Businessmen To Hear Author

Mr. Edward Wimmer, Vice-President of the National Federation of Independent Business, will be the speaker for the Grosse Pointe Businessmen's first general meeting of this fall.

He will address an expected large turnout at Parcels Junior High School Auditorium next Wednesday night, September 28th at 8:00 p.m.

Mr. Wimmer is a speaker of dynamic intensity for the cause of free enterprise and the small businessman.

Because of its impact, this highlight program will be open to the public. Tickets at \$1.00

MR. WIMMER

for 2 persons are available at the door or from Dr. Robert O'Neil at VA 2-5707.

Mr. Wimmer talks the language of the independent merchant, and his approach gives a tremendous lift to face the problems of the challenging 60's.

He is a nationally known columnist of the Cincinnati Enquirer, radio-television commentator, author and lecturer. Announcements are being mailed to all business and professional people in Grosse Pointe.

Board member, Mr. Cyril Verbrugge, will introduce the speaker. Arrangements for the program were made by Thomas Offer, program chairman.

Polio Clinic At Eastland

Eastland Center, in co-operation with the Wayne County Medical Health Society, will hold a polio clinic in the Eastland Auditorium September 27th through October 1st.

The new Hypospray jet injector gun will be used to provide painless shots at the cost of \$1.00. Men, women, and children who have not received a complete series of shots are urged to take advantage of this clinic.

Any one of the series, either first, second, third and booster shots will be available. Health authorities say that many families, because of disinterest, expose themselves to the dreaded polio disease.

The hours for the clinic are Tuesday and Wednesday from 9:30 a. m. to 5:30 p. m., and Thursday, Friday, and Saturday from 1:00 p. m. to 8:30 p. m.

Happiness comes to the person who keeps his balance—personally and financially.

School Needs

(Continued from Page 1)

Some floor plans and proposed alterations were projected on a screen to aid the discussion. Building by building lists of recommendations were also projected so that all could appreciate what committees in other schools had done.

More Needs Than Money

It was pointed out that the total list of recommendations would cost more than the building and site levy could pay for. School officials showed, however, that in many instances some of the items had already been taken care of in the regular summer maintenance and rehabilitation program.

Others, it was predicted, could be incorporated in future programs of this nature. Some, however, the Board indicated, represented areas in which committees had "thought big" as they had been asked to do, and undoubtedly would have to be postponed for a later consideration.

The third floor on the Industrial Arts building at the high school was termed the key to the space puzzle. By providing six additional classrooms it would then be possible to free other space which would allow other shifts or remodelings to occur which would allow still others to follow in an orderly fashion. Thus, a whole chain of desirable improvements can be set in motion once the room to maneuver is available, school spokesmen said.

Consolidate Math Dept.

It is planned to bring together the rather farflung and scattered mathematics department in the Industrial Arts building. This department will occupy all of the new floor as well as a substantial portion of the second as it already does.

Such concentration will greatly improve instructional efficiency and make it possible for all classes to share and enjoy a better supply of instructional aids and supplementary materials. Teacher planning and preparation efforts will also be facilitated.

Other academic departments will find it possible to consolidate once the log jam is broken by concentrating the math department. Teachers' workrooms and materials storage areas for each department are planned which will provide the same sorts of advantages envisioned for the mathematics program.

A start in this direction has been made this summer by moving all biology facilities into the front unit of the high school annex. In the main building several physics rooms have had a face lifting and have been fitted out with modern equipment so that a more effective program can be carried on in this area.

The summer program also incorporated considerable improvements to other buildings. An enlarged receiving room and improved language, art and science facilities at Pierce are examples. Public address systems at Trombley and Defer as well as a good start on an improved playground at the latter building are others.

Parcels enjoys better parking facilities and a new science room. Installation of fluorescent lighting and acoustic tile was carried on in the older buildings as it has been for a number of years. The usual painting and repair programs were also executed.

Don't wait for opportunity to knock—go out and make your own.

Monteith Flag Raising

to all students the symbolic meaning of the stars and stripes. A brief historical sketch of Alaska and Hawaii was given by Joan Healy and Charles Bommarito. Joseph Mack pointed out the new arrangement of stars on the flag. Jim Trombley, Mark Youngdahl, Paul Portera and Marc Alan served as color guards.

The entire student body was led in the Pledge of Allegiance to the Flag by Eileen Wetering. A statement regarding the significance of Constitution Day

which was observed Saturday was delivered by Paul Holsopple followed by songs of Alaska and Hawaii sung by the entire class. Dr. Marshall Jameson, Monteith principal, feels that these flag ceremonies make a valuable contribution to the school's educational program. "Grosse Pointe citizens who have not recently heard the Pledge to our great flag recited in unison by over 700 young Americans would find inspiration indeed from such an experience."

of minutes, the thieves were gone. Woods Det. Sgt. Walter O'Dell and Det. Leroy Tobian said at the time, that a milk case was used to smash the window. They said the thieves must have planned the burglary well because they were gone within two minutes, and completely disappeared before police arrived. The detectives have been assigned to the latest case by Director Bailey, since they are working on the other burglaries.

KC Dedicates New Building

The Richardson Federal Credit Union, which recently moved to its new modern quarters at 17627 East Warren, Detroit, dedicated its new building on Sunday, September 11.

The credit union invited clergy and officers of the various credit unions in Detroit, the officers and members of Gabriel Richard Council, No. 2463, Knights of Columbus, and civic dignitaries to the dedication ceremonies.

The building is located at East Warren, between Hereford and University, and serves hundreds of members living in the Pointe, Detroit and surrounding communities.

The building of modern design, is 37 by 69 feet long and is fully equipped for all credit union services for its members, comprised of members of Gabriel Richard Council and their families. The credit union has a membership of 1,200, and has assets of approximately \$650,000. It was founded in late 1951.

Pastor Continues Science Course

Satellite Echo I, the most easily visible of all the man-made moons to date, has drawn American eyes toward the night skies this past summer as never before. The result is a widespread newly-kindled interest in the wonderful lore of astronomy.

The Department of Community Services of the Grosse Pointe Public School System is serving this interest this fall with its fifth offering of William Hammond's popular course in Introductory Descriptive Astronomy.

First presented three years ago—just in time to ride a wave of interest created by Sputnik I—this ten-lecture course last year attracted sufficient interest to warrant scheduling in both fall and winter terms.

The fall 1960 course will meet on ten consecutive Tuesday evenings beginning, October 4. In addition, Mr. Hammond arranges a Field Night and a trip to Cranbrook Planetarium at the convenience of the class.

"No previous scientific, technical or mathematical studies are necessary for full enjoyment of the course—just a desire to obtain some basic knowledge and appreciation of the vast, starry universe in which we live." Mr. Hammond emphasizes. He uses an extensive collection of projection slides, printed photographs and charts to illustrate his topic.

Advance registration is important, and may be obtained by calling the Community Services, at Tuxedo 5-3808, or Tuxedo 5-0271.

City Okays GOP Trailer

With the expressed understanding that the area would not be available to individual political candidates—but would be to the major political party—the Council granted permission for the trailer to remain.

Will Move to Hill It will be at the City location for the next two to three weeks, and then go to the Hill shopping area for two weeks. The final week prior to the election, it will be placed in the business area at Mack and Morass.

The Council then voted to comply with a request from Mrs. Martha W. Reinowski, to proclaim the week of September 26, 1960 as "Better Literature for Youth Week." Mrs. Reinowski is president of the local group.

Permission from Dr. Robert K. Whitely, of 216 Lakeland avenue, to purchase land adjacent to his property, was granted.

Progress reports were heard on the various City parking improvement projects—which include lots at Rivard, Washington and Mack, and the lot behind the new Kresge building.

fire hazards, and will increase the capacity from 42 to 43 beds. Present at the meeting were seven residents from Fisher road, in the block between Waterloo and Charlevoix. They

voiced complaints about their street—and particularly their block—becoming a "drag strip." The problem of speeding, and excessive noise, in that area was appreciated by the Council

and Mayor Bergmann promised the residents that the Public Safety Commission would deal with it at their next meeting. The meeting was adjourned at 10 p.m.

The Leckliders will take their audience to Kiev the oldest of the Russian cities and formerly its cultural and religious center. At Odessa on the Black Sea, the bustle of Russia's biggest seaport will be shown.

The site of the destiny shaping and controversial Yalta conferences will be shown and then the camera will move to Sochi the favorite resort city of the Russians. Here are all the sanatoria erected by the cooperatives and unions to accommodate the workers during illness or for rest cures.

The Leckliders made a special journey into Stalin's home state of Georgia in the colorful Caucasus. They found it comparable to Switzerland or our west about a century ago, beautifully scenic and traversed by handsome rugged horsemen.

Moscow will be shown as the mushrooming urban giant of the Soviet with great monuments represented by the sights of the Kremlin and Red Square and much learning and culture as seen in the tremendous University Center.

In Warsaw, viewers will visit Chopin's homes and pay a tragic visit to the sights of the former ghettos before touring the magnificent skyscraper

Civic Center presented to the Poles by the Russians.

Ending the program on a quaint and unusual note will be a visit to the street of the alchemists in Prague where everything has been preserved just as it was in the middle ages.

Costumed wax figures are seen going about their business of transforming baser metals into gold. This is just one of the many sights to wind up a delightful vicariously enjoyed trip in one of Europe's liveliest capitals.

Gubernatorial Candidates Visit Woods Church Men

Finger painting is a "fun" activity for a rainy day. Home economists at Michigan State University note children enjoy painting on oil cloth squares which are tacked to a table or board. After the oil cloth is used, it can be sponged off and saved for the next painting session. Non-absorbent, glossy paper, such as shelf paper, is fine for finger painting, and these pictures can be saved.

Jr. Achievement Drive Here

A coast to coast attempt to make teenagers free enterprise conscious has been started by Junior Achievement, the "living economics" organization which puts teenagers in the driver's seat of business and industry for a school year.

With the co-operation of school authorities, Junior Achievement will conduct special high school assemblies to give juniors and seniors a chance to get in on the ground floor of the '60-'61 Junior Achievement program year in

LARCENY REPORTED

Donald Hammond of 16934 Village Lane, reported to City police on Monday, September 12, that someone took the spare tire and wheel from his car while it was parked in his garage. The thieves also took an apartment-size washing machine and a large green vase from his back yard, he said. Total value of the loss amounted to about \$50.

southeastern Michigan. Experience in Junior Achievement companies has been called a "necessity for America" by community and national leaders including the president of Junior Achievement of Southeastern Michigan John E. Brennan.

This experience provides high school students a sustained look into free enterprise and prepares them for "full participation in the business world," Brennan said.

Junior Achievement will conduct mass assemblies in 130 southeastern Michigan high schools in preparation for the organization's opening date October 10.

Teenagers apply for membership in Junior Achievement at the conclusion of the special high school assemblies. It will be pointed out that international competition, awards, scholarships and special incentive prizes for outstanding work are available for the junior business tycoons during the course of the program year. Junior Achievement assembly programs have been scheduled

at Grosse Pointe High School, St. Ambrose High School, Harper Woods High School, Notre Dame High School and St. Paul's High School.

Andy Teetaert Given Citation

Eight policemen, including one from the Pointe, were awarded departmental citations by Harper Woods Police Chief Allen Miglio for excellent police work in the apprehension of two burglars last month.

For the first time in Harper Woods, history, citations were awarded to policemen in other departments. The presentations were made on Tuesday, September 9.

The police officer from the Pointe honored by Chief Miglio was City Capt. Andrew Teetaert.

The other officers cited were Harper Woods Det. Lt. Willard Weiss, Dets. Robert DeLorme and William Kohler, and Patrolman Frank Pepper; Detroit's 15th Precinct, Connor Station officers, Dets. William Keenan, Arvid Friedlund and Patrolman Charles Coram.

On August 11, Patrolman Pepper spotted a suspicious car in an apartment area in Harper Woods and noted the license plate number. Later, numerous burglaries were committed and a hunt was begun for the driver of the car.

The officers of the three departments pooled their efforts and after days of investigation, arrested two men, Pascual Berrera, 28, of 3502 Second, Detroit; and Harry Robertson, 33, of 15114 Wildemere, Detroit.

The suspects were questioned extensively by the officers, and finally confessed to committing 150 burglaries, netting them many thousands of dollars, all of which was spent on narcotics.

Berrera and Robertson are awaiting trial in Wayne County Circuit Court.

The citation to Capt. Teetaert reads:

He gave freely of his time and knowledge and participated in the investigation and apprehension of two male subjects possessing extensive criminal records and wanted for numerous burglaries in several cities. This citation awarded by the Harper Woods Police Department on the 9th day of September, 1960, for complete cooperation and an outstanding example of esprit de corps that exists between members of our profession.

The citation was signed by Chief Miglio.

Reminders Not Confusing

—Picture by Fred Runnels

Motorists may be confused by the multitude of signs outside the Woods Municipal Building but the confusion is for their own good. These signs are reminders of traffic laws, but also these important pre-election days of a presidential year there is a notice of the days slipping away for the not registered citizen, who wants to exercise his franchise November 9.

Cautiousness and carelessness are both habits — take your choice. Even the man on the level has an uphill fight just to stay there.

USNR Group To Be Honored

The United States Naval Reserve Surface Brigade 9-4 of Detroit, will honor one of its divisions at a program to be held in the Michigan State Fair Coliseum on Tuesday, September 27, at 8 p.m.

To be honored is the USNR Surface Division 9-90 (large), commanded by Cdr. George Kopchak, USNR, of Detroit. The division stands first in the Naval District, which comprises 13 states, the largest Naval District in the United States.

The program will consist of the commandant's annual plaque award to be presented to Division 9-90 as the outstanding Naval Reserve Surface Division in the Ninth Naval District. Making the presentation will be Rear Adm. John M.

Higgins, USN, commandant of the Ninth Naval District.

Capt. R. Thornton Brodhead Trophy and citation will be presented to Division 9-90, by Cdr. Harold Barr, VFW, Department of Michigan, for standing as the surface division with the highest score for the year ending June 30.

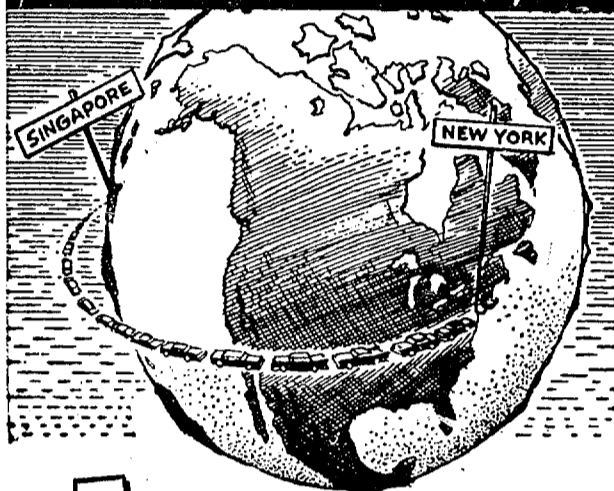

Additional awards will be made to the division by local, state and national groups, including one to be presented by Benjamin S. Warren of Grosse Pointe, president of the Men's Council of the Navy League of the United States Navy Awards.

A program of music will be presented by the VFW Vanguard Drum and Bugle Corps and the U. S. Naval Training Center "Bluejacket Choir"

Dale Carnegie Class Forming

Founded in 1912 and presented for the past several seasons at the Grosse Pointe War Memorial, the Dale Carnegie Course will start again at the Center beginning Monday evening, September 26, from 7 to 11 p.m.

This 15 week course is presented on a regular semester basis in more than 1,100 cities in the United States, Canada and large capitals abroad. Hundreds of thousands of people have taken time out from a busy life for self-improvement through these courses.

The Leadership Training Class develops the ability to speak with enthusiasm and conviction, shows how to win the support of others, teaches how to sell oneself and ideas, to be at ease in any situation and to prepare for more active participation in business and community affairs.

The opening session of the Dale Carnegie Course will be as always a demonstration session which anyone is welcome to attend without obligation. At this demonstration session the course will be outlined and the prospective students will meet their instructors. Many of the instructors will be professional educators and the others are executives drawn from various businesses and industries. The methods used involve no lectures, examinations, or written lessons.

In the first few sessions students explore themselves, the subject they know best, and later they examine their jobs and plans. They learn how to deliver a sure fire formula for any talk and how to deliver it more effectively. Later the students explore the principles of good human relations, learn how to make others like them and to win them over to their way of thinking.

From the over 750,000 men and women who have graduated from the Dale Carnegie Course comes an impressive list of today's top Personalities, Executives and Leaders to name but a few who are universally known: Lowell Thomas, explorer and lecturer; John L. Schroeder, Jr. in United States Steel Corporation and Henry Blackstone, President of the Servel Corporation of America.

Many of our largest concerns require their executives-in-training to take the Dale Carnegie Course and underwrite their tuition. Still more individuals, however, recognize this as a wonderful self investment and enroll in the course on their own. The tuition is \$135, including all books and supplies. Married couples may enroll for \$115.

Classes are limited to 35 members and occupy only one night of each week in addition to a practice session. All those desiring further information are encouraged to call the Center, TU 1-7511 or Leadership Training, WO. 2-1208 and are urged to come to the opening demonstration session without charge.

Center's Art Classes Popular

Sparked by the recent Grosse Pointe Art Festival on the Center's grounds, the Grosse Pointe War Memorial's program of Art classes is filling rapidly.

Two of Ann Arbor Professor Emil Weddige's adult classes are closed. There is only room for six more students in the Friday morning class which meets from 9:30 to 11:30 a.m., beginning tomorrow Friday, September 23. In general this is a class for those having had a certain amount of previous training.

Due to the demand for additional adult classes in the intermediate and apprentice fields, the Center is organizing another class which will take place Tuesdays evenings from 7:30 to 9:30 p.m. beginning October 4.

The instructor will be Grosse Pointe's own popular Professor Marco Nobili of the Society of Arts and Crafts. Those wishing to enroll in Professor Nobili's class should call the Center TU 1-7511 as soon as possible.

The Children's Art courses, taught by Margherita Loud are also proving very popular, but a few places still remain in both the Tuesday class, beginning September 27, from 3:30-5:00 p.m. and in the Thursday class, beginning September 22, from 3-4:5:15 p.m.

Art for pre-school children, ages 3-5 and their mothers will begin Wednesday morning, October 5 and continue eight weeks. Again the course will be under the direction of Mrs. Chris Komp and Wm. McGonagle of the Detroit Art Institute Extension Service. The class is limited to 10 children and their mothers. Enrollments are being accepted now. The material fee is \$10.

An illustrated lecture series on "Great Masterpieces in American Museum Collections" will be offered Wednesday evenings, beginning October 12.

It will be presented by Margaret Truax Hunter, formerly of the Huntington Gallery, San Marino, California and Ann Haggarty and Wm. McGonagle of the Detroit Art Institute. One may enroll for the series of six lectures for a total of \$13.50.

Indian Guides Forming Here

Preliminary to forming new Y-Indian Guide Tribes in the Grosse Pointes a meeting of elementary school principals and P-TA presidents, or their representatives will be held at the Grosse Pointe Central Public Library, corner of Fisher and Kercheval, at 8 p.m. on Monday, September 26.

The purpose of the meeting is decided on a mechanism of presenting the program to the fathers of first and second grade boys so that new tribes can be formed promptly in each school district and thereby participate in the fall activities.

The prime purpose of Y-Indian Guides is to foster a closer relationship between father and son during the most formative years. At the meeting, which will be under the direction of Otto Leu, Longhouse Chief for Grosse Pointe, 2111 Hampton Road, a movie depicting the virtues and mode of operation of Y-Indian Guide programs entitled "Home of the Braves" will be shown followed by a discussion of the program formed in Grosse Pointe and a mechanism for forming new tribes.

Mr. Leu will be assisted by Robert Orr, 16929 Village Lane, Associate Longhouse Chief, and John E. Miller, Jr., Hannan YMCA Community Program Secretary.

Y-Indian Guides is a family centered program with six to 10 fathers and sons constituting a tribe. Tribes meet every other week, rotating among homes involved for a program of approximately one hour duration. A typical evening program involves an opening ceremony, reports on father-son activity, a half hour devoted to games, craft and projects or work on costumes followed by a closing ceremony and light refreshments.

Tribes are banded together in a Longhouse organization which schedules campouts, visits to places of interest and a father-son banquet each year. The slogan of Y-Indian Guides is "Pals Forever" and the aims are:

1. To be clean in body and pure in heart.
 2. To be "Pals Forever" with my dad/son.
 3. To love the sacred circle of my family.
 4. To be attentive while others speak.
 5. To love my neighbor as myself.
 6. To seek and preserve the beauty of the Great Spirit's work in forest, field and stream.
- For further information on this unique father-son program, contact one of the following men: Leu, TU 4-3258; Orr, TU 2-7817; Miller, VA 2-7200.

WOMEN'S PAGES

From Another Pointe of View

By Patricia Talbot

For the past several years of the Pointe's loveliest homes have been opened for annual Donation Tea to aid Cottage Hospital.

This year Mr. and Mrs. Elton McDonald, of Windmill Pointe drive will open their stately stone and stucco Norman French home for the tea, September 30 from 3 to 5 o'clock.

Proceeds from the tea will be used to purchase additional anesthesia equipment for the hospital. Wives of the doctors have been asked to pour including Mrs. Harold E. Cross, Mrs. David H. Barker, Mrs. Aaron A. Farbman, Mrs. William V. Taylor, Mrs. Earl G. Krieg, Mrs. George E. B. Rogers, Mrs. J. A. Sill and Mrs. Clarence J. Williams. Mrs. Robert Conder is chairman of the tea.

Guests will be able to view the McDonalds' remarkable art collection which hangs in the two story living room. In the collection are paintings by Jean Dufy, Guido Remi, and Fragonard. A rare Aeolian organ is another unusual feature of the room.

Tea will be served from the black laquered dining table centered with a silver and crystal epergne. From the dining room there is a delightful view of Peche Island and the Livingstone Light in the Detroit river.

The McDonalds property was first settled by French pioneers and included the site of the famous Indian battle of 1712. Mrs. McDonald has discovered that in the early days when the property reached back to Mack avenue the owner paid his tax with 100 barrels of fish. The house, built in 1930, is located on a prominent point of land jutting into Lake St. Clair.

Report from Russia

Susan Evelyn is a real expert on life behind the Iron Curtain. Awhile back she made a flying trip to Russia, stayed a week but this summer she really made a tour.

Susan's sister, Mary Evelyn, has an interest in Fine Arts has just transferred to the Cooper Union in Greenwich Village from the U of M.

The pair had a chance for a family reunion before reporting to their schools. Over the week-end their grandmother and great aunt, Mrs. Oluf G. Peterson, and Mrs. Cabell B. Owens, of Somerset, Ky., arrived for a visit with their parents, the Alexander Leetes, of Lakeshore lane.

Morning Musicales To Begin Nov. 3

Claude Frank, Pianist, to Open Season at Country Club; Also on Schedule are Alirio Diaz, Guitarist, and Mary Curtis-Verna, Met Diva

Internationally famous artists will be presented by the Grosse Pointe Morning Musicales in their 1960-61 series of three recitals at the Country Club of Detroit.

Claude Frank, brilliant young pianist, will appear Thursday, November 3; Alirio Diaz, world renowned guitarist, December 1, and Mary Curtis-Verna, diva of the Metropolitan Opera Company, January 5, 1961.

This is a season when music lovers the world over will celebrate the 150th anniversary of the birth of both Frederic Chopin, Polish pianist and composer, and Robert Schumann, German composer.

The Board of Directors of the Morning Musicales will pay tribute to their memory and later in the season, in 1961, will commemorate the 100th anniversary of the birth of our American composer, Edward A. MacDowell, and of our country's adopted artist, Madame Ernestine Schumann-Heink, considered the greatest lyric and operatic contralto of her time. Madame Schumann-Heink, a star at seventeen, was born in Czechoslovakia but later became an American citizen.

Great artists and immortal music cross all barriers of time or nationality. However, sometimes the travel becomes difficult. Two artists on this series look back with relief that they survived some grim experiences. Claude Frank and his family escaped, miraculously, to America in 1941 during a hostile period in Germany's history.

Mary Curtis-Verna smiles now about her role of Leonora in the opera "La Forza del Destino." When she sang the role in Italy in 1951, a huge wooden crucifix on the stage fell squarely on her head. Going on to Egypt in the same opera, she escaped in the night from famous Sheppard's hotel just before it was burned to the ground by rioters.

Undaunted, both artists continued their rise to fame. Nothing so frightening has happened to Diaz. His background is international, too, however. He

was born in Venezuela, educated there and also at Madrid, Spain and in Italy, where he became a pupil of Segovia. He remained there and is an assistant teacher under the master.

When Rudolph Serkin declares that Claude Frank is "one of the finest and brilliant musicians of his generation," when Segovia says that Alirio Diaz will be his own successor, and when the Metropolitan Opera Company regards Mary Curtis-Verna as a prima donna of first rank, the prestige of the Musicales this season is assured.

Members of the Board presenting the series include: the Misses Margaret Mannebach and Christine Symington, and Mesdames Ferdinand Cinnelli, Charles A. Dean, Ward A. Detwiler, Frederick S. Ford, Daniel W. Goodenough, Richard P. Joy, V. Everett Kinsey, James A. Lafer, Jerome H. Remick Jr., Allan Shelden, Richard K. Simmonds, Burt Eddy Taylor, Henry P. Williams and Richard E. Williams.

The shoulder yoke in a man's shirt should have a double thickness of fabric for good wear and fit. Home economists at Michigan State University say a deep yoke helps the shirt to fit smoothly and gives extra fullness over the shoulder blades where it is needed.

Velvet and velveteen have a nap which gives them a one-way direction. This nap can run up or down, but home economists at Michigan State University suggest that fragile stemware be held by the bottom of the bowl instead of by the stem. They add that glasses should be stored with the rims up.

Cosmy Exhibit Stays at Center

Ninety-two-year-old Mrs. Michael (Cosmy) Hultar's exhibit of paintings in "primitive" tempera will continue at the Grosse Pointe War Memorial through this week-end so as to be up during the Association's Annual Meeting, Monday night.

The Center is making every effort to retain the gallery touch it enjoyed when it served as a branch of the Detroit Art Institute. Cosmy's one-woman showing is a step in that direction.

Detroit is indeed fortunate to claim Cosmy as a resident at least part of each year. Mrs. Hultar is a representative of the gay aristocratic society of the old diplomatic corps. She has travelled the world over and recalls vividly the days when royal heirs still wore their crowns. She retains much of the gaiety, charm and drama of court life, and instills this

spirit in her paintings. Cosmy did not begin painting until she was 81 when her son, Philip Hultar, the noted New York dress designer, presented her with a box of paints. He insists she gets her talent from him.

So successful has Cosmy become with her "primitives" that she is regarded as the equal of Grandma Moses. She has had exhibits in London, New York and San Francisco as well as Detroit's own Artist Market and the current Grosse Pointe War Memorial showing. Her next exhibit will be at the Woman's City Club in November.

Before then Cosmy will spend the month of October with her son, Philip Hultar, at his Glencoe, Long Island, home while her daughter and son-in-law, with whom she makes her home at the Alder Park in Detroit, make a trip to Europe.

League Begins Foreign Study

The Foreign Policy Resource Group of the League of Women Voters of Grosse Pointe began its series of weekly study meetings at a luncheon at the home of Mrs. John Remillet. Mrs. Remillet is chairman of the local League's national study item: "Support of U.S. economic policies which promote world development and maintain a sound U.S. economy." Members of the group were given copies of the League's new publication, "Economic Diplomacy at Home and Abroad." This will be used as a guide for study, discussion, and action for the years 1960-1962. Because the League believes the foreign policy of the United States—and of other nations as well—has taken on economic orientation, such aspects of the new diplomacy as economic growth, economic strength, and economic aid will be explored.

Allan Shelden III Gives 115 Workers UF Quota

Allan Shelden III, co-chairman with Mrs. Theodore O. Yntema for the 1960 Torch Drive's Advance Committee, Thursday, September 15, gave 115 workers their quota of \$1,173,124, and urged the necessity for exceeding it.

The committee's goal, to be raised before formal opening of the three-county campaign for \$17,990,000 on October 18, was announced at a kick-off luncheon in the English Room of the Sheraton Cadillac Hotel.

Alfred R. Gancy Jr., vice chairman of the Board of Directors of the Michigan Cancer Foundation, told volunteers that the work of his organization would be continued on the same level that has made it the foremost cancer-fighting unit in the country.

Dr. Joseph N. Schaeffer, director of the Rehabilitation Institute, described the work of his agency in helping handicapped persons develop their maximum abilities.

Walter C. Laidlaw, executive vice president of the United Foundation, said that an analysis of financing of local agencies in ten of the largest cities in the country showed that Detroit had increased its giving by 95 per cent over 1949.

"The nearest city, both geographically and in percentage, is Cleveland, where 1960 allocations to their federation of local agencies is 83.6 per cent above 1949," Laidlaw said.

"Many other federations in big cities have not fared so well, where percentages of gain in some instances are 20 per cent and even lower."

Mrs. Yntema, in a memo to Advance Gifts Committee volunteers, said that the 1960 Torch Drive would be campaigning for three new agencies not represented in earlier campaigns. They are the National Council on Alcoholism; Don Bosco Hall, formerly the C.Y.O. Home for Boys; and the Oakland County Legal Aid Society.

The Advance Gifts Committee is made up of volunteers whose assignment is to solicit prospects on a personal basis and previous to the opening of the campaign. The results of their work are made available to and reported through the six campaign units of the Torch Drive. These are Automotive and Suppliers, Major Commerce, General Manufacturing, Trade Teams, Community Campaigns, Professions, and Schools and Government.

Shelden pointed out that this year's overall Torch Drive goal is the highest ever set.

At this luncheon, Mrs. Frank A. Redl, wife of the club's president, will honor wives of officers and directors including Mesdames Sheldon L. Drennan, Daniel M. Carne, Edwin T. Taylor, Curtis V. Mower, Cornelius L. T. Gabler, Karl R. Davies, L. Perry Manning and Hugh M. Fuller.

the house where you live

By Patricia Talbot

Patrons of the Grosse Pointe Garden Center House Tours on October 29 and 30 will have the rare opportunity to visit one of Lakeshore road's great mansions, the home of Mrs. Joseph B. Schlotman, "Stonehurst".

In the past few years many of the great homes built in the heyday of mansions, 1914-29, have been leveled. Mrs. Schlotman's massive Jacobean house is one of the last in which the life of a bygone gracious era is still lived.

The house was begun in 1915 but not finished until 1917, and is decorated today in the Edwardian style which was popular in World War I days. While they were waiting to move into their home the Schlotmans, newly married, lived in the Lakeshore road Renaissance home of her sister, Mrs. Harry N. Torrey. This last home was damaged by fire and has been razed in the past year since the death of its owner.

On the huge lot next door to the Schlotman estate was a mansion similar in style, now gone too, which belonged to her brother, Pat Ford.

The entrance to Stonehurst, around a formal circular driveway, faces the back gardens, away from the lake. Through a heavy wrought iron door, guests may enter a foyer which branches off into two marble stairways leading to the huge beamed reception hall.

All the paneling and carving in the great rooms is of English oak, at least 100 years old and imported. The reception hall, in which Mrs. Schlotman's daughters, Mrs. Thomas M. Evans, of Greenwich, Conn., and Mrs. James H. Carmel, of Bloomfield, were introduced to society at debutante teas, is reminiscent of a Victorian great hall. In four corners are huge marble urns filled with ferns. The draperies are red velvet, the carpet, a large Oriental in rose shades. The marble fireplace is intricately carved with cupids. The ceiling is Italian in motif, its once brilliant scrolling now muted.

In the very English library are overstuffed chairs and sofas in faded chintz; a portrait of the late Mr. Schlotman hangs above the carved oak fireplace. Fringed lampshades bring back a nostalgic era. Many of the fine needlepoint chairs were done by Mrs. Schlotman herself. On the bookshelves are bound leather volumes of such popular 19th century artists as the Brontes, George Eliot, Dickens and Thackeray.

All the rugs on the marble and parquet floors are Oriental. The late Mr. Schlotman's study is a replica of a British squire's with black leather furniture, a crusader carved in wood over the fireplace. The sun-room is done with wicker furniture and when the family was all at home opened onto double terraces which overlooked the lake and the formal gardens.

Of special interest to visitors will be the Chinese breakfast room in the east wing leading from the formal dining room. The Oriental figures and background have been painted on plastered walls. The round glass topped Chinese table and chairs were ordered from San Francisco to blend with the room. The wall sconces are Chinese procelain. Above the fireplace is a smoky mirror from the first piece of plate glass manufactured in America by Mrs. Schlotman's grandfather, Capt. J. B. Ford, founder of the Pittsburgh Plate Glass Co., and Wyandotte Chemical.

Throughout the house are magnificent displays of needlepoint—a bridge table, fire screen, many chairs but the most impressive exhibit is the tapestry hanging in the hall, a colored reproduction of "Stonehurst" in spring. The tapestry was worked by Mrs. Schlotman from a watercolor painting of her home and took 4½ years to complete.

Art fanciers should not miss the Dutch, French and English paintings which line the paneled walls through the great hall, music room, library and dining room.

Fashions By Lucile To Stage Grand Debut This Thursday

Women of the Grosse Pointe area are in for a new and delightful experience in wardrobe service beginning this week. "Fashions by Lucile" opens its doors today at 11646 Whittier near Kelly road. The Grand Opening will be held for three full days, today, Friday and Saturday, September 22, 23, 24, and the public is cordially invited.

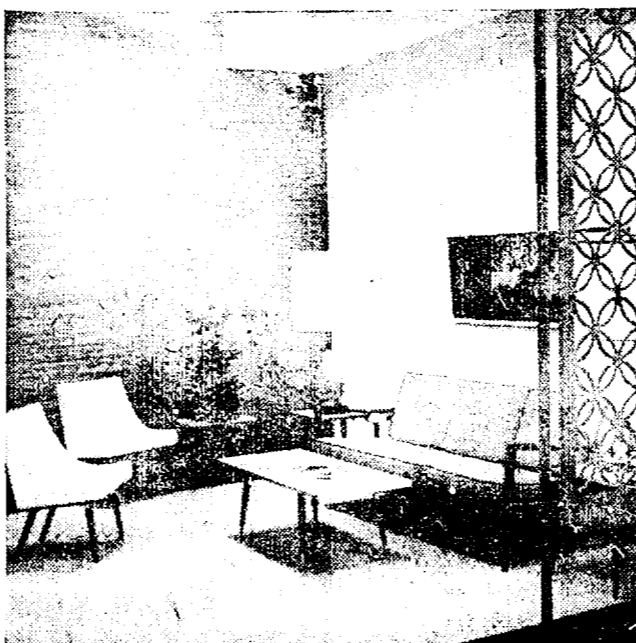

"This is going to be an exciting year for women," says Lucile. "Fashion trends promise greater attractiveness and deeper inner satisfactions in wearing apparel. Design has more character, colors are more full of life, fabrics have more quality and, equally important to women, facets of luxury have been added in a variety of ways. "During our grand opening,"

Lucile's Fashions

(Continued from Page 19) modern fashions can be applied to every woman's wardrobe." Furs, for example, will be used more freely this year, not only for afternoon and evening occasions, but also for everyday wear. Lucile's can advise on the use of fur in complete garments, coat and dress trims, accessory items etc. with sensible economy.

Another way in which Lucile's can help is to counsel on the wisest use of man-made fabrics which are being applied so extensively to women's apparel, along with the old reliables: woolsens, silks, cottons, gabardines and other quality fabrics.

"All of our counseling," says Lucile, "is based on sound tailoring and modern styling. We know that every woman can

have a wardrobe particularly her own, attuned to current trends, and all of it in economical good sense.

"Fashions today are intended not only to make a woman prettier but also to keep her happier. A visit to Lucile's during their grand opening will be an opportunity to see how these important objectives can be achieved.

Bedell's

(Continued from Page 19) have put them on display within reach of patrons who come in to discuss their problems with Bedell's interior decorating experts.

Bedell's store has been completely refurbished and provides a studio atmosphere where one can browse or be seated with equal comfort and convenience.

No home, no room need be dull or dissatisfying, according to Bedell's highly trained staff. A wide variety of drapery fabrics are available in natural and synthetic materials, which include prints, plains, solids, stripes.

Great variety and high quality are also available in carpeting and wall coverings. The new home fashions are exciting, and there are so many practical ways of applying fabrics, patterns, coloring and styling to achieve striking decor.

People who stop in at Bedell's are pleasantly surprised at the ease with which their most distressing problems are solved. A few minutes of discussing is often enough to discover what is needed to create a new, satisfying decor in the home. The right answers to direct questions helps. Should the decorative styling be formal? Should it be gay? Dare we use washable materials? Would vat-dyed fabrics be best?

A visit to Bedell's Interiors this week may well provide the happy solution to many a problem that is distressing you at the moment.

Introducing Pointe's Newest Teachers

Monteith principal, DR. MARSHALL JAMESON, points out some of the features of a 1915 Edison, which is included in the school's collection of antique phonographs, to new teacher MR. WILLIAM LUTZ.

Mr. Lutz, a native Michigander, was born in Adrian and is a graduate of Michigan State University where he received both his B.A. in 1957 and an M.A. in 1959.

While doing graduate work at Michigan State University Mr. Lutz was awarded a Fellowship and served as Elementary Science Laboratory Coordinator and Departmental Audio-Visual Director for the College of Education. He has had two years of successful teaching experience prior to joining the Grosse Pointe staff, having taught a fifth grade class in Adrian and serving as a science and mathematics instructor at Michigan State University College of Education.

Bill joined the Grosse Pointe staff in 1959. However, just prior to receiving a specific school assignment to begin the fall term, he was notified by the government of his impending induction into the armed forces.

School officials, realizing that Mr. Lutz might be called away from a permanent class assignment before the end of the school year employed him as a substitute during this interim period.

In this capacity he taught at every elementary building and at each grade level before entering the U.S. Army for six months' active duty. This year Mr. Lutz has officially joined the Monteith School staff as a full time fifth grade teacher.

"I certainly was afforded a unique and valuable experience during those uncertain days before my induction," Bill reports, "but it's wonderful to finally find a home at last at Monteith."

The News will be pleased to introduce all of the Pointe's newest teachers during the ensuing weeks of this series.

Grunyons to Sing At Center Meet

The evening of Monday, September 26, has been set aside for the Annual Meeting of the Grosse Pointe War Memorial Association. Prior to the meeting, past and present Board members, committee chairmen and workers, special maintenance donors, and the heads of all Grosse Pointe groups regularly using the Memorial will have dinner at the Center.

Before the 12th Annual Meeting settles down to business at 8:30 p.m. Grosse Pointe's gentlemen songsters, the "Grunyons," will entertain with some of the numbers that have made them the toast of the town. They and their wives will be honored guests of the occasion.

All contributors to the Grosse Pointe War Memorial are considered members of the Association and are cordially invited to the Center to enjoy of last year's activity, be brought up to date on the plans for the new William H. Fries Auditorium, and elect five new members to the Board of Directors.

Besides its outstanding able President, John W. Paynter, the Grosse Pointe War Memorial is losing the wonderful volunteer service of four other Board officers due to expiration of terms of office.

They include vice-president, Mrs. Nathan B. Goodnow; assistant treasurer and building chairman, Hilary H. Micou, Jr.; secretary and youth chairman, Mrs. Oscar B. Marx, Jr.; and house and catering chairman, Miss Winning S. Pendergast.

Dog Training Course Offered

The Department of Community Services of the Grosse Pointe Public School System is offering a fall class in Obedience Training, to begin on Tuesday, September 27, 7:30 o'clock at Grosse Pointe High School.

Persons wishing to enter this course are asked to report in the High School Auditorium for the first meeting without their dogs. On this evening there will be a brief explanation of the work, a demonstration by former students, and enrollment by those who are seriously interested and have made advance reservation with the Department of Community Services.

Since this class is limited in enrollment and usually over-subscribed, students are accepted in the order of the reservations.

Instruction is provided by the Southern Michigan Obedience Training Club, whose member instructors have all had the experience of training their own dogs, and are making a hobby of instructing others in their proven techniques.

The exercises used are based on the American Kennel Club requirements for a novice obedience title. Included are: heeling; standing for examination; coming when called; and staying on order. The degree of success attained in the training of a dog depends on the enthusiasm and willingness of the owner to follow instructions and practice faithfully. With this in mind, only those individuals who are seriously interested in following through with the 10 weeks of required daily practice should apply.

Head instructor will be Mr. D. M. Carson, who will have six assistant instructors, representing S. M. O. T. C.

Registration may be made for any dog six months or older, regardless of ancestry or pedigree. This course is primarily for adults. However, children 12 years or over may enroll if their parents will attend with them and assist in their guidance.

More information may be had by calling the Department of Community Services, TUxedo 5-3808, or TUxedo 5-0271.

Child Research League Plans Oct. 12 Luncheon

The Child Research Center League will hold their next regular meeting, on Tuesday, September 27th at the home of Mrs. William E. Menzel, 8808 W. Outer Drive, Detroit.

The league will at this meeting conclude plans for their introductory luncheon, Wednesday, October 12 at 12:30 in the afternoon at The Detroit Golf Club.

3 Police Chiefs Named To Posts

Three Pointe police chiefs have been appointed to important committees by George A. Paul, president of the Michigan Association of Chief of Police. The appointment became effective on Thursday, September 15.

Park Police Chief Arthur Louwers was selected as a member of the organization's Training Committee; City Police Chief Tom Trombly was made a member of the Communication Committee; and Woods Director of Public Safety Vern C. Bailey was named to the Traffic and Safety Committee.

Paul, who is police chief of Flint, Mich., asked the Pointe chiefs for their acceptance and cooperation, which the chiefs gave.

In a letter to the Pointe chiefs, Paul disclosed that now was the time for coordination of Law Enforcement Practice and Policy. For the first six months of 1960, he said, a nine percent increase in Class I offenses points out the magnitude of the criminal activity prevalent throughout the country.

The rising traffic toll of this state, too, indicates the apparent lack of concern for the illegal and immoral driving habits that cause this wantonness, Paul stated.

Add to this the current unrest in the world situation, the active agitation of subversives in our country, and the restrictive resolution of the misdirected emotionally-charged committees of groups and our premise becomes clear,

Norman A. MacColl Named Guard Officer

Among the 18 men who received diplomas at the third annual graduation exercises of the Michigan National Guard Officer Candidate School on September 10 was Grosse Pointe Norman A. MacColl, Jr.

Mr. MacColl resides with his wife, Nancy, and daughter, Susan, in 949 Vernier road. He enlisted in the Michigan National Guard in 1957 and entered OCS from Headquarters Battery, 2nd Missile Battalion (NIKE-AJAX), 177th Artillery.

Upon graduation from OCS, he was appointed Second Lieutenant in the Michigan Army National Guard and assigned to Battery B of the same battalion, Mt. Clemens, as executive officer.

NO SUN but no washday worry either—when you dry with a modern gas dryer

Rain or snow—there's no problem, once you own a modern gas dryer. You can weather washday storms—and still be sure your wash has the fresh, sweet fragrance of a sunny day when it's tumbled under the gas dryer's ultraviolet lamp. And you dial by fabric settings—the right heat for each fabric.

Best news—your modern gas dryer is a model of thrift, drying at just 1/3 the cost of others! See the new models at Gas Company offices or dealer showrooms—you'll choose gas, naturally!

By Pat Talbot

The vision of Dr. James Burgess Book (1843-1918) made possible the magnificent thoroughfare which is now Washington boulevard.

Dr. Book was not only a fine surgeon but a great real estate entrepreneur with interests in banking, insurance and politics.

He came to Detroit from Windsor where he was practicing medicine after a boyhood in Toronto. He was here briefly about 1866 and then went to London, Paris and Vienna for further study. In 1869 he came back to take up the post of practicing surgeon and professor at the Detroit College of Medicine and later was on the staff of Harper Hospital.

While he was in Europe he had served through a severe cholera epidemic and remained well although many of his colleagues died. In 1882 he did a rare Meckles ganglion operation, the only one performed in the west until this time. In 1889 Dr. Book married Clothilde Palms, daughter of Francis Palms and the couple had three sons, J. B. Book, Jr., Francis P. Book and Herbert Book.

Dr. Book was surgeon for the state militia and a police surgeon in the 1880's but by 1892, in spite of his prestige and success in medicine, he abandoned practice to take up real estate. His wife had inherited vast Palms holdings and he added to this estate. It was his dream to build the Book building which was finally completed after his death by his son, the junior Book, as a memorial to his father. Dr. Book had turned Washington boulevard from a little used side street into an exclusive shopping center and it was on this boulevard his memorial stood.

The junior Book carried on his father's real estate development, organizing the Development Corporation of Detroit. He studied at Detroit University School and in Europe. In 1910 he married Sara Peck in London and the couple moved to Grosse Pointe on East Jefferson avenue. His brother, Herbert Book, also moved here into Windmill Pointe and the latter's home was famous in the thirties for an aviary which housed 25 birds. Frank P. Book lives in University place, the Herbert Books, now live in Kenwood road.

There are many Book descendants active in Pointe civic and society circles today. John Burgess Book III carries on the doctor's name, has a son, the fourth of that title. They live in Merriweather road. His sister, Sally Book, married Lansing Pittman, and his brother Edward Irving Book married Frances Pittman. A cousin, Herbert Book, Jr., married Dawn Osius, daughter of longtime Pointe City treasurer, Theodore Osius, and another cousin, Cynthia Book, is Mrs. Julian P. Bowen, Jr., allying the family with many of the prominent residents in our town.

MRS. RAYMOND BAER, OF LAKEPOINTE AVENUE

—Picture by Fred Runnells

The Grosse Pointe Symphony is well on the road to another successful season because of the devotion and hard work of such firm supporters as Mrs. Raymond Baer.

Mrs. Baer, who teaches school and church school, runs a spacious brick home in Lakepointe avenue, keeps a close eye on teen age daughters, Jean and Joan, gardens, and still has time for the symphony. She has been active in the organization for five years.

On October 5 the Grosse Pointe Symphony is having a fashion show and tea at the Grosse Pointe Yacht Club to raise funds for another season. Mrs. Baer is chief among the ticket sellers, is also membership secretary for the board.

Several years ago Mrs. Baer and the late Dr. Baer heard a violinist friend of theirs, John

Cataldo, play with the symphony. They bought season tickets immediately and became avid patrons.

Symphony of Amateurs
The Grosse Pointe Symphony is made up mainly of doctors, salesmen, teachers and businessmen, all amateurs, and a few key professional musicians. Felix Resnick, of the Detroit Symphony Orchestra, is the conductor.

Mrs. Baer plays no instrument herself. She is an appreciator in the music field, but in many other fields she is a doer.

She went back into teaching two years ago after her husband's death, to fill vacant hours. She started as a substitute but is now a relief teacher on a steady basis at Van Dyke

School, an integrated school in the Detroit system.

Busy Schedule
One daughter, June, is a junior at the high school, and the other, Jean, is a freshman at Albion. Mrs. Baer gets up early to do her housework, cook breakfast for Joan and herself and is off to school by 7:50 a.m. She arrives home before her daughter and has a few hours to catch up on dishes and dusting. On Sundays she teaches church school at the Unitarian Church. Last summer with Mr. Hammond, the pastor, she escorted her senior high class, on a tour of New York and Boston, cradle of the Unitarian heritage in America. The trip was financed by fund raising activities the class did during the year. This season she will again be active in church affairs.

Loves Children
Mrs. Baer on looking at her numerous activities says, "They all seem to involve children, because I love working with them." She has been a Scout leader, on the Mothers Club board at the High School and a P-TA room mother. She is a great believer in escorting children on trips. Not too long ago she took her girls on a mule pack trip in Yosemite and is a veteran camper.

She is also an antique collector, shares this enthusiasm with her girls. In the living room of her home is a fine collection of old glass cruets, which she has garnered from her many trips. Daughter Joan collects glass shoes and daughter, Jean, has begun a Wedgwood china horde.

Avia Garzener
Mrs. Baer loves to garden, does their grounds and the lot next door, too, with the girls

Temples Arrive From Africa

On September 25, the Wallace A. Temples will return to Detroit from a 3-month vacation during which time they spent 2 months in South, Central, and East Africa.

They paid special attention to African tribal life and to big game. They visited Murchison National Park in Uganda and Queen Elizabeth Park and Nairobi National Park in Kenya.

A thousand colored pictures in all were taken. Big game of all types was photographed from a motor launch on the Blue Nile, on foot, from a car, from treetops, and from a low-flying small airplane.

While in Tanganyika, Wallace Temple climbed Mt. Kilimanjaro, 19,213 feet in height and the tallest mountain in Africa.

They also spent a week on a cruise among the Greek Islands in the Aegean Sea, 10 days on the French Riviera, 10 days on the Spanish Riviera, a few days in Portugal, and a few days on the beach at Bermuda.

handling the power mower. She is a talented flower arranger and dries flowers for startling designs. She also sews and knits to fill the idle hours.

Left a widow, Mrs. Baer has managed to crowd her life with meaningful duties and pleasures. She was apprehensive about the challenge of teaching again after many years, but finds this opportunity exciting.

The Grosse Pointe Symphony is fortunate to have a supporter so eager, willing and appreciative. Mrs. Baer resembles a score of Pointe residents who are anxious to see that the area develops its own cultural heritage and will work diligently to produce it.

Good Timing... now is a good time to Call Wanda-maker Studio... TUxedo 1-2100 for a professional hand in your fall house cleaning. They clean and repair carpets... and furniture. They have an excellent refinishing and antiquing department. As for reupholstering... you'll delight in their beautiful fabrics. The new location of The Studio is 16915 East Jefferson.

Expert Opinion... when you're planning a new kitchen ask Mr. Mozena, President of Mutschler Kitchens Inc., 20480 Mack Avenue. He is a kitchen specialist and can help you with your plans... whether the area is large or small... demands remodeling or new construction. Be sure to see the Paul McCobb contemporary... The Early American and the beautiful French Provincial (finished in white with touches of gold).

"Room At The Top"... for improvement! For example, sun-kissed coils... that are now a bit dry and faded need attention. Call Barton of The Pointe to restyle, recondition, reblend with that added touch of color magic.

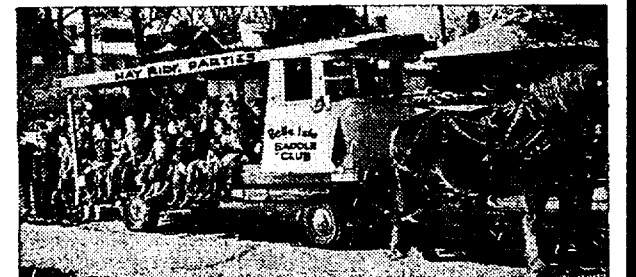

Tried and True... the many dependable services of The Notre Dame Pharmacy. Everyone from the four skilled pharmacists to the charming ladies at the cosmetic counter are so helpful that it's really a pleasure to drop off a prescription or pick up a new lipstick!
