A SENATE COMMITTEE Wednesday approved auto emission standards that are tougher than the car industry wants, backing a move begun in the House. In voting a major revision of the 1970 Clean Air Act, the committee gave U.S. automakers just one additional year to meet stiff air pollution standards. The industry has been asking for longer delays.

THE GOVERNMENT reported Thursday wholesale prices, led by farm and fuel prices, rose sharply in April for the second straight month. The April increase was 1.1 percent. This equaled the March rise, which followed a jump of 0.9 percent in February. Not since October-November 1974—when Americans were suffering the worst inflation since World War II—has the Labor Department reported wholesale price increases exceeding one percent for two consecutive months. The increase promises hard times ahead for American consumers as wholesale trends ultimately affect retail prices.

Saturday, May 7

THE UNEMPLOYMENT RATE dropped to seven percent in the nation and to 7.5 percent in Michigan and Detroit during April, labor officials reported Friday. The national figure is the lowest in 29 months. The Michigan Employment Security Commission, (MESC), said the state average was down sharply from 8.1 percent in March and 9.5 percent a year ago. There still were 301,500 persons in Michigan without jobs during the month. MESC Director S. Martin Taylor said employment increases in the construction and retail trade were mostly responsible for the improved percentages.

PRESIDENT CARTER Saturday declared Missouri a major disaster area because of this week's severe storms, tornadoes and flooding. A statement issued by the White House said federal assistance from the President's Disaster Relief Fund will consist primarily of temporary housing, disaster unemployment assistance payments, debris removal and the repair or restoration of damaged streets, roads, bridges and public facilities and utilities.

THE NON-COMMUNIST world's most powerful leaders wound up their international summit Sunday in London with seven major commitments to fight off a global recession that has thrown millions out of work and threatened their very security. The final communiqué of the two-day summit read more like a campaign document than a heady international declaration. It committed the seven leaders to new steps to keep their economies on keel, finance their debts, open up trade and increase the use of nuclear energy.

PATRICIA HEARST, who admitted her part in a wild shooting and robbery, won't have to serve time in prison for it. A Superior Court Judge sentenced Miss Hearst Monday to five years probation, saying it was the hardest decision of his judicial career. The prosecution endorsed the light sentence, saying the heiress presented no threat to society. Monday's sentence did not end Miss Hearst's legal battle to stay out of prison. She is free on \$1.25 million bail while appealing a seven-year sentence for a bank robbery in San Francisco. If her appeal fails, she would have to return to serve at least 14 more months in prison.

Ten Finalists Look Forward to Miss GP Pageant

The sixth annual Miss Grosse Pointe Scholarship Pageant, sponsored by the Jaycees, will be held Saturday, May 14, at Parcels School, 20600 Mack avenue, at 8 p.m. Of the 10 finalists, one will be crowned Miss GP for 1977-78. The young ladies include, in the front row, (from left to right), TAMMY FESSENDEN, JEAN FONTANA,

CATHRYN LYNN STARNES, WENDY KAYE BROWNE, JACQUELINE TOBBE and KATRINA EKLUND, and in the back row, (from left to right), are CHERYL ANN MAZZEL, LISA DINNING MOON, DEBRA JEAN BRUNETTE and DEBORAH ANNE LISOTTO.

Feds Share More Money With Woods

Reversal from Past Occurs As Government Overestimates City's Population, Provides More Revenue Sharing Funds

By George Polgar Jr.

For all those who believe that the federal government is an unyielding, unresponsive bureaucratic monolith, take note.

Last year, Woods City Administrator Chester E. Petersen was fighting an uphill battle with the feds in trying to convince them that they had figured The Woods' population too low for the city's federal revenue sharing allotment.

To Mr. Petersen's surprise, this year the feds have mended their misguided ways. Instead of underestimating The Woods' population figures, they have added 6,047 residents over the city's own estimates.

Inform Government

The city figures its population to be in the area of 22,060, while the new federal estimate is 28,107. The difference in revenue sharing funds coming to the city is an extra \$20,250.

Though the city has notified the government of the apparent error, it will be interesting to see if the feds will reverse themselves.

Last year when Mr. Petersen questioned the low federal estimates, he was told not to worry because the population figures do not substantially affect the dollar allotments in the revenue sharing equations.

Mr. Petersen suspects that the government might take some of the money back but a slight increase in the yearly revenue sharing payments is expected.

Grade Policy with Appeal Process Okayed by Board

By Susan McDonald

A new grade policy which will allow Pointe students to appeal grades they consider unfair or too harsh was passed by the Board of Education at its Monday, May 9, regular meeting.

The policy establishes for the first time formal guidelines for teachers to follow when determining semester grades and provides an appeal process for students from kindergarten-12th grade or their parents to follow when appealing a grade.

Sixth Annual Miss GP Scholarship Pageant Has Summertime Theme

Jaycee-Sponsored Event May 14 to Feature Selection of New Queen for 1977-78, Presentation of Awards and Tunesful Evening

By Roger A. Waha

Final preparations are being made for the sixth annual Miss Grosse Pointe Scholarship Pageant which will be presented Saturday, May 14, at Parcels School, 20600 Mack avenue, at 8 p.m. Clothed in the theme of "Summertime Sunshine," the event will feature the selection of Miss Grosse Pointe for 1977-78 from among 10 finalists and the presentation of the talent and Miss Congeniality awards.

Sponsored by the Grosse Pointe Jaycees, the pageant also will feature Vanessa Helin, Miss Grosse Pointe for 1976-77, who will perform Juliet's Waltz from Gounod's "Romeo and Juliet," the selection which she will present during the talent competition at the state event June 18 in Muskegon.

Nineteen young ladies originally came out for the event with the number being trimmed to 10 after eliminations. "The girls are some of the best we've had," said Carter Billiu, executive director. "They are organized, aggressive and beautiful. I'm looking forward to one of the best pageants we've ever had."

Key Support

Last year's pageant, which Mr. Billiu acknowledges was an exceptionally fine one, was budgeted at around \$6,000, while this year's event has an estimated budget of about \$3,500.

With the trimming, including the planned elimination of the afterglow and press reception, plus a lower auditorium rental fee, he hopes to have a good profit with the monies going back into the community via a variety of Jaycee projects.

Some key support for the event comes from the pageant's sponsors, each of whom backs one of the finalists, with the majority of their financial contribution

GPS Election Set for May 17

The Shores will hold its annual election of Village trustees, (councilmen), on Tuesday, May 17. The polls will be located at the old Vernier School, 38 Vernier road, and will be open from 8 a.m.-8 p.m.

Three trustees will be elected to two-year terms. Six candidates, three incumbents and three newcomers, have met the 4 p.m., Monday, May 9, filing deadline. Seeking to retain their posts as trustees are incumbents Daniel R. Beck, Frank A. Colombo and Chester F. Ogden.

Hoping to unseat the incumbents are Elizabeth S. Kuhlman, Vito P. Cusenza and M. A. Bartosewicz.

Absentee ballots will be available at Village offices, 795 Lakeshore road. According to law, absentee ballots cannot be given out after 2 p.m., Saturday, May 14.

Schools Eye Changeover To Metrics

Michigan State Students Give Pointe Youngsters Theatrical Introduction to System

By Susan McDonald

Metrification. It may sound ominous but there's no putting it off. The state highway department has promised to put up the first metric road signs next year and pressure is mounting from the federal government for the rest of us to make the conversion.

Michigan schools are jumping into metrics with both feet. And, what's more, a young troupe of Michigan State University theater students is proving to kids across the state that metrification can actually be a barrel (or liter), of fun.

MSU's "Team of Four" visited Trombly first on its tour of four Pointe elementary schools with a "Metric Show."

Woods, Farms Set Hearings On New Budgets

GPW Considers Adoption of Document Tonight, GPF on May 16; Officials of Both Cities Say Content Reflects Increased Costs of Municipal Operations

By Roger A. Waha and Tom Greenwood

With three budget working sessions behind them, members of the Woods Council will consider the city's proposed 1977-78 fiscal year budget at a public hearing during the rescheduled regular council meeting tonight, May 12, while the Farms Council, after holding two working sessions, will view its proposed budget on Monday, May 16.

The Woods Council, serving as the finance committee, met on Thursday, April 21, Monday, April 25, and Thursday, April 28, and made several changes in the budget proposal prepared by City Administrator Chester E. Petersen. The committee then recommended that the council adopt the budget at tonight's session in the council chambers, 20025 Mack avenue, at 7:30 p.m.

As recommended by the committee, the proposal calls for an overall increase in the combined debt service and operating tax levies of 15 of a mill from 11.67 mills in fiscal year 1976-77 to 11.82 mills the upcoming fiscal year.

Changes Made

The debt service levy dropped from 1.10 mills to the proposed 1.01 mills in 1977-78, while the operating levy rose from 10.57 mills to the proposed 10.81 mills.

Overall, general operating fund and debt service expenditures climbed from \$3,424,968 in fiscal year 1976-77 to the proposed \$3,708,882 in 1977-78. The original budget proposal before council "adjustments," was \$3,797,155 with such changes including the deletion of \$13,134 from the proposed council budget, (mainly in relation to attendance at meetings for officials), and the deletion of \$15,000 from contingencies playing roles.

Unlike fiscal year 1976-77 when a factor of 1.07 was applied to assessments by the county, the city had to face a factor of 1.14 in 1977-78. (Since 1968, the city had used a 1.00 factor, which is assessed at 50 percent of the market value but because the residential and commercial rate was below 50 percent, the 1.07 factor was applied to assessments in 1976-77 and the 1.14 factor was applied in 1977-78.)

Higher Costs

As a result, in comparison with fiscal year 1976-77, the taxpayer in the community will pay an average of \$24.70 more in taxes. With the average home assessed at \$25,000, the 1976-77 computation shows \$25,000 x 1.07 state equalized valuation x .1167 equaling \$312.17. For 1977-78, the equalized valuation is \$25,000 x 1.14 = \$28,500. \$28,500 x .1167 = \$332.59. (Continued on Page 2)

\$3,450,000 Needed to Run City

While Tax Levy Remains Same As Last Fiscal Year, Factor Shows Increase

By James J. Njaim

At a public hearing held on Monday, May 9, the Park Council approved its 1977-78 fiscal year budget which reflects an increase of \$210,000 over that of the current 1976-77 budget.

The new budget, which was unanimously accepted by the council, is \$3,450,000, as compared to the \$3,240,000 for the current fiscal year which ends on June 1.

Despite the higher 1977-78 budget, which is due to inflation of wages and supplies, the tax levy still remains the same for the second year in a row, 18.60 mills, (\$18.60 per \$1,000 assessed valuation), and .90 of a mill, (90 cents per \$1,000 assessed valuation), for debt service, making a total of 19.50 mills.

Although the new budget does not require an increase in the tax levy, The Park's state equalized factor has increased from \$1.09 per \$1,000 assessed valuation to \$1.15 per \$1,000, due to the increased selling price of properties within the city, the council was informed by City Manager Robert A. Slone. This is reviewed each year by the State Tax Commission.

Views CETA

He disclosed that the rate required to meet the tax levy is 18.60 mills and the debt service, .90 of a mill. The charter limit for operating millage is 20 mills, as compared to the millage of 18.60 in the new budget.

The budget includes the services of 90 full-time employees, the same number as in the current fiscal year. However, there is one additional police officer and one less member in the fire department.

Mr. Slone said his administration also plans to take advantage of the Comprehensive Employment Training Act, (CETA), which provides additional personnel for the park, public works, police and administrative departments.

The CETA program provides only part-time personnel, who are employed up to the limit of funds allocated by the federal government.

Schools Back Youth Bureau

The Board of Education voted unanimously at its Monday, May 9, meeting to continue its support of the Youth Service Division, (YSD), with a \$29,930 allocation in the school's 1977-78 budget.

"The YSD is a fine division and in many ways has become a model for other communities," said Board President Robert Warner. "It has served this system exceedingly well in the past.

"It is a real partnership between the municipalities and school system that benefits the entire community."

The public schools pick up 19.84 percent of the YSD's 1977-78 budget of \$150,927. They will pay for the salary and fringe benefits of one detective, (\$28,930), and contribute \$1,000 to the counseling service fund for the 1977-78 fiscal year.

The Woods is managing municipality of the YSD, which processes all Pointe criminal cases involving youths. The four YSD detectives maintain offices in the high schools, (two at North and two at South), as well as at Woods departmental headquarters.

So far, only The Park and the schools have approved their budget allocations for the division for next year.

Councils in The Farms, Shores, City and Woods will act on their portions of the division budget as they consider their own municipal budgets in the coming weeks.

Group Makes Metrics Manageable

Trombly Elementary School students SUE SHAALAN, (far left), and JON DRETTMAN, (second from left), were among the hundreds who were entertained Thursday, April 28, by Michigan State University's "Team of Four" touring theater group. The team's "Metric Show," visiting four Pointe schools, uses familiar fairy tales and nursery rhymes to introduce students to the metric system of measurement.

Budget Hearings Set in Woods, Farms

Petersen cited several items including the increased factor, the increase in salaries and fringe benefits for all employees and a hike in the general fund contribution to the highway fund for the repair and maintenance of the city street system via the severe winter conditions.

(In relation to streets, the city expects to receive \$109,000 in Federal Revenue Sharing monies which will be utilized for the maintenance, repair, resurfacing and other improvements of the major and local street system.)

Mr. Petersen also cited increased costs in three other areas: street lighting, incineration and taxes paid to St. Clair Shores on the city's Lake Front Park, (which is located in St. Clair Shores).

Modest Increase
In the area of street lighting, a total of \$298,350 was budgeted in 1976-77 in comparison to around \$325,000 in 1977-78. Officials, in one of the budget working sessions, admitted it was like trying to gaze into a crystal ball to pinpoint specific costs in relation to potential rate increase requests from Detroit Edison before the Michigan Public Service Commission.

As for incineration, \$168,739 was budgeted in 1976-77, while around \$180,000 has been set aside for the upcoming fiscal year. Meanwhile, taxes to St. Clair Shores on the park have jumped from \$55,075 in 1976-77 to a proposed \$62,000 in 1977-78.

"It's significant that with the increased factor and the capital improvement program, (which was adopted as a separate item but is financed by many different funds), that the council was able to keep the tax levy at a modest increase," said Mr. Petersen, "while still maintaining a high degree of services for our residents."

At the same time, he cited the initial kick off of the city's "Decade for Progress" program in 1977-78 with a proposed total of \$1,068,537 being budgeted for the upcoming fiscal year with the monies coming from various funds.

Improvements Eyed
At the first budget working session, Mr. Petersen told the council, with the "Decade for Progress," a 10-year capital improvement program to better plan for the city's capital needs is

being projected. "The 1977-78 program is the initial year and it includes many items the council has previously authorized to be done," he said.

The main focus of this program is improvements in the areas of water main, sewer and street work, plus parking, e.g., off-street parking.

"The reason why we are able to finance such a large capital improvement program in the first year is through careful fiscal financing and the build up of reserve funds in various categories to do these things," he added.

In relation to this, the council okayed the transfer of \$59,600 of expenditures from the proposed capital improvement fund budget, (in the general fund), to the municipal improvement fund. The latter fund, noted Mr. Petersen, can be utilized to further reduce the overall operating budget and tax levy.

CETA Monies
The municipal improvement fund, he told the council at the opening working meeting, is set up by statute where any surplus through the years can be transferred into the municipal improvement fund to be utilized for various improvements throughout the city, while noting that dollars per se cannot be budgeted for this fund.

As for CETA, (Comprehensive Employment Training Act), funds, the city expects such monies to run out in September and a question remains at this time if further funds are forthcoming.

Because of this situation, Mr. Petersen said all CETA employees, including Administrative Aide Gerard E. McNamara, have been advised that the program will terminate September 30 with the city making no promises as to how many, if any, employees will be retained.

If the proposed fiscal year 1977-78 Farms budget is approved, residents of the third most populated Pointe city can expect to pay an average of 12.8 percent more in city property taxes this year, according to Farms City Comptroller Carol C. Lock.

The proposed budget is \$3,516,250, up \$382,732 from the 1976-77 budget of \$3,123,518. According to Mr. Lock, the increase is due to wages; in-

flation and added expenditures in the new budget.

"We're just like everyone else," said Mr. Lock. "We have to pay more for everything, just like the average citizen. All the city employees received wage increases, plus insurance and pension plans cost us more."

"We're also going to buy new police cars for the force this year. That in itself represents a \$23,000 increase in the proposed budget."

Staying Prepared
An added expense in the new budget is a \$65,000 "contingency" fund for city emergencies. "The Kerby Road Sewer Project has taught us that we cannot expect to run a city of this size and expect things to go right all the time," said Mr. Lock.

"We've sunk nearly \$200,000 into the repair project so far and it could go up another \$100,000. This will help us face realities. It will prepare us for our next disaster."

The problems in Kerby road stem from the collapse of hundreds of feet of sewer in that thoroughfare last winter. The Farms has tentative plans to float a bond issue later this summer to pay for the expense of the project.

The public hearing on the proposed budget will be held at the Farms City Hall, 90 Kerby road, on May 16 beginning at 8 p.m.

Park Approves Budget

(Continued from Page 1)
The new budget also includes a number of capital improvements for The Park, including the following: (1), Asphalt resurfacing of a number of alleys and major and local streets, with funds from the Federal Community Block Grant Program and the State Highway Fund.

Gives Example
(2), Engineering studies, presently underway for the Fox Creek project, with, under the administration of the Wayne County Drain Commission, final plans and specifications being prepared during the year.

(3), The replacement of old police cars with new ones, along with a number of pieces of major equipment for the Department of Public Works, (DPW).

The city manager pointed out that the new budget also will adequately finance the necessary services and improvements to properly maintain The Park and provide a high standard of service.

"Even though we do not recommend an increase in the tax millage," Mr. Slone said, "the increase in the state equalized valuation, (SEV), factor will result in an increased tax bill for our residents."

"Based upon a \$30,000 assessed valuation, (half the property value), for example, the increase in city taxes would be as follows: Fiscal year 1976-77, assessed valuation, \$30,000, SEV factor, 1.09, state equalized valuation, \$32,700, city tax rate, 19.60, city tax, \$637.56.

In fiscal year 1977-78, assessed valuation, \$30,000, SEV factor, 1.15, state equalized valuation, \$34,500, city

tax rate, 19.50, city tax, \$672.75."

Allowance Made
The city manager said the 1977-78 budget was prepared to reflect the cost of furnishing the various governmental services based on present levels of performance.

He pointed out that allowance has been made for increased costs of supplies and services, including water, sewage and street lighting.

Personnel services, which represent the largest segment of the budget, are calculated at union scales set for public works employees and the 1976-77 wages for police and fire personnel, whose two-year contract expires this June 30, he stated.

The federally financed CETA program was adopted by The Park to relieve unemployment in the city. The 1977-78 budget provides \$60,000 for which the city will be reimbursed by the Wayne County Manpower Agency, (WCMA).

The new budget provides \$230,000 for the city's share of financing employee pensions. This is a substantial increase over the current year's contribution. It is the result of reducing the retirement age to 55 with 25 years service, with full benefits effective July 1, 1976, as negotiated with the labor unions.

Farms Clears Five Break-ins

With the apprehension of two juveniles on Friday afternoon, May 5, Farms police were able to solve five breaking and enterings which had occurred within the space of one week.

The boys, both 16 and residents of The Farms, were captured by Dets. Sam Cardella and Sgt. George Van Tiem, and Cpl. Otto Glannert, as they emerged from a home they had allegedly robbed in Fisher road.

The police were maintaining a close watch on the area bounded by Fisher to Clevo road, and Mack avenue to Lakeshore road, where most of the robberies had occurred.

South Moves to Correct Building Code Violations

By Susan McDonald

Michigan Labor Department safety inspectors made another visit to South High School last month and cited the school with 13 violations of state and national building codes.

Each of the 13 violations was labeled "other than serious" by the inspectors, but six of them were repeats of violations issued to the administration one year ago.

The schools will pay a \$68 fine for the violations, which were spotted in the industrial arts building, maintenance garage and cafeteria.

The citation report, released Thursday, April 28, by the state, maintains the schools failed to inspect fire extinguishers, failed to keep work areas free of scrap and debris and, in four cases, did not provide proper guards for machinery in industrial arts.

In addition, the report states the school did not properly ground cafeteria freezers, did not provide proper containers for work clothes and failed to replace a defective hammer handle.

All the improper guarding citations are labeled "repeats" of last year's violations. But the schools' Director of Support Services Ben Zenn said he believes the repeat citations do not involve the same machines, just similar code infractions.

Mr. Zenn said the system is currently in the process of replacing all their fire extinguishers, (200 in all), including those cited in the report.

The administration plans to correct all the violations before the Thursday, June 2, state deadline, according to Mr. Zenn.

This is the second time this year that South's industrial arts complex has been cited for building violations. In late March, workers, completed \$1,700 in electrical repairs at South to correct 10 violations issued by The Farms building inspector.

Those code infractions included improperly installed light fixtures, use of extension cords in lieu of permanent wires and faulty wiring of machinery.

The industrial complex houses auto, metal and wood shops that serve at least 600 South students each year.

The boys became prime suspects after the police watched them approach two empty homes and try the front and back doors. Finding them locked, the boys then entered a third, unlocked home, and were captured after emerging from the house, police said.

Both attempted to escape, but were apprehended within a short while. One of the suspects was found carrying a silver lighter and a gold compact from the burgled house.

Both boys, students at South High School, admitted robbing homes in Lewiston and Moran roads, Sunset lane, and Fisher and Lincoln roads. They said they had broken into homes together, separately, and with two other boys whom they refused to identify.

The boys were taken to The Farms police station, and were later released to their parents. Their cases were turned over to Youth Service Division Det. Donald Schmalz.

Det. Schmalz reported that some articles, (a camera, tie clasp and cuff links), were recovered from a previous robbery.

Other articles, including a \$1,000 watch and coin sets, were still missing.

New Grade Policy Approved

(Continued from Page 1)
 If no resolution is reached at that level, the students or parents may confer with the principal and finally, the superintendent of schools.
 An administrator may change a grade only if it is determined that, in giving it, the teacher failed to follow board policy, was unreasonable or discriminated against an individual.

The new Board policy on grades calls for instructors to follow criteria developed jointly by the school and department of instruction in evaluating all student work.
 Teachers must explain to students the relative importance of each assignment grade. The final class grade must be no lower than the average of assignments.
 The trustees put off until next fall consideration of changing the rule for final high school marks to allow for plus and minus grades.

Superintendent Dr. William Coats said he is working on a survey of high schools and universities to determine if it would be more beneficial or more fair to students to compute their grade point averages with plus and minus grades.
 The new grade policy was called for in the recently settled contract between the Board and the Grosse Pointe Education Assoc.

The contract confirms teachers' responsibility for grades as long as they are determined in conformance with Board policy.
 A union spokesman said the group is pleased with the new system, saying it will be beneficial to both teachers and students.

GOLDEN RULE
 The honesty of a man's cries for justice are proven by his attitude towards others.

Changeover to Metrics

(Continued from Page 1)
 "prentice" and nursery rhymes.

But there was one big difference in their rendition of the familiar stories. Goldilocks scalded her lips on a bowl of porridge that was 90 degrees centigrade — too hot for her, but not for a two-meter-tall Daddy Bear.

Everything in the MSU show, from chairs to sorcerer's magic potions, is measured in metrics, with never a foot, cup or pound mentioned. The aim is to get the students to "think metric" and Pointe youngsters seemed to catch on fast to the task.

"We don't want the kids to be thinking constantly of converting everything from American to metric systems," explained Trombly Principal Dr. Eric Folio. "That's why a play like this is so helpful. It gives the kids a direct understanding of metrics. They get a feeling for just how long a meter is, without ever comparing it to a foot."

Costly Process
 In addition to Trombly, the "Team of Four" visited Defer School in April, and will return for shows at Ferry and Barnes on Tuesday, May 17. The local PTO's are footing the \$150 per school bill.
 Meanwhile, teachers and administrators throughout the school system are gearing up for a full conversion to the metric system set for completion in September 1978.

They hope to continue using the direct method of instruction in all grade levels. It is a massive task, calling for the replacement of thousands of textbooks, considerable re-education of teachers and re-designing of curricula.
 An elementary school committee headed by John Rohrer is already at work, searching for hard-to-find metric textbooks and "hands on" types of teaching materials.
 Director of Elementary Education Dr. Alfrida Frost said the Board of Education will soon consider a proposal to replace all elementary math textbooks with metric materials, at an estimated cost of between \$40,000-\$50,000.
 Dr. Frost said she agrees

NH Junior Prom Set for May 14

North High School's junior class officers have announced that the Junior Prom will be held Saturday, May 14, from 9 p.m.-12 midnight in the North Commons area.
 The band will be "The Family Portrait" and tickets are \$6 per couple. Semi-formal dress is expected.
 Tickets, which can be purchased during lunch hours, will not be sold at the door.

that it is most important to avoid forcing the students to convert between the two systems, but adds that it would be unwise for the schools to abandon the American system yet.

"As long as the rest of the country is still using feet and pounds, we're going to have to teach that, too," she said. "We'll just have to watch to see how fast the country moves along and gear our program to that."

The elementary schools will bear the brunt of metrication, while in the high schools, liters and meters will mainly be confined to math and science courses, according to Director of Secondary Education Robert Welch.

Nevertheless, Mr. Welch said many textbooks will have to be replaced in secondary levels as well.

GPW Considers Parkway Plan

The review of proposals for the construction of the Veterans Memorial Parkway project was tabled by the Woods Council for consideration at the rescheduled regular meeting tonight, May 12, in the council chambers, 20025 Mack avenue, at 7:30 p.m.

This action was taken by the council at its regular meeting Monday, May 2.

On Monday, April 18, the council authorized the city to act as general contractor and directed City Administrator Chester E. Petersen to solicit quotations from various contractors on several individual items which are scheduled to be included in the construction project.

These include masonry walls, site lighting, flagpoles, landscaping, electrical service and water service.

However, Mr. Petersen said the council tabled action on this matter because the city hadn't received all of the quotations in the various aforementioned areas.

The council had authorized a maximum expenditure of \$16,000 for the project to honor American veterans and to beautify the Vernier road islands at the west entrance to the "city" (at the Harper Woods border), and east of the Vernier-Mack avenue intersection.

At its April 4 session, the council learned that the total, estimated cost of the project was some \$13,000 more than originally stipulated.

As a result, it authorized the city to act as general contractor in an effort toward reducing the total cost of the project and, at the same time, giving the city the flexibility to delete certain items as necessary after the quotations are received.

A child may be a prize product of heredity, good breeding, culture and wealth, but unless he has good nutrition, none of the above will be much good to him. The daily diet of the growing child should include meat, butter, milk, eggs, citrus fruits or tomatoes, whole-grain in cereals, green or yellow vegetables, and raw leafy vegetables. Parents who provide wholesome foods, a happy social experience, and good fellowship, mixed with a leisurely attitude while dining, provide the best possible eating environment.

When your doctor orders medication for your child, bring the prescription to HARKNESS PHARMACY, Mack ave. at Lochmoor Blvd., Grosse Pointe Woods, for prompt, personalized and professional service. We maintain "patient profiles" with records of allergies, immunities and other health data as a safeguard in filling each prescription. We also offer a complete line of health and beauty aids, greeting cards, cosmetics, and a full inventory of liquor. Call us at 884-3100 for free prescription delivery. Concert Opens Grosse Pointe Symphony Week

The Grosse Pointe Symphony Orchestra will conclude its 1976-77 season with a Sunday, May 15, concert featuring soloist Linda Snedden Smith on violin.

The concert, which will be held in the Performing Arts Center, 707 Vernier road, at 3:30 p.m., will launch Grosse Pointe Symphony Week, cele-

brated from May 15-21, with window displays in neighborhood stores, a membership tea and an invitational cocktail party.

Conductor Felix Resnick will direct the orchestra in Goldmark's Overture, "In the Springtime," St. Saen's Concerto No. 3 in B Minor for Violin and Orchestra and Vandepitte's "Jazzsynthesis" for Jazz Ensemble and Orchestra.

Mrs. Smith began studying the violin at the age of four at the Cleveland Institute of Music. Her advanced study was with Joseph Knitzer, at the Eastman School of Music, and Ivan Galamian, at Juilliard.

She joined the Detroit Symphony in 1967 and was soloist on two occasions under the baton of Sixten Ehrling and Arthur Fiedler.

Others featured at the concert will be John Trudell and his Jazz Group from the Hyatt Regency Hotel. Mr. Trudell has been featured as the lead trumpet in a number of bands, including those of Vaughn Monroe, Buddy Morrow and Johnny Jones.

A reception will follow the concert. Tickets are \$3.50 for adults and \$1.50 for students. They are available at the door or by calling 331-0951.

ULS Glee Clubs Slate Concert

A montage of popular songs and dances from the 1900's to the 1970's will be the theme of the University Liggett Middle School Glee Clubs' Spring Concert this evening, May 12, at the school auditorium, 1045 Cook road, at 7:45 p.m.

Featured vocal soloists will be Daniel Garan, Maria Spada, Mary Fisher, Daniel Iglesias, Jill Tingley and Geoffrey Morin.

Elizabeth Endicott and Beverly Foster will tap dance to "Tea for Two" and Sarah Thurber, Heather Robbins, Shelley White, Whitney Fite, Christina Fink and Kristine Mighion will do the Charleston.

"Kelley's Company," a special eighth grade singing group, will bring back sounds of the 50's and 60's.

In addition, the Middle School Band will perform Sergei Rachmaninoff's "Prelude in G Minor" featuring Curtis Doty as piano soloist.

"Theme from Brahms's Symphony No. 1," "Fantasy on a Fanfare" by John Edmundson, "Love Will Keep Us Together" by Neil Sedaka and Howard Greenfield and "Slippery Slides" by Ted Blumenthal featuring trombonists John Martin, Scott MacColl and Bob Ryan.

Others performing will be the Middle School String Ensemble including Beth Wahl, David Wu, Suzanne Zinn,

Marina Peck, Susan Parkinson, Dianne Alcantara, Karen Brown, Roger Wu and Andrew Taormina.

The program will involve about 220 middle school youngsters and is under the direction of Mrs. Nora Kelley, head of the University Liggett School Music Department.

Sharon Seaver will assist with the strings. Admission is free.

Make it a way of life — the best in others will come out only to meet the best in you.

Schools Need Help in Census

The public schools will not conduct a door-to-door school census this spring, but do need to update their census rolls.

Residents who moved into the school district after May 1976, (the date of the last census), and do not have children enrolled in public schools at the present time, should call the Department of Pupil Personnel at 855-2000, extension 65, to report this information.

Department Director Reginald Spientkiewicz said the schools are especially interested in locating any handi-

capped children, ages 0-25, who have moved to the Pointe since the census.

It also is important to have an accurate list of all four-year-olds to include in the pre-kindergarten testing program next fall, he added.

Watch your future plans — the bigger summer vacation you take the harder the fall.

Shores Plans Garage Sale

Shores officials decided to expand the public safety department's sale of abandoned and unclaimed items into a regular garage sale on Saturday, May 14, in the municipal garage, 795 Lakeshore road. It starts at 9 a.m.

The department is offering a variety of items for sale including bicycles, motorcycle helmets, business machines, a solex bike, plus household and miscellaneous items, according to Director Joseph Vitale.

Village President Gerald C. Schroeder said that the Village council thought it was a good idea if residents participated in the sale by contributing items they no longer want or need.

In a newsletter to citizens, it was pointed out that this sale would be an excellent opportunity for the people to dispose of no longer needed items.

There could either be a cash return to those who donated items, or they could offer the monetary returns to the Village as a tax deductible donation.

If the citizens donating articles select the tax deduction route, sale-related receipts will be designated for some project, or needed item, perhaps for use toward the operation of the George Osius Park, the local swimming team or the park pool.

A number of residents have already notified Village officials they have articles for sale.

Mr. Schroeder said there is still time for citizens to participate. They should call 851-6565 to make arrangements.

Bands to Play At North High

North High School's Spring Instrumental Concert, with Nathan C. Judson conducting, will be held today, May 12, in North's auditorium, 707 Vernier road, at 8 p.m.

The Symphony Orchestra will play the "Lalo Symphonie Espagnole," featuring David Reed, violin soloist. A senior, he plans to major in music at Michigan State University. He is the son of Mr. and Mrs. Russell Reed, of Stanhope avenue.

"Lincolnshire Posy," a collection of English folk tunes arranged for band, and "Broadway Show Stoppers," a selection of well-known tunes from Broadway shows will be played by the Symphony Band.

An added attraction will be the screen projections of art drawings by Barnes School children while the Concert Band performs "Tableaux for Children."

Tickets are \$1.50 for adults and \$1 for students. Call the school, at 886-8100, for more information.

PROGRAM COMPLETED

Janice Charvat, a 1973 North High School graduate, recently completed a semester-long Adrian College educational experience at the Planned Parenthood League of Toledo, O. She spent part of her fall term at Adrian training for and working as a league educational specialist. Then, she went to Toledo as a volunteer attached to the organization's birth control clinic. This was all done for a sociology department internship. Miss Charvat is a senior at Adrian and expects to earn her BA degree early this summer.

Others include Lisa Dinning Moon, 17, of Wedgewood road, a North junior; Crazy Jack's Sound Factory; Debra Jean Brunette, 18, of Wayburn avenue, who graduates this month from Our Lady Star of the Sea, Stereoland; and Deborah Anne Lisotto, 17, of Buckingham road, a South senior, J. N. Hannan Co.

The new Miss Grosse Pointe will receive a \$500 cash scholarship for her education from the sponsors along with a \$775 modeling scholarship from the Mannequin School of Modeling, St. Clair Shores. The first runner-up will earn a \$150 cash scholarship, also for her education, from the sponsors.

Meanwhile, each participant will receive a \$25 savings bond from the Jaycees. On the performance side, each finalist will compete in talent, swim suit and evening gown competition. They also will be briefly interviewed by master of ceremonies Morrie Carlson, who will make his fifth appearance in this capacity. At the same time, all the young ladies will participate in the opening number, "Those

Lazy, Hazy, Crazy Days of Summer."

Other musical selections, played by the South High School Stage Band, Eric Miller, conductor, Russell Reed, director, are scheduled to include "Summertime," "Sunny" and "On a Clear Day," said co-producer Linda Finger, who will treat the audience to solo renditions of "You Are The Sunshine of My Life," "Evergreen" and "Song Sung Blue."

A barber shop quartet, Bridge Partners, also is scheduled to perform.

Pageant books will be on sale at \$1 apiece the night of the pageant. In past events, ads sold for the book have brought in some \$3,000-\$3,500 with the visuals numbering around 100, noted Mr. Billiu.

But, this year, the book will contain five less pages and ads, numbering between 50-60, will bring in an estimated \$1,500.

Tickets for the pageant are \$4 for adults and \$2.50 for students and they may be obtained at the door or by calling 881-9979. They also may be purchased from any Jaycee or pageant contestant.

Big Night Seen

Besides Mr. Billiu and Mrs. Finger, other committee members include Anne Billiu, co-producer, Clark Hinkley, stage manager, John Lucas, ad book sales, Paul Mumma, judges chairman, Beth Kastner, awards and gifts, Marsha Bogdanski Bossack, Miss Grosse Pointe for 1972-73, choreography, and Diane O'Keefe, photography.

While pageant night always is an exciting and fun evening for the Jaycees, their wives and the audience, May 14 could be even a bigger night for the local chapter.

One of the five top chapters in the state, the local unit will be missing some members, who will be at the Jaycee State Convention in Lansing where, officials report, the Grosse Pointe chapter has a very good chance at being named the number one chapter in the state under the leadership of current president James Pattee.

Past experiences give good counsel, but make mighty poor patterns for the future.

FLEC Offers Many Classes

The Family Life Education Council, (FLEC), and the Department of Community Services announce a new community education program offering classes in self-enrichment, family growth and leisure opportunities for youth.

"FLEC Seminars '77" was developed by Center Point Crisis Center, and classes are currently running in Brownell School, 260 Chalfonte avenue, and at Center Point throughout the spring and summer.

Registration is still open for the Marriage Enrichment class, beginning May 15 from 7-10 p.m. on Sundays for four sessions.

Creative Thinking and Doing will start as soon as a class is formed.

Career Development for Women, a course geared toward housewives wishing to return to the job market, is slated to begin May 28. It will run Tuesday and Thursday mornings from 9:30-11:30 a.m.

Cardiopulmonary Resuscitation runs on Sundays, May 15, 22 and June 5, from 12-5 p.m. at no fee.

First Aid and Personal Safety also is being offered for no charge, and will be given on Saturdays, July 9, 16, 23 and 30, from 12-5 p.m.

Courses for youth between the ages of 14-17 will include an Ethnic Cooking class covering a potpourri of international dishes. It begins Sunday, June 5, and meets for five weekly sessions.

A Sailing class for beginners, covering classroom instruction in basic sailing maneuvers, will be running on Sunday afternoons beginning June 26 for five sessions.

To register, call the FLEC office at 885-3510 weekdays between 10 a.m.-3 p.m., or call Center Point at 881-7744 between 4-11 p.m. daily for more information and course descriptions.

It takes a whole chain of circumstances to ow up the weak link in one's character.

Let's Talk Real Estate
by John E. Brink

Millions of Americans own not one house, but two. According to the Census Bureau figures, an estimated 1.7 million families have second homes. And the number is steadily growing as other families acquire second homes at a rate of more than 150,000 a year. These second homes come in all shapes and sizes. They range from primitive hunting cabins to modern A-frame ski lodges to lakeside cottages to expensive, glass-fronted beach houses. What is your pleasure?

Professional real estate representatives from the office of GROSSE POINTE REAL ESTATE CO., 20087 Mack Avenue, Grosse Pointe Woods, 882-0087 can save you time and money in your search for the "right" home by showing you only those houses that meet your specifications. We are known for our dependable and personalized service and have access to many choice listings in various price ranges. "Exclusively in Grosse Pointe". Open: Mon.-Sat. 9-5, Sun. noon-5, 24 hour answering service.

DID YOU KNOW? Percentages to date show that 96.8% favor our Grosse Pointe Real Estate Community development (cul-de-sac). This is a very significant figure—one in which we may all be proud!

Home Buyers Deserve Expert Help...

...they can count on Detroit & Northern

Because we specialize in home financing, you get the best help available when you talk to one of our home loan specialists. He'll tell you about our many loan plans and options and how to determine how costly a home you can afford. At D&N there is a loan plan right for every budget. Our home loan rates are competitive, but beyond that, the home buyer can expect much more at D&N.

Several Options . . .

We've been lending money to home buyers since 1889, and our experience shows in the service we render our customers. For example, at D&N we have several term options to help meet each borrower's particular needs. The term of the loan, along with the down payment amount and interest rate determine your monthly payment. Depending on the age and condition of the home, a term of up to 30 years may be selected. Ask a D&N home loan specialist to explain how your monthly payment is affected by the term you choose.

For your security, D&N offers mortgage life insurance. This protection provides for the full payment of your loan in the event of death. Disability insurance is available, too, providing for the payment of your monthly loan if the family breadwinner should become disabled.

Loan Payment Convenience . . .

In addition to security, D&N offers some real conveniences, too. To make your monthly payment as easy as possible, we have a plan called "Transmatic." With this plan, your mortgage payment is automatically deducted from your checking account and transferred to D&N on a set date each month. Using the "Transmatic" plan, you needn't worry about forgetting to make a payment when you are on vacation or out of town. A special trip and writing an additional check each month are eliminated when you choose "Transmatic."

Handling Details . . .

Many of the details involved in closing the deal will be handled by Detroit & Northern. We will arrange for an appraisal of the property, which will assist in determining the amount of the loan. If a survey is required, D&N will arrange for it. In addition, we can arrange for title insurance. D&N will perform the routine credit checks and handle the recording of your purchase. At the "closing," Detroit & Northern will assemble the various mortgage and legal documents and review them with you.

Continuing Service . . .

After receiving your Detroit & Northern home loan, you will enjoy the continuing services we provide homeowners. D&N will handle the payment of your property taxes, hazard insurance, mortgage life and disability insurance. For your records at the end of each year we will send you an analysis of your escrow account and a statement outlining each financial transaction.

AT DETROIT & NORTHERN YOU ARE CONSIDERED A FRIEND AND NEIGHBOR. WE VALUE YOUR BUSINESS. BEFORE BUYING A HOME, SEE A DETROIT & NORTHERN HOME LOAN EXPERT. HE'S A PROFESSIONAL.

Further Follow-Up Slated In War Memorial Drive

The War Memorial Center's 1977 Annual Family Participation Campaign receipts currently stand at \$102,215.77 from 4,705 donors.

This compares with \$106,495.11 from 4,883 contributors as of the same date last year.

The Center still hopes by Memorial Day, May 30, to reach the necessary goal of \$145,000 to balance its operational budget for the coming fiscal year beginning August 1.

Many Pointers have yet to renew their memberships so the Center will be mailing to all past participating member donors further reminder notes so that the necessary funds will be in by the traditional Memorial Day service, officials say.

The Center's volunteer board of directors reminds all Pointers that the beautiful Alger mansion and Fries auditorium and their gardens and grounds in their lakeshore setting were outright gifts to the five Pointe communities.

The operation takes no tax dollars or United Foundation funds and is nearly three-quarters self supporting. The remaining one-fourth depends on the support by Pointe residents, whose gifts are income tax deductible.

"All Pointers not yet heard from are urged to make this very worthwhile investment in their community now in whatever amount they feel they can, and think the institution deserves," officials add.

Woods Studies Fishing Dock

The building of a fishing dock at the Lake Front Park was viewed by the Citizens Recreation Commission at its Tuesday, April 19, meeting, at which time the group unanimously recommended that the Woods Council consider budgeting necessary funds to complete the sheet piling and railing around the outside border of the old swimming pool area adjacent to Lake St. Clair.

It was felt by the commission that this would provide an area suitable for fishing buifs.

The council at its regular meeting Monday, May 2, considered the recommendation and referred it to the Committee of the Whole, (C-W), for further study.

Because of high cost factors, the focus was recently shifted from a fishing pier to a fishing dock. The pier question was eyed by the council at its April 4 meeting when the Senior Citizens Commission recommended that the solons appropriate sufficient funds to build the structure for the use of all citizens.

At that time, the council also concurred in a C-W recommendation to refer the possibility of a proposed fishing dock to the commission for its study and recommendation.

Clown Corps Plans Events

The Grosse Pointes Bicentennial Clown Corps has scheduled a variety of activities this month including a short play on child safety to be given at the Ferry School Cub Scout Blue and Gold Banquet Thursday, May 19, said Arthur J. Kuehnel, chairman.

The group will participate in three ice cream socials — at Tromby on Monday, May 23, at Monteith Tuesday, May 24, and at Maire Wednesday, May 25.

Then, the clowns will take part in the St. Clair Shores Memorial Day Parade Sunday, May 29, and the Harper Woods Memorial Day Parade Monday, May 30.

The following month, the group will gear for its fund raising car wash and bake sale on June 18 at the Grosse Pointe Woods Presbyterian

Church, 19950 Mack avenue. Mr. Kuehnel suggests that citizens, while having their cars washed, take the opportunity to purchase some of the baked goods.

Members of the corps currently number 49 including 35 young people from The Woods, five each from St. Clair Shores and East Detroit, two from Harper Woods and one apiece from The Park and Shores.

Other officers include Saad Helfex, external vice-chairman, Patty Ziokowski, internal vice-chairman, Kelly Rogers, secretary, and Steve Labonly, treasurer.

For further information on the corps, call Mr. Kuehnel at 881-8186.

Too much self-appreciation has a tendency to depreciate.

BOARD OF EDUCATION

School Forum Has New Date

The Grosse Pointe Action Committee, (GPAC), Candidates' Forum has been rescheduled for Monday, May 16, at the South High School auditorium, 11 Grosse Pointe boulevard, at 8 p.m.

The forum was originally set for Wednesday, May 11, but was postponed because the date conflicted with several PTA/PTO meetings.

The public is invited to listen to and question candidates for the two Board of Education positions that will be decided in the June 13 elections. Eight candidates have filed for the posts.

GPAC is composed of teachers and other employe groups in the public school system.

Air Canada can jet you to Calgary, Alberta to join a Cartan Travel Mountaineer Holiday that will show you some of the world's most glorious scenery. From Calgary by motorcoach to the towering Canadian Rockies to spend three nights at the Banff Springs, a castle of a hotel ringed by high mountains. You can ride a gondola to the 7,500-foot peak of Sulphur Mountain (which is breathtaking) or play a round of golf on a championship course a mile high in the sky. Then to Lake Louise, a blue-green gem in a matchless setting of snow-capped peaks, where you can take your pick of tennis, swimming, sailing, canoeing, fishing, hiking and trail-riding. From Lake Louise via the spectacular

Icefields Parkway, past the incredible Columbia Icefields (the largest body of ice on the continent south of the Arctic Circle) to Jasper, where you'll spend two nights in the heart of one of Canada's most beautiful National Parks. Then through the Rockies to the busy, bustling city of Edmonton. Tour includes hotels, transfers, 6 sightseeing trips, 17 meals, tips, taxes and escort services.

The Skyline Tour.

11-day Rocky Mountain/Pacific Package: \$780*

Air Canada can jet you to Calgary on the first leg of a fabulous UTL Holiday Tour of the Canadian west. If you time it right, you'll see something of the world-famous Calgary Stampede before boarding a deluxe tourbus for Banff, a delightful little holiday town ringed by towering Rocky Mountain peaks. At Banff, you can ride a gondola to the top of Sulphur Mountain, lounge in the hot springs, golf on a championship course high in the sky. You'll see Lake Louise, a blue-green gem in a matchless setting of snow-capped peaks, and follow the fabulous Icefields Parkway (past the incredible Columbia Icefields) to Jasper, which sits in the Rockies like a picture-postcard Alpine village. Then west across magnificent British Columbia to Vancouver, with its

warm sandy beaches, its superb harbour and its downtown skyscrapers dwarfed by the Coast Mountains. You can explore the wilderness acres of Stanley Park, see colourful Chinatown, shop in the boutiques of restored Gastown, take the Grouse Mountain Skyride to flower-filled meadows 4,000 feet above the fabulous city. Package includes hotels, some meals, sightseeing, transfers, taxes, tips and guide service.

Pacific-Rocky Mountain Spectacular.

7-days: \$584.85*

Book-Couzens can jet you via Air Canada from Windsor, Ontario, to Vancouver, which sits with its feet paddling happily in the Pacific and its back planted comfortably against the towering Coast Mountains. Explore the wilderness acres of Stanley Park, see colourful Chinatown, shop in the charming boutiques of restored Gastown and take the Grouse Mountain Skyride to flower-filled alpine meadows 4,000 feet above the city. From Vancouver to Banff, a delightful little holiday town ringed by tall Rocky Mountain peaks. Ride a gondola to the top of Sulphur Mountain, ride a raft on the lazy Bow River or golf on a championship course high in the sky. You can visit Lake Louise (a blue-green gem in a matchless setting of snow-capped mountains), see the Columbia Icefields (and take a snowmobile ride across the largest body of ice on the continent south of the Arctic Circle) and explore the magnificent Valley of the Ten Peaks... before boarding an Air Canada jet for home. Walsh Confers Honorary Degree on Shores Prexy

By James J. Njain
Shores Village President Gerald C. Schroeder was the keynote speaker at the 53rd annual spring commencement on the Walsh College of Accountancy and Business Administration on Sunday, May 1.

A 1938 graduate of the Walsh Institute of Accountancy and past president of the Walsh College Alumni Assoc., Mr. Schroeder addressed 73 graduates and approximately 350 honored guests.

Prior to his address, an Honorary Doctorate of Laws Degree was conferred on Mr. Schroeder, who said he was "honored and humble to have been singled out for this great honor."

Mr. Schroeder, a certified public accountant and a partner in the Southfield public accounting firm of Gerald C. Schroeder and Co., is the current vice-president of the National Assoc. of the State

Boards of Accountancy. He is known both statewide and nationally as a distinguished member of the public accounting profession.

During his professional career, he has held such offices as vice-president of the American Institute of Certified Public Accountants, and serving three four-year terms as chairman of the Michigan State Board of Accountancy. He was appointed to his first term by Gov. George Romney in 1964, and then again by Gov. William Milliken in 1968 and in 1972.

He is a past president of the Michigan Assoc. of the Certified Public Accountants. Presently he serves as a member of the Alma College Estate Planning Council and is a member and past chairman of the board of directors of the Board of League for the Handicapped—Goodwill Industries.

He is still a member of the Board, and has been for the past 20 years. Other civic affiliations include treasurer of the Presbyterian Village of Detroit; treasurer of the Howard Home; past president and past treasurer of the Grosse Pointe War Memorial Assoc.; past master of his Masonic lodge; and former elder and past president of the board of trustees of the Grosse Pointe Woods Presbyterian Church.

Mr. Schroeder, a resident of The Shores since 1949, served two years with the Village Planning Commission, before he successfully ran for a seat on the Village Council.

He was a Village trustee (councilman), for 18 years, until five years ago, when he was elected president to serve the unexpired term of the late Gilbert Jerome, who died in 1972. Mr. Schroeder was re-elected in two succeeding elections, for two-year terms.

Mr. Schroeder and his wife, Eleanor, are the parents of two sons. "We of the Village, citizens and employees, are very proud that our Village president was selected to be the recipient of an Honorary Doctorate of Laws degree," said Village Superintendent Thomas E. Jeffers.

Mr. Schroeder has worked many years, in various capacities, for the betterment of our community and always has had the interest of the Village of Grosse Pointe Shores in his heart.

"We all congratulate him for the honor conferred upon him by Walsh College, his Alma Mater."

Mr. Schroeder is the third person to receive such a doctorate since the college was founded in 1923 by Mervin Walsh. The others were Mr. Walsh, himself, four years ago, and Robert L. White, a member of the Walsh Board of Trustees, three years ago.

Walsh College is located in Troy, Mich.

Woods Seeks Citizen Input

The Woods wants the opinion of its residents on a variety of questions as listed in the city's April quarterly edition of "Update."

On the last page of the publication, citizens are asked to consider 11 different items toward the improvement of the community on a priority basis.

These include relief sewer construction and the lowering of sewers where needed to prevent the flooding of basements and the elimination of any sump pumps, the completion of the resurfacing and curb recapping of streets as required, the construction of a senior citizens housing complex by private investors and the construction of additional municipal off-street parking lots adjacent to or on Mack avenue.

Residents are then asked if they would be willing to finance any of these items via a special tax levy for a period of 10 years.

Next, citizens are asked to rate their city in 10 different areas, e.g., rubbish collection service, street maintenance, police patrolling of streets, ambulance service and recreational programs, on an excellent, good, fair or poor basis.

After the questionnaire is completed, it should be mailed to the Mayor and City Council, Municipal Building, 20025 Mack avenue, Grosse Pointe Woods 48236.

Mock Disaster Stars Pointers

Students from Defer Elementary School, Pierce Middle School, South High School and Detroit's Hamilton Middle School volunteered to be disaster victims for a recent drill at Evangelical Deaconess Hospital.

The disaster pretense was that of a school bus accident involving multiple injuries and death. It is important that hospitals have practice handling such situations.

Students volunteering their time included Kathy Emmerich, Tom Emmerich, John Kellett, Katie Kellett, Tim Trokey, Tim Fordree, Stacey Fordree, Brad Armbruster and Steve Armbruster.

More are Becky Ceaser, Jenny Horner, SueLynn Ritsema, Robin Priebe, Laurie Donnellon, Jon Golinik, Steve Suminski, Diane Suminski, John Ratsek, Jon Montpetit, Wallid Safadi and Maria Knox.

Joan Armbruster, also of The Pointe, volunteered her time transporting victims to the hospital.

City Offers Boat Wells

The City has a limited number of boat wells available for the current boating season at the Neff Park Marina.

The spots will accommodate power boats 16 feet and under in length and sunfish type sailboats, 12-14 feet long, with removable masts.

Rental rates per season vary between \$50-\$85.

For more information, contact city offices, 17145 Mauve avenue, at 885-5800.

They Provide 'Eyes of Safety' for Pointe

EVERETT M. HAWLEY, (left), of South Oxford road, and JAMES DeBAKER of Harper Woods give Wayne County Commissioner ERV STEINER, (right), a field demonstration of what they would do to warn Pointers about an impending tornado as volunteers in the county's "Skywarn" program. They would broad-

cast a sighting from a lookout station, such as this one at Elworthy Field, near Charlevoix and Neff road, to an emergency operating center in Westland. Wayne County officials are then capable of alerting the public within 30 seconds. The county has 51 tornado watch stations.

Pointers Play Big Roles In Tornado Watch System

By George Polgar Jr. Tornadoes are among the most unpredictable and devastating phenomena of nature. To prepare for possible emergencies as tornado season approaches, Wayne County has reactivated the 51 station "Skywarn" early alert network.

This year there will be four specially trained sky watchers manning lookouts in The Pointe and Harper Woods. When the National Weather Service, (NWS), issues a tornado watch for Wayne or nearby counties, the volunteer spotters head for their designated posts and scan the horizons for possible funnel clouds.

"I am especially pleased that we have trained volunteers who live right in the area who are willing to perform this important task," said local County Commissioner Erv A. Steiner of the four residents who have volunteered for the program. The volunteers are all amateur ham radio operators who will be using mobile units to keep in touch with their base station in Westland. The local skywatchers are veterans of last year's tornado alert program and, as ham operators, have plenty of experience in keeping lines of communications open during crisis situations. The volunteers are Woods

residents Everett M. Hawley Jr., of South Oxford road, Theodore H. Stahl, of Hawthorne road, and Clifford W. Heldt, and James DeBaker, of Harper Woods.

The sites chosen as the best vantage points in this area for tornado spotting are The City's Elworthy Field, the J. C. Penney parking lot at Moross road and Mack avenue and the northwest corner of Kelly road and Moross at the Detroit-Harper Woods border.

Through his special training for the "Skywarn" program, Mr. Heldt is still learning new things, even after years of various volunteer service.

"Even though I've been at this volunteer work for years, it's important to keep up with new defense techniques," said Mr. Heldt.

"For example, last year when the tornado hit Birmingham, an aerial survey showed that building damage occurred least in the northeast corner of family homes.

"We used to advise people that the safest spot was the southwest. Now, we may have to change our thinking."

Mr. Steiner added that the volunteer program is one of the most effective in the country. "Within 30 seconds of a funnel sighting, our 'Skywarn' program is capable of broadcasting a warning throughout six counties in Southeastern Michigan," the commissioner said.

While the Midwest is the most common focus of tornado activity, The Pointe does not lie in a tornado belt, a swath which runs through Oakland and Macomb Counties. But last summer funnels were spotted coming very close. "And since tornadoes are so unpredictable, it's best to be prepared."

Jaycees Cited As Outstanding

Three more members of the Grosse Pointe Jaycees are among the 11,000 young men who will be listed in the 1977 edition of "Outstanding Young Men of America." They include Charles "Ric" Rutan, Arthur G. Sesi and Carter Billiu.

This program, which recognizes the achievements and abilities of men between the ages of 21-36 years, is co-sponsored by the United States Jaycees and numerous other leading men's civic and service organizations.

Other members of the local chapter, who were announced earlier, include James Patee and N. William O'Keefe.

It's poor policy to put things off until tomorrow — someone else is apt to do it today.

Grenade Found In Front Yard

A rusted hand grenade, which was found by a young girl while digging under a small tree in her front yard, was turned over to Woods police Saturday, May 7.

The Brys drive citizen told investigating Officer Michael VanDeGinste that his daughter was washing the object in the bathroom. He immediately took the grenade from her, placed it in a bucket of water and called the department.

The officer conducted cautious inspection of the object and called Lt. Bernard Kelly to the scene. The firing pin, pin assembly and spoon all appeared to have rusted away, the officer said.

The following day, the grenade was turned over to U.S. Army personnel from the 75th Ordnance Detachment, Mount Clemens. They said it was an MK-2, H.E. Fragmentation grenade while advising they would dispose of it.

State Offers Youth Hotline

By George Polgar Jr.

A few months ago Tim Mucciantie, a senior at North High School, came up with an idea to have a state-wide youth council to represent the interests of people under the age of 18.

At the time, he said this project was his first attempt to get into politics. Now, he's a little surprised to see what politics is all about.

Through the good offices of some legislators and a favorable recommendation from the Woods Council, Tim got his proposal to Lansing.

The idea was accepted and the legislature approved the funding and formation of the Three O'clock Lobby.

The Three O'clock Lobby intends to keep in touch with its constituency through a toll-free hotline number that young people can call for help and information. The number is 1-800-292-5972.

The hotline will be manned daily from 3-7 p.m. by young people who have had scrapes with the law but are considered good risks for this rehabilitation program. The hotline also will be equipped with an 24-hour automatic answering service that will record messages.

So, where did Tim get his first exposure to the push and shove arena of politics? From dealing with various state politicians to have his plan adopted? No.

When the youthful Three O'clock Lobby convened to decide what kind of information the hotline would offer, the varying interests of young people from different parts of the state surfaced.

"It was a surprise for me and most of the members from this area," said Tim. "We had thought of the hotline as a kind of educational service where people could find out about things going on in the legislature and get copies of bills."

"But most of the other members of the Three O'clock wanted to provide information for runaways, about halfway houses and for drug rehabilitation programs and free legal advice for status offenders."

Apparently the Three O'clock Lobby has compromised and Tim has had his first lesson in politics.

NHS Thespian Wins U-M Grant

Dan Pierron, North High School senior, has been awarded the one-year \$1,000 Mallory Fellowship by the University of Michigan-Flint Theater Department.

During his audition/interview, Dan presented his acting portfolio, a four-minute monologue and a song-and-

dance routine, choreographed by director Gael Barr. An independent study student in acting for the past year, Dan played the role of Don Pedro in "Much Ado About Nothing," Argon in "Tartuffe" and did all the set work.

In February, he won the Merit Award of Excellence in the District Drama Competition, sponsored by the Michigan Forensic Assoc., by performing a scene from "The Star Spangled Girl."

A man loaded with facts has no reason to raise his voice — he just reinforces his arguments.

The best wines in the world are supposed to be the Burgundy and Bordeaux wines of France. Red and white wines are produced in both of these regions, and the best of each are commonly held to be the best in the world. Burgundy is the king of wines. It usually comes in a stout bottle with sloping shoulders. It is a 'heavy, 'chewier' wine. It is known for its bold flavor. Bordeaux, on the other hand, are known as the queens of wine. They come in tall slender bottles and are usually on the light and dry side with a wonderful aftertaste. Both wines have an aristocratic appeal and are superb for the main course of any meal.

And you'll find the best in wines from all over the world at PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626. A bottle of fine wine also makes a special and unique gift for a special occasion—birthday, anniversary or hostess gift. WE will be happy to advise and assist you in selecting the proper wine for the occasion. Hours: 10-10 Mon.-Thur.; 10-11 Fri., Sat.

WINE WISDOM:

Venison or wild duck, any game with a strong taste, require a strong wine like burgundy.

WNEW-TV watches New Yorkers

We watch them all the time.

And one thing we've learned is that people aren't always crazy about watching the same old shows on the networks at the same old times.

They like to be given a choice.

So, instead of putting on a half hour of news at 11 o'clock like all the network stations, we give them a full hour of news at 10 o'clock. An hour ahead of every other major late-news show. While the stories are still fresh.

Our speciality is local stories. Nobody does them

better than we do. While many of the network-station reporters are relative newcomers, our reporters have an average of ten years of covering the New York area.

So, okay, we watch the people of New York. And New Jersey. And Connecticut. But does that mean they watch us?

Fact: More homes watch WNEW-TV than two out of the three network stations.

Conclusion: If Detroit advertisers want to reach New York viewers, WNEW-TV is the choice.

It's Only Natural

by L.C. Termini N.D.

It is easy to prepare baby foods at home. It often saves money and provides excellent nutrition for the child. For example, juices especially made for a baby aren't necessary. Just take the regular family juice and dilute it starting with one part juice to two parts water and increase the concentration gradually until baby can tolerate undiluted juice. Orange, grapefruit, or tomato juice are excellent sources of vitamin C. Fresh fruit can be used too. Just make sure the skin, pits and seeds have been removed. Then with a blender, strainer or by hand, just mash, scrape, or strain the fruit. It will then be perfect and not too sweet for the baby.

At VIM & VIGOR HEALTH FOODS, 21151 Mack, 886-9466 you'll find all the natural foods you'll need for preparing baby's food, including unfiltered fruit and vegetable juices containing all the natural substance of the pulp, natural grain items, and meat from organically fed cattle. If we don't have what you want here, we can check with our 5 other locations and have your item transferred. Hours: 9:30-9 Mon.-Sat.; 11-5 Sun.

HANDY HINT:
 You can freeze pureed baby food in ice cube trays putting two tablespoons in one cube.

NH Thinclads Keep Winning

By Diane Marsteller

The North High School track team competed in two dual meets this past week, and won them both. Coach Tom Gauerke was pleased with the wins and is looking forward to the next meet, Saturday, May 14, when the Norsemen will be competing in the Oxford Invitational.

On Tuesday, May 3, the Norsemen harriers hosted L'Anse Crook and won, 134-24. North took all 16 first places. Bob Roberts was a dual winner, winning the 100-yard dash and the 220-yard dash in 19.6 and 22.9, respectively. Joe Veir won the long jump in 19'11 3/4", while in the shot put, it was Mike McBrien at 45'3". Jim Stewart was first in the discus at 126'4".

Bob Brown won the 330-

yard low hurdles at 40.5 and Joe Sazyk was first in the 120-yard high hurdles at 15.8. Dennis Knoff, Karl Tech, Tim Kelly and Darrell Graham won the 880-yard relay in 1:35.3.

Dan Beck won the 440-yard dash in 52.7 and Bill Weidenbach won the 880-yard run in 1:55.7. In the mile, it was Ed Hammer in 4:26.5 and Paul Lewis was first in the two mile at 9:48.3.

The Norsemen also won the 440-yard relay with Steve VanEvery, John Brucia, Kelly and Neil Buchanan at 47.2. Ken Humes was first in the high jump at 6'4" and Joe Meehan won the pole vault at 12'. Brown, Tech, Steve Brandt and Graham won the mile relay at 3:28.6.

To continue the winning season, the Norsemen hosted Clintondale Thursday, May 5, and won, 139-18. Weidenbach led the team by running the fastest mile time ever recorded in the United States by a high school athlete. Weidenbach set a new varsity and track record with his 4:14.8 mile.

VanEvery, Weber, Brian Patmon and Buchanan won the 440-yard relay, Sam Arvantides was first in the long jump and Beck won the 880-yard run.

Hammer won the two mile, and Tech finished first in the 440-yard dash. In the 330-yard low hurdles, it was Brian Patmon.

Weber won the 100-yard dash, and winning the shot put was McBrien. Humes won the high jump and Graham won the 220-yard dash. Stewart won the discus and Tech, Joe Ciarravino, Beck and Luke Prezlawski won the mile relay.

In the 120-yard high hurdles it was Sazyk, and Brucia won the pole vault. North's freshmen and sophomores competed with 24 other Class A schools in the Holly Invitational Saturday, May 7. The Norsemen finished on top with 84 points.

Friars Throw 2 No-Hitters

By Donald J. Schmid

Austin's two junior pitchers, John Debets and Kevin Hernandez, shared the spotlight on Saturday, May 7, when they pitched successive no-hitters against Pontiac Catholic.

Debets broke a school record set by Dave DeBusshere in striking out 16 batters. He gave up only one walk in the fourth inning. It was the left-hander's second no-hit game this year against Pontiac Catholic. The Friars went on to win, 4-0.

In the nightcap, Hernandez turned in a perfect game while striking out 12 batters. Hernandez allowed only three balls to be hit to the outfield by the Friars won 6-0.

Rich Cousinsman and Frank Misuraca supplied the Friars' offensive power with each player collecting four hits. The double victory gives the Friars a 5-3 league record and a 9-10 overall mark.

Pointe Police Win 2 Games

In spite of a cold defensive start, the Grosse Pointe Police softball team defeated a stubborn Sterling Heights Police team, 14-9, on Sunday, May 8.

The chilly temperature had the Pointers untracked until the third and fourth innings when they collected 11 runs.

The offensive attack was sparked by Bruce Marone, (Woods), three-for-three, Tom Hunke, (Woods), and John Trevillian, (Shores), two-for-three, and Mark Brecht, (Farms), two-for-two.

The Pointers were able to stay within reach in the early going by several fine catches by Trevillian, and Mike Kortas, (Park), turned in a strong pitching performance.

The second game of the double-header matched the Pointers against the fire-fighters from Sterling Heights.

Pointe hitters got into gear and trounced the firemen, 17-4. Trevillian set the pace with four RBI's, while Hunke knocked in three runs and Archie Grievie, (Shores), Wayne Baum, (Woods), and Brecht each had a pair of RBI's.

The Pointer defense was highlighted by the pitching of Baum and double plays turned in by shortstop Trevillian and second baseman, Pat Devine, (Woods).

The Pointers play next today, May 12, at 5:45 p.m. against "Greensboro Station," at Softball City, the State Fairgrounds.

On Sunday May 15, the team has another Sunday double-header. At 10:15 a.m. it faces Macomb County Probate Court and at 11:30 a.m. the East Detroit Police. The Sunday games are played at the Fraser Municipal Field, 14 mile road at Garfield.

Know Your Schools

By Dr. William Coats,
Superintendent of Schools

As a result of the ratification of the new Master Agreement for the years 1976-79 by both the Grosse Pointe Board of Education and the Grosse Pointe Education Assoc., (GPEA), a number of changes are occurring in the operation of the system.

Last week, in response to questions called into my office, I commented on some of the economic and the non-economic aspects of the new contract.

Judging from the amount of interest expressed in another change regarding the elementary school day, it would seem that some explanation of that item is in order. The negotiated agreement for 1976-79 requires us to do some re-scheduling of the elementary teacher's time.

Basically, the day remains unchanged for the elementary boy or girl, with these exceptions: (1). The afternoon session begins at 12:50 p.m. instead of 12:45 p.m.; (2). There is no early dismissal on Tuesday afternoon; and (3). Recess has been eliminated in grades five and six to accommodate time allotments for Art, Music and Physical Education.

More specifically, six factors make these changes necessary:

1. The change from a 60-minute lunch period to a 45-minute lunch period.

POINTERS TRAVEL

Pointers John C. Prost and Charles R. Rutan Jr. will be among the Detroit Assoc. of Life Underwriters contingent attending the Life Insurance Leaders of Michigan Sales Spectacular in Lansing.

2. The addition of a daily planning period from 12:15-12:40 p.m.
3. The change from beginning the afternoon session at 12:45 p.m.-12:50 p.m.
4. The elimination of early dismissal on Tuesday afternoons.
5. The requirement that elementary teachers shall be assigned a responsibility during the noon period.
6. The requirement to make assignments of teaching time and preparation time for elementary teachers equivalent to weekly totals for teachers in the secondary schools.

Many citizens may be unaware that at the heart of the issue is the concept of equivalency referred to in item six. It is important to understand that the Board of Education opposed including the equivalency concept in the contract but was unsuccessful in this regard.

The fact of the matter is that last spring the GPEA filed a class grievance on behalf of elementary teachers alleging a disparity between the number of minutes they spend daily in instruction and in preparation time compared to the number of minutes allotted to secondary teachers.

When the matter went to arbitration, the hearing officer upheld the union's position that the contract language dictated that "equivalency" in the elementary and secondary school days. Furthermore, the fact-finder recommended that the arbitrator's ruling on equivalency in his report.

The Board would much rather develop schedules and procedures appropriate for the different levels of instruction throughout the school system. However, we were forced to modify elementary schedules to meet the union's demand for equivalency.

The most direct and simple solution to the current dilemma would be an agreement by the teacher's union to delete the requirement for equivalency from the contract. The Board's team is open to an immediate proposal on this issue.

Given the constraints and parameters of the new contractual language, we believe that the altered program is in the best interests of pupils. Upper-grade children will benefit from more instructional time, while those in the lower grades will enjoy improved supervision during recess periods.

Center Hosts 'Cinderella'

The War Memorial has taken on the appearance of a magical fairyland as the tunes from the musical of the children's classic, "Cinderella," float through the building and out into the gardens, mingling with the movements and lines of the characters who keep time to the wand of the Fairy Godmother.

Bright splashes of paint blend together from the brushes of its members as they ready the stage sets outside the scene shop.

All this is in preparation for the Grosse Pointe Children's Theater Spring musical presentation of "Cinderella" which opens Saturday, May 14, at 11 a.m. and 2 p.m. at the William Fries Auditorium, 32 Lakeshore Road.

There also will be a matinee on Sunday, May 15, at 2 p.m. and an evening performance on Friday, May 20, at 8 p.m.

The admission charge will be \$1.50 for students and \$2 for adults, and tickets are on sale at the War Memorial. Group rates may be obtained by calling 886-1926.

Mrs. Sally Reynolds is producer and director of "Cinderella," while Mrs. John Mazer is musical director. Mrs. Richard Vogel is in charge of scenic design and costumes. Other parents and members of the theater complete the production staff.

Those playing leading parts are Terri Turpin, Liz Johnson, Cammie Dionne and Sylvia Mabarak in the title role of Cinderella. Tom Wiseley, Joe Pellerito and John Wise will play the part of the Prince.

The stepsisters are Sue Brammer, Diane Millenbach, Susie Kappaz, Jeanni Bentley, Amy Dietz and Karen Alpert. Mary Helen Berg and Marie Trembley will be seen as the Stepmother.

Ashes, the magical cat, will be brought to life by Laura Stanzky, Katie Mercier, Amy Quartier and Kerry Rator.

Don Clark will play the King and Sarah Taylor and Carolyn Chryznowski, the Queen. Cindy Wallace, Chris Roberts and Pauline Dionne will play the Princess in Gold with Lisa Berg as Lady Chancellor. Leo Babcock, Andy Vogel and Tom Buda will be seen as Biff, the Court Jester.

Yesterday is the waste basket into which every man's lost opportunities are dumped.

What Goes On at Your Library
 By William T. Peters, Director of Public Libraries

He was born in England in 1679 and buried in 1769 but he never really died. Who is this immortal? Why none other than Edmond Hoyle. Hoyle wrote short treatises on five different games in 1746 but today millions abide by "Hoyle's laws" governing dozens of table games. The remark, "That's not according to Hoyle," will stop any poker game until the rules have been consulted.

Hoyle himself died at least 50 years before poker was invented!

This week's column is dedicated to the one-eyed jacks and the king with the axe. To find out more about these good luck pieces consult **PLAY POKER TO WIN**, by Thomas Auslin Preston and Bill G. Cox, (Grosset and Dunlap, 1973).

Mr. Preston, better known in gambling circles as Amarillo Slim, is, if you choose to believe the author, the best poker player in the world.

In this book he tells how he wins at poker and how you also can be a winner. You will learn how to bet, when to bluff and, most important of all, when to drop out.

In Amarillo Slim's jargon, if you're a sandwich and are holding a snowball don't rock along, don't squeak, just duck.

Another book that might help your poker game is **THE NEW COMPLETE HOYLE**, edited by Richard L. Frey, (Doubleday, 1964). Only the first two chapters are concerned with poker history, rules and strategy. The balance of this book is devoted to explaining over 500 games played with cards, dice counters, boards, words and numbers.

Some of the more popular and best known games are backgammon, dominoes, gin rummy, contract bridge, canasta, scrabble and hearts. A number of juvenile games add value to this authoritative book.

It has been said, perhaps with some truth, that you can live as cheaply as you can play gin rummy.

To cut your losses, improve your game by a careful reading of **HOW TO WIN AT GIN RUMMY**, by Oswald Jacoby, (Henry Holt, 1959). Gin was introduced in 1910 at the Knickerbocker Whist Club in New York City by Elwood Baker. Thirty years later it was the most popular card game in this country. The game is easy to learn and simple to play. It is fast, with plenty of action.

Chapters for beginners only and the average player are followed by tactics and strategy for experts. Probability plays a tremendous role in skillful play, according to the author. He has included a chapter on "The Mathematics of Gin." The final chapter contains the laws govern-

ing the game.

Mah Jong, the ancient game of China, is similar to rummy. This every player for himself game is explained in a slim 59-page book entitled **MAH JONG ANYONE?** by Kitty Strauser and Lucille Evans, (Charles Tuttle Co., 1972).

Primarily a game for four persons, the instructions in this manual are given for that number. However, two and three-handed games are briefly described.

A Mah Jong set consists of 144 basic tiles. Accessories include four racks to hold the tiles while playing, counters to serve as money, dice and a small container, such as a bowl, for the "kitty." My personal observation is that if you can learn to identify all the tiles, actually playing the game should be easy.

I'm afraid 59 pages of instruction are not enough for most readers to respond to the invitation, **MAH JONG, ANYONE?**

Another ancient game, although more readily understood, is checkers or draughts, (same game). Tom Wiswell in his book, **THE SCIENCE OF CHECKERS AND DRAUGHTS**, (A. S. Barnes, 1973), doesn't spend any time going into the history of the game, but plunges right into strategy and tactics.

The major portion of the book is the presentation of end game and mid-game problems that a player may have to cope with. Fortunately, the solution is given for each problem.

Rules drafted by Andrew Anderson, world champion, in 1852 are the ones used in competition. Rule 14 is interesting, "Players shall be allowed to smoke during a game, but care must be exercised not to blow smoke across the board, lest it annoy an opponent. If a player is thus annoyed, he may object to his opponent's smoking, in which case neither player shall be allowed to smoke."

Your game may be monopoly. If so try **THE MONOPOLY BOOK**, by Maxine Brady, (D. McKay, 1974), or should you wish to know more about backgammon, reading **THE NEW YORK TIMES BOOK OF BACKGAMMON**, by James and Mary Zita Jacoby, (Quadrangle, 1973), is a good place to start.

George Bernard Shaw observed that, "People may trifle with their business and their politics, but they never trifle with their games."

It's a waste of time to expect everybody to be reasonable.

One View from the Capitol
 By William R. Bryant Jr.

Sentencing of convicted criminals is a crucial part of our criminal justice system, but this has been neglected by the state House Judiciary Committee.

Rep. Paul Rosenbaum is the chairman of the House Judiciary Committee. Although he has promised for four months to appoint a subcommittee to work on the many bills, including mine, dealing with sentencing, he has failed to date to create that subcommittee.

Sentencing, like most major issues, should not be a partisan issue, and I do not intend to make it one.

I have criticized Oakland County Prosecutor Brook Patterson, a Republican, for being sensationalist on the sentencing problem. Now, I must criticize Democrat Rosenbaum for his slowness in creating the needed mechanism for legislative work on the sentencing proposals.

It is sad to see an issue about which so many people feel so strongly tossed about between two potential attorney general candidates.

Such actions do not speak well of either gentleman.

What Mr. Patterson should do is push for legislative action, and be willing to face, admit and debate the many complex issues which he seems anxious to ignore.

What Mr. Rosenbaum

Postpone Exam In Murder Case

The examination of two Louisiana men, who are charged with first degree murder in the slaying of a Woods man in January, has been adjourned from Monday, May 2, to Monday-Tuesday, May 23-24, reported St. Clair Shores Police Sgt. William Hannah.

The suspects, Daniel B. Clements, 30, and James A. Dunn, 34, are allegedly involved in the murder of Jack Whiteley, 60, whose body was found at the Shorian Motor Inn, 20000 Nine Mile road.

Arrested in early February in a Pittsburgh, Pa., cafe after police spotted an illegally parked pickup truck which matched the description of the wanted vehicle given by Michigan authorities in the incident, the pair were extradited last month after a hearing was held on Michigan's request.

Letters to the Editor

To the Editor: The Grosse Pointe Jaycees, in behalf of the Grosse Pointe Foundation for Exceptional Children and the Grosse Pointe Assoc. for Retarded Citizens, would like to thank all citizens who helped the Jaycees sell over \$7,000 worth of jelly during the first weekend of April.

The generosity of our people in the Grosse Pointe area can best be rewarded by seeing the work of these organizations. Many children are helped to master the simplest skills and learn basic behavior characteristics, in an atmosphere of patience and understanding.

I was very satisfied with the results of this campaign. I would like to thank all citizens who helped the children through their purchase of jelly.

This year, Grosse Pointe led all other Michigan Jaycee chapters in total sales.

Sincerely, John Chouinard, Project Chairman, Grosse Pointe Jaycees

Students Join Classical Club

South High School members of the Junior Classical League recently joined in seminars, contests and Olympic games sponsored by the Michigan Junior Classical League convention at Michigan State University.

After a keynote address by Dr. Bernard Goldman, from Wayne State University's department of fine arts, the students participated in seminars on ancient myth, modern super heroes, Roman architecture and Star Trek and the Greek myth.

A group of 18 South High students competed in several contests. John Krieg took first place in level one mythology, Jennifer Zinn captured first in level two mythology, Doug Kuhn took first in level one derivatives and Carole Ruwart was first in level three derivatives.

In addition, South's Sue Keegan was elected to state office in the league for 1977-78.

South High's league sponsor is Ward Christlieb.

Senior citizens, the backbone and creators of today's generation, are forgotten and abused. Nothing of a substantial nature has been legislated to ameliorate their financial situation.

I propose and demand that the U.S. Government enact a law to freeze a retiree's real estate taxes retroactive to the year of retirement.

The retiree is always on the "give out" and never on the receiving decisions, like going on strike and getting what they want, and who pays for this — the retiree, of course.

When every business, (utility, car, food, etc.), jacks up the cost of commodities, who pays the penalty for this, the retiree, until he is removed from the face of this earth by death or forced out of his homestead which most persons worked hard their entire life to attain.

Carmin Guerrero, 759 Washington road, Grosse Pointe City.

District Courts Slammed Again

For the second time within two weeks, the Woods Council stressed its opposition to the proposed conversion of municipal courts to district courts.

On Monday, April 18, the council authorized the mailing of a previously drafted resolution against the change-over to several state officials, including Rep. Paul A. Rosenbaum, chairman of the House Judiciary Committee, all committee members, Sen. Joseph Snyder, Sen. John Hertel and Rep. William Bryant.

The latest resolution was drafted at the urging of Rep. Bryant, who attended a hearing, conducted by the committee, on the conversion Friday, April 22.

He suggested in a letter to City Administrator Chester E. Petersen that the council once again pass a resolution opposing any mandating of a district court on The Woods, whether alone or in combination with Harper Woods.

In response, the council at its regular meeting Monday, May 2, unanimously approved the measure which says the state House of Representatives is again considering proposed legislation which would impose upon the city a district court, thereby abolishing its existing municipal court which "serves the needs of the community in an exemplary fashion."

It also says the council desires "to impress upon the elected representatives in the State Legislature that the city does not desire to be compelled to establish a district court either in conjunction with a neighboring city or a district court comprising only the geographical area of Grosse Pointe Woods."

Besides Reps. Bryant and Rosenbaum, and Sens. Snyder and Hertel, all communities with municipal courts were sent copies of The Woods' resolution.

Class of '37 Sets Reunion

Grosse Pointe High School's 1937 graduating class will gather Saturday, May 28, at the Grosse Pointe Hunt Club, 855 Cook road, at 7 p.m. for its first get together since graduation.

Class members who have not already been contacted should call Audrey Galbraith Grow, at 885-2060, or Betty Mandel Coddington, at 885-0399, to make reservations.

The 40th reunion team, which also includes Peggy Mitchell Boyer, Dorothy Schueler Chope and Bud Swegles, has accepted reservations from classmates in California, New Jersey, Washington, D.C., Alabama, Pennsylvania, Virginia and Switzerland.

Wheeeee! It's The Sport of The Future

Photo by Tom Greenwood

They look determined, don't they? If they could get their way, there would be a skateboard park in The Woods so that local sidewalk surfers could leave the streets to cars. The skateboard is here to stay and the

young people, (from left to right), BOB McQUEEN, JERRY DEENEY, KENT GRAHAM, KEVIN FITZPATRICK, KIRK THAMS and BRUCE McDougall, think it's a sport of the future.

Technological Advances

In Skateboard's Rebirth

By George Polgar Jr.

In the mid-sixties, the skateboard was one of those California flights of fancy that never really caught a wave the first time around. And today, like many other things, the skateboard has been born-again.

The idea of being able to surf — so to speak — on dry land has always appealed to many youngsters but, in practice, skateboarding had serious drawbacks. The small boards with the metal or pressed clay roller skate wheels were rough to ride and even rougher to fall off of. Even agile riders found them difficult to maneuver, and a crack in the pavement would stop the ride dead.

But now advances in technology have yielded the new and improved skateboard and the sport is again riding high. The greatest improvement has been the introduction of flexible, plastic wheels and suspension-like mountings called trucks. The board, too, is now usually made of some pliant fiber glass or plastic. All this adds up to a smoother, more controllable ride.

The point, with its many quiet side streets, has spawned a brigade of sidewalk surfers that could surely match the talents of counterparts in any other state, even California, where the skateboard rebirth started. They are a committed band of free-wheelers who will take advantage of any inclined surface to test their skills.

The pit stop of Pointe skateboarders is Gray's Sport Shop on-the-Hill, where on any given afternoon an observer is likely to find a knot of riders gathered around the newest shipment of special equipment.

"The skateboard business is booming," said shop owner Terry Griffin. "Especially here, because this is a community with a lot of skiers and skateboarding requires the same kind of skills. We have had so many kids hanging around here with skateboards that we decided to make up tee-shirts and form a team."

Skateboard sales are rocketing but there is even more to it. There is a slick magazine called the "Skateboarder" which bears a similarity to other specialized sports publications all the way down to the ads.

Skateboard parks are sprouting in many areas of the country and there is talk of making skateboarding an Olympic sport.

Recently the Woods Council was asked to consider building a skateboard park — usually a large concrete bowl — by a delegation of local youngsters.

Bruce McDougall, 14, Kirk and Keith Thams, 15 and 14, respectively, Bob McQueen, 14, Jerry Deene, 13, and Kent Graham, 14, all of The Woods, decided about two months ago that it was time to get skateboarding out of the streets — and Jacobson's parking garage — and into a regular rink.

They collected 200 names, half of them parents, for a petition to the city and submitted the question to the Citizens Recreation Commission.

"Skateboards and skateboard parks are a big business," said Bruce. "And besides, if the city is worried about safety, it would be smarter to have all the skateboarders in one place instead of in the streets."

The council was not convinced that there is a pressing need for a major investment in the skateboard boom and denied the request.

The boys accepted the defeat graciously but have not given up the fight. "Those council people think this is just a fad but it isn't,"

said Bruce with the fervor of a true believer.

"They are worried about safety but in a skateboard park, riders have to wear helmets, knee and elbow pads and gloves," said another member of the skateboard lobby. "You know it's the 15th safest sport there is, just behind bicycles."

If all this sounds good to some parents out there and skateboarders seem like the answer to birthday gift giving problems for all the kids, get ready to dig deep into the cash barrel.

A skateboard today costs anywhere from \$35 to \$200 depending on what kind of special equipment is included. There are varying qualities in wheels, trucks and boards and there are different models available for special kinds of riding.

If you are a class-conscious rider you might want a Mercedes Bends. If you are a hotdogger, a brand like Freestyle might suit you. If you are looking for a vacation on your new wheels, how about Skateboard City in Florida.

Give skateboarding a year or two. It may be mothballed along with hoola-hoops and pet rocks or it could be the sport of the future.

GPW Furnishes Kitchen at Park

The Woods Council concurred in a recommendation of the Citizens Recreation Commission on the purchase and installation of kitchen equipment for the new bathroom at the Lake Front Park.

This action was taken at the regular meeting Monday, May 2.

The commission at its Tuesday, April 19, session, discussed the desirability of having the kitchen furnished in order to facilitate its use by various groups within the city.

Then, it unanimously adopted a motion that the council consider the purchase and installation of a refrigerator, electric stove, kitchen sink and cabinets. The estimated cost is placed at around \$1,000.

Jewels & gems
by Jerry Valente

Gold is the precious metal most often used in fine jewelry. When you are purchasing a piece of such jewelry, be sure to check for the small manufacturer's mark that indicates the purity of the gold. According to government rules in both Europe and America, twenty-four Karat gold is the term for pure gold. Because of its softness, however, pure gold is rarely used in jewelry. Some combination of silver, copper and zinc is added to pure gold to form an alloy. Thus eighteen Karat gold represents a metal alloy with a ratio of eighteen parts of gold to six parts of, say silver and copper. Fourteen Karat gold is commonly used because of its hardness.

We invite you to come in to VALENTE JEWELRY, 16601 East Warren at Kensington, 881-4800, Detroit, whether you are presently contemplating the purchase of a piece of fine jewelry or not. If you are looking for something truly different, we have a wide variety of one-of-a-kind items on display. If you like, you can bring in your antique jewelry for appraisal. We're open daily from 9 'til 5:30 and Fri. 'til 7:30. (starting in June, we'll be closed Fri. evenings.)

GEM FACT: The lowest grade gold that can be termed as such is ten Karat gold.

Elegant dining starts at LAMBARDI'S RESTAURANT, 17125 E. Warren at Cadieux, Detroit, TU 5-9100. Whether you come in after Sunday Mass with your family for luncheon, or you are planning a bridal shower or wedding reception, you will be assured of excellent food as well as top-notch service by people who care. Let us create a menu for your special party. LAMBARDI'S is known far and wide for its Italian pasta and excellent pizzas. In addition to our Italian specialties, we also feature seafoods, chops and steaks.

Cocktails before meals are served as appetizers. They should not be sweet, and they should not be accompanied by much food — this is because they are intended to stimulate the appetite, not quench it. If the weather is hot, dilute liqueur in water or fruit juice, and serve with ice — these are even more refreshing than cocktails. If guests are first time visitors and you are not sure of their preference, be sure to offer dry sherry or fruit juice as well as cocktails.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

It's Grosse Pointe Symphony Week next week, so proclaimed, for the second year in a row, by the Mayors of all the Grosse Pointes, and local merchants, via the Hill Association and the Grosse Pointe Village Association, are cooperating with the Grosse Pointe Symphony Women's Committee, which is masterminding the May 15 through 21 celebration, to give our neighborhood a symphony look and sound.

Mrs. Lyndle R. Martin, of Middlesex boulevard, Symphony Week coordinator, is delighted that musical instruments, scores and memorabilia will be displayed in the windows of cooperating stores, shops and offices, and that music will be broadcast outdoors, in certain areas, for the enjoyment of shoppers and passers-by.

Very fittingly, the Week will open with the Grosse Pointe Symphony playing the fourth concert of its current season, this Sunday, May 15, at 3:30 o'clock in the Performing Arts Center at Grosse Pointe North High School.

As always, the entire audience is invited to the post-program reception. The afternoon will feature two special attractions: violinist Linda Snedden Smith as special guest soloist, and John Trudell and his jazz ensemble, now appearing at Dearborn's Hyatt Regency Hotel, playing David Vandepitt's exciting "Jazz Synthesis."

Also very fittingly, the Women's Committee has scheduled two of its social events to coincide with the Symphony Week celebration.

Mrs. W. Victor Benjamin is opening her Ridge road home Monday afternoon, May 16, from 2 until 4 o'clock, for the Committee's membership tea. Mrs. Donald Cherry is in charge of plans and arrangements. (Continued on Page 21)

Juniors Honor DSO's Ceccato

The Junior Women's Association for the Detroit Symphony Orchestra held its own farewell reception in honor of departing Mastro Aldo Ceccato and Mrs. Ceccato following the Saturday evening, May 7, DSO concert at Ford Auditorium.

The symphony's management is hosting a champagne-on-the-house reception and receiving line lost Thursday and Saturday evenings, May 5 and 7, in the lower lobby of Ford Auditorium for all concert-goers.

The juniors scheduled their Green Room buffet-reception following the champagne reception Saturday evening.

The planning committee consisted of the Mesdames John E. Young, of Audubon road, John Edgar, of Broadstone road, Charles Endicott, of Stratton place, and Herman E. Mozer, of Mauder avenue. Don and Judy Jensen, of The Arrangement, handled the floral decorations and centerpieces.

Juniors officiating in the Thursday evening receiving line will include Mr. and Mrs. William Denomme, of Balfour road, Mr. and Mrs. Louis Mushro, of Carmel lane, and Mr. and Mrs. David Lindner, of Balfour road. Officiating in Saturday's receiving line were Dr. and

Mrs. Virgil Goodman, of Vernier road.

Dr. and Mrs. Henry Domzalski, of Windmill Pointe drive, were in the receiving line both evenings. Marilyn Domzalski is current President of the Junior Women's Association for the DSO.

Shea-Menagh Troth Is Told

Kim Michelle Menagh and John L. Shea whose engagement has been announced by her parents, Mr. and Mrs. Charles R. Menagh, of Blairmoor court, are making plans for an August 26 wedding.

The bride-elect, who received her Bachelor of Music degree from Michigan State University, is director of Primary Music Education for the Wilmington City Schools, Wilmington, O.

She is affiliated with Alpha Delta Pi and serves as president of Sigma Alpha Iota music fraternity for women.

Her fiancé, son of Mr. and Mrs. Leo M. Shea, of Lancaster road, Harper Woods, received his Bachelor of Science degree in Hotel Management from Michigan State University, where he affiliated with Rho Omega Alpha.

Mrs. Mark Brown

Marriage vows were spoken Saturday, May 7, in Saint Joan of Arc Church by PAMELA JO CHARGOT, daughter of the Harold Chargots, of Hampton road, and Mr. Brown, son of the Paul Browns, of Saginaw.

A Spring Wedding For Miss Chargot

Evening Reception at Hillcrest Country Club Follows Afternoon Ceremony at Which She Becomes Bride of Mark Brown

Vacationing in the Bahamas are Mr. and Mrs. Mark Brown, who exchanged marriage vows Saturday, May 7, in Saint Joan of Arc Church. They will return to make their home in Troy.

The bride, the former Pamela Jo Chargot, daughter of Mr. and Mrs. Harold Chargot, of Hampton road, wore an Empire gown of candlelight Qiana, styled with a seven-foot, cathedral train.

Her yoke and Victorian neckline were accented with seed pearls and re-embroidered Alencon lace, a motif repeated at the wrists of her fitted sleeves.

A profile headpiece featuring a cluster of matching lace and seed pearl flowers on the right held her long, chiffon

veil. She carried a white lace fan with a white orchid surrounded by yellow Sweetheart roses and Stephanotis.

The Reverend Edward Mitchell, of Saint Joan of Arc Church, and the Reverend Richard Lobb, of Ames Methodist Church, Saginaw, officiated at the 1 o'clock double ring ceremony.

Deborah Chargot came from Akron, O., to serve as her sister's honor maid. Bridesmaids were Mrs. Michael Conrod, another sister, of Sturgis, Ann Sinelli, of Minneapolis, Lori Goldman and Robin Wilkinson.

They wore yellow Qiana frocks with matching flowers in their hair, and carried yellow parasols with attached bouquets of carnations and daisy pompons, which they later removed and wore as wrist corsages.

Michelle Conrod, flower girl for her aunt, wore a flowered pink gown trimmed with lace-edged ruffles, and a long, pink satin ribbon in her hair. She carried a basket of pink carnations, white daisies and yellow rosebuds. Randall Brown came from Dayton, O., to act as his brother's best man. They are the sons of Mr. and Mrs. Paul Brown, of Saginaw. Groomsmen were Craig Brown, another brother, Rob

ert Currie, Robert Lutz and James Koerner, of Kalamazoo.

For her daughter's wedding and the evening reception at Hillcrest Country Club, Mrs. Chargot selected a blue chiffon gown accented with seed pearl and crystal beading. The bridegroom's mother chose a lace-trimmed pink crepe gown with a matching lace-trimmed jacket.

Both mothers wore white orchid corsages.

June Wedding Date Is Made

Making plans for a June 10 wedding are Kathryn A. Reynolds and John Paul Trupiano, Jr., whose engagement has been announced by her parents, Mr. and Mrs. Ellsworth G. Reynolds, of South Oxford road.

The bride-elect was graduated from Grosse Pointe North High School and received a Bachelor of Science degree in Home Economics from Eastern Michigan University.

Her fiancé, son of the John Trupianos, of Audubon road, Detroit, was graduated from Bishop Gallagher High School, received his Bachelor of Arts degree in Accounting from Lawrence Institute of Technology and is working toward his Masters degree in Management at Wayne State University.

Dickson-Kelly Rites Planned

A May 29 wedding is being planned by Ellen Marie Kelly and Henry Charles Dickson, Jr., whose engagement has been announced by her parents, Mr. and Mrs. Edward Nicholas Kelly, of Dedham, Mass.

The bride-elect was graduated from the University of Massachusetts, Boston campus, with a Bachelor of Arts degree in Political Science, and received her Masters degree in Business Administration from Babson College.

Her fiancé, son of Mr. and

Mrs. Albert Charles Dickson, Jr., of Fair Acres drive, received both his Bachelor of Science and Masters degrees from Babson College.

He affiliated with Alpha Kappa Psi and Blue Key, was president of the Theater Guild and school vice-president, and was named to "Who's Who Among Students in American Universities and Colleges."

He is now associated with Central National Bank, Cleveland, O.

Questers Have A Busy Spring

Spring has been a busy season for Windmill Pointe Questers, who gathered in Lucy Kenn's Beaupre road home for their March meeting during which members voted to change their regular meeting date from the fourth to the third Monday of the month, beginning in September.

Ellen (Mrs. Joseph B.) Fresard, of Edmundton drive, was received into membership, and Mrs. Kenn presented the program, "Thimbles and Pill Boxes."

Mary Putnam has presented her "Household Helpers" talk to her own Windmill Pointe group and to Grosse Pointe Chapter Questers in April.

Elaine Cain, of East Outer drive, was hostess to the Windmill Pointers in April. Members enjoyed examining Mrs. Cain's outstanding collection of English, Irish and other china.

A slate of officers for the coming year, headed by Mrs. Cain as president, was elected at this meeting. She will be assisted by Dorothy Noren and Helen Carter as first and second vice-presidents, respectively.

Dorothy Rieven will serve as treasurer, Joan Gillis as historian.

New members received during April were Dorothy (Mrs. Murray R.) Fiekin, of Harvard road, and Sharlene, (Mrs. Ray D.) Thayer, of Buckingham road.

The May meeting will feature a trip to the Park House in Amherstburg, Ont. Mr. Park, a British sympathizer during the American Revolution, moved his house lock, stock and barrel to Canada as a protest against the "rebels."

Luncheon at Windsor's L'Auberge Restaurant will conclude the year's programs.

Pointer Bridge Girls End Year

The Pointer Girls Bridge Club will close the 1976-77 season with a buffet luncheon starting at 11:30 o'clock next Thursday, May 19, in the Grosse Pointe War Memorial's Alger House.

Set Stapleton Center Benefit

The Friends of Stapleton Center will sponsor a benefit luncheon and fashion show Wednesday, May 18, in the Grosse Pointe War Memorial's Fries Auditorium.

Mrs. William P. Chester, of Roosevelt place, newly-elected Friends president, has appointed Mrs. Theodore Clark chairman of the noon party.

Assisting her as co-chairmen are Mrs. Charles T. Fisher, Jr., and Mrs. Joseph F. Flaherty.

Fashions will be by Maria Dinon. Mrs. Walter B. Fisher is in charge of the models. Rachael Ryan of music, Rosemary Downey of reservations and Mrs. Joseph Bejin of finance. All are Pointers.

Bloomfield Hills-Birmingham lending assistance include Mrs. Aloysius F. Power, Mrs. Jerry T. Flanagan, Mrs. Thomas A. Murphy, Mrs. Edmond Dilworth and Mrs. Richard Mrowczynski.

Reservations at \$8 per person, which must be in before Monday, May 16, may be

made through Miss Downey, 882-5915. All are welcome. Stapleton Center, located in Agnes street on Detroit's East side, provides gracious living for 62 retirees in a "campus concept" permitting community living while still maintaining residents' individual independence.

The Center occupies a square block, including a beautifully-landscaped fountain and courtyard, with comfortable lawn furniture.

Women Accountants Will Meet May 17

Robert M. Teeter, executive vice-president of Market Opinion Research in Detroit, president of the National Association of Political Pollsters, will be guest speaker at the American Society of Women Accountants' dinner meeting Tuesday, May 17, at the Top of the Flame.

"Polling and Forecasting" will be his topic following cocktails at 5:30 and dinner at 6:30 o'clock. Reservations may be made by contacting Dorothy Peers, 776-0143.

Lochmoor Highlights Pointers' Photos

SHIRLEY (Mrs. Alex) DOMIN, chairman of Lochmoor's Art committee, previews photos by JACK O. SUMMERS, (center), Grosse Pointe South High School instructor, and his students, including JOE

GREINER, featured in an exhibit which opened Tuesday, May 10, with a 7 to 9 o'clock reception, and will continue through early June at the group show.

More of Mr. Summers' current students represented in the Lochmoor exhibition are Doug Fitch, Chris Nelson, Barb Penoyer, Pam Kincaid, Jeannine Keller, Ross Murray, Alex Krentzin, who took the above picture, Bill Miller, Karen Prosky, Jerry Greiner, Kathy Johnson, Jim Truba, Diane DeForest, Earl Raynal and John Leslie.

Former students David Fischer, Donna Beebe and Mark Domin are also on the roster of exhibitors.

In the past, Lochmoor has spotlighted the work of Grosse Pointe North High

students and members of the Grosse Pointe Artists Association, as well as work by various local artists residing in Grosse Pointe.

Last month's featured artist was painter Barbara Hoag. The month before saw an exhibition by painter Dorothy Hurley and her students.

Serving with Mrs. Domin on Lochmoor's Art committee are Phyllis (Mrs. Wilton) Henderson, Nora (Mrs. George) Kramer, JoAn (Mrs. Joseph) Mihelich, Pat (Mrs. Don) Miller, Jan (Mrs. James) O'Berski and Marge (Mrs. Don) Wood.

Tri-Deltas Close Year With a Pansy Brunch

Members of the Detroit-Grosse Pointe Alumnae Chapter of Delta Delta Delta gather next Wednesday, May 18, at 11:30 o'clock in the Whittier road home of Mrs. James Meyers for their annual Pansy Brunch: the salad luncheon which traditionally brings the year's business to a close.

The program will include installation of Mrs. Don Ball as reference chairman.

Alumnae who have completed 50 years' membership in the fraternity will be recognized as Golden Circle honorees.

All area Tri-Deltas are invited, and may make reservations by calling Mrs. Martin F. Owens, 886-0459.

Planned for Friday evening, June 10, is a Couples' Party to be hosted by Mrs. Nev Pack, of Oxford road. Assisting her and taking reservations is Mrs. Robert Schueler, 884-1075.

Any Tri-Delta to the area or planning an address change is asked to notify membership chairman Gail Mixa, 751-1216.

JENNIFER STEELE, daughter of the LAWRENCE STEELES, of Nottingham road, received straight A's during the fall semester at Northern Michigan University.

Cited for academic excellence during the winter trimester at Foxcroft School, Middleburg, Va., is SIBLEY GILLIS, daughter of MR. and MRS. GAYLORD GILLIS, JR., of Merriweather road.

Program Day for Pre-Retirees

A workshop for pre-retirees in the Detroit School System will be conducted by the Detroit Association of Retired School Personnel Saturday, May 14, from 8:30 to 1 o'clock at the Rackham Building Auditorium.

Walter Kendall, president-elect of the Association, is in charge of the program.

Information Day is designed to acquaint active school personnel with issues which will affect them after retirement. Experts in the fields of taxes, pensions, pension legislation, social security, Medicare and insurance questions will be answered.

Among the scheduled speakers is Dorothy Eubank, executive director of the Retirement Co-ordinating Council for Michigan Public School Employees.

The Council, based in Lansing, is composed of approximately 30 public school employe organizations. Its primary function is to work with the state legislature to obtain pension plan improvements; in this effort, the Council has had considerable success.

Another speaker will be Thomas J. Northey, with the Michigan Education Association for 20 years in field services and research, mem-

bers of the National Retired Teachers Association board for Retirement Education.

Mr. Northey, who teaches college courses on retirement, has written several booklets for pre-retirees. His latest is entitled "Easing Into Retirement."

Coffee and doughnuts will be served from 8:30 until 9 o'clock. There is free parking in the Engineering parking lot, entered from Warren avenue.

Star of Sea Rites For Janet K. Mok

Dr. and Mrs. Nicholas George Makris Are at Home in Birmingham after Winter Wedding and Vacation in Colorado

The wedding of Janet Katherine Mok and Nicholas George Makris, M.D., in Our Lady Star of the Sea Church Saturday evening, February 5, was followed by a reception at Lochmoor Club.

The newlyweds vacationed in Aspen, Colo., and are now at home in Birmingham.

The bride, daughter of Mr. and Mrs. Ira E. Mok, of Torrey road, wore an Empire gown of candlelight satin with re-embroidered Alencon lace, styled with a scalloped neckline, long sleeves ending in wrist ruffles, and a cathedral train. A lace cap held her fingertip mantilla. She carried phalaenopsis orchids, ivy and azalea blossoms.

She was attended by her sister, Mrs. Thomas D. Haynes, as honor matron, and by bridesmaids Suzanne R. Stehle, of Milwaukee, and Mrs. James H. Pilkington, sister of the bridegroom. Their apricot jersey frocks were long-sleeved and cow-

necked. Bird of Paradise and starburst protea formed their bouquets.

Dr. Makris, son of the late Mr. and Mrs. George Makris, of Royal Oak, asked Dr. Roger Klettke, of Kalamazoo, to act as best man.

Flower girl Melissa Makris, the bridegroom's niece, wore a white eyelet pinafore over a yellow frock, and carried a nosegay of yellow Sweetheart roses and baby's-breath.

Ring bearer was Gregory Makris, the bridegroom's nephew.

Dr. Jerry A. Dancik, of Whitehall, Mich., and Ira E. Mok, the bride's brother, seated the guests.

The mother of the bride selected a cocoa chiffon costume and an orchid corsage. Father Steven Rekker pre-

A Special Day for Methodists

The United Methodist Women of Grosse Pointe United Methodist Church will meet Tuesday, May 17, at 9:15 o'clock for their annual May Breakfast and Auction at the church.

Hostess for the morning meal will be Martha Circle. Devotions will be led by Mrs. Robert Shover.

Items to go on the block include handmade articles, baked goods or like-new treasures brought by the attendees. Auctioneer Mrs. Arthur Batten is not only an expert but most eager to get

the highest possible bids, since all proceeds go to the Methodist Children's Village. Admission is \$1.50 at the door. Reservations may be made through Friday, May 13, by calling the church office, 886-2363. Nursery care is available.

The Wesleyan Fellowship has planned a dinner meeting, also for May 17, at 6:30 o'clock at the church. Hostesses will be Mrs. Melville Kennedy and Mrs. Ralph Recor.

The program will feature Mrs. Noel Fry, speaking on "Africa the Beautiful."

MACLD Schedules Art Auction Benefit

The Detroit Chapter of the Michigan Association for Children with Learning Disabilities, a non-profit organization of parents and professionals working together at state and local levels to insure appropriate public school education for children with learning disabilities, has scheduled an art auction fund-raiser for Saturday evening, May 14, at the Gallery Art Center in Berkley.

A champagne preview from 7:30 to 8:30 o'clock will precede the auction of original signed oils, lithographs, woodcuts and metal sculptures, valued from \$5 to \$500, by such well-known artists as Dali, Rockwell, Hibel and

Mingolia plus many new talents.

Donation is \$1 per person. Proceeds will go toward the purchase of films on learning disabilities, to be shown to PTA, school staff and other groups. Further information may be obtained by calling 839-8125.

Midshipman First Class RODNEY D. DODSWORTH, son of CAROLYN R. HEEB, of Fairholme road, has been designated a Midshipman Ensign as administration officer of 18th Company at the United States Naval Academy, Annapolis, Md.

ments. Mrs. J. H. Marshall and Mrs. Lester Maurer are taking reservations. The occasion, which traditionally recognizes new members, will also feature a musical program.

Mrs. Thomas Schoenith has accepted the chairmanship of an invitational cocktail party, to be held at the Ranger House in East Jefferson avenue from 5 to 8 o'clock Saturday, May 21. Mrs. Florence Sisman, a long-time friend and supporter of the Pointe Symphony, is honorary chairman.

Rounding out the week's agenda is the Grosse Pointe Symphony Society's annual meeting and dinner, set for Thursday evening, May 19, at 6 o'clock at Lochmoor Club, with Mrs. Bogdan Baynert as general chairman.

All these events, festivities and displays are designed, of course, to underscore Grosse Pointe's good fortune in having its very own classical orchestra, under very able conductor Felix Resnick, to perform four Sunday afternoon concerts each season in The Pointe, readily accessible to localites and their families.

A Grand 'Attic' for a Sale

Antiques, collectibles, memorabilia and — are you ready for this one?—"joyeux junques" are being offered this Saturday and Sunday, May 14 and 15, at the Detroit Historical Society's Attic Antique Sale.

And what a grand "attic" they've chosen to hold it in! The sale, running from 10 to 4 o'clock both days, will be presented in Detroit's own Historic Fort Wayne, located at Jefferson and Livernois avenues.

And that's very fitting, for all sale proceeds will go toward the continuation of the Fort Wayne restoration. Fort Wayne, built in the 1840's, is in

July Bride

Plans for a July wedding are being made by BARBARA ANNE HANSEN and Andrew James Munro, whose engagement has been announced by her parents, Mr. and Mrs. Robert S. Hansen, of Severn road.

The bride-elect was graduated from Grosse Pointe North High School in 1973 and will receive her Bachelor of Arts degree from Michigan State University, where she majored in Advertising, this June.

Mr. Munro, son of Mr. and Mrs. Willard E. Munro, of Birmingham, was graduated in 1972 from Detroit Country Day School and received his Bachelor of Arts degree in Accounting, with honors, from Michigan State University, where he affiliated with Phi Gamma Delta.

He is now attending Detroit College of Law, expecting to be graduated in 1979.

St. Philomena Sets Carnival

Rides and games, a Flea Market, a Homemade Articles Booth and a Bake Sale, dinners with entertainment... all will be featured at Saint Philomena's spring carnival.

It opens tomorrow, Friday, May 13, on the church premises in Marseilles street, just off Mack avenue.

It will feature activities for all age groups, plus outstanding prizes.

A smorgasbord dinner will be served during Friday hours, 6 to 10 o'clock. Saturday, May 14, the carnival runs from noon to 10, with a German dinner starting at 5 o'clock.

Sunday hours are 1 to 9

Choices Focus on Housewife

Is running your house a chore, a hind or a bore? Do you long to "get out from under?"

A workshop, You Are A Household Manager, is being offered by Choices Women's Center Tuesday, May 24, from 9:30 to 11:30 o'clock. Choices is located in the Saint Ambrose Community Center Building in Hampton street, with entrance via the parking lot in Wayburn road, west of Jefferson.

The workshop, being repeated by popular request, will be taught by Ann McCleary and Connie Tilly. It

helps women to look critically at priorities in both time and psychological effort expanded, and decide how to emphasize their own special value systems.

"I applied techniques from this course that moved me from dead center," says one former workshop member. Another comments: "This course has made me view myself as an important, vital person, not just a housewife, but a Household Manager."

Cost of the workshop is \$10. Reservations may be mailed to Choices, 14920 Hampton, Grosse Pointe Park, Michigan 48230.

Further information may be obtained by calling 848-6048, Monday through Friday, between 9 and 1 o'clock.

Telecast Ends Concert Series

Pointer Roma Riddell, soprano, will be featured in the final concert of the Laudenslager Music Series' fifth year, to be telecast live from Orchestra Hall Monday evening, May 16, from 8 until 10 o'clock on Channel 56.

The event, first live telecast from Orchestra Hall, was made possible by a grant from the Mobil Oil Foundation. It brings together a variety of forces: Orchestra Hall, the Detroit Chamber Orchestra presented by the Laudenslager Music Series, Channel 56 WDET-FM and Mike Whorf of WJR Radio.

Mrs. Riddell will repeat her January 30 performance of George Crumb's "Night of the Four Moons."

Tickets at \$5 general admission, \$2.50 students and senior citizens, may be obtained at all J. L. Hudson stores and at Orchestra Hall one hour before the concert, or by telephone via Master Charge or Hudson charge by calling 832-7402.

Slate Retired School Personnel's Meeting

The Detroit Association of Retired School Personnel will meet Friday, May 13, at 1 o'clock at Westminster Presbyterian Church, Hubbell at Outer Drive west. Clara Sinclair, president of the Michigan Association of Retired School Personnel, is program chairman.

Featured speaker Thomas J. Northey will discuss "Senior Survival Studies—Vacation on a Shoestring—Interesting College Courses, Exciting Programs."

Mr. Northey was graduated from Michigan State University in 1930, taught for several years and eventually became director of Field Services and director of Research for the Michigan Education Association.

He retired in 1971—but not to a life of inactivity.

Mr. Northey is a member of the National Retired Teachers Association board for Retirement Education. In the Michigan Association of Retired School Personnel he serves as vice-president and chairman of the committee on Retirement Education.

He also teaches college courses on Retirement, and has written several booklets for pre-retirees. His latest is entitled "Easing into Retirement."

Spring Luncheon For Woman's Club

Mrs. John W. Murphy Will Be Formally Seated As President Next Wednesday; Fashion Show to Highlight Afternoon

The Grosse Pointe Woman's Club has scheduled its traditional spring luncheon and installation of officers for next Wednesday, May 18, at Lochmoor Club. Members and their guests will gather at 11:30 o'clock for cocktails.

Following luncheon at 12:30, Mrs. Lloyd A. Beemer, mistress of ceremonies, will introduce Mrs. Lampton J. Cardwell, who will preside at

St. John Guild Slates 17th Stag Dinner

MICHAEL C. BURKE, president of the Saint John Hospital Guild, J. EARL FRASER and WILLIAM B. MCINTYRE, M.D., past-president of the Guild, (left to right), took time out at a recent Guild gathering at Lochmoor Club to wind up plans for the Guild's 17th Annual Stag Dinner, slated for Tuesday, May 17, at 5:30 o'clock at the Detroit Plaza Hotel in Renaissance Center. Proceeds will go toward the purchase of

a CT Scanner, (Computerized Axial Tomography), which has the capability of highlighting significant variations in brain tissue densities. This is essential in the early diagnosis of cancer. Tickets at \$100 per person, tax-deductible, including a reception, cocktails and dinner, entertainment and special prizes, and further information may be obtained by calling the Guild Office, 881-8200, Extension 547.

Spring Dance For Villagers

The Villagers round out their 1976-77 season with a spring dance this Saturday, May 14, at the Detroit Yacht Club. Members and their guests will be greeted by Mr. and Mrs. C. Gregory Marshall, host couple for the evening.

Cocktails at 7 will be followed by dinner at 8:15 o'clock. Dancing to the music of the Blue Notes begins at 9:30.

Genealogical Research Society Meets May 14

The Detroit Society for Genealogical Research will hold its monthly meeting this Saturday, May 14, at 2 o'clock in the Explorer's Room of the Main Branch Detroit Public Library.

Francis X. Blouin, Jr., of Ann Arbor, will talk on the Immigration Sources Project of the University of Michigan's Bentley Library. Mr. Blouin is project director. The meeting is free and open to the public.

Slate Ketchum Group Meeting

The Elizabeth Ketchum Group of Grosse Pointe Memorial Church Women's Association meets tomorrow, Friday, May 13, at 1 o'clock at the home of Mrs. Glenn L. Clark in Carmel lane. In spite of the bad-luck traditional superstition regarding Friday-the-thirteenth, a good turnout is expected.

Mrs. Raymond W. Eddy will present devotions opening the meeting.

Ticket chairman is Mrs. Rice. Co-chairman is Mrs. Henry E. Mistele.

Women's Clubs Install Officers for 1977-78

The Federation of Women's Clubs of Metropolitan Detroit installed a new president, Mrs. Arthur Weir, of Harper Woods, at a board of directors meeting Thursday, April 28, at the Federation Clubhouse in Fenkell avenue, Detroit.

Other officers who were seated include the Mesdames Harry Sampeur and James Nugent, first and second vice-presidents, respectively. A social hour followed the installation.

Recipients of two \$500 Federation scholarships have been announced by scholarship chairman Mrs. Harold T. Slaby. Honorees are Joan Elizabeth Backonen, of Southfield, a Michigan State University junior majoring in Advertising and Communications, and Warren's Helen Christine Kieba, an Immaculate Conception High School senior who plans to major in Law.

Set Friendship Service May 15

The annual Canadian American Friendship Service will take place at the Cathedral Church of St. Paul, Woodward and Hancock, Detroit, Sunday, May 15, at 4 o'clock.

The Very Reverend Leslie G. Warren, dean, will officiate.

Preacher will be The Right Reverend Clarence E. Hobgood, of New York, Episcopal Bishop for the United States Armed Forces.

Lessons will be read by Commodore Thomas A. M. Smith, of the Royal Canadian Naval Reserves, Windsor, and John R. Diggins, Jr., United States Consul General at Toronto.

Prayers will be read by The Right Reverend Harold F. Appleyard, of London,

Bishop Ordinary to the Canadian Forces; Major The Reverend P. Lyle Sams, chaplain Wolseley Barracks, Canadian Forces Base, London; The Reverend Walter H. Godden, chaplain of Ambassador Branch 143 of the Royal Canadian Legion, Windsor; and The Reverend Charles A. Dinkler, canon of St. Paul's Cathedral.

Messages will be read by the British Consul General and by the Consul of Canada at Detroit and their respective Ambassadors to the United States.

The service is concluded with an impressive ceremonial in which three militia units and a navy unit participate, with music furnished by the Windsor District Military Band.

The Windsor Regiment, Essex and Kent Scottish, Windsor Service Battalion and Naval Reserves of HMCS Hunter will parade down Woodward to the Cathedral, passing the reviewing stand in front of Hannan House at 3:15 o'clock.

The salute will be taken by Major General Oscar C. Decker, Jr., commanding general of the United States Army Tank-Automotive Research and Development Command, Warren.

A guard from the 1st Brigade 70th DIV. (Tng), Fraser, from the Submarine Staff Group, Brodhead Naval Reserve Center, Detroit, and from the 403d Rescue and Weather Reconnaissance Wing, United States Air Force Reserve, Selfridge, will parade with the Canadians.

The evening before the service, a dinner will be given at the Officers Club, Selfridge Air National Guard Base, in honor of Bishop and Mrs. Hobgood and Bishop and Mrs. Appleyard.

Pointers planning to be present at the Friendship Service include Mr. and Mrs. Lee M. Corless, Mr. and Mrs. James P. Diamond, Mr. and Mrs. Berrien Eaton, Robert T. Hughes, Mr. and Mrs. T. Frank Harris, William F. Jackson, Mrs. Leon Jacobi, Captain Jeffrey S. Kurtz, Major G. J. Kastenberg, Alan H. S. Linton, Mr. and Mrs. W. J. Schulte, Dr. Goldwin Smith, Dr. and Mrs. Bruce W. End North High Mothers Discussion Group's Year

The Grosse Pointe North High School's Mother's Discussion Group will hold its last meeting of the year next Tuesday, May 17, at 1:15 o'clock in the school's faculty dining room.

Bonnie Garr, vocational counselor, will talk on career and vocational counseling services available at North High.

Other information to be presented will cover aptitude testing for careers, the career and vocational library, resource persons from colleges and industry and job opportunities available during high school.

A proposed Career Day at North High will be reviewed.

De La Salle Auxiliary Stages Spring Fantasy

The De La Salle Christian Brothers Auxiliary will present a Spring Fantasy card and fashion party, featuring refreshments and prizes, next Wednesday, May 18, at 7 o'clock at De La Salle Collegiate School. Tickets, (donation is \$2), may be purchased at the door.

Mrs. Garr also will conduct a tour of the career education facilities.

Meetings this past year have included a discussion of vandalism with Detective Wayne Baum, introduction of the new School Superintendent Dr. William Coats, discussion of a new course of study book with Dr. Kathleen Herschelman, assistant principal, a lunch prepared and served by students of Rose Bellanca's Commercial Foods class, a report by Thomas Gauerke, athletic director, and Carole Currin on the effect of the Title IX sex discrimination law on athletic activities, and a meeting with newest School Board member William Fleming.

Plans for next year's meetings will be formulated at this last meeting.

The group has been chaired by Shirley Piku, assisted by Arty Cusenza, Ann Stricker and Jan Jevons.

Others regularly attending meetings are Mildred Barlow, Ann Bleich, Joyce Cio-kajlo, Sandy Caputo, Marge Arpin, Lydia Eugenio, Pat Erikson, Eleanor Fisher, Claudia Egan, Eleanor Gagliardi, Eleanor Hammer, Beverly Henry, Esther Howell, Mary Ann Lawlis, Mary Lou Moody, Marge Penirian, Fran Munaco, Ellen Rabenburg, Vera Ryan, Sue Sharpe.

It's One Way to Save on Electricity

Notice: there are no wires on the lamp. J. JORDON HUMBERT-STONE has donated to the Detroit Historical Society's Attic Antique Sale, set for this weekend, Saturday and Sunday, May 14 and 15, at pre-Civil War Fort Wayne. That's because it's a REAL kerosene lamp, running on REAL kerosene... and that's one way to save on electricity

in these energy-conscious days. Admiring Jordan's contribution, among others, are BARBARA (Mrs. R. Alexander) WRIGLEY, of Bishop road, (right), and DOROTHY (Mrs. Henry C.) JOHNSON, of Bloomfield Hills, co-chairmen of the two-day event. For more on the Attic Antique Sale, check out this week's "From Another Pointe of View."

Plan Catholic Women's Day

"World Women's Day" is the theme of the annual meeting of the Council of Catholic Women of the Archdiocese of Detroit, to be held next Wednesday, May 18, at the Renaissance Center's Detroit Plaza Hotel.

Registration begins at 8 in the morning, preceding a 9:30 o'clock concelebrated mass with Bishop Thomas Gumbleton, Monsignor William Lynch and The Reverend Edward Scheuerman.

The welcoming address will be given by Ione Reichel, CCW president, presentation of five Catholic Women of the Year Awards will be made, and guest speaker at

the luncheon, for which reservations, (donation is \$8.50), must be made by calling 237-5896, will be Margaret Mealey, executive director of the National Council of Catholic Women and delegate to the World Union of Catholic Women's Organizations.

Five concurrent "share-shops" relating to local and global concerns of women, the family, parish and community life will complete the program, which closes at 3 in the afternoon.

Among those assisting general chairman Mary A. Meers in planning the day are a pair of Pointers: Bernice Zilly and Winifred Pfau.

Finding The House That Is Right For You

is not always easy and too often it doesn't happen, because . . .
1. There doesn't seem to be anything you've seen or heard about that satisfies your needs?
2. You've been looking for a long, long time and just can't seem to make that decision—it's so confusing?
3. Your agent can't seem to find it for you?
4. It seems like so many of the houses are priced too high?

WE WANT YOU TO KNOW

- We Spend Hours . . .
- Making sure out-of-town buyers receive a first hand introduction to EVERY community facility.
 - Accommodating out-of-town buyers by meeting them at either the airport, motel, or our office to make sure their housing search is a relaxed knowledgeable experience.
 - Showing them as many properties as necessary that are right for their circumstances.
 - Helping them reach a decision regarding which house to buy.
 - Talking with mortgage people, title companies, attorneys, and other brokers.
 - Making appraisals and constantly reviewing factors which affect our real estate market.
 - Looking at and comparing properties . . .
 - Getting the right answers.
 - Saving our clients time.
 - Getting results.
 - Listing properties at realistic prices.

These are just some of the ways we spend our time. If your time is valuable and you want proper results—call us—whether you desire to sell your home or are looking for your next house.

The following offerings represent good value for the serious buyer. Call one of our consultants today for personalized professional attention.

OPEN SUNDAY 2 UNTIL 5

YOUR WAIT WAS WORTHWHILE if you prolonged buying until just that right Farm colonial came along with four bedrooms and a library and family room. This one is in the first block off Lake Shore at 491 RENAUD ROAD and has a heated swimming pool, automatic sprinkler system and magnificent landscaping.

YOU CAN'T JUDGE a book by its cover, nor can you know of the charm of this home at 1568 BRYN DRIVE by driving by. This three bedroom bungalow offers a family room, and full bath with two lavatories. There is a fireplace in the living room—just reduced to \$38,900.

OUR RANCH AT 1895 HUNTINGTON features a generously proportioned living room with fireplace and three bedrooms and an attached garage. The low price of \$45,000 you'll like and the gas grill on the patio is a real turn on.

AT 285 WASHINGTON ROAD in the first block off Jefferson is this French influenced colonial with four bedrooms. In addition to the living room and formal dining room there is a library and family room. Ready for immediate occupancy.

880 PEMBERTON. An excellent center entrance colonial on large lot, spacious living room with fireplace, formal dining room and glassed-in porch. Three large bedrooms, one and one half baths, two-car garage with door opener, new furnace with central air, new roof and all new aluminum siding and gutters plus new drive. Priced in mid-\$50's.

14 LAKESIDE COURT. New in 1976. Four bedrooms, library with shelves and storage, a spectacular beamed cathedral ceiling in the family room with wet bar, first floor laundry and the kitchen is a homemaker's dream. Marilyn Wood will be happy to show all the extras.

20505 WILLIAMSBURG COURT. Townhouse condominium. Two bedrooms, one and one half baths. All new carpeting, GE stove, self-cleaning oven, frost-free refrigerator, dishwasher, disposal new in 1975. Gas forced air heat and central air conditioning. Grosse Pointe school system.

BY APPOINTMENT PLEASE

A STAND OUT three bedroom colonial with extra large kitchen and central air conditioning. In the Farms near schools, transportation and offered realistically at \$49,500.

A FIRST OFFERING of this three bedroom, one and one half bath colonial with first floor den. Close to Mack-7 shopping and Grosse Pointe schools. \$39,500.

COMES ON STRONG from the curb and could overpower you when you get inside. This four bedroom colonial has four bedrooms on the second floor which are serviced by three baths. There is a family room with fireplace and a library to complement the living room and dining rooms. Central air conditioned and a large, private yard.

FIRST OFFERING
Open Sunday, 2-5

LOVE AT FIRST SIGHT for the decorating in this fresh and pretty Colonial in the Farms. You can move right in; it has new carpeting, excellent window treatments, new bathroom, and that inviting look throughout. Well insulated for proven low heating cost. Walking distance to schools for every age. See it Sunday at 454 McKinley.

886-4200

CUSTOM SEMI-RANCH in the Woods, beautifully decorated, and priced under \$60,000. Many NEW features... kitchen, roof, driveway, landscaping. Two bedrooms with an easily possible third, formal dining room, den. This is a good looking brick and ledgerrock house in a pleasant neighborhood.

886-4200

THE POPULAR CAPE COD in white brick on a nice corner lot in the Woods. This is a pin-money house, with unusually good space for the busy family. Two bedrooms up, two down, Florida room, nice big kitchen, 2-car garage. Low 30's.

886-4200

CENTRAL AIR for summer comfort in this 3-bedroom brick in Grosse Pointe City. (Another summer feature is the covered patio.) There are two full baths, formal dining room, nice den, and attached garage. Surprisingly priced in the low 40's.

886-4200

3-BEDROOM COLONIAL... lots of house for a mere \$35,300. And don't forget the great park privileges if you live in the Woods. The owner has invested lots of money... new roof and furnace, all new carpeting. You should take a look at this one!

886-4200

OPEN SUNDAY, 2-5

16 CRESTWOOD. A newer Colonial with the many quality features you expect in this prestige area close to the lovely Lakeshore Drive. Handsome wrought iron trim and double doorway lead to a spacious foyer. Living areas are invitingly open; bedroom areas both upstairs and down are well planned. The house is costly, of course, but you should take a look at it Sunday if you are in the market for luxury housing.

886-5800

1830 HUNTINGTON. You'll agree that it's rare to find this much house in the low price range. Two-bedroom brick and aluminum Ranch on a picturesque corner lot, in a popular Woods location. Pleasant family room; 2 1/2 car attached garage. See it Sunday!

886-5800

2237 STANHOPE. Move right in; this 3-bedroom Ranch is ready for you. Spotlessly clean, it has carpeting, drapes, and a great kitchen. The basement is beautifully finished, including carpeting and a new bath! Lovely trees on the nice corner lot and new cement work. This is a winner!

Thinking of Selling This Spring? Then Avoid This Costly Mistake "The Biggest Realtor Is the Best"

The "big is best" idea didn't work for Goliath, or the VonHindenberg, why should it be right for you? Make a list of the questions you want your realtor to have... 1. A Realtor who knows property values on my street, and can obtain a maximum value for my property. 2. A Realtor who is a member of at least one, and preferably two multiple listing services, to concentrate attention on my property. 3. A Realtor who has top caliber salespeople rather than "lots of bodies." 4. A Realtor who will do a skillful job of promoting my property, rather than being lost in a big, impersonal office. 5. Now measure the Realtor you're considering against your list. Finally, interview at least one other Realtor before making your decision... us. Maximizing the value of your property through ability and service is what we do best.

889-0800 Dedicated to representing you through knowledge and service.

CITY OF Grosse Pointe Farms MICHIGAN SUMMARY OF THE MINUTES May 2, 1977

The Regular Meeting was called to order at 8:00 p.m. Present on Roll Call: Mayor James H. Dingeman, Councilman Harry R. Fruehauf, Jr., Jack M. Cudlip, Nancy J. Waugaman, Joseph L. Fromm, W. James Mast and Lloyd A. Semple.

The Council adopted a Resolution of Appreciation to Mrs. Elaine Stallard, retiring Treasurer of the City of Grosse Pointe Farms. The Council deferred further consideration of the appeal of the Watkins Harding Company from the denial of the Building Department to issue a Permit for the proposed renovation of "Mr. Lee's Lounge, located at 16450 Mack Avenue, until receipt from the State Liquor Control Commission of a request for a transfer of liquor license.

The Council approved the low bid of the Detroit Bank & Trust Company, at a rate per annum of 2.74 percent, for the purchase of \$300,000 of Tax Anticipation Notes, maturing September 1, 1977. The Council adopted a resolution scheduling a Public Hearing at 8:00 p.m. on Monday, June 6, 1977, for the purpose of hearing the appeal of Mr. William S. Turner from the denial of the Building Department to issue a Permit for the construction of a six-foot stockade fence across the rear of his property located at 49 Newberry Place.

The Council adopted a resolution denying the request of Mr. Ernest M. Volacic to conduct sidewalk sales of baked goods and craft items in the Kercheval-on-the-Hill area on alternate Saturdays throughout the summer for the benefit of the Devine Light Mission. The Council adopted a resolution concurring with the Grosse Pointe Farms Building Authority in their approval of the only bid received, that of the Mehlenbacher Fence Company, in the total amount of \$2,136.00, for the construction of necessary fences and gates at the parking area located at Mack and Calvin Avenues, adjacent to the U.S. Post Office; and further, authorizing advancement of such funds from the General Fund to the Building Authority.

The Council adopted a resolution concurring with the Grosse Pointe Farms Building Authority in their approval of the low bid of the T & T Contracting Company, in the total amount of \$7,051.60, for the construction of a brick wall and sidewalk at the parking area located at Mack and Calvin Avenues, adjacent to the U.S. Post Office; and further, authorizing advancement of such funds from the General Fund to the Building Authority.

The Council approved the low bid of P & G General Contractors, in the total amount of \$1,717.00, for the replacement of gutters for the City Office, Fire Department and Police Department. The Council confirmed the appointment of Mrs. Fleurette Nelson to the position of Treasurer/Office Supervisor of the City of Grosse Pointe Farms. The Council adopted a resolution adding the name of Mrs. Fleurette Nelson, City Treasurer, to the list of those persons currently authorized to sign checks with various City accounts.

The Council adopted a resolution approving payment to Mr. James C. Bruno of the fee recommended by Municipal Judge Robert H. Pytell, for his services as the Court-appointed attorney for Mrs. Lucy B. Steffens, in the matter of the City vs. Steffens and Harte; and further, that the City Administration is authorized to seek reimbursement for such fee paid from the Estate of Mrs. Steffens. The Council adopted a resolution approving payment to Mr. Anthony C. Panta, Jr., of the fee recommended by Municipal Judge Robert H. Pytell, for his services as the Court-appointed attorney for Mr. Russell C. Harte, in the matter of the City vs. Steffens and Harte; and further, that the Municipal Judge is requested to enter an order requiring Mr. Harte to reimburse the City for legal services rendered on his behalf in the event that he becomes productively employed at some time in the future.

The Council adopted a resolution authorizing payment for the construction of two manholes, in the total amount of \$2,500.00 per manhole, at the site of the sewer repair at Kerby Road and Kercheval Avenue. Upon proper motion made, supported and carried, the meeting adjourned at 11:10 p.m.

Come Meet Jewelry Designer Gay Boyer... who will be at Walton-Pierce, Friday, May 13th in Grosse Pointe and Saturday, May 14th in Somerset Mall. From 11 a.m. to 4 p.m. she will be showing her entire line of jewelry, taking special orders and coordinating her jewelry with Walton-Pierce fashions day thru evening. Speaking of evening fashions, there is a great selection for now and summer. A pretty peasant from Mollie Parnis Boutique is made from a colorful cotton border print. The elasticized long full sleeves are trimmed with multi-color rick rack. Then there's a candy stripe delight. It's styled with one shoulder and a deep side slit. Red and white striped polyester, it is washable and packable and only \$50. Gordon of Philadelphia twin prints a voile shirtwaist and a cotton skirt in soft blues and pinks. The pretty put-togethers are found in the Sportwear Department. An elegant evening dress from Richilene... also a perfect choice for mother-of-the-bride, is available in silk striped chiffon... in a heavenly blue, yellow or in white over color and sashed with matching satin. A charming white eyelet dress is fashioned with an elasticized neckline, push up puffy sleeves. The waist is encircled and bowed with pink satin. There are lots of unusual and colorful prints from Malia of Honolulu for fun evenings and these are easy care and nicely priced. A swirl of delicately printed chiffon combines peach, tan, white and brown for a sophisticated and feminine way to face the music and dance. There's lots of sun dressing too. But stop by Walton-Pierce and see for yourself. Be sure to watch for the Walton-Pierce ad next week with pictures of some of Gay Boyer's jewelry. We know you won't want to miss the collection.

"Design a Wall" storage systems to be used in dining rooms, bedrooms, family rooms, any room. Available in a variety of finishes, woods and door designs. See them on display and pick up a brochure for more ideas at Mutschler Kitchens, 20227 Mack Avenue, TU 4-3700.

Napier, Trifari and Travelling Trinkets... are ready for summer with super new designs and colors in jewelry to tempt you at The Squirrel's Nest, 18849 Mack.

Holyland and Europe! An inspiring excursion through the ancient worlds of art and religion. In between sightseeing in the cities of Paris, Rome and Athens, you will see the most revered spots in Christendom, the Vatican, the Garden of Gethsemane, Mt. Zion and the Church of the Nativity; the shrines of the Little Flower, Our Lady of Lourdes and St. Francis of Assisi as well as the Sphinx and the Pyramids. \$1753 each double occupancy includes air, hotels, most meals, sightseeing, transfers, tips and taxes. Call Those Folks at Mr. Q., 886-0500.

Tony Cueter Tells Us... there's a new collection of preformed, 14K yellow gold mountings. If you're planning to have stones reset in a new ring, now is the time to stop by Bijouterie, 19860 Mack Avenue. For a memorable gift for the graduate, how about a digital Spidel watch? See the display for men and women at Bijouterie.

Martha Of Martha's Closet... has a surprise for the working girl. Come see her special rack. Every week she will have special purchases on this special rack... Friday and Saturday 30% off. And every week she will have new merchandise in sportswear and dresses on this rack. Separates that mix and match too!... 375 Fisher Road.

Now's The Time... to order your indoor, outdoor carpeting. Ed Maliszewski has a wide selection including luscious green Astroturf. He also carries other brands besides Astroturf and they come in many colors and patterns. 21435 Mack Avenue... 776-5511.

As Many Of You Know... Charterhouse & Co... are buyers as well as sellers of fine jewelry. Of course their greatest interest as buyers is in securing large diamonds and other important pieces of jewelry. We think it a good idea to mention that they are interested in more incidental items as well. For example, they are looking for interesting cufflinks, tuxedo sets, pocket watches, diamond wrist watches, gold bracelets, earrings etc. If you have some jewelry you are no longer wearing whether it is nearly new, old or antique... why not bring it to Charterhouse. For those not selling, a complete appraisal service is offered. All these services are available to private owners as well as banks and estates. Charterhouse & Co., 16835 Kercheval in the Village, 885-1232.

Wrap-Around Skirts... in charming handprints of tulips or rabbits or butterflies with matching tops... from West Palm Beach to Two's Company, 399 Fisher Road.

Very Special Games For Pre-Schoolers... Nature Lottos from Child's Play are made in Germany. These picture games will fill hours with fun... \$3.49 at THE SCHOOL BELL, 17010 Mack Avenue.

Prom And Party Time... go together with Lilly print long dresses found at Hartley's Country Lane, 20641 Mack Avenue. Also at Hartley's, new scarves by Anne Klein and pretty ceramic flower jewelry.

New Arrivals... All those hard to find wicker accessory pieces including swings, trunks and chests are now in stock at Wicker World, 20643 Mack Avenue. Rattan swivel rocker is specially priced \$169.

Colorful Sun Catchers... are on display at the KALEIDOSCOPE, 16906 Kercheval and in Kimberly Korner, Mack at Lochmoor.

Pointers of Interest

MRS. EDWARD B. PALM, OF MORAN ROAD, (LEFT), AND MRS. CRAIG H. CURTISS, OF BISHOP ROAD

By Janet Mueller

They work well together. Currently, they're working on the fourth annual LINC City Fair, to be presented Wednesday and Thursday, June 1 and 2, on the Kern Boulevard downtown. They're general co-chairmen of the project. Last December they were working on the Junior League of Detroit's Christmas parties for the Detroit League for the Handicapped and the Senior Center. They were general co-chairmen of that project, too.

They've worked on and at LINC City Fairs before, so they know what to expect and what's expected of them. They accepted the fact that they were taking on a big job, "but I knew who I was going to be working with, and that was a plus-10 factor." That's Beverly Curtiss speaking. It could just as easily be Pat Palm.

Many Parallels
They're both married to businessmen. (Mr. Palm is president of Detroit Tap and Tool, Mr. Curtiss of Mineral Resource Company), and they both have two children: a boy and a girl.

Merritt and Justin Palm are at Kerby School, in the third and first grades, respectively.

Brian Curtiss, eight, and his sister Jill, six, are both students at the Grosse Pointe Academy.

Neither Pat and her husband nor Beverly and her husband are native Pointers, but both couples are well-ensconced in the community. The Palms came to Detroit 10 years ago, from Cleveland, where they both grew up. It was a business transfer.

They'll have been in their Moran road home eight years this fall.

Gift From The Sea
They met sailing, at a regatta in southern Ohio. They're still sailing. They finally have their own boat, a little Thistle, and they'll be racing this summer on Lake St. Clair.

They had a small sail loft, (Pat sewed), for two summer seasons when they were first married. It was great fun—but also greatly time-consuming, so they gave it up in favor of actually being out on the water.

Mr. Palm has sailed in many Mackinac Races. He did the big Chicago Centennial Race a few years ago. He sails aboard George Gerow's "Quicksilver."

Blind Date Works Out
Beverly's from Jackson, her husband from St. Louis. They met in Detroit, on a blind date. "I had come to the big city to teach school." They've been Pointers 11 years.

Beverly doesn't teach anymore, but she worked at the Children's Center, a downtown facility for emotionally disturbed children, last year as a volunteer tutor.

Eventually, she'd like to get back in the profession—but in the Guidance and Counseling end of it. She's gearing herself for this; it's

part of her Life Plan. The experience she'll gain next year as chairman of J.O.Y. (Job Opportunities for Youth) should prove invaluable.

Beverly and her husband have just completed a stint as production chairmen for Action Auction '77, the Grosse Pointe Academy's annual spring benefit. They were responsible for securing slides of all the items that went up for bids at the Grosse Pointe Yacht Club April 22.

Sun-Seekers
They try to get away alone, to a place in the sun, at least once a year. "Probably my favorite, so far, has been to Aruba." They try to get to Texas as a quartet several times a year, "so the kids can get to know the other half of the family," and since Brian has become a ski buff, they try to make it to Boyne at least once each winter.

They have a super-friendly Shetland Sheep Dog named Plume, which Beverly's father insists on calling Prune. ("I ask you," says Beverly, "who would name a dog 'Prune'?")

In her spare time, Beverly reads "anything I can get my hands on—that's short, and can be put down." The first Monday of each month she's down at the Detroit League for the Handicapped, helping in the Jolly Cheers program.

She's raised funds for the Grosse Pointe Academy and, like virtually every member of the Junior League, (Pat Palm included), she had a ball working on last year's Decorator's Showhouse and is looking forward to the next Decorator's Showhouse, planned for May of '78.

What LINC Is
LINC (Linking Individuals to Needs in the Community) seeks to give assistance to non-profit community organizations in the form of donated goods and equipment. It helps agencies and grass roots organizations located in Wayne County secure such items as office furniture, toys and recreational items, household furniture and appliances.

When, for instance, the Capuchin Community Center needed a built-in stove, it turned to LINC. When the Latino Senior Citizens Center put out an SOS for 50

Face Facts... We will teach you proper skin care and the art of applying your makeup. Call Pat Setter and Shelle Cosmetic Studio, 884-5446 or Joni, 294-3091.

New Metro Towers... top design and features. Electronic checking at entrance to apartment, soundproofing, fireproofing and many modern and electronic items. All for your security and health. Highrise apartments overlooking Lake St. Clair. Rents start at \$215... 296-2320, 463-5857, 557-0770. Evenings 569-2758. Located at 26450 Crocker between Jefferson and Metropolitan Parkway.

Stop By Interiors by De Board, the newest shop in Kimberly Korner's (Mack at Lochmoor). If you're planning any decorating, the designers who are members of ASID or WHFL will be happy to help you. Baker, Henredon, Century, Davis, Sherrill, Forecast, Stow Davis are some of the furniture lines carried... plus designer wallpaper, fabrics and carpeting. DeBoard has its own workroom facilities.

What A Difference... a new lamp can make. See the new selection of lamps at Wright's Gift and Lamp Shop, 18650 Mack Avenue next to the Grosse Pointe post office. There is also a wide variety of lamp shades and it's so convenient to bring in your lamp for the right choice.

Among 23 students majoring in Mining Engineering and Geology at Michigan Technological University who toured mines in Missouri and Illinois during MTU's spring break was Pointer MICHAEL HAYES, a junior.

jigsaw puzzles, LINC responded. When the Church of the Messiah requested children's clothing, and a clothes rack, LINC filled the bill.

LINC volunteers, drawn from the community at large, not just from the Junior League, attempt to match requests with resources. They're given six weeks to complete a project. At the end of six weeks, any incompleting project is reviewed, and a decision made to terminate or continue it.

Why only six weeks? "If, in six weeks, we haven't been able to fill a request, maybe the resource for filling it just isn't there," Beverly and Pat explain.

Becoming Independent
LINC was founded and is currently sponsored by the Junior League of Detroit, but it is in the process of becoming independent. That's the League's goal: to start a project for the community, run it successfully, so the community can see its benefits, then turn it over to the community which, having seen the project's benefits, will see that it continues to run successfully.

The fourth annual LINC City Fair will run from 9:30 in the morning to 4 in the afternoon Wednesday, June 1, from 9:30 to 1 o'clock Thursday, June 2.

"We'll be selling used clothing and household items, in good condition. We hope to have lots of toys: many nursery schools make annual trips to the LINC City Fair, to stock up on supplies."

Beverly and Pat hope to offer a wide selection of children's clothing, too, for this is always a popular City Fair department.

They welcome donations. All are, of course, tax deductible.

Pick-Up Available
Provided it's in good, usable condition. No Noah's Arks without the animals, please: there's a difference between being used and used up.

But if you're spring cleaning, remodeling, moving, Pat and Beverly urge you to remember LINC. Judy (Mrs. Paul J.) Chauvin, acquisitions chairman, may be reached at 886-9560. If you can't get through to her, call Operation LINC headquarters in East Jefferson avenue, 331-6700; your message will be taken and relayed to Judy.

Most of the City Fair's "used" items will be new, donated specifically for the Fair, but the two-day event is also used to clean out LINC's year-long "basement" accumulation of donations for which no specific use has been found.

From Another Pointe of View

(Continued from Page 21)

the process of being returned to its original condition. Even now, with restoration incomplete, it's a fascinating place to visit and explore.

And Sale Days are a perfect time to do this visiting and exploring, for the sale items are a show in themselves. Honorary chairman Mrs. Gerard R. Slattery, of Lakeshore road, and co-chairmen Mrs. R. Alexander Wrigley, of Bishop road; and Mrs. Henry C. Johnson, of Bloomfield Hills, have been calling on friends, relatives and associates — as well as the entire Historical Society membership — since the first of the year.

The inventory they've amassed ranges from a six-inch, 1890 china doll to a 12-foot ornamental gate arch. That's just the SIZE range...

Why not make your Sale Day visit a family day? There is ample free parking, and picnic tables are available; bring a lunch if you wish, and while you shop, let your children visit the Fort. It only takes \$1 to get in, with children under 12 admitted for 25 cents.

A Grand Occasion for Celebration

It's time for the 440-member Volunteer Committee of the Founders Society Detroit Institute of Arts to celebrate. The group marks its 15th anniversary at its 15th annual meeting today, Thursday, May 12, at the museum.

Mrs. W. P. Curtiss, of Sunningdale drive, and Mrs. Arthur Fleischman, of Detroit, are co-chairing the program, assisted by a committee including Pointers Mrs. Brandon Ross and Mrs. Robert LeFevre.

Among the 13 charter members of the DIA Volunteers who will receive special recognition for their 15 consecutive years of service are a pair of Pointers: Mrs. William J. Briggs and Mrs. John MacKay.

Mrs. Oscar Feldman, current chairman of the Volunteers, will preside at the 10 o'clock business session, and the mother-daughter team of Edith and Joann Freeman will present a special performance of a rarely-heard European art form popular at the turn of the century: melodeclamation, the reciting of lyric or symbolic Russian poetry to specially-composed accompaniment.

Luncheon follows, with the Volunteers guests of the Founders Society.

There'll be a boutique of new, (unused), items, too, and a sale of fresh fruit and annual plants, and entertainment—the Cody High School Jazz Band will play, the National Bank of Detroit Choral Group will sing—and an auction of Celebrity Luncheons.

Box Lunch Bidding
That last item is especially fun. Box lunches prepared by the likes of Henry Ford, II, and Detroit Mayor Coleman Young, Chuck and Bill Muer, Bob Talbert, Frank Angelo, Jerry Schoenich, Nicholas Hood, G. Mennen Williams, sports and media personalities, (14 are coming in from WXYZ alone, representing the whole television news team and radio disc jockeys), will go to the highest bidders.

The celebrities don't have to be present to see who gets their lunches... but many of them do wander down to the Kern Block while the bidding is going on.

It is, after all, a fun place to be. It's designed to be fun, in the heart of downtown Detroit, and to offer people in the area a chance to purchase inexpensive clothing and household items, and to raise funds for LINC's operating expenses which, in turn, enable LINC to do its job. Monies raised above operating expenses are applied to specific LINC projects, for besides donated goods and equipment LINC needs cash to complete some requests.

All Pull Together
"All of LINC pulls together for the City Fair," Pat and Beverly note. Volunteers collect and mark the items, man the booths, make contacts and arrangements—and have a darn good time doing it all.

Like Pat Palm and Beverly Curtiss: the Dynamic Duo in charge of it all. "It started with the Christmas parties. We found we really enjoyed working together. We get together socially, too; our husbands like each other."

When Pat's husband found that Beverly's husband also has sailed, it was frosting on the cake. The Dynamic Duo is delighted to be part of a Compatible Quartet. It makes working well together even better.
