HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, July 23
AFTER DEFEATING a one-cent use (sales) tax increase, the House passed a flat rate income tax, late Wednesday, by one vote more than was necessary. With 56 votes needed to pass a bill, the vote was 57 to 50. Fifty-two Democrats were joined by 5 Republicans on the 140-million-dollar program authored by Rep. Rollo G. Conlin (R. Tipton) and endorsed by Gov. Williams.

However, the bill probably faces defeat in the Senate where controlling Republicans have announced their intentions of opposing it. This plan would tax individuals at 2 percent, corporations at 5 percent and financial institutions at 7 percent.

Friday, July 24
THE CHARTER of the Southeastern Michigan Division of the American Cancer Society has been revoked because of its defiance of an order from the ACS to withdraw from the United Foundation.

Dr. Harry M. Nelson has been appointed by the ACS to take over the society's business in the Detroit area and the Detroit group has been ordered to account for all its funds and assets.

Saturday, July 25
THE REPUBLICAN program for a higher use or sales tax was accepted by House Democrats Friday, thereby bringing Michigan's six-month financial crisis to an end. Senate Republicans will write out the final details next week to be approved. The Democrats gave in with the passage of two compromise revenue programs in the House.

Both included the sales tax increase and also a corporation profits levy. The package deals, as they each now stand, would yield 135 million dollars in the current fiscal year if the higher sales tax starts on August 1, according to revenue experts. The yield would be 145 million in the second year.

Sunday, July 26
WITH WINDS UP TO 105 miles per hour, hurricane Deborah, Saturday battered Houston, Texas, the South's largest city, (over a million in population), only to hit the city of Galveston. Six foot tides and torrential rains left a million dollar wreckage and forced thousands of persons to look for safety on high ground.

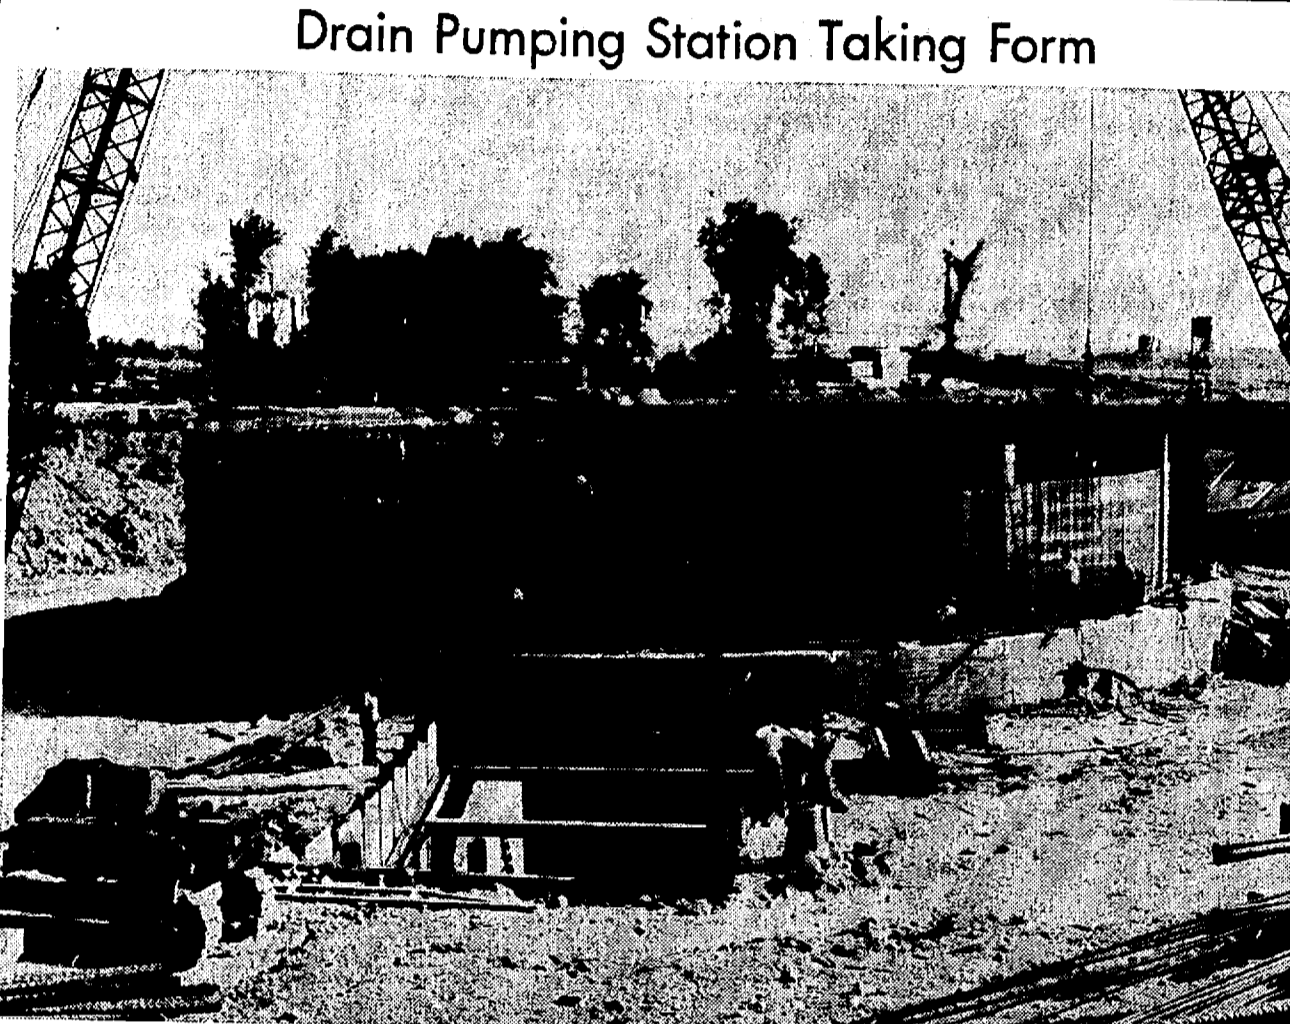

Monday, July 27
BEFORE A CROWD OF 400,000 cheering Cubans, Fidel Castro announced Sunday that he will resume the post of Premier of Cuba. He also pledged his friendship to the United States, only to be followed by his brother Raul, who spoke against the U.S. and its press. He said that the United States was to blame "for all the ills of Latin America."

The occasion for the rally was the commemoration of the "abortive raid on the Moncada barracks in Santiago de Cuba, on July 26, 1953." That was the first step against former dictator Fulgencio Batista, who was overthrown last year.

Tuesday, July 28
A THIRD MAJOR LEAGUE will begin play in 1961, and by 1967 will play a 154-game schedule with a minimum of eight clubs, it was announced yesterday in New York. The "Continental" league, as it will be called, already has five cities in its fold. They are Denver, Minneapolis, St. Paul, Houston, Toronto and New York, (which after giving up two teams two years ago, is ready for another try).

Wednesday July 29
ONE OF DETROIT'S most controversial and colorful jurists, Patrick H. O'Brien, died at Jennings Memorial Hospital. He was 91 years old. He was a retired Probate Judge who began his career in the Upper Peninsula in 1891.

His son, D'Arcy O'Brien, who was assistant State attorney general and State public administrator, died two days before his father. At the time of his death, Judge O'Brien did not know that his son was dead.

The latest picture taken of the pumping station located in Marter road, adjacent to the Woods municipal garage, shows the final pouring of the wet wall. The station is part of the Grosse-Gratiot Drain Project, and is being built at a cost of about \$1,900,000. The caisson sub-structure is about 90 percent completed, and the pump machinery will be installed in another month. The structure, which stands 28 feet high with a diameter of 100 feet, should be in operation by the latter part of March next year. It will have a pumping capacity of 2,300 cubic feet a second, taking up storm water from the Girard Drain and pouring it into the Milk River Drain and out into Lake St. Clair.

Center Drive Finally Hits \$40,000 Goal

\$2,000 Gift from Estate of Mrs. Henry B. Joy Spells Success for Campaign

Success, at long last, has finally crowned the annual Family Participation Fund-raising campaign conducted by the Grosse Pointe War Memorial Association. The drive ended officially on Memorial Day, by which time it was hoped the goal of \$40,000 would have been reached.

Despite extra overtime efforts of the volunteers and the added expense of many call-backs by telephone and reminders by mail, up to last week contributions from but 3,018 of the Pointe's more than 60,000 residents had raised only \$39,902.14.

Then the final push came from the estate of the late Mrs. Henry B. Joy, who from the time of its inception to her death, was one of the most active and enthusiastic supporters of the Center. A check for \$2,000 was sent by her son, Henry B. Joy, Jr. of Provincial road, from the Helen Newberry Joy estate, of which he is trustee.

The \$41,902.14 which has now been received from 3,019 donors compares with a total of \$40,074.87 which had been contributed at this same time last year by 2,894 donors.

It is hoped that many more gifts will be received before the year ends. All contributions are tax deductible. Checks should be made out to the Grosse Pointe War Memorial Association and sent to 32 Lakeshore Road, Grosse Pointe 36.

Alert Police Officers Nab Two Juvenile Tire Thieves

Two Woods police officers, whose alertness last week nipped a crime in the bud, proved that having a suspicious nature pays off. They arrested two juvenile tire thieves during the early hours of Saturday morning, July 25.

Patrolman Jack Mast and Everett Plumb were cruising in their scout car along Holiday road at about 4:20 a.m., when they noticed two boys, one 16 and the other 15 years old, in a car that had stopped for a stop street at the intersection of Holiday and Cook roads.

The car crossed Cook, then turned into West King, traveled the circle to East Kings court and turned onto Cook. The boys did not get very far on Cook

Grosse Pointe Memorial Church Selects Minister, Rev. Bertram deHeus Atwood

Leader of First Presbyterian Church of Englewood, N.J., to Take Up Duties Here Early in October

Grosse Pointe Memorial Church, which has been seeking a new minister since the retirement of Dr. Frank Pitt in October 1958, has issued a call to the Rev. Bertram deHeus Atwood, minister of the First Presbyterian Church, Englewood, N. J.

At a congregational meeting following the Sunday service the unanimous call was issued after the report of the pastoral nominating committee, Dr. Frank J. Sladen, chairman.

The Rev. Atwood will take over his pastoral duties during the first week of October and preach his first sermon from the pulpit of Grosse Pointe Memorial Church on Sunday, October 11.

Dirty Sidewalks Blamed on Cand

Complaints about the condition of the sidewalks around two of the City's Cunningham's drug stores have come to the attention of City's Clerk Norbert Neff.

Upon investigation, it was found that a paraffin type substance was present in many spots on the sidewalks. Further investigation revealed that the substance was a result of a sweet liquid sold by Cunningham's that children buy and chew, and then get rid of the container.

Cunningham's, in compliance with a request on the part of Mr. Neff, has agreed to withdraw the item from sale. "This should eliminate both the complaints about the unsightliness of the sidewalks and the cause of the complaints," said Mr. Neff.

Babe Ruth Teams Seek Title Here

District Crown at Stake as Eight All-Star Squads Battle at GPUS Field

The long road to Tokyo, Japan, may start for some Babe Ruth baseball team at the Grosse Pointe University School diamond, Cook road and Chalfont, this weekend where the District Two tournament is being held.

Eight Babe Ruth all-star teams comprising the finest 13, 14 and 15-year old players in Southeast Michigan, including two teams from Grosse Pointe Woods-Shores, will battle it out for the District championship.

The winner earns the right to play at Ypsilanti for the State title the following weekend. Should they go on to take the National Babe Ruth championship, the reward is a trip to Tokyo.

Starts on Friday

Action will start on the G.P.U.S. diamond at 9 o'clock tomorrow (Friday) morning when the first of four games will be played. Other first-round games are scheduled for 11 o'clock, 1 and 3 p.m. The four winners of these contests will meet in the semi-finals on Saturday, with the first game at 11 a.m. and the second game at 1:30 p.m. The final game, to determine the tournament champion, will be at 1:30 Sunday.

Entries for the tournament have been received from the following Babe Ruth teams: Farmington, North Farmington, Berkley Americans, Berkley Nationals, East Side Kivans (Detroit), North Detroit, Grosse Pointe Woods-Shores Americans and the Woods-Shores Nationals. The defending district champion are Carl Wheeler's Woods-Shores Americans. Last year at Berkley they defeated the Woods-Shores Nationals in the finals by a 3-2 margin in extra innings.

Fans Urged to Attend

Because this is the biggest baseball event to be held in the Grosse Pointe area in many years, it is hoped that the community will support it wholeheartedly. Every effort has been made by the tournament committee, headed by Jack Chown, George Foster and Dave Marsteller, to make the tourney a success.

Endless hours of hard labor by coaches, players and a landscaping firm have put the diamond in A-1 shape. Their adviser in how to prepare the

22 Elm Trees Die In City as Result Of Dread Disease

Seven Killed on One Estate Alone, Two Lost in Lakefront Park; No Foliage Spraying Being Done Now

The present count of elm trees in the City of Grosse Pointe destroyed by the Dutch Elm disease now totals 22, according to a recent survey report released by City Clerk Norbert Neff.

Of these trees, most of which have been removed, 17 are on private property and 5 are public trees. The private trees are located on East Jefferson avenue (12), Washington road (4) and Woodland place (1). Seven of these are on one East Jefferson estate alone, that of Dr. A. H. Whitaker.

Farms Park Damaged by Car Thief

80-Mile-An-Hour Chase Ends When Youth Crashes Into Car and Fence

The youth, Terrance J. Brandt of 4405 Lemay avenue, jumped into the bay and swam toward the Crescent Sall Club in his effort to escape, but found two City policemen waiting for him when he emerged from the water. He was taken into custody.

Nab Juveniles As Car Thieves

A new automobile stolen from Turner Buick, 15103 Kercheval avenue, on Monday, July 20, was recovered three days later by Warren police, according to information released by Park Police Chief Arthur Louwers.

The chief said the car was found on Route M-97, Burnett road, on Thursday, July 23, and four juveniles were arrested in connection with the theft.

He said that a 15-year-old Roseville boy committed the actual theft, and later picked up the other boys, also of Roseville, who became involved because they had gully knowledge of the crime. The Warren police arrested the youngster who was taken to the station by a relative, and later took the others into custody, at their homes.

Public Hearing Date Set in Park

The Park council on Monday, July 27, set August 24 at 7:30 p.m., as the date and time for a public hearing on the proposed Garbage Grinder Ordinance, which the council approved preparatory to adoption. The measure was drafted by City Attorney Pierre Hestler and is patterned after that of the Woods and Farms.

Historic Newberry Estate To Be Called Warner Road

The lovely lakeshore estate of the late John S. Newberry, one of the highest points of land in Grosse Pointe, has a long history behind it, and before it, too.

Presently, it is a piece of land devoid of the stately homes that have made its tradition. It has been this way since late in the summer of 1937 when the Georgian mansion of the late John S. and Edith Stanton Newberry was torn down. But, the land will not stand bare for long now, for its future lies along the same path taken by many of the Pointe's old estates. It is to be a subdivision.

The first Newberry home was built in 1875 when the first

State Health Department Issues Edict

Construction Is Curtailed; Arguments Halt Sanitary Expansion Project

The State Health Department's ban on sewer construction, which will curtail construction of new homes in eight suburbs, does not affect building of individual homes, or subdivisions which already have obtained building permits, official sources in the Woods and Shores disclosed on Tuesday, July 28.

The Woods, Shores and Harper Woods in eastern Wayne County, and Warren, Roseville, St. Clair Shores, East Detroit and Center Line in Macomb County have been hit by the ban which took effect last week.

The Health Department informed the Wayne County Drain Committee and the Sewer and Water Committee that the ban prohibits the issuance of permits for the construction of sewers that would connect with the Grosse Pointe interceptor sewer.

Not the New Project

It was made clear by Woods City Administrator William Lange and Elmer Coon, assistant to Shores Village Superintendent Thomas Jefferis, that the interceptor sewer does not refer to the multi-million-dollar Grosse-Gratiot Drain, presently under construction.

The former is a sanitary sewer system that carries sewage to the Detroit Sewage Treatment Plant, and the latter is for the purpose of carrying off storm water.

Have Some Construction

The city administrator said that the subdivisions that have received permits, are installing sewer connections, or are already connected to the Grosse Pointe interceptor, preparatory to home building. Individual home construction is not affected by the ban, he added, since sewers are already tapped in.

He said that the Woods has complied with everything that the State Health Department has asked it to do, and that at the present time, the firm of Pate and Hinn, city engineers, is undertaking a study of the ultimate sanitary needs of the city, and will make a report to the city council in about four to six weeks.

Elderly Woman Killed in Crash

An accident at Kercheval and St. Clair avenues, Sunday afternoon July 28, proved fatal for Mrs. Catherine C. Donovan of 13021 E. Forest street, Detroit.

Mrs. Donovan, an elderly woman of 91 years, was a passenger in a car driven by Mrs. Irma Marie MacKenzie of 1375 Yorkshire road. Mrs. MacKenzie's car was hit as she was going north on St. Clair through a green light, by a car driven by Lester James Sholly, of 1415 Parker avenue, Detroit. Mr. Sholly, going east on Kercheval, ran through a red light and smashed into Mrs. MacKenzie's car.

Mrs. Donovan was thrown out of the car onto the pavement. She was taken to Bon Secours Hospital by City police officers. The accident occurred at 4:20 p.m. and Mrs. Donovan died the next morning, July 29, at 6:15 a.m.

A hearing was held Tuesday morning, July 28, to determine the cause of death. Police are considering further charges against Sholly, who was ticketed at the time of the accident for not having his car under control and causing an accident. The extent of Mrs. Donovan's injuries was not known then.

Mrs. Donovan was the widow of the late Joseph Donovan. She was a member of the Michigan State Bar Association and the Women's Lawyers Association of Michigan.

Two Cars Tangle At Intersection

An accident at Fisher road and East Jefferson avenue Tuesday, July 21 caused Charles Bowman of 4630 Lemay to be ticketed for not having his car under control and causing an accident.

Bowman, driving east on Jefferson struck the rear of a car driven by Calvin Hurley, of 2622 Essex, Royal Oak, who was making a left turn onto Fisher from Jefferson.

Jane F. Hurley, a passenger in the Hurley car, was taken to Bon Secours Hospital and checked for possible back injuries.

Warner Road

(Continued from Page 1) broad stairs led to the front door. The entrance to each home was along a paved driveway edged with evergreens and at dusk ornate gas lights brightened the drive for carriages, and later automobiles.

There was a howling green between the two houses which the families and their guests shared, Lake Terrace was the scene of many chamber music recitals and meetings of the Whist Club.

It was after the death of Mrs. Edith Stanton Newberry, on September 24, 1957, that the Georgian mansion, the second Newberry home on that piece of land was razed. It was the last of the great Newberry mansions on the lakeshore and with it went 82 years of history and splendor.

Only recently, local children have been seen playing under the willow tree that was part of Mrs. Newberry's lovely garden. Violets and lilies of the valley were still growing there for the children to pick.

Now, a new street has been laid on the property and it runs through the subdivision. The name of the street is Warner road, after the man who has engineered and planned this and many other Pointe subdivisions over the last 40 years, Burton Warner.

Mr. Warner, who has lived in the Pointe since 1927, along with his late brother Harry M. Warner, designed the Torrey-Fairholme, Deeplands, Tonnanour and Newberry subdivisions, plus many others. One of the first homes planned for Warner road is that of Mrs. W. Dean Robinson, presently of Provençal road.

Even though the Newberry mansions are now history, the tradition of fine homes will be continued. In place of the old Georgian mansion, smaller homes in keeping with the more traditional styles of architecture will line the gently curving street. And there is still the shoreline view of Lake St. Clair as in the days of Lake Terrace.

Now the great seated dinners of the past, attended by the official and unofficial society of Grosse Pointe will give way to the more modern buffet or barbecue. The hostess no longer dresses in the flowing bustled and multi-petticoated gowns of yesteryear, but in the latest sheath frock from Paris.

Still, an aura of grace and charm will certainly prevail. How could it not, with such a past history as the Newberry estate and its great mansions offered.

HITS TELEPHONE POLE
Mary S. Williams of 231 McKinley avenue was ticketed by City police for not having her car under control when she hit a telephone pole in front of 25 Fisher road on Sunday, July 26.

PARK TAXES DUE
In a monthly report to the Park council on Monday, July 27, City Clerk-Treasurer Charles Heise disclosed that approximately 5,000 tax bills for 1959 were sent out to city taxpayers on June 30. Taxes are due July 1, but are payable without penalty through August 31.

Sewer Ban Cuts Building

(Continued from Page 1) templated for development in the Shores, and this is located at 619 Lake Shore, where permits had been issued and all sewer connections have been installed.

To Start Building
There are 25 lots platted in this subdivision, he said, and there will be about 15 homes going up in the near future.

He said the Shores has one other subdivision not yet ready for development and no permits will be issued for this until the ban is lifted.

The eight communities on the east side are the second group of suburbs to come under the ban.

On June 5, the Health Department issued a similar order prohibiting several communities in southern and western Wayne County from tapping the county sewer system.

On December 9, 1958, the Wayne County Board of Supervisors agreed to undertake a \$6-million-dollar sanitary sewer program that would have solved the problem for these communities, but the officials of some

of these suburbs protested the apportionment of costs and assessments, calling the rates exorbitant and "way out of line."

This caused the Sewer and Water Committee, which has the authority to fix rates, to rescind the proposed rate structure which would have financed the program. The Health Department then issued its edict, clamping a ban on sewer construction in the areas affected.

PARK WATER BILL
Park City Manager Robert Stone informed the city council on Monday, July 27, that the Park purchased 12,574,200 cubic feet of water from Detroit during June of this year, as compared to 7,992,200 cubic feet of water for the same month last year. Last month, Park water users were billed for 5,826,000 cubic feet.

The University of Michigan office of public services conducted guided tours for more than 2,000 persons last year.

Successful Summer School Completed By 1200 Students

The Grosse Pointe Public School System has just completed another well attended summer school session. In all, nearly 1200 enrollments were received in grades 3 through 12. Five hundred and twelve other students will have completed a course in driver education before the summer is over as well.

Nearly 800 enrollments in some 24 courses in grades 7 through 12 were recorded at Grosse Pointe High School. The teaching staff, composed of 24 of the regular public school faculty, was headed by High School Principal, Jerry J. Gerich. The student body was composed of pupils representing about 25 other schools in the area as well as GPHS and a number of colleges.

Elementary school enrollments totaled nearly 400. Of these, 214 were registered at Mason School where Joseph Krutell of Ferry School headed a staff of three teachers. The balance, 178, was enrolled at Maire school where the teacher-director was Frank Bozarth of the Barnes staff. Opportunities to strengthen skills in arithmetic, reading and instrumental music were offered at each

building.

The total number enrolled this summer for the public school offerings compares favorably with the total of 1167 enrolled last summer. Fewer students registered for foreign language courses this year than last and French was the only course in which sufficient numbers enrolled to warrant it being offered. However, an overflow registration in mathematics necessitated that extra sections be formed and an additional teacher hired. The same situation developed in social studies where an exceptionally high interest in American history caused an extra staff member to be employed.

A new offering, Reading Improvement, proved a very popular subject. Over 70 students signed up for the course which was designed to improve a student's ability to read with greater comprehension and speed, and to retain knowledge gained for a greater length of time. Study skills were stressed as were methods of attack on "hard" books and words as well as work on vocabulary development.

Reading accelerators and tachistoscopes were utilized by groups and by individuals as aids to learning. Results of tests which were administered at the beginning and at the end of the course are still being evaluated but Instructor Andrew Balas has already seen enough to know that most of his students made remarkable improvement in the brief six weeks course. A few have indicated an ability to read at such exceptional rates as 1200-1500 words per minute and with considerable comprehension. One student approached a rate of nearly 2000 words per minute on several occasions, he reported.

Driver Education students complete their formal training in a three week course. Four instructors comprise the summer staff under the leadership of Mr. Robert Roddewig, Parsons social studies teacher. Class work is carried on in Grosse Pointe High School and a practice driving court has been established in the high school parking lot for the summer. During the regular school year, the Farms pier is used for behind-the-wheel training.

All 512 places in the summer driver courses were subscribed for well in advance. Late registrants were placed on a waiting list in the order received and will be offered an opportunity to receive the training if earlier registrants withdraw or drop out.

These Insects Wreck Homes

Home owners planning to be away for awhile on a summer vacation trip should make a frontal attack on three insect-carpenter ants, carpet beetles and silverfish.

This is the advice of Robert E. Beer (Ph.D.), entomology (insect) specialist at the University of Michigan Biological Station near Pellston. During the regular academic year, Beer is an associate professor of entomology at the University of Kansas, Lawrence.

The female carpenter ant is the troublemaker, Beer says. "Twice as big as the half-inch male, she kills him after mating, and bores into wood. "Persons living in wooded areas and occupying homes made of natural timbers should be especially on the lookout for the carpenter ant."

Once considered innocuous because they were thought to displace the dreaded termite, carpenter ants more recently have been discovered to be just as bad as termites. "If you're not careful, your house can come tumbling down around you," the professor notes.

The shiny black carpenter ant also tears apart stumps of trees.

"In summer many people get excited about carpet beetles," Beer adds. "The one-eighth inch long dull black or mottled brown beetles are especially fond of unattended carpets, cashmere sweaters, bearskin rugs, stuffed mooseheads or any other animal fibers."

The carpet beetle is attracted to light and needs only a small opening to get into the home and begin his destructive ways, the professor says. During the day the beetles look for a place to lay eggs and the larvae, which mature rapidly, do the damage, as in the case of moths.

"Home owners gradually become aware of these critters when they return home from a vacation, turn on the vacuum cleaner, and suck half the carpet into the bag."

"Silverfish are three-quarters of an inch long, each with three tail-like filaments. The body, covered with specialized hairs which resemble fish scales, is quite flattened and the insect looks like it has been stepped on."

"They aren't seen too often, but when they are it's usually in wash basins or bathtubs. "The silverfish, or fish moth, would walk many miles for library paste. In unattended houses they quickly eat book bindings and actually chew wallpaper right off the wall."

DDT, sprayed in crevices and other areas, will help in the attack against the little monsters, the professor suggests.

School Leaders Visit Colleges

Two Grosse Pointe public school administrators have carried the temporary rank of professor this summer. Both have served as members of college faculties during summer conferences.

J. Harold Husband, Director of Administration Services for the Grosse Pointe Public School System, has just returned from East Lansing after a week's service on the college staff. He was designated Visiting Professor of Administrative and Educational Services for MSU's

conference of school business officials.

Dr. Marshall Jameson, principal of Monteth Elementary School, took part in the University of Maine's Elementary School Principals' Summer Conference. He addressed the opening day session concerning "The Earmarks of An Effective Principal".

Farms Holding Big Swim Meet

Grosse Pointe Farms swimmers will be in the spotlight at 2 p.m. this Saturday as they compete for top honors in the Grosse Pointe Farms Pier Swimming Meet.

A record entry is expected for the 38-event program composed of backstroke, breast stroke and freestyle races for all age groups.

The top two finishers in the 25-yard races for swimmers 16 years of age and under will represent the Farms in the Inter-city Meet on August 8.

A Mother's and a Father's race will round out the program. Mops, tie pins, tools and whatnot are traditional prizes for these events. Winning youngsters will receive ribbons.

Swimmers have one day remaining to enter. Entries close at 6 p.m. Friday.

Center Closing For Two Weeks

The War Memorial Center will be closed from this Friday night, July 31, until Monday, August 17, it was announced by John Lake, Center director.

The annual suspension of activities for the two-week period enables the staff to enjoy a vacation and allows cleaning and maintenance work to be carried on.

Farms Pier Boat Review Big Success

Thousands of Grosse Pointe Farms residents and their guests packed the Grosse Pointe Farms pier to witness the 7th Annual Boat Review and Regatta, presented jointly by the Grosse Pointe Farms Boat Club and the City of Grosse Pointe Farms on Sunday afternoon and evening, July 26.

Festivities opened at 2 p.m. with a review of 35 decorated boats of all types competing for the beautiful new Flagler trophy, donated by Roy C. Flagler, chairman of the Regatta, and other prizes.

The honorary judges of this event, who selected the winners on a basis of originality of theme and decorating skill were: Martin Hayden of the Detroit News; Charles Manos of the Detroit Times; Charles Verheyden, prominent Grosse Pointe businessman; Grosse Pointe Farms Fire Chief William Mason; and Grosse Pointe Farms City Manager Sidney DeBoer.

Queen Leads Parade
In the lead boat of the parade was Queen Stephanie "Stevie" Gregory and her court consisting of: Diane Beaupre, Sharon DeVos, Tissa Loveless, Barbara Mills, Mary Sepic and Sharon Turner, all Grosse Pointe Farms girls chosen by the Farms Pier Lifeguards.

Frank Taugner, whose inboard towed 3 10-foot turnabouts handled by Bill Lentz, Douglas Firth and Bob Taugner, was the winner of the Flagler award, grand prize of all classes of boats. His theme was "Uncle Don and his Nephews."

In the cruiser class, Lloyd Jones with a "Rocket to the Moon" theme was first prize winner; D. Miller with "Welcome Hawaii—50th State" was second; and Wayne Salle with "Jewel of the Sea," third. In the inboard class, "Hansel and Gretel," presented by Joe Meier was first; Bill Heels' "Tulip Time" theme took second and Al Berteel with "Christmas in July" was awarded third prize.

Among the outboards, G. P. Johnston with "King Neptune" was the winner; Ted Corbett's "Gambler's River Boat," second; and "Keep America Sing-

ing" presented by Bob Schobach, third.

Gets Special Prize
Paul Collins with "Shock Theatre" was a winner in the Sailboat class, while "The River Ramble," on a barge towed by Mr. Cabot was awarded a special prize.

CKLW-TV's star comedian "Jingles" in full costume was piped aboard the completely decorated Pier Jeep, complete with five-piece band and siren, just prior to the start of the parade and was driven down to the review area through shouting crowds of excited, enchanted children. Here he met hundreds of little visitors, played his guitar, sang with the Chord-aroy's, a male trio, and generally added much joy to the occasion, greatly amusing both young and old.

An exhibition of synchronized swimming followed the Boat Review, and was performed in beautiful precision by young Farms swimmers directed by Vertha DeBoer. Victor Verlaeghe demonstrated his radio controlled tug boat following the swimming exhibition.

Boat Races Held
The boat races which followed were run on a straightaway course from the Grosse Pointe Yacht Club to the Farms Pier.

Winners among outboards of 18 H.P. or less were: Russ Tatham, Ted Corbett, and Lon Bachman; among outboards up to 35 H.P., winners were: Neil Hodgson, John Klem, Alex Gordon and Leo Collins.

Four cylinder inboard speedboat winners were Al Ketzler, Fred Hart, and Don Wenzel; six cylinder: Bill Heels and E. Lutton.

In the race for Inboard Sea Skiffs and Utilities, the winners were Joe Rotole, Ed Lauer, and Bill Loveless.

In the final unlimited race, open to any boat, the winners were Jerry Olson, Vic Verhaeghe, "Skip" Saile, E. Lutton, Bob Bloink, and Al Ketzler.

During the races, "Jingles" entertained the children in the play area of the Pier Park.

At 7:30 p.m. prizes were distributed on the play courts, behind the Boathouse, followed by open air dancing until 11 p.m.

Teetaert Going To FBI Academy

Thomas V. Trombly, superintendent of public safety of the Grosse Pointe City Police Department reports that Mr. J. Edgar Hoover, Director of the Federal Bureau of Investigation, has extended an invitation to Captain Andrew C. Teetaert, member of the Grosse Pointe City Police Department for the past 23 years, to attend the 64th session of the FBI National Academy at Washington, D.C., according to D. S. Hostetter, Special Agent in charge of the Detroit FBI office.

The 64th Session of the Academy starts August 17 and ends November 4, 1959.

All candidates to attend the Academy are investigated as thoroughly as FBI Agent applicants. Each applicant wishing to attend the Academy must be a regular full-time law enforcement officer of unimpeachable character and reputation and possessed of ability as an instructor or administrator.

Training in the Academy combines instruction with practical work. Instructors are members of the full-time training staff of the FBI. Emphasis is placed on problems peculiar to local agencies. Outstanding criminologists, public officials, and other experts are called in to discuss problems in their special fields.

All facilities of the FBI, including its laboratory, firearms ranges, and gymnasium, are used in the training. There is no cost of any kind to the officer other than for meals and lodging. Classes are held from 9 a. m. to 5 p. m. Monday through Friday.

Woods Resident Taken Off Road

More than 25,000 reports of traffic convictions concerning Michigan licensed drivers go into the central files of the Department of State in Lansing each week, according to James M. Hare, Secretary of State.

The driving records of these drivers are kept up-to-date and when one has built up a 12-point total, he is cited for re-examination before a Driver Improvement expert in the county in which the erring driver lives.

The report issued by Hare on Monday, July 13, showed that 271 drivers' licenses were suspended and 62 revoked during the six-day period covered by the report.

Among the drivers who lost their driving privilege, it was disclosed in this report, was Richard Lewis Holland of 1399 Hollywood avenue, whose license was revoked on June 6, for driving while under the influence of intoxicating liquor, which makes it a financial responsibility suspension.

Michigan AF Reservists Flying to Bakalar AFB

SELFRIDGE AIR FORCE BASE, Mt. Clemens, Mich.—Only volunteer air reserve flying unit, commanded by Col. James H. McPartlin, 40, of 3920 W. Orchard Hill in nearby Birmingham.

"Although the last encampment was at Bakalar, there'll be a big difference this year," he declared. "The wing will be completely independent for the first time. This means it will be entirely self-supporting and

take over full operation of the base at Bakalar—from kitchen to aircraft control tower.

"In effect, the wing will operate exactly as if mobilized for war," he explained. "Previously, all support functions for the wing were handled by the base to which it was assigned for annual two-week active duty training."

At the same time, flying training plans call for 12 over water flights of at least 800 miles; 11 aerial supply missions, including troop and equipment drops; and an as yet undetermined number of cargo hauling missions.

The 403d, which lists 345 Wayne, 130 Macomb and 120 Oakland County men and women among its members, trains at Selfridge one weekend a month.

Most of them will clamber aboard 16 of the wing's C-119 Fairchild Flying Boxcars, one of which will be piloted by Colonel McPartlin and five of which will be carrying some 30,000 pounds of equipment.

They are scheduled to take off from Selfridge at 10 a.m.—at five-minute intervals in corridor formation—and land at Bakalar 90 minutes later.

Meanwhile, an advance cadre of 35 members, 22 of whom are cooks, are preparing to leave for Bakalar by automobile Wednesday and Thursday, to prepare for the arrival of the flying contingent.

Among the 35's duties are picking up food rations at the Army's Camp Atterbury, near Bakalar; arranging billets, personnel processing and landing procedures.

The wing is due to fly back to Selfridge Aug. 15 for its regular training weekend and arrive here that noon.

Among those from the Pointe who will be participating are:

Capt. Walter J. Soboleski, 34, of 31 Lake shore; Airman Third Class David J. Belfore, 23, 276 Merrivether; Jimmie (cq) F. Bloink Jr., 21, 242 Merrivether; and William H. Messner, 21, 61 Rivard; Airman Third Class Bruce H. Vollmer, 21, of 219 McKinley; Capt. George H. Guest, 52, of 1799 Kenmore; S. Sgt. Jack W. Mast, 33, 2204 Roslyn; A2/C Thomas A. Muer, 20, 2051 Oxford; A3/C Lloyd E. Schultz, 20, 656 Lochmoor; Robert A. Strale, 20, 1923 Norwood; and Donald G. Willingham, 23, 20129 Fairway.

Police Chief Turns Teacher

Park Police Chief Arthur Louwers contributed eight hours of his time on Tuesday, July 21, to instruct police personnel in fingerprint identification at the Oakland County Police Association's Detective School in Clawson, Mich.

The school is conducted under the auspices of the Federal Bureau of Investigation, and is held once each week from May to September with class sessions having an eight-hour duration.

The FBI Louwers, a graduate of the FBI National Police Academy in Washington, D.C., where he specialized in all aspects of fingerprint identification, taught a class comprised of detectives from 15 police departments of Oakland County.

Qualified instructors are obtained for this school from Wayne and Macomb Counties police departments and from the FBI, with each instructor teaching a different field in crime detection.

Among the information given to the students of the school by Chief Louwers, was a method of identifying and classifying prints, lifting of latent prints, the use of silver nitrate-iodine fumes in making fingerprints visible on such material as paper.

He also taught the newest method of lifting prints from soft material, with Silicon of Liquid Rubber, and its adaption to identification in the fingerprint field, and the moultage method, which is a reproduction of major items for the presentation of evidence in court action.

Thief Damages Farms Park

(Continued from Page 1)

fort street, Detroit at about 12:01 a.m.

The Farms police put in a call for assistance to City police, and scout cars sped to the scene.

Brandt was seen jumping into the water and swimming toward the Sail Club, so City Patrolmen Blair Martin and James Cronin drove onto the club property and waited for the youth to reach the shore.

Meanwhile, Farms Patrolmen William Fowler, Eugene Thomas, Arnold Parsons and Earl Field and the Detroit officers took charge of the situation at the Pler-Park. Damage was extensive.

Rips Fence, Hits Car

The police report disclosed that Brandt had entered the municipal park at a high rate of speed, skidded 118 feet and

slammed into a car owned by John M. Chase, Jr., of 28 Beverly road, veered off and went through a six-foot chain link fence, ripping out 48 feet of the fence and all of the posts, ripped out a wooden bumper rail and knocked down a tree before coming to a stop in the park's children play area.

Damage to the two cars, it was said, was about \$300 each, and to the city-owned property, between \$500 and \$800.

Farms Det. Sgt. George Van Tiem said that Brandt was on probation for a Detroit burglary, and that one of several checks stolen in this breaking and entering was recently passed in the Farms by the youth.

Brandt was turned over to the Detroit officers who said they will charge him with unlawfully driving away an automobile.

The Farms detective said that a hold has been placed on the youth by his department for reckless driving and causing property damage.

To give some people a fair start is actually giving yourself an unfair advantage.

Hit-Run Driver Rams Garage

Farms police traced several license plate numbers on Thursday, July 23, and arrested Richard G. Wayne, 22, of 24446 Cotrell, Mt. Clemens, charging him with leaving the scene of a property damage accident.

Wayne, according to Det. Sgt. George Van Tiem, is accused of ramming into the garage of the Roy Vernier residence, 452 Cloverly, about 11 p.m. the previous evening, causing an estimated \$400 damage to the building.

A witness to the accident gave authorities several possible license numbers, since it was too dark to get a clear view of the plates. The witness said the car was operated by a young man.

The garage was knocked about four inches off its base, and tilted to a degree where it was impossible to close the door, the detective said.

Pieces of the car's headlight chrome and glass were picked up at the scene for evidence.

Sgt. Van Tiem said the accident car turned onto Cloverly from Mack and tried to turn onto Webster when the driver lost control and jumped the curb and into the garage, then left the scene by driving toward Mack on Touraine and then east on Mack.

Wayne, the officer said, gave his car to a friend to repair, and when arrested, Wayne first denied it was his car that was involved.

Later, the motorist admitted it might have been he, but could not remember. He said he had been drinking and must have "blacked out."

The sergeant said there is enough evidence to take the case to court, and filed the charge.

The man who uses his friends for a crutch is soon friendless.

Chuck Babcock Sets Mark In Farms Distance Swim

Eighteen year old Chuck Babcock of Grosse Pointe Woods churned through the waters of Lake St. Clair between the Grosse Pointe Yacht Club and the Farms Pier in a record 46 minutes 50 seconds to capture top honors in the Third Annual Grosse Pointe Farms Two-Mile Swim last Saturday.

He upset defending champ Ed Pongracz, Jr. who held the old record of 48 minutes 32 seconds. Pongracz took second this year with a time of 48:46.

In the third place was U of M sophomore Harry Huffaker of the Park. All three of the top finishers are on the University of Michigan tank squad.

The Olzmann brothers, Norbert and Kurt slammed the Junior Division. Norbert's winning time of 60:48 lacked fifteen minutes off his old record. Harold Riegle took third in the Junior Division which was composed of the competitors under 15 years of age.

Wins Two Honors

Mrs. Jean Allor took top honors in two divisions. She was the first woman to finish and beat two other swimmers to win the trophy for the first person over 30 years of age to finish.

The swimmers were assisted by a following wind which considerably reduced the times over the two-mile Lake St. Clair course.

A crowd of approximately 300 persons was on hand at the Farms Pier to witness the finish. Twenty-eight of the 29 swimmers who started the swim completed the course.

The successful ones were each awarded a trophy to recognize their feat. Bill Mason, Director of Athletics of the Grosse Pointe Metropolitan Club, sponsors of the swim, presented the trophies at award ceremonies following the swim.

Little League - News -

WOODS-SHORES

When "Mike" Johnson smashed a double in the fifth inning to score the final run for the Tigers, he did more than win the game and the championship of the Woods-Shores Little League. For this meant winning the Charles H. Johnson Memorial Trophy given for the first time this year, in memory of "Mike's" father, Charles H. Johnson, who had managed the Tigers until his untimely death a year ago.

And, to cap the climax, Mrs. Charles Johnson made the presentation of the trophy to Manager Jack LeBlond and "Mike" in a brief ceremony that had all the dramatic punch that could have been imagined. The Tigers of the American League defeated the Braves of the National League in a close battle 5-4, with the outcome undecided until the last inning. The Bengals scored one run each in the second and fourth innings, and then apparently had the game on ice with a three run outburst in the fifth, while their pitcher, Dick Keller, was pitching no-hit ball. Then, in the sixth inning, the Braves came to life with four runs and almost tied up the game.

After Johns had singled and Reynolds walked, Caricholls drove in Johns with a single. Palmer was then safe on an error with Reynolds and Caricholls scoring. Moran then smashed a hit scoring Palmer; but after taking the late throw at the plate, Don Mickel, the Tiger catcher threw a perfect peg to Rusnow who legged Moran trying for second for the final out, ending the game.

The Tigers found the pickings slim against the slants of big John Reynolds, the Braves pitcher, getting only four hits for the night. In the second inning they picked up a run without a hit. Dick Tapert and Don Mickel walked, pulled a double steal, and on a squeeze play with Dick Keller at the plate, Tapert scored, but Mickel was out as he also tried to score.

In the fourth, "Mike" Johnson hit the first of his two doubles and scored as Tapert was safe on an error.

In the fifth inning, Gil Karle was safe on an error and advanced an Art Renny also got on base on a "hoot". Then Bob LeBlond hit a long double scoring Karle and Renny. Johnson followed with his double scoring LeBlond.

In posting the win, Keller

struck out eight men, walking four. Reynolds whiffed five of the Tigers and walked three.

Manager Bill Frederick's Braves had won the right to play in the championship game earlier in the week by defeating the Cardinals who had won the play-offs for the top spot in the last half of the season. The Braves had won the first-half championship.

The Tigers were to meet the champion team of the Farms at Ghesquiere Park, July 28, in the Inter-Park competition.

Three White Sox converged at the spot, and it appeared that any one of them could have caught the ball, but in the confusion it dropped to the ground without being touched and Blakeslee was credited with a double.

Van De Ginstle, who had broken up several games during the regular schedule with his home run bat, then grounded out to end the game.

At the end of the second game, Paul N. Short, president of the league, presented trophies to Jack Griffith and James Marquardt, manager and assistant manager of the White Sox, and Paul Van De Ginstle, Dodgers manager, and his assistants, Dr. E. Bert McCollum and Charles Brown.

Members of the White Sox (in addition to those already mentioned) are Larry Kroha, Mike Ashurst, Tom Roso, John Griffith, Robert Motschall, Fred Zosel, Cal Worrell and John Conlan.

Dodger members (not already mentioned) include Richard Conlan, William Schmidt, Mike Armbruster, Roger Locke, Art Schroeder and Rickey Kranz.

Summaries of the two "world series" games were as follows:

GROSSE POINTE FARMS

The playoff game to decide the winner of the Major League competition was about as close as you can get. The Indians, winners in the American League, defeated the Giants, National League champs, 1-0, Saturday afternoon in as exciting a ball game as anyone could ever hope for.

Skip DuCharme, winning pitcher allowed only one hit, and Jim Hanna, the losing pitcher, had what it takes in the clinch, although giving up seven hits. Both teams were real sharp in fielding, and they were as well matched teams as we'll see in a long time.

Indians 1-7-1
Giants 0-1-2

As a prelude to this final championship game the week saw the American league have a playoff with the Indians defeating the Yankees.

Indians 0-11-2
Yankees 5-5-6
Winning pitcher: Ken DeMunter. Losing pitcher: Dave Ritter.

Over in the National League there was a three way tie that saw the Pirates defeat the Reds, 6-5, with Jim Turner the winning pitcher. Then the Giants who had drawn a bye, defeated the Pirates, 8-2, to earn the right to take on the American League Champs.

Giants 8-10-2
Pirates 2-3-2
Winning pitcher: Ron Cramp-ton. Losing pitcher: Steve Hummel.

The Indians will represent the Farms against the winner in the Woods-Shores League Tuesday evening, July 28 at the Woods Field.

The first game of the American League - National League World Series on Sunday, Larry Link hurled his team to victory by pitching a three-hitter and getting 12 strike-outs to win the game 6-1, making the San Francisco Giants the 1959 World's Champions.

The American League nipped a rally in the first inning when Tommy Thompson and Tommy Brown were both thrown out trying to score. John Stanley of the Milwaukee Braves pitched for the National League, and Dwight Stanley of the Cleveland Indians, and Lee Clever of the Chicago White Sox, hurled for the American League.

The National League took the second game of the series in six innings by a score of 3-2. Pitching for the American League were Carl Haller of the New York Yankees, and Mike Cantwell of the Boston Red Sox; and hurling for the National League was Tommy Thompson. Carl Haller was relieved in the third inning after being hit on the finger and unable to continue in the game.

The San Francisco Giants met with the Detroit Tigers Saturday afternoon in the first game of the World Series, with Craig Thomas pitching for the Giants and Tom Moxley hurling for the Tigers, the Giant's winning 15-4. Leading the attack were Carl Vertreg, Jack Giacalone, Rick Kendall and George Ghesquiere, with three hits apiece. Larry Link and Gordon Kiernan connected for

two hits each, and Craig Thomas came through with a triple.

In the second game of the World Series on Sunday, Larry Link hurled his team to victory by pitching a three-hitter and getting 12 strike-outs to win the game 6-1, making the San Francisco Giants the 1959 World's Champions.

Dave Hughes pitched a fine game for the Tigers, but the hitting of the Giants was too much to overcome. Mike Kingsley came through with a triple and double; Craig Thomas and Jack Giacalone each got two for three, and Larry Link got a single.

At the conclusion of the World Series game, trophies were presented to each participant and everyone went happily home after a very enjoyable season of baseball.

City to Stage Distance Swim

The fourth annual City of Grosse Pointe two mile swim will be held on Saturday, August 15, at 2:30 p. m. The course will be from the City Park to the Grosse Pointe Park beach.

Edward Pongracz, a University of Michigan swimmer, representing the City of Grosse Pointe and current record holder for this race is bound to be a sentimental favorite, but he was recently beaten in the Grosse Pointe Farms Long Distance swim by Chuck Babcock.

Other probable known swimmers in this race include John Hammond of Harvard University, Harry Huffaker, of Michigan, and Jerry Mehl, a recent graduate of Grosse Pointe High School.

Each swimmer must be accompanied by a boat. Race officials will, however, try to secure boats for contestants not able to furnish one of their own.

In case of inclement weather the race will be postponed one day and held on Sunday, August 16, at 2:30 p. m. This decision will be made at 2 p. m. the day of the race.

The University of Michigan granted well over 6,000 degrees during 1958-59.

City Swimmers To Seek Titles

The City of Grosse Pointe will hold its Park Swimming Championships on Saturday, August 1, at 2:30 p. m. The first two winners of each event will qualify to represent the City of Grosse Pointe in the annual Inter-City Swimming Championships on Saturday, August 8 at the Grosse Pointe Park pool.

Age divisions for boys and girls are: 8 and under; 10 and under; 12 and under; 14 and under; and, 17 and under.

Races will be in the crawl stroke, orthodox breast stroke, back stroke, and relays. The outstanding swimmer will have his or her name added to famous names on the Norbert P. Neff trophy.

Also, the first three place winners in all events will receive ribbon awards. Contestants may receive entry blanks at the Grosse Pointe City Park check room for additional information.

To Hold Swim Meet in Park

The waterfront park of Grosse Pointe Park will be the scene of a swimming meet, August 1, Saturday, at 2:30 p. m. Contestants should report by 2:15 and entry blanks may be picked up at the gate until 6 p. m. Friday, July 31.

Contestants may participate in two events during the afternoon. Ribbons will be awarded for first, second and third places. Since the racing pool is new this year, all first place times will constitute new records.

There will be no diving because of low water. The events to be held are: Flyweights (8 years and under) boys and girls, each, 25 yard freestyle; Midgets (10 years and under) boys and girls, each, 25 yards freestyle; 25 yards breast stroke and 25 yards back stroke; Juniors (12 years and under) boys and girls, each, 25 yards freestyle; 25 yards breast stroke and 25 yards back stroke; Intermediate (14 years and under) boys and girls, each, 25 yards freestyle; 25 yards breast stroke and 25 yards back stroke; Seniors (15 years and over) boys and girls, each, 25 yards freestyle, 50 yards freestyle, 25 yards breast stroke and 25 yards back stroke.

Senior Loop Diggings

By Jack Ramsdell

Now that the newly formed Senior League is well-underway, it appears that one team is pulling away from the pack of three squads, not up, but down. And the victim of this poor showing is Len Spanick's ball club, the Brewmasters, who failed to win in four starts.

The Brewmaster's ace south-paw hurler, Paul Wheeler, experienced a real heart-breaker on July 24, when he lost 3-2 to Bill Brown's Mavericks. Wheeler had a 2-1 lead in the last inning with two out and a man on second, Coach Spanick belted: "Don't let this guy hit the ball, (pertaining to the batter Lou Ewald). Walk him!"

Wheeler lobbed a curve ball way outside. But on the next pitch he put the ball too near the plate and Ewald slashed a single into center to knock in the tying run, 2-2.

Once on first Ewald promptly stole second and third to get in scoring position.

Wheeler fired a low-breaking curve into the dirt that caromed to the backstop and Ewald made a rush toward the plate. Seeing he would be, he headed back to third, but momentarily stumbled and was trapped dead as a flea in a bottle of turpentine between third and home.

With this the Brewmasters' catcher took flight after the trapped runner and then whipped the ball 20 feet over the third baseman into left, enabling the almost out Ewald to prance across the plate with the winning run.

Wheeler, in losing, struck out nine batters and allowed only (Continued on Page 15)

Under the able direction of Connie Frederick, a wide assortment of refreshments will be available. There will be parking for more than 500 cars, and the parking fee of 50c includes admission of all passengers. For pedestrians admission is 25c, children 10c.

Both Grosse Pointe squads, each consisting of 15 players, are being outfitted with sparkling new all-star uniforms, through the courtesy of Mack Phillips, operator of an East-side sporting goods store. In fact, the tournament committee has received unusually fine cooperation from dozens of citizens and companies as well as the City of Grosse Pointe Woods and G.P.U.S. This tournament is truly a community project.

All-Stars Named The following players have been chosen for the Grosse Pointe Woods-Shores National League All-Star team for the tournament:

Dave Davenport, George Elling, Terry Goll, Kenny Meek, Bob Phillips, Mike Reynolds, Murray Robertson, Russ Schulz, Gary Spade, Elmer Spencer, Randy Stebbins, Will Thorpe, Bob Unger, Jeff Werner, Jack Whitney, Ken Witske, Manager, George Foster; Coach, Art Wancour; Coach Chet Kasaborski.

Players and officials selected to represent the Woods-Shores American League All-Stars are: John Allan, John Bredeau, Dennis Dahne, Jack DeLuzer, Daryl DeSmyter, Tony Ellis, George Krogh, Bruce Marone, Derrick Maylock, Dave Padilla, Dan Sanders, John Stegmund, Don Steffes, Denny Walters, Hank Weitenberner, Manager, Carl Wheeler; Coach, Earl Lowry.

Standings for the conclusion of the leagues are as follows: Bucking Bronco, first place with 112 trail markers; Busy Bee, second place with 110 trail markers; and Lucky Star and Diamond Horse Shoe tied with 81 trail markers for third place.

As a grand finale of the Summer Day Camp this Friday afternoon each ranch will have its own pony on the playground to ride to its hearts content.

The novel scoring system for the ball leagues has been a source of keen interest to the

Day Campers in that they can actually see their covered wagons crossing the United States westward. A huge map of the U.S. has been drawn on a ping pong table and a trail has been marked. Each ranch is represented by a red, blue, green and yellow covered wagon. When a team wins, its wagon moves three trail markers forward, if it ties it moves two markers forward and if it loses it moves one marker forward.

(Continued from Page 1) the 15-year-old, for driving without a license, and the older boy, for permitting an unlicensed driver to operate a motor vehicle.

On Saturday, July 19, Mast and Plumb were patrolling Mack avenue at about 2:20 a. m., when they noticed three youths standing near a car parked on Bournmouth at Mack.

They arrested Fred Stage, 18, of 3657 Concord, wanted by Detroit police for jumping bond on a felonious assault charge; Richard Storm, 18, 3419 Parker, who was in violation of a Detroit probation order

which required that he be in his home by 11 p. m. each day; and a 16-year-old of the same address, all of Detroit. Storm was on probation for assault and battery.

The three youths admitted that they were in the Woods looking for a store to burglarize, no particular store, they said, just one they wanted to steal from.

Stage and Storm were handed over to Detroit's Fifth Precinct and the 16-year-old was turned over to the Detroit Youth Bureau, since they had not carried out their criminal intent.

Contact Your Congressman

Many of us sat in on a Jack Paar TV show recently and watched and listened with mingled emotions as young Robert Kennedy stated in the plainest of languages his personal opinions of Jimmy Hoffa and expounded graphically on the imminent danger to the country if drastic federal legislation is not immediately adopted to curb evils existing among the hierarchy of some labor unions. Many others who did not see the show, have been reading about Hoffa's intent to sue Kennedy for libel. The counsel for the McClellan Committee which has been fighting rackets, says he will welcome such a lawsuit because it will enable him to get the facts down in the records.

Bob Kennedy was making, with his dedicated and courageous talent, the most passionate plea possible to the public for help in cutting the cancers out of this great organ in the national system. While there are probably few who have made a study of the situation that now exists, so much publicity has been given this subject of hoodlumism and racketeering in some of the labor organizations that it seems improbable there can be many who are totally ignorant of what has gone on and continues to go on. It is one of the chief concerns of the current Congress, and the House Labor Committee has been writing its own version of a Labor Reform Bill, which will soon be debated on the House floor.

We have been reading with great interest a press release on stationery of the Committee on Education and Labor of the U.S. House of Representatives. It is a statement by Rep. Phil M. Landrum, of Georgia, co-chairman, Joint Subcommittee on Labor-Management Reform Legislation; and Rep. Robert P. Griffin of Michigan, Ranking Minority Member of the Sub-committee.

We quote the first part of this release, without getting into the technical details of the points on which they differ with the bill as proposed by the Committee. It affords an excellent example of the hassle going on in Congress to get this legislation adopted.

"The Joint Sub-committee on Labor-Management Reform Legislation, on which we have served as Co-Chairman and ranking Minority Member, respectively, recently concluded lengthy hearings which began last March. We took extensive testimony on the need for legislation to curb racketeering, corruption and abuse of power now widespread in the labor-management field.

"The evidence presented in our hearings, supplementing as it did the dramatic disclosures of the McClellan Committee, demonstrated conclusively that prompt and effective action must be taken by Congress if the American people—and particularly the working men and women of our Nation—are to be safeguarded from exploitation and abuse.

"We had entertained high hopes that the Committee on Education and Labor would report a meaningful and effective reform bill to meet this pressing need. Unfortunately, despite the diligent efforts of many Members, the bill reported by the Committee falls far short of the mark and fails to come to grips realistically with the problems.

"We believe that union members and the public demand, and have a right to expect, better and more effective legislation than the Committee bill. In our opinion, this subject is so serious and the need is so great that we cannot afford partisanship. In that spirit, we

are joining in sponsorship of a bi-partisan, or non-partisan, substitute which, in our best judgment, represents the kind of a bill the Committee should have reported.

"The substitute bill is moderate but effective. It is not punitive or extreme.

"The substitute substantially meets the recommendations of Senator McClellan and it is generally in line with the proposals of President Eisenhower and Secretary of Labor Mitchell.

"The substitute bill restores the 'teeth' in the Senate-passed bill which were extracted by the House Committee, and it adds important and necessary provisions to deal directly with abuses left untouched by the Committee bill.

"In general, the substitute is framed on the bill reported by the Committee; we have retained all of the Committee's technical amendments and many other features of the Committee bill which make a contribution to an effective labor reform measure. There are no 'strangers' in our substitute bill; every provision was thoroughly considered by the full committee.

"We earnestly hope that the American people will rally to the support of those who seek effective legislation, and that the House will approve the substitute bill which we will offer."

Bob Kennedy's plea was for the American people to get behind this reform movement by contacting their Congressmen and letting them know in definite terms that they favor laws which will curb the existing evils and rid the unions of hoodlums and racketeering. The cover of this week's "Detrioter," weekly publication of the Board of Commerce, carried an editorial along the same line, entitled "Effective Labor Reform Depends Upon You," by Peter Shian. It also ends with a plea:—"Unless you, as a voter, give your Congressman your thoughts on the kind of labor legislation that should be adopted, you cannot, at a later date, take issue with him if a watered-down bill is passed."

This is an urgent matter and we enter our plea along with the others. Get in touch as quickly as possible with Rep. Louis C. Rabaut, representing Michigan's Fourteenth District, which includes all the Pointes and a large section of Detroit, and tell him you want the best kind of a bill that is fair to all and will enable the unions to get rid of corrupt leaders who harm the union members as much as the rest of the citizens. He can be reached at the House Office Building, Washington, D.C.

Grosse-Exaggerations

A. PRYOR

Guest columnist: Peg Cannon

Vacationing Pointers seem to have filtered into every corner of the globe. They, or news of their summertime adventures, seep through to us as we sit slaving away at our "office" in the little black bistro up the street.

Most dramatic news comes from a Wellesley graduate vacationing in Venice. She writes "I am bringing you a beautiful stripped boy!" We hasten to add that our friend's spelling is worse only than her penmanship and it took us several days to decipher (or should we say "decode") the words which were intended to read "striped bag"—needlepoint, we hope! Anyway, we think she must be awfully smart to have graduated from a college like Wellesley with such a double handicap.

A young gentleman who has just returned from Mexico says that he plowed through mountains of tin masks and hills of wicker baskets trying to find a really nice souvenir for his fiancée here at home. Finally, he discovered a lovely old French coin which he purchased for an exorbitant number of pesos. The fiancée, admiring her French trinket from Mexico discovered the tender inscription on the back: "Coro, Newark, New Jersey."

This reminds us of the language student who sent his fiancée a medallion inscribed in Russian "I love you." She took it to Berlitz for translation only to learn that it says "I love you women"! Bet he will study harder after this.

The wife of one of our hardest working executives finally persuaded him to take his first vacation in years. She rented an isolated cottage in Nantucket and had the telephone disconnected so that hubby could get a real rest. By the end of the first week the nearest neighbors stopped speaking because they were so mad at the telephone messages they were asked to deliver. By the end of the second week the fog had so shrouded the golf course that our hero was unable to find any of his monogrammed golf balls. After the third week (of heavy rain) nobody was speaking and our friends set out for home. However, the captain of the ferry boat which carried them from Nantucket to Woods Hole held a fire drill en route which delayed our luckless couple so long that they missed their connection in Providence. Our man is now safely back at his office swearing he will never leave it again.

Everyone else seems to be enjoying their vacations as we hope you are. However, if you do want to get away from it all, try the new deodorant, Vanish. Just rub it on—you disappear! All your friends will say "Where is that awful smell coming from?"

Dear Sir:
 May we express our appreciation through your columns for the fine contribution made this summer to Grosse Pointe by Mr. Roland Gray and his assistants. The tennis clinic at the

Neighborhood Club, under his supervision, has aided many youngsters to learn the rudiments, and others to improve their skill in tennis, a fine "life-long game." We are indeed fortunate to have in our community a citizen who is willing to give his time and knowledge to our youth.
 Sincerely yours,

What Goes On at Your Library

By Jean Taylor

Guest Columnist: Harriet Helms

To paraphrase a column in a well-known newspaper, this week's library news might well be titled, "Names and Faces in the Woods Branch Library."

The newest face on the horizon is that of Mr. James A. Dodd, Branch Librarian. Library users will find him most helpful in locating answers to queries, or suggesting a "good book" to suit a particular reading taste or mood.

Mr. Dodd, a resident of Grosse Pointe Woods, comes directly to us from the Knapp Branch of the Detroit Public Library where he was First Assistant. His degree in Library Science was received from the University of Wisconsin.

Library work is a family trait with the Dodds, since Mrs. Dodd is a school librarian in the Nichols Elementary School of Detroit. They share an interest in travel, having spent last summer in Europe. Mr. Dodd's gardening activities lead him to the cultivation of tea roses. Hunting, with the aid of his beagle's perceptive nose, is another of his hobbies.

Miss Harriet Helms, Children's Librarian, finds herself in a favorable spot, since bringing children and books together is her chief aim. So, when young patrons come and go, with arms full of books, she knows that hers is a well-chosen profession.

Mrs. Margaret Niemetta had considered experience in the Detroit Public Library. Off-duty hours will find her and her husband, with their two teenage daughters, picnicking, or playing golf.

A familiar face is that of Mrs. Helen Kaser, a long-time resident of Grosse Pointe. Now she is looking forward to the day when ten-month-old granddaughter will enter the Grosse Pointe School System.

We point with pride to our "graduate" page. Miss Barbara Goulette joined the "Society of Book Shelters" while attend-

ing St. Ambrose High School. After that she had varied experience in an office. But the magnetic pull of the library brought her back to our desk.

Since emergencies are bound to arise, it is necessary to have a reserve source of supply. This demand is filled by Mrs. Evalene Knister, who was trained at Carnegie Library School. The mother of a college age son, she has participated in many community activities.

A true friend, and a member of the Woods Branch Library family, is Mrs. May Rising. Because of her genuine interest in people, and her deep desire to be useful, she volunteers to see us through many rush hours at the desk.

Essential to any library is its page help.

Miss Patricia Babbage has more or less grown in our midst. She has been the originator of some of our attractive displays. In addition to being an art major at Wayne State University, Patricia is an enthusiastic member of Wayne's Sailing Club.

Judi Miller shares the book shelving duties. Next year her senior year at Regina High School Judi will serve on the staff of the school's Yearbook. Her hobbies are sewing and reading.

So, until we meet in person, this is your Woods Branch Library Staff.

Editor's Note: We regret that the name of Robert Orr, director of the Pointe Public Libraries, was omitted as the guest author of last week's column.

Think Baseball Did the Damage

Sam Sandler owner of the Grosse Pointe Poultry store at 17646 Mack avenue reported to the City Police that he suspected a breaking and entering in his store, Tuesday, July 21.

The officers who checked the building found a screen popped out of the door and a small pane of glass broken in the window. They said it looked more like damage done by youngsters playing baseball.

Always the heart of our business

By Fred Kopp, R. Ph.

Why do most druggists sell everything from breakfast to dance wax . . . ? The answer is simple. It is a matter of economic necessity. Americans, thank goodness, are generally healthy and there are not enough prescriptions to keep all drugstores going. Thus, we sell a variety of merchandise. By so doing we are able to stay open and render assistance whenever and wherever it is needed. Prescription service, however, continues to be the heart of our business and we are always pleased to assist you when medication is needed.

This is the 763rd of a series of Editorial advertisements appearing in this paper each week.

Dog Complaint Lodged in City

Another dog complaint, of a more serious nature than just stray or barking dogs, was brought to the attention of the City police department, Tuesday, July 21.

Mrs. Chauncy DiLaura of 736 Lakeland avenue reported that a white bull dog belonging to Charles Trungal of 720 Neff road had tried to attack her

daughter while the daughter was walking the DiLaura dog on a leash.

Mrs. DiLaura said that the bull dog runs at large most of the time and has attacked other dogs in the neighborhood.

Mr. Trungal was warned by police to keep the dog at home or on a leash when outside.

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

Last evening in Leamington, Ont., Mrs. George Tait Hall appeared in the Sun Parlor Playhouse's production of Noel Coward's "Blythe Spirit."

Talented Joan Hall, a leading light in the Grosse Pointe Community Theatre, on local television, and generally in the midst of whatever is going on dramatically, was called in at the last minute to take one of the stellar roles in the Coward comedy.

Another local thespian, Bill Mehegan, GPHS teacher, is also starting in the play which will be on this Thursday, Friday and Saturday evening.

Mrs. James Phelps, who since her arrival here two years ago from Bethlehem, Pa., has entered into local theater projects with equal amounts of talent and energy wanted to drive to Leamington last night to see our local star. But instead she has chaperoned the junior sailors from the Little Club to Cleveland, where they are competing in a regatta with the Cleveland Yacht Club.

Bob Phelps is sailing in the races, which are a return invitation from the Cleveland club for the competition which was held here last season. The group went over on the Aquarama and will be home Saturday in time for Mrs. Phelps to drive off to Leamington to catch the final performance of "Blythe Spirit." Also going to see the comedy are Mrs. Mehegan, the Jean Mestritz, and Mr. Hall.

August Exodus

With August practically here, the general exodus of vacationers has increased. On Friday Mr. and Mrs. Burns Cody and Mr. and Mrs. Jack Barlow will drive off to Ocean City, N.J. They are taking separate cars and hope to rendezvous Friday evening around Reading, Pa.

On Wednesday the John McNamaras, with John, Jim and Susie, drove off to Washington, D.C., for some sight seeing and then it will be on to the Homestead, Hot Springs, Va., for their fifth season. The McNamaras are leaving their new 42 foot cruiser, Sun Bum, moored at the Grosse Pointe Yacht Club, and will be returning August 17 to spend the rest of the summer on the water.

En route to Montana are the C. V. Blackburns, Jr. with Mrs. B. driving Bob and Stuart to the ranch they have chosen. Mr. B. will fly out this Friday with son, Mike.

Home from the East

Home from a stay in Seal Harbor, Me., is Mrs. Charles B. Warren, Jr., who also stopped to visit Mrs. H. Neff Payson, of Hamilton, Mass. Mrs. Payson, a former Pointer, will be leaving late in August to spend the winter in Europe with her two children.

Mrs. Warren will stay here at least until August 15 when her son, John Watling, will finish his graduate studies at the University of Michigan. Then he will be Europe bound with George Oliver Johnson, Jr., for two months.

Parties at Home

This week-end will offer parties for those still around, beginning with the Charles Le B. Homers' dinner this Thursday evening.

On Friday the John Andersons will be entertaining at dinner in the Rathbone place home they have rented from the James McMillans.

Sunday is Frederick M. Alger's birthday party. Luncheon will precede an invitational golf tournament (Continued on Page 11)

Mrs. Bracken was in blue lace over darker blue taffeta. Both mothers wore pink sweetheart roses pinned to their purses.

After a wedding trip to Hawaii, the couple will return to Ann Arbor, where the bridegroom will enter his senior year at the University of Michigan Law School.

The Dan Lovelands will entertain her mother, Mrs. Robert Barie at the cottage they have taken at Point Lookout for the first two weeks of August. The Lovelands leave Saturday and Mrs. Barie will be there the week-end of August 8.

Lois V. Nair, picnic chairman, says, "This will be day of fun and frolic and no speeches. It is time the District leaders honor the delegates for their untiring efforts and long hours devoted to Party work."

Commodore's Ball To Honor Webers

Robert F. Weber and His Wife to be Feted at Grosse Pointe Yacht Club Showboat Party August 15; Club to Resemble Old New Orleans

Grosse Pointe Yacht Club's Commodore, Robert F. Weber, and Mrs. Weber will be the honored couple on Saturday, August 15, when GPYC stages its annual Commodore's Review and Showboat Party.

All plans have been completed for the big, beautiful outdoor festivity and now the co-chairmen, Haford Kerbaw and William M. Schmidt, and committee aides are attending to final details.

In the meantime, club members are getting their party groups arranged — already a total of nearly 400 reservations have been made.

The function, always handsome and picturesque, is to start at 6 o'clock. Then Como Weber will review the fleet of flag-dressed cruisers from the flagship moored in Lake St. Clair outside the club harbor.

From then, the evening's Showboat Party section takes over with cocktails at 7 o'clock, a charcoal-broiled steak dinner and dancing.

Myriad colored lights will canopy the club grounds; at the harbor wall will be a replica of an old-time Mississippi River showboat — here there'll be Dixieland music and entertainment through the evening.

The showboat theme will be reflected in decor of cotton bales and the ornamental grill work associated with old New Orleans. Always the scene is colorful — the lighted, flag-decked cruisers at their harbor berths after the review; yachtsmen's uniforms mingling with other summer formal dress; white-clad chefs at outdoor grills; couples visiting, chatting, strolling—or dancing on either of the two outdoor dance floors. The Arthur Quatro and

Dukes of Dixieland bands will play.

And high overhead, if the night is cloudless, old Luna will flood the lakeside scene with brightness—the party will be on the Saturday nearest the August full moon.

On the reservation list are 30 places for Como, and Mrs. Weber, Vice Como, and Mrs. William A. Ternes, and their Tuesday bowling league friends.

Among the many others, Mr. and Mrs. Charles Beltz have reserved a table for 20; the Frederick C. Wests, 24; the Charles Glasgows, 10; Mr. and Mrs. Carl Zimmer, 10; the Anthony R. Mutschalls, 12; Mr. and Mrs. Robert Meier, 12; Mr. and Mrs. Joseph A. Hughes, 24; Mr. and Mrs. Fred Glass, eight, and the Troy Brownings also will have a group of eight.

Vitti-Seaver Vows Solemnized Saturday

Following Ceremony In Our Lady Star of the Sea and Reception at the Whittier, Newlyweds Drive West; Will Live In California

Patricia Seaver, daughter of the Frank A. Seavers, of Shoreham road, was married Saturday in Our Lady Star of the Sea Church to Roy Paul Vitti, Jr., son of the senior Vitti, of Plymouth, Mass.

For the ceremony the bride chose a ballerina length gown of white Chantilly lace. A wreath of flowers held her shoulder length veil of illusion and she carried white roses.

Mrs. William Crispin, of St. Clair Shores, was the bride's only attendant, in blue silk organza with a bouquet of pink

roses. Mr. Crispin was Mr. Vitti's best man.

For her daughter's wedding and the reception at the Whittier, Mrs. Seaver wore a silk print frock and white roses.

When the newlyweds left on a trip to Colorado, New Mexico and Arizona the bride was wearing a navy blue dress and jacket with red accessories. They will make their home in Santa Maria, Calif.

Betrothed

Dr. and Mrs. Clarence J. Messner, of McKinley avenue, announce the engagement of their daughter, DIANA JOY, to Bruce Edwin Siefker, son of the Edwin Siefkers, of Alma.

Some Insects Very Dangerous

Some of summer's buzzing insects would scare the "itch" right out of you, if you knew what they can do, says Robert E. Beer (PhD), insect specialist at The University of Michigan Biological Station near Pelston.

Where most varieties of the common housefly could be killed with insecticides a few years ago, he notes, now many strains—especially in areas of intense fly control programs—have developed resistance to bug-killers.

"Some flies, purposely bred in laboratories to resist many insecticides, can be killed only with drastic measures—fly swatters or a pair of bricks, for example," Beer observes.

In addition to being a nuisance, the fly undoubtedly transmits many stomach-upsetting organisms to humans. Man-drilling mosquitoes swap a mildly toxic injection of their saliva for your blood, Beer continues. More important than the resulting itch, however, is the fact that some varieties of his insect transmit encephalitis—a disease affecting the brain which can result in death.

The red-winged blackbird, widely distributed in the U.S., carries the infection but is not afflicted by it. After biting these birds, mosquitoes transmit the disease to horses and humans.

"What saves most of us is the fact that not all species of mosquitoes carry this disease," Beer points out. "Some of the common ones don't."

Nevertheless, he recommends cleaning up mosquito-breeding places by spraying all areas of standing water as well as homes.

One sting from a wasp can result in death for hypersensitive persons, Beer notes. "The stinger injects a neurotoxin which doesn't have a chance to get diluted before reaching the nerves. Face stings are extreme-

Bride-Elect

Mr. and Mrs. Earl R. Putnam, of South Renaud road, announce the engagement of their daughter, CAROL MARIE, to Mr. Richard William Elzerman, son of Mr. and Mrs. Harvey Elzerman of Roseville.

An August 15 wedding date has been set.

Troth Told

Mr. and Mrs. Alfred A. Zastrow, of Barrington road, announce the engagement of their daughter, ANN MARIE, to Albert Michael Demchak, son of the Andrew Demchaks, of Hazel Park.

The bride-elect was graduated from Wayne State University where she was a member of Theta Sigma Phi and Delta Zeta.

Mr. Demchak attends Wayne State College of Pharmacy and is a member of Phi Delta Chi. They will be married August 22 in St. Ambrose Church.

ly bad, since they are close to man's principal nerve center."

Fortunately, deaths from this cause are fairly rare. Beer recommends spraying wasps' nests at night—and promptly running for cover.

Bees, helpful as pollinators for plants, can be a problem when they swarm near your house. Beer suggests the best way to get these busy bugs is to call an exterminator or an apiarist, who will collect the entire colony.

During the academic year, Beer is an associate professor of entomology at the University of Kansas, Lawrence.

Be an easy mark, and your friends will all help you make good.

Betrothal Told

Mr. and Mrs. Roy A. Moxley, of Radnor circle, announce the engagement of their daughter, MARY ANITA, to Michael John Fitch, son of the Donald G. Fitches, of Rosedale park.

The engaged pair are alumni of the University of Michigan where Miss Moxley was a member of Sigma Kappa and her fiancé was affiliated with Sigma Alpha Epsilon.

Engaged

Announcement is made of the engagement of JOAN MARIE DIRKES, daughter of Mrs. Vincent M. Dirkes, of Dorthen avenue, and the late Mr. Dirkes to A. Lawrence Lorenz, son of Mr. and Mrs. A. Lawrence Lorenz, of Prairie Village, Kan. The engaged pair are alumni of Marquette University, Milwaukee, Wis.

Federation Sale Helped by Pointers

Mrs. Standish Backus Leads List of Those Working For International Travelers Market September 19 To Aid Save the Children Federation

Special gifts from all over the world have been sent to the Cranbrook Pavilion, Bloomfield Hills, for the September 19 International Travelers Market to benefit the Save the Children Federation in which many Pointers are interested.

The organization was founded in 1932 with its national office in Norwalk, Conn., to aid underprivileged children, with emphasis on self help in village projects.

Other Pointers working for the benefit sale include Mrs. Gilbert B. Pingree, Mrs. George Villeroi, Mrs. Elmer A. Benzin, Mrs. Alton L. Wheeler, Mrs. Siggan Sjunnsson and Mrs. Russell K. Welch.

Dominican High Class Of 1949 Plans Reunion

Marilyn Cunningham, reunion chairman of the Dominican class of 1949, announced plans for a 10-year reunion.

At a meeting last week at Miss Cunningham's home a dance and midnight buffet were decided upon by the committee members.

The dance will be held at the Msgr. Stapleton Hall at 1028 Whittier on Saturday, September 26, at 8 p.m. with a charge of \$3.50 per person. Reservations and details can be obtained by calling Mrs. Beverly Brophy, PR 3-0074.

Hughes-Van Gallow Troth Revealed in Illinois

Mr. and Mrs. Karl Van Gallow, of Wilmette, Ill., announce the engagement of their daughter, Julie, to Donald Hughes, Jr., son of Mr. and Mrs. Donald T. Hughes, of Pemberton road. The Van Gallows are former Pointers. The prospective bridegroom is attending the University of Michigan and his fiancée is studying to be an airline hostess.

Offer Advice to Vacationers

The week just before vacation often becomes a bit too hectic, with so many extra things to be done. To help ease this pressure, make two vacation lists. You'll need one list of things to take along on vacation, and another list of things that must be done before you leave the house.

Avoid letting your house advertise the fact that you are not at home. All regular deliveries should be stopped. Notify the milkman and the paper boy. Ask the post office to hold your mail until you return.

Hire someone to mow the lawn, and ask a neighbor to keep advertising circulars from collecting on the porch. Don't forget to ask your neighbor to take care of your house plants while you are away.

When you lock the doors and windows, remember to check the basement windows, the milk door, and the coal chute.

VOTING MACHINE

A voting machine has been placed in the lobby of the Park Municipal Building. City Clerk Charles Heise informed the Park council on Monday, July 27. A number of demonstrations have been given to new electors and those who requested information about the machine. It will remain in the lobby indefinitely for citizens seeking enlightenment on its use.

If a man writes a better book, preach a better sermon, or make a better mousetrap than his neighbor, tho' he build his house in the woods, the world will make a beaten path to his door.—Ralph Waldo Emerson.

Famous auto critic says, "Imperial is the finest car ever built in America"

Tom McCahill is the dean of auto testers. He knows more about the current crop of new models than any other individual. He writes about their strengths and weaknesses with equal vigor. Quotes below are from his article in the June issue of Mechanix Illustrated.

Chrysler's torsion bar suspension is so far superior to anything else being made in this country that the contest isn't even close. . . . in my opinion the 1959 Imperial is the best handling big sedan in the world and therefore, the safest to drive. This car has more roadability than any sedan I have ever tested and has the best handling characteristics . . . "In a few words, the '59 Imperial is the finest car ever built in America and I've been testing automobiles for a long time." Your Imperial dealer is waiting to show you how easy it is to own the car Mr. McCahill feels so strongly about.

"The '59 Imperial has a new engine . . . that delivers more effective torque than any engine being made for passenger cars in the world. . . . every Imperial is separately road tested. At every stage of assembly, the '59 Imperial gets a 100% inspection, which is a far

cry from the spot checking the industry has been foisting on the public for years. "In two brake tests at speeds above 100 mph, the car came to a stop in a little over 300 feet without any dipping or the slightest sign of fading. "As I have written so often,

Senior Loop (Continued from Page 7) four hits. Lou Ewald was the winning pitcher. Bob Bramlett and Dick Ciolola each batted out triples for the Brewmasters to lead a losing cause. On July 25, the Brewmasters again fell to defeat, this time at the hands of the league-leading Whiz Kids, 7-4. Dick Chouinard whizzed the losers' bats for nine innings with sharp breaking curves. He sent nine batters down on strikes, while allowing only four scattered hits. The real star in this game was Tom Schervish, who knocked in four runs with a double and two singles in three times at bat. He also threw a couple of men out trying to steal second. The three stars of the week in Senior League action were Tom Schervish, Lou Ewald and Dennis Rexon. Rexon, so far this year, has been none other than sensational at shortstop for the Mavericks. Notice of Sale Village of Grosse Pointe Shores COUNTIES OF WAYNE AND MACOMB, MICHIGAN

\$50,000.00 GENERAL OBLIGATION PUBLIC WORKS GARAGE BONDS \$140,000.00 GENERAL OBLIGATION WATER BONDS

Sealed bids for the purchase of General Obligation Public Works Garage Bonds of the par value of \$50,000.00, and General Obligation Water Bonds of the par value of \$140,000.00 to be issued by the Village of Grosse Pointe Shores, Counties of Wayne and Macomb, Michigan, will be received by the undersigned at his office in the Village Hall until 7:30 o'clock p.m., Eastern Standard Time, on Tuesday, the 18th day of August, A.D., 1959, at which time and place said bids will be publicly opened and read.

Said General Obligation Public Works Garage Bonds will be dated as of June 1, 1959, will be coupon bonds of the denomination of \$1,000.00 each, will be numbered consecutively in the direct order of their maturities from 1 to 50, both inclusive, and will mature serially, without option of prior redemption, as follows:

\$5,000.00 October 1st of each of the years from 1961 to 1970, both inclusive. Said General Obligation Water Bonds will be dated as of June 1, 1959, will be coupon bonds of the denomination of \$1,000.00 each, will be numbered consecutively in direct order of their maturities from 1 to 140, both inclusive, and will mature serially as follows:

\$5,000.00 October 1st of each year from 1961 to 1970, both inclusive; \$10,000.00 October 1st of each year from 1971 to 1973, both inclusive; \$15,000.00 October 1st of each year from 1974 to 1977, both inclusive.

Bonds numbered 1 to 30, both inclusive, maturing in the years 1961 to 1966, both inclusive, are not subject to redemption prior to the maturity.

Bonds numbered 31 to 140, both inclusive, maturing in the years 1967 to 1977, both inclusive, may be redeemed at the option of the Village in inverse numerical order, on any interest payment date on or after October 1, 1968, at par and accrued interest, plus a premium as follows:

\$30.00 on each bond called for redemption prior to October 1, 1970; \$20.00 on each bond called for redemption on or after October 1, 1970, but prior to October 1, 1974; \$10.00 on each bond called for redemption on or after October 1, 1974, but prior to maturity.

Notice of redemption shall be given to the holders of the bonds to be redeemed by publication of such notice not less than thirty (30) days prior to the date fixed for redemption, at least once in a newspaper or publication circulated in the State of Michigan which carries, as part of its regular service, notices of sale of municipal bonds. No further interest payable on bonds called for redemption shall accrue after the date fixed for redemption, whether presented for redemption or not, provided the Village has money available for such redemption with the paying agent.

Said bonds will bear interest from their date at a rate or rates not exceeding five per cent (5%) per annum, expressed in multiples of 1/8 of 1%, said interest to be payable on October 1, 1959, and semi-annually thereafter on April 1st and October 1st of each year. The interest rate for each coupon period on any bond shall be at one rate only. Both principal and interest will be payable at a bank or trust company to be designated by the purchaser of the bonds. Accrued interest to date of delivery must be paid by the purchaser at time of delivery.

For the purpose of awarding the bonds, the interest cost of each bid will be computed by determining, at the rate or rates specified therein, the total dollar value of all interest on the bonds herein offered from September 1, 1959, to their maturity and deducting therefrom any premium. The bonds will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the Village. No proposal for the purchase of less than all the bonds herein offered, or at a price less than their par value, will be considered.

Said bonds will be general obligation bonds of the Village of Grosse Pointe Shores, and the Village is authorized and required by law to levy upon all taxable property in the Village such as valorem taxes as may be necessary to pay the bonds and interest thereon without limitation as to rate or amount.

A certified or cashier's check in the amount of \$3,800.00, drawn upon an incorporated bank or trust company, payable to the order of the Village Treasurer of the Village of Grosse Pointe Shores, must accompany each bid as a guarantee of good faith on the part of the bidder, to be forfeited as liquidated damages if such bid is accepted and the bidder fails to take up and pay for the bonds. No interest will be allowed on the good faith checks, and checks of unsuccessful bidders will be promptly returned to each bidder's representative or by registered mail.

Bids shall be conditioned upon the unqualified opinion of Miller, Canfield, Paddock and Stone, attorneys of Detroit, Michigan, approving the legality of the bonds. The cost of such opinion shall be paid by the Village. The Village shall pay the cost of printing the bonds. Bonds will be delivered at Detroit, Michigan.

The right is reserved to reject any or all bids. Envelopes containing the bonds should be marked plainly "Proposal for Bonds."

APPROVED: JULY 21, 1959 STATE OF MICHIGAN MUNICIPAL FINANCE COMMISSION

When the POINTE was growing up...

Uncle Sam's postman was carried in a horse and buggy within the memory of old time residents who remember the daily jog trot of the mail delivery as it wound along Lakeshore road, Vernier road, Seven Mile and Mack avenues.

The first known post office was opened about 1900 by a Mr. Lodewyck on the lakeside of Jefferson avenue near Fisher in connection with a grocery store.

Post offices moved about as the Pointe grew. Rufus Kerby operated one near his home on the street that bears his name. In the quarters were about one hundred locked boxes which were transported carefully each time a new store became the post office. Many of the early box holders employed small boys to call for their mail twice daily, earning 35c a week. Norbert Neff, Grosse Pointe's City Clerk and Manager, earned such a stipend as a lad and still has a few of the boxes used by the early residents.

A Cadieux was a post master as well as a Kerby. Francis Cadieux operated an office from his home on the family property. Later a Paye became this important official on a site near Jefferson and Bishop. This building was subsequently moved to the lot on which the Grosse Pointe Galleries operates today, in the original building, which had become a furniture store before becoming an art gallery.

The doctor's offices across from the high school, once a grocery store, are on the spot where James Locke assisted by his sons, James and Charles, opened the next post office. Charlie Locke later became a constable for the City of Grosse Pointe.

Then for a short time John La Belle sent out the US mail from Grosse Pointe boulevard near Clairview. In the thirties the post office business was run on a contract basis by Julius Nagel, of the Grosse Pointe Hardware, first at Jefferson and Rivard, later further down on Jefferson in the old Faye Building.

In December, 1942, when the volume of business became too much for these limited facilities the post office was installed in the cinder block cottage built by actress-philanthropist Mary Manning, which now serve as Grosse Pointe City offices.

Not until the 50's did the Pointe have a post office building (on Mack near Kerby) or become zoned for mailing. This was a far cry from the horse and buggy deliveries made a short half century before.

Circus artists have nothing on us! Bill Hope has been startling McMillan road residents with his skill riding the unicycle. This different method of conveyance takes a great deal of practise to master but if perseverance pays off this fourteen year old lad will be unicycling all over the Pointe in record time. The unicycle was a birthday gift.

Gourmets who enjoyed Mrs. Wilfred A. Lavoie's crisp pickles printed in our July 2 issue will be delighted to know that the US Navy feels likewise. Last week when the American destroyer, USS Warrington was docked here Mrs. Lavoie's neighbor, Mrs. Harold Waples, entertained some of the crew. Her nephew is a chief petty officer aboard the destroyer. The buffet supper featured the exotic pickles and the Navy was delighted. They insisted on the recipe for their own mess and departed with two quarts of pickles and the secret ingredients.

A report on life behind the Iron Curtain that can cause shivers down the spine comes from Mrs. Peter Waring. Her husband is the new British Vice-Consul here, arriving just a few weeks ago from a post in England. Before their assignment home the Waringes were stationed in Poland, where they were well supplied with domestic help. Those of you who sigh for permanent help be advised that charming as the Waringes' domestics were they reported all household occurrences to the secret police once a week. Mrs. Waring said she felt the walls had ears. It was so alarming they felt they couldn't even have a decent row!

Cats are renowned for having their litters with as little fuss as possible in contrast to dogs. The William R. Witherells, Jr., household pet, Pansy, has been quite productive. But this last bunch of kittens certainly increased the laundry problem in the Witherell menage. Pansy had her kittens in Mr. W.'s underwear drawer and refused to move her brood for over a week.

Bride-elect Lollie Eccleston, doing some trousseau shopping on the hill, carried one of those open wicker baskets so favored by the ladies for purses. Hers was embroidered with all the fun places she'd been to, Palm Beach, Nassau, New York, with Grosse Pointe included, too. Very nice fashion touch!

Lost in one of London's famous fogs, an American tourist finally heard footsteps. He called out, "Could you please tell me where I'm going?" "Into the canal," replied an unhappy voice from the mist. "I've just come out."

Pointer of Interest

MRS. RAYMOND L. COLBY, OF BEDFORD ROAD

—Photo by Fred Runnells

By Patricia Talbot

How do you become an art critic? Mrs. Raymond L. Colby started her present career as a society writer for the Detroit News. Now she covers the art beat for that paper from her home while tending three-year-old Sarah.

Three weeks out of four she writes about Museum Masterpieces for the Roto section and every Sunday a review of gallery shows in the vicinity tells her views. Then she's always available for a breaking news story in the art field. When she began to cover the local galleries and shows over ten years ago there were four museums to contact; now there are 23.

Art Background

She writes under her maiden name Joy Hakanson, the byline which appeared under society and women's features when she first came to the News from Wayne State University. Art was her major and newspaper work hadn't occurred to her as a career when she began making the rounds of the commercial art studios after graduation.

Through her professor, artist Wayne L. Claxton, she heard Florence Davies, for many years the News women's editor, was looking for a reporter. Miss Davies seemed sympathetic because for many years she had also written the art criticism for the paper. When she retired Joy Hakanson inherited the beat.

After her marriage to graphics designer, Raymond L. Colby in 1956 she continued to work at the paper, but the arrival of Sarah changed her career to a part time basis.

Their Own Gallery

The Colbys live in a traditional home which they have decorated in light modern furniture and fabrics much enhanced by the paintings Mrs. Colby has acquired. For her own collection she favors works by Detroit painters, because they deserve support, and because she admires the color and form. A stunning winter scene, with

gaunt bare trees outlined against white snow and blue skies done by her former professor, Wayne L. Claxton, hangs above the mantel.

A brilliant modern galaxy of light and color, the work of Louise Janssen Noble, is another star in the Colby's collection of local art work. Mrs. Noble will be a Pointer soon. She and her husband are building a startling modern house on the East Jefferson avenue estate of the Frank Donovans.

Mrs. Colby said ruefully that being an art critic has taught her that her own talent for painting is limited. She can wield a paint brush to cover a wall or a piece of furniture, but she has evaluated her own ability to create living art and feels it is lacking. Her husband has designed and built much of their modern furniture, including a white coffee table and a sofa, in his workshop, and she lends the finishing touches.

A Week end Writer

With a Monday copy deadline she finds the week-ends too rushed to do much entertaining. She writes most of her column on Saturday. Mr. Colby is very understanding of his wife's part time career and will cook his own dinner if Mrs. C. is detained at a gallery. Often she covers shows in the far away new galleries in Livernois avenue, now becoming such an art center it is known in the trade as "Gallery Row."

Mrs. Colby has proved she can write to an exacting deadline. In 1956 the Society of Arts and Crafts was marking its fiftieth anniversary and to commemorate the occasion Mrs. Colby was asked to write a book of the society's history, within three months.

Her Book Was Published

"Art and a City" was published by the Wayne State University Press and evidences a great deal of research on the early efforts of our citizens to create Fine Arts. Pointers were leaders in this field and many early photographs show the success of their work.

In spite of her newspaper work Mrs. Colby has time to write an occasional article for art journals. This summer one of her articles appeared in "Craft Horizons." She specializes in art history which she particularly enjoys.

Mrs. Colby is proof that an enterprising matron need not abandon her talent and career when the duties of home and child call. She has joined the growing company of women who continue their stimulating jobs while devoting equal time to community and domesticity.

League Plans Resort Sale

This year for the first time, the Detroit League for the Handicapped will have but one resort sale in Michigan instead of the usual three or four.

850 invitations have gone out to resorters in the area surrounding Wequetonsing where the sale will be held August 5 and 6 in the home of Mrs. Paul E. Minsel.

Handmade linens, infant's wear, travel articles, toys, blanket covers, aprons, kitchen items and many others will be sold from 10 until 5 each day.

Mrs. John R. Decker, Mrs. Ross Wilkins, Mrs. Truman Barber and Mrs. Jamison Williams will be going up to Wequetonsing to aid with the sale which "helps the handicapped help themselves."

The would-be reformer bases his sermons on text or pretext.
