

SCHOOL BOARD HOLDS ELECTION

HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, July 2
THE WORLD PREMIER of "Anatomy of a Murder", Wednesday night, gave Detroit a chance to rival Hollywood with movie stars, mayors and society rubbing elbows at the United Artists theater. The movie, the adaptation of Michigan Supreme Court Justice John D. Voelker's best selling novel, was by invitation only on its opening night.

A parade, from the Civic Center, up Woodward, around Grand Circus Park to the theater began the festivities, followed by the entrance of the various celebrities into the theater.

Friday July 3
JAMES GODRE, 16 year old Dearborn high school student, Thursday night shot and killed his mother's suitor. Captured four hours after the shooting which occurred on a downtown Dearborn street, young Godre admitted shooting truck driver William LeBlair, an employee of E & L Transport Co. The boy's mother Juanita, "had been running around with LeBlair for about a year," relatives said.

After the shooting, the boy fled in a car registered in the name of Gazy (Jim) Godre, his father. Young Godre was captured 150 miles away, in Clare. The shooting occurred about 3:50 p.m.

Saturday, July 4
QUEEN ELIZABETH II, tired after a three day tour of Ontario, still had a radiant smile for the people of Windsor and Detroit, who greeted her during her short visit yesterday. The riverfront and Dieppe Gardens were jammed by 300,000 people, according to Windsor police.

After her short tour of the Canadian city, Her Majesty boarded her royal yacht, the Britannia, and sailed up the Detroit river, into Lake St. Clair and on to Sarnia.

Sunday, July 5
PRESIDENT EISENHOWER celebrated Independence Day by laying the third cornerstone of the United States Capitol, with a fragile antique trowel. The cornerstone is for the new east central front of the building.

In his five minute address to some 3,000 people, the President described it as a symbol of American determination to lead the world toward peace and justice. The first cornerstone was laid in 1793, the second in 1851. The trowel he used was the one used by George Washington in 1793.

Monday, July 6
AFTER A QUARREL with leftist ministers, Israel's Prime Minister Ben-Gurion resigned and dissolved his government, Sunday night. The leftists opposed his sale of arms to West Germany. He stated that Israel's "security, political position and its international position were damaged by the furor they caused." He accused the four "rebellious ministers" of having "violated the law."

Tuesday, July 7
THE NUMBER THREE MAN from Russia, Frol R. Kozlov, arrived in Detroit last night, in spite of a refusal on the part of Mayor Mirani to extend an official welcome. Mirani said that the visit of the Russian was "not in the public interest."

Governor Williams will extend the official welcome from the state, today. When Kozlov landed at the Metropolitan Airport last night, it was almost deserted. Walker L. Cisar, President of Detroit Edison Co. was on hand to greet the Russian Deputy Premier. Dearborn Mayor Orville L. Hubbard also extended a welcome to Kozlov.

The violent storm which smashed through the Pointe on Wednesday, July 1, was classified by some as a tornado. It did great damage, especially to trees. This is one of two houses that took a beating when they were in the path of falling timber. Located at 27 Lakecrest, it is the residence of George H. Smith.

Record Wins Safety Award For Farms

Record Cited by AAA of No Pedestrian Deaths in Last Three Years

An award for "excellence of record" in the field of pedestrian safety was presented this week to Grosse Pointe Farms city officials by the American Automobile Association. The ceremony was held in the Municipal Building at 2:30 p.m. on Tuesday.

Mayor William F. Connolly, Jr., was presented with an award citing the city's record of no pedestrian deaths for three consecutive years by George Measel, manager of Automobile Club of Michigan's Grosse Pointe division.

The award was a result of the City's entry in the annual AAA Pedestrian Protection contest. Grosse Pointe Farms competed for honors with 721 other U.S. cities in the under-10,000 population class. Joseph Zabelski, Auto Club safety and traffic consultant, said that Chief James Furton, and the police department were to be commended for their efforts toward making the Farms "A Safer Community for Persons Afoot."

Grosse Pointe City, and Grosse Pointe Park also received similar awards which will be presented at later dates, Zabelski said.

SCOOTER STOLEN

Michael Miller of 902-Balfour, told Park police on Saturday, July 4, that an unknown person entered his unlocked garage during the night, and stole his motor scooter.

Award winning pianist, Ruth Merkle, and well known French hornist, William Sabatini, will be added to the impressive roster of musicians performing in the Grosse Pointe Summer Music Festival next week.

Everyone Agrees Royal Pair Played Lead Roles Capably In Staging of Good Show

News Society Editor Enjoys Thrill Along With Hundreds of Thousands of Others as Queen and Consort Take to Water

Along with 300,000 others we went to Windsor to see the Queen, Her Majesty Elizabeth II and Philip, Duke of Edinburgh, her consort, on Friday.

The royal train, brass shining, chugged into the Ford of Canada station yards promptly at 1 o'clock and stopped directly before the red carpet laid for Her Majesty. Ford workers, on their lunch hour, lined the tracks, awaiting the visit.

Her Majesty stepped from the train, which had all its white blinds pulled, looking trim and fashionable in a Hartnell frock of cherry and white polka dots. She smiled rather tiredly before greeting Windsor's Mayor Michael Patrick, and Mrs. Patrick, Mr. and Mrs. R. W. Keeley and Mr. and Mrs. J. B. Adamac, who were waiting by the train.

Philip on the other hand, looking rested and very fit, greeted the policeman by the car animatedly and seemed to be enjoying the excursion.

Farms Approves Street Program

The Farms council on Monday, July 6, approved a total expenditure of \$67,601 for street improvements, including the widening of Kerby road.

Kerby will be widened, from Ridge road on Grosse Pointe boulevard, from its present 26 feet, to 28 feet, by the Floris DeMeulenaere Construction company, whose low bid of \$22,307.50 won it the contract.

First Polio Case Called Questionable

Dr. Davies Says Child May Have Had Coxsack and Not Infantile Paralysis

Only one case of polio has been reported in the Grosse Pointe area so far this year, with a total of 16 cases (all none paralytic) in the entire Detroit-Wayne County area, as of June 30.

According to Dr. Thomas S. Davies, health commissioner for the Grosse Pointe-Harper Woods district of the Wayne County Health Department, the one case was questionable as to whether it was actually polio or a disease with similar symptoms known as coxsackie.

Recovering Nicely

This case was not paralytic and the victim, a three and a half year old girl who had all four shots, appears to be recovering nicely.

Dr. Davies recommends that all persons under 40 years of age, and particularly children, have the series of three shots. The fourth, a booster shot, is usually given at the discretion of the family physician.

Well Immunized

The area of Grosse Pointe is pretty well immunized, according to Dr. Davies. However, the first case was reported on June 11 this year, a month earlier than the first case last year, which was reported on July 14.

It is possible that the early start could indicate an increase in the disease this year. The peak of the polio season is usually in late September. After that cooler weather and frost cause the disease to slacken off.

Dr. Davies recommends that anyone who has not had the series of three shots, consult his family physician.

Trees Badly Hurt As Violent Storm Rips Into Pointe

Several Homes Suffer from Falling Limbs; Many Wires Down; Police of Three Municipalities Work Overtime Giving Help

The Pointe began a brand new fiscal year with a brief but violent thunderstorm Thursday afternoon, July 1, with the Park, City and Farms suffering the biggest damage. The Shores felt some of the storm, and the Woods escaped virtually unscathed.

Numerous trees and branches and wires were downed, and several houses damaged, as a cloudburst and 75-mile an hour winds buffeted the Pointe and the east side of Detroit. The storm lasted about half an hour, beginning at 2:30 p.m. Some of the tree experts clearing away debris classed the storm as a minor tornado.

The Park suffered the worst. In addition to damage to a number of street trees, and on private property, several trees were uprooted at the waterfront park, with damage resulting to the tennis court and playground equipment. The public address system tower was blown down.

Get 40 Calls
Police and fire personnel were kept busy answering the following number of complaints: — trees and limbs down, 21; wires down, 18; streets flooded, one; and one signal light out, this at Bedford and Jefferson.

The general area most severely affected, according to Police Lt. Gerald Keseloot, is bounded by Barrington on the west, Essex on the north, on a line to Westchester and Jefferson, east to Cadioux and Lake St. Clair on the south.

Personnel from the Detective Bureau were pressed into service behind the police desk, to help handle incoming emergency calls. All told, four officers took phone calls, and received and transmitted messages over the police and fire radio system.

At 2:50 p.m., Lt. Kesteloot, said, it became apparent that additional officers were needed for the protection of the city, and he ordered all off-duty (Continued on Page 2)

Discovers Fire In Safety Check

Mrs. Omer W. Stott of 434 Touraine, was about to leave her house on Monday, July 1, and decided to check the basement to see if all was in order, and ended up by calling the Farms Fire Department.

Mrs. Stott discovered a fire in the storage bin underneath the stairway, which, Farms Fire Chief M. William Mason said, could have caused more serious damage, if it had gone unnoticed. He said it was lucky Mrs. Stott decided to check the basement.

The chief said the blaze was brought under control in about 10 minutes, and estimated damage at about \$500, mostly from smoke throughout the house.

The origin of the fire was not determined, but it is believed that it started either by spontaneous combustion, or possibly by a shorted wire in the storage bin.

Shores Hikes Police Pay; Woods Prepared for Same

The Shores public safety officers, from patrolman to chief, were granted a six percent pay increase, effective as of Wednesday, July 1, according to an official source. The Village has a combined police and fire department, wherein policemen double as firemen.

Chief Fred Duemling's salary was upped by \$484 a year, the two lieutenants' pay was increased by \$408 each, the sergeants were given a boost of \$360; and the patrolmen, \$338.

The chief's pay was increased from \$2,094 to \$2,548 a year; the lieutenants' pay from \$4,672 to \$7,080; sergeants, from \$4,048 to \$4,406, and patrolmen, \$5,664 to \$6,000.

R. F. Weber Named to Presidency

Succeeds Dougherty to Serve His Second Term; Sampson, Vice-President

The Grosse Pointe Board of Education held its annual organizational meeting last Monday, July 6, and elected officers for the 1959-60 school year.

Robert F. Weber of Lakeshore drive was elected president by a unanimous vote and will preside over meetings of the School Board for the coming year. He previously served in this capacity in 1956-57 and has also been treasurer on two occasions. Mr. Weber has been a trustee of the Board of Education since 1954. He is associated with the J. F. Weber Company of Detroit.

Elected vice-president was Chet Sampson who has served the community as a member of the Board of Education since 1951. He was secretary in 1954-55, 1956-57 and 1957-58. Mr. Sampson owns and operates his own travel agency business in Grosse Pointe.

Mrs. Goebel Re-elected
Mrs. Ruth Goebel of McKinley avenue, reelected to her second term last month, was also reelected secretary for the coming year. She first became a trustee of the Board in 1956.

The senior member of the Board in length of service, Bert Wicking, was reelected treasurer. This will be Mr. Wicking's third year of service in such a capacity since being elected to the Board in 1943. During this sixteen year period he has also served as president on seven different occasions. The Wickings reside in Trombley road.

Formally seated on the Board at this meeting were two newly elected trustees, Dr. Robert K. Whiteley of Lakeland avenue, a local physician, and C. Henry Haberkorn 3rd, associated with H. E. Beyster Inc., assumed their positions as members of the official board after being so recognized by incumbent members. Both were elected to office last month.

Dougherty Complimented

Franklin D. Dougherty of Country Club drive, president of the Board for the 1958-59 school year just completed, turned the leadership of the local school system over to Mr. Weber immediately after the election of officers. President Dougherty complimented Mr. Weber on the effective job he had done during his term in office.

In a few brief remarks President Weber then indicated his and the Board's intentions of doing all within their respective powers to perpetuate the quality educational program for which Grosse Pointe was widely known.

Other routine business matters were handled by the Board at this meeting. The firm of Coulter and Coulter was reappointed as legal counsel for the school district. Honesty bonds for employees and surety bonds for the treasurer were authorized and certain banks were designated as legal depositories for school funds.

The second Monday of each month was again decided upon as the official meeting day with meetings to begin at 7:30 p.m. The Board's next meeting, therefore, will be Monday, August 10 in its meeting room at 389 St. Clair.

Loader Crashes Into Brick Wall

Donald R. Reno of 21143 Hunt Club, Harper Woods, an employee of the Farms DPW, suffered bruised ribs on Friday, July 3, when the brakes failed on the payloader he was operating, and he ran into a brick wall.

A Farms police report revealed that Reno was scooping up rubbish at the residence of William Denier, 277 Cloverly road, near the garage. When the brakes failed, the loader ran into the garage, and slammed into the wall, displacing the wall inward about six inches.

ing which Miss Meckler will perform the Samuel Barber sonata for piano solo. This sonata was composed in collaboration with Vladimir Horowitz who performed it in world premiere. The result of Horowitz's collaboration with Barber is that the sonata is a brilliant and technically demanding work that requires great virtuosity to perform. The second movement utilizes the 12 tone scale in a passacaglia providing modern music of very pleasing form and tuneful character.

Center Drive Short \$387.78

Contributions continued to dribble into the War Memorial Fund Drive, it was disclosed by the Grosse Pointe War Memorial Association, but the fund is still short \$387.78 of the \$40,000 needed to see the Center through the year's activities.

The new men will be hired in at a regular starting salary, he said, and the department will see that they receive the proper training during their probationary period.

The festival management has announced that to insure that the musicians are not disturbed by night-flying insects, a canopy of light net, made of a special material that does not interfere with sound, has been placed over the concert stage. Extra lighting inside the canopy provides the audience with an unimpairing view of the musicians. In addition, the area surrounding the audience is sprayed weekly which eliminates mosquitoes.

The first use of the musicians' canopy was an outstanding success at last week's concert and won a round of applause from the delighted audience and musicians alike. Insurance, a gain against adverse weather conditions is provided by having a hall set up with a second grand piano near the concert site so that the entire program can be moved indoors in a few minutes, assuring a full performance as scheduled.

He said that after the re-training, the council will be in a position to grant the increase to those who qualify.

The present salary of Director of Public Safety Vern C. Bailey is about \$8,343; the three lieutenants get \$6,850 each; sergeants, \$6,230 each, and patrolmen, \$5,716.

Mr. Lange said that for the past five or six years, salary increases have been based on the cost of living, and this year, this has decreased slightly.

Violent Storm Damages Pointe Trees

(Continued from Page 1) officers to the station, and they responded promptly.

All police officers on the regular duty shift, were held over until the state of emergency was ended.

"Although many streets were littered with fallen trees, branches and wires," Lt. Kesteloot said, "no traffic problems of great consequence resulted, due in great measure to the quick response and mutual effort of all city departments."

No injuries were reported, he added.

The following properties were reported damaged: 864 Bishop, home of Mr. and Mrs. Charles Howard. A large branch broke from a tree on their property, and damaged the house roof and front porch eaves.

Trees Uprooted
At Windmill Pointe drive, home of Mr. and Mrs. Ada Haley, where several trees were reported uprooted. There was little damage to the house, although the building became undermined.

Roof sheeting was blown off the home owned by Karl Fuller, 936 Trombley.

In the City, Norbert P. Neff, city clerk, said there had been other severe storms that hit this area, but not too many. He said Wednesday's storm equaled that which took place in November of 1920.

He said 22 calls were received disclosing electric and phone wires downed, and about 50 pertaining to downed trees and branches, many of the latter merely trivial.

Fallen wires started a garage fire at 588 Washington, which was promptly taken care of by the Fire Department; a transformer fire, was taken care of at 471 Rivard; a street and sewer flood was disclosed at 900 Rivard boulevard.

Jefferson Blocked
Trees and broken branches

blocked Jefferson avenue from Cadieux to Notre Dame, and Maumee from St. Clair to Neff roads.

Mr. Neff said there was minor damage at the Municipal Park, and that at the start of the storm, citizens were evacuated from the park in an orderly manner. Most of the lakefront estates suffered severe damage to trees and many large ones were completely destroyed.

He made a personal complaint regarding children standing in areas where hot wires were laying on the ground, getting in the way of repairs. He said in most cases, parents stood near by without even trying to remove their children from the danger area.

In the Farms, Fire Chief M. William Mason said his department answered at least 15 calls regarding fallen wires. Firemen were kept so busy, he said, police officers had to drive the fire ambulance during one emergency call.

Tree Falls on House

The greatest damage inflicted by the storm and high wind was at the home of George H. Smith, 27 Lakecrest, where a large tree fell on the house, tearing down a rear porch, knocking a hole in the roof, and breaking windows on the first and second floors.

Hot wires landed on the roof, but no fires resulted, it was said.

A heavy tree limb fell through the roof of the home of C. E. Morley, 123 Lake Shore road, and large limbs were found scattered on the roof and about the premises.

Policemen and firemen answered other calls regarding fallen trees, limbs and wires. Off-duty personnel were called by both departments.

John Lake, director of the War Memorial Center said the velocity of the wind knocked down two large elm trees on

the Center grounds, forced open several window shutters, breaking the locks, and broke a window pane.

Lightning Hits Tree

Shores Police Lt. George LaForest said a tree fell on the roof of 61 Willison, but no damage was inflicted; and a bolt of lightning sheared off a large piece of a tree in front of 501 Lake Shore.

A large limb was broken off a tree at Hawthorne and Lake Shore; a big tree was blown down at Colonial and Lake Shore, knocking down high tension wires; and numerous other calls were received, all minor.

The day shift personnel, he said, were kept on duty till about 4 p.m.

The Woods, it was disclosed by Police Lt. Harold Duroos, escaped the blow almost unscathed.

He said all that was reported in his community, was a tree knocked down in front of 320 Lochmoor boulevard; and an Edison pole downed in front of 1607 Sunningdale.

Cadillac

Hoped for the Best... and Got It!

Just a short time ago, he found into his dealer's showroom—with his hopes high—to see if the time had come for his first Cadillac.

Well—his fondest hopes were realized—and here he is today with the car of his dreams.

What were the facts about Cadillac that made this happy and memorable moment possible? Let us count them off.

First of all, the original cost of a new Cadillac is remarkably modest—so much so, in fact, that many models are actually priced competitively with other motor cars of American manufacture.

And when you consider the fact that Cadillac's initial price includes so many important and basic features that cost extra with other makes

—Cadillac becomes the price rival of automobiles of far less stature.

There is also Cadillac's extraordinary economy. The car is amazingly frugal with gasoline and truly marvelous in its dependability.

And then there is the way a Cadillac protects its owner's investment. For such is the demand for Cadillac that the car returns an exceptionally high percentage of its original cost at the time of resale.

Those are the facts—and the conclusion, we feel, is obvious: if you are considering any motor car—even in the medium price field—you owe yourself a visit to your Cadillac dealer's showroom.

He'll be waiting for you—with the most surprising and inviting economy story of the year!

Pointers Have Ring-Side Seats as Queen Sails By

At the foot of Trombley road, on Lake St. Clair, 150 Americans, mostly housewives and children and a few dogs (one named Lady and one named Sambo), gathered to watch the Queen of England go by in her royal yacht Britannia.

A few people arrived as early as 2:45 on the hot afternoon of July 3, to watch from behind the wire fence. The crowd grew until it had reached at least 150 when the first ship, the American Coast Guard cutter Mackinaw, came into sight around the bend.

Cries of "there she is" rang out prematurely as the second ship, a Canadian escort ship, came into view. But the third ship to appear was the real thing.

At 3:25, the blue hull of the largest yacht in the world, came into view, and 150 pairs of eyes focused upon her, some aided by high power binoculars, opera glasses and sun glasses. Dozens of small white boats darted around in the water as their inhabitants also sought a glimpse of Her Majesty.

Cameras clicked, hands waved and everyone strained his eyes in the bright sunlight. But she didn't appear, at least on the USA side of her yacht. Still, there was little disappointment among the watchers for a view of the Britannia was rewarding enough. With her blue hull, white bridge, tall smoke stack and numerous flags topped by the Union Jack, the yacht was a lovely sight to behold.

One woman said she was sorry the queen hadn't appeared, but she, having grown up in England herself, had seen Elizabeth when she was just a little girl. The woman's own daughter, probably 10 years old, was with her.

After the royal procession moved on up the lake, the crowd began to disperse, slowly, some lingering for a last glimpse.

By 4 o'clock, the cars that had lined Windmill Pointe drive were nearly all gone and the Queen had sailed on up Lake St. Clair (past other Pointers, watching from vari-

ous positions) and on to the eventual conclusion of her Canadian tour.

Lake Shore drive, where parking is usually banned, was a solid mass of cars. The police let down the bars for this very special event and permitted parking in the lakeside lane. Every space was taken up to far beyond the Yacht Club, and every side street was jammed.

The Pointe had thousands of ringside seats for this great event, and as the royal yacht steamed by most of them were occupied, by residents and visitors from far and near.

Tomorrow may never come, but today arrives on scheduled time.

Royal Pair Play Leads in Good Show

(Continued from Page 1) deeper as the tour traveled from Jackson Park on the long trip through the city to Dieppe Gardens where the royal yacht, Britannia, was moored. As the Queen and Duke left Jackson Park they stood up in the open car to greet watchers. The Duke waved and the Queen smiled demurely, only occasionally waving her long white gloved hand.

Troops of the famed Scottish Essex regiment lined the route, looking very warm in their battle dress. There were Boy Scouts and several regimental bands along with the red coated Royal Mounted Police. Three mounted headed the cavalcade riding abreast on motorcycles.

Patients Wait in Chairs

Along the route, wheelchair patients from hospitals waited for the royal entourage, some of the oldsters wearing newspaper hats to ward off the bright glare of the sun. Student nurses in crisp white uniforms waited before Hotel Dieu Hospital along Ouellette boulevard. All the children waved small Union Jacks and most of the adults carried cameras to record the historic moment, for this visit was Queen Elizabeth II's first as Queen, although she had visited Windsor as a princess.

The only American flags flying were atop two funeral homes, although the crowd was heavily interspersed with citizens from across the river. As the tour neared Dieppe Gardens an American Air Force band struck up the Army Air Corps song smartly.

Most of the huge crowd had gathered at the river front in the recently dedicated Dieppe Gardens (honoring the Essex Scottish regiment heroes who fell in the famed Dieppe raid in World War II). Earlier in the day the crew of the

royal yacht had been busily scouring the decks in natty white Bermuda shorts, but when the Queen's car pulled into the Gardens the crew was standing at attention in dress whites.

Notables Presented

Among the notables to be presented at the Gardens were Governor G. Mennen Williams and Mayor and Mrs. Louis Miriani and Detroit's British Consul General Sir James Easton and Lady Easton. The Queen stood magnificently in the heat, seemingly not bothered by the sun and news cameras flashing, as the guests filed by. Prince Philip stopped many of them for a short talk. The Queen smiled, and came to the edge of the platform to inspect the pony presented to Princess Anne and Prince Charles, by the city of Windsor. Her husband asked if the pony could board the royal

yacht for the trip to Sarnia, but Queen Elizabeth demurred.

Finally the royal couple signed the register, waved to the crowds, who responded with a "Long Live the Queen" and the Queen and Duke walked up the ramp aboard the Britannia. As the yacht pulled away from harbor the killed band began to play, Englishmen, Canadians and Americans

doffed their hats, sun drenched women cried a bit and the children cheered. The Britannia crept upriver surrounded by pleasure craft and the Queen and her consort waved from the bow to the delighted throng. Among the 300,000 there was unanimous agreement with the Englishman who uncovered and commented "Good show, what!"

Fushman Heads Campaign Audit

John J. Cronin, general chairman of the 1959 Torch Drive, has named Arthur J. Fushman, 1352 Bedford road, chairman of the Campaign Audit.

Cronin is a vice president of General Motors. Fushman, who also headed the Torch Drive campaign last year, is president of Manufacturers National Bank.

Fushman will head a committee of 35 to 40 auditors loaned by Detroit-area corporations to audit all campaign returns during the annual fund-raising drive to be held Oct. 13 through Nov. 5. The amount contributed each day is tallied, and credit is given to each segment of the vast volunteer organization for the amount it raises.

Fushman started his banking career in Greensburg, Indiana. He came to Detroit in 1933, and after serving with the Detroit Trust Company, went to Washington, D.C. for the Reconstruction Finance Corporation, becoming its manager in 1941. He served as president of the War Assets Corporation in Washington in 1945.

In 1946, Fushman joined the Manufacturers National Bank as a vice president. He was elected president last January.

In addition to his banking duties and membership on the boards of several corporations, Fushman is a member of the Money Credit and Capital Formation Committee of the National Association of Manu-

facturers; chairman of the Finance Committee of the Detroit Grand Opera Association; a member of the budget committee of United Community Services; a vice president and chairman of the finance committee of the St. Vincent DePaul Society for the Archdiocese of Detroit; and a member of the boards of directors of Catholic Charities of the Archdiocese of Detroit and Carmel Hall.

Have you seen our sports editor's crystal ball in action?

Our Detroit Times sports editor slyly claims he owns a crystal ball.

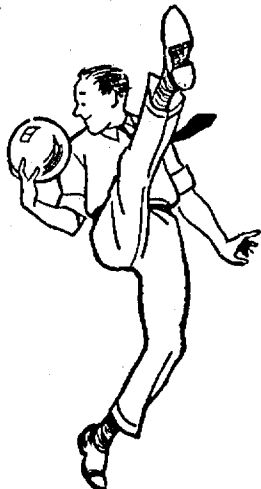

And you might almost believe him if you caught his year-old prediction of the Terry Brennan firing on the Detroit Times Sports Pages.

Remember? It was in September 1957 that Ed Hayes told you that Terry Brennan would be through as Notre Dame's football coach after his next losing season... that his replacement would be the Washington Redskins' Joe Kuharich.

And that's exactly what happened in December 1958!

We think you'll agree... it doesn't much matter whether a crystal ball or an undisclosed inside source was behind this story! The point is... you can expect intriguing forecasting and honest reporting when you read the Times Sports Section.

HEALTHY

way to get rid of trash and garbage—a modern gas incinerator

Away with all the mess of trash and garbage—it's so easy to rid yourself of that old-fashioned fuss with a gas incinerator. Your home and yard are healthier, pleasant places to work and play when you prevent rubbish pile-ups. Just turn the dial—everything but bottles and cans is consumed.

Consumes a bushel of trash and garbage daily at a cost of pennies. No smoke or odor, no unsightly trash pick-ups at the curb, no trips outside in bad weather. And in summer, it makes the best of sense to discourage pests by keeping things pinneat this sanitary way. So see gas incinerators now at Gas Company or dealer showrooms.

Crescent Sail Yacht Club Regatta Draws 164 Entries

The local windwagon fleet departed from the regular DRYA triangular race course last Saturday, July 4, when it participated in the annual Crescent Sail Yacht Club regatta.

One hundred and sixty-four boats answered the starting cannon fired from atop the little club on Lake Shore road.

Sailing stakes to port, the fleet had a close reach to the first mark and a lazy spinaker run down the second leg before the wind swung from east northeast to south-southeast and increased to 12 miles per hour, which produced a modified weather leg back to the finish line in front of the host club and brought the pack back to the club in fast order.

Tommy Hanson's Pilot sloop "Dauntless II" got back in the groove when she won top honors in Cruising C class and topped all cruising boats for overall corrected time honors. John Detwiler's fiber glass Bouny Detwiler "Vashi" took honors in Cruising B and second in the overall picture and Henry Burkard's "Meteor III" was second in "B" and third in overall.

McCurdy Wins Again

Bill McCurdy's "Challenge" took her second first place of the season in the Best Cruising D (performance handicap) class which produced the second largest entry with 19 boats. The Lightning class, which was won by Henry Cawthra's "X-L", had the largest turnout with 20 boats.

Buell Doelle, past commodore of Detroit Boat Club and the DRYA, had a pleasant cruise around the short course with his "Ninety Eight" which he sailed in the All Others class, but there were no others.

Warren Jones hasn't lost any of his old fire. The bespectacled Jones jumped up and down and yelled his head off when any boat tried to cross the bow of his new Lightning sloop "Hard Thom".

Learns His Lesson

And there was another young Lightning skipper who almost carried his boat home in a basket when he tacked right in front of a big Class A boat on the weather leg. Just by luck a collision was averted and we are sure he won't change coming that close to big boats again.

A couple of new Raven class sailors broke into the "money" this trip. Pete Kremlick pushed his "Narakai" into second place behind veteran Al Bertolotti and ahead of third place Bob Sellers' "Flicka". Boyd Benkert and Chum Kerr who have been having pretty much their own way in this class chased the trio over the finish line with Benkert fourth and Kerr fifth.

Commodore Horace C. "Bob" Ford and his Grosse Pointe (Little) Club will entertain the fleet next Saturday, July 11. This will be the last DRYA regatta before the Bayview-Mackinac race on July 25 and the Windmill Point Yacht Club regatta scheduled for August 1.

Little League - News -

WOODS-SHOES

The Major-Minor loop set the pace for the Grosse Pointe Woods-Shores Little League with two no-hit games this week.

Big John Chasteen of the league-leading White Sox chalked up a "no-hitter" for his seventh win of the season in beating the Browns, 4-0. John, a 12-year-old, and missed twice by the Major League draft, pitched a masterful game, allowing only three walks and striking out seven batters. He pitched to only 20 batters. Ron Radius performed his usual dependable catching job. Steve Harms and Roger Bonahoom each got two hits out of the six hits that the Sox were able to garner off the offerings of Lintner and Southern.

In another game in the same league, the Bluejays shut the Reds, 127, and the Jays' pitchers, Jack Calas and Jim Mackie kept the Reds hitless, although displaying streaks of wildness that allowed their opponents to get on base and score on weak fielding and bad throws.

Calas was on the mound for the first time this season, and on returning to his regular position at third base when Mackie took over the pitching duties, made the play of the season by stopping a hard-hit grounder that was spelled extra bases and throw the runner out at third. Monson got his teammates going with a spectacular bunt in the fifth inning.

The American League race found the Tigers winning two critical games to go out in front and maintain a perfect record for the second half of the season. In the crucial game with the Indians, the Bengals emerged the victors, 1-0, although only allowed one hit by the Indians' pitcher Knoch. Keller was the winning pitcher with Mickle behind the plate. He struck out nine men and allowed three hits. In the second game of the week, the Tigers crushed the Orioles, 12-0, behind the two-hit pitching of Johnson.

Charleston of the American Association played only one game during the week and emerged the victor over St. Paul, 18-12. Rickey Granger, Larry Reinenger, and Allen Wolby pitched for the victors with Ray and Conlin on the mound for St. Paul. Reipenager got four hits out of five times at bat including two doubles. Wolby got three out of five.

Booby Jerger made the most spectacular play of the game with a fine pickup of a hard grounder at second with the bases full to stop a rally cold. Ronnie Vernier and Eddie Barrie also excelled in the field. Dick Wood, Kenny Teague, Dick Trentacosta, Frank Saverino, and Mark Youngdale have been stand out players all season, and Albert Fellows has been nicknamed the "Eddie Yost" of the team because of his ability to get on base on walks.

Buffalo of the International League kept battling to maintain its hold on second place beating Montreal, 15-13, but losing in the second game to Columbus, 11-9.

Babe Ruth League

The first no-hit, no-run game of the season was produced by the White Sox in defeating the Yankees, 15 to 0.

White Sox Pitcher Mike Renaud faced only 20 batters, two more than the limit, in hurling his near-perfect game, and he had the support of two consecutive home runs by Doug Palazzolo.

The Indians defeated the Senators, 6-5, with Paul Schwikert hitting a homer for the winners and Dinny Stack for the losers, and then the Indians dropped a 5-4 battle to the Athletics, in which the deciding factor was Gary Jeffries three-run homer in the first inning.

The other game on the American League schedule was the Yankee's 11-3 win over the Senators, on Peter Fitzsimon's two-hitter.

To move into the tie for the National League lead, the Braves won two hotly-contested games in which home runs played a prominent part.

Bob Purcell contributed an over-the-fence wallop for a 5-2 victory over the Redlegs, and Rusty Wilson delivered a third inning homer to put the Braves ahead of the Cardinals to stay in a 3-1 game.

The Dodgers and Giants, who share the Braves' lead, each won two while losing one.

The Dodgers dropped a 7-6 upset decision to the Cardinals, but then beat the Pirates, 5-2, and ruined the Giants chances of taking an undisputed lead, 4-3, with Pitcher Mike Vandeginste helping his own cause with a first inning home run in the latter game.

Before losing to the Dodgers, the Giants had beaten the Redlegs, 16 to 4, with Dave Hall hitting for the circuit for the winners, and also bested the Cardinals, 10 to 6.

The other National league game was a slugfest in which the Pirates bested the Redlegs by a 17 to 13 count.

In collegiate league play, Harvard took over undisputed leadership of the Northern Conference, and Alabama continued its undefeated record at the head of the Southern Conference.

Each of the week's five decisions involved a forfeit as a result of the lineup being badly disrupted by the holiday week-end and early vacations.

The rosters of Carolina and Duke have been seriously depleted that the league board of directors was forced to combine the two teams, and they will play out the Carolina schedule.

Henry Cawthra, Mary Hess Take Top Sailing Honors

Henry Cawthra, of Crescent Sail Yacht Club, and Mary Hess, of the Detroit Yacht Yachting Association in the Clifford D. Mallory and the Mrs. Charles Francis Adams seminales, respectively, when they captured top honors in the DRYA Mallory and Adams quarterfinals last Sunday, July 5, on Lake St. Clair.

In both series the winner was in doubt until the end of the third race in each series, sailed off Grosse Pointe Yacht Club.

Due to the large entry in the Mallory quarterfinals officials found it necessary to use two different classes of boats instead of just the Folkboat class as it previously intended to do. Thanks to the generosity of the owners of the fiber glass Crescent Class the series was able to be sailed in one day.

Crews Draw for Boats

Five of the best Folkboats and five of the best Crescents were pressed into service with the ten crews drawing for boats prior to the start of the three race series. Each class had separate starts with five crews sailing Folkboats and five using Crescents. At the end of the first race the crews switched boats for the second race. At the end of the second race, Race Chairman Lynn Stedman, Jr., announced the final standings which found Cawthra and Carter Sales, of Grosse Pointe Yacht Club, tied with 9 1/2 points Tom Hanson, of Bayview Yacht Club, and Charles Ellery of Crescent Sail Yacht Club, were tied for second and Lorne Sherry, of Windmill Pointe Y. C. and John Fennessy, of Grosse Pointe Sail Club, were tied for third. This brought the total to six and another Folkboat was pressed into service for the final race.

The skippers drew for boats again and Carter Sales drew the boat that had finished last in both previous races while

Cawthra drew a hot boat. It all seemed to be over but the shouting. That is to everyone but Sales, who battled Cawthra throughout the three mile triangular course and held a narrow lead at the weather mark and down to the second mark of the course. A missed jibe was the break Cawthra and his crew of Otto Scherer, Jr. and Arnold Neumaier needed to move into the lead which they held and won by a scant ten seconds.

Spectators felt that Sales and his crew, of Jim Benker and Llywd Eccleston, Jr., had done a tremendous job with a boat that hadn't proven to be as fast as the rest of the fleet in previous races earlier in the day.

While all this was going on, Mary Hess was having a ding dong battle with Jane Warwick of the Detroit Boat Club for Adams Cup honors.

This was a three race series also sailed in the fiberglass Flying Scot class series. Because the gals switched boats for the first two races and because the same boat won each time a bit of a hassle occurred. Both crews claimed the losing boat had a dirty bottom. To settle all arguments Adams Chairman Bill Noah took the boats up on the beach before the last race and scrubbed both bottoms before he would allow the two skippers to toss a coin for the boats in the last race. Jane Warwick won the toss and selected the boat that had won previous races and 5 seeded confident of victory.

Does Remarkable Job

Mary Hess wasn't so sure and went out and turned in a remarkable bit of sailing to a win going away in the boat that hadn't won all day.

Mary and her crew will compete in the seminales, which will be held at Put In Bay during the annual ILYA regatta, August 10, 11 and 12.

Boats used in the Mallory series were obtained through the efforts of Bob Wood of the Detroit River Folkboat Association and Dick Hill of the Crescent Class Association.

Both series were excellently conducted by chairman Lynn Stedman and his team of judges which included: Commodore Dave Davenport, chairman of the judges, William Connolly, Edward Zerbe, Woody Warrick, Sydney Warner, Brad Pyle, Arthur Rautenberg, Joseph "Mike" Tappert, John Detwiler and Robert Benkert, chairman of all DRYA Cup races.

Members of the Folkboat Association were extremely helpful throughout the series and provided the stake boats for the course.

performance this season as the Sox downed the Yankees 9-0. The Yankees only hit a bunt by Mike Padilla that stayed fair by inches to rob Steffes of his no-hitter.

In the only other American League game the Senators blasted the Chicago White Sox 20-0 behind Marsh Moser's 2-hit pitching performance. It was Moser's fourth win against one defeat.

Unofficial Games

In two games involving the Baltimore Orioles last week, the Milwaukee Braves defeated the Orioles 10-6, and the Washington Senators beat them 17-9. John Rutschman was the winning pitcher for the Braves; Archie Grievie won for the Senators. In each of these games Ed Bidigare poled a home run for the Orioles.

'Maison Riviera' Opens; Challenges Nation's Best

When the massive crystal chandelier, (an exact copy of the famous original in the

Vienna Opera House) bursts into light Thursday night, it will herald the opening of Detroit's newest restaurant-on-the-river—Mitchell R. Housey's elegant Maison Riviera, in the beautiful River House apartment at 8900 East Jefferson.

The extent to which "no expense has been spared" is seen everywhere—in the cocktail court fountain with its replica of the famous Goose Girl statue, in the two giant William House murals depicting the cultures of the world, in the magnificent crystal chandelier, in the sweeping walls of glass

that overlook the river, and of course most importantly in the superb and extensive cuisine.

Noteworthy in this respect is the selection of imported chateau and estate vintage

MITCHELL R. HOUSEY

wines—a selection unrivaled anywhere in the Mid West. Matching it is the unusual variety of the menu itself—a Continental cuisine that encompasses delicacies from almost every part of the world. In fact, arrangements have been made to regularly fly in many of these special foods by air express.

"I think that Detroit has long wanted a restaurant comparable to the finest that New York, or San Francisco, or New Orleans can offer," Mr. Housey explained. "That has been our goal at Maison Riviera."

"For entertainment, we have selected a most unusual ensemble of six violins, augmented by bass and piano, under the direction of Mr. Rudy Szig, Mr. Housey continued. "In keeping with the French atmosphere of Maison Riviera, the violinists will stroll to different parts of the room as they play—but unlike similar groups, each violinist will play lead violin. The effect will be something like stereophonic sound from six different directions. But softer, of course."

Mr. Housey continued with an explanation of the crystal glassware specially ordered for Maison Riviera. "It is all hand-cut—the only handcut crystal used at present in any restaurant in the United States. Its design reflects the motif of our crystal chandelier."

Overseeing this opulent setting for Mr. Housey are two maitre d's—Mr. Manfred Ulrich and Mr. Larry Lawrence, both of whom have had extensive experience in Europe, Canada and the United States.

Maison Riviera will be open from 11 a.m. to 2 a.m. daily, with luncheon served from 11 a.m. to 3 p.m., and dinner from

6 p.m. to closing. For its grand opening Thursday, July 9, and the weekend immediately following, black tie is requested during the evening.

In 1946, Mr. Housey opened his first restaurant at the site of his present Chop House at East Jefferson and Beaubien. It was not until 1950, however, that the establishment was completely remodeled and reopened as a chop house. In the years since, it has enjoyed remarkable success and received national recognition on three occasions. Gourmet Magazine listed it as number seven of all restaurants in America.

Plans for the chop house call for its complete renovation as a supper club sometime in the fall. "Our decor at the chop house will be entirely different from Maison Riviera," Mr. Housey explained. "It will be done all in red velvet—ceilings, walls, even tablecloths. It will be smart and intimate."

Mitchell Housey lives with his charming wife Ruth and two teenage sons at 1002 Lakeshore road in Grosse Pointe Shores.

Police Chiefs Attend Parley

The police chiefs of the Pointe and Harper Woods attended the 34th annual convention of the Michigan Association of Chiefs of Police, from June 29 through July 1, at Muskegon, Mich.

City Police Chief Thomas V. Trombly retired as president of the Association after serving a full year tenure. Attending the convention besides Chief Trombly, were: Park Police Chief Arthur Louwers, Farms Police Chief James Furton, Shores Police Chief Fred Duemling, Woods Director of Public Safety Vern Bailey, and Harper Woods Police Chief Allen Miglio.

All the chiefs were accompanied by their wives and when not attending meetings, escorted them to various events and sites about the city.

Friday and Saturday Casual Attire Days

"Rain, rain, stay away", is the cry of Kercheval on the Hill merchants as they plot their casual living days for this weekend. The Hill merchants will take on a carefree look. Specials will be featured in all stores during this two-day event. Everyone is urged to don carefree togs Friday and Saturday, July 10 and 11 and visit the stores on "The Hill".

LARGE PIKE CAUGHT

A 1 1/4-lb., 17" Grass Pike was caught off the Grosse Pointe Farms Pier, July 3 by young Walter Zimmerman of 141 Muer road. Ed Lauer, supervisor of the Farms Pier, examined the fish and said it was one of the largest of its kind to be caught in this area.

SUDDENLY THE FUTURE IS HERE

For 400 years men the world over have dreamed of the future of a great area of the North American continent, a future which would come from changing the face of the earth.

They dreamed that by a tremendous feat of engineering the St. Lawrence River would become the St. Lawrence Seaway, that thus the Great Lakes would become the world's eighth sea, and the whole Great Lakes area would become a center and source of world commerce such as you could hardly imagine the heart of a continent to be.

Now the St. Lawrence Seaway is open. The face of the earth has been changed. The dream has come true and suddenly the future is here.

What will it mean to our town? Can we keep pace with the future that has suddenly arrived all around us? We can do it by working together, solidly together on programs for the sound development of our community and the growth of business in our town.

Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.

This ad is one of a series published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

FLOOD VICTIM—In lieu of stretchers, bodies of the more than 200 flood victims are brought out hanging from bamboo poles in Colombia, where a sudden avalanche of water from the Combeina river wiped out three villages. Priest gives the blessing as the grim parade passes by at Tagua.

CANDIDATE—Pajama-clad Gov. Earl K. Long gestures vehemently as he tells reporters at his motel near Covington, La., that he will spend the Fourth of July campaigning for another term. Earlier the governor had this to say about his wife: "She tried to hire somebody to kill me 10 months ago."

LIGHT MEAL—You can't hold a candle to Smudge the cat—he'll eat it, as he shows at his home in Worcester Park, Surrey, England. His mistress, Janet Holland, baked a special cake to mark Smudge's 12th birthday, which is pretty old for a cat. But the feline put away all the candles before tackling the cake, proving himself a real light eater.

43 YEARS AGO AND TODAY—Thoughts of President and Mrs. Eisenhower go back to 43 years ago to their wedding time (left) as they smile (right) on their 43rd wedding anniversary at the White House. President Eisenhower said a successful marriage gets happier as the years go by.

"WHERE D'YA THINK YOU'RE TAKING US?"—It's the end of the line for two haughty ostriches, one of whom stretches from the cage to get tough with a workman at London, where the birds arrived from Africa aboard the ship Chindwara. Part of a group of animals captured in Kenya and Uganda by John Seago, the ostriches will be displayed in a British zoo.

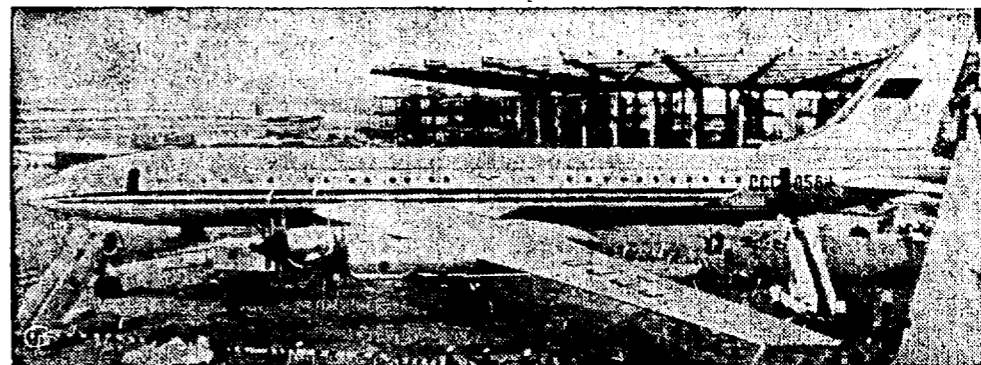

PRETTIEST MODEL—Lovely Sandy Collins, of Hess Brothers, Allentown, Pa., department store, was named "America's Prettiest Department Store Model" by the Models Guild of America. Sandy, who is 20 years old, weighs 109 pounds, and wears a size 7 dress, won out over models from 276 department stores from all over the country.

FAMILY AFFAIR—Four of a kind when it comes to clothes, Mrs. Jean Carpenter (left) and her three daughters brighten the scene on arrival to attend the Wimbledon tennis tourney. Wearing jaunty boaters and gay checked dresses, the girls, left to right, are: Susan, 13; and twins Wendy and Jane, 12.

GOOD FORM—Darlene Hard of Montebello, Calif., flashes this mighty fine form in downing Ann Haydon of England to move into the semifinals at the Wimbledon championships, held in Wimbledon, England.

WORLD'S LARGEST—It's the world's largest commercial airliner, the Soviet TU-114, on display at New York's Idlewild airport. It has four jet engines, each spinning two counter-rotating propellers. It reportedly carries 220 passengers on short and medium hops, and more than 100 on inter-continental flights. This is the plane which brought Soviet First Deputy Premier Frol Kozlov to the U. S. to open the Soviet exhibition. It was first non-stop flight from Moscow to New York.

AWARD WINNER—Mrs. Daniel Poling, president of the American Mothers' Committee and wife of the noted minister, presents a citation to New York Judge S. Samuel DiFalco, a member of the Board of the Modest Family Life Institute, for the foundation's sponsorship of the Wednesday night radio show, Family Living '59. The award was made to the show for promoting a better understanding of all aspects of family living.

HIT A-HEAD—Hit hat of the summer season is the jaunty young boater, brightly beribboned and worn squarely atop the head. This version, by Mr. John Jr., is done in pampas straw with a woven-edge grosgrain ribbon trim in two shades of pink.

WELD DONE—A sculptress with burning enthusiasm, Gwen Lux raises her welder's mask to pose amid the bits and pieces of steel that is her art in New York. Tipping the scales at barely 120 pounds in her coveralls, Miss Lux uses acetylene torches, welding rods, hacksaws, hammers and pliers in her current specialty of sculpting in stainless steel. Her latest stainless steel work, the 67-foot, 800-pound "Vapor Trails," graces the front of Aviation High School in Long Island City, N.Y., and won the torch-carrying artist the Municipal Art Society's citation for "contribution to art in the city of New York."

ANYBODY HOME?—Trying to figure out the "hole" story, Janice Brazeau, 3½, peers inside the birdhouse in her back yard at New Hyde Park, N.Y. The little miss was puzzled at how a mother starling managed to squeeze into the birdhouse built for wrens.

SHE'LL SHOW 'EM—So American women are not well-dressed, according to the Russian propaganda machine, eh? Hurling the lie into Soviet teeth will be Mrs. Martha Titus of Huntington, W.Va., voted the Average American Housewife, who is shown with her two children, (left to right) Ainsley and Jaimie. Mrs. Titus is going to the Moscow Trade Fair to represent McCall's Patterns and demonstrate how mllady makes beautiful clothes for very little money.

Marinas For The Millions

The recent tremendous rise in the popularity of boating as a sport has resulted in a furious scramble to provide adequate mooring facilities for the millions of pleasure craft taking to the water this summer. Cast off with us this month and tour the country's waterways, from Flamingo, Florida, to Seattle, Washington, and examine the marina—that modern dock-side marvel designed and built for those who enjoy living afloat.

Cool, Exquisite Salads

Here are salads—light, crisp, green, and varied—to brighten the outlook for all mid-July cooks. Crab Louis and Garden Court Salad are hearty enough dishes to provide a refreshing main course; molded Pineapple-Cheese Salad, Empress Salad, and Cucumber Mold could be deliciously chilly luncheon treats.

What? Live In A Round House?

Before you quickly reply, "Not on your life," have a look at the one we found. Another in our Unusual Suburban Home series, the Round House at Sausalito was built by a young couple who like to entertain, who have a large art collection, who enjoy magnificent views, and who have found that for them, "going in circles" is the best way to go.

Our cover artist this month is no stranger to the water, having grown up in a sea-side suburb outside of Boston. He now lives in Woodstock, New York, with his wife Zellah and their son, Peter. Cranbrook — Suburban Art Center

"The way to learn about art," said a very honest critic, "is to look—and live with it." Around Birmingham and Bloomfield Hills the fortunate neighbors of the Cranbrook Institutions can look and live with the beautiful balance and simplicity of Saarinen's buildings, the sweep of landscaped gardens and the magic of Carl Milles' watery world of nymphs and dolphins. Typically, Cranbrook started in 1918 as a Meeting House, put up by its founders, George Booth and Ellen Scripps Booth, to serve the community's needs, and those needs are still being served now that the Booth's cultural and educational foundation has become internationally famous. Art center and educational foundation, yes—and also summer day camp, summer drama school in the Greek Theatre for the young people of the neighborhood, local music and drama center, beautiful park, open to all. The community's pride—and also the community's joy.

Christ Church, Cranbrook—built by Mr. and Mrs. George Booth. Goodhue Associates, architects.

Three hundred landscaped acres in Bloomfield Hills—an Institute of Science and an Academy of Art—Christ Church and three secondary schools—all this is Cranbrook, internationally famous, locally beloved.

*We asked for it—and we got it—
the answer to our question about
this famous author's imminent
return to the Big City...*

Why I'm

Editors' Note

This may seem like the most scurrilous, outrageous attack on suburban living you have ever read. But we couldn't help laughing, and we hope you'll laugh too. We thoroughly disagree with the author of *I Can Get It For You Wholesale*, *The Enemy Camp* and countless other best-sellers but, like Voltaire, we are ready to defend to the death his "right to say it"—especially as we've engaged another best-selling author, Peter De Vries, to reply to him in our August issue.

Prospect from a country arbor—Jerome Weidman, contemplating his return to the city.

AFTER a dozen years as a commuter I am leaving the suburbs. My reason? The same reason that caused Edmond Dantes to leave his dungeon in the Chateau D'If and return to Paris: I have finished serving my sentence.

The fact that my incarceration was self-imposed made it no less onerous than the imprisonment to which the hero of *The Count Of Monte Cristo* was subjected by his implacable enemies. I did not realize, of course, when I forsook the city pavements on which I had been born, raised, educated, married, and inducted into parenthood, that I was turning my back on all the things that make life worth living. On the contrary.

I thought I was embarking on a way of life that would be to my previous existence what the Koh-i-noor is to the rhinestone. My horizons, I was told, like those of Columbus when he set his course due west, were about to be enlarged beyond recognition. Life, which I was told in my teens began at forty, I was told in my thirties began in suburbia.

What nobody told me is that it never gets very far beyond that beginning. Applying the word living to existence in the suburbs is like applying the word chilly to the Arctic Circle. It's true enough, but it hardly tells the whole story.

My story, like that of most suburbanites, begins with parenthood. Until *that* hit me, I seem to recall that I was a creature of average intelligence and

reasonable courage. As soon as I became a father, I became as well a fool and a coward. Instead of paying attention to the evidence of my own experience, which indicated clearly that it was possible to enjoy as I had a healthy and happy childhood in the city, I listened worriedly and guiltily to the child guidance counselors, a surprisingly noisy crew. They insisted that any parent who could afford to, but did not provide, his offspring during the years of growth with the benefits of country life, deserved to be shot and, when his resentful children reached the trigger-pulling age, probably would be.

Like most fools and cowards, I sought and of course found reasons to demonstrate to my own satisfaction that my foolishness was wisdom and my cowardice bravery. It wasn't only for the children that I was moving to the suburbs. Oh, no. Look what it would do for me and my wife as well. After a dozen years of looking, a number of things began to come into focus. They all added up to reasons for going back where I came from.

THE most important reason, of course, is that whatever advantages suburbia may have for the growing child, or for the parent of the growing child, become disadvantages when the child grows up. Our children were infants when we brought them to the country. They could not fight back. They are now twelve years older. I can no longer get away with

telling them, for example, that our local baseball games are as exciting as anything that takes place in the Yankee Stadium. They have reached the age of reason. They know better. They want to go to the Yankee Stadium. As a matter of strict accuracy, so do I, but that's a minor point.

The main point is that for the last few years the amount of time I have been able to devote to earning a living is a mere fraction of the time I have been forced to devote to driving back and forth between our home in the suburbs and the Yankee Stadium; the American Museum of Natural History (like any city museum, it is bigger and better than our local suburban museums); Radio City Music Hall (like any city movie theatre, it is bigger and better than etc.); Madison Square Garden (like any city sports arena, it is etc.); the Bronx Zoo (like any big city zoo, etc.); and a list of other attractions as long as my doleful countenance, all of which are available only in the city, and all of which my children (who I was told a dozen years ago wanted nothing from life but fresh air and sunlight) feel they cannot live without.

I feel the same way. I have nothing against fresh air and sunlight. I am an average man who likes to live near the things he likes, and the things his children like, and getting to the things we like from where we now live is a quicker road to bankruptcy than anything thought up by Mr. Micawber. The time

The camera catches Mr. Weidman in a typical suburban pose. There will be other problems, he admits, when the family moves to their city apartment but HE won't be the one to dump the trash or put up the screens. And no more bills for sheep manure!

Leaving the Suburbs

by Jerome Weidman

wasted in traveling back and forth between suburbia and a decent ball game, or a Broadway play (when you find anything as good as "My Fair Lady" in West Moriches, let me know), is as nothing by comparison with the expense, especially if you are playing host to your own children.

WHEN as a city boy I went to a ball game, or to any other of the many exciting events that the march of civilization has decreed can take place *only* in a large city, my mother gave me my lunch, subway fare, the price of a bleachers seat, and instructions to get home before dark. When as a suburban father I take my brood to, let us say, a meeting of the UN Council (which they have been told by their suburban school teacher they MUST NOT MISS), I feel as though I were lifting the check for one of Diamond Jim Brady's more elaborate entertainments. Between ten-thirty in the morning when we set out, and ten-thirty at night when—as my suburban neighbors ("cards," every one of them) put it—we return to the stables, the family exchequer—or, as daddy puts it, his bankroll—takes a beating.

Gasoline, highway tolls, parking fees in the city, taxis from the city garage to the place in town we have come to visit, at least two restaurant meals, I don't know *how* many in-between snacks—it doesn't matter whether we have come in to see "The Music Man" from orchestra seats or take a ride on the Staten Island Ferry, the day's expenses always seem to add up to \$60.00.

There are suburbanites who claim they manage to reduce this figure by leaving the car at home and going into town by train. I claim they either never learned how to add, or they don't know the meaning of the word fear. I do. I learned it as a commuter.

WHEN I first moved to the suburbs, our local railroad was a means of transportation. Today as I write (with a nervously shaking hand) our local railroad has become either a bad joke or a daily invitation to violent death, and I gather from the public prints that the same is true of almost every commuters' railroad in the country: the seats are filthy, the washrooms detestable, the conductors sullen, the fares outrageous, the schedules lies, and the passengers helpless victims of the whole miserable system.

Not all the passengers. Some, like this correspondent, have begun to ask themselves why they are putting up with this.

Certainly not for the social life of suburbia, which is conducted in public and consists of being imbedded like a raisin in a rice pudding in a single set of people who spend their time discussing the outrageous cost of artifacts they purchase and events they attend in the city they have fled. The city with its endless variety of social groups or sets, in any number of which a man can function without his neighbors' staring over his shoulder, provides something that does not exist in suburbia: privacy.

It also provides a lesson in economics: the notion that it is cheaper to live in your own suburban home (yours and the mortgage company's, that is) than in a city apartment is as fiscally sound as the belief that business cycles are caused by sun spots.

In the city you write one check for a large sum once a month to a faceless man or a soulless corporation you think is bilking you: your landlord.

In the country you write thirty-seven checks for small sums every day of the week, and often every hour of the day, to a host of sunny-visaged hayseeds in pick-up trucks whose clear blue eyes are so full of the milk of human kindness that you are not aware, until they are gone and you have added up all those checks, that they are all lineal descendants of Jesse James and the reason you suddenly feel that draft is because they have taken not only your money and your eye teeth, but your pants as well.

They are welcome to mine. As the laborer is worthy of his hire, the teacher is worthy of his fee, and these larcenous yokels, to whom for a dozen years I have been a legitimate prey, have earned a stiff one for reminding me of a basic truth: from the very dawn of time, man's march upward out of the primeval ooze has moved inexorably from the forest to the cave, from the veldt to the settlement, from the prairie to the town.

I did not realize, all those years ago when I bowed to the dictates of the child guidance counselors and cocked an attentive ear to the siren song of the suburban realtor, that I was moving against the current of civilization, that I was embarking on an activity as unnatural to the normal man, and therefore

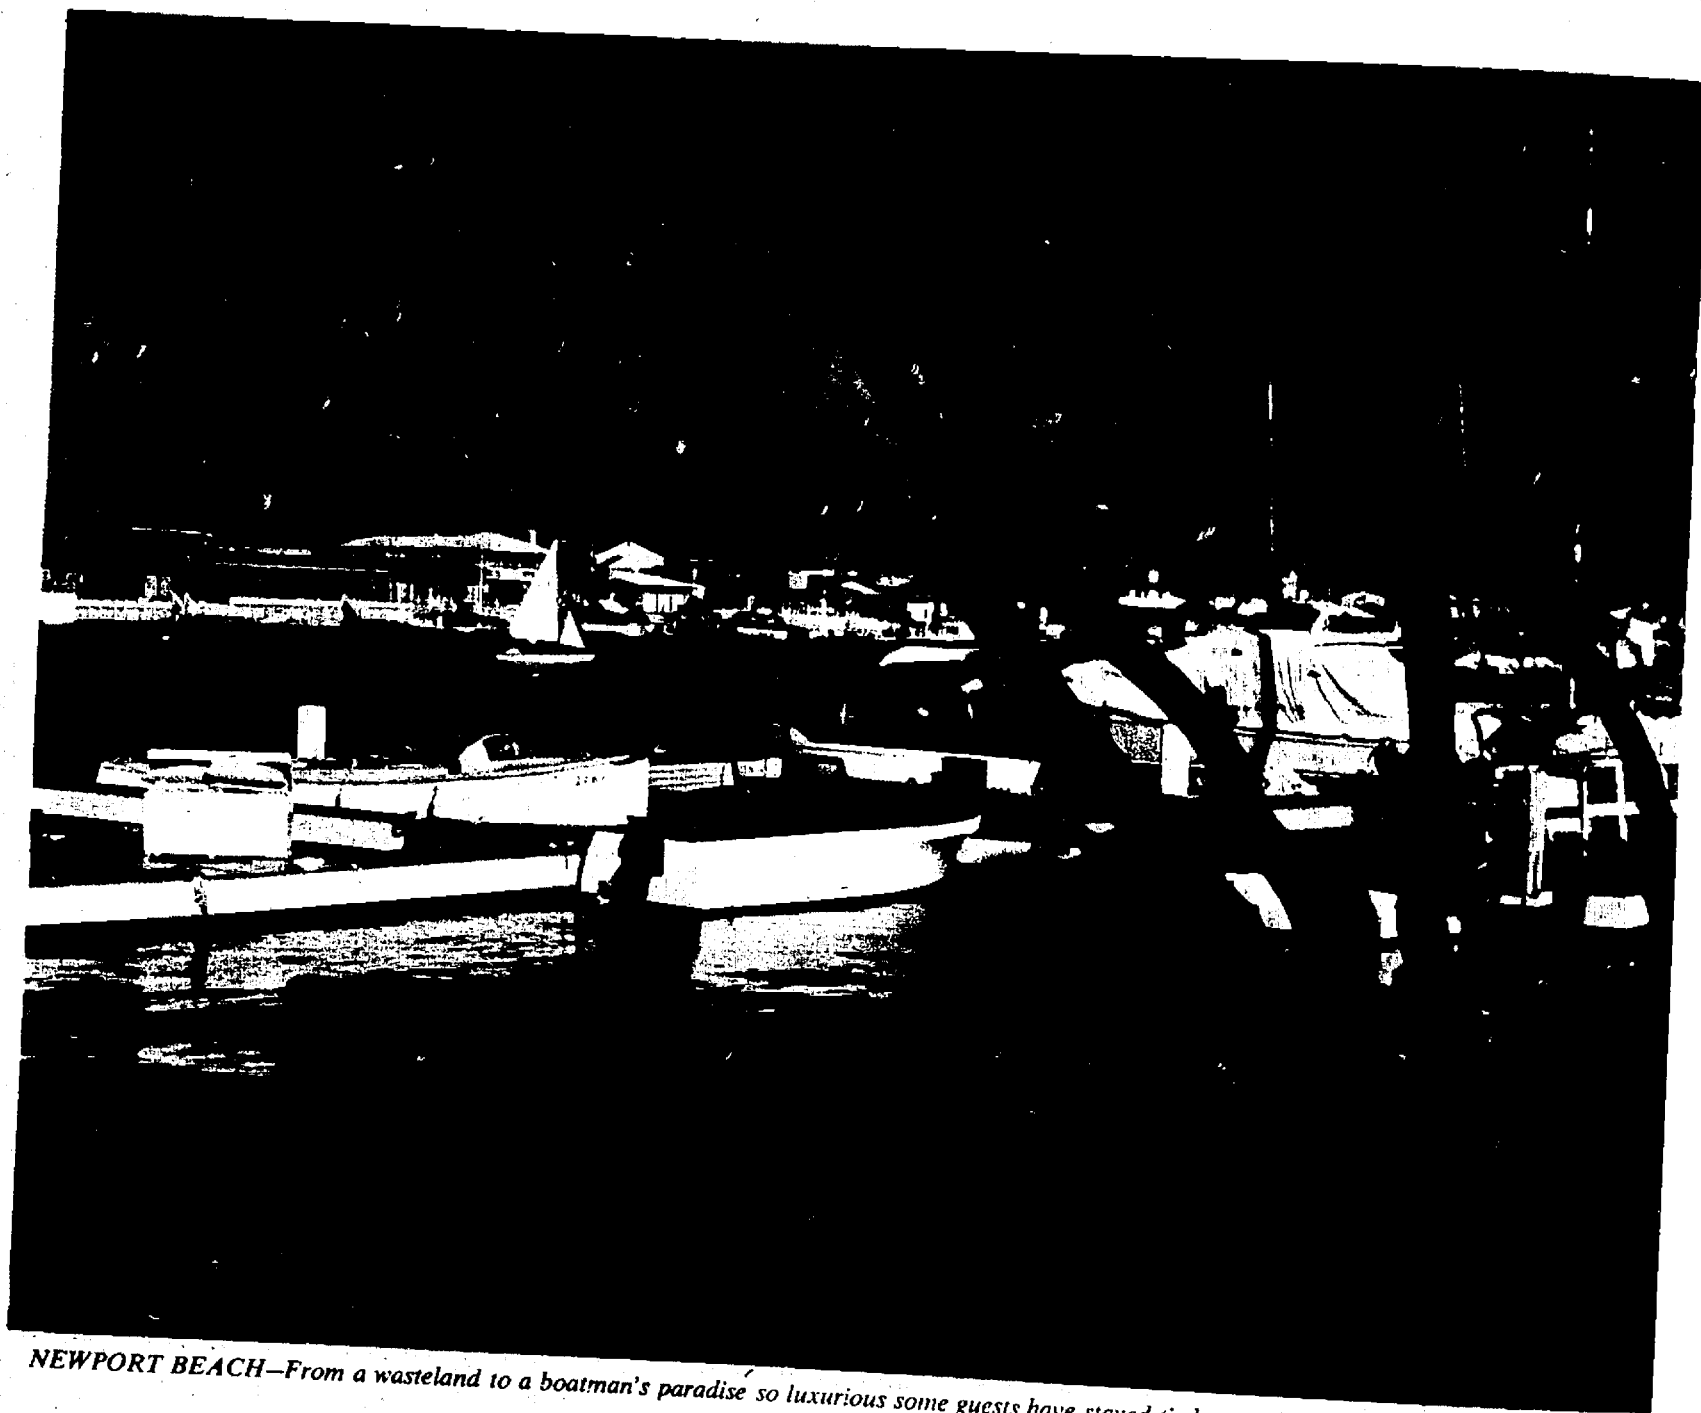

doomed to failure, as was Icarus when he pasted on those waxen wings.

City rents are high, of course. But not nearly so high as the excitement of rejoining the human race. There will be problems on East Eighty-Second Street. After all, as Edmond Dantes discreetly put it, I have been away for a while.

But at least there won't be any bills for sheep manure.

The Weidman family by the brook where they have finished—and we quote—"serving their sentence."

NEWPORT BEACH—From a wasteland to a boatman's paradise so luxurious some guests have stayed tied up at dockside for twelve years.

More and More Marinas

TIME was, when a son was born, his father rushed right out and enrolled him at Harvard. These days—and we have this on good authority—the thing to do on the day your son is born is to run right down to the local yacht basin and place his name on the waiting list for a berth for the boat he will one day have. Chances are that there will be adequate facilities for the boating millions by the time your son needs it.

As it is, there are almost three million Americans who want boats of their own this summer, but won't be getting them because there aren't enough moorings to be had. The three million or so who already own sloops, canoes, houseboats, and cabin cruisers are swamping all available facilities at the choice dockside marvels that line our waterways from coast to coast—the multi-million-dollar marinas.

What Is a Marina?

And what, exactly, is a marina? It is, we are told, a "boat basin with facilities for berthing, securing, and servicing of all types of recreational craft, as

well as providing adequate supplies, provisions, storage, and fueling facilities." This is the "textbook" definition, which only hints at the great variety of goods and services available to the weary skipper who puts in at one of them. Today's marina is practically a suburb on its own, laid out and fully equipped to satisfy the least wish of those who like to live afloat.

A complete marina, 1959 version, furnishes not only well-planned slips, launching ramps, winter storage, marine railways, marine repair and supply shops, and auto parking space, but boats for charter, first-aid stations, auto rental service, restaurants, showers, brokerage offices, clubhouses, swimming pools and other recreational facilities, complete shopping center, waterway travel bureaus, and boatels (marine motels).

In addition, from the moment you tie up, here are some of the other features of a marina that are becoming almost commonplace. There are marinas that have classes in sailor's English for that landlubber

guest of yours. At some, you need only pick up the phone in that conveniently located booth up the pier and find baby sitters, hairdressers, barbers, tailors, photographers, as well as pick-up boys to handle

BY ELIZABETH CATLIN

THE MODERN MARINA—Berthing, securing, servicing—boatels, mate service, "Nautical Noodles."

laundry, groceries, and mail; and, for the weary businessman who can't bear to get away from it all—a dockside secretary!

If you're hungry, at certain marinas you may have a five-course buffet supper impeccably served aboard the family cruiser by an expert steward, and if you don't like to make up bunks, swab decks, and handle other boat chores, just notify mate service. If you're tired of the galley curtains or want the main cabin done over, the marina's interior decorators and upholsterers will do it. A number of marinas will rebuild your entire boat and repair your sails. And while they are about it, you can check into the boatel, take a dip in the pool, and enjoy "Skipper Steak Deluxe," "Sailorette Salad," and "Nautical Noodles" at the marina restaurant.

East Side, West Side

Although there are now marinas in every part of the country, the most famous, and most luxurious so far are still around our classic "sun spots."

The first of the big, modern, super-marinas is Bahia Mar, on the Intercoastal Waterways at Fort Lauderdale, Florida. Built in 1949, Bahia Mar is on a man-made island which centers three miles of con-

crete piers, and is a perfect example of how swamp lands are being reclaimed for marina sites. A visit to Bahia Mar is like a visit to a complete little waterways community. The shopping center is made up of 28 stores, plus a U. S. Weather Recording Station and a branch of the U. S. Post Office. The recreation center has a game area and swimming pool, and the yacht club offers outdoor movies and music for dancing. A fleet of 27 boats is available for charter; seven sight-seeing passenger ships visit nearby points of interest daily; and there are water taxis to hail if you're in a hurry. Last year, this 450-boat marina logged in 1,240 yachts.

Some other Florida pleasure-boating centers are particularly interesting because of their colorful history. Flamingo, once the hideaway and escape route for desperados who travelled the alligator-infested mangrove swamps to reach their boats is now the home of a new 200-boat marina and visitor's center. Another interesting spot is Apalachicola. At one time it was a sleepy little fishing town where it was difficult to earn a living. Thanks largely to its modern marina, it is now a booming resort area for those who like to fish in the Gulf of Mexico and Apalachicola Bay

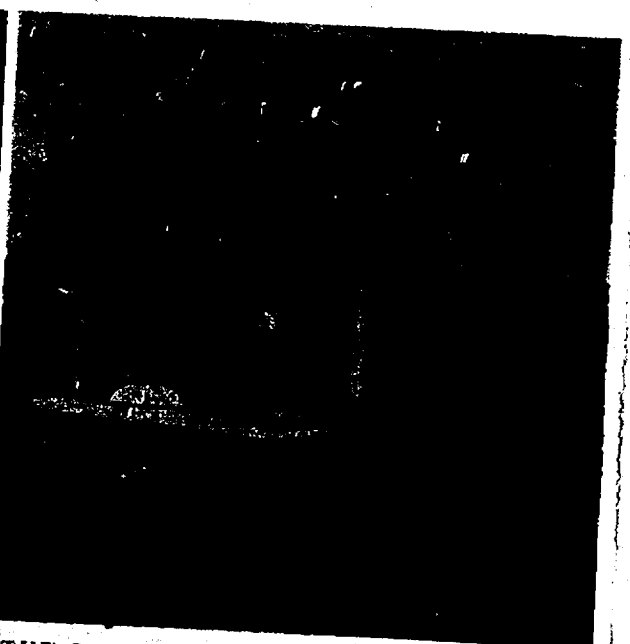

with its 75 miles of surrounding rivers and lakes.

On the Pacific side there is a whole string of plush marinas that make the California coastline a boat-lover's paradise. Redwood City, near San Francisco, is one of the many suburbs taking to the water this year with a marina of its own. Near Los Angeles is the magnificent \$25 million Marina Playa Del Rey. Partially in operation now, it should be completed in 1960. A bit farther south the state is establishing a series of picturesque boating playgrounds at Alamitos Bay and Redondo Beach. When finished, this project promises to be the largest small-boat anchorage in the world.

California's Newport Beach, once a wasteland, is the site of some twenty present-day marinas. Here, for example, are the popular Balboa Bay Club and the

THE PORT WASHINGTON L. I. RIVIERA—The Stanley Spivacks have berthed there for 5 years, and spend each vacation on the waterways. Here, Stan has the tank of Kismet II filled; Judy adjusts Karen's life preserver as Janis looks on; and ice is brought aboard for the fully equipped galley of the 30' Egg Harbor.

THE CARE OF CRAFT—still the prime concern of any well-run marina, this hoist bears witness to the excellent service provided.

FLORIDA'S BAHIA MAR—From a swampland to a sea-side suburb-on-its-own that logged in over 1,240 boats last year.

exclusive Villa Marina. The Villa's patio cottages for permanent and transient guests and other deluxe accommodations and services have kept some guests tied up at dockside for the past twelve years. On a bright night you might see, in the harbor, the yachts of visiting royalty, the cruiser of a South American President, the houseboat of a college professor and, in the section designed for small craft, the dugout canoe of an American Indian.

In the southernmost part of the state one of the country's most impressive city projects—Mission Bay Aquatic Park—is being rushed to completion. A twenty-five-year development, this mammoth \$27,200,000 boat hostel will accommodate 10,000 boat owners. There will be features unusual even to marinas, such as a showboat, an aquatic sports arena,

an aquarium, a drive-in water restaurant, and a service station canning the deep-sea fish you catch.

Wherever There's Water

What promises to be one of the finest installations in the east is Yacht Haven, situated on three islands just off Stamford, Conn. The project, begun in mid-1957, is unique in that it is the first marina known to offer a public issue of shares of common and preferred stock. Another Eastern boat mecca is Gloucester Gateway on Rust Island, Gloucester, Massachusetts. When complete it will have an amphitheater, an apartment building, and a hotel designed along the lines of the Caribe Hilton. Even Boston now has its first marina, an 800-boat accommodation at the former Squantum Air Base on Boston Harbor.

Naturally, the opening of the St. Lawrence Seaway is inspiring our Great Lakes cities and towns to go full speed ahead into the building of waterway accommodations for pleasure boats. Toledo's Port Authority is hurrying completion of its Seaway Marina on Kelley's Island, Lake Erie; and other facilities are being developed all along the southern shore of the lake to Erie, Pennsylvania, where a 2,500-boat harbor is nearing completion. Cleveland has created public harbor facilities for 700 pleasure craft in the metropolitan area. At Detroit's Roostertails Marina there will soon be an amphitheater for viewing racing events. In the same category is the waterside park and launching facility on Lake Washington, Seattle.

The Marina's Future

What is the future of the marina? More than one hundred million dollars will be spent this year throughout the nation to produce housing for pleasure craft, but the money will not even begin to fill the needs of boat-happy Americans. "Sorry, no space," are familiar words to the 1,825,000 who filed applications in their local areas last year and who were turned away. Boat dealers find that they have no difficulty selling the boat, if they can also supply the mooring.

The nation's waterways, from ocean-side to inland rivers and lakes, have, indeed, become another "new frontier." Plenty of water, millions of people who long to be on it—all we need now are more and more marinas.

How To Crash A Party

By Frank Jacobs

Chin up, eyes front... and the rest is easy

It's 10 p.m. on a Saturday evening and you, the man of the house, are bored. The wife and kids are away visiting in-laws. The TV fare is tasteless and you've read every book and magazine in the house. You've just about decided to turn in when suddenly your ears pick up the

semi-distant sounds of revelry. You listen closely. Can it be? Yes, it's true. That new couple next door is throwing a party.

You're sure it's a party (and a pretty big one at that) because you hear a number of key party noises. The shriek of a spilled ice cube bouncing off a sur-

prised bare shoulder. The roar of an Impala reversing out of a petunia bed. The blare of a dance record played at the wrong speed with a blunt needle. Yes, indeed. *This* is a party.

Now comes your crucial moment of decision—to crash or not to crash. You decide to crash, but hesitate. After all, what can you lose? But—how can you invade the gathering when you don't even know the host? How, indeed! You only have to approach your objective with the right attitude, and you are sure to succeed. There are any number of time-tested party-crashing methods to choose from. Here are several which have proven exceptionally successful:

The Concerned Method

"I've been expecting an important letter and I wonder if the postman left it in your box by mistake... oh, I didn't know you were entertaining."

The Parental Method

"My son, Tommy, tells me that he attends the same school as your boy. Be great if we could work out a car pool for them... oh, you have company!"

The Musical Method

"I'm a record collector, and I sure would like to know where you got that dance music you're playing... is that Scotch?"

The Needy Method

"Pardon me, but I wonder if you own a set of the Encyclopaedia Britannica? I'm trying to settle an argument on the drainage area of the Orinoco River... am I interrupting something?"

The Man's Best Friend Method

"Our spaniel, Fred, cut his paw in the rock garden and we're fresh out of adhesive tape... oh, I see you're having a party."

The Togetherness Method

"Heard some singing over here and thought now's as good a time as any to organize a neighborhood group to sing Christmas carols... gee, looks like you've got a houseful!"

The Reverse Approach

"The wife and I are throwing a little shindig soon and we'd like to invite you and your... oh, no, I really couldn't! Well, all right, but just one drink!"

UTRILLO—Windmills of Montmartre

To look at this painting is like a visit to Paris. Utrillo has preserved for all time these famous windmills, their sails turning against a blue sky, above brightly colored roofs and tiny gardens. Our eye follows the street into a world of enchantment.

(ST105—Print 20 $\frac{3}{4}$ x 26 inches)

TOULOUSE-LAUTREC—Chilperic

This is a scene from an operetta favored in the "gay nineties." It is rendered in lively geranium hues which contrast with cool blue-greens and dramatic blacks. A truly stunning painting.

(ST103—Print 20 $\frac{3}{4}$ x 26 inches)

MODIGLIANI—Girl with Braids
In this 20th-century masterpiece, Modigliani, prince of bohemians, has created the most tender and beautiful of all evocations of young girlhood. (ST104—Print 20¼ x 26 inches)

VAN GOGH—White Roses
This is surely one of the most lovely and spirited flower pieces ever painted. Van Gogh has caught the wild beauty and profusion of the flowers in a composition which suggests that these blossoms are the product of a well-loved garden, where sun and rain and wind have done their work. (ST101—Print 20¼ x 26 inches)

PICASSO—Boy with Pipe
In this beautiful portrait, the background of painted flowers throws into bold relief this blue poetic figure of a boy, himself crowned with a garland of pink flowers. (ST102—Print 20¼ x 26 inches)

RENOIR—Boating Party at Chateau
A lovely mid-summer scene, the air warmed by summer breezes, as young people enjoy themselves at the river's edge. The artist has caught the joy of life in his delicately painted and shimmering tones. (ST106—Print 23½ x 19 inches)

SAUSALITO ROUND HOUSE

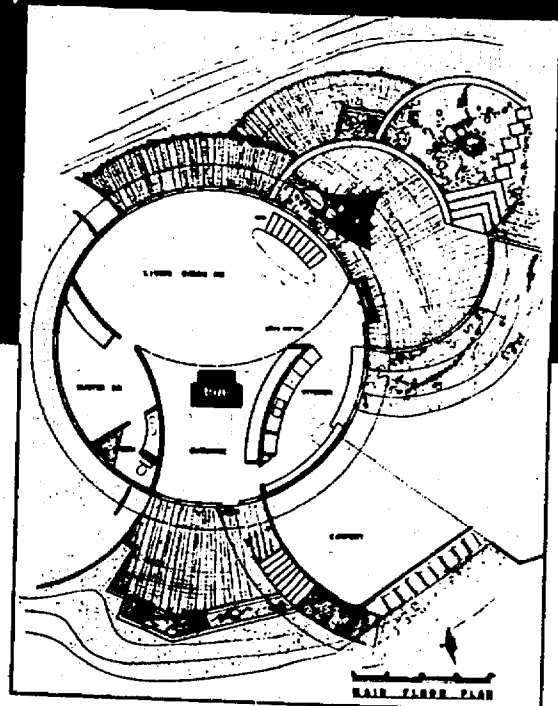

The Bensons entertain as a sunny afternoon changes to a soft, foggy evening that drifts across the bay.

THE Walter Bensons wanted their house to be round so that they could get maximum exposure to their magnificent views.

To live way, way up on the top of a mountain in a house that seems to melt in with its surroundings; to look freely all about you and see the mountain ridges to the side, the bay and ocean below, and the teeming city across that you must be a part of and yet can turn away

from at will—this was the dream of the Bensons, of suburban Sausalito, California. They built their turret in the sky—a round house in redwood and glass in which every slightest turn of the head brings a new, breathtaking view. Surrounded by mountains, sea, islands, trees, and sky, the house that embraces all these majesties is a tribute to the architect, Mario Corbett, A.I.A., and to the owner's eye for beauty.

Main Floor Plan—Pattern for Life In The Round

Would you live in
a circular house?

The Bensons do, and
for the best of reasons

*Here is the round house,
seen from below. Framed
in eucalyptus trees, it
stands on the highest point
of this mountain ridge,
flanked by huge walls of
concrete blocks which
protect it from the frequent
high winds and rains driving

*The kitchen (see Floor

adjoining the dining
area. The sink, the
space for basic small
appliances, and the
stove form a
continuous,
convenient line. Next
to the refrigerator at
right is a long working
area which also serves
for informal dining.
Here Mrs. Benson
prepares canapes
for her guests as
a friend looks on.*

and looks out over
San Francisco Bay.

left is Belvedere
Island and the Tiburn
Peninsula. The body
of water between them
is Raccoon Strait.
Note the pool, which
carries out the circular
motif found through-
out the house, and
the elliptical dining
table, seen through
glass doors leading
into the living room.*

SALADS

Special and Satisfying

Here are salads to start putting together in the cool of the morning... some of them hearty enough for a tempting main dish... all of them ideal for midsummer appetites.

MOLDED PINEAPPLE-CHEESE SALAD

To Prepare: 30 MIN. To Chill: 2 TO 3 HRS.

- 1 No. 2½ can crushed pineapple, drained (reserve sirup)
- 2 tablespoons (2 cav.) unflavored gelatin
- ½ cup sugar
- ½ teaspoon salt
- 1 cup unsweetened pineapple juice
- 1 cup orange juice
- 2 or 3 drops yellow food coloring
- 1 lb. cream cheese, softened
- 2 teaspoons grated lemon peel
- 3 tablespoons lemon juice

1. Pour ½ cup of the reserved pineapple sirup into a small bowl. Sprinkle gelatin evenly over sirup. Let stand about 5 min. to soften.

2. Add enough water to remaining sirup to measure 1 cup liquid. Heat until very hot. Remove from heat and immediately stir in the softened gelatin until gelatin is completely dissolved. Add sugar and salt; stir until dissolved. Mix in pineapple juice, orange juice, and food coloring.

3. Cool; chill in refrigerator or over ice and water until mixture is slightly thicker than consistency of thick, unbeaten egg white. If chilled in refrigerator, stir occasionally; if chilled over ice and water, stir frequently.

4. Lightly oil a 2-qt. ring mold with salad or cooking oil (not olive oil); drain.

5. Beat cream cheese until fluffy. Add lemon peel and juice gradually, beating well. When gelatin mixture is about the same consistency as the cheese mixture, stir several tablespoonfuls into cheese mixture. Continue to add gelatin mixture slowly, beating constantly, until well blended. Blend in the crushed pineapple. Turn into mold and chill until firm, 2 to 3 hrs.

6. To unmold, run tip of knife gently around edges of mold. Invert onto a chilled serving plate and remove mold. (If necessary, wet a clean towel in hot water and wring it almost dry; wrap hot towel around mold for a few seconds. If mold does not loosen, repeat.) Arrange clusters of *fructed grapes* and *mint leaves* around the mold. Fill center of ring with *cantaloupe* or *honeydew melon balls* and top with a spray of *mint leaves*. Serve with *Pineapple Salad Dressing*.
10 to 12 servings

PINEAPPLE SALAD DRESSING

To Prepare: 35 MIN.

- ½ cup sugar
- 1 tablespoon cornstarch
- ¼ teaspoon salt
- ½ cup unsweetened pineapple juice
- 2 egg yolks, slightly beaten
- 2 egg whites
- 2 tablespoons sugar
- 1 cup unsweetened pineapple juice
- 2 tablespoons butter
- ¾ cup chilled whipping cream

1. Mix the sugar, cornstarch, and salt together in the top of a double boiler. Stir in ½ cup pineapple juice. Stirring gently and constantly, bring mixture rapidly to boiling over direct heat; cook for 3 min.

2. Place over simmering water. Vigorously stir about 3 tablespoons of the hot mixture into the egg yolks. Immediately blend into mixture in double boiler. Cook over simmering water about 5 min. Stir slowly to keep mixture cooking evenly. Remove double boiler from heat.

3. Beat the egg whites until frothy. Add the 2 tablespoons sugar gradually, beating well after each addition. Beat until rounded peaks are formed. Gently blend into mixture in top of double boiler.

4. Heat the 1 cup pineapple juice to lukewarm. Stirring constantly, gradually add to egg-white mixture. Cook over simmering water until thick and smooth, about 10 min., stirring constantly. Add the butter and stir until melted. Remove from heat. Cool; chill.

5. Meanwhile, chill a bowl and rotary beater.

6. When pineapple mixture is chilled, using the chilled bowl and beater, beat the cream until cream is of medium consistency (piles softly). Gently fold into pineapple mixture.

About 4 cups dressing

Note: This salad dressing, with or without the whipped cream, is equally delicious.

CRAB LOUIS

To Prepare: 15 MIN.

- ¼ cup finely chopped onion
- ¼ cup finely chopped green pepper
- 2 tablespoons chopped green olives
- 1 cup mayonnaise
- ¼ cup chili sauce
- 1 tablespoon lemon juice
- 1 teaspoon Worcestershire sauce
- 1 teaspoon prepared horseradish
- ¼ teaspoon salt
- Shredded lettuce
- Crab meat

1. Blend together all ingredients except lettuce and crab meat.

2. Prepare enough shredded lettuce and crab meat for as many servings as desired. Arrange crab meat on a bed of shredded lettuce on each chilled salad plate. Spoon a generous amount of dressing over each serving. Garnish with ripe olives, wedges of hard-cooked egg, tomato, and lemon.

About 2 cups dressing

Note: For an interesting variation, stir ¼ cup sparkling white grape juice into dressing.

GARDEN COURT SALAD

For each serving, arrange a flat bed of shredded lettuce on a chilled salad plate. Top in the following order with: 3 crosswise slices avocado brushed with lemon juice, a large thick slice of tomato, and ¼ cup shrimp, crab meat, or chicken salad. Garnish with a ring of sieved hard-cooked egg yolk, spiced peach, ripe olives, and parsley (see photo). Serve with *Thousand Island Dressing*.

GREEN GODDESS SALAD DRESSING

To Prepare: 20 MIN. To Chill: 3 TO 4 HRS.

- 1 cup mayonnaise
- ½ cup thick sour cream
- 3 tablespoons tarragon vinegar
- 1 tablespoon lemon juice
- ½ cup finely chopped parsley
- 3 tablespoons finely chopped onion
- 3 tablespoons mashed anchovy fillets
- 1 tablespoon chopped chives
- 2 teaspoons chopped capers
- 1 clove garlic, crushed in a garlic press or minced
- ½ teaspoon salt
- ½ teaspoon black pepper

1. Blend all ingredients thoroughly. Cover tightly and chill in refrigerator 3 to 4 hrs.

2. To serve, add the dressing to crisp salad greens and gently turn and toss until greens are evenly coated. Serve immediately.

About 2½ cups dressing

GREEN GODDESS SALAD DRESSING WITH RIPE OLIVES

Follow recipe for *Green Goddess Salad Dressing*. Mix ½ cup chopped ripe olives with the dressing before chilling.

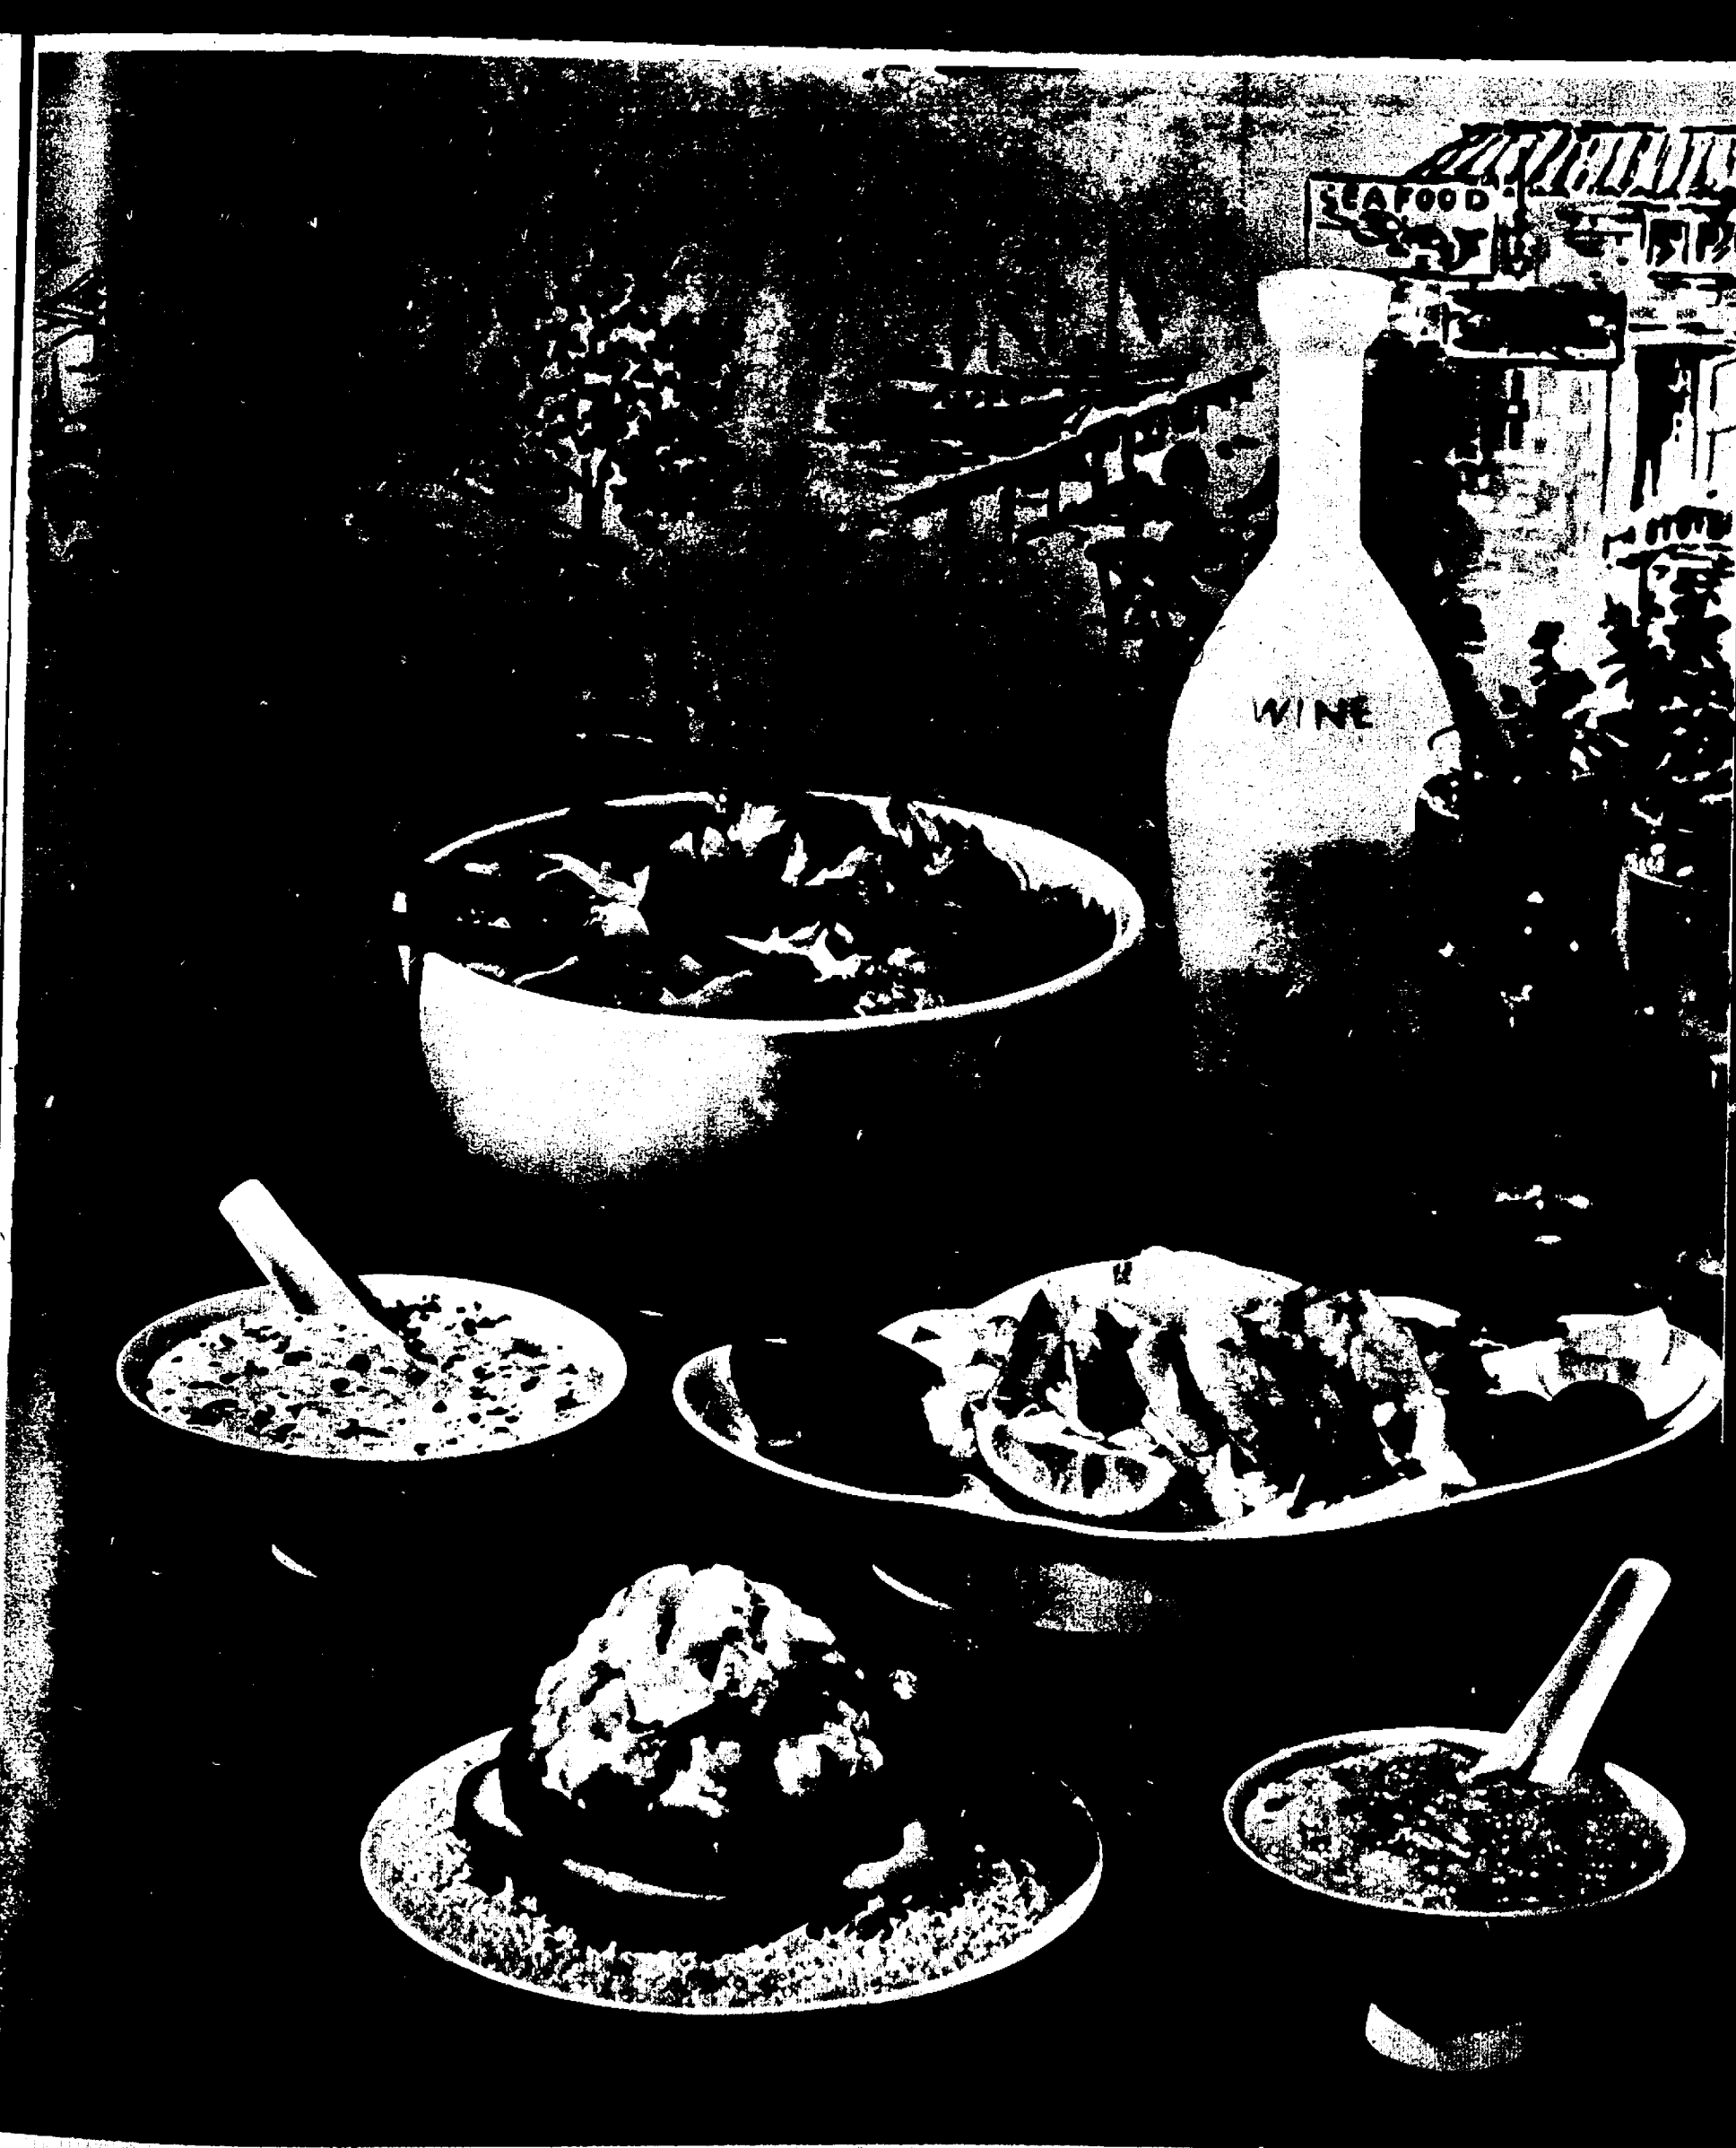

Note: For a heartier salad, mix about 3 cups deveined cooked shrimp which have been thoroughly chilled with about 2 qts. salad greens before blending with salad dressing. Chicken or crab meat may be substituted for the shrimp.

EMPRESS SALAD

Wash and thoroughly chill salad ingredients before preparing salad. Prepare, using as much of each as desired, watermelon chunks, pear cubes (unpared), and cucumber cubes (pared). Toss the fruit and cucumber cubes in the salad bowl with escarole and slightly sweet French dressing (made with lemon juice) to coat evenly. Serve immediately.

With enthusiasm, energy and wit, Villa-Lobos conducts two of his own compositions. **BACHIANAS BRASILEIRAS NOS. 4 & 7** are each four-part pieces with the folklore and color of Brazil running through them. (Angel)

Joseph Schuster and Friedrich Wuehrer have joined with Vox's engineers to produce Beethoven's complete **MUSIC FOR CELLO AND PIANO**. This unique album may become the prize of your collection. Another beautiful new recording features the horn: one side is **MOZART'S QUINTET IN E FLAT MAJOR** for oboe, clarinet, bassoon and horn, and is done by the Dennis Brain Wind Ensemble. The other side is the **BERKELEY TRIO FOR VIOLIN, HORN AND PIANO** played by Brain, Horsley and Parikian. (Capitol)

KNATCHATURIAN: SYMPHONY NO. 2, Stokowski conducting the Symphony of the Air—bold emotional music. It was first performed in 1945, and gained immediate popularity. Recorded by United Artists.

The musicianship of Wilhelm Backaus needs no introduction. On a London release, **BRAMMS PIANO RECITAL**, he plays intermezzos, ballads, a romance, a rhapsody and a capriccio in a kaleidoscope of piano music.

Veterans of show biz, El Bingo and Sinatra both have new discs this month. Crosby's record (Decca) **IN A LITTLE SPANISH TOWN** is smooth and Latin in the best of the old groaner's style. Frankie's is entitled **LOOK TO YOUR HEART** (Capitol), a dozen love ballads in the relaxed Sinatra mood.

For these hot summer nights when you can take the portable outside, pick up a record of **SING ALONG WITH MITCH: FOLKSONGS**. Several copies of the songs are included so people can sing all the words "along with Mitch." (Columbia)

Three gems of progressive jazz, that gentle, mellow West Coast sound . . . **HOLIDAY IN BRAZIL** features the talents of Bud Shank, and is a fascinating demonstration of saxophone technique. (World Pacific) . . . **THE MASTERSOUNDS** is a swinging jazz quartet of bass, vibes, piano and drums. The record is ballads and blues, deep

reverberating sounds like boats blowing in the night. (World Pacific) . . . **EVERYBODY DINGS BILL EVANS** is endorsed on the jacket by four of the greatest jazzmen today. Pianist Evans has an inventive mind and a sparkling technique. Riverside has given it the full treatment.

BAGELS AND BONGOS (yes, that's the title) is a group of rhythms by the Irving Fields Trio. Using some old familiar Mediterranean folk tunes, piano, bass and drum beat out the cha-cha, bolero and rumba. (Decca)

Renata Tebaldi as Cio-Cio San in one of London's summer releases, **MADAMA BUTTERFLY**.

SALADS Continued from page 14

EXQUISITE CUCUMBER MOLD

To Prepare: 30 MIN. To Chill: 3 TO 4 HRS.

- 4 to 5 medium-sized cucumbers
- ½ cup cold water
- 2 tablespoons (2 env.) unflavored gelatin
- 1½ cups mayonnaise
- 2½ tablespoons prepared horse-radish
- 2 tablespoons grated onion
- 10 to 15 drops green food coloring
- 1 teaspoon salt
- ¼ teaspoon white pepper
- 1 cup chilled whipping cream

1. Chill a bowl and rotary beater.
2. Rinse cucumbers, cut lengthwise into halves; remove and discard seeds, and pare. Finely grind enough cucumbers in an electric blender to make 3 cups of cucumber pulp. (If cucumbers are put through a food chopper using fine blade, pulp will be coarser and texture of mold less smooth.) Set aside.
3. Pour the cold water into a small bowl. Sprinkle the gelatin evenly over the water. Let stand about 5 min. to soften. Dissolve

gelatin completely by placing bowl over very hot water.

4. Mix together the mayonnaise, horse-radish, onion, food coloring, and a mixture of salt and white pepper. Add the dissolved gelatin gradually, stirring until thoroughly mixed. Blend in the cucumber pulp.
5. Chill gelatin mixture in refrigerator or over ice and water until mixture begins to gel (gets slightly thicker). If chilled in refrigerator, stir occasionally; if chilled over ice and water, stir frequently.
6. Lightly oil a 1½-qt. mold with salad or cooking oil (not olive oil); set aside to drain.
7. When gelatin mixture begins to gel, using the chilled bowl and beater, beat whipping cream until cream is of medium consistency (piles softly). Fold whipped cream into gelatin mixture. Turn into mold. Chill until firm, 3 to 4 hrs.
8. Unmold (see Molded Pineapple-Cheese Salad). Set cucumber cups filled with salted pecans at equal intervals around the mold. Tuck in sprigs of water cress between the cucumber cups. (For cups, hollow out 2 in. slices of unpared cucumber to form cups. Scallop edges if desired, allowing base to remain flat.) About 8 servings

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

Although many are on their way north now that the summer has officially begun, for the Pointers remaining in their own resort-like back yards there are a host of parties to attend.

On July 18 Benson Ford will be 40 and to mark this important birthday the Fords will give a dinner dance at the Little Club. Lester Lanin's orchestra is coming to play for the party.

That same Saturday evening the John Benfields will be hosts at a dinner dance at the Indian Village club for which the clever Mrs. B. is dreaming up unusual favors with a barnyard touch. In August the Benfields will be off to Crumpler, N. C., to visit their son-in-law and daughter, the Jack Lawsons.

This Tuesday the consular corps and many others will celebrate the Gallic Independence Day. Jean Paul Desparmet and Madame Desparmet will have a garden party in their Balfour road home to mark Bastille Day. Champagne is always poured at this French National festivity when the Consul and his wife entertain.

Lees Honored

At the end of July the James Lees II will be moving from their Chalfonte road home to Darien, Conn. They have sold their house to the Joseph H. Lackeys, now of Merriweather road.

On Saturday evening to mark their departure the Lees have the opposite of a house warming, a "cooling off" party. On Sunday they were honored at a luncheon in the Merriweather road home of the Frederick L. Colbys, Jr.

Coming up is a get-together with members of the gourmet wine tasting group to which the Lees belong. At the end of July the Lees will move their furnishings east but will take their children to Castle Park for a month where they have rented the John Failing cottage.

ALL-TIME HIGH

University of Detroit summer school enrollment is at an all-time high according to Joseph Berkowski, U. of D. registrar. Total enrollment for the 1959 summer session is 3285 compared to 3222 in 1958 when, Berkowski pointed out, summer jobs were hard to find.

A man's first step is always the most costly—but it's worth the price if it is in the right direction.

Joys' Guests View Britannia

Guests began arriving for the William Moore Joys' holiday party last Thursday although the dinner dance was scheduled for Friday evening in time to see Queen Elizabeth and Philip sail by in the St. Clair River aboard their yacht, Britannia.

The Joys' hilltop home has a fine view of the river and guests were invited to choose a time when the royal yacht passed a given line. The winner, with a time of 7:27, was Mrs. Ledyard Mitchell, Jr.

Candles in paper bags lit the tanbank steps leading to the water and torches brightened the gardens and terrace. Dinner was served from a buffet table decked in Fourth of July colors. Small flags and red, white and blue flowers centered the small tables. An American flag and the Union Jack flew together to mark the royal visit.

Here from out of town for the Joys party were the Cyrus Fulltons and the William Diehls, of Lancaster, O. The quartet chartered a boat for a trip through Georgian Bay after the stop for the Joys' party.

A three piece combo played for dancing and Mrs. Joy received her guests in an Italian short white satin dress with copper lined pearls, bought in Rome last year.

Hagan-Hutchinson Vows Exchanged

A Reception at the Whittier Followed Saturday Wedding in St. Paul's on the Lakeshore; Pair To Live in Grosse Pointe Woods

Chantilly lace was Kathleen Hutchinson's choice for her wedding gown when she spoke her vows Saturday in St. Paul's on the lakeshore to Frank Eugene Hagan, Jr.

The bride is the daughter of the Tony Hutchinsons, of Beaconsfield avenue, and Mr. Hagan is the son of the senior Hagens, of Neff road.

Her bridal gown was ballerina length designed with a lace bodice and a skirt of silk organza. Pearls accented the sweetheart neckline and the headband which held her fingertip veil of illusion. She carried gardenias and stephanotis.

Judy Hutchinson was her sister's maid of honor and the

bridemaid was Dorothy Petrosky. They wore pink linen sheaths with matching headbands and carried pink sweetheart roses.

The bride's niece, Sharron Carey, wore a pink frock and carried a basket of daisies as flower girl.

Mr. Hagen asked F. William Dettinger, Jr., to be best man. John W. Waidley and David G. Leach of Helena, Ark., seated the guests.

For her daughter's wedding Mrs. Hutchinson chose a beige chiffon dress with matching hat and pink orchids. Mrs. Hagan was in blue linen with a matching hat and white orchids.

After a reception at the Whittier the newlyweds left on a trip. They will live in Grosse Pointe Woods.

Paynes Move To West Coast

Mr. and Mrs. LeRoy Payne will say goodbye to their Grosse Pointe home on Lakeland avenue this Friday, July 10, and head for California where they are planning to reside permanently in Pacific Palisades.

They will motor to the West Coast, leaving immediately after the departure of the motor; and will occupy a house they have taken in Pacific Palisades.

The Paynes, who have been extensively entertained since revealing their decision to go West, were feted by Mr. and Mrs. Walter Gross at a dinner party Tuesday in the new patio of the hosts' home on Lakeland avenue. A farewell fete will be given this Thursday evening by Mr. and Mrs. Earl DuBois, also of Lakeland avenue.

Harts Bid Friends To Special Movie

Couple Will Give Dinner at DAC Preceding Private Screening of "North by Northwest" in Studio This Thursday Evening

"Just the fun of a summer party" inspired the Herbert W. Harts of Windmill Pointe drive to plan a fete for some 40 friends. And the Harts cudeled their brains to make it "something different", came up with the idea of having a private screening of a motion picture, preceded by a dinner party.

It all happened suddenly—Mrs. Hart has camped on the telephone this week taking care of invitations and details (nor is it easy to reach people in the coming and goings of these bright summer days.) The festivity is to be this Thursday, July 9.

The motion picture is to be "North by Northwest" and the private screening is to be at the Paramount Studio on Ledyard st. in the downtown area (the film will open to the public at the Adams Theater Friday).

Detroit Athletic Club's beautiful Pontchartrain Room will be the scene of the preceding dinner which the Harts have scheduled for 6:30 o'clock.

Among the guests they've invited are Mr. and Mrs. Homer Wells, the Sam Kellers and their guest and long-time friend, famed screen star Leo Carillo, who will arrive early Thursday; the Eugene Gargaros, the William E. Slaughters, the Oscar Oisons, the Eugene Casarolls the Keller Nissleys, the Edwin N. Peabodys, Mr. and Mrs. Glendon Roberts, the Ralph C. Wilsons Jr., Mr. and Mrs. William H. Breach, the Henry Forsters and the Roy Fruehaufs.

LIVE AND LEARN

The price you pay for experience is negligible—it's the knowledge you gain that counts.

Whittakers Meet Abroad

The mail of Dr. and Mrs. A. H. Whittaker, of East Jefferson, has a distinct international "flavor" with postmarks of France and Morocco on letters keeping them posted on the whereabouts of their daughters, HILARY right, and JEANNE, both on the staff of the American National Red Cross.

Jeanne, after a tour of duty on a clubmobile assignment in Korea, is serving in the Red Cross Recreation Center at the army's base near Chaumont, France. Hilary, who resigned her post in the Junior League office in New York City to follow Jeanne's example has been assigned to the Red Cross Recreation Center at Rabat, Morocco.

Jeanne drove her newly acquired Austin-Healy to Stuttgart, Germany, to welcome Hilary at the RC European headquarters, where Hilary spent several days being 'briefed' for her assignment. Recently Jeanne has toured the Dalmatian coast on a ten-day 'rest and relaxation leave, and Hilary flew to Paris where she visited friends and to Chaumont for a chat with Jeanne on her first leave. Recreation workers are on seven-day duty, with frequent leaves.

In addition to Red Cross Field Directors who provide emergency and personal services for men on military duty, at the request of the military authorities, Red Cross maintains six centers in Europe and North Africa where trained staff personnel working with volunteers, plan leisure time activities making use of local resources. The program has

been effective in providing not only relief from boredom for the servicemen, but improving understanding between servicemen and the local populations.

Jeanne has written of an art exhibit she arranged with noted French artists discussing their works. She says the ability of many men on duty at the base is outstanding and they welcome such projects enthusiastically. More recently a series of concerts was arranged, with Americans on base participating. The families of servicemen are encouraged to attend these functions.

Hilary and two other Red Cross staff members have leased a home within daily driving distance of Rabat and are enjoying the ocean air on their off-duty hours. Local farmers' carts stop at the gate with fresh fruits and vegetables and Hilary says even a few hours each day are like a vacation.

Howells Honor Relatives Visiting from California

Mr. and Mrs. Harold K. Howell, of Yorkshire road, have as house guests his brother-in-law and sister, Mr. and Mrs. Floyd C. Yetter, of Newport Beach, Calif.

The Yetters were entertained at a family gathering in the Howells' summer home near Marine City and will be feted by Detroit relatives before returning home.

GPYC Getting Ready For Splash Party

Shore Dinner to be Served and Dancing Under Stars After Swimming; Also on Calendar Is Commodore's Review and Showboat Fiesta

Now that Grosse Pointe Yacht Club has celebrated its 30th anniversary and Independence Day at big doings last Saturday, members have their sights on coming events—the July 18 Saturday Nite Splash Party and Shore Dinner, and the Commodore's Review and Showboat Party of Aug. 15.

Plans are being completed for the splash party—shore dinner fiesta by Co-chairmen Dr. Harold E. Cross and Howard A. Shaw—it's to include dancing outdoors under the stars, if weather is right. Details for the big mid-August glamour fete, the Review and Showboat Party, will be unveiled closer to the date.

Last Saturday, Independence Day, was fun—as always at GPYC, it was family day. Parents and grandparents came with the young people of all ages. Some went out on their boats in the morning; came back for the children's 1 to 4 p.m. circus; drove home for a change of raiment (and a short rest), then returned

for buffet dinner and the spectacular fireworks display; the 8 p.m. cake-cutting to mark the club's 30th milestone; the outdoor dancing.

Commodore Robert F. Weber cut the first slice of the elaborate cake decked in the club's red, white and blue colors, and surrounded by 30 candles. Honoring the occasion with him were Vice Com. William A. Ternes, Rear Com. John R. Wilt, GPYC Secretary Paul Moreland, five past commodores including Ward Peck, George Lilygren, J. Edgar Duncan, William O'Neill, Kronner and Stark Hickey, and Club Manager Fred Gebstadt. Receiving congratulations on the beauty of the cake were Head Chef Sam Jenko and Pastry Chef Leo

Niffel, creator of the masterpiece.

A telegram from Past Com. Mervyn G. Gaskin in Ankara, Turkey, brought his congratulations to the club officers and regrets that he could not be present.

Past Com. George Lilygren and Mrs. Lilygren, former Grosse Pointers who moved to Syracuse, N.Y., and now have moved from Syracuse to Pittsburgh, had come for the holiday week-end with their son and daughter-in-law, the John Lilygrens of Sunnyside avenue, St. Clair Shores, and two-year-old granddaughter, Lynn Karen (most fun was with Karen at the children's circus).

The Joseph Wanamakers and their son, George, entertained their house guests, Senor and Senora Jose R. Elizondo, of Mexico City, and the visitors' young granddaughter, Gloria Elizondo, on their cruiser, the Nor-cast III, and later at dinner at GPYC. In the party was another guest, Stephen Holt. The Elizondos left this past Tuesday to return to Mexico in a new station wagon purchased here.

Visitors from Sandusky, O., were the Dwight Curfmans and their daughters, Carole, Karen Ruth, Christy and Cindi—they had come on their cruiser, the Ruth E. III, for a few days' stay and were moored at GPYC's harbor docks.

The Robert J. Meiers, Mrs. Meier's mother, Mrs. William Sattler, and the children, Kathy, Bobby and Mary Beth Meier, were at the circus, and later returned to the club for dinner. Com. and Mrs. Weber and Vice Com. and Mrs. Ternes, with daughter, Barbara Ternes, dined together—the Webers and Ternes had been on their respective boats much of the day.

Curtis C. Carmichael brought his sons, Terry (home for vacation from Western Military Academy) and David, and daughters, Denise and Connie—11-year-old Denise has her sights set on making real swimming progress at GPYC this summer.

Others were the Anthony Moteschalls, who came ashore from their cruiser, Cissie, for dinner and fireworks display; the Robert Rousseaus; the Eugene Casarolls; Mrs. Charles L. Jacobson noted with her daughter, Carol, and her mother, Mrs. Elizabeth Trumbower of Rolling Hills, Calif.; the Carl Spitzleys and their Stevie, Debbie and Nancy; Mr. and Mrs. Charles Beltz with their children, Joy, Carol, Tom, Skip and the newlywedded Mr. and Mrs. Robert Beltz; the Richard Rays with Dick, Larry and Patty.

Old Club Hails Queen on Yacht

The largest crowd in its 87 year history jammed the boardwalk and grounds at the Old Club to watch colorful flag-decked yachts trade salutes with the Royal Yacht Britannia.

Over 300 members and guests came to the club by yacht, plane, and helicopter. Yachts were moored two and three deep in the club's harbors.

The line of yachts arranged by Fleet Captain Maurice Clausen dipped ensigns in unison as the Britannia passed only a few feet from the club's boardwalk. Members got a wave from the royal party on deck and Commodore Clete Welling in full uniform saluted the Britannia captain to complete the tribute.

Also a highlight of the weekend was the arrival of the William M. Packer Sr., Bill Jr., and the Harry C. Van Wormers aboard White Heron, the Packer's 55-foot motor sailer.

Roughest part of the 18-day, 2,300 mile voyage from Port Everglades, Fla., was a 60 hour stretch of bad weather

on the tail of a hurricane near Charleston, S.C. The Van Wormers and Bill Jr. joined the White Heron in New York for the remainder of the trip to the Old Club.

At the club for the weekend were the Benson Fords, the John M. Lords, the Leo Fitzpatrick, the W. A. Fishers, Mr. and Mrs. E. S. Evans Jr., the Richard P. Joy Sr., Mrs. Henry P. Williams, and Mr. and Mrs. Henry Earle, who entertained the Alfred C. Girards and their family at the Earle cottage at the club.

CITY PROPERTY DAMAGED
Vandals broke a 25 x 30-inch glass on the bulletin board on the lawn in front of the Park Municipal Building, and stole a report of the June 8 council meeting, bids on street repairs, and a letter complimenting the city police department for its safety award.

'Hill' Beauty Project Planned

A more beautiful business district, to attract customers, is the aim of merchants in the Kercheval-on-the-Hill section who petitioned the Farms council on Monday, July 6, for assistance in the program.

Anthony W. Colett, representing the businessmen's committee, told the council that the over-all cost of the beautification program will be an estimated \$15,000, toward which the merchants are contributing. He asked the council if the city would help to finance the project.

He said that the initial plans call for the planting of 12 Maple trees, six on each side of the street from Hall place to McMillan, and four more on the north side, from McKinley to Fisher road. The trees will cost \$400 each, he said.

Colett said that developing the scenic beauty of the area will do a great deal for the district, and will attract customers to the "Hill."

He pointed out that the property in front of the Gabriel

School, already has green plant life, and the Board of Education will not be asked to develop it any further.

After a further discussion of the matter, Mayor William Connolly, with the consent of the council, appointed Councilmen Richard Maxon and Henry Bodman II as city representatives to meet with the businessmen's committee to see what can be worked out.

Pointe to Have Brokerage Office

First of the major Michigan brokerage firms to open a branch office in the Grosse Pointes is Smith, Hague & Co., whose new building, at Mack and Oxford in Grosse Pointe Woods, will be ready for occupancy August 1.

Constituting a major expansion move for the 22-year-old firm, this is the company's fourth branch office. Others are located in Ann Arbor, Lansing and Jackson.

The purpose of the new branch, according to Hal H. Smith, Jr., managing partner, is to serve a growing list of customers in the Grosse Pointe area with complete brokerage facilities and the service of seven registered representatives.

Headquartered in the Penobscot building, Smith, Hague & Co. was organized in 1937 and has been a member of the New York Stock Exchange since 1951.

Principals of the firm, in addition to Smith, are: Richard L. Lamborn, New York, partner on the floor of the New York Stock Exchange; Samuel Hague, partner on the floor of the Detroit Stock Exchange; Edward M. Everham, in charge of trading; Mark Nolan, office manager and in charge of accounting; and Hal H. Smith, III, assistant to the general partners.

George Nicholson, head of investment advisory service, started the investment club idea in the United States and services many of these groups today.

HOUSEHOLD HINT

If you are planning a new home, give plenty of thought to placement of your kitchen. Home management specialists at Michigan State University suggest the kitchen should be convenient to the front door and to the service entrance. If you have small children, you may want to locate the kitchen so you can see them at play from the kitchen window.

Miss McDonald's Betrothal Told

A plane flew over the Lapeer Top Eighty Farm of Clifford J. McDonald Sunday and guests learned of the engagement of his daughter, Martha, and Edward Frederick Lambrecht, Jr.

From the airplane fluttered cards telling of the couple's engagement. The bride-elect, also daughter of the late Mrs. McDonald, attended Kingswood School, Penn Hall Junior College, and is a member of Tau Beta.

Her fiance, son of the senior Lambrechts, of Beacon Hill, attended the Hotchkiss School and Lehigh University.

The couple will exchange vows this fall.

Miss McDonald's Betrothal Told

After his graduation from the seminary, Mr. Brinck returned to Michigan to serve his internship at Maranatha Church.

The Reverend Mr. Donald L. Veitch of Maranatha Baptist Church delivered the ordination sermon and Dr. Franklin W. Wiley, pastor of the Gratiot Avenue Baptist Church, was the moderator of the Ordination Council.

Winners in the 7-8-9 group were these: 1st place: Ann Leach, Grade 7; 2nd place: Leslie Rein, Grade 8; 3rd place: Mimi Edwards, Grade 7; 4th place: Sallie Waterman, Grade 7; 5th place: Kathie Kriehoff, Grade 7; 6th place: Carol Johnson, Grade 9; 7th place: Cathie Barnes, Grade 8.

A very stimulating debate was presented to the Upper School Assembly when two senior girls debated two other senior girls on the topic "Resolved that the People's Republic of China should be admitted to the United Nations." The affirmative team was Sally Champion and Banu Pektas; the negative was Susan Leach and Jane Peirce. No result was announced, but the topic continued to be discussed throughout the day.

Miss Elizabeth Ferguson, of the G.P.U.S. Latin department, reports as follows of the appearance of Mr. McCann before teachers of Latin at Schoolmasters' Day recently at Ann Arbor: "Mr. McCann, who as 'Coach' has taught generations of Grosse Pointe men their Latin, is famous for the unique system of 'dockets' which he uses with seventh and eighth graders. At the meeting of the Schoolmasters Club at Ann Arbor on May 8 Mr. McCann explained his system to the Latin section. He emphasized the incentive to progress that comes when the student realizes that he himself is responsible for the speed of his progress. Those at Ann Arbor were interested in hearing of a class where there is unusual emphasis on individualism and competition."

A number of 11th grade boys presented an assembly program in which they discussed the problems of college selection and college admission. Those who participated were John Lafer, Irving Smokler, Hannie Carpenter, Peter Van Riper, Tom Clark, Bruce Gillis, George Boller, and Wally Roberts. Dick Baron was moderator.

Michigan Week was appropriately celebrated at Grosse Pointe University School by a Michigan history assembly, in which the par-

ticipants were members of Mrs. Ashurkoff's 8th grade history classes.

Laura Ford was the announcer. Allan Sheldon described the career of Jean Nicolette, who was the first white man in Michigan, and gave a brief sketch of the history of the period. Meg VanDeGraaf discussed the role of Michigan in the Civil War; John Golanty continued the same topic. Star Langston related the life of Hazen Pingree through his days as mayor of Detroit; Otis McKinley went on to describe Pingree's career as governor of Michigan.

Others on the Michigan Week committee were Alan Hartwig, John Buell and David Hughes. The assembly program was the culmination of seven weeks of study during the spring semester in which the 8th grade studied Michigan history and government. The girls' classes are also required to give an oral report on Grosse Pointe history. They must get their information from primary sources by interviewing some person in the community.

Students from grades 7-12 presented a talent show at the Thursday, May 21 help period assembly. These were the acts: Nancy Webber, Lynn Leithauser, Connie Baum, and Cindy Beaman did a singing-dancing number; Danielle Harris played two piano solos; Dennis Cross sang a song;

Named to Lead In Torch Drive

John J. Cronin, general chairman of the 1959 Torch Drive, has named Allen Sheldon III, of Provencal road and Mrs. James B. Webber Jr., of Kenwood road, as co-chairmen of the Advance Gifts Committee.

Sheldon, treasurer and vice-president of the Sheldon Land Company and a board member of several other corporations, has worked as a Torch Drive volunteer since shortly after the "give once for all" campaign was started in Detroit. He solicited Grosse Pointe businessmen for contributions and has been a member of the Advance Gifts Committee in recent years.

In addition to his co-chairmanship of the Advance Gifts Committee, Sheldon is a member of the United Foundation Board of Directors. He also is on the boards of Jennings Hospital and of the Grosse Pointe University School, serving as president of the school's board during the past year.

Mrs. Webber served as chairman of the Advance Gifts Committee last year. She has long been a leader in the volunteer work of the United Foundation and its services. Currently, she is recording secretary of the United Foundation's Women's Organiza-

tion, a member of the United Foundation Board of Directors and a member of the boards of directors of Woman's Hospital and the United Community Services. She has served on the finance committee of the Girl Scouts of Metropolitan Detroit, the United Community Services Women's Committee and the board of directors of Sophie Wright Settlement and as chairman of the project finding committee of the Junior League.

Mrs. Webber and Sheldon will head a committee which is responsible for large contributors other than those in the big corporations. Their solicitation is not confined to any one unit of the Torch Drive and is done prior to the actual campaign, which will be held October 13, through November 5.

G. P. U. S. News Notes

(Continued from Page 18)
Happy Endicott did a Hawaiian song-and-dance number; and the senior boys' quartet presented some songs, accompanied by Mr. Arner at the piano and Mr. Bellows on the drums.

The Band and the Glee Club presented "A Night of Music," the annual G.P.U.S. concert, at the school auditorium on the exceptionally humid evening of Thursday, May 21, under the direction of Mr. David M. Arner, with Mrs. Hortense Robinson, accompanist.

The band played numbers by Clare E. Grundman and John Philip Sousa, as well as Leroy Anderson's "A Trumpeter's Lullaby," in which Robert Love played a trumpet solo. The band also joined the glee club in "Serenade to Spring" by Warrington, and in the "Canticle to Peace," with text by John Greenleaf Whittier.

Glee club numbers included, among others, selections from "Brigadoon," from Rodgers and Hammerstein, as well as "Recessional," "The Halls of Ivy," and "Sail, Sail Thy Best, Ship of Democracy."

Carolyn Nyman sang "Almost Like Being in Love."

Members of the band are George Boller, John Golanty, Bayard Blessing, Stephen Norcott, Peter Monroe, John Lafer, Stephen Fischer, Bill Semple, Harry Garland, Jim Jennings, Bob Hamilton, Jac Ritter, Nat Semple, Budd Lott, Dick Williams, John Ehrlich, Jon Cavallo, Bob Love, David Hughes, Peter Armstrong, Wayne Pressel, Chip Mungler, David Rein, Jack Pingel, Irving Smokler, John Evans, and John Thrasher.

Glee Club members are the following: sopranos: Carol Fisher, Mary Graves, Lynne Randall, Suzie Stair, Marilyn Davis, Carolyn Nyman, Midge Stockard, Julie Walbridge, Helen Jinks, Mary Buttrick, Peg Carpenter, Lynn Leithausser, Marana Tost, Judy Tipton, Susan Adams, Mimi Amerson, Tina Gram, Tina Macpherson, Betsy Semple, Paddy Walbridge, Anne Wood; altos: Jane Peirce, Janet Old, Gay Bacon, Sally Lewis, Carrie VanZile, Connie Wendin, Darcy Chandler, Jean Templeton, Judy VanRiper, Polly Blake, Lynn Gorey, Martha Howbert, Penny Langston,

Correct Fuses Protect Home

You have a watchdog in your house, even if you have no dog. It's the fuse box, which keeps track of electric power in your home, says Richard Pfister, agricultural engineering safety specialist at Michigan State University.

Anytime there is too much build-up of power, the fuse says "no" by blowing out. Electric current stops altogether—until you replace the fuse.

The 15 amp. fuse is right for most home wiring, since most homes have size 14 wire. Don't use a larger fuse unless a qualified electrician recommends it. Otherwise, you have very little control on the amount of electric current within circuits in your home. Your "watch-dog" is not on duty.

If you have trouble with fuses blowing, it may be due to the extra strain on circuits when electric motors, such as your freezer or water pump, start at the same time.

There's a remedy for this, and it does not mean using a larger fuse. Pfister suggests you install a time-delay or Fusetron type fuse, made to handle the extra surge of power needed when an electric motor starts. This type fuse fits into your regular fuse box.

Mailmen Give Vacation Tips
 Some tips about your mail which can help make your vacation more pleasant were issued today by Postmaster General Arthur E. Summerfield, as follows:
 1. Don't let a stuffed mail box advertise your absence to housebreakers. Ask a neighbor to empty your box and hold your mail. If this cannot be arranged, your postmaster may hold your mail for a limited time upon written request.
 2. If you want to get your mail while you're away, file a forwarding order with your postmaster. (Let him know when you get back, though. Forwarding first class mail does not require additional postage. Other classes will need more postage, but you can guarantee payment of this postage by so indicating on the forwarding order you fill out.)
 3. Use your full and complete vacation address and give it to people who may write you.
 4. Use enough postage. Regular size post cards take 3c, jumbo size cards 4c, first class letters 4c an ounce.
 5. Don't send cash in letters; use postal money orders, and register letters containing valuable items.
 6. Package carefully. When sending perishable, fragile, or unusual items by parcel post, it is best to check the local post office on their mailability.
 7. Buy books of stamps at the nearest post office to avoid unnecessary return trips.

Ticket Juvenile After Accident
 Two persons received minor injuries following a three-car accident in front of 90 Kercheval on Friday, July 3. A 16-year-old Detroit girl was blamed and she received a ticket to appear in Juvenile Court.
 A Farms accident report disclosed that Harry F. Valentine of 980 Hidden Lane, stopped in the middle of a traffic lane in front of the Kercheval address, to permit his wife Eleanor to leave his car. He was facing east.
 As Mrs. Valentine emerged from the car, the Valentine vehicle was struck in the left rear by the 16-year-old girl, which in turn slammed into a car owned by Dawn O. Book of 283 Cloverly road, parked at curb.
 Mrs. Valentine received a slight cut on the left elbow, and Camilla Addy, 15, of 1367 Kensington, a passenger in the girl's car, suffered a slight cut on the forehead and a bruised right arm. Both were taken to Cottage Hospital, where they were treated for their injuries and later released.
 The girl was issued a ticket charging her with not having her car under control and causing an accident. Her automobile had to be towed away.

March of Dimes Plans Campaign
 Charles L. Gehringer, former Tiger great and vice-president of the Detroit Baseball Company, will be Wayne County campaign director for the Emergency Appeal of the March of Dimes to be held in August.
 "We are grateful to all the county residents who contributed in last January's March of Dimes, but the polio burden from previous years, plus last year's epidemic, have sunk us so deeply in debt, the care of all of our 2,400 polio patients is in danger of grinding to a stop," Gehringer said.
 "We were carrying a big load with rising costs and when 878 cases—most of them paralytic—hit the county last year, the roof fell in."
 Gehringer said the polio patients were in iron lungs at home, in hospitals and in respiratory centers. Many are growing children who need shoes, braces, wheelchairs and crutches, at intervals, to make their game fight for a comeback.
 "It will take team play from all of us volunteers to make the August appeal a success. I figure Wayne County will take care of its own," he said.

Boat Banter
 By Fred Runnells
 The three day, Fourth of July weekend was a busy one along the waterfront and it all seemed to be touched off by the visit of Queen Elizabeth and Phillip, which was the highlight of the Freedom Festival program.
 The Detroit River was a beehive of activity on Friday, July 3, when the beautiful, sleek Britannia sailed by, escorted by the Coast Guard Cutter Mackinac and hundreds of pleasure boats.
 It was particularly dangerous for the small yachts when the fleet passed through the head waters of the river. The wash created by the hundreds of boats made the river an angry body of water and it is amazing there were no accidents. We witnessed nothing but care and caution being exercised, by the skippers and there wasn't a hot-rodder in sight.
 That evening we witnessed an even greater spectacle following the wonderful display of fireworks in the river off the Civic Center. It is hard to estimate how many pleasure boats were anchored near the fireworks barges but there must have been upwards of two thousand craft of every description. For nearly two hours we watched the fleet move slowly past Bayview Yacht Club and it seemed one could have walked all the way to Canada across the decks without getting his feet wet. Particularly impressive was the massive cluster of white running lights which resembled darting fireflies as the boats moved out into Lake St. Clair.
 The following day, Saturday, July 4, the big unlimted boats put on a show in the Windmill Pointe Yacht Club's annual Detroit Memorial regatta which was won by "Miss

The first Campau appeared in Fort Detroit in 1707 and from that year on this noted French family had a part in most of the developments in the city's history.

Barnabas Campau was the great grandson of Jacques Campau, Michael's brother, who obtained a grant in 1734 from the French government of what came to be known as the Meldrum farm.

Joseph founded what was to become the Detroit Free Press from the ashes of the old Gazette, which burned in 1830.

One of Barnabas' children, Alexander Macomb Campau, was among first students to enroll in the University of Michigan.

The family fortune was based on furs and Barnabas' merchant trade. He owned the McDougall farm, another large tract along the river, south of Grand Boulevard.

The Campau-Sibley union produced six daughters and one son, Henry, who died in 1881, aged 21 days.

Other branches of the Campau family wed Morans, du Boises, Marsacs and Marantettes. A Campau was the first president of the Grosse Pointe Club and owner of large tracts of Pointe property.

by whoozit

Fourth of July this year held more than its usual excitement. On Friday swimmers gathered at the Pointe's parks caught a glimpse of the royal yacht Britannia as it steamed up to Sarnia after the Queen's visit to Windsor.

Eugene G. O'Brien, Jr., marks his birthday on Independence Day. This year his present was a surprise visit from his brother-in-law and sister, Mr. and Mrs. Volney Morin, of Los Angeles, Calif.

Nine year old Judy Barlow marked the holiday by catching her first fish off the Farms pier. Not only was the fish her first one, but also the first blue gill caught there this season.

Queen Elizabeth's visit this past week-end brought memories of her uncle, the Duke of Windsor's visit in the early 1920's, when the Edsel Fords entertained the royal guest at a ball in their Indian Village home.

Impromptu entertainers Sunday afternoon on the lawn at the Boat Club were Jay Trudell and Chuck Watson. They were beating their bongos drums for a delighted audience.

PILFERINGS

At 2:30 a.m. a Des Moines man called a neighbor and said cheerily, "Gosh, isn't this a nice day?"

"Nice day!" exploded the neighbor. "Don't you know it's 2:30 and you got me out of bed?"

"Oh, that can't be true," said the first man. "Your dog is in my yard barking and I can't believe you'd be letting him run loose at that time of night!"

The dog hasn't been out at night since.

MRS. WILLIAM F. PISHALSKI, OF RIDGEMONT ROAD

By Patricia Talbot

You have heard of substitute teachers, but Mrs. Pishalski has applied this idea to her own unusual part-time career.

Before her marriage a full-time pharmacist in Royal Oak, Mrs. Pishalski decided after her twins, Cedric and Fredric, were born, she ought to keep her hand on the mortar and pestle, so she continued her profession on this basis.

Unlike the teacher, she usually knows a day or two in advance that she will be needed so she can rise at 6 o'clock, clean her house and get supper ready to be eaten that evening.

But she turns down requests when there is a family picnic, a Scout Court of Honor, a school function or any engagement made previously with her husband and sons.

Pharmacy at Home A skillful organizer, Mrs. Pishalski has decorated her home herself, upholstered furniture, wired lamps, and helped enclose a terrace.

She has tiny brass sets, large enough for just the smallest tablets to be pulverized and huge heavy China mortars and pestles (some in rare China from France and Germany) to do heavier work.

Artist, Too Several years ago, Mrs. Pishalski began oil painting, and now many of her efforts hang on the walls of their house.

Mr. and Mrs. Pishalski are avid square dancers and belong to clubs at the War Memorial, Brownell Junior High School and Cannon Recreation Center.

A devoted mother, this part-time pharmacist is a room mother at Brownell and in the past has been active in Cub Scouting.

Educational Advisor She is at present working with a statewide group of pharmacists on a program to acquaint high school students with the profession which badly needs recruits.

As his first Detroit Edison assignment, he supervised construction and labor relations for a former Edison subsidiary, the Wayne Mining Company of Cambridge, Ohio.

Tyree and his wife, Lucille, make their home at 28 Provenal Road, Grosse Pointe Farms. Their son, Thomas B., is a captain in the U. S. Army.

Young Cyclist Hurt in Park

Bonnie Sue Buck, 8, daughter of the Lee A. Bucks of 687 Balfour, suffered minor injuries about the arms and legs when she was struck by a car while riding her bicycle, at Balfour and Korte on Monday, July 1.

The driver of the car, Anthony E. Grosefield, 17, of 3446 Harvard, Detroit, told Park Police that he was driving north on Balfour about 15 miles an hour, when the girl pedaled in front of his vehicle. He said he could not stop in time to avoid hitting the child, who was knocked to the pavement.

Grosefield was released after making a statement, and the girl was taken to Bon Secours Hospital for treatment of her injuries.

Bonnie was given a ticket to appear in Juvenile Court for cutting in front of moving traffic.
