HEADLINES of the WEEK

As Compiled by The
Grosse Pointe News

Thursday, September 21
ISRAELI PRIME MINISTER Menachem Begin told an audience of 2,000 American Jewish leaders that Israeli troops will definitely remain in the West Bank and the Gaza Strip after the five-year transitional period called for in the recent Camp David summit agreements. The summit agreements specified that the issue of Israeli presence in those areas was to be negotiated with the Arabs. Mr. Begin's statement indicated that his mind was already made up on the issue.

Friday, September 22
RADICAL PALESTINIANS threatened military action against American oil operations in the Middle East to avenge President Jimmy Carter's involvement in the Camp David summit. A spokesman for the Popular Front for the Liberation of Palestine said the group would definitely take such action. Asked if that meant such operations as blowing up well drilling platforms or pipelines, the spokesman nodded affirmatively. Meanwhile, Saudi Arabia told Secretary of State Cyrus Vance it is interested in talking about the Camp David agreement.

Saturday, September 23
THE WARREN CONSOLIDATED school board fired 36 striking school teachers and promised more were coming as it threatened contempt of court action towards 69 others. The district's 1,400 teachers have been on strike since September 5, defying a court injunction to return to work. It was the second in the state's history that teachers were fired for striking, the first of which was ultimately upheld by the U.S. Supreme Court in 1977.

Sunday, September 24
A MAJOR FOUL-UP at Detroit's huge sewage treatment plant has caused millions of gallons of highly contaminated sewage to be dumped into the Detroit River since mid-June. Although the sewage is not believed to be affecting public health, state sanitary engineers say it has sharply elevated pollution levels in the river and Lake Erie. The problem was caused by mixing an experimental treatment agent with the plant's principal chemical disinfectant, chlorine, causing the chlorine to be neutralized. Officials hope the problem can be corrected within a month.

Monday, September 25
THE ISRAELI CABINET approved the Camp David accords Sunday and agreed, in a carefully worded statement, to commit the country to a withdrawal of Jewish settlers from the Sinai Peninsula. If the cabinet action is approved by the Knesset, (Israeli parliament), this week, it could lead to a separate peace treaty with Egypt. Outside during the cabinet's eight-hour session, demonstrators from ultra-nationalist groups protested abandonment of the Sinai settlements.

Tuesday, September 26
AT LEAST 150 PEOPLE were killed when a light plane flown by a private pilot collided with a Boeing 727 over San Diego, Cal., sending both planes crashing into a residential area. It was the worst air disaster in American history. All 135 aboard the Pacific Southwest Airlines jet were killed along with the student pilot and his instructor in the small plane and at least 13 people on the ground. The planes plowed through more than a dozen homes when they landed, and it wasn't immediately known whether people were inside them.

Woods Auxiliary Members Prepare for Training

The Grosse Pointe Woods Public Safety Auxiliary has proved a valuable arm of the municipality since it became a reality on July 1, 1973, by providing volunteer support of the department in a variety of areas. On a continual basis, the citizens receive both fire and police training under the auspices of departmental officers Det. CHARLES PHILIP HAMEL, (far

'Eyes, Ears' Plan to Go GP-Wide

Kiwanis Club Financially Supports Expansion of Child Safety Program

By Roger A. Waha
The "eyes and ears" child safety program, coordinated by the Youth Service Division, (YSD), will go Pointe-wide this fall thanks to the Grosse Pointe Kiwanis Club, the efforts of a Woods lieutenant and the cooperation of all local police departments.

A total of around 530 pads, with the Kiwanis logo, and pencils are scheduled to be delivered this week to the various departments for ultimate distribution to safety patrol youngsters and school crossing guards.

The objective is to provide extra "eyes and ears" on the street toward reporting any suspicious activity.

Set Up Program
The Kiwanians, which spent around \$260 to obtain 250 pads for the use of Woods youngsters and crossing guards this spring, will spend approximately \$500 for the latest order of pads and pencils.

Woods Det. Lt. Jack Patterson, YSD supervisor in the detective bureau, said he contacted all Pointe police departments and received

Memory of Park Police Sergeant Honored at Defer School Ceremony

George Blair, Who Died Last May, Cited for His Many Years of Service, Dedication to Children of Community As School Safety Officer

By James J. Njaim
Park Police Sgt. George B. Blair, who died of a heart attack on May 2, 1977, at the age of 56, was honored at a ceremony held in front of Defer School, 15425 Kercheval avenue, on Monday, September 25, for his many years of service and dedication to the children of the community. He served for many years as the Park Police Department's school safety officer.

Dedicated to his memory is an inscribed bronze plaque, which was placed near the flag pole and benches in front of the school. Dr. Sally Bell is the school principal.

Sgt. Blair's widow, Margaret, and their children, George Jr., Frederick and Mrs. Robert (Elizabeth) Turner and their families were invited to the ceremony.

Selected As Teacher
Others participating in the memorial and dedication were Mayor Matthew C. Patterson, Councilwoman Ann MacDonald, Police Lt. Gordon J. Duncan, Sgts. Charles Petrie and Walter Paton and Patrolman Norman Gangola and Court Clerk Bettyann Calvin. School Board President Laurance Harwood also was in attendance.

Sgt. Blair was with the fire department for about two years before he decided to make police work his career. He was appointed a probationary officer on October

31, 1953, was advanced to corporal on August 12, 1964, and was promoted to sergeant on June 12, 1968.

In 1956, he attended a 40-hour traffic safety school training session at Michigan State University to qualify as an instructor, after which he was selected to teach eight hour sessions in traffic safety to teenagers and adults ordered to the school by Grosse Pointe-Wayne County judges.

The school was under the auspices of the Secretary of State's Office in Lansing and classes were held at South High School.

It is estimated that 15,000 persons learned about traffic safety rules through his lectures and guidance, and became better drivers because of his expertise in pointing out their errors. Many officials, including judges who sentenced violators to the traffic school, said the sergeant (Continued on Page 7)

Lakeview Question Unsettled

Residents, Farms Council Explore Issue Again; Subject to Be on October 16 Agenda

By David Kramer
Property owners adjacent to the unpaved section of Lakeview avenue between Mary and Carver streets were once again unable to reach a general consensus on what should be done with the road, and the Farms Council decided to take the matter up again at its Monday, October 16, meeting.

At that time, the council will review the recommendations of City Manager Andrew Bremer, which Mr. Bremer has indicated will be either paving the road or abandoning it.

About 12 area residents attended the Monday, September 18, meeting when council members viewed a progress report submitted by Minto, Clute, a Whitcomb drive resident, explaining results of a meeting between several of the Moross road residents.

Cite Objections
According to the document, the Moross residents were able to agree with Mr. Clute, (who was representing Whitcomb residents according to the report), on a satisfactory solution to the problem.

However, two Moross residents attending the council meeting indicated they had strong objections to the proposal which called for making Lakeview a dead-end street where it presently intersects Mary street.

Mr. Clute's report said it was agreed there should be no cul-de-sac created at the proposed dead-end, that the street should not be paved or lighted, that "no parking" signs should be installed for its entire length and that (Continued on Page 4)

School Board Eyes Problems Of Attendance

Trustees Approve General Philosophy Statement on September 18 Viewing Areas of Responsibility, Form Committee to Look at Procedures; Educators Agree Issue Is Complicated

By Susan McDonald
Since the reign of the old-fashioned truant officer ended many years ago, the job of making sure kids get to class every day has become a complicated business for school officials.

With teenage auto ownership increasing, high school kids are more mobile these days. More of them want, or need, to work, and try to shorten their school day to take a job.

To make counselors' tracking jobs even harder, they are finding home contacts more difficult to make with more mothers now out to work each day.

Annual Concerns
"It's a complicated issue, and one that's being discussed all over the country," says North High Assistant Principal Florence Miller.

Her counterpart at South, Donald Messing, agrees. "Attendance problems are second only to vandalism in discussions among administrators across the country," he said.

Concerns about The Pointe attendance policy crop up annually among teachers, parents and administrators, according to Director of Secondary Education Robert Welch.

They center around a few basic questions. Is the current system too liberal, or too harsh on the occasional skipper? Are parents adequately informed of unexcused absences? How much of counselors' time should be spent tracking students down and verifying suspicious excuses?

To deal with the problem, the School Board approved a new statement of general philosophy on attendance at its Monday, September 18, meeting, and is in the process of forming a committee to take an in-depth look at procedures.

Trio to Attend KMB Banquet

Woods Councilman E. D. Grady, council representative to the Beautification Commission, and two commission members received the unanimous permission of the council to attend the Keep Michigan Beautiful, Inc. (KMB) Awards Banquet Tuesday, October 24, in Lansing.

This action was taken at the council's regular meeting on Monday, September 18.

The Beautification Commission was recently selected to be placed in the Hall of Fame in the 1978 KMB Awards Program, the group's third such honor.

Elementary Lunch Plan Set to Start October 9

By Susan McDonald
Kitchen crews and workmen in 10 elementary schools are busy making final preparations to serve the hundreds of hungry customers expected next month when the schools' first elementary lunch program is scheduled to begin.

The first meals will be served on Monday, October 9, at a cost of 70 cents each, according to the schools' Director of Support Services Ben Zenn.

Cash purchases will be allowed, but will be discouraged, Mr. Zenn said. Instead, the schools will sell five-meal tickets every Monday, beginning October 2, at \$3.50. The tickets may be used at any time during the school year. Parents will be under

B-E Suspect Arrested In Detroit

Park Officers Believe Man Is Thief But Await Confirmation; Chief Praises Work of Sgt. James LaPratt

A male suspect, believed to be the elusive "cat" burglar who has been operating in The Pointe and surrounding communities for the past several months, was arrested at his Detroit apartment on Thursday, September 21, by Park Det. Sgt. James LaPratt and a team of detectives from Detroit's 15th Precinct, Conner Station, reported Park Police Chief Henry O. Coonce.

The chief said it was solely because of the sharp memory of the sergeant, information received and the many hours that the officer worked on the case, including on his own time, that made it possible to apprehend the suspect.

Chief Coonce said because of many items stolen from homes in The Park that were found among the thousands of dollars in recovered loot from the man's apartment, he believes that the man is the "cat" burglar.

Brings It Together
However, he stressed, he is cautious about positively identifying the suspect as the wanted man until all facts are considered.

The chief said he is withholding the name of the accused man until proof is received from the Warren State Police Post, where physical evidence has been sent for analysis. This should take about two to three weeks, he said.

Following a breaking and entering in The Farms on Wednesday, September 20, which resulted in a high speed chase of the burglar by Farms, Woods and Harper Woods police, Sgt. LaPratt brought together all the facts from the evidence he had gathered, the information he had received and his recollection that he had arrested a burglar in 1973. He then made his move.

With all this data, the sergeant presented the facts (Continued on Page 2)

Police Arrest 2 Car Thieves

Two Detroit boys, one 17 and the other 12-years-old, were arrested by Park police on Saturday evening, September 23, following a high speed chase into Detroit. A third boy, also 17-years-old, the driver of the car, made good his escape after the vehicle rammed into a tree at Piper and Essex.

Police Chief Henry O. Coonce said that the boys were in an auto that had been reported stolen by Warren police.

Officers Andrew Meeker and Richard Warren were on routine patrol when they observed the car with the three boys run through a stop street at Barrington and Korte and gave chase. It was not disclosed how fast the car was speeding, the chief said.

At the Piper-Essex intersection, the driver lost control and hit a tree. The three boys exited and began to run, but the policemen captured two of them before they got very far.

Chief Coonce said the driver took something out of the auto that in the dusk appeared to be a rifle or a shotgun. Officer Warren fired a warning shot into the air but the youth with the rifle still in his hand, escaped.

He was later identified and police went to his home and found that he had changed his clothes. He refused to go with the officers.

Chief Coonce said that the matter is still under investigation by the Youth Service Division.

prepared at North High School and trucked to the other buildings in portable electric warming or cooling

devices, he added. The lunch program was mandated by the Michigan legislature in 1976 and most of the costs incurred by the school system will be reimbursed by the state, according to school officials.

Director of business affairs Larry Rankens estimated the cost of expanding kitchens, building eating areas and buying equipment for the program at about \$225,000.

ARA coordinates the program for all Pointe schools, purchasing the food, distributing the lunches and offering services of dietitians and nutritionists in administering the plan.

The firm receives payment of about 4.2 cents per meal sold, according to Mr. Zenn.

Free or reduced priced lunches will be available to children whose families qualify on an income basis. A family of four with an income of \$8,110 a year or less will qualify for free meals. A family of four with a \$12,660 income will qualify for reduced-priced meals.

Children receiving free or reduced-priced lunches will not be singled out in any way, according to Mr. Zenn.

For more information about the program, call him at 343-2047.

Attendance Problems

(Continued from Page 1)

In the policy the Board recognizes that "the responsibility for supervising students' attendance is a shared responsibility of the home and school" and directs the administration to develop procedures "which take a reasonable position between a laissez-faire honor system and a needlessly rigorous policing function."

Felt Two Liberal
Under current practices, students may miss class one or two days without an excuse before action is taken. After two unexcused absences, counselors and parents are generally alerted to the problem. After five unexcused absences, a student may be permanently excluded from class.

Excused absences are defined as student illness, death or illness in the family, a family emergency, prearranged doctor's appointments, family trips or trips to colleges, according to Mr. Welch.

Many teachers argue that policy is too liberal—in effect there is no provision for disciplinary action until a student has skipped five classes. Parents have expressed concern that they are not notified early enough of students' absences.

Administrators working in the high schools wonder just how much of their time should be spent on attendance problems, especially since most seem to feel that the real problem involves a very small number of students.

"It takes a considerable amount of time and energy to check up on these things; we may call a home for several days before we finally get in touch with a parent," Mrs. Miller explained.

It Takes Time
"We have counselors, assistant principals, secretaries and classroom teachers getting involved, but it's still hard to keep on top of the situation all the time."

Mr. Messing estimates that about 80 percent of the time he spends on student discipline is devoted to attendance problems.

"I'd guess that less than one percent of the kids have real truancy problems, the rest just take an occasional day off," he said.

Mr. Welch said the schools hope to include students, parents, teachers and administrators on the committee to examine procedures.

The group will look for alternate ways to provide education for habitual skippers, it will examine state laws governing school disciplinary actions and will investigate other means, (including data processing techniques), that may help reduce the amount of time spent on attendance.

Safety Plan Goes GP-Wide

(Continued from Page 1)
favorable support for the project on a community-wide basis from department heads.

Each department, with the cooperation of their school safety officers, citizens and other school officials, will then be responsible for setting up a program in their municipality.

In relation to this, the YSD's four detectives will be available as necessary to speak in the schools and to interested clubs and organizations on the program if contacted ahead of time.

Woods Traffic Safety Officer Paul Crook, who also has been responsible for making the program a reality in his city, said 250 pads and pencils will be distributed in his community, (with appropriate numbers for The Shores, which has no schools, being incorporated in the total), 130 to The Farms, 125 to The Park and 25 to The City.

Relay Information
Along with the distribution of the pads and pencils, Officer Crook plans to send out an information sheet to each department concerning

instructions for safety patrol members as a help. These "do's and don'ts" will provide guidelines for the scrutiny of the other departments.

Saying the main responsibility of the youngsters and crossing guards is pedestrian safety, the officer stressed that they shouldn't try to become policemen but obtain, for instance, a good description of a suspect vehicle including a license number if possible.

The key, he noted, is to relay the information to the local police department as quickly as possible.

The program has worked well so far in The Woods, said Officer Crook, with a concern over the possibility of a blitz of reports coming into headquarters once it became effective not materializing.

However, cases which were reported provided good information for follow-up investigative work, with nothing proving to be serious, he added.

WALSH-HEALEY ACT

The first federal legislation setting safety and health standards for workers employed in government contract work exceeding \$10,000 was the Walsh-Healey Act in 1936, according to the U.S. Labor Department booklet, "Labor Firsts in America."

Escape Injury in 3-Car Crash

A three-car collision at Lakeshore and Vernier roads on Wednesday, September 20, resulted in three severely damaged vehicles, but no injuries, according to a Shores Public Safety Department accident report.

Officer Gary Mitchell, while on routine patrol at 3:42 p.m. along Lakeshore, came upon the accident and asked for assistance. PSOs Robert Bensinger and Michael Kortas were dispatched to the scene.

All three drivers, who were alone in their respective vehicles, were requested to walk to the station, a short distance from the intersection, to make an official report to be forwarded to the Secretary of State's Office, Lansing.

Officer Mitchell, in his report, disclosed that after each driver exchanged identification and names of their

insurance companies, they were released. No tickets were issued because the officer did not witness the mishap himself and because no complaints were signed by the parties involved.

According to PSO Mitchell's report, Mrs. Beatrice Irene Teachout of The Park was traveling north on Lakeshore and turned west onto Vernier road in front of moving traffic.

In turning, she struck an auto driven by Thomas Edward Lomasney of Sterling Heights, causing his car to spin around. Its rear bumper landed on the hood of a third car, driven by Michelle Kathleen Doelle of The Park, which was stopped for the red light at the intersection, facing east on Vernier.

All three autos were damaged to the extent that they had to be towed to a service station, police added.

Farms Eyes 'Dog Shuttle' Ordinance

By David Kramer

The Farms Council instructed City Attorney George McKean to draft an ordinance requiring dog owners to clean up after their pets when they defecate on property other than their owner's.

The proposed ordinance would be similar to the measure being considered by the Park Council and would require the dog owner to pick up the droppings immediately after the animal had its "accident" or face a misdemeanor charge.

The council action came after it heard complaints from Allen Phillips, a Vendome court resident, concerning the defecation problem on the Kerby School playground which is to the rear of his home. Mr. Phillips had written a letter to City Manager Andrew Bremer requesting that the matter be placed on the agenda at the Monday, September 18, meeting.

In his letter, Mr. Phillips said dog owners were continually bringing their pets to the field for the purpose of letting them go there. He said his children and others played there, "around or in the dog droppings."

He also complained of dog litter on his property, saying in the letter "there is not one day that goes by where I do not have to clean up dog droppings from my front lawn."

Police Chief Robert Ferber said The Farms has a number of ordinances governing dog litter, but that he would favor a clarified law on the subject.

He said that while a police officer can enforce the law on school property by himself, a complaint must be signed by a resident if the mess occurs on private property and he wishes to prosecute.

Mr. Phillips had, on the

same day as the council meeting was held, made a complaint to police about a particular dog who he observed defecating on the Kerby playground. He told police he wished to prosecute the dog owner, as he had seen the same dog defecating earlier.

Chief Ferber praised the resident for coming forth with his problem.

"Mr. Phillips is to be congratulated. He is a rarity because he's willing to come in and sign a complaint," the chief said.

Councilwoman Nancy Waugaman said she wanted the administration to prepare literature to give to dog owners when they relinquish their pets, stating the laws and citing locations where problems are occurring.

Mayor James Dingeman thought the present limit on the amount of pets each household may have "might be too lenient." Currently the city allows two dogs and two cats in a house.

Chief Ferber, after the meeting, sent a letter to each school in The Farms suggesting actions be taken to alleviate dog litter problems on the schools' grounds.

Other suggestions included erecting "no dogs" sign at all public access points to the property, sending a letter to the police requesting enforcement, notifying police when dogs are caught in the act and notifying the public of the problem through the schools' public information program.

CONFAB OKAYED

The Woods Council unanimously approved a request from City Comptroller-Assessor Frederick G. Hornfisher to attend the annual Municipal Finance Training Institute Conference Monday through Wednesday, October 16 to 18, in Midland, Mich. Anticipated expenses were placed at around \$225. This action was taken by the council at its Monday, September 18, meeting at which time Councilman E. D. Grady suggested a brief description on the conference's worth be submitted to the solons.

Lesser Charge Eyed in Case

A 29-year-old Detroit man, originally charged with obtaining money by false pretenses, is scheduled to plea to the lesser charge of issuing checks without an account, a two-year felony, reported Woods Det. Thomas Podeszwik last week.

This development occurred in the pre-trial hearing of Larry Gardner on Thursday, September 21, who's allegedly involved in purchasing a television set with a \$227.76 check, which proved to be bad.

The suspect was wanted by police on a warrant obtained last March and he was recently apprehended in Chicago, Ill.

Gardner is now awaiting sentencing on the charge, the detective added.

Are you losing money in the numbers game?

Today, there's lots of talk about the "high" and "highest" interest you can earn on your savings account. Don't let the numbers confuse you. The thing to remember is this: First Federal pays the highest rate of interest any bank or savings association can pay on insured savings. From our 5 1/4% regular daily rate. Up to 8% on our Eight-Year Certificate Savings Accounts.

We even have a high-interest Six-Month (26-Week) Investment Certificate Savings Account. Invest \$10,000 or more with us and we'll pay you 1/4 of one percent higher interest than the average discount rate currently being paid on six-month U.S. Treasury Bills.

Type of Account	Minimum Amount	Annual Rate	Effective Annual Rate	How and When Paid
Regular (Daily Interest)	No Minimum	5.25%	5.35%	Paid and compounded quarterly.
One-Year Certificate	\$1,000	6.50%	6.66%	Paid and compounded quarterly.
2 1/2-Year Certificate	\$1,000	6.75%	6.92%	Paid and compounded quarterly.
4-Year Certificate	\$1,000	7.50%	7.71%	Paid and compounded quarterly.
6-Year Certificate	\$1,000	7.75%	7.98%	Paid and compounded quarterly.
8-Year Certificate	\$1,000	8.00%	8.24%	Paid and compounded quarterly.

Federal regulations require a substantial interest penalty for early withdrawal from certificate savings accounts.

Combined with all that is our large number of conveniently located branch offices. And our complete package of free Cash-MasterSM services that can be yours when you maintain a balance of \$300 or more in any one of our Cash-Master Savings Accounts. You get free (no-fee) American Express Travelers Cheques and free (no-fee) First Federal Money Orders. You're also eligible for our free Prestige Card for easy identification and speedy transactions, free out-of-town emergency cash-withdrawal privileges and free use of our 24-hour Night Owl Windows.

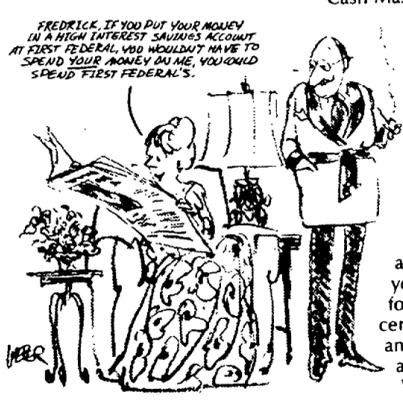

When you can get high interest plus all of these convenient services, there's no need to save your money anyplace else. Now's the time when many financial institutions are paying quarterly interest. So collect your interest, then come in and talk over your savings goals with us at First Federal. We'll unscramble the numbers game and help you decide which of our many savings plans will do the best job for you. And if you do have a savings account or maturing certificate somewhere else, just bring your passbook with you and we'll have your funds transferred to a high interest account at First Federal.

Question of Lakeview Avenue Still Unsettled

(Continued from Page 1)
 police patrols on the street should be stepped up.
 However, Frank Murphy, another Moross resident, who said he wasn't invited to attend the meeting, disagreed with such a solution.
 He said the road is used regularly by a school bus, and making the road a dead-end would cause it to be inaccessible to the bus, since he has observed it attempt to turn around on the road unsuccessfully.

Should Take Look

Mr. Murphy noted that garbage trucks would not be able to get down the street either if it were dead-ended. He said there was no place in front of his home on Moross to put trash, and that if he were to put it there, it would soon be strewn up and down the road.

Mayor James Dingeman and Councilwoman Nancy Waugaman agreed that the city administration should look into the possibility of implementing the residents'

proposal.
 Mr. Dingeman added the feasibility of the dead-end proposal would have to include an opinion from City Attorney George McKean as to whether such a solution would be permitted under the terms of an injunction prohibiting the city from barricading the road.
 The injunction was issued in 1975 by Wayne County Circuit Court after the council tried to close the street. Mr. Murphy took the matter to court at that time. That action by the council marked the last attempt at a solution by the body.

Mr. Murphy suggested the road be smoothed out and gravel applied to the surface.
 Mr. Bremer said putting gravel down would be "a waste of time" since the road surface wouldn't hold it. He said he would recommend that the road either be abandoned or paved, lighted and maintained "as any other city street," adding he has been suggesting this for "four or five years."

He said he could cite minutes of previous meetings where residents stated they did not want the street paved because they thought it would make it a more attractive place to speed.

Answering citizen complaints about why the city hasn't maintained the sides of the road, Mr. Bremer said such maintenance was the responsibility of the abutting property owners.

While some of the owners have maintained their property well, some haven't done anything, Mr. Bremer said.

"Let's put the responsibility where it belongs," he said. "I've been listening to this for 14 years now. The parking and rubbish is not going to go away with police patrol."

Police Chief Robert Ferber recommended the street be closed. "Anything you do short of vacating is going to decrease the effectiveness of the solution," he said, explaining the road would still be a "patrol hazard" if it were paved because of the overgrowth along the sides.

Mr. Dingeman, who has expressed a reluctance to deal with the problem unless all the residents involved can agree upon a solution, answered one citizen's question by saying, "The city's

position is that we become very tired with the subject matter because wherever we turn we find pockets of residents who are abhorrent to a particular solution."

Only Section
 Two council members, Jack Cudlip and W. James Mast, have indicated they would like to see the street paved and lighted. The matter was put off until the council's second October meeting so that Mr. Cudlip could be in attendance when the matter is again considered.

Residents of the area have been complaining for many years about the street, which is the only section of unpaved road remaining in The Farms.

They complain that the street is a nuisance, attracting loiterers, litterers and illegal parkers. They also claim the street is an attractive place for illegal drinking and drug use.

If the street were abandoned by the city, the land would be divided between residents on both sides. However, several Moross residents are opposed to this because it would cut off access to their large rear lots. Paving, on the other hand, would mean a special assessment to all adjacent property owners.

Public Safety Auxiliary Proves Valuable in GPW

The Grosse Pointe Woods Public Safety Auxiliary, which has been in existence since July 1, 1973, is in need of new members who are willing to serve the city and its department on a regular basis.

This group has one main purpose—to assist the regular public safety officers both in routine patrol and in time of a police or fire emergency. All of the members receive training in both police and fire.

The authorized strength of the group is 25 men and presently there are 23.

It meets once a month and attend at least 10 of the 12 meetings per year. They also are expected to ride with a regular public safety officer on patrol from 7 to 11 p.m. at least once a month.

Members attend special training sessions that are set up periodically, an example being the recent Saturday morning, (September 16), fire training at the old farmhouse at Vernier road and Morningside drive.

During the first eight months of this year, the men have donated over 3,000 hours of time to the city.

Three of the auxiliary members also have received Emergency Medical Technician training at Macomb County Community College.

All auxiliary officers are residents of Woods, save one and he is a businessman in the community and plans

on moving into the city soon.

Professions of members are varied and they include bank employes, a printer, a manufacturer's representative, a doctor and a professional photographer.

Prior to the group's formation, the department had a volunteer fire-fighting group and a separate police auxiliary group. The groups were merged to bring their goals and duties more in line with the department.

The city has utilized civilian volunteer groups to assist the regular officers for at least 30 years and the leader of the present Public Safety Auxiliary, James Marl, has been associated with the city as a volunteer for over 20 years.

Those interested in submitting an application to join the auxiliary should contact Lt. Peter Thomas at 888-2700 or visit the station at 20025 Mack avenue and pick up an application.

Some people are real wine snobs. They will tell you that the only really good wines are from France. They will concede that there may be an occasional good wine that comes from California every once in a while, but not very often. New York, they say has very little; Spain may produce some novelty wines; Italian wines are OK for spaghetti; Germany produces some nice whites, but everyone knows red wines are the best. Wines from South America are rarely spoken of. Well, these people have something to learn. Undoubtedly, French wines are very fine, but wines from other places are also often of high quality and delicious.

Whether you prefer accepted famous brand name wines and liquors or merely prefer a drink that is pleasing to your own taste, you will find what you are looking for at PARKIE'S PARTY SHOPPE, 17255 Mack, corner of St. Clair, Detroit. League of Women Voters Plans Election Programs

The League of Women Voters, (LWV), of Grosse Pointe is offering two informative programs to groups within the community, concerning the 11 proposals on the November ballot.

The Pointe LWV is a local chapter of a national non-partisan political organization. The league never endorses or opposes candidates or political parties. It does take action on ballot proposals that fall within positions which the league has reached through study and member consensus.

Two different league programs are being offered. A voter service program will offer explanations on all 11 ballot proposals, basic voting information and the non-partisan Voter's Guide.

GPW Welcomes New Officers

Three new officers have been hired by the Woods Department of Public Safety this month, with all currently in the process of receiving police and/or fire training.

Public Safety Director John Dankel said the trio, who will fill gaps left by recent resignations and retirements, include Kirk Risk, 22, John Ross, 23, and Steven Bachlund, 31.

A former Dearborn Heights firefighter with four years experience, Officer Risk started on Saturday, September 2. He has attended a six-week school for fire and emergency medical technician training and will now attend the police academy at Macomb County Community College beginning Monday, October 16. The director added the officer is one course away from an associate degree in fire protection.

Hired on Monday, September 18, Officer Ross has three years of college at Hillsdale and is 23 hours short of graduating. His major is social psychology. A former employe of the Oakland University Public Safety Department and the Oakland County Security Department, the officer is a graduate of the police academy.

Officer Bachlund has three years of college at the University of Detroit, majoring in accounting. An ex-Marine, he also was employed by the J. L. Hudson Accounting Dept. and was hired by the department on Monday, September 25.

He will now attend the basic firefighting school in Ann Arbor with Officer Ross, and then attend the police academy with Officer Risk.

Woods Studies Two New Laws

Two ordinances, recommended to the Woods Council for adoption by the Planning Commission, were unanimously approved by the solons at their first reading stage.

This action was taken at a recent regular meeting, with both measures, one viewing commercial vehicles and regulating their storage and the other eyeing the outside parking of motor vehicles at gasoline service stations, being considered for possible final adoption on Monday, October 16.

Nazism, Racism Subject of Talk

The Grosse Pointe Inter-Faith Center for Racial Justice will join with several other neighborhood groups to sponsor a community forum about "Nazism, Racism and Detroit's Neighborhoods" on Wednesday, October 4, at 7:30 p.m.

The forum, to be held at Immanuel Lutheran Church, 13031 Chandler Park Drive, is free and open to the public.

The event was organized in response to the recent appearance of hate literature on the east side of Detroit, (including the Seven-Mack Shopping Center), and the opening of a propaganda bookstore on the west side of Detroit, according to Inter-Faith Center director Ed Egnatios.

Stolen Items Sent by Mail

Woods police are in the process of investigating the mailing of a package last week to Hill and Hill Tobacconists, Ltd., 19529 Mack avenue, containing pipes and lighters which were reported stolen from the business earlier this month.

Det. Charles Philip Hamel indicated around 10 of the 71 pipes originally reported missing and around 10 lighters were included in the package. He theorizes that

whoever sent the package may have had a guilty conscience because of possible involvement in the crime. The combined value of missing pipes and a display case full of cigaret lighters was placed at \$6,046.91.

Lengthen the life of your **CARPETS and UPHOLSTERED FURNITURE** while reducing upkeep costs

HOW? here are the facts:

Scrubbing, so called steam processes, and do it yourself methods drive all or much of the surface soil deeper into the pile or fabric... temporarily out of sight till it immediately starts to seep back to the surface of the fibers.

Modern Duraclean® solves these problems

When a Duraclean craftsman cleans your carpets or upholstery, he removes the soil... takes it OUT. The pile or fabric stays clean... much longer. There is no scrubbing... no damage to the pile or fibers. No soaking... no shrinkage or damage to the base. The Duraclean ABSORPTION process is SAFE TO THE MOST DELICATE FABRICS. Furnishings dry quickly - ready for use in a few hours.

You Reduce Costs Two Ways

First and most important, the PROLONGED LIFE of the carpet and upholstered fabric brings substantial savings in replacement costs. THIS SAVING FOR EACH YEAR OF LONGER WEAR IS A MAJOR ECONOMY. The longer periods between cleanings by this safer, "soil-OUT" process often results in lower overall upkeep costs. With Duraclean, there is absolutely no resoling from previously buried soil. And Duraclean actually cleans... leaves fabrics and carpets more SATISFIED with their original beauty.

Abduction Case Viewed by YSD

An attempted abduction incident, which is currently under investigation by the Youth Service Division, (YSD), was reported to Woods police on Thursday, September 21.

The case, involving two 12-year-old Woods girls, occurred as they were walking to Parcels School, 20600 Mack avenue. They said as they approached Aline drive and Goethe avenue, a white male in his early 20's, driving a brown and silver older model auto, stopped at the curb next to them.

He asked if they attend Parcels and when they replied they did, he asked if he could give them a ride to Vernier, and the girls refused. Police were informed that the man opened the passenger-side door while making the second statement. He then left the area.

A license number was obtained and YSD Det. James Fowler is now exploring this avenue.

(Continued from Page 1) geant was an asset to the program.

While still a patrolman, and because of his deep interest in children and their welfare, he was appointed school safety officer for The Park, concentrating his efforts in teaching traffic safety to children in all Park schools.

He gave periodic lectures to students at Defer, Pierce, Trombly, Christian Day, Saint Clare de Montefalco and Saint Ambrose, and to public and private groups interested in traffic safety. Sgt. Blair was the direct aide to the chief of police and was responsible for preparing statistics to be submitted to State Police, Federal Bureau of Investigation and the Park Council, and preparing accident and safety reports sent to the National Safety Council and for the perusal of the city council.

He also was the department's traffic engineer, public relations officer and conductor and tour guide of the station. Because of his love for children, he was very active in the Boy Scout program.

Chief Coonce said that since Sgt. Blair's death last

year, no one has been chosen to replace him, but an officer will be appointed soon.

"Sgt. Blair was an extremely dedicated officer," the chief said. "Even after all this time, we still miss him and talk about him quite a lot in the department."

"He is the kind of person who is hard to forget. He left an indelible mark among us."

Nester Award Auditions Set

Auditions for the Thomas Nester Memorial Scholarship of the Grosse Pointe Symphony Society will be held on Monday, October 16, at North High School, 707 Vernier road, beginning at 4 p.m., with members of the Detroit Symphony Orchestra as judges.

This year, two scholarships of \$200 each are being offered, plus an opportunity for each winner to perform a solo during a Grosse Pointe Symphony concert.

Students through grade 12, who are skilled at an orchestral instrument, exclusive of piano, are eligible to compete. Grosse Pointe residency and attendance at a Pointe school are not required.

The deadline for entries is Saturday, October 7. Entry blanks and further information may be obtained by calling Mrs. Winfield S. Jewell Jr., chairman of the activity, at 331-0951.

The purpose of the Thomas Nester Memorial Scholarship, which honors the founder of the Grosse Pointe Symphony, is to reward talented young

people, providing them with an opportunity to play in a symphony orchestra and to perform as a soloist with orchestra accompaniment.

Competitors are expected to conform to the following conditions: each student is to bring his or her own accompanist to the audition, to perform works that show a variety of musical periods and styles, to provide the judges with copies of compositions to be played and to present at least one selection which has a published orchestral accompaniment.

If judges decide no candidate qualifies, no awards will be given this year.

Winners will be expected to play at all rehearsals and concerts of the Grosse Pointe Symphony during the season in which he or she performs as a soloist with the orchestra.

In addition to Mrs. Jewell, the Thomas Nester Memorial Scholarship committee includes Mrs. Sterling S. Sanford, Richard Kay, Mrs. Bogdan Baynet, Nate Judson, Dan Evola and Mrs. Arnold W. Lungershausen.

Activities Set by Youth Group

The Young Adults fellowship group of the Grosse Pointe Woods Presbyterian Church, 19950 Mack avenue, invites discriminating pizza gourmets to be judges Sunday, October 1, at a pizza bake-off in the church kitchen at 7 p.m.

This event begins the group's fall calendar and allows prospective members to find out more about upcoming activities.

The group also invites anyone 18 or over to enjoy an evening of food, fun and fellowship at a hayride, set for Sunday, October 15, at 4:30 p.m.

Further information about the hayride may be obtained by contacting Gale Thomas at 824-5364. Advance notice is required for this event, as a limited number of openings are available.

Case in Woods Nears Climax

One Indianapolis, Ind., man, originally charged with possession of a pistol in a motor vehicle, is scheduled to plea to a lesser charge of attempted carrying a concealed weapon, (CCW), a two and a half year felony, while a pistol possession in a car charge against another Indianapolis man has been dropped because of more severe charges in the Indiana city, said Woods Det. Thomas Podaszewik.

These developments occurred at the Thursday, September 21, pre-trial hearing of James Bailey, 29, who is awaiting sentencing on the attempted CCW charge, and Jeffrey Robertson, 23, who's facing one of criminal confinement and two counts of armed robbery in Indianapolis.

The pair were recently stopped by Woods police for a traffic violation, with ensuing information revealing the suspects were wanted for investigation by Indianapolis authorities for their alleged participation in an armed robbery and auto theft.

Through subsequent investigation, Indianapolis police eyed only Robertson, Det. Podaszewik said, in the incident where an Indianapolis man was held up as he left a sports arena, was taken to his home where his aunt was robbed and then left, with his aunt, bound.

When they were stopped by Officers Michael VanDeGinste and Robert Kwiatkowski, a blue steel revolver was discovered on the floor of the vehicle near the passenger's seat.

Immediate past-president, Mrs. George King, will serve a one-year term in an ex-officio capacity.

The Barnes PTO kicked off its activities for the school year last week with a well-attended open house for parents, teachers and students.

The school's PTO has scheduled general meetings with formal programs, activities or featured guest speakers for Monday, October 23, January 16, February 19 and March 16.

Barnes' Old Fashioned Ice Cream Social will be held next spring.

Seniors Learn Self-Defense

Wayne County Community College is offering a seven-week class called "Self-Defense for Older Americans" to help seniors protect themselves from an attack.

Any county resident 60-years-old or older can enroll free of charge on Thursday, October 12, at the Grosse Pointe Woods Presbyterian Church, 19950 Mack avenue, at 10 a.m. The classes will be held on Thursdays from 10 a.m. to 12 noon with lunch following.

Each class consists of physical instruction, plus a "do's and don'ts" discussion, viewing simple hints about where not to sit on a bus, or how to shout for help.

This is a return engagement for black-belt Karate expert Joanne Spiro, who taught the popular course last winter.

The course is part of the OWLS' (Older, Wiser, Lovelier, Sane), active daily calendar of events for seniors.

In addition to the self-defense course seven other classes are currently being offered at the Out-Wayne County Nutrition Site housed in the church.

On Mondays, an exercise and nutrition class is followed by disco dancing instruction. On Tuesdays, the morning sewing class is usually followed after lunch by a speaker or film.

Meanwhile, Wednesday is knitting, crocheting and handwork day, while on Thursdays, in addition to the morning self-defense course, Wayne County Health Nurse Ensi Shore teaches, "What You Always Wanted to Know About Diabetes."

On the first and third Thursdays, square dancing is popular, while a ceramics class meets on Thursdays mornings.

On Fridays, the exercise and nutrition class, taught by Paul Housie, continues, followed by Greek and ballroom dancing.

For further information about classes, activities or the noon lunch program, call 886-4532.

Concerns Aired in Woods Over Flared Driveways

By Roger A. Waha
A request for a variance to construct a circular drive at 575 Canterbury road from Shorewood E. R. Brown Builders, Inc., 20431 Mack avenue, didn't turn out to be the main subject of discussion at the Woods Council's regular meeting Monday, September 18.

Rather, because of the concern of Dr. Jwong Ling of 559 Canterbury, an apparent long-standing city policy regarding the flaring of driveways on so-called city property, (i.e., between the sidewalk and the curb), about one foot into the lot line of an adjoining property owner will come to an end.

Now, this policy, which has been in existence for some 30 to 35 years, will cease as City Attorney George Catlin is scheduled to prepare guidelines governing this area in ordinance form.

The particular request from Shorewood, appealing the denial of a building permit as a local ordinance prohibits a paved parking area which exceeds 30 percent in coverage of the required front yard area for a residential lot in an R-1 zoned district, incorporated this flare technique.

Dr. Ling, who said he was against this one-foot "encroachment" on his lot, brought a picture of the construction site to reinforce his concern.

At the same time, he read the names of other property owners who were in opposition to this policy and felt, if this was permitted in certain cases, he, too, would have the same right of "encroachment" if he built a circular drive.

But more than this, Dr. Ling felt the entire policy was wrong.

Mayor Benjamin W. Pinkos, who said he was unaware that such a policy had been followed in the past, stated

there should be no such incursions into the property of another citizen, in relation to such driveway flares without the resident's permission.

Displeased over the entire situation, the mayor added the city should have an ordinance governing such flares, not a policy.

"I felt strongly about it," Mr. Pinkos told the NEWS. "I don't think it's up to the DPW, (as indicated at the meeting, by officials regarding this policy), to determine for the property owner the flare of the driveway."

Such input should come, he felt, from adjacent property owners and if in any given case there was a hardship, proper legislation governing such a situation should be enacted.

While feeling such a driveway flare may be a good thing, Mr. Pinkos said the system used governing this matter wasn't right. Apparently many years ago certain conditions played a role in such a policy but such conditions change, he noted.

City Administrator Chester E. Petersen said this has been a policy of the municipality for at least 35 years and Dr. Ling's objection was the first one he can recall.

(Building Inspector Earl Wakely also stated this was the first time this subject has come up in his 28 years with the municipality.)

Mr. Petersen stated this has been a generally accepted policy especially in relation to smaller lots, (e.g., 40 feet), where such a system is more applicable.

He added that "a considerable number of homes" in the older sections of the city have been constructed in this manner with the ordinance governing the Shorewood request approved last year, thus not affecting some of the newer homes.

As it turned out, the council unanimously denied the request of Shorewood despite a statement from a representative that the business would attempt to move the driveway one-inch in.

Mr. Catlin said last week he's preparing an ordinance covering this situation, focusing upon the need of a citizen to obtain written permission of adjacent property owners for such a flared driveway which "encroaches" onto his neighbors' property.

Another possible section of the proposed measure would contain an appeal provision.

Calvary Center Dedication Set

Two Pointe pastors will conduct the service of dedication of Calvary Senior Center in Northeast Detroit on Saturday, September 30, at 3:30 p.m.

Calvary also will be the site that day of the observance of Senior Citizens Day as part of the week-long annual fall festival of the East Warren Businessmen's Ass'n.

The day's theme will be "A Touch of Love."

The Reverend Kenneth Lentz, pastor of Saint Paul's Lutheran Church in the Farms, and the Reverend Paul Keppeler, pastor of First English Church in The Woods, will be part of the dedication of the facility at 4950 Gateshead near Mack.

Conducting the service will be the Reverend Reginald Holle, newly-elected bishop of the Michigan District of the American Lutheran Church and Dr. Howard Christensen, president, Michigan Synod, Lutheran Church in America.

During the day-long observance of Senior Citizens Day, visitors will be able to see displays of the various support groups and agencies involved with Calvary.

Teams from Kingswood School, Bloomfield Hills Laker, Ann Arbor Pioneer and East Grand Rapids will travel to The Pointe for the tournament. Each of the schools will send four singles and four doubles.

Many ranked players will be among the participants, including nationally ranked Susan Mascarin. She is a ninth grader at University Liggett School.

Let's Talk Real Estate
by John E. Brink

Just read U.S. News latest edition on inflation. They "predict" that a \$61,500 home will be \$107,750 by 1983! This sounds conservative to me. An \$85,000 home today will sell for \$148,922. A \$100,000 home today should go for \$175,203. Now if this sounds like fantasy look at some figures with the benefit of hindsight. Two years ago homes were selling for \$41,500 and today they are going for \$75,000! By U.S. News same rule this same home will sell for \$131,400!

There were similar comparisons on food, shoes, cars, etc. It would seem to me that new techniques in manufacturing could help curb some of this inflation. But, in areas like metropolitan Detroit and its suburbs there is relatively little room for new building methods so we are to cope with inflation dramatically. If we intend to live "here" we'll pay the price—eventually! So this seems to indicate that our best investment hedge against inflation is still our residential property. In fact it might be that you will be selling high when you retire and buying low because you'll be moving "out". This was somewhat the principal of Sun City's success!

There are some fantastic bargains available in the Pointe compared to the world values. Call our staff. They are trained, sharp and considerate with your time. It's a pleasure to work with Grosse Pointe Real Estate Co. 882-0087 because they have such a good group of associates with which to work!

City Charter Provisions Eyed

A letter viewing an expression of interest on the part of the Woods Lions Club in acquiring the city's 1949 pumper fire engine upon its retirement was unanimously received and placed on file by the council at its regular meeting Monday, September 18.

Several months ago, the club expressed an interest in the old pumper inasmuch as the city is awaiting delivery on a new fire apparatus. The council sought some input on this question and City Attorney George Catlin submitted a letter exploring charter provisions.

He said the Michigan Supreme Court decided that a municipality has no power in any manner to dispose of property of the city without consideration, regardless of the disposition's purpose.

Substantial compliance with charter requirements for the sale of municipal property is required," he noted.

The Woods' charter indicates that the city administrator is responsible for the purchase and sale of all city personal property.

Except when no advantage to the city would result, competitive prices shall be obtained for all purchases of personal property and public improvement contracts, and the purchase made from or

contract awarded to the lowest competitive bidder.

The charter notes that all purchases and sales of personal property and all public improvement contracts shall be evidenced by written contract or purchase order.

In such sales or purchase or contracts, in excess of \$1,000, the sale or purchase shall be approved by the council, formal sealed bids shall be obtained unless the council by formal unanimous resolution of those present at the meeting, based upon the written recommendation of the city administrator, determines that no advantage to the city would result from competitive bidding, and that the requirements of section viewing contracts shall be complied with.

The council may authorize the making of public improvements or the performance of any other city work by any city agency without competitive bidding.

Mr. Catlin also notes the charter says that the purchase or sale of real property by the city shall be authorized by appropriate action of the council, provided that the city may not sell any park, except where such park is not required under an official master plan of the city, cemetery or any part thereof, unless approved by three-fifths of the voters.

Letters to The Editor

To the Editor:
Dogs should not be allowed to roam freely anywhere and dogs on leashes should not be allowed to leave droppings on neighbors' lawns.

When I walked my dog, I carried my fireplace shovel with me. It was easy to slip it under my pet at the proper

moment. He became so accustomed to it, as a matter of fact, that he was quite unable to perform the deed without the assistance, (stimulus, if you please), of the helpful, (threatening), appliance properly placed.

Of course, there was the problem of what to do with the offensive material once I had collected it.

In the absence of any strictures from officialdom it became my practice to place it in the street, at the curb. I realized some fellow parking his car there might run over it causing a subsequent tire imbalance.

But the extra mileage from the extra deposit on the tire might be fair compensation. It was better than leaving it on the lawn where:

It would spoil the grass.
Be sprayed all over someone by the lawnmower.
Be stepped on and carried into the house or car.
I'm sorry it didn't occur to me to take a bag with me and dispose of it at home.

It's too bad we have to pass an ordinance to make people show simple consideration for others. It seems we must and I hope all the Pointes do.

In the meantime, those who walk their dogs should know we are all watching them

and we don't approve.
Sincerely,
Charles G. Fossati,
Of Lakecrest lane,

To the Editor:
To the residents of Grosse Pointe. On behalf of the Grosse Pointe Kiwanis Club, we would like to thank all of the community for its generosity during the recent National Kids Day peanut sale.

This year's contributions exceeded all expectations. We particularly wish to thank all residents for their understanding during the brief delays occasioned to motorists during the peanut sale.

We hope that this minor inconvenience will be offset by the knowledge that all monies collected will be solely disbursed for community projects. There are no administrative expenses involved, as all services are voluntary.

Thanks again for your generosity. It is heartening to see such active support for the Grosse Pointe Kiwanis.

Very Truly Yours,
Robert B. Frederick,
Fund Raising Chairman
(Editor's Note: Contributions received as part of the sale totalled over \$5,000. Last year the sale netted around \$3,500.)

ure to the physical violence allegedly demanded by Karam.

According to Det. Van Tiem, Prebee and Richard entered The Farms man's home at gunpoint in April in an apparent holdup attempt. The pair were jumpy, however, and left the home without taking anything, he said.

Police charge that Karam solicited the pair to break the kneecaps of the resident, but they decline to reveal why, saying the reason is personal.

On May 18, Prebee and Richard attempted to extort the \$5,000 from the man. With the aid of State Police surveillance units, the pair were arrested a short distance away from a drop site in St. Clair Shores.

Prebee and Richard later pled guilty to the extortion charge. Their sentencing, originally scheduled to take place on August 21, is still pending, according to Det. Van Tiem.

Karam also has two felony warrants for his arrest from the Roseville police, police said.

THE CITY OF GROSSE POINTE WOODS ORDAINS:
SECTION 1. That Title IV of the City Code of the City of Grosse Pointe Woods of 1975 shall be amended by adding thereto the following Chapter 16 entitled Solicitations:

- 4-16-1 DEFINITIONS: Whenever used in this Chapter, the following terms shall mean and include:
- SOLICIT or SOLICITATION shall mean the act of any person in going house to house or business establishment to business establishment requesting money, credit, property, financial assistance or other thing of value, or, while so doing, offering to sell any article, tag, ticket, emblem, publication, advertisement, subscription or other thing, whether of value or not, on a plea or representation that such money, credit, property, financial assistance or other thing of value or any part thereof will be used for a charitable, religious, patriotic, civic, educational or philanthropic purpose. This definition does not include the door to door distribution of any paper, letter, handbill or other literature provided, however, that such person making such distribution shall not attempt to engage the residents of any house or the proprietor, customers or tenants of any business establishment in any conversation relating to such request contained in such paper, letter, handbill or other literature.
- 4-16-2 PERMIT REQUIRED: No person shall solicit for any cause, except as herein provided, unless such person or the charitable, religious, patriotic, civic, educational or philanthropic organization for whose benefit such solicitation is made, shall have first obtained a permit to solicit as required in this Chapter. The provisions of this Chapter shall not apply to solicitations conducted exclusively within the membership of an organization by its officers and members. No solicitations shall be conducted on dates or at times not authorized by such permit.
- 4-16-3 APPLICATION FOR PERMIT: Applications for a permit to solicit shall be filed with the City Administrator on forms furnished for such purpose. Such permits as are issued shall restrict the hours of solicitation to daylight only and shall not exceed ninety (90) days duration.
- The application for a permit shall contain the following information or a statement by the applicant as to why such information cannot be furnished:
- Name, address, telephone number and principal office location of the person applying for the permit;
 - The purpose for which such solicitation is to be made and the use or disposition to be made of any receipts therefrom;
 - The name of the person by whom the receipts of such solicitation shall be disbursed and the name and location of the custodian of such funds prior to the disbursement;
- The name, address and telephone number of the person or persons who will be in charge of conducting the solicitation and the names, addresses and telephone numbers of all the solicitors;
 - A description of the method or methods to be employed in conducting the solicitation;
 - The dates and proposed time when such solicitation is to be made;
 - A full descriptive statement of the character and extent of the charitable, religious, patriotic, civic, educational or philanthropic work being done by the applicant within the City of Grosse Pointe Woods.
- 4-16-4 QUALIFICATION FOR PERMIT: The City Administrator shall review each application for a permit, and shall determine:
- That the applicant is a person or organization which is, in fact, engaged in charitable, religious, patriotic, civic, educational or philanthropic work or engaged in raising funds for distribution to such persons or organizations;
 - That the net proceeds derived from the solicitations authorized under the permit shall be used exclusively for charitable, religious, patriotic, civic, educational, or philanthropic purposes.
- Upon a finding that the qualifications for a permit have been met, the City Administrator shall issue a Solicitation Permit to the applicant.
- 4-16-5 PERMIT NON-TRANSFERABLE: Any permit issued under the provisions of this Chapter shall not be transferable to any person.
- 4-16-6 PERMIT NOT AN ENDORSEMENT: No person shall represent that the granting of a permit authorizing a solicitation, under the provisions of this Chapter, is an endorsement by the City of Grosse Pointe Woods of the particular organization involved or its goals or aims.
- 4-16-7 FILING-FALSE STATEMENTS: It shall be a violation of the City Code of the City of Grosse Pointe Woods for any person to knowingly file or furnish false information or statements to the City Administrator for the purpose of attempting to or actually securing a permit under the provisions of this Chapter.
- 4-16-8 SOLICITATIONS NOT PERMITTED: No person shall conduct a solicitation at a residence or other building within the City of Grosse Pointe Woods on which there is displayed a sign in plain view reading "(No Solicitors)", which sign shall not exceed three (3) inches by twelve (12) inches in size.
- 4-16-9 PENALTY: Any person who violates any of the provisions of this Chapter, upon conviction thereof, may be subject to a fine not to exceed one hundred dollars (\$100.00).
- SECTION 2. EFFECTIVE DATE: This Ordinance shall become effective January 1, 1979.

Know Your Schools

By Dr. William Coats,
Superintendent of Schools

Since this is the first month of the new school year, it is appropriate to take this opportunity to comment on the development of the Board of Education goals for 1978-1979, and I plan to devote several other columns over the next few weeks to examining the goals and plans for their implementation.

During the summer, recommendations and suggestions from students, parents, teachers, administrators and other staff members and Board trustees were reviewed, evaluated and put into draft form.

The Board of Education received the draft at its August conference meeting, and used that opportunity to modify the suggested goal statements in preparation for adoption at the Board meeting on August 14.

The approved set of goals which were listed in an earlier column reflects a close relationship to the achievements and activities of the past year and the following philosophy statement adopted by the Board of Education in fall 1976:

"We, in the Grosse Pointe Public School System, are committed to promoting and fostering the education of our constituent citizens with particular emphasis on youth in K-12 programs.

"Our primary purpose is to provide educational programs in which students acquire the basic skills, (1), and self-discipline, (2), necessary for intelligent citizenship, (3), in our society. Furthermore, we are dedicated to the importance of academic excellence, (4), and career preparation, (5), as

essential goals if students are to realize full and free participation in our school system and in the broader society to the limits of their potential.

"We believe that the Democratic ideals emphasized in the Constitution of the United States of America and in western civilization should be transmitted as a part of our overall commitment to the importance of cultural development, (6), as a self-renewing process in a society which plans for its future as it reverts its traditions.

"In the belief that the implementation of this philosophy is the real measure of our service to the community, we believe that the school system should organize itself into an effective, responsible management system, (7), so that our goals become realities and our intentions become actual practices."

Following the adoption of the 1978-1979 Board goals, they were presented to the school system's administrators at a workshop conducted during the third week of August. That presentation was the first step in having staff members develop specific objectives to implement the general goals.

Throughout this school year, the trustees, staff, students and other citizens of the community will all be involved in efforts to achieve the goals through programs, projects and activities appropriate to their various roles and responsibilities.

As progress toward achieving the goals is made, our students will be the direct beneficiaries.

Blue Devils Take Two Wins

By Bill Bradford

The South High School Blue Devils crept a little closer to an Eastern Michigan League, (EML), championship when they beat league competitors Port Huron and East Detroit in recent action.

With these first two EML wins, the Devils currently stand at a perfect 3-0 for the season.

After three games, aggressive defense appears to be the backbone of the team. The Devils have only allowed six points to be scored against them in their first games and the defense has scored or set up a couple of key touchdowns.

Against Port Huron on Friday, September 15, the Devils came out handily on top, 21-0. Quarterback Bob Baker was brilliant as he threw a 48-yard touchdown pass to end Kevin Rinke, and ran two yards for another TD to pace South. Senior Dave Boll added the third score on a one-yard run.

Having not given up a point in two games, the tough Devil defense arrived at East Detroit on Friday, September 22, hungry for Shamrocks. On East Detroit's opening drive, linebacker Mike Bevier picked up a fumble coming on a hard stick by lineman Steve Brandt and ran 80 yards for a momentum building touchdown and a 6-0 South lead.

Sophomore Ted Formanczyk added another score on an eight-yard scamper around end, giving the Devils a 12-0 advantage. The Shamrocks managed to get a touchdown but South scored a safety to wrap up a very important 14-6 win.

A big test for the Devils comes tomorrow, September 29, when they host Sterling Heights Stevenson at 4 p.m. Stevenson looks to be one of the tougher EML teams facing South this year.

South won its season opener against Notre Dame, 6-0, in a non-league game held Saturday, September 9.

The Changing Times

A reflection of the changing times, when one many years ago could leave a bicycle lying on a front lawn for hours on end without having it stolen, has recently hit closer to home—Woods Public Safety Department headquarters.

Several incidents over the past two months have forced a tightening of security at departmental headquarters, much to the concern of officials, mainly because of a loss of openness, of interaction with members of the community.

The problems have basically occurred in the rear of the building in the large apparatus room containing fire equipment, the ambulance and two storage rooms. While in past years, there was a sprinkling of missing boots, coats and fire helmets from the apparatus room and scout car garage, the situation has steadily grown worse.

In late August, for instance, scout car roof rack lights and a siren/PA speaker were removed from a corner of the apparatus room. This trend was then climaxed with the removal of a sub-machine gun, reportedly valued at around \$5,000 in the collective market, and several clips of ammunition from a squad room cabinet which was unlocked. An intensive investigation is continuing to discover what happened to the decidedly outmoded weapon from the 1930's.

The end result of all this was the installation of a new push button combination lock which has been installed on the apparatus room's pedestrian door, ensuring that the door will remain closed and locked at all times. The overhead doors also will be kept closed unless personnel are working in the immediate area.

Public safety officials are now considering the possibility of security measures "up front" such as the installation of a plastic shield in the front desk area.

All this is a painful, but apparently necessary exercise, for several reasons. It unfortunately reflects the sign of the times right "on location," i.e., at police headquarters. It's also embarrassing to have such incidents occur anywhere but particularly at a police department.

But more than all this, in the eyes of the NEWS, is the loss of the unblemished feeling of rapport that is symbolized in the free and fluid exchanges of citizens of all ages with their local law enforcement officials—the unplanned visits of residents to converse with their police officers at any time, the opportunity for an uninhibited six-year-old to ring the bells of the fire engine under the smiling eyes of his parents and police officers alike, the overall unrestricted mobility... which is now coming to an end.

Groups can still visit public safety headquarters to be sure and citizens can always drop by for a chat—but something has been lost and the sad and scary point is that it may never be completely regained. R.A.W.

Bigger... And Harder

Who was it who said, "The bigger they are, the harder they fall"? The NEWS would like to know because in the case of last week's banner headline, that individual was absolutely correct.

In big 98 point type, the headline read, "CITY TO VOTE ON MONDAY." That's clear enough, perhaps too clear when our citizens read in the body of the story, and in the accompanying editorial on Page 16, that the election was actually on Tuesday, September 26, the correct day.

Some Grosse Pointe City officials were upset, (and rightfully so), and perhaps many residents were just plain confused, (and rightfully so).

And, lastly, the NEWS was decidedly concerned, (and rightfully so), and embarrassed, (and rightfully so). R.A.W.

Evergreen Withstands Problems to Take Cup

By David Kramer

Despite a dismaying and a grounding which cost the Canadians two races, Bayview Yacht Club's Canada's Cup defender Agape was unable to keep the trophy, as Evergreen of the Royal Hamilton Yacht Club held on to win the series, 4-3.

Although the point standings indicate a close match, Agape never was able to win a race except due to the mishaps which befell Evergreen.

The first two races on the standard 17.5 mile Olympic type course were held on Monday and Tuesday, September 11 and 12. Evergreen took both by fairly large margins.

Heavy airs prevailed in the medium distance race held on Lake St. Clair on Wednesday, September 13, and the Canadian challenger ran aground, losing parts of its rudder and centerboard. When they dropped out of the race, Agape had but to finish the course to claim a victory and gain a point.

With the point standings at 2-1, and Evergreen needing time to make repairs, the boats travelled to Lake Huron for the long distance race of 250 miles which began on Sunday, September 17. Evergreen led by over four minutes when it lost its mast in about 15 mph winds.

As before, Agape had only to finish the course to pick up two points and go ahead in the standings, 3-2.

As the winner needed four points to win, Agape needed only one more, but Evergreen proved too tough back on Lake St. Clair on the standard course.

A total of five protests were filed during Friday's

race, (September 22), with Agape claiming Evergreen had violated yachting rules and Evergreen protesting Agape's protests. In the end, all the protests were disallowed and Evergreen was declared the winner.

Finally, on Saturday, September 23, the Canadian boat wrapped it up with another victory, coming in ahead of the Americans by over four minutes.

The cup will now become the property of the Royal Hamilton Yacht Club, the first time it will rest on Canadian soil since 1972, when it was taken away by Bayview.

Three Pointers, Peter Shumaker, John Weiksnar and Paul Fuchs, crewed on the American boat owned and skippered by Terry Kohler of Sheboygan, Wis.

Alert Officers Nab Suspect

Two alert Park police officers, observing the suspicious activities of three males in front of the White Tower, 15009 East Jefferson avenue, on Wednesday, September 20, turned off the lights of their scout car and parked out of sight to keep a surveillance on the trio.

The end result was that the suspects were arrested and charged with robbery, unarmed.

Chief Henry O. Coonce, who released the information, said that the two officers who made the arrests were Patrolmen David Hiller and James Smith. The policemen were approaching the eatery at about 2:30 a.m., when they observed the trio and decided to keep an eye on them.

When the suspects went into the restaurant, the officers drove closer and, while looking inside, observed one man leap over the counter, grab the money tip jar and then attempt to open the cash register, while a woman employe stood in shocked surprise.

Officers Hiller and Smith, service revolvers in hand, entered the restaurant, ordered the trio not to make a move and placed them under arrest.

Chief Coonce said a warrant was obtained charging Frank Holt Jr., of Seward street, Detroit, with unarmed robbery. Warrants against Holt's companions, charging them with the same offense, were denied by the Wayne County Prosecutor's Office because Holt was the only person actually seen leaping over the counter, allegedly taking the money. The pair with Holt were released.

Later in the day, Holt was arraigned for a preliminary hearing before Park Municipal Judge Beverly Grobbel. The accused man entered a plea of not guilty and requested a court appointed attorney, and an attorney was appointed by the judge.

Judge Grobbel set examination for yesterday, September 27, and released Holt on \$1,000 bond.

North Takes Third Straight

By Tim Messing

North High School's varsity football team made it three straight as they destroyed Bramble, 16-0, on Saturday, September 23.

The Norsemen's first touchdown came on a pass from Bob Brown to Jim Klozik, who scampered 38 yards for the first six points. Craig Jumisco booted the extra point.

Gary Ludwiczak scored the next touchdown on a 10-yard run and the Norsemen led, 13-0, as the extra point failed. The final score came on a 30-yard field goal by Jumisco.

Offensively, the Norsemen did their best all year, as the entire line blocked strongly for the backs and shut down the pass rush. Ludwiczak carried 13 times for 87 yards, while Mike Lesha carried the ball 13 times for 76 yards. The entire backfield rushed for 199 yards.

The defense was sparked by Tony Ferlito, who stood out with many fine plays. Coach Jim Krucki said it was a team effort and the whole defense deserved credit. The goal defensively is to hold the opponent under 100 yards rushing, which North managed for the third consecutive week.

Coach Krucki added, "We're very happy. The defense played well and the offense probably played the best all year."

Honorary chairman Dr. Joseph Arends, contacting local celebrities to participate in the mile run, promises some interesting surprises in the field of runners.

A special guest at the kickoff party will be Richard Hayman, DSO Principal pops conductor.

The broadcast over WJR Radio, (760 AM), begins after the Michigan football game on Saturday, October 14, continuing until 11 Sunday night, with time out only for the Lions game on Sunday.

Approximately 26 hours of air time are contributed by the radio station.

WJR personalities including Marc Avery, Gene Elzy, Oscar Frenette, Karl Haas, Rod Hansen, Ed Head, Gene Healy, Jack Hood, Hal Youngblood, Burke Hully, Bob Hynes, Jimmy Lounce, Warren Pierce, Dave White, Mike Whorf, Ted Strasser and J. P. McCarthy will be asking individuals to call in their pledges and in return receive a premium or gift.

A complete list of the premiums to be offered this year will be included in a special Marathon Flyer in the Detroit Free Press Sunday supplement October 8, or can be picked up at Ford Auditorium.

In addition there will be a number of interesting and valuable special premiums to pledge for on the air. Last year's specials included a ride in a hot air balloon, dinners at top Detroit restaurants, lunch with local personalities and an evening with DSO musicians.

Celebrities have donated unique items to be bid upon in a sealed bid auction. Among them are an autographed umbrella by Sonny Eliot — and Vic Caputo's first piece of needlepoint! The winning bids will be announced at the kickoff party.

This year, in addition to pledges, individuals and organizations will have an opportunity to purchase 10-second announcements to be programmed throughout the 26-hour broadcast.

The Neil Blondells

JANE KATHLEEN WALLER, daughter of George Waller, of Wayburn road, and the late Charlotte Waller, was married Saturday, May 20, at a mid-afternoon ceremony in Saint Paul's-on-the-Lakeshore to Mr. Blondell, son of the Richard Blondells, of Loraine road.

Spring Ceremony for Jane Waller

She Speaks Vows to Neil Gerard Blondell in Mid-May; Chantilly Lace Accents White Chiffon Bridal Gown

Father Robert Blondell, uncle of the bridegroom, presided as Jane Kathleen Waller and Neil Gerard Blondell exchanged marriage vows Saturday, May 20, in Saint Paul's-on-the-Lakeshore.

Father Michael Donovan celebrated the nuptial mass, which was followed by a reception at Thomas Manor.

Special music before and during the 2 o'clock, double ring ceremony was sung by Rico La Reco.

The bride, daughter of George Waller, of Wayburn road, and the late Charlotte Waller, chose a long-sleeved gown of white chiffon, Empire-waisted and accented with Chantilly lace

and accordion pleats. Matching lace edged her fingertip veil, and she carried an arrangement of white roses, baby's-breath and greens.

She was attended by a cousin, Mary Ann Waller, of Columbia, S.C., as maid of honor. Bridesmaids were Sue Waller, of Medira, O., another cousin, Sharon Blondell, the bridegroom's sister, and Lynn Heberly, Junior bridesmaid was Cheryl Reason, the bridegroom's cousin.

Their Empire-waisted, accordion-dressed, floor-length, fashioned of baby blue Qiana knit. They wore baby's-breath in their hair and carried white roses, baby's-breath and greens.

Mr. Blondell, son of the Richard Blondells, of Loraine road, asked a cousin, Bradley Koehler, a Pointer presently stationed in Frankfurt, Germany, with the United States Army, to act as best man.

In the usher corps were Leon Blondell, brother of the bridegroom, Michael Mac-

Eachern, their cousin, and James Blondell, the bridegroom's uncle. Junior usher was David Blondell, another cousin.

Mrs. Blondell chose a long, sleeveless, Empire-waisted gown of aqua Qiana knit, with a matching, long-sleeved jacket, for her son's wedding. White orchids formed her corsage.

After vacationing for five weeks in California, Las Vegas, Florida and at Niagara Falls, the newlyweds are at home in The Pointe.

Orchestra Hall Rent Party Set

During the Depression, rent parties meant the difference between shelter and being on the street for jazz musicians who got in some refreshments, got out some word-of-mouth invitations, played up a storm and accepted guests' donations — usually change, not bills — which paid the rent for that month.

This Sunday, October 1, Friends for Orchestra Hall will stage the Second Annual Rent Party at four locations within the hall: stage, enclosed patio off the main floor, Grecian Room on the second floor and mezzanine.

Some 157 musicians, donating their time and talent, will present 31 performances between noon and 7 o'clock. Also donating their time will be 150 volunteer Friends, who will support the event by selling refreshments, acting as guides and stagehands and serving elsewhere as needed.

The musical potpourri is open to the public at \$7.50 donation per adult, (accompanied children under 16 will be admitted free), to show Orchestra Hall's restoration progress and to enlarge the fund for work underway.

The music will range from classical chamber to blues and Dixieland. There will be trios, duos, quintets and larger ensembles, including the Chet Bogan Dixieland Band with Robert Semple, chairman of the board of the Detroit Symphony, sitting in on clarinet.

Postscript for those who came to the First Annual Rent Party last year: this year the hall boasts some additional amenities, such as hot and cold running water in the dressing rooms.

Kolping to Sponsor Charity Card Party

Women who have had breast cancer or are invited to join the Michigan Cancer Foundation's mastectomy discussion group, to be held this fall at Georgian East in Mack avenue from 10 o'clock to noon Tuesdays, October 3 through November 21. There is no charge and enrollment is limited.

The Michigan Cancer Foundation, a Torch Drive-United Way Agency, offers discussion groups for persons who have had cancer of the breast, colon, larynx, cervix/uterus and for young adults recovering from any type of cancer.

The groups meet weekly at various times and locations.

Registration for the mastectomy group at Georgian East may be made by phoning the Michigan Cancer Foundation's East Service Center, 881-2416, weekdays.

Jennifer Offers Dance Classes

Dance, et al., was evolved by Jennifer Pethick, of Grand Marais boulevard, during her years of study in New York City and Colorado with Hanya Holm. It is a dance education program, based on the theories of eurhythmics, ballet and modern dance.

Now Jennifer, who has adapted these ideas of dance movement to students from pre-school through high school age, and to men and women through their 40's and 50's, has decided, after a period at Cranbrook, to open classes in The Pointe area.

She has scheduled them five days a week, including evenings, at Saint Columba's Church, at beginning and advanced levels, for children and adults, starting next Monday, October 2.

Registration information may be obtained by calling 822-2217 or 823-6815 between 8:30 in the morning and 4 in the afternoon.

Mrs. Pethick's dance program incorporates movement concepts of Jacques Dalcroze's eurhythmics, ethnic dance, ballet and jazz.

She had the opportunity to test her particular combination of these various techniques as a teacher, choreographer-director and performer at Wayne State University, Punahoe Academy in Honolulu and Detroit's Jewish Community Center, as well as at Kingswood and Cranbrook Academies.

Mystery Trip For Pettipointe

A mystery field trip is on the agenda for the Pettipointe Chapter of Questers Thursday, October 5. Members will gather at 8:30 in the morning in the Neighborhood Club parking lot. The only clue is that the "mystery spot" is two hours away.

Klocking wrote a series of dialogues between Death and the characters.

The Johnses, securing the assistance of Dr. Brigitte Rauer, a native of Silesia, now chairperson of the Foreign Language Department at Grosse Pointe North High School, made an English edition which was given its initial performance in this country at Grosse Pointe Memorial Church October 29, 1967.

Lisa Bartoszewicz Married in August

Barton G. Shulls Vacation in Northern Michigan, Are at Home in Ann Arbor; War Memorial Reception Follows Rites

In a white jersey gown touched at the neckline with Venice lace, a wreath of stephanotis and baby's-breath in her hair, carrying a spray of stephanotis and ivy, Lisa Anne Bartoszewicz spoke her marriage vows to Barton G. Shull.

She is the daughter of Dr. and Mrs. Leonard Bartoszewicz, of Kerby road. The Jerry Shulls, of Ann Arbor, are the

bridegroom's parents.

The mid-morning rites Saturday, August 19, in Grosse Pointe Memorial Church, Monsignor Francis X. Canfield officiating, were followed by a reception at the Grosse Pointe War Memorial where the wedding cake was decorated with real flowers: stephanotis and baby's-breath, with blue accents.

The newlyweds vacationed in northern Michigan and are at home in Ann Arbor.

Paula Bartoszewicz was her sister's honor maid at the 10:30 o'clock ceremony. Bridesmaids were Tecla and Andrea Bartoszewicz, two other sisters, Mrs. Donald Dally, Jr., of Ann Arbor, the bridegroom's sister, and Cindy Droll.

They wore floor length, pale blue gowns and wreaths of white daisies, blue Elegance carnations and baby's-breath in their hair, match-

ing their nosegays.

Cecil North, of Ann Arbor, was best man. In the usher corps were Steve Szewczuk, Kevin Moran, Steve Huss and Mr. Dally, all of Ann Arbor, and Leonard Bartoszewicz, Jr., the bride's brother.

The mother of the bride wore a long dress of salmon Qiana. The bridegroom's mother's gown was of turquoise and pink print challis. Eucharis lilies formed both mothers' corsages.

Among the guests were the bride's grandparents, Mr. and Mrs. Frank J. Gardzinski and Mrs. Paul Bartoszewicz, and the bridegroom's grandparents, Mrs. Ilah Avis, of Ann Arbor, and Mr. and Mrs. Carl Gritzmaker, of Holloway.

Relatives who came from Poland for the wedding were Mrs. Danuta Lesko and Mrs. Martha Wroblewska.

Who would have thought they're wild about brown diamonds in Brazil?

We did. And because we did, one of our clients realized much more than she ever expected in the sale of a ring she inherited from her mother.

Every year Charterhouse counsels hundreds of people on how and when to dispose of their unneeded fine jewelry, because it's one thing to appraise a diamond or an antique pocket watch, but it's quite another thing to know when is the best time to sell it.

And in what market the top prices can be reached. At Charterhouse we are buyers, sellers, brokers and appraisers of diamonds, precious stones, fine jewelry, antique timepieces and Georgian silver, with world wide resources at our fingertips.

So if you're considering the sale of some of your own jewelry or are acting as an agent for a private owner or estate, consider Charterhouse. Just call our resident appraisers for assistance and advice.

NOTICE OF HEARING ZONING BOARD OF APPEALS

Notice is hereby given that the Zoning Board of Appeals will meet in the City Hall, 90 Kerby Road, Grosse Pointe Farms, on

MONDAY, OCTOBER 16, 1978

at 8:00 p.m., to hear the appeal of Dr. Theodore C. Hadgis, regarding the premises located at 18524 Mack Avenue, from the denial of the Building Department to issue a Permit for the construction of additional storage facilities to the office building located at the foregoing address. Such Permit issuance was denied for reason that sufficient off-street parking would not be available on the property to meet the requirements of the City's Zoning Ordinance under Section 1504, Item 5, and Section 1504, Item 9. Four (4) parking spaces are required according to building use criteria under Section 1504, Item 9 of the City's Zoning Ordinance, whereas the plan of proposed construction provides two (2) parking spaces.

The Hearing will be public. Interested property owners or residents of the City are invited to attend.

Party Invitations To Answer? . . . Come in style in the new cocktail or long evening dresses at Walton-Pierce. From Reggio have come two "Night Fever" disco dresses. One is a lilac jersey dress styled with a slip top and a wrap skirt that falls to many lengths. The other is a long slinky brandy brown disco dress that will focus every eye on your every move. Another way to look at night is to combine a new soft silky white blouse from Alice Stuart with a long satin skirt, hemmed with a deep ruffle. Choose wine or black. Other smart new length skirts have the new look, front slit. One is in a warm brown velvet or deep rich blue velvet. Still another is a subtle blending of tan and brown paisley velvet. You can tie your fashion looks together with the new accessories. For example, satin bands wrap the waist, slip thru a circle of jade and end with jade hearts. Leather belts wrap twice. A 14K gold charm holder displays your charms in the newest way. Talking about charms, pretend ivory comes in an elephant head, butterfly or carved ball. There are jade hearts, tiger eye shapings and more . . . all are very nicely priced . . . The best looking scarfs are from Geoffrey Beene they are of wool and mohair made in France. Top off fashion with a new little cocktail hat for evening and for day there are smart styles in fur and felt. Drop by Walton-Pierce. Park conveniently in the parking lot reserved for customers.

If You Have A Flair . . . for decorating with color, you should see what you can do with Coppes cabinets. They're available in a rainbow of 14 different colors, in addition to the many wood stain finishes. See samples today at Mutschler Kitchens, Inc., 20227 Mack Avenue, 884-3700.

If Your Fight Song . . . is the Michigan one or that of Michigan State, you'll want the new music boxes at the Notre Dame Pharmacy. In school colors with Swiss musical movements.

Lucky Thirteen

"I'm tired," admitted Ruth (Mrs. John) McNamara, of Touraine road, at the beginning of her 13th year as a volunteer instructor in the Braille Volunteers of Grosse Pointe's Braille Transcription Course.

But the work is important—Ruth really believes that—so last Thursday morning she was back on duty at the Grosse Pointe War Memorial, and at her side was Miss Jean Sells, also a volunteer, who has worked with the class for the past three years.

From now on, they'll be on duty every Thursday morning at 10 o'clock, providing free instruction in the transcription of reading materials into Braille books for the blind.

Although their time comes free, there is a charge of approximately \$15 for materials required for the course.

And now, from "tired," Ruth moves to "enthusiastic," for having begun to teach she's caught up in it, as she has been from the first to this Lucky 13th Year.

"It's an excellent opportunity for women who want to devote some time to a really worthy project during the dreary winter months ahead.

"When they complete the course, all students will be given a manuscript to transcribe into Braille. These are sent to the Library of Congress, which issues Certified Braille Transcribers certificates to those who attain an acceptable level of proficiency.

"Ask anyone who does it: Braille Transcription is not difficult. It is exceptionally rewarding, and can easily be mastered by any sighted person who will work at it. Any certified member will tell you that the course can be enjoyable, too."

Ruth is accepting registrations through Thursday, September 28. That's today: the number to call for further information is 881-9566. She'd love to hear from you.

By the by: the Braille Volunteers of Grosse Pointe didn't spend the summer twiddling their thumbs. They transcribed 18 textbooks, (including one in Spanish), for blind students in neighboring communities.

And two members of the Volunteers, aside from transcribing books, also record books for the blind. Virginia Leonard is busy on her 12th recording. George Santoro is in the midst of his 121st!

All the Volunteers are looking forward to a Braille Transcription Workshop, to be held next month. More about that later . . .
