

SCHOOL VOTE SET FOR MONDAY

HEADLINES

of the WEEK

As Compiled by the
Grosse Pointe News

Thursday, October 15
UAW PRESIDENT Walter P. Reuther, in a speech at the UAW convention in Atlantic City yesterday, proposed a united labor strike fund for "historic battles with big business." Yesterday's meeting was devoted particularly to discussion of the 91-day-old steel strike. Also speaking on this subject to some 2,500 convention delegates were I. W. Abel, secretary-treasurer of the United Steel Workers and Senator Stuart Symington (D., Mo.).

Friday, October 16
"FRISON TO PERSON" interview with Mae West has been cancelled by CBS because some of her answers were "too hot to handle." The show was taped in Hollywood with Charles Colingswood interviewing her. It was to be used on tonight's show. James and Pamela Mason will be on the show instead.

In answering a CBS spokesman who said that the interview with her might be misconstrued, Miss West said, "Me, myself clear? I generally make myself clear. I've always been rather frank. Maybe that was the trouble." Mrs. Mason said that she was sure "my husband will be delighted to hear I can stand in for Mae West."

Saturday, October 17
A VETERAN DETROIT NEWSCASTER, Paul Williams, of WWJ-TV, suffered a mild heart attack Friday, during his 6 o'clock newscast. Williams managed to complete the program, though he was in pain. When the program was over, Williams called his doctor, who ordered him taken to Detroit Memorial hospital. He is now in the hospital under observation.

Sunday, October 18
A SECURITY OFFICER of the American embassy was accused by the Soviet Union Friday, of leaving and was ordered to spy Moscow. The State department rejected the accusation saying that the action came after six Soviet officials had threatened the American official and his family and had then tried to blackmail and bribe him into becoming a Soviet spy.

Monday, October 19
RUSSIA'S successful moon rocket, Lunik III, has transmitted the first pictures of the far side of the Moon back to earth, according to Soviet news agency Tass. Sunday, Lunik "completed its first circuit around the Earth," Sunday, on its return trip from the Moon. The satellite is expected to return to the Moon again.

Tuesday, October 20
PRESIDENT EISENHOWER ordered the Justice Department to seek a Taft-Hartley injunction today, to stop the steel strike for an 80-day cooling off period. President of the United Steelworkers, David J. McDonald, said that the union would obey the return-to-work order, if one were issued, but that he intends to fight the injunction request. He will take the matter to the Supreme Court, if necessary. When Eisenhower issued the order, yesterday, he said that it was "a sad day for the nation." The strike that is now 97 days old, has shut off most of the American steel production and has caused layoffs in other industries, particularly the automotive industry.

War Memorial Association Elects Paynter President

At their October meeting, the Board of Directors of the Grosse Pointe War Memorial Association elected new officers for 1959-60.

Chosen as president was former board treasurer, John W. Paynter. Mr. Paynter is financial vice-president and treasurer of the J. L. Hudson Company. Second vice-president is Mrs. Nathan B. Goodnow.

To serve as treasurer, the board selected Arthur P. Bartholomew, Jr., Grosse Pointe builder, was made assistant treasurer. Mrs. Oscar B. Marx, Jr., is secretary with Mrs. Perry TeWalt as assistant secretary.

Special thanks were given to retiring president Charles A. Parcellis, Jr., for his excellent leadership during a period when the Center was faced with many difficult problems. Sincere ap-

Library Pushed Into Hall at Ferry School

Library conditions are far from ideal at Ferry School this fall. With the previous library room now in use as a classroom, Ferry students must do their supplementary reading and research in a temporarily arranged end-of-the-hall library. Distractions such as pictured are many as classes pass on their way to and from gym or other destinations during the day. Loca-

tion of this most important facility elsewhere in the building is impossible as all other space is now in use for classroom purposes. The Board of Education is asking the community to correct such situations, which also exist in other schools, in the October 26 special school election.

Permit Fight Settled By Appeal Board

DePaeppe Plea Approved; Council Will Consider Amending Ordinance

The City Council of Grosse Pointe Woods, acting as a board of appeals under Section 44.9.8 of the Zoning Ordinance, held a public hearing during their regular council meeting, Monday night, October 19.

The hearing was held in regard to the appeal of Alphonse H. DePaeppe of 505 Lochmoor boulevard following a refusal on the part of the Department of Building Inspection to grant him a building permit.

Mr. DePaeppe had planned to build a home on Lot 15 of the Lake Shore "Road Subdivision (known as 521 Renaud road) with side yards of 12 and 11 feet respectively. The ordinance for that section requires a 10 foot side yard on one side with a total of 25 feet for both side yards (or 15 feet on the other side).

After hearing Mr. DePaeppe's case, the Council decided to issue a building permit to him. Their decision was based on the fact that when the zoning ordinance was adopted, it was not intended to change the already existing subdivision requirements.

To avoid any further refusal of building permits for such reasons, the Council is planning to consider an amendment to the zoning ordinance, at the November 2 meeting, that will rectify any error.

It's Homecoming Weekend At GPHS; Dance and Parade To Precede Football Game

Three Senior Girls Candidates for Honor of Being Selected Queen; Winner to Be Chosen By Members of Team

Homecoming weekend at Grosse Pointe High School is but one day away, now, with a dance scheduled for tomorrow night, October 23, and a parade and football game against Monroe, Saturday afternoon.

The three senior girls who are candidates for the honor of Homecoming Queen have only until Friday night to wait before one of them will begin her weekend reign.

Three Girls Chosen

Of the three girls, chosen by the student body during homecoming week ago, one will be selected by the football team to reign over the festivities. The three girls are: Barbara Linden, the daughter of the R. R. Lindens of Fisher road; Pat Moran, the daughter of the

Park to Hold Bike Auction

The Park police department will auction all unclaimed bicycles to the highest bidders on Saturday, November 7, at 10 a.m. It was disclosed by Police Chief Arthur Louwers.

The chief said that about 17 bicycles and other miscellaneous items will be offered for sale on the November date.

According to a city ordinance, the chief said, all recovered items not claimed within three months, are offered for sale at a public auction and the money reverted to the city treasury.

Will Have Floats

The parade, which will go through the Village and terminate at the Fisher road parking lot, will contain numerous floats. Among them are the class efforts, Graduation Day, by the seniors of course, I'm Gonna Be A Wheel Someday, by the Juniors, and Mr. Touchdown by the sophomores.

To Have Check Rooms

Check rooms at the parties will again be maintained by volunteers from the Grosse Pointe American Legion Auxiliary #305 and the Veterans of Foreign Wars, Alger Auxiliary.

Recalcitrant Driver Pens Tender Message on Record

A Detroit motorist, arrested by Park police on Saturday, October 17, for drunk driving, was not a model prisoner while on the way to the station, but on arrival, he was very amiable.

Vivian D. Wright, 48, of 3751 Rolfs place, was driving east on Kercheval, when he ran into the rear of a car driven by Michael R. DeBolt, 23 of 22015 Gaukler St. Clair Shores, who was waiting for a red light to change, at the Cadieux intersection.

DeBolt told police that he saw Wright's car approaching from the rear and tried to move his car ahead to at least lessen the coming impact, but was not successful.

Wright was waiting in his car when police arrived, and when they searched his car, the officers found three bottles of whiskey, all half empty, on the floor of the vehicle. One bottle rolled out from under the front seat while the search was going on, and the two others were found in front of the rear seat.

On the way to the station, in a scout car, one of the officers made an attempt to question Wright, but the motorist mumbled incoherently, all except the profanity used, when he told the policeman, it was "none of your business," and so on.

Wright was ticketed and charged with driving while under the influence of alcohol and causing an accident.

Asked to write a statement for the police record, Wright became most amiable, and in a shaky, hardly legible handwriting, wrote:

"I love my wife—God bless you all."

Proposed Zoning Change Rejected By Farms Council

Cottage Hospital and Businesses Along Mack Will Benefit By Decision Against Stiffening Parking Requirements

A controversial zoning amendment proposal, which would have effected off-street parking for local business and large institutions, was turned down by the Farms Council on Monday, October 20, at least for the time being.

However, another zoning amendment, regulating the type of signs to be erected on business buildings, was adopted, and will take effect within 20 days.

The rejected proposal had been hotly opposed by Cottage Hospital and businessmen in the Mack avenue district, who objected to clauses in the amendment, which they claimed would throttle present and future expansion.

Would Affect Hospital

The institution that would have been most effected, had the amendment passed, is the hospital, which is presently undergoing building improvements.

Hospital officials hope that some time in the future, the institution will become a 200-bed hospital, with more and better equipment.

The present zoning ordinance retains a clause which stipulates that hospitals, of which Cottage is the only one in the Farms, must provide one off-street parking space for each five beds. The amendment would have made it two parking spaces for each bed, which hospital officials said would curtail future growth of the institution, and possibly spell its life or death.

Would Halt Expansion

At a council meeting on September 14, Henry I. Armstrong, an attorney representing the hospital, called the proposed amendment unreasonable. He stated to the city body, that the hospital could not expand to its intended future 200 beds and provide 400 parking spaces.

He told the council, at the time, that the American Medical Association is thinking of changing its present rule, which requires interns to work in an accredited hospital, to making it mandatory that interns must internate in hospitals having 200 or more beds. Hospitals in this category, he said, have better facilities to care for patients.

He pointed out that the hospital, which has been serving the Farms and surrounding communities for the past 40 years, is growing with the city, and has been expanding and adding improvements. However, if the hospital is required to adhere to the proposed amendment, then future expansion is out of the question.

Friends Lend Support

At Monday night's meeting, as well as at past meetings, friends and neighboring residents of the hospital jammed the council chambers to lend the hospital their support, and were as much opposed to the amendment, as were hospital officials, and the businessmen, who also contend the amendment.

Ask Electors For Approval Of Proposals

Increased Millage for More Rooms, Operation Costs And Teacher Salaries

Voters of the Grosse Pointe School District will go to the polls next Monday, October 26, to make important decisions concerning their public school system. A good turn-out is anticipated by school officials inasmuch as record numbers of citizens have taken an active part in informing their neighbors of the educational needs facing the district.

Three propositions will be voted on. One concerns a building and site sinking fund for the construction of necessary additions and alterations to physical facilities. Another asks for additional operating millage to meet increased costs. The third is also with respect to strengthening staff salary schedules. Together they total 3 mills in additional taxes.

Four ballots for some school officials stress that all resident registered voters are eligible to vote on three of the four ballots involved. The building and site proposition will have two ballots, they explained. One of these will be given only to qualified voters who are also tax paying property owners in the district. The other will be given all voters as will the operating levy requests.

This peculiarity concerning the building and site proposal is due to the language of the statutes covering school elections. They dictate that the authority to actually levy a building and site tax can only be granted by tax paying property owners. A favorable vote on both questions dealing with the building and site proposition will be needed if such a sinking fund is to be established. Even though each ballot contains a reference to 3/4's of a mill, it is the same millage in each instance and the total request for building and site purposes is just that—3/4's of a mill.

Polls Open 13 Hours

The polls will be open Monday from 7 a.m. to 8 p.m. They are located in the public elementary schools serving each neighborhood. Voters who are uncertain as to which school is their voting place should telephone the Administration offices of the school system, TU 5-2000, for further information.

"An outstanding job of informing the community about the school system's needs has been, and is being done by hundreds of dedicated citizens," Robert F. Weber, President of the Board of Education said. "Certainly there should be no one in Grosse Pointe un-informed concerning the vital needs of our schools."

"I would like to publicly say that I have been tremendously impressed by the enthusiasm and dispatch with which so many interested workers have attacked this problem. Their zeal, I believe, is one of the main reasons we have long had an outstanding school system and will continue to have one in the years ahead. On behalf of the Board of Education I thank them one and all for the marvelous job they are doing."

Stresses Needs

President Weber went on to underline again the pressing needs of the school system. Basically, he said, they are two—

First, teachers who are thoroughly trained and devoted to the job and second—bricks, mortar, and equipment to provide the proper atmosphere for students and teachers alike.

"To get and keep good teachers we must provide them with an opportunity for financial growth so that they can aspire to a living standard consistent with that of business and professional people in the community," he said. "We evidently have not kept pace with our neighbors and other well-ranked systems elsewhere in this respect for we are losing more and more of our present staff each year to other teaching positions. Also, we find that less than one half of our teachers (43 per cent actually) reside in Grosse Pointe—a fact which may be partially explained by

Two Juveniles Confess To 27 Burglaries in the Park and Detroit

Two Park policemen whose curiosity was aroused by a 16-year-old boy as they passed him in their scout car, stopped and questioned the lad. The end result was that 25 burglaries were cleared in Detroit, and two in the Park that had taken place before the youth was spotted.

Illegal Hunter Fined in Court

Michael R. May of 19005 Ash, East Detroit, was barred from hunting for two years by Shores Judge John Willis on Monday, October 12, who also imposed a fine of \$15 against the man.

May was found guilty of hunting and shooting ducks along Lake Shore road, in violation of Village Ordinance 60, Section 1, which prohibits hunting within the village limits. May's hunting license and gun were confiscated by police at the time of his arrest.

In hearing the only traffic violation case, Judge Willis found Joseph W. Johnson of 3010 Springe, Detroit, guilty of reckless driving on Lake Shore, and levied a fine of \$50 against him.

Trent R. Stephens of 11760 Payton, Detroit, was found guilty of violating Section 5, of Ordinance 84, being in possession of alcohol. The offender, a minor, was arrested while driving on Lake Shore. The fine was \$25.

John Succardo, Box 141, Fraser, was found guilty of improperly placing a street barricade at Lake Shore and Webber lane, in violation of Article VIII, Section 1, of Ordinance 51, and it cost him \$10.

Nab Brothers

(Continued from Page 1) and the patrolmen discovered that the glass of the rear door of the restaurant had been broken, and evidence that the place had been entered.

The 16-year-old confessed to LaPratt and Carroll, that he had broken into the restaurant and had taken the radio. Several minutes later, the officers picked up the 11-year-old brother of the admitted burglar, who the older boy said, was his lookout on his jobs.

Taken To Station

Both boys were taken to the station, where they underwent extensive questioning. The older brother confessed to breaking into a pet shop at Essex and Charlevoix, earlier in the evening, before committing the restaurant burglary. The shop yielded only five dollars in cash, the youth said.

The older brother then disclosed that on October 10, he broke into a Detroit print shop, and burglarized it again on October 13. On October 15, he forcibly entered a Detroit radio store, he said.

Park Police Chief Arthur Louwers said that the 16-year-old had completed a six-month stay at the Boys Vocational School in Lansing the latter part of July, and that almost immediately after he was released, he took up his career in crime.

Admits 25 Thefts

The chief said that when the older brother finished talking, the youth had admitted committing 20 burglaries in Detroit's Fifth Police Precinct, and five in Precinct 15, since his release from Lansing. This information was given to Detroit authorities, the chief added.

Park Det. Lt. Stanley Enders said that he had filed against the brothers in Juvenile Court, on Monday, October 19, charging them with burglary in the night time.

Chief Louwers commended Patrolmen LaPratt and Carroll for their alertness in apprehending the brothers.

GLASS CUTS HAND

Russell Procissi, 14, of 266 Grosse Pointe boulevard, fell on a piece of glass at Moross and Kercheval on Thursday, October 15, cutting his hand between the thumb and forefinger. He was taken to Bon Secours Hospital by Farms police, for treatment of the wound.

School Election Monday

(Continued from Page 1) their relative economic status. "We are experiencing greater and greater difficulty in arousing interest in our teaching vacancies among top-flight candidates. Some 60 of the outstanding young teachers we contacted last spring and in whom our building principals had expressed decided interest evidently did not reciprocate our feelings. They never applied for a position here."

Need Higher Salaries

"All of these things taken together are concrete evidence that our teachers' salaries need upgrading. Our proposal of 134 mills, running from 1960-63, will enable us to strengthen our salary provisions on the average of 2 1/2 per cent a year. This should put Grosse Pointe in a much more favorable competitive position."

The Board president pointed out that this request and the proposal for a 1/2 mill additional operating levy to meet increased costs were the first requests for increases in operating funds since 1957. "By the time our present proposals go into effect, which is over a year from now, it will have been more than 3 years since school taxes were increased," Weber said.

"The vote of last December did not represent an increase, only a renewal of operating levies that had already been in effect for a period of time. I say this so that no one will mistakenly think that increases in school taxes have become an annual event or anything like that."

Taxes Have Dropped

"Actually school taxes have

been dropping just as we predicted in 1956 when we last asked for millage for debt purposes," Weber stated. "In 1957-58 our tax rate for all purposes hit its peak of 23.72 mills. The next year saw a decrease of 2.01 mills to 21.71 and this year a further decrease of 0.38 mills to our present rate of 21.33 mills or \$21.33 per \$1000 of state equalized valuation. Our present proposals will raise the total levy to 24.33 mills or slightly more than 1/2 mill above the 1957 rate. Considering the inflationary pressures that have been acting I think this represents a pretty good job of holding the line."

The Board of Education has proposed to finance its construction program on a "pay-as-you-go" basis if the building and site sinking fund levy is authorized. They point out that the total amount of money involved is relatively small compared to past building programs and that many dollars in interest can be saved if the construction is done this way. All revenue collected by the building and site levy will actually be used to buy bricks, mortar, furnishings and equipment they said.

More Space Needed

The additional rooms and improved facilities planned for elementary and secondary schools alike represent not only space to relieve overcrowdedness but provisions to equalize educational facilities throughout the district. Libraries and music rooms are identified as most essential by school offi-

cialists if Grosse Pointe is to maintain the kind of quality program it has long had. More and better science facilities at the High School are also a must, they

said. Other improvements to the school plant are also planned in the comprehensive program envisioned by the Board of Education.

fresh new beauty

from the only car with

Wide-Track wheels!

A car is a living thing.

And all living things must change.

This is why the creative car builders of Pontiac took the proved principle of Wide-Track Wheel Design and surrounded it with fresh, exhilarating, totally new beauty for 1960.

The prow is styled for excitement.

The horizontal bars bear the artistry of the classical.

The perfect profile comes from just-right proportion, unity, rhythm.

The clean, graceful back contributes character where other cars seem only to reflect confusion.

Its effect upon your attitude toward driving and owning cars can be quite radical.

For you cannot possess this automobile and be anything less than lighthearted. You cannot control it and be anything less than sportive about driving.

You cannot be seen in it and be anything less than buoyantly proud.

With the widest track of any car, Pontiac's width is on the road—where it gives you better stability. Wide-Track widens the stance, not the car.

Sewer Sapping Base of House

The Farms will spend about \$1,800 to repair a sewer which appears to be undermining the foundation of a home.

On Monday, October 19, the city council approved the expenditure after listening to a

petition by William B. Cope of 241 Merriweather, who asked for the repair.

Cope told the council that the present condition of the sewer was resulting in damage to his property, such as breaking of

the driveway and formation of holes in the lawn, some of which, he said, are now two feet deep and wide enough to push through a baseball bat.

In his petition, the home owner stated that heavy rains could easily result in the creation of deeper holes and depressions, creating a potential liability, in that a substantial amount of sandy soil entering the sewer could affect the support of his house.

City Engineer Murray Smith said that in heavy rains, the sandy soil is washed into the now open joints of the sewer, directly in front of the house.

He said repairs could be made easily at an estimated cost of \$1,800, since the sewer pipe is only about five to seven feet deep in the ground, and should be no problem.

Work on this project will be started as soon as possible, the city engineer said.

Lt. Thomas E. Quirk Takes Special Course

FORT SAM HOUSTON, Tex., (AHTNC) — First Lt. Thomas E. Quirk, son of Dr. and Mrs. Edmund J. Quirk, 715 Fisher road, Grosse Pointe, Mich., completed the military orientation course September 2 at Brooke Army Medical Center, Fort Sam Houston, Tex.

Lieutenant Quirk received training in the treatment of battle injuries, care of personnel suffering from combat exhaustion, and preventative medicine procedures to detect health hazards and avoid epidemics. The 28-year-old officer was graduated from Grosse Pointe High School in 1951.

Traffic Officer Needed in Library

Mob Scene? No, just a normal situation in the Grosse Pointe High School library—one of the most used (and useful) facilities in the school. Built 30 years ago with an enrollment of about 1000-1200 students planned as a probable maximum, the library now serves more than 2250 students. Voter

approval of the building and site fund levy in the special school election Monday, October 26 will enable the Board of Education to relieve this situation and provide long needed improvements of this kind throughout the school district.

Lutherans Plan Big Open House

St. James Lutheran Church, McMillan at Kercheval, announces that Michigan Lutherans are completing plans for the largest project of its kind ever undertaken: A state-wide Open House Week.

During the week of November 1-5, special 8 o'clock evening services and meetings with a "Sharing Our Faith in Christ" theme will be held at St. James and all of Greater Detroit's 125 Lutheran parishes and some 150 outstate churches. At St. James a social "Coffee Hour" will follow each evening service.

In Detroit, the kick-off event will be a Youth Rally at 8 p.m., Saturday, October 31, in the State Fair Coliseum, with the Rev. Edward Wessling of Valparaiso University as speaker.

Dr. Oswald J. Hoffman, of the "Lutheran Hour," will address a Mass Rally at 3 p.m., Sunday, November 1, in the Coliseum.

During the week, the state's more than 150,000 Lutherans will visit their neighbors and friends and invite the unchurch-

ed to worship and meet with them in a "Share the Faith" effort.

Guest ministers from all over the country will assist the pastor of each participating parish during the week's programs. Guest missionary, Reverend Arthur Yoss, Executive Secretary of the English District, will be speaker at St. James, according to advice from Pastor George E. Kurz.

This project is the first such a large area has conducted simultaneously under sponsorship of the Lutheran Church—Missouri Synod's Evangelism Department.

The Rev. William Huener and the Rev. Edward Westcott are co-chairmen of Detroit's central committee. Arrangements for the Youth Rally and Mass Rally are being made by the Rev. E. T. Bernthal, the Rev. E. H. Buchheimer and the Rev. T. H. Voss.

Introducing Pointe's Newest Teachers

PRINCIPAL JOHN BRUBACHER, (right), demonstrates to his new staff members some of the audio-visual equipment available for their use at Mason School. From the left are VICTOR GENACANYON, BENNETT LITHERLAND, DAVID THOMAS, and NANCY LEMASTERS. All are newcomers to the teaching staff of The Grosse Pointe Public School System.

Miss Nancy Lemasters was born and has lived most of her life in Warren, Ohio. She attended Bowling Green State University where she received her B.S. degree. While at Bowling Green she was a member of Chi Omega fraternity. She is teaching first grade at Mason this year.

Bennett Litherland, 5th grade teacher, was born in Mitchell, South Dakota. With the exception of two years spent in the U.S. Army, he has lived most of his life in Ohio. He graduated from Bowling Green State University where he received his B.S. in Education; then he went on to obtain a M.A. in School Administration from the same institution.

Mr. Litherland served as an artillery officer during his tour of duty with the U.S. Army. After being discharged from the U.S. Army, Mr. Litherland had a year and half of teaching experience in Ohio before coming to Grosse Pointe.

Mr. Litherland is a member of Phi Delta Kappa and Kappa Delta Pi, educational honoraries.

Victor Genacanyon was born in Fort Atkinson, Wisconsin. His educational background consists of obtaining a B.S. in Special Education at Wayne State University. Currently he is doing graduate work in the area of clinical psychology.

Mr. Genacanyon has spent two years working on research with the National Foundation for Afflicted Infants. In addition he has worked with the Wayne County Child Guidance Center doing guidance work with juvenile offenders. He is teaching the ungraded group.

David Thomas, teacher of music, grew up in Valparaiso, Indiana. He attended high school in this community and went on to obtain his B.A. from Valparaiso University. Mr.

Thomas continued his education and received his M.A. in Music Education from the University of Michigan.

Prior to coming to Grosse Pointe Mr. Thomas taught music for two years in Indiana and four years in the grade schools of Belleville, Michigan.

Mr. Thomas is married and has one daughter.

Hornung Son Returns To Store in Pointe

C. Edward Hornung, son of Clyde E. Hornung, founder of four stores devoted to children's fine shoes, has returned to his firm's shop at 114 Kercheval on the Hill, as its manager. The store originally opened here in 1953.

The Hornung name has been associated with quality shoes for babies, children, boys and girls for three generations. Many Grosse Pointers grew up in the Hornung tradition.

Second thoughts are always best — the problem is to get them to arrive on time.

Gordon Wood, an attorney who spoke on behalf of the hospital at Monday's meeting, presented a summary of an off-street parking survey he made of 46 Wayne County communities, which have ordinances regulating the number of spaces for hospitals, churches and auditoriums.

Requirements Vary
 Spaces in these communities, he said range from one space for every two beds, to one space for every five beds, for hospitals, for an average of one space for each 3.69 beds.

One space for each three church seats, to one for each 15 seats, for an average of one space for each 6.89 seats; and auditoriums, from one space for every four seats to one for every 12, for an aver-

age of one space for every 5.52 seats.

After turning down the controversial amendment, the Farnis council then adopted the amendment pertaining to

signs, which prohibits the erection of any sign, bulletin, or advertising display, that might project 12 inches or more over a public right of way.

These, the ordinance reads, cannot be put up without the permission of the Board of Appeals.

City of Grosse Pointe

TO ALL
Qualified Voters
 CITY OF GROSSE POINTE

The present City Council and officers of the City of Grosse Pointe unanimously endorse and urgently recommend your favorable support for the proposed Charter amendments, to be voted on in the General Election scheduled for November 3, 1959. These amendments, if adopted, will greatly facilitate the City in achieving an effective City Manager form of government.

ON NOVEMBER 3, 1959 . . . **VOTE YES**
 on both Charter Amendments

The Park and the Farms have both achieved success through professional City administration responsible directly to their elected Councils. In our opinion, the impending retirement of Norbert P. Neff makes it essential for the City to reorganize its administration at this time. We urge that the City's electors and taxpayers are entitled to the most experienced and competent administration available at compensation the City can afford. We believe this goal can best be accomplished only if the City's officers are, like those of the Farms and the Park, appointed by and directly responsible to the City Council.

The proposed Charter amendments make the offices of Clerk, Treasurer, Assessor and Constable appointive rather than elective. This follows the lead of the Farms and the Park and will place the City in a position to achieve a more efficient municipal administration.

Parcels Having 2nd Open House

The second Open House at Parcels Junior High School, planned especially for parents of eighth and ninth grade students, will be held on Wednesday evening, October 28, at 8 o'clock.

In order to give parents the fullest possible opportunity to meet with counselors and teachers there will be no business meeting of the Parcels Parent-Teacher Association. The program for the evening will include classroom visitation time and a social hour, with refreshments, to be held in the gymnasium. Many exhibits have been arranged to give parents a better understanding of the work of the various academic departments.

Mrs. John Zolad, mother vice-president of the P-TA, has appointed Mr. and Mrs. Edgar Larabell and Mr. and Mrs. Charles French to lead the hospitality committees for this meeting. They will be assisted by seventh grade room parents.

Other special committee appointments in the Parcels P-TA have been announced. The members of the Mothers' Health Council are: Mrs. Yeatman Vestal, Mrs. Joseph Pohnl, Mrs. David Teague, and Mrs. Hayden Brown.

Serving on the Motion Picture-TV Council are Mrs. Leslie Tapert, Mrs. Frank Hedge, and Mrs. Edgar Larabell.

The representatives from Parcels to the Grosse Pointe P-TA Council include Charles Bege-man, Rupert Atkin, Mrs. Edward Glanz and Vincent Peterson.

The love of other people's money is the root of much evil.

New Dodge Darts Really Eye-Catching

MRS. FRANK MORAN, of University place, stops to look at a bright red 1960 Dodge Dart, one of five new Dodge and Dodge Dart cars attracting the attention of Grosse Pointe area residents this week. They are being displayed on the Parkway next to Jacobson's store, through the courtesy of the Dodge Division of Chrysler

Corporation and the local agency, Canfield Motors, Inc. The parkway has been lighted by Jack Frost. Two chauffeurs are in attendance daily with two other cars, which will either take residents for a demonstration drive, or they can be test driven by those who wish to drive themselves.

Park Purchases New Gas Tank

The low bidder for a 6,000-gallon gas tank for the Park, lost out because the city needed the tank immediately.

On Monday, October 12, the Park council rejected a sale bid of \$1,301 made by the Mel Installation company, because the firm would not be able to make delivery for about two or three weeks.

The second lowest sale bid of \$1,600, made by the Hawkins Equipment company, was accepted because delivery could be had at once.

The council was informed by City Manager Robert Slone, that the present 2,000-gallon tank, located at the rear of the Municipal Hall, near the rear of the city garage, had sprung a leak, and water is constantly seeping in, diluting the gasoline and making it unfit for use.

The city manager said that police and other city owned vehicles were forced to obtain gas from a private service station, which, although gas is pur-

chased much cheaper by the city, than sold to citizen consumers, it is more than the city would pay under contracts.

On recommendation of Mr. Slone, the first bid was rejected, and the second bid accepted.

To Give Talk On Viet Nam

Helen Callbeck, world traveler and lecturer will present her excellent pictures of Viet Nam and relate her experiences and impressions of that area at the Grosse Pointe War Memorial Center, 32 Lake Shore road, Wednesday evening, October 28 at 8 o'clock.

As a teacher in Hanoi, Miss Callbeck's students included government officials, educators, newspapermen and medical men. She was the last American woman to leave Hanoi when it

was partitioned in 1954, going then to Cambodia, Thailand, and Malaya and ultimately back to Japan where she had previously taught English.

After a complete tour of Australia with speaking engagements in every part of the country, she returned at the end of 1958 to the United States where she has been lecturing and showing her pictures since.

Prior to her experience in the Far East, Miss Callbeck studied psychology at the University of Kansas and received her Master's Degree in group social work from Northwestern University. Before going to Japan she did settlement work in Chi-

cago and also taught occupational therapy.

The Grosse Pointe public is cordially invited to hear Miss Callbeck and see her pictures free of charge.

Police Find Embarrassed Driver Had Good Reasons

A bullet in the left rear tire of a car driven by Harry Lewandowski, 42, early Saturday morning, October 17, stopped the motorist, who was "too embarrassed" to talk to Woods police.

Lewandowski did not have a light shining on his rear license plate, as required by State law, and he was driving with an expired driver's license. This was not what he was embarrassed about.

Police had to forcibly drag him out of the car, then gaped at what they saw. Lewandowski was dressed in female attire.

At the police station, it was found that he was REALLY dressed in women's clothing. He was wearing 13 pairs of—ahem—three pairs of br—uh—whatcha call-em, a girdle, skirt, blouse, and jacket, two pairs of lady's hose, and a size 7 pair of pumps, into which he had squeezed his size 11 feet.

When questioned by Det. Sgt. Walter O'Dell and Det. Leroy Tobian, Lewandowski, who is married and a family man, said he liked to wear this kind of apparel because it made him feel good.

The man was arrested on Mack avenue about 4 a.m. on the Saturday date, by Patrolmen Russell Allard and Thomas Kane, who were cruising on Mack and noticed Lewandowski's car "without the proper plate light, and stopped him, at the Bourne-mouth intersection for investigation of a possible breaking and entering.

Lewandowski could not produce his operator's license, but gave the officers his name. He had no other means of identifying himself. He said he had been drinking.

The officers ordered Lewandowski out of the car, but the man refused to obey. Instead, as one of the policemen reached for the door handle, Lewandowski took off at a high rate of speed.

INJURED IN GYM Mary Clark, 13, of 2229 Hollywood, was transported to the office of Woods city physician, Dr. Clarence Candler on Friday, October 2, by Woods police, when she injured the big toe of her right foot during a gym class at Parcels Junior High. The doctor found the injury to be a bad sprain.

Police Find Embarrassed Driver Had Good Reasons

Patrolman Kane pulled out his service revolver and fired a bullet into the left tire, puncturing it, as the man sped away.

Allard and Kane then jumped into their scout car and took after him, and about this time, Sgt. Roland Symons and Patrolman Everett Plumb arrived and they took part in the chase.

The policemen stopped Lewandowski at Mack and Warren, where they pulled him bodily out of his car.

The officers said they searched the vehicle and found a hammer, drills, pry bar, chisel and a putty knife, and decided this needed investigation.

On Tuesday, October 20, Lewandowski was given tickets for driving with an expired driver's license, and for not having the proper light for his license plate, then he was handed over to Detroit authorities who want him for breaking into cars in Detroit and stealing women's apparel and whiskey, and for stealing feminine attire from clothes lines.

Collision Jars Two Motorists

Two women motorists were taken to St. John Hospital on Thursday, October 15, badly shaken up after their cars collided on Mack avenue, between Dorthen and Cook roads.

Woods police said that both cars were going north on Mack and were still in motion when Helen LaFata, 38, of 23008 Avalon, St. Clair Shores, struck the rear of one driven by Theresa Orlando, 63, of 9868 Nottingham, Detroit.

An accident report disclosed that besides being shaken up, Mrs. Orlando suffered shock. Both women were taken to the hospital where they were treated and released.

Warren & Company store, 1520 Washington boulevard, Tuesday through Thursday of this week, had better get on down there today before the exhibit closes at 5 p.m. Sponsored by the Federated Garden Clubs of Michigan, District One, the display features such exciting arrangements as this one under the expert eyes of MRS. Braille Class Has Openings

The American Red Cross Braille Transcription Class is again being offered at the Grosse Pointe War Memorial Center beginning last Thursday, October 15, from 10 to 11 a.m. This course lasts through until June.

Missing the first meeting will not put anyone too far behind. The Center hopes to have a class of 25. So far 16 are enrolled.

The Braille Transcription class is a course for sighted people who are willing to volunteer their time learning to transcribe into Braille the many reading materials (texts and articles) needed by the blind.

Miss Ella McLennan, who is herself blind, is the instructor assisted by Miss Carrie McMillan of the American Red Cross. Classes are held every Thursday morning at 10 o'clock for approximately 25 weeks. In addition to the time spent in class, there is considerable homework. Upon successful completion of their manuscripts students receive certificates from the Library of Congress entitling them to transcribe the many works the Red Cross have awaiting conversion to Braille for the blind to use.

From hand transcription one can graduate to the braille typewriter, but the course at the Center involves no such expensive equipment. There is no fee for the course and the text, slates, stylus, and paper needed only cost about \$6.00.

To enroll or get further information concerning this very worthwhile volunteer effort call the Grosse Pointe War Memorial — TUxedo 1-7511.

The Grosse Pointe Branch of AAUW and the Junior League of Detroit will co-sponsor "The Pied Piper of Hamelin" on Saturday, November 21, at Parcels Junior High.

Mrs. Robert R. Shannon, Children's Theater chairman of AAUW has announced that there will be two performances, one at 10:30 a.m. and one at 2 p.m.

An intensive ticket campaign is being launched by Mrs. William D. Cohan, ticket chairman. AAUW members are appearing at local PTA meetings and other organizations, explaining the program. Tickets will be available at Punch and Judy Toyland, Fromm's, Sullivan's Pharmacy, Harkness Pharmacy and Arnold Drugs in Lake Shore Village.

The benefits of the theater program are two-fold, Mrs. Shannon pointed out. The children of the community are given a opportunity to see a live production and the proceeds from the event go into the AAUW Fellowship Fund.

The fund is designed to give outstanding women who have graduated from the college an opportunity for further study and research.

RAILROAD FEATHERBEDDING: \$500,000,000 LOSS TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman—even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

Bring the City Up to Date

The City of Grosse Pointe is holding an election on Tuesday, November 3. The current administration, most of whom will be running for office again, are more concerned with getting proposed charter amendments approved by the voters than they are with the success of their own campaigns. This may be partially explained by the fact that the majority of the incumbents are unopposed, but it doesn't begin to tell the whole story.

The officials are greatly interested in placing the City in the best possible position to meet the problems that are being raised by the impending retirement of City Clerk Norbert P. Neff, affectionately known to many residents as Mr. Grosse Pointe.

Ever since the old Village of Grosse Pointe converted to City status, the offices of clerk, assessor and treasurer have been elective. The City has been extremely lucky to have had such men as Norb Neff, Neil Blondell and Theodore Osius continually winning election to these offices for term after term. They have done tremendous jobs for their municipalities. The fact that these very men are among the strongest advocates of a change in the administration should weigh heavily in the minds of the voters.

When Mr. Neff retires, the City wants to be in a position to obtain the most experienced, efficient and competent professional administrator that it can afford. The Park and the Farms have both long since recognized that such an administrator cannot function to the best of his capacity if other city officers are, because they are elected for specified terms, in a position not only to withhold their cooperation, but also in a position to completely disregard and/or undermine policies and directives of the City Council.

Changing conditions made it necessary for both the Park and Farms to change over to a council-city manager form of government and, to effectuate such change, make the offices of clerk, treasurer, etc., appointive rather than elective. The council in the City of Grosse Pointe, and the elective administrative officers themselves, are now convinced that such a change is necessary there.

The New York Herald Tribune carried an article on August 30 last, showing that more than 1,600 cities and counties now have the city manager-council form of government, under which a non-political executive is hired to manage the municipality.

A comparison is drawn between running a city on the city manager-council form of government, and the manner in which corporations are run. Michigan law requires that the ordinary private corporation be run by a board of directors elected by the stockholders. The stockholders of private business do not elect the officers. They are named by the board of directors. Michigan now permits municipal corporations to be run in the same way, and the proposed charter amendments to the City of Grosse Pointe Charter are aimed at this objective.

Of course the electorate always has the opportunity of making its wishes known through the councilmen it elects. Under the charter amendments, the electorate would also be assured that the policies and directives of its duly elected council could not be frustrated by an administrative official who would not be answerable to the electorate until the next election, and over whom the council would be powerless to assert direct control.

The fact that all of the present councilmen and the elected administrative officials are backing these proposed charter amendments should be argument enough to make the voters support the proposal. There is nothing unusual or extreme in them. They are merely steps which will place the City administration in a position comparable with the Park and Farms from the point of view of internal organization and control.

We live in the City of Grosse Pointe. We shall be voting for the proposed charter amendments. We hope the other qualified electors will be doing the same on November 3.

Letters to the Editor

Ed. Note: The following copy of a letter written by Senator Harold M. Ryan to State Highway Commissioner John Mackie, was addressed to the editor. As the subject of the letter is of great interest to Pointe residents, the paper is glad to print it.

October 19, 1959
 Honorable John Mackie
 Michigan State Highway
 Commissioner,
 Lansing, Michigan,

Dear Mr. Mackie:
 You have publicly stated that the extension of the Edsel Ford Expressway to Vernier Street will take place sometime during the month of December, 1959. Apparently plans are now under way to have a proper ceremony for this opening.

Traffic on the Edsel Ford Expressway now either enters or leaves at the opening ramps a few blocks west of Dickerson and Harper Avenues. It appears from my observation and examination that both the eastbound and westbound traffic could be extended on this Expressway to a point further east, thus giving the people on the east side a much better opportunity to gain the advantages of this Expressway with-

out waiting until the December date. The Highway seems to be completed and perfected to this point.

Traffic is completely snarled at Harper and Dickerson, and also at the intersection of Harper and Chalmers Avenues this could be eliminated and avoided if both the eastbound and westbound traffic were allowed to either enter into or leave the Expressway at designated places further eastward. Certainly to all outward appearances, traffic that is eastbound could use the outlet near Haverhill and Harper, and traffic could continue eastbound on Harper. Traffic that is westbound could use the entering ramp and inlet at Audubon which is near the intersection of Harper and Whittier. Thus much time would be saved and several highly congested intersections could be eliminated. Allowing the users to use these suggested openings would in no way interfere with any plans for the ceremony in December.

In the meantime, hundreds of thousands of people would gain the advantages that the openings of these extensions would afford, and will be very appreciative of it.

As the Senator of this district,

Advice Offered By Post Office

In anticipation of the increased mailing of parcel post packages to other countries during the coming holiday season, Postmaster Edward L. Baker points out mailing deadline dates which prospective mailers should adhere to for assurance of delivery before Christmas.

"Because of the long sea transit time involved, customs inspections, and other formalities to which parcels may be subjected in the countries of destination, it is recommended," says Mr. Baker, "that mailings be made as early as practicable to assure delivery by Christmas Day."

Senders can be reasonably sure that parcels mailed no later than the dates shown below will reach their destination before Christmas.

South and Central America, Nov. 10; Europe, Nov. 10; Africa, Nov. 1; Near East, Nov. 1; Far East, Oct. 15.

It is our thought that this might be an item of interest to your paper.

To the Editor:
 I would like to commend you for the very fine editorial appearing in last week's Grosse Pointe News. Your article, citing the diligent work and tireless interest of the Grosse Pointe school board and staff employees preparatory to the October 26 school tax election, is only indicative of the calibre of persons we have working with and for our youth.

As a member of three different PTA's in three of our Grosse Pointe schools, it has been my privilege to meet and know many of these people who are continually concerned with the education of our children. The superior curriculum and basic philosophy of the Grosse Pointe school system is indeed something we can be proud of.

I am extremely gratified that my children have the advantage of attending one of the finest school systems in the country. I know other Grosse Pointe families share this same belief and will express their confidence positively in the October 26 election.

Thank you for your concern and interest.

Cordially,
 Barbara Rockstanz,

What Goes On at Your Library

By Jean Taylor

The program of adult activities sponsored by the Department of Community Services of the Grosse Pointe Public School System, under the direction of Mr. Forrest Geary, offers many diverse items this Fall.

If you feel a need for a dusting off, come Autumn, and are casting about for something new and interesting to learn to do, there are any number of possibilities.

Among the new offerings this year is a review of current books, "What America is Reading and Why," given by Mr. Robert M. Orr, Director of the Grosse Pointe Public Libraries, each Tuesday evening at the Central Library. Among the books already reviewed are "The Status Seekers," by Vance Packard and "For Two Cents Plain" by Harry Golden, both of which Mr. Orr tells us, promoted lively discussion.

The enrollment is now closed for this session, but Mr. Orr hopes to continue with a second group early in the new year. Anyone interested may call The Adult Education Center, Tuxedo 5-3808 for reservations in the next class.

Book Week comes early in November this year and this gives us an opportunity as always, to tout the wealth of good literature available for children today. Desirable as it is to introduce children early to their public library, we believe it is equally desirable for every child to have his own book-shelf at home.

To help you in planning such a library, a pre-Book Week program has been planned for Wednesday, October 28 at 10 a.m. in the meeting room of the Central Library. Mrs. Edward Williams, Consultant in Children's Literature, will speak on the subject "The Joys of Lifetime Reading." Coffee will be served and books for boys and girls, both new and old, will be on display.

Mrs. Williams has been a teacher, lecturer and columnist in the field of children's books for many years. In the bookshop which she opened a few years ago in her charming old home in Rochester, Michigan, you will find the cream of books for children, good editions of the old favorites and the best of the recent crop. She knows what young people like and her infectious enthusiasm makes them want to carry home armloads.

All adults in the community are invited to this morning program. If it is to be books for Christmas this year, and what better gift is there, you'll find plenty of ideas among the many titles on display.

The children's department of the library has compiled a list of books for boys and girls, published in the last five years,

How food fads can fool you

By Fred Kopp, R. Ph.

We don't mean there's anything wrong with eating yogurt and wheat germ and so on. They are fine, healthful foods. But here's the rub. Advocates of some food fads promise benefits that diet alone can't deliver. Occasionally, someone with a medical problem will try to solve it by living mostly on cabbage juice or some such thing. Special foods and diets, however, have limitations—can be harmful when improperly used. So if you think there's anything wrong with you, by all means see your physician.

This is the 675th of a series of Editorial advertisements appearing in this paper each week.

which is yours for the asking. This covers books of interest to the sand pile set right through to the early teens. Copies will be available at the charging desks of the three libraries.

It is well to keep up with the new and at the same time not overlook the best of the old. Time-tested favorites, Howard Pyle's King Arthur and Robin Hood, Tom Sawyer, The Wind in the Willows, Grimm, Andersen et al, still warrant a place on every child's bookshelf, and your library will be glad to suggest attractive additions of these perennials.

We'll hope to see you at the Central Library next Wednesday morning.

Raise \$289,600 In Polio Drive

Charley Gehringer, campaign director for the Emergency March of Dimes, said that the total raised during August by volunteers in Wayne County totalled \$289,600.

"We feel that this is not only a tremendous task that our volunteers accomplished in a short time, but it also represents a vote of confidence from the public," Gehringer said.

"We were pleased to mail out checks. Children's Hospital, the Rehabilitation Institute of Gerater Detroit and McGregor Center received \$45,242.72. The hospitals — Henry Ford, Herman Kiefer, Harper, Detroit Memorial and the Respirator Center in Ann Arbor received \$111,920. Bills for appliances, physical therapy treatments and cost of attendants in homes accounted for \$23,887. This is less than half of what we owe these institutions but we are pleased to be able to make such a substantial payment.

"Patient care is sometimes thought of as just 'bill paying,'" Gehringer continued. "Actually it is much more. It really means these days that a whole team of experts have considered each case individually and that rehabilitation treatments are tailored for every patient. This method, developed by the March of Dimes is now being adopted widely.

"I'd like to thank everyone in Wayne County for the fine campaign."

Peacemaker Hurt in Fight

Eric Demrose, 23, of 1437 Somerset, wanted only to be a peacemaker in a Park bar fight on Sunday, October 11, and suffered a broken nose when one of two brothers struck him in the face with his fist.

Demrose told Park police that he was knocked to the floor when he tried to separate Raymond Rose, 22, of 1178 Brys drive, a friend of his; and Thomas Higgins of St. Clair Shores, when they became involved in a fight in Wally's Bar, 15108-10 Mack avenue.

The person who struck him and knocked him to the floor, Demrose said, was James Higgins of 1465 Maryland, brother of Thomas.

Demrose told Park Det. Lt. Arnold Hough that he was sitting at a table with Rose and two other friends, and that the trouble began later, when the Higgins brothers won a game of pool from Rose and another of Demrose's friends. The brothers claimed they were entitled to drinks as winners, but this was denied.

Tom grabbed Rose and challenged him to a fight, and when Rose was about to accept, Walter Foben of 1242 Marius, Ypsilanti, owner of the bar, talked Rose out of it. The bar owner then ordered the two brothers to leave.

The brothers refused to go, and later, when Rose was near the front door, Tom Higgins approached him and the struggle started.

Demrose told Lt. Hough that he had nothing to do with the fight.

He told the officer that all he tried to do was separate the battlers and while doing this, James Higgins joined in, striking him in the face, the blow landing on his nose.

After the brief struggle, the brothers left, and Demrose was taken to Bon Secours Hospital, where it was found his nose was broken.

Tuesday morning, October 13, according to Lt. Hough, the Higgins brothers and Demrose had reached an accord, whereby Demrose would not prosecute if the brothers would pay his hospital expenses. After the agreement was reached, Demrose dropped charges.

However, the lieutenant said, the bar owner refused to accept payment for damages, and said he would press charges against the brothers for creating a disturbance in his place.

Robert L. Biggers, chairman of the benefit concert for the Detroit Symphony Orchestra, November 13 with Jack Benny as violin soloist, announced Tuesday the appointment of Mrs. V. Everett Kinsey and Alan E. Schwartz as coordinators of a special 45-member ticket committee for the event.

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

You early Christmas shoppers (and the number seems to be increasing) will have a chance to find those rare gifts for the difficult members on your list on November 12.

That's the date the Grosse Pointe Memorial Church Women's Association will open the giant biennial Fair. The year alternates with Christ Church for this large bazaar.

Mrs. Ben Beyer is chairman of the Fair with Mrs. Bertram deHeus Atwood, the wife of the church's new minister, honorary chairman.

For the first time in Fair history there will be a special booth for men and boys, headed by Mrs. William L. Yeager. So popular are Fair dinners to retired shoppers that the ladies in charge of all culinary matters have decided to revive the idea. Four years ago patrons enjoyed a roast beef menu and this seems probable again.

The "Pick a Pretty Package" booth, always so attractive to the gamblers (you pay for a mystery package), promises exciting surprises this year, for Mrs. Carroll Boutell has wrapped many imports in gay holiday attire.

Mrs. Joseph L. Hudson, Jr., is directing the midway which will have an electric train and "Mr. Pockets," the clown with prizes galore for the small fry, among other attractions. Mrs. Marion U. Scott will valiantly handle the nursery so that mothers may browse in peace. Mrs. Dale Herndon is in charge of portrait sittings for the Skinner twins, who will again be a Fair feature with their pastel sketches.

Mrs. Henry Bodman is making boot bags (should be a must if this winter's like last) for the House Beautiful booth and Mrs. Albert C. Dickson, Jr., has her junior knitters stitching away at puppet mittens with skunks, mice, whales and dragons promising that the young set won't so easily lose them.

Mrs. Harry F. Sisson is again in charge of the gourmet booth where pints of four-way jam and corn relish are starred. All the gourmet fare was made in the

Will Discuss Bible Gardens

Mrs. John Carritte, lecturer, will be the guest speaker at a general meeting and buffet dinner sponsored by the Women of St. Paul's Lutheran Church, on Tuesday evening, October 27, at 8:30, Chalfonte and Lothrop roads.

Mrs. Carritte's theme will be "Gardens of the Bible." She has spent seven years doing research on this subject. The incentive for this work came from her father, a former dean at St. Paul's Cathedral in Detroit and rector at Christ Church, Cranbrook.

Mrs. Carritte is an active member of the United Community Service as a volunteer on the program of recording for the blind. She is a past president of the Women's City Club of Detroit.

Mrs. Ann T. Riegle, second vice president of the organization, has announced Mrs. Eleanor Horvath as committee chairman for the October program and Mrs. Ruth Williams as committee chairman for the December 8 Christmas program.

Pro Musica Sets Concerts

It is now possible to announce the complete program for the 1959-60 Season of Pro Musica. Following our tradition wherever possible, the Society will present three debut appearances.

Friday evening, November 6, "Camera Concerti" will make its initial appearance in Detroit. This is a 14 piece ensemble, consisting of nine strings, 2 French horns, two oboes and piano with the eminent artists, Walter Tranpfer, violinist and Joseph Eger, French horn in solo roles with this group.

Mr. Tranpfer has just returned as a performer in the Pablo Casals Festival at Puerto Rico, and some Pro Musica members will remember him as violinist in the "New Music Quartet" when the quartet appeared for our organization. An exciting program along Pro Musica lines will be given.

Friday evening, February 26, will bring the debut of the American pianist, William Mas-solos. He has had outstanding praise for appearances in contemporary piano music with major orchestras and in solo recital. He was one of the American pianists chosen by the Ford Foundation for one of its recent grants.

Friday evening, March 25, will mark the debut of the young sensational French tenor, Michael Senechal, in his first American Season tour, 1959-60. He has had great acclaim throughout Europe in leading opera roles and solo recitals. Fortunate is Pro Musica to be able to sponsor his Detroit debut.

At this time, there is no conflict with any other scheduled music activity in Detroit. The programs will be held at the Detroit Institute of Arts at 8:30 p.m. with the customary social hour.

Bazaar to be Held At Senior Center

Junior League's Chief Project Having Event Oct. 27, With All Articles for Sale Made by Seniors Themselves

Plans for the yearly Junior League Senior Center Bazaar have been formulated and announced. The bazaar will be held Tuesday, October 27, between 10 a.m. and 6 p.m. It will include items made only by the Seniors themselves.

This year the bazaar will offer many unusual features. The basement will have, (for the first time), a complete range of Christmas gifts for the kiddies, including a fish pond which should make a great hit with the little ones.

The Garden Booth has been enlarged and promises to be outstanding this year.

Another section, the Pantry, will feature, among other things, the Seniors' now-famous Fruit Cake counter. One of their particular recipes, an old Pennsylvania Dutch one, has been a favorite of Detroiters since the beginning of the bazaar. There will be the usual Christmas decorations with the addition of many new and bright items.

The Seniors themselves will comprise the official hospitality committee, and lending a helping hand will be Miss Frieda Gorrecht, director of the center, and Mrs. Robert Riethmil-

Football Fans Dine At DAC on Sunday

Pointers Gather After Lions Game; Club Has Renewed Sunday Service of Breakfast, Brunch and Dinner For Fall and Winter Season

Dinner at the Detroit Athletic Club was a lure for many Grosse Pointers last Sunday, and particularly for quite a number who had attended the Lions-49'ers football game at Briggs Stadium.

And many were the members who expressed pleased comments that the DAC has resumed Sunday service in the dining rooms—breakfast, brunch and dinner, (the latter served buffet style) seem doubly delicious, they say, after the prolonged summer Sabbath closing.

Mr. and Mrs. Jay W. Smith, of Lake Shore Drive, and their guests, the John Lindstroms, were among those who came after the Lions' game. Mrs. Smith in a smart black wool sheath buttoned up the back, and a cute brown mink beret, and Mrs. Lindstrom in a tweed suit of brown and black mixture.

Among other Grosse Pointers who dined at the DAC after

the game were the George M. Millers and their son, William; the Thomas Marantettes in a twosome; Mr. and Mrs. Richard C. Williams with their guests, the George Horsfalls, just came down for dinner, as did Mr. and Mrs. Talmage C. Hughes and the George Cossabooms. The Oscar Rosasens were with the Gust E. Headblooms, and this foursome went on after dinner to the Cass Theatre to see "Bells Are Ringing".

Voters League Has UN Month

October is United Nations month for the League of Women Voters of Grosse Pointe. The Unit meetings during this month will reaffirm League support to the United Nations. At this time Units will appraise the work of the United Nations.

Mrs. James Graves, Foreign Policy chairman for the League, in explaining plans for the October Unit meetings stated, "The League of Women Voters began supporting the principle of international cooperation in 1920, and in 1923 took the stand that 'isolation is neither possible or desirable for the United States'. In 1932 the League voted to support U. S. membership in the League of Nations. In 1944, when specific plans for an international organization began to take shape in the Dumbarton Oaks proposals for the United Nations, the League undertook an all-out nationwide campaign to win public support for the proposed organization.

In 1945, the League worked for ratification of the United Nations Charter and subsequently for United States membership in several of the specialized agencies. Since then, the League has consistently advocated support of the United Nations as a central element in United States Foreign Policy."

In addition to advocating support of the United Nations and

its specialized agencies, the League of Women Voters has also adopted three other support positions which include:

Support of U.S. trade policies which will help solve national and international economic problems; support of measures to promote international economic development and technical assistance; and support of measures designed to keep the peace through the United Nations and regional defense arrangements.

Mrs. George Brown, president of the local League has invited all women of the area interested in hearing an appraisal of the work of the United Nations and in taking part in the discussion to attend the unit meeting on Monday, October 26, at 1:15 p.m., at the home of Mrs. J. Robert Jessup, 945 Lakepointe.

Weds Thomas Philip Streiff on Saturday in St. Paul's on the Lakeshore; After Reception at Detroit Golf Club Newlyweds Leave for Bermuda

A reception at the Detroit Golf Club followed the Saturday wedding of Patricia Ann Van Houten, daughter of the Russell Dunne Van Houtens, of Harbor hill, and Thomas Philip Streiff.

For the rites in St. Paul's on the lakeshore the bride chose an ivory point de venise lace sheath with cap sleeves and a portrait neckline. A crushed cummerbund of peau de soie accented the waist and a detachable panier of peau de soie cascaded into a chapel train.

A Priscilla Alden bonnet of lace caught her waist length veil of silk illusion and she carried a white orchid and stephanotis with her heirloom prayer book.

Mrs. David VanHouten was matron of honor for her sister-in-law and the bridesmaids were Denise Tompkins and Judy Streiff. They wore smoky bronze velvet frocks with matching Dior headbands and carried bronze Fugl chrysanthemums and ivy.

Russell Reynolds was best man for the bridegroom, son of Mr. and Mrs. John Streiff, of Highland park. Ushering were Russell VanHouten, Jr. and Philip Haddad.

For her daughter's wedding Mrs. VanHouten wore a beige peau de sole sheath and brown accessories with cymbidium orchids.

Mrs. Streiff was in tea blue peau de soie with a Venetian lace yoke.

Following a wedding trip to Bermuda the newlyweds will live in Royal Oak.

SAYS 'NO' TO IKE—President Eisenhower is seeking a southerner to replace former Gov. John S. Battle (above) of Virginia on the controversial Civil Rights commission. Battle, who dissented strongly from a number of anti-discrimination recommendations in a recent commission report, resigned despite Eisenhower's request that he stay on.

END OF THE FLYNN SAGA

This is believed to be last photo of Flynn, made in Vancouver. Estranged wife Patrice Wymore is shown as she broke down in Washington on hearing of his death.

SEES AGAIN — "They're so beautiful," declares Mrs. Duane Vincent in Seattle, Wash., on getting her first real sight of flowers. The 45-year-old housewife, blind nearly all her life, had just received corneas from eyes of Bob Jenness, 12, who died of a motor scooter accident.

ONE OF THE LAST PHOTOS OF ERROL FLYNN—This picture of Errol Flynn and his 17-year-old protegee, Beverly Aadland, was taken at a party in Hollywood last month. Flynn, Hollywood's "bad boy," died in a doctor's office in Vancouver, B. C. He was in Vancouver to dispose of his yacht, Zaca.

AWAITING SENTENCE—Louise May Hunsberger, 18, sits in court in Indianapolis, Ind., before her Oct. 15 sentencing on a manslaughter charge in the fatal shooting of Ben E. Giberson, 41. She had lived with him as a lover, posed as his daughter.

60-TON JUNO H'S PAYLOAD—Before launching at Cape Canaveral, Fla., a technician in the guidance and control agency at the Army Ballistic Missile Agency in Huntsville, Ala., placed the composite radiation experiment payload into a test chamber for a temperature-vacuum calibration test. The payload was sent aloft in a 60-ton, four-stage Juno II rocket. The 91.5-pound, seven-experiment earth satellite was dubbed the "kitchen sink" because of the number of experimental devices it contained.

STARTING OVER—Mrs. Virginia Cerdo, 25, kisses her son, born in Columbus, O., only 24 hours after her four children perished in an apartment house fire. Police think a cigaret caused the fire.

AIRPORT-TO-JET PLANE BUS—This is a sketch of Chrysler's combination airport bus-waiting room-elevator, to carry passengers from the terminal to jet planes at distant ends of the runways. The company has a \$750,000 contract to build it for Dulles International airport, Washington. The "mobile lounge" would save lots of jet fuel by eliminating taxiing, and keep the noise farther away, too.

SOUR PUSS—This cat, owned by Bennett Fowler, Albany, N. Y., was born this way.

BIRTHDAY PRESENT—The baby elephant given to President Eisenhower as a birthday present from French African countries sits a carrot fed to it by the President, who bends over to watch the proceedings. Next to the President (right to left) are J. Lear Grimmer, Washington zoo associate director, and Dr. Jean Rivard, Paris zoo associate director.

QUIZ CONTESTANTS DISAGREE ON ANSWERS—Contestants who appeared on the former "\$64,000 Question" and "\$64,000 Challenge" TV shows disagree on whether they were fed questions and answers before the shows. Rev. C. E. (Stoney) Jackson, Jr., Tullahoma, Tenn., said he never was asked a question on the air that he had not already answered in pre-show warmups — until it was time for him to quit. However, four other big winners denied they received questions or answers in advance: Dr. Joyce Brothers, New York psychologist; Mrs. Catherine E. Kreitzer, Camp Hill, Pa.; Hollywood actor Vincent Price, and Mrs. Myrt Powers, Buford, Ga.

'HOT SHOTS' AT WORK—Fire fighters, including helmeted "hot shots" flown in from Arizona, attack the brush fire inferno near La Canada in Los Angeles county, Calif. At this point the town of Altadena was threatened. Some 1,300 fire fighters were toiling.

FLIRTING? NOT BY A DAM SITE—Vice President Richard Nixon is attentive at dedication of a U. S. Army engineers-built dam at The Dalles, Ore., while beside him wife Pat spices up the ceremony by giving Oregon's grinning Gov. Mark Hatfield a great big wink. Shortly after the photo was made the Nixons went back to Washington.

HUSBAND IDENTIFIED THE BODY—At 5:15 p. m., Georgianna Smith, 50, placed her coat, shoes, purse and a paper bag on the stringpiece of the East river at 18th street in New York City and, as a bystander watched helplessly from a distance, jumped into the water. Identifying the body, her husband told police his wife had been despondent.

CENTER OF U. S. — VFW color guard members put up a flag at ceremonies dedicating the new "Hawaii-made" geographic center of the U. S., in South Dakota, 20 miles north of Belle Fourche, in the far western part of the state.

RESEARCH CHEMIST—Julius B. Counts, a research chemist, skillfully manipulates a hypodermic syringe with his artificial hands as he makes a laboratory test of an infrared sodium chloride cell at the U. S. Army's Aberdeen, Md., Proving Grounds. He is one of some 100 handicapped civilians employed at the Army installation.

CONFERENCE AT CONFERENCE—These three governors at the Southern Governors conference in Asheville, N. C., seem to be conferring on something serious, or maybe next week's football situation. Marlene Kistner, Canada, and Betty Jean Clark, California, are two girls who discovered success while members of Shipstads and Johnson Ice Follies. No other girls offer such a sensational skating routine. Kistner and Clark and 167 personalities with Ice Follies of 1960—at the Olympia Stadium, Detroit, November 10th through 22nd.

READING HIS (PRESIDENTIAL) FUTURE—Since friends are launching a campaign to win him the Democratic presidential nomination in 1960, Rep. Randall S. Harmon of Indiana gets a palm reading in Washington by his secretary, Velma Hulett. The Muncie Democrat came into some national prominence about a year ago when it was publicized that he was charging the government for office rental for use of his front porch as a home district office.

'ADAMANT,' SEZ HE—Steel fact finding board Chairman George W. Taylor (left) and chief steel negotiator R. Conrad Cooper lean across the table in what appears to be a challenging manner in Washington during Cooper's session with the board. Taylor castigated both sides in the dispute as being "adamant" in their stands.

Helping him with his robe is Rev. Hui Cheng, his spiritual godfather and chief priest of the Penang Buddhist association. At the right is Venerable Abbot Sumangalo, the group's religious adviser. Steding will return to his work in Saginaw, but will continue his Buddhist connections.

Blue Devil Gridders Beat Tough Fordson Team, 26-6

"They are small, fast, tough and upset-minded, so look out when you meet them". That's what the Grosse Pointe Blue Devil football team was told by their coaches and the Royal Oak players following the Devil-Acorn game last week.

The Blue Devils found this to be true in a hurry when they tangled with the Fordson team on Thursday afternoon, October 15, on the latter's field.

The Pointers spent 24 anxious minutes before they emerged with a 26-6 victory to notch their third straight Border Cities League win and the fourth in five starts.

A fumble on the first play of the game gave Fordson its first opportunity and it cashed in on it with an impressive 29-yard sustained drive, climaxed by halfback Fred Gray, who plunged over from the one foot line at the 4:30 mark of the first period. J. Baran's conversion kick was blocked by end Al Lang.

Recovers Fumble
Late in the second quarter the Devils tied the score when center Pat Freydl recovered a Fordson fumble on the Tractor 37. Nine plays later quarterback Ron Linclau sneaked over from the one yard line for the equalizer. The drive was stalled momentarily when the Devils suffered a 15-yard clipping penalty. This touchdown was a race against the clock. It came with only eight seconds remaining in the second period. The usually reliable point-after-touchdown kicking artist, Dave Veendaaal, missed the chance to put the Pointers out in front when the boot went wide.

What was said in the dressing room between halves must have been an ear-blower for the Devils came back in the second half, full of confidence and poise, and put down the Fordson uprising and any thoughts it might have had for an upset victory.

Gamble Falls
A Fordson fourth down six-inch gamble on its own 29-yard line was the turning point in the game in the third quarter. The gamble failed and the Devils took over at that point. Al Bolden raced around his own right end and scampers in from the 25 to score on the third play from scrimmage. Halfback Ron Harper threw the key block that cleared the final 15 yards. Veendaaal's kick was good and the Devils held a 13-6 lead after 8:35 of the third quarter.

Fordson fought back gamely but the Devils' defensive gang bottled up the Tractor runners and forced a punt which sailed out of bounds on the Devil 40. A 15-yard clipping penalty on the play put the ball on the Devil 25. A 5-yard penalty pushed the Devils back to their own 20 making it first down and 20 yards to go for a first down as the third quarter ended. On the first play of the final stanza Linclau and end Grant Kurtz teamed up for the picture play of the afternoon. It was a 26-yard pass from Linclau to Kurtz, who snared the pigskin on the Devil 46 and raced to the Fordson 7, where he was brought down from behind by Jerry Chandler. Two plays later Ron Harper raced around his own right end for the Devils' third touchdown. Veendaaal's kick was good and the Pointers held a 20-6 lead with 10 minutes and 13 seconds left in the game.

Wouldn't Quit
Fordson still refused to roll over and play dead. Starting on its own 38, J. Hamood rifled a 23-yard pass to Jerry Chandler on the Devil 38, where he was racked up with a vicious tackle by George Oliver that caused him to fumble. Dave Wark recovered on the spot to halt the threat.

Grosse Pointe was forced to punt and it put the Tractors deep in their own territory on the 27. With the clock ticking off precious seconds and trailing by two touchdowns, the Tractors took to the air, but to no avail. Once again Fordson gambled on fourth down with six inches to go for first down. Fred Gray was nailed hard by

The last two scheduled events of the 1959 sailing season became history on Saturday and Sunday, October 17-18, with the running of the annual Thistle Icebreaker series and the Lightning Fall Invitational series held at Bayview Yacht Club.

The Icebreaker was a hold-over from the week before when it was blown out due to high winds and bad weather. High winds almost forced the cancellation of both series this week but the intrepid die-hards managed to complete the series with only one capsize.

Herman Nickels, 1959 National Lightning champion, was the victim in the first race of the three race Fall Invitational series.

Jim Schudel, of Bayview Yacht Club, placed first, second and third in that order for an accumulative score of 51 1/4 points to edge out Henry Cawthra, of Crescent Sail Club, for first place by four points. Doc Gerald Murphy, of Tawas Bay Y.C., placed third with 44 points.

Lee Sutton, of Crescent Sail Y.C., cracked the monopoly Howard Boston held on the Icebreaker series when he placed first and third in the two race series for 16 1/4 points. Second went to Harvey Fisher of Crescent and third was Charles Robishaud, of Cincinnati, Ohio, but representing the Put In Bay Y.C.

Tie Deprives St. Ambrose Of Share of League Lead

The East Side First Division Parochial title race was flipped into a tizzy over the past weekend when pre-season favorite and defending champion St. Ambrose was tied 21-21 by Servite Sunday, October 18, at Mack Park under the lights.

The tie coupled with St. Anthony's 13-7 victory over St. Catherine, on Friday, October 16, cracked the four-way tie for first place which existed before the weekend games.

St. Anthony now tops the standings with a perfect 5-0 mark. St. Ambrose and Servite are tied for second place with 4-0-1 records and St. Catherine still is within striking distance with a 4-1-0 record in third place.

Lead Looks Big
St. Ambrose appeared to have the game locked up in the late stages of the final quarter. Its seven-point, 21-14, margin, grew bigger and bigger as the clock ticked off the minutes as the Cavalier defense contained a desperate Servite crew. With less than four minutes remaining Servite began to roll and put together a 73-yard sustained drive which was climaxed when Pat Chianetta dived over from the one foot line for the touchdown, with 10 seconds left in the game. St. Ambrose still held a narrow, 21-20, lead and all of Servite's hopes rode on Pat Bonnell's point after touchdown boot, which was good to create the deadlock.

This was one of those high school games you write home about. It was great. Real rough, tough, rock 'em—sock 'em football. The Cavaliers appeared to be the better team, but a fumble in the second quarter, which Servite capitalized on, and penalties which aided Servite's final touchdown, robbed the Cavaliers of victory.

St. Ambrose opened the scoring with a first quarter 67-yard sustained drive climaxed by Manuel Lamprides' one yard plunge. Bill Fournier added the extra point.

Fournier Runs to Score
Fournier carried 22 yards for the Cavaliers' second score and Mike Tank added the extra point to give St. Ambrose a 14-0 lead in the second period.

Lakers Edge St. Florian For First Win of Season

St. Paul won its first football game of the year Sunday by defeating St. Florian 13-12 at Grosse Pointe High School. All of the scoring took place in the first half with St. Florian scoring first.

The touchdown came on the fifth play of the game when Ron Wolinski hit his left end Bob Subach with a 69 yard pass-run. After the extra point was missed the Lakers came right back to tie the score and take the lead on an extra point.

The scoring drive covered 63 yards in 10 plays with Charlie Heiner going the final 10 yards for the marker. All of the yardage was gained on the ground with Butch Cobb, Steve Handlos, and Heiner grinding it out. Following his touchdown run Heiner added the extra point that was to be the difference in the game, the quarter ended with St. Paul leading 7-6.

St. Paul struck as soon as it got the ball to start the second quarter. Once again the Lakers stuck to the ground to go 58 yards in 9 plays. Gary Schick scored the touchdown by sneak in the final yard and the extra point attempt was stopped when Cobb couldn't handle a pitch-out from Schick.

The Lakers wasted no time in getting back in the game. They counted their touchdown by striking through the air again and the same combination that scored the first touchdown got together again. Wolinski hit Subach on the 25 yard line and he went into the end zone with three Lakers in pursuit. The play covered 46 yards. The extra

point was successful but a penalty against St. Florian nullified it. This forced the Lakers to try again and a pass went astray. The half ended with both teams battling at mid field and St. Paul leading 13-12.

Rough Second Half

The second half was roughly played with both teams threatening to score once. St. Florian went 73 yards late in the third period but the drive fizzled out when Ray Martin recovered a fumble on the Lakers 5 yard line. St. Florian recovered a fumble by Steve Handlos at the start of the first period but couldn't get a drive going and was forced to punt. The Lakers took the punt and marched down to the 15 yard line where Subach intercepted a pass by Schick. St. Florian tried to get a drive going once more but their last chance for a win ended when John Aiter crashed into Dan Osowski when he tried to pass. Osowski tumbled and Tim Labadie recovered to preserve the victory.

The Lakers' next opponent will be St. Ladislav who has the same record as St. Paul. St. Lads also won their first game of the season by beating St. Stanislaus 28-6 on Friday night, October 16. The game will take place, Sunday, October 25, at Keyworth Stadium.

Austin Loses To St. Joe's

The Austin Friars extended their losing streak to three games, being beaten, 20-6, by St. Joseph's High on the De La Salle gridiron October 16.

The Friars averaged eight yards for the first five plays and took an early 6-0 lead. A St. Joseph touchdown for each of the remaining periods told the final story, 20-6.

Halfback Art Ochecki drove 50 yards to the Austin one yard line to set up the first Wildcat touchdown. Jim Lysak ran that yard and Bob Hyska kicked for the winning point.

These same two doubled the St. Joseph score in the third quarter. Again, Lysak had only one yard to run. Ochecki scored the final touchdown.

State Popular With Tourists

Michigan's 3,000 roadside picnic sites and its 48 state parks draw almost universal praise from tourists as major vacation attractions of Water Wonderland.

That's the conclusion of an impartial survey taken among 1,000 out-of-state citizens who travel in Michigan.

The questionnaire poll also showed:

More than 90 per cent of the vacationists said they have used Michigan state highway department maps and would like to see them continued.

With few exceptions, Michigan's tourist accommodations were rated as comfortable and moderately-priced.

The random poll, conducted by the Michigan Tourist Information Survey, brought many voluntary comments praising the state's roads, parks, lakes and scenic attractions. Several suggested need for increased camping facilities in parks and recreation areas.

"Michigan is the most wonderful place to go," wrote one

Cleveland tourist. A Chicagoan volunteered, "I have traveled through many states but none can compare with Michigan's roadside picnic tables."

"You have the best roads of any state," an Ohioan commented, noting that he had traveled in a dozen different states.

Only a few said they found Michigan's state parks too crowded or unsatisfactory. One suggested sprinkling of overnight campsites and another asked for more drinking fountains. An Indiana camper expressed fear that dogs were to be banned from state park areas.

Michigan's highway directional signs were rated adequate by most tourists but several suggested that more markers be erected to show mileage between towns and three travelers voiced complaints that expressway cloverleaf signs are confusing.

Results of the survey are to be made available to interested state departments for closer study.

Zoning Board of Appeals

Notice is hereby given that the Board of Appeals will meet in the City Hall, at 90 Kerby Road, on

Moran is a name that has always been associated with Grosse Pointe, for the family owned property from Windmill Pointe to Lochmoor boulevard.

Living today in Moross road is Philip E. Moran, son of Edwin Moran, who was one of eight brothers living in this area at the turn of the century, most all of them farmers. Edwin Moran married a Beaubien daughter allyng the family with another historic French name.

In 1886 on the corner of Seven Mile road and Lakeshore, Edwin's twin brother, Charles G. Moran made his home in an old farm house. Nearer Detroit, Alfred T. Moran, son of the prominent judge, owned a lot near the Hamilton Park racetrack, (now the Joy estate), and Edward Moran was building a house on another lot.

George Moran, who owned the old Grant farmland on the present Moran road, had died a few years before 1886 and at his death a large portion of the land was sold. Richard Moran, his son, lived on the farmland, a raconteur of the old Pointe stories in those days. A Moran was first president of Grosse Pointe Village and an auditor of Wayne County.

Next to the T. P. Hall estate, (now Tonnancour), lived W. B. Moran on a broad ten acre plot with a lawn sweeping majestically to the lake, the finest some said of all the summer lakeshore lawns. W. B. Moran named his house with its broad veranda and distinctive widow's walk "Bellevue". He also owned "Maplehurst" several miles further on and a few farms along the Grand Marais (some of this land later became Windmill Point).

William B. Moran was the son of the late Judge Charles Moran, of Detroit, who was descended from an early French settler. Judge Moran had, with shrewdness and sagacity, held on to his farm until the city had grown up around it. Long before his death it was one of the most valuable estates in the city.

His son was educated at Fordham College, N. Y., and became a lawyer. He was a Park Commissioner. His first wife was Elise Desnoyer Van Dyke, by whom he had one daughter. He was married after her death to Frances Agnes Desnoyer, and the couple had two sons, William A. and Henry D. This branch of the Moran family, whose business and civic interests lay in the city, were for a time only summer residents of the Pointe.

Mrs. William B. Moran was much admired in those halycon days for her special collection of roses. Maplehurst, the other William B. Moran estate, bordered "Clairview", the Parke, Davis stock farm, on this side of Lochmoor. The Morans were one of the few French families to arrive on the local scene early, hold on to their land, and today along Moross road some of their descendants still live on lots handed down from private claims.

who, where and whatnot by whoozit

Our recipe donor this week, Mrs. William H. Edwards, is the proud possessor of a host of cookbooks, most of which she has collected from church groups through the eastern part of the country. The kitchen crews in churches seem to come up with some very toothsome gourmet fare. And proving that cooking and singing are often close complements Mrs. Edwards was Peggy Nolan, before her marriage, sang with Al Donahue, even made some recordings. Before moving to the Pointe she sang in a PTA production in the north side of Chicago. That was her last public appearance!

The fifth grade at Marie School is still agog over the recent journey to Lansing, where they visited the seat of state government and each sat in the governor's chair. Mr. Williams was out of town. All the pupils liked resting in the seat of the mighty but the boys were particularly taken with the local jails. Each of them was given a trial lockup. Nothing serious for they all made the bus back home.

A closely guarded secret, but the Rev. Erville Maynard's best friends usually call him "Spud".

Three Pointe homes will be featured in the Emma Willard House Tours on October 28. Visitors to the Eppa Hutton Heaton's Fisher road home will get a peek at his fine collection of first editions; at the John Lord Booth house the paintings by such French Impressionists as Gauguin, Cezanne and Renoir are the center of interest; and in Dr. and Mrs. Charles C. Merkel's Georgian house the antiques are the main attraction. Tourists should look for Mrs. Merkel's pair of gilded wooden angels, straight from an Italian church.

And speaking of antiques, where else to look but the Junior Goodwill Antique Show beginning Sunday... a distinctive display of pepper pots in delft, willow and mocha, dating from 1800-40... a Chippendale oxbow chest... and a dentist's drill run by a pump in the days before electricity... just a few gems from the show opening in the Goodwill Building, Brush and East Grand Boulevard.

People are talking about the clever fingers of Mrs. Emory Ford, who hooks rugs in lovely hues, one 11 by 13 foot masterpiece with pheasants embroidered, she insists she held on her lap... the welcome door of the Alvan Macauleys, with the stunning blue glass design set in pewter.

PILFERINGS

A refrigeration serviceman answered an urgent call from a tearful bride to come at once. Her refrigerator, she explained, was not working properly and she had guests coming for dinner. When he arrived, she met him at the door with this accusation: "Three hours ago I baked my first cake and put it in the freezer and there isn't even the slightest bit of frosting on it yet."

When a brilliant woman engineer asked her boss for a raise, he objected. "Your salary is already higher than the engineer's at the next desk," he said. "And he has five kids." "Look," she countered. "I thought we got paid for what we produce here—not what we produce at home on our own time." She got the raise.

MRS. ARNOLD W. LUNGERSHAUSEN, OF BERKSHIRE ROAD
—Picture by Fred Runnels

By Patricia Talbot

A concert harpsichordist is a rare artist and when she is also a former librarian and present treasurer of the Grosse Pointe High School Mothers' Club as is Mrs. Arnold W. Lungershausen she is unique indeed.

Mrs. Lungershausen first learned to play the piano and when studying in Chicago became interested in the harpsichord, which preceded the more popular instrument.

A harpsichord is not found in every parlor. For one reason the instrument, of concert size like Mrs. Lungershausen's, costs \$5,000. The music, produced by the plucking of strings, is apt to sound tinny compared to the more mellow tones of the piano and is not to every music lover's taste. The artist must have a good, clean, sharp finger motion to play the harpsichord. But its great charm lies in the fact that many favorite classical composers, such as Mozart, Handel, Bach, Purcell and Cooperin, wrote for the harpsichord, not for the piano on which so many of their works are now played.

Harpsichords Built Here
Some of the world's greatest harpsichords are made right here in Detroit by John Challis. Mrs. Lungershausen has owned seven of his instruments. When a concert harpsichordist wants to give a performance, such as Mrs. L. did last week with the Baroque Ensemble at the Art Institute, the harpsichord must be moved to the concert stage. Mrs. Lungershausen pays about \$30 for each trip her instrument makes within a six mile radius.

Harpsichordists are not as busy as concert pianists. Mrs. Lungershausen gives about four or five performances a year. The rest of the time she's busy with her three children, Gail, 17, Jenny, 16 and Arnold, Jr., 12. Jenny inherited her mother's musical gifts and is a pianist, although she won't follow this career. Her mother advises against it. "She shouldn't spend the rest of her life feeling guilty if she doesn't practise every day." Gail is an artist and Arnold, Jr., hasn't made up his mind although he has a very good lip on the French horn in the Pierce Junior High band.

Librarian Too
Mrs. Lungershausen is a native of Ann Arbor and an alumna of the University of Michigan, where she took two degrees in music. "Since the depression was in full force I went into library work after graduation," she explains. She was a librarian at the Chicago Art Institute and Grinnell College in Iowa. She studied the harpsichord with Philip Manuel in Chicago and Rudolph Dolmetsch in Haslemere, England. Mrs. Lungershausen has played with the Philadelphia Orchestra, the Toledo Symphony, the Detroit Women's Symphony, the Grosse Pointe Symphony Orchestra and the Toledo Choral Society.

She is a past president of the Tuesday Musicale and present secretary of the Chamber Music Society of Detroit. Last spring she helped found the Baroque Ensemble (harpsichord, oboe, cello and soprano) and will give three concerts with this group this season.

The Baroque Ensemble will play the music of the sixteenth, seventeenth and first half of the eighteenth century. The piano came into prominence in the latter part of the eighteenth century and the harpsichord practically disappeared. It was rarely played in Victorian days, but during the first part of the twentieth century a great revival in the harpsichord's popularity began. The instrument is the highest development of the spinet and a close cousin of the Elizabeth virginal. Henry VIII whiled away time between wives by plucking the virginal.

Concert Wardrobe
Historically as well as musically the harpsichord has great interest. Last season Ray McIntyre played the harpsichord with the Detroit Symphony Orchestra. But Mrs. Lungershausen admits that this music is an acquired taste. Her husband enjoys her playing, although he is not talented himself. Mr. L., an attorney, suffers stage fright for his wife, who is thrilled by the concert excitement rather than apprehensive. She has a wardrobe of gowns for the concert stage, especially designed for her by a local dressmaker. Her latest creation is a stark black velvet with long sleeves, accented with a bit of white lace, and dramatic with a sweeping train.

Part Time Artist
In January the Baroque Ensemble will offer another concert at the Art Institute with Albert Tipton, the symphony's first flutist, as guest artist. Mrs. Lungershausen will be adding a new concerto to her repertoire for this performance and fitting in daily practise sessions on her concert harpsichord which dominates the living room of the Lungershausens home.

The rest of the time she will be chauffeuring her children to lessons and appointments, keeping house, cooking meals and generally behaving not like the concert artist she is occasionally, but the mother and housewife she is constantly.

There was an error in the recipe last week for Rusk Torte. In the filling, the recipe should read 2 1/2 tablespoons of corn-starch instead of 1/2 tablespoon.

Church to Hold Teeners' Party

"All you can eat" refreshments, live music by a four-piece band, and special intermission entertainment are promised at the "Hello" Hop to be held Friday, November 6, from 8 p.m. until 11:30 p.m., in the Undercroft of Christ Church.

"All teenagers in the Grosse Pointe area are cordially invited," says The Reverend Charles Moya. "This is not restricted to members of any church or school groups. Everyone is invited. We think it important that acquaintanceship among teens in the Pointe area should extend beyond the bounds of their immediate church and school groups."

The following Grosse Pointe women were pledged to the sororities indicated: Jane Dell Forbes, daughter of Mr. and Mrs. Elton B. Forbes of McMillan road, to Alpha Xi Delta; Diane Nevegold, daughter of Mr. and Mrs. Edward C. Nevegold of Audubon road, to Kappa Alpha Theta; Carol Jean Dunwoodie, daughter of Mr. and Mrs. Robert Dunwoodie of University place, to Kappa Delta; Nancy Loraine Lenz, daughter of Dr. and Mrs. Willard R.
