GPHS Musicians To Give Concert

The award winning Grosse Pointe High School Band and Orchestra will present their Annual Spring Concert on Sunday afternoon, May 21, at 4 in the Parcels Junior High School Auditorium.

Featured soloist of the day will be the concert master of the orchestra, senior James Taugner, performing with the orchestra the Mozart "Concerto No. 5 in A Major for Violin and Orchestra."

Taugner was president of the orchestra during the 1959-1960 school year, is presently treasurer and has been the recipient of the Best Orchestra Citizenship Award, which is the highest award given in the high school orchestra. As a recipient of this award, he received a full scholarship to the National Music Camp at Interlochen, Michigan.

With the music of Mozart, Handel, Moussourgsky, Gershwin, Rodgers and Hammerstein, this concert by the high school band and orchestra could very well be entitled "Music for All." Richard Axson will again appear with the orchestra as piano soloist performing a few excerpts from the "Rhapsody In Blue" by Gershwin.

Axson is a senior this year. He has been a popular soloist with the orchestra during the last two years and was the recipient of a Band and Orchestra Parents Club Recognition Award and scholarship to a summer music camp last summer.

The band will feature the entire trombone section in a selection from the 1920's, entitled "Lassus Trombone." Headed by senior Donald Reed, the section includes: Alton Donnell, Richard Freimuth, Paul Kuzivat, Michael Love, senior Colleen Neill, Michael Reynolds, Robert Taugner and Ronald Wallace.

Richard H. Snook is director of both groups. Tickets may be purchased from any band or orchestra member or at the door the afternoon of the performance. Tickets are: adults, \$1.00; students, 50c.

Fireworks

(Continued from Page 1) sent shivers up and down their spines.

"Because the fuse was so short, it would have been only a matter of seconds before the bomb would have exploded, if the fuse was lit," Chief Louwers said. "There was enough powder in the bomb to kill or seriously maim a person. This boy who made the bomb, could have easily been badly hurt, if not killed, if he had used the contraption."

Lts. Enders and Hough and Cpl. French concurred with the chief's statement. They said that because of the amount of powder, the wax sealing and the short fuse, there is no question that once lit, the bomb would have gone off before the boy could have gotten rid of it. There was enough force in the bomb to at least shatter a hand, or blow off the boy's face.

The investigation that led to the arrest of Ertman, Chief Louwers said, was begun on April 14, when Mrs. Olive Waltz of 1030 Beaconsfield, called police to complain of a boy throwing several firecrackers in her back yard.

Patrolman James LaPratt arrived at the scene before the boy left, and took him into custody. The officer confiscated all the 16 packages of fireworks the boy had in his possession.

At the station, the boy was questioned by Cpl. French. He named others who had firecrackers in their possession. These boys were interrogated, and all confessed to purchasing the fireworks.

On May 5, Cpl. French received a call from Pierce Junior High School officials, who stated that several students were known to be in possession of fireworks. The youths were taken to the station, where they said they purchased the firecrackers from Ertman.

On May 9, Ertman was ordered to report to the station for a talk with the corporal. Ertman confessed that he had made two trips a week to Toledo, to purchase the fireworks, and brought them back to Michigan. Sales were made from his car, in a rear lot at Notre Dame and Kercheval, and sometimes at his home, the youth told the officer.

Ertman said that he did not know how dangerous the fireworks were, and that he will never sell them again.

Lt. Enders said that possession of, or sale of fireworks, can bring plenty of trouble for offenders. A State law, and city ordinances, prohibit possession or sale of these small explosives.

He said that parents, who know of their children having firecrackers should take them away and turn the fireworks over to their respective police departments. It is better for the parents to take a hand, than to have the children arrested and arraigned in court, the lieutenant pointed out.

Vehicle Safety Check Approved

On Monday, May 15, the Woods council approved a proclamation designating May 27 as "Vehicle Safety Check Day" to which Mayor Kenneth Koppin affixed his signature.

The mayor urged all residents to take advantage of the safety check by driving their automobiles and trucks to the area behind the Woods Theater, in the Mack-Seven business district, for a safety check by the Police Department and trained mechanics of local auto dealers.

Participating in the safety campaign will be members of the Auxiliary police and Safety Patrol boys from Woods schools, who will direct motorists to the inspection area.

Woods Director of Public Safety appointed Patrolman Jack Mast, safety officer, as coordinator of the program.

Mast stated that he is hopeful that the number of vehicles checked this year will exceed that of 1960, when 968 cars and trucks were given a thorough going over. This year, he said, he is hoping that there will be at least 1,500 vehicles given a safety check.

Last year, the Woods received a Safety Award of Excellence for 1960, by the National Vehicle Safety Check for Communities, for its program. It was the only community of its population size to be so honored.

REPORTS HIT-RUN

A hit-and-run driver inflicted \$50 damage to his car, according to a complaint made to Farms police on Wednesday, May 10, by William G. Butler of 191 Touraine. The hit-runner was traveling south on McMillan and hit the left rear of his car parked at Ridge and McMillan.

Pierce P.T.A. Meets May 24

Dr. Kennard L. Jones, president of the Pierce P.T.A., will call the final meeting of this school year to order at 8 p.m. next Wednesday evening, May 24. He will call for the committee reports for the year's activities. The new officers for 1961-1962 will be elected.

The program to be presented in the auditorium for the parents is the annual ninth grade talent show. They promise many surprises this year. It is rumored that 50 students will participate in one number. Piercites are busy rehearsing their specialties for next week.

At the close of the auditorium performance, the spotlight turns to the boys' gym where all students of the school have placed their science projects on display.

The cafeteria will be opened for the social hour with refreshments being served to the guests of the John D. Pierce school next Wednesday.

Before he moved to Standish

Walter A. Sahli, District Director, Immigration and Naturalization Service, Detroit, has announced that the inspection of all persons entering or re-entering the United States from Canada by yacht and small boats will again be enforced this summer.

The establishment of regular points of inspection for pleasure craft has been found to be a necessary part of controlling illegal entry. The law requires that any person arriving from Canada must report to an Immigration Officer for a determination of his admissibility to the United States. This rule applies regardless of whether one is arriving by automobile, rail, bus, private plane, ship, on foot, or by small pleasure craft.

Failure to report for inspection, upon entry from Canada, is a violation of the immigration laws and may subject the boat owners, operators and passengers to severe penalties.

Three inspection stations on the Detroit River have been staffed on a daily basis by Immigration Officers, beginning Monday, May 15 and ending on or about October 15, 1961, for the convenience of small pleasure craft operating between Canada and the United States.

These stations are located at: Ecorse Boat Basin, 4635 West Jefferson Avenue, Ecorse; Grosse Ile Yacht Club, Grosse Ile; and Kean's Detroit Yacht Harbor, 100 Meadowbrook, Detroit, Michigan. For boaters in the Lake St. Clair area, the inspection site will be located at Jefferson Beach Marina, St. Clair Shores, and in the immedi-

ate area of the Speedway "79" gasoline pumps.

These stations will be clearly identifiable by appropriate signs and flags. A small, white-painted building will be located on the dock of each of these points, easily identifiable. The stations will be open daily from 2 p. m. to 10 p. m. until approximately June 15, 1961. Thereafter, the stations will be open daily between the hours of 9 a. m. and 1 a. m. The station at Jefferson Beach Marina will be open from 2 p. m. to 10 p. m. on Sundays and holidays only.

Mr. Sahli pointed out that surveys in prior years did not warrant the station remaining open during the week. Consequently, boat operators in the Lake St. Clair area will either have to report to Kean's Detroit Yacht Harbor on the Detroit River, or at Algonac along the St. Clair River.

Inspection stations along the St. Clair River, in addition to Algonac, are: Roberts Landing; Marine City; St. Clair, and the Blue Water Ferry Dock at Port Huron. Additional stations are also located at the International Ferry Dock, Sault Ste. Marie, Michigan; Mackinac Island; Escanaba; Detour; Marquette; Houghton; Alpena, and Rogers City. Customs Officers, who also perform immigration duties, are stationed at Muskegon; Bay City, and Saginaw.

Mr. Sahli has requested that members of yacht clubs, boat clubs, power squadrons, and all owners of small pleasure craft

Mr. Sahli has requested that members of yacht clubs, boat clubs, power squadrons, and all owners of small pleasure craft

cooperate in this program of reporting for Immigration inspection.

If a member of the boating party is in the United States on a visitor's permit containing a single entry visa, serious com-

plications could arise, and it would therefore be wise to check with the Immigration Officer at one of these stations before crossing to Canada, Mr. Sahli said. To insure compliance with the law, the United States

Border Patrol will operate speed boats in the areas mentioned.

William Bailey has been named as one of the 75 students selected to participate in the National Science Foundation's "Honors Institute for Young Scientists." The institute will be held at the University of Michigan June 19-July 28 where Bill will study in the field of chemistry. He is the son of the Harold Baileys of Moross road.

The honor of being the top scholar in Spanish in the state has been won by Ellen Rollins. She achieved this distinction by posting the highest score of all Michigan participants in the National Spanish Contest completed this spring. Mrs. Maxson is her Spanish teacher. Ellen is the daughter of Harrison Rollins and lives in Washington road.

Farms Council Approves Record \$1,253,000 Budget

The Farms council passed a record budget for the fiscal year 1961-62 on Monday, May 15, and approved retaining the same tax rate prevalent last year.

The approved budget is \$1,253,000, just \$16,866 more than that of the 1960-61 budget, and the tax rate still remains \$17.37 per \$1,000 local assessed valuation.

The total assessed valuation of property in the Farms has been set at \$52,941,310.

Phi Beta Kappa Elects Pointers

Five Grosse Pointe students at the University of Michigan were initiated into Phi Beta Kappa, national academic honor society.

Ninety-three students at the University were elected to membership in the society for having placed in the top of their classes in grade point averages.

New Phi Beta Kappas from Grosse Pointe are Richard M. Denise, 15429 Essex, senior in the college of Literature, Science, and the Arts Rita M. Kambo, 1386 Whittier road, senior in LSA; Daniel J. Murphy, Jr., 273 Williams, senior in LSA; John D. Sterritt, 16913 Cranford lane, senior in LSA; and Judith C. Schultz, 19688 Blossom lane, senior in education.

COATS STOLEN

John Cudia of 285 Beaupre, complained to Farms police on Wednesday, May 10, that someone broke into his car parked in a lot at Mack and Kerby, and stole a gray trench coat and a boy's black nylon parka. He did not give the value of the loss.

The following is a breakdown of the expense appropriation needed to operate the various city departments: Administrative, \$96,680; Police, \$210,030; Fire, \$139,700; Public Works, \$234,120; Sewage Pumping, \$40,840; Recreation, \$70,490; General Fund, \$203,670; Major and Extraordinary, \$192,180; and Debt Service, \$65,290.

The financing of the budget accounts will come from these: Estimated revenue — state shared, fines, permits, license fees, etc., \$275,800; surplus re-appropriated, \$57,610; and tax levy, \$919,590.

The council, at Monday night's meeting, approved sending an information sheet to all the city's taxpayers, along with city tax bills, giving a brief explanation of the 1961-62 city taxes, as in previous years.

New! A way to get more roses, bigger blooms

The simple (and surprising) secret of more roses is—more leaves! To keep insects and disease from taking their heavy toll, Scotts has developed a remarkable single control for all common rose enemies. It is called HAZE.

To achieve complete HAZE protection on the tops and undersides of every leaf, Scotts has developed a revolutionary new applicator, called the MEPHYR. It wafts an enveloping dry mist of HAZE upward, depositing an invisible film on the leaves.

Farms Sets Priority Policy In Kerby Field Recreation

Organizations representing residents of the Farms, will be given priority use of Kerby Field, Kerby and Mack, for Little League Baseball and Little League Football, and other recreational facilities.

The Farms council adopted this policy on Monday, May 15, after a study was made by Councilmen William Butler, chairman; and Edward Roney, both of the Recreation Committee, John DeFoe, Recreation Supervisor; and Charles Campbell, Kerby Field Supervisor and representatives of groups using the field.

Also sitting in on the discussion, held in the Pier-Park Boat House on Monday, May 8, were Mayor William Connolly and City Manager Sidney DeBoer.

The study was held to determine which organization shall be granted permission to use Kerby field, based on priority.

The study group came up with the following priority policy recommendations approved by the council:

- 1. Organizations representing residents of the Farms, Little League Baseball and Little League Football to fall into this category as the players in each case are all residents of the Farms. 2. Organizations representing principally Farms residents, or persons who are property owners, Babe Ruth Baseball League and St. Paul School, would fall into this category as the players on these teams are principally residents of the Farms.

3. Other organizations "when it is deemed to be in the best interest of the city to do so." Occasional special games and inter-league playoffs would fall into this category. In this connection, it is recognized that the various teams of the Farms enjoy similar reciprocal privileges on the fields of other communities.

Permission to use the field shall be under the supervision of City Manager Sidney DeBoer, and under the direct control of Recreation Supervisor DeFoe and Field Supervisor Campbell.

The new policy requires that organizations desiring to use the field shall file with DeFoe, baseball, not later than March 15, and football, not later than August 15, of each year, an application and schedule of the

dates and times the field will be needed for the current season.

The city manager, under the direct control of the recreational and field supervisors, will then prepare a master schedule for the organizations to use the field facilities. Notice of this decision to be conveyed to the applicants as soon as possible.

Insofar as possible, the desires of the applying groups will be granted, and it is recognized that a priority (but not a monopoly) will be granted to those organizations, who have used Kerby Field for several years and contributed money, time and material to establish and maintain its facilities.

The study committee named the following as those who have contributed toward the establishment and maintenance of the field: Little League Baseball, Little League Football, Babe Ruth League Baseball and St. Paul School.

It was pointed out that the field belongs to the Farms residents, all of whom have the right to use it, on a basis of mutual cooperation and restraint. Groups filing for use of the field after the set dates, will be accommodated if open dates and times are available.

If questions pertaining to the field cannot be resolved by DeFoe, Campbell, or DeBoer, then the matter will be presented to the council for final decision.

Changes or improvements of Kerby Field shall be supervised by the city manager under the control of both supervisors, including such matters as the location of the bleachers, erection of outfield fences, etc. No work shall be done on the field by organizations without the consent of DeFoe, or Campbell.

Expressing satisfaction of the outcome of the study, were representatives of Little League groups, Ervin A. Steiner, George Brooks, and Roland Gray, owner of a sport shop in the Kercheval-on-Hill business district.

Brooks disclosed that the Rev. Charles Sandrock of St. Paul Lutheran Church sponsor of a team, has withdrawn from the church's team from the Kerby Field and has negotiated with the Grosse Pointe Board of Education for the use of one of the school playgrounds for team games, to allow other teams to avail themselves of the dates and times the church sponsored team had been allocated at Kerby Field.

L. B. McNally Named To Methodist Board

LeRoy L. B. McNally, of Lakeland avenue, has been elected to the General Board of Pensions of the Methodist Church, it was announced today.

McNally, long active in Detroit Methodist circles, succeeds the late Edward A. Smith, who was board secretary at the time of his death.

A member of St. Mark's Methodist Church, Detroit, he is president of the Methodist Children's Home Society and is a past president of the Methodist Union of Greater Detroit.

The General Board of Pensions, with offices in Chicago, is the central agency for pensions of the total Methodist Church in America. Its president is Bishop Marshall R. Reed, resident bishop of the Michigan area of the Methodist Church.

Students Receive Writing Awards

Parents, teachers, and friends of Grosse Pointe's many secondary school writers being honored with others at the annual presentation of Southeastern Michigan Scholastic Writing Awards at the Masonic Temple on May 10 were especially pleased when the names of winners in the national contest were released.

Particularly happy were two young Brownell Junior High School writers who were included in this list. Dennis Grafflin and Sue Solmo won national honors with manuscripts for which they had already earned regional awards earlier this year.

Dennis, the son of Dr. and Mrs. Allan Grafflin of Beaupre road, won second place with a group of five poems written last year for Mrs. Gerry Meyer's eighth grade honors English class. The poems, all in free verse, covered such subjects as autumn leaves, crime, sound, and two aspects of snow.

A single class assignment so inspired him that he continued his poetic writing on his own, submitting all the poems to his teacher for helpful criticism at the end of the year.

Obviously, other judges besides Mrs. Meyer thought them worthy of special awards, for he won a first place gold key in the regional contest in March, and now his national second award has won for him a certificate, pen, check for \$15, and a volume of Palgrave's "Golden Treasury of Songs and Lyric Poems."

Grosse Pointe's second winner, Sue Solmo, daughter of Mr. and Mrs. Charles Solmo of Stanhope road, received a national commendation for a short story which had already won a key award in the regional contest.

Her story, "Blessed Comrade," concerning two children who crossed the border into Austria during the recent Hungarian revolt, was written as an assignment for Mrs. Laura Gregory's eighth grade honors English class this year. She attributes her idea for the story to having read Michener's "Bridge at Andau" and a newspaper article about a man recently returned from a concentration camp.

Using these facts in an imaginative way swayed the national judges to award her a certificate of merit, and the regional judges a certificate, gold key, and dictionary. A second paper, a sketch, which she submitted to the regional contest, earned her an honorable mention.

Both Dennis and Sue, high honor roll students at Brownell Junior High, are at present enrolled in two honors courses each and have college in their futures.

Save your pennies and eventually the tax collector will take care of the rest of your change.

Rev. Cavanaugh To Be Honored

Safety Patrol Leaders Rewarded

Grosse Pointe was represented as Michigan Safety Patrol leaders, on a four-day trip to Washington as Automobile Club of Michigan's guests, visited U. S. SENATOR PATRICK V. McNAMARA and saw a scale-model of the Michigan-built Chrysler Redstone missile. The rocket served as the booster for the successful May 5 space flight of America's first astronaut, Cdr. Alan B. Shepard, Jr. and is Michigan's honorary "product of the year."

With McNamara are (left to right): JAMES MONTGOMERY, Maire school; THOMAS WIGGINS, Our Lady Star of the Sea school; CRAIG ANDERSON, Ten Mile school, Farmington; and KENNETH COLE, Decker Elementary, Walled Lake.

The youngsters were among 117 Michigan safety patrolers who joined more than 35,000 of their fellows from across the U.S. at the 25th AAA National Safety Patrol Rally and parade.

ELECT A MAN WITH EXPERIENCE

Team Seeking Con-Con Posts

Grosse Pointes William B. Cudlip and Rockwell T. Gust, Jr., announced this week that they will run as a team for delegates to the Constitutional Convention.

Cudlip seeks to represent the 13th Representative District for Wayne County. This district is comprised of the five Grosse Pointes and Harper Woods. If elected, he will occupy the delegate seat corresponding to that in the legislature held by State Representative Robert E. Waldron (R.).

Attempting to capture Wayne County's 1st Senatorial District delegation, which corresponds to the legislative seat held by State Senator Harold Ryan (D.), will be Rocky Gust. If elected he will represent not only the Grosse Pointes and Harper Woods but also the 21st ward of Detroit, the major portion of Detroit's east side.

Both men are lawyers and have been active in 14th Congressional District politics. Cudlip ran a close race for the University of Michigan Regency in 1958. Prior to this he was a precinct delegate in Grosse Pointe City and, later, in Grosse Pointe Shores. He is a Fellow of the American Bar Foundation, a member of the American, Michigan, and Detroit Bar Association, and a director of the American Judicature Society.

Gust, who was a candidate for Congress in 1956, has served as precinct delegate in Grosse Pointe Farms and as a member of the 14th Congressional District Republican Committee. During the 1960 presidential campaign he headed the Volunteers For Nixon Telephone Fund Committee, which made available to the public local phone calls to hear Vice President Nixon speak on national issues.

This spring Gust served as State Coordinator for the successful campaign of Supreme Court Justices John Dethmers and Harry Kelly.

Serving in a dual role, Gust will not only be a candidate himself but will also manage the Cudlip campaign. Among the many east side Republicans assisting him on the campaign committee will be Robert S. Cudlip, treasurer, and State Representative Waldron.

Donahue Seeks Post As Con-Con Delegate

R. Patrick Donahue, 29-year-old attorney, of 1324 Balfour road, has announced his candidacy for the Democratic nomination to the Constitutional Convention from the First Senatorial District.

"My great-grandparents settled here in 1829 before Michigan was a State," Donahue said. "They had faith in the future of Michigan. The intervening 132 years have certainly justified their vision. Since I will be living and working in Michigan for a good many years to come, I want to make sure that Michigan will have a constitution designed to meet the needs of the future."

A graduate of De La Salle High School, Donahue received his Bachelors Degree in Economics from the University of Michigan. He also completed work on his law degree there. He is a member of the Detroit Bar Association and the Michigan Bar Association.

Long active in Democratic affairs, Donahue was one of the founders of the Grosse Pointe Young Democrats. He is an active member of the Fourteenth Congressional District Organization and served as vice-chairman of the district's Citizens' for Kennedy-Johnson Committee. He recently served as finance co-chairman in Dr. Lynn M. Bartlett's successful campaign for State Superintendent of Public Instruction.

Donahue was twice chosen as his party's nominee for the State Legislature in the Thirteenth Legislative District in 1958 and 1960.

Five Seeking Election to School Board

President Robert Weber Only Incumbent; Election Scheduled for Monday, June 12

Five candidates filed valid petitions for the Grosse Pointe Board of Education by the deadline on Saturday, May 13. The two receiving the highest number of votes in the election on June 12 will be elected to the Board for four-year terms.

Present Board President Robert F. Weber is seeking reelection to a new term. The other Board vacancy, is now filled by Chet Sampson, who has served on the Board since 1951. Sampson is not running for reelection.

Other candidates for the Board of Education are B. Courtney Rankin, Edward Pongracz, George Wallace and Mrs. G. Sam Zilly.

Seeks Second Term
Weber, of 992 Lake Shore, was first elected to the Board in 1954 and is now completing his second term. In addition to serving as president this year, he held the same position in 1956 and '57 and in 1959 and '60. He is a former board treasurer and has three children who are attending or are graduates of the Grosse Pointe Public School system.

Rankin, who lives at 345 Ridge road, was a regional member of the executive committee of the National Alumnae Board for Yale University for eight years. For the past 17 years, Rankin has processed the applications of senior high school boys in the Detroit metropolitan area for admission and scholarship aid to Yale. His activities in this field have been concentrated on Grosse Pointe High School for five years.

Rankin has served on the executive board of the Detroit area council of Boy Scouts of America for 11 years and is an institutional representative for the Cub Scout pack at Kerby School. His two children attend Kerby.

He Served Previously
Edward Pongracz, 782 Notre Dame, is a former member of the Board of Education, from 1956 to 1959. Pongracz was vice-president of the Board in 1958 and 1959. He headed a study of the schools' insurance program which resulted in consolidation of policies and better coverage for less money. His children all attended and were graduated from local public schools.

Howenstein-Candler Rites Read Saturday

After Ceremony at St. Paul's on the Lakeshore Bride's Parents Give Breakfast Reception; Couple Will Live Here After Bermuda Trip

A breakfast in the Beverly road home of her parents, the James Nall Candler, followed Lorna Louise Candler's marriage Saturday morning in St. Paul's on the lakeshore to William King Howenstein.

For the rites the bride wore a wedding dress which was designed 25 years ago by Walton-Pierce for her mother. The gown was also worn by the bride's aunts, Mrs. Charles Strout Davis, Jr., and Mrs. Fred M. Zeder, Jr., of Greenwich, Conn.

Of ivory satin the gown was fashioned on empire lines with a rose point lace neckline and cathedral train. A rose point lace cap caught her double veil of antique French illusion which fell to the edge of the train. She carried ivory butterfly roses.

Virginia McMillan was maid of honor and the bridesmaids were Julia Hefferan, Elizabeth Grace Davis, cousin of the bride, and Elizabeth Howenstein, the bridegroom's sister.

They wore peacock blue flowered chiffon over taffeta frocks with velvet sashes and matching veiled bows in their hair. Their bouquets were of butterfly roses and green leaves tied with peacock blue velvet ribbons.

Robert B. Howenstein was his brother's best man. They are the sons of Harry B.

Howenstein, of Lakeshore road, and the late Eloise FitzSimons Howenstein.

Ushering were David R. Cudip, of New York; Nicholas L. Ruwe, of Houston, Tex.; Fred J. Fisher II, Emmet E. Tracy, Jr., Mark W. Smith, James Nall Candler, Jr., the bride's brother, and Sherman J. FitzSimons III, cousin of the bridegroom.

For her daughter's wedding Mrs. Candler wore a blue flowered silk sarah suit with a matching flowered hat. Mrs. Howenstein wore a brown print silk suit with a matching veiled hat.

After a trip to Bermuda the newlyweds will make their home in Grosse Pointe.

HIDE THE FURNITURE

Color can help camouflage furnishings in a home, say home economists at Michigan State University. When the sofa color matches the background colors in a room, the sofa blends into the background. When the sofa color is in sharp contrast to the room background, the sofa stands out and is quickly noticed.

Students Plan Center Dance

The high school and prep group in Grosse Pointe will gather for a gala party at the Grosse Pointe War Memorial Saturday evening, May 20, from 8:30 to 11:30 o'clock.

The party is being given by the Center's Youth Council presided over by Don Owens of Grosse Pointe High School. Chairman of the dance is Art Schneider of St. Paul's School.

To make this a truly outstanding dance, Al Navarro's Orchestra has been engaged to play throughout the evening. Decorations in the spirit of spring are in the hands of a student committee headed by Cheryl Moore. Hans Bogner is inviting parents of Youth Council members to act as chaperones.

Depending on the weather the lakeside terrace, bowling green and gardens of the mansion will be open and lighted and refreshments will be served outdoors.

Barry Brink and Sharon Pastor are in charge of publicity at Grosse Pointe High School assisted by Ann Roynnton at Brownell, Jim Large at Pierce, Nancy Gould at Parcels, Art Schneider at St. Paul's and Mike Lynch at Austin.

Dress for the dance means party dresses and heels for the girls but white coats and dinner jackets for the boys will not be necessary; any spring suit will be fine. The party is for couples only with the admission price \$1 per person which covers refreshments.

"Youth calls to youth . . . that's why we almost never get to use the phone."

Mrs. William K. Howenstein

In St. Paul's on the lakeshore Saturday morning, LORNA LOUISE CANDLER, daughter of the James Nall Candler, of Beverly road, became the bride of Mr. Howenstein, son of Harry B. Howenstein, of Lakeshore road, and the late Eloise FitzSimons Howenstein.

Mrs. Schlotman Hostess to UF

The magnificent Lake Shore drive estate of Mrs. Joseph Schlotman was open to some 60 Torch Drive leaders last week.

As part of a tri-county public relations and educational program sponsored by the United Foundation Women's Organization, Mrs. Schlotman was one of 37 hostesses opening their homes for the U.F.W.O. during the month of May.

Mrs. Schlotman's guest of honor and speaker for the afternoon's program was Abraham Brickner, Executive Director of the Michigan Heart Association, a Torch Drive Agency.

An agency composed of physicians, scientists and laymen, the Michigan Heart Association conducts a comprehensive program of research, education and community service.

Mr. Brickner told the group that during the 1960-61 year, the Michigan Heart Association is underwriting 33 research programs in cardiac vascular and blood vessel diseases. These programs are being carried out by research teams at the Universities of Michigan, Wayne State and Detroit; and Grace, Sinai, Harper, Woman's, Wayne County General and Herman Kiefer Hospitals at a total cost of \$327,533.

In the area of direct patient service, the Michigan Heart Association offers two programs to assist cardiac victims. Brickner explained that any housewife suffering from a heart disorder could avail herself of the "Heart of the Home" classes conducted by the Michigan Heart Association.

"These classes are conducted by our staff home economists and are designed to simplify the daily routine of running a household. We give these classes on a regular basis throughout the tri-county area at no charge."

For both male and female cardiac patients, the Michigan Heart Association also conducts a work evaluation program in cooperation with the Rehabilitation Institute. "This program has been set up to assist the cardiac in determining what type of work he is capable of undertaking."

"This particular service is by physician referral only and the patient is charged a modest fee based on his ability to pay," Brickner concluded.

Information on both of the direct patient services as well as requests for literature, films and speakers may be directed to the Michigan Heart Association at TEmple 1-8550.

Pouring for Mrs. Schlotman's tea were Mrs. Richard S. Webber, of Lake Shore road, Mrs. Burdette E. Ford, of Sunningdale drive; Mrs. James A. Humphreys, Jr., of Cadieux road, and Mrs. Frederick S. Ford, Jr., of Renaud road.

Mesdames Thomas Petzold, Henry T. Bodman, Arthur Sempflner, William J. Young, Jr., Thomas Jeffries, Nelson C. Forlund and C. N. Forlund were among Mrs. Schlotman's guests.

Of the 37 teas being held in conjunction with the U.F.W.O. program, seven were scheduled in Grosse Pointe. In addition to Mrs. Schlotman, the other Grosse Pointe hostesses were: Mrs. A. D. Wilkinson, Lake Shore road; Mrs. Hugh Daly, of Edgemont road; Mrs. Allan Shelden, III, Provencal road; Mrs. Alfred R. Glancy, Jr., Lake Shore road; Mrs. William M. Day, of Lakeland avenue, and Mrs. C. T. Fisher, Jr., of Lake court.

Mix, match, and harmonize can be three magic words to transform a mere collection of clothes into an interesting and useful wardrobe. Home economists at Michigan State University say a coordinated group of plain colors and patterns can stretch separates into many different combinations.

Council Stages Student Panel

Should my teenager go steady? What hours should a high school student observe? These questions and others were presented to a panel of four high school students by the members of the Mothers' Health Council of Grosse Pointe.

Mrs. Ruth Flom, Dean of Girls of Grosse Pointe High School, introduced Ann Hadley, Blair Proctor, Douglas Taylor and Godfrey Hammel. These students are all members of Mrs. Evelyn Westerville's class in Effective Living. Mrs. Westerville is also chairman of the State Curriculum Committee on Family Life Education.

The primary interest of the students in the Effective Living class is to promote better understanding and harmony with themselves and toward others. To accomplish this, biology, sociology and psychology are all studied and incorporated into class recitation, individual reports and informal discussions.

"We learn to see ourselves as others see us," said Ann Hadley. "By learning to understand our own behavior it makes us more tolerant of others."

Each student realizes he has no monopoly on problems. No problem large or small is overlooked. As a result of this group discussion and study of reference materials the teenagers become better individuals with more self-confidence.

Guest of the Mothers' Health Council was Mrs. Fred Adams, president of the Grosse Pointe High School Mothers' Club.

The next meeting of the mothers' Health Council will be held on Monday, May 22, at 1 p.m., at the Grosse Pointe Main Public Library. All members are urged to attend this meeting as election of officers will be held.

Festival at Woods Church

A magic carpet to far-away places is the intriguing theme of the Global-Go-Round luncheon to be given by the Women's Association of the Grosse Pointe Woods Presbyterian Church on Tuesday, May 23, at the church.

One of the big events of the year for the Association, this luncheon is to be given the flavor of an international festival.

Folk dancing and music, both instrumental and vocal, from many lands will highlight the program. Costumes from round the world will be seen in the many exhibits and displays which are planned. Curious, art objects, unusual examples of the craftsmanship from foreign lands all may be seen in abundance.

Hostesses will be garbed in authentic costumes. Foreign

students and members of the International Institute are lending their excellent talents to insure an outstanding program of entertainment.

Luncheon will be served at two times, 12:15 p.m. and 1:30 p.m. The programs will be given at 1 p.m. and 2:15 p.m. The exhibit rooms will be open the entire afternoon. A donation of \$2.25 will be collected.

Of special interest to mothers of small fry, a nursery with attendants will be available at a nominal fee. Reservations are requested for this service.

Luncheon reservations should be received by May 21, and may be made by calling Mrs. John Squiers, ticket chairman, TU 4-3639.

Yellow and White Springtime Decor Created for Luncheon Saturday; Mrs. Hamilton Kotcher, Toastmistress and Co-Chairman of Party

A yellow and white ballroom scene, plus a sunny spring day, provided just the right background last Saturday, May 13, for Grosse Pointe Yacht Club's Mother and Daughter Luncheon.

Clusters of pale yellow and white balloons, attached to table anchors with long, narrow ribbons, floated high overhead. Arrangements of pastel yellow tulips, stock, and other yellow and white blooms decorated the speakers' table; table coverings were in sunny hue, and even some of the party-goers greeted the bright day in pastel yellow frocks and sweaters. However, the warm day brought out cottons and

linens in all the pastel colors.

An important feature was the presentation of prize gifts to mothers and daughters in different categories.

Mrs. Hamilton Kotcher, as toastmistress (she also was party co-chairman with Mrs. Palombit), called first for the youngest grandmother present and that turned out to be Mrs. Charles R. Beltz.

For the grandmother with most granddaughters present, there were two to receive yellow-

low-bowed, silver-paper-covered gift boxes. Mrs. Hazel B. Shaw and Mrs. E. E. Lundberg. Each had four "grands" at the festivity.

Mrs. Harold Bohm and Mrs. Howard Shaw were a tie as mothers with most daughters there (each had three girls with her). Mother with youngest child was Mrs. Henry Mok—with her was 14-months-old daughter, Kathleen.

Receiving the gift prize as youngest mother was 18-year-old Mrs. Dennis Brennan (mother of seven months old Terrence), and the four-generation prizes went to great-grandmother Mrs. Charles F. LaFond, grandmother Mrs. Charles D. LaFond, mother Mrs. Lawrence Kelly, and two little Kelly sisters, Lisa (four years) and Cici (two years old).

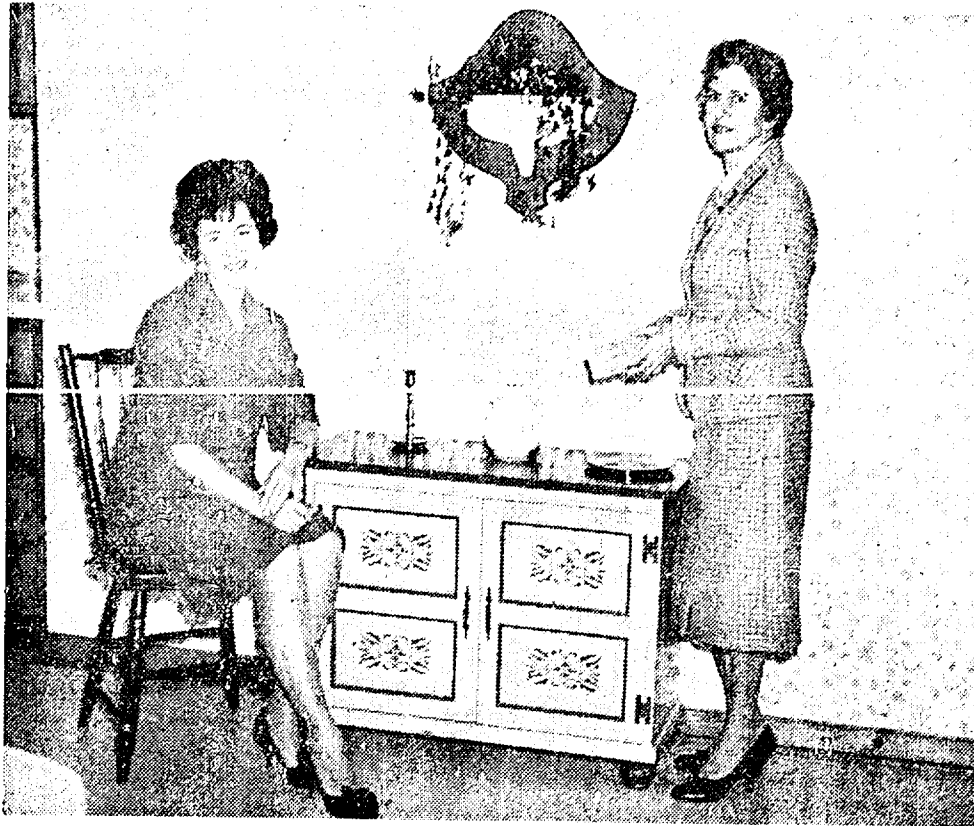

Mrs. John R. Wilt, wife of GPYC's commodore and the club's First Lady, gave the welcome. She was at the speaker's table with Mrs. Paul I. Moreland, Mrs. J. Earl Fraser, Mrs. Fraser's two daughters, Mary and Joanne, and her grandmother, Mrs. Sophie Riedel; Mrs. Harold E. Cross, her mother, Mrs. William Mulvihill, and daughters Kathie and Maureen Cross. Absent was another daughter, Eileen Cross, whose Saturday was devoted to University of Detroit's Hell Week—she's pledged to Kappa Beta Gamma.

Musician Phil Skillman was at the piano, providing prettiest tunes. "The Whirlaways" roller-skating trio entertained with their wonderful routines—when they called for participation by a small girl, Mary Fraser was the fearless miss who allowed skater John McCulloch to hold her in his arms as he performed a 30 seconds routine, and Mrs. C. J. Anderson graciously responded for a rockaway skating duet by McCulloch and Robert Mills as they carried her between them.

Mrs. George L. Cassidy arrived early with daughters Denise and Sheila; Mrs. Leo Huetter brought granddaughter Sara Lynne Furtaw and daughter-in-law Mrs. Jeff Huetter; with Mrs. Karl Weber were her daughters-in-law, Mrs. Thomas Weber and Mrs. Carl R. Weber.

TELLS OF THEFT
George Wadtle of 2254 Stanhope, informed Woods police that sometime since last fall, someone broke into his garage and stole a 50-foot green rubber garden hose. He made the report on Wednesday, May 10.
