## HEADLINES

of the  
**WEEK**  
As Compiled by the

**GENERAL MOTORS** and the United Auto Workers began Wednesday to work out the details of their "agreement in principle" on the economics of a new labor contract. The tentative agreement was reached early Wednesday after an all-night bargaining session. It is patterned after the UAW-American Motors settlement.

Workers at GM-UAW locals in the Detroit area put down their picket signs but they're keeping them near-by. Many units were still engaged in local-level negotiations when the word came that their contract would be extended until Monday.

Friday, September 8

**OFFICIAL TERMS** of the economic agreement between General Motors Corp. and the United Auto Workers were revealed Thursday. The more than 310,000 UAW members at the auto company will pay for part of their increased benefits by giving up two cents from their 1961 annual-improvement factor and one cent of cost-of-living allowance payment due September 4. Except for the subtraction of this money, the terms generally parallel the economic settlement the UAW made with American Motors — excluding profit sharing.

Saturday, September 9

**THE UNITED STATES** is about to order as many as 40,000 men overseas to reinforce Army troops in Germany, reliable sources said Friday night. At the same time Administrative officials are holding the door open for Berlin negotiations, but dismissed Soviet Premier Nikita S. Khrushchev's offer Friday for summit talks as mostly propaganda. The troop reinforcements will start moving as soon as possible, the source indicated. It is estimated that the first would leave about October 1.

Sunday, September 10

**AN ESTIMATED 185,000** Texas and Louisiana Gulf Coast residents Saturday fled inland to escape killer tides and steadily rising winds which warned the advance of Hurricane Carla, churning shoreward with 135-mile-an-hour winds. A mass feeding-shelter program was underway under Red Cross and Civil Defense auspices. Carla has been called by veteran weather forecasters at Houston and Galveston the "most powerful ever to move toward this area."

Monday, September 11

**HURRICANE CARLA**, the largest and potentially the most destructive Gulf of Mexico storm in modern history, began smashing into a 20-mile-long strip of the nearly deserted Texas coast Sunday night. Ninety-mile-an-hour winds and surging tides toppled piers and buildings like matchsticks into a raging sea. Tides were expected to reach up to 15 feet above normal. Carla is so big and so powerful that forecasters warned it would move 100 miles inland at full force.

Tuesday, September 12

**GENERAL MOTORS** CORP and the United Auto Workers reached an agreement on a relief-time formula late Monday night. The dispute over relief time was instrumental in triggering a strike at most of GM's 129 plants Monday morning. Unofficial details of the relief-time agreement have been learned. There will be no increase in the 24 minutes of daily paid relief time granted by the company to each worker. However, all the workers would get to use all the relief-time allowance and the number of relief workers will be increased.

Wednesday, September 13

**DEMOCRATS AND REPUBLICANS** made last minute efforts Monday to turn out a bigger vote in Tuesday's Constitutional Convention election. The City-wide primary elections in Detroit, and other local issues in out-county areas, prompted Wayne County election officials to predict a total vote of 315,000 to 345,000.

## Police Radio Costs Shared By Pointes

Harper Woods Will Also Pay Portion of Estimated \$12,410 for Last Half Of Year

The cost of operating the Grosse Pointe Inter-Municipal Police Radio System for the last six months of 1961 has been estimated at \$12,410.50, of which the six participating municipalities have to pay their pro-rated shares. The five participants are the five Pointes and Harper Woods.

On Monday, September 11, the Farms and Park councils approved payments of their respective communities' share. The others, if they have not already done so, will also approve their payments, it was said.

The expense estimates for the operation of the radio system from July 1 - December 31 as set by the Farms, the managing municipality, are as follows:  
Harper Woods, \$1,244.77; Farms \$2,607.45; Woods, \$2,779.95; Park, \$2,446.11; City \$1,244.77; and Shores, \$995.32.

From January 1 through June 30, 1961, the total cost of the system was \$9,872 with Harper Woods paying \$2,257.20; Farms, \$2,015.26; Woods, \$1,937.49; Park, \$1,902.82; City, \$1,065; and Shores, \$693.69.

The amount assessed each community is based on a percentage charge the participants according to the 1961 real county equalized assessed property valuation. Total property value of all six cities is \$228,779,830.

## 698 Regular Employees Required to Man Pointe Public School System

Interesting Statistics on Teachers and Other Staff Members Contained in Report Submitted by Superintendent

The number of persons employed regularly by the Grosse Pointe Public School System this year totaled 698, as of September 1.

Of this number 34 are in the administrative and supervisory departments, 219 are elementary teachers, 236 are secondary teachers, 12 are public librarians, 19 are other professional staff members, 74 are office workers, 97 are plant personnel, one is a cafeteria manager, one is the high school bookstore manager, and five are nurses.

After an extensive recruiting and screening process in which contact was established with more than one thousand applicants, the services of 55 new professional employees have been obtained.

Fifty classrooms teachers, a visiting teacher, a school psychologist, a public librarian, a speech correctionist, and an elementary school principal have been employed so far.

One vacancy, in a fourth grade room at Mason, which developed late in the summer, has not yet been filled with a permanent teacher. It is presently covered by a capable substitute teacher while candidates are being considered for permanent placement.

Of the group, 35 are women and 20 are men. Twenty-five of the newcomers were placed at the elementary level, 20 women and five men. Twelve men and 14 women have assumed positions at the secondary level, while three women and one man are newcomers to the specialist level.

**200 Years Experience**  
These new staff members have a cumulative total of about 200 years of teaching experience with the individual average being something over 3 1/2 years. Forty of the newcomers are experienced teachers.

All of the new employees hold college degrees. Fifteen have advanced degrees while five have training equivalent to the six-year level. Average salary being paid is \$5,584.66.

Colleges attended by the teachers cover a wide area. In all, nine states and one foreign country are represented. The areas represented range from New England to Iowa and from Canada to West Virginia.

**Four Come Home**  
Four of the group are returning home to teach. They were graduated from Grosse Pointe High School in earlier years and have now completed the cycle.

**PARKED CAR DAMAGED**  
Diane Finley, of 1535 Fairholm, reported to City police on Friday, September 8, that while her 1960 Buick was parked at the rear of Fischer's someone damaged her left rear door.

## Continuous School Day Plan Working Out at High School

Initial Problems Encountered in Feeding Students Being Solved; Many Other Cities Have Used System Successfully

A preliminary report on the operation of the continuous school day at Grosse Pointe High School, indicates some problems exist, but also, that good progress is being made in correcting them. The chief trouble spots have been in the cafeteria lines, school spokesmen state. Certain of these have been longer than others and some students have experienced delays in obtaining their lunches.

"Delays on the opening day of school were excessive," Principal Jerry Gerich asserted. "We expected the new procedures to have some hitches and were prepared to make adjustments. Friday's lunch lines moved much better and I am sure each succeeding day will see more and more improvement and that no one should feel unduly rushed or find it too difficult to obtain and eat a proper lunch."

No Leaving School

This year marks the initiation of the so-called "Closed Campus" at the High School. All pupils are required to eat their lunch within the school building and remain in the school the whole noon period. Thus, students are under direct faculty supervision from 8:15 a.m. when the first class takes up, until dismissal time at 3:15 p.m.

A major advantage, Mr. Gerich claims, is that longer class periods result under this plan with a correspondingly longer instructional opportunity. Closer contact between student and subject matter specialist is possible inasmuch as part of each class period can be devoted to supervised study. Also, a full class period each week is planned for directed study and for personal conferences between the students and teacher.

Safety Increased

Another consideration that may be classed as a dividend resulting from the changed school day is increased student safety and well-being. Many of the hazards connected with improper use of motor vehicles during the noon hour in a congested area are now eliminated. Allied problems have also been solved.

Other school systems, many of them nearby, have long used the "closed campus" type of school program with consideration.

**Donning Glasses Causes Crashes**

Anna M. Kienle, of 553 St. Clair, was ticketed for reckless driving on Thursday, September 7. She was driving north on St. Clair and stopped and parked in front of 684 St. Clair to put on a pair of sun glasses.

She pulled out from her parked position into moving traffic and struck a car driven by Helen H. McCoy, of 63 Webster place, who was also ticketed for reckless driving.

Mrs. Kienle then struck an unidentified parked car, damaging the rear fender and tail light.

Mrs. Kienle was not driving with her required corrective glasses on.

**Artist's Sketch Identifies Thief; Paintings Recovered**

With a few strokes of his pencil, John Bohrer, a California portrait painter, former resident of, and frequent visitor to the Pointe, helped police catch a thief and recover canvases valued at \$9,000 which were stolen from his studio in the San Francisco suburb of Menlo Park.

Bohrer, who is the nephew of Mrs. B. T. Weyhing, of 825 Grand Marais, sketched a likeness of the thief as he was described by a woman onlooker who had seen the burglar gathering the loot.

As the women talked and Bohrer sketched, a face emerged on his pad which resembled a police mug shot of Andree Sammut, 29, taken a year ago when he was arrested in San

## Plan Survey Of Traffic On Vernier

Woods Council May Decide to Go to Court over State Highway Department Edict

Residents of Vernier road went to bat for themselves again at the Woods council meeting Monday night and scored high in convincing the council members that the parking ban situation on Vernier ought to be thoroughly investigated.

With an eye to the future, the city will conduct a week-long traffic survey and collect other data relating to the traffic and parking situation on Vernier between Sunningdale drive and the westerly city limits where the parking ban exists. If the council decides that there is some discrepancy between their survey and the survey used by the Michigan State Highway Department to justify their parking ban, then the city may elect to go to court to fight the ban. Legally they are entitled to a full hearing on the subject.

**Decision Reversed**  
Originally parking was banned 24 hours a day on that strip of Vernier, which has recently been widened to three lanes.

Then on August 22, Vern Bailey, director of public safety met with Harper Woods officials and representatives of the Michigan Highway Department to get some parking relief for Vernier. State officials said then that the original decision had been reversed and that shortly parking would be allowed from 8 p.m. to 7 a.m. This would be on a trial period of one year.

In the Monday evening council meeting it was learned that both decisions, the first to ban all parking and the second to permit limited parking, were based on a traffic survey made eight months ago when Vernier was only two lanes.

No complete three-lane study has been made either by the State or the Woods.

**Jabin Is Spokesman**  
Norman E. Jabin, the unofficial spokesman for the residents of Vernier, was quick to point out that as soon as the city brought some pressure on the State, the State used the same facts (survey) to arrive at a different conclusion. This would definitely be a point in the Wood's favor if it ever came to a legal battle.

Citing various state laws, Mr. (Continued on Page 2)

## Three Named To Park Posts

Three Park citizens were appointed to the Park City Plan Commission on Monday, September 11, one to fill an unexpired term, and two to replace commissioners whose terms have expired.

The Park council approved the appointment of Dr. Michael J. Brennan of 1176 Grayton, to serve out the unexpired term of Harold E. Ellington of 1058 Audubon, who resigned on August 14 due to pressing business reasons. The term expires July 1, 1962.

Appointed to serve on the commission, for a three-year term expiring on July 1, 1964, were Carl Habermas of 759 Harcourt, an architect; and William R. Luedders of 1225 Harvard, a realtor.

They succeed John N. McNaughton of 836 Edgemont; and Harold Husband of 1235 Bedford, whose terms expired in July.

Also members of the Plan Commission are Mayor Kenneth Cunningham, who lives at 936 Berkshire; Councilman William Odby, who resides at 806 Three Mile Drive; and City Manager Robert Stone, whose home is at 1145 Nottingham.

Completing the nine-member commission are Melville Colinson of 704 Westchester; George H. Helm 1058 Audubon; and Oran W. Thompson of 1258 Kensington.

At Monday night's meeting, it was disclosed that a resolution commending Ellington for his years of work to the community has been presented to him.

The council approved that similar resolutions be presented to McNaughton and Husband for their services to the city.

## Wright Kay Opens Pointe Branch Today

Beautiful New Store at Kercheval and St. Clair Holding Open House for All

Wright Kay and Company will hold open house with a million dollars worth of diamonds on display in their new Grosse Pointe branch, 17051 Kercheval, beginning today, September 14.

J. J. Wainger, president of the firm, invited civic officials, community and business leaders to attend a pre-views Wednesday, September 13, from 5 to 7 p.m.

One of the country's leading prestige jewelry retailers since 1861, Wright Kay's second branch in the Detroit area is a major event in their Centennial Year. A Northland Center branch was opened in 1955.

**Diamond Display**  
A wax peacock studded with \$100,000 worth of unset diamonds is the brilliant center of the special diamond collection assembled for the opening. Some 200 stones are embedded in the pattern on a foot-square panel.

Custom-made jewelry in the collection, all American styled and designed, includes more than 100 pieces, ranging in importance from rings and brooches valued at \$2,000, to necklaces and bracelets with stones up to 25 carats, valued up to \$50,000.

The new building, is keyed in architecture and interior design to Grosse Pointe's French tradition, adapted to its center of ultra-modern shops. "We blended old and new," Mr. Wainger said, "to create a traditional atmosphere without sacrificing spacious modern functionalism."

**French Exterior Too**  
A French accent on the exterior of antiqued white brick occurs in a wide, curved copper canopy above the front entrance, which is flanked by coach lanterns. Black marble (Continued on Page 4)

## Two Cars Crash At Intersection

A car driven by Sandra J. Johnson, of 4060 Benitcau, Detroit, was struck on Wednesday, September 6, by Benjamin W. Ball, of 63 Mapleton.

She stopped her 1960 Chevrolet for the stop sign at the intersection of St. Clair and Charlevoix and then proceeded to cross the street. Ball, driving east on Charlevoix, could not stop in time.

Damage was done to both cars. No violation tickets were issued.

### Vernier Residents Fight Parking Ban

(Continued from Page 1) Jabin reminded the council that a home-rule city, such as the Woods, has the right to petition the State Highway Commission for a full hearing.

"It comes down to what you and the council are willing to do," Mr. Jabin said to Mayor Kenneth Koppin. "We have the right provided to us."

"We have the right and the duty to exercise those rights which we have under the State statutes. Let's not let the State infringe on our rights," he continued.

Request Ignored

Councilman Frederick Maddock mentioned that he had requested a traffic count be made early in June when the original ban was first invoked. However, nothing had been done about it.

In other action taken on the issue the council rescinded its action taken on June 5 when it concurred with the recommendation made by the State for the 24-hour parking ban.

The whole matter was referred to the public safety committee which will oversee the traffic survey. It is expected that the committee will have some recommendations at the next meeting of the council Monday evening, September 18.

### Bedside Court

(Continued from Page 1) Watts was originally taken for treatment of the wound, stated that the bullet tore a large artery in the leg, and that Watts may be crippled for life.

McAlister was praised by Chief Louwers for his action, and for his ability and courage.

Praises Housewife

The chief also had high praise for Mrs. Emma Rouse of 1378 Somerset, from whom Watts attempted to solicit "work," a pretext Watts used trying to gain entrance into homes south of Jefferson.

Watts made contacts with several residents in different locations in the Bedford-Grand Marais area and other sections of the city, the chief said.

Mrs. Rouse was confronted by the burglar when he stepped into the vestibule of her home through an unlocked screen door and knocked on her living room door. When the woman opened the door, Watts' face was only inches from hers. When he inquired about a job, Mrs. Rouse, frightened, replied in the negative and slammed the door shut.

Reports to Police

Suspicious of Watts' action, Mrs. Rouse, although frightened, drove to the Park police station and informed Patrolman Arthur Conlan, communications officer, of her feelings about Watts. The officer sent a scout car crew to the 1300 block on Somerset to investigate.

While this car was in the area searching for Watts, the man was in the Sorter home robbing the place, and was eventually caught.

"Within the past month," Chief Louwers said, "two arrests have occurred in which the arrested persons have extensive criminal records. Following the arrests, Park officers conducted investigations which revealed that these very dangerous criminals have solicited, as a pretext, work from our citizens, who, not in the least bit suspicious, failed to notify police."

Issue New Plea

"Again, your police officers plead with you, the citizens, to call your police department when you have any suspicions regarding strange people. Don't take a chance on your life, or the lives of your loved ones."

He commended Mrs. Rouse for the initial report on a solicitor who turned out to be a dangerous, elusive, cagey prison escapee from Raleigh, N.C., from where prison authorities have placed a fugitive detainer warrant for Watts with the Park authorities.

Watts had been sentenced to Buncomb Prison (Raleigh) on February 18, 1961 for from three to four years for attempted rape; and on May 2 of this year, received seven to ten years for breaking and entering a home in Raleigh, and malicious destruction of property.

Articles Stolen

George Williamson, of 1033 Harvard, reported to Park police on Monday, September 4, that several articles were stolen from his boat since August 27. Missing from the boat, which is parked at the foot of Bishop, are a steering wheel and cables, gas tank, bag of tools and a pair of skis.

The canvas cover was also ripped. Total value of the damage and missing equipment is \$175.

### Court to Hear Narcotics Case

Betty Fricia, of 13621 Alger, was arrested by plain clothes Patrolman James LePratt on Thursday, September 7, and charged with violating the state narcotics law.

She is accused of obtaining narcotic drugs with a forged prescription and the unlawful use of narcotic drugs.

Miss Fricia made the purchase at Miller Drugs, 14945 Kercheval, on July 14.

On Thursday, September 7, she was arraigned before Judge Joseph Belanger and pled not guilty. An examination has been scheduled for October 10. She was released on a \$5,000 personal bond.

### BOTTLE TOSSER NABBED

Park police officers Henry Wilson and Walter Paton arrested Izell Bohanna, of 1637 Lyncastle, on Monday, September 4, for being a drunk motorist. A passenger in his car, Rita Campbell, of 2608 Springle, was ticketed for throwing a beer bottle in the street.

(Continued from Page 1) able success. All Detroit high schools employ the procedure. Birmingham and Ann Arbor, are two other cities which also use it. Schools in St. Clair Shores are still others.

Perhaps some of the most outstanding examples of school systems which use the continuous school day plan are to be found in some of the nationally famous suburban school systems with which Grosse Pointe is often compared. Oak Park and New Trier, Ill. are two of these; Great Neck, N. Y., and Belmont, Mass. are two more. All enjoy outstanding reputations and the evidence is strong that the plan works well in these communities, school officials state.

Two Places to Eat

Two distinct lunch facilities are operated at the High School.

each noon. The regular cafeteria serves complete, hot lunches only. Some of the delay here has been due to the inexperience of the relatively large number of newcomers to the building this fall. Nearly 900 of the 2,300 students enrolled there, are new arrivals, pupil personnel reports show.

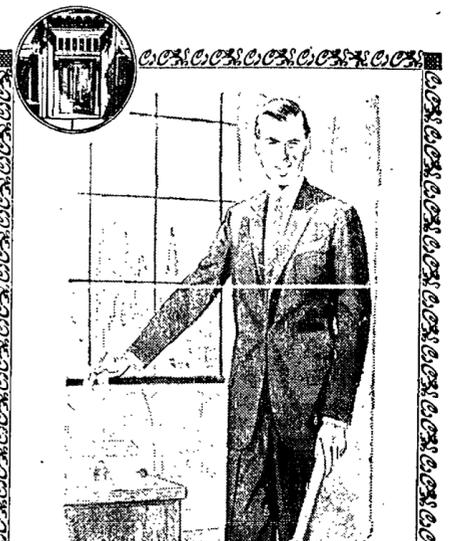

The second lunch facility is an auxiliary one, set up each noon in the girls' gymnasium. Supplements to lunches brought from home or complete cold lunches have been established since opening day so that faster service now is possible. Marked improvement in the smoothness of service already has resulted.

Gerich Is Confident

"We are confident that the passing of several days will see a much better situation prevailing at lunch time," Mr. Gerich declared. "Cafeteria employees will become more proficient at giving faster service and students will become better acquainted with the menus and

the manner in which different lines function.

"Every effort will be made to smooth out rough spots in the feeding operation and we will continue to adjust and improve our procedures until a minimum of waiting is necessary for anyone. There is no question but that the system can be successful and we will do our utmost to make it so."

Detroit Turners, oldest social and athletic club in the area held open house September 10 for members and guests to launch its 108th winter season. The club has been refurnished and several features added for what is expected to be its most active season in years.

According to president Henry J. Van Eckoute, of Belanger road, a record number of applications for membership have been coming in. This he attributes to President Kennedy's promotion of a physical fitness program for the nation. "The president is really getting through to Americans if the phone calls and letters we are getting regarding swimming, bowling, gymnastics and dancing classes are an indication." President Van Eckoute has been a member of Turners since he was four years old.

The Sunday program included a tour of the big building at 8731 E. Jefferson, movies for the children and exhibitors of swimming and gymnastics in the refurbished facilities. The program for the winter activities will be announced on this date. Newcomers in the area who are unacquainted with members may apply for information from William Harrison, club manager at the clubhouse.

**The Gant Story**

We believe that Gant shirts have a certain well-bred look that distinguishes them from all others. Careful tailoring and adherence to a strict tradition are qualities indigenous to Gant. The emphasis here is on meticulous detail in a heritage of conservatism.

Do you like a really neat, well fitting collar? Softly flared collar construction is gently RIGHT. Do you want to hang your shirt up? A trim hanger loop sees to that. Room to breathe? Oversize body construction is the answer. There's a full length box pleat back for trimness, too. Precise stitching lets the easy barrel cuffs roll up at mid-point.

The Gant shirt has been designed to serve you through a lifetime of correct dressing. There is painstaking workmanship in every fine Gant shirt...it comes from the expert craft of New England's finest shirtmakers. The craft explains why the careful details of these Gant shirts have been many times imitated but never duplicated.

### World Adventure Series Planned

The World Adventure Series, headed by George F. Pierrot, will open a Grosse Pointe Branch this fall as a part of the activities of the Department of Community Services of the Grosse Pointe Public School System. The series of eight Wednesday night programs will be held in Parcels Junior High School, Mack avenue at Eight Mile road.

The world's top speakers, who present condensed versions for the George Pierrot TV programs on Channels 4 and 7, will appear with their own exclusive color films.

"We are pleased that World Adventure Series is extending its extremely popular series of travel films and lectures to Grosse Pointe," said Forrest Geary, Director of Community Services.

Pierrot said the decision to establish a branch as a contribution to the broad program of activities offered by Community Services provides "the opportunity to better serve our thousands of friends in Grosse Pointe and neighboring communities . . . we are looking forward to seeing them more often at this new series at Parcels Junior High School."

The series will start November 15. Additional information may be obtained by calling the Department of Community Services at TU 5-3808 or TU 5-0271.

### Pointe Chorus Plans Season

Grosse Pointe Community Chorus begins its tenth year of choral concerts with its opening registration and rehearsal on Tuesday, September 19, at 7:30 p.m., at Parcels Junior High School, Mack at Vernier. Registration of members will begin at 7:30, the rehearsal at 8.

The Chorus serves a dual purpose in that it provides an opportunity for enjoyable participation by those who enjoy school singing, and gives to the public two excellent concerts each year.

Membership is open to all men and women over high school age who enjoy choral work and the excellent training it furnishes. The registration fee of \$4.50 covers the entire tuition cost through the Christmas concert, (scheduled for early December, 1961).

Founded nine years ago the Chorus has been directed for the past several years by Donald Simmons, and is co-sponsored by the Department of Community Services, Grosse Pointe Board of Education, and the directors of the Chorus. It is entirely a non-profit organization.

The coming Christmas concert will include the usual wide variety of choral works: classical, sacred, spirituals, carols and some novelty numbers. The entire program will be announced later. This year, as an added feature, the Bell Choir of the Salem Memorial Lutheran Church will participate in the program and accompany the Chorus in two numbers.

Further details and information as to membership may be obtained by phoning TUXedo 4-5964.

### Former Michigan Bishop To Preach at St. Michael's

On Sunday, September 17, the Right Reverend Russell Sturgis Hubbard, D.D., Bishop of Spokane, who is in Detroit for the General Convention of the Episcopal Church, to convene next week in Cobo Hall, will be the special preacher at St. Michael's Church at both the 9:30 and 11:15 a.m. services.

Bishop Hubbard, for several years Suffragan Bishop of the Diocese of Michigan and therefore well known in this area, is a native of Pennsylvania. He attended Chestnut Hill Academy in Pennsylvania, St. George's School, Newport, Rhode Island, and in 1924 graduated from Harvard, A.M., cum laude.

He was a Fiske Scholar at Trinity College, Cambridge, England, 1924-1925, and graduated from Virginia Theological Seminary, B.D. in 1927, receiving an Honorary Degree of Doctor of Divinity from that Seminary in 1949. His uncle was the Most Reverend James DeWolf Perry, former Presiding Bishop of the Episcopal Church.

After serving in parishes in Waterbury, Connecticut, Vermillion, South Dakota, Providence, Rhode Island and Bar Harbor, Maine, he was consecrated Suffragan Bishop of Michigan in 1948, and in 1953 was elected as Bishop of Spokane.

Members of St. Michael's have been busily engaged in preparation for the General Convention, and look forward to the active part they will be taking in this great event, which opens on Sunday, September 17 and continues through Friday, September 29.

Mrs. Donald Scobie, a member of the Central Planning Committee, is Chairman of Registration for the Convention and for the Triennial Meeting of the Episcopal Churchwomen. Working with Mrs. Scobie, in charge of scheduling, is Mrs. William A. Howe, Jr., assisted by Mrs. Bruce M. Regan, and participating in the registrations will be more than fifty members of the parish.

William G. Dowd, also of St. Michael's, heads the Special Speakers Bureau.

On Sunday, September 24, the women of St. Michael's will entertain at tea in the Parish House for visitors to Convention who will make a special tour of gardens in the Grosse Pointe area. This event is being planned by the members of St. Anne and St. Martha Guilds, under the co-chairmanship of Mrs. Ira Reindel and Mrs. Walter Seyffert.

BISHOP HUBBARD

Mrs. Wilfred C. Owen is Chairman of Personnel for the Religious Orders exhibit, assisted by Mrs. Edgar H. Yeoman and Mrs. Norman Perrin. This committee is responsible for the housing of the members of the Order who are attending Convention.

St. Michael's parishioners will have as their house guests delegates from the Philippine Islands, Mexico, Japan, Brazil, Haiti, Puerto Rico, the Panama Canal Zone, Alaska, et cetera. The Right Reverend C. Alfred Voegeli, Bishop of Haiti, will preach at St. Michael's on Sunday, September 24.

St. Michael's Choir will join those of other parishes of the Detroit area to provide the music for the great Missionary Mass Meeting to be held in Cobo Hall on Friday, September 22.

Attending the Youth Weekend, which will draw young people from all over the country, will be the following young people from St. Michael's: Misses Linda Leddick, Cathryn and Robin Michael, Kathryn Rowe, Sharon Wright and Messrs. Vincent Cerutti, James Gunn, David Kiswiney, Bruce Marone and George Thom III. Mr. and Mrs. Leonard Wright are members of the Chaperoning Committee. All young people attending this event will be housed in downtown hotels.

In addition to the usual Sunday services and the 7 and 9:30 a.m. Eucharists on Holy Days, there will be a Celebration of the Eucharist at eight o'clock each morning, Monday through Friday, during the weeks of the convention.

#### LOOKS LIKE JOYRIDER

Mrs. W. F. Connolly, of 54 Moran road, reported to City police that she parked her 1957 Thunderbird in the parking lot next to 18118 Mack at 12:15 p.m. on Friday, September 8, and upon her return at 3:10 p.m. she found her car had been moved to the rear of the building and a quarter of a tank of gas was gone.

### Science Scholar Gets Recognition

David Hookanson's project for the Pierce Junior High School Science Fair, last year, continues to win recognition. Science World, a scholastic magazine publication, features the experiment in its current issue and designates David as one of "tomorrow's scientists," a category reserved for outstanding students.

Another Pierce student, Douglas Jones, was similarly recognized last year. Both he and David won awards in the Future Scientists of America contest in a region comprising a large section of the Midwest and Canada. They also won other honors in local science fairs. Bruce Westling was their science teacher at Pierce.

"Identifying Unknown Inks by Paper Chromatography" is the title of David's study. This involves a technique of identifying the various molecules making up an unknown substance by a method which literally means color-writing. Scientists regard this as an important research tool and use it frequently.

David's project outlined an apparatus and procedure for determining what pigments were present in various samples of ink and in what proportions. His basic item of equipment was a clay sewer pipe sealed off at both ends.

Suspended in this container, which would keep a reasonably constant atmospheric condition, he had racks and dishes for the solvents needed to carry on the experiment. A fine grade of filter paper on which he could measure the relative advances different solutions made, by capillary attraction, when dipped in the liquid completed the necessary paraphernalia.

An outstanding feature of David's project was the way in which he established standards or norms for identifying unknown inks. His method eliminated the more ordinary but cumbersome practice of keeping chromatograms of known substances on hand for direct comparison. However, he cautioned that "there are many conditions which make it necessary to allow for a slight margin of error in the positive identification. Take into consideration the proportion of the solvent ingredients, the temperature, and the rate the solvent evaporates."

### Men's Chorus Needs Singers

The Grosse Pointe Men's Chorus of the Grosse Pointe War Memorial Association will open its ranks to new members and welcome all Grosse Pointe men interested in group singing when they meet for the first time this season at the Center on Monday evening, September 18, at 8:30.

Chorus director John Finch, for many years head of Vocal Music at Grosse Pointe High School, will place each individual in the section best suited to his voice and will give training to those who need it. No embarrassing audition is necessary.

The Men's Chorus meets with an accompanist on Monday nights throughout the year. In addition to rehearsals they have regularly scheduled concerts and are in demand to sing for many occasions throughout the community. Men of all ages are welcome and good fellowship is extended to all.

A man has to travel fast these days just to stay even.

The University of Michigan Bureau of School Services received 152 service requests from 129 Michigan schools and organizations last year.

Shores Police noticed four damaged mailboxes, three in Oxford road, and one in Sheldon, while on patrol on September 6.

All of the mailboxes were dented and one was knocked off its post.

The damages were apparent-

ly caused by a large, heavy object which may have been thrown from an automobile, police said. On investigation, a large brick was found under one of the mail boxes.

The energy wasted in useless worry would light up all the cities in the world.

**Special Class In Art Planned**

A special evening art class will be offered at the Grosse Pointe War Memorial Center, 32 Lake Shore road, on Tuesday evenings beginning September 26 from 8 to 10 p.m. The class will center around Tempera painting which is opaque water-color handled exactly like oil. Students will first of all, however, learn the basic necessities of art—how to draw, how to compose a picture and how to mix paints. Perhaps more important, they will be taught the thought processes behind good art work and how to project feeling into line and color. This evening art course will be taught by Grosse Pointe artist Marcella Churchill of Meadow lane. She is a graduate of the Pennsylvania Academy of Fine Arts and the Philadelphia Museum School of Art. These evening classes are offered in a ten week 2 hour series for a total of \$20. The class is limited and advance enrollment is requested by calling TU 1-7511.

**Center Offers French Classes**

Classes in Conversational French are again being offered at the Grosse Pointe War Memorial on Wednesday mornings beginning September 27 from 9:30 to 11. The instructor will be John J. The course is planned for those who need to strengthen their vocabulary of spoken French and who need practice in actual conversation. The term is of 16 weeks duration and is offered for a semester fee of \$27. Advance registration by calling TU 1-7511 is requested.

**What's ahead for Chrysler?**

The people in charge talk briefly about what they are doing

Suppose somebody put you in charge of America's seventh largest industrial company in sales with assets of one billion, 369 million dollars and said:

- "You have more than 82,000 people working for the company.
- "You have 86,000 stockholders.
- "You have more than 6,000 dealers who sold more than three billion dollars' worth of cars and trucks in 1960.
- "You do business with more than 12,000 other companies.
- "And remember what you owe to the people who own the more than 11 million Chrysler-built cars and trucks now on the road in the U. S. alone.
- "You're in charge. Fix what's wrong, keep what's right, and move ahead."

That's the job they gave us and that's what we intend to do...

**"Fix what's wrong, keep what's right, and move ahead"**

With the cars we have for '62, and by keeping our eye on these objectives, we are confident we will move ahead rapidly.

1. We plan to make it necessary for every automobile buyer once again to "look at all three." This can be accomplished only by offering cars with something extra in every price class. This we are doing!
2. In addition to offering cars with something extra in every price class, we will continue to offer the best built cars in every price class. To accomplish this, we have tightened up our already rigorous quality control program. You'll see the results in our 1962 cars on display September 28.
3. We are dedicated to turning out cars that will give you peak performance, that will handle gas as though it were rationed, and will require a minimum of attention and expense. We're doing it now, and we're going to do even better.
4. Chrysler Corporation has the best engineers in the business. It is our job to see that their best ideas go into our cars.

In accomplishing these four basic objectives, we will offer you cars in every price class that give you the most for your dollar when you buy them and the most for your dollar at trade-in time.

### St. Paul High Grid Team Meets St. Thomas Sunday

The St. Paul High School football team opens its schedule on Sunday at Grosse Pointe High Field against St. Thomas at 2:30 p.m. The team will feel the loss of last year's seniors, with the graduation of the entire line, and its star fullback, Butch Cobb.

The expectation is that Gary Schick and Steve Handlos, the captains of this year's team, will lead a very capable team to meet its arch rivals, with the addition of some new linemen, such as Bud Barlow, Ron Schrage, and Wally Erduld at the tackle spot; guards Art Miller, Dennis Buda and Barry Trombly. The centers fighting it out for the starting position are Dick Oliver and Neal Endries. The end spots should be taken care of by Greg Piche, Tom Moxley, and Matt Koffman.

The greatest strength lies in the backfield of Jack Wachter, Check Hiener, Mike Cantwell, Frank Kotcher, Joe Cobb and Bob Colasanti.

The thousands of boat racing fans who lined the shore of the Detroit River last Sunday to see the Silver Cup Race left their vantage points saddened by the news that Bob Hayward had been killed driving the Canadian entry MISS SUPER-TEST II when the powerful craft did a complete roll as he attempted to gain the lead in the turn at the Belle Isle Bridge.

Hayward, one of the most popular of drivers, was the only person to win the coveted Harmsworth Cup three times in a row. He captured this most famous of all power boating victories three years ago and successfully defended it twice since. His victory was the first time in 39 years that the cup had been won by other than a U.S. boat.

Comm. John Carter announced after the accident that the Race Committee had cancelled the remainder of the race. They declared MISS BARDAHL, driven by Ron Musson of Seattle, the winner on the basis of winning the first heat.

The Detroit Yacht Club Sweepstakes Regatta broke all records last Saturday when Comm. Edward Zerbe, chairman of the Race Committee, announced that 207 boats had crossed the starting line. This is the first time that more than 200 boats had started a regatta.

W. G. "Toot" Gmlener's APACHE managed to work out in front of her competitors to lead the fleet around the course shortened to nine miles because of the light air. APACHE won both Cruising "A" and Overall honors.

Comm. Mike Tapert's syndicated FLEETWOOD took first place in Cruising "B." Llywd Eccleston's BIKINI took second place by only one second over Guy McNarron's VASHTI which placed third.

The Cruising "C" class, one of the most keenly competitive classes, saw two new boats capture two of the first three places. SPOOK II, Jim Daoust and Paul Koch's new Alberg 35 finished first and SEA SKOL, Edmun Andersen's sloop placed third. OLD RARITY, sailed by Chuck Bayer finished second.

Al Bortolotti continued to add title after title to his already long list of victories by placing first in the RAVEN Class as well as winning the Milton O. Cross Memorial Trophy as the outstanding skipper of the year.

U.S. Coast Guard Auxiliary Flotilla 12-12, began the fall class in Basic Seamanship and Small Boat Handling Tuesday at the Grosse Pointe War Memorial. Anyone interested in attending this program may still do so by enrolling next Tuesday at 7 p.m. This 10-week course covers the fundamentals with which everyone who does any boating should be familiar.

### GPYC to Open Bowling Season

Surest sign at Grosse Pointe Yacht Club that autumn's here is the start of the bowling season. This year's kegling will bow in September 22 with the annual Pre-season Bowling Party.

That's a fun party and enthusiastic get-together for the members and wives who will embark upon another season when the club's league bowling begins three days later, September 25.

Another sign of fall's arrival is a quite different event, and that's the GPYC's annual Blue Nose long distance sailing race. The 1961 version of this yachting competition is to take place September 23 over a course of 38 and 8/10 nautical miles. Starting time will be 10 a.m.

Back to the September 22 party — all GPYC bowlers, league or otherwise (also all members interested in bowling) are invited to attend the fete in the club's fo'castle adjoining the bowling alleys.

Cocktails at 6 p.m. will be followed by a 6:30 o'clock buffet dinner, all sparked by reunion kibitzing. Then the evening's feature will be open kegling, with a bowling clinic and professional instruction by a Brunswick bowling star.

In charge is the bowling committee including general chairman Jack W. Hooper, vice chairman and inter-club representative Fred B. Hillger and the various league chairmen, E. F. "Pete" Sanders, Mrs. John F. McNamara, Robert B. Wood, Mrs. George R. Granger, George W. Parkin, Haford Kerbawy, John L. Meier, Dr. Joseph A. Barkley, Mrs. E. F. Sanders, Dr. George R. Granger and Lee M. Radke.

Actually, the season will get under way informally at 5 p.m. on Sept. 15 with the opening of the GPYC lanes for practice and open bowling, according to Chairman Hooper and the committee.

The season's 11 leagues will include one stag, three ladies afternoon leagues, six adult mixed leagues and one Saturday morning junior league. New this season is the Thursday twilight mixed league for young adults in the junior and intermediate membership groups.

Incidentally, effective Tuesday, September 12, at GPYC, light lunches, snacks and sandwiches will be served in the Grill Room from noon to 8 p.m.

Flying Dutchman Roy Wanless; No. 347; No. 369; No. 312. Folkboats—6 Miles Don Hanna, 4:28:18; Alex Allardyce, 4:29:00; Jerry Naumann, 4:29:37; S. Little Gridders Selling Candy The annual candy sale of the All American Little Football League starts this Saturday, September 16. The league has teams in Grosse Pointe City, Park, Farms and Woods.

Members of the league will be selling an assorted one pound box of mixed light and dark chocolates for one dollar. The candy sale is the league's only solicitation. The proceeds are used to carry on the program of carefully coached and supervised football for boys from 9 to 12.

### Hunt Club Net Tournery Ends

Eighty members participated in the recently completed Grosse Pointe Hunt Club tennis championships. The Cavanaugh family made a fine haul, taking home three of five winners trophies.

Mrs. Cavanaugh defeated Mrs. Mrs. Willard Smith 10-3 in an abbreviated pro-set match. This was a compromise with the high heat and humidity of recent weeks.

Denny Cavanaugh downed Mike Cerre 6-0, 6-1 in the 15 and under boys final.

Maureen, the third winner in the clan Cavanaugh, edged Pam Wrigley 10-7 in another pro set final in the girls 15 and under.

Kevin Conway trounced Tom Black 3-2 in the boys 12 and under. Joan Black took the measure of Mary Blakeslee 8-0 in the girls 12 and under championship match.

The 4th annual GPHC Jr. Invitational doubles title was won by Bill Bavinger and Tom Berschback, who trimmed Vic Dhooge and Charles Munson 6-3, 6-2.

The Navy TERRIER missile will be on display in front of the Eastland Standard Station at the corner on Eight mile and Kelly roads from September 18 through September 21.

TERRIER is an all-weather surface-to-air missile. Designed to intercept enemy aircraft at longer range and higher altitudes than conventional anti-aircraft guns, the 15-foot weapon utilizes a solid fuel rocket motor in traveling its 10-mile range and employs a beam-riding guidance system.

The missile is suitable for shipboard use or beachhead operations with the Marine Corps. Shipboard TERRIERS are selected automatically from the magazine and loaded on the launcher which is then automatically trained, elevated and fired. The entire operation takes only seconds. Radar then

With Our Blessings

This is the time of year when we say goodbye to you young men and women who are leaving for college. Some of you who attend institutions close by will be back with us often; others will not return until the Thanksgiving or Christmas vacation periods.

If your powers of perception were abnormally keen, you could find, tucked away in that outrageous assortment of luggage and duffle which is always affected by the college crowd, things other than the equally absurd collection of personal items which go ever with you. You would see a million tiny, unuttered thoughts, bits of advice which we never quite got around to passing on to you. There would be a trunk full of fervent wishes and bright hopes, a generous sprinkling of prayers; and those myriad stains would be the remnants of tears, dropped mostly by the mothers of the youngsters who are leaving home for the first time.

So much of us goes with you, it is just as well you do not know. Accepted with the seriousness with which it is sent, it would constitute a burden that young people should not be called upon to carry.

It is an unchanging law of life that the younger generations grow constantly further away from their parents. And it is, for us, a sad truism that just the reverse holds with the oldersters. Our interests turn inward and focus sharper with every passing year on the events which make up the lives of our children and grandchildren. But it is equally true that we would have it no other way.

Advice is easy, and there are so many things we think we could and should have told you, to make things easier. Looking back, we are so prone to think of these years through which you are now passing as a painless period of enchantment and frivolity. Time is a great eraser and most of us have forgotten that all things are relative; that the troubles of youth, though they may seem negligible to us, may be just as bitter to swallow as our own most devastating trials. If we are lacking in understanding, we ask your forgiveness.

The shyness of youth, if such a thing still exists, is surely equalled by the shyness of a parent who is afraid to bare his soul to his own children lest he appear weak, or in fear that he may embarrass the youngster with a display of maudlin sentiment. In removed repose, it appears to us that a great deal more of this interchange of inner feeling would be a healthy and highly satisfying experience.

We wish we had not hesitated, to tell you how proud of you we are, and what tremendous boons you have granted us through your accomplishments. We are sorry about the beratings we felt at the time were merited, and we wonder fearfully whether they were harmful or helpful.

We are so mindful of our own first days in college, and of little incidents and soul-shaking experiences, which followed in quick succession through all those wonderful years. We are going through them again with you now, and hoping that something we have imparted is helping you, either to get the utmost enjoyment or the least sorrow out of them as they come along.

College is such an immense hodge-podge of opportunities and pitfalls, with so many doors that should be opened and entered, and so many others that should remain closed; so many roads that should be explored, and endless turns that should never be taken. Now, infinitely more than ever before, you are going to have to rely on your own judgment. But we want you to know that if you err, and if help is needed, we want to be given the first chance to provide it.

There is so much said about our "future citizens," the "leaders of tomorrow," the "hope of the world," that we trust you will pardon us for mentioning these old cliches. We like to remember the college president who told the entering freshman class: "If by the time you have been graduated from here you have learned how to educate yourselves and can use a library intelligently, we shall consider that we have done a good job."

These years are but preparatory ones for the many, many which lie ahead, each pregnant with possibilities for broadening your education. The truly wise man is the one who continues to learn every day of his life, who is always honest enough to admit he does not know the answer, but then makes a point of finding it.

Your education has to do not only with classrooms and textbooks and lecture halls, but with mixing with your fellow students and faculty members, both socially and intellectually. Understanding is an attribute to be devoutly cultivated.

Let religion be a large part of your lives and be thankful that there is a noticeable surge today in the movement back to the Greatest Teacher. There will be many times when you will find yourselves in need of His instruction and you will find it helpful to be on close terms with Him.

These are the golden years and yours is the privilege to make of them what you will. If we have helped you walk across the threshold with confidence, we are grateful. If we have failed you, forgive us.

What Goes On at Your Library

by Jean Taylor

Interest in photography continues to mushroom. Stand in line at the counter of any camera store, any hour of the day, and you'll realize that photography buffs are on the increase.

One of the fringe benefits of this hobby, if you are interested in the portrait angle, is the opportunity to meet a variety of people. Some of these experiences can be highly rewarding.

Mrs. Beulah York of our Woods Branch staff, an ardent and capable photographer, recently took a heat trip through the islands of Georgian Bay, Canada, camera in hand. At one of the small ports of call, she was enamored with a little Indian boy.

"I should like to take your picture," said she. "If you'll let me, I'll give you a quarter."

Came the reply, "Lady, I don't want no money—I'll lend you my face."

Reassuringly, in this materialistic age, a few of us can be a Youself Karsh, one of the best of all portrait cameramen, but we can enjoy browsing through his "Portraits of Greatness" in which he captures not only the public image but also the human qualities of the celebrities whom he has photographed.

Werner Bischof was another perceptive portrait taker. Be-

fore his life was tragically ended in an automobile accident in the Andes, Mr. Bischof had assignments which took him to India, Japan, Korea and Peru among other far places, and his subjects were people of all kinds and backgrounds. In "The World of Werner Bischof" Manuel Gasser comments on these pictures.

Herbert Williams' "Camera Portraiture" will be of help to both the professional and the amateur. It discusses all aspects of this phase of picture making including lighting, make-up and color analysis.

Other facets of photography as a hobby may be found among recent books on the library shelves.

"Make Your Own Color Prints" by Robert Bagby, gives specific, understandable instructions in making Kodacolor prints, processing color negatives and making color prints from transparencies. Written for the amateur.

"Home Movies Made Easy" by Bob Knight discusses the choice of camera, indoor and outdoor picture taking, and the editing and showing of films.

A new edition of "Better Color Movies" by Fred Bond gives "quick simple answers to common problems of amateur movie makers."

In "Photography for Everyone" by Fritz Henle and H. M. Kinzer, emphasis is on choice of subject, composition, lighting conditions and the general achievement of pictorial effects. Examples of successful and unsuccessful photographs are given.

The fascinating subject of "Taking Pictures After Dark" is developed in detail by Y. Ernest Satow in his book by that title. There are also some good suggestions for outdoor night photography in Gosta Skoldung's book "Colour in Your Camera." This is for the beginning photographer and gives specific advice on taking pictures whether outside or indoors, with all kinds of natural and artificial lighting.

Andrew Matheson's "Successful 35 mm. Photography" covers both cameras and attachments with material on lighting, shutter speed and focusing.

Why not use your library to get the most out of your camera?

Foreign Policy Talks Planned

Russell Barnes, Foreign News Analyst for The Detroit News, will lecture and lead discussion on "Current Developments in U.S. Foreign Policy" at the Grosse Pointe War Memorial Wednesday nights from 8 to 10 o'clock beginning September 29.

The series of six weekly lecture-discussions terminating October 25 is offered the Grosse Pointe public for the nominal fee of \$5 through the cooperation of the Division of Adult Education of the University of Michigan and Wayne State University, The Grosse Pointe Community Services, and the Grosse Pointe War Memorial Association.

Mr. Barnes for years was foreign correspondent for the Detroit News later becoming a foreign news columnist as well as radio commentator. In addition to being the News' foreign analyst he is a university lecturer.

FISHING TACKLE STOLEN Ed Brenner, of 177 Lakeview, reported to Farms police on Tuesday, September 5, that some fishing equipment was stolen from his boat parked at the Farms municipal pier.

Taken were a brown fiberglass, nine feet long with a cork handle, valued at \$10.50, a Johnson Citation green spinning reel, valued at \$20, and a light green plastic tackle box containing several lures, valued at \$12.

To the Editor: Your last issue carried a story about someone having an anchor stolen — we have an even worse case to report — somebody took the Boat Club anchor and starting buoy from almost under our noses while we were hoisting sails in the marina.

Two weeks ago we scheduled an evening sail race to replace the usual Sunday race called off because of heavy winds and rough water. A 6 p.m. start was too early for the club member who usually anchors his cruiser to provide us a starting line out from the swimming pool, so we anchored an orange colored elliptical-shaped buoy offshore at about 5:15 p.m. But when eight boats sailed out for Mr. Holman's starting gun at 6 o'clock—the buoy had disappeared.

We had to start without a buoy and Labor Day we used a syrup can anchored with a stone—a poor substitute. Perhaps if you'd give us a

Emergencies strike with sudden swiftness. A slip, a fall, a collision is seldom announced. So be prepared. At least one member of every family should have a working knowledge of first aid. There are books on the subject and the American Red Cross gives classes where such information and training can be acquired. We recommend that you, or someone in your household, acquire the "know-how. Another worthy recommendation is to maintain a supply of first-aid medications on hand at all times—antiseptic, gauze bandages, adhesive tape, alcohol, soothing creams, etc. The cost is small and we'll be glad to assist you in your selection.

Letters To The Editor

September 11, 1961 To the Editor: The gate was left open and my dog ran away. He was gone 48 hours but we have him back now which I am sure we never would have if it hadn't been for the interest and helpful prompt action of the Grosse Pointe Farms and Grosse Pointe City police. I can't say enough in praise of this wonderful organization.

They were on the job day and night keeping us informed. They followed several clues but not until the one (after 48 hours) where the Grosse Pointe City police phoned the Farms did we learn that the dog was in a home by the lake at the end of a narrow road running out of Jefferson out of Rivard boulevard.

I am so more than thankful to them and I am sure whoever reads this will join me in the very highest praise of our wonderful police force.

Mrs. J. H. Flinn, 29 Newberry place.

Two Cars Tangle An accident occurred at the intersection of Moross and Mack avenues when Robert K. Huber, of Roscommon, struck a car driven by Herbert S. Kaake, of 20619 Alger, St. Clair Shores. No violation tickets were issued.

## From Another Pointe of View

"Prague will make you cry," reports Mrs. James S. Harris, who has just returned from an eye-opening trip to Russia and the satellite countries. A teacher at Grosse Pointe University School Mrs. Harris had the tremendous opportunity of traveling to the Soviet and some of the satellite countries with a group from Choate School. These students and teachers all speak Russian, are well versed in Russian history. Mrs. Harris spent a week at Choate this summer before flying to Moscow on August 2.

"Young students ask questions adults would be afraid to ask," she says. In Russia the citizens were fascinated by the student group, friendly and co-operative. Only when the tour arrived in Poland and Czechoslovakia were the students really aware of the desperate condition of people living under a despotic government. Mrs. Harris talked to a man and his wife who drive to the West German border from Prague every so often just to look into freedom, with no hope of ever leaving Czechoslovakia.

The Choate group flew to Amsterdam then entered Russia through Finland, came out through Warsaw. Now back in her first grade classroom Mrs. Harris is preparing to write a paper about her trip for her master's degree, is waiting for the films she took on the tour.

### Son in Germany

Flying to Paris this Thursday are Mr. and Mrs. William Denler and Mr. and Mrs. Harrison T. Watson. They will rent a station wagon and drive through France, Germany, Switzerland and Austria.

The Denlers are anxious to visit son, Bill, on army duty near Frankfurt, and alerted to duty in Berlin if the situation there becomes more troubled. The quartet will be gone about a month.

### Casting Call

This Sunday at the War Memorial, Fine Arts will hold try-outs for the November 17 and 18 production, the first of the season.

Cyril Ritchard's Broadway hit, "The Pleasure of His Company" will be the comedy with performances as usual at the Players. John Kinsey will be the director and Mrs. Sydney Reynolds, his assistant.

Quite a few Fine Arts players will be in the cast of T. S. Eliot's "Murder in the Cathedral" which will run September 21-26 in the chancel of Old Christ Church. This production is being done in connection with Triennial Convention of the Episcopal Church held in Detroit for 12 days.

### Thrift Shop Show

For the 25th fall season Walter Irving will show his new fashions at the Neighborhood Club donation tea sponsored by the Thrift Shop, September 19.

Admission to the fashion show is a bundle of new or used clothing, jewelry, china, furniture or household items which can be re-sold at the Thrift Shop.

Mrs. Bruce Chalmers is chairman of this year's show assisted by Mrs. Sidney Hall. Hostesses will be Mrs. Robert Cudlip, Mrs. Benjamin G. Chapman III, Marion Campbell, Mrs. John R. Odell, Mrs. Albert Mackey and William E. Kohr, Jr.

Modeling the fall fashions will be Mrs. Henry Bodman, Mrs. Howard Buhl, Mrs. Thomas Hammond, Wendy Colby and Mrs. Joseph Lackey. There will be

## St. Paul Lutheran Women Resume Church Activities

With the summer recess over, the women of St. Paul Lutheran Church, Chalfonte and Lathrop, are once more resuming their church activities. Interest is sparked by the fact that the new parish education building is now open for use.

The celebration of the ninth anniversary of the church will be highlighted by the formal dedication of the new building on Sunday, September 24. The church is planning special services that day, with a congregation dinner and meeting in the evening.

A telephone committee headed by Mrs. Norman Kleibert will contact every family in the congregation for reservations for this affair. This will be a catered dinner, so the ladies will be free to enjoy the celebration.

"How Shall I Pray When I Am Sick?" will be the topic for devotional group discussion at the circle meetings this month. A brief business meeting will follow, after which, in most circles, there will be light refreshments and fellowship. Most of the circles will now be using the facilities of the new building for their meetings, although a few are still meeting in the homes. The circle meetings for September are as follows:

Lydia: Tuesday, September 19, at 12:30 at the church.

Sarah: Tuesday, September 19, at 7:30 p.m. at the church.

Ruth and Miriam: a joint meeting, Tuesday, September 19, at 7:45 at the church.

Rachel: Tuesday, September 19, at 8 p.m. at the home of Mrs. Maurice Sassaman, 1598 Newcastle.

Esther: Wednesday, September 20, at 1 at the church.

Elizabeth: Wednesday, September 20, at 8 p.m. at the home of Mrs. Robert Graham, 2174 Anita.

Dorcas: Thursday, September 21, at 12:45 at the church.

Dorcas circle is in charge of the church nursery this month. Miriam circle will visit the Convalescent Home. The sick and shut-ins of the church will be visited by Esther Circle, and Ruth circle is in charge of soldier remembrance. Mrs. Steve Kapilla and Mrs. Clarence Becklein will perform the duties of caring for the altar.

A farewell reception for Vicar Davis Darrington was held on

the evening of August 28. Mrs. Willard Hosking was in charge of arrangements, and was assisted by Mrs. Bernard Schenk, Mrs. Russell Stewart and Mrs. Clarence Becklein.

Miss Shirley Jordan, fiancée of Vicar Darrington, graced the reception line. Vicar Darrington has returned to Luther Theological Seminary in St. Paul, Minnesota, to continue his studies for the ministry.

The "Cause of the Month" for September is Parish Education. A sum of money from the general treasury has been set aside for this purpose. The Department of Parish Education of the American Lutheran Church covers many areas: School, including Sunday School, Vacation Bible School, and Confirmation Instruction; Church Workers' Leadership Training; and Curriculum.

Chairman of the Work Day Group, Mrs. Fred George, invites all who are interested, to join her group which meets once a month, (the second Wednesday) to sew cancer pads for the Michigan Cancer Foundation. This group meets from 9 a.m. and works until 3 p.m. at the church. Members bring their own sandwiches for lunch; coffee is furnished.

On October 10 the ladies will be celebrating the fourth anniversary of their organization, St. Paul Lutheran Churchwomen, with a general meeting and banquet. There will be election of officers.

The guest speaker on this occasion will be Rev. Robert F. Gibson, son of Mr. and Mrs. Robert Gibson of St. Paul. Rev. Gibson will talk about Japan where he was stationed as a chaplain in the air force. He will illustrate his talk with slides and artifacts.

Since this is a "son" of the congregation, the ladies are opening this meeting to the men, so that they will have an opportunity to see and hear Rev. Gibson, who is now supervisor of Social Service for the Lutheran Inner Mission League, Dayton, Ohio. Reservations may be made at the circle meeting, or through reservation chairmen Mrs. Lottie Smith, and Mrs. Edna Kilgus.

Social: Chairmen Mrs. Willard Hosking and Mrs. Guy Ropp are planning a fried chicken dinner.

## James S. Heim Sails For Year in Sweden

James Sherwood Heim, son of Mr. and Mrs. Arthur Heim, of Cranford lane, sailed on September first on the Kungsholm from New York for Sweden.

He will spend his junior year at the University of Stockholm where he will be participating in the program of the American-Scandinavian Foundation at the Institute for English-Speaking Students. His first two years of college work were at Knox College, Galesburg, Ill.

Mr. and Mrs. Heim and James will attend the reception in New York given by the American-Scandinavian Foundation for these students and their parents.

Habits form the rails over which a man's train of thought travels.

## Medical Society Plans Benefit

On Tuesday, October 17, at 12 noon, the Woman's Auxiliary to the Wayne County Medical Society will hold a "Fashionarama" and luncheon in the Riverfront Ballroom of Cobo Hall, The D. J. Healy Shops will give the show with fashions for the "Busy Woman."

Mrs. Eli J. Igna is chairman of Ways and means, with Mrs. Robert Horn as co-chairman. Grosse Pointe women working on the committee are: Mesdames Herbert W. Devine, Paul R. Dumke, George R. Granger, Wm. McIntyre and F. Janney Smith.

On September 11, all the committee will meet at the home of Mrs. Igna for luncheon and final instructions for the big event.

This is the one and only money making project of the Auxiliary each year. The money made is used for scholarships for needy medical students, nursing scholarships and the American Medical Education Foundation.

The A.M.E.F. money is shared equally by Wayne State University and the University of Michigan, as is the Scholarship Fund. World Medical Relief is also a recipient of funds.

## Ballet Classes Being Formed

The Grosse Pointe War Memorial's School of Ballet under the direction of Mary Ellen Cooper will re-open with two enrollment days, Friday, September 22, from 3:30 p.m. to 6:00 p.m. and Saturday, September 23, from 9:30 a.m. to 2:30 p.m.

Miss Cooper, who has directed the Center's School of Ballet for many seasons, is a graduate of the Royal Conservatory of Toronto and a member of one of Detroit's leading musical families.

Miss Cooper teaches the traditional Italian ballet to young ladies from age 5 through their teens. Classes are scheduled after school Mondays, Wednesdays, and Thursdays and she also teaches all day on Saturdays.

Miss Cooper likes to interview all prospective students on enrollment day to be sure that they are placed in the proper class from the standpoint of age and ability. Class sizes are kept small. The fee is \$21.60 for twelve lessons for those between the ages of 5 and 10 and \$24.00 for those older.

In addition to her classes for young people, Miss Cooper has a special class for adults on Wednesday evenings at 8:30 o'clock.

Today some people are looking for a religion that will make them feel respectable without requiring them to be respectable.

## Concert to Pay Bishop Honor

Mrs. Luther R. Leader of Bloomfield Hills, regional chairman for the Washington Cathedral's Eastern Michigan Division has enrolled many of the association's members to participate in its activities during the general convention September 17-20.

Honoring the presiding bishop, the Right Rev. Arthur Lichtenberger and Mrs. Lichtenberger a concert will take place at the Ford auditorium on Monday evening, September 18, at 8 p.m. The Detroit Symphony Orchestra with Valter Poole as conductor will perform the first part of the program. Following intermission the Washington Cathedral will present a program and this part will also be broadcast and televised.

Mrs. Edward A. Proctor and Mrs. Donald F. Valley are co-chairmen of the concert. Mrs. Frederick C. Ford, chairman of the sponsors (who have made it possible to bring the Washington Cathedral Choir here) has had the assistance of Mesdames: Leader, Proctor, Valley, Alexander Wiener, Gunnar Karlstrom, J. M. Robb, Rockwell T. Gust, Graham John Graham, Charles B. Crouse and Fredrick Kennedy.

The concert is by invitation only. Delegates from all parts of the country will attend to honor their bishop.

Sunday, 10:30 a.m.—The nature of God as Spirit, not matter, will be brought out Sunday at Christian Science church services.

Opening the Biblical selections in the Lesson-Sermon entitled "Matter" are these verses from Exodus (20): "And God spake all these words saying, . . . Thou shalt have no other gods before me . . . Ye shall not make with me gods of silver, neither shall ye make unto you gods of gold."

This citation will be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (pp. 199, 200): "When Homer sang of the Grecian gods, Olympus was dark, but through his verse the gods became alive in a nation's belief. Pagan worship began with muscularity, but

the law of Sinai lifted thought into the song of David. Moses advanced a nation to the worship of God in Spirit instead of matter, and illustrated the grand human capacities of being bestowed by immortal Mind."

frames five windows along St. Clair avenue, where a side entrance has another canopy of French design. Theodore Rogvooy, was the architect.

The interior was designed by Jacob Holleman Associates, of Birmingham, in consultation with Mrs. Wainger, who selected the color scheme.

"For a traditional background," Mrs. Wainger said, "we used antiqued wood paneling on the walls, chose beige carpeting with French floral pattern for elegance, and ceiling of eggshell white for spaciousness."

**Antique Highlights**  
Shades of gold and olive green in the carpeting complement three large brass chandeliers, replicas of 18th century Flemish originals. Decorative antiques selected in Europe last spring by Mr. and Mrs. Wainger are occasional pieces of Louis XIV and Louis XVI candelabra and candlesticks, and a Louis XIV mirror.

Wall panelling and individually designed wall cases are in matching antiqued wood in three areas. Old French blue predominates in front, where diamonds and other jewelry are displayed. Near the diamond consultation room, which affords privacy and security, are

large panels of antiqued mirror. Blue walls and cases are repeated at the far end in the china and crystal section. To highlight the gleam of silver in the center section, walls and cases are natural walnut, hand-finished for a speckled antique effect. Charcoal grey interiors of the cases further set off the silver.

Throughout in a descent ceiling lighting is used, with a fluorescent cornice around the wall perimeter. Main floor area is approximately 4,500 square feet.

**Finest Workers' Wares**  
Makers of the finest silver, china and crystal in Europe and America are represented in Wright Kay's stock. American silver, a wide selection of flat and holloware, is from Towle, Gorham, Reed and Barton, International, Kirk and others.

Both contemporary and traditional designs in china are from Lenox, Spode, Minton, Royal Doulton, Wedgwood, Worcester, Rosenthal in Germany, French Haviland, and other noted lines.

Crystal lines are from Hawkes and Tiffin in the United States; others include Boda, Kosta and Corcoran in Sweden; Stuart in England; Baccarat in France; Loordam in Holland; and Val St. Lambert in Belgium.

Editorial note: In telling the story of Grosse Pointe High School two weeks ago in this column we gave the date of the founding of Grosse Pointe Country Day School as 1922. Mrs. Thomas J. Little III remembers that she was a student in the school in 1918 and owns a copy of the yearbook, *Periscope*, which gives a short history of this independent school which merged with Detroit University School to become the present Grosse Pointe University School.

In soldier suits and nurses uniforms the patriotic students of the Grosse Pointe School during 1918 paraded on the steps of the two-year-old English brick building, shouldered arms, carried the flag, knitted 550 squares for an afghan, raised \$104.45 for the Belgian Children's Fund and collected articles for the soldiers' comfort bags.

One of the school's founders, Frederick M. Alger was serving at the front as a major. The 1917-18 issue of the yearbook, *Periscope*, was dedicated to Maj. Alger and to co-founders Luther S. Trowbridge and Dan F. Altand.

Mrs. E. B. Trybom was principal of a staff of 22. In the yearbook she wrote a short history of the school—a private elementary institution enrolling both boys and girls from kindergarten through the eighth grade. The school began in 1915 in temporary quarters at 301 Roosevelt place with a total enrollment of 57 pupils, and was called the Grosse Pointe School. By 1918 there were 113 pupils in the building on Grosse Pointe boulevard.

When the boys in their knickerbockers and Norfolk jackets rushed outdoors to play baseball and track for miles about they saw open fields with a few houses off in the distance. There was a gymnasium in a separate building with a large swimming pool, the water purified by an ultra violet ray system. In the main building there was a manual training shop, store and bank as well as the usual class rooms and a music department which offered instruction in piano, voice and violin.

In the public speaking course during the 1917-18 year the students were pre-occupied with the war. Russell French gave a talk on "The Drive on the Western Front"; Harriett Root's topic was "Why We Should Support the Liberty Loan" and Muriel Sisman spoke on "German Propaganda."

Young Frederick Alger played the violin during the June recital; his sister, Frances (Mrs. Harold Raymond Boyer), Romayne Warren, Emory Ford and Albert Trowbridge played a Strauss march on two pianos, and Jackie Newberry played two solos, "The Jack Tar" and "The Rooster."

Dexter Ferry, fourth grader, won first prize for his poem "The Boats on Lake St. Claire" and eighth grader Hobart D. Hoyt was first prize winner in the short story field with an entry that began "I am one of our school's oldest baseballs."

All the students were busy throughout the year contributing their bit to the war effort, even the boys joining in the knitting. Adelaide Lodge, Ruth Cole, Dorothy Page, Leonard Sales, Mary Deming, Shirley Smart and Rhoda Newberry were the champion knitters. The school raised \$2,900 to buy Liberty Bonds and bought 300 books for camp libraries.

Starred on the year's calendar was the Honor banquet (dry toast was served); a suffrage debate; an unexpected vacation because of an outbreak of measles and the prize contest.

Strangers had better take care when they set foot on the Don Bliss property in Merriweather road. The Blisses have returned from Keweenaw country, where they summer in a reconditioned lighthouse, with an old fashioned steel bear trap. Their novel summer home was built over 100 years ago in the copper country when wild life still was a menace. The bear trap is a relic from the days when standard equipment in the north included these saw toothed clamps for catching old grizzlies. The Blisses have no plans for catching bears in the Pointe, have installed the trap as a decorative antique.

The dream of these teen agers came true. Pam Merridew and Diane Allen were the fortunate young misses to meet their idol, television and record star Ricky Nelson, at the State Fair last week. GPHS sophomores, the two girls, will be able to regale classmates for some weeks with their great adventure.

There's no superstitious jinx on 13 at the Women's City Club. Yesterday, September 13, members honored their president, Mrs. Roy H. Edwards, and 13 living past presidents at a reception at the club. Honored in memory was the first president, Mrs. John B. Ford, who organized the club in 1919.

TV viewers of channel 7 during September will be catching frequent glimpses of Mrs. William C. Johnson, chosen from five finalists by representatives of health and community service agencies to deliver their messages during the month. Mrs. J., is an alumna of the Convent of the Sacred Heart and Newton College, married with three-year-old daughter and lives in Moross road.

A cookbook with an international as well as a Pointe flavor is in the brewing stages. The co-authors will be Mrs. Robert Sucek and Mrs. Alfred Mayer and the title tentatively is "Cooking with Feeling."

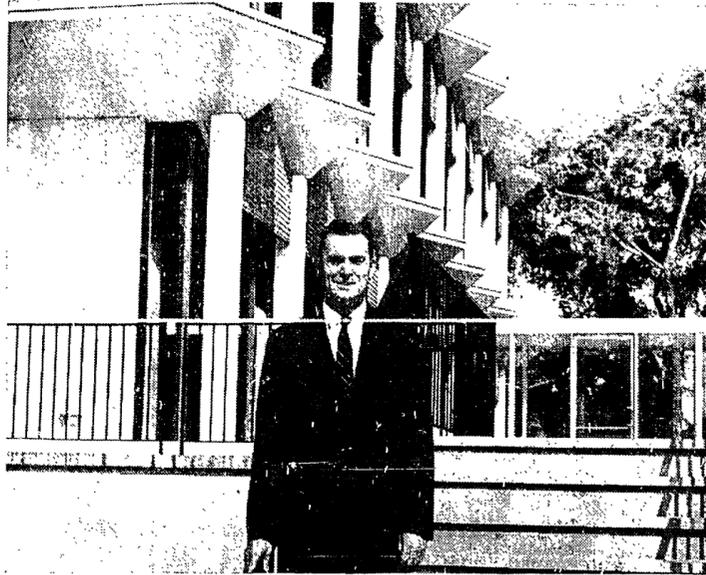

Pat Moran, talented daughter of the Alfred D. Morans, of Prestwick road, will be spending this winter perfecting her contemporary piano concerto. Beside composing Pat is talented in silver design, spent the summer creating a unique silver coffee spoon, etched with a distinctive bear. In her spare time she is taking clarinet, hopes to play some day with the Grosse Pointe Symphony.

### PILFERINGS

A mother and her small daughter were attending a symphony concert. During a brilliant movement the child, who was watching the conductor intently, whispered, "Mama, what makes the man so mad? They are playing as fast as they can, aren't they?"

Inflation and dieting go hand in hand; Inflation is when you can't have your cake and diet is when you can't eat it.

## Pointer of Interest

DR. HAMILTON STILLWELL, OF MT. VERNON ROAD

By Patricia Talbot

If you can't take a European tour or a Mediterranean cruise this coming season Detroit Adventure offers you a passport to discovery, and the director of this mental cruise is Dr. Hamilton Stillwell.

Detroit Adventure was inaugurated in the fall of 1958, a non-profit association formed by 19 cultural institutions to make people aware of the city's programs and great potential as a cultural center.

The new director of Detroit Adventure, Dr. Stillwell, was appointed in mid-July, while he was vacationing with his wife, daughter Pat, and son Richard, in Martha's Vineyard. Dr. Stillwell is director of the division of adult education, co-sponsored by Wayne State University and the University of Michigan. He will continue at this post while assuming the responsibility for Detroit Adventure.

Conversations in the Arts This great cultural experiment offers a calendar of events to its patrons as well as invitations to attend previews of artistic and educational programs. But the Adventure's main attraction is undoubtedly the "conversations in the arts," courses or seminars directed to the fields of art, history and literature. Last season the Detroit Adventure which attracted the most Pointers was the series on Grand Opera co-sponsored by the Grosse Pointe War Memorial. There was also a conversation on modern art and another on poetry, bringing the Detroit Adventure to the Pointe's doorstep.

"We want to bring the cultural life of the community into the suburbs but we also want to bring the suburbanites into the cultural center itself. We want them to renew their acquaintance with the city's theaters, museums, educational institutions, all the cultural offerings of the central area," says Dr. Stillwell.

Proud of Pointers A Pointer himself, he is proud to relate that the boards of the 19 institutions sponsoring Detroit Adventure are composed predominantly residents of his own suburb. Pointers are:

leaders in promoting culture. He is very impressed with what Mrs. Henry Ford II did for the opera, hopes others can do as much for kindred art forms.

With his two jobs Dr. Stillwell, a tall youngish professor with a shock of black hair and horn rimmed spectacles, has little time for avocations. "My Canadian stamp collection has become a family joke," he ruefully admits. He does play tennis, praises the Neighborhood Club courts which give him this opportunity. Every other summer the Stillwells vacation in a remote section of Martha's Vineyard, off Cape Cod, where they lead the real pioneer life, cooking on a kerosene stove, reading by candlelight and enjoying swimming and tennis.

New Adventure Ahead Home from his vacation Dr. Stillwell has begun a vigorous campaign to promote membership in the Detroit Adventure and to expand the association's offerings. On Friday he will meet with the 19 sponsoring groups to discuss the new "conversations" and on October 1 the Detroit Adventure will offer a new calendar of events. On September 25 Dr. Stillwell will resume his adult education director's duties for the new semester.

## Children's Art Classes Offered

Two art classes for boys and girls with special interest in Art are to be offered at the Grosse Pointe War Memorial on Tuesday and Thursday afternoons after regular school, beginning September 21 and 26. Mrs. Sterling Loud, who conducted the very successful Summer Art Camp at the Center, will be the instructor.

The Thursday class from 3:45 to 5:15 o'clock begins September 21 and is open to students 9 to 14 years of age. The Tuesday class beginning September 26 from 3:30 to 5:30 o'clock is for younger students ages 6 to 11. Both courses offer 16 one and a half hour lessons for a fee of \$24 plus a \$2.50 charge for materials. As the classes are limited, it is wise to enroll in advance by calling TU 1-7511.

Mrs. Loud is an excellently trained and experienced teacher especially adept with children. She is a graduate of Sarah Lawrence where she majored in art. Her advanced art education was received at the Corcoran Art Galleries, Washington, D.C. after which she became a teacher of art on the faculty of the National Cathedral School. With several children of her own, she originated the "Children's Summer Art Camps for Fun" at the Center when she came to Grosse Pointe.

She believes that children should be encouraged to use their imaginations, and she gives them free scope to work in many media with a variety of fascinating materials while at the same time giving them sound training in the use of line and color.

receptor's duties for the new semester.

This cultural cruise in dynamic Detroit is a long journey from the rural schoolroom where Dr. Stillwell began his teaching career. A farmer's son in a small New Jersey town he went to a state teacher's college and then to Cranbury, N.J., where he taught eighth grade. He entered Rutgers University for his master's degree and went on to New York University for his doctorate. For ten years he was at Rutgers, seven of those years as director of an institute for labor-management relations, three years as adult education director for the university in nearby Newark.

The Stillwells came to Detroit and to Wayne in 1957 when the university decided to open this new division with the U. of M. It was his chore to organize and promote this experiment in dual university adult education. So successful was he at this demanding educational job that now the Detroit Adventure, another experiment in education, is his new challenge. A commanding figure on the stage of Detroit's cultural expansion Dr. Hamilton Stillwell is a member of the growing colony of intellectuals who have chosen the Pointe as home.

## Emil Weddige To Teach Art

Professor Emil Weddige of the University of Michigan; who is America's foremost color lithographer and an internationally recognized artist in the field of oil painting, will again return to the Grosse Pointe War Memorial this fall to devote a full day, Friday, to teaching classes in oil painting.

Mr. Weddige is recognized not only as an artist whose works have been exhibited and hang in the finest galleries and private collections around the world, but he also stands as one of the best and most thorough teachers of art. He is not a realist but rather teaches his students to rely on sound principles of line, mass, color, perspective, etc.

There are three classes of two hours duration each offered on Fridays beginning September 22 and continuing weekly through December 8. The 9:30 morning class is for the more advanced students the 12:30 afternoon group is for beginners and the 3 o'clock session is for intermediates.

All classes are conducted in the well lighted recreation room of the Center on its lower floor. The series of 12 two-hour classes is offered for a total of \$36, with class sizes being limited to 15. Advanced enrollment (TU 1-7511) is advised.

A fall flower arranging class is being offered at the Grosse Pointe War Memorial Center. Classes will begin Thursday, September 21 from 1 to 3:30 p.m. and will continue weekly at this time through December 14.

This fall flower arranging course is being taught by Mrs. Richard T. Gerathy accredited lecturer, demonstrator, and flower show judge. Mrs. Gerathy will teach not only the basic line and color principles of flower arrangements but will introduce many new and novel ideas for dry arrangements, wall hangings and table effects and they will all be practical and inexpensive.

The course winds up December 14, and toward the end ideas for Christmas will be introduced so that class members will have everything ready to decorate their homes for the holidays before they finish the course.

Those interested in enrolling should call the Center TU 1-7511 as soon as possible. The class is nearly full, but if interest demands it, a second class will be scheduled for Thursday mornings.
