HEADLINES of the WEEK

Grosse Pointe News

Thursday, August 31
NATIONAL GUARDSMEN were pelted with firebombs and a mob of 2,000 took over Nicaragua's largest bank as a general strike was called aimed at dumping the regime of Anastasio Somoza. In Matagalpa, where heavy fighting was taking place, the Red Cross was unable to reach dead and wounded after both sides ignored their appeals for a two-hour truce. Meanwhile, the U.S. State Department said it was considering offering to act as a mediator to the crisis, but a spokesman said U.S. involvement would not take place unless both sides requested it.

Friday, September 1
PRESIDENT JIMMY Carter was told by top aides Thursday that he can expect Senate approval of his natural gas bill, key to his long stalled, five-part energy program. Press Secretary Jody Powell told reporters that the odds were for passage in a close vote. The compromise bill provides for the gradual lifting of price controls on gas, a move which producers say is necessary to provide incentives for new exploration.

Saturday, September 2
THE DETROIT BOARD OF EDUCATION and the Detroit Federation of Teachers reached tentative agreement on a new contract Friday, averting a potential strike as teachers will return to work next week. The contract reportedly included a raise of about six and a half percent in pay and benefits. Four districts in the state are currently on strike, and the fourth largest district, Warren Consolidated, is expected to strike next week. A spokesman for the Michigan Education Ass'n. said the number of teacher strikes in the state could range from six to 20 or more.

INTERNAL MEMOS show that the Ford Motor Co. knew of problems involving its automatic transmissions as early as 1972 and considered design changes to prevent cars from slipping into reverse when idling in park. A federal safety agency is currently looking into the transmission problem, and there are indications that its findings may lead to the largest car recall in history. National Highway Traffic Safety Administration (NHTSA), records show that the transmission failure may be linked to 23 deaths, 259 injuries and 777 accidents. Ford has denied the transmissions are defective.

Monday, September 4
POPE JOHN PAUL I assumed the throne of Saint Peter and leadership of the world's 700 million Catholics yesterday in a simple, outdoor investiture ceremony. The 65-year-old Pontiff donned a simple white wool stole as the shepherd of his flock and consecrated his inaugural mass with the College of Cardinals. Setting the tone of ecumenism, John Paul greeted in his homily "all the people of the world. We regard them and love them as our brothers and sisters, since they are the children of the same Heavenly Father and brothers and sisters in Christ Jesus."

Tuesday, September 5
A SOMBER PRESIDENT Jimmy Carter warned Monday that the prospects for complete success at his Mid-east summit meeting beginning Tuesday "are very remote." But at the same time, in an obvious message to Egyptian President Anwar Sadat and Israeli Prime Minister Menachem Begin, he said the political consequences of failure "might be very severe."

LWV's 'Bizarre Bazaar' Proves Big Success

Taking a break from what proved to be an enjoyable and active "Bizarre Bazaar, Flea Market and Craft Sale" on Saturday, September 2, are the following League of Women Voters (LWV), of Grosse Pointe chairpersons and workers: (from left to right, standing), SUE SISKI, LINDA VON ROSEN, JO ANN KELLY, FRANCIS SCHONENBERG, ELINOR TACKLE and JUDY MORLAN, and, (from left to right, kneeling), FRAN HIGBIE, BARBARA STICKFORD

KAREN FAHLE. The second annual event, held at South High School's football field, was termed "very successful" by LWV president Peggy Hodak. She said 50 booths, (10 over last year), were rented, a nice turnout occurred under sunny skies but there was a problem with bees in concession stand areas. The LWV is still tallying its figures with results not available for another two weeks.

Portable Signs Law Approved

Woods Council Adds Section Giving Citizens Right of Appeal, Lowers Time Limit for Displays

By Roger A. Waha

An ordinance governing portable signs in the community was unanimously approved by the Woods Council at its regular meeting Monday, August 21.

The measure, which becomes effective early this month, had been previously studied by the Planning Commission, which made its recommendation for adoption on July 19.

On August 7, the council okayed the measure after making an adjustment in the amount of time any proposed display may be held, while not supporting a substitute motion to incorporate a right of appeal in hardship cases.

Persistence Pays Off

However, when the council finally adopted the ordinance, such a section was approved for incorporation based upon the initiative of Councilman Robert E. Novitke.

At its first reading stage on the 7th, Councilman E.D. Grady suggested that the time limit permitting such signs be trimmed from 15 consecutive days to seven. (Continued on Page 6)

Standoff on Repaving Of Lakeshore Road Is Likely to Continue

While Most Officials And Citizens Recognize Thoroughfare Needs Work, Proposed Cost-Sharing Agreement Between Farms, Shores and County Main Problem

By David Kramer

The standoff on the repaving of Lakeshore road is likely to continue indefinitely with both the Wayne County Road Commission and The Farms and Shores claiming they have insufficient funds to do the job.

Officials say they see no end in sight to the stalemate over the funding of the project, which has resulted in further deterioration of the road since The Farms and Shores first refused to sign agreements with the commission in 1976.

The agreements, which the county still insists it must have before beginning resurfacing, call for a one-third sharing of the cost by the two cities.

Starts in 1975

According to William G. Sutherland, assistant director of transportation for the road commission, the one-third cost sharing was begun in 1975, "as a result of our financial situation."

He added that before that date, financial participation was only requested for reconstruction projects — those that require a complete rebuilding of the road.

Mr. Sutherland explained that since 1973 the commission's income has remained

stable, while inflation has continued to boost costs.

Compounding the problem, he said, is the recent popularity of small, fuel efficient cars. Since the commission's income is based on gasoline and weight taxes, it has sufficient funds as less gasoline is used.

Mr. Sutherland noted the Lakeshore situation isn't unique. "We've got roads like that all over the county," he said.

Communities which have agreed to share the cost include Livonia, Westland, Riverview, Wyandotte, Dearborn and Allen Park, among others, he said.

Maintain Pressure

Mr. Sutherland noted that if the agreements were signed by both The Farms and Shores, "I would guess the commission would find some money for it next year," while adding the Lakeshore. (Continued on Page 6)

Northwest Area Survey Set to Begin in Woods

By Roger A. Waha

A cover letter with sample questionnaire was mailed Wednesday evening, August 30, to an estimated 450 homes in the northwest area of The Woods, explaining a pending survey which officials hope will help the city in obtaining Community Development Block Grant monies.

City Administrator Chester E. Petersen said representatives from Nordhaus Research Inc. are expected to conduct a telephone survey of area citizens sometime after Labor Day, Monday, September 4.

He added officials expect a report from Nordhaus on results before the end of this month.

The main objective of the

St. John Sets Heart Seminar

A one-evening seminar, "Cardiac Conditioning and Cooking," designed especially for heart patients and their families, will be held on Wednesday, September 27, at Saint John Hospital's Patient Education Center from 7 to 10 p.m.

The seminar will include a lecture and a question and answer session with a noted cardiologist, dietitians and physical therapists. A wide variety of information, suggestions and exercises for healthy heart living will be presented.

Because of the popularity of this program, the number of participants is limited to \$5 fee per person will be charged for take-home material.

For further information and reservations, call the hospital's Patient Education Center at 881-8200, extension 641. (Continued on Page 2)

Solid Case Needed for Grant Funds

Woods Has Aerial Photos Taken of Mack-Vernier Intersection As Step in Gathering Facts Toward Improvements

By Roger A. Waha

Aerial photographs were taken of The Woods, with a particular emphasis upon the Mack avenue-Vernier road intersection, late last month to obtain information toward filing a formal application for 90 percent Federal Aid Safety funding to cover costs of proposed improvements in the immediate area.

Through the cooperation of the Detroit Police Department's Aviation Unit, Woods Sgt. William Lentz took the photos which Public Safety Director John Dankel called "very graphic" in relation to traffic flow.

A traffic study of the intersection, which Woods officials requested earlier this summer, was viewed by the council on August 7. The study, conducted by the planning division of the Wayne County Road Commission, viewed accident analysis, volume-capacity analysis and field observation of the intersection operation.

At that time, the solons unanimously approved a motion authorizing City Engineer Larry Pate to prepare preliminary plans and cost estimates of the recommended improvements at the intersection, while authorizing the filing of an application for federal funds.

The estimated construction cost for such proposed work, e.g., the relocation of the sidewalk along the Vernier frontage of Parcels School away from the Vernier road way toward increasing the margin area, to alleviate the jog on Vernier through Mack and to provide better service for U-turn movement east of Mack, was placed at around \$30,000 by officials.

City Administrator Chester E. Petersen said last week Mr. Pate is continuing his work at this time. "We hope to have the plans to make an application early enough so that approval can be given for early spring construction," he stated. (Continued on Page 4)

School System Has New Look As Classes Start

Additional Programs, Personnel Changes Greet Students As New Year Begins Today; Smallest Group Since 1957 Set to 'Hit' Books Again

By Susan McDonald

Summer's officially over for just under 10,000 Pointe kids, the smallest group since 1957, who'll trek back to the 15 public schools today, September 7, for the first classes.

Besides new classmates, new teachers and even new schools, for some, the children will likely encounter a few changes and new programs that have been implemented by administrators since school closed last June.

Starting at the top, the School Board appointed four new principals this summer: William Mogk at South High, Leo Waras at Maire, Donald Bassett at Pierce and Audrey Burchett at Ferry School.

Resource Center Eyed

There are a few new faces at central offices, too. Former South Principal Dr. James Hoeh now is assistant superintendent for administration, Mount Clemens attorney Ronald Tonks was named personnel director and former community services director Carl Schoessel is assistant to the superintendent.

This fall will mark the formation of The Pointe's first school soccer league at the middle and high schools.

Practice will begin as soon as enough coaches are found to staff the program.

Right now, Director of Secondary Education Robert Welch is anticipating segregated teams for boys and girls, tri-school competition at the middle level and cross-town meets for North and South High teams.

Career Education Director James DeWorken plans to give high school vocational programs a boost this fall with two programs that have not yet received final approval.

He hopes to see a Career Resource Center installed at South High School, pending approval from state and Pointe school boards, along with a new computer terminal that will link students to extensive data on job opportunities. (Continued on Page 2)

Renovation At SHS Set For Review

Architect to Present Cost Estimates to Board September 11 on Construction of Industrial Arts Building

By Susan McDonald

Architect William Kessler will go before the School Board Monday, September 11, to get the okay on a set of cost estimates that will allow his firm to begin construction of an industrial arts building near South High School.

To finance the project, school administrators are racing against an early November deadline to secure state approval of a \$2.15 million bond issue that was approved this summer by the Board without a vote of citizens.

The bond issue could be threatened by Headlee or Tish tax amendments which may go before Michigan voters November 7. The tax proposals may outlaw bond issues authorized without a vote of citizens.

According to the latest construction schedule issued by Kessler, excavation of the site along Fisher road just south of the Central Library would begin in mid-November. The firm hopes to complete the new auto, wood and metal shop by Labor Day 1979.

Alterations to the school's existing industrial arts wing are scheduled to begin next May 1 and be completed by Labor Day as well. The building will be converted to house expanded art, drafting and photography work areas.

Most of the new building will be underground with only a six-foot earth berm, 12-foot exhaust tower and roof top tennis courts visible from street level.

Inside will be large engine laboratories, classrooms, a wood shop, metal shop and auto service area with three or four work bays to be entered from a sloped driveway off Fisher road.

The new facilities should allow for a significant expansion of South High School's vocational and industrial education program. (Continued on Page 6)

Tree Honors Elmore Frank

Members of the Men's Garden Club will gather on the front lawn of the Central Library, 10 Kercheval avenue, this week to dedicate a newly-planted tree in memory of the group's late president Elmore Frank.

The little leaf Linden tree was recently planted in front of the library by the club as a lasting tribute to Mr. Frank, who was an active horticulturist not only in The Pointe, but throughout Michigan.

The dedication will be held Saturday, September 9, beginning at 2 p.m.

Oil Slick Near GP Shores Park Baffling to Officials

The Shores Public Safety Department and the St. Clair Shores based U.S. Coast Guard were unable to determine the origin of an oil slick discovered at the west end of the George Osias Park harbor on Thursday, August 31.

The discovery was made by Gary Deman, an employee of the Grosse Pointe Yacht Club (GPYC), who reported the incident to police at 7:06 p.m.

Director of Public Safety Joseph Vitale, Sgt. James Jureak and PSOs John Frasar and Michael Kenyon and Stanley Vernier, head of the Department of Public Works, responded to the scene.

A check of all crafts with engines operating with diesel fuel in the park and the GPYC marinas brought negative results. None were known to have any spillage, nor did any apparently pump oil into the lake.

Desk Officer Richard Polen called the Coast Guard station and a boat and crew were dispatched to the scene to investigate, but again, the results proved negative.

Coast Guard Lt. Clayton Evans informed Director Vitale that an investigation will continue and any information will be passed on to the Public Safety Department.

At the time, it was the opinion of the lieutenant that the slick would dissipate within several hours, but a (Continued on Page 6)

GPW Seeks Solutions To Problems

Closing of Street Via Temporary Barricade, Permanent Cul-De-Sac to Be Viewed September 11

By Roger A. Waha

A solution toward resolving an ongoing problem which has troubled citizens living in the vicinity of Brys drive and East Eight Mile road will again be sought when a public hearing is held Monday, September 11, in The Woods council chambers, 20025 Mack avenue, at 7:30 p.m.

This date was set by the solons at their regular meeting Monday, August 21, after a letter, accompanied by a position statement from Brys and East Eight Mile property owners, was received from citizen representative Bruce E. VanFarowe of Brys drive.

The statement, signed by 46 property owners, said, "In view of the high volume of vehicular traffic that plagues our streets, we support the installation of a permanent cul-de-sac near the junction of Brys drive and East Eight Mile road, to be preceded by a temporary test barricade in the same location."

Most in Favor

At the hearing, in which notices also were sent to Harper Woods and St. Clair Shores officials, it will be determined whether or not Brys should be closed to through traffic by the installation of temporary barricades and/or construction of a permanent cul-de-sac in the area of the Brys and East Eight Mile intersection and the intersection of Brys and Helen avenue.

In clarifying the content of the position statement, Mr. VanFarowe said the signatories represent 100 percent full support, (40 of 40), of East Eight Mile property owners. This made total support, 90 percent, (46 of 51).

"The overriding concern of the five East Eight Mile owners who did not sign appears to be the potential for deterioration of city services, e.g., fire and police protection, snow plowing and garbage pickup," he said.

"Two of these five property owners did indicate that they would support a test barricade with a wait and see attitude."

GPF Receives Arson Reports

Three reports of deliberately set fires were received by Farms police within a four-day period, with little or no damage resulting from them.

A Tonnacour place resident told police that while he was driving down Country Club lane on the afternoon of Sunday, September 3, he saw a fire burning on the front lawn of a residence. He said the fire was about two feet high and 10 feet long.

The man put the fire out with a nearby lawn sprinkler. Police recovered a broken bottle and a wick, apparently from a firebomb used to set the blaze.

A similar incident was reported to police by an employee of the Country Club of Detroit on Thursday, August 31.

He observed several youths burning gasoline in the street at the corner of Lakeview avenue and Country Club lane. Officers responding to the call were unable to locate the culprits.

Police took a belated report from a Vendome road resident of an apparent arson that occurred on Sunday, August 13. The report, filed August 31, said minor damage was done to a wooden fence alongside the property.

Brys Drive Subject of Hearing

(Continued from Page 1) caded with a cul-de-sac in mind will be the main focus of the hearing. Councilman John Sabol on the 21st asked City Attorney George Catlin to offer a legal opinion in relation to closing the street. This opinion is scheduled to be ready the night of the hearing.

Variety of Measures
Efforts to solve the problems over heavy vehicular traffic on Brys and East Eight Mile, (including commercial), and concerns over ensuing safety factors and accompanying noise, have been foremost in the minds of citizens and officials for several years.

Reports on traffic counts, enforcement regarding the number of tickets issued during a specific period of time, various meetings, including one major one last November with planning consultant Brandon M. Rogers, public safety officials and

representatives from the AAA and Harper Woods and St. Clair Shores Police Departments, along with a variety of measures which have been applied to ease the situation, have been paramount during this period of time.

Most recently, barricades, blocking the Brys drive-Roslyn road crossovers on Mack, were tried last year. But these caused some problems and, based upon input from citizens and merchants, who said the barricades hurt their businesses, it was decided that they should come down.

In their place, the council in early January agreed to see what effect "right turn only" and "left turn only" signs would have. Such visuals located at Brys and Roslyn and in the Mack median are still up.

But based upon new traffic counts, it appears the signs aren't proving to be

productive toward reducing traffic volume.

In comparing traffic counts taken last August and this August over two successive days, the daily average on Brys, Mack to Helen, reached 2,406, more than the 2,110 count of August 1977.

Extremely Difficult
Meanwhile, the count on East Eight Mile, Helen to Canton, averaged out to 2,911 vehicles this August in comparison to 2,676 last August.

Traffic Safety Officer Paul Crook said officials felt the signs would detour traffic from using Brys but, instead, have apparently increased the flow based upon the counts.

On enforcement, Public Safety Director John Dankel stressed that over the last 60 days selective enforcement of the area has increased along with the issuance of violations. At the same time, he added that regular patrol cars also have been keeping an eye on the location.

Many who have been involved and/or concerned with this problem agree it's an extremely difficult one for a number of reasons, not the least of which is the time and effort already spent toward reaching a solution.

Another factor is that a solution doesn't involve The Woods alone but also the Cities of St. Clair Shores and Harper Woods.

Yet another factor which has to be considered is, if Brys is closed off, would other neighboring streets be the recipients of more traffic? This also could be a discussion point at the hearing, in light of the proposed temporary barricade and cul-de-sac.

Police Cite Pointer Pub

The Pointer Pub, 18666 Mack avenue, will be cited by Farms police for refusing to allow police officers to enter upon request following an incident which took place early Wednesday morning, August 30.

According to Det. Sgt. George Van Tien, the Liquor Control Commission, (LCC), will be notified by the police. If it is determined there is sufficient evidence, the LCC will hold a hearing on the charge. Sgt. Van Tien said the hearings would be similar to a normal trial.

Police reports show that Officer Dan Jensen was checking doors along Mack at about 4:18 a.m. when he heard music and talking in the bar. Upon looking in the door, he spotted three men sitting at the bar.

The men were identified as Joseph Addison, 19, of Fairford road, Douglas Mack, 19, of Alter road, Detroit, and Mark Seely, 18, of Merriweather road. All three worked at the bar.

Officer Jensen said repeated requests to Addison to open the door were refused, with Addison wanting to know why the officer wanted to enter.

Addison was told by the officer that he was suspecting liquor violations, due to the late hour. When he continued to refuse entry, Officer Jensen radioed for assistance.

While waiting for aid, Officer Jensen said he heard what he thought to be the sound of several bottles being dropped into a trash can.

Officer David Beekman arrived, and the two again asked Addison to open the door. Again he refused, still asking why police wanted to enter.

When one of the officers called the station to request a supervisor, Addison finally

System Has New Look

(Continued from Page 1) tunities, requirements and compensation through the Michigan Occupational Information System.

New Lunch Program
The Resource Center, North to one installed at North High last year, will offer information on thousands of different jobs and colleges to help counselors guide students and members of the community through the often confusing task of selecting a career.

At the middle schools, students may encounter more writing assignments this fall because of the addition of writing aides to English departments there. The paraprofessionals will help teachers grade papers, to allow for more writing projects and added individual guidance.

The biggest change for elementary students will be the state-mandated lunch program, scheduled to start October 1, according to Director of Elementary Education Dr. Alfreda Frost. For the first time, each school will offer hot or cold lunches at 70 cents.

Elementary students will encounter new math programs in all classes, as well. New text books move away from the "new math" terminology, according to Dr. Frost, and tend toward a more basic approach with emphasis on computation.

Even more curriculum changes will be studied this year, as Dr. Frost plans to update Skills/Talent offerings for gifted students, with an attempt to help high-IQ under-achievers, and the science program, in which she hopes to include discussions of health.

Additions Planned
To give parents a better idea of what's in store for their kids, and to help teachers plan individual programs, Parent-Teacher Conferences will begin early this year, during the last week of September, according to Dr. Frost.

That will give teachers and parents a chance to assess children's strengths, weaknesses and areas of special need at the start of the school year, she added.

Some additions are in the works for those 2,000 Grosse Pointe students participating in special education programs as well, says department director Reginald Sienkiewicz.

A program for learning disabled children in early elementary classes will be added at Poupard School, as well as an occupational therapy program for the trainable mentally retarded at Poupard, according to Mr. Sienkiewicz.

Farms CBers Helping Police
Cpl. Joseph Miller of the Farms Police Department is unit coordinator for the 10-member Communications Support Unit, who make themselves available as "extra eyes" when needed.

Members, who are all equipped with citizens band, (CB), radios, have assisted during local storm and fire emergencies, parades and other special activities since the unit's inception 11 years ago.

Although the group is now at full strength, Cpl. Miller said he would welcome applications for future openings.

Interested Farms residents who have 40 channel mobile radios should contact Cpl. Miller at 885-2100.

GPW Survey

(Continued from Page 1) strate that the beneficiaries of projects were predominantly "low to moderate" income families according to federal guidelines.

Mr. Petersen then proposed to the council on August 7 that a demographic survey be conducted of the northwest corner of the city. Such a survey also would incorporate questions on Seven-Mack Shopping Center facilities.

At the same time, the survey would be conducted via a contract between the city and the Wayne County Office of Program Development with the county agreeing to reimburse the city for the survey's cost, placed at over \$2,000.

The proposed questionnaire covers a variety of subject matters, e.g., the traffic flow from commercial to residential districts and if a family shops at Seven-Mack, with a key question on total family income.

According to moderate" income levels include the following examples: a family of two, low income, maximum family income, \$7,950, moderate income, maximum family income, \$12,750; a family of five, respectively, \$10,750 and \$16,900; and a family of seven, respectively, \$12,250 and \$18,900.

As for the identification of participating residents, Mr. Petersen said citizens need not necessarily have to identify themselves to the Nordhaus interviewer unless they so desire.

Probst Gets New Position

Bon Secours Hospital recently appointed Richard Probst as assistant administrator in charge of six major hospital departments, including the Family Health Center in St. Clair Shores.

Mr. Probst will oversee the center's operations which provide comprehensive medical care for family members in all life stages, including parents, children and the elderly. Located at 25901 East Jefferson avenue, the center is completely equipped with examining rooms, doctors' offices, laboratory and x-ray facilities.

Mr. Probst also will administer the medical records department which is responsible for Bon Secours' program of utilization review, a quality assurance program which monitors usage of hospital resources.

Other departments under his direction include food service, building services, materials management and environmental services.

Mr. Probst joined Bon Secours in 1974 as director of environmental services. He and his wife reside in St. Clair Shores.

Wildlife Club Sets Banquet

The brand new, Grosse Pointe Chapter of Ducks Unlimited will hold its first annual banquet and auction at the Grosse Pointe Yacht Club Saturday, September 16, to raise funds for preservation of waterfowl habitats in North America.

The evening will begin with a cash bar at 6 p.m., followed by dinner, and a Stalker and Boos auction of limited edition prints, paintings, antique decoys and collectible shotguns.

Co-chairmen for the evening are Jack Rosch of Grand Marais boulevard and Jim Rauh of Mozelle place. Tickets are \$30 each and include a one-year Ducks Unlimited membership and subscription to the organization's magazine.

Nationwide, Ducks Unlimited raised about \$13 million last year to preserve prime Canadian habitats for waterfowl. Formed in 1937, the organization has spent more than \$70 million to preserve 2.5 million acres of land.

The Grosse Pointe chapter was recently formed and includes some 250 members. Its chairman is Tom Willison of Handy road.

Other leaders of the organization are Howard Buhl of Lincoln road, Lloyd Semple of Cambridge road, Ted Kaye of Tireman road, Detroit, Mike VanLokeren of Beverly road, Dick Marsh of Irvine lane, Walter Bernard of Hamilton court, Tom Muer of Merriweather road and Howard Kay of Grand Marais boulevard.

Park Okays Premium Hike; Adds Four Laws to Code

By David Kramer
The Park Council approved an approximate 25 percent increase in premium rates for its excess umbrella insurance coverage this year.

The increase amounts to \$1,900, from \$9,500 for the policy ending in July to \$11,400 for the policy which began August 1.

The council took this action at its Monday, August 28, meeting, after Councilman Douglas Graham, chairman of the insurance review committee, recommended the city's coverage not be reduced.

The council's approval will maintain the city's liability coverage at \$1.5 million.

At the council's Monday, August 14, meeting, City Comptroller Nunzio J. Ortisi said the alternative to payment of the increased premiums would have been to reduce the liability coverage to \$1 million, at a savings of about \$6,000 in premiums.

However, he and Mr. Graham concurred that the coverage should not be reduced. "We're facing more liabilities these days," Mr. Graham said.

At the August 14 meeting, Mr. Ortisi had pointed out that the premiums for the coverage had risen sharply since 1974, when the rate was \$2,000.

In other action, the council unanimously approved four new ordinances for addition to the city's code.

One ordinance allows the city to cut a resident's grass "or other permitted ground cover" and charge that resident for the cost, if he allows the ground cover to reach a height greater than five inches.

Mr. Graham wondered whether five inches might be too short for some ground coverings, such as pachy sandra, which might grow taller and still not be considered unsightly.

City Attorney Herold Deason pointed out the ordinance does not require the city to cut the ground cover but rather permits it to. This provision, therefore, leaves wide discretion to the city, he noted.

The city also passed a new

trespassing ordinance which provided that the city could post no trespassing signs on its property.

Mr. Deason said the ordinance was requested by the police department to aid officers in their patrolling of parks and school fields, adding the measure would only apply to public property.

The third ordinance deals with vendors and peddlers. It prohibits them from stopping in one place for any longer than it takes to make a sale, and makes it unlawful for them to stop within 200 feet of an intersection.

The measure also requires vendors to pull up to within 12 inches of a curb when they stop.

The final approved ordinance allows the council to set fees for various licenses and permits by resolution. Under existing law, rate changes had to be made in the form of an ordinance.

All of the ordinances will become effective on Friday, September 15.

Suspect Faces Charge in GPW

A suspect wanted by Woods police on a warrant obtained in March 1977 was apprehended in Chicago, Ill., late last month, reported Det. Thomas Podaszewik.

The man, Larey E. Gardner, 29, of Detroit, was charged with false pretenses when he allegedly purchased a television set with a

\$227.76 check, which proved to be bad.

Gardner, the detective said, was recently arraigned in the Woods Municipal Court and was remanded to the Wayne County Jail in lieu of \$20,000 bond, pending his examination date which was scheduled for Wednesday, September 6.

College Credit Courses Slated

Four university-credit courses, co-sponsored by the continuing education departments of Pointe schools and Eastern Michigan University, have been scheduled this fall at South High School, 11 Grosse Pointe boulevard.

All four courses carry two hours of university credit.

"Resources and Nations" to be taught at 4:30 p.m. on Tuesday is not open to students who have more than eight hours of credit in geography.

The course deals with patterns of distribution, production, consumption and adequacy of physical and cultural resources, as well as different management characteristics and roles which resources play in the development of nations.

"Programs in Language Arts" is slated to begin at 7:15 p.m. on Tuesday evenings. The course is concerned with curricular objectives and their implementation, handwriting, spelling and creative, narrative, and ex-

pository writing, evaluation procedures, and some consideration of corrective techniques.

"Art Education Workshop," meeting at 4:30 p.m. on Wednesday, is not open to students who have a major in art. It is primarily designed for the classroom teacher.

A variety of media, applicable to classroom utilization, will be employed with an emphasis on more innovative selections.

Finally, "Sociology of Education" will meet on Wednesdays at 7:15 p.m.

All classes begin the week of September 11. In addition to a \$20 registration fee, each course costs \$37 per credit hour.

For more information, call 343-2178.

Responding to the Word of God

How do we respond when others speak to us? when we hear the news? when we read a stirring article or hear a persuasive speaker? Are we listening to what God is telling us amidst all this confusion?

Christian Science teaches that to act with intelligence and goodness is responding to the Christ, the "still small voice" of God the Bible Speaks of.

Come to a free one hour Christian Science lecture about how to hear and respond to God's words as the Bible characters Samuel, Saul and John did. It will be given by Catherine H. Anwandter of the Christian Science Board of Lectureship.

Warden Saves 'Sheepish' Dog

An Old English Sheepdog was scared and probably felt a little "sheepish" after getting himself stuck in a sump pump well at a Hawthorne road home late Wednesday morning, August 30.

But thanks to Woods Dog Warden Jeffery Johnson, who responded to a call from Patty Thomas, the pooch was removed from his predicament wet, shaken but unharmed.

Saying the dog apparently approached the well in search of a drink, the dog warden arrived to find the animal up to its neck in water, and unable to move because it was snugly wedged inside.

After applying a rope to the dog's muzzle to eliminate any chance of being bitten during the removal process, he reached down and lifted the animal from his watery enclosure and onto the basement floor.

"I've never seen anything like that in my whole life," Warden Johnson confessed. "It was something else!"

"We think Grosse Pointe hockey is the best organized sport for kids anywhere."

"We like Grosse Pointe hockey because we know our boy is guaranteed to play his full share of each and every game."

"We expected a lot of travel time and money would be involved. Grosse Pointe hockey requires neither."

"We like Grosse Pointe hockey because the accent is more on skating and skills than winning."

"Our whole family loves hockey and has gotten great fun from it every winter."

"Grosse Pointe hockey makes the whole winter fun instead of just a long wait until summer."

"We've met many super people and made many new friends through Grosse Pointe hockey."

"Our son is more easygoing since playing hockey and less aggressive toward other kids."

"Grosse Pointe hockey has helped my son make warm friendships through the cause of the team."

"Grosse Pointe hockey is a great wintertime physical release which is otherwise available only in the summertime."

Center Slates Travel Series

The 1978-79 Grosse Pointe Adventure Series of programs founded and selected by George Pierrot begins Wednesday evening, September 20, in the War Memorial's Fries Auditorium, 32 Lakeshore road.

The program is the "Legend of a Lost Crown," a color film personally presented by Howard and Lucia Meyers.

It covers the rule of the Hapsburg family in two continents and five countries: Austria, Mexico, Italy, Belgium and France.

As with all the travelogues, the 8 p.m. showing is preceded at 6:30 p.m. by a pre-show dinner in the Crystal Ballroom overlooking the gardens and Lake St. Clair, at which time recipes of the different countries to be shown are used for the main dishes.

From September through April 10 complete evenings of dinners and shows will be included in the series.

"Shakespeare's Britain Today" with Eric Pavel will be shown October 23; "Japan" with Thayer Soule, on November 17; "Pulse of Portugal," December 5; "Vienna," with Andre de la Varre December 14; and "Ireland," with Robert Davis January 24.

More are "Australia," with Ken Armstrong February 2; "Greece - Mountains to Islands," March 1, with Matthew and Sherilyn Mentis; "Switzerland," with Phillip Walker March 14; and "Bahama Holiday," April 18 with Dennis Glenn Cooper.

The series of 10 complete evenings, (dinners and shows), is \$95—a savings of \$12.50 over single evening purchases. Series cost for the shows only is \$24. A single complete evening is \$10.75 per person by advance reservation and a single show only is \$3.

All seats are reserved with season ticket holders given first choice.

The opening show, "Legend of a Lost Crown," is the romantic story of a handsome royal couple who crossed the ocean to Mexico to claim a crown which wasn't there. Enchanting Mexico of 100 years ago is the backdrop to this impossible dream of the Austrian archduke and his Belgian bride.

FILE REPORTS

The first federal legislation requiring administrators of health and pension funds to file financial reports annually to the Secretary of Labor was the Welfare and Pension Plans Disclosure Act in 1958, according to the U.S. Labor Department booklet, "Labor Firsts in America."

Solid Case Needed

(Continued from Page 1) While an initial thrust has begun toward making a solid case for grant funds, more work needs to be done.

Administrative Aide Gerard E. McNamara is currently in the process of gathering specific facts, e.g., accident data, toward such an objective. While saying that the intersection is recognized as a "high hazard area," he noted precise records are lacking.

Show Real Need

Feeling the road commission's study was helpful, Mr. McNamara said that the county indicated that accidents which have occurred at the intersection were typical of a highly travelled intersection. "We must show a real need toward getting funding unlike the county survey. We need documentation to prove it's a high hazard intersection," he noted.

While the photos were a step in the right direction, Mr. McNamara realizes more tangible proof is needed, e.g., reports of cars hitting the guard rail near Parcels are, for instance, lacking although city and school personnel are aware of many mishaps involving autos and fixed objects in the intersection area.

Having two schools, Parcels and Mason, in the vicinity is significant, he said, but "we don't really have anything now, only a few theorems we're trying to develop."

Toward achieving this goal, he felt the AAA, which has shown great interest in safety around schools, might be able to become involved. At the same time, he will attempt to enlist the cooperation of school system and public safety employees toward

building needed documentation.

Remains Optimistic

On the \$30,000 figure cited by road commission officials, Mr. McNamara stressed a convincing argument must be presented that such monies will help prevent accidents. "The accidents, (many of which are rear-end type collisions), don't relate to the proposed recommendations from the county," he noted.

While a big task stands before him, Mr. McNamara remains optimistic.

"If I do my homework and receive the cooperation from the AAA and other experts, I can present a good case," he said, while adding he also realizes how emotional this issue is to many citizens.

One main reason for the city's initiative regarding the survey was the fatal accident in which a 13-year-old Harper Woods boy was killed on May 22 when his bike made contact with a city garbage truck as he attempted to cross the intersection.

SHS to Hear Injury Expert

Noted authority on sports injuries, Dr. Lyle J. Micheli, will speak at South High School next week.

Dr. Micheli, director of the division of sports medicine at Children's Hospital Medical Center, Harvard Medical School, is being brought to The Pointe by Saint John Hospital's department of continuing medical education.

He will speak to interested parents and youth on Sunday, September 10, at 2 p.m. and to coaches, physical education teachers and administrators from public, private and parochial schools on Monday, September 11, at 4 p.m.

Both meetings will be held in the "S" building of South High, 11 Grosse Pointe boulevard.

Dr. Micheli agreed to make the presentation through arrangements coordinated by Dr. Byron A. Andreou, a local physician, and the school system's division of instruction.

Bon Secours Hospital Opens New Science Hall

Bon Secours Hospital's newly renovated Science Hall opened its doors amid special presentations, including tours and audio-visual programs, late last month.

Renovated space donated by the Friends of Bon Secours Hospital and other benefactors, the Science Hall will serve as an educational center for physicians, allied health professionals and community groups.

Its sophisticated audio-visual resources will be used in Bon Secours' continuing medical education programs, a series which assists almost 100 physicians in their efforts to stay abreast of medical advances.

Science Hall also will be used for a wide range of educational events aimed at informing hospital personnel of new developments in medicine and patient care.

It will be the site of programs sponsored for community health education, such as pre-natal classes for young parents, blood drives and other events.

Opening celebrations, moderated by John H. Tatum, executive director, included

prayers by Sister Ruth Ann Belfi, CBS, and Sister Lucia Gottschall, CBS, as well as comments by Donald N. Sweeney Jr., MD, president of the Bon Secours medical staff.

Remarks were heard from Robert L. Hannon Jr., chairman of Bon Secours Hospital's board of trustees who said, "Science Hall is a place where people can come to learn how to stay healthy. It will allow Bon Secours to reach into the community before illness strikes, teaching individuals and families ways to nurture health."

A plaque was presented to the Friends of Bon Secours Hospital in recognition of their generosity and dedication. The renovation of Science Hall fulfilled the objectives of the 1977 project of the auxiliary.

Peter E. O'Rourke, president of the Friends, accepted the plaque on behalf of the membership and commented, "The major objective of the Friends has been to increase communication between the hospital and the community it serves."

"In an era when the entire health care industry is being closely scrutinized, Bon Secours has been anxious to maintain an open exchange of information."

Mr. O'Rourke outlined the Friends' plans to continue programs of community health education, such as glaucoma screening and cardiopulmonary resuscitation training.

In closing the program, Sister Mary Catherine Rogers, CBS, coordinator of the Sisters' Grosse Pointe community, presented a special audio-visual program which outlined the goals, mission and philosophy of the Sisters of Bon Secours.

Continuing education for professionals and the community has been a part of Bon Secours' health care program since 1944.

GPW Explores Proposed Code

Further input from city officials will be received toward the final development of a proposed property maintenance code in The Woods after the Planning Commission at its regular meeting Tuesday, August 22, unanimously accepted a report from a sub-committee of commissioners.

The proposal is now scheduled to be part of the commission's agenda for its Tuesday, September 26, meeting.

In July, some differences of opinion were expressed over the sub-committee's report. (with City Administrator Chester E. Petersen feeling at that time the group's proposal was "watered down"). In the meantime, many points were reviewed with Mr. Petersen toward strengthening the proposal.

Every commissioner is scheduled to receive updated information on the code for his review within the next two weeks. At the same time, Councilman George Cueter, who attended the session on the 22nd, suggested that the council receive similar information so it also would be

able to provide feedback. Coordinating this effort will be Mr. Petersen, who also will review the city code and incorporate into the proposed property maintenance code all appropriate ordinances, e.g., sidewalk maintenance, weeds, junk cars, et al.

Over one and a half years in development, Mr. Petersen indicated he originally prepared a proposed property ordinance which was referred to planning consultant Brandon M. Rogers and City Attorney George Catlin for their review. It was then referred to the planners.

Woods Okays Portable Signs Law

(Continued from Page 1) consecutive days. He felt that a week would be better, while questioning the need for such signs at all. Meanwhile, Mr. Novitke said the measure contained no provision to extend such a time limit in the event of a hardship case, adding that the seven-day limit may be too restrictive. While council members disagreed with him on the 7th, their feelings changed on the 21st. Mr. Novitke said the council should be permitted in certain cases to permit the display of a portable sign for more than seven days within a calendar year. While feeling other criteria incorporated into the ordinance regulating such signs were valid, Mr. Novitke indicated an exception might more readily occur during the Christmas season as against any other time of year. At the same time, he felt an appeal provision would give the council more latitude in making its decision. So he again offered a substitute motion and this time it passed. In relation to other criteria, the measure says that the council shall not signify its approval for display unless eight requirements, including the seven-day time limit stipulation, are met. Other requirements include the following: * That the public safety director certify to the council that the sign's location will not cause traffic congestion, impede traffic, block access to off-street parking spaces, conflict with traffic signalization or signage or otherwise interfere with orderly traffic movement. * That the proposed location of the sign will not be on any public right-of-way. * That the sign will not consist of or utilize flashing lights, beacons or search lights. * That no portable sign will exceed 20 square feet in area. * That the proposed location for the placement of the sign will not be closer than 10 feet from any driveway, road, street, alley, sidewalk or other public property, nor placed upon any property other than where the business or product advertised is located or sold. Non-profit organizations may advertise fund raising events and similar occasions on other than their own property if written permission of the owner of the proposed location accompanies the application. According to the new law, such a visual is defined as any sign or display board, lighting panel or similar device mounted upon a trailer or upon its own frame and wheels and not being a ground sign or pole sign.

Lakeshore Repaving at Standoff

(Continued from Page 1) he agrees with the position of The Farms and Shores, he feels that "somebody's going to have to give." "I've been pushing very diligently for this. I've had about 10 meetings with them, (the commission), but they will not relinquish their position," he said, while adding, "I'll be more than happy to listen to ideas from citizens." He said he has offered to sue the commission if The Farms and Shores would allow their attorneys to represent him, bringing the suit as a representative of the citizens. "It, (the resurfacing), is a serious sore point with me. I won't give up on it, but I can't promise this one," he said. Letters Exchanged In an exchange of Letters to the Editor of the NEWS earlier this year, a letter signed by The Shores and Farms said the cities rejected the cost-sharing agreements "on the basis that such a project would not be a proper or justifiable use of city and village funds." The letter went on to explain the county is responsible for the maintenance of designated county roads, of which Lakeshore is one. This responsibility is mandated by state statute, the letter claimed. Explaining the cities must dip into their own funds to maintain roads not designated as county, the letter continued, "The city and the village are under no statutory obligation to further expend citizens' tax dollars in the maintenance of county-owned roadways." The letter said Lakeshore road was properly designated as a county road because it does not primarily service residents of The Farms and Shores. A letter from Mr. O'Rourke said the failure of the cities to sign the cost-sharing agreements was the only reason the repaving hasn't begun. It further stated that The Farms and Shores and Romulus were the only communities which have refused to share the costs of resurfacing.

Workers Paid
The first federal legislation paying workers in private industry a pension was the Railroad Retirement Act, in 1935, according to the U.S. Labor Department booklet, "Labor Firsts in America." Mr. Steiner noted while

Renovation at SHS

(Continued from Page 1) lot fervently disagreed with the Board decision to issue bonds without a vote of the citizens and said the decision may endanger future attempts to raise or renew millage rates. He found no support from other Board members for his position, however. The issue was approved in July by a 4-1 vote, with Trustees Joan Hanpeter and Ann Arduini absent. Mr. Gandelot cast the only dissenting vote. The present building is "instructionally inadequate," he said. "Administrative and maintenance personnel have experienced increasing difficulty in meeting safety standards." In fact, the building has been issued at least 20 building and electrical code violations during the last three years from both state inspectors and local government units. The \$2.15 million bond issue that will finance the project will offset an anticipated one-half mill reduction in the school tax rate. The levy will remain at 38.72 mills next year.

Youth Nabbed At St. Paul's

A Farms youth was arrested by police after he allegedly tried to steal a golf cart from Saint Paul on the Lake Church, 157 Lakeshore road, early Thursday morning, August 31. Police said they responded to a call to find the youth on his way down one of the drives to Lakeshore road. When the youth saw the police, he abandoned the vehicle and fled on foot, allowing the cart to roll backwards onto Lakeshore. The officers pursued the youth on foot, calling for him to stop. He was apprehended a short distance away. The cart was returned to the rectory and the case was referred to the Youth Service Division, which will investigate to determine if charges should ensue. The cart is used by church priests to travel from the rectory to the school gymnasium, where services are currently held while repairs are made to the church.

Oil Slick

(Continued from Page 1) further check late Friday morning, September 1, showed that the layer of oil was still visible. The lieutenant said that he believed that about 50 gallons of the diesel fuel oil was either accidentally spilled into the lake, or an unknown boater pumped the oil from his craft. He said that since it was not the duty of the Coast Guard to eliminate the slick, it will have to be up to Village authorities to see that the oil is removed. Mr. Vernier and a crew from his department, using municipal equipment, cleaned up the harbor area, and by 2:45 p.m., the marina was cleaned, with no sign of oil in evidence. Director Vitale said that where the oil came from remains a mystery.

Wine Lines
by John Lundberg

Want to take an especially interesting vacation? Why not try a vineyard tour? If you want to travel in the United States, visit New York state or California which have the most vineyards. Most wine manufacturers have facilities for visitors and often offer guided tours and some free samples. If you are going to Europe, a wine tasting tour is easy in France, Italy and Spain especially. In the European wine country, you can whet your palate on an almost infinite variety of local wines that might very well surprise you in their quality and will certainly please you in their price.

If you aren't lucky enough to travel to wine country, travel down to PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, 885-0626 and choose your favorite imported or domestic wines from our complete inventory. And if you're planning an end of summer blast, come in and talk to us about the advantages of serving keg beer; we have many brands to choose from. Open: 10-10 Mon.-Thurs.; 10-11 Fri. & Sat.

HANDY HINT:

ARTHUR F. NEEF
 Services for Mr. Neef, 79, of Lincoln road were held on Tuesday, September 5, at the Wayne State University Community Arts Center. Arrangements were handled by the Verheyden Funeral Home.

He died on Tuesday, August 29, at Harper Hospital.

Mr. Neef was Dean Emeritus of the Wayne State Law School, where he was involved for more than 40 years.

A 1923 graduate of the University of Michigan Law School, he joined WSU in 1927 as an administrative secretary and instructor in the Law School. He was named assistant dean of the Law School in 1935, dean in 1937 and provost in 1945. The title of vice-president was added in 1953.

Mr. Neef coordinated the post-war campaign that saw the university receive its first support from the State of Michigan in the form of funds for several campus buildings.

In 1956 he saw a 10-year campaign culminate in the signing of a bill by then Gov. G. Mennen Williams creating Wayne State University.

He saw another dream come true in 1966 when the university's Law School Center was dedicated by Chief Justice Earl Warren.

Mr. Neef was the first WSU faculty member to be awarded the university's distinguished service award and the WSU law library now bears his name. He retired in 1969 but remained active in university affairs.

He served on the boards of the Michigan Cancer Foundation, the Detroit Institute of Cancer Research and the Cancer Detection Center. He also was a member of the goal and allocations committee of the United Foundation.

Mr. Neef helped to develop the Higher Education Opportunities Committee to aid talented young people from disadvantaged communities in obtaining a college education.

He was a member of the American Bar Ass'n., the Michigan State Bar Ass'n., the Detroit Bar Ass'n., the American Judicature Society, and has been a member of various committees of the Michigan State Bar.

Mr. Neef also was a member of the Senior Men's Club of Grosse Pointe.

He is survived by his wife, Laura U.; two sons, Allan and Arthur F.; and five grandchildren.

Memorial contributions may be made to the Higher Education Opportunities Committee at Wayne State University.

Cremation was at Forest Lawn Cemetery.

MRS. MARGARET A. ADRIAN
 Services for Mrs. Adrian, 35, of Moross road were held on Tuesday, September 5, at the Verheyden Funeral Home and Saint Lucy Church.

She died on Friday, September 1, at Bon Secours Hospital.

Born in Detroit, she is survived by her husband, Richard; four sons, Michael, Daniel, Richard and Jonathan; two daughters, Megan and Kristen; her parents, Mr. and Mrs. Victor Mesner; and two sisters.

Tributes may be made to the restoration fund of Saint Paul On-the-Lake Church.

Interment was at Mount Olivet Cemetery.

CHARLES P. McCARRON
 Services for Mr. McCarron, 74, of Touraine road, were held on Wednesday, September 6, at the Verheyden Funeral Home.

He died on Saturday, September 2, in his residence.

Mr. McCarron is survived by his wife, Ruth; three sons, Charles, Gerald and Richard; two brothers; three sisters and four grandchildren.

Interment was at Mount Hope Cemetery, Port Huron.

RALPH W. EAVES
 Services for Mr. Eaves, 52, of Aline drive were held on Wednesday, September 6, at the Verheyden Funeral Home.

He died on Saturday, September 2, at Saint John Hospital.

Born in Highland Park, he is survived by two sons, Paul and James; a daughter, Kathleen; and his mother, Mrs. Grace Eaves.

Interment was at Forest Lawn Cemetery.

WILLIAM J. SCHULTZ
 Services for Mr. Schultz, 60, of The City were held on Tuesday, September 5, at Saint Philomena Church. Arrangements were handled by the Verheyden Funeral Home.

He died on Friday, September 1, in his residence.

Mr. Schultz was an attorney with the national division of Lawyers Title Corp. in Troy. He was a graduate of the University of Detroit Law School and a member of the Michigan State Bar.

He is survived by his wife, Romayne; a son, William J. Jr.; and one sister.

Found Constitutional
 The first state pension legislation to be found constitutional was in Montana in 1923, according to the U.S. Labor Department booklet, "Labor Firsts in America."

Interment was at Resurrection Cemetery.

EDWIN N. PEABODY
 Services for Mr. Peabody, 67, of Lakeside court will be held on Sunday, September 10, at Christ Church, 960 East Jefferson avenue, Detroit, at 2 p.m. Arrangements are being handled by the Verheyden Funeral Home.

He died on Saturday, September 2, at Bon Secours Hospital.

Born in Grosse Pointe, he was the president of National Garages Inc.

Mr. Peabody was a past president and treasurer of the Grosse Pointe Hunt Club,

a member of the Corinthian Lodge No. 241, F&AM, a member of the Grosse Pointe Power Squadron, the Detroit Historical Society and the Detroit Zoological Society.

He is survived by his wife, Marjorie; two sons, Bradley N. and Clifford A.; four daughters, Mrs. Susan Clark, Betsy Jo, Mrs. Jane Fennessy Jr. and Marjorie E.; one sister and six grandchildren.

Memorial contributions may be made to the Michigan Heart Ass'n., the Detroit Zoological Society or Detroit General Hospital, Cardiac Care Unit.

Cremation will be at Forest Lawn Cemetery.

To Offer Class in Real Estate

Grosse Pointe schools' adult education division will sponsor a primer course in Real Estate Law and Sales this fall taught by William C. Ghesquiere.

The class will meet for 10 weeks beginning Tuesday, September 26, at South High School, 11 Grosse Pointe boulevard, room 176, from 7:30 to 9:30 p.m.

Students may register the first night of class. Tuition is \$20, or \$15 for senior citizens.

The basic study material will be the Red Book published by the Detroit Real Estate Board and a real estate form book provided by a local title insurance company.

Students will discuss mortgages, land contracts, appraisals, deeds, leases, options, listing agreements and contracts relating to real estate transactions.

The course may serve as a review for those preparing for the real estate examination.

Finance your home insulation through Detroit Edison.
 (Let it snow, let it snow, let it snow.)

A charming snow scene in a glass paperweight. In the old days it was the favorite possession of many a little girl or boy.

But the reality of winter in southeastern Michigan can be harsh—bringing high heating bills.

Before another cold, snowy winter, make sure your home is properly insulated. It's the most important single thing you can do to keep heating bills down. And help save energy.

Detroit Edison's Home Insulation Finance Plan is designed to help. First, by providing a list of participating contractors. Second, with convenient financing.

Under the plan, you can arrange to have insulation installed anywhere it's needed—wherever valuable heat might escape into the cold winter air.

If you're a residential customer with legal title to your home and an acceptable credit

rating, you can take advantage of Detroit Edison's Home Insulation Finance Plan. Call or stop in at any Detroit Edison Customer Office for details.

Then when winter comes, sit back and say—"let it snow, let it snow, let it snow."

Save where it really counts. The power is in your hands.

Detroit Edison 75 YEARS

Couples who buy a home today are soon house broken. There are heavy mortgages on every castle in the air. Promptness in any service in life doubles its value.

Roof Blaze Causes Minor Damage

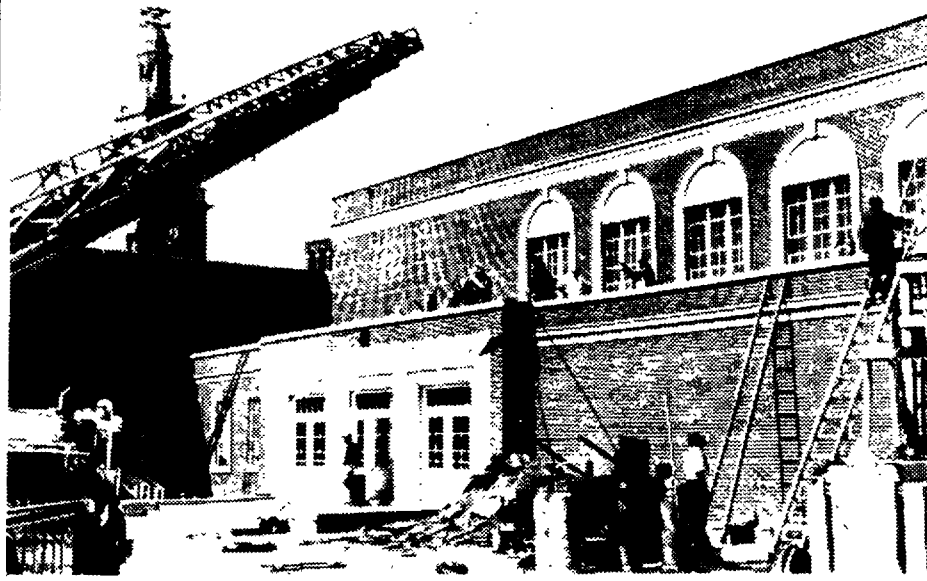

Photo by David Kramer

Farms Fire Chief WARREN SCHULTZ, (lower right), asks a question of a firefighter while roofing workers discard burned material following a short-lived blaze on the roof of the entrance-way to the South High gymnasium which occurred on Friday, September 1. The fire was caused by workers accidentally spilling hot tar on the roof. Damage was minor. Scaffolding can be seen around the tower in the background, where workers are repairing a weathervane damaged during the heavy thunderstorms of July 26.

Roof at SHS Catches Fire

Minor damage resulted from a fire which started on the roof of the South High School gymnasium after roofing workers spilled hot tar on it.

Firefighters from The Farms, City and Park responded to the alarm on Friday, September 1, at 11 a.m. and put it out within an hour.

Farms Fire Chief Warren Schultz said his department used mainly powder extinguishers to put out the short-lived blaze. Water wasn't used until the fire was almost out, he explained, because the tar might splatter when hit by the water, possibly spreading it.

According to a school system release, the damage was confined to the roof area above the entrance-way, with minor damage resulting to the roof and some electrical wiring. No damage estimate was available.

Officials added that the contractor, Schena Roofing and Sheet Metal Co., Inc., is insured and bonded.

GPW Police Nab Suspects Wanted in Indianapolis

Two Indianapolis, Ind., men, who were stopped by Woods police for a traffic violation early Tuesday morning, August 29, were discovered wanted by Indianapolis authorities for their alleged participation in an armed robbery and auto theft.

The suspects, Jeffrey Robertson, 23, and James Barley, 29, were charged with possession of a pistol in a motor vehicle in The Woods, and were arraigned on Tuesday afternoon by Park Municipal Judge Beverly Grobbel in the absence of Woods Judge J. Patrick Denis, said Det. Thomas Podewzik.

They were remanded to the Wayne County Jail in lieu of a \$20,000 surety bond pending their examination, which was scheduled for Wednesday, September 6. Depending on what occurs with the investigation conducted by Indianapolis police regarding criminal confinement and armed robbery charges, Det. Podewzik noted Woods authorities could proceed on obtaining a second warrant charging the pair with receiving and concealing stolen property.

The detective said on Saturday, August 19, the suspects allegedly held up an Indianapolis man as he left a sports area, visited his home where his aunt was robbed and then left both victims bound before leaving in the man's car.

The pair were arrested by Woods Officers Michael VanDeGinste and Robert Kwiatkowski after they were spotted making a left turn onto westbound Vernier from northbound Mack, disregarding a "no left turn" sign at that location.

Upon stopping the suspects, a partially concealed blue steel revolver was discovered on the floor of the vehicle near the passenger's seat.

Both men were then arrested, and while enroute to the station, Officer VanDeGinste learned by radio that the vehicle had been reported stolen in Indianapolis.

At the scene, Barley had produced the operator's license of the complainant in Indianapolis and, at the same time, the victim's wallet also was discovered in the auto, police said.

DIA Looking for Volunteers

The Detroit Institute of Arts, (DIA), offers adults an opportunity to learn more about art and to share enthusiasm and knowledge on the subject with eager fourth, fifth and sixth grade students.

DIA's Education Department invites citizens to participate in its Art to The Schools program. Its value has been proven over the past 11 years and this year already over 20,000 students have benefitted from this introduction to remarkable collections awaiting them at the museum.

Hockey Ass'n. To Start Year

The Grosse Pointe Hockey Ass'n., (GPHA), (a non-profit program for youth hockey), invites all interested children between five and 18 years to participate in its winter hockey program.

Registration will be held at the Grosse Pointe Community Rink, (adjacent to Austin High School at Mack and Canyon), on Saturday, September 9 and on Saturday, September 16, from 9 a.m. to 12 noon on both days.

An "Introduction to Youth Hockey" will be held at the rink on Wednesday, September 13, at 7 p.m. It is free to all interested parents and youth and is intended to show what the youth programs offered by the GPHA are about.

It will include a demonstration on beginning skating and hockey skills, equipment, basic game rules and family involvement. The session will be directed primarily at questions dealing with younger players ages five to 10.

Call us before you move... you might save unnecessary expense.

If you're planning to move to another home, now's the time to think about how many phones you might need in your new home and what kind of changes you might need in your phone service. A little planning can help you avoid unnecessary installation charges.

Call your Michigan Bell Service Representative. Allow enough time before moving for a full explanation of service and equipment options and time to order the phone service you need when you need it. Remember, once your new service is installed, extra visits by your installer mean extra expenses for you, expenses we'd rather you didn't have to pay.

Washer or dryer, you can't miss with Sta-Puf.

Sta-Puf in the rinse cycle leaves your clothes soft, static-free and with a spring-fresh scent.

And now Sta-Puf works in the dryer. If you miss the rinse cycle just pour a capful of Sta-Puf on a hand towel or washcloth and toss it in the dryer for spring-fresh softness.

Sta-Puf leaves your clothes soft and static-free.

If you miss the rinse cycle you won't have to miss out on Sta-Puf's softening and static control anymore. Now Sta-Puf works in the dryer, too.

For best results add a capful to the rinse cycle, but if you miss the rinse, be sure to put Sta-Puf in the dryer.

Your clothes will still come out soft, static-free and fresh as spring.

Society Offers Historical Museum Guide

The 1978-79 edition of "Historical Museums in Michigan" has just been published by the Historical Society of Michigan in Ann Arbor. This second edition lists 144 mu-

seums, including 22 in the Upper Peninsula.

The 36-page visitor's guide is pocket-size, and gives complete information obtained directly from each museum.

Listings include the mailing address and telephone number of each museum, a description of the exhibits, the year-round schedule, (including months and holidays closed), and all admission charges.

Each entry includes the name and telephone number of a contact person for more information about group-sponsored tours and special arrangements.

Michigan's historical museums cover a wide range of topics, from early pioneers and Indian cultures to industry, period furnishings, ethnic groups, skiing, musical instruments and magic.

In the Upper Peninsula, visitors can take a guided underground tour of the East Vulcan Mine which operated between 1870 and 1945 at Iron Mountain.

In Copper Harbor, the Fort Wilkins Historic Complex represents an excellent example of a frontier United States Army Post of 1844-70.

Artifacts from early missionaries are on display in Sault Ste. Marie's Tower of History/Shrine of the Missionaries, and Great Lakes Indians exhibits are featured by museums in Marquette, St. Ignace and Escanaba, as well as in Lower Peninsula museums from Petoskey to Niles.

The guide also reveals that railroad displays are popular among many museums, including Flint's Crossroads Village and Huckleberry Railroad. Here one can visit a restored community of 16 buildings, (c. 1860), and ride a rebuilt turn-of-the-century, steam-powered railroad operating on a 9.5 mile track.

Michigan's ethnic heritage is reflected by such institutions as Detroit's Afro-American Museum, which features

21 mounted African animal specimens.

Dutch culture in the state is the focus of Holland's Netherlands Museum and Zeeland's Historical Museum. The Beaver Island Museum in St. James offers insights into an early Mormon community in Michigan.

One-of-a-kind listings include the National Ski Hall of Fame in Ishpeming, the Conklin Antique Reed Organ Museum in Hanover, the American Museum of Magic in Marshall and the Hackley House in Muskegon.

The Hackley House features a different fireplace and carved wood design in each room. Two of its famous 15 stained glass windows are listed in Ripley's "Believe It Or Not."

The Home also features

such innovations as the first shower in western Michigan and an example of early home air-conditioning.

The publication of this handbook was made possible through a cooperative effort among 59 museums and historical societies and the following Michigan foundations: the Fisher-Insley Foundation, the Walter and Josephine Ford Fund, the Gornick Fund, the Herrick Foundation, the Kellogg Foundation, the Miller Foundation, the Sage Foundation and the Harry A. and Margaret D. Towley Foundation.

Copies may be ordered for 50 cents each, (40 cents in quantities of 10 or more), from the Historical Society of Michigan, 2117 Washtenaw Avenue, Ann Arbor, Michigan 48104.

To Demonstrate Aerobic Dance

Free demonstrations of Aerobic Dancing, a Jacki Sorenson fitness program, will be offered next week at several locations in and around Grosse Pointe.

Award Dorati Another Laurel

Antal Dorati, Detroit Symphony Orchestra music director, has accepted the invitation of the Royal Philharmonic Orchestra in London to become the orchestra's conductor laureate beginning with the 1978-79 season. He has been the RPO's chief conductor since July of 1975.

Maestro Dorati, the 19th music director of the Detroit Symphony, has appeared at virtually every major orchestra in the world and came to Detroit in 1977 after seven years as music director of the National Symphony Orchestra in Washington, D.C.

He was born in Budapest, Hungary, in 1906 and entered that city's Academy of Music at the age of 14. Trained as a composer, cellist, pianist and conductor, he was graduated at 18, the youngest in the history of the academy.

One of the world's most recorded conductors, he has more than 300 recordings to his credit.

Under him, the DSO has returned to the recording field following an absence of two decades. The first of the new DSO albums on the London label will be all-Tchaikovsky, featuring the 1812 Overture. It is scheduled for release later this year.

Maestro Dorati will continue his affiliations with the National Symphony Orchestra as principal guest conductor and with the Royal Philharmonic Orchestra as conductor laureate concurrent with the music directorship of the DSO.

Hope may be listed as an asset, but it is also responsible for a great deal of wasted time.

On Monday, September 11, there will be demonstrations at 9:30 a.m. in the Faith Lutheran Church gym, 14554 East Jefferson Avenue, and at 1 p.m. in Saint Michael's Episcopal Church hall, 20475 Sunningdale.

On Wednesday, September 13, there will be demonstrations at 9:30 a.m. at the Harper Woods Community Center, 19748 Harper, and at 6:30 p.m. in the Parcels Middle School gym, 20060 Mack Avenue.

Aerobic Dancing was originated by Jacki Sorenson, a professional dancer and choreographer, and clinician for the President's Council on Physical Fitness and Sports, as a fun means to cardiovascular fitness.

Each class begins with a five-minute warm-up dance to prepare the participants for the more vigorous dances to follow, and ends with a cool-down dance to bring the heart rate back within normal range.

Classes will begin during the week of September 18 and will be held at Faith Lutheran Church, Saint Michael's Episcopal Church, Brownell Middle School, 260 Chalfonte Avenue, Monteith Elementary School, 1275 Cook Road, Parcels Middle School and Harper Woods Community Center.

For more information on the program and class times, call Martha Popovich at 884-4493 or Carolyn Skaff at 886-8750.

Slate Classes In Humanities

Eastern Michigan University will join with the University of Michigan to offer two fall classes for college credit at Pointe public schools.

Dr. James Hartway, author of "The History of Jazz, 1950 to Present," will teach a course in "Aspects of Twentieth Century Music" on Monday evenings from 7 to 9:45 p.m. at Central Library, 10 Kercheval Avenue. Tuition is \$40.

Dr. Eugenie R. Beall and James Beall will teach "The Dynamics of Uncertainty: Anglo-European Art and Thought, 1850-1914," on Thursdays from 1 to 3 p.m. also at Central.

The Bealls will be assisted by Ruth Kaiser, a pianist and musicologist. Tuition is \$50.

Both classes require a \$3 registration in addition to tuition costs.

Art of World Set at Center

Pointers will have an opportunity to explore the exciting World of Art at the War Memorial, 32 Lakeshore road, on Wednesday afternoons, September 20 through November 28, from 1 to 3 p.m.

William A. Bostick, secretary of the Detroit Institute of Arts for 30 years will, during his weekly sessions, give an illustrated survey of the 5,000-year History of Western Art.

The opening meeting, September 20, will deal with painting techniques, explanation of sculpture, printmaking and art terms. On September 27, Mr. Bostick will deal with the "History of Writing" and "The Cradle of Western Civilization."

"The Ancient World" — Egypt, Persia, Greece, Etruria and Rome" will be featured on October 11, while "The Age of Faith" covering Byzantine, Medieval and Gothic Art will be explored on October 18.

"Renaissance, Baroque and Rococo Art will be studied October 25 and "The World of Modern Art" in the 19th and 20th centuries will be explained November 10.

There will be two visits to the Detroit Institute of Arts including lunches at the Seabird Club, (Dutch Treat), on November 1 and 22.

The fee for the six illustrated lectures, plus the two museum visits is \$40. Registrations are being taken now at the Center's office.

Michigan State Forester Views City Trees

The life of a sidewalk tree is no picnic, suggests a Michigan State University urban forester.

Too much water or not enough, poor and compacted soil, cramped roots, abuse from snow removal equipment and passing dogs—it's no wonder that sidewalk plantings rarely live for more than a few years.

Communities thinking of planting sidewalk trees need to realize that trees need help to survive in the hostile environment of a city street. Merely planting the tree is not enough.

"The odds are against a sidewalk tree from the start," says extension forester Mike Walterscheid. "To begin with, it's usually planted in a hole that's too small for it. Three feet by three feet should be the minimum."

"All the water that's going to reach the tree's root system has to enter through that little opening in the concrete."

In the summer, when the tree is assaulted by heat bouncing off nearby sidewalks, streets and buildings, it can easily lose more water through its leaves than it can readily replace through its roots. Drought stress, leaf scorch and a general weakening of the tree can result, leaving it more vulnerable to insect attack, diseases and other problems.

Placing vertical tiles in the planting hole with the tree can make it easier to get water into the tree's root zone. Mr. Walterscheid notes. Water can be holed or poured into the tiles and carried straight to the roots. Soluble fertilizer can also be added through the tiles.

"Too much water is often as big a problem as too little," the forester observes. "Drainage is likely to be poor because of compacted soil. Water that gets into the root zone may be slow to move out. Most trees do not thrive if their roots are constantly surrounded by water."

Insufficient room to grow is another frequent problem with sidewalk trees. Crews digging planting holes for trees often run into old foundations, roadbeds and building debris. Unless this is removed and new soil brought in, the tree's roots

won't have much chance. Sidewalk trees can make a walk along a city street more pleasant, but because they are located beside busy traffic areas, they are exposed to a lot of incidental abuse.

Regular visits by passing dogs can kill a tree in a very short period of time, Mr. Walterscheid says. De-icing salt spread on roads and sidewalks can be very hard on trees. Damage from snow removal equipment can also be serious. Vandalism, too, can destroy trees.

A reasonable life expectancy for a sidewalk tree is 10 to 15 years.

Choosing species well suited for sidewalk plantings can reduce costs, the forester points out. Trees that tolerate heat and air pollution well, trees that grow in an upright rather than spreading shape, and trees with small leaves are desirable.

Honey locust, Japanese pagoda tree, Bradford pear, crimson king maple and some of the upright crabapples have been used successfully in sidewalk plantings in Michigan.

"The honey locust and Japanese pagoda tree have very small leaves that tend to shrivel up and blow away," Mr. Walterscheid says. "They don't need raking and

they don't plug up drains. The honey locust has had some insect problems, however."

"Crimson king maple has excellent color. Though the crabapples pose some fruit mess and disease problems, they often are chosen because of their spring flowers. Bradford pear is a small, upright, flowering tree with few problems."

Using these and other carefully chosen species in sidewalk plantings can be a positive part of any community's tree program, Walterscheid says. The important thing is to weigh the costs and benefits and make an informed decision.

Those who lack confidence have two strikes against them.

Empty Nests Bring Changes

Parents of college-bound students will face major adjustments in their own lives, says Dr. Imogen C. Bowers, a Michigan State University counseling psychologist.

"The student's absence will leave a big hole in the family," she observes, noting that the new college student has played an important role in the family structure for the past 17 years or so.

"The youngster may have been the mother's confidante, the only one who could really talk with dad or the person who did so many of the handy chores around the house."

If this is an only child or the last one to leave home, the relationship between parents may change drastically, notes Dr. Bowers, an associate professor at MSU's Counseling Center.

"It can be an exciting time of renewal for a couple or a frightening time of realizing that you don't know the person sitting across the kitchen table," she says.

Whatever the outcome of the family rearrangement, the child who left for college will return as an adult. Important developmental changes will occur at this age, the psychologist notes, and one of the most crucial is the separation between parent and child.

"The child must separate from the dependent role he or she has had with the family and separation can be painful for both the child and the parent."

"At home, many of the decisions made about curfew, class selection and even friend selection were foregone conclusions based on the family's values and social standing."

Young adults will be making decisions about values and priorities concerning everything from their sexual behavior to vocational direction. They may temporarily discard family standards, perhaps returning to them 10 to 15 years later as part of their own value structure.

Dr. Bowers advises parents to keep the lines of communication open with the college student, even when the parents disapprove of some behaviors.

"It's important for parents to let the child know that they are there for emotional support," she says. "Young adults still need to have that assurance."

Once an open line of communication is established, Dr. Bowers adds, parents can expect more phone calls from sons and daughters who "just want to chat."

Youth Council Plans Events

The first event sponsored by the War Memorial's Youth Council is a canoe trip on the Rifle River the weekend of September 16 and 17. All Pointe students in grades seven through 12 are invited. The cost will be about \$15.

Further events planned this fall by the Youth Council include a disco dance on Friday, September 22, and a "showcase" of serious young Pointe musical, dramatic and magic talent the night of November 17.

The Ski Hi program begins with an opening meeting the night of November 8 and will include local trips to Pine Knob and weekend trips to Collingwood, Canada, and Boyne Highlands.

A Thanksgiving Eve Dance and a college high school reunion will be held on December 23.

Membership is \$5 which entitles one to discounts to all Youth Council functions and ski trips. For further information, call 881-7511.

Bees, Which Have Caused Some Pointers Distress, Surrounded by Myth, Folklore

Mankind has been fascinated by bees for thousands of years, although some Pointe citizens may have had their fill of the insects this summer.

Primitive man hunted wild bees for their honey and made tubes of leaves and bark, hoping that bees would inhabit them. The bee was the royal insect of Egypt, and beekeeping was practiced by the Greeks and the Romans.

Over the years, a sizable body of bee lore and superstitions grew up around this mysterious insect and the wonderful things it produces. Science has shown some of these notions to be nothing more than myth and misconception.

According to apiculturists at Michigan State University, however, some old wives' tales about bees have some truth to them.

Close observation of bee behavior has led to a number of sayings about bees as weather prophets.

"A common saying is that bees stay close to the hive when rain is close by," says apiculturist Roger Hoopinger.

"It's true that bees are very sensitive to changes in barometric pressure. They don't like to fly on rainy or foggy days, so they will tend to stay close to home when a storm front is moving in."

"Experienced beekeepers can predict the weather by watching their bees, and they know enough not to visit the hives when the barometer is falling. Bees tend to get a little aggressive when the weather is unsettled and they're crowded in."

Another common saying is: "A bee was never caught in a shower." This one is not true. A quick summer shower may very well catch some of the workers out in the field; they simply take cover under leaves and wait the rain out.

The notion that ringing bells, banging on pots and pans and blowing horns will charm a swarm of bees into settling down to be captured is false.

"Once bees are moving, they won't settle down until they're ready," Mr. Hoopinger says. Another frequently mentioned home remedy for swarming is to throw dirt or water on the bees; this doesn't work either.

A common bee superstition is that bees must be told about a death in the family of their keeper. If they're not, they may die.

Or they may fail to produce any honey.

Or they may resent being neglected and simply fly away.

The person who tells the bees must do so politely, to avoid offending the bees. In some cultures, the person who tells bees of a death refers to the deceased person as a relative of the bees: father, uncle, sister, etc.

"This notion of the bees as part of the family may explain why many people have felt it unlucky to sell bees," suggests graduate student Gordy Wardell. "After all, you don't sell a member of your family."

The notion that it's unlucky to sell bees is fairly common in European bee lore. It's also supposed to be unlucky to steal bees. "Stolen bees produce no honey," the saying goes.

Giving away bees supposedly brings good luck, however, and counting your beehives, bad luck.

Another bee superstition is that the death of the bees or their leaving the hive means there will be a death in their keeper's family within a year. The idea that the prosperity of the hives depends on the health of the master has a little more truth to it.

"Beekeeping is more than just having bees," Mr. Wardell points out. "It takes some work to keep bee colonies healthy and strong. If the beekeeper is ill so he can't tend his bees properly, they probably will suffer from it."

Another common belief with some fact behind it is the idea that it's good luck to have a swarm of bees make their home in or around your house or garden.

Though it's hard to convince the city dweller with a colony of bees in his wall that he is lucky to have them there, the vegetable or fruit grower whose prosperity depends on bee-pollinated crops is more than glad to take in a new swarm.

Strawberries and other small fruits, tree fruits and many vegetables rely on bees for pollination. Improving pollination by introducing bees increases yields and so improves the grower's prosperity.

And the honey and beeswax he can harvest don't hurt his pocketbook.

The health claims made for honey over the years could fill a book. Even today, practitioners of folk medicine claim that honey soothes the stomach and digestive tract, relieves raspy coughs, acts as a sedative, a tranquilizer and a gentle laxative, relieves arthritis pain, prevents bedwetting, acts as an antiseptic, prevents colic in infants and prevents and cures allergy symptoms, colds and other respiratory problems.

The Egyptians used honey as a wound dressing. It's used today in Switzerland on burn patients, and it's an ingredient in at least one popular cough syrup.

"A dab of honey on a bee sting is an old home remedy that works," Mr. Wardell says. "The honey helps draw the venom out of the wound."

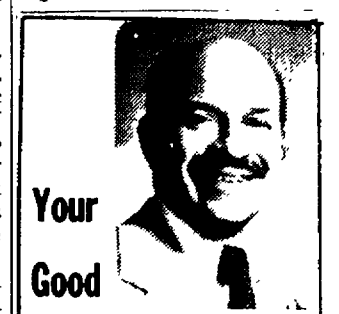

Medicinal properties are also attributed to beeswax. The folk medicine prescription for hay fever calls specifically for comb honey rather than extracted honey. Beeswax also has been used for years as a furniture finish, and it's an excellent outdoor lubricant and a sealant for tree grafts—it

doesn't freeze and get brittle as paraffin does.

At one time royal jelly, the queen bee's special food, was an important cosmetic ingredient. The long life of the queen bee compared to the short span of the worker bee seemed to indicate that there was some mysterious youth ingredient in the queen's food.

Bees have played an important part in the mythology, history and folklore of many countries.

The way to make this new year a success is to start right and keep right on going.

Health System Near Completion

After nearly two years development and about a half million dollar total investment, a county-wide ambulance to hospital radio communications system in Wayne County is nearing completion, according to a board of commissioners news release.

sees the Department of Health, the funds will enable complete installation of the system sometime in January. When finished, said Mrs. Currie, the operation will resemble television portrayals in which paramedics are equipped to relay vital life signs directly from accident and disaster scenes to doctors and others monitoring from hospitals.

Camera Club Meets Sept. 12

The Grosse Pointe Camera Club is 41-years-old. It was founded in 1937 with three main objectives: to increase the knowledge of photography, to stimulate creativity and to offer an interchange of ideas and information.

One center is to be located in the Sheriff's out-county station and will serve western Wayne County hospitals and ambulances, another is planned for Wyandotte General Hospital for use by all nine downriver hospitals and the third will be at Detroit General Hospital and also coordinate for The Pointe, Harper Woods, Highland Park and Hamtramck.

GPA Students Make TV Debut

A trip to the television studios of Channel 2 in Southfield occupied the early morning hours of Labor Day, Monday, September 4, for three Grosse Pointe Academy, (GPA), students.

The grant money was supplied by the U.S. Department of Health Education and Welfare, (HEW), which gave \$116,000, and the State Department of Police, which provided \$51,000. The HEW funds are a second-year grant.

School Slated To Help Pilots

The War Memorial, 32 Lakeshore road, is scheduling an Aviation Ground School on Thursday evenings, September 21 through January 18, (skipping holidays) from 7 to 10 p.m.

Members of the camera club lecture on their special interests, such as print making, lighting techniques or portraiture. The first class of the new term will be in early October.

Letters to The Editor of The NEWS

To the Editor:

Having just read your August 17th article entitled "Farms to Buy New Radar Unit," which explained that the Farms Council had unanimously approved the purchase of a \$2,895 radar unit, which is able to foil radar detectors and also was described as "the most sophisticated unit available" by Chief Robert Ferber, made me look twice at this article.

be at most, one or two places in The Farms where this long range use would be of benefit.

This unit, which judging by its specifications, was designed for freeway usage, holds no benefit for use by the Farms patrolmen.

The chief also said that he saw much "usage down the road" for this unit. This is his main misconception, simply because the various radar detection companies will waste no time in coming out with a radar detector to beat this new radar unit.

Experience tells us that this unit will become obsolete. For example, Electro-let, maker of the Fuzzbuster I, came out with a Fuzzbuster II, right along with the introduction of the use of another radar band by the police.

Speeding has unfortunately become a game with the public. They are pitted against the police, with both sides running to buy the newest and supposedly most sophisticated equipment with the long-term winner being the profit ratios of the companies which produce these devices.

This proves that the chief has conned the Farms Council into buying him and his department one more new toy, again, at the expense of the taxpayers.

Sincerely,
Bob Orban,
Of Lincoln road,
Grosse Pointe City
Editor's Note: Chief Fer-

ber responded to the letter by emphasizing the unit was not purchased for the purpose of beating radar detection devices.

He felt the new unit was "the most cost effective means to meeting a growing problem," adding that the greatest single complaint from residents has been speeding cars.

The chief felt the unit was acquired as a result of "a determination of the residents of Grosse Pointe Farms as to the means, methods and resources they will provide for their police department for the problems they consider to be important."

He added the reason the particular unit was bought was because of its "top of the line ability" and its great accuracy.

To the Editor:
On the evening of Saturday, August 26, while we were casually enjoying the wonders of a quiet town on Lake Michigan, college in Indiana and a Romeo kennel, a throng of friends and neighbors gathered on the

lawn of our home on Buckingham.

Thanks to several calls from neighbors, Fire Chief Phillip Costa and his department, several other Pointe fire units and the police department, who responded immediately, our home was saved and we will soon be able to assume occupancy.

These men took the time to move irreplaceable lifetime treasures and collections and to do as little damage as possible. We can't tell you how much we all appreciate this.

In appreciation, we wish we could invite all in the Grosse Pointes and Greater Detroit who have responded in this personal tragedy to another "housewarming," but suffice it to say that we are forever grateful to the police and fire departments for their fast action, kindnesses and protection, and to our dear friends.

"Thank you" is too inadequate.
Most sincerely,
Jim, Marion, Debbie and Chips Lisotto,

Know Your Schools

By Dr. William Coats, Superintendent of Schools

On Thursday, September 7, approximately 10,000 students will return to classes in our public schools. On behalf of the staff members, I want to take the opportunity this column provides to welcome these youngsters back to school.

We hope that the 1978-1979 school year will be highly successful for every one of them.

ability for the educational program of the system, the Board of Education has given direction to this year by adopting the following 12 goals:

- 1. Improve student learning.
2. Implement career and vocational education programs.
3. Improve communication in all areas.
4. Improve employee relations.
5. Improve services to the community at large.
6. Improve the quality of supervision and administration in all areas.
7. Improve the implementation and use of evaluation systems.
8. Develop a testing program for the high school.
9. Improve the services of the central office.
10. Negotiate fair and equitable employe contracts.
11. Conduct long-range planning.
12. Upgrade physical facilities.

Some people may consider the system-wide goals too far removed from the day-to-day instructional program. However, the implementation of the goals is basic to maintaining the quality of education expected by the Grosse Pointe community.

The word "excellent" is often used to describe our schools and programs, and rightfully so. Nevertheless, all of us in the system are aware that there is room for improvement in every area.

We have a challenge in Grosse Pointe that is as unique as this community. That challenge is not to be satisfied with the existing programs no matter how excellent they may be, but to constantly strive to do better for those students who spend a considerable amount of time under our direction.

As the administrative leader of the school system, I am totally committed to meeting the challenge of attaining the Board goals and improving our schools. However, this is a commitment which must be shared by all school personnel and community residents.

I am excited about the direction the schools will take if our system-wide goals are achieved, and I invite all residents, including those without children in the system, to become actively involved in our school programs. With total support, the promise that this year holds can be realized.

General Motors Establishes Prizes For Excellence in Cancer Research

General Motors has announced the establishment of three international prizes for individual excellence in cancer research. The General Motors Cancer Research Prizes consist of three gold medals each named in honor of a former distinguished GM executive. Each medal will be accompanied by a cash prize of \$100,000.

Chairman Thomas A. Murphy said an initial GM grant of \$2 million will be used to fund the three awards which will be given to basic and clinical scientists throughout the world who will be selected by their peers for demonstrated achievements in research directed at the discovery of the cause, prevention, and treatment of cancer.

Mr. Murphy will serve as chairman of a seven-member Board of Trustees of the General Motors Cancer Research Foundation, Inc., a new, non-profit organization created to provide funding for the awards. Roger B. Smith, GM executive vice president, will serve as vice chairman of the Foundation. Dr. Joseph Fortner, director of the GM Surgical Research Laboratory at the Memorial Sloan-Kettering Cancer Center in New York City, attending surgeon at the Center, and professor of Surgery at Cornell Medical Center, will be president.

Chairing the Awards Assembly is Dr. Jonathan Rhoads, chairman of the President's Commission on Cancer, former chairman Board of Regents and past president of American College of Surgery at the University of Pennsylvania. The Awards Assembly will be made up of 25 basic and clinical scientists who are recognized throughout the world as leaders in their fields. The Assembly will determine the prize winners on the recommendation of Selection Committees established for each of the three prizes.

Portrait painter Joseph Maniscalco will teach portrait painting and drawing Wednesdays, September 20 through November 29, from 12:30 to 3 p.m. There will be a model and the instructional fee is \$47 for 10 weeks.

Weaving, both on frame looms and harness looms, will be taught in Studio II of the Art Wing Wednesdays, September 20 through November 29, from 7 to 9 p.m.

The awards are named in honor of three men long associated with General Motors and especially dedicated to the betterment of mankind through their philanthropic efforts. They are Alfred P. Sloan, Jr., the man credited with building the General Motors that exists today; Charles F. "Boss" Kettering, inventor, manufacturer, researcher, former GM director, and pioneer in the establishment of the GM Research Laboratories; and Charles S. Mott, longtime GM officer and director, and renowned philanthropist.

In addition, instruction for construction of portable frame looms will be given at the time of registration so that students may learn the techniques of working on both types of looms. The fee for this instruction is \$50.

The Sloan Medal and \$100,000 award will be given for the most outstanding recent basic science contribution to cancer particularly in etiology and pathogenesis (cause, origination and development of cancer); the Kettering Medal and \$100,000 award for the most outstanding recent contribution to the diagnosis or treatment of cancer; and the Mott Medal and \$100,000 award for the most outstanding recent contribution in the prevention of cancer including environmental influences.

Daniel Rosbury, protege of Robert Wilbert, will teach oil and acrylic painting on Thursdays, September 21 through November 9, from 9:30 a.m. to 12:30 p.m. The fee is \$45 for eight weeks.

The first awards will be announced in March of 1979. Thereafter, the three awards will be given annually provided that one or more nominees are considered to be prizeworthy by the Awards Assembly.

Emphasis will be placed on the structural development of the picture plane. The best example of existing paintings will be shown on slides to illustrate techniques and applications of principles.

The selection process involved in naming the three winners will be independent

Let's Talk Real Estate

Driving around Grosse Pointe is our business. We do however look at it a little differently than you do because it is our show-case of merchandise for sale.
You would be surprised at the way thousands of dollars have been spent keeping the houses trim and beautiful. It is very unusual to find a house "in need"! The one thing that does seem a shame however is our negligence in watering our yards! The one thing that we have to offer as a community is a lush green feeling that is complimented by our fresh breeze from beautiful Lake St. Clair.
Last year I believe our water bill was in the two hundred range—but the soft beautiful green grass was more than our reward.
The thing some people may not realize is how much damage that can be done by lack of proper watering.
At any rate you point so your house will look beautiful. If your lawn is all brown and dry and hard you lose the whole idea.
The people at Grosse Pointe Real Estate Co. 882-0087 are eager to help you at ways to improve your property value. Why not call us today for a few tips.

WOMEN'S PAGES

From Another Pointe of View

By Janet Mueller

It's a gala year for the Grosse Pointe Symphony, celebrating its 25th anniversary of community concerts, so, naturally, Grosse Pointe Symphony Week 1978 is planned as an especially gala occasion.

The week runs September 11 through 16, and members of the Pointe Symphony Women's Association, under the enthusiastic direction of Mrs. William O. Bradley, Jr., of Ford court, and Mrs. J. Ross Bush, of Pemberton road, have programmed a super season ticket sales effort.

Silver Season ticket information is available by telephoning 886-0079 or 821-9558, or by writing the Grosse Pointe Symphony Society, 1670 Ford court, Grosse Pointe, Michigan 48236.

Prices range from \$50 or more patron and \$40 sustaining, both of which bring two sets of tickets, to \$35 active, \$15 individual and \$4 student.

The Women's Association will begin and end this year's Pointe Symphony Week with parties.

Kickoff event Monday, September 11, is a 3 to 5 o'clock member and guest champagne punch party at the Balfour road home of Mrs. J. Wilfred Harrison. Mrs. Ralph Urso, of Harcourt road, Mrs. John R. Harding, of University place, and Mrs. (Continued on Page 16)

Baubles, Bangles, Beads . . . Ah, Bulgari!

Photo by Harry William Taylor

No wonder MARGARET (Mrs. John) PEABODY, GWEN (Mrs. John) GRIFFIN, SUE (Mrs. Paul) SCHWEITZER and DIANE (Mrs. Tom) SCHOENITH, (left to right), are smiling . . . you would be, too, if you were decked in such exquisite baubles, bangles and beads. The ladies are pictured in the formal gar-

den at the Grosse Pointe War Memorial with several of the pieces sent by Bulgari, world-famous jewelers of Rome and New York, as a special preview of the jewels patrons of Michigan Opera Theatre's fall benefit will be seeing Saturday, September 16, at the War Memorial.

Dr. David DiChiera, MOT's general director, is responsible for securing the Bulgari Jewel Collection for its premier showing in the De-

troit area. Following the benefit the Bulgari Jewels will be displayed for three days, September 17 through 19, in the Penthouse of Troy's Somerset Inn.

In addition to the Bulgari Jewels, the benefit will feature a showing by international artist Dennis Cigler whose batiks inspired the set design for MOT's opening production of the 1978-79 season, Bizet's "Pearl Fishers," which debuts September 29 at Music Hall Center for the Performing Arts.

The benefit is a black tie affair, with cocktails, dinner, entertainment and dancing.

Tickets are \$150 per couple. Reservations and further information may be obtained by contacting Dennis Krause at MOT, 963-3717.

Pointe members of the benefit committee include Mr. and Mrs. Schoenith, Mr. and Mrs. Peabody, Mr. and Mrs. Griffin, Mr. and Mrs. John Wendell Anderson, II, Mr. and Mrs. Addison Bartush, Karl Bates, Mr. and Mrs. Victor Benjamin, Mr. and Mrs. David Eslick, Mr. and Mrs. Charles Endicott, Mr. and Mrs. Ray Macdonald, Mr. and Mrs. Arthur Seder and Mr. and Mrs. Victor Wertz.

Study Group Year Begins for AAUW

General Membership Meeting Is Scheduled for September 21; Field Trip to Frankenmuth Planned in Early October

A year of planned group sessions for members of the Grosse Pointe Branch American Association of University Women begins today, Thursday, September 7, with a 1 o'clock International Relations meeting at Grace Harrison's Yorkshire road home.

The group will examine the many facets of World Trade as presented by Fran Schonenberg and Mary Louise Krebs. Marie Webster and Jill Best will serve as co-hostesses.

The Book Group gathers Monday, September 11, at 1 o'clock in Judy Launs' Buckingham road home, where Margaret Hahn will lead a discussion on Julie Nixon's "Special People." Hostess is Ruth Stanley.

Kaleidoscope meets Tuesday, September 12, at 9:15 in the morning in the Neff road home of Ellen Krease. Elaine Griffith, vice-president, Michigan Chapter, Morality in Media, will be guest speaker. Judy Launs will serve as co-hostess. Baby sitting is available.

Evening Stitchery convenes Tuesday evening, September 12, at 8 o'clock in Kathy Kasiborski's North Oxford road home. Each member will be making a needlepoint nametag in continental stitch basketweave. All materials will be furnished at a nominal charge.

Peggy Ptasznik's Moran road home will be the setting for a Prose and Poetry Reading meeting Wednesday morning, September 13, at 9:15 o'clock. This is a new group which provides an op-

portunity for members to share bits of poetry and prose by reading them aloud, then discussing them. Participants are asked to each bring a favorite piece to read, plus ideas for future meetings. Ruth Stanley will serve as co-hostess.

The AAUW Chorus meets Friday, September 15, at 9:15 in the morning in Nadine Hunt's Neff road home. New members are welcome. The group sings three-part choral works, will begin working on Christmas music and hopes to perform in the community throughout the year. Co-hostess is Sylvia Keating.

Judy and Ron Launs will host a Texas Barbeque for the Gourmet Dinner Group Saturday, September 16, at 7 o'clock, poolside at their Buckingham road home. Do-it-yourself, homemade ice cream will be featured. Reservations may be made by calling 886-3597 or 882-6344. Deadline is tomorrow, Friday, September 8.

Daytime Stitchery meets Tuesday, September 19, at 9 in the morning in Joyce Walker's Canterbury road home, to make a Christmas ornament and sign up for a new project: embroidery under the direction of Liz Hardwick. Members should call (Continued on Page 28)

Nuptial Plans for Miss Rea

At a Labor Day weekend party at their summer home in Castle Park, Mr. and Mrs. Thatcher William Rea, Jr., former Farms residents who now make their home in East Grand Rapids, announced the engagement of their daughter,

Laura Irene, to Thomas Edward Doyle.

Miss Rea, granddaughter of Pointers Mrs. Thatcher W. Rea and Dr. John Howard Cobane, is a graduate of Miami Palmetto Senior High School. Mr. Doyle, son of Mr. and Mrs. Richard Edward Doyle, of North Palm Beach, Fla., is a graduate of Palm Beach Gardens High School. The couple are seniors attending Northwood Institute, Midland. Miss Rea is president of Tau Delta Rho sorority. Her fiancé is a member of Phi Beta Lambda fraternity.

Vows Spoken In The East

C. Hazen Pingree, son of Mrs. Robert O. Loosley, of Rivard boulevard, and Gilbert B. Pingree, of Fisher road, claimed Barbara O'Bierne as his bride Sunday, August 27. She is the daughter of Mr. and Mrs. Peter O'Bierne, of Norwood, Mass., where the Wayside Inn was setting for the wedding and reception. The bride was attended by Carolyn D. Pingree at the 6:30 o'clock ceremony. Peter O'Bierne, Jr., was best man. The newlyweds vacationed on Cape Cod. They will be making their home in Norwood.

Francesca Cinelli Is Wed in Italy

She Wears Great-Grandmother's Gown of Ivory Satin Brocade And Chiffon for Marriage to Randolph Edmund Donahue

The Reverend Edward L. Lee, Jr., rector of Saint James Episcopal Church, Florence, Italy, officiated Saturday, September 2, at the wedding of Francesca Leola McGraw Cinelli and Randolph Edmund Donahue.

It was a garden ceremony at the Siena, Italy, home of the bride's parents, Mr. and Mrs. Ferdinando O. F. Cinelli, of Country Club drive.

The 6 o'clock rites were followed by a reception and Italian buffet supper in the

garden where tables, covered with orange cloths, were centered with large candles and orange and yellow flowers floating in large, round fish-bowls.

The villa, tower and walls were lit. Arrangements of fruit for decoration — and to eat — were spaced on the buffet tables, and the house was decorated with branches of wild roses and greens.

The wedding celebration was a mixture of American and Italian traditions. Guests carried home small boxes of wedding cake with the couple's initials and date, (an English and American custom), and little, ceramic dishes filled with white sugar-coated almonds called "confetti," (an Italian custom).

Francesca, granddaughter of Mrs. Arthur B. McGraw,

of Kenwood road, and the late Dr. McGraw, and of the late Mr. and Mrs. Delfino Cinelli, of Detroit and Florence, Italy, wore her great-grandmother's wedding gown of ivory satin brocade trimmed with chiffon and wax orange blossoms.

Her cathedral length veil was fashioned of heirloom Rosepointe lace and silk illusion. She carried an heirloom, mother-of-pearl Bible, with a bouquet of gardenias and wheat.

The bridegroom is the son of Colonel (Ret.) and Mrs. Richard E. Donahue, of Williamston, Mich., and grandson of Mrs. Galen E. Wilson, of New Port Richey, Fla., and the late Jeremiah W. Donahue, and of the late Mr. and Mrs. George W. Woodcock.

The former Miss Cinelli was attended by her sisters, Mrs. Christopher R. Frey, of Chicago, and Mrs. Rogelio R. Henriquez, of Panama City, Panama, and the bridegroom's sister, Tracy Leigh Donahue, of Williamston.

Their 1890 style dresses of ecru lace were high-necked and long-sleeved. They wore broad-brimmed, lace hats,

matching the gowns, and carried peach roses and wheat.

Flower girls Caterina V. Henriquez, Gioconda Henriquez and Erin Cinelli, nieces of the bride, wore lace-trimmed frocks of ecru linen and carried peach roses and wheat.

Mrs. Frey was best man. Ushers were Mr. Henriquez and Peter S. Cinelli, of Farmington, Me., the bride's brother.

The mother of the bride wore apricot-peach chiffon, the bridegroom's mother coral chiffon. Both carried gardenias.

The newlyweds, vacationing aboard the Queen Elizabeth II, will be at home after September 15 in East Lansing while the bridegroom completes work for his Ph.D. in Anthropology at Michigan State University.

He is a graduate of Williamston High School and holds a Bachelor of Science degree in Anthropology from MSU.

The bride is a graduate of Ligtgett School and attended Le Fleuron and the University of Florence, Italy.

Mrs. R. E. Donahue

FRANCESCA LEOLA MCGRAW CINELLI, daughter of Mr. and Mrs. Ferdinando O. F. Cinelli, of Country Club drive, spoke her vows to Mr. Donahue Saturday, September 2, in the garden of her parents' home in Italy. The bridegroom is the son of Colonel (Ret.) and Mrs. Richard E. Donahue, of Williamston, Mich.

Scott McCaig Claims Bride

Scott James McCaig, son of Mr. and Mrs. Roger McCaig, of Washington road,

claimed Susan Elizabeth Lord, daughter of Mr. and Mrs. William K. Lord, of Grand Rapids, as his bride Saturday, August 26, in Grand Rapids' East Congregational Church.

Attending the bride at the afternoon ceremony were honor maid Lisa Rashevsky and bridesmaids Sandra Rosenfeld, Renee Turnwall and Kathleen Lord.

Best man was Jim Lake. Ushers were Scott Knutson, Doug McCaig and Steve Lord. The rites were followed by a reception at the Grand Rapids Elks Lodge. The newlyweds will reside in Framingham, Mass.

Reed Wins Blue Lake Concerto Competition

Robert Reed, 16-year-old Grosse Pointe North High School junior, son of Mr. and Mrs. Russell Reed, of Stanhope avenue, has won the concerto competition at Blue Lake Fine Arts Camp.

In competition with 14 other faculty-selected student musicians, his cello performance of Elegy by Faure was considered the best by a panel of Blue Lake judges.

In addition to winning the opportunity to attend another Blue Lake two-week session free of charge, he will be asked to practice and perform with the Blue Lake Faculty-Staff Orchestra in a concert at Blue Lake.

Robert, an orchestra major in his first summer at Blue Lake where his father was Symphony Orchestra conductor during the fourth session, has played the cello for seven years and is presently first chair cellist in the North High School orchestra.

He has studied cello under Professor Louis Potter, of Michigan State University.

Jane Kent Married To J. J. Lucido, Jr.

Garnet And Diamond Family Heirloom Pendant And Earrings Accent Square Neck of Bride's White Cotton Voile Gown

Quebec, Maine and Nova Scotia were the vacation destinations for Mr. and Mrs. Joseph J. Lucido, Jr., following their marriage Saturday, July 15, in Our Lady Star of the Sea Church. They are now at home in Somerset road.

The noon rites at which The Reverend Ralph Barton officiated were followed by a reception in the Grosse Pointe War Memorial's Crystal Ballroom.

The bride, the former Jane Mary Kent, daughter of Mr. and Mrs. Thomas C. Kent, of South Oxford road, wore a floor length gown of white cotton voile, trimmed in white satin and lace and featuring long, openwork sleeves.

A garnet and diamond family heirloom pendant and earrings accented her square neck.

She wore a matching picture hat, with a veil falling from its brim, and carried the prayerbook carried by her aunts, cousins and mother at their weddings, covered with white tea roses, baby's-breath and ivy.

Honor maid Beata Jachulski and bridesmaid Barbara Lucido Jaquet, of Fayetteville, N.C., the bridegroom's sister, whose husband, Warrant Officer Al Jaquet, ushered, as did John J. Cozma, Jr., of Lincoln road, wore floor length frocks of beige cotton voile printed with yellow flowers, open-backed and long-sleeved.

Their picture hats were

At a mid-afternoon ceremony Saturday, July 1, in the Grosse Pointe Academy Chapel ANNE ROBERTS DONNELLY, daughter of the John C. Donnelly, of Lakeland avenue, became Mr. Warren's bride. He is the son of Mrs. Frederick C. Ford, Jr., of Edgemere road, and the late John Buel Warren.

fashioned of natural straw, and they carried natural straw baskets filled with yellow and white daisies, ivy and baby's-breath.

The bridegroom, son of Mr. and Mrs. Joseph J. Lucido, of Somerset road, asked the

bride's brother, Timothy J. Kent, of Kalamazoo, to serve as best man.

The mothers of the bride and bridegroom both selected street length dresses, the former's fashioned of pink Qiana, the latter's of turquoise Qiana.

Rites at Academy for Miss Donnelly

John Buel Warrens, Jr., Vacation in The South of France And London Following Their Marriage; Will Live in Australia

The Grosse Pointe Academy Chapel was the setting Saturday, July 1, for the wedding of Anne Roberts Donnelly and John Buel Warren, Jr. A reception at the Grosse Pointe Club followed the mid-afternoon ceremony.

Father Christopher Johnson, O.P. of Georgetown University, assisted by The Reverend Ray Kiely, of Grosse Pointe

Memorial Church, officiated at the 3:30 o'clock rites.

The bride, daughter of Mr. and Mrs. John C. Donnelly, of Lakeland avenue, wore her mother's wedding gown

of candlelight satin and lace and an heirloom veil, worn by generations of Palms, Casgrain and Donnelly brides, dating back to approximately 1850.

She was attended by her sister, Mrs. John A. Trost, IV, as honor matron, and by bridesmaids Mrs. Frederick Schroeder, Mrs. Alexander Gage, Hadley Mack, Mary Schlaff, Eliza Finkenstaedt, Mrs. John L. Booth, II, and Mrs. Michael Glennon, of Washington, D.C.

The bridegroom, son of Mrs. Frederick C. Ford, Jr.,

of Edgemere road, and the late John Buel Warren asked his stepfather to serve as best man.

In the usher corps were Frederick C. Ford, III, of Cambridge, Mass., Edsel B. Ford, II, of Melbourne, Australia, Ralph H. Booth, John L. Booth, II, Hudson Holland, Douglas B. Leeds, of New York City, William R. Chapin and Jeffrey Hudson.

The newlyweds vacationed in the south of France and London. They will be making their home in Melbourne, Australia.

Oboe Recital Date for Ann

Ann Willison, daughter of the J. David Willisons, of Heather Lane, will play an oboe recital at Old Christ Episcopal Church, East Jefferson avenue at the Chrysler Freeway, Sunday, September 10, at 3 o'clock.

While spending her junior high school year at Interlochen Arts Academy, Ann studied oboe with Daniel Stolper and was principal oboist of the Academy Orchestra under the direction of Robert Marcellus.

She also has been a student of Don Baker, principal oboist of the Detroit Symphony Orchestra, and attended the National Music Camp at Interlochen for three summers.

Fundamental to her anticipated musical career is nine years of piano and theory with Mildred Briggs in Grosse Pointe.

Ann will be assisted by Alden Schell, well-known accompanist. He is with the Grand Circus Exchange, the Detroit Public Schools, the Orpheus Club and the Metropolitan Opera Theatre.

The program will include the Mozart Quartet for Oboe and Strings, Schumann's Three Romances and the Hindemith Sonate for Oboe and Piano.

There will be a unique feature to this recital: the Willison Family Quartet. Ann's brothers, John and Steve, play trombone and trumpet. Her sister Roberta plays the flute.

The four will play a Handel Fugue and Bach Bouree.

The public is invited to the recital and the reception immediately following.

John M. Chase, of Lewiston road, are the welcoming hostesses.

The garden cocktail party Saturday evening, September 16, at the home of Dr. and Mrs. Lyndle R. Martin in Middlesex boulevard will be a benefit, open to all association members and their guests.

And, just so you can't POSSIBLY forget it's **Symphony Week**, stores on-the-Hill, in-the-Village and in Fisher road will feature windows decorated with musical themes.

Grosse Pointe's community symphony orchestra, directed by Felix Resnick, plays four regularly scheduled concerts each year. They will be performed this year at the Charles A. Parcels School auditorium, Mack avenue at Vernier road.

The first, November 12, at 3:30 in the afternoon, will feature Louis Nagel, pianist. Single tickets are available one-half hour before concert time at the box office, at \$4 adult, \$1.50 student.

In addition, the Grosse Pointe Symphony Women's Association sponsors two "special" programs: a Pointe Symphony Cabaret Concert scheduled for next March at Hillcrest Country Club, and the Grosse Pointe Park Community Concert to be presented next July at a site still to be determined.

And the Pointe Symphony Women co-sponsor Jacobson's annual Symphony Under The Stars, featuring a buffet dinner in the St. Clair Room followed by the Pointe Symphony's concert in d'Hondt way. That's set for next May.

More on Music
Meanwhile, mean dab in the middle of Grosse Pointe Symphony Week, members of the Junior Women's Association for the Detroit Symphony Orchestra will gather in Grosse Pointe for their first general membership meeting of 1978-79.

It's set for Wednesday, September 13, at the Grosse Pointe Yacht Club where, during a closed session starting at 10:30 in the morning, the Juniors will learn of plans for their major fund raising project: The WJR Detroit Symphony Musical Marathon.

At 11:30 they'll join guests for a social hour, luncheon and program featuring New York fashion designer Robert David Morton, presented by the Margaret Diamond Shop in Fisher road.

Arrangements for the day are under the aegis of social chairman Joyce (Mrs. D. David) Pippel. Musical Marathon chairman is Marcia (Mrs. John) Courson.

More on Fashions
Two days after Mr. Morton's appearance in The Pointe, Jacobson's St. Clair Room will be the setting for the Fontbonne Auxiliary of Saint John Hospital's continental breakfast and fashion show featuring Italy's famous designer Georgio St. Angelo.

Date is Friday, September 15. Time is 9:15 in the morning. Tickets are \$4 per person, free parking is available and guests are welcome.

But chairwomen Mrs. Thomas Faricy and Mrs. James Mutschall, Jr., note that reservations are limited, with a final deadline of Monday, September 11. That's if they last that long... the Font-

A Free Day for Mothers

The Grosse Pointe Woods Presbyterian Church will resume its Mother's Day Out program, a ministry to the community conducted by Woods Church mothers of pre-school children, a week from tomorrow, Friday, September 15.

Mother's Day Out was instituted last year. Each Friday, from 9 in the morning to 1 in the afternoon, mothers may leave their children from three months to kindergarten age with an experienced staff at the church in

Mack avenue. Organized activities—crafts, stories, music and games—are conducted by the teachers for the older children. Infants are cared for in a separate room.

A fee of \$2.50 is charged to help defray the costs of the program.

Because facilities are limited, interested mothers are advised to pre-register as soon as possible. More information may be obtained by contacting Jackie Weed, 885-3161.

Post-Performance Supper And Disco Party Will Highlight American Lung Association Benefit September 12

The Women's Committee of the American Lung Association, long-identified with the annual Cinderella Ball, is sponsoring an opening night benefit performance of "Les Girls, Les Girls," the Barry Ashton revue which broke all attendance records in Las Vegas.

The black tie evening is scheduled for Tuesday, September 12, at the newly-renovated Birmingham Theatre, Woodward avenue in downtown Birmingham.

Curtain time is 8 o'clock. An elegant buffet supper with flaming desserts will be served following the performance, in the theatre lobby, where there will be an open bar and dancing to music by Jack Brokenkna and Bess Bonnier.

Festivities then move back into the theatre, on-stage

with the stars and cast for a party presided over by Disco Bonnie.

Highlight of the evening is a disco dance contest. The winning lady will be serenaded by Tony Martin. The winning gentleman will dance with Cyd Charisse.

Among local celebrities serving as hostesses will be Jackie Gordon, Dollie Cole, Diane Schoenith, Shirley Eder, Betsy Caldwell and

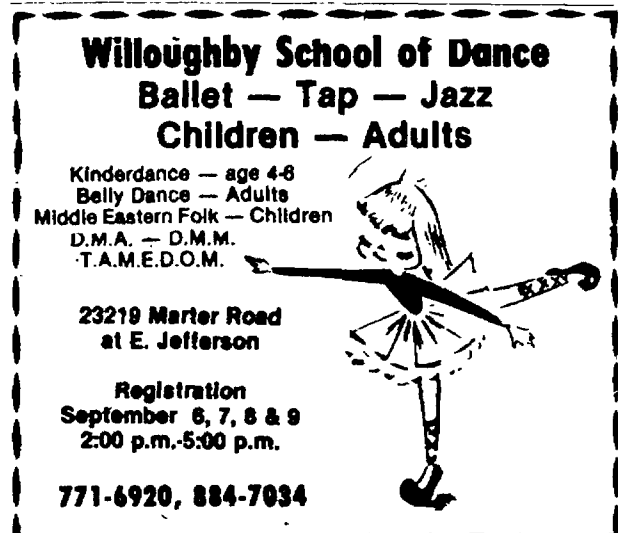

Anne Spivak, plus many local radio and television personalities.

Co-chairmen are Mrs. Charles W. Hester and Mrs. Hilda Ettenheimer. Mrs. Frank S. Marra is coordinator and decorations chairman.

Barry Ashton's productions have been acclaimed throughout the world. He has been compared by many to the late, great Florenz Ziegfeld. This production of "Les Girls, Les Girls" stars Tony Martin and Cyd Charisse, with 25 beautiful, long-limbed showgirls.

Tickets, including valet parking, are \$100 per couple, tax deductible. Reservations may be made by writing the American Lung Association at 28 West Adams, Detroit, Michigan 48226, or calling 961-1697.

Proceeds will go to the American Lung Association of Southeastern Michigan, known for its work in the prevention and control of lung diseases through effective lung detection and treatment systems and the reduction of air pollution, and also for its vigorous anti-smoking education programs.

A.C. Ferdinands At Home in East

Lita Lorraine Cromwell Wears Lace-Trimmed Wedding Gown of Candlelight Satin Designed And Fashioned by Her Mother

Mr. and Mrs. Andrew Ferdinand, who vacationed at Myrtle Beach, N.C., following their wedding Saturday, May 27, in Detroit's Trinity Lutheran Church, are at home in Fairport, N.Y., a suburb of Rochester.

He is a process technician at Schlegel Corporation, Henrietta, N.Y. Mrs. Ferdinand, the former Lita Lorraine Cromwell, will be completing her studies for a Bachelor of Arts degree in Physical Education.

Their parents are Dr. and Mrs. Rue L. Cromwell, of Pittsford, N.Y., formerly of Rivard boulevard, and Mr. and Mrs. Arthur J. Ferdinand, of Hillcrest road.

The Reverend Gilbert T. Otte, D.D., who officiated at the Arthur Ferdinands' wedding and baptized the bridegroom, a fifth generation member of Trinity Lutheran,

presided at the 4:30 o'clock candlelight ceremony.

A reception and dinner followed in the Grosse Pointe War Memorial's Crystal Ballroom.

The bride wore a gown designed and fashioned by her mother. Empire-waisted, of candlelight satin, it was trimmed with candlelight French lace as was the matching, lace-lined, long-sleeved jacket.

More lace accented her veil, which fell from a head-piece of fabric roses. She wore her maternal grandmother's sapphire dinner ring and pearls, the bridegroom's gift, and carried a handkerchief purchased for the wedding day by the bridegroom's parents on a visit to Switzerland, birthplace of the bridegroom's late maternal grandfather, last year.

Daisies and Sweetheart roses, with ivory streamers, formed her Colonial bouquet.

In Empire-waisted gowns of mint green and soft yellow Qiana and hooded, long-sleeved, bolero jackets, designed by the bride, were Donna Lisa Cromwell, who came from Longmont, Colo.,

They carried matching garden baskets filled with daisies and accented with ribbon streamers complementing their flowers.

Michael Kalkhoff served as best man for his former South High School classmate. Ushering were John Arthur Ferdinand, who also served as lector for his brother's wedding, Jed C. Mooney, Jr., and Mark Stafford, of Kalamazoo, a Western Michigan University student.

Soloist was Margaret Rieth. Organist was Carol Schrammek. Both are friends of the family.

Acolytes were Michael and Richard Werner, sons of the bridegroom's godmother, Mrs. Max A. Werner.

The invocation at the dinner was given by The Reverend Gregory A. Otte, Dean of Chapel, Lutheran High School, Cleveland, who came with Mrs. Otte and their daughters, Rachel and Rebecca, from their home in Sheffield Lake, O., for the wedding.

Mrs. Werner, in a white gown trimmed with navy and a wrist corsage of pink Sweetheart roses, presided at the guest book.

Mrs. Cromwell selected a melon chiffon, floral-printed gown, with a self-jacket, for her daughter's wedding. White carnations and yellow Sweetheart roses formed her wrist corsage.

Her mother, Mrs. Joseph Steiner, who came with Mr. Steiner from Scottville, Mich., for their granddaughter's wedding, selected blue floral chiffon and wore a cymbidium orchid on her wrist.

The bridegroom's mother chose blue chiffon with floating side panels and a wrist corsage of miniature carnations and yellow Sweetheart roses.

Patricia DeYoung Is Honor Matron for Her Sister; Gregory Ian Thomas Serves As Brother's Best Man

Kelly Sue Atkinson, daughter of the Thomas Atkinsons, of Christine court, and Geoffrey Michael Thomas, son of Dr. and Mrs. L. Murray Thomas, of Berkshire road, exchanged marriage vows Friday, June 23, in Saint Clare de Montefalco Church.

A reception at the Detroit Yacht Club followed the ceremony. The newlyweds vacationed in the East and are now at home in Ann Arbor, where the bridegroom is a third year medical stu-

dent at the University of Michigan.

The bride, a Western Michigan University graduate who teaches in the Ann Arbor area, chose an antique white Victorian gown accented with pleated chiffon and lace.

A small cap caught her triple-tiered, waist length, chiffon and lace veil. She carried white silk roses, fresh baby's-breath and fern.

Patricia DeYoung, of Ann Arbor, was honor matron for her sister. Bridesmaids were Mary-Jo Atkinson, another sister, Stacy Floer, of Saugatuck, and Vickie Horvath, of North Lawrence, O.

Lace trimmed their cream-colored eyelet gowns. Each carried three long-stemmed, pink silk roses, with fresh baby's-breath and greens.

Gregory Ian Thomas served as his brother's best man. Ushers were William Scarlet, Jr., of Rochester, Geoffrey Quinn, of Ann Arbor, and William Kendall, of Berkshire road.

The bride's aunt, Mrs. Thomas Warren, sang during the services. William Scarlet and Daniel Bishop provided the guitar music. The mother of the bride

wore a three-tiered, peach and beige chiffon dress. Her flowers were white gardenias. The bridegroom's mother pinned her white gardenias to the waist of her melon chiffon dress.

Special guests included Mr. and Mrs. F. W. Pearce, of Boca Raton, Fla.; Mrs. James Crudginton, of Clearwater, Fla.; Miss Hannah Atkins, of Dearborn, and Miss Kate Atkins, of The Pointe.

A Free Day for Mothers

The Grosse Pointe Woods Presbyterian Church will resume its Mother's Day Out program, a ministry to the community conducted by Woods Church mothers of pre-school children, a week from tomorrow, Friday, September 15.

Mother's Day Out was instituted last year. Each Friday, from 9 in the morning to 1 in the afternoon, mothers may leave their children from three months to kindergarten age with an experienced staff at the church in

Mack avenue. Organized activities—crafts, stories, music and games—are conducted by the teachers for the older children. Infants are cared for in a separate room. A fee of \$2.50 is charged to help defray the costs of the program.

Because facilities are limited, interested mothers are advised to pre-register as soon as possible. More information may be obtained by contacting Jackie Weed, 885-3161.

Post-Performance Supper And Disco Party Will Highlight American Lung Association Benefit September 12

The Women's Committee of the American Lung Association, long-identified with the annual Cinderella Ball, is sponsoring an opening night benefit performance of "Les Girls, Les Girls," the Barry Ashton revue which broke all attendance records in Las Vegas.

The black tie evening is scheduled for Tuesday, September 12, at the newly-renovated Birmingham Theatre, Woodward avenue in downtown Birmingham.

Curtain time is 8 o'clock. An elegant buffet supper with flaming desserts will be served following the performance, in the theatre lobby, where there will be an open bar and dancing to music by Jack Brokensha and Bess Bonnier.

Festivities then move back into the theatre, on-stage

with the stars and cast for a party presided over by Disco Bonnie.

Highlight of the evening is a disco dance contest. The winning lady will be serenaded by Tony Martin. The winning gentleman will dance with Cyd Charisse.

Among local celebrities serving as hostesses will be Jackie Gordon, Dollie Cole, Diane Schoenith, Shirley Eder, Betsy Caldwell and

Anne Spivak, plus many local radio and television personalities.

Co-chairmen are Mrs. Charles W. Hester and Mrs. Frank S. Marra is coordinator and decorations chairman.

Barry Ashton's productions have been acclaimed throughout the world. He has been compared by many to the late, great Florenz Ziegfeld. This production of "Les Girls, Les Girls" stars Tony Martin and Cyd Charisse, with 25 beautiful, long-limbed showgirls.

Tickets, including valet parking, are \$100 per couple, tax deductible. Reservations may be made by writing the American Lung Association at 28 West Adams, Detroit, Michigan 48226, or calling 961-1697.

Proceeds will go to the American Lung Association of Southeastern Michigan, known for its work in the prevention and control of lung diseases through effective detection and treatment systems and the reduction of air pollution, and also for its vigorous anti-smoking education programs.

GROSSE POINTE SHORES
The owners of this lavish executive home in the prestigious Shores have requested WE TAKE OFFERS. A fine Georgian example of grace and character, the interior has all the classic features befitting the needs of the most cultured of buyers. May we make an appointment for you to view its 10 bedrooms, 5 1/2 baths and its many reception rooms? There's a magnificent swimming pool, too, and it's a step from the lake.

NEW OFFERING ENGLISH TUDOR COLONIAL
Presenting a really nice residence, priced in the 80's—a difficult bracket to find in the Pointes. Add a breakfast room, a sun-room and a great rec room to the four big bedrooms, plus other features—and you have the complete answer. We guarantee all the support systems in the asking price for one year, think about that and its importance to any buyer.

GROSSE POINTE SHORES
The good pointes of this offering are readily apparent when you enter this delightful Colonial. The 1st floor plan is pleasing, and there's a big family room. The 2nd floor has 4 great bedrooms and two baths—and the surprise is the 3rd floor two-room suite, all nicely decorated. Call us to view this interesting home in a beautiful location.

TOWNHOUSE CONDO
Lots of people are searching for this type of investment today. We offer a really nice example, beside Lake St. Clair, with two bedrooms and all the luxury features. The price is in the 60's—with practically everything staying with the sale. There's an electric door garage, a redwood deck with privacy, and a well-landscaped exterior. We would love to show it to you.

CENTRE ENTRANCE COLONIAL
A beautifully decorated, well-planned home on a lovely avenue. This bright and colorful residence is in superb order, with four bedrooms, 2 1/2 baths, paneled library, breakfast room, rec room—and two fireplaces, plus a new screened porch. The fenced and well landscaped yard tops off the elegant picture.

NEW OFFERING COLONIAL WITH A DIFFERENCE
We announce this unusual residence with pride—and we are certain the price is right, in the 70's. The 1st floor has all the formal needs plus a den and a breakfast room. Ascend the stairway to the three lovely bedrooms, and note the stained glass, the decoration, and the lovely condition. Take a second look at the kitchen, then glance outside at the big lot and the three car garage. We know this offering will go quickly.

GROSSE POINTE WOODS
We'll start with the price—in the 50's! Then tell you it's a 4 bedroom Dutch Colonial, with a den and a breakfast room. You will have difficulty finding one in this nice area, so call us now and don't miss out. Two car garage on a fenced lot, too.

INCOME TROUBLE-FREE
Presenting a 4.3 rental property kept meticulously—hence the good rents. The owners take great care of this offering, thus reassuring the investor. There's central air plus a 2 car garage, nicely landscaped.

DETROIT PROPERTIES
We offer a comprehensive list of excellent homes and incomes in the "close-in" section to Grosse Pointe—please ask about these when you call. One commercial we recommend, it's at 11242 Morang and the price—\$16,900.

VACANT PROPERTY
Six lots in St. Clair Shores. 312' deep owner giving them away at \$24,000 the parcel. Vacant lot on Lakeshore 200x235, \$78,000.00

Slate Classes on Pewabic Art

For the last seven years, adult ceramic classes have been oversubscribed at Michigan State University's Pewabic Pottery in Detroit to the point of drawing names from a hat to see who can be taken, said Roger Ault of Lakepointe avenue, pewabic pottery director. Tuesday, September 5, and run for 11 weeks. Mr. Ault added that Alice Kales Hartwick of Touraine road donated \$6,000 to "enable us to expand our classes."

Club Forming Girl Cage Loop

The Neighborhood Club will be organizing a girls basketball league this fall for third through eighth graders. A pre-season clinic will be held at Brownell Middle School, 260 Chalfonte avenue, on Saturdays from September 23 to October 14. The times are as follows: third and fourth grade, 10 to 11 a.m.; fifth and sixth grades, 11 a.m. to 12 noon; and seventh and eighth grades, 12 noon to 1 p.m. The fee is \$5, plus membership.

Leagues also will be offered for the following age groups: Midget League, third and fourth grades, \$15; Middle League, fifth and sixth grades, \$15; and Mid League, seventh and eighth grades, \$18. A uniform shirt is provided for each girl to keep. The family rate is \$40.

Registration dates for the leagues will be on Tuesday, September 12, at Brownell, from 7 to 9 p.m.; Thursday, September 14, at Parcels Middle School, 20600 Mack avenue, from 7 to 9 p.m.; and Thursday, September 21, at the club, 17150 Waterloo avenue, from 7 to 9 p.m. No mail registrations will be accepted.

Adults and high school students interested in coaching or officiating should contact the club at 885-4600.

NOTICE OF PUBLIC HEARING

NOTICE IS HEREBY GIVEN that at the regular Council meeting scheduled for Monday, September 18, 1978, at 7:30 p.m., the agenda will include, in addition to regular Council business matters, a PUBLIC HEARING with regard to the following:

APPROVAL OR DISAPPROVAL OF THE ISSUANCE OF ONE ADDITIONAL CLASS C LIQUOR AND/OR TAVERN LICENSE.

All persons interested will then and there be heard.

Chester E. Petersen City Administrator-Clerk GPN—9-7-78

NOTICE OF PUBLIC HEARING OF THE CITY COUNCIL, ACTING AS A BOARD OF APPEALS UNDER THE PROVISIONS OF THE ZONING ORDINANCE OF THE CITY OF

Grosse Pointe Woods MICHIGAN

NOTICE IS HEREBY GIVEN that the City Council, meeting as a Board of Appeals under the provisions of Section 5-11-5 of the 1975 City Code of Grosse Pointe Woods, will meet in the Council-Court Room of the Municipal Building, 20025 Mack Avenue, Grosse Pointe Woods, on

Monday Evening, September 18, 1978 at 7:30 p.m. o'clock to hear the appeal of Shorewood E. R. Brown Builders, Inc., 20431 Mack Avenue, Grosse Pointe Woods, who is appealing the denial of the Building Inspector to issue a Driveway Permit for property described as:

Lot No. 109 of Marks and Mahoney Subdivision No. 3 (575 Canterbury)

Shorewood E. R. Brown Builders propose to construct a circular drive at 575 Canterbury. A Driveway Permit was denied because Ordinance No. 369 prohibits a paved parking area which exceeds thirty percent in coverage the required front yard area for a residential lot in an R-1 zoned district. In accordance with the provisions of Ordinance No. 369 and Section 5-11-5 of the 1975 City Code of Grosse Pointe Woods, said circular drive cannot be constructed unless a variance is granted by the Board of Appeals.

This will be a public hearing and all interested parties are invited to attend.

Chester E. Petersen City Administrator-Clerk GPN—9-7-78

FIRST OFFERING
THREE BEDROOM RANCH
with family room just a block from Kerby School. Two car garage and fenced yard. Priced in the mid-sixties.

AN ARCHITECT'S DREAM
placed on a two-acre lake frontage lot which features magnificent landscaping and a swimming pool between the house and breakwall. The house was designed to take advantage of the everchanging scene on the water. This all brick mini-mansion has fireplaces in six rooms, which include three bedrooms. One of the very best kitchens with a fireplace alcove, a new heating plant and revamped baths are some of the "pluses" of this offering.

LOCATION, LOCATION, LOCATION.
Six bedrooms, four and one half baths near the lake in Grosse Pointe Shores. This custom built home has many extras. Three fireplaces have gas starters, water purifier, huge brick patio with fountain, gas lights, above ground lights around yard, 15 ton air conditioner. Two bedrooms and bath on second floor have separate heat. Gigantic family room and library are reasons enough to see this showplace supreme.

WHAT MAKES THIS
a terrific buy at \$38,500? The fact that this condominium has a new kitchen with all built-in appliances. The fact that the carpeting and draperies are almost new. The fact that the basement has been developed with party room and bar. The fact that this is an outside apartment with windows on three sides and has central air conditioning makes this offering look good at a price which is below that of other apartments for sale in the complex.

WANT A MOVE-IN CONDITION
three bedroom, one and one half bath colonial with natural fireplace, two car garage, gas forced air heat plus an awning covered terrace? Call now to see this excellent home located at 5814 Buckingham.

Fashion's Velvet Touch... felt in the soft glowing blazers in the new shorter length and skirts from Austin Hill. Choose black, cadet blue or wheat velvet. There are other blazers with shawl collars... one in a rich deep brown. A beautiful black, brown and beige velvet paisley skirt has a deep front slit. With one of the new soft silky blouses in the separates collection it would take you nicely to fall dos. From Beene Bag has come a brown wrap skirt in a soft light weight wool and polyester blend. It's meant to go with a great tan and brown print top. If you're looking for a leather jacket, one of the most versatile comes in burgundy leather... ever so soft! It's from George Masket. The Lacoste little green alligator is found on a nylon bag that holds a detachable hood for a travel-wise raincoat. It comes in black, green or navy. Talking about coats a handsome wool and mohair blend by Richard Barr comes in bone, is trimmed with bone leather and is closed with brass. Check the Gift Department. There's a new menagerie of ceramic animals like reclining leopards, frog bookends, a planter with a mischievous monkey... also Stotter plastic glasses in jumbo and double old fashioned sizes come in swirl or tortoise patterns. Everyone seems to be shopping for fall now at Walton-Pierce. Don't miss all the fashion fun!

There's nothing quite like the warmth of wood. Mutschler Kitchens, Inc. features Wood-Mode cabinets in oak, maple, cherry and distressed pine, each in a variety of styles and finishes. There's one to fit your decor. See them today at Mutschler Kitchens, 20227 Mack Avenue, 884-3700.

The Notre Dame Pharmacy... has University of Michigan steins priced \$3.25 and U of M coffee cups for \$2.49.

FAMILY REUNIONS! What memories that term brings to all of us. A truly memorable gathering where no one has to think about daily chores is worth thinking about. Would you like to be together on a cruise ship, at a resort or Europe? Call us for suggestions. Travelwise travelers always ask for Mr. Q. 886-0500.

Just Arrived... a new assortment trapunto style by Todd including wild game and exotic birds, flowers, ships and safari animals at the Squirrel's Nest, 19849 Mack.

Bijouterie... the diamond and gold place of Grosse Pointe invites anyone who is celebrating a HAPPY BIRTHDAY in September to come in and see the fabulous selection of sapphires at your favorite fine jewelry store, Bijouterie, 19860 Mack Avenue, corner of Huntington, Grosse Pointe Woods. Closed Mondays.

Customweave Carpeting... is one of the heaviest nylon carpets you can find. It comes in twenty five decorator colors or you can custom order your own color. It is known for its long wearing quality and beauty. See it at Ed Maliszewski, 21435 Mack, 776-5511.

At Woods Optical... we find that the career woman who's "arrived" and now enjoys executive status is extremely image conscious. For those who wear eyeglasses may we suggest the new thin rimmed class shaped tortoise frames that are making such a comeback... 19599 Mack between 7 and 8 Mile Roads, 882-9711.

Robert Of Robert's Place... knows that hair that shines with lights and health is the hair that will go with the polished, finished fashions for fall. Vogue predicts "a burst of color in fashion, makeup and hair" this fall. If you've been conditioning your hair with the new conditioner at Robert's Place, if you've been highlighting with color, if you've noticed how the sheen enhances the color, then you're right in style and ready for fall... if not, better call 886-4130 for an appointment.

See Our Windows... this month. They feature the latest in sweater styles and yarn, interesting textures, tweeds and ombres. Just arrived... CHENILLE yarn is at Fran Kirkland's Needlepoint and Knit Shop, 16930 Kercheval in the Village. Open Thurs. Eves.

Nino At Robert's... says tennis players know a good haircut will improve their appearance... and maybe their scores. Call 886-4130.

The New Selection... of fashionable shawls and scarfs by Vera, interesting 18K gold plated belts to be worn with the new wool sweaters by Pendleton are among the fresh new fashions at Hartley's Country Lane, 20641 Mack Avenue.

We're Closing Out... all of our selected kitchen items at about 25% off in order to make room for something new. Watch for it at Wicker World, 20643 Mack Avenue.

Dil You Know... Perini's is open at 11 a.m. Sunday's? A delicious full course meal is only \$3.95. You'll enjoy so many good things at Perini's such as home made bread. Perini's is open until midnight Friday and Saturday. For that late lunch, served from 3 p.m. to 4:30 p.m., you may choose from the \$3.25 menu. Those popular Kentucky Hot Browns are \$3.25... the mini version is \$2.25. There is convenient parking... 10721 Whittier. Call 371-2484.

Ron Ruel Says... The look for fall '78 is the anti-coiffure look. Hair that falls in masses of natural curls and waves be it long or short. Gone are the hard clean lines of yesterday's styles. Hair should be in motion via soft layers. The only limit to a cut is your imagination. Call Ron for a Pyrametric design cut... 886-4130.

Ganny And Bob Damman... and Kathy Brown of "the little store" were in Chicago recently for the Housewares Show and the Giftware Show so lots of gorgeous things are arriving daily.

Anticipate Horticulture-Bonsai Show

MRS. CARL B. LARSEN, (left), chairman of the Grosse Pointe Garden Center's Horticulture-Bonsai Show, MRS. ROBERT S. LEFEVRE, (center), vice-chairman, and MRS. HAROLD R. SMITH, schedule chairman for the horticulture section, are pictured on the terrace of the Larsen home in Hendrie lane, admiring a basketful of choice plants that might all be show winners. At the left is an African Violet hybridized by Mrs. Larsen's son, Jim, who raises plants and orchids. In the center is the tall, airy orchid called Phalaenopsis Equestris. On the right is a "Rongo" kohleria. Even if you don't know a begonia from a nasturtium, you're welcome to exhibit what you have and see what others bring at the annual Horticulture-Bonsai Show, to be presented a week from today, Thursday, September 14, from 2 to 9 o'clock in the Grosse Pointe War Memorial's Fries Ballroom. Exhibits — fruits, flowers and vegetables — should be brought to the ballroom between 8:30 and 10:30 in the morning for judging. The show is open to the public, free of charge.

Set Fall Rose Show's Dates

The Grosse Pointe Rose Society will present its Fall Rose Show Saturday and Sunday, September 16 and 17, at the Grosse Pointe Central Library, Kercheval avenue at Fisher road. Co-chairmen are Angelo and Mary Taveggia. Non-members are especially invited to participate in a special section which traditionally produces many winners. Entries will be received at the library between 7:30 and 10:30 o'clock Saturday morning. The show will be open to the public from 1 to 5 o'clock Saturday, 9 to 3:30 o'clock Sunday.

This month's Grosse Pointe Rose Society meeting is scheduled for Wednesday evening, September 13, at 7:45 o'clock at the library. Robert McElya, of the Huron Valley Rose Society, will discuss Old-Fashioned Roses: fascinating flowers, fragrant and different in form and foliage. They were discovered in the sub-tropics of China, and are the fore-runners of today's roses. Refreshment hostesses are Dorothy Higbie and Marie Anderson.

Potluck Lunch For Methodists

The United Methodist Women of Grosse Pointe United Methodist Church have scheduled a potluck salad luncheon for their first meeting of the fall season next Tuesday, September 12, at 12:30 o'clock.

There will be no charge for the meal, as each attendee will bring a favorite salad to share. Hostesses from Alpha Fellowship will provide rolls and beverages.

After devotions, led by Mrs. Charles Swan, The Reverend Andrew Amadu Allie will speak on Our Mission in Sierra Leone. The Reverend Allie, who had his early training at the mission located near Freetown in West Africa, is now pastor of the People's United Methodist Church, Detroit.

Reservations may be made through Friday, September 8, by calling the church office, 886-2363. Nursery care will be available.

Making A Miracle

Photo by Lucy Carmichael Milner

To a little girl, a doll is a miracle: a small person who belongs just to her. PEGGY BROWN, of Fisher road, delights in making miracles. Her specialty is doll construction, and she will be among 170 artists and craftsmen, from the metropolitan area, outstate Michigan and other states, exhibiting this Saturday, September 9, in the 19th Annual Fall Art Festival co-sponsored by the Grosse Pointe Artists Association and the Grosse Pointe War Memorial. They'll set up their booths outdoors, on the War Memorial's grounds, and welcome visitors from 10 in the morning to 5 in the afternoon. Light luncheons will be available. There'll be demonstrations, and a carillon concert from next-door Grosse Pointe Memorial Church, and prizes of original art. There WON'T be an admission charge.

Now for Photography

The prize-winning photography of 17-year-old Deanna Ward, daughter of the Edward J. Wards, of Maryland avenue, is featured in a display of the 1978 Scholastic/Kodak Photo Awards at the Kodak Photo Gallery in New York's City's Avenue of the Americas.

Deanna earned a place in this annual presentation, which runs through October 1, by winning in the nationwide junior and senior high school photo competition sponsored by Eastman Kodak Company and conducted by Scholastic Magazines, Inc.

She received a \$20 Honor Award for her black-and-white photo of a friend, Heather Whaley, playing her flute. Deanna explains that she was encouraged by her teacher, Jack Summers, to take pictures of people with an object that is related to them.

The result is "Practice for Perfection" — and it's a beauty.

Deanna was a school yearbook photographer at Grosse Pointe South High. She enjoys dancing, bike riding, raising hamsters and sports.
