

HOSPITAL EXPANSION ARGUED

HEADLINES of the WEEK As Compiled by the Grosse Pointe News

Thursday, April 13
AFTER SEVERAL DAYS of rumors, the Soviet Union yesterday sent a man on a historic 89-minute orbit around the earth. The airman, 27-year-old Major Yuri Alekseyevich Gagarin, made his journey in a five-ton spaceship and then was brought down to a safe landing in a prearranged spot in the Soviet Union. His minimum distance from the earth was 110 miles and the maximum 188 miles. Traveling at a speed of 17,000 miles an hour, Gagarin was propelled six times as fast as man had ever flown before. Gagarin reported on his return that he felt well and had suffered no injuries or bruises. The spaceship was controlled from land.

Friday, April 14
MEMBERS of the House Space Committee demanded that the United States step up its space effort and mobilize space activities on a wartime top-priority basis. James E. Webb, head of the National Aeronautics and Space Administration, told the congressmen that the American space program was not geared to match precisely what the Russians may do and said that the United States may not orbit a man until next year. Several space committee members then demanded that the program be speeded up and that the present pace be doubled.

Saturday, April 15
THE 27-YEAR-OLD Soviet carpenter's son, spaceman Yuri Gagarin, was hailed as Moscow's space age Columbus yesterday with a cheering welcome greater than any ovation accorded a Stalin or a Czar. A weeping Nikita Khrushchev told Gagarin and the world that the Soviets would send more "space swallows" and "leave other states behind." He added that the Soviet people must not be distracted from other targets including catching up with the United States in the standard of living.

Sunday, April 16
CUBA'S PREMIER Fidel Castro blamed the United States for surprise air attacks on three Cuban cities yesterday. In New York, the head of a Cuban group seeking overthrow of the Castro regime said the bombings were the work of Cuban air force men. They flew twin-engine B-26 bombers. A direct bomb hit on an ammunition depot outside Havana, rocking the city with explosions. Also struck were the cities of Santiago and San Antonio de los Baños, 20 miles west of Havana.

Monday, April 17
DETROITERS WITH their minds on spring were fooled by the weatherman yesterday as more than two inches of snow fell, most of it melting on the ground. Most of the highways in the state were passable but treacherous, according to the state police. The average snow fall for Detroit for April is 1.7 inches.

Tuesday, April 18
IN JERUSALEM, Adolf Eichmann pleaded not guilty to 15 charges that he slaughtered and tortured Jews by the millions. For nearly six hours afterward, Prosecutor Gideon Hausner resurrected in detail the record of Nazi atrocities. He called Eichmann the "zealous executor" of these horrors, a man "absolutely devoted to his mission." Hausner is expected to ask for the death penalty.

Wednesday, April 19
A HANDS-OFF attitude in Cuba will remain the official policy of the United States, according to the President, the Secretary of State, and the UN Ambassador. However, no one has denied hoping for an eventual success for Fidel Castro's enemies.

NANCY BRENNAN, JOAN WARBOLD and JULIE HENDERSON, members of Mrs. Sophia Boan's clothing class at Pierce Junior High School, tell CHARLES JORGENSEN, English and Arts teacher, about the dresses they made in class and modelled at the PTA meeting April 11. Sixteen girls added glamour to the display of Fine Arts, Practical Arts and Social Study held in conjunction with the meeting by modeling their creations.

Hospital Expansion Argued

(Continued from Page 1) should not have to endure the inconvenience of a larger hospital for the benefit of residents of other communities.

Jack Walker, of the Farms, said Bon Secours is a model institution and should be allowed to remain so. He said that a person gets "no relief from penicillin without a little pain from the prick." Another resident said the controversy had

turned into a "bit of a witch hunt."

Among the residents who spoke in favor of the proposal were Dr. Nelson Diebel, W. B. Hurley, and Marvin Mead. Mead, old the Council that he lives near the hospital, has four young children who are "character members of the emergency department," and was in favor of increased facilities for the benefit of his family and others.

Protection Promised

Speakers stated that the hospital had promised to screen the proposed parking facility from the sight of nearby residents. Effective landscaping, indirect lighting, and frequent patrols of the area have been promised.

At the end of the hearing, Mayor Allen said that the Council would consider all arguments carefully and come to a decision at a later date. He asked that all residents concerned make their feelings known to him and the Council by letter.

The Grosse Pointe Community Theater will close its 1961 season with Arthur Miller's, "All My Sons," on April 28 and 29 at 8:30 p.m. in the Grosse Pointe High School, Fisher road at Grosse Pointe Blvd. In the 1960 Detroit-Windsor Theater Council Drama Festival at the Shubert, the Grosse Pointe Community Theater won first prize with their performance of Arthur Miller's, "Death of a Salesman." The same director-producer team, Dean Erskine and John Butterfield are working together again on "All My Sons."

The cast will include Henry A. Houston with Phyllis Reeve as Joe and Kate Keller; Dick Bauhof as Chris Keller, and Fran Butterfield as Ann Deever. Others in the cast will be Jack Donachie, Mike Shaw, Elizabeth Wall, Pat Pothoff, Al Bertel and Gerald Erskine. Nacy disclosed at the council meeting that State Senator Harold Ryan, proposed a resolution in the State Senate, which was approved and read into the record, commending the St. Paul team for winning the championship.

Nab Youth

(Continued from Page 1) loned, Williams confessed to the LaCoppola burglary and named Martin as his accomplice.

Officers of the Conner Station informed O'Dell and Toblan of Williams' detention and confession, and the Woods officers said they questioned him and he admitted the Woods burglary to them.

Williams said that he believed Martin had fled to Florida, after splitting the loot from the restaurant and the automobile.

O'Dell and Toblan said that they plan to question Martin sometime this week.

Williams said, at the time of his arrest, that he and Martin crawled over the roofs of adjoining stores to the roof of LaCoppola's, where they removed a 12x16 plate glass from a skylight and entered the place. They took money from a cash register on the counter, and from a cigar box under the counter and a cigar box at the rear of the restaurant. They left the building the way they entered.

Martin took his share of the loot in currency, and Williams kept all of the coins, including silver dollars, that were in a Manufacturer's National Bank canvas bag.

O'Dell and Toblan went to Williams' home, where they recovered the coin-filled bag from his bedroom. The officers said that Williams kept the coins because he thought they would be easier to spend.

Detroit police have a warrant charging Martin with breaking and entering the automobile and stealing the \$400. The Woods Police Department placed a hold on him, the Woods detectives said.

Will Discuss Water Rates

(Continued from Page 1) officials to iron out some of the problems of the computation and the matter of the projected cost.

To Discuss Chemist

One problem that will be discussed is the Farms hiring of a chemist at the Water Filtration Plant, Lake Shore and Moross roads, at a salary of \$7,200 a year, which figured in the projected cost. If this cost can be eliminated, the water rate increase to the City will only be 82.8 cents per 1,000 cubic feet, Savage said.

In his letter to the Farms council, Savage asked that the rate increase be postponed until representatives from both communities can discuss the computation rate, and that any new rate arrived at can be made retroactive to April 1.

Council Approves

At the recommendation of Mayor Connolly, the Farms

council approved the suspension of the rate increase until after the meeting with City officials, and whatever rate is arrived at, will be made retroactive to April 1.

The council instructed City Attorney George McKean to arrange the meeting date and time with City officials, and then at Mayor Connolly's request, agreed to bring the matter up again at the council's June 5 meeting.

TELLS OF THEFT

Elmer Cundinger of 1055 Devonshire lost 200 feet of copper tubing and about 15 sprinkler heads from his backyard, according to information he gave to Park police on Monday, April 10. He said a thief, or thieves, took the items between March 28 and the date he made the report. The total value of the loss is \$200.

A SPARE THEFT

Mrs. Adah Hart of 21224 Benjamin, St. Clair Shores, complained to Woods police on Friday, April 14, that while her car was parked in the Woods Theater lot, someone broke into the trunk and stole the spare tire and wheel.

MICHIGAN BELL

YOU PROBABLY aren't conscious of it—but chances are you're using your telephone more than you were, say, 10 years ago. How can we tell? Because we're a lot busier here at the telephone company handling your calls. For example, 10 years ago our Michigan customers made 9,762,000 calls during the average day. In 1960, we were handling 14,881,000 calls on the average day in Michigan—a 52% increase! Much of this results from new customers, of course. But quite a bit comes from the fact that you're picking up your phone more often because you can call more people, and more people can call you. It makes us happy to know your telephone is working harder for you—saving steps, making life easier and more pleasant.

IT'S HERE — Michigan Bell's Spring Phone Fair. It features a variety of telephone services including the Home Interphone, which lets you use your phone as a communications system right in your home. You'll also see the colorful little Princess phone (it lights!), the convenient wall phone, volume control phone for the hard of hearing—and lots more. Don't miss the Spring Phone Fair—it's at your telephone business office now.

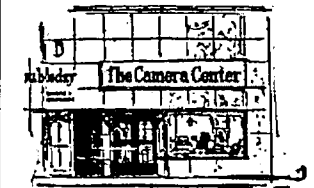

NEW TELEPHONE SERVICE. This month we're introducing a new communications system. It combines regular telephone service with a wide range of intercommunication features. This new service uses standard telephones equipped with special loudspeaker-microphones. With it you can talk back and forth between any telephone at your farm or business. It's even possible to talk "hands free," several feet away from the nearest phone or, using special outdoor loudspeakers, from outside locations. If you'd like more information about "Farm Interphone," just call us and we'll be glad to arrange a demonstration.

Hettler Quits County Board

Park City Attorney Pierre Hettler resigned as the Park's representative on the Wayne County Board of Supervisors. He offered his resignation on Monday, April 10, effective immediately.

The city council accepted the resignation with regret, thanking Hettler for his service to the Park, as one of two agents for the city on the Board.

The remaining representative for the Park is Councilman William Oddy, who was appointed more than two years ago, to serve an indefinite term.

The city attorney has been on the County Board of Supervisors for eight of the past 10 years.

Hettler stated that he quit the Board as a result of the 1960 Federal census, which indirectly determines the number of representatives that each community in the county can have. The number of supervisors has been cut from 115 to 108.

The Park is one of several cities that must eliminate at least one agent, Hettler said, and he offered his resignation. Mayor Kenneth Cunningham thanked Hettler for his years of service on the Board, and stated the County Board will be notified of his leaving that body.

According to the Park City Charter, a representative to the County Board of Supervisors is appointed for an indefinite period, and unless he resigns, can only be removed by action of the council.

Traffic Cases Heard in City

Nicolas V. Vicario, of 875 Cook road, was found guilty of reckless driving in City Court on April 14 and was fined \$75 or 10 days in the City Jail. In addition, Judge D. L. Paterson sentenced Vicario to six months probation and restricted his driving to work only for three months.

In other action, Judge Paterson fined Merry Carlin Goodrich, 2080 Norwood, \$35 for not having her car under control. She is on probation for one month and must attend two sessions of traffic school.

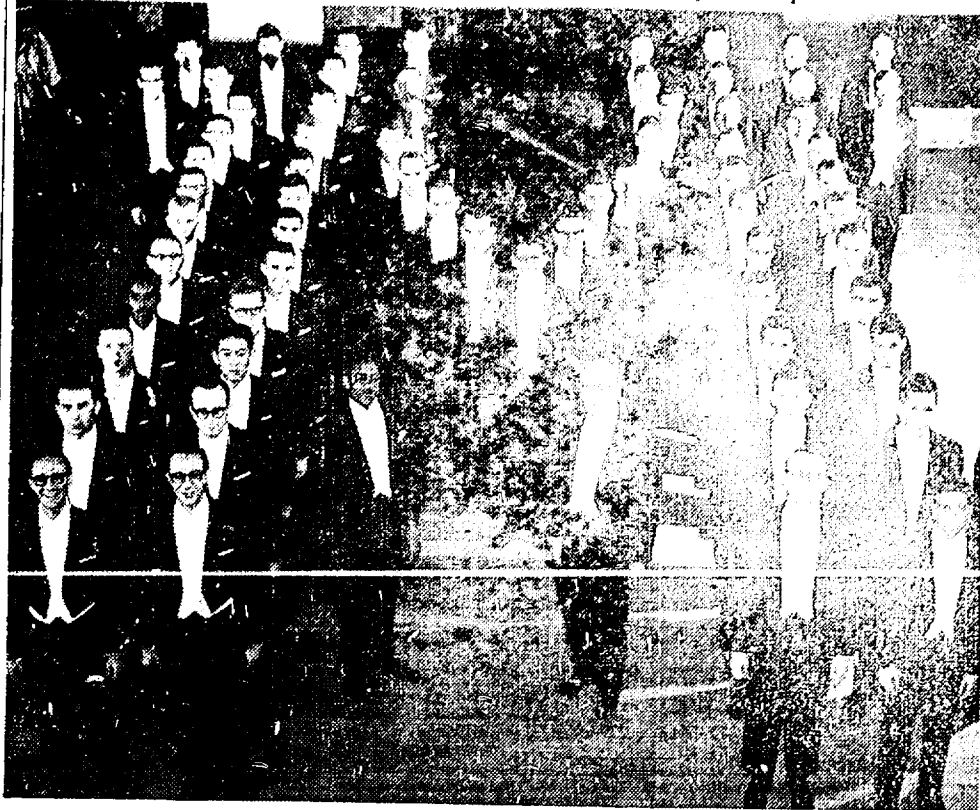

James H. Hoenicke, 5916 St. Clair, Detroit, was found guilty of not having his car under control and paid a fine of \$25. He was also placed on three months probation and will attend four sessions of traffic school.

Two drivers received fines of \$15. Maddalena M. Monge, of 3511 Cadieux, Detroit, was found guilty of interfering with moving traffic. Joe Hilton Ritter, of 1560 Oxford road, was fined the same amount and put on probation for 60 days for speeding 38 miles an hour. Ritter is required to attend four sessions of traffic school.

Struck by Car In Parking Lot

A Detroit woman was hit by a car April 11 in the parking lot behind the A. & P. Grocery Store and was taken to Bon Secours Hospital suffering from a leg splintered above the knee. City Police said Mrs. Lillian Martz, of 5074 Devonshire, Detroit, was loading groceries in the rear of her car when she was struck by a car driven by Mrs. Elsa G. Butler, of 81 Lewiston. Mrs. Butler was issued a ticket for reckless driving.

Young People to Play Big Part in Clean-Up Drive

The young people in the community seem to be taking the lead in the Annual Clean-Up campaign this year. The opening day will be Saturday, April 29, the closing day Sunday, May 7. As in the past, the Grosse Pointe Garden Club Council is sponsoring the effort.

All the schools in the five Grosse Pointes, have been alerted to the Cleanest Playground Contest, which will again be judged by the Men's Garden Club. At the High School, the Student Council is making a serious effort to enlist the participation of the whole student body in Clean-Up.

The Blue and Gold Hi-Y Clubs at the High School have volunteered for their much needed contribution of lot-cleaning, in response to the complaints of "littered lots" which come to the Council on the Sore-Spot coupons. This will be the last week the coupon will appear in the paper, as the boys want to start the job early so the many complaints received can be taken care of.

Mr. Dale Patterson, the sponsor of the Blue-Hi-Y's reports that the following boys will be welding rakes: Charles Munson, president; Ross Kogel, Drew Pevlav, John Marsden, Brian Mumaw, Carl Hribar, Woody Hayes, Ted Darany, Scott Shaw, Cort Johns, Sam Bradshaw, Nelson Steiner.

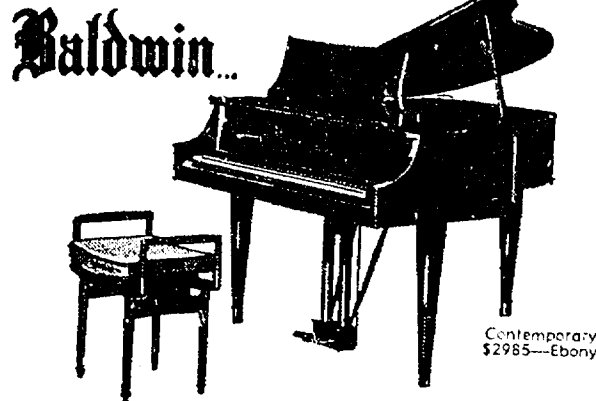

Under the leadership of Mr. William Schlegelmilch, sponsor of the Gold Hi-Y's the following boys: Richard Huegli, president; Don Kolleth, Barry Leonard, John Buell, William Miller, William Bullard, Jeff Crookes, Richard Maun and Robert Felton will tackle the job of helping to clean up the Pointe.

This year a newly organized service club at the High School has volunteered 100 percent to join the "lot cleaner gang." This is the Key Club which has been organized by Mr. Richard Beach of the High School Staff. The group is the Kiwanis Club on the High School level, for service where and when needed. The Council is most grateful to Mr. Beach, the advisor and the following members: Neal Bauer, Dick Beach, Bill Briscoe, Rodolfo Caceres, John Chubb, Paul Collins, Michael Finerty, Richard Flaherty, John Gandelot, Al Gilliard, Gary Grenzke, Al Hyer, Robert Linden, Brian Mumaw, Don Owens, Gerald Pinkos, Michael Reynolds, Les Roddis, Dave Rupp, Jim Russell, William Simson, Mike Simson, Larry Smith, John Snyder, Jim Taugner, Bob Thompson, Paul Trigg, Dean Toscani, Ronald Van de Bunte, Don Walker

Pupils in Elementary Schools have also been demonstrating their artistic ability for Clean-Up under the direction of Mr. Donald Schram, Art Instructor, interesting posters have been prepared. These will be distributed next week by Council members throughout the shopping centers in the five Grosse Pointes.

The many youngsters who enjoy the activities at the Neighborhood Club are also making preparations for Clean-Up, according to Miss Masak, the Program Director. The Playground will be in apple-pie condition, as well as the building itself. With such fine enthusiasm being demonstrated by the younger generation, it behooves the older generation to look to its laurels—not just in tidiness but for more beauty

ty way to add fresh color and charm to gardens old and new, is to visit the sale of Flowering Crabapple Trees on Saturday, April 29th from 10 a.m. to 4 p.m. The place is DePetris nursery, 230 Grosse Pointe Boulevard and the sale is sponsored by the Garden Club Council as an annual service to the Community.

Farms Council Reelects Mayor

Farms City Clerk Dawson Nancy administered the oath of office to four members of the council who were elected to office at the biennial spring election, April 3. The ceremony took place on Monday, April 17, prior to the council convening as a body.

According to the City Charter, the first order of business was to elect a mayor and mayor-pro-tem to terms expiring in April 1963.

Mayor William Connolly, Jr., was re-elected mayor; and Councilman William Butler, was picked as mayor-pro-tem.

The mayor, who has been continuously elected to the council since 1943, has served in his post since April 1949, each time by unanimous vote; and the mayor-pro-tem, first elected to the council in 1955, is starting his second term in that office.

The two other councilmen who took their oaths are newcomers at the council table. They are Thomas Fisher and Ledyard Mitchell.

Mayor Connolly and Councilmen Fisher and Mitchell led the ballot during the April 3 election, and according to the City Charter, will retain their council seats for four years, while Councilman Butler, who trailed the three, will serve only two years.

The Farms will not hold another council election until April 1963.

Fisher and Mitchell replace former Councilmen Richard Maxon and J. Lawrence Buell, Jr., both of whom did not choose to run for re-election.

Councilman Henry Bodman II, a member of the council since 1957, was picked to represent the Farms on the Wayne County Board of Supervisors. This is his third consecutive annual election to that post.

To Be Heard in Concert April 30

Taking key parts in the Grosse Pointe Community Chorus concert on Sunday, April 30, are, left to right: MARY FREDA (accompanist), MARGARET MCKENZIE (standing, soprano soloist), NANCY WILLIAMS (soprano soloist), ED ROWADY (baritone soloist), CAROLYN DE GAETANO (contralto soloist), AUDREY MORGAN (soprano soloist) and DON SIMMONS, conductor of the chorus.

Not shown is Barbara Bailey (soprano soloist). The ninth annual Spring Concert Chorus will be held at 3:30 p.m. in the auditorium of Parcels Junior High School, Mack at Vernier. A reception will follow immediately, to which all those attending the concert are invited. Tickets (\$1 adult, 50c for students) are available from any member of the chorus, or by phoning TUXedo 4-5964.

Count your friends, but don't count too much on them.

Farms Warns Dog Owners

Dog licenses in the Farms are not due until May 1, but pet owners may obtain the 1961 tags now, if they desire, it was disclosed by Farms Police Chief James D. Furton.

The chief stated that according to city ordinance, new licenses are due on May 1 of each year. Notices have already been sent to owners, informing them of their obligation, the chief added.

Persons failing to obtain

licenses for their pets within a given time, will be cited for court, Chief Furton said.

All dogs four months of age, or older, must be vaccinated and licensed, and are prohibited from running at large, according to the ordinance. Persons taking their pets for walks, must have the animals on leashes and under their control at all times.

Chief Furton urges all dog owners to have their pets vac-

inated and licensed. Proof of vaccination must be presented before tags will be sold. Owners' cooperation in complying with the law as soon as possible, would be greatly appreciated, the chief said.

Licenses are obtainable at the city clerk's office, 90 Kerby road, during regular office hours, 8:30 a.m. to 4:30 p.m.; and Wednesday, to 6 p.m. The office is closed on Saturdays.

Fence Is Target Twice Same Day

Art Williams, of 942 University place, informed City Police on April 12 that two automobiles had run into his fence on the same day, doing considerable damage to two portions of the fence. The first incident, he said, occurred between 9 a.m. and 12:30 and evidently involved a red car as there was red paint on the fence. Williams said the driver may have been a patient at a doctor's clinic on the corner.

Pierce Bands Plan Concert

Friday evening, April 21, will see the Pierce bands in action under the direction of Dr. Thomas Moore. Both bands will participate in the annual spring concert in the auditorium at 8 o'clock.

The Cadet band, which is made up entirely of seventh graders, will play three selections from the pen of Harold Bennett. Judy Carnes, ninth grader, will serve as program announcer for the evening.

The concert band composed of 97 students will present a varied program designed to hold the interest of adults as well as children. Among the compositions, which should prove especially interesting, are the tango "La Cumparsita" by Rodriguez and the overture "Phedre" by Massenet. One of the special features will be a clarinet quartet composed of Robert Adams, Caryn Erickson, Carol Kettelhut and Julie Marshall.

Another feature will be Kerrie Ferrell's rendition of the famous tall tale, "Jack and the Beanstalk." Music from many lands will be heard and for those who enjoy a good march, the band will incorporate the works of Sousa and Ganne. The versatility of the group will be in evidence when they swing out on "The Trumpet Rock".

The tickets will be sold at the school prior to the April 21 Friday Evening Concert as well as at the box office before the 8 p.m. curtain time.

Norman Deucker, consul of the Republic of Germany, will speak to the Grosse Pointe Senior Men's Club at 12:30 o'clock on Tuesday, April 25 at the War Memorial.

P.T.A. at Kerby To Hear Saltzer

The Kerby Parent-Teacher Association will hold its fourth meeting of the school year on Monday evening, April 24. All classrooms will be open for parent-teacher visitation from 7:30 to 8 o'clock.

The general meeting will be held between 8 and 9 o'clock. Charles Saltzer, principal of the Brownell Junior High School, will give an illustrated talk depicting a typical day in a student's life at Brownell. This presentation should prove to be of special interest and value to parents of the present sixth grade students at Kerby who will be attending Brownell next fall.

A social hour for parents and teachers will be held in the gymnasium following the general meeting. Mrs. Warren Craumer and Mrs. Clinton Schaff, special committee co-chairmen, have appointed Mrs. Arthur Sempliner to arrange for table decoration. Mrs. John Bowers, Mrs. Jack Cudlip, Mrs. George Donat, Mrs. C. V. Blackburn, Mrs. Howard Krieger, Mrs. John Park, Mrs. Courtney Rankin, Mrs. Allan Sweeney, Mrs. Richard Speer, and Mrs. Charles Wright will serve refreshments during the social hour.

Cinema League To See Movie

"Kowloon Ferry," a 16 mm color movie filmed by Earl Brink, will be shown at the next meeting of the Grosse Pointe Cinema League on April 27, at 8 o'clock at the Grosse Pointe War Memorial Center. The film will be presented by Robert Clark, who made the trip with Mr. Brink and helped with the filming and editing.

"Kowloon Ferry" is among the finest of the many outstanding films which Mr. Brink has made. It has been called a "pageant of the Orient and Potpourri of the Pacific." Among the many interesting pictures in Japan are scenes of the Japanese crafts of cloisonne, lacquer ware and silk brocade weaving, as well as the making of umbrellas, lanterns and fans.

Forum Offering Fernandel Film

For a finale, the Friends' Film Forum is featuring the famed French funnyman, Fernandel. He stars in "The Little World of Don Camillo," to be shown Friday night, April 21, at 9:15 p.m. in the Main Reading Room of the Central Library, Kercheval at Fisher.

The movie is an adaptation of the best-selling book of the same name, by Giovanni Guareschi. The cinema comedy tells the story of the all-too-human priest of a village in northern Italy, and his attempts to outmaneuver the Communist mayor of the town, using guile, charm, and even his fists, when necessary. Fernandel plays the priest, while the Italian actor, Gino Cervi, plays the Moscow-minded mayor.

Said the New York Times of the picture, "Good healthy fun. Fernandel plays with explosive

New! A way to get more roses, bigger blooms

The simple (and surprising) secret of more roses is—more leaves!
To keep insects and disease from taking their heavy toll, Scots has developed a remarkable single control for all common rose enemies. It is called HAZE.

To achieve complete HAZE protection on the tops and undersides of every leaf, Scots has developed a revolutionary new applicator, called the ZEPHYR. It wafts an enveloping dry mist of HAZE upward, depositing an invisible film on the leaves.

Big Show About to Start

This is the time of year when we impatient souls who didn't get south and are famished for the sight of flowers and green grass, try to pull Nature's bounty out of the ground with our eyeballs. The surprise weekend snowstorm, the heaviest of the season, added to the strain of waiting, and the corridor down which the first faint bugle blasts of Spring can be heard, seemed interminably long.

But the big parade is about to start. The advance guard of crocuses had already appeared before being unceremoniously buried in the snow. The willows are smearing the skyline with the first blotches of yellowish green. The forsythia are bursting their seams and the first warm, sunny day will drench the land in the golden splendor of these harbingers of the colorful pageant to follow.

The flower buds have formed on the earlier tulips, the daffodils and narcissus and hyacinths. The pregnant dogwood are preparing to give birth to a profusion of white, cream and pink blossoms. The redbud trees await their entrance cue and the lilacs give promise of an abundant harvest of perfume and color.

The grass is greening, slowly but surely, and the whole earth is stirring expectantly, anxious to erupt as Mother Nature puts her tremendous show on the road. It won't be long. Be patient; the reward will be great. Now here does Spring take the stage more spectacularly than right here in the Pointe.

Letters To The Editor

To the Editor:
 Have just read the reasons for the Bon Secours Hospital expansion by Dr. Diebel.

Bon Secours Hospital has had its tremendous acceptance by the Grosse Pointe communities through the sincere dedication of everyone connected with it, and it is now in desperate need of additional facilities. We as residents of the Pointe should all take tremendous pride in the good being done by the Sisters and Medical Staff.

Very truly yours,
HARRY A. RIFE

To the Editor:
 As a property owner who may be vitally affected by the proposed expansion of Bon Secours Hospital I desire to reply to the letter of Dr. Nelson W. Diebel published in your edition of April 13, 1961.

I respect, without question, the standing of Dr. Diebel in his chosen profession and his evident sincerity in setting down some of his reasons in support of the expansion of Bon Secours. I differ with Dr. Diebel, however, upon several of his conclusions.

May I briefly review some of his ideas and indicate some of the points upon which I think he has erred.

1. Dr. Diebel intimates there are some who, "feel there is no need for community hospital expansion." He stated, "Zone 3 has a deficit of 600 beds." Dr. Diebel failed to say just how large Zone 3 is. It is very broad in area and encompasses a considerable number of municipalities including Grosse Pointe Park, Grosse Pointe, Grosse Pointe Farms, Grosse Pointe Woods, Harper Woods, St. Clair Shores, East Detroit, Roseville, Fraser and Warren. Its boundaries range from Alter Road to Fourteen Mile Road and from Dequindre to Lake St. Clair. Further, he failed also to recognize the fact that the expansion program, which he so strongly advocates, will create a "general hospital" of the community hospital which he now champions.

2. Dr. Diebel stated he has had "conversation with a real estate consultant on Grosse Pointe property," and that he has been assured that the fear is more intangible than real, and that, "there should be no real depreciation of property values." I must say, a casual "conversation with a real estate consultant" may have elicited the opinion which pleased Dr. Diebel. He has only one man's opinion; however, I disagree with that opinion, and I believe most qualified appraisers and consultants of broad experience would agree with me that an increase in the bulk of the hospital would tend to decrease property values in the neighborhood.

3. I hasten to agree with Dr. Diebel on this point. He is so right! Expansion of the hospital will definitely bring about a sharp increase in traffic. He tends to mislead you readers, however, when he says, "it is a problem of any rapidly expanding suburban community."

Since when has the City of Grosse Pointe become a "rapidly expanding community?" Do not mistake my feelings. I am proud to be a resident of Grosse Pointe. If I were not, I would not bother replying to Dr. Diebel's remarks. I feel the boundaries of the City of Grosse Pointe are such which preclude expansion rapid or otherwise. Let us not lose sight of the fact that this is a community of homes. Let us oppose vigorously any and all attempts to increase the bulk or size of commercial or institutional uses in our city.

4. Dr. Diebel has stated that it is the purpose of the hospital "to provide more available parking facilities off the streets." Also, it is his contention that if the Hospital's petition for expansion is granted, the complaints of residents in the vicinity should be completely alleviated. Again I say, I have high respect for Dr. Diebel's position in his chosen field. But I do not agree with his opinions on the parking habits of the public. Based upon past personal experiences in similar situations, the on-street parking would increase rather than diminish, unless such parking is prohibited by ordinance.

5. In reply to the complaints regarding the smoke, gases and other debris emitted by the smokestack, Dr. Diebel stated that "the stack would emit smoke and odors under certain atmospheric conditions." He was kind enough to further say "This we sincerely regret." I think it a bit late to now come along with the "regret" a nuisance upon the neighborhood for at least ten years. And—this nuisance will increase commensurate with whatever degree of expansion is granted the Hospital. The amount of soot and fly-ash which daily is now spread over the neighborhood is abhorrent. To contemplate an increase of soot, fly-ash, foul odors, etc. is just a bit too much to ask of the long-suffering residents of the neighborhood.

6. I have no quarrel with Dr. Diebel as to the need for a "community hospital" in Grosse Pointe. I do object to the attempt to enlarge this so-called "community hospital" into a general hospital. The Zone 3 area served by the several hospitals now existing and functioning in it is admittedly large. I do not disagree with the good doctor as to the need for more beds. I do positively say, however, there are many desirable sites within the Zone 3 area which are available for hospital use. These would better serve the people living many miles from her who might require hospitalization in a hurry.

7. It is difficult for me to believe there are such shortsighted persons in Grosse Pointe "who do not want a hospital in the community at all." I quite agree with Dr. Diebel that "this is immaturity and shows a complete lack of logical thinking."

8. The sirens are a definite annoyance! I may agree that some stressed vehicles use the

sirens "only in extreme emergencies." Others, however, and in particular those coming into Grosse Pointe from other communities, seem to delight in raising the hair of the local residents.

9. One has only to recollect the almost complete lack of responsibility exhibited by the management of Bon Secours in connection with the vacant area to the south of Caroline Avenue. It has been alternately a swamp, a dump, an area overgrown with chest-high weeds, etc. How can we now depend upon the Hospital management to properly supervise and maintain this area as a parking lot. The Hospital has never, to my knowledge, put forth anything more than bare minimum in grounds maintenance. Mother Laborus has stated the Hospital desires to be a "good neighbor." I feel sure I speak for the majority of the immediate neighbors in saying we would be pleased to see a bit more action toward bringing about that noble desire.

As to the good Doctor's conclusion!

I agree that as a citizen of this community I have a definite obligation to it. I try to maintain my property so that it may contribute its share toward continuing neighborhood values. I pay my taxes and share with others whatever responsibilities are indicated. If these efforts to conserve my property and the character of the neighborhood are considered by the Doctor as serving "selfish interests," I am guilty, of course. On the other hand, if the hospital is permitted to expand in size, will it make up the losses in property values we will surely suffer? I think I know the answer to that one. It is, "No!"

It is my sincere hope that our councilmen will wisely vote to deny these expansion proposals and thereby prevent destruction of a pleasant community of tax-paying home owners.

Very truly yours,
 George J. Pipe,

What Goes On at Your Library

by Jean Taylor

Every profession has its own jargon, its own methods, its own terms. These become such a part of the butcher, the baker or the candlestick maker, as the case may be, that each is dismayed to find that those on the outside are not as well informed about all this minutia as he is. After all, why should they be? Librarians, we believe, are particularly prone to this sin. We do not know the inner workings of the bank, the hospital or the stock market, but we are apt to assume that everyone who steps inside the library portals is familiar with everything that makes a library tick.

For the most part these days, schools give students some groundwork in the use of the library. Sometimes this is retained through adult years, but frequently it is not. We are reminded of a small boy who had been in one of the classes brought to the Grosse Pointe Public Library for instruction. A few weeks later, he approached the librarian. "Please, will you find this book for me. I've forgotten all my 'learning'!" We're sure he is not alone.

If you became proficient in tracking down material in your college library, if your second home has been the bookstore, we suggest you read no further. If, however, you are occasionally bewildered when you enter this world of books, please continue.

To start with, let's make it clear that you are not interrupting when you approach a librarian for help. He is there to serve you, and he will be delighted to show you how you may find a book on the shelf, or how to ferret information from certain reference volumes. Never hesitate to ask! Perhaps you would like to make up a group interested in visiting the library to learn its uses. If you will plan for such a visit in advance, the librarian will be glad to give you detailed instruction in the use of library tools.

How would you like to have a staff of people reading hundreds of magazines each month, and making a list of articles which might be of interest to you? You may have this service at no cost, thanks to the Readers' Guide to Periodical Literature available at your library. It's easy to look up any subject you want in this valuable index. The librarian will be glad to introduce you to it.

Your library subscribes to close to a dozen newspapers. Recent copies are on the open shelves, but older issues, filed in the stacks, may be had for the asking.

Many books and pamphlets on various subjects are printed each year. Much of this material finds its way to the library and is indexed by subject in a vertical file, so you may find what's available on any subject that interests you. Make your wants known to the librarian.

What's New on THE HILL...

By Roberta

NOW THAT MAN has successfully made a trip through space around the world, who knows, we may be doing, in the future, some creative shopping on the moon! But right now, earth bound creatures in the Pointe can settle for all the creative shopping on the Hill. It's so easy to do, and without wasting a precious moment, either.

oOo

WHEN YOU COME to the hill and Denler's to shop, ask yourself this question, "Will I have a good time?" Open your mind and eyes and let everything in. Let in those Oriental Antiquities from Siam... Burma... India... Hong Kong... Japan. Indian wood carvings... native serving dishes made in primitive native kilns... abacus lamps and others... handsome shell boxes trimmed exotically in ties and red tassels... and so much more!

oOo

THEN TO BE A GOLDEN girl this summer strike up an acquaintance with AFTER TAN. It is made from nature's own healing and beautifying miracle... the "Gel" of the Aloe Vera leaf. It moisturizes skin... restores abused skin to a silken smoothness while locking in the tan. This lotion is highly recommended by Trail Pharmacy, on the hill.

oOo

THE COOK MOST LIKELY to succeed will be one who owns this creamy white and rose pattern ovenware. The French call it porcelaine a feu. Four sizes of casseroles and four sizes of souffle dishes are available at The League Shop.

oOo

WHEN YOU GET THE KIDS ready for camp, buy all their camping needs in one fell swoop... at Young Clothes, of course. Underwear... sweat shirts... blouses... Jamaica length shorts... robes... 110 Kercheval.

oOo

A BRIGHT SPOT on the hill is Pongracz Jewelers. Tropical brilliance in the form of colorful jewelry sparkles in the showcases. Orchid... purple... white... orange... and yellow in various combinations will make you go overboard for them this summer.

oOo

YOU'LL ROCK Grosse Pointe this sunny summer if you wear just one of the many PATIO dresses in Margaret Rice's collection. Deliciously colored, some have capes. Others are culotte skirts and tops. Beach dress numbers are the new bermuda length. Featured in the Sport Shop, second floor, the tags read from eight ninety-five. Cheers!

How the Chinese Do It

By Fred Kopp, R. Ph.

Legend has it that Chinese doctors used to be paid only while their patients were healthy, got no fee during illness. It almost sounds reasonable. In fact, there are physicians today who specialize in keeping their patients healthy. Preventive medicine, it's called. All doctors practice it as much as they can. If you get regular checkups, your doctor has a chance to keep you from getting sick. Modern drugs play a large part in this practice, and that's where we pharmacists come in. But only you can make preventive medicine work—by getting into the habit of regular checkups. It's a very good idea.

of combining the City of Grosse Pointe Park's Police, Fire, and Public Works Departments. The plan, as I read it in last week's Grosse Pointe News, is to give each department elementary training in the work of the other. Referring back to the Park's Annual Report of 1959-60, I see that the Park is in an excellent financial position, the best it has been, so it cannot be for a financial reason to integrate.

This I know for certain. Oak Park and Grosse Pointe Woods (who have integrated forces) are classified by the Michigan Inspection Bureau (who set Fire Rates for Michigan) as being in class 5 and 7 respectively. The Park is rated class 4, the lowest of the five Pointes. Would fire rates go up on integrating the Departments? Quote from National Board of Fire Underwriters, "If Oak Park maintained a full time fire department, their rating would improve."

Activities of both Fire and Police Departments are highly specialized. Members of each must receive continuous specialized training in their particular job if they are to execute their duties efficiently.

Police on Police duty will have to respond to a fire call, if he can, and Firemen (who might be doing police detail, repairing parking meters, sign painting, taking elementary police training, as proposed, plus their normal duties) must arrive at a fire, prepared to give good fast service. Fires are either won or lost in the first five minutes of fire fighting. From what I have read, I don't like the odds. Will the combined force have to make the decision as to where to run—to the fire or to the robbery?

A quote from the National Board of Fire Underwriters' report on integrated Oak Park says, "There have been several occasions wherein the nearest patrol car was unable to respond immediately to a fire alarm because of police duties."

Repeating that fires are either won or lost in the first five minutes of fire fighting gives me cause for alarm.

Sincerely yours,
 Mrs. June Amlexen,

 Grosse Pointe Park.

The John Hammond Hock family have been brushing up on their German at meal times. Daughter, Ann, will be living abroad for two months this summer and she wants to be able to speak fluently to her adopted family.

Ann, who is a junior at Grosse Pointe High School, has been chosen as an exchange student. The Michigan Council of Churches is sending her to Amsterdam where she will receive her German address. She will fly over on June 20.

Torch Drive Leaders To Be Feted at Teas

Mrs. Wilkinson Will be First to Open Her Home April 27 in a Series of Parties to Highlight United Foundation Women's Organization Events

A series of teas beginning April 27 in Eastern Wayne County will again highlight the United Foundation Women's Organization activities this spring.

Repeating a highly successful program initiated last year, the UFWO has scheduled a series of teas to be held in 37 of the tri-county's most beautiful homes.

Under the leadership of Mrs. Henry T. Bodman, Eastern Wayne County UFWO Operating Committee Chairman, plans have been made for seven teas in Eastern Wayne County. Key Torch Drive leadership is being invited.

The seven hostesses are all from Grosse Pointe. The hostesses and dates of their teas are: Mrs. A. D. Scholtzman, 500 Lake Shore, May 5; Mrs. William M. Day, 372 Lakeland, May 8 and Mrs. C. T. Fisher, Jr., 5 Lake Court, May 10.

In announcing plans for the spring teas, Mrs. Bodman stressed that each had been planned as an afternoon of both pleasure and knowledge. "They should prove to be very successful events," she stated. "A lovely home, a gracious hostess and a provocative presentation from one of our 195 Torch Drive Services should be a combination which will both please and stimulate our guests."

To moderate the programs, Mrs. Bodman has chosen Mrs. Joseph A. Vance, Jr., 56 S. Deeplands, Mrs. Burdette Ford, 22 Sunningdale and Mrs. Thomas Petzold, 861 Edgemont road.

Bishop Bayne To Speak Here

The Rt. Rev. Stephen Bayne, one of the most beloved theologians and inspiring speakers in the Episcopal Church, will give an informal talk at 10:45 a.m. Tuesday, April 25, in the Undercroft of Christ Episcopal Church, following the 10 a.m. Communion service. Guests are welcome.

As executive officer of the Anglican Communion, Bishop Bayne has spent the past year reviewing the American Churches in Europe, and is coming to Detroit directly from Uganda, South Africa. In his talk he will share some of his world-wide experiences. When not traveling, Bishop Bayne resides in London, England.

Bishop Bayne is in Michigan at this time to conduct a series of four lectures on "The Eucharist," "Having in Remembrance," "The Sacrifice of Praise and Thanksgiving," "Here We Offer," and "May Worthy Receive." These sermons under the auspices of the McMath Lecture Series are scheduled for 8 p.m. April 24, 25, 26, 27, at the Episcopal Diocesan Center on Woodward Avenue.

In both his speaking and in his writing Bishop Bayne manages to take complex mysterious subjects and treat them in words and thought that can be clearly understood. He is the author of "Christian Living" one of the books used in the Church Teaching series, "In the Light of the Lord," and his latest book, "The Optional God" which has been highly recommended for its "poieted truths."

Bishop Bayne was born in 1908 in New York City. After graduating from Amherst College he entered General Theological Seminary, and was ordained in 1933. His first parish was Trinity Church in St. Louis. In 1939 he went to Northampton, Mass., as Rector of St. John's Church and served as Chaplain to Episcopal students at Smith College. From 1942 to 1947, except for a year on leave as Chaplain in the United States Naval Reserve, he was Chaplain of Columbia University. In 1947 he took over the important duties of Bishop of the Diocese of Olympia, Washington, and resided in Seattle until 1960 when his new calling took him to the farthest corners of the globe.

Colony Club Plans Benefit

Wheels are turning at the Colony Town Club these days—all members are working at fever pitch completing final details for the benefit luncheon-fashion show for their own special project; The Cancer Loan Closet.

Mrs. Dewey Marks, president, Mrs. Oxford Keller and Mrs. Albert E. O'Neill, general chairman and co-chairman respectively for this affair, are working closely with Margaret Rice of Grosse Pointe who will present her "Spring and Summer Fashion Potpourri" on Thursday, April 27, at 1 p.m. at the Grosse Pointe Yacht Club.

Arrangements have been made to fly in special designer costumes literally "fresh from the drawing boards" in time for a Detroit Fashion Premiere, Mary Morgan, Fashion Feature Editor of CKLW-TV will commentate.

The Colony Town Club is the august group responsible for setting up the first Cancer Loan Closet in the country—its headquarters is at the Michigan Cancer Foundation, 4811 John R.

The results of their inexhaustible efforts have inspired similar groups to arise throughout the Nation.

The group feeling that a patient's morale is as important as any physical requirement hit upon the idea of hand-making adorable bed-jackets in soft gay prints brightly bedecked with ribbons to send along with the normal items requested.

Mrs. Marks said that this affair, magnum opus for the year, was specifically timed to coincide with the annual educational drive of the Michigan Cancer Foundation in April.

Other members of the Club lending their time and talents to insuring the success of the luncheon are the Mesdames Harry E. Barnard, Russell A. Bowman, James Merriam Barnes, Donald Ford, Ray Harms, Frank E. Hagan, Miss Mary Humphrey, Mesdames Elmer Kunding, Anthony Matullo, Walter Toepel, Allan Wales, Stanley Willis, Ralph Zander.

Detroit Athletic Club Beavers staged a beautiful party last Saturday, April 15, and the affair brought many Grosse Pointe members and their wives to the downtown clubhouse to make merry, with their swimming brethren from other sections.

The annual fete honored the distaff side. Dedicated as Beavers are to their swimming pool quarters, the gay and smart party took place in the natatorium and gymnasium on the D.A.C.'s fourth floor.

Feminine dress was charming—many were spring prints in taffeta, faille, and silk organza. Skirts were short, and styles ranged from full to sheath, with bubble styles between.

The "April Showers" theme was brought into reality. A steady, fine shower rained into the swimming pool from ingenious arrangements overhead. In the center was a real fountain in play. Half the pool was floored over for the occasion; around the open section was a white-painted picket fence. There was a blue sky despite frequent thunder (done with recordings); the natatorium was a garden scene with flower and vine-decorated trellises; in the corners were gay lawn umbrellas and tables.

The Jerry Fenby Five played during the cocktail fete and Warner Ruhl's ten-piece orchestra played for dinner dancing.

Grosse Pointer Bill O. Brink was on the committee chairmaned by Herbert W. Hart and Andrew G. Brodie—the Brinks were in a group with the George Brookses and the Arthur Bartholomews. Blonde Mrs. Hart was charming in a flower printed silk in blues and greens on a

white background—the Harts were noted with the James Quellas.

The Richard Martins brought their week-end house-guests, Mr. and Mrs. Jess McBee, who had stopped here for the short visit on the way from New York to their home in Los Angeles. The foursome had met in Hawaii a year ago. These two couples were in an eightsome at the party with the Rex Regans and the L. George Hoopers.

The C. F. Ogdens and Hugh Dalys were with the Lynn Townsends and the A. Frye Ayerses of Birmingham; the Ted Friedts and Dick Campbells were together; the George Cassidys and Ivan Piscuses were a foursome; the Fred Shepherds, John Cooleys and George Jays were noted chatting with Mr. and Mrs. Lee Hills as they went in to dinner—Mrs. Hills wore a most charming dress of printed faille in blues, greens, rose and lilac tones.

The John S. Pingels and Charles Bayers were there together; the Guy Irelands, Alfred B. Morans, Lester Spitzleys and Joseph Spitzleys dined, danced and visited, as did the George Gardellas, Jr. and their party, the Charles Gardellas, Michael Burkes, Richard Propes and Don Gargaros.

Daylight saving time should be popular—it's about all the average man can save nowadays.

Dream For Theater

Dean Erskine, who is directing "All My Sons" for Grosse Pointe Community Theater's April 28-29 production at the High School, has been asked for his technical assistance by the architect planning the auditorium for the War Memorial.

The Grosse Pointe Community Theater has always dreamed of a home of its own and now this dream may be realized. For many seasons the Center has been the scene of theater workshops and meetings. The scenery for plays is stored there and set constructions are constantly going on in the Center garage. In this current Arthur Miller play the theater is using some of the wrought iron fencing which belongs to the Center for the set design.

Walter Buhl Ford II is designing the new auditorium for the Center and the architect is another Pointer, James Gibson. Dean Erskine, who will be offering the technical assistance, has created some unusual sets for the theater, principally for "Death of a Salesman" last season. For "All My Sons" he has designed three monster elm trees and a transparent house.

Group to Hear College Prexy

The school bells will ring again on Tuesday, April 25 when the College Classroom will come to the Women's Association of the Grosse Pointe Woods Presbyterian Church. Specifically it will be the "Role of the Church in Higher Education," as told by Dr. Robert D. Swanson, president of Alma College.

Alma College is located on a beautiful, heavily wooded campus of fifty-seven acres adjacent to the city of Alma, Michigan. In October, 1886, at the meeting of the Presbyterian Synod of Michigan in Westminister Church, Grand Rapids, action was taken which caused a Co-educational college to be established at Alma, the doors opening on September 12, 1887. Consistent with the original action of Synod, Alma College today is owned and controlled

by the Presbyterian Church of Michigan and operated for the Synod by a Board of Trustees elected by the Synod.

In association with forty other Presbyterian colleges, Alma has adopted the Standards which have been approved by the Board of Christian Education of the Presbyterian Church in the U.S.A., which the institution has followed since its founding.

In the few short years as president of the college, Dr. Swanson has made his influence for progress felt in many ways and many places. Taking over his post on September 1, 1956, he took immediate stock of the situation at Alma College. He liked what he saw, but he looked beyond and could see further progress to be made, more facilities to be added, higher quality in education to be sought.

Tuesday, April 25 at 12:30 p.m. promises to be a most interesting time for all those that attend.

This year is a special year for the many members of Sorosis in the Detroit area because it is the 75th anniversary of the founding of Collegiate Sorosis, the oldest local sorority in the United States.

Newly elected officers for the alumnae group are: Mrs. George A. Alderton, II, president; Mrs. Max T. Graves, treasurer; Mrs. Wyman Barrett, Jr., recording secretary, and Miss Susan Laurence, corresponding secretary.

Theater Marks First Birthday

The first birthday celebration was initiated by the Grosse Pointe members of the Women's Association and was held at the home of Mr. and Mrs. James Gibson in Lincoln road on Friday.

Many of the invited guests

helped celebrate Vanguard's birthday by bringing gifts for the playhouse, all of which were essential items in the operation of a theatre.

A special attraction of the cocktail party was a skit featuring members of Vanguard's resident company.

Chairman of the committee for the program arrangements was Mrs. Robert Sullivan.

Other members of the committee include Mrs. Charles V.

Blackburn, Jr., Mrs. Gordon F. Knight, Mrs. Robert L. Megowen, Mrs. David Rust and Mrs. George T. Hall.

PETRIFIED WOOD STOLEN
