RICKY THORNE was separated Wednesday from the mother who abandoned him and placed in a Miami, Fla. school for retarded children. His mother who was released, called the decision by Dade County Juvenile Court Judge Ben Sheppard "a load off my mind." Sheppard acted on the recommendation of a psychiatrist who examined Mrs. Thorne and ordered that she return to Detroit for psychiatric treatment. He said, however, that there's not much hope Ricky will be returned to his parents. He'll probably remain in this school for two or three years before other arrangements can be made." ^\* \* \* \*

THOMAS L. COLEMAN, a part-time deputy sheriff who killed a young civil rights worker August 20 in Alabama, was found innocent Thursday by an all-white jury which called the shooting self-defense. Alabama's Attorney General Richmond Flowers, however, said the verdict represented "the democratite process going down the drain of irrationality, bigotry and improper enforcement of the law." An aide said Flowers was "researching" the case to determine whether any further legal proceedings are possible in the shotgun slaying of Jonathan Daniels, 26, a white Episcopal seminary student To Be Held from Keene, N.H.

# The Giant-Killer Rides Again!

ROGUE: new razzle-dazzle Rambler (yes, Rambler!). Outperforms every other car in its class (with standard engine!). "Do Rogues really come with rally stripes?" "No, but with the big new engine they drive that way." '66 Rambler American Rogue here October 7th.

REBEL: new roomy, zoomy Rambier. Doesn't cramp your style, or your legs, or your family, or your pocketbook. Think you know a Rambler when you see one? Think again, look again. See the '66 Rambler Classic Rebel at your friendly Giant-Killer's on October 7th.

-for extra comfort, safety, performance, and economy—at no extra price.

Remember when American Motors came out with the trim little Rambler and knocked the Detroit "Giants" on their collective ear? Overnight, big fins and fat land yachts went out of style. American Motors came along with the right cars at the right time and caught the competition napping. This year, almost half the automobiles sold are Rambler-size cars.

Round one to the "Giant-Killer." What next? New trend? Yes. For '66, American Motors again gets the jump on the big boys with a new rallying cry: Quality! A new kind of quiet quality that's built in as

standard equipment on every car in the line. This is the American Motors credo. Quality that's built in-not added on. First, determine what has to go into a car to make it stronger, safer, more dependable, more luxurious. Then put it there. Regardless of cost. Build it in.

Ready to be convinced? Ready to be surprised? Check this page for a preview of the 4 sleek challengers. New cars. New names. When you have finished, please get on your horse and go to the friendly Giant-Killer in your town, your American Motors/Rambler Dealer.

### 8 Friendly Ways Giant-Killer Builds Quality In!

 Double-Safety brake system. Every American Motors car offers you two hydraulic systems instead of one as standard equipment. Only one "Big 3" car does that:

2. Deep-Dip rustproofing. We don't just spray it on. We dunk the cars in it—clear

3. Three 6's . . . three V-8's: 199 to 327 cu. in.\* Power. Lots of it. Economy? Who else but Rambler American wins best mileage in the Mobil Economy Run year after year?

4. Advanced Unit Construction. Instead of bolting bodies and frames, American Motors welds them into one squeak-proof, rattle-proof unit. Quiet. Strong. Safe.

5. Ceramic-Armored exhaust system. Same principle space rockets use to resist intense heat. We put it in all our cars.

#### Women Injured **As Cars Crash**

Two Grosse Pointe women suffered injuries in an auto accident Thursday, September 30 which will confine them to Bon Secours hospital for two and a half to three weeks.

Josephine McKibbin, 975 Fisher, was driving on Waterloo with Helen Danaher, 959 Fisher, as her passenger when Jean Gasierek, 720 Ashland in Detroit, entered Waterloo from Rivard and hit the rear of their car. The impact caused Mrs. McKibbin to lose control and swerve across Waterloo into a tree, injuring the women and causing major damage to their car. The accident occurred in rainy weather, shortly afterr 4 p.m.

The other driver explained to police that she had halted at the stop sign on Rivard, but did not see the oncoming car when she entered the intersection. She was issued a ticket for reckless driving, but suffered no visible

Authorities at Bon Secours called the injuries received by Mrs. McKibbin and Mrs. Danaher "serious." Mrs. McKibbin was admitted with a fractured right leg, injuries to the left rib, and lacerations of the left arm and chin. Mrs. Danaher suffered a dislocated hip and lacerations of the forehead. Both women were reported doing well Friday, however.

#### **Burglar Robs Home in Shores**

The Frederick Auerts of 59 Putnam place, left home for a ew days, returned on Saturday, October 2, and were informed by Shores police that their home had been broken into on Wednesday, September

Police Chief Thomas Cochill said that the Auert residence was on the watch list, and that the previous day the home was checked at 5:35 p.m., and again at 2:20 a.m., by Patrolmen Stanley Otulakowski and Daniel Healy, at which time the officers found that the house had been forcibly entered.

The thief, or thieves, entered the house by smashing the rear door leading into a hall going to the kitchen.

On their return home, the Auerts took inventory and informed Shores authorities that

### COURAGE SITS TALL IN A SADDLE

#### WITH RACING'S LITTLE MEN

"All Right . . . Riders Up!"

Nine times each day, Bill Kelly barks the command in the Paddock at the Detroit Race Jourse. Jockeys in gay-colored silks quickly mount and take their thoroughbreds on to the track for another race.

It is an unending drama. I have watched it for more than 30 years. I never grow tired of it, for it involves fascinating and courageous

Little Men . . . they weigh between 100 and 110 pounds . . . and must handle, with ballet-like precision and skill, high spirited thoroughbreds whose weight is 10 times that. of their own.

The Jockey Colony at the Detroit Race Course always is an interesting one. We get a mixture of brilliant young apprentices on their way up, talented performers who have managed to establish themselves in a few

seasons, and true riding veterans. Few sports fans . . . even those who attend the races with some regularity . . . realize the amazing role jockeys play in their relation to stars in other sports.

Larry Snyder, a youngster who recently turned in one of the great riding feats in DRC history, when he had five winners in a day, doesn't get the recognition Detroit sports fans bestow on stars like Al Kaline of the Tigers, Joe Schmidt of the Lions, or Gordie Howe of the Red Wings. Yet, Snyder's earnings will match or exceed those of his illustrious counterparts. In the first eight months of 1965, Larry's mounts won \$502,506 and jockeys normally get 10 per cent of the purses they win.

Ronnie Campbell, who came off his father's farm at Fremont, Michigan, six years ago to

begin a brilliant riding career, recently scored his 1,000th victory.

Campbell made an interesting observation at the time. He said: "Few people realize how rugged and strenuous it is to ride a race horse. You could take the finest conditioned miler off a top college track team or an outstanding college professional football player, put him on a horse and let him ride in a race—and he wouldn't be able to catch his breath for the next hour!"

Among our riders this season are two veterans who rank among the all-time national leaders in total victories. Howard Craig went into this season with 2.595 victories in his 17-year career and Robert L. Baird had 2,543 wins for his 19 seasons. There are only ten riders in U.S. turf history who have ever won more races.

The colorful Little Men are among the many reasons you will find a visit to the Detroit Race Course interesting and filled

#### Parcells PTA Meets Oct. 8

"A Day in the Classroom" is the program slogan for the first Parent - Teacher Association meeting at Parcells Junior High School on October 8.

Parents will follow the actual Friday schedule of their children when classes begin at 7:30. teachers will discuss the basic course of study, instructional materials, and homework and grading policies.

During study halls and lunch periods parents may go to the gymnasium for coffee. Mrs. Robert Schueler, P.T.A. mothr vice-president, and the ninth grade room parents will serve refreshments.

#### **Woods Officers Rotate Training**

Woods Director of Public Safety Allen Andrews, Jr., announced a continuation of the rotation system in the Public Safety Department, whereby uniform officers undergo training in the Detective Bureau for broader experience in police

The director said that each officer is given the opportunity to work with the plain clothes detail for a number of weeks so that the officer has a better understanding of the job, and can be called upon in an investigative capacity, when and if

Sgt. Allen Selby and Patrolman Robert Setchell, who have completed their stint in the Detective Bureau, returned to the uniform ranks on Friday, October 1, and were succeeded by Sgt. Jack Mast and Patrolman Everett Plumb. Mast has served as detective sergeant previously.

The departmental rotation occurs every three months, but Patrolman Gerald Kensora has been in the Detective Bureau somewhat longer and is still serving with the Buerau. His tenure is indefinite.

Some officers have served from five to six months before being relieved, depending on the nature of the work involved, it was disclosed.

#### Candidate for the Arena

There are quite a few imbeciles in this world of ours who could easily merit the title of the meanest person, but the sadistic oaf who could top any candidate for the office, winning hands down, is the one who Friday night callously tossed a helpless black and white cat into the cold waters of Lake St. Clair. He then scurried off like the rat he is, and drove away in a red Mustang, license number unknown.

Fortunately, the incident was witnessed by Mr. and Mrs. Robert Weber, Mrs. Philip Van Zile and Edward Picard, who drove on the grass up to the breakwall in their car, so that the headlights of the automobile could shine out on the lake. The beam picked up the poor animal, struggling in the ice cold water.

8:00 p.m. Parents Without Partners — What P. W. P.

At that moment, Shores Patrolmen Leo Corradi and Daniel Healy pulled up alongside Weber's car, and the headlights of the police cruiser illuminated the scene more brightly. Corradi stripped off his gun belt and sidearm, with the intention of jumping into the lake to rescue the pitiful creature fighting to stay above water, but was persuaded not to. With Healy, Picard and Weber, who is former president of the Grosse Pointe Board of Education, holding Corradi by the legs, the officer was able to hang over the seawall and just grab the cat by

The others on the seawall took the animal from him. The cat did not struggle, seeming to sense that he was being helped. After the rescue, the frozen feline was taken to the Shores station and held there until someone from the Michigan Humane Society picked it up. The poor creature was suffering from head injuries and exposure. At the last report, the fate of the cat

The imbecile who perpetrated this cruelty was born a couple thousand years too late. He would have been a prime candidate for the arena, where many immeasurably better souls were tossed to the cats . . . big ones, like lions. He would have been a sure winner there too . . . of the thumbs-down signal from the roaring crowds.

The original Newcomers . . . became Old Residents long ago, the newest Newcomers are still in the process of familiarizing themselves with Pointe life, but everyone who has been or is now a Newcomer is making plans to attend the dinner dance celebrating the 20th Anniversary of The Newcomers Club of Grosse Pointe, Saturday, October 16, at the Detroit Yacht Club . . .

... It hardly seems possible that a full 20 years have elapsed since an article first appeared in the NEWS, announcing that: "Tentative plans are being made this week for the formation of a Grosse Pointe Newcomers Club for the purpose of getting new residents acquainted with other newcomers who have moved here from outside the Detroit area during the past year. A non-profit, purely social organization, the activities of the club will depend upon the interests, hobbies and desires of the members . . ."

.. And, after 20 years, Newcomers' purpose and activities are still purely social. It is an unpretentious organization; it exists to bring people together, and to let people, together, make their own fun. It is a successful organization; the loyalty and affection Newcomers and Newcomers Alumni — exhibit when they talk about "their" Club proves its success . . .

. . Members of Newcomers' original organizing committee were the Bennett Burgoons, Jr., the Cliff L. Lundgrens, the Frank P. Listers, the Allen D. Walters, the R. P. Nears and the W. A. Naragons. Two of the couples who served on this original committee are helpchairmen Mary Jo and Bennett Burgoon . . .

Stay With House

One unfortunate aspect of incorporating their own fixtures and accessories in their house The Kimbroughs' dining room is that when the house is sold, fixtures and built-in accessories usually go with it; people tend to like the Kimbroughs' taste.

Dick Kimbrough definitely wanted his newest house to "look old," and he has succeeded so well that people ask him when he is going to be through "tearing down that old gate house." With workmen and landscapers still busy about the place, it IS hard to tell whether the house is going up or coming

#### Open Letter to the **Grosse Pointe Woods** Dept. of Public Safety

Dear Alan Andrews, Jr., Director

The lateness of this ad in no way affects my gratitude for the wonderful way your department responded to my lightning fire - the promptness from the time lightning struck at 9:05 p.m. to the time of arrival 2 minutes later.

The care and consideration is entering and putting out the fire and protecting my property from damage, the carefulness in checking for personal and property damage was far beyond the call of duty. And the most wonderful thing was the personal sympathy and offers of post-fire help from members of the police and fire departments . . . I am lucky, grateful and humble to live in a city that has people like you.

Thank you again, Carl Joyner
