Let's talk about editors. All newspapers large and small, including this one, have them. Reporters and editors have a natural love/hate relationship.

This translates to the reporter loving his writing and hating to see it cut up. The editor loves to edit that golden prose and hates to stop cutting it up.

Reporters only see things that are right in front of them, limiting their vision to whatever story they're involved with. Editors, on the other hand, see the overall view of the story as it fits in the grand design of the newspaper.

Each of us is convinced that we're the ship and the other is but a barnacle along for the ride. The truth is we need each other, but we're not crazy about it.

My editor here at the Grosse Pointe News is Sue McDonald. Because we're such a small paper, Sue is in a unique position. She's a fellow reporter, our boss and our friend. Sort of a cross between den mother, capo di tutti capo and cattle prod.

She's constantly walking behind us, picking non sequiturs, run on sentences and cliches off the newsroom floor. She sits in her office and yells at us. I'm always hearing things like "Tom, look up Budapest. You spelled it three different ways in your story," or "How many times do I have to tell you? There's only one 'z' in the word 'is'!"

One of Sue's jobs is to really edit our copy. That is, cut the fat and leave the lean. Like most editors, she believes she wields a scalpel like a great surgeon. Like most reporters, I believe she's a Lizzie Borden who learned to type.

On more than one occasion I've handed in pages of snowy copy only to see it returned so marked with red I thought someone had hemorrhaged on it. Arguments ensue, because a parent always fights for its child. I usually lose.

So far, I've resisted the urge to scrawl "REDRUM" on her office door, but the day draws near. She'd probably just correct my punctuation anyway.

As an editor, Sue is probably hardest to face on a Thursday morning after the paper hits the street. That's when she approaches us individually, and in front of the others, asks those words we dread to hear... "Whatchagotgoin'?"

Translated, this means what stories are we developing for the next edition? If you don't have anything cooking on Thursday, it earns you a steady stare and some story suggestions.

If nothing's brewing by Friday, the stare becomes a 50,000 watt glare that burns through the walls of Sue's office and pins you to your desk. Even when she's at lunch. By Monday morning, they're laser beams.

But it works. You produce. In fact, you're happy to produce to turn off those lamps.

But all in all, Sue is a pretty good editor. When we come in at 9, she's been here since 8:30. When we leave at 5, she stays until 6:30.

She doesn't count noses if you're late for work, or if you take an extra 20 minutes for lunch. Need Friday off to drive the kids to Cedar Point this week end? No problem.

She holds her liquor pretty well too.

Before I came to the Grosse Pointe News, I toiled for an out-

Car theft: Big business is fighting back

By Harriet Nolan

Car theft is on the increase nationwide and if you think this doesn't affect you guess again. Statistics released by Pointe police departments indicate vehicle thefts increased here by 18 percent in 1983 over 1982 figures. This combined with national insurance estimates that one car is stolen every 30 seconds makes your set of wheels a prime candidate for pickings that would put a buzzard to shame.

"We're talking organized crime, but not what people think of as run by the mafia," says Steve Grelecki, with the Federal Bureau of Investigation in Detroit. "These

are groups of individuals who may be legitimate business owners and front for theft rings."

He says preliminary crime index figures for 1983 indicate 67,287 vehicles were stolen statewide last year, up 9.8 percent over 1982. Of that group almost 46,000 were reported stolen in Wayne County and 35,288 came from the Detroit area.

National figures indicate 26.5 percent were taken from the owner's driveway, while 19.2 percent disappeared from off the street. Shopping malls, stadiums and other public parking areas

follow in theft vulnerability.

Grelecki says 30 to 40 percent are never recovered and the FBI focuses investigative efforts on interstate theft rings, professional thieves who are in the business of stealing, chopping and transporting cars over the state line on a continuing basis.

His department works with the Anti Car Theft (ACT) Committee, a coalition of insurance companies, banking and lending institutions, car rental agencies and police departments which formed about five years ago.

ACT, funded primarily by con-

tributions, also has a task force made up of officers from the Michigan State Police Intelligence Unit and officers from Washtenaw, Taylor, Dearborn and Macomb County. Detroit police, while not assigned to the task force, work closely on cases with the Livonia based group.

"Their mission is to target chop shops, auto theft rings and areas of insurance fraud," says Conrad Golemba, ACT member and supervisor of the auto theft unit at Automobile Association of America (AAA).

"Since its inception, the task force has recouped \$6.5 million

worth of recovered vehicles and they're probably holding the epidemic of auto theft down because of their efforts," he adds.

Modeled after The National Auto Theft Bureau and similar programs operating in Pennsylvania, Massachusetts, New York, New Jersey and Houston, members regularly meet for "think-tank" sessions finding ways to increase public awareness of the problem and help law enforcement agencies do their jobs better, according to Frank Skinner, state chairman of ACT and claims manager for State Farm Insurance Company.

How cities stack up on taxes

By Susan McDonald

The annual spring budget-crunching season is over. All five Grosse Pointe city councils have set their tax rates for the new 1984-85 fiscal year. And the notices went out this week.

Guess who's on top?

It's Grosse Pointe City with a tax rate of 17.42 mills. A mill equals \$1 for every \$1,000 of state equalized valuation (SEV) of property.

The City may have the highest tax rate in the Pointe, but it's not far ahead of Grosse Pointe Shores whose tax rate rose to 16.25 mills this year, in part to pay off a bond issue used to renovate city offices.

And just a pinch behind the Shores is last year's number one taxer, Grosse Pointe Park, with a rate of 16.23 mills. The Farms, which is one of the few cities in Michigan with no bonded debt to pay off, is in number four position this year with a rate of 13.2 mills.

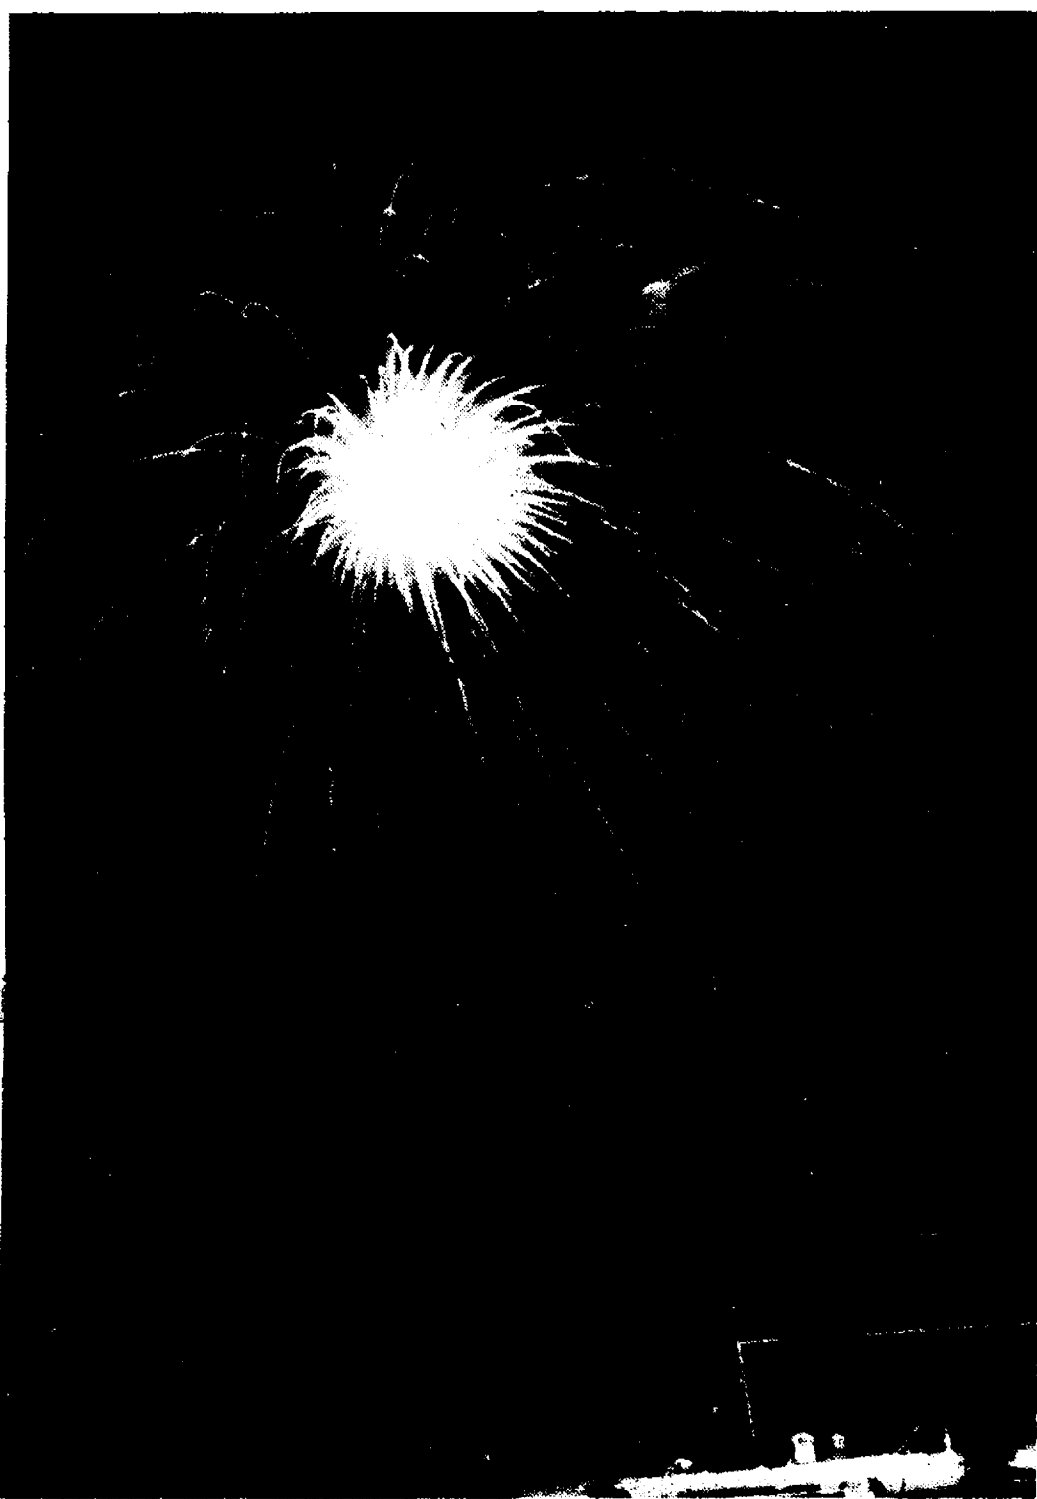

The Woods is happily last, collecting only 11.358 mills.

In plain dollars and cents, those rates translate somewhat differently from city-to-city and home-to-home, depending upon how the property is assessed. Sometimes cities individually evaluate the value of each home, or groups of homes, in the community. Oftentimes they apply a factor reflecting average sales prices to either upgrade or cut SEVs.

The results can be disparate. In Grosse Pointe City, for example, a house on Lincoln Road that sold for \$100,000 during 1983 will owe the city only \$623.65 this year. But another home on Roosevelt that sold for the same price will pay \$858.46.

In the Park, two more \$100,000 sales during 1983 resulted in equally dissimilar tax bills. The home on Bedford will pay \$1,027, while one on Buckingham will be billed for

Fireworks
return

After an eight-year absence, the fireworks returned to Grosse Pointe Sunday. Crowds estimated at over 6,000 strong lined Mack Avenue to watch a 20-minute display launched from Lakeshore Country Club sponsored by the Grosse Pointe Business and Professional Association of Mack Avenue.

The St. Clair Shores Symphony Orchestra entertained with show tunes and popular classics as picnickers tossed frisbees, munched on popcorn and became reacquainted with long-lost friends and neighbors.

The popular event was discontinued eight years ago, but the business group hopes to make the fireworks an annual affair once again. The group reported shortly before the first blast went off that it had met its fund-raising goal with contributions from hundreds of local businesses and individuals.

Petitions oppose center's bid for liquor

By Susan McDonald

They haven't even applied, yet. But news that the War Memorial may seek a Class C liquor license for its Lakeshore Road community

center has already inspired a petition drive in opposition.

Unsigned petitions were mailed to several homes in the area under a cover letter from Lakeshore resi-

dent Lee Wulfmier. The petition claims granting of the license would increase traffic problems and aggravate Grosse Pointe's "most acute drug problem" — teenage drinking.

War Memorial officials say nothing could be further from the truth.

"What we hope to accomplish by getting a license is to control alcohol consumption," said Mark Weber, the center's executive director.

"People must realize that alcohol is already being served at the center. But now, it's under four different policies. Wedding parties can bring in their own, we can get a 24-hour permit, groups can get a 24-hour permit and individuals can bring their own.

"If we had a license, we would control the serving of all alcohol out of our own kitchen," Weber said.

The petition gives the impression that an open bar would be operated and the War Memorial may serve

until 2 a.m., which is allowed under state Liquor Control Commission rules. But another center official, John Rickel, says the center has no intention of changing its present policies. It closes at 11:30 p.m. and liquor would only be served to those attending pre-scheduled events. There would be no open bar. And to back that up, Rickel said the War Memorial has proposed a contract with the Farms council specifying those rules.

Frederick Ollison, III, current president of the War Memorial Association, says the petition's claim that a license would increase teenage drinking is false.

"They are implying that we will be serving liquor to minors and we don't intend to do any such thing," Ollison said. "We offer many activities for teenagers and will continue to build our program in that area. But we certainly won't be serving them liquor."

If the War Memorial does apply for a license, the final decision will

Men's club is 25 years old

Hundreds of members of the Senior Men's Club of Grosse Pointe gathered at the War Memorial recently to help celebrate the 25th anniversary of the club, which currently boasts a membership of nearly 1,100 men. The club used the occasion to honor nine past presidents at the luncheon, including (left to right, front row) John D. King, Kenneth Cary, Herbert Bumpus and John Carter, (second row) Fred Flom, Louis Decker and William Bradley. Missing from the photo are Harold Meinke and Frank Weisenbach. Featured speaker at the festive occasion was Dr. James Bannon, Executive Deputy Chief of the Detroit Police Department. The men's club choir also sang several appropriate numbers under the direction of Al Decker. The Senior Men's Club operates exclusively for charitable, literary, social and recreational purposes, according to first vice-president and program chairman Kennard L. Jones.

Park says 'no' to jail

By Harriet Nolan

The Park City Council said "no" last month to the state of Michigan's plans to build a prison in nearby Detroit. The council members unanimously passed a resolution at their June 11 meeting opposing the proposal.

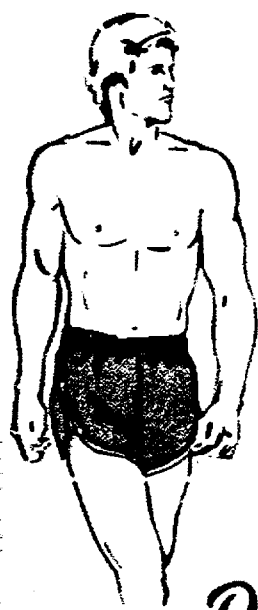

The state has proposed building on a 16-acre site, bounded by Warren, Shoemaker, St. Jean and the Detroit Terminal Rail-

road Tracks. The council resolution said surrounding residential neighborhoods and small businesses may suffer if a prison is built there.

The resolution continued that the prison should be constructed in a neighborhood that already has a prison, such as Plymouth Township, site of the Detroit House of Corrections. The resolution was proposed by councilwoman Carroll Evola.

Garage sale will help champion Adelines make national tourney

A garage and bake sale on behalf of the East Pointe Chapter of Sweet Adelines, Inc. will be held on Saturday and Sunday, July 7 and 8 at 21824 Statler Boulevard, St. Clair Shores (a couple of blocks north of Ten Mile Road between Harper and Jefferson).

The East Pointe Chapter — winner of the 1984 Regional Championship — has a membership in excess of 90 women who love to sing. They are offering a wide variety of "elegant junkie" (household items, clothing, books, knick-knacks, and what-have-you's) plus assorted home baked goodies at this fund-raising event to help earn money for their trip to Kansas City, Kan., to participate in the Sweet Adeline International Competition in Oc-

tober, 1985. They will represent this region of Michigan and Western Ontario and will compete against other regions and chapters from the U.S., Canada and Sweden — an estimated 27 choruses in all.

East Pointe won the 1984 Regional Championship at an annual region two competition held in April in Kitchener, Ontario. Twenty-two choruses were involved in the competition, with judges coming from both eastern and western states. These annual competitions are a vital part of Sweet Adelines, Inc. and are a teaching mechanism in this international organization dedicated to the preservation of barbershop music.

New members to Sweet Adelines are always welcome, so if you are 18 years or older, like to sing, join them at a rehearsal and learn more about barbershop singing. Rehearsals are held every Thursday evening from 7:30 to 10:30 p.m. In the summer months they meet at St. Peter's Lutheran Church in East Detroit and beginning in September, rehearsals will be at Lakeview High School in St. Clair Shores.

For more information, contact membership chairman Marlene Babb at 884-7116 or chorus director Linda Liddicoat at 268-7423. For information regarding performances, contact business manager Marti Miller at 886-3785.

Public invited to Attic Theater rally

The Attic Theater will hold its premiere volunteer rally on Wednesday, July 11 at 7 p.m. at the Attic Theater in Greektown. Membership in the organization, named "The Rafters," is open to anyone with an interest in being part of the Theatre's support group, theatre experience is not necessary.

The first 150 guests on July 11 will be invited to see that night's dress rehearsal of the musical "Strider," the Attic's next production. Also, members of "The Rafters" will share in the excitement that surrounds Detroit's only theater with a professional company and a year-round schedule of plays.

The \$5 membership fee and volunteer hours worked earn members benefits such as tickets to performances, greeting cards, theater apparel, participation in the annual volunteer party and more.

For information call the Attic Theater at 963-7750.

Hours changed for late registrants

Both Grosse Pointe Park and the City have moved up office hours for voters who plan to register on the last day allowed preceding this year's elections.

Municipal offices will be open from 8:30 a.m. until 5 p.m., instead of until 8:30 p.m., as in the past.

Final registration for the August primary is July 9. Final registration for the November election is Oct. 8.

Easlick seeks GOP regent nomination

By Susan McDonald
David K. Easlick, Jr., the Grosse Pointe Park attorney who organized the unsuccessful effort to recall three Grosse Pointe school board members this spring, is now seeking nomination to state office.

In a recent letter to Republican party leaders, Easlick sought endorsement for the party's nomination for University of Michigan regent. Candidates for the statewide post will be selected on Sept. 7 and 8 when the party meets at Cobo Hall in Detroit. At the same time, the GOP will nominate candidates for State Supreme Court.

Easlick told GOP leaders that he plans to "campaign hard to get the nomination and to participate in the Republican sweep of our state in November.

"As the third generation of my family to graduate from the University of Michigan, my 'maize and blue' blood flows deep," Easlick wrote.

University of Michigan has an eight-member board of regents, provided under the state constitution. Each is selected in state elections for eight-year terms. The terms of regents Robert E. Nelderlander, of Birmingham, and Gerald R. Dunn, of Lansing, expire this year.

The board of regents is a corporate body that has general supervision of the university and control and direction of all expenditures from the university's various funds.

Easlick, 36, served as leader of the Committee for Neighborhood Elementary Schools—Recall and its off-spring, the Committee for Responsible Government. Both groups worked to support the recall of three Grosse Pointe school board members who had voted in favor of closing Barnes Elementary School and transferring sixth graders to middle school because of declining enrollment. The recall failed in the June 11 election by a 2-1 margin.

Easlick said in a telephone interview that he had intended to run for the University of Michigan post long before he became involved in the school issue. While he said his association with that controversy may hurt his chances of winning nomination, Easlick said he had to stay involved "because I believed in what I was doing. I believed in the basic issue at stake."

Associated with the prominent law firm, Butzel Long Gust Klein and VanZile until early this year, Easlick now works with the investment firm, Easlick Munro Schult and Co. in West Bloomfield. He also has worked in the real estate and insurance businesses, as production section chief at Western Electric in Plymouth and various management positions at Michigan Bell Telephone, according to his resume.

He received his Bachelor's degree at Eastern Michigan University in 1970, J.D. at Detroit College of Law in 1977, and Master's of Business Administration in 1983 at

University of Michigan. His father, David K. Easlick, was graduated from University of Michigan and his grandfather, Kenneth A. Easlick, was a professor there for almost 30 years, he said.

Easlick's community and civic activities include membership in several fraternities, including the Delta Theta Phi law group and

Delta Kappa Epsilon. He is also a member of the university's President's Club and Alumni Association, as well as the Detroit Club, and Yale and St. Anthony's clubs of New York City.

His professional affiliations include the American and Michigan bar associations and the National,

Michigan, Detroit and Ann Arbor Board of REALTORS.

He is married and has two young children.

Treasurer of the "Committee to Elect Easlick U-M Regent" is Willis C. Bullard, Jr., of 1314 Grayton Road in Grosse Pointe Park.

Tribute to the good doctor

Grosse Pointe Rotary dedicated a recent meeting to the memory of Dr. Jose Borrego, the group's past-president who died suddenly last year. Pictured on the War Memorial grounds with current president William McCourt (left) are members of Dr. Borrego's family who attended the meeting (from left to right) daughters Gigi and Paula, Mrs. Borrego (Georgette) and son Fernando. Dr. Max Gardner summed up the feelings of Rotary members who knew Dr. Borrego, saying "there was a warmth felt by all of those whom came in contact with Jose and his family."

Drain board wins fight with Woods

By Mike Andrzejczyk

The Woods' court battle with the Milk River Drain Board ended last month with a whimper. The city council decided not to respond to the drain board's charges by a court-imposed deadline.

The Woods had until last Thursday to return to Wayne County Circuit Court to fight the proposed office building at the Milk River pump station, or lose its power to veto the construction because the facility didn't meet the city's zoning ordinance.

Judge Richard Kaufman, after a June 6 hearing, gave the city two weeks to file an affidavit of fact to refute charges made by architects for the drain board that the city put it in "practical difficulties," according to the board.

In its complaint, the drain board said the city's planning commission had given approval for a site plan for the construction of a building four feet from the city's Department of Public Works property.

The city's zoning ordinance requires a 35-foot side yard for buildings in the satellite office classification. The planning commission approved a site plan moving the office into a position to be partially shielded from residents' views by the city's DPW garage and other

structures.

The city council refused to grant the necessary variance for the construction, saying the request was larger than would be approved by any petitioner, even though it had been recommended by the planning commission.

The city's failure to file a response means the drain board will construct the office building, for an estimated \$67,000, in compliance with the planning commission approved site plan, City Attorney George Catlin said.

"We did not respond because we could find no one to swear that there's a better location for that building on that property," Catlin added.

The construction at the Milk River drain will end almost 18 months of argument between the city and the bi-county drain board that controls the Milk River station.

In January, 1983, the board came before the planning commission with a request for the office building, at the time a pre-fabricated design compared to a mobile home. The drain board said the new building would correct record storage and restroom deficiencies and be of a barrier-free design.

The planning commission asked for changes in the plan and the next

month tabled it pending an opinion from the state Attorney General on whether the building was a matter of maintenance or a capital improvement.

After a year, the drain board decided to go ahead with construction armed with a legal opinion that the building was indeed a matter of maintenance, not needing approval of the cities involved.

The Woods went to Circuit Court and won an injunction against the beginning of construction until the status of the building was decided. The next month, Judge Kaufman ruled the building was indeed a maintenance item and was to be constructed in compliance with city zoning.

In March, the planning commission granted its approval of a site plan and recommended granting the variance. The council denied the variance. The board went back to Judge Kaufman, who issued the order for the city to show why it had turned down the variance for the estimated \$67,000 building.

The Woods and Harper Woods pay for the maintenance of the drainage district, which includes the office, pump station and retention basin on the property next to the DPW building. The Woods will be expected to pay 60 percent of the cost of the building.

\$60,000 post attracts many

By Susan McDonald

Applications for the job of superintendent of Grosse Pointe's public schools "have begun to roll in since the election" according to school board president Joan Hanpeter. The cut-off date is Aug. 15 and the board hopes to conduct interviews in early fall and have a new person at the helm by the first of the year.

In the meantime, the trustees are still discussing the appointment of an interim superintendent to fill in for the duration, according to board member Vincent LoCicero. He said a vote on the issue may be taken at the board's Monday July 9 meeting.

Board members had expressed concern that the quality of appli-

cants for the top job may suffer because of the recent controversy surrounding school closings and the attempt to recall three board members. But with the 2-1 defeat of the recall on June 11, the trustees say they're confident the job will attract a field of top candidates.

To make sure, the school board recently sweetened the deal, raising the superintendent's salary several thousand dollars to \$60,000 a year. Among the fringe benefits offered will be use of the board-owned home on Grosse Pointe Boulevard with free maintenance and utilities.

A Connecticut-based consultant is helping advertise the job opening to universities and educational training centers throughout the country. The consultant, John Brubacher, is scheduled to return to Grosse Pointe Sept. 1 to begin organizing interviews. He earlier said he hopes the board will pick its new school head in October.

Brubacher met in May with school, community and business groups in the Pointe to determine what kind of superintendent they

want. He said in a telephone interview last week that he has completed a report on his findings but he would not release the information at that time.

Kenneth Brummel became the third consecutive Grosse Pointe superintendent to resign before spending five years on the job when he announced on April 3 that he was heading for California. Brummel left last week to become superintendent of the Orange Unified School District near Los Angeles.

Brummel, who proposed the system's first school closing plan to deal with its greater than 40 percent decline in enrollment, said he accepted the California offer because he doubted if he could be effective as a leader here. "There is a need for someone to come in and bring diverse groups together," he said in an earlier interview. "I think it would be some time before the community would accept me in that role."

Since Dr. Brummel left Grosse Pointe, Deputy Superintendent James Hoeh has assumed the responsibility.

Record prices at Stalker sale

The collection of Mr. and Mrs. Peter Stalker, II brought record and near-record prices when it was sold from their Grosse Pointe home Saturday and Sunday, June 23 and 24.

The painting offered by Jean Francois Millet, "Le bain des oies," brought \$423,500 (including the 10 percent buyer's premium), a record price for any work of art sold in the mid-west, according to Stalker and Boos, Inc., auctioneers.

Other strong prices included a fine George III three part dining table at \$7,700, a pair of Chippendale open arm chairs at \$2,750, an American shield back mahogany side chair attributed to the Goddard family at \$4,400, a pair of Queen Anne mahogany side chairs at \$2,420, a George II mahogany tip-top table at \$2,475, a Chippendale walnut and parcel gilt looking glass at \$2,475, a George I walnut lowboy at \$4,400, and a George III mahogany fold-top game table at \$2,200, the firm reports.

Additional paintings bringing excellent prices included a summer landscape by William H. Singer at \$4,125, a landscape with grazing

sheep by Carleton Wiggins at \$3,025 and a river landscape by H.C. Delpy at \$6,050. Oriental porcelains included a rare Chinese export masonic porcelain punch bowl at \$3,080, an Oriental export tureen with cover at \$2,310, an Oriental export jug at \$1,870, a pair of Chinese rose medallion porcelain vases at \$2,420, a rose medallion punch bowl 24 inches in diameter at \$5,500.

Strong silver prices included a set of sterling silver flatware in the Onslow pattern at \$4,125, a pair of Adams style sterling silver five candle candelabra at \$2,090, a pair of George III silver sauce boats, London, 1771 at \$1,320, a set of four open salts, London, 1804 by Paul Storr at \$1,320, an Irish covered trophy cup George IV at \$1,980, a bronze by Troubetsky "The Scout" at \$4,400, a 19th century French bronze dore cartel clock at \$1,870, a George III gilt wood cartel clock at \$2,475, and a Heriz oriental carpet at \$7,700.

The collection of Mr. and Mrs. Stalker was sold at an auction held at their residence at 372 Lakeland Avenue, conducted by Stalker and Boos Inc. of Birmingham.

Polite is 'in' for this thief

A Grosse Pointe Park resident, living in the 1400 block of Bedford, recently learned that the popular saying "different strokes for different folks" is practiced in the world of thievery.

She told Park police that a "very polite man" surprised her in her own home between the hours of 11 p.m. and 2:20 a.m., June 9.

She was watching television at the time, said Henry Coonce, Park

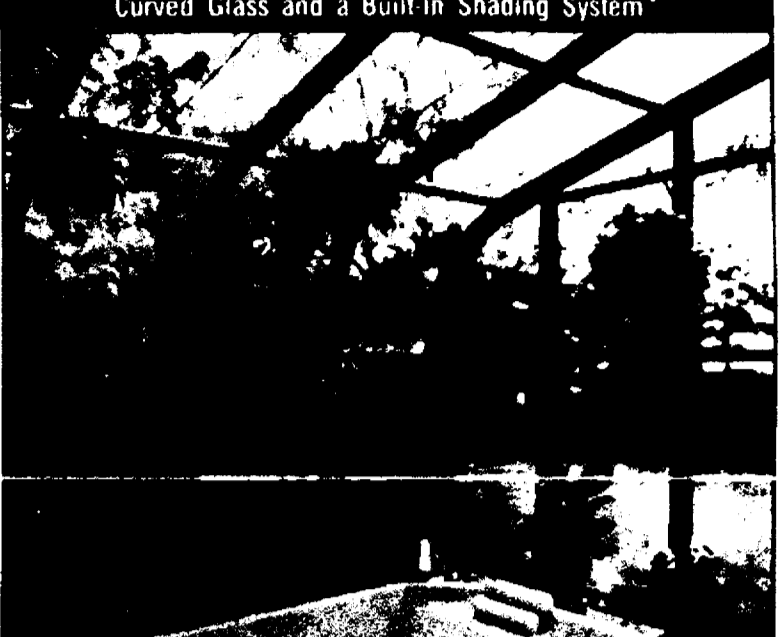

police chief, and her husband was upstairs sleeping when she looked up to see the intruder.

He told her that he had car trouble and had knocked on her door, received no answer and wanted to use her phone. She allowed him to make several phone calls before he left as mysteriously as he came.

Later she discovered that her television set and cable converter had been stolen.

Fireworks make a flashy come back

Talk about the perfect night for fireworks. Thousands of persons young and old jammed the grounds of Parcels Middle School at Mack and Vernier Sunday night to witness a magnificent 20-minute display of fireworks provided by the Grosse Pointe Business and Professional Association of Mack Avenue. Before the fireworks began at about 10 p.m., the crowd was busy throwing frisbees, munching popcorn, popping corks from wine bottles and listening to the sounds of the St. Clair Shores Symphony Orchestra, conducted by Michael Krajewski — all the while enjoying the 80-degree temperatures.

Dr. Edward Kane, president of the business association, agreed after that it was "quite a show" and that the association would consider putting on the display again next year after the "positive public response to it this year." Dr. Kane said this year's display was the first in eight years in Grosse Pointe.

Another person who "really, really enjoyed it" was Kathy Forster, who helped plan the event. Mrs. Forster said she brought her family to watch the show provided by Vitale Fireworks Display, Co. of Newcastle, Penn.

One way to make sure the fireworks return next year will be to mention them to Mack merchants along with any other laudatory comments, Mrs. Forster said. That positive talk about a family-oriented event can help develop support, she added.

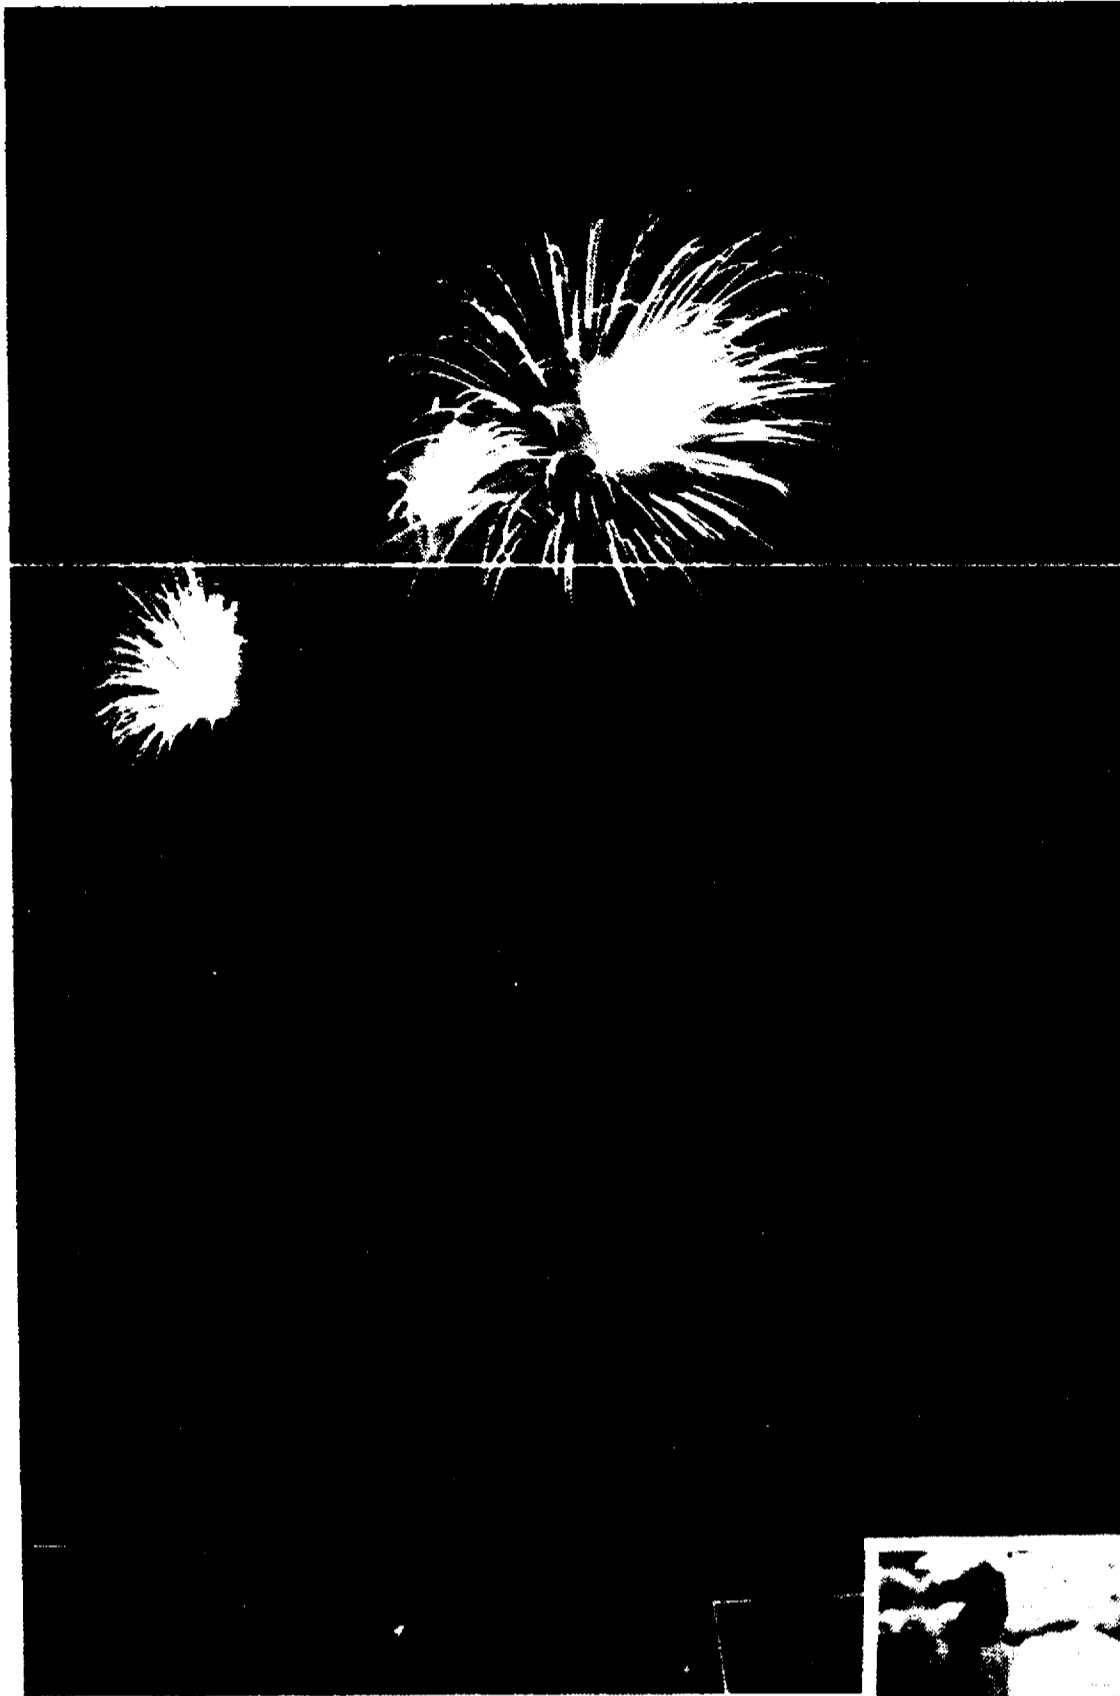

Public Safety Director Jack Patterson was giving and receiving praise the day after. Business association members and attendees said police were professional, conspicuous and on top of events in keeping thousands of people that sprawled about the area orderly.

Patterson estimated the crowd at between 5,000 and 6,000 people, but added he didn't have a great deal of experience in estimating crowd sizes. Some estimates were higher, he said.

A few incidents of fireworks use by younger members of the crowd were reported, but quickly quelled, Patterson said. The only other incident was of a woman who received minor scrapes when, in the press of the crowd, she was forced against a business' plate glass window, which subsequently broke.

Patterson praised his regular and auxiliary officers and a complement of Farms auxiliary officers who helped with traffic control.

Although the department's sergeants and patrol officers were relatively inexperienced at control of large crowds, the event came off without a hitch because of the cooperation of the many people who attended, Patterson said.

Michael Krajewski, assistant conductor for the Detroit Symphony Orchestra was on hand to lead the St. Clair Shores Symphony Orchestra in a medley of pre-fireworks tunes.

This was the scene at the corner of Beaufait and Mack Avenue, just before the fireworks began.

Even though it was still light out, these two kept an eye on the sky just in case the fireworks started early.

Snug as four bugs in a rug (blanket), this family was set for a night of fireworks.

Voters may regret their June 11 decision

To the Editor:
The balloting is over. The voters have spoken. It's now time to move on with the planned reduction of the system.

I hope all those who voted in the majority can thank the school board in two or three years for their reduced tax bills and not have to be satisfied with the explanation that "... diligent effort by the Board to maintain the high level of educational opportunity with the existing tax base precluded a tax cut without significant detrimental impact on the quality of education in the Grosse Pointe system." I hope I hope that within the next year the Board won't suddenly

find that the cost to renovate Barnes School and bring it up to code vastly exceeds the budgeted dollars and a policy will have to be adopted to sell all future closed buildings because renovation cannot be afforded. I hope.

I hope that all those whose tax bills have tripled since they moved into the area can eventually sell their homes, which have tripled in value also, to some other young family looking to buy in an area with a shrinking school system. I hope.

I hope that in five or 10 years the social scientists don't find results similar to the recent Social Grading, Look-Say

Reading and New Math educational experiments and have to conclude that "... placing pre-teen sixth graders in a teenage seventh and eighth grade environment significantly accelerates the maturation process resulting in a host of young adult adjustment problems that could be alleviated by lengthening the childhood time and reducing the pressure to "grow up" by grouping pre-teens with younger children." I hope.

I hope that students in the year 2000 don't complain bitterly about the adults in the 1980's who had a school system to serve a given size community and for whatever reasons cut it back permanently so that it became overcrowded, inadequate and incapable of expansion in a young, family community. I hope.

Once again I find myself in complete disagreement with a public vote. Once again I unfortunately feel that the short sighted, short term voting public will get what it wants to the detriment of the long term public interest and benefit. For all our sakes, I'm wrong. I hope.

Rotten job at NH kids

To the Editor:
I am concerned about a photo and an article presented in your paper June 21.

I am referring to the article on the last day of school at Grosse Pointe North. Shame on you!

You seem to be searching out and printing such a negative viewpoint, certainly this is not quality of excellence or fair reporting in this community.

Where were you when for the first time a very fine outdoor graduation ceremony was conducted? A photo and an article on this well planned and well executed event would have been fair reporting.

Where were you when the senior all night party was culminated with a sunrise service attended by the students, faculty and parents. Guido Regelbrugge conducted a simply beautiful ceremony and gave the students the call to excellence that they truly deserve. Perhaps a photo and

quotations from Mr. Regelbrugge's talk would have uplifted those students who did not litter the school property?

Where were you when a group of students attended Florence Miller's farewell party? Mrs. Miller has been the assistant Principal of North High for about 14 years, and has just retired. Now there was an event you could have really expounded upon and there were some great photos taken at this event.

I could go on and on about all the positive things you could have reported upon but time does not permit me to do so.

You really do owe this community a far better job of reporting than the article you presented in your paper. I am proud of the students of North and I'm pleased and proud with administration and the faculty of this very fine school

'Sour grapes' from Baker

To the Editor:
Harriet Nolan's article on Cox and Baker is certainly not objective reporting. The Park Council denied Cox and Baker's proposal as presented.

Furthermore, as a paper that supposedly represents all the Pointes, she has done a tremendous disservice to the Park by printing William Baker's remarks to make them seem fact.

The quote seems to stem from a sour grape attitude. If he really thought the "Park is

certainly not the finest of the Pointes" then why did he choose to place his subdivision there?

Moreover, in response to Robert Heritier's remarks, I would like to know whom he considers "the right kind of people."

It is also news to many that the home has been unofficially on the market for many years. What does unofficially mean?

These 'heroes' made the fireworks a big success

To the Editor

As is frequently the case with human nature, there are some unsung heroes in the course of every success. The Mack Avenue U.S.A. fireworks and band concert in honor of the Fourth of July could not have taken place without the generous contributions of the five Grosse Pointes, the five participating Grosse Pointe service organizations, and many businesses along Mack Avenue.

It was gratifying to have the support of the municipalities and the school board for the Grosse Pointe Business and Professional Association sponsored event. Realizing that each business along the avenue is a taxpayer, it felt wonderful receiving such overwhelming support in return.

Special recognition should be given to Mayor George Freeman, City Manager Chester Petersen and Public Safety Director Jack Patterson of the hosting city. Grosse Pointe Woods provided police, fire, and public works services for this event.

The Lochmoor Club played a key role in the success of the project. Its cooperation in allowing the club grounds to be used as the best possible launch site is greatly appreciated.

The two key people in the ultimate success of this venture are Robbie Curry and Paul McCarthy. Their organizational talents, energy, and enthusiasm made this entire evening possible.

Finally, many thanks to Edward Kane, president of the Grosse Pointe Business and Professional Association of Mack Avenue, and his board of directors for accepting this project as its thank you gesture to the community for its patronage.

It has been an interesting year of planning. The fireworks are over. But the job is not finished until you've said thank you! And by the way, we did reach our fund raising goal.

Two South High Student Association (SA) members were awarded the prestigious Kaloger Award for this year. President of the SA, Christina Nihem, and senior senator Lydia Pallas were the winners.

The award was named after Dr. James Kaloger who is retiring as the head of the social studies department.

"Kaloger was the SA advisor for many years, they named it after

"The qualifications for the award are outstanding leadership and service," said LeMieux. Helen Graves named to Women's Commission

Pointer Dr. Helen Graves, associate professor of political science at the University of Michigan-Dearborn, has been appointed by Governor James Blanchard to a three-year term on the 15-member Michigan Women's Commission.

Dr. Graves, who succeeds Nan Frost of Dearborn, has been honored for distinguished teaching and contributions to women at U of M-D since she joined the faculty in 1972. She was a founding member and chair of the campus Commission for Women and introduced the first course in political science on "Women, Politics and the Law."

Active in affirmative action on

both the Dearborn and Ann Arbor campuses, Dr. Graves also has been influential in establishing a women's studies minor. In 1976 she received the International Women's Year Award. She currently is president of the Women's Caucus of the Midwest Political Science Association.

Dr. Graves, whose teaching includes the subjects of American government, Canadian politics, interest groups and the legislative process, has been recognized by the state for her highly successful political internship seminars and programs. She initiated the Summer Washington, D.C. Internship

Program in 1977 and has since served as faculty advisor. In 1976 she received a campus grant to develop the Toronto Internship, which was offered for five summers.

Last summer, Dr. Graves visited Ottawa, Canada, to set up the first Ottawa Internship for American students. Fifteen students — eight from Ann Arbor, four from Dearborn, two from Wayne State University and one from Western Michigan University — spent five weeks this May and June interning with Members of Parliament for the three major political parties represented in Ottawa. The cost of

the six-credit program was \$1,075 per student, with funding of \$2,500 coming from the Ford Motor Co. Fund, as well as funding from alumni and the students themselves.

Dr. Graves, who pioneered the teaching of Canadian politics at the University of Michigan, received a Canadian Faculty Enrichment Grant to study in Canada in June and July, 1981. That summer she was also chosen to participate in the third annual Quebec Summer Seminar.

The political scientist keeps in close touch with many of her former interns, now in politics, through an alumni advisory council, which she established. Dr. Graves received her Ph.D. from Wayne State University in 1975. She wrote her doctoral dissertation on New Detroit: "A Case Study of an Urban Coalition, 1967-1972," and has since been awarded a campus grant to assist in updating the study. CAR TALK

From RAY LAETHEM
Pontiac, GMC, Truck

BY RAY LAETHEM

ONE PURPOSE ONLY

An amateur mechanic jacked up the front of his car with one bumper jack in the center of the front bumper. He proceeded to do some heavy mechanical work on the underside of the car. He is now listed as one of the many fatal statistics in the category of unnecessary accidents. The car fell off the jack and crushed him to death.

The bumper jack — which probably is involved in more fatal accidents in amateur mechanics than any other tool — is designed for one purpose and one purpose only — to change a wheel. A bumper jack should never be used as the car support if you intend to work under it.

When work must be done and one or more wheels must be raised, the car should be firmly supported under the axle or frame.

Congressional House-Senate conferees recently agreed upon a tax act designed to raise about \$50 billion in revenue, which will affect the pockets of most taxpayers, according to a spokesman at an international accounting and consulting firm.

Dramatic changes were made in the areas of capital gains, tax shelters and luxury automobiles according to Delbert M. Herman, the Partner in Charge of Tax at the Ernst & Whinney Detroit office.

For assets purchased after June 23, 1984, the holding period for long-term capital gains is reduced from one year to six months, Herman said. In addition, he notes that the holding period of an asset will be suspended while there is a covered call option outstanding. Under this rule, if you buy stock and then "write" (sell) a call option on it, your holding period for the stock will not include any time the call option is outstanding.

The act also contains several provisions that would restrict the use of tax-sheltered investments, Herman said. These are designed to curtail abuse in tax shelters, as well as modify certain tax-benefit provisions that Congress now deems inappropriate. These changes include revisions of the rules for partnership allocations, transfers of partnership interests, and prepaid expense deductions. New penalty provisions to insure compliance also have been added.

Depreciation and investment tax credit on "luxury automobiles" have also been curtailed. Depreciation deductions on an automobile will be limited to a maximum of \$4,000 in the first year and \$6,000 in each subsequent year for a total of no more than \$16,000 in the first three years.

However, the full cost of the car can be recovered eventually at up to \$6,000 per year. Investment tax credit will be limited to a maximum of \$1,000. The Act further reduces allowable depreciation and eliminates the credit if business cars or other business personal property such as computers and recreation equipment are used for business purposes less than 50 percent of the time. A detailed log of actual use will be required beginning next year.

Two provisions in the tax act that have received very little publicity directly impact individual taxpayers and account for over one-fourth of the total revenue raised by the act.

The first of these provisions makes the requirement for income

averaging much tougher. Beginning this year, averaging will only be useful if current-year taxable income exceeds 140 percent (instead of 120 percent) of the average taxable income in the previous three years (instead of four years). As a result of these changes, only those taxpayers with an unusual increase in income will receive a benefit from income averaging, according to Herman.

The other provision is the repeal of the exclusion for 15 percent of net interest income (up to \$3,000) received each year that was to become effective in 1985.

Some other significant changes according to Herman are:

• **Interest-Free Loans.** The popular method of saving tax dollars by shifting income to other family members through interest-free or low-interest loans has been dealt a severe blow. In the future, such arrangements can lead to imputed interest income and a potential gift tax liability for the lender if the borrower has investment income. Thus the new law may reach situations where parents lend money to their children for educational expenses or a down payment on a home.

In contrast, for many employment related interest-free loans (e.g., loans used to defray relocation costs) the tax results for both employers and employees generally will be neutral.

• **Avoidance of Estate and Gift Taxes.** The conferees overruled a decision regarding the use of tax-exempt housing project notes to avoid estate and gift taxes. Such action applies to transfers after June 18 and imposes restrictions on preceding periods.

• **Fringe Benefits.** Most fringe benefits under the new legislation will continue to have their current tax-free status. To be nontaxable, these fringe benefits must generally be offered to all employees on a nondiscriminatory basis. However, some employee discounts and personal use of an employer's equipment, such as a car, could be taxable.

According to Herman, two notable exceptions to the act's generally favorable treatment of employee fringe benefits are the failure to extend the tax-free treatment of employer assistance programs for education unrelated to employment, and the tough new rules applied to voluntary employees' beneficiary associations (VEBAs).

• **Real Estate Depreciation Deductions Reduced.** Instead of being able to deduct the cost of apartment buildings, warehouses or manufacturing facilities over a 15-year period, business owners and investors in real estate will have to recover their cost over an 18-year period.

Ford House cabaret

Rackham sings under the stars

The Rackham Symphony Choir will feature "An Evening of Rodgers and Hammerstein Under the Stars," at 8 p.m. Saturday, July 14. The setting for this year's cabaret-style performance will be the grounds of the Edsel & Eleanor Ford House, 1100 Lakeshore in the Shores.

Under the direction of conductor Frederic DeHaven, the choir and orchestra will perform selections from Rodgers and Hammerstein's Broadway musicals, including "The King and I," "Carousel," "The Sound of Music," "South Pacific" and "Oklahoma."

The cabaret will also feature soloists from the choir performing other selections from Rodgers and Hammerstein musicals. In all, some 25 selections will be presented during the 90-minute musical event under the stars overlooking Lake St. Clair.

The informal atmosphere of the cabaret will be accentuated by lawn seating on the grounds surrounding the Edsel & Eleanor Ford House. Beverages and snacks will be available for purchase throughout the cabaret. However, no beverages or hampers will be permitted into the grounds. The grounds open for parking at 7 p.m.

Tickets are \$7.50 each. For ticket information, call 863-5828 during business hours. Rain date is Sunday, July 15.

The 100-voice Rackham Symphony Choir is an independent, non-profit organization dedicated to the performance of works for chorus and orchestra. The choir performs concerts of classical works throughout the greater Detroit metropolitan area each year. Founded in 1948 by Professor Maynard Klein of the University of Michigan, the Rackham Symphony Choir is currently headquartered at Detroit's Marygrove College, and rehearses at Wayne State University.

Exchange club holds convention

Two representatives of the Exchange Club of Grosse Pointe-St. Clair Shores will attend the 65th annual convention of the Michigan District Exchange Clubs meeting July 6-8 at the Grand Hotel on Mackinac Island. Official delegates are Pointers Mike Reynolds and Ric Rutan, immediate past president.

Principal speaker for the meeting will be Peter L. Adamcin, of Tucson, member of the board of directors of The National Exchange Club. Adamcin, owner of Adamcin Graphics in Tucson, joined the Exchange Club of Rincon-East Tucson in 1974. He served as a member of his club's board of directors, and as chairman of the Aviation Com-

mittee before being elected president in 1976.

Adamcin has been active for many years in the Big Brothers/Big Sisters of Tucson and is a Civil Air Patrol search mission pilot. He serves on the finance committee of his church, as a commander of the U.S. Naval Reserve, and is a life member of the Naval Reserve Association.

District officers assisting are: Warren G. Snyder, Lansing and Delta, Mi., president-elect; Franklin D. Meyers, Warren-Centerville, Mich., secretary; Harold C. Kooyers, Ann Arbor, Mich., treasurer; and Leland S. Iobe, Marshall, Mich., past president.

Arsenic for dinner? Well...not exactly

"Arsenic and Old Lace," the classic comedy by Joseph Kesselring, will usher in a new concept to Detroit-area dinner theater when it opens at the Golden Lion Restaurant on Friday, Sept. 14. The menu

and the show will be combined in theme for an evening of entertainment. What do you serve for "Arsenic and Old Lace?" Aunt Abby's Pot Roast with Aunt Martha's Biscuits, of course. "Arsenic" sea-

soning will also be available.

The play will run through Saturday, Oct. 27, and will be followed by Rodgers and Hammerstein's "Oklahoma!" beginning Friday, Nov. 2, through Saturday, Dec. 29, with a special New Year's Eve performance on Monday, Dec. 31. Price for the special New Year's Eve performance is \$70 per couple which includes dinner, show, tax, gratuity, complimentary bottle of champagne per couple, party hats, noise makers and recorded music until 12:15 a.m. to usher in the New Year. The menu for "Oklahoma!" will be a box social dinner featuring cattleman's beef and farmer's corn.

"Murder at The Howard Johnson's," a screwball comedy by Ron Clark and Sam Bobrick, opens on Friday, Jan. 11, 1985 and runs through Saturday, Feb. 16. The menu features are fried clams or fried chicken.

"Butterflies are Free," a tender comedy by Leonard Gershe, is the fourth show of the season, opening Friday, Feb. 22, and running through Saturday, April 6. Since butterflies are out of season at the time, a gourmet New York delicatessen dinner is the menu feature.

The final production of the season, Gilbert and Sullivan's "H.M.S. Pinafore," opens on Friday, April 12, and runs through Saturday, May 25. To get everyone into the British Operetta's mood, fish and chips or Queen Victoria Beef will be the menu selections. "H.M.S. Pinafore" will feature The Wickets, The Wickline Performing Puppets. The Wickets were a big part of the cast when Dennis Wickline Productions presented "The Pirates of Penzance," at the Golden Lion during the 1983-84 season, and they will perform that same function again in "H.M.S. Pinafore."

Two special Renaissance Was-

sail Feasts will be featured. One will be a Christmas Wassail on Monday, Dec. 17, and the other will be a Renaissance Celebration of Fat Tuesday on Tuesday, Feb. 19, 1985. Price for these special evenings is \$70 per couple and includes a full evening of entertainment, a Renaissance feast, a beaker of wassail per person, tax and gratuity. Both Renaissance evenings begin at 7 p.m.

Dennis Wickline Productions, Inc. is celebrating its fifth anniversary this season. The company began producing dinner theater in February, 1980, at Stouffer's Eastland. Upon the closing of Stouffer's in July, 1982, dinner theater moved to the Golden Lion Restaurant.

All dinner theater productions at the Golden Lion run on Friday and Saturday evenings, with cocktails at 7 p.m., dinner at 7:30 and the show following dessert. Price for the evening is \$19.95 which includes dinner, show, tax and gratuity. Season tickets are available at \$84.75 each for the five shows, a discount of \$15 below single ticket prices. A special offer is now in effect which reduces the season ticket price by an additional \$5, or \$20 below single ticket prices, at \$79.75 each if purchased before July 27.

Group rates and performances are also available, as are gift tickets. The Golden Lion Restaurant is located at 22380 Moross, near Mack, in Detroit across from St. John Hospital. Call 886-2420 for reservations and information.

The four-part test helps to check for glaucoma, cataracts, muscular degeneration and other serious eye problems which occur more frequently with age.

The test includes an eye chart which, when viewed through a small pinhole viewer, helps to indicate whether a person just needs a new eyeglass prescription, or if an eye problem such as cataracts is suspected.

Also included is the Amsler grid, a chart with square grids. If the lines of the card look wavy or disappear, an immediate eye examination is recommended.

The Home Eye Screening Kit, or information about cataracts, is available by contacting The Eye-sight Information Center, 2316 2nd Avenue, Seattle, Wash. 98121. Call toll-free, 1-800-CATARACT.

MichCon adds eyes and ears to the Pointes

Michigan Consolidated Gas Company, in cooperation with the mayors and police chiefs of the five Grosse Pointes and Harper Woods, announced the initiation of the Eyes and Ears emergency assistance program in the six communities.

The Eyes and Ears program was begun in February, 1984 in the Detroit area as a response to a series of sexual assaults on school age children.

"We are pleased that we are in a position to offer these communities a concrete program which has already proved to be a significant deterrent to crime in the Detroit area," said Alfred R. Glancy III, chairman and chief executive officer of MichCon.

MichCon's service vehicles in the Detroit area are marked with identifying decals. In addition, utility employees operating the vehicles have a radio link with the police

department and are trained to be aware of dangerous situations. The same measures will be taken in the Pointes and Harper Woods.

The Woods recently marked its Public Works vehicles with the orange-and-black logo of the program.

Eyes and Ears has been credited with at least two arrests. A utility company worker spotted a pigeon-dropp and reported it to Woods police, who were able to make the arrest using the description the worker furnished.

Children or others who are in a threatening situation can approach MichCon employees directly and ask for assistance. The utility workers will either take the individual away from the location of the problem, or radio for police assistance or both.

Detroit Edison and Michigan Bell Telephone Company also participate in the "Eyes and Ears" program in the Detroit metropolitan area and other areas of the state.

PWP will meet

Parents Without Partners will meet Friday, July 13, beginning at 7:30 p.m. at the Grosse Pointe War Memorial. The meeting will include a White Elephant Sale with Jack Atrill as auctioneer.

After the business meeting and sale, an afterglow featuring live music will be held.

Parents Without Partners is an international non-sectarian educational organization devoted to the welfare of single parents. For more information, call the group's hotline at 881-5892.

PTOs make donations

Students at Maire Elementary School, on Cadieux Road, will have three new computers to work on next fall thanks to a \$2,145 gift from parents. At Monteith, parents have donated \$2,838 to buy couches and chairs for the Cook Road lobby.

Both gifts were accepted by the Board of Education at its June 13 meeting.

Maire parents will purchase three Commodore PET 4032 computers, at a cost of \$649 each and three VIC 1530 Cassettes at \$66 each.

The school board must approve every gift to the individual school that is more than \$500.

Anton's top chef heads off to Rome

Michael Orlando, executive chef for Anton's of Grosse Pointe, is leaving the area this summer to study classic northern Italian cuisine in Italy, at the Rome School of Culinary Arts.

Anton's will close for summer vacation July 1 through Aug. 6, while Orlando is away.

Orlando, 27, began his career in the U.S. Navy, where he studied at the San Diego Base Culinary Arts School. Working his way through the ranks he eventually became chef to the captain of the U.S.S. Camden. Out of the service, Orlando worked for a catering company in San Diego briefly before joining the crew at Anton's.

Anton's will re-open Aug. 6, in time for its sixth anniversary celebration.

Oldies but goodies at Ford House

The Rapid Transit System, a non-profit organization for the purpose of restoration and enjoyment of Chrysler cars, will present the second annual Mopar Lawn show on July 8, at the Edsel & Eleanor Ford House in the Shores.

The show is open to all Chrysler products, cars new and old, trucks and vans, muscle cars, Hemi's, and even the 84's. A \$15 entry fee includes a dash plaque, goodie bar and awards competition. The cars will be parked on the lawn next to the lake and lunch will be available.

According to Grosse Pointer Gary J. Rollins, organizer of the event, the show cars must be set up by 10 a.m. and wash facilities will be available on the grounds.

The Ford home will also be available for walk through tours from 11 a.m. to 3 p.m. for a \$5 admission charge. The play house, gardens and estate will be open from 4 to 5 p.m. Awards ceremony will begin at 5 p.m.

For more information, or to register, call 838-8030.

Memorial plans day at races

The War Memorial has planned a day to see the festive beginning of the famed Mackinaw Race, Saturday, July 14.

Participants will meet in the center's parking lot at 7:45 a.m. and travel by bus to the Black River where many of the race boats, along with other vessels that have come to enjoy the merrymaking, can be viewed. A continental breakfast will be served at this time.

The group will then continue to Sarnia to see the starting place of the race and will enjoy a leisurely luncheon at the St. Clair Inn at 1 p.m. Time will be allowed for shopping or for taking a stroll along the boardwalk. The group will return to the center around 4:30 p.m.

7 AUCTION '84
JULY 7 & 8

"Did you know that you're in a LATA?"

"A lotta what?"

MICHIGAN LATAs

1. Upper Peninsula LATA.
2. Grand Rapids LATA.
3. Saginaw LATA.
4. Lansing LATA.
5. Detroit LATA.

All about LATAs, long distance calling, and Michigan Bell discounts.

LATA is a telephone term that's new to all of us.

Explaining that LATA stands for Local Access Transport Area doesn't help much, but LATAs are really very simple. They're telephone service areas. There are five LATAs in which Michigan Bell provides telephone service.

LATAs and long distance calling.

If you look at the map, you will see the five Michigan LATAs, including the LATA you are in. Now here's how LATAs work: When you place a long distance call from one LATA to another telephone number within the same LATA, Michigan Bell can carry the call for you over its own network. When you place a call from one LATA to another LATA, either in Michigan or another state, it will be handled by the long distance company that provides that service to you (not Michigan Bell).

For example, if you call from Detroit to Flint (two cities within the same LATA), Michigan Bell will still be able to handle the call as in the past. But if you call from Detroit to Traverse City (from a city in one LATA to a city in a different LATA), a long distance company other than Michigan Bell will carry the call. As you may know, there are now a number of different companies you may choose from to provide your long distance service.

Your long distance bill(s).

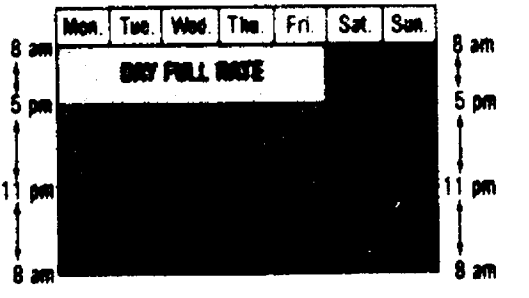

When you receive your Michigan Bell telephone bill, you'll find a page that lists your long distance calls handled by Michigan Bell. You may also find another page that lists long distance calls handled by other companies. This is because Michigan Bell may provide billing services for other long distance companies. Or you may receive a separate long distance bill directly from the company you've selected to handle your long distance calls.

Long distance discount periods.

Michigan Bell continues to offer discounts on direct-dialed long distance calls within each of the five LATAs. We suggest you save the chart below as a reminder of the times when you save 30% to 50% off the Day Full Rate.

NOTE: When you begin a call during one rate period, your call will be charged at that rate; however, should that call pass into a different rate period, your charges will change to the rate of the new period. Students win merit awards

Four Grosse Pointe high school students were among 33 who recently received the "Congressman's Medal of Merit" from 14th District U.S. Rep. Dennis Hertel, D-Harper Woods.

The special awards, given to graduating high school students from schools in the district, include an engraved bronze medal and a certificate. The awards are presented to one member of the graduating class who has a record of achievement in social studies and has demonstrated a commitment to school and community services.

The students are Timothy

Sheridan, of the Farms, for North High; Helen Ollison, of the Woods, for South High; Elizabeth Dennehy, of the Woods, for Our Lady Star of the Sea; and Deborah LaBera, of the City, for University Liggett.

The students were nominated by the social studies faculties at their respective schools.

"I have always felt that education and community service are key ingredients in the continuation of our democracy," Hertel said in a press release. "That is why I have chosen to commend these students for their achievements as they assume their adult role in our society."

Man robbed at hospital

A St. Clair Shores man told Grosse Pointe City police his wallet was stolen from the stand next to his bed at Bon Secours Hospital late in the evening June 6. The next morning, the man's daughter awoke to find her father's car had been stolen from the driveway of their home. The thief apparently took a set of car keys, too.

The patient reported that he was sleeping in room 368A in the hospital on Cadieux Road when he heard a noise and woke to the sight of a young man quickly leaving his room. The patient immediately checked his bedside stand and found his wallet missing. He described the young man as about 18 years old, with black hair. He was wearing a red t-shirt.

The wallet contained \$7, a driver's license, social security card and other papers. The stolen car was a 1982 Ford Fairmont.

Car stolen at St. John

A 1984 Buick Riviera was reported stolen Sunday night from the north parking lot of St. John Hospital.

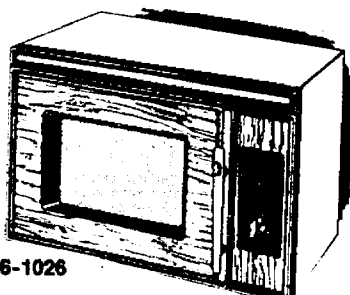

The Sterling Heights woman told police she parked the car about 3:30 and returned about 8:30 p.m. to find it missing.

In the car was the registration, a garage door opener, tools and a new pair of shoes, the woman said.

The car was found stripped later that day by Detroit police.

 As the American population ages, Parkinson's disease, a progressively-damaging neurological problem, is estimated as a potential threat to fully one percent of our population over 50. Locally, patients and families affected by Parkinson's are being helped by the Michigan Parkinson Foundation (MPF). Non-fatal, non-contagious, non-hereditary, non-cancerous and without a known cure, Parkinson's can be held at bay with oral medications in many instances for meaningful periods of time. During respites from the condition, characteristic symptoms of shaking, slowness of movement, rigidity and reduced vocal power may be relieved, to permit the individual a more normal life. Spearhead and current president of the one year old Michigan group is Dr. Raymond B. Bauer, clinical professor of neurology, at Wayne State University Medical School and Harper Hospital. Nine support groups already established and five now forming in the tri-county area have drawn

WHERE'S THE HEARING AID?

Until now, wearing a hearing aid has meant telling the whole world you have a hearing problem. So, some people with hearing problems have decided to miss the conversations and sounds that make up an important and joyful part of life rather than wear a hearing aid. Others have worn hearing aids but quietly wished that there was a way to enjoy the benefits of a hearing aid without making their hearing problem obvious. The NEW LITTLE SECRET HEARING AID fits snugly into the ear canal, so small and so light that not only will other people not know it's there, YOU may forget it's there.

SOC on air with 'Vantage Point'

By Mike Andrzejczyk
You could call it a first-of-a-kind cable show, using its magazine format to educate viewers about the aging process, no matter how far along it they are, while entertaining a broad audience.
At least that's what producer Greta Recher says about "Vantage Point," a locally-produced program appearing later this month on Grosse Pointe Cable. The program is a joint effort by the cable company and Services for Older Citizens, adds Ms. Recher, who is communications director for SOC.
"Vantage Point is a broad audience show, but we will try to involve seniors and direct information to them," she says. "It will be an education and information program, but we'll be delivering it in an interesting way."

The program will have two focuses, Ms. Recher says. One will be covering topics like exercise, cooking for two, pets and the Grosse Pointe Central Library's Talking Book program.
Vantage Point will also direct a higher percentage of its program to topics, services and agencies available to seniors than have other programs, she says. Members of organizations who deal with those over 60 will be asked to appear on the show to talk about some of the things they are doing, she adds.
While the show will direct programming to seniors, it doesn't plan to leave the rest of the audience out, Ms. Recher says.
"We will try to attend to the other parts of the aging cycle and talk about the early stages of the aging

process" to keep everyone involved, she adds.
Host and hostess of the Vantage Point are Leslie Hughes and Lillian Forrest, both Woods residents. The two were chosen to host the program after open auditions in May.
Anyone who's taken ballroom dancing lessons at the War Memorial has probably met Mrs. Forrest. She and husband Ted have been teaching dance there for more than 21 years. They've been teaching dance to area residents for more than 35 years, all told.
Hughes is studying clinical psychology at Wayne State University and doing research in memory and aging under gerontologist Gisela Labouvie-vief. Before "Vantage Point," he was a producer, director and talk-show host at ABC-affiliate WTWN in Grand Rapids.
There are six programs taped so far, but Ms. Recher says she hopes the program will catch on and become a permanent fixture. Demographics may be on her side.
While the 1980 census shows that about 23 percent of the population in the Grosse Pointes and Harper Woods is older than 60, the Detroit Area Agency on Aging says the percentage could be pushing 30 percent in some communities, and have surpassed that mark in others.
In addition, the agency says the number of people between ages 70 and 80 is increasing, particularly on the east side of Wayne County.
"In one sense, we'll follow that same percentage and try to make the program interesting to all other age groups as well," Ms. Recher says. "You won't, for instance, see a segment that will be of interest to teens alone."
The show doesn't have a time slot yet, but the producers are asking residents for ideas about people, events and other topics that would interest a general audience. Story ideas can be directed to Grosse Pointe Cable offices, by calling 886-9200 during business hours.

Holland wins science award

Nicholas Holland was named winner of the annual Bausch and Lomb Science Award last week at South High School. The Science Award, a bronze medal, is presented each year to winners at more than 8,700 participating schools throughout the U.S. and Canada.
"The Bausch & Lomb Science Award is especially significant because it recognizes the senior student at our school who has attained the highest scholastic standing in science subjects," said principal Joseph Spagnoli.

Nicholas Holland, (center), receives the Bausch and Lomb science award from Joseph Spagnoli, South High School principal and Frances French, assistant principal for instruction. The bronze medal is presented annually to the senior student at South who has attained the highest scholastic standing in science subjects.

As winner of the award, Holland is eligible for one of several four-year Bausch & Lomb Science Scholarships at the University of Rochester, in New York. Surveys indicate that the Award has encouraged more than 30 percent of the winners to follow scientific careers.

Bausch & Lomb, with headquarters in Rochester, is a world-wide manufacturer of vision care products and scientific instruments.

A day at the fair

Thousands of persons visited Grosse Pointe last month as merchants on the Hill and in the Village sponsored their annual summer Sidewalk Sale and Village Art Fair. On the Hill, shoppers had the opportunity to wile away the day hunting for bargains on everything from toys, telescopes and books to clothes when merchants brought their wares out into the sunshine. There were also refreshments aplenty as Chris and Gabriela Tortosa (above) visiting Grosse Pointe from Spain, can attest. The Hill merchants also held a raffle, offering \$50 gift certificates to five lucky winners. At right, Barbara Reed, of the Persnickity Pedlar and Ed Kiska, president of the Hill Association, draw the first of the winners. Those who won were Elizabeth Cross, of Buckingham Road, G. Prokopowize, of Hawthorne Road, Frances Dunbar, of Rivard Road, and J.J. Conway and C. Sands. Down in the Village, two young ladies kept a wary, but fascinated eye on the more than 10,000 honeybees displayed in a portable hive by Russ Henckel, (left), of Grand Rapids. All in all, it was a honey of a day on the Hill and in the Village.

Big business and law enforcers team up to fight organized automobile theft in Detroit

(Continued from Page 2A)

He considers the program a success even though the absence of statistics makes it difficult to measure. "But from an insurance company's point of view more than 67,000 vehicles a year being stolen in Michigan at an average cost of \$4,000, not counting a lot of cars found that have only parts and contents stolen, adds up.

Long gone are the days when most cars stolen were taken by kids out of a joy ride and found later with the gas tank on empty. When a certain amount of cars are no longer recovered, one is led to believe the cars have been chopped up.

To make cars less appealing to thieves, one insurance company has started a program much like one for homeowners who mark their personal possessions.

Conrad Golemba says AAA has etched over 46,000 member cars since the program started last July. This number includes glass replacement shops and police who also provide this service. "Our statistics indicate a 31 percent decrease in theft if all four windows are etched."

He says AAA offers two programs that pay from \$1,000 to \$10,000 for information that results in an arrest or conviction of persons illegally having members' cars. So far, \$41,000 has been paid regarding 44 vehicles valued at \$340,000.

Golemba says ACT has initiated two legislative House bills, one if passed, will make it easier for police to combat chop shop operations. The other bill will give strong immunity to insurance companies who want to report illegal activities to police.

Other programs that ACT sponsors are educational slide presentations, material distribution and appearances by members to organizations promoting public awareness of auto theft. Uniformed police are even honored for their participation in nabbing suspects which lead to an arrest.

"Auto theft is a complex crime," says John Gambotto, Detroit police sergeant and ACT member. "While chop shops are illegal in the sense they're chopping up cars, once they start selling the parts it gets into a quasi-legitimate area.

"They usually are mobile,

operating out of a garage and a car can be stripped in 45 minutes without the aid of power tools. Many of these shops do three to four cars a week and we like to see who the main players are. For that we need this type of surveillance. One of the outgrowths of this task force is that it has inter-jurisdictional capabilities," he adds.

Wes Skowrun, ACT member with the Michigan State Police, says a case involving the recovery of 140 sets of t-tops, valued at about \$140,000, was the result of ACT and several police agencies working together.

The investigation began after a couple, already stung from buying a stolen car, asked their local police to check out another car they wanted to buy, said Skowrun.

A few phone calls to officials resulted in an undercover officer examining the car and discovering it was really a "salvaged vehicle." In this case, the "salvaged vehicle" stamp had been lifted and some of the parts used to repair the car were identified as stolen, according to Skowrun.

"A search of the seller's residence and garage uncovered

the t-tops, some of which have been identified as stolen. They were being shipped to other states, primarily because Michigan insurance companies are refusing to buy used t-tops from people in Michigan to discourage theft," he adds.

Another ACT bust resulted in the arrest of a Grosse Pointe Park resident and his brother June 18, after five months of cooperative state and local police investigation.

At that time, Anthony Auk 22, of 1386 Three Mile Drive, and Mark Auk 25, of 8495 Meisner Road in Richmond, were among 11 people charged with various counts of receiving and concealing stolen property and falsifying applications for vehicle titles, according to Don McIntyre, of the St. Clair County's Prosecutor's office.

McIntyre described the Richmond location, run by Anthony Auk, as "a major chop shop which over a six-month period paid some

suppliers well over \$100,000 for vehicle parts."

"It's very unlikely the case would have surfaced had it not been for the undercover investigation which began through the push it got from the ACT commission," says Robert Cleland, prosecuting attorney also with St. Clair County.

"While most departments can spare a man to work on this unit and pay his regular salary, the commission pays for overtime, undercover equipment, cars, surveillance and communications equipment. It also supplies the cash or "buy money" used to purchase stolen equipment for evidence.

"Simply, without the centralization and focus of a couple of different agencies into a joint venture, each agency could have been left doing their own independent investigation," adds Cleland.

fit in western Wayne County called Associated Newspapers. They produced six weekly papers covering cities such as Westland, Wayne, Canton and so forth. Believe it or not, my editor there was another woman named Sue McDonald.

Even though they work at different papers, they're exactly the same as editors. A boss, guidance counselor and friend who tightens your copy and makes it more readable.

Heck, the two Sues even look alike. Slender, long legged and with line-backer eyes. I own an interesting photo of the two of them supporting each other at a Christmas party. I suspect they compared "then and now" notes on me.

But on the other hand, I always thought it was more than appropriate that their initials are "S and M".

P.S. Sue, when you edit this, just remember that everything I've written here izz a lie. Including this post script.

Petition

(Continued from Page 1A)

rest with the Grosse Pointe Farms city council which turned down a similar request from the center in 1975.

"Their main objection then was that they didn't know who would be in control of the War Memorial 10 years down the road and how it would be run," Ollison said.

"I believe that 10 years down the line, we will have the same responsible, civic-minded people we have now and had then on the War Memorial board, and the contract we've offered to sign with the city would insure responsible management. If the Farms didn't approve of how things were going, in a year they could take the license away," Ollison said.

The center has distributed to its neighbors information packets and a list of proposed regulations governing the service of liquor. "We want to take our time with this and answer everybody's questions and hear all the objections," Rickel said.

The Memorial's next-door neighbor, John C. Griffin, said he is "definitely opposed" to the liquor license, but said "I don't know anything about the petition drive." Wulfmier, the man whose name appeared on the petition cover letter, was not available for comment.

The petition also protests that additional attendance at War Memorial functions would "overtax an already troublesome parking and traffic problem and will be detrimental to the surrounding areas. In particular, the ingress and egress of nearby residents to Lakeshore Drive would be made more difficult and dangerous as a result of this traffic."

Taxes

(Continued from Page 1A)

only \$895.57.

A look at a few examples in the Farms follow suit. One house that sold for \$100,000 last year will be billed for \$636.32, while another, which sold for only \$2,500 more will pay \$862.99. The pattern is repeated in the Woods where a Ford Court home sold at \$100,000 and was taxed at \$502.51, while another on Hidden Lane sold at the same price, but will be taxed \$636.54.

Those are the kinds of disparities that are argued annually at the Board of Review meetings held in each city in March. And city assessors have many explanations for them. Some homes are sold under their true value because of distress — a broken-up marriage, bankruptcy or transfer out of town. Some types of homes sometimes command a higher price on the market because they're in short supply at the moment. And, as Shores Assessor Ellen West said, a new paint job in the Shores can be worth \$20,000 on your sale price while it wouldn't have much to do with its actual SEV.

From Another Pointe Of View

By Janet Mueller

While the Detroit Concert Band's "free-to-the-public" Summer Festival Series, its 39th, may not contain as many concerts as in years past, DCB's high quality of programming and performance remain the same — and we Grosse Pointers are VERY lucky this summer, for two of the series' seven concerts will be performed right at home (ours and the DCB's, which is headquartered on Mack Avenue in The Woods), on the Grosse Pointe North High School Plaza.

Both are made possible through monies supplied by Colonial Federal Savings & Loan and by the Recording Companies of the United States and Canada through the Music Performance Trust Fund: a public service organization created under agreement with the American Federation of Musicians.

The first, on Thursday, July 19 (exactly two weeks from today), will present music by Bizet, Strauss, Grofe, Leroy Anderson, Ambrose Thomas, Edwin Franko Goldman, Adolphe Adam, Jerry Herman, Karl L. King and, of course, John Philip Sousa. The DCB is world famous for its interpretations, live and on records, of The March King's music.

Featured artists for the July 19 program are Imogene Bird, soprano, and Earle L. Louder, euphoniumist. Elsie Inselman, mezzo-soprano, and James B. Underwood, cornetist, take the spotlight at the DCB's North High School concert Thursday, Aug. 2. Music by Sousa, Berlioz, Goldman, Anderson, Richard Rodgers, Eric Coates, Walter B. Rogers, Easthope Martin, Peter de Rose and Leonard B. Smith, "The Leader of the Band," will be performed.

Each program begins at 7:30 p.m., when Smith raises his baton on "The Star Spangled Banner." That's a sing-along . . . and if you've never sung-along The National Anthem with the Detroit Concert Band, you have a real treat in store for you! Each program, as we mentioned before, is admission-free. You don't need a ticket to get in; just show up, settle down, and enjoy.

The DCB's 1984 Summer Festival Series began last Thursday, with a performance at the Livonia City Hall Plaza. The series' four other concerts will be played at the Michigan State Fair Grounds' Sousa Memorial Band Shell, at 7:30 p.m., July 12 and 26 and Aug. 9 and 16.

More Outdoor Summer Fun

Personally, I can't bear to be indoors on a beautiful summer day or night (summer is so SHORT in Michigan; we spend too many months housebound by necessity), so the Grosse Pointe War Memorial's outdoor summer programs next week strike me as especially appealing.

The first is a star-gazing venture, for the whole family,

Smiling their delight in a project well done, members of the 1984 Sale Committee pose for a group portrait in the Westfall garden, shown in bottom pictures, left and right.

The Pointe home of Mr. and Mrs. H. Martin Westfall (above) was the setting this year for the Detroit Artists Market Garden Sale, an annual event for Market members.

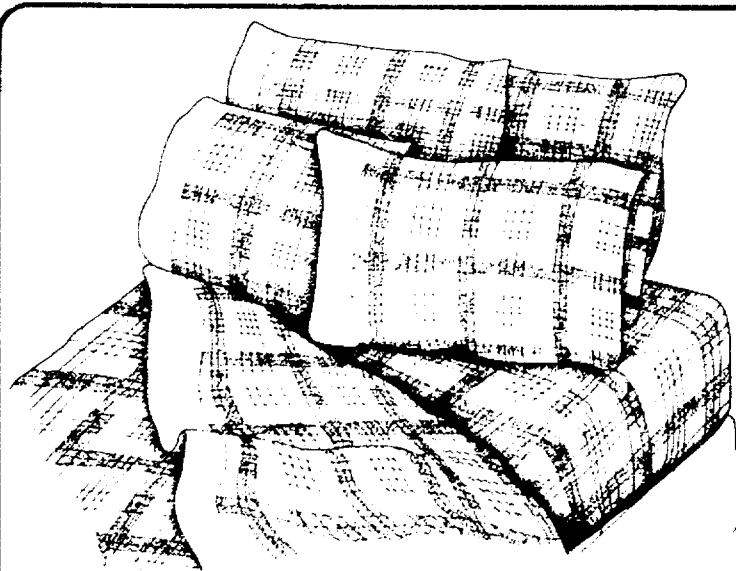

The Annual Detroit Artists Market Garden Sale, held each year for Market members, took place this year at the Pointe home of Mr. and Mrs. H. Martin Westfall. With an outdoor setting as backdrop, a juried selection of paintings, clay, fiber, glass, jewelry and sculpture by regional artists brought exclamations of appreciation from browsers and buyers. On hand this year to talk with Market members were some of the artists whose work was included in the sale: Richard Jerzy, Michael Jackson, Tom and Kathy Jackson, Anita Flory, Mark Chatterley, Janet Bailey, Linda Soberman and Judi Elias-Ochs. Members of the 1984 Artists Market Garden Sale Committee are pictured at top above: (front row, left to right) William Zoufal, Mrs. Richard S. Crawford, Mrs. Richard B. Platt, Mrs. Richard Goodyear, Mrs. Michael G. VanLokeren; (back row, left to right) Mrs. A. David Jones, Mrs. Henry Earle III, Mrs. Emory M. Ford Jr. and Mrs. Zoufal. Mrs. Charles F. Glass was also a member of the committee which, working with a large volunteer staff, made the annual event an outstanding success. An invitation to the Garden Sale is one of the many benefits of Artists Market membership. Individuals can join for an annual fee by calling 962-0337.

Camp Cavell opens July 15

The Metropolitan Detroit YWCA's Camp Cavell, largest girls' camp in Michigan, is taking reservations for its 71st season which opens July 15. Four general and specialized camping sessions, ranging in length from six to 14 days, are available to girls between the ages of 7 and 17 through Aug. 4.

Cavell is located just north of Lexington, and much of the camp activity centers on 1,800 feet of Lake Huron waterfront. English style horseback riding has traditionally been the next most popular sport; nearly 90 percent of the campers participate in this additional charge feature.

Softball, tennis, volleyball, badminton, dramatics, dancing, campcraft, nature study, music and ecology are also offered, along with special events and campfire activities, camp-outs and hikes.

Living accommodations are in year-round cabins arranged in three units, six to eight campers and a counselor in each cabin. Campers are housed by age and grade levels. Each unit is supervised by a director, who lives in the Unit House.

In addition to qualified counselors, the staff includes a Food Services supervisor, nurse, grounds and buildings superintendent, riding instructors from England and a waterfront activities instructor, all under the direction of newly appointed Cavell Administrator Jill Laidlaw, formerly administrator of the Girl Scout Camp Anna Behrens in Grand Rapids.

Camp Cavell is fully licensed by the State of Michigan. Fees vary according to the session length, with YWCA membership required and included in the total charge. Partial camperships are available for girls needing financial assistance.

Registration and additional information may be obtained by contacting a Metropolitan YWCA branch.

Grosse Pointe's First Lady of Gardens

Pictured above in the garden of her own home is MRS. JAMES A. LAFER, who surely deserves the title of Grosse Pointe's First Lady of Gardens. Florence Lafer's publicity for the Grosse Pointe Garden Center's June Wisteria Walk at the War Memorial contributed greatly to making that event such an outstanding success. And that's just what she's been doing lately . . . Mrs. Lafer has been an active member of the Grosse Pointe Farm and Garden Club for more than 50 years. This year, the Farm and Garden Club decided to do something about THAT, electing Florence to honorary membership at its annual June meeting. She joins a very select group, for only three have been so honored in the club's history. At the meeting, Florence was surprised by the appearance of her son, William Lafer, who shared a few whimsical memories of her past gardening and flower arranging activities. Further testimony to her unusually dedicated service to the Garden Center, Grosse Pointe Memorial Church and other community organizations was given by Mrs. Wesley R. Johnson, the club's nominating chairman, and Mrs. James C. Stewart added her tribute to Florence before handing over the presidential gavel to Mrs. Horace Carpenter Jr.

Awards given by Jr. League

Doris Heath, assistant administrator at Bon Secours Hospital, was one of the recipients of a Community Participation Award presented by the Junior League of Detroit at a luncheon at the Detroit Athletic Club following the league's annual meeting there in early June.

These awards are given to members of the community who, in the course of the previous year (or years), have rendered outstanding service to the league in regard to its projects and programs within the Detroit community. Doris was responsible for helping the Junior League coordinate the Hospice Program within the community, along with Cottage and Saint John Hospitals.

Other 1984 Community Participation Award recipients were the advertising agency of Young & Rubicam/Cato Johnson; Gregg Bader, Santa Claus at the Junior League's Christmas parties for the handicapped and Adult Service Centers; Eleanor Breitmeyer (Detroit News); Verne Hampton, with the law firm of Dickinson, Wright, Moon, Van Dusen & Freeman; Janet Mueller (Grosse Pointe News); Carol Quarterman, executive director, Wayne County Child Care Coordinating Council; and Roger Stanton (Football News).

Among Indiana University Bloomington students who received degrees at May commencement ceremonies were David J. Ludwig, of Rivard Boulevard, Master of Music; and Kristin L. Finger, of Whittier Road, Bachelor of Arts.

Light Meadow Brook's skies

Detroit's Metropolitan Symphonic Band, under the direction of Martin Stella, celebrated the Fourth of July at Meadow Brook Music Festival yesterday with fireworks following an 8 p.m. performance in Baldwin Pavilion on the campus of Oakland University, and

fireworks will continue to light up the Meadow Brook skies at festival performances through Saturday, July 7.

Tonight, the Detroit Symphony Orchestra, with guest conductor Sixten Ehrling and violinist Ida Haendel, will perform the 1984 V. Everett Kinsey Memorial Concert at 8 p.m. The program includes works by Walton, Britten and Vaughan Williams.

The Rovers and the Kingston Trio take the Meadow Brook stage at 8 p.m. tomorrow, Friday, July 6. On Saturday, Lesley Gore, Del Shannon and The Chiffons headline an 8 p.m. "60's Salute."

Ehrling, Haendel and the DSO return Sunday, July 8, for a 6 p.m. program of compositions by Liszt, Lalo and Tchaikovsky. No fireworks display will follow this performance.

The festival grounds open at 4 p.m. on Sundays and 6 p.m. on weekdays for pre-concert picnicking and full service and a la carte dining on Trumbull Terrace. The pavilion and countoured lawn seat over 7,000 people.

Information on tickets, lawn coupon books and programs is available at the festival box office, 377-2010. Tickets are also on sale at all Ticket World locations and AAA branch offices. The Meadow Brook Music Festival is a non-profit cultural program of Oakland University.

Take an art trip to East

Hour-long "Journeys to the East" are now available for groups of 10 or more persons via the newest tour offered by the Docents of the Detroit Institute of Arts: an introduction to the museum's renovated and re-installed Galleries of Asian Art which opened to the public May 3.

The varied cultural legacies of South and Southeastern Asia, China, Korea and Japan are clearly defined and dramatically presented in individual spaces of the DIA's Jerome P. Cavanagh North Wing. A number of recent acquisitions are displayed, along with long-time favorites.

Tours may be scheduled by calling the museum's Education Department, 833-7884. Group lunches with advance menu selection may be arranged through the museum's Activities Office, 833-7966. Area Docents conducting the tour are Dorothy Birnbryer, Judy Knowles, Laura Lee Greer and Dianne Abel.

From Another Pointe Of View

(Continued from Page 1B)

next Tuesday, July 10. Cranbrook Institute of Science astronomer Martha Schaeffer will conduct a tour of the summer sky, starting at 8:30 p.m., but the grounds will be open at 6:30 p.m. for picnicking. Star-gazers should bring a blanket, and a flashlight.

Mrs. Schaeffer's program will include slides. She will use a sky calendar to point out the predominant star formations and tell about the myths and mysteries of the heavens. Admission is \$2.50 per person, or \$5 per family.

This is all, of course, dependent upon the weather. In the event of rain, or overcast skies, the program will be rescheduled for Tuesday, July 17. In the event of rain or overcast skies on July 17 . . . but it couldn't possibly be rainy/overcast BOTH Tuesday evenings! One contingency plan should certainly be enough.

The War Memorial's lakeside concert for the "21 and over crowd" next Thursday, July 12, at 7:30 p.m. can, if necessary, be transferred indoors to Fries Ballroom. But everyone's hoping for a beautiful night, because it's just plain nicer that way.

The "Teen Angels" promise a musical review of the '50s, '60s and '70s, including Beach Boys, Beatles, Elvis Presley, Four Seasons and Righteous Brothers songs, and a Motown Review. Concert-goers are invited to bring their own picnic dinners. Pop, ice and cups will be available for purchase.

Admission to "Yesterday's Songs" is \$4 per person. Advance reservations are requested for both the concert and the star-gazing programs. Additional information may be obtained by calling 881-7511.

Christmas News in July

We realize it's AWFULLY early . . . but the Fontbonne Auxiliary of Saint John Hospital has finalized the date (Saturday, Dec. 8), place (Country Club of Detroit) and entertainment (music by Meyer Davis) for its 1984 White Christmas Ball. Fontbonne has also decided what to do with ball proceeds this year. They'll be used for renovation of Saint John's existing hospital facility.

Mary (Mrs. John A.) Tulloch is general chairperson of the holiday party. General co-chairperson is Bettejean (Mrs. Edmund T.) Ahee. Honorary chairpersons are Mr. and Mrs. Frederick K. Cody. Fontbonne's current president is Sharon (Mrs. James W. Jr.) Snyder. Sister Verence McQuade, SSJ, is director of the auxiliary.

And the Grosse Pointe Inter-Faith Center for Racial Justice, in its June/July newsletter, is also thinking Christmas, asking readers who plan to attend art fairs this summer to "scout" for the Inter-Faith Center's 1984 Holly Mart, to be held Nov. 30 and Dec. 1 at the Grosse Pointe War Memorial.

"Some of our most popular Holly Mart artists have come to us through member suggestions," the '84 Mart committee explains. Volunteer "scouts" are asked to contact the Center's office, 882-6464, for Holly Mart artist application forms — and not to leave home (if they're headed in a summer art fair direction) without them.

And in The Nearer Future

Since we've brought you news of Fontbonne's Christmas party, and that's a full five months away, we think it's only fair to report on Fontbonnefair, for that's coming up in the somewhat nearer future, on Oct. 30, at the St. Clair Shores Recreation Center. Saint John Hospital Gift Shop items, arts and crafts, flowers and plants, attic treasures, baked goods, candy and Renaissance Cuisine cookbooks will be featured at this open-to-the-public autumn event. Mrs. John E. Young, Jr. is Fontbonnefair chairperson, and entertained her committee at a planning meeting at her home in June.

May wedding vows exchanged

A vacation trip in the Hawaiian Islands followed the spring wedding of Marianne Louise Verbeke, daughter of Mr. and Mrs. George J. Verbeke, former Mack Avenue residents who now live in East Detroit, and Frederick Edward McKelvy, son of Mr. and Mrs. Edward McKelvy, of East Detroit.

The bride wore her mother's gown of ice blue silk satin for her marriage Friday, May 11, in St. Veronica Catholic Church, Father Anthony Bologna officiating at the 6 o'clock ceremony, which was followed by a reception in Club Leo XIII.

The gown was trimmed at the neckline with Alencon lace. Matching lace, pearls and beading were hand-sewn on the chapel length veil made by the bride's mother. The new Mrs. McKelvy carried a cascade bouquet of white silk lilies, forget-me-nots and stephanotis.

Honor bridesmaid Julie Verbeke and bridesmaids Laura VanSteenkiste and Peggy O'Connor were dressed identically in full length, long sleeved, ribbon-belted gowns of cloudy blue chiffon over taffeta. Each attendant wore a silk lily in her hair and at the waist and carried a bouquet of blue and white silk lilies and gardenias.

Flower girl Sarah Garza wore a powder blue gown of chiffon and taffeta, ruffled at the hem and at the scooped neckline. She carried a straw basket of white and blue silk flowers and pinned a silk flower to her French-braided hair.

The bridegroom of Oak Park, to act as best man. Ushers were Jeff Cutler, of Farmington Hills, and Dave Reid, of Carol Stream, Ill.

The mother of the bride handmade her full length gown of mauve crepe de chine, accented with bugle beading. She also made the full length gown of lavender charmeuse worn by the bride's maternal grandmother, Mrs. Maria Sorgeleos.

The former Alice Michaux, of Grosse Pointe, chose a full length gown of mint green Qiana, trimmed in pearls and worn with a chiffon cape.

Carol DeBacker, a cousin of the bride, traveled from her home in Grayling to perform readings during the ceremony.

The newlyweds are making their home in Inkster while the bride completes her Ph.D. studies in polymer chemistry at Polytechnic Institute of New York.

McCrea, of Lancaster Road, was married Saturday, June 30, in Saint Clare of Montefalco Church to Cameron Caldwell Duncan, son of Dr. and Mrs. Thomas Lee Duncan, of New Orleans, La.

The couple will reside in Dallas, Texas, where the bride, a 1980 University of Michigan Law School graduate, is a corporate attorney and the bridegroom will practice architecture.

Theatre Fest opens July 5

"Cole," the musical revue based on the songs of Cole Porter, and "Relatively Speaking," Alan Ayckbourn's first big comedy success, open 1984's Wayne State University Hilberry Summer Theatre Festival on Thursday, July 5, at 8 p.m., the former playing on the Hilberry's main stage, the latter in the downstairs Studio Theatre through Aug. 4. "Cole" features a wide range of Porter songs, including "I Love

Paris," "Another Op'nin, Another Show," "Night and Day," "Anything Goes" and "I Get a Kick Out of You." The music is linked with a mixture of original narration and related extracts from Scott and Zelda Fitzgerald. The visual background constantly changes through the use of projections.

"Relatively Speaking" is a farce-comedy about two couples who become embroiled in a potentially embarrassing situation that can be prevented only by some quickly contrived role playing. It was written, says Ayckbourn, "to make people laugh when their seaside summer holidays were spoiled by rain and they came into the theatre to get dry before trudging back to their landladies."

Ticket information and brochures with information on the complete summer repertory at Hilberry are available upon request at the theatre box office, 577-2972.

Bach Brunch taking five

"Brunch with Bach," the Detroit Institute of Arts' Sunday morning informal chamber concert series, will take a brief summer break in early July.

There will be no concerts July 8 and 15. Performances resume July 22, with baroque music by Bach and Telemann, and continue July 29 with works by Mozart, Tchaikovsky and Wieniawski.

Each program will be performed twice, at 10 and again at 11:30 a.m., in the DIA's indoor garden, Kresge Court.

Tickets for the July 22 and 29 performances are available now, at \$7.75 for the full brunch, \$6.75 for continental brunch. Stairway seating is also available, on a limited basis.

Reservations may be made by calling the museum ticket office, 832-2730, during regular business hours. It is suggested that children younger than five are too young to attend "Brunch with Bach."

Officers are seated by Macomb PSI

The Macomb Chapter of Professional Secretaries International has elected Ruth M. Lazur, CPS, and Gloria J. Holland president and president-elect, respectively, for the 1984-85 season. Vice-president is Barbara D. Baker. Recording and corresponding secretaries, respectively, are Wilma Wagner and Carol Rivers. Treasurer is Carol Striber.

Defer retirees look forward . . .

"I'm going to enjoy the lake (Huron) at Port Sanilac. I'm going to visit California. I have friends and relatives in Virginia, North Carolina and Florida. I want to travel to places in Europe I missed the last time I was there, to go to Japan, South America, wherever . . ."

It's Lillian Koby (left) speaking, now that school is out, permanently, for her. "I plan to do a lot of reading," she continues, "and to take up a creative hobby: painting, needlework, gourmet cooking . . . I plan to garden at home in Grosse Pointe."

Virginia Johnson (right) who, like Lillian, retired this year as a teacher at Defer Elementary School, has much the same plans and dreams. "I'll do some gardening, play golf, take classes at the War Memorial — during the daytime!" says Virginia. "I'd like to volunteer at Cottage Hospital, paint with watercolors, read, and travel with my husband."

Both deserve to have their plans and dreams come true. Lillian was born in Detroit, second youngest of five children: two boys and three girls. Her parents had lived in Port Sanilac, but Detroit was home by the time Lillian came along. Her parents owned a candy store when she was a child.

Lillian, raised in Detroit, was graduated from Northeastern High School. She worked as a medical secretary at Parke-Davis and was a secretary in the Engineering Department at Dodge before heading west, to major in Education and Psychology at the University of California at Los Angeles.

She picked up her Bachelors degree in 1950, taught for three years (second grade) in Long Beach, Calif., then came home to Michigan. She's been teaching in Grosse Pointe since 1953, for 20 years (third and fourth grades) at Richard Elementary School, for the past 11 years at Defer

(third grade for nine years, second grade for two).

During that time, she picked up a Masters degree from the University of Michigan. She has also studied at the University of Hawaii, the University of Mexico and Wayne State University. She's supervised 10 student teachers, and had the pleasure of seeing one of her own former pupils, Connie Parke Waterman, become a substitute teacher in The Pointe.

Mrs. Waterman was plain Connie Parke when she was a student in Miss Koby's first class at Richard School. "I hadn't seen her since the fourth grade," Lillian says.

You couldn't find more contrasting childhoods than those of Lillian Koby and Virginia Johnson. Lillian was born and raised in a major metropolitan area. Virginia was born in South Dakota, in Union City, and attended a one-room country schoolhouse. "the same school my parents, niece and nephew attended," for eight years.

She taught in South Dakota for 11 years after she received her Bachelors degree from Sioux Falls College. She came to Grosse Pointe in 1964, and taught for 14 years at Maire (grades three and four) prior to Defer, where her last assignment was Skills Development/Chapter I.

Like Lillian, Virginia has a Masters degree from the University of Michigan — but she got hers in 1976, 20 years after Lillian earned the right to put M.A. after her name. Like Lillian, Virginia is a member of an international honorary educator's society — but Miss Koby belongs to Alpha Delta Kappa, Mrs. Johnson to Delta Kappa Gamma; she is DKG's Beta Xi Chapter 1984 "Woman of Distinction."

Mrs. Johnson has been married for 35 years and has three married children, all graduates of Grosse Pointe South High School, and two grandchildren.

Pointer Girls plan War Memorial benefit

The Pointer Girls celebrate their 10th anniversary this year with a benefit luncheon and card party for the Grosse Pointe War Memorial's Family Participation Fund two weeks from today, Thursday, July 19, at — where else? — the War Memorial where MRS. WILLIAM KABBUSH (center), founder of the bridge club and chairman of the fund raising party, and her committee members are pictured "taking a garden break" from party planning. MRS. JOHN SCHNEIDER (far left), is in charge of the raffle. MRS. PAT JAMES (second from left), represents the Family Participation Campaign. MRS. ROBERT BRENT (far right), honorary chairman, is responsible for table prizes and decorations. Ticket chairman MRS. MARGE HEIDT (second from right) may be contacted at 882-8386 for reservations. Tickets can also be obtained at the War Memorial. Mrs. Lampton Cardwell has made arrangements for a fashion show by Jacobson's, with commentary by Judy Simons, and Mrs. Harold Bates is collecting door prizes. Mrs. Harold Lee and her committee will welcome guests as they gather around the punch bowl.

Elegant Eating

A selection of recipes from the forthcoming low-calorie, low-cholesterol — and penny-wise — cookbook by Thyra Grey Howard and Helena DeWitt Roth featuring, this week, a delightful DINNER MENU for a HOT SUMMER DAY.

What could be better on a sweltering evening than a crisp, cold salad? As an accompaniment, try baked carrots, fresh from your own garden, perhaps. Put something with a bit of bite, like garlic-toasted whole wheat bread fingers, in the bread basket, and top off the meal with a light, cool dessert.

ZUCCHINI, TUNA, CHEESE SALAD

6 small zucchini (1½ lbs.)
2 cups ripe cherry tomatoes
1 small red onion, thinly sliced
1 can (4 oz.) pimiento diced
1/2 tsp. salt
1/4 tsp. freshly ground pepper
1½ Tbsp. red wine vinegar
1 Tbsp. lemon juice
4 Tbsp. safflower oil
1 clove garlic, crushed
5 oz. low-cal Swiss cheese
1 can (3½ oz.) tuna in water, drained

6 seeded ripe olives, sliced
Cook zucchini in boiling salted water in a large saucepan 8 minutes, or until just tender — don't overcook! Drain and run under cold water to stop further cooking. Cut zucchini in half lengthwise, then crosswise in ½-inch slices into a large salad bowl. Add cherry tomatoes which have been halved, the onion which has been sliced into thin rings, diced pimiento, salt and pepper.

Combine vinegar, lemon juice, oil and garlic in a small jar with tight lid. Shake until well-blended; pour over salad. Toss gently until ingredients are coated with dressing. Garnish with thin strips of cheese, chunks of tuna and sliced olives. Chill until time to serve to 6. Calories per serving about 215. Cholesterol about 30 mgs.

BAKED CARROTS DELUXE

5 cups sliced, peeled carrots, (about 1½ lbs.)
1 cup thinly peeled onion
2 Tbsp. unsalted margarine
1 tsp. finely minced fresh parsley
1/2 tsp. fresh-grated lemon peel
1/16 tsp. salt
1/8 tsp. pepper
1/4 to 1/2 tsp. ground ginger (optional)

Mix carrots, onion and margarine in baking casserole; cover. Place in preheated 350° oven and bake 20 to 30 minutes, or until carrots are tender. Remove from oven and carefully stir in remaining ingredients; return to oven for 5 minutes. Makes 6 servings. Calories per serving about 81. Cholesterol 0.

LIME SNOW PUDDING

1 env. unflavored gelatin
2/3 cup cold water
1 tsp. grated lime peel
1/4 cup lime juice
3 egg whites
Pinch of salt
2/3 cup sugar
Lime slices and fresh mint

In small saucepan, sprinkle gelatin over water. Stir over medium heat until dissolved. Stir in peel and juice. Cool. Beat egg whites with salt until soft peaks form. Gradually beat in sugar until meringue is very stiff and shiny, then gradually beat in cooled gelatin mixture until well blended. Pour in glass serving dish or 6 individual dessert dishes. Chill until firm, about 1 hour. Garnish with lime slices and mint sprigs. Makes 6 servings. Calories per serving about 100. Cholesterol 0.

Exceptionally delicious when served with Custard or Fresh Fruit Sauce.

Sports Week

By Peggy O'Connor

Hold that Tiger . . .

It was the last straw. On my way out to lunch one recent sunny Thursday, I saw it: yet another bumper sticker singing the praises of the Detroit Tigers. It was firmly attached to the bumper of a car owned by a person I know who wouldn't know Chet Lemon from Jack Lemmon. That was too much and I just snapped. I spewed, I sputtered, I screamed and I hollered. And over the noise I was making could still be heard the sound of one more person jumping on the bandwagon.

The interest in the Tigers is understandable. All the team has done is compile the best record in baseball, appear for four consecutive weeks on the nationally televised game of the week, set a few records and turn on the city of Detroit and surrounding environs like never before. And that's great.

It's just that things are getting a little out of hand. What we've got here is a major Tiger Overload. For example . . . Tiger hats.

I've seen 'em on nuns, babies, fox terriers, senior citizens, beauty queens, CPA's, MD's, mayors, governors, Grand Prix drivers and just about every other Ms. Mr. and Mrs. in Michigan. Okay, they look great on Tom Selleck. But for every Tiger-capped Selleck, you've got three Don Knotts wearing them. And now I see that Tiny Tim has gotten into the act. I don't know about anybody else, but that sort of gives me a cold chill . . .

People who know NOTHING about baseball now know EVERYTHING about the Tigers.

Take one person with little or no knowledge of sports, mix in a general conversation about the Tigers and/or baseball and you've got trouble on your hands. It's like adding water to a freeze-dried Howard Cosell — all of a sudden this novice starts telling YOU all about the Tigers. People who wouldn't know Barbaro Garbey if he came up and bit them on the cheek now know all about how Sparky Anderson's real name is George, how Kirk Gibson wears a tattered shirt and how people at the ballpark are saying "Looooouuuu," and not "boooooo."

And these are the same folks who, when told that the Tigers would be on TV, used to check the local listings to see what time "Wild Kingdom" would be on.

Where were these people back when the Tigers weren't doing so well? When instead of Rusty Kuntz they had Rusty Staub. Instead of Dan Petry, they had Dan Meyer. Back when Doug Bair wasn't winning games, but when Ray Bare was trying not to lose. When Dick Sharon was trying to fill Al Kaline's shoes in rightfield. Or when the famous Tiger infield had names like Mark Wagner, Nate Colbert and Ike Brookens.

But I guess I can understand why people are getting so excited. How can they help it? Everywhere you look there's a reminder of the team's success. On radio we're bombarded with Tiger songs, Tiger trivia, Tiger questions and answers. On TV, its Tiger replays, reruns, pre-game interviews, post-game summaries, updates and film at 11. We see hats, bumper stickers, posters, signs, T-shirts and . . . need I go on?

Miss the Tiger score on the news? Just wait . . . somebody will tell you. Excited voices breaking in over microphones at weddings, movie theatres, concerts, graduations, reunions and business meetings will tell the score. I had to attend a funeral recently and I had the uneasy feeling that if, at some point, somebody would announce "The Tigers lead, 3-2, in the eighth," nobody would get upset.

And all of this is with the season just half over. At this writing, the Tigers have 85 games left to play. That's a lot of room in which to mount a serious dive toward second place. And having been a Tiger follower for these many years, I know that it's prudent to put off ordering World Series tickets until at least the middle of August.

What worries me is that this Tiger Overload is going to end up causing some serious problems. Beside the obvious injuries caused by overexcitement, terminal nailbiting and bruised backsides (from bandwagon jumping), we could all end up with some weird physical mutations by Oct. 1.

I can see it now: people going around with heads permanently shaped like Tiger caps. Old English D's where eyes should be. Arms forever frozen in the air from performing "The Wave."

It's scary. And I don't think I can hold out much longer. If anybody wants me, I'll be sitting in my car, the one with no bumper sticker. I'll be inside, with a Tiger hat pulled down over my eyes and my chin resting on my "Bless you, boys," T-shirt.

Bleacher seating for the 1984 Thunderfest on the Detroit River July 15.

Thunderfest is coming

Race fans will be "Doing It In Detroit" at the Stroh's Thunderfest, which will be held Sunday, July 15, on the Detroit River.

Sponsored by Stroh's and presented by the Spirit of Detroit Association, the powerboating event is expected to attract more than one half million people to the Detroit riverfront.

"We expect the race to be very exciting and competitive, with several new boats and teams entered," said John Love, spokesman for the Spirit of Detroit Association. "Several changes had to be made in regards to traffic and spectator areas this year and we hope the public will bear with us."

Spectators and pedestrian traffic will not be permitted on the Belle Isle Bridge, which is undergoing major reconstruction. Automobile traffic on the bridge, normally

very heavy on race day, is restricted to only one lane in each direction. Motorists should expect delays, particularly when leaving the Island.

Waterworks Park (foot of Marquette Drive), which was previously a general admission bleacher area, will be reserved this year for corporate sponsors in order to generate additional funds to stage future races.

"We want to emphasize that four parks will continue to offer general admission bleachers for the public on Sunday, July 15," Love said. "Bleachers will be available at Stockton Park (foot of Parkview), Memorial Park (foot of Burns), Memorial Park Annex (just east of Memorial Park) and Owens park (foot of Parker)." Bleacher tickets are \$10 in advance.

Viewing the race will be different

too: the oval race course for the unlimited hydroplanes has been shortened, at the request of drivers, from three miles to two and one-half miles. As a result, the hydroplanes will not turn as close to the Belle Isle Bridge as in previous races.

Testing and qualifying runs for the unlimited (aircraft-powered) and limited (auto-powered) hydroplanes will be held from 1 p.m. to 5 p.m. on Wednesday, July 11, and from 9 a.m. to noon and 1 p.m. to 5 p.m. on Thursday, July 12, and Friday, July 13. The course is closed on Saturday, then reopens for the big race at noon Sunday.

Tickets are available now at all branches of Manufacturers National Bank and will be sold during race week at the Pit Office at the foot of Marquette.

50th win for GPYC swimmers

The Grosse Pointe Yacht Club Swim Team started the 1984 season the way it has each season for more than eight years — by winning.

When GPYC beat Country Club of Detroit, 575-434, winning 32 of 46 events, it marked the club's 50th consecutive dual meet victory in the Michigan Inter-Club Swimming Association. Coached by Tom Teelaert, the GPYC has gone undefeated for more than eight years.

New GPYC records were set in the 8 and under free relay (Pat Kirchner, Peter Mertz, Brenn Schoeneer and Tim Reynaert) with their time of 1:11.3. Kirchner also recorded a new team record in the 8 and under breaststroke (23.6) and Peter Mertz' 8 and under backstroke performance (20.42) broke his 9 year-old brother Jamie's record set in 1983. Sandy Smith turned in the 14's breaststroke record of 35.3.

Jenny Smith, Susan Toledo, Lauren Kordas and Elizabeth Burstick took first in the 8 and under girls' 100 meter freestyle relay. Other firsts were taken by Ann Tipp, Eric Steiner, Chris Nevison, Michelle McGough and Lauren Kordas in the breast; Ashley Moran and Krysten Strong in the back and the fly; and Mike Kirchner in the back, breast and free.

Other winners were Jeff Clark in the back and free; Jenny Smith and Kelly Bartsch in the back, fly and free; Peter Mertz and Jon Sieber in the fly; Kristen Youngblood in the fly and free; and Ellie Rice in the free.

CCD swimmers who placed first were Susan Quilter, girls' 9-10 breast; Jeff McKean, boys' 15-16 breast; Kathryn Jagger, girls' 11-12 back; Robbie Petz, boys' 11-12 back; Neal Combs, boys' 13-14 back; Anthony DeLuca, boys' 11-12 free and fly; Augie DeLuca, boys' 13-14 free and fly; Dan McKnight, boys' 15-16 fly; John Turnbull, boys' 8 and under free; and Christy Weinberg, girls' 15-16 free.

The GPYC will have its first home meet tonight, Thursday, July 5, at 5:15 p.m. The visiting team will be the Birmingham Athletic Club.

Make that six . . .

Some people wait all their lives for just one. Henry G. Stanley of Grosse Pointe has six . . . and counting.

Stanley, a Lochmoor Country Club golfer, took his act over to the Gowanie Golf Club in Mt. Clemens on June 24 — and came away with his sixth hole-in-one. It came on the 167-yard, No. 4 hole.

For the aid of those still looking for their first hole-in-one, Stanley used a 3-iron.

GPA teams end season

The spring sports teams at the Grosse Pointe Academy ended their seasons on high notes recently. The GPA's boys' baseball team beat Liggett's JV team, 7-5, on May 22. Mike MacMechan was the winning pitcher. Then on May 24, GPA netters lost to Liggett, 4-2, but Ray Tumacder and John Drum were individual winners. In the Eastside Track Relays held on May 25, the Academy placed fourth out of nine teams. St. Clare was first, St. Paul, second. Placing for GPA were Mike Bucciero — first in shot put; Mike Cure — third in long jump; Russell Inman — third in the 800; Peter Donaldson — third in the mile; and

the 440 relay team of Bucciero, Laura Vitolins, Sarah Haggerty and Anthony DeLuca — fourth. Remy Milligan was fifth in the mile run and DeLuca, sixth in the 100 yard dash. Other finishers were Cure — sixth in the 800; Sarah Haggerty — sixth in the high jump; Alex Pickens, Sunil Goiwala, Jason Kahn and Elizabeth Roberts — sixth in the sprint medley. On May 29, University Liggett's girls' softball team avenged an early season loss by beating GPA, 13-7. Maureen Taylor pitched for the Academy, which led until Liggett scored six runs in the last inning. Meghan Brady played well on defense for GPA.

Wertz tourney is July 31

Detroit Tiger owner Tom Monaghan will serve as honorary chairman of the fifth annual Vic Wertz Memorial Golf Outing, set for Tuesday, July 31, at the Hillcrest Country Club. The charity golf outing was founded by former Detroit slugger Vic Wertz in 1980 to benefit the Boys and Girls Clubs of Metro Detroit. It has raised over \$430,000 since that time, making it one of the largest one-day charity golf events in Michigan. This year's fundraising goal is set at \$100,000. Sports and media personalities such as Sparky Anderson, Charlie Gehringer, Mickey Lolich, Novo Bojovic, Joe Falls and many more will join in the day's activities.

Babe Ruth Teams ready for playoffs

The Dodgers defeated the Padres, 5-1, last week to take the second half championship in the Park's Babe Ruth League. Since the Dodgers already won the first half, the win gave them the league crown and a berth in this week's Grosse Pointe inter-city tournament. Doug Lucas went the route for the winners, fanning 10 while scattering six hits. He walked three and aided his own cause with two hits and one RBI. Dave Arnold, who tops the Dodger hitters with a nifty .465 average, also garnered two hits and two RBI. Ferit Nazarko drove in two runs, while Mike Coffey and Dave Salkowski registered the Dodgers' other safeties.

Scott Fischer had two hits and one RBI for the Padres. Losing pitcher Al Shabeen whiffed 10 and gave up four hits and 10 passes in the first five frames. A double by Matt Montagne with two out in the sixth gave the Phillies a 3-2 verdict over the Dodgers. Montagne also singled and scored another run, while Dan Wood had two hits for the winners. Brian Aardema went the distance for the Phillies, yielding four hits and two walks, while fanning six. He also aided his own cause with one hit. The Phillies also defeated the Braves, 11-5, with Steve Addy going all the way for the decision. Addy also doubled, tripled and drove in a run. Duff Berschback knocked out a two-run homer for the winners; Ian Thompson and Aardema both tripled. Thompson's blow driving in two runs and Aardema's one. The Phillies bowed to the Woods Astros, 10-7. The Padres overcame a 6-0 first inning deficit to defeat the Braves,

12-7. Rich Hamblin, who came on in relief of Scott Fischer in the first, went the rest of the way and gave up only four hits and one run. Shabeen collected three hits and drove in three runs; Lance Harding, Andrew Lightbody, Eric Nord, and Jay Verlinden banged out two hits apiece for the winners. Mike Coffey registered his fifth win of the season as the Dodgers whipped the Braves, 14-6. Jay Henze collected two hits, scored three runs and drove in another for the winners. Don Berg drove in two runs with his double and Matt McAllister had two hits and two RBI for the Braves.

Three Phillies' hurlers scattered three hits, as they upset the Padres, 6-3 Matt Montagne got the decision with Jeremy Wise coming on in the sixth to get the save. Wise and Richmond McCloud doubled and drove in runs for the winners. Chris Markus had two hits, and Sean Bruce stole home. The Cardinals finished on top in the All-American League, with a 15-4 decision over the Brewers. John Binder collected three hits, scored two runs and drove in three more for the Cards. Mike Pote and Joe Rosasco also notched three hits. The Astros dropped a 3-2 verdict to the Twins. Loser Ralph Mauk relinquished only three hits and two walks, while fanning 11. Eric Napier had two hits for the Astros. The Cardinals were to meet the Twins, and the Astros were to take on the Brewers after press time in the first round of the All-American League playoffs, with the ultimate winners meeting for the league championship. The Major League Inter-City playoffs are slated to get underway tonight, July 5.

CITY OF Grosse Pointe Farms MICHIGAN

NOTICE OF HEARINGS ZONING BOARD OF APPEALS

NOTICE IS HEREBY GIVEN that the Zoning Board of Appeals will meet in the City Hall at 90 Kerby Road, Grosse Pointe Farms, MI on:
Monday, July 23, 1984

at 8:00 p.m. to hear the appeal of Dr. N.B. Chari, owner of the premises located at 426 Colonial Court, from the denial of the Building Department to issue a Permit for the construction of a family room residence located at the foregoing address. Such permit issuance was denied for reason that:

- The residence located on the foregoing premises is non conforming for reason that it projects into the side yard space in violation of the provisions of Article II, Section 201.50 and of Article XIII, Section 1300 of the City's Zoning Ordinance, and in accordance with provisions of Article XV, Section 1502, Item 4-A of the City's Zoning Ordinance, no such structure may be enlarged or structurally altered unless a variance is granted.
 - The proposed addition would infringe upon the required rear yard of 22 feet, and thereby requiring a variance from the provisions of Article XIII, Section 1300 of the City's Zoning Ordinance.
- The Hearing will be public, interested property owners and residents of the City are invited to attend.

RICHARD G. SOLAK
City Clerk & Secretary
Zoning Board of Appeals
