Erratic Driving Leads to Arrest

Donald Edward Fuggerson, 5202 Crane avenue, Detroit was taken to the City Police Station on Friday, February 10, after officer Richard Lanski observed his car traveling erratically over the white line on East Jefferson.

The officer also observed that a passenger in the back seat of the vehicle, Leonard Fuggerson, 619 Joseph Campau, was attempting to assist Donald Fuggerson in steering the car.

After being appraised of his rights under the Miranda amendment, Donald Fuggerson was charged under the drunken motor law and held in lieu of \$100 cash bond.

Leonard Fuggerson was immediately released. Donald Edward Fuggerson was released, after posting bond.

Robert B. Semple Chosen To Head '67 Torch Drive

Grosse Pointe Robert B. Semple, president of Wyandotte Chemicals Corp., has been named general chairman of the 1967 Torch Drive.

His appointment to direct the world's foremost united campaign for health and community services was announced by Wendell W. Anderson Jr., president of the United Foundation.

Anderson, president of the Bundy Corp., said the UF officers chose Semple for Detroit's leading volunteer post "because of his wholehearted devotion to community endeavors and his outstanding accomplishments in behalf of previous Torch Drives.

He added: "We are delighted that he has accepted this most important position and is willing to contribute his time and talent so generously."

At a press conference called to announce his appointment, Semple paid tribute to the 1966 general chairman, Ben D. Mills, Ford Motor Co. vice president, purchasing.

"Mr. Mills set a record for fund raising that will be difficult to equal, much less surpass," he said. "According to the final report, his campaign raised \$27,492,355, an amount no other community has been able to approach in a single drive."

Semple indicated his first concern as campaign general chairman will be to select leaders for the drive's solicitation and promotion units.

"The success of the Torch Drive depends on leadership," (Continued on Page 2)

Falls Short Of Standards For Health

City Officials Warned Corrections Must Be Made Before Facility Used

The Park council completed its official business, including the filing of a letter from the Michigan Health Department pertaining to the waterfront pool, in just 16 minutes, on Monday, February 13, shattering a previous record established last fall by two minutes.

Presiding in the absence of Mayor Matthew Patterson was Councilman Robert Hutton, the mayor pro tem. Also present were Councilmen Charles Bowerman, John Doelle and George Verdonck, who attended, although he suffered an injured back, so that the quorum requirement could be met.

Absent besides the mayor were Councilmen Charles Ives and William Luedders.

A new law on swimming pools, Act No. 230 of the Public Acts of 1966, may block the Park's use of the pool at the waterfront park, during the coming swimming season.

Council Hears Letter A letter addressed to City Manager Robert Stone, from the Department of Public Health in Lansing, was read to the council by City Clerk Charles Heise, and filed. It was received from T. L. Vander Velde, chief of the Section of Water Supply Division of Engineering, and bore the signature of Paul D. Hodges, chief of the Public Swimming Pool Unit. A copy of the new law attached to the letter.

Part of the letter reads: "Our records on this pool are incomplete, but do indicate that it is substandard and does not meet our minimum design standards. This is further confirmed in the letter of December 2, 1966 from Mr. Glenn Brown of the Wayne County Health Department to Dr. K. E. Pitts, a copy of which letter was sent to you.

"If further use of the pool is desired, arrangements will need be made for upgrading the facilities. Although the swimming season is still many months away, this would seem none too soon to begin arrangements for that.

Meeting Suggested "If there are any plans for using this pool this year, we would suggest that we and representatives of the Wayne County Health Department meet with you folks to actually see the pool and determine what course of action should be undertaken."

The health officials asked the Park officials to appoint representatives and to set a date for a meeting to discuss the problem.

Hutton appointed Verdonck, Stone, City Attorney Richard Rohr, Public Service Director Herbert Heger and Thomas Reynolds, parks and recreation director, to meet with the state and county agents. The date of the conference was left up to the city manager.

Bond Issue Defeated Possible curtailment of swimming at the municipal park, located at the foot of After road, was feared by the city officials, when last November 8, Park taxpayers turned down a million-dollar bond issue by a vote of 3,154 to 1,502, which would have been used to raise funds for improvements to recreational facilities in both the Waterfront and the Three Mile Drive Parks, including a new swimming pool in each park.

The existing pool was built 30 years ago, and once was the envy of surrounding communities. Today, it is old, septic. Raw lake water must be pumped into the pool, and chemicals added to keep the bacteria count down. The facility has no filtration system.

State and county health officials have threatened to close down the pool because it does not meet with present-day sanitary requirements.

BURNING ODOR TRACED

City firemen responded with all apparatus on Sunday, February 12, to the home of the Minard Mumaws, 748 Lakeland avenue, after receiving a report of a burning odor in the house. Upon arrival firemen checked all electrical appliances and motors in the house and discovered the odor emanating from the furnace motor. Mr. Mumaw was advised to call a furnace repairman.

Seeks Owner

"Orphan" sat in front of the fire in his foster home in Neff road, whining for his master, who was nowhere to be found. His sympathetic rescuer, Marie Chalmers, looked helplessly at "Orphan," all her efforts to find his owner had been fruitless.

"Orphan" was found near Seven Mile and Mack avenue by Mrs. Chalmers on January 31 at the peak of the cold wave. He was lost, cold, hungry and blind in one eye. Mrs. Chalmers didn't have the heart to leave him out in the cold so she took "Orphan" home. She then proceeded to run ads trying to locate his master, but it was to no avail.

"Orphan" still stares out of the window expectantly . . . but no one has come to claim him. He is a very well cared for dog and obviously comes from a good home. He is a real gentleman!

A very worried Mrs. Chalmers came into the NEWS office asking for our help in locating "Orphan's" owner . . . so if any of you readers have seen "Orphan" before, or know his owner please call 882-9425 and you'll make a homesick dog very happy

REPORTS \$850 LOSS

Michael McDonald, 19, of 1388 Somerset, a gas station attendant, reported the loss of \$850, possibly in a taxicab, as he was enroute to a destination in the Shores on Monday, February 13. He said he boarded a Park cab in front of his home, and did not discover the money gone until he arrived in the Village. The report was received by Park police, who are investigating. The money is the day's gasoline receipts, it was said.

Demand Ups Classes for Car Drivers

High School Sessions Will Start at 7 a.m. Six Days Per Week This Summer

By Karen Ulmer

Because of the large number of students who wish to take driver education, three sessions of the course will be offered in summer school at Grosse Pointe High this year instead of two as in previous years.

This will allow the enrollment of approximately 250 more students than would have ordinarily been possible.

Classes will meet six days a week. The addition of Saturday classes was the only way to accommodate the additional summer session.

Start at 7 a.m. With the first class starting at 7 a.m. and the last at 6 p.m., class periods will be an hour and a half long.

James Sando, Grosse Pointe High School's driver education coordinator, offered a guideline for parents and students, giving them an idea of the chances of getting into the summer classes.

In order to enroll in the first session—starting June 19 and ending July 13—a student must be 16 years of age by June 30, 1967.

Students wishing to enter the second session—July 14 to August 7—must be 16 by January 30, 1968.

The third session—August 8 to August 31—is open enrollment.

First Church of Christ Scientist, of Farms Opens New Building This Sunday

Classical Modern Structure in Chalfonte Avenue Erected at Cost of \$200,000; Visitors Invited to Attend Service

A lovely new church, First Church of Christ, Scientist, Grosse Pointe Farms, opens its doors to visitors at its Sunday service February 19. The morning worship service will be at 10:30 a.m.

The single-story, grey stone church located at 282 Chalfonte avenue near Kerby road is of classical modern architecture. Its gentle curving exterior expresses grace, simplicity, and quiet dignity.

The auditorium, done in modern classic motif, seats 240. The colors of the room are green-gold, and the soft hues are enhanced by indirect lighting.

The focal point of the auditorium is the Reader's platform at the front of the room, which features a desk and high-back chairs for the two Readers.

Has Green-Gold Theme The green-gold theme is carried throughout the decor. The backs of the platform chairs are gold velvet. The pews are olive-stained and have gold velvet pads. A pale green carpet covers the entire auditorium.

The custom-designed draperies which have hand-screened green borders on an ivory antique satin background, contrast with the light green walls. A floral design of acanthus leaves is repeated in the carpeting, the pews ends, Readers' desk, draperies and platform chairs.

The foyer of the new church has a modern classic design and features classic-style benches.

Sunday School Room

A circular lobby off the foyer leads into a large Sunday School room. The Sunday School room expresses a garden-like atmosphere with gaily flowered draperies on pale yellow walls with

grass green wall-to-wall carpeting. Other rooms in the church include an infants' room, Readers' and soloist rooms.

The building is heated by a combination hot water and filtered air system which also provides ventilation and air conditioning.

The church's architect is Harold H. Fisher and Associates. The interior appointments are by Deboard of Grosse Ile.

First Church of Christ, Scientist, Grosse Pointe Farms, is a branch of The Mother Church, the First Church of Christ, Scientist, Boston, Mass. It began in 1953 when residents of the Grosse Pointes, interested in Christian Science, began to hold informal services in Kerby School, Grosse Pointe Farms.

Recognized in 1954 The group was formally recognized in 1954 as Christian Science Society, Grosse Pointe Farms. In October, 1955, the name was formally changed to First Church of Christ, Scientist, Grosse Pointe Farms, Mich. The same month the church opened its first public Reading Room at 93 Kercheval avenue.

In October, 1958, the Reading Room was moved to its present location at 19613 Mack avenue. In November the services were moved to the Fries Auditorium of the Grosse Pointe War Memorial where they continued to be held until last week.

The new church was constructed at a basic cost of \$200,000.

Sunday morning services are held at 10:30 and Wednesday evenings at 8.

Center Sets Blood Drive For Feb. 23

Bank at War Memorial Empty; Donations Can Help Organizations or Benefit Individuals

Two American Red Cross bloodmobile units will set up at Grosse Pointe War Memorial Thursday, February 23. They will be ready to receive donations of much needed blood from 9 a.m. through 9 p.m.

With two eight-bed units set up in the Center's Crystal Ballroom, a minimum of waiting should be experienced. Appointments for donations, however, are really necessary for smooth operation of the blood bank collection.

Appointment cards may be obtained and filled out at the various Grosse Pointe churches participating in the Blood Council and at the Grosse Pointe War Memorial office.

Must Be Refilled

The Grosse Pointe Community Blood Bank, maintained by Grosse Pointe War Memorial for immediate free loan to any citizens in case of emergency, is empty and must be refilled. Many church and other organizations' banks are very low and need building up.

This collection in the immediate neighborhood is also an excellent chance for friends and relatives to contribute to an individual in need.

Baby sitters are provided for mothers who wish to contribute and transportation to the Blood Bank may be arranged by calling the Center—TU 1-7511.

Volunteers Help

History is speedily taken by volunteers of the Grosse Pointe Woman's Club and members of the Grosse Pointe Youth Council and Junior Red Cross serve in the recovery room.

All adults up to age 60 may give blood unless in stages of advanced pregnancy or victims of hepatitis. Absolutely no harm results to the donor and his gift often saves a life. Older teens may donate with their parents' written permission. It is the aim of this Grosse Pointe Blood Collection to obtain between 200 and 300 pints of blood.

Three Pointe Youths Hurt, One Critically, in Smashup

Three teenage Park boys were injured, one critically, when the car they were riding in went out of control on Saturday, February 11, and crashed into a tree on Merrivether, at Charlevoix. All were trapped in the vehicle and had to be freed by police officers dispatched to the area.

The 16-year-old boys at the scene who refused to obey a police order to move away from the wrecked car, and who fought and cursed at officers, had to be forcibly subdued and handcuffed and taken to the Farms station. Charges of interfering with police officers in the performance of their duties have been filed against the pair with Juvenile Court authorities.

Farms Police Chief Jack F. Rob said.

Two Shores patrolmen, Thom-

as Zoia and Ronald Forth, who had been dispatched by their station when Farms authorities asked for assistance, were injured in the scuffle with the juveniles. Zoia's uniform buttons and badge were ripped from his jacket. The policemen were treated at Bon Secours Hospital.

 Reese Larson, 16, of 15324 Windmill Pointe drive, suffered facial lacerations, and were treated at Cottage Hospital.
 Farms Patrolmen Otto Glanert and Philip Miglio were dispatched by radio to Merriweather and Charlevoix, in response to a car accident report. On arrival, they found the vehicle virtually "wrapped" around the tree, and its occupants trapped inside. The policemen called for assistance, and an ambulance.
 More officers were dispatched from the Farms station. Further call for help saw policemen arriving from the City, Woods and Shores. The Woods dispatched a second ambulance, on request.
 In a report to their chief, Thomas Cochill, Shores Patrolmen Zoia and Forth said they arrived at the accident scene, and found two young males with their heads inside the wrecked car. When the youths were ordered to move to permit rescue efforts, the boys became obnoxious and began using foul language, the officers said.
 When the juveniles were placed under arrest for failing to obey a lawful police order, they began to curse and swear and to fight with the officers, and had to be forcibly subdued and handcuffed.
 Zoia was kicked several times in the groin by one of the teenagers during the struggle, and Forth was kicked once in the groin and knee and also suffered a cut on the hand, and a slight head injury.
 In the rescue effort, Glanert crawled through the rear window of the accident vehicle, and forced the front and rear seats apart to enable Waltensperger and Larson to free themselves. The youths were assisted in getting out of the car by helpful policemen.
 Stockard's left leg was pinned between the seat and the left door, which was crushed inward, and a crowbar was needed to pry the door away from the youth's broken limb before he could be freed.
 The cause of the accident is still under investigation, authorities said.
 Chief Roh said that the two 16-year-olds who battled police, were scheduled for a hearing in Juvenile Court yesterday, February 15.
 Assisting at the accident, were Sgt. Eugene Boylan and Det. Francois (Joe) Belanger, City Patrolmen Richard Lansky and William Plumb; Shores, besides, Zoia and Forth, Patrolmen Stanley Otulakowski and Chester Painter; and Woods, Patrolmen Martin Trombley and Bruce Marone.

Semple Shosen to Head Torch Drive

 he said. "I shall begin immediately to pull together another winning team of industrialists, labor leaders, business and professional men, and housewives from all areas of our metropolitan community."
 He said more than 130,000 volunteers will be needed to carry the Torch Drive message to contributors in Wayne, Oakland and Macomb Counties.
 Approximately 60,000 of these will be housewives to ring doorbells in the residential campaign. Other volunteers will call on fellow workers in factories, offices and stores.
 To promote the 1967 drive, Semple will call on hundreds of the community's top advertising, public relations, press, radio and television people.
 He will give final approval to the newspaper advertisements, posters, and radio and television announcements used during the campaign.
 The general chairman also will approve the 14-minute color appeal film produced before the drive for viewing by more than a million Detroiters in meetings, theaters, and on television.
 The new general chairman's personal success story parallels Torch Drive history. Both came on the Detroit scene in 1949 and immediately rose to national prominence.
 Semple was elected president and chief executive officer of Wyandotte Chemicals Corp. that year at age 39. He already had become director of general development at Monsanto Chemical Co. in his home town, St. Louis.
 In his 17 years as chief executive, Wyandotte Chemicals Corp. has expanded its markets nationwide and in several foreign countries. Sales have tripled.
 Likewise, the Torch Drive, with which he has been identified since its first campaign in

1949, has tripled both in the numbers who volunteer and the funds raised.
 For its initial campaign, the UF brought together 35,000 volunteers to collect a total of \$9,247,000 for 143 health and community services. The number of services participating now has grown to nearly 200.
 Semple has been a member of the UF board of directors since 1953. He was Torch Drive co-chairman for chapter campaigns last year.
 He is also a director of Chrysler Corp., American Natural Gas Co., and the National Bank of Detroit.
 He is a trustee of Atlantic Mutual Insurance Co., the Committee for Economic Development and the National Industrial Conference Board, and a past chairman of the Manufacturing Chemists' Association.
 Active in Detroit civic affairs, Semple is president of the Detroit Symphony Orchestra, a director of the Economic Club, and a trustee of Harper Hospital and Citizens Research Council of Michigan.
 He is a member of the Council of Detroit.

try Club of Detroit, Detroit Club, Detroit Athletic Club, Grosse Pointe Club, and Yonotega Club.
 He also belongs to the Links and Sky Clubs of New York City, St. Louis Country Club, the Bohemian Club of San Francisco, and Metropolitan Club, Washington, D.C.
 Semple holds a master's degree in chemical engineering from Massachusetts Institute of Technology.
 With his wife, the former Isabelle Ashby Neer, he lives in 304 University place. The Semples have five children and six grandchildren.

We'd ask you to compare it... but with what?

Comparing a Cadillac has always been a problem, for the car has long been clearly in a class of its own. In 1967, the challenge is even greater... because Cadillac has never before shown such convincing leadership.
 Start with beauty. Cast about for a luxury car contender that can list such styling advancements as Cadillac's dramatic new roof line, its forward sweeping front design and its graceful and flowing side contours. Then consider that there are eleven exciting examples of this kind of Cadillac beauty... as well as the totally new Eldorado, the world's finest personal car!
 Consider also the incomparable newness of Cadillac's beautiful interiors and their unexcelled safety and convenience. There are passenger-guard door locks, a hazard warning system, latches that hold folding front seats securely in place and dozens of other safety features.
 And, of course, there's performance. There's nothing else smoother than Cadillac's V-8 power; nothing else easier than Cadillac's improved variable ratio power steering; nothing else steadier on the highway.
 The 1967 Cadillac has been accorded the greatest reception in luxury car history and it is far and away the most popular Cadillac of all time. We'd like to suggest you visit your authorized dealer and measure Cadillac against your own motoring requirements. It's the only valid comparison test for the Standard of the World.

Tell Dog Owners To Get Licenses

Park residents owning dogs, are reminded that licenses for their pets must be obtained, warned Police Chief Arthur Louwers.

The chief cited a city ordinance which requires that all dogs attaining six months of age must be vaccinated, and at four months must be licensed. Owners of such pets must present a valid vaccination certificate when making application for 1967 dog licenses, and must bring the certificate with them.

New dog licenses are due on January 1 of each year, and those who have not yet obtained tags for their canines, are in violation of the law, the chief said.

Final notices have been sent to all dog owners of record, who have not yet complied with the ordinance. After a reasonable time, if an owner has not fulfilled this obligation, he will receive a violation ticket and be subject to legal action.

Licenses may be obtained in the Violation Bureau, Room 3, on the second floor of the Municipal Building, Jefferson and Maryland, Mondays through Fridays, 8 a.m. to 5 p.m.; Wednesdays, to 6 p.m.

Park dog owners are urged to cooperate in this matter, and avoid violation tickets, which might cause considerable inconvenience to the owners.

Woods Ordinance Hearing Slated

The City of Grosse Pointe Woods will hold a public hearing on Monday, March 6, at 7:30 o'clock at the Municipal Building, 20025 Mack avenue, upon the proposed amendment to the zoning ordinance, as adopted on November 3, 1952.

The amendment would change the ordinance so that the storage area in a building would be computed in the number of square feet required per parking space. In the past the storage area was not included in the number of square feet required per parking space.

In other words, for the purpose of the ordinance, "Floor area" in the case of offices, merchandising or service type of uses, shall mean the gross floor area of the building which shall be arrived at by using the outside dimensions of the building, less the area comprising the exterior walls only.

The ordinance would take effect 20 days from the date of its enactment.

Boy Breaks Leg In Bike Accident

A 12-year-old City boy, riding his bicycle, was struck by a woman motorist on Thursday, February 9, according to a Park police report.

John M. Seranton, 391 Washington road, was conveyed to Bon Secours Hospital by police ambulance, suffering from a broken leg.

According to an accident report, the driver of the car, Mrs. Mary F. Griffin of 9132 Martindale, Detroit, was traveling west on Kercheval, when John turned in front of her at the traffic light located between Defer and Pierce Junior High Schools. The boy was knocked to the pavement.

Mrs. Griffin, and the boy, who is a student at St. Paul School, both refused to make any statements. However, the woman was found to be not at fault.

John was given a Bicycle Violation ticket, which he must present to his parents.

His bike was damaged by the impact with the automobile and the fall to the pavement.

Pierce School Giving Plays

Students of Pierce Junior High School will present their spring Evening of Plays early this year—tomorrow evening, Friday, February 17, in the school auditorium at 8 o'clock.

Two one-act plays will be performed. The first, "Easy as Pie," presents these students in the cast: Lori Griffith as Mary Lou Miller, Karol Kotowski as Betsey Miller, Bill Horvath as Perry Milton, Tom Kimmel as Eddie Traversa, Donna Mueller as Louise Maverick, Liz Gregory as Mimi Farwell, Betsy Harmonson as Lila Lancaster, Bill Champion as Kenneth Leigh, Mary Hughes as Aunt Samantha, and Vicki Large as Mitzi.

During the intermission, several musical groups will perform, complete with guitars and amplifiers. At press time, final selections had not been made, but student interest drew a large crowd at try-outs last week.

Following the intermission, the second play will be presented, "Glamorous Gloria." In the cast are Penny Blank as Florence Hall, Candy Lee as Juliet Hall, Jeff Montgomery as Jerry Hall, Pat Ryde as Mrs. Hall, Tom Horvath as Bill Crosby, Betsy Todd as Gloria Glover, Rick Schott as Walter Glover, Barbara Gilstorf as Mrs. Glover, Leslie Evans as Linda Dawson, and Bob Bowerman as Neil Dawson.

Any good performance requires the help of many people working backstage. The unseen stagecrew on Friday night will be Bill Taylor, Marc Oglevie, Ray Phebus, Debbie Adelperger, Lynn Ryckmann, Barbara Lounsberry, Tom Fischer, Jim Biasell, Bob Bowerman, Alec Donnell, Bruce Kaselitz, and Bill Zeidler.

John Mason is again serving as director of the entire production. Tickets may be purchased at the door.

Library to Show Film on Toronto

This program is planned by the Audio-Visual Department of the Grosse Pointe Public Library a division of the Grosse Pointe School System. Due to the splendid reception these programs have had, the library is continuing them.

There will be a film on Toronto showing the renowned Casa Loma, the Exhibition Park, the city as well as the places of scenic beauty surrounding it. The other film will be a unique travelogue on the enchanting island of Bermuda.

The general public is cordially invited to attend this series and there is no charge.

The Audio-Visual Department would also like to call attention to its large collection of non-book material which is available for loan to anyone having a Grosse Pointe Library card.

Why some men sleep better ... than others

The worries of the night run deep. For questions pursue a man even in his sleep. "What will happen to my family if something happens to me?" he asks.

"Will there be enough money for college, a daughter's wedding, enough for my wife's basic needs?"

Most men sleep better with worries like these behind them. And you can too. Phone the City National Bank Trust Department, 965-1900, Penobscot Building, Detroit. We'll help you and your lawyer build a trust plan that protects the future of your wife, your children, and yourself.

Until last week Virginia Murray had to wait for an invitation before she could watch color TV.

Then she opened a Ready Money Account.

It used to be she had to take the bus out to her brother's house and sit there with all her little nieces and nephews and practically have to bite her tongue to keep from saying something. But darn it, Virginia really loved Color TV. Last week she used Ready Money to get her own set. Ready Money is a personal line of credit, an account with anywhere from \$400 to \$4000 in it earmarked for you. It's yours to use as you wish: for major expenditures, insurance premiums, taxes, home emergencies, unexpected purchases, almost anything. And it costs you nothing until you use it.

If something does come up and you write a Ready Money check, you pay the amount back in small budget-friendly monthly installments. Ready Money is less expensive than many other forms of credit. And as you repay the amount you've spent, your account builds up again, so you can use it over and over. The checks, by the way, are free. They're good anywhere. Maybe you already have color TV. But, like we said, you can use Ready Money any way you want. And it's nice to have it, just in case.

Following refreshments, Mrs. T. B. Stedman, spokesman for the Parent Education Associates, will introduce the movie, after which individual groups will meet for a short discussion of it. Must Be Record For Family Plan

The family plan has become the "in" way to travel of late. Delta airlines has offered this middle of the week style of traveling for over a year, but never, no never, has anyone taken advantage of their family plan the way the James L. Petz family of W. Ballantyne road have. The Petz family business is the Morley Candy Company, and when their peak Valentine Day season was over they decided on a vacation in the sun. So they arranged to fly non-stop fan jet to Miami on Tuesday February 14. The family includes: Mr. and Mrs. Petz, (she's the former Grace Morley), Mary, Donna, Susan, Janice, James, Julie, Mark, Joyce, Theresa and Joseph. Count 'em; there are twelve in all... traveling for the price of five! When the Petz family flies FAMILY PLAN, they MEAN FAMILY PLAN! The fellow who makes good resolutions should always carry a repair kit in his gear.

200 Pointe 'Groups' Busy Playing Music Teeners Love

By Pepper Whitelaw
What is a "group?" A group is a combination of musicians that play the kind of music the teenagers (and many adults) love. Here in The Pointe we have a number of "groups" that play commercially all over the city of Detroit and in Canada. They play the sound that the teenagers really feel.

The teenagers who belong to these groups work long and hard working out arrangements and practicing them. Some of them even write their own songs. We have many successful groups that are already established and others that are in the process of blossoming forth into what is called "a going-group."

Among those who have already made their mark around the Detroit area are "The Wanted" composed of Chip Steiner of Touraine road, Bill Montgomery of Washington boulevard, David Fernstrum of East Emory court, Ernie De-Clark of St. Clair Shores and Tim Shea of Lochmoor boulevard.

Chip, Bill and David go to Grosse Pointe High School and Tim and Ernie attend Austin Prep. All the boys are 16. The group plays an organ, guitars and drums. They have been together a year and a half and already have made two recordings, on the Detroit Sound label. The records are called, "Teen World" and "In the Midnight Hours." On the flip side of both these records is a tune written by the group called "Here to Stay."

"The Wanted" have been featured at Cobo Hall and appeared several times on "Swinging Time" television show. They have also played at the War Memorial, The Chatterbox, and for many private parties and fraternity affairs. Dave and Bill also play at the Fort Street Presbyterian Church for the "Teen and Twenty Chapel." This is a group that meets once a month for a worship service. The hymns are set to rock and roll music... you can believe they get quite a turnout.

The "Aristochords" are a newly reorganized group just coming into their own. They are all set now after their reorganization to play the teen circuit. Their arrangements are good and their enthusiasm is boundless. John Wolf of Newcastle avenue is on the drums, Jim Couvaut of Littlestone road is on the rhythm guitar and sings, Gary Haalewyne of Stanhope road is on the lead guitar and Rob Green of Stanhope road is on the bass guitar. All the boys attend Grosse Pointe High except John, who attends Bishop Gallagher. They range in age from Rob, who is 16, to Gary, who is 18. They are a group you'll be hearing lots more about.

On the feminine side of the picture, The Pointe has some girl "groups." Included among these are "The Little Sisters." Four of the girls go to GPHS and one attends Our Lady Star of the Sea. They play the drums, piano and three guitars.

Four of the five girls sing. They specialize in rock and roll but play many slow numbers too. The girls formed their "group" in the spring of '65 and have been very much in demand ever since.

Members of the group are: Mary Lynne Chapel of Lincoln road, Diane Dammon of Berkshire road, Sue Crawford of Paget court, Carol Neumeyer of Rivard boulevard and Mary Lou Morgan of Yorkshire road. The girls placed third in the Teen World Contest—in a competition that included over 100 bands. They play for the University of Detroit, University of Windsor and in schools throughout The Pointe as well as for the Teen Center in Birmingham and throughout Canada.

"The Pleasure Seekers" is a group that includes Pat Quatro and Sue Quatro of Allard road, Arlene Fenn of Fairfield, Nan Ball of Oxford road and Eileen Biddlingmeier of Hampton road. Nan attends the University of Michigan, Sue goes to GPHS and the other girls are out of school.

They have been together for almost two years. Sue is the lead singer and they have three guitars, drums and an organ. They have played at the Fifth Dimension, The Hideout and many college dances. They are booked to play the Roostertail in the spring. Their future looks bright with a recording date in the offing. The girls range in age from 17 to 24.

The "group" sound started in 1953—basically called at that time rhythm and blues. In 1957 The Beatles appeared on the scene and then in 1960 they hit it big and opened up the field for other "groups." Today in the Detroit area alone there are about 2,000 such groups. Here in The Pointe we have, would you believe, over 200?

Folks who take time to live have found the secret of success.

High Schools' Grant Shaved

About \$250 will be shaved off the original \$1000 that Grosse Pointe High School was to receive under the Vocational Act of 1963, by the recent U.S. Congressional expense cut-back.

Mrs. Frances French, the head of the business department, recently attended a conference to determine how the cut will affect the experimental research and development program now being used in the secretarial courses.

The program has been set up under the leadership of Michigan State University. Under this program classroom situations are turned into office situations as often as possible. The students have a block of two to three hours a day of secretarial courses, and are encouraged to work independently.

Library Offers Underwater Film

The third program of the 1966-1967 Friends Film Forum co-sponsored by the Friends of the Grosse Pointe Public Library and the Grosse Pointe Public Library will be shown on Friday, February 17, at 9:15 p.m. in the Main Reading Room of the Central Library. This Film Series is planned for adults and provides opportunities to view unusual films of special merit.

THE SILENT WORLD is the film for the evening and contains magnificent underwater pictures made by Louis Malle. It is a French picture directed by Jacques-Yves Costeau and Louis Malle, the narration is French-English and it was photographed by Emond Sechan.

Captain Costeau, one of the world's foremost experts on the newly-invented underwater area of our globe and one of the inventors of the aqualung, together with the crew of the Calypso, takes us on an exciting underwater voyage of discovery beneath the Persian Gulf, the Red Sea and the Indian Ocean. This masterful scientific documentary color film took three years of painstaking work to film.

"Surely the most beautiful and fascinating documentary of its sort ever filmed," New York Times.

PTA at Defer Meets Feb. 21

A panel of five specialists will discuss the Grosse Pointe Public School System's special education and special services program at the Tuesday, February 21, meeting of the Defer Elementary School PTA.

Defer Principal Jesse Lowther has pointed out that one-out-of-two students enrolled in the system, K through 12th grade, will avail themselves of these special services at one time or another during the course of their schooling.

"When your child has a problem," Lowther said, "where can you turn? Our school system is prepared to offer assistance in many of these cases and we think more people should know what's available to them through these programs."

There are nine of the special education and special services programs offered by the Grosse Pointe System, Lowther said, and many more are available through a liaison with the Detroit schools and Wayne County agencies.

The panel members who will be discussing the Whos, Whats, Whys and Wherefores of the various programs are: School Nurse Dorothy Albright, Speech Therapist Florence Lightfoot, School Social Worker Owen Clinton and others. The Panel will be chaired by Dr. Will Sosnowsky, head of the psychological testing department of the Grosse Pointe Schools.

In addition to the panel discussion, there will be an exhibition of recent school activities and acquisitions. Refreshments will be served.

Church to Honor School Workers

Faith Lutheran Church, East Jefferson and Philip avenue, will honor all past and present Sunday School workers Sunday, February 19, at duplicate services at 8:30 a.m. and at 11 a.m. This special occasion will be a part of a year-long series of 50th Anniversary Festivals. Rev. Clyde E. Showalter of Tustin, Calif., will be the guest speaker.

Pastor Showalter served Faith Church from 1948 to 1956 when he began a mission church in Tustin. Under his leadership, that congregation has grown and has recently dedicated a new sanctuary. Pastor Showalter is remembered here for his inspiring work with all youth.

The Faith Church congregation invites all who have ever served as teacher, superintendent, board member, or office worker to this special service. In addition to the regular church services when Pastor Showalter will preach, the Sunday School will welcome visitors to an Opening Worship Service at 9:45 a.m.

Following the service at 11 a.m. the congregation will greet its special guests and friends at an informal reception in the Fellowship Hall.

Outing Enjoyed By Boy Scouts

Boy Scouts from Troop 61, St. Paul's Catholic Church, recently attended a mid-winter camp-out at Boy Scout Camp D-Bar-A, Metamora, Mich.

This very cold but exciting camp-out was attended by Mark Collinson, Michael Drysdale, David Eagan, Philip Eagan, Rudolph Gross, David Jensen, Daniel Jensen, Ted Kulka, William Murphy, Alfred Pennington, Stephen Rieli, Patrick Rooney, Kenneth Schmuckle, John Schmuckle, Paul Schumacher, John Scranton, John Seaver, Joe Simon, LeeRoy Temrowski and Christopher Wilson.

Several other Detroit Areas Scouts were also at the D-Bar-A Camp, but only Troop 61 had the courage to camp in tents, which was a wonderful experience for the boys.

Scoutmaster Howard Penning also camped out with the scouts. Those boys wishing to participate in such scouting activities are invited to call Howard Pennington at TU 5-9489.

Cinema League To View Alaska

The Grosse Pointe Cinema League will meet at 8 o'clock February 23, at the Grosse Pointe War Memorial for a fascinating look at America's biggest state: Alaska.

The presentation, "Alaskan Movie Trails," is the work of Kodak. The 16mm. color sound movie, photographed and narrated by Charles Kinsley and Jack Streb contains many tips to aid the viewers in making better pictures.

It gives an exciting look at the people, places and customs of Alaska from the southern Panhandle to the Arctic north. There are shots of Haida Indian dances, colorful totem poles and sport fishing in Alaska's southern region, furs, jade, and ivory in the capital city of Juneau, visits to a gold-rush saloon and Mendenhall Glacier, shots of homesteading outside Anchorage, wildlife in Mt. McKinley National Park and gold dredging in Fairbanks.

At Nome, permafrost keeps the ground frozen 90 feet deep and water from the town's one well is delivered by truck because pipes can't be underground.

The first stop north of the Arctic Circle is Kotzebue, second biggest Eskimo village in the world, where the film shows Eskimos butchering their catch of white whales on the beach. The trip ends at Point Barrow—the "top of the world"—where the Arctic Ocean is still frozen at the end of June, and finishes with a nalagatuk, or whale feast, held in the light of a sun that doesn't set for 84 consecutive days in the summer.

Throughout the film, on-the-spot recordings of Indian chants, Eskimo dances and animal sounds add realism.

Modernizing?

New Heating System?

**Decisions.
 Decisions.
 Decisions.**

(May we help you with an important one?)

Your choice of a heating system is one you'll live with for a long time. So, naturally, you'll want to make sure you get a system that won't cost too much to own. That's where our new electric heat guarantee comes in.

Here's how it works: We'll see that you get a written estimate of heating costs—before you buy. Then, your monthly bills may be less, but they won't be one cent higher than the estimate. We guarantee it.

If the installation needs adjustments to meet the guaranteed cost figure, we'll see that it's done. And if at the end of three complete, consecutive heating seasons the system is still not operating within our estimate, we'll remove it and refund your money.

Before you make any more important modernizing decisions, get the facts on modern electric heat. You can't lose!

Jimmy Matthews has a down payment ready for a summer cottage.

He put all of it into an NBD 90 day time certificate.

Jimmy made a smart move. By investing \$1000 or more in a 90 day time certificate, he'll earn five percent annual interest. And get these options. Either he or the bank can redeem his certificate at the end of each 90 days. Or if it's renewed automatically, he can let

his interest grow and earn five percent on top of five percent. If you've got \$1000 that you're saving for something special, consider 90 day time certificates. Start taking a little more interest in your savings, without tying them up.

Blue Devils Beat Monroe Cagers by 74-56 Score

By Dale Eichbauer

A fourth period scoring surge gave the Grosse Pointe High Blue Devil cagers a comfortable scoring margin Friday night in their 74-56 victory over the Monroe Trojans. Trailing at the end of the first period, the Devils managed to catch up and take the lead in the second, but this lead was never out of reach for the Trojans until the Devils opened up in the middle of the final period.

The first period was gloomy for the Devils as the Trojans took and held an early lead. By the end of the period the Pointers trailed by six points, 20-14, with Rob Zink scoring five for the Devils.

The picture brightened up in the second period with the offense scoring 18 while the defense went to work and held the Trojans to just eight. With O'Donnell putting in six and Zink and Ferman each contributing five, the Devils led at the half 32-28.

Though the defense slackened up a bit in the third period and allowed the Trojans 14 points, the Devils still increased their lead as the offense continued the pace, again scoring 18. At the end of the third period, five points each by Zink and O'Donnell and four by Ferman helped the Devils raise their lead to eight points, 50-42.

The Devils offense opened up in the final period of play. Tallying 24 points in the period, they easily outscored Monroe, whose offense was held to 14.

Putting in eight points in the period was Ferman, while Jacobs, O'Donnell and Zink each added four to help the Devils take a 74-56 victory.

Top scorer in the game was Zink with 19, while O'Donnell and Ferman each put in 17 to tie for second place honors.

Prior to the varsity game, the Monroe junior varsity as the Grosse Pointe team took an easy 77-40 victory. The game, which was led all the way by the Pointers, was no contest as they swarmed over the Monroe team in each period.

PARK GIVES \$400

At its regular meeting held on Monday, February 13, the Park council approved appropriation of \$400, which is in the fiscal budget, to financially assist the Babe Ruth League of Grosse Pointe. A large number of Park boys participate in the organization's recreational activities.

Among the highlight presentations made at the party was a trophy awarded to Joe Manderano for outstanding service to the Club during the past year.

The Change of Watch ceremony concluded with Commodore Endres awarding the Past Commodore's flag to Earl Kern, followed by the introduction of new officers: Vice Commodore Fred Metzler, secretary John Burke, treasurer Chet Homuth and directors Jack Wesenberg, Nick Strobl, Richard Mack Arthur and Gary Voorhees.

Thanks For The Criticism

High honors have come our way during the last week or 10 days. We were selected as the target for a barrage laid down by a most outspoken group of young ladies who are students at Our Lady Star of the Sea School. All of the members of this group are very annoyed with us. They express their resentment in a most interesting and varied vocabulary. The obvious reserve exercised by some, prohibits them from signing their names to their protests. Others tumble all over themselves getting their indignation down on paper and proudly proclaiming authorship, in lettering loud and clear.

The capsule message of the whole batch of correspondence is that the writers love their school and we have been letting them down by not granting them the proper space to extol the virtues and accomplishments of same. They want exposure equal to that enjoyed by Grosse Pointe High School, St. Paul's and Grosse Pointe University School. We don't know how the attack was organized, but a concerted effort is attested to by the fact that we received nine of these letters in about the same number of days.

We plead not guilty to the accusation that we have deliberately ignored some of the news material submitted from the school. To the best of our knowledge every item received has appeared in print, even though occasionally considerable re-writing and decoding have been required. The charge that Star of the Sea has not been given equal space with the other schools in undoubtedly true, for several reasons. In the first place, being a much smaller institution, it has fewer students and activities which create news. But more important, particularly from our standpoint, the dissemination of this news is far better organized at the other three schools mentioned. All of these have journalism students assigned to the task of getting news into our office. It is professionally supervised by members of the teaching staffs, and often these teachers also submit articles.

It is obviously impossible for us, with a small staff attempting to cover the myriad activities of countless organizations in this community of five municipalities, to assign a writer for complete coverage of any single institution or organization. We are most dependent upon the cooperation we receive from publicity chairmen, student writers, etc. And we are most grateful for this help.

We referred to our dressing down as a high honor... and we mean just that. It is indeed a compliment for these spirited youngsters to want more representation in our publication. We appreciate their interest and the opportunity they have afforded us to answer their criticism. Keep the news coming, girls, and try to enlist the help of a faculty member. Between us, maybe we can change the protests into cheers.

Know Your Schools

by J. Harold Husband, Acting Superintendent The Grosse Pointe Public School System

QUESTION:

Can you give men a full explanation of the recent disturbances at Grosse Pointe High School?

ANSWER:

To understand the matter completely it is necessary to have an overview of the total operation of the entire school system. It is our policy not to operate the individual buildings of The Grosse Pointe Public School System in "lock-step" fashion. Various needs at different levels of instruction dictate deviations from the master schedule for the year.

For example, on Friday, January 27, if inclement weather had not closed all schools, eight of the ten elementary buildings had been scheduled for parent-teacher conferences, with the remaining units handling this activity at other times of the year.

As part of an experimental program designed to produce a better system of junior high school reports to parents, permission was given to the three junior high schools to dismiss all classes on Monday, January 30. This procedure was followed on this one day only and an evaluation of its effectiveness will be made to the committee currently studying the junior high school reporting system.

Because of the dismissal of the junior high school students, a certain element of youngsters at Grosse Pointe-High School also wanted time off. It was around this focus that the trouble began.

There has been no "semester break" at Grosse Pointe High School since 1959 because most of the courses are now offered on a year-long basis. However, in past years the high school has been dismissed several times during the year to provide teachers with time for necessary curriculum improvement projects. This practice has been continued during 1966-1967, but staff members have had substitutes conduct their classes for a day or two. School has not been closed completely for special curriculum activities.

For several months the staff has been studying the various curriculum problem areas needing study, and it is conceivable that at certain designated times later this winter and during the spring the basic schedule will be altered to permit released time for all teachers. As you are aware, the length of the school year is determined by law. Any decision to close a building is always based upon the professional judgment of the staff, and not upon pressure from a minority of the student body.

The events of the past week are basically internal and concern Grosse Pointe High School, its staff and its students. The attention caused by a relatively small number (150 to 250 out of a student body of 3,000) was magnified out of all proportion. As the matter became a public issue, the police had to be brought into the picture to protect students and school property. We experienced tremendous cooperation from the chiefs of police of the various municipalities, as well as from other officials who worked closely and efficiently with us.

In the opinion of the administration of the high school, the issue was kept alive by the interest of the various communications media. For example, one disc jockey is reported to have said on his early morning program of Tuesday, January 31, "I'll be at Grosse Pointe at 2:30 p.m. just in time for the riot." When queried about the remark, he explained that it was an expression of sarcastic humor designed to shame the students into behaving themselves. Form the local reaction of irritated students, parents, and teachers, his comment did not have the desired effect, but simply added fuel to the fire and brought the affair to the attention of those who had not read about it. And, on Tuesday afternoon, we did have outsiders involved.

Student demonstrations, a sign of the times, are reported in detail at Berkeley, Ann Arbor and Northern High School, to name a few. We are accustomed to publicity. Grosse Pointe is always news, especially when the news is bad, and we accept this fact philosophically.

What Goes On at Your Library

By Virginia Leonard

"February is American history month"—so says the display in the Central Library exhibit case. February also encompasses Brotherhood Week: February 19-26; further, between February 12 and 18 we celebrate Negro History Week. Part of a communique from President Johnson reads as follows: "During Brotherhood Week 1967, each American has a splendid opportunity to display the spirit of unity which has made this a mighty nation. It is a time in which we can exhibit to the world our unrelenting desire to eliminate from our society any vestige of injustice."

In keeping with these sentiments, it might be appropriate to mention some of the library holdings which would relate to these above-mentioned areas, especially in the field of brotherhood and the Negro.

In a general vein, we first mention Bernard Berelson's HUMAN BEHAVIOR, which presents what the behavioral sciences now demonstrate about the actions of human beings. In Simeon Booker's BLACK MAN'S AMERICA, a Negro journalist reviews the Civil Rights movement. Kenneth Clark's DARK GHETTO is based on the author's personal experiences while serving as chief consultant to Harlem Youth Opportunities Unlimited.

Carleton S. Coon's THE LIVING RACES OF MAN presents the findings and conclusions concerning race origins, distribution, bio-chemical and pathological peculiarities, as well as behavioral patterns of man. Then there is Ralph Ellison's now-well-known THE INVISIBLE MAN—a first novel in which the author tells the story of a Negro going in progressive stages from youthful affirmation to total rejection after a Harlem race riot. He not only contends with the whites but also with the powerful members of his own race.

Oscar Handlin's FIRE-BELL IN THE NIGHT is an examination of developments in civil rights during the last 10 years. The title is taken from a statement by Thomas Jefferson in 1820, dealing with the question of statehood for Missouri and slavery in the Union: "This momentous question, like a fire-bell in the night, awakened and filled me with terror."

In the field of literature, we can cite Langston Hughes' NEW NEGRO POETS, U.S.A.—a selection of poems by 37 Negro poets. Martin Luther King has given us WHY WE CAN'T WAIT, the story of the Birmingham demonstrations

and the March on Washington by America's Negroes. And who has not heard of Gunnar Myrdal's AMERICAN DILEMMA? This is a comprehensive study of the Negro question in America; it is an exhaustive and objective analysis, intelligently interpreted.

Thomas Pettigrew gave us A PROFILE OF THE NEGRO AMERICAN. One theme of this volume is that racism "is simply not supported by the empirical finding of the biological and social sciences."

In Charles Silberman's CRISIS IN BLACK AND WHITE, the author contends that if all discriminatory practices were to stop tomorrow, the Negro's position in American society would be fundamentally unchanged.

THE BURDEN OF SOUTHERN HISTORY by C. V. Woodward is composed of eight essays by a Southern historian, written convincingly, simply and reasonably. IN TO BE EQUAL by Whitney M. Young (the Executive Director of the National Urban League), the author proposes programs of special effort in employment, education, housing, welfare and leadership, as an alternative to continuous and deepening racial conflict.

In our juvenile collection, we would like to mention IN THEIR OWN WORDS, edited by Milton Meltzer, and subtitled: "the history of the American Negro." The arrangement of the book proceeds from slavery to Emancipation and the close of the Civil War.

All of these books are taken from a bibliography prepared by the Detroit Urban League and entitled: "Reading For Improved Human Relations." We think they are timely and highly appropriate for the commemoration of the events for February mentioned in the first paragraph of this column. Please read some of them and "think on these things."

The Elizabeth Cass Chapter of the D.A.R. has an interesting exhibit in our display case at Central Library. They, too, remembered that this is American History Month, and so have arranged a colorful and authentic layout of materials used by the Winnebago Indians of Wisconsin. Here are presented items such as a man's shirt, moccasins, dolls, a blanket, some pipe bowls, and various articles of jewelry. Our other showcase also commemorates American History Month; you will want to drop in at the Park and Woods Branches, too, and see how they are honoring February.

What's New on THE HILL

By SIBYL

Easter Arrives Early... this year and now is time to select that spring coat at Young Cloth 110 Kercheval. You really should see the delightful "all purpose" coats to wear rain or shine. The small sizes they come in pink checks and in larger sizes green ones... (3-6x... 7-14)... more styles, fabrics and colors... a great go.

Songbirds Alight... on china to make the most charming accent lamps for informal living rooms and family terrace rooms. Among the early arrivals (of lamps) at the Mermaid, you'll find enlightening choices for bedrooms... too. Now's the time to start sprucing for spring.

Stroll In For A Look... at the new decor at Dants - The League Shop, 98 Kercheval. A interesting remodeling, a lot of fresh paint, fresh new "goodies" are arriving every day.

Think Ahead... to the joys of beautiful terrace and patio living. Then do something about it, you are planning to decorate, the place to start is Denler, 77 Kercheval and the time is sooner better... so as not to be disappointed on the real balmy day in May.

Patent... is the perennial favorite of fashion. At Margaret Rice style-wise patent bags are "in" in abundance. They are newly smaller and nicely roomier... by design. There are also combinations... a black patent and red leather. Note the small continental purses which coordinate with handbags.

Stock The Pantry... at a savings. There's a fabulous sale on S&W quality can goods at Hamilton's Kercheval. It started February 13th and it will last for two weeks... so hurry!... TUxedo 5-3333

There's A Waiting List... at Trail Apothecary 121 Kercheval, for the second shipment of E. Lauder's newest Water-color Beauty... tints, glazes and shadows. It's that good! Because it is a new phase, it's extra easy to apply. Here's a hint. It is easy to refresh and rearrange your make-up on late afternoon without a complete re-do. Trail is pleased to have more in by this week.

Mr. Sheridan - Books, 81 Kercheval, recommends Mary Elgin's "The Wood and the Trees," a romantic suspense story. As you remember she is the author of the very popular "A Man from the Mist." 881-1671 or 881-2916 for delivery.

We're Glad... we memorized our Bronze credit card number. We've been enjoying this delightful restaurant at 123 Kercheval... so lately. This and their gift certificates... in amount... good any time are two great conveniences of Grosse Pointe. For reservations call 886-1932.

Piggins To Talk To AAUW Group

The Honorable Edward S. Piggins will address the Grosse Pointe Branch of the American Association of University Women Thursday, February 16. An 8 o'clock coffee-dessert will be served in the Reception Room of the Grosse Pointe War Memorial.

Members are welcome to invite husbands and guests, according to Mrs. Hamilton Stillwell, of Mount Vernon road, hostess for the evening.

Judge Piggins, a dominant figure in Detroit judicial news for some years, will limit his discussion to the year he served as Grand Juror.

His topic, "Trials of a Grand Juror," will include his personal experiences and the perplexing decisions he faced within the statute of limitations. The Grand Jury system is unique in that all testimony is private and any crime or suspicion of law breaking within the county may be investigated.

Born in Detroit, Judge Piggins presently resides in Grosse Pointe Woods. He received his AB degree from Wayne State University. From the Detroit College of Law he received a JD degree in 1932, (the Doctor of Jurisprudence is a degree given in lieu of an LL.D. to the top four members of the graduating class; this degree is no longer given).

His law practice in Detroit led to an appointment as police commissioner of Detroit from 1954 to 1958. He returned to private practice and was elected to the Circuit Court in 1959. A panel of Circuit Court judges elected him to serve as Grand Juror from September 1, 1965, until September 1, 1966.

Currently, Judge Piggins is president of the Old News Boys.

Paray Returning To Symphony

Paul Paray, Conductor Emeritus of the Detroit Symphony Orchestra, will return to the podium at Ford Auditorium Thursday and Saturday, February 23 and 25, at 8:30 o'clock to conduct the Orchestra in his first of four pairs of subscription concerts.

Paray will conduct the Orchestra in Schumann's Symphony No. 2, Ravel's "Le Tombeau de Couperin," Barber's "Music for a Scene from Shelley" and Strauss' "Til Eulenspiegel." This will be the first time Paray has conducted the Barber work on a subscription series program.

He also will conduct subscription performances on March 2, 4, 9, 11, 16 and 18.

Since his appearances with the Symphony last season, Paray's conducting engagements have included 22 concerts in Israel with the Israel Philharmonic. A scheduled tour of Russia with that orchestra was canceled.

Paray also conducted a special command performance with the Monte Carlo Symphony Orchestra at the Prince's Palace in Monte Carlo. The Parays have a home in the principality and much of Paray's leisure time of late has been spent in daily mountain walks.

Paray was conductor of the Detroit Symphony from 1951 to 1962. During that time he conducted 204 subscription concerts, which included 781 performances of individual works in addition to many more tour and special concerts.

Miss Sarnoff will be introduced at the 11 a.m. lecture in Fisher Theater by Hollywood-Broadway columnist, Shirley Egler.

Miss Sarnoff's courses in speech cosmetics, which are held all over the country, are totally original in their methods of teaching glamor in everyday speech. She believes much social awkwardness and shyness are actually caused by self-consciousness over speech.

Starring roles in "The King and I," "My Darling Aida," "Rosalinda," and "Magdalena" are among Miss Sarnoff's credits, as well as many television appearances on Ed Sullivan, the Today Show, and Girl Talk. She has also appeared as headliner in hotels and nightclubs across the country.

Plans Rites

The bride-elect is a senior at Eastern Michigan University. Her mother is a member of the NEWS Classified Advertising staff.

The prospective bridegroom was graduated from the University of Michigan and is presently pursuing graduate studies at the University of Wisconsin.

The Snow WILL Melt . . .

. . . in a month or two, and before we know it we'll be planning to take a loaf of bread, a jug of wine and "something to sit on," (tarpaulin? blanket?) out to Oakland University for another of those delightful Meadow Brook Music Festival evenings.

Already, a group of dedicated ladies including, on the local front, Mrs. Joseph A. Vance, Jr., of South Deeplands road, and Mrs. R. Alexander Wrigley, of Bishop road, are hard at work creating the 1967 edition of those stunning souvenir programs that go home with the hundreds of thousands who attend the concerts each summer.

Program proceeds — \$20,000 is anticipated this year — help keep Festival admission prices within reach of everyone.

P.S.: Chairs ARE available at Meadow Brook . . . but we heartily recommend the rustic picnic approach to the Festival . . .

U. of M. Sesquicentennial Observance

The University of Michigan is having a birthday — its 150th — all year long, and U. of M.'s Alumnae Council, (70,000 of the more than 220,000 U. of M. alums are women), marks its own 50th anniversary right in the middle of the Big Year celebrations.

First major Sesquicentennial event is the Alumni Celebration March 1 through 3 in Ann Arbor, climaxing March 4 with a black tie reception and banquet in Detroit's Cobo Hall.

The Alumnae Council's 50th Anniversary Observance is scheduled March 3, in Ann Arbor's Michigan League.

The Council itself is an outgrowth of nationwide alumnae efforts for funds to construct the League. Among its oldest and most effective member clubs is the Detroit Association of University of Michigan Women, which includes many hard-working Pointe women in its ranks.

Take Mrs. James A. Lafer, of Oxford road, for example: She's a Council past chairman.

Or Mrs. John Felkens, of Pemberton road, a past Detroit Association president who served as a representative from the Detroit Association to the Council.

Or Mrs. Oliver Dewey Marcks, of Three Mile drive, member of the Alumnae Council's Board of Governors and originator, while Ways and Means chairman in 1961, of what is now the Council's chief fund-raising project: The Birthday Greeting, (and, incidentally, chairman of the Greeting's 1967 edition, now in the mails to alumnae throughout the country), which suggests an easy-for-everyone contribution of one cent for every year of the University's age, the total sum to be used for Alumnae Council-sponsored projects and presented as a joint alumnae gift for U. of M.'s birthday.

Kendall-Wise Vows Spoken

A reception at the Grosse Pointe War Memorial followed the Friday evening, February 3, wedding of Sharon Ann Wise, daughter of Mrs. Woolley Wise, of Nottingham road, Detroit, and Grosse Pointe Park Police Cadet Patrolman John R. Kendall, Jr., son of the senior Kendalls, of Berkshire road, Detroit.

Officiating at the 7:30 o'clock rites, in St. Columba Episcopal Church, was The Reverend Robert J. Bickley, assisted by The Reverend Robert F. Wollard.

The bride wore a white satin velvet gown, styled with an Empire bodice, three-quarter length mink-cuffed sleeves and a detachable Chapel train. Her fingertip illusion veil fell from a matching mink pillbox, and she carried a white Bible accented with a white orchid, rosebuds and greens.

Mrs. Dennis Fortier acted as her sister's matron of honor, and Diane Imes, of Hicksville, O., was maid of honor. Bridesmaids were Mrs. Gerald Barnes, of Kent, O., Mrs. Richard Holt, of Adrian, and Judith Johnson, of the bridegroom's cousin, of

Hamilton, Ont. The Empire waistlines of their floor length American Beauty red velvet frocks were defined with red satin ribbon. They wore matching red velvet pillbox hats and carried candelas accented with white rosebuds and greens.

Acting as his brother's best man was D. James Kendall. In the usher corps were Joseph T. Kendall, another brother, Arthur Bryant, George Everham, Collin Le Londe and David Larsen.

Flower girls Anne and Katherine Bickley wore floor length American Beauty red velvet dresses and carried nosegays of white rosebuds and greens. Ring bearers were Christopher Bickley and Marc Wollard.

The mother of the bride wore a mint green silk ensemble and pinned a pink camellia corsage to her purse, while the bridegroom's mother chose a lace-bodiced turquoise silk costume. Her purse corsage was fashioned of pink rosebuds.

The newlyweds are making their home in Cadieux road.

June Bride

Photo by Eddie McGrath, Jr. Making plans for a June wedding are KAREN OXLEY and Edward H. Honos, whose engagement has been announced by her parents, Mr. and Mrs. G. Kenneth Oxley, of Neff road.

Miss Oxley is an alumnus of the University of Michigan where she affiliated with Alpha Delta Pi.

Her fiance, son of Mr. and Mrs. John Honos, of Detroit, was graduated from the University of Detroit and is presently a graduate student at Wayne State University.

Kappa Kappa Gamma Plan Tuesday Meeting

The Detroit Alumnae Association of Kappa Kappa Gamma will meet next Tuesday evening, February 21, at 8 o'clock in the Fisher road home of Mrs. Jack W. Stephenson. Mrs. William F. Huettnerman will bring members up-to-date on alumnae activities.

Plans will be laid for the group's newest venture, a Gourmet Salad Luncheon scheduled April 11 at the Grosse Pointe Congregational Church, under the chairmanship of Mrs. David Hadden.

Eighth Patriotic Assembly Slated

Mrs. Robert O. Arner, of Doyle place, and Mrs. Norman L. Parker, of Bedford road, will be co-chairmen of the Eighth Patriotic Assembly, sponsored by the Detroit Historical Society, scheduled Monday evening, February 20, at 8 o'clock in the Detroit Historical Museum.

William B. Gregory, II, principal speaker, will discuss "The Convention That Almost Failed." A graduate of the University of Detroit, he has long made the study of the United States Constitution his hobby.

He is widely known for his activities in amateur theatricals and is a former president of The Players.

Over 50 patriotic organizations in the Detroit area will be featured in a Line of March. Their flags and banners will be displayed in the Museum Round Hall for the evening.

Mrs. Leland W. Foster, president of the Detroit Historical Society, will preside and Dr. R. Cadioux has been invited to introduce the speaker.

Committee members assisting are the Mesdames John V. O'dock, Cornelius G. Egan, ward A. Fach, Roger L. Dorpe and Dale C. Ulrich.

The program will conclude with a social hour under the direction of the Society's Social Affairs committee. Chairman of the evening is Mrs. C. E. Zer Clark.

FIRST OFFERINGS

IN THE always popular Radnor Circle area we are showing a well designed three bedroom colonial with two full baths on the second floor. The main floor has a large living room and family room. The dining room is to the left of the center entrance. The large kitchen has recently been completely redone. Should sell this week, so see it quickly before a "sold" sign takes it off the market.

JUST A skip to Kerby school is this colonial with three upstairs bedrooms and a family room off the separate dining room. Attached garage, so there is plenty of play area in the yard. Lot size 58x151. Ready to go at \$29,900.

TWO first floor bedrooms with a full bath, make this the perfect smaller house for the couple or growing family which must make use of the second floor. Now a full staircase leads upstairs but the rooms have not been finished. Priced at \$28,900.

BY APPOINTMENT

YOU WHO HAVE enough kids of your own but somehow keep finding a few more at dinner time, or playing in the basement or attic on rainy days... do you need more house? How does six bedrooms and three big bathrooms on the second floor grab you? Could you use a large extra room on the first floor and one of those big old second dining rooms which were used for the servants? Well we might have just the item, and located on a 100 foot lot on Lincoln Road. Priced in the forties, this could give you a lot of living for your family and all that come and go with it.

FOUR ROOMS of comfortable living in this town house terrace located on Cranford Lane. A basement room has been done over so well that it conveys the impression that you are in the family room. The large living room has a natural fireplace, and there is a separate dining room off the center hall. One bath serves the second floor and there is another bedroom and bath on the third floor. We should have mentioned that there is a lavatory on the first floor and that the kitchen has been updated.

HELP YOURSELF to four bedrooms, two second floor baths, a playroom for the kids, and all nestled in the heart of the Farms. So close to elementary and junior high schools the children and you can sleep an extra fifteen minutes every day. This one won't stay around very long at \$57,500.

Grosse Pointe has two new . . . Peace Corps representatives: Ellen and David S. Smith, (she's the daughter of Louis Hribar, of Brys drive; he's the son of Mr. and Mrs. William Smith, of Fairholme road). They completed eight weeks of training at Texas Technological University in Lubbock and four weeks of field work in Puerto Rico, left for Costa Rica the day after Christmas, and are currently working with Costa Rican families in newly-built low income housing projects, helping organize and strengthen credit unions. Good luck to them!

And good luck to . . . (but we don't really have to wish HER good luck; we know she'll have a perfectly marvelous time) Rebecca French, daughter of Mr. and Mrs. James M. French, of Ridge road, who'll spend next summer in Japan as a participant in the Experiment in International Living. The Experiment, incidentally, is the program that introduced the "homestay" to international exchange . . .

If you were "re-incarnated" . . . as an animal, what beast would you choose to be? H. Lynn Pierson, of Vincennes place, opts for the baboon. He thinks it leads a Great Life . . .

Grand Idea for Retired Men . . . who want an "interest" that's more than a "hobby." Why not be a hospital Gray Man? The Gray Ladies have been doing good work in hospitals for years, but there come times when a man would like to talk with a fellow man, as Curtis Keegin, of Cadieux road, knows very well—He's been "doing his bit" at St. John Hospital for quite a while now; he's delighted with the Gray man program, and the program's delighted with him . . .

Know what . . . a tole "monteith" is? We do, (because we "looked it up"), and we understand from Questers Pear Tree Chapter president Mrs. John Piester, of Buckingham road, that it's among a group of objects, (others are a pair of compagna urns and a pair of esquire urns), presented by Questers to the White House collection and used in the Red Room . . .

And how did YOU spend . . . your snow-bound days? Betty (Mrs. Howard A.) Shaw, of Harbor Hill, forced off the road half-way between Grosse Pointe and Otsego, found herself serving as emergency cook for 40 truck drivers in a wayside motel. Did nobly, too, we understand . . .

And speaking of Shaws . . . we'd like to nominate the eldest Shaw daughter's full married name as tongue-twister of the week: Try saying "Susan Shaw Sutherland" 10 times—FAST!

Circle Friday, March 10, and Saturday, March 11 . . . on your calendars now, and make definite plans to take more than a quick look at the High School Students' Religious Art Show at the Academy of the Sacred Heart in Lakeshore road. Teens from many schools in the Detroit area are submitting entries in various media. Judges who've promised to select prize and honorable mention award winners are Hildegard de Grimme and sculptor Ferenc Varga.

Where, we wonder . . . in her University place home did Mrs. Charles D. La Fond hang her "portrait" painted on-stage at the Esquire Theater by last week's Bon Secours Hospital Assistance League Celebrity Series lecturer Jacques Maloubier?

Oops! . . . We let a holiday slip by without a "commemorative verse" by Pointe poet Carolyn Hubbard Lucas. Well—better late, (just two days, after all), than never is OUR motto:

FEBRUARY FOURTEENTH

If football heroes find the time
To send a girl a valentine—
Less stahwart men will twice the brain
Yet half the stature, send in vain.

Fashion note: There will be little change in men's pockets this season. — Wall Street Journal

A wave-gone adventurer approached an old boatman who operated the ferry across a river. "Dad," he whined, "I'm broke, but I have to get across. Will you trust me for it?"

"Fare's only a quarter," said the ferryman.
"I know it, but I haven't got a nickel," explained the traveler. The old boatman took a puff at his pipe. "Well, mister," he said, "if you ain't got a nickel you won't be no better off on the other side than you are here." —Quote

Pointers of Interest

The CALVIN T. MAGILL FAMILY, SANDY MAGILL, holding PENNY, of Nottingham road: MR. MAGILL, LEE GARY and DAVID MAGILL, (seated on GILL, (seated, on couch, left to right);

By Janet Mueller

First off, let's admit that the above picture is NOT a typical representation of the Calvin T. Magill household. Everybody's sitting still. To get a TRUE picture of the Magills, one really ought to use a movie camera.

Second, although there seems to be quite a crowd in the photograph, one Magill's missing.

Tom, 18, the Magills' eldest son, graduated from Grosse Pointe High School last June, is currently in the middle of his freshman year at Michigan State University and in residence at MSU in East Lansing.

But there are still four "sons" at home with the Magills. Before Tom left for college, Lee F. (for "Farrington"—"Be sure to put the 'Farrington' in" brothers Chuck and Gary insist, "it adds 'class'") Johnson arrived from Bloemfontein in the Orange Free State, one of the four provinces which comprise the Republic of South Africa, to spend a year in the United States under the auspices of the American Field Service Exchange Program, studying at Grosse Pointe High School and living as a full-fledged member of the Magill family during his stay in The States.

Lee's Really at Home

Almost immediately, Lee "stid into place" with the Magills. And now, as far as Lee's concerned, the Magill house in Nottingham road isn't "just like home"—it IS home.

AFS tries as far as possible to "match up" students and families and communities. Bloemfontein and Grosse Pointe are quite similar. ("No lions roaming the streets!" Lee laughs. "Most South African game runs around in reserves".)

Cal Magill is a stockbroker. Lee's father, Ebenezer Johnson is head of a South African Railways Clerical Department.

Izzie (for Isobel) Magill and Daphne Johnson are both housewives.

Besides Tom, there are four young Magills: Chuck, 17, a senior at Grosse Pointe High School, Gary, 15, a sophomore at GPHS, Sandy, (the only girl), 12, in the Seventh Grade at Pierce Junior High School, and David, eight, in the Third Grade at Defer.

Completing the family circle is three-year-old Penny Magill, a mongrel whose antecedents obviously included several beagles.

Lee, too, comes from a family of five. His older sister, Sandra, 20, does clerical work for the South African Railways and writes, (according to the Magills), perfectly d.c..gntful 10-page letters, describing everything that's going on in Bloemfontein.

Darryl Johnson, 16, Desiree, 10, and Wayne, seven, are all still in school.

They're Active People

The Magills are active, outgoing, sports-loving people. They camp out a lot; last summer, as a family, they journeyed to California and back, staying with friends, in motels and occasionally pitching their own tent by the side of the road.

They enjoy tobogganing, sledding, skating, skiing, (just a few weeks ago, they took off on a long ski weekend, during which Lee tried his skill on the slopes for the first time—and did very well! "South Africa is a land of contrasts," Lee observes. "It can get very cold at night, but it usually warms up during the day. We very seldom see snow. Two years ago, we DID have some snow—and it was just about a national calamity!"

Boating's another favorite family activity; unfortunately, last summer's outings aboard Cal Magill's beloved 18-foot inboard-outboard, the "008," were a bit curtailed due to the fact

At 18, Lee is the oldest of the eight foreign exchange students currently enrolled in Grosse Pointe High School. He's completed his own secondary school studies in South Africa, so his GPHS year is rather like a post-graduate high school course.

Interested in dramatics, (he's appeared in one GPHS Pointe Players' production), he plans to go on to college when he returns to South Africa, to earn a B.A. degree, majoring in Speech, Drama, Journalism, Television "so I'll be ready when we get it" (as yet, Bloemfontein has no TV . . . during his months in The States, Lee has developed a definite taste for television; his favorite programs are "I Spy" and "Star Trek").

Everybody's Happy

Lee first heard about AFS through magazine and newspaper articles, applied and, to his own and his family's delight, ("They think it's just great!"), was accepted.

Now, more than half-way through his year abroad, he has no reservations about the program. "I would highly recommend it to anyone," he says.

As for the Magills . . . "When Lee first came, in the summer, Tom and Chuck both had jobs," Izzie notes. "We were afraid he might be bored, ('I'm NEVER bored," Lee interposes, and all the Magills nod in agreement). We used the time before school opened to get acquainted. We took Lee camping in Canada . . .

"I was—and still am—truly amazed that someone can come from so far away, move in and 'belong' so fast . . .

"I think one point to stress is that these foreign exchange students have as much effect on their American families as the families do on them," Cal Magill adds. "Both learn, both gain . . .

"I'm surprised there are so many fewer American high school students studying abroad than there are foreign students coming here," Mr. Magill continues. "Of course, the Americans 'lose' a high school year when they go abroad to study . . . (this 'lost' year—the students make it up when they return to The States—is no deterrent to Gary Magill, however; he's seriously considering applying for an AFS post next year).

Sponsored by Rotary

Lee's AFS year at Grosse Pointe High School is being sponsored by the Grosse Pointe Rotary Club. "They're really great guys," he says, "I have lunch with them every Monday . . .

Like the other seven exchange students at GPHS, both AFS and Youth For Understanding, Lee is in great demand as a luncheon/dinner/meeting speaker; he estimates that during his "public appearance" season, December through May 1, he'll make between 55 and 60 speeches.

One thing bothers him, however: "At these international luncheons, I see hundreds of flags, from every country—but never one from South Africa!" (Maybe there's an American embargo on South African flags?)

The Magills treat Lee exactly as if he were their "real" son. He gets a \$14 a month allowance from AFS, plus some money from his family; if he "runs short," he goes into the odd-job, (snow-shoveling, lawn-mowing, etc.) business.

He's neither favored nor condescended to . . . he's just completely accepted, as a Magill family member, expected to conform to the Magills' way of life

A Lu-di Gras Recipe

*Dried chestnuts can be used, but must be soaked overnight in cold water. 2 lbs. of the dried chestnuts yields 20 servings.

and subject to a healthy amount of normal family kidding.

Laughs About Foul Balls

"When he came here, he didn't know what a foul ball was," young Dave says solemnly—and everyone, including Lee, laughs.

"Yes, and when he first saw ice on the water, he was surprised because the lake 'froze flat!'" Chuck grins. "He expected it to freeze in waves!"

"Sure, there are some differences between life here and life in South Africa," Lee admits. "I remember I was terribly surprised to see all the Funeral Homes—we don't have anything like them in South Africa, and at first I thought Americans must be terribly morbid . . .

"And Grosse Pointe High School is really BIG compared to my South African school, the discipline is so much more lax . . . My last two years, I went to an all-boy school; we had to wear uniforms, and I got 'caned' many a time . . .

"But I think, as far as studies go, our countries are about on a par; We may be a bit ahead in languages, history and so forth, but I reckon you're a bit ahead in science and math . . .

They're Not Important

"None of these 'differences' are very important, when you come right down to it; basically, everything's about the same in both countries . . .

The Magills would like very much to visit the Johnsons some day . . . "But," says Gary, "we need a bigger boat!"

Lee doesn't like to think of Lee leaving. "Next year," mourns Izzie, "with Tom, Lee and Chuck gone, we'll have a quiet house. We'll still be active in the foreign student program though; we're serving as a liaison couple, the-people-to-go-to-if-you-have-a-problem, for the 1967-68 GPHS exchange students . . .

Well . . . if things get too quiet, Cal and Izzie can sneak off to Europe for a just-the-two-of-us vacation, as they did two years ago. But somehow or other, knowing the Magills, we don't think they need worry about life turning dull . . .

The Magills have a quiet house? Gary explodes THAT myth before it can get started: "Everyone'll just come back and bring all their friends for long, long visits," he says drily. "Actually, we run a small hotel . . ."

Slate Exchange Students' Drive

Dates of Grosse Pointe High School's annual Foreign Exchange Fund-raising Drive are February 17 through 24. Purpose of the drive is to raise the \$1,500 needed to subsidize next year's GPHS exchange students.

The drive will kick off tomorrow, Friday, February 17, at an all-school assembly featuring this year's GPHS exchange students.

In the following week, students at the High School will attempt to raise funds through the sale of apples, baked goods and ballpoint pens, and by class competition. The class raising the most money will receive a trophy.

Deeplands Club Fashions Favors

Members of the Deeplands Garden Club met Monday, February 13, at the home of Mrs. John K. Birch in Vendome road. After luncheon, which the ladies supply themselves, dessert and coffee were served by co-hostesses Mrs. Pierre Palmentier and Mrs. Leslie Lowery.

Program for the day, "Horticulture Therapy," was under the direction of Mrs. Vernon E. Landry. Bars of soap were decorated with tiny artificial flowers, ribbon and gilt paint; they are to be presented to the elderly women confined to St. Elizabeth's Home in Bloomfield Hills.

To help the ladies ward off the chill of winter, Deeplands Garden Club members have been searching their wardrobes for good sweaters they no longer use. These will be gaily wrapped to accompany the bars of soap.
