## HEADLINES

### of the WEEK

As Compiled by the  
Grosse Pointe News

Thursday, June 8  
**A COMMUNIST-INSPIRED** cease-fire violation in Laos leading to the capture of a small, but strategically important Laotian village ended the patience of U.S. representatives to the 14-nation Laos conference in Geneva. Although Washington sources indicated that the United States would not walk out of the conference entirely, formal sessions have recessed indefinitely because of an American boycott. President Kennedy is reported to believe that a new cease-fire will be verified as a result of pressure to be brought upon Laos communists by Russia. If the situation does not improve, it is believed that a formal protest to Soviet Premier Nikita Khrushchev will follow.

**ALTHOUGH FIDEL** Castro does want to negotiate prisoners for tractors in a Havana meeting, he does not want to discuss the deal with the UAW's Walter Reuther. The Tractors-for-Freedom committee postponed a decision on whether to send some of its members to Cuba. Meanwhile, Radio Havana told Reuther to stay home, denouncing him as a "false liberal" and an "agent of management who has lived all his life at the service of the monopolies."

Friday, June 9  
**PRESIDENT KENNEDY** has been advised by his physician to use crutches to alleviate back pains caused by a strain sustained on May 16 in Ottawa, Canada. The injury though not serious was described by the White House as causing "constant discomfort, something like having a toothache." It is believed that the strain, which is not associated with the President's former back trouble, was caused when he was shoveling several spades of dirt at a tree planting ceremony in Ottawa.

**THE SOMBER BERLIN** issue took on increased urgency yesterday as the Soviet Foreign Minister accused Western nations of plotting a "new, major provocation" in West Berlin. As "almost endless" columns of Soviet military trucks and armored cars were reported moving across East Germany, Radio Moscow charged that the Western Big Three are building up a military force to invade Berlin and seize control of points in East Germany. In Washington, the State Department said it had received no formal protest and declined to comment.

Saturday, June 10  
**OBSERVERS** at the Laos conference in Geneva predicted that both Russia and the United States would give in enough so that the deadlocked negotiations could resume Monday. Ambassador Averill Harriman had a 45-minute talk last night with Soviet Foreign Minister Andrei A. Gromyko. Gromyko indicated that good will on both sides would bring an end to fighting in Laos and the International Control Commission would have more scope to investigate alleged violations.

**FOR THE** second time in recent months the United States split with Britain and France and voted for a resolution in the U.N. Security Council calling on Portugal to stop "repressive measures" in Angola, where 20,000 to 100,000 natives reportedly have been killed. Portugal, a partner in the North Atlantic Treaty Organization protested that the action was "unjust and illegal." The vote was 9 to 0 with Britain and France abstaining.

Sunday, June 11  
**TRACTORS FOR FREEDOM** committee announced that it is sending a four-man technical team to Havana to begin negotiations with Cuban Prime Minister Fidel Castro. Their job will be to determine what Castro has in mind in his proposed tractors-for-prisoners trade. Although Castro has insisted that the four be given complete power to consummate the trade, observers say they probably will report his demands to the committee for a decision.

## Rotarians Select 'Citizen of the Year'

The Grosse Pointe Rotary Club announced its second annual selection for its 'Citizen of the Year' award at its luncheon meeting in the War Memorial Center Monday noon. George Elworthy, popular director of the Neighborhood Club, won the distinction. Last year's award was won by the late Norbert P. Neff. Pictured above, left to right, are: KENNETH W. SMITH, chairman of the Community Affairs Committee; PAUL MAWHINNEY, REV. ANDREW RAUTH, Rotary president and MR. ELWORTHY.

## Hollosy New Cage Coach At G.P.H.S.

### Board of Education Approves Appointment as Physical Education Teacher and Basketball Mentor

The appointment of Charles S. Hollosy as a teacher of physical education and coach of the basketball team at Grosse Pointe High School was approved at a regular meeting of the Board of Education Monday night. Hollosy will assume his new duties next September when the new school year begins.

Coming to Grosse Pointe High after a highly successful career at Austin Catholic High School, Hollosy will succeed John Thursby as coach of the Blue Devil basketball squad. Thursby resigned as coach to give more attention to his counseling and teaching duties. His teams compiled a 23 won and 6 lost record during a two-year tenure as head coach, tying for the BCL title in 1959-60 and finishing second this past season.

### Won Class A Title

Hollosy won the State Class A title in 1958 with his Austin squad after having gotten as far as the finals the year before. His overall record in six seasons at Austin was 102 victories against 23 defeats.

A native of New Jersey, Hollosy was graduated from Eastern Michigan University. He holds a graduate degree from the University of Michigan and is a veteran of WW II service.

## Two Youngsters Injured Attempting to Escape in Car Stolen in GP Woods

### 14-Year-Old Driver Loses Control and Smashes into Tree After Wild Chase; Had Recently Been Released from Juvenile Home

Police from the Woods, Park and Detroit filed charges against two Detroit juveniles, who stole an automobile in the Woods on Friday, June 9, and wrecked it in Detroit the next day, while attempting to escape a pursuing Park officer.

The juveniles, one 14 years old and the other 15 years old, stole a car belonging to John and Astrid Karlson of 19700 Elizabeth, St. Clair Shores, from a parking lot at Torrey road and Mack avenue, sometime between the hours of 9:30 a.m. and 1:30 p.m., Friday.

At about 5:30 p.m., the same day, Woods police received a call from Taylor Township authorities, that the juveniles had gone to a gas station at Telegraph and Goddard, where they told the attendant to put in four dollars worth of gas. Before the attendant could collect, the boys, the 14-year-old driving, took off at a high rate of speed.

### Spots Stolen Car

On Saturday, June 10, Park Patrolman James LaPratt, driving east on Vernor in a police cruiser, spotted the stolen car, just off Somerset, and observed the two boys getting into it. He checked the license plate number of the car and called into the station to determine if the vehicle was still on the stolen list.

When notified it was, LaPratt turned on Vernor and went to the scene of the parked car. When the youngsters saw the approaching scout car, they took off at breakneck speed, the officer in pursuit.

LaPratt said that the boys drove at a speed of about 70 miles an hour in their effort to get away. They drove down Somerset, turned left onto Mack, at which point the officer tried to force them to the curb, but without success.

**Driver Loses Control**  
At Beaconsfield, the young driver turned left, the officer close behind. At Bremen, in Detroit, the stolen car turned left. Here, LaPratt, gun drawn, waved the young driver to the curb. The 14-year-old lost control and the car jumped the curb, smashing into a tree, totally wrecking the front of the vehicle.

The impact threw the young driver out of the car onto the pavement. The other youth jumped out of the automobile and attempted to run, but LaPratt, who had gotten out of the scout car, warned the boy to stay where he was, or he would shoot. The juvenile stopped.

All Park police cars rushed to the scene, and one took the 14-year-old to Bon Secours Hospital, suffering from internal injuries and cuts about the mouth. The other youth was also taken to the hospital, where he was treated for severe mouth injuries, and loss of several teeth.

**Face Three Charges**  
The boys will be prosecuted on three counts, by the Woods car theft, by the Park for being in possession of stolen property, and by Detroit for the (Continued on Page 2)

## Rotary Club Pays Honor To Elworthy

### Named as 'Citizen of Year' and Receives Plaque at Ceremony in Memorial Center

George Elworthy won the Grosse Pointe Rotary Club's second annual "Citizen of the Year" award Monday, and was presented with a plaque at the luncheon meeting in the War Memorial Center, of the service organization.

The following history of Mr. Elworthy's activities has been submitted by the Rotary Club: William George Elworthy came to Detroit from Buffalo, New York, in April 1916 to accept a position under the late Judge Henry S. Hulbert, as Supervisor of the then new Juvenile Detention Home. In the summer of 1917 he took a leave of absence to attend the first Officers' Training Camp at Fort Sheridan, Ill. He served in France until July 1918. He returned to the Juvenile Court as a special officer for Judge Hulbert.

**Becomes Club Director**  
In August 1919 he accepted the position as Director of the Mutual Aid and Neighborhood (Continued on Page 2)

## Will Take Reins At Mason School

Lawrence A. Gagnon was appointed acting-principal of Mason School for the 1961-62 school year by the Grosse Pointe Board of Education this week. He will relieve Principal John Brubacher who is to be on leave doing graduate study next year.

Gagnon is a former Grosse Pointe teacher who left two years ago to accept a principalship in the Farmington schools. He had taught in the upper grades of Richard School for three years. Prior to that he had taught in the Glencoe, Ill., schools and in Lansing.

A graduate of Northwestern High School in Detroit, Gagnon took both his bachelors and masters degrees from Michigan State. He has also attended Wayne State University.

Active in professional organizations, Principal Gagnon is a member of the MEA, NEA, and the Department of Elementary School Principals. He also served the Grosse Pointe association in a leadership role during his stint of service here.

## High School Gives Diplomas to Class Of 720 Tonight

### Honors to be Awarded by Principal Jerry Gerich; Dr. James Bushong to Make Presentation to Graduates

The largest graduating class in the history of Grosse Pointe High School will be honored, June 15, at 8:15 p.m., when Dr. James W. Bushong, superintendent of schools, will present diplomas to more than 720 students.

Graduates will take their places accompanied by the traditional strains of "Pomp and Circumstance" presented by the concert orchestra under the direction of Richard H. Snook.

The ceremonies will then open with the playing of the "Star Spangled Banner." The invocation will be given by Dale Anderson, class president.

**Three to Speak**  
Three students will speak for the graduating class on the topic of "Responsibility." Wayne Wilner will speak on responsibility to one's self, Jan Conway on responsibility to others, and Sharon Sweeney on responsibility to society.

Jerry J. Gerich, principal, will award honors to class leaders. Citizenship recognition will be given to 37 outstanding seniors. The five percent of the graduates who lead the class in scholastic standing will be announced as winners of inscribed dictionaries given by the Mothers' Club.

The seniors will receive their diplomas from Dr. Bushong after the class is presented to him and certified by Mr. Gerich.

**Last Sing Together**  
To close the ceremonies, the graduates accompanied by the concert orchestra will join together in singing the "Alma Mater" for the last time. Dale Anderson will give the benediction.

Immediately following commencement, the graduates will be honored at a party sponsored by the Mothers' Club at Lochmoor Country Club.

Both Mr. Gerich and Dr. Bushong have praised the accomplishments of the class of 1961. Pointing out that the class is unique in several respects, Mr. Gerich said that it is the largest class to be graduated from the High School and it appears that the class will also have the highest percent of students attending college. This is particularly remarkable, Mr. Gerich stated, during a period when admission standards have become much more rigorous.

**Most Have Good Grades**  
Mr. Gerich said he is happy to report that 88 percent of the seniors have earned a quality grade average for three years of C- or better.

Concerning the graduates, Dr. Bushong said, "The evidence clearly indicates that the class of 1961 is truly an exceptional one. Despite stiffened standards, the class as a whole has performed admirably in all fields of endeavors and would appear to have captured considerably more than its share of honors—nationally as well as locally and regionally.

"We are all very proud of the fine record the graduates have compiled," Dr. Bushong said, "and we wish them continued success as they go forth on the next phase of their careers."

## GP Shores Expanding Park, Recreational Facilities

Hundreds of tons of earth have already been used in land-fill operations started about three weeks ago, that will more than double the size of the Shores present lakefront park. It was disclosed by Village Superintendent Thomas K. Jeffers on Friday, June 9.

The landfill will not be completed for at least another two weeks, but when this new facility will be in use is hard to say, Jeffers said. However, grass may be growing on the new property by next month, he added.

He said that the last legal obstacle to the park expansion was removed when the State Conservation Department granted permission for the landfill on St. Clair, just north of the Grosse Pointe Yacht Club.

## Capture Two Vacancies on School Board

### Defeat Three Other Candidates as Voters Go to Polls in Record Numbers

Incumbent Robert Weber and Edward J. Pongracz were victorious in the Grosse Pointe School Board election on Monday, June 12, as 5,703 voters went to the polls.

This was a record turnout for a school board member election, exceeding last year's previous high vote by some 1,177 voters. The Pointe has about 35,000 registered voters.

Two four-year seats on the Board of Education were up for election in Monday's balloting. Besides Weber and Pongracz, there were three other candidates, B. Courtney Rankin, George R. Wallace, and M. Bernice Zilly.

Weber polled the most votes with 3,155 and Pongracz was a close second with 2,829. Total for Rankin was 1,896 and Mrs. Zilly polled 1,547. Wallace trailed with 968 votes.

**Is Present President**  
Weber has served on the school board two terms (seven years) prior to this election. During this time he has been president of the board for three years and treasurer for two years. He is present president.

Pongracz is a former member of the school board who was unsuccessful in his bid for re-election in 1959. He served as vice-president of the board and was chairman of the committee for insurance revision.

This was the second unsuccessful election attempt for both Rankin and Wallace. Mrs. Zilly was a candidate for the first time.

Weber led in all school precincts except Defer and Poupard, which were carried by Pongracz.

### Voting By Schools

Here is the record of voting by schools: Trombly: Pongracz 174, Rankin 128, Wallace 99, Weber 214, Zilly 113, total ballots 397. ## Presents Books On Numismatics

The Grosse Pointe High School library has been given a set of four books concerning numismatics, the science of coins and medals.

They were presented by Rear Admiral O. H. Dodson, United States Navy (retired) who is the director of the Money Museum located in the National Bank of Detroit.

### WALLET STOLEN

Rosita Weiss, 17, of 303 Lothrop, a German exchange student at Grosse Pointe University School, informed Woods police on Friday, June 9, that while she was participating in one of the games at the school carnival, she placed her wallet on the counter. The wallet was stolen, she said. It contained her passport and personal papers, but no money.

(Continued from Page 1) Club then located in Oak street (now Muir road). The Club consisted of a residence, a 35 by 63 foot gymnasium, a small playground, and one tennis court. Mr. Elworthy's duties were varied. He organized clubs and classes for all ages, conducted gymnasium classes, coached teams, and officiated at games, was the Boy Scout Master and later becoming the Scout Commissioner of District Z (Grosse Pointe).

The original Cottage Hospital was part of the Neighborhood Club consisting of two houses next door to the club on Oak street. It was discovered that Mr. Elworthy had previous training in anesthesia and was promptly delegated to another job at the hospital. He poured ether for many prominent physicians who volunteered their time to operate the Tonsil Clinic at Cottage Hospital.

Extended Kercheval Avenue Time marches on and about the year 1926 it was rumored that Kercheval avenue was to be extended from Fisher road east passing through the Neighborhood Club. Would that mean the end of the road for the Neighborhood Club? A committee met at Murray Sale's home, composed of Murray Sales, D. M. Ferry, John S. Newberry, Harry M. Jewett, and William Stevens to have Mr. Elworthy explain why it was necessary for the Neighborhood Club to continue, etc. The following day a member of the board, Mrs. Frank W. Brooks, informed Mr. Elworthy the committee decided that the Neighborhood Club would continue.

D. M. Ferry, Jr., donated the present site of eight acres and a successful building fund campaign was completed in due time. The opening of the new building provided many more facilities to accommodate larger groups, hold Golden Glove matches and the Detroit Lions football team used the gridiron for their home practice field.

Heads Welfare Office The year of the great depression the Wayne County Department of Welfare requested from the Neighborhood Club Board of Trustees office space and Mr. Elworthy's services as supervisor to establish a welfare office for the Grosse Pointe District. The personnel consisted of three case workers, two secretaries, and a pay clerk.

In the year 1940 Mayor Mason P. Rumney appointed Mr. Elworthy as the City Director of Civil Defense. On Dec. 8, 1941, the day after the fatal Pearl Harbor Day, a meeting of the five Grosse Pointe mayors was called to establish local unity under National Defense Plans. His affiliations are life member of Detroit Lodge No. 2 F. & A.M. and the National Fed-

eration of Settlements. He is also a member of Scottish Rite Consistory, Pillar Chapter R. A. M., Moslem Shrine, V.F.W. 995, American Legion 303, Detroit Social Workers' Club, United States Civil Defense Council and a 30-year member and past president of the Grosse Pointe Lions Club.

Stolen Car

(Continued from Page 1) accident. The youths were turned over to Detroit, with the understanding that the 14-year-old be returned to the Wayne County Juvenile Home.

Woods authorities said that they had requested that Detroit return the younger boy to the jurisdiction of Juvenile authorities because he had been released on Friday, June 2, from the Juvenile Home, after serving 37 days for unlawfully driving away an automobile.

The older boy, who has no record, was released to his parents, pending prosecution.

Broke Car Window According to Woods police, the boys stole the car from the lot by breaking a rear window of the vehicle which was locked. They said the ignition was not locked, although there was no key in the switch.

Park Police Chief Arthur Louwers said that Patrolman LaPratt was commended for his keen observation and subsequent arrest of the juveniles, accomplished under the most difficult pursuit, considering traffic circumstances. The officer was also commended for his excellent judgment in not resorting to the use of his firearm when ordering the older boy to stop.

The excuses man invents may be new, but they are invariably an infringement on an old pact.

(Continued from Page 1) the price of the residence was set at \$65,000, based on the owners' argument that its value was enhanced by its having been built around a pioneer log cabin. The Shores bought and took possession of the property in January.

Henry Ford, who at one time had planned to live in the Village, helped to purchase the present village hall site at Lake Shore and Vernier road in 1911.

Five Rescued

The boat, a 14-foot four-inch fiberglass motor boat, "Sea King," owned by Fey, was towed to the Grosse Pointe Yacht Club by personnel of the club.

The dunking victims did not need medical attention, suffering only the discomfort of the cold water. They were taken home by police.

Baseball Change Revealed

School officials also indicated that a shift of coaching responsibilities for the Grosse Pointe Baseball squad was to become effective next year. Ernie Bauer will resume the reins as head coach, replacing Ed Wernet whom he has assisted for a number of years. Wernet will continue as head football coach. The baseball team split in victories and losses this year with six of each.

He couldn't say "no" to the facts!

Take a look at the facts that lured him into the driver's seat—and see how your resistance would have been.

Fact number one: The Cadillac car is actually priced competitively with several other makes—and the lowest priced Cadillac costs less than ten models of other American cars.

Fact number two: The Cadillac car is so soundly designed and constructed that it has reduced maintenance to the practical

minimum. Every Cadillac undergoes more than 1400 inspections to insure its quality and dependability.

Fact number three: A Cadillac car is remarkably frugal in its use of gasoline. Cadillac owners experience an economy of operation that owners of a great many lesser cars would appreciate.

Fact number four: A Cadillac car can be expected to bring its owner a higher return on his investment at resale than

any other automobile at or near its price.

Surely, a man must be forgiven for succumbing to such an abundance of practicality—and to such a bounty of logic.

Especially in this noblest of years—when Cadillac styling and engineering have produced at their very best.

Stop in soon at your Cadillac dealer's and see for yourself.

If there's a Cadillac in your heart, we defy you to say "no" to the facts!

The Driver of This Car Lost Control

Traugot Grob, Jr., of 922 North Renaud was driving east on Ridge road on Saturday, June 10, when he ran into the rear of a car driven by the Rev. Fr. Joseph Molby of 1116 Iroquois, Detroit. Grob lost control of his vehicle, which jumped the curb in front of 212 Ridge s m a s h e d into a Detroit Edison pole, shearing it from

its base and tipping it at a dangerous angle. The wires kept the pole from toppling onto the car. The driver was taken to Cottage Hospital by Farms firemen for treatment of a cut left hand and shock. Farms police are recommending that Grob be given a re-examination by the Secretary of State's office in Lansing.

Farms Submits Building Report

The Farms granted seven building construction permits during May, including one for the erection of the William Fries Auditorium at the War Memorial Center, according to a monthly report from City Engineer Murray M. Smith.

The month's lone residential permit is for a home at 241 Lewiston, valued at \$40,000. The five miscellaneous permits that were approved, are valued at a total of \$4,400.

From January 1 through May 31, the city engineer disclosed, the city approved a total of 44 various type permits which

have a combined value of \$1,481,600. Besides the lone residential permit, the only one granted so far this year, there was one for a business place, valued at \$16,000, the only one to date;

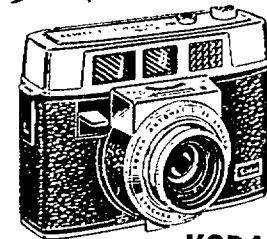

39 miscellaneous permits, worth \$112,600; and three permits for non-assessable property constructions, valued at \$1,313,000.

### MICHIGAN BELL

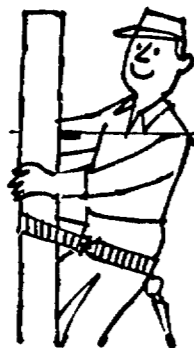

MANY OF US who have watched the satellite Echo move across the night sky realize that the project gave America a clear lead in space communications. However, the longer we delay in setting up the first satellite system, the more we risk losing our lead.

The Bell Telephone System has offered to build and pay for experimental satellites. It is willing to pay for their launching and for the ground stations in the U. S. (Foreign ground stations would be owned by foreign communications agencies.) There would be no cost to the taxpayer.

The Bell System's interest in space stems from the fact that a space communications system would be a natural extension of networks used in providing service to the public today. Bell seeks no monopoly and does not wish to exclude other international carriers either from establishing satellite communications systems or from sharing use of the system it proposes. This system would be operated under government regulation just as today's communications systems are operated.

What could offer a better means to serve the public's interest in a broader communications network for tomorrow!

EVER WONDER how a telephone lineman knows the safety strap he wears when working atop poles is dependable? Like all equipment our people use, the straps must meet rigid standards. Nothing is left to chance. These safety straps are made of several layers of tough fabric. When the outer layer wears thin, the contrasting color of the next layer shows it's time to get a new belt. A small thing—but one reason why telephone people are six times safer than those in most other industries.

## St. Paul High School Holds Torch Night Ceremonies

Torch Night ceremonies, the traditional conferring of awards and exchanging of roses and torches, took place at St. Paul High school on Wednesday, June 7, on the school lawn.

Father Herbert F. Weier, pastor of Divine Child parish, Dearborn, was the guest speaker at the event. With a well known proverb, "Keep your feet on the ground and your head towards heaven," as his topic, Father Weier discussed three phases of faithfulness. He described faithfulness to God and to our neighbor, but he stressed faithfulness to self.

Father Weier is well remembered by the upperclassmen for the treat he gave in 1960.

With John Kolly, president, as master of ceremonies, the Student Council directed the ceremonies. Senior President Charles Loecher welcomed the guests.

"Youth's responsibility in Today's World" was expanded in the speeches given by Patricia O'Lichney, Daniel O'Leary and John Urso. Patricia presented views on the opportunity offered to youth in the community.

John discussed the possibilities which youth will encounter in business. The future of today's youth in politics was covered by Daniel.

The awards earned by the seniors were presented by Father Arthur F. Neffy, assisted by Father Jude T. Ellinghausen.

Receiving the top award, the four-year General Excellence award, was Charles Loecher. He also received the Regents-Alumni scholarship to the University of Michigan and the medals for excellence in both religion and mathematics. A representative from the Grosse Pointe Rotary Club presented a gold watch to Charles for outstanding service and leadership.

Daniel O'Leary received the Michigan Competitive Mathematics certificate, awarded by the University of Michigan for excellence in this field. He also was cited for excellence in Religion and Latin.

Kathleen Bruton, Karen Oxley, Patricia O'Lichney, and Caron Hiener also received awards for excellence in English, history, science, and French, respectively.

Speech, commercial, and four year perfect attendance awards were among the other honors bestowed upon the seniors.

Climax of the evening came as each senior gave a lighted torch, the symbol of learning, to a junior in exchange for a red rose—symbol of loyalty and affection.

The exchange of class banners was preceded by the singing of the school loyalty song. At the close of the Torch Night ceremony, the gavel, symbolic of authority in the Student Council, was transferred to the new president, Thomas Cox.

### Flower Show To Honor Men

More than 50 flower arrangements by the area's top exhibitors will be featured in a flower show being presented by the Women's Garden Club of Metropolitan Detroit on June 20 and 21 in the downtown building of the National Bank of Detroit.

The show is being staged in honor of the National Convention of the Men's Garden Clubs of America being held the week of June 19 in Detroit.

Mrs. Elmore W. Frank, of Fisher road, is co-chairman of Women's activities for the convention.

Among the Pointe women who have accepted invitations to exhibit in the flower show are Mrs. Longyear Palmer, Mrs. Elmer A. Clark, Mrs. C. Leslie Mitchell, and Mrs. Oscar L. Buhr. They will represent both the Garden Club of Michigan and the Grosse Pointe Garden Club.

Other exhibitors include Mrs. Fred J. Schumann, of the Grosse Pointe Park Garden Club; Mrs. Hansel D. Wilson, Pointe Garden Club; Mrs. Kenneth Strang, Grosse Pointe Branch Women's National Farm and Garden Club; Mrs. William C. Beckenhauer and Mrs. John J. Galvin, of Suburbia Garden Club.

Other flower arrangements will be entered by Mrs. Elsa Sheridan and Mrs. William J. Nixon, of the Woman's City Club; and Mrs. Roland Postel and Mrs. Forrest Coulter, representing the Grosse Pointe Women's Club.

#### FOUND GUILTY

Eric Schmidt, 29, of 3555 Anderson, Detroit, paid a fine of \$25, rather than spend five days in the Wayne County Jail. He was found guilty of being drunk and disorderly by Park Judge C. Joseph Belanger on Monday, June 5, who imposed the penalty.

There is only one jack of all trades—it's the almighty dollar.

## Gets Scholarship Trip to Greece

Thirteen-year-old Alex Davlantes, son of the George Davlantes of Belanger road, has a once-in-a-lifetime summer ahead of him. Named as the outstanding student of Greek at the Soerates School of Assumption Greek Orthodox Church in Detroit, he will join 99 other 12 to 15-year-olds chosen from other Greek Orthodox churches throughout the United States on a scholarship trip to Greece.

The group of 100 students, who all read and speak Greek fluently, will be accompanied by Archbishop Iakovos, leader of both North and South Amer-

ican Greek churches. Alex, who learned of his honor on June 9, will leave by ship from New York on July 28 to return September 20. Plans call for the students to spend two weeks on Mount Parnassus attending a camp with children of the employees of the Bank of Greece, where each American child will be paired off with a Greek counterpart, to enable both to better understand each other's language and customs. Following camp the group will tour Greece for three weeks, enabling them to enjoy such classical highlights as Athens

and Delphi. Visits to homes of their camp hosts are also to be included.

Alex, who is an eighth grader at Brownell Junior High School, has attended two-hour classes

in Greek two days a week for several years.

It is said that might makes right, but it is never satisfactory to both parties.

Says Robert Bokram, PTA president, "The Barnes PTA officers felt that we could contribute to our children's learning in another direct way by aiding the single most essential element in their education—the teacher. The teacher's scholarships fund idea is a plan whereby teachers at Barnes could take advantage of a special fund to aid in travel or study that will broaden their teaching background."

The PTA's fund raising project of the year was the "Cosmic Carnival," held December third. Proceeds from this were split between the teacher's scholarship fund and the school development fund. The latter provides, this year, for new playground equipment, books, film strips, records, contributes to the Safety and Service groups outing, and other classroom needs.

Speeder Caught After Accident

Thanks to alert officers in two Pointe Police Departments, a Detroit man was apprehended on June 6, minutes after hitting a car on Mack avenue.

Allen Peter Tynnismaa, of 17384 Cameron, Detroit, was observed speeding near Rivard and Goethe at 1:45 a.m. by City Police Officers George Brackx and Duncan MacEachern. The officers halted the car at

Charlevoix and Rivard and while they were talking with Tynnismaa, a cruising patrol car from the Farms stopped and the officers informed Patrolmen Brackx and MacEachern that their speeder had just hit the car in Detroit.

**What Grows Goes By Truck**

Like Michigan's factories, offices, shops and homes, her important farming industry depends on motor transport. Trucks play a vital part in getting crops planted, cared for, and harvested—and they are the means by which the harvest gets to market. For example, nearly 90% of fruits and vegetables moving into Detroit come directly by truck. And this is relatively true of other cities throughout Michigan. . . . In addition, virtually all farm products travel by truck at least part of the way to market. So you see how very much the dynamic farming industry relies on the trucking industry in this great State of ours.

Driver, Mother Hurt in Accident

Marguerite E. Diegel, 29, of 22512 Amherst, Detroit, was ticketed by Shores police on Sunday, June 11, following an accident near 1017 Lake Shore road, in which her mother was seriously injured.

An accident report revealed that Mrs. Diegel was trying to give aid to her mother, Mrs. Jeanette Coules, 59, of 18683 Syracuse, Detroit, who suffered facial cuts and a fractured jaw when police arrived. Mrs. Diegel suffered only minor head injuries.

Police said that Mrs. Diegel was traveling south on Lake Shore, and had just completed the curve, when she lost control and the car jumped the curb and crashed into a Detroit Edison pole, setting it at a 25 degree angle. The car was a total wreck. It was said.

Mrs. Coules was transported to Bon Secours Hospital by police ambulance. Her daughter did not complain of any injuries until the ambulance had left, then she stated that she felt head pains, too, and was taken to the hospital, but by police car.

Mrs. Diegel told police that she was rounding the curve at about 25 miles an hour when a "red convertible" cut in front of

her, and she swerved to avoid a collision, and lost control of her vehicle, hitting the pole.

She was given a ticket for not having her car under control and causing an injury accident.

Pointes Facing Reassessments

The Pointe communities have appropriated various sums to help defray the cost of a reassessment, survey of land and structures during the summer of 1961, in accordance with a directive from the Wayne County Bureau of Taxation.

The Park approved a bulletin outlining the County Bureau's reassessment plans at a special meeting held on Thursday, May 25, and the Farms council gave its approval on Monday, June 5, by majority vote.

The lone dissenter of the county's action, and against the Farms council's approval was Councilman William Kirby, who, summed up his opposition by stating that he was against the reassessment because it would mean an increase in taxes to the people, and he was not in favor of any tax increase that will mean less money in the pockets of the taxpayers.

At its May 25 meeting, the Park council approved appropriation of \$2,400, to employ two men to help Wayne County in its reassessment program; and at a recent meeting, the Farms council approved expenditure of \$2,000, to hire two men for the same purpose.

The city managers of the Woods, Shores and City disclosed that their respective councils have yet to approve the jointly issued information bulletin. There is little doubt that the councils will give their okay, the officials said.

Official representatives of all the Pointes met in the Woods city hall on May 25 to draw up the bulletin to inform their respective citizens of the county's intention to reassess property.

However, tentative to approval of the bulletin, the Woods has set aside \$1,800, to hire three men; and the Shores, \$1,000, for one man. The City did not specify how much has been appropriated for this work, since this money is lumped in with funds to be used for the hiring of part time summer help.

The following is the general news release approved by the Pointe representatives, pointing out that the reassessment is Wayne County's responsibility and insistence. The release is verbatim:

The Wayne County Bureau of Taxation has notified each of the Grosse Pointe communities that they are scheduled for a reassessment survey of land and structures during the summer of 1961. This survey would verify that all improvements to building are considered for assessment purposes and each building structure would be subjected to field check.

This program is necessary to correct any inequities that have developed between real properties and like properties of comparable value.

The Grosse Pointe communities will utilize their local assessors in cooperation with Wayne County appraisers in their respective communities to accomplish this reappraisal. The reappraisal will materially improve the apportionment of values among the age groups, type or classes of structures and will provide a basis for depreciation on buildings to date.

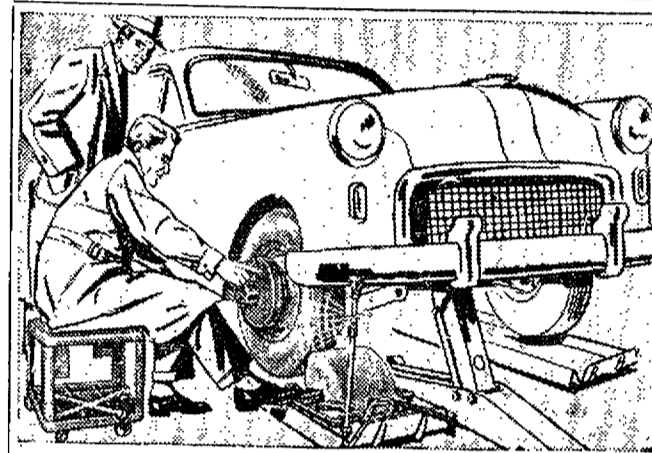

Such a reappraisal has not been made in the Grosse Pointe communities since the early 1950's, and a recent sample study made by the Wayne County Bureau of Taxation indicates the need for a general reappraisal of lands and buildings in the area to better distribute each property owner's share of the total taxes levied by the various units of Government.

Officials who will be conducting this survey indicate that individual property assessment may be increased or decreased depending upon individual circumstances.

In a cooperative action, the officials of all the Grosse Pointes have prepared this information to inform the property owners of the proposed reappraisal program and to secure their cooperation.

INJURED ON JOB

### Plan Recreation For Youngsters

The Department of Community Services of the Grosse Pointe Public School System has planned a summer recreation program for elementary school age youngsters to begin on the following dates:

Barnes, Defer, Ferry, Kerby, Mason, Montleith, Poupard, Richard and Trombly, open on Tuesday, June 20, from 1 to 4 p.m., and Maire School will begin on Wednesday, June 21 from 9 a.m. to 12 noon. This program will continue through August 11.

Designed as a nucleus for constructive summer recreation, the program will assist parents to fill vacation days with worthwhile leisure time activities for the youngsters in the family.

Handicraft, song and story periods, games, are among the regular activities, with special events such as: picnics, costume parties, talent shows and treasure hunts included.

The instructional staff is composed of teachers, recreation workers and college students experienced in campcraft and trained in recreation. A training workshop will be conducted for the staff previous to the opening of the program. This acquaints the supervisors with program requirements and gives them an opportunity to exchange ideas and learn new craft techniques. Craft materials are available to the youngsters at cost.

It is not necessary for parents to register children ahead of the opening dates, nor are participants obligated to attend daily.

For further information, call the Department of Community Services at TU 5-3808 or TU 5-0271.

### Drivers Tagged After Collision

Two motorists were ticketed by Farms police following a collision in front of one of the driver's home on Tuesday, June 6.

An accident report disclosed that the car of Joseph A. Frontiera, 19, of 379 Chalfonte, was hit in the left rear while he was attempting a left turn into his driveway. The driver of the other car, traveling east on Chalfonte, was Robert W. Taffs, 18, of 15501 Bringard, Detroit.

Police said that Taffs tried to pass to the left of Frontiera's automobile. Taff applied his brakes, when he saw Frontiera turn, leaving skidmarks 75 feet long to the point of impact, and 12 feet beyond.

Damage to Frontiera's vehicle was estimated at \$200; and to Taffs', \$150. Both cars were drivable, police said.

Both drivers were given tickets for not having their cars under control and causing an accident.

### Car Rams Pole; Driver Injured

A warning horn blast by a motorist confused a woman driver who had made a wide left turn, causing her to lose control of her automobile and crash into a utility pole at Kerby and Mack, according to a Farms police report.

The report disclosed that the woman, Mrs. Helen E. Rock of 1763 Hawthorne was traveling west on Mack avenue, on Saturday, June 10. She made a left turn onto Kerby road.

Donald E. Kaake of 408 Belanger, driving north on Kerby, saw the woman's car on his side of the street, and gave a warning signal with his horn.

Mrs. Rock swerved to the right. She lost control of her vehicle and at the same time pressed down on the gas pedal. Her car shot forward over the curb, knocking down a "No Parking" sign, and then smashed into a Detroit Edison pole. She suffered chest injuries.

The woman was taken to St. John Hospital by police ambulance, and was treated for the injuries and released. Mrs. Rock told police that she accepted the full responsibility for the accident, and that her insurance company will take care of all damages.

She was not given a ticket.

### Picnics on Board

America has a new love and boating is it. Many a summer meal will be enjoyed on the waterways and even when there are cooking facilities aboard, it is best to prepare as much food as possible at home to allow maximum fun time.

A ham baked ahead can be sliced as needed. Another popular and portable food is potato salad. If no refrigeration is available, keep highly perishable foods well chilled in ice chests or insulated bags and containers. Thirst-quenching beer and ale can be kept cold in simple tubs or buckets filled with ice, especially if chilled beforehand. When picnicking on board, observe the same rules of neatness as in a public park. Keep rubbish together for proper disposal later.

**Beer-Glazed Ham**  
1/2 cup brown sugar 2 tablespoons prepared mustard  
1/4 cup beer or ale

Mix together brown sugar and mustard; stir to a paste. Gradually add beer, stirring until blended. Use as a basting sauce for ham, brushing frequently with the mixture. Yield: Enough for 6 to 8 pound ham.

**Potato Salad**  
3 pounds potatoes (8 cups diced) 2 tablespoons prepared mustard  
2 cups diced celery 1/4 teaspoon Tabasco  
1 small onion, chopped 1/2 cup beer or ale  
2 1/2 teaspoons salt 2 tablespoons chopped parsley  
1 cup mayonnaise

Cook potatoes in skins until tender. Peel and dice. Add celery and onion; sprinkle with salt. Blend together mayonnaise, mustard and Tabasco; gradually stir in beer. Add parsley. Add to potato mixture. Mix lightly with a fork being careful not to break potatoes. If desired, serve on greens or garnish with radish slices or tomato wedges. Yield: 8 servings.

### GPHS Replaces Printing Course

A curriculum change in the industrial arts division of Grosse Pointe High School means that the school newspaper, the Tower, will now be printed commercially instead of in the school shop where it has been printed since 1928.

The High School printing course will be replaced next fall by a new graphic arts course which will place emphasis on many skills rather than one. It will include such work as woodcutting, etching, drypoint, silk screening, lithograph, wood engraving, printing, and calligraphy (hand lettering). The course already has an advance enrollment of 62 students.

The Tower has been printed in the school shop ever since it was founded in 1928, the year the school moved into its present building.

### Airport Motel Opening Today

The Detroit City Airport Motel, a beautiful ultra-modern, three-quarter of a million dollar structure featuring 50 "award winning" rooms will be open for business today, Thursday, June 15.

Located at 10945 Gratiot at Conner immediately adjacent to the airport terminal, one of its primary purposes will be to offer plush accommodations to pilots and passengers flying in and out of the nation's busiest "private plane" airport.

Arman Simone and William Jacobs, executive officers of Airport Motels Incorporated, owners and operators of the new motel, stressed that an additional objective will be to serve the adjacent neighborhoods by offering luxurious accommodations for wedding parties, out-of-town guests, business acquaintances, and family retreats from the heat.

Hundreds of convention visitors will also be lured to this area, as the new Detroit City Airport Motel — 5 minutes from the Ford Expressway—has already begun work with the Detroit Tourist and Convention Bureau to assist in accommodating the thousands of convention visitors due to come to Detroit in the next six month period.

Let me show you how to get better roses, more continuous bloom

With roses, the surprising secret of more blooms is—more leaves! Now—with the new Scotts Rose Program—it's so easy to keep foliage strong and healthy, even a beginner enjoys success.

This amazing applicator is the key. It's called Scotts Zephyr, and it's designed to apply new Haze—Scotts all-in-one protection against insects and disease.

The Haze container fits snugly in the Zephyr. Nothing to mix, measure, fill or spill. To apply, just point the deflector at the base of the rose bushes, turn the crank gently, and walk along the bed. An atomized dry mist envelops the plant—depositing a nearly invisible HAZE film on both tops and undersides of the leaves.

Come see and save. You'll find these new Scotts Rose Program products at our big success with roses display.

Introductory offer at Hall's saves you \$5.00. Ask us about it.

They'll Welcome Help

The annual School Board election is history and the people have spoken, in record numbers.

Various recriminations were bandied about during the campaigning. One of the charges was that it is most difficult for an ordinary citizen to obtain any information about school affairs and how the Board runs the system.

The meetings of the Board of Education are open to the public. Time and again the educators have publicly stated, and this paper has printed the statements of the trustees, that they heartily welcome attendance at any or all of their sessions by anyone interested.

It will be interesting to see if the defeated candidates will continue to have enough inquisitiveness about the schools to prompt them to attend some of the Board of Education meetings in the future.

With the election over, the important thing now is for all Pointe citizens to stand behind the trustees and do everything in their power to help the selected leaders of our public educational system not only maintain the high standards which have been achieved, but to insure constant improvement of our schools.

Letters To The Editor

Dear Mr. Edgar: At this writing the school board election is in the future. One of the candidates has just released publicity material which includes part of the candidates' questionnaire published earlier by the League of Women Voters of Grosse Pointe.

I wish to reaffirm the carefully preserved non-partisan spirit of the League of Women Voters. The League does not endorse nor oppose any candidates but strives to inform the voter about the issues in an election and the qualifications of all candidates.

Inclusion of the name of the League in the campaign literature of a single candidate may seem to some voters to constitute an endorsement. We regret any inference of League partisanship.

Very truly yours, SARAH MARR COX, (Mrs. Edward D.) Voters Service Chairman League of Women Voters of Grosse Pointe

Mr. Edgar: I have received a copy of a letter addressed to you by the Voters Service Chairman, League of Women Voters of Grosse Pointe which includes the quaint inference that a candidate should answer questions, but has no right to identify a questioner.

For the benefit of the public I would state that the League's questionnaire was repeated (just as it appeared in your paper) because of the League's well known reputation for objectivity. Reading of the item will dispel any idea that League support is inferred—or sought.

Further I would state that the only reason we were forced to independent publication is because of the gross bias in school matters exercised by your own paper. Americans have freedom of the press and this is not limited to merely those papers now operated commercially.

Yours very truly, GEORGE R. WALLACE.

June 1 issue of the Grosse Pointe News. The article covered so completely and clearly the strong resolution that was passed at the Federated Garden Clubs meeting in Saginaw. (And you gave us such prominent space on very short notice.)

While billboard control legislation looks very discouraging at the moment, surely the article will help to make the public realize that the choice between scenery and advertising signs on our main state highways lies in his instructions to its elected representatives.

Very sincerely yours, CHRISTINE R. EDWARDS, Ass't Garden Club of Michigan representative to Federated Garden Clubs.

To the Editor: I would greatly appreciate your printing this letter to convey a sincere "thank you" to all the thousands of people who voted for me, and the hundreds of people who made my campaign a successful one.

The proof of the pudding is always in the eating so, in the next 4 years, I pledge you a working Board Member interested in the educational welfare of the boys and girls of our school district.

It will be a great honor to serve, and I humbly accept this task.

Sincerely, EDWARD J. PONGRACZ

What Goes On at Your Library

by Jean Taylor

"The man who never alters his opinion is like standing water, and breeds reptiles of the mind." — William Blake.

Reading books which reflect opinions differing from our own, as well as books with a similar viewpoint to ours, is excellent insurance against mental reptiles.

Among the current books dealing with world problems, are a few which have been read recently by some of our staff members. I share their comments about these books with you.

James Dodd, librarian of the Woods Branch, has just finished "The Cost of Freedom, A New Look at Capitalism," by Henry C. Walich. Although this author is admittedly conservative, Mr. Dodd points out that he writes from the point of view that good can be found in the teachings of both Adam Smith and John Maynard Keynes. His message is that our free economy has been successful, but to maintain it, certain sacrifices are inherent; some degree of economic inequality must be accepted; strong incentives and competition need to exist. He analyzes freedom and government, initiative and incentive, and equality. He submits that too many of us do not take our freedom seriously and that in our efforts to provide more security, we may give up more freedom than we intend. "The ultimate value of a free economy is not production but freedom, and freedom comes not as a profit, but a cost." There is plenty in this little book of less than 200 pages, according to Mr. Dodd, to get your mental teeth into, and he recommends it to you.

Mrs. Helen Finster comments on C. Wright Mills' "The Causes of World War Three." Mr. Mills sees the present struggle as principally between the U.S.S.R.

and the U.S., each trying to build up a machine strong enough to defeat the other. He believes that the only way total war can come is through an "accident." If a U.S. radar operator, for example, mistakes a dead satellite or a stray meteor for an incoming ballistic missile, S.A.C. would then be triggered to drop its stuff. The author offers an eighteen-point program to prevent this world disaster.

Mrs. Jay McCormick read with interest Albert Camus' "Resistance, Rebellion and Death." "It is," says Mrs. McCormick, "a strong, sincere and lucidly written collection of various speeches, letters and published works of Camus. These cover a lifetime of writing, and are the selection of Camus himself in the last two years before his death in 1960. The sum total of the man is revealed here—his inner as well as his outer nature. He was a committed man, and in the force of his commitment he writes movingly of many things—his love for Algeria, the land of his birth, and the wretchedness with which he watches the gradual disintegration of French and Moslem relations. There is a series of letters written to a German friend of his feelings for his country, and about the war, and his hatred of the mindless tyranny of the Germans. There is a description of a wartime friend-fighter, had with a comrade who was caught and killed. That could make you weep. No matter what Camus writes, he makes you think, feel and respond with a vigor that matches his own."

Mrs. Donald Seifert tells us she has enjoyed Barry Goldwater's "Conscience of a Conservative." "Arizona's Junior Senator has become the most articulate spokesman of the far right wing of the Republican party. Often the extreme conservative philosophy in this country has been voiced in generalities. Here Senator Goldwater gets to specifics. He discusses the question of power in the national government, the issues of states' rights, freedom for the farmer, freedom for labor, taxes and spending, the welfare state, education, and the 'cold war.' We may or may not agree with some of the premises here set forth; still, to read this book is a stimulating experience."

Beyers to Show Travel Pictures

Founders and favorites of the "Meet the Travellers" series at the Grosse Pointe War Memorial, Mr. and Mrs. Ben W. Beyers will show their exceptionally beautiful colored slides and relate their experiences on a recent journey from Scotland to Sweden at the Center, Thursday, June 29, at 8 p.m.

All the misty beauties of Scotland from Glasgow to Edinburgh will be shown starting with the colorful and impressive ship building area of Clydebank through the lavender hued scenery of the Trossachs, past Sterling Castle and Bobby Burn's country of Ayre to stately Edinburgh with its handsome Princess Street and flower clock. You can traverse the royal mile in comfort with the Beyers residence of the British monarchs to the ancient castle fortress high on the hill overlooking the festival grounds of the Caledonian Hotel and all of Edinburgh.

After a journey on the crack Flying Scotsman Express to London the pictures will include a few of the memorable scenes on the ship journey through Norway's spectacular fjords to the North Cape the land of the midnight sun. These were shown in detail by the Beyers at the Center's Scandinavian evening.

The slides will then move to Stockholm and its magnificent City Hall where Mr. Beyers' picture taking technique in the breath taking interior elicited much interest from other photographers. The vicarious journey will end at Drottningholm Palace. The Beyers' audience will have covered the highlights of three spectacular countries in just a little over an hour.

All Grosse Pointers and their guests are cordially invited to enjoy this evening with the Beyers at the Memorial. A token charge of 50 cents will go to the Center's Family Participation Campaign.

One up, but two down

By FRED KOPP, R. Ph. When a brand new drug is introduced, its price is usually high. That's because initial sales may be low, and the price must cover production costs—which are generally as high for small quantities as for big quantities. But once many doctors begin writing prescriptions, the manufacturer steps up production... and is thus able to bring the price down. A survey in our own store shows that, in the past 10 years, for every drug that rose in price because raw materials or labor costs went up, two came down in price because demand increased. That's why we say... Today's prescription is the biggest bargain in history.

What's New on THE HILL...

By Roberta

AS OF THIS WRITING it's hot and humid. These days the weather is either hot or hotter. But it doesn't follow that wonderfully cool things can't happen on Main Street... even on a hot day. The news this week from the Hill... that compact area between Muir and McMillan Roads... is cool.

A MECCA FOR SUN WORSHIPPERS is the Pointe in summer... the clubs... the beaches... make it so. Almost every woman is enhanced by the tan she acquires by having such fun. We'd like to cue you in on a sun kit we found at Trail Pharmacy this week. This very scientific kit is by Nina. The tested sun treatment consists of a bottle of silk lotion to prepare for old Sol... Sola is the sun screen to protect and Oil-O-Zone revives after exposure. This Sun-assurance Kit is a smart plastic beach bag complete with the treatment. Cost: ten dollars.

HERE IS C-O-O-L summer news from number 76 Kercheval. Fashion news is Margaret Rice's own special talent. And here is the NEWS. Her original Crown Colony hand-knit sweaters are now just twenty-five dollars. They were thirty-five. We saw lots of white ones among the many colors.

"I gazed and gazed but little thought" What wealth to me the show had brought." Remember Wordsworth wrote these lines about the yellow daffodils. And we think it applies equally as well to Anthony's bathing suit collection. Like the daffs they have gay ways... are florals... solids... and tricky stripes. By Gabor and Rose Marie Reid they're easy to wear 'n pack. They're really tickets to fun!

BUBBLE LIGHTS could figure so wonderfully in your summer plans. Bubble lights are candles in big round see-through glass containers. They spread a glowing light. Scented or unscented. They come in lavender, Heliotrope, lemon verben, or desert sage. Tags read two dollars and fifty cents. Find them at Virginia Williams, where all gift wrappings are done at no additional charge.

THERE'S A POSTER in every store on the Hill this week reminding us to attend the Annual Grosse Pointe Horse Show at the Hunt Club where topflight horseflesh will be in action! WERE OFF! June 15, 16, 17, and 18.

IF THERE'S A NEW HOME in your future let these excellent real estate companies on the Hill show you their fine listings. Champion Real Estate... T. Raymond Jeffs... Maxon Bros... Tappan Real Estate... or C.W. Toles. All dependable... all experienced.

HAVE FUN SHOPPING in the cool air-conditioned stores on the Hill.

## Garden Center Lists Awards

The Grosse Pointe Garden Center Flower Show last week was lovely as ever, with even the judges exclaiming over the "high quality" of the entries. Mrs. Valentine Guenther and Mrs. William P. Black as co-chairmen for their Grosse Pointe Garden Club, worked like beavers for many months to achieve the final charming results.

With dozens of exquisite entries it is hard to list the winners, for each arrangement was noteworthy. Mrs. Roland Allen with 93 points, Mrs. Edward A. Wishropp with 96 points, Mrs. Ralph McElvenny with 93 points, all received the coveted Blue Ribbon.

In the corner garden class, Mrs. Alger Sheldon and Mrs. Edward S. Evans Jr. won the top award, but truly all four gardens were most attractive and, as many remarked, worth the trip to the show just to see them.

Mrs. John French Jr. for example put plastic under her lawn so it could be watered and kept green. Never has the sun-room of the War Memorial looked so glamorous. Mrs. Reuben Waterman and Mrs. John Hutchinson each did a corner with marvelous results. In the

table setting class, Mrs. George Hefferan received 95 points for her vivid blue cloth with fascinating Dutch china, and blue-purple iris for an eye-catching arrangement.

In the Horticulture class, Mrs. Kenneth Strang and Mrs. Sheldon Drennan were up at the top. Mrs. Cecil Stuart had 94 points for her blue ribbon, and in the children's class Julie McPherson with 91 points, Marion Gram with 90, Hadley Mack with 91, and Jan White with 93 made their parents proud, and will in a few years be active arrangers with their mothers.

The very top honors went to Mrs. Forrest Coulter who won the highest single blue ribbon with 97, and the highest total of blue ribbons with a 96 and a 97.

Special Awards went to Mrs. John Hutchinson, Mrs. William P. Hamilton, Mrs. Longyear Palmer, Mrs. Frederick Campbell, Mrs. L. Rothe Farr, Mrs. George H. Hefferan, Mrs. Elmer A. Clark, Mrs. John N. Lord, Mrs. Robert C. Winter and Mrs. Bert H. Wickling.

Don't be too optimistic—many a self-made man never satisfied anyone except himself.

New beauty policy for summer sunning

## nina's Sunsurance Kit

This is for those wise sun-worshippers who know that friendly old Sol can turn on you and damage your sweet complexion beyond repair unless you take proper precautions.

Nina Pascal has developed the Sunsurance Kit, an utterly new complexion treatment that does three things to prevent sun damage: prepares, protects, revives.

Tests made in Florida this season by this trustworthy cosmetic house show that users look younger, have prettier complexions, softer skins, more luscious tans than their less pampered sisters—never that deeply-etched, leathery, aging look of too much sun. This is the only tested sun treatment we have seen.

The Sunsurance Kit contains liberal sizes of Silk Lotion '58 to prepare for sun, Solo, the sunscreen to protect, and Oil-O-Zone to revive after exposure. The kit is in a smart plastic beach bag that comes as a pleasant bonus.

## Health Council Hears Report

The Mothers' Health Education Council of Grosse Pointe, sponsors of the fluoridation treatments in the local public and private school system, announced another successful year.

A total of 1349 students took advantage of the program, stated Mrs. Robert Ungert, dental treasurer. The program, begun in 1950 for children in the second, fifth, and eighth grades, has shown a substantial increase each successive year.

The three local dentists who administer treatments in the schools are Dr. John Perricin, Dr. Thomas Kelly, and Dr. Richard Knoff.

At the final meeting of the year the officers for 1961-1962 were elected: Mrs. William Savage (Mason), president; Mrs. Earl Zuehlke (Grosse Pointe High School), vice-president; Mrs. Edward P. Letscher (S. Paul) recording secretary; Mrs. Roger Holmes (Poupard), corresponding secretary; and Mrs. Jack Cottingham (Trombly) treasurer.

Heading the committees will be Mrs. Alton Donnell (Pierce), membership; Mrs. Thomas Groehn (Grosse Pointe High School), publicity; Mrs. William Heller (Ferry) and Mrs. Anthony Fortunski (Defer), Dental; Mrs. Eugene Moriarty (Mason), dental treasurer; and Mrs. George Nolle (Brownell) welfare.

If I read a book and it makes my whole body so cold no fire can ever warm me, I know that it is poetry. If I feel... as if the top of my head were taken off, I know that it is poetry. These are the only ways I know it. Is there any other way?

**TOO YOUNG**—This Memorial Day scene at Grossinger's, showing runner-up Alexa Curry of Manhattan crowning Marcia Banks "Miss New York State" for the "Miss Universe" contest, has to be repeated with Miss Banks crowning Miss Curry. Alas! Marcia learned she was ineligible, since she won't be 18 till December. Conscience finally got the best of her, and she "fessed up. Now a switcheroo will find her crowning Miss Curry, a fully eligible 22.

**CURTAIN CALL**—Actresses in ancient attire greet Mrs. Jacqueline Kennedy at an amphitheater on Epidaurus, one of the Greek Cyclades Islands in the Aegean. (Radiophoto)

**FIRST ROCKETMAN IN CONTROLLED FREE FLIGHT**—Using a rocket strapped on his back, man has achieved controlled free flight over the ground for the first time. Bell Aero-systems Company built and flew an experimental rocket belt for the Army Transportation Research Command in a demonstration at Ft. Eustis, Va. Bell test engineer Harold M. Graham (above) made more than 30 flights at Bell's plant in Buffalo, N. Y. Highest was 360 feet. He also has hopped to 30-foot high hills. No speed tests have been made, but Graham has traveled 20 miles an hour. The man-rocket, which foot soldiers may use in the future, consists of a twin-jet hydrogen peroxide propulsion system.

**TOO YOUNG**—Marcia Banks, chosen "Miss New York State" in the "Miss Universe" contest, learned that contest rules state contestants must be at least 18 years of age. She confessed she was only 17½ when she won, so runner-up Alexa Curry now is "Miss New York State."

**JUST GOOD FRIENDS**—Not related, but apparently good friends, twins Timmy and Wayne Davidson, 11 months old, watched twins Sandra and Gail Davidson graduate from the Civic Hospital's School of Nursing in Ottawa, Ont. The boys' mother graduated in nursing two years ago.

Meanwhile, back in Washington a throng of some 200 Dominican exiles put on this placard-dominated demonstration of anti-Trujilloism on sidewalk around the White House.

**FIRE NO CEASE**—In command behind the Red-supported rebel lines in Laos is Capt. Kong Le, shown at his Xieng Khouang headquarters in early June. He is the paratrooper officer who sparked the revolt and who presumably has a lot to do with the firing that fails to cease.

**NO. 8**—Singer Dennis Day holds up eight fingers to signify that the little newcomer wife Peggy holds in Hollywood is their eighth. Mary Kate weighed 6 lbs., 14 oz. That makes three daughters. The Days' oldest child, a boy, is 12.

**'DON'T KNOW WHAT WE WILL WANT TO SEE'**—The Organization of American States mission to see what's what with charges of political repression and torture in the wake of the Trujillo assassination in the Dominican Republic pauses for a few words with reporters in Ciudad Trujillo. **'LOOKDOWN FISH'**—Commonly known as the "lookdown fish," this silvery creature at the Miami, Fla., Seaquarium is one of the real oddities of the marine kingdom. It is two feet long and only about two inches wide.

**GOES FREE**—Mrs. Nelle Lassiter walks out of Jennings Memorial Hospital in Detroit a free woman after the signing of a petition to drop all charges by Circuit Judge Joseph G. Rashid. She was on trial, accused of plotting the murder of her husband, when she was committed to the mental institution. Her freedom came after acquittal of her codefendant, admittedly her paramour and once her husband's business partner. Three men are serving life in the actual killing.

**SOUNDING OFF**—With American Communist Party Chairman Elizabeth Gurley Flynn listening in New York, National Secretary Gus Hall sounds off about the Supreme Court ruling that Communist organizations must supply names of all members and give an accounting of all finances and sources of funds. Won't do it, he said.

**WHEN THEY BLOW UP, THEY BLOW UP!**—The smoke and flames are so thick and spread out where that advanced Atlas blew up on its launching pad at Vandenberg Air Force Base, Calif., that you can hardly see a navy plane (lower right). No lives lost, however.

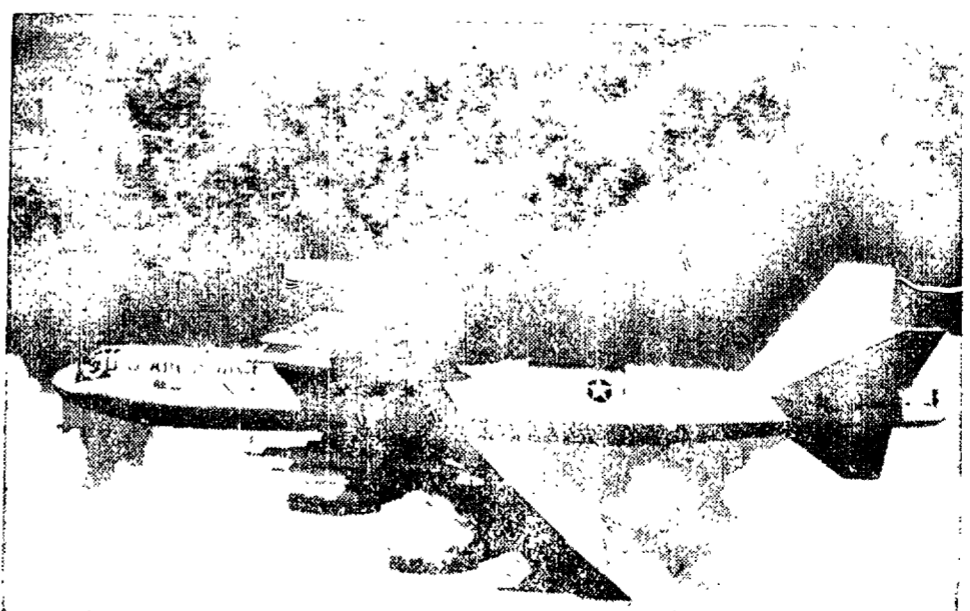

**15-YEAR TRIP**—It's been many weeks since Mrs. Burnice Geiger, 58-year-old la., bountiful who embezzled more than \$2 million from the bank in Sheldon, Ia., drew a 15-year sentence, and here she is (right), leaving Sioux City to begin serving it. Taking her to the federal women's prison at Alderson, W. Va., is U.S. Deputy Marshal Dorothy O'Neil (left).

**80% RETURN** Treasury Secretary C. Douglas Dillon, appearing before the Senate Foreign Relations Committee in Washington to seek approval of long-term foreign aid commitments, says that at least \$4 of every \$5 in U.S. aid would be spent in this country.

**FEUD KEEPS CAR IN GARAGE**—Hayward, Calif., neighbors Bud Jordan and Norman Vierra have been feuding over a disputed property line for five years. Jordan had been putting up wooden fences on "his" property line. Vierra and previous tenants next door (left) kept complaining and the fences kept coming down. Finally, Jordan sank eight iron pipes in concrete beginning at Vierra's garage (arrow) along "his" property line. There may be no more fences torn down, but Vierra's car is in the garage.

A carriage maker, lawyer, country school teacher, real estate developer and industrial tycoon, Henry Clay Hodges, was probably most proud of his seven volume history, "Science and Key of Life: Planetary Influences."

Born in South Hero, Vt., in 1823 of a New England pioneer family Henry C. Hodges apprenticed to a carriage maker and later went into business for himself. But like many other Easterners he looked westward to make his fortune. He arrived in Detroit in 1850 and soon after went on to Marshall, Mich., where he became clerk and cashier of the Michigan Central Hotel which Mr. Burton, the eminent historian called "the most celebrated hotel between New York and Chicago."

After a year or two as a hotel clerk he decided to study law and read with a judge in Huntington, Ind., teaching in the country schools during the winter terms to earn money to live on during his law studies. In 1853 he was in Niles, Mich., working for a company which controlled the Vermont marble quarries and went with this company to Fond du Lac, Wis. He finally settled in Detroit in 1862 where he joined his brother, Charles C. Hodges and Edward Barker in the life insurance business.

The brothers were also great real estate pioneers, buying among other valuable parcels the Woodbridge farm out Grand River and land in Detroit on State and Griswold where the Hodges building became a monument to their industry. Henry Clay Hodges was among those responsible for the plotting of Grand boulevard to circle the city.

Not content with this fortune he went into the Detroit Lubricator Company and the Wyandotte Rolling Mills, which was then headed by the fabulous millionaire Capt. Eber B. Ward. With Ward he also dabbled in copper mining and in 1882 with his brother organized the Detroit Steam Radiator Co.

Mr. Hodges was a life long Republican, having been much impressed at the 1860 convention, which he attended and witnessed the nomination of Abraham Lincoln.

His hobby was a study of the stars and planets which he felt had a definite influence on the individual's life patterns. In the forward to his ambitious seven volume work he said "The necessity for a complete and scientific answer to questions relating to life, its purpose and destinies is my excuse for presenting to the world the data contained in my published work."

Henry Clay Hodges was the founder of a prolific family, many of whom have been settled in the Pointe for three generations. He married Julia Bidwell in 1854 and the pair had five children, Clarence, Charles H., Frederick, Clara and Virginia.

The three sons all married local girls and their families are thriving in the Pointe. The two sisters lived until recently in Beverly road, both spinsters, and are now dead. Clarence was the grandfather of the present Mrs. Frank Donovan, of East Jefferson avenue, and Theodore R. Hodges, Jr., of Ridgemont road. Charles who married Pointe summer colonist Eliza Westmore was the father of Charles H. Hodges, of Ridge road. Frederick Hodges, was the third brother, who married Elizabeth Cowie, was the father of Mrs. Henry Munroe Campbell and Mrs. Robert Derrick, both residents of the Pointe.

The Oscar F. Keydels, Jr., were so enchanted with the advertisement they placed in the Grosse Pointe News classified section offering their Stephens road home for sale that they wrote in the following week to inform us "Your ad sounded so good it resold us on the house. We are taking it off the market."

Stark Hickey has initiated a practice of presenting each one of his many grandchildren with a dollar for each year of their age on their birthday. Bonnie Shaw, daughter of the Howard Shaws, of Harbor hill, marked her 16th anniversary at the Grosse Pointe Yacht Club last week. On leaving the club she spied her grandfather and rushed over for a birthday kiss. After the salute she held out her hand winsomely and said, "You know what I've come for?" Mr. Hickey gave her the sixteen dollars reminding her that this was beginning to cost him big money.

Mrs. Peter Waring, wife of the British vice consul in Detroit, has become quite Americanized in her two-year stay here. She confesses that she was horrified to hear herself pronouncing "tomato" and "missile" in the American manner last week. Mrs. W. has also adopted American fashions, looked very soignée at the garden reception given by Sir James and Lady Eaton last week for Queen Elizabeth's birthday, in a new bouffant hair do and a sleeveless black and white pique print frock.

Fifth grader Carol Robinson dropped her sterling silver identification bracelet over the sea wall at the City pier last week and loyal classmates have been diving into the seaweedy water ever since looking for her treasure. No luck yet, though.

There was quite a baseball contest on the high school football field last week between the students and the faculty. The teachers fared badly. The score in the fifth inning when the game was called 76-5 in favor of the students.

A parking meter is an automatic device that bets \$2 to your nickel that you can't get back before the red flag pops up.

It was dusk when a lady motorist stopped at a roadside filling station. "Please give me a quart of red oil," she told the attendant. "A quart of red oil?"

"Yes, of course," she said firmly. "Can't you see that my tail light has gone out?"

COLD CLIMATE, OWNED BY MRS. J. DEANE RUCKER, OF LAKESHORE ROAD

By Patricia Talbot

Cold Climate, a chestnut gelding owned by Mrs. J. Deane Rucker, of Lakeshore road, has won just about every horse show trophy offered in the past year. He will be trying again this week-end at the Grosse Pointe Horse show, which opens this Thursday morning at the Hunt Club and runs through Sunday.

This will be Cold Climate's first appearance at the Hunt Club but the six-year-old thoroughbred hunter comes covered with laurels from the Devon, Pa. show. He is also the winner of Mrs. John Kennedy's Cup in Madison Square Garden last winter, presented by the first lady, herself a fine judge of horses.

### More Shows Ahead

After the Hunt Club show Cold Climate will appear at the Bloomfield Hills show before resting during the month of July in Gordonsville, Va., on the farm of his trainer, Jack Payne, who will ride him here.

Cold Climate arrived early this week in his streamlined van, with Mr. Payne, from Devon. As tense as a prima donna before a show, thoroughbreds like Cold Climate rise in

the dawn on show days, feed on hay, crushed oats and water. For a treat Cold Climate sometimes has a sweet feed of crushed corn, oats and molasses. Then he is groomed, curried and brushed, has his mane and tail braided, shoes checked. Next he is exercised, walked slowly on a 40 foot line. After this comes a schooling by the trainer, who will refresh Cold Climate on his expected performance in the show ring.

Spectators who wish a glimpse of this champion before he enters the ring may peek behind the stands where he will be exercised again just before his entrance.

Mrs. Rucker expects a great performance by Cold Climate in this show as he has already won top trophies in the American Horse Show Association, the New York National Horse Show, the Washington, D. C. International Horse Show and all around the Virginia Horse Show circuit in the past year.

Until just recently Mrs. Rucker, who with her husband has owned and shown horses for more than 30 years, hunted herself riding sidesaddle. This week-end she will be a spectator in her box at the club, with a constant eye on Cold Climate, who has yet to fail her. She bought the horse three years ago after he won the green hunter championship at the Pennsylvania National Horse Show at Harrisburg. He comes to the Hunt Club as champion of the Devon Show. His owner gives a great deal of credit to Jack Payne, "for a trainer makes a great deal of difference" she insists.

### Former Champ Retired

This is not Mrs. Rucker's first experience with a champion. This season her favorite, Spanish Mint, a gray roan, whose awards top even Cold Climate's, has been retired after ten years in the show arena. Horse show fans in the Pointe may remember the roan who was last here in the 1959 show. That year he won the Charles Verheyden trophy for thoroughbred hunters and the Ernest C. Putnam trophy for Corinthian hunters.

## Center Classes In Art Popular

When Mrs. Stirling Loud takes command of the summer art program at the Grosse Pointe War Memorial she will be teaching both children's groups from age seven, and adults including some grandmothers.

So popular have the young people's Summer Art Camps become that a third one has been added. "Art for Fun" is now offered weekday mornings June 19-30 from 10:30 to 12 noon and an afternoon session is being scheduled the same days from 1-2:30. Again in July another Art Camp will last for three weeks from July 10-28 from 10:30 until 12 noon. A very few places are still open in the June afternoon group and the July camp. Children ages 7-14 are welcome.

Mrs. Loud's Adult Landscape sketching, watercolor and oil painting group will meet every Thursday afternoon from 1:30-3:30 beginning June 15 and continuing through July 27. There are four openings only in this class.

Anyone interested in any phase of Memorial's summer art program which will be held outdoors by the lake as much as possible should contact the Center's office, TUxedo 1-7511, as soon as possible.
