## HEADLINES of the WEEK

As Compiled by the  
Grosse Pointe News

Thursday, December 21  
ANTI-CASTRO COMMANDOS have landed at a minimum of two, possibly more, points along the Cuban coast, according to Wednesday reports from exile sources, and guerrilla fighting has begun in the Escambray Mountains of Central Cuba. The exiles claim a military victory in a battle near the Central Cuban town of Sancti Spiritus, and are confident that a majority of the Cuban population will join them in overthrowing Fidel Castro, making outside intervention unnecessary.

Havana Radio has broadcast no confirmation of the landings, and George Arfeld, Associated Press correspondent in Havana, reports no indication of major fighting. According to New York exile sources, the commando landings were made at opposite ends of the island. No additional information was given.

MOISE TSHOMBE and Cyrille Adoula are reported to have reached a tentative agreement on Katanga. The rebel leader and the Congo premier, after day-long talks at the United Nations base of Kitona, reached a settlement yesterday; they have promised to publish the terms of their agreement today.

No indication of the kind of settlement reached or the amount of power Tshombe is to retain was forthcoming, but officials express a guarded optimism now that the most serious and difficult part of the Tshombe-Adoula talks is concluded. UN troops in Elisabethville remain under orders to hold their fire while the two African leaders discuss peace, but random rebel sniping at UN forces is reported to continue throughout the Katanga capital.

Friday, December 22  
MOISE TSHOMBE has promised to place himself under the authority of Congo President Joseph Kasavubu, thus bringing to an end the secession efforts of Katanga Province, provided his own legislature ratifies the agreement reached Thursday between himself and Congo Premier Cyrille Adoula.

Elisabethville observers considered such ratification unlikely. Terms of the agreement include Katanga's acceptance of the Congo's 1960 "Fundamental Law", forbidding any of the six Congo provinces to secede from the Central Government, recognition of President Joseph Kasavubu as chief of state, and participation of Katanga senators and deputies in the Central Government Parliament.

Commenting on the present state of Congo affairs, a high-ranking Washington official declared: "The road ahead is still a rocky one. What we hope is that Katanga will live up to the agreement."

PRESIDENT KENNEDY met for five hours Thursday with British Prime Minister Harold Macmillan in Bermuda. The two chiefs of state discussed nuclear testing, Berlin and the Congo. British and American nuclear experts testified that the USSR had made progress on an anti-missile missile, and gave an exposition of facts on the recent Soviet nuclear test series in the Arctic.

British and American response to the series was not discussed. Kennedy and Macmillan disagreed slightly on the feasibility of a foreign ministers' conference to solve the Berlin crisis, and discussed the Congo for only 15 minutes, coming to no important decision.

Saturday, December 23  
UNITED NATIONS headquarters in Leopoldville yesterday received unconfirmed reports of a house-to-house massacre of anti-Tshombe African families in Elisabethville. Four tribal leaders told how Katanga troops staged the massacre, stating that white officers led the rebel natives on an indiscriminate killing spree. The tribal leaders said they have already asked Congo Premier Cyrille Adoula to send in troops. Adoula threatened earlier to use his army if Tshombe did not honor that Katanga-Congo peace agreement. ## Polio Shuns Pointe for Second Year

### Not a Single Case Reported in District Which Includes Harper Woods Since 1959

For the second consecutive year, not a single polio case was reported in the Pointe, it was disclosed by Dr. Thomas Davies, Pointe Health Commissioner, on Thursday, December 19.

Dr. Davies stated that during the entire year of 1960, and to date this year, no polio cases were made known in the Pointe Health District, which comprises the Pointe and Harper Woods.

"This remarkable achievement is due to the tremendous co-operation of the Pointe public, volunteer doctors and nurses, and the fine publicity given by the Grosse Pointe News in the past, when the Salk vaccine program was underway," the doctor said. "The polio immunization program in the Pointe was highly successful, as can be attested by no polio reports received during 1960, and so far in 1961."

Dr. Davies stated that he was well pleased by the fact that polio, for the second year, has by-passed the Pointe.

### MONEY DISAPPEARS

Dr. A. D. Ruedeman, Jr., of 242 Lewiston, told Farms police on Tuesday, December 12, that \$135 mysteriously disappeared from an upstairs bedroom closet. He said he last saw the money Thursday or Friday, December 7 and 8. The case is being investigated by police.

Six Grosse Pointe High School students were among the more than 300 Michigan Hi-Y members who participated in the annual Youth State Legislature at Lansing on December 7, 8 and 9.

## Eight Cases of Hepatitis Reported in Pointe Health District So Far This Year

### Total of 332 Listed in Wayne County, According to Commissioner Thomas S. Davies; Symptoms to Watch for Revealed

Hepatitis cases in Wayne County during 1961, to date, number 332, including eight reported in the Pointe, according to information released by Dr. Thomas Davies, Pointe Health Commissioner.

The Wayne County Health Department is making an epidemiological study of outbreaks in the county outside of Detroit. Dr. Joseph G. Molner, Wayne County Health Commissioner stated.

Thirteen new cases of hepatitis in Out-Wayne County were reported to the Health Department during the week ending December 18, including two reported from the Pointe. This brings the total number this year to 332, compared with only 139 cases reported during all of 1960.

Dr. Davies disclosed that the first Pointe District case of the disease was reported in March by Harper Woods, which is included in the Pointe Health District. This has been the only case of hepatitis reported by this community so far this year.

Since then, the Park reported two, the Woods two, and the Farms, City and Shores, one each.

Hepatitis is rarely fatal, according to medical science. More than 90 percent of those who are infected by the disease, recover within six to eight weeks.

There have been only four deaths from the disease reported in the County so far this year; none from the Pointe.

### Symptoms Listed

The County Health Department, however, recommends that all persons who have a sudden onset of fever, upset stomach or vomiting, general malaise, or discolored urine see their family physicians right away.

It was disclosed that 41,000 cases were reported nationally during 1960, while the U.S. Public Health Service expects some 60,000 cases to be reported across the nation this year.

During the week ending December 8, the Michigan Health Department revealed 4,136 cases had been reported in the State this year, compared with only 1,964 cases for a similar period in 1960, and 1,055 cases in 1959.

Hepatitis is a disease that affects the liver, and is usually associated with unsanitary living habits. Epidemiologists from the State Health Department feel the record number of cases reported in Michigan last year could have been due to the excessive moisture which causes the overflow of septic tanks in various parts of the State, with the consequent pollution of well water.

## Bon Secours Plans Heard By Council

### Expansion of Present Parking Facilities at Hospital Explained at Special Meeting

Plans for expansion of the present parking facilities at Bon Secours Hospital and erection of a suitable green screen were presented to the Council of the City of Grosse Pointe by Hayes and McEvoy, attorneys for Bon Secours, at a special meeting on Tuesday, December 19.

The new plans, submitted by Eichstedt and Grissim Associates, landscape designers and site engineers, provide approximately 60 more parking spaces than are currently available.

This expansion will be made possible partly by removal of the shrine, which now stands in the center of the parking area, and partly by depressing the current 40-foot setback to 25 feet.

### Question Arises

This 40-foot setback was approved by the Council at the time the hospital acquired its original building permit. As the City attorney was not present at the special meeting, and a question arose as to whether or not decreasing the setback would involve re-zoning, the Council, while declaring itself generally in favor of the substance of the idea, withheld action pending the City attorney's decision on the necessity of re-zoning. They expect to pass on the matter at the next regular council meeting.

Mr. Eichstedt spoke to the Council at length on his plans for a suitable green screen.

### Suggests New Screen

Declaring that the present provisions were inadequate because one could look right under the existing plants, into the parking lot, he suggested planting a screen of winter honeysuckle, a very dense, semi-evergreen shrub.

The present flowering trees would be moved forward, an action necessitated by the extension of the parking lot, and, combined with the winter honeysuckle, which should reach a height of three feet in about six years, ought to provide a very effective screen.

### Attempted Robbery

Leonard Mounford, owner of Lenford Productions, 17003 Kercheval, reported to City police officer Donald P. Fritz that someone attempted to break into his office by forcing the molding on the door jam some time during the night of December 17. A further investigation is pending.

### Attempted Robbery

Thomas Petrosky of 186 Stephens road, reported the theft of 12 Christmas light bulbs from the front of his house on Tuesday, December 19. The report was received by Farms police.

## American Ideals Will Be Stressed In Public Schools

### Steering Committee Suggested by Superintendent Dr. James Bushong Appointed and Holds First Meeting; Next Session Jan. 4

The Curriculum Steering Committee proposed by Dr. James W. Bushong, Grosse Pointe Superintendent of Schools, at the regular meeting of the Board of Education on Monday, December 11, met for the first time on Thursday, December 14.

Purpose of this Steering Committee is to plan and direct a program for the improvement of instruction on American ideals and to see that no Grosse Pointe boy or girl is ignorant of the true facts about communism.

### Got Idea in Russia

Dr. Bushong proposed that such a committee be formed upon his return from a month-long tour of Russia, where he became convinced that American educators must imbue their students with a sense of devotion to the principles upon which the American democratic system of government is based.

The Grosse Pointe School Superintendent feels that Soviet schools surpass those of the United States only in the area of belief in and devotion to the philosophic ideals upon which their respective governments are founded. The Russian child believes wholeheartedly in the "truth" of communism. The American child must be taught to believe, just as wholeheartedly, in the truth of democracy, Dr. Bushong feels.

### Statement of Purpose

In its first session, the Steering Committee decided upon a statement of basic purpose. Its three primary aims are as follows:

To strengthen the appreciation and understanding of American ideals and the American way of life;

To so understand the principles and practices of communism as to know its evils and weaknesses;

To be responsible for expressing oneself as an informal citizen in the defense of American institutions and culture.

### Meet Again Next Week

The committee will meet again on Thursday, January 4, to build more on suggestions made concerning practices for teaching at each level and grade.

Current practices will be examined and made known on a more general basis if there appears to be a need for such dissemination. New ideas will be culled to insure that the most appropriate ones are developed.

Seven members of the Grosse Pointe School staff are members of this special committee. They are: Miss Marlene Schmidt (Montclair); Ted Jacobs (Ferry); Carl Lord (Parcells); James Kaloger (High School); Jack Darvill (Defer); Charles Salter (Brownell); and Assistant Superintendent-Instruction Dr. H. Leroy Selmeier.

## New Residents to Be Feted At Memorial Center Jan. 7

All families and individuals who moved into any of the five Grosse Pointes in 1961 are cordially invited to the Annual New Residents Reception to be held at the Grosse Pointe War Memorial, the former Alger estate at 32 Lake Shore Road, on Sunday afternoon, January 7, from 3 to 5 o'clock.

The Center's staff has mailed invitations to all newcomers of whom they are aware. The Memorial's Board of Directors hopes that any and all other new neighbors will consider this article a warm invitation to attend and that older residents will urge any new Grosse Pointers they know of to come.

## Unitarians Will Build On New Site

### Lengthy Negotiations Terminated Amicably and Troublesome Problem Is Solved

Recent signing of an agreement between the City of Grosse Pointe and the Grosse Pointe Unitarian Church provided a happy solution to a controversy that has gone through several phases during the past several years.

Originally, the Church petitioned for a change of zoning on its present site in Jefferson avenue at Rivard boulevard, together with an adjacent lot, to permit the construction of a new church. After a public hearing, the City Council, acting as a Zoning Board of Appeals, passed a resolution granting the petition. The Church then purchased the adjacent lot.

### Residents Object

Immediately thereafter, a group of near-by residents petitioned the Council, asking them to stop the proposed construction of a new church. Subsequently the Council rescinded its previous action, and withdrew the zoning change, which would have permitted the Church to build.

Since the action of the Council in purchasing the adjacent lot had been based on a formal action of the Council, the Church felt that this reversal on the part of the Council left them in an untenable position. As a result, the Church entered suit in Circuit Court asking for a declaration of rights.

Faced with this complex and difficult situation, some unsung hero proposed a novel solution. The City was planning a new municipal building and would no longer need its land in Maumee avenue between Neff and St. Clair.

### Area Well Adapted

The area was well adapted to church needs. The City property in Maumee, and the Church property in Jefferson, were similar in area and in many other respects. An even exchange would give the Church a construction site, the City a saleable piece of real estate, and the entire controversy would be resolved.

Since the proposal was somewhat unusual in nature, it was subjected to considerable study by both parties. Eventually these studies led to the conclusion that such an exchange would be acceptable and practical solution, so a suitable agreement was prepared and this agreement has now been signed.

Actual construction will probably be delayed for a substantial period of time, but it appears that common sense and a sincere desire to cooperate on the part of both parties has led to a sound conclusion of a difficult situation.

## Police Arrest Warrant Evader

Woods police stopped a car with two men in it on Tuesday, December 19, and a routine check disclosed that one was wanted by Detroit police on a traffic violation warrant.

Patrolmen Gerald Kensora and Norman Handley were patrolling on Mack avenue when they observed the car going a little too fast. They stopped the vehicle which was being driven by Flemmon Hogans, 37, of 4829 Townsend, Detroit.

The officers checked the station to find out if Hogans or his companion were wanted by Woods authorities or any other police department. The report came back that Hogans was wanted by Detroit on a warrant charging a traffic violation.

Hogans' companion was released after being cleared, but Hogans was turned over to Detroit's Conner Station, 15th Precinct officers for disposition on the outstanding warrant.

## Police Arrest 3 Car Thieves

Two Farms police officers captured three teenage car thieves trying to escape from Harper Woods police by mingling with a movie crowd at the Woods Theater on Saturday, December 23.

Patrolman Otto Glanert and Ronald Wooten received a call that three youths were seen jumping out of a car at Bourne-mouth and Mack, and abandoning the vehicle.

The Farms policemen went to the scene where they saw a Harper Woods scout car in front of the theater. Talking to the Harper Woods policemen, Glanert and Wooten were told that three teenage boys had stolen a car in Harper Woods and been chased to the theater area.

Glanert and Wooten went to the rear of the theater building where they captured a 15-year-old, who had his coat off and was acting suspiciously. They also nabbed another 15-year-old and a 16-year-old, both of whom tried to mingle with a crowd of people coming out of the theater.

The Farms policemen turned the three boys over to Harper Woods Patrolmen Albert Marzesino and Doug Gascia, who were still searching in the crowd

submitted one bill, Blue Hi-Y moved to lower the minimum smoking age in Michigan from 21 to 16. The bill failed, partly because many Congressmen felt the present law is not well enforced.

Gold Hi-Y sponsoring a bill requiring any house taking care one or more persons to get a license as a nursing home. Although this bill was passed Saturday, it did not go on the Hi-Y books, as many of the delegates from Upper Michigan had left, and there was not a quorum.

Vance Powell sponsored this bill. He said that his father, who runs a nursing home, plans to submit a similar bill to the state legislature.

The Youth State Legislature passed three laws pertaining to driving. The first, which would make the settling of tickets much less complicated than it is now, delegates to policemen the power of a judge.

Any officer ticketing a driver for a minor violation would be empowered to collect the fine for the violation at the time it is issued, thus allowing the driver to pay his penalty and drive off.

A second bill specifies that lines be painted along the sides of all state highways.

The bill requires drivers to retake the road test after they pass the age of 60.

Only seven bills, of the many submitted, were passed by the legislature.

Classes will begin Friday, January 5. The first class from 9:30 to 11:30 in the morning will be for advanced students. The beginning students' class which still requires some acquaintance with painting will be held from 12:30 to 2:30 in the afternoon and there will be an intermediate group from 3 to 5 p.m.

Students may enroll in any of these groups for a series of 12 weekly lessons at a fee of \$36. Because the classes are limited to 15 members each the Center asks those interested to enroll in advance by calling TU 1-7511.

Emil Weddige's work hangs in the principle galleries of both this and the European continent and his paintings and lithographs have been purchased for private collections all over the world.

Mr. Weddige periodically moves from Ann Arbor to Paris where he executes most of his paintings and where he can obtain the best type of paper for his lithographs.

### GOPS to Hear Leonard Read

Leonard E. Read, president of the Foundation for Economic Education, will be the speaker at the annual meeting of the Women's Republican Club of Grosse Pointe on January 18.

His address, "Endowed by Their Creator", will be preceded by 12:30 p.m. luncheon and election of officers. The meeting will be held in the Country Club of Detroit.

Mr. Read was born on a farm in Michigan. He claims that his training in economics began at the age of 8. "My father started me milking cows while I was still a small boy. I learned the relationship between hard work and a quart of milk. All else in economics is but embellishment of this primary lesson." After World War I, he worked in the insurance business, was a cashier, then opened his own produce business.

In 1927 he began a career in Chamber of Commerce work as secretary of one of the country's smallest chambers. In 1939 he became manager of the world's largest Chamber in Los Angeles. His work there won him the executive vice-presidency of the National Industrial Conference Board. He left the NICB in 1946 to organize the work of the Foundation for Economic Education, Inc.

His Board of Trustees includes distinguished leaders in business and education. Among them (from this area) are Henry T. Bodman and Celestin J. Steiner, S. J.

### Sleepy Driver Rams Light Pole

Richard C. Kullen, 23, of 452 Roland road, fell asleep at the wheel while driving on Lake Shore road, and crashed into a utility pole near Deeplands on Friday, December 22.

The accident was reported by James A. Banbie of 37 Colonial road, and Shores Patrolmen James Jurcak and Stanley Otulakowski were dispatched to the scene.

The officers said they found that a car had crashed into a Detroit Edison pole, shearing it from its base. However, they said, they did not find the driver.

Several minutes later, Kullen arrived, accompanied by another man in a tow truck. Kullen was bleeding from a cut on his lip and was taken to Bon Secours Hospital by Otulakowski. Several stitches were required to close the wound.

Kullen told the officers that he was on his way home from a party, and had fallen asleep at the wheel. The car ran off the roadway and into the pole, then traveled about 160 feet beyond the pole and came to a stop with the right front end of his car well over the curb.

Police said no tickets were issued because there were no actual witnesses to the accident, nor did anyone see Kullen, who was alone, driving the automobile.

### Symphony Sets Men's Concert

"Dad, let's go to the Symphony," will be heard in many a home as plans develop for the Detroit Symphony Orchestra's first Father and Son concert scheduled March 31 at 11 a.m. in Ford Auditorium.

Masterminds for the new project will be a dads and sons committee headed by veteran hockey star Gordie Howe and Symphony board vice-president Alan E. Schwartz.

Basic goals were set Monday at a spirited committee meeting in the Symphony office. It was resolved:

1. That NO women be allowed in the audience. (Female orchestra members will be permitted on-stage if absolutely necessary.)
2. The program must provide "he-man" entertainment. (It is anticipated that conductor Valter Poole and his son will serve effectively as arbiters in this sensitive area.)
3. Ticket prices must be nominal. (A father and son may attend for \$1.50 with each additional son charged 25c. Schwartz will recruit a committee of dads to underwrite basic concert costs.)

In an expansive mood the committee decreed that grandfathers and grandsons, uncles and nephews, will be warmly welcomed to the event. One female influence will prevail in the project, Mrs. Irving Rose was appointed concert coordinator. Her job will be difficult but bears the potential of rich rewards. Mrs. Rose has four daughters.

CHARGING the General Electric Co. with persistent violation of the antitrust law, the United States Justice Department Friday requested court orders forbidding GE from fixing prices in every facet of its operations. This highly unusual suit asks the court for prohibitive orders covering everything GE makes, from light bulbs to washing machines. The complaint, citing GE's "persistent and frequent involvement in anti-trust violations," claims that broad court orders are required "to prevent similar recurrence of similar offenses."

A TAIL-END Italian railway car snapped loose from its train Saturday and crashed 100 feet into a rocky gorge, killing at least 68 persons and injuring 33 others. The accident occurred in Calabria, a district in the toe of the Italian boot, just outside the town of Catanzaro. A CRIPPLING SNOW-STORM blanketed the Midwest Saturday, stranding thousands of holiday travelers on slippery, impassable roads. Up to 13 inches of snow fell on Iowa and Illinois. In Chicago, where wind piled more than seven inches of fresh snow into high drifts, last-minute Christmas shoppers fought their way to the stores. Des Moines declared a state of emergency, and hundreds of Iowa school children, unable to return to their homes, spent the night with friends. Four Des Moines high schools as well as the County Building were turned into shelters for the temporarily homeless. One Iowa farm woman stepped outside to turn off the power to her pump, became lost in swirling snow, and died of exposure. In Detroit, the tailend of the heavy storm snarled traffic and put police an hour behind schedule in sending scout cars to property-damage accidents.

W. E. Simms, 16916 St. Paul, reported to City police on Tuesday, December 19, that sometime between 7 p.m. the previous night and 8 a.m. that morning, someone threw a bottle through the rear window of his '62 Galaxie, parked in front of his house.

**Tableau Given At St. Paul HS**

With the Star of Bethlehem shining in the background, the students of St. Paul High School presented an inspiring Christmas tableau on Sunday, December 17.

Sunday night's performance was given for the parents of the parish. On the following Monday morning, the high school students witnessed the play in the school gym.

While the freshman verse choir, directed by Miss Allecia Annas, recited the Christmas gospel of St. Luke, Sister Bertrand Marie's choral group accompanied them with carols old and new.

The play followed with scenes from the visit of the angel in Nazareth to the arrival of the Three Kings in Bethlehem. Mary was played by Olivia Sekki, Gary Schick, Pete Schreiber and Frank Kotcher sang the parts of the Magi.

MARY BUTTRICK, daughter of the THEODORE R. BUTTRICKS, JR., of University place, will return shortly to her studies at Colby Junior College, New London, N. H.

**Two Home Fires Doused in Park**

Park firemen used about seven and a half gallons of water to douse two small fires in Park homes. One fire was on Thursday, December 14, and the other on Friday, December 15.

The Thursday fire was in the home of John M. White, 739 Barrington. An electric blanket shorted and ignited a bed in a second floor bedroom.

The blaze destroyed the bed covers, mattress and box spring. Five gallons of water were used to douse the fire. There was some smoke damage in the room.

On Friday, the firefighters were called to the home of C. L. Clements, 908 Harcourt, when an electric range in the kitchen shorted and set fire to a counter top, and a wooden cabinet above it. Firemen used two and a half gallons of water to put out this blaze.

The firemen were in service for 10 minutes at the first fire, and 15 minutes at the second. The amount of damage at either home is not known, as yet.

### Christmas Flashbacks

Completion of arrangements between the City of Grosse Pointe and the Grosse Pointe Unitarian Church, to exchange their properties in East Jefferson and Maumee avenues, elicits a comment by A. E. Taylor, one of the church members who has been active in the negotiations. He says: "The final signing of the agreement is particularly appropriate at this season. It is a small, practical application of the Christmas spirit of 'Peace on Earth, Good Will to Men'. Would that we could find as much good will and genuine desire for peace on the International scene!"

Joanne Eason of the News staff tells of an exciting contribution to the yule pandemonium made by her Siamese cat, Sam, who was given a toy mouse among other Christmas playthings. The household was peacefully settled for the night when a considerable commotion in the living room awakened the Easons. Joanne's first impression was that the cat had knocked the tree down. The tree was intact, but Sam was crouched beneath it, wide-eyed, with the mouse clenched firmly in his teeth. She bent down to get it away from him so peace could be restored; Sam let loose. Paint your own picture of what happened when what was supposed to be a toy turned out to be a real live mouse, which scampered to freedom accompanied by the screams of Sam's mistress.

One of those really nice things that impart the spirit of Christmas was encountered during last minute shopping late Saturday afternoon. Roland Gray's sports shop on The Hill was jammed with tardy seekers of gifts. Those who recognized her were surprised to see one of the Pointe's great ladies, quietly and unobtrusively working like a beaver over in a front corner, wrapping packages, speedily and beautifully.

Mrs. Emory M. Ford had discovered that Roland had let some of his help go home early on the afternoon before Christmas. Stating that she loved to wrap gifts, she had volunteered her services and spent several hours in the store, making things much happier for a great many people.

### Thief Grabs Car, License Plates

Mrs. Victor Mushro of 682 Westchester, lost her car to a thief on Friday, December 22, and called Park police.

Mrs. Mushro told police that the car, a 1961 Chevrolet Corvair, was parked at the rear of 15004 Mack avenue, and that

it was stolen between 2:30 p.m. and 4:30 p.m.

She said that a set of 1962 Michigan license plates, AD-6730, were on the back seat of the car. The front door was unlocked, but the ignition switch was locked, she said.

### "You know a good doctor for this?"

By FRED KOPP, R.Ph.

It's a question we answer all the time. Sometimes it's someone new in the neighborhood. Sometimes it's an old friend who just doesn't happen to have a family physician. The boy sprains an ankle... the baby runs a temperature... Grandma has a bad cough. Troubled people often turn to us for help, and rightly so. We work closely with physicians, providing the medicines they prescribe and use in their offices. We know who they are, their specialties, their office hours. In an emergency we're good people to ask. And we're always happy to be of service to our friends and patrons.

### What Goes On at Your Library

by Jean Taylor

Guest Columnist: Robert M. Orr, Director of Public Libraries

Once again, it is my pleasure to write Miss Taylor's New Year's column.

1961 was a good year for the Public Library in most every respect. As we prepare to meet another new year, it seems worthwhile to look back over the past twelve months.

The Grosse Pointe Public Library faces an opportunity and a challenge that is almost unique, serving a community which has been termed by experts as the most ideal library-use community in America; receiving solid support from the Grosse Pointe Public School System, as one of its divisions; having a Friends of the Library group which is looked upon as one of the finest, and among the biggest, such organizations in the entire country; physical facilities in the three Public Libraries which are equal to those of any comparable community, and an excellent book collection exceeding 100,000 as well as a well-trained, dedicated staff.

As Director, it is my responsibility to see to it that every possible effort is made to translate these blessings into a high quality of library service. I am confident that our staff is working very hard to reach this ideal.

Statistics cannot be used to measure the quality of library service, but only as an indication of the extent of library use. It is impossible to over-estimate the profound influence a single book may have, and this is never lost sight of by the professional staff who work with our library patrons.

Briefly, the past year again saw all library use records broken. 488,000 library materials were circulated, 32,000 more than for 1960. Broken down, 483,000 books were circulated, 2,500 records, 1,100 films, 1,600 tools and 156 framed art prints. Of this number, it is indeed noteworthy that 40% of this circulation was to adults, 40 per cent to children and only 20 per cent to high school students, whose use of the Library is primarily of reference materials.

As of December 1, there were 25,464 registered users, an increase of 958 over a year ago. This constitutes 40 per cent of all residents, an unusually high figure.

The most important contribution of the professional staff is in reference and readers' advisory use by patrons. This is difficult to determine, since one question may be answered in three minutes and another will require three hours. However, more than 80,000 reference, readers' advisory and research questions were answered by the professional staff during the twelve months. Of these, almost 12,000 were telephone calls for information received by the three Libraries.

Excellent community use continues to be made of the meeting room facilities at the Central Library. More than 89 organizations met regularly at the Library, and 587 meetings were held during the past year, attended by more than 12,000 residents.

As a suburban Public Library, it is impracticable to build a huge research collection. However, every effort is made to obtain books not available in the local collection from other libraries. 224 such books were obtained during the past year. And, as a special service to our users, 4,332 books were reserved.

The above indicates to some extent the use being made of the three Public Libraries, and of the kind of service given. No effort has been made to list the weekly summer film pro-

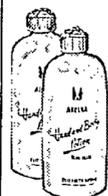

grams for children, the special holiday children's programs, the monthly Friends Film Forum, the monthly Family Film Nights, the Friends-sponsored Programs, etc., which constitute additional services of the Public Library.

In closing, I am deeply grateful for all that Grosse Pointers have done to enable the Public Library to maintain fine library service. A very special note of thanks to the Board of Education, our official Board; to the Friends Board of Directors, our Advisory Board, and the 1,100 members; to Dr. James W. Bushong, Superintendent of Schools and to Dr. Elven Duval, Assistant Superintendent of Schools; to Robert B. Edgar, Editor and General Manager of the GROSSE POINTE NEWS; and to the many residents whose interest in and support of the Public Library has meant so much. Here's wishing for all of you a New Year full of happiness and progress.

## From Another Pointe of View

By Patricia Talbot

Home for the holidays is soap opera heroine Barbara Becker, with a new TV contract as her present. She is visiting her mother, Mrs. Earle J. Kline, of Rivard boulevard.

Barbara began her theatrical career in Detroit as a radio actress on the popular Lone Ranger show. In the early years she doubled as a disc jockey and engineer, still holds a second class engineering certificate.

Like all aspiring actresses she moved on to the big time, New York, where she has had some great parts on national broadcasts. Her longest TV role was Sibyl Overton Fuller in "Road of Life," which Pointe housewives could see after lunch. Now she is emoting in that classic "The Guiding Light" which can be seen here at 12:45 p.m.

This Saturday Mrs. Kline will entertain for her talented daughter with a luncheon at the Detroit Yacht Club. Also here for the family reunion is Mrs. Basil B. White, of Cleveland, the television actress' sister.

### Skiing In The Alps

The Walter S. Clarks, of North Deeplands road, spent the Christmas holidays without their son, Skip, who has been having a fabulous time in Europe.

Skip, a Dartmouth alumnus, first went abroad as a college graduation present, fell in love with Europe and has been going back at frequent intervals for the past few years.

### Dinners For The Morrisons

Dr. and Mrs. Thomas Morrison will be at their East Jefferson avenue home well into the New Year. On Wednesday evening Mr. and Mrs. George Johnston entertained for them at dinner.

On Friday Mrs. C. A. Dean, Jr., will give a dinner in her Lewiston road home for the Morrisons.

### Looking Ahead to Sunshine

Planning exciting mid-winter vacations are Mr. and Mrs. F. John Keogh and Mr. and Mrs. Frederick W. Pearce, Jr.

The Keoghs will charter a schooner and sail through the Caribbean in February. They took this same trip a year ago with friends and the expedition was such a success (no dressing for dinner for the men is a real attraction), that they will go back again.

The Pearces' trip involves wandering through Mexico where they will stop off to visit Mr. and Mrs. (Continued on Page 11)

## Polly Kammer First Yule Deb

Shocking pink, gold and white were the striking colors used at the Little Club Friday evening when Mr. and Mrs. A. Frederick Kammer, Jr., presented their daughter, Pauline, to society at a holiday dance.

Guests entered the club between floral pyramids of greens, azaleas and white flowers. The hallway arches were twined with imported lace ablaze with gold lights and more azaleas.

The deb, Polly, a student at Bennett College, and her parents received in the living room before new "walls" designed just for the ball. Panels of white, pink and gold brocade alternating with gold were the backdrop for the receiving line.

Polly wore a shocking pink brocade gown sashed with gold peau de soie that matched the lining of a full train. She carried her father's gift bouquet of yellow orchids. Mrs. Kammer was in a white French ribbed silk gown.

The orchestra played in the dining room on a pink and gold stage with a huge gold panel outlined in shocking pink azaleas. Two foot high glass blown angels hung from a canopy over the bandstand. Dancing also took place on the porch which was transformed into a garden of flowers with a multicolored fountain.

Polly's ushers were John Winans, Rickey Schoenherr, Henry Cashen, James Joy, Thomas Ford, Simpson Leonard, Jr., George Haggerty, Jr., Christopher Wilkins, George Robinson, John Webster, Robert Wood, David FitzSimons, Robert Ollison and Harold O'Leary, Jr.

Mrs. William M. Pointer

In St. James Lutheran Church Saturday, BARBARA MARY DILLOWAY, daughter of the Warren C. Dilloways, of Bishop road, spoke her wedding vows to Cpl. Pointer, son of Mrs. Joseph Joseph, of Roseville, and William O. Pointer, of Murfreesboro, Tenn.

## Pointer-Dilloway Vows Exchanged

St. James Lutheran Church Scene of Candlelight Rites Saturday; After a Reception at War Memorial Couple Drive to California

At candlelight services in St. James Lutheran Church Saturday Barbara Mary Dilloway, daughter of the Warren C. Dilloways, of Bishop road, was married to Cpl. William McKee Pointer.

For the rites the bride wore a classically styled gown of crystal mousseline de soie and dulcette satin combined with embroidered Alencon lace frosted with seed pearls.

An Alencon lace cap topped with three roses and center pearl twists caught her tiered veil of silk illusion. She carried Eucharist lilies and stephanotis.

Patricia Newport was maid of honor and the bridesmaids were Judy Johnson, sister of the bridegroom; and Mrs. Richard Dilloway, sister-in-law of the bride.

They wore red satin brocade gowns and holly wreaths. They carried bouquets of trailing greens and red berries with their white muffs.

Tom Harrison was best man for the bridegroom, who is the son of Mrs. Joseph Joseph, of Ham Roseville, and William O. Pointer, of Murfreesboro, Tenn.

Ushering were Richard Dilloway and John Dilloway, brothers of the bride.

For her daughter's wedding and the reception at the War Memorial Mrs. Dilloway wore a champagne suit of Chantilly

Home for Christmas is MARY JOHNSTONE, daughter of MR. and MRS. GORDON JOHNSTONE, of Grosse Pointe boulevard. She is a student at Western College for Women, Oxford, Ohio.

lace and a small hat of flowers and green veiling.

Mrs. Joseph was in a two piece costume of off white boucle scroll weave and grey accessories.

Following the reception the newlyweds left for California where Cpl. Pointer is stationed with the army.

## Morrow-Rosenow Rites Solemnized

Joan Leslie Rosenow, daughter of the Charles Leslie Rosenows, of Cadieux road, was married Saturday in Christ Church to Ronald Bruce Morrow, son of Claude Morrows, of Birmingham.

The bride wore an ivory brocade gown fashioned with a scalloped neckline, fitted bodice and belled shaped skirt which fell into a chapel train.

A seed pearl coronet caught her elbow length veil of illusion and she carried white pointsettas and holly.

Gail Schallenberger was maid of honor and the attendants were Sheila Regan and Mrs. Willis B. Anderson, Jr.

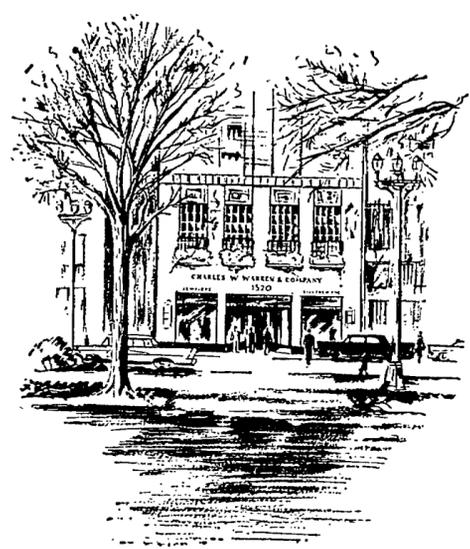

They wore gold satin brocade gowns and matching bands of

brocade trimmed with veiling and seed pearls. Their bouquets were of white roses and holly.

Karlton W. Pierce, Jr., was best man and the ushers were John Gardner and Robert Rosenow.

For her daughter's wedding and the reception in the church Undercroft Mrs. Rosenow wore a Dior blue chiffon gown. Mrs. Morrow was in a blue-green beige brocade gown.

Following a trip to Canada the newlyweds will live in East Lansing.

# Woman's Page . . . by, of, and for Pointe Women

MR. and MRS. JAMES P. BYRNE, of Wilmette, Ill., announce the birth of a son, JAMES PATRICK, JR., on December 15. Mrs. Byrne is the former PEGGY RONEY, daughter of the EDWARD C. RONEYS, of Kercheval avenue.

## Party at Center

The Annual New Year's Eve Ball and Midnight Supper presented by the Grosse Pointe War Memorial Association for the college set will take place for the thirteenth time on Sunday evening, December 31 (the true New Year's Eve) from 9:30 to 1:30 o'clock.

The handsome old mansion at 32 Lake Shore road is specially decorated for the holidays and streamers, bells, serpentine and balloons will be added for this gala at which 500 guests are expected.

Al Ross' orchestra will provide the dance rhythms for the ball and dancing will take place on both the main and lake level floors.

Two complete buffets will be set up to serve the ham and turkey supper immediately following the midnight festivities.

The New Year, of course, will be greeted in proper style with noise makers, favors and a grand march culminating in the singing of Auld Lang Syne as the lights are briefly shut off to mark the passing of the old year.

The Center urges all collegians who have not done so to pick up their ball tickets immediately. They will be on sale at the door if the 250 couple limit is not reached in advance, but the Memorial Center cannot guarantee that there will be any great amount still available. The price of the supper, dance, favors, etc., remains the same as it has been for the past 13 years, \$5.00 a couple.

This affair is semi-formal with tuxedos in order but not required and either cocktail dresses or more formal gowns perfectly acceptable.

## Bride-Elect

Mr. and Mrs. Robert J. Grippe, of Severn road, announced the engagement of their daughter, ANGELINA, to Salvatore V. Millitello at a Christmas Eve dinner followed by an open house. The prospective bridegroom is the son of Mr. and Mrs. James V. Millitello, of Detroit.

## Club to Hold Jazz Evening

The Center Club for young single adults at the Grosse Pointe War Memorial is planning a most unusual evening on the regular monthly party night which is the first Friday in January, the 5th, at 9 o'clock. It will be an evening of jazz organized and directed by Dr. Chet Bogan.

Some of the best jazz instrumentalists and vocalists in the area will take part in this program. There will be hot brass wickered drums, gone blues and really exciting piano work. In between jazz interludes there will be smooth tempos for dancing.

As usual, the Center will be set-up cabaret fashion with special decorations.

At intermission time, everyone will gather around the refectory table in the dining room for refreshments before a roaring fire.

This should be a highlight of the season for the Center Club. All single Grosse Pointers in their twenties and thirties are cordially invited. Dates are not necessary and regular business dress will be worn.

At Green Timbers

Skiing over the New Year's week-end are three couples who will try the slopes at Green Timber Lodge near Oscoda.

Up north this week-end will be the Alvan Macaulays, Jr., the Joseph J. Sherers and the C. Thorne Murrays.

Designed For The Holiday

For their family reunion over the holiday the William Denlers built a special room along the back of their Cloverly road home. They enclosed the porch in beaver-board printed with a red and green holly paper, covered the floor with a white rug and set up a long table, draped in red felt and centered with white wrought iron candleabra.

The Denler's son, Bill, was home for this very special Christmas from Army duty in Germany and son-in-law and daughter, Mr. and Mrs. Edmund M. Murray, Jr., of Wellesley Hills, Mass., brought tiny William Bradshaw Murray home.

The baby was christened Sunday at Grosse Pointe Memorial Church and the Denlers gave a brunch following the ceremony. On Monday they were hosts at the traditional family dinner.

New Home and New Baby

The Lester Decks, of Hawthorne road, and the William Austins, of McMillan road, are home from Lansing where they spent the holiday with their children, Mr. and Mrs. Rowland Austin.

Rowland has just completed his graduate work in labor relations at Michigan State University and to make their Christmas even more exciting on December 23 the couple became parents of a son, Mark William.

In January Mr. A. begins a new job in Lansing where they will have just bought a new Cape Code type home and will settle in on January 15.

Although not among the French pioneers who arrived with Cadillac, the Renaud family was in the vanguard of Pointe settlers.

The first Renaud, Frederick, settled lands around the present Waterworks Park in the nineteenth century. Until 1843 this property was part of the township of Hamtramck.

The Rev. Father Luke Renaud was pastor of St. Anne's Church, the first Catholic Church in Detroit which also numbered among its illustrious pastors, Father Gabriel Richard. Father Renaud administered to his flock for more than a generation, died in 1935.

There were Renauds in the Pointe, beyond Moross road, in the mid-nineteenth century. Among the most renowned Renauds was Dr. George, who died at 79 years of age in 1949.

He was famous for organizing the More Daylight Club of Detroit in 1906. This was a group dedicated to establishing Eastern Standard time in the city to enable the citizens to enjoy more of summer. The council was against him and his club and the fight went on for some years until 1915 when Mayor Oscar Marx consented to the new time. Dr. Renaud personally turned the city hall clock back when his victory for more-daylight was won.

The doctor, who lived on family-owned land at 31 Renaud road, was an eye, ear, nose and throat specialist, who gained prominence for his stand against wholesale tonsil operations. In the days when the tonsillectomy was considered a standard procedure for children he stood stalwartly against the practice.

The doctor was married to Florence Peck and the couple had two sons, Louis and George. The doctor's widow still lives in their Renaud home.

Another branch of the Renaud family was prominent in helping to found the Shores municipal government. Frank W. Renaud was a trustee on that first board which served in the new city hall, opened December 12, 1915. In those days the Shores had a population of 400 with a tax assessment of \$1-3 on each \$1,000 of evaluation. The Renauds and other prominent residents, such as Benjamin S. Warren, who was active in promoting the new Vernier school, served as trustees of the village for no salary.

In the three mile long village there were 75 residences but the village hall had a lavish baseball diamond and tennis courts, a library, a \$12,000 harbor and dock, and a fire hall with no engines. The Shores has progressed tremendously since those days in population, tax evaluation, subdivisions and municipal facilities.

Donald Bliss knows by now what his Christmas present is so this is not giving away a secret. Mrs. B. stood for several hours in the window of the ten cent store of the village last week with the family dog, encouraging him while he was captured in pastels for Mr. B.

Some real Scrooge-like character is spoiling the seasonal spirit along St. Paul avenue. Several residents have called to report the theft of their Christmas wreaths from the door. Now just what is the thief doing with these symbols of peace and good will?

One of the most joyous parties of this holiday was the gathering of the Cradle parents. Organized last year this is a group dedicated to those who have adopted children from the Chicago institution. The band of Cradle parents had grown to scores in the Pointe and last summer they had their first outing, a cruise and barbeque at the Old Club. This Christmas these Cradle parents celebrated in the true spirit of the season, thankful for their most precious gifts, their children.

Mrs. Arthur Bruce is searching for a new legend to last until Easter. Mother of three tots under five, all has been peaceful in her Hillcrest road home for these past few weeks because she has imbued her youngsters with the idea that Santa only visits the very good children. Now she wants a gimmick to last until the Easter bunny.

Outlined in tiny Italian white lights in the window of her Lincoln road home is a rare antique which once graced the childhood home of Mrs. Jack Fraser in the Nebraska plains. The doll sleigh is of Victorian vintage, has been lacquered white, and was piled high with gaily wrapped gifts for an old fashioned Christmas window display.

### PILFERINGS

Take winter as you find him, and he turns out to be a thoroughly honest fellow with no nonsense in him, and tolerating none in you, which is a great comfort in the long run... Lowell.

Sudden resolution, like the sudden rise of the mercury in the barometer, indicates little else than the changeableness of the weather.

Take heart with the day and begin again  
Every day is a fresh beginning,  
Listen, my soul, to the glad refrain,  
And spite of old sorrow, and older sinning,  
And troubles forecasted, and possible pain,  
Take heart with the day and begin again

JOHN AND JEFF MASON, OF PUTNAM PLACE —Photo by Eddie McGrath, Jr.

by Patricia Talbot

"I hadn't read a novel since I left college 25 years ago," admitted John Mason. Now he's reading a novel a day and his son Jeff finds he can go through a stiff physics text book in a few days with ease.

This father and son team, graduated last week from the first Pointe course offered by the Reading Dynamics Institute of Great Lakes. Speed reading courses are sweeping the country and although some of the claims of these courses are extravagant there is no doubt in the Masons' minds that the 12 week session is well worth the \$150 fee.

John Mason took the course to enable him to read his business journals with more speed and comprehension and still have some time for the popular novels on the best seller list. His son Jeff, a good B student, wanted to improve his speed and comprehension so when he enters the U of M next fall college courses won't seem too much of a hazard.

Average Is 250-300

The average reader, and both the Masons claim to be this, reads at a speed of about 250-300 words a minute. The Institute claims speeds can be increased to such phenomenal rates as 45,000 words a minute. John Mason who says, "I had bad reading habits" has tripled

his speed and comprehension; his son Jeff has done even better.

The pair met with about 10 other students once a week at the Institute for a two and a half hour practice. After graduation they are entitled to sit in on any session they wish and are encouraged to keep improving their skills. The Institute begins with a specially printed work of "Tom Sawyer," to encourage the reader to scan down the page rather than read one word at a time. By the end of the session the students are reading long novels like "Exodus" from the publisher's editions.

### Winter Sports Fans

The Masons don't spend all their free time reading. They are great winter sports fans with Mrs. Mason and 11 year old Peter. Every week-end in the winter finds them at Grandpion or Mt. Holly trying the slopes and they spend weekly hours at the new Shores hill. Ice skaters, too, they are among the few to fancy sail skating, a brisk sport compar-

able to ice boating. In the summer they are on the water too, members of the Grosse Pointe Power Squadron, and constant cruisers in their boat.

Mrs. Mason has always been the reader in the family as the men were too busy with their sports, but now both Mr. M. and Jeff can beat her speed of two or three books a week. Jeff is also a tennis star on the high school team and plays a lot of hockey. The Masons have recently moved into a new four bedroom ranch home in Putnam place where they have combined contemporary furniture with some rare antiques. Mr. Mason also constructs furniture in his spare time, building some very professional chests for Jeff and a desk and storage unit for the family room.

### Return to France

The family love of skiing was inspired by the year the Masons spent in France during the Korean War, when Mr. Mason was called back into the Army. They are all yearning to return to Europe and try the Alps again. The antique bug was furthered in France, too, where they bought a walnut and marble chest for \$1.50 at an auction in Orleans and some fabulous brass and china candelabra and a matching clock, which runs, for the same incredible price.

Mr. Mason believes that the popular interest in learning speed reading is a symptom of the age in which we live and also a result of the present generation's concern over "why Johnny can't read."

The successful results of this first Reading Dynamics course in the Pointe, attended by lawyers, doctors, advertising men and housewives, promises that the future will be filled with readers gulping down the complete works of Shakespeare and Plato at one sitting. Libraries and book stores will be pleased with this new crop of readers and the possibilities in education are tremendous. The Masons feel like pioneers in a new age of words.

## Santa a Smash At GPYC Gala

Santa's visit from the North Pole is now of the past, but Grosse Pointe Yacht Club's little boys and girls will never forget the thrill of asking the jolly old fellow for all kinds of gifts (and getting them Christmas morning, too!)

The scene was the club's Venetian Room at the Children's Christmas Party last Saturday, December 23. Two-year-old DeeBee Gamble had his first introduction to the white-haired red-clad man who controls the world's toy-packed sack at Yuletide. DeeBee, escorted by his parents, the David Gambles, and grandparents, Mr. and Mrs. Philip C. Baker, had his turn in a line of small youngsters, all guided by their elders.

In the adjoining ballroom, children sat in great circular rows as they sang "Jingle Bells," "Rudolph," and carols and hymns, each young face angelic in its sincerity.

Mrs. James H. Quello, party chairman, and her assistants, Mesdames Arthur Wrock and Troy Maschmeyer, kept the party moving so no tiny tot had time to be bored.

GPYC member George Cassidy (also a member of The Players) forgot the law profession for the day, put on grease paint and handsome clown's suit, and had a score of children clamoring about him as he blew up balloons and twisted them into colorful animals.

After the fascinating tricks of magician Ray Scheetz and the entertaining Burns Bird Act, ice cream and cookies were served; from tables near the huge lighted tree, gifts were distributed amid joyous squealing.

The James S. Smiths were there with Jimmy, Jonnie, Chuckie, and three-year-old Kandi, a real Yuletide girl in her full-skirted red velvet dress; Mrs. Harold Bohm brought her three daughters,

Jackie, Debbie and Karen; with Mrs. Joseph P. Kaiser were Joe and Bobby; the William H. Gmeiners had son Bart with them. Mrs. Harry Chapman's pair of boys were her nephew, Gary Stoetzer, and his friend, Randy Rousseau.

Kathy Jehle wore the charming frock of red plaid skirt and velvet weskit brought from Lucerne, Switzerland, earlier this year by her grandmother, Mrs. Arthur D. Sutherland. With the senior Mrs. Sutherland at the party, besides Kathy, were Chip, Mary Suzanne and Lisa Jehle; 2-year-old Malcolm Sutherland Jr. and his mother, Mrs. Malcolm J. Sutherland, and Julie Sutherland with her mother, Mrs. A. Douglas Sutherland Jr., of Big Rapids, Mich.

Mrs. Russell D. VanHouten brought her granddaughter, Julie, the daughter of the David VanHoutens; Mrs. Charles R. Austerberry shepherded three "grands", Linda, Charles and Ward Austerberry; Mrs. Edgar M. Reitz had granddaughters Ann and Lynne Eberhardt, the daughters of the Don Eberhards of Birmingham. Joining them were Mrs. Reitz' other daughter, Mrs. William B. Monday, and her Michael.

Three-year-old Tommie Hall and sister Laurie were both in red velvet, and their mother, Mrs. William D. Hall, also brought their friend, Gary Tate. The William E. Calder, their sons, Jamie and Stephen, and guest Rick Demeweth were together, and with Mrs. Michael Burke was son Kevin.
