A 90 TO 2 VOTE of the U.S. Senate, yesterday, ratified the new security treaty with Japan. putting it officially into effect. Immediately afterwards Japan's Premier Nobusuke Kishi announced that he intended to resign his office. As soon as the Senate gave its approval of the treaty, U.S. Ambassador to Japan, Douglas MacArthur, II, and Foreign Minister Alichiro Fujiyama, in Tokyo, exchanged ratification documents. It was feared the Japanese leftists would try to prevent MacArthur from entering the foreign office in Tokyo. But the arrangements were kept undercover and the event went off without any trouble from the demonstrators.

The U.S. now has 11 satellites in orbit around the earth. Russia has two.

A TRAILER TRUCK, loaded with 10,000 gallons of gas, went out of control rounding a curve when a tire blew out near Pontiac yesterday. The trailer tipped and spread gas over the highway. It ignited, catching the trailer, the truck, roadside trees and poles afire. One man was seriously burned and three others barely escaped fatal For July 6 others barely escaped fatal burns. A pickup truck ran into the flames before it could step.

The apartment, from which nesday, July 6, in the Founthe bar fell, is occupied by producer Martin Gable and his Broadway-TV actress wife, Ar-Iene Francis. Miss Francis cancelled her stage performance in Westport, Conn., and returned to the city to comfort Mrs. Rodecker. The Rodecker home is at 18051 Hamilton in Detroit.

A \$25 A DAY LIMIT has been placed on House members' spending accounts by the House Administration committee, yesterday. It was the first step in the cleanup drive, launched after the Knight newspaper's revelation of how some of the taxpayer's money was being spent on entertainment, by Congressmen. The new move will be effective on July 1. Committee Chairman Omar Burleson (D. Tex.) called on all Congressmen to "limit their expenses to the strict scope of official business.'

MICHIGAN CONSOLIDAT-ED GAS CO. will continue to supply the Ford Motor Co., with as much gas as it does now. When it was revealed that Ford intended to buy gas from Panhandle Eastern Pipe Line Co., Consolidated said that the loss of the Ford account would increase prices for residential gas customers. Panhandle Eastern offered a lower bid, so Ford has decided to buy "a portion of its natural gas requirement" from them, maintaining its present business with Consolidated.

Saturday, June 25 A BILL that will put an end

to "reduced rate cruises" for Congressmen aboard United States steamships was passed in the House yesterday, and sent to the White House for the President's approval. The cruises have been publicly subsidized. Author of the bill, Senator John Williams, (R. Del.) has been trying to push the bill through the Senate for five years.

Four times, it passed the Senate but failed to pass the House. This time, the House approved (Continued on Page 20)

Soaring mid-summerlike temperatures sent hordes of Pointers to the five municipal beach parks in near record numbers. Even weekday crowds are running larger than usual as evidenced in the above picture of the Farms beach. So far swimming has not been curtailed because of water pollution but in past years the season.

Shores, Farms and City have been forced to close temporarily and it usually is the hottest day of the summer. The Park and Woods have remedied the pollution problem by building chlorinated pools thus guaranteeing its citizens swimming every day of the

Sometimes gentlemen (and ladies, too)

should prefer bonds...

Because of the daily excitement that stocks create with fast-action quotation changes, bonds often go unnoticed. That is unfortunate, for there are attractive bond issues which would fit snugly into the portfolios of many gentlemen (and ladies, too).

There are, of course, many different types of bonds, some of which offer decided advantages for investors. For one thing, bonds usually provide a fixed, regular income. They normally are less subject to fluctuation than common stocks. And there are tax-exempt bonds which can be advantageous for those in higher income brackets.

We have complete information about the characteristics of the many bond issues available to investors, so why not stop in, and talk about bonds. You may find that you prefer them.

This is where a wild ride with a 17-year-old youth as pilot, ended up in Grosse Pointe Woods on the night of June 20. Even the garage, looking much like a pumpkin moonshine, appears slightly irked at being so un-kindly nudged. It belongs to J. B. Zim-

King Honored By President

Charles Henry King of 1304 Somerset road, dean of the Detroit College of Law, has been nominated by President Eisenhower to the Federal Communications Commission.

The nomination was made Monday. King will serve one year and complete the unexpired term of former Chairman John C. Doerfer. Doerfer had served seven years on the commission, but resigned recently when it was learned that he had accepted yacht trips from the broadcasting executive George

King, 53, no newcomer to government, served as Michigan manager for the unsuccessful 1952 campaign to draft Ohio Senator Robert A. Taft for the Republican nomination for President. That same year, King was also an unsuccessful candi-date for the Michigan Supreme

Michigan's two Democratic Senators Philip A. Hart and Patrick McNamara, when asked in Washington, said that they had no advanced knowledge of the appointment. King, however, had been notified some weeks ago by David Kendall of Jackson, who is serving as special counsel to President Eisenhower, of the impending appointment. Kendall is a former Michigan Republican national committeeman.

In the event that the Senate would not have time to act on the nomination, King will serve on a recess appointment until January. When asked if he know whether I would want to of \$17.

Sometimes gentlemen (and ladies, too) should prefer bonds...

> Because of the daily excitement that stocks create with fast-action quotation changes, bonds often go unnoticed. That is unfortunate, for there are attractive bond issues which would fit snugly into the portfolios of many gentlemen (and ladies, too).

> There are, of course, many different types of bonds, some of which offer decided advantages for investors. For one thing, bonds usually provide a fixed, regular income. They normally are less subject to fluctuation than common stocks. And there are tax-exempt bonds which can be advantageous for those in higher income brackets.

> We have complete information about the characteristics of the many bond issues available to investors, so why not stop in, and talk about bonds. You may find that you prefer them.

Accoster Jailed By Park Judge

Emmanuel A. Gibbons, 29, of 9366 Georgia, Detroit, was sentenced to 10 days in the Wayne County Jail on Saturday, June 25, after he was found guilty of accosting.

Gibbons received the jail term following a hearing before Park Judge C. Joseph Belanger, who found the man guilty of accosting a 17-year-old Park girl, as she was walking near her home.

Police said that the girl was accosted on Thursday, June 23, moor and Kenmore. by Gibbons who tried to get the girl into his car, and when she refused to pay any attention to him, tried to block her way in the driveway of her home.

After Gibbons was repulsed, he drove off, and the girl called police, giving them a description | speed. of the man and the license number of his car.

Gibbons was arrested two days later, after the license number was traced to him, and he was taken to the Park station and a warrant was issued charging him with accosting.

At the hearing, Judge Belanger promised jail terms to all persons brought before him and found guilty of this type of offense. He said that he will never im-

pose a fine against such offenders, because serving a term in jail is more apt to discourage persons of this type. When an accoster is fined, he pays, and is free to roam again, the judge

July 5 Deadline For Registering

The last day Michigan citizens can register to be eligible to vote in the August 2 primary is Tuesday, July 5.

According to Secretary of State James M. Hare, the additional day is allowed when the "thirtieth day preceding" any such primary falls on a Saturday, Sunday, or legal holiday.

Election law requires that on this date, July 5, the township or city clerk "shall be at his office or in some other convenient place" between the hours of 8 o'clock a.m. and 8 o'clock p.m. for the purpose of registering voters.

'Many clerks have established other registration hours to take care of citizens in their communities," Hare said. "To avoid waiting in line at the last minute we suggest that people register at once and take advantage of the special help many registration clerks are offer-

Success and Shame

Once again the Grosse Pointe War Memorial Association has been able to announce that its goal has been reached in the annual Family Partcipation Fund Raising Campaign. This year the quota needed to balance the budget for operational and maintenance expenses was \$50,000. This amount was finally realized last week, nearly a month after the official closing of the drive on Memorial Day.

While it is gratifying to be able to report that the drive is a success, there is also considerable cause for shame because of the annual struggle which seems necessary to get this worthwhile project completed.

Here is a magnificent property that was presented to the community by Mrs. Russell Alger and her family for the purpose of honoring those who served and those who died in World War II. Funds raised in a campaign to build a public library as a memorial to those dead heroes and live veterans, were used to restore and adapt the present Center. The original and closely-adhered-to purpose was and is, to have a living memorial that would serve all the residents. It seemed reasonable to expect that when one family gave the nucleus for this project, a building that would cost more than a million to reproduce, located on a perfectly beautiful lakefront site, that the majority of the residents would be eager to participate in its development and maintenance.

But year after year the story has been the same. A handful of wealthy citizens have assumed a great share of the financial burden, if it can be called such. A band of dedicated volunteers has done the legwork, the telephoning, the mailing of solicitations which are required in a fund raising campaign of this kind. The professional staff has worked overtime with the volunteers to try and make the goal by the so-fitting deadline, Memorial Day. We have been with the project since its inception and we can't remember a year when this lofty aspiration has been realized. Sometimes, it has taken until late in the fall before the quota has finally been reached.

This year a total of 3,740 residents contributed to the drive. It is heartening that this figure represents a new record high for the number of donors. But it is rather disgraceful that such a small percentage of the community's more than 60,000 population saw fit to participate.

The extremely varied program of activities offered by the Center, is well publicized each week in the calendar published in this paper and the monthly announcements sent to all members. The program is designed to give something to all groups and individuals of all ages. We think it does a wonderful job, and whether or not we personally avail ourselves of these opportunities, we take immense pride in the fact that they are available, and that we have had some little part in making it so.

We hope that this list of contributors will continue to grow each year, and we urge those who have not familiarized themselves with the great role which the Center plays in our community life, to pay a visit to the lovely Italian Renaissance mansion on the lake, stroll through the memorial gardens, expose themselves to the atmosphere of the place, and read the names engraved on the bronze tablets. This is truly a living memorial, which we all should support, every year.

Letters to the Editor

TO THE EDITOR:

safety inspection program in the public and parochial schools.

This program requires hun-

dreds of police man hours, materials and prizes. The school safety officers desire to thank the many individual citizens who contributed the means to purchase prizes and materials, without which the program could not succeed.

As coordinator of the program, I wish to thank the Grosse Pointe News for the splendid publicity required and received, the Grosse Pointe Lions and Rotary Clubs of Grosse Pointe for their annual contribution which makes possible the distribution of many thousands of Dear Sirs: pieces of safety literature which was necessary to the success of

the program. I am positive that each individual or service organization has, through their splendid participation, saved one or more lives. For this, we of the Grosse Pointe and Harper Woods Police Departments, are deeply grateful

Very truly yours, Arthur E. Louwers Coordinator

TO THE EDITOR:

I have been reading with great interest your articles on he Grosse Pointe Property Owners Association.

Before coming to Sun Valley seven years ago, I lived in the same house in Grosse Pointe for 22 years with my parents, the Frank W. Bucks in Pemberton road.

In the seven years I've been here I would like a penny for every person that has asked me where I'm from. When I reply I'm from Grosse Pointe, Michigan, they (people from all over the world) either had been patrol boys of Grosse Pointe there or knew of it, and said, 'What a lovely place.'

I'm pleased to be a believer in the Association and their aim of keeping Grosse Pointe a you from the police depart-wonderful place to live in or be from!

It is the last item which is of concern to many households at this time of year. We suggest a few titles which will help to keep young people of various ages active and content during the summer months.

We are fortunate in Grosse Pointe to have the lake at our doorstep. Whether you stay at home or are vacationing near water, you'll find helpful books about swimming, fishing, boating and sailing for all ages.

"Learning to Swim" by N. B. "Your Book of Swimby Margaret Jarvis, "I Like Diving" by Thomas Eadie and "Skin Diving and Exploring Under Water" by John Sweeney, are designed to make the reader at home in the

Fishermen are made early in life through such books as "Let's Fish" by Harry Zarchy, "The First Book of Fishing" by Steven Schneider and "The Boys' Complete Book of Fresh and Salt Water Fishing! by O. H. Rodman.

Sailors begin early too. "The First Book of Sailing" by M. M. Lineawaver and "The Boys' Book of Outboard Boating" by Tom Parsons, will make an admiral out of junior in no time.

For the mechanicaly minded and the do-it-yourself frater-nity, there is "A Boy and a Motor" and "A Boys' Book of Tools" by Raymond Yates, "Make It Yourself" and "Make It and Use It," both by Bernice Carlson and "Make It and Ride It" by C. J. Macginley.

· For the boy or girl who likes to grow things we suggest "The First Book of Gardening" by Virginia Kirkus, and two books costs \$1,084,400 an hour.

The varied questions that are | by Millicent Selsam, "Play with

Projects" by Lillian Frankel, may prove life savers when confronted with the plaint . . . "But there's nothing to do!" For small children "What Shall I Do?" and "Playtime for You" both by W. G. Schloat, provide some interesting answers.

Young people of twelve and over who like to see a bank acount grow, will get ideas from "Dollars for You; 150 ways for boys to earn money" by A. A. Paradis, and "How to Make Earthworms Pay' by Tom Par-

If mother would enjoy a rest from the kitchen occasionally, the young fry of either sex would no doubt be proud to display their culinary ability. Two well-known authors in the adult field of cooking stand ready to help them, with the "Cook Book for Boys and Girls" by Irma Rombauer, whose "Joy of Cooking" is a must in many households, and a book with an identical title by the famed Betty Crocker.

Acting is always fun. For the young thespian there is "Act It Out" by Bernice Carlson, a "Handbook of Skits and Stunts" by Helen Eisenberg and a monthly periodical "Plays" which includes non-royalty, one act plays only, for ages 7-17.

A summer film program for boys and girls will be held each week at all three libraries, Thursdays at 10 a.m. at the Park Branch, Fridays at 10 a.m. at the Woods Branch, and Fri-day afternoons at 2 o'clock at the Central Library. This was begun June 23 and continues through August 12. A list of the films to be shown is posted at each library.

One American in Four Has This Disease

By Fred Kopp, R. Ph.

Physicians call it obesity, but it's just as unhealthy if we call it pounds — too many pounds. In some places a chief cause of early death is malnutrition but in this country the Grim Reaper's number one helper is over-eating. Overweight people subject their heart and blood vessels to undue stresses and strains. Every ounce of ex-cess flesh is a menace to health. Which is why so many of us diet today. And those of us who are wise see a physician first. We, as professional pharmacists, know how effective a doctor's advice can be.

A CRISIS ... whether it arises from something small (a missing coin) or from something big (a rainfall) seems to always bring out the best from designers. And when it comes to a rainfall he'll love these London Fog raincoats. One style boasts an attractive lining . . . it's the wash and wear type in natural or green. Outstanding feature . . . they never need to be cravenetted! Kilgore and Hurd, specialists in gentlemen's attire.

IT'S TRUE that June is the month for brides . however, the rustle of white taffeta and the smell of orange blossoms goes on every month of the year. The bridegroom can be confused and flustered . . . but when he steps into Pongracz Jewelers and Silversmiths his frustrations will diminish because he will find Traub's new Orange Blossom one half carat diamond and engagement ring . . . IN THE JUNE 25 issue of Business there's an article entitled, "Connoisseur Preaches Gospel of Good Wine" . . . it's the story of Alexis Lichine. Lichine is more than just a wine merchant . . . however, all his interests are in connection with wines. He is expanding the U.S. market for fine wines. Here, on the hill, it's Hamlin's Market, who receives many of his wines . . . especially the chateau-bottled classified growths of Bordeaux and the prime wines of Burgundy. It's true that his has been a continuous "drum beating campaign" . . . Lichine likes the idea that wine drinking is a virtue and is just part of good living "and he has sought to strip it of its mystery without dimming its glamour."

Boat Club's 66th Regatta Attracts Big Sailing Fleet

The Detroit Boat Club needed only ten more boats in its 66th annual sail regatta last Saturday, June 25, to break the all-time entry record, set by Bayview Yacht Club two weeks earlier. A total 180 boats competed.

Rear Commodore Chuck Fitsimon said, "We would have Nicol-Runnells. BYC (3:05.11 made it if the Lightning class made it if the Lightning class 2.43.23). Faicon, Clare Jacobs, BVC had turned out in force like it Taylor, DYC (3:08.27 - 2:46.49); Vitesse 11, Nort Taylor, DYC (3:08.27 - 2:47.17). had turned out in force like it always has in the past." For some strange reason the Lightning class had only ten boats out as compared to previous regattas when it rivaled the Performance Handicap Class D yachts for the biggest single class turnout. Normally 18 to 20 of the little 19-footers bounce acress the starting line.

Taylor, DYC (3:08.21 - 2:31.11).

CLASS B—Bikini, Liwyd Ecclestone, Jr. BYC (0.0VERALL WINNER - 3:16.22 - 2:42.57); Comanche. Carter Sales, Jr., GPYC (3:16.28 - 2:42.57); Fleetwood, Bill Hanson, BYC (3:19.36 - 2:45.51); Unit Class Trunch (BYC (3:25.09 - 2:51.16); Whisper, Milt Cross, Jr., DYC (3:22.01 - 2:56.32); Fantasy, Bob Ford, GPC (3:32.44 - 2:38.51); Candide, Coe. Grow. Fiscus. BYC (3:37.05 - 3:05.44).

Bortoletti Wins Again Al Bortolotti, the scourge of the Raven class, continued his amazing unbeaten streak, Al has sailed his "Nauti-gal" over the finish line first in five straight regattas to hold a commanding lead for the season championship in that class.

Hans Hatcheck's big sloop "Tamara," sailed by Nils Lucander, out of Bayview, showed her transom to the rest of the Cruising A fleet over the 15 mile triangle. While Moon Baker's "Touche II," Toot Gmeiner's "Apache," Clare Jacobs' "Falcon II," John Nicol's "Last Straw" and Norb Taylor's "Vitesse" battled among them-"Tamara" slipped off by

del's red-hot sloop "Grace Note" for honors in the Cruising C division by a fraction less than three minutes. Keydel, past commodore of the Detroit Boat Club and the Cruising Club of Detroit, wanted to win his own regatta so badly he could taste it, but still was happy with his finish Lecause he recalled he nailed Hanson the week previous for class honors in the Mills Trophy

Bobby Roadstrum's "Cotton tired of finishing behind Sid Marsh's "Indian Drum" and for the second time in five regattas danced over the line in first place. Roadstrum is the oldest veteran in the Privateer class, not in age but the length of time he has sailed the "Cotton Top" in the class. He is one of the original Privateers who change hands many times while he and his beloved "Cotton Top" still remain married.

CRESCENT CLASS: Walter Roney, CSYC; Charles Keresztes, WPYC; Don Leighton, CSYC; Dick Hill, CSYC; Earl Zuehlke, CSYC; Art Churchman, GPSC. Top" still remain married.

Guy McNaron's "Sally K" has the L Class well in hand these days and posted her third victory in five starts to take the lead for the season title in that class.

Wes Weidrick Wins Wes Weidrick finally got his

new Lightning in the groove and bounced a small but exclusive fleet for the first time this year. The post regatta party was

wonderful as usual and Commodore and Mrs. Bob Roger were the guests of honor at the Commodore's party. Windwagon skippers will

have a busy Fourth of July weekend competing in two regattas in three days. Commodore Bob Ford's Grosse Pointe Club will be the host at next Saturday's, July 2, regatta. Commodore Stanley Janson will host the fleet at the th annual Windmill Point Yacht Club regatta on Monday, July 4. Both regattas start at 10:30 a.m. and will be sailed over the regular DRYA race course on Lake St. Clair.

WOODS-SHORES 2nd Half Standings nd Hair State National League W

Dodgers 1 Phillies 0 American League Tigers 2 Senators 1 White Sox 0 Yankees 0

With the start of the second alf of the Woods-Shores Babe Ruth League season this week, two teams that finished well down in the first standings are tied with the perennial leaders, the Cardinals and Tigers, at two victories each. These teams are the Braves in the National League and the Indians in the American circuit. Whether these challenges are serious will be better known when these teams meet the leaders in head-tohead combat.

National League

In the entire first half of the season Bert Libby's Braves managed to win only one game. They have already exceeded that record with two victories after only one week of play in the second half of the season. They received a five-hit pitching performance from southpaw Gary Spade to down the Giants, 8-6. Doug Winkworth, the losing Giant hurler, allowed only four hits, but had trouble with his control. Then the Braves outslugged the Dodgers for an easy 10-5 win. Tom Reed was the winning hurler for the Braves with young Dick Crawford

tagged with the Dodger loss. The pace-setting Cardinals managed to stay even with the fast-stepping Braves with a four-hit pitching performance from Dan (The Fan) Paull and a three-hitter by Jack (Whizzer) Whitney. Paull's steady pitching ous 14-10 with Critchfield dobrought him a 4-0 shutout over the Phillies. Terry Kasiborski, pitching well for the Phillies, held the powerful Cardinals scoreless for five innings, before the Fostermen rallied for four

The hard-hitting Redlegs jumped into a quick 6-2 lead against the Cardinals and they had Manager George Foster as nervous as a long-tailed cat in a room full of rocking chairs After the Cardinals got over the jitters they drove the Red-legs' starting pitcher, Don Ross, from the mound and tallied 20 additional runs for a 22-6 victory, Bob Phillips and Dan Paull each hit long triples, while Jack Whitney smashed a home run to help his own cause.

Upset of the week was the 3-1 victory of the Giants over the Phillies. The surprising thing in this game was the five-hit pitching performance of 13-year-old Joe Portera for the set with their 6-2 defeat of the Redlegs. Young Johnny Gates was the winning L. A. hurler. American League

The Indians started off the second-half season with a thrilling 8-7 victory over the Red Sox. The winning hurler was John Zimmerman who limited the Sox to five hits. Jim Cunningham was tagged with the loss for the Red Sox. Two nights later the Indians clipped the White Sox, 7-5, with Bill Zemmin the winning pitcher. Jack Pioch, although allowing but five hits, was the losing White Sox pitcher.

The Tigers began the second half with an easy 8-1 win over the White Sox. Mike Frederick was the winning Tiger hurler, allowing the Sox but three hits, The Tigers picked up their second win at the expense of the Yankees, 11-5. Gary Shirella received credit for the victory. The Senators had a split for

the week, defeating the Yankees 6-5, and then bowing to the Red Sox 5-3. Greg Moser was the winning Senator pitcher with Jay Piech taking the loss. John Gilmour won his fourth victory for the Red Sox against one loss. The biggest upset in the American League came in a make-up game between the

Tigers and Senators. Behind the steady five-hit pitching of Marsh Moser, the Senators handed the Tigers their second defeat of the season, 8-6. With this defeat the winner of the first half in the American League is still uncertain, Only by playing more postponed games from the first half of the season can the winner be deter-

Manager's Game

Once again the managers and coaches proved to everyone's satisfaction that they talk a much better game than they play. Playing with the handicap of George (Blooper Ball) Foster on the mound, the National Leaguers went behind 8-0 in the very first inning and spent the the Southeastern Michigan rest of the afternoon trying to catch their breath as well as the American Leaguers. The final score would do credit to the Michigan State gridders;

CITY, PARK, FARMS A much tighter race is shaping up for the second half of

the City, Park and Farms Babe Ruth season. The first half champions in their respective leagues, the Yankees and the Giants, have already met defeat and find several teams challenging them for the lead. In the American League the White Sox and the Red Sox have identical records-2 wins and 1 defeat. The Yankees have reported only one victory, 8-5 over Chicago June 20, and were defeated 11-1 last Saturday to rest at the .500 mark. Ed Harrison of the Phillies shut them out until two were down in the 7th inning in this latter game. Teammates Edwards and Hagman wielded the big sticks for the Phillies-Edwards getting

2 hits and Hagman a solid twobagger. The White Sox picked up their two victories from Boston and Los Angeles last week. Spaulding held Boston to one hit and one run as Chicago picked up three runs on four hits. Mike Hendrick hit 3 for 3 and Spaulding doubled home

the winning run. The White Sox then came from behind Saturday to nip the Dodgers by one run 6-5. Von Schwartz was the winning pitcher as Connolly hit safely in the 7th inning with the bases loaded to provide the winning ru . Lonesk hit two triples for the Dodgers. Boston and Cleveland tangled

in a free-scoring game, June 21. The Red Sox emerged victoriing the pitching. A big third inning produced 7 runs for Boston. Matthews led the attack with 3 hits while he and Lewis each scored three times. On Saturday Boston downed St. Louis 9-3. Critchfield again.

got the win, limiting the Cards to 4 hits and striking out 11. Again, the Red Sox enjoyed some big innings getting 5 runs in one cluster and 4 in another. Schmatz had two hits in two times at bat for Boston. The Giants scored two victories in the week, one over the Phillies 7-2 with Link doing

the pitching and another over Cleveland Saturday in a closely contested game. No details were available on either game. However, last Monday an aroused Cardinal club, who enjoy some reputation as a giant-killer due to their victory over the Yanks in the first half (the only defeat New York suffered), rose up to vanquish the National League leaders 8-5. A 7 run all they needed to win as Dick Swingle held the free swinging Giants in check.

The Dodgers defeated the Braves 9-6 last Thursday. This game was a thriller all the way as the teams battled from one dead-lock to another. The score was tied 6-6 at the end of regulation play and was forced into an extra inning when Los Angeles managed to push across three runs the Braves couldn't match. Bielaski was the winning pitcher.

The Tigers picked up two wins also. Hughes set the Braves down Saturday with a single run while his mates were gathering eight. On Monday Hughes again was the winning pitcher as the Tigers topped the Indians 12-6. These late reports put Detroit in first place in their division although a game with New York on June 22 is unreported.

The Senators defeated the Orioles 17-6 in the only minor league game reported.

Nine out of ten GOP county chairmen believe that the Vice President would be the victor; three out of ten Democratic chairmen feel that could probably beat them; their combined views give Nixon 61 percent of the votes and Kennedy 39 percent.

when the POINTE

was growing up.

Simon Poupard could afford to pay \$1,117.89 for his pew in St. Anne's Church in 1845 and he still had enough cash on hand to found quite a family business.

The Poupard family were trading in Detroit as long ago as 1799 and members of the family are active in Grosse Pointe today. Poupard School was named for Charles, longtime treasurer of the Pointe Board of Education (1922 to 1948). Poupards still own land on Yorkshire, where the family farmed over 100 years ago. Poupard land was subdivided during World War I.

In the St. Anne's church records there is recorded in French the November 25, 1799 marriage of Felicite Campau and Charles Poupard. Father Gabriel Richard baptized their son, Simon, who grew up to marry Genevieve Beaubien, also in St. Anne's.

Mrs. Rose Poupard, of Pemberton road, has the original papers which explain the Poupard business transactions. The family suffered during the War of 1812 and filed a claim, for \$180 for stock carried off by hostile Indians. They listed one gray mare, \$50; one black horse, \$45; one bay mare, \$45; and two cows, \$40 for compensation.

"Be it remembered that on this nineteenth day of November, in the year of our Lord, one thousand eight hundred and nineteen, personally appeared before the undersigned, one of the Justices of the Peace, within the District and County aforesaid, Charles Poupard, who being sworn upon the holy evangels of the almighty God deposith and saith, that the above account to which he has subscribed his name, amounting to one hundred and eighty dollars is just and true".

By 1836 Simon Poupard was doing well. John Y. Petty sold him a schooner for \$120, and a few years before that he bought a lot on the north side of Congress street for \$302. Among the alderman signing the deed were Peter Desnoyers and Benjamin Kercheval. In 1836 Simon paid a county tax of \$9.25 for the year. In March 1835 he signed a deed with Mr. Petty to buy a store house and wharf at the foot of Bates street for \$800 a year to run for four years. Before the lease was signed Mr. William had to put in a hoisting wheel; Simon was very insistent.

By 1847 Simon was concerned about his death. He purchased a lot in Mt. Elliott cemetery for \$5.00. This was a year after he had paid the \$1,117.89 pew rent.

Father Gabriel Richard was an important influence in the lives of the Poupards. He presented them with a book of instruction for young Christians, published in 1665 and signed with his name.

Poupards united with most of the prominent French families of the day, Beaubiens, Campaus etc., and their descendants were great real estate holders in Detroit and the Pointe. Poupard School will commemorate the family's place in history for decades of students.
