Twins Become Teachers

their spare time at Western playing softball. The rest of their busy schedule was supplemented by dormitory functions and homecoming activities.

They said in unison, that they both have always wanted to teach because they enjoyed working with children so much. Another factor that contributed to their selecting teaching as their careers was their sister, Mary K., who is supervisor of kindergarten through third grade at Grosse Pointe University School.

There are six children in the Thorn family; Mary K., Charles and Sally, all of whom are Pointers and Frank who lives in Marblehead, Mass. They are the children of Mrs. Frank A. Thorn and the late Mr. Thorn.

The girls love to travel and have traveled extensively through the Midwest. They plan a European jaunt during a future summer vacation.

Both of the girls hope to work for their Masters Degrees after the first of the year at Wayne State University. They are delighted to be teaching in the Pointe and are looking forward to an eventful year.

Both were impressed with the manner in which the teachers for the Grosse Pointe School System are selected. They said they were interviewed by Larry Kennedy, assistant superintendent of professional personnel and then by various principals. They said "after the interview you wait and hope that one or more of the principals liked you." (Who could resist these two talented and attractive 22-year-olds?)

The girls, along with the other new teachers, in the system, spent three days, Aug. 30, 31, and September 1, at the Grosse Pointe Experience Workshop, which was an orientation program for new Grosse Pointe teachers. They said they thoroughly enjoyed the sessions and welcomed the opportunity to meet other new teachers and to acquaint themselves with policies and procedures in the school system, as well as to learn about teacher aids that are at their disposal.

Fire Destroys Park Home

ected immediately, the chief stated.

Because of the nature of the fire, there was not too much smoke damage to the lower part of the Wills residence, but there was extensive water damage, damage, he said.

Wooden shingles, Chief Graul pointed out, after a certain period, tend to dry out, regardless of the elements, and once ignited burn like tissue paper. This is a recognized fact, and it is not recommended that this type of roofing be installed.

"There are several hundred residences in our city that still have wooden roof shingles," the chief said. Residents of these homes should take every precaution to prevent this type of roofing from catching fire. Better still, have them replaced with fire-resistant shingles. This will pay off in the long run.

"Another thing residents must do, if they have incinerators, which is required by city ordinance, is to have the right kind

of screening placed over the opening of the house chimney to catch the sparks from burning material. Too, check these screens periodically, to make sure there are no holes, caused by rust, etc.," Chief Graul said. "Our job is to fight fires, to protect lives and property to the best of our ability because that is what we are trained to do," the chief pointed out. "But fire prevention is the duty of every citizen, regardless who it might be. We need the cooperation of the people."

"If there are any questions regarding fire prevention, your Fire Department is ready to serve you. We will be more than happy to inspect your home for possible fire hazards, and to offer advice if any corrections must be made to eliminate these hazards.

additional sum not to exceed \$280,000 and issue general obligation bonds therefor for the purpose of acquiring and constructing additional recreational facilities for said City to consist of a swimming pool and bathhouse at Three Mile Drive Park at the foot of Three Mile drive and additional parking facilities at such park?

Polls Open at 7 p.m.

The Park's seven poll in g places will be open from 7 a.m. to 8 p.m., and any one in line at 8 p.m., will be allowed to vote.

The Waterfront Park is comprised of about nine acres of land, and the Three Mile Drive Park, approximately 20 acres.

The Waterfront Park contains the present swimming pool, which was declared obsolete and unsanitary by the Michigan Department of Health, and which earlier in the spring, refused to grant the Park a permit to open the facility. The Department was acting under a new State Law which gave it jurisdiction over all public pools in the State. The law went into effect on January 1 of this year.

After many meetings and pleas by Park officials, the Health Agency permitted the city to open its pool for the 1967 season only, with the stipulation that the Park take necessary steps to construct a more modern facility.

Pool Built in 1931
The present pool, once the envy of all of the Pointes, was constructed in 1931.

The other Pointe communities have installed new pools within the past 10 years, the Woods in 1957; the City in 1961; the Shores in 1964; and the Farms, in 1965.

Park officials said that if the proposals are approved by the

voters, the new facilities will be ready for use by next year.

It was pointed out that if Proposal I is accepted, it will be carried out, whether or not the second proposal is approved. However, if the first proposal is rejected, then Proposal II cannot be carried out.

Residents desiring further information regarding the issues, should contact the Municipal Building, 15115 East Jefferson, or call VALley 2-6200.

Birds Killed

believed to be any part of the plague, Stallard said that about a month ago a "big gray bird with a topknot of feathers and a long beak" landed beside the pool between the 17th and 18th hole.

"The bird, which someone said was a crane, must have been sick when it came," said Stallard, "for it just sat there, almost without moving, for two days before dying. Whenever anyone came close, it would open its long beak and then maybe slide only a few steps out of the way."

only 15% of the cost of such a project.

"Those facilities would require a significant expansion in staff, personnel, and programs. Remember that about 85% of any budget is earmarked for instruction and salaries and that, in the long run, bricks and mortar amount to a relatively small amount of the total school expenditure," Dr. Anderson said.

Commenting upon the opportunity that educators have in wishing to become involved in the decision-making process, he said that teachers should be mindful of the responsibility that involvement carries with it. He said that in the future students will be asking teachers for the same kind of role that teachers are seeking from the administration and the Board. He urged them to give some thought to the way they would react in such a situation.

In his remarks Grosse Pointe's new Superintendent of Schools said that during the first year here he expected to spend a great deal of time getting acquainted with the staff and the community in an effort to build rapport and gain the confidence of all concerned. He complimented the staff members and those in the audience on the excellence of the school system.

The general staff meeting, scheduled for 10:15 a.m., was preceded by conferences of the professional staff in buildings throughout the system. Donald Richards, industrial arts teacher at Pierce Junior High School and President of the Grosse Pointe Education Association, chaired the meeting. Dr. Anderson was introduced by Mrs. Paul G. Hykes, president of the Board of Education.

On Tuesday afternoon and all day Wednesday teachers, administrators and auxiliary personnel met in a series of departmental, guidance and pupil orientation meetings. All the planned activities were directed toward the smooth opening of school set for Thursday, September 7.

Teachers Spend Vacations Furthering Own Education

Although the summer of 1967 has provided members of the teaching staff of The Grosse Pointe Public School System with a respite from their normal duties, as usual, a number of them have taken advantage of the recess to further their own education in an attempt to improve their professional skills.

At Grosse Pointe High School, for example, members of virtually every department have enrolled in programs of study on college and university campuses, according to records maintained by the Department of Instruction.

For example, six members of the English department pursued a variety of interests.

Miss Suzanne Boivin, interested in the role of the film as an art form, enrolled for a course called "History and Appreciation of Motion Pictures."

Mrs. Susan Blackwell enrolled at Eastern Michigan University for three literature courses.

George J. Yacup worked toward the completion of his master's degree at Wayne State University as did Mrs. Gail Grillo, with courses in American and Renaissance literature and bibliography.

Mrs. Geraldine Bertovick, whose teaching responsibility embraces speech as well as English, enrolled at Wayne State University for an offering entitled "Sociology of Urban Schools." Frederick B. Nelson was a student in an educa-

tional workshop offered by Wisconsin State University which consisted of an around-the-world tour designed to give him a better background for teaching world literature in English 4.

Robert L. Button English and publications instructor completed his MA degree in journalism at the University of Iowa with a seminar in mass communication.

Joseph B. Duckworth took courses in American literature and education at Wayne State University. James Reghi enrolled at Wayne State University for an intermediate course in Italian.

Three members of the business education department who returned to school during the summer included Miss Frances French, department chairman, and Miss Nancy J. Avery and B. Val Parzych.

Miss French, working in a doctoral program at Michigan State University, took a course related to her needs in teaching the vocational office block. Entitled "Photography in Audio-Visual Instruction," the offering centered on the production of photographic materials for instructional purposes.

Miss Avery studied data processing at Wayne State University and Mr. Parzych satisfied the requirements for his master's degree at Michigan State University.

James Kaloger and Robert Bradley of the social studies department embarked on programs of advanced studies. Mr. Kaloger chose to work at the University of Michigan and Mr. Bradley was at Michigan State University.

Others from the high school to take advantage of the opportunity for summer study included Mrs. Irma Mann and Mrs. Bonnie Garr.

Mrs. Mann enrolled for a comparative education experience through the department of home economics at Wayne State University. The purpose of her European tour was to make a study of families and family life education in other cultures.

Mrs. Garr gained valuable work experience in the food service industry as well as in a workshop devoted to the development of a curriculum guide.

James E. Curlett, a counselor, took two courses in administration at Eastern Michigan University. Cecil K. Vogt, a member of the driver education staff, enrolled for a workshop in aerospace education at the University of Detroit. Russell D. Reed, instrumental music instructor, enrolled for a program of graduate studies at the University of Michigan.

Eugene G. Wolonick and Leslie S. Reames, teachers of industrial arts, enrolled for graduate study this summer. Mr. Wolonick pursued a program at Wayne State University, while Mr. Reames, who is working toward a master's degree at Eastern Michigan University, took three classes in industrial education on the Ypsilanti campus.

Teachers in the department of foreign languages who spent the summer in study include Miss Joan M. Jirsa, Mrs. Sandra Boak, and Miss Ester Porter. Miss Jirsa enrolled for advanced training at the Russian School at Middlebury College in Vermont. Mrs. Boak studied

19th century French painting as well as advanced composition and stylistics at Wayne State University. Miss Porter was a student at the University of Dijon in France.

Three instructors of mathematics who enrolled for a summer of study were Donald E. Yerkes, Mrs. Peggy M. Glick and James Selmo. Mr. Yerkes was a student at the University of Santa Clara in California where his course load included "Topics in Algebra," "Probability and Statistics," and a "Seminar in Problem-Solving."

Mrs. Glick, working on a master's degree, was a student at Wayne State University. Mr. Selmo completed "Introduction to Modern Algebra" and "Modern Concepts of Calculus" in his master's program at the University of Detroit.

Sentences Heard In City Court

The City Municipal Court convened on Tuesday, August 22, with Judge Douglas L. Paterson presiding. The following cases were heard:

James Peters, 3910 Three Mile, Detroit, was charged with reckless driving resulting in an accident. He pled guilty of failure to stop for a stop street. He was found guilty and fined \$25 plus four sessions at Drivers Safety School.

Patricia Biniecki, 8431 Rivard, Warren, was charged with reckless driving resulting in an accident. She pled not guilty and was found guilty and fined \$50 or 10 days.

Edward Homfeld, 225 McKinley, was charged as a disorderly person and as a minor in possession. He stood mute and the plea of innocent was entered. He was found guilty and fined \$20 and no pleasure driving for 30 days.

Clarence Jordan, Jr., 512 Montclair, Detroit, was charged with violation of curfew. He pled guilty and was found guilty and fined \$75 or 10 days in jail.

Helpful Gesture Ends in Injury

A thoughtful gesture on the part of Patrick James Denison, of 1324 Balfour, sent him to Bon Secours Hospital on Thursday, August 31, where he was treated for minor injuries to his right foot.

Mr. Denison offered to assist Mrs. John D. Bayne, of 390 University place, who was having trouble moving her car from her driveway. She released the emergency brake of the car, overlooking the fact that the car was in reverse gear, and the car shot backwards dragging Mr. Denison with it.

The left wheel ran over Mr. Denison's foot. The car then backed up over the curb and over a lawn mower blower belonging to Cal Fleming Landscaping and Tree Service, and stopped between the curb and the sidewalk. Mr. Denison was taken to Bon Secours Hospital by City Police officer Edmund Benthuys.

Two young men found lying in Charlevoix avenue, were taken to Bon Secours Hospital by Farms police on Monday, August 28, suffering from injuries received when their motorcycle crashed into a parked car.

According to an accident report, Roger Solomon, 18, of 1174 Lochmoor boulevard, suffered a broken left leg, and David Dillon, 18, of 20890 Ridgemont, Harper Woods, who was seated at the rear of the cycle, suffered scratches on the hands and body.

Why Go To Iowa?

Already as tall as the roof gutters on his home at 116 Muir road is a giant corn stalk grown by James Champine, who expects it will reach 20 feet, the owner said. The seed, along with another that produced a corn stalk of just average size, was included as a sales gimmick in a package of snacks. Undoubtedly a factor in his being able to raise this titan is the fact that "Jim" has been a gardener for the past 13 years for Mrs. Richard P. Joy, Sr., of 269 Lake Shore road.

Adult Education Classes Starting

Adult education is about to play its prominent part in the fall season as both young people and their elders find their way back to the classrooms. Last year there were approximately 6,000 registrants for the 86 different kinds of classes offered to adults by the Department of Community Services of the Grosse Pointe Public School System. This year promises to bring the same kind of excitement to those who participate.

The music and dance offering go from instruction to play a banjo to participation in a symphony orchestra.

All types of sewing and cooking are available with expert instruction. The arts and crafts offer opportunity for the novice and the expert alike in anything from lapidary to decoupage. Men and women can find fulfilled classes in many forms of sports and exercises and at all levels of participation.

The Department of Community Services of the Grosse Pointe Public Schools has announced this adult education program as one that has something to offer every Grosse Pointe adult citizen. Further information concerning a reservation in classes scheduled to begin during the last week in September may be obtained by calling the Department of Community Services at TU 5-3808 or TU 5-0271.

Licenses Carry Different Names

Farms police arrested a man on Saturday, August 26, but it took a little time to find out who he was.

Patrolmen Philip Miglio and James Morgan were dispatched to Lake Shore road, in front of St. Paul Catholic Church, where, it was reported, an intoxicated driver had stopped his car and was blocking the eastbound lanes.

The policemen said that when they arrived at the scene, they found Frank B. Toney, 32, of 18634 Syracuse, Detroit, or is it Frank Burton, 34, of 5628 East Seven Mile road, Detroit, drunk in the car. The man was arrested on a charge of being drunk and disorderly and taken to the station.

When asked for his operator's license, the man, whose real name was established as Frank Toney, presented two operator's licenses, one with his real name and the other bearing the name of Frank Burton. He offered no explanation.

A check with Detroit authorities revealed that Toney owed on warrants for traffic offenses totaling \$300, and that he was out on bond on \$50. He was released to Detroit police for further disposition.

Toney's car, which Miglio and Morgan said was smoking under the hood when they arrived on Lake Shore, was impounded and towed to the rear of the Farms station.

Great Books Group Forming

Persons interested in registering for the third year program of a Great Books Discussion Group may get more information from the Central Library, 10 Kercheval at Fisher road, 884-2200 or contact J. B. Doyle, 885-8228.

The first meeting of this group will be held Thursday, September 14, at 8 p.m. in the Friends Room of the Library. Subsequent meetings, which consist of a two-hour discussion period, are held on the second and fourth Thursdays of the month.

All adults in the community are welcome. There are no tuition fees and no special academic background, nor previous Great Books group participation, is required.

Charlie's The Proprietor Only Zoo in The Pointe

By Betty Stephens
As we know, it is the Pointe's only zoo. Claimed by large signs upon Moross road, it is located at 72 Moross at the corner of the Charles C. Sullivan, Jr. backyard and has been visited by 60 customers according to its 11-year-old proprietor, Charlie Sullivan. The zoo is shared by Charlie's son, Joel Thomas, 11, and his brother, Brian, 15, who helped Charlie build the pens and make other Sullivan children, Brian, 5, and Charlie are "admirers" of the zoo's project, but not its proprietors.

or a nickel if you are five years of age, you can buy a goldfish in an aquarium with 19 snails, one red turtle, five caterpillars and one cocoon, two desert tortoises, a canary, a Siberian hamster and two giant white Belgian hares (both females—to forestall any speculation). At least that was the count last Saturday.

If you are fortunate enough to be shown around by the two-headed owner, you will learn that the little turtle, who has just lost his baby "egg" tooth, was chosen at the five and ten because he had a slight deformity in his shell and Charlie wants to be sure he will stay healthy; that the land tortoises are eight and 10 years old and you can count the rings around the spots on their shells to prove it.

You will also learn that Charlie recently rescued a field mouse from a neighborhood cat and after being sure it was o.k., let it go in a pumpkin patch. An empty TV cabinet, attractively planted with cactus and begonias, awaits some long-hoped-for snakes, and a source at the University of Michigan has been promising some gerbils.

Anyone who would like to contribute the snakes— "I think my mother will let me keep up to five," says Charlie seriously — frogs, toads or whatever, call TUxedo 4-6905. Cages, a large part of the overhead, are also welcome.

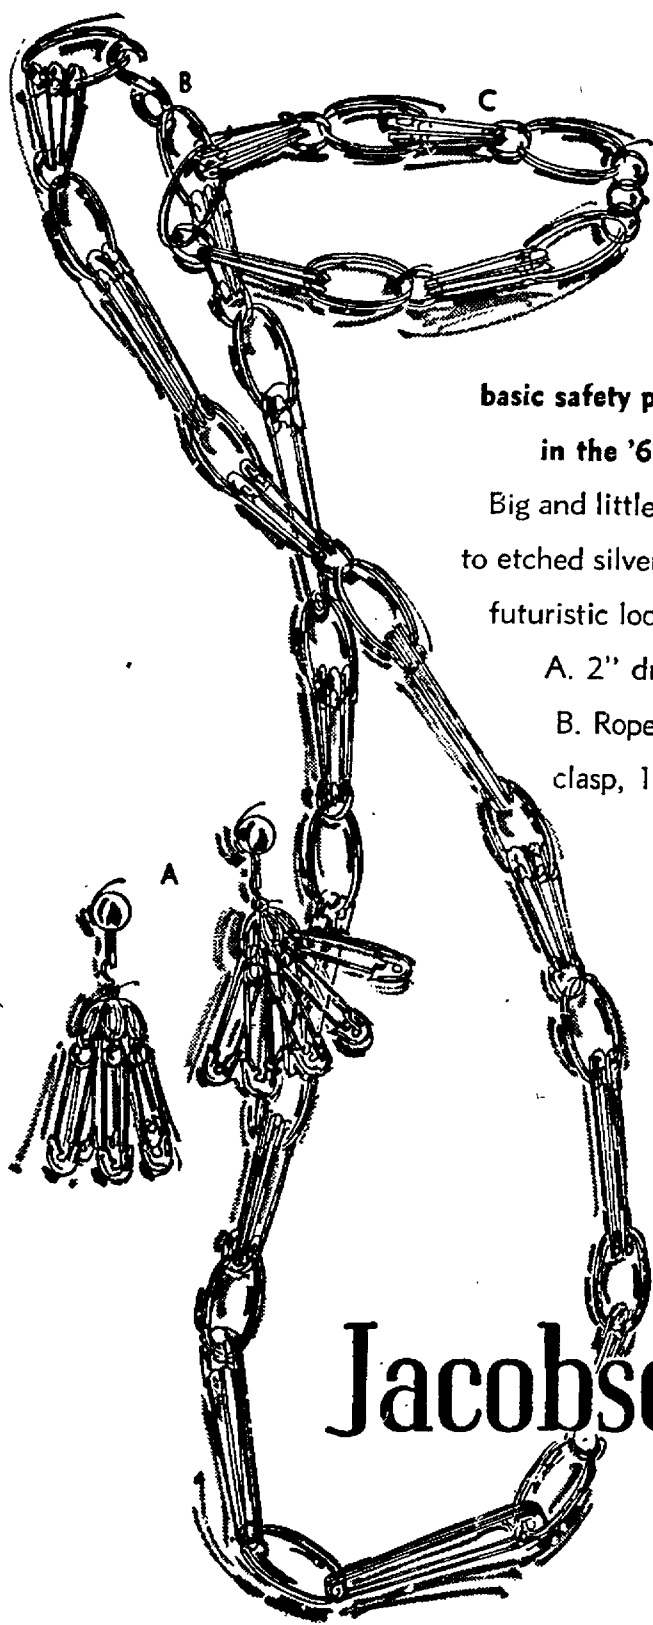

The zoo can be visited from 8 a.m. to 8 p.m. any day until after Labor Day when it goes Saturdays only until the animals go into winter quarters after the first frost.

DANGEROUS GAME
A Stratford place resident called City Police on Monday, August 28, and reported a group of boys playing at the breakwall of the lake and throwing each other in the water. Officers Duncan Mac Eachern and Richard Lanski sent the boys on their way.

Getting Daughter to School Fills Mom with Memories

By Pepper Whitelaw

Today is BTPSPALD . . . that is Back To School Peace At Last Day! The children have left in a flurry of excitement and anticipation and here you are all alone with the crossword puzzle (that has you stumped), that second cup of coffee, and your thoughts.

Your first thought is that the house is too quiet. It's difficult to imagine that only a few days ago this tomb of a house was bustling with the sounds of the children . . . the television set, the record player, their transistor radios and their friends.

Today, the only company you have is the family pet who at the moment is trying to outstare you . . . he misses the children, too.

BUT you do have some time to think . . . and during my thinking time I recalled those traumatic pre-school shopping trips with my daughter.

But interrupting that thought came a flashback of my school days and the things we wore. Do you remember . . . when we used to wear men's sweat socks that met our long skirts . . . how we cut the heels off

our loafers? Well, if you didn't, you were a "square" . . . today I think they call it being a "scag." . . . The our sweaters two sizes too big and our skirts three to four inches too long. How about those "Timmy Tuft" coats . . . do you remember, they looked like the lining in our coats today . . . fuzzy and bulky? They gave the wearer the appearance of a moth-eaten bear.

And the two things that are very big this year . . . the peacoat and jeans . . . we wore them back then. Remember telling your mom that the peacoat was what all the "wheels" were wearing? Today the "in crowd" is wearing them. And here just a few days ago you told your daughter that the coat was an impractical length to buy, and too boyish!

As to the jeans . . . we wore them a little too snug in our day too, only we added our dad's oversized shirt to complete the ensemble. The levis the teens wear today have a much more feminine look. The clothing manufacturers got smart and are making them in prints and corduroys . . . and they don't look too unlike a regular pair of slacks.

How about the makeup? Well, we didn't have such a complicated makeup job to do but our parents didn't approve of those purple lipstick that reminded one of a sick egg plant, or the leg makeup which always seemed to come in that awful shade of orange and rubbed off on the furniture and streaked when it rained!

How about those two popular styles of skirts, the hobble and the broomstick with a pinafore? In the hobble skirt we looked like mechanical windup toys. Who could walk properly in those long, tight skirts? And in the broomstick skirt we all looked like overgrown "Little Women."

How about our most popular hairstyle, the Page Boy? It was the big hit then and everywhere you looked you saw female Prince Valiants.

The "must" in jewelry, (and we complain about our daughter's pierced ears), was the ankle bracelet, or "slave bracelet," which was given to a girl by her favorite beau . . . and how about our gym suits? They were the lovely sleeveless style in royal blue with the bloomer bottom . . . heard enough? Well, I have recalled enough so that I now can't understand why I

got so upset over the mini skirts, the wild colors and the "mod" look that my daughter loved so on those shopping trips.

In fact, when she come home I think I'll apologize for my caustic remarks about the current style of dress and take out my old year book and both of us can have a good laugh!

Albino Sparrow Seen at School

An albino sparrow has been reported to the NEWS. It was seen by 12-year-old David Swan, of 312 Cloverly road, feeding with a flock of natural-colored sparrows at the corner of Cloverly and Williams road, near the Brownell School playground, on

Monday, August 28. "It looked just like a piece of white paper on the ground among the brown birds," confirmed his mother, Mrs. William Maynard Swan, Jr., "until you saw it start to hop around and fly away." The white feathers

had black markings on the head and tail, and the bird was "orahgish," added David Swan. Pointe birdwatchers say they have never before seen an albino produced by this species of bird in the area. Set a bad example and you know what will hatch out.

First, call Edison. We'll give you the names of electric heat contractors near you. Each has been approved by Edison as qualified—and each is a reputable businessman. (And each will give you a \$150 trade-in on your old furnace if you convert to electric heat.)

Next, the contractor will check your home, review your needs, and recommend the type of heat best for you. He'll recommend electric heat only if it meets your needs. Electric heat is clean, quiet, comfortable and more economical than you'd imagine. In fact, electric heat rates have been reduced again—this time, by 10%. That's 30.5% in eight years. The contractor will estimate both installation and operating costs and give them to you in writing. All without obligation. We'll check the quotation if you like.

Then, after your new electric heat system is installed, Edison and your contractor, working together, will make any adjustments necessary to the system if operating cost exceeds the original estimate during the first three years of use. At the end of this time, if operating cost still exceeds the estimate, and you aren't satisfied, Edison will remove the system and refund your original price.

That's our new Three-Step Protection Plan. What better way to protect your investment during every step of conversion to electric heat? Remember the First Step. Call Edison for names of the approved contractors nearest you.

Fishing Rodeo Great Success

The seventeenth annual Fishing Rodeo was held last Saturday at the Farms Pier and it was a grand success as 350 anglers from the City and Farms participated and pulled in a total of 35 fish of all varieties.

Co-chairman Carl Lieneman awarded Chris Cullen the Mort Neff-Harry Furton Memorial Trophy which goes to the Farms angler who catches the largest fish. His partner, Tom Trombley, awarded the Clyde Putnam Memorial Trophy to Dave Wittstock of the City who caught a 9 1/4" sheepshead.

Some entrants were able to pull in more than one fish as did Troy Garnall, Dave Wittstock and Karen Reinoski, the only girl to catch more than one.

After the rodeo had ended, the winners of the Pre-Rodeo contests were announced and winners from the City were Betty Winkler, Scott Wickland, Leo Hirley and David Domin. The Farms winners were Mike Ochalek, Jackie Weshell, Drew Miller, Bill Taylor, Jim Dadeppo, Dan Gerow and Mark Kail.

In between the catching of the fish, the parents were kept supplied with doughnuts and coffee by Mrs. Lou Senderbach, Mrs. Fran Labadie, Fay Graves, Mrs. Ed Lauer. The candy detail was taken care of by Harold Doubles. Joe Crea was the P.A. announcer and kept everyone informed on the size of the fish and who did all the catching during the fishing time.

Lou Senderbach, Pete Jame-rino, and Dick Graves had the task of measuring the fish. Joe Dowdall, Ig Backman, Bob Neyhing and others had the job of supervising the hooks and sinkers department. Vince Peters was the hot dog and bun depart-

Farms Swim Club Stages Annual Awards Banquet

The Grosse Pointe Farms Swim Club held its annual banquet on Wednesday, August 30, at the Grosse Pointe Farms Park, to honor the 70 Farms swimmers who had a very successful season in the Inter-City Swim League this summer.

The club won the dual meet championship and the league championship this season. Coach Les Roddis started with almost a completely new team this year, with only 17 returning swimmers. After losing its first meet to Grosse Pointe City Swim Club the team went undefeated for the rest of the season.

The banquet started at 7:30 p.m. with games for the team members. A tug of war was held on the beach and also a running race. Tom Wise, a 12-year-old breaststroker and flyer won the boys' race and Patti Crowley, an 11-year-old freestyler won the girls' race.

The team members then went into the pool and caught goldfish and turtles. The climax of the games was diving for \$5 in change in the pool. Matt Rentenbach collected the most money for the boys and Cheryl Rem collected the most among the girls. Each received a gift certificate to Modern Emblem Sport Shop.

The team then retired to the boat house for dinner. After dinner, movies were shown of the team during the summer dual meet season. Then the awards were given out. Coach Roddis gave a trophy to Mark Boerner and Janie Burgess, team co-captains. He then initiated a new select group of Farms swimmers called the Top 35 Swimmers Club. The top 35 swimmers who had scored the most points during the season were each given a gold swimmers pin.

Those who received these awards were: Bob Roh, Jan Estes, Mark Longworth, Cindy Estes, Mike Ambrogio, Mike Nally, Beth McNally, Mike Walworth, Leslie Clifford, Mark Boerner, Tom Wise, Therese Wilson, Craig Walworth, Jim Webb, Ruth McKinney, Chris Duffy, Marge Nally, Dave Corbett, Nancy Riddle, Beth Boer-

ner, Matt Rentenbach, Cathy Corbett, Brad Boerner, Cathy Crowley, Jeff Claes, Scott Cardwell, Remee Adams, Ann McKinney, Chip Delsner, Doreen Dzuba, Janie Burgess, Pam Adams and Roy Gondolfi.

Finally the three most important awards were given out: the Most Improved Swimmer Award, the Most Valuable Swimmer in the Intra-League Championship, and the Most Valuable Swimmer for 1967.

Cindy Estes, a 10-year-old girl backstroker and freestyler, won the Most Improved Swimmer award. During the season Cindy had improved tremendously in stroke technique, starts, turns, and time. She was one of the Farms' most consistent scorers and one of the hardest working. She took two second places next to her friend Beth Boerner in the league's championship meet.

Beth Boerner, also a 10-year-old freestyler and backstroker, received the Most Valuable Swimmer Award in the Intra-League Championships and was never more than a tenth of a second ahead of Cindy Estes in taking two firsts in the championship meet. Both girls swam together in the 10-and-under mixed free relay to set a new record in the championship meet. Both girls hold the Farms' pool record for the 10-and-under free.

The Most Valuable Swimmer Award for 1967 went to Jim Webb, a 16-year-old breaststroker who won his event in the Intra-League Championships. Jim was one of the hard swimmers on the Farms' team. He was high point scorer for any one single event and never missed practice. He has been on the team for three years and swims for St. Paul's during the winter where he is expected to do well this winter in his event. Jim also swam fly this summer and did quite well.

The team gave Coach Roddis a gift and also gifts to each of the assistant coaches Dave Quinlan and Brenda Stout. The Grosse Pointe Farms Booster Club and The Grosse Pointe Farms Boat Club sponsored the banquet and the Farms Swim Club thanks them for their help.

Indian Guides Slate Meetings

The Hannan YMCA Indian Guides, (Grosse Pointe Nation), is holding its organizational meetings for fathers on September 11 and 14 at 8 p.m. at the Grosse Pointe Central Library, 10 Kercheval.

Fathers of families who attend Kerby, Maire, Defer, Trombly, and Richard schools should come on the Monday date, and those whose children attend Poupard, Mason, Monteith, Barnes, and Ferry school should come on the Thursday date. However, if you are unable to be present at your particular area meeting, you may certainly attend the other.

Indian Guides is a father-son program for boys in the first-to-third grades, with their fathers. Its purpose is to foster the companionship of father and son. Members are organized into tribes of six to nine sons and fathers, according to schools. This year's activities include camping trips, overnights at Greenfield Village, sports, family outings, hobbies, etc.

Joe Buel III, 1967-68 Longhouse Chief, and Douglas R. Sperling, Community Program Director of Hannan Branch YMCA, will be in charge of the program for the organizational meetings.

Cadet Bennett Wins Parachutist Badge

Cadet Robert W. Bennett, 20 son of Mr. and Mrs. John B. Bennett, 1923 Fleetwood drive, received the Army Parachutist Badge August 9 upon completion of the Infantry School's three-week airborne course at Ft. Benning, Ga.

His training, which included five jumps from a C-130 airplane flying 170 miles an hour at an altitude of 1,250 feet, qualified him as a parachutist.

Boys singles (14-17) Tom Keller over Paul Safran; 6-0, 6-3.

Women's singles, Julia Caprara over Yolanda Mascarin; 6-0, 6-0.

Men's singles, Tom Keller over Ed Halpin; 7-5, 7-5.

Julia Caprara and Tom Keller, winners of the women's and men's singles, combined to defeat Mr. and Mrs. John Lucas 6-2 and 6-2 in the mixed doubles event.

Player and spectator participation ran high throughout the tournament and the Department of Parks and Recreation is looking forward to the opportunity of sponsoring next year's Woods' tournament.

Frank Banach Being Honored

Coach Frank Banach, retired Physical Education Director of Grosse Pointe High School, will be honored during a full day of festivities on Saturday, September 16. All male students who learned the fundamentals and the pleasures of organized athletics under his supervision during the past 39½ years are invited.

The day will begin at 1 p.m. with the Ann Arbor-Grosse Pointe High School football game on the Blue Devils' home ground. A special section of the grand stand will be set aside for the hundreds who will be honoring Coach Banach. Following the game, cocktails will be served at 6 p.m. and dinner at 8 p.m. in the Knights of Columbus Hall at 18000 East Warren avenue.

The day has one limitation, only 500 tickets are available because of the Hall's capacity. These will go on sale by mail order only, beginning September 1. The price is \$5.75, which includes the cocktails, dinner and a contribution towards a gift in appreciation of Coach Banach's fine leadership and coaching abilities.

Ticket applications will be available at commercial establishments direct from Coach Banach Day; c/o John Bockstanz, 62 Radnor, Grosse Pointe.

The alumni committee planning the festivities is headed by Henry Kinzie, of Beaupre road.

Crown Champs In Net Tourney

Steady back court play and a sizzling service brought the men's singles' title in the All Grosse Pointe Tennis Tourney to Ron Gutow. Bill Hotchkiss, finalist from the other half of the men's draw, matched Gutow shot for shot through two grueling sets.

Youth had its day in the third set, however, as Gutow pressed forward and repeatedly won critical points. Set scores were 6-3, 10-12, 6-2.

The women's final saw Betty Kohr hold off a determined challenge from Julia Caprara in a two hour and 40 minute women's singles final. Mrs. Kohr, basically a clay court player, overcame sore feet and a steady opponent to win 3-6, 7-5, 6-3.

Earlier in the day, Henry Gage had overpowered Bob Reese in straight sets to win the Junior Veteran singles' title, while Joe Kristufel, teamed with Bob Gillooly to defeat the team of Kleinsmith and Ralph in Junior Veteran doubles.

Mixed doubles matched the straight power tennis of Tony Fisher and Mrs. Robinson against the scrambling style of Mary Jane Forish and Rick Champion. Power tennis carried the day as Fisher-Robinson swept to a 6-2, 6-2 straight set victory.

The men's doubles final shaped up as a replay of the singles final as Gutow teamed with Peter Martz and Bill Hotchkiss teamed with Rick Champion. However, a back injury to Martz forced a final round default to Champion and Hotchkiss.

In the end, the real winners of this well-attended tourney were the 144 active participants and hundreds of spectators who viewed some of the finest tennis activity seen in the Pointes for many years.

The excellent turnout prompted Tourney Director Dan Dreyer to say, "We were amazed to find this many people actively interested in tournament tennis in Grosse Pointe. Next year, with good prior planning and the same enthusiastic community response, this could become the best local tennis tournament in Michigan."

Starting this Sunday in the Free Press.

Svetlana Alliluyeva, only daughter of Josef Stalin, made sensational headlines last spring with her defection to the U.S. Now, she tells her personal story—an account of her life of terror in the Kremlin during nearly three decades of history, ending with Stalin's death in 1953. It is the only authentic glimpse of day-to-day life behind Kremlin walls ever published—and it had to be smuggled past Soviet authorities to get into print. Alliluyeva tells of Stalin's cruelty that drove her mother to suicide and her two brothers to tragic endings. She shows Stalin, at the end of his days, a prisoner of the system he himself created. She describes his final death agony. Her frank story, "Twenty Letters to a Friend," is both a personal and an historical document that sheds new light on an era of terror. The book is sure to become one of the year's best sellers, but you can read it exclusively in the Free Press at no extra cost. **Read every one of the 12 installments beginning Sunday. Are you in the early, time consuming stages of house hunting? The Maxon Plan for sifting out the inappropriate by means of small, simplified floor plans coupled with photographs can lighten your burden (and ours) of preliminary inspections. Drop in at 83 Kercheval Avenue and go through one of our catalogs.

Footnote to Home Owners — The Maxon Plan can save you too the inconvenience or inappropriate, unnecessary interior inspections. If your house is for sale, we'd be glad to inspect it and suggest a price suitable to the current market. We usually sell our listings quite promptly at market prices.
