VIOLENT MOSLEMS Wednesday battled reinforced riot police for the second night in a row, as new Algerian demonstrations threatened Paris. Over 4,000 Moslems, protesting a midnight curfew on Algerians, joined in the fracas. Three persons were killed before police finally succeeded in dispersing the rioters. A mass deportation of Algerians to North Africa as chronic troublemakers, scheduled to begin today, may have little effect on the wild demonstrations, as the rebel National Liberation Front (FLN) is reported to have ordered women and children to form a mass protest gathering in Paris streets Friday.

BILLIE -S. FARNUM is slated to become Michigan's new auditor general. The former UAW international representative's appointment to the post, vacant since Otis M. Smith's promotion to the Supreme Court, is expected next week. Farnum has served as deputy Democratic State chairman since January, 1960.

THE UNIVERSITY OF MICHIGAN Board of Regents, meeting Friday in the University's Dearborn Center, requested a record 1962-63 budget of \$55,184,152. According to President Harlan Hatcher, the \$12-million dollar increase is needed urgently to keep U. of M. operating at the level it ought to achieve.

DEPUTY SECRETARY OF DEFENSE Roswell L. Gilpatric, in a speech delivered Saturday before the Business Advisory Council at Hot Springs, Va., revealed a United States arsenal with "tens of thousands" of vehicles able to deliver atomic weapons. The policy statement, approved by both President Kennedy and Secretary of State Dean Rusk, was aimed at silencing one and for all Soviet boasts of superior striking power. "We have a second-strike capability which is at least as extensive as what the Soviets can deliver by striking first," Gilpatric said. His statement leaves no doubt of America's determination to use atomic weapons if necessary, and of the adequacy and effectiveness of such weapons.

CHRYSLER MANAGEMENT bargaining teams and negotiators from UAW locals worked through Sunday night in an effort to speed agreements on settlements affecting 60,000 workers. According to the UAW Chrysler department, a report on the state of local negotiations will be released today. UAW President Walter P. Reuther appears optimistic, expressing hope that top-level negotiations can reach the non-economic issue stage by mid-week.

DAG HAMMARSKJOLD, late United Nations Secretary General, has been awarded the Nobel Peace Prize for 1961. The decision of the Norwegian Nobel Peace Prize Committee to laud Hammarskjold, who died last month while on a peace mission to the Congo, marks the first time in the 60-year history of the awards that a dead man has been so honored. Albert Luthuli, banished South African Zulu chieftain and chief opponent to the South African government's white supremacy policy, was belatedly awarded the 1960 prize.

SOVIET DEFENSE MINISTER Marshall Rodion V. Malinovsky announced Monday that Russia has developed a new deadly accurate defense weapon, an antimissile missile. Malinovsky also boasted that Russia has established a new branch of her armed service, troops armed with rockets and nuclear weapons "capable of inflicting a crushing defeat upon the aggressor." Soviet News Agency Tass quoted Malinovsky as reporting to the 22nd Soviet Communist Party Congress that the USSR has "successfully solved" the problem of destroying rockets in flight.

Fire Drill Empties School in Jig Time

The familiar unpleasant buzzing of the fire alarm system filled the halls of Brownell Junior High School on Thursday afternoon, October 12, with lines of students moving rapidly toward their designated fire exits. However, this wasn't to be an ordinary fire drill as required by law, for both students and teachers

were startled to hear the sirens of the Grosse Pointe Farms fire trucks shrilling down Chalfonte, to stop immediately in front of the school. Excited onlookers soon saw the banners on the trucks proclaiming Fire Prevention Week, and all relaxed as the imminence of a school fire faded.

"Our purpose," stated Charles Saltzer, principal of Brownell Junior High, "was to test the coordinated efforts of both the school authorities and fire fighters, and what better time

to do it than during this week?" When stop watches were checked later, it was learned that the school was emptied of 820 students and 46 faculty members in a minute and a half,

and the fire-trucks were in position within two minutes after receiving the call. Firemen remained with their trucks until school was dismissed

20 minutes later, and distributed literature to students regarding the observance of fire prevention techniques in their homes.

Thieves Pay Homes Visit In GP Woods

Invade Homes During Absences of Owners, One of Whom Lost Ring and Change to Thief

Two Woods homes were reported to have been entered by burglars, according to complaints received by Woods police on Sunday, October 22.

Broken into were the homes of Mrs. H. E. Ayres, 2065 Lochmoor boulevard; and the Oswald Bellaires, 2040 Hunt Club.

Mrs. Ayres told police that she had left her home on Sunday, October 15, to stay with a friend and returned on October 22, at 11:20 p.m., when she discovered she had had an unwelcome visitor.

Entry into the house was gained through a screened porch at the rear of the house, and by breaking the glass of the rear door with a small object.

Police said that as far as could be determined, Mrs. Ayres found nothing missing.

In the Bellaire home, however, the burglar took a lady's white gold diamond ring and a dollar in change.

The Bellaire family left home at 8 p.m. Saturday, October 21, and returned shortly after midnight. They found that the rear storm door had been pried open with a one inch bar, and an inside window had been pried open just enough for the thief to make an entry. The glass on

Suspect New 'Cat Burglar' May Be Operating in Area; Park Home Scene of Thefts

Stealthy Thief Robs Home Owners and Guests of \$377 in Cash Plus Travelers Checks Without Disturbing Their Slumber

Five persons were victims of a sneak burglar who entered the home of the Daniel J. Stacks, Jr., 776 Westchester, while everyone was asleep, and took a total of \$377 in cash from wallets and purses.

Also taken were some American Travelers checks, valued at \$280, but worthless to the stealthy visitor, according to Park Police Chief Arthur Louwers.

It was disclosed that the burglar entered the rooms of Mr. and Mrs. Stack; and their house guests, Mr. and Mrs. Carroll V. Lewis of Sydney, O., and Miss Rosalie King of 12304 East Outer drive, Detroit, and removed the wallets from the men's trousers, took out whatever currency he found, and pilfered money from the purses of the women.

No One Wakened
Chief Louwers said that the burglar entered the house and the rooms, so quietly, no one

was awakened. The burglary was not discovered until about 6:45 a.m., when the household was up. Police were called immediately.

It was disclosed that the thief entered the house through an unlocked door. The Stacks apparently forgot to lock the door when a party held in their home broke up shortly before 3 a.m., at which time they and their guests retired.

The chief said that the man appears to be another "cat burglar" operating in the same manner as did Ernest J. Morris, who as the "cat burglar" plagued the Pointe and Detroit area for years.

Morris Still in Prison
Morris was captured in Birmingham approximately two years ago, when he was surprised in a residence by the occupants. In trying to escape, Morris leaped down a flight of stairs and cracked his head against a beam and was knocked unconscious. He is serving a term in Jackson Prison for that burglary.

An attempted breaking and entering was committed at the home of Ben G. Parsons, 838 Pemberton, just before the Stack burglary, and could well be the same invader, Chief Louwers said.

Parsons was awakened by a noise that sounded like metallic scraping. He got out of bed and turned on the hall lights and went down the stairs and walked to the door fronting on Fairfax. He looked through the glass in time to observe a man running from the rear of his house, and across the front of the house.

Window Damaged
Police said that Parsons checked further and discovered a metal screen had been removed from a Fenestra window, and the gears of the window crank stripped. The shade had been raised to permit easy entrance, it was said.

Parsons gave police a description of the man. He said the man was about five feet ten inches tall, about 160 pounds, wearing a dark jacket and a pair of trousers, somewhat lighter than the jacket. Detroit has had two burglaries similar to that at the Stack home, which occurred in Philadelphia.

Maligned Cop Doesn't Just Tend Meters

His Days and Nights Are Filled with Variety of Protective and Helpful Activities

By Janet Mueller
Walk down any business street in Grosse Pointe. Look at the parking meters. Chances are there is a car parked in front of every one.

And chances are that a woman, balancing a bundle of groceries on one hip, is standing next to one of the parked cars, staring, first at the red "expired" sign in the meter window, then at the slip of paper sticking out from behind her windshield wiper.

And chances are she is muttering, in a voice loud enough to be heard by a semi-observant passer-by, "Don't the police have anything better to do?"

Popular Misconception
Unfortunately, many people, (particularly in this or similar situations), have the feeling that unless the police are out

Safe Halloween Urged by Police

All uniform police officers in the Pointe departments will be assigned to every available area to assure a safe Halloween on Tuesday, October 31, it was disclosed in a joint statement by the Pointe police chiefs.

The chiefs said that all leaves will be cancelled, and the uniform regulars will be augmented by officers from plainclothes units and by auxiliary police.

As an added safety precaution, the chiefs recommended that one, or both parents, or a responsible adult, accompany the little ones on their "trick or treat" rounds.

Motorists are urged to be extremely cautious on Halloween night, and to be especially wary at intersections and in areas where there are parked cars. One never knows when a "goblin" might suddenly dart out into the street and in front of more than a ton of steel.

The chiefs said that whether it is the fault of the motorist, or not, to maim or kill a child, or anyone for that matter, will always be on the conscience of the driver.

A safe driver is a conscientious driver, they said. Wake up the morning after Halloween with the thought of not having maimed or killed someone, they added.

City Parking Edict Draws Reply from Hospital Lawyers

Bon Secours Attorneys Claim Institution is Abiding by All Ordinances and Cites Plans for Future Expansion

Bon Secours Hospital, through its lawyers, Hayes and McEvoy, has sent a letter to the City of Grosse Pointe, following a directive issued on September 25 by the City Council, regarding the immediate need to provide more parking spaces on the hospital grounds between Maumee and Caroline, and Cadieux and Notre Dame. The letter follows:

October 16, 1961
Mr. Lawrence C. Savage
City Manager-City Clerk
City of Grosse Pointe
Grosse Pointe, Michigan
Dear Mr. Savage:

Your letter of October 3, 1961, addressed to Bon Secours Hospital is acknowledged and I have been directed to advise you of the Hospital's position in reference thereto.

You state that the Council has directed you to advise us "that the present Hospital parking area is in violation of the Zoning Codes' Off-Street Parking provisions . . . and to issue notice to the owners thereof to take whatever steps are necessary to correct this deficiency as soon as possible."

You state that the above action was taken at the last meeting of the City Council, and from the newspaper report of this meeting of the City Council held on September 25, 1961, the directive of the Council as referred to in your letter is apparently the result of representations made to the Council by a group of objecting property owners.

It is most extraordinary that the Council would issue any directive to the Hospital at a meeting where the Hospital was not represented and of which it had no notice. If the Hospital had been accorded the common courtesy of a request to appear at a meeting at which a directive was to be issued to the Hospital, we would at that time have called the attention of the Council to the fact that the Hospital was not in violation of any ordinance of the City of Grosse Pointe because at the time of the erection of Bon Secours Hospital and its enlargement the Hospital complied with all of the ordinances of the City of Grosse Pointe with respect to off-street parking.

We also at that time would have pointed out to the Council that it is necessary to make a substantial enlargement of the present facilities of the Hospital if it is to continue to serve the needs of the Grosse Pointe community in the future as it has in the past and that, in due course, the Hospital will present to the Council a comprehensive plan for such enlargement of the Hospital with generously adequate off-street parking. At that time we shall lay before the Council all of the facts that bear on the question of expansion and related parking facilities.

With respect to the planting referred to in your letter, we have felt that our commitment in this regard had been satisfactorily met. This is the first request made by the City for any change in or addition to the planting and is engendered, of

Police Chief Raps Slanted NBC Show

Uncomplimentary Letters and Postcards Being Received from All Over Country

By James Njain

Letters and postcards, none of them complimentary, from all over the United States, from as far as California and New York and as close as Michigan, are arriving in the Park because of the entirely slanted TV program viewed on NBC last Wednesday night, October 18. The program gave the Park an undeserved "black eye."

The television show "David Brinkley's Journal" gave a false impression in its story of "Crime Does Pay", and showed scenes taken in the Park on September 16, of "homes of some well-known prohibition-era characters in the area." The filming caused a near riot, which was recorded by the NBC newsmen and shown on Brinkley's program.

The show created the impression that the Park was a haven for gangsters and hoodlums. Which of course is not true. A short talk by Attn. Gen. Robert Kennedy, helped to add to this false picture.

Brinkley topped his program with a report that Park police arrived at the scene (Middlesex and Avondale), stopped the fighting, protested the picture taking, took notes and made no arrests.

Chief Makes Retort
Park Police Chief Arthur Louwers charged that Brinkley slanted the entire program, viewed by millions of people all over the country, and did not give a true account of what had taken place. Nor did Brinkley clearly show the pictures were taken, or in what area of the city.

The chief said that prior to the September 16 incident, his department was approached by a representative of NBC and asked for a police escort, or a ride in a police car, so that pictures could be taken without any incident.

Chief Louwers said that the man, James Jewell of 8010 Bailey, Taylor Township, Mich., asked for the escort on September 13, but was refused.

Challenges Statement
The chief challenged Brinkley's statement that police protested the picture taking and made no arrests. The chief also said that his officers acted properly in confiscating tape recordings and films as evidence, when the Park citizens entered a protest.

"The Police Department acted in accordance with procedure," Chief Louwers said. "The officers confiscated the tape recordings and films and tagged them as evidence. This was approved by the Wayne County Prosecutor's Office. The items were surrendered voluntarily."

Halloween Parties Set For Tuesday

All Pointe Youngsters Invited to Annual Events at High School and Junior Highs

Dancing, entertainment, movies and plenty of good food will be the attraction at the annual Grosse Pointe Community Halloween Party held Tuesday, October 31.

All private, parochial and public high school students of the Grosse Pointe area attending the party at Grosse Pointe High School from 7:30 p. m. to midnight will dance to the 10-piece orchestra of Warner Ruhl. During intermission, Father Dunstan and his band and the Barons of Dixieland will entertain.

Forrest Geary, general chairman of the Grosse Pointe Community Halloween Party Committee, announced that disc jockies will alternate with bands at the junior high schools.

The Jerry-Fenby Five will play at Pierce, Johnny Titus at Brownell and students will dance to Bill Gail's music at Parcels. The hours for the junior high parties are 7:30 p. m. to 11:00 p. m.

City Improves Several Areas

Several areas in the City of Grosse Pointe will be undergoing improvements this week, according to City Assessor Neil Blondell.

Construction on the hard surfacing of additional spaces in Parking Area 6 (behind Best and Co.) started this Monday. It is expected to be completed within a few days.

The parking lot in back of Kroger's store in The Village is also being repaired and improved. Plans call for the removal of the existing bumper so that shoppers can walk directly from the store up the parking lanes.

Paving is about to begin on the alley south of Mack avenue, between Washington and Rivard, behind Leon's. All of these improvements are due to be completed within a very short time and with a modicum of inconvenience to the citizens and motorists affected.

Suspend Defiant Student At Grosse Pointe High

A breach of discipline in connection with a student's defiance at Grosse Pointe High School last week was dealt with quickly by school authorities. One unruly student who failed to respond to a teacher command and then scuffled with the teacher during the non-hour was suspended from school. Several others received reprimands, or appropriate disciplinary action.

The disturbance was part of the unrest that a very small part of the student body has promoted off and on; this fall, school news. Most of the discontent appears to be associated with the revamped school-day (the so-called closed campus), that has been initiated there this year.

Officials of the school system assert that the new plan is working well. Only 1-2 per cent of the students seem unable to accept the changes gracefully. However, school spokesmen express confidence that even the hardest of the malcontents will be able to adjust satisfactorily in due time.

Robert F. Weber, president of the Board of Education, stated, "I believe very strongly that the operation of the continuous school day at Grosse Pointe High School is giving a better opportunity to boys and girls to meet the educational challenge in the world today. The Board of Education is gratified that the great majority of our students recognize the efforts being made in their behalf to provide them a better education. We propose to continue to do our best to serve their interests."

Name Blondell City Treasurer

Neil Blondell, 875 Rivard boulevard, has been appointed City Treasurer by Alonzo C. Allen, Mayor of the City of Grosse Pointe.

Mr. Blondell, who is presently serving in his elected capacity as City Assessor, a post he has held since 1929, will succeed T. G. Osius, who resigned last week. Osius is moving to a new home in Grosse Pointe Shores.

This will be the second time Blondell has served as City Treasurer. He was first elected in 1927 and served for two years. In 1929, he was appointed deputy treasurer and deputy clerk and has continued in these positions as well as that of City Assessor up to the present time.

Blondell also holds the posts of Street Administrator and Administration Officer of the Employees' Retirement System and the Employees' Hospitalization Fund, as well as numerous other positions.

Mrs. Mildred S. Trombley, 839 Rivard boulevard, Blondell's secretary-assistant, was appointed deputy treasurer at the same time Blondell received his appointment as treasurer.

Woods Council Appoints New City Administrator

The Woods council on Monday, October 23, approved the appointment of Chester E. Peterson, 40, as the successor to City Administrator William Lange, who tendered his resignation last August.

Lange's resignation was to have become effective on September 1, but he agreed to remain in the post until the council picked someone to succeed him.

The new administrator, who will take office on Wednesday, November 1, is presently city manager of Greenville, Tex., and was one of more than 300 applicants who applied for the Woods position, and one of the final 11 who were screened and interviewed.

The Selection Committee that interviewed all the applicants was comprised of Councilman Benjamin Pinkos, chairman, and Councilmen Marv Boutin, Fred Matlock and David Fairless, with other members of the council sitting in.

The committee selected Peterson as the best qualified for the job and made their recommendation at Monday night's council meeting, which the entire membership accepted.

It was disclosed that of the 11 finalists, six were city managers from Michigan communities and five were from cities from outside.

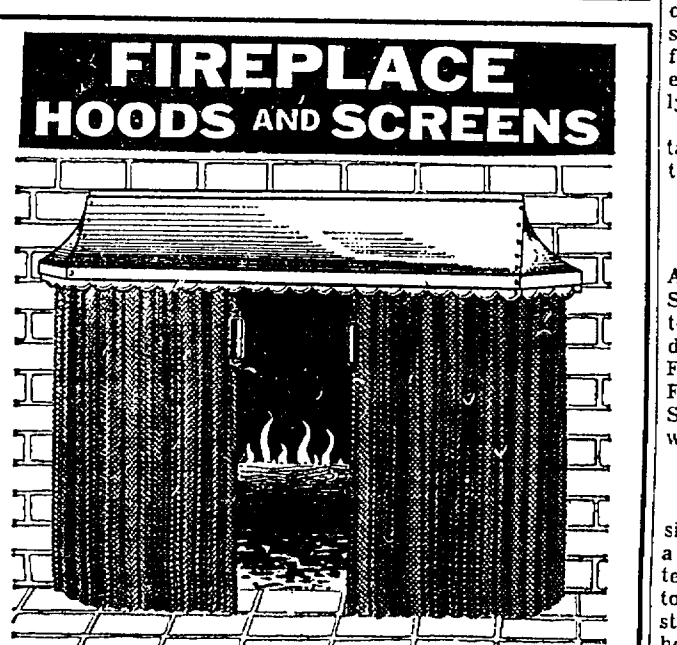

Peterson has been city manager of Greenville, a residential, agricultural and industrial city of 19,000 population, since April 1959.

Prior to that, he was city manager of Newton, Kan., population 15,000, from August 1956

Brazilians Visit Woods Police

Woods Director of Public Safety Vern C. Bailey was host to two Brazilian police officials who visited the Woods recently to study the organization and operations of the city's integrated police-fire department.

The visitors were Col. Manoel E. Sampaio, 51, commandant general of military police of Pernambuco, Recife; and Dr. Romildo A. Leite, 46, secretariat of Public Safety, Recife. Accompanying the two officials on their tour of United States cities, is Orlando Orlando Aqueda, U.S. State Department interpreter.

The Brazilians are in this country under a program sponsored by the International Cooperation Administration of the United States Government, and the International Association of Chiefs of Police, Inc.

Col. Sampaio and Dr. Leite came to the United States from Montreal, Quebec, this year's site of the International Association of Police Chiefs convention held on October 1, 2 and 3. They had visited other cities with integrated departments, including Oak Park. Their Woods visit lasted three days.

Director Bailey said that the visitors expressed pleasure and surprise in finding the Woods so clean and neat. They were also impressed with the operations of the city's integrated police-fire department, the director added.

The object of the tour-program is designed to provide the visitors with the opportunity to observe the administration and training methods of integrated services in small towns in the United States, beat assignments, the layout of traffic and communication operations and relating programs, and disaster planning.

Faces Trial for Stealing Station Wagon Tire, Wheel

James H. Melton, 32, of Temple Hotel, Detroit, is in Wayne County Jail awaiting trial in Wayne County Circuit Court. He failed to post a \$500 bond imposed by Woods Judge Don Goodrow.

Melton was arraigned for examination before Judge Goodrow on Wednesday, October 18, and pled not guilty to a charge of larceny from an automobile. The judge found sufficient cause to hold Melton for trial, and remanded him to the custody of the Wayne County Sheriff when he could not produce bond.

Melton was arrested on October 1, by Woods Patrolmen Donald Sun and Thomas Kerving, who saw him in the act of taking a spare tire and wheel from a station wagon parked in the Woods Theater lot. The vehicle is owned by Dr. Jeremy W. Webster of 342 McKinley.

Because of numerous complaints of thefts from automobiles parked in the theater lot, a police plant was set up in the St. John Hospital parking lot. Sun and Kerving were waiting in an unmarked scout car when they saw Melton drive into the theater lot, back up to the doctor's station wagon and take out the spare tire and wheel. The officers arrested Melton before he could escape.

Det. Sgt. Walter O'Dell and Det. Leroy Tobian said that Melton, who is a draftsman, and who has been earning approximately \$250 a week, could give no logical explanation for his act.

The detectives said that after extensive questioning, Melton confessed to taking tires and wheels from 32 station wagons and unlocked cars in parking lots throughout the Detroit area. He specialized in thefts from station wagons, and would

8 Persons Die in Six-City Area Traffic Since Jan. 1

Eight persons lost their lives in traffic in the Grosse Pointe-Harper Woods area since the beginning of the year, according to a monthly report received from the Grosse Pointe Safety and Traffic Committee. The report is for the month of September.

Two deaths were recorded in the Farms, two in the Shores, and Harper Woods accounted for the other four, the report disclosed.

There were no fatal accidents during September, and 26 non-fatal (injury accidents), of which five were in the City, three in the Farms; five in the Park; three in the Shores; five in the Woods; and five in Harper Woods.

The non-fatal accidents since January 1 are set at 208, with the Park recording the greatest number, 55. This is followed by

Harper Woods with 46; Farms, 36; Woods, 30; City, 29; and Shores, 12.

Property damage accidents during September was 84, with the Farms leading with 21. The Park had 20; Harper Woods, 18; City, 14; Woods, seven; and Shores, four.

The total property damage accidents to date in the six-city area is 755, of which Harper Woods accounted for 201; the Farms follows with 169; the Park with 147; the City, 116; Woods, 85; and the Shores, 37.

Students Win Commendation

Letters of Commendation were awarded to 19 Grosse Pointe High School students who took the National Merit Scholarship Test last spring, but fell below the rank of semifinalists.

This elite group of commended students was among the top two percent of the more than 500,000 seniors who took the test.

Those who qualified to receive a letter by achieving a score of 134 or better are: Bob Bray, Dick Breidenbach, Jerry Brennan, Jonny Clark, Dan Cook, Ken Davis, John Ditzler, Jane Evenden, Leslie Fenton, Anna Garner, Rick Hart, Bob Knight, Murray Robertson, Linda Ruester, John Schonenberg, Jim Todd, Al Williams, Mike Yevick and Ann Bradley, a student at Donby last year.

The Letters of Commendation encourage those students who failed by only a few points to reach the status of semifinalists, by singling them out for special attention. Their names and scores are sent to the colleges they indicated as their preferred choice at the time they took the test.

Star Gazers Shoot the Moon

Members of one of Ferry's Fourth Grade Classes returned to school one evening recently to engage in a brief astronomy lesson. Many were accompanied by their parents, some of whom came as students while others were

able to give teacher JEAN HARRIS a lift with the instruction. WILLIAM KLINGBEIL, (left), stands by while Miss Harris assists one of the class. ROBERT THOMPSON is at right.

A "Moon and Planet-Watching" party was held recently on the school grounds by a Ferry fourth grade as an introductory activity to its next science unit on astronomy.

Accompanied by their parents, the boys and girls came back to school between 6:30 and 8 p.m. to look through two telescopes.

The moon, exactly in its first quarter phase, presented a fine spectacle of craters and mountains along the central portion,

due to the deep shadows cast in this phase.

The planet Jupiter and four of its 12 natural satellites were observed in the other telescope, alternating with observations of the planet Saturn. Though appearing much smaller than Jupiter, Saturn, with its ring system, was clearly seen.

For most of the children and their parents the experience of looking through a telescope was a new one. Comments included,

"Oh, I never dreamed it would be so clear," and "The craters look just like the pictures."

Dr. Frank Brandon, father of a child in the class, (Boyard Brandon) took charge of one of the telescopes. Teacher Jean Harris of the Ferry staff presided at the other. In addition to parents, many brothers and sisters in other rooms came along for a peek, too. One of the telescopes was the property of the school system.

Mrs. O'Connor had parked her car in the Bon Secours Hospital parking lot at 7 a.m. and reported for work.

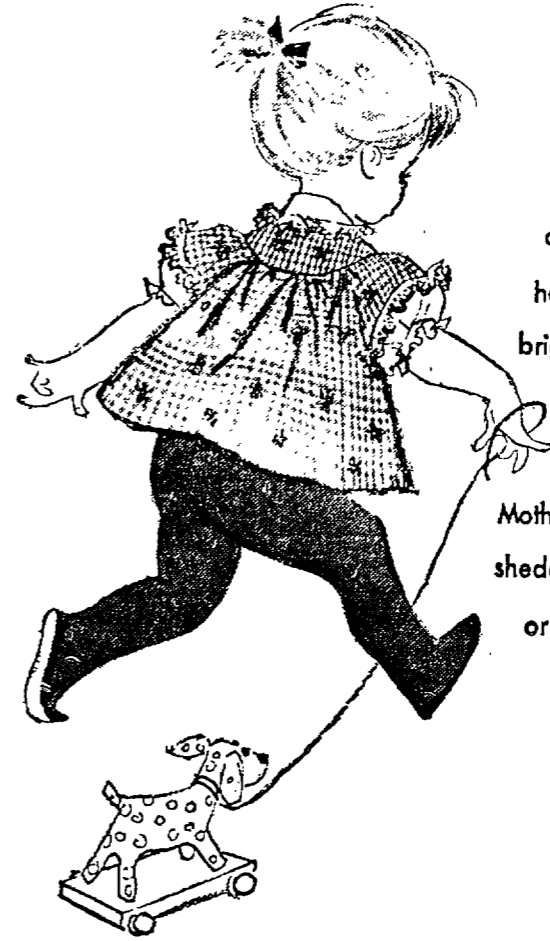

When she returned at 3:45

p.m., she found the top slashed out on the left side. Police are and a two by six inch chunk cut investigating the incident.

It goes without saying that, if our plans for expansion are not capable of ultimate fulfillment and we are limited to our present parking facilities, we shall then be happy to cooperate with the Council in any necessary additions to the planting or landscaping around the present parking area.

Very truly yours, Hayes & McEvoy Neil B. Hayes.

Representatives of the hospital have submitted figures to show that the proposed expansion of facilities is necessary if Bon Secours is to continue to serve the needs of the community.

During the first three weeks of October the Emergency Department of the hospital handled 534 cases, with 52 emergency patients being admitted. This so taxed the facilities of the hospital that it was necessary to cancel 46 pre-scheduled surgical and medical cases and postpone admittance of these patients.

It's paradoxical — the man who is down and out is generally up against it.

Nab Bad Check Artist at Work

Robert Breitmeyer, 45, of the Savarine Hotel, 13115 East Jefferson, was arraigned before Park Judge C. Joseph Belanger on Tuesday, October 17, on a charge of uttering and publishing. He tried to cash a check without having funds to back it up.

Breitmeyer entered a plea of guilty to the charge and the

judge set bond at \$1,500, which the man could not meet and he was remanded to the Wayne County Jail to await trial.

The self-confessed check passer is also wanted by the City police for passing a number of checks in their community. Breitmeyer is also wanted by other cities for uttering and publishing.

Maligned Cop Doesn't Just Tend Meters

(Continued from Page 1)

Investigating the latest axe murder they have nothing better to do than sit around the station discussing football games, pausing in their conversation only long enough to make an occasional foray on the streets and parking lots, where they pounce, chuckling, as soon as the parking meter ticks off its final second.

A look at the blotter at the City police station should set their minds at rest.

Take any day. Monday, October 16, for example.

That day the City police had the usual number and variety of calls. Nothing very big, a bank escort, maybe, a few stray dog or cat reports. No accidents, if the citizens are lucky.

Woman Asks Help

At 11:21 p.m., a woman called from the corner of Mack and Lincoln, requesting an escort to her home. She reported a car had followed her from downtown Detroit. Officers Duncan MacEachern and George Brackx took care of the detail. The entry reads: "No one around."

Of course, a certain number of parking violators were ticketed on both days. But even they will be happy to learn that the City police are not entirely anti-motorist.

Jefferson and Cadieux. Wayne County authorities were notified. The amber light is now working properly.

Church Trains Drive Workers

The Grosse Pointe Memorial Church will conduct a training session for over 700 people October 29 at Pierce Junior High School. These persons will conduct the Every Member Canvass of the Church on November 5, which will be Loyalty Sunday at the church.

This meeting will feature a visual presentation of the broad scope of the work of the Church as well as many direct aides in assisting the presentation of the canvassers.

The total program is directly supervised by the finance committee of the Church, of which Eugene P. Hawkins is chairman. The Every Member Canvass director is Kenneth W. Cunningham. Thirty team captains have recruited over 400 persons who will do the actual visiting on behalf of the total church program.

The meeting at Pierce Junior High School begins at 8 p.m. Sunday evening. The chairmen of each major committee of the church will be available to discuss budgetary items; the youth work will be illustrated, and the far-reaching effects of the local Church program will be discussed.

At 11:56 a.m., Grosse Pointe High called and asked for a car to take James Myers, 15, 1309 Grayton, to Bon Secourse Hospital. James had cut his nose playing football. Officer Blair A. Martin took care of the detail.

At 5:24 p.m., someone, (he refused to identify himself), called and complained of a noisy go-cart on Notre Dame near Mack avenue. Officer Thomas McLaughlin, Jr. investigated the report. He found a 12-year-old boy wheeling his cart in the area, warned the youngster and notified his mother of the complaint.

Take Student To Hospital

At 7:50 p.m., a resident called the station to complain of a possible Ford, black with a yellow stripe, and another light-colored car drag racing on Lincoln from Goethe to Chalfonte. Officer Duncan MacEachern was on call; he investigated, found nothing, but stayed in the neighborhood until 9:47 p.m., just in case.

Pretty Routine Day

Nothing much happened on Monday, October 16. James Myers didn't bleed to death the probably wouldn't have even if he hadn't gone to the hospital). The noisy go-cart was successfully silenced. No teenagers died in a head-on collision on Lincoln road. It was a pretty routine day.

So was Wednesday, October 18. One accident, but minor. Officers Thomas McLaughlin, Jr. and Edmond Benthuyts freed a little girl, 1 1/2, who had got her arm caught in a door.

A 13-year-old boy, who threatened and refused to leave the home of an 11-year-old boy, was reprimanded and sent

QUESTION

IS YOUR HOME ONLY HALF CLEANED?

ANSWER It is, unless you've had all 6 of the vital dust and soot collecting areas in your heating system cleaned!

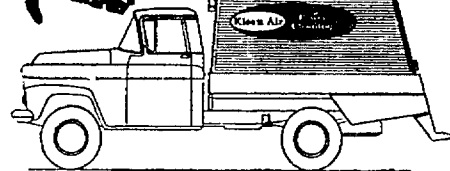

ONLY KLEEN AIR CLEANS ALL 6!

They are: 1. The insides of ALL cold and hot air pipes, 2. Registers, 3. Furnace casing and firepot, 4. Smoke pipes, 5. Chimney, and 6. The outside of your furnace.

HOW LONG HAS IT BEEN since you've had these areas thoroughly cleaned? As the hot and cold air circulates, dust from these hidden areas is carried through your home, and settles on your furniture, floors, walls, and even on the ceilings. It stands to reason that your home will be easier to keep clean, and that you will not have to decorate as often if your register and pipes are really cleaned.

ONLY THE KLEEN AIR Power Suction Vacuum Cleaner can do this work so thoroughly, and economically. Prove it to yourself, call your Kleen Air dealer TODAY!

Offer Children French Lessons

Beginning Conversational French for children ages 7-10 will be offered at the Grosse Pointe War Memorial. Rather than starting on November 2 as announced on the Center's Activity Card, due to the Memorial Church Fair, classes will begin Tuesday, November 7 at 4:30 p.m. They will continue Tuesday and Thursday afternoons through January.

The instructor will be Mme. Helen Couill who until the last 10 years lived in the environs of Paris. She is currently living in Grosse Pointe and holds private classes in the homes of Grosse Pointe as well as teaching in the Highland Park school system.

Mme. Couill was educated in the Teachers Institute in Paris and in order to equip herself for teaching in America has taken the required courses at Wayne State Univ.

The method Mme. Couill uses is known as the direct method whereby conversation develops from interest in objects but is not taught through vocabulary but by using whole sentences about the objects. Known as structural French this method enables the children to begin conversing with each other right from the start.

This class is limited to 15 members and is offered in a series of twenty lessons for \$20. Advance enrollment is requested by calling TU 1-7511.

\$100 Bond Posted Following Crash

City police received a telephone call on Friday, October 20, reporting an accident in front of the Alger Party Store, 17320 Mack avenue.

Michael W. Dillenbach, 1364 Maryland, was driving east on Mack when he lost control of his car. He went up over the curb at Notre Dame and continued down the sidewalk for a distance of 97 feet.

Upon turning back into the street, Dillenbach struck the front end of a '59 Chevrolet, owned by James A. Hislop, Jr., 25380 Patricia, Warren, Mich., and parked at the curb in front of the store.

Dillenbach was ticketed for drunk driving. He was taken to the station, where he was locked up and held for \$100 cash bond. His car, a '59 Dodge, was towed to the rear of the station.

At 8 p.m. the \$100 bond was posted and Dillenbach was released pending an appearance in Justice Court.

Woman Injured As Cars Crash

City police received several telephone calls on Thursday, October 19, reporting an accident at Neff and St. Paul.

A '62 Lincoln driven by Margaret Queen Squire, 45 Westwind lane, was struck in the left side by a Dodge driven by Crystal Barrett Connolly, 376 Neff. The Lincoln was going east on St. Paul; the Dodge going south on Neff.

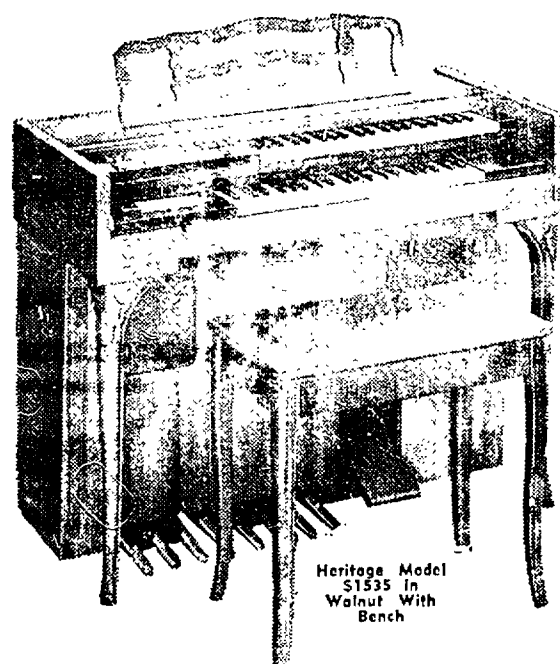

Mrs. Connolly was ticketed for reckless driving and causing an accident. Her car was towed away to a collision shop.

Mrs. Squire was taken to Bon Secours Hospital, where she was treated for an injured left leg and released.

Devils to Battle Fordson Friday for League Crown

by Dan Hall

Grosse Pointe's Blue Devils set the stage for a showdown battle with Fordson this Friday, which will decide the Border Cities League football championship, by clipping Royal Oak Dondero last Saturday, 19-14.

Both Fordson and the Devils have won four and lost none in league action. All other contenders have been mathematically eliminated from winning the title.

Grosse Pointe Coach Ed Wernet said, "To beat Fordson we'll have to play our finest game of the year." However, he pointed out, that the Devils always rise up against the Tractors. Last year, Grosse Pointe lost by only one touchdown to a much superior Fordson team.

Both Grosse Pointe and the Tractors are stronger than last year. "Our big problem," said Coach Wernet, "is to contain quarterback Joe Hammond." Hammond, an all-state candidate, is a fast, powerful runner and an accurate passer.

Coach Wernet will use a new defense. However, he pointed out that if he strengthens the ends to contain Hammond, that would weaken the center, which is the domain of powerful fullback Bill Dickie.

The Devils will also use a new series of offensive plays. The entire Fordson team was present at Saturday's defeat of Dondero. They probably did not learn too much about the opinion that it would not be Devils because of the new plays Coach Wernet will use. Also, they did not see much of halfback Tom Thompson, a mainstay in the Devil backfield, who missed much of the game because he has been nursing a charley-horse for the last two weeks. Thompson should be ready for Fordson.

In Saturday's game, Royal

Oak jumped to a 7-0 lead on a 43-yard run by halfback Gary McKee. The Devils narrowed the score to 7-6 in the second quarter, but the kick for the extra point was wide.

Royal Oak scored again when halfback Charles Granlich went over from three yards out. The Devils made the score 13-14 in the second half when Skip Beltz powered through the line from a yard out, and Dan Cook's kick was good. Grosse Pointe made the final score when quarterback Rick Brydges connected with halfback Steve Schriefer for a 22-yard touchdown pass. Cook, who had been doing the punting and extra-point attempts in place of the injured Skip Stevenson, missed the kick and the score was 19-14.

Al Wright, Carl Vertregt, Bob White, Greg Reynolds, and Cook starred defensively for the Devils, making 21 tackles between them. Wright led the way with six tackles. Cook and Gordie Kierman did extra duty, playing the full game on both the offensive and defensive platoons. Players who played in all four quarters included Bob White, Reynolds, Joe Dimoto, Carl Vertregt, Jim Spiewak, Scott Shaw, Dave Helm, Schriefer, Larry Hassel, Mike King, Mike Parshall, Brydges, Tom Spiewak, Wright, Steve Tiroz, and Bob Bray.

School will be dismissed at 2:45 Friday to enable students to attend the Fordson game at 3:30.

Spartans Varsity Defeats Farmington by 46-0 Score

Explosive running and a strong defense proved too much for the Farmington Rockets as the Grosse Pointe Woods Spartans pounded out a decisive 46 to 0 win in last Saturday's ballgame.

Grosse Pointe started things rolling by kicking off to Farmington who ran it back to their own 49-yard line. The Rockets moved for a first down on the Grosse Pointe 40 yard line but four plays gained nothing and the Spartans took over.

On the first play from scrimmage Jon Staryk got the call. He took the ball on his own 40 yard line and following beautiful blocking by Rick Gonzales, Bill Woolley and Tom Jennings, swept right end and went all the way for the first Grosse Pointe score. Gonzales plunged for the extra point and it was Grosse Pointe 7, Farmington 0.

Grosse Pointe again kicked off to Farmington. They failed to get rolling and were forced to punt. The Spartans took over on their own 21 yard line and marched down the field. The key plays were a 21 yard run around left end by Staryk and a 33 yard gallop over center by Gonzales. The action was capped by a pass from Denis McEvoy to Tom Jennings for a touchdown. The try for the extra point failed and Grosse Pointe held a 13 to 0 advantage.

Farmington received the kick-off but in three plays failed to make a first down and were forced to punt. Staunch defensive play by Steve Snyder, Timm Conn and Jim Seibert was responsible for holding the Rockets in check.

After an exchange of punts the Rockets gambled and lost on a fourth down play and the Spartans took over on the Rockets 21 yard line. Another beautiful block by Gonzales sprung Staryk loose again around left end and he went all the way for the touchdown. Staryk added the extra point and the score was Grosse Pointe 20, Farmington 0.

Late in the second quarter a Rocket fumble was recovered by Gary Parmentier of the Spartans on the midfield stripe. A 31 yard run over center by Gonzales and a 11 yard jaunt over right tackle by Jennings carried the ball down to the Farmington 8 yard line. A pass, McEvoy to Staryk in the right flat, was good for a touchdown. Gonzales added the extra point and the half ended with Grosse Pointe leading 27 to 0.

The Spartans didn't wait long in the third quarter to get rolling. On the second play Staryk ran 60 yards around left end, down the sidelines to go over standing up. The extra point was missed. This made it 33 to 0 in favor of Grosse Pointe.

After the kickoff it was the defensive unit again that thwarted the Rockets' attack. Good play by Pat Conley, Douglas MacArthur and Kevin Eisey kept the Rockets in check. Grosse Pointe took over on downs on their own 41 yard line. This time it was Jennings who reeled off 43 yards around right end to carry the ball down to the Farmington 15 yard line. Several plays later Staryk fooled the opposition by spinning over center instead of going

around the ends. He went over

from the 10 yard line for the touchdown. No extra point and at the end of the third quarter Grosse Pointe was out in front, 39 to 0.

Mike Gates, coach of the Spartans, substituted freely in the second half. Matthew Larcichio, George Kempay and Edward Phelps saw action as well as David Dillon and Brian Schultz.

Late in the fourth quarter Jeff Graybiel and Kim Langlois kept busting up the Rockets' plays and Grosse Pointe took over on their own 31 yard line. Staryk again exploded on a cutback through left tackle to go 69 yards for another touchdown. Jennings added the extra point and the game ended with the Spartans scoring 46 points and holding the Farmington Rockets scoreless.

In the Junior Varsity game which preceded the Varsity clash, the Juniors found things a bit different. Grosse Pointe kicked off to Farmington and the ball carrier was tackled by Larry Baran on the Rockets own 22 yard line. The Rockets moved slowly down the field despite good defensive efforts by Mike Pastor, Mike Johnston and Tommy Tribe who played a whole of a game at the center linebacker's spot.

The Pointer's tightened up and they took over on their own 38 yard line. On the second play quarterback Mike Shaw was rushed and his pass to Jim Montmorency was intercepted but the intended receiver dropped the ball carrier in his tracks. This ended play in the first quarter.

The second quarter opened up with Baker of Farmington running over left tackle to score the game's first touchdown. The extra point was good and the Rockets jumped off to a 7 point lead.

Pat McEvoy received for Grosse Pointe and returned the ball to his own 37 yard line. Two penalties moved it to the 47 yard line. Two plays carried to the Rocket 46 yard line. The Rockets stiffened and took the ball over on downs on their own 45 yard line. Penalties moved the ball back to the 33. On the next play the Rocket ballcarrier fumbled and the ball was recovered by Doug Colton of the Spartans on the Farmington 38 yard line. Several plays gained slight yardage. Gordy Seibert replaced Shaw at quarterback and had the misfortune to have his pass intercepted by the Rockets on their own 22 yard line. From here a nifty 78 yard run by the Rocket halfback gave them their second touchdown. The extra point was not good and Farmington led, 13 to 0, at halftime.

In the third quarter Shaw received for Grosse Pointe and ran it back to the Spartans' 45 yard line. The offense couldn't get rolling and the Rockets took over on their own 47 yard line. Despite defensive efforts by Mike Pastor, Greg Wilkinson and Rudy Palombit, Farmington led, 18 to 0.

Neither team could sustain drives in the latter part of the third or early part of the fourth quarter. However, Farmington did score again late in the fourth quarter and when the final whistle sounded it was Farmington 25, Grosse Pointe Spartans 0.

Big Time Soccer Game Scheduled

The Michigan-Ontario International Soccer League has arranged to play one of the league games on the campus of the Grosse Pointe University School on Sunday, October 29 for the benefit of the many boys who play soccer at the school.

The two teams which will participate are the St. Andrew Scots, probably the most famous Detroit team, who in the past few years have played in several states and have been the top team in Michigan for several seasons, and their opponents, Detroit Belgica, playing their first season in the major league, and one of the most improved teams in the league, as shown in their last outings.

The Scots team is managed by Jimmy Garth, former Preston north-end England, and Grenock Morton star, who represented Scotland in international games. The Belgium team is handled by Frank Deckers, Belgium born and a St. Clair Shores resident.

Kickoff for the game is 3 p.m. The school is located in Cook road.

Little League Results

By Pete Robbins

The Grosse Pointe Little League football teams, the Freshmen, Junior Varsity and Varsity Lions, played the Southgate Tigers last Sunday at the Grosse Pointe High School field.

Coach Butch Ludeke's Freshmen Lions lost their second straight game of the season when the Southgate Tigers handed them a 19-12 defeat.

The only touchdown in the first half came when halfback Paul Franklin of the Tigers ran 10 yards on a right end sweep. Paul Green then failed in his try for the extra point making the halftime score 6-0 in favor of Southgate.

In the second half both teams scored twice with the Lions dominating the third quarter and the Tigers the fourth quarter. Bill Bailey scored both Lion touchdowns, one on a plunge from the 3-yard line in the first three minutes, and the second on an 8 yard right end sweep. Grosse Pointe failed both times in their try for extra point.

The Tigers won the game in the fourth quarter with two touchdowns. The first came when quarterback Frank Gosinski ran 23 yards around his left end. Bill Franklin then scored the extra point on a thrust up the center. A few minutes later halfback Bill Franklin scored his second TD of the day for the Tigers on an

18-yard right end sweep. Their try for extra point failed making the final score the Southgate Tigers 19 and the Grosse Pointe Lions 12.

The Junior Varsity still looking for their first victory lost to the Southgate Junior Varsity 14-0.

The Tigers scored in the first two minutes of the first quarter when John Schulz ran 3 yards around right end into the end zone. The extra point try was good as Jack Pomeroy scored on a plunge through the middle.

The only threat for Grosse Pointe came in the second quarter when a 10-yard pass from Joe Toeco to Dick Anderman put the Lions on the 6-yard line. However, they lost the ball to the Tigers on downs.

In the fourth quarter, George Ferranti of the Tigers ran 36 yards around his right end to give Southgate their winning touchdown. Jack Schulz scored the extra point making the final score 14-0 in favor of the Southgate Tigers.

Coach Don Mackenzie's Lions don't seem to have the offensive drive that is so needed to score touchdowns. They have scored only two touchdowns all year.

In the Varsity game, the Grosse Pointe Lions won their second straight game by defeating the Southgate Varsity 12-7.

The game didn't see much action until the second quarter when a pass from quarterback

St. Paul Lakers Conquer St. Ladislaus Eleven, 21-12

St. Paul received its first worthy competition of the year when an inspired St. Ladislaus team forced the Lakers to extend themselves in a 21-12 victory.

St. Ladislaus looked nothing like a twice beaten once-tied ball club when the Greyhounds took the opening kick-off and marched 64 yards to pay dirt. The powerful drive was capped by a five-yard touchdown, run by full-back John Paciorek.

Early in the second period, the Lakers bounced back. Chick Hiener made a dazzling interception at the "Lads" 30, and returned to the 9. Then two plays later Jack Wachter smashed over from the two and repeated the performance for the extra point, giving the Lakers a 7-6 edge.

Following the kick-off, the Lakers soon forced St. Ladislaus to punt. Though partially blocked, the ball rolled deep to the St. Paul 39 yard line. After no gain on a line plunge, Quarterback Mike Cantwell hit Chick Hiener with a pass near the side line and Hiener scooted

the remaining 50 yards for the touchdown. The play covered 61 yards, and Chick's conversion made the score 14-6 at half time.

The third period was scoreless, ending with St. Paul in possession on the "Lads" 39. Just two plays into the fourth quarter, Cantwell threw to Jack Maertens on the twenty. There Maertens was hit, but he lateralled back to Hiener who succeeded in eluding three defenders and romped for the score. Wachter added the second extra point of the game and the Lakers led 21-6.

Then with little over two minutes remaining in the game, St. Ladislaus put together a drive that was completed by Paciorek's second touchdown, this one from 18 yards out. The final score stood: St. Paul 21, St. Ladislaus, 12.

Mike Connolly to Carl Cobb put the Lions on the 3-yard line. On the next play, Mike Connolly fumbled the ball but Bill Gough picked it up and ran around his right end to score. Mike Connolly's try for extra point failed making the score at halftime 6-0 in favor of Grosse Pointe.

In the second half there was no scoring by either team until

Reserves Tied At Royal Oak

By Bill Hagman

Last Thursday, the Grosse Pointe High School Reserve football team had to fight from behind to tie Royal Oak. The final score was 13-13.

Grosse Pointe scored first as George Domine picked up an Acorn fumble and raced into the end zone. Bob Pryor made the point after and the Devils led 7-0.

Royal Oak came roaring back with a pair of first half touchdowns and one extra point and led at half time by the score of 13-7.

The second half was frustrating to both teams as only Grosse Pointe put across a score. Bill Hermann passed to Len West for the only scoring play in the second half. The all important extra point was missed this time and the Devils had to settle for a tie.

This, however, does not mar their record as they now have a record of 3 wins and 1 tie, with Wyandotte and Monroe offering their next competition.

Goblins Will Gambol At Gowanie Golf Club

The members of Gowanie Golf Club will host the ghosts of all their skulled drives and missed putts on October 28. The annual Halloween party is the final big social event for the season at Gowanie.

Woods Again Turns Thumbs Down on Historic Building

The Woods council, by a majority vote, again denied an application for a permit to move a house from the Shores to a lot in the Woods, claiming that the house was substandard.

The petitioner, Mrs. Anne C. Parker of 702 Notre Dame ave. nue, appeared before the council on Monday, October 16, to plead for the right to move the home, 809 Lake Shore, to 942 Vernier road. She and her husband, Frederick, had lived in this house for years.

Monday night's action was the second time that the council denied outright Mrs. Parker's request for a permit. This in spite of the fact that she pledged to make alterations and improvements to the edifice to bring it up to specifications as stipulated in the Woods City Building Code.

Mrs. Parker has sought an application for a permit to move the house since July 20.

The council rejected Mrs. Parker's plea on the grounds the moving would be detrimental and prejudicial to the public health, safety and welfare and to the best interest of the Woods.

Also, for the second time, Mayor Kenneth Koppin, sided with the woman, stating that "if this house could be moved and meet the Code, and would have proper treatment, it is my opinion that it would not be

Shores to Raze Historic Landmark

Photo by Mary R. Koebel

The fate of the 150 year old log cabin at 809 Lakeshore road which once belonged to the Vernier family seems doomed by the expansion of Grosse Pointe Shores park. The Shores purchased the land on which the cabin stands from George and Anne Parker for \$65,000 to provide room to double the present park facilities. Various efforts have been made to move or save the cabin, to no avail. One of the last of the cabins built by early Pointe settlers the home has been remodeled and restored.

No Place to Run

The poor old Pointe just can't seem to win. With the tumult still reverberating over the beating and battering handed out by the nation's press and airwaves during the legal fight over the use of the point system, we now become the target of another TV broadcast. First the criticism was because we are too snooty about whom we allow to live in the community. Now we are berated for sheltering hoodlums. Which way do we turn?

Since last week's television show of a new series called "Crime Does Pay", the Park Police Department has been flooded with most uncomplimentary letters and postcards accusing the officers of being in cahoots with some of the prohibition era characters who now make their home in the Pointe. David Brinkley made a similar insinuation during his very slanted TV show last week, and apparently a fair portion of his audience swallowed his offerings, hook, line and sinker.

We have always been great admirers of Brinkley and his partner, Chet Huntley, for the manner in which they present the news over TV. But if this production of David's is a sample of the accuracy with which they report, we shall be listening with a jaundiced ear in the future.

We have no brief to hold for hoodlums, but we can't recall, in the 21 years we have been publishing this paper, of any outstanding incidents where this handful of residents with criminal records has caused any commotion in the community. Having served their sentences, they are supposed to be free to live how and where they please, and as long as they stay within the law the police have no power to hound them.

Regarding the attack on the photographers which was so played up in last week's show, we'd probably feel the same way if we were being spotlighted by camera men trying to dig up a past we were attempting to live down. The beleaguered picture takers told the police they would press charges, then changed their minds. Without a proffered complaint the police are powerless to prosecute. The prosecuting attorney has informed the local officers that they followed the correct procedure all the way through.

The new series is pretty silly at best. There can't be a community of any size in the country that isn't the home town of some residents with shady pasts. We don't know where Mr. Brinkley lives, but we'll wager there are among his not-too-distant neighbors a goodly number who haven't always heaved to the law. And ye wonder what J. Edgar Hoover, whose department has always tried to teach all ages that "Crime Does Not Pay", thinks of this TV offering that attempts to prove the reverse.

Landmark Seems Doomed

Both the Shores and Woods have turned deaf ears to pleas to preserve one of the Pointe's very few historic landmarks, a 150-year-old log cabin built by one of the community's oldest families, the Verniers.
 The cabin stands on land near the Shores municipal building which the village wishes to use for additional recreation space. It was purchased some few years ago by George and Anne Parker and during its renovation the log inner structure was discovered. The Parkers made a modern home of it and lived there until pressure from the village forced them to sell. They and a number of residents, including the Grosse Pointe Historical Society, hoped the Shores would be able to preserve it, perhaps finding some use for it in connection with the enlarged park. But the village trustees have refused to be interested in anything but getting it off the property.

The Parkers then made a proposal to buy the building back from the village and move it to a site in the Woods. This was agreeable to the Shores, but the Woods council has dashed those plans by deciding the building is substandard for home use and refusing to allow it to be moved into that city.

The Shores paid \$65,000 for the building and land. The amount offered by the Parkers to buy the cabin from the village has not been disclosed. They completely remodeled the structure, added a wing and installed new plumbing, heating and wiring. It seems a pity that this valuable building, and especially from the historic standpoint, must be erased from the landscape.

Letters To The Editor

Dear Mr. Edgar—
 On the occasion of National Newspaper Week, the Detroit Chapter of the American National Red Cross would like to add tribute to the nation's press for the role it plays in maintaining a free and vigorous America. Our nation is largely dependent upon such newspapers as Grosse Pointe News to keep us fully informed and better able to carry out our duties and responsibilities as American citizens in this critical age.

The Red Cross depends entirely upon public understanding, goodwill, and support to maintain its programs of disaster relief, service to members of the armed forces, veterans and their dependents, blood collections and distribution, first aid and water safety, and home nursing training.

We, in the Detroit Red Cross Chapter, have always been proud of our relationships with Grosse Pointe News and grateful for your help in telling our story to your readers. Those who benefit from Red Cross services share with us this debt of grat-

titude to the newspapers of America.
 Our sincere thanks for your past assistance and every good wish for you and your staff in the future.
 Sincerely,
T. H. Hoffman, Manager

Dear Sir:—
 On Monday night, Oct. 16, we had a glaring example of the inconsistency of public officials. For three hours a meeting dragged on in Grosse Pointe Woods City Hall over the issue of a parking lot behind the Grosse Pointe Clinic. The issue is whether parking should be permitted on land behind business frontage which is in R, or residential districts. Certain councilmen in their effort to show they were one hundred percent for the residents, voted to prevent the use, although it is clearly permitted by the City ordinances and had been three times declared necessary by the City Planning Commission.

The peculiar inconsistency of their position becomes evident when one investigates their past

What Goes On at Your Library

by Jean Taylor

After an article appeared in Time Magazine a month or two ago, the McGuffey Readers were given a new lease on life, and the library had a number of requests for these texts that date back several generations. Some of those interested were young parents curious to know what sort of fare they offered for children. Other requests were from oldsters in a nostalgic mood, who wanted to leaf through them again. The library now has a set of these readers, first through sixth.

We grew up on the other side of the border, and the khaki colored readers on which we teethed were similar to the McGuffeys, particularly in the poetry included. Scanning these, we remembered learning many of the pieces by rote, for those were the days of "memory work" and the selections learned then, we must admit, we can sail through today from first to last verse, with only an occasional "tum-tee-dee-dum," when a line or two escapes us. That is the advantage of memorizing something when you are young; it stays with you.

A few of the selections were painfully pious. However, most of the poems had a swing to them with more than a dash of the dramatic, and some were worth memorizing. True, many of them might seem overly concerned with tragedy and death, but actually children rather enjoy a little calamity, as witness the contrived horrors to which they are glued on TV.

Take "Lord Ullin's Daughter," for example, which is found in the Fifth Reader. We could never wait to get to the last two verses, when the father relents, alas, too late:

"Come back! Come back!" he cried in grief
 Across the stormy water;
 "And I'll forgive your Highland Chief,
 My daughter! O, my daughter!"

"Twas vain; the loud waves
 lashed the shore,
 Return or aid preventing;
 The waters wild went o'er
 his child,
 And he was left lamenting."

Here too is Southey's "The Battle of Blenheim." We can still hear the class singsonging through:

"It was a summer evening
 Old Kaspar's work was done
 And he before his cottage door
 Was sitting in the sun."
 Interest perked up, as we recall, when Peterkin questions his grandfather about something "large and round" which he had found at play, and the old man replies:

"Tis some poor fellow's skull," said he
 "Who fell in the great victory."
 Even in those faraway days

Could you guess what's good about a headache?

By FRED KNOPP, R. Ph.
 If you happen to have one right now, probably all you need is an aspirin. But the fact is, a headache sometimes is a signal. It may be telling you something is wrong... perhaps something quite remote from the pain. In this event it's a symptom—valuable information for your physician. So if you have a persistent or recurring headache and don't know why, see your doctor. Don't take a chance. Your physician can probably clear up your problem in short order. Of course, he may say all you need is aspirin—but even that's worth knowing.

WOMEN'S PAGES

From Another Pointe of View

By Patricia Talbot

For the first time antique hunters will be able to find a treasure trove at the annual Senior Center Bazaar set for Tuesday, November 7 from 10 to 6 o'clock in the Center Building on East Grand boulevard.

This recreation center for oldsters is sponsored by the United Community Services and the Junior League of Detroit. The bazaar will have a Pennsylvania Dutch theme this year and featured will be schwanz lippus cake, shoo fly pie, and Dutch soft pretzels in the baked goods line.

There will be attractive wood craft items, Christmas decorations and hand knit apparel, all done by the seniors themselves. The antiques will include old silver and glass, brass, china and primitive paintings. Direct from a Pennsylvania hexologist, will come many pictures and decals of genuine hexes (a hex is a witch's spell in case there is some doubt).

Mrs. Alice Neely is bazaar chairman and on her committee are Mrs. Robert Riethmiller, Jr., Mrs. Edward Shaar, Mrs. John Eagon and Mrs. Plant McGraw.

Volunteering their services for the sales are League members, Mrs. B. Courtney Rankin, Mrs. Hugh Nutter, Mrs. William P. Wells, Mrs. James Fulkley and Mrs. Wyman Barrett.

The Center operates on an unusually low budget of under \$20,000 but needs every bit of community support available.

Dr. Hyde has just been asked by our government to be the new advisor to the Indian government on Public Administration Affairs.

Cinderella Ball Set for Nov. 25

Reigning over the Cinderella Ball at the Statler-Hilton Hotel on Saturday, November 25, will be blond, blue-eyed Beverly Galbraith.

The 17-year-old Cody High School graduate has completely recovered from a long siege of tuberculosis of the spine, and hopes some day soon to go to college in preparation for a teaching career.

After a year's absence, Detroit and the Women's Committee of the TB and Health Society are again sponsoring the Cinderella Ball, to raise funds so that Beverly, and others like her, can dance all night, every night.

Over the years, the Women's Committee has devoted its energies to speed the day when tuberculosis will be stamped out entirely. Over \$150,000 has been raised through their efforts.

For nine years committee members waved the magic wand of health and brought the fairy-

tale counterpart of Cinderella to life in the person of a former tuberculosis patient who had been on the case list of the society's rehabilitation department. Then, in 1960, there was no Ball.

The committee members felt that, at the beginning of a brand new decade, it was a good idea to leave Cinderella locked up in the hearts of her creators.

Now, in 1961, under the presidency of Mrs. Herbert W. Hart, the Women's Committee again has a pair of glass slippers waiting. And Beverly Galbraith, who was strapped flat to her bed for many weeks before a successful 1959 bone graft operation, will dance in them.

Chairman for this year's Cinderella Ball is Mrs. James Quello, who set a back-breaking schedule of hard work for committee members—and made them like it. Mrs. Quello promises unusual decor, exciting designer fashions presented by Saks Fifth Avenue, music by the Jimmy Clark Orchestra and a lot of surprises.

Mrs. Jack A. Tompkins is Cinderella selection chairman; Mrs. Oscar L. Olson heads the decorations committee; and Mrs. Carl A. Zimmer is in charge of reservations. Mrs. A. R. Pfannenstiel serves as reservations treasurer, and Mrs. Sidney E. Chapin is chairman of the program committee.

Other hard-working committee chairmen include: Mrs. William E. Johnston, invitations; Mrs. Roy Fruehauf, entertainment; Mrs. Joseph F. Paulus, favors; and Mrs. Packer Avis, guest recorder.

and MRS. MARVIN DORN-BROCK, of Bishop road.

MR. and MRS. CHARLES EVERETT SWEET, JR., of Hampton road, announce the birth of a daughter, ELIZABETH ANN, on October 20. Mrs. Sweet is the former ANN GWENDOLYN OCHS, daughter of MR. and MRS. SIDNEY OCHS, of Detroit. Paternal grandparents are the CHARLES EVERETT SWEET, SR., of Jefferson avenue east. Mrs. FRANK R. BOMERSCHEIM, of Somerset road, is the proud great-grandmother.

East Side Kappa Delta Alumnae and their guests will enjoy a Christmas Candle Tea on Wednesday, November 1 from 2-4 p.m. and 7-9 p.m. at the home of Mrs. Harold Mistele, Windmill Pointe drive.

Highlighting the tea will be the many and various displays of beautiful candles and candle arrangements, candle holders and other colorful and decorative accessories. Guests attending the tea may order any of the candles and other items shown through the East Side Kappa Delta Alumnae Association.

Proceeds from the candle sale will be used for philanthropic purposes. Last year the alumnae association made financial contributions to the Grosse Pointe Foundation for Exceptional Children and the Crippled Children's Hospital in Richmond, Virginia.

Mrs. Robert Callaway is chairman of the tea. Assisting her are Mrs. Arthur Fetters, Jr., Mrs. Fred Lewis, Mrs. Edward R. Bunn, and Mrs. A. Marvin Atkins.

Fisher, Mrs. George R. Fink, Mrs. John N. Lord, Mrs. Sidney T. Miller, Jr., Mrs. Alger Sheldon and Mrs. Benjamin Warren.

Today's tea will commemorate the 59th year of the Navy League. The official birthday is October 27, birthday of one of the Founders, President Theodore Roosevelt, who turned over money he won for his Nobel Peace prize to the League.

The League is sponsoring a Sea Cadet Program to train boys from 14 to 17 in seamanship, physical fitness, first aid, military drill and the code of the US Navy. The first benefit to raise funds for the program will be held November 16 at the Broadhead Naval Armory, the party a bridge luncheon. Admiral Leon J. Dust will be allowed to gather in the corners, and brooms left for the witches and ghosts and goblins are expected to gather at the Club.

Club decorations have been in the making for many weeks, and co-chairmen Mr. and Mrs. Larry Verdier and Dr. and Mrs. Donald Blaine promise members and guests a real surprise.

Judges will pick costumes for originality and a prize will be awarded to that ghost or goblin who best conceals his identity during the evening. Music will be furnished by Phil Cole.

Center Holding Cruise Evening

The Grosse Pointe War Memorial's series of international dinners and travel programs will continue with a "Caribbean Cruise" evening Wednesday, November 8, at 7 o'clock.

Center facilities being limited until the completion of the Fries Auditorium, the number of reservations taken will be rigidly limited to 175 as experience has shown that obliging further demands makes it uncomfortable crowded for all. Paid reservations for the occasion are required at the Center's office, 32 Lake Shore road, (TU 1-7511) by Monday, November 6.

The evening will begin with a lavish and exotic "on deck" buffet similar to that served on the luxurious liners which ply the sun lanes of the Caribbean through the winter season. Chet Sampson will contribute many unusual dishes from his collection of West Indian recipes and add his culinary art to that of the Center's Ann McGinty. The result is guaranteed to be colorful and delicious. Two complete buffet set ups will facilitate serving and eliminate standing in line overly long.

Calypto singers and marimba bands will wander from room to room providing entertainment in the native vein and the guests will be invited to join in the spirit of the occasion.

Following the dinner and entertainment, Chet Sampson will show his colored slides of the Islands of the Caribbean and there will be a film also in color covering the Virgin Islands, Haiti, LaGuaira, Barbados, Jamaica and Curacao.

Many fascinating products of the islands will be on display including wood carvings, native drums and instruments, silver jewelry, basket ware and many items from all over the world which are available as bargains in the Free ports around the Caribbean.

The dinner, entertainment, films and entire evening is offered at \$4.00 per person, tax included.

Arderson, who was Commander of the U.S. Air Force in the Far East during the Korean war. Finland's President Honored at Dinner

Office of International Relations, Detroit's Official Welcoming Agency, Walker Cislser, Chairman, Gives Party for Head of State at DAC

A dinner party at the Detroit Athletic Club Monday, October 23, culminated the two-day whirlwind visit of His Excellency, Dr. Uhro Kaleva Kekkonen, president of the Republic of Finland, and Madame Kekkonen, as well as the entourage accompanying them on a two-week swing of the United States.

The dinner, with short preliminary reception and cocktail hour, was given by the Office of International Relations, Detroit's formal welcoming agency, of which Walker L. Cislser is chairman.

A small fountain surrounded by blue and white flowers was the feature of the oval-shaped open center of the long oval table seating the 43 guests. Arrangements of blooms, and miniature Finnish flags (pasted blue cross on a white ground) and this country's Stars and Stripes, were set at intervals. Featherly fern lined the rim of the oval center.

Spectacular touch, when all were seated, was the arrival of rolling tables with savory roasts of prime ribs of beef and the attendant tall-batted chefs who did the carving under gleaming spotlights.

Fresh pineapple with strawberry garniture started the repast, and the attractively-served dessert of lemon sherbet balls with blue curacao and blue-and-white iced petits fours carried out the Finnish colors.

In the distinguished company were His Excellency, Dr. Ahti Karjalainen, minister for foreign affairs of Finland; His Excellency R. R. Seppala, Finnish

ambassador to the United States, and Madame Soppala; Johan Nykopp, managing director, Central Union of Employers, and Heikki Hannikainen, Consul General of Finland.

Present from Grosse Pointe were the Walker Cislser, the Frank Colombos, Mr. and Mrs. Joseph M. Dodge (they could stay only for the reception), Sir James and Lady Easton, and the Martin S. Haydens.

Also from the local scene were the H. Glenn Bixbys, the R. S. Brights, Earl C. Daums, Anthony G. DeLorenzos, L. C. Goads, Tom Lilley, Mrs. S. L. A. Marshall, the Irving Minnetts, Mr. and Mrs. R. V. Summy, Mrs. Ruth E. Stevens, Very Rev. C. J. Steiner, S.J., Allen B. Crow, and Harri Virjio, Finland's consul at Detroit, and Mrs. Virjio.

Others in President Kekkonen's entourage were his personal physician, Prof. Paul Soisalo, and his military aide, Lt. Col. Urpo Levo; Waldemar Jensen, Max Jakobson, Ake Wihtori, and Matti Tuovinen.

Republican Club To Hear Editor

Jameson Campaigne, editor of the Indianapolis Star and author of the best seller, "American Might and Soviet Myth," will speak at the Country Club of Detroit at 1:30 p.m., November 9.

His talk will be sponsored by the Women's Republican Club of Grosse Pointe.

Eugene C. Pulliam, publisher of the Indianapolis Star, has said of Campaigne: "He is a philosopher of a free society. He is noteworthy for his personal dedication to the cause of individual liberty. He has been articulate and emphatic in the defense of victims of discrimination against minorities, even when the victim was a minority of only one."

"He has brilliantly challenged the usurpation of authority by the United States Supreme Court. He has repeatedly exposed the dangers of an expanded Federal bureaucracy which feeds on bigger and more confiscatory taxes."

"In short, freedom is his business."

A 12:30 p.m. luncheon will be served before the talk.

(Continued from Page 8)

Their try for extra point was good but the gun sounded at the next kick-off to give Grosse Pointe a 12-7 victory over Southgate.

Grosse Pointe's defense, which kept Southgate backed up in its own territory most of the second half, had as much to do with the Lion's victory as anything. Jim Maher, and Vince Peseski were exceptional on defense. Their resourcefulness in coming up quickly from their positions helped cut short a number of Tiger gains. On offense, Mike Connolly and Bill Gough showed great ability and drive. Although Connolly fumbled four times, his passing was quick and accurate. Bill Gough's superb running speed has helped the Lions in scoring all season.

Next Saturday, October 28, the Grosse Pointe teams finish their season as they meet the St. Clair Shores Green Hornets at St. Clair Shores.

It's always easy to give up, but it takes grit to keep up.

When the POINTE was growing up...

Before the American Revolution, about the same time that Commodore Alexander Grant built his log cabin castle at the foot of Moran road, a French pioneer family, the Ellairs, took up the cultivation of their ribbon farm.

Although Ellair place today is a one block street leading to the lake from Jefferson in the Park, at one time Ellairs owned land at different sites along the shore.

Alexander Ellair owned private claim 584, about 57 acres, between the present Newberry and Warner roads. Little is known about this early French farmer except that he stated he made improvements to the land before 1796. Because of the confusion of three governments in power in a space of 50 years land titles were obscure. In 1811 Alexander's widow eventually had the title confirmed by James Monroe, Secretary of State.

Her lands were bounded on one side by a farm owned by one Gregor McGregor and on the other by a Madame Critie. Some of the land, one arpent fronting the lake was sold by Madame Ellair to Francoise L'Esperance, by legend one of the best horsemen in the early French hamlet, who in turn sold it to Robert Marsac whose descendants are still here, who sold it to Ignace Ambrose. Even one hundred and fifty years ago land in the Pointe changed hands rapidly.

Madame Ellair's son, Joseph, kindly relinquished his claims to the rest of the land to his mother, for "consideration of natural love and affection and \$1.00." Joseph in 1811 was unable to write his name on the quit claim deed and signed instead his mark. But when his mother died the land returned to him and as late as 1864 Ellairs owned property in the neighborhood.

Joseph's will, dated November 8, 1842, leaves his land to his wife "for her natural life and while she remains unmarried" and to his ten children, four boys and six girls. One of the daughters, Archange, married Joseph's neighbor to the north, Francis Fraser, who owned the property which once belonged to Gregor McGregor. The Scotsman evidently was in financial as well as legal trouble because his name is listed in the late Kenneth Moore's records as being involved in a lawsuit in Detroit. Another of the daughters, Emily, married a Rivard. The land to the south of the Ellairs was by 1842 owned by Henry Hudson, an inn keeper of ill repute.

By 1873 Ellairs and their numerous heirs had sold the land, for \$15,000, to John A. Newberry and from that date they seem to have vanished from the Pointe scene.

who, where and whatnot

by whoozit

Five years ago that talented flower arranger Mrs. Longyear Palmer suggested that blue ribbon bouquets would do much to enhance the Garden Center House Tours... over a score of the Pointe's most gifted arrangers have been volunteering their services ever since... this weekend the Tours are on again and evoke memories of some special decorative scenes from House Tours past. There was the memorable arrangement of red roses and Steuben glass on the vast English dining table at the Wendell Anderson Vendome road house... the antique gold and blue service plates accented by arrangements of yellow tea roses at the Joseph W. Standarts, Jr. ... the muted apricots and beiges, the quilted linen covered chairs in the Alger Sheldon's library set off by blending flowers... the priceless sterling silver service plates and candelabra at Mrs. Joseph Schlotman's and the strong colors of the Gauguin painting picked up by striking bouquets in the John Lord Booth's living room.

One starry-eyed lady is already making out her Christmas list for Santa and topping it all is this request... she wants her favorite doll taken to the hospital for a serious operation. The doll's eyes need to be rolled back in her china head.

Grosse Pointe Memorial Fair patrons on November 2 might look for the clever music boxes topped with gay styrofoam winter scenes at the Christmas decorations booth... the popular cone trees which make such interesting centerpieces... and the huge red felt Santa Claus, a change from the ubiquitous door wreaths... there will be drums hollowed out for toy boxes in the crafts corner... and delicate handmade strawberry pins at the baubles and bangles booth.

Members of the Grosse Pointe Community Theater cast of "Mr. Roberts" are doing their best to become friendly with the Alfred R. Glancy's pet goat... he will have a starring role in the production November 3 and 4 at the Grosse Pointe High School auditorium.

PILFERINGS

Rummage sale notice: "Do you have something too good to throw away but not good enough to keep? Bring your husbands."

One woman on a committee of 250 men is an enviable position for any career woman and Adele Huebner, not yet 30, is in that position. Governor John B. Swainson has appointed her a member of the Michigan Industrial Corps, a group of state industrial and business leaders who are making a determined effort to bring more jobs to Michigan.

An enthusiastic supporter of Detroit and its environs, Miss Huebner, a sparkling blond who designs and makes all her own stunning clothes, has an impressive list of facts and figures at her fingertips to prove that Detroit is still dynamic.

"We must get rid of this down-in-the-mouth attitude about conditions in our state and realize what we have, be enthusiastic," says this young dynamo. She points out that Detroit is first in the nation in

20 varying types of business including cars, machine tools, salt manufacturer, and pharmaceuticals.

Magazine Editor

Her job on the Ambassador Corps is strictly volunteer. Her career as editor of the Engineering Society's magazine is a close complement to interest in the state and city's economic development. As a member of the corps she has flown from the Upper Peninsula to the state line to view power plants, research stations and colleges.

Miss Huebner began her career at Grosse Pointe High School where she was named the outstanding girl graduate of 1950 by the Mothers' Club, won a national scholastic award and was editor of the literary magazine and a Tower staff member. She was the only girl to take typesetting at the high school, knows all the mechanics of printing.

With Nixon

At the University of Michigan she majored in fine arts, with some idea of turning her dressmaking talent into a career. Her senior year she watched Vice President Richard M. Nixon report on his Asia tour, was so impressed she wrote him a letter. A few weeks later she received an answer offering her a job on his staff.

After graduation she went to Washington for a year, became interested in foreign relations, and an avid supporter of United Nations, which she continues to be in her present position.

Returning to the city and state she loves, (she's a third generation Detroit), she took a job with General Motors Engineering Journal and then went to Europe with her mother for a year. In her present position she writes and edits almost all the copy for the Engineering Society publication, attends dozens of industrial press conferences a month and even does some of the monthly magazine's art work.

Art Also a Hobby

Art is another of her hobbies. She painted a striking portrait of a windblown girl, which hangs in her library, when she was but 12 years old. She is a devoted member of the Foun-

ders Society of the Art Institute and has returned to painting in her leisure hours when she isn't stitching away at her wardrobe or knitting.

She has traveled to every one of the continental states in the United States and plans a spring trip to Hawaii. She collects stereoptical slides, has quite a travel and historical group including shots of Wilson addressing Congress, the storming of San Juan hill, the funeral of the assassinated Franz-Ferdinand of Austria. She is thinking of sending her slides of the White House of years ago to Mrs. John Kennedy to assist her in restoring the Presidential home, a project with which she is in entire sympathy.

A real domestic lass she dislikes the title, "career woman," feels this is a label which does not apply to her.

Must Be Salesmen

One of the city and state's most attractive and well in-

formers she says, "We must realistically evaluate our situation and renew our enthusiasm in Michigan's numerous advantages. We must carry on a real selling job outside Michigan to attract new industry and promote our state as a good place to do business."

"In a very real sense, however, every citizen of Michigan is an ambassador of good will. By working together—by cooperation at all levels—we will surely succeed in realizing Michigan's vast industrial potential, from which every one of us will benefit."

Liggett to Hold Country Fair

For the first time in many seasons Liggett School is holding its annual fair the first Friday in November instead of the last Friday in October.

This year's carnival will open November 2 at 1:30 o'clock in the Burns avenue school and continue to 6:30 o'clock, climaxed by a smorgasbord dinner.

Carrying out the Country Fair theme, decorations for the booths which include dolls, toys, books, stuffed animals, plants, scholars handicraft, nuts and candy, will be done in a rustic mood.

For the first year there will be a re-sale booth which is being managed by the ninth grade. Mrs. Edwin S. Ross, of Beaupre road, is chairman of the Fair.

Liggett School, which has bought property in Grosse Pointe Woods for a projected \$1,783,000 building planned for 1963, is in the midst of a building drive.

Funds from the Fair, however, will benefit the United Foundation, Humane Society and an orphanage in Italy, the school's favorite charities.

Among those Pointers assisting in Fair arrangements are Mrs. J. Bell Moran, Mrs. Henry S. Reynolds, Mrs. Frank W. Wylic, Mrs. Frederick W. Pearce, Jr., Mrs. Robert S. Laurie, Mrs.

William C. Beckenhauer, Jr., Mrs. William C. Meier and Mrs. John C. Kretzchmar.

Others are Mrs. Jason Hodges, Mrs. Earle C. Hodges, Mrs. David E. Mitchelson, Mrs. Fred T. Moran, Mrs. Daniel A. Schaitberger, Mrs. Carl F. Shelton, Mrs. William T. Krieghoff, Mrs. Perry TeWalt, Mrs. Mark Ethridge, Jr., Mrs. Cyril C. Friedel, Mrs. James R. Connor, Mrs. Elmer B. Osher, Mrs. John A. Moeckle, Mrs. Robert W. Clifford, Mrs. Archibald Seiferlein, Mrs. John E. Stickle, Mrs. John E. Williams, Jr., Mrs. Foster J. Braun, Mrs. Tracy H. Tingley and Mrs. Forsythe Berry.

Among the 311 students enrolled at Pine Manor Junior College, Wellesley, Mass., are JACKLYN BOOTH, daughter of MRS. JOSEPH G. STANDART, JR., of Ridge road, and PHYLLIS LEDYARD, daughter of the WILLIAM H. LEDYARDS, of Dyar Lane.

MRS. ALBERT E. COONEY, of Lochmoor boulevard, new president of the 25-Year Club of Fort Pontchartrain Chapter DAR, will entertain members of the club at a luncheon at her home on Friday, October 27, at 12:30 p.m. Reservations are required.
