MAYOR GIBBS of Detroit announced that an agreement has been reached with two major unions affecting sweeping changes in Cobo Hall work that will sharply reduce labor costs for shows held in the convention hall. The agreement was reached with Teamsters Local 299 and Riggers Local 575, and in the words of the mayor, the agreements were "historic." He said it would return the center to the competitive position it held before the proliferations of costly work rules which threatened to jeopardize Detroit's future as a convention city.

TEN PERSONS died, and 99 were injured when the storied "City of New Orleans," speeding through the tiny farm hamlet of Tonl, Ill., at nearly 100 miles an hour, roared off the tracks. Eleven of the 14 cars of the Chicago-New Orleans Illinois Central Railroad train were derailed. Officials said that the crash was the worst American rail disaster in almost a decade. Some of the passengers were reported to be in critical condition. Allan S. Boyd, railroad president, said a preliminary investigation showed that the crash was probably caused by locked wheels of the lead locomotive. The National Transportation Safety Board in Washington sent a safety team to investigate.

BALDUCK PARK, scene of four nights of disturbances last summer will close at 8:30 p.m. starting Saturday on orders from the Detroit Parks and Recreation Commission. The action came after the PRC discovered 1,000 to 2,000 young people a night, some of whom were drinking liquor and smoking marijuana. Richard Fanning, assistant general superintendent of the department said "These kids are coming into Detroit to do things the police wouldn't let them do in the suburbs. You name it, they do it."

PRESIDENT Nixon's daughter, Tricia, carried through with her scheduled plan to marry Edward Finch Cox Saturday afternoon in the White House Rose Garden despite gray skies and a slight drizzle. Dr. Edward G. Latch, chaplain of the U.S. House of Representatives, joined the couple in a single-ring ceremony created by Tricia and Ed from Episcopal, Methodist and Catholic marriage services.

Monday, June 14
PRESIDENT NIXON Sunday ordered Labor Secretary James D. Hodgson to lead an intensive new effort to get jobs for unemployed veterans of the Vietnam war era. The new effort will be an extension of the jobs-for-veterans program established by the President last fall which has failed to stem the rising rate of unemployment among young former servicemen, now at 10.8 per cent for those 20 to 29. The program had been largely a promotional effort aimed at persuading employers to hire veterans.

DETROIT POLICE revealed Monday morning that they are seeking four unidentified men in connection with the bloody, execution-style slayings of seven persons and the critical wounding of another early Monday morning in a suspected narcotics outlet. Homicide detectives said late Monday that the investigation by 20 detectives is still in a "very, very early stage." They did not state whether the four men being sought in the case were suspected killers or potential victims who managed to escape the massacre. All seven victims were shot in the head at close range while they sat in the living room of a two-story, red-brick flat at 1870 Hazelwood.

Youth Killed In Accident On Freeway

Michael Rowland Gilmore Found on Embankment; Believed to Have Fallen Asleep

A 21-year-old Pointe youth, Michael Rowland Gilmore, died on Sunday, June 13, as a result of an accident on the freeway just east of the Barrett Overpass. Michael apparently fell asleep at the wheel and hit a light pole. He was discovered by a passerby on the embankment. Authorities told the NEWS that since there were no eye witnesses, they are not sure whether Michael was thrown from the vehicle or crawled to the embankment seeking help. Michael was home for the summer after completing his junior year at Western Michigan University, where he was majoring in business administration. He was affiliated with Theta Xi fraternity. He is survived by his parents Mr. and Mrs. John Gilmore of 21235 River road; a sister, Nancy, and his grandmother, Mrs. Louise Rowland. Memorial tributes may be sent to the charity of your choice. Services were held on Wednesday, June 16, in the Verheyden Funeral Home. Interment was in White Chapel Cemetery.

Suspected 'Cat Burglar' Nabbed with Stolen TV Set

Thomas E. Holstin, 20, of 18833 Cranford lane, whose nocturnal activities placed him in the "cat burglar" class, and whose specialty was stealing purses from homes while residents slept, removing whatever money the purses contained and discarding them so that they could be conveniently found, was arrested by Park police. He deviated from his method of operations and was arrested when he picked up a portable television set reported to have been stolen from a Park home and hidden behind some bushes in Bishop road. Holstin was taken into custody on Wednesday, June 9, following a foot chase participated in by Park Police

Class at Richard School Made Most Interesting By Innovative Teacher

Mrs. William Nique's Second Graders Find Learning Can Be Exciting; Classroom Activities Cover Many Subjects

By Pepper Whitelaw
Mrs. William Nique, (Dolores), has never been considered a conventional type teacher. Last year, with parental permission, she took her first graders for an airplane ride. If you were to find an adjective which best describes Mrs. Nique, "innovative" would be it... for this teacher of second graders at Richard School. Her classroom is filled with activity... learning activity. "We're not trying to be different; what we're really trying to do is put a little excitement into learning," she says. It's only natural in a child's physical development at ages seven and eight to move constantly. We take advantage of this physiological fact and incorporate the free moving philosophy into the school day program," adds Mrs. Nique. Called Everything Mrs. Nique's type classroom has been called everything from informal education, to open corridor, to individualized instruction, to integrated day, to open classroom. Mrs. Nique doesn't label it any of these things. She says she is, just attempting to humanize and personalize the curriculum for her children. The 25 youngsters in her class are learning the "Core" subjects, (reading, writing, arithmetic and spelling). Only the room organization is different. These subjects are taught at "Must" centers. Each child visits each "Must" center 20 minutes each day. At 2 p.m. a clock rings and this is their signal to move on to one of the Learning Station for the library corner,

455 Trees Saved By Joint Effort

The combined efforts of parents, students of Ferry Elementary School, high school students and the Grosse Pointe Shores Department of Public Works resulted in a highly successful paper drive Saturday, June 5, and netted the PTA some \$215.08 to buy trees for the school playground. Because of the terrific community response, a second truck was called before noon. The collection brought in almost 27 tons of papers which will be recycled, and subsequently save some 455 trees.

Speed, Noise Get Cyclist Into Trouble

Faces Further Charges of Not Wearing Helmet and Resisting Police Officers

A Farms resident was arrested Friday evening, June 11, and charged with speeding on a motorcycle, creating excessive noise and resisting arrest. He was taken into custody after a scuffle with Farms police officers, aided by City policemen who answered a call for assistance. Arrested and charged was James J. Dingeman, Jr., 27, of 463 Moran road, who was ordered released on his own recognizance by Farms Municipal Judge Robert Pytell, pending a court hearing scheduled for Wednesday, June 23. According to an official report by Farms Patrolman Gerald Deburghgraeve, the officer stated that he was on patrol, going north on Moran at about 10:45 p.m., when he observed a motorcycle making a turn west onto Grosse Pointe boulevard from Moran. The cyclist was speeding and making excessive noise, the officer said. Ignored Siren, Flasher Deburghgraeve said that he gave chase and paced the cyclist at about 50 miles an hour, which is 20 miles over the posted speed limit. The policeman said that he turned on the scout car flasher and siren, but Dingeman ignored him. The patrolman said he left the siren on, but was still ignored by the cyclist, who sped to Warner, made a left turn and turned into the driveway of house No. 40. At this time, Deburghgraeve said, he observed that Dingeman was not wearing a protective helmet, as required by law. Dingeman went into the garage at that address and was followed on foot by the officer, who requested Dingeman's operator's license and cycle registration, and when asked for what reason, the policeman informed him of the violations committed. Uses Foul Language While taking out his wallet, Dingeman, according to the patrolman, used foul language and informed him that he had no right in the garage and to leave, and if he did not, he would be charged with trespassing. Deburghgraeve said that Dingeman then held out the required documents, but as he was reaching for them, the man quickly withdrew them.

Parking Situation Along Bishop Rd. Produces Petition

Park Council Asked to Eliminate What Residents Call 'Blight on Neighborhood'; Some Cars Not Moved for Days

The Park Council, at its regular meeting on Monday, June 14, has taken under advisement a petition signed by 29 residents living in Bishop road, between Kercheval avenue and Vernor, asking that on-street parking be banned on their street from 2 a.m. to 5 a.m. Mayor Matthew Patterson, with the approval of the council, appointed City Manager Robert Slone to look into the matter and report to the council at its next regular meeting. The solons also authorized City Attorney Richard Rohr to draft an ordinance, which would prohibit the parking, if the study warrants such a move. Slone informed the members of the council that there are three or four other streets which have the same problems as listed by the Bishop road petitioners, who charge that residents parked their cars on the streets throughout the night, and sometimes for days without moving them. Some of the vehicles are in a sad state of disrepair and a blight on the neighborhoods, it was said. Use Others' Frontage The 29 signers asserted that they are deeply concerned about the parking of the vehicles over an extended period of time on the street by a few of the residents and members of their families. A few of the cars in a state of disrepair are parked in front of homes other than the residences of the vehicle owners. The citizens, living in the 1200 block of Bishop, asked that the council consider passage of an ordinance which would restrict on-street parking to reasonable periods of time. The residents said that they will enthusiastically support a law banning on-street parking between 2 a.m. and 5 a.m. and which will provide for a tow-away, placing the expense squarely on the vehicle owners. This type of law would eliminate "overnight" parking without infringement on reasonable parking requirements of the people of the neighborhood. Has Worked Elsewhere This type of proposal has worked successfully in other communities which had similar problems, the petitioners claim. However, they added, if such an ordinance is not feasible for the Park, it is urged that consideration be given to such a proposal "on a trial-run basis on our block." The Bishop road people cited a number of reasons for their request, which include that the parked autos are a hazard to children, when motorists are forced to swerve to avoid these parked cars; automobiles should not be parked on the streets since all residents have off-street driveways; and these parked autos interfere

Farms Judge Hands Heavy Penalties to Users of Pot

Four persons were arraigned for trial before Farms Municipal Judge Robert Pytell on Wednesday, May 26, on charges of possession of narcotics, with one of the four pleading guilty to a lesser charge of being a disorderly person, which the court accepted. All were ordered to pay heavy fines and given extended probationary terms. The stiffest penalty was levied at Frank Witherspoon of 15292 Tacoma, Detroit, who was charged with possession of marijuana. He was fined \$200 and placed on probation for six months. He was also found guilty of operating a motor vehicle at night without headlights, for which he paid a fine of \$5. Ronald Morris of 6235 Madeline, Detroit, was found guilty of possession of marijuana. He was fined \$100 and placed on probation for two years. Judge Pytell found Douglas Wojciechowski of 311 Belanger guilty of possession of narcotic paraphernalia, and imposed the following sentence: a fine of \$35 and two years probation, during which he is to report to his probation supervisor each month during this period and pay a monthly cost of \$5. Wojciechowski was found guilty of a second charge, illegal possession of alcoholic beverages, for which he was given a suspended sentence. Craig A. Smith, of 15872 Novara, originally charged with possession of narcotics, was allowed to plead to a less

Find Juvenile Lying in Street

A 16-year-old Pointe youth was found lying between the curb and sidewalk at Kercheval and Lakeland at 1:50 a.m., Friday, June 11, by City police. Officers Virgil Beupre and John Drummond had a difficult time awakening the youth. They observed that his eyes were glazed and his pupils fixed. He spoke with difficulty and was unable to stand alone. He told the officers he had taken "Reds" (downers) and just felt like sleeping. Officers took him to the City station. His parents were called and he was released to them pending his appearance in juvenile court as a disorderly person under the influence of narcotics.

Class At Richard School

(Continued from Page 1) with an answer key provided for the students.

There are some 100 other stations which are filed numerically. They are placed on the desks in open view when Mrs. N. wants to introduce them to the students. "I feel teachers need to sell their products, which are education and learning, whether it be a learning game, (most of Mrs. N.'s are self-made), or an instructional lesson.

Enthusiasm Catching
If the teacher is enthusiastic, the children will be," she smiles. (Judging from the enthusiasm visible in her classroom Mrs. N. is correct in that statement.)

If a youngster wants a particular learning station activity, he pulls out the folder and all he needs for the activity is there, directions and answer keys.

The "What Can I Do Now Box," is where suggested activities in reading, arithmetic, handwriting, science and creative writing can be readily found by the students.

"We also have some card file boxes of house Word Wizards, (basic vocabulary words on different levels). My youngsters love to be tested on these and are, whenever they indicate a desire to be."

Kathryn Bodeau, who is Mrs. Nique's student teacher from Michigan State this term, helps with the testing.

The children stamp date and record numbers of the stations they've completed on their own charts. Each week Mrs. N. has a personal conference with each youngster to discuss his progress. Every activity com-

pleted by the students is recorded.

Proved Very Popular

Laughingly, Mrs. N. says, "This all started as a one-day activity and was so much fun we just decided to continue operating this way. I've been especially pleased with the children's acceptance of responsibility for their own behavior and the pride they take in the classroom environment. And the parent support and enthusiasm has been superb. ("but then I have a superb group of parents!" says Mrs. N. "Many of them have loaned us equipment and supplies to fill our room with resources the children can all learn from and enjoy.")

How do the students like their classroom? This reporter didn't see one sad face . . . one idle student . . . one malcontent. All were busy, happy and extremely anxious to share their exciting experience with their visitor!

We asked Mrs. Nique what will happen to these youngsters next year when they leave her for the traditional classroom. She replied, "If the teacher is on her toes she'll have no difficulty with my youngsters, for they've learned a very important freedom this year; the freedom to succeed every day."

The name of the game is learning and the reward is success!

after which the policeman informed Dingeman that he was under arrest for the violations.

Dingeman proceeded to shut the garage door and began turning off the lights, shouting the patrolman had no right to be on the property. Deburghraeve ordered Dingeman to get into the police car, and when the man resisted, Deburghraeve called for assistance over the police monitor, which brought Farms Patrolman Gordon Evans and City Opl. Edmond Benthuis and Patrolman David Teolis, who were dispatched by their station.

Finally Subdued
As Dingeman tried to enter the house, Deburghraeve stopped him, and a scuffle ensued, just as the other three officers arrived at the scene. The fight was still going on, and Deburghraeve had Dingeman against the wall trying to handcuff him, when the other policemen took part in the fray and the man was subdued and handcuffed.

At the station, Dingeman was issued a ticket for speeding, causing excessive noise and resisting arrest and notified of his court date.

man received 1,206 and Warner, 1,205.

Fuchs garnered 581 votes and Sandberg 570. Kerby also went strongly for Huetteman and Warner, casting 1,193 for Huetteman and 1,202 for Warner. Fuchs and Sandberg received 661 votes each.

Ferry voters cast 939 votes for Fuchs, 942 for Sandberg; 862 for Huetteman and 842 for Warner.

Mason voters cast 557 votes for Fuchs; 565, Sandberg; 666, Huetteman and 685 for Warner.

Electorals at Monteith gave Fuchs, 772 votes; Sandberg, 785; Huetteman, 736 and Warner 718.

Over at Poupard some 399 votes were cast for Fuchs; 402 for Sandberg; 317 for Huetteman and 310 for Warner. Barnes electors gave 863 votes to both Fuchs and Sandberg; 700 to Huetteman and 880 to Warner.

Absentee voters were for Huetteman and Warner all the way, casting 334 votes for each. Fuchs and Sandberg received 140 and 137 respectively.

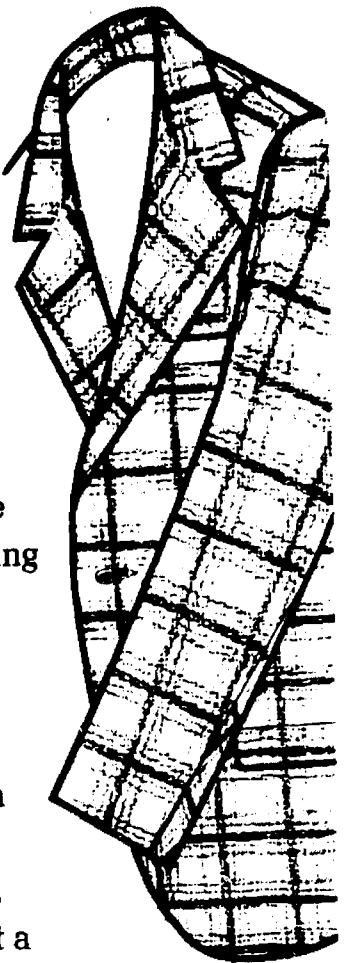

Some 1,033 votes were cast at Trombly; 1,207 at Defer; 1,456 at Maire; 1,789 at Richard; 1,871 at Kerby; 1,798 at Ferry; 1,240 at Mason; 1,512, Monteith; 718, Poupard and 1,563 at Barnes. There were 474 absentee votes cast.

Mr. Huetteman and Mr. Warner will serve four year terms commencing July 1, 1971 and terminating June 30, 1975.

The election was one of the most hotly contested in years, as the large turnout of voters indicates. Fuchs and Sandberg have been vociferous members of the minority dissent faction on the Board of Education. Opposition between the two factions has turned many a School Board meeting into travesties of what such sessions should be.

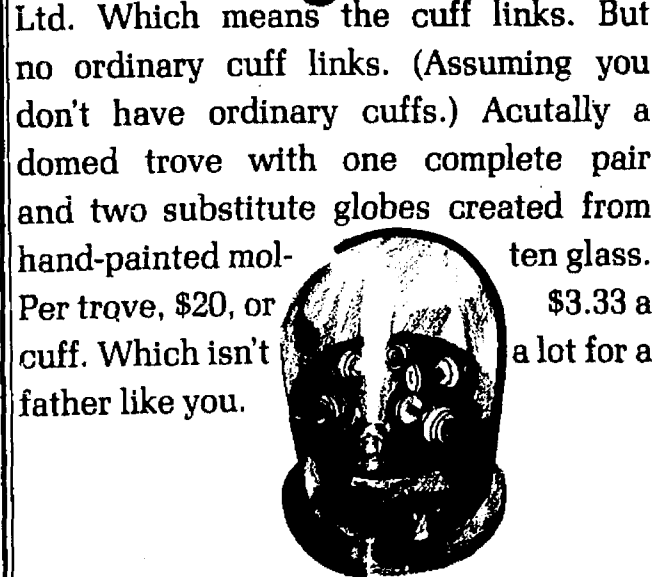

Hope arises that the trustees and administrators can now devote more of their time and talents to the real issues involved in carrying out their duties, and that less of these essential elements will be wasted in the process of providing Pointe children, with the finest educational opportunities possible.

Memorial Center Rites Pay Tribute to GP War Heroes

There was a large crowd in attendance at Memorial Day Services held on Monday, May 31, at the Grosse Pointe War Memorial, to honor those who had served in the Armed Forces of the United States, and to witness the presentation of flags to three agencies by The Auxiliary of Alger Post 993, VFW.

The impressive rites began with the raising and half-masting of the Colors by Boy Scout Troop 98 of the Grosse Pointe Memorial Church, followed by the advancing and placing of the Colors by Alger Post Commander Edward Kramer.

The invocation was offered by Rev. Ray H. Kiely, D.D., of Grosse Pointe Memorial Church.

The introduction of officials participating in the Honor ceremonies was made by Louis Hyde, commander of Grosse Pointe American Legion Post 303, who was immediately followed by James D. Tracy,

Memorial Center president, who gave the address.

With solemn dignity, Park Mayor Matthew Patterson made the presentation of the Gold Star Honor Roll of Pointers who gave their lives in World War II and in the Korean and Vietnam Wars.

When Mayor Patterson completed the rite, Mrs. Oscar Keller, president of the Alger Post, VFW, Auxiliary, presented the Star and Strips, on behalf of the Auxiliary, to be flown on the Center grounds, to President Tracy.

Mrs. Keller then presented a flag to the City of Grosse Pointe, which was accepted on behalf of the community by City Public Safety Director Andrew Teetaert; and another was made to Bon Secours Hospital, which was accepted by Sister Ann.

The Auxiliary had presented the Center with a pole and Standard on February 22, which is on display in the lobby of the Center; and only a few weeks ago, also gave one to the Park, which was placed in the lobby of the Municipal Building.

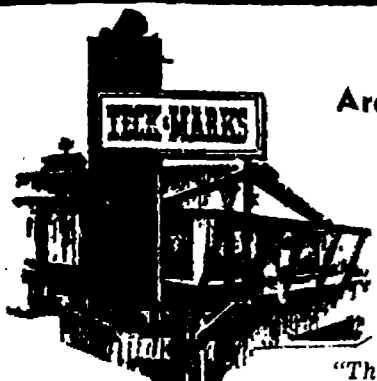

Following the presentation of the flags, the Awarding of Certificates of honor posthumously to those who gave their lives in the Vietnam conflict was made by Mrs. Cyrus K. Weatherby and Mrs. Gordon Ripley, Regent and Chaplain, respectively, of the Elizabeth Cass Chapter, DAR.

The placing of wreaths was made by Mrs. Keller, Mrs. Victor Goodman of American Legion Post 303, and representatives of Senior Girl Scout Troop 1614 and Girl Scout Cadet Troop 886. Other girls of both troops acted as ushers.

A squad from the United States Marine Recruiting Station, Detroit, fired the traditional volleys, which were followed by the haunting notes of Taps and Echoes sounded by Buglers Glenn Rahn and John W. Schaffer.

The benediction was offered by The Rt. Rev. Msgr. Francis X. Canfield of St. Paul Roman Catholic Church, and the ceremonies were concluded with the retiring of the Colors by Alger Post Commander Kramer.

Keep your word and people will never hesitate to accept it.

Brys Drive Hill Rapped

(Continued from Page 1)
realize there are finances but there are also priorities and it's not going to cost anything less next year."
Mrs. Mertens says that the racing activity is more frequent in the summer than during the school year. She says sometimes "car after car" will jump the hill, circle the block and come back.
Mrs. Raleigh Grabke, 1159 Brys, reported that oftentimes sparks can be seen under the cars at the top of the hill. "The drivers seemed to have a lot more respect for the bridge before they took the abutments down," she said.
One resident, it was reported, sat in front of his home for an evening, wrote down the license numbers of the cars speeding over the hill and turned them into the police department, all to no avail.
Recent Incident
The NEWS received a complaint about the situation after an incident late last month when Samuel Bordato, 17, of 1983 Prestwick, jumped the hill traveling east on Brys as he was being chased by a patrol car for speeding. Trying to make a left turn

north on River road, Bordato suddenly spun out in the front yard at 1110 S. Brys, hit a fire tree, and drove back down a neighboring driveway before being stopped.
Police had paced Bordato at 55 mph when he made the turn onto Brys. Bordato, arrested for reckless driving and fleeing an officer, told police that he panicked when a scout car tried to stop him on Vernier.
Police reported school children were walking and riding their bikes on Vernier, Marter and Brys.
In a letter sent the same day to the department, Mrs. Mertens asked whether it is "going to be the death of a person that will precipitate a solution to the problem of thrill seekers who drive over the hill on Brys drive."
Asked about the problem, City Manager Chester Peterson said that the city engineers have been directed to make a cost analysis study of the repairs to be done.

Missing Woman Found Drowned

The body of a young Detroit woman, recovered from Lake St. Clair at 7:40 p.m., on Monday, June 14, by Farms police, was tentatively identified as Carol Ann Ahlstrand, 25, of 5073 Beaconsfield, Detroit, who had been reported missing to Detroit police the day previous.
The body was recovered by Farms Det. Joseph Miller and Patrolman Gordon Evans, and taken to the Wayne County Medical Examiner's Office, where an autopsy was to be performed to determine the actual cause of death.
Two young men, William Charnow, 20, of 18950 Skyline drive, and Steve Zinsetti, 21, of 18750 Masonic, both of Roseville, discovered the body as it floated past 423 Lake Shore road, and called police.
Farms police said that the woman fitted the description of one such person reported missing over the police teletype, although no identification was found on the woman's clothing. There were no visible signs of injury on the body, it was stated.

Woods Family Safety Minded

Grosse Pointe Woods has within its ranks a truly safety conscious family. Corporal Thomas Kerving an officer of the Woods Public Safety Department for 15 years, makes it his job to be concerned with safety. But the rest of his family also seem to be cut from the same mold.
Corporal Kerving's wife, Jean, regularly watches over the city's school children as an alternate crossing guard at the various schools in the Woods. She's been doing that job for two years now.
And last, but certainly not least, there's Michael Kerving, a third grader at Mason. Young Mike has just been picked to be a Safety Patrol boy for the next school year. Starting at the youngest possible age, Mike will be training on a corner with a regular patrol boy until the summer recess on June 18.

'Cat Burglar'

(Continued from Page 1)
the gesture was not revealed.
Since the number of burglaries continued to mount in both cities, Park and City police combined their investigative efforts, concentrating on Holstin as a possible suspect.
On the Wednesday date, a resident in Bishop road called Park police and reported that a portable television set was behind some bushes in a nearby front yard.
Acting on a hunch, Petrie and Saifyard drove to the location and waited patiently for some one to arrive to retrieve the set. Petrie waited at the front, in an unmarked car a short distance away, and Saifyard in another car, waited at the rear of the property.
A short time later, an auto, driven by a girl pulled up near the bushes behind which the TV was hidden, and Holstin got out, picked up the set, and the car drove off. Petrie alerted all units, and took off after the other vehicle.
At St. Paul and Bishop, the car stopped and Holstin got out and attempted to escape on foot. At about this time the other officers arrived and the foot chase took place, and Holstin was apprehended. Holstin and the girl were taken to the station, where it was revealed that the young lady was completely unaware of Holstin's activities and she was released.
Later, Holstin was arraigned before Park Municipal Judge William Speer for a preliminary examination, at which time Holstin requested a court appointed attorney. The judge set bond at \$5,000, and scheduled an examination for yesterday, June 18. Holstin was remanded to the custody of the Wayne Sheriff's Office in lieu of bond.
The authorities said that the charge against Holstin was possession of stolen property, for which a warrant was approved by the Wayne County Prosecutor's Office.

Police Arrest Errant Driver

Ronald D. Fisher, 31, of 23769 Lambrecht, East Detroit, was arrested by Farms police on Wednesday, June 9, and charged with reckless driving. A check of Fisher's record revealed that he was wanted by East Detroit police on a traffic warrant.

Patrolman John Kraiza said that while he was on routine patrol on Mack avenue, he observed Fisher traveling east on the avenue at a high rate of speed, and gave chase. The officer said he paced the motorist at 50 miles an hour between Fisher and Cloverly roads, and between Fisher and Moran, Fisher swerved in and out of moving vehicular traffic a total of five times.

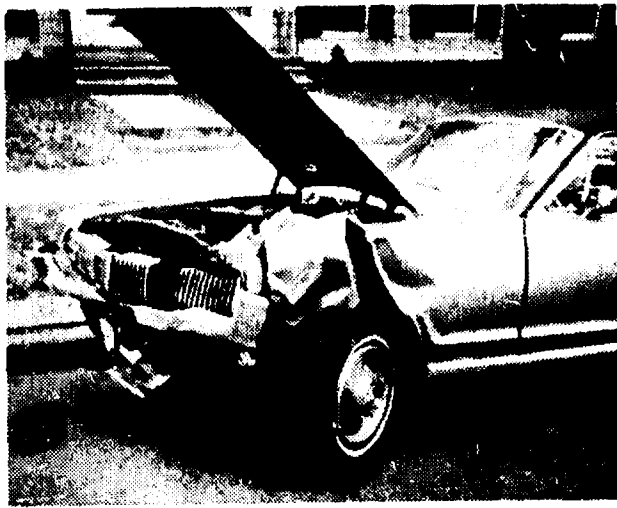

At Manor, the officer said, Fisher braked very hard, made a fast right turn into a gasoline service station, near Cloverly, turned right into an alley and drove into the lot behind the station, then drove the wrong way in the lot behind the Manor Lounge, where the officer forced him to stop.

Fisher was taken to the station where he was issued a violation ticket for reckless driving. He is scheduled for a court hearing on Wednesday, June 23.

A check with other law enforcement agencies brought out that Fisher was being sought by East Detroit authorities on a traffic warrant.

Before he was released, Fisher posted a bond of \$50 to assure his appearance in Farms court, and \$30 for East Detroit.

And He Didn't Even Stop

Pictured above is what is left of the car of William C. Prescott Jr., of 17450 Maumee. The vehicle was parked in front of Mr. Prescott's residence on Monday, June 14.

Sometime around 3:14 a.m. two residents heard a loud noise. Both looked out of the window in time to see a light blue '67 Chrysler or Mercury back off and head in the direction of University. One of the residents called City police who arrived on the scene within four minutes. Cpl. George Brackx and Sgt. Foster Mauck checked the entire area then returned to the scene. They found no skid marks but did find paint chips and pieces of

glass from the hit and run car. A '71 Pontiac, belonging to Elaine King, 17449 Maumee, was parked behind the Prescott vehicle and sustained minor damage when the hit and run car hit the Prescott car forcing it into Miss King's Pontiac. City police request anyone having any information on a car fitting this description with major front end damage, contact them immediately at 886-3200.

THE G.P.H.R.C. APPEALS AGAIN

to the good people of G.P. to search out resolutions to the problems of our community. We have tried by eliminating the inconsistencies in our communities and asking hard questions in hard ways and leaving the problem of answers to you, our friends and neighbors, where they belong. We have pricked the conscience often, we have used words, expressions in ways that others use when they speak of us. We have challenged friends and those who disagree alike, to look at issues that we just don't see being discussed or acted upon, and have spent a major part of our annual budget doing it.

WHY?

because—we love G.P., you our friends, and the children, and we find the time for resolution running out—as we pay ever more dearly for our fear, separatism, and for our ignorance of the plight of our fellow citizens less fortunate than us, who look to us for leadership. And so the G.P.H.R.C. stands as a friend; one you can count on, one who tells it as it is, and one who makes you think. What more would you ask of a friend?

St. John Pulmonary Unit First of Type in State

A computerized pulmonary function device, the first of its type in Michigan, has been added to Saint John Hospital's Inhalation Therapy Service for the purpose of diagnosing specific lung disorders.

The unit will be used to detect respiratory problems in suspected pulmonary patients and also to pinpoint specific malfunctions of the lungs and respiratory tract in those patients already recognized as suffering from respiratory disease.

Walter F. Kujawski, M.D., chief of the Pulmonary Disease Section in the Department of Medicine, will work with James Hindelang, A.R.I.T., director of Inhalation Therapy Services to diagnose such diseases as bronchitis, asthma, emphysema, pulmonary fibrosis and various diffusion defects.

In addition to providing a much more accurate diagnosis than was possible before, the Pulmonary Function Laboratory will be used in conjunction with treatment to measure improvement brought about by specific drugs, thereby speeding up the treatment process. The tests will also screen patients prior to surgery to avoid complications by an unforeseen respiratory problem.

When a patient is tested on the pulmonary function device, the first step is to enter into the machine information on the patient's age, weight, height and sex. The computer will then predict and print out the patient's expected capabilities. Twenty-five different tests can be performed. Once the patient's test re-

Youth Sustains Minor Injuries

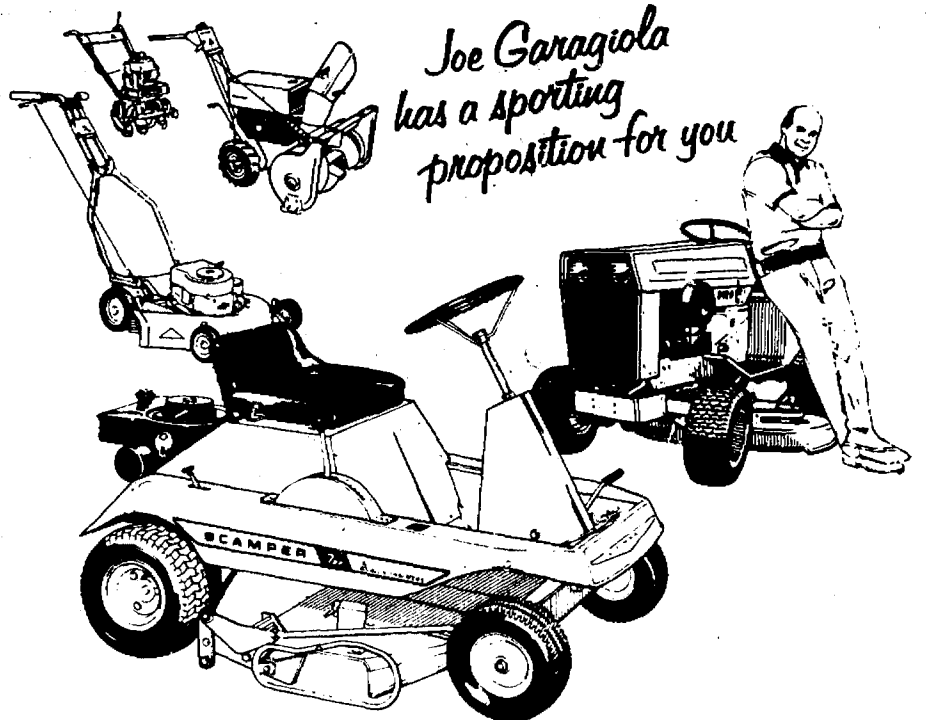

Jeff Eisenbrey, 10, of 15127 Windmill Pointe drive, was struck by a car driven by James Rawlins Jessup, 945 Lakepointe, on Thursday, June 10, when he ran from behind a parked car at 608 Lakeland into the path of Jessup's car, which was traveling South on Lakeland from Charlevoix.

Witnesses told City Police Cpl. Edmund Benthuis and Officer Dale Van Dale that Jeff ran into the path of the car without looking. The boy's parents said they hoped no action would be taken against Mr. Jessup who was not at fault.

Jeff was taken to Bon Secours Hospital for treatment of slight facial and arm injuries then released.

Lightning Raises Havoc in Woods

Woods police had their hands full during the intermittently stormy and tornado-threatening weather June 8, 7, 8. Lightning bolts seemed to zero in on the city, knocking out telephone connections and causing power failures.

Around 8 a.m. Monday, June 7, a telephone wire was blown out on Holiday near S. Oxford. Police found the live wire on a resident's lawn and immediately blocked off both Holiday and Oxford to all traffic until repairmen arrived to replace the transformer.

Police said the cause of the damage might have been from an overload after a pole was struck by lightning a few minutes earlier in Sweeney Park.

Later the same day, a pole was seen struck by lightning at the rear of 19768 E. Ida lane and two large insulators

two seconds before disappearing. For almost 10 seconds after that the insulators were seen burning with sulphuric brightness before going out.

What can an inexperienced 15-year-old kid from Harper and Van Dyke do for you this summer?

1. If you run a store maybe you can use a kid to clean the bottles on the shelves. (There will be over 200,000 kids—age 13 to 20 on the streets of Detroit this summer.)
2. If you run a restaurant maybe you can use another kid to clean tables. (200,000 kids with nothing to do is not something Detroit needs right now.)
3. If you run an office, you could probably use an extra kid to sort the mail. Or maybe take inventory. (O.K. You're only one guy! You can't worry about 200,000 kids. So worry about one kid. Give one kid a job!)
4. If you have a fence that needs painting you could do the Tom Sawyer bit and supply the whitewash. We'll supply the kid. (There are 55,912 businesses in the Detroit area. If everybody tried to find a spot for one kid the problem is cut by a quarter. Try two and we cut it in half.)
5. If you run a filling station an extra kid could give you the cleanest windshields in town, which is something to sell when you're not giving away placemats. (Girls need jobs, too. Nice girls. Smart and very polite.)
6. If you run a nursery, a kid can sell more peat moss for you . . . 'cause he's strong enough to lift it. (Everybody says they want to do something to help their fellow man. So help your fellow kid.)
7. If you want your lawn thatched and mowed, and re-seeded, nobody, but nobody can handle that as well as a kid. (The summer job problem in Detroit is black and white . . . You can make Detroit work by hiring one kid . . . black or white, and not caring which.)
8. If you care, giving one kid a job this summer will make you feel good all winter. (Please help.)

Police Arrest Sex Offender

A startled and frightened expression on the face of a Grosse Pointe South High School girl, as she passed a parked car in Fisher road, alerted two Farms police officers, who arrested a man sitting behind the wheel of the vehicle and charged him with indecent exposure and immoral conduct. The authorities had received a number of complaints regarding the actions of a man answering the description of the suspect.

The officers, Det. Joseph Miller and Patrolman Earl Field, who is working the Plainclothes Detail, said they were patrolling south on Fisher road on the afternoon of Thursday, June 10, cruising slowly past the high school off-street parking area at about the same time a 16-year-old girl was walking in the opposite direction.

The sidewalk area is at a slightly higher elevation than the parking area, and as the girl passed a copper-colored car, she happened to glance down, and the expression on the teenager's face drew the attention of the policemen. Miller, sitting on the right side, raised himself as the police vehicle passed, and observed the man's actions.

Miller said that the man was completely unaware that a police car was passing, and was completely ignorant of the fact that the officers had pulled up behind him, and only became aware when Miller approached on foot and pulled him under arrest.

The name of the suspect was withheld because of psychiatric implications. The policemen said, however, that he is a Farms resident, 23 years old and married, but has no children.

Miller said that a number of complaints had been received that a man had been seen several times since May 10, between 8:15 a.m. and 8:30 a.m., in the high school vicinity, always at the same time, but by the time the complaints were received, the man was gone.

On the date of the arrest, Miller and Field were cruising on Fisher at 12:45 p.m., and made their surprise apprehension at that time.

Miller said that on orders of Farms Municipal Judge Robert Pytel, the suspect was released after posting a bond of \$50, pending an examination date scheduled for Wednesday, June 23.

New Director

"If I were to single out one goal of mine, it would be to serve as completely as possible the young people in our society," says John Bruce, newly appointed director of the Neighborhood Club.

John, who is 28 years old, has been working with youth since he has been mature enough to accept responsibility. At the age of 16 he helped his father coach a Little League baseball team. The next summer he managed his own. Upon graduation from high school he managed a Babe Ruth League baseball team and continued to do so until he graduated from the University of Detroit with a BA in psychology and sociology.

During his college years he went to work for the Neighborhood Club refereeing basketball games, supervising youth activities, directing basketball leagues, chaperoning teen dances, teaching fencing and working on Day Camp.

Upon graduation from U of D, he accepted a full-time position at the club directing teen dances and formulating plans for teenage activities. He left the Neighborhood Club at the end of the summer of 1965 to teach and continue his education.

He applied for, and received, a post as sixth grade teacher at St. Lucy School and began work on his masters at U of D in counseling. He was at St. Lucy's five years during which he coached football, basketball, track and was athletic director. He also continued working at the Neighborhood Club on a part-time basis.

Upon completion of his masters degree, he applied for a teaching position in the Grosse Pointe Public School System. He was assigned to teach seventh and eighth grade English at Pierce Middle School. He also coached the freshman basketball team at South High. John is married. He and his wife Maureen have four children.

He officially takes over the helm of the Neighborhood Club the last week in June. He can hardly wait!

A LIFE SAVER
Reading the NEWS is rewarding. Just ask Gordon O. Sutton, of 1 Elmsleigh court. Last week the NEWS ran a story about attempted thefts from boats docked at the City Marina, among the items dropped by the would-be thieves was a life preserver, marked S.S. Cirrhosis. Mr. Sutton had not noticed that the life preserver was missing until he read it in the NEWS. He promptly went to the station and claimed it.

America Today Series Slated

Vietnam . . . Black Power . . . the Youth Revolution . . . Womens' Lib . . . these and other vital issues are slated for a unique summer series for all Grosse Pointers.

The series began Wednesday, June 16, and will run every second and fourth Wednesday of June, July and August. The Parish House of St. Paul's Catholic Church, 157 Lakeshore drive, will be the meeting place. Sessions will begin at 8 p.m.

Entitled, "Conflict/Change: America Today," the informal series will feature guest speakers discussing such controversial books as Charles Reich's, "The Greening of America," a best selling study of today's Youth Culture, and Germaine Greer's, "Female Eunuch," acknowledged as a leading statement of the Women's Liberation Movement.

Other books which will be discussed include "Who Rules America," "Look Out Whitey! Black Power's Gon' Get Your Mama!" and "Invisible Government." The July 14th meeting will feature film and tape on the war in Vietnam, "How We Got Where We Are and How Do We Get Out?"

Guest speakers include Dr. Ronald Aronson of Wayne University's Monroeth College and Ernest Benjamin also of Wayne University as well as other well-known speakers.

Participants will read books and other material before each session. Guest speakers will guide discussion and lead the question and answer session following smaller group discussion.

A nominal charge for five dollars per family or two dollars per student will be made for the entire series.

Sponsoring the program is the Grosse Pointe Inter-Faith Center for Racial Justice, an ecumenical, church-supported organization dedicated to

building a more just society. Interested participants are urged to call 881-9019 for fur-

ther information. Registration before June 16th is encouraged but not necessary. Books

for this series will be available for purchase at the Center.

How to get the most from your life insurance

It's a three step suggestion and, as it should, it starts with you. When you purchased life insurance, you no doubt had in mind definite jobs for it to do for your family if you die; for you if you live. But time brings many changes . . . and it makes good sense for you to review your objectives and to check whether your life insurance currently meets them.

There are two other people who can help. The first is your wife. Your life insurance is designed for her and the family and it's wise to have her know your plans. The more she understands your objectives, the more she will be able to help you keep them up-to-date, and the better she'll be able to use this priceless protection that is being paid for through her careful budgeting.

The second is the Man from Manufacturers.

Through him, the flexibility of your policies will come to life. His experienced, practical recommendations add up to an invaluable source of service for you now and for your family later.

Troop 156 Holds Court of Honor

Troop No. 156, Boy Scouts of America, located at Christ Church, recently held its Spring Court of Honor with an outstanding number of awards. Under the leadership of Scoutmaster Jim Peters advancement has been excellent. Five scouts received the Tenderfoot award, in an impressive investiture ceremony. The boys were Eric Grimes, Brandy Wood, David and Phillip Whitehead, and David Webster.

Twelve scouts advanced to the rank of Second Class, and these included: David Whitehead, Ted Williams, Tom Curto, Chip Gibson, Harvey Kulka, Brian Grimes, Joe White, David Webster, Bruce Burton, Ed Fleck, Walter Haggis and Phillip Whitehead.

The First Class rank was achieved by the following boys: Lee Cox, Dave Moore, Don Brower, Jim Tudman, Ted Williams, Bruce Burton, Jan Allen, Brian Grimes and Glen Burton.

Three scouts, Mike Kidd, Duncan Campbell and Dave Moore successfully earned the rank of Star Scout, and three others, Mark Grimes, Craig Cox and Jim Curto were advanced to Life Scout.

The senior patrol leader was honored by the achievement of twelve merit badges. Scout Mark Grimes has given the troop outstanding leadership this past year. Two other scouts, Al Hillebrand and Craig Cox, each received six merit badges. David Moore and Duncan Campbell each received five merit badges, while Mike Kidd, James Curto and Bruce Burton each received four.

Scouts receiving two merit badges each were Jan Allen, Lee Cox, Ted Williams, and Brian Grimes. Rick Speer, Jim Tudman, and Don Brower each received one merit badge.

One adult scouter James Kidd, and six scouts were recognized by the troop as new members of the Order of the Arrow, having completed their ordeal on May 22 at D.A. Scout Ranch. The new Arrowmen included Mark Grimes, Mike Kidd, Duncan Campbell, Craig Cox, Lee Cox and David Moore.

Special entertainment for the scouts and guests were furnished by the Indian Dance Team, Lake Shore District, Order of the Arrow. These men, led by their unit leader Ron Reed, gave an outstanding performance. The dance drummer, Scoutmaster James Peters, has long been an active member of this unit.

Troop No. 156 anticipates an active summer with a canoe trip in June on the Manistee River, scout camp in late July and early August at Charles Howell Scout Reservation, and a senior scout outing in Georgian Bay in August.

The troop was presented its Charter by Institutional Representative Dan Wood, and is currently in its 42nd year of service.

The Arrowmen provided impressive opening and closing ceremonies.

Many Praise Work of YSD

The Youth Service Division continues to win accolades from all areas. Recently YSD received letters commending its men on their contribution to the education of young people of our community.

Regina D. Walker, of Richard School, told the NEWS that John Kendall and Mike Ferrence were instrumental in making the Richard Workshop on drug abuse a success and added that the students have requested that the men return to discuss the division's program.

Addison S. Gilbert, principal of Sarasota Junior High, Sarasota Fla., in a letter to Michael Ferrence, commented on the willingness of the division to assist and inform him on the school liaison program when he visited here, and added that he was hopeful his school could implement a liaison program this fall.

Anne C. Lampe, of University-Liggett School Middle School praised the YSD men for their help and participation in U-L's drug panel.

Perhaps one of the most enthusiastic supporters of the YSD is Frank J. Sladen, Jr., head of University-Liggett Middle School, who said, "No words are adequate for the help the division has been to us in the Middle School. Their program with the fifth and sixth graders and the drug panel, all have been time consuming and members of the division were more than willing to devote this time to our students. The honesty and personalities of these young men have won them a host of friends of all ages. We feel fortunate and honored that they have made such a worthwhile contribution to our program."

Tired of carry-outs?

Here's what you need—a Gas incinerator. It takes all the bother out of garbage and trash disposal. And it does it without smoke, odor, noise or polluting the air you breathe.

A Gas incinerator gobbles up all the combustible things you wouldn't dare put in a garbage disposal and can't burn outside. It makes short work of bones, boxes and boots—in fact anything that's combustible. And it does the job conveniently and completely.

So put an end to your carry-out service. Promise yourself you'll see your appliance dealer about having a Gas incinerator installed in your home. Or, visit your Michigan Consolidated Gas Company showroom for all the particulars. And remember, there's more than enough Gas for all your appliances.

When they're looking up to you, are they really looking down at you?

The station wagon on the left is known in some circles as a status symbol.

The station wagon on the right is known in the same circles as a mistake.

Now the status symbol is long and low and really quite beautiful.

Whereas the Volkswagen is short and high and really quite ugly.

The status symbol features a powerful engine.

A Volkswagen engine is not as powerful, but it'll go farther on a gallon of gas.

The status symbol boasts roughly 88 cubic feet of carrying space.

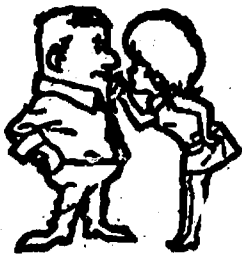

The Volkswagen has twice that amount, 176 cubic feet.

Conclusion:

If you're looking for something to show how big you are, then we suggest you get yourself a status symbol!

But if you're looking for something that's just plain big, then maybe it wasn't us who made the mistake after all.

This will be the first of a total of three registration dates. The two other registration dates have been set for Thursday, August 19, from 7 to 9 p.m. at the Woods Municipal Building and on Saturday, August 28, from 10 a.m. to noon at Kerby Field. Hal Shannon and Rick Moore, co-chairmen of the registration program, urge all boys from nine to 12 years old to register as soon as possible. They suggest that the players and their parents attend the scheduled meeting on June 17 if they wish to learn details about the program as well as to have any questions answered. Moore and Shannon stated that the first practice will begin Monday, August 30 at Kerby Field. The first Red Baron Varsity, Junior Varsity and Freshman varsity are scheduled to be held Saturday night under the lights, September 19, against the East Detroit Tiger Cats at East Detroit with gala opening ceremonies. Last year over 200 boys participated in this fine football program from the Woods, Farms, Shores and Harper Woods. The most expensive part of poverty is in trying to hide it.

MR. INDOOR COMFORT

Strain on Heart Reduced by Central Air Conditioning. by ROBERT A. "Doc" WILLIAMS. There are many reasons other than comfort for buying a Carrier central air conditioning system. Surveys show that quite a few families buy air conditioning because of its contributions to health, for instance. Carrier central air conditioning can be a great aid for the heart's work in pumping blood throughout the body. Under heated conditions, the human body's rate of sweating is increased and a great amount of blood can reach the surface of the body. This means that the body's heart rate is increased as the temperature and humidity rise, and the heart must work harder at pumping the blood to the surface to account for the loss in body heat. The heart works harder to increase blood flow to the skin for cooling by radiation, and the entire body's systems are drained of vitality. Fatigue rapidly appears, and exhaustion is possible under very hot conditions. The only way to compensate for high temperature and humidity is with an effective central air conditioning system. It's well known that air conditioning can control temperature and humidity to such an extent that the strain on the heart is reduced. Hospital tests conducted in New Orleans during 14711 Harper Ave.

North Girls Win Baseball Crown

For the first year, co-ed students at Grosse Pointe North and other Bi-County League schools who love baseball, and many of them do, have had a chance to engage in the sport on an organized basis. Girls at North High, Lakeview, Fraser, South Lake and Roseville Braliec organized teams to form the Girl's Bi-County Softball League and have been playing games all spring. North High ended up with the league championship. To end the season, an All-Star game was scheduled between the first place team, North High, and 12 All-Star players, three selected from each of the other participating teams. North took the victory, 12 to 5. Pitting their athletic prowess against the All-Star team were North High baseball squad members, Ann Anderson, Barb Bolton, Karen Chupa, Sandy Hamilton, Lynne Janis, Colleen Kelly, Marilyn Kukla, Nancy Kukla, Monica Lamb, Nancy Monette, Shelley Owens, Val Pasque, Cherrie Pieschke, Sue Radulovich, Debbie Robert, Nancy Spezia, Cathy Vermeulen and Pat Vermeulen. Representing Roseville Braliec on the All-Star team were Janet Connors, Judy Hill and Joann Wreford. Those from Fraser were Judy McCormick, Nancy Flanagan, and Michelle Newton. Lakeview players were Linda Tyson, Lenore Watt, and Marsha Jurivich. Picked to represent South Lake were Donna Squires, Laurie Anderson, and Joyce Arnold. The coaches managing each of the separate teams were Claudia Varblow from Roseville Braliec; Pat Haueter from Fraser; Sue Bambauer from Lakeview; and Lancea Kavanough. The All-Star game, hosted by Pat Haueter at Fraser High, finished with the All-Stars scoring five runs on nine hits, while North High came up with 12 runs on 14 hits. Coaching first and third base for the All-Stars were Lancea Kavanough and Claudia Varblow, respectively. Pat Haueter and Sue Bambauer shared the role of manager for the All-Stars, while Jan Stephan managed the North High squad. North High co-captains Colleen Kelly and Karen Shupa received the Bi-County Softball Championship trophy from Pat Haueter. Also, at the games finish, the 96 league players met at Fraser High cafeteria for the presentation of the Most Valuable Player award for the league to Fraser's Nancy Flanagan. First runner-up was Linda Tyson from Lakeview and making second runner up was Colleen Kelly from North.

One View From The Capitol

By Rep. William R. Bryant, Jr., First District

The budget presented to the Legislature by the Governor would require increased revenue beyond the capability of the present tax system and rates. Since submission estimated revenues have gone down and the estimated cost of the Governor's budget has gone up.

Thus, before the Appropriations Committees do anything to cut or increase the Governor's budget the projected deficit for next fiscal year with out new revenue is, at least, \$220 to \$250 million, with estimated revenue at \$1.8 to \$1.88 billion and cost of the budget at \$2.05 billion. I might add this is not a total budget, only a "General Fund-General Purpose" budget, utilizing funds not earmarked by law. The total budget will be about double this, or about \$4 billion.

The Appropriations Committees then analyze all budget requests and eventually report out revised budget bills which may be higher or lower than the Governor's request. They have not yet reported out any budget bills. Conferences are being held every morning with party leaders from both Houses and the Governor.

Question number one under discussion is can they arrive at a maximum budget total. If they can then the Appropriations Committees can piece together a budget within that total.

It could be agreed to cut the new budget to match estimated revenues. With some 90% of the budget consisting of welfare, education, health and mental health programs the only way to cut large sums from the budget is in these categories I favor doing this, but I am not so naive as to believe it could or would be done.

Then the question is—if the state can't pay for the budget with present revenue sources, how does the state raise new revenue. Federal revenue sharing won't happen—not this year. The only answer, if one adopts such a total spending level, is more taxes.

Sales tax is at the maximum without constitutional change. Other taxes simply do not generate the kind of money that would be needed. The income tax will be the primary or sole vehicle.

There are many legislators who insist they will not vote for an increase in the income tax unless there is at least the possibility of property tax relief.

Most of the leadership and the Governor oppose increased exemptions or property tax credits against income tax being increased. Some support Milliken's zero millage proposal for school taxes, requiring a constitutional change. I do not. The questions essentially are how much increase, effective when and in return for what property tax relief, if any.

I will try to keep you up to date in these critical next few weeks.

Legislation which would allow 14 foot wide housing units to use Michigan roads has created a lot of reaction. The Senate bill was made much less restrictive by the House Committee on Roads and Bridges, and I have been instrumental in trying to put back in the bill greater restrictions.

As the modular and manufactured housing industry has grown, the need for 14 foot wide units has arisen. Many states already allow them and their safety record has been excellent.

Presently, in Michigan, any mobile home or portion of a modular construction house up to 12 feet wide can be moved by permit. This bill would increase the allowed width 12 feet to 14 feet. As the bill came to the House floor, the Committee struck language precluding movement on Saturdays, Sundays and holidays, we added a requirement that all permits must state the allowable days and times of day for movement. We also added other restrictions including a special speed limit, requirement that they may not move if the payment is unsafe because slippery, regulations on axles and tires and requirements that the driver must meet qualifications set by the Highway Commissioner and the unit must exhibit a 360 degree flashing amber light. Because of the safeguards imposed, the State Police have withdrawn their opposition.

Such units do cause a problem on two lane highways, and do clog up traffic, but the safety records show it is apparently a problem of inconvenience in passing such a unit, not a hazard which in fact causes accidents.

Michigan missed out on the airplane and space industries. It has a good chance to become a very important state in the new and fast expanding industrialized housing industry. On balance, I believe the inconvenience is worth the economic value and the fact people may buy such housing in Michigan.

The bill is now in conference, which means the Senate and House have not yet agreed on the final form of the bill. I hope that with proper safeguards provided we can allow such units to be transported in Michigan.

What Goes On at Your Library

By Virginia Leonard

The June 6 issue of the NEW YORK TIMES BOOK REVIEW has given us a list of suggested books for summer reading. These are titles selected from those reviewed since the Christmas issue of December 6, 1970, and are geared to hit the high points in the main fields of reader interest.

In the area of fiction, they have listed ARIVE by A. B. Guthrie, which deals with the closing of the frontier and the taming of a raw Montana town in the early years of this century. It is a quiet, solid conclusion to a tetralogy begun with THE BIG SKY.

Another book widely reviewed recently is BEING THERE by Jerzy Kosinski. It deals with an illiterate, retarded orphan who rises to fame in a somewhat ironic version of the great American success story.

Having always been an aficionada of Mary McCarthy, I was somewhat disappointed by her new BIRDS OF AMERICA which, through the eyes of an adolescent, deals with conservation, the Generation Gap and Vietnam. To me, it never really left the ground, but has good writing and shrewd observations.

THE BUSHWACKED PIANO by Thomas McGuane is a caustic, contemporary picaresque novel, dealing with a young man at large in a brilliant, hard-edge American landscape. P. G. Wodehouse has given us still another in THE GIRL IN BLUE—and still in the Wodehousian tradition.

While a forest fire burns the California hills, private detective Lew Archer enters the maze of the past in THE UNDERGROUND MAN by Ross MacDonald. A provocative title is UP THE SAND-BOX! by Anne Richardson Roiphe. Here a young Manhattan mother plays hooky from her household chores in gorgeous, liberating fantasies.

Passing on into biography and autobiography, we find THE CONFESSIONS OF EDWARD DAHLBERG, in which a fine writer transforms his past into myth. I'm sure you've all read about KHRUSHCHEV REMEMBERS, which consists of rambling discourses which give a Hogarthian picture of Russian life at the top. The well-known Barbara Tuchman has given us STILLWELL AND THE AMERICAN EXPERIENCE IN CHINA, 1911-45. It is a fantastic and complex story finely told.

Moving on to history there is THE EUROPEAN DISCOVERY OF AMERICA by Samuel Eliot Morison, which is a vigorous survey of the men and their ships who explored the northern coasts of America between 500 and 1600 A.D. Stephen Birmingham has a new one out — THE GRANDEES, a fine, eye-opening history of a little-known Jewish aristocracy, America's Sephardic elite and their Spanish-Portuguese ancestors.

In the category of politics and sociology, we would suggest BOSS by Mike Royko. Here a crack Chicago reporter gives an account of his city's Mayor, Richard J. Daley. A dramatic title is DON'T SHOOT — WE ARE YOUR CHILDREN! by J. Anthony Lukas. This is a Pulitzer Prize-winning reporter's sensitive interpretation of the lives of 10 young Americans today.

I'm sure you've all heard Germain Greer over some media, so the mention of her FEMALE EUNUCH will not come as a surprise. This book is "quirky, sensible, biting, poetic." It discusses, of course, the struggle for feminine freedom. Then there's HOW TO SURVIVE IN YOUR NATIVE LAND by James Herndon, which consists of an experienced teacher's humane reflections on the way the school system bores children to distraction.

Telford Taylor has written NUREMBERG AND VIETNAM: AN AMERICAN TRAGEDY. "An extraordinary success in providing the general reader with a short but definitive guide to the problems of war crimes." THE PENTAGON OF POWER (THE MYTH OF THE MACHINE Vol. 1) by H. Lewis Mumford consists of wide-ranging reflections on the predicament of man in a technical age.

Another popular title is Norman Mailer's OF A FIRE ON THE MOON. The author was given the assignment of covering the Apollo 11 flight; he attempts to subdue his ego in writing up this historic event.

A final title in the field of religion is INFALLIBLE? by Hans Kung. This is a critical inquiry into papal infallibility by an outstanding young German theologian.

We hope that some of these new, recommended titles will titillate your intellectual curiosity and incite you to come in and ask for some of them.

MRS. STERLING RICHART, of Bedford road, has been recently named president of the Wayne County Arthritis Volunteer Action Committee (AVAC).

The Grosse Pointe Garden Center presents its final monthly workshop of the season next Wednesday, June 23, at 10 in the morning in the Garden Center Room at the Grosse Pointe War Memorial.

These workshop programs have proved extremely popular all winter long and will, of course, be resumed in the fall. Mrs. Henry S. Walker, Garden Center president, has had Mrs. Edward Harrigan, of the Grand Marais Garden Club, as "super" chairman of the project.

Mrs. Stanley Dolega, Mrs. C. Wesley Johnson, Mrs. Paul Giffin and Mrs. C. Bayard Johnson assisted Mrs. Harrigan in planning and arranging the sessions, open to all members and friends of the Garden Center.

Next Wednesday's speaker is Gerald Draheim, Wayne County Extension Service Horticultural Agent, who will offer many good gardening suggestions and answer questions pertaining to good soil, weed problems and all manner of garden ills.

Debut Is A Circus For Lynn M. Ford

Uncles and Aunts Entertain at Traditional Dinner Preceding Coming-Out Ball Given by Benson Fords for their Only Daughter

It was a circus debut, complete with sword swallower, belly dancer and calliope, for Lynn McNaughton Ford, presented to society by her parents, Mr. and Mrs. Benson Ford, at a ball at their Lakeshore road home Saturday evening.

Big Top tents scattered throughout the Fords' gardens included the red and white foyer tent, reached via a red-carpeted mirror maze, where traditional circus acts entertained as guests waited to proceed into the reception tent.

There Lynn and her parents, surrounded by life-sized animated lions and tigers, greeted their friends.

The debutante and her mother both chose custom-designed Walton-Pierce gowns for the party. Lynn's featured a yellow, red, turquoise and green chiffon skirt and a bright turquoise bodice. Mrs. Ford wore cyclamen pink chiffon.

In the dancing tent Les Brown and his Band of Renown and rock groups The Tea and Delaney and Bonnie played all night.

Benson Ford, Jr., headed his sister's usher corps. Other ushers, each wearing a medalion inscribed with the deb's initials and the party date, were her cousins Alfred Brush Ford and Collin James McNaughton and Joseph and James Presley, George E. Bushnell, III, Bruce R. Nichols, Charles R. Whitney, Jr., Roger W. Mason, Gary Burke and Joel Caskey.

Mrs. Edsel B. Ford chose a long-sleeved gown of mint green dotted organza for her

granddaughter's debut. It too was by Walton-Pierce, as were the gowns worn by Lynn's aunts, Mrs. Walter Buhl Ford, II, and Mrs. William Clay Ford, the first a floral-printed voile, the second a pale blue organza shirtwaist.

A third aunt, Mrs. Henry Ford, II, arrived in Giorgio di Sant'Angelo's highnecked, long-sleeved black crepe costume, bringing with her houseguests Mrs. Columbus O'Donnell, Mrs. Gaeta Pallivicini and Mrs. DeMinici, all of New York.

Henry Ford, II, in London on Ford International business, was unable to attend, but served in absentia as one of the co-hosts at the traditional dinner given by Ford uncles and aunts before each new Ford deb makes her formal bow to society.

Guests at the Little Club dinner included the Benson Fords' houseguests, the Gordon Wheelers, of Weston, Mass., Cynthia Burghard, of Louisville, Ky., Nancy Walker, of Columbia, Tenn., Anne Allen, of Ludenburg, Mass., and Susan Bowen, of Mequon, Wis.

Lynn chose a silver-embroidered pale pink organza gown for the dinner, her mother a silver-threaded gown of pale blue chiffon.

Guests dined at tables covered by the Benson Fords' (Continued on Page 14)

Inventing the TELEPHONE was destined to cause—a lot of Talk . . .

But do you know which people do the most phoning? It's not Americans. Though we lead the world with over 90 million phones. (China's 800 million people, have a scant 250 thousand phones)

Curiously, the most phone calls are made by Canadians. They average more than 500 calls per capita each year. Which lead us to view a Canadian much like a Saint! What with going through the day with a constant "hello" round his head . . .

Schueler-Firth Rites Are Read

Robert Schueler, Jr., son of the Robert Schuelers, of North Oxford road, claimed Kristine Ann Firth, daughter of Mr. and Mrs. Cyril C. Firth, of Bloomfield Hills, as his bride Saturday, June 5, at a candle-light double ring ceremony in Birmingham's Northbrook Presbyterian Church.

After a reception at the Village Club the newlyweds left for a vacation in Florida. They will return to make their home in Royal Oak.

The new Mrs. Schueler made her bridegroom's wedding

ring. She chose, for the 7:30 o'clock rites at which Dr. L. J. Peterson presided, a silk organza Victorian gown featuring a pleated bib bodice with Guipure lace.

Lace-edged deep pleats bordered her long sleeves and hemmed her skirt and a head-piece of matching lace caught her Cathedral length candle-light illusion veil.

She carried an arrangement of white carnations, Fuji mums, iris and ivy.

Mrs. Kenneth Olson, who served as her sister's honor matron, and bridesmaids Susan Lynn Schueler, the bridegroom's sister, Janice Biske, Lynn Burnett and Maureen Burke, of Fort Lauderdale, Fla., wore floor length frocks styled with long-sleeved white silk bodices and silk skirts in an abstract print of greens, purples and white.

Their bouquets of green carnations, white mums and iris were tied with purple ribbons.

William Schueler acted as best man for his brother. Ush-

Pair Leave for Wedding Trip Aboard Turn-of-the-Century Whaling Boat as White Doves Are Released During Garden Reception

The "Gone With The Wind" stairway in the George M. Van Lokerens' Windmill Pointe drive home was the setting for the wedding of their daughter, Mary Alice, and James Lachlison Fox, son of Mrs. Richard Driland Fox, of Atlanta, Ga., and the late Mr. Fox, Saturday, June 12.

A reception followed in the Van Lokerens' lake-side gardens where white doves were released from wicker cages as the newlyweds boarded a 1900 vintage whaler to begin a vacation that will take them through the west.

They will reside in Chicago where the bridegroom, a graduate of Gordon Military College and South Carolina University, plays professional basketball with the Chicago Bulls.

The bride, given in marriage by her father, chose a white organdy gown. A matching cluster of organdy petals held her short illusion veil and she carried an ivy and gardenia corsage.

In high-necked Victorian frocks of blue voile, antique lace circling their waists and sleeves, were Mrs. James Odefer, who served as her sister's honor matron, and Kristyn Odefer, her aunt's flower girl.

Richard Driland Fox was his brother's best man. Ushers were Michael, David and Tom Van Lokeren, brothers of the bride.

The mother of the bride wore a floor length ruffle-hemmed gown of apple green chiffon, the bridegroom's mother a pale green cocktail dress with braid-trimmed cuffs and collar.

Miss Klingbeil First June Deb

Martha Warner Klingbeil, first of this year's June debutantes, made her bow to society Wednesday, June 9, at a tea at the Country Club. The Smith College Psychology major is the daughter of Mr. and Mrs. William Hayward Klingbeil, of Hawthorne road.

Martha chose a peasant costume for her party, featuring a multi-colored jumper hemmed with white eyelet matching the eyelet at the neck and sleeves of her white blouse. Her mother selected a pastel yellow sleeveless sheath.

Tables on the Club's terrace were covered with pink and green floral cloths and featured daisy, baby's-breath and ivy arrangements. The flower-covered matchbooks were Mrs. Klingbeil's creations, hand-fashioned in spare moments over a period of months.

A harpist played Martha's favorite Burt Bachrach tunes throughout the afternoon.

The debutante worked as an Inner City tutor during her years at Liggett School, where she was class president. She's a past-president of Tau Beta's Juniors, too.

Last summer she took a job

Bayview Fetes Its Commodore

Bayview Yacht Club became "New Orleans" Friday evening, June 11, as about 125 members and guests gathered to honor 48th Commodore and Mrs. G. Norman Gilmore, in an emerald green chiffon gown, of East Ballantyne court, Vice Commodore and Richard C. Purdy and Rear Commodore and Mrs. Stuart W. Argo at an Officers' Ball.

Flaming torches flanked the Club's entrance where host Marty Downs greeted partygoers and directed them through the foyer into the reception tent.

Among those present were many past Bayview chief executive officers and their ladies, including Pointers Commodore and Mrs. Phillip J. Phillip and Commodore and Mrs. R. William Mitte, reminiscing about their Balls of 1943 and 1944, Commodore and Mrs. Joseph E. Tapert, who reigned over

the '61 festivities, 1964 Commodore and Mrs. Charles M. Bayer and 1966 Commodore Maurice DeClerq whose Eileen wore an embroidery-trimmed pastel pantsuit.

Barbara Hopp, in a colorful two-piece gypsy-fringed costume, was escorted by Tom Hanson, Bayview's 1968 Commodore.

Special guests were Commodores of all the Detroit River Yachting Association clubs and their ladies.

Stage coach lanterns and candles set in vases filled with multi-colored flowers centered each table, where guests dined on classic French food climaxed by a superb dessert, "meringue glacee aux chocolats Suisse."

Mrs. James H. McMillan

James McMillans Vacation in North

Janice Lee Fetzer Carries Bible Carried by Her Mother and Sister at Their Weddings During Her Own Marriage Service in Memorial Church

Vacationing in northern Michigan are Mr. and Mrs. James Howard McMillan who exchanged marriage vows Saturday, June 12, at a noon ceremony in Grosse Pointe Memorial Church. The Reverend Richard Mitchell presided at the rites which were followed by a reception in the Grosse Pointe War Memorial's Crystal Ballroom.

Mrs. McMillan is the former Janice Lee Fetzer, daughter of Dr. and Mrs. John A. Fetzer, of Westchester road. The bridegroom is the son of the William McMillans, of Midland.

For her wedding the former Miss Fetzer chose a gown of lily-of-the-valley Schiffli embroidered organza, accented at her bateau neckline with Venice lace. Matching lace, banded with satin ribbon, circled her waist and edged her floor length illusion mantilla.

She carried white roses on the bible carried by her mother and sister on their wedding days.

Matron and maid of honor were her sisters, Mrs. Duane L. Dobbert and Barbara J. Fetzer. They wore blue bows in their hair, complementing their old-fashioned frocks of pale pink and blue paisley print.

Bridesmaids, dressed identically, with pink bows in their hair, were Kathy Ross, of Muskegon, Molly McMillan, the bridegroom's sister, and Carol and Nancy Jo Fetzer, two other sisters of the bride. Each carried a single white rose, tied with a ribbon matching those in her hair.

Best man was William McMillan. In the usher corps were Roger McMillan, Rick Bensinger, Ted Stringer, Lee Porterfield and Duane L. Dobbert.

The bride's mother wore a garden dress featuring a ruffle-hemmed white silk organza skirt and blue silk bodice. The bridegroom's mother selected a pink silk ensemble.

The newlyweds will make their home in Lansing.

Betrothed

Mrs. Dolores DeCoster, of Doyle place west, has announced the engagement of her daughter, CAROL Louise, to Neal Edward Bandlow, son of the Edward Bandlows, of Richmond. They plan an August 28 wedding.

Miss DeCoster receives her degree this month from Michigan State University, where her fiance is in graduate school.

13—REAL ESTATE FOR SALE

FIRST OFFERINGS
IT IS QUITE possibly the charm of a deadend street which leads to the lake, or perhaps the eye appeal of a center entrance colonial with a New Orleans grill halustrade across the front which should attract your attention to this first offering. The house is a large, four bedroom, with a family room 26 feet long. A first floor utility room serves as laundry, mud room, access to the attached garage and receiver of wet bathing suits from those fresh from the heated swimming pool. Why not take the plunge and call us for the unveiling.

WASHINGTON ROAD is the location of this six bedroom colonial with a plan that includes four bedrooms on the second floor and two more on the third. The center hall splits the first floor with living room and den on one side, and dining room and kitchen on the other. The lot is over 200 feet deep and the price... not so steep, \$53,500.

OPEN SUNDAY 2:30 TO 5
COMES ON like gang busters! When you see this joint you'll find the first floor layout includes a large entrance foyer, library of gigantic proportions, bar-room of smaller proportions for intimate gatherings, a ballroom-size formal living room with oak paneling and random width flooring, a formal dining room and an informal dining room adjacent to the modern kitchen. Two sets of stairs to the basement and second floors to facilitate a fast getaway. But before you leave check out the four master-sized bedrooms each with their own plumbing. There are other bedrooms on the second floor for family or live in help. Come by 300 Lincoln Road between 2:30 and 5 and stake this one out, maybe you ought to drop a little loot, then we close the case.

BY APPOINTMENT
THIS ONE could be the one that made the waiting worthwhile. In a top location in the Farms we are showing a brick center hall colonial with five bedrooms and three baths on the second floor. The third has two more bedrooms and another bath. Plenty of yard, even large enough for a pool. Decorated so beautifully that after calling us your next call will be your mover.

TOWNHOUSE living offers the advantage of minimum exterior maintenance, security of close neighbors and proximity to public transportation and shopping areas. Combined with these features we will show you a terrace with spacious rooms throughout, which include four bedrooms on the second floor and two more on the third. Off the entrance foyer is a small library and that important first floor lavatory. Both kitchen and butler's pantry have been updated and the spacious living room has a natural fireplace.

AN ENGLISH MANOR house is appearing for perhaps the last time in this column. It sits majestically on Lakeland Avenue in the first block north of Jefferson. If five master bedrooms are not sufficient, we can show you three more on the third floor and a complete apartment over the attached three car garage.

WOULD YOU believe we have an answer to everyone's prayer... A newer Colonial in the Farms on a tree lined street. This beautiful house has plenty of room for a mid-family. There are five bedrooms and three baths, all on the second floor. The first floor has spacious rooms including a family room and a library, both with fireplaces, and a card room. As an extra feature there is a first floor utility room. Easy walking distance to shopping area and schools. Call us today for an appointment.

LINCOLN ROAD has always aroused the interest of the serious house seeker and this one should really turn you on. The first floor has that important den, the new kitchen was designed for family fun and informal entertaining. There is a separate dining room, covered and glassed porch and a total of four bedrooms and three full baths above all this. It wouldn't be below us to show and sell you this one.

Bouquets . . . of imported French silk flowers charm the eye at Walton-Pierce. Pick rose buds or full blown roses, poppies or tulips. We also admired a collection of smart new purses and basket purses. One adorable little red basket purse is trimmed with brass. We opened the two way top and really it was roomy.

Not One But Two . . . exclusives at Leon's. First, the fabulous French Permabel . . . the only permanent of its kind that's designed to condition the hair while giving body curl. What wonderful news to those with problem hair or tinted or bleached hair. Second exclusive . . . the make-up artistry of Peter Schneider. He'll be happy to advise you on techniques just right for you or he'll personally do your make-up for you. Call TU 4-9393 for an appointment.

"We Cover The Body . . . one way or another," says Eileen at Michelle's Boutique, 17864 Mack Avenue where you can save thirty to fifty percent on "now" fashions. She also recommends Snik Austrian sun preparations and Cocorema with cocoa butter. The line includes everything from soap to dry skin cream, priced from one dollar to five dollars.

Whatever your personal style may be, Mutschler Kitchens, 20227 Mack Avenue can help you express it. Each of their designs is distinctive enough to carry a single decorating theme but be adventurous. Mix styles and periods as the mood strikes you. The individualist touch is what counts in decorating today. Let Mutschler help you plan an individualistic kitchen.

In Martha's Closet . . . 373 Fisher Road, you'll find just the right tie for dad in two handsome collections designed by Oleg Cassini and John Weitz. Prices start at eight fifty.

These folks at Mr. Q ask "who says there are no cruises in the area?" Call 886-0509 for information about the Saguenay cruises including Gaspe, sailing from Montreal, starting at \$160.

Choose A Refreshing Gift . . . for dad. Find it at the Notre Dame Pharmacy . . . Royal Lime toilet lotion, Royal Soap toilet lotion, Bay Rum all purpose lotion, Day Rum soaps, St. John's Lime and St. John's Bay Rum—are a few of the refreshing grooming aids which make welcome gifts.

Color The Sphere . . . bright and gay these days due to the new shipment on display of Rosenthal-Netter. See the brilliant Mexican colors for straw place mats, salt and peppers, ice buckets, waste baskets, bread baskets, natural straw flowers highly colored including pine cone flowers, cat tails and assorted nosegays . . . 19849 Mack Avenue.

The Mi-Tie tie rack . . . will organize dad's ties and keep them neat and wearing-ready, the way he likes them. It hangs on the closet rod and comes in two sizes . . . holding 25 or 50 ties . . . five or seven dollars at Hickey's, 17140 Kercheval.

Hair Education Week . . . at Edward Nepi offers an opportunity for teens to learn how to care for their hair so it can be its healthy shining best. Tips are given on shaping and singing broken ends plus conditioning and styling. Call TU 4-8858 for an appointment . . . 19463 Mack Avenue.

From Mexico . . . to 16237 Mack and Three Mile has come a brand new shipment of hand-made sterling silver jewelry . . . pins with carved onyx faces, earrings, cuff links and dramatic crosses, all make memorable graduation gifts.

It's Posh . . . The emphasis is on waves rather than curls. A small head and simplicity of line is the way Michael of the Posh Studio sees the most stylish coiffures now and in the coming season. The line harks back to the Forties and has a young romantic quality which really complements the clinging new fashion. Call 886-1377 for an appointment.

If . . . you're really trying to improve your golf or tennis game you know you start to take lessons and stay with it. It's the same thing with improving your figure and posture so sign up for at least eight lessons with Kay Wise at Ecole de Ballet, 1009 Maryland and East Jefferson. You'll see and feel results and want to continue because you'll move through life more gracefully . . . VA 2-2310.

Gift Suggestions . . . for Father's Day from Wright's. How about a handsome imported German beer stein or book ends or mustache cup or a lamp for his desk? . . . 18650 Mack Avenue.

Decorators . . . have used shag rugs as accents for years. Now they have come into the popular price range. At Ed Maliszewski Carpeting, 21435 Mack Avenue, they are available in many materials. Shag carpets have interesting textures and come in so many colors.

Come pick your daisies specially priced at The Arrangement, 341 Fisher Road . . . 885-6222.

Ports of Call . . . is the place to find those popular, easy care, decorative home spun table cloths by Mountain Weavers. They come in many colors, sizes and shapes . . . 23220 Gr. Mack.

Saturday Wedding Kramer-Schim Rites For Vicki Jo Veale Celebrated May 29

A white organza gown accented with appliques of Alencon lace and featuring a long train was chosen by Vicki Jo Veale, daughter of Mr. and Mrs. John M. Veale, of Canterbury road, for her Saturday, June 12, wedding to Douglas Wade Wildfong.

Her lace-edged elbow length illusion veil fell from a cluster of white organza and lace petals and she carried an arrangement of white roses and baby's-breath.

The 6:30 o'clock rites in St. Paul's Lutheran Church at which The Reverend Erwin Beyer presided were followed by a reception at Buckingham Hall.

In raspberry chiffon frocks, wearing white carnations in their hair matching the flowers in their carnation and pink roses bouquets, were Carolyn Veale, who served as her sister's honor attendant and whose headpiece was accented with pink roses, and bridesmaids Cesena Hayes, Cindy Wildfong, the bridegroom's sister, Cindy Worthen, of Petoskey, Mrs. James Hill and Judy Veale, another sister of the bride.

The bridegroom, son of Mr. and Mrs. John Wildfong, of St. Clair Shores, asked W. Edward Lorenz to act as best man. Scott Wildfong was among his brother's ushers.

Also ushering were James Hill, Larry Cunningham, David Fygott and Dale Gardner. A formal length gown of powder blue silk was Mrs. Veale's choice for her daughter's wedding and the reception. The bridegroom's mother selected a bead-trimmed gown of pale pink chiffon.

The newlyweds will make their home in Taylor.

Leonard W. Schim, of Fairfield road, and Bradley Michael Kramer, son of Mr. and Mrs. W. George Kramer, Jr., of Grosse Pointe boulevard, exchanged marriage vows at a double ring ceremony Saturday, May 29, in St. Paul Evangelical Lutheran Church.

The bride wore a princess line gown of ivory silk organza, accented with Venice lace flowers at her high neckline and short sleeves and featuring a lace front panel. Matching lace appliques were scattered over her floor length silk illusion veil and she carried a cascade of white roses and ivy foliage.

Her honor attendant was the bridegroom's sister, Patti Kramer. Bridesmaids were Mrs. Judith Emerson, Mrs. David Adams and Diane Schim, sisters of the bride, and Ann Schiessler.

Floral lace trimmed their aqua chiffon frocks and they carried matching velvet basquettes of aqua elegance carnations and ivy.

Kathryn Emerson, who served as her aunt's flower girl, wore a mint green chiffon dress, similar in style to that of the senior attendants.

Best man was R. Brandon Russell and Alfred Wilke, James Reinelt, Steve Unger and Edward Kimmen ushered.

The mother of the bride chose an aqua-skirted chiffon gown with a gold jeweled bodice and pinned a gold cymbidium orchid to her handbag. The bridegroom's mother selected a jade green chiffon gown trimmed with chalk beads and a purse corsage of white roses.

The Reverend Charles W. Sandrock officiated at the 6:30 o'clock rites which were followed by a dinner reception at Lochmoor Club. The newlyweds vacationed en route to Augusta, Ga., where they are making their home while he serves with the United States Army.

Out-of-town guests included the bridegroom's grandparents, Mr. and Mrs. Earl Martin, of Grove City, Pa., and Mrs. W. G. Kramer, of Pittsburgh, Pa.

From Another Pointe of View

50 Home residents at luncheon yesterday.

The party, an annual June event, is one of several planned throughout the year for the Thompson ladies. They arrived at the Grosse Pointe War Memorial about noon and, after luncheon in the Fries Crystal Ballroom overlooking Lake St. Clair, were driven around The Pointe and down to Belle Isle to see private and public gardens in bloom.

Headed by Mrs. Ferdinand Cinelli, of Voltaire place, president, and Mrs. J. Jenness Newcomb, of Whittier road, first vice-president, the Thompson Home board of trustees includes many of Detroit's distinguished family names.

Mrs. Benson Ford, Mrs. H. Lynn Pierson and Mrs. Lynn McNaughton are members. So are Mrs. George B. Hefferan, Mrs. E. Irving Book, Mrs. Martin S. Hayden, Mrs. Warren S. Booth, Mrs. Frederick Campbell, Mrs. Thomas G. McKean, Mrs. Robert E. McKean, Mrs. J. Vernor Davis and Mrs. Harold B. Tyree.

Mrs. Hefferan headed the committee in charge of entertainment for the June luncheon and Mrs. Robert McKean and Mrs. Tyree, both gourmet cooks, presided over the menu.

Mrs. Campbell used peonies to create one of her exquisite floral arrangements for the punch table. The luncheon tables featured centerpieces of daisies and greens in conch shells, and matching daisy tablecloths.

Another Degree For Mary Zimmerman

Mrs. George H. Zimmerman, of Kenwood road, was in Chicago last weekend, picking up another degree, an Honorary Doctorate in Humane Letters from her alma mater, DePaul University.

Mary Zimmerman earned her Bachelors degree in Law and her Doctor of Jurisprudence from DePaul. Her Doctor of Laws was awarded by Windsor's Assumption University.

Louis Zimmerman and his wife traveled from Stephens road to applaud as his mother received her honorary degree, as did Elaine Zimmerman Peck and her husband Rankin, of Lakeshore road.

The three other Zimmerman daughters couldn't make it: Georgia, her husband John J. Loftus and their family live in California; Doris, married to Andrew G. Bato and living in the East, is preparing for a summer trip to Europe; and Jessie and Don Hitchens and their brood of five have left northern Michigan for a while and are heading, via family bus-camper, for a West Coast vacation.

A Great Day For The Gillises

The Philip A. Gillises celebrated two very happy events June 5. In the morning their oldest daughter, Anne Marie, was graduated from Eastern Michigan University, and in the evening the Gillis home in Kensington road was the scene of an Open House as friends gathered to wish them a very happy Silver Wedding Anniversary.

Anne's friends were there too, celebrating her graduation, and Mrs. Gillis' mother, Mrs. Guido Greco, who flew over from her home in Palermo, Sicily, for Mary Lou Gillis' wedding in January, was urged to extend her visit to include the Silver Wedding festivities.

The youngest Gillis daughter, Peggy, is flying back to Italy with her Grandmother Greco, and will spend the summer renewing acquaintances with her young cousins at the family villa on Mondella Beach.

Anne's summer headquarters will be Massachusetts, the home state of her paternal grandfather, the late Judge Joseph A. Gillis. Anne's a member of the Old Sturbridge Summer Theatre Company.

She began her drama career with Mrs. Syd Reynolds' Grosse Pointe Children's Theatre and majored in Theatre Arts and Stage Crafts at EMU, breaking her Ypsilanti studies long enough to spend one year at the University of Perugia in Italy.

Completing the family circle June 5 was bride Mary Lou, who flew up from Columbus, Miss., for the Special Day.
