U.S. FIGHTER BOMBERS attacked North Vietnamese gun positions in Cambodia Wednesday after an American light observation helicopter was hit by ground fire from the country and exploded in the air, U.S. spokesmen said. The incident occurred during fighting along the border 80 miles west of Saigon, where South Vietnamese troops have been trying to block the escape into Cambodia of the remnants of a battered North Vietnamese regiment.

THE LOS ANGELES school system was ordered Wednesday to present a plan by June for the integration of the district's 555 schools. Superior Court Judge Alfred E. Gitelson issued the landmark ruling in a suit instituted by American Civil Liberties Union on behalf of 12 Negro and Mexican-American children.

Friday, February 13
PRESIDENT NIXON Thursday came out in full support of having the same school desegregation rules for both the North and the South and said he was opposed to busing students to achieve racial balance. His views were contained in a White House memorandum that was distributed to a few Republican Senators on Lincoln's Birthday while the President was on a short vacation in Florida.

THE MICHIGAN EMPLOYMENT Security Commission (MESC) said the Michigan unemployment rate rose from 3.5 percent in November to 5.2 percent in January. The Detroit rate rose from 3.2 percent in November to 4.9 percent in January. In the same period, the national unemployment rate rose from 3.4 to 3.9 percent. There are now 127,000 Michigan workers, 55,000 of them Detroiters, who are out of work.

Saturday, February 14
DENNY McLAIN'S "off-the-field activities" in 1967 are being studied by Bowie Kuhn, the commissioner of baseball. Kuhn announced Friday that he is reviewing the action of the Tigers' star pitcher. McLain could not be reached for comment.

THE WHITE HOUSE DEFENDED Supreme Court nominee G. Harold Carswell Friday against criticism that he once sold some resort property with a restrictive covenant stipulating occupants had to be white. Press Secretary Ronald L. Ziegler said that although President Nixon does not approve of such covenants, they are common throughout the land.

TWO HEAVILY ARMED MEN bombed the Danbury police station, a shopping mall and a bank Friday, robbed the bank of \$40,000 before the explosive went off, then sped out of town. Twenty minutes after the bomb exploded at police headquarters, the men had disappeared, leaving 22 persons injured in the explosions.

Sunday, February 15
PRESIDENT NIXON reannounced the use of disease-producing toxins Saturday as weapons of warfare. He took the step, White House sources said, in hopes of demonstrating his sincerity about controlling the arms race and methods of mass destruction. Under new presidential orders, existing military programs for producing toxins will be confined to research on immunization techniques and medical therapy.

DISTRICT JUDGE Julius J. Hoffman sent the marathon riot conspiracy trial of the "Chicago Seven" to a jury Saturday and, amidst shouting and tumult, began sentencing defendants to stiff jail terms on contempt charges. Hoffman imposed sentences ranging from two years and five months to eight months on four of the radicals charged with conspiring to incite rioting in Chicago during the 1968 Democratic National Convention.

Loses Clothing In Parked Car

City police received a delayed report of larceny from a car on Monday, February 9, from Melvin H. Farris, 319 Lincoln road.

Mr. Farris told officers that his car was parked in front of his home on Saturday, January 31, with a number of articles of clothing on the back seat. When he went to the vehicle for the items they had been removed from the locked car.

Missing were one boy's sport jacket, two women's dresses, seven men's shirts and two ties. An insurance report was filed.

Find Youths Using Public Lavatories to Take Drugs

As the local drug usage problem continues to grow, so do the problems of our local public safety officers. The newest "fringe" problem is the use of public lavatories for injection of drugs.

One of the latest incidents was reported to City police on Saturday, February 10, by a local professional man, whose offices are located at 17003 Kercheval.

The man told officers that a suspicious young adult male and young female had just left the area in a Camaro which was parked in back of the building. He noticed them leaving the building by the back stairs and became suspicious because just four days prior to this the same youth had been seen in the building.

North High School Parents To Help Fight Drug Problem At Information Workshop

Small Group Discussions, Person-to-Person Exchanges Planned for Three Sessions Scheduled for February 25

Fighting the local drug abuse problem has become a community effort. Service organizations, community agencies and schools are working diligently to disseminate information to parents and youngsters.

The Parents Club of North High School wanted to take a greater part in the battle, so the members have arranged to hold a Drug Information Workshop on Wednesday, February 25.

The workshop approach will provide parents and interested adults with pertinent drug information through small group discussions and person-to-person exchange. The programs will be held in separate physical areas of the building. Interested persons may rotate from area to area.

All programs will be introduced with a brief presentation. Questions from the audience will be encouraged. Each area will have a limit of 150 people. The sessions will be repeated three times during the course of the evening enabling parents to attend all of the discussion groups. The program schedule is as follows: 7:30-8:10 First Presentation; 8:20-9:00 Second Presentation; 9:10-9:50 Third Presentation; 10:00 Coffee in the cafeteria and opportunity for evaluation.

Section I will meet in The Commons. There will be a display of narcotics and instruments. The discussion will deal with the interpretation of present laws by federal, county and local enforcement agencies. Participants include Ronald Metcalf, Federal Bureau of Narcotics and Dangerous Drugs; James Sall, Wayne County Health Department; Narcotic Division; Charles Peirce, Park Police Department; Martin Trombley, Woods Police Department; George Van Tiem, Farms Police Department, and two former drug addicts.

Section II will meet in the North gym, and will feature representatives of Medical and Community Service. They will discuss the reasons for drug usage by young people, symptoms of drug users and what treatment facilities are available. Participants include Dr. Roy Craig, M.D., Moderator; Dr. Max Gardner, Psychiatrist; Dr. Arthur Hugett, Psychiatrist; Edward Krattli, Social Worker; Dr. Eli Rubin, Psychiatrist; Dr. Kenneth Schoof, Psychiatrist and Dr. Caller Worrell, Pediatrician and President of The Family Life Education Council (FLEC).

Section III will be a discussion of Judicial and Legislative concerns relating to the drug problem in Michigan, Wayne County and the Grosse Pointes, and will meet in the south cafeteria. Pending legislation, revision of present laws and state programs and establishment of services to combat the drug problem within the Pointes, (Juvenile Court, Youth Bureaus and Rehabilitation Centers), will be discussed. Participants include Charles Lord, WWJ-TV, Moderator; William Bryant, Wayne County Board of Supervisors; William Huettelman, Woods Councilman; Robert Stone, Park City Manager; and Dale Warner, State Representative — Public Health Committee.

Modify Plan To Improve Vernier Road

William Michaux and Other Residents Win Fight To Prevent Fifth Lane At Morningside

By Phil Loranger

Threatened with the possible loss of its Vernier road improvement project unless it could come up with an affirmative program by a Friday, February 13 deadline, the Woods City Council, at an emergency meeting on Thursday, April 12, unanimously passed a resolution calling for a modification of the original project plans.

The approved resolution, signed by Mayor Kenneth McLeod and City Clerk Leona Liddle, was rushed to the Lansing offices of the Michigan State Highway Department Friday morning, thus assuring a March date for the kick-off of the highway improvement project.

The modified plans now call for the reconstruction of Vernier road to four lanes (a total width of 44 feet) with a fifth lane at the intersection of Marter road and all construction to be accomplished within the existing 65-foot right-of-way. Plans (Continued on Page 4)

Police Thrilled By 'Funny Car'

Working as a local public safety officer can have its lighter moments. Take for instance the recent experience of Sgt. Foster Mauck and Cpl. George Brackx.

While going about their routine duties at the station, they noticed a pleasant lady standing at the front door. She smiled. They smiled. Then she said, "That sure is a funny car." With that Mauck and Brackx looked out of the window in the front drive of the station and saw a car revving as though it were on a showroom display stand.

Excitedly Mauck asked the lady, "Is that your car, Ma'm?" She smiled and said, "Yes, it's mine and that's the fourth complete circle it has made in your drive." With that Brackx rushed out and stopped the "whirling dervish." The lady smiled again and said, "Sure is a funny car." In the meantime, the two officers breathed sighs of relief because the circling car was whirling inches away from a spanking new police car!

New Park Edifice Receives Approval Of Farms Council

Grosse Pointe Farms Boat Club Authorized to Raise Funds for Proposed Project Which is Estimated Will Cost Between \$250,000 to \$350,000

The Farms council on Monday, February 16, approved a resolution authorizing the Grosse Pointe Farms Boat Club to undertake a program to raise funds for the renovation, or replacement of the obsolete wooden activities building located near the "old" boat harbor in the Municipal Pier-Park.

The remodeling of the building, or construction of a new edifice, will cost between \$250,000, or \$350,000, according to estimates by contractors.

This ambitious program by this civic-minded organization is for the betterment of the community the council feels. When, and if, the building is remodeled, or a new one is erected, it will be the property of the city, not the Boat Club, which members use the place for their regular meetings.

The members of the organization, however, do have a "selfish motive", and that is, they want a better place to hold their meetings. Above all, they want to improve the facility for the residents of the Farms.

Purpose is Clear
The GPFBC has a section in its by-laws, which states that the purpose of the group is "To encourage, promote, and teach safe boating and to further the interest and growth of the Grosse Pointe Farms Boat Club and to improve boating facilities and other recreational activities to serve the community."

City Will Heat Swimming Pool

No more blue faces and shivering swimmers in the City of Grosse Pointe when the swimming season rolls around this year. The City Council voted to have the pool at Neff Park heated. Last year, citizens requested that the Council consider heating the pool because the water was too cold for swimming except at the peak of the hot weather.

The heater installation will be located adjacent to the fenced-in filter pit area. The habitat fence would be enlarged to enclose the heater. With the heating installation it is anticipated that the water temperature would be 77 to 78 degrees. Without a heater, the pool temperature is in the 68 to 72 degree range during the early and late part of the season. The estimated cost for installing a heating system is \$6,035. Annual operating costs, exclusive of depreciation, are estimated at \$1,100 to \$1,400.

At the same session the Council awarded a bid for remarketing the swimming and wading pools at Neff Park to Paddock Pools at a total cost of \$12,192. Remarketing is a process in which chips of marble and plaster are used for resurfacing walls and bottoms of swimming pools giving them a smoother surface.

300 Pints of Blood Goal Of Collection at Center

When the American Red Cross Bloodmobile sets up in the ballroom of Grosse Pointe War Memorial's Fries Auditorium Thursday, February 19, the goal will be 300 pints of donated blood. Donors may earmark their gift for the Grosse Pointe Community Blood Bank maintained by the Center or for any church or organizational blood bank or individual they wish.

While all who come to the Bloodmobile will be gratefully welcomed, it helps immensely if prospective donors make appointments in advance. The appointments may be made beginning at 9 a.m. and continuing through 8:30 p.m. The evening hours should be helpful to employed men and women wishing to give. Approximately 10 donors can be processed every 15 minutes.

There will be two slow-down periods—11:30 a.m. to 1 p.m. and 5 to 6:30 p.m. to allow the

Recommends Asking 19.70 Mills Levy

Superintendent Anderson Would Reduce Originally Proposed Budget by 1 1/2 Percent

A drastically cut public school and public library program is in store for the Grosse Pointe community in 1970-71 if the Board of Education follows the recommendation for a 19.70 mill levy presented to them by Dr. Theos I. Anderson, Superintendent of Schools.

"It is with great regret that I make this recommendation for a curtailed program of services to be offered by The Grosse Pointe Public School System and the three Public Libraries, but in the light of two defeats of 25.45 mills at the polls, I do not feel that we have a choice," he said. "It is imperative that we pass millage on March 24," he added.

Dr. Anderson will make a public presentation of his recommendations in a public hearing to be held at 7:30 p.m. in the auditorium of Parcels Middle School on Thursday, February 19. Citizens wishing to comment upon the recommendation will be provided an opportunity to be heard. The Board of Education will hold a special meeting at Parcels School at 7:30 p.m. on Monday, February 23, to take official action on the amount of the millage.

Budget Cut 1 1/2 Percent
"My recommendation has been formulated through extensive study and consultation with the administrative staff and representatives of the several employee organizations. Overall it represents an 11 1/2 percent reduction from the budget originally proposed for 1970-71," Dr. Anderson said.

The Superintendent added that it must be completely understood that his proposed voted operational millage rate of 19.70 would finance the recommended program for only the 1970-71 year.

Dr. Anderson's recommendation includes a \$1,828,600 reduction in the 1970-71 budget, from \$16,001,773 to \$14,173,173.

A total of \$626,800 has been deleted from non-staff expenditures and a total of \$1,201,800 in staff salaries has been eliminated.

Cuts in administration amount to 20 percent of the total administrative staff, 32 percent of the total library staff (including 15 percent at the public library), 8 percent overall for elementary teachers, 13 percent for middle school, and 9 percent for senior high, 20 percent (Continued on Page 2)

NHS Dedication Set for Sunday

Residents of the community are cordially invited to attend the dedication of Grosse Pointe North High School at 2 p.m. on Sunday, February 22.

Mrs. Paul G. Hykes, president of the Board of Education, indicated that the main speaker at the ceremony will be the Honorable William G. Milliken, Governor of Michigan.

Interested citizens will be able to tour the buildings at the close of the dedication program. Music for the event will be provided by the North High School Orchestra under the direction of Nathan C. Judson. Dr. Theos I. Anderson, Superintendent of Schools, will serve as Master of Ceremonies for the program which will be held in the school's auditorium. Speakers at the ceremony include Malcolm R. Stirton, president of Harley, Ellington Associates, Inc., Kenneth Pemberton, president of Ferguson Construction Co., Mrs. Hykes, Dr. Joseph Spagnoli, secondary planning director for the building, Mrs. William W. Innes of the Daughters of the American Revolution, and Dr. William Craig, principal of North High School. Clergymen participating in the ceremony are Reverend Paul Keppler of First English Lutheran Church and Monsignor Frank McPhillips of St. Paul's Catholic Church.

 Might Offer Option
 Dr. Anderson said that the

Board of Education is considering the possibility of offering the voters the option of restoring some of the cuts in the form of a second ballot proposition. It is expected that the exchange of ideas with the public at the February 19 meeting will assist in determining the community's sentiment.

Savings in the non-staff areas would mean fewer new adoptions of textbooks and purchase of instructional materials, and the institution of a textbook rental charge for elementary pupils.

Curriculum development will be curtailed by 50 percent, the budget for substitute teachers will be cut, a moratorium will be placed on sabbatical leaves for 1970-71, and overtime pay for subsidized school-related activities will be reduced.

Extra-pay-for-extra-duty will be reduced in connection with athletics, publications, and other student activities. A savings will be realized in capital outlay and the school system's data processing system will not be expanded as scheduled.

Eliminates Programs
 The summer recreation program will be eliminated, as will the new teacher orientation. The spring school census, which is no longer required by law, will not be conducted on a yearly basis.

The number of in-service training programs for the staff will be reduced, and the elimination of the partial subsidy to the senior high publications will be affected.

The schools will not place funds in the building and site reserve for emergency expenditures.

All student educational trips will be self-sustaining, clerical salaries for the bookstores will be affected, and the travel and conference expense will be reduced by 20 percent.

The schools will eliminate the noon hour lunch supervision in the elementary schools and all pupils will go home for lunch.

Personnel Reduced
 Personnel reductions in administration include a budgeted Curriculum Assistant in the Department of Instruction, the Guidance Coordinator, an assistant principal in the elementary schools, the Administrative Assistant in the Department of Personnel, three assistant principals in the middle schools, and two assistant principals in the high schools.

Nineteen elementary teaching positions are slated for elimination. These include five which will be realized through increased class size, five elementary resource teachers, four in art, three in music, and two in physical education.

At the middle school 19 positions to be eliminated are: three counselors, three instructional materials specialists, three physical education teachers, one French teacher. An increase in class size and in the teachers' load, coupled with more traditional scheduling, will account for nine positions.

Reductions in personnel at the senior high school level include two librarians, three physical education teachers, and five in driver education. The switch to a modified open campus will release seven teachers and changes in staff scheduling will provide an additional five teachers.

Big Cuts In Library
 The budget of the Grosse Pointe Public Library will be curtailed by expenditures of \$108,500 through reductions in personnel, by reduced purchases and services, and by the rescheduling of the libraries from six to five days per week. All three library agencies will be closed on Saturday. The most severe reduction will be in the expenditure for books and periodicals.

Savings of \$148,000 will be realized through cuts in the programs of the Department of Pupil Personnel. These include the elimination of nursing positions and other posts.

The reduction in the number of plant personnel positions will account for a saving of \$70,000. Office and paraprofessional reductions will conserve \$108,300 through elimination of five positions in the Central Office, eight in the high schools, four in the middle schools, and one in the elementary schools. Credit for projected salary improvements and increments for the reduced staff will account for an additional \$75,000.

Farms Council Approves New Edifice

(Continued from Page 1)
 The proposed project at the Pier-Park is the long-time dream of Anthony "Tony" H. Delsener, past commodore, who was instrumental in getting the program "off the ground".

Delsener has the complete support of the officers and Board of Directors of the GPFBC, all of whom were present at the Farms council meeting held on February 2, to petition the city body for permission to raise the funds for the proposed building.

The officers are, Joseph D. Crea, commodore; Warren D. Nolt, vice commodore; Mrs. Margaret E. Holmes, secretary; and G. Gerald Malooly, treasurer.

The Board of Director members are: Federal Judge Thomas Thornton, Donald L. Burns, Vincent Famularo and Jerome T. Jenisse. Alternate directors are: A. Hazen Keith and Joseph Kikel.

Plan Special Account
 Under the terms of the resolution approved by the council Monday night, the Farms will establish a special account to be known as the "Pier-Park Community Activities Account", which will be part of the city's Public Improvement Fund.

The sole purpose of the account is to accumulate monies to finance the renovation or replacement of the existing wooden building near the "old" boat harbor.

The Farms agreed to accept and place all monies donated to this special project, in the account, and can place said monies in securities, which are legal

for the investment of city funds, along with other monies of the city, with the exception that interest accrued from the donations be added to the special account.

Will Keep Records
 The city agreed to keep an accurate record of each and every donation, but reserved the right to terminate the fund raising and to liquidate the account, if the council shall determine accumulation of the assets of the account are insufficient to accomplish its purpose, and also if it is in the best interest of the community to do so.

If the city council should order the account liquidated, each donor will be notified by first-class mail. If the donor applies for a refund within 120 days after receipt of the notice, the principal amount will be returned. However, if a refund is not asked for within that period of time, the donation will become a part of the Farms general funds. In either case, all investment interest shall become a part of the general fund.

By participating in the program, the Farms does not incur any commitment whatsoever, to appropriate city funds to accomplish the project, but if it should decide to do so, it can use the funds of the special account, together with funds the city may find available to accomplish this purpose.

Council Has Last Say
 Any plans, whether for remodeling, or replacement of the existing building, must be submitted to the council for approval.

The council's resolution further authorizes the Boat Club, or any other community organization approved by the city body, to raise funds for the program, provided the conditions of the resolution are acceptable to the organization seeking to help.

The park's present Activities Building is approximately 35 or 40 years old, and is located near the water's edge. With the other major improvements

made in the park, a new building of the Farms' recreational facility would enhance the beauty of it.

Vandal Shatters House Windows

Last week's issue of the NEWS carried a story of a stupid vandal riding up and down Grayton, Bishop, York-shire and Devonshire, indiscriminately shooting BB pellets and damaging windows of 34 automobiles parked on those streets.

This week's vandalism story is about an equally stupid individual shooting out house windows with glass agates (used in playing marbles), fired from a sling shot. The incidents took place during the night of Saturday, February 14. Four were reported in the Farms and one in the City.

Police of both communities said that because of the similarity of the vandalisms, the same person could have been responsible.

Margaret Trowbridge of 376 Kercheval, called Farms police to report a double-strength 12 by 18-inch front window, damaged by a fired agate. The missile was found on the inside floor, at the base of the window.

Also making a call to the authorities, was Edmond Fairchild of 373 McKinley avenue, who said that a fired agate went through the glass of the front storm door, and caused \$50 damage. The glass measured four by two and one-half feet.

Jean Hage of 174 Muir road, complained of an agate shot through a 24 by 26-inch storm door glass and through a 24 by

Vandal Shatters House Windows

6 1/2-inch inner door glass. Damage was said to be \$40.

Fay Little of 451 Moran road, told authorities that she was sitting in her living room at about 10:30 p.m., when she heard a noise at her front window. On investigating, she said, she discovered that someone had fired a green glass agate through the 11 by 36-inch storm window. The missile continued its course through the 11 by 16-inch inner window, and landed 12 feet inside the house. The amount of damage was not known.

In the City, police recorded a complaint from Leonard Minkwic of 771 Lincoln road, in which he stated that an agate was fired through his four by eight-inch front window, shattering the glass.

Minkwic said he ran outside and saw a car speeding south on Lincoln, turn left onto Charlevoix, and then north onto Fisher road.

The vandalism brought warnings that the Farms and City, just as the other Pointe communities, have ordinances against firing of any type of weapons, within city limits, whether they be regular firearms, pellet guns, or sling shots. Anyone apprehended doing so, will be prosecuted to the full extent of the law.

Anyone causing property damage as a result of firing these weapons, commits a misdemeanor, and can be subjected, upon conviction, to 90 days in jail, or a fine of \$100, or both.

Teenagers Discuss Films With TV-Movie Council

Parents had better go to some of the new movies, see what teens are seeing, and "tell it like it is!" This was the implication made by a panel of

senior high school students from the Grosse Pointe area. At the February 16 meeting of the Grosse Pointe Motion Picture & TV Council, six young adults provoked much attention and reaction to their assessment of movies today.

Bob Nowicki and Michelle Osaer from St. Paul High, Pat Dean and Tom Tew from Grosse Pointe North High, Martha Klingdeil from Liggett, and Joel Caskey from Grosse Pointe University School, were eloquent as they made astute comments on movie fare. They expressed, almost unanimously, that high school students go to movies mostly because it is a readily available source of entertainment and education. Bob Nowicki stated, "They learn about other people and other ways of life."

The consensus of the panel was that movies today are most honest and realistic, though they weigh what has been said against their own moral values. They are not as easily embarrassed as are their parents, when violence and nudity are an integral part of the story. Joel Caskey offered, "If sensationalism is just thrown in, it's usually obvious and this doesn't make a good movie."

There was lively discussion from the audience, especially in connection with a question as to whether or not movies are providing what young people really want to see. The panel was divided here, some feeling they liked the realism portrayed. Others were cognizant of the fact that they are somewhat conditioned to accept what is shown. A comment from the floor asked if realism meant only depressing films treating extreme problems of love, infidelity, sadism, when there seems to be little joy or human kindness expressed. "That's the way our society is today," responded Joel Caskey. Tom Tew felt it is better to show it than to hide it.

The overwhelming complaint was that prices of admission were too high, especially on movies rated G or GP for general audience, or R, restricted with parental guidance. "If we aren't supposed to see adult films, then we shouldn't be charged adult prices," was the conclusion reached. All agreed they can get in to see any movie regardless of rating. Apparently, they are seldom, if ever, asked their age when they go to an "X" movie. The program, moderated by Florence Kliber, president of the Council, was offered in an effort to focus youthful discretion in selection of film fare. It was also intended to help adults to understand why teens are impressed where adults are not. Movies like "Easy Rider," "Midnight Cowboy," "Romeo and Juliet," appealed to most

Trash Complaint Quickly Solved

James DeYonker, of 1582 Bournemouth, called Woods police on Wednesday, February 11, to register a complaint about trash being blown onto his property from an adjacent lot.

DeYonker claimed the trash was coming from two large containers located on the property of Blazo's Country Fair restaurant, 19299 Mack avenue.

Woods Public Safety Officer Douglas Dosmas investigated the complaint and found two trash containers, which were overfilled.

Mary Green, Blazo's daytime manager, told Dosmas that she was aware of the situation and that the snow removal company had fenced in the cans while plowing, making it impossible for the rubbish removers to get at the cans.

Dosmas advised her to make sure the lids were kept on and informed DeYonker of his action. The resident said he was satisfied.

THE LUCKY DUCK

Woods Dog Warden Dave McQueen received a call on Wednesday, February 11, from Virginia Mohrhardt, of 1859 Huntington, informing him of the presence of a large luck in her backyard. Upon arriving at the scene, McQueen spotted the duck and gave chase with a net, but the wily fowl spotted him and flew off. It was last seen flying high over the tree tops.

Conrad Mallett To Speak Here

Conrad L. Mallett will speak on "Housing—Why Low Cost—Why High Rent" on Monday, February 23, at 7:30 o'clock at the Grosse Pointe War Memorial. This is the third in a series of six lectures co-sponsored by the Grosse Pointe Center for Racial Justice and the Grosse Pointe Human Relations Council.

Mr. Mallett lived in Texas and Mississippi before his family moved to Detroit where he attended Miller High School.

He received his B. S. in Education from Wayne State University, and his Masters Degree from the University of Michigan in American History. He was a doctoral candidate at Wayne State University from 1965 until 1968.

As executive secretary to Jerome Cavanagh from 1966-1968 Mr. Mallett had responsibilities for the Mayor's Committee on Human Resources Development, the Detroit Housing Commission, and the Detroit Civil Service Commission.

He also assumed administrative or liaison responsibilities for the Detroit Youth Commission, Detroit Board of Education, the National Urban Conference of Mayors and others.

He had the direct responsibility of preparing memoranda analyzing the problems of these agencies, departments, or associations, and making recommendations to the mayor for the desolving of these problems.

Mr. Mallett was appointed Director-Secretary of the Housing Commission for the City of Detroit, on March 16, 1969. Tickets will be available at the door for \$2.50.

KICKING THE HABIT

Woods public safety officers are doing their bit to fight air pollution, though many find themselves a little less pleasant to live with these days. In the past year, Sgt. Thomas Kane, Cpl. Peter Thomas and Patrolmen Richard Prietz, Robert Selchell, James Davidson, Charles Hamel, Bruce Marone and Ronald Hayden have all given up smoking cigarets.

WHAT HAS ROBERT WILLIAMS DONE?

Robert Williams is a black man. In 1955, as a Marine Corps veteran, Williams returned to his home town of Monroe, N.C., the southeastern regional headquarters of the K.K.K. He struggled peacefully for justice and equality for his people. His demands of the white community were not extreme — for instance blacks did not have a swimming pool, whites did. Williams didn't even ask that the pool be integrated, but that the blacks simply be given one day a week to use it, although the blacks were one-third of Monroe's population. When he led the black community to make such demands, the Klan tried several times to take his life. When he appealed to local and national law enforcement people, they turned a deaf ear.

The facts are that an aroused black community threatened Mr. and Mrs. Stegall, who had earlier tied a racist banner on their car proclaiming "Open season on Coons". Robert Williams brought the Stegalls into his home and permitted them to call authorities to secure police protection. (Mrs. Stegall's first account said that Williams had rescued her from his men. The chief of police called Williams to tell him that state troopers were on their way and Williams would be hanging in the town square in a half-hour. The police later called the Stegall incident "kidnapping" and charged Williams with the crime; conviction could mean the death penalty.)

Fearful of N.C. non-justice for blacks, he fled the country. Williams has said, "I am not a criminal and reject being associated in the slightest way with crime. The only crime I am guilty of is being in opposition to tyranny.")

Robert Williams returned to the U.S. this past fall, and came to Michigan, believing he would receive just protection of the law.

Modify Vernier Road Improvements

(Continued from Page 1)
to add a fifth turning lane at the intersection of Morningside drive westerly to the entrance driveway of North High School have at this time been dropped. It was the failure to acquire a 10-foot right-of-way on the north side of Vernier road between these two points, that led to delay and the necessity of calling an emergency Council session.

The Michigan Department of State Highways had informed

Woods City Manager Chester Petersen on Tuesday, February 10, that affirmative action had to be taken on the project or the community would face the deletion of the work from the Highway Department's 1970 program and could possibly lose the project in its entirety.

Meetings Fruitless
Although members of the city's Vernier Road Committee met on several occasions with those landowners, whose properties were involved in the attempted acquisition of the necessary right-of-way, little progress was made and a final meeting was called on Monday, February 9, at which residents of Vernier road and those courts opening onto Vernier road were in attendance.

After a long and often-times heated meeting, the Committee decided that it was the consensus opinion that these residents did not want a four-lane roadway and that voluntary acquisition of right-of-way for a fifth turning lane between the high school and Morningside drive would not be possible so as to complete the project in 1970.

The most vocal resident dissenter was William J. Michaux, of 76 Vernier road, the owner of the largest tract of land in the area, who continually opposed not only the fifth lane, but the entire idea of widening the highway.

Old Fighter Wins
"I'm satisfied now," said Michaux, who has lived on his

property for the past 80 years. "It doesn't bother me anymore. I told the Council at the outset that they had room for a four-lane highway without taking any of our land. If I had been a few years younger, perhaps I could have staged an even better fight, but that's all right." The conditions of Vernier road from the area east of Sunningdale drive east to the city limits have been the subject of numerous complaints from residents for many years, according to the Council, which claimed that inadequate grade levels, lack of sufficient sewer capacity, lack of curb and gutters and the general condition of the road had all contributed to the problem.

City Refused Plea
Prior to 1961 the Michigan Department of State Highways had repeatedly attempted to "turn back" the jurisdiction of the road to the Woods, but the city steadfastly refused to accept such a deal until the Highway Department agreed to upgrade the condition of the road. The modified resolution adopted by the Council at the Thursday meeting suggests the dropping of proposed curb and gutters in the area of Morningside drive and agrees to accept a "turn back" for jurisdiction of the highway upon completion of all work.

It is expected that final approval will be made by the Highway Department on the resolution in the near future.

Farms Employees Start Blood Bank

Approximately 70 percent, or 51 of the 74 employees of the Farms, excluding police officers, have signed pledge cards to donate a pint of blood to establish a permanent Farms Employees Blood Bank, it was disclosed by William Miller, city building inspector and chairman of the drive.

Miller said that the permanent blood bank program was initiated by the American Red Cross early last month, and it entitles any member of the immediate family of contributing employees to an unlimited supply of blood, when and if needed in emergencies.

He said that in order to maintain this permanent bank, at least 20 percent, or a minimum of 15 employees, must give at least one pint of blood each year. The police officers are not included in the program because they have their own bank, Miller pointed out.

The 51 employees, including City Manager Andrew Bremer, Jr., will donate at the War Memorial Center on Thursday, February 19, between 9 a.m. and 8 p.m., at which time the Red Cross Mobile Unit will be there. The donors comprise personnel of the city administrative staff, firemen, personnel of the Water Department and Department of Public Works.

The Farms Employees Blood Bank program will permanently benefit all city employees who retire after February 4.

businessmen to put locks on their public lavatory facilities. He added that it was indeed unfortunate that this has be-

come a necessity, but that since it has, it must be faced in a manner in which it can be best combated, and the locked public facility seems to be the answer.

The hardest secret to keep is one's opinion of himself.

Where do good ideas come from?

Everyone is looking for good ideas. But where do you find them?

In Biblical times the prophets continually turned to God for their inspiration and direction. And good ideas invariably came.

Today Christian Science teaches that no one has a corner on good ideas, because God is the one infinite Mind of all of us.

In our Sunday School, children learn how to turn to God for right ideas, and to discover Him as the infinite source of intelligence.

You're welcome to bring your young people to our Sunday School.

Reminiscent of Switzerland's most dramatic and well-known mountain, the "Jungfrau" provides a towering accent to the Boynestadt village concept. The Jungfrau's five-storied reach assures a magnificent view of Boynestadt, Boyne Mountain, and surrounding terrain.

Boynestadt

Arlberg

As vast as the Austrian Alpine Ski country after which it is named, the Arlberg apartment building houses 12 apartments and is the largest of all buildings in the Boynestadt Condominium village complex.

Mont Blanc

Recalling memories of Europe's highest mountain, the "Mont Blanc" building sets in quiet majesty in the Boynestadt complex. The two-storied Mont Blanc building houses 4 apartments keyed to discriminating tastes and offers broad vistas of the entire area.

4 seasons of recreation

Skiing at all the famous Boyne Country areas—Boyne Mountain, Boyne Highlands, Thunder Mountain, and Walloon Hills—from November through April.

Golf at the magnificent 18-hole championship mountain course, 9-hole par 3 course within walking distance from the village, plus a golf training camp for youngsters—and—only a short drive away, the challenging 18-hole, Boyne Highlands course, (already one of the top ten in the nation), designed by Robert Trent Jones plus the 9-hole par 3 Highlands course—72 holes of golf. Deer Lake Four-Seasons Beach Club to serve golfers, swimmers, boaters and fishermen whose beautiful white beach and private club house with dining and locker room facilities offers the ultimate in lakeside fun. The prime sandy beach, much of which shelves out at a gentle slope as far as 300 yards before youngsters can get chin-deep, is the lake's chief allure. Water is crystal-clear and, because the half-mile wide lake is nestled like a jewel in a bowl of hills, waves are never so high that a fisherman would be come endangered by high winds. It also has a good lee shore, regardless of wind direction, for water skiing at any time of the day.

Deer Lake has long been noted as a bass and pike angling lake and abounds with bluegills, sunfish, and perch for the neophyte angler just learning to handle a fly rod. What's more, several small trout streams flow through the Deer Lake area just south of the lake and are readily accessible by good roads. A fleet of rental boats and sailing craft will be available to guests—and a launching ramp will be provided for club members desiring to bring their own. A private road connects the Boyne County Four-Seasons Beach Club with Boynestadt just a mile away to the eastward.

Boynestadt is only minutes of easy access to a resort complex which offers you 10,000 acres of pleasure—skiing, golf, salmon and trout fishing, sailing, motorboating, deer and small game hunting, swimming, waterskiing, horseback riding, retirement living, investment opportunities—all in one recreational administrative organization.

YOU CAN HELP EDUCATION IN GROSSE POINTE

The Grosse Pointe School System has only one purpose – to educate the children of Grosse Pointe.

The Grosse Pointe School System is a good school system—Good because it has a long history of Boards of Education, administrators, teachers and a loyal, supporting public who have worked together. Our schools are not experimental. Developments in education have been examined in depth and only sound practices have been adopted. Our curriculum has no "frills;" it is geared to the needs of all children in the Grosse Pointe communities. You are welcome to inspect this curriculum at any time.

The millage requests of last November and January were determined after much study of basic school needs. The 25.45 mills requested was the minimum felt necessary to continue our basic school programs through the next two years. Reducing this amount, in the hope of attracting "yes" votes, will necessitate curtailing school programs which are essential to good education. Education is a process—a year-to-year building and reinforcement of abilities. Curtailment of this process will be a serious setback for the children of Grosse Pointe.

You are urged to attend the Board of Education's special hearing tonight so you can examine the realities of any reduction in the present school programs and the long range effect it will have on the children of our community.

Show your interest by attending and speaking out at tonight's meeting at Parcels School. Your reactions are necessary to guide the Board of Education as it takes official action Monday evening. Your concern can continue a good education for our children. Please attend both meetings.

Guidance Center Plans Programs

A pre-school child-study group will again be sponsored by the Northeast Guidance Center this spring. The session will begin March 24 and will extend for 10 weeks.

The classes will be held in the Grosse Pointe Unitarian Church, 17150 Maumee avenue, from 9:15 a.m. to 11:15 a.m. Tuesdays and Wednesdays.

The purpose of the program, according to its director, Dr. William J. Rowell, is to assist parents in understanding and dealing with the normal problems of development which their pre-school children present.

The program provides twice-weekly nursery school for 15 children with a once-a-week discussion session for mothers.

Dr. Rowell noted that there will also be an opportunity for fathers to take part in discussion sessions on three evenings.

Dr. Rowell recently joined the Northeast Guidance Center (formerly the Northeastern Wayne County Child Guidance Clinic). His area of specialty is clinical child psychology—a profession in which he has had experience in working with pre-school children in a nursery setting.

Dr. Rowell observed that his meetings with the parents of the children enrolled in the pre-school child-study group will emphasize life situations.

As in past programs, parents will receive an evaluation of their child's development and adjustment to nursery school at the end of the program.

Mrs. Mary Mayshark has been retained as head teacher for the course and Ms. Joanne Thomas will serve as assistant teacher.

Applications for the pre-school child-study program for this spring may be obtained by calling the Center at 898-3566. Applications are restricted to the area served by the Center—Detroit's east side, Harper Woods and the five Grosse Pointes—and fees are adjusted on the basis of ability to pay.

Police Warn Merchants of Check Cashing Perils

Burglars have added a new twist to their illegal occupation, and are being aided by unalert merchants and businessmen in the Detroit area, who in the end are the losers, it was disclosed by Park Det. Sgt. James LaPratt.

There was a time when all a burglar would look for was money or jewelry, or other small valuables. This graduated to taking just about anything which has some value and can be easily disposed of, such as portable radios and television sets, and converted into quick money, mostly to buy narcotics.

What is the added new twist? Stealing blank personal checks and cashing them for just about any amount in stores and other business places. Unalert, or seemingly indifferent merchants and clerks, cash the checks without asking for proper identification, and when the checks "bounce," it is the merchants who must stand the loss, not the person from whom the checks had been stolen.

The burglary victim notifies the police, and then his bank, and his worry ends there. The bank will refuse to honor the checks, and returns them to merchants.

Sgt. LaPratt said that a large number of stolen checks have been circulated in the Pointe and Detroit, and cashed by merchants and business people without the persons cashing the checks being asked for proper identification. This is a very bad practice, the sergeant added.

"In many of the cases, young adults are involved in the thefts, and when arrested and questioned, admit that they took the checks, some of which they give to their friends, and some they cash themselves. Amazingly, when presenting the checks to be cashed, whether or not a purchase is made, passers say they are not asked for identification. They take the money and leave, and the merchant is stuck with worthless pieces of paper," the sergeant said.

When the checks "bounce," the merchants ask the police for help, but there is very little that can be done, even if the culprits are apprehended. The merchants cannot get their money back because the cash has been spent, the sergeant added.

"Never," he warned all merchants, "cash a check for any one, unless that person can produce proper identification, such as a driver's license, which has the owner's picture. Compare the picture and signature on the check, with that on the license."

"If," he warned further, "there is any doubt as to the identity of the person seeking to cash a check, then the merchant will be doing himself a favor by refusing to accept the check."

To Exhibit Art At U-L School

Paintings by well-known Detroit artist, Patricia Hill Burnett, will be exhibited at University-Liggett School beginning Wednesday, February 25.

Mrs. Burnett, a nationally known portrait painter, is represented by eight galleries in this country including Portraits, Inc., New York City, and in England and South Africa. Her work has been shown at the Detroit Institute of Art, The Artists Market of Detroit, Grosse Pointe War Memorial and Birmingham Art Association. She has studied under John Carroll, Richard Lehey and Seong Moy among others.

A prize-winning sculptress as well, Mrs. Burnett was the first woman ever granted permission to occupy a studio at the famed downtown Scarab Club.

Students at University-Liggett will have the opportunity to watch Mrs. Burnett at work on Tuesday, March 3. She will spend the day on campus demonstrating techniques and discussing principles of art.

Halt Fist Fight In Restaurant

Woods police were called on Saturday, February 14, to Blazo's Country Fair restaurant, 19299 Mack avenue, where a fight inside the establishment was reported to be in progress.

Sergeant Thomas Kane spoke with the night manager, John McEvilly, who told the officer that two combatants had started a fist fight in the rear of the restaurant. One of the security guards hired by Blazo's intervened and broke up the fistcuff session.

Woods police transported the two men involved in the fracas, Thomas L. Garavaglia, of 4715 Maryland, Detroit, and John T. Pellerito, of 835 Lakeland, Detroit, to the Woods police station, where they declined to comment on the incident.

McEvilly told the officers that he would contact Woods City Attorney George Catlin to press charges against the twosome.

GPA To Offer Lecture Series

The Grosse Pointe Academy is offering a Montessori Lecture Series, entitled "Montessori in the Home," to be conducted by Mrs. Carme Engel, M. Ed., for parents and educators. The program will begin this Monday, February 23 and run through April 13.

A fee of \$25 per couple will be requested and text books ("Secret of Childhood" and "Children the Challenge") may be ordered through the school.

There is no better way to convey the richness of Montessori's understanding of children, than to start where the children start—with their parents. The series should provide all parents and educators with insight into the total child.

For information or reservations please call the Academy at 886-1221.

Sneaky Bandit Gets Big Haul

Dr. Nicholas Paver, D.D.S., called Woods police on Saturday, February 14, to report the theft of a number of valuable articles from the interior of his automobile.

Dr. Paver told Woods Public Safety Officer Steve Petrik that he had parked his car in the lot behind his offices in the Woods Clinic, 20825 Mack avenue, at about 9 a.m. on the date of the incident. When he returned to his vehicle shortly after noon, he discovered the theft.

Investigation revealed that the moulding around the right rear window had been removed and entry gained by forcing the

window down. Missing from the car were an electric typewriter, valued at \$150, a \$60 electric drill, three men's suits worth \$280, four shirts and a pair of trousers, valued at about \$40, and a woman's mohair coat worth \$120.

Investigation into the incident is continuing.

Inventing the TELEPHONE was destined to cause—a lot of Talk . . .

But do you know which people do the most phoning? It's not Americans. Though we lead the world with over 90 million phones, (China's 600 million people, have a scant 250 thousand phones)

... Curiously, the most phone calls are made by Canadians. They average more than 500 calls per capita each year. Which leads us to view a Canadian much like a Saint! What with going through the day with a constant "hello" round his head . . .

Scoring the Pointes

By Phil Loranger

The long basketball season is nearing an end for the University-Liggett School Knights, who have seen their record dwindle to 5-10 over the past few weeks, in spite of a brilliant upset over arch-rival Cranbrook.

Coach Bob Wood's Knights have only three dates left on their 18-game slate, meeting Rooper tomorrow night. Lutheran West hosts them on Saturday and they end the season against tough Detroit Country Day School.

In spite of a disappointing

team record, Wood can look at the play of All-State Guard Dale McCarthy for inspiration. The amazing McCarthy has put on a one-man show throughout the season, turning in a fine performance last week, when he collected 33 points in the Cranbrook victory.

St. Ambrose Winless
Coach Harvey Heitman's St. Ambrose Cavaliers ended their season without a victory, but the fine play of Paul Hayner, who averaged over 20 points per game this year, took some sting out of the Cavaliers' 0-14 mark.

Heitman expected a poor showing by his young team, as the club took time off this year to learn his methods. Rebuilding is over and St. Ambrose can be expected to make a lot of noise in the Catholic League in 1971.

South Improves Fast
Grosse Pointe South continues to improve on their record, playing a better brand of ball than they displayed in a hard-luck first half of the season.

Led by talented Jim Parker, the Blue Devils stand 4-2 in the second half of the year, bringing their overall mark to 6-8. With Parker leading the way, the Devils romped past Ann Arbor Pioneer this week by a count of 69-56. Parker hit the nets for 18 points and grabbed 27 rebounds.

Though their record might indicate otherwise, Coach Chuck Hollis's quintet will prove tough in the upcoming District playoffs.

Magic Number Lowered
Coach Ray Ritter's North High Norsemen have lowered their "magic number" to just two. The league-leading north-erners take on last-place Fraser tomorrow and meet L'Anse Creuse in the season finale next week. Victories in both games would give them the Bi-County League cage crown.

Standing 8-2 on the season, the Norsemen have come up with a host of stars this year, topped off by the "Terrifying Twosome" of Gary Bennett and Mike Zenn, both of whom are averaging over 20 points per game.

The likes of Glen Hillger, Brian Webster and Rick DiCicco have made the Norsemen even more fearsome to opponents.

FLAG STOLEN

Commander Gardner Moore of Alger Post Veterans of Foreign Wars, 17145 St. Paul, called City police on Sunday, February 15, of report that persons had stolen the flag from in front of the building. Commander Moore said recently he had received a complaint regarding flying the flag overnight. He said at that time he explained that it is legal to do so, if a spotlight is on the flag.

Club's Request for Zoning Variance Meets Opposition

After debating a proposal to locate a parking lot and tennis courts on Lochmoor Club property within 10 feet of the club's lot-line, on Monday, February 16, members of the Woods City Council, an architecture firm, concerned residents and the Lochmoor Club future planning committee decided to drop the whole matter and the club ended up with paddle ball courts.

Meeting as a Board of Appeals, the Council listened to an appeal from Daniell Associates Architects, Inc., of Mount Clemens, a firm hired by the Lochmoor Club to construct the parking lot, tennis courts and paddle tennis courts, to grant a variance of the front yard setback restrictions of the community for the construction of the proposed projects.

Under the provisions of the Woods zoning ordinances, any such construction must be set back at least 35 feet from the front lot-line. The architects and Board of Directors of the club wanted approval given to building the parking lot and tennis courts within 10 feet of the front lot-line.

About 20 residents of Sunningdale drive and Fairway lane, most of whom, ironically, were members of the club, gathered at the hearing to oppose the zoning change, arguing that such action would not only lower the value of their homes but would also damage the beauty of the neighborhood.

"We are opposed to both the tennis courts and the parking lot," Charles Kennedy, of 1153 Sunningdale told the Council. "I feel that a man's home is, indeed, his castle and that the noise and inconvenience of a tennis court-parking lot arrangement right across from my front yard would be hard to take."

"While we want to be good neighbors and wish to be reasonable in this matter, we feel that the club's request is not at all reasonable," he said.

After viewing the architects' sketches and discussing the matter at some length, Robert Cunningham, chairman of Lochmoor's future planning committee, asked that the club's request be withdrawn in its entirety.

"Speaking for the planning committee and not the Board of Directors, I wish to withdraw our request for the tennis courts and parking lot," said Cunningham.

A further request for the paddle tennis courts, which would be built well within the lot-lines of the club, was not acted upon, because George Catlin, Woods City attorney, told Cunningham that there was no necessity for Council action. He advised Cunningham that all the club required was a building permit to proceed with the construction of the courts.

In other business, the Council approved an amendment to its recently-passed rubbish ordinance, allowing residents to place their rubbish at the collection point at 5 p.m. on the day preceding trash collection rather than waiting until 6 p.m.

Is your home going to turn into a desert this winter?

In wintertime, people in houses with flame-type heating wake up mornings with that stuffed-up feeling. With hoarse, dry throats. Furniture dries out and starts cracking.

Sound familiar? You bet it does. The best way to stop it is with electric heat. You see, electric heat isn't a dry or drying heat.

So you usually don't need a humidifier. The moisture from bathing and cooking is all you need for natural comfort.

An Edison-Approved Electric Heating Contractor will be glad to tell you all about comfortable, moisture-retaining electric heat. He'll figure your operating cost, and there'll be no obligation. And right now, your contractor's offering a \$100 trade-in on your old heating system. Call him for an electric heat survey, or mail the coupon below.

Letters to the Editor

February 11, 1970 Mrs. Paul G. Hykes, President Grosse Pointe Board of Education, 389 St. Clair, Grosse Pointe, Michigan 48230

Dear Mrs. Hykes: Now that the citizens have twice indicated rather decisively that they do not propose to give the school system as much money as it asked for, presumably the Board of Education and administration of the system are engaged in an effort to revise their planning and to produce a budget which can be met by a millage that will be acceptable. It seems to me inevitable that the major portion of this planning effort will be carried out by the professional staff, but it also seems clear that the Board will be derelict in its constitutional responsibilities and its moral obligations if it does not furnish the staff with clear guidelines which it insists be met in any plan presented for Board approval.

I should like to offer the following to your consideration for possible inclusion in such guidelines: (1) That any reduction in the overall budget be reflected, at least, an equal degree in actual percentage, by a reduction in administrative expense, such category to be defined as including the salaries of all employees of the school system for whom classroom teaching does not constitute three-quarters of their work-load.

(2) That no reductions be made in the elementary schools.

(3) That, in the junior high and high schools, there be no reductions in the quality and hence, presumably, in the expense of instruction in the major academic areas (English, mathematics, science, social studies, foreign language) until all other expenses of instruction have been reduced, if necessary, to elimination.

(4) That before any reductions in teaching personnel are made, the teachers be offered the option of effecting a corresponding saving by an increase of workload.

(5) That teachers' contracts be made both coterminous with the operating millage and subject to renegotiation, if necessary, after renewal of the millage.

My own thinking on the five points above is as follows:

(1) School systems are no more immune, and indeed are probably less so, to Parkinson's Law than other bureaucracies. Having spent a good many years in education and particularly in educational administration, I have some idea of just how lean an administrative structure can be and still function effectively. Every public school system that I am familiar with has ample margin in this respect.

(2) These are the critical years in the educational sequence. They need not a reduction but an expansion of attention and resources. If this can only be done at the expense of later portions of the process, such a decision is not only justifiable but mandatory.

(3) In this type of community it would seem that the principal goal of the junior high and high schools should be to prepare as thoroughly and soundly as possible their students for continuing the process of formal education. If this be so, then the recommended course of action follows logically.

(4) The day of the legendary grossly overworked and underpaid teacher has passed. While it is still true that teachers are not paid the same scale as industrial executives or corporation lawyers or doctors, it is also true that these latter do not have the inflexible job security that teachers do, nor do the great majority of teachers work as hard for their employers, therefore, at least to give the teachers the option of preserving the jobs of some of their colleagues, instead of thrusting them out into an increasingly competitive marketplace, by agreeing to teach an extra class or take a few more students into each of their classes. In this latter connection, there is, of course, no magic optimum class size. The nature of the students, the subject taught, the

level of the subject, the teacher himself, all combine to affect the best ideal size for any given class. A combination of flexibility on class size and full use of modern technology can, in many cases, lead to significant reductions in teacher-classroom-manhours.

(5) It seems slightly Alice-in-Wonderlandish that the Board of Education should negotiate on the basis of fictional assets. Industrial corporations may conclude labor contracts without knowing what their sales will be over the life of the contract, but if sales fall off, they are free to lay off personnel accordingly. Congress may grant a pay increase to federal employees without knowing what the economy will do a year hence, but Congress can rescind such increase any time it sees fit to do so. It would seem logical that teachers be subject to the usual framework of wage determinations: that the suit must be cut to fit the cloth. Having taken part in such determinations myself over many years, I have found the great majority of people understanding of a situation in which there is a definite and unarguable size of pie to be sliced and the question to be resolved is how to slice it. But if the pie is in the sky, then anyone is a fool not to assume that it is at least moon-sized and propose to slice it accordingly.

I offer these thoughts for your consideration both as a citizen and property owner of Grosse Pointe, with school-age children, and as an educator by profession. I hope they may be of some utility. Sincerely, Gilder D. Jackson, 600 Rivard Blvd., Grosse Pointe, Michigan

To the Editor:

Consider the people of Grosse Pointe Woods! Let us contemplate priorities and a sense of values.

When the Woods Council deprived youngsters of a sport which requires intelligence, perseverance, and responsibility, by prohibiting gas-powered model airplanes, no one spoke. But they became loudly concerned about delinquency and drugs.

When the Woods Council chipped away at their freedom of speech, not a voice was raised. Recently, the Council restricted the freedom of cats by passing an ordinance requiring tethering by leashes when outdoors. Your paper reported a "deluge" of letters from indignant citizens against "police state tactics". Ah, Yes! Consider the people of Grosse Pointe Woods! What Goes On at Your Library

By Virginia Leonard

A look at our burgeoning shelves in the Processing Department gives us tantalizing glimpses of future reading pleasures for all of you. Here are some of these new titles which we are currently working on.

First, we have ANATOMY OF ERROR by Henry Brandon. This is the inside story of the Asian War on the Potomac, 1954-1969. As Washington correspondent of the London Sunday Times for many years, the author seems to have remarkable ability to think and write clearly about the tangled, tragic story of American involvement in Southeast Asia since 1954. These are not Saigon vignettes; rather this is a fine account of how it all happened in Washington—how decisions were made, who argued for what, and how the long line of escalations began and continued.

Those of you who have followed the remarkable and courageous story of Patricia Neal's amazing recovery from a massive series of strokes, will welcome PAT AND ROALD by Barry Farrell. If Pat is the heroine, her husband is certainly the hero, for he played a great part in this miracle, along with all the doctors, nurses, therapists and friends who helped her to recover. And finally, we have her triumph in the comeback film, THE SUBJECT WAS ROSES.

For those who follow the fortunes and mishaps of the Kennedy family, there is a new book out, THE LOST PRINCE: YOUNG JOE, THE FOUGHT-TEN FAMILY, by Hank Searls. Here is a well-written biography of Joe Junior, in which the latter emerges as a complex, dashing and fascinating figure. In this book the author traces the origins of the Kennedy family's political ambitions and examines the sources of the Kennedy mystique. The author, a Navy pilot himself, who flew the same PB4Y-1's during World War II as Joe Junior, is well qualified to write about young Joe, and certainly about that part of his exciting life.

If you sometimes puzzle over psychiatric terms such as "displacement," "abreaction," "fugue" or "sublimation," you might find A CRITICAL DICTIONARY OF PSYCHOANALYSIS by Charles Rycroft rewarding. The author is a psychoanalyst and editor of PSYCHOANALYSIS OBSERVED. This indispensable volume fills the need for an authoritative dictionary which clearly defines the terms used in psychoanalysis—and in terms the informed layman can understand.

You may have already about SOUL SISTER by Grace Halsell. This is the journal of a white woman who turned herself black and went to live and work in Harlem and Mississippi. You may also remember the book that inspired this author—BLACK LIKE ME by John Griffin, written a decade earlier. In this book, the author explains why she dropped out of white America and what she learned as she journeyed through the North and the South. This timely book is provocative and

powerful, carefully etching the racial agony of today.

If it's humor you want, how about PECKED TO DEATH BY GOSLINGS by Jane Trahey? Here we have the hilarious mishaps of a city girl who tried to get away from it all. The same perceptive wit and charm that made Jane Trahey's LIFE WITH MOTHER SUPERIOR such a success, rises again to give us an amusing saga of an advertising girl who set out to enjoy (?) the pleasures of country life. She bought a weekend country house in Old Goshings, Connecticut, renovated a barn named Versailles, stocked it with local antiques, and settled down to enjoy a casual summer. Many things went wrong with this picture and I'll let you read the book to discover all the trials and tribulations which she encountered—all of them very funny.

The 1969 Pulitzer Prize is written by N. Scott Momaday, and entitled HOUSE MADE OF DAWN. The author, a Kiowa Indian, spent his childhood on a number of Indian reservations in the Southwest. He is Associate Professor of English and Comparative Literature at the University of California, Berkeley. He is also the author of a book of folk tales, THE WAY TO RAINY MOUNTAIN. This prize-winning story deals with Abel, a young American Indian who lives with his grandfather on the reservation. The world he was born into is rich in meaning and tradition. When he returns from World War II he is unable to find his place in the old life or in the world outside. The book is a brilliant exposition of the mind and soul of the American Indian, and is certainly an important contribution to American literature.

Forum Offers Garbo Movie

Friday, February 20, is the date of the fourth program of the Friends Film Forum. The film for that evening will be ANNA KARENINA starring Greta Garbo, Frederic March, Freddie Bartholomew, and Maureen O'Sullivan. It was directed by Clarence Brown and is based on the novel by Tolstoy. Garbo is at her peak of greatness and immortalizes the tragic heroine who is caught in a web of passion and decadence in imperial Russia. The first appearance of Anna, when she materializes out of the smoke enveloping the train carrying her from St. Petersburg to Moscow, sets a mood of impending tragedy that is sustained throughout. The film is in black and white and runs for 95 min.

This film showing is co-sponsored by the Friends of the Grosse Pointe Public Library and the Grosse Pointe Public Library. It will be shown in the Exhibition Room of the Central Library at 8 p.m. and the public is cordially invited to attend this and all future showings of the Film Forum. For further information ask for a copy of "An Invitation" available at the desk or call the Audio-Visual Department at Central Library, TU 4-2200, Ext. 44.

We'll say this just once more: The new name of the Northeastern Wayne County Child Guidance Clinic is the Northeast Guidance Center BUT the Center's aims and facilities—and its Assistance League—remain constant.

Subject, of course, to expansion . . . We don't want you to get the idea that the Center, or its League, are "static."

They're both far too young for ossification.

The League's a growing four-year-old, formed in 1966 to further the interests of the Center through financial support and public awareness of its function and service in the community.

The Center, only a few years older than the League, provides diagnostic and therapeutic services to children with emotional and behavioral problems.

Highlight of the Assistance League's fund-raising projects since 1968 has been the Crystal Ball, a black tie party set for Saturday, February 28, this year at Lochmoor Club.

Theme of the 1970 Ball program is A World Out of Focus. Through members' combined efforts the League hopes to raise funds to help the Center bring the world back into focus for troubled children.

Mrs. Horace Dodge is honorary chairman of the evening, planned to begin with 7 o'clock cocktails and continue through dinner and dancing to the music of Eddie Santini and Wally Schaefer.

Patrons' chairman is Mrs. Alfred Glancy, Jr.; she and Mr. Glancy will host a pre-Ball cocktail party in their Lakeshore road home for all patron ticket holders.

Everything's Beautiful At Crystal Ball

Everything about the Crystal Ball, the black tie party sponsored annually by the Assistance League to the Northeast Guidance Center, is always beautiful, thanks to the many League ladies who always work to MAKE it beautiful. Checking some of the exquisite decorations they've fashioned for this year's

Ball, set for Saturday, February 28, at Lochmoor Club, are, (left to right), MRS. JOHN STEFFEN, JR., MRS. JAMES CARTY, MRS. GERALD BYRD and decorations chairman MRS. ARTHUR VOIGT, whose co-chairman, (not pictured), is Mrs. Robert Klumpp.

Detroit Review Club Will Meet

Mrs. Richard Gerathy, nationally known flower arranger, judge and lecturer, will be guest speaker for the Detroit Review Club next Tuesday, February 24, at the Women's City Club.

A luncheon in her honor under the aegis of Mrs. C. D. Chapin will be held at noon in the club dining room with African violets in a variety of colors centering the luncheon tables.

Mrs. Aaron E. Wilcox, program chairman, will introduce Mrs. Gerathy at 1:30 o'clock in the Executive Suite.

Floral boutique accessories are to highlight Mrs. Gerathy's talk. She will use permanent materials in various containers suitable for display throughout the year.

Asked about the stigma that was once attached to using artificial or dried materials in arrangements, Mrs. Gerathy contends all Interior Decorators use such arrangements in their interior designs.

"The principles of design apply basically to all mediums. With the homes of the present and future there is little space for real dirt gardening and the suc-

cessful raising of fresh flowers for all seasons.

"Through artificial flowers one can duplicate nature in texture and design."

A well-known judge of flower shows, where only fresh flowers are used, Mrs. Gerathy brings her talent and artistic know-how to unusual permanent arrangements. She will use candles, compotes and many other materials in her boutique accessories.

Mrs. Gerathy's list of Garden Club memberships and awards would fill columns.

She has conducted a flower arranging class for 12 years at the Grosse Pointe War Memorial.

She writes a garden column for the Northwest suburban newspapers and is a popular guest speaker.

She is past-president of the Landscape Design Critics Council of Michigan and past State board member, Michigan Division, Woman's National Farm and Garden Association. She has exhibited at Charles Warren's and Wright Kay's for the past 10 years.

Among 69 students at Michigan Technological University, Houghton, who achieved 4.0 straight-A averages during the fall quarter is Pointer DAVID F. McLAUGHLIN, a junior majoring in Chemical Engineering.

Named to the Dean's List at Lindenwood College for Women, St. Charles, Mo., is LINDA S. WYROCK, of Fairford road.

Attending seminars and meetings on future developments in hospital care in Chicago February 9 through 11 as part of a midwest regional conference sponsored by American Hospital Supply was BOB WAYLAND, of Hampton road.

A \$3,850 Audiology Research and Training Fund has been donated to Wayne State University by the Oakland Ear, Nose and Throat Center and by DR. G. JAN BEEKHUIS, of Balfour road, and DR. PHILIP M. Binns, of Sunningdale drive.

WILLIAM R. LUDWIG, of Rivard boulevard, president of the Detroit Society for Crippled Children and Adults, has announced that TED LINDSAY, former Red Wing Hockey Club left winger, will head the Society's Easter Seal campaign team for the fifth year. The Easter Seal appeal, conducted annually throughout the Detroit metropolitan area, opens February 23 and will continue through Easter Sunday, March 29.

Opening her North Oxford road home Wednesday, February 18, to members of Tri-Delta Alumnae of Grosse Pointe gathered for their monthly meeting was MRS. ROBERT SCHUELLER. Bridge followed the business session. MRS. JOHN GILMORE served as co-hostess.

Handling arrangements for the appearance of Concordia College Choir at Grosse Pointe North High School next Thursday evening, February 26, is GARY WILSON, of Vernier rd.

Look who's coming to the Village!

Jeanne Unger! (Remember? You read about her in the Detroit News?) She'll be at the Generous Critic Art Gallery—in person—on Sunday, February 22nd, from 1 until 6 PM. Along with Jeanne will be a collection of over a hundred of her charming watercolors, priced from \$6.00 to \$35.00. (In fact, the pictures will be there even when Jeanne isn't: from February 15th 'til March 5th.) Jeanne's work is perfect for a child's room, so bring the kids, too, and let them pick their favorite. There will be refreshments served on Jeanne's visiting Sundays, so why not plan to do something different in the Village and meet an artist who's every bit as charming as her work. It's a Village art event worth flying in for.

A Morning Of Music

Mrs. Lynn A. Townsend's Kirkway drive home in Bloomfield Hills was the destination for many Pointe women yesterday afternoon.

Among ladies making the cross-town trek were Jo (Mrs. Leo G.) Lapham, Joann (Mrs. Ned) Chalot, whose husband is a doctor on the Children's Hospital of Michigan staff, Ellen (Mrs. William P.) Heller, president of Children's Women's Auxiliary, Patty (Mrs. Ralph) Fletcher, Joan (Mrs. John) Gillis and, of course, Beth (Mrs. Charles T., III) Fisher, one of the Four Angels—others are Mrs. Townsend, Mrs. Royal A. Oppenheim and Mrs. Samuel Frank—who've underwritten the cost of the Detroit Symphony Orchestra's "Morning of Music" featuring Itzhak Perlman April 8 so that ALL proceeds from the benefit will go directly to the Hospital.

These proceeds are earmarked for Children's two most urgent priorities: The Poison Control Center, which the Auxiliary took over from the Junior League last year, and equipment for the Hospital's kidney dialysis program.

Mrs. Townsend, hostess for yesterday's dessert tea planning session, is honorary chairman of the "Morning of Music."

A Week-Long Auction

Remember last year's Channel 56—that's Detroit's non-profit public television station—Auction?

The metropolitan Detroit area's largest community involvement event of the year with hundreds of celebrities and thousands of volunteers participating?

Remember how multitudes of merchants, business and professional men and individuals donated merchandise and services to raise operating and expansion funds for the public TV channel?

Remember how multitudes of viewers telephoned in their bids as the goods and services went on the block? Remember how we all got "hooked" on Auction-watching, skipping the early show, and the late show, and the prime time specials in favor of "And now, what am I offered for . . . ?"

Well, we'll all get "hooked" again!

Early this month Channel 56 converted its studios into a sidewalk cafe for a luncheon meeting to greet the 1970 "Go-Getters," captains of the 1970 Auction to be presented June 1 through June 6, Monday through Saturday, from 3 to midnight—or later!—each day.

Pointers Mrs. Charles V. Hicks and Mrs. Doreen McPhail were among those on hand for this first 1970 Auction planning session.

They're out now drumming up donations. Viewers and bidders they won't have to worry about: As we've noted, Channel 56 Auction-watching is HIGHLY addictive.

Two Ixex Affairs

Ixex members have a treat in store for them tomorrow when Lillian Hicks, director of the Fisher Theatre Speakers' Bureau, discusses "The Theatre Today" at an afternoon tea meeting in Mrs. Charles R. Belt' Lakeland avenue home.

There's another Ixex treat coming up soon too: A Saturday, March 7, Swing Into Spring evening, for husbands and wives, beginning with cocktails at the home of Janet and Charles Moon after which everyone will head for the Grosse Pointe Hunt Club for dinner and dancing to Art Quatro's music.

The future of our country depends on the sound, sane thinking of all its citizens.

WASHINGTONS BIRTHDAY SPECIAL
2008 LOCHMOOR
OPEN SUNDAY 2-5

Although Washington never slept in this charming Colonial, each of the three bedrooms are big enough for George and a friend. Most of George's men could fit in the two car garage and basement recreation room. And while only officers can use the Bath, there's a first floor lav for the troops. As a former surveyor, George would appreciate a prime location just a long silver dollar's throw to both schools and bus service too. George wouldn't tell a lie, and we won't either... this is a nice home that won't last long at its new low price.

The concert introduces a new talent to Detroit audiences, violinist Madeline Schatz, appearing for the first time with the Symphony.

Mischa Mischockoff, former concertmaster of the Detroit Symphony, will be given special recognition at the concert for his dedication and contribution to the world of classical music.

The program will include Berlioz' Overture to "Roman Carnival," Ben Haim's Three Movements (from "Israel"), Bruch's Concerto No. 1 for Violin and Orchestra and Franck's Symphony in D minor.

Proceeds from the concert will benefit the Akiva Hebrew Day School. Tickets are available at the Akiva Concert Office, Room 312, 24350 Southfield road, Southfield, at \$7.50 and up.

Sergiu Comissiona has been musical director of the Goteborg Symphony since 1966. He was compared to Toscanini and Beecham as early as 1962. He has conducted some of the world's best known and respected orchestras.

Among them are the symphony orchestras of London, Berlin, Haifa, Detroit and Minneapolis.

He toured Europe twice and North America once as permanent conductor of the Ramal Gan Chamber Orchestra and has also conducted the Rumanian State Opera, Rumanian State Philharmonic Orchestra, the Israel Philharmonic and numerous other orchestras throughout Italy.

Madeline Schatz, daughter of a Detroit-area rabbi, is just at the beginning of her concert career.

She has studied with Heilmann Weinstein and Edice Shapiro and is currently studying with Joseph Gingold. The Aspen School of Music and the University of Southern California are the two institutions at which she received most of her training.

She has been a member of and soloist with many student orchestras and recently soloed with the Pasadena Symphony and the Phoenix Symphony on their Young Artists Series.

Mischa Mischockoff performed for Walter Damrosch and Stokowski and was concertmaster for 15 years with the BC Symphony under Toscanini prior to for 15 years with the NBC Symphony Orchestra from 1952 to 1968.

Pointer of Interest

MRS. GEORGE W. COTICCHIO, OF LAKELAND AVENUE

Photo by Eddie McGrath, Jr.

By Janet Mueller

"I thoroughly enjoy," says Marilyn Coticchio, "being president of such a wonderful group of friendly ladies." The group's the Grosse Pointe Lawyers' Wives, affiliated with Lawyers' Wives of Michigan. The feeling's mutual.

Marilyn enjoys other things too of course. She likes being mother, to George, Jr., 16, and Ronald, 14, both at Grosse Pointe South High School, Stephen, 11, and Cheryl, 8, at Maire.

Even when being mother involves chaperoning a Maire School Washington trip, and the day before you're due to depart your youngster — the one who's going along, the reason you're on the trip at all: Stephen, in Marilyn's case — arrives home from an impromptu football session in the Maire schoolyard, tooth in hand . . .

"We rushed him to the dentist and he shoved the tooth right back in. Fortunately, it 'took' . . . He traveled all the way to Washington in great pain; there was NO WAY he was about to give up that trip!"

Schools Take Time

Schools take up a good deal of Marilyn's spare time.

She was in charge of car donations for last year's South High Mothers' Club spring tea and fashion show. She's in charge of securing silver tea services for this year's party, always a benefit for the Mothers' Club Scholarship Fund.

She's chairman of the 1970 Maire Fair, to be presented on May 16 at the School.

"We're going to have a cookbook . . . All the Room Mothers have agreed to make their own hoots and games . . . We'll have popcorn, cotton candy, a French room with silhouettes . . . We'll be selling French bread . . ."

Maire Fair proceeds are used for "extras," supplementary reading materials, special cultural programs — even raincoats for the Safety Patrol!

Then there are other traditional child-related activities. Marilyn, an ex-Cub Scout leader, is in her second year with the Brownies.

George Also Keens Busy

Nor does George shirk parental responsibilities.

"My husband plays baseball a lot with the kids. Ever since we've been here he's been involved with Little League. All the boys have played."

George, a past-president of Grosse Pointe City's Little League Baseball, is presently manager of the Braves, Stephen's major league team, and a member of the City's Little League Football Board of Directors.

Athletics aren't the Coticchios' only extra-curricular interest. Young George has drums set up in the basement.

Ronald, who took guitar for a year-and-a-half, plays organ in a neighborhood band.

Cheryl will begin piano lessons soon.

"Right now," her mother notes, "she wants to be a teacher. And she says she hates boys! She's always complaining. Everybody has a sister but me . . ."

Like many mothers Marilyn's very concerned about the problem of drugs in the suburbs. She feels part of the problem is the fact that so many parents refuse to recognize there is a problem.

Is National Plague

"I'm not," she emphasizes, "in any sense an expert on drugs, just a mother . . . But I feel strongly that drug abuse has become a national plague.

and that it's very serious in The Pointe.

"I know the schools have planned various programs to educate teenagers on the dangers of dope. I can't say enough good things about people like Dr. (Cairer) Worrell, the Neighborhood Club's Ed Krattli, Mrs. (Frances) French of South High, who dedicate such a large portion of their time to help combat the problem.

"But I think it's also very important to educate the parents, to teach them to recognize the signs of drug use, to let them know how to go about seeking help.

"I think perhaps that we, (the parents), are so shocked by drugs that we won't face up to them, won't even admit a problem exists . . ."

Came From Illinois

The Coticchios moved to The Pointe almost eight years ago, from Mount Prospect, Ill.

They'd lived in the Chicago area all their lives, (Marilyn, born in New York, moved there with her family when she was three), becoming Michiganders courtesy of Michigan Mutual Liability Company.

George, who joined MML's legal staff in Chicago as a trial attorney in 1953, after graduation from DePaul University Law School, had been promoted in 1958 to head the company's North Central Region legal staff.

He was promoted again in 1961, to head MML's legal staff for the Detroit Metropolitan Region.

He has since, (in 1967), resigned his position with MML to enter the private practice of law specializing in insurance law and negligence defense trial work. His firm, Coticchio and Zoller, maintains offices in the Buhl Building.

Gypsy Has Husband

As Pointers, the Coticchios have acquired a miniature noodle, Gypsy, "married to Lorraine, the dog across the street — they've had three litters and their 'children' are scattered all over Grosse Pointe."

Marilyn's been involved in a number of organizations. She was chairman of the Assistance League to the Northeastern Wayne County Child Guidance Clinic, (now the North East Guidance Center), Millionaire's Party a few years ago. She's served as vice-president of the Italian-American Lawyers' Wives.

She gets back to Chicago every so often — "I have four sisters there" — but right now is looking forward to a major trip: A Bahama vacation in April.

The Grosse Pointe Lawyers' Wives, her "first love" here, is her current major community interest.

"When I moved to The Pointe," Marilyn explains, "I didn't know anybody. Except one old friend, Mrs. William Warren — her husband's with Michigan Mutual. The Warrens had lived in Arlington Heights, Ill., until they were transferred to Detroit three years before we came."

Mrs. Warren was a Pointe Lawyers' Wife. Many of her friends were Lawyers' Wives. Marilyn Coticchio met them, liked them, they liked her . . . "I was urged to join by Mr.

Warren, Mrs. Frank McDonald, Mrs. Joseph Craig . . ."

She Rose Through Ranks

And Marilyn, as always attracting responsibilities, rose through the ranks, serving as Lawyers' Wives treasurer, as chairman of prizes for one project, as member of a Law Day committee, as publicity chairman, until, in 1970, she's Lawyers' Wives president.

"The purpose of the organization," Marilyn notes, "is to promote a better understanding between the general public and lawyers, to cooperate with local and state bar associations and to promote good fellowship among the families of members of the legal profession."

The ladies meet six times a year. They sponsor a Law Day (May 1) program in the local schools.

"Last year two or three lawyers spoke at each school assembly. Afterwards the boys and girls were invited to ask questions, and it was amazing how much they DID know and and much they WANTED to know."

"They asked about search and seizure laws, about drugs, about what will happen to me if I run away from home" . . ."

Sponsor Fun Party

The lawyers' wives sponsor a just-for-fun — and it is fun — husbands-and-wives dinner-dance every year.

Each Lawyers' Wife brings a gaily-wrapped gift to the Annual Christmas Tea. The presents are for dependent and neglected children who are wards of the Wayne County Juvenile Court, and are accepted, on behalf of the Court, by Judge James H. Lincoln.

Proceeds from their annual spring luncheon — this year's, with a Holiday in Mexico theme, is set for next Wednesday, February 25, at Lochmoor Club, and will feature clothes and models by Bonwit Teller plus many prizes, including a REAL Pathfinder's Hatbox in Mexico! — have also been donated to the neglected and dependent Court wards.

"The main portion of the funds," Marilyn explains, "is used to give these children a week or so at summer camp. But there are other 'luxuries' we've provided . . ."

Some Special Gifts

Like the special dress one 16-year-old girl, who teaches Sunday School, needed to participate in an Easter program at her church . . . or the uniform for an 11-year-old Boy Scout.

Like the wig for an 11-year-old girl, suffering from a form of dermatitis, completely bald and — most naturally! — reluctant to go to school.

Like the \$2 allowance for an emotionally disturbed boy, with no parents or known relatives, placed at Yorkwood Center.

"These children," Judge Lincoln reports, "are not delinquent, but rather they are neglected children who have been abandoned and abused by their parents. They are placed in foster homes by the Court and supported by public funds.

"However the public funds provide for absolute necessities only. They do not provide for Christmas gifts, graduation gowns . . . These are many items most people call necessities that are not furnished to foster home children."

Marilyn Coticchio's pretty proud of her "wonderful group of friendly ladies" who've taken it upon themselves to supply some of these "luxuries."

With, we think, good reason.

Oh, we ARE a talented community! . . . Consider this: Three Pointers head the cast of the classic Kaufman and Hart comedy, "You Can't Take It With You," currently playing, (final performances are February 18, 19, 21 and 22), at the Aaron DeRoy Theatre of the Jewish Community Center . . . They're Ed Oldani, of Kensington road, and husband-and-wife team Burton and Betty Wright, of Moran road, playing father-and-daughter this time . . . Betty's credentials, incidentally, go back to radio and such soap operas as "Ma Perkins" and "Road of Life" . . .

Consider this: . . . Advance word from our "re-hearsal spy," who's been checking up on early run-throughs at Richard School, has it that the Grosse Pointe Newcomers Variety Show, "The Sixties Going . . . Going . . . Gone!," set for Saturday evening, March 14, at 8:30 o'clock in the Grosse Pointe War Memorial's Fries Auditorium—tickets at \$7.50 each will include a champagne breakfast in the upstairs Crystal Ballroom—is shaping up as ABSOLUTELY FABULOUS . . . Its theme is the Establishment versus the Hippies . . . Setting is—where else?—Grosse Pointe . . . A James Bond take-off and the juggling act that helped Dr. Joseph Beals finance his way through college are among six acts of highlights . . . Cindy Van Pelt is choreographing the cast of 40 . . . Harry Kimmel is director . . . Barbara Willet's chairman of everything . . . Choral director Jane Ringwald will feature selections from "Oliver" and "On A Clear Day" . . . Newcomers president Lee Terrill will act as master of ceremonies . . . The Show's a biannual event to entertain Newcomers and friends . . .

Special report from the Newcomers' Corps de Ballet . . . The aches and pains all amateur dancers suffer are MORE THAN BALANCED by the bonus of getting-into-shape-again! . . .

Consider this: . . . Peter Caputo, a Newcomers Variety star himself a few years back, appears this Sunday at the Detroit Yacht Club . . . Pete, director now of The Generous Critic art gallery in the Village, will play the lute, an instrument favored by old-time mariners, and sing sea chanteys at a 2 to 6 o'clock champagne reception, to which members of area yacht clubs are invited, in connection with the DYC's Marine Art Show . . . The Show features selected works of master marine painters Robert Hopkin (1832-1909), on loan from the collection of the Detroit and Michigan Artists Memorial, and the late Fred Rypsam—the entire exhibition's a memorial to him—a 50-year DYC member, line drawings of famous Great Lakes vessels by Frank Crevier, of Algonac, recently displayed at the Dossin Marine Museum, and half models of current racing yachts by Grosse Pointe's own J. Robert Fortune among its exhibits . . .

Consider this: . . . Talent's earned a trip to South America for Gary Morrison, Phyllis Gore and Barbara Waggett, whose selection as members of the Youth For Understanding Choral was announced this morning at a meeting of Grosse Pointe's American Field Service-Youth For Understanding Foreign Student Adult Committee in the McKinley place home of Mrs. George Joseph Beyer . . . The young Pointers will join other area teenagers at singing and practice sessions in Ann Arbor . . . Then, this summer, it's off on tour to South America . . .

Oh, and by the way . . . Isn't it nice of Mr. and Mrs. Lee Zeunen and their daughter, Gretchen, of Hunt Club drive, to invite the foreign students from Grosse Pointe's North and South High Schools up to the Zeunen vacation home in Goodheart for a ski weekend? . . . They take off February 26, (they'll be gone until March 2), in a caravan of cars loaded with skis, sleeping bags and "goodies" from the students' Pointe homes . . .

Consider this: . . . In Philadelphia last week Mrs. Wayne Jens, of Balfour road, and Mrs. Benjamin Gravel, of Grosse Pointe boulevard, attending the International Conference of the Association for Children with Learning Disabilities, presented "Project Genesis," a three-year E.S.E.A. Title III Project which screens pre-kindergarten children before they enter school and plans summer programs and individualized programs for those youngsters with potential learning problems in the areas of gross motor, fine motor, visual motor, visual perception, auditory perception, language development and giftedness . . . The children serviced by the Project attend regular kindergarten, first and second grade classes and receive supplementary services from the "Genesis Child-er," (a master teacher trained in developmental learning), and a Perceptual-Motor Aide . . . Mrs. Jens is serving as coordinator and final evaluator of the Project, now in its third and final year, which she co-authored in 1966 . . . Mrs. Gravel is a Child-er at the Princeton School in St. Clair Shores' Lakeview Public School District . . . After presenting a new movie entitled "Project Genesis," filmed and edited by Dale Pegg, of Fairholme road, Mrs. Jens and Mrs. Gravel participated in a panel presentation with the rest of the Genesis staff: Mrs. Christopher Lee, Child-er at Lingemann School, St. Clair Shores, Perceptual-Motor Aides Marytherese Misko and Diane Wood and Dr. Fred Von Gunten, O.D., Vision Consultant to the Project . . .

Why do we hear the expression "money is tight" all the time? Money is really loose, but don't let anyone kid you. Money is expensive!
