

Park Completes Survey of Storm Drain Needs

(Continued from Page 1) tion that extensions might be needed in the future to Korte and Westchester. Two plans were offered; one would cost an estimated \$48,740, the other, \$25,160.

Subject to Flooding
Trombley, Harcourt, Windmill Pointe drive. The area sub-

ject to flooding appears to be limited to the property on both sides of Harcourt and Trombley for a distance of several hundred feet north of Windmill Pointe drive. This area is served by a five-foot six-inch relief sewer in Three Mile drive. A storm sewer is recommended to connect from the 30-inch relief sewer at Essex and Bedford, south to Windmill Pointe, thence southerly to Trombley. Estimated cost, \$53,950.

Fairfax-Trombley. One house at the northwest corner of this intersection was reported flooded last month. A connection from a six-inch sewer to a nine-inch line, will alleviate the problem. Estimated cost, \$1,000.

Pemberton south of Korte. An area between Barrington and Pemberton south of Korte suffers flooding during heavy storms. This is within the area served by the Pemberton branch which was constructed from Jefferson to Korte. An extension of the Pemberton branch from Korte south to a connection with the sewer between Pemberton and Barrington would bring relief. Estimated cost, \$28,770.

Need Relief Sewer
Barrington between Korte and Avondale. Flooding was reported after the August storm west of Barrington and between Barrington and Pemberton. Flooding has occurred in previous years in this district. The sewers serving this area east and west of Barrington flow south to the sewers in Korte, and are so small that storm water flows back up the sewage levels. A relief sewer should be constructed in Avondale connecting the upper ends of these two sewers to the main relief sewer in Pemberton. Estimated cost, \$8,210.

Pemberton-Fairfax. A small district south of Fairfax between Pemberton and Barrington has reported flooding during severe storms. The sewer serving this area flows north to Jefferson from a manhole 550 feet from Fairfax. Another sewer flows south from this same manhole to the sewers in Avondale. These are overloaded during storms.

Relief can be had by building a sewer in Barrington and Fairfax to pick up all catch basins therein by connecting all basins in Pemberton to the large relief sewer in this street. Estimated cost, \$31,200.

Bottleneck Cited
Pemberton-Jefferson. Two 20-inch sewers in the alley south of Jefferson converge in Barrington into a 20-inch sewer which flows north in Barrington to the seven-foot brick sewer in Jefferson. This bottleneck of two 20-inch sewers having an outlet in one 20-inch sewer can be relieved by constructing about 150 feet of sewer from the alley manhole across from the City Hall east to the deep Pemberton sewer. Estimated cost, \$2,190.

Charlevoix avenue. Flooded basements have been reported throughout the entire length of the avenue. Recently a relief

sewer was constructed in Balfour north from Vernon which extended northerly and westerly to Wayburn near Mack. Flooding is still reported in Charlevoix from Balfour to Three Mile drive. A relief sewer from Balfour to Devonshire and from Bedford to Three Mile and branches in Three Mile, Kensington, Yorkshire and Bishop, will largely eliminate flooding in this area. Estimated total costs, \$77,795, for the sewer and branches.

Would Connect Lines
Devonshire-St. Paul. Flooding has been reported from a small area on the east side of Devonshire south of St. Paul. This area is served by a 10-inch sewer in the east side of Devonshire, seven feet seven inches deep. The sewer on the west side is a 27-inch sewer, 14 feet deep. The sewer on the east should be connected to that on the west. This should bring relief. Estimated cost, \$1,610.

Maryland-Kercheval. The area on the north side of Kercheval between Wayburn and Maryland reported flooding during the August storm. This area is served by a recently constructed relief sewer in the alleys between Maryland and Lakepointe. This relief sewer appears to be too small for the storm runoff which will enter it during storms of designed intensity.

A second relief sewer in Maryland from Kercheval to Hampton would relieve this flooding. Estimated cost, \$27,600. A further survey of this area was recommended to determine whether floodings were due to local trouble.

Mr. Stone said that no bond issues will be needed to carry out this program, since the funds will be taken from the Capital Improvement Fund, as each area project is authorized.

Win Award

(Continued from Page 1) Hough and Patrolman George Blair, school safety officer. Chief Louwers informed Michigan State Police Sgt. Michael Sibal, who represented the Safety Council at both ceremonies, and who gave the awards, that Patrolman Blair "did and is still doing a terrific job in educating the school children in traffic safety." The officer gathered reports from school officials and compiled these reports, besides making visits to the various Park schools to instill traffic safety to the children, the chief added.

Given Fall Credit
The chief said that the fact that the Park received an award for its school traffic safety activities was due to the effort of the school safety officer, who, he pointed out, works hard at the job.

Director of Public Safety Vern C. Bailey was inventory coordinator for the Woods, with all records gathered and maintained by Sgt. Roland Symons. The school safety activities records were compiled by Patrolman Jack Mast, safety officer.

Of the four awards presented, the highest points were given for the school traffic safety program, for which Patrolman Mast received high praise from his superior, Director Bailey.

"Patrolman Mast is a hard working, conscientious officer, who takes his task seriously," the director said. "His work in imparting traffic safety to the children in our schools, is instrumental in keeping our school traffic records clear. He is doing an extremely good job."

Performance Figures
These are the reported performances of the Park and Woods for 1958 and percentage figures:

Park—Death and injury record, 100; accident record, 73; traffic engineering, 73; police traffic supervision, 73; traffic court, 83; school traffic safety education, 81; public traffic safety education, 58; and organization for traffic safety improvement, 58.

Woods—Death and injury record, 100; accident record, 82; traffic engineering, 80; police traffic supervision, 68; traffic court, 80; school traffic safety education, 87; public traffic safety education, 80; and organization for traffic safety improvement, 55.

Money invested in higher education pays the highest interest.

Theo. G. Osius Given Award

Theo G. Osius, 17150 Maumee avenue was among 25 Michigan people to receive the Edward D. Rich Service Award in Saginaw on Thursday, September 24.

Dr. Albert E. Heustis, state health commissioner, presented the awards during the annual convention of the Michigan section of the American Water Works Association.

The awards are given annually to persons who have had at least 25 years of service in the water works field in Michigan. The awards are named after Col. Edward D. Rich, late director of engineering for the state health department from

1911 to 1946. The awards have then 961 of the awards have been given since 1946 and since been presented.

To Repeat Films Taken in Russia

Dr. E. S. Smyd's excellent color films of Russia are again being shown by popular demand at the Grosse Pointe War Memorial, Wednesday night, October 7, at 8 o'clock.

With Premier Khrushchev in this country and the eyes of the world focused on Russia because of their recent scientific accomplishments in "shooting the moon," this showing should be of unusual current interest to Grosse Pointers.

Last year Dr. Smyd and his wife made a 2500 mile trip over land through the Soviets. In addition to being an inveterate traveller Dr. Smyd is a camera man of professional calibre. His films will take the viewer from Leningrad, possibly the most westernized city in Russia, via rail to Moscow. In the capital, besides the Red Square, the University, residential housing and the Kremlin itself, there are excellent shots of the Russian people going about their every day activity.

Police Start Basic Training

Officers from 70 law enforcement agencies in the Metropolitan Detroit area are attending another phase of required basic recruit training, sponsored by the Southeastern Michigan Association of Chiefs of Police in cooperation with the FBI. This program has been in effect for the past 10 years.

No fees are charged the officers for attending the schools, said Park Police Chief Arthur Louwers, director of one of the three schools in the area.

The chief said that 20 policemen from the Pointe, Harper Woods, St. Clair Shores and Roseville, will attend a total of 40 hours in his school, with the sessions held in the Park Municipal Building. Classes started Friday, September 18.

Approximately another 145 officers will attend classes in Lincoln Park and in Royal Oak.

Only duly constituted law enforcement agency officers are allowed to attend and they qualify for a diploma after receiving 120 hours of instruction provided they pass their examination with a grade of 85 per cent.

Most of the instructors are selected from a group of especially trained FBI agents, how-

ever, a number of others are giving of their time as instructors, including John A. Potter, attorney; Birmingham Lt. Merlin L. Holmquist; Michigan State Police Sgt. Michael A. Sibal, and Southgate Police Chief William Shaffer.

The Lincoln Park school, under the direction of Lincoln Park Police Chief Floyd M. Crichton and Wyandotte Deputy Chief Lawrence A. Eastman, began on Wednesday, September 16.

The Royal Oak school, under Birmingham Police Chief Ralph W. Moxley and Highland Park Capt. Arthur Richards, started Thursday, September 17; and the Park school, with Chief Louwers started Friday.

Forty hours of instruction will be given this term, which will be completed in the latter part of November.

PRESENTING AMERICA'S MOST CAREFULLY BUILT CAR

**THE
IMPERIAL
OF 1960**

Tomorrow, at showrooms across America, we introduce the totally new... totally wonderful Imperial.

It is built more carefully, tested more thoroughly; than any other car which has been or will be introduced this year. It requires more individual hand-crafting than other cars. It takes longer to build... because the skills which build it are the kind that can't be hurried. It has brought automotive craftsmanship back to America.

The new instrument panel has bold, readable calibrations... logically placed controls... and a remarkable new Panelescent lighting which aids vision and depth perception at night by eliminating glare and reflection.

New swivel seats turn automatically as the door is opened. An exclusive, improved Auto-Pilot tends the accelerator on long trips (two very practical options)... the engine has more wheel-turning power than any other passenger car engine in the world.

When you drive our Imperial of 1960, we think you will agree it proves one satisfying point... that a fine car can be almost awesomely impressive; and still be a vivid, engaging personality... a good companion as well as an obedient servant.

Compare Imperial's riding quality; space and comfort... ease of entry and exit, front and rear... driving liveliness... and learn that it is, in luxurious fact, the finest car America has yet produced.

PTA Council Backs School Board Proposal

(Continued from Page 1)
detriment of the school program.

Library Too Small
The High School library was designed originally to accommodate 114 students. A total school enrollment of 1,000-1,200 students was then envisioned as the ultimate. The enrollment is presently nearly 2,250 students and will continue to climb.

Also, as indicated above, the makeup of the student body has changed from that of a grades 7-12 nature to one consisting of grades 10-12. Upper classmen traditionally make many more demands upon, utilization of, a library facility.

By North Central Association standards a minimum of 225 students should be seatable in the library. The American Library Association places the desirable capacity even higher and would recommend that about 350 spaces be available.

Elementary Classrooms
The PTA Council learned that the Board of Education had plans to provide additional classrooms where needed. In some instances, as at Perry School where five additional rooms are presently planned, the additions are to provide for future growth as well as to remove a backlog of accumulated needs.

In other cases, as at Richard School, an addition is planned to allow the restoration of the school library to use as such. It will also eliminate the need to use small end-of-hall rooms and other such space for classroom purposes.

In past years as other building needs took priority, many buildings pressed such space into use on a temporary basis and its felt that the time has come to make more suitable provisions. It is the Board's intention to equalize educational opportunities throughout the school district either by making small additions of space to existing buildings or by adjusting elementary school district boundaries.

Will Pay as They Go

They are asking for 3/4's of a mill for a four year period to do this work. The levy will go into a building and site sinking fund and construction costs will be paid on a pay-as-you-go basis. Many tens of thousands of dollars will be saved by this means of financing when compared to the alternate means of raising funds by the issuance of long term bonds with their accompanying high interest costs.

The third proposal described to the PTA Council by Mr. Weber asks for an operational levy of 1/2 mill for the same four year period to meet increased operating costs. Inflationary pressures account for a large part of this need but the Board President indicated that additional teachers would also be needed as enrollments grew. Present operational levies will just not stretch to cover these two factors, he said.

Met With Officials

A liaison committee of the PTA Council had met on several occasions with school officials during the spring and summer as a study of the community's educational needs was made. This committee was chaired by Edward Glanz of Sunningdale drive and included Harvey Dixon of Hampton road, Jack

Blood Drive

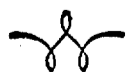

(Continued from Page 1)
caster; and Mrs. Harry Lipke. The Grosse Pointe Junior Red Cross will have charge of the Nursery and assist in all departments.

THEFT COMPLAINT

Stephenson of Fisher road, and Archie MacPherson of Lochmoor boulevard.
As a result of the liaison's committee's report to the PTA Council and the presentation of Board of Education President Weber the Council, led by Mr. Zentgraf, was well informed concerning the needs of the school district. Many of the council had also received additional information at a meeting of civic leaders at Grosse Pointe High School September 2.

Ask Residents Support

"Recognizing the needs of the district as genuine and urgent," Mr. Zentgraf said, "our PTA Council unanimously moved to give enthusiastic support to all three of the Board of Education's proposals. We will do all that we can in the next four weeks to fully inform the community of the situation and ask their unqualified support of these vital issues."
"If our outstanding school

system is to continue to rank with the best in the country we must command the very best teaching services to be found," he said, "and that means we must offer competitive salaries. In addition we must not overlook the need to have the best learning conditions we can reasonably afford. I hope Grosse Pointers turn out in record numbers October 26 to demonstrate the pride and satisfaction I know they have long had in their schools."

Legion Honors James Meehan

In appreciation for his devoted service to the American Legion, James J. Meehan, of 160 Ridgmont Road, Grosse Pointe Farms, was honored with the "Presidential Award" by the Legion's press association.

This was only the second time in the 40-year history of the American Legion that a Michigan man was honored with the high award. The citation was given him at the Legion's recent

national convention in Minneapolis.

Meehan is chairman of public relations commission for the Michigan Department of the American Legion.

The citation in part declared that the Presidential merit award was given him in "acknowledgement and appreciation of his more than 40 years of continuous and devoted service to the American Legion in every location in the United

States to which his profession has taken him in this as a technical petroleum engineering period of time."

Pointe Chorus Seeks Singers

The Grosse Pointe Community Chorus conducted its first registration rehearsal on Tuesday, September 22, at 7:30 p.m., at Parcels Junior High School, Mack avenue at Vernier road. Men and women past high school age who enjoy participating in choral music are eligible for membership without audition. In addition to the regular mixed chorus music traditionally sung by the chorus there will be music for Women's Glee Club, Men's Glee Club and a

small vocal ensemble. The ensemble is a continuation of the Madrigal Singers who were received so enthusiastically by the audience several seasons ago. Membership in the ensemble will be open to members of the chorus by audition. Donald Simmons, vocal music director at Parcels School and Youth Choir director at the Grosse Pointe Congregational church, is beginning his third season as conductor of the chorus. Mary Freda, senior at Wayne State University, joins the

chorus this year as accompanist. The chorus, a self supporting organization is co-sponsored by its own board of directors and the Department of Community Services, Grosse Pointe Board of Education. The fall season will be spent preparing music for the Seventh Annual Christmas Concert which will be presented on Sunday afternoon, December 6, at 3:30. It's a money losing proposition to laugh at other's expense.

Murder and Suicide Add Finis to Romance

(Continued from Page 1) tried to reach her on the phone, and when they received no answer, Park police were notified. First Park officers to arrive at the Wassall home were Cpl. Thomas Martin and Patrolman Patrick Conlon. They were dispatched there by Patrolman Frank Dilloway, who was on desk duty. Martin and Conlon went to the front door of the house and found the door locked. This was shortly after 7 a.m.

They peered through the door pane and saw something lying on the floor, but were not able to distinguish what it was. Then they saw what looked like a pool of blood on the floor of the foyer. They went to the rear of the house and found the back door unlocked and entered. Shot Five Times They found Mrs. Wassall's body huddled on the floor, covered with a multi-covered wool blanket. She had been shot

five times. On the body was a note written on the back of a National Bank of Detroit deposit slip, which read "Call Bill at Eastern Michigan College, Ypsil". The two officers notified Police Chief Arthur Louwers and Det. Lts. Stanley Enders and Arnold Hough, who went to the home on Bedford. Dr. Francis X. Krynicki, assistant examiner from the Wayne County Medical Examiner's office, arrived at 7:50

a.m. He found that the woman had been shot on the right side of the head under the ear, with powder burns around the bullet hole. Two other bullets had been fired into her head, another in the abdomen, and one in her heart. Lts. Enders and Hough said there were hand blood smears on a radiator and on the door of the foyer. They surmised that after Tomlinson shot Mrs. Wassall in the stomach and heart, she grabbed the radiator for support and tried to reach the door. She crumbled to the floor, the officers said, and Tomlinson then deliberately fired three more shots into her head. This possibly accounted for the powder burns, the detectives said.

Find Spent Bullet

Patrolman Conlon found a spent flattened bullet in the archway, between the living room and sun room, which was turned over to experts who are checking the bullets found in both the murderer and his victim, with the markings of the murder-suicide gun.

Lts. Enders and Hough said that there did not appear to be any evidence of a struggle before Mrs. Wassall was killed.

Chief Louwers and the lieutenants spoke to Mrs. J. P. McLaren and Mrs. Nina Workman of 1264 Bedford, opposite side of Vernier, who said they had known Mrs. Wassall for 10 years and were good friends.

Mrs. McLaren said the murder victim was employed as executive secretary of the Michigan Auxillary of the American Legion.

She said that Mrs. Wassall's husband, Warren, died five years ago, and that there are two children, William, 23, who with his wife and family, lived with his mother up to just a few days ago; and James, 25, who is with the U. S. Air Force and is stationed somewhere in the southwest.

William, who left home to attend Eastern Michigan College, Ypsilanti, was reached by Ypsilanti police, at the request of Park Police Lt. Gerard Kesteloot, and notified of the death of his mother.

Friends Identify Body

Both Mrs. McLaren and Mrs. Workman went to the Medical Examiner's Office to identify the body of Mrs. Wassall.

The two women told police that Mrs. Wassall was friendly with Tomlinson for the past four years and up to June 1, when she broke with the man. They said they saw Tomlinson on different occasions, sitting in his car in front of Mrs. Wassall's house, waiting for her to come home. They had not seen him since June 1, they said.

On Sunday, September 27, Lt. Enders contacted Nancy Cox, 15, of 1314 Bedford, who told the officer that on the night Mrs. Wassall was shot, she was baby sitting at 1310 Bedford, and that she had seen a man get out of a car in front of the slain woman's house. The man walked to and fro in front of the house and then disappeared toward Vernor and Three Mile drive.

Between 10 and 10:30 p.m., while looking at a television program, the girl said, she heard several loud bangs, but thought it was a car backfiring and immediately dismissed it from her mind. She looked out of the front window later and saw Mrs. Wassall's house in darkness. On her way home, she added, she did not notice if the car was still in front of the house.

Walk Relocated At New Building

A decision on the location of the sidewalk for the new Woods Municipal Building, tabled by the Woods Council at the September 14 meeting, was brought before the Council at the September 21 meeting. A letter, from the architect, A. J. Bagley, was read at that time and drawings for two sidewalk locations were presented. The sidewalk previously was

planned to be a straight one, perpendicular to the building. Mr. Bagley requested that a curving walk be substituted, on the basis that it was more pleasing and more satisfactory. The cost of the two new walk proposals were also presented. After much discussion, it was moved and seconded that "scheme B", calling for a walk on the outside of the driveway

and following the contours of the drive, be accepted. Also in the motion, it was stipulated that the walk be 5 feet wide rather than the originally planned 6 foot walk. The third part of the motion stated that the connecting link to the walk, from the north side of the parking lot, be eliminated. The motion was passed by a majority vote.

Exchange Club Ready for Annual Sale

Displaying their biggest smiles, and giant toothbrush, Grosse Pointe Exchange Club members gather to remind Grosse Pointers of their annual toothbrush drive, Friday and Saturday, October 2 and 3. Proceeds are used for the Club's Youth activities program. Left to right are Exchange

Brownell PTA Splits Meeting

The first meeting of the Brownell Junior High P.T.A. will be held on two separate nights, following the procedure of last year. Parents whose last

name starts with A to K will meet on Thursday, October 8. Those whose name begins with L to Z, will meet on Monday, October 12.

This will be a get-together to acquaint parents with the new teachers and greet the teachers returning for another year and will be held in the gymnasium between 7:30 and 8:30 p.m.

There will be a brief business meeting from 8:30 to 9 p.m. when President Vance Powell will introduce the new officers. There will be a discussion of the forthcoming election on millage increase, including a question and answer period.

Parents will be free to meet with the teachers individually again between 9 and 10 p.m.

A bell will be sounded intermittently to remind parents to limit their conversations to three minutes. If further conferences with teachers are desired, parents should call the school and make appointments.

John Angell, 17, of 969 Mal four reported to Park police that he had been bitten on the left hand by a dog while walking on Berkshire near Essex.

Church Drive Has Good Start

This week marks the second week in the Stewardship Fund-Raising Program at St. Paul Evangelical Lutheran Church, Chalfonte and Lothrop, Grosse Pointe Farms in which they are driving for a total of \$250,000 to be used for their general budget, benevolent needs and an Educational Building Fund.

Response to the program to date has been very gratifying. Last week a canvasser group of nearly 100 men visited the

homes of members of the congregation and reported a total subscription of approximately \$200,000.

Canvassing will continue this week until October 3rd at which time they expect to report a victory in their drive to a \$250,000 goal.

The program's slogan being used throughout the drive is "We Build to Serve." Rev. Charles W. Sandrock is

pastor and Mr. Paul A. Lautenschlager is vicar of the congregation.

SUITS STOLEN

James G. Panago of 831 Notre Dame, reported the theft of three summer suits to Park police on Wednesday, September 9. He said the suits, valued at \$50 each, were taken from his unlocked car parked in front of 15230 Charlevoix.

Most Vociferous Arguments Against New Law Voiced By Non-resident of City: Partial Pickups to Continue

"After July 1, 1961, all garbage collected with City of Grosse Pointe Park shall be collected at expense of the owner and not at public expense. The ordinance reads: 'Ordinances Relating to Garbage and Rubbish' which was passed by the Park Council after a public hearing at its meeting Monday, August 24.

The ordinance reads: 'It shall be the policy of the City to minimize the need for collection of garbage and to encourage the disposal of garbage in the most efficient manner possible.'

Church to Hold Building Drive

Bethany Christian Church, Cadieux road at Linnville, has recently approved a financial campaign for a new sanctuary, seating 317 persons, an assembly room and four additional class rooms.

The new addition will complete the building which is in the contemporary style architecture. The first unit was completed in 1953.

An extensive campaign is under way, and the new addition will be started when one fourth of the estimated cost is reached.

The Reverend Kenneth Brady is pastor.

Law Breakers Pay in Park

F. T. Fudge of 3606 Benson, Detroit, was sentenced to 10 days in the Wayne County Jail by Park Judge C. Joseph Belanger, following a court hearing on Wednesday, September 9.

Fudge, who entered a plea of guilty, was given five days for causing an accident at Lakepointe and Vernor, and another five days for driving with an expired driver's license.

When a witness refused to sign a complaint, the judge dismissed a case against Barbara A. Deane of 847 Grand Marais, who was involved in an accident at Grand Marais and Jefferson.

Anthony C. Stefani of 15906 Carlisle, Detroit, charged with speeding and not having his car registration on his person, pled not guilty and was found guilty and paid a fine and court costs of \$12.50.

James F. Causley of 17638 Veronica, Detroit, pled guilty to speeding on Charlevoix and paid a fine of \$20.

Joseph E. Dyer of 170 Simmons, Battle Creek, failed to come to court to answer a charge of ignoring a stop street, and a report of his case was sent to Lansing.

A plea of guilty to speeding on Jefferson brought a fine of \$11 against Jean P. Noel of 4694 Lemay, Detroit.

Evelyn Ann Baich of 478 Algonquin, Detroit, paid a fine of \$11 after pleading guilty to speeding on Charlevoix.

Shirley Ann Jonson of 23809 Elmira, St. Clair Shores, accused of being at fault in an accident at Jefferson and Whittier, pled guilty, and was given a suspended sentence on payment of \$5 court costs.

Sherman Ferguson of 4390 Dickerson, Detroit, charged with driving the wrong way on Whittier, a one-way street, pled not guilty. The case was dismissed.

Elizabeth R. Palazzola of 1149 Lakepointe, pled not guilty to causing an accident at St. Paul and Bedford. She was found guilty and given a suspended sentence on payment of \$5 costs.

Thomas G. Dawson of 1804 Mulberry, Tampa, Fla., paid a fine of \$20 after entering a plea of guilty to causing an accident in front of 927 Nottingham.

Frank G. Patrill of 21306 Parkway, St. Clair Shores, pled guilty to causing an accident in front of 1016 Nottingham, and he paid a fine and costs of \$21.10.

Twenty-five persons were scheduled to appear at traffic court hearings before Park Judge C. Joseph Belanger on Wednesday, September 16. Five failed to show up and forfeited bonds and one case was dismissed because no complaint was taken.

James Summerville of 11818 Cameron, Highland Park, was found guilty of driving while his license was revoked and operating a motor vehicle while under the influence of alcohol. He was sentenced to 25 days in the Wayne County Jail.

Ronald E. Anderson of 1362 Lakewood, Detroit, pled guilty to causing an accident in front of 15005 Kercheval, and was assessed a fine of \$30.

Nicholas M. Gaffier of 4153 Beaconsfield, accused of being at fault in an accident in front of 15300 Mack, entered a plea of guilty and paid a fine and court costs of \$8.10.

Dale L. Mackey of 1324 Lakepointe, pled not guilty to causing an accident in front of 1381 Lakepointe. He was found guilty and paid a fine and costs of \$11.10.

Kenneth J. Soltersch of 1127 Beaconsfield, charged with ignoring a stop street, pled not guilty and was found guilty. He is appealing the verdict.

Harold Blything of 18715 Woodcrest, Harper Woods, was fined \$20 after he was found guilty of causing an accident at Vernor and Cadieux.

Orazio Gianino 10926 Rosister, Detroit, was fined \$15 for leaving the scene of an accident. His plea was guilty.

Jerry L. Gorman of 17000 E. Jefferson, failed to appear for speeding on Jefferson and forfeited his bond of \$15.

Wiley Sweat of 1933 Lamonth, Detroit, did not show up for running a signal light at Jefferson and Pemberton. His \$10 bond was forfeited.

John Arnold Buser of 515 Anderson, Detroit, pled guilty to causing an accident at Barrington and Windmill Pointe drive and paid a fine of \$20.

Christos C. Trajanou of 2657 Anderon, Detroit, paid a fine of \$15, after entering a plea of guilty to causing an accident in front of 15127 Kercheval.

David L. Bopp of 15100 Ford-

ham, Detroit, pled guilty to running a stop street and causing an accident. It cost him \$20.

Mark J. Clark of 6360 Seneca, Detroit, did not appear to answer for speeding on Mack. His bond of \$15 was forfeited.

Ether Kasab of 1380 Oxford, also charged with speeding on Mack, did not come to court. It cost her the \$25 bond she posted.

Agnes M. Lindemann of 937 Harcourt, accused of causing an accident, entered a plea of not guilty and was found not guilty and her case was dismissed.

Frank J. McHigh, Jr., of 123 Mapleton, admitted running a

signal light. The guilty plea cost him \$15.

Chester I. Karp of 51789 Base, New Baltimore, pled guilty to speeding on Charlevoix, and paid \$10.

John L. Carraher of 1254 Berkshire, charged with speeding on Charlevoix, pled not guilty and paid a fine of \$11.

Walter R. Leidner of 14377 Mark Twain, Detroit, paid a fine of \$11 after entering a plea of guilty to speeding on Kercheval.

Alexander Ruggirello of 20714 Shady Lane, Detroit, pled guilty to speeding on Charlevoix and paid \$10.

Ellis Benedict Jr., of 12616 E. Outer drive, Detroit, was found guilty of speeding on St. Paul. He paid \$12.

Margaret Ann Vitale of 1823 Anita, paid a fine of \$5 after being found at fault in causing an accident.

Donna May Suda of 30185 Maplegrove Detroit, accused of causing an accident, had the case against her dismissed since no complaint was taken.

George Smith of 3989 Beaufort, Detroit, did not appear in court for speeding on Charlevoix and a report of his case was sent to Lansing.

College Courses Offered Adults

"Geology—How the Earth Got That Way" is one of the new courses being offered this fall by the Department of Community Services of the Grosse Pointe Public School System.

Jane W. Renaud of the Department of Geology of Wayne State University will be the instructor. Mrs. Renaud is a graduate of the University of Michigan, receiving her B.S. and M.S. there in Geology, later being awarded a certificate in Petroleum Geology at the same university.

She is a working geologist, having been associated with Standard Oil of California as a field geologist, and with the Michigan Department of Conservation as a survey research geologist, lecturer, and liaison work. She is also, at present, the State Legislative Chairman of the Woman's National Farm and Garden Association.

The purpose of the course is to increase the layman's knowledge and enjoyment of the world around him. Movies, slides and hand specimens will be used for the study of rocks and materials. Beginning on Tuesday, October 6 at 7:30 p. m., the course will continue for a ten-week period, at a single fee of \$10, or \$15 per couple.

"American Humor" is being offered with Dr. Dana M. Woodbridge of the Michigan State University Department of Communication Skills, as instructor. Dr. Woodbridge received his B.A. from Wesleyan University, the M.A. degree from the University of Michigan, and Ph.D. from Northwestern University.

Before joining the staff of M.S.U., he served on the faculties of the University of Michigan, University of Maine, Worcester Polytech and Wright Junior College.

This course is designed to cover American tastes in humor, reflected in native works which have enjoyed unusual contemporary and lasting popularity. Beginning date will be Tuesday, October 6 at 7:30 p. m., and continue for a ten-week period, also at a fee of \$10 single or \$15 per couple.

Both courses are being presented by the M.S.U. Program of Liberal Arts Education for Adults in cooperation with the Grosse Pointe Public School System. This program is supported in part by a grant from the Fund for Adult Education. "The World's Great Religions" will present an investigation into the form and content of some of the world's better and lesser known religions and the relevance of their roles and functions in society.

Beginning with a general discussion on the nature, scope and variety of religion, the course will continue on to explore religions of the Indian Sub-continent; early religions of China and Japan; the ancient Mediterranean World and the ancient Near East; the religious foundation of Western European civilization; the rise and spread of Islam. The final meeting will be devoted to summary and conclusions.

Instructor for the course will be Dr. O. L. Chavarria-Aguilar, Lecturer in Sanskrit and in the English Language Department of the Institute of Literature, Science and Arts at the University of Michigan. Before coming to the University of Michigan, Dr. Chavarria-Aguilar spent considerable time in Egypt and the continent, where he taught and studied.

Scheduled to begin on Tuesday, October 6 at 7:30 p. m., the class will meet for twelve weeks at a fee of \$20.

War Memorial Meeting

(Continued from Page 1) Council or 6 out of the 7 votes when (as was the case) 20% of the affected neighbors opposed the change. The amendment the Center asked would have established the lake front as the front yards of the properties from the Dodge estate through the Rucker property, thus allowing the Center to expand its parking between the building and Lake Shore Road. The Council voted against the amendment. Shortly thereafter on February 4, 1959, another close neighbor of the Center, William H. Fries of 24 McKinley Place, died leaving the bulk of his estate, estimated at \$1,000,000 to the Grosse Pointe War Memorial for a sorely needed auditorium addition to be known as the William H. Fries Auditorium. The gift was one of the most outstanding ever made to the Grosse Pointe community. It showed great confidence in the Association and approval of its program. The addition will enable the Center to keep abreast of the needs of the many community groups using the Center and will permit it to attract artists and programs of a stature commensurate with the calibre of the community which it serves. The Fries gift immediately pointed to the need for additional parking on the west side of the Center's property as well as the expansion of the existing facility since Farms parking ordinances require one car space for every five seats. There is a current effort to change this to a 1 for 3 ratio. In order to develop a parking program which would overcome the objections of the neighbors, serve the War Memorial's needs and gain the approval of the Council, the landscape firm of Eichstedt and Johnson was engaged to design plans for beautifully screened lots on both the east and west sides of the Center's property. This firm had planned the Church lot next door to the Center. Several Eichstedt and Johnson plans were prepared, not only offering the Center's neighbor to the East the screening which was his original request, but providing beautiful screening all around the Center's proposed parking area as well as between parking sections. Plans were drawn which further included the offer to tear down the Center's garage and the additional offer to eliminate those parking spaces nearest to our Eastern neighbor. All of these plans were disapproved by the Council. On August 17, 1958, the Memorial again went before the Farms Council applying for reconsideration of the amendment to the zoning ordinance in the light of the magnificent Fries gift and in consideration of the Eichstedt and Johnson plans and the concessions included in them. The Council voted five to two in favor of the Center's plea but because a 3/4 vote was necessary, Mr. Botman's and Mr. Kerby's votes defeated the amendment. To date the Memorial has spent in excess of \$11,000 trying to get additional parking which must be had before the gift of the Fries addition can be realized. To date no additional parking has been gained. According to Mr. Parcells, four alternatives at this point are open to the Center: (1) The Memorial can put parking on its beautiful lake front; (2) Another appeal can be made to the Farm's Council asking for a hardship exception to the zoning ordinance, to permit the necessary development of off-street parking on the street side of the Center despite the City attorney's negative opinion as to this procedure; (3) The War Memorial can take the entire matter of its parking expansion to the registered voters of the Farms. In order for the question to be put on the ballot the Center would have to secure the signature of approximately 2,000 of the Farm's voters on appropriate petitions; (4) The Center can abandon all efforts to develop off street parking. This would necessarily mean a restriction on further growth and probably curtailment of its present activities. The building of the Fries ad-

guest columnist: Peg Cannon We are all well aware of the high standards of living here in the United States. But how many of us have ever considered the high standard of DYING? This was brought to our attention by a friend of a friend of etc., etc., who was called upon recently by a crackjack sales representative from the Necrology Acres Cemetery Gardens. Unbeknownst to most of us, cemetery lots are a Big Business somewhere between real estate speculation and the numbers racket. Every generation, we are told, cemetery lots double or even triple in value and the time to buy is NOW while we still have a choice of "Below Ground" "Above Ground" or "Flush"—Whatever that means! LOCATION, we learn, is EVERYTHING. That is, everything your heirs thought was theirs. For instance, for \$500 you are shoved off down a siding with the nobodys but for \$5,000 you get PERPETUAL CARE and in addition your next door neighbors (only 5 feet away) are guaranteed to be only the very finest of the First Families. In other words, in this world you may not have a chance to sit down next to a Rockefeller but at Necrology Acres, you can LIE DOWN next to them! Of course, there is such a thing as being TOO far-sighted. Like the man who got in on one of those three-for-the-price-of-one deals. His three lots adjoined. When his wife died she took the middle lot. But now the gentleman has remarried and although both he and his bride are in excellent health, she is making his life miserable by insisting that the first wife must move over! Not long ago, some mourners were returning from Blanks' Funeral Parlor where one of their friends lay in solitary splendor. "How beautiful she looked," sighed one. "Her hair and complexion looked gorgeous" said another. "Blanks' made her look ten years younger!" said the third. One of the husbands spoke up. "Why don't you girls go to Blanks' then instead of spending all our money at Helena Rubensteins?" There was one man so acquisitive that he refused to die until he could figure out a way to "take it with him." Finally, on his death bed he solved a scheme. He called his three best friends to his bedside and gave each \$10,000 in cash with instructions to slip the money into his casket just before the burial. After the ceremony, the friends were commiserating with each other. "I have a confession to make," said the first. "With so much need in the world, I couldn't bring myself to bury all that money. I held out \$1,000." "I feel terrible too," said the second. "I kept out \$2,000." "You fellows should be ashamed of yourselves," cried the third. "I put in my PERSONAL CHECK for the full \$10,000." The completion of the Center's negotiations with the State for purchase and acquisition of title to 0.24 acres of lake front fill. Acting at the request of the Grosse Pointe Club and the Grosse Pointe Memorial Church, the Center has acted so that a continuous diagonal shore line may be established between the eastern corners of the War Memorial and the Dodge property. This will give the Memorial a small triangular-shaped addition to its lake front. The purchase from the State commits the Center to build a suitable seawall in conjunction with the church and Little Club in the near future. Mr. Parcells closed his report with sincere thanks to the community for the fine support given in the 1959 Family Participation Campaign—\$42,077.94 was received from 3,031 families. He thanked the Special Maintenance givers—Mrs. Russell Alger, Mrs. Standish Backus, Mr. and Mrs. George R. Fink, Mrs. Edsel B. Ford, Mrs. Arthur Gardner, The Josephine and Ernest Kanzler Fund, Mrs. Lynn McNaughton, Mr. and Mrs. Alger Sheldon, The Elizabeth and Allan Sheldon Foundation, Mrs. Stephen T. Stackpole, Mr. Oscar Webber and Mr. Richard Webber. Mr. Parcells thanked the estate of Mrs. Henry B. Joy and the many other special givers of 1959, both families and organizations, too numerous to mention. He thanked also those who had presented gifts of furnishings—especially Mrs. Nils Johanson, Mr. Alger Chaney and Mrs. Russell Alger for the fine new Steinway Grand Piano, the Welcome Wagon Club for new shades and curtains and Mr. and Mrs. Henry B. Joy for a fine tapestry. He then expressed appreciation to all those who have given so much of their time and effort to the operation of the Center—the Officers, Board members, Committee chairmen and workers, the Garden Center, the Grosse Pointe Artists, the staff and the many fine volunteers who have assisted with mailings, telephoning, recording of contributions, cancer and Children's Hospital work, and special events. Finally Mr. Parcells expressed regret at losing the services of Mr. Ben W. Beyer, Mr. C. Henry Haberkorn, 3rd, Mrs. Frederick J. Schumann and Mr. Alger Sheldon Jr. whose terms on the Board are ending. The meeting closed with a rising vote of thanks to Mr. Parcells whose term of office is also ending. His excellent service as President was greatly appreciated during a most difficult period. Those present also in their rising vote expressed appreciation to all the officers and retiring directors.

What Goes On at Your Library by Jean Taylor

Happy Birthday to us! The first column "What Goes On At Your Library" appeared in this paper October 6, 1949, which makes us ten years old today. This was written with the purpose of "establishing friendly contact between the Public Library and the community, and acquainting our readers of the services available in all the departments of their Public Library, together with the needs that an expanding program creates." Much water has flowed under the bridge since that time, and there has been continual expansion. Our Library Directory today is very different from that of ten years ago. In 1949, the headquarters of the library was at 18430 Kercheval avenue, near Nottingham, where the Park Branch is now located. The City Branch, 695 Notre Dame, was a flourishing concern, restricted however by its small quarters and limited facilities. Its ashes have now mixed with the soil on which stands a parking lot. The Woods Branch was housed in rented quarters at 20750 Mack avenue. In addition to these three libraries, two library stations were functioning at this time; the Farms Station at Old Kerby School and the Shores Station in the Shores Municipal Building, each open one day a week. During the last decade the two stations, which could give poor library service at best, were discontinued. The Woods Branch was moved in March 1952 from its cramped quarters to a modern, well-equipped building, a wing of Parcels School. The City Branch was destroyed and the beautiful Central Library, thanks to the generosity of Mr. D. M. Ferry, Jr., was erected at the corner of Kercheval avenue and Fisher road and officially opened in January, 1953. Along with better library facilities, services expanded and the use of the three libraries increased tremendously. The book collection has grown from 37,574 to 94,410 volumes over the ten year period, and during this time there has been a phenomenal gain in the number of books borrowed. Both the adult and children's departments have more than doubled their circulation. A record collection for adults, formerly at the Main Library only, may now be found at all three agencies. A children's record collection has been added to each library during this period. The tool collection started during World War II, has tripled in size and is now one of the most popular services of the library. From a small film library begun in the forties, there are now fifty 16 mm sound films permanently available to borrowers as well as many on short loan. Activities have expanded as facilities and additional staff have made this possible. Ten years ago there was one children's librarian to provide book services for all the children of the community. Now, with a trained children's librarian at each library, the service to children has improved appreciably. A weekly story hour for school age children as well as a program for the preschool age is held at each library. A summer program for children is also furnished at all three agencies with occasional special programs during the year. The Friends of the Library, a very active organization, which has done a great deal for the library in the last ten years, has tripled its membership since 1949. The Film Forum, a program for adults only, is sponsored by the Friends and held at the Central Library the third Friday of each month, October through April. The Friends also sponsor other worthwhile meetings during the year. Now in its third year, a Family Film Night is held on the first Friday evening of each month, October through April at the Central Library. Of the staff employed in the libraries ten years ago, five members are still with us. Mr. Robert M. Orr, who celebrated his tenth anniversary as Director of the Grosse Pointe Libraries last August, has guided the library through the last decade of its expansion. Mrs. Helen Finster, Miss Melitta Roemer, Mrs. Jay McCormick (nee Woodcock) and the writer have watched your public library grow from infancy through adolescence with its attending growing pains, and we hope as it nears maturity it will become increasingly useful to our community. Life is full of ups and downs—and folks are handed more downs than ups.

STOCKING CAPSULE By Fred Kopp, R. Ph.D. Did you ever know anyone who insisted on putting his light stocking on first? Some people think this is a good way to avoid headaches. Foolish? Of course! Most of us get headaches. But now we reach for one of the fast-acting pain relievers medical science has made available. A simple remedy. But remember—not all headaches can be treated so casually. If the pain persists or is unusually severe, be sure to see your physician. And next time you need a prescription filled, come to us for quality compounding. This is the 672nd of a series of Editorial advertisements appearing in this paper each week.

Letters to the Editor

Dear Mr. Edgar: On behalf of the Michigan State Safety Commission I want to thank you for helping us in our across-the-board fight to reduce highway fatalities. Last year we suspended or revoked the driving privilege of 20,068 habitually careless drivers. We know from subsequent conviction records that some of these drivers illegally continued to operate their motor vehicles during their suspension period. We hope that the cooperation of Michigan editors in printing the names of grounded drivers will prevent this from happening in the Grosse Pointe area. Your understanding of our problem is deeply appreciated by all of us who are responsible for keeping our highways safe. Yours For Safety First, James M. Hare, Chairman Michigan State Safety Commission

Dear Sir: I would greatly appreciate it if you would include this correspondence in your "Letter To The Editor" column. I was most interested in reading last week's letter regarding the traffic problem in the Farms and the apparent lack of law enforcement in dealing with the (Continued on Page 12)

City Scout Car in Crash While on Emergency Run

A City police scout car, acting as an escort for an emergency run to Bon Secours Hospital, was involved in an accident Sunday night, September 27, at the corner of East Jefferson avenue and Neff road.

The scout car, driven by Officer Edward Behrend, was going west on Jefferson, escorting Mrs. Mary Ann Courier, of 16440 Northview, Roseville, to the hospital. She was being driven by her husband, Gary. They had come from Emerald City Harbor in St. Clair Shores, on the emergency run.

Grosse Pointe Shores had asked the Farms for assistance in the matter, but since a car was not available there, the City was called. Behrend met the Courier car at East Jefferson and Fisher roads.

As Behrend neared Neff road, a car driven by Loretta Evans, of 2949 Algonquin, coming east on Jefferson, turned left into Neff road in front of the scout car. The scout car swerved to the left to avoid hitting Miss Evans' car.

A car driven by DeWayne L. Millen, of 9300 Sanilac, Detroit, also coming east on Jefferson in the left hand lane, was in the path of the swerving scout car.

Behrend, in an effort to avoid hitting Millen's car, swerved further to the left. At the same time, Millen cut to the right,

trying to get out of the way. The two vehicles collided head on.

Millen, age 19, his passenger, Joyce F. Martins, 18, of 1968 Hunt Club drive, and Officer Behrend were all taken to Bon Secours for examination. Officer Behrend and Millen were released, but Miss Martins was held until the extent of her injuries could be determined.

Damage to the scout car has been estimated at \$1,400 and the other car has damages amounting to at least \$1,000.

The accident occurred at 10:40 p.m. Sunday. The Courier car went directly to the hospital, since it was an emergency run, rather than stopping for the accident.

When questioned on the nature of Mrs. Courier's need for an emergency run, neither the hospital nor the attending physician would make any comment.

"It was fortunate that no one was more seriously injured," said City Chief of Police Thomas V. Trombly. "It is also fortunate that Officer Behrend was alone at the time. Had another man been riding with him, the accident could have been extremely serious if not fatal. The damage to the scout car was on the right side, where the second man would have been sitting."

Church Sale Set for Oct. 3

Fourteen group chairmen have been named by Mrs. D. Dwight Struthers, president of the Women's Association of the Grosse Pointe Woods Presbyterian Church, to assist in the church's 18th annual rummage sale.

The sale will be held at the church, Mack avenue and Torrey road, from 9 a.m. to 9 p.m. Friday, Oct. 2, and from 9 a.m. to noon, Saturday, October 3.

Mrs. Fred Leonard is general chairman of the sale with Mrs. Cecil Finerty assisting as co-chairman.

Group chairmen, who will

have charge of various departments of the sale are: Abigail, Mrs. A. Behrens; Deborah, Mrs. Richard Warner; Elizabeth, Mrs. Donald Jennings; Esther, Mrs. Lawrence D. Marr; Hannah, Mrs. Carl Wheeler; Lydia, Mrs. Bernard Clay; Martha, Mrs. Curtis Miller; Mary, Mrs. Frederick L. Olmsted; Miriam, Mrs. Edward Chase; Naomi, Mrs. Frederick Tew; Priscilla, Mrs. Frederick Condit; Rachel, Mrs. Victor Craig; Rebecca, Mrs. Albert Beever; Ruth, Mrs. Richard Fernstrum.

fresh point of VIEW...from Pontiac!

Another fresh one from Pontiac!

The inspired beauty of perfect proportion!

The precision control of Wide-Track Wheel Design!

The softer ride of supple suspension!

The wide choice of vigorous Tempest V-8 Engines tailored to economy or high performance!

The car craftsmen who developed Wide-Track Wheels, the innovation that brought a new standard of roadability to the American passenger car, present another fresh original for 1960!

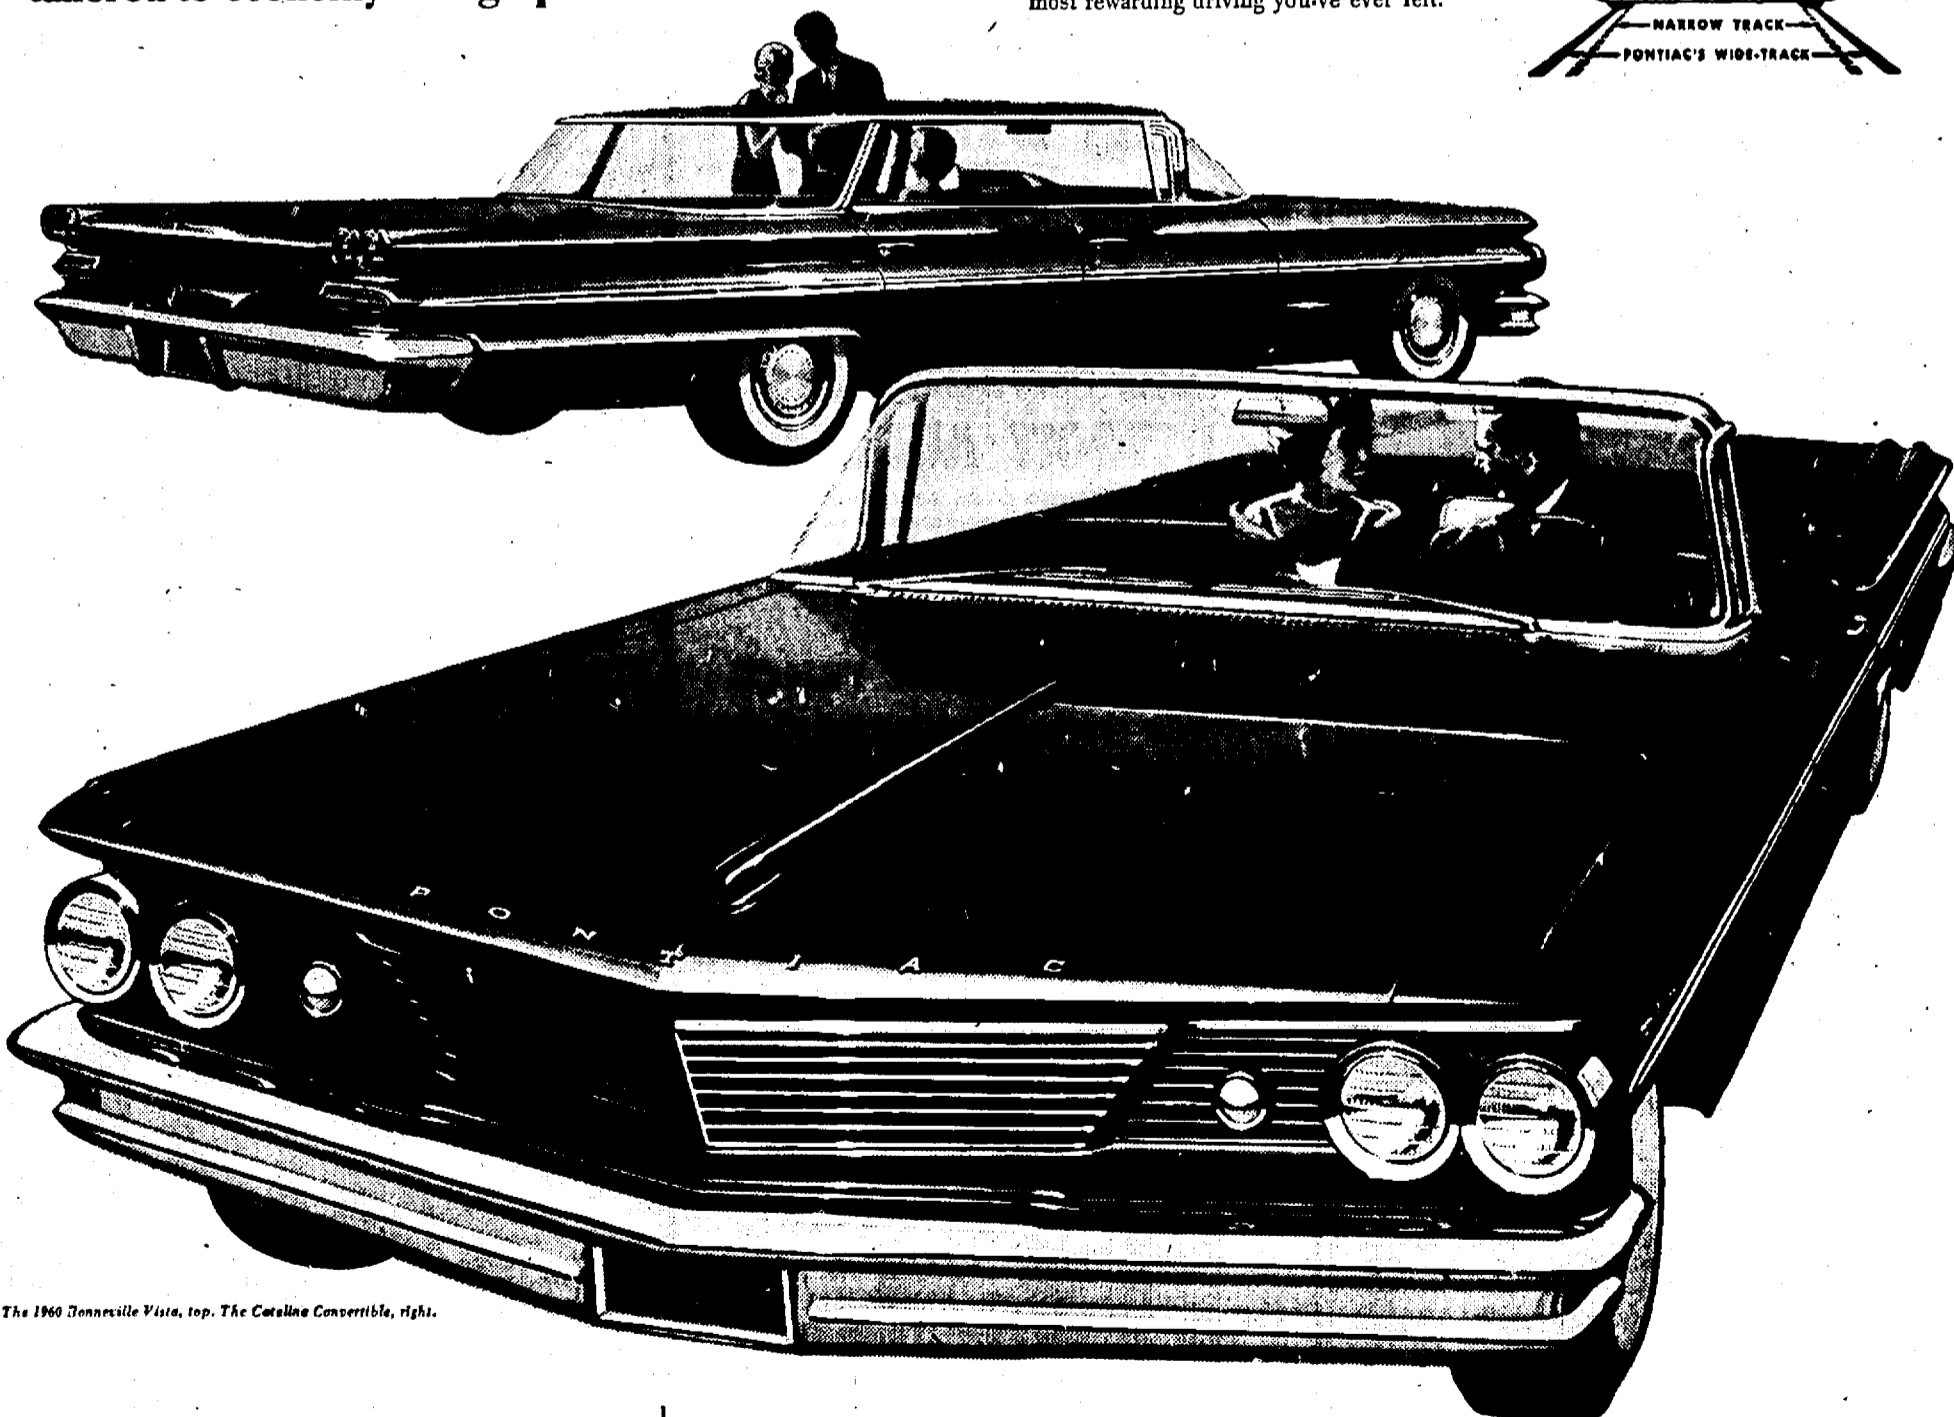

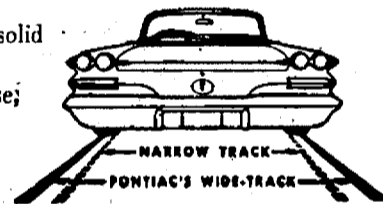

With clean, crisp lines they've composed a delightful rightness of form with unity and rhythm.

Into the proved principle of Wide-Track (wheels farther apart for a steadier stance) they've engineered an ingeniously improved suspension system. This combination of a firm foundation and supple suspension gives you flawless control, more skill in the fine art of driving, smooth stability, bump-yielding softness.

The power plant is typically Pontiac. A wide range of restless, ground-gaining power packages to choose from. All are husky V-8's, ranging from the frugal 425E economy engine that prefers regular grade gasoline to the fiery Tempest 425.

Haven't you been an admiring spectator of Pontiacs long enough? Isn't this your year to become a participant in Pontiac pleasure, to move up to Pontiac ownership, where the enjoyment is the fullest, where the point of view is the freshest?

Wide-Track Wheels give you swayless stability; solid comfort. You maneuver with skillful sureness, accurate control. It's the sweetest, most precise; most rewarding driving you've ever felt.

Young Speeder Turns Author; Produces Thesis on Safety

Found guilty of reckless driving and excessive speed on the night of June 21, David Campbell Gillis, 18, of 806 Lincoln road, was given an unusual sentence by City Judge Douglas L. Paterson.

According to the figures released by the National Safety Council, the greatest single cause of traffic deaths, excessive speed, was a factor in 38% of all fatal accidents in 1957.

schools and civic and business groups and through public education."

Currently the T.S.A., in cooperation with the Michigan State Police and other law enforcement agencies, is running a campaign against speeders...

The Traffic Safety Division of the Detroit State Police post has volumes of figures and statistics covering every conceivable facet of each traffic accident that takes place in this area...

For the law enforcement aspect of their job, State Police officers are aided in the apprehension of speeders by several cars equipped with radar devices...

Behind these courses lies the final answer to the whole problem of traffic safety: the education of the driver. It will not be until the drivers themselves have learned to accept the uncompromising necessity of driving safely that we can hope to prevent the loss of nearly 40,000 American men, women, and children...

Youth Ticketed Following Crash

City police officers chased Jon Feikens of 743 Pemberton road, over Rivard, Waterloo, University, Goethe and Chalfont avenues in order to give him a ticket for reckless driving, Friday, September 18.

The thesis, in the Judge's words, "represents constructive effort and study" on the part of young Gillis turned in to Judge if it could be printed in its entirety for he hoped that it might serve as a reminder, or good lesson, for all Grosse Pointe drivers.

They will close the season next May with a canoe trip down the Au Sable River.

Introducing Pointe's Newest Teachers

As was done last year the NEWS will again introduce the teachers new to the Grosse Pointe Public School System to the community as a continuing weekly feature. The new staff members will be presented on a building-per-week basis by means of photographs and brief biographical sketches. The first to be introduced is the Defer Elementary School group.

Miss Marjorie Harger, the new Assistant Principal of Defer, is no stranger to Grosse Pointe. Since 1952 she has been the Assistant Principal of Monteth School and before this, a classroom teacher. She was born in Pontiac, Michigan.

A graduate of Albion College, Miss Harger also has a Masters degree from the University of Michigan. She has had considerable post-graduate study in Ohio State University, the University of Detroit, Wayne State University, the Merrill-Palmer School, and the Art School of the Society of Arts and Crafts.

Mrs. Mary Dillaman, our new third grade teacher, comes to Defer from Huntington, West Virginia. Prior to her coming to Grosse Pointe, she taught in Huntington, West Virginia as well as in Clarksburg, West Virginia. She is a graduate of Fairmont State.

Her husband, Earl C. Dillaman, an inspector with the Pure Oil Company, was transferred to Detroit bringing Defer School an excellent third grade teacher. The Dillaman's have

two children. Pupils in her room express their enjoyment of Mrs. Dillaman. She says that she sees each child as an individual and works with each one in her group in this manner.

Mrs. Irene Hutton, a new teacher of sixth grade in Defer, comes to Grosse Pointe as part

of the Teacher Exchange Program. She has exchanged places with Miss Ann Wallace who is now teaching in England.

Formerly Mrs. Hutton taught in a girls school in Liverpool, England. Previous to this she was in government service for five years in Nigeria, Africa.

CD Police Aids Hold Meeting

The Grosse Pointe Civil Defense auxiliary police met Wednesday night, September 9, at the Neighborhood Club with the Grosse Pointe Squadron of Civil Air Patrol as their guests.

Auxiliary police captain Paul Barker, of 87 Sunningdale drive, introduced the speaker of the evening, John Pocolo, the assistant chief of the Border Patrol. Mr. Pocolo spoke on some of the history, problems and humorous incidents in connection with the Border Patrol both here and on the Mexican border.

George Elworthy, director of the Grosse Pointe division of Civil Defense, praised the work of the auxiliary policemen over the past few months, particularly for their help on the July 4 and Labor Day holidays. They help the regular police with

traffic and by patrolling the pier parks on those holidays.

Following the meeting, members of the organization engaged in some pistol practice on the Neighborhood Club firing range.

WHAT'S NEW FOR '60 ?

The one car maker who makes missiles comes up with a new way to build cars

UNIBODY CONSTRUCTION surrounds you with silent strength, thanks to total design.

As prime contractor to the United States Army in the making of America's most successful missiles (Redstone and Jupiter), we've learned about finding out beforehand what's going to happen, and about the importance of total design.

We have applied this new space-age experience to the design and manufacture of new 1960 cars soon to be announced by Chrysler Corporation.

The single greatest result is that we can be sure that the first car off the production line will be as perfect as those which roll off five months later.

Built like a missile by electronic engineering. Instead of thinking of a car as a number of different components that would eventually be assembled, we attacked the problem of the whole car. Total design, is another way of saying it. It has resulted in what our engineers call "pure automobile."

Electronic engineering—something entirely new in the motor car industry—helped us achieve this. Here's how it works . . .

165 years' work in a few months. For example, in mounting the engine to the frame, two rubber mounts and a heavy-duty spring are used.

We called on our missile-making experience and our battery of amazing electronic computers, and made more than 900,000,000 calculations for these mountings—a job that would have taken an engineer 165 years of full-time work. We had our answers in a few months. The result? Mountings that are in exactly the right place to soak up all engine-caused vibrations.

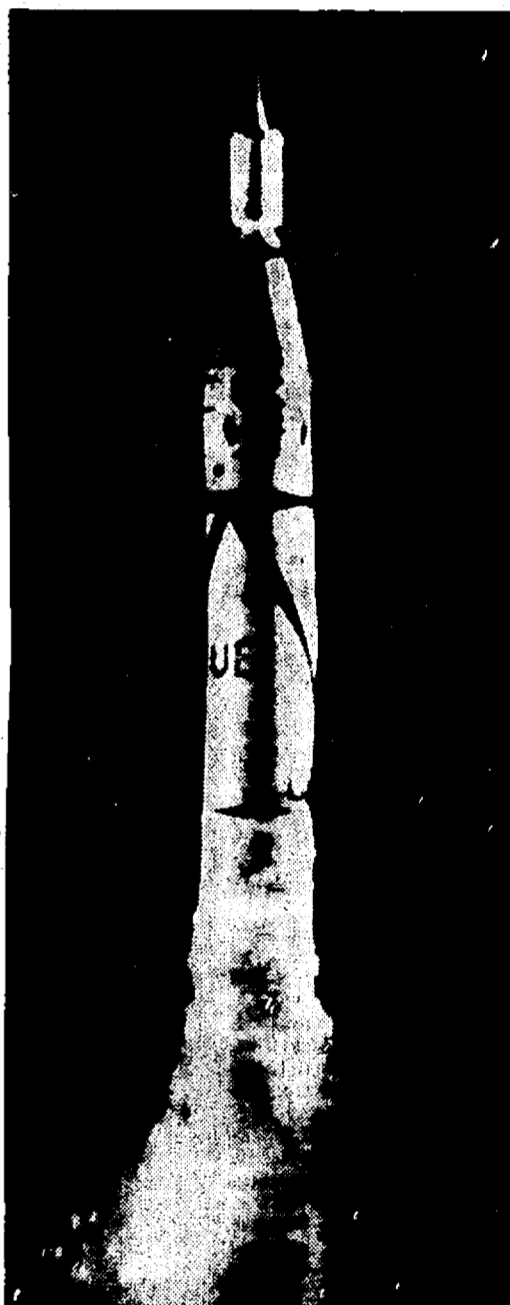

UNIBODY surrounds you with silent strength

These are the quietest cars you have ever known.

One reason is, we've done away with the old method of bolting body to frame. Now, they flow together as one welded complete unit. A surprising number of the squeaks and rattles have gone with the nuts and bolts.

We call this construction UNIBODY. Framed like bridge trusses, the new bodies have twice the torsional strength of previous models, along with 40% more beam strength.

Thanks to total design, UNIBODY gives you all the advantages of earlier forms of "unitized" construction plus this exclusive: you ride surrounded in silence, without the annoying road noises that other cars pick up and telegraph in to where you sit.

Imagine an automobile—

- that looks pure automobile; it's newly styled with natural lines of motion
- that could last twice as long as ever before
- that so reduces air drag it's like buying gasoline a penny a gallon cheaper
- that will withstand the ravages of rust years longer than ever before
- that locks the doors when the engine starts
- that gives more headroom without raising the roof, more legroom without stretching the car, wider doors you can step through rather than squirm through.

Our 1960 metals and chromes (right), will last years longer than the metals and chromes used by other car makers (left). Identical salt spray tests prove the difference.

The Quick, the Strong, and the Quiet
Coming: the all-new ones from Chrysler Corporation for 1960

Purple Martin Champ Navigator

By JOHN F. SANSBOWER
Central Press Association
Correspondent

PELLSTON, Mich.—Don't disparage a friend's intellect by calling him a "bird brain," unless you could let yourself be blindfolded, put on a plane at random to a destination 30 miles away that was a complete mystery to you, and then, without receiving any directions at all, find your way home in less than 24 hours, completely under your own power!

It might be a popular slang phrase for your friend's lack of mental powers, but it could be rank injustice to the bird, particularly a purple martin, according to Dr. Olin Sewall Pettigill, Jr., noted University of Michigan ornithologist, who maintains that this species of swallow sometimes out-does the famed homing pigeon.

If you saw recently an airline stewardess at an airport landing within 400 miles of here step sprightly to the door and release a VIP passenger from a cigar box, you were at ringside of one of the most exciting scientific researches carried on lately into one of the earth's great mysteries—how some of its feathered denizens manage to navigate with a precision not approached yet by man with all his most complex new electronic equipment.

AFTER following through on studies recently reported on by the late Joselyn Van Tyne and Dr. Andrew J. Berger, noted naturalists and faculty members at the University of Michigan, Dr. Pettigill is ready to give the accolade to the purple martin as a navigator. It is the largest member of the American family of swallows.

As thousands of persons throughout the United States know from the fascinating antics of their purple martin "tenants" in bird houses on their properties, these birds love to live in colonies and are among the most social of creatures.

Year after year, they return punctually to their favorite summer quarters, like their famous relatives, the swallows of Capistrano whose calendar-like precision in showing up at the California monastery on a given day each year is told in folklore and song.

Where they have it over homing pigeons, is that while the pigeons return to their permanent

A purple martin is banded by Dr. Olin Pettigill.

At the first indications of autumn, the martins return to their temporary summer quarters, exciting an amazing precision in deciding whether they are to go there or launch on their migrations to exotic climes.

Aides at the biological station here have banded members of the purple martin colony, and throughout the summer they put them on commercial airliners for release at airports over a wide area. One martin, released at Willow Run airport, traveled 230 miles back to its summer "cottage" in a little over 17 hours.

Another "champion" of the flock winged it from Chicago's Midway airport, a distance of more than 300 miles in a direct two-day journey requiring 16 hours. These well-traveled birds also have flown with astonishing precision to the infinitesimally small speck on the map represented by their house on top of a pole on the shore of Douglas lake from airports at Milwaukee, Minneapolis and Ironwood, Mich.

Females are as good flyers as the males, and when they are released from the nest for a trip, the male takes over feeding the young. The mother martin hurries home even faster than the father, apparently to make sure that the youngsters are not being neglected.

At the first indications of au-

turn, the colony begins holding "meetings" on long telephone wires, apparently deciding collectively when to take off for the South. Then, suddenly, the flight is on!

It is this entire change of perspective which causes scientists to marvel at the homing instinct of the purple martin, compared with other great flyers who cover distances as long as 3,000 miles, but usually on a routine migration or back to a permanent instead of temporary home.

HOW DO they do it? Science still is mystified. Dr. Donald R. Griffin of Harvard university is convinced part of it is based on a good memory of landmarks, but what about the night flights? G. V. T. Matthews, a British ornithologist, suggests that it is a good eye for the stars and the sun's arc.

Other scientists say that they are tuned in on the so-called Coriolis force, or have a feel for terrestrial magnetism and the earth's rotation.

Whatever it is, the purple martins are keeping their secret, and the study will have to await their return next spring to the scene of their record-breaking flights of this summer, when Dr. Pettigill will give them more free rides and make further studies.

It's Only the Character She Plays That Counts With Films' Suzy Parker

By ARMAND ARCHERD
Central Press Association
Correspondent

HOLLYWOOD — "I am not the kind of actress who wants to be a star," admits Suzy Parker—a non-conformist in Hollywood ever saw one. "And I don't care what audiences think of me as a person—only what they think of the character that comes off on screen."

An ambulance attendant had just picked up the limp form of Miss Parker, laid her on a stretcher, covered her with a blanket. The intern muttered, "Dead on arrival." And thus, *The Best of Everything*, that's the name of the picture you know—was over for Suzy P.

The startlingly-beautiful red-head popped off the stretcher, inched out of the ambulance, very much alive. She shuddered as she shook out her bouquet of hair.

"I hate those things," she gasped. It wasn't too long ago when she was in a scene like that—for real. It was the car-train collision in which her father, driving in Florida, was killed, and she sustained fractured arms, plus other injuries to her body.

HOWEVER, the above-mentioned ambulance scene took place in Beverly Hills—on a movie studio lot, that is. It was her finale in the film version of Rona Jaffe's novel about modern business girls in New York—and in it, Miss Parker plays a would-be actress who comes to grief for the love of Louis Jordan, a Broadway producer.

"It wasn't too long ago that I was a 'would-be' actress all right," Suzy explained. "When I first came out here and they gave me the lead opposite Cary Grant in *Kiss Them For Me*, I was convinced that the transi-

Suzy Parker—non-conformist

tion from a successful model to a successful actress was a cinch. I thought all I had to do was speak my lines and do as I was told.

"It didn't work! When I saw myself on the screen I got sick to my stomach. However, I guess I was lucky—again. For some reason—best known to themselves—the studio decided to give me another chance. The next time was opposite Gary Cooper in *Ten North Frederick*.

"I was then determined to work hard. I studied, began to learn what it was all about. When I saw that picture I said to myself, 'Well, you're no longer a would-be actress—you've graduated to at least a could-

be.' "Now I can tell the studio that I longed to play this role in *The Best of Everything*. However, I frankly didn't think I had a chance to get the part, based on my past performances. It seemed like every established young actress in town was after the role.

"Jerry Wald, the producer, as I later found out, had me in mind since the day he bought the property. He has always believed in me—even when I didn't believe in myself."

DESPITE THE FACT the cast boasts such femmes as Joan Crawford, Hope Lange, Diane Baker and Martha Hyer, Parker's part is the plum—most colorful. She runs the gamut of finding love, realizing ambition, finding she is no good as an actress, becomes too possessive in love, loses out, goes crazy and stumbles out of a window, falls to her death!

"I worked harder at this role than anything else I've ever done," said Suzy. "I hope, when I see it, I can stand myself." When it was suggested that she seemed more interested in her own reactions to her acting career than that of the critics or public, she answered: "After *Kiss Them For Me*, I read the worst about me by the critics. *Frederick* was better. It could hardly be worse. And then there was that TV *Playhouse 99* in which the critics tore me to bits—and rightly so—I was dreadful. I care what the critics think, but believe me, I'm more critical of myself than any of them could hope to be.

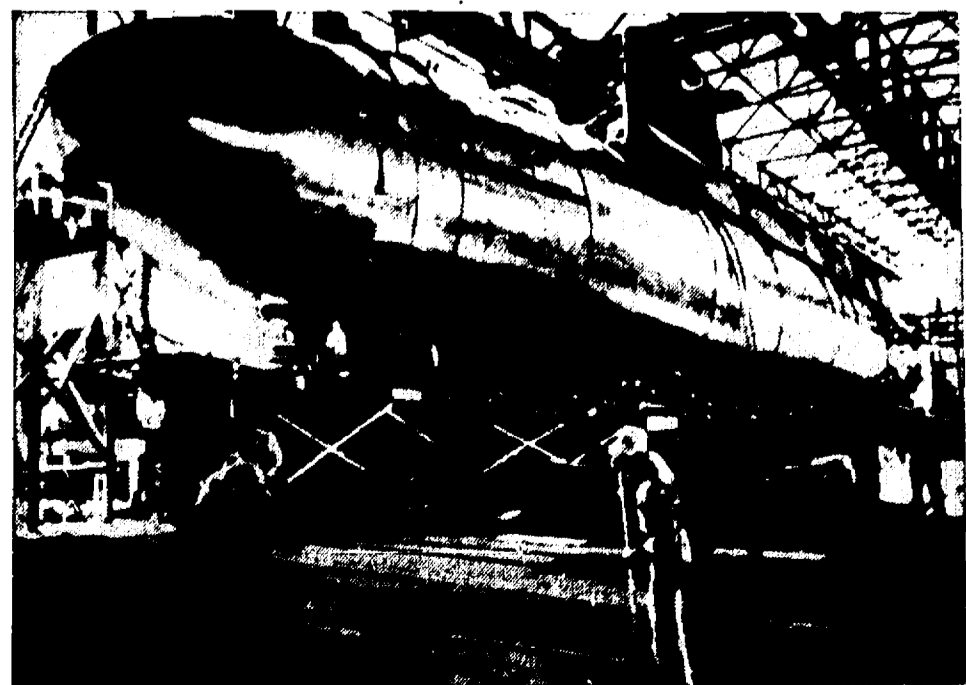

"As to the public, I'm funny about that—I really don't care what the public thinks." That's what Suzy Parker thinks—today, anyway.

The sweeping elegance of the newly created silhouette of the Series Sixty-Two six-window Sedan typifies the handsome lines and simplicity of design of the 1960 Cadillac. The popular six-window Sedan features all of the advanced engineering and design characteristics of the new models.

OUTSKIRTS SOAKED—Flood waters from Walnut creek, north of Great Bend, Kan., cover the outskirts of the city (pop. 16,000). The buildings are a brick firm and tire factory.

From Another Pointe of View

By Patricia Talbot

This is a big season for Junior Leaguers with a general meeting, a report on the Fashion Show, the introduction of the provisionals and a picnic Sunday, October 11.

This Thursday morning president of the Junior League, Mrs. William C. Loud, Jr., will be greeting members at the general fall meeting at the Country Club.

Last Wednesday Mrs. William Maynard Swan began the first classes for provisional members of the League, who train for ten weeks and then contribute 80 volunteer hours after their apprenticeship.

Today the provisional class will be introduced to the whole membership. Among the recruits are Mrs. Charles M. Bayer, Sally Beardslee, Lorna Candler, Gertrude Clark, Mrs. John W. Coe, Susan Gillis, Mrs. Kenneth L. Gould, Sylvia Hadley, Eleanor Hawkins, Mrs. John Woodhouse, Jr., Judy Hefferan and Deborah Jenks.

Others are Lynn Johnston, Mrs. Owen F. Keeler, Mary Louise Kenower, Elizabeth Ledyard, Joan LeGro, Mrs. Dan K. Loveland, Mary Kay Tracy and Mrs. Jonathan T. Walton.

On October 11, Junior Leaguers, their husbands and friends will have a picnic supper at the Country Club. Mrs. Daniel R. Simmons, Jr., and Mrs. Jack Stephenson are co-chairman of this big party.

Will Study at Mayo's

Off to Mayo's Clinic in Rochester, Minn., has gone Dr. Mary Templeton to take up her residency. With the young doctor went her mother, Mrs. Clarke Templeton, of Radnor circle, who will visit relatives in Minnesota City. Then she will drive to Chicago and pick up Mrs. Robert Barie, her across-the-street neighbor.

Mrs. Barie will be spending the week-end with her son, and daughter-in-law, the Robert F. Baries III, of Northbrook, Ill.

From the Left Bank

Arriving in Paris this week is Linda Worboys, daughter of Mr. and Mrs. Jesse V. Worboys, of Whittier road. Linda will be studying art at the Sorbonne this winter.

She was graduated from Michigan State University last June and with a classmate will be making a year's sojourn in France. With Linda went her favorite original masterpieces to show to the experts on the Left Bank.

Next summer the girls hope to get jobs along the Riviera and will buy a car to see France's vacationland. They have tickets on a boat returning next September 1.

Farm and Garden

Driving to Hillcrest Country Club today is Mrs. Standish Backus for the October council meeting of the Michigan Division of the Women's National Farm and Garden Association.

Also attending from the Pointe will be Miss Mary Margaret Sweeney, Mrs. J. Crawford Forst and Miss Marie Louise Anderson.

Mrs. Backus has recently returned from her summer home at Manchester, Mass. She has been entertaining her granddaughter, Virginia Backus, of Santa Bar.

Woman's Club To Hold Party

The Grosse Pointe Woman's Club has scheduled its annual card party for Wednesday, October 7, at 12:30 p.m. at the Grosse Pointe War Memorial Center. Dessert and coffee will be served. There will be many lovely prizes.

Mrs. George Funk, general chairman, will be assisted by committee chairmen Mrs. Joseph Chojnowski, tickets, Mrs. William Bundesen, decorations, and Mrs. Richard Huegill, in charge of prizes.

In connection with the card party this year will be a baked goods sale. Cakes, cookies, coffee cakes, pies, and casserole dishes will be donated by the club members. Mrs. Albert Blixt is in charge of the baked goods table, assisted by members of her committee.

The card party is the only fund raising project of the club, and any monies realized are expended on such worthy enterprises as the Grosse Pointe Public Library, the Foundation for Exceptional Children, and the Grace Bentley Camp. The club also awards a \$300 achievement prize to an outstanding graduate of a local high school. The award this year went to Joanne Danna of the January class at Grosse Pointe High School.

Tickets may be purchased from Mrs. Joseph Chojnowski, TU 1-7729, or any member of her committee. They are: Mrs. Stanley Emerick, TU 2-5336; Mrs. Milton Pawsat, TU 2-0510; Mrs. Richard Piper, TU 1-9642; Mrs. Stanley Piopa, TU 2-7150; Mrs. J. W. Snyder, TU 5-0829.

When the train of thought gets on the wrong track, stop the train.

Carol Wettlaufer Speaks Nuptial Vows

Weds Gregory Anthony Gelderman, Jr., of Winnetka, Ill., Saturday in St. Paul's on the Lakeshore; Newlyweds Travel to Jamaica

Carol Marie Wettlaufer, daughter of the late Albert John Wettlaufers, of Lincoln road, was married Saturday in St. Paul's on the lakeshore to Gregory Anthony Gelderman, Jr., son of the senior Gelderman's of Winnetka, Ill.

For the rites the bride chose a gown of white peau de soie fashioned with a scooped neckline appliqued with heirloom Brussels lace, cap sleeves, a fitted bodice and an intermission length skirt.

Her Brussels lace veil was worn mantilla fashion. She carried stephanotis and ivy. The bride was given in marriage by her brother, Albert John Wettlaufer, Jr.

Ruth Ann Gimbernat came from Oyster Bay, N.Y., to be maid of honor, and the bridesmaids were Barbara Brine, of Newton, Mass., and Mary Kay Tracy.

They wore moss green satin gowns softly draped at the neckline with chiffon and accented at the waist with cummerbunds. Their picture hats of maline had brims of green and gold and they carried gold chrysanthemums.

People who aim to do good in this life seldom miss the target.

Meeting Called By Garden Club

McBrearty-Johnson Nuptial Vows Said

Ceremony in St. Paul's Church Followed by Wedding Trip to Northern Michigan; Couple to Live in St. Clair Avenue

St. Paul's on the lakeshore was the scene of the marriage of Barbara Johnson, daughter of the Harold A. Johnsons of University place, to William Russell McBrearty, Saturday, September 26.

Mr. McBrearty is the son of Mr. and Mrs. William James McBrearty of Burns avenue in Indian Village.

The bride wore a gown of white silk taffeta with a portrait neckline and dome shaped chapel length skirt, outlined with seed pearl. Her veil was a mantilla of heirloom Brussels lace. She carried a cascade of white roses.

Her attendants were her sister Judy, maid of honor, another sister, Kitty, junior bridesmaid, Antonia Robb and Patricia Schaeffer.

All but the junior bridesmaid were attired in gowns of deep violet silk organza over white taffeta, with fitted bodices, bouffant skirts and velvet cummerbunds. The junior bridesmaid wore white trimmed in violet. They wore matching hats and carried white wicker baskets filled with shattered white carnations and purple gladiolus blossoms.

Peter Schmittiel was Mr. McBrearty's best man and Edward Geradot, Lou Cerre and Jack Karabees were the ushers.

For her daughter's wedding and the wedding breakfast and reception held afterwards at the University Club, Mrs. Johnson wore a frock of pale blue brocade. She pinned dusty pink orchids to her purse. Mrs. Mc-

Shores Garden Club to Meet

Members of the Grosse Pointe Shores Garden Club will meet at noon on Friday in the Clairview road home of Mrs. Allen Whittington.

Mrs. Paul Hamman will assist as co-hostess. After the business meeting Mrs. Harry W. Short will present the program, "Color and Design with Flowers."

She will illustrate her lecture with arrangements brought by the following members: Mrs. Glenn Gessell, Mrs. Arthur Hirt, Mrs. Ernest P. Lamb, Mrs. Paul Sutherland, Mrs. Alfred Wilson and Mrs. Blanche Zwolinski.

Central YWCA To Hold Benefit

Five Grosse Pointe women are busily working on plans for an afternoon of "Kitchen Kapers" at Central Branch YWCA, 2230 Withersell street, Wednesday, October 7.

The "Kapers" will be a benefit bridge party, with dessert, table and prizes for the guests, and proceeds going toward the purchase of flatware and serving dishes for the YWCA cafeteria.

Serving with committee chairman Mrs. George Kennedy, 16541 Minock, are Mrs. H. Ray Will, 283 Hillcrest; Mrs. Fred V. Sloum, 826 Barrington road; Mrs. Leonard Slowin, 1124 Nottingham; Mrs. LeRoy McInally, 823 Lakeland; and Mrs. Harold Knoff, 815 Barrington road.

Tickets for the Kitchen Kapers may be obtained from any of the committee members or from Mrs. Nina Morgan, Central Branch YWCA.

The man with a theory and lots of enthusiasm wastes a lot of other's money trying to keep up steam.

Mrs. William R. McBrearty

The former BARBARA JOHNSON, daughter of Mr. and Mrs. Harold A. Johnson of University place, was married Saturday to the son of Mr. and Mrs. William James McBrearty of Burns avenue, Indian Village, Detroit.

Garden Center Makes Awards

Many and varied were the awards given in the large and colorful show entitled "Suburbia U.S.A." at the War Memorial last week-end.

The Grosse Pointe Garden Center Special awards went to Mrs. William Beckenhauer, Jr., who won the sweepstakes award for the highest number of Blue Ribbon points in the Artistic Division; Mrs. Forrest J. Coulter for the best Artistic arrangement in the show; Mrs. Jerome Remick, sweepstakes award for highest number of Blue Ribbon points in the horticultural division; and Helen Groves for first in class in the horticultural division.

Mrs. Longyear Palmer, Chairman of the Invitations, reported special awards to all in this class, which included Mrs. Elmer A. Clark and Mrs. C. Leslie Mitchell, Mrs. Burt H. Wicking, Mrs. Dexter M. Ferry, Mrs. Hensel D. Wilson, Mrs. Harold Beatty and Mrs. John N. Lord. Blue Ribbon winners in the general entries were Mesdames Alford Crabb, Robert A. Vanderpyl, Elliott H. Phillips, Charles Feldman, Joseph Lackey, M. Wiant, Lawrence Godfredson, Kenneth Strang, J. Crawford Frost, Grant Armstrong, Cecil Shuert, A. S. Dilloways Celebrate Golden Anniversary

Mr. and Mrs. Clifford Dilloway, of Bradenton, Fla., formerly of Detroit, will celebrate their golden wedding anniversary at the home of their son, Warren C. Dilloway, of Bishop road.

Assisting at the reception on Sunday will be a daughter, Helen D. Merlo and another son, Frederick G. Dilloway.

Woods Garden Club to Meet

The Grosse Pointe Woods Garden Club will meet at the St. Clair Shores home of Mrs. Julian Broughton on Tuesday for luncheon at 12:30 o'clock.

Members will make arrangements of mums which will be taken to hospitals. Co-hostesses will be Mrs. Fred Rising and Mrs. T. Magill.

Largest county in the United States is San Bernardino County, Calif., with 20,131 square miles.

Ambitious men soon push out of line because they see it is the only way to push along new lines.

Troth Told

Mr. and Mrs. Robert O. Greenshields of Lexington road announce the engagement of their daughter, NAN, to Thomas Walker Kennedy, of San Francisco.

Mr. Kennedy is the son of Mr. John H. Kennedy, Jr. of Ormond Beach, Fla., and Mrs. Josephine Whaley, of Rochester, N.Y. He is an alumnus of Geneva College, Pennsylvania.

The bride-elect is a graduate of the Michigan State University and interned as a dietitian at Stanford University Hospital in San Francisco.

The wedding is planned for December 19 in St. John's Presbyterian Church in San Francisco.

Dunninger to Star At DAC Floor Show

Members of the Detroit Athletic Club are going to be mystified and confounded and they like it—if the rush for reservations, following announcement that Dunninger's coming, is a criterion.

Event is a 7-night dinner-dancing-floor show gala to open this coming Friday, Oct. 2, and (with the exception of Sunday and Monday) to continue through Saturday, the 10th.

Dunninger, who is called the amazing master mentalist, will open the club's entertainment season. Whether his art is in the realm of telepathy, thought transference, mind reading or whatever, he is the greatest. He has baffled millions, including scientists.

For the opening, the entertainment committee headed by Martin C. Callahan has requested black tie dress.

Dinner is slated for 7 o'clock in the main dining room. Dancing will be to music by

Emery Deutsch and his singing strings orchestra. Dunninger will be on stage at 9:30—and when people get their breaths back after his show, there'll be more dancing.

A few of the first nighters are the Frederick A. Kaisers with their guests, Dr. and Mrs. Richard Campbell Connelly and the Edward Aikens; Mr. and Mrs. Franklin P. Williams who will be with the Truman Barbarians; the W. Harold Lightbodies, Arthur D. Sutherlands and Syd Scotts; Judge and Mrs. Carl M. Weideman and their guests, the John Cooley's George Jays, Eric Irvines and Louis Luchtman. Among others to head groups are the Arnold E. Hofmanns, David C. Gillises, Roland R. Postels.

For Football Fans

October 3 is the date ringed on the calendars of Michigan alumni for this is the great day of the annual Michigan-Michigan State gridiron classic.

The Howard J. Stoddards, of East Lansing, are planning their annual gala for this important football day. They will have about 50 guests for luncheon at the Country Club near Lansing and then after the game the group will go back to the Stoddards for supper.

In the busload from the Pointe will be the George M. Endicotts, the Simon DenUyls, the Theodore Osiuses and the John Benfields. The Benfields, incidentally, are building a new home out Lakeshore way.

British Visitors

Mrs. Rufus Clark, of Harvard road, has just bid goodbye to some distinguished visitors, British Army Colonel (ret.) Rosco Clayton and Mrs. Clayton, of Constant Springs, Jamaica.

The Claytons met their hostess when she took a spring jaunt to the tropical isle and they returned the visit. While they were in Michigan they made a special trip just to see the Mackinac bridge, of which they had heard so much.

Mrs. Clark's guests were royally entertained while they were here by their hostess and Mrs. Raymond C. Leonard, among others.

INJURED IN FALL

Following Ceremony in Our Lady Star of the Sea Church and the Reception at the Country Club the Couple Left for Home in Jacksonville, Fla.

Susan Evelyn Mulford, daughter of the John W. Mulford, of Provençal road, was married to Thomas Mayer Little Tuesday in Our Lady Star of the Sea Church with a reception following at the Country Club.

She wore a princess line white peau de soie gown fashioned with a scooped neckline appliqued with Alencon lace. More of the lace accented the bodice and formed a panel in the back which extended down the chapel train.

A Juliet cap of family heirloom lace caught her illusion veil and she carried stephanotis and phacianopsis orchids.

Mrs. Peter W. Dixon, the bride's sister, was matron of honor in a jewel rose silk organza gown, designed with a boat neckline and a band of shirring on the bell shaped skirt. She carried white Fuji mums and ivy.

The bridesmaids, dressed like the honor attendant, were another sister of the bride, Mrs.

Sterling Graham, Jr., Mrs. Peter Whitman, Mrs. Kenneth Robertson and Martha Adam.

John W. Little, Jr., was best man for his brother. They are the sons of the John W. Littles, of Peoria, Ill.

In the usher corps were Sterling Graham, Jr., Peter Dixon, Michael Smith, of Peoria; Gerald Culhane, of Chicago, and Thomas Schererman, of Iowa City, Ia.

Mrs. Mulford chose a Dior blue taffeta gown with a shirred bodice for her daughter's wedding. Mrs. Little was in blue clover peau de soie. Both mothers wore orchids.

The newlyweds left to drive to Jacksonville, Fla., where the bridegroom, an ensign in the US Navy, will be stationed.

Philip Mebus Claims Bride

Philip Karl Mebus, Jr., son of the senior Mebuses, of Whittier road, claimed Rose Marie Horvath as his bride in Bethlehem, Pa., on September 12.

The daughter of the Julius Horvaths, of Bethlehem, wore an ivory peau de soie and Alencon lace gown. The bride's uncle, the Rev. Stephen Vidoc, officiated at the ceremony in St. Anne's Church, which was followed by a reception at the Alpine Villa.

Loretta Scheetz, of Ocean City, N.J., was maid of honor and the bridesmaids were Erika and Kathleen Mebus, sisters of the bridegroom; Maria Harding, of Monmouth Beach, N.J.; Alice Shields, of Bethlehem; Joy Kimble, of Mount Holly, N.J., and Margaret Spier, of Dumont, N.J. Kathleen Gore was flower girl.

The attendants wore French lime velveteen frocks trimmed in satin.

John Potvin was best man and the ushers were Howard Kay, Patrick Gallacher, James Vidoc, Rudolph Angeli, Joseph Carroll and Patrick MacDonald.

Following a wedding trip in the East the newlyweds will live in Detroit.

Lutheran Guild Meets Oct. 7

SUSAN EVELYN MULFORD, daughter of the John W. Mulford, of Provençal road, was married Tuesday in Our Lady Star of the Sea Church to Mr. Little, son of the John W. Littles, of Peoria, Ill.

Symphony Set For Best Year

Plans for the Detroit Symphony Orchestra's 1959-60 season opening October 8 in Ford Auditorium reveal programs, soloists and outstanding musical events surpassing any ever before offered in its long history.

The Symphony has scheduled three major series under Paul Paray's direction: 20 Thursday evenings, five Friday matinees, and a new streamlined series of eight Saturday evening concerts. Season tickets are available now at the Symphony office, Ford Auditorium, WO 2-4615, at savings up to 25 per cent.

Among the 26 major soloists who will appear are such magic names as Arthur Rubinstein, January 7-9; Elizabeth Schwarzkopf, February 18; and Zino Francescatti, March 10-12. Guest conductors who will appear are Thomas Schippers, December 10-11, and Milton Katims, December 3-5.

Bizet's "Carmen" will be presented in concert form November 19-21 with four soloists and the 300-voice Rackham Symphony Chorus. The great chorus will also appear March 3 with four Metropolitan Opera soloists in Beethoven's "Missa Solemnis" Mass.

December 23 the Symphony will stage Menotti's beloved Christmas classic "Amahl and the Night Visitors" with the original TV cast, dancers and chorus.

In addition to its sparkling resident concerts at Ford Auditorium, the orchestra is slated for some unusual out-of-town honors, October 19-24 will find the Detroit Symphony official orchestra for America's oldest music festival at Worcester, Mass., this year celebrating its 100th anniversary presentation.

October 30 the Symphony will appear in the formidable testing ground for all musical giants, Carnegie Hall, New York. December 9 the orchestra returns to New York to play before delegates of the United Nations at the invitation of the secretary general. The concert, played on the eve of Human Rights Day, will be broadcast all over the world.

Drama Groups Plan Joint Production

Fine Arts, Players and Theater Arts to Give "Separate Tables"; Proceeds From This Fourth Presentation Of the Three Clubs to Benefit Playhouse

Three of Detroit's oldest drama groups, Fine Arts Society of Detroit, Players, and Theatre Arts Society, are combining talents for the fourth consecutive season to stage a Drama Festival at the Players Playhouse the evenings of October 8th, 9th and 10th, under the general chairmanship of Charles W. Weikel.

These three clubs, which have contributed much to Detroit society during the past half century, have chosen Terence Rattigan's drama, "Separate Tables" for the Festival presentation.

The play consists of two one-act plays "Table by the Window" and "Table Number Seven" and each play is set in the same settings of English resort hotel. Mrs. James B. Steep will direct both casts.

Leading female roles will be played by Mrs. Bernard Pearce and Mrs. John Denler, who are members of both Fine Arts and Theatre Arts, and Mrs. Don T. Galvin, Jr., who represents Theatre Arts in the cast. Henry A. Houston, of Fine Arts and Players, and Harry A. Guest, of Players, play the leading male roles.

Among the Pointers in the cast are Mrs. Frank W. Coolidge, Mrs. Francis H. Brown, Mrs. Alex M. Sterling, Karen Putnam, Mrs. Charles G. Killins and Mrs. R. Sidney Sinclair.

Mr. and Mrs. John O. Peters and James Vernon Davis are working on the technical committee and Mrs. Leslie C. Putnam is general chairman of

the ticket sales, assisted by Mrs. Henry T. Ewald, Jr., Mrs. R. Alexander Wrigley and Mrs. J. Leslie Berry.

Proceeds from the festival will be used to improve stage facilities at the Players which all three clubs use for their dramatic presentations. Walker R. A. Graham is president of Players; Harold R. Emmons, Jr., president of Fine Arts and Mrs. Edmund R. Shurley heads Theater Arts.

Theater Night to Aid Amer. Field Service

The American Field Service which brings foreign students to this country and sends our students abroad, will benefit from the October 16 performance of Alfred Lunt and Lynn Fontanne in "The Visit" at the Shubert Theater.

On the committee working for the benefit in Grosse Pointe are Mr. and Mrs. William M. Adams, Mr. and Mrs. Richard Mertz, Mr. and Mrs. Charles A. McFeely, Jr., Mr. and Mrs. Fred Flom, Mr. and Mrs. Clark T. Wells and Mr. and Mrs. John Herrmann.

Service exchange plan are Edward Middleton, of Chile, who is staying with the John Hermanns, of Kenwood court, and Malou Hasselmann, of Sweden, staying with the William Sellheims, of Hidden lane.

Berd Gaus, of Germany, is studying a Grosse Pointe University School and living for the school year with Dr. and Mrs. George S. Fisher, of Whit-

ter road. Also at GPUS is Catherine Tan, of Singapore, who is making her home with Dr. and Mrs. John Langston, of Berkshire road.

This benefit will not just aid the Grosse Pointe branch of the American Field Service but branches throughout the city are planning similar benefits to enlarge the present program.

Last summer Karen Jensen, a student at Grosse Pointe High School studied in Finland as an exchange student. Dick Barron, of Grosse Pointe University School, spent his vacation in Portugal under the auspices of the Field Service.

Parties Follow Club Boat Race

Parties following Grosse Pointe Yacht Club's 21st annual Blueeone Long Distance Race last Saturday, September 26, provided a festive climax to a week which, two days earlier, had featured the club's big bridge luncheon and fashion show for its dislaff side.

After Saturday's race, contestants moored their boats in GPYC's harbor and came in sailing clothes to the Sailors Fling staged in the Fo-Castle — for dinner (heartily fried chicken, barbecued ribs and baked beans for ravenous sailor appetites), trophy awards, songs, fun.

At the same time there was a dinner in the Commodore's Room to honor race judges and timers — the group had first joined for cocktails in the Venetian Room. Present were GPYC's Com. and Mrs. Robert F. Weber, Vice Com. and Mrs. John R. Will, Yachting Chairman and Mrs. Robert B. Wood.

Members of the yachting committee and their wives present were the George Cossabooms, Dr. and Mrs. S. F. Dolega, Mr. and Mrs. Fred J. Somes Jr., the Edwin Karrers, Jr., the Russel H. Nutters, Mr. and Mrs. R. F. Kolowich, the Herbert D. Al-

lees, Dr. and Mrs. Clifford Lorange, the W. W. Woods, and Mrs. Aaron Evans, also Power Boat Chairman and Mrs. Lawrence Reif.

Among the visiting commodores and their ladies were the S. W. Warners, T. A. Davenport, Arthur Rautonbergs, the John Detwilers, Harold O. Wainwrights, Robert Benkerts, William P. Connollys' Bradford Pyles, and Com. Philip J. Phillips.

At the September 24 bridge luncheon and style parade, Mrs. Albert Blixt added a fillip for her guests by hosting cocktails abroad the Blixt cruiser, "Otelco", at its berth in the club harbor.

The guests were Mesdames Edward L. Weber, C. R. Pollard, Alfred H. Mitschke, George Funk, William H. Bundesen, Sidney Marsh and Louis Vollmer.

Mrs. George Vandermark and her guests have a common bond — they all came to this country from the Netherlands (Mrs. Vandermark arrived as a young matron from her native Haarlem, near Amsterdam.) They had never known each other until after they'd taken up residence (all at different times) in the Grosse Pointe and Detroit area. Now U.S. citizens, they still chat among themselves in their native tongue — besides Mrs. Vandermark, they were Mesdames Joseph Van Beusecum, Henry Denbroeder, Joseph Meyerhoven, Cornelius Hamer and Jan Ven Stipdonk.

The ballroom was a friendly and beautiful scene (it was all done in a pink and burgundy decor). Co-chairmen Mrs. Paul Baker and Mrs. Hamilton Kotcher had their eyes on the smooth running of things at all times — CKLW's Mary Morgan was fashion show commentator

and models paraded prettily to the Art Quatro trio's music.

Mrs. Arthur E. Hirt wore a small blue velvet hat with her blue and green plaid wool dress — she was hostess to Mesdames L. Gaylor Hubert, William Nixon, Kenneth Reiche, William G. Siebert, Calvin Gauss Sr., J. G. Hincley and Ray Venderbush.

Mrs. W. Emmett Simms was stunning in a lipstick red jacket suit and red veil with tiny bows in lieu of a hat — she entertained Mrs. Ralph C. Wilson Sr., Mrs. Edward Sweeney and Mrs. Louis J. Curl Jr. Mrs. Dolph Lozelle, Mrs. Richard McLaughlin, Mrs. Alfred Gostow and Mrs. John E. Brennan were together.

Family Movie Nights Start

The Grosse Pointe Public Library's Family Film Night Series begins tomorrow evening at 7:30 with the showing of the great film "The Great Adventure."

This 75 minute film is a recent addition to the library's permanent film collection and is a recent production of the Swedish genius, Arne Sucksdorff. As in most of the other films of this master of photography, this film concerns itself with Nature, animals, and children. Beautifully photographed, the story opens on a dewy dawn of a Spring day on a Swedish farm, and subtly portrays the endless rotations of behavior on the part of creatures and man.

The mother fox preys upon the hen coop to feed her hungry cubs. The farmer, protecting his living, preys upon the fox. The farmer's dog chases the fox cub that returns to steal a hen. A small boy rescues an otter from the frozen pond... and so goes the most unusual of photography, the most natural soundtrack of animals and nature yet recorded.

A very cordial welcome is extended to Grosse Pointe Library patrons and residents of the community to attend, and to children accompanied by adults; the place is the meeting room at the Central Library, tomorrow evening, October 2, at 7:30 o'clock.

Test dressmaker's chalk or carbon marking paper on a sample of fabric before marking a garment to sew. Home economists at Michigan State University say these marks may be difficult to remove from some fabrics with resin finishes.

DR. FRANK A. WEISER, 64, of 235 Charlevoix avenue, died Wednesday, September 9, in Grace Hospital following a stroke.
One of Michigan's most widely known physicians, he was a pioneer in many fields of medicine. He ended his private practice as an internist and diagnostician in 1949 to become the first director of education and research at Grace Hospital. The move entailed a cut in income.
In his position at Grace, he

NOTICE TO RESIDENTS

City of Grosse Pointe Woods, Michigan

Ordinance No. 151 of the City of Grosse Pointe Woods provides: Section 13 (a). No person shall kindle a fire or permit the burning of any material or substance whatsoever on any street, alley, sidewalk or public place.
Leaves, grass and shrub clippings may be burned on a vehicular concrete driveway between the street curb and the sidewalk; provided, the resulting ashes or residue are placed in containers to prevent their being blown about the neighborhood, or to prevent them from entering or being washed into City sewers; and provided further, that said burning is under the control of a responsible person at all times and does not endanger surrounding property in any way.

ADVERTISEMENT FOR TREE PLANTING ON KERCHEVAL AVENUE OCTOBER, 1959

Sealed proposals for all work connected with the planting of ten trees on Kercheval Avenue will be received at the City Hall, 90 Kerby Road, Grosse Pointe Farms 36, Michigan, until 12:00 o'clock noon on Thursday, October 15, 1959, at which time all bids will be publicly opened and read aloud.

Work will include furnishing, planting, guying, wrapping, mulching and protecting ten new trees and, in addition, the providing of fifteen sidewalk openings around the ten new trees and the five existing trees—sidewalk openings to be paved with brick around the trees.

Each proposal must be accompanied by a certified check, bank draft or surety bid bond in an amount not less than 5% of the total bid.

Each proposal must be accompanied by a certified check, bank draft, or satisfactory surety bond in an amount not less than 5 per cent of the total bid price as guarantee and security for the acceptance of the contract. Checks shall be made payable to the Treasurer of the city of Grosse Pointe Farms.

The City of Grosse Pointe Farms reserves the right to waive any irregularities in any bid or to reject any or all bids should it be deemed to be the best interest of the City.

SUMMARY OF MINUTES

SEPTEMBER 21, 1959

Meeting was called to order at 8:00 p.m.
Present on roll call: Mayor William F. Connolly, Jr., Councilmen J. Lawrence Buehl, Jr., William G. Butler, Richard L. Maxon and Edward C. Roney, Jr.
Absent: Councilmen Henry E. Bodman, II, and William G. Kirby. Mayor William F. Connolly, Jr., presided.
Councilmen Bodman and Kirby were excused from attending the meeting.
Minutes of the Adjourned Regular Meeting of September 14, 1959, were approved with minor changes.
The reports of the Police Department and the Controller for the month of August, 1959, were received and ordered filed. The members of the Police Department were commended for their excellent marksmanship at the pistol shoot held on September 17, 1959.
A report on Dutch Elm for the year 1959 was received and filed.
Approval was given to pay Jess M. Gregory Contracting Company the sum of \$3,817.28, as final payment on the contract for street sealing work, and to pay Floris De-meunere the sum of \$3,630.79 as final payment for the widening of Kerby Road.
A communication received from Mr. Wallace E. Clayton, of 248 Ridgmont Road, commending the Police and Fire Departments, was received and filed.
The City Manager was authorized to take bids for top dressing, seeding and fertilizing a part of Kerby Field at a cost not to exceed \$1,200.00.
As a result of notification from the Michigan Blue Cross-Blue Shield that, effective December 1, 1959, the present type of insurance coverage would be discontinued and replaced with a new program known as "M-75" and, acting on the recommendation of the City Manager, the Council approved the coverage for employees known as "M-75 Certified Contract" and increased the City's contribution for such coverage to \$6.80 per month for each regular full-time employee, to partially meet the new increase in rates.
Approval was given to transfer the sum of \$1,200.00 from the Contingent appropriation in the budget to the appropriation for Hospitalization Insurance.
Acting on the recommendation of the City Attorney, a resolution was adopted — in accordance with Section 2 of Act 172 of the Public Acts of 1929, as amended — which, under the Platting Act of the State, will clarify title on certain lots in Assessors Grosse Pointe Farms Plat #2.
The provisions of the Housing Law of Michigan — known as Act 167, 1917, P.311 — were adopted, which will permit the Mayor to take whatever action may be deemed necessary in cases of infested or uninhabitable dwellings.
In order to assure the completion of the work for curb and sidewalk repairs and acting on the recommendation of the City Engineer, the Council approved reducing the amount of work performed by the L. & L. Construction Company and awarding that part of the work to Floris Demuenaere.
Approval was given to prepare plans and specifications and estimates of costs for the construction and repair of sewers at various locations in the City.
On motion duly made, supported and carried, the meeting adjourned at 9:30 p.m.

Double Error Causes Crash

A Detroit woman motorist, going the wrong way on a one-way street, failed to stop for a stop sign and her car was hit by another on Wednesday, September 9, and she then hit an Edison pole at the intersection of Whittier and Charlevoix.

Phyllis E. Gehrken, 43, of 2559 Philip, Detroit, told Park police that she did not realize, until too late, that she was driving south on Whittier, the one-way street. She admitted going through the stop street.

Her car was struck by one driven by Philip Weiss, 49, of 257 Kenwood, who was traveling west on Charlevoix. The woman lost control and rammed the pole, knocking it down.

Weiss' wife, Elinore, suffered lacerations of the left knee and head injuries; their daughter, Suzanne, suffered a bump on the head. Both were taken to Bon Secours Hospital by police ambulance for treatment, and then released.

Michigan has teetered on the verge of bankruptcy before this current fiscal crisis and in those days another "Boy Governor" led the state...

Stevens T. Mason was born in 1811 in Loudon county, Va., scion of a long line of Virginia statesman and land owners...

John Mason was appointed by Jackson to be secretary of the Michigan Territory in 1830 and arrived with his son to take up the post...

Stevens T. Mason, an ardent Democrat, threw himself into the state's campaign for statehood, which hinged on the Ohio boundary dispute...

Mason had been appointed acting governor in 1835 and was re-elected in 1837 in a close contest with Whig C. C. Trowbridge...

Mason was a vital, energetic and controversial governor. He was opposed to imprisonment for debt, against solitary confinement for prisoners...

He was not so fortunate in his fiscal policy. He tried to issue bonds, \$5,000,000 worth, to finance his internal improvement program and ran into trouble...

He retired to New York and died of pneumonia in 1843 at the age of 32. In 1905, belatedly, this first governor was honored by the legislature...

In 1937 Stevens T. Mason, a Grosse Pointe High School athletic star, and captain of the University of Michigan's track team, died of a heart attack, age 21...

This is the season when devoted gardeners must dig up their precious plants and move them indoors and among the most indefatigable of the transplanters is Mrs. Charles B. Crouse...

We had no idea there were so many small bar-yards in the gardens of the Pointe... The Charles McFeeleys are owners of a rabbit hutch which housed a magnificent black rabbit...

Wallpaper or paint is always a decorating quandary. Mrs. James H. Wallner decided on paper for the breakfast room of her Ridgmont road house...

Fall is also the season for waxing and cleaning the family car... a delightful vignette last Monday morning was a very dignified banker type chaffering himself to work down Jefferson in the auto...

The new bouffant sleeves are favorites in the cocktail frocks of the very chic, and very young matrons... Mrs. Robert Kanzler has a strikingly plain black velvet, with the whole interest centered in the billowing sleeves...

PILFERINGS

If you really look like your passport photo, chances are you're really not well enough to travel.

Near Crestline, Calif. a fisherman who ran out of worms and had no luck with cheese finally tried trading stamps. He caught a trout, seven bass and two bluegills.

A former undertaker applied for a job with a Charlotte, N. C., business firm. The application asked: "What did you like most about your previous job? The applicant replied: "Working with people."

Remark at a Beverly Hills cocktail party: "Oh, yes, they've re-done the whole house—even had the pool reshaped."

Pointer of Interest

MRS. DON T. GALVIN, JR., OF WHITTIER ROAD

By Patricia Talbot

Acting the role of a love starved spinster on stage when you are a wife and mother of four ebullient youngsters demands more talent than most amateur actresses possess...

She is currently rehearsing the Deborah Kerr part of Sybil in "Separate Tables," which will be produced by Theater Arts, Fine Arts and the Players on October 8, 9 and 10 for their Drama Festival.

Mrs. Galvin is a Grace Kelly type blond, who will find it a bit of a chore to hide her beauty behind horn rimmed spectacles and the wardrobe of a dowdy English old maid.

But she is not a novice at transforming herself, for last year she made a very convincing wicked witch in Theater Arts' production of "The Wizard of Oz." So convincing was she that her children had to be warned in advance that this was not the way mommy usually behaved.

Mrs. Galvin joined Theater Arts when she was in her teens and a student at the Convent. She has been active ever since. After graduation she went to Northwestern where she studied speech. There she also took up experimental drama, or "the method," much publicized by Marlon Brando...

After marriage she trouped with the Junior League players until the arrival of Anne, who is now seven. Then came Sarah, 5, Thad, 4 and Ward, 15 months. The children put a temporary stop to their mother's drama career, but she has found time to do some parts for Theater Arts.

She finds acting is a good antidote to diapers and bottles, but she has discovered it helps her with the children, too. She often acts out the "three bears"

and other fables for a most appreciative audience of four. "And you do need imagination to raise children," says this attractive mother.

Favorite Role

All actresses, professional as well as amateur, have their favorite roles. Mrs. Galvin is no exception. She loved playing Anastasia, the claimant to the title of last-living daughter of the former Czar of Russia...

Civic Duties

In spite of the fact that acting is her chief relaxation, Mrs. Galvin manages to do quite a bit civically along with running her bright green and white colonial home. She is a director's assistant at the Senior Center, on the UCS women's committee, a member of the Bon Secour Assistance League and on the board of the Convent Alumnae.

Skating Fan

With Mr. Galvin she spends the summer power boating on the lake. In the winter she skis at Mt. Holly and Grampion, but she can't persuade her husband to take up this exacting sport, so as a compromise in the summer they have both become water skiers.

FRENCH DRESSING WITH HERBS

- Contributed by Dr. Alexander Blain III 2 Tb. sugar 1 Tb. salt 1/2 tsp. pepper (freshly ground) 1 pinch of dry mustard 1 tsp. chopped chives 1 tsp. chopped onion 1/2 tsp. chopped parsley 1 dash of red pepper 1 pinch of salad herbs (sweet basil, chervil or borage).

Mix all these together and add half a cup of either lemon juice or vinegar. Add 2 1/2 cups of olive oil (or salad oil). Shake thoroughly and keep very cold. This makes an amount that should last some time. Don't hesitate to add more oil or slightly less lemon juice.

Park Wins MML Award

The Park came out second in its population class, 10,000-40,000, in the Michigan Municipal League Contest for the best annual report to citizens and taxpayers.

The award presentation was made at Mackinac Island, on Saturday, September 12, and was accepted on behalf of the Park by Councilman Charles Ives.

The citation read: "Michigan Municipal League Annual Report Contest to Grosse Pointe Park." "Second place award in class population 10,000-40,000. In recognition of its high standard of informing citizens and taxpayers about municipal activities in the publication of its annual report which is selected by the contest judge for this award from entries submitted by municipalities of 10,000-40,000.

Other Park Officials, besides Ives, who attended the convention, were, City Manager Robert Stone, City Clerk-Treasurer Charles Heise, Herbert Heger, head of the Public Service Department and City Comptroller Nunzio Ortisi.

Church to Hold Pancake Supper

The annual Pancake Supper, held by the Grosse Pointe Woods Presbyterian Church, will be October 9, at the church, from 5:30 until 7:30 o'clock.

All members of the church, and their friends, are invited to come and indulge in "all the pancakes and syrup you can eat." There will also be sausages, apple sauce, ice cream, coffee, tea and milk.

The Gallileans, the married couples club of the church, are in charge of the tickets, which are \$1.25 for adults and 75c for children age 5 to 14. Children under 5 may come free of charge.

Call Mrs. Ann Doehring, PR 8-1536 or Mrs. Bette Washburn, TU 2-7582. Tickets will also be available at the door. A nursery will be provided for toddlers.
