FOR THE EIGHTH AND LAST TIME, President Eisenhower examined the State of the Union yesterday and told Congress that the country is basically on the right track although problems remain which must be solved. He said that foreign and domestic issues can be remedied if the incoming President tackles them with "steadfast resolution."

A clerk read the message to the House of Representatives in which the President said the nation has reached "unprecedented heights" during his eight years in office and cited 12 general areas in which he said specific objectives had been reached. He prayerfully extended his best wishes to President-elect John F. Kennedy.

DETROIT'S WXYZ-TV and nine other television stations up for license renewals broadcast "The Untouchables" last night despite warnings from Federal Prison Director James V. Bennett that he would protest to the Federal Communications Commission if the program went on the air. The story, which showed a Federal Prison Guard assisting Al Capone in an escape plot, was called "utterly fantastic" by Bennett who protested that it was a disservice to honorable and courageous officers of the prison service.

Saturday, January 14
A 12-POINT PROGRAM designed to remove politics from Michigan courts was presented by Ernest Wunsch, president of the State Bar of Michigan, acting as an individual attorney. Wunsch's suggestions, which would be undertaken in the Constitutional Convention, would eliminate the appointment of justices and judges by the Governor and provide for the filling of each judicial vacancy by voters. Wunsch proposed longer terms for Supreme Court Justices and Circuit and Probate Judges.

ALTHOUGH THE YOUTH and relative inexperience of Robert F. Kennedy was mentioned "for the record," the younger brother of President-elect received the unanimous approval of the Senate Judiciary committee as attorney general-designate of the United States. Senate Minority Leader Everett Dirksen, of Illinois, paid high tribute to the integrity and character of Robert Kennedy and agreed with his colleagues that "he would make a good administrator."

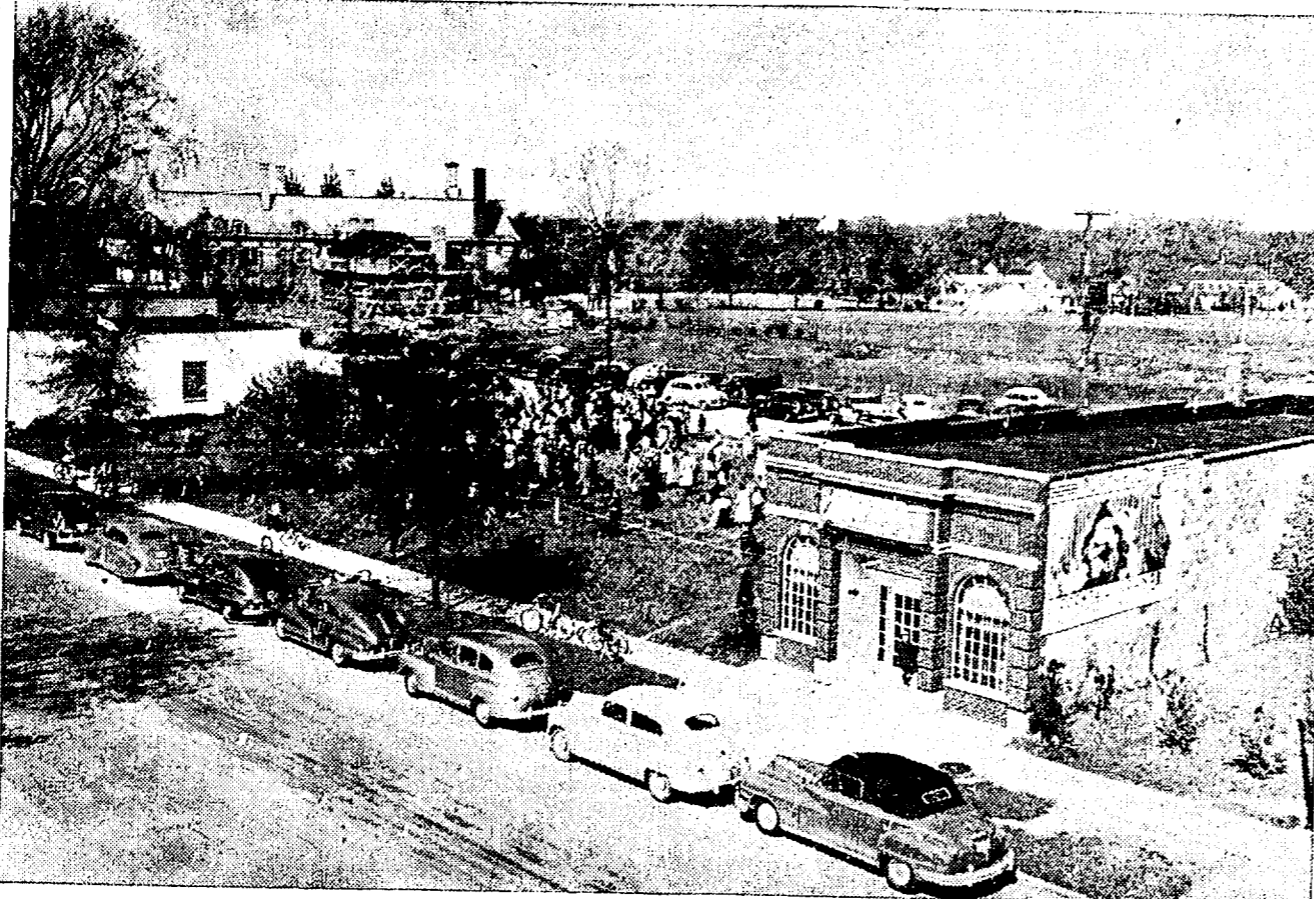

ON ORDERS of the Federal Courts, two Negro students will return to classes at the University of Georgia and university officials warned students that further violence would not be tolerated. Dr. Joseph Williams, dean of students, said that any students engaging in violent behavior would swiftly be removed from the university. He pledged also that outside interference would be dealt with quickly and effectively.

Sunday, January 15
GOVERNOR SWAINSON said in Grand Rapids that raising teacher's salaries is "one of five goals" that should be achieved during the next fiscal year. The Governor pledged that he would support state spending up to \$190 million a year to raise the salary scale. He also said he believed in raising teaching standards through higher certification requirements.

CUBA WILL CONTINUE on an invasion alert right up until the day that President-elect John F. Kennedy takes his oath of office, Fidel Castro said. The Cuban Prime Minister told workers that the country would not relax its vigilance, even then, but said that he would like to deal with Kennedy in working out a reconciliation with the United States. He hinted that the U. S. Navy base at Guantanamo Bay might be his asking price.

Water Leak Costs City \$40 Per Day

Engineers Give Top
Priority to Locating
Trouble After Notification
by Farms

A leak in the water lines of Grosse Pointe City is causing an administrative headache and costing the City taxpayers roughly \$40 a day.

City Manager Lawrence Savage said that "top priority" is being given to locating the leak and remedying it without delay.

He said the City was advised by the Farms this week that water readings for the past quarter were 50 to 75 percent over what they should be, indicating a leak somewhere in the mains. The City purchases water from the Farms and, in turn, sells it to City residents.

Savage said that engineers set out immediately to locate the leak and found a storm sewer on Rivard between St. Paul and Kercheval which is flowing rapidly and may be the trouble spot.

He said workers began digging holes every 10 feet along Rivard and are using the City leak detector to help locate the spot. When they have found the area of the difficulty, they will uncover the pipes and patch the leak.

Savage said the leak has not affected the meter readings of any individual water users, but has cost the City at least \$3,500 in lost water.

March of Dimes Endorsed By All Pointes But Woods

All of the Grosse Pointe communities except one have endorsed a proclamation supporting the 1961 New March of Dimes Campaign.

The lone dissenter was Grosse Pointe Woods where the Council decided, in an informal meeting, that Mayor Kenneth Koppin would not sign the proclamation.

In the other Pointes, city leaders set aside the month of January as New March of Dimes month and urged residents to support the cause.

The proclamation was signed by Park Mayor Kenneth Cunningham, City Mayor Alonzo Allen, Farms Mayor William Connolly, Jr., and Jack Williams, village president of the Shores.

The New March of Dimes is the sole financial support of the

Pedestrian Hurt In Park Traffic

A Farms motorist was charged by Park police with failing to yield the right of way to a pedestrian whom he struck and injured on Jefferson and Pemberton Tuesday evening, January 10.

Ticketed was Judson Bradley, 77, of 91 Touraine, who was driving east on Jefferson when he hit James Gordon, 59, of 950 Beaconsfield, knocking him to the pavement. Police said that Gordon was lawfully crossing Jefferson at the time.

Gordon was taken to Bon Secours Hospital by police ambulance, suffering from a broken hip, and lacerations of the forehead. The matter is scheduled to be heard before Park Judge C. Joseph Belanger on February 8.

Residents of Park Being Reminded of Waste Ordinance

Survey Being Taken to See How Many Have
Installed Incinerators or Grinders; Collection
Deadline Set for July 1

A survey is being taken by water meter readers in the Park to determine the number of homes which have installed garbage grinders or the approved-type smokeless, odorless incinerators to comply with the city ordinance on waste which will go into effect July 1.

The ordinance, which was passed August 24, 1959, provides that all homes must have approved appliances to dispose of garbage or the owners will have to pay a service charge for garbage removal. Park residents were given nearly two years to arrange to comply with the ordinance.

Meet With Officials
Robert Stone, Park city manager, and Herbert Hager, director of public service for the Park, met on Friday, January 13, with officials of Michigan Consolidated Gas Company to explain the ordinance and determine how residents of the Park may fulfill the garbage disposal requirements.

Both Stone and Hager said that residents of the Park should be investigating ways in which they feel they can best dispose of their own garbage. Neither official would endorse a specific product, but said residents had their choice of installing garbage grinders or approved odorless incinerators.

Will Answer Questions
Appliance dealers, representatives of Michigan Consolidated, and Park officials will answer questions from Park residents as to which types of appliances are approved for this operation.

When the survey is completed and Park officials learn how many residents have found it impracticable to install garbage grinders or approved incinerators, the amount of the service charge the Park will levy to pick up garbage can be figured.

Violations will be issued by the Park after July 1 to all residents who include garbage in their rubbish pick-ups who have not made arrangements to pay the additional charge.

Police Seeking Hit-Run Driver

An unknown person, driving an Edsel car, hit an automobile parked in front of 801 Lincoln road on January 14. George H. Wyatt, 1922 Blossom, told police he was visiting friends at the Lincoln road address and returned to his car to find that it had been damaged. A 16-year-old boy later contacted the police and said he had been sitting in the driveway at the time and witnessed the accident. Police are now investigating the accident on the basis of his description.

REPORTS LARCENY

Stephen Miller, 35, of 1334 Anita, informed Woods police on Wednesday, January 11, that an unknown person stole the spare tire and wheel from the trunk of his car, and also four hubcaps.

Michigan Consolidated Gas Contest Starts Next Week

Sponsored by Michigan Consolidated Gas Company, the contest will feature "Color the Cowboy" ads to be found in this paper during the duration of the contest.

Children will be invited to take the ads from the paper, color them to the best of their ability, and submit their entries at the Mack-7 Mile Office of the Michigan Consolidated Gas Company by noon, February 11.

With the entries, each child should include his name, age, address, school, grade, and parent's signature. The parent's signature will verify that the child has received no help with

Four Injured In Smashup On Provençal

Car Hits Tree; One Person
on Critical List, Others
Seriously Hurt

Four persons were injured, three seriously and one critically, when their automobile went out of control on an icy pavement and crashed into a tree in front of 290 Provençal road on Wednesday, January 11.

The driver of the car, Richard K. Douglas, 23, of 897 Lincoln road, told Farms police that he had taken his eyes off the road for a "few seconds" as he reached a short curve in Provençal. He lost control and the vehicle skidded about 35 feet and hit the tree.

Car Total Loss
Police said that the car, owned by William Rybarz of 14451 Edmere, East Detroit, appeared to be a total loss. Damage was estimated at about \$1,000, it was said.

Still on the critical list, at the last report, is Karen F. Pierce, 19, of 1921 East Outer drive, Detroit, who was taken to Bon Secours Hospital suffering from a fractured skull and back injuries.

Douglas received a broken right hip, injuries of both legs and cuts on the right side of (Continued on Page 2)

Led Astray By Teacher's Note

A six-year-old Detroit boy who had set out on foot alone to look for his mother who worked in the Pointe, was safely returned to his parents by City Police January 12.

Police said Thomas Hoppins, 6, of 6415 Hazlett, Detroit, had gotten into trouble at school and had gone home at noon with a note from his teacher.

Instead of showing the note to his father, the child hid it with his toys and decided to walk to 542 Lakeland avenue where his mother works as a domestic for Mrs. George Williams.

By the time the boy reached his destination, Mrs. Hoppins had left for home and City Police had been alerted to his absence.

Police officers Richard Elworthy and Blair Martin picked up the child and notified his father, who came to get him.

Court Hears Testimony in Bufalino Case

Libel and Slander Suit
Brought by Teamsters'
Official Likely to
Last 30 Days

Screening of prospective home buyers in the Pointe is still being done, it was disclosed in Wayne County Circuit Court on Monday, January 19.

Bernard Whitley, a real estate salesman for Maxon Brothers, Inc., 63 Kercheval, testified that he was still using a book containing rules to screen buyers.

Whitley gave this testimony when he appeared at a hearing in circuit court, where charges of libel and slander are being aired. A damage suit for a million dollars, based on the charges, was brought by Teamster official, William E. Bufalino, against Maxon Brothers, the Grosse Pointe Property Owners Association and the Grosse Pointe Brokers Association.

Says He Was Refused
Bufalino, president of Teamster Local 985, which covers jukebox operators, is suing for libel and slander, claiming he was refused an opportunity to buy property in the Pointe last year.

He charged he was turned down on grounds that he was "part of the racket element and the jukebox element."

The hearing is being held before Circuit Judge Horace W. Gilmore, who said the suit may take 30 days.

Under questioning by Bufalino's attorney, Lawrence A. Burns, Whitley testified that he was still using the point screening system.

The system has been banned by the Michigan Corporation and Securities Commission on the grounds that it was used to discriminate against members of certain racial, religious and ethnic groups.

Judge Removed Ban
However, the ban was not put into effect by the state because of a court order issued by an Ingham County Circuit Court Judge.

The screening plan involved use of a point system by which prospective home buyers are rated on accent, religion, dress, complexion and living habits.

The Pointe Property Owners Association, after a series of public hearings conducted by State Attorney General Paul L. Adams, and Corporation and Securities Commissioner Lawrence Gubow, agreed to abandon the system.

Gubow adopted a rule, last August, requiring real estate brokers and salesmen to offer their services in buying or selling property regardless of prospective buyers' race, color, religion, national origin, or nationality.

530 Voters Cut Off Woods List

Revised list of registered voters in Grosse Pointe Woods shows a decrease of 530 persons due to death or having moved from the city.

Woods City Clerk Leona D. Liddle said that cards were mailed on December 1 to registered voters who had not voted in four years. At the time, 11,645 persons were listed as registered voters, she said.

When the study was completed, it was found that 487 registered voters in the Woods had moved out of the city and 43 had died.

As of January 12, the revised list showed 11,115 registered electors in the Woods. Of these, 10,297 voted in the November election.

It is possible, Mrs. Liddle said, that some of the 908 registered voters who did not vote in November have also moved from the Woods within the past four years.

GIVEN 15 DAYS

City Judge Joseph Uvick found Valeria Baymeister, 511 Neff road, guilty of being a disorderly person on January 12. He levied a \$25 fine and sentenced her to 15 days in the County Jail.

In any case a thorough examination is made by doctors prior to taking of blood so that donor and users are fully protected.

Film Forum Offers Comedy

The sparkling English comedy, "Genevieve," will be shown Friday, January 20, at 9:15 p.m. in the Main Reading Room of the Grosse Pointe Central Library, Kercheval at Fisher. Presented as the January offering of the Friends' Film Forum, "Genevieve" is the hilarious story of the annual London-to-Brighton Run for ancient automobiles.

Probably the best known player to American audiences is the late Kay Kendall, who has an important supporting role. The leading roles are played by John Gregson and Dinah Sheridan. The title role is portrayed by a 1904 Darracq automobile. The Technicolor film is a brilliant combination of slapstick and comedy of manners, with the humor coming from both automotive and amorous incidents.

Co-sponsored by the Friends of the Grosse Pointe Public Library, and the Library, the Friends' Film Forum presentations are open without charge to all adult residents of the Grosse Pointes.

PROWLERS FOILED

Mrs. Richard Brodhead, 306 Roosevelt, reported a breaking and entering attempt at her home on January 11. City Police found that the storm window of her front basement window had been removed and the screen slashed. The window was locked and the intruders did not break the glass to gain entry.

Traffic Fatality Mars Pointe's 1960 Record

The Pointe's 1960 traffic accident record disclosed a total of 1,031 accidents of all types in which 233 persons were injured and one person, a child, killed. The lone traffic fatality occurred in the City on September 19, when Robert Tabachki, 5, of 16284 Manning, Detroit, died as a result of injuries received when his mother, Gilda, 41, lost control of her car and crashed into a pole in front of 861 Neff road.

Another son, Neil, 10, was in the front seat with Robert and Mrs. Tabachki, when Robert slid to the floor of the automobile. When the boy's mother tried to keep him from falling, the car went out of control and smashed into a Detroit Edison utility pole.

Robert died in Bon Secours Hospital of skull injuries. Mrs. Tabachki suffered facial lacerations and chest injuries and Neil, head injuries. Both recovered.

The annual accident reports submitted by the five Pointe police departments varied. The following are the reports as given:

Park: Total number of accidents, 303; non-fatal accidents in which injuries occurred 91; property damage, 212; number of pedestrians injured, 13. During the last month of the year, the Park department recorded 37 accidents, as compared to 31 during December 1959. Last month's report showed there were 13 non-fatal, as compared to four for last year, and 24 property damage, three less than 1959.

One pedestrian was injured in traffic last month, and one during the same period in 1959.

In comparing the two years, the report showed no fatalities in either year, an increase of 28 non-fatal accidents in 1960, a decrease of 43 in property damage; and three more pedestrian injuries.

City: Total accidents, 194; vehicles damaged, 310; number of vehicles involved, 369; number of persons injured, 65; 100 violation tickets issued as a result of accidents; 19 accidents involved hitting fixed objects; four pedestrians injured; 11 accident involved cars and bicycles; two with motor bikes, and one fatal last September.

Farms: Total number of accidents, 289; property damage, 244; personal injuries, 45; auto-bike accidents, 10, resulting in four injuries. The amount of property damage was estimated at \$51,460.

A 1959 report showed that during that year, accidents and injuries were up. There was 324 accidents; 276 property damage;

48 injuries; five pedestrian injuries; 14 auto-bike accidents; and property damaged estimated at \$54,971.

Woods: Total number of accidents, 154; non-fatal, 19; personal injuries, 23; three accidents involving fixed objects, with one injury, property damage, 135.

During same period last year, there were 195 accidents in which 32 persons were hurt.

The Woods report also noted that male drivers contributed more to the number of accidents, than did female drivers, 233 to 104, during 1960. These figures include drivers who live in the Woods and those living in other communities.

Shores: Total number of accidents, 91; non-fatal, 19; property damage, 72; pedestrian injuries, one; fatalities in all accidents, none.

The 1959 report showed that there were 85 accidents during that year; 19 non-fatal; 66 property damage; two pedestrian injuries; and no fatalities.

All reports showed that most accidents are rear-end collisions, resulting from drivers following too close to cars ahead.

Lawrence Marr To Head Group

Lawrence Marr was unanimously elected chairman of the Woods Recreation committee on January 12. At the same time, the committee elected Earl Penno, vice-chairman and Mrs. Frances Lentz, secretary.

Ken Jones, who served on the recreation committee from the time of its inception on July 1, 1957 through January 1, 1961, was honored by a special resolution commending his conscientious and untiring services.

People are traveling at such a fast pace today that the cost of living probably would go up even if prices went down.

Four Injured In Smashup

(Continued from Page 1) the face that required six stitches.

Others injured were: Sharon Jahn, 18, of 16343 Toepfer avenue, East Detroit, broken right hip and facial cuts requiring six stitches; and Judith Rybarz, 19, of 14451 Edmere, East Detroit, broken right hip, facial cuts and fractured legs.

Thrown from Car

Officers who rushed to the scene, said they found the four accident victims on the ground, Miss Pierce, on her back with her head on the curb; Miss Jahn, both legs caught between the door frame and car seat; Miss Rybarz, on her back in the street between the car and the curb.

Douglas, who police said went through the windshield, was found sprawled on the grass about 30 feet from the wrecked automobile.

The four were taken to Bon Secours Hospital by Farms firemen in their ambulance, and by ambulances manned by City and Shores police officers, who were called to give assistance.

Was Going Too Fast

Farms police said that it appeared beyond doubt that Douglas was making the turn at too fast a speed. They said that non-braked skid marks measured 35 feet from the point where the car started to slide, to the tree. The pavement was icy, they said.

As the car hit the curb, officers said, the force of impact dislodged a tire from the wheel rim. The car was found facing north on Provençal in a traffic lane, where it bounced after hitting the tree.

Douglas was given a ticket for not having the car under control, causing an injury accident. He is scheduled to appear before Farms Judge Grant E. Armstrong on February 22.

Farms Gains 27 Homes in Year

In his final building report of the year, Farms City Engineer Murray M. Smith disclosed that the total number of all types of building construction permits issued during 1960 was 141, worth an assessed valuation of more than two million dollars.

Miscellaneous permits topped the number issued, 112, worth \$524,750; residential construction permits numbered 27, valued at \$1,332,000; one permit for a business place, valued

at \$25,000; and one non-assessable, worth \$268,000. The total value of all permits granted was set at \$2,149,750. During December, three residential building permits were approved, and five miscellaneous. The former are valued at a total of \$148,000, the latter, \$12,400. The residential permits were for a \$56,000 home at 31 Kerby road; a \$55,000 home at 35 Fair Acres; and a \$37,000 home at 25 Whitecomb.

Arrest of Two Teenagers Solves Ice Flair Burglary

Park police marked the April 4, 1960 burglary of the Ice Flair, Charlevoix and Wayburn, closed, with the arrest of two teenage boys by Detroit police on Thursday, January 12.

Park Police Chief Arthur Louwers said that the youths, Donald R. Lovén, 19, of 4312 Dickerson; and Terry Brooks, 17, of 2963 Aller road, both of Detroit, admitted in the presence of an assistant Wayne County prosecutor, that they broke into the Ice Flair and stole \$500 worth of long-playing records and \$40 in change during the night of April 4.

The pair were arraigned before Park Judge C. Joseph Belanger on Saturday, January 14. They stood mute and demanded an examination, which was set for Wednesday, January 18. Lovén was released on \$2,000 bond, and Brooks, on a

bond of \$1,000, until the examination date.

Chief Louwers said that Lovén and Brooks were arrested by officers of Detroit's McClellan Station, Fifth Precinct, for investigation of larceny from a building, when they were found to be in possession of possible stolen property.

Park Police Cpl. Charles French was sent to the McClellan Station to question the pair in the presence of the assistant prosecutor, who took down their statement and recommended warrants.

Further investigation by Cpl. French and Detroit police resulted in the recovery of 35 of the stolen records, found in the home of one of the boys.

Warrants charge the boys with breaking and entering and larceny from a building during the nighttime.

Two Cars Tangle At Intersection

Two drivers received tickets from City police on January 19 following a collision at Charlevoix and Fisher road, and one of the drivers was taken to Bon Secours Hospital with head injuries.

Police said George A. Homeir, Jr., 18, of 773 Lakepointe, was driving northward on Fisher and entered the intersection at Charlevoix without due care and caution.

He was hit by a car driven by Julie Waterfall, 22, of 830 St. Clair, who was driving westward on Charlevoix. She received a ticket for not having her car under control and causing an accident and was taken to Bon Secours for observation.

Both cars were towed to a nearby garage.

Young Cyclist Hurt in Farms

Eugene Binder, Jr., 13, of 437 Chalfonte, received minor injuries on Tuesday, January 10, when his bicycle ramed the rear of an automobile making a quick turn.

The boy told Farms police that he was pedaling his bike west on Chalfonte, behind a car being driven by a woman, when the woman made a fast turn, just east of Moross, and he ran into the rear of the car.

Eugene said that the woman got out of the car, took his name, and after stating that he did not look as though he was badly hurt, she got back into her car and drove away. The woman had a three-year-old boy and a five-year-old boy with her, and said she drove the Chalfonte route daily, the young cyclist said.

Police took Eugene to St. John Hospital where he was treated for abrasions on the right side of his face and a cut on the right leg.

Damage to the front wheel and bike frame was estimated at about \$10, police said.

Eugene could only give police the letters PS of the license plate of the car. He did not know the numbers.

RAMS STOPPED CAR

Lois Pillon, 21511 Ridgeway, St. Clair Shores, was ticketed by City Police on January 13 for not having her car under control and causing an accident at Jefferson avenue and University place. Police said she ran into a car driven by John P. Thomas, 19992 Country Club Lane, Harper Woods, who had stopped for the traffic light.

Accused Cousins Admit More Pointe Burglaries

Two cousins arrested by Detroit police on December 5, cleared up two more burglaries and enterings in the Pointe, both in the Woods, according to information given to Woods police on Tuesday, January 10.

Woods Det. Sgt. Walter O'Dell and Det. Leroy Tobian said that Detroit authorities informed them that James Kleiner, 27, and Ray Laethem, 19, both of 2927 Lenox, Detroit, made a full confession.

The Woods officers said that Kleiner and Laethem admitted breaking into the home of Mrs. Margaret Harley, 621 South Oxford, on December 12, 1959; and the home of H. Burton Jones, 19888 Thorn Tree, on November 11, 1960.

Nothing was taken from the home of Mrs. Harley. A 21-inch television set was stolen from Jones' home.

Following their arrest, Kleiner and Laethem confessed to the armed robbery of the Club Party Store, 383 Kercheval, on November 14, and the breaking and entering of the following Pointe homes:

City: Fannie Allen, 728 Washington, from where they took \$7 in cash on November 12, 1959; and Evelyn Legato, 886 Lincoln road, from where was taken a transistor radio and an alarm clock.

Shores: Mrs. Sherwood Reckie, 79 Renaud, nothing taken. This occurred on November 12, 1959.

Farms: George F. Stellberg, 271 Moran, on October 20, 1960, from where the burglars took a .32 caliber revolver, spoons, steak knives, liquor, cigars and a collection of Indian head pennies; David Hamilton, 349 Merriweather, on October 21, 1960, nothing taken.

Since their arrest, the cousins have confessed to a series of armed robberies and burglaries in other cities, which, besides the Pointe are Detroit, East Detroit, Harper Woods, St. Clair Shores, and Roseville.

When Detroit police went to the home of the accused men, they questioned the two, who admitted they were involved in a burglary in Detroit. More than \$250 worth of loot was found in the house. At Detroit's McClellan Station, the pair listed their crimes.

Kleiner and Laethem, in the party store robbery, admitted taking \$70 from the cash register, after forcing a store employee, Michael Belanger of 2631 Eastlawn, Detroit, to lie face down on the floor.

The store is owned by Linville Stover of 1423 Coplin, Detroit.

"From Script to Screen," a series of short films featuring many new ideas in movie making, will be shown by James Limbacher at the meeting of the Grosse Pointe Cinema League on Thursday evening,

January 26, at 8 o'clock at the Grosse Pointe War Memorial Center. Mr. Limbacher, Audio Visual Director of the Dearborn Public Library, is also film critic and columnist for the Dearborn

The films to be shown Thursday evening will be of special interest to all amateur movie makers. Some of them were produced by professionals and others by amateurs. They illustrate various techniques in script writing, lighting and editing which the amateur can use.

Any Grosse Pointe resident interested in photography is cordially invited to attend this meeting.

QUESTIONS & ANSWERS ABOUT BUILT-IN

ELECTRIC HEAT

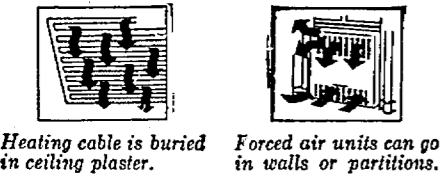

Electric heat is an advanced and superior concept of home comfort. Here are some of the questions we've been asked about it.

WHAT DOES IT LOOK LIKE?

The four most widely used types are illustrated below. Because electric heat is built in, there is little interference with living space.

Baseboard units come in any length. Radiant panels go in on walls.

Heating cable is buried in ceiling plaster. Forced air units can go in walls or partitions.

IS IT SAFE?

It's as safe and troublefree as electric light. Electric heat devices work very much like your toaster does. However, most of them operate at relatively low temperatures—without glowing wires.

IS IT EFFICIENT?

The heat produced by electric systems is usable heat; practically none of it is wasted within the heating equipment itself. Electric heat is just about as close to 100 percent efficiency as it's humanly possible to get.

IS IT EXPENSIVE TO INSTALL?

In general, the original cost of an electric heating system is less than that of any other type of quality equipment. Actual installed cost will vary according to type of heating unit used, home size, method of home construction and additional insulation requirements.

A good time to install electric heat is when building a new home. But it's also very economical to install it when home alterations or additions are being made. Wiring is no problem. It's figured as part of the job.

CAN I PUT IT IN JUST ONE ROOM?

Yes, and economically, too, as indicated above. Typical examples: when you're adding a new room, finishing an upstairs, closing in a porch or breezeway. Electric heat is especially valuable when the new living space is a long way from the central heating system, or when the central system is already working to capacity. Another good time to use electric heat is when you have a hard-to-heat area.

CAN I PUT IT IN THE WHOLE HOUSE?

Yes, you can switch the whole house over to electric heat. In this case, additional insulation will be required, plus storm sash and storm doors all around.

For greatest heating economy and summer comfort, regardless of type of heating system, good insulation pays off. Industry-established standards for this area for insulation thickness is not less than 6" overhead; 3 1/2" in outside walls; 2" alongside and partially under concrete floor slabs. Floors above basements also need insulation.

WHAT DOES IT COST TO USE ELECTRIC HEAT?

Various factors, including family living habits, affect operating cost, so a hard-and-fast answer is impossible. A rough rule of thumb is 25¢-28¢ per square foot of heated space, annually. But there's little need to guess. An electric heating contractor can calculate actual first cost and operating cost quickly and accurately.

Electric heat will cost more. But the cost will probably not be as high as one would imagine. Like any quality product, you pay more for electric heat but you get more benefits!

In June 1959, Detroit Edison added a new, lower step to the residential electric rate. Now, kilowatt-hours of electricity over 750 per month cost 2¢ each, gross, instead of 2 1/4¢—an 11 percent reduction.

DOES IT NEED MUCH SERVICING?

No. There are no moving parts in the electric heating systems discussed here except in the forced air units where fans or blowers are used. Fans are not high velocity, so they are long lasting also. An added advantage of electric heat, depending upon the type, is its completely silent, or very quiet, operation.

WHAT MAKES ELECTRIC HEAT BETTER?

FLEXIBILITY—Each room has its own thermostat. So each remains at the temperature you choose without affecting other areas. Temperatures can be raised or lowered in any room without overheating or chilling the rest of the house. Just a touch on the proper thermostat does it.

SPEED—When a thermostat is adjusted to call for more heat, the response is fast! In the systems described here, the heat source is right in each unit—only inches away instead of many feet.

EVEN HEAT—There will be very little temperature difference between floor and ceiling. And, wherever possible, electric heat (except ceiling cable, of course) is installed in outside walls. Then there is a curtain of warm air between the cool wall and window surfaces and room occupants. This fends off chilling drafts.

CLEANLINESS—Nothing is burned to make smoke, soot or fumes. Air currents will carry only whatever dust may have been introduced by other means. Nor are large quantities of outside, potentially dusty air drawn into the house to support combustion. Result: walls, draperies, furniture and floor coverings stay clean longer.

ARE THERE OTHER TYPES OF ELECTRIC HEAT?

Yes, the flexibility of electric heat makes it applicable to many basic systems. For example, there are electric warm air and wet heat systems.

City Approves Bill for Alley

Grosse Pointe City Council approved a bill for \$4,154.14 to Floris De Meulensere, contractor, for completed work on the Mack-Rivard-Washington alley. The city has already received \$3,840.17 in special assessments from private property owners on the alley.

Lawrence Savage, city manager, said that no problems were encountered during the construction of the alley. At some future date, he said, the entire alley can be paved merely by extending the present paved area.

At the same time, the Council ordered \$207.70 paid to the city engineers for alley charges.

Farms Debates Water Rate Hike

A proposal by the Farms to increase the water rate to the City, its customer, was deferred by the Farms council on Monday, January 16 for further study.

City Clerk Dawson Nacy said that the rate increase has been discussed with Grosse Pointe City officials, but nothing definite was concluded.

He disclosed that on February 21, 1955, the Farms entered into an agreement with the City to provide water for a period of 20 years, at a rate of 75.6 cents per 1,000 cubic feet.

A paragraph in the agreement stipulates that the Farms may from time to time, vary its rate for water purchased by the City, when at any time, costs represented by certain variables and fixed costs, exceed by 10 percent the figure employed in the formula fixing the rate.

Nacy said that these costs, for the year ending June 30, 1960, showed an increase of more than 10 percent for the first time since the agreement went into effect.

The Farms accountants compiled a report, indicating that the new rate should be 82.8 cents per 1,000 cubic feet, Nacy said, and it was recommended that the council set this new rate.

The city clerk stated that several factors, such as the increase in salaries for the filtering plant employees, increase in the cost of power, chemicals and other supplies, and a decrease in pumpage, is the result of the rate increase demand.

Nacy said that at the time the contract with the City was concluded, water gallon pumpage for the year 1955-56 was 152,000,070; in 1956-57, it was 146,210,000; in 1957-58, water pumped was 164,001,000; 1958-59, it was 165,670,000; and 1959-60, pumpage dropped to 150,541,000 gallons.

The council, after some discussion, tabled the matter for further study, and recommended that the issue be placed on the agenda for the next regular meeting of the body on Monday, February 6.

If the increase of 82.8 cents

per 1,000 cubic feet is agreed upon, it will go into effect on April 1 of this year.

GPHS Natators Continue Surge Toward BCL Title

Ever since Birmingham handed the Grosse Pointe Blue Devil swimming team its initial loss in the opening meet of the season, the Pointers have swept over all opponents like a tidal wave.

The Monroe Trojans were the latest victim on the Devil's list. They dropped by the wayside, 56-45, in the Border Cities League race Friday, January 13. The Trojans are the only team since the Birmingham catastrophe to come close to beating the Pointers. Monroe needed the help of a couple of disqualifications to come as close as it did.

In winning its sixth straight dual meet (four in league competition), in seven starts, the Devils cracked one pool record and equaled another. John Johnson smashed the pool record, held by Bradford of Highland Park, with a 52.5 in the 100-yard freestyle. Steve Seclader equaled the 160-yard individual medley mark held by Kolbe of Highland Park when he covered the distance in 2:01.1.

Lakers Defeat Ladislaus To Stay in League Lead

The St. Paul Lakers remained the only unbeaten basketball team in Grosse Pointe after edging St. Ladislaus 53-46, last Friday, January 13, in a road game. The victory enabled the Lakers to stay at the top of the East Side Parochial League with a 6-0 mark.

Trailing 5-0 early in the game the Lakers came back strong after coach Eddie Lauer shook up his line and smashed the determined, upset minded Ladislaus quintet. St. Paul held a comfortable 33-23 halftime lead and were never threatened in the remainder of the game.

Wachter Paces Attack

Jack Wachter paced the Lakers attack with a 17-point performance with teammate Glenn Cross annexing runnerup scoring honors with 12 points. St. Paul's defense handcuffed the high scoring Ladislaus guard John Paciorek with a stingy 10 points.

The victory set the stage for what could easily be called the championship game next Friday, January 20, when the Lakers will meet the only other unbeaten team in its league, St. Thomas who holds a 5-0 mark.

The Lakers should reign as favorite in this game on their remarkable offensive and defensive record to date. The Lakers have averaged sixty nine

Boat Banter

Sooner or later everything must come to an end and with this report Boat Banter reaches its climax after 18 years.

Many items have been brought to light over the years and credit has been given where credit has been due to boatmen who have excelled in the sport.

Some of our columns have been regarded as controversial and have irritated those in question. Others have been on the lighter side. But all in all we have attempted to bring the true picture of boating to the local fans.

Boat Banter comes to its end at this time because this reporter has obtained the position of assistant editor of the All Florida magazine and will be moving bag and baggage to Jacksonville in the deep south. It is with mixed emotions that we leave this locale.

Naturally, we are happy over our new position and the prospects of a completely new adventure. But we will miss Grosse Pointe and the yachtsmen. Both have been good to us over the years. The Mackinaw race, the yacht clubs and all of their wonderful members and the Detroit River Yachting Association weekly races will always remain marvelous memories.

Also the commodores whom we have seen come up through the ranks to do outstanding jobs at their respective clubs throughout the years, hold a place of honor in our memory book.

The wonderful days spent at Put In Bay during the Inter-Lake Yachting Association "Bay Week" can never be forgotten.

The buzz of sanders and the smell of paint around the boat yards in the spring and the preparation for another season of racing will always be a spotlight in a chain of events that mark the passing of time.

The yarn spinning that always takes place when two or more sailors get together and the interesting meetings of various yachting committees which provided much of the fodder for this column, will be missed.

The wonderful work the Grosse Pointe and Detroit Power Squadrons have done to educate neophytes in the ways of safety afloat will be one of our most affectionate memories.

We could go on and on and on recalling the things we are going to miss, but as we said "all things must come to an end sooner or later."

With all of these things reminding us of what we have left behind, there is no doubt that in the future we will return for the occasional visit and renew our old acquaintances.

So as a closing farewell we leave you with this choice tidbit which, we hope, will help Mackinaw racers to arrange vacation time. Commodore Joseph "Mike" Tapert and his race chairman Sandy McGregor announced July 22 as the date of the Bayview-Mackinaw race from Port Huron. The Chicago-Mackinaw race will be held July 15 according to that perennial race chairman Tony Koeffel.

This is not goodbye—but so long to all of the people who have been so good to us.

Little League Reveals Plans

The Grosse Pointe Farms Little League officials announced plans for the 1967 season which include registration, opening dates, etc.

President John Lehman announced March 20 and 21 would be the registration date for all Farms youngsters between the ages of nine and 12 years old to register for the 1967 season.

He stated that all boys who sign up at that time would definitely play on a team. Any boys who will attain his ninth or twelfth birthday before July 31, 1967, is eligible.

The new Class C, which is the minor league, will play its games on the brand new diamond at Brownell Junior High.

The opening day ceremonies have been set for May 20 at the Grosse Pointe High field and there will be celebrities from the baseball world assisting.

The second annual All Star game has been scheduled for July 4 and will be played on the Kerby Field diamond where the championship and playoff games will be staged.

President Lehman has set a goal for his league to attempt to meet. It is: make Grosse Pointe Farms Little League registration the largest and every boy who registers be placed on a team.

Little League Seeks Managers

The Grosse Pointe Woods-Shores Little League will appoint team managers for the 1967 baseball season in the next few weeks. Applications are coming in rapidly but there are still several positions available.

Anyone interested in managing a team in either the major or minor league should contact the vice-president, Mr. Donald Leahy at TU 4-0318.

The faint sound of bongos, beating out their pulsating rhythm . . .

Scurrying footsteps, anxious to get back into place . . .

Suddenly from the director, a relieved, yet weary sigh escapes, "O.K., gang, that's coming, but it needs a lot of work . . . see you tomorrow and don't forget to practice!"

These are the sounds on location . . . this is the toiling, sweating, tedious Tuxis Show rehearsal. Under the direction of Miss Jo Clark, a teacher at Grosse Pointe High School, it's in its second week rehearsing.

Talented Tuxis members and non-members are all busily perfecting their singing or dancing routines, comedy skits, and pantomimes for opening night, February 16. The show will run for three nights. Curtain rises at 8:15 p.m. in the Parcels Junior High School Auditorium.

Critics from many areas and walks of life have praised this theatrical, and rated it among the finest amateur shows. Under the management of the Tuxis Club, the thirteenth annual Tuxis Show promises to be unparalleled.

Woods Warns Dog Owners

Owners of dogs in the Woods were warned January 10 by Vern C. Bailey, Woods director of public safety, that they must keep their dogs at home or on a leash at all times.

Bailey said that tickets are being issued in every case where dogs are found roaming the city unleashed in the County Club Woods area, special attention is being given by impounding all dogs found running at large, he said.

Bailey pointed out that each of the Grosse Pointe cities and Harper Woods is experiencing an apparent increase in dog population and that care must be taken to eliminate their constituting a nuisance to the area.

League to Pick Miss Babe Ruth

At the January 10 meeting of the Woods-Shores Babe Ruth League board of directors, plans were announced for the opening day ceremonies. In keeping with the growth of Babe Ruth baseball in this area, it was felt appropriate that a "Miss Babe Ruth" be selected for the opening day parade.

Miss Babe Ruth will be chosen by the boys in the Woods-Shores Babe Ruth League from entries submitted by the various team members. Each team will be allowed one entry in the contest, the winner to reign as Miss Babe Ruth at the opening day festivities and the runners-up to act as her court.

It was announced by the program chairman that a marching band along with other musical aggregations will march with the boys in this year's parade.

An invitation was extended to all organizations in the area to enter floats in the parade and it is hoped that there will be several, which would help to add color to the opening day ceremonies.

The directors have been promised that there will be several outstanding professional athletes present who will meet and talk with the players and their friends after the parade.

Anyone wishing to assist this program is urged to let their wishes be known by contacting any member of the board of directors of the Woods-Shores Babe Ruth League, or by calling TU 4-2586.

Weather Alters Ski Club Plans

The best laid plans of mice and men, etc. Due to the unseasonable spring weather which melted January's snow recently, the Grosse Pointe Ski Club felt it wise to cancel their last mid-week trip to Mt. Christie.

As this paper goes to press the members are still counting on going to the Dryden area Wednesday night, January 18, and to the Summit Ski Area on February 1.

Both these midweek trips are offered to members for \$3.50 and to guests for \$1.00 more. Everyone receives a hot box supper at the Center and round trip deluxe bus transportation to and from the ski areas is provided. Ski rentals, lessons and lifts are arranged for at the areas.

The club's officers, faced with a mid winter thaw, have decided to postpone the Nubs Nob week-end trip originally scheduled for the end of this month and allow time for new snow accumulations.

The new plans are these. The week-end trip is now scheduled for the 10th, 11th, and 12th of February and offers skiing not only at Nubs but also at Boyne Mountain. The group will stay at "The Old House" in Conway, Michigan, and Ski Boyne on Saturday and Nubs on Sunday.

Round trip Greyhound transportation as well as transportation to and from the slopes, meals except lunches, all lodging and all chair lift charges are included in the new trip package for \$39.95 for Grosse Pointe Ski Club Members and \$42.95 for guests. Busses leave the Center at 5 p.m. Friday, February 10, returning at midnight Sunday, February 12.

Devil Cagers Bomb Monroe As They Enjoy Hot Night

Coach John Thursday's "hot 'n cold" Blue Devil basketball team had one of its hot nights last Friday, January 13, and bombed the eager but outgunned Monroe Trojans 71-47 on the Devil's home court.

The victory gave the Devils a two-way deadlock for third place in the Border Cities League race which is being paced by undefeated Highland Park with a 4-0 mark and second place Wyandotte with a 3-1 record.

Paced by Dave Miles and Mike Miller the Devils raced to a comfortable 20-11 lead at the end of the first period and stretched the margin to a commanding 37-16 halftime lead which enabled Coach Thursday to substitute freely halfway through the third stanza. He eventually cleared his bench of all sixteen players.

Captain Dave Veenendaal, who had only 10 points to his credit in the first half, remained in the fray throughout the third quarter and with the help of big Dave Miles put the game out of reach when he left at the end of the period with the Devils perched atop an overwhelming 57-27 lead.

Turns Into Scramble

Once the subs entered the game the contest turned into a scramble as the Trojan first string outscored the Devils for the first time in the game, 20 to 14, in the final period.

Paul Boesen, big tackle on the Devil football team, paced the subs with 8 points in the eight minutes he played. He could have boosted his total to 12 had he not been too anxious on a couple of easy layup shots late in the game.

Actually, the Devils could have chalked up a hundred plus had coach Thursday elected to go all the way with his first string. But being the sportsman he is he quickly opened the gates of mercy once the Devils held a comfortable lead.

From the very outset the outcome of the game was never in doubt. The Devils stood head and shoulders over the Trojans and controlled both backboards with lanky Chuck Clark turning in an outstanding performance on defense. Veenendaal and Miles, who tied for individual scoring honors with 19 points each, covered the Devils' board like an umbrella. Clark also chipped in 12 points on offense which was one better than Bob Meyers who paced the losers with 11 points.

Meet Wyandotte Friday

The Devils will be entertained by second place Wyandotte Friday, January 20. A victory over the Bears coupled with a Highland Park win over Royal Oak that same night could put the Pointers in a three-way second place tie with Wyandotte and Royal Oak. All would then be two games off the front run-

ning Parkers as the season reaches the halfway mark.

Most BCL coaches are anxiously waiting the second half of the season because Highland Park will lose two of its outstanding performers, Bill Sarver and Elmer Sigmon, who will graduate at mid-year. Both have carried the bulk of the Parkers' attack throughout the season to date and will be sorely missed when the sharp shooting gets underway in the run for the wire and the title. The value of Sarver and Sigmon was clearly evident in the Parker romp over Fordson last Friday when they scored 30 points between them in the 68-34 win.

Could Possibly Repeat

The Devils could repeat as champions but they are going to have to hustle all the way and get over blowing "hot 'n cold" as they have in previous league games.

City's Parking Lot Bills Far Exceed Original Bids

Grosse Pointe City Council voted January 16 to approve a bill for parking lot construction which was nearly \$10,000 above the estimated price.

At the same time, the Council directed City Manager Lawrence Savage to protest to City Engineer Mason L. Brown that certain foreseeable problems were not investigated before work on the project was begun. Final bill from the Colaid Asphalt Company for construction of the Mack-Rivard parking lot and the Neighborhood Club Area No. 3 Parking lot was \$27,435.95. The original bid for this work was \$17,372.30.

Savage said he and the city engineers authorized the additional work when it was discovered that bad base conditions existed which needed to be corrected before the lots were paved.

One portion of the lot lying in area No. 3 had already been surfaced, he said, and only a final finish coat was planned. However, when large construction equipment moved in on the lot, it was apparent that much of the lot had been surfaced over mud and clay base. Much of this base held water, Savage said, and would have broken the newly-paved surface during subsequent spring thaws.

Savage advised the Council that the work has now been properly executed and the City has a well-constructed parking facility. He recommended that

final payments of \$11,435.95 to the contractor and \$571.80 to the city engineers be approved. Savage said that \$814.66 will be charged to the Kresge Company for the special work required on the adjacent lot by the construction of their new building.

Organ Lessons Start Jan. 19

Popular organ lessons will be given at the Grosse Pointe War Memorial beginning this Thursday evening, January 19. The instructor will be Mrs. Frederick Stewart of Grosse Pointe Shores who has taught in the Birmingham Adult Education program in addition to being a performing artist.

The aim of Mrs. Stewart in her classes at the Center is to get her students playing for their own pleasure just as quickly as possible. Reading of notes and fundamentals is accompanied by instruction in chording adaptable to any conventional type of organ.

Lessons are weekly on Thursdays. Instruction is semi-private in groups of six beginning at 7, 7:45, 8:30, or 9:15 p.m. Practice time is allowed during the week on the organ at the Center. The fee is \$15 for a series of 10 lessons.

If you accept something for nothing don't kick about the quality.

Church Holding Dinner This Sunday

St. Philomena's Church will be the scene of a roast beef dinner this Sunday, January 22, from 1 p.m. to 8 p.m. Among those who have been planning the event are, left to right: MORRIS DEMETSENARE, chairman;

MRS. GERTRUDE GLAESER, co-chairman; CHARLES CAHILL, Dads' Club president; and MRS. ELIZABETH HERZOG, president of the Altar Society.

Clinic, Residents To Air Problems

Representatives of the Grosse Pointe Clinic and residents living within 300 feet of the clinic, were granted permission by Woods officials to use the Woods council chambers on Wednesday, January 25, at 8 p.m., for an informal meeting.

Dr. Clifford B. Loranger, president of the clinic, asked for the meeting in an effort to arrive at an amicable solution to his proposed parking lot development at the rear of his building, 20825 Mack, at Hawthorne.

The issue has been heard at three public hearings before the Woods council, during the past five years, and because of strong opposition to the proposed development, by the Hawthorne residents, the council turned down Dr. Loranger's request for a permit to build up the lot.

The Woods sent out notices to

all residents within a 300-foot radius of the clinic, informing them of the meeting. No Woods official will be present as an official representative of the city. The matter is strictly for those involved.

Dr. Loranger, who stated that he hopes the meeting will make clear his purposes and thereby win the approval of the residents in the lot building, sent out letters of his own, stating his position and what he hopes to do in the development of the lot.

In the letter, Dr. Loranger said he was writing in hopes of making clear his difficulties in the use of the lot, and if the majority of the residents understood this problem, they would not oppose the development.

Over a period of time, the doctor stated, the clinic has incurred expenses in landscaping part of the lot, putting up chains and posts along the alley

to prevent nuisance parking. The expenses were not incurred for the benefit of the clinic directly, but as an attempt to show in every way possible, that the clinic wants to improve the neighborhood.

Dr. Loranger said that during peak hours, several of the 10 to 12 cars belonging to doctors and their assistants, are forced to park on the street, which is not a satisfactory solution for the clinic or the people in front of whose homes the cars are parked.

He said there is not enough room behind the clinic, even if the cars are parked two deep. Sometimes the doctors park at the rear of the clinic, but during emergencies, the doctors' cars are often blocked.

He asks all interested residents to meet with him and other clinic representatives at the Woods city hall.

Brownell Offers Parents Program

Parents of Brownell students will have offered to them a program designed to double their pleasure and double their fun on Tuesday, January 24, at 8 p.m. in the Gymnasium of Brownell Junior High School.

The double program will begin with a presentation of "The Pampered Darling," a one-act play performed by the members of the 9th Grade Dramatic Club. Mrs. Al Meyer, director and coordinator, has revealed that the play is a highly amusing comedy, which centers around the actions of a spoiled boy who interferes with his sister's house party plans. It will run approximately one-half hour.

The main feature of the evening will be a comprehensive and informative talk on important phases of the Junior High school program by Dr. James W. Bushong, Superintendent of Grosse Pointe Public Schools.

Dr. Bushong, a native Oregonian, began his professional career in Oregon schools as a teacher and coach of athletics. From Bend, Oregon, where he was superintendent from 1946 to 1950. He went to Harvard University (1950-51) on an education fellowship. He accepted his present position in Grosse Pointe in January 1951. He has a Bachelor's degree from Pacific University, and a Doctorate from the University of Oregon.

This Michigan school administrator is well known for his leadership in the profession. He is an outstanding speaker on public school education matters. The professional growth program at Grosse Pointe developed under his guidance is said to be one of the best of its kind. Following Dr. Bushong's talk, the 9th Grade Mothers will serve refreshments of homemade cookies and coffee. Parents and friends of Brownell students are cordially invited to attend.

day for the rest of the winter term, Monday through Thursday, is 4:05 instead of 4:20. On Friday it continues to be 3:18.

G.P.U.S. is a center for College Entrance Examination Boards last Saturday.

On Monday Mrs. Ruth Lynch showed an hour-long travel film in color, called "A Tour of Europe," at an afternoon assembly. The scenes were of France and of Europe generally.

Creative imagination is being given full sway this month in the corridors of G.P.U.S. as the members of the Junior Class do their utmost to "get out the vote" for the upcoming Junior Prom on Saturday 28, at the Country Club. Posters and displays of all kinds are to be seen everywhere.

Pointe Chorus Wants Singers

The 110-voice Grosse Pointe Community Chorus will hold its opening registration and rehearsal of the season at 7:30 p.m. Tuesday, January 24, in Parcels Junior High School, Mack at Eight Mile.

The program for its spring concert, on April 30, has been selected and those interested in taking part should be on hand at this January 24 meeting to register and receive initial instructions.

Details regarding the chorus and its work may be had by phoning the director, Donald W. Simmons, at TUxedo 4-5964.

A sure aim is worthless if an impossible target is selected.

Dog and Hen Survive Fire

A watchdog and a hen were the lone survivors of a fire that

destroyed a poultry shop in the Park on Sunday, January 15. A defective wire in the front area of the shop owned by Mr. and Mrs. Justine Ver Sleppe of 15017 East Jefferson, was blamed for the fire. The Ver Sleppe live above the store. They were not home when the fire started. Park Fire Chief George deCaussin said that the fire was confined to the front part of the store, but smoke penetrated to the apartment above. Firefighters battled the fire for about an hour, bringing it under control in 20 minutes. Chief deCaussin said that City firemen were called to help fight the fire, when at first it appeared it would get out of control, but by the time help arrived, the additional firemen were not needed. However, they remained and helped to open doors and windows to ventilate the building and apartment. The chief said that the fire killed about twenty chickens and two turkeys. A hen that somehow got out of its crate, was found alive in the back room. The dog was also found there.

The extent of damage is not known, the chief said. He said the value of the building is \$20,000, and its contents, \$7,500.

Pointe Headlines of 1960

October 27 — Mark Kaminsky of Edwardsburg, Mich., who was given a seven-year suspended sentence in Russia after being "convicted" as a spy, was a guest of Mr. and Mrs. Frank Kuhn, and their daughter, Alrielle, 28 McKinley place. Kaminsky had been traveling and studying in Russia through the summer with Harry Bennett of Math, Me., who was held at a witness. Kaminsky was held incommunicado until mid-October, the Soviet Government disclaiming any knowledge of his whereabouts to queries from the United States State Department.

November 3 — Grace United Church of Christ, Evangelical and Reformed, Lakepointe and Kercheval, held a Service of Installation, welcoming their new pastor, Rev. Philip M. Stahl to the pulpit of the church. Rev. Richard E. Crusius of Ann Arbor, preached the Installation Service and Rev. Henry G. Khoehler, president of the Michigan-Indiana Synod of the United Church of Christ, installed the new pastor. Rev. A. H. Meyer, Field Representative for the Evangelical and Reformed Home for Children and Aged, was the Liturgist. Rev. Stahl and his wife, the former Mildred Laverne Tleman, took up residence at 1080 Beaconsfield.

November 10 — City and Woods taxpayers expressed their wills at the polls, the former accepting and the latter rejecting a bond issue. The City taxpayers approved a bond issue for \$165,000 by a big majority. The money will be for a program to construct a big swimming pool in the Norbert P. Neff Memorial Park, and make other improvements therein. The Woods taxpayers rejected a bond issue for \$85,000 which city officials were hoping for to improve recreational facilities in Ghesquiere Park.

November 17 — The Detroit area tri-county United Foundation reported it had raised a record \$18,318,741 in its 12th Annual Torch Fund Drive. The goal was \$17,990,000. As usual, Pointe residents played a big part in the success of the Drive, many donating generously. Actual donations made by Pointers could not be accurately counted because many gave through downtown business establishments, but the actual door-to-door canvassing in the Pointe raised \$286,494, or 97 per cent of the quota of \$305,700.

November 24 — The City council appointed a member from its ranks to the position of mayor. Appointed was long-time city councilman, Alonzo C. Allen, who succeeds resigned Mayor Kenneth Bergmann, whose company transferred him

to Grand Rapids. The new mayor lives at 412 Lincoln road, and has served on the council since October 1950. William M. Day, president of Michigan Bell Telephone company, was picked to fill the vacancy left by Mayor Allen. Both will serve the year remaining in the unexpired terms of their predecessors.

December 1 — Dr. James W. Bushong, superintendent of the Grosse Pointe Public Schools, announced the appointment of Dr. Elven E. Duval, professor at Western Michigan University, Kalamazoo, as assistant superintendent, made by the Grosse Pointe Board of Education. Dr. Duval succeeds Dr. Otis M. Dickey, who resigned last August to become Superintendent of Schools in Birmingham, Michigan. The appointment of Dr. Duval climaxed an extensive search for a top flight educator to fill the post.

December 8 — A major addition to St. Michael's Episcopal Church is nearing completion, all without benefit of a building fund. The addition consists of a bell tower and a major section of the parish house and marthex. The new parish house wing will contain 13 additional classrooms and an area devoted to the Little Thrift Shop, operated by the women of the church. Rector of the church is the Rev. Edgar H. Yeoman.

December 15 — The Park found out that the Federal Government died its petition for a grant to help pay for the improvement of a storm sewer, which installation will eliminate the pollution of Fox Creek. The city council learned that the Park will have to pay the estimated \$175,000 cost of the project by itself. City Manager Robert Stone said that the Park will have to pay for the program on a pay-as-you-go plan. He said that the Federal Government allocated \$1,400,000 as Michigan's share of Federal funds, and 34 communities filed for aid, of which only eight can be helped. The Park was 22nd on the list of applicant.

December 22 — Alonzo C. Allen, in his first appearance as mayor of the City of Grosse Pointe, welcomed William Day, president of Michigan Bell Telephone company, to the ranks of the city council. Day succeeded Allen, who was appointed mayor by the council to fill the unexpired term of former Mayor Kenneth Bergmann, who resigned after his company transferred him to Grand Rapids. Day is a newcomer to city government. Allen was a member of the council for the past 10 years.

December 29 — Burglars broke into the Harry Suffrin-Hughes and Hatcher Store, 18920 Mack avenue, and stole 70 to 80 men's

HOME INTERPHONE Your telephone company announces a unique new home communications service

Now you can use your telephones for talking inside your house as well as for calling outside! Home Interphone gives you new telephone convenience and security—and it's so simple a child can use it.

Here's what you can do with the new Home Interphone:

1. You can talk by phone from room to room. Just reach for the nearest extension phone, turn a button—and talk. Little speakers mounted near each phone carry your voice softly through the house. The person you call can answer "hands free" without lifting the receiver.

2. You can answer the door from any phone. A compact microphone-speaker by the door lets a visitor hear you and lets you hear him when you pick up your phone. You can even answer the door while telephoning.

3. You can transfer incoming calls to another telephone in the house. A special feature lets you "hold" incoming calls while you use the telephone to page another person inside or outside the house.

As many as five home phones can be connected in a Home Interphone system arranged to your

individual needs. Your phones—wall, table, or the new popular Princess phone with the dial that glows softly at night—can be in a choice of attractive colors with matching speakers.

New, versatile Home Interphone makes your telephone service more useful to you than ever before. Let us show you what Home Interphone can do for your family and how little more this new service will cost. In Detroit, call **TO 9-9961**. A Point in Semantics

Mayor Kenneth Cunningham of the City of Grosse Pointe Park takes issue with the word "Reforms" which was used in our Page One banner last week. We are inclined to agree with him. The banner was used over a story telling of certain revisions or changes which had been suggested to remedy problems of local government.

To carry on with the subject of changes, revisions, reforms or what have you, there is one particular transformation we would like to see accomplished before too many more years have passed. This is the matter of making some progress towards a consolidation of all or some of the five Points. This is a subject that has been under discussion, but never seriously enough, for many years.

It has been our observation through the years in which this matter has been kicked around, that the ablest thinkers and most successful businessmen among our local governing officials, have favored consolidation. But they have been opposed by too many who have the "Big frog in the little puddle" attitude.

Maybe this would be a good project for the Senior Men's Club, which meets at the War Memorial Center, to get its teeth into. There are among this group of several hundred retired businessmen many who have the talent and time to make a constructive study and come up with suggestions which could prove most valuable. It would be a worthwhile undertaking.

Letters to the Editor

To The Editor: I would like to have the opinion of others on Dog Owners of Grosse Pointe Farms.

I live on a corner and I am the sufferer of other's doings. I have taken great pride in my property and would like to know what to do about the dogs using my sidewalks and lawn as a comfort station. I wonder why the Board of Health doesn't notice such things.

We have signs near the High School "100 fine for anyone throwing litter on sidewalks." Dog litter is much worse!

Not only do the owners come with their dogs in the daylight to use your property, but after dark they come with two on a leash and turn them loose. As late as 10 o'clock p.m. they sneak up hoping no one will see them. Will we have to ask for a shot gun permit? Just why can't the owner train their dogs to use their own back yards?

Last week my driveway was so filled with dog litter I could not back my car out without hiring someone to clean the driveway. We love dogs in their place, but this is no place for a dog to visit until he is trained by his owner. We do not love dog owners when they cannot respect our property.

It is time for our Farms to enforce a law prohibiting such to continue.

Let's have sign "Walk your dog in your own back yard, or pay a fine!" Let's keep the Farms as clean as the other four Points!

Lucille Hutschenreuther, 145 Mapleton Road, January 11, 1961

Dear Sir: I'm writing to you in the event you may be instrumental in solving a problem regarding the future of 36 commercial art students.

May I precisely state our problem: We are a group of commercial art students, 14 day students and 22 students attending night classes at a privately owned school.

Here in the state we do not have a state owned commercial

art school devoting exclusively to commercial art. Mr. James Cotton established such a school located in Roseville, Michigan. However, the school has not prospered due to the fact it's only 2 years old and has not been able to receive recognition. Due to lack of funds the school is in the process of a foreclosure in 60 days.

We 36 students are concerned for our future as commercial artists. Our appeal and plea is this: We are in need of 22 more students in order to maintain the school. Would it be possible to have a human interest story appear in your newspaper indicating the merits, achievements and goals of the school. Through this medium the school will receive recognition and by chance before the 60 days grace period we may acquire the necessary 22 students in order to maintain the school.

Your suggestions and your assistance will be more than greatly appreciated.

Sincerely yours, Miss Roma M. Cracchiolo, 1180 Paget Court, Grosse Pointe Woods 36, Michigan.

Editor's Note: Anyone interested can get in touch with Miss Cracchiolo at TUredo 4-3712.

What Goes On at Your Library

by Jean Taylor

"The best books for children are written by those who have something else to do—and do it well. This is a simple truth which I should like to see circulate through the literary community—perhaps it will lead a few writers to forget that books for children pass in the publishing trade under the ghastly name of 'juveniles' and to believe that there is no 'technique' for writing them. In the ideal renovated republic of letters, every writer—with the exception of geniuses certified to be of the first rank—will be thought to owe the community one good translation of a foreign book and one good book for children."

Browsing through the books in the children's collection, we find a number of authors, well-known in the adult field, all of whom have done a creditable job with books that have caught the young fry's fancy.

Rudyard Kipling is perhaps better remembered today for his "Jungle Books" and "Just So Stories" than for his verse or his many novels. Living most of his life in India and England, it is interesting to note that he wrote two "Jungle Books" during his four year stay in America. A famous author at twenty-six, he married an American girl and lived for a time in her native city of Brattleboro, Vermont.

Rummer Golden is another author with an Anglo-Indian background. As well as her many novels, she has written several books for young children, "The Doll's House," "The Mousewife," "Impunity Jane" and others.

Anne Parrish's "Floating Island" continues popular with children. This story of a doll family, shipwrecked on a tropical desert island, was written when the author was in the midst of a novel. "There came one of those worrying times," according to the writer, "that comes to everyone with illness and so on." Since she could not

put her mind on her novel as much as she needed to do, she wrote "Floating Island" to cheer herself up.

E. B. White, American humorist, known to adult readers for his "One Man's Meat," "A Treasury of American Humor" and others, gave us in 1952 the classic "Charlotte's Web." This has been popular with youngsters of all ages as shown by the fact that the library has worn out more than 40 copies. His friend and colleague, James Thurber, said of this author, "He understands begonias and children, canaries and goldfish, dachshunds and Scottish terriers, men and motives."

In his turn, James Thurber, beloved in adult literary circles, has delighted children with "Many Moons" and "The Great Quillow."

Walter D. Edmonds, whose "Drums Along the Mohawk," "Romeo Haul" et al were widely read, received the Newberry Award in 1942 for "The Matchlock Gun," his first attempt to write a book for young people.

Mark Twain wrote primarily for adults, but his "Tom Sawyer" and "Huckleberry Finn" have been appropriated by young readers of several generations, the world over. Your library has had 71 copies of "Huckleberry Finn" and 85 copies of "Tom Sawyer."

The distinguished British author, C. S. Lewis, well known as a theologian and poet, took time in the midst of serious work to create for children a series of delightful books about the mythical land of Narnia, "The Lion, the Witch and the Wardrobe" is the first of these, and "The Last Battle" concludes the series.

Another English novelist, poet and literary critic, Richard Church, has done a topnotch yarn for youngsters in the 10 to 14 age bracket, "Five Boys and a Cave." Further adventures of these spelunkers are told in the sequel, "Down River."

- Ella McLennan—Instructor—10 a.m. Beauty Counselors, Inc.—Meeting—9 a.m. to 4:30 p.m.—Luncheon—12 noon. *Children's Art Class—Margheritta Loud—Instructor—3:45 to 5:15 p.m. *Ballet Classes—Mary Ellen Cooper—Instructor—4 to 7:30 p.m. *Ballet Classes—Mary Ellen Cooper—Instructor—4 to 7:30 p.m. *Popular Organ Lessons—Mrs. Frederick Stewart—Instructor—7, 7:45; 8:30 and 9:15 p.m. Grosse Pointe Numismatic Society—Meeting—7:30 p.m. *Grosse Pointe Cinema League—presents From Script to Screen an experimental film by James Limbacher, audio director of the Dearborn Public Library, to all interested amateur movie makers free of charge to Grosse Pointe public—8 p.m.

Great Demand For Engineers

University of Michigan engineering graduates are more in demand than ever, according to the annual engineering placement report.

This fall requests from employers for interviews with students are up 10 per cent already—from 501 requests to 551.

And over the past year, increases in demand for U-M engineers have been reflected in increased recruiting activity and higher salary offers, especially for those with high scholarship and advanced degrees, reports Assistant Prof. John G. Young, director of engineering placement.

The number of employers who made visits to the U-M College of Engineering for recruiting purposes was 599, up 19 per cent from the previous year. The average salary accepted by bachelor's degree recipient, in engineering was \$524 a month, up 2.3 per cent; and salaries accepted by master's degree holders averaged \$655 a month, up 9.5 per cent.

Offers to doctoral degree holders averaged \$858 a month, an increase of 6.5 per cent over the year before.

"The most intense demand was noted in the research and development areas, as indicated by the higher offers made for high scholarship and advanced degrees," Professor Young said. "But requirements in the design and application areas were also strong, as evidenced by increases in comparison with last year."

Three other trends were also noted in the report:

1. More graduates preferred to work in the Midwest this year, rather than on the West Coast. The proportion of graduates starting in the Midwest increased from 52 to 60 per cent, while those going to the West Coast declined from 23 to 16 per cent, probably reflecting a reduction in the number required by the aircraft industry," the report notes.

2. A larger number of students chose to begin employment in training programs, rather than "direct assignment to specific functional activities," a rise from 10 per cent to 33 per cent.

3. A substantially larger num-

ber chose to begin work for medium-sized (500 to 5,000 employees) rather than large (over 5,000) organizations. The number choosing medium sized firms rose from 18 to 34 per cent, while the number choosing large firms dropped from 72 to 55 per cent.

Pierce P.T.A. Holds Election

Immediate past president, Dr. Kennard L. Jones, has been elected by the Pierce Junior High School P.T.A. to serve as president for the balance of the school year to fill the vacancy caused by the recent resignation of president Richard Miller.

Mrs. Harold Schail, P.T.A. secretary, and vice-president Richard Hinks have agreed to investigate the possibility of producing an "All Pierce" musical spectacular later this Spring in an effort to provide a modern music laboratory for the school.

How to swallow a bitter pill

By FRED KOPP, R.Ph.

First, find a bitter pill. There are so few nowadays. It all started because children, blessed 'em, are so good at resisting bad-tasting medicine. You can medicate their chins or hair, but getting the stuff in them is beyond the ken of science. Kids can spit a country mile. So pharmacists began sugar-coating pills, putting medication in capsules, or mixing with sweet syrup. And we soon found that adults, too, like medicine the easy way. So now, most of our prescriptions are quite pleasant to take. If you should run into one of the few bitter ones, believe us, there are good medical reasons for it.

PIN POINTER

Be cautious with pins when cutting a delicate fabric, such as brocade or satin. Pins may leave a mark, so home economists at Michigan State University suggest keeping the pins within the seam allowance of the pattern. If the pattern must be anchored at the center, fine needles may be used.

Gourmets' Course Starts January 24

Memorial Center Again Sponsoring Popular Series Of Lectures and Demonstrations; Huck's Lakeshore To Open Program

The Grosse Pointe War Memorial's annually popular Gourmet Course will open with a flourish Tuesday evening, January 24 at 8 o'clock, when Huck's Lakeshore will present two of their specialties "Soup Avgolemono" and "Beef ala Strognaff."

The Huck family has a long tradition of offering fine food to discriminating Detroiters. Harold Huck's father, who received his training and served his apprenticeship in Alsace Lorraine, came to Detroit in 1902 and opened Schiller Hall on Gratiot. His next venture was the very successful "Log Cabin" across from the Book Cadillac Hotel, so called because the bar consisted of a huge log filled with water and fish which could be viewed through a glass pane.

When Henry Ford was a major patron of the Symphony, Mr. Huck, senior, opened Westwood Symphony Gardens out Michigan "avenue" where one could dine *ala fresco* and listen to the orchestra.

Harold Huck became the active head of the business with the opening of Huck's Redford Inn which for many years has had the reputation of serving fine foods. Particularly, are the Hucks famous for their frog-legs.

Harold Huck married Antoinette Verdonckt uniting an established bakery family to a fine restaurant house. In May 1960, they opened their new Huck's Lake Shore located at East Jefferson and Nine Mile Roads. Completely renovating the interior and offering the specialties and superior foods for which they are famous, Huck's Lakeshore has met with deserved and gratifying response.

Mrs. Huck and Demetrios Syropoulos, Lakeshore's chef, together with other members of Huck's staff will be at the War Memorial next Tuesday.

Chef Syropoulos comes from Athens where he was assistant chef in the capital's largest hotel, The Great Britannia. Coming to the States he served first at the Detroit Yacht Club before coming to Hucks. Mr. Syropoulos will do the actual cooking and demonstrating at the Center and Mrs. Huck will make the commentary and provide explanations.

Also appearing on the opening Gourmet program will be one of Grosse Pointe's finest amateur cooks who has collected many fascinating recipes in her travels. This is Mrs. L. H. Klaasen who dedicates her time as House Chairman for the War Memorial.

Center Offers French Classes

Mme. Claude Astrachan will hold Conversational French classes at the Grosse Pointe War Memorial Center Wednesday mornings, 9:30-11 a.m., beginning January 25 and continuing through May 10. The class is offered under the joint auspices of the University of Michigan and Wayne State University.

Mme. Claude obtained her literary and philosophy degrees in her native Paris. On arriving in the United States in 1954 her first home was Kansas City where she added a Master's Degree in Fine Arts.

She and her husband then moved to Mexico where she taught French literature and art at Mexico City College and simultaneously instructed at the French Institute there and also taught the French language at the Alliance Francaise.

This fall the Astrachans came to Detroit and Madame has joined the French Department of Wayne and will now take over the second semester of Conversational French at the Grosse Pointe War Memorial.

This Conversational French course is planned for those who need a refresher in conversation, who have studied the language previously and who need to strengthen their vocabulary structures of spoken French. The sixteen week course is offered for \$27. The Center (TU 1-7511) would appreciate advance enrollments.

Theoretical wisdom often turns into a mass of practical folly.

Will Preview New Floor Show Saturday Afternoon, See Aquatic Program; Trude Adams, Vocalist, And Don Alan, Magician, to Open that Evening

Detroit Athletic Club will be in a whirl of fun this Friday and Saturday, January 20 and 21, with more gaiety on four floor show evenings next week.

Actually, Saturday the 21st will be the most exciting with two major events. In the afternoon, the club will stage its annual Fathers and Sons Party (minimum age, 7 years), and in the evening, there's to be the gala opening of DAC's January dinner, dancing and floor show festivity for members and their guests.

The dads and lads will have the privilege of previewing the floor show entertainment acts at their party. The show will be the grand finale of a program beginning with aquatic races and exhibitions in the club's swimming pool and continuing with a luncheon in the gymnasium, with the second floor Ponchartraine Room taking care of the overflow.

Then the assemblage of 650 men and boys will settle down for the stage show presenting Trude Adams, vocalist, and Don Alan, magician. Each is tops in her and his respective act. Miss Adams' accompanist is Norman Martin, himself a brilliant composer and arranger. Besides mystifying audiences in his stage appearances, Don Alan has authored two books on the subject of magic.

At the floor show opener, dinner will be at 7 p.m. Emery Deutsch and his band will play for dancing and the show.

With Grosse Pointers Mr. and Mrs. Frank R. Dimond on the first night will be the Nicholas Nolans, the Elmer Clarks, the George Williams, the Frank McCaffreys, the George Maghiesels, and the Samuel Arrmitages.

Mr. and Mrs. Floyd M. Beitzel's guests will be Dr. and Mrs. Charles Fargo, the A. C. Danneckers, the Walter Schmitts, the George Saads and the Robert Lodges. The Ralph J. Klibers will head a group, and among others with table reservations for that evening are the Frank Kuhns, the Charles M. Endicotts, the Ira J. Pattans, and the C. F. Ogdens.

After opening this Saturday, the dinner-floor show will skip Sunday and Monday, then resume Tuesday for four per-

formances ending Friday, the 27th.

This Friday evening the fun fest will be the DAC's present and past directors' formal stag dinner in the Georgian Room. It will follow a short meeting of the board of directors held for the specific purpose of electing officers.

The annual card party of the Evening Group of the Women's Association of Grosse Pointe Memorial Church will be held February 3 at 8 p.m. in the church parlors.

Ray Hogani, 19711 Stout, Detroit, and Vince Mattison, 25452 Donald, Detroit, were questioned at the station and released. Their belated request for a soliciting permit was refused.

AAUW Groups Plan Meetings

Along with the Detroit Police Department's crackdown on crime, A.A.U.W.'s Grosse Pointe branch has appropriately scheduled a January speaker to detail a longer range education project, with crime prevention as one of its major goals.

Dr. Carl L. Marburger will speak on The Great Cities Project of the Detroit Board of Education, of which he is director, to the combined members of the Education, International Relations and Legislative groups, and all other interested local A.A.U.W.-ites.

The meeting will be held on Wednesday, Jan. 25 at 10 a.m. in the home of Miss Thekla Martin, 24 Moorland, Grosse Pointe Shores.

Detroit was one of the cities selected for the giant national Great Cities Project because of its huge section of families shifted from basically rural Southern backgrounds. Problems of environmental adjustments call for maximum combined effort of schools and community services for these children and their parents. Teachers in the area are given special guidance to make their work more effective and additional trained personnel help to integrate school curriculum into the total scheme for the community's social development. Mrs. C. W. Wachner, Education Group chairman, describes Dr. Marburger as a dynamic educator and a forceful speaker. Other upcoming January meetings are:

Book Group—Monday, January 23, Mrs. Watson Ford of McKinley Avenue will be hostess for the salad luncheon. Mrs. R. L. Shepard will review the immensely provocative book, "The Inspector," by Jan de Hartog.

Contemporary Literature;—Tuesday, January 24, will meet in the Bishop road home of Mrs. William T. Beaufait. Under the program heading of "Always a Bridesmaid—Never a Best Seller" some of the excellent books which "never made it" but deserve to be discussed by Mrs. Robert Snyder, Mrs. Roy K. Erickson and Mrs. John Schonenburg Jr.

Congregational Groups to Meet

The monthly group meetings of the Women's Association of the Grosse Pointe Congregational Church will be held in the homes of group members on Tuesday, January 24, at 12:30 p.m.

The third in a series of programs, based on the four major oriental religions and Judaism, will be presented by members of the Women's Association.

The groups will meet as follows: Group I: Mrs. Walter Frizzell, 61 Willison. Group II: Mrs. L. H. Orebaugh, 215 McKinley. Group III: Mrs. Monte Edelen, 1170 Balfour.

Group IV: Mrs. Margaret Hahn, 1221 Three Mile Drive. Group VIII: Mrs. William M. Adams, 305 University.

Luncheon will be served and reservations can be made with the group telephone committees or group chairmen.

Group IV will meet at 8 p.m. of the same day in the home of Mrs. Charles Monahan, 330 Fisher.

Group VII—The Senior Sixteens will meet in the Chapel Lounge on Wednesday, February 1, at 1 p.m.

Northwestern Women To Have Pot Luck

Northeastern Women's Club will meet Monday in the parlors of St. Philip and St. Stephen Church at noon for a pot luck luncheon and business meeting.

Health Council Hears Teachers

The visiting teacher, or school social worker, has to understand the reasons why children have difficulty in school.

Miss Caroline Wheeler and Mrs. Jane Mateus, both visiting teachers of the Grosse Pointe Board of Education, explained to the Mothers Health Council some of the methods utilized in this important phase of the school system.

In order to determine what is keeping a child from using his ability to learn, an individual study must be made of the student's physical, emotional, and social development. In addition, the effect of the school, home, and community environment on the child must be considered.

Selected portions of a tape recording by Hunter H. Comly, M.D., psychiatrist, and Director of the Childrens Center of Wayne County, was presented by Miss Wheeler. Dr. Comly outlined various behavior problems of the hyperkinetic child.

There are four visiting teachers in the local school system, working under the direction of Dr. Paul Mawhinney, Director of Public Personnel. Each visiting teacher is assigned a specific school.

The next meeting of the Grosse Pointe Mothers Health Council will be held Monday, January 23, at 1 p.m., at the Main Library.

Mrs. Alberta Davis will present the role of the nurse in the public school system and Mrs. Stanley MacKenzie will speak on the importance of nutrition in the daily diet.

The University of Detroit is the largest Catholic University in the world, with an enrollment of more than 14,000.

Club Offering Foreign Menus

Once a month Lochmoor Club is providing for its members dinners "a la internationale." The first held in December featured an entire Italian menu.

It was so loudly acclaimed that the second in the series, A Night in Old Heidelberg, is scheduled for Saturday, January 21.

To delight the epicurean, only German delicacies such as Hasenpfeffer, Wienerschnitzel, Sauerkraut and Knackwurst and Kasenkuchen will be prepared by the club chef and his staff.

Waitresses attired in quaint Tyrolean costumes will be on hand to serve the authentic dishes and the band will alternate music for American and folk dancing.

On Sunday, January 29, Lochmoor Club will close its doors for a general refurbishing preparatory to the busy spring and summer season ahead. It will re-open on Thursday, February 23.

Guest privileges have been extended to Lochmoor members by the Grosse Pointe Yacht Club until February 13, the Yacht Club's closing date.

To Hear Expert On Education

The annual meeting of the Women's Republican Club of Grosse Pointe will be held on January 19 at 12:30 at the Country Club of Detroit. Mrs. G. Sam Zilly, outgoing president, will preside over the election of new officers.

Mortimer Smith, top-notch analyst and writer on the subject of public education, will come from Washington, D.C. to be the guest speaker. His topic will be, "The Crisis of Purpose in American Education."

Mr. Smith is one of the founders of the Council for Basic Education, an organization which has done much to promote a return to basic intellectual disciplines in the school-room. Since 1937, he has been editor of the Council's outstanding monthly Bulletin.

An accomplished writer, Mr. Smith was originally a social historian and biographer. But concern over the quality of education his four children were receiving led him to devote much of his time since 1949 to writing on the subject of educational purpose.

His many successful volumes include, "And Madly Teach," "The Diminished Mind," "The Public Schools in Crisis," and "A Citizens Manual for the Public Schools." His articles have appeared in both American and European publications, including the "Atlantic Monthly," "The New Yorker," "National Review," "London Times," "Modern Age," "Saturday Evening Post," and many others.

Mr. Smith is considered an outstanding spokesman for the idea that our national well-being and survival are dependent upon quality in education. He believes that "The most pressing business of the moment is to decide what are the curricular priorities and then to examine the school to see if they are in fact making some things central and others peripheral. In other words, the important question is: what is basic education, and what must we, as laymen and school board members, do to further it in our schools?"

All members of the Grosse Pointe Board of Education have been invited to attend.

INAUGURATIONS OF OLD—The pomp and circumstance was there, but not the magic of electronics, the machine age and the public address system in these inaugurations of our two most famous presidents. Lincoln waved his stovepipe hat (sketch above) to the throng as, surrounded by gaily caparisoned horses and riders, he was borne in a carriage to the unfinished Capitol, still domeless, on March 4, 1861. A month later the Civil War had rent the Union asunder. And Washington took his oath (right) as the first president on a Wall Street balcony in New York. It was April 30, 1789. Beside him (right, in the sketch) stood Vice President John Adams, later the second president by three electoral votes. First to be inaugurated in Washington was Thomas Jefferson.

LAST NIGHT OUT?—Even as you and I, John F. Kennedy crams his coat into his seat with him as he takes in "Do Re Mi," a musical about the juke box industry, in New York in what looked like his last "night out" before ascending that lonely plateau, the presidency.

DRUNK TEST ON SPOT—Vienna, Austria, policeman holds up a pair of gimmicks they're using to test drivers for drunkenness right on the hazy spot. A chemical in the small glass tube changes color if the breath exceeds the "sober" alcoholic content. A drunk driver can get jailed for \$1,250 in Austria.

SOVIET U. S. TOUR—Graceful gymnast Larisa Latynina of the Olympic champion Soviet team works out on balance bar at the West Side YMCA in New York. She's in the U. S. with a team for a two-week exhibition tour.

PICKETING THE PICKET—Non-union barber Ellis Alberston went labor one better when his shop was picketed, in Lomita, Calif., hiring Mary Cobb (left) and Fat O'Neil to picket the picket. Not only that, but they attracted a crowd and his four-chair shop was thronged with customers.

LONGER, BIGGER—Necklaces get longer and earrings bigger in these examples of the new "French drop" in costume jewelry. Here the "French drop" is interpreted in New York by Richelieu in a pearl rope with pendant of pearls and rhinestones, and companion "French drop" earrings that "drop" below the jaw line.

HEART FUN—National Heart Fund "Sweethearts" Donna (left) and Debbie Horst share a treat in Philadelphia on being chosen to represent the fund's national appeal for funds this year. The identical twins, 7 years old in March, both had identical heart operations in 1959. That loving cup they're using is one of 14 they won in baby shows.

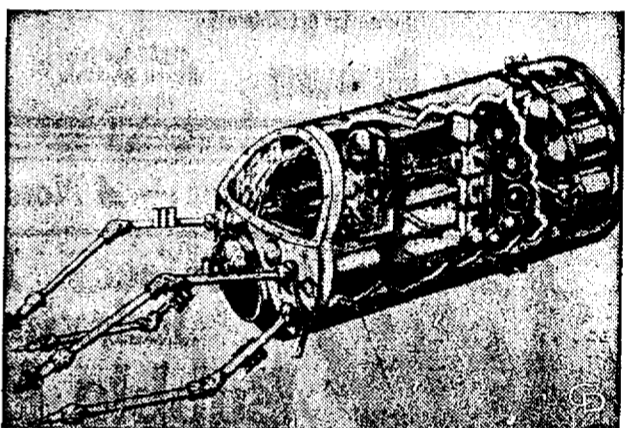

MIGHTY FAIR CATCH—Kathy Frazee, 17, makes like a catch in a net at Silver Springs, Fla.

'I DIDN'T DO NOTHIN'—Raymond Gorman, 62, gestures in dismay in Emergency Hospital, San Francisco, over fire officials' answer to the hotel blaze that killed 20 persons—that it started in his first floor room. "I didn't do nothin'," protested the reportedly heavy drinking pensioner as he faced manslaughter charges.

The station in space, three tubular sections which unfold into large compartments to house men, instruments and equipment. These sections would be folded together on top of the Saturn rocket. The umbrella-like business is a solar power collector. At bottom, five-man crew ferry vehicle.

A one-man space tug, to be used for assembling large space stations in orbit. Design is based on assumption that men in individual space suits would not have enough mobility and tools. The tug would be equipped with power tools and those remote-control manipulators. It would weigh about 8,000 pounds, would contain a computer, autopilot to prevent tumbling, reactor motor for maneuvering, and supplies.

WE'LL BE DOING THIS IN A DECADE—Here are sketches of what the Martin company in Baltimore envisions for man in space during the next decade, with trips to Mars and BACK. Feasibility of nuclear rockets is being studied. The Martin company, after half a century of aircraft manufacture, switched completely to the missile and rocket field recently.

HIGH FASHION—Linda Roeck, 5, of Bay Ridge, N. J., stole the show at a New York City footwear showing as she strolled down the runway wearing her mother's high-heeled shoes.

'ENCORE' AT CHARLESTON—Cadets of The Citadel go through the action in which their predecessors fired the first shots of the Civil War in Charleston, S.C., 100 years ago. They re-enact the firing on the Star of the West which was carrying supplies to Union troops at Fort Sumter. A century ago cadets turned the ship back with cannon fire.

These chimps in space capsules at Holloman AFB, N.M., are (from left) Duane, Jim, Chu. Seventy-five are being trained.

Three of seven Project Mercury astronauts smile confidently at Langley Field, Va. From left: Alan Shepard Jr., Navy commander; John Glenn Jr., Marine lieutenant colonel; Malcolm Carpenter, lieutenant commander. One may be "it."

GETTING SET FOR SPACE TRY—Chimpanzees in training and Project Mercury astronauts doing same are part of the preparations for man's first space try, scheduled for sometime in April. One astronaut will be selected to ride a Redstone down the Atlantic tracking range.

HAGERTY WON'T LOSE A DAY'S WORK—Leonard H. Golden, president of American Broadcasting-Paramount Pictures, Inc., talks with presidential press secretary James Hagerty in New York about Hagerty's new job as an ABC vice president in charge of news, special events and public affairs. The job, at about \$50,000 a year, starts Jan. 23, the Monday after he leaves his \$21,000 a year White House job.

LEOPOLD WANTS TO WED HER—Nathan Leopold, the "thrill killer" of 14-year-old Bobby Franks in Chicago in 1924, is shown at his 56th birthday party in San Juan, P.R., with Mrs. Trudi Garcia de Queyedo, the woman he is asking permission to wed. His birthday was Nov. 10.

THROWS OUT DELAY—Federal Judge Elbert Tuttle (above) of Atlanta, Ga., is the Circuit Court of Appeals jurist who overruled the integration delay granted by Federal Judge W. A. Boatle in the U. of Georgia case.

THREE IN ONE—One of the features of the Winter Market at the American Furniture Mart in Chicago is this triple bunk, which takes up space of only a double-decker in daytime, but can be used this way or as three twin-sized beds.

HITS OF THE SHOW—Irene Simonaitis (left) slips out of her golden slippers to slip into her favorite chair for a good night's sleep. The foam rubber lounge chair opens up to reveal a fully-made bed. At the right Yoshiko Kusutani of Tokyo perches demurely on a latex foam cushion to serve tea in a "Happy Talk" house. She is a member of the "Flower Drum Song." These pieces of furniture were among the hits of the Winter Furniture Market in Chicago. (Central Press)

Men's Chorus Having Party
The Grosse Pointe Men's Chorus, a War Memorial group which rehearses weekly at the Center under the direction of John Finch, Head of Vocal Music at Grosse Pointe High School, is holding its annual Sing and Card Party at the Center, Friday night, January 27 at 8 o'clock.

The Sing and Card Party is a most enjoyable community affair open to the Grosse Pointe public and guests. A \$1.25 charge is made to raise money for purchase of music. The 30-man chorus will give a short and light concert, refreshments will be served and the rest of the evening will be devoted to congeniality around the card tables. Between 150 and 200 are expected.

Working on this affair is committee chairman Edward Gehrig assisted by club officers Ralph Morrison, president; Harold Ridey, vice-president; and Harold Taylor, treasurer.

Savage Assigned To League Post
Lawrence Savage, City manager of Grosse Pointe, has been appointed to the Michigan Employee Relations committee established by the trustees of the Michigan Municipal League. The committee will serve as a consulting group to the league trustees on labor relations.

CARBURETOR STOLEN
Cyromus G. Darling III of 401 Lone Pine street, Bloomfield Hills, reported the theft of a four-barrel carburetor to Farms police on Wednesday, December 28. He said the item was taken from his car parked in the Country Club of Detroit lot.

Camera Club Plans Election

The Grosse Pointe Camera Club will hold its annual meeting and election of officers Wednesday at 8 o'clock at the Neighborhood Club.

The program will feature films by Jack Charipar of "Rome and the Mediterranean, Their Beauty and History."

SIFTERS VARY
There may be a difference of about two tablespoons of flour sifted with one sifter as compared to another. Home economists at Michigan State University say that products such as plain cakes, muffins, and most other quick breads are more tender with the reduced flour. In rich cakes, however, there is a tendency for the cake to fall.

UNITARIAN COMMENT
Unitarianism rejects all creeds; not for the religious beliefs they embody, but for their implied intention to bind future generations to the ideas, insights, and literal words of the past.

Although war-time austerity and the briefness of the bridegroom's leave made it impossible for the bride to be married in white, there was still time to erect a special summer house for a garden reception.

The time was summer of 1918 and the scene was the Lincoln road estate of the W. Howie Muirs. The bride was their daughter, Marjorie, and her aviator husband, with a 48 hour dramatic leave, was Thomas Worden Hunter.

Telephoned invitations brought 206 guests to the Muir home to witness the ceremony beside the hastily erected latticed tea house beneath the flagstaff flying the stars and stripes.

The bride wore a dark blue serge frock trimmed in peacock blue and a large blue hat. Her sister, a recent bride of Maj. John Potter, also soon destined for the front was her only attendant in Alice blue chiffon.

The couple left after the reception in the mansion for New York and Bay Shore L. I., where Mr. Hunter was training. He survived the war to die in a plane crash in the thirties in California. The couple had two children, Mrs. Pierce Chambers, who now lives in Virginia, and Thomas W. Hunter, who once was a reporter for this paper, is now an advertising executive and lives in McMillan road.

Elizabeth Ingersoll Muir's wedding to Maj. Potter was a traditional ceremony in Old Christ Church but the reception was held in the Lincoln road house. A blinding snow storm and huge drifts across Jefferson avenue prevented few of the guests from attending. Mrs. Potter wore white satin, short in front with a very long train and carried white primroses and orchids. They were able to have a ten day wedding trip before he reported back to Camp Custer. Christ Church's rector, Dr. Maxon, was in France, but Dr. Schadd performed the ceremony.

Maj. Potter survived the war, and the couple had two daughters, Mrs. Richard Franzen, of Cincinnati, and Mrs. Jack Cudlip, of Moross road.

His brother, Stephen, was not so fortunate. He had joined the British Royal Flying Force although an ensign in the U. S. Navy reserves. He died on an April day over the North Sea in a battle with seven German planes. He was 22.

Lt. William Russel, also 22, and a friend of the Muir girls, died in action in France, his plane shot down over the Western Front. He was survived by three sisters, Mrs. Allen F. Edwards, Mrs. James Thayer McMillan and Mrs. H. F. Wardwell.

World War I changed Grosse Pointe as it did the whole country. In a scrapbook compiled by the late Mrs. W. Howie Muir a glimpse of the Pointe in these Edwardian days is revealing and rather poignant to modern readers.

who, where and whatnot

by whoozit

Our police officers for eons have complained of the derogatory term, "cop", a far from flattering name, many of them feel. But not Sgt. Foster Mauck, of the Grosse Pointe City force. He has done some research on "cops" and discovered the word dates from gaslight days when shopkeepers were often called upon to patrol the badly lighted streets. When they were away from their places of business they would often put a sign on the front door "Called on Patrol" . . . hence COP.

The Rev. Ben Tallman was endeavoring to explain the physical structure of Memorial Church to some primary students one Sunday. He pointed out that the most important part of the church was the sanctuary where the children's parents were that very moment worshipping while their offspring attended Sunday School. Up went one little eight-years-old's hand, "Please Mr. Tallman, not my daddy. He isn't there. He's home in bed."

Our advertising director Matthew Goebel frequently answers the phone after office hours. Last week one evening he picked up the phone said, "Grosse Pointe News" to be greeted by a small boy who stammered and stuttered a bit then finally blurted "Excuse me, I have the wrong number. I wanted to talk to my father instead of my mother."

Pointe matrons, always a trifle shy of the complicated hat, were agog over ballerina Margot Fonteyn's chapeau at Sir James and Lady Easton's reception preceding Visit Britain Week. . . . Dame Fonteyn was wearing a very fashionable beige twisted high cloche which concealed her hair . . . but hats, even at cocktail parties, are coming in strong . . . Mrs. William Day always wears one, the latest, an open round pillbox, veiled, of shocking pink satin . . . and she has a magnificent huge cabbage rose which perches atop her head for equally dramatic occasions.

The Allen Merrells are another of the growing legion who spend Sunday afternoon walking. They were parading with their Bedlington last week looking very relaxed in sheepskin lined coats, Mrs. M. in very slim turquoise slacks.

DON J. GOODROW, OF WICKS LANE

By Patricia Talbot

Don J. Goodrow is an avid follower of that old fashioned winter sport, curling, but there is nothing old fashioned about the justice he meets out in the Grosse Pointe Woods municipal court every week.

Judge Goodrow has been in office since 1950 and has dealt with a long list of adult and minor law offenders. He says, "Experience has taught me the wisdom of deferring the trial of all cases involving persons between 17 and 21 years of age until the parents of the alleged offenders are present in court."

Crimes and misdemeanors committed by minors have been on the increase in his ten years in office and he believes that if some of the offenders could

Tea to Launch Center Series

The Detroit Adventure Series, Conversations in the Arts, for the first time at the beginning of 1961 is bringing certain selected conversations to the Grosse Pointe War Memorial for the convenience of Grosse Pointers.

In order to spearhead this activity in Grosse Pointe a tea is being given at the Memorial Center this Saturday afternoon, January 21, to meet Dr. William Birenbaum, Director of Detroit Adventure and Chairman of the Michigan Cultural Commission. He will talk informally of the many facets of culture represented in these conversations and acquaint these representative Grosse Pointers with some of the opportunities offered through the program with which they may not already be familiar.

Mrs. Frederick C. Ford is chairman of arrangements for the tea. Patrons and Patronesses for these Conversations in the Arts in Grosse Pointe include Mr. and Mrs. Wendell W. Secretary of State Branch Office Open

A branch office of the Secretary of State has been reopened at 15309 Mack avenue, near Beaconsfield, by Truman Atherton and Isobel Larsen.

Affording greater convenience for Pointers wishing to purchase their 1961 auto license tabs, hours at the branch will be from 9 a.m. to 5 p.m. on weekdays and 9 a.m. to 1 p.m. on Saturdays.

Felony cases are tried by the Wayne Circuit Court and juveniles are tried by a special country court. But this still leaves a long list of traffic offenders and misdemeanor cases to be dealt with by Judge Goodrow.

With the police department, who deal with many cases which never reach court, he fights crime constantly in the Woods.
