

### Symphony Concert Slated for Sunday

(Continued from Page 1) Heiden lived in Detroit for some time and was active in the Detroit Music Guild. In 1942 he organized the Gallery concerts at the Institute of Arts. In 1946 he was appointed to the faculty of the University of Indiana, and at present he is spending a sabbatical year in Italy writing an opera.

Has Written Much  
He has written numerous chamber music works, sonatas, a symphony, a prelude for or-

chestra, variations for orchestra, "Euphorion," first performed in Detroit, and incidental music for Shakespeare's opera "Tempest."

The Concerto for Small Orchestra was composed in 1949 and performed by the Detroit Little Symphony in 1950. There is an oboe solo in the first movement which will be played by Arno Mariotti; a trumpet solo in the second movement and a bassoon solo in the third movement to be played by Charles Sirard.

Kodaly was born in Hungary in 1882. Since 1905 he has collected some four thousand Hungarian folk songs. "Hary Janos" is a comic folk opera first performed in Budapest in 1925. The Intermezzo, which the orchestra will play, is one of six movements. It contains a folk melody, "The Dance of Courtship," which dates back to 1800.

**Died on Friday 13th**  
Rossini, the popular Italian opera composer, was born in 1792. He was very superstitious and believed in signs and omens and it is of passing interest that he died on Friday, the thirteenth of November, 1868.

When William Tell was introduced at the Paris Opera on August 3, 1829, Rossini had already written thirty-seven operas. It was the last opera he wrote though he lived another thirty-nine years during which time he composed hardly at all.

William Tell placed Rossini among the really great composers; it is a work of immense grandeur and dignity. The Ballet music in Act III, Scene 2, is an outstanding musical interest.

**Revised Original**  
Tschalkowsky's Symphony No. 2 is sometimes called the "Little Russian Symphony." It was written in 1872 and first performed in Moscow with considerable success. For some reason the publisher did not observe his contract to publish the score and Tschalkowsky laid it aside. Seven years later he revised it drastically. In 1881 the version we hear today was first performed.

It is considered the most natural of all this composer's work, as it is based largely upon Russian folk songs. It is melodic and warmly romantic. The third movement is extremely lively and gay and the last movement is brilliantly orchestrated and delightful to hear. Tschalkowsky himself had an especial fondness for this movement.

The personnel of the orchestra for the June 4 concert is as follows:

First violin: Edouard Kesner, concertmaster; Marguerite Ambrosini; Mary Alice Case; Alois Chronowski; Betty Furner; Julia Kurtyka; Lois Lawrence; Thomas Nester; Don Nigro; Robert Paluck; Mary Purcell; Stella Racevich; Marion Vanicelli. Second violin: Ewald Arentz; Patricia Birch; Thaddeus Gudsen; Betty Hilligoss; Phyllis Kimmel; Emil Laszlo; Donna Moore; Margetta Reitz; Gerald Stoetzer. successful operation of the schools. A good board member represents the entire community and not any segment or any group interested in special privilege. He arrives at decisions deliberately after reviewing all available facts. He has a deep interest in the long range good of the entire community."

Mrs. Slowin pointed out that the duties of the school board include: deciding over-all policies which are in agreement with the wishes of the citizens and which are to be carried out by the superintendent and his staff; developing and constantly improving the educational program; approving personnel for staffing the school program; providing and maintaining school buildings and equipment; choosing the superintendent of schools and working harmoniously with him; establishing the budget and authorizing expenditures; explaining educational needs and problems to the community.

Candidates invited to speak at the rally are: Robert F. Weber, incumbent, Edward Pongracz, B. Courtney Rankin, George Wallace, and Mrs. Beatrice Zilly. Chet Sampson is concluding his term on the Board of Education. Voters will elect candidates to fill two vacancies.

The non-partisan election of candidates for the Board of Education will take place on June 12 at the school in the area in which the citizen resides.

### Car Theft

gas pump, the officers behind them.

The three brothers, 14, 12 and 11 years old, and another 11-year-old boy, jumped out of the car, and were warned by the officers not to try to escape.

The boys all began to weep and told the officers that a man picked them up on Jefferson, in Detroit, and had left them, telling them to remain in the car until he returned. The lads stated that they drove away, the 14-year-old driving.

The unimpressed officers, suspicious of the boys' actions, took them all to the station, where they were questioned by Det. Lt. Arnold Hough. The boys broke down and confessed they had stolen the car.

**Taken From Parking Lot**  
The juveniles said that they had taken the car from a Chrysler parking lot on Kercheval, near Corner, after one of the younger lads, not one of the brothers, smashed a window of the vehicle with an iron bar. All got into the car, the 14-year-old behind the wheel.

Park authorities established that the car is owned by Norbert Hallwood of 3091 Bertha, Flint.

### Camera Club Meets June 6

The Grosse Pointe Camera Club will meet June 6, at 8 p.m., at the Neighborhood Club, 17145 Waterloo.

Suggested subjects for the monochrome and color slide competition are character study or portraits. Dr. C. J. Marinus, APSA, chief analyst, will be assisted by club members.

The Camera Club will hold its annual banquet at Stouffer's, Eastland, on June 10. Speaker Tony Spina will show pictures taken at the time of Princess Margaret's wedding. For information, call Lee McDowell, TU 2-7045.

### BABY-SITTER INJURED

Evelyn Wyman, 53, of 4975 Ashley, Detroit, baby-sitting at 919 Ballantyne, suffered severe lacerations on her right hand on Friday, May 26, when she tripped and fell on an empty milk bottle that shattered. She had taken the bottle from a milk chute. She was taken to Bon Secours Hospital by Shores police ambulance for treatment of the injury.

### DRIVER POSTS BOND

Mike Hnojowy of 5741 Charles, Detroit, was arrested by Shores police on Sunday, May 28, and charged with violating the State Drunk Motor Law while driving on Lake Shore road. He posted a bond of \$150 to guarantee a court appearance before he was released.

### Fined for Fireworks Sale

(Continued from Page 1)

Officers confiscated numerous M-80 (block busters) firecrackers from several teenage youths, who named Ertman as the salesman. The policemen also confiscated fireworks from Ertman's home.

One 14-year-old boy not only had his fireworks taken from him, but also a bomb he had fashioned from powder from about 20 of the blockbusters, with an extremely short fuse attached.

At the sight of the bomb, Park Police Chief Arthur Louwers and the three detectives said that if the bomb, because of the short fuse, had been lit, it would have been a matter of seconds before it exploded. There was enough powder in the bomb to kill, or seriously maim a person, they said.

Ertman told the detectives at the time of his arrest, that he had made two trips a week to Toledo to purchase the fireworks, and made sales from his car in a rear lot at Notre Dame and Kercheval, and sometimes at his home.

"Any person, young or old, who is arrested and found guilty of illegal possession, or sale of fireworks in Grosse Pointe Park, can expect a heavy fine or jail term in my court," said Judge Belanger. "I will not tolerate any violation of the law pertaining to the possession or sale."

"The law, enacted by the State of Michigan and a num-

ber of State communities, is to prevent harm, or death, through irrational and careless handling of these type of explosives. Fireworks are dangerous, and many persons have been seriously hurt, or killed because of them. "Persons convicted in my court of violating this law, will receive no sympathy from me, and will be fined, or sent to jail, or both, depending on the circumstances," the judge said.

"Company Keeping" doesn't always lead to a happy future...

Sometimes investors have a tendency to keep on "going steady" with certain securities, merely because they have held them a long time. This "Company Keeping" may or may not be wise, depending upon the type of stock and how it fits into the investor's picture. There are instances when it may be better to forsake an old love for a new one.

One of the services our clients appreciate most is our analysis of portfolios in terms of individual requirements. In some cases we may recommend that stocks continue to be held indefinitely. In others we may suggest that certain holdings be replaced with securities that seem more desirable for providing either the future security or present income that is needed.

If you have been "Company Keeping" for a long time, why not stop in at either of our offices and let us review your portfolio. Naturally, there is never an obligation.

**Band Concert, Ice Cream Social Slated at Center**

An old fashioned band concert presented to the community free of charge by the 85-piece Grosse Pointe High School Concert Band will be combined with an ice cream and strawberry social co-sponsored by the Band and Orchestra, Parents Club and the War Memorial Association.

The event is scheduled for next Monday evening, June 5, at 7 o'clock on the Center's lake-side terrace and bowling green. The event is expected to attract several hundred. In case of rain the program will be rescheduled at the same time on Friday night, June 9.

Richard Snook, director of the band, has prepared some very fine and popular numbers for the evening. Included on the lighter side will be selections from Roger's and Hammerstein's "Sound of Music". Representing well known marches will be "March Militaire" and "March Slav" by Tchaikovsky and "March Carillon" by Howard Hanson. The classical will be brought to the fore in Bach's "Sleeper's Wake", Beethoven's

"Egmont Overture" and excerpts from Tchaikovsky's ballet "Sleeping Beauty."

Thought had been given to including the 1812 overture. Two toy cannons had been rounded up to give the audience a bit of a start, but unfortunately the music failed to arrive so all will be peaceful on the green.

For those fond of jazz the percussion section will be featured in Benny Goodman's "Sing, Sing, Sing" and the nine trombones will give a rendition of "Lassus Trombones."

After a half hour of music there will be a 20-minute intermission with everyone invited to purchase strawberries and ice cream from a crew of hard working band parents headed by Alfred Jeffery and Robert Brines.

The concert will come to a close promptly at 8:15 p.m. when the 24 graduating seniors will be given special recognition and all band alumni present asked to join in the final number.

**Center Offers French Course**

In co-operation with the Adult Education Department of Wayne State University and the University of Michigan, the Grosse Pointe War Memorial Association is offering a Conversational French course this summer beginning June 7 and continuing through July 26.

Classes will be held on Wednesday mornings, beginning at 9:30 and ending at 11:00. The instructor for this course will be charming Parisienne, Madame Claude Astrachan, currently on the faculty of Wayne State University.

The course is planned for those who need a refresher in conversation, who have studied the language previously and who need to strengthen their vocabulary and their sentence structure. The eight-week course is offered for \$13.50. The class is limited and enrollments are requested as soon as possible.

Madame Astrachan, who was educated in Paris, recently came to this continent with her newly acquired husband. First she taught in Mexico City where she was professor not only of French but also of French Literature and Art. Next stop was Kansas City. Now it is Detroit which benefits from her presence.

The French Conversation Class will have the unusual pleasure of chatting informally on the Center's lake side terrace and in its gardens in nice weather. Students will find that this is not a course confined to rigors of vocabulary and grammar structure alone but is made very interesting by Madame Astrachan's broad knowledge of French Culture.

**Shores Police Holding Shoot**

Shores patrolmen who qualify in their department's pistol shoots, will be sporting an extra badge on their uniforms, according to Police Chief Fred Duemling.

Before the officer can wear the badge, the chief said, they must qualify either as experts, sharpshooters or marksmen.

Chief Duemling said the Shores personnel have been shooting in the department's pistol range since Saturday, May 13, tutored by Albert Klick, civilian pistol coach and an expert marksman.

The badges, officially approved by the Michigan Association of Chiefs of Police, may be worn on the officers' uniform for one year, the chief said. The policemen will hold a shoot each year, and must maintain, or better, their averages, to wear badges for another year, the chief said.

Each badge is engraved with a tiny Seal of the State of Michigan, and inscribed with the legend expert, sharpshooter, or marksman, depending on which class the officer is graded. The badges are gold, silver and bronze, respectively.

All shoots are governed by the National Rifle Association's official rules, including the scoring: expert, 270 or over; sharpshooter, 240 to 269; and marksman, 210 to 239, in rapid, slow and time firing.

Chief Duemling said that police departments must, according to the rules set by the Police Chiefs Association, apply for permission to participate in the contests, must set up their own program and supervision, and keep qualification scores and records.

The chief said that to date, Coach Klick is the only person to qualify for the expert badge.

The sharpshooters, so far, are Sgt. Charles Wenric, and Patrolmen Joseph Vitale and Harry Hamilton; marksmen, Patrolmen Melvin Yacks, William Marshall, Stanley Otulakowski, and James Jurcak.

In a week or two, following the close of the shoot, Chief Duemling said, all personnel who qualify in any of the classes, will be presented their badges.

**Thorough Record Checking Traps Much Wanted Thief**

Detroit police checked the records of more than 1,000 suspects, 688 fingerprint arrest cards and approximately 100,000 fingerprint cards, before they apprehended a man responsible for 26 holdups in the Detroit area, including one in the Woods.

Woods Det. Sgt. Walter O'Dell and Det. Leroy Tobian said that Detroit authorities arrested Orville Poole, 36, of 1737 Enterprise, Troy Township, on Wednesday, May 10, after detectives of Detroit's Robbery, and Breaking and Entering Bureau maintained a constant vigil near his home.

Following Poole's arrest, the policemen searched the man's automobile and found a .22 calibre pistol, wrapped in a cloth, under a seat of the car.

On the date of arrest, Poole was identified in a show-up at

Detroit Police Headquarters, where a barmaid of a Detroit bar, one of Poole's victims identified Poole as the man who held her up, and molested her.

On the barmaid's complaint police obtained a warrant against Poole the day after his arrest, and he was immediately arraigned before Wayne Circuit Judge George Murphy. Poole pled guilty and walver examination, and was remanded to the Wayne County Jail in lieu of \$10,000 bond. The case is pending.

Police said that Poole confessed to the hold-up of 19 Detroit business places, and one each in the Woods, St. Clair Shores, Redford Township, Dearborn, and two in Warren.

O'Dell and Tobian said that Poole confessed to the hold up of Famous Cleaners, 20737 Mack avenue, last March 1, escaping with \$51 in cash, after tying up Sylvia Chopnowski, 17, of 738 Hollywood, clerk.

While Poole was binding the girl's hands and feet, three of her friends walked into the store, and asked for her. Poole told them that Miss Chopnowski had gone to a nearby drug store.

When the girls left, Poole took the opportunity to escape, and the girls, not finding their friend, returned to the cleaners, and found her bound. They released her and ran to the Woods police station to notify the authorities.

**Art Students To Show Work**

The 40 art students of Emil Weddige in the Grosse Pointe War Memorial's three Friday adult classes will be exhibiting their works of art at the Center beginning Saturday, June 3.

The pictures will remain hanging through the 18th. In addition to the adult art on display Mrs. Stirling Loud's three children's classes at the Center will have their own display in room "D" on the second floor.

Because interest in art at the Center has grown so, this year's exhibit will not only fill the second floor rooms, but will also be hung in the main floor library as well.

The exhibit will open with an invitational tea this Saturday, from 3-5 o'clock after which the general public is urged to view the works.

Arrangements for the opening tea are being made by Mrs. Douglas Smart and her co-chairman Mrs. Edward DuBois. Others on the committee are Mrs. Hugh Daly, Mrs. John Lord and Mrs. Albert Vossler.

Many of the so-called students are recognized professional painters themselves but in the beginning class will be found talented young people like Mary Weaver and Chris Groschner who have many exhibits ahead of them.

All the students, whether professionals or avocationists have been in a whirl of activity this week getting ready for the show. Mrs. Frederick Parker turned carpenter to hammer together frames. Others such as Mrs. Albert Vossler, a distinguished musician as well as painter, were arranging details for the tea table. Everyone was holding his breath for the results of Friday's jurying. Class members will join Mr. Weddige in selecting one or two paintings from several submitted by each artist.

The show will present a complete range of painting styles from the large abstractions of Eleanor Smart through the symbolic piece by Rhoda Lord and the college by Rosalie Black to the figurative memoirs of Robert Suder, distinguished European photographer, who now makes his home here.

Mrs. Loud's children's work in many media with the fresh imaginative touches of the very young will add a pleasant fillip to this most interesting display.

**Woods Inspects 1,045 Vehicles**

The National Vehicle Safety Check held in the Woods on Saturday, May 27, was hailed as a success by Woods Director of Public Safety Vern Bailey and Patrolman Jack Mast, safety officer.

In a joint statement, the two disclosed that the safety check, held in the lot behind the Woods Theater, Mack-Seven Mile (Moross) business section, was not what they had hoped, but a success nevertheless. They had hoped that at least 1,500 vehicles would be inspected.

It was disclosed that 1,045 automobiles and trucks were safety-checked by trained mechanics of auto sales firms in the area, of which 139 vehicles were rejected. Of the latter number, six drivers had their vehicles made safe and returned for a recheck.

Last year, 968 cars and trucks underwent a safety check, Mast stated.

The safety program was co-sponsored by the Woods Public Safety Department and the National Vehicle Safety Check for Communities. This is the second year the Woods has held such a program.

Last year, the Woods was given the State Award of Excellence for 1960, the only city of its size so honored by the National Vehicle Safety Check for Communities.

Checked on the automobiles and trucks were the brakes, front and rear lights, steering, tires, exhaust, glass, windshield wipers, rear view mirrors and horns.

**Gardeners Fight Billboard Blight**

Because the House of Representatives failed to act on Bill S 1282—a bill to regulate and control advertising along the Interstate Highways of Michigan—Local garden club members of the Federated Garden Clubs of Michigan plan to visit their state representatives during the week of June 1-8.

When the Legislature meets on June 8 for final adjournment, this action would permit the vote to be taken on this legislation. They will further request a "Yes" vote for the passage of the bill before the July 1 deadline for receiving the Federal bonus of five to eight million dollars.

for this legislation—to conserve the natural beauty of this state through the prevention of billboard blight—that local members hope their representatives will consider the interests of the state.

Ten thousand garden club members will have their eyes on the House of Representatives on June 8.

A Jackson Prison convict confessed to the February 13 burglary of the Kay Anos Fur Company, 15100 Mack avenue, from where was taken a \$500 mink stole, it was disclosed by Park Police Chief Arthur Louwers on Thursday, May 25.

Chief Louwers said that Detroit police officials informed his department that Webb, prior to being sent to prison, confessed to a number of fur thefts in the Detroit area, including the Kay Anos burglary last February. ### Teacher Honored For Safety Work

Twenty-two years of school safety work by James Anderson, a teacher at John D. Pierce school in Grosse Pointe were recognized Thursday, May 25, by Automobile Club of Michigan.

Anderson is one of 21 Michigan teachers who have supervised their schools' safety patrols for 20 or more years in a row. Anderson has acted as a patrol teacher-sponsor continuously since 1939 at Pierce school.

Patrol sponsors' duties include supervising operations of patrols, enrollment and training of new patrolers and, in many cases, coordinating the school's safety program.

Joseph Zabalski, Auto Club safety education consultant, presented the engraved plaque to Anderson at special ceremonies at the school Thursday morning.

The principal's long tenure as a patrol supervisor was revealed after a state-wide search by Auto Club in every school in the state having an AAA-sponsored safety patrol. The teacher actively engaged in patrol work for the longest continuous period of time was found to be Sr. Mary Ewaldine, a teacher and patrol supervisor at St. Isidore school in Grand Rapids for 38 consecutive years.

The safety patrol movement was launched 41 years ago by the late H. O. Rounds, former safety and traffic director for Auto Club.

Both cars were towed from the scene.

### Park Scouts Win 14 Medals

Two Eagle Scout Medals will be among the 14 medals to be presented to Scouts of Grosse Pointe Park Scout Troop No. 147 this Thursday evening.

The two Eagle Scout medals to be presented will highlight the troop's final Court of Honor of the year and will bring the total number of Eagle Scout medal bearers associated with the troop to three.

Karl Sims, Scoutmaster of the troop advised that the ratio of scouts who qualify for Eagle Scout Medals is one in 500 scouts.

Recipients of the Eagle Scout medal, which is one of Scouting's highest youth achievements, are Michael Hoyt of 1209 Nottingham, Grosse Pointe Park and William Keller, 1452 Beaconsfield, also in Grosse Pointe

Park. Paul Kolvoord will present the Eagle Scout Medal to Scout Hoyt. John Lapish, Assistant Commissioner of Scout District Three, Detroit Area Council, will present the medal to Scout Keller.

Paul Kolvoord is the holder of the Silver Beaver Award which is Detroit's top adult scouting award.

The Rev. Benjamin Tallman of Grosse Pointe Memorial Church will address the Scouts, Scouting officials and parents in attendance by the presentation of a dissertation directed primarily at the Eagle Scouts, entitled "What Next?"

Ben Cushman, also a holder of the Silver Beaver Medal, will address the group on the "Adventures of Explorer Scouting," Richard Gauke, Scouting Ex-

ecutive from the Detroit Council Headquarters, in charge of adult scouting activities in Scouting District Three, of which Grosse Pointe Park is a part, will also address the attendees. His remarks will cover the obligations of adults toward Scouting.

Earle Hoyt, father of Scout Michael Hoyt, currently Institutional Representative of Troop 147 and its former Scoutmaster, will also participate in the program, as will Karl Sims who has been Scoutmaster for the past three years.

Mr. Sims, a holder of adult Scouting's cherished Wood Badge, has been selected to instruct potential Wood Badge recipients during this summer's session of the three-year course to be held at the Detroit Area Council's D-A Scout Ranch at Metamora, Mich.

The Scouts who will receive Merit Badges, which are awarded for achievements in diversified scouting interests, are: Michael Hoyt, Alan Jones, William Keller, Fred Robbins and Richard Sims, the troop's other Eagle Scout and Assistant Scoutmaster.

The Scouts who will advance in rank Thursday night are Michael McDonald, 1229 Three Mile road, Grosse Pointe Park, who will advance from Second to First Class Scout, and Scott Walri, 1026 Lakepointe, Grosse Pointe Park, who will take his oath as a Tenderfoot, increasing the troop's roster to 42 Scouts.

Mr. Sims, while urging parents of troop members to attend the Thursday Court of Honor, said that "Scouting is a family project . . . That parents should share in the awards

presentation that is illustrative of the desire of the recipients to devote considerable time toward becoming prepared, responsible leaders of tomorrow."

Charles Adams, Troop Committee Chairman, will chair the program scheduled to begin at 7:30 p.m. at Defer School, 15425 Kercheval, Grosse Pointe Park.

Grosse Pointe High School "Reading Lab" class from left to right:—TOM RUSSELL, JOHN GOURNE, RICK MAYLOCK, SUE BREWSTER, MR. ANDREW BALAS, PAUL BEAUREGARD, and JOHN MERTINS.

Modern living makes special demands on students and adults for more extensive reading and study—not to mention the need for psychological release in recreational reading. Students are particularly desirous that there be no skill handicap to keep them from achieving their best. Grosse Pointe High School, over the years, has been evolving a program of reading and study. The students' increasing interest in reading improvement has led to a gradual expansion of this program.

The core of the program is the Reading Laboratory, a complete, semester course. In addition to the strong emphasis on accelerated reading, students' study efficiency is assessed on patterns of thought development, outlining, taking notes, memorizing, and reviewing. How to take tests is an important area of practice. Vocabulary and word attack are stressed to develop reading independence. To measure their progress students are given standardized tests before and after. The Reading Laboratory is purely voluntary; no grade is given but an evaluation of the student's problems and progress is sent to the parents. Students sign up through their counselors. The Reading Lab is offered also during the summer. The summer classes are open to students entering the tenth grade in the fall, to eleventh and twelfth graders, to gradu-

Warren Boerner, 19, of 1782 Kenmore, told Woods police on Wednesday, May 25, that while

his car was parked across the street from his house during the night, someone smashed a left side window.

**2 Youths Hurt In Car Accident**

Two 16-year-old boys were seriously injured when their car went out of control on Thursday, May 25, and crashed into two trees and a fence at 269 Williams.

Farms police said that John F. Henderson of 316 Chalfonte, driver of the automobile, was traveling east on Williams, when he lost control. The car jumped the curb and hit the trees and knocked down a fence at the Williams address, about 103 feet from the curb, stopping at the garage.

Henderson was rushed to Cottage with chest injuries and later transferred to the Women's Hospital in Detroit.

Philip H. Dawson, 16, of 323 Touraine, passenger in Henderson's car, was also taken to Cottage Hospital, where surgeons performed an immediate trache-

otomy because of impaired breathing. He remained at the hospital.

Police said that damage to the car was about \$2,000, and the vehicle had to be towed from the scene.

Henderson was issued a juvenile traffic violation ticket, charging him with not having his car under control and causing an injury accident.

**DRIVER CHARGED**

Shores police ticketed Robert A. Strale of 1923 Norwood for a traffic violation on Sunday, May 28. It was charged that the motorist was driving recklessly while traveling west on North Deeplands. He posted a \$100 bond pending a court appearance.

**Scouts to Hear Ribicoff June 2**

More than 2,500 Boy Scout Officials and their wives are expected to attend the 51st Annual Meeting here of the National Council of Boy Scouts of America, June 1-3, with Abraham A. Ribicoff, Secretary of Health, Education, and Welfare, as the principal speaker.

The Detroit Area Boy Scout Council, largest in the nation, will act as host for the National Meeting for the first time in the 51 year history of Scouting. Secretary Ribicoff will speak Friday, June 2, at the annual banquet in Cobo Hall.

The three day National Meeting will get underway Thursday, June 1, in Cobo Hall with a President's Dinner, presided over by National Council President Ellsworth H. Augustus of Cleveland, Ohio.

Merritt D. Hill, President of the Detroit Area Council, and General Manager of Ford's Tractor and Implement Division, will welcome delegates to Detroit. Augustus and Joseph A. Brunton, Jr., National Chief Scout Executive, will greet the group.

Ray R. Eppert, President of Burroughs Corporation, will give the principal speech of the evening. Entertainment will be provided by the Michigan State University Glee Club, and the WJR Bud Guest "Guest House" show.

The National Council's business meeting will start in Ford Auditorium, Friday, with a spectacular "black light" presentation on stage of highlights of the 1960 50th Anniversary Jubilee Year, using 50 Scouts and officials as actors in dramatic committee reports.

Resolutions and election of National Officers will complete the morning session.

That afternoon, delegates will fan out to 31 discussion clinics held in hotels in downtown Detroit. Subjects will range from Conservation to International Relationships.

Ribicoff's speech at Cobo Hall Friday night will follow a welcome from E. N. Cole, General Chairman of the Detroit Area Council's Host Committee, and General Manager of Chevrolet Division.

Also featured Friday night will be Cliff Arquette (Charley Weaver) of Jack Paar fame, and awarding of the Lorillard Speaker Trophy to the Boy Scout Region which rates best in the nation.

Saturday's concluding session at Ford Auditorium will highlight:

1. A report on Camp Century in Greenland by Eagle Scout Kent Goering. Kent spent 6 months as a Junior Scientific Aid at the U.S. Army Engineer Corps winter research base.

2. A resume of the 1962 Scouting program by Augustus and Brunton.

3. A National Court of Honor, presenting Silver Buffalo Awards to 9 adults for distinguished service to boyhood.

Bob Hope, Roger Firestone, Henry Lodge, Harold Stassen, Thomas J. Watson, Jr., and Carlos P. Romulo are among the many well-known people who have personally received these awards in the past.

**Change of Scenery Awaits Directors**

A distinct change of scenery awaits the nine prominent Detroit businessmen who serve on Standard Federal Savings and Loan Association's board of directors when that group holds its next meeting, Tuesday, June 6.

Instead of the typical, imposing, oak-paneled board room in the association's main office at Griswold and Jefferson, the directors will be treated to the light, airy, spacious decor and surroundings of the newest, most modern Standard Federal branch office, located at 16530 East Warren at Outer Drive.

The new building, a replacement for the original East Warren office, which was opened ten years ago and has been torn down to make room for a parking lot, is the center of a big open house celebration lasting until June 9.

**City Club Members Plan Day at Cranbrook June 14**

Women's City Club members will enjoy their traditional day in the country at Cranbrook, Bloomfield Hills, June 14.

Mrs. Henry S. Booth will be a hostess for the day. Buses will leave the club at 10 o'clock. On the agenda is a visit to Christ Church, a picnic at either the Greek Theater or St. Dunstan's Playhouse, and stops at the various educational institutions in Cranbrook.

Frances Chalmers Frost, of San Francisco, sister of the bride, was her maid of honor in a reseda green taffeta gown with a wreath of ivy leaves in her hair. She carried white daisies. Dressed like the honor maid was the bridesmaid Mrs. Russell A. McNair, Jr.

the bridegroom, who is the son of Mrs. Joseph Wright Powell, Jr., of Milton, Mass., and the late Mr. Powell.

## Camp Cavell Opens June 24

The YWCA's Camp Cavell, beginning this summer, will explore new frontiers in teenage camping, according to Elizabeth Kitchell, Cavell director.

A three-year plan offers specialized camping, a six-weeks camping tour of the western United States in 1962, and a six-weeks camping tour of Europe in 1963, Miss Kitchell said. The specialized program at Cavell gives teenagers the opportunity to choose their favorite aspect of camping. For instance, girls signing up for "waterfront" will learn canoeing, how to carry their canoe and duffles, how to cook and eat special trail foods. For the climatic, they will take a four-day canoe trip on the AuSable River.

For girls who want primitive camping, an isolated, rugged area of Camp Cavell has been set aside for them to live in tents, cook their meals over campfires, and master primitive camping skills. This four-weeks program will include two weeks of camping-out at Isle Royale National Park in Lake Superior.

The girl who wishes to specialize in horseback riding will be responsible for a horse so that she not only learns to ride but also to care for the horse and its equipment. Girls in the riding program will attend horse shows, take pack trips, and visit the Michigan State University Veterinary School.

General camping, as previously offered at Camp Cavell, will be available to a limited number of teenagers, and offered to all girls between the ages of 9 and 14.

To qualify for the western camping trip in 1962 or the European tour in 1963, a girl must then be 16 years old or have completed the 10th grade, be in good physical health, and have attended Camp Cavell in one of the specialized groups this year.

Camp Cavell, located on Lake Huron, is three miles from Lexington, Mich. It officially opens its 1961 season on June 24. Reservations for the 1961 season are now being accepted at the Camp Cavell office, Central Branch YWCA, 2230 Withcreek St.

## St. Paul Church Scene of Party

A century of fashion styles will be displayed when the women of St. Paul Lutheran Church, Chalfonte and Lothrop, present the Goodwill Industries show "Fads 'N Fancies" on Tuesday afternoon, June 6, at 1 o'clock.

Live models dressed in period costumes will step like story-book characters from a life-size picture frame to give the audience a close-up of fashion of bygone eras, accompanied by appropriate period music, and comments by Mrs. Helen M. Kopka, the producer and moderator of the show. These models donate their time to the Goodwill. The audience will be reminded of the worthy purpose of the Goodwill Industries: to help the handicapped help themselves by turning in discarded furniture and clothing to the Goodwill where they will be refurbished and for the physically handicapped. With spring-cleaning time here this is a good reminder for all housewives.

Since this is an unusually interesting show, the ladies are inviting the men as well as the ladies of Luther Haven, home for the aged, and the men and women Senior Citizens of St. Paul to be their guests.

Transportation will be arranged through program chairman Mrs. Marcella Deiss. Mrs. Vera Hosking and Mrs. Janet Ropp are in charge of refreshments, which will be served after the show. Mrs. Eleanor Schenk and Mrs. Esther Stewart are arranging table decorations. Visitors are welcome.

Air pollution was a problem back in the 13th century. In 1273 the British Parliament passed legislation prohibiting the use of "sea-coale" in London because of the "smoak and unsavoury vapours therefrom."

**LOOK WHO'S IN THE ACT**—As if the "invasion" of the "Freedom Riders" wasn't enough, the American Nazi party had to get into the act with a busload of "Storm Troopers" going to New Orleans, La. Here a group is searched near a theater premiering the film "Exodus," and, earlier, handcuffed Bernard Davis, 20, driver of their "Hate Bus" is taken into custody after crashing the bus on the Lake Pontchartrain causeway while trying to elude state police.

**'OUTERTUBE'**—This giant inertube-like thing at the Goodyear plant in Akron, O., really is an "outertube," a 30-foot expandable space station which could be inflated to permit one or more persons to live and work inside while orbiting around Earth. Goodyear built a 24-footer for NASA to experiment with, and this one the company will use in similar tests. A doughnut like this could be 100 feet in diameter, they say. (Central Press)

**HIGH SCHOOL STUDENTS BUILD OWN 'AIR CAR'**—Students in a vocational class at Stonewall Jackson High School in Charleston, W. **TURNCOAT IS BITTER**—Otho G. Bell, 30, one of three former turncoat soldiers who won prisoner-of-war pay for their time spent in Communist Korean captivity, is shown at home in Olympia, Wash., with his son. Bell said he'd "rather hang" than continue life branded as a turncoat. He denied all the charges that led to his dishonorable discharge in 1954. The U.S. Supreme Court ruled that he and two others were entitled to the pay.

**'SILENT' STAR**—June Allyson emerges from hospital in Santa Monica, Calif., a "silent" film star—she had a growth removed from her throat. The pad and pencil are for communication, and in her hand she carries a tooth-tooth horn, for letting people know she wants to write to them.

**COLLEGE, DAYTIMES**—Barbara Dodd, 19, strikes this fetching pose at the Copacabana in New York, where she is a dancer at night. But daytimes she drives 150 miles to Smith College, where she is a sophomore drama major. College officials have cooperated in enabling her to carry on her education—she is permitted to have a car on the campus, her final exam schedule has been adjusted, and classmates are permitted to give her their notes for classes she misses on days she can't quite make the trip.

**OUT ON LIMBS**—Sophia Loren pauses in New York to defend Mrs. Jacqueline Kennedy's hemline against an Italian fashion designer who said her skirts are too short. "Mrs. Kennedy has marvelous legs," said Sophia. "Why not show them?" The designer, Emilio Schubert, also got out on a limb by declaring that women's knees are "anti-aesthetic."
