ALLAN BAKKE was told by the Supreme Court that he could attend the University of California, (UC), at Davis Medical School, thus becoming the first white victim of discrimination designated by the court. In a 5-4 decision, the court ruled that, while colleges may consider race in admission criteria, they may not set up strict "quota" systems such as UC at Davis had, reserving 16 out of 100 spaces for blacks, Hispanics and Asian Americans. Affirmative action programs, the court said, are permissible in many cases, but specific guidelines were not set for them in the decision.

THE STATE Senate shut off the use of Medicaid funds for abortions by approving a budget bill limiting all state funds for such use to \$1. The provision, which applies to elective abortions only, is part of the budget for welfare services. Gov. William Milliken has strongly opposed cutting off Medicaid funds for abortions. In other news, the U.S. Senate approved \$1.5 billion in loan guarantees to help New York City stave off bankruptcy. The measure now goes to a conference committee, where differences with the House bill will be reconciled.

Saturday, July 1

MICHIGAN RESIDENTS were practically guaranteed a chance to vote on the tax limitation question in November when petitions bearing more than 400,000 signatures were presented to the secretary of state. Taxpayers United for Tax Limitation, the group sponsoring the proposal, calls for a limit on state spending to be tied to the growth of personal income in the state. Richard Headlee, chairman of the organization, said he believes his group's proposal is more responsible than another petition drive similar to California's Proposition 13.

Sunday, July 2

AT LEAST 35 Lebanese civilians were killed and 88 wounded when Syrian peace-keeping forces turned tanks and mortars on Christian positions in Beirut, setting fire to more than a dozen apartment buildings. Observers believed that the attack was provoked by months of tension and skirmishes with Christian rebels. The Syrians claimed that the battle started when the Christians took to the streets protesting the detainment of their leader by the Syrians; the Christians claimed the attack was unprovoked.

Monday, July 3

FORMER PRESIDENT Richard Nixon, breaking his nearly four-year long silence, told an audience of 4,000 Kentuckians that the U. S. should tighten its bargaining position with the Soviets. In an emotional speech at the dedication of a new recreation center named in his honor, Mr. Nixon said that the U. S. must not be afraid to involve itself in potential conflicts because of the experience it had with Vietnam. The speech was not without some veiled criticism of President Jimmy Carter.

Tuesday, July 4

MONSOON LIKE RAINS persisted in the eastern third of the nation Monday, causing at least two deaths, the evacuation of thousands of residents and millions of dollars in property damage in flooded portions of Wisconsin and Illinois. Hardest hit with up to seven inches of rain were northern Illinois and southern Wisconsin. Two Wisconsin residents died during the downpour while attempting to clean up flooded basements.

## Premiere of New Movie Has Local Touch

All ready for the sneak preview premiere of "Sheer Luck Holmes and The Pithenstein Sword" on Monday, July 10, at the Punch and Judy Theater, 21 Kercheval avenue, are, (from left to right), LARRY LYMAN, managing director of the Punch, DENNIS WICKLINE, film director, CHRIS JASZCZAK, entertainment director of the theater, and DALE PEGG, producer. The movie was principally filmed in the community.

## 'Sheer Luck' To 'Sneak' Into Pointe

Punch & Judy Sponsors One Night Showing of Movie Photographed in Community

In the spirit of community involvement, the Punch and Judy Theater, 21 Kercheval avenue, is sponsoring a one night sneak preview of a film involving many Pointe residents on Monday, July 10, at 8:30 p.m.

Principally filmed in the community, "Sheer Luck Holmes and The Pithenstein Sword" was produced by Dale Pegg of Fairholme road and directed by Dennis Wickline of Moross road, Detroit. It includes the participation of members of the Grosse Pointe Theater.

The story spans 50 years and involves the mythical country of Pithenstein, a famous film producer and two grown orphans, Mortimer "Sheer Luck" Holmes and Jimmy Witson, who all search for the elusive Pithenstein Sword.

**Variety of Locations**  
Included in the cast of over 100 people are a chicken, a guru and 40 singers and dancers on a moving bus.

"Sheer Luck" was photographed last summer at a variety of Pointe locations including the War Memorial, the Vernier road/Mack avenue and Village areas and at Lambardi's Restaurant, Detroit.

It's hoped that the movie will have a world premiere sometime in September.

Tickets for the preview, at \$2 per person, are available through the Punch and Judy Theater or by calling 343-0484.

## Request of Studio Camera Tabled by GPW Planners

By Roger A. Waha  
An estimated 25 to 30 citizens, most of whom reside in Hunt Club drive, attended the Woods Planning Commission's meeting of Tuesday, June 27, to protest a request from Studio Camera, Inc., to increase off-street parking near their building.

## Parents Cite Concern Over Bicycle Thieves To GP Park Council

Incidents of Youngsters Being Terrorized in Area of Windmill Pointe Drive Related to Solons; Police Chief Says All Reports Will Be Given Prompt Attention

By James J. Njaim  
Now that summer vacation is here, more children are out riding their bicycles, but a large majority of them are doing so with dread hanging heavy over their heads as more and more youngsters are being beaten up and their bikes forcibly taken from them by teens from across the Detroit city limits. This appears to be the opinion of a group of parents who attended the Park Council meeting on Monday, June 26.

According to the parents, who demanded that drastic steps be taken to protect their children and prevent the thefts, most of these crimes occur along Windmill Pointe drive at Alter and Korte roads, just over The Park-Detroit city limits.

A number of the thefts also occur anywhere along The Park-Detroit city limits from Windmill Pointe drive to Mack avenue.

**Incidents Told**  
One mother told of her son riding his bike along Windmill Pointe drive to Korte, where two boys sitting at the curb, got up, forcibly pushed her son off his two-wheeler, jumped on the bike and pedaled away. They were gone before her son could recover from his surprise and fright.

Another mother told of her son riding on the drive and, because of his fear, carried a large piece of pipe with him. Two large teenagers, apparently from Detroit, ordered him off of the bicycle and tried to use force. The bike owner fought back by swinging the metal pipe, striking his assailants who ran away.

The mother told the council, and Police Chief Henry O. Coonce, who was present at the session, that her boy was so full of fear that he did not tell her of the incident until the following day because he was afraid he might have been taken into custody by the authorities and cited for carrying a weapon.

Several parents in the audience told the council and the chief that their children are so frightened that sometimes they are afraid to go out and play, let alone ride their bicycles.

**Solution Sought**  
Still another mother said that her small son's fear is so ingrained that when she goes shopping, her boy takes along his baseball bat, not only to protect her, but himself as well if they should be attacked. He had been chased several times by larger boys, and on one occasion had been beaten up. He, like many children in the neighborhood, are afraid to venture outdoors.

One man, who claimed that

## Voucher Plan Eyed By Board

Trustees Ready to Take Stand on System for Financing Education; Pros and Cons Explored

By Susan McDonald  
The Grosse Pointe Board of Education is expected to join the ranks of school boards, administrative groups and teacher unions from across the state next week in taking a formal stand against the Voucher System of financing education.

The Board's legislative chairman, Laurance Harwood, said he hopes to present the resolution for a vote at the trustee's annual meeting Monday, July 10.

The Voucher System is almost certain to appear on the Michigan ballot this November as a proposed amendment to the state constitution that will drastically alter the state's system of financing education.

The proposal calls for the elimination of all property taxes that were previously earmarked for education. This amounts to about 60 percent of all property taxes paid.

A state-wide voucher system would be established allowing each child a portion of tax dollars to apply to education at any school selected by parents.

The proposal also would remove the constitutional ban on the use of tax money for support of non-public schools, such as parochial and private schools.

Proponents of the plan, Citizens for More Sensible Financing of Education, say it will greatly improve schools by forcing them to compete for students. The group claims the proposal will expand the concept of public education to include the needs of all children by providing a diversity of schools.

Opponents charge the plan will bring chaos to the education system and will force the state legislature to raise state income taxes to about 10 percent, they are now 4.6 percent, in order to support the Voucher System.

**Plan Opposed**  
A survey of state legislators conducted in April by Mr. Hatwood revealed strong opposition among some and a great deal of confusion about the proposal.

Only 16 percent, or 23 of

## GPW Proposal On Solicitations Causes Concern

Attempt Made to Control Number of Requests Which Council Faces on Annual Basis But Organization Representatives Cite Problems in Measure, Which Solons Will Consider Adopting July 10

By Roger A. Waha  
A proposed ordinance governing solicitations in the community passed its first reading stage last month but may be in for some tough sledding when the Woods Council considers adopting the measure at its rescheduled regular meeting Monday, July 10.

The proposal, drafted by City Attorney George Catlin, is an outgrowth of the council's concern over the number of solicitation requests from various organizations which annually come before the solons. These often number between 20 and 25.

In noting the proposal attempts to control the number of requests, Mr. Catlin said it also contains provisions making certain organizations which do solicit legitimately use contributed monies for the stated purpose.

**Has Received Calls**  
Another reason for the proposal, according to City Administrator Chester E. Petersen, relates to concern expressed by citizens about "being bothered all the time" by solicitors.

The measure contains a section saying no person shall solicit at a residence or other building within the city which contains a sign saying "No Solicitors" in public view.

Since the council approved the proposal, Mr. Catlin said he has received several calls from attorneys representing organizations pointing out problems they see in the ordinance. (One big concern is over the fact the proposal only permits one solicitation per year per individual or group.)

In fact, attorney Brian DeFour, a member of the Grosse Pointe Jaycees, felt the measure "would possibly kill fund raising activities for all in Grosse Pointe Woods."

Prior to this proposal, the city had handled solicitation requests as a matter of policy, i.e., such bids would have to come before the

## Judges Set To Hire New Supervisor

Status of Program Explored by City Judge Kazul, Pointe Officials; Outgoing Head Reviews Career

By David Kramer  
The board of directors of the Grosse Pointe Volunteer Probation Program are very close to hiring a certified probation officer to replace Mrs. Jean Anderson, who has served as the organization's volunteer director for the past four years.

City Municipal Judge Stan Kazul, president of the board, although refusing to release the name of the individual being considered for the part-time, 20-hour a week post for fear that it might jeopardize that person's present employment, said that the board was "almost there" in reaching a decision on the director.

"We have an excellent person in mind," he said. "It's just a question of sitting down and writing a contract up."

**One Year Viewed**  
Judge Kazul said the candidate is working on a Master's degree and wishes to continue towards a Ph.D. in the probation area. In addition, the candidate has 15 years experience in the field.

"You're not going to find a person like that every day," he said, while explaining that the contract, if signed, will be for a one-year period.

He said that while Mrs. Anderson "has really done a tremendous job" as director, the advantage in hiring a certified probation officer is that he would have access to certain information about defendants which a volunteer could not gain very readily.

Judge Kazul said there has been no further progress toward getting The Farms, Woods and Shores Councils to approve their share of the \$25,000 operating budget requested for the program.

**Questions Inaction**  
"We hope that they will follow suit and get on the bandwagon with the other cities," he said.

The Park and The City have both approved their share of the budget, which is computed on a per capita basis. The Park's contribution was \$6,632.50, while The City's was \$2,805.

The budget requested is to pay for the salaries of the director and a full-time secretary, he said. The office will be located in the Park Municipal Building.

Judge Kazul said he couldn't understand the reluctance of the cities to support the probation program.

"The inaction is what bothers me," he said. "I can understand the 'no' answer. We understand that it's a difficult question. The whole thing today is the taxpayer

## Petrik Named State FOP V-P

The Michigan State Lodge Fraternal Order of Police, (FOP), elected its 1978-79 officers at its recently completed conference in Lansing, and Woods Officer Stephen Petrik was named vice-president of the 8,500-member organization, the largest in the state.

Officer Petrik, 50, who's president of the Grosse Pointe Woods Police Officers Ass'n., has been a member of the FOP since 1956 and is affiliated with Lodge 102, (encompassing all Pointe and Harper Woods officers).

Starting his second consecutive term as vice-president, he has served as a delegate to the State FOP conference longer than any other member, holding the record with attendance at 21 consecutive sessions.

Officer Petrik joined The Woods' department in February 1955.

**Judges Ready to Hire New Probation Director**

(Continued from Page 1)

He said that when the judges first presented the plan to the councils, they went as a group before them. "We got favorable responses from all the councils. The Farms was a little reluctant; they said they wanted to look at it a little further."

**Stresses Need**  
He said that the Shores Council wasn't originally amenable to the idea. However, when the judges presented the plan to them, they responded favorably.

Judge Kazul emphasized the fact that the program couldn't guarantee to each community that all the funds they contributed would be returned. He added, however, "We would hope that it would be self-sustaining."

He said that while some members of the Woods Council wanted to have a figure on the number of probationers who would be serviced by the program, it was impossible to supply them with such an estimate.

"Not every defendant is a good candidate for the program," he explained.

He stressed the need for the program, explaining that the courts have only three alternatives with a person convicted of a crime: a fine, jail sentence or probation.

"If a person just needs some direction, probation is a positive thing we can do for them," he said.

**Want Specifics**  
"The unique thing about the program is that it uses volunteers from its own community and maintains the standards of the community," he continued. "The judge has excellent feedback and some control over that person's, (the probationer's), life."

"This is a crime prevention type of thing," he said. It's been proven that this is the best crime prevention method."

The program would work with those convicted of misdemeanors only. Judge Kazul pointed out that the program would service those convicted of a crime in the Pointes, not necessarily Pointe residents.

In response to queries from Woods Council members as to why the program was not made a part of the Youth Service Division, (YSD), he answered that it could not function as a part of a police department.

Woods Mayor Benjamin W. Pinkos said he felt that the major reason The Woods' share of \$9,312.50 has not yet been approved by the council was that the judges presented no projected budget for the year. Specifically, he said, council members wanted to know how the figure of \$25,000 was arrived at.

**On Positive Reaction**  
"To my knowledge there isn't any objection to the plan by anyone on the council," he said. "But they did express interest in seeing a projected budget."

Park Municipal Judge Beverly C. Grobbel said, however, that the Woods Council was shown a projected budget for the program some time ago.

Shores Village President Gerald C. Schroeder said, in light of the approval given

by the Park and City Councils, that he personally felt the trustees would react favorably to the Village's participation at a cost of \$1,275.

However, he made it plain that he hasn't canvassed any council member personally on this question and didn't want to speak for them.

Mr. Schroeder also said he's expecting one of the judges to approach the council, perhaps at the Village's Tuesday, July 18, meeting, while adding a key is getting both The Woods and The Farms to participate.

Farms Municipal Judge Robert Pytell said the reason for the delay in The Farms is that the plan wasn't developed in time for inclusion in the city's 1978-79 operating budget.

He said that the council will be approached again, perhaps at its Monday, July 10 meeting, with a request for their share of \$4,975.

At a meeting of the directors of the Grosse Pointe Volunteer Probation program on Tuesday, June 27, Mrs. Anderson was honored for her outstanding service throughout her four-year term.

Interviewed by the NEWS later, Mrs. Anderson said she has "thoroughly enjoyed working with the program. There is a feeling that you have affected someone's life favorably."

While she said that she "urged that they (the board), fund the program for a long time," she was somewhat troubled by a possible over-emphasis by the board and Pointe councils to make the program self-sustaining.

**Shares Concerns**

Citing the provision calling for a probationer to pay a fee for the help he receives if he can afford it, she said this might be a problem for the youthful offender.

"If you look at the fact that individuals may have all sorts of problems in trying to cope you have to ask are they really helped when they get put on probation and have to pay so much a month. That's only going to add to their problems," she said.

If the budget is passed by the three remaining councils, it will be for a one-year trial basis. Mrs. Anderson said that this fact is of some concern to her also, since, if the councils decide they may not be getting their money's worth from the program, they may decide to terminate it.

While she emphasized the fact that she supported funding the program, she added, "If you have a paid director then some volunteers may be reluctant to help out. Once you leave the volunteer concept, it becomes quite different."

She said that the main reason she requested funding for the program was to handle the administration of the program. "There was quite a bit of record-keeping involved. I was more interested in helping young people."

**Much Different**  
The program did manage to hire a part-time secretary for a few months, she said. But what they really needed was a full-time staff member.

Mrs. Anderson stresses the

need for the volunteer concept to remain basic to the program.

"A volunteer is much different from what you might expect from a probation officer," she said. "A volunteer is a friend, someone to guide the individual."

"The plan was for volunteers to meet once a week, maybe for no more than sitting and talking for an hour with the probationer, hopefully, in time, achieving his respect and confidence."

"Many of us found out that it was a 24-hour thing. They, (the probationers), wouldn't have anyone to turn to and they would turn to the volunteer again and again."

She said that she doesn't yet know whether she will continue with the program, although she will definitely continue with the two cases she is presently working on.

**Mentioned Often**

As an example of the satisfaction she has derived from her work with the program, she cited the case of a youth who felt he had been

harassed by the police and was very difficult with the court.

She said the youth was doing so poorly in high school that she feared that he would have to repeat the year.

"I prompted him to take the General Development Test which is equivalent to getting your high school diploma," she said. "This young man passed it with such flying colors that his counselor told him to try to get into college."

The young man was accepted into college, she explained, and after about three months he was assigned to write a paper expressing those things that had affected his life. Mrs. Anderson was mentioned often in the paper.

"Society should do some philanthropic work," she said. "These young people are at a very formable, malleable state. They're very immature and it's very difficult for them to handle life the way we think they should."

**Solicitations Viewed**

(Continued from Page 1) council, said Mr. Catlin, who feels the measure would provide needed controls toward giving the homeowner some protection.

While there's a feeling among officials that something needs to be done in this regard, a possibility exists, pending further input from concerned individuals on the 10th, that the final section viewing the "No Solicitors" sign might be retained, if nothing else.

**Fee Required**  
 The proposal says that no person shall solicit for any cause whatsoever without first having obtained a permit from the city administrator. However, the measure doesn't apply to solicitations conducted exclusively within the membership of an organization by its officers and members.

Permit applications must be filed with the city administrator, with each application including a \$10 payment to defray the cost of processing the document.

Only one permit will be issued to any person during any one calendar year. A permit will be valid for a consecutive 10-day period and will be restricted to daylight hours only.

The permit application must contain a variety of information or a statement from the applicant as to why the information cannot be furnished.

Such information includes the following: the purpose of the solicitation and the use or disposition to be made of any receipts, the name of the person by whom the receipts shall be disbursed and the name and location of the custodian of such funds prior to disbursement, plus a description of the method or methods to be employed in conducting the solicitation.

**Must Have Permit**  
 More information requested includes a full descriptive statement of the character and extent of the charitable, civic, educational, patriotic, philanthropic or religious work being done by the applicant within the city, plus the identification number issued by the attorney general under the provisions of the Michigan Charitable Solicitations Act or evidence that the applicant is exempt from the act's provisions.

Each application for a permit will be reviewed by the city administrator who will determine four factors including the net proceeds derived from the solicitations authorized under the permit shall be used exclusively for charitable, civic, educational, patriotic, philanthropic or religious purposes, and that none of the proceeds derived will be divided in any manner with persons who actually make the solicitations.

If all qualifications are met, a permit will be issued, with facsimile copies of the permit being made in sufficient number so that each solicitor of the applicant will have a copy. Each copy will cost 50 cents.

The proposal also stipulates that solicitors must have a permit in their possession while soliciting and exhibit it to any public safety officer upon request. Failure to do so shall be a violation of the city code.

**Nixes Residents Only**  
 Mr. Petersen said the proposal was based on a similar law in Beverly Hills, Mich., with that ordinance limiting solicitations to residents only.

However, Mr. Catlin indicated that such a provision hasn't been included in The Woods' proposal because he feels it wouldn't stand up to a constitutional challenge.

The city attorney also believes the measure would encompass the following activities: the Lions Club White Cane Sales, Kiwanis Peanut Sales, Beautification Commission Flower Sale, Boy and Girl Scouts Candy Sale, Little League Candy Sale, Old Newsboys Candy Sale, March of Dimes, Cancer Fund, United Foundation, Red Cross, Muscular Dystrophy, Poppy Day Sales and similar solicitations.

**Voucher**

(Continued from Page 1) 146 legislators, responded to Mr. Harwood's survey, which included 32 detailed questions about how the plan would be administered.

About 61 percent, (14 legislators), said they opposed the proposal. None of the lawmakers said they favored the system, but about 39 percent, (nine persons), would not comment.

Many took strong stands against the plan, saying it would "be the end of local control of education" and would "spell the destruction of the public school system," for instance. They generally agreed that a long court battle on several aspects of the plan would follow its approval by voters.

The legislators were able to provide very few answers as to how the system would actually operate. Most indicated that the money to support the system, in light of the ban on property taxes, would be raised from increased income, sales or single business taxes.

**Support in Pointe**  
 Grosse Pointe has its share of supporters, as well as opponents of the Voucher System. Peter Marilyn Lundy, who serves as treasurer of Citizens for More Sensible Financing of Education, says the proposal will greatly improve the education system in Michigan.

"Our present system of funding schools is discriminatory, it denies an equal share of funding to all children," Mrs. Lundy said in an earlier interview. "The Voucher System offer parents the right to select the type of education they feel is best for their children."

In addition, the proposal has boosters among many of the private and parochial schools located in The Pointe.

Writing in a recent Saint Paul Catholic Church Sunday bulletin, Msgr. Hubert Maino said the plan "would harness the enormous potential of the free market to the educational process."

"It would improve the quality of all schooling and would open the door to the upward movement of those children still handicapped by inferior educational opportunity," Msgr. Maino wrote.

**Church Plans Bible School**

Mothers and their children are invited to register for vacation bible school at Grosse Pointe Woods Presbyterian Church, 19950 Mack avenue, set for Monday through Friday, August 7 through 11, from 9:30 to 11:30 a.m.

For kids, the games will offer crafts, church, lessons, movies and refreshments. A class for mothers will examine a variety of religious questions and offer refreshments and crafts as well.

Registrations must be completed by Monday, July 31. For further information, call Nan Strandhagen at 881-3817.

**Farms Seeks Pellet Vandal**

A rash of smashed car windows was reported in The Farms last week, and police are looking for someone who is a pellet gun who they believe is responsible.

Four incidents of shattered auto glass were reported during the night hours of Wednesday, June 28, and Thursday, June 29.

The cars, with one exception, all had their driver's side glass shattered by a shot from a pellet gun. The fourth car had its back glass destroyed.

The incidents occurred throughout The Farms, in Fisher, Cloverly, Ridge and Hillcrest roads.

**Robert Warner Cites Concern**

Board of Education Trustee Robert Warner expressed concern about the NEWS coverage of the recently approved 1978-79 school budget in a speech before the School Board on Monday, June 26.

Mr. Warner was specifically concerned that NEWS readers were not clearly informed about the source of some \$2.5 million in equity, or excess funds, the Board plans to use, in part, to refurbish and renovate several school buildings.

The \$2.5 million were, in part, accumulated from previous years' budgets, and also will be accumulated during the 1978-79 fiscal year, according to Mr. Warner.

**Let's Talk Real Estate**  
 by John E. Brink

In some there are rules that no Real Estate for Sale signs can be put out. Some of the reasoning is that this causes panic selling. Some say Real Estate signs simply aren't attractive and degrade the neighborhood.

This ruling may vary in value (if any) from neighborhood to neighborhood depending upon the circumstances in that area. Some people whose ideas we respect feel that not allowing for sale signs can greatly hurt the free enterprise system by hampering competition. Its a step towards government intervention — which we have too much of already! To not allow For Sale signs could cost each home owner as high as ten per cent of his sales value! It could prevent the buyer from having complete knowledge of the homes available to him without a very time consuming search. Its true there must be certain regulations simply to preserve accepted dignified standards: such as size. But lets stop the rules there! Grosse Pointe Real Estate co. 882-0087 your Community Builders is available and at your service — anytime. Twenty four hour telephone service. Call us, we'd enjoy helping you!

**Thieves Enter GP Pharmacy**

Someone entered the Grosse Pointe Pharmacy, 19785 Mack avenue, through the roof and took a variety of items, including some drugs, valued at an estimated total of over \$900, according to a preliminary report received by Woods police Saturday morning, July 1.

Police said \$286.51 in cash, about 30 cartons of cigarettes, around 23 Timex watches, approximately 24 lighters and a Kodak slim camera have so far been reported missing.

Drugs taken include valium, carbital, phenobarbital and darvon compound, according to the report.

Det. Lt. Jack Patterson said as much physical evidence as possible was taken at the scene in the incident in which Robert Hill of the store said he scared the suspects off once late Friday evening, June 30.

Feeling the same suspects he startled were the ones involved in the break-in, Mr. Hill said his telephone wires were found cut so he was unable to call the department immediately. He also reported his building alarm was severed.

He felt the suspects took the articles and placed them in garbage bags, while noting they went through every drawer in the building. It took all day Saturday and

Sunday, July 2, to get the pharmacy in order again. "What really bothers me is that while insurance will cover the loss, I worked for many years in drug abuse education and now all that junk is on the street," said Mr. Hill. "This hurts more than anything else."

In his report, Officer Donald Schmalz said entry was gained through the roof on the west side of the building. The suspects apparently climbed to the roof at the rear of 19803 Mack, a doctor's office, via two meter boxes and pipes.

Exit from the building is believed to have been through the roof, with the suspects possibly leaving along Manchester boulevard because a pair of pliers was found discarded on the lawn of a residence.

Once inside, the culprits climbed down the shelving to the floor and went through the store.

Confiscated articles included the pliers, a screwdriver, a flashlight, a crowbar and a pair of cloth gloves.

Police also noted that a storm door glass was discovered broken apparently by the suspects jumping off the roof when Mr. Hill heard someone above while working inside the building.

**Civil Rights Commission Makes Informal Recommendation to Schools in Case**

By Susan McDonald

The Michigan Civil Rights Commission has informally recommended that Grosse Pointe schools promote one of the two black teachers on its staff to settle a year-old race discrimination suit, according to a School Board attorney.

Having determined through its preliminary investigation that "probable cause" exists in the case, the commission's conciliation staff, has recommended the schools promote the complainant, Carey Morton, to the first assistant position which she applied for but was denied in spring 1977.

**Views Settlement**

Mrs. Morton, an 11-year veteran of The Pointe school staff, is currently teaching at Barnes Elementary School. She was one of 19 applicants for 10 first-assistant jobs in the elementary schools last spring.

In her suit, filed last June, she charged that her qualifications for the post exceeded those of some persons who received promotion. She alleged she was denied the job because she is black.

Douglas West, attorney for the school system, said he plans to discuss the commission's proposed settlement with the school administration as soon as possible.

In a telephone interview last week, Mrs. Morton said she considers the commission's proposal a satisfactory settlement of the case.

After almost one year of investigations, the Civil Rights Commission referred the case to its conciliation staff this spring in an attempt to reach an "out of court" settlement, according to the commission's public relations staff member, Phyllis McKesson.

**Lead Teacher**

Only about one-third of the cases investigated by the commission are referred to the conciliation level, Ms. McKesson said.

If a settlement is not reached at conciliation, the case is often referred to the commission's legal staff and on to the state attorney general's office, where a formal charge of discrimination may be issued, she added.

The first assistant job, which Mrs. Morton applied for, is a semi-supervisory position in each of The Pointe's 10 elementary schools. First assistants generally serve as the lead teacher in the absence of the building principal and assist the principal in several administrative duties.

Mrs. Morton has taught grades one, two and four, and worked in the Skills/Talent program.

**Burglar Enters Home in Park**

It was only a matter of two hours on Sunday, June 25, at which time John Nelson left his home, before he returned to discover that a burglar had broken into his house and had stolen two appliances, plus his car from the garage.

Mr. Nelson, who resides in Pemberton road, told Park police that he left his house at 1 a.m. and returned at 3 a.m. to discover the break-in.

Taken, said the home owner, was a small portable television set and a microwave oven from the kitchen. Apparently too lazy to carry the loot, the thief entered the adjoining garage and helped himself to Mr. Nelson's 1974 Hornet station wagon, which was driven from the scene.

Detroit police recovered the vehicle on Friday, June 29, several blocks away from The Park-Detroit city limits. However, the TV and the oven are still missing. The amount of the loss was not disclosed.

**Silverdome Trip on Horizon for GP 'Kickers'**

By David Kramer

Soccer has come alive in Grosse Pointe. In fact, it is alive enough to go to the Silverdome to play.

If the first-place 16-year-old team should beat Mount Clemens on Sunday, July 16, they will perform in an exhibition game at the Silverdome on Sunday, July 30. And they have already beaten Mount Clemens four times.

The team finished on top of Area W of the American Youth Soccer Ass'n., which includes teams from the Cities of Mount Clemens, Lansing, Kalamazoo and St. Clair Shores as well as neighboring communities on the east side of Detroit.

The Silverdome match will be played against the second place finishers in Area W.

It's been a pretty good year for the association, and not just for the 16-year-olds. At the Area W playoffs at Irish Hills, association teams finished second in the 14-year-old category, first in the 12-year-old group, second in the 10-year-old group and tied for first in the eight-year-old category.

According to Dr. Jean-Claude Elie, who coaches the 10-year-old Eagles and the eight-year-old Falcons, the association started up two years ago and had three teams last year.

This year, the organization's membership has skyrocketed to 250 players and

17 teams, including one girls team.

Games were played at University Liggett and South High School fields.

In Region 52 of Area W, Pointe teams finished first in all age groups except for the girls. Region 52 includes the East side of Detroit, Harper Woods, East Detroit and Grosse Pointe.

Dr. Elie, who says that soccer is "just like baseball is here" in his native country, (Haiti), attributes the success of the association to coaching and cooperative parents who make sure the boys come to practice.

He said the fact that The Pointe association has been

organized for two years is an added advantage over newly organized teams elsewhere.

**City Fireman Is Graduate**

Firefighter Steve Madar became the second man in the City Fire Department to complete basic police training at the Macomb County Community College Criminal Justice Training Center on Friday, June 23.

The training is part of a program to implement a consolidation of the City's Police and Fire Departments. While firefighters are being trained in police work, City police officers are taking courses in basic firefighting skills.

Firefighter Alfred Fincham was the first in the department to complete the police course this spring. So far, 10 police officers have completed the firefighting course.

Wine drinkers favor light wines these days. Even burgundies and clarets, once famed for their heavy, full bodied flavor, are more popular in their lighter forms today. As a result, wines from the Rhone region are little known. They have a strong, rough taste. Most Rhones have to be aged in the bottle at least four years before they are 'tames'. So if you are looking for a wine with a lot of color, a lot of taste, and a strong bouquet try a French Rhone.

And if you're looking for a great selection of wines and spirits, you need look no further than PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626. For your summer barbecues there's nothing like genuine draft beer; we have keg beer in 1/2 and 1/4 barrels, and we'll supply all the taping equipment at no extra charge. ### Studio Camera Request Tabled

(Continued from Page 1)  
 But the citizens, in total, indicated they didn't want a parking lot close to their homes, with one resident accusing Studio Camera Enclosing of parking in Hunt Club every day while citing safety factors in relation to youngsters playing in the area.

Mr. LaHood responded to some of the concerns by saying businesses not only need good locations but accessible parking, while noting store representatives wish to ease parking in Hunt Club. "That's why we bought the home and we went to a sizeable expense to do this," he stressed.

Commission chairman George Rinaldi said he wanted the citizens and the businesses in the community working together, while

Commissioner George Couillard, who made the motion to table, suggested that if the proposal to raze transpires, a more feasible plan be devised.

Meanwhile, another citizen suggested the commission keep a special assessment district in mind, while yet another resident complained that two hour parking in the street wasn't being tightly enforced by the public safety department.

The overall theme of commercial encroachment into residential was cited by a citizen, who felt if this occurs along Mack avenue, a gradual deterioration of homes will result.

On this point, a concern over rezoning residential property to commercial was cited. However, no such rezoning is required in this

case, officials pointed out, only a positive approval from the board of appeals.

City Attorney George Catlin noted that if the request is approved by the commission it would go to the council sitting as a board of appeals in relation to the site plan for the parking lot and use of the land for parking, (which cannot be injurious to the surrounding neighborhood).

In a final note, Amhed Ismail, president of Studio Camera, Inc., told the commission efforts have been made to try to have employees park in the municipal lot in Lochmoor boulevard but commuters book up many of the spaces.

"We want to make the people happy, and make property values better for everybody," he said.

Residential areas and businesses must co-exist, he added, while noting something must be done to solve the problem.

### Parents Cite Concerns

(Continued from Page 1)  
 his children had lost a total of nine bicycles in the last three or four years to thieves, all taken from his garage, adjacent to his Windmill Pointe drive residence, wanted to know if something can be done to close off Korte, possibly by construction of a cul-de-sac.

Mayor Matthew C. Patterson said that there was nothing that can be done in such a case, not only because Korte is a public street, but also because it is located in Detroit, not in The Park, as some people seem to believe.

In every incident discussed, none of the parents blamed the police on response time when incidents were reported. As a matter of fact, it was stated at one time that two scout cars responded within less than half a minute, apparently because they might have been in the immediate vicinity. In all cases, response time has been within two minutes or less, said the parents, who had much praise for the police.

only to etch a driver's license number in secret areas on bikes, but also on all appliances and valuables in the house to deter burglars.

**Keep Doors Locked**  
 Stickers are available to warn that all items have been etched for quick identification by the authorities. The stickers can be placed on doors, windows or any other appropriate location.

Day or night, keep garage doors closed and locked, the chief said. Locked garage and house doors makes it that much harder for burglars to get in. If you are driving your car, it takes only a few seconds to get out and unlock the garage door to park your car inside.

Never leave your bicycle on the front sidewalk, lawn, driveway, porch or where it can be seen, especially in the garage with the door open. If you must do this, get the best lock or chain and lock the wheels.

If you see two or more individuals acting in a suspicious matter, call your local police immediately. Don't worry that you think you are bothering the authorities because you feel the matter is trivial—let the police decide, he said.

Mr. DeHaven, of Grosse Pointe, was named music director of Christ Church, Grosse Pointe, in 1975. He is known throughout the country as a choral conductor, a leader in the field of church music in the Episcopal Church and a choirmaster who specializes in the training of boy choirs.

His choirs have participated with the Detroit Symphony Orchestra, the Oratorio Society of New York, the Juilliard Opera Theater and at Meadowbrook.

Mr. DeHaven, who has just returned from a European concert tour, also is an organ recitalist and conductor of chamber music.

In December 1976, he was presented the Spirit of Detroit Award by the Detroit City Council. Mr. DeHaven's musical background and expertise is reflected for the third summer in festival programming under his direction as artistic director.

Among his many activities, he is presently director of choral activities at University Liggett School, a professor and director of college choirs and is an organ instructor at Macomb County Community College, and a music lecturer at Detroit Community Music School.

He also is president of Ass'n of Detroit Musicians and is a Detroit Symphony Orchestra board member.

He attended Oberlin Conservatory and University of Michigan, where he earned his BA degree in 1961. In 1964, he received his MA degree from the Juilliard School of Music and diploma at Academie de L'Orgue Francaise, St. Maximin, France, in 1972.

The closing festival concert will be held on Wednesday, July 19, at 8 p.m., featuring the internationally acclaimed Fine Arts Quartet. In the United States, the quartet has been a major factor in the growing interest in chamber music, presenting concerts of quartet literature from Haydn to Bartok and beyond.

The foursome are Leonard Sorkin and Abram Loft, violins, Bernard Zaslav, viola, and George Sopkin, cello. The quartet's program will include works by Mozart, Britten and Schubert. The concert will be held in the Fries Ballroom.

For an opportunity to meet the performing artists, Mrs. Sterling S. Sanford, festival chairman, extends an invitation to everyone to join in

the receiving line after the concert.

Festival-goers are welcome to pre-concert picnicking on the War Memorial lakeside terrace and lawn from 6 p.m. Guests are welcome to bring their own supper, thermos and cooler or order "al fresco" box suppers at \$7.75 each by prepaid reservation three days in advance. In case of rain, the picnics will be held indoors.

Festival admission prices are \$8.50 per person. Groups

of 20 receive a 15 percent discount. Student tickets, (through college), are at half price.

Ticket and picnic box supper reservations may be obtained by mailing checks, payable to Grosse Pointe War Memorial Ass'n, to 32 Lakeshore road, Grosse Pointe 48236, or by stopping at the War Memorial office.

**Offers Advice**  
 Chief Coonce told the council and the parents that he will issue orders that reports received of suspicious persons in neighborhoods be given prompt attention.

The chief said that during 1977, a total of 215 bicycles, many of them newly purchased have been reported stolen, with a good number of them recovered. So far this year, (as of Friday, June 30), a total of 109 were reported taken by thieves. It was not disclosed how many have been recovered as yet.

Chief Coonce said there are many things that Park citizens, and even citizens of the other Pointes and surrounding communities, can do to help cut down on bicycle thefts and other crimes.

As far as bikes are concerned, he said, the first thing to do is to purchase license tags for the two wheelers from local police departments and to have the bicycle license numbers registered. This would help in the event of a bike in the event they are stolen and found in the possession of another person.

Another deterrent is the use of an etcher, which every police department has available for loan. These etchers were donated through the courtesy of local Rotary Clubs and can be used not

**Extortion Case Pre-Trial Set**  
 Two Detroit men accused of extorting \$5,000 from a Farms resident and merchant were bound over for trial in Wayne County Circuit Court. A pre-trial hearing has now been scheduled for Thursday, July 13.

Dennis Charles Prebee and Gilbert John Richard waived their Farms Municipal Court examination on Wednesday, June 28, and remain free on a \$10,000 personal recognizance bond each, Farms police reported.

Their preliminary exam date had been delayed from May 31 when their attorney asked for more time to familiarize himself with the case.

Prebee and Richard were arrested on May 19, when a massive police team composed of 31 men from six departments foiled the extortion attempt. An attaché case containing \$5,000 was removed from a car belonging to one of the defendants, police said.

The Farms resident had received threatening phone calls at home from a man calling himself his "insurance man." He gave the resident directions on where to drop the money.

The surveillance team followed the resident to the drop site in St. Clair Shores, and shortly after the money was picked up, the suspects were arrested at a traffic light.

Officer Baum Leaves Woods

By Roger A. Waha
Woods Public Safety Officer Wayne Baum, who became a member of the department in May 1968, spent his last day at work Sunday, July 2, to join his brother in the property development-home building business in Lansing.

GPW Ordinance Eyes Roof, Political Signs

An ordinance amending the city code governing signs in the community was unanimously adopted by the Woods Council at a recent regular meeting. The measure, which had been thoroughly explored at the Planning Commission and council levels prior to its adoption, prohibits the installation of roof signs, requires an annual inspection of existing roof signs with the charging of an inspection fee and provides for an appeal to the council in certain circumstances.

It also adds regulations limiting the size and placement of political signs and requires the removal of such visuals after an election. The ordinance becomes effective on Sunday, July 9. On the inspection of signs, the measure says all signs, signboards, projecting signs and roof signs for which a permit had been issued must be inspected by the department of building inspection when erected. If the signs are found to be well constructed, et al., and in accordance with the ordinance, a certificate of inspection will be issued, upon request, without charge to the owner or erector.

All roof signs in existence within the city will be considered as not conforming to the city code and the reconstruction or replacement of such signs shall not be permitted.

The measure provides an appeal to the council wherein any party who has been refused a sign permit for a proposed installation may file a claim of appeal to the council. It must be accompanied by an appeal fee of \$25 payable to the city's general fund.

Upon the receipt of an appeal, the council will establish a date for an appeal hearing. At that time, the council may grant the appeal and allow an exception to the law upon finding that such an exception would be in the city's best interests.

On political signs, the law views temporary political signs advertising a political candidate, an election or urging a vote on any topic. Such signs must not exceed a size of 6' by 36' and must not be placed to obstruct the vision of any motorist or bicyclist. They must not be installed upon property prior to 30 days before the election or vote upon any proposition so advertised.

Not more than one such sign will be installed upon any property advertising a particular candidate or proposition. However, the law says the affected section must not be construed as a prohibition against placing two or more signs upon such property when each sign urges a vote for a different candidate or proposition.

The property owner, the measure continues, must remove the visuals within five days after the date of the election to which the signs pertain.

Firecrackers Cause Damage

Firecracker complaints have been received in varying degrees throughout the community but in two instances reported to Woods police on Friday, June 30, the explosives were utilized to cause destruction to property.

Father Ralph Barton of Our Lady Star of the Sea said someone placed firecrackers on a widow ledge of the school, on an air conditioner and on a phone, causing minor damage to each article.

In another case, a Perrien place citizen told police someone placed firecrackers in her mailbox causing it to be blown off the wall of her home. Outside house numbers were cracked as a result of the blast.

**Filter Repair  
Bid Accepted**

The Woods Council at a recent regular meeting unanimously accepted the quote of the Charles Fromm Co., general contractors, of The Woods for filter plant repair at the Lake Front Park pool equipment building.

The lowest of three quotes, the Fromm bid totaled \$12,995. Work is scheduled for completion by Tuesday, July 25.

**Dim Outlook for Pointes**

(Continued from Page 1)  
The City's application for \$27,500 to buy a new fire truck and demolish vacant buildings has been tentatively approved by HUD, however, according to City Manager Thomas Kressbach. In both The Farms' and City's bids for funds to improve commercial areas, HUD's reason for denying the grants was the same, according to city officials. HUD determined that the level of "disinvestment" or

blight in the commercial districts was not severe enough to qualify for federal funding.

**Throw Schedule Back**  
"But disinvestment is exactly what we're trying to avoid by putting money into that area now," City Mayor John King protested at a recent meeting. He called the HUD policy in this area "short-sighted."

City officials were most concerned about HUD's refusal of funds for street resurfacing. Mr. Kressbach said if the HUD decision is not overturned, the resurfacing program will be cut from \$80,000 spent this year to just \$25,000 next year.

Such a cutback would throw The City's resurfacing schedule back considerably and cause a real inconvenience for those traveling City roads, he added.

The cutback in federal aid couldn't come at a worse time for The City, where the council was forced earlier this year to raise taxes over the 20-mill point and cutback police and fire manpower to avoid a budget deficit.

**Continue to Work**  
The Woods' application for funds for a variety of capital improvement projects was tentatively denied because local officials could not substantiate a low to moderate income level, (about \$19,000 for a four-member family), in the area, said City Manager Chester E. Petersen.

Officials in the three cities where grants were denied said they plan to continue working with the Detroit HUD office to either appeal the decisions or revise applications and programs to meet federal guidelines.

The Shores did not apply for any funds under the program this year.

**Gets 6½ to 10 for Farms Burglary**

A Detroit man was convicted and sentenced to from six and a half to 10 years in prison for the March 24 break-in of a Farms doctor's office in Mack avenue. Alphonso Pollard, 39, of 20th street, who has a record of 11 convictions on a number of charges including other breakings and enterings, was convicted of breaking and entering a business before Judge Michael Stacey in Wayne County Circuit Court. He was sentenced on Tuesday, June 27.

According to Farms Det. Samuel Cardella, the case will now be turned over to the Prosecution Repeat Offenders Bureau, (PROB), of the Wayne County Prosecutor's office.

If PROB can prove Pollard guilty of four felony convictions, he could receive a much stiffer sentence. Det. Cardella said that Judge Stacey indicated that he would consider 10 years with-out parole if PROB is successful in proving its case.

Pollard was arrested last March in the office of Dr. Donald J. Craite, 18540 Mack avenue. He had earlier been observed by Det. Cardella and Det. Sgt. George Van Tiem entering a number of other businesses along the street.

After arresting Pollard, the detectives found an aspirin bottle containing a

brownish powder, which was later determined to be heroin, and a \$100 check made out to another doctor on Mack.

When questioned by the detectives, Pollard admitted that he had used a screwdriver to pry open the inner door to Dr. Craite's office. The front door had been left

unlocked, due to the fact that it was Good Friday, and although Dr. Craite was out of his office at the time, he was expecting a patient at a later time.

"It should be noted that Sgt. Van Tiem was commended by the judge for his excellent job in preparing the case," Det. Cardella said.

Letters to The Editor

To the Editor:
I am writing this letter in an attempt to dispel some misconceptions held by many Grosse Pointe Woods citizens regarding their four "efficient" meter-maids.

Misconception or Myth No. 1: The meter-maid is a particular species of monster whose purpose in life is to ruin the days of the shoppers on Mack avenue.

Not true! We are normal, pleasant, young women brought up in normal, loving homes—not dark dungeons. We all needed jobs and found that the City of Grosse Pointe Woods needed us.

Myth No. 2: Meter-maids get a special kick out of waiting for the flag to pop up on an almost expired meter.

This also stems from the "monster" myth. Personally I have never waited for a flag to pop up on a meter.

Believe it or not, when we meter-maids see each other at the end of the day we do not gather into a huddle and chuckle over the people we "stuck-it-to" that day.

If we discuss anything, it is the guilt we felt when someone came out of a store while we were ticketing their car. We are not supposed to feel guilty; we are doing our job.

Myth No. 3: (This is my favorite.) Meter-maids are mind-readers or "car-readers." (Could there be such a thing?)

When a meter-maid sees a car at an expired meter she does what she is paid to do—she writes out a ticket for it and places it under the windshield wiper.

Contrary to popular belief she has no way of knowing that the time has just expired and the car owner is on the way out to feed the meter, or that the owner is out of change and has just run inside the store to get some, or that the meter is broken.

We do not carry lists of broken meters, (that would be impossible because dif-

ferent ones are breaking every few days and broken ones repaired, nor can we see around corners or guess thoughts. We are not monsters but neither are we super-human.

To conclude, the next time you see a meter-maid, treat her as you would a daughter, or neighbor or friend; she is no special breed. Smile at her and let her know that you empathize with her, and make both of your days happier.

To the Editor:
We are writing this letter collectively as a family to express our gratitude and heartfelt appreciation for the swift and efficient efforts of our fire department of Grosse Pointe Park.

As owners of the Old Place Restaurant, we recently experienced a fairly serious fire. Due to the rapid response by the Grosse Pointe Park Fire Department the fire was contained and kept from reaching the first floor of the restaurant and the apartments above.

This very efficient team, aided by the fire departments of Grosse Pointe Farms, Grosse Pointe Woods and Grosse Pointe City handled this emergency so proficiently as to avoid a total disaster.

Thanks also to the generous support of the Detroit Fire Department who offered assistance and remained on stand-by.

Except for smoke damage, we were extremely fortunate that no one was injured or in the building at the time of the fire. Thanks to the expert efforts of the fire-fighting teams involved, we were spared total incapacity of our business. We are now involved in plans for reopening within a few days.

In addition to the efforts of our superb Grosse Pointe Park Fire Department, under the direction of Chief Phillip Costa, we were aided by the Grosse Pointe Park police. They did an excellent job of keeping things under control and assisting us with safety precautions.

It is a very satisfying and reassuring feeling to live in a community where "team effort" is extended; it makes one proud to live in Grosse Pointe.

It is with total gratitude and appreciation that we say "thank you" to all the men who performed so diligently.

Sincerely,
Mr. and Mrs. Diamond Phillips,
Mr. and Mrs. Douglas Phillips,
Mr. and Mrs. Jay Jodway,
Owners of the Old Place Restaurant,

To the Editor:
Two weeks ago, during enjoyment of the first concert of the Grosse Pointe Summer Music Festival, I realized how fortunate we are.

The efforts of public spirited residents of Grosse Pointe like Alexander Szelek, founder of the festival, frequently are unnoticed and somewhat unappreciated.

This year, as in past years, the festival is experiencing financial difficulty due to limited attendance. The least we can all do is show our support for this enriching and pleasant activity by attending the remaining concerts.

Sincerely yours,
Joseph D. Shore, PhD,
Of Lincoln road,
Grosse Pointe City

Woods Planners Approve One Request, Nix Another

By Roger A. Waha
Two requests from federal savings establishments were considered by the Woods Planning Commission at its regular meeting Tuesday, June 27.

On its third appearance before the commission, Standard Federal Savings and Loan Ass'n. of Troy had its request to develop the north-east corner of Mack avenue and Blossom lane approved, while a bid from Colonial Federal Savings and Loan Ass'n. for a facility to be constructed on the west side of Mack, between Lennon and Van Antwerp roads, was rejected.

The request of Standard Federal was unanimously approved by the commission after representatives met with nearby citizens to resolve a number of problems, with the residents ultimately giving their okay to the branch office.

In the motion to approve the plans, two modifications were stipulated. One was that a brick wall bordering the property of one citizen be 10 feet, rather than six feet, from the lot line toward preserving his trees, and that a canopy distance be 16 feet from the lot line of another resident and not 13 feet as shown in the plans.

Gary Carley, legal counsel, Standard Federal, told the commission he met with officials toward making the plans more specific and to achieve a more Colonial appearance.

In an attempt to alleviate

False Letter Filed in GPW

A letter purportedly sent to an Anita avowed citizen from a member of the Woods Beautification Commission was turned over to the public safety department early Tuesday afternoon, June 27.

The false communication said if the citizen didn't improve the appearance of his property that legal action would be taken. It also erroneously referred to the commission as the beautification committee, and wasn't on city letterhead paper.

Surprised over the letter, commission chairman Dr. Albert C. Howe stressed the group hasn't sent any such letters to any resident or business.

The communication said that several neighbors have complained over the "shameful condition" of the citizen's property, with the committee investigating the complaints and finding them valid.

Three conditions would have to be met or legal action would be taken. They include the following: All weeds must be routinely removed, lawns must be routinely cut and trimmed and lawns should be watered as needed.

The letter, signed with a scrawled signature, indicated the committee will conduct a routine investigation to determine if the aforementioned conditions are being followed.

It is being kept on file with the complaint at public safety headquarters for future reference.

Both City Attorney George Catlin and City Administrator Chester E. Petersen said, to their knowledge, no similar occurrences have been reported in the past.

Farley Named To MHA Post

James T. Farley, of Colonial road, president and chief executive officer of Saint John Hospital, was named as 1978-79 chairman-elect of the Michigan Hospital Ass'n., (MHA), board of trustees by delegates attending the 50th Annual MHA Convention Thursday and Friday, June 29 and 30, in Mackinac Island.

He succeeds John C. Bay, president of Munson Medical Center, Traverse City, who becomes the board chairman.

Mr. Farley holds the degree of Master of Hospital Administration from Northwestern University and is a fellow of the American College of Hospital Administrators.

He has served as secretary of the Michigan Conference of Catholic Health Care Facilities, as a member of the executive committees of both the MHA and the Greater Detroit Area Hospital Council, and as board chairman of the MHA Mutual Insurance Co.

citizen concerns over potential traffic problems in Blossom lane, he said the revised plans eliminate ingress to the property from Blossom lane, with egress only to the street.

Mr. Carley noted a meeting was held with a citizen in relation to the construction of a new brick masonry wall near the proposed office, while consideration was given to the resident in relation to his trees.

In the latter case, an agreement was reached to install the wall 10 feet off the property line, wherein Standard Federal will lose 10 feet and the use of one of three drive-in bays, he noted.

At the same time, Mr. Carley requested that the canopy be moved 16 feet off another lot line rather than 13 feet. If there's any further adjustment in relation to this from the architectural standpoint, Standard Federal would have to come back to the commission.

Meanwhile, the bid of Colonial Federal Savings was unanimously nixed with architect G. R. Daniell being instructed to meet with Building Inspector Earl Wakely and/or the commission toward the development of a facility with more of a Colonial appearance. Revised plans could then be submitted at a later date.

The property in question is presently being used as a Jack-in-The-Box Restaurant, with Colonial Federal Savings planning to utilize the existing structure with minor modifications and to add to the building.

Robert Powers, president of Colonial Federal Savings, said the association is contemplating a move of its savings office from its Mack-Hunt Club location to the Jack-in-The-Box location.

The site at 20247 Mack will then be utilized as an administrative and mortgage office. "We want to take the Jack-in-The-Box and the land surrounding it as a new Colonial Federal Savings office," he said.

It turned out, after some 15 minutes of informal discussion on the plans, Mr. Daniell was told by the commission to strive for a more Colonial appearance of the building.

The architect said the existing structure wasn't that Colonial, while requesting specific guidelines from the commission.

Commissioner Paul Rothenburg, who made the motion to reject the plans, told Mr. Daniell, who appeared on a prior occasion before the body, that he should have a clear understanding of the direction the city wishes to take.

Mr. Powers said a further meeting of the minds was really needed, rather than taking an "it's up to the architect" approach.

In response, commission chairman George Rinaldi said suggestions were made to the architect. "We're not trying to dictate the structure and its construction. We're not architects. You should come up with a plan and give it to Mr. Wakely or Mr. Petersen. (City Administrator Chester E. Petersen). Your architect has the experience."

Noting that some concern was expressed over the roof, Mr. Daniell said most of the buildings along Mack weren't built that Colonial in appearance. "It may be cheaper to knock it down and to start all over," he added.

In both votes, Commissioner John Kennedy received the commission's unanimous approval to abstain because of a possible conflict of interest.

GP Lawyers Wives Donate Needed Equipment to YSD

By Roger A. Waha
The Grosse Pointe Lawyers Wives recently donated \$824.40 worth of equipment to the Youth Service Division, (YSD), reported Woods officials.

Included among the items is a new set of facial anatomy and an additional frame toward updating the photo identification kit which is utilized to make composite pictures of suspects based upon the description of a witness. These articles reached a combined total of \$179.

A transcriber for dictation purposes at \$349, display pamphlets for the YSD's drug abuse information center at \$124, a pocket-size recorder at \$139, a recorder

case at \$10 and six tape capsules totaling \$23.40 round out the equipment.

The drug abuse pamphlets include those giving information on heroin, cocaine, marijuana and barbiturates, among other drugs.

Delighted over the group's thought, Woods City Administrator Chester E. Petersen, YSD coordinator, said, "With the exception of one year, the Lawyers Wives have made contributions to the YSD for the purchase of equipment since the inception of the division, (which became fully operational in August 1970).

"They're the only civic organization which has consistently contributed toward supporting the YSD for the purchase of additional equipment we have not been able to purchase," he stated.

"Their contributions have made it possible to purchase very highly technical equipment such as the photo identification kit," continued Mr. Petersen.

"From the outset, the Lawyers Wives have been 100 percent behind the division."

For his part, Woods Det. Lt. Jack Patterson, division supervisor in the detective bureau, stated, "We're very thankful we have someone in the community like that. We're glad for the support of the Lawyers Wives and that offered by other groups. We will use the money in the best interest of the community."

In saying the YSD received some much needed equipment, Lt. Patterson cited the low amount of pamphlets in stock, the updating of the photo identification kit, (which is important because of changing features, e.g., hair styles), and the small, pocket-size recorder toward more accurate report writing ability.

Public Safety Director John Dankel added he was surprised and impressed that any civic organization is interested in what was happening in the department to commit "a relatively large amount of funds."

American democracy has nurtured the public schools. And the public schools have provided the soil and climate in which democracy has succeeded.

2. Accept their place on the Board as a public trust of the highest order.

3. Be sure that they represent all the children in their community, not any particular school or group. As state officers they are responsible for all of the children of the community as well as all the children of the state.

4. Keep in mind that they have an obligation to protect the schools against any person or group who would weaken them. Trustees must show courage in thought and actions to safeguard good schools for all children.

5. Be open minded. Rely on facts. They should not be swayed by personal bias or vested interest. Respect the ideas, suggestions and criticisms of other people.

6. Be willing to work with other Board members as a team. The Board meeting is the only time when the Board can legally perform its duties. The individual member has no control over the schools. At the Board meetings, trustees have a voice and a vote.

7. Be willing to devote as much time as you can to learn more and more about the schools in their district, the schools and educational problems of the state and about American education in general. To render educational leadership they need to do a lot of "homework."

Decisions made as a member of the Board of Education will influence the operation of the largest organized undertaking in our community. That's why it is important that citizens comprehend what it means to be a good school Board member.

AWARD FOUCHÉY
A Presidential Merit Scholarship in Geology was recently awarded to Robin Fouchéy, a senior at North High School.

This week I wish to expand on remarks made in last week's column about the role of the Board of Education. The 1978-79 school year is upon us, so I would like to comment on what local residents may expect from trustees.

Effective Board members should:

1. Have a deep and abiding faith in the social significance of education. It is no accident that the world's most noted education and the world's greatest democracy developed together.

Seniors' Housing Subject of Talk

By Roger A. Waha
The subject of senior citizens housing at Ghesquiere Park, which Woods voters will consider via an advisory question during the August 8 primary election, was viewed by the Planning Commission at its regular meeting Tuesday, June 27.

Senior Citizens Commission housing chairman Audrey Dolgner and her husband, Wilbert, a professional engineer, explored this question in relation to need and a sketch showing the proposed location of the complex, (northwest corner of the park).

Planning Commission chairman George Rinaldi told the Dolgners the presentation was helpful from an information standpoint and the commissioners listened with interest.

Saying three acres of the over 30-acre site, (zoned residential), is being viewed, Mr. Dolgner stressed the proposed complex will be erected without removing any existing recreational facilities, only the angle of one ballfield, without reducing its size, would be changed.

(The complex will become a reality only if the proposition is approved and only if the council gives it the green light.)

At this point, Mr. Dolgner said the structure, as proposed, would contain 150 units, (one and two bedrooms), be six floors high

and contain enough parking to accommodate residents and guests. He also said a greenbelt would be around the proposed complex, which would have a projected one bedroom rental fee of around \$260.

"The last time this issue came up, (in November 1975 when it was defeated), groups had youngsters out saying it would take away the tot lot and a baseball diamond," he said. "Nothing will be removed that's there now."

Saying such housing is needed, while noting costs will go up in the future, he indicated it would be more costly to construct such a complex at the Seven-Mack Shopping Center in reply to a question from Mr. Rinaldi on the park location.

Mr. Dolgner added the location under consideration is basically an unused area at this time.

Public Safety Director John Dankel, who attended the meeting, said such a proposed building would be radically different from any structure in the community if it's approved.

"When you get to a point of talking about elevations and site plans, I'd like our department to be involved in this," he stated, in viewing fire safety factors. At this time, the department's present equipment would not be able to handle a structure of such a proposed height.

Mr. Dolgner stated that the building would have its own fire system, its own electrical generator and emergency buttons in each apartment for the use of seniors.

The question as approved by the council in May reads as follows:

Do you favor the creation of a building authority by the city for the purpose of constructing senior citizen housing for Woods residents only to be financed by a revenue bond issue not to exceed \$4,500,000 to be repaid from rentals; such housing to be located in Ghesquiere Park on approximately three acres of land to be donated to the building authority by the city?

He won the third prize, the second prize... and, would you believe, the first prize in the Woods Beautification Commission's Flag Contest, announced at a recent meeting of the council.

The happy winner is Steven Stopin, 20, of Hollywood avenue, who submitted four of the 17 entries considered by the panel of judges, i.e., the council. In fact, no one was more surprised at the results than council members themselves after a secret poll.

A student at Colcomb County Community College and a North High School graduate, Mr. Stopin will receive \$50 for capturing the first prize and \$25 for his second and third prize winning efforts.

Now that the winning entry has been selected, Jean Rice, commission member, said the group will check with several flag manufacturing companies to obtain cost estimates.

Later this summer, after the flag is made, a special presentation will transpire when Mr. Stopin will be given the \$100, donated by the Grosse Pointe Merchants Ass'n.

The winning design is divided into three sections, with the first and third sections a bright blue and the middle section, white. In the middle of the design is a circle of stars around the city seal.

## From Another Pointe of View

By Janet Mueller

For its first quarter of a century, Detroit's Pro Musica Society focused attention on composers. Maurice Ravel and Serge Prokofiev were among those who discussed and performed their own works at Pro Musica concerts.

Recently, the society has given more attention to performers and chamber groups at the brink of fame—but there's a revival of Pro Musica's charter intention "to bring modern composers to Detroit" underway.

Alex Sucek, of Beupre avenue, current president of Pro Musica and guiding light of the Grosse Pointe Summer Music Festival, has announced that the society's 52nd season will open with an evening of music and commentary by American composer George H. Crumb: a visionary who finds new uses for traditional instruments.

Crumb's work refers to such composers as Beethoven and Berlioz, such writers as William Blake and Federico Garcia Lorca.

"Echoes of Time and the River: Four Processions for Orchestra" brought him a Pulitzer Prize in 1968.

He is a recipient of the International Rostrum of Composers Award (UNESCO) and the Koussevitsky International Recording Award for "Ancient Voices of Children."

## The Robert Karles

Photo by Focal Point of Farmington

Exchanging marriage vows in the Grosse Pointe Academy Chapel Saturday, May 27, were BARBARA MARIE MCSORLEY, daughter of Mr. and Mrs. Donald V. McSorley, of Kerby road, and Mr. Karle, son of Mr. and Mrs. Joseph A. Karle, Jr., of St. Clair Shores.

## Barbara McSorley Wed at Academy

Hunt Club Drive Is Home for Robert James Karles, Who Were Married in Late May; Lace Bands Trim Bridal Gown

The Grosse Pointe Academy Chapel was the setting Saturday, May 27, for the wedding of Barbara Marie McSorley, daughter of the Donald V. McSorleys, of Kerby road, and Robert James Karle.

Presiding at the 11 o'clock rites was Father Robert Morand, a close friend of the family who has married five of the nine McSorley children.

The bride, given in marriage by her father, wore a cathedral-trained gown of peau de soie. Wide bands of embroidered lace edged her high neck and bell sleeves. Her veil was a lace-accented mantilla.

She carried a cascade of stephanotis, white roses and orchids.

Mrs. Richard Daly, in a floor length dress of mint green Qiana, sleeveless and high-necked, was honor matron for her sister. Bridesmaids, dressed identically in pale yellow Qiana, were Mrs. Gary Robinson and Patricia E. McSorley, two other sisters, and Erin P. O'Mara.

Junior bridesmaid Jennifer Lynn McSorley, the bride's niece, wore short-sleeved, mint green Qiana.

All wore daisies in their hair and carried Colonial bouquets of yellow carnations, daisies and baby's-breath.

Thomas Karle was best man for his brother. They are the sons of Mr. and Mrs. Joseph A. Karle, Jr., of South Rosedale court, St. Clair Shores.

Groomsmen were John Karle, another brother, who came from California, John Monark, of Grand Rapids, Donald V. McSorley, Jr., and Joe Supina, a nephew, from Portland, Mich.

The nuptial mass was fol-

lowed by a champagne reception at the Grosse Pointe Hunt Club. The newlyweds vacationed in Florida and the Bahamas. They are at home in Hunt Club drive, Harper Woods.

The mother of the bride wore a long gown of pale peach silk and an elbow length, high-necked capelet. The bridegroom's mother selected chiffon printed in muted tones of yellow and green on white.

Baby roses and carnations formed both mothers' wrist corsages.

The bride's maternal grandmother, Mrs. May Wilson, designed her gown of green chiffon with its long sleeves and ruffled, V-neckline.

Richard Daly was guitarist during the ceremony. Ed Person was organist.

Out-of-town guests included Sister Gertrude McSorley, OP, and Carol Stacy, both of Adrian.

In September he will become assistant professor of Sociology at Millikin University, Decatur, Ill.

## Orchestra Hall Has 'Friends'

Orchestra Hall President Paul Gannon has officially announced the names of members of "Friends for Orchestra Hall" who were elected officers at the group's organizational meeting, held this spring.

They include two Pointers: Marilyn Lundy, who will serve as second vice-president, and W. A. Riddell, M.D., who will serve as treasurer.

Chairman of the board is Frank D. Stella. President is Renee Van Dewater. Executive vice-president is Kurt Weber-Stroebele.

Corresponding and recording secretaries are, respectively, Caroline Roulier and William K. Springett.

Orchestra Hall's "Friends" can be found throughout the metropolitan Detroit area, reflecting a cross section of professions and community commitments as well as age and background.

They are dedicated to as-

sisting the restoration, revitalization and preservation of one of the world's acoustically superb concert houses. The idea, according to Sander Kallai, Orchestra Hall's executive director, is not only to raise funds to sustain the operation of the hall but to recruit an army of volunteers to help in a wide variety of tasks.

"Anyone interested in helping Orchestra Hall," Mr. Kallai says, "should seriously consider joining the Friends for Orchestra Hall."

Memberships begin at \$15 for individuals, \$25 for families, and range upwards to \$500. Senior citizen and student memberships are available at \$10.

Featured soloists will be ballerina Leslie Browne, well-known for her portrayal of a young dancer in the movie "The Turning Point," and Patrick Bissell, star of the American Ballet Theatre.

Miss Browne, Mr. Bissell and the Ballet Repertory Company, accompanied by the Detroit Symphony Orchestra, will perform Thursday, Friday and Saturday evenings, July 27 through 29, beginning at 8:30 o'clock.

The Thursday and Saturday ballets are included in subscription series, while Friday evening's ballet is a non-subscription event.

Individual tickets range from \$4 on the lawn to \$9 for reserved pavilion seats.

A Young People's Concert, designed to introduce youngsters to the art of dance, is scheduled for 11 o'clock Saturday morning, July 29. "Ballet and Beauty" is an hour-long program featuring the Ballet Repertory Company demonstrating how the dances, techniques, music, costumes and story are all essential elements of a total performance.

Tickets for this Young People's Concert are \$3.50 each.

Local ballet students will have an opportunity to enroll in a Master Ballet Class to be taught by Richard Englund on Thursday, July 27.

The intermediate class is scheduled for 10 to 11:30 o'clock, the advanced class

for 11:30 to 1 o'clock.

Both classes will be held in the Dance Studio, Varner Hall, on the Oakland University campus. Cost is \$6 per class.

Registration or further information may be obtained by calling 377-3100.

The Ballet Repertory Company, formed in 1972, is the smaller, second company of the American Ballet Theatre. It travels throughout the country featuring a roster of outstanding young dancers and a repertory ranging from classical ballet to contemporary choreography.

Leslie Browne, whose motion picture debut earned her an Academy Award nomination, joined the renowned American Ballet Theatre in 1976 as soloist.

Tickets for all performances may be purchased at the Meadow Brook Box Office or any Hudson's, Sears, Montgomery Ward or Grinnell's ticket services.

## Warren Watkins Claims Bride June 24

Warren Hyde Watkins, of Cloverly road, son of former Pointers Mr. and Mrs. John B. Watkins, who now make their home in Leland, claimed Ann Marie Krieger as his bride Saturday, June 24, in Saint Joseph Catholic Church, Saint Joseph, Mich.

The 2 o'clock rites at which Father George N. Ross presided were followed by a reception at the Sweet Cherry Resort, Hagar Shore.

The newlyweds, vacationing in New England, will return to make their home in McKinley avenue.

The former Miss Krieger, daughter of Mr. and Mrs. Andrew H. Krieger, of Saint Joseph, is a graduate of the University of Michigan with a Bachelor of Business Administration degree. She is an auditor with Touche Ross and Company.

The bridegroom, a Uni-

versity Liggett School alumnus who holds both a Bachelor of Business Administration and a Master of Business Administration degree from the University of Michigan, is a business consultant with Arthur Andersen and Company.

The bride's gown was of white chiffon over taffeta, fashioned with a scoop-necked, fitted bodice and flounced sleeves. A chiffon flounce, accented with a self-fabric flower, trimmed the front of her long, gathered skirt. It extended into a chapel train.

Silk Venise lace trimmed her fingertip length, illusion mantilla. She carried an ivy cascade with orchids and stephanotis.

She was attended by three University of Michigan Xi Chapter Delta Gamma sorority sisters, Susan D. Ammen-

torp, of Troy, O., as maid of honor, and Eileen M. Kieran, of Pawling, N.Y., and Patricia E. Davey, of Coldwater, and by a niece, Shelley L. Marquardt, of St. Paul, Minn.

Each wore a knit frock, styled with a shirred bodice, cap sleeves, jewel neckline and circular skirt, in a different pastel color: peach, sky blue, aqua mint and pink. Each carried a single white rose.

Best man was Edward M. Kramer, of San Diego, Calif. Ushering were Charles E. Crone, of Ann Arbor, and the bridegroom's brothers, John B. Watkins, Jr., and David K. Watkins, both of Leland.

The bride's mother wore an apricot knit gown and matching, chiffon cape. The bridegroom's mother selected a blue voile, print shirt-waist. Cymbidium orchids formed both mothers' corsages.

## Janet Shaw Bride Of Mr. Brautigam

Alencon Lace and Pearls Accent Her Ivory Silk Organza Gown; Noon Rites Are Followed by Reception at Lochmoor

Janet Lynn Shaw, daughter of former Pointers Mr. and Mrs. William H. Shaw, who now reside in Boca Raton, Fla., returned to The Pointe for her wedding Saturday, June 24, to Douglas George Brautigam.

Setting for the noon ceremony at which The Reverend Kenneth Lentz officiated was Saint Paul Evangelical Lutheran Church. A reception followed at Lochmoor Club.

The newlyweds will return from a vacation on the West Coast, visiting Lake Tahoe and San Francisco, to make their home in Grand Blanc.

The bride's gown of ivory silk organza featured a bodice of Alencon lace on English net. Lace appliques circled her high neck and more lace, studded with pearls, accented her bishop sleeves.

Her hem was edged with matching lace and clusters of pearls and lace rimmed her fingertip veil, falling from a lace-and-pearl Camelot cap.

She carried a Colonial bouquet of baby's-breath, Eucharis lilies and stephanotis.

Honor matron Mrs. Gary Henry, of Grand Blanc, and bridesmaids Mrs. William H. Shaw, Jr., of Portage, and Mrs. Harold Hall, the bridegroom's sister, of Wichita Falls, Tex., carried Irish Eyes roses, baby's-breath and tangerine carnations.

Pointers MRS. GEORGE WOODS and MRS. HELEN SAXTON recently vacationed in Sun City, Ariz.

Their sleeveless, high-waisted dresses of peach Qiana featured scoop necks and A-line skirts.

The bridegroom, son of Irvin A. Brautigam, of Oak Park, asked Craig Fahoome to act as best man. Seating the guests were George Elson, William H. Shaw, Jr., brother of the bride, and Mr. Hall.

Mrs. Shaw chose a long-sleeved, floor length gown of toast chiffon for her daughter's wedding. Crystal beading accented her neck and cuffs, and she pinned two yellow orchids to her purse.

## DIA's 'Art' Campaign Is Now on The Road

The Detroit Institute of Arts has expanded its popular "You Gotta Have Art" television campaign with bumper stickers.

Following up the year-long success of the cheerful TV public service spots which feature 60 people singing and dancing through the museum, the blue and white bumper stickers also urge visits to the art institute.

Trustees, volunteers and employees are now fixing the "You Gotta Have Art" advertisements on their cars. The general public may pick them up in the museum shops for 25 cents.

Production costs for the 20,000 stickers were assisted by contributions from Chrysler and General Motors corporations.

The "You Gotta Have Art" spots, a take-off on the song "Heart" from "Damn Yankees," were produced by W. B. Doner and Company advertising agency and released during the Christmas holidays of 1976. They have

won a Clio award from the National Association of Broadcasters.

Audience reaction, letters, phone calls and station comment have been unusually complimentary: one public service director in Detroit reported that it was the first such announcement to prompt viewer calls to find out the air time so that they might tell friends to watch.

Mrs. Simon is the former Judith Carol Pfeiffer, daughter of Mr. and Mrs. Carl Bernard Pfeiffer, of Dearborn. Mr. Simon is the son of Dr. and Mrs. Heinz G. Simon, of North Duval road.

Father Gerard S. Brennan presided at the candlelight nuptial mass. The 6 o'clock ceremony was followed by a reception in Dearborn Inn's Alexandria Ballroom.

The bride's gown was V-necked, fashioned with a bodice of ivory Guipure lace and a chiffon skirt extending into a cathedral train. A lace cap caught her long, tiered, silk illusion veil.

Her cascade of white silk roses and lilies-of-the-valley, with flocked baby's-breath and greens, was accented with fresh, cranberry Sweetheart roses and a bow and streamers of cranberry and white velvet ribbons.

In long frocks of cran-

berry Qiana, styled with high, draped necklines and long, tapered sleeves, were honor matron Mrs. John Atkinson, of Ann Arbor, sister of the bride, and bridesmaids Mrs. Lawrence Tyler, another sister, of Mount Clemens, Mrs. Paul Meister, of Ann Arbor, and Linda and Kathryn Simon, both of Chicago, the bridegroom's sisters.

Cranberry and white velvet bows and streamers accented their nosegays of white and cranberry silk roses and miniature carnations, flocked baby's-breath and greens.

Best man was David Deal. In the usher corps, headed by Robert Luttrell, were James Leslie, Curtis Mann, John Schroeder and Robert Simon, the bridegroom's brother.

The mother of the bride wore an Oriental chiffon tunic dress, printed in shades of purple. A corsage of cymbidium orchids held her matching neck scarf. The bridegroom's mother selected a burgundy velvet blazer and skirt, with a pastel silk blouse. Cymbidium orchids also formed her corsage.

## Williams Is Recipient of '78 Freedom Award

Michigan Supreme Court Justice G. Mennen Williams, of Tonnacour place, is the 1978 recipient of the 20th annual International Freedom Festival's "Freedom Award."

He was introduced by attorney and longtime friend George Bushnell, of Vendome court, at a press conference at the Detroit Plaza Hotel preceding the annual Freedom Award luncheon.

Mr. Williams accepted the honor before approximately 500 Detroiters and Windsorites as a climax to the annual, formal luncheon program.

The Freedom Award luncheon, which alternates each year between Windsor and Detroit, included wine toasts to President Carter and

Queen Elizabeth, a display of United Nations flags and Scottish bagpipes piping in the head table.

It was part of the pre-Festival events leading into the four-day, June 30 to July 4, Festival weekend.

The Freedom Award—presented last year to Emmet M. Hall, retired Justice of the Supreme Court of Canada—is a walnut board with a plate on the front for engraving with American and Canadian flags.

Mr. Williams, a former Governor of Michigan and a justice on the State Supreme Court since 1971, also served as United States Ambassador to the Philippines, (1968-69), and Assistant Secretary of State for African Affairs, (1961-66).

## Museum Has History Kits

As a special service to teachers and group leaders, the Detroit Historical Museum has made available a number of loan kits for use in teaching or demonstrations.

The kits contain both original artifacts as well as unique reproductions, along with photographs and instructional manuals.

Presently, kits covering four topics are available: the Fire Department, Paper-Making, Colonial Lighting and the Colonial Child.

The Fire Kit is a suitcase filled with artifacts and photographs describing the history of Detroit's Fire Department. Especially designed for grades three, four and five, it allows children to act out the important fires in Detroit's history and in the process learn how fire

fighting has improved over the years.

The kit includes authentic fire hats, leather buckets and burlap, early uniforms, megaphones and vintage photographs.

In the Paper-Making suitcase, teachers and students will find equipment and directions for making paper from rags as it was done 200 years ago. This kit, also designed for grades three, four and five, contains a brief history of the paper-making process from antiquity to the present.

Loan Kits are available free of charge from the museum for periods of one or two weeks. Reservations should be made at least one week in advance of the time that they are needed.

Those interested in further information may call 833-9721 or 833-1805.

Diamonds are one of the best friends of a man named Harry F. Oppenheimer. Mr. Oppenheimer controls the deBeers Company of South Africa, which produces 80% of the world's diamonds. His father headed the company in the 1920's when deBeers gained supremacy in the diamond market by setting up a plan to stabilize prices and eliminate cut throat competition. With this system still in effect, the diamond industry has managed to keep the value of diamonds fairly stable, until the last few years with prices slowly rising at a controlled rate. Diamonds, an investment more than ever before.

## Re-Elect Full Slate of DSO Board Officers

At the annual meeting of the Detroit Symphony Orchestra, Inc., held in mid-June, a full slate of officers was unanimously re-elected for the 1978-79 year.

Heading the 104-member board will be John B. Ford, chairman, Robert B. Semple, president, vice-presidents Pierre V. Heffler, Ralph T. McElvenny, Paul S. Mirabito, Dean E. Richardson, Alan E. Schwartz, Richard L. Terrell, Mrs. R. Jamison Williams and Mrs. Theodore O. Yntema, Thomas H. Jeffs, III, treasurer, William G. Rands, III, assistant treasurer, and Peter P. Thurber, secretary.

President Semple issued the annual president's report for 1977-78, commenting upon the positive aspects of the orchestra's current

position including surging ticket sales, increased levels of funding and the dramatic impact of Antal Dorati in his first year as music director.

Outlining future plans, Mr. Semple reported that the orchestra's first overseas tour—to Europe in the fall of 1979—will take the

DSO to nine countries for 25 concert performances.

Many of Europe's major cities are on the itinerary, including Paris, London, Stockholm, Oslo, Madrid, Berlin and Amsterdam, as well as other cities in Spain, West Germany, Switzerland and Scandinavia.

## Boost Science Center's Hours

The Detroit Science Center is now open to the public seven days and nights a week. The new schedule is as follows: Monday through Friday, 9 to 5 o'clock; Saturday, 10 to 5 o'clock; Sunday, noon to 5 o'clock; and every evening, 7 to 9:30 o'clock.

Showings of the film "Cosmos" in the Center's Space Theater are every hour on the half hour Monday through Friday from 9:30 to 3:30 o'clock; every 50 minutes Saturday and Sunday; at 7:30 and 8:30 o'clock during the evening.

"The expansion in hours from six days to seven was made so that Detroit area families and tourists to the Detroit area will have a greater opportunity to enjoy a visit to our new facility," explained Bradley Brewer, director general of the center.

"We expect to attract a large number of tourists this summer."

Attendance at the new building in just four months since its opening has already surpassed the 1977 yearly attendance of 80,000 at the Science Center Storefront building, the pilot project for the new Detroit Science Center.

The Detroit Science Center is located at the corner of John R Street and East Warren avenue in the Cultural Center. More information can be obtained by calling 833-1892

Little League Results

GP PARK By Joy Williams The Marines defeated Army, 5-1, to win the Park Invitational League World Series. Brian Aardema pitched a two-hitter, and Peter Ast-falk doubled for the winners. Losing pitcher Doug Lucas allowed only five hits.

The Pirates led through-out the game, scoring three in the first inning and two in the third. Army began a rally in the sixth when they scored their only run, but the inning ended with the bases loaded.

Paul Rentz pitched the Pirates to a 10-5 victory over the Giants to win the National League championship and meet the Orioles in the World Series next week.

The Orioles beat the Senators, 12-2, in a second-half playoff game to win the American League championship. Jack Twomey had two triples, and Chris Welsh and Butch Cobb each tripled for the Orioles.

In earlier action, Dean Kuhnlein pitched a one-hitter to lead the Senators to a 7-1 victory over the White Sox.

The Yankees ended the Indians' playoff hopes with a 8-7 victory, and the Red Legs edged the Cardinals, 15-14.

The Orioles topped the Athletics, 15-3, and the Braves defeated the Dodgers, 11-4. Tony Corrado tripled for the Dodgers.

GP FARMS AAA By Dave Shrake Once again Hollywood succeeded in winning the AAA championship by defeating Phoenix, 10-4. There was fast pitching and hard hitting on both sides. Going the distance for Phoenix was Jed Reghanti who struck out seven, walked seven and gave up seven hits, including Jim Agley's RBI double, John MacLeod's RBI triple and Mike Timmis's double.

Jay Hasse also caught a hard and deep drive into centerfield off of Jody McAlister. Phoenix infielders Jody McAlister and Chris Brown worked well together at first and second in cutting off several Hollywood hits.

Burglars Hit Men's Store Thieves hit the Hughes and Hatcher store, 18920 Mack avenue, early Thursday morning, June 22, smashing a plate glass window and taking a number of men's suits.

According to Farms police, the culprits had been gone about five to seven minutes when police arrived on the scene at 3:27 a.m.

The thieves used a hammer to smash a 10' by 12' glass pane on the mall side of the building. They took some 18 to 20 suits, all size 40 regular, police said.

A Detroit resident had observed an older model Cadillac parked in the rear of the store, with two men standing by the open trunk. When he went in to the nearby Kroger store to notify security people there, the car left the scene at a high rate of speed.

Farms Det. Sgt. George Van Tiem said the break-in was the third such incident at the store in recent months. Police have no suspects in the case.

ULS Students Take Awards Several University Liggett Middle School students recently received awards from the Alliance Francaise de Detroit for their outstanding work in French this year.

They included eighth graders Suzanne Stroh, Christina Fink and Stanley Kong; seventh graders David Wu and Jordan Melick; and sixth graders Katherine Hein and Sue Francis.

The annual prize day ceremony was held in the General Lectures Building at Wayne State University. The Honorable Yves Coffin, Consul General of France, was the guest speaker. The Alliance offered a reception for students and their parents following the award ceremony.

Upper School student, Kevin Conley, received a \$100 prize for his first place essay in the French essay competition.

There will be Bible lessons, music, crafts, recreation and refreshments. For more information, call the church office at 884-0511.

Lochmoor Hosts Hagen Tourney

The Lochmoor Club will be the site of the Walter Hagen Invitational Golf Tournament on August 14 to benefit the Wayne County Unit of the American Cancer Society.

Former Detroit Tigers Bill Freehan and Jim Northrup, former Detroit Lion Mike Lucci, Free Press columnist Joe Falls and WJR personality Marc Avery are among the list of 15 celebrities who will participate with local golfers in the event.

The tournament committee, headed by co-chairmen Mrs. Natalie Gamble, Mrs. James O'Beski and Mrs. R. Sidney Sinclair, expect a field of 240 golfers, both men and women, to register for the day-long event.

This will be the first combined men and women's Hagen Tournament ever held in this area.

Shotgun starts are scheduled for 8 a.m. for women and 1:45 p.m. for men.

The Walter Hagen is a "best ball" tournament, played according to USGA rules and regulations. Women's and men's gross and net winning teams will represent Wayne County at the Boyne Highlands State Tournament September 9 and 10.

State Walter Hagen winners proceed to the national tournament at Walt Disney World, Florida, the first week in December.

Walter Hagen Golf Tournaments originated in 1970 by the American Cancer Society to honor the late Walter Hagen Sr., the golfing great, affectionately known as "Haig," who died of cancer in 1969.

Proceeds from the events, now sponsored by the society in over 20 states, provide funds for various programs in the fight to control cancer. In 1977, Michigan was responsible for \$225,000 of the \$1.2 million donated nationally to the American Cancer Society.

The Lochmoor Tournament is open to the serious amateur and to the weekend golfer with an established 18-hole handicap of no more than 40.

Entry fee is \$100 per person, (tax-deductible), and the entry deadline is Tuesday, August 1. In addition to the golf competition, a buffet luncheon, cocktails and dinner are included.

For further information and/or to register for the tournament, contact registration chairman Mrs. Joseph Ramez, 1495 Fairholme road, Grosse Pointe Woods 48236, (884-6093). Citizens also may contact the Lochmoor Club at 886-1010.

Burglars Hit Men's Store Thieves hit the Hughes and Hatcher store, 18920 Mack avenue, early Thursday morning, June 22, smashing a plate glass window and taking a number of men's suits.

According to Farms police, the culprits had been gone about five to seven minutes when police arrived on the scene at 3:27 a.m.

The thieves used a hammer to smash a 10' by 12' glass pane on the mall side of the building. They took some 18 to 20 suits, all size 40 regular, police said.

A Detroit resident had observed an older model Cadillac parked in the rear of the store, with two men standing by the open trunk. When he went in to the nearby Kroger store to notify security people there, the car left the scene at a high rate of speed.

Farms Det. Sgt. George Van Tiem said the break-in was the third such incident at the store in recent months. Police have no suspects in the case.

The annual prize day ceremony was held in the General Lectures Building at Wayne State University. The Honorable Yves Coffin, Consul General of France, was the guest speaker. The Alliance offered a reception for students and their parents following the award ceremony.

Upper School student, Kevin Conley, received a \$100 prize for his first place essay in the French essay competition.

Shores Fence Law to Remain

There will be no revision of The Shores' fence ordinance according to the Village solons and members of the Planning Commission which met jointly as a Committee of the Whole on Tuesday, June 27.

Village President Gerald C. Schroeder said, after a discussion was held by the trustees, (councilmen), and the commissioners, that requests for the erection of fences and/or masonry walls will each be judged on an individual basis before a permit is issued or denied.

There were 13 trustees and commissioners at the meeting, Mr. Schroeder said. The Village president said not only will the ordinance remain as originally enacted, but property owners requesting permits for fences and/or walls must first appear before the Planning Commission, which will decide the merits of the requests, after which they will be given to the council, sitting as a board of appeals.

The council will approve or reject the requests, depending on the circumstances.

The Committee of the Whole meeting was held as more and more residents have been requesting permits for fences or walls because of a tendency toward more privacy.

Under the existing ordinance, it is stipulated that no fence or wall is permitted in front of a building line, but such is permitted from the front of the building line to the rear of the property.

However, variances have been granted in the past on several occasions, on an informal basis, by the board of appeals, as long as adjoining neighbors agree with a citizen's requests.

Two brick walls were recently approved by the board of appeals, with the support of abutting property owners. One wall, 36" high, was erected in Belle Meade, and one 32" high was approved at a Woodland Shore drive residence.

Kid's Theater Plans Clinic

Grosse Pointe Children's Theater of the War Memorial will hold a two-week Acting Clinic at the Center, 32 Lakeshore road, with two-hour sessions Monday through Friday July 10 to 21.

The morning session will be for grade school children and will meet from 10 a.m. to 12 noon. The afternoon session will be for high school youth and will meet from 1 to 3 p.m.

Mrs. Sally Reynolds, founder and director of the Children's Theater which will celebrate its 25th Anniversary next season will be the instructor.

Before the founding of the Children's Theater, Mrs. Reynolds taught speech and dramatics at Liggett School for nine years. Aside from directing youth, she has worked with professional and community adult theaters both in acting and directing. She has acted professionally both in radio and on the stage.

The two-week sessions will include creative dramatics, pantomime, voice and diction, stage movement, scenes from the classics which will be enacted on the William Fries Stage, stage terminology and study from well-known authors.

The fee for the course will be \$50 and enrollment is at the War Memorial office. As the classes are limited in size it is advised that those who are interested enroll soon.

For further information, call 885-6219 or 886-0219.

RECITAL FOR JOHN

John Paul Willison, son of the David Willisons of Heather Lane, recently performed in a senior piano recital, performing works by Chopin and Rachmaninoff. John will study music at Northwestern University. He was graduated from North High School this spring as a National Merit Finalist and received the Legislative Merit Award.

## Flag Is Elizabeth Cass Gift to North High

In a special ceremony late last month, Elizabeth Cass Chapter, Daughters of the American Revolution, presented an American flag to the library of Grosse Pointe North High School. JOHN KIRSCH, (second from right), and the flag was carried into the library by ED HAMMER, (left), North's 1978 recipient of the DAR Good Citizen Award, flanked by honor guards Craig Griffin, (not pictured), and BERNARD BREHMER.

Avis Kirsch, immediate past-regent, decided to open the program with the story of the National Society DAR, its aims and achievements, told by Mrs. Marvin Putnam, past state historian. The Pledge of Allegiance, led by Mrs. John Finch flag chairman, was followed by the history and development of the American flag, after which Mr. Feighner led the singing of the National Anthem. Mrs. John M. Chase, chapter chaplain, closed the ceremony with a prayer.

He will discuss his work at the premier concert of Pro Musica's 52nd season Friday, October 27, at 8:30 o'clock at the Detroit Institute of Arts. During the evening, the Aeolian Chamber Players, who have recorded Crumb's works for Columbia Records, will perform three of his compositions: "Eleven Echoes of Autumn," "Vox Balaenae" (Voice of the Whale) and "Dream Sequence."

In the first decade of its second half-century, Pro Musica's 1978-79 season combines both the composer and performer approaches. The February 23 concert will feature pianist James Tocco. The April 27 concert will present tenor Cesar-Antonia Suarez.

A subscription renewal drive was launched in early June by membership chairman Mrs. Kim K. Lie, at a coffee at her Bedford road home. Pro Musica's season membership of \$20 includes both the concerts and admission to the traditional post-performance meet-the-artist afterglows.

He heads a group of 30 metropolitan area business leaders whose goal is to raise \$60,000 in season subscriptions from the local business community.

## A Champagne Send-Off

Now sometimes, when someone leaves Cottage Hospital, the workers in the department in which that someone worked throw a little party . . . but Alice Curtis, as Cottage's Public Relations Person, transcended departments—so when Alice decided to go, everyone decided to throw her a party.

They picked the Friday before her final week. They picked mid-afternoon, 2 to 4 o'clock, so people coming-on and going-off shift could drop by.

They picked a tea format, and although the punch was not spiked, (in a hospital—perish the thought!), they managed to make it a champagne send-off: Alice's good-bye cake was frosted with a glass of the bubbly, in pink and white icing.

It's the first time I ever ate my champagne.

It tasted pretty good. But I hope, when Alice and her husband, Jack Walmsley, set sail up the coast of Norway for the Land of the Midnight Sun, there'll be a bottle of the Real Thing aboard.

Don't worry: it's only a vacation. Alice and Jack are coming back to The Pointe. They couldn't, after all, leave the cats forever, (although Alice's cats have the chickest houses in town), and those lovely geraniums, Alice's farewell tea table centerpiece and her parting gift from the Cottage employees, have got to be looked after . . .
