PRESIDENT KENNEDY considers passage of his \$11 billion tax cut bill essential if America is to maintain a healthy economy. "No more important domestic economic legislation has come before the Congress in some 15 years," Kennedy claimed in a nationwide radio-television speech last night. "Let us not be petty or partisan on matters such as this," he advised the United States public. "We are not talking politics—we are talking about more jobs and fewer recessions. The nation needs a tax cut now—not a tax cut 'if'—not a tax cut 'when'—not a tax cut in the future or a tax cut for the few."

DETROIT, STATE AND FEDERAL LAW ENFORCEMENT officers in a series of downtown narcotics raids beginning about 6:30 last night. Acting on search warrants signed by Recorder's Court Judge Elvin Davenport, the 30-man force confiscated large quantities of heroin, marijuana and addict equipment. Detroit Police Narcotics Bureau Detective Inspector Joseph Brown said most of the men and women arrested were "repeaters," and that the confiscated narcotics, mostly in capsules, would "put a temporary crimp in local supplies."

PRESIDENT KENNEDY has proposed a United States-Soviet Union moon trip. Addressing the UN General Assembly Friday, Kennedy noted: "There is room for new cooperation, for further joint efforts in the regulation and exploration of space. I include among these possibilities a joint expedition to the moon." UN diplomats termed the U.S. President's speech conciliatory and moderate, as was Soviet Foreign Minister Andrei Gromyko's Thursday address. The U.S.S.R. has promised to study the cooperative moonshot idea thoroughly.

ROBERT S. McNAMARA, United States Secretary of Defense, and General Maxwell D. Taylor will fly to Saigon to review the situation in South Viet Nam. They are expected to leave Monday, and will spend a week examining military strategy and tactics in the draw-out war effort that is costing America some \$1 billion a day. According to Press Secretary Pierre Salinger, President Kennedy and U.S. Ambassador to South Viet Nam Henry Cabot Lodge, Jr., agree that "in the present situation, it will be helpful to have a review by Secretary McNamara and General Taylor of the military effort against the Communist Viet Cong."

CHICAGO'S Polish Roman Catholic Union of America Building was robbed Sunday. Three bandits held up a watchman and made off with a variety of irreplaceable items, including a 1,000-year-old jewel-encrusted chalice, three jeweled gold sabers, and personal mementoes of Ignace Federewski, the late Polish pianist and Premier. Police estimate the loot could exceed \$1 million in value, although the exact monetary loss cannot be determined until the museum's curator returns from a trip to Philadelphia. "How can you estimate the loss?" a museum official demanded. "How could you put an estimate on the looting of the Field Museum or the Smithsonian Institute?"

THE UNITED STATES Senate ratified the limited nuclear test ban treaty today. All proposed amendments, including Senator Barry Goldwater's Cuban reservation, were rejected Monday, paving the way for ratification of the pact as signed in Moscow. Goldwater's proposal drew support from only 17 Senators—nine Republicans and seven Southern Democrats—in yesterday's voting. The Arizona Republican had asked his fellow legislators to delay effectiveness of the treaty pending complete withdrawal of Soviet troops from Cuba.

Pointe Schools Remind Voters of High Standards

The announcement this week that 18 students from Grosse Pointe High School are among the semi-finalists in the competition for coveted National Merit Scholarships represents a testimonial to the kind of educational program being provided by The Grosse Pointe Public School System. But this news, following shortly the action of the Board of Education in setting a millage referendum on October 28, for the purpose of renewing existing sources of operating revenue, to pay increased costs, to meet rising enrollments and to make more competitive salary schedules for the professional residents of the high quality of instruction carried on from kindergarten through grade 12. For without the strong foundation provided in the early years of the learning sequence, the top grade performance dem-

Principal Jerry J. Gerich of Grosse Pointe High School announced today, Wednesday, September 25 that 18 of the school's students have been named semi-finalists in the 1963-64 Merit Scholarship competition. He said they became semi-finalists through their outstanding performance on the National Merit Scholarship Qualifying Test. This test of educational development was given in more than 16,500 schools last March. The students cited for their high achievement are Claire L. Bertheel, Robert F. Brammer, Nancy Louise Brown, David G. Bullard, Michael G. Costa, Corliss P. Cubberly, Stephen M. Gillis, Dennis Grafflin, Norman F. Grenzke, Robert Hoeblering, Thomas L. Horn, Marg Lerner, Mark Kieren, Margaret J. Oyaas, Dan S. Proctor, Harrison Schaffhauser, Barton W. Stuck, and Gregory P. Theokas.

Among 13,000 in Nation They are among 13,000 seniors throughout the country who attained Semifinalist status. Hospital Ballot To Remain Same

The wording of the Bon Secours Hospital referendum, amended once, will not be changed again. After discussion, the Grosse Pointe City Council decided further revision of the question to be placed on the ballot at the November 5 election was unnecessary, as the present wording is suitable for Council's purposes. The Council also agreed to make available, to any resident who cares to present himself at the City Municipal Building, copies of a report by Scott Bagby, hired by the City to prepare an overall comprehensive plan for the City relative to Bon Secours proposed expansion program. Bagby's report concludes that "further expansion of Bon Secours Hospital either in additional buildings or additional parking facilities off the site will not be to the best immediate or long range interests of either the City or the Hospital." Dr. Anthony J. J. Rourke, well-known hospital consultant retained by Bon Secours to study the hospital's needs and medical facilities available in the area, takes the position that Bon Secours cannot adequately serve the needs of the community unless it expands. At the November 5 election, City residents will be asked to give their opinion on the matter. This referendum is merely "advisory," not binding in any way on the City Council which much make the final decision on whether or not to permit exceptions to the Zoning Ordinance so that Bon Secours can begin building. The wording of the referendum has been a bone of contention for more than a month. As originally formulated, the question tied Bon Secours expansion plans and the possible long-range negative effect of such expansion together. Hospital officials immediately objected. The question was rephrased to state only that the proposed addition would affect "the overall land use and de-

Teen Crime Ring Smashed by Park Police; 5 Arrested

Juveniles Confess to Numerous Burglaries, Larcenies and Shoplifting Offenses in the Park and in Detroit

Park police arrested five juveniles involved in a series of burglaries, larcenies and shoplifting in the Park and in Detroit, according to information released by Park Det. James LaPratt. Three of the youngsters were arrested Tuesday evening, September 17. The other two were taken into custody the following day. Involved were a 15-year-old girl, apparently the ring leader, two 14-year-old girls, one 14-year-old boy and another boy, 12 years old. All live in Detroit. Two boys and one girl were arrested while attempting to enter a home at 1212 Beaconsfield, by Patrolmen Paul Rokk, William Crandall, William Furtaw and William Mitchell. The officers were dispatched to the scene when a citizen reported suspicious persons at the Beaconsfield address. Broke Glass of Door One of the girls, using her elbow, broke the glass of a rear door, after slashing the screen door. This occurred at 10:43 p.m. A citizen in the neighborhood, hearing the noise and noticing persons behind the Beaconsfield house, called police, and the four officers surrounded the building and arrested the young thieves before they could enter the house. LaPratt said that prior to the Beaconsfield attempt, the youngsters tried to break into a home at 1379 Lakepointe, where one of the boys tried to pry open a milk chute, while the girl with them opened a screen door at the side of the house. A neighbor, looking out of her window, asked the juveniles what they were doing, and they answered, "Just cutting through the yard."

Kiwanis Club To Sell Nuts To Aid Kids

Annual Fund-Raising Sale To Support Program to Aid Underprivileged

The Grosse Pointe Kiwanis Club will be out in full force tomorrow and Saturday, September 27 and 28, to sell peanuts to raise funds for underprivileged children. According to Harry Lyle and Don White, sales co-chairmen, club members will be located on the main business corners in the Woods on both days, from 7 a.m. to 10 p.m. The sales are conducted by local Kiwanis members selling peanuts on street corners; it is not a house-to-house campaign. Woods Mayor Kenneth R. McLeod, at the council meeting held on Monday, September 16, issued a proclamation designating Saturday, September 28, as "National Kids' Day" in the Woods. This is the day observed by Kiwanis International nationwide. Many business and professional men in the Woods have contributed toward the cost of the peanuts. All monies received from the sale will go directly into the club's Youth Fund, and will be used to assist underprivileged children. Residents buying from their Kiwanian salesman are urged to be generous with their donations. Receipts from the sales are to be used for heart operations, purchase of eye glasses, gifts for hospitalized children, hearing aid repairs, food for needy families, summer camping facilities, and many other youth charities.

The Points Kiwanis Club announced that it will issue special recognition certificates to the many business and professional men in the Woods who have underwritten the cost of the peanuts. Interest and enthusiasm within the local club is being stimulated by offering a trophy to the Kiwanis member who collects the greatest amount. The president of Grosse Pointe Kiwanis is Richard H. Beach, of the Grosse Pointe Board of Education. The vice-presidents are Frank D. Galda and Roy F. Wetling.

Rejects Plea Of Residents At Hearing

Objections of Subdivision Property Owners Overridden

The Park council, by majority vote, overrode objections of Windmill Pointe Subdivision residents and decreed that owners of a lot at the southwest corner of Jefferson and Lakepointe may build a parking lot to aid their business, subject to controls.

At a public hearing held on Monday, September 23, the council approved a resolution by a vote of 3-1, to allow the lot owners to obtain a permit to construct the lot for off-street parking. The proposed lot will have room for about 20 cars. The lot will be an adjunct to the Professional Building owned by John Gillis of 75 Verrier road, an attorney and Shores justice of the peace; and Drs. D. A. Thill of 1039 Yorkshire and F. M. Barrett, of 285 Touraine, both dentists. Favoring the lot were Mayor Kenneth Cunningham, and Councilmen William Luedders, William Oddy, Kent Zimmerman and John Doelle. Opposed was Councilman Charles Ives. Councilman Matthew Patterson was absent.

60 Residents Turn Out

Approximately 60 residents of the Windmill Pointe Subdivision attended the hearing, and voiced opposition to the construction of the lot. Orville F. Sherwood, secretary of the Grosse Pointe Property Owners Association, presented the council with a petition bearing 267 names of subdivision residents, opposing the parking lot. The general opinion of the property owner-residents was that if the lot is allowed to be constructed, it would tend to depreciate property values in the subdivision.

Traffic Violators Hear Sentences

Three accused motorists appeared before Farms Judge Grant E. Armstrong in Shores court on Monday, September 16. The judge presided in the absence of Shores Judges Victor DeBaeke, who was out of town, and John Gillis, who was ill. Judge Armstrong found Kenneth Barna of 15779 Lahser, Detroit, guilty of improper passing on Lake Shore drive, and gave him a suspended sentence. Graham W. Roberts of 3709 Rome, Warren, did not fare so well. He was found guilty of reckless driving on Vernier, at Lake Shore, and fined \$75, and ordered to pay court costs of \$7.50. Police said he had been drinking. Thomas W. Sanders, 17, of 3536 Manistique, Detroit, was found guilty of speeding 60 miles an hour on Lake Shore. He was ordered to attend a drivers' school, for a full course in driving, to be paid out of his own pocket. The youth's operator's license was suspended pending his completion of the renewed driver training.

Thief Steals Stamp Machine

A thief made a quick grab and getaway after stealing a postage stamp dispensing machine from the Arnold Drug Store, 20853 Mack avenue, on Saturday, September 21. The assistant manager of the store, Arthur Appel of 20720 Christine court, told Woods police that the machine was taken sometime between 6 p.m. and 7 p.m. Appel said that the dispenser contained rolls of five-cent and four-cent U.S. stamps, valued at a total of \$100. The value of the machine is not known. The dispenser was discovered missing from a counter at the rear of the store, near a door.

Park Council Approves Private Parking Lot

 residential, and cannot be used for commercial purposes.
 Cunningham in turn pointed out that a recent ruling by the Wayne County Circuit Court decreed that although the lots are zoned for residential construction, a parking lot will not be in violation of subdivision restrictions.
 He referred to a recent court action brought about by William J. McBrearty of 2435 Burns, Detroit; and his son, William R., of 919 Rivard, who had sought to force the Park to grant a permit for the construction of a gas station on a lot owned by them, and which is between the Professional Building and the proposed parking lot.
Reject Gas Station Permit
 The court ruled that a gas station would be in violation of subdivision restrictions and zoning ordinance and rejected the McBrearty's petition to force the Park to grant them a permit.
 The mayor also stressed the fact that the lots have been a controversial matter for the past 15 years or more.
 He said that the city had sought to purchase the lots for development of a civic center, but the owners of the properties refused to sell. The owners set a commercial property price, on the lots, he added.
 The Park brought condemnation proceedings in Circuit Court in 1953, to acquire the lots, but the owners successfully defended this take over.
Eyesore Lots
 Cunningham agreed with the audience present, that the vacant lots were "eyesores" and detracted from the beauty of the city, especially since they are located near the city limits, the "entrance" to the Park.
 When a resident asked that the city purchase the lots, the mayor in turn asked if the Park purchased the lots, would the residents agree to an assessment to pay for the land. There were no takers.
 The mayor pointed out that the subdivision restriction will expire in 1967.
 Dr. Barrett, told the audience that he and his colleagues had recently sought to build a medical clinic at Jefferson and Lakepointe, but were opposed by the residents.
One Year Basis
 After a somewhat lengthy discussion back and forth, the residents were informed that if the permit is granted for the lot, it would be on a year-to-year basis.
 An ordinance requires that parking lots be properly maintained and policed, or operating licenses will be revoked.
 The owners of the proposed parking lot agreed to abide by all provisions of the ordinance, including the construction of a four-foot masonry wall, to grade and landscape the property so that it will not detract from the neighborhood, and to police the lot at all times.
 They also agreed to chain-off the lot at the end of the business day, to prevent parking at any time during the night.
 On this condition, the council by majority vote, approved the issuance of the permit.

 breaking and entering of the home of Mrs. Robert Angus, 803 Barrington, in the daytime. They became frightened when Mrs. Angus arrived home, and escaped by the front door, when she drove her car to the rear of the house. Nothing was taken.
 The three youngsters confessed to an attempted break-in of the home of Edna Ranspach, 605 Barrington, after no one answered the ringing door bell. They became discouraged when they could not open any doors or windows, and left.
 One of the girls involved admitted that she and one of the arrested girls are responsible for numerous larcenies from cars in Detroit and also a number of shoplifting offenses in that city.
 LaPratt said that all the juveniles have been filed against on Juvenile Court.

Name 18 Semi-Finalists As National Merit Scholars

(Continued from Page 1)

Finalists. All Merit Scholars are selected from the Finalist group.
 "The future leaders of our nation will be found among young people who have the qualities and aspirations represented by these Semifinalists," said John M. Stainaker, president of the National Merit Scholarship Corporation.
 "They are not only intellectually able, but characteristically they are also ambitious, energetic, and resourceful. In honoring them we pay credit, too, to the families, teachers, and communities which have aided them in their efforts to succeed.
 "Their achievements are a product of their own ability, the extent to which adults have personally encouraged their intellectual development, and the level of support their communities have given to local educational and cultural institutions and programs."
 To increase their opportunities to obtain financial assistance if they need it, the Merit Corporation sends the names of Semi-Finalists to all accredited colleges and universities and to other scholarship-granting agencies and financial aid sources. Studies show that about 50 per cent of the Semifinalists obtain financial aid from sources other than the Merit Program.
About 97% Become Finalists
 In past years, about 97 per cent of the Semifinalists have become Finalists. All Finalists receive a Certificate of Merit in

recognition of their outstanding performance in the program. As Finalists, the students will be eligible for scholarship awards sponsored by NMSC and about 175 business corporations, foundations, colleges, unions, trusts, professional associations, and individuals.
 In this last phase of the competition, the high school grades, creative accomplishments, leadership qualities, extracurricular activities, and social citizenship of the students will be evaluated along with their scores on the tests.
 About April 23, 1964, the names of the Merit Scholars will be announced, the exact number depending on the extent of sponsor support of the Merit Program. In 1963 NMSC and sponsors together awarded about 1,500 Merit Scholarships.
 Each Merit Scholarship is a four-year award to cover the undergraduate college years. The recipient's stipend is tailored to his need.
Awards Average \$850 a Year
 Awards may reach a maximum of \$6,000 for the four years of college. For students who already possess financial resources which will enable them to attend the college of their choice, the awards are \$400 for the four years. Stipends now average about \$850 a year.
 A Merit Scholarship is also a form of "educational insurance" for the student who receives it, because the amount of the stipend will be increased at any time if there is a significant change in college cost or in his family's financial situation.

Finalists designate the college they wish to attend and the course if study they plan to pursue. The colleges chosen by the Merit Scholars in most instances also receive supplementary grants.
 NMSC and sponsor have thus far contributed about \$17 million in direct financial assistance to Merit Scholars and their colleges. This amount is exclusive of obligations to the 4,000 Merit Scholars now in college.
 The Merit Program was established in 1955 with grants from the Ford Foundation and the Carnegie Corporation of New York. In 1962 the Ford Foundation announced an additional grant to continue the program through 1970.
 Nearly 7,500 Merit Scholars have been appointed to date. In addition, through the program's special services, thousands of other outstanding participants have been helped in obtaining aid from other sources, and colleges have been assisted in their efforts to locate the intellectually able.

(Standing, left to right): JERRY GERICH, Principal; JAMES SELMO, mathematics; JOHN BLONDIN, social studies; JOHN CHASE, JR., social studies; HOUSTON MOREHEAD, mathematics; JACK DONETH, business education; FREDERICK WOODHAMS, English; LESLIE REAMES, JR., industrial arts; and VINCENT FIGAS, industrial arts.

Additions and replacements to the professional staff of Grosse Pointe High School for the 1963-64 school year are found in virtually every department, states Jerry J. Gerich, principal. "These new teachers bring a wide range of experience and a background of talent to their various assignments. We are pleased to welcome them as colleagues," he added. Principal Gerich provided a brief biography of each of the fifteen staff members.

New to the department of business education is Kathleen M. Herschmann, who will meet 10th, 11th and 12th graders in her classes of typing, shorthand and retailing. Her B.B.A. degree is from the College of Business Administration at the University of Michigan. An avid swimmer, Mrs. Herschmann's qualifications include certificates in life saving and water safety. With her husband and their two-year old son, Russell, she pursues this aquatic interest at the family cottage on Lake Huron near Alpena.

Adelaide Fritz, instructor of German, comes to Grosse Pointe from the staff of Ishpeming High School. Her background in teaching has ranged from Regina Luther College in Saskatchewan, Canada, to high schools in Roy and Tacoma, Washington, as well as to Salzburg, Austria, where she taught in the U.S. Dependents' School. A graduate of the University of Toronto, Mrs. Fritz has done graduate work at the University of Minnesota, Wartburg College, Pacific Lutheran College, the University of Washington, the University of Paris, and the University of Michigan. One son is doing his internship in medicine in Chicago and the other is a graduate student at Harvard.

Vincent J. Figas of the industrial arts department has studied at Waynesburg College and Pennsylvania State College and was awarded a B.S. degree from California State College. Figas lists as hobbies and special interests collecting and restoring antiques, training bird dogs, and free lance electrical work. He and his wife, also a teacher, have a son 16, now a sophomore.

John Blondin, teacher of American history, has as an additional assignment junior varsity basketball and football. A native of Saginaw and a graduate of St. Mary's High School there, Blondin received his B.A. in history from Aquinas College in 1959 and his M.A. from Michigan State University this year. Married and the father of Maureen, Michele and Brigid, Blondin comes to Grosse Pointe from the staff of Austin High in Detroit.

The holder of both B.S. and M.A. degrees from Wayne State University, Jack Ford, assigned to 10th grade history, is a veteran of five years of active duty in the Air Force. His three-year stay in London, England, netted him an English wife, as well as daughter Jane Elizabeth and son Brian Christopher. The recipient of numerous honors, Ford was awarded the U.S. Air Force Award for outstanding off duty educational achievement, a Coe Foundation Fellowship for the summer of 1963, an AAA scholarship to attend the driver education institute at the University of Michigan in August, 1963. He has been for the past two years a teacher of history and economics at Oak Park High School.

Arlene Johnson, on the high school English staff, has attended Ferris Institute and is the holder of a B.A. from Central Michigan University and an M.A. from Michigan State. A teacher of five years experience at Lake Shore High School in St. Clair Shores, Mrs. Johnson is a resident of Grosse Pointe Farms. A native of Cadillac, Mrs. Johnson spent her high school days in Big Rapids. She lists painting as a special interest.

A graduate of Grosse Pointe High School returning here to teach, John M. Chase, Jr. will find his area of responsibility in world history classes as well as in junior varsity swimming and intramurals. Both his A.B. and L.L.B. degrees were awarded by the University of Michigan. From 1957 to 1960 he was an assistant U.S. attorney and recently was an associate and a partner in a Detroit law firm. An All-American swimmer at Ann Arbor from 1952 to 1954, Chase has coached the boys' and girls' swimming teams at Grosse Pointe St. Paul's High School.

Admittedly a "do-it-yourself" fan is Bonnie Garr, instructor of classes in homemaking and effective living. A major extracurricular activity which involves her entire family including Michael and Thomas, aged 12 and 9, is the building of a summer home on the shores of Lake Huron which has been in progress over the last five years. A native of Bay City, Mrs. Garr has studied at Pratt Institute in New York, as well as at New York University and Wayne State, from which she received her B.S. in 1961.

Fred Woodhams, who has taught in San Diego, California, is a 1959 graduate of the University of Michigan. A native of Howell, Michigan, Woodhams will be teaching 10th grade English. He has also studied at Eastern Michigan University.

Born in Illinois, Dan Morehead, high school mathematics, holds degrees from the University of Tennessee as well as from Wayne State University. He has been the recipient of scholarships by the National Science Foundation for additional study at the Illinois Institute of Technology as well as Bowling Green State University. A teacher of five years' experience, Morehead is a numismatist, as well as a sports and music enthusiast. His family consist of his wife, Sandra (De Cosser, a graduate of Grosse Pointe High, and Clifton, five and Carla, two.

Nancy Poff, who has taught at Muskegon High School, is a graduate of Western Michigan University. He has also studied at Wayne State and is working toward an M.A. at Michigan. Miss Poff, who will be teaching English in the 10th grade, has a unique background in experimental team teaching in her field. She has an interest in amateur dramatics. Born in Detroit, Miss Poff is a graduate of Cooley High School.

A Navy veteran, Leslie Reames, Jr. is new to the industrial arts department of the local campus. Following graduation from Highland Spring High School in Berthel, Virginia, he attended Richmond Professional Institute (College of William and Mary) and Kansas State College. His most recent teaching post has been at Varina High School in Richmond, Virginia.

With classes in geometry and senior math his area of major responsibility, James Selmo begins his teaching career in Grosse Pointe. He received his degree from Western Michigan University this year. Iron Mountain is his birthplace. An avid skier, other interests, include hunting and fishing.

Suzanne Boivin of the English department was awarded a Master of Arts in Teaching degree by Notre Dame University in August. She earned this by combining two summers of graduate work in English (21 hours of literature) with a semester of full-time high school teaching and a sequence of courses in education. She lists her interests as music,

GPCT Opens New Season At Fries With Hit Comedy

The Grosse Pointe Theatre will offer a production of "The Teahouse of the August Moon" at the Fries Theatre beginning November 8.

Richard Bauhof, of Rivard boulevard, will have the role of the wily interpreter, Sakini, played by Marlon Brando in the movie version of this comedy which was one of the biggest hits in New York theatrical history from 1953 to 1956, and which won both the Pulitzer Prize and the N.Y. Drama Critics' Circle Award.

Arthur Brownell, of Washington road, will have the part of the earnest Captain Fisby, whose problems in trying to put through a plan devised on paper at the Pentagon in Washington for rehabilitating a village on Okinawa, give rise to the plot's hilarious complications. His main difficulty is that he has been instructed to build a school-house, and the Okinawan natives guilefully induce him to build a teahouse instead.

George Wilson, of Woods lane, will be seen as the beset captain's commanding officer who explodes at the spectacle of his subordinate's "going native."

Al Berteel, of Radnor circle, will have the role of the Army psychiatrist who is ordered to straighten out the captain but becomes orientalized himself.

Written by John Patrick on the basis of a novel of the same name by Vera Steiner, "The Teahouse of the August Moon" has been one of the most widely produced American plays in

foreign countries, where theater-goers have specially appreciated the play's rollicking proof that Americans can enjoy gentle jibes at their own Army's addiction to rigid mimeographed directives.

An active leader in both community and state cultural affairs, Dr. Stillwell is executive director of Detroit Adventure and also heads the University Center for Adult Education, co-sponsored by Wayne State University, the University of Michigan and Eastern Michigan University.

Camp Given to Boy Scouts In Honor of John N. Lord

Because of one man's love for the out-of-doors, thousands of present and future generation Boy Scouts in the metropolitan Detroit area will have the opportunity to enjoy a lasting memorial made in his name this past month.

It was announced at the September Council Executive Board Meeting, by Edwin O. George, president of the Detroit Area Scout Council, that a grant of \$100,000 was presented by Rhoda Newberry Lord, of Touraine road, on behalf of the John and Rhoda Lord Family Fund to be used for the development of a third sub-camp at the council-owned D-Bar-A Scout Ranch near Metamora, Mich.

The grant was given in the name of John N. (Jack) Lord, who at the time of his death in June of 1962, was serving as a member of the Detroit Area Council Executive Board. Mr. Lord, who retired from active business life as president of Lee & Cady in 1961, had devoted much of his time and energy to the success of Scouting locally, as well as on a regional and national basis.

Mr. Lord was the recipient of Scouting's top three volunteer leader awards, the Silver Beaver, Silver Antelope, and

Silver Buffalo Awards, given in recognition of his services rendered on behalf of boyhood by the Local, Regional and National Councils. He had served as a member of the National Council Executive Committee, Chairman of the National Council Personnel Committee, Detroit Area Council vice-president, and Chairman of the Region Seven Canoe Base Committee.

Particularly interested in the camping program offered through Scouting, he was instrumental as Chairman of the Council Camping Committee in the acquisition and the early development of the 1400-acre D-Bar-A Scout Ranch from 1948 to 1952.

With work scheduled to begin this fall on the new third sub-camp, to be known as the "Jack Lord Camp," the Ranch will be able to accommodate an additional 2400 Scouts and leaders at upcoming summer camps, bringing the total capacity of the Ranch to over 7000 campers for the 8-week summer camp season. The new Jack Lord Camp cabin and tent site facilities will increase by one third, the more than 9,000 boys and leaders who enjoyed short-term (weekend) camping ex-

periences at the Ranch during the fall, winter and spring months of 1962-63.

When fully completed, the Jack Lord Camp will provide 12 new troop sites, 5 with year-round cabins, and the balance with tents and platforms. Also included will be an Administration Building containing the Camp Office, Trading Post and Staff Dining Hall. Test borings have already been made for a new man-made lake and dam, complete with boats, canoes, and waterfront swimming facilities. A Field Sports area, Skills Center, Shower House,

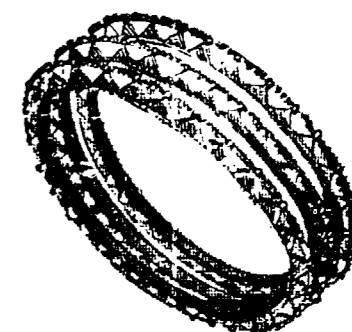

Ranger's House, roads, water lines, pumps and pressure tanks will make the camp complete. Mr. Lord, in addition to his great interest in the Boy Scout program, was well-known for his active participation in many business, civic and community organizations.

ball, swimming, basketball, track and tennis is well known. And in music, first division "superior" ratings were won by the string quartet, clarinet trio, brass sextet, and by solo work in cello, clarinet and violin. And the Concert Band and Symphony Orchestra were awarded first division "superior" honors for the fifth straight year for both organizations. But without the strong foundation provided in the early years of learning, the top grade performance demonstrated by these few items chosen at random from the total senior high school picture, would be impossible to achieve.

John Stalnaker, president of the National Merit Scholarship Corporation, has explained that the examination is actually a reading test. "The best way to prepare for it is reading—broad omnivorous reading."

In the instructional program authorized by the Grosse Pointe Board of Education, reading occupies a large part of the elementary program. It is the major learning area in grades one and two. For example, in the third grade, a daily time allotment is provided for reading and ranges from 325 to 375 minutes per week.

In the upper elementary grades, children move into a wider range of reading materials, and by the time they are in grades 5 and 6, use the libraries with great facility. In the classroom, instruction is individualized through use of the program designed by Science Research Associates. Using these materials, for example, children keep a chart of their own progress from easy reading to the more difficult booklets in the series.

If reading is an important

block in the foundation of all later learning, it is only a part of the picture. In grade 4 the portion of time allotted to arithmetic totals for 150 to 200 minutes of instruction per week. And with the beginning of the 1963-64 school year, the schools are embarking upon the approach in teaching mathematical concepts along the lines of the "new math" in the elementary schools.

The foundation of study skills begins in grade 1 with pupils learning to use the table of contents and includes in grade 6 the ability to summarize material in a few sentences. And in the social studies program in the grades children are helped to gain realistic, useful and accurate knowledge of the community, state, nation, and world in which they live.

While the elementary program is devoted to a thorough foundation in the basic skills of reading, writing, and computation, concepts in social studies, mathematics and science are developed and refined and pupils have the opportunity to follow many other paths of interest.

Music instruction begins on an informal basis almost the day the child enters kindergarten. He has the opportunity to lay the foundations for instrumental music in grade 4 with instruction in the tubophone. Children in grades 5 and 6 participate in spring concerts in which they demonstrate their proficiency in a variety of instruments.

Other subjects in the elementary curriculum include art, physical education and the introduction to French.

As children move into the years of junior high school, the emphasis continues to be upon the foundation courses, with individualized instruction carried on extensively. Students are afforded the opportunity to continue individual interest in art, music, and foreign language.

In the area of physical education, an extensive program of intra-murals is carried on. And the extra-curricular calendar provides for additional work in music, dramatics, and special interest clubs. Much attention is given to counseling students, and the development of individual programs of study for the balance of junior high school, and the senior high program is expedited. Credits earned in grade 9, the last of the 3 junior high school years, apply toward graduation from senior high school.

While between 70 and 80% of Grosse Pointe High School's population of over 2,500 is college-bound, the interests and needs of those not planning to continue their education beyond the secondary school are not neglected. For example, enrollment in classes in industrial arts classes numbers almost 500. Strong departments in business subjects and co-opera-

tive education meet the needs of over 900 students yearly.

In addition to the instructional and extra curricular programs outlined briefly here, many other services are available to students in The Grosse Pointe Public School System.

Three psychologists on the staff handle individual case studies, follow-up conferences with parents and staff, as well as group intelligence testing and general community requests.

Five remedial reading teachers administer reading aptitude tests and confer with teachers, principals and parents as well as teach small groups and individuals. Five school nurses are available for clinic care, vision and hearing screening, and contacts between parents and physicians, as well as for classroom demonstrations and other duties.

Six speech correctionists on the staff worked with 850 students in speech-hearing classes in 1962-63 and tested more than 3,900 students at both the elementary and secondary level. Five visiting teachers on the staff are available to assist in working with children.

In addition to the general

program of instruction in kindergarten through grade 12, and the special services outlined briefly here, The Grosse Pointe Public School System operates the Central Library and the two branches, and conducts a Department of Community Services which offers courses in adult education, and programs in swimming and summer recreation.

The income to finance the various programs and courses is provided by the levy of 8.9 mills, by the levy of 3.2% (32%), by 11.25 mills of voted

and Hungarian folk dances. Cocktails at the home of Mr. and Mrs. Alger Sheldon, 300 Provencal road, and dinner at the Fries Auditorium Crystal Ballroom will precede the program.

The dance troupe will feature Nora Kovach and Istvan Rabovsky, former stars of the Budapest Opera Ballet and the Leningrad Ballet.

The final performance, on February 14, will feature the Chanteurs de Paris, a group of Parisian entertainers presenting the tunes of Andre Varel and Charly Bailly, France's top song-writing team. Their performance has been likened to "a stage full of Robert Claries and a piano-top full of Hildegardes."

The 8:30 p.m. performance in Fries Auditorium will be followed by a champagne reception, where sponsors will have the opportunity to meet the artists and sample a selection of rare French wines.

Detroit Sorosis to Hear Pointe History October 1

Detroit Sorosis will start its fall season with a luncheon at the home of Mrs. M. P. Graham, of Hampton road, on October 1.

Harold Glassford, of the Burton Abstract Company, will give the program, which is entitled, "Historical Highlights of Grosse Pointe." The chairman is Mrs. Elmer Horman.

excess (45%) and by state aid (23%).

Expenditures of the public schools fall into two categories: salaries and operation. In the first category, about 69% of the yearly budget for instructional salaries—regular classroom teachers, specialists in speech, reading and the like, deans, counselors, administrators.

Less than 9% is allocated for custodial salaries and more

than 4% goes for clerical and secretarial personnel. The remainder, approximately 18% goes for other costs necessary for the successful operation of the schools and libraries.

It may be seen that the program offered by The Grosse Pointe Public School System is a varied one which encompasses not only the school-age population of the community, but also many facets of adult life as well.

Defer P-TA Meets Oct. 7

Defer School's P-TA mee's for the first time this year on Monday, October 7, for a "Back to School Night."

There will be no room visitation. After a short business

meeting in the gymnasium and a presentation by a Board of Education member on the millage referendum, all parents are asked to go to their child's classroom and become "students."

The teachers will then explain methods, homework, grading and reporting, and tell what they hope to accomplish during the year.

High ideals are always an asset, but it doesn't mean you have to keep your head in a cloud.

He holds a B.S. degree in secondary education from Central Michigan University and a master's degree in elementary administration from Wayne State University.

It's surprising how many people work overtime trying to make a dishonest living.

FBI Graduates Attend Session

Three police chiefs from the Pointe attended the 11th Annual Retraining Session of the FBI National Academy in Washington, D.C. The session was held Tuesday, September 17 through Thursday, September 19, in Milford, Mich.

Major topic of this year's in-service training program, included lectures by Federal Bureau of Investigation agents on Gambling and Organized Crime. Lectures were given on combating bookmaking, the numbers racket, workings of the racket squad, the jurisdiction of the FBI, and the jurisdiction of the Internal Revenue Service, followed by a discussion period.

One half day of the three-day session was devoted to pistol and rifle shooting, held at a privately-owned range near Waterford.

Lt. Jack Foster is the current president of the FBI National Academy Associates of Michigan.

OBITUARIES

JAMES SCRIPPS WHITCOMB

James Scripps Whitcomb, one of Detroit's leading art patrons and retired treasurer of the Detroit News, died Tuesday, September 17, in Henry Ford Hospital. He was 70, and lived at 383 Lake Shore road.

A member of the Detroit Institute of Arts Commission since 1953, Mr. Whitcomb was the grandson of James E. Scripps, founder of the Detroit News, and son of Edgar B. Whitcomb, his predecessor on the News board of directors and a member of the Arts Commission for 22 years, serving 10 years as Commission president.

James Whitcomb became a News director in 1936, and was named treasurer in 1932. Upon his father's death in 1953, the late Mayor Cobo of Detroit named him to the Arts Commission as the elder Whitcomb's replacement.

The Whitcomb family's extensive private art collection contains many old masters and other valuable objects. Over the years, the Whitcombs donated much of their collection to the Institute, and Mr. Whitcomb was a trustee and former treasurer of the Detroit Museum of Arts Founders Society.

He also served on the board of the Boys' Club of Detroit and the board of the Boys' Republic, and was a member of the Players, the Scarab Club, Corinthian Lodge No. 241 F&AM, and King Cyrus Lodge No. 133 RAM, the Detroit Club and the Country Club of Detroit.

His business interests were varied, embracing publishing, real estate, a construction company and the Detroit Brass and Malleable Co., a family-owned business he joined in 1924. He was a director of Detroit Brass and Malleable Co. from 1924 until the firm was sold 30 years later, serving as both vice chairman and chairman of the board.

Mr. Whitcomb is survived by his wife, the former Vera Daphne Byers, of Chicago, whom he married in 1922; a son,

1946, he was a representative of SFK Industries, Inc. He had been associated with the firm for 51 years.

Survivors include his wife, Louise Taylor Mabley; a daughter, Mrs. J. Jenness Newcomb; five sons, Carlton R. Mabley, Jr., of Huntington, W. Va.; Capt. Louis C. Mabley, USN

(Ret.), of Suffield, Conn.; T. Hollister Mabley, of Bloomfield Hills; Theodore Mabley, of Grosse Ile; and Frank K. Mabley, of Lynchburg, Va.; and 12 grandchildren.

LOUIS C. CHANEY
Louis C. Chaney, 49, of 1513 (Continued on Page 7)

Services were Friday afternoon, September 20, at the chapel of the William R. Hamilton Co., 3975 Cass. Burial was in Woodlawn cemetery.

The family has requested that memorials be sent to the Building Fund of the Founders' Society, Detroit Institute of Arts.

JANET G. HYDE
Services for Mrs. Hyde, of 1882 Fleetwood, were Tuesday, September 24, at the A. H. Peters Funeral Home, Mack and Vernier, and interment was in Acacia Park cemetery.

She died Saturday, September 21, in St. John Hospital, at the age of 69. Survivors include her husband, John; and a sister, Mrs. Mary Buchanan.

CARLTON R. MABLEY
Services for Carlton R. Mabley, automotive developer and manufacturer of the early Simplex automobile, were Friday, September 20, at the William R. Hamilton Co., 3975 Cass, and the Church of the Messiah, 231 East Grand boulevard. Burial was in Woodlawn cemetery.

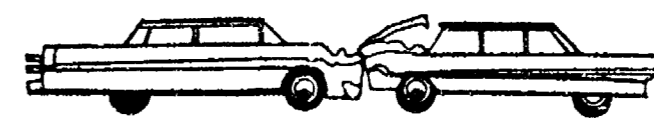

Mr. Mabley, 84, of 83 Mapleton, died Tuesday, September 17, in Bon Secours Hospital.

He was the son of pioneer Detroit merchant C. R. Mabley, who built the now demolished Majestic Building to house one of America's first department stores, Mabley's Bazaar.

Mr. Mabley founded a New York City automobile salon to show and sell imported cars early in the century, began with his partner to manufacture the Smith and Mabley Simplex, first U.S. car with a vertically mounted engine in the frame and the chassis constructed around it, when he found imports in short supply. This car is now in the Smithsonian Institute.

Famous Bishop To Preach Here

A famous Anglican bishop will help St. Michael's Episcopal Church celebrate the sixteenth anniversary of its founding on September 29.

The Rt. Rev. Robert H. Mize, Lord Bishop of Damaraland in South West Africa, is a former classmate of St. Michael's rector, the Rev. Edgar H. Yeoman. He will preach at all three services this Sunday, September 29.

Bishop Mize is the only American to head an Anglican diocese that is not a direct part of the Episcopal Church.

St. Michael's Episcopal Churchwomen used part of the proceeds of their Thrift Shop this year for contributions to overseas areas such as Alaska and the Dominican Republic, and local institutions like Williams House and St. Peter's Home for Boys. St. Mary's Mission School at Odibo, Ovamboland, in Bishop Mize's diocese is the latest to receive such a gift.

Until going to Africa three years ago, "Father Bob" spent most of his life in Kansas. He founded and headed the famous St. Francis Boys' Homes there. This story, called "Father Bob and His Boys," will be published in early October, just about the time Bishop Mize returns to Africa.

The bishop first saw Damaraland in 1959 when he spent his first vacation in 15 years helping Archbishop Joost de Blank of the Union of South Africa. His energetic work led to his election as bishop just seven months later. He has been in America since the end of the Anglican Congress in Toronto in August, and is now making a preaching and speaking tour of the country. Much of the support for churches and schools in Damaraland comes from voluntary contributions.

Bishop Mize was born in Emporia, Kansas, in 1907. His father was an Episcopal priest who became Bishop of Salina, Kansas, in 1921. A brother, Edward, is a chaplain in the U.S. Army.

After graduating Phi Beta Kappa from the University of Kansas in 1928, the future bishop was a United Press correspondent for a year before deciding to enter the seminary. He was awarded the degree of Doctor of Sacred Theology by General Theological Seminary in 1961.

OBITUARIES

Born in Budapest, he was general superintendent of maintenance and construction for the U. S. Rubber Co. He had been associated with the firm for 21 years. He was a member of Acacia Lodge 477, F&AM, and the Men's Club and 6600 Club at the U. S. Rubber Co.

Mr. Chaney is survived by his wife, Ethel; and four children, Ronald, Anne, Byron and Garry. Services were yesterday afternoon, Wednesday, September 25, at the Verheyden Funeral Home. Interment was in White Chapel.

LELAH BURNLEY Mrs. Burnley, 70, of 1344 Lakepointe, died Tuesday, September 17, at her residence. She is survived by her husband, A. Nat Burnley.

Services and interment were Saturday, September 21, in Charlevoix, Mich., where Mrs. Burnley was born.

Hospital Issue Is Unchanged

Continued from Page 1
velopment of the City of Grosse Pointe.

At the Council's most recent regular meeting, on Monday, September 16, the "Citizens Committee for the Study and Planning of Grosse Pointe Community Needs," a group openly opposed to hospital expansion for much the same reasons as those set down in the Bagby report, objected to the re-phrased question.

The Citizens Committee proposed its own version of the Bon Secours situation, a version that concentrated on the necessity for re-zoning and deviations in City ordinances if Bon Secours were to be permitted to expand.

The Citizens Committee also requested that the City distribute by mail, at public expense, copies of the Bagby report, noting that Bon Secours had mailed a brochure to all residents and "in fairness to all concerned" City homeowners should be given "the same easy accessibility to the views of the City's professional planner."

Council took both requests under advisement, discussed them over the weekend, and decided that the question, as amended, was suitable to their purposes, and that individual mailing of the Bagby report would be an expensive proposition, involving use of City funds to promote one side of a two-sided issue.

Dr. F. J. Smith Being Honored

Dr. F. J. Smith, of Grosse Pointe Farms, is being honored at the 98th Annual Session of the Michigan State Medical Society in Grand Rapids this week. Doctor Smith is receiving the Society's Fifty Year Award for having been in medical practice for 50 years or more.

Meetings of the Annual Session extend from Sunday through Friday, September 22-27, the last three days devoted to postgraduate study and lectures on the most recent developments in today's practice of medicine. The program is designed to bring the newest information to Michigan doctors of medicine.

During the first three days the House of Delegates—policy-making body for the State Medical Society—will conduct its annual business, with James J. Lightbody, MD, of Detroit, presiding.

On Tuesday evening Orlen J. Johnson, MD, of Bay City, was inducted as president of the Michigan State Medical Society. He takes over from Clarence I. Owen, MD, of Detroit.

SQUIRREL BITE
Kurt Shuck, 17, 577 St. Clair, arrived at the City police station Tuesday afternoon, September 17, with a squirrel—and a squirrel bite on the little finger of his right hand. The squirrel is impounded at a local veterinarian's for the usual 10-day quarantine period.

Club Registers For Fall Classes

The Neighborhood Club will not be travelling far. It is still in the neighborhood. But with the building at 17145 Waterloo closed, the club has had to look elsewhere for a site to carry on its recreational program.

And with the help of Grosse Pointe Schools, churches, and the War Memorial, facilities have been found.

The fall program gets into full swing the first week in October and there is still room in most classes for additional students. This year the favorite classes are back and new ones have been added.

Some of the activities: tumbling, judo, boys' and girls' gym classes, fencing, open gym, baton twirling, ballet and play groups for pre-school and elementary age boys and girls. These are Saturday classes and will be held at Brownell Jr. High School, 260 Chalfonte.

And there's more. Adult gymnastics, teen drop-in center, Small-Set program, retired men's club—there is something for everyone this fall. Information on any of the club's activities may be obtained by calling TU 5-4600 or by dropping in at the club's new offices at 710 Notre Dame Monday through Friday 9-5:00 p.m.

PTA at Maire Meets Sept. 30

The Maire School Parent Teachers Association will have its first meeting on Monday, September 30. There will be room visitation at 7:30 p.m., followed by the meeting, at which time the new officers will be presented.

The new president is Clyde Vaden. Vice-president is Jerome Abbs; secretary, Mrs. Eleanor Obermeyer; and treasurer, George Henry.

Mrs. Alice Mary Hykes, member of the Board of Education, will speak to the group on the coming millage election. There will be ample time for questions following.

Refreshments will be served by Mrs. William Abrams and her Hospitality Committee in the gym.

Where's the Snow?

FRANK McBRIDE signs up two members for the Grosse Pointe Ski Club. The opening meeting of the club is this Sunday afternoon at 4 o'clock in the Grosse Pointe War Memorial Fries Auditorium. It will include a \$1 picnic supper. All Grosse Pointe skiers are invited to come.

Blue Devils Win First Victory of Season 12-0

By Jim Blackburn

The Grosse Pointe Blue Devils struck once in each of the last two quarters, Friday night, to beat Port Huron 12 to 0 and gain their first victory of the season.

After a thorough going over at the hands of Ann Arbor, 34 to 0, coach Ed Werner switched junior quarterback John Reynolds to halfback and brought in junior Lou Curl to call the signals.

The strategy proved too much for the Port Huron defense. Although held scoreless in the first half, the Devils controlled the ball in the third quarter and Reynolds caught the Big Red defense flat-footed when he picked up a lateral and skirted end for 25 yards to the Port Huron 2. On the second succeeding play Reynolds carried over right guard for the touchdown.

After the kickoff, quarterback Bob Wedge passed Port Huron to the Devil 21. But Reynolds leaped high in the air to pick off Wedge's pass at the 4. The Grosse Pointe offense began to roll and with straight power plays moved to the Big Red 18. The drive stalled, however, and Port Huron took over.

Wedge went back in punt formation with fourth and fifth but instead ran for the first down. After two incomplete passes and a ten yard loss trying to pass, Wedge again tried the fake punt.

This time the Devils were ready and it was Grosse Pointe's ball on the Port Huron 18. Three plays later Curl passed to Ron Crampton on a perfectly executed play to bring about the final score. With 2:35 left in the game, a comeback was impossible.

The Devils have now split two non-league games going into Saturday's clash with Royal Oak Densero on the home field. The Acorns, on the other hand, have won two contests and into the game undefeated. While the Devils were bowing to Ann Arbor, Pondero squeezed out a 14 to 13 victory over East Detroit, and last week the Acorns beat Hazel Park, 19-13.

If the Acorns hope to beat Grosse Pointe they must penetrate a Devil defense which shut out Port Huron. They will also try to stop a revitalized offense which moved on the ground against the Big Red. Although sticking to the ground, Curl showed he could throw the ball with three completions in only four attempts for an unofficial total of 34 points and one touchdown.

On the ground the big gun was Reynolds, unofficially rushing for 160 yards in 15 carries and one touchdown. The straight up-the-middle power of senior Bruce Stewart and the fleet runs of sophomore Mike

Ski Club Opens Season Sunday

The Grosse Pointe Ski Club sponsored by the Grosse Pointe War Memorial Association is launching the biggest season in its history on Sunday afternoon, September 29 at four o'clock at the Center, 32 Lake Shore road.

President Paul Geffert hopes that all former members and all who are interested in skiing in the Grosse Pointe area will be present.

Skiers will gather in the ballroom of Fries Auditorium where they may join the Club and sign up for the long list of winter activities. A season membership is just \$3 and married couples may sign up for \$5.

Membership entitles one to a series of free ski lessons taught by certified instructors, several free social gatherings, and special rates and first chance to sign up for the many wonderful ski trips scheduled for December to March.

These include Saturday and evening trips to local areas; weekend trips to Boyne, Blue Mt., Nubs Nob and the new Boyne Highlands; a gala five day New Year's trip to Collingwood, Ontario and a full week's trip to the Laurentian Mountains.

John Jay personally narrating his latest ski film "Catch a Skiing Star" featuring Stein Erickson will be presented by the Grosse Pointe Ski Club in Fries Auditorium Sunday, November 10. There will be two performances, one at 3 p.m. and another at 8 p.m. This exclusive Detroit first will be made available this Sunday to Ski Club members at \$2. Then tickets will go on sale to the general public at \$2.25 with special student tickets available at \$1.75.

This Sunday's opening Ski Club meeting will include a picnic supper to be served on the Center's lakeside terrace for \$1 and a time for mixer sports such as volleyball, frisby, and badminton.

Dan LaRose of the Detroit Lions was rated the top defensive end in the college ranks during the 1960 season at 218 pounds but in '63 is playing offensive guard at 255-pounds.

Chorus Calls For Members

The Grosse Pointe Community Chorus announces the final night of registration for membership to be next Tuesday evening, October 1, at 7:30, in the vocal music room at Parcels Junior High School, Vernier and Mack avenues. While two rehearsals have been held already, there still remain openings for singers over high school age, particularly in the bass and tenor sections. Hail Our Heritage

In the past two hundred years Grosse Pointe has progressed from a primitive pioneer fishing and farming village to one of the most elegant suburbs in the nation.

Americans on the whole, and particularly mid-Westerners, have never been overly concerned with the past. They have a healthy concern with the present and the future. But in ignoring their heritage they fail to pay a needed debt to the men and women who made their pleasant lives today possible.

In such cities of the eastern seaboard as Boston, Philadelphia and Charleston there is a pre-occupation with the past which perhaps seems decadent to dynamic Detroiters but these residents feel a kinship with the past we lack.

Grosse Pointe has an unusual heritage. Since the days of Louis XV when France sent her pioneers to settle the New World there have been Pointe citizens. It was these early Frenchmen who named our town. They were followed by British soldiers and traders when France lost the New World in the mid-eighteenth century. The British in their turn made way for adventuring American merchants after the War of 1812. Victorian railroad and lumber tycoons transformed Grosse Pointe into a select summer resort, the Newport of the West, and automotive executives followed them to create this thriving suburb.

But who remembers these founders of our five Pointes? There is a Grosse Pointe Historical Society and three generation residents recall the days when the horse and buggy roamed the front avenue, now Lakeshore road. But there are no monuments, plaques or statues to mark the sites of the Pointe's first church, early log cabins or ribbon farms. Street names recall early French settlers such as Rivard, Cadieux, Trombley and Vernier. The Victorian businessmen who opened large estates along the lakeshore such as Newberry, McMillan and Lewis have left their names on some of our avenues but newcomers have no way of realizing the remarkable contributions these early settlers made to this fine residential area.

Grosse Pointers are always eager to contribute to worthy causes, to lend their names and open their pocketbooks to appeals. The funds required for a few signposts dedicated to our heritage should not prove difficult to raise. We are proud of our past as well as our present and we should acknowledge this pride.

Letters to the Editor

To the Editor:

I must confess that I am puzzled at Bishop Emrich's column in the Detroit News last Sunday - entitled "Homeowners' Ghetto Petition." He appears to be advocating freedom in this country, but is he?

He is opposed to a measure proposed to be voted on by the people of the State to preserve the present freedom of owners in disposing of their homes—a counter-measure against forced open occupancy.

He says "America has always believed in a free and open market," but he does not appear to think that the Sellers of real estate should have equal freedom with the buyers.

He says, "Anyone can buy a suit, a car, or food when it appears on the market, but another set of rules applies to housing developments, apartments and real estate agencies."

I believe the difference is obvious to most people, that for instance the sale of residential real estate affects others beside the seller. Many homeowners believe that it is not a Christian act to sell to an ownership which is likely to depreciate the property values of his neighbors. This factor does not enter into the sale of food or clothing. Reputable real estate men respect these feelings in their clients.

If there were no general prejudice, this problem would not exist. Many believe that the Clergy's province is to continue to work against prejudice rather than to advocate peace in this struggle through coercion of good instincts in the private housing field. And many believe that peace cannot be so achieved.

The Bishop says that this petition favors giving "a community the right to combine as never before to close the free market to keep Negro citizens out." However, I cannot find the word "community" in the proposed measure, nor the word "combine." On the contrary the law proposes "freedom of choice" for homeowners, that is, for individuals. It proposes to preserve existing freedoms for majorities against powerful and vocal combines of minority interests. This is obviously a conflict of freedoms

caused by general prejudices, shared, it is widely recognized, by all races.

Anyone studying the vague civil rights clauses in the new Constitution must conclude that few of those voting for it had any idea that the Civil Rights Commission can start in January with punitive powers against considerate homeowners who wish to protect their neighbors' property values. But the Atty. General Kelly and the Governor say it's true and, with Bishop Emrich, apparently believe in this police state procedure against Michigan's largest majority. I believe that our homeowners, should, in the name of freedom, be given two opportunities which a democratic government should not deny. These opportunities are: first to know what they are to vote on, and secondly the opportunity to vote on it. These homeowner petitions are for this purpose.

The writer believes that the Negro should be given every opportunity to improve himself (education, voting, jobs) up to the point where public freedom becomes too regulated, such as with the home. The home is a personal matter. The privilege of a man to be kind to his immediate neighbors, if he wishes, in preference to the house hunting stranger should not be regulated.

If the majority should vote this proposed law down, then the majority will prefer regulated open occupancy. In this event, perhaps the advocates of forced open occupancy would be pleased to see this prefix dropped.

What Goes On at Your Library

By Virginia Leonard

In a recent issue of the SATURDAY REVIEW, Margaret Bennett has written an amusing article on the subject of cross-referencing — a topic dear to the heart of each and every cataloguer. She envisions a conversation, complete with Sears' best subject headings, between two cross-referencers. Are you aware of these handy little "see" and "see also" cards which appear in public catalogs? For years, I have found some of them highly diverting. Let's see if we can't present some of these to you.

If, perchance, you come into the library looking for House Plans (see Architecture, Domestic), Patent Medicine (see Medicines, Patent, Proprietary, etc.), or material on the Ice Age (see Glacial Epoch), you will be aptly directed to the proper heading. It may be that your youngster has a school assignment on the Vikings (see Northmen), Skin or Scuba Diving (see Diving, Submarine) or Ocean Life (see Marine Biology), or he may just want to practice up on Marksmanship (see Shooting). The Novels (see Fiction) about Holland (see Netherlands) may hold a fascination for you.

Again, there are many housewives who are interested in Money Raising (see Fund Raising) projects, Decoupage (see Paperwork), Flowers, Dried (see Everlasting Flowers), Sketching (see Drawing) or Poetry—Writing (see Poetics). They come to our Library with their Babies (see Infants) in tow, hoping to prevent Catastrophes (see Disasters) which might involve Pain (see also Suffering). Either Hiking (see Walking) or Riding (see Horsemanship) or in Sports Car (see Automobiles) they come. If they are clubwomen, they may want clarification on Rules of Order (see Parliamentary Practice); if they are overweight, they may seek material on Compulsion (see Weight Control). Consumer information is always available on Freezers (see Refrigeration and Refrigerating machinery) or Silverware (see Silversmithing). Adults, teen-agers, children—

they all come to us looking for help. No doubt our aquarium promotes an interest in Sea Animals (see Marine Fauna); this in turn may lead to Insects, Injurious and Beneficial. Most children are collectors; they take up Numismatics (see Coins), others prefer Postage Stamps. They have other favorite topics, such as Primitive Man (see Man, Prehistoric) and Telegraph Codes (see Cipher and Telegraph Code); and let us not forget Space Vehicles (see Artificial Satellites)! Even our dictionaries are helpful for definitions and Spelling (see English Language — Orthography and Spelling).

The men may come in for advice on Social Security, (see Insurance, State and Compulsory), Oil Wells (see Petroleum), Voting (see Suffrage) or Tape Recorders (see Magnetic Recorders and Recording). Those with a green thumb may want books on Small Fruit (see Berries) or Vines (see Climbing Plants). One of the most popular requests we get, from the age of five to 50, is for material on Stunts or Skits (see Amateur Theatricals); Grosse Pointe seems alive with Thespians. And so we could go on — ad nauseum — if necessary. As one catalogs, a certain respect for the rhyme and reason for subject headings grows. Each term is carefully modified, either by word or phrase; it cite you some. Bands (Music) — Seals (Animals)—Survival (After Airplane Accidents, Shipwrecks, etc.) — Trials (Murder) — Cold (Disease). Also please note such qualifying expressions as: Education—Addresses, Essays, Lectures; History — Errors, Inventions, etc.; Baseball—Anecdotes, Facetiae, satire, etc. What better coverage could you get? And it is the constantly occurring "etc." which seems to make these so very comprehensive!

We hope this small treatise, done lightly we admit, will give you your use of our catalog an added dimension. It may, indeed, change your whole Conduct of Life (see Morals; Ethics, Practical)!

Questers Going To Farmington

Mrs. Ivan Kirlin, president of the Grosse Pointe Questers, a society whose interest is antiques, has asked that the members meet at the Grosse Pointe War Memorial, 32 Lakeshore road, at 9 a.m., Thursday, September 26, to drive to Farmington.

Mrs. Robert Thromgton, president of the Ossewa Chapter of Questers, will receive them in her home and entertain with display, discussion and explanation of her now famous doll collection.

After this the group will "do" the local antique shops and visit a house steeped in American tradition which is more than 100 years old and is now used as a restaurant, "The Hunters' Whip."

Even the fellow who has plenty of pull can't get along without a little push.

How to swallow a bitter pill

By FRED KOPP, R. PH.

First, find a bitter pill. There are so few nowadays. It all started because children, bless 'em, are so good at resisting bad-tasting medicine. You can medicate their chins or hair, but getting the stuff in them is beyond the ken of science. Kids can spit a country mile. So pharmacists began sugar-coating pills putting medication in capsules, or mixing with sweet syrup. And we soon found that adults, too, like medicine the easy way. So now, most of our prescriptions are quite pleasant to take. If you should run into one of the few bitter ones, believe us, there are good medical reasons for it.

WOMEN'S PAGES

From Another Pointe of View

By Patricia Talbot

Since most women love to look into strangers' houses the Grosse Pointe Garden Center's yearly sponsored House Tours are always a popular event.

The dates this year are October 12 and 13, the hours from 1 to 5 o'clock and the tickets, which may be purchased at the Center headquarters in the War Memorial, are \$3.00 each.

Among the homes to be seen is the spacious Georgian colonial of Mr. and Mrs. John Owen III, the first to be built on Stephens road. The library has a superb oak panelling brought from a Belgian monastery and collectors will enjoy the fine old furniture and porcelains.

Regency and French period furniture highlight the handsome home of Dr. and Mrs. Edward S. Shumacher, c/o Lothrop road. A charming stairway and unusual foyer are an introduction. In the drawing room there is a rare 1780 Chippendale clock flanked by old bisque and ormolu candelabra.

One of the Pointe's most elegant mansions is that of Dr. and Mrs. J. Stewart Hudson, of Lothrop road, with its special collections of Staffordshire, Rockingham, Derby and Ming china. There is a renowned free hanging stairway, parquet, panelling and friezes to be viewed.

Modern touches have restored this old home into a delightfully gracious living area. Visitors to the Edward Strangs' Ridge road house will see a bright blue and white interior highlighted with antiques and reproductions of English originals. The pool house by the heated swimming pool is an additional feature.

Rare English decor is again the feature in the Lakeshore road home of Mr. and Mrs. H. B. Howenstein. The drawing room has a magnificent Van Dyke over the Adam mantel, a pair of Chippendale mirrors and lowboys. Hand painted wallpaper in the dining room is a fitting backdrop for old Rockingham China and Jensen silver. The floors are unusual pegged teakwood.

General and Mrs. Alden K. Sibley's new pillared white Lakeshore road mansion is filled with the owners' collections from world wide travels. Of special interest is the Vietnamese room and the off-white carpeting and French gray walls, a background for lovely paintings, some done by the owner.

The quaint old farmhouse by the water's edge which has been renovated by Mr. and Mrs. William R. Hamilton II of Lakeshore road, has choice furniture, porcelains and wonderful fabrics.

Co-chairmen of the House Tours are Mrs. Ivor David Harris, Mrs. Clare Briggs and Mrs. Ailes Henry. Among the many Garden Center members working on the House Tours are Mrs. C. Bayard Johnson, Mrs. Abram vanderZee, Mrs. Hansel Dwight Wilson, Mrs. (Continued on Page 16)

With an earlier date than usual—October 30 and October 31—set for their annual Planned Parenthood Christmas Mart at Veterans Memorial, committee members are hurrying back to town from their favorite holiday spots to complete plans for the fabulous Yule event.

Mrs. William C. Tost and Mrs. Ross Wilkins just returned from Cleveland where they signed up the last of the 20 shops from Manhattan to the Bay Bridge which will show their unusual wares at the Mart.

Coming from Cleveland for the first time this year will be Kenneth Wick, Inc., famed in its home city for unusual gifts and stocking surprises.

Nestled in the baskets will be such items as Chinese birds, teak-wood turtle openers, Marzipan squirrel and pigs, Mexican ornaments with hand painted faces, felt angels with real hair from Florence, silk flowers from Paris and all kinds of ribbon items. Wick also will have a cooking corner with gourmet items.

Mrs. Nelson Holland, Mart chairman, and Mrs. John B. Ford, Jr., who flew home recently from Long Island where they set Tuesday, September 24 as the date for a report tea at Mrs. Ford's home in East Jefferson avenue. Announcement was made then of the eight exciting new shops which will be participating in the Mart along with the many old favorites.

While vacationing this summer in Harbor Springs, Mrs. John B. Warren, chairman of the antique booth which will again be a Mart feature, kept a collector's eye out for exquisite porcelains, brasses and small furniture.

Mrs. Gordon Ford and Mrs. Arman Simone are consulting with printers on the colorful brochures which will go out to a mailing list of 5,000. Spending most of the month of September on the telephone was Mrs. Arthur B. Heads of 5 Pointes Honor League of Women Voters

This week of September 22
to 29 has been proclaimed
Michigan League of Women
Voters Week by Governor Rom-
ney. The Grosse Pointe League,
a part of the Michigan League,
shares in this honor but has also
been cited specially by the top
elected leadership of the five
Grosse Pointe municipalities.
The accompanying picture gives
part of the story.

Mayor pro-tem William Oddy
of Grosse Pointe Park, Mayor
Allen of Grosse Pointe City,
Mayor McLeod of Grosse Pointe
Woods, and Mr. Jack Williams,
President of the Village of

Grosse Pointe Shores likewise
took official action in honor of
the Grosse Pointe League of
Women Voters.

Why should there be an LWV
Week? Because of the services
the Grosse Pointe League ren-
ders to voters—just regular
voters like you and me—for 13
years this Grosse Pointe League
has offered pre-election serv-
ices such as the Candidate
Forums (where opposing candi-
dates meet on the same plat-
form to discuss their differing
beliefs), and Voters Guides
(pamphlets giving salient facts
about both sides of issues com-
ing up for vote, and salient bi-
ographical data about all can-
didates); post-election service
in the annual publication of a
folder on the elected officials of
all the Grosse Pointes.

In addition, the League holds
monthly unit meetings for the
study of specific concerns (such
as the school millage question);
secures speakers for groups in
the Grosse Pointes on subjects
relating to government, local,
national and international af-
fairs or the LWV; and performs
certain special services such
as the publication of the book
"Know Your Grosse Pointe"
and the mailing of the State
Fair LWV booth where the use
of voting machines was demon-
strated.

In fact, the Grosse Pointe
League of Women Voters—as
does any LWV—promotes active
participation in government.
From a national pamphlet
"Forty Years of a Great Idea,"
published in 1960 to mark the
40th birthday of the LWV of
the United States, comes the
following quotation:

"From the faith of the suff-
rage movement came a Great
Idea, the idea that a non-
partisan organization could pro-
vide political education and ex-
perience which could contribute
to the growth of the citizen
and thus assure the success of
democracy. The League of
Women Voters was founded
upon that idea."

Troubles arise when little
white lies come home to roost.

Hospital Guild Ladies Honored

The U.S. Public Health Ser-
vice Hospital on September 18,
honored the Marine Guild, who
are Gray Ladies of the Ameri-
can Red Cross, for their con-
tinued dedicated volunteer
service to their hospitalized pa-
tients.

These volunteer workers fill
the patients' needs for friendly
personal contact and provide
pleasant interruptions in days
which frequently are filled with
pain, pills and loneliness. It is
impossible to state the value of
the services they render.

The Medical Officer in
Charge, Dr. O. C. Williams, ex-
tended to the Marine Guild on
behalf of the patients and hos-
pital staff, appreciation for the
excellent service they continue
to render. He stated, "It is with
admiration indeed that I pre-
sent to them an award pin
with our hospital's name and

hours bar for their volunteer
service."

The Gray Lady tea is an an-
nual function of the hospital.
Refreshments are served and
the hospital staff is invited to
join in honoring the Marine
Guild.

Included with this group is
a very active volunteer worker
at the hospital Mr. Ty Tyson.

Woman's Club Donates Dolls

The first meeting of the Grosse Pointe Woman's Club monthly bridge group will be held at the Grosse Pointe War Memorial on October 2 it was announced by the bridge chairman, Mrs. Dallas E. Newkirk, of Roslyn road.

The hostess for the day will be Mrs. Fred Cousins, of Vernier road, and assisting Mrs. Cousins is Mrs. Leo C. Huettner, of Hawthorne road.

The Service Group will meet Thursday, October 31, continuing one of their several projects, "Operation Clown Dolls." This group will meet at the home of Mrs. Walter Hallenbeck.

Made by the members of the Woman's Club, these dolls are turned over to the Gray Ladies, who in turn give them to 30 or more hospitals which have no guilds or auxiliaries.

The dolls are then given to boys and girls going into surgery. Most hospitals permit the toys to go into surgery with the children, thus giving them a contact with their own world and ensuring confidence.

Walton-Pierce's New Collection

There was no commentary but there were many admiring comments when Walton-Pierce previewed their Custom Collection for the press. The beautiful clothes Mrs. William Rust Pierce showed in her salon on Kercheval Avenue in the Village were designed by Clara Ray and spoke eloquently for themselves.

Graceful lines followed the figure with a high-waisted Directorate influence. Daytime ensembles included a teal blue wool jacket and dress, the skirt, slightly flared by interesting pleats at the side and the back.

A sportive, yet feminine green tweed coat enveloped a green wool dress with cut-out detailing at the neck. Peach tweed was used for a Chanel jacket ensemble. Its blouse was pleated peach silk. Capelette sleeves gave a surprise element to a fine black wool coat.

For evening the costume look continued. A versatile black hooded jacket, lined with black ostrich feathers slipped over either a short or long black wool dress. A maharaja coat of gleaming lame brocade encased a dress of the same French fabric.

A long slender peach silk gown was encrusted at the hem with thick beading in a floral pattern. The theme was repeated at the bodice.

Jet beading accented a sweeping black wool coat that opened to reveal a dramatic streak of lightning pink in broadcloth jersey. Strapless black moire taffeta was topped with a jacket of jet beads crocheted in a delicate web design.

Exquisite imported fabrics, lavish embroideries and hand beading enhanced the elegant fashions that have taken three generations, grandmothers.

On December 5 Claude Frank, pianist, will play a return engagement to the Morning Musicales. He is exceptionally gifted as a soloist interpreting Mozart's works and received rave notices for his appearance at the Royal Festival Hall in London.

Hospital Plans Theater Benefit

"The Sound of Music" will be heard again in Detroit. Mrs. Lynn A. Townsend, Children's Hospital trustee, serves as chairman of the benefit. All proceeds will go to defray the cost of an inter-faith chapel in the new Children's Hospital to be constructed beginning next year.

Invitation letters for the performance were mailed to many friends of Children's Hospital this week, and several diners to be held prior to curtain time are now in the planning stage.

Mrs. Bernard Segner, president of the League of Catholic Women; Mrs. Richard Dykstra, president of the United Church Women of Detroit; Mrs. Sol Hammerstein, president of the League of Jewish Women; and Mrs. Christopher Rambeau, general chairman of the Women's Division of the Detroit Round Table of Catholics, Jews and Protestants, attended a recent luncheon at Children's Hospital to make plans for their groups to cooperate in the benefit program.

Tickets, ranging in price from \$3.65 to \$10, may be ordered by writing Mrs. Townsend, Women's Auxiliary of Children's Hospital, 5224 St. Antoine, Detroit 2. Any tickets donated to the Auxiliary will be given to students in the Children's Hospital educational program. Prices for the benefit have been deliberately kept low so that in many cases entire families including children will be able to attend.

Total cost of the new chapel, pledged in its entirety by the Woman's Auxiliary, will be \$16,200. If all seats for the benefit are sold, the Auxiliary will clear approximately \$7,500. Auxiliary members will act as ushers for the performance. Among committee members working to assure success of the project is Mrs. Paul Short, of Barrington road, in charge of publicity.

Roche-Cook Rites Read in St. Paul's

Saint Paul's on the Lake was the scene Saturday morning of the ceremony at which Alice Barbara Cook, daughter of Mr. and Mrs. John Conway Cook, of Lewiston road, became the bride of Douglas David Roche, son of Mr. and Mrs. James Michael Roche, of Bloomfield Hills.

Christine Cook was her sister's maid of honor. Bridesmaids were Mrs. Robert L. Bowen, another sister of the bride; Mrs. James M. Quinlan, of Atlanta, the bride's cousin; Mrs. Terence J. McDonnell, of Omaha; Marina Vidoli, of Maumee, O.; and Margaret Melnik.

They wore floor-length gowns of gold and tangerine brocade and carried cascade bouquets of gold and russet Fujis and chrysanthemums. The altars were banked with arrangements of the same flowers in gold vases.

James M. Roche II, of Chicago, was his brother's best man. Guests were seated by Robert L. Bowen, the bride's brother-in-law; Daniel J. Byrne, Jr.; Dr. David J. Duncan; Dr. Thomas A. Herrmann, of Ann Arbor; Dan T. Fitzgerald, of New York; and James M. Quinlan, of Atlanta.

For her daughter's wedding and reception at the Country Club of Detroit, Mrs. Cook wore a costume suit of Resida green coupe de velour and a hat of green velvet leaves, accented with bronze accessories.

Mrs. Roche wore a costume suit of spruce silk plisse. Her hat was a green feathered pillbox. Both mothers planned cymbidium orchids to their purses.

For traveling to New York and Bermuda, the new Mrs. Roche wore a Dior blue wool dress and matching moiré cape with navy accessories.

1153 SUNNINGDALE Overlooking Lochmoor Club 4 bedroom, 3 1/2 bath brick ranch. Ultra-modern kitchen with complete built-ins. Family room with bar, fireplace. Full dining room, fireplace. Full room, patio. 2 1/2 car garage. \$55,900. Terms. By appointment. Owner, TUXedo 4-6569.

FIRST OFFERING COMMANDS YOUR immediate attention, if you are seriously interested in moving into a center hall colonial which has that paneled den and a large screened porch. The lot is immense with plenty of play area even though there is a two-car garage. Priced in the mid-twenties.

JUST REDUCED A STately HOME located in one of the Pointe's loveliest sections has recently become even more attractive with a price reduction which brings this fine home within the reach of those shopping in the fifty thousand dollar range. At Windmill Pointe Drive, on Balfour Road, is now available one of the better home buys in recent years. This colonial has been meticulously maintained top to bottom and inside and out. Its ingenious floor plan makes the home suitable for just a couple or a family which requires five bedrooms. As an added inducement, there is an adjacent landscaped lot on Windmill Pointe Drive, which will be sold with the house or after.

AND BY APPOINTMENT NOT JUST ANOTHER bath-and-a-half colonial on McKinley Avenue, but this will probably be the one you come back to after seeing the rest. This situation is another house and lot combination which can be sold together or separately.

BEST BET for the bargain hunter who requires a larger home which has been well maintained mechanically but has not been completely redecorated recently. In the first block off Jefferson and within easy walking distance to Village Shopping. Five bedrooms and three baths. Priced to sell in the middle thirties.

ON NEWBERRY PLACE, and that quaint street just one block long off Lake Shore Road, is the setting for this Cape Cod Colonial. Truly a rare combination of traditional architecture and the modern conveniences which have become today's necessities. Built-in kitchen, air conditioning, four second floor baths, leisure room, two first floor fireplaces and many other extras too numerous to list here.

IF YOU'VE BEEN PECKING around at four bedrooms in the Farms, but haven't come up with the right house, then may we suggest you peek in this new home on Country Club Drive. Not really a large home, but just enough house to stretch out in, and new enough to have all the gadgets you have been reading about.

WANT A NEWER house in the heart of the City, and with a family room which boasts its own fireplace? Do you want the convenience of having the kitchen and dining room both accessible to the family room? The owner of just such a home has recently been transferred after completing a masterful redecorating program. Priced under \$35,000.

SCRUTINIZE the competition then get serious when you allow us to make an appointment for you to inspect this well maintained colonial on Huntington Boulevard. Three family bedrooms, a bath and a half, a generous screened porch and a paneled play room. Priced under twenty-five.

When the POINTE was growing up...

By Patricia Talbot

Detroit's first elected mayor was also a bank president, an officer in General William Hull's artillery company, a general in the Michigan Militia and is immortalized in the name of one of Detroit's downtown thoroughfares—John R.

General John R. Williams was born in Detroit in 1782. His father, Thomas Williams, had come from Albany, N. Y., several years before and opened a store. In turn Thomas Williams was trader, merchant, keeper of public records, a justice of the peace and notary. He increased his fortunes considerably with an advantageous marriage to the sister of Michigan's first millionaire when he married Joseph Campau's sister, Cecile.

John R. Williams was the only son of this marriage and lost his father when he was three years old. His sister, Elizabeth, never married but was a devoted teacher in Father Gabriel Richard's first schools attached to the Catholic Church. Another sister, Catherine married Jean Peltier, of the old French family in 1809.

Because John was fatherless his uncle, Joseph Campau helped him with his education and made a place for him in his store. Thomas Williams had many prominent friends in old Detroit including the Macomb brothers, Judge James May, James Abbott and the great Indian chief, Joseph Brant.

John left the store at 18 and enlisted in the army. He served with Col. Hamtramck's regiment on the lower Ohio for two years and then returned to Detroit to open his own store. He married his cousin, Mary Mott, daughter of a British Army officer, and prospered. But the great fire of 1805 destroyed his store and he had to begin again. He was a member of General William Hull's artillery company but resigned when the War of 1812 broke out because he quarreled with his difficult commander. He spent the war years in Albany but returned to Detroit in 1815 to build a huge warehouse at the foot of Bates street, buy real estate and amass a tidy income.

He never lost his taste for the military and eventually became a major general with the First Division of the Michigan Militia. He was also the first president of the Bank of Michigan. His contemporaries recognized his unusual contributions to growing Detroit by electing him mayor at the first balloting for that office. He died in 1854 leaving nine children.

One of his sons, Thomas, was killed fighting in the Civil War at the Battle of Baton Rouge. Another son, John Charles, married Sarah Macomb, daughter of General Alexander Macomb. By 1890 all of his progeny had died but one son, James.

It has been impossible to trace John R. Williams' descendants to this generation but he will be long remembered as one of the city's first civic fathers.

who, where and whatnot

by whoozit

Several weeks ago in telling the story of the Babys, those early Detroit French settlers, we mentioned that there were no direct descendants bearing the same name in the Pointe today. We were wrong for the Babys have now become the Baubies. Mrs. William E. Baubie, of Lakeland avenue, informs us that the first of the name, Jacques Duperon Baby, was her husband's great-great-grandfather. It was the present William Baubie's grandfather, William Edward Baby, who changed the spelling of the name. A Detroit lawyer, he discovered that his name was mispronounced and misspelled so often that he decided to Anglicize it.

Striking Mrs. Thomas Morrow is a lady of many hobbies, among the most fascinating the study and collection of Chinese jade.

Dynamic Detroit has done it... designed a car that can ride on land or water. Several times during the summer NEWS readers have called to tell us about this strange vehicle which can convert from land to sea with a mere shift of gears supposedly. Last Sunday traffic was at a standstill and drivers watched this white car with two passengers glide out onto Lake St. Clair and scoot back onto Jefferson with ease. The big mystery is the owner of the car. To satisfy our readers we would like to solve the mystery.

Reminiscing with a society reporter who has covered Grosse Pointe for 40 years... the confusion at the debut of Elizabeth Book (now Mrs. Taylor James Kennedy, of Quebec), who waited anxiously for the delivery of her ball gown for the big occasion and finally had to slip into an old frock to greet her guests... the missing gown was finally delivered in the middle of the party and she had to rush upstairs and change... and there was the missing bridesmaid's hat at the wedding of one of Mrs. James Keena's daughters... the bridesmaid who was to wear it had to sit in a front pew in Old Christ Church with a wisp of veiling on her head and the hat was discovered after the reception in the trash where some over-conscientious maid had placed it... the night of Joan Chapin's debut when the lovely lawns of what is now Henry Ford's Lakeshore estate were completely dug up to sink pots of roses beneath the turf and then all the sod was carefully replaced... the debutante in whose honor the rose bower was built is now Mrs. William E. Hutton, II, of New York.

Wife setting out for the evening to her husband: "Now, if it's a dull party, just leave it that way."

"How do you like my new evening gown?" asked the wife.

"Pretty, but confusing," was the reply.

"How do you mean, confusing?"

"Well," said the husband, "I can't decide whether you're on the inside trying to get out, or on the outside trying to get in."

A group of reporters was waiting for an interview outside the office of a U. S. Senator campaigning for re-election. Suddenly the door flew open.

"Quick!" the candidate shouted to his secretary.

Pointer of Interest

CHET SAMPSON, OF HARCOURT ROAD

By Patricia Talbot

Twenty-five years ago this month Chet Sampson organized a Boy Scout troop with an emphasis on camping. From those first scout camp-outs have grown the famous Chet Sampson tours for teen agers.

Chet, onetime teacher, scoutmaster and Navy officer, now friend of Hollywood film stars, travel agent and partner in a West Coast business management firm, was born in Michigan's copper country, the Upper Peninsula.

He was educated at Michigan Tech and the University of Michigan where his interest was in chemistry. With his master's degree he came to Grosse Pointe under the teacher internship program initiated by the late John Barnes on the invitation of Superintendent Samuel Brownell.

When Pierce Junior High School opened Chet was among the young teachers to join the staff, where he taught science and math. One of his former students, now a Grosse Pointe News staff member, remembers, "He taught me more biology in four days than any other science teacher taught me in four years."

War Ended Teaching His successful career as a teacher was ended abruptly by World War II when he joined the Navy and spent the war years in the Pacific, the Philippines and Australia. There he had his first taste of show business and entertainers, for he was in charge of recreation for the Navy out of Australia. When he returned to New York on V-J day he was stationed for some months there as a liaison officer between the Navy and the USO. It was his job to book stars like Bob Hope into Navy posts about the country.

First Scout Troop When he returned to the Pointe he had decided that he would not return to teaching on a full time basis but look about for a job which made him more independent. During those first months he organized the Scout Troop for his own youthful scouting experiences had meant a great deal to him. He promised his troop that if they worked hard and earned some money he would escort the boys on a traveling camp-out. By Christmas tree sales, an annual play and paper drives his troop raised the money and in four years had 250 nights camping.

So popular were these trips that non-scouting parents asked Chet to include their offspring. He began in a modest way with a week-end trip to Niagara Falls for \$6 then branched into a tour of Washington for \$25 and finally the Western trips.

Until five years ago Chet escorted his station wagon caravans himself but then the press of other business interests led him to offer the tour escort job to Bill Winkler, swimming coach at Oregon State University.

Tours to Hollywood The tours West brought Chet into contact with the movie colony where he has so many friends and interests today. His first contact was with George Murphy, brother of former Pointer C. Thorne Murphy, who arranged a studio visit for Chet and his teen agers. From this beginning the precedent of film-land visits was established.

Chet knew Elizabeth Taylor when she was a child star and has been a long time friend of Debbie Reynolds. It was Chet who brought Debbie and Eddie Fisher here for the dedication of the Grosse Pointe High School gymnasium seven years ago.

Gives Scholarships His interest in students and the school system has been constant for 25 years, first as a teacher then for 11 years a member of the school board. As a board member he returned his salary and added to it to donate a scholarship for a GPHS student to attend college.

Kercheval avenue Chet is now working up a "simple" menu for the reception he will give for Detroit airline, steamship and travel agents this week. This "simple" meal will star a chicken casserole, peas amandine, corn meal clover leaf rolls, salad, and peach torte. In Hollywood Chet will often bake 10 or more delicacies and then pop into his car to deliver them to his friends.

Also this week he will host a reunion dinner for his Boy Scout troop of 25 years ago. It was this troop which began his career and led to his success as a travel agent and Hollywood entrepreneur. It was a long road from a weenie roast in Michigan's north woods to beef stroganoff at Debbie Reynolds' Hollywood mansion but Chet has traveled that road with aplomb. Although his interests are now world wide he has never forgotten that his roots and his home are here.

Church Marks 92nd Year

St. Paul Ev. Lutheran Church, Chalfonte and Lothrop, will observe the 92nd anniversary of its founding next Sunday with a congregational dinner to be served in the Fellowship Hall at 5 o'clock.

Mrs. Vera Frame, social chairman of the Women of the Church, is in charge of arrangements for the meal. This occasion also notes the second anniversary of the dedication of the Christian Education Building. A nursery will be staffed to care for infants.

Following the meal, children 12 years of age and younger will enjoy a motion picture in the Junior Department while adults will hear reports of church activities.

Frank Firmschild, chairman of the Church Council, will highlight activities of the Evangelism Committee throughout the past nine months.

Other speakers will include Paul Hoffman, chairman of the deacons; Werner Goetsch, treasurer; William Weinberg, chairman of the public relations committee.

This deep interest in cooking was another result of the Chet Sampson tours. Chet designed special mobile kitchens where such exotic fare as souffles could be prepared on the trail. While his tour guests were climbing mountains Chet would be baking pies, 16 at a time. In the complete kitchen in his travel agency offices in

Marie Bird's Beauty By Line

Alice in Wonderland... never had it as good as today's tiny charmers with their colorful elasticized headbands to hold their hair in place at school or at play... and our Jumbo-Curl-Perms to give the hair body with a simple, casual setting that lasts from one shampoo to the next... a real boon to busy mothers that want their Daughters to learn early in life to be well groomed and pretty in a natural unaffected manner.

You might wonder if we charge less for children's perms... and the answer is absolutely not! A child that has her hair done in my salon receives the same careful attention and time that we give her mother or older sister. Permanents by our staff begin at \$15.00... and dollar for dollar value you cannot get a better one. Of course you can get cheaper perms almost anywhere... but our reputation in the field of permanent waving has been built on quality... not mass production!

Today we take pride in creating hairdos for the daughters of women whose hair we coiffed way back in the thirties when they were little girls.

Drop in at our salon at 117 Kercheval on the Hill or call Tuxedo 1-6833 for an appointment... then you, too, will get the point of this message.

The Detroit Symphony... opens October Third and we'd like to remind you of the beautiful hand-picked evening dresses Walton-Pierce has collected for just such an event... so many have fashion's favorite long line.

Another Date... to remember October First; The fashion luncheon that benefits the Children's Leukemia Foundation of Michigan and the Child Research Center will be held at Fries Auditorium. You'll be able to see how the new styles and the coiffures, augmented by wiglets from Leon's complete the season's newer look.

Gallery Gazing... Les Galleries de Renee, 14944 East Jefferson recognized the new influence in decorating and is using Spanish and Florentine framing. Very avant... very handsome!

The Season's Host... will enjoy using the good looking, massive salt and pepper shakers we found at The Village Wine Shop, 15228 East Jefferson. He will also appreciate coasters for his wine bottles. One comes with its own silver cork stopper.

Club Committees... find the most delightful table gifts and prizes at The Top Drawer, 17007 Kercheval in the Village (one flight up). A group ordered the tote toothbrush that comes in an attractive lipstick case. There are pill boxes, slender lighters, musical key rings and other pretties for the purse. All very moderately priced.

Go To An Expert... big business as well as individuals have consulted Mr. Mozena, President of Mutschler Kitchens when they are planning either exhibit or working kitchens. He is a well known authority, who can readily help you with your plans. As for style and decor, the models at 20489 Mack Avenue will give you an idea of what to expect.

VIP... very important pups like to visit This 'N' That for pets. It's at 19433 Mack Avenue. The barber and beauty shop grooms him to his lovable best. The boutique is full of fun toys with which to amuse the household. He might even get to ride home via the taxi service which is quite a bit to bark about!

Gesundheit!... Translated means to your health! Mostly it means that someone is struggling with a cold. Your doctor's prescriptions will receive quick attention and the delivery service of The Notre Dame Pharmacy will rush aid to your door. TUXEDO 5-2154.

The Art of Simplicity... takes skill. It is found at D-J Beauty Salon, 405 Fisher Road where a "simply" charming hairdo has always been the style of fashionable Grosse Pointers. Now it is based on the Realistic Bonedium permanent. Another beauty service... the facials and pedicures done by Berniece and Cathy. TUXEDO 2-6363.
