three former pro-ballplayers have offered to lend a hand in managing. They are: George Neirink, John Orlando and Len Spanick. They played in the Brooklyn, St. Louis, and Kansas City organizations respectively.
Roland Gray will work with the above-mentioned men.
To defray expenses a charge of \$10.00 will be assessed each boy upon his making one of the four squads.
All boys interested in playing in the league, between 16 and 19 years of age, but who are unable to attend the first two tryouts should contact Jack Ramsdell at TU 2-9199. Please make all calls before 7 p.m.

Henry Family Operating Saguenay Tour 32nd Year

in beauty to any of the famous resort spots around the globe. The tour includes one night and a day at the glamorous Queen Elizabeth Hotel in Montreal, recently completed at a cost of more than \$20,000,000. The schedule also calls for the complete Saguenay cruise from Montreal with the steamer making a stop at Murray Bay for a visit to the Manoir Richelieu, a fabulous hotel famed for its priceless paintings. Another interesting port of call is Tadoussac with its beautiful hotel and golf courses. At Bagotville the party will go ashore for an evening in the picturesque old village "where spinning wheels are still in use."

En route, the ship passes Capes Trinity and Eternity, which rise almost straight up

some 1,500 feet from the water's edge, in the narrows of the mystically beautiful Bay of Capes. Here the cruisers are awed by a vastness and beauty that will linger long in their memories. An imposing statue of Our Lady of the Cape stands atop the rocky cliff, higher than the Empire State and Penobscot Buildings combined.

Each tour features two nights at the famed Chateau Frontenac, castle-like hotel in the quaint city of Quebec and sightseeing at Montmorency Falls and the Shrine of St. Anne de Beaupre.

Information and reservations for these tours, Mr. Henry announces, can be obtained by calling the Paul Henry Travel Service, Inc. in the Washington Boulevard Building, Phone WO 1-7075.

Plush Maison Riviera to Open Soon

Delightful New Glamor Spot For Dining

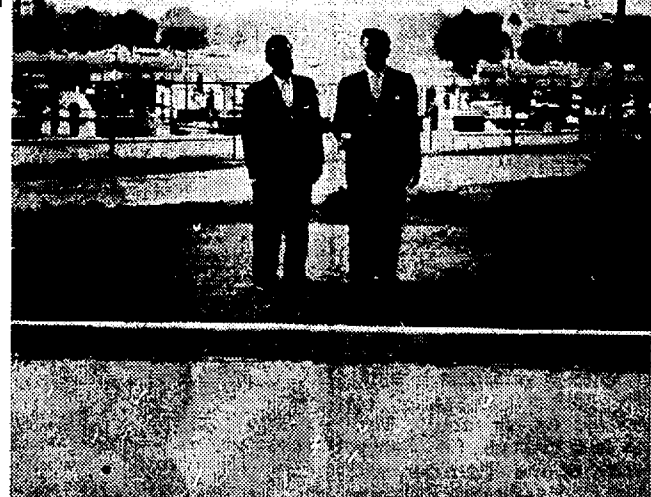

Mitchell R. Housey, one of Detroit's fine-food restaurateurs and a resident of Grosse Pointe Shores will shortly open the smart new restaurant, Maison Riviera, in the River House Apartments on the Detroit river in Indian Village.

Entrance to the restaurant is on the circular drive leading to the building's main entrance where regular attendants will care for the unchauffeured cars, parking them in a specially provided paved area less than 300 feet from the building. This new dining spot with its sumptuous cocktail lounge is fast nearing completion. Housey, who says its decor is second to none, expects to announce the opening within a week or two.

Theodore A. Rogroy, Detroit architect and Joseph Raymond, decorator on the staff of the Englander Company, assisted owner Housey in designing the restaurant and choosing its gracious yet elegant decor. Rudy Palombit, Grosse Pointe builder, is the general contractor.

The restaurant is singularly outstanding for its refrigerating and cooking areas, which are actually larger than the restaurant and cocktail lounge service areas combined. All equipment is of stainless steel and the air conditioning system is said not only to be entirely adequate but entails the latest advanced features for patron comfort.

With a seating capacity of less than 200 persons, the restaurant will direct its efforts toward serving by reservation, appealing to those who cherish dining in an atmosphere designed to complement the finer things in food and refreshments.

Shown above, coming across the circular driveway, with Jefferson Avenue in the background, are Maison Riviera's two Maitre d's, LARRY LAWRENCE and MANFRED ULBRICH who are at the restaurant daily assisting with arrangements prior to the opening. Both received their professional training in Europe and have been pleasing American diners since their arrival here several years ago.

Pleads Guilty To Burglary

Louis R. Proulx, 22, of 2999 Evalue, Hamtramck, arraigned before City Judge Douglas Paterson on Tuesday, June 9, pled guilty to breaking and entering in the night and being in possession of burglar tools. He waived examination.

Judge Paterson set a bond of \$1,000, which the accused man could not meet. Proulx was bound over to the Wayne County Circuit Court and the County Sheriff's Office to await trial.

Proulx was arrested on Monday, June 8, by City Patrolmen Duncan MacEachern and Edward MacEachern, who captured him minutes after he broke into a medical clinic at 17700 Mack avenue.

The officers were on routine patrol, checking doors of business places along Mack, when they found the front door of the clinic open and the door glass broken.

Patrolman MacEachern went in the front door, and Patrolman Behrendt went to the rear of the building.

Proulx apparently heard MacEachern at the front and ran toward the back, bursting out of the rear exit, to face the drawn service revolver of Behrendt. Proulx was ordered to put his hands up, which he did, offering no resistance.

Proulx, a cab driver, was taken to the station where he was booked for burglary and for possession of burglary tools. A warrant outlining the charges was obtained from the Wayne County Prosecutor's Office.

When people say things are fixed it usually means they are fixed for only a very few.

TIP TO MOTORISTS
Don't drive as if it were a matter of life or death—sometimes it happens to be just that.

Speeder Nabbed In Wild Chase

Lee V. Fielder, 26, of 4841 Fernwood, Detroit, nearly smashed up his car before he was arrested by Shore's Police on Monday, June 3.

Fielder was seen traveling south on Lake Shore road at a high rate of speed by Patrolman William Marshall, who took up the chase. Later, Patrolman Jack Lietke joined his colleague, with both officers clocking Fielder at 85 miles an hour.

A call for assistance to Farms police was made when it appeared that the motorist was edging away from the pursuing policemen.

At Deepcamps and Lake Shore, Fielder applied his brakes, and his car skidded a good 50 feet across Lake Shore, jumped a curb and hit a tree. There was no damage to the car.

Marshall and Lietke said that before he skidded, Fielder almost hit a bus as it was pulling away from the curb.

Fielder was arrested and taken to the station where he was ticketed for reckless driving and driving while under the influence of alcohol. He posted a \$100 bond, pending a court appearance on Saturday, June 20.

Woods Home Hit by Blaze

An alert neighbor of Lawrence Korte called Woods firemen on Friday, May 29, when he saw smoke pouring from the attic of the Korte residence, 1931 Lennon, possibly averting more serious damage to the house.

The family was not at home and the firefighters were forced to break a small glass pane of a door at the side of the house to gain entrance.

The fire had started just about the time the alarm was turned in. It was confined to one corner of the attic, in a pile of newspapers, lamps and a vacuum cleaner.

The blaze damaged the floor and part of the wall and a few roof boards, according to a fire report.

Fire officials believe that spontaneous combustion was started in the cleaner bag, since the blaze seemed to center around it.

The alarm was turned in by Frank Waldeck of 1933 Lennon, whose prompt call was credited by officials with keeping the damage to a minimum.

Trombly Principal To Attend Institute

Fifty elementary school teachers and supervisors from Michigan and other states will participate in a summer institute devoted to arithmetic teaching at the University of Michigan, July 20 through August 15.

The four-week program, offered under a grant from the National Science Foundation, will be directed by Joseph N. Payne, assistant professor of education. Associate director will be Blenadine Gibb, of Iowa State Teachers College.

Planning to attend the institute is Frank J. Welcembach of 1017 Nottingham, principal of Trombly School.

Life may be short—yet it gives most men time to outlive their good intentions.

Famed Painter Back at Center

When internationally famous Hughie Lee-Smith begins his landscape painting classes at the Grosse Pointe War Memorial next Monday and Tuesday, June 22 and 23, he will find full enrollments awaiting him. Interest is so great that it may be necessary to form a third class. Named to Lead In Torch Drive

Mrs. Paul E. Krause, 4182 Courville, Eastern Wayne County Torch Drive chairman, today named Mrs. Hugh C. Daly, 35 Lochmoor, and Mrs. David M. Whitney Jr., 77 Muskoka, as co-chairmen for the Grosse Pointe Region in the 1959 Torch Drive.

Mrs. Daly and Mrs. Whitney will direct the recruitment, training, and fund solicitation of volunteers who will canvass Grosse Pointe residences, business establishments and governmental offices during the drive to be held Oct. 13 through Nov. 5.

Mrs. Daly served as chairman of the Grosse Pointe Shores Division during the past two Torch Drives. Last fall, her division contributed \$71,596 against a quota of \$64,288, towards the \$16,410,000 raised in the Detroit area for 1959 budgets of 195 health and community services.

Mrs. Whitney served as an area chairman in last year's Torch Drive.

Mrs. Krause said that there would be two co-chairmen in each region in Eastern Wayne County this year, instead of one regional chairman as in past Torch Drives.

Letters to the Editor

To The Editor:— Thank you for this opportunity to express my appreciation to all of my friends in the Grosse Pointe District for the wonderful support which they gave me in the School Election on June 8. I also appreciate the support given me by your paper.

I am very grateful for my friends for the time and energy which they spent in my behalf and which resulted in my re-election. I should like to assure them that I shall do the job to the best of my ability, always working for the good of the boys and girls of Grosse Pointe.

Sincerely yours, RUTH H. GOEBEL, MRS. HUBERT G. GOEBEL, 193 McKinley

June 10, 1959

Dear Sir: A situation at the Grosse Pointe Woods Lake Front Park has come rather unpleasantly to my attention and I feel that it merits the attention of the Woods residents as well as officials.

At 7:30 p.m. on June 9, I was informed by the night gatekeeper that the Park closed at 9 p.m. I arrived back at the Park at 8:45 p.m., by the same gatekeeper's own watch, to pick up a group of neighborhood youngsters who were to meet me at the Park gatehouse at 9 p.m.

Because it was dark at that hour, I could not see that the Park gate was closed until I had already turned into the entrance driveway. I had to back my car out into the extremely heavy traffic on Lakeshore road. I finally parked my car just outside the exit gate in a spot off the street and walked inside to wait for my passengers. It was at this point I asked the gatekeeper the time and was told it was fifteen minutes to nine.

While waiting, I observed that at least 20 cars, perhaps more, made the turn into the entrance driveway (several at one time) and all of them had to back out into the Lakeshore Road traffic. I brought this observation to the gatekeeper's attention. Since it was not yet 9 o'clock and since he had to stop every car for permit inspection anyway, I asked why all those cars could not have been directed through the entrance gate and on out through the exit gate. It is not necessary to enter the Park proper to do this and in this way he could have told uninformed late comers that the Park was closing, parents could have picked up their children, everybody could have reentered Lakeshore Road in a safe, lawful manner, and he

Farms to Lose Edmund West

The resignation of Edmund G. West, Farms deputy city clerk and controller, was accepted with regret by the Farms council on Monday, June 15.

West, has been assistant to City Clerk Dawson since June 1, 1958, coming from the Grosse Pointe Board of Education from which he retired. He held the city post on a part time basis.

The resignation becomes effective on Tuesday, June 30. West presented his resignation with regret, expressing his appreciation for the cooperation of the officials "of the best Pointe city."

Appointed to succeed West, is John M. Cantwell, who currently is aide to both West and Nancy. The appointment becomes effective June 30.

Virginia Younan of 14262 Kilbourne, Detroit, was approved as an assistant bookkeeper in the Controller's Office, to fill the vacancy created by the promotion of Cantwell. She started working for the city on Monday, June 15, on a probationary basis.

could have locked the gate at 9 p.m. I realize that the Park gatekeeper must be strict in carrying out the rules of the Park and in admitting only those persons entitled to Park privileges. My question was, I thought, a reasonable inquiry but apparently, in his opinion, it was not. His gruff, discourteous reply was an attempt to belittle the question and justify the traffic tie-up which he said was not his problem although it was obvious that at least part of the traffic difficulty was the result of his closing the gate a quarter of an hour earlier than the official, publicized closing time.

All of the foregoing has prompted me to offer the suggestion that it would perhaps be money well spent to relocate the Park gate and place a double two-way gate across the driveway that leads directly into the Park and toward the bridge. This would leave the entrance driveway completely outside the Park proper and permit free, safe entrance and exit facilities to and from Lake Shore road. Perhaps as a temporary alternative some kind of lighting could be placed near the present gate so that night drivers could see that it was closed before making the turn into the entrance driveway. I feel certain that such an improvement would permit residents who enjoy the Park at night when the summer traffic on Lakeshore road is so heavy to enter and leave the Park more safely.

Yours very truly, Joyce B. Carlson, 1035 Hampton Rd. Grosse Pointe Woods

Dear Grosse Pointe News: This afternoon when we were playing baseball my little brother found a young Robin on the grass. He kept flapping his wings but he couldn't fly at all. We all thought his wing was broken or his leg. We carefully put him in a shoe box with some grass. Then we took him to the lady across the street. She looked at him and said that nothing was broken at all. She said he had been POISONED! They tell us the stuff on the trees kills the birds. And that this bird will die too. Do they have to put that stuff on the trees? It seems so awful to have the baby birds die that way.

Very sincerely, Catherine Gould, age 9 (262 Hillcrest road)

June 9, 1959

To the Editor: This letter is to express appreciation to the Grosse Pointe News for publishing on Thursday, June 4, 1959 the full page entitled, "Put Some Thought Behind Your Vote." The answers to the six questions from all the candidates were very helpful to me in casting my vote. It was a splendid public service to provide this information to Grosse Pointe voters.

Cordially yours, F. C. Rosecrance

William B. Trousdale Wins Ford Fellowship

William B. Trousdale, 1948 graduate of Grosse Pointe High School, was recently awarded a Ford Fellowship. A graduate student at the University of Michigan, Mr. Trousdale now makes his home in Ann Arbor. His former residence was in McKinley Avenue with his parents, Mr. and Mrs. James Trousdale. The fellowships carry stipends ranging from \$3,000 to \$10,000 to cover tuition, travel costs, and expenses. Studies of Asia, the Near East, Russia, Eastern Europe, and Africa will be among the chief objectives of these scholars.

Grosse Exaggerations

Questionable Commercials

Television commercials have long since been the butt of many a complaint or joke but thank Allah, they ARE improving. However, there are a few die-hards on Madison Avenue, N.Y.C., who still thing they are dealing with a faceless mob of morons who will swallow anything inside OR outside a bottle. We have a good instance in a rather recent commercial about a reducing tablet. It COULD be that the pill in question does bring the desired results . . . but the way it is presented is to HOWL.

The short movie shows a woman who a month or so ago, wore something in the hundred and seventies. NOW, after taking the whoozit pills . . . she is down to a neat ONE HUNDRED AND FORTY SEVEN POUNDS . . . and wears a size TWELVE dress! THIS we would like to see! At 178 she wore a size 18 . . . now it is 12. We happen to know two people who weigh approximately 145 pounds and they wear size 2 1/2 frocks. But THIS gal wears a 12; As for Pryor, who is 188 pounds with a 36-27-36 figure . . . we can barely squeak into a 12 with the waistline let OUT. How gullible is the public supposed to be??? And by the way, for interested males . . . we are giving out ONLY our measurements . . . NOT our telephone number!

If a Pane Gives You a Pain

Since we wrote about the trouble we had getting a glazier to fix a small window pane . . . we had several calls asking for the telephone number of one who WOULD. Well, we lost the number, but a veddy nace G. P. News reader called to tell us she found such a gent advertised in our very own newspaper. Soooo, for anyone who has pains over panes, no matter how small . . . a Mr. Orman at Valley 1-9321 will be glad to take care of the job. Believe us, he is in a class by himself. He also does window washing.

Telephonic Teen-Agers

This will be no news to parents of teenagers but in any case it is fun. A father who got tired of his 16-year-old daughter on the phone morning, noon and night . . . decided to give her her VERY OWN telephone for her birthday. She was beside herself with joy . . . with her own phone and own phone number and right next to her bed, yet. The first two days and nights of the installment, she used her phone constantly. Everyone was happy.

After the first week, Dad came home to find daughter dear in a lengthy conversation on the FAMILY phone, in the library. When she finally hung up, he took her by the hand and led her to her bedroom. Pointing at HER phone, he said: "Look . . . THIS IS YOUR PHONE . . . the other one you were using just now is for US. What's the idea? WHY do you think I GOT this phone just for you?" The offspring replied: "Well Daddy . . . I gave all my friends my own telephone number but how can they call me when I'm using it? I've just got to do MY phoning on the house telephone so they can call me on my number!" You just can't win, Pop!

The Deep, Deep South

A College girl who had her third or fourth disappointment on a "double date" . . . came home one evening and said to her roommate, a Southern belle . . . "I've decided that men are all alike." Our heroine from the South replied: "That's wonderful. Ah agree with you a hundred percent. Men are all AH like, too."

Pups

For those of you who have never owned a puppy, you have something to look forward to . . . no matter what age . . . YOU, that is, not the puppy. Our talk-of-the-town NUBA (the Grosse Pointe News DORG) gave birth about nine weeks ago, to five puppies. After fixing the place of accouchement, she blithely produced them on the bare floor under a chair. This was on a Friday . . . and Saturday afternoon, she was in the back yard chasing a ball!

After the weening period was over (all too soon to suit us) . . . she walked out and left the brood for us to look after. Five puppies all scrambling around at once . . . biting and clawing the legs and feet whenever one appears . . . is disconcerting to say the least. A rat pack or a swarm of locusts might best describe the situation. We found that the only way we could enter the room where they were living . . . was to sneak in while someone else distracted them for a moment, then sit on our feet and legs in two galvanized pails.

For DAYS, our arms looked as if we were in a bear fight . . . and if anyone is interested in reducing by the "bending down" method . . . we can heartily endorse taking care of five pups. All you need are a couple of boxes of Kleenex under one arm and a large sponge in the other hand . . . and away you go! BUT we wouldn't trade the experience for all the coffee in Brazil.

Provide Program For Fluoridation

Children in the second, fifth, and eighth grades of Grosse Pointe schools will be eligible for fluoridation treatments next fall.

This program, at a greatly reduced cost to parents, is provided through the Mothers' Health Educational Council of Grosse Pointe in an effort to reduce dental decay among school children in the Grosse Pointe area.

Three area dentists, Dr. John Pericin, Dr. Thomas W. Kelly, and Dr. Richard Knoff, cooperate in the program which is carried on at the schools. Members of the Council volunteer help for the dentists at each treatment session.

The program, begun in 1950, has already provided treatment for more than 1,000 children each year, including 1,211 in 1959.

The recent inclusion of St. Paul's school means that all public and private schools in the district are participating. Each member school sends four delegates to the Health Education Council.

DIVER INJURED

Robert Powrie, 18, of 1081 Philip, Detroit, suffered a severe gash on the top of his head while diving in the pool at the Park's waterfront park on Thursday, June 11. He was taken to Bon Secours by police, where 20 stitches were required to close the wound.

What Goes On at Your Library

By Jean Taylor

This week we initiate the summer film program for boys and girls, at the three Grosse Pointe libraries. Movies will be shown at the Park Branch Thursday mornings at 10 o'clock; at the Woods Branch Fridays at 10, and at the Central Library Fridays at 2 in the afternoon.

Again we have arranged a short program to alternate with a long one every other week. The longer programs are geared to the interests of the older boys and girls, while the shorter will appeal to younger children. The first film, "The Black Arrow," to be shown June 18 and 19, is one of the longer ones, about an hour and a quarter in length. It is based on a favorite story of Robert Louis Stevenson's, a tale of adventure during the Wars of the Roses when Henry VI precariously occupies the throne of England. A trial by combat between two knights in armor, mounted on armored horses, presents a spectacular climax to a gripping story. Starring in the picture are Louis Hayward, Janet Blair and Edgar Buchanan.

Again the library offers vacationing the privilege of taking books with them if they are leaving the city. These may be kept until the first of October. It is necessary to notify the librarian of vacation plans, however, in order to have this extension of time. Adults may take a reasonable number of books, excluding current titles. Children are limited to eight.

If a camping trip is on the agenda, the "Complete Book of Camping and Outdoors" by L. R. Koller will give you valuable information about camping for the entire family. It tells you how to plan the trip, what to take along, and gives cooking suggestions and a work program, as well as some useful hints on safety and first aid. It also explains how to use map and compass, cameras and binoculars. Camp sites across the nation are listed by states.

Workers will find "The Complete Book of Campfire Programs" by La Rue A. Thurston, indispensable. They will find here concrete suggestions for program planning, ceremonies, games, stunts, songs, story telling and ideas which will encourage the ingenuity and creative talent of the leaders as well as the young campers.

Ray Otting and Mabel O. Robson have written a helpful book on culinary lore, "Camping and Outdoor Cooking." This contains dozens of tempting easy-to-fix recipes. Suggestions for food for picnics and back yard barbecues are included as well as for more extended forays into the wilds, such as hunting, fishing and canoe trips. Inexpensive and handy home-made equipment is featured. Especially helpful is a chapter on dehydrated and concentrated foods.

"In no place does imagination pay greater dividends than in the galley of a cruiser with a hungry crew aboard," says Kathrene Pinkerton in her recent book "Cooking Afloat." The result of seven years of short and long cruises, the author shares with her readers her own experiences as a cruiser cook. "Each boat and each cruise," she explains, "is different. The food list is always a juggling act between the galley equipment, length of the cruise, number of people aboard, marketing possibilities along the way, and amount of stowage space the cook can wrangle from the skipper." Her recipes are aimed to take care of expanded outdoor appetites, but many of them sound delicious, even if there were no sea air to aid and abet the taste buds. Safety precautions are stressed too, so that the careful cook will be protected at all times.

How About One Of Those Wonder Drugs?

By Fred Kopp, R. Ph.

"I've got a cold," the man said, and he went on to ask for a "wonder drug." The pharmacist sold him some aspirin and advised him to see his physician. As it happened the aspirin fixed him up fine, but the point is this: Pharmacists are not physicians. We work with doctors, providing the drugs and medicines they prescribe. We have a professional knowledge of the powerful new "wonder drugs," so we know how important it is to use them correctly. Please do not feel offended when your pharmacist refuses to sell you a certain drug. It is for your protection and in the best interest of your good health. Always see your doctor when potent medication is required.

They wore turquoise sheaths of silk chiffon over taffeta. Their bouquets were pink roses and ivy.

Allen Wickizer was his brother's best man. They are the sons of the R. Park Wickizers, of South Bend, Ind.

Seating the guests were Bruce Dwyer, Robert Walker, Jr., Donald Priebe and Lawrence C. May, brother of the bride.

Mrs. May greeted guests at the Lochmoor reception in a pink silk organza over taffeta gown and orchids. Mrs. Wickizer was in beige silk organza with orchids.

The daughter of the William H. Denlers, of Cloverly road, wore an ivory silk taffeta gown fashioned on princess lines with a scooped neckline appliqued with heirloom lace, the skirt deepening into a cathedral train.

The heirloom lace veil with scalloped edges worn madonna style has been in five weddings of the bride's mother's family. Her cascade bouquet was of Eucharist lilies, stephanotis and ivy.

They were gowned in fern green silk organza made with a dropped bodice, square necklines and full skirts. Their halos of tiny ivy leaves held short full face veils. They carried white roses and ivy.

Bonnie Denler, the bride's niece, was flower girl in white organza over fern green taffeta and carried a basket of rose petals.

Mr. Murray, son of the senior Murrays, of Cohasset, Mass., asked his brother, Wenden

dell P. Murray II to be best man. Also on the esquire side were William J. Denler, the bride's brother; Donald Broderick, Eugene F. Wambold, Jr.; Stanley Cooper, of Cincinnati, and David C. Lee, of Wellesley, Mass.

For the ceremony the bride wore a gown of silk organza fashioned with a bodice of Chantilly lace with more lace applied in star fashion on the bouffant skirt, which had a chapel train.

A cap of Chantilly lace held her silk illusion veil. She carried gardenias and stephanotis.

In hyacinth organza embroidered in pale pink rosebuds and accented with an empire pink satin sash was the matron of honor, Mrs. Leon Mandel III, of San Francisco, Calif. With it she wore a matching headband and carried variegated shades of pink roses.

Dressed like the honor attendant were the bridesmaids, Mary Jane Vrooman, the bridegroom's sister; Mary Fischer, of Wilkes Barre, Pa.; Joel Grundy, Carol Bayless and Donna Graham Gorenflo. Donald Healy, of Rome, N.Y., was best man and the ushers were William Stevens, of New York; Leon Mandel

For her daughter's wedding and the breakfast reception at the Detroit Yacht Club Mrs. Eskridge wore a taupe chiffon sheath with a pink flowered hat and gloves and sweetheart roses.

Mrs. Vrooman was in soft blue organza with a small matching hat and white orchids.

For traveling East the bride changed into a black Italian silk suit with matching accessories and rubrum lilies.

The newlyweds will live near Fort Dix, N.J., where Lt. Vrooman is stationed until October.

GPYC Will Honor Fathers and Sons

Boat Rides, Trampoline Act, Diving Contest, Dinner and Floor Show To Be Features of Big Day This Sunday; Bryan A. Chaplow, Chairman

Grosse Pointe Yacht Club members will not write "finis" to Father's Day when this coming Sunday, June 21, ends — rather they'll celebrate with a special Father and Son Day next Wednesday, June 24.

The stag party for dads and lads will climax the GPYC's June festivities which featured the beautiful Boat Hop and Shore Dinner last Friday, and the Cruise to the South Sea Islands (at Old Club) this week.

Father and Son Day is to have all sorts of fun—in charge are Bryan A. Chaplow, chairman, and committee members Joseph E. Begin, John C. Griffin, Herbert W. Hart, Fred A. Hood Jr., L. George Hooper, Hamilton F. Kotcher, Emmett J. McNamara, William M. Schmidt, Howard A. Shaw and Wilfred P. Whyte.

From 4 to 6 p.m. there'll be boat rides in GPYC members' cruisers. Then the program will present the Springdiggers, billed as the world's foremost trampoline act.

A pop bar on the lawn and a money diving contest in the swimming pool will be popular diversions.

Dinner is slated for 6:30 p.m., then the entertainment starts: Milky the Clown; Mel Snyder, the Balloon Man; Eddie Schick, accordionist; Geanne Darr, singer. Each boy will receive a souvenir gift.

Early reservations are the request of Chairman Chaplow and the committee—to know early how many are coming is important to planning, they say.

June 12's Boat Hop and Shore Dinner was a big and wonderful fete—if GPYC had ordered the weather, the night couldn't have been finer after a hot, hot day. The lake scarcely rippled — as dusk came on, the prettiest young moon peeped coyly around the slim tower of the clubhouse.

A capacity crowd streamed in from 6 o'clock — they inspected the boats (a stunning sight with their dress flags), strolled the docks, had cocktails on the lawn, dined festively (lobster, clams and shrimp, baked potatoes and corn on the cob) and danced

tirelessly to the music of Art Quatro and his band.

Back and forth everyone trooped in the early evening, visiting the Manfred Burleighs' 77-footer, Inez; the Stanley Willis 63-foot motor sailer Verlane, the John Mansfields' Jamaica II, and a host of other cruisers.

Mr. and Mrs. Glendon Roberts were on their Glori Bea IV—with them were the Ray Whytes, the Eugene Gargaros, and Mrs. Robert Keller who had arrived the preceding day from her home in Brentwood, Calif., to visit her parents-in-law, the K. T. Kellers, and sea-long-time friends here. The Whytes were to be off Sunday for Europe with son Tom and nephew Allan Schroeder—Mesdames Roberts and Gargaro had given a beautiful luncheon at GPYC that afternoon for Mrs. Whyte.

Noted with the Anthony Mutschalls on their boat Cissie were Mr. and Mrs. Fred B. Herz, and the Henry deSegur Laues were with the John Mansfields. Como. and Mrs. Robert Weber were on their Maroda, and Vice Como. and Mrs. William A. Ternes on their Madlynn.

Seen as they strolled, danced or dined were Rear Como. and Mrs. John R. Wilt, the Stark Hickeys, the Frank A. Krues in a sixsome with the Robert Krues and Reid Hallas; the Bryan Chaplows, Paul Morelands, Howard Shaws, George Cassidys, the Russell D. VanHoutens and daughter Patricia; the William M. Schmidts (he was Boat Hop chairman), the Emmett and John McNamaras on their cruiser Sun Bum; the Rex Brophys, Mr. and Mrs. Tom Fox, Dr. and Mrs. Karl Weber and the Clarence K. Johnstons.

Three Debuts Mark Tuesday

Before a background of pink and white summer blooms Carol Peetz was presented to society Tuesday evening at a dinner at the Country Club by her mother, Mrs. Verlinden Peetz, of University Place.

Carol's white chiffon gown was designed with a full pleated skirt and she carried her uncle, Otis U. Walker's gift bouquet of sweetheart roses.

Mrs. Peetz received her guests in a white silk organdy sheath embroidered with a pink floral design.

Pink cloths covered the dinner tables which were centered with hurricane lamps and arrangements of white flowers.

Guests stayed on at the Country Club for the dance at which Mr. and Mrs. Leet M. Denton, of Oxford road, and Mr. and Mrs. Walter D. Baldwin, of Oxford road, presented their daughters, Linda Denton and Judy Baldwin.

The Great Hall of the Club was decked with trees covered with yellow and white flowers and small twinkling lights. Both fireplaces were banked with greens as were the chandeliers from which mirrored balls were suspended. Over the archways hung white birdcages with white birds.

EDDIE PAWL, owner of the beautiful restaurant of the same name, proudly displays the fruits of an extensive search for appropriate New Year's Eve decorations and noisemakers for the grand opening scheduled for next Tuesday, Wednesday and Thursday.

While Santa's little helpers are busy preparing for next Christmas, Eddie Pawl seems to be one step ahead of them and is already planning a New Year's celebration!

When you enter the front door of Eddie Pawl's Dining Room at 15241 E. Warren (formerly Sid's Cafe) you can sense the bee-hive activity in preparation for the unusual Grand Opening entitled, "January in June," which is scheduled for June 23, 24, and 25.

The unique opening will feature a typical New Year's Eve atmosphere. Pawl's busy little elves have been searching and calling throughout the States for appropriate noisemakers, hats, horns, etc. According to Pawl, "It wasn't the easiest thing, locating New Year's Eve decorations in the middle of June, but everything is under control and will be ready for our Grand Opening . . ." and under control it is, even to helium-filled balloons to cover the entire ceiling of the beautiful main dining room.

Love has a way of making the world go around, but it never has solved the problem of how to make both ends meet.

"As long as I can remember, I've had a special feeling for New Year's Eve and this is what you might say the start of a New Year for me," Pawl added.

Pawl, who purchased Sid's from the Boesky's in 1958, has pumped over \$100,000 into re-

Hold Net Tournery At Country Club

The Country Club completed its annual Men's and Women's Invitational tennis tournament, Sunday, June 14.

The Junior tournament got underway on Tuesday, June 16, for boys and girls in two divisions. There were 18 entries in the 18 and under division and 20 entries in the 15 and under bracket.

Al Green Adding Hawaiian Room

Al Green's famous restaurant at East Jefferson and Beaconsfield is about ready to take the wraps off a brand new and glamorous addition to its many facilities.

The fascinating new Hawaiian Room will be open about the first of the month. Al has spent about \$40,000 and endless hours of time in selecting the furnishings and consulting with decorators while getting the new room in shape. He is confident that it will be most popular with Pointers and all the customers from all over the country who regularly beat a path to the doors of this time-honored eating place.

A staff of 11 Hawaiians has been hired to serve the new

room. There will be three bartenders, four cooks, two captains and two hostesses. A contract has been made with United Airlines to fly in fresh fruits, vegetables and flowers regularly. These will be in the restaurant within 24 hours after leaving the islands.

Watch for the announcement next week with all details.

Fire Officials Tour Air Base

Pointe fire officials were among the guests at the Selfridge Field on Friday, June 12, who were conducted on a tour of the Army Air Base.

At the field were Farms Chief M. William Mason, City Capt. George Poupard, Shores Lt. Harold Zeeb and Woods Lt. Donald Coats, and Harper Woods Chief Russell Teets. The Park was not represented, it was disclosed.

The tour included a viewing of the new F-102A-TF-102A, now at the Air Force Base. It is the latest in the area, and restricted.

The fire officials were shown films and firefighting equipment used in combating fires which may be caused in the event the new type plane

should ever crash. Information in fighting fires of this nature is in the hands of all the Pointe Fire Departments, it is said.

In the event of a crash, certain procedures will be followed by safety officers in the city in which the crash takes place, and they are:

1. Notify the commanding officer of the nearest Air Force Base;
2. Rope off an area completely surrounding the fallen plane;
3. Post a guard to keep all unauthorized persons from entering the area;
4. Allow no photographs to be taken.

All civilians within 500 yards of the fallen aircraft must be evacuated, according to information received.

Touring Netters To Meet Locals

A touring 18 and under tennis team from Charleston, Va., will match strokes with teenage players from Greater Detroit on Monday, June 22. The matches will be played on two courts. Grosse Pointe University School courts will be the site for the boys and the Detroit Tennis Club will be the site for the girls matches.

The match is being sponsored by the Southeastern Tennis Association and the Detroit Patrons Tennis Association.

Bob Wood, George Haggerty and Pete Monroe of the champion GPUS team will pace the local boys and will be greatly aided by Ron Linclau, number one singles player of the Grosse Pointe Blue Devil Border Cities League championship team. The boys will be coached by William Beyer and Gordon Wood.

Following the matches a dinner will be held at the Indian Village Tennis Club.

The Charleston team, upon completion of its tour, will have visited nine cities which include Cincinnati, Indianapolis, Chicago, Kalamazoo, Buffalo, Cleveland and Toronto, Canada.

Little League Tennis Planned

Little League Tennis, which was so successful last year under the direction of Ed Carroll, will be played again in Grosse Pointe this summer.

Carroll, Austin tennis coach, will hold the first organizational meeting at the Neighborhood Club on Monday, June 22, at 8 p.m. All adults interested in youngsters from 9 to 13 years old (both boys and girls) and in tennis are urged to attend.

Last year the league played matches on Neighborhood Club, GPUS, Grosse Pointe High and Grosse Pointe Park courts. More than 60 youngsters participated and learned basic fundamentals and thoroughly enjoyed the organized competition. There were eight teams, four boys and four girls, which were named after current outstanding players. The boys' teams were: Hoard, Kramer, Trabert and Gonzales. The girls' teams were: DuPont, Brough, Hart, and Fry.

The boys' championship was won by Gonzales and the girls' title was taken by DuPont. The season consisted of a first round in which each team played the other. This was followed by a post season tournament among the first three teams in each division.

Pudge Cavanaugh and Alex "Sandy" Wiener, two outstanding tennis notables in the Pointe, were the prime factors in getting the Little League started. With a good start under their belts they are expecting an even greater interest this summer.

PAT TALBOT

One of the rare summer sights on the lake is Mrs. Horace Dodge's yacht, the "Delphine," cruising from the dock where it is moored most of the season.

The Dodge brothers, John and Horace, made their own legend in the early part of this century. They grew up in Niles, Mich., where they worked in their father's machine shop.

At eight Horace became an entrepreneur, repairing fences in Niles, superintending the job which he hired a crew to do.

From a contemporary source comes this report of the brothers: "Work in that line and in those days was in both social and physical aspects a strength test."

In 1894 the brothers went to Windsor to build bicycles. Horace invented the ball bearing mechanism which was to bring him fame.

In 1902 Henry Ford asked them to make transmissions and steering gears for his new car.

In 1913 they had one customer, Ford, were doing half a million dollars worth of business a month, but they gave it all up to manufacture their own car.

While this great fortune was building up the Dodges were spending money, too. Horace built magnificent "Rose Terrace" in Grosse Pointe.

Horace senior was a fine musician, played the pipe organ at Rose Terrace for relaxation, was an original patron of the symphony, loved curling and hunting.

John, whose hobby was politics, owned a farm at Rochester and a home in Boston boulevard, but was building a \$3,000,000 mansion of 113 rooms and 18 baths.

John Dodge married Ivy S. Hawkins in 1892 and their children were Winifred, Isabel and John Duval Dodge.

In 1901 the first Mrs. John Dodge died and he married in 1907, Matilda Rausch. Their children were Frances, Daniel and Anna Dodge.

The Rose Terrace referred to above was the first Pointe home built by Horace Dodge, of red sandstone.

There was a very English array of dripping umbrellas under the waving Union Jack outside the British Consul's residence in Lakeland avenue last week for the reception Sir James and Lady Easton gave to celebrate Her Majesty Queen Elizabeth's birthday.

Although the day was wet the party was bright with English cheer. Lady Easton looked lovely in a beige organza frock dotted in white with a shawl collar.

The Consul's residence has just been done over by the Ministry in pale colors, white walls and green and white wallpaper, with a long screened porch overlooking the typically English gardens.

The lady in lavender was Mrs. Philip C. Baker last week in her pale amethyst suit matching the unusual amethyst and diamond pin on the jacket and the huge dinner ring on her right hand.

Boat lovers may like this bit of history... opposite the Henry B. Joy estate on lakeshore in the thirties was a fine dock and boat house.

And did you know that the Herbert Books had one bright room in their Windmill Pointe home in the thirties which housed 25 trilling canaries?

The college sons and daughters of the Welcome Wagon Club ladies gathered at a picnic at the City park on Saturday. Although their mothers are close friends the collegians were meeting for the first time.

DR. H. WARREN DUNHAM, OF FISHER ROAD

By Patricia Talbot

"I am skeptical of the increase in bona fide mental disease, but there does seem to be an increase in people who refuse to handle their problems themselves," says Dr. H. Warren Dunham, professor of sociology at Wayne State University since 1940 and recently granted a \$138,000 sum to make an epidemiological study of schizophrenia.

The grant, awarded for a three year term, was given by the National Institute of Mental Health. Dr. Dunham will be associated with Dr. Roger W. Howell, of Rivard boulevard, in this study.

Dr. Dunham has been working in the field of social psychiatry for 25 years, is the co-author with Dr. E. L. Faris of "Mental Diseases in Urban Areas," based on all types of mental diseases with Chicago the area of study.

This fall the sociologist will have two books published, "Sociological Theory in Mental Disorder" and "Culture of the State Mental Hospital."

Dr. Dunham took all three of his degrees at the University of Chicago after a boyhood spent in Nebraska. He has taught at Vanderbilt University, Stanford University, New York University and Howard University. Last winter, 1957-58, he was a Fulbright professor at the University of Amsterdam.

While he is attempting this current study Dr. Dunham will remain on the staff of Wayne, but will not teach. What is an epidemiological study of schizophrenia?

"This means that we are trying to pin down the relationship of schizophrenia with certain population groups, represented by certain classes, communities and families," said Dr. Dunham.

Most of the case histories will be gathered from patients in the hospital, but two selected areas will be done. A low and a high social and economic level will be sampled. Dr. Dunham tactfully says they have not considered the areas yet, but certainly a suburb such as the Pointe will be contemplated.

The two outstanding characteristics of schizophrenia mentioned by Dr. Dunham, who can reel off textbook definitions, are withdrawal from social contact and disordered thought processes.

Don't Have To Be Happy As a sociologist Dr. Dunham is interested in citizens' present preoccupation with status and conformity. He feels people today are too busy wanting to be happy and when they don't achieve this favored state of serenity constantly are too apt to take their troubles to an expert.

As a sociologist Dr. Dunham is interested in citizens' present preoccupation with status and conformity. He feels people today are too busy wanting to be happy and when they don't achieve this favored state of serenity constantly are too apt to take their troubles to an expert.

In his book-lined study, Dr. Dunham looks his professional role. He is a very easy man to talk to and he loves people, in spite of their problems and anxieties. He admits to anxieties himself but says this is as it should be. Not a great man for hobbies, most of his free time is taken up with further study on three

related subjects: criminology, juvenile court and the city. In 1956-57 he held the Leo M. Franklin chair at Wayne and published "The City in Mid-Century."

A Good Poker Hand

Dr. Dunham likes to chat with colleagues and friends; plays an occasional hand of bridge and loves poker.

His wife, a Russian who was educated abroad, also holds a doctor's degree, and teaches philology at Wayne. They both like to entertain their graduate students at small suppers. The couple have one daughter, Jeanie, who will be a sixth grader at Richard.

When the Dunhams returned from Europe they moved to the Fisher road colonial which has been their home for the past year. The Pointe's attraction was a good school for Jeanie and Dr. Dunham says "my wife is obsessed with the beach."

Do Pointers have fewer problems than their city neighbors? "No," says Dr. Dunham, "for the problems of the city are not escaped by moving." But there is a class variation in problems.

Dr. Dunham believes he is going against the tide but he does insist everyone should be able to get angry, feel conflict, even be unhappy. They are still normal. This should be very comforting to his Pointe neighbors.

By means of a rocker accessory, "premies" with respiratory difficulties can be constantly stimulated to move and to breathe deeply. This eliminates frequent turning and handling by a nurse.

Some five per cent of the nearly 1,000 babies born each year at Cottage Hospital are premature. A large percentage of them need treatment in this modern equipment. The two Isolettes and rocker which were contributed by the Women's Auxiliary of Cottage Hospital make the institution's premature nursery one of the best equipped on Detroit's east side.

Juniors Chart Symphony Plans

The Junior Women's Association for the Detroit Symphony Orchestra elected new officers at a closing board meeting last week, in the home of Mrs. Thomas T. Restrick, of Birmingham.

The schedule includes a membership tea and fashion show after Labor Day, two theatre parties next winter, an elaborate "Mardi Gras" Ball in February, and the group's annual Bermuda Bridge parties in April.

One of the orchestra's most enthusiastic supporting organizations, the Juniors last season contributed \$5,000 to the Detroit Symphony maintenance fund.
