### City Council

(Continued from Page 1) Mayor Bergmann's daughter, Lynn.

**Neff Paid Tribute** When handing Mrs. and Miss Bergmann their flowers, Mr. Neff commented that it was hard to tell which was which. "That's why Norb's been elected for 42 years," said Mr. Parker. "And still going strong," added Mr. Kenower. It was a humorous tribute that speaks well of the man who is so respected by the people he serves, that he has been elected to a longer continuous term in public civic office than any other official in Grosse Pointe and possibly the entire state of Michigan.

One of the first items in the order of business for the new council, was to, under the auspices of the newly approved charter amendments, appoint the officials who were formerly elected to office.

**Appointments Made** Those offices that were elective and are now appointed by the council are, City Clerk, Treasurer, Assessor and Constable. Appointed to those offices were the men who were originally elected, Mr. Neff, Theodore Osius, Neil Blondell and Arthur Van Becelaere, respectively.

The three councilmen whose terms did not expire with the November 3 election and who are still serving in office are, E. L. Eccleston, Edward Luss and Alonzo Allen. Two other officials who were re-elected in this last election are Douglas L. Paterson and Joseph P. Uvick, Justices of the Peace.

### Chorus

### Store Robbed

(Continued from Page 1) traces on the roof to install burglar alarms," said City Chief of Police Thomas V. Trombly. "With all the territory the police are expected to cover and check at night, they can't be expected to look on every roof in the city for a possible burglar."

**Sees No Connection** Chief Trombly said that he didn't think that Monday's robbery had any connection with the first coin store robbery. A number of men, either known to have taken part in the first robbery, or who are suspects, are already in jail.

Two men, Allen Murphy and Peter Petlowany, who are known to have taken part in the September 10 robbery, were sentenced to long prison terms in Canada just last month. They were convicted for the attempted robbery of a Windsor jewelry store on September 30.

**Two Others on Trial** Two other men are on trial in Detroit this week for possession of the stolen property (from the September 10 robbery) and attempting to sell the same. James Quello Jr.'s trial opened Monday, November 16, before Recorder Judge Schemanske. Essa Philip Rahhal is scheduled to go on trial, today, for the same charge.

Three City police officers acted as witnesses in the Quello trial. Officer Robert Van Tlem, who in the absence of Capt. Andrew Teetaert (who was in Washington in FBI school) was in charge of the City's part in the investigation. Also serving as witnesses were Officer James Cronin and Sgt. John Onstwedder.

## Farms Seeking Better Gas Emergency Service

The members of the Farms Council did not appear satisfied with a report submitted by the Michigan Consolidated Gas

company, pertaining to the service rendered during the recent explosion and fire at the Millsop residence, 242 McMillan road.

On the date of the incident, it was a full 52 minutes, from the time of the call from the Farms Police Department, to the time gas service to the residence was cut and capped.

The council had petitioned the gas firm for a chart containing the location of cut-off valves on local home premises, so that policemen and firemen can shut off the gas supply in emergencies.

The policemen and firemen at the scene of the Buell residence fire, in Provençal road last December, and the Millsop explosion, made futile searches trying to locate outside valves to shut off the gas.

Especially in the case of the Buell fire, the outside valve was difficult to locate because it was covered by soil and grass.

Farms Fire Chief M. William Mason suggested the value of obtaining a location chart from the gas firm, and asked the council to petition for such a map.

The company did not say, in a letter sent to City Clerk Dawson Nacy, and read by the council at Monday's meeting, whether it will provide the city with a chart. However, it did expound the efficiency of service rendered during emergencies and told of the crews available for response on routine calls.

A company official considered the 52-minute service span at the time of the Millsop explosion as "very good," but is not complacent about it. Response to all emergency calls are carefully scrutinized to search out weaknesses that might exist, so that proper changes can be made, the official added.

It was not disclosed whether maps are available.

## Park Submits Traffic Report

A total of 270 traffic accidents, 55 of them non-fatal, (injurious accidents), has been recorded by the Park Police Department from January 1 to October 31, according to a monthly report released by Police Chief Arthur Louwers.

The number of persons injured in the non-fatal cases came to 57. Property damage figure was set at 215.

Auto-pedestrian accidents within the same period, were set at five, all non-fatal, in

which eight people were hurt. Auto-bicycle mishaps were figured at seven, with four being non-fatal, resulting in four injuries, and three causing property damage.

During October, 23 traffic accidents were reported to police, six of which were non-fatal. Ten persons were injured, and 17 of the accidents resulted in property damage.

The report showed that within the 10-month period, 134

accidents took place on streets from Mack to Kercheval, injuring 42 persons; on streets south of Kercheval, including Jefferson, the accident figure was 96, with 27 people hurt; and south of Jefferson, the number was 40 accidents, and 10 hurt.

From the beginning of the year to the end of October, nine drivers were arrested and charged with hit-and-run; nine cases were cleared, and eight persons convicted.

## Court Cases Heard in City

Gerald Lee Kaufin of 18495 Brohl in Roseville, pled not guilty to the charge of reckless driving. He was found guilty and told to pay a \$50 fine within five days of the court decision.

Starr Gazoul of 3067 Seyburn, in Detroit, pled guilty to not having his car under control and causing an accident. He was fined \$5.

Gerald Edmond Englehardt of 4004 Woodhall, Detroit, pled not guilty and was found guilty of not having his car under control. He was fined \$5.

**Schools Now Conducting Science Teaching Project**

A report of the up to date activities in the teaching of science at the elementary school level was presented to the members of the Board of Education at their regular meeting, Monday night, November 9.

The program was presented by three elementary school staff members, Virginia Johnston, first grade, Poupart; Donald Bassett, fifth grade, Barnes; and Jack Darvill, assistant principal at Monteith.

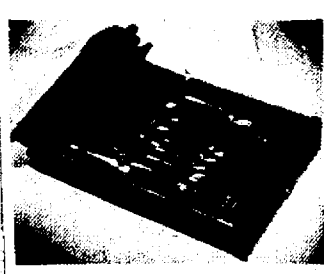

Their purpose was to review the changes which have been made throughout the last ten year period, in text book material, outside source material, methods of presentation and any other factors that have further served to improve teaching techniques in the field of science. It was brought out that ten years ago, science, in the elementary schools, consisted mainly of nature study. And time spent on this was shared with such things as general health education.

Now, according to Miss Johnston, the lower elementary grades spend at least two periods a week on science study a week. In the upper elementary grades, it is at least three periods a week. She also commented that because of pupil enthusiasm for the subject, when the allotted half an hour period was up, the discussion often was continued.

Just this fall, new steps have been taken to increase the availability of scientific knowledge in the lower grades.

During the fall of 1958 and spring of 1959, a number of elementary school teachers from Southeastern Michigan took part in a seminar on science study in the elementary grades. Dr. John Mason of Michigan State University was in charge of this seminar. Included with Grosse Pointe in the study were Lansing, East Lansing, Dearborn and Pontiac.

When the seminar was completed in June, the material compiled by these groups was edited and revised and then printed, more or less in lesson plan form, to be used in the schools this fall. Each group did research in a specific area of scientific study with the results being put into pamphlets on these five areas: Astronomy (done by Grosse Pointe); Atmosphere (Lansing); Water (East Lansing); Space (Dearborn); and Physical Phenomena (Pontiac). The problems now is to determine of how much worth are these pamphlets and the methods embodied in them? In order to find out, the Grosse Pointe school system is using a three

group research method, conducted at each elementary level, one through six.

The first group, the experimental group, is studying the regular course prescribed for that grade and is using the new material as outside sources. The teachers in these classes have not been previously acquainted with the new material.

The so-called control group is studying only the prescribed material for that grade, but in order to compare the two methods, are required to take the same tests as the experimental group.

These two groups are the ones that will determine how effective these new materials and methods really are. However, there is a third group, called the research group which consists of the regular course plus the new material, and is being taught by a teacher who participated in the seminar, and is, therefore familiar with the new material. The purpose of this group is to see what improvements can be made in the material as it now stands.

It was emphasized by Dr. H. Leroy Selmeier, the Director of Public Instruction in Grosse Pointe, that no matter which group a child is in, he is receiving the basic material for his grade.

Dr. Mason makes frequent trips to the Pointe schools to see how the project is coming along and to determine what improvements might be necessary. "Prior to this new experiment, now being conducted in the elementary schools, the knowledge of students entering seventh grade science classes recently, was greatly improved over just a few years ago, according to Dr. Selmeier.

A 17-year-old probationer was brought before City Judge Douglas Paterson, Tuesday October 13, and charged with violation of his probation.

Nichols Daniel Consentino of 1855 Manchester road, already on a six month probation for possession of alcoholic beverages in his car, was found guilty of violating the no drinking provisions of his probation which began August 7.

Young Consentino was a passenger in the car that, on Saturday, October 3, sped at 90 to 100 miles an hour through the streets of Grosse Pointe Farms, City, Park and Detroit. The driver was a 16-year-old Park boy and Consentino was his only passenger.

After being chased by police from the three Pointes mentioned before, running two road blocks, driving the wrong way on a one-way street and being fired upon six times by one policeman, the car went out of control at the corner of Phillip and Vernor and hit a parked car. The two youths were then apprehended by the police. Investigation showed that both had been drinking and five full bottles of beer were found in the car.

The 16-year-old was turned over to juvenile authorities and Consentino was brought before Judge Paterson for breaking his parole provisions.

After consideration of the case, Judge Paterson made the following disposition: that Con-

sentino serve eight days in the City Jail, the eight days coming on successive weekends, Friday night at 8 p.m. until 6 p.m. the next day. This will commence on October 16 and end December 5.

Also, he will be required to attend Church regularly, and continue night school classes regularly. There will be no drinking of alcoholic beverages, no anti-social conduct, and a daily curfew of 11 p.m. must be observed. "I want this boy to attend school and church and to learn to understand the obligations an individual must have to society and the law," said Judge Paterson. "His sentence is meant to be an instrument of rehabilitation rather than a punishment."

Needy Families Sought by Club

The Grosse Pointe Crisis Club is looking for a job, that of taking care of destitute families and people in the Detroit area, especially in the Pointe, according to Shores Police Chief Fred Duemling.

The organization will hold its annual Christmas Ball at the Grosse Pointe Yacht Club on Thursday, December 10, to raise funds to carry on its work.

The group needs the help of everyone, not only by attending at the dance, but in helping to locate families that need assistance, whether financial or otherwise, Chief Duemling said.

Probably the most expensive ballast ever carried by a ship was two tons of gold bars and eighteen tons of silver pesos carried by the U.S. submarine Trout while on a trip from Corregidor to Pearl Harbor early in World War II.

The USS Nautilus is the first submarine with a satisfactory single power plant that can be used for main propulsion both surface and submerged.

The GPCC was organized five years ago by a small group of men, spearheaded by C. A. J. Kotcher, past president; and Arthur J. Schultz, acting president, to help a family of 13 children, all under 17, when their father died.

Today, the club numbers 160 members, and during the past year, handled 50 critical cases, such as obtaining wheel chairs for those who needed them, bought hospital beds, and arranged for TV for the sick, and others.

The Crisis Club meets every second Wednesday of the month at the GPYC, to discuss any charitable cases submitted to the Club Board.

Present officers of the organization are: Arthur J. Schultz, president; Charles B. Hanneman, vice president; Lewis M. Cromwell, secretary; Mike Brunton, treasurer; and Gene Beigneul, recording secretary.

Library Offers Movie Friday

"The Golden Demon" is the second film to be shown in the current Friends' Film Forum series held at the Central Library. The public is cordially urged to attend tomorrow evening, Friday, November 20, at 9:15 o'clock.

The film, based on the famous novel, Konjiki Yasha (The Golden Demon), by Koyo Ozaki, is a story of middle class life in Japan around the turn of the century. Its theme is that of young love thwarted by money—the golden demon—and the consequent storm and travail. The fame of the novel is such that the names of the young hero and heroine, Miya and Kan-ichi, are household words for any separated lovers.

A beautiful color film, its characters are flesh-and-blood people — sons and daughters, lovers and students, business men and women—in contrast to the heroic warriors, ancient barons, and royal ladies of the former Japanese dramas.

The Film Forum is a joint project of the Library and the Friends of the Grosse Pointe Public Library.

**Senior Mens Club Pays Visit to Selfridge AFB**

"I remember when..." prefaced most of the remarks made by senior citizens of Grosse Pointe as they toured Selfridge Air Force Base and its facilities last Tuesday afternoon.

Seeing pheasants scurrying to and fro on the base's expansive golf course, prompted recollections by many, of prior years; years when the area now encompassed by the vital Air Force bastion was a privately-owned game preserve.

In all, 102 members of the Senior Mens Club of Grosse Pointe were treated to an afternoon at Selfridge.

The group motored to Selfridge in busses, arriving there about noon. They assembled and had lunch in the Base Officers Club.

Colonel Charles D. Sonnkob, Selfridge AFB and 1st Fighter Wing Commander, welcomed the Grosse Pointers and explained the base's primary mission—providing air defense for the communities of Southern Michigan and parts of Illinois, Indiana and Ohio.

He explained, too, that although Selfridge AFB was an Air Defense Command installation of the U. S. Air Force, it also housed elements of other Air Force departments and U.S. Army air defense units.

In relating the base's air defense role, the colonel mentioned that the 1st Fighter Group (the Wing's tactical unit) was the oldest and most heavily-decorated Fighter Group in the U. S. Air Force. The Group is equipped today, he continued, with super-sonic F-86 Sabrejets and F-102 Delta Daggers.

Following lunch, the Grosse Pointers reboarded their busses and started on their tour of base facilities at Colonel Sonnkob's invitation.

First, they went to the "Alert Hangars" where they met and talked to the pilots who fly Selfridge's supersonic jet aircraft. They learned that such pilots are on duty "round-the-clock, 365 days per year, ready to answer the 'alert horn' immediately, capable of being air-borne within minutes.

Then, they visited the Engine

**Shores Traffic Violators Pay**

Marilyn M. Ham of 37885 Terra Mar, Mt. Clemens, was convicted of reckless driving by Shores Judge John Gillis on Monday, November 9.

The woman was fined \$75, placed on probation for one year, with the stipulation she is not to drink alcoholic beverages, and she was ordered to report to police the second Monday of each month during the probation period.

A stiff penalty was imposed against Cecil Nash of 5718 Baldwin, Detroit, who was found guilty of violating the State Drunk Motor Law while driving on Lake Shore. He was fined \$100 and his license was sent to the Secretary of State in Lansing. Nash was taken off the road for one year.

John H. Reich of 21124 Parkcrest, Harper Woods, paid a fine and court costs of \$12.50, after he was found guilty of speeding on Lake Shore.

Phillip W. Longley of 22627 Visnaw, St. Clair Shores, accused of ignoring a traffic light at Lake Shore and Vernier, was found guilty, with an additional count of driving into moving traffic at the intersection. He paid a fine of \$10.

Otto H. Wied of 5731 Lakepointe, Detroit, was found guilty of driving contrary to a restricted license. His license had written on it, that if he is convicted of any moving violations, it should be sent to the Secretary of State. The provision was complied with, plus the imposition of a \$15 fine.

Alexander J. Darnes, Jr., of 1594 Dickerson, Detroit was found guilty of speeding, on Lake Shore and paid a fine of \$15.

Harold Pinover of 59 Seward, Detroit, paid a fine and costs of \$17.50. He was found guilty of speeding on Vernier road.

**Ticket Driver In 4-Car Crash**

Carol A. Knowlton, 20, of 611 Higbie place, was ticketed by Woods police on Thursday, November 12, following a four-car collision at Mack and Bournemouth.

Authorities charged the girl with not having her car under control and causing a property damage accident, and set a court hearing date for December 5.

An accident report disclosed that Miss Knowlton was driving south on Mack, when she ran into the rear of a car driven by Emille K. Gillay, 23, of 1837 Allard, which was behind two other cars waiting for a light change at the intersection.

The impact caused the second woman's car to ram into the rear of that driven by Howard E. Jenzen, 33, of 19954 Helen, Harper Woods, which in turn crashed into that driven by Fred P. Athinson, 43, of 2207 Anita.

Miss Knowlton told police that she had seen the stopped cars, but could not stop in time to avoid a collision. No one was injured.

**3 Cars Involved In Crash in City**

Three cars were involved in an accident at the corner of Neff road and Waterloo on Saturday, November 14.

John Carl Nieman, 40, of 833 Kitchener, going south on Neff, stopped for the stop sign at Waterloo and then pulled into the intersection. There, he was struck by a car driven by Phillip Stephens Jr., 16, of 242289 Tuscan, who was driving east on Waterloo.

The impact knocked Nieman's car into the third car, driven by Joseph Dunlay, 45, of 1259 Kensington road, who was stopped for the stop sign on the opposite side of the intersection, on Neff. Nieman's car then jumped the southeast curb and came to rest on the lawn of 686 Neff. His car traveled 55 feet from the point of impact until it stopped on the lawn.

Morris Riley, 16, of 24310 Tuscan, a passenger in Stephen's car, was taken to Bon Secours and treated for injuries to his face and teeth. Stephens was also treated for an injured left knee.

All three cars received damage to the front ends and Nieman's and Stephens' vehicles had to be towed away. Dunlay was able to drive his way from the scene of the accident.

Nieman was given a ticket by City police officers for not having his car under control and causing an accident. Stephens and Dunlay were given witness notices to appear in court.

## Introducing Pointe's Newest Teachers

No one is more proud of Grosse Pointe's newest school building than PRINCIPAL CHARLES SALTZER. He never misses an opportunity to show visitors and newcomers some of Brownell Junior High's interesting features. Here he is showing his new

teachers the building's beautiful entrance and landscaping. From the left are TED CUNIO, RICHARD GALE, MR. SALTZER, JUDITH DAVIS, and SALLY DAVENPORT. The teachers are all newcomers to the Brownell teaching staff this fall.

Ted Cunio was born in Dearborn and was graduated from Fitzgerald High School where he was captain of his football and basketball teams. He came to Grosse Pointe as a teacher of social studies at Brownell JHS after taking his degree from Michigan State University and service in the Marine Corps. Married, the Cunios have a two month old son. Davison and Flint have been home to Richard Gale, who is

a teacher of special students at Brownell. He was graduated from Davison High and Eastern Michigan University. Previous teaching experience includes service in the Royal Oak and Muskegon schools. The Gales have two children, Cherrill, six, and Joan, one year. Hunting and fishing are among Mr. Gale's interests.

The Grosse Pointe Community Chorus gained a new member when Judy Davis joined the Brownell staff this fall. A teacher of French and English, Miss Davis was born in Kalamazoo. She was graduated from Sexton High in Lansing after being selected for the National Honor Society. A graduate of Central Michigan she is listed in "Who's Who in American Universities and Colleges." Other than singing her hobbies include the piano.

The Brownell Librarian is also a graduate of Central Michigan and holds a graduate degree from the University of Michigan as well. Miss Sally Davenport, a native of Kalamazoo, Michigan, came here from the Dearborn Public Schools where she had served three years. She is a member of the Michigan Librarians Association. An obvious hobby is reading, which she greatly enjoys as well as an occasional game of bridge.

During the month of October, two residential construction permits, valued at \$44,000; and seven miscellaneous permits, worth \$34,500, were granted.

The combined permits handed out since the beginning of the year have a value of \$1,296,150.

**G. P. U. S. News Notes**

At a special afternoon assembly the Grosse Pointe University School Fine Arts Department, under the direction of Mrs. Eleanor Munger, presented the fifth act of "The Curmudgeon," a Greek comedy, by Menander, who lived in the fourth century before Christ.

The manuscript of the play was only recently discovered and translated, and the G.P.U.S. performance was, as far as is known, the first on an American stage.

The play itself was preceded by an explanation of the Greek theater by Irving Smokler, a reading—"The Finding of the Curmudgeon"—by Samantha Rosner, and the story of the play by Susan Ford.

Members of the cast were Olin Jennings, Budd Lott, Kit Hoey, Chip Munger, Janet Walton, Linda Heller, George Bolter, Walter Hirschberg, Harold Graham, Philip Angell, Darcy Chandler, Jean Templeton and Joanne Wolfe.

Authentic copies of Greek costumes were made by students under the direction of Mrs. Therese Fleming and through the research guidance of Miss Elizabeth Ferguson and Mrs. Richard Trim. Greek masks for the event were made under the direction of Robert Vaillancourt by the students of the art department.

A model Greek theater, now on display in the G.P.U.S. library, was designed and built by Budd Lott, Chip Munger and Irving Smokler.

Ninth grade students at G.P.U.S. will be strengthening their study habits in the next week or two, it is hoped, as a result of a series of readings and discussions about how to go about the business of study. Serving as the text for the course will be a book called "Study Is Hard Work," by William H. Armstrong, of the faculty of Kent School, Kent, Conn. Headmaster John Chandler, Jr., will guide the discussion of a number of chapters, as will Miss Richardson and Mr. Grimes, the principals of the Upper School. In addition, the ninth grade homeroom teachers and the teachers of English 9 and History 9 will take part in the project.

Seven seniors at G.P.U.S. have been cited for outstanding performance on the National Merit Scholarship Qualifying Test last spring. Each has received a formal "Letter of Commendation." They are Chip Munger, Irving Smokler, Constance Wendin, Robert Love, George Bolter, George Lott, and Marjorie Stockard.

G.P.U.S. was represented at the 11th Annual High School Institute on Democratic Living, at the Rackham Building, Saturday, November 14. The day-long seminar and discussion sessions were sponsored by the Junior Round Table of Detroit, which is affiliated with the National Conference of Christians and Jews.

Morning speaker was Charles Wartman, editor of the Michigan Chronicle. Luncheon speaker was the Rev. Vincent Horikan, superintendent of the Archdiocesan Parochial Schools. Irving Smokler, of G.P.U.S., was group host for one of the discussion groups. Other G. P. U. S. students who attended the event were Penny Court, Carolyn Nyman, Joanne Wolfe, Dena Wright, and Paula Waterman. Faculty sponsors were John Beyer and John Conley.

**Woods Fire**  
 (Continued from Page 1)  
 man Kenneth Metcalf arrived. The officer rushed the painter to St. John Hospital.

Authorities said that the entire kitchen of the house was destroyed, and that smoke damage throughout the house was extensive.

Fire and smoke damage was estimated at between \$7,000 and \$10,000, it was said.

Doctors said Bremner will have to remain in the hospital for at least a week, or perhaps longer.

**THIEF TAKES HUBCAPS**  
 Mrs. LaVerne Rentro of 16100 Liberal, Detroit, informed Farms police on Tuesday, November 10, that she had parked her car at the rear of 18430 Mack, while shopping, and when she returned she found two spinner-type hubcaps, valued at \$35 each, missing from the vehicle.

**MAKES COMPLAINT**  
 Corneal D. Lewis of 28019 Vogt, St. Clair Shores, personally appeared in the Shores police station Monday, November 9, to complain of the theft of a spare tire and wheel from the trunk of his car parked in the Grosse Pointe Yacht Club lot.

**Winter Grabs Leading Role**  
 Well, the first snow of the year has come and gone, and with it went the last thoughts of the recent summer's heat. Those 90 degree days are gone for quite a spell now.

Instead of swimming, thoughts are turning to the ski slopes, and the golfers are putting away their clubs in favor of the ice skates. Bowling balls have been in evidence for over a month.

The dash for antifreeze is on and the snow boot business is booming. Screens have been replaced by storm windows. And look at the wood stacking up for fireplace use on the cold winter evenings.

Thanksgiving is but a week away, and cranberries or no, old Tom Turkey had better be careful or he's sure to lose his head. And all the leaves are gone.

Thirty-six days till Christmas! Only 29 of those are for shopping. The stores are already decked with the gay and sparkling decorations that spell Yule Tide. With the party season so close at hand, many a Pointe kitchen will soon be smelling of luscious holiday cookies, fruit cakes, plum puddings, all of those holiday treats.

Darkness is falling early, the sun comes up later in the morning. Yes, it's hard to remember what the August heat was like now.

Some men are born great, but the man who rolls up his sleeves and wades into greatness commands the most respect.

### Cinema League Makes Awards

The winners of the Annual Amateur movie contest held by the Grosse Pointe Cinema League on November 12, at the Grosse Pointe War Memorial included Miss Esther Porter, 8 mm film in color—"Children's Treat Festival at Dinkersbuhl" held in honor of the children who saved the city from being destroyed by the Swedish troops during the 30-Year War.

The festival has been held every July for the past 450 years. Dinkersbuhl is one of the best preserved cities in Germany and is still surrounded by the 15th Century wall.

Background music was played on the accordion by Ron Riesinger, a student at Grosse Pointe High School.

Dr. Richard Pear won a trophy for his 16 mm film in color and sound "Cypress Gardens." The film features scenes from Cypress Gardens, such as the beautiful girls in old fashions amid settings of tropical flowers, where rare and exotic plants gathered from the ends of the earth form a paradise of beauty and a mecca for over a million visitors each year.

The trophies were presented to the winners by Jack A. Doerr Jr., president of the Grosse Pointe Cinema League, and their names will be engraved on the club's perpetual trophy.

### Ski Convention Starts Nov. 27

The Fourth Annual Great Lakes Ski Convention will be held in Detroit on November 27, 28 and 29th with a program designed to spark the interest of beginning, intermediate and expert skiers. "The great successes of the past three conventions prompted the formation of plans for an even bigger affair."

Nearly 6,500 persons were attracted to the forums, fashion show, movies and dance at the 1958 Convention," said Tom Shanahan, Convention General Chairman, and vice-president of the Metropolitan Detroit Ski Council, sponsoring organization.

With the 1960 Winter Olympics setting the theme, many ski notables will attend the Convention. One will be Gene Kotlarek of Duluth, Minnesota, leading contender for ski jump-

ing honors at Squaw Valley. Gene will take time off from his busy Olympic workouts to participate in the Convention.

A big "kick-off" dance will initiate activities on Friday evening, November 27, at the Dairy Workers Hall, 15840 Second avenue. Two all-star orchestras will play continuous music for dancers in an extra large hall.

Festivities for Saturday and Sunday swing over to the Henry and Edsel Ford Auditorium, located in Detroit's beautiful new Civic Center. Exhibit booths will open at 9 a.m. where ski equipment manufacturers, ski lodge operators, travel agencies, and ski apparel shops will present colorful displays in the Exhibit Area. Other activities include a Youth Program, a Fashion Show featuring the latest in ski apparel, presentation of the Ski Club Queens, two

new Ski Movies and a Ski Club Variety Show.

A meeting of club presidents will be held to discuss any problems pertaining to skiing. Saturday evening will be highlighted by the crowning of the 1959 Convention Queen. She will represent the Central United States Ski Association as "Miss CUSSA" in convention for the title of "Miss Winter Olympics" at Squaw Valley in February.

Sunday's program offers a school for novice skiers, ski movies, social chairman's meeting, Fashion Show, and a repeat of the Club Variety Show. Exhibit booths will be open Sunday from 10 a.m. to 6 p.m.,

### Club to Hold Turkey Shoot

The Grosse Pointe Farms Trapshooting Club will hold a turkey shoot, Saturday and Sunday, November 21-22, at the Farms Municipal Park.

## Grosse Pointe News

### From Another Pointe of View

By Patricia Talbot

A patron at last week's Grosse Pointe Memorial Church Fair asked chairman Mrs. Ben Beyer, looking very perky in spite of her chores, if she wasn't so exhausted she would have to depart for a long rest.

Exhausted no, said Mrs. B., but departing yes, and on such a trip! Thanksgiving Day she will fly with Mr. Beyer to London and from there to Cairo, with the Belgian Congo their ultimate destination.

Ethiopia, Nairobi and Mt. Kilimanjaro are on their itinerary. They will hire a car and driver and should be in Kenya for Christmas. In January they will visit Capetown, Johannesburg and Victoria Falls.

The Beyers, who have visited missions around the world on previous trips, had hoped to journey into the interior to see Dr. Albert Schweitzer but the trip is much too difficult and takes too long. They will see some missions in Africa.

Before flying home in February the Beyers will spend about ten days in Italy. Packing for the trip will take real skill for on the small luggage allotment they must have a wardrobe for the tropics and cold weather, particularly since Mrs. B. is allergic to nylon.

### Holiday Travelers

Most Pointers will not be traveling to darkest Africa on Thanksgiving but travel is on the holiday agenda.

The Edwin O. Bodkins will be in Rydal, Pa., as guests of former Pointers Mr. and Mrs. Henry H. Hubbard.

Mr. and Mrs. Richard Webber, who are vacationing in Pinehurst, N. C., the famous golfing spa, will be staying in that sunnier climate over the holiday.

The David Wallaces have already left for their Delray, Fla. home and will not only be away over Thanksgiving but Christmas, too, planning to be back in their Lewiston road home about May 1.

Mr. and Mrs. Albert C. Dickson will be spending the holiday in Gulf Stream, Fla., with her mother, Mrs. Henry B. Steinbach.

### Turkey at Home

Here at home there will be a gathering of the clans, as usual. The George B. Duffields will have the family for cocktails before going to the Country Club for dinner. With them will be the George William Duffields and Mrs. Duffield's mother, Mrs. L. Edward Hart, of Chicago.

Mr. Hart is an avid duck hunter and will remain at the Chicago Duck Club for the holiday. This week-end Mr. Duffield will be joining him for some shooting.

The Philip C. Bakers' wedding anniversary falls on the day after Thanksgiving so the celebration in their family is a dual one.

This year the David Gambles and Mrs. W. J. Parker, Mrs. Baker's mother, will be eating turkey at the Bakers home in Oxford road. The group will reunion at Christmas at the Gambles. After dinner they will all drive to the Ford Auditorium for the Symphony concert on Thanksgiving night.

The Owen C. Frosts will welcome his mother, Mrs. Edward J. Frost, of Auburndale, Mass., and their son-

## High School's Yule Tea Set for Dec. 1

Mothers' Club Sponsoring Annual Event in Gymnasium; Candlelight Procession of Robed Choir to be Featured

Residents of Grosse Pointe and their neighbors who mark the annual High School Christmas tea as the traditional opening of their holiday season, will be away to an early start this year.

To avoid any conflict in a busy community calendar, parents and the public are invited to be present on Tuesday, December 1, at 2:30, when a candlelight procession of the robed choir will enter the new gymnasium to present a program of Christmas music under the direction of John Finch.

Following the musical program tea will be served under

the sponsorship of the Mothers' Club.

This year's decorating theme is keyed to angels and a color scheme of gold and white. Mrs. Jack Frey, serving as hospital-ity chairman for the event, has been in charge of a committee fashioning the hundreds of small gift and white angels to be presented as lapel decorations to those attending. Mrs. Paul Mawhinney, chairman of the decorating committee, has correlated the tea table decorations which will feature angels with feathered wings and head-dress centered on the green covered tables and flanked by trees decorated with gold tinsel, white roses and gold leaves.

At either end of the tables will be white styrofoam bases holding candles wound with white roses and gold leaves.

Mrs. Cullen Kennedy will decorate the stage, before which the choir will perform with banks of green trees as a simple background for the illuminated manger scene.

Mrs. Larry Tisdale, general chairman for the tea, has designed the clever and artistic invitations which will be sent to the parents of students at the High School and wishes to extend a cordial invitation to the public to attend as well. Assisting Mrs. Tisdale are the following chairmen: Mrs. Harry Bradshaw, coffee and tea service; Mrs. Michael David, concession room; Mrs. Parker Stough, food; Mrs. Byron Schram, Hi-Y and Y-Teens; Mrs. James Lafer, hostesses; Mrs. Bruce Nichols, table-setting.

Grosse Pointe High School, its administration, faculty, student body and parent organizations hope to wish all a "Merry Christmas" and show their appreciation for your interest and support.

Brunch Followed by Award Presentations and Saturday Show; Follies Stars Attend Party at Club Before Matinee Performance

Dick Dwyer, male skating star of the Saturday, November 15, performance, was their host at the brief behind-the-scenes viewing—then the lads and lasses, members of GPYC's sports committee and parents went to their seats for the gorgeous Follies ice show.

## Plan Roundup For Y-Teens

Pre-Thanksgiving roundup for Y-Teens from all senior high schools in metropolitan Detroit will take on the character of a reunion and serve also as an occasion to pay tribute to newly ordained honorary Y-Teens and past honorees.

Stated for Saturday afternoon, Nov. 21, the two-hour celebration (1 to 3) will feature presentation of pins and badges to two Detroiters intimately associated with youth work in the metropolitan area.

A Y-Teen from Central Branch YVCA will "pin" Miss Grace McPherson, former Y-Teen advisor and assistant vice-chairman of Central Branch Board of Management. Miss McPherson is principal of Mumford High School. An Oakland Branch Y-Teen will offer her the honoree's scroll.

A Downriver Branch member will present Inspector Francis Davey's of the Detroit Police Department's Youth Bureau, with his pin and he will accept a scroll from a Lucy Thurman Branch Y-Teen.

Both Miss McPherson and Inspector Davey thus accept the status of honorary Y-Teen.

Around 300 senior high schoolers are expected for the jamboree, which opens with registration and gets into action with group singing led by John Lewis, area director for Detroit Department of Parks and Recreation. Done up in Western regalia, Lewis will swing into "Oklahoma," "Yellow Rose of Texas" and other North-of-the-Border favorites.

Three past-honorees: Don Large, of WJR; Fran Harris, women's editor of WWJ and WWJ-TV; and Myrtle Labitt, women's commentator of CKLW, will be introduced by Billie Jean Brown, president of Y-Teen Metropolitan Council and Mary Ravitz, vice-president in charge of the mid-winter Y-Teen Conference. Each of the past-honorees will give a one-minute "challenge," and a report from the National Y-Teen Conference will be heard. Miss Annetta B. Eldridge, Metropolitan Executive Director, will comment on Y-Teen accomplishments and ideals.

Meditation in song will close the ceremonies.

Carlie Springer heads the roundup committee, her co-workers including Mary Ravitz, Billie Jean Brown, Claudette Ruger and Barbara Kolb.

Apropos to the season, western decor will achieve a characteristic atmosphere. Burlap and a red-and-white checked cloth will cover the refreshment table, where cider and doughnuts will be dispensed. Cactus and mums will center the board and a water bucket with dipper will hold the cider.

Among those Y-Teens planning to attend the Roundup are Grosse Pointe girls: Pegi Jeffs, 344 McKinley, Sharon Qualls, 561 Ballantyne road; Carol Carbone, 487 Lakeland; Penny Dittin, 1200 Grayton; Susan Hykes, 459 Rivard; Dorothy Hyne, 419 St. Clair; Karen Warmbold, 830 Whittier; Mary Asmus, 242 Beaupre; Karen Jensen, 290 Hillcrest; Carolyn Dorn, 753 Rivard boulevard; Gail Lungershausen, 849 Berkshire road; Virginia Pierce, 1761 Broadstone; Joan Vermeulen, 716 Balfour; Judy Corriveau, 1477 Dorthen; Susan Carl, 422 Manor;

## Dispute Settled By Youngster

By Sarah Evans

In a suburb like Grosse Pointe, which has residents from many branches of the automotive industry—past, present and future—people are very car conscious. Look at all of the antique auto collectors who clug around the streets of our fair city in classics of myriad makes.

Also, cast an eye at the bright and shiny new cars, already racking up the miles around here. But no one seems to pay much attention to those beat-up specimens that are neither antique nor brand new. Lots of people still drive around in relics of the late 40's and early 50's.

In fact, on one particular street over in the Park, there is a friendly argument going on between two ladies, living on opposite sides of the street—the subject, whose car is the most "beat," if you'll pardon the expression.

One drives a blue and white 1953 Ford, which has a radio that plays only when it feels the urge and windows that do not roll gently down but kerplunk after many vigorous turns of the handle. It makes occasional trips to the shop for minor details. It is affectionately known as the "Blue Bomb."

The other auto is a bit older, but still running like a young pup, in warm weather anyway. The cold has brought back a slight asthmatic condition. It is a big fat 1948 Chrysler. It has what some people refer to as "clunk-o-matic drive." It is silver, (the silver anniversary Chrysler of '49), and is affectionately called the "Silver Bullet."

The Bullet and the Bomb have been the butts of many neighborhood jokes and have produced many sparring sessions between the proud owners. But the final blow came the other day.

The young son of the lady with the "Blue Bomb" was telling his mother that he had seen one of the ladies from across the street, up in the village.

"Which one?", asked his mother.

"The one with that funny looking car," the boy replied innocently. (He is about the same vintage as the funny car, incidentally.)

Well, the owner of the "funny" car got a good chuckle out of the story. The dear old wreck had been insulted before. She thinks that the youngster's comment proves what she already knew. The "Silver Bullet" is the funniest and oldest of those nondescript middle vintage cars on the street. But the "Bomb" is a very close second.

There will be many prizes which have been contributed by the neighborhood merchants, as has the food for the buffet lunch which will be served.

All types of card games will be played and later in the evening there will be dancing.

The party is open to the public for a donation of \$1.50.

Helen A. Samaras is the party chairman. On her committee are Stephen Angelescu (club chairman), Nancy Dilloway, John O'Neil, Joan Buelens, John Pollard, Thomas Calahan, and Gloria Moriarty.

## Center Holding College Dance

A warm welcome awaits all Grosse Pointe College students when they return home this Thanksgiving from their various campuses whether near or far. The Grosse Pointe War Memorial Association is presenting its annual College Homecoming Dance on Friday evening, November 27 from 9-12 o'clock.

This will be an excellent opportunity to get together with old friends and former schoolmates, compare notes on college activities, and make plans for the coming Christmas holidays.

Connie Malcolmson and John Hartz will be heading a group of local collegians who are laying plans for this Reunion Party. Roston Clark's orchestra has been engaged for the evening and the refreshments and decorations have been planned.

Invitations have been mailed to the homes of all Grosse Pointe Collegians with the request that parents forward the cards to their sons and daughters so that they may make plans in advance of their return. A good gaud crowd is expected. The dress is informal but does require heels for the girls and suits for the boys.

HOUSEHOLD HINTS For a cool, crisp salad, home economists at Michigan State University suggest you chill the salad dish before serving.

## AAUW to Hear Book Reviews

Mrs. James H. Graves and Mrs. Robert H. Snyder will review "J. B." and "The Last Christian" for the Contemporary Literature group of American Association of University Women when it meets Tuesday, November 24, at 7:45 p.m. at the home of Mrs. Edward F. Gehrig of Balfour road. Mrs. Arthur C. Neidow will assist as co-hostess.

Grosse Pointe AAUW urges that qualified women who may be interested in furthering their education under the AAUW Fellowship plan communicate with Mrs. Sheldon Drennan, TU 2-8984. These fellowships are unrestricted as to age, field, or place of study.

They are granted to candidates who have already received their doctorate, and who show distinction or promise of distinction in their fields of study or research.

Now studying on an International AAUW grant at Wayne State University is Miss Annette Van Den Hoek of South Africa, who holds a degree from the University of Pretoria. She is studying methods of teaching deaf children to speak.

Look beyond your own troubles and you'll see the sunshine.

## The 'Welcome Mat' is always out at Abbe..

It has been said: "Proof of the puddin' is in the eatin'" . . . That's why we like prospective customers to talk to our customers whom we have served over a goodly number of years. It's nice to enter a place and feel that old-fashioned welcome extended to you. It always seems to us at Abbe, that folks like more than just strictly business . . . that in most of us there is a desire to feel that we have been of genuine service to someone else.

We, of course, are printers of newspapers and

4-color circulars and cater to the publishers in a modern atmosphere. We have been busy installing new equipment that is the last word in the rotary field so that we can keep abreast of the times. We are constantly adding to this equipment which in turn has meant new buildings, which in turn keeps more people busy in and out of our own industry. We like to improve and we like to serve, which makes a happy environment.
