A WASHINGTON conference was held between President Kennedy and Governor Swainson yesterday and the two spent half an hour going over ways of solving Michigan's unemployment problems. Swainson requested special Federal consideration for depressed areas in defense buying and said he was "much encouraged" by the President's sympathetic approach.

While Swainson was in Washington, his veto message on the milk marketing bill was read, to the applause of housewives and consumers who charged that the bill would have increased milk prices. Several Democratic legislators said they were "flabbergasted" by the Governor's action.

A STATE BAN on western Wayne County building permits was under fire by several builders who charged that the ban will "wreck the economy" of the county. All types of building, including shopping centers, schools, hospitals, and industrial establishments have been halted because of overcrowded sewer facilities. Not included are the City of Detroit, Dearborn, Harper Woods, and the Grosse Pointes, all of which have their own sewer systems or have received approval of their sewer expansion programs. The order was issued last week by Dr. Albert Heustis, State Health Commissioner.

FOUR AMERICAN farm experts returned from negotiations in Havana for the Tractor-for-Freedom committee to report that Fidel Castro has agreed to exchange 1,173 captured invaders for 28 million dollars worth of farm tractors. If accepted, the proposal could bring Castro as many as 10,000 of the tractors which are smaller than the 500 heavy-duty tractors he originally requested. Meanwhile, the Cuban premier denied that his suggestion was a propaganda stunt and boasted that Cuba doesn't really need tractors at all. He said he merely believed that his country should be paid for invasion damages caused by "mercenary invaders."

MICHIGAN'S Legislators meeting in a special session called by Governor Swainson took just seven hours to kill two measures which would have brought Michigan 25 million dollars in Federal funds. Swainson had asked for action to bring Michigan under the expanded Federal program of aid to dependent children of the unemployed. He also requested approval on a billboard regulating bill which would have entitled the state to a five million dollar highway bonus. Legislative spokesmen answered charges that their actions were "irresponsible" by saying that the proposals had too many loopholes and it is unknown how much administrative costs would run.

A FREIGHT TRAIN killed a Nankin Township mother and two of her seven children Friday when the family station wagon stalled on a railroad crossing in Livonia.

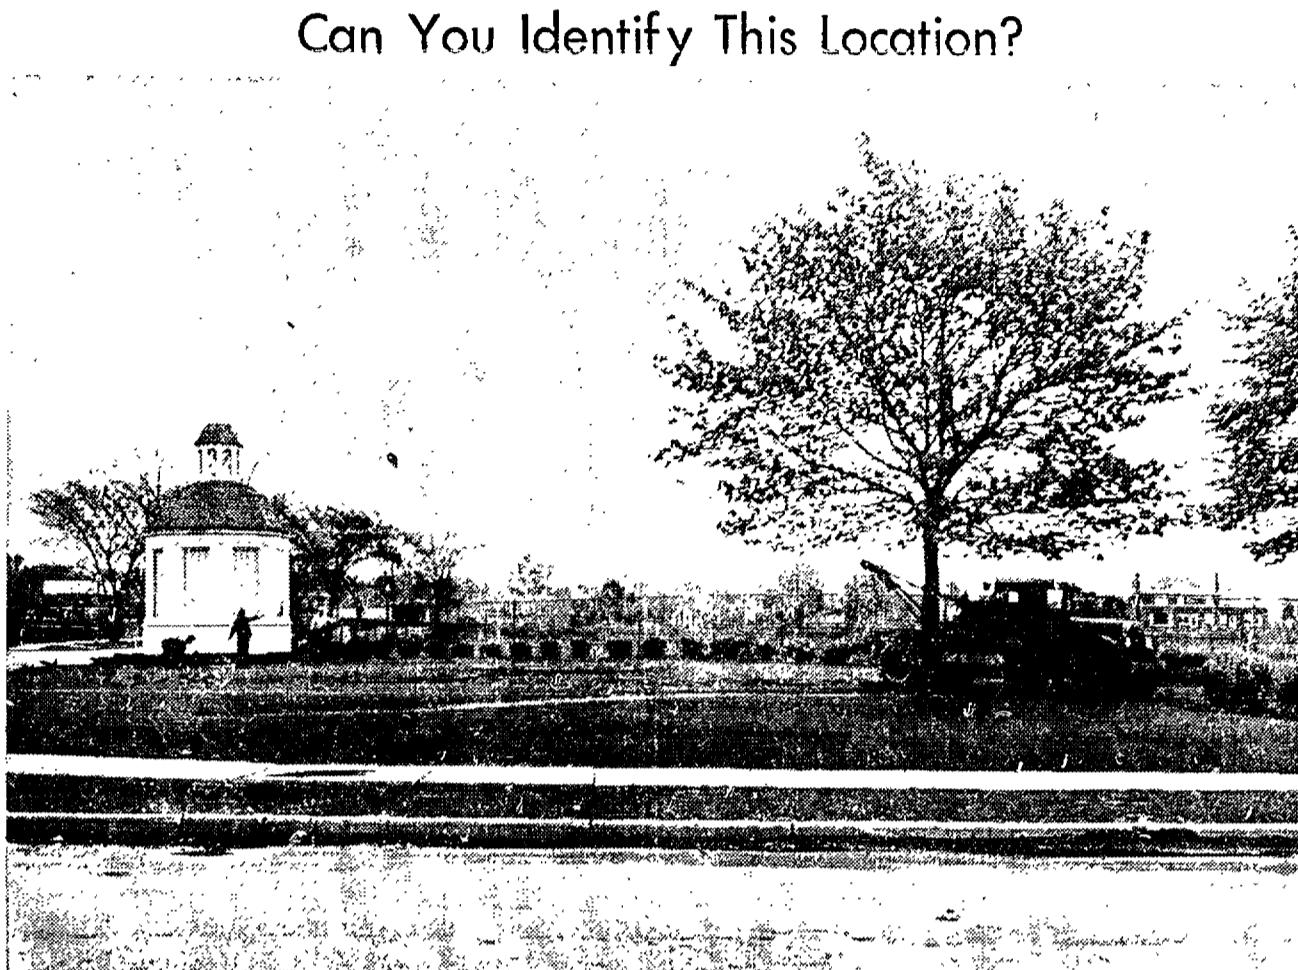

Mrs. Louis Jane Zatek, 34, of 7443 Affield, a licensed driver of only one week, her daughter, Joan, 6, and her son, John, 3, were killed as the 80-car freight slammed into the vehicle and carried it 190 feet down the tracks.

Another son, Richard, 2, was thrown from the car and is in critical condition in St. Mary's Hospital, Livonia.

TWO BASKETBALL STARS were expelled from the University of Detroit Friday because of admitted contacts with persons involved in the nationwide basketball gambling conspiracy.

Dismissed by University President Very Rev. Laurence V. Britt were Charlie North, center, and John Morgan, forward.

## Center Music Festival Set For June 28

First in Series of Three Planned for Season to Feature Quartets and Songs

The fourth season of the Grosse Pointe Summer Music Festival will open next Wednesday, June 28, with a program of string quartets and songs for soprano. This concert, which is the first in a series of three to be given this year, will be held as usual in the beautiful Fountain Court of the Grosse Pointe War Memorial Center in Lakeshore road.

The Quartet Number 10 in F major by W. A. Mozart will open the program in a performance by Gordon Staples, first violin, Edouard Kesner, second violin, Nathan Gordon, viola, and Paul Olefsky, cello.

A performance of two songs by Gustave Holst, two fantasias by Orlando Lassus and "Searching for Lambs" by Vaughan Williams will follow. Soprano Marjorie Gordon will sing with accompaniment by her husband, Nathan Gordon, on the viola. In conclusion, the string quartet will return to perform the Quartet in A minor, opus 51 number 2 by Johannes Brahms.

In keeping with the traditionally casual summer atmosphere of this Festival, the program begins at 8:15 p.m. and good weather is looked forward to so that the music can be enjoyed in the pleasant outdoor setting of the War Memorial Center. In case of cold weather or rain, provision has been made to move indoors.

## State's Ban on Building Not Applicable to Pointe

A State Health Department ban on building construction in 22 Wayne County municipalities because of inadequate sewer facilities, will not be applicable to the Pointe. Foresighted planning years ago by local engineers has made it possible for the Pointe to handle today's emergencies.

The ban was imposed on Tuesday, June 13, by Dr. Albert Heustis, State health commissioner, who said that the health hazard to the 22 municipalities is at its most critical point.

The Health Department edict does not apply in the Pointe, Harper Woods, Detroit, or Dearborn.

Wayne County Health Commissioner Henry V. Horrick said that he will defy the State ban, labeling it as "arbitrary, ille-

## Watchman to Get Another Chance to Explain Details Of Robbery at Poolhouse

Transistor Radio Missing from Harold Boyer Poolhouse Found in His Home; Variations Found in His Story to Police Investigating Case

An assistant watchman for a home in East Jefferson avenue said he saw a mysterious intruder on June 15 and fired warning shots in an effort to apprehend him. Later the watchman was found to possess a transistor radio that was taken from the poolhouse, and modified his story. He has posted a \$50 bond and will have another opportunity to describe the situation in City Court on June 27.

City police said Mrs. H. R. Boyer, 17700 East Jefferson avenue, heard a commotion on her property and called at 3:45 a.m. to inform them that someone had broken into her poolhouse, which is between her home and the lake. Two police officers had also heard the disturbance and arrived on the scene immediately.

## Extinguish Fire In Nursing Home

A short in the wall of a room in the Grosse Pointe Nursing Home caused a fire on June 14 which was put out within a few minutes by firemen from the City, Farms, and Park Fire Departments.

City firemen praised the quick action of nurses who started to evacuate patients from the room in which the fire started at the first sign of a blaze. When firemen arrived, they determined that further evacuation would not be necessary.

Fire damage was minor, but some work will have to be done on the wall inside where the short was located.

When City Police Captain Andrew C. Teetaert went to the bath house at 7:30 a.m., he said he found no evidence that a person had forcibly entered the structure through the broken window or by any other means. When questioned, a caretaker for Mrs. Boyer, Douglas Chauvin, told Captain Teetaert that a transistor radio was missing from the poolhouse.

In an effort to locate the missing transistor radio, Captain Teetaert visited Callan at his home and found the radio in Callan's closet. Callan denied having broken the window or having taken the radio from inside the poolhouse, but said he had taken the transistor from the pile of items that were lying on the ground outside when he arrived.

Later, Callan modified his story to say that the intruder may have come and gone before he arrived on the scene. When questioned about his warning shots, Callan said he might have made a mistake and fired at his own shadow.

## Two Injured As Car Rips Park Fence

Speeder Runs Red Light at Vernier, Glances Off Stopped Auto and Crashes

James J. Solon, 30, of 9142 American, Detroit, sped through a red light at the Vernier and Lake Shore road intersection at about 70 miles an hour on Sunday, June 18, glanced off a stopped car and crashed through an iron fence of the Shores' George Osius Park.

Shores police said that Solon, shortly before the Shores accident, was involved in a hit-and-run mishap in Harper Woods. Solon and the owner of the automobile he was driving, who was asleep in the front seat, were taken to Bon Secours Hospital. Police gave the name of the owner as Jean Maurice Comeau, 26, of 9955 Stoepele, Detroit.

Driver Worst Hurt

Of the two, Solon was the most seriously injured, suffering a badly lacerated scalp, cuts about the face, a cut on the right leg and internal injuries.

Comeau, who was unconscious when police arrived, was examined for internal injuries at the hospital, held overnight and then released.

Police Lt. George LaForest said that he was waiting for the light to change on Lake Shore, to turn onto Vernier, when Solon entered the intersection, glanced off the rear of a car driven by Alan R. Devine, 32, of 12035 Wilshire, Detroit, and lost control.

The lieutenant said that Devine was in the middle of the intersection waiting for traffic to clear, when he was hit.

Solon's car shot across the northbound lane, went over the curb and crashed into the fence.

Branches Jam Door

Lt. LaForest, and Patrolman Stanley Otulakowski, who was dispatched to the scene, were forced to cut away several branches of a tree that were jammed against the car door before they could remove the accident victims.

The lieutenant suffered a gashed ring finger when a handle broke while he was trying to open the door. Four stitches were required to close the wound.

Solon was slumped over the wheel, and Comeau was unconscious on the front seat. The latter regained consciousness while he was being taken out of the wrecked vehicle.

## Memorial Center Drive Goes Over Top with \$51,301

Association Expresses Appreciation to All Donors and Many Volunteer Workers Who Made Campaign Success; Gifts Still Coming In

C. F. Ogden, president of the Grosse Pointe War Memorial Association, and Thomas E. Groehn, chairman of the Center's 1961 Family Participation Campaign, announced Thursday, June 15, that the Memorial's drive had gone over the top.

As of that date, 3,756 families had contributed \$51,301.59. This is the largest amount and largest number of givers ever yet recorded by this date in a Family Participation Drive. In addition many families have pledged amounts which are yet to be received.

Every gift both large and small has been received with grateful appreciation. The large gifts give the encouragement and support on which the campaign must depend and at the same time it is an ever-broadening base of average family donors which the Center is striving for and year by year is achieving.

Grateful to Volunteers

In addition to the donors, both those whose gifts have been received and those still to come, the Center's Board of Directors gives its grateful thanks to the many volunteers who gave so much of their time and effort to run the campaign. It was their efforts plus the generosity of the community which produced success.

The War Memorial's special appreciation goes to solicitation team captains: Arthur P. Bartholomew, Jr., Mrs. Alan P. Beebe, W. Fritz DeFries, Mrs. Raymond J. Duffy, Mrs. Watson I. Ford, Edward F. Gehrig, Mrs. Nathan B. Goodnow, Thomas E. Groehn, Edward N. Hartwick, Palmer T. Heenan, Harry Hogan, Mrs. Leonard H. Klassen, C. F. Ogden, Sterling S. Sanford, C. A. Schneider, Mrs. Frederick Schumann, Mrs. Perry TeWalt, Mrs. Daniel L. Wells and Harold Wiek.

Many Team Workers

Further thanks go to the following team workers: N. S. Aagesen, Mrs. James Allen, Miss Marie Louise Anderson, Mrs. Cyril J. Barrett, Mrs. (Continued on Page 16)

## Vandals Damage, Loot Parked Car

Ray Damashky of 1244 Wayburn, parked his car in the Defer School lot Monday night, June 12, and returned to it the following morning to find that vandals had damaged the vehicle, and had stolen several items.

Damashky told Park police that he found the trunk of the car damaged, both front and rear seats and floor mats slashed, the spare tire and wheel taken from the trunk, another tire and wheel taken off the car, and the glove compartment rifled.

Besides this, he said, the person or persons responsible also took two bumper jacks, four garden shovels and two garden rakes. The total cost of the damage and stolen articles was estimated at about \$100.

The lieutenant said that Devine was in the middle of the intersection waiting for traffic to clear, when he was hit.

Solon's car shot across the northbound lane, went over the curb and crashed into the fence.

Branches Jam Door

Lt. LaForest, and Patrolman Stanley Otulakowski, who was dispatched to the scene, were forced to cut away several branches of a tree that were jammed against the car door before they could remove the accident victims.

The lieutenant suffered a gashed ring finger when a handle broke while he was trying to open the door. Four stitches were required to close the wound.

Solon was slumped over the wheel, and Comeau was unconscious on the front seat. The latter regained consciousness while he was being taken out of the wrecked vehicle.

Reckless driving, Harper Woods police placed a hold on him for the accident in their city.

## Woods Ready To Fight Open Street

Council Decides to Battle Shores to Get Hollywood Avenue Cleared to Lake

The Woods Council decided Monday night to go to bat against the Village of Grosse Pointe Shores to get Hollywood Avenue opened for through traffic to Lake Shore drive.

According to the Master Thoroughfare Plan of the Shores, approved in 1952, Hollywood was not to be a through street. The complainant, Thomas J. Burke, who lives at the foot of Hollywood in the Woods near the Woods-Shores line, purchased his home after that time. However, he is now determined that the street should be opened up for through traffic.

Plat Approved

Recently the Shores approved a plat for the area which would make the Shores part of Hollywood dead end near the boundary line, leaving the two streets unconnected. The plat is now before the County Plat Board for its approval.

There is a state statute which may provide a legal basis for disputing the dead ending of the Shores-Hollywood. However, this statute has never been tested in court, and it is the opinion of City Attorney Julius Berns that the statute only applies to roads which are entirely contained within one municipality. Hollywood runs in both the Woods and the Shores.

In the light of Mr. Berns' opinion, the Council directed him to attempt to obtain a restraining order which would prevent the County Plat Board from approving the Plat until the two Councils and Planning Commissions could reconsider the issue. This restraint would come from the Circuit Court.

Too Many Dead-Ends

The Woods is faced with a succession of dead-end streets. They are fearful of being "chopped off" as street after street has been closed off to Lake Shore traffic.

In the rapidly developing northeast section of the Woods, the area between Vernier road and the Woods' lakefront park, there are only three streets that extend from the Woods down through the Shores to the Lakeshore. They are Hawthorne, Hampton, and Roslyn roads.

## Country Club Golf Shop Badly Damaged By Blaze

One room of Joe Balfore's Golf Shop at the Country Club of Detroit, 220 Country Club lane, was completely gutted by fire Wednesday night, June 14, shortly after the shop had closed.

Farms Fire Chief M. William Mason said that the fire, which started behind the counter of the shop, is believed to have been started by a defective wire in the fuse box.

The first alarm was a two-alarm call, and City firemen and equipment were sent to the scene, but remained only about 10 minutes, when Farms firefighters brought the blaze under control.

Chief Mason said some of the golfing equipment in the room was saved from damage when firemen and spectators carried out much of the merchandise.

## Many Honors Awarded at Graduation

Three Students Give Addresses Before Announcement of Scholarship and Prize Winners

By Cynthia Gilliat  
GPHS Journalism Student

Since 1925, Grosse Pointe High has graduated 11,167 young men and women. The latest addition to this group, 719 members of the Class of 1961, were graduated last Thursday.

The capped and gowned seniors marched into the high school Auditorium-Gymnasium to the traditional "Pomp and Circumstance" played by the Grosse Pointe High School Orchestra, under the direction of Mr. Richard Snook. Following the playing of the National Anthem, Dale Anderson, class president, gave the invocation and introduced the commencement speakers.

Three Speakers

Three graduates, chosen by tryout in the spring, spoke on various phases of responsibility. The speakers were Wayne Wilner, Jan Conway and Sharon Sweeney.

Wayne Wilner spoke on "Responsibility to Oneself," pointing out that responsibility, like charity, begins at home. He urged the graduating class to become self-starters, to develop better habits, to develop courage, to always strive for excellence, and to remember that "managing oneself is more important than managing money."

Jan Conway spoke on "Responsibility to Associates." She noted that very soon the graduating seniors will begin meeting new people and being met in turn. Judgments of these people will have to be made on the basis of individual merit, not by means of generalizations, prejudgments, leapt-to conclusions, and group labels.

Raps Blind Conformity

Sharon Sweeney, who spoke on "Responsibility to Society," urged the graduates to work with, against, and for society, as the situation demands. Paraphrasing Benjamin Franklin, she remarked that unless we act together as a world society and hang together, "we'll all hang each other separately." But she warned against blind conformity, saying that "to oppose society may be to save it, if by opposing we improve it."

Following the senior speeches, Mr. Jerry J. Gerich, principal, recognized members of the Class of 1961 for outstanding achievement as high school students.

Each spring senior home-rooms nominate members of the class whom they consider to be leaders in good citizenship. The top five percent of the final ballot received this recognition. They were Dale Anderson, George Baer, Susan Bartholomew.

**Young Speeder 'Unaware' Of Pursuing Policemen**

Peter L. Van Riper, 19, of 1490 Iroquois, Detroit, claimed he did not know police were chasing him during the morning hours of Thursday, June 15, although the chase reached speeds up to 95 miles an hour. Not only did Van Riper try to break the speed record; he also ignored red signal lights and stop streets and drove the wrong way on a one-way street, police said.

About 5:30 a.m. Thursday, Farms Lt. Vernon Sylvester and Patrolman William Fowler, driving slowly east on Moran, spotted Van Riper going west on Ridge at a high rate of speed. The officer gave chase. The officers said that the speed was never less than 65 miles an hour and as high as 95 miles an hour. As the speeder and his pursuers neared the Park city

limits, the Farms policemen put in a radio call to Park authorities for assistance.

Park Patrolmen Donald Del-Place and Robert Saiford took up the chase at Vernor and Buckingham. Speed at this time was 75 miles an hour. The Park officers were behind Van Riper and the Farms officers immediately behind them.

Between Alter road and Dickerson, in Detroit, the speed shot up to 90 miles an hour, with traffic heading east, one-way. Van Riper turned right onto Algonquin, and was stopped at Charlevoix by Del-Place and Saiford. Van Riper damaged his automobile against a concrete base of a signal pole at Vernor and Dickerson, police said.

Detroit police were notified of the chase and the striking of the concrete pole base, which did not appear to have been damaged.

The Farms and Park officers said that from the beginning of the pursuit, Van Riper ignored signal lights and stop streets, and when stopped, the youth claimed he was not aware that the policemen were trying to stop him. The police cruisers' flashers were on, and the sirens were going full blast.

Van Riper, who said that he had had a couple of drinks, blamed his traffic trouble on his girl friend, with whom he had quarreled. Police said that Van Riper was not intoxicated, and was in full command of his actions.

The youth was first taken to the Park Police station where he was issued a ticket for reckless driving and endangering life and property. He was released to Lt. Sylvester and Patrolman Fowler, after posting a bond of \$100, pending a hearing in the Park court on Wednesday, July 5.

At the Farms station, Van Riper was given a ticket for reckless driving, and was released after putting up a \$100 bond. He is scheduled to appear in the Farms court on Wednesday, June 28.

**State's Ban on Building**

(Continued from Page 1)  
Stone disclosed that city sewer improvement have been carried on over the years, and the last major improvement was completed last summer on Charlevoix, Avondale and Essex, at a cost of \$50,000.

Presently, the Park is spending \$186,000 to improve its pumping station at Jefferson and Maryland, and to enlarge a sewer from the station to the Detroit interceptor at Jefferson and Alter road. The project has been ordered by the State Health Department and the State Water Resources Commission to eliminate the pollution of Fox Creek, blamed on the Park. This project will be completed by May 1962.

Although the City does not have cost figures available at the moment, City Manager Lawrence Savage revealed that the last major sewer job in the community was completed in 1943.

He stated that there are no big areas available for subdivision in the City, except the big estates along Jefferson. Large and improved sewers have been installed there, in the event that at some future date the estates might be subdivided.

The Shores, strictly a residential community, had a ban on home constructions for years, until 1953, when a large sewer was installed along Lake Shore road, at a cost of \$600,000, it was disclosed by Village Superintendent Thomas Jefferis.

Once the sewer project was completed, the building ban was lifted, and the Shores commenced home construction. Several large estates have since been subdivided and the population of the village has doubled, the superintendent said.

In the Farms, City Engineer Murray M. Smith revealed that in 1927 and 1928, the then village constructed a small pumping station at Chalfonte and Kerby roads, and a skeleton sewer system throughout the community, in anticipation of future emergencies. In 1929, an addition was made to the pumping station, and the Fox Creek Drain was enclosed. Total cost of the entire project was more than a million dollars.

The Fox Creek Enclosure, the city engineer said, runs under Chalfonte, cuts diagonally from Chalfonte and Fisher through the City, runs diagonally through the Park, and ends at Jefferson and Ashland in Detroit.

The last major sewer project in the Farms was completed in 1955. Prior to that, there were improvements made in four other areas, over a period of time, with costs varying from \$100,000 to \$250,000 for each project.

In the spring of 1960, the multi-million-dollar Grosse-Gratiot Drain, which benefits the Woods, Harper Woods and a section of St. Clair Shores, was finished. Prior to that, building in the Woods was forced to a standstill.

City Administrator William Lange said that the sewers in the Woods serve a dual purpose, to carry out the storm water overflow which is pumped to the Grosse-Gratiot Drain and out into Lake St. Clair, and to carry sewage to the Farms pumping station where it is pumped into the Fox Creek Enclosure and then to Detroit for treatment.

The first flush of dry weather flow (sewage) is also carried through the Grosse-Gratiot Drain, to the Farms station, Lange said.

Several months ago, the county imposed a building ban on the Woods because of inadequate pumping facilities. This was lifted on Monday, June 5, when the Woods signed a contract with the Wayne County Department of Public Works, to enlarge a pumping station at the northeast section of the Woods. The project will be undertaken by the county.

The storm water sewers are directly under the Grosse-Gratiot Drain, and both follow the course of the Milk River, since enclosed. The storm water flows north to the lake; and the sewage goes through a 72-inch interceptor toward Detroit, Lange said.

On Tuesday, June 20, George Bingham, director of the County Department of Public Works, disclosed that the county will build a peak flow booster pumping station at the northeast section, Woods-St. Clair Shores limits. The station will be just over the Wayne County line in Macomb County. The cost of the station, with a metering and control system, will be \$341,500.

He also stated that the County recently leased the Farms pumping station at Chalfonte

and Kerby, and will make additions and alterations there at a cost of \$302,000.

The former project will be undertaken by Sugden, Inc., of Oak Park, and the latter by R. E. Dalley and company of Detroit.

Bingham said that the total cost of both projects is \$800,000, including the purchase of the land for the booster station from the Woods, engineering fees, land surveys and so on. This phase cost \$127,900.

He said that bonds to raise money for both projects have already been sold, and that work is expected to start about July 1, with a completion date for both set for February 1, 1962.

**WRIST WATCH FOUND**  
Barbara Perry, a domestic at the home of Mrs. Thomas Gahagen, 882 Lake Shore road, found a man's gold wrist watch near the newly filled area of the George Osius Park on Saturday, June 17. She gave the watch to Shores police. The owner of the piece may have it if he can prove ownership, Police Chief Fred Duenling said.

**Court Cases Heard in City**

The following cases were heard in the City court on Tuesday, July 13. Judge Joseph P. Uvick presided.

Robert E. Baker, Jr., of 8 Fair Lake drive, was found guilty of driving while his car was not under control and fined \$10.

Alfred L. Nattins, of 19980 Wedgewood drive, had his sentence suspended for disorderly person.

For being a disorderly person James E. Hagglund, of 757 Lorraine, was fined \$10 and received 90 days probation.

Curt H. Hartog, of 1713 Rosslyn, paid \$10 for reckless driving.

David M. Kelley, of 1265 Bedford, was fined \$5 for disorderly person and was given 90 days probation to drive only to and from work or with his parents.

For not having his car under control Joseph C. Andrioli, of 31925 Courtland, St. Clair Shores, was fined \$15.

Mrs. Henry T. Gage, of 587 University, was charged with harboring a dog nuisance. However, the complainant failed to appear in court to prosecute and the case was dismissed.

Salvatore Capello, of 15315 Mack avenue, Detroit, paid a \$100 fine and was given a year's

probation with no driving for cutting into moving traffic and driving while his license was revoked.

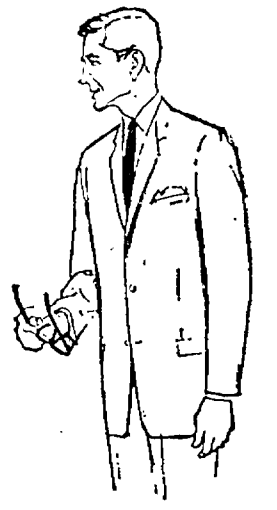

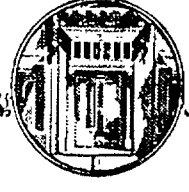

Robert D. Geschke, of 10856 Nottingham, Detroit, was found guilty of reckless driving and excessive speeding and was fined \$50.

Ray Smith, of 1306 Audubon,

was fined \$20 for allowing merchandise between the curb and the sidewalk.

Douglas B. McAlpine, of 294 Kerby, paid \$15 for being a disorderly person.

The truth really hurts—and so would anything else that was stretched that much.

A special message to young couples with small children & a lot of life insurance

The fact that you have a lot of life insurance shows your deep concern for your family's welfare. But like so many people, you may be overlooking one very important thing. If something happened to both you and your wife, who would decide what your children would do with all that insurance money?

There are relatives and close friends, of course. And you know you could count on them to give your children a good home and lots of love. But would these people have the time, the ability and the experience to manage well the children's financial affairs?

At National Bank of Detroit, the Trust Department is staffed with men whose sole responsibility is to help people manage their money.

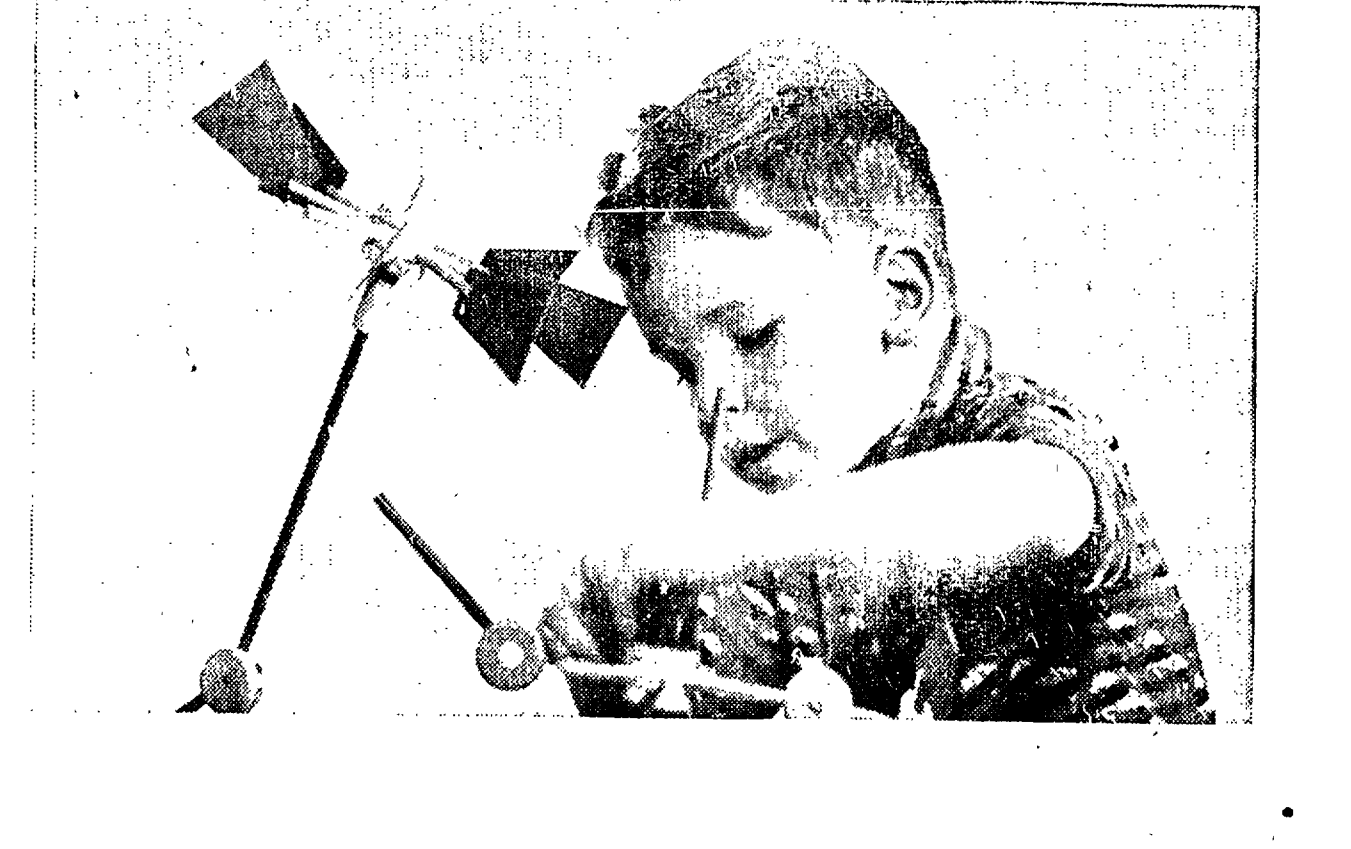

Our first step is to get together with you, your attorney and insurance counselor in order to go over all your insurance policies, and plan in general how you would want the money used. Because conditions change, you can't plan exactly how much to put aside, say, for your son's education or your daughter's wedding. But you can express your philosophy and provide flexibility to meet situations as they arise.

Then, if something should happen to you before your children are old enough to handle their own affairs, we will see to it that your children get the best of financial care. Along with your attorney and an administrative officer in our Trust Department, there would be insurance, investment, tax, real estate and accounting specialists to help advise and guide them.

All of this is yours through an Insurance Trust. And there are many more advantages that we would like to tell you about. You can reach us at Woodward 5-6000. Just ask for Mr. Strong. We invite your attorney and insurance advisor to join you in discussing this with us.

"Where's the Best Place to Land?"

That's a question asked frequently this time of year by yachtsmen planning a cruise into unfamiliar waters. It's also a question asked during all seasons of the year by many persons who are not too well versed on investing and investment firms.

Because of our many years of experience, our thorough knowledge of the market, and our reputation for personal service, we believe that Manley, Bennett & Company is the type of "place to land" these investors are seeking.

If you would like to learn some of the reasons why, stop in at either of our offices, at your convenience, or call us.

A car and delivery truck collided at Washington road at St. Paul on June 15 and both drivers were thrown from their vehicles to the pavement. They were taken by police ambulance to

Bon Secours Hospital where one was released the following day and the other remained suffering from multiple fractures.

City police issued reckless driving tickets to both drivers, Flossie L. Jones, 447 McKinley avenue, and Nick Stellin, of Grand Rapids. The case will be decided in Justice Court on June 27.

According to a City police report, Flossie Jones was driv-

ing eastward on St. Paul at 6:22 p.m. and as she entered the intersection at Washington, her car was struck on the left side by the delivery truck which was traveling southward. Considerable damage was done to both vehicles and they were towed to the Police station on Maumee avenue.

City police officer, William Waldecker, Jr., Donald F. Fritz, and Duncan MacEachern were assisted by Farms Patrolmen Frank Kerbrat and Guy Lyford. The officers were unable to question either of the drivers on the scene, but said that one apparently failed to obey the traffic sign. Speed was not an apparent factor, they reported.

At Bon Secours, Stellin was treated for a head injury and cuts and was released the following day to return to Grand Rapids. Flossie Jones remained hospitalized with multiple fractures.

Police officers stated that the accident could have resulted in a fatality and said it was "mir-

aculous" that both drivers were saved.

**Center Offers Travel Films**

Reminiscent of the old time open air neighborhood movie or airdome the Ben W. Beyers will show their excellent pictures in color of Northern Europe—Scotland to Sweden, the night of Thursday, June 29, on the outdoor lakeside terrace of the Grosse Pointe War Memorial. In case of rain, of course, the program will be held indoors.

The Beyers who are old and adept hands at staging these occasions regard their pictures of this particular trip as some of their best. Certainly, their shots of the misty highlands, the churning Firth, and the North Cape should prove the perfect panacea for an over-warm summer evening.

The Beyers may have some competition from the passing marine parade on Lake St. Clair, but the audience will be sure to be comfortable and relaxed while enjoying Mrs. Beyers' entertaining commentary. He is the photographer and she the raconteur.

**Thief Snatches Woman's Purse**

A thief snatched a purse and an umbrella from Mrs. Albert St. Germain of 1106 Manistique, Detroit, a short distance from St. Ambrose Church, where she had been attending Mass.

Mrs. St. Germain told Park police that she and a friend had just left the church, and had crossed Hampton, walking toward Wayburn, when a youth stole up behind her and grabbed her purse and umbrella. The youth threw her to the ground when she attempted to take back the purse, she said. The thief escaped, running

north on Wayburn, tossing away the umbrella as he ran. She described the youth as being about 20 years old, about five feet six inches tall, 140 pounds, dark hair.

An original request for the installation of four-way stop street signs at the intersection of Williams and Touraine, was rejected by the council. Then the compromise was reached.

In their petition, the residents stated that a dangerous situation existed on Williams, between Lothrop and Kerby, eliminated on May 25, when a car with two 16-year-old boys was involved in a serious accident at Moselle place and Williams. Both boys were injured, one seriously. This accident followed months in which conditions along Williams became increasingly dangerous due to speeding drivers.

The petitioners claimed that Williams was not designed as a thoroughfare. This statement was corrected when the council revealed that plans call for the street as a thoroughfare in future planning.

The residents stated, before the correction was made, that one of the original attractions for home buyers in the Touraine-Moselle-Williams area was its relative freedom from traffic. The particular stretch in question, they said, formerly dead-ended at Belanger on the north, and was a single paved strip from Touraine to Lothrop on the south.

In the last two years, the residents stated, Williams has been extended through to Kerby and the single strip has been widened to handle two-way traffic to Lothrop. This created a six-block "drag strip."

In his survey report to the council, Chief Furton disclosed that a traffic counter was placed on Williams between Touraine and Cloverly for a three-day period, on school days. The average number of cars for a 24-hour period was 374, which is very light traffic compared to most other streets of the same width, the chief stated.

The chief said that on a school day, a speed timer was placed on Williams between the hours of 3 p.m. and 8 p.m. During this period, of the 78 cars surveyed, 58 were traveling at 25 miles an hour or less; eight were doing 26 miles; six at 27 miles; four at 28 miles; one at 29 miles and one violation ticket given to a person driving 35 miles an hour.

Chief Furton said that most Farms streets are 24 feet wide, including Ridge, Charlevoix, Beauvois, Piche and Webster, all of which run the same direction as Williams.

He said that making a four-way stop street at the intersection of Williams and Touraine would not be the answer. Accidents of the type which occurred on May 25 cannot be avoided by placing four-way stops throughout the city. The only other accident on Williams this year, the chief pointed out, was a car hitting another parked on Williams near Touraine.

Chief Furton said that in many cases, installation of four-way signs would tend to increase accidents, not decrease them.

Robert Cudlip of 345 Touraine road, and E. A. Batchelor, Jr., of 342 Touraine, the only two who spoke on behalf of the residents, expressed satisfaction at the solution presented by the council.

**Blue Hi-Y Club Holds Election**

Warren Kveidler was elected president of the Blue Hi-Y Club of Grosse Pointe High School last week for the 1961 fall semester, according to Dale Patterson, club adviser.

The Blue Hi-Y is organized by the Hannan Branch of the Y.M.C.A. for the purpose of developing youth leadership based on religious emphasis, character training, group and individual service activities.

During the 1960-61 school year the club made an outstanding contribution to the

community through service and leadership at the Franklin Settlement house, Y.M.C.A.'s Estor-Learn to Swim Campaign and in raising \$123 for the Y's World Service program throughout thirty-nine foreign countries. The donation was realized through club projects of a car wash and a splash party at the "Y".

John Serter was elected vice-president, Scott Shaw, treasurer, and Ron Buins, secretary. Retiring president was Charles Munson. Irwin Ritcher will be the new adviser to the Blue Hi-Y Club in the fall. The Club officers and outstanding Club members plan to attend the Michigan State Hi-Y officers training camp August 28-29th at Torch Lake.

**Park Programs To Go on Radio**

A Park recreation official and a patrolman will be featured on Radio Station CKLW on Saturday, July 8, at 6:35 p.m. The program is sponsored by the Department of State in Lansing. On the air will be Thomas Reynolds, superintendent of Parks and Recreation, and Patrolman George Blair, Park school safety officer. Each will give a general review of their respective jobs.

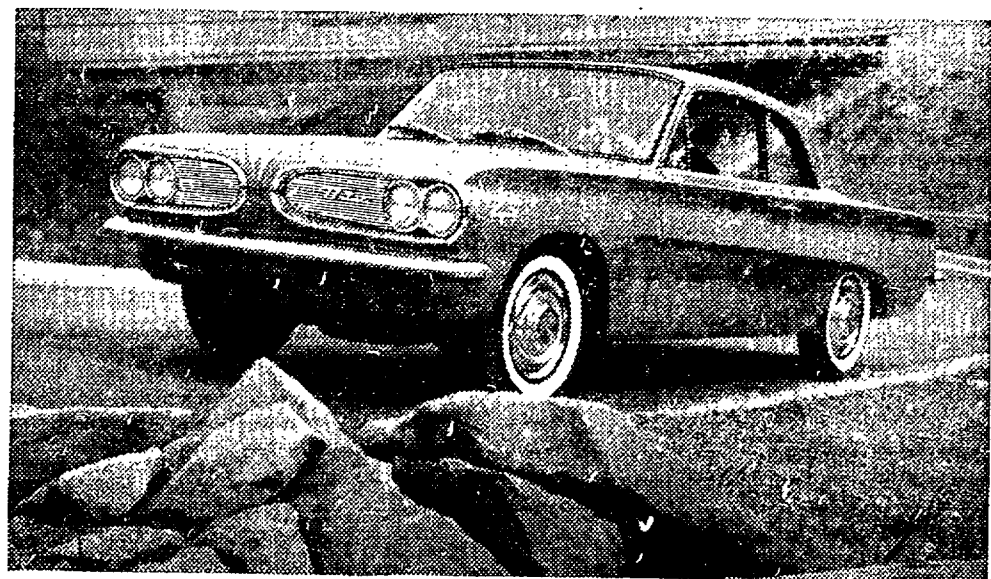

Reynolds will give a summary of the over all recreational program being carried out in the city's parks; and Blair will talk about the strides being made to educate the Park school children in principles of school and traffic safety.

Economy is a subject that often goes on the talking block, but that is about as far as it goes.

### Tuxis Club Members Split To World's Four Corners

By Linda Rueter

This summer members of the Tuxis Club, the youth group of the Grosse Pointe Memorial Church, will travel to the four corners of the world. The varied adventures and experiences of these lucky students will provide material for many Sunday night church programs when Tuxis begins again in the fall.

Don Owens, next year's Tuxis president, has set out for Japan, where he will spend the summer as an American Field Service exchange student. Jane Evenden and Ann Hock, exchange students for the Michigan Council of Churches, flew to Europe last Saturday, for Jane is spending the summer in Finland and Ann will reside in Germany.

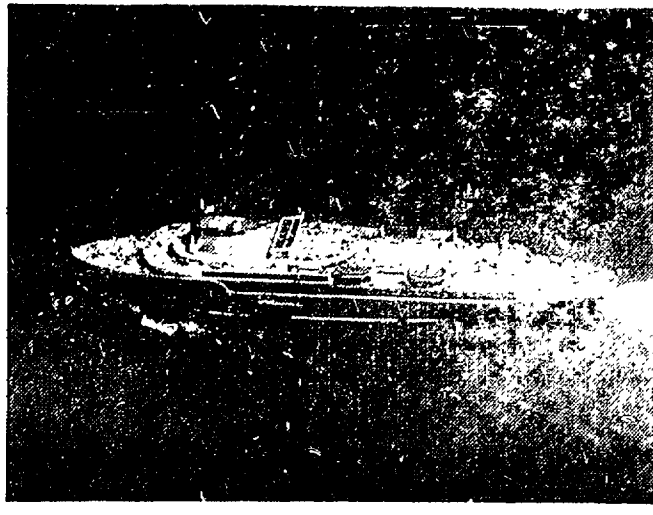

Jan George, a sophomore at Northwestern and former Tuxis member, is taking part in "Operation Crossroads Africa," a summer study and work project in the Dark Continent. Sherry Bockstanz will be returning this summer from Australia where she has spent the past year. And Liv Myhre and Rod Caceres, two A.F.S. exchange students from Norway and Argentina, will return to their homes in a few weeks, after living in Grosse Pointe for the past year and becoming active Tuxis members.

Mike Ambrosi, an exchange student from Germany whose stay in America has been sponsored by the Tuxis club, will also be returning to his own country, but not until he has participated in one of the many National Presbyterian Conferences that Tuxis members will be attending. Mike and Linda Rueter are spending a week in Washington, D.C., and New York City, as delegates to a conference on the Church and International Affairs pertaining to Latin America.

Paul Trigg, last year's president of Tuxis, is attending a conference on the Ministry in Pittsburgh, and Ross Kugel, another graduating senior, and former Tuxis member, is attending a similar conference in Chicago.

This summer there will be a Tuxis member on every continent. Some may never return to the Pointe, but most will come back from their travels rich with experiences and insights into foreign lands and peoples, to share with the community.

### To Revive Excursions

A revival of the favorite river excursion of old time Detroiters who remember when families could spend a whole day on passenger steamers cruising up Michigan's historic waterways into beautiful blue Lake Huron is announced as another Aquarama Adventure Cruise.

For an introductory sailing on the 12-hour voyage, on Friday, July 7, the largest luxury liner on the Great Lakes will leave her dock at the foot of West Grand Boulevard at 9:30 a.m.

Along the scenic route that has been the water highway of some of the best known and most fondly remembered passenger ships on the Great Lakes, the Aquarama will cross Lake St. Clair, pass the Walpole Indian Reservation and Harsens Island, and go through the St. Clair Flats, to pass the river port cities. Beyond Port Huron and Sarnia, she will swing out into lower Lake Huron before heading homeward.

Day long activity aboard will provide ocean liner sparkle in a varied program of games, sports, dancing and continuous

entertainment supervised by experienced cruise director Joe Cornell. He will be assisted by the five-piece DeCaro Brothers orchestra, an instrumental trio headed by accordionist Tony Anzalone, organist Mary Tudor, puppeteer Roy Raymond and singer Barbara Flanagan.

Community singing and square dancing, together with dancing instruction in ballroom rhythms, and hostess-arranged bridge games are but a few of the group activities planned. For the youngest voyagers, aged two to six, a supervised playground is provided.

### Hit-Run Driver Nabbed in City

City police received a call from Bon Secours Hospital at 9 o'clock on Saturday night, June 17, reporting a hit and run accident.

Someone had hit a parked Cadillac belonging to Mrs. Marie Rubins, of 1068 Bedford, who was visiting her husband in the hospital.

An hour later officers William Waldecker, Jr. and George Brackx picked up Richard S. Zalmanowski, 38, of 4124 Westwood, Detroit, at Maumee and Cadieux. The left rear tail light of his car was broken and the glass found at the scene fits in with the part left on his car.

Zalmanowski was released after posting a \$50 cash bond.

#### LOSES LICENSE PLATE

Mrs. W. E. Gleason of 496 Shelbourne, said that the front license plate and tag was either stolen or dropped from her car on Saturday, June 17. She said it is possible she lost it on her way to work in Downtown Detroit. She made the report to Farms police.

### Thieves Invade Moored Boat

Park police are investigating the breaking and entering of a boat at the waterfront park during the night of Sunday, June 18. The craft is owned by Dr. James R. Marshall of 525 Middlesex.

According to Police Chief Arthur Louwers, the thief, or thieves, entered the boat by cutting a hole in the screen on a side window, and then used a long pole or stick to unlatch the door lock.

Taken from the boat, a 25-foot Chris-Craft, were a portable radio, a pair of binoculars, and two fishing tackles and fishing equipment.

### Simulated Test Track Now Open

The simulated automobile test track on the grounds of the Ford Rotunda in Dearborn, Mich., has been opened for the summer months.

Last year, more than 106,000 persons rode on the one-mile circular track in their favorite Ford products. Open only during the summer tourist season, the track is designed to demonstrate the performance of cars under test conditions.

The track includes stretches of corduroy, cobblestone and gravel pavement, chuck holes, railroad crossings, body-twist bumps, a test hill with 16-and-30-per cent grades, a speed-up strip, and a bank turnaround loop.

The Rotunda currently is observing the 25th anniversary of its opening as a permanent exhibit building. More than one million persons from all 50 states, 89 foreign countries and Puerto Rico, the Canal Zone and the Virgin Islands visited the building last year.

Rotunda hours are 8:30 a.m. to 9 p.m. Monday through Friday, and 1 p.m. to 9 p.m. Saturdays, Sundays and holidays. The test track is open 9 a.m.

## An Inexcusable Mess

The magnificent ball in which Mr. and Mrs. Henry Ford II introduced their daughter, Anne, Monday night had to be good. Something completely splendid was required to calm the frayed nerves of the majority of the guests who became entangled in probably the most frustrating traffic jam in Pointe history. Something was decidedly wrong with the control system which forced literally hundreds to spend from an hour to an hour and three quarters negotiating the last few blocks which separated them from their destination.

In our particular case, our car was in Provincial road, smack up against the Ford estate, at 10:45 o'clock. We finally reached the entrance at 12:30. Like hordes of others we decided the best approach to the party was to avoid Lake Shore road as much as possible. So we took Kercheval to Provincial and thence to the lake, expecting to swing right around the corner and into the Ford driveway. But when we reached Lake Shore, we were greeted by a host of police cars and officers engaged in diverting all but the inner line of traffic east on Lake Shore and away from the party.

The result of this was the most amazing pile-up of cars with mad drivers that one could imagine. There was no police control in that direction and so there was a wild scramble to try to duck through the first available turn-around and get headed back in the right direction. All of west-bound Lake Shore was hopelessly clogged and there we were, tighter than a Chinese baby's shoe.

We don't fancy ourselves as traffic experts, but it would seem that with all the advance notice this event had received the police might have been able to figure out some system that would have avoided the ghastly mess which occurred Monday night. If 55,000 persons can get into Tiger Stadium through normal downtown traffic, and hundreds of thousands can get rid of their cars and into Cobo Hall during the course of a business day, without inordinate delay, it would seem that 1,100 guests could get to a party in the Pointe without having to spend an hour or more as virtual prisoners. We pity those afflicted with claustrophobia who might have been victims of the senseless snarl. And we hate to think what would have happened if a major fire had broken out in the vicinity during these hours.

We hope the experience will prompt the police to devise some way to eliminate the possibility of a repetition of the fiasco. It shouldn't be too tough.

## Thief Abandons Stolen New Car

An unknown car thief left a new car parked on Yorkshire, near St. Paul, on Wednesday, June 14. Credit for its recovery was given to Park Policeman Cpl. Henry Coonce. The officer noticed the vehicle parked on the street, sans license plates, while he was cruising in the area. He called into the station, but there was no complaint that the car had been stolen.

Park authorities checked with Simms-Dawson Ford Sales, Jefferson and Beaconsfield. Company officials checked and found that the car had been taken from their lot during the night.

The automobile, a 1961 Ford, was damaged in the rear in the amount of \$178, a police report disclosed.

## One up, but two down

By FRED KOPP, R. Ph.

When a brand new drug is introduced, its price is usually high. That's because initial sales may be low, and the price must cover production costs—which are generally as high for small quantities as for big quantities. But once many doctors begin writing prescriptions, the manufacturer steps up production... and is thus able to bring the price down. A survey in our own store shows that, in the past 10 years, for every drug that rose in price because raw materials or labor costs went up, two came down in price because demand increased. That's why we say... Today's prescription is the biggest bargain in history.

## What Goes On at Your Library

by Jean Taylor

### Guest Columnist: Virginia Leonard

The history of modern psychiatry is relatively short; Sigmund Freud has only been dead twenty-two years. Material on the subject has been written, of course, some pedantic, some popular. But it seems to me that within the past few years we have been deluged with a great many books and articles, and these more or less devoid of excess scientific jargon, thus making them understandable and enjoyable to those of us not trained in psychology, psychiatry and psychoanalysis.

The March 31, 1961 issue of Time magazine has a cover story on guilt and anxiety, with a most appropriate cover painting called "The Cry," painted by the Norwegian artist, Edvard Munch. The article is a highly readable and informative exploration into the anatomy of "anxiety" or "guilt." The May 29, 1961 issue of Newsweek has an eye-catching cover depicting the analyst surrounded by people on couches; the accompanying article treats New York's beehive of psychiatry, calling it "the new Vienna." More specifically, it deals with the story of one psychiatrist, Dr. Samuel Meyer, and his patients.

In the field of books on this subject, one must almost start with the definitive and masterful biography of Sigmund Freud, by Ernest Jones, one of Freud's satellites. This three volume, monumental, somewhat scholarly work was only finished four years ago. Mr. Jones has managed admirably to give us a mass of minute, well-organized scientific details, but through it all Sigmund Freud shines through as an exciting human being.

On the human side, there has recently appeared a book entitled Good-bye, My Son by Arthur Woolson. This deals with one family's exposure to mental illness upon the shocking discovery that their son, in his early twenties, was a schizophrenic. How they, essentially simple people, grappled with this problem, makes a warm and human story, and indirectly leads to a better understanding of this kind of disease.

Another book, appearing just this year, is "The Couch and the Circle" by Hyman Spotnitz. It deals with group psychotherapy, and is an excellent demonstration of the therapeutic technique. It is interesting to note that when Dr. Szasz, the re-

viewer of this book, in the New York Times Book Review Section, made some unfavorable comments regarding Dr. Spotnitz' attitude towards group therapy, the editor, in a later issue, was befuddled with letters defending Dr. Spotnitz' position!

And finally, there is William Glasser's Mental Health or Mental Illness?, which also has appeared in 1961. This able realignment of psychiatric theory and practice I found to be plain-spoken, clear and well-organized—an excellent book to begin on for an understanding of normal and abnormal behavior.

I feel that practically all the above material, as well as the other books and articles that are constantly coming out, aim at trying to destroy the ancient myth that mental illness is something to be hidden—to be ashamed of. If this one single idea can be abolished, psychiatry and its allied fields will have made tremendous strides ahead.

## Capt. Joseph G. Saad Takes Career Course

FORT BENNING, Ga. (AHTNC) — Army National Guard Capt. Joseph G. Saad, son of Mr. and Mrs. Charles S. Saad, 1434 Maryland, Grosse Pointe, Mich., completed the associate officer career course at The Infantry School, Fort Benning, Ga., June 7.

The course is designed to prepare the student to assume the increased command and staff responsibilities of a senior infantry officer. The Infantry School, after more than 40 years of operation, continues to prepare a better infantry for our Army by initiating action leading toward the formulation of new, and the revision of old infantry, air borne and ranger doctrine and techniques—with emphasis placed on the art of command.

Captain Saad is regularly assigned to Company A of the 46th Division's 225th Infantry, an Army National Guard unit in Michigan.

A 1945 graduate of Cass Technical High School in Detroit, the 38-year-old officer attended Lawrence Technical College in Highland Park.

## Ford Sisters Greet Debut Guests

Monday night's debutante, ANNE FORD, left, daughter of the Henry Fords II, of Lakeshore road, and her sister, CHARLOTTE, pose before the great flower-banked fireplace in their home. Anne was presented to society by her parents at an eighteenth century French garden ball, which 1,100 attended. Her sister was a debutante of 1959 at a Christmas holiday dance at the Country Club in a memorable Versailles setting.

## Ann Ford Bows At Glittering Ball

Daughter of Henry Fords II Introduced Monday in Eighteenth Century French Garden Setting at Lakeshore Road Estate; Dines First at Little Club

The rains fell Monday night on the eighteenth century French garden, twinkling with lights and decked with roses which formed the glittering background for the dance at which the Henry Fords II presented their daughter, Anne, in their Lakeshore road home.

From the cream and gold reception hall guests stepped onto a specially built red carpeted pavilion roofed in blue with lavish white chandeliers shining on the parquet dance floor. Huge trellises twined with roses and outlined with Italian lights arched the walls and from the great pavilion two curved areas led to two smaller pavilions roofed in plexiglass.

The debutante and her parents received before the fireplace, banked with a screen of roses in the reception hall. Anne's gown was of white organza with a tussor weave designed with a halter neck embroidered in gold thread, pearls and turquoise. It had a tight fitted bodice, slightly belled skirt and an embroidered turquoise sash. She carried lilies of the valley and white roses in an eighteenth century turquoise and silver bouquet holder.

Mrs. Ford received in a pale green lace over layers of white organdy gown with a matching belt and loops at the rear. Anne's post debutante sister, Charlotte, who bowed at a Versailles ball at the Country Club in 1959, brought her gown from Paris where she has been studying the past year. The silk tulle gown had a pale pink bodice and tangerine skirt with beading and fabric embroidered in the shape of flowers on the fitted bodice and belled skirt.

Before the ball Anne dined at the Little Club in a pale lime green Dior gown at a party given for 200 guests by her uncles and aunts, the Benson Fords, the William Clay Fords and the Walter Buhl Fords II. Among the early arrivals were Mr. and Mrs. Frederick C. Ford, (she was in red chiffon), the Alfred R. Glancys, Jr., (her gown was a short white brocade sheath), the Ozlie Olsons, (Mrs. Olson gowned in a printed red and white warped silk

with a pink organza stole), the Claudius Gages, (Mrs. Gage in a long white silk crepe Grecian style gown with a silk corded belt), and the Daniel Good-enoughs, (her gown in tones of draped pink and rose chiffon).

Saturday's debutante, Barbara Beebe, arrived in a red silk raincoat which matched her gown and shoes. Anne Skæ was in white silk embossed with red roses and Polly Kammer wore pink peau de soie. Susie Mitchell was in a printed silk frock. Anne Watson was in white silk etched with green leaves. When the Junior Livvy Ecclestons came through the receiving line, (Mrs. E. in a white silk printed gown), Mrs. Ford inquired anxiously "Is the rain easing up?"

The Robert Kanzlers entertained at dinner in their Lothrop road home before coming on to the ball. Mrs. Kanzler wore a white, blue and rose print with a floating back panel. Mrs. Emmet E. Tracy, who presented her daughter, Denise, on Wednesday, wore a lemon taffeta gown draped with a petal effect. Mrs. Joseph L. Hudson was in a long straight royal blue linen sheath.

Another dinner hostess was Mrs. Allan Shelden III who wore a yellow, pink and white peau de soie print with a yellow accordion pleated chiffon skirt. Mrs. Roy D. Chapin, Jr., entertained at dinner and then went on to the ball in a long blue green water silk gown.

Actress Merle Oberon made an entrancing picture as she chatted with Paris decorator Jacques Frank in the entrance hall. She wore pale pink dotted Swiss over mauve pink silk with accents of turquoise and diamonds in her necklace and a band circling her Grecian hair-do.

The debutante's petite blond aunt, Mrs. William Clay Ford, wore a full white organdy gown trimmed with a black lace bow and streamers. Mrs. Benson

### From Another Pointe of View

By Patricia Talbot

There was a real old fashioned gathering of the clan at Mrs. Luther Stephen Trowbridge's East Jefferson avenue home on Wednesday.

The Trowbridge name is associated with the beginnings of Detroit history, dating back to the early 1800's. The reception Wednesday was to introduce Mrs. Trowbridge's 14-month-old great grandson, William Hipkiss, Jr., to all his relatives.

The young man is currently here with his parents, Mr. and Mrs. William Hipkiss, of Washington, D.C., visiting Mrs. Hipkiss' mother, Mrs. Florence Trowbridge Schaeffer, on her farm near Fenton, Mich.

Assisting Mrs. Trowbridge with greeting and gathering the family for the party was Mrs. W. Brace Krag, another family connection on the Quirk side. The Trowbridges date from the renowned General Luther S. Trowbridge who rode to fame at Gettysburg as a Union officer and then commanded the troops who pursued and captured Jefferson Davis. He married Julia Buel and one of their daughters, Julia, married Daniel L. Quirk, Jr., of Ypsilanti. This is the same Quirk and Trowbridge clan to which Mrs. G. Mennen Williams belongs.

### More Family Reunions

Another family reunion took place Sunday in the Berkshire road home of the Edward J. Wasners, who entertained at a barbecue in their gardens.

## GPYC Gives Awards At Saturday Gala

Outdoor Barbeque and Dancing for Beachcombers Party; Haford Kerbawy Gives Gin Rummy Tournament Awards at Informal Fete on Club Lawns

Grosse Pointe Yacht Club members gave every evidence of full enjoyment of their "Beachcombers Party" last Saturday, June 17, even though they would have welcomed a few more degrees in temperature readings. Sweaters particularly, and full length coats too, came in handy for the informal dinner and dancing fete staged by the club on the specious lawns bordering Lake St. Clair.

In the early hours, from the 6:30 o'clock cocktail time and even before, groups visited back and forth between cruisers in the harbor and the party scene. As dark fell, it was ever so pretty with the vivid red lights on the elevated harbor bridge

and a green glow some distance back with spotlighted young palm trees swaying in the breeze at the harbor wall and back of the bandstand, and many hurricane lamps gleaming on tables all over the lawn. Too, there were the outdoor barbeque frames attended by chefs in tall white hats and white jackets and the picturesque red tunics of Bert Dierkiss and his music-makers as they played for the throng of dancers.

Haford Kerbawy, entertainment chairman, was here and there overseeing matters; another busy chairman was John Graffius who had headed the club's 1960-61 gin rummy tournament for the men. He supervised the presentation of awards to winners in both the men's and women's recently-completed tournaments, during a party intermission.

Men's prizes were as follows: singles, Howard Shaw; picked doubles, Edward Schultz (the Schultzes have since moved to Chicago) and Alfred Gostow; blind doubles, Jack Hooper and John Graffius; runners-up were Larry Wickson, Arthur Schultz with Stephen Ham, Charles Kotcher with George Brooks. Prizes for high game went to Past Como, Stark Hickey, Como, John R. Wilt with Charles Glasgow, and Frank Adam with Louis Palombit.

In the distaff side's tournament, winners were Mrs. Glenn Walker, singles, and Mrs. Russell Cronenweth with Mrs. Hans Gehrke, Jr., doubles. Singles runner-up, Mrs. Cronenweth; doubles, Mrs. Claude Greiner and Mrs. John Graffius; high game, Mrs. Edward Schultz, and Mrs. Hamilton Kotcher with Mrs. Charles Risdon Jr.

The Stark Hickeys, who had been up at the Old Club with the Charles DeVliegs aboard the DeVliegs "Jigmil IV", returned in time for the awards.

Como and Mrs. John R. Wilt were at the party in a group including Vice Como, and Mrs. Paul Moreland, the Ed Schoenherr, Dr. and Mrs. Harold Cross, the Cletus Wellings, Gene Gargaros and Earl Frasers.

On the Robert Webers' "Mareta" during cocktails were other members of GPYC's Tuesday Bowling League, all close friends; among them were the Joseph Caskeys, George Brooks, Mr. and Mrs. Tom Fox, the Art Bartholomews, Rex Brophys

This is his first phase of six months active duty training with the U.S. Army and a part of the obligation he incurred upon enlisting in the Army Reserve. His Army Reserve unit is Hq & Hq Co., Engr Bn, Greensboro, N.C.

## Rev. Thompson Has First Mass

The Reverend William G. Thompson, S.J., son of Mr. and Mrs. W. Grover Thompson of Maunee avenue, celebrated his first Solemn High Mass at 11 o'clock, Saturday, June 17, in SS. Peter and Paul's Jesuit Church in East Jefferson avenue.

A reception was held at the Grosse Pointe Yacht Club, following the Mass.

Father Thompson was one of 17 Jesuits ordained on June 15, by Archbishop John P. Dearden at Colomiere College, Clarkston, Michigan. Born in Detroit in November, 1930, Father Thompson attended Gesu and St. Edward's Grammar Schools and the University of Detroit High School before entering the Society of Jesus in 1948.

He received four years of religious and classical studies at Milford Novitiate in Ohio following which he transferred to West Baden College to begin his study of philosophy. From 1955 to 1958 Father Thompson was on the faculty of U. of D. High School where he taught Latin and Greek, moderated the Senior Sodality, directed the Classical Club and coached the tennis team. After teaching for three years, he returned to West Baden College in Indiana for his theological studies.

Following the ordination and first Mass he spent a few days in Detroit and then returned to West Baden for his final year of theology.

"Terrific" best describes this most unusual dwelling located on a large parcel of land facing the 16th green of the Lochmoor Golf Course.

The interior simply must be seen to be appreciated. There are 4 large bedrooms, 3½ baths, a most attractive family room with log walls, fireplace and bar; an out-of-this-world kitchen with Formica walls and cabinets, plus equipment of every kind; glassed terrace, patio, inter-com system, carpet and some draperies.

It's a "must see" offering if you want the finest ranch obtainable at a price much less than you would expect to pay.

**Rapid Growth Depletes Roses**

Feed your roses right after they lose their first bloom!

With a burning sun in the sky it is time to replenish nutrients used up by your rose plants in their vigorous spring growth. The importance of a post-blooming feeding, using a good rose food, cannot be over-emphasized.

This is especially true if spring feeding was neglected. Roses, unlike many common flowering shrubs, do not have the ability nor capacity for storing a reservoir of nutrients. Whereas forsythia, viburnum and spirea do build up a reserve, roses cannot, and an application of rose food right now is most beneficial.

**[Just a Reminder]**

Grosse Pointe Park's ordinance eliminating garbage pickups is effective July 1. But there's still time to install an efficient, thrifty-operating Gas Incinerator. Call your dealer or the Michigan Consolidated Gas Company at Woodward 5-8000. Do it today!

A UNIVERSITY of Michigan medical study on the State's medical and hospital economies pointed out that the serious shortage of physicians in Michigan can best be cured by starting a medical school in Grand Rapids and boosting Wayne State University's medical education capacity.

The new medical school, in addition to the ones at the U. of M. and WSU would cost about 50 million dollars. The researchers indicated that Federal aid should be sought to help in financing a new medical school.

## Long Argument Ends in Woods

A dispute that has been raging since last November between the City of Grosse Pointe Woods and the contracting firm of Rosell and Russel was partially settled in the Woods Council meeting Monday night.

Adolf Rosell and Otto Russel have been waiting since November for a promised payment from the Woods of the difference between the cost of a 8-inch water main and the 12-

inch one, which amounts to about \$800, that was installed on Morningside drive in the Pointe Grove Subdivision. The payment was evidently held up because of a legal dispute over the plat for the subdivision which has not yet been signed by all parties.

Last November the City Engineer and the Council authorized the reimbursement to the contractors, who were under the impression that the payment would be made immediately.

The 12-inch main was not necessary on Morningside. But the Woods asked Rosell and Russel to install it because it was needed on Fairmore. Rosell and Russel agreed.

"We just wanted to be good citizens," said Russel at the Council meeting. He seemed

upset and angry over the legal embroilment and noted, "Mr. Berns insisted on having things his way."

Councilman Benjamin Pinkos reminded the Council that the City had promised the contractors that they would pay the difference between the 8-inch and 12-inch mains. He also stated that the contractors may not have been cognizant of the rules and regulations that the Woods has. Therefore the payment should be made whether the plat has been signed or not.

A motion made by Councilman David Fairless to replay the gentlemen immediately was passed by a majority of the Council.

Leaping into the Saginaw Bay to break up a log jam, William H. Murphy teetered from one log to another in the seething waters, finally fell beneath the logs and was rescued by his father's foreman.

Simon Murphy, frightened for his son's life, nevertheless reproved him from his action in losing a valuable tool, the expensive peavy used by foresters, and told him he would never make a lumberman.

William H. Murphy the son of a lumberman, went on to sponsor the erection of the Penobscot building and to ride with Henry Ford in the first horseless carriages.

The Murphys came from Bangor, Me., the father, Simon, already interested in lumber. Young William was born in Maine in 1855 and was 11 years old when the family moved to Fort street in Detroit. A saw mill at the St. Clair river near Port Huron was the first family venture. As a lad he was studious and interested in music, rising at 7 o'clock in the morning to take violin lessons. But his father was determined he should learn the lumber business, lumber tycoons then amassing great fortunes while desamating Michigan's timber. In spite of his early misfortune near Saginaw Bay he did learn the business. The river near Saginaw Bay where he had fallen in the log jam was named in his honor.

In the Penobscot building he helped his father manage the family affairs, (the building was named for a river in Maine where the first Murphy began as a lumberman). In 1883 William Murphy traveled to Philadelphia to see one of the first motor cars.

When Henry Ford approached him to finance his first company, the ill fated Detroit Automobile Company, he contributed, traveled in the new invention from Orchard Lake and back with Ford as the chauffeur. When the company failed Murphy became interested in the Cadillac Motor Company and then in an electric power company, which was eventually sold to Edison.

In 1882 Mr. Murphy married a Bangor girl, Laura Hayward, and they were the parents of two children, C. Hayward Murphy, and Serena, who became the wife of J. Bell Moran. The son, longtime member of the Detroit Fire Commission, married Rebecca Steele and they became the parents of two daughters, one of whom is now living in the Pointe married to decorator Eppa Hunton Heaton. The Morans are the parents of four children and now live themselves in California. One of their sons, J. Bell Moran, Jr., is married to Joyce Skelton, and they live in Vendome road.

William H. Murphy never completely abandoned his devotion to music. He was among the founders of the Detroit Orchestral Association and was president of the Detroit Symphony Society. He contributed \$100,000 to find Detroit's orchestra a home, Orchestra Hall, and presented to the symphony a fine organ.

The late Dr. Fred T. Murphy, child of William's brother, Charles, also had a prominent role in Detroit and more particularly Grosse Pointe civic and cultural life. Dr. Murphy was educated at Andover and Harvard, served with distinction in World War I. His first wife was Cornelia Gould, of Andover, who died in 1907. They were the parents of Charles Gould Murphy, who traveled to Africa as a member of the New York Natural History Museum. Dr. Murphy then married Esther Longyear McGraw, daughter of Dr. and Mrs. Howard W. Longyear, of Detroit. He married, after her death, his next door neighbor in Grosse Pointe's East Jefferson avenue, the former Mrs. Frederick M. Alger, (nee Mary Swift). It was their estate which was gutted by fire and then razed last year.

Debutante Judith Skae, who was introduced by her parents, the Edward Askins Skaes at a reception Thursday, was honored by her uncle and aunt, the James J. Phelans, Jr., with a dance in their Moross road home Friday. The "Roaring Twenties" party brought the debut set out in flapper dress, Judith wearing a fetching emerald green fringed costume. Before the gala many of the guests spent several hours boning up on the Charleston and the Black Bottom at the Arthur Murray Dance Studio.

Seven year old John Couvreur has been a daily fisherman at the City pier. But Sunday, using a shed for bait, he came up with his rarest catch to date. He pulled in a 26 inch dog fish, with an assist from nearby sportsmen. Catfish abound in the lake but his parents, the George Couvreaux, of Kercheval avenue, believe this is the first dogfish caught in some time.

Spectators in the boxes lining the show ring at the Hunt Club's 50th anniversary Horse Show over the week-end were in constant danger of a spraying from the water truck. Between classes Mrs. William Champion, Mrs. J. Henry Smith, Jr., Mrs. Robert Koebel and Mrs. Frederick W. Pearce, Jr., had to flee to the rails to escape a drenching. Among the spectators were Mrs. Harvey Parke, Mrs. Phelps Newberry, Mr. and Mrs. Alfred R. Gianey, Jr (Mrs. G. in a slate brown sun dress the same color as her tan), Pam Hodges (her arm in a sling as a result of a fall from her own horse (Ginger), Mr. and Mrs. Theodore R. Buttrick, Jr., and Mr. and Mrs. Edward Wunsch.

June 28 has a special significance for art dealer Joseph deGrimme. That was the day in 1914 on which Archduke Franz Ferdinand of Austria and his wife, the Duchess of Hohenberg, were assassinated in Sarajevo, Bosnia, precipitating World War I. The murdered members of the Austrian royal family were riding in a parade in a Graef and Stift car, which had been especially built for them under the supervision of Mr. deGrimme's father, president of the company.

## Pointer of Interest

JACK DARVILL, PRINCIPAL OF DEFER SCHOOL

When Jack Darvill began playing his clarinet in a professional dance band at 13 he never dreamed he would become principal of an elementary school before he was 31. This past spring Dr. James Bushong confirmed his appointment to Defer School.

The one time musician worked his way through Boston University playing in hotel bands. Born in Sanford, Me., he also spent summer vacations working in the textile mills which made that New England town nationally known. He originally wanted to go into show business but soon decided with his childhood sweetheart, now Mrs. Darvill, that this was no career for a family man.

After his graduation from college he came to Grosse Pointe as a music teacher at Kerby School. He had discovered when practicing teaching at Boston U that he received more of a lift from the children's band concerts than he ever did when he played for hotel guests. As a principal today he still sits in with the school orchestra.

After a year at Kerby, (his wife was teaching at Richard), he took a leave of absence to continue his studies, went to Harvard for his master's in education. Then back to the Pointe where he served as administrative assistant to Dr. Bushong, Superintendent of the Pointe Schools. Then he went on to be assistant principal at Monteth where principal Marshall Jameson shared with him his Harvard background. Then he went to Defer as acting principal, the

## Alumni Clubs Holding Outing

The Harvard, Yale and Princeton alumni associations will gather at the Country Club of Detroit on Friday, June 23, at 4 p.m. for their 16th Annual H-Y-P Field Day. The Field Day, traditionally a stag outing, will feature softball, swimming, golf and tennis, followed by dinner at 7:30 p.m.

J. Donald McLeod, program chairman of the Yale Alumni Association of Michigan, describes the field day as "a continuation of the old school rivalry we experienced in our college days."

The Yale group is host for this year's event, although both Harvard and Princeton have been active in making arrangements. Serving on the arrangements committee are, in addition to Mr. McLeod, Wilber M. Brucker, Jr., representing the Princeton Club of Michigan, and Henry M. Campbell III, representing the Harvard Club of Eastern Michigan.

Each of the alumni groups also has an active autumn program, including luncheons in connection with broadcasts of the Yale-Harvard and Yale-Princeton football games.

be more of a do-it-yourselfer but finds his job permits little leisure. The Darvills currently live in Detroit, are saving diligently for a Pointe home.

With his regular duties at Defer next fall he will also carry the responsible job as president of the Grosse Pointe Education Association, related to the National Education Association, to which 500 Pointe teachers belong. On his calendar for next year are 50 meetings already scheduled.

**Handbook on Agenda**  
He is also plotting a "Handbook" to send home to parents, telling about Defer. Next semester Defer will be one of three Pointe schools participating in the Midwest Airborne Educational television program. Defer is also adding an additional half day kindergarten to lighten the teacher load.

At 31 years old Jack Darvill is very young rhetorically but is very young for the impressive responsibilities he has assumed. But he has great enthusiasm and great faith in the Grosse Pointe Public School System. When the doors of Defer open next September he will be ready in his remodeled cool green office to meet the challenges and opportunities which his new position as principal offer. He brings to his post skill, experience, an excited interest and devotion.

## City Club Plans Theater Party

Although they were all very young when the musical comedy "Leave It to Jane" opened in New York in August of 1917, members of the program committee of the Women's City Club have decided to see the revival playing at The Vanguard Playhouse and have planned a dinner and theatre party for this Thursday evening.

After cocktails and dinner in the air-conditioned lounge and dining room at the Club, the group will stroll over to the Vanguard (also air-conditioned) to see this period piece based on the George Ade play "The College Widow." The musical version that opened off Broadway in 1959 is still going strong.

Just a few of the members planning this mid-summer theater party are Mrs. Aaron E. Wilcox, Mrs. Marvin C. Dahnke, Mrs. Henry Burkhardt, Mrs. William Oddy, Mrs. Ralph Young and Mrs. Clayton Closson. They suggest reservations at the Club office.
