FORD MOTOR CO. made plans Wednesday to purchase all assets of the ailing Philco Corp., veteran producer of electronic and home-appliance equipment. This was tagged by Ford as a move to diversify. The boards of directors of the two companies agreed in principle to the deal on Wednesday, subject to the approval of the stockholders and to receipt of satisfactory tax rulings. Under the agreement, holders of Philco common stock would receive one share of Ford common for each 4 1/2 shares of Philco common.

THE UNITED AUTO WORKERS and General Motors Corp. were still working Wednesday to untangle a mass of local plant issues. The Federal Government urged them to reach a "quick and sound" settlement. In an unexpected move, William E. Simkin, director of the Federal Mediation and Conciliation Service, delivered copies of a statement to top negotiators to "offer encouragement" for an agreement.

THE REPUBLICAN PARTY was basking Wednesday in delight after sweeping the Constitutional Convention elections held Tuesday. In a series of decisive upsets from the remote regions of the Upper Peninsula to the Democratic stronghold of Wayne County, the Republicans won 99 of 144 seats in the coming convention.

WAYNE COUNTY CIRCUIT JUDGE WADE H. MCCREE, JR. will be nominated Friday to the Federal bench in Detroit. Michigan Democratic Senators Patrick V. McNamara and Philip A. Hart said President Kennedy would submit the nomination Friday morning. McCree, 41, a World War II combat veteran and a Circuit Judge for seven years, will be the second Negro to be appointed to a Federal judgeship by President Kennedy. The Senate is expected to confirm the nomination by the time of its adjournment September 23.

COUNTER-ATTACKING KATANGSE TROOPS led by white mercenaries battled United Nations forces throughout Katanga province Friday in steadily intensifying battles that threatened the UN hold on the secessionist province. Heavy casualties were reported in Elizabethville and at Jadotville 65 miles to the northwest, where 500 Irish troops were reported surrounded and under heavy attack by mortars and machine guns. They are reported to have surrendered, with 57 killed and the rest held as hostages.

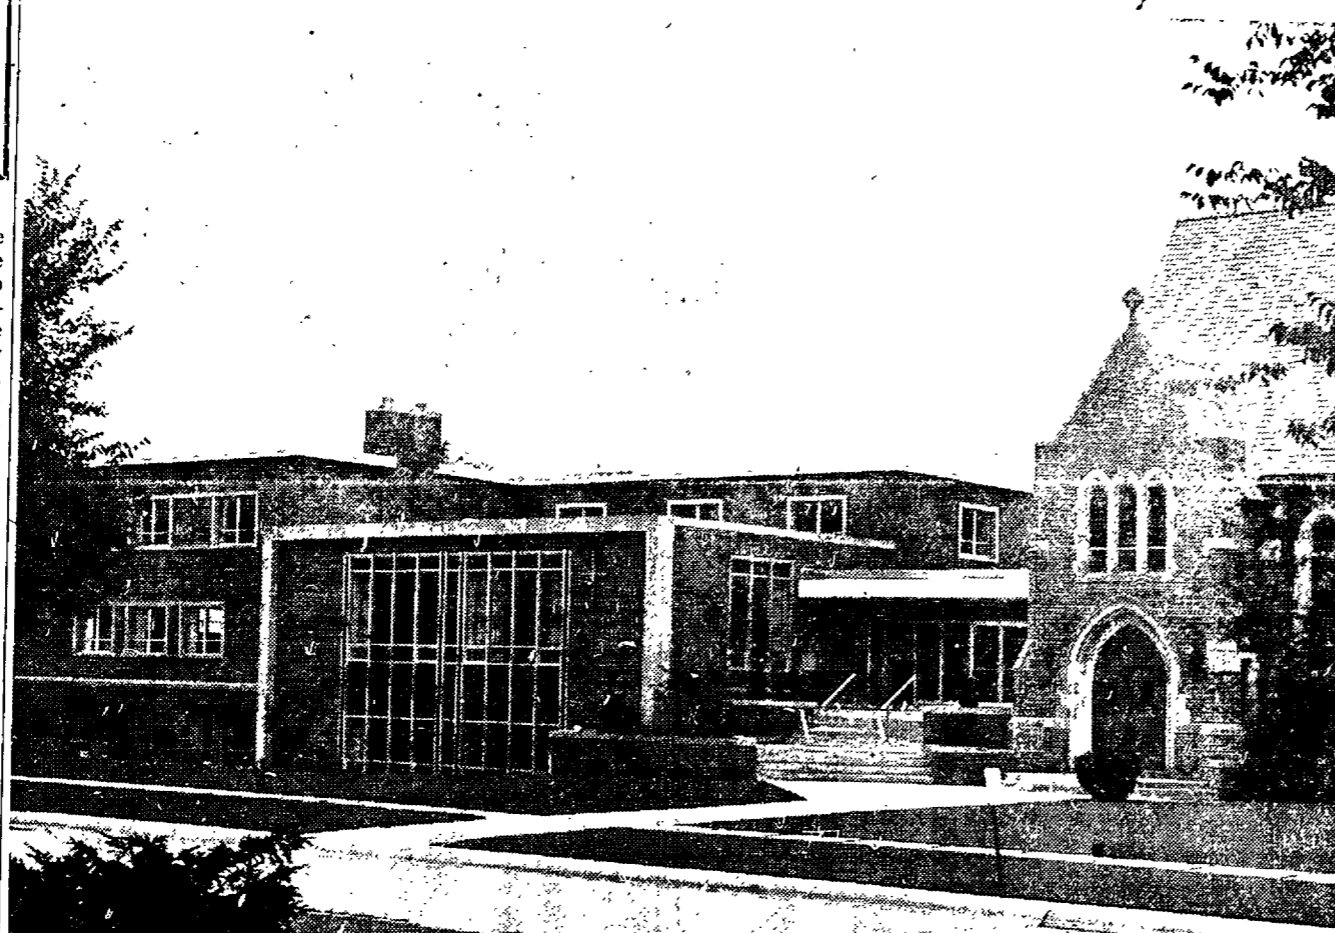

THE SOVIET UNION quickly accepted President Kennedy's proposal for East-West talks on Berlin next week, thereby raising hopes that the dangerous crisis could be eased at a conference table. The State Department welcomed a Moscow announcement that Soviet Foreign Minister Andrei Gromyko was ready to exchange opinions with Secretary of State Dean Rusk when they met at the UN General Assembly session opening in New York Tuesday.

THE UNITED STATES set off its first A-blast since 1958, with a low-power, fallout-free underground shot at the Nevada proving grounds. This signaled the beginning of a phase of the free world's atomic arms race with Russia. Experts stated that the test, held Friday, was designed to perfect small battlefield weapons against enemy troops rather than its cities. The shot was the first atomic explosion since October 30, 1959. Since that time, the United States has spent the years in a vain attempt to obtain an enforceable international ban on all nuclear weapon tests. The Nevada explosion came 14 days after the Russians abruptly resumed fallout-production at

Juvenile Quartet Admits Property Damage, Thefts

Four juveniles, responsible for property damage and thefts, amounting to more than \$1,000, since February 29, 1960, confessed to Farms police on Tuesday, September 12.

Det. Sgt. George Van Tien said that the juveniles, two 12-year-old boys, a 12-year-old girl and a nine-year-old boy, after extensive questioning, finally broke down and admitted they were responsible for about 13 incidents involving property damage and thefts.

The detective said that the four children confessed when they were questioned together and separately after they were taken into custody on July 11, date of their latest episodes. The questioning was done periodically.

The children told the officer that their first episode was committed on February 29, 1960, when they entered a new home under construction at 29 Whitcomb, and caused \$200 in damage by splattering paint over walls and leaving hand marks on the walls and woodwork.

Van Tien said that the three boys and the girl related other incidents, all in 1961, in which they were involved. They confessed to the following:

June 28: Tore up a section of new sod at a new home under construction in Grosse Pointe boulevard, damage, \$15; and smashed seven windows of the DePetris, Inc., greenhouse, 230 Grosse Pointe boulevard, damage, \$38.

June 29: Smashed two thermo-pane windows, and one plate glass window of a new home under construction at 270 School superintendent.

Lutheran Church Addition, Parish Education Building, To Be Dedicated on Sunday

New Unit Harmonizes with Gothic Architecture of Church Structure; New Facilities Will be Helpful to Wide Program

St. Paul Ev. Lutheran Church, Chalfonte and Lothrop, will combine two celebrations on Sunday when it observes the 90th anniversary of the founding of the congregation together with the dedication of its new parish education building.

The new building, begun about a year ago, was completed this summer. Attached to the church structure, and in matching red-brick with limestone trim, the new unit harmonizes with the Gothic architecture of the church, although it is in a moderately contemporary design.

The interior provides facilities for the Christian Education program, as well as for social functions of the congregation. It makes possible a completely departmentalized Sunday School, and an expanded adult curriculum. A fully equipped youth room is on the second level for the social and educational affairs of the confirmed young people. There is a parlor on the

Car Hits Child Crossing Street

Carol Hofmeyer, 5, of 770 University, was struck by a car Saturday as she attempted to cross Charlevoix at University.

The driver of the car, Patricia G. Stillwell, 16, of 291 Mt. Vernon, was driving East on Charlevoix when the little girl walked out into the street. Miss Stillwell was issued a ticket for reckless driving.

Carol was taken to Bon Secours hospital, where she was treated for a bump on the head and released.

Driver Appeals Traffic Sentence

Nicholas Hatzis of 3642 Berkshire, Detroit, found guilty of driving while under the influence of alcohol and fined \$100 or 15 days in the Wayne County Jail, informed sentencing Park Judge C. Joseph Belanger that he will appeal the conviction.

The right to appeal was granted by Judge Belanger who set a bond of \$200, which Hatzis posted, pending his appeal hearing in Wayne County Circuit Court.

Hatzis was arrested by Police Sgt. Charles French on Friday, September 15. Judge Belanger heard the case the same day.

Pending the appeal, the judge suspended a six-months no driving probation imposed on Hatzis.

Corner Stone To Be Laid This Sunday

Memorial Church Holding Ceremonies at \$850,000 Addition Between Morning Services

The Corner Stone of the new church house addition at the Grosse Pointe Memorial Church will be laid on Sunday, September 24, at 10:45 a.m.

The ceremonies will take place on the northeast corner of the building adjacent to the Grosse Pointe War Memorial property.

The new building which will cost in the neighborhood of \$850,000 is being constructed of Indiana limestone, and it is expected that it will be completed by March 1, 1962.

There will be a chapel given in memory of Edith Henry and Edwin Scott Barbour, which will seat about 150 people. A new fellowship hall will accommodate week-day activities.

The large library is being erected in honor of Dr. and Mrs. Frank Fitt.

The Church School classrooms on three floors will contain a babyfold, classes for nursery, kindergarten, and individual classrooms for all grades.

The youth rooms on the top floor will accommodate the activities of the extensive youth program.

The chairman of the Building Construction Committee is Samuel C. Turner, who serves with Ben W. Beyer, Jr. Sanborn Brown, John A. Dodds and John V. Kuivinen.

The corner stone laying is being held at 10:45 a.m. in order that those attending either the 9:30 or 11:15 service can attend.

TV Crew Mauled Getting Shots of Park Residences

New York Producer Attacked While Trying to Get Pictures of Homes for Forthcoming Series "Crime Does Pay"

Ted Yates of New York, producer of a forthcoming television play, "Crime Does Pay", and four of his crewmen, were set upon by a group of Park citizens on Saturday 16, at Middlesex and Avondale.

Yates charged that he and four camera and sound men were roughed up while taking pictures of the Park homes of "some well-known prohibition-era characters in the area."

The TV producer, in his complaint to police, identified three of his assailants as being Joseph and Josephine Zerilli of 702 Middlesex; and Mrs. Petrina Cavataio of 765 Middlesex.

Local police, in his complaint to police, identified three of his assailants as being Joseph and Josephine Zerilli of 702 Middlesex; and Mrs. Petrina Cavataio of 765 Middlesex.

Yates said that several other men and women were in the crowd that gathered around his station wagon, but he could not identify them by name.

Police were sent to the Middlesex-Avondale area when a citizen called about a "wild, shoving, shouting and pushing match." Dispatched to the scene were Sgt. Thomas Martin, and Patrolmen George Blair, Charles Slusser, John Brosnan and John Trombley.

Yates spent several hours at the Park station talking by telephone with his New York office, and trying to get back films and recording tapes confiscated by police as evidence. These were returned to Yates about four hours after they were confiscated.

In New York, William R. McAndrews, executive vice president of NBC News, said the Justice Department and FBI have been notified of the incident and of an earlier threat made to one of the crew members.

Scheduled for Oct. 11, McAndrews said the films were made for the Crime in America series to be conducted by David Brinkley, NBC newscaster, and will be on the first program to be called "Crime Does Pay" scheduled for October 11. He said the series has the endorsement of the Justice Department and that U.S. Attorney General Robert Kennedy will appear on the first program.

Yates said that the films and recordings he and his crew took in the Park, may be used on the TV program.

He said that he and his crew arrived in Detroit Saturday morning and had filmed some scenes on other Park streets, without incident, until they arrived at Middlesex when a "big crowd descended on us."

Yates said that during the scuffle, the window of the TV station wagon was smashed and some of the equipment was damaged, and someone cut him and an assistant on the hand with a piece of glass. Yates' tie was pulled loose and a shirt sleeve torn.

The TV producer stated that he will file a complaint with Park police on Monday, September 18, but Police Chief Arthur Louwers said that no formal complaint was filed with his department.

Answers. He said letters of information should be in the hands of the residents before tree trimming time, September 25.

The city administrator informed the council that he received the following reports:

Alva L. Greer and Sons has completed the concrete curb and the drainage work for the asphalt resurfacing program.

Jess M. Gregory Contracting company has completed the asphalt resurfacing of both Hampton and Roslyn, except for two areas of 550 feet between Marter road and the Milk River. These were scheduled to start Monday, September 18, and barring rain, should be completed by the end of September. The asphalt curb is completed

Break Ground At Ceremony September 25

Hope to Complete Half-Million Dollar Building Given by William Fries Within Year

Directors of the Grosse Pointe War Memorial Association awarded the contract for the building of the new William Hayes Fries Memorial Auditorium addition to Edward V. Monahan, Inc., at their regular board meeting Monday evening, September 18. Construction on the half million dollar building will begin at once. It should be completed within one year.

Ground breaking ceremonies have been set for 7 p.m. Monday, September 25, just prior to the Memorial Association's annual dinner meeting. Since shortness of time precludes mailing of invitations, the Board of Directors is using this newspaper to cordially invite all friends of the Center to attend the brief ceremonies.

Everyone is also invited to come to the dinner meeting and entertainment which follows. However, reservations for the dinner at \$2.50 per person must be in to the Center (TU 1-7511) immediately. Reservations can only be accepted through Friday, September 22.

Participating in the ground breaking ceremony will be the Rev. Bertram deH. Atwood, minister of the neighboring Memorial Church; Mrs. William Hayes Fries, widow of the civic minded citizen whose gift made the auditorium possible; Mrs. Russell Alger, who with her family gave the Center to the community; C. F. Ogden, Chairman of the War Memorial Association's Board of Directors; Alger Sheldon, chairman of the Building Committee; Vincent R. DePetris, chairman of the Grounds Committee; Malcolm R. Sturton and James E. Gibson, representing Harley Ellington, Cowin and Sturton, architects for the building; Walter B. Ford, II, whose firm is furnishing the building; and John F. Monahan, the builder.

Two to World Spade Mrs. Fries and Mr. Ogden will join in turning the first spadeful of ground on the site of the new building which will be located by the lake on the eastern side of the Center's property. The building will provide a 435-seat step-floored auditorium and stage on the lake level with a large social and banquet hall on the floor above which will be on the same elevation as the main floor of the Center.

Woods electors were asked whether or not they wanted to increase the number of members on the Tax Board of Review from three to five persons. The voters favored the increase by a yes vote of 1,022, as against a no vote of 567.

This is the way the Pointes voted in the election:

A tally of votes from the City was not available as City Manager Lawrence Savage had left town and had taken the election results with him.

Hospital Parking Decision Pledged

The Grosse Pointe City Council has promised to act on a rezoning proposal regarding the Bon Secours Hospital parking lot.

A group of City residents has again protested parking violations at Bon Secours hospital and demanded immediate action one way or another on the rezoning petition.

In a letter addressed to City Manager Lawrence Savage, the residents charged that present unwillingness of the City Council to come to a decision regarding hospital parking is preventing improvements in the Bon Secours area.

The Council assured the residents that the rezoning petition will be acted upon at next Monday's special meeting.

INJURES BACK Antoinette Huck, 42, of 1301 Brys drive, was transported to Bon Secours Hospital by Woods police on Tuesday, September 12, when she injured her back in her home. She told police that she was sitting on a chair in the kitchen, when she fell off and suffered the injury.

BREAKS LEG Mrs. Grace Falk, 39, of 1136 Maryland, tripped and fell down the stairs in her home on Monday, September 11, breaking her left leg. She was taken to Bon Secours Hospital by Park police ambulance.

Pointe Students Receive Airborne TV Instruction

The long-awaited airborne television program designed to supplement classroom instruction in all school grades, kindergarten to college, has now become a reality in Grosse Pointe.

Defer School, being one of three local schools initially scheduled to participate in the program originating in a plane five miles in the sky over northern Indiana, is receiving a satisfactory signal.

Five classes in Defer are receiving broadcasts in three subject-matter areas. A 5th grade group has science lessons twice a week via this medium and a 3rd grade group is getting four such lessons designed for its level. Two 6th grade classes join to participate in an arithmetic broadcast four times weekly and a 4th grade group receives lessons in language arts via the airways twice a week.

Other Grosse Pointe buildings scheduled to participate in this program are Kerby and Mason schools. The installation of aerials and other necessary equipment is proceeding and it is hoped that satisfactory pictures will soon be received in both locations.

The lessons, known officially as The Midwest Program on Airborne Television Instruction, are all originating in a DC-6A-B flying at 23,000 feet over Montpelier, Indiana. Previously prepared kinescopes are projected on special equipment and transmitted over several channels, all being on the air simultaneously and broadcasting different lessons designed for different age groups. Defer School is receiving lessons via two of the channels, 7 and 76.

Principal Jack Darvill stated that channel 76 was functioning very well and a good picture was being received. He said technical difficulties were still affecting channel 72, however, and it was broadcasting at less than full power and the image being received was not satisfactory in all respects.

The airplane is in the air daily, Monday through Thursday. Several other programs in which there undoubtedly would be local interest are scheduled at inopportune times and can't be used. Mr. Darvill said some of these are a program of Mathematics for the Gifted and

programs in Spanish and French for grades 3-6. All occur during the noon-hour.

Defer has three television receivers so that several groups can be viewing different programs at the same hour if the schedule falls that way: Two of the sets were purchased by the Defer P.T.A. so that an enriched school program might be possible when educational T-V facilities and broadcasts become available.

Some \$7 million has been provided for the airborne operation by Ford Foundation and private industry. Ultimately, as many as five million students in six mid-western states will be a potential audience.

PTA at Mason Meets Sept. 25

Mason School PTA will hold its first meeting of the current school year on Monday, September 25 at 8 p.m. This Annual Open House will feature classroom visitation and an opportunity for parents to meet the Mason School staff.

James Ziegenfuss, 2072 Country Club, will preside over a business meeting primarily concerned with establishing the 1961-62 budget and approving fund-raising plans to finance such budget.

A detailed report of the Mason PTA-sponsored summer school for gifted children will be presented. This program was conducted on an experimental basis this past summer and consisted of two groups which met every weekday morning for five weeks for concentrated study of subjects in which the participants showed special interest and ability.

One group consisted of 15 third and fourth grade children who took part in a science workshop. The second group was made up of 11 fifth and sixth grade students who worked with creative writing. Mariann Kaib, Hollywood avenue, was the parent coordinator of the unique undertaking.

The membership will have its first opportunity to meet A. Lawrence Gagnon, new principal of Mason, and nine other staff members who are new to the school this year.

On the same day, the children entered into a car belonging to John Ruen of 125 Stephens, also in the church lot, and backed the vehicle into a utility pole, shearing it from its base. Damage to the car was slight, but it cost approximately \$75 to replace the pole.

Woods Street Resurfacing Project Nears Completion

except for the north side of Hampton between Wedgewood drive and the east city limits. This is expected to be completed by this weekend.

John Carlo, Inc., completed the last pour of concrete on September 11, for the south lane of Hampton, and it should be open to traffic by Monday, September 25. Before this date, the contractor informed Lange, he expects to be finished with the top soil on the boulevards and the replacement of miscellaneous pieces of sidewalk.

Carlo stated that he may still be cleaning catch basins and sealing joints after the September 25 date, but this will not affect the use of the streets.

Lange stated that replacement of street and traffic signs will begin after the contractors leave the area and should be completed before October 1. Trimming of trees will start about September 25, and be completed by October 13, the last phase of the improvement program, he added.

In the letter to be sent to the residents, Lange included a warning concerning the burn-

ing of leaves or any other combustible material.

He stated that the new asphalt street is easily ruined by

fire, and therefore, no fires of any kind are permitted on newly resurfaced streets, including concrete streets. A city

ordinance permits the burning of leaves and grass on private driveways, or private properties, he pointed out.

Sometimes gentlemen (and ladies, too) should prefer bonds...
Because of the daily excitement that stocks create with fast-action quotation changes, bonds often go unnoticed. That is unfortunate, for there are attractive bond issues which would fit snugly into the portfolios of many gentlemen (and ladies, too).
There are, of course, many different types of bonds, some of which offer decided advantages for investors. For one thing, bonds usually provide a fixed, regular income. They normally are less subject to fluctuation than common stocks. And there are tax-exempt bonds which can be advantageous for those in higher income brackets.
We have complete information about the characteristics of the many bond issues available to investors, so why not stop in, and talk about bonds. You may find that you prefer them.

Farms Submits Building Report

A monthly building report submitted to the Farms council on Monday, September 11, by City Engineer Murray M. Smith, revealed that the value of constructions since January 1 was just under the two million dollar mark.

According to the report, 77 various type permits were granted since the first of the year, and these have a total value of \$1,999,950.

From January 1 through August 31, the Building Department approved 64 miscellaneous building permits, valued at \$220,950; seven residential construction permits, worth \$311,000; three permits for business edifices, valued at \$155,000; and three permits for construction of nonassessable properties, costing \$1,313,000.

During the month of August, nine miscellaneous permits, valued at \$74,000, were issued; one permit for the construction of a \$30,000 residence; and one permit for a \$5,000 business place addition.

No requests were received for permits for nonassessable buildings.

The residence permit was issued for a new home at 177 Earl court; and the permit for the business building is at 88 Kercheval.

A permit was approved last month for the demolition of an old home at 225 Muir road.

New Teachers View Construction

While progress on the Ferry School six-room addition is not all that might be hoped, the new wing is taking shape. PRINCIPAL EDWIN WENDT took time out recently to show two new-comers to his staff, MRS. HELEN CALEHUFF, 2nd grade teacher (center) and MRS. HELEN HARMISON, Music teacher, about the project. School and construction officials are still hopeful that the badly needed rooms will be ready for use sometime next month.

Peaslee Calehuff has joined the Ferry School staff from the Montoursville, Penn., area schools. A native of Connecticut, she graduated from Williamsport High School and Lycoming College, both in Williamsport, Pa. She has also taken extension work under the auspices of Pennsylvania State University. Leadership talents have been ably demonstrated in state education association activities, planning county institutes, and heading curriculum study groups in the Montoursville schools. She loves animals and states her home is knee-deep in cats and dogs.

Mrs. Helen Harmison is the new music teacher at Ferry School this fall. A westerner, she was born in Montana, graduating from Great Falls High School and Northwestern University of Montana. Previous teaching experience included service in the Yonkers, New York, schools, Big Timber, Montana, and Plains, Montana, a total of four years in all. Married, her family includes three lovely daughters, Mary, 13, and Bette Anne, 11, are enrolled in Pierce Junior High, and Nancy, 7, is at Defer School.

To Show Films Of Her Travels

The monthly "Meet The Travellers" series at the Grosse Pointe War Memorial will present pictures and commentary on communism's borderland, Hungary and Yugoslavia, on Friday evening, September 29, at 8 o'clock when Ariele Kuhn shows her pictures of these countries and tells of her experiences there.

Beginning with Ljubiana, the large Slovene city in Yugoslavia, the pictures will move to Serajero famous as the place which precipitated the First World War when the Austrian Archduke was shot there. It is also renowned for its beautiful moslem mosques as it is a Mohammedan city.

The audience will then vicariously enjoy a steamer trip along the Adriatic coast from Dubrovnik, the ancient Roman walled city, which houses many of the works of Mestrovic, the famous Yugoslav sculpture and is the setting of Diocletian's fabulous palace, to the seaport of Split. This entire coast rivals in beauty the Italian Riviera with its cliffs, villas and olive groves.

Miss Kuhn will next take her viewers through hill towns steeped in local color where the inhabitants still wear their native costumes, to Bled which was formerly the summering place of the Austro-Hungarian monarchs.

Journeying to Budapest on the now extinct Orient Express Miss Kuhn found some of the traces of gaiety for which that city was formerly noted, but there was an overall impression of sadness on the deserted streets in the day time and a frantic effort at forgetting in the cafes at night. While Russian troops are not overly apparent in the city they are camped all around it.

Besides Budapest, Miss Kuhn will also take her audience to Esztergen the seat of the Catholic church in Hungary where formerly Cardinal Mindszenty occupied the primate's palace and where here remains a splendid collection of religious art. The evening will close with a view of Lake Balaton the summer resort of Hungary comparable to Switzerland's Lake Geneva.

All Grosse Pointers are cordially invited to view this part of the world which has been shut off for so long from general western contact.

Woods Treasury Enriched \$34,194 Through Lot Sales

The Woods treasury coffers will be enriched by \$34,194 from the sale of public-owned drainage lots abutting Craig avenue, in the Grosse Pointe Country Club Woods Subdivision. The lots are located at the Woods-Harper Woods boundary line.

On Monday, September 18, the Woods council accepted the offers of six successful high bidders for the lots. Nine bids were made, three of them by one person for three separate lots. His bids were rejected.

Unsuccessful bidder for the choice lots was Arthur H. Couvreur of 21224 Madison, St. Clair Shores, who as a compromise, agreed to purchase lot 228, Prestwick and Craig, for the sum of \$5,500. The lot was advertised for sale, but no bids were offered for it.

The new owners of the other five lots, the lot locations and the purchasing prices, are:

Richard Szjback of 1991 Severn road, Lot 229, Severn and Craig, \$5,725; Dominic Mancini of 12931 Dixie, Detroit, Lot 329, Severn and Craig, \$5,500; Arthur A. Ulmer of 1989 Broadstone, Lot 330, Broadstone and Craig, \$9,131; James Russo of 1990 Broadstone, Lot 421, Broadstone and Craig, \$6,126; and Emil Ulmer 1939 Broadstone, Lot 422, Littlestone and Craig, \$6,100.

Both Couvreur and Russo offered identical bids for Lot 421, but the council favored Russo because the lot adjoined his residential property and because Russo had been maintaining the lot, keeping it free of weeds and debris, for a length of time.

All the monies received from

the lots, whether in cash or land contracts (including interests) will go into the general fund in the Woods Treasury, it was disclosed by Woods City Administrator William Lange.

Each bidder was required to deposit 10 percent of his offer to purchase. The unsuccessful bidders had their deposits returned to them.

Among the stipulations set down for the sale of the lots, is that the new owners must install a concrete sidewalk five feet in width along the easterly line of Craig avenue adjacent to the lots, including the sidewalk intersection, all in accordance with specifications set forth by Harper Woods, wherein the sidewalks will be located.

Also, the new owners shall provide and maintain a grass lawn between the west line of the lots and the east line of the pavement on Craig, except where the sidewalks are installed.

The pavement installed in Craig avenue will be without expense to the purchasers, it was stated in the agreement.

GETS SALARY BOOST

Farms City Manager Sidney DeBoer informed the city council on Monday, September 11, that Carl Commerson, water plant operator at the Water Filtration Plant, Moross and Lake Shore, successfully passed a State Department of Health examination for a Class "F-3" Certificate. According to city policy, holders of such certificates are given a raise. Commerson's salary was boosted from \$6,236 to \$6,339 a year.

CONTRACT PAYMENT

The Farms council on Monday, September 11, approved payment of \$6,500 to Floris De-Meulenaere, for curb repair and sidewalk replacements throughout the city. Payment was recommended by City Engineer Murray M. Smith, according to contract.

Michael Webb, of 364 Rivard, reported to City police on Wednesday, September 6, that in the past two weeks someone took a tire and wheel from the rear of his 1961 Ford station wagon. The loss was valued at \$40.

Two Burglars Hear Sentences

Two Detroit men were found guilty of burglarizing a Park grocery store last May 13 and June 3, at a hearing held before Chester P. O'Hara, presiding judge of the Wayne County Circuit Court, on Wednesday, September 13.

Guilt were Timothy Ragap, 19, of 6203 Iowa, and Russell Gragg, 22, of 1254 Lakewood. Both were placed on three years probation, during which they must not drink alcoholic beverages, they must make restitution for the thefts and damage, to the store owners, and also pay \$200 court costs.

Another youth, Michael A. Schmidt, 17, of 865 Barrington, who was with Ragap and Gragg during both burglaries, was permitted to join the Armed Services, before the trial date, on condition he mend his ways.

Information given to Park police from the circuit court, revealed that the case against Schmidt was "not pressed" because he had no previous arrest record.

The trio first broke into the Fairfax Market, 899 Beaconsfield, on May 13, and took \$600 in cash. The market is owned by Socrates and Charles Cosmos of 3491 Balfour, Detroit.

The second time the youths ventured to steal from the store was on June 3, but they netted only seven dollars in cash. They were arrested within 16 hours after the robbery.

Ragap, Gragg and Schmidt

fled before police arrived, the man in the area, Schmidt was both were arrested at their investigating officers obtained a arrested at his home, and later homes by Park and Detroit po- description of Schmidt from a l implicated his two companions, lice.

MICHIGAN BELL

FIFTY YEARS AGO about 250 people met in Boston—birthplace of the telephone—to form the Telephone Pioneers of America. It's an organization dedicated to promoting ideals in the telephone business, and serving communities where Pioneers live. This fall nearly a quarter of a million active and retired members of this international organization—all having at least 21 years of telephone service—will celebrate the Pioneers' 50th Anniversary across the United States and Canada. The 6,000-member Michigan Wolverine Chapter will mark the occasion in special observances at nine state points. We salute the Pioneers on 50 years of accomplishment.

TO EACH HER OWN PRINCESS! Like to surprise the lady of your life with something lovely as a princess, yet practical as a telephone? Well, you can, easily and economically with the Princess phone! Mother, teen-ager or grandmother will love the Princess. It's little, it's lovely, and the dial lights up in the dark! Comes in five regal colors, too. Order hers from our business office today.

MICHIGAN REACHED A MILESTONE in its communications history on September 14. Michigan Bell installed its 3,000,000th telephone—an outdoor public phone—at a safety rest area on Interstate Highway 94, seven miles west of Ann Arbor. It took 65 years to reach our first 1,000,000th telephone, back in 1942. In 1952 we put in the 2,000,000th. Only seven countries outside the United States have more telephones than the 3,000,000 we serve here in Michigan. We're proud indeed to contribute to the progress of our State by serving its growing communications needs.

Bishop of Haiti To Preach Here

The Reverend Edgar H. Yeoman, Rector of St. Michael's Episcopal Church, has invited as the special preacher for next Sunday, September 24, the Right Reverend Charles Alfred Voegeli, Bishop of Haiti. He will preach at both the 9:30 and 11:15 services.

Born in Hawthorne, N. J., Bishop Voegeli is a graduate of Upsala College, New Jersey Law School and the General Theology Seminary, having received his degree of Doctor of Sacred Theology from that institution in 1945. Following his ordination, he served as Vicar of St. Andrew's Church, Harrington Park, N. J., Rector of St. Bartholomew's, Hokokus, N. J., and Dean of St. Luke's Cathedral, Ancon, Panama Canal Zone, being elected as Bishop of Missionary District of Haiti in December, 1953.

Having lived among the Haitian people for nearly 18 years, he is devoted to them and to his work, and feels he is extremely fortunate to have the opportunity to serve in this extraordinary and wonderful country.

Bishop Voegeli, who is in Detroit for the General Convention of the Episcopal Church, now in session at Cobo Hall, was a classmate of the Rector of St. Michael's, and was present for the ground-breaking of the present church.

The public is cordially invited to attend either of these services.

STILL DRIVING

Frank J. Saile III of 165 Vendome road, whose operator's license was recently reported suspended by the Secretary of State's Office in Lansing, for failing to appear for reexamination, had his driving rights restored on August 16, when his failure to appear charge was reduced to "Instructions Given."

Cut Way Through Pearly Gate

Surrounded by a million dollar collection of diamonds, JACK J. WAINGER, second from right, steadied a rope of pearls for COUNCILMAN DAVID M. BURGESS to cut, during formal opening ceremonies at Wright Kay and Company's new Grosse Pointe branch, 17051 Kercheval. The firm, of which Mr. Wainger is president, is celebrating its 100th year. MARGE BURGESS, left, and her twin MADGE THOMAS, are wearing some of the Centennial Collection of diamonds. These pearls were just for laughs.

Kiwanis Club Peanut Sale To Benefit Needy Children

The Grosse Pointe Kiwanis Club members will be out in full force tomorrow and Saturday, September 22 and 23, to sell peanuts to raise funds for underprivileged children.

Warren DeCook, peanut sales chairman, said that club members will be located on the main business corners in the Woods on both days, from 7 a.m. to 10 p.m.

Woods Mayor Kenneth Koppin, at a council meeting held on Monday, September 11, issued a proclamation designating Saturday, September 23, as "National Kids' Day" in the Woods. Many business and profes-

sional men in the Woods have contributed toward the cost of the peanuts. All monies received from the sale will go directly into the club's treasury, and will be used to assist underprivileged children.

Interest and enthusiasm are being stimulated within the club by offering a trophy to the person who collects the greatest amount from the sale of peanuts. A beautiful trophy has been donated.

Citizens are urged to be generous with their donations when buying from their favorite salesman. The money received from the sales will be used for heart operations, purchase of eye glasses, gifts for hospitalized children, hearing aid repairs, food for needy families, summer camping facilities, and many other charitable works.

The Pointe Kiwanis club announced that it will issue special recognition certificates to the many business and professional men in the Woods who have underwritten the cost of the peanuts.

2 Cars Collide At Intersection

Alfred J. Dembeck, 22, of 7474 Iowa, Detroit, was ticketed by Farms police on Monday, September 11, when he ran a red light at the Kercheval-Moross intersection and caused an accident.

Police said that Dembeck's car was hit by another, driven by Wendell W. Anderson, Jr., 36, of 130 Kenwood, who was driving west on Kercheval. Dembeck was traveling south on Moross.

According to police, Anderson had the right of way on a green light, and Dembeck entered the intersection on a red signal. Anderson could not avoid the collision.

Damage to Anderson's car was estimated at about \$100, and to Dembeck's car, \$150. The latter's vehicle had to be towed to a garage.

Dembeck was issued a ticket for going through a red light and causing an accident. Court date is scheduled for September 27.

GPUS News Notes

Grosse Pointe University School began its 63rd year this past Monday. Headmaster John Chandler, Jr., in his letter of greetings to the parents, expressed great satisfaction with the school's total performance last year and confidence in what the students will achieve in 1961-62.

In that letter there is a section which might well be of interest to the community in general. In it Mr. Chandler says:

"To help set the mood for school, let me share with you a few observations on the characteristics of the successful student which you, in turn, may

wish to share with your children. On the basis of a good many years of experience I would say that our most successful student is the one—

Who regards school as an opportunity and believes that his performance at school is important to him and his future;

who assumes responsibility for his record—whether good or poor;

who has a definite daily schedule for doing his homework and a quiet, orderly and well-lighted desk at which to work;

who shares with the family responsibility for his home by having some regular job or chore to perform;

who does not permit his social life to get in the way of his school work;

whose parents show a genuine interest in his activities at school;

whose home is a place where good books abound and are read by all members of the family;

who takes pride in a personal standard of conduct which features respect for adults and consideration for the rights and feelings of others."

The following teachers have joined the faculty at G.P.U.S. this year:

Upper School
Riker L. Ramsbotham, B.S. 1951, Columbia University, M.A. 1955, (History) Hofstra College, joins the History department. Mr. Ramsbotham taught at St. Paul's School (Long Island, N.Y.) and comes to G.P.U.S. after six years at the Lenox School (Mass.) where he was Head of the History Department and coach of baseball.

Anastas J. Pazevic, B.A. 1961, Wayne State University, joins the Language Department to teach Latin and assist in Russian. Mr. Pazevic was born and educated in Yugoslavia and came to this country in 1955. He served for three years in the U.S. Army Intelligence Corps, speaks six languages, and also is a champion soccer player and coach.

Lower School
Miss Anne M. O'Brien, B.A. 1953, Rosemont College (Pa.) and graduate study at the University of Michigan, will teach the fifth grade, girls' section. A resident of Grosse Pointe and member of the Junior League of Detroit, Miss O'Brien has taught for eight years in the Lakeview public schools. She will replace Mrs. Rosenfeld who is moving up to the sixth grade this year.

Mrs. Elizabeth Walden, B.S. Drexel Institute of Technology, and study in education at Madison College (Va.), will teach the third grade, replacing Mrs. Maitland. Mrs. Walden taught at the Harrisburg (Pa.) Academy (three years) and the Booth School, Rosemont, Pa. (two years) before moving with her family to Grosse Pointe this summer.

Mrs. Carol S. Head, B.A. 1958, University of Michigan, takes over direction of the Dramatics and Speech program for the Intermediate and Upper Schools. Mrs. Head majored in speech and theatre at Michigan and has taught for three years at the Andrew Jackson Jr. High School in Detroit.

Here are some notes, necessarily abbreviated and regrettably incomplete, on what some of the G.P.U.S. faculty did this summer: Mr. Grimes and Mr. Arner drove to the West and Northwest. They particularly liked San Francisco. . . Mr. and Mrs. McCann made their annual trip to beloved Hawaii.

Miss Ferguson taught enrichment courses in mythology and elementary Greek at G.P.U.S., as did Mrs. Welchenbach in creative writing and Mr. Mott in French and before he took that trip) Mr. Arner in music appreciation. . . The summer school faculty were Mr. Trim, director, and Mrs. Bram-

ley, Mr. Cragg, Miss Arms, Mr. Conley, Mr. Kimber, and Mr. Arnold. . . Mr. Beeler did some fine cabinet-making for G.P.U.S. and then, with Mrs. Beeler, spent a month at their new home in Florida. . . Miss Savery and Mrs. Lewis were busy at Camp Saver; on the G.P.U.S. campus and made a two-week trip to Bermuda. . . The Bellows family got back to their home state of Rhode Island. . . Mr. Shreeman taught driver training. . . The Lynches visited Quebec, and Miss Lockhart traveled through Nova Scotia. . . Mr. Roberts managed a beach club in West Falmouth, Massachusetts. . . The Simmonses drove to Pennsylvania and, in Grosse Pointe, did much studying in their own backyard on the new mathematics procedures they will be teaching this year. . . Mrs. Ashurkoff spent some of her time supporting the con-con candidacy of her father. (Results of the election are not available as we go to press.) . . Miss Fenech took sewing lessons and visited Washington, D.C. . . Mr. Hindle toured the Southwest in station wagons with an assistant and some eight or ten boys. . . Mr. Vailancourt studied in Mexico. . . Mr. Kerr studied at Princeton. . . The Rosenfelds toured western Europe. . . Mrs. Harris joined a Choate School tour of the Soviet Union. . . Mrs. Hodgman studied at Wayne State University. . . Mr. Shover spent his 32nd summer at Camp Tecumseh in New Hampshire, while Mr. Eriksen was spending his second at a camp in Maine. . . The Chandlers, as always, spent much of their summer at their home on the Maine coast, and this Saturday, September 16, Darcy Chandler, with her mother driving with her to help her get settled at college, will be leaving for Wellesley.

It may be true that figures don't lie, but it's also true that no two people figure alike.

Pleads Guilty To Store Theft

Roy Boggs, 39, of 611 Seldon, Detroit, entered a plea of guilty to simple larceny at a hearing held before Woods Judge Don Goodrow on Wednesday, September 13.

The original charge of larceny from a store was reduced to simple larceny by Judge Goodrow on recommendation of Asst. Pros. Dale Devlin, when Boggs pled not guilty to the higher charge.

Boggs was arrested by Woods police on September 5, as he attempted to leave Wrigley's Supermarket, 19231 Mack avenue, with a basket load of groceries and other items, worth a total of \$55.49.

Robert Armstrong, manager of the market, told police that he observed Boggs walking through the store and taking items off the shelves and putting them into the cart. After the cart was loaded, Armstrong said, Boggs bypassed a waiting line of persons waiting to pay for their goods, and tried to leave the store.

Armstrong stopped the man and called the police, who took Boggs to the station for investigation and questioning.

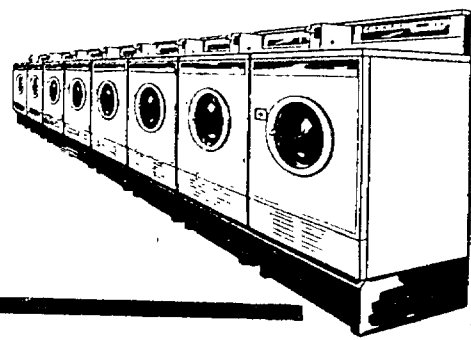

Boggs told police that he needed the things to feed his children, but police noticed that most of the items placed in the cart were non-edibles, such as flashlight bulbs and the like.

THIEF FINDS LOST KEY

A. C. Dickson, Jr., of 228 Kenwood court, called Farms police on Saturday, September 2, and said that he is moving into a new house at 185 Ridge and had had a new door and lock put on the house. One of the keys has been missing and since then the painter has lost four gallons of paint, a sander, and two two-inch paint brushes. Total value \$100.

Boggs was placed on probation for one year, pay court costs of \$50, and ordered to make restitution in the amount of the value of the goods he tried to take.

Blue Devils Lose Opener To Ann Arbor High, 21-13

The Grosse Pointe High Blue Devils lost a hard fought football game last Saturday to Ann Arbor. As the final gun sounded the score read 21-13.

Ann Arbor scored twice in the first quarter and once in the second to make the score at the half 21-0.

The Blue Devils fought back in the second half to two touchdowns, one by Mike Panchell and the other by Skip Beltz. Both scores were made on off-tackle plays.

The zest of the game was sobered by the injury of two Grosse Pointe players, Tom Dav-

is suffered a broken elbow and Dave Davenport sustained a neck injury.

This game was the season opener for Grosse Pointe, but it was not a league game.

The Blue Devils will play their second game, also non-league, Friday night at 8 o'clock against Port Huron in Port Huron. Chartered buses will transport Dearborn fans.

A moderate easterly breeze made conditions ideal for the 102 sailboats that crossed the starting line of the 43rd Annual Bayview Yacht Club Long Distance Night Race, last Saturday.

First boat around the 51 nautical mile course was Siren, a Q Class sloop owned by Don Thompson GPSC. She placed third in Cruising "A."

For the fourth consecutive year X-Touche, the Baker-Bond-Clemens organization placed first in Cruising "A."

Dauntless, Tom Hanson's Pilot Class Sloop led the Cruising "C" boats by a substantial margin and captured Overall Honors as well as her class. Javelin, Don Sucher, GLYC finished second followed by Comm. Kurt Keydel's Grace Note.

The Grosse Pointe Yacht Club will play host to the sailing fleet on Saturday when they sponsor the Annual Blue Nose Race which is the last of the regattas of the season for the bulk of the fleet.

The Detroit Yacht Club held the 37th Annual Robert Oakman Trophy Race last Sunday. The race is held annually to determine the champion in the Catboat class. The winner of the \$3,000 perpetual trophy this year was Comm. Duke Huber GPSC who gave all the credit for the victory to his fourteen-year-old son, Charles, for his excellent sailing skill.

Spartans Defeat Southfield, 7-6

Excitement and mid-season thrills marked the opening games of the Grosse Pointe Woods Spartans football team. Playing under the lights at Southfield, the Spartans faced a determined Southfield Jay Hawk team.

This was the first regular game for these two teams playing in the Jack Lawther football league. Last week in an exhibition game the Spartans staged a come-from-behind rally that netted them two touchdowns in the last 50 seconds of play and they turned back a strong Dearborn team by the score of 34 to 25.

This spirit seemed to inspire the boys this week and they started right out where they left off.

Grosse Pointe kicked off to Southfield who were stopped in their tracks and forced to kick. Grosse Pointe took the punt and returned it to their own 32 yard line. On the first play yard line. On the first play yard line. On the first play yard line.

Then it was Starky on a reverse around left end, following Jennings, who threw a beautiful block on the Southfield right end. Starky eluded would-be tacklers and went 46 yards for a touchdown. Then Rick Gonzales, the Spartans' own tank, raced around right end to go over standing up for the extra point.

In the second quarter Southfield moved the ball all the way down field to the Grosse Pointe 10 yard line but staltard defensive play by the Spartans' forward wall, particularly Kevin Eisey, Jim Monaghan, Alan Nyquist and Roger Giza, held them and Grosse Pointe took over on downs.

Denis McEvoy, the Spartans' stellar quarterback, moved his team steadily down the field mixing his plays beautifully. This drive was capped by half-back Tom Jennings sprinting over center for 20 yards to the Southfield 13 yard line. The Spartans got all the way down to the five yard line where time ran out. The score at half time remained at Spartans 7, Southfield 0.

Southfield kicked off to Grosse Pointe and Jennings ran it back four yards to the Grosse Pointe 41 yard line. Again the Spartans moved down the field to the Southfield seven yard line. Featured in this drive were the bull-like rushes of Rick Gonzales, the broken field blocking of Jennings and Starky and the good down field blocking of Gary Parmentier, Dennis McEvoy and other members of the offensive team. However, Southfield took over. In the rest of the third quarter and the early stages of the fourth quarter the game saw-sawed back and forth. The Spartans stopped one Southfield drive on the Grosse Pointe four yard line. Heads up football by Alan Nyquist and Jere Hodges proved the stopper here by breaking through and throwing the Southfield runners for losses.

With time running out, Southfield intercepted a Spartan pass and the Jay Hawks took over on the Grosse Pointe 25 yard line. Three plays later Southfield scored on a cutback through left tackle. Again the defensive unit rose up just like the Detroit Lions, stopping the plunge for the extra point. The score now was Grosse Pointe 7, Southfield 6. The Spartans concentrated on keeping possession of the football and ran out the clock to the great satisfaction of 200 chilly but happy rooters.

In the game preceding the Varsity clash, the Spartans Jr. Varsity team ran into a charged up Southfield eleven sparked by Vince Banonis Jr., son of the former great from the University of Detroit and the Detroit Lions. Young Banonis showed that he's a chip off the old block; he spent a good deal of time in the Spartans backfield both on offense and defense.

Grosse Pointe won the toss and received the kickoff and returned it to their own 38 yard line. After three plays that gained nothing, a fumble gave Southfield the ball on the Grosse Pointe 27 yard line. Several plays later Southfield scored on a play around right end. The extra point was missed and Southfield led 6 to 0.

In the second quarter Rhody Moxley intercepted a Southfield pass and ran it back 12 yards to the Grosse Pointe 47 yard line. A pass from Gordon Seibert to Ron Jensen was good for 27 yards and an off-tackle plunge by Burns were the main plays in a determined bid for a Grosse Pointe touchdown, but time ran out and the half ended with the score Southfield 6, Grosse Pointe 0.

Starting the third quarter Grosse Pointe kicked off to Southfield who ran it back to their own 37 yard line. On the next play Godway of Southfield ran around left end for 63 yards and a touchdown. The extra point was made and Southfield led 13 to 0.

The contest waged back and forth with each team intercepting a pass. For the Spartans it was Doug Colton who knocked the ball out of a Southfield receiver's hands into the waiting arms of Jim Montmeroney. Colton then blocked two men out and Montmeroney ran the ball

Boys Urged to Try Skill In Big Football Contest

An opportunity for Grosse Pointe area boys to compete in a football punting, passing and place-kicking contest, with trips to National Football League games among the prizes, was announced today by Jerry Malooly, contest co-ordinator of Simms-Dawson Ford, Inc.

Mr. Malooly said the Grosse Pointe competition is part of a nationwide program sponsored by Ford Division of Ford Motor Company in cooperation with the National Football League. Known as "P. P. & K."—Punt, Pass and Kick—the competition will culminate with all-expense trips for five national winners and their fathers to the National Football League Championship game, and an official reception at the White House.

Selection of the National Champions will be made as a result of televised competitions at a home game of each of the 14 National Football League teams. The Grosse Pointe P. P. & K. competition is open to grade school boys aged six through 10, and will be held early in October. Registration for the event will be at Simms-Dawson Ford, Inc., 15401 E. Jefferson, through September 25. There is no cost, but entrants must be accompanied by a parent or guardian. Each entrant will receive a P. P. & K. badge, an instruction book written by NFL stars Johnny Unitas, Yale Lary

and Paul Hornung, and an official 1961 NFL Guidebook.

After the Grosse Pointe competition is held, the scores of the most skillful punters, passers and place-kickers—one in each age group—will be compared with the scores of boys in the other competitions held in the area covered by telecasts of the Detroit Lions.

The top five boys in this region and their fathers then will be given an all-expense trip to see a home game of the Lions, and the boys will punt, pass and kick at the stadium either just before the game starts, or during half-time.

The five top winners in the Grosse Pointe contest, whether or not they qualify for the national eliminations, will receive National Football League type football uniforms. The five boys who place second will receive warm-up jackets, and third place winners will receive footballs.

Scores of competitors in the 14 NFL regions will be compared to determine the five National Champions. Special arrangements will be made to play off all ties both regionally and nationally.

Mr. Malooly said the P. P. & K. competition had been developed by Ford Division and NFL to give every boy a chance to take part in football competition, and to encourage physical fitness. He pointed out that early development of physical conditioning on the part of the nation's youth is one of the prime objectives of the President's Council on Youth Fitness. The Council, he added,

St. Paul Football Team Beats St. Thomas 46-6

St. Paul High School's football team tangled with the St. Thomas gridders in the opening game Sunday on the Grosse Pointe High School field and chalked up a most successful start with a 46-6 victory.

After less than two minutes of play in the first quarter Mike Cantwell raced over for a score from the 35 yard line after a St. Paul march downfield. The try for extra point failed.

St. Thomas, looking for revenge after three defeats in last year's basketball season, bounced right back. Its lone score came on a beautiful pass play from Ynenco to right end Kurrie. The score remained tied when the St. Thomas try for the extra point also failed.

Just before the first quarter ended Cantwell again scored when he rolled around left end from the 20 yard line and went in standing up. Once again, the extra point was missed.

In the second quarter St. Thomas almost scored again, but Steve Handlos of St. Paul intercepted a pass on his own 8 yard line. Then Chick Hiener electrified the crowd by breaking loose for a 92-yard lope to make the score 18-6 in favor of the Lakers. Jack Wachter ran for the extra point to make it 19-6.

In the second half, St. Paul's had an opportunity to try its passing game and Mike Cantwell tossed to Jack Maertens for 15 yards, then to Tom Moxley for ten more. Chick Heiner was next, good for 15 yards, then on a beautiful fake pass, Cantwell ran around end for 20 yards, and Jack Wachter ran the one pointer, to make the score 26-6 at the end of the quarter.

Makes 45-Yard Run
The last quarter started off with a repetition of the others. Joe Cobb made a long run of 45 yards to score. Tom Moxley caught the extra point and St. Paul's now led by 40-6.

After the kickoff, Dave Barlow threw the St. Thomas full-back for a 5-yard loss, then in desperation the opposing team decided to pass and Art Miller intercepted and ran the ball back 10 yards. At this stage of the game, St. Paul had cleaned the varsity bench and Matt Hoffman, the new Q B threw a 35 yard T. D. pass to Jack Maertens, and Gary Schick ran the extra point. Now that Gary had the feel of the game, he decided to continue and made a dazzling open field run of 50 yards to make the final score 46-6.

City to Award Pool Contracts

Final decision on the awarding of a contract for construction of a pool and bathhouse at the Norbert P. Neff Memorial Park was postponed at a meeting of the Grosse Pointe City Council on Monday, September 18.

The Council felt that extra time was needed to give the city engineers and architects a

chance to study the warranties and specifications of the competing companies. Contracts were divided into two sections: Contract A, for the bathhouse complete, and Contract B, for the swimming pool, 2700 square feet of concrete drive and 1800 square feet of 4-inch concrete wall.

The Council may decide to award both contracts to a single company, or it may award Contract A and Contract B separately. One way or another, a decision is expected to be reached at a special meeting next Monday, September 25.

Construction is scheduled to start October 1, and it is hoped that the pool will be completed by May 15, so that all City of Grosse Pointe residents may enjoy pool swimming during the next summer season.

Cleaning Village Opening Oct. 3

Automatic, self-service dry cleaning arrives here October 3, with the opening of a Norge Laundry and Cleaning Village.

Now local residents can observe and use this new consumer service which has swept the country within the past year.

The development permits the user to do personal dry cleaning for the first time. The machines operate like a coin-operated washer.

Just toss in an arm load of clothes, insert six quarters, and the machine (you use your own machine) whirls gently and quietly through a 50-minute clean and dry cycle. You can watch your clothes being cleaned through a window in the door.

Automatic washing "do-it-yourself" establishments have become a familiar sight across America in recent years. Now drycleaning is available on the same basis. The drycleaning unit will clean anything from a man's suit to girls' party dresses, as well as all kinds of draperies, couch covers, etc. It is designed to clean eight pound of garments (3 or 4 men's suits, or 8 dresses) in approximately 50 minutes, for \$1.50. The dryer provides a means for the consumer to dry-clean clothes personally, at a quarter of the cost and a fraction of time normally required.

One of the unique abilities of the machine is that it provides "built-in wrinkle-free cleaning." Only a touch-up with a steam iron is needed at most. The cleaner utilizes a specially formulated cleaning solvent. It employs the new cleaning solvent developed by Norge and Borg-Warner called Norg-Clor, which leaves the garment "wrinkle-free."

In addition, complete coin-operated laundry facilities featuring washers and dryers will make the new Laundry and Cleaning Village the most complete service now in existence. It will be located at 24420 Harper avenue, between 9 and 10 Mile roads.

Mr. Stewart, a member of the Detroit Photographic Guild, has been a successful exhibitor in international salons, sponsored by the Photographic Society of America. He has already obtained a three star rating by having 72 acceptances with at least 24 slides, and is well on his way toward a four star rating which requires 144 acceptances with 48 different slides.

With one or two exceptions, the slide show which Mr. Stewart will present consists of pictures taken within a 50-mile radius of Detroit. He covers the four seasons of the year with these pictures.

The Camera Club cordially invites guests and new members from all the east side communities to this show.

Students Do Well In Special Exams

Scores attained in Advanced Placement examinations taken last May by High School students, most of them June, 1961 graduates, have been released to the High School, according to the report of the Superintendent on September 11.

The examinations were designed to measure course material ordinarily taken in the freshman year of college. Scores range from "one" up to a top score of "five." Most colleges consider a score of "two" as acceptable for credit.

Thirty-one took the examination in English literature and composition. All but three of these earned a score of "two" or better. Sharon Sweeney scored a perfect "five."

Nineteen students took the Advanced Placement examination in American history. Only one student did not score at least a "two." The median score for Grosse Pointe High School was a "three."

The mathematics examination was taken by nine seniors, although the 1962 seniors will be the first to graduate to complete the fully revised program preparing for the Advanced Placement test. However, five earned a "three" and one earned a "four" in the mathematics examination.

Guest of honor was Miss Sandra Severo, artistic director and choreographer of Severo Ballet, Inc., who discussed briefly the organization's plans for the coming year.

Mrs. Day and Mrs. C. E. Dalton, of Birmingham, are co-chairmen of the Women's Committee of Severo Ballet. Area chairmen include Mrs. Thomas Morrow, Grosse Pointe; Mrs. C. L. Grosse Pointe Committee members are Mrs. Wilbur Mack, Miss Avolo Petri, Mrs. Gilbert Pingree, Mrs. William Ternes and Mrs. Joseph Vance.

In the Ballet's first appearance at the Detroit Art Institute on September 30, billed as a Rehearsal Performance, the dancers will appear in their regular practice leotards and costumes will be omitted. The lighting will be only such as would be used in a rehearsal. Miss Severo hopes to create a rather intimate atmosphere — which will give the audience the feeling that they have been invited to the studio, where a just completed ballet is in rehearsal.

Presented in this performance will be four new ballets. Included are two of Miss Severo's latest: Benjamin Britten's Variations on a Theme of Frank Bridge and Brahms' Serenade No. 2. Better Literature Council Plans Party

—Picture by William R. Zimmerman

The Grosse Pointe Council of Better Literature for Youth is sponsoring a dessert bridge party in the War Memorial Center in Lake Shore road on Thursday, September 28, starting at 12:30 o'clock. Talking over plans

for the event are, left to right: MRS. ACHIEL A. AMEZ, director; MRS. DELMAR L. CANADY, secretary and ticket chairman; MRS. RICHARD E. JONES, president; and MRS. RIFORD G. JOHNSTON, party chairman.

To Duplicate Flower Course

In order to meet the advance enrollment demand for the Flower Arranging course at the Grosse Pointe War Memorial, an additional class is being scheduled. All students will meet for the first time this afternoon, Thursday, September 21, at 1 o'clock.

At that time, Mrs. Richard Gerathy, instructor, will divide

the class for the subsequent weeks. Late enrollees and those who would find it equally or more convenient to meet in the mornings will be placed in the new 9:30 Thursday morning group.

Essentially, the same course of study including basic design and color composition, table and wall arrangements, dry arrange-

ments and Christmas decorations will be followed in both classes. Tuition, \$25 for 10 two and one-half hour meetings, will be the same for the new group.

The man who dreams of past possibilities has a poor chance for success in the future.

Hills Convent Plans Benefit

Through the tremendous salesmanship of Mrs. Cyril A. Grobbel and her ticket committee, including Mrs. Frank Gorman and Mrs. Frank J. Weston, many Grosse Pointe women will attend the annual tea and fashion show at the convent of the Sacred Heart, Bloomfield Hills.

The theme for the show, sponsored by the mother's club and the alumnae, is the Civil War centennial. Preceding a presentation of gowns and furs by Robert, a parade of 1881 fashions, from the collection of Helen Virginia Meyer, New York fashion historian, will be a feature of the show. These period pieces, modelled by mothers, alumnae and children, are all authentic originals or reproductions of famous women's gowns.

Last year's show drew 2500 women and netted \$25,000. Mrs. Philip J. Huber revealed that, at this point, ticket sales in Grosse Pointe were leading over Birmingham and Detroit.

Some of the Grosse Pointe women who will attend are Mrs. Jerome Remick, Jr., Mrs. Emmet E. Tracy, Mrs. Charles T. Fisher Jr., Mrs. Frank Couzens Jr., Mrs. Sherman Fitzsimons, Mrs. Robert Bacon, Mrs. Edward C. Roney, Mrs. Edward C. Roney Jr., Mrs. Robert Vlasic, Miss Jane Doughty, Mrs. John B. Hastings, and Mrs. C. Bradford Lundy.

Others are Miss Margaret Dillon, Mrs. Robert Goffredson, Mrs. Stanley Beattie, Mrs. Frank Feely, Mrs. Joseph Mengden, Miss Margaret Bradford, Mrs. Fred Cody, Mrs. Charles Kotcher and Mrs. Phillip Weiss.

At this point nothing can be reduced but taxes—the taxpayers have already been reduced.

Old City Hall Memento

Monday saw the demise of the Old City Hall steeple, but for sentimentalists who want a memento of the Victorian building the golden door knob from the mayor's office will be given away to some fortunate patron at the International Institute's Treasure Shop Tea this Thursday.

The tea is held annually to acquire donations from Detroiters which may be sold in November at the Old World Market. Mrs. Walker L. Cislis is chairman of the hostesses for today's party at the Institute.

Tuesday Musicale

This coming Tuesday will see the beginning of the Tuesday Musicale's new season. Mrs. Wilson W. Mills, of Woodland place, will open her home for initial concert and a tea for new and associate members.

For over 75 years Tuesday Musicale has been promoting and presenting fine local musical talent. This Tuesday Mrs. Harry J. Chapman has arranged a piano duo by Camella Ehrlich and Naomi Donaldson with songs by Dolores Long.

Editorial note: We are grateful to Mrs. Alfred J. Mayer for a memorial volume about her famous ancestor, James A. Van Dyke, mayor of Detroit and founder of the Dutch family which took such a prominent part in the growth of Detroit.

This Sunday at the Convent of the Sacred Heart will be Family Fun Day and celebrating will be the Alfred J. Mayers and daughter Margaret Van Dyke Mayer, the sixth generation of her family to attend the school.

The Van Dyke family gave money for the present convent to be built and members of their clan and related Chapotans, Picquettes, Beaubiens, Desnoyers Casgrains and Morans have been enrolled in the school since its beginnings in the old world as well as in Detroit and the Pointe. A Van Dyke was mother superior at the convent, another went on to be dean of Manhattanville College, and another is president of the College of the Sacred Heart in Tokyo, Japan.

The founder of the Van Dyke family in this area, James, was born in Mercersburg, Pa. about the time of the War of 1812. He was educated with private tutors and at Madison College, then studied law. In 1834 he decided to go west and chose Detroit instead of St. Louis because this was the first stage coach stop. He entered the law offices of Charles W. Whipple, who became a Supreme Court judge, and in 1844 became a partner of H. H. Emmons, Esq. (ancestor of Hal Emmons, of Radnor circle, antique car collector).

The partnership continued until 1852 when Van Dyke became attorney to the Michigan Central Railroad (headed by Pointers McMillan and Newberry), and Emmons took up a similar position with the Michigan Southern and Northern Indiana Railroad.

In the ensuing years Van Dyke became prosecuting attorney for Wayne County, and then alderman for the third ward when he was of great assistance in pulling the city out of debt. Because of this fine work he was elected mayor in 1847. His great interest was the fire department and he served as a volunteer fire fighter from his first days in Detroit, finally becoming president of the department in 1847-1851.

James Van Dyke married Elizabeth Desnoyers, daughter of the revered French pioneer family and the couple had eight children. Several members of the family, and the clans into which they married, owned property in the Pointe. William Van Dyke's name was on the injunction restraining the Grosse Pointe School board from buying the Fisher site.

Another Van Dyke, Catherine, was editor of the Ladies Home Journal, and Agnes Van Dyke was at one time society editor of the Detroit Free Press. Ernest Van Dyke, priest at the old St. Aloysius Church downtown, became a monsigneur.

From the mid-nineteenth century the Van Dyke name has been of primary importance in the growth of Detroit and Grosse Pointe. Its sons and daughters have allied with many of the city's oldest families and today their name is enshrined in public buildings and on street signposts.

who, where and whatnot

by uboozit

There are still a few determined gourmets who refuse to buy their preserves from the well stocked grocers shelves. Two of the Pointe's most devoted canners are Mrs. Frederick Kross and Mrs. Robert Duff who pool their talents and set aside a day each fall for a pickle making spree. They begin in the dawn's early light with a trip to Eastern Market to gather the freshest cucumbers and then repair to one of their kitchens to brew, boil and bubble pickles all day long.

There were just seven young misses at the Grosse Pointe Memorial Church's opening Sunday school session of the season who remembered their Bibles in the Junior Department. Their reward for such faithfulness, a plastic box containing lavish false eye lashes which they immediately donned to bat at their parents when they emerged from the sanctuary.

F. Renkin Weisgerber noticed an early summer item in this column reporting that Stark Hickey gifted each of his grandchildren with a silver dollar for each year of their age on their birthdays. He reports that he began this delightful custom 33 years ago with his own daughter, Mrs. Greene Penley III, of Old Greenwich, Conn., and has through the years given a truckload of dollars. Mrs. Weisgerber is the recipient of gold dollars on her birthday which her husband buys from collectors. His father began this custom on his birthday when he was a boy.

Ida Hoyt Chamberlain, sister of Culver Chamberlain who wed Carol Corey September 9 in the Kenwood court home of her parents, the Donald H. Coreys, wore to the rites a dress owned by her great-grandmother and worn for the first time at Abraham Lincoln's inauguration in 1861.

Guests are still aglow over the United Nations party Martha Adam gave for Julie Cudlip and James Douglas Warren last Thursday evening. Among the unusual decorations were relief maps outlined in white flowers and a carved globe done in ice.

PILFERINGS
The little first grader was told to come directly home from school but she arrived late almost every day. The difference in time amounted to as much as 30 minutes.

"You get out of school the same time every day," the mother said. "Why can't you get home the same time?"

"It depends on the cars," was the reply. "What do the cars have to do with it?"
The youngster explained, "The patrol boy who takes us across the street makes us wait until some cars come along so he can stop them."

My idea of happiness is four feet on a fireplace fender... Oliver Wendell Holmes.

Isn't it a shame that future generations can't be here to see all the wonderful things we are doing with their money?... Earl Wilson.

DR. ELVEN DUVAL, OF BERKSHIRE ROAD

By Patricia Talbot

In another few months Dr. Elven Duvall will know every one of the 473 teachers in the Grosse Pointe School System. Since February 1 when he was appointed assistant superintendent of the Grosse Pointe Schools over 1,000 applications from teachers seeking jobs have passed across his desk. From these he chose newcomers to fill 55 vacancies. He will keep in close touch with them and their 418 colleagues throughout the year.

The teachers in the school system are Dr. Duvall's direct responsibility. Records, recruitment, certification and professional growth of teachers all come under his direct surveillance. Indirectly his office keeps an eye on the administrative service, business and finance, community service and public libraries, but teachers are Dr. Duvall's main concern.

Came from Western U.
A one time classroom teacher himself, he grew up in Utica, studied at Eastern Michigan University, the University of Michigan and received his doctorate from Teacher's College, Columbia University. He taught science and coached athletics at Tecumseh, Mich., then went on to Addison, where 20 one-room schools had recently been consolidated, as superintendent. He spent some time in Lansing with the State Department of Public Instruction and before coming here last winter was an associate professor at Western Michigan University.

Dr. Duvall and his wife, a former school librarian, are the parents of five children: Marianne, 9, Elven, 11, Sara, 12, Jane, 14, and Linda, 15, which involves them with three schools and three P-TA's. All the Duvall children are good students for their parents put a premium on hard work. Dr. Duvall himself spends many an evening in his office at the Board of Education building catching up on his tremendous amount of administrative paper work.

Before his appointment the job was held for many years by Dr. Otis Dickey and after he left the office was vacant for one half a semester. Dr. Duvall did not take a vacation this summer, although he loves to

On the Closed Campus
Dr. Duvall, with the rest of the administrative staff, has been keeping a close and interested eye on the closed campus regime initiated this semester at the High School. "Change for change itself is useless but this closed campus system will improve the educational program. Teachers will have a longer classroom period to give more individual attention to each student," he claims.

Dr. Duvall has discovered that many of the ideas suggested in the now famous educational Conant Report have been used in the Grosse Pointe system for many years. He loves administrative work and is determined to strengthen his department, not rest on past achievements. This leaves him little leisure to enjoy his family, increase his reading. But he faces up to the challenge of his new job with enthusiasm, is a strong addition to the administrative team which directs the Grosse Pointe schools.

Special Courses Offered Adults

Voice and Language Improvement, Vocabulary Improvement and Introduction to Geology are being offered in the Adult Education Program given by the Department of Community Services of the Grosse Pointe Public School System.

Voice and Language Improvement is designed for students who seek to improve their voices for everyday speech. For convenience of study, the course is divided into two main parts: (1) Producing the Voice, and (2) Using the Voice. Part 1 might be considered the scientific phase of voice study; developing good voice quality, controlled breathing, and speaking distinctly. Part 2 might be called the artistic phase of voice study; considering ways and means of using the speaking voice with artistic skill. James Shirley is instructor for the course.

Vocabulary Improvement is a course to help the student master words. Words are symbols of ideas, and two-thirds of each day is spent with them, either listening or talking, reading or writing. The more words one knows, the easier it is to think clearly and precisely; so increase your chances of business and social success by increasing your vocabulary. Instructor for this course is Franklin Greene.

Introduction to Geology is a course offered to increase the layman's knowledge and enjoyment of the world around him. The course discusses the processes which have changed the surface of the earth during three billion years; the work of water, wind, ice, and volcanoes; rocks, destroyed and created; and the evolution of both plant and animal life. Jane Renaud will instruct this course.

Registration for these classes, which have beginning dates in early October, may be made by calling the Department of Community Services at TU 5-3808 or TU 5-0271. Reservations must be obtained ahead, as enrollments are limited. These courses are co-sponsored by the Division of Adult Education, Wayne State U. and the University of Michigan.

Federated Garden Clubs To Meet Oct. 4 at DYC

The Federated Garden Clubs of Michigan, District 1, will meet October 4 for the annual meeting at the Detroit Yacht Club with registration from 9 to 9:30 o'clock and a luncheon program. Mrs. Zeldia Wyatt Schulte, of Cleveland, will present the program, "Holiday and Party Table Settings." Mrs. Hansel Dwight Wilson, of Oxford road, is District 1 chairman.

Center Holding French Classes

Conversational French for both beginning and more advanced students will be offered at the Grosse Pointe War Memorial Center on Wednesday mornings at 9 o'clock, beginning September 27. The classes are under the auspices of the Adult Division of the University of Michigan and Wayne State and are offered for the convenience of Grosse Pointers for a fee of \$27.00 for the 16 week course.

Professor John J. Laskie of Wayne State University, who is the instructor, is planning the course of study to accommodate those who are just resuming their study of French and conversational practice and also to take care of more advanced students who have

gained competence already in conversation classes. This will be accomplished through additional reading assignments and time devoted to conversations based on them.
