Thursday, September 6
UNITED STATES SECRETARY OF STATE Dean Rusk met privately with Latin American diplomats yesterday afternoon. According to Joseph W. Reap, State Department press officer, the meeting was called primarily to report on developments in the Western Hemisphere, in Cuba specifically, not to make any definitive decisions on new policy or action. Rusk and the Latin American diplomats discussed Russian arms shipments and the Cuban influx of Russian military technicians, and debated the possibility of an informal foreign ministers' meeting to consider inter-American action on Prime Minister Fidel Castro's Havana regime. Such a meeting might be held some time after September 18, when the United Nations General Assembly Session re-convenes.

Rusk's private briefing session followed a Wednesday morning closed-door conference between top U.S. defense, diplomatic and members of the Senate Foreign Relations and Armed Services Committees. J. William Fulbright (D., Ark.), Foreign Relations Committee chairman, met newsmen following the closed-door huddle, revealed that the senators are frankly worried about the Cuban situation, and stated that most of their questions dealt with that subject.

According to Fulbright, Administration officials gave the senators little more information than President Kennedy gave the general public Tuesday night. Kennedy termed the Russian weapons being sent to Cuba as without "significant offensive capacity," but promised that the U.S. will use whatever means necessary to prevent Castro from taking aggressive action in the Western Hemisphere.

A BILLION DOLLARS A YEAR in tax credit for business investments is the main feature of the Government's new tax revision bill, passed yesterday in the U.S. Senate by a vote of 59-24. The much-extended measure, falling far short of what President Kennedy requested from Congress a year and a half ago, is expected to cost the Government some 210 million dollars in revenue this fiscal year. Kennedy had hoped for a 600 million surplus.

Described by congressional experts as the most important revenue legislation since 1954's general tax code overhaul, the bill is a prelude to Kennedy's promised major tax revision program, to be submitted to Congress next year. The President has stated he will include a top-to-bottom income tax cut as part of his tax proposals. The bill, as it now stands, would allow business firms to deduct up to seven percent of present taxes on amounts spent for new machinery and equipment. It would require reports on all dividend or interest payments of \$10 or more a year to be sent to the government and the taxpayer.

For the first time, businesses would be permitted to claim tax deductions on legislative lobbying expenses, but a businessman could no longer deduct the cost of his wife's night club dinner while entertaining clients or business associates. The expense, to be deductible, must be "directly related to or associated with" his business. U.S. citizens who make their homes abroad would be taxed on earned income above \$20,000 a year for the first three years they live outside the country, and above \$35,000 for each ensuing year. With a few exceptions, all tax deductible gifts by businesses would be limited to \$25.

Saturday, September 8
PRESIDENT KENNEDY yesterday asked Congress for standby authority to recall 150,000 military reservists to one year's active duty. In view of the current international crisis, ranging in scope from Berlin to Cuba, political observers feel that the President's request is likely to be granted speedily. Congress has steadily demanded some definite action to counter the Communist military buildup in Cuba, and the

With toothbrushes and canisters in hand, Grosse Pointe Exchange Club members will again be asking Pointers to "Buy a Brush" this weekend. On Friday and Saturday, September 14 and 15, Exchangites will be offering their specially packaged toothbrushes for voluntary donations.

All members taking part in the sale will be wearing white caps, and shop aprons filled with toothbrushes in many colors. On Friday morning, Exchangites will be selling at the Grosse Pointe Park city limits, Jefferson at Wayburn. On Saturday, they'll expand operations to include the major Grosse Pointe business districts.

"Toothbrushes sold are of the finest professional quality," said William T. Clement, chairman for the annual sale. "All proceeds will be used for our local youth projects," he added.

"The Exchange Club of Grosse Pointe assists Little League teams, the Foundation for Exceptional Children, Grosse Pointe War Memorial Center, and sponsors local model aviation meets, and Fire and Crime Prevention Weeks."

Chairman Clement concluded, "We urge all Grosse Pointers to buy new Exchange Club toothbrushes during our sale on Friday and Saturday. They'll be helping themselves and the youth of Grosse Pointe."

Neighborhood Club Hires Edgar Krattli to Assume Post Occupied by Elworthy

New Director Has Been with Neighborhood Service Organization; Is Native of St. Louis, Now Living in Pointe

The Neighborhood Club has a new director. He is Edgar Krattli, 36, former staff supervisor of Detroit's Neighborhood Service Organization, a Torch Drive Agency located at 51 West Warren, and holder of a bachelor's degree in Human Relations and a master's degree in Social Work.

Mr. Krattli succeeds George Elworthy, who retired early this year. Mr. Elworthy accepted a position as Director of the Mutual Aid and Neighborhood Club in August, 1919, when the club was housed in a small residence in Muir road (then called Oak street).

Mr. Krattli begins his job in more imposing circumstances. The present Neighborhood Club property, located on Waterloo between St. Clair and Neff, occupies almost one square block in Grosse Pointe City. The building itself contains a gymnasium, rooms for meetings, lounges and special activities rooms.

Has Become Big
The Neighborhood Club has become big—big in the sense that its facilities are numerous, that it serves many separate community groups and provides many community services. Yet, in another sense, it remains small. As Grosse Pointe's Neighborhood Club, it is dedicated to serving the needs of a single community.

Mr. Krattli comes to his new position with excellent qualifications. He was born and raised in St. Louis, Mo., where he attended public schools. Trained as a social worker, he received his bachelor's degree from Principia College, Elsau,

Ill., and, after working with boys in a Cedar Rapids, Iowa, settlement house, returned to his studies at the University of Illinois.

While working toward his master's degree, he spent two years on the staff of a Chicago settlement house. Upon graduation, he joined the staff of the Grosse Pointe Woods Community Club (now part of the Woods' Parks and Recreation Department).

He then became associated with the Neighborhood Service Organization, leaving his position there as staff supervisor to become Grosse Pointe Neighborhood Club director.

Began September 1
Mr. Krattli, who accepted the Board of Directors' offer in July, began work September 1. He sees a good future developing for the Neighborhood Club, is especially interested in gaining broader community support for the community organization.

He hopes to develop a program of mental health services, especially in the area of children's social adjustment problems. "The Neighborhood Club has been interested in taking a good look at itself and its future role in the community," he says. "We are keeping our eyes and ears open."

Mr. Krattli moved from Detroit to a new home in Nottingham road during the summer. Single, his hobbies are sailing and tennis.

Dog-Walking Ban Starts Hot Debate

Fairford Road Residents Much Divided; Woods Council Okays Further Study

The pros and cons of dog-walking on Fairford road was discussed at length before and by the Grosse Pointe Woods City Council on Monday, September 10. Councilman David H. Fairless proposed that the matter be referred to the Council, acting as a committee-of-the-whole, for further study and report back to the Council, meeting as Council.

The motion was carried by a majority vote, 4-3. Dissenters Kenneth Boerner, Frederick Maddock and Marvin Boutin, who argued that the matter should be decided once and for all Monday night, were overruled.

Fairford road is a divided street, with a center park-area mall. Fairford's only sidewalk runs down the center of this Mall.

At a recent Woods Council meeting, a group of Fairford road residents petitioned for a new City ordinance to prevent dog-walking in the center sidewalk.

Come From All Over
These residents claimed that people came from far and near, often in cars, to walk their dogs on Fairford road, with the result that young children, who use the sidewalk on their way to and from school, arrive at their destinations with dirty feet.

The Council listened to the residents, agreed with them, and passed the requested ordinance. "No Dogs Allowed—City Ord." signs were posted on Fairford road.

At Monday's meeting, Council heard the other side of the story. Some 30 area residents presented a petition stating that, in their opinion, the dog prohibition is extremely unfair.

"It would seem fair to all concerned," the petition read, "that if we are to not walk leashed canines on this median, that also cats, squirrels, bicycles, children, snakes or any other moving or living thing should not use this median—and the thing should be torn up and paved into some sort of stupendous dedication to 'progress' which is taking over our beautiful city and depriving its taxpaying citizens of such minor things as walking our dogs."

Strip of Parcels School Land Going To Widen Vernier

Board of Education Authorizes Sale to State of Piece 21 Feet Wide and 550 Feet Long; New Fence to Be Erected

The Grosse Pointe Board of Education acted Monday night to authorize negotiations with the State Highway Department concerning the sale of land which is part of Parcels School. Authority to enter into an option agreement was voted the president and secretary of the Board after the land was declared no longer needed for school purposes by school trustees.

The land in question is a strip, 21 feet wide and 550 feet long, extending along the Vernier road side of Parcels Junior High School. The Highway Department desires to purchase this strip to effect a widening of Vernier road on the east side of the Mack avenue intersection, thus improving the flow of traffic.

\$21,350 Offer Received
The State is offering the school district \$21,350 for the land. Currently, the area is unpaved and used for parking. School officials indicated that the price offered is considered fair and that the lost parking space can be regained in other parts of the school site.

Sale of the strip, if the option is exercised, will allow additional lanes of pavement to be poured along Vernier and a traffic island constructed in the center of this road for some distance east of Mack. Safety and traffic officials state that a safer and less congested traffic pattern can be established if the plan is put into effect.

Chain Fence Planned
Inasmuch as the widened Vernier road will be separated from the pedestrian sidewalk beside the school by only a four-foot buffer strip, highway officials have agreed to erect a chain fence along the entire length of the strip between the walk and the curb. A similar fence now exists along the Mack avenue side of Parcels and is considered helpful in keeping school children from inadvertently running into the street.

The sale of the land will be consummated at a later date as soon as both parties are satisfied that all aspects of the transaction are satisfactorily settled. The option agreement, tendered the school district will run for 120 days after it has been signed by the responsible authorities, spokesmen explained.

Club Members Breathing Easier as Strike Ends

Members of Grosse Pointe clubs breathed a sigh of relief Monday, September 10. The 40-day-old Hotel and Restaurant Workers Union strike against 29 Detroit-area private clubs was over, union members had voted 836 to 50 to accept the Detroit Club Managers Association's latest offer, and 1,300 workers were preparing to return to work.

Grosse Pointe had been lucky. Only three clubs inside the community's boundaries suffered any loss of service, and those three—the Grosse Pointe Yacht Club, Country Club of Detroit, and Lochmoor—were struck only during the last week of negotiations.

Grosse Pointe Yacht Club was the first area club to be hit by a walkout. Pickets appeared at the club entrance,

Board's First Choice Agrees To Take Post

Dr. Charles H. Wilson Has Headed Highland Park, Ill., System for 12 Years

Dr. Charles H. Wilson has accepted the invitation of the Grosse Pointe Board of Education to become the new superintendent of schools, school officials announced this week. He will assume his new duties in the very near future, replacing Dr. James W. Bushong who has accepted a position in Hawaii after serving as superintendent here since 1951.

"A long, hard search for the best qualified person available for this important post was concluded," Robert F. Weber, president of the Board of Education stated, "when Dr. Wilson advised us that his Board of Education in Highland Park, Ill., had released him from his contract there and that he would accept the Grosse Pointe position. As the unanimous choice of our board, we are very happy to get him.

From Similar Community

"Without a doubt we have found a man eminently qualified to succeed the superior superintendent we are losing," Mr. Weber said. "Dr. Wilson comes to us from a community much like our own, a Chicago suburb, where he has enjoyed a very successful tenure as superintendent of schools for 12 years. Before that he had had a full measure of other educational experiences as teacher, supervisor, college faculty member, author, and more which equips him superbly to head our fine school system."

Dr. Wilson, 49 years of age, holds the Doctor of Philosophy degree from Ohio State University. His dissertation dealt with "An Evaluation of Staff Personnel Relationships," published in 1949. Other degrees were earned at Northwestern (M.A. in English) and Ohio Northern (A.B. in English).

Prior to going to Highland Park in 1950 he served as superintendent of schools in Maumee, Ohio, and as a high school supervisor in the Cincinnati Public Schools.

Has Had Great Experience

He also served as English department head for the Kenton, Ohio, schools and taught secondary education at Ohio State. In 1939 he taught as an exchange teacher in Cheshire, England, finding time to enroll for credit at Cambridge University while there. Study at the University of Mexico is another part of his experience.

The new superintendent has had considerable acclaim as an author. "A Teacher Is A Person," published in 1958, attracted nationwide attention and favorable reviews from such as the Saturday Review, The N. Y. Herald-Tribune, National Parent-Teacher, and many others. A more recent book, entitled "Exploring Chicago," was written in collaboration with Dr. M. Ratz.

Dr. Wilson has contributed regularly to a number of periodicals and professional journals. Included in these are Educational Research Bulletin, The American School Board Journal, Saturday Review, NEA Journal, Elementary English Journal and others. Critics and reviewers use such terms as provocative, lively, entertaining, delightful, wise, witty, amusing, richly human and refreshing to describe his writings.

Approved by Bushong
"I congratulate the Board of Education on their choice for a new superintendent," departing Superintendent Bushong stated. "It has been my privilege to know him and of his work for a number of years. He carries the best of credentials for a post such as this and I have every confidence he will provide excellent leadership for the Grosse Pointe schools. I look forward to hearing reports in the future which will indicate education in Grosse Pointe continues to enjoy the same dedicated support it has received for so many years from this exceptional community."

The new superintendent of schools is married and the parent of four children. The eldest, a daughter, is presently attending

ed against a private Detroit-area club since August 1, and followed the Detroit Club Managers Association's rejection of a union arbitration offer on Tuesday, September 4.

The day following the GPYC walkout, Thursday, September 6, 60 Country Club of Detroit employees left their jobs. Like Gebstadt, County Club manager E. N. Jordan said that the remaining personnel would carry on as usual, although food and beverage service would, of necessity, be suspended.

Union pickets appeared at the Lochmoor Club entrance, 1018 Lunningdale, on Friday, September 7.

Although no major functions had been planned over the weekend at either the Country Club or Lochmoor, many area residents and club members were affected. Wedding receptions, hastily switched from one club to another, caused late summer's mothers-of-the-bride more than their usual share of headaches.

Family parties and small dinners were either put off or suspended indefinitely. Sailors at GPYC, golfers at the Country Club and Lochmoor missed their end-of-a-long-day hamburgers.

But Grosse Pointe was lucky. Detroit Yacht Club members, whose club was the first to be struck, had been bringing their own sandwiches since August 1.

Extortionist

(Continued from Page 1)
officer was notified by the woman each time she received a phone call.

On August 31, Mrs. Kiernan received a call from Smith, in which she was given 20 minutes to put \$300 in an envelope, to be left in the restaurant parking lot.

LaPratt contacted police of Detroit's Fifth Precinct, Jefferson Station, and asked for a police stake-out at the parking lot. The lieutenant in command of the precinct detective division told LaPratt that his department had not been informed of the extortion plot.

No Time to Talk
LaPratt informed the lieutenant that time was being wasted talking and that Mrs. Kiernan had only 14 minutes left to comply with Smith's instructions.

It was brought out later that the lieutenant and officers of his division had no knowledge of the burglary at the motel, and that the officers previously in charge of the case were either on vacation, or had been shifted to another precinct.

However, LaPratt finally induced the lieutenant to send a detective, dressed in a mechanic's uniform, to the parking lot, to await the extortionist. The officer pretended to be working on a boat at the dock by the Detroit River.

Sees Envelope Dropped
Acting on instructions from LaPratt, Mrs. Kiernan cut several strips of newspaper and inserted them into a long envelope, and with only minutes to spare, arrived at the lot and dropped the envelope within sight of the Detroit policeman.

Smith, seconds later, attempted to retrieve the envelope and was immediately arrested by the detective.
Fingerprint identification revealed that Smith was a parolee from Jackson Prison. A search of his room at the St. Clair address resulted in the recovery of two of Mrs. Kiernan's rings. Smith told police that he sold the fur stole and one ring. The ring, which Mrs. Kiernan said was valued at \$2,000, was sold for \$10, Smith said. The stole was sold to a woman who is presently living in Chicago, the admitted extortionist said.

Admits Break-ins
Detroit police said that not only did Smith admit to breaking into Mrs. Kiernan's room at the motel, but also confessed to breaking into and stealing from a home in the Connor Station area.

"Although this was a Detroit case," said Park Police Chief Arthur Louwers, "it was essentially important that our department not only participate, but take a leading role in the protection of the residential area and be the medium by which the extortion attempts be quickly analyzed for direct action.

"Because of these excellent arrangements, the stake-out resulted in the arrest of Smith," the chief pointed out. "Detective LaPratt is commended for the manner in which his responses correlated the total investigation which resulted in the arrest of the extortionist."

ing Ohio State University. A son is a senior in high school and two others, a boy and a girl, are in the middle elementary school grades.

Enlisted As Private
World War II found Dr. Wilson enlisting in the Air Force as a private. His teaching background stood him in good stead as he soon found himself commissioned and on the staff of the AAF Officer's School in Miami instructing in Military Intelligence. He received his discharge in 1946 after four years service with the rank of captain.

Community activities have found the newly employed superintendent active in his church, having served at one time as a trustee of the Maumee Presbyterian Church. The Toledo Board of Health also claimed him as a trustee in earlier years. Currently he is chairman of the Highland Park Professional Council and a member of many professional organizations such as NEA, Chicago Superintendents' Roundtable, National Safety Council, American Association of School Administrators and many more.

Will Commute Briefly
Dr. Wilson will divide his time between here and Highland Park during the next month. It is now planned that he will assume full responsibility for the Grosse Pointe schools on or about October 15 at which time Dr. Bushong will take his final departure to head Kamehameha Schools in Honolulu.

The search for the new superintendent was an exhaustive one, occupying much of the time and energy of the school trustees throughout the summer. More than 100 candidates were screened in the process, Mr. Weber stated. And the number was kept as low as this only by asking that selected college and university placement bureaus recommend just those they considered exceptionally qualified for such a post.

"After many hours of studying credentials," Mr. Weber related, "the Board decided to invite 10 of the top prospects to Grosse Pointe for personal interviews." From this group three finalists were selected for a second and more extensive interview, he said.

Finalists Brought Wives
Accompanied by their wives this time, the finalists met with members of the administrative staff as well as with the trustees for extended discussions. When this phase was completed, the Board made its final decision to invite Dr. Wilson to be the new superintendent. His affirmative decision to accept as soon as his own school board released him ended the search.

DR. CHARLES H. WILSON and completed what President Weber termed the "monumental and responsible task" of hiring its chief administrative officer.

CHECK STOLEN
Mrs. Caroline Casica of 811 Beaconsfield, informed Park police that a check in the amount of \$19.20, payment for a milk bill, was stolen from the milk chute at the side of her house. The incident occurred on Wednesday, September 5. She called her bank and put a stop order on the check.

Joseph deGrimme Fatally Stricken by Heart Attack

Joseph de Grimme, art dealer, raconteur, and one of Grosse Pointe's most familiar and respected figures, died of a heart attack Friday, September 7. Mr. de Grimme was rushed from his art gallery at 7 Kercheval avenue to Bon Secours Hospital, via police ambulance, after complaining that he felt ill. He died late that same afternoon.

At 61, Joseph de Grimme was among the area's best known art dealers. A colorful personality who refused to compromise in matters of taste, he eschewed the modern school of art, terming many highly-touted "modern" paintings "garbage."

His gallery, a Kercheval landmark for more than 20 years, contained hundreds of fine traditional paintings, but no "garbage." He reserved his love and praise for works of the old masters.

He once told a woman who wanted to purchase a \$1,500 oil painting, "I won't sell it to you—it's too good for you." That same day, he gave away a painting to a friend, a fireman he met on the street who happened to mention that it was his wife's birthday and he hadn't enough money to buy her a present.

JOSEPH DE GRIMME

Mr. de Grimme was born in Vienna, son of an Austrian industrialist. He studied medicine, intending to become a psychiatrist, but increasing interest in his auto maker father's art collection and decreasing interest in anatomy and physiology led him to decide on an art dealing career.

He claimed that, as a young man in pre-Anschluss Austria, he dedicated his talents to playing the role of "rich man's son" to the hilt, once buying out all the seats in a theater in order to watch, on an exclusive basis, the opening night performance of an actress he admired.

It was in Vienna that he met his wife, Hildegard, an Austrian countess. They were married, and left Europe together in 1939, the year Hitler marched on Poland, England declared war, and the inevitability of all Central Europe being turned into one gigantic battlefield became apparent.

The de Grimmes vacationed in Miami during their first winter in America. While there, they met several Grosse Pointers who, becoming friendly, urged the Austrian couple to visit here.

Joseph and Hildegard de Grimme came to Grosse Pointe for the first time in 1940. In 1941 they opened their gallery at 7 Kercheval. It has remained open, at the same location, ever since, and Joseph de Grimme, whose friends ranged from police officers to society matrons, quickly became a local "fixture."

The de Grimmes made their home at 536 Neff lane.

Services for the late art dealer were Monday, September 10, at the Verheyden Funeral Home and St. Paul's on the Lakeshore. Interment will be in Vienna, Austria.

Mrs. de Grimme has requested that memorials be made to the Heart Fund.

EARRINGS MISSING
Clifford Weingarten, 599 Notre Dame, stopped by the City Police Station on Saturday, September 8, to report that his wife has been missing a pair of earrings since July 4. They are white gold centered with a cultured pearl surrounded by diamond chips, and valued at approximately \$150.

Pair Sentenced For Robbery

Bonnie McCorkindale, 19, whose last known address was given as 19348 Woodworth, Redford Township, was sentenced in Oakland County Circuit Court to serve from 1-5 years in the Detroit House of Correction for robbery armed.

Miss McCorkindale, and an accomplice, Bruce C. Hemelberg, 18, of 18923 Faulman, Mt. Clemens, were arrested by Park police last February 21, on a traffic violation charge. Their arrests cleared eight burglaries in the Detroit area.

Hemelberg, who police said was a potential killer, was sentenced to 5-30 years in Jackson Prison after a trial in Oakland County, on a charge of robbing a Royal Oak dairy store. Hemelberg and the girl were identified by a woman clerk from whom the pair had taken a wallet. The wallet was in the pair's possession at the time of their arrest.

Park Police Chief Arthur Louwers said that Thursday, September 6, he received a report from Royal Oak police, in which he was notified of the sentence imposed on Miss McCorkindale. Her companion was sentenced about three weeks ago, the chief said.

The pair's crime spree ended on the February date when they were arrested by Patrolmen Henry Wilson and William Crandall, as they sped past the officers on Jefferson at 40 miles an hour.

When Hemelberg could not produce an operator's license, the officers took him and his girl friend to the station. While checking the ownership of the car, Wilson and Crandall spotted the butt-end of a sawed-off 22 caliber rifle on the back seat. The gun was fully loaded with a shell in the chamber.

Hemelberg was sentenced to 10 days in the Wayne County Jail for the traffic violation, after which he was turned over to Royal Oak authorities for prosecution.

According to Chief Louwers, at the time of their arrests, the couple admitted they were looking over two Park restaurants with the intention of robbing one or both places.

At the time, the chief also said that it was proven that Hemelberg had a violent temper, with possible homicidal tendencies. Wilson and Crandall took a chance when they arrested the youth and his companion, the chief pointed out.

The officers were commended by the chief for their alertness.

Memorial Sets Annual Meeting

The officers and board of directors of the Grosse Pointe War Memorial Association have set Monday evening, September 24, at 7 o'clock as the time for their gala annual dinner and meeting. All the many Pointers who have served the Center or contributed to it are cordially invited.

Dinner will be served in the Great Hall of Alger House and the dinner guests will be entertained at dessert by members of the newly formed Chamber Music Players of Grosse Pointe, a group which the Memorial is housing and sponsoring.

Following the dinner and entertainment, president Thomas E. Groehn, will conduct the brief annual meeting in the Center's newly decorated library. Highlights of the meeting will be a report on the new Fries Memorial addition by building chairman, Alger Sheldon, who will also reveal plans for its formal opening in early November. Gerald Schroeder, treasurer of the Association, will review the financial picture of the Center in relationship to its building and improvement program.

Finally and most important in the evening's program will be the election of four new board members to replace retiring officers and board members who have served so well. Those retiring include William Robert Bryant, building chairman; Mrs. Watson I. Ford, secretary; Joseph Lincoln Hickey, vice-president; and John Huettnerman, Jr., assistant treasurer.

It's easy enough to enact laws with teeth in them, but few turn out to have wisdom teeth.

Cruel Hoaxer Continues To Play Moronic Pranks

Two more wives of Pointe doctors were victims of a kidnapping hoax on Friday, September 7, according to information submitted to Park and Woods police.

The latest to hear from the fiendish prankster were Mrs. T. J. McBryan of 1359 Berkshire, and Mrs. Richard A. Taylor of 1764 Severn.

When the phone rang in the McBryan residence, it was answered by Mrs. McBryan's 11-year-old daughter. The girl listened, terrified by the message from the caller.

Mrs. McBryan entered the room as her daughter was listening to the culprit, and noticed the look of terror on the girl's face and took the telephone from her. The mother demanded to know who was speaking, but the caller, hearing a different voice, hung up.

The mother did not panic, but calmly called the operator, and requested that all future phone calls be transferred to her husband's call service, or to his office. She then notified Park police of the hoax call.

Mrs. Taylor told Woods police that the hoaxer called her at 3 p.m., stating that he was a police officer and that her husband was wanted for murder, then he hung up. Five minutes later, the man called again.

This time, a voice told the woman that her husband and his secretary had been kidnapped and that if she did not answer his questions he would use a knife on her husband.

Three other women, wives of Pointe doctors, received phone calls from the cruel hoaxer on August 30. They are, Mrs. P. C. DiLoreto of 265 Vincennes; Mrs. H. L. Dill of 365 Mary; and Mrs. Raymond C. Christensen of 1717 Lochmoor.

The hoaxer has been plaguing Detroit area women, wives of doctors and lawyers, for about two years, and police believe that the caller is the same person in each case.

Park Police Chief Arthur Louwers had this to say to wives who might receive calls from the moronic caller:

"A perverted mind, seeking sadistic enjoyment by telling wives of doctors and lawyers

Broken Oil Tank Causes Explosion

A Dean Joki, 513 Neff road, stood peacefully on the lawn in front of his house Saturday morning, September 8. He was watching two men from the East Side Oil Co., 11001 Heron, Detroit, in the process of filling up his oil tank.

She men had run a hose from their truck to Joki's basement tank outlet, and were busily pumping in oil. Shortly after 11:30 a.m., with the tank only a few gallons short of its 275-gallon capacity, there was an explosion.

Internal pressure had caused the tank to rupture, spraying oil into the basement. Some of the oil fell on a nearby incinerator. The incinerator was full of burning rubbish.

When City firemen reached the scene, shortly after 11:42 a.m., the Joki house was smoke-filled, and the fire itself had traveled, with lightning speed, across the basement, up the stairwell, and into the kitchen.

Luckily, Mrs. Joki was upstairs at the time. Firemen believe that, had she been in the kitchen, she would almost certainly have been killed.

At 11:44 a.m. Grosse Pointe City requested aid via the inter-Pointe Mutual Aid agreement, and Grosse Pointe Park responded with one engine. Grosse Pointe Farms stood by to take any additional City calls.

All off-duty City firemen were notified and told to rush to the scene. By 12:11 p.m. the blaze was under control, and the Park pumper returned to its station.

City firemen remained on the scene for several hours, however, making sure all oil had been drained out of the basement tank.

At present, the house is uninhabitable. Smoke damage is extensive, ranging from the basement to the attic. The basement and kitchen are severely burned.

Fortunately, no one was injured. Mr. Joki carries fire insurance.

Offer French For Children

Beginning French Conversation for children will be offered at the Grosse Pointe War Memorial Center on Tuesdays and Thursdays beginning September 18, after regular school. The course will be open to children ages 6-9 and will consist of 20 half-hour lessons offered for a total of \$20. Advance enrollment is requested as the class must necessarily be limited.

Madame Helea Coutil is a native of France where she taught for a number of years before coming to this country to be with her children. She has taught at the Convent of the Sacred Heart and is currently on the faculty of the Highland Park School system.

Mme. Coutil has developed a very interesting teaching method for the young people. She uses objects and pictures of things interesting to children upon which to build conversation. Then, too, there are games and songs. She says that 6-9 is the best age to learn to speak a language easily and naturally, for it is then that the voice production apparatus of the body is most flexible.

Teenage Sisters Scared By Prowler in Bedroom

Park police are searching for a man who broke into a Park home shortly after midnight, Saturday, September 1, and frightened two teenage sisters sleeping in their bedroom.

Police, pending further investigation, withheld the names of the girls, one 15 years old and the other 12 years old, and the address of the residence, other than to say the incident occurred in the 1000 block of Yorkshire.

The burglar entered the home at 12:20 a.m., by lifting a screen at the rear of the house and crawling through the window. He then went to the bedroom occupied by the sisters, who were home alone.

The intruder placed his hands over the face of the younger girl and awakened her. The girl thought at first that it was her father who had returned home and was looking in on her and her sister to make sure everything was all right.

When the 12-year-old realized that the man was a stranger, she screamed, waking her sister.

The man, apparently frightened, fled down the stairs, opened the front door and left, slamming the door shut behind him.

Police said that the girls attempted to call the station by using the upstairs extension phone, but this was not possible as the burglar had removed the downstairs phone from the receiver to prevent immediate use.

The sisters described the man as being about five feet nine inches tall, about 150 to 170 pounds, wearing light gray or

blue trousers and dark blue jacket, ski-type long and baggy, wearing regular shoes, as they created noise as he fled.

The girls also said that the man wore a woman's nylon stocking over his head and face, with the lower part of the hose, including the foot, dangling down his back.

Nothing was taken from the house, police said.

French Course Offered Adults

Prof. John Lakich, of Wayne State University, will again be holding Conversational French classes at the Grosse Pointe War Memorial once a week on Wednesday mornings from 9:30 to 11 o'clock beginning September 26. The 16-week course is offered for \$35 in conjunction with the University Center for Adult Education.

This is an intermediate course for those having had some previous instruction in French. It is designed to strengthen one's vocabulary, perfect pronunciation and acquaint the student with the many idioms of French conversation. The conversations are based on readings of interest to the class in the area of French culture, history, personalities, events, etc.

Tom Dansbury of 999 Nottingham, complained to Park police on Wednesday, September 5, that sometime during the night while his car was parked in front of his house, someone punctured two tires.

Two Cars Tangle At Intersection

Two motorists who claimed they had a green traffic light in their favor will have the matter settled in Farms court on Wednesday, September 26. Their cars collided at the intersection of Kercheval and Moross on Saturday, September 8.

Lewis H. Echlin of 184 Muir road, told police that he was traveling west on Kercheval and the light was in his favor, so he proceeded through the intersection and collided with a car driven by Julius R. LaForge of 830 Philip, Detroit, who said the light was green for him. LaForge was driving south on Moross.

Police gave both drivers tickets for not having their cars under control and causing an accident, and informed them that the case will be settled in court.

Woods Council Denies Request

Permission to place a referendum on the November ballot for the rezoning and land use to build a 40-family multiple dwelling in Grosse Pointe Woods, on Vernier road near Mack, was denied Harvey C. Bauss, professional engineer acting on behalf of Woodrow W. and Anna M. Woody.

The Woods Council turned down Bauss' request on the grounds that he submitted his petition after September 4, last date on which, according to Michigan law, such petitions to place a local question on the ballot may be filed.

Council had previously de-

ned the Woody's permission to erect their proposed co-operative Early American design apartment building, on the grounds that it did not comply with present zoning restrictions.

Bauss indicated that he would seek to have the matter placed on the April ballot.

Farms Council to Review Requests for Adjustments

The Farms council agreed on Monday, September 10, to review possible revision requests made by personnel of the Police Department and Public Works Department for certain adjustments in the form of time off for holidays, and dues deductions.

The policemen are asking for compensation for time off for six holidays; and the DPW members are asking for dues deduction as a fringe benefit and the granting of Veterans Day as an additional holiday.

The council turned down both requests last June 18 when it approved special wage adjustments for certain classified employees, but denied a general wage increase for city employees as a whole.

The city body set Monday, September 17, at 7:30 p.m., as the date and time to meet as a Committee-as-a-Whole to discuss the two matters. The regular council meeting will begin at 8 p.m.

Lawrence Stranahan, senior staff representative of Local 522, American Federation of State, County and Municipal Employees, with which the 23 members of the Farms DPW are affiliated, spoke on behalf of the employees.

He asked the council to grant the dues deduction as a fringe benefit, which would be considered a great favor by DPW

personnel, and to grant Veterans Day, November 11, as an additional holiday.

The union representative told the council that the cost of deducting the dues would be very minor to the city administration.

He made this statement in answer to Mayor William Connolly's remark that the city recently received a request from the U.S. Treasury Department to permit deductions from employees' pay for Series E Bonds.

The mayor also pointed out that other deductions, such as for the United Foundation, is a burden on the administrative staff. The costs are defrayed by the city, he said.

Of all the police departments in the Detroit area, the Farms Police Department is the "low man under the Totem Pole" as far as vacation time is concerned, it was brought out by Police Sgt. Ignatius Backman, spokesman for his group.

He pointed out that members of his department receive only

10 days vacation a year, excluding days off during a regular work week and compensation for time spent in court in case hearings.

He said that the police officers never work more than a seven-day week without a day off.

Backman said that prior to 1951, Farms policemen were receiving 20 vacation days a year, and when the 40-hour work week went into effect in 1951, they lost 10 of those days.

Prior to the setting up of the 40-hour week and the loss of the 10 days, Backman said, the Farms Police Department was second to none, whereas today, they stand about in the middle.

To stress his point, the sergeant disclosed that the City police receive 15 vacation days a year; Park officers are allowed 16 days; and the Woods and Shores, 21 days.

Detroit policemen, he said, get 28 days vacation each year, and so do officers in Hamtramck, Highland Park, River Rouge and Warren.

Backman, a shift sergeant, whose duties include arranging of time off and vacation time in the department, told the members of the council that the members of his department should receive compensation in the form of time off for six holidays.

He said that the six holidays could be arranged so that the manpower of each shift would not be affected, insofar as police protection of the city is concerned. This, he added, he will fully guarantee.

And also, he said, there is no money involved, only the time off compensation for the holidays. The city will not have to pay a cent.

Church Circles To Hear Reports

All afternoon circles of the Grosse Pointe Methodist church will meet for luncheon at the church social hall on Tuesday, September 18.

Speaker for the day will be Mrs. Earl MacDonald who will report on the Assembly held at Atlantic City last spring.

A filmstrip will also be shown by Mrs. James Nixon and Mrs. George Hubbard who represented the Grosse Pointe Methodist Church at the Assembly.

All evening circles will meet at the church for desert at 8:00 o'clock and will also hear the report by Mrs. Nixon and Mrs. Hubbard.

A short business meeting will be held by all the circles immediately following the program.

DRIVER GUILTY

Shores Judge John Gillis, at a hearing held on Tuesday, September 3, accepted a plea of guilty to reckless driving, entered by John C. Kava of 8345 Lyford, Detroit. Kava paid a fine and court costs of \$107.50, rather than face 30 days in the Shores Jail.

Pointer Facing Morals Charge

Harry Thomas, 40, of 630 Westchester, arraigned before Park Judge C. Joseph Belanger on Wednesday, September 5, on a morals charge, waived examination and was released on \$5,000 bond. He was bound over to the Wayne County Circuit Court to await trial.

Thomas is accused of taking indecent liberties with a 10-year-old girl, for which he was arrested last July 1.

On July 2, Thomas appeared before Judge Belanger and pled not guilty and demanded an examination. He withdrew the demand during Wednesday's scheduled hearing.

Kappa Delta to Meet At Mrs. Callaway's

The East Side Kappa Delta Alumnae Association will start off their fall activities with a business meeting at 8 p.m., Wednesday, September 12. The group will meet at the home of Mrs. Robert Galloway, on Fisher road.

Assisting as co-hostesses will be Mrs. Henry Szymanski, and Mrs. Leonard Jensen. The group will make plans for their annual candlelight tea to be held in October.

Reservations for the meeting can be made by calling Mrs. Arthur Fetters, Jr., TU 2-2962.

Farms, Park to Seek Aid For Public Works Projects

Farms and Park officials expressed an interest in the Federal stepped-up public works program, an anti-recession measure, whereby the Government will spend 900 million dollars on quick-action public projects.

At their respective council meeting held on Monday, September 10, the Pointe officials stated that they will seek some of the funds to carry out local projects.

Two Park officials, City Comptroller Nuncio Ortiz and Public Service Superintendent Herbert Heger, and Farms City Engineer Murray M. Smith attended a meeting called by Gov. Swainson in East Lansing, to hear Sidney H. Woolner explain the grants.

Woolner, Federal Community Facilities Administration Commissioner, explained that local governments in the State might get as much as 10 percent of the \$900 million dollars scheduled for local public works projects.

The Senate Bill (S. 2965) passed both the Senate and the House in Washington and was signed into law by President Kennedy on Tuesday, September 11.

The money could be spent in areas eligible for aid under the 1961 Depressed Areas Act and

in communities having six percent or more unemployment in nine of the last 12 months.

Smith informed his council that he will submit applications to a Government Agency in Chicago for three projects.

He said that originally he had intended to apply for funds for work on five local projects, but settled for three. They are, renovation and expansion of the city hall; expansion and improvements on the water filtration plant, and expansion of the public works garage.

Park City Manager Robert Stone told his council that he had discussed with Heger and Ortiz the possibility that the city's curbing program might come under the Federal Grant Bill.

The council authorized him

to make a further study and to report at the next scheduled council meeting on Monday, September 24.

Whether the funds will be granted for the Pointe projects will be determined by the Federal agency in Chicago, when it processes the applications. The applications will be determined on a priority basis, it was said.

The Federal Government will pay 50 percent of the cost of the projects in most cases, and 75 percent in the case of communities which could not afford to pay half.

The \$900 million will go only to areas of "substantial unemployment" as certified by the Department of Labor, and areas approved for loans under the Area Redevelopment Administration.

In the State, this would include all the Upper Peninsula, approximately half of the Lower Peninsula, and the third of the rest of Michigan, including Wayne County.

The Federal Bill provides that applications must be submitted within 120 days after it becomes law, and projects must be completed within 12 months.

Current projects will not be acceptable for grants, it was said.

In order to help alleviate unemployment, projects scheduled for the future, for example, a year or two from now, must be undertaken at once, if communities hope to be eligible for government aid funds.

The council authorized him

Introducing Pointe's Newest Teachers

Defer School, led by Principal Jack DARVILL, welcomed four newcomers to the professional staff there this fall. As part of their orientation they were given a conducted tour of the building and grounds. Here they are pictured viewing the unusual playground facilities Defer affords its primary age youngsters with a number of molded concrete play things. From the left are Principal Darvill; SALLY WENDLAND, kindergarten; JUDITH DAVIDSON, first grade; JUDY LINDSTROM, third grade; and KENNETH STARRING, sixth grade.

Sally Wendland will teach kindergarten at Defer School this fall, teaching one session only while continuing her graduate study at Wayne State during the rest of the day. She was born in Minneapolis but moved to Detroit and graduated from Detroit Lutheran High School. A bachelors degree was completed at Wayne this summer. Practice teaching experience was gained at Defer last year (Third grade) and Edmonson School (Kindergarten). She resides in Devonshire Road in Grosse Pointe Park.

Another Grosse Pointe High School graduate has returned home to teach. Judith Davidson, of Yorkshire Road, is teaching first grade at Defer after having been employed in the Lakeview school district of St. Clair Shores for one and one-half years. She is a graduate of the University of Michigan (February 1961) and has attended the University of Hawaii Graduate study at the U of M has been started also. Two trips around the world mark her as an experienced traveler. Reading, sports and music are special interests.

Judy Lindstrom graduated from Denby High School after growing up in Detroit and took her degree at the University of Michigan. She did her practice teaching at Burns Park Elementary School and will teach the third grade at Defer this year. When queried about past accomplishments, her eagerness to be at her work was evidenced by her remark, "so little done—so much to do." Married, she makes her home in the Lakeshore Village apartments.

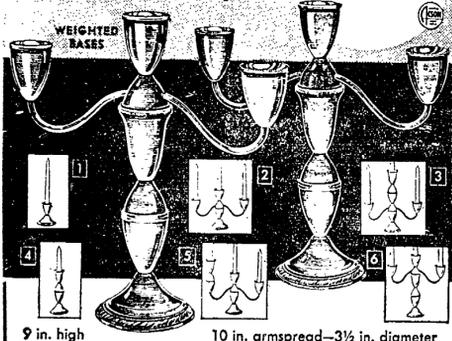

Although Kenneth W. Starring actually started teaching at Defer School in January he has not been introduced to the community before. He is teaching sixth grade there this fall after having had a fourth grade section last spring. A native of Detroit, too, he graduated from Southeastern and took his degree from Wayne State. After a number of years in industry (accounting) he qualified last year for a teaching certificate and entered this profession. Practice teaching was accomplished at Trix School (Detroit) and Monteith. Mr. Starring served 4 years in WW II (Air Force, CBI), is married, and has two daughters. The eldest has just begun training to become a nurse and the youngest is in the 9th grade. The family home is in Roscommon avenue in Harper Woods.

Jerald Borgia
At St. Paul Ev.

Serving his year of internship at St. Paul Ev. Lutheran Church, is Jerald Borgia of Sunland, Cal. His duties began on September 1 and will continue through August 31, 1963. Mr. Borgia has completed his second year at the Evangelical Lutheran Theological Seminary, Columbus, O. Following his year of practical training at the local congregation, he will return for his final year before ordination. Mr. Borgia's duties will consist of those generally associated with the spiritual oversight of a congregation with special emphasis upon youth activities.

Woods-Shores Babe Ruth League Has Awards Banquet

By Dave Marsteller

Last Wednesday, the Eighth Annual Banquet of the Grosse Pointe Woods-Shores Babe Ruth League was held and a record crowd of 300 attended to see the boys receive their awards.

The presentations began with President Randy Hancock giving awards to retiring board members El Reynolds, Don Conley, Ralph Morrison, George Foster, and Al Bruce; and retiring manager Jack Tamblin and his coach, Wolf Hoffman. President Hancock has also served his two-year term and the league is certainly grateful to him and the others who have done their jobs so well.

The All-American League Runner-Up Awards to George Sinning's Cardinals were the first of the team trophies presented, and the second team to receive trophies was Jack Tamblin's Shalla Chevrolet. The Automotive League's Runner-Ups, To Carl Nolte's—Mutual Trust Life—Yankees went the trophies for the All-American League Champions and the trophies for the Automotive League Champions went to Stan Loeffler's—Grosse Pointe Gardens Auto Wash team.

Carl Nolte, Manager of the All-American League All-Stars had the pleasure of presenting the trophies to his team, as did Dave Marsteller, manager of the Automotive League All-Stars to his boys. The boys on the Automotive All-Stars then did a turnabout as they presented plaques to Marsteller. Stan Loeffler, Rick Unti and Jim Burns of their coaching staff in appreciation for working with them.

The highlight of the evening was the presentation of the

Little Gridders Ready for Sale

Some 5,000 boys, nine to 12 years old, will begin ringing doorbells all over the metropolitan area September 15 to start the annual candy sale of the All American Little Football League.

Starting its seventh season with some 100 teams from 22 communities in and around Detroit, the league has placed an initial order for 160,000 boxes of Sanders candy in special black, red and white wrappings.

Since the beginning of the league, all funds for equipment, insurance and other expenses have been raised by a candy sale during the last two weeks of September. Adequate adult supervision and coaching, assured by the league's franchising system, and facilities for practice and most games are donated by the individuals and communities. Each group has two representatives on the league's board of directors, which sets policy and regulates the league's operations.

"Starting with the premise that boys will play football anyway, anyhow and anywhere, the All American Little Football League's purpose is to provide a healthy, sane and supervised opportunity for the average boy to participate and to direct the activity to proper playing fields, with the best protective equipment and competent instruction," said Richard R. Rogers, president of the league.

"The league recognizes the usual criticism that the good being done by a program of this type can be outweighed by the harm from undue mental pressures placed on boys of this age by the need to win. To combat this, the league has no championships, no playoffs, no individual player awards and does not even maintain won and lost records or standings," Rogers added.

The six-game schedule will start Sept. 22. Each "game" is actually a tripleheader, with the three age-weight classifications from each group competing.

Idiotic Driver Dumps Rubbish

Howard Blood, 604 University, called City police at midnight Wednesday, September 5, to report that someone had just strewn rubbish all over the street in front of his house.

Blood observed a yellow car, either Buick or Chevrolet, with a black top, pull up in front of his home shortly before midnight. Someone got out of the car and proceeded to roll several rubbish cans, neatly standing by the curb near the driveway, out into the street.

The rubbish cans were then mounted on a carry-all. The man returned to his car, shifted into reverse, and rammed back into the cans, overturning them and scattering rubbish throughout the area.

125 of Pointe's 17,154 Residences Boast Pools

If you're an average guy living in the Pointe you may have two cars in your garage but you don't have a swimming pool in your backyard.

In fact—you may not even know anyone who has one for, according to a recent survey made by a member of the News staff, less than one percent of the homes in the Pointe are equipped with pools.

Of the 17,154 dwellings in Grosse Pointe, counted in the May '62 school census, only 125 of them have pools, a total of about 73 per cent.

You have the best chance of owning a pool if you live in the Shores. There 3.4 per cent (or 24 out of 729) of the homes

Ski Patrols Need Recruits

Michigan's Ski Patrols, whose members give first aid assistance to injured skiers, are in need of recruits to care for the growing number of skiers; and ski areas throughout the state.

"Ski patrolmen and patrolwomen actually prevent a great number of accidents each year through such safety tips to beginners as the care of bindings and the proper way to get on and off chair lifts and rope tows," said Donald C. Williams, Chief of Michigan's Lower Section of the National Ski Patrol System. "But we need new members," he added.

Williams said he hopes for a good turnout at Standard and Advanced Red Cross First Aid courses that will get underway in Detroit next week. This year the two courses have been combined to provide 13 weeks of uninterrupted training with the emphasis on first aid for skiers. A Ski Patrol candidate must complete both courses successfully to be eligible for ski proficiency training and tests which begin when the snow flies. Classes meet one night a week.

Classes, lasting from 7:30 to 10:30 p.m. begin Monday, September 10th at the West Dearborn Red Cross Center, 2440 Telegraph and at the Livonia Red Cross Center, 33539 Plymouth road. A third class will begin Thursday, September 13th in the Cannon Memorial Center at 5103 Guilford on Detroit's east side and the fourth class will start Thursday, September 20 in the Birmingham Community House, 380 South Bates in Birmingham.

Advanced registrations for the first aid courses are being accepted now at the locations named and Williams urged prospective ski patrol candidates to register as soon as possible so instructors can estimate the size of the classes they will teach.

Chapter to Hear Red Cross Head

Members of the Detroit Red Cross will hold their 53rd Annual Meeting on Thursday, September 20, at 12 Noon, in the ballroom of Cobo Hall. General Alfred M. Gruenther, President of The American National Red Cross, will be the speaker, following the subscription luncheon to which community and military leaders have been invited.

A color guard from Selfridge Air Force Base will lead the procession of uniformed volunteers carrying American and Red Cross flags, flags of nations, members of the League of Red Cross Societies, and banners of the Red Cross Services. Robert T. Ross, Chapter Chairman, will preside at the business meeting during which members of the Board of Directors and Advisory Boards will be elected for the coming year. Burt R. Shury, Jr., past Chapter Chairman, is chairman of the nominating committee; Mrs. William K. Muir has been chairman of the planning committee.

General Gruenther became President of the American National Red Cross in January, 1957, upon his retirement from the United States Army where he served thirty-eight years. His military tours of duty encompassed assignments in England, Europe and North Africa as well as the United States. Since becoming associated with Red Cross General Gruenther has inspected its installations and reviewed its services in Europe, the Far East and Central America, and visited thirty-one Red Crescent and Red Cross Societies. He also visited Central and South America on Red Cross missions and attended the last three meetings of the 89-nation League of Red Cross Societies in Athens, Greece; Geneva, Switzerland; and Prague, Czechoslovakia. The scope of the General's interest in world affairs and his wide experience in military and Red Cross activities give him an extensive background from which to speak. Reservations for the luncheon may be made by calling WO 1-3900.

With Our Blessings

This is the time of year when we say goodbye to you young men and women who are leaving for college. Some of you who attend institutions close by will be back with us often; others will not return until the Thanksgiving or Christmas vacation periods.

If your powers of perception were abnormally keen, you could find, tucked away in that outrageous assortment of luggage and duffle which is always affected by the college crowd, things other than the equally absurd collection of personal items which go ever with you. You would see a million tiny, unuttered thoughts, bits of advice which we never quite got around to passing on to you. There would be a trunk full of fervent wishes and bright hopes, a generous sprinkling of prayers, and those myriad stains would be the remnants of tears, dropped mostly by the mothers of the youngsters who are leaving home for the first time.

So much of us goes with you, it is just as well you do not know. Accepted with the seriousness with which it is sent, it would constitute a burden that young people should not be called upon to carry.

It is an unchanging law of life that the younger generations grow constantly further away from their parents. And it is, for us, a sad truism that just the reverse holds with the oldsters. Our interests turn inward and focus sharper with every passing year on the events which make up the lives of our children and grandchildren. But it is equally true that we would have it no other way.

Advice is easy, and there are so many things we think we could and should have told you, to make things easier. Looking back, we are so prone to think of these years through which you are now passing as a painless period of enchantment and frivolity. Time is a great eraser and most of us have forgotten that all things are relative; that the troubles of youth, though they may seem negligible to us, may be just as bitter to swallow as our own most devastating trials. If we are lacking in understanding, we ask your forgiveness.

The shyness of youth, if such a thing still exists, is surely equalled by the shyness of a parent who is afraid to bare his soul to his own children lest he appear weak, or in fear that he may embarrass the youngster with a display of maudlin sentiment. In removed repose, it appears to us that a great deal more of this interchange of inner feeling would be a healthy and highly satisfying experience.

We wish we had not hesitated to tell you how proud of you we are, and what tremendous boons you have granted us through your accomplishments. We are sorry about the beratings we felt at the time were merited, and we wonder fearfully whether they were harmful or helpful.

We are so mindful of our own first days in college, and of little incidents and soul-shaking experiences, which followed in quick succession through all those wonderful years. We are going through them again with you now, and hoping that something we have imparted is helping you, either to get the utmost enjoyment or the least sorrow out of them as they come along.

College is such an immense hodge-podge of opportunities and pitfalls, with so many doors that should be opened and entered, and so many others that should remain closed; so many roads that should be explored, and endless turns that should never be taken. Now, infinitely more than ever before, you are going to have to rely on your own judgment. But we want you to know that if you err, and if help is needed, we want to be given the first chance to provide it.

There is so much said about our "future citizens," the "leaders of tomorrow," the "hope of the world," that we trust you will pardon us for mentioning these old cliches. We like to remember the college president who told the entering freshman class: "If by the time you have been graduated from here you have learned how to educate yourselves and can use a library intelligently, we shall consider that we have done a good job."

These years are but preparatory ones for the many, many which lie ahead, each pregnant with possibilities for broadening your education. The truly wise man is the one who continues to learn every day of his life, who is always honest enough to admit he does not know the answer, but then makes a point of finding it.

Your education has to do not only with classrooms and textbooks and lecture halls, but with mixing with your fellow students and faculty members, both socially and intellectually. Understanding is an attribute to be devoutly cultivated.

Let religion be a large part of your lives and be thankful that there is a noticeable surge today in the movement back to the Greatest Teacher. There will be many times when you will find yourselves in need of His instruction and you will find it helpful to be on close terms with Him.

These are the golden years and yours is the privilege to make of them what you will. If we have helped you walk across the threshold with confidence, we are grateful. If we have failed you, forgive us. (Reprinted by Request)

What Goes On at Your Library

by Jean Taylor

If book titles are any criteria, the novelist knows his Bible. Both the Old and New Testaments are favorite sources for the writer who seeks a name for his brainchild.

Margaret Mitchell's GONE WITH THE WIND was purported to have been taken from the Psalms, 103:16, "For the wind passeth over it, and it is gone; and the place thereof shall know it no more." Stephen Mitchell, the author's brother, refuted this and gave the true origin as a poem by Ernest Dowson. According to Mr. Mitchell, his sister found it by chance while reading Dowson after her manuscript was finished and accepted. She had been looking for a suitable title and this seemed to fit.

The Psalms, however, can claim the origin of a number of book titles. For his story THE WINGS OF THE DOVE, Henry James may have borrowed his title from Psalms 55, verse 6, "Oh that I had wings like a dove! For then would I fly away, and be at rest"; or perhaps from Psalm 68, verse 13, "Yet shall ye be as the wings of a dove covered with silver, and her feathers with yellow gold."

Louis Bromfield turned to the Psalms too for inspiration. His GREEN BAY TREE is probably from Psalm 37, verse 35, "I have seen the wicked in great power and spreading himself like a green bay tree."

Peter Devries makes frequent use of the Bible for his book captions. His TENTS OF WICKEDNESS comes from Psalm 84:10, "I had rather be a doorkeeper in the House of my God, than to dwell in the tents of wickedness." The title for his earlier book COMFORT ME WITH APPLES is found in the Song of Solomon, 2:5, "Stay me with figs, comfort me with apples; for I am sick of love." A third title, THE BLOOD OF THE LAMB is taken from Revelation 7:14, "These are they which came out of great tribulation, and have washed their robes and made them white in the blood of the lamb."

William Faulkner and Howard Spring both used Second Samuel for the titles of their respective books: ABSALOM, ABSALOM! and MY SON, MY SON. Mr. Spring's book was published in England under the title ABSALOM! The source is Chapter 18, verse 33: "O my son Absalom, my son, my son Absalom! Would God I had died."

Altar Society Plans Luncheon

"What can I do about this pain?"

By FRED KOPP, R. PH. Customers often ask questions like this. And every year we sell perhaps a ton of pain relievers. Relievers. That's the point. We can sell simple analgesics, but we can't prescribe drugs to eliminate the cause of pain. Diagnosing and prescribing are in your physician's province. We, as professional pharmacists, work with doctors, providing the drugs they order. So, if you have any kind of a persistent pain, see your physician. We shall be pleased to provide any medication which may be prescribed.

for thee, O Absalom, My Son, My Son!" and chapter 19, verse 4, "and the King cried with a loud voice "O my son Absalom, O Absalom, My Son, My son!" Marcia Davenport has taken some of her titles from the Old Testament. Her VALLEY OF DECISION is from Joel 3:14, "Multitudes, multitudes in the Valley of Decision; for the day of the Lord is near in the Valley of Decision." The title for her book MY BROTHER'S KEEPER is readily recognizable as coming from Genesis 4:9, "And the Lord said unto Cain, where is Abel thy brother? And he said, I know not: Am I my brother's keeper?"

And do you recall that delightful novel of O. E. Rolvaag's of some thirty years ago, GIANTS IN THE EARTH? This title too comes from Genesis 6:4: "There were giants in the earth in those days."

From Job 38:12, "Hast thou commanded the morning since thy days: and caused the day-spring to know his place?" comes Pearl Buck's title COMMAND THE MORNING.

Erich Remarque's A TIME TO LOVE AND A TIME TO DIE is easily identifiable . . . from Ecclesiastes 3:1-8, "To everything there is a season . . . a time to be born and a time to die . . . a time to love, and a time to hate."

May Sarton turned to Proverbs for the title of her book FAITHFUL ARE THE WOUNDS, CHAPTER 27, verse 6, "Faithful are the wounds of a friend; but the kisses of an enemy are deceitful."

Matthew has provided many titles: A. J. Cronin's THE KEYS OF THE KINGDOM, 16:19, ". . . and I will give unto thee the keys of the Kingdom of Heaven"; Zofia Kossak's novel about St. Francis of Assisi, BLESSED ARE THE MEEK, 4:25, "Blessed are the meek, for they shall inherit the earth"; Florence Bauer's BEHOLD YOUR KING, 21:5, "Behold thy King cometh unto thee, meek and sitting upon an ass"; Vladimir Dudintsev's NOT BY BREAD ALONE, 4:4, "It is written man shall not live by bread alone"; and Bruce Marshall's TO EVERY MAN A PENNY, 20:9, "And when they came that were hired about the eleventh hour, they received every man a penny."

Consider the Scriptures before you write your next novel!

What's New on THE HILL

THIRTY YEARS AGO, a small boy sat dreaming by the banks of an Ohio river. "When I'm grown up," he said, "I'm going to be as rich as old man Croesus. I'll send my servants to Europe to do my shopping. I'll have great designers work just for me. I'll pay the keenest scientists to answer all my questions." Today that small boy has become no Croesus. He's a hard-working accountant, struggling to put his boy through college. "And yet," he told us, "I have infinitely more than I longed to have. Today your buyers slip off to Europe as nonchalantly as they used to go to Chicago. Great designers plan goods that sell for mere bread-and-butter prices. Scientists have devised incredibly intricate tests to measure the strength of a single thread. Offer Course For Thinkers

One of the most serious considerations of present day civilization will be the subject of study at the Grosse Pointe War Memorial Center, 32 Lake Shore Road, Wednesday evenings from 8-9:30 beginning September 26 and continuing through November 14. Various major themes that have molded the ideology and practice of Russia will be presented to give the adult a better understanding of how these nations agree or disagree. This eight-week course is presented in cooperation with the University Center for Adult Education and will be taught by Dr. Theodore B. Fleming, Jr., professor of political science at Wayne State University. The Center urges that those wishing to enroll in this vital course do so in advance by calling TU 1-7511 so as not to delay the opening class. The charge for the course is \$10.

Last year for the first time in its history the Junior League opened the courses offered to provisional members to the public. So successful was this experiment that this season again some of the courses which serve as an introduction to the metropolitan area will again be available to the public.

On September 26 the provisionals will travel to the Wayne County Youth Home and that evening Mrs. John M. Lesesne will open her Oxford road home to the group.

The first meeting open to the public will be held at the War Memorial on October 3 and will feature a discussion on urban renewal.

All the meetings open to the public will be held at the War Memorial and include discussions of the mental health picture, labor and management in industrial Detroit, as well as the October 3 session.

The provisional course will be climaxed November 30 with a cocktail party in the Irvine lane home of Mr. and Mrs. John H. Posselius.

Square Dance Season's Here

Last January six Grosse Pointe square dance clubs joined forces to sponsor a beginners class in square dancing which has been meeting at Mason School. Over 60 couples enrolled, completing 16 lessons by mid-May, when the class recessed for the summer. These new dancers are looking forward to Monday, September 24, when they can resume their weekly night of learning more about this increasingly popular recreation.

Quite a number of experienced dancers also will be returning to class for a "brush up" on the newer calls. This "refresher" class will continue through the rest of the season, giving the intermediate dancers an opportunity to join the class at various intervals as the class progresses toward the more advanced patterns.

Advanced dancers may keep up their skill by attending an Advanced Work Shop which Starmakers Square Dance Club is offering at Mason School every third Saturday starting October 20.

Wes and Julie Rea, teachers of these classes, surprised their new class members by sending them party invitations to a pre-season dance to be held at Eastland Center Auditorium on Saturday, September 15. Members of Promenaders Square

Dance Club are also on the guest list. Special guests of the evening will be the representatives of the class-sponsoring clubs: Mr. and Mrs. John Matthews, Mr. and Mrs. James Hoyt, Mr. and Mrs. Mel Anderson, Mr. and Mrs. Ed McLean and Mr. and Mrs. Willard Grapp.

League Marks Special Week

Governor John B. Swainson has declared the week of September 10 through September 17, 1962 as League of Women Voters week. His proclamation urges "all our people to recognize the impressive contributions to more effective and responsible government and politics that have been made by the League of Women Voters throughout Michigan."

During this special week, local Leagues throughout the state will sponsor various special events to bring their activities into public focus so as to increase understanding of the work they do. Many will also launch finance drives.

In Grosse Pointe, the annual finance drive of the local League has been started with the sending of 500 letters to citizens in the community.

"The work of the League," states Mrs. George Brown, Finance Chairman of the Local League, "requires money which it obtains from dues-paying members and the contributions of admirers and friends."

Members of the League of Women Voters receive no pay, but other expenses are incurred during the year in such activities as Voters Service, which publishes general voting information and a Voters Guide at election time. Local Leagues also contribute a portion of their funds to help defray expenses of the state and national League Boards, which are of great assistance to the local Leagues in their constant study of important issues.

The Grosse Pointe League this year is making an intensive study of the facilities for exceptional children—the gifted, retarded, emotionally disturbed, the under-achievers, the children with speech, sight, hearing or orthopedic defects—and of the tax structure of publically supported services in

this field. The local League is also readying for publication a study of the five Grosse Pointes—their governmental structure, finances, education, welfare services, etc., as well as their history and geography. The publication will be entitled "This Is Your Grosse Pointe," and will be available this fall.

The local League will also be working in support of the proposed new state constitution, and will be studying metropolitan problems and governmental measures which will allow flexible solutions to them.

National problems will not be forgotten, as League members continue their study and support of the United Nations. At the same time they will be delving into foreign economic policy in their study of policies to promote world economic development and of opportunities to expand regional cooperation.

Women of the community who would like to know more about the League and its approach to these various problems will have an opportunity to meet and talk to League members at a coffee on September 14 at Hospitality House in the Village, from 1-3 p.m. Representatives from the various study groups will be on hand to welcome visitors and explain more about what they will be doing during the coming year. A short informative movie on the importance of voting will also be shown.

Membership in the League is open to any woman citizen of voting age.

Fruit, vegetables, driftwood and rocks will be used as well as flowers and Mrs. Gerathy claims a home can be kept decorated with fresh arrangements throughout the year for very few dollars a week with a little skill and some clever ideas.

All students in grades 9-12 of the Pointe's public, private and parochial schools are cordially invited. The dress is casual; sport coats and slacks for the boys and simple dresses or skirts and blouses with flat heels for the girls. It is a couples-only dance.

The Youth Council has just elected new officers for the season and they will be in charge of this opening affair. President of the Council is Bart Elmer who will be chairman of the hop, Charles Toepel is vice-president and is inviting the chaperones for the dance. Other officers chosen at last Sunday's meeting were Mary Jo Senese of St. Paul High School as secretary and Pat Greiling of Grosse Pointe High School as treasurer.

Using the theme "Bye, Bye, Beach Ball," Nancy Kogel and

Ann Boynton are heading a committee for decorations.

Publicity is in the hands of Ruth Edelen at Grosse Pointe High School, Marilyn MacFarlane at G.P.U.S., Mary Jo Senese at St. Paul's, Pete Allend at Austin, Barb Masten at Parcels, Dana Malchie at Brownell and Phil Connor at Pierce.

Joe Vann of Station CKLW will be D.J. for this occasion with Dave Robinson spelling him. Joe will present some of the recording artists in person and they will perform their hit tunes live.

Dance Classes Start Friday

The Grosse Pointe War Memorial Association's Ballroom Dancing Classes under the direction of Mr. and Mrs. Bill Wilson of Kenwood court will open at the Center, 32 Lake Shore road this Friday, September 14.

There will be classes for the younger boys and girls in the late afternoon after school and for the older students in the evening. There will also be an early evening class on Monday evenings.

Aunt Marge and Uncle Bill as they are affectionately known to thousands of Grosse Pointers limit each of their classes to 50 members and try to keep the ratio between boys and girls as even as possible. The 4:30 and 5:30 Friday afternoon classes are for 5th and 6th graders. The 7 and 8 o'clock evening classes are for older students in the 7th and 8th grades. The 8 to 10 o'clock class meets alternate Fridays and is most especially reserved for 9th or 10th graders who are more advanced.

The Wilsons make each of the 15 lessons memorable with party games and special steps being taught in addition to the traditional dance routines. Social behavior and poise are stressed. Refreshments are served to the evening classes.

In December the dancing classes combine for a gala evening party complete with orchestra which this year will be held under the crystal chandeliers of the Association's new Fries Venetian Pavilion. This is always quite an occasion with special buffet, decorations and favors.

Choral Group Needs Singers

Grosse Pointe Community Chorus opens its 1962 winter concert season with an initial registration of members and rehearsal at 7:30 p.m., Tuesday, September 18, at Parcels Junior High School, Mack at Eight Mile.

Membership is open to men and women above high school age who enjoy singing in large choral groups. Membership is limited to 110. Tuition fee for the entire winter season is \$4.50; there are no other costs.

The Chorus now completing its tenth year of twice-yearly concerts, is entirely non-profit, and is co-sponsored by the Grosse Pointe Board of Education, Department of Community Services, and by the directors of the Chorus. It is directed by Don Simmons, with Mary Freda as accompanist. No auditions are required of prospective members—just a love of fine choral singing. The Chorus will hold weekly rehearsals, on Tuesday evenings, in preparation for its big Christmas Concert, to be held early in December.

A small lane off Kerby road, which usually escapes the notice of even long time Pointe residents, represents a pioneer family with an Anglicized name.

Living in Reno lane today is a descendant of the family, which was originally called Renaud and owned vast tracts of Pointe property including a street along the lakeshore, Renaud road.

Jean Renaud, the founder, was born in Lorraine, France, and came to America in 1828, the journey taking six weeks by sailing vessel. He first settled on a farm in Herkimer County, New York, working there until 1832 when he made the trip, partway by the Erie Canal, to Detroit. On his arrival he purchased 40 acres of government land on Gratiot near the old Assumption Church, land which was then a wilderness.

He was not a farmer by choice and soon opened a small grocery store at the foot of St. Antoine, and also ran a small boarding house. He became prominent in the civic affairs of Detroit, as city assessor and volunteer member of the No. 7 Company of the Fire Department. He also served in the state legislature in 1854.

His first wife, a native of Alsace-Lorraine, died in 1850 and he then married a widow, Mary Meyer. Five children were born to this marriage, one of the daughters marrying a Van Antwerp, another becoming a sister in the Order of Good Shepherd. Before he died in 1881 Jean Renaud, weary of so many Detroiters misspelling and mispronouncing his name, Anglicized Renaud to Reno. His sons, George and John, were the first of the family to use the new spelling. Another branch of the Renaud family continued to use the French spelling and both names have been honored in Pointe streets.

George L. Reno attended the old Barstow School in Detroit and then clerked in his father's store when he was not running the farm on Gratiot. In 1879 he entered the Michigan Stove Company as a clerk, this business booming under the aegis of such Pointe financiers as Charles A. DuCharme, and George H. Barbour.

Mr. Reno married a native Detroit, Mary A. Quenby and the couple had six children. One, a Jesuit father, the Rev. G. L. Reno, became vice president of the University of Detroit. Another became an engineer who worked on the Mt. Elliott and Mt. Olivet cemeteries in Detroit. A daughter, Helen, was assistant principal at Miller High School in Detroit.

Through this branch of the family is descended Laurence Reno, who now lives at 312 Reno lane, Grosse Pointe Farms.

Four little Gillises, who are devoted fans of the "Five Little Peppers" steeped themselves in the literary atmosphere this past month. Traveling through New England with their grandparents, Judge and Mrs. Joseph A. Gillis, young Anne, Catherine and Mary Louise, children of the Philip A. Gillises, of Kensington road, and their cousin Julie, daughter of the John H. Gillises, of Vernier road, were invited by Margaret Lothrop, daughter of the "Peppers" creator Margaret Sydney, to visit their favorite author's home. A typical New England residence, which originally belonged to the Alcotts, was the highlight of their "historical" trailer tour of the East.

Tiny Frances Ann Farley, daughter of the James Duncan Farleys, of Buenos Aires, Argentina, has been surprising her grandparents, the Emmet E. Tracys with her bilingual abilities, especially striking since she is but one and a half years old. Last week she delighted all the customers in a beauty shop on the Hill while having her first haircut by singing a Spanish ditty.

Mrs. Allen A. Brunson, who misses her column "Commuter's Wife" on a nearby suburban weekly, is trying to organize a real writing class, "not for tea drinkers" she insists. Meanwhile she is writing a memoir of her childhood, "Papa Was A Country Banker," the tentative title.

The Bon Secours Assistance League has done it again! Mrs. John B. Hastings, this year's chairman, has announced that all the season tickets to the popular lecture series are sold. Hedda Hopper will open the series in the Esquire Theater on October 11 to standing room only.

Junior League members are bending busily over their stoves this week concocting goodies for a special bake sale to be held September 18 at the Country Club. The home made pastries will be sold at the regular general meeting to aid the Children's Symphony Concerts.

Two alumni of the Grosse Pointe High School band have hit the big time. Currently playing with Pee Wee Hunt's orchestra at a local night spot are Tom Saunders and Jim Wyse. Tom, who plays trumpet, and Jim, who plays clarinet, will tour with the band after this two week engagement.

PILFERINGS

A politician was asked, "What did the audience do when you told them you never paid a dollar for a vote?" "Well," was the reply, "some of them cheered, and some of them got up and left."

MRS. LEONARD SLOWIN, OF NOTTINGHAM ROAD

by Patricia Talbot

Although Mrs. Leonard Slowin could never have chained herself to a fence railing or gone on a hunger strike, she is a spiritual descendant of the pre-World War I suffragettes who paved the way for women to vote. As president of the Grosse Pointe chapter of the League of Women Voters Mrs. Slowin is up to her elbows this week, which has been proclaimed League of Women Voters Week by Governor Swainson.

A charter member of the Pointe chapter which was organized in 1950 on the demands of a Park councilman, the League is constantly striving to improve government and enlist the services of women with this guiding light. Now there are about 200 members of the local chapter under Mrs. Slowin's aegis.

The study groups are divided into three sections, state, local and national. This year the state group will study constitutional revision, which it has been doing for some time, and metropolitan problems. The local agenda features a survey of the facilities for the Pointe's exceptional children and the publication of a revised booklet "This Is Your Grosse Pointe". On the national level the League is concerned with the United Nations and foreign policy.

Coffee for Study Groups
During this League week there was an important board meeting and this Friday there will be a coffee for the study groups at the Michigan Consolidated Gas Company's Hospitality Center in the Village.

In order to prepare for the 20 hours a week she gives to the League during the year Mrs. Slowin has rushed to finish her canning, (60 quarts of tomatoes), and her baking, (she specializes in apple dumplings).

She laughsingly admits that many husbands believe that their wives throw themselves into League work to avoid housekeeping chores. She loves to scrub floors, iron, sew and clean as well as cook. Until last fall she was really housebound because she never learned to drive a car. Now that she has a driver's license she admits a speck or two of her gender in the corners while she drives about on League business.

Before the League Post

Before she became involved in her three year term as president, Mrs. Slowin served on the board of the Central Branch of the YWCA, and was active in P-T-A work. The Slowins have two married daughters, four grandchildren. With one of her daughters, who works for a travel agency, Mrs. Slowin has toured Hawaii and the Caribbean.

Mrs. Slowin is justifiably proud of the work her chapter has done in the Pointe. Much of the impetus for Con-Con came from the League of Women Voters and her chapter was active in this area. Now the members are working, as non-partisans, to get out the vote in

the November 6 election.

Award for Chapter Work
According to League by-laws, each chapter must study local problems of government. In the past the Pointe chapter has studied fire, water and police departments as well as schools. In 1952 the chapter was awarded the American Heritage citation for registering the voters.

After much study the League establishes long range policies such as the support of water conservation, opposition to constitutional limitations on tax rates, action against constitutional changes that would limit the treaty-making powers of the executive and Congress over foreign relations.

Mrs. Slowin points out that the League enrolls women of varying educational and economic status. The one requirement for membership is an interest in good government. If women like Mrs. Slowin failed to give their leisure hours to such an interest many of the reforms in state and local government would fail to materialize. These dedicated League members not only care about their next door neighbor but accept responsibility for the community which stretches miles beyond their doors.

LITTLE PEOPLE ON THE MOVE

A State-wide move of little people starts this month with tens of thousands of children crossing our streets and highways on their way to school.

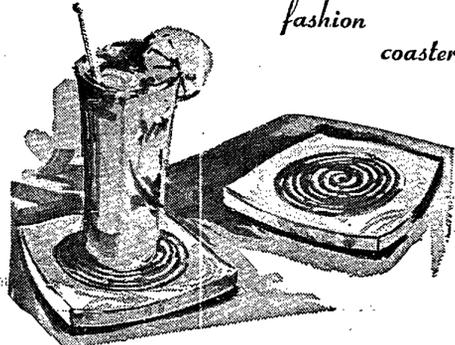

Automobile Club of Michigan and its members constantly work for the safety and protection of our children through famous AAA safety programs that supply materials and work with schools and police officials to educate our children in the ways of safety.

Auto Club members ask that all Michigan motorists appoint themselves guardians of these little people on the move, especially during these early months of their safety education and training.
