

# SCHOOL BELLS TO RING SEPT. 10

## HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, August 27

**GERMANY GAVE PRESIDENT EISENHOWER** a reception he will very likely never forget when he arrived in Bonn yesterday, for his talk with Chancellor Konrad Adenauer. An unestimable crowd lined the 16-mile path from the airport to Bonn to cheer their conqueror of 14 years ago. It took an hour and 50 minutes to drive the 16 miles.

There were hundreds of welcoming signs displayed along the route. One of them said, "Germany trusts Eisenhower." The purpose of the President's visit is to convince Chancellor Adenauer that he, the President, is able to competently cope with Soviet Premier Nikita Khrushchev during the Russian's visit to the United States, and during the President's visit to Russia.

**THE SECOND VIOLENT STORM** in a week swept over the Detroit area and other parts of Michigan, yesterday, relieving the heat wave at least temporarily, but leaving extensive damage in its wake. A minor flood threat on Detroit's already damaged expressways will delay repairs even longer than expected.

New Baltimore reported a small tornado that uprooted trees and endangered residents. The Weather Bureau reported .43 inches of rain and a 52-mile an hour wind was registered between 6:09 and 7:25 p.m. at the 'City Airport. Four people have been reported dead as a result of the storm. An electrical lineman was killed on the job, two died of heat prostration and an eight-year-old boy was killed by lightning.

**MRS. KHRUSHCHEV** is anxious to visit the United States when her husband comes next month. However, the Soviet Premier has stated that he won't bring her unless Mamma plans to visit Russia with her later. The first lady has hesitated to go so far away because of her mother's failing health.

**FRIDAY, AUGUST 28**  
**TEAMSTER PRESIDENT JAMES R. HOFFA** was told by Court-appointed monitors, yesterday, that he must report on the disposition of over a half million dollars in union funds. The deadline was set for Monday morning, August 31. The money in question belongs to Hoffa's home Local No. 299, in Detroit. It was on deposit on a non-interest-bearing basis in Florida and Indiana banks. According to the court monitors, Hoffa had agreed on August 13 to withdraw the money and re-deposit on or invest it at interest so that the local members "will have a proper return." The monitors made no comment as to whether Hoffa has failed to do this.

**PLANS TO SET UP** an experimental mall in the block between Michigan and State on Woodward have been blocked by the need for a preliminary traffic study. The mall was to be in operation from September 14 to November 1. Whether or not the plan will be dropped completely or not depends on the result of the traffic study. The Central Business District Association, represented by its nine-member executive committee, indicated that they were willing to proceed with the experiment next spring if the traffic study is satisfactory. The study will determine whether or not traffic diverted from Woodward by the mall can be absorbed by other north-south streets.

**ANOTHER WARM WELCOME** abroad was given President Eisenhower when he arrived in London from Bonn, yesterday. About a million Britons lined the 20-mile route from London airport to the American Embassy. In the open car with him was Prime Minister Harold Macmillan.

**Saturday, August 29**  
**INDIA'S PRIME MINISTER Jawaharlal Nehru** announced Friday night that India is ready to defend its borders against the Red Chinese troops that have occupied two Himalayan

## September 10 To Mark End Of Vacation

**Expect 10,500 Students To Be Enrolled in 14 Public School Buildings**

School bells will ring for some 10,500 public school students in Grosse Pointe next Thursday, September 10. Another summer vacation will be over and a full year of academic study and associated experiences will begin for this record number of students in some 14 local schools.

School officials state that all buildings are in exceptionally good condition to receive the youngsters. They also say that a full staff of well-qualified teachers will be on hand to lead the pupils into and through the rich learning experiences that have become a tradition in the Pointe schools.

Classes will begin at the regular hour on Thursday but newcomers to the school system will have an earlier opportunity to become acquainted with their respective buildings. Orientation programs are scheduled for 1:30 p.m., Wednesday, September 9, at all junior high schools as well as at Grosse Pointe High School. Newly-enrolled elementary students are similarly received by their school principal when they register.

**Staff to Meet**  
An all-system staff meeting will mark the beginning of the school year for classroom teachers and all others employed by the school system. This meeting will be held Tuesday, September 8, at 10:30 a.m. in the Pierce Junior High School Auditorium. Speakers will include Dr. Dana Cotton of Harvard University; Robert F. Weber, president of the Grosse Pointe Board of Education; Superintendent James W. Bushong and teacher association president Ernest Hurst, Parcels social studies teacher.

Some 71 teachers who are new to the Grosse Pointe staff will be officially welcomed at this time. They represent largely replacements for departed staff members, but 12 are additional classroom teachers needed to serve the increased numbers of students enrolled this year. The total staff now numbers 677 employees as compared to 666 a year ago.

**Register New Pupils**  
Registration of new pupils continues throughout this week in all buildings. Parents who have not yet enrolled their children in school are advised to bring the student's birth record and most recent report card to aid school officials in making proper grade placements. Registration will also be possible Tuesday and Wednesday of next week.

Superintendent James W. Bushong indicated that the increased numbers of students to be educated in the local school system were putting a severe strain on present facilities. In order to accommodate them all, he said, certain emergency measures were being taken this fall. Several rooms of students were being transferred out of their elementary school district to other, less crowded buildings to temporarily relieve an impasse of too few rooms and too many students. In other buildings classes are to be held in rooms not designed for use as classrooms and important school functions such as instrumental music classes and libraries are being displaced to less than adequate locations.

**Special Meeting Held**  
An important meeting of school board members and leaders of community groups was held Wednesday evening, September 2, to study such problems as this which are now facing the school system. About 100 persons assembled at the High School Annex to hear Board President Robert F. Weber and Trustee C. Henry Haberkorn, III, describe the educational needs of the district.

**In addition to the 10,500 public school children** who will return to classes next week, more than 4,188 Pointe private and parochial school pupils will also resume their studies. **GPUS Opens Sept. 16**  
The lone private school of the community, the Grosse Pointe Unitarian Society (G.P.U.S.), will open its doors on September 16. It is valued at \$22,500.

## Summer Months Water Pumping Records Shattered

**June, July and August Consumption Totals 510 Million Gallons; Above Normal Rains Last Month Bring Relief**

The summer months of June, July and August of 1959 has been recorded in the log of the Farms Water Filtration and Pumping Plant as the hottest months in the history of the plant, with water consumption reaching a shattering 510 million gallons.

This figure is 126 million gallons more than the same period last year, which saw a pumpage of 417 million gallons through the water mains of the Farms and City, the Farms' only customer.

However, despite one of the hottest months on record, last month's pumpage was 21 million gallons below that of August 1958, according to figures released by Farms City Manager Sidney DeBoer. Last month the gallons pumped, he said, were 143 million.

### JULY SAW PEAK

The highest number of gallons ever poured through the mains, in the history of the plant, was during July of this year, and that was 191 million gallons. In July of 1958, the figure was 138 million. During last June, local consumers used 176 million gallons, as compared to 115 gallons for June 1958.

Mr. DeBoer said that the drop in last month's figure was due to the 6.8 inches which fell in torrents, which is twice the normal rainfall for August. He said that this helped considerably in keeping the pumpage down.

The highest number of gallons pumped in any single day last month was 8.3 million gallons, and that was on the 14th, he added.

### RAIN BROUGHT RELIEF

He said that the unusual rainfall took the play away from the Filtration and Pumping Plant, which was a big relief.

Last July not only shattered the pumpage record for any month, but it also surpassed any pumpage for any one day. As a matter of fact, two days July 15 and 16, saw more than 9,000,000 gallons poured into the mains.

The second highest was last July 10, which was 8,700,000 gallons. The next highest was 8,600,000 last June 29, which equaled that of August 2, 1958.

## Driver Sorry About Accident

A Detroit driver is sorry that he was involved in a minor accident at Mack and Newcaste on Monday, August 24.

Police found that Lavern A. Weiers of 17203 Minneapolis, Detroit did not have a driver's license on his person. A check with Lansing revealed that he had an outstanding warrant for a Detroit traffic violation. He was turned over to Detroit police.

### REMOVE DISEASED ELM

The City removed an elm tree from Cadieux road, Tuesday, September 1. It was infested with scale, a tree disease.

## Fire Truck and Dog Wagon In Collision; One Injured

Two city-owned Farms vehicles, a fire truck and a dog warden patrol truck collided on Friday, August 28, at Kercheval and Kerby, when the fire truck's brakes failed as the driver attempted to stop for a traffic light. One person was injured.

According to a police report, Dog Warden Earl Trombley, 45, of 130 Kerby, was stopped in a traffic lane, waiting for the light at the intersection to change. The fire truck, driven by Fireman Robert Sharp, 30, of 27929 Nieman, St. Clair Shores, was behind the smaller vehicle. As he approached the light, the fireman applied his brakes, which for some mechanical reason failed, and the bigger truck smashed into the rear of the smaller one. Charles K. Furton, 22, of 59

## 10-Year-Old Fourth Polio Case of Year

**Dr. Davies Thinks All Local Patients Cossackie Victims; No Paralysis**

One more case of polio has been reported in the Pointe-Harper Woods area, according to Dr. Thomas S. Davies, public health director.

That brings this year's total to four cases, as of August 28, the same number of cases as were reported by this time last year. The new case, that of a 10-year-old boy from the Harper Woods area, is non-paralytic, as were the other three cases.

Last year, however, there was some paralysis in two of the cases reported.

### All Had Shots

The new patient is reported to have had four shots of Salk vaccine. Of the other three 1959 cases, one had had four shots, the other two had had three.

Three boys and one girl have been stricken. Two of the cases came from Harper Woods and two from Grosse Pointe Woods. In the Woods, two brothers, ages 15 and 11, became infected on July 31 and August 2 respectively, following their return from a vacation in Port Austin, Canada.

The little girl, 3½ months old, who was the first case in this area, may have had a disease with similar symptoms to polio, called cossackie. The girl is from Harper Woods.

Dr. Davies said he wouldn't be surprised if all four local cases were cossackie.

### 58 Detroit Cases

The Detroit Department of Health reports 58 cases as of August 20 this year, and 135 as of the same date last year. The Grosse Pointe-Harper Woods total for 1958 was 11 cases, two paralytic, and no deaths.

The peak of the polio season has yet to come, however. Late September, before the first frost of the fall appears, is usually the worst time, as far as polio is concerned, according to Dr. Davies. Once the cooler weather appears, the disease begins to wane.

"I hope everyone will be immunized by next summer," said Dr. Davies. "A good time to start would be after the first frost this fall. However, each individual should consult his own physician on such matters."

## City-Farms Fishing Rodeo Sets Records as 280 Kids Pull in 51 Finny Catches

**Everyone Goes Home with Prizes; Gary Sanford Wins Neff Trophy; Pre-Rodeo Winners Also Announced**

A record crowd of 280 participants, a record catch of 51 fish, and an immeasurable record of enjoyment for all concerned (except the 51 fish), marked the climax of the Farms pier's busy agenda, the Sixth Annual Fishing Rodeo.

At 11:30 a.m. last Saturday morning the 280 Farms and City youngsters stuffed with hotdogs, pop and goodhumors, and each toting prizes, left the pier, convinced that this Rodeo was bigger and better than any before it.

As the name implies, the event is a fish roundup. The youngsters fished for an hour and a half, from 8:30 a.m. to 10 a.m. from the shore at the Farms pier, dashing to the

## Traffic Lights Being Changed

New traffic lights are being installed at the corners of Kercheval and St. Clair and Kercheval and Notre Dame, this week, it was announced by City Chief of Police Thomas Trombley.

"The signalization at those two intersections is being modernized in accordance with the requirements of the new State Traffic Code," said Chief Trombley.

The new lights are the most arm post type, with the lights very near the center of the intersection. Walk lights have also been installed, for the convenience of pedestrians.

## 2,000 Kids Entertained At Field Day

**Metropolitan Club Plays Hosts at Annual Event for Pointe Youngsters**

The 19th annual field day sponsored by the Metropolitan Club of Grosse Pointe, held Saturday, August 29 at the Neighborhood Club, was termed a complete success.

Some two thousand Pointe youngsters attended the function that lasted from 10:30 in the morning until up in the afternoon hours. The games and refreshments were enjoyed by all.

Six extra happy people were the big prize winners of the day. Winner of the 1959 Austin Healy sports car was Mrs. Lydia Goetz of 198 Ashland, Detroit. A \$100 wrist watch went to Angelo Montersso of 22927 California, St. Clair Shores.

A transistor radio was won by R. D. Chapin of 411 Country Club lane and D. Rusaki of 5945 Fairwood, Dearborn, was the winner of a casting reel. A deep sea fishing rod went to Mrs. Sylvia Lambdon of 18744 Mack and Tom Stephenson of 180 Hillcrest lane will be doing some barbecuing on his new portable grill.

The Metropolitan Club is made up of firemen, policemen and federal employees of the Grosse Pointe area.

## Faces Charge of Carrying Weapon Without Permit

Charged with carrying a concealed weapon without a permit, James B. Morris, 23, of 411 Michigan avenue, Detroit, is held in the Wayne County Jail awaiting trial in Circuit Court.

He pleaded not guilty to the charge when arraigned before Judge Joseph Uvick in the City of Grosse Pointe court on Friday night, August 28. He was unable to post the \$1,500 bond set.

Morris appeared at 532 Lincoln road the afternoon of August 27, rang the bell and entered the house. When Gerde Betz, an employee in the house, came to the door, Morris said, "I'm looking for John Brown," and then produced a gun. He then said he was sorry and walked away from the house towards Kercheval avenue.

Miss Betz, rather than calling the police, called her sister on the west side and told her

what had happened. The sister (then reported the incident to the City police.

After getting a description of the man from Miss Betz, City Police Chief Thomas Trombley sent out a call to pick up anyone answering the description. A few minutes later, Morris was arrested by Officer Tom McLaughlin at the corner of Kercheval and Rivard.

Miss Betz stated that there was no robbery attempt nor did Morris threaten her with the gun.

Morris said that he came here from Florida. The gun he was carrying was reported stolen in that state. He said that he had taken the bus from downtown to Alter road and had walked from there.

"With a 20-minute delay in the report, we were lucky to catch him," said Chief Trombley. "If he had taken a bus instead of walking, we would never have caught him."

## Portable TV Set Handy for Thief

Thomas Licavoll of 1384 Berkshire, left the door of the breezeway of his house open for the paper boy, before going to bed, and woke up later to find a portable TV set gone.

Licavoll told Park police that he had watched a television program on Saturday night, August 29, and then retired. He awakened at about 10 a.m. and discovered the set missing. Investigating officers said that the person who took the portable, cut the cables before taking it away.

The owner said the set is valued at \$140. Nothing else was disturbed or missing.

### STOLEN BIKE FOUND

A bicycle which was reported stolen from the Woods theater parking lot on Wednesday, August 26 was recovered on Fair court on the same day. It belonged to James Bens of 587 Lakeland.

The licenses of 94 additional accident-prone, or negligent drivers were revoked, the report showed.

In Wayne County alone, 121 motorists had their licenses suspended or revoked, during that week, Hare revealed.

## One Decision He Will Never Regret!

There's a new lilt to his spirit today—and his heart is singing a song it hasn't recalled in a good many years.

For today he took title to his first Cadillac—and already he knows that this is one decision he will never regret.

You see, so many of the satisfactions of Cadillac ownership make themselves known to a man the instant he takes the wheel—the car's marvelous comfort and luxury, for instance... its feeling of quality and substance... its wondrous silence and effortless handling... and that abiding sense of pride and fulfillment.

And, accompanying these, there is the pleasant contemplation of the car's great practicality. The original investment was far more modest than he had anticipated—surprisingly close, in fact, to the cost of the medium-priced car he had previously owned.

What a revelation the facts about Cadillac value were—and how reassuring the story of Cadillac's remarkable resale characteristics!

And, of course, he knows that the car's great operating economy and dependability will ride with him through every joyous mile.

In fact, if he has any regret at all, it is that he waited so long to discover how eminently practical a Cadillac can be.

Certainly, you owe it to yourself to get the facts firsthand and soon!

**Squirrel Shoot Held at Beach**

No, it isn't open hunting season at the Farms Pier! The crowds of people enjoying the park on the hot evening of Wednesday, August 26, may have thought so.

A Farms police officer took two shots at a squirrel with his pistol and then another police car arrived containing an officer armed with a shot gun. He dispatched the squirrel in short order.

The reason for all the commotion? The squirrel had bitten Maurice Hogan, 27, of 22221 Marter road, St. Clair Shores, on the right forefinger. The squirrel had to be shot so that it could be determined whether or not it had rabies.

The rodent's head was taken to Herman Keifer hospital for tests.

**Another Exchange Student Welcomed**

EDUARDO MIDDLETON of Chile stands in front of the welcome sign produced for him by students of Grosse Pointe High School, where he

will be an exchange student this year. On the left is ED HERRMANN, who will be his host while he is here.

By Joan Vermeulen  
Residents of Kenwood court probably got the surprise of their lives when they got up Friday morning, August 28th, to find a group of teen-agers standing on the lawn of the John Herrmanns' home at number 280. The boys and girls, 28 in number, were yelling and waving a large banner.

No, this wasn't any sort of a teen-age up rising; it was merely members of Grosse Pointe High School's Forum committee on American Field Service who had come to welcome the High

School's second exchange student, Eduardo Middleton, from Chile.

Eduardo, who will stay with Mr. and Mrs. Herrmann, and their son Ed for the following year, was taken by surprise. He told the group, in excellent English, that he was touched by the welcome. Not even the fact that his name had been misspelled on the banner could mar the occasion for him.

Among the students present to greet Eduardo, was Bernd Gaus, the A.F.S. exchange student from Germany who is staying with Dr. and Mrs. G. S. Fisher and their son John, and will attend Grosse Pointe University School this fall.

Eduardo left his home town of Chillan, Chile, on Tuesday and flew to Miami. From there he flew to Willow Run where he arrived Friday morning an hour and a half late, even though he did get here at 6:30.

Instead of trying to tell you about Eduardo myself, I would like to quote from parts of the letter that he wrote to the American Field Service explaining why he would like to come to America. It will, I'm sure, give you a clearer picture of him than I could.

"It is asked to me to describe myself, my circumstances, and my personality. I suppose it is a difficult task, because this work is fitted to a man of experience, but not to a boy who is beginning to know himself, the world, the people.

"One year ago, I had to make a composition like this one. Now, I read it, and I saw how much have I grown.

"My tastes and my customs have changed. Now I try to study a little more, because I see that my knowledges will be necessary to me in the University, where I will go next year. According to my tastes, I will study Civil Engineering, Chemistry, Physics and mainly Mathematics, that are the base of this career, are my favorite subjects.

"But also my relations with the society have changed. Each time I like more to join my friends, and talk with them, and to assist to parties on Saturday evening. I have the purpose of learning tennis, because I consider it is the most beautiful sport I know.

"When I think about the scholarship I am to get, it seems to me like a dream, that maybe

will become truth. I have many plans about the things I would do in the States.

"I want to learn English language as perfectly as I can, because I believe its knowledge is becoming of the greatest value in the present time, with the enormous development of science and international commerce, and with the influence, day by day greater, of the States over the countries of Latin America.

"But the biggest fruit of my trip is, I believe, the development of my personality.

Woods Adds 4  
New Policemen

Four new policemen were added to the Woods Public Safety Department on Tuesday, August 27, boosting the total personnel to 34, according to information released by Public Safety Director Vern C. Bailey.

One recruit was a veteran of the Detroit Police Department, two are former firemen of the St. Clair Shores Fire Department, and one was a representative of a pharmaceutical company.

The oath of office was administered to the new officers by Director Bailey, the four already have been assigned to duty.

The former Detroit policeman is Bernard J. Kelly, 28, of 13995 Birwood, Detroit, who plans to make his home in the Woods. He was with the Detroit Department for a little more than five years, and resigned to accept the position in the Woods.

He is a graduate of St. Cecilia High School and attended the University of Detroit. He is a U.S. Marine veteran, serving with that branch of the service from March 1949 to March 1950, and October 1950 to June 1952, when he was honorably discharged with the rank of corporal. He is married.

The two former firemen are Eddie R. Geatches, 25, of 21714 Lange; and Robert G. Sass, 26, of 22730 Lake drive, both of St. Clair Shores. Both are married.

Geatches is a graduate of Lake Shore High School, St. Clair Shores, and had been with the fire department of that city for about four years.

Sass, who was with the department for the same period of time, is a graduate of Eastern High School, Detroit, and had attended Wayne State University.

Bruce A. Cross, 25, of 23006 Gary lane, St. Clair Shores, is a graduate of Southeastern High School, Detroit, and attended Wayne State University, where he majored in pre-med.

He was a special representative for the Warner-Lambert Pharmaceutical company of Morris Plains, N.J., and was responsible for sales, sales promotion, and customer relations in an assigned territory. He is married.

Shores Traffic Case  
Dismissed by Judge

The August 20 issue of the NEWS carried a story about six traffic violation cases being heard in Grosse Pointe Shores court. One of these concerned William Hooth, 18, of 1054 Beaconsfield.

According to the story, which was accurately reported, Judge Gillis found him guilty of possession of alcoholic beverage, and sentenced him to write the ordinance concerning this offense, 25 times.

Subsequent developments revealed that the bottle of liquor found in the car was the property of another youth who was riding with young Hooth. It was also found that the Shores police obtained the evidence illegally, by searching the car at the scene of the arrest and not first taking it to the police station.

After Hooth had carried out his sentence by writing the ordinance 25 times, Judge Gillis marked the case dismissed.

**League of Women Voters To Hear Detroit's Problems**

"Metropolitan Problems" will be discussed when Willis H. Hall speaks at the general meeting of the League of Women Voters of Grosse Pointe at 12:30 on Friday, September 11, at Grosse Pointe War Memorial Center.

As General manager of the Greater Detroit Board of Commerce, Mr. Hall will talk on problems specific to the six-county area of Metropolitan Detroit.

Mr. Hall is a native of Illinois but received his early schooling in Allegan, Mich. In 1920, he entered the real estate business in Kalamazoo and engaged in real estate and building in Detroit from 1927 to 1933. He came to the Greater Detroit Board of Commerce in 1933 as radio business commentator. He later became head of the Tax Research Department and then Industrial Department manager prior to entering upon his present position as general manager.

During World War II Mr. Hall served as Industry Member of the Regional War Labor Board, member of the Detroit area Labor Management Committee of the War Manpower Commission, and Consultant to the Defense Plant Corporation.

He has served the City of Detroit in numerous civic activities including the Presidency of the Detroit City Plan Commission and Presidency of

the Detroit Metropolitan Area Regional Planning Commission. Aside from his duties with the Board, he is a member of the Wayne County Board of Supervisors and serves on several board committees. He is a member of the Detroit Industrial and Commercial Development Committee.

A study of Detroit metropolitan area problems was adopted by the League of Women Voters of Michigan for its study agenda for the next two years, at the request of almost half of the local leagues of the state.

Population growth in metropolitan areas is a major phenomenon of the day, bringing with it new problems, new concepts of government and new challenges to citizens to insure the future of their communities. Concern with this has been reflected in a developing interest in metropolitan area problems in leagues throughout the country.

The public is cordially invited to attend this meeting and to take part in the discussion of a problem of great importance to all citizens of this area. Reservations for the luncheon may be made until Wednesday, September 9, by calling Mrs. John Mason, TU. 4-0266, or Mrs. Francis X. Marsh, TU. 1-6453. Mrs. Edgar B. Cooper and Mrs. Leonard Slowin are in charge of arrangements for the luncheon meeting.

The 24-year-old lieutenant is an instructor in technique of radio and television advertising and press copy writing at the Army service school.

Cope is a 1953 graduate of Grosse Pointe High School, a member of the 1957 graduating class at Michigan State University, and belongs to the Phi Kappa Tau Fraternity.

He is an avid sportsman and an active member of the Fort Benjamin Harrison Rod and Gun Club.

Lieutenant Cope, his wife, the former Tanya Johnson of Milwaukee, who is also a 1957 graduate of Michigan State, and their infant daughter, Cynthia Lynn, currently reside at Apt. 37-B, Fort Harrison Village, Indianapolis, Indiana.

**Carpenter Given Governor's Okay**

Chester F. Carpenter of 546 Lakeland avenue, has been approved by Gov. G. Mennen Williams as a member of the Detroit Metropolitan Area Planning Commission.

He was elected to the commission as a county member by the Wayne County Board of Supervisors, subject to the governor's approval.

Mr. Carpenter, former member of the Grosse Pointe City Council, has been a member of the Board of Supervisors since that city converted from village status in 1937.

He holds a number of important positions on the board, among them: chairman of the Employees' Pension Committee; member of the Ways and Means Committee.

**Credit Where Credit Is Due**

Two weeks ago we commented editorially on the good job the City of Grosse Pointe has done in developing its off-street parking program, with particular reference to the attendant-operated parking lots.

This system, under which participating merchants validate the parking tickets, and pay the City the tab for up to two hours of free parking for their customers, has proven extremely popular.

Since this editorial appeared, it has been brought to our attention that it would have been nice to give some credit to these participating merchants, by naming them. This seems like a fair request, so we have obtained the figures for the month of July from the City offices. Some of the merchants mentioned, have but recently joined in the program, as the amounts validated will indicate. The complete list of those participating and the amounts each validated during the month of July follow:—

Audio Center, 10 cents; Camera Center, \$30.70; Doubleday, \$10.96; Hickey's, \$9.40; Himelhoch, \$85.25; Jacobson's Store, \$368.95; Jacobson Beauty Shop, \$289.15; Jacobson Home Decorative, \$109.90; Jacobson Tea Room, \$38.65; National Bank of Detroit, \$138.95; Peter Pan, \$2.65; S. Stein, \$6.95; Walton Pierce, \$12.75; York Jewelers, 80 cents.

This adds up to a grand total of \$1,098.15 which these merchants paid to the City during July for their customers' free parking. It would be nice if the customers would take time to thank the shopkeepers for this courtesy.

**Maxwell Heads Yule Seal Sale**

Major League baseball has joined the Michigan tuberculosis combat team.

It was announced that Charles "Paw Paw" Maxwell, popular left fielder for the Detroit Tigers, will head the 53rd annual Christmas Seal campaign which opens November 18.

An announcement from Dr. C. J. Stringer, president of the Michigan Tuberculosis Association, said that although Maxwell won't swing into the full heat of the campaign until the end of the baseball season, he will be introduced officially Sept. 22 at the annual MTA meeting at Kellogg Center on the MSU campus in East Lansing.

Mr. Maxwell adds the exact touch we need for this important drive, Dr. Stringer said. "His popularity among young and old alike will add a new dimension to our efforts."

Christmas Seal sales have supported the activities of tuberculosis associations on state levels since 1907.

While no official quota or goal has been set for the 1959 drive, Dr. Stringer said he expects the campaign to raise \$950,000. Dr. Stringer, medical director of the Ingham County Chest Hospital, Lansing, emphasized the need for increased support of the MTA program.

"Last year," he said, "5,587 new cases of TB were reported in Michigan. This is an increase of 78 cases over the previous year's total. There are at this

A. PRYOR

Guest Columnist: Peg Cannon

We know a gal who is a real do-it-yourself addict (even the spiders who live in her basement, she says, are now antique white with gold trim!) Our friend is a fragile little flower and now and again she runs into a project requiring a man's strong brawny arm.

Such was the case recently when she could not screw the reupholstered seats back into the chair frames. She always hates to ask her husband for this kind of help because while he has an artist's skill with a martini, he is definitely not HANDY. In fact, he hasn't lifted a hammer in 20 years except in anger!

But ask him she did, and Unhandy Andy accepted the job with dignity and aplomb. He went at once to change into his "work" clothes (sparkling white sneakers and socks, immaculate ducks and Italian pullover) "Just leave everything to me," he remarked graciously as he sauntered into the dining room where the operation was to take place.

First our fastidious hero spread newspapers all over the floor, then turned on all the lights and laid out all the tools he could get his hands on in a neat row with the precision of a skilled neurological surgeon. Meanwhile, his wife's eyes were bugging right out of her head! All he needed was a screw driver!

Well, Andy upended all the chairs, seats down, on the dining room table, flexed his muscles, squared his jaws and set to work (Forceps! "Scalpel!") The screws nestled down neatly into their sockets and as our hero progressed from chair to chair, a glow of pride in his accomplishment suffused his cheeks. Finally, a good job well done, he flicked an imaginary speck of dust from his sleeve and prepared to admire his handiwork. But curiously enough, the first chair stuck to the table top! And so did the second and the third, etc., etc.! Luckless Andy had meticulously and symmetrically screwed all the chairs to the top of the dining room table!

Incidentally, we can personally vouch for the validity of this story—just take a look in our dining room!

This does not seem to be the week for husbands... A local young executive had been asked several times by his wife to exchange the burned out light bulbs at the Edison place which he passed each morning on his way to work. Finally, one bright morning the wife got that LOOK in her eye and said "PLEASE, Henry, they're in that brown paper bag on the kitchen table." Henry grunted his teeth, murmured a few words under his breath, (late again), grabbed the bag and away he dashed to the Edison place.

After circling the block a few times he found a parking place and hurried up to the desk where bulbs are exchanged. At last it was his turn and he upended the paper bag into the chute to discover his hideous error. Out poured the family garbage!

The ensuing scramble, apologies, etc., consumed so much time that by the time he was able to get back to his car, our alert protectors had preceded him and left a parking ticket, courtesy of G. P. Police Department!

But probably the most worried little guy in town is a four-year-old who has watched his big brother competing in swimming races all summer. You know how the starter gets them off "Swimmers ready?" Bang! And he shoots the starting gun. Big brother did not win any races so he is in training for next summer. As he set off for the lake the other day little brother murmured solemnly: "If he don't swim, that man will shoot him."

**Club to Hear Famed Umpire**

Tuesday noon, September 15, is the date for the kick-off luncheon for the newly formed Grosse Pointe Retired Men's Club at the Grosse Pointe War Memorial.

Nicholas L. "Red" Jones will be the featured guest on the program. Retired after 14 years umpiring in the American League, "Red" Jones has a wealth of anecdotes and baseball lore with which to entertain the group. A North Carolina "Tar Heel" by birth, Mr. Jones umpired in the South Atlantic League and Southern Association before his career in the American League. He has participated in some of the most exciting pages of baseball history and knows intimately its most colorful characters.

"Red" Jones is far from a tacturn umpire when before a group. He is one of the most congenial and interesting of raconteurs.

The Senior Men's Club of Grosse Pointe, already 40 strong, hopes to double its number at this kick-off luncheon; at 12:30 o'clock. Reservations, a \$1.75 plus tax are requested by Friday, September 11. Call Ed Gehrig, VA. 2-6614, or Gene Hoelze, TU 2-9545.

The guiding committee for the Retired Men's Club includes: Messrs. Ed Gehrig, Gene Hoelze, Harold Merrill, Arthur Dannacher, Walter Wakeman, Harry Hogan and

Sam Shenefield. Next on the docket for an October 13 meeting is Detroit Chamber of Commerce Secretary, Harvey Campbell.

All retired Grosse Pointe men are cordially invited to come down to the Memorial Center at noon on Tuesday, September 15, and become a part of the group.

Now, thanks to medical research we have powerful drugs which have drastically reduced the death rate among lung patients. Effective medications are important to your health. When you're ill, they can mean the difference between pain and comfort . . . between life and death. So, don't rely on home remedies. Let your physician decide what medications will be best for you. **What Goes On at Your Library**

by Jean Taylor

Back from a holiday in the sticks, we despair that we'll ever catch up with the books that are being spewed faster and faster from the printing presses. What is being read these days? To answer this question, we made the rounds of our staff, pencil in hand, to discover which current books had caught each personal fancy.

Helen Finster found the "Snared Nightingale" by Geoffrey Trease, lively and entertaining. Written with tongue in cheek, this is not a historical novel but an action-filled spoof of the days of chivalry.

Melitta Roemer tells us she has enjoyed "Celia Garth" by Gwen Bristow as much as anything she has read in a long time. This is an excellent historical novel of Charleston in the last years of the revolution. Miss Roemer also found "The Chinese Box" by Katherine Eyre, a story of San Francisco in the 1880's, good light summer reading.

Joyce McCormick thought "Mountolive" by Lawrence Durrell, "a fascinating, complex colorful novel." The third in the author's tetralogy, this is laid in Alexandria in the 1930's, and from the point of view of plot is more exciting and has a more general appeal than the two earlier books "Justine" and "Balthazar." It may be enjoyed independently of the others.

Mrs. McCormick was also enthusiastic about May Sarton's autobiography "I Knew a Phoenix" in which she writes with wisdom and discernment of her own and her parents' lives, and "Dear Friends and Darling Romans" by May Chamberlain, an intimate and amusing account of a young American woman's trip to Rome which culminated in a love affair with that city.

Recently returned from Florida, Evaline Schunk spoke with warmth of "Alas Babylon" by Pat Frank, which has its backdrop, Orlando and the Cape area. This is a frighteningly credible story of what could happen to a group of ordinary people in the event of a nuclear attack. There is a librarian in the story, and Mrs. Schunk tells us that the author, whom she met in Orlando, has a soft spot in his heart for all librarians, but especially for those in Florida libraries with no air conditioning.

Gerda Bieltz selected two widely different books for her current favorites: Paul Gall-co's "Ludmila," a legend from the Alpine country of Liechtenstein, which shows a sympathetic understanding of the mountain people, and "The Foresaken Army" by Gerlach Heinrich, a gripping novel of the siege of Stalingrad in Russia, written by one of the few survivors of the sixth German army.

With the addition of a canine member to her household, Virginia Leonard has been buried deep in books on the care and training of puppies. She has managed, however, to sandwich in "Brown Girl, Brownstones" by Paul Marchall, a well written novel, laid in Brooklyn and centering about a young Negro girl from the Barbados, and "Sweetbread" by Michelle Maurois, a book of short stories with why satire.

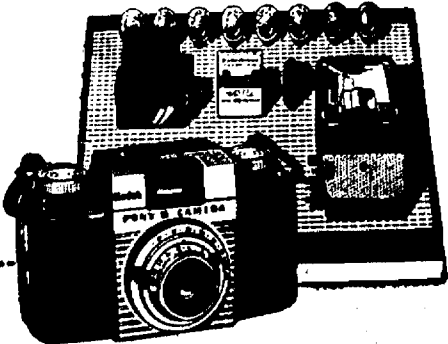

Betty Seifert, Librarian of the Park Branch, recommended Allen Drury's "Advise and Consent" and "The Light Infantry Ball" by Hamilton Basso. Mr. Drury has taken his title from the Constitution, "The senate shall advise and consent to the Presidential nominations for the cabinet." The hero is the senior senator from Michigan, and the novel takes you behind the scenes in our nation's capitol. In "The Light Infantry Ball" you meet the same family first encountered in "View from Pompey's Head." The setting is the Civil War period in South Carolina.

For those who wish to manage their own investments and learn the various approaches to possible profits in the stock market, Jim Dodd, Librarian of the Woods Branch, suggests "The Sophisticated Investor" by Burton Crane and "A Primer for Profit in the Stock Market" by Harry Kahn. Mr. Crane's book is designed to interest the investor with only a few thousand dollars or a bond trader with a sizeable roll. Harry Kahn states that you can make money in the market without becoming a full time student or taking dangerous risks. He aims to show the reader how.

The residents of Stanhope, north side against south side, engaged in a softball game on Sunday, August 23. The reporter was so enthusiastic about the spirit which permeated the whole affair that he forgot which side won. From the faces in the picture, it

must have been a draw. It is said the ladies got so steamed up they have challenged each other for a game next year. Thirty families were represented and rounded up the friendly rivalry with a very successful picnic.

Austin to Have Science Library

Science education will be given additional emphasis during the current year at Austin Catholic Prep School.

Austin's application for participation in the Traveling High School Science Library Program has been accepted by the American Association for the Advancement of Science.

According to the Rev. Richard J. Preston, O.S.A., school Librarian, a set of 200 outstanding, evaluated, up-to-date books in the sciences and mathematics will circulate to the school library from Washington, D.C.

All branches of science will be covered and the reading level will range from books the brilliant junior high student will find interesting to some that will give the outstanding high school senior a taste of advanced work. The collection is valued at more than \$1,100.

The idea for this experimental program, aimed at interesting more students in scientific and technical careers, originated with the National Science Foundation, an agency of the Federal Government established in 1950 "to promote the progress of science." The AAAS was requested to administer the program. The AAAS was organized in

1848 and is the oldest national scientific society. It is a federation of 279 scientific and professional societies and has over 56,000 individual members.

It accepted the NSF grant, and in 1955 selected and administered the first library of 150 books which circulated to 66 schools. From this modest beginning the program has expanded until during the 1959-60 school year the library will go to about 1,700 schools in

every state in the Union, the American Community School of Paris (France), and to U.S. Army, Navy and Air Force dependents' schools throughout the world.

I am everybody. I am everybody who lives in my town.

A town is made of many things but mostly a town is made of people. A town is made by people, mostly by the people who live there.

A town grows and prospers or it declines, because of many things. Sometimes because of things beyond the control of the people who live there. But more often because of the activities of these people—what they do and say about their town.

There are no finer people than the people who live in my town. I believe in them and I believe in my town.

This town is mine. To me it is the greatest town in the world. It deserves and will get the best I can give to make it so. It deserves and will get a good word from me always.

### Freak Squall Belts Fleet In GPYC's Annual Regatta

A short-lived freak squall belted the 144 sail boat fleet in the Grosse Pointe Yacht Club's 30th annual regatta last Saturday, August 29, and capsized many of the smaller boats on the last leg of the tripartite course.

The squall hit with such suddenness and ferocity that many of the smaller boats were seen wallowing in the choppy sea as they attempted to haul down sails and set anchors. Some of the larger yachts experienced some exciting moments as their crews scrambled to douse spinners and big genoa jibs as they raced into the second mark.

#### Start on Mirror

At the start of the regatta the fleet practically drifted on a mirror-like lake in easterly zephyrs. Because of this the judges smartly shortened the scheduled courses, announced in the program prior to the first gun. The light going prevailed until most of the 21 classes rounded the weather mark.

At this point most skippers were so engrossed with keeping steerage way that they did not notice the storm brewing in the northeast until the breeze shifted to that quarter. With the wind shift calling their attention to the black clouds most of the sailors prepared for wind and rain. But just as suddenly the wind shifted to the southwest and in a matter of minutes increased to 25 to 30 miles an hour and whipped Lake St. Clair into a thing of moderate fury and blew the storm clouds away.

Little boat skippers could be seen scrambling to douse spinners and hoist smaller sails. Some dropped anchor to ride out the storm. The more daring elected to keep going in an effort to reach the safety of the host club harbor where the finish line was set. Some made it and some didn't as the whistling wind flipped the little center-board boats, who were rescued by the patrol boats and towed by the harbor after the squall had passed through.

#### Big Boats Loved It

The bigger cruising type boats reveled in the rough going and danced across the finish line in what seemed like a never ending parade.

The squall dissipated as quickly as it had appeared and the tailenders experienced light going "on the nose" as the judges patiently waited for them to finish.

The storm lasted for only about 30 minutes but it was a wild 30 minutes for the majority of the fleet.

An oddity occurred in the Cruising A class and the judges were at a loss to make a ruling. John Warnke's controversial yacht "Great Lakes", flying the GPYC colors, sailed past the weather mark of "course 8" on the wrong side, and was well on her way to the "course 9" marker. At this point skipper Warnke used his ship-to-shore telephone and contacted one of the patrol boats stationed at "course 8" weather mark and complained that the sailing of the "A" boats were resting the wrong course.

#### Had Misread Number

Warnke had misread the course number on the judges' boat at the start. A member of the patrol boat crew contacted the judges and learned that the "A" boats were supposed to sail "course 8". He then took it upon himself to race out to the "Great Lakes" and inform Warnke of his mistake. Warnke immediately came about, retraced his course and rounded "course 8" marker properly—but in so doing interfered with Toot Gmeiner's "Apache" who was riding in second place behind Clarence Baker's "Last Straw".

It was the contention of one of the "A" skippers that "no one on a patrol boat has the right to instruct a contestant after the 10-minute warning gun prior to the race start. To do this is to violate one of the rules in the management of a regatta." Many of the judges felt the patrol boat crew erred. But because this type of incident is not covered in the race program or the North American Yacht Club Racing Union, no action against "Great Lakes" was taken.

### Boat Banter

How many times have you sailed your boat right up to the "cans" marking the dumping ground in Lake St. Clair, on the Canadian side of the shipping channel, and then "chicken out" because you didn't know the exact depth of the water?

Also have you often wondered what makes the huge iceberg in Lake St. Clair in the winter time?

Jack Grenard, effervescent editor of the new Detroit Yachtsman magazine came up with the answers to both questions recently. According to information obtained from the U.S. Lakes Survey, the Army Agency which produces charts of the Great Lakes, the "controlling depth is five feet."

That means if your boat doesn't draw more than five feet you can safely sail across. That is except for one spot—the "dumping ground island."

This "island" is located just inside the dumping ground, off channel buoys 14 and 16 and between dumping ground buoys 4 and 6. It is this little "island" that creates the iceberg Grosse Pointers have become accustomed to seeing from each winter. The "island" is just below the surface and can easily be spotted if a small sea is running as it resembles a reef which the waves break over. Calm water presents a problem as the "island" can't be detected except when the water is extremely low and then it sticks its head above the surface.

Charts prior to 1957 showed this little speck of land but when the survey, of the dumping ground was made that year the survey ship's crew missed it and it has not been marked on the charts since that time.

Because many yachtsmen have run aground on the "island" or damaged propellers, Grenard inspected the area and called the "island's" presence to the Survey office. They too found it and all charts printed after this year will have the "island" marked. In the meantime all 1959 charts number 42 will be "hand marked" to correct the error.

Our thanks to Jack Grenard for sending along this bit of valuable information. Truthfully, we knew the "island" was there because we saw Toot Gmeiner put his New York 32 sloop "Apache" on it, but good, a couple of years ago. It took the Coast Guard nearly three hours to get the 45 foot sloop back into deep water.

According to Bruce Conlan, Bayview race chairman, the Bayview Long Distance Night Race will not be sailed AROUND the Thames River lighted buoy. He will have a patrol boat equipped with a flashing red light anchored in the vicinity of the Thames River but well off shore so that the yachts will have deep water in which to navigate. The race will be held Saturday, September 19, and will start late in the afternoon near the Lake St. Clair lower range light.

We lost one of our sailors last week. Ward Detwiler succumbed to his injuries suffered in a swimming accident on August 20. Services were conducted at Christ Church, Monday, August 31, and internment was in Woodlawn Cemetery.

John Bremer has presented his brother Bill with a problem since he bought a Folkboat sloop. John has been crewing for his brother on the Pilot sloop Balquhider for the past four years and just last week helped bring the yacht in third in Class C in the Grosse Pointe Club regatta. But now he plans to sell his own boat in the remaining regatta. This wouldn't normally present a problem for a skipper—but Bill's son Mike will be leaving for Albion College before the Detroit Yacht Club Sweepstakes regatta thus shortening the crew by two. Bill has a problem—Mr. Anthony.

### Power Squadron To Offer Class

Commander George Funk-AP-6, announces that the Grosse Pointe Power Squadron will again conduct its free Boat Handling class at the Grosse Pointe High School.

The classes will be held each Monday evening from 7:30 to 9:30 o'clock beginning September 14. The classes, which will be held in the Old Country Day Section of the High School, are conducted in full cooperation with Forrest Geary, Director of Adult Education for the Grosse Pointe School System.

The great rise in the popularity of boating makes it imperative that new boat operators know something of the rudiments of safe boat operation.

The course teaches such subjects as Safety Afloat, Rules of the Road, Seamanship, Aids to Navigation, The Mariner's Compass and Charts and Piloting.

The course is under the supervision of Lieutenant Albert B. Blixt, AP. The course is entirely free with the exception of the textbook, purchase of which is optional.

### STOLEN CAR FOUND

Park Patrolman Charles Coonce on routine motorcycle patrol on August 26 spotted a stolen car parked in front of 1263 Berkshire, The car, a 1954 Ford, had been stolen in Detroit on August 25 and was turned over to Detroit police.

### DRIVER POSTS BOND

Kenneth D. Schwartz of 227 Philip, Detroit, was arrested by Shore police for violating the State Drive Motor law while driving on Lake Shore road on Sunday, August 30. He posted a bond of \$150 pending a court date.

### National Raven Sail Title Won by Bayview Skipper

Al Bortolotti became the King of the Raven sailors when he captured the tenth annual Raven National championships held at Cleveland Yacht Club, August 25, 26, 27.

It marked the first time a sailor from the Midwest had ever gained the honor. Last year Bortolotti came within an eyelash of winning the title at Noroton, Conn., when he finished second by a point in the shortened 1958 series.

Consistent sailing by Al's brilliant red "Nauti-gal" outdistanced the rest of the 26 boat fleet in the five race series. Bortolotti had finishes of 1-2-3-3-5 for 126 1/2 points which was just a shade better than second place Timothea Schneider, the only girl skipper in the series, who sails under the colors of the Seawanhaka Corinthian Yacht Club.

Timmie found the going rough in only the first race when she finished twelfth. But after that bad start she was the best sailor of the bunch. She captured three firsts and a second in the remaining four races to annex 123 1/2 points. Timmie is a sophomore at the University of Michigan where she is majoring in marine architecture.

**Boyd Benkert Third**

Third place went to Boyd Benkert of Bayview, Y.C. former National president and Midwest champion, who experienced trouble in the third race with a twelfth place finish which dropped him out of contention for the title, but a fine recovery in the final two races gave him 116 points for third place.

Bob Sellers of Bayview, sailing in his first Raven National, captured the First Challenge trophy when he beat out another Bayview sailor, Pete Kremlich, for fourth place with 105 points. Kremlich notched

103 points and was sailing in his first national. Throughout the first three races the title was up for grabs between Bortolotti, Schneider and Dean Lewis, of the Marblehead Yacht Club. In the fourth race Lewis was disqualified when he fouled Sellers in a jibbing duel near the finish line. This left Bortolotti and Schneider to battle it out in the final race for the crown.

**Gal Outfoxes Him**

The last race actually turned out to be a match between the two leaders. Timmie outfoxed Al at the start and moved into second place behind Lewis who redeemed himself by winning the final race.

The first time around the triangular course Timmie was well up front while Bortolotti was way back in the pack, and it appeared the Ravens would have a Queen instead of a King for 1959. But on the second weather leg the second time around Bortolotti's "Nauti-gal" began to move and passed enough boats to take fifth place which assured the midwesterners the title.

With the National title all wrapped up, Bortolotti and his crew of Peter Goebel, John Pappas and Kevin O'Reilly will be shooting for the Midwest title which will be sailed in conjunction with the Detroit Raven Association's annual Fall series on Lake St. Clair.

If Bortolotti can win both he will give him a clean sweep for 1959. He won the Spring series and wrapped up the Detroit River Yachting Association championship with his victory in the Grosse Pointe Yacht Club regatta last Saturday.

### Mothers' March Proves Success

The tremendous success of the Emergency Mothers' March on Polio, which reached a total of \$165,000 in Wayne County with several communities and neighborhoods not reported, brought praise from Anne Campbell Stark, chairman of volunteers for the chapter. "I'm tempted," she said, "to paraphrase the well known lines on our postmen: Neither snow nor rain nor heat nor gloom of night stay these devoted volunteers from the swift completion of their appointed rounds. January saw the worst snow and rain and ice we've encountered in many years and now, for the emergency campaign, we have the heat. The gloom of night is always our best time, it seems."

The public. Without them we could not conduct a campaign at all," she said. "Now we can continue our unique service program for polio patients. "With so many persons away on vacation, we feel that the success of the Emergency Mothers' March is very gratifying. If your house was not visited or if you have not returned the envelope you received from the March of Dimes, please send your contribution today to 153 E. Elizabeth Street, Detroit 1. Every penny raised in this campaign remains here in Wayne County to pay the bills for polio patients."

Mrs. Stark expressed her warmest thanks to the volunteers who conducted the Mothers' March, and to the people of Wayne County whose support of the March of Dimes has never failed.

"Our thanks also to the newspapers, radio and TV stations for the important work they do in telling the facts to

**Launch Drive In Symphony**

One hundred fifty of the city's most dedicated aids, a vanguard of Women's Association for the Detroit Symphony, met for lunch Monday in Ford Auditorium to launch the most ambitious season ticket drive ever planned for the orchestra.

Under the chairmanship of Mrs. Bogdan Baynert, the committee will keep five Symphony telephones busy day and night for the next five weeks offering series tickets for the orchestra's sparkling 1959-60 season which opens October 8.

Before that date the workers will have talked with more than 9,000 potential subscribers offering savings up to 25 per cent on season tickets for the orchestra's 20 concert Thursday evening series, five concert Friday matinee series, and the brand new eight concert Saturday evening series.

Leonard P. Reaume was the keynote speaker at the meeting that followed a luncheon in the hall. Allen G. Barry, symphony president, outlined the importance of the committee's task to the future of the orchestra. Nearly 3,000 seats must be sold for the symphony's new streamlined Saturday night series.

**Neat Burglar Out for Cash**

The invader who broke into the home of Dr. Lambert P. Rahm, 1046 Audubon, on Tuesday, August 25, left no doubt that he was a professional burglar, according to Park Police Chief Arthur Louwers.

The chief said that the thief conducted a thorough, but neat search of the Rahm house, leaving no evidence of his visit other than the fact that he took some money from a cash box.

Taken, said Chief Louwers, were 20 silver dollars and about \$30 in rolled pennies. It appeared that nothing else had been taken, he added.

The chief said that the thief entered the house between 7:45 a.m. and 5:30 p.m. Entrance was gained by breaking the glass of the rear door leading to the basement, he said.

**Police Arrest Young Prowlers**

Woods police arrested two juvenile prowlers in the early morning hours of Wednesday, August 26.

A report that three persons were prowling at 966 Hidden lane was received at 3:06 a.m. and another report was received at 3:58 a.m. from 725 Hawthorne. At 4:37 a.m. they were spotted at 539 Roslyn, but eluded a police chase.

Later they were discovered walking on Country Club with muddy shoes and bloodshot eyes. They named the third person and confessed to their adventure.

They had been stopped by Shores police at 10 p.m. the previous evening, questioned and released. Woods police impounded a 1953 Plymouth belonging to one of the boys.

Each lad had told his parents that he was going to sleep at another's home.

**Kidney patients say . . .**

**"It tastes too good to be true!"**

A delightful, natural way to help relieve **KIDNEY-BLADDER DISCOMFORT!**

You see, Mountain Valley Water has been "enjoyed" by thousands of kidney-bladder sufferers for over 76 years . . . enjoyed for its light, refreshing taste, for the relief from pain and irritation it helps bring. It is truly nature's perfect water "produced" by the famous spring at Hot Springs, Ark. Non-filling and non-irritative, Mountain Valley never causes after-effects or stomach upset. And users say it tastes so good it's a pleasure drinking the 6 to 8 glasses-a-day recommended.

Many, many physicians testify to the value of MOUNTAIN VALLEY WATER as adjunctive therapy for the improved kidney action that so often results in relief from kidney-bladder discomforts. They say, in effect, "Mountain Valley tends to regulate kidney action" . . . and equally important, patients ENJOY drinking it!

As one doctor put it, "Mountain Valley Water would not do anybody any harm. It would do an awful lot of good." Still other doctors attest to its beneficial diuretic effect, the way it flushes kidneys and regulates their action in both sluggish and over-active conditions. Why not ask your own doctor? Also, why not ask your neighbor right here in Grosse Pointe? Someone very near to you, you may be sure, drinks only Mountain Valley water . . . delicious Mountain Valley water!

### From Another Pointe of View

By Patricia Talbot

Four can live as cheaply as one in the Canary Islands and the George Trues, former Pointers, have proved it. Mrs. True has written an entertaining book, "You Can Live Cheaply in the Canaries," telling of her experiences.

Mr. True has been giving his fascinated relatives a first hand account of the Canaries this past week. He is staying with Mrs. Heinrich A. Pickett, of the Hibbard Apartments, and has been honored by the Henry L.H. Russels, of Nottingham road, and the Frank E. Werneckens, of McKinley avenue.

The Trues with son, Barry, and daughter, Sally, set sail for the Canaries some six years ago and have had a merry time ever since. Chief export of the Spanish owned islands, which used to be a port of call for all the old sailing ships across the Atlantic, is bananas, but all tropical foods are available practically for the picking.

Barry True has been studying in Switzerland and his sister went to Oxford University so the family has become very continental since taking up residence in the Canaries. Mrs. True's book came out last spring to the delight of her Pointe friends compiling summer book lists.

### Welcome to the Traveler

Around the world in 80 days went the guests at Bob Gillette's party last Friday evening in the East Jefferson avenue home of his parents, the Leslie Gillettes.

The sixth of six host greeted his friends in a fetching Little Lord Fauntleroy costume, but all the countries of the world were represented among the thirty or so dancers. Frank Donovan, Jr., recently returned from Europe, and soon off to Yale, was the honored guest.

David Easton, who returned from California Thursday evening, brought with him Madison Morrison, his house guest from Chicago. David went as a Mississippi gambler, Madison as an Indian fakir. Janet Easton, in laundry basket and attached balloons represented the world traveler. Her parents, Sir James and Lady Easton had quite a time painting the balloons with aluminum paint to represent helium.

### On the Aisle This Fall

Sir James and Lady Easton were guests at the dinner party given last week at the Boat Club by the John Denlers, who also entertained the John Benfield's (she's just back from North Carolina), and the William Terneses.

Mrs. Denler will have the Wendy Hiller award-winning play, "Fine Arts" coming production of "Separate Tables," due for October 8-9-10. Mrs. Bernard Pearce has the glamorous Rita Hayworth part in this box office favorite.

On Monday the Ibox play committee met at the Denlers' to choose their production for the year. The talented Mrs. D. is drama chairman of the group.

### College Dance Set for Friday

"Grosse Pointe Goes to College" will be the theme this year for the annual College Send-Off dance to be held at the Grosse Pointe War Memorial Center the evening of Friday, September 11, from 9 to 12 o'clock. All the Grosse Pointe college crowd is cordially invited.

It will be strictly a couples affair, the dress being suits for the boys and dressy cottons or light wools for the girls, depending on the weather. A two-dollar admission covers orchestra dancing, entertainment and refreshments.

Co-chairmen for this gala affair are Nancy Ruby (Cornell) and Bill Gleason (U. of M.). Lisa Robinson and Diane McAlpine of Michigan State are in charge of the decorations. Bill Selmeier (U. of M.) and Dave Rell (Amherst) are handling the publicity. Julie Rueggeger (Alma) Carol Murphy and Polly Walker of U. of M. are arranging refreshments and Kay Kerr, U. of M., is inviting the chaperones.

Many former high school teachers are being invited as special guests of the young people for this evening. It is sincerely hoped that they will attend because it may be the last time that students and teachers will see each other and it promises to be a pleasant event for both.

Decorations will follow the theme of "Grosse Pointe Goes to College" with Francis nestled next to the Pretzel Ball, the High School bleachers next to the Michigan Bowl and the High School parking lot adjacent to Harvard Yard.

Indoors or outdoors dancing to smooth music holding hands for the last time, or reviewing the summer and comparing school schedules for the winter it will be a fun evening for all—a night to remember.

The Union's whirlwind, 21-day tour took the Sanfords to France, Monaco, Italy, Switzerland, Germany, Belgium, Holland and England. Some of the really stunning pictures are scenes in the Alps

taken from the plane, and of Vesuvius. Also really fascinating are the pictures of tulip leis and the tulip arrangements at festival time in Holland.

All in all the Sanfords' evening promises to be a wonderful opening to this season's monthly "Meet The Travellers" series. It's sure to be a full house so guests are advised to come early.

For the ceremony and the reception at Lochmoor Mrs. Sanders wore a beige lace gown. Mrs. Hoffman was in blue lace.

Following a trip through the Upper Peninsula, Wisconsin and Illinois the newlyweds will make their home in Pittsfield Village, Ann Arbor.

## Annual Regatta Held at GPYC

Grosse Pointe Yacht Club's 30th annual sailing regatta last Saturday, August 29, kept continuous activity going all day until after midnight, with ever so much enjoyment for regatta officials and sailors, and GPYC members in general.

The club was a colorful scene throughout — in early hours, members in shorts and sports shirts watched the regatta get away and relaxed on the lawns for news of progress. It was slow at first, but then a shift in the wind brought all the 160 participating yachts back in by midafternoon.

Visiting commodores of the area's yacht and boat clubs who made up the honorary judges, regatta judges and timers were in yachting dress—blue jackets, white flannel trousers and white caps. At 5 o'clock they and their wives were honored at a cocktail party in the club's Lake Shore Room, and a following dinner in the Commodores Room.

GPYC's Com. and Mrs. Robert F. Weber, Yachting Chairman Robert B. Wood and Mrs. Wood, Vice Com. and Mrs. William A. Ternes and Rear Com. and Mrs. John R. Wilt headed the receiving line. Mrs. Weber was in a slim cocktail dress of rose-colored linen, and Mrs. Wood in a stunning combination of black skirt and white embroidered bodice featuring short lantern-like sleeves (very pretty she looked, too). Mrs. Ternes was in palest yellow linen appliqued with bands of matching lace.

So many things going on and all so kaleidoscopic—as yachtsmen hurried about, the Gormel-Pethick wedding reception was going on. Gay-funale of this event was showering the bridal pair with fine paper rose petals, leaving heaps of the pretty petals in corridor and on outdoor steps as the couple dashed away.

Noted at the cocktail party for the regatta officials were George C. Cossaboom, chairman of judges and timers, and Mrs. Cossaboom as they chatted back

and forth with Com. and Mrs. Kenneth Leipprandt, (she was in pale pink linen), Com. and Mrs. Bradford Fyle, Com. and Mrs. Wilbur Smale, Com. and Mrs. Robert Benkert.

A few others were the Lee Radkes (her summery cocktail frock was white with allover design of fascinating big blue carnations), Dr. and Mrs. Clifford Loranger, Mr. and Mrs. Aaron Evans, Mr. and Mrs. R.F. Kolowich, Mr. and Mrs. Fred J. Somes Jr.

Also noted was the arrival of the Walter S. Clarks—they had brought their week-end house guests for festive dinner and dancing in the main dining room, and this was a prelude to their twenty-fifth wedding anniversary Sunday when they were to entertain some 50 guests at a cocktail party in their N. Deeplands road home.

In their dinner group at GPYC were Mr. and Mrs. Max Schreier of Tulsa, Okla.; the William Addisons of Chicago; Hall Stackpole of St. Marys, Pa., and Miss Laura Spurr of Rochester, N.Y.

Staged in the ballroom was a gala buffet dinner for the sailors and their ladies. Glimpsed in the throng during the 9 p.m. presentation of awards were Daniel Wells, his son and daughter-in-law, Mr. and Mrs. Daniel L. Wells, and their son, David; the Kenneth Rasmusens, the Richard Holloways, Fred Smith, and Dr. and Mrs. Clarence Maguire.

Then there was a dance until 1 a.m., and again there was the shifting of the colorful scene as gallant sailors and their pretty ladies trekked back and forth from ballroom to the cool lawns overlooking the lake.

The club will be open for a festive Labor Day celebration.

### RUSHED TO HOSPITAL

Violetta Passarelli, 2111 Hollywood was taken to St. John hospital on Wednesday, August 26, after suffering a gall bladder attack.

## Stephens Grads Hold Brunch

New and returning Stephens College students and their mothers were honored guests at a brunch held Sunday, August 30. The East side students met and renewed friendships with the members of the Detroit Lake Shore Stephens Alumnae Club in the home of Mr. and Mrs. Verle E. Ryan, of Moross road.

Greeting the guests, among whom were Carol Banker, Mrs. Fred W. Banker, Judith Huebenthal, and Mrs. T. W. Hubenthal and Margaret Ann Nigro and her mother Mrs. Ray Nigro, were chairman Mrs. J. E. Danta, and Mrs. Frank Ogan, daughter of the Ryons and member of the executive board of the club.

Garden flowers and green and

white tablecloths added gay notes to the small tables on the terrace where the club's officers, Mrs. T. E. Coulter, Mrs. Robert Knapp, Mrs. L. Veldman, and Mrs. W. W. Lee assisted the hostesses at the buffet table.

It was announced that the first meeting of the year will be held October 12 in the home of Mrs. Danta, of St. Clair Shores. Mrs. F. W. Leist will be co-hostess.

Parents naturally want their children to have the best of everything, and that includes shoes, too. Here, parents know that their children's shoes will be correct... and properly fitted! Right now, Hack has a splendid selection of children's shoes for school, dress or play—all one quality—the very best.

### Dr. Eugene Bahn Off for Greece

Dr. Eugene Bahn, who lived at 1385 Grayton road, on leave from his position as Chairman of the Graduate Committee of the Department of Speech and Professor of Speech at Wayne State University in Detroit, sailed for Europe August 12 aboard the Queen Elizabeth. He is on his way to Thessaloniki, Greece where he will be Dean of Boys and Head of the English Department at Anatolia College.

Dr. Bahn served six years in Germany with the U.S. Department of State and the Military Government as educational advisor for the universities in Hesse-Marburg and Gieslen. He was educated at the University of Wisconsin, from which he received both his B.A. and Ph.D. degrees. He has taught at the Universities of Iowa, Colgate, Ohio State and Wisconsin, and Marburg University in Germany.

Prior to his service with the Department of State, Dr. Bahn was with the American Red Cross in Europe, serving in Cambridge and London and acting as its official historian at the end of the war.

The new Dean of Anatolia College has lectured frequently, both in this country and abroad, on subjects related to dramatic literature. He has contributed numerous articles to such publications as the *Players Magazine*, the *Quarterly Journal of Speech*, the *Educational Theatre Journal*, and *European Journals*. He was the editor of one of the first anthologies of soldier verse, published in England in 1945 under the title "Yanks in Britain."

Dr. Bahn will be joined by Mrs. Bahn, the former Margaret Linton, of Scotland in Europe and they will make their way to Greece via Venice and Yugoslavia.

The College to which Dr. Bahn has been appointed is an American-sponsored school founded in 1886. It enrolls 619 boys and girls in Greece who study the standard liberal arts subjects as well as practical courses in an atmosphere that is both bi-national and bilingual. The goal of the College and of the many American friends who support it is to enable young Greeks of varied backgrounds to obtain an education that will enable them to make a substantial contribution to the economic, political and educational development of their country.

### Giant Antique Show Planned for October

With the exception of two shows held in New York at the Coliseum and at Madison Square Gardens, the Antique Show scheduled for the Ford Auditorium in downtown Detroit's new Civic Center on October 1 through October 4, will be the largest show of its kind held in the United States this year.

This show is the brain-child of Ervin A. Steiner, Jr. of Touraine road, with 80 exhibits representing dealers from throughout the midwest, Massachusetts, New Hampshire, Vermont and Pennsylvania. Mr. Steiner offers Detroiters the opportunity to view or purchase antiques with a collective value of over one million dollars.

With a modest beginning last spring, Mr. Steiner has established himself in the antique field with his exhibit at the Ford Auditorium. The show was well attended and dramatically proved his imagination in selecting the ultra modern Ford Auditorium as a setting for antiques of all description.

The October show at the Ford Auditorium will be the forerunner to a series of shows Mr. Steiner intends to hold in other cities throughout Michigan and the Midwest. It is Mr. Steiner's belief that shows of this type will do much to acquaint the public with the wonders of the antique world, an opportunity for Detroiters of all ages to browse among some of the finest antiques in the country.

### Audubon Society Reveals Program

Memberships in the Detroit Audubon Society for the 1959-60 season are now open, according to the society's publicity chairman, Mrs. E. Malcolm Cutler.

Dual showings of Audubon Screen Tours are again scheduled, with a variety of field trips, informal evening programs, and the popular Nature Workshop, October 10.

Eight outstanding naturalist-photographers representing the National Audubon Society will present the film-lectures on Saturday evenings at 7 and 9 o'clock in the Rackham auditorium. These programs will be supplemented by free matinees for school children in November and April.

The lecture series will bring to Detroit the noted bird artist and field guide author, Roger Tory Peterson, with his motion picture on European wildlife refugees.

Olin Sewall Pettingill, Jr., who was sent to the Falkland Islands by Walt Disney to make a penguin documentary film, will show "The Faraway Falklands."

Wildlife of Venezuela is featured in Robert C. Herms' "The Ranch of the Purple Flowers," and beautiful British Columbia is the setting for C. P. Lyons' "The Right to Live."

"Motmots and Mayas" was filmed in Yucatan by Ernest P. Edwards. Walter C. Breckenridge will show "Island Treasure," the story of a tiny island in the Mississippi River.

"Land of the Sky Blue Waters" by Fran William Hall will open the series October 3. The closing lecture, May 7, 1960, brings William A. Anderson, with his dramatic motion picture, "Designs for Survival."

In formation regarding Audubon Screen Tours and all of the Detroit Audubon Society's activities is available from Mrs. Ann Boyes, Executive Secretary, 19164 Pennington drive, Detroit 21, UN 4-9243.

Ed Parr, president, and Mrs. Parr, and John Taylor, outgoing chairman, and Mrs. Taylor, received members, their wives and guests for a weekend of golf, swimming and bridge.

Highlighting the activities were a cocktail party and dinner followed by dancing.

Among the several Pointers who attended were:

Mr. and Mrs. Richard Duke, Mr. and Mrs. Milton Kalkalis, Mr. and Mrs. John G. Martin, Mr. and Mrs. Harry Jones, II, Mr. and Mrs. Don MacLaren and Mr. and Mrs. Peter D. Whitman.

### Submit Report On Park Fires

The Park fire department made 24 runs during July according to the department's monthly report.

They assisted six persons suffering from heart attacks, had one resuscitator call, two electrical fires, one poisoning call, and one false alarm.

There were 13 reports of wires down in the city.

### Detroit Garden Club To Have Center Show

Hostesses for the day will be Mrs. J. L. Bartsow and Mrs. Fred Kirkhill.

The first concern of education has always been to build character.

 frontier areas, Nehru told parliament, "There is no alternative but to defend our borders." He still hopes to settle the issue by negotiation. Communist Chinese troops, several hundred strong, attacked a border post this week, according to Nehru. They routed the defenders and seized sections of India's Northwest Frontier Agency south of Tibet. That is the area where the Dalai Lama, Tibet's god-king, crossed into exile in India after the Tibetan uprising against Red rule last spring.

THE MICHIGAN HOUSE REJECTED a Senate Republican plan for 7.5 million dollars additional business taxes. Friday night, to continue the dead-

lock in Lansing. Six Republicans and 24 Democrats were against the program which was designed to supplement a one cent use (sales) tax increase. Eighteen more votes were needed to pass the bill. However, the House then voted to reconsider its action. Governor Williams and the House Democrats said that the Senate plan would not supply sufficient funds to supplement the use tax.

TWO TOP AIDES of Teamster President James Hoffa, along with two other men, were charged, Friday, with coercing a former Detroit insurance man into selling two business firms worth \$2,150,000 for \$200,000. The two Hoffa aides were named as George S. Fitzgerald and Herbert L. Grosberg. The other two are Moe E. Wolfgang, husband of the secretary of the Hotel and Restaurant Workers Local 705 here and William E. Campbell, former general manager of an insurance agency and the Union Labor Service Inc., a bookkeeping service. The two suits were filed in Wayne County Circuit Court by Rene J. DeLorme.

Sunday, August 30  
 THE LEGISLATURE PASSED a 128.5 million dollar revenue program, Saturday night, based on the one cent sales tax increase. The passage of the bill broke the eight-month deadlock over the tax issue. Governor Williams is to sign the bill in time for the merchants to begin collecting the additional tax, Tuesday, September 1. Saturday evening, the six-member conference committee agreed on a 8.5 million dollar increase in business taxes, as a supplement for the sales tax. The new tax program is scheduled to go before the Supreme Court to test its legality.

THE SENATE-HOUSE CONFERENCE on the labor reform bill may come to an agreement Monday morning said Rep. Robert P. Griffin (R. Traverse City), Saturday. The Senate is scheduled to open a debate to instruct the conferees on how to vote on the remaining points of disagreement, if the conference does not arrive at the expected agreement. Griffin, one of the seven House conferees and co-author of the House bill, said that Sen. John Kennedy (D.

Mass) conceded a point, Friday night, "which puts a different look on the whole thing." "We have receded on the question of consumer picketing of a secondary employer," said Kennedy.

MRS. KHRUSHCHEV, daughter, Julia, and son, Sergei, will accompany the Soviet Premier to America in September, diplomatic sources announced Saturday. Since the visit is being arranged on a reciprocal basis, Mami and son John may accompany President Eisenhower to Russia later this year. Some U.S. officials have been impressed with Mrs. Khrushchev, believing her to have an open-minded interest in America.

Monday, August 31  
 TWO ESCAPEES of the Ypsilanti State Hospital, both teenagers, engaged State Police in a gun fight on the Detroit Industrial Expressway, Sunday night. One was captured and the other, who is thought to be seriously wounded, is being sought near Veterans hospital in the 40-acre Ford Woods near Dearborn. Robert Hawley, 18, called the more dangerous of the two, was captured. James L. Jackson, 16, escaped. Hawley had been judged criminally insane and was transferred a week ago to Ypsilanti from Ionia State hospital. The two, who were called walkaways from the mental institution, were traveling in a stolen car. The chase down the expressway lasted for five miles, until the escapees' car struck the overpass at Southfield.

HAMTRAMCK'S LITTLE LEAGUERS brought Michigan its first Little League world championship in the 13-history of the little world series. It was also the first time a Midwestern team had won. Led by pitcher (and slugger) Art Deras, 13, they defeated Auburn, Calif., 12 to 0. Saturday, in the game at Williamsport, Pa. That was the finale of the 14-day road trip. Hamtramck turned out to cheer its champs, Sunday afternoon, upon their victorious return to the city.

A UNIVERSITY OF MICHIGAN student, Cheng Guan Lim, was discovered Sunday in the eaves of the First Methodist Church where he had been hiding for four years. Not speaking to anyone or being seen, he had lived off food left over from church socials. His discovery came after complaints of prowlers were lodged by the couple living in the basement. They were hearing noises. Chheng's grades, in 1955, had not made the necessary two-point average. He went into hiding because "I didn't live up to what they expected of me. I think this is the worst thing a man can do. It makes him kind of a fraud."

 THE COUNTRY'S TRANSPORTATION system has been threatened with strikes of the Flight Engineers Union and 11 non-operating railway unions. If Pan American World Airways goes ahead with its plan to train so-called "third pilots" for jet airliners, the flight engineers will stage a walkout. These training classes were scheduled to begin last night, and the union had planned to take its men off the planes, Tuesday.

A TRUCE was called Monday night until the company officials and union representatives could get together in New York. The rail unions threatened to strike in November if the railroads do not agree to end the three year moratorium on general wage increases.

A DETROIT ATTORNEY, Charles C. Lockwood, plans to file suit challenging the legality of the four-cent sales tax. He is bringing suit both as an individual and as president of the Greater Detroit Consumers Council. Attorney General Paul L. Adams said that he will in-

tervene in the taxpayers suit. He has assigned three assistants to defend the one cent increase and three to argue that it is unconstitutional. A Supreme Court decision will take about six weeks.

PRESIDENT EISENHOWER appeared on TV in London Monday night, during which he chatted with British Prime Minister Harold Macmillan. The President made an open plea for peace and friendship to Russia and her leader Nikita Khrushchev. He closed the program with a word for the English: "God save your gracious Queen and all her people." The telecast was made from No. 10 Downing Street, the official quarters of Britain's Prime Ministers.

ONE BRITISH SAILOR jumped ship and two others escaped down the gangplank after an officer of the motorship Signeborg threw their case of beer overboard, Monday night. The three men referred to the officer as "Captain Queeg" of "The Caline Mutiny" fame. "I can work but not with Queeg standing over me," said one of the sailors. George Roberts and Joseph Hill were picked up by Detroit police after coming ashore. The third man, Joseph Edwards, was rescued from the Detroit river, nearly drowned, by William Adamek, Captain of the J. W. Wescott Co. mail boat.

LOS ANGELES DODGERS pitcher Sandy Koufax struck out 18 San Francisco Giants, during Monday night's game, tying the major league strike-out record set by Bob Feller of the Cleveland Indians on Oct. 2, 1938. Koufax's feat broke the National League strike-out record of 17 set by St. Louis Cardinal Dizzy Dean on July 30, 1933. The Dodgers won the game 5 to 2 and moved to within one game of the league-leading Giants, as the 1959 pennant race goes down to the wire.

### Church to Have Coop Nursery

Plans for the cooperative nursery school at the First English Evangelical Lutheran Church are progressing, but interested mothers are still needed before making any final plans. All mothers with children of three or four years of age are asked, if interested, to call Mrs. William Sellheim at TU 4-5512 or the church office at TU 4-1147. An organizational meeting will be held Thursday evening, September 10, at the church, Vernier and Wedgewood drive. "A cooperative nursery school can provide a pleasant first school experience for a child, bridging his jump from home to school," the sponsors of the school stated. "Through participation in the organization's activities, the actual nursery sessions and parent education meetings, cooperative nursery parents can grow in understanding of their own and other children."

when the POINTE was growing up...  
By Pat Talbot

(Editorial note: We are grateful to Monsignor Frank McPhillips, of St. Paul's on the lakeshore, for loaning us his copy of a doctoral thesis written by the Rev. George Harold Kerby, now of St. Stephens Church, in 1927, on the history of St. Paul's parish.)

A priest who marched with Stonewall Jackson's famous brigade was the first pastor of St. Paul's on the lakeshore when it was a small log hut on the Reno farm a few hundred feet north of Vernier road.

The Rev. Ghislens J. Bohema, a native of Belgium, born in 1803, came to the parish in 1834, a year after his ordination by the Bishop of Cincinnati. He also served St. Joseph's, St. Francis and St. Felicitas Churches, all small chapels along the banks of the lake. He visited the churches alternately, saying Mass at each once a month. He is recalled in the church directory as "a good, devoted and exemplary man."

He cared for the people of St. Paul's until 1842 when he left Detroit for the diocese of Natchez, Miss. During the Civil War he was a chaplain with Jackson's brigade, and worn out with marching in this famous Confederate Corps, he died in Ashland, Va., June 27, 1862.

The clergy of Detroit cared for St. Paul's from 1843-46, but in 1847 Father Peter Kinderkens came from St. Anne's in the city to direct the parish.

Miss Clemence La Fleur, aged ninety when Father Kerby interviewed her in 1927, remembers those early services. The French farmers in the area would walk barefoot along the muddy lake road carrying their shoes. Before Mass they washed their feet in the lake and put on their shoes before entering the crude chapel.

She also recalled the story of Mrs. Francis Van Antwerp, with whom she lived as a child, who worshipped at the church. Mrs. Van Antwerp came to the Pointe in 1805 following the fire which almost completely destroyed Detroit. There was no chapel by the lake then and worshippers gathered before a large crucifix for services. The twenty-foot high cross had been carved by an Indian.

During Father Kinderkens' pastorate, 1847-1856, the present church property was purchased. Bishop Lefevre bought four acres on the lake from Francis Frazard for \$200. The new building, built from local timber, was opened in 1850. It looked more like a home than a church, a square tower and cross being added to the building later.

So well built was this first church that it remained on the property, was used as a parish hall, until 1914. The present building was raised in 1889. The first Mass celebrated was the funeral of Father Elsen, who died before his parish began worshipping in the new Gothic church.

Mrs. James Harland never spends a penny. Quite literally this thrifty gal never gives out with a copper even when her purchase totals such an aggravating sum as \$1.01. She saves every one for her boys, Jay and David, and their tidy bank account.

Remember when Jack Armstrong, the All American boy, had a generation of radio-tuned children most devoted and admiring? The original star of this popular radio show is Charles Flynn, who with his family, has recently moved to the Pointe from his former home in New York. Mr. Flynn is now in advertising, his days of radio fame a memory.

Mrs. Bertram deHeus Atwood, wife of the new minister of Grosse Pointe Memorial Church, will arrive here just in time for the big barbecue dinner September 14. All reservations must be in by September 10, and there will be a great many, for the menu is extra special. The chairmen, Mr. and Mrs. Warren Pflaumer promise grilled steak, baked potatoes, salad and French bread, with home baked fruit pies as the climax. The Richard Stannys are in charge of the grills and the George Renauds and the William Champions are assisting with arrangements.

Mrs. Alvan Macauley, Jr., whose summer wardrobe was the admiration and envy of the Pointe's most chic, buys many of her couturier models in Spain, not Paris.

#### PILFERINGS

For every man who lives to be 85, there are seven women—but by that time it's too late.

Following a complaint from an angry husband that a telephone operator told him his new baby was a boy when it was really a girl, a London hospital placed this sign over its switchboard:  
"No sex must be given out over the phone."

After hiring the young man, the employer gave him a broom. "Your first job," he said, "will be to sweep out the office."  
"But," the youth protested, "I'm a college graduate."  
"Very well," replied the boss. "Hand me the broom and I'll show you how."

Mother to her young old son trying to make him eat his spinach—"Go on, dear, eat it. Pretend it's mud."

Here are some charming letters from a camper:  
Dear Mom, Our nature counselor says we can learn a lot about human nature from snakes. Your Loving Son.

Dear Mom, Please send me more comic books. The counselor finished the other ones. Your Loving Son.

Dear Mom, Today I saved Joey from drowning. Your Loving Son. P. S. I had to. I pushed him in.

PHILIP DAVID JURSEK, OF WEDGEWOOD DRIVE —Picture by Fred Runnells

From 19 miles an hour to 105 in 50 years is the exciting hydroplane record, and Philip David Jursek has at his fingertips the statistics of every Harmsworth Trophy since the race began in 1903.

Philip saw his first race in 1954 at 14 and today, five years later, is such an expert he has broadcast the Gold Cup races for a Seattle radio station. Last week he was in the judges' stand on the Detroit river to tape the Harmsworth classic for Seattle.

After mid-September he will be adding to his radio and television experience at the University of Detroit where as a junior he has been chosen to work on channel 56 and the university radio station. During the winter, when hydroplaning is relegated to a "hot stove" league, he will be writing a history of the Harmsworth, hoping to climax the book with an interview with Detroit's great driver, Gar Wood.

#### Switch to Seattle

"The hydroplane racing picture in Detroit has changed since the thirties when Gar Wood focused the nation's eye on racing in our river," says this expert. "Now the cup racing has centered in Seattle, where they are more enthusiastic and better equipped to handle the highly intricate boats."

"Interest in hydroplane racing has come into its own in the past few years," Philip believes. But the switch to Seattle has regrets. He has high praise for the Detroit boat, Miss U.S., but on the whole he ad-

Although he has never ridden in a hydroplane, there is very little about the engines, drivers, owners and race histories Philip doesn't know. He writes steadily for the "Hydroplane News," published in Seattle, and travels out there (by bus if he has to), for the important races on the coast.

"Any good boat in good water today should average at least 95 miles an hour," Philip states. This is a long way from the winning speed of Harmsworth entry, Napier I, in 1903, when it clocked 19.53 miles an hour. "The Rolls Royce is the best engine, although most American boats have Allison's," explains this expert. It takes a skilled crew to produce a winning boat as well as a fine driver.

Hydroplaning is an expensive sport. Philip would like to own a boat some day. In the non-champion field these craft run about \$4,000. He has begun saving already.

Philip doesn't yearn for a career in television. He believes radio is his field for the competition isn't as stiff, the pace more relaxed and there is al-
